## Valley students help top blood quota

The fine leadership of Tippecanoe Valley High School Student Council president Ron Newlin and student and faculty participation was hailed for assuring a near-quota collection of blood at the recent visit of the Red Cross Bloodmobile.

Seventy-five students and ten school-affiliated donors joined community donors in netting a total of 109 pints of blood. Sixty-four of the 126 people who presented themselves at the visit were first-time donors.

Two gallon pins were presented to Mrs. Wilvin Teel and Rod Bauer.

TVHS students who volunteered services during the day were Deb Holloway, Sara Holt, Susie Kelly, Kathy Klein, Beth Mabie, Susie Mathias,

Linda Coplen, Kathy Haney, Patty Sander, Lana Tinkey, Marsha Weller, Peg Adams, Deb Blackburn, Sharon Dotson, Patsy Flohr, Becky Hackworth, Ronald Newlin and Mike Wirick.

Red Cross board members Dwight Bechtol and Mrs. Clifford Eherman of Burket and Mrs. Geo. Howard Horn and Mrs. Geo. Reed Jr. were in charge of arrangements.

## EL doesn't go through Akron anymore--it's ConRail

After today, the Erie Lackawanna Railroad no longer runs through Akron. In its place is a rail service formed by the consolidation of seven ailing railroads, Consolidated Rail Corporation, better known as ConRail.

Although local EL employees were told earlier this month that no immediate changes were expected when the change-over became effective, they received notices of job abolishment Friday.

The job abolishment includes three people at Akron and nine at Rochester. Also included are station agents in both towns and ten section employees.

Unless there is a change that would invalidate the notices, the employees will have three choices:

1. They can bid for an open job in the ConRail system; seniority to govern such placement.

2. They can accept

"furlough" under which they can receive a lump sum severance payment (up to \$20,000 depending on the length of service and type of job now held), railroad unemployment benefits of up to \$24 a day and retention of seniority that

would allow them to bid job openings as they occur.

3. They can look for a different job outside the ConRail system.

It is not known how the new system will affect local freight service.

## Tripleheader planned

If there is such a thing as a triple-header in basketball, it will be noted Friday night at the Tippecanoe Valley High School gym when members of Akron fourth and fifth grades meet at 6 p.m. to compete for championship honors. This will be followed by a wrestling exhibition presented by members of the school's wrestling team and the evening will be climaxed at 8 p.m. with the official presentation of a flag and certificate designating Akron as a Bicentennial community.

## Cookbooks, old school and Egg Festival top Mentone commission's plans

Progress on the Bicentennial cookbooks, the Milbern school project and the Mentone Bicentennial Egg Festival were the main items of discussion at the Mentone Bicentennial commission's monthly meeting.

With the cookbooks due to the printer April 1, a motion was passed to order 750 copies. This book of community recipes will be available to the public in early summer.

Peg Severns announced that the west porch and partitions inside the Milbern school have been removed. Samples of roofing were displayed and discussed. One of the commission's first goals is to have a new roof installed.

Mrs. Severns also announced that the Milbern Historical Committee has received several donations towards the project. These include comb cases donated by Deway Zolman, a stove from Mr. and Mrs. Tony Smith, a teacher's desk from the Merl Millbern estate--he was a grandson of the original school property owners--paint and time to paint outside trim from Tony Peters and three desks

from Mr. and Mrs. Ron Scott.

Other activities sponsored by the commission for the Egg Festival were discussed, and it was announced that plans call for the three-day June event to be at the Mentone school.

Commission-sponsored activities include a teen dance with "Simon and Genesis" from Warsaw; an adult band concert; talent programs; Story continued inside with detailed entry information and activity chairmen.

## Still time to enter queen contest

April 15 is the deadline for entering the Mentone Bicentennial commission's queen contest. The queen will

be crowned during the June Egg Festival.

Interested teen agers should contact Connie Haney or a member of the commission.

## TV track season opens

Tippecanoe Valley High School's 1976 track season has opened with the Vikes posting a 3-1-1 record to date.

During spring vacation, the team traveled to Cincinnati, Ohio, for a quadrangular meet with

Mariemont, Glenn Este and Walnut Hills. TV and Walnut Hills tied with 65, Mariemont had 59 and Glenn Este 33.

Individual Valley winners were Pat Stiffler, 12' in pole vault, and Eddie Drudge in the 440. The team then went to Clarksville - Providence High School where it won 65-61-1.

Individual winners were Greg Bussard, 119'1" in discus; Pat Stiffler, 12' vault; Ryan Williams, 46'6" in shot put; Eddie Drudge, 52.8 in the 440 and Al-an Sterk, 880. Also, Dan Koldyke who ran the 220 in 24.5 and Brent

## Relics displayed

An ancient but very heavy paving brick and a piece of glacier unearthed at Diamond Lake are on display in the Mentone NEWS office window. They were loaned by Mrs. Corliss Rowland, who found them near her home.

## Akron paper drive re-scheduled; proceeds to assist ambulance drive

The March paper drive scheduled to raise funds for Akron's ambulance service has been postponed until April 24. Pick-up will be from 9:30 a.m. to noon. In event of April showers, residents are asked to keep the papers under cover. If necessary, the drive will be re-scheduled April 25 or the following weekend.

Volunteers working on the project note it would be very helpful if the newspapers were

bundled or put in grocery sacks that can be viewed from the street or delivered to the Akron Scout cabin by noon.

In order to reach the 20 ton goal, plans call for a paper drive every six weeks during the summer. Because the price of old newspapers has dropped, the papers will be held for the higher market expected in the fall.

Anyone needing relief for a bulging garage or more information should contact Natalie Keirn.

## Spring cleaning time at Mentone cemetery

It is spring cleaning time at the Mentone cemetery and members of the park board ask that persons having urns and other containers there remove them. All that remain will be hauled away by the clean-up crew.

## Peggy places first

Peggy Groninger, daughter of Mr. and Mrs. Otto Groninger, Akron, recently won a first-place award in the 14th annual speech and speech reading contest at Franklin College. She is a student at the Indiana School for the Deaf and had previously won contests at the school that qualified her for competition in the Franklin event.

# ODDS and ENDS

By Ann Sheetz

"Where do you suppose that darned thing is?" I muttered, aiming my flashlight at the bottom of a huge barrel I'd already emptied of baby clothes, dolls, wall-paper remnants, maps of Germany, high school papers, 4-H scrapbooks and a grotesque ceramic duck.

"If you can't find it, do I have to move out tonight?" Loren asked as I returned from the attic.

Ignoring him, I turned to a closet in the room in which our youngest son slept. With great caution, I muffled the flashlight until I located a small chest behind the clothes, toys and card tables. There it was, in the bottom drawer, under an assortment of cards and poker chips: our marriage license.

I carried it to the living room and dumped it on a pile that included Loren's and my birth certificates and a stack of legal documents.

At stake was the citizenship status of our

oldest son, Todd. Now 18, he was born in Germany where we lived while Loren was in the army. His birth certificate is in German, but he was admitted to the U.S. on my passport and later given a form indicating he was an American child born abroad. However, we were told that if he ever wanted his own passport he'd need a certificate of citizenship.

He's not planning a trip, but he is of draft age and while our own draft isn't functioning, he wondered about Germany's in the event of war. Though his conscription into the German army seemed unlikely, we felt it better to be safe and some 18 months ago we began the steps necessary for his certificate of citizenship.

Passport photos, a ten-dollar fee and endless forms later, we submitted copies of our own birth certificates, marriage licenses, etc. to the Bureau of Immigration and Naturalization.

Now the day had come. His hearing was set in federal court, South Bend, where, armed with the originals of the necessary documents, we appeared before a tired attorney. (Consider the thousands of youngsters born overseas and multiply it times his area that extends from Chicago to New Albany and you understand his fatigue.)

We raised our right hands, swore to tell the truth and proceeded to answer questions, providing the proper documents as requested (although after all my labors we never did need the marriage license.)

Todd signed a certificate of citizenship that bears for all time his horrible passport picture and stood to swear an oath of allegiance to the United States. He promised to bear arms for his country if necessary and to defend it against external threat.

When he was through, the attorney said, "You have all the rights of a native-born citizen with one exception: you can never be president."

"That's okay with me," Todd laughed as I reassembled the documents and stuffed them into my purse.

He's a citizen, has been since the day he was born, the man said, but because of the location of his birth the army can do to him and all the other thousands of children born overseas what the Republicans (or Democrats) can never do: draft him.

Stupid, isn't it?

Smith said several other boys are close to qualifying. These include Mike Woodruff and Eric Alspaugh in high jump. The qualifying jump is 5'9"; each has jumped 5'8". Also close

Dear Editor,

Wonderful news: the Trail of Death Rendezvous will be featured in Indiana magazine published by the Ind. State Dept. of Commerce. The March issue of Bicentennial Times published in Washington, D. C., had a paragraph about the Trail of Death and our log cabin museum. It stated that Boy Scout Troop 285 of Rochester is going to dedicate a historical marker to commemorate the first Indian child to die on the forced removal of the Potawatomies in 1838.

Plans are growing every day for the Trail of Death. The Senior Citizens plan to make applebutter under the direction of Mickey Harrison's mother, Mrs. D. W. Gentry. For this they need a big copper kettle. Anyone have one to loan?

For clubs interested in having a booth at the Rendezvous and needing ideas, how about: quilting, candle dipping, butter churning, soap making, wood carving, finger weaving, leather tooling, bread baking, ham smoking, basket making, pottery. If anyone wants to make venison or buffalo stew, we know where to get the meat. Phone the museum at 223-4436.

Please let me know as soon as possible what your club plans to do so we can include it in our publicity.

Does anyone have an old mail box, town style? The Civic Center museum needs one in order to receive mail, according to postal regulations. And it wouldn't be right for the Historical Society to have a new mail box; we must have an old one, maybe an antique mail box if there is such a thing.

Thank you to the Kewanee Town Board for giving the museum their old typewriter. It works fine.

Herman Pickens of Logansport, formerly of Rochester township, brought a big, big donation to the museum last week: a grain binder. Come see it in the Civic Center museum, open Monday through Friday, 9 to 5.

Fulton County Historical Society will meet March 28 at 2 p.m. in the Civic Center museum, 7th and Pontiac. Merrill Waltz of Fulton will give a talk on the history of guns. The public is welcome. Refreshments will be served, so you all come. --Shirley Willard

60 YEARS AGO

Last Friday marked the closing of one of the most successful grade school years that Akron and Henry township ever had. While the last day of school seems to have lost some of its charm it had for us older ones, when our fathers and mothers and all the neighbors came marching in with well filled baskets and we all enjoyed a big dinner together and we spoke our pieces and sang a few songs, then all went home glad in our hearts that it was the last day of school. Not so with the children of today, so many new and interesting methods of keeping up their interests in school work have been added to their studies that it really becomes a task for them to put them aside. We, as parents, go to school the last day not so much for a social good time, but rather to inspect the work and not the advancement of the pupils.

Postmaster Fultz is considerably elated because of the increasing business at the post office. The increase will soon be enough that his salary will automatically jump upward. When it does jump he has promised to give us more two cent letters with money orders in them and fewer circulars. In other words our mail will be a little richer. The post office receipts are a good business barometer. Increased postal receipts means general increase of business for the town.

The revival in the Christian church, conducted by Elder H. M. Riggle, is continuing with good interest and attendance. The opening service Sunday night found the house crowded to its capacity.

Mrs. Ralph W. Noyer and daughter Florence Elizabeth, of Kirksville, Mo., arrived a few days ago for an extended stay with relatives.

Dr. A. C. Barrett was home over last Sunday. He has been the government meat inspector of Kankakee, Illinois, for some time. The quarantine was lifted there last Saturday, the office closed up for the present and Dr. Barrett has been sent to Detroit, Michigan for a while.

Effective today, Joe Boswell, son-in-law of Karl Gast, will be in direct charge of all store sales. Joe is a native of Perry township in Miami county, and has many friends there and in Akron. He will have charge of the merchandise, and also of the repair shop.

Mr. and Mrs. Ed Bucher were the guests of honor at a shower which was planned for them last Friday evening in the home of Mr. and Mrs. Charley Leininger. They received many nice gifts. About forty neighbors and friends were present.

Annabelle Swick and Dale Tucker will represent Beaver Dam high school in the finals of the Kosciusko county oratorical and music contest which will be held at Pierceton Friday evening. Miss Swick won first place in oratory and Dale Tucker won first in music at the school contest.

Otto Groninger, who was a member of the flying division of the Navy in World War II, has been called back into service. He was called to Chicago Tuesday where he took his physical and was given inoculation shots. He will report for duty on April 16 at Grouse Isle, Michigan.

Joe Bill Mishler, of Akron, is among the 150 students announced as having been selected for admission next fall to the Indiana University School of Medicine.

## Weight loss--off again, on again

Everyone wants to lose weight rapidly. Thus, most currently popular reducing diets promote quick and easy weight loss. Dr. Jane Aycock, Extension specialist in foods and nutrition at Purdue University, says most people who follow a "fad diet" for a short time will regain lost weight rapidly when discontinuing the diet. The poor eating habits which caused weight gain have not been changed, and the cycle begins again. To lose weight, you must either eat less or exercise more, or both.

But what about TV, radio, newspaper and magazine ads, or the diet books that claim losing weight is easy if you follow their diets? Can they be dangerous to one's health?

Dr. Aycock lists some questions that may help you to evaluate reduction diets. Does the diet limit your food choices? For example, does it limit or eliminate one or more of the basic four food groups--milk and milk products, meat and meat alternates, breads and cereals, fruits and vegetables? Does it limit food choices by claiming that a single food such as grapefruit is the "magical key" to weight loss? Does it limit food choices by leaving out one food or nutrient, such as carbohydrate, from your diet?

Is there a promise of unusually rapid weight loss? One or two pounds per week is considered reasonable and safe rate of weight loss for good health. On a diet containing fewer than 1,200 calories, it is difficult to provide nutrients needed to maintain health. A pound of fat contains about 3,500 calories, so do not deprive yourself of more than 500 to 1,000 calories per day, warns the Purdue specialist.

Does the diet have something to sell? Does it offer, as proof of validity, testimonials by persons not trained in health?

A reducing plan that includes a wide variety of foods providing well-balanced meals will permit safe weight loss. It will teach the good eating habits which will prevent overweight from recurring.

#### Deaf Man Designs Tiny Hearing Aid

##### OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small device has no dangling cords or separate transmitting units and is worn completely in your ear. It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of one of the smallest all-in-the-ear hearing aid ever made will be given absolutely free to anyone sending in this advertisement while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to:

## Pesticide school planned

A training session designed to provide farmers an opportunity to become certified as private pesticide applicators for applying restricted pesticides on their own farm is set April 8 at the Atwood community center.

Not intended for those doing custom work applying pesticides for hire, the program will include discussions on several topics. These include identifying com-

mon pests, pest control and pesticides, pesticide application equipment, calibrating pesticide equipment and pesticide laws and regulations.

The school, conducted by the Kosciusko Co. Extension office, will begin at 9:30 a.m. and continue until approximately 3 p.m. Extension agents Jerry Magas and Vic Virgil will be the instructors.

Farmers attending will be given a test at the end of the session that will be forwarded to the state chemist's office for grading. Those passing the test will be issued a certificate good for a three-year period.

beginning in October 1977, which will entitle them to purchase and apply restricted pesticides on their farm. The charge for the training is \$5, which is also forwarded to the state chemist.

## Rules for entering art show listed

Rules for exhibiting at the Mentone arts and crafts show scheduled by the Mentone Bicentennial commission during the June Egg Festival have been announced.

They include two categories of quilts: antique--25 years or older--and quilts made since or during 1952. These will be further broken into six categories for judging: baby quilts, embroidered, appliqued, pieced, those made by children under 20 and others, such as liquid embroidered or combinations. Entrants should contact Virginia Lucht or Eleanor Knoop, both of Mentone.

**Drawings:** Suggested entries: crayon, ink, charcoal, pencil, magic marker. Eight winners to be named from grade, junior high, high school and open classes.

**Painting:** Oil and water color. Eight winners in each category, under 17 and over 17.

**Happy Birthday USA cake:** four winners, two under 17, two over 17.

**Needlecraft:** suggested entries: embroidery, crewel, knitting, crocheting, applique, patchwork, rug work. Eight winners, same classes as drawing.

**Hobbies:** articles made from kits, scratch, collections. Nine winners, one from each craft area in three ages, under 12, 13-17 and over 17.

**Flowers:** Suggested entries: terrariums, wild flowers, centerpieces. Six winners, same age groups as hobbies.

Guidelines for the art and craft exhibits include:

1. Only one exhibit in each category.
2. All drawings, pictures and wall hangings to be matted or framed, ready to hang.
3. All entries must be made by exhibitor.
4. Entries will be judged on neatness and originality.
5. All entries must be entered between 9 a.m. and noon on June 10 at the Mentone school. Judging begins at 12:30.

6. Entries must be removed between 6 and 7 p.m. Saturday, June 12. Not responsible for exhibits left.

7. If there are less than five entries in any class, only one prize will be given, judge's choice.

8. All exhibitors will sign arrival and sign-out sheets with name, address and phone numbers.

This is for exhibitors' protection.

9. All exhibits will be given the best care possible. A night watchman will be on duty and the building will be patrolled, but the Mentone Bicentennial commission cannot be responsible in case of loss.

10. All exhibits will be judged by numbers, not names.

a demonstration of old crafts; quilt show; senior citizens reception; Bicentennial style show; relay contest for the youngsters and art and craft exhibits judging in four age groups--grade, junior high, high school and open. Six

categories will be available: painting, drawing, needlecrafts, flowers, Happy birthday USA cakes and hobbies. Ribbons will be awarded to 40 winners.

Anyone wishing more information should contact Connie Haney.

## Mentone Bicentennial chairmen announced

Chairmen for the various Mentone Bicentennial commission-sponsored activities planned during the June Egg Festival.

Ralph Mollenhour will be in charge of the free Friday night square dance that will involve several square dance clubs.

A teen dance with Simon and Genesis from Warsaw is planned on Saturday night from 8 to 11. There will be a charge for this event. Chaperones and possibly a police official will be on hand.

Kenneth Bush, Tippecanoe Valley band director, will be in charge of putting together an adult band consisting of former band members for a Friday night concert.

Marsha Scott is organizing a style show with costumes typical of those worn during the past 200 years. Ribbons will be awarded to winners of various categories. The event is set for 4 p.m. Friday.

Senior citizens will be honored at a reception being planned by Marie Coleman, Grace Sullivan and Kenneth Romine. Special honors will be given to citizens 85 or older and small gifts will be given to the special guests. It is hoped these people can ride in the parade in antique cars.

As of Tuesday, the commission had received entries from five girls for the penny-a-vote queen contest. All candidates will be introduced to the public on Thursday night of the

Festival. All money is to be turned in by 5 p.m. Friday and winners will be announced at 8 p.m. All funds raised will go for restoring the Milbern school. Entrants to date are Chris Severns, Kathy Banghart, Ellen Marshall, Robin Secrist and Norma Knoop. Relay events are set for Thursday and Friday afternoons for all area children, and prizes will be awarded.

Ed LaMar is contacting various local talents and plans are being made to bring in professional acts from outside areas for evening programs. Organ music will begin the evening programs and there will be surprises, contest winners and talent acts.

Today, April 1, is the deadline for the theme contest in the Mentone grade and junior high schools. The winning theme or slogan will be selected by a committee and will be used throughout commission activities. Winners will receive \$5 and be the subject of publicity.

Winners, as previously announced, of the letters to President Ford contest were Victor Duke, Crysta Perez, Sherry Hamilton and Julia Van de Water.

Guidelines and plans are being set up for judging arts and crafts. Judging will be Thursday afternoon with outside judges being brought in. Ribbons will be given to all participants and winning entries will receive special

ribbons. Connie Haney is in charge.

Virginia Lucht and Eleanor Knoop are in charge of organizing a quilt show. Guidelines for judging divisions are being drawn up and judging will be done by two women from LaPaz. All exhibits will be watched. Plans are also being made for quilting to be done by those who

want to spend a few minutes to try their hands at the old craft.

Mr. and Mrs. Terry Hammer will be in charge of old craft demonstrations that include loom making, quilting, churning butter, whittling, tatting and making homemade soap. These exhibits will be set up so people can watch how these crafts are done.

## No. Miami kindergarten enrollment plans announced

Preschool roundup at No. Miami Elementary School has been set for April 13 and 14. A procedure new to the corporation will be followed again this year. Parents of new kindergarten students will accompany students to school at a prearranged time. Each new student will be paired with a present kindergarten student for approximately an hour. This will help students become

acquainted with the teacher and kindergarten procedures. This will free parents to meet together for orientation and enrollment. Parents will then pick up students and return home with them. The four enrollment times are:

April 13-9:30 Parents with last names beginning with letters A-D.

April 13-1:00 Parents with last names beginning with letters E-K.

April 14-9:30 Parents with last names beginning with letters L-R.

April 14-1:00 Parents with last names beginning with letters S-Z.

Requirements for enrollment in the fall are:

1. A child must be five years old on or before Sept. 1, 1976.

2. Please bring birth certificate or other proof of birth with you.

3. Bring a completed record of immunization with you. In case immunization is not completed now it must be completed before Sept. 1, 1976.

4. Immunization requirements consist of shots for tetanus, whooping cough, diphtheria, measles and rubella, and immunization for polio. A test for tuberculosis is also a state requirement.

Homer D. Allen, principal, says it would be helpful for pre-enrollment if parents of students would call or write to school to give an indication of how many students will be attending. They should call or write before April 12. The telephone number is 985-2251.

Their presentations were given to help the students understand the play before going to the campus to see the National Players production. The Manchester students are

## Time to prune

Pruning and training fruit trees is done to produce the best fruit for more years, and the best time to prune is in early spring just prior to the beginning of active growth, according to Harold Brown, county extension agent, agriculture. He notes wounds heal readily at this time and flower buds can be easily detected. Pruning should be finished for starting early spraying.

A 24-page bulletin entitled "Pruning and Training Fruit Trees?" is available at the Co. Extension Office.

**WE MUST HAVE FAITH**

Hundreds of little Churches, such as this, are to be found dotted 'most any place throughout this broad nation.

Hundreds of little Churches, of all denominations and creeds, are living evidence that in the little Churches the "little people" pray for the freedom and salvation of the whole world.

Many of our forebearers fled their native shores that they might live and worship freely. To preserve this scene as a symbol of liberty we must have faith and uphold the tradition of religion as our country shall ever hope to enjoy its observance.

Attend the Church of your faith regularly; for in so doing you are enriching yourself, while you prove the glory of "the democratic way" and help make possible the same quality of religious freedom for all the people.

Roll call response was "an Irish song."

The possibility of having a silent auction to help raise money for the ambulance fund was discussed during the business meeting.

Zenofia Burdge gave devotions and Ruth Bowen gave meditation.

Fern Bowen read an Irish poem and conducted several contests. Prizes went to Mrs. Burdge, Ruth Bowen, Mrs. Burns and Gloria Bowen. Janet Bowen was a guest.

## Book given

Mr. and Mrs. Earl Kuhn have presented the book "Yesterday, Today and Forever" by Maria Von Trapp to the Akron Carnegie Public Library in memory of her mother Mrs. Carrie Norris's February birthday.

In the book Marie Von Trapp tells how she and her husband told their children about the life of Jesus and how His story entered into their lives and imaginations. She relates how she taught the children to see these events in terms of their own lives. In this book she gives a warm and intimate look into the spiritual life of her famous "Sound of Music" family. Mrs. Trapp describes how this philosophy and faith was tested in times of crisis, especially during their flight from Austria after Hitler's takeover and during the tragedy of their daughter Martina's death.

goner, is a charter member of the organization. He has donated his time to restore several pieces of antique furniture at the museum and often assists each day.

In other action at their Sunday meeting, FCHS members voted to raise the price of the quarterly to \$1.50 each because of the increase in the cost of printing.

Rules for the museums adopted include no smoking or food in either and children in groups of four or more must be accompanied by responsible adult supervisors.

Members signed the Bicentennial Wagon Train scroll of rededication.

FCHS president Shirley Willard reported that Michael Paul Henson of Jeffersonville is writing a book about Indiana's ghost towns. She will provide information about Fulton Co. She noted Kokomo's Boulevard Elementary School has received government funds to develop a new Indiana history course for fourth graders. She sent them information about Gov. Bowen, the Trail of Death and the Manitow Monster for inclusion in the project.

Mrs. Willard also reported several letters have been received from counties through which the Trail of Death passed. Sandy Hartlerode, CETA employee at the museum, wrote to all the county historical societies, quoting from Wm. Polke's diary about camp sites in each county, asking their help in locating the campsites on a modern road map.

The Miami Co., Kansas, Historical Society was the first to answer and pledged its support in the project by planning an event to commemorate the Indians' arrival at the end of the march on Nov. 4. The Cass Co. Historical Society reported that the Indians camped on

the site of Memorial hospital, Logansport.

Merrill Waltz gave a talk on the history of guns and showed black powder rifles, hand guns, powder horns, bullet molds, "possible" pouches---called that because they held everything possible---and silver etchings he made to decorate a gun stock.

Refreshments were served by June Miller and Florence Miller.

## Fulton Co. will host Indiana Bicentennial wagon train

AKRON/MENTONE NEWS  
April 1, 1976

May 7 has been designated Pioneer Day by the Fulton Co. Bicentennial committee as that is the day the Indiana Branch of the Bicentennial Wagon Train will arrive in Rochester to camp overnight.

The official Indiana wagon master is Tom Smith, Galveston, brother of Mrs. Charles Hurd, Rochester. His covered wagon is pulled by a team of four mini-mules and has appeared in several parades, including the Indy 500, Orange Bowl and Disney World.

The wagon train will consist of three prairie schooners and 25 out-riders on horseback. All county horse and pony owners are invited to ride out to meet them and accompany them to Rochester.

The wagon train will arrive between 4 and 5 p.m., coming on new US 31 from Peru. After camping out May 7 in the Rochester city park, the train will head to Plymouth the next day.

The Indiana wagon train will meet the Great Lakes wagon train in northern Indiana and continue to Valley Forge, Pa., for July 4 ceremonies. All the wagon trains from each of the 50 states will gather scrolls of rededication to the principles on which the nation was

founded, signed by citizens of every date.

Scrolls for Fulton Co. residents to sign will be posted in Leiters Ford, Kewanna and Fulton banks, the Akron library, Rochester Civic Center museum and senior citizen center. The scrolls may be sent by horseback from each of these places, to be presented to the wagon train by Bob Gottschalk, Rochester Chamber of Commerce president.

The American Legion will serve supper to the wagon train members and

will also have a public supper.

The wagon train will be in the parking lot at 7th and Main streets in Rochester and public viewing and after supper will be taken to the Rochester city park for the night. The public is invited to participate in a campfire, marshmallow roast and sing-along at the park.

A Fulton Co. senior citizen king and queen will be selected that weekend, and Rochester merchants will observe the occasion by having

special events under the title of "Pioneer Mother's Day."

Some schools plan special activities such as wearing pioneer dress and pioneer menus.

Dick Jones was slightly over 10 years old when the American Revolution began. Shortly afterward he enlisted in Captain James Watson's company. Too young to carry a musket, he was taught to play the fife. Taken with Captain Watson as prisoners to Newport, Rhode Island, he was matched in a fight with a British Boatswain's boy several years older and larger. His performance won his freedom. The next day he climbed over the stockade, jumped down into the fortress and unlocked the gate, releasing Captain Watson. ## X-1 pilot to be Bell Museum kick-off speaker

Retired Air Force Brig. Gen. Charles E. (Chuck) Yeager, the first man to fly an airplane faster than the speed of sound, will be the main speaker at the April 23 kick-off program of the Lawrence D. Bell Aircraft Museum.

Also appearing in the 8 p.m. program at the Tippecanoe Valley High School gym will be an Air Force musical group from Chanute Field, Rantoul, Ill., and Second District Congressman Floyd Fithian. Former Congressman Charles A. Halleck, a close friend of the late Lawrence D. Bell and honorary chairman of the museum committee, and either the base or wing commander from Grissom Air Force Base may also attend.

The museum, in the planning stages for the past year, will house the artifacts and memor-

abilia collected by Bell in his long career that saw aviation climb from a novelty listed under the amusement section of the Los Angeles telephone directory to the dawn of the space age.

Brig. Gen. Chas. Yeager

At his death in 1956, Bell, a native of Mentone who would have been 82 years old on April 5, was hailed as the dean of the aviation industry. He and the company he founded had contributed 20 firsts that ranged from the first twin-engine escort fighter to the first convertiplane that incorporated a tilting rotor system.

## Girls' State delegates named

Melva Smith and Alicia Dickerhoff, both of Mentone, have been named delegate and alternate to Hoosier Girls State by members of the Mentone American Legion Auxiliary. Both are juniors at Tippecanoe Valley High School.

At school she is a member of the band, pep band, pep block and the Math and Science Club. She is secretary of the Harrison Hustlers 4-H Club and vice-president of the Mentone Merry 4-Hers. She is also a 4-H junior leader and a member of the Mentone Bicentennial Commission.

Alicia is the daughter of Mr. and Mrs. Richard Dickerhoff and is a member of Sunshine Society, an eight-year member of 4-H, secretary of junior leaders, president of TVHS's Future Homemakers of America chapter, secretary-treasurer of the school Spanish Club, a member of the band and stage band, a cheerleader and a member of National Honor Society.

## TVHS to honor athletes

Tippecanoe Valley High School will honor its winter sports athletes with a carry-in supper and awards program at the school cafeteria at 6:30 p.m. on Monday, April 12.

Those sports to be included are cheerleaders,

girls' swimming, boys' swimming, girls' JV and varsity basketball, wrestling, and boys' freshmen, JV and varsity basketball.

Meat and drink will be furnished by the athletic department.

LYNNE JENKINS and KEVIN DUZENBERY will play Queen Aggravain and King Sextimus in "Once Upon A Mattress" Friday and Saturday night at Tippecanoe Valley High School. The king and queen are rulers of a mythical kingdom where the story takes place. Aggravain is the talkative, domineering wife who "rules" over her mute, girl-chasing husband, Sextimus. Through their son, Dauntless, and Princess Winnifred, Sextimus finally achieves his revenge and "finds" his voice. Tickets for the performances may be reserved by calling the high school or may be purchased at the door.

supersonic airplane, and the X-1A, the first airplane to fly two and a half times the speed of sound, paved the way for space exploration that ultimately led to landing a man on the moon. Yeager was the test pilot for both planes and other research aircraft through the X-5, the first airplane to vary the degree of wing sweepback during flight.

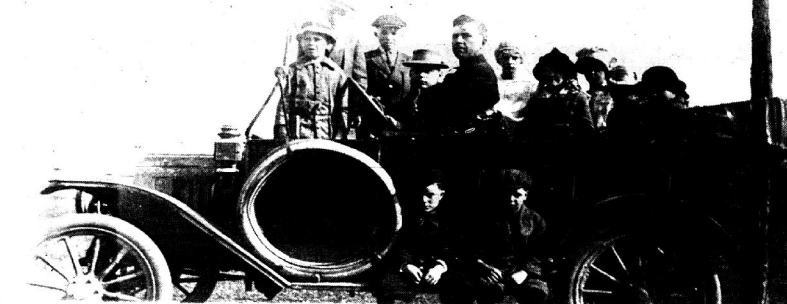

Bell's will directed that \$20,000 be given to the town of Mentone to build a permanent memorial to his parents, and that the artifacts be given the town. The money was used to build the Bell Memorial Public Library. Part of the artifacts were displayed there, and the rest remained in storage.

During the past year, a committee composed of Gerald Romine, Bill Ettinger, Robert J Hill, David Cooper, Mary Jane Hill, Sue Pyle, Elaine Fugate and Lois Miller has met at least once a week to formulate plans for a museum in which to house the collection.

An architect's drawing of the proposed museum was published in the NEWS on June 5, 1975. The modern, one-story building will be located on ground purchased at the west edge of Mentone from Mrs. Arthur (Helen) Brown and Mr. and Mrs. Everett Rathfon.

Tickets for the April 23 program can be purchased from any of the committee members.

### Mentone is a great little town

Dear Ann,

First, I want to thank you for allowing me the space to have this letter printed.

To the wonderful people of Mentone. On Dec. 21, 1975, I was on my way to Burket to take two friends home when I had an accident. I don't remember any of it, but I understand I'm lucky that I'm here to write this letter.

I would like to thank Darrell King, the volunteer firemen of Mentone

and Warsaw, the doctors and nurses at Murphy Medical Center and Parkview Memorial at Fort Wayne and to all the churches, especially Rev. Constant and the people from the Silver Creek Church of God.

But the biggest thanks goes to my relatives, friends, neighbors and all the people of Mentone and the surrounding communities for their prayers, cards and gifts but most of all their prayers. I'm sure God was with us that night.

The town of Mentone is a great little town, with a big heart, thanks to the wonderful people who live in it. They sure are there when they're needed. You also have my parents' thanks. I'm fine now and back in school. God Bless Everyone of You!

Teresa Bentley

Dr. George E. Grogg, the popular veterinarian of Squirrel Creek farm, north of Roann, will practice his profession from this place. He has opened an office at this place in Scott's drug store and one at Disko. All calls sent by phone or otherwise to Disko, phone 7 on 25, or at Scott's drug store will receive prompt attention. The doctor has large farming interests begun for the season on his Squirrel Creek farm, which hinders his moving here at once. These offices are opened to accommodate his practice in this locality.

Hosea Seitzer brought in 65 dozen of eggs, one weeks gathering and sold them at Strong's store at 19 cents per dozen. This will pay the Seitzer grocery bill for some time a head, buy her a new dress, pair shoes and maybe a hat. The farmer certainly can buy if he has hens and takes care of them. They have 165 hens all S. C. Brown leghorns.

The Scott & Miller Ford agency at this place done a land office business selling Ford machines last week, each of the following making a purchase: E. L. Swihart, W. C. Kercher, R. C. Shipley, Elmer Meredith, C. A. Mills, Jacob Gross, W. H. Deamer, Frank Arter, S. I. Nelson Albert Carpenter, Albert Scott, A. C. Suter.

Carl Gast was allotted the contract for the electrical wiring on the new \$70,000 school building at Warsaw, now in progress of construction. This is a most difficult job a full conduit system and requires skillful workmanship. Carl referred the Warsaw authorities to his work on our Carnegie library and he won out over seven or eight other bidders.

Frank Pressnall, who recently resigned his position at the Exchange bank, was found guilty last night of being an honorable and upright citizen of this community. At a farewell party in the basement of the Methodist church last night Mr. Pressnall was tried on this charge and the jury (the audience) found him guilty. Rev. I. R. Godwin was master of ceremonies and had planned a trial as the feature of the evening. Attorney A. L. Lowdermilk acted as judge, Rev. Godwin was defense attorney and Marion Fultz was the prosecutor. Mr. Pressnall pleaded not guilty to the charge so the trial had to be decided by a jury. A pot luck supper was enjoyed by all.

Mr. and Mrs. Orville Ellis are the parents of an eleven-pound daughter, born Monday, April 5. She has been named Janice Eileen.

Leininger's store are planning a cooking school which will be held in their newly decorated basement on Tuesday and Wed. Cooking schools are not new to Akron housewives, as the Akron News has held two in previous years. Leininger's school will be conducted by Mrs. Alma Harshbarger, Home Service Director of the General Electric company. She has been secured through H. L. Rogers, local GE agent.

Fulton County school officials have announced that all schools will operate on Central Standard time to complete their present school terms. Many of the local communities will switch to daylight time soon, but the schools will still operate on standard time.

The Akron High School band and chorus won an excellent or second in the Northern Indiana Band, Orchestra, and Vocal Association Contest Saturday. The contest was held at Monon. The Akron band and chorus were in class C which is according to school enrollment.

The county school board has decided that all students who are not attending a school outside their township will have to pay tuition next year. This ruling was made necessary due to an order from the state board of accounts that does not permit schools to be refunded from the state funds for more students than they have from the township. The board points out that it is illegal for a trustee to educate students free of charge who reside in another township.

# Bicentennial Speakers Bureau is organized

The Kosciusko Co. American Revolution Bicentennial Commission, as one of its projects in promoting the celebration of the 200th birthday of the United States, has announced the formation of a Bicentennial Speakers Bureau.

The bureau's purpose is to offer county clubs and organizations desiring to sponsor Bicentennial or historically oriented programs a list of local individuals who by vocation or special interest are qualified to speak on the particular topic listed.

Any group interested in hearing a member of the bureau is asked to make individual arrangements with that person.

None of the speakers charges a fee. Groups wishing to express appreciation may make a donation to the Bicentennial Commission.

Speakers and their topics include: Waldo Adams, R. 2, Leesburg; Indian Lore, The Mills of Kosciusko

Co., Dominique Rousseau, Kosciusko Co.'s First White Man.

so a seven voice reading of school and education in the U.S. - then and now. 25 minutes.

## County Museum

In addition to the speakers listed, the Kosciusko Co. Historical Society's John Pound Museum at Oswego will be open the first week in May. Although the museum's formal hours are from 1 to 5 p.m. each Sunday, special tours may be arranged any time by contacting either Mrs. Cary Groninger, museum chairman, or Mrs. Dennert Ware, KCHS president.

An ideal arrangement for school groups wishing to tour the museum is to have Society members visit the school the day before the children go to Oswego. Interesting objects from the museum are displayed and the children are given some county history along with an idea of what to look for and expect on their field trip.

## Advance Notification

Because all members of the Speakers Bureau are volunteers and all have varied schedules, not everyone is available at all times. As much advance notification as possible will help ensure each group's selection.

Questions concerning the operation of the bureau may be directed

to Suzanne Ware, Kosciusko Co. Historical Society president, or Don Frantz, county Bicentennial chairman.

Veronica Bonnell

Bonnell, 33, R. 2, Royal Center, the first candidate of the American Party of Indiana to file the "conflict of interest" form required by law, will not launch a petition drive for the 18th district State Senate seat now held by Jean Sullivan. A native of Chicago, Mrs. Bonnell has resided in Indiana since she was one-year-old. She and her husband, Gerald, have four children and are also foster parents. They are members of the

Priory of St. Joseph in Indianapolis. Mrs. Bonnell, who is active in extension club work, is a student pilot and also writes poetry.

A life member of the John Birch Society, Mrs. Bonnell says, "Big government is encroaching on the lives of the American people. Middle-class America, the farmer, the laborer and the local businessman, are footing the bill for their own destruction and regimentation. It is government that needs to be restricted--not the people."

## FHA Happenings

By Robin Secrist

The Tippecanoe Valley FHS girls recently held a senior citizens banquet, which corresponds with their theme for the year. They invited some of their senior friends.

Guests were welcomed by Wanda Fox, TVHS home economics teacher and FHA sponsor. The invocation was given by Deb Dawson, chairman of the planning committee.

We had a potluck meal and played Bingo. One of the 50 guests received a door prize.

One important thing we have learned through this banquet and our other activities during the year is: Most Senior Citizens are old only in appearance. They are still kids inside,

though a little wiser. We urged everyone to get to know some of the senior citizens in the community. They're one of our nation's most valuable resources!

Several of our most outstanding members have been awarded a trip to the state FHA convention at Indianapolis. They are Alicia Dickerhoff, Loni Parks, Peggy Hibbs and Ann Lash.

Many of our members will also attend the district convention April 6 at Argos High School.

The only man who never makes a mistake is the man who never does anything.

Mr. and Mrs. James Fryman, Logansport, are the parents of a six lb. 15½ oz. son, born April

1. He has been named Darrell James. The mother is the former Terri Mark. Grandparents are Mr. and Mrs. Darrell C. Fryman, Lawrenceville, Ill. and Mr. and Mrs. Clarence Mark, Akron. Maternal great-grandparents are Mr. and Mrs. Glen A. Moyer, Greenville, Ohio.

Mr. and Mrs. George Clemans Jr., R.1, Bour-

bon, are parents of an eleven pound, one ounce son, Geoffrey Lee, born April 3. The couple has another son, Marty Joe, and a daughter, Nikki Kae. Grandparents are Verna Clemans, Akron, and the late George Clemans and Mr. and Mrs. Clarence Keyser, Bremen.

## Warning given on CB antenna risk

The current popularity of Citizens Band (CB) radio has increased the possibility of deaths or serious injuries from power line contacts, according to James Wilbert, Public Service Indiana's local manager.

"Deaths and injuries have been reported nationally in recent months when CB antennas being installed on roofs

of homes or other buildings come in touch with power lines," he said.

He also urged residents to take extreme care when working near power lines with TV masts, antennas and ladders. Parents were urged to warn children of the dangers of playing in trees and tree houses near power lines.

## Termites and frauds often come out of woodwork together, Attorney General warns

"Termites have annoyed people for as long as people have lived in wooden buildings, and they have a right to fear them," said Indiana Attorney General Theodore L. Sendak this week as he issued a consumer alert.

"But," he continued, "homeowners should also beware of unscrupulous

persons who might prey on this natural fear of termites. Both seem to come out of the woodwork about the same time, in the spring. Termites come above ground and swarm, but it's a frightening sight to be sure, but the consumer should not let that stampede him into making a frantic purchase."

"In the first place, the insects may not be termites. They might be winged ants or some other form of insect."

"In the second place," he said, "even if termites swarm around a property, it does not necessarily mean that damage has been done or that there is any danger the building will collapse. In short, even if you see termites, you still have time to follow your common sense rules that apply to any purchase you might make."

He suggested three rules:

1. Don't be high-pressured into purchasing a termite control service. Be wary of anyone who tries to scare you or rush you into signing a contract without reading it. Stop, look and think about it!

2. Have a number of companies make inspections, suggest treatment and prices and compare and pick the most reliable offer.

3. Check the reliability of the company you choose with your local Better Business Bureau, Chamber of Commerce, union headquarters or with a county extension agent.

4. Read the terms of any document before you sign. If any guarantee or promises were made by the salesman, see that they are in writing. All the services to be performed and the price should be clearly stated in the documents before you sign.

And, finally, he noted, "If you have a consumer complaint you can't resolve locally, write to Theodore L. Sendak, Attorney General of Indiana, Consumer Protection Division, 219 State House, Indianapolis, IN 46204." Persons outside Indianapolis may dial toll-free 800-382-5516 Monday-Friday, 8:15 a.m. to 4:45 p.m.

## Good Friday

The Rev. Harold Conrad will be guest speaker at the Henry Township Ministerial Association's Unity Good Friday service, which will be at 1:30 p.m. April 16 at the Akron Church of God. Special music will be provided by area churches. Additional details will be announced in next week's NEWS.

In Fulton small claims action, Frank Hardesty, Mentone, has filed complaint against Neil Kuhn, Akron, for damages to an automobile. ## Spotlight on 4-H

By Robin Secrist

Penny Secrist

There are now several new members in the Mentone Merry 4-H Club.

One of them, in the spotlight now, is Penny Secrist. Penny, 11, is the daughter of Mr. and Mrs. Ronald Secrist of Mentone.

She is also active as a cheerleader and Girl Scout. Her hobbies are rabbits and horses.

Why did she join 4-H? "Because I like to do things," she answers enthusiastically.

She has enrolled in rabbits and foods, of which "rabbits" is her

favorite. Her reason: I like to work with animals.

Penny's goal for this year is to "prove myself responsible for things."

I would like to encourage Penny and the other new members to continue in 4-H. The first year is the hardest.

## Mentone church plans Tenebrae service

A Tenebrae service at 12:30 p.m. Good Friday, April 16, has been announced by the Mentone United Methodist Church and the public is invited.

The church choir will lead the traditional program, which has been a practice in the Christian church for more than a thousand years.

The word "tenebrae" is Latine, literally translated to mean "shadows."

Used as a dramatic means of presenting symbolically the death and burial of Jesus Christ, the service aids worshippers in realizing the total impact of the darkest day in the history of Christianity, the date Christ died on the cross.

The program that will accompany the service says, "The service is a complete contrast to

Easter, the most glorious day in Christian memory. It is hoped as you worship you will feel the shock, gloom, despair, grief and sadness the followers of Jesus must have felt on the day of the tragic

event of his crucifixion and death.

"The movement of the Tenebrae service is from light to darkness. One by one the candles will be extinguished. The 'Christ Candle' will then be lighted."

measles, rubella and poliomyelitis.

The immunizations are required by legislation adopted by this year's Indiana General Assembly, and signed by Gov. Otis Bowen.

The law requires documentation of immunization before entry to school, including kindergarten, so arrangements should be made with doctors before school starts next fall, Dr. Richardson said.

Reports of TB test, sycle cell and lead poison also must be made a part of the child's record, he said.

## BUNKER HILL

On June 16, 1775, American troops led by William Prescott marched to Charlestown where he had been ordered to fortify Bunker Hill. A council of war decided to fortify Breed's Hill instead. A minor installation was placed on Bunker Hill. On June 17, Connecticut troops under Captain Thomas Knowlton and New Hampshire troops under General Stark arrived. That afternoon in 90 degree heat, 65 companies of British advanced against the Americans and three times were repulsed. The hand to hand combat ended in a British victory, but the Battle of Bunker Hill served notice that the Continental Army had no intention of surrendering.

## TV remonstrance hearing set

Remonstrators to Tippecanoe Valley School Corporation's \$160,000 additional appropriation to purchase nine school buses will be heard at 10 a.m. Tuesday, April 27, in the Tippecanoe Valley High School auditorium.

The public hearing was called by the State Board of Tax Commissioners af-

ter petitions bearing the signatures of 329 corporation residents opposing the appropriation were filed with the auditors of Fulton and Kosciusko counties. (A breakdown shows 178 from Kosciusko and 151 from Fulton Co.)

The additional appropriation, in the form

of general obligation bonds, was approved by the school board in February and advertised.

Petitions containing the names of 148 residents favoring the issue were filed with the two auditors (79 in Kosciusko Co. and 69 in Fulton Co.) and the appropriation was considered and passed at the March 15 board meeting. No remonstrators were present. Within the week, however, the remonstrances were filed with the auditors and certified, and the tax board was notified.

The tax board will hear remonstrators at the April 27 hearing but a decision is not expected until a later date.

## Logo becomes patch

A logo designed by Polly Finney for use by the Akron Bicentennial commission has been made into a cloth patch. The new queen is active in school activities where she serves as vice-president of the foreign language club. She is a member of Sunshine Society, National Honor Society, Future Homemakers of America, band and the speech and drama and pep clubs. She is also active in 4-H work and is secretary of the local club. Her hobbies include 4-H work, cooking, swimming, tennis and bike riding.

FRIDAY'S ARBOR DAY program at Tippecanoe Valley High School was conducted by members of the biology classes under the direction of David Creighton, shown at the podium as he read from a prepared program. The students planted a tulip poplar, Indiana's state tree, in the lawn in front of the school. They were admonished that it would outlive most of them and told the respect they taught their children would be reflected in how those children treated the tree.

## New books at Akron Carnegie Public Library

New books at the Akron Carnegie Library include the following:

A **BRIDGE TOO FAR** by Cornelius Ryan. This is perhaps the most thrilling, moving and powerful work of history to come out of World War II. Its subject is the battle of Arnhem, the greatest airborne operation that ended in bitter defeat for the Allies. The cast of characters includes Dutch civilians, British and American planners, commanders and soldiers, and German defenders, all of them plunged into a battle that was perhaps the most dramatic of the entire war and that cost the Allies nearly twice as many casualties as D-Day.

**THE PILGRIMS** by Francis Dillon. The author fills in many gaps in our current knowledge of the Pilgrims: he gives a lively social history of the Pilgrim's English background; he traces the sources of their religious thinking; and he includes many little known facts about the Pilgrim's migrations to Holland and America and their bitter struggle for survival on the inhospitable New England coast.

**THE PROMETHEUS CRISIS** by Thomas N. Scortie and Frank M. Robinson. The author delivers a taunt story that could come from tomorrow's front pages: a story of men and women caught up in a horrifying race in which science and technology are ultimately pushed too far and too fast.

Gwen E. Eriks, 16, R. 1, Akron, was treated at Parkview hospital in Plymouth Sunday morning after her car struck a light pole on CR 350 So. She sustained lacerations and contusions to her left leg and abrasions to her elbow and face after her auto ran head-on into a pole at 8:25 a.m. Investigating officers said she applied the brakes on her eastbound car when it met a tractor on a hill. The car skidded into the ditch and then slid across the road and struck the pole before sliding backwards and into a fence. Damage to the totaled auto was listed at \$400 and to a broken REMC pole at \$400.

Damages estimated at \$300 to a car driven by Wm. Merrick, No. Manchester, and \$250 to a truck operated by Douglas Bailey, 33, Akron, resulted Monday morning when the Merrick vehicle struck Bailey's vehicle as it slowed to make a right-hand turn on SR 114 east of Akron.

Marie N. Floyd, 65, Winamac, was charged by Rochester city police with failure to yield

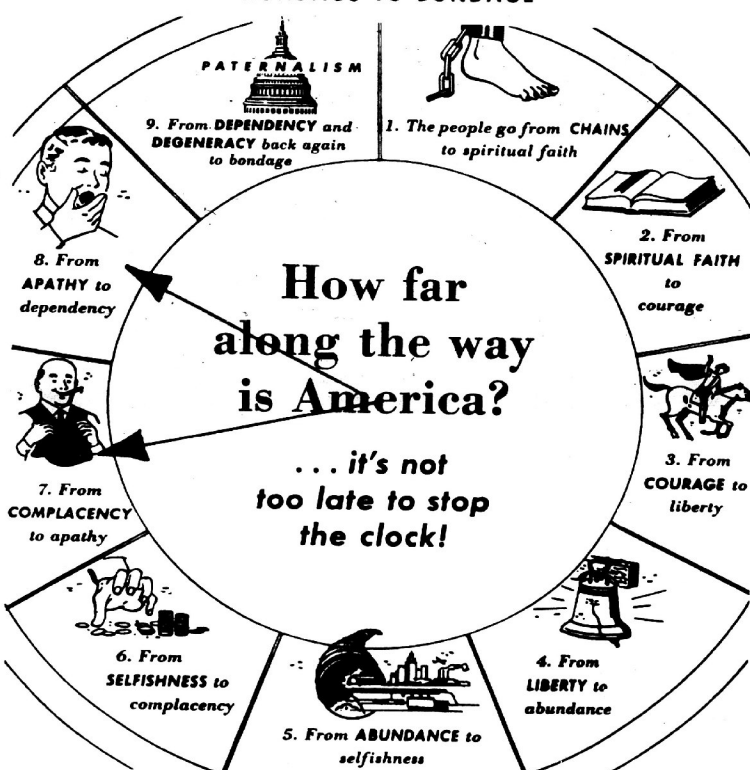

the right-of-way after a two-car accident in Rochester Thursday afternoon. Her vehicle struck one driven by Terry L. Ewer, 19, Akron.

## NEWS wants news, but call early

The NEWS would like to know of and publish stories about almost everything that happens in the Tippecanoe Valley area. Although finances dictate the number of columns we can have each week, we can generally get in a little something about almost everything--if we get it in time.

We need to have most of the news reach us on Thursdays, Fridays and Mondays. We urge readers with stories they want us to use to get those stories to us as soon as possible--even a week in advance when possible. But we do not want stale news and if something happens on Monday and Tuesday, call us. --The Editor

## BONDAGE TO BONDAGE

The above time clock adaptation from Bondage to Bondage originated with Robert Muntzel's famous quotation: "Great nations rise and fall. The people go from bondage to spiritual faith, from spiritual faith to great courage, from courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency, from complacency to apathy, from apathy to dependence, from dependence back again into bondage." It is my conviction and that of millions of concerned Americans, that this young Republic of ours need not drift from apathy to dependence and degeneracy back again to bondage. There is an awakening from apathy on the part of sound-hearted Americans and if our people and our leaders grasp again a great spiritual faith, there can be a rebirth of courage to restore liberty and freedom with individual responsibility. This is America's destiny. Let us keep faith with it lest our children and the world's children, through our negligence, lose this last best hope on earth. --E. Richard Barnes, Assemblyman, Sacramento, California.

60 YEARS AGO

There was quite a pretty and important event took place at the M.F. Martin home Thursday, April 20, at high noon, when they gave their daughter, Miss Vera, in marriage with Mr. Orvan Floor, son of Mr. and Mrs. Ezra Floor, Rev. Lee Hill of the Church of God, neighbors of the groom's parents, officiated. After the ceremony the happy young couple and the guests the immediate relatives and parents sat down to an elegant wedding dinner. The handsome young bride is a graduate of the class of 1915. The groom is a sturdy young farmer earnest, honest and has every ability to provide well and faithfully for his bride. They will live on a farm near Disko, with his brother Paul, who has purchased a farm from his father.

The Merrill Whittenberger's new barn was successfully raised last Thursday afternoon. Every joint fit and when raised there was not a piece short nor was there one over. The workmen, Simon and Frank Brown, are real barn builders and their crowd that had responded to his invitation to help to cigars, hot coffee, sandwiches and bananas. These were appreciated and a good time was enjoyed all around.

We noticed that George, oldest son of Mr. and Mrs. Reuben Waechter has accepted of a place in his uncle Cornelius Waechter's barbershop. George is a clever boy and we hope to see him develop into a real artisan.

Recently the farm home of Mr. and Mrs. Jesse Klise burned, catching fire about 11 o'clock at night, possibly catching from a chicken brooder in an adjoining building. The little family had a narrow escape with their lives. They were sound asleep when the fire was noticed by members of her father John Shoup's family, nearly a mile away. However their telephone bell awoke them about the same time the fire was first seen by her father's people. The house is the one where Jesse Burns owned and lived for so many years on Owl Creek.

39 YEARS AGO

Akron now has a new poultry and cream station. The Sherman White company has opened a branch receiving station in the Arter building, just west of Miller's Implement room. The Sherman White company has plants in Ohio, Michigan and Illinois, as well as Indiana. They are buyers of poultry, eggs and cream.

Whit Gast has purchased the Ed Arter place at the west side of town and will move into the property soon. Mr. Arter plans to build a new home in the near future, but will live in the Gast place until he can decide on a location.

Word was received in Akron this morning that The Akron Canning Co., to be operated this year by Mr. Overdorff and Mr. Scott, will raise their tomato contract price to \$15.00 per ton for No. 1 tomatoes and \$8.00 per ton for No. 2's. This is indeed extra good news for all who have signed contracts and will add enough impetus to the interest of other farmers considering the crop to more than subscribe the desired three hundred acres. These new prices surely put tomatoes far in the lead as a cash crop to the farmers and deserves much consideration when planning the farm for the coming season.

25 YEARS AGO

Members of the Akron Independent basketball team, their wives, and friends gave a dinner party at the home of Mrs. Earl Bradway and Tedgie on Sunday evening in honor of Ray Riley who is expecting to be called into the service within a short time. Following the dinner, card games were played. Those present were: Ray Riley, Mr. and Mrs. Jack Ringle, Mr. and Mrs. Dick Landis, of Rochester, Mr. and Mrs. Gordon Groninger, Mr. and Mrs. Tom Gast, Mr. and Mrs. Emerson Sheets, Mr. and Mrs. Charles Gast, Rochester, Gene Burch, and Joan Leckrone of No. Manchester.

Donald Stanley, local FFA member, was a member of the newly organized state FFA band which played at the state FFA convention at Purdue University. Other FFA members who attended the state convention, from the local chapter, were Jack Shriver, Charles Smoker, Keith Good, Herschel Walters and Chester Kotterman.

10 YEARS AGO

The annual Easter egg hunt, which is sponsored by the Akron Chamber of Commerce, was held last Saturday in the park with a good attendance.

Members of the Las Donas Jr. Woman's Club met Monday evening in the home of Mrs. Jerry Bickel for the monthly business meeting.

# Private to general: Yeager is pilot of many honors

Air Force Brig. Gen. Charles E. Yeager, who will be guest speaker at the April 23 kick-off of the Lawrence D. Bell Aircraft Museum, logged almost 11,000 hours in 174 types of military aircraft before he retired on February 28, 1975, but it is for his work as a test pilot for Bell's X-1 and X-1A that he is best known. These were the first airplanes to break the sound barrier and to fly two and one-half times the speed of sound.

Yeager became a test pilot on his return to the States from Europe where he shot down 13 enemy aircraft during World War II, five on one mission, including one of Germany's first jet fighters.

Prior to the X-1's successful flight, airplanes had disintegrated when reaching Mach 1. Several pilots had been scared away from the program, but Yeager was so determined he flew the test without telling anyone he had crack-

ed several ribs when he fell from a horse the night before the flight.

After nine years as one of the nation's leading test pilots, he attended the Air War College and was assigned as Commandant of the Astronaut School at Edwards Air Force Base where 41 of the astronauts were trained. The general, who entered the Army Air Corps as a private, also served in Germany, France, the Philippines and flew 127 missions in Vietnam.

Gen. Yeager's exploits have made him one of the country's most honored pilots. His awards include the Collier and MacKay trophies and the Harmon International trophy. In 1973, at the age of 50, he became the first military person on active duty as well as the youngest person ever to be enshrined in the Aviation Hall of Fame at Dayton, Ohio. In January of this year, President Ford signed a bill authorizing presentation of a silver con-

gressional medal "equivalent to a non-combat Medal of Honor" to Yeager for risking his life in the sound barrier assault. (The Air Force originally proposed that Yeager be given a spec-

ially authorized Medal of Honor, but the Marine Corps objected that the medal should be awarded only for heroism in combat.)

Tickets for the 8 p.m. program can be purchas-

ed from members of the Bell Aircraft Museum committee: Gerald Ro-mine, Bill Ettinger, Robert J Hill, David Cooper, Mary Jane Hill, Sue Pyle, Elaine Fugate and Lois Miller.

Gen Charles Yeager, then captain, is shown with the Bell X-1 after becoming the first man to fly faster than the speed of sound. Yeager will be the key speaker at the April 23 kick-off of the Lawrence D. Bell Aircraft Museum.

veal the year's work projects from each chapter. These will lead to the national convention, which will be in Cincinnati, Ohio, June 16-19. To be honored there, all members of each chapter must participate in activities sponsored by local chapters.

The Akron chapter, Psi Kappa, was founded in 1947 and has 18 active members.

# Honeytree to appear in concert here

Honeytree and Jim Bohn will appear in a special concert Friday evening at Tippecanoe Valley High School.

Who is Honeytree? Her story began six years ago in Ft. Wayne.

The summer of 1970 will not soon be forgotten by the people of Fort Wayne. What makes that summer so memorable was the opening of a most unusual coffee-

house, the Adam's Apple. Why was this coffee-house so unusual? At the Adam's Apple coffee-house hundreds of young people experienced a personal encounter with someone they thought was dead, namely Jesus Christ!

At "the Apple" that summer was a young lady called Honeytree. She played the guitar and shared her songs with the young people who thronged the coffee-house. Since the coffee-house days, Honeytree's music has grown right along with the Adam's Apple, and she has since recorded two albums and is much in demand as a solo performer at concerts and rallies.

Acclaimed the best female vocalist of Jesus Music, Honeytree penetrates the soul with her original folk and gospel compositions. Relevant and refreshing are

two words often used to describe her dedicated talent.

Here is what she says about her musical endeavors: "I'm glad God is letting me do what I enjoy most--singing for people. Before I met Christ I had music, but I never had much to say, nothing to offer. But now I can tell people how to meet God and have a joyful life."

With Honeytree life is different than it is with many of the young people she reaches out to. "Too many young people are putting their energies into programs that turn into dead end streets. Then they become bitter. Working for the Lord is a lot of fun, and it is very rewarding. When you tell people about Jesus you really see things happen! Jesus helps people get their lives together."

Honeytree is sincere and her message comes through with great clarity. Her appeal is not only to the young, but it is the young who listen most intently. They admire her honesty. "I was the last person in the world who thought I would become a Christian. But I didn't really start to live until I did!" Because of her, hundreds of young people have echoed those words.

Honeytree will appear in the commons area of Tippecanoe Valley High School at 7:30 p.m. on Friday, April 16. The concert is sponsored by the Burket United Methodist Youth Fellowship. Tickets are available at the door or can be

The Mentone junior was the third collegian to finish and the initial MAC runner to cross the finish line. Earlier in the week, Shoemaker won the steeplechase and finished third in the three-mile run in a dual meet at Miami.

He is the son of Mr. and Mrs. Kenneth Shoemaker, Mentone.

Mr. and Mrs. Jay Smith of Winona Lake are parents of a six pound, 14 ounce son, Jared Cameron, born April 10 at Goshen General Hospital. Grandparents are Mr. and Mrs. Walter Smith, Mentone, and Mr. and Mrs. Marion Acton, Milford.

Old dryers  
do wear out!

**When replacement time comes...  
get a new GAS DRYER!**

If an old clothes dryer is getting you down, it's probably time to trade it in for a new gas dryer.

You can save hours of tedious ironing, save energy, too. Many articles of clothing come out of a new gas dryer ready for the hanger or folding. Others may need just a little touch-up. And you may not need to have the dryer on as long.

### Granddaughter honored

Cathy Elaine Smith has joined the National Society of Gamma Beta Phi for honor students. A student at Mississippi Women's College, she is the daughter of former Akron area residents Mr. and Mrs. George Smith Jr. and the granddaughter of Mr. and Mrs. Geo. Smith Sr., R. 2, Akron, and Clell Lowmaster, R. 1, Akron.

### Schipper on Dean's list

Steven Schipper, R.1, Akron, has received academic honors and has been named to the Dean's list of International Junior College at the close of the winter term, according to Donald J. Andorfer, director. Eligibility for this honor is limited to students carrying a full academic schedule with a 3.5 scholastic ratio out of a possible 4. Schipper is the son of Mr. and Mrs. Leon Schipper.

### WCTU visits VA hospital

## It Happened In Mentone

Taken from the April 16, 1947 issue of the Northern Indiana Co-Op News:

A man is getting quite accomodating when he hauls a gent into town to steal his own bicycle, cut that is just about what happened to Raymond Cooper one day recently. He picked up a young lad near Palestine and brought him to Mentone. During the conversation, Mr. Cooper picked up a few remarks that sounded a bit suspicious, such as the boy saying he was in town a few nights before, riding a bicycle here and hitch-hiking home. The next morning Mr. Cooper's son's bike was missing. It didn't take long to suspect that the bike was in Warsaw, but before much could be done, Mrs. Noble Oyler called the Co-Op News office to put in an ad for a bike they found on the Warsaw road the night before. It

was David's bike, all right, and then it began to dawn that the ownerless bike left at the Clutter home a few nights before likely belonged in Warsaw. It seems the perambulating seventh grade girl chasser has been in the habit of taking a ride on almost any bike he happened to find unoccupied. The two bikes are now in the hands of the rightful owners, if the Warsaw boy isn't going somewhere again.

Harold Markley is improving after being confined to his home with pneumonia and pleurisey. Louie Floor returned to his home here Wednesday after spending the winter in Florida.

## You can hitch up and join the wagon train

By Shirley Willard, president Fulton Co. Historical Society

Eastward ho the wagons! The Bicentennial Wagon Train Pilgrimage is traveling east instead of west, going back to the cradle where the nation was born: Valley Forge, Pa.

It's a replay of history in reverse. A train of covered wagons, one from each state, crossing the country from west to east, adhering as closely as possible to original pioneer trails and wagon routes.

The wagon train, sponsored by the Bicentennial Commission of Pennsylvania, will consist of 60 official wagons, 50 representing states, five Pennsylvania lead wagons and five chuckwagons. All are authentic Conestog wagons made for hauling freight and prairie schooners, made for hauling people.

The wagons were hand-made of white pine and oak in Jonesboro, Ark., and were delivered to each state capitol last year by Mayflower Transit Co., which is also donating its services to transport food and hay to the traveling wagon train.

The first wagon train started out in June from Blaine, Wash., down the Oregon Trail. Other western states' wagon trains started out last year, too, and wintered at Ft. Laramie, Wyoming. They resumed their journey this spring.

Indiana's wagon train will leave Indianapolis on May 3, heading north on US 31 to spend one night each in Carmel, Tipton, Kokomi, Peru and Rochester and two nights in Plymouth and Lakeville. It will arrive in South Bend on May 13 to join the Great Lakes wagon train and head east. Plans call for the train to reach Valley Forge on July 3 for a large fireworks spectacular on July 4. The wagons will remain in Valley Forge for two and one-half months and then be returned by Mayflower to their respective states for permanent enshrinement.

Individuals may join the wagon train with wagons or on horseback.

There is no charge, but each person is responsible for his own supplies and feeding his own animals. Animals must be healthy and able to travel 20 to 30 miles a day. Persons wanting to join the Bicentennial Wagon Train Pilgrimage should write to Gayle Meyer, Indiana Bicentennial Commission, 100 State Office Building, Indianapolis, or call 317-633-4217.

For those who cannot spare several months to join the wagon train, there is an outrider program for horseback riders and wagons wishing to ride along for one or more days. This program, too, is handled by Gayle Meyer.

Indiana's wagon master is Tom Smith, Galveston, a brother of Mrs.

Charles Hurd, Rochester. He operates a mobile home court in Cass Co. and raises exotic animals that are sold to zoos, hospital and individuals. These include Bengal tigers, monkeys, bobcats, lions, cougars, prairie dogs, llamas, zebras, Afri-can pygmy goats and mini mules.

The team of four miniature mules will pull the prairie schooner in the Bicentennial wagon train.

Wearing a wide-brimmed hat, high-heeled boots and Western-cut shirts and pants, Smith fits the description of yesterday's wagon master, a man on whom early settlers pinned their hopes and even their lives in reaching the new frontier.

## Be a Fulton Co. outrider

The Fulton Co. Bicentennial Committee is organizing a group of horseback riders to ride out to meet the Bicentennial Wagon Train on May 7. They will meet at 1:30 at the 4-H fairgrounds and ride south on the US 31 bypass to meet the train about three miles south of Rochester.

To join this group of riders, each person must sign a waiver of liability, which is available from Margaret Burkett at the treasurer's office in the courthouse. The paper must be notarized, and Mrs. Burkett is a notary public.

All saddle clubs and everyone who has a horse or pony are invited to join the Fulton Co. riders to escort the Bi-

centennial wagon train to Rochester. They may also ride on a few miles the next day (May 8) when the train moves on to Plymouth.

The site of the overnight camp-out has been changed from the Rochester city part to the 4-H fairgrounds. This will provide ample facilities for the horses. There will be a community sing along and marshmallow roast in the amphitheater.

Our obedience to God carves our character. Our assurance of God strengthens our steps. Our partnership with God enhances our hopes. Our faith in God determines our destiny.

## School board beefs up sports program, sets formation of priorities committee

In a meeting primarily devoted to programs and personnel, members of the Tippecanoe Valley school board voted Monday night to beef up the sports program, grant tenure to seven teachers and to form a committee of teachers, students and citizens to establish educational goals and priorities.

Football and wrestling got the biggest boosts when board members approved raising the head wrestling coach to \$1000 from \$473 and to add an assistant coach at \$600. "This will cost more than \$25,000 over the next ten years," board member Richard Goshert said. Told some 30 boys in grades 9-12 were participating in the sport, he replied, "We are reaching a point where

we have to make some priorities in our spending; we can't go on forever." "You're committed to the program so you have to make necessary adjustments," business manager Robert Forbes answered, and the board voted unanimously to make the changes and to add two freshmen football coaches at \$769 each.

Resignations from Wanda Fox and Tom Roy and Beatrice Grimme's letter of retirement were accepted. On the recommendation of school super-

intendent Dr. Lloyd Harrell, the board voted not to renew the contract of Jan Neiswander, a remedial reading teacher at Akron.

After an hour's executive session, the board voted to extend tenure contracts to Jocelyn Ackler, Miriam Bechtold, Sandra Miller, Dale Pace, Judy Sou, Susan Wagner and Diane Williams. Dr. Harrell was given permission to issue contracts to all other teachers who had

## Akron paper drive will aid ambulance fund

All proceeds from Saturday's paper drive in Akron will be donated to the ambulance fund.

Papers should be bundled with strings or placed in paper bags at the curb for pick up from 9:30 until noon.

## Bob Cummings to aid Bell Museum kick off

Bob Cummings

Bob Cummings of stage, screen and television fame will be one of the guests at Friday night's kick off of the Lawrence D. Bell Aircraft Museum. The program will be at 8 p.m. in the Tippecanoe Valley High School gym.

A veteran pilot with thousands of hours of flying time to his credit, Cummings' interest in aviation dates to his childhood and friendships with other aviation pioneers who, like Bell, helped pave the

way for today's air and space exploration.

A godson of Orville Wright, one of the inventors of the airplane, he soloed at 17 in a plane built by three other aviation pioneers, Walter Beach, Lloyd Stearman and Clyde Cessna. He now holds a commercial certificate with single, multi-engine and instrument ratings and has the distinction of holding the first civilian flight instructor's rating issued in the United States.

Joining Cummings will be retired Gen. Charles (Chuck) Yeager, pilot of Bell's X-1, the first airplane to fly faster than the speed of sound.

Also participating in the program will be a color guard from Grissom Air Force Base and a number of generals, including Brig. Gen. Walter B. Ratliff, former base commander at Grissom and now commander of the 40th Air Division, Strategic Air Command, Wurtsmith AFB, Mich.; Brig. Gen. Robt. Tanguy, deputy director of the

## 6 compete for Mentone Bicentennial queen crown

Robin Secrist

Who will be the Mentone Bicentennial queen? That answer will be determined during the next few weeks by six energetic teen-agers vying for the crown.

Ellen Marshall is the daughter of Mr. and Mrs. James Marshall, R. 5, Warsaw. Sixteen and a sophomore at Tippecanoe Valley High School, she has hazel eyes and blonde hair. One of her ambitions is to travel. She feels she can show her appreciation for her community by entering the queen contest. She is sponsored by Kralis Brothers Foods, Inc.

Robin Secrist, R. 1, Mentone, is the daughter of Mr. and Mrs. Ron Secrist. A member of many school organizations, she is an active member of 4-H and is sponsored by the Mentone Merry 4-Hers. She likes to join her brother and two sisters in sewing, cooking and bike riding. She hopes, through her friendliness, to show others that Mentone is a great place to live.

Mary Beth Anglin, 17 and a junior at TVHS, is the daughter of Mr. and Mrs. Kenneth Bush, Mentone. She is active in the school swing choir,

swim team and pep club. She plans to become a nurse. Sponsored by the Larry Nellans Co. of Mentone, she plans many activities for her queen campaign.

Kathy Banghart is the brown-eyed daughter of

Mr. and Mrs. Frank Banghart, Mentone. She enjoys cooking, sewing and is a member of girls' 4-H, Junior Legion Auxiliary, school chorus and is a paper girl.

## Adult tennis class set

An organizational meeting for the adult tennis program at Tippecanoe Valley High School is planned at 7 p.m. Wednesday, April 28, at the school's tennis courts. At that time, classes will be divided

not indicated they would not return next year. Adult education contracts for Alberta Davis, Ricky Phillips, Dennis Gilbert and Eleanor Hoover were approved. Each receives \$160 for 20 hours of work during the ten-week session. Harrell noted the adult program is self-sustaining.

The plan for developing education goals with the cooperation of students, teachers and a committee of citizens was detailed by Dr. Harrell who stressed the importance of moving the schools into a position of accountability for meeting goals approved by the community. He said if the schools are to represent the people of the community, a concerted effort must be made to insure that a broadly representative cross section of the community is selected to establish the goals.

The board agreed that selection of the citizens committee should be made by a stratified random sampling, its 60 to 70 members to be selected no later than April 30. As soon as the community representatives are selected, meetings will be scheduled to rank educational goals in order of their importance. After the goals have been ranked, the committee will meet again to determine how well the schools are presently meeting them. This will be the first step in a process that will include training sessions for teachers in the writing of objectives to be matched to the educational goals approved at the first meeting.

Harrell estimated it would cost "a few hundred dollars for instructional materials" to launch the program.

In other action, the board approved a contract for remodeling the tennis courts at Tippecanoe Valley High School. Low bidder was Jansma-Coursey Asphalt, Inc., Etna Green, with \$23,429. The only other bid was \$25,911.80 from McMahon-O'Connor Construction Co., Rochester. These bids were opened at last month's meeting and taken under advisement pending recommendations from Everett I. Brown, Inc., architects for the remodeling.

The board also: \* Heard Harrell report no ruling has been received on the March 24 unfair labor practice hearing. He said the school board's attorney indicated the decision would either be dismissed or delayed because of the recent Kosciuszko court ruling upholding the board in a similar suit. The latest hearing, the sixth for the school board and mem-

bers of the Tippecanoe Valley Classroom Teachers Association, concerned the board's recognition of the Professional Teachers Organization. Forbes said ILEERB's (Indiana Educational Employment Relations Board) score was six losses and no wins.

\* Heard a report on athletic training policies and their administration from Harrell in which he indicated fairness and justice has prevailed in upholding all training rules. He said smoking and the use of alcohol or drugs carry the same penalties.

\* Made reservations for Dr. Wymond Wilson, Richard Goshert, Con Shewman and Don Snipes to attend the May 5 spring meeting of the Indiana School Board's Association in Elkhart. Board president Fred Kindig said he would be unable to attend.

\* Signed contracts with Northern Indiana Public Service Co. for natural gas at the Akron and Mentone schools.

\* Reappointed Eleanor Hoover to the Mentone library board.

\* Approved Marvin Lowman as a substitute bus driver.

\* Heard letters from Akron grade school children expressing appreciation for new draperies.

\* Noted the State Board of Tax Commissioners hearing set for 10 a.m. April 27 at the high school. (See last week's NEWS). In discussing this, Forbes said, "A lot of people have told me they want to take their names off the remonstrance, and there may not be very many at the hearing." He reported he had attended a meeting in Indianapolis on April 15 in which the property tax control board indicated it would approve the bond issue subject to the tax commission's hearing on the remonstrance. "They recognize the need for buses as a valid one," Forbes said.

Several patrons, students and faculty members were present, but no one spoke during the time allowed for audience participation. The next regular meeting will be May 17 at 7:30 p.m. in the preparation room of TVHS.

## ODDS and ENDS

By Ann Sheetz

It's the season of social reform, of ghetto renovation, of propaganda from the right and from the left.

But no matter how much the communists and socialists preach the benefits of their way of life, they will never convince me that the communal system can replace the pride of ownership that is part of capitalism. Or that the sound of the wrecking ball can completely replace elbow-grease and the pungent smell of furniture cleaners.

In case you think I've had an attack of spring cleaning and have just waxed all my furniture so that my reflection smiles back at me and my husband loves me dearly because I wax, perish the notion. But there has been some cleaning going on, and a good deal of pride of ownership evidenced.

Bored with a Saturday at home, our 12-year-old rode his bicycle to an auction, returning three hours later sunburned and exhausted, but happy. "Get the car quick, Mom," he commanded, unplugging the vacuum cleaner to get my attention. "I got a good buy

and we've got to get it home."

His good buy turned out to be an ancient Victrola long since stripped of its turntable and converted into a desk. As the keeper of a room that has nearly crested with its collections, he recognized the doors and lids as covers of valuable storage space.

The two of us tugged it into the house, and I returned to my cleaning. "It's yours; you make room for it," I said, waving my arm in the direction of the room where the bed never completely rests on all its legs at the same time and where tangles of string and rubber bands booby trap anyone silly enough to try to level it.

He worked all the rest of the afternoon, cleaning out his now outgrown table that had served both as desk and model builder's bench and relegating it to the attic. The new piece was carefully moved into place.

"That all the Pledge you got?" he asked 15 minutes later as he shook the sputtering can. Told it was, he located some other spray

wax and promptly drained it. With my cleaning supply stock dwindling rapidly, he located some furniture polish I'd forgotten and applied so many coats there isn't a fly in the world that could stand on that Victrola. "You think I got a good buy for a dollar?" he asked.

"Real good," I answered. He grinned and rubbed the table. And this was the same boy who had been happy in the ghetto he called a room, the one where the tops of nothing had been seen for so long we couldn't recall what was under the collection.

"You really think I got a good buy?"

"If you like it, you got a great bargain."

"You're not mad?"

"It's your money."

"You really think I got a good buy?"

I assured him he had.

Later I assured him again. And again. And again.

The desk remains the only clean spot in an otherwise cluttered room, the one we provided for him, the one we clean for him when he isn't looking.

Tell me again about that communist and socialist stuff and I'll show you what a dollar and a lot of rubbing can create. It's called pride, and that's something that can't be legislated or given. But it can be taken away by too much legislation or too much giving.

Dear Editor,

I would like to take this means to thank Mr. Rager for a job well done in preparing the annual for the Akron Elementary and Jr. High.

The kids were very disappointed when they were no longer included in the high school annual. I know they were very proud to have one of their own this year.

I'm sure there are many more parents, and students too, who want to thank Mr. Rager, and all others who helped.

Sincerely,

The seniors of the Akron High School were royally entertained at the gym Monday evening with Miss Dessie Sayger, as hostess. The hilarious features of the evening's entertainment was the matching of Easter eggs to find your partners, making Easter bonnets, and hunting rabbits and Easter eggs, that had previously been hidden. A two course luncheon was served, and the Seniors declare Miss Sayger a royal entertainer.

There is too much gasoline used on the streets of Akron, so much more than is needed, that waste results that would amount to a big sum every day. Every auto driver should take time to learn just how small amount of gasoline he can use and yet keep plenty of power. To see a smoking auto engine means to watch a useless waste.

Less 35¢ a hundred hauling. We are thankful for the 1/2¢ a gallon increase; however, this minimum increase in the milk price at this time appears to be a political move. This might be "the year of the politician" but they'll have to come up with something bigger than this to swing many dairy farmer's votes.

Milk on the farm is worth 80¢ a gallon. In the grocery store it's about \$1.53 - a 73¢ spread between producer and consumer.

We are thankful for the 1/2¢ a gallon increase; however, this minimum increase in the milk price at this time appears to be a political move. This might be "the year of the politician" but they'll have to come up with something bigger than this to swing many dairy farmer's votes.

Milk on the farm is worth 80¢ a gallon. In the grocery store it's about \$1.53 - a 73¢ spread between producer and consumer.

Ivory candles and greenery were the only decorations used when Joanna Carole Davis became the bride of Douglas Dean Manns, Silver Lake, at the home of her parents, Mr. and Mrs. Ted C. Davis Rochester. His parents are Mr. and Mrs. Carmel Manns, Silver Lake.

The bride's uncle, the Rev. John W. Davis, Up-land, heard the April 3 vows in which heirloom wedding rings were exchanged. The bride's ring belonged to her great-great aunt, and her husband's ring had belonged to her great-grandfather.

Paul Reuter, Claypool, also an uncle of the bride, played the guitar and sang "The Wedding Song" and "The Lord's Prayer."

Mrs. John Malott, Akron, was matron of honor. Debbie Fowler, Rochester, was bridesmaid.

The best man was John Malott and the groomsmen was Darrel Manns, both of Akron.

## Blue leaflet turning up

A bright blue leaflet will be turning up in Fulton Co. homes during April when American Cancer Society volunteers launch the 1976 educational and fund-raising crusade.

Larry Carr, Fulton Co. crusade chairman, says the workers will ring doorbells to hand out the leaflet that lists the seven warning signals of cancer. "The leaflet's special focus is on breast cancer," he notes, "which is the foremost malignancy that strikes American women today." The leaflet's breast cancer message is in the form of seven pertinent questions:

1. Can a woman help protect herself against breast cancer?
2. Can a blow or injury cause breast cancer?

3. Does breast cancer usually appear as a lump or thickening?
4. Do women themselves discover most breast cancer?

5. Are all breast lumps cancer?
6. Should a woman wait to see if a lump grows?

7. When breast cancer is found and treated early, are the chances of cure good?

The leaflet gives the answers.

The American Cancer Society estimates there are about 89,000 new cases of breast cancer each year and more than 33,000 deaths. The ACS and the National Cancer Institutes are sponsoring 27 breast cancer detection demonstration centers throughout the country. Some 300,000 women are being studied to find high risk factors that can help in cancer diagnosis.

## POLICE REPORT

Perry Morton, R. 1, Mentone, told Warsaw police someone removed his locked car from the south side of the Holiday Inn Saturday night. It was later found in the northeast corner of the Inn's parking lot, its radiator still hot.

Bert Helton, 59, R. 2, Silver Lake, was booked at the Kosciusko County jail over the weekend on an assault and battery charge.

## Handicrafters to organize

Area craftspeople--whether they be experts at knitting, bargello, weaving, crochet, bead work, quilting, raffia, eggery, scrimshaw, leatherwork or any other specialty--are eligible to participate in Mentone's Handicrafters' Huddle, a display and sale of local drafts at the annual Mentone Egg Festival.

To help last year's handicrafters to get acquainted with new crafters, a special meeting has been called for 7:30 p.m. Wednesday, April 28, in the cafeteria of the Mentone school. Linda Mullins, who heads Handicrafters' Huddle, said at least one meeting of the group will be necessary, but it will be arranged for the convenience of everyone.

Anyone desiring additional information can contact Mrs. Mullins by calling 491-2641.

## Weaver-Bunn vows exchanged

Dana Lou Weaver and John Timothy Bunn exchanged marriage vows April 4 in the Akron Church of the Brethren.

Clusters of daisies with springer and baby's breath decorated the windows, candelabra and altar candles. Spring-eri and ivory satin bows marked the pews.

Parents of the couple are Mr. and Mrs. Lloyd K. Weaver, R. 2, Rochester, and Mrs. Joan Bunn, Rochester.

The Rev. Charles Zunkel officiated at the double-ring ceremony.

Soloists were Mr. and Mrs. Richard Weaver, of Plymouth, the bride's brother and sister-in-law. Her aunt, Barbara Winenger, Argos, was organist and pianist, and Glenda Mark, Akron, was flutist.

Diane Skidmore, Rochester, was her sister's matron of honor. Bridesmaids were Jan Fore, of Columbus, Ohio, the bride's cousin, and Darla Weaver, sister of the bride. Danelle Weaver, sister of the bride, was flower girl.

Attending the bridegroom as best man was his brother, Allen Wade.

Groomsmen were Randy Stutzman and Gary Hiatt of Vincennes. Guests were seated by Tom Weaver, brother of the bride, and Paul Shirley of Panama City, Fla., brother-in-law of the bridegroom.

The couple greeted 200 guests in the church social room after the ceremony. Servers were Joann Kroft, Ronda Smith and Marga Thomason, all of Akron. Julie Blackburn, Rochester, was gift attendant and Linda Earl, Silver Lake, registered the guests.

Following the reception, a luncheon was served to 60 guests at the home of the bride's parents. Mrs. Bunn entertained at a rehearsal dinner in her new home.

The bride, a 1975 graduate of Tippecanoe Valley High School, was graduated this spring from International Junior College. Her husband, a 1973 graduate of Rochester High School, is a junior at Purdue University. He is enrolled in a work-study program and currently is employed by Continental Airlines in Los Angeles.

## Still time for style show

"There is still plenty of time to make those outfits for the Bicentennial style show and contest to be held June 11 during the Egg Festival," Marsha Scott said this week.

Mrs. Scott reminds that there are five categories: great lady and grand statesman, pioneer, most original and famous patriots.

Mrs. Scott can be contacted at 353-4752 for further information. The deadline for entries is May 24.

## Mentone Bicentennial quilt contest opens

Quilting is something everyone's talking about these days, and everybody seems to be doing it or at least giving it a try. As a salute to those who have dedicated hundreds of hours, nursed sore fingers and produced masterpieces, the Mentone Bicentennial commission will have a quilt show during the

Bicentennial Egg Festival in June.

All quilts must be hand quilted, clean and in good condition. There must be five entries in each judging category before a ribbon will be given.

Quilts will be judged in two divisions: antique (25 years or older--made during or before

1951) and recently made quilts (since or during 1952).

There will be six categories: baby quilts, embroidered, appliqued, pieces, others than above (liquid embroidered, combination, etc.) and quilts made by children under 20.

Word from the committee is: "Unpack your heirloom or hurry and put in those final stitches and enter the quilt show in June by contacting Virginia Lucht, R. 1, Mentone, 353-5405."

## Girl Scout News

Plans were made for a tea presented by the Jr. Girl Scouts for their mothers. This tea will be coming up in May. At the tea the Girl Scouts will begin their badges they have worked for. Penny Secrist brought a collection of pennies. Julie Manwaring also brought money from her collection. Sonya Quier brought posters for her collection.

## Seward club members hear lessons

The Seward Home Extension Club met Wednesday afternoon at Mrs. Earl Lowman's home in Burket. She was assisted by Mrs. Lance Gayle.

The club voted to donate \$5 to the cancer fund.

Mildred Kassen conducted a memorial service for Bernice Goshert, a charter member of the club.

Future plans include the May meeting at the Counting House Bank north of Warsaw. This will be a salad bar and members are urged to take guests. Marcella White and Neva Bruner will be hostesses. On June 28, the club will visit Miller's Merry Manor.

TRUE TO HIS WORD: Loyd Saner, chairman of the Akron Church of God's bus ministry program, last week promised he would be the target for volunteer egg throwers if 150 or more people rode the buses to church Easter morning. They

did and he did, manfully adding a pair of goggles and a bucket on his head for protection from 300 eggs tossed by 152 riders. The pictures follow the sequence from the windup, connection and hosing.

## New OSHA standard for farm safety

A new Occupational Safety and Health Administration (OSHA) standard requires that all farm field and farmstead equipment have guarding on the power take-off drives and shafts, regardless of the date of manufacture.

F. R. Willsey, Purdue University extension farm safety specialist points out that the new standard is effective June 7. The standard also calls for nip-point

guarding of power transmission components on all farm machinery manufactured after June 7. (Nip-point guards protect the belt and pulley contact point, as well as where one gear meshes with another.)

Purpose of the new guarding requirement,

Willsey explains, is to prevent farm workers from accidentally getting caught in farm machinery with resulting injury or even death.

In addition to the guarding standard, Willsey explains OSHA requires, effective June 7, that "the employer

shall instruct every employee in the safe operation and servicing of all covered equipment with which he is or will be involved."

Determination-If manpower won't, willpower will.

Any heirs of said decedent or others who have a claim to any part of said estate not set out in said final account or petition for distribution are required to appear and show cause, if there be any, why said report should not be approved and distribution ordered as set out in said petition.

## Egg missing, winners named

An egg bearing the number 14 is missing.

Last seen by the person who hid the eggs for the Akron Chamber of Commerce-sponsored Easter egg hunt Saturday afternoon, it was the only one not found when dozens of youngsters converged on the park where numbered eggs were in special demand because they were automatic prize winners.

Finders of the other 17 numbered eggs were Trisca Tilden, Dustin Pennell, Heather Heighway, J. J. Shuey, Stephanie Slaybaugh, all in kindergarten or below. Four-year-old Jill Butts and three-year-old Mary Cornell each found eight eggs.

Also finding numbered eggs were Jeff Burkett, Jennifer Novak, Shaun-

ita Hartzler, Todd Sorg, Caleb Hucks, Vince Klock, Mark Howard, Troy Huffman, Mary Hopkins, Troy Huffman and Lois Ferrell. Jeff Burkett found 14 eggs, and Lisa Grimes was champion egg searcher in the sixth grade.

## Fertilizer dumped

Fifty-eight tons of liquid fertilizer was accidentally dumped into an open ditch and carried to Lake 16 three miles west of Akron early Friday morning.

A semi-rig reportedly knocked off the valve of a storage tank at Bradway Farm Center, allowing the liquid fertilizer to pour onto the ground and into an open ditch before spreading westward to the lake.

Although there was no danger to humans from the accident, the Fulton Co. police department advised farmers in the area to be cautious about where they allowed their animals to graze.

Akron Marshal Ed Hauser reported the accident to county police at 2:14 a.m. Friday.

Officers said the rig was owned by Smolek Trucking Co., No. Judson, and operated by William P. Roy, No. Judson.

The matter was turned over to Fulton Co. Conservation Officer Richard Eurit for further investigation.

Loss of fertilizer was estimated at \$4,466.

## 200 Years In The USA -- Akron theme

"200 Years In The USA" is the theme for this year's Akron 4th of July celebration, which, because the holiday falls on Sunday, will be observed Monday, July 5, with a special Bicenten-

nial parade and other festivities.

Entries for the parade, which will begin at 11 a.m., may be turned in to Dick Day, 4th of July chairman. Prize money will be awarded

to first, second and third places in local, out of town and youth categories, and the winner in the newest category, business and industry, will receive a trophy.

Besides floats, entries of bands, baton corps, antique cars, horses, bicycles and novelty units are welcome.

In addition to the traditional parade, many other events are planned, including a quilt show, art display, queen contest, variety show and others. Additional information can be obtained from related articles in this week's NEWS.

**PRE-HISTORIC BONE:** Ryan Russell, son of Mr. and Mrs. Ron Russell, R. 1, Mentone, examines a large bone unearthed on his parents' farm near Sevasopol. Now fossilized, the bone was taken to Purdue University where scientists determined it is 15,000 years old. It is believed to be the shoulder bone of a mastodon, a large, extinct animal that resembled an elephant although it was much larger. The scientists said it was the first such bone ever discovered in Indiana.

The name and service will remain the same, but as of Monday there are new owners at Frank and Jerry's Market, Men-

Frank and Jerry Smith, who purchased the store 30 years ago from Ernest and Lena Igo, will assist in the transition.

## Tax commissioners hear TVSC bond remonstrators

Remonstrators representing the 329 people who signed petitions opposing Tippecanoe Valley School Corporation's \$160,000 additional appropriation for school buses were heard at a

public meeting Tuesday morning.

The appropriation, a general obligation bond issue, was approved at the February 16 school board meeting and advertised in the February

19 and 26 issues of the NEWS, and a hearing was set for March 15, the regular school board meeting night. At that time, there were no remonstrators. It was not

until later that remonstrations were filed with auditors of Fulton and Kosciusko counties, the tax board notified and Tuesday's hearing set.

Listening to arguments both for and against the issue were Herbert C. Holmes and Glendyn Albright of the State Board of Tax Commissioners.

James Beeson, Harrison township, was chief spokesman for the remonstrators, listing six objections to the bonds: 1) The obligation placed upon the freeholder as a mortgage on his real property for what he termed a questionable purchase as advertised in the legal notices. 2) It would establish a precedent as another tax on real property for money that should be provided by another method to pay for "rapidly depreciative material." 3) It is the most expensive way of obtaining money due to legal fees and bonding company discounting. 4) It passes the ceiling in dollars established by the property tax freeze. 5) Freeholders are already obligated to pay approximately six million dollars to the TVSC holding company to pay for TVHS. Money for this, he said, comes from the cumulative building fund, a direct tax on real property. 6) With 329 certified signatures on their petitions as compared to 148 signers for the board's petition, he said the remonstrators had a two to one majority and charged school district officials canvassed employees of the district and a large number of them, along with their spouses, signed. "Without these," he said, "our majority would have been approximately four to one."

He said failure of a person carrying a petition to personally witness each person's signature would subject that person to perjury, and he hoped the tax commissioners would ex-

amine all the petitions carefully.

"We are not opposed to safe buses for the children, for transportation to and from school. What we are objecting to," he said, "is the method being used to achieve this."

He charged previous boards had a policy to budget money for one to three buses each year. "Wasn't it in the budget this year?" he asked. "If not, why?"

"Deficit spending got New York City and others in trouble. If approved, it could start this corporation on the same road," Beeson cautioned. "If approved, it could set patterns for deficit spending for other items suggested by someone whether needed or not."

Speaking in favor of the bond issue was TVSC business manager Robert Forbes who reminded the remonstrators that no one had protested the bond sale at the official meeting. "We're not the only ones seeking to meet expenses this way," he said. "Warsaw and WaNee have done the same. The law provides for this."

"We live in a conservative area," Forbes said, "and TVSC has the lowest operational expenses around." Reminding those present of the "tax freeze," he cited costs the corporation now has that it did not have at the time tax

levies were frozen: "The Talma school is gone. We now have TVHS. Its electricity for one month is as much as Talma's was for a year. Other expenses are higher. There are new programs. There are such things as Title 9, which calls for the extension of sports for girls, and which costs more money. And there is special education."

"We estimate we can save \$18,000 on the new buses if we buy them soon," Forbes said. "The price will go up because of 'useless regulations' that will add as much as \$2,000 per bus."

"The additional money allowed by the state is not enough to hold status quo," he said. "We only went for 50 signatures: many thousands more could have signed." Noting the corporation is the only one of its size not "unionized," he said meeting union and teacher demands is costly. "We don't think the bond issue will create a tax increase," he said. "If the issue goes through, we will buy nine buses; if it doesn't, we won't. We'll still be below other surrounding corporations on tax rates."

Turning again to the remonstrators, the tax board heard Dr. Donald VanGilder, Mentone, and Frank Lukens and Whitney Gast, both of Akron.

Gast said the remonstrators had very little time to prepare their petitions--only three days, he thought. "We're not on the school district payroll," he said. "The people I've talked with would rather have a tax freeze than a ten-year bond obligation," he said. "And many more later said they would like to sign the petition, but it was already too late."

VanGilder, like Gast a former school board member, urged the board to be more frugal, more efficient and less extravagant in other expenses, including plant operation, driver education, secretarial and clerical expenses and bus repairs.

Lukens said taxes mostly come from farm-

ers who are already faced with adverse conditions and government regulations.

School attorney Frederick Rakestraw said, "We should get our facts straight. The resolution the board adopted calls for a maximum of five years with the last payment due in 1981. There will be no big legal fees; my own work is billed strictly on a time basis. We expect all bonds to be purchased by local banks so there will be no prospectus to prepare and no brokers. We anticipate a five percent interest rate, although our resolution calls for a maximum of 6 percent."

Holmes noted the advertisements had stated the bond period would be ten years, but that this discrepancy would not affect the legality of the issue.

"If the Tax Control Board says no, the issue will be dead," he said, "and if the State Board of Tax Commissioners says no, it will be dead, and that will be the end. If we say yes, the only further action left remonstrators would be an appeal to courts. And we've never lost an appeal since I've been on the board," he added.

Forbes said, "If one more certified signature had appeared on a peti-

tion opposed to the issue than was obtained on the petitions favoring the bond sale, and if these had been presented at the March 15 meeting, the bond issue would have been dead."

Holmes replied, "It would have been dead for one year; then it could have been brought up again."

Board member Richard Goshert, a candidate for re-election, thanked everyone for attending, saying, "We seldom see anyone with moxie enough to come. We would rather finance school buses as in the past, but we're in a situation where we have to go with the best of a bad situation. Leasing would be even more costly. We don't like this method any better than you."

Superintendent Dr. Lloyd Harrell reminded that the board authorized prioritization of goals at the last meeting and wondered how many of those present would want to serve on the committee. "Apathy is high," he said. "Of 80 letters sent in hopes of getting 60 acceptances, we've had only 14 replies."

A few of the remonstrators agreed to serve on such a committee, and Holmes called the meeting to a close, saying he did not know when a decision would be reached on the bond issue.

ARGUING for the bond issue was TVSC business manager Robert Forbes, right.

Mankind is a composite of the heavenly and earthly.

The road to happiness is always under construction.

60 YEARS AGO

The country home of Mr. and Mrs. Philip Arter was the scene of a pretty social event Sunday, April 30th, that being the 75th birthday of Mrs. Arter. Her children, eight in all, planned to spend the day with her by coming with well filled baskets, from which they all feasted right royally. The guests numbered twenty-nine, composing her immediate children and families, and also her pastor, Rev. Spangler, who gave a talk on the duties of children to their parents, which was very impressive to his hearers. All left in the evening wishing her many more happy returns of the day.

Poor prospect for wheat crop, some fields plowed under.

There are not as many school children in Henry Township as in former years, nor are there as many in the county. Henry township's decrease is placed at 43, and the county's decrease at 70. The recent enumeration will show a state decrease in child population, while the adult population in the state is on the increase. Two reasons for the decrease in Henry township and Akron are that they are graduating three dozen at a time and getting married by the couples while in both cases they otherwise would be enumerated. Smaller families and no family at all accounts for the rest of the decrease.

The Akron Alumni Association held its annual banquet Monday evening, at the high school building. The guests were called to order at 8:30 by the president, Cecil Kuhn. The graduating class of 1916, numbering thirty-four, were guests of honor. Music was furnished throughout the banquet by victrola.

James Love, son of Mr. and Mrs. Ferman Love, was awarded a certificate at commencement exercises last Thursday night which is not often awarded at graduation times. James attended school for twelve years with a perfect record. He was neither absent nor tardy during his entire school term.

Mrs. Viola Funnell was delightfully surprised at her home Sunday when relatives gathered to help her celebrate her birthday. A basket dinner was enjoyed by the following guests: Mr. and Mrs. Ray Swick and sons, Homer Saner and sons, Lloyd, Robert and Roy, Mrs. Ellen Saner, Misses Ina and Bernice Engle, Gerald Engle, Mary Ann Dawson, and Harry Funnell and daughters, Wanda and LaDonna.

Mr. and Mrs. Jack Barnhisel of Huntington called on Mr. and Mrs. Lonnie Meredith Wednesday evening.

Charles Wells, Jr. has purchased a new Chrysler.

Joseph Kroft of near Akron received cuts and bruises in a two-car crash which occurred at the corner of Main and Fourteenth sts. in Rochester last Monday night. The other car driven by Robert Harmon, aged 52, of Kentucky. Another occupant in the Harmon car was injured so badly she required hospital attention. Both cars were so badly disabled that they had to be towed to a garage.

At a meeting held last Monday evening the Akron soft ball association decided upon a few plans for the coming year. It was decided to charge a one dollar registration fee this year the same as last year. The deadline for registering was set for May 10.

25 YEARS AGO

The Ground Observer Corps of Akron's Civilian Defense group maintained an hourly watch at the high school building recently as part of a test course on airplane spotting. Two formations were reported, one during the 11 to 12 watch and the other during the 3 to 4 watch, both on Saturday. Among those who volunteered for the job were Roy Meredith, Roger Parker, Roger Wright, Helen Utter, Eva Bevington, Ralph Leininger, Kate Jennens, Esther Billings, Joe Boswell, Sara Haldeman, Earl Kuhn, Lonzo Meredith, Mary Price, Barbara Leininger, and Suzanne Gast.

Mr. and Mrs. Carl Crockett have moved to the Hotel Akron and will assume responsibilities of housekeepers at the hotel.

## Bell kick off

Dear Editor:

Thank you for the fine coverage of the Lawrence D. Bell Aircraft Museum fund raising kick off. The program was a great success and the honor of having Brig. General Charles Yeager, Ret., was indeed a tribute to Lawrence Bell, to the museum and to the town of Mentone. Yeager's knowledge and relationship with Larry Bell and of Bell Aircraft will be of tremendous value to us in the future. It was interesting to note that General Yeager, on a first name basis with many world-famous people, only referred to Larry Bell as "Mr. Bell." The General also expressed his desire to return to Mentone for the dedication of the museum upon completion.

Of all the letters of appreciation that I have to write, I feel that this one is the most important. The museum will be an asset not only to our community but to the entire state of Indiana. Many are just beginning to realize the magnitude of our project.

In April of 1975, with the encouragement of the Mentone Chamber of Commerce, we began searching methods of financing and promoting the museum. Now, one year later, we are certain that the possibilities are definitely there. It has been said that there is nothing more powerful than an idea whose time has come, the museum will be built.

Our museum can only be as great as we make it and we know that the folks right here in Mentone have the potential to make it something worthy of the esteem of each and every visitor. Sincerely,  
Mary Jane Hill

## Pony Express

Dear Editor:

Fulton County's pony express riders are getting ready to saddle up May 7 to carry the rededication scrolls from each township. These will be given to the Bicentennial Wagon Train when it comes to Rochester to camp at the 4-H fairgrounds.

Darla Greer, Wayne Twp., will carry the scroll from Grass Creek. The scroll is posted in Thomas hardware for the public to sign to pledge their rededication to the principles on which the United States was founded.

Wilma Jean and Judy DeWitt will carry the scroll from Kewanna. Their grandfather, Don VanDuyne, now in his 50th year of working as a blacksmith, will follow in his truck. He is the third generation of blacksmiths in the Van Dwyne family in Fulton Co.

Teri Simpson will be the pony express rider from Richland township. Dressed in an Indian costume, she will ride her Appaloosa pony and carry the Scroll posted in Tiosa store that will be taken to the polls at Richland Center on election day. She is the daughter of Mr. and Mrs. Larry Simpson and a freshman at Rochester high school.

The Donald Kline fam-

ily will serve as pony express riders from Henry township. The family consists of Don; his wife, Marianne, and daughters Amy and Ann and son Mark.

Shirley Willard and her sons, Tom, Allen and Billy Joe, will carry the scroll from the Civic Center Museum. They live just off new US 31 and will probably be the first to join the Wagon Train as it comes from Peru.

Rod Shelburne, son of Mr. and Mrs. Howard Shelburne, R.6, Rochester, will carry the scroll from the Senior Citizens center. His sister, Betsy, will carry the scroll from the News Stand.

Shelly Hartle will deliver the scroll from Leiters Ford, and Bonita Daine of Talma will ride her Arabian horse, Kistari, to deliver the scroll from Talma.

Charles Venzke, Liberty township, will bring the scroll from Fulton. He is president of the Flying Circle F saddle club and will be accompanied by other members of the club.

"Don't let them carry half-empty scrolls," urge members of the Fulton Co. Bicentennial committee. "Sign your name today." The Bicentennial scrolls will be by wagon trail to Valley Forge to be placed in a time capsule.

The scrolls are posted in the Talma hardware, Tiosa store, Leiters Ford bank, Kewanna bank, Grass Creek hardware, Fulton bank, Akron library and in Rochester, at the News Stand, Civic Center museum and in the Senior Citizens Center.

"I feel better

Dave Johnson, New Castle

Dave knows that whoever is going to pay the electric bill is going to get more for the money. Why? A new home that qualifies as an Energy-Saver Home has energy-saving efficiency built in. Extra insulation, snug storm windows and doors, an efficient electric heating and cooling system sized to the living space.

Four years ago the Akron Carnegie Public Library was in the process of microfilming all of the available Akron News. The Librarian decided to start a project of indexing all of the Akron News to date as to deaths, births and marriages. This would perhaps take years as there are only two on the staff and to work this in with all of the other work would be an endless job but usually a way can be found to do a project if we have the courage to look ahead. The opening came when one day Roy Meredith.

who had just retired, volunteered to help with any work he could do. This brought real joy to the librarians as they felt he would enjoy indexing the old Akron News. He would work perhaps an hour a day through the winter months. Of course, after the births, deaths and marriages were taken from the papers, they had to be typed on cards and filed in boxes. Two years ago a committee composed of Mrs. Dale Sheetz and Mrs. Joe Boswell from the Akron Woman's Club asked the librarian if they could

have a project of helping with something to help the library that wouldn't cost money. Of course, immediately the librarian was enthused to think someone else would be available for this great task. The woman have had the project for the last two years, working along with Roy Meredith. Whenever a member can spare a few hours she has gone to the library and either typed, indexed or filed. Three women who are not members of the club, Elizabeth Sausaman, Amelia

This past week a great milestone was reached when the last card was filed. There were 252 hours put in by the members besides the hours Roy Meredith spent working during the four-year period.

The Akron Library is one of the very few in the state, and perhaps the nation, that has achieved such a project. This, along with the project completed last year of the listing of all burials in Henry township, gives our library a very good local

history collection. Anyone seeking help with genealogy pertaining to Henry Township should visit the Akron Public Library. All Akron News from 1893 to date are on microfilm and are indexed. Not a better time could have been planned to complete this project, than during our bicentennial year.

Damages of \$800 were estimated to a car operated by Jeffery K. Prater, 16, R. 1, Akron, when it went out of control and rolled over at 7:15 p.m. Thursday on Fulton Co. Rd. 350 So.

Mosun Oshogwemoh, 26, Rochester, was hospitalized Tuesday morning after her car collided with a truck driven by Fred Walgamuth, 74, Akron. Also injured was a passenger in the Oshogwemoh auto, Dinah Garcia. Police said the accident occurred when the eastbound Oshogwemoh auto was passing Walgamuth's eastbound truck on SR 14. They said the auto apparently cut back into the right lane too soon, striking the truck. The impact caused the truck to go off the south side of the road and through a fence before it rolled over as the auto continued east for a half-mile before going off the north side of the highway and into a fence. Police said both vehicles were totaled. Damage was listed at \$1,800 to the auto and \$3,000 to the truck.

Arthur W. Smith, 20, Rochester, was listed in fair condition Monday at Murphy Medical Center where he was admitted Saturday for observation following a one-car accident on SR 19, one mile north of Mentone. Investigating officers said Smith was headed north on SR 19 and was passing cars on the wet pavement when the vehicle went out of control and struck an abutment. Damage to the car was estimated at \$1,500 with \$150 damage to the fence at the Russell Antonides farm. Assisting with the investigation were the Kosciusko Co. police, Mentone Marshal Gene Norton and the Mentone Fire Department.

## Akron Bicentennial commission plans quilt show

A special quilt and needlecraft exhibit is planned for Akron's July 5 celebration of the town's and nation's birthday.

Mrs. Lyle Harris is in charge of the display, which will include any quilt, afghan, needlework or other craft the entrant desires to display. The

works will be for display only and will not be judged or offered for sale.

The displays will be divided into old quilts, newer quilts, afghans, needlework, crafts and a special display of works created especially for the Bicentennial. All work is to be accompanied by a card containing the owner's name, the maker's name and the year or approximate date it was made.

Displays will be set up Sunday, July 4, for viewing on July 5. Around the clock protection is planned, according to Mrs. Harris, who can be contacted by people wishing to display.

The annual arts and crafts display and sale in the grade school cafeteria will again be under the direction of Mrs. David Kruger.

## Variety show slated by Akron group

"Your talent is needed," remind members of Akron's Bicentennial commission in announcing plans to add some new attractions to this year's Akron 4th of July celebration.

The commission will sponsor a variety show under the direction of Dale Pace, choral director at Tippecanoe Valley High School. Mr. Pace is currently seeking talented area residents interested in participating. The committee plans to include only adults above school

age, although the age restriction may be altered later.

All interested groups and individuals should contact Mr. Pace at

TVHS or Mrs. Randall Leininger at Akron.

Plans call for the show to be at 3 p.m. Monday, July 5, in the Akron gym.

## Senior citizens to be honored

Marie Coleman and Grace Sullivan, members of a committee to honor Mentone-area senior citizens during the Egg Festival this summer, remind that all registrants must be 85 years old or older and must reside within three miles of Mentone. They ask, too, that those senior citizens who re-

turn the questionnaires mailed them make certain their names are included on the reply.

Fulton Co. sales of series E and H United States Savings Bonds were \$6,842 in the month of February, according to Charles H. Rauschke, volunteer county chairman of the savings bond committee.

## NEW BOOKS

New books at the Akron Carnegie Library include the following:

**ALL THAT GLITTERS** by Noel Gerson. This is a novel about gold smuggling in the Orient.

**NORTH OF 53°** by William R. Hunt. This is a rigorous social document supported by the records and diaries of the people who built Alaska. A glittering treasurer of anecdotes brought together by William Hunt, it takes us right to the center of the whirlwind story of Alaska's Yukon gold seekers.

**THE CHANGING DREAM** by John V. Tunney. This tells us the truth about the material and energy crises and what we must do to resolve it.

**COURAGEOUS JOURNEY** This is the Civil War journal of Leatitia Lafon Ashmore Nutt.

**DEPRESSION ERA GLASS HANDBOOK AND PRICING GUIDE** by Darlyne Conway.

**THE GOLDEN BOOK OF COLONIAL CRAFTS** edited by Allen Bragdon. There are more than seventy craft projects from Colonial times that are adapted for today.

**A GATHERING OF THE LAMBS** by Gertrude F. Johnson. This is a story of a family of Germans living in Poland during World War II.

**JUST ACROSS THE STREET** by Cale Oldham. This

is the kind of book most of us like to own for our personal reading pleasure, and to share with others. For here in warm, personal, direct narratives are ways in which an individual can be growing Christian and overcome life's typical problems.

**FOR GOODNESS SAKE** by Edith Patterson Meyer. Mrs. Meyer's firsthand look at life behind the parsonage door presents a vivid picture of the period. Yet it is at heart the story of a family and a tribute to the values and deep faith of parents who exemplified and emphasized living for goodness sake.

**BAKER'S HAWK** by Jack Bickman. The passage from childhood to maturity is difficult at best, and for eleven year old Billy Baker it was a time for questioning all the values he'd been taught to live by as a farm boy in the Colorado of the 1880's. It was a time for viewing neighbors, friends and particularly his father through eyes no longer filled with awe. And somehow the doubts and fears affecting the boy found an outlet in the injured red-tailed hawk that Billy was raising as his own.

It's as old as man himself, yet as new as this moment or the next. It's everchanging and somehow ever constant. It has been written about and analysed by wise men, yet it has never been defined and never will be. You can't see it or touch it; yet it is everywhere. It survives weakness and neglect, thrives in thoughtfulness. Its possibilities are infinite, its strength limitless. It's what makes man human, what makes life worth living. It's friendship. Thank you sincerely for your friendship and loyalty through the years, as we worked to bring you quality and service. Pleasing you has truly pleased us. Our fondest wish is for the Royal Baum family to merit your considerations as they strive to operate the business in the same format to which you have become accustomed through the years.
