T.V.H.S. presents

"An Evening On Broadway"

Directors, Mrs. Nancy Yeiter and Mr. Dale Pace of the Tippecanoe Valley High School have announced that the Spring musical for this year is "An Evening On Broadway" a compiled show of fifty-five numbers from previous musicals the high school has put on and many other musicals.

This is a new approach to the spring musical and the students and directors have worked very

hard to make an entertaining evening for you.

The show is a celebration of all

the great musicals of Broadway. Some of the numbers are "Somewhere" from West Side Story, funny songs like "Why Me" from Two by Two, and songs of hope like "Look to the Rainbow" from Finian's Rainbow. The musical will be Friday and Saturday evenings, April 10 and 11 at 8:00

p.m. both nights. Tickets can be reserved by calling 893-7221 or 353-7888 or may be purchased at the door.

Some of the cast pictured at the left are Pam Zimmerman who will sing "Where Is Love" and "Adele's Lament," Keith Paige who presents "Some Enchanted Evening" and "If Ever I Would Leave You," Sherri Clark will sing "I Can't Say No."

The pianists for the musical are senior, Beth Fugate and sophomore, Tomi Smithson. The rest of the cast is as follows: Seniors - Sherri Clark, Keith Paige and Pam Zimmerman; Juniors - Roni Baker, Wally Dove, Kathleen King, LuAnn Knoop, Paula Shireman and Teresa Wallace; Sophomores - Kristi Coplen, Chuck Cullison and Marilyn King; Freshmen - Mark Fugate and Andrea LaMar.

President Reagan 3 others shot by assassin

President Reagan was wounded in the chest Monday by a gunman who tried to assassinate him with a burst of gunfire that critically injured three others.

At this writing the president is in good condition.

The assassin, John W. Hinckley, 25, of Evergreen, Colorado was arrested and is charged with attempting to assassinate the president.

Clubs to donate for cancer

Members of the Akron Woman's Club and Beaver Dam Better Daughters 4-H Club on April 3rd and 4th, will give away daffodils to persons who contribute to this year's Cancer Crusade.

These volunteers will be donating their time, efforts, and bright spring flowers to help raise additional funds for cancer research.

The flowers, selected by the Fulton County Unit of the American Cancer Society as the symbol of hope for cancer patients, will be given to anyone who donates to the cause. The daffodil will serve as a token of "Thank you."

Akron EMT's announce car wash & bake sale

The Akron Unit of Fulton County E.M.S. met for their monthly meeting Tuesday, March 3, 7:00 p.m., at the Akron ambulance garage. Ten members were present. During the months of December and January the unit made 4 ambulance calls each month.

Ruby Dawson, Akron, presented the group with a \$100.00 donation. The members are still undecided as what the money will be used for. We all want to express our gratitude to her.

The members would like to express congratulations to Marilyn Craft, Judy Smith and Buster Hucks for successfully passing

their State Certification E.M.T. test.

April 18th, the Akron group are sponsoring a Car Wash and Bake Sale. It starts at 8:00 a.m. and will go until there are no more cars. The money which is raised at this event will be used to buy radio equipment for the ambulance.

Any person wanting to make a baked item, or since its close to Easter, decorated eggs, we would appreciate it if they were to be brought to the garage between 7:00 a.m. and 8:00 a.m. that morning. All donations are welcomed and greatly appreciated! The cost is \$3.50 for a wash and

dry, and \$4.00 for a wash, dry and vacuum. Bring your cars, vans, pick-up trucks over for their spring cleaning.

Are you interested in becoming a volunteer driver or becoming an E.M.T. for the Akron unit? We would like to talk to you, show the ambulance to you, and tell you what an E.M.T. does on an emergency call. If you are interested please call any E.M.T. come to a meeting or stop by during the car wash. Right now the Akron unit has less than 15 E.M.T.'s on call for the ambulance. We are in desperate need for both volunteer drivers and volunteer E.M.T.'s. The unit meets the first Tuesday of every month at 7:00 p.m. at the ambulance garage. Everyone is welcome to attend.

Let's go to the fair

The Mentone Chamber of Commerce at its latest meeting discussed the problem it had in getting enough volunteers in manning the Mentone Fair Stand at last years Kosciusko County Fair.

Here is a chance to serve your community while having an awfully good time. For further information contact Ron Secrist at 353-7933 or Roger Moriarty at 353-7647.

Let's show Kosciusko County what we mean by pride in our community!!

See you at the fair!!!!

"Proud to be an American"

Theme for Egg Festival

The 1981 Mentone Egg Festival Parade, sponsored by the Mentone Chamber of Commerce, is being co-chaired this year by Orabelle Meredith and Darrell King. The theme for this year's parade will be **PROUD TO BE AN AMERICAN**. The parade will be held Saturday, June 6th at 2 p.m.

The parade committee consists of

Lana Mitchell, Linda Montel, Joanne Bush, Rita Simpson, Jerry Smith and Kate Whitestone. The committee feels this theme encompasses the general feeling of the nation with a re-awakening of patriotism. They urge everyone to put on their red, white and blue thinking caps in order to make this year's parade a success.

Mentone's egg to have a new face lift

The Mentone Chamber of Commerce met March 17th at the Farmers State Bank with President Royal Baum presiding over the meeting.

An update report was given by Mrs. Orabelle Meredith concerning the progress of the upcoming Mentone Egg Festival Parade to be held in June. A motion was made and carried that we ask Jim Miller to be the street commissioner during the Egg Festival.

New wall plaques were ordered by the Chamber to indicate participation in the Chamber, and will be distributed to all new Chamber members upon their arrival.

Chamber of Commerce plans to

have the egg repainted this spring, and to plant a new flower bed around its base.

The Chamber also voted unanimously to send in the Christmas light fixtures for rewiring and greenery.

The Chamber would like to publicly thank John Dorsey, Rex Holloway, Mr. Fisher, Mr. England, Mr. and Mrs. Welch, and Rita Price Simpson for their help with the Burket-Mentone ball-games.

Any new ideas, thoughts, comments, and criticisms are welcomed by the Chamber, and we invite you to attend any of our meetings, which are held the third Tuesday of each month.

Akron's 4th of July committee plans

To begin with the money making projects for the 4th, the annual grade school basketball game, sponsored by the 4th of July committee, will be held in the Akron School gym on Thursday evening, April 16. This basketball game is awaited impatiently by the whole of the 2nd thru 5th grade students, as they get to play before their parents and friends and show the skills they are already attaining.

This year the chairmen for the Akron 4th of July is Mr. and Mrs. Wayne Reese of Akron, Mr. and Mrs. Kirk Robinson, will be acting as co-chairmen of the event. This committee along with the help of Mr. and Mrs. Orville Reese and Mr. Bill Hively are already making plans for the entertainment, parade and fireworks display that the area residents are familiar with, since this has become an annual event.

Have you played games lately? Well, here's one. Guess what it is? It is a plant, a very nutritious plant and has a beautiful common flower. It is absolutely free except for a little human energy needed for collecting it. Some say it is definitely a weed. Some make wine from the blossoms and others make a type of coffee from its dried root. The leaves are used as spring greens, cooked or as a salad. Little children pick the flowers by the handful and take them to their mothers to show how much mothers are loved. Each flower is a ready cluster of flowers. Each individual disk flower is complete with a stamen and pistil. When the flower matures each seed is equipped with its own feathery parachute that allows it to see the world by sailing on the wind. Of course, you have guessed by now it is the lovely but lowly dandelion! It is nice to know that no matter how hard everyone tries to get rid of it, it keeps on coming up in everyone's yard. You see, the Lord has given the dandelion so many qualities of growth and reproduction that it will never become extinct!

Have you had your first dandelions this spring? A nice mess was collected from the south side of a hill recently so you can have your first ones soon. The April blood pressure clinic will be Thursday April 9 from 11 to 12. Plan to stay for the lunch and birthday party the same day. Plans for the new housing project are progressing and will be ready for occupants in July 1981. Call the Akron Lions Club Site for more information. Puzzles and UNO have been keeping many senior citizens busy at the Lions club site recently. How about getting ready for the Fulton County Senior Citizen Olympics? I'm disappointed that no one has asked for an application. Walking, ball throwing, horse shoes, checkers and such are the type of events for competition.

How about the Spring Fling held each year on a Saturday in April? A full day of fun with other Area V senior citizens. This will be on Saturday, April 25 in Peru. Call 893-7204 or 893-7263 for more information. Reservations need to be in Friday, April 17. Scheduled menus for the week of April 6-10 are:

MONDAY: Sloppy Jo sandwich, cream corn, peaches, rice pudding w/raisins, milk, coffee.

TUESDAY: Fried chicken, sweet potatoes, tossed salad, brown bread, white cake, milk, coffee.

WEDNESDAY: Ham and beans, carrot/raisin salad, cornbread, tapioca pudding, milk, coffee.

THURSDAY: Salisbury steak, green beans, tossed salad, brown bread, fruit jello, milk and many tasty foods from the kitchen of the Akron Keen-Agers.

FRIDAY: Macaroni and cheese with ham, stewed tomatoes, brown bread, applesauce, milk, coffee.

April Fool

April Fools are a mystery in history. No one is quite sure how the custom began, or where it originated. One of the better theories centers on ancient France.

April fooling became customary in France after the adoption of the reformed calendar by Charles IX in 1564, which made the year begin January 1. Previously people had exchanged New Year's gifts on April 1 (under the old calendar).

Some objected to the change and these conservatives were some-

times mocked by jokers who sent them April 1 gifts. Today a person fooled on April 1 in France is known as a poisson d'avril—an April fish.

Only in the eighteenth century did April Fool's Day become established in England, and from there it was brought to America by the early settlers. In this country it has become customary to attempt to fool or trick one's associates, for a laugh, on the first day of the month, which ushers in the second quarter of the year.

Motherhood

The primary miracle on this earth is motherhood—loving mothers who day after day, tiring hour after tiring hour, feed, clothe, clean and care for their children. It continues day after day, week after week, month after month, into years.

Mother love is so deep she sacrifices practically everything to properly, tenderly care for her children. Enjoyment of this noble duty stems from upbringing, training and natural inclination.

The strongest, most successful countries, those with the highest standards, are almost invariably countries where the care of children by their mothers is revered and respected by all. The communist system is for working mothers to turn over their children to central care centers. There, others take the little children in hand, not their mothers.

If necessary, and it often is, little children must be left in the hands of others. All mothers must sometimes be freed from this duty. Kindergarten and school, of course, take over as children grow older. But, generally, the miracle of loving mothers is still a miracle.

Why, then, do so many seek to run mothers out of their homes, to portray a factory job, or business office job, as a step up the ladder from motherhood? Does anyone seriously believe little children are as well cared for, with as much love, by others?

Are working mothers themselves happier without their children? Is the future generation aided by destroying the traditional admiration of motherhood?

Viet Vet's Day?

Chagrined by the self-righteous orgy of hero-welcome bestowed on the 52 Iran hostages, some are now proposing that the nation do something to show its appreciation for Vietnam veterans.

One columnist suggests we should make this year's Memorial Day, or July 4, a day in recognition of the veterans of the Vietnam war. That, or something better, would be appropriate.

President Reagan set the tone recently when he decorated, with the Medal of Honor, one of the genuine heroes of that war—in a public ceremony. He repeated his belief that the Vietnam war was a noble one, and again said that the soldiers won their war but were not permitted to finish the job.

So, after bitter years, the public mood is changing and the veterans who were scorned and forgotten are finally being recognized as the heroes of their nation in the sixties and early seventies. The least the nation could do would be to designate a special day in their memory and honor, in 1981.

B. J. Crowley's HOROSCOPE

Week of April 5, 1981

ARIES -- The Arian has tremendous drive. He is almost always successful. He is often an over-achiever. Seldom is he a quiet person, talking so much he has few secrets. He likes people and wants them to like him. Best color is red; lucky numbers are 2 and 4. Lucky day is Sunday.

ARIES -- March 21 to April 20--You have terrific leadership ability, but you must learn to discipline your tongue if you want to exercise this ability. Think before you speak.

TAURUS -- April 21 to May 20--Curb the tendency to act aggressively. Constructive pursuits are the answer to your frustrations.

GEMINI -- May 21 to June 20--Join a group or association dedicated to civic improvement. If you take a job on a committee, give it your best.

CANCER -- June 21 to July 22--Keep all activities above board. Spend some time with a friend whom you truly enjoy. Set a good example for others.

LEO -- July 23 to Aug. 22--There is a time for work and a time for play. Concentrate your efforts this week on work.

VIRGO -- Aug. 23 to Sept. 22--Take care that you don't make a thoughtless remark which could be misinterpreted. Keep private matters to yourself.

LIBRA -- Sept. 23 to Oct. 22--Stay in circulation this week. A social situation could lead into the beginning of a permanent and beautiful relationship.

SCORPIO -- Oct. 23 to Nov. 22--Be aware that young people close to you have problems that are very real to them. Don't be too alarmed that those things which seem logical to you don't strike them in the same way.

SAGITTARIUS -- Nov. 23 to Dec. 21--The temptation to spend money needlessly is great this week. Instead, stay home and get things in order. Mend or repair those things which can be useful.

CAPRICORN -- Dec. 22 to Jan. 19--Entertain friends. Plan a good menu. Spend some time with children. Don't neglect your spiritual life. Make plans for the future.

AQUARIUS -- Jan. 20 to Feb. 18--Think before you speak. If it seems that others are making it hard on you, take a look at yourself. The fault could lie with you.

PISCES -- Feb. 19 to March 20--You have a lot going for you. You are well liked by your peers.

DAMAGE REPORTED

Damage of almost \$1,000 was caused Wednesday to a 1974-auto owned by Larry Boggs, R. 2, Warsaw. The damage occurred in the Tippecanoe Valley High School parking lot. A sharp object was used to make deep scratch marks in the vehicle, county police report.

AKRON ITEM

Mr. and Mrs. Bill Kinder, Mr. and Mrs. Gary Kinder and Jeremy and Kay Kinder of Warsaw and Mr. and Mrs. Vernon Mathias and Fern Bowen were Sunday dinner guests of Mrs. Clifford Bright and Velma Bright. The occasion was in honor of the birthdays of Lovie Mathias and Velma Bright.

Notes from T.V.S.C. Board Meeting

The Tippecanoe Valley Board of School Trustees met in regular session Monday, March 16, 1981 in the Tippecanoe Valley High School.

The Board approved a junior high school summer recreational baseball program and gave approval to Coach Rudy Gingle to attend a Marshall County Coaches meeting to find out if their league would allow Tippecanoe Valley High School to join it, if the number of boys would warrant a team.

The School Board approved the construction documents, pending approval of the Construction Managers and legal council. This approval will allow bids to be taken on the remodeling projects at Akron, Mentone and Burket. The tentative bid date is April 23, 1981.

Craig Kantner, Tippecanoe Valley FFA member received per-

mission for the first part of the tree planting project to begin as soon as trees can be obtained.

Special Education policies as recommended by the Special Education Co-op were adopted by the School Board.

The resignation of Kevin Campbell was accepted.

The superintendent reported to the board concerning the recent tours of the Akron and Mentone buildings by interested patrons and stated that he felt that most of the reactions were positive. Most people were in agreement that something must be done with the Akron Junior High School building.

Pat Hoover, corporation nurse, was given permission to attend classes at Indiana University at Kokomo on Tuesdays and Thursdays during the month of May.

Gary Stath received permission to attend a wrestling clinic in Chicago in April.

You can live with Diabetesif you learn how

The American Diabetes Association and the American Dietetic Association have joined forces to create THE AMERICAN DIABETES ASSOCIATION. THE AMERICAN DIETETIC ASSOCIATION FAMILY COOKBOOK, a complete nutrition guide for the whole family, containing an approved system of healthful living through proper diet for the diabetic.

There are an estimated ten million diabetics in the United States and though diabetes is an incurable disease, it is controllable through medication and proper diet. For the diabetic and the family with a diabetic member, the selection and preparation of the proper food is extremely important.

The first and only total cookbook and nutrition guide jointly prepared by the American Diabetes and The American Dietetic Associations, THE FAMILY COOKBOOK offers over 250 kitchen tested recipes the diabetic and the whole family can savor. There are daily menu tips, meal planning for the family with a diabetic member, innovative "Nutrients per serving" guides for each recipe, important tips on eating out, "brown bagging" it, weight control, exercise and much more. For

those who have diabetes or have a diabetic in the family, the ADA/ADA FAMILY COOKBOOK is an encyclopedia of nutrition "how to's" ranging from using these recipes in the daily meal plan to balancing food and medication during illness.

The use of sugar (sucrose) in several of the recipes may seem unusual. Frequently, individuals with diabetes believe they must follow a "Sugar-free" diet. There is really no such diet. Milk and fruits naturally contain sugar. Breads and cereals may contain sugar as an ingredient, and breads and cereals also contain starch, a form of carbohydrate which is converted into sugar during digestion. However, use of sugar added to food by persons with diabetes is usually limited, and recipes containing sugar are used only occasionally.

Diabetic diets have traditionally been low in the amount of sucrose permitted. Use of sucrose in diabetic meal plans should be discussed with the diabetic's physician.

Of special interest to anyone who must restrict carbohydrates and calories are saccharin and fructose.

Saccharin is a noncaloric sweetener. It is available straight and is

used as an ingredient in many foods to reduce the sugar/calorie content. Its use by children and pregnant women should be discussed with the attending physician. A limited number of recipes using artificial sweetener have been included in this collection.

Fructose is a caloric sweetener. The body handles it and several sugar alcohols (namely, sorbitol and mannitol) differently than other sugars. These do not cause a rapid rise in blood glucose in well-controlled diabetics. Some physicians may therefore permit limited use of fructose by diabetic persons who are at ideal body weight and who count these calories. Because fructose has calories, overweight people should view it as little or no help in their meal plans.

Perfect also for anyone who must control carbohydrates and calories, THE ADA/ADA FAMILY COOKBOOK is a total nutrition guide for the entire family.

Prices are: \$12.95 for Chapter members; \$12.95 plus \$2.50 postage and handling for non chapter members.

Winter sports banquet

The Tippecanoe Valley High School Commons was the scene last Wednesday of the Winter Sports Banquet, honoring the athletes who participated in girls' basketball, cheerleading, boys' basketball, boys' swimming, wrestling and gymnastics.

After a carry-in supper, the crowd of 350 parents, teachers, athletes and friends were entertained by several of the coaches with comments about the season just finished.

Awards, praise and appreciation were the rule of the evening as the coaches gave out the jackets, trophies and certificates.

Mr. George Welch was the master of ceremonies for the evening, introducing the respective coaches to the audience.

Mrs. Clark awarded the cheerleaders' their certificates and Chris Schwenk was awarded the varsity most valuable trophy; Felicia Harrell the most valuable JV trophy; Laura Unzicker the Captain's star.

Miss Boggs awarded the gymnastics people their certificates, and Kris McDaniel the Most valuable trophy; Lisa Potter the most improved trophy, and Cheryl Howard and Kris McDaniel both received captain's stars.

Mr. Leininger, the varsity girl's basketball coach and Mrs. Car-

michael, the JV coach awarded the most valuable trophy to Virginia Arven. Virginia also received the trophy for most rebounds and her captain's star; Lori Tilden received the trophy for freethrows on the varsity squad; Charlene Clappitt was awarded the trophy for the most assists; Vicki Mattix the trophy for most improved; Bernice Bussard a captain's star and Angie Stavedahl the JV freethrow trophy.

Mr. Fletcher awarded Rex Holloway the trophies for most complete player, the defensive award, leading rebounder; John Dorsey the freethrow trophy; John Dorsey the trophy for assists; and also his captain's star. Pat Lafferty won the trophy for JV most complete player. Dan Boyer received the trophy for the most complete player on the Freshman team.

Dave Krieger, the swim coach awarded the most valuable prize to both Brett Cumberland and Dave Reuter. Matt Thompson was the most improved swimmer, Brett Cumberland, Dave Reuter, Rex Laughlin, Chuck Cullison received the captain's stars. Record breaking medals were awarded: Brett Cumberland, Dave Reuter, Rex Laughlin, Jay Feldman, Bryan Severns and Cooper Krajewski.

Mr. Stath, the wrestling coach

was not able to attend, so the very able Mr. Bob DuBois, TVHS Athletic Director, was his sub, much to the delight of the students and audience. Ray Fenix was chosen the most valuable in wrestling; most improved was Mike Quinlan, Mr. Take Down awards were given to Mark Quinlan, Brian Carnes, and Gilbert Martens. David Chaney was chosen Mr. Hustle, and captain's stars were awarded to Bryan Carnes and Birch Long.

A plaque of appreciation was awarded to Kevin Campbell a TVHS teacher who helped Mr. Stath with the wrestling team.

The girl's basketball team presented the trophy they won as the champs of the Whitko 4-Way Tourney to be placed in the school trophy case; he was also given the trophies won by the boys swim team for the New Prairie Invitational and the TVHS Invitational swim meets.

Award jackets were won by Chris Schwenk, Mary Harter, Cheryl Howard, Kris McDaniel, Sara Harrell and Bernice Bussard for the girl's sports. Jackets for the boys sports were given to Birch Long, Ryan Teel, Rex Laughlin, Jay Feldman, Rex Holloway, Rick Goshert, Ray David and Shawn Miley.

We've Got Winners!

To attend Nationals

Eighteen students from Tippecanoe Valley competed at the state OEA contest, held at Indianapolis this past weekend. These 18 girls were among approximately 100 students who competed from District II. This district includes students from South Bend LaSalle H.S., Clay H.S., Washington H.S., Adams H.S., and Riley H.S.; Mishawaka, Bremen, Whitko, Penn-Harris, Warsaw, Culver and TVHS. Of those who competed from District II, six students were winners at the state contest, but only TVHS had students eligi-

ble to attend the National Leadership Contest, to be held at San Antonio, Texas, May 8 through 13.

Seated above is Crystal Foley, daughter of Mr. and Mrs. Norman Foley, Burket, who was a second place winner in Extemporaneous Verbal Communication I and standing is Lanette Hanes, daughter of Mary Hanes, Tippecanoe, who placed 3rd in business proof-reading and spelling. Juna Graham sponsors the Tippecanoe Valley OEA and she will accompany the girls to San Antonio.

Henry Willing Workers

The Henry Willing Workers 4-H Club met March 16 at the Lions Den for their regular meeting.

Brenda Wright, president, called the meeting to order. Patty Stout led in the American flag and Julie Steininger led the 4-H pledge.

Stacey Loer read a poem called "Flower of Friendship" for devotions. Julie Steininger gave the Health and Safety lesson on sharp objects. Mindy Thompson led the group in the "4-H Song" and "I Love the Mountains".

Roll call was answered with giving your favorite gum. Program books for the year were passed out and explained.

It was decided to go swimming on Sunday, March 22 at the Manchester pool. Leave the Lions Den at 1:30. On April 4 we are going bowling and will leave the Lions Den at 1:30.

All officers were reminded to meet at the Lions Den at 6:20 to go to the Officers Training on April 2.

The group was reminded to get enrollment cards and dues turned into Peg Arthur by March 30.

Becky Arthur gave a demonstration on "Zucchini Bread." Angie Harsh on "Steps In Sewing," and Julie Steininger on how to make "Pom Pom's from Yarn".

Recreation and refreshments followed with Brenda and Kindra Wright in charge.

The Henry Willing Workers 4-H Club held a swimming party recently at the Manchester Community Pool. Club leaders who attended were Peg Arthur and Kathy Spangle. Members present were: Tina and Tammy Cooksey, Stacy Loer, Brenda, Bonita and Becky Arthur, Brenda and Kindra Wright, Ellen and Barb Burdge, Rhonda Webb, Gina Ellenwood, Jamie Murfitt and Jenny Shafer. A guest, Kristine Stephen, also attended.

Plans have been made for a bowling party. Club members are to meet at the Akron Lions Den April 4 at 1:30 if they wish to go.

CLUB MEETINGS

BRONZE MEDAL CONTEST HELD

The Akron W.C.T.U. met in the library on Wednesday evening, March 18, at 7:30 p.m.

The meeting opened with the group singing. Devotions were given by Ruth Bowen. Jimmy Howard favored the group with a solo.

A speech contest was held with Jon Howard, Robin Hooks, Jana Murphy, Caleb Hooks, and Cherie Stubblefield participating. The bronze medal was awarded to Jon Howard. Each participant received a consolation prize.

Mrs. Wanda Howard played several selections on the piano and the meeting was then dismissed with prayer by Jerry Howard.

Refreshments were served by the hostesses Mrs. Eva McHattin and Mrs. Mary Krouse.

GILEAD UNITED METHODIST WOMEN MEET

Lydia Broadley read a couple poems, "Best things in Life," and "Spring" for the opening of the Gilead U.M.W.

Rosie Young was hostess and presided at the meeting at the church. "Trust and Obey" was sung and Glendon Read led in prayer.

Mrs. Marie Coon chose 1st John, 3:17 for her devotions.

Roll call was answered by an Irish Saying.

Thank you notes read from Evelyn Shafer and Marie Burns and cards were signed for Nelle Longheed and Bertha Cook.

Margaret Young gave the lesson on Proverbs.

"Have Thine own way Lord" was sung and Lucille Personett dismissed with prayer.

Others present were Carol Lowe, Carol Ann Personett, Helen Lowe, Marie Nestleroad, Bonnie Bahney, Bunnie Struble, Pauline Miller, Mrs. Helen Boring and Mrs. Kent

Doolittle were guests. An auction was held and refreshments served in keeping with St. Patrick's Day. Glendon Read won the door prize.

PERRY HOME IMPROVEMENT CLUB MEETS

The Perry Home Improvement Club met in Pauline Shoemaker's home. Pauline Miller was the assistant hostess. Seventeen members were present and two guests, Mildred Klein and Kay Hartley.

Alice Teel, president, led in pledges to church and nation. Bea Fites led group singing. Happy Birthday was sung to Alice Teel and then all sang "Battle Hymn of the Republic."

The ladies exchanged seeds and bulbs as the roll call was given. Ruth Bammerlin for devotions spoke of Spring. She used poems, then led the group in prayer.

Marie Nestleroad gave the lesson "Investing in Money." She spoke of various types of investments. It is advised that a readily accessible savings account equal to three months income be kept for emergencies. Also a retirement fund should be accumulated.

Marie Coon passed out leaflets and spoke of tornado preparation for her health and safety lesson.

For the cultural arts lesson Ruth Bammerlin showed an afghan she is making and Arlene Gearhart brought two quilt blocks and explained how you piece and quilt in one operation.

Four members plan to attend President's luncheon.

Information from county council was discussed. Preparations for next month's guest day were planned.

June Merley conducted a candlelight memorial for past members Blanche Morrissey and Ella Morris.

Lucky lady was Aurel Musselman.

Notice to all churches in the Akron-Mentone area

We are in the process of developing a Church Page in the Akron-Mentone News. The only thing we have at present is the Church News below that the former publisher printed.
We believe that a Hometown Newspaper like this one deserves better. Please help us by sending us your weekly church hours and news. We welcome all pictures of church events. No charge.
Thank you.

Bids shall be on Form, provided by the Architect-Engineer, bidders must use Form 96 and Form 96A, a non-collusion affidavit, and a certified check or bid bond in an amount not less than 5% of bid. Successful bidder will be required to furnish a performance bond and payment bond issued by a company acceptable to Owner and licensor, if required, for the State of Indiana in the amount of equal to 100% of the contract.

The owner reserves the right to reject any and all bids or to accept the ones which in its judgment will be in its best interests.

All contracts awarded will be conditioned upon receipt of satisfactory evidence of insurance in an amount sufficient to cover the cost of construction, plus all incidental

expenses, and will be subject to termination, without penalty or liability, at the option of the Owner at any time after the date of execution. In the event the Owner shall determine that securities in the required amount cannot be sold. In the event of failure to complete the required financing within one-hundred fifty (150) days after the opening of bids, Contractors will have the right to cancel any contracts entered into, without penalty or liability, with the exception for the extension of this time period as provided in the Contractor's Proposal.

Upon the completion of the required financing, the Owner will notify the successful Bidding Contractors to proceed. Contractors shall then commence work within ten (10) days of said notice to proceed and shall diligently prosecute all work to complete the entire project by date specified on Construction Manager's Construction Schedule.

All bids, proposals, contracts, and other documents involved with the project will be subject to assignment (in whole or in part) by the owner to a School Building Corporation to be formed for the purpose of issuing bonds to finish the project in accordance with the Indiana Statute.

Si-Lo-Fame AN INVESTMENT IN YOUR FEEDING PROGRAM Protect YOUR HARD EARNED INVESTMENT TODAY

The production of haylage and silage for dairy and beef cattle consumption is on the increase all across our land. Ensiling all ingredients of the animals diet is not uncommon anymore. But one of the problems inherent to the process is the uncertainty of a good fermentation pattern during production of high quality feed.

If bacterial enzyme preparations were available, which when added to materials being ensiled, would consistently produce a desirable condition for good preservation, much would be gained.

Such a bacterial enzyme preparation would reduce the risk of im-

proper forage preservation. It would allow for less dependence upon chance environmental factors first of all. Secondly, it would insure a more uniform high quality forage. Lastly, and the most important to each farmer-feeder today, it would contribute to the economic position of every one of us within the agri-business community.

We have the preparation and have had it for over 10 years! Its name is SI-LO-FAME® ! It is the patented answer for today's forage problems.

Si-Lo-Fame Saves Digestible Protein

SI-LO-FAME® is a granular blend of chemical compounds designed to aid in producing the proper fermentation results in your silage and haylage.

What can SI-LO-FAME® do for you?

1

ENZYMES - Breaks down the complex sugars and starches into simple sugars to be used as food for the lactic acid and acetic acid producing bacterial. By doing this, excessive oxygen is also consumed, resulting in less heat being created in the silage.

2

ENZYME ACTIVATORS - Copper, cobalt, manganese and zinc are important metallic ions necessary in certain chemical reactions for the enzymes to break the complex sugars into simple sugars.

3

ELECTROLYTES - These help maintain the electrolytic balance within the silage and therefore reduce the amount of shrink or seepage in the silage or haylage.

4

MOLD INHIBITORS - Calcium Propionic aids in retarding mold growth.

STOP THAT SHRINK

One of the main goals in adding SI-LO-FAME® is to reduce the amount of shrink that normally takes place in the non-treated forage.

These figures are based on USDA estimates dealing with the normal shrink.

UPRIGHT SILO.....	approx. 15%
PIT SILO	approx. 15% to 20%
SILAGE PILE	approx. 20% to 25%
TEMPORARY SILO.....	approx. 25% plus

Add up the **FACTS** shown by research, available at Macy Elevator, Macy, Ind.

Harris to open office in Akron

Mark W. Harris, 25, son of Mr. and Mrs. Lyle E. Harris of Akron, will open a practice for general

optometry and contact lenses at 101 W. Rochester Street, Akron, during the next few days.

Dr. Harris, a 1974 Akron High School graduate, received his Bachelor of Science and Doctorate Degrees at Indiana University in Bloomington, Ind. After receiving his Doctorate in May of 1980, he spent the summer and fall passing state and national board examinations and is now licensed to practice in Indiana and Michigan.

He spent several weeks on an external clinic assignment at the U.S. Meddaco Optometry Clinic at Fort Campbell, Kentucky with emphasis on child vision examination and treatment.

Further experience was gained during an eight week internal clinic session at Indiana University Contact Lens Research Lab. Emphasis was on new contact lens materials and designs currently being studied prior to FDA (Food and Drug Adm.) approval.

Dr. Harris also participated in numerous school vision screening and glaucoma screening assignments.

He has announced his office hours as Monday thru Saturday 8:00 a.m. to 12 noon, and 1:00-5:00 p.m. The office will be closed on Thursdays. Mrs. Carol Mitterling has accepted the position of receptionist for Dr. Harris.

Co-Chair Egg Festival

PARADE ENTRIES: This year's Egg Festival Parade will be co-chaired by Orabelle Meredith and Darrell King. Entries are being accepted for the parade that will take place at the Mentone Egg Festival, Saturday, June 6 at 2 p.m. Theme for this year's parade is "PROUD TO BE AN AMERICAN". Entry forms are available at Boggs & Nelson Agency or King Memorial Home.

Mentone to have Egg Hunt

"An Evening on Broadway"

The Spring musical "An Evening on Broadway" will be presented Friday and Saturday, April 10 and 11 at Tippecanoe Valley High School.

The cast for "Broadway" is: Sherri Clark, Keith Paige, Pam Zimmerman, Roni Baker, Chuck Cullison, Wally Dove, Kathleen King, LuAnn Knoop, Paula Shireman, Teresa Wallace, Kristi Copen, Marilyn King, Mark Fugate, Andrea Lamar, Pepper Swick, Ginger Swick, Amy Kline, Jill Dugan, Julie Lowe, Julie Ralston, John King and Phillip King.

The directors are Mrs. Nancy Yeiter and Mr. Dale Pace.

Pictured above are Wally Dove, Charles Cullison, Keith Paige and Mark Fugate during rehearsal of one of their song and dance routines.

Sonoco employees honored

Honeywell Memorial at Wabash was the scene Saturday evening of the Sonoco Safety Banquet, attended by 225 employees and spouses.

The invocation was given by Chuck Drudge. Main speakers for the evening were W. T. Spencer, Corporate Safety Engineer from Hartsville, So. Carolina, J.C. Rhodes, Vice President of Operations - General Products Division, and R. W. Durrett, Director of Administrations-General Products Division, both of Hartsville.

The group enjoyed a buffet dinner after which the presentation of awards was held. Gary Wilkinson and Larry Eaton, accident control committee members received on behalf of the Akron employees, the President's Safety Award, awarded to the Akron plant for a year of accident free time.

Two retirees were awarded plaques and gifts from the Sonoco employees: Roger Parker, who retired January 31, 1981, an over-the-road driver who has been an employee for 18 years; and Walter Shoemaker, printer operator who retires after 21 years of service to Sonoco Products.

Three Sonoco employees were

recognized with a very special award. Richard Slaybaugh, Allen Wooley and Vernon Meredith joined a special group of over-the-road drivers when they received their one million mile plaques. Sonoco employees who have already received their one million mile plaques are Fred Haney, Dave Jameson and Roger Parker.

Each plant employee was presented with a safety gift and a gift certificate. The evening ended with a drawing for door prizes.

Akron Egg Hunt

The Akron Chamber of Commerce is sponsoring their annual Easter Egg Hunt at the Akron park on Saturday, April 18 at 1:30 p.m.

Candy and prize money will be awarded to children in three different age groups. This year they are: pre-school children; kindergarten and first graders; and second, third and fourth graders.

Everyone is invited to watch the annual scramble for the "Easter Egg."

MENTONE CLEANUP DAYS

Mentone residents are going to be offered a FREE trash pick-up service the week of April 13 to 18.

The Town Board is asking that residents who have any large articles (refrigerators, junk cars, etc.) or special items they want removed call one of the following people: Delbert Bolen, 353-7957; or Jim Miller, 353-7647.

Fulton

County Court

Traffic

Jesse Mickey, 45, New Albany, was fined \$1 plus costs for each of the following charges: no Indiana driver's license, unsafe vehicle, no registration plate on trailer, false or fictitious registration and trailer over registered weight.

Barbara Mikesell, 44, of 415 Indiana Ave., was fined \$1 plus costs for not having a driver's license.

Marvin Bahney, 49, Akron, was fined \$15 plus costs for speeding.

Charles Kirk, 17, Kewanna, was fined \$25 plus costs for speeding and ordered to attend and successfully complete Defensive Driving School at Rochester High School.

Alex J. Long, 21, R. 3, Rochester, was fined \$10 plus costs for speeding and was purged of his contempt for his non-appearance in court when scheduled.

David Ritchey, 23, R. 3, Rochester, was fined \$1 plus costs for failing to yield the right of way. Ricky Bakian, 24, Plymouth, was fined \$15 plus costs for speeding and the court found that the time he spent in jail was sufficient punishment for failing to appear in court when scheduled.

Marvin Davis, 23, Akron, and Willard Shortz, 27, Mentone, each was fined \$1 plus costs for having unsafe vehicles.

Glen Kane, 55, Lakeville, and Darlene Haas, 31, Lapaz, each was fined \$1 plus costs for not having trailer plates.

Fined \$10 plus costs for speeding were Deborah Ogle, 21, R. 3,

Rochester, and Jimmy Scott, 26, West Lafayette.

Misdemeanor

A charge of failing to appear in court when scheduled was dismissed against Alex J. Long, 21, R. 3, Rochester.

A charge of check deception was dismissed against Marjorie Flynn, 1707 Madison St., as she was not the party actually involved in passing the checks in question.

A charge of battery was dismissed against Barbara Smith, 411 W. 11th St., as the cause does not have prosecutorial merit.

Robert Saine, Tippecanoe, was found guilty of contributing to the delinquency of a minor by a plea bargain agreement. He was sentenced to 30 days in the Fulton County Jail and fined \$25 plus costs.

The sentence was suspended and he was placed on probation for six months with the terms being that he spend one weekend in the Fulton County Jail from April 3-5, violate no laws and serve two full days of public service.

Spring! The crocuses, the daffodils, the tulips, and the festive garb of the cherry, peach and apple tree are some of the beauties of spring. The annual re-awakening of plant and animal world is the miracle of spring. But what would spring be without the God given gift of rain? We have experienced a drier than usual spring at least up until recently. No one welcomed this dry weather. The dry forests and dry landscape would burn with the slightest spark; the ground has been too hard to work properly, the grass did not turn green and the dust storms caused everyone problems. But Indiana spring rains also cause some problems. Some thunder storms become severe weather and make it necessary to take measures for our safety. But in spite of this spring rains are welcome. Thunder storms with lightning bring nitrogen, a fertilizer, to the ground with the rain. April showers bring May flowers. Enjoy every day for its God given beauty.

Keen-Agers have learned to enjoy each day as it comes and in spite of the aching joints that seem to go with stormy weather, Keen-Agers grin and bear it with grace and dignity. Many have learned that coming to the Akron Lions Club Site has helped put a little sunshine in each day. Come enjoy the fellowship with others as you share lunch with friends. It is a great group and you will enjoy it.

Any senior citizen may bring a covered dish just as they would at a church pot luck dinner or to the family reunion picnic. These carry-in lunches are real feasts! Akron has a lot of good cooks and these meals are good examples of their work. If you do not wish to bring a food you may donate money as you would any other day. Either way, plan to share a Thursday with us soon.

The group has been playing UNO from time to time. If you haven't played UNO you should come learn how to play. I may claim to be an expert (no one else will say so) but I get the privilege of drawing 4 cards and all the other penalties just like everyone else! Some days everyone wins but me! Annabel and Dorothy like to give each other penalty cards. Mary and Lulu give me more than my share of extra cards. Even Eva, Ruby and Florence enjoy sticking me with skip or draw 2 cards. Elizabeth and Doria don't like to keep those cards worth 20 and 50 points either and someone gets stuck with them! Well, winning or losing we have a lot of fun!

Trips are being planned for May and June and during the summer. Any suggestions?

For information about any of our activities, or reservations please call 893-7204 or 893-7263.

Scheduled menus for the week of April 13-17 are:

MONDAY: Beef and noodles, whipped potatoes, chopped broccoli, brown bread, peaches, milk, coffee.

TUESDAY: Fried chicken, green beans, scalloped potatoes, brown bread, applesauce, milk, coffee.

WEDNESDAY: Beef Manhattan, whipped potatoes, peas, white bread, fresh orange, milk, coffee.

THURSDAY: Breaded pork cutlet, green beans, sweet potatoes, bread, pineapple and cheese, milk, coffee and other tasty foods from the kitchens of the Akron Keen-Agers.

FRIDAY: Ham and beans, spinach, corn bread, pears, milk, coffee.

Thursday, April 9 will find the group celebrating the April birthdays. Hope you can share the hour with us. The blood pressure clinic will be from 11 to 12. You can get your blood pressure taken free of charge and then stay for a tasty lunch and birthday party. You won't believe some of the stories, but then I guess you shouldn't! Who cares if the fish grow with each telling? It is a lot of fun and you shouldn't be missing the groups fun and laughter.

Thursdays are carry-in lunch

U.S. Car Blues

The U.S. automobile industry has recently encountered very difficult economic times. Japanese imports have been blamed for taking away much of the American makers' share of the market.

Either the federal government should impose emergency measure quotas to insure survival of the U.S. industry or Japanese makers should voluntarily limit their exports—probably a better solution. In viewing this situation, one should remember, however, that very costly labor contracts have been part of the cause of today's dilemma.

Charles Schultz, writing recently in the *Wall Street Journal*, points out that because of increasingly generous labor contracts in recent times, American workers today enjoy wage and fringe benefits which are a whopping sixty percent over the national average.

That's fine when the U.S. automotive industry leads the world and has the lion's share of the U.S. market. But in today's highly competitive environment, it's a luxury the industry can't justify economically. This was recognized in the pay cuts accepted by Chrysler auto workers recently.

The desirable long-term solution is for the automobile industry and the unions to achieve greater productivity, so that U.S. makers can still pay high wages even though their products are priced more competitively.

There's too much gnashing of teeth, wails and woes from too many about the failure of U.S. management to foresee the sharp turn of consumers to smaller cars. Some, with this in mind, feel the U.S. industry deserves its licks, almost as a punitive purging of the industry's soul.

That misses the point. For a number of reasons, military, economic, trade balance, etc., this country cannot sit idly by and watch its auto industry go out of business. Ditto the steel industry. Management, unions and the government must cooperate for survival. American consumers would do well to buy American-made cars when they're comparable in quality, and competitively priced.

The Attempt On Reagan

Surely a majority of Americans are now in favor of strong congressional action to protect U.S. presidents—in the wake of the attempt of President Reagan's life.

One suggestion is a new law making all such attempts punishable by death—perhaps within a limited time. Congressional action making kidnapping punishable by death helped to curb that crime forty years ago. While the nation felt relief that Mr. Reagan survived, this tragic incident demonstrates the shocking level of violence in modern America.

Drug abuse (Reagan's would-be killer was reportedly arrested in California on drug charges) and glamorized television crime play a role in the country's rising crime level. New efforts must be made to achieve reform on both fronts.

Letter to the Editor

Dear Editor:

Our President lies wounded, felled by a bullet fired from a "Saturday Night Special." This favorite weapon of the assassin was easily obtained at a Dallas pawnshop.

In all but one of the eleven assassinations and attempted assassinations of Presidents or Presidential candidates, the assassin used a handgun. Presidents Lincoln, Garfield, and McKinley were slain. Candidate Robert Kennedy was killed. Governor George Wallace is crippled. In September 1975 alone, President Ford's life was threatened twice by assassins wielding handguns. Now President Reagan has been shot.

Must we bury another President before the Congress acts to pass an effective national handgun control law? Together we can make the Congress act now to control handguns. Join with us today.

Dear Editor:

So often one reads only negative comments in a letter to the editor and so we would like to take this opportunity to respond positively to your first issue of the Akron-Mentone News. Your newspaper's format is excellent. In our opinion, a weekly newspaper's responsibility is not to comment on national happenings but rather to capture our interest by providing us with news of local interest.

Your issue certainly exemplifies our belief in this idea, by having twelve pages of both local and school news. Your paper, as is, serves all communities equally well.

Looking forward to future editions—keep up the good work!

Fifth and kindergarten

Learn and share during National Book Week

Each fifth grader in Marcia Ousley's room was given a child's name from the kindergarten class. He then began writing an original story which a younger child would enjoy. Class had to brushup on manuscript writing skills. Setting, character, plot, and theme was important factors to include in each story.

Organizing, capitalization, punctuation and good sentence structure came next. Most included colorful illustrated pictures, a dedication page, and a things to do page. After proof-reading, students placed their

completed story in a self-made book jacket. Stories ranged from three to twelve pages. Titles of several include: Little George, Lisa's Party, The Littlest Skunk, Scott Loses His Hat, Black Bird, Rabbit That Could, Wacky Adventure, Petunia's Life, and When Jennifer Gets Glasses.

Fifth graders then read and presented the booklets to his own special "little person." They even gave up a recess to do this! Kindergarteners were surprised and excited! They will never forget the day their special "Big person" visited the kindergarten room.

Pre-enrollment at Burket

On April 28, 1981 at 1:00 P.M., the Burket Grade School will have pre-enrollment for the 1981-1982 kindergarten class. The meeting will be held in the kindergarten room.

Mrs. Pat Hoover, the school nurse, will discuss the school's health policies. Mrs. Susan Kinney, the speech and hearing therapist, will also talk to parents. Mrs. Marcia Ousley, the kindergarten teacher, will discuss the kindergarten program and answer

any questions parents may have.

Parents are reminded to bring their child's birth certificate so that school officials can verify the child's age for the school records. A child must be five years of age on or before August 1, 1981, in order to attend kindergarten.

Parents who cannot attend this meeting may send in the necessary information with another person. Anyone having questions concerning the pre-enrollment meeting should call the school office.

Church News

"Walking With the Risen Lord" is the theme for the revival services at the Etna Green Church of Christ, April 5-10. Services will begin at 7:30 p.m. Each evening.

Scholarship offered

The Lakeland Art Association announces a \$100.00 scholarship available to a graduating senior of the Lakeland area who plans to attend an art school or college to continue art studies. Interested students may obtain applications from their school art teacher or guidance counselor. Applicants are required to submit three pieces of art work along with an endorsement from their principal or art teacher and a letter of intent to attend a school to further their education. These are to be submitted by April 25 at the Art Association's Spring Show at the Women's Building, Warsaw Fairgrounds.

For further information, or if additional applications are needed, contact Doris Biesemeyer, scholarship chairman, at 267-8906. Scholarship awards will be given on the 26th, the same time the art show winners are announced.

NEW BOOKS RECEIVED AT THE AKRON CARNEGIE PUBLIC LIBRARY

New books received at the Akron Carnegie Public Library include the following:

SEA SPELL by Caroline Fox. Love conquers all in this sparkling Regency romance about a marooned orphan beauty who must untangle a web of misunderstandings, masquerades, and mistaken identities.

TEN MEN AND HISTORY by Don Cook. The events and statesmen that have shaped postwar Europe.

DOUBLE DISCOVERY, A JOURNEY by Jessamyn West. This book contains extracts from Jessamyn's family letters and private journals written in the summer of 1929, interwoven with comments, memories and speculations set down a half-century later.

THE TWO BISHOPS by Agnes Sligh Turnbull. This unusual and wonderfully warm-hearted love story is rich in insight and incidents. The setting is a quiet suburban rectory shared by the recently retired Bishop Ware and his successor, Bishop Armstrong. Ironically it is the older man that is the most youthful, whereas young Armstrong has a certain dignity and formality about him that grows less as his romance develops.

LINCOLN'S MOTHERS by Dorothy Clark Wilson. The story of Nancy and Sally Lincoln. An inspiring story of dedication and faith, and a special love that Abraham Lincoln shared with his two mothers.

MARKETING YOURSELF by the Catalyst staff. The catalyst women's guide to successful resumes and interviews.

A SOLDIER REPORTS by Gen. Wm. C. Westmoreland. This is a personal account of a life and career that in the course of almost 40 years spanned the incredible evolution of the U.S. Army from wooden-wheeled artillery to anti-ballistic missiles.

THE POSITIVE POWER OF JESUS CHRIST by Norman Vincent Peale. Life-changing adventures in faith.

RIVERGATE HOUSE by Elissa Grandower. In the Roaring Twenties, New York's most exclusive address involves a young woman in glamor, romance, and murder.

A little success goes a long way with most people.

Comment On Sports

BASEBALL *

By Pete Fritche

WASHINGTON, D. C. -- Billy Martin says his A's will win the American League pennant this year (West) and that pitching, a fine outfield, and aggressiveness will be responsible.

There are three amazing things about that statement, to paraphrase Casey Stengel. First, the Oakland A's haven't spent big money for superstars. They don't take in that much at the gate and Charlie Finley, who built this team, didn't believe that was the way to operate.

Second, managers usually play it cool and few will predict a pennant--because it put them out on a limb. Not Billy. He says he'll win.

Third, the A's came in last in 1979. The turnaround in 1980 was dazzling in itself

and if the As go on this year to beat out Oakland, California and Texas (and perhaps Minnesota), that will be a remarkable two-year turn-around. (Most clubs use the building and rebuilding excuse for four or five years after they bottom out.)

The As came in second last year after flirting with the lead most of the season. That minor miracle must be credited to Art Fowler as much as to anyone else. Art is the pitching coach Billy always brings with him wherever he manages. And Art has to get a big share of the credit for Billy's success. The quiet-spoken Fowler always turns out winners--and says his secret is slowing young pitchers down.

TVHS's Ralston is delegate to NLC

Rick Ralston, president-elect of the Indiana Association for Public Continuing and Adult Education (IAPCAE), was a delegate to the national leadership conference in Washington, D.C., March 17 and 18.

"We received training on Tuesday, primarily, and developed the position of the national association (IAPCAE) concerning the Reagan administration's proposals concerning adult education," Rick said. This is the program for adults who have not finished high school, those who need help with basic reading and math, and those who do not read or speak English.

Money from the federal government pays for books, visual aids, supplies, aides, and rent.

"In Indiana last year," Rick continued, "the enrollment in Adult Basic Education (ABE) grew 69%. What this means, then, is that when the enrollment goes up 69%, and the funding goes down 25%, you're in trouble."

Last year, 679 Hoosier welfare recipients attended ABE classes and then found jobs. This saved the taxpayers nearly three million dollars, which was more than the federal grant for adult education.

In the 1979-80 school year 5,382 adults either finished high school or received an equivalent diploma (GED) through adult education programs. Twenty-seven of these were in the program which Rick Ralston administers for the Tippecanoe Valley School Corporation.

Although the new census figures are not available, the 1970 census showed that 47% of the adults in Indiana over the age of twenty-five did not finish high school and that 11% did not go beyond 8th

grade.

Tuesday evening the IAPCAE invited legislators and their aides to a reception at the Capitol Building. During the reception and the following day Rick and the other delegates discussed adult education needs with congressmen and their legislative assistants.

Federal funding is only part of the problem, Indiana is also considering an 11% cut. Since the state of Indiana provides two dollars for each federal dollar, these budget cuts when considered with program growth and inflation mean a 60% cut in local programs.

"The money the state puts in goes entirely for teachers' salary," Rick explained. "So if you cut that money back, you just cut teachers. That is it." The state officials have already cancelled all ABE classes scheduled for July and August.

People who are concerned and would like to help should contact state representatives and state senators soon or call Rick Ralston at Tippecanoe Valley High School for additional information.

MEMORIAL

IN MEMORY

In memory of Mary L. Blue who passed away April 6, 1979.

"In Memory of Mother"

I remember you in this solemn hour, my dear Mother, I remember the days when you were here on earth with me,

And your tender love watched over me, like a guardian angel. You are gone from me now Mother, but the bond of love which unites our souls can never be destroyed;

Your "image" shall live forever within my heart and mind.

You will always be to me, "the most beautiful and loving Mother that God created."

Written by her daughter, Jeanine Nellans.

CLUB MEETINGS

"Lincoln's Other Mother" was the book reviewed by Velma Bright on April 2nd at Akron Women's Club. The club met in the public library basement with Betty Stutzman presiding. Bernice Bowen played for the Invocation Song. Judith Hill was acting secretary.

Lincoln's boyhood home at Lincoln City, Ind., is a project of the Indiana Federation of Women's Clubs and the story of the 16th president's life some 14 years in Southern Indiana was interesting. The Lincoln quote "All that I am I owe to my angel Mother" refers to his step-mother as well as his natural mother who died when he was 10 years old. Sarah Bush Johnston Lincoln survived her step-son at Goose Nest Prairie, Illinois.

Special music was provided by Rozella Tinkler at the piano. Marie Hand and Grethel Ellis were welcomed back from a winter stay in Florida. During the business session members signed up to work for the Daffodils for Cancer sale on April 3rd. Call to IFWC convention April 28-29 in Indianapolis was given. Juanita Boswell reported on proposed changes for the By-Laws and these were approved by the club. A donation was voted for the Senior Bible project.

Alma Haupers and Helen Day were hostesses. They served a delicious salad and coffee. Elizabeth Gray, Lorraine Whittenberger, Ruth Bammerlin and Maxine Conrad will be hostesses for the annual luncheon May 7. Esther Smith and Judith Hill are in charge of the program.

Daffodils for Cancer were sold downtown in Akron Friday by several members of the club. The county-wide fund raiser was coordinated here by Sherry Shewman and President Stutzman.

Friendly Neighbors Home Extension Club met with Alice Brugh April 2. Frances Olson opened the meeting by the group singing "America the Beautiful" and repeating the creed.

Fern Besson read the poem "If Easter Be Not True" for devotions and for cultural arts Fern

read an article written by Dora Ryman on the Carpenter Farm near Atwood. Mr. Carpenter bought the farm, cleared the ground and built the house, when they died they left the ground to the Atwood Methodist Church. The house was torn down but the church erected a memorial in their honor. Mr. and Mrs. Carpenter were buried in the Harrison Center Cemetery.

Virginia Peterson gave the lesson on "Wonderful Crisis of Middle Age."

Frances Olson gave a report on the president's council meeting.

The meeting was closed by singing the club prayer song and repeating the club collect.

The hostess served delicious refreshments in keeping with the Easter season.

The May meeting will be May 7th with Fern Besson.

ATWOOD CLUB MEETS

The Atwood Home Study Club held its March meeting at the home of Juanita Frederich and Hazel Marsh served as co-hostess. "Irish Prayer" was the title of the meditation given by Naomi Yeiter. The health and safety report of Catherine Martin told about uncommon cures for common ailments and "five gentlemen friends."

Garden remarks by Joyce Wolf for preventing frost injury to spring bulbs by mulching were heard. The citizenship report of Ruth Haney gave information on Hot Lines as an aid for consumer problems.

Two lessons were presented. "How and When to Remodel," by Martha Coppes, and "Be a Better Shopper," by Linda Egolf.

Rita Irwin read the club constitution and by-laws and an amendment will be voted on at the next meeting.

A new member, Jeanette Marsh, was welcomed into the club and prizes were won by Ms. Marsh, Doris Thomas and Mildred Egolf.

There will be a coupon exchange at the next meeting which will be held at the Atwood Civic Center.

Churches plan joint Palm Sunday services

The North Miami Parish Churches will have their joint Palm Sunday service April 12th at 10:00 at North Miami.

Everyone is urged to attend and meet the new Bishop. Bishop Armstrong will bring the message.

The Parish consists of nine churches, they are as follows: Ebenezer, Emmanuel, Paw-Paw, Gilead, Pleasant Hill, Chili,

Deedsville, Denver and Mexico.

The Parish is concluding revival services with the remainder dates as follows: Thursday, April 9 at 7:00 at Emmanuel, located 2 miles east off St. Rd. 19 on 1500N.; and Friday, April 10 at 7:00 at Ebenezer, located 2 1/2 miles west off St. Rd. 19 on 1100N.

Emmanuel will not have services Sunday, April 12 because of the joint Palm Sunday service at North Miami.

Spring revival at Church of God

The Akron Church of God is announcing its "Spring Revival" beginning April 12th thru 15th. Evening services will begin at 7:00 p.m. There will be special music nightly and nursery care will be provided.

The revival will feature Evangelist Rev. E. E. Wolfram from Anderson, Indiana. He was born in Germany and came to the United States in May of 1914. He has lived in Wisconsin and Michigan. Rev. Wolfram attended high school in Benton Harbor, Michigan. He has an A.B. Degree from Anderson College and Theological Seminary. In June of 1962, Anderson College presented him with an honorary D.D. Rev. Wolfram was ordained April 11, 1934, in Milwaukee, Wisconsin and pastored in Wisconsin nearly 10 years. Rev. Wolfram has preached in many of the churches in the United States, Canada and Europe. He has also spoken in many of the Church of God mission fields in Mexico, Cuba,

West Indies, Africa, India, Hong Kong, Japan, and the Philippines. He is now engaged in full time evangelism.

The Pastor and congregation of the Church of God invites you to join with them for these special services.

Kosciusko County Court News

COUNTY JAIL BOOKINGS

Sampson W. Jacobs, 22, R. 1, Silver Lake, charged in County Court with fleeing a police officer. He was released on his own recognizance Tuesday evening.

PERSONAL INJURY ACCIDENTS

Deborah A. Weaver, 27, La Porte, complained of pain in the head following a two-vehicle accident at 7:50 a.m. Thursday at County Rd. 900 West and 200 South. According to Mentone Police, a westbound truck driven by Raymond D. Truex, 32, R. 4, Warsaw, did not see the southbound Weaver auto and pulled across the roadway into her path. He was cited for failure to yield right-of-way. Damage to the Truex truck, owned by Creighton

Brothers, R. 5, Warsaw, was set at under \$200. The Weaver auto sustained between \$1,001 and \$2,500 damage.

COUNTY COURT

Running Dog Without License - Homer Waddle, 54, Mentone, \$25 fine and \$34 costs.

Check Deception - Charges were dismissed against Larry E. Parker, Claypool; and June D. Shank, Mentone.

PERSONAL INJURY ACCIDENT

Carla Orcutt, 19, Warsaw, suffered minor bleeding in the chest area in a one-vehicle accident early Wednesday at State Rd. 25 and County Rd. 600 West, according to County Police. She was injured when the car she was riding in, driven by Dan J. Fenix,

17, Burket, failed to negotiate a curve and rolled over twice before coming to a stop. The car was a total loss, according to police. Also damaged in the accident was an anchor wire on a NIPSCO pole, a yard, and a reflector and post belonging to the State of Indiana. All sustained under \$200 damage.

COUNTY JAIL BOOKINGS

Robert Hudson Marshall, 19, R. 1, Mentone, charged with illegal consumption of an alcoholic beverage and released on his own recognizance.

Mark Allan Pruitt, 27, Macy, charged in Superior Court with two counts of burglary and two counts of theft. He was released on a \$2,000 bond Wednesday evening.

Joseph Henry Bradshaw, 37, of 461 North Broadway St., Mentone. He is charged in County Court with driving under the influence and no operator's license and released early today.

RECIPE

By Sarah Anne Sheridan

Oven-Fried Chicken

- 1/2 c butter
- 1/4 c dry bread crumbs
- 1/4 c cornmeal
- 1 1/2 t curry salt
- 1 3 to 4 lb. fryer, cut up
- 8 small potatoes
- 8 medium carrots
- pepper
- chopped parsley for garnish

Preheat oven to 400 degrees. Place butter in 13 inch by 9 inch by 2 inch baking pan and set in oven to melt. Mix bread crumbs, cornmeal, curry and 2 teaspoons salt; use to coat chicken well.

Place chicken pieces in melted butter in pan; roll potatoes and carrots in butter, and arrange them around chicken. Sprinkle vegetables with salt and pepper to taste.

Bake, uncovered, 45 minutes. Turn chicken and vegetables; bake 20 more minutes. Sprinkle potatoes with parsley.

Makes 6 servings.

Dessert

Spoon vanilla pudding into individual dessert dishes and top each with a few canned cling-peach slices, then a sprinkling of cinnamon.

LOUISA'S LETTER

Dear Louisa,

I have a child three years of age who still wets his pants. I have punished him but it seems to do no good. What would you suggest? Whits End-Pa.

Answer:

The worst thing you can do is to punish a child for wetting his pants. Punishment makes him fearful and nervous and makes it much harder for him to overcome the habit. If the doctor thinks there is nothing wrong, physically, you must have patience and not make a great issue of it. See that he goes to the bathroom at regular times and that his clothes are easy to manage. Parents are responsible for this condition in many cases because they have kept a child pinned up in diapers too long and do not take the time to train him, earlier.

Dear Louisa,

We have a summer house in the mountains and, unfortunately, it is near a ski resort. My husband and I like to get away from the activities in the city and come up here with our small chil-

dren to rest.

Our problem is this: every friend we have, who likes to take a trip, comes up here and stops by. They know that we have an extra bedroom and it seems rude not to invite them to stay. We run a free rooming house all summer long. What would you do under these circumstances?

H.L.--Tenn.

Answer:

This is what happens so often when people have summer homes on the beaches or at a mountain resort. It really is inexcusable for people, who have not been invited, to barge in on residents. They should get settled at an inn or a motel and then call their friends, if they wish to see them. In fact, it would be a good idea for the visitors to ask the others out for lunch. Then if they were urged to visit they could make the change.

Why not spread the word that you are not having visitors but for one week while you are there? That might slow some of the visitors down.

Louisa.

Local boys attend camp in Florida

Brian and Neil Felts of Akron and Doug Dickerhoff of Mentone have recently completed a week's training at the Fort Lauderdale Baseball School in Boca Raton, Florida. The school's general manager is Richard Geiger of Akron.

Richard Geiger has been running the camp since 1979. The camp just made one of its biggest announcements...Bucky Dent has just signed a long term contract and is now vice-president and part-owner.

Dick says, "We are very proud to have Bucky with us. He's not only a great instructor, but a real good guy too!" Mr. Geiger also says that the Felts brothers and Mr. Dickerhoff did a great job. The people should be very proud of these boys.

CHANGE OF DATES

MENTONE SCHOOL TO HOLD KINDERGARTEN REGISTRATION

Mentone School will hold its registration for kindergarten students for the next school year on Wednesday, April 22, at 7:00 p.m. Parents are to report to the cafeteria. Children will not need to attend.

The child must be 5 years of age by August 1, 1981. A birth certificate must be brought to the meeting. Parents will meet with the kindergarten teacher, nurse, and speech teacher.

It would be helpful if parents could provide the location of their home by road designations. This will be helpful in arranging car pools.

TVHS Building Trades Class

by Jerry Kindig

The T.V.H.S. builders trades classes have been busy this year building their "project home."

The house is located in Saner's Addition at Akron. All of the interior walls are in place along with a perfectly breath-taking fireplace. The exterior siding and bricks are almost in the final stages of completion.

One of the most important aspects of building a house with students is that every stage of construction is watched by the instructor. Mr. Murphy checks everything that is physically possible. On the walls is a good example, any rise or bump in the wallboard is circled and later checked to make sure sanding is done to perfection.

We pulled into the construction lot and just from the outside appearance it was possible to tell that what once was just a building had been transformed into a house. Mr. Murphy's deep voice sounded, "Let's go to work" and that's what they did. Some worked on sanding wallboard, a monotonous job that no one would enjoy. Marvin Harris finished touching up the two-way fireplace while the rest of the class did essential odds and ends.

A very modern kitchen and combination dining area make for a practical use of square footage. The living room will look stylish with the fireplace that should help heat the finished house and can also be approached from the dining area, leaving two openings instead of the customary one. While the three bedrooms are averaged sized for the industry they have more than adequate closet and storage space. The master bedroom is being built with a bathroom including a shower instead of a bathtub to conserve precious floor space. A sliding glass door was placed on the west side of the master bedroom which will be used to obtain entry onto a porch that will be built in the future for those moonlight evenings together.

A special area was dedicated to the storage of the washer and dryer in the hall leading to the master bedroom. It's location is perfect for the transportation of clothing back and forth from the bedrooms.

All of the landscaping of the lot is planned to be done by the students. Including the seeding of the yard, which will leave this house, when completed, ready for a family to move into without having to worry about a thing.

The class should be proud of the work done so far. This is not easy work, but something that they will use for the rest of their lives.

Marvin Harris (Photo by Cathy Carr).

If you peel too many potatoes, cover the raw potatoes with water and add a few drops of vinegar, and place them in refrigerator. They will keep three or four days.

April is lawn fertilizing month, but don't overfertilize. It's better to add two applications about four weeks apart.

They visited with friends and saw two of their former homes in Toms River, waded in the ocean, visited the missel site where Bob worked, went to New York City, saw the Statue of Liberty and saw some of the night life of Atlantic City.

But Perry Township of Miami County is still a pretty nice place to be.

Several from our community attended the Country Music program at Rochester Friday evening.

The Gilead United Methodist Women met at the home of Bunny Struble on April 2.

Martha Harding read a poem for the opening and Pauline Miller led in prayer. Bonnie Jean Bahney gave the devotion. The "Old Rugged Cross" was sang. Each answered the roll call by an April Foods joke, that was played on them.

Our agape feast was discussed which will be Thursday, April 16 at 7:00 at the church.

Rosaline Young conducted the business meeting. Helen Lowe and Glendon Read gave a memorial to Ella Morris, who was a charter member.

Lydia Broadley gave the closing prayer. Mae Morris, a guest, won the door prize. Another guest was Mrs. Kent Doolittle and daughter.

New program at ACTION

Fulton County Action Neighborhood Center has a new program to help low income families pay fuel and utility bills.

The program is called Emergency Safe. To qualify for this program, you must be on or have applied for SAFE '81 and qualify under their guidelines. Second, you must have a shut-off notice for gas and electric. If you are on Fuel Oil or L.P. Gas you must be out. We will not pay any back bills, only for a new delivery.

You may only apply one time and only on one heating source. We are still taking SAFE '81 applications if you haven't yet applied.

Our office in the Civic Center is open from 8:00 a.m. to 5:00 p.m. Monday - Friday. We also have mini centers in the following communities to serve you:

MONDAYS: Leiters Ford at the Methodist Church, 11:00-12:00.

THURSDAYS: Akron at the Lions Den, 11:00-12:00.

FRIDAYS: Kewanna at the Town Hall, 9:30-11:00.

The deadline is April 30, 1981, so don't delay.

Greve speaks on diabetes survival

The Fulton County Chapter of American Diabetes Association met March 19th at 7:30 p.m. in the Woodlawn Hospital Cafeteria.

Dr. Tom Troutman, chapter president, introduced the officers present and reported on the total received on the Bowl-a-thon \$722.53. Trevon Smith was highest with \$242.44. The Bowl-a-thon and Bike-a-thon along with other state wide activities to make money are held each year by all chapters and the proceeds go to help the research and cure of diabetes.

Dr. Troutman then introduced James E. Greve, a father of five and a diabetic since the age of three, he is the president of the St. Joseph County Chapter of the American Diabetes Association and it's goals: Their purpose is to raise money for research and educate people about diabetes survival. You can live full and productive life if you discipline yourself as directed by your doctor, this is the only way to beat the condition.

Glucose is the main fuel line in our bodies and insulin has to be present to break it down for our bodies to get the good out of it. Our bodies do manufacture the insulin but when there is a malfunction we need to have additional insulin to help control. Overweight is one of the problems of a diabetic and we must watch it; if you are 20% overweight the tissues or cells do not use your own insulin properly. Diabetes is a condition not a disease. When we are diagnosed a diabetic we experience the following: 1. disbelief, 2. anger, denial and guilt,

3. depression, 4. acceptance, 5. change and last 6. control.

Mr. Greve had a Dextrometer which Ames recommends, and he uses to monitor and keep his diabetes in control. There are other testing forms by other companies. At the close of the meeting he demonstrated the meter and those who wished to do so had their blood tested for sugar content.

Thirty persons attended the meeting and those of us who are diabetics were pleased to learn they are not alone in this condition. Remember diabetes is the third greatest killer and is one of the greatest causes of blindness and must be controlled forever as soon as possible, you may be the next to find out you have it. Come join our chapter and help us wipe it out with your support.

Oxford weave shirts and knit tops will be sportswear favorites for boys and girls this spring and summer.

Fashions for the little preschool miss are ever so frilly and soft. Soft pastel dresses are enhanced with separate eyelet-edged voile pinafores.

Hold banquet

The Kosciusko County Cattlemen's Association annual meeting was held at the Shrine Building in Warsaw with 109 members and guests present.

Homer Ousley Jr., R. 1. Mentone, and president of the cattlemen's association, awarded a plaque to Frank Merkle as Cattleman of the year.

Mr. Merkle, Clayport, has been a farmer for many years and outstanding association member. Don Frantz was also honored for his efforts of broadcasting up-to-date and informative local and state cattle news.

Homer Ousley reported on cow/calf day held at Atwood and Out Look meetings held during the 1980/81 year. Allen Rice, Indiana Beef Assoc. vice-president, reported on various state activities and accomplishments.

Following dinner, entertainment was provided by Trinity First Baptist Church of Pierceton. Bob Sievers of W.O.W.O. showed slides of "The West."

Election of new directors included: Everett Tom Jr., Milford, and Maurice McDaniel, Atwood.

Church club meets

The Women's Fellowship of the Akron Church of the Brethren met in the home of Betty Gearhart for the March meeting.

Arlene Gearhart led devotions. She read a "Spring Poem" and the topic "Stained Glass Windows," and offered the closing prayer.

Seventeen members answered roll call by telling their most embarrassing moment. Get well cards were signed for Cleda Zunkel, Earl Kuhn, Beaulah Hoover, Dolly Eaton, Kenneth Coughenour, and a birthday card for Ellen Miller.

Several items of business were discussed. Refreshments were served at the close of the meeting. The April meeting will be in the home of Lavon Mark.

A Big Difference

One word can often make a tremendous difference. Consider the difference in meaning between a wise guy and a wise man.

Bids shall be on Form, provided by Architect, and accompanied by Indiana Form 96 and Form 96A, a non-refundable affidavit, and a certified check or bid bond in an amount not less than 5% of bid. Successful bidder will be required to furnish a performance bond and payment bond issued by a company acceptable to Owner and licensed, if required, by the State of Indiana for the full amount of equal to 100% of the contract.

The owner reserves the right to reject any and all bids or to accept the one which in its judgment will be in its best interests. All contracts awarded will be conditioned upon and subject to approval by the Owner of securities in an amount sufficient to cover the cost of construction, plus all incidental

expenses, and will be subject to termination without penalty or liability, at the option of the Owner, any time prior to the date of execution. In the event the Owner shall determine that securities in the required amount cannot be sold, in the event of failure to complete the required financing within one-hundred fifty (150) days after the opening of bids, Contractors will have the right to cancel any contracts entered into without penalty or liability, with the exception for the extension of this time period as provided in the Contractor's Proposal.

Upon the completion of the required financing, the Owner will notify the successful Bidding Contractors to proceed. Contractors shall then commence work within ten (10) days of said notice to proceed and shall diligently prosecute all work to complete the entire project by date specified on Construction Manager's Construction Schedule.

All bids, proposals, contracts, and other documents involved with the project will be subject to assignment (in whole or in part) by the owner to a School Building Corporation to be formed for the purpose of issuing bonds to finish the project in accordance with the Indiana Statute.

Indiana Auctioneer's Week April 5 - 11

By Shirley Richardson
The week of April 5-11 has been proclaimed "Auctioneer's Week" in Indiana by Gov. Robert D. Orr. It is also National Auctioneer's Week.

Selling at auction is one of the oldest methods of bartering known to man and dates back in history to before 1000 B.C. Also, selling at auction continues to grow rapidly throughout the United States and in the free countries of the world.

The art of auctioneering has become a profession for most auctioneers, not a sideline, as in years past. Auctioneers are well-schooled people who strive to provide better services to their clients through the mutual exchange of ideas and experiences, and by conducting their businesses according to the Code of Ethics as subscribed to by the National Auctioneer Association and by the state associations. An auctioneer must be licensed and bonded in order to conduct business in any state.

According to Vince Miller and Jake Campbell, directors of the Indiana Auctioneer's Association, the profession of auctioneering

has changed over the past few years. People travel longer distances to bid for items they need or for items they may want for a collection. An auction today will not have the "circus" or fair type atmosphere which prevailed just a few years ago.

The state and national auctioneer associations provide many services for their members including seminars which help both the individual auctioneer and the profession. Also, training seminars are provided for the auctioneer who specializes in either livestock sales, real estate sales, antique sales and others.

As Campbell and Miller pointed out during a visit to our office, when a person decides to have an auction, this is usually the accumulation of a lifetime and they want the best qualified auctioneer or auctioneers to help them dispose of their possessions at the best price.

We wish to salute the auctioneers in the Fulton County and surrounding areas, as they do an outstanding job of providing professional services to clients, no matter how big or small the job.

National Library Week at Akron public library

National Library Week is being observed over the nation this week April 5-11, 1981. This is a good time to become aware of the many services available at your library.

Are you doing Genealogy as a hobby? Visit the Akron library

and see the many records available to you on historical information of this four county area.

The Akron Library belongs to the Wabash Valley ALSA which makes books and materials available to its patrons from all over the state of Indiana.

Do you like music? The Akron library has a good selection of records that can be loaned out to patrons.

If you want to read short stories or articles, have a speech to prepare, need devotions for a church or club meeting or whatever one of your many needs might be, try the Akron Carnegie Public Library. We are here to serve the community, visit the library with your whole family during National Library Week!

Celebrating 50th

Mr. and Mrs. William Otis Weary will celebrate their 50th wedding anniversary on April 12, 1931 with open house from 2 to 4

p.m. at the Rich Valley Club House in Rich Valley, Indiana.

William Otis Weary and the former Mildred Saul were married April 12, 1931 by the Rev. C. I. Goble in Swayzee.

The open house will be hosted by their children Mr. and Mrs. Otis Dee Weary, Mr. and Mrs. Donald Baer (Willamae), Mr. and Mrs. James Oswald (Ruth Ann), Mr. and Mrs. Bud Godden (Bertha Jo), Mr. and Mrs. Weary spent most of their lives as custodians at the Metro North School, both are now retired.

The Wearys invite all friends and relatives to join them for their celebration and request no gifts.

Mr. and Mrs. Weary have 18 grandchildren and six great-grandchildren.

Mr. and Mrs. Weary reside at R. 1, Claypool, Beaver Dam Lake.

NOTICE TO FRANKLIN TWP. RESIDENTS

On Saturday, April 11, Donald Smalley, Trustee of Franklin Township, will be at the Fire Station in Mentone, for the purpose of Personal Property Assessment.

Housecars, buses, travel trailers, campers, snowmobiles, boats, motors and any type of trailer you own as of March 1 are to be reported at this time. Dog tags may be purchased at this time also.

Mr. Smalley will be in town between 9:00 a.m. and noon.

Kindergarten registration

Mentone School will hold its registration for kindergarten students for the next school year on Wednesday, April 22, at 7:00 p.m. Parents are to report to the cafeteria. Children will not need to attend.

The child must be 5 years of age by August 1, 1981. A birth certificate must be brought to the meeting. Parents will meet with the kindergarten teacher, nurse, and speech teacher.

It would be helpful if parents could provide the location of their home by road designations. This will be helpful in arranging car pools.

E.M.S. News

As of March 28, the Akron Unit of Fulton County Emergency Medical Service had responded to 22 emergency calls for assistance in 1981 according to FCEMS Acting Director Tim Youngstrom. The Rochester Unit, based at Woodlawn Hospital, made 75 responses during the same time period while the third county unit at Kewanee had made 15 ambulance runs. The patient transfer service offered by FCEMS reported 21 transports during the first three months of this year.

Youngstrom also announced that Fulton County Rescue, a search and rescue group funded through local government, private organizations, and state and federal grants, is in need of volunteers. While individuals with prior experience in emergency services are being sought, training in medium and heavy extrication will be offered for all those volunteering. Fulton County Rescue will sponsor a 16 hour training course at a date to be announced later. For further information contact: Tim Youngstrom, c/o FCEMS, 1400 E. Ninth St., Rochester, IN. 46975.

COMMUNITY SPONSORED FISH FRY

T.V.H.S. girls bound
for Hoosier Girls State

LuAnn Knoop - Delegate

Sarah Baker - Delegate

Kathy Vogel - Alternate

Jill Fites - Alternate

Each year at Tippecanoe Valley High School, the high school staff chooses from the Junior class four girls who rank in the top third of their class as delegates and alternates to Hoosier Girls' State. Hoosier Girls' State is a government program designed to educate our young women in the duties, privileges, rights and responsibilities of American Citizenship.

This year at T.V.H.S., the staff chose to represent the school, delegates Sarah Baker and LuAnn Knoop. Alternates for these girls will be Jill Fites and Kathy Vogel.

LuAnn is the daughter of Mr. and Mrs. Paul Knoop, Mentone. She is a member of the National Honor Society, a three year Drama Club member, has participated in choir for three years, swing choir for one year, band for two years, pep band two years, jazz band one year and plays tennis and swims.

Sarah is the daughter of Mr. and Mrs. Dean Baker, Akron. Her school activities are Foreign Language Club, Art Club, Future Educators of America. She is member of the National Honor Society. Sarah also plays in the school intramurals. She goes to

church at the Beaver Dam Methodist and is a member of the Methodist Youth Fellowship.

Kathy Vogel, an alternate, is the daughter of Mr. and Mrs. Ned Vogel, R. 5, Warsaw. Kathy has been a member of the Vikettes for the last three years, the gymnastics team for three years, Drama Club three years and the Sunshine Society for three years. She is a National Honor Society member and has been on the swim team for a year. She is also a member of the Office Education Association.

Jill Fites, an alternate, is the daughter of Mr. and Mrs. Tom Fites, R. 2, Akron. She is a member of the Akron Church of God. Jill participated in volleyball this year, belongs to the National Honor Society and is a member of the F.F.A.; has been a member of the choir for three years and is the secretary of the TVHS Student Council.

The 40th session of Hoosier Girls' State, sponsored by the American Legion Auxiliary will be held this year from June 14 to June 21 at Indiana State University, Terre Haute, Indiana.

Hoosier Girls' State emphasizes that women can contribute much

to local, county and state government and this program is promoted as a school of government and practical politics, although it is non-partisan and non-political.

The Tippecanoe High School staff aided by the American Legion Auxiliary in selecting a list of eligible girls from the upper third of the Junior class, must choose girls who are interested in government and history. They must show outstanding qualities of leadership, be interested in people and public speaking, be honest and have good character, show courage and cooperativeness. They must have completed the Junior year in high school and be a citizen of the United States at the time she applies as a delegate. They must also show proper respect to the American flag.

The above are the requirements listed for the staff to aide them in choosing the delegates and alternates for Hoosier Girls' State.

Girls' State is actually an experience in the problems in self-government as it operates in Indiana and rules are followed in this regard. Since time is limited at the American Legion Auxiliary Hoosier Girls' State there is no

District organization, therefore, the State Senators and State Representatives are elected from each city. Also two Senators and four representatives. Each girl is asked to file for an office where she learns "government in action" as she practices the duties of the office to which she has been elected, or appointed. After each girl is assigned to one of the two political parties, either Federalists or Nationalists and to a city and county, she is then ready to start on her political campaign for office. Precincts are formed, committeemen are elected, and offices filed for, and the primaries are held as Indiana law requires. State conventions to nominate candidates are held...then the general elections by computer system.

Visitors are invited to Talent Night, Saturday, June 20 and to Honor Day at Hulman Center on Sunday afternoon. Many awards are given and the Outstanding girl is selected. The Davison scholarship, Martha Johnson Scholarship, the Walker Bond, and the Counselors scholarship are presented. There are two girls selected to attend Girls' Nation in Washington, D.C. as Senators from the American Legion Auxiliary Hoosier Girls' State.

Local woman is state
president of World War
II Mothers

The convention for World War II Mothers begin Friday in Plymouth and a full day of business was capped off with a reception for the state president who is Mrs. Ethel Whitestone of Mentone.

Mrs. Whitestone, a member since 1946 has had a son and three sons-in-law in the war. During World War II, when every available man was being called to serve his country an organization was started to help with the war effort and the after effects. The Mothers of World War II began in 1941 and is still alive and growing as they began their convention. To become a member of the association, a mother must have had a son or daughter in the service from any war, and with that in mind the organization has

a membership consisting of 46 units in eight districts in Indiana.

She recalls the days of World War II when the mothers would pack boxes to send at Christmas and Easter, packing only what they could because of rationing. More recently, she recalls sending more boxes and cards during the Viet Nam War.

During peacetime, the mothers visit the veterans hospitals in Indiana taking lap blankets, conducting parties and helping out at the hospitals.

The convention, carried on over the weekend with Saturday being the day for business and a banquet honoring members and their guests. Sunday morning the group conducted its annual memorial service which was followed by installation of officers.

Mentone Town Board
and Chamber of Commerce
Start plans for Centennial

The Mentone Town Board met Monday, April 6, at the town hall with President Jim Miller, trustees Frank Hardesty, Wayne Tombaugh, Town Clerk Kate Whitestone and the legal advisor E. Lee Bazini present. Town Mashall John Hart and Water Superintendent Harry Sullivan were present to report on their departments.

Mr. Bazini reported that the new Mentone Economic Development Council had elected as their president, Forrest Miner, vice-president, Rita Price-Simpson and secretary, Bill Ertinger.

Mr. Sullivan reported on the cost of service on the pump at the water station. He reports that fifteen new trees have been planted at the park area and others have been removed and trimming is progressing. Discussion was on replacing some broken tiles at the park being done by the town or the county. Mr. Hardesty suggested the county be approached and the town should ask for help through ditch assessments. Approximately 140 feet of 10 inch tile is needed. The report also covered some tile being plugged

in the north part of town. A check on fire hydrants in town has been made and the Fire Control Committee may suggest a need for additional hydrants.

It was decided the need for storage at the cemetery should be taken care of and the trusses purchased some time ago used for this purpose. There also needs to be some fill dirt hauled in to parts of the cemetery.

Mr. Hardesty reported on a back up unit for the pump at the water station. The cost would be approximately \$15,000 for a pump and generator unit, and he suggested the board consider PTO power. Sullivan reported the south well needs pulled as they have had a 25 lb. pressure drop since the first check.

Discussion about trash pickup in Mentone by local business men, led to reports being made that the trash has been sitting in the trucks over weekends and it might cause problems, odor and blowing of the trash over the area close by.

MENTONE TOWN

The board asks the residents of Mentone be sure to call the phone numbers, 353-7957 or 353-7647, if they have items they want hauled away during the Free trash pickup days.

Royal Baum, President of the Chamber of Commerce, appeared before the board and asked if it would head the committee for the celebration of Mentone's Centennial during 1982. He suggested the centennial be held in conjunction with the Egg Festival next year and the need to get plans started in order to obtain dignitaries for the parade and functions during the celebration. It was suggested that the town board lend support to a special Centennial committee so the board would not be held liable during the celebration. It was decided to help support a committee to head the Centennial and the board will in the near future appoint a group to work with the Chamber of Commerce on this project.

Mr. Baum asked the board to get permission to close State Road 25 from Franklin Street thru the center of Mentone to Morgan Street during the Egg Festival, June 4, 5 and 6. They are to ask the State Highway Department for permission provided the Chamber buys liability insurance to protect the town of Mentone. The request by two local businesses for off-premises licenses during the Egg Festival this year was denied.

Marshall Hart asked for clarification on speed limits on side streets in the town since there are no signs posted. There is a 20 mph ordinance on all streets and highways in the Town of Mentone. The ordinance notes that there is a fine of \$1 to \$10 for each speeding offense plus costs. Permission to replace a broken spotlight on the police car was given and permission to get costs for some other equipment given, so it can be acted on during the next meeting.

Mrs. Whetstone reported the federal revenue sharing will total \$8,289.00 by the end of 1981. The town budget for 1981 was approved.

A request was heard for permission to get a local trailer residence cleaned up as it is termed a fire hazard. Permission was asked to request a local resident get a kennel license if they desire to keep ownership of a number of dogs, or request they dispose of some of them.

One of the Town Board members reported he had paid for the new trash barrels placed up town in Mentone. The board thanked him for his civic mindedness.

A motion was made and seconded to pay all claims. Motion was made to keep Steve Shand on the job after his six months probation period and give him the automatic pay raise. The motion was seconded.

The board has decided not to replace the old water fountain previously maintained on Main Street as the new ones are too costly and warrant too much maintenance. The NPDES (National Pollutant Discharge Elimination System) permit was discussed.

Residents are reminded that water bills will be sent at the end of the month.

Miller asked if there was a need to record hours on the use of the town backhoe for future use when repair or replacement is needed.

The next meeting of the Mentone Town Board will be Monday, May 4 at 7:00 p.m.

Senator Baker accepts GOP dinner invitation

INDIANAPOLIS, IN., April 9, 1981 -- Sen. Howard Baker, R-Tenn., will join Hoosier Republicans as speaker for their largest fund raiser, the June State Dinner, Republican State Chairman Bruce Melchert has announced.

Tickets are \$125 a person for the June 15 dinner and \$500 a couple for the dinner and a reception with Sen. Baker preceding the dinner. Both will be at the Indiana Convention/Exposition Center.

Sen. Baker was elected majority leader by his colleagues in the Republican dominated U.S. Senate after two terms as Republican floor leader. He is the party's first majority leader in the Senate in 26 years.

"Sen. Baker is not only a fine speaker, but he is sure to provide us with an up-to-the-minute report on the progress of President Reagan's programs on the budget, economic recovery and defense, among others," Melchert said.

"We feel fortunate that Sen. Baker has accepted our invitation to help us celebrate the great victory of 1980 and continue the momentum of our party and the new administration," Melchert added.

In 1966, Baker became the first Republican ever popularly elected to the Senate from Tennessee. During his three terms in the Senate, he has become known for "Compromise, shrewdness and caution," qualities that are said to have promoted his success.

One newspaper editorial went as far as to claim that Baker "could bring together a boll weevil and a cotton grower if he tried." Understanding that "compromise is the art of politics, Baker has been termed 'a budding Renoir.'"

Baker's efforts at conciliation have been heralded as responsible for his ability to coalesce the one-time factionalized Republicans in the Senate.

Sen. Baker last appeared in Indianapolis at party-sponsored events in 1979, prior to announcing his candidacy for the 1980 Republican presidential nomination. He attended the Midwest Leadership Conference and the National Federation of Republican Women's Biennial Convention.

Dinner and reception tickets are available from GOP county chairmen or by calling state headquarters, 635-7561 or 800-382-1087.

Why not do something different to spice up your life? Oh! nothing illegal, just something different than the regular hum-drum stuff you usually do. Perhaps you go visit someone you haven't seen lately, fix your favorite food, even if it is a little expensive, read a real adventure story, go on a short trip or visit with us here at the Akron Lions Club Senior Citizen site. You will be surprised what something different can do for you.

The Akron Keen-Agers are planning some trips for May and June and the summer and fall. There has been some interest in the following:

Going to the Amish Sale at Shipshewana on a Tuesday or Wednesday; going to the Conner Prairie Pioneer Settlement near Indianapolis; going to the Tulip Festival at Holland, Michigan; going to the Wagon Wheel Playhouse in Warsaw to see a play or musical; and going to Heckman's Bindery (to the open house). Do you have any other suggestions about fun things to do or see? If so, let's hear about it. Please call and let us know if you are interested in any of these trips. It will help us to determine which ones we plan and whom to inform about the plans that we make.

The Akron Keen-Agers celebrated Mary McKenzies and Eva McHattson's birthdays recently with a nice carry-in lunch and a nice sized group. The group enjoyed hearing the high points of their lives and the secrets they revealed. Ruby Dawson honored

the group with poems about Earl's ability to fix a car and Mary's interest in an after church service! Hope you heard them!

The Akron low-middle income housing project is progressing satisfactorily. If you wish information about it, please call the site from 10 to 2 any week day.

The Akron "Mini-Bus" is still shuttling people from where ever you are to where ever you wish to go. Call a little ahead so it can be worked into the schedule.

Meals are served and activities are planned for the Senior Citizens of the Akron area at the Akron Lions Club Site. The Akron Site has so many interesting people attending the lunches and activities, you will enjoy joining us. Come, get acquainted with us at 12 noon. If possible, make a reservation by calling 893-7204 or 893-7263.

Scheduled menus for the week of April 20-24 are:

Monday - Cabbage and Ham with Boiled Potatoes, White Bread, Fruit Jello, Cookies, Milk, Coffee.

Tuesday - Beef Stew, Veg. Jello, Brown Bread, Peas, Milk, Coffee.

Wednesday - Turkey Dressing, Cranberry Sauce, Cole Slaw, Hot Roll, Apricots, Milk, Coffee.

Thursday - Meat Loaf, Green Beans, Parsley Potatoes, White Bread, Fruit Jello, Milk, Coffee and other tasty foods from the kitchens of the Akron Keen Agers.

Friday - Beef Stroganoff with Noodles, Tossed Salad, Buttered Carrots, Whole Wheat Bread, Cake, Milk, Coffee.

A wealthy man is usually blessed with an ample number of poor relatives.

Public accountants meet

The North Central Chapter of the Indiana Society of Public Accountants will hold their April Chapter meeting on Tuesday, April 28, 1981 at the Elk's Club Lodge in Kokomo, Indiana. The social period will begin at 6:30 p.m. with short business meeting at 7:00 and dinner at 8:00 p.m.

Mr. Jerry Holland will speak on Real Estate Investment Analysis.

Bowen Center offers workshops

The Bowen Center Consultation & Education Services will be offering three workshops during April.

MANAGING UNEMPLOYMENT STRESS is a program especially designed for those who are presently unemployed themselves or are living with an unemployed family member. Special stresses to the family members and the unemployed individual are experienced during these temporary times. Therefore, new methods of coping need to be learned by the whole family. This workshop will focus on helping the family to meet the unique stresses brought on by unemployment. The workshop will be presented on Monday, April 20, from 1:30-4:30 P.M. at the Bowen Center in Warsaw. The cost of the program is \$3.00.

INTRODUCTION TO AEROBIC FITNESS will demonstrate basic techniques for weight control, stress management, and relaxation. Nutrition and exercise alternatives will be developed in this class. All exercises and techniques used are specifically tailored for each participant. The program will be offered on Monday, April

27th, from 9-12 A.M. or 6-9 P.M. at the Bowen Center in Warsaw. Participants may choose to be enrolled in either a morning or evening session. The cost of the workshop is \$3.00.

ALCOHOL AND DRUG ABUSE EDUCATION FOR PARENTS is directed toward acquainting parents with symptoms of alcohol and drug use in children. Early detection and understanding of those symptoms help aid parents in more successfully helping their children to make healthy decisions about drinking and/or drug use. This information may also aid parents in establishing more open communication with their children regarding the topics of alcohol and drug use. The workshop will take place on Thursday, April 30th, from 6:30 to 9:30 P.M. at the Bowen Center in Warsaw. The cost of the program is \$3.00.

Easter, 1981

Easter, the principal ecclesiastical event of the year, gets its name from Eostre, a Teutonic goddess, whose festival was celebrated in the spring. Her name was given to the Christian festival, as it was she, according to legend, who opened the portals of Valhalla to receive the White God and Sun God, representing purity and light.

The Christian observance, this year on the 19th, is a symbol of the Resurrection, and intertwined with many religious customs and observances, some dating back hundreds of years before the time of Jesus Christ.

The Easter egg became associated with Easter because eggs were forbidden to be eaten during Lent and on Easter Sunday they were traditionally served. The Easter egg, though, dates back to the Egyptians and Persians, and also the Greeks and Romans, who ate eggs annually in spring festivals.

In any event, it's appropriate that Easter comes in the spring, when the renewal of life is so apparent. Sunrise services in our churches--an observance of recent origin in most churches--symbolize the Resurrection at sunrise. This practice is observed in practically all churches today as a symbol of hope, inspiration and faith.

On The Other Foot

It's amusing these days to read complaints from some traditional liberals, recipients of massive tax-free support from organized labor for years, and favored by liberal newspapers like the *New York Times* and *Washington Post*, about money-raising by conservative groups.

Conservatives organized effectively last year and many political action committees raised money to change the direction of government. That's what unions and various organizations, funds and action committees have been doing for years.

Not only have the liberals enjoyed advantages in the media (the working press is notoriously liberal), they have enjoyed a tremendous advantage, in that Congress has been controlled by the Democrats for thirty years. So the worm has partly turned, and complaints are thus understandable.

In the democratic process, it's good for the shoe to be on the other foot periodically. One then learns how the other fellow feels.

Emotional oratory has never proved anything, except the speaker's lung capacity.

In making your future plans, don't count heavily on what you think other people will do for you.

Letter to the Editor

Dear Editor,

On October 9, 1980 a young man was arrested in the Nashville airport for attempting to board an American Airlines plane with a suitcase containing three pistols and 50 rounds of ammunition.

He was charged with carrying a firearm on city property -- a misdemeanor -- fined \$50 plus \$12.50 in court costs, and turned loose.

On March 30, 1981 that same man pushed his way into the press area outside the Washington Hilton and fired 6 shots hitting one city policeman, one Secret Service agent, one White House Press Secretary, and one President of the United States.

Immediately after it was learned that the President had, indeed, been shot, my office was besieged with calls from reporters wanting to know (1) my reaction to the shooting incident, and (2) my feelings on the issue of gun control.

My answers to both were the same: We are praying for the swift recovery of the injured people. This is a time for calm, not a time for debates on highly emotional issues.

The issue of Federal gun control laws is highly emotional. It would be far better, it seems to me, to put that emotional energy into laws which would provide for severe penalties for the use of a firearm while committing a crime.

Former President Gerald Ford, last week, suggested that if a firearm is even brandished during the course of committing a crime, that a penalty be imposed over and above any penalty for the crime itself. He went on to suggest that if any person is injured through the use of a firearm during the course of committing a crime, it would be considered a capital offense, punishable by death.

Notice, he did not suggest that it be a capital offense if someone was killed during the commission of a crime, only that someone be injured.

The point of all this is to make the price for illegal use of a firearm so high, that it is no longer worth the risk.

I have previously introduced legislation -- and will do so again -- which provides for mandatory, no parole sentences for the use of a firearm or knife in the commission of a crime. Under the terms of this bill a first offender would have to serve an additional five years, not suspended, and without the possibility of parole, over and above any sentence imposed by the judge for the crime itself.

If such a criminal didn't learn his lesson, and committed another crime with a gun or knife, he would have to serve an additional ten years -- with the same no suspension, no parole provisions.

If this offender was really hard core and did it a third time, we would throw away the key and sentence him to 15 years to life -- regardless of the seriousness of the underlying crime.

This approach would serve to do two things: It would take the guns out of the hands of criminals -- because the costs of being caught with a gun would be too high, and would take the criminals out of our society -- by putting them behind bars for extended periods of time.

To editor:

We want to thank the McKees for taking over the Mentone-Akron paper. We are sure you will provide our communities with the type of paper we have had in the past.

It's a local paper and this is the kind of news everyone looks forward to reading. Good luck!

About Leeks

In Europe good cooks have long depended on leeks. In America, with some exceptions, the leek is seldom grown. And for those who care (perhaps too much) about gastronomical delights, this is a major American failing.

The leek, very much like the onion, doesn't grow into a bulb at bottom and is cut when a tender white stalk. It is sweeter, and some feel, superior to the onion. Be that as it may, there's no reason why more leeks should not be grown in this country.

Leeks can be planted from seed, an advantage over the onion, and should be thinned or transplanted later. The seed can be obtained by allowing a few of the original plants to grow into a second year. The stalks then flower--providing ample seed.

Leeks can be sowed thickly in early spring and when about six inches tall, can be placed in a foot-deep trench, composted. Continue to add mulch and compost as they grow, and keep them moist, and enjoy leek-potato soup and other uses of leeks for many months!

The reason some people don't stick to the truth is that such a policy would eliminate a lot of conversation.

Easter

As we celebrate this season of rebirth and reflect on His message of life everlasting, may the spirit of this holiest of holidays offer renewed hope and faith, peace and enlightenment to all.

Rejoice together.

Rev. Leininger special speaker for Good Friday Services

Speaker for Good Friday Services for the combined churches of the Henry Township Ministerial Association at the Akron Church of God, Friday, April 17 at 7:00 p.m. will be the Reverend Harold L. Leininger of Fort Wayne, Indiana. He will use as his Good Friday message the sermon "When the Cross Touched Me." Text from Matt. 27:54.

It will be a happy return for Harold as he and his lovely wife Kay Joan are graduates of Akron High School, and have many friends and relatives in the area.

Harold is the son of Mary Margaret Leininger, and Kay is the daughter of Mr. and Mrs. Howard Utter, Akron. They have three children, David, a senior at Wayne High School, Jennifer, a freshman at Miami Middle School and Stephen a second grader at Waynedale Elementary. Presently Kay Joan is chairman of the Department of Home Economics at Portage Middle School.

Rev. Leininger was graduated from Akron High School in 1953 and attended Indiana University where he received his AB degree in sociology. He received a B.D.

degree in Theology from So. Methodist University, Dallas, Texas, and has continued his education by attending Yale Divinity School, University of Edinburgh, Scotland, Utrecht, Holland; Elkhart Seminary; and Gar-

rett Theological Seminary.

His vocation in ministry dates from 1957 at McKinney, Texas, to Middlebury-Pleasant Ridge, Fort Wayne, Anderson and Decatur to the present position as Senior Pastor of the Waynedale Church.

Soloist

Mrs. Vicki Jasper, soloist at the Akron United Methodist Church will provide music for the Good Friday services at the Church of God, April 17, at 7:00 p.m.

Her offering will be "Oh, Sacred Head, Now Wounded."

The Tippecanoe Valley High School Choir will be providing some special selections during the services. The choir is directed by Mr. Dale Pace.

Easter

When I think of Easter,
And Good Friday and The Cross,
How the Blessed Saviour
Gave His life for souls so lost.

And each Blessed Easter,
Brings faith and hope anew,
Strength to carry on life's battle,
His help in all we do.

And with each passing Easter,
How thankful we can be,
For the Blessed Saviour,
Who died for me and thee.

NIPSCO to sell up to 4 million shares of common stock

Directors of Northern Indiana Public Service Company recently authorized the sale of as many as 4 million additional shares of common stock, no par value, to the public by underwriters.

A petition for approval of the sale and issuance of these securities will be filed with the Public Service Commission of Indiana. A registration statement relating to these securities will also be filed with the Securities and Exchange Commission. The dates of these filings have not been determined.

Proceeds of the sale will be used to provide funds for the utility's construction program and for the prepayment of bank loans.

This announcement is not an offering. The offering will be made only by a prospectus.

Plans final, entries sought

Plans have been finalized for the fourteenth annual Fourth-A-Bratton parade to be sponsored again this year by the Argos Fire Department. This year's edition will begin at 10:00 a.m. July 4th with line-up beginning at 8:00 a.m. The theme for the parade this year will be "Freedom Is Living."

Last year's units totaled 148 with marching units, floats, bands, antique autos and costumes among the field.

The parade steering committee has set prize money and qualifications for this year's band entries. There will be a limit of ten bands for this year's parade with top money of \$250 going to the No. 1 band.

Entries are now being accepted in the following categories: Commercial, senior and junior floats; senior and junior marching units; bands; costume, antique and motorized vehicles; antique tractors; mounted units; and miscellaneous.

Trophies are awarded in all categories for the top three places and the best overall unit in the parade will be receiving the coveted "grand prize award." All entries will also receive a 1981 Fourth-A-Bratton souvenir ribbon.

Entries may be sent or entry blanks requested by writing to the Argos Fourth-A-Bratton, P.O. Box 85, Argos, Indiana 46501. Entry deadline is June 29. To aid in the planning of the parade, it would be appreciated if entries could be made as soon as possible. Any entry received after June 29 will be immediately put at the end of the parade.

Anyone with questions or needing entry blanks sent for their organization or individual entries can call Richard Grolich, 892-5985; Tom Nolin, 892-6519; Jim Nolin, 892-5963 or John Grolich, 892-6272.

for a first place trophy. An entry blank will appear in next week's paper.

Anyone with questions or needing entry blanks sent for their organizations or individual entries may call Wayne and Bernice Reese, 893-4771 after 4:30 p.m.

ACTION to help on energy

Are the high cost of fuel and utility bills getting you down? Fulton County Action Neighborhood Center has a new program to help low income families pay fuel and utility bills.

The program is called Emergency Safe. To qualify for this program, you must be on or have applied for SAFE '81 and qualify under their guidelines. Second, you must have a shut-off notice for gas and electric bills. If you are on fuel oil or L.P. gas you must be out. We will not pay any back fuel bills, only for a new delivery.

You may only apply one time and only on one heating source. We are still taking SAFE '81 applications if you haven't yet applied. Please bring proof of 12 month income.

Our office in the Civic Center is open from 8 to 5, Monday - Friday. We also have mini centers in the following communities to serve you:

Monday - Leiters Ford at the Methodist Church, 11:00 - 12:00.
Thursday: Akron at the Lions Den, 11:00 - 12:00.
Friday: Kewanna at the Town Hall, 9:30 - 11:00. Apply today!

MONDAY: Chili soup, crackers, celery and carrot sticks, fruit and pumpkin bar.

TUESDAY: Ham salad sandwich, cottage cheese, buttered corn and mixed fruit.

WEDNESDAY: Tenderloin sandwich, potato chips, green beans and banana pudding.

THURSDAY: Vegetable meat pie, cheese sqs., pears and white cake.

FRIDAY: Submarine sandwich, baked beans, lettuce salad and jello with whipped topping.

Wheels for Life bike ride fights cancer

Deb Lewis, Chairman for the Mentone St. Jude Children's Research Hospital Wheels For Life, is asking Mentone residents to participate in the Bike-A-Thon Saturday, May 16th. Registration begins at 10 a.m. with riding time at 12 noon for the four mile course. Riders are to meet at the Mentone Elementary School.

Volunteer workers and riders are needed for the Bike-A-Thon to raise funds for the world famous research center and its battle against childhood cancer and other catastrophic childhood diseases.

This year's ride is being dedicated to Terry, a Leukemia patient at St. Jude. By riding for Terry,

we'll really be helping all stricken children since research is the only way these illnesses can be conquered. People are needed who will contribute some of their time and energy to help children live. Bike riders are really needed since they are the ones who can make this Bike-A-Thon successful.

In the Bike-A-Thon, riders enlist sponsors who donate a sum for each mile completed. Riders who raise \$25 will receive a St. Jude T-Shirt, and those raising \$75 will receive a back pack. Other riders will also receive prizes. Sponsor forms are available at the Mentone News office or from Deb Lewis, 353-7947.

Households included in census survey on unemployment

A sample of households in this area will be visited by the Bureau of the Census interviewers during the work week of April 20-24, 1981, to conduct the Bureau's monthly survey of employment and unemployment.

Households in this area are part of a sample of 78,000 across the country scientifically selected to represent a cross section of all U.S. households.

The monthly survey is conducted for the U.S. Department of Labor

and provides a continuous record of activity in the labor force. The February survey indicated that of the 105.7 million men and women in the civilian labor force, 97.9 million were employed. The Nation's unemployment rate was 7.3 percent, virtually unchanged from the 7.4 percent reported in January.

Information supplied by individuals participating in the survey is kept strictly confidential by law and the results are used only to compile statistical totals.

If you don't believe anything, there's no law to make you believe it.

The main reason why no one understands life is that no one attempts to understand it.

Wednesday evening, April 8th, the Mentone Reading Club and their guests celebrated their anniversary dinner at Teel's Restaurant. Dinner began with Mary Ann King giving devotions.

The club was organized in 1934, had a membership of 26 and meets the second Wednesday of each month. Contrary to their name, they do not read books and give reviews. Every month they have a special topic and sometimes a guest speaker. April's topic was conservation with Mr. and Mrs. Bob Frantz of Silver Lake as their guest speakers.

Mr. Frantz presented a very interesting slide show complete with background music entitled "Beauty Is Where One Seeks." We were taken on an imaginary hike through Colorado, Wyoming, Arizona, then to the New England states and ending in Silver Lake on the Frantz farm, "Wild Wood."

The evening culminated with the new officers installed by Sue Pyle who gave them an inspiring poem to start off their new year.

The Mentone Lions Club is interested in sponsoring a student in the Lions International Youth Exchange program for this summer. If you are at least 16 years old and would like to spend 6 to 8 weeks in a foreign country this summer, see Mr. Welch, Mr. LaMar or Mr. Kantner.

Pony League registration

Any boys interested in playing Pony League baseball at Mentone this summer, or any girls 13 years and up who would like to play on the Traveling Team from Mentone, may get a registration form in the high school office.

Easter Seals

The 1981 Easter Seal campaign interests all good citizens. Helping crippled children is one of the more rewarding things we can do in our efforts to help our fellowman.

In most states a volunteer organization enthusiastically conducts the Easter Seal sale each year.

A number of children walk today because of the existence of this organization and its work in past years. We solicit the attention of our readers to the present Easter Seal drive and recommend they support the effort in behalf of crippled children and all other work done by this organization, if financially able to do so.

It's always best to make your contribution to someone you know, a local person if possible, to be sure it's used as intended.

Some people learn something from every contact.

Mentone Reading Club new officers L-R - Kati Whetsone - 2nd Vice Pres., Jo Bush - 1st

Vice Pres., Jerry Smith - Pres., Esther Romine - Sec. Carol Hurst, Treas. was absent.

Jerry Smith was installed as President with her theme, "Truth and Honesty," for the 1981-82 year.

Katherine Marie Gerth, R. 1, Mentone, and David William Gerth, Westville. Married Oct. 6, 1977, the couple separated Aug. 4, 1979. She seeks restoration of her former name, Katherine Marie Zimmerman.

Property Damage Accidents

Local police have investigated the following traffic accidents:

Shareef M. Hashem, 42, Mentone, lost control of his vehicle on State Rd. 25 at 11:35 a.m. Saturday, and struck a fence belonging to Creighton Brothers. He told City Police he signaled to pass and pulled out, almost striking a vehicle already passing him. He pulled back into his lane and caught the side of the road, causing him to lose control. A stock truck driven by Todd L.

Leckrone, 17, R. 1, Mentone, sustained \$1,001 to \$2,500 damage after it rolled over on County Rd. 600 South, east of County Rd. 1000 West at 3:10 p.m. Saturday. According to County Police, Leckrone said as he met another vehicle, he got off the right edge of the roadway too far, causing the vehicle to roll. Also damaged was the truck bed, valued at \$500, and a load of cattle, owned by Chester Ballenger, valued at \$2,000.

Marriage Licenses

The following couples have applied for marriage licenses in the office of County Clerk, N. Jean Messmore:

Richard Allen Wine, Mentone, and Shirley Marie Grimm, both of 505 North Franklin St., Mentone.

Incident Reports

Local law enforcement officers investigated the following incidents:

County police investigated the reported assault and battery of a 12 year old rural Mentone boy while fishing from the bank of a Palestine Lake property. Police said witnesses reported that the youth had been asked to leave the property before and when he returned, the owner allegedly grabbed him about the neck area.

Mary M. Jaynes, Rt. 1, Mentone reported the theft of \$180 in cash Friday. The money, which was part of her tax return, was taken from an envelope that had been placed between a mattress in a bedroom in her trailer in Palestine. She discovered the theft after returning home from work. The incident occurred sometime between 6 a.m. and 5:30 p.m. Wednesday, according to County Police.

Gilead; Susan Stoner, Chili, and Lora Pegg, Mexico. Mr. Hodson was a 1970 graduate of the North Miami High School.

Services are Thursday at 2 p.m. at the McCain Funeral Home in Denver. Rev. William Shewman will officiate. Burial will be in the Chili Cemetery.

Friends may call at the McCain Funeral Home after 2 p.m. Wednesday.

WADE POWELL

Arthur Wade Powell, 61, R. 1, Claypool, died at 2 a.m. Sunday April 12, 1981 at his residence. He had been ill for several months.

Mr. Powell was born Aug. 2, 1919 at Bryan, Ohio to James and Mary Ellen Potts Powell. He had lived most of his life in the Burket area. He was the owner of the Powell Tire Service in Burket. He was married Oct. 24, 1946 at Indianapolis to Patricia McIntyre, who survives.

Surviving with the wife are a son, Michael, Claypool; a daughter, Mrs. Charles (Cheryl) Munter, R. 1, Silver Lake; and two grandsons.

Services were Tuesday in the King Memorial Home in Mentone with the Rev. Don Poyser officiating. Cremation followed the services.

Utility issues kite safety warning

Public Service Indiana today warned parents of potential kite-flying dangers and urged that all kite string be checked to be sure there are no metal strands before it is used.

Company manager, Jim Wilber said, "Flying a kite with metallic or metal-coated string is extremely hazardous since the metal will conduct electricity if it comes in contact with power lines."

He also noted the potential dangers of metallic foil kites and cautioned against kite-flying with wet string, near power lines or during rainstorms.

Company officials advise that if your kite does get tangled in an electric line or substation, don't try to retrieve it with ladders, poles or by tugging on the string. Instead, call your local electric utility office.

It Happened In Court

A lawyer was examining the witness.

"You say you had no education," he said abruptly, "but you can answer my

questions smartly enough."

"Well," answered the witness calmly, "you don't have to be a scholar to answer silly questions."

LOUISA'S LETTER

Dear Louisa,

I have a very nice neighbor and we get along together very pleasantly but she has one irritating trait. There is no fence or hedge between our lots and she has a flower bed which runs down along her side of the street. I should say it used to be on her side but she has gradually taken over about two feet of my lot and each year she adds a little more by putting out plants. What can I do about this? I don't wish to make her angry.

C.L.--III.

Answer:

It may be that she doesn't realize what she is doing but on the other hand she may--as there are some people who will go as far as possible in acquiring things

or land unless they are stopped.

If I were you I would tell her that her flower bed takes up two feet of my property and that if I should ever sell to someone else they could claim all of the plants and flowers on my side or chop them down as they saw fit. If she doesn't take the hint after that you might decide to put up a low curb or fence between the lots.

Louisa.

Dear Louisa,

There is a boy that I like very much. But I have one big problem. How do I get him to know I'm here. He

Massive search underway for missing girl

A massive search has been underway since Sunday, April 5 for an 11-year-old Santa Claus, Indiana girl.

Kathy Kohm, the daughter of Mr. and Mrs. William Kohm, has been missing since Sunday afternoon when she left her home in Christmas Lake Village, a private subdivision, to go jogging.

When she left, Kathy was wearing a yellow long-sleeve sweater with her name on it, green jogging pants with a white stripe and light blue tennis shoes. She weighs 88 pounds, is five feet tall, and has short light brown hair, blue eyes and fair complexion.

Up to 400 volunteers have conducted a fruitless search of the wooded terrain that covers much of the 2,000 acres of the village and surrounding countryside. Conservation officers began dragging Christmas Lake, a large lake inside the village, on Tuesday. An aerial search by a helicopter and a state police plane also turned up nothing.

Kathy was last seen by William Griesse, who also jogging inside the village, at 2:15 p.m. Sunday. There are no indications the girl planned to run away, Santa Claus Town Marshall, Leo Snyder, said. A resident of the rural area south of Santa Claus said he saw the girl about 4 p.m. Sunday on a

road outside the village, but a polygraph test showed he had not seen the girl and had no information about her whereabouts.

After more than two days of fruitless searching by volunteers and police, psychic Dorothy Allison of Nutley, N. J., was asked for clues to the child's sudden disappearance.

Mrs. Allison, who specializes in the death and disappearance of children, has worked with police all over the country. Last October she traveled to Atlanta to try to help find the killer of Atlanta black children.

Among the items Mrs. Allison feels are connected to Miss Kohm's disappearance are a picture of an elk, plowed ground, the numbers 9551166, a service station or mechanic, loud music, possibly from a revival; a fire house or an area that recently had a fire, a red car, the letters A and E, an area with lots of tools nearby, a road detour, and the names Benjamin, Peter, Reed and short nicknames like Ray, Ed or Dave.

The search continued Wednesday without success with house-to-house searches and bloodhounds specially trained to pick up the scent of a person after a period of time has passed.

Snyder and state police officers said the extensive search has turned up nothing and they have no leads at this time.

The Christmas Lake Properties Association, Inc., of Santa Claus has offered a \$2,500 reward for information enabling law enforcement officials to locate Miss Kohm. The Property Association is also asking area residents to spread the word about Kathy's disappearance in case someone has information that could be useful.

The use of words may conceal ideas but very often the lack of ideas explains the use of words.

Real success in life isn't measured by how many individuals you excel, but by how many people you befriend.

You'll thank yourself next winter for the air conditioning decision you make this summer

You could be comfortable all summer by installing central air conditioning. Or, you could be comfortable year-round—plus save money on your energy bills year-round, by installing an Add-On Heat Pump.

The Add-On Heat Pump is a new development. It works, like any heat pump, by taking the heat out of the air inside your home and pumping it outside.

That's probably all you care about this time of year, but next winter you'll be glad to know that the Add-On Heat Pump is also the

most efficient heating system around.

That's because it supplements your existing gas or oil furnace with the energy saving benefits of a regular heat pump.

And, that means you add-on savings with the Add-On Heat Pump.

So, if you're thinking of installing central air this summer, consider the Add-On Heat Pump. It's a decision you'll be comfortable with year-round, for years to come.

It's moving day for Town Hall

Ron Fenimore, president of the Akron Town Board.

Tim Swihart and Rick Ringle help to move supplies and furniture into the new offices.

Last Wednesday was a busy day around the Akron Town offices - moving day. The offices and all equipment, furniture, supplies and personnel had to be moved down the block to the new

offices in the building the town has purchased and remodeled. The office had been located in the Akron Bank building since early 1978 after having moved from the building owned by Akron

Insurance Agency.

The new offices are located in the corner building formerly owned by Harold Gearhart of Akron Realty. It has been the 'corner grocery' to everyone in the community, for many, many years.

Ernest Smith, the Akron Town Clerk, was busy at his desk finishing up the payroll so Ron Fenimore, president of the town board took us on a tour of the new offices. There are four offices finished. The first (with the big window), will be the city police department with Ed Hauser at the desk and radio; the second is the office for Florence Katz, the town water department billing clerk. Ernest Smith has the third office in line for the town clerk's business and Clair Ellis, Township Trustee, has the fourth.

The offices have all been paneled the ceilings lowered and all have been carpeted. There is another office in the back of the building which will be finished at a later date for a local business.

The outside of Town Hall is to be renovated also. Bill Gearhart and Fred Hammond are presently working at bricking up some of the old windows and when this is finished, the building will be painted.

People who have worked on this project have been Dave Kruger,

Ernest Smith, Akron Town Clerk.

Akron Electric; Bill Gearhart in charge of the carpentry with Henry Rohr helping in the 'dismodeling' of the old office and moving some of the paneling into the new offices; Chuck Coplen was in charge of plumbing and laying the carpet; Tom Gast, in charge of the heating plants. Bob Stout donated the carpet for the town hall.

Easter egg hunt at Akron Park

The Easter Egg Hunt at the Akron Park, sponsored by the Chamber of Commerce, had a turn-out of over 200 children, ages pre-school through fourth grade. The beautiful weather added to the fun and there were seventeen winners of the silver dollars for finding a white egg marked with an X (one didn't get found) and two winners in the contest (in their age group) for finding the most eggs. The little one who found the most eggs in the 2nd, 3rd, 4th grade group didn't show up!

This year's committee for the Egg Hunt was: Dave French, Dale Sheetz, Howard Van Scoy (he said

he's a twenty year member of the Egg Hunt), Jim Jones, George Stephen and Ralph Shewman.

Winners in their age categories were: pre-school - Missy Saner, Tara Rutherford, Cassey Tilden, Jaime Barnhart, Jennie Cumberland and Jennifer Caudill with Billy Hall winning with the most eggs. Kindergarten through first grade - Troy Wilhelm, Justin Murphy, Katrina Hite, Ryan Gast, Mary Cornell and Dustin Caudill. Alton Junior Holestin won for having the most eggs. Second-third-fourth grade winners were: Jana Murphy with 2 eggs, Paul Nolan, Cathy Faught and Nikki Fogelsanger.

"Golden Egg" winners at Mentone

Pictured are the winners of the "Gold Eggs" prizes at the Mentone Chamber of Commerce's Easter Egg Hunt held Saturday at Mentzer Park.

Approximately 100 children turned out for the egg hunt for the 700 colored eggs donated by Manwaring Leghorn Farms of Mentone, and cooked by Tip-E-Pak of Burket.

Children winning prizes were Alisa Secrist, Caleb Jones, Timothy Kleiner, Josh Shepherd, Tonia Stavedahl, Carrie Jones, Mike Seymour, Shane Gamble, Tim Secrist and James Steele.

The committee responsible for dyeing "all those eggs," was Roger Moriarity, John Williams, Bill Wynn and Royal Baum.

Riders can pick up their sponsor/registration forms at the Mentone news office or call Deb Lewis, 353-7947 for information.

New books at the Akron Public Library

"The Covenant," by James A. Michener. This is a major novel about people, real and imaginary, caught up in the march of world history. A story of adventure and heroism, love and loyalty, cruelty and betrayal. Though not without comic elements, it portrays the tragic results of wrong decisions made by fundamentally decent people in the serene belief that they are right.

"Sweet Adelaide," by Julian Symons. In 1886, Adelaide Bartlett was tried for murder at the Old Bailey. The street ballad that was sung at her trial wound up with "Oh Oh that Adelaide, wasn't she a naughty maid?" A rich, vivid, and fascinating novel loosely based on fact, because Adelaide did once exist.

"Hummel, The Complete Collector's Guide," by Eric Ehrmann. For avid collectors, the heart of this book will be the collection itself, shown completely in color and fully documented.

"Tilly," by Catherine Cookson. Bess with terrible situations and working conditions, subjected to

unreasonable hatred and accusations. Tilly is a survivor, and certainly one of Catherine Cookson's most enduring and beloved heroines.

"How to Live in Florida on \$10,000 a Year," by Hal M. Lewis. Whether you are single, married or retired, you can live in Florida for \$10,000 a year. This book tells you how, covering all costs from the basics of housing and food, to leisure activities.

"Elkhorn Tavern," by Douglas C. Jones. The drama of the Civil War has long been a mainstay of American fiction, but never more affecting, or with greater fidelity to the wages of human survival, than in this vibrant new novel.

"Nicaragua Betrayed," by Anastasio Somoza, as told to Jack Cox. It was never a secret that the revolt against President Somoza was a Communist assault. Even those forces which professed to be non-Communist were under Castro's control; and how our Government, led by our former President, betrayed Nicaragua.

County unemployment rate on upswing

Kosciusko County's unemployment rate declined during the fall from an all-time high of 8.3 percent in September, 1980, but has steadily increased this winter and nearly reached that mark again in February, according to preliminary statistics released recently by the Indiana Employment Security Division.

The unemployed force in Kosciusko county was 2,300 in February, which is a small increase from the 2,200 jobless in January. State employment officials say 25,550 persons were employed during that period. The unemployment rate rose from 7.9 percent in January to 8.2 percent in February. The total labor force declined from 28,000 in January to 27,850 in February.

In February, neighboring counties reported higher unemployment rates than Kosciusko county. Whitley county's jobless rate climbed to 11.5 percent, followed by Noble county's 9.9, Marshall county's 9.4, Elkhart county's 9.3, Fulton county's 9.1 and Wabash county's 8.8.

Once again, the lowest unemployment rate in the state is

Hendricks county's 4.3 percent, while the highest was recorded in Ohio county with 24.6 percent jobless persons.

The Employment Security Division recently also released 1980 yearly unemployment rate averages and Kosciusko county, at 8.4 percent, was the lowest in the seven-county area. Noble was listed at 11.8 percent, followed by Elkhart's 11.6, Whitley's 11.2, Wabash's 10.2, Marshall's 9.8 and Fulton's 8.7.

Mentone heritage

This unusual tree has been part of Mentone School for about forty years. (Photo by Melva Smith).

For years pioneers cut down trees and cleared the land for farming. Often men prided themselves on the amount they cleared. However, some people began to wonder if too many trees had been cut.

One of these men was J. Sterling Morton. In Nebraska where he lived there were not enough trees to break the force of the wind or enough tree roots to hold moisture in the soil, so he persuaded the state authorities to set aside an April day to plant trees. This was called Arbor Day because arbor is another word for tree. Nebraska people planted one million trees on that first Arbor Day in 1872.

After Morton's death they chose the day of his birth, April 22, for their Arbor Day. However, the date of Arbor Day varies from state to state because the best time for tree planting varies. California selected March 7, Luther Burbank's birthday. Some people honor John Chapman who was known as "Johnny Appleseed" because he distributed apple seeds and sprouts in the Ohio Valley in the early 1800's.

Arbor Day is often celebrated by school children. One part of the heritage of Mentone school children is the bald cypress tree in the west school yard. Dale Kelley, longtime Mentone principal, told us once that the tree was planted

by Pat Harrison, the agriculture teacher. Harrison left Mentone in the early 1940's, so the tree must be about forty years old.

Bald cypress trees are rare in northern Indiana because they prefer mild winters and the wet soil of the swamps in southeastern United States. In the south the wood is used for posts and flats for nursery plants because the wood is rot resistant. Here the bald cypress is an ornamental. Although it is a member of the pine family, it sheds its leaves in the fall.

A Mentone student can stand by the bald cypress and see several other kinds of trees. The sugar maples and walnuts that were planted along the street are natives of this area, but the catalpa trees across the street in front of the old gym are another example of an ornamental tree that has been planted beyond its original range. According to one source, catalpa wood provided strong wood for railroad ties, so they have become fairly common.

There is a tulip tree in Yazel's yard north of the school. Although these are members of the magnolia family, they are also called yellow poplar. In 1931 these became the state tree of Indiana. On April 26, one of the Warsaw restaurants (McDonalds) will celebrate Arbor day by giving away tulip trees.

Washington D.C. is the first city in the world specifically planned as a nation's capitol.

End To Tooth Decay?

Gradually, science is closing in on tooth decay. Not so many years ago fluoride was introduced into tooth pastes and water to retard the formation of cavities. It has eased the cavity problem considerably, though cavities still occur.

A natural companion for fluoride was more recently found. Used together, the two preventatives are thought likely to prevent all but a few tooth cavities. It is a natural substance in saliva which halts tooth decay; if this substance, sialin, can be supplemented to assure its presence, cavities might become preventable, at last.

Sialin could be added to chewing gum, foods, even candies. Though it's too early to be certain the new finding means an end to cavities, the new knowledge unearthed by researchers at State University of New York is expected to be utilized increasingly in the future.

The 106th

A new military history retells the sad story of the U.S. 106th Division in World War II. It was a green division, hit by surprise in December, 1944, by a German offensive at the beginning of the Battle of the Bulge, or Ardennes Forest.

Though Charles Whiting's *Death Of A Division* is worthwhile reading and history, it should be read with the knowledge that almost any other green division would have been overwhelmed by the force assaulting it on the morning of December 16, 1944.

True, many units of the 106th broke and fled in disorder. (Twelve thousand of the division's 16,000 men were killed, wounded or captured.) But Hitler had secretly assembled 26 divisions to launch an offensive few thought possible and had selected this lightly held part of the front to launch it.

Allied commanders, as well as the foot soldier, were caught by complete surprise. And members of the 106th Division-the Golden Lions-had been told they were being introduced to combat on a quiet front.

Thus there is little reason today to seek to assess blame. Any division especially a green one, attacked with overwhelming force by surprise in similar circumstances, would have fared badly. The 106th did. But in less than a month American troops and airmen had rallied to stop the last desperate gamble of Nazi Germany.

The squandering of his last reserve by Hitler, in the West, opened the floodgates to the Russian Army in the East. This allowed the communists to overrun far more of eastern Germany and Europe than would otherwise have happened.

Thus Hitler himself made certain the Russian occupation of eastern Germany and parts of Austria, Hungary and Czechoslovakia with this gamble-even though the Allies had already agreed to divide Germany into occupied zones.

Editors Note: Dick McKee, publisher of the Akron-Mentone News was a member of the 106th and was captured by the Germans, spent the rest of the war in concentration camps in Germany. This new book should be very interesting.

***** B. J. Crowley's HOROSCOPE

Week of April 26, 1981

TAURUS -- Those born under this sign usually like to travel. They are fearless and strong of mind. They are both shrewd and emotional. Their lucky number is 1, best color is yellow and lucky day is Monday.

TAURUS -- April 21 to May 20--A romantic week when your wishes come true. Keep your head in the clouds, but your feet on the ground.

GEMINI -- May 21 to June 20--Shopping is favored. Remember though that things are not always as they seem. Demand quality.

CANCER -- June 21 to July 22--Travel is favored this week. Also, a good week for pleasant conversations. Get your feelings out into the open.

LEO -- July 23 to Aug. 22--Real estate trends seem to be favorable for both buying and selling. It might be well to get the opinion of a friend before making a major purchase.

VIRGO -- Aug. 23 to Sept. 22--Gossiping can be tempting, but don't indulge. You might be called upon to back up a statement.

LIBRA -- Sept. 23 to Oct. 22--Put family before friends, even if it means sacrificing your own pleasures. A family conference is favored.

SCORPIO -- Oct. 23 to Nov. 22--Others may irritate you no matter how hard you try to ignore them. Calm your nerves by listening to your favorite music.

SAGITTARIUS -- Nov. 23 to Dec. 21--Do what you can to make the lives of those around you more pleasant. You can do this by being cheerful.

CAPRICORN -- Dec. 22 to Feb. 19--With every rose there may be a thorn, but for you there seems to be more roses than thorns. Be grateful for this and count your blessings.

AQUARIUS -- Jan. 20 to Feb. 18--Home improvement is important now. Do what you can to make your home and surroundings more attractive.

PISCES -- Feb. 19 to March 20--Make an effort to distinguish between fact and fiction. Be yourself. You have many friends and there is no point in trying to make a false impression.

ARIES -- March 21 to April 20--A fine week to make a good impression. Someone you have been trying to attract will notice you.

"Just a Little Boy"

As spring comes in, and baseball season comes up, Little League will soon be in full swing.

When you attend some of the Little League games this season, please keep the following in mind, and just enjoy watching those little guys and gals out there playing their hearts out.

JUST A LITTLE BOY

He stands at the place with heart pounding fast.
The bases are loaded;
the die has been cast.
Mom and Dad cannot help him,
he stands all alone.
A hit at this moment
would send the team home.
The ball meets the plate;
he swings and he misses.
There's a groan from the crowd,
with some boos and some hisses.
A thoughtless voice cries:
Strike out the bum.
Tears fill his eyes;
the game's no longer fun.
So open your heart
and give him a break.
For it's moments like this,
a man you can make.
Keep this in mind
when you hear someone forget.
He's just a little boy
and not a man yet.

Fishing Time

This is the time of year blood rises in the veins of the millions of fishing Americans. From now until fall, fish will be taken in the streams and lakes of every state--many of which have been frozen over during the winter.

What is it about fishing that attracts so many? One expert claims it's the natural instinct of hunting food--the basic drive to survive. Other factors are the break from the hectic pace of American life and the fellowship and beauty offered.

To help the beginner, and remind the non-expert, here are the basic rules of fishing: Best time is at dawn and dusk. The hour after a changing tide (in salt water) is good. If fish are spawning, fishing is almost invariably good, with any bait. The period just before bad weather is often good. If the bad weather lasts several days the period immediately afterward may be good again. A steady barometer is not as good as a rising or falling glass and falling pressure is generally better than a rising pressure. A slight wind to ripple the water is desirable. Follow these general rules and catch more fish!

Charlie Sheetz wins Kosciusko Co. D.A.R. Good Citizen's Award

Agnes Pryne Chapman Chapter, Daughters of the American Revolution, were guests of Anthony Nigo Chapter at the April dinner meeting in Mentone. Miss Annabel Mentzer introduced, with words of welcome, the Regent of the Warsaw Chapter, Mrs. Warren Walmer.

Mrs. Frank Smith read the President General's message in which she reminded members that Ninety years ago the National Board of Management confirmed the organization of the Chicago Chapter in Illinois, making it the first Chapter within the National Society. As of February 6, 1981, Chapters now number 3,128 in the NSDAR. She also announced that her National Project during the administration will be the restoration and preservation of the Historic Buildings of the NSDAR at 1776 D St. N.W., Washington, D.C.

The National Defense topic given by chairman, Mrs. E. W. Igo, was entitled, "A Reawakening." She stated that our country, the Free World even is crying for leadership; our new leaders must respond. They must know that leadership and popularity are not necessarily the same; a leader must do what is right, not what will get him votes in the popularity contest. So, too, must our nation act without worrying whether others like us.

Mrs. William Nice, Warsaw and Mrs. Wayne Smalley, Mentone, respective Chapter Chairwomen, presented DAR Good Citizen winners as follows: Wayne Heffner, son of Mr. and Mrs. Clyde Heffner; James Walker, son of Mr. and Mrs. B. J. Walker, sponsored by the Warsaw Chapter and Charles Sheetz, son of Mr. and Mrs. Larry Sheetz, Akron, spon-

James Walker, Wayne Heffner, Charles Sheetz

sored by the Mentone Chapter. Charles Sheetz, winner in Kosciusko County, will be competing in the State contest. Qualifications for winners in the contest are dependability, service, leadership, and patriotism along with emphasis on academic standing in the class.

Mrs. William Nice presented a topic fitting to the Easter season entitled, "Easter and the Resurrection," in which she gave a brief life synopsis of the 12 apostles who were with Jesus during the last week of his life on earth.

Mrs. William Camden, of the Warsaw Chapter, gave interesting comment concerning the Fort Wayne-Allen County Library and especially its genealogy section. She urged that family Bibles be kept up to date and recommended "Searching For Your Ancestors,"

by Gilbert H. Doane, as being a good basic book for researching.

During a short business meeting, Miss Mentzer, announced the DAR District Meeting, to be held at the First Methodist Church, Auburn, on May 16, 1981. She also appointed Mrs. William Ettinger, to serve on the committee preparing to participate in the Mentone Days parade on June 6, 1981.

Anthony Nigo Chapter will meet on May 12 with Mrs. Loren Gross, Mentone, as hostess. Wayne Bessinger, Bourbon, will give a conservation program, "Wildlife Refuge."

Exercise is what your friends should take a get rid of the middle-age spread.

House Headlines

From Thames Mauzy
State Representative

Checking the power of appointed officials was the thrust of two bills passed by the House on its final day (April 13) for considering Senate bills. Neither measure is a new concept in the State House, with the anti-regionalists scoring a victory after 4 years and those who want more oversight of agency rule-making realizing a goal at least as old.

In endorsing Senate Bill 1, the House agreed with its sponsors that Indiana should no longer participate in regional agreements allowed under a 1968 Presidential Executive Order because it is unconstitutional and allows the construction of a parallel system of government with appointed officials by-passing decisions of elected officials.

Bill backers say the 10 regions created under the order have used tax money to blackmail states into cooperation in economic development, transportation, land use planning and health service delivery, for example.

Indiana is now part of Region 5, headquartered in Chicago, where heads of 17 federal agencies, such as the Department of Agriculture, the Department of Commerce, the Department of Health, Education and Welfare, for example, serve on a Regional Council.

Phrases like, "an expensive, cumbersome, answer-to-nobody program," "destruction of state sovereignty" and "a usurpation of the power of elected officials at every level of government" characterized the bill's path to the Governor's office, where it now awaits his action.

The second bill involving appointive power addresses a source of resentment in the State House for several years -- the usurpation of legislative power through state agency adoption of rules and regulations.

Generally, the problem has come about because of the practice used in writing bills with complex administrative and social impact. Instead of risking the possibility of constructing the laws too specifically, the legislature often grants the appropriate state agency the power to promulgate (publish) rules and regulations, believing

their expertise will make the product workable and harmonious with legislative intent. During the 1980 session less than 200 laws were enacted and over 1100 rules were changed during the same period, affecting the daily lives of all Hoosiers.

Even though the rule promulgation process includes opportunity for citizens to express their views through public hearings, few people exercise that privilege, perhaps because it is an intimidating and complex task, which may often be considered an exercise in futility.

The bill we just sent to the Governor would give the public a form to air its grievances about the countless rules enacted each year which have the force of law.

Anyone opposed to a particular rule, claiming it is oppressive, unlawful or contrary to its original intent, may file a complaint with an 11 member commission, 8 legislators and 3 appointees of the Governor.

The commission would not have veto power over the rules but would be able to recommend certain actions to the agencies and to the legislature.

I.O.L. advisory committee meets

The TVHS/IOL Advisory Committee met last Monday evening to plan how to get the money to pay expenses to San Antonio, Texas for the two girls who won at the State Contest and are qualified to go to Nationals.

The girls, a sophomore and junior at TVHS, Lynette Hanes and Crystal Foley, were among 33 people who went to District Contest. Of these, 23 placed and 18 were eligible to go to state contest with a first, second or third place. Seventeen people participated at the state level on March 20, 21,

and 22. Approximately 108 students participated from this district at the state contest; of these, six placed at the state and only two were placed for national eligibility and both of these girls are from Tippecanoe Valley. Lynette placed in business proof-reading and Crystal placed in extemporaneous communications.

The next meeting of the advisory board will be in May so they can plan for the activities for the summer; the Mentone Egg Festival and the Akron 4th of July.

Summer school schedule announced

Summer school classes at Tippecanoe Valley High School will begin June 1 and end July 24, except for Driver Education which will be scheduled in two sessions. The first Driver Education session will be June 1 to June 26 and the second session will be June 29 to July 24. Course offerings are: (1) Driver Education, (2) English.

The English class offered will allow students that have failed a semester of English 9, 10 or 11 to make up the credit so they can resume the regular schedule next school year. Classes will meet for two hours daily for forty days except for Driver Education which will be scheduled in two twenty day sessions.

Due to increased costs to the school for car rental, insurance and fuel, there will be a \$20 fee for Driver Education. Tippecanoe

Valley is the last school district in the area to establish such a fee. Most school corporations have established a much higher fee with the highest at \$65. in the area. Students enrolling in Driver Education must be entering ninth grade in the 1981-82 school year and have a valid beginner's or driver education permit before the start of the course. A student must be fifteen to get the required permit. Representatives from the license branch will be at TVHS on May 4th to issue permits.

Registration forms are available from the Tippecanoe Valley High School office. The forms must be completed and returned by April 22, 1981.

Information on the summer recreation program will be issued later.

TVHS graphic arts

By Georgia Askew

"O.K. gang, put the press to bed." That's a phrase you might hear if you walked into the Graphic Arts room around 3 p.m. any night during the week. It simply means to clean up the press and cover it. And I'm sure if you listened carefully, you could hear plenty more phrases such as this one.

Graphic Arts plays a very important part in our school. It prints all kinds of things from "The Runic Review" to admittance slips and passes.

The class is taught by Mr. Carmichael, who says he really enjoys teaching it!

The class lasts two hours, 5th and 6th periods and is a semester long, however, some students take it for a year. The students in this class first learn design and camera work, which the majority of the class seems to like best. After you learn stripping, which is placing the negative on a flat; plate making, running the press, filing plates and flats, and learning to use the stapler, drill and paper cutter. After all this, you are ready to start the projects. The students are allowed to do a few projects outside of school, such as making stationary and posters for themselves and friends.

There are 15 boys and one girl in the class at the present time. Everyone of the students say they really enjoy it. They seem to learn a lot and have fun at the same time. And get this, they even like the teacher and the way he teaches!

Mr. Carmichael attended Ohio State for six years, starting in Architecture and transferring into Industrial Technology in

1978. He has been teaching for 3 years. One year in Ohio and two years at T.V.H.S.

Mr. Carmichael says he has to give a lot of credit to his lab aides, who are: Doug Sheetz, David Chaney and Duke Waymire, because he knows he could not run the class without them. He is hoping to be able to do some type of slide presentation to music. This means a lot of hard work and cooperation from all of his students.

I have seen a lot of work the students in his class have done and I think they do a really nice job! So, y'all -- KEEP THE PRESSES HOT!!

Vikes lose Northwood

The Valley baseball team lost a 4-1 decision Thursday to Northwood which makes them 3-6 on the season. Bibler's single, along with help from Christenberry's single on a hit and run and Brian Cook's bunt was the only run scored for the Vikings.

Darrel Shevman, working 6 innings, was tagged with a loss; allowing eight hits, 3 strike outs and walked 2.

Burdge, Paris TVAC most valuable

The Tippecanoe Valley Aquatic Club recently held their winter award's banquet at the Mentone School.

Ellen Burdge was named the team's most valuable girl and Chris Paris the most valuable boy.

The team's most improved swimmers were Scott Berry and Gina Ellenwood.

High point trophies were awarded to the following swimmers: 8-under - Gabriel Whetstone and Cheryl Glover; 9 - 10 years - Chris Paris and Ellen Burdge; 11 - 12 years - Dayne Manwaring and Heather Krajewski; 13 - 14 years - Randy Paris and Diane Good.

TVHS golf team wins

The Tippecanoe Valley golf team won against North Miami 173-209 on Peru's Rolling Greens Golf Course last week for its second straight victory.

Leckron shot a 39 to win medalist honors, the North Miami Warriors were led by Mark Lefebre's 42.

Rick Stone with 43, Scott Woods with 44 and Rick Goshert with 47, accounted for the Valley's score. The Valley J.V. team improved to 2-0 on the year with a 222-232 squeaker. Randy Mitterling's 48 was the top score.

Kindig to head Runic Review

By Celena Zumbaugh

The Runic Review staff is a journalism class that puts together the school newspaper. There are many hard working students who put in lots of time and effort into their articles.

Most of the student try to get the facts straight and bring out their own point of view and ideas into their articles.

The Editor, Sherri Clark, is a senior and she is responsible for what articles will be in each issue and who will write the article. Sherri also puts a deadline on when the articles must be done and when the paper will come out.

Jerry Kindig is a sophomore and is Runic Reviews News Editor. His is responsible for laying out the articles. Jerry sees that each article has a headline and that everything is done and ready to go before printing the paper.

Jerry will be taking Sherri's place as next year's editor.

Then we have our Sports Editors, both past and present. They are Duke Waymire, the former and Lynn Fuller, the present. They are responsible for reporting and writing the sports articles. Duke and Lynn lay out their articles and make sure they are ready to print.

Joe Ellis is responsible for typing out the lunch calendar and events that are scheduled in the paper. The staff reporters are Charlene Yates, Denise Bahney, Brenda

Keplinger, Karen Wright, Tammy Stone, Georgia Askew, Celena Zumbaugh, and Matt Brown.

The reporters are responsible for bringing in stories and things that are interesting for all students.

Our Staff Advisor is Mr. Kohn. He helps the students write their articles and gives them hints on how to improve their writings.

Although this year has not been perfect, it has been interesting. This year has given Mr. Kohn and our staff experience which can only improve out paper next year.

1981 Huntington College Skate-a-thon committee

"Rollin' 10 to 10," is the theme of the \$32,000 May 6 Skate-a-thon headed by eight Huntington College students. At top, from left, are Julie Gnodtke, Sawyer, Michigan, Publicity; Ruth Armentrout, Farwell, Michigan, Finance Committee; Greg Hoover, Mentone, Student Involvement Committee; Andrew Knoop, Mentone, co-chairman; Duane Smith, Waterloo, Finance Committee, and Roger Vezau, Crown Point, Roller Rink Committee.

Huntington College students have started on a new money-making spring project to help their college pay for a new residence hall. The new building will be built this year with the help of the students who have pledged themselves to raising \$32,000 to help pay for it.

The students' money-maker, a Skate-a-thon, will be held May 6, and the students are busy contacting sponsors who will pledge a specified amount for every half hour the donor skates, or give a straight donation.

If anyone desires to sponsor a student, they should call Huntington College at 219-356-6000, extension 35, for details, said Andrew Knoop, co-chairman of the event.

A phone sweep of the Huntington community is now underway with Greg Hoover directing the telephoning.

Six firsts win for Vikings

Ron Peters winning the 800, 1600 and 3200-meter runs and Ray Davis' long jump; Andy Alspaugh's high jump and Bill Hawkins' shot putt along with Marlin Meredith's winning the high and low hurdles -- that's what it took for the Vikings to beat Rochester in the track meet last week with a terrific score of 80-47 and the J.V. won 96-30.

The Vikings also won the 1600-meter relays with Marlin Meredith, James Holloway, David Chaney and Rex Laughlin in 3:44.5.

Rex Laughlin was third in pole vault; Craig Fisher, second in high jump and Ray Davis third. Bill Hawkins, 2nd in discus, Kelly Shafer 3rd; Andy Alspaugh, 3rd in shot. Luis Bouse 2nd in long jump with 19 ft. 1 in; Earl Ogle 3rd.

Luis Bouse was 3rd in 100 meter dash; also 2nd in 200-meter dash. James Holloway was 2nd in the

400 meter dash; Luis Bouse was 3rd. Jeff Peters was 2nd in 1600-meter run; Ron Peters was 2nd in the 3200-meter run.

Rex Laughlin 2nd - 100 meter hurdles; Andy Alspaugh 3rd. Rex Laughlin 2nd in 300-meter low hurdles.

First places in the J.V. were: Don Flenar in the high jump with 5'2"; Ron Lambert in Discus; Kelly Shafer in shot; James Holloway in long jump.

In the running events the J.V. took the 100-meter dash with Ron Lambert placing first and Scott Teel second. Craig Fisher was first in the 400-meter dash and Pat Lafferty was 2nd. Earl Ogle placed first in hurdles; Shawn Stokes first in 300-meter low hurdles. The relay team of Craig Fisher, Pat Lafferty, Rick Ralston and Brian Severns placed first in the JV 1600-meter relay with 3:59.7.

Football "slave" auction great success!

Head football coach Charlie Smith announced that the first annual Valley football auction of slaves was a great success with sixty-eight players and coaches being sold on the auction block last Wednesday evening. An estimated \$1,600 will be raised with the completion of the slaves' assigned work details.

The auctioneer, Mark Metzger, from North Manchester, donated his services for the slave auction and did an outstanding job for the first auction of this type he has ever done.

The successful bidders and their slaves with some of the hourly wages to be paid were: Coach Parker - \$6.20; Coach See - \$4.60; Keith McSherry - \$4.20; Ray Fenix, James Dotson, Chris Griffiths, Calvin Grossman, Rob Cumberland, Craig Fisher and Todd Hoffman, auctioned to Bill Creighton.

Brian Carnes and Shaun Miller to Richard Peterson; Guy Alspaugh bid and got Shawn Stokes for \$4.20; Andy Alspaugh and Greg Van DeWater also went to Guy Alspaugh. Don Kline bid and got James Holloway for \$4.30 an hour. Ed Rose, Brian Severns, Mark Kline and Scott Stewart, Garwin Eaton bid \$4.15 on both Joe Hawkins and Paul Lambert. Harold Gearhart (Akron Realty) gets Scott Bibler and Coach Makula for \$4 an hour each. Bob Miller gets Rick Rutherford and Coach Gingle for \$4.20 an hour. Richard Dickerhoff gets Coach Smith for \$7.20 an hour and Pat Lafferty for \$4.60.

Barry Peterson - Kevin Shafer, Luis Bouse, Randy Carr, Greg Hunsberger, Billy Kelly and Jimmie Jones. James Swihart and Phyllis Howard gets Andy Howard Dan Boyer, Tom Kistler and Lee Swihart. Manwaring Leghorn Farms gets Jim Anderson, Chad Grossman and Steve Salmons. James Unzicker - Craig Kantner and Tod Utter. Paul Shireman gets Coach Lafferty for \$5.20 an hour and Shad McConkey for \$4.10.

Sandra Cumberland - Joe Hughes and Duke Summe. James Carnes - Todd Peterson. Frank Newton - Scott Teel. Fred Haney, Jr. - Ken Busselberg. Bernie Holloway - Ray Davis. Gary Lafferty - Doug Dickerhoff. Jim Rose - Brian Duzenberry; Dale Felts - Brian Felts; Joe Boggs - Bill Hawkins; Miles Hoffman - Brent Hoffman; Tom Reed - Robert Reed; Jay Woodruff (Frank and Jerry) - Todd Stokes; Bob Daake - Mike Wagoner; Joe Harter and Ray Davis - Don

Flenar; Joe Shafer - Kelly Shafer; Paul Bricker - Mike Shoemaker; Jerry Seccrist - Jeff Webb; Dale Wallen - Mollenhour - Bela Heinzmann; William Gagnon - Tim Gagnon; Dennis McKee - Eric McKee; Dixie Summe - Rob Pinder; Judy Swick - Derrill Swick.

There were several unsuccessful bidders during the evening, but the fact that the auction was a big success shows in the number of bidders and their willingness to support the cause.

These slaves will contact the successful bidders within the week and set up a work day, with their work guaranteed to the bidders' satisfaction.

TV's Vikes lose to Eastern

The final score - Eastern 57, Tippecanoe Valley 55 and Northfield 47, tells a lot about the combined meet the Vikes track team took place in last week.

It was down to the final relay with TVHS and Eastern deadlocked at 52 points each. The Vikings leading through the relay with a record set in 3:43.4 and then came Eastern's speed-star Tim Oyler, up from behind to win the relay and the meet.

Valley's Ron Peters was a triple winner with a first in the 800, 1600 and 3200-meter runs. Marlin Meredith was unbeaten in the high hurdles, with a sectional-qualifying time of 16.3. Marlin is qualified in both the high and low hurdles. Bill Hawkins was first in the shot put. The Viking J.V. outscored the other two Three River's Conference opponents with 87 points. Eastern was second with 50 and Northfield with 6.

Rex Laughlin was 3rd in pole vault; Luis Bouse was 3rd in 200-meter dash; David Chaney was 2nd in 400-meter dash. Jeff Peters was 2nd in the 3200-meter run; Rex Laughlin was 2nd in the 100-meter high hurdles; Marlin Meredith was 2nd in the 300-meter low hurdles with Laughlin 3rd. The 1600-meter relay team placed 2nd with Marlin Meredith, James Holloway, David Chaney and Rex Laughlin with a 3:43.4 time.

The J. V. team placings were:

Mentone Library to provide "Talking Book" service

In the belief that reading is for everyone, the Library of Congress provides a program of free library service for people who cannot use printed formats because of an inability to read print or hold a book for an extended period. Under this program, the Division for the Blind and Physically Handicapped is working to provide books and magazines on recorded sound discs and cassettes. These Talking Books and the machines to play them are sent postage free to and from the patron. Various attachments are available on request for use with these machines, including a remote-control on-off switch, a clip which facilitates placement of the tone arm on the disc, and headphones. Repairs are handled by the Talking Book Service free of charge.

Specialists select the titles to be made into Talking Books. Readers may choose current bestsellers, older novels, mysteries, poetry, essays, the Bible, and a wide variety of nonfiction titles. Many popular magazines, reflecting a broad range of interests, are also available. Children's books and magazines are, of course, available too. The service welcomes suggestions for books that may

not yet be on the lists. TALKING BOOK TOPICS is a bimonthly magazine mailed to patrons describing the latest offerings. Included in the magazine is a sound disc containing the same information as the print format of the magazine.

It has been our experience that the initial request for books brings a listing of general areas of interest to be checked by the patron and returned to the Talking Book Center. The patron may choose several categories of reading topics, e.g. mystery, classics, etc. Magazine titles are also listed. After that the reader will receive the machine requested, disc player or cassette player, and collections of books within the chosen areas. They may, of course, change or add to the areas at will.

If you know anyone who is unable to read, whether because of failing sight or physical disabilities, please pass this information along to them. All they need do is contact the Talking Book Service at the Elkhart Public Library or call Madeleine Fisher at the Bell Memorial Public Library in Mentone. Mrs. Fisher will be glad to take the first steps for anyone requesting the Talking Book Service.

Growing up in Rochester 80 years ago

The new Fulton County Historical Society Quarterly features a story about growing up in Rochester 80 years ago by L. D. MacIntyre. MacIntyre also wrote the Red Cross "Articles of Faith," during World War II. His story includes memories of play and work, including his job as violinist at the Kai Gee Theatre in Rochester 1913-16.

Other stories in the quarterly are Manitou Chapter DAR history by Marcia Taylor. The First Bombers by Ruth Davis, and Henry Township schools.

The schools include Prairie Union by Ralph Wittenberger, Savagers by Ina Swartzlander; Highland by Fred Dickerhoff and Wilbur Craig; Hauns by Ina Swartzlander and Selena Gerig; Staytons by Margaret Slaybaugh, and Akron by Whitney Gast and Velma Bright.

The 68-page Quarterly is now on sale at the county banks, Rochester and Akron Libraries, Rochester News Agency, Hardesty Printing and the Civic Center Museum, which is open Mon.-Fri. from 9 to 5. It can be ordered through the mail for \$3 from FCHS, 7th and Pontiac, Rochester, IN 46975.

Memorials listed are Charles E. and Amanda Copen; James Elliott; Vine H. Curtis Sr.; Mrs. Linnie Barker Stewart; Margaret Shafer, and Marjorie Wagoner. Brief biographies of some of them are included.

A list of the completed microfilm newspapers, new acquisitions, more on the first Rochester Airport, genealogy queries, and lists of members and sponsors completes the booklet.

The only known photo of Polley one-room school in Aubbeenaubee Township is reproduced, one of the new acquisitions.

Two new books are now available through the Fulton County Historical Society: "What Would You Like to Be?" by Velma Bright of Akron and "Indiana's Citizen Soldiers," about the Militia and National Guard, which includes the Trail of Death because the militia removed the Potawatomi in 1838.

Mrs. Smith's class: Aimee Bailey, Mark Bailey, Robert Bailey, Dustin DuBois, Anthony Enyeart, Jocelyn Feldman, Amy Heighway, Shirley Jackson, Robert Ladson, Tim Ocheeskey, Roby Potter, Jeff Prater, Bobby Shoemaker, John Sikora, Kristine Stephen, Gary Smith, Shari Smith, Dean Trippiedi, Jody Yochum and Jeff Tucker.

CLUB MEETINGS

MERRY MOLLYS CLUB

The Merry Mollys club held it's April meeting at the home of Beth Holt and Ruth Tucker served as co-hostess.

The meeting was opened by giving the pledge to the flag and repeating the club creed. For meditation Beth Holt read an article on "Middle Age Bulges." The citizenship report by Vi McGowen was "Youngsters Teach Each Other." Linda Cochran told about dividing and planting bulbs for garden remarks and for cul-

tural arts. "Household Hints" was Faye Whetstone's topic.

Two lessons were presented. "How and When To Remodel" by Shirley Blackburn and "Wonderful Crisis of Middle Age," by Vi McGowen.

The trip committee reported that the club trip would be April 29.

Delicious refreshments were served by the hostess and co-hostess.

The next meeting will be May 11 at the home of Ruth Tucker.

Fifteen members of the Jolly Janes club were present at the

April meeting which was held at the home of Bonnie Baker, with Phyllis Bowser as her co-hostess.

Roll call was answered by naming our favorite collectors item.

During the business meeting it was decided to donate \$10.00 to the Riverwood Ranch and also \$10.00 to the Bell Memorial Library for a club membership.

Plans are being made to sponsor two projects for the Mentone Egg Festival. One new one this year will be an egg decorating contest and the other will be the egg throwing contest which the club has sponsored for a few years.

More information about these plans will be advertised soon.

Joy Lucht gave an interesting program about her European camping trip of last summer, which was sponsored by the Unit-

EMT car wash big success!

The Akron Unit of the Fulton County EMT's held their car wash and bake sale Saturday with the weather co-operating, and everyone's help - press time - they had earned over \$550. and the cars and trucks were still lined up!

The money they earn from this venture will go to buy two-way radios for the EMT's in the Akron Unit. Everyone can be thankful that we have a group of people like these in the community, they do this all on their good will - no pay - and spend time and money to keep up on all the new equipment, rules, etc. They are really a hard working bunch of good citizens!!

Our next meeting will be at the home of Joanne Welch.

NEW MEN'S GROUP

Otterbein United Methodist Church, Atwood, chartered a new United Methodist men's organization, March 16, at a banquet held in the fellowship room at the church.

The following men became charter members of the new organization: Galen Phillips, John Skees, Warren Thomas, Dean Kistler, Jerry Knepper, Jack Lee, Ellsworth Kneeland, Eddie Creighton, Dan Anglin, Bob Martin, Dick Whittinger, Loyd Miner, Fred Yohay, Todd Swanson, Milton Irwin, Orlie Shaw, Bob Plummer, Bob Swanson, William Tinkler, Howard Klingler, Warren Kneeland, Berry Harman, Dick Swanson, Everett Vandermark, Andy Southwick, Dale Byer, Bob Moschel, Jeff Swanson, Alan Grimm.

Following the fine meal served by the ladies of the church, acting president Bob Moschel introduced District Supt. Jack Thomas who gave words of challenge and compliment for a great beginning. Then Warren Hostetler, conference director of United Methodist Men gave a very fine presentation. He spoke of the new direction of United Methodist Men and the increase and enthusiasm taking place across the conference. He challenged the group by making a statement that the mighty giant of United Methodists need to come alive and start a movement of evangelism that would turn America around and head it in the right direction.

Rev. Paul Horine, pastor of the church, closed the meeting with a continued challenge for the new men's group to be dedicated to

the support of missions around the world and to try to do something in a continuing way to help alleviate starvation and suffering around the world. He then dismissed the meeting with prayer giving thanks for the fine response and for those who had shared with the group their thoughts and talents.

Soybean check-off

By voting down a soybean fund check-off, Indiana soybean producers last week showed, they are unwilling at this time, to endorse and participate in a national program for soybean research, education and market development.

A spokesman for the state's largest farm organization, the Indiana Farm Bureau, Inc., said a number of issues were at stake in the proposed check-off of funds. Thomas W. Asher, head of Farm Bureau's department of information and public relations, pointed out that check-off funds obtained from farmers in 23 other soybean growing states have been used in reaching new markets and definitely have resulted in better prices for soybeans for each grower. Indiana and Ohio are the only main soybean producing states not participating.

The program would have cost the average Hoosier soybean grower about \$10.80 per year at a rate of one-half cent per bushel of soybeans marketed. That would have been collected at the first point of sale, usually a country elevator or grain terminal.

Notice to all churches in the Akron-Mentone area

We are in the process of developing a Church Page in the Akron-Mentone News. The only thing we have at present is the Church News below that the former publisher printed.

We believe that a Hometown Newspaper like this one deserves better. Please help us by sending us your weekly church hours and news. We welcome all pictures of church events. No charge. Thank you.

Speedometer check Sunday at Warsaw

Area residents who think their speedometer may not be registering the correct speed may have it checked by the Warsaw Police Department from 12:30 to 2:30 p.m. Sunday, April 26, in the Boggs Industrial Park at the west end of Warsaw.

West Center Street through the industrial park will be blocked off from West Market Street to Rd. 225 West. Those interested in having their car checked should enter from the east side of the park.

"We feel that since the winter months are over and people are taking their snow tires off, this would be a good opportunity for them to have their speedometers checked," Lt. John Lehman, of the patrol division, commented.

V-E Day

As time races along, V-E Day falls further and further into history's background and to those who remember it emotionally, it's surprising to realize most Americans today have no memory of that memorable Tuesday in May-the 8th, in 1945, when the Second War ended for most of the world.

For Americans, May 8th, 1945, came after a hard winter, like a new lease on life, and the new growth and warmth of springtime almost seemed to visually express the great relief and new hope to servicemen in Europe.

The hope was the world could avoid another war of such magnitude. So far we have managed that, but the United States, among the winners, has suffered two costly, long wars in Asia.

It's A Boy

PATRICK JAMES SCHLEIGER
Mr. and Mrs. Jerry B. Schleiger, 1302 Washington Blvd., are the parents of a boy born Sunday, April 12, 1981, at 5:53 a.m. in the Logansport Memorial Hospital. The baby weighed 9 pounds, 10 ounces and has been named Patrick James.
The mother is the former Rita Tobey and the couple have

another son, Andrew Marion. Maternal grandparents are Mr. and Mrs. James Tobey, Rt. 2, Rochester. Paternal grandparents are Judy Schleiger, 1219 Main St., and the late M.G. Schleiger.

Every now and then we wonder how some people got their name.

THANK YOU

I would like to thank everyone who sent cards, plants and also birthday cards. To those who visited me during my stay in Parkview Hospital.

I also want to thank my neighbors for the offers of help and for bringing food to the house and for the many cards I've received since returning home. God Bless everyone.

Franklin Twp. Advisory Board meeting

The Franklin Township Advisory Board and Trustee, Donald Smalley, will meet May 1 at 7:30 p.m. in the Trustee's Office. They will be discussing the use of Revenue Sharing Funds amounting to \$4500 for this year.

All interested persons are invited to attend and senior citizens are especially encouraged to attend and voice an opinion.

What's NIPSCO Doing About Efficiency And Productivity?

Faced with steadily rising utility bills, customers are asking "what's NIPSCO doing to hold down costs and improve efficiency?" We believe that's a fair question and deserves an answer.

• **DOUBLE-DIGIT INFLATION PRINCIPAL CULPRIT**—Inflation is playing havoc with our budget, just as it is with yours. Essential items such as fuel, equipment and manpower have doubled, tripled and even more over the past decade. We are embarked on a program of increasing our service capabilities by exercising even greater control over day-to-day operations, thus improving our efficiency and productivity.

• **STRIKE FORCED LIMITATION OF ACTIVITIES**—Many customers wonder how we could continue to provide service during last year's strike when barely one-third of the normal workforce remained on the job. The answer is simple. Our goal during the work stoppage was to maintain safe, reliable service. By working long hours, focusing on the immediate service needs of our customers and limiting all other activities, this was accomplished.

• **NOT ONE "CHIEF" FOR EVERY TWO "INDIANS"**—One misconception which arose during the strike was that NIPSCO has one supervisor for every two union employees. While we do have one non-union employee for every two union employees, at least half of our supervisory people work in professional and support jobs which do not involve direct supervision of union personnel.

• **CORPORATE PLANNING DEPARTMENT**—We have established a Department of Corporate Planning to compile financial estimates, gas and electric energy forecasts and demand projections. This information will allow us to plan more precisely for the future.

• **DEPARTMENT OF MANAGEMENT SYSTEM CONTROL**—This department, which develops specific programs to enhance productivity, was the direct outgrowth of implementing a comprehensive study conducted by an outside consulting firm.

• **SOME "STANDING AROUND" ESSENTIAL**—One frequent criticism we hear from customers is that on many routine jobs, some NIPSCO workers are standing around watching while others are doing the work. While there are occasions when workers may appear to be "standing around," it must be remembered that many tasks are sequential in nature. It is often more economical to have workers remain at the job site, even if there is some delay, than to travel to a different location and then have to return to the original site.

• **ALL JOB VACANCIES CAREFULLY REVIEWED**—We have established a vacancy review process whereby all job

openings are carefully evaluated as to need before replacements are hired.

• **IMPROVED PURCHASING AND ACCOUNTS PAYABLE PROCEDURES**—Set to be operational later this year, this new computer system will facilitate servicing of suppliers' accounts and enhance opportunities for more favorable purchase commitments.

• **LAPORTE TRAINING CENTER**—Our LaPorte training center provides a convenient, well-equipped facility for all company training. We are dedicated to the positive notion that a better trained employee is a more productive employee.

• **NEW LABOR CONTRACT AND WORK RULES**—While last year's work stoppage visited hardships on all involved, the final settlement provided significant relief in the area of work rules, changes which we felt were essential. With the new contract now in place, we are confident that our operations will become more efficient.

• **LET'S WORK TOGETHER**—Even with these efforts, however, and others that will come, the cost of utility service will not decline as long as double-digit inflation persists. There are no easy answers, but if we all work together with a spirit of dedication and cooperation, our goals can be achieved.

Easter has come and gone. Time really flies. In spring there is never enough time. You ladies are expending great quantities of energy in that spring ritual called 'house cleaning.' And you men, if you are wise, are helping but are trying harder to stay out of the way in order not to get caught up in all that energy expenditure. So goes the human spring rituals.

Near our home several pairs of Canadian Geese have their spring rituals. They graze in a near by field, they land on the pond seemingly just to enjoy the day, and they fly in a low formation for a short period of time each day. A few years ago on a beautiful spring morning, we witnessed mamma and papa goose swimming across our pond with their six little darlings single file between them. This picture was a daily ritual that spring and early summer. Rituals like these are pleasant ones that are long remembered. Why don't you make coming to the Akron Lions Club Nutrition Site a part of your spring ritual? We would love to have you.

Coming soon are the Spring Fling, the May Birthday Party and Blood Pressure clinic on Thursday, May 14, the Fulton County Olympics for Senior Citizens, trips to near and far away places, a ride on the Winona Queen, picnics and other activities. Weekly activities include playing UNO and other games, putting together jig-saw puzzles, interesting poetry, carry-in dinner, and the ever present and the most enjoyable pastime called visiting.

For reservations or information please call 893-7204 or 893-7263. Scheduled menus for the week of April 27 to May 1 are:

Monday: Swiss Steak, Whipped Potatoes, Gravy, Spinach, Brown Bread, Chocolate Pudding, Milk, Coffee.

Tuesday: Baked Ham, Baked Beans, Sweet Potatoes, Brown Bread, Fruit Jello, Milk, Coffee.

Wednesday: Fried Chicken, Au Gratin Potatoes, Chopped Broccoli Hot Dinner roll, Applesauce, Milk, Coffee.

Thursday: Spaghetti and meat balls, Peas, Cole Slaw, Wheat Bread, Cake, Milk, Coffee and tasty foods from the kitchens of

Akron Senior Citizens.
Friday: Liver and Onions, Mashed Potatoes, Gravy, Green Beans, Brown Bread, Sliced Peaches, Milk, Coffee.

Burket hold revenue sharing meeting

BURKET- The Burket Town Board met recently to consider possible options for spending more than \$3,000 in federal revenue sharing money in both 1981 and 1982.

The board is only required to spend one-half of the \$3,200 (\$1,600) during 1981 and the rest to be committed next year. Part of the money will be used to make adjustments in Town Marshal John Huff's radio to allow the police chief to have more channels. The town officials are checking on the cost estimate.

The rest of the funds will be used for street lights, firemen's compensation for installing a telephone at the fire station and paying for heat and lights, and

expenses for research of the centennial planned for 1982.

During the meeting the board discussed several options which could be used for planning the centennial next year. Burket was planned in the spring of 1852 and the town officials will have to decide whether to have the event at that time or wait until the fall to have the celebration in conjunction with Burket Days in September.

Clerk-treasurer Susanna Kuhn is doing the research on Burket's history while also doing background work on her family history.

The next meeting is set for Monday, May 11 at 7 p.m. at the civic center.

PUBLIC OCCURRENCES

Person Injury Accidents

Area police have investigated the following personal injury accidents: Wendell J. Moudy, 23, Rt. 2, Akron, and a passenger, Lloyd A. Morgan, Jr., also of Rt. 2, Akron, sustained minor cuts in a one vehicle accident at 1:18 a.m. Sunday on Co. Rd. 700 West and Crystal Lake Rd., according to County Police. Moudy said he was south bound when he skidded into a utility pole, causing about \$700 to the pole, \$200 to a gas line and between \$1,001 to \$2,500 to his automobile. Police listed alcoholic beverage and disregard regulatory sign as contributing factors in the accident.

COUNTY COURT

The following action has been taken on the Criminal and Traffic Docket in Kosciusko County Court, the Honorable James C. Jarrette, presiding:

Traffic cases dismissed - Mark A. Smiley, 17, Mentone, no driver's license.

Speeding - fined \$3 and costs of \$32 was Robert J. Carr, 27, Mentone. Fined \$8 and \$32 costs was Martin A. Randall, 25, Akron.

Property Damage Accidents

Area police have investigated the following property damage accidents:

Debris and high water caused Donald R. Long, 28, Rt. 5, Rochester, to lose control of his car at 4:45 a.m. Tuesday on St. Rd. 25, one-quarter mile east of County Rd. 1200 west. According to Mentone Police, the vehicle skidded off the roadway and collided with sign posts and a fence, owned by Carl Whetstone. Damage to both were listed at \$200. Long's eastbound vehicle sustained between \$200 and \$1,000 damage.

A car driven by Stephanie A. Farner, 16, Rt. 1, Mentone, and one driven by John A. Dorsey, 18, Rt. 2, Warsaw, collided at 8:25 a.m. on St. Rd. 19, one-eighth of a mile north of County Rd. 700 West. According to Mentone Police, Miss Farner passed Dorsey vehicle and hit water on

the roadway, which caused her to pull to the right, colliding with the other car. Damage to both vehicles was set between \$200 and \$1,000.

Personal Injury Accident

Area police investigated the following personal injury accident: Douglas L. Boyer, 22, Rt. 1, Mentone, complained of pain in the leg following a one-vehicle accident at 10:20 p.m. Tuesday on St. Rd. 25, one-quarter of a mile east of County Rd. 800 West. According to County Police, he was eastbound on the state highway when he hit a patch of water and his truck began to spin. He hit a fence and post belonging to Howard Bibler, Mentone, and landed in a field, incurring between \$1,001 and \$2,500 damage to his vehicle. Damage to the fence and post was set at less than \$200. Also damaged was equipment belonging to General Telephone Company.

The following individuals have been booked at the Kosciusko County Jail:

Rick Joe See, 24, Rt. 1, Mentone charged with failure to comply, supplemental hearing in County Court.

The Third Annual Mentone Egg Show will be held in Mentone Tuesday and Wednesday of this week. There will be special programs Tuesday afternoon and evening and Wednesday afternoon and evening.

The members of the Junior and Senior classes of Mentone high school left Mentone early Monday morning to spend the day in Chicago. The Seniors were the guests of the Juniors and this sight-seeing trip replaced the customary Junior-Senior reception held at the close of the school term. Mr. and Mrs. Emery Harrison and Mr. and Mrs. Walter Bowers accompanied the group.

Mr. F. R. Burns, local baker, has opened a garage for his own use. The garage is located on West Main St., next to the Sinclair Station. He has employed a mechanic, Mr. Danny Cole, whose time will be spent exclusively repairing, servicing and overhauling the ten Burns' Bakery trucks and Mr. Burns' two personal cars. Mr. and Mrs. Delford Nelson of Marion, formerly of Burket, are the parents of a baby daughter, born at the Marion Hospital on Friday, April 22.

Miss Dorothy Nottingham, who spent her Easter vacation with her parents, Mr. and Mrs. H. E. Nottingham, returned to Wheaton College, Wheaton, Ill., Monday of last week.

W.F.P. plan nursery school

Women for Progress held its election of officers Monday, April 13 in the home of Terry Grogg. Officers are: President, Kim Robinson; Vice-President, Shelly Lewis; Secretary, Merlee Fall; Treasurer, Terry Grogg; Devotional chairman, Paula Arbuckle and Publicity and Cheer-person, Jackie Johnson.

Plans are underway for a possible blue Nursery School to be held in the Beaver Dam United Methodist Church with Women for Progress as a sponsor.

The Beaver Dam U.M. Church agreed to form a Nursery School Board of Directors to look into three main factors (1) having the State Building Inspector and State Fire Marshall inspect the building

to see if it meets the existing fire codes (2) getting a report from the local field representative of the State Board of Health and (3) meet with Norman Tinkey about the acquisition of an insurance policy to cover liability for the church.

A Board of Directors was elected, they include: the church Education Director, Ned Heighway; Pastor Rev. Harold Ulrey; member of Trustees, Wayne Balmer; Teacher, Pam McFarland; parent, Teresa Alber; member of Women for Progress, Debbie Baumgartner.

After receiving the above reports the Board of Directors will decide if it is in the best interests of the church to proceed with the formation of a nursery school.

FORMER FBI CHIEF SUES

Former acting FBI chief L. Patrick Gray, cleared of conspiracy charges, filed a \$5.5 million lawsuit charging Justice Department lawyers distorted evidence against him to a grand jury. He said the actions violated his constitutional rights.

ANTI-CRIME PACKAGE

Sen. Strom Thurmond, (R-S.C.), introduced a legislative package recently to discourage violent crime in the United States. It would impose a mandatory sentence for use of a firearm in the commission of a crime, make it a federal offense to kill or assault a Cabinet officer and impose the death penalty for first degree murder in the nation's capital.

ON DEATH PENALTY LAW

The Reagan administration said it supports legislation permitting the death penalty for some federal crimes, including espionage and the killing of a president.

Your Dog

In most communities there are many who feel their dogs should "run free."

But in more and more communities pet owners are now being required to keep pets at home or on a leash.

This is the inevitable solution. No owner has the right to allow a pet to roam freely over others' property or frighten young and old, or at times attack them.

Si-Lo-Fame AN INVESTMENT IN YOUR FEEDING PROGRAM Protect YOUR HARD EARNED INVESTMENT TODAY

The production of haylage and silage for dairy and beef cattle consumption is on the increase all across our land. Ensiling all ingredients of the animals diet is not uncommon anymore. But one of the problems inherent to the process is the uncertainty of a good fermentation pattern during production of high quality feed.

If bacterial enzyme preparations were available, which when added to materials being ensiled, would consistently produce a desirable condition for good preservation, much would be gained.

Such a bacterial enzyme preparation would reduce the risk of im-

proper forage preservation. It would allow for less dependence upon chance environmental factors first of all. Secondly, it would insure a more uniform high quality forage. Lastly, and the most important to each farmer-feeder today, it would contribute to the economic position of every one of us within the agri-business community.

We have the preparation and have had it for over 10 years! Its name is SI-LO-FAME® ! It is the patented answer for today's forage problems.

Si-Lo-Fame Saves Digestible Protein

SI-LO-FAME® is a granular blend of chemical compounds designed to aid in producing the proper fermentation results in your silage and haylage.

What can SI-LO-FAME® do for you?

1

ENZYMES - Breaks down the complex sugars and starches into simple sugars to be used as food for the lactic acid and acetic acid producing bacterial. By doing this, excessive oxygen is also consumed, resulting in less heat being created in the silage.

2

ENZYME ACTIVATORS - Copper, cobalt, manganese and zinc are important metallic ions necessary in certain chemical reactions for the enzymes to break the complex sugars into simple sugars.

3

ELECTROLYTES - These help maintain the electrolytic balance within the silage and therefore reduce the amount of shrink or seepage in the silage or haylage.

4

MOLD INHIBITORS - Calcium Propionic aids in retarding mold growth.

STOP THAT SHRINK

One of the main goals in adding SI-LO-FAME® is to reduce the amount of shrink that normally takes place in the non-treated forage.

These figures are based on USDA estimates dealing with the normal shrink.

UPRIGHT SILO.....	approx. 15%
PIT SILO	approx. 15% to 20%
SILAGE PILE.....	approx. 20% to 25%
TEMPORARY SILO.....	approx. 25% plus

Add up the **FACTS** shown by research, available at Macy Elevator, Macy, Ind. and Agri Center, Mentone, Ind. and you'll see that significant constant results prove that Si-Lo-Fame is a **SOUND INVESTMENT**.

New industry coming to Mentone area

Pictured above is the K. G. Brown Manufacturing building, now owned by the Triple M-B Corporation of Mentone, who was instrumental in arranging that Ristance Corporation come to Mentone.

MENTONE, IND. - Mr. Norman Dawson, president of Ristance Corporation of Mishawaka, announced Wednesday during a dinner-business meeting with local business people, the Mentone area will soon have a subsidiary of their company located here.

He said, "Mentone has the available labor force that Ristance needs for a larger production capacity. This labor force availability makes the Mentone area attractive to corporations like ours. We hope to help people who need part-time work, close to home, and also take an active part in your community. We place emphasis on being a company who cares."

The subsidiary of Ristance Corporation, located at Mentone, will be Ristance Assemblies. This will be a part of a group of companies owned by the company, all located in a closely knit area: ABCOM, Inc., Mishawaka; Ristance Assemblies, Bremen; Ristance Wire, Bremen and Ristance Products, Argos.

The new company will be housed in the former K. G. Brown Mfg. building, south of Mentone, on State Road 19. This building was purchased by a local group of business men, the Triple M-B Corporation, and has been leased to Ristance, which will begin immediate remodeling and the mechanical set up to house their industry.

This new business will provide part-time, light assembly work for 40 to 50 people in the area, depending on economic conditions, who need to be close to their work and homes. Ristance will provide a clean, orderly and friendly atmosphere in which to work. The primary nature of the work is for women with school age children who need to have flexible working hours. Some men will also be employed depending on the need, of both the people and company.

Ristance draws wire, compounds insulating materials, insulates wire, produces materials and assemblies to specifications and sells their

TVSB readies for bids on reconstruction of schools

The Tippecanoe Valley School Board in their regular monthly meeting, listened to Rick Ralston, Director of Adult Education for Tippecanoe Valley, report on the advisory board and give a run

down on the Spring community education class enrollment. There were eleven classes with a total enrollment of 229 people enrolled in weight training, swimming (pre-school), ladies recreation,

yoga, men's recreation, wood-working, typing class, computer class, running, CPR, first aid, and Cantonese cooking. The adult basic education class has an enrollment of 74 students: grade level 0-4 with 14; grades 5-8 with 34; grades 9-12 with 8, and the class with English as a second language with 18.

Mr. Ralston explained the duties of the advisory board as working on new ideas for the program, organizing classes, aiding in finding teachers and recruiting students for the classes. They also helped in obtaining a teacher for the Spanish-speaking students. The advisory board for adult education is Elaine Fugate, Janet Feldman, Guy Alspaugh, Madeline Fisher, Glen Jones, Dot Lynn, Karen Nelson, Rita Price, Dr. O. R. McFadden, Marianne Kline, Don Poyser, Bob Heckman, Roy Meredith, Randall Leininger and Barry Peterson.

He also told the board about some new ideas being developed such as: parent education program to discuss drug abuse problems; a student education program and the peer counseling program for students. In the peer group, student leaders in the different schools would attend a training program and be taught to recognize problems in their schools, then talk with the students or turn the problem over to the guidance officers of the school if they think they cannot or should not handle them. Mr. Ralston said he would like to get started on the new ideas to have something ready for next school year.

"Tippecanoe Valley has been selected as a community education demonstration site once again this year," stated Mr. Ralston. "It was one of six sites and the smallest school corporation to be selected last year in the State of Indiana. This year it is one of ten sites."

The board heard a request for and appointed two members of the board to serve on a committee with Superintendent Paige as a pre-bid opening committee to expedite the bid opening which the board has set for April 23, for opening bids on the reconstruction of Akron, Burket and Mentone Schools. This committee will open

Chamber entertains ladies

The Akron Chamber of Commerce entertained the ladies Tuesday evening at the school cafeteria, with a delicious meal prepared by Lucile Meredith, Erma Walters, Rosie Smith, Debbie Gray, Donna French, Marguerite Swick, Janice Yeager and Lonzo Meredith.

The evening of entertainment continued with the Tippecanoe Valley High School Swing Choir and the directors, Dale Pace and Kevin Campbell, handling the special effects and sound. The group offered an array of swingy numbers, such as, "I Like Rock 'N Roll Music," to hymns, such as, "I Will Sing to the Lord," and special hymn on the piano, by Beth Fugate, "Amazing Grace."

Marilyn King entertained with her rendition of, "Reviewing the Situation," there were many other songs and a comedy skit, "Rumors." Sherri Clark offered a solo, "Can't Say No," and a girls' quartet sang, "Girl's Garden." The group added a lively flavor to the evening and were enjoyed by everyone attending. Many thanks!

George Stephen, president of the Chamber, took over the meeting, introducing several people to the group and welcoming some new businesses to the town. New members of the Chamber are Hugh Wildermuth, Tax Office; Frank Cramer, Pastor of the

product to industrial and consumer markets. It makes, to name very few, wire harnesses, leads, foil heaters, cable, ceiling heat cables, bulk heater wire, molded plugs of silicone, neoprene and PVC and Harness assemblies. These are then marketed to industrial businesses for use in many products such as refrigerators, ranges, microwave ovens, office equipment, boats and motors, recreational vehicles, stereo-hi fi, automotive, washers and dryers, hand appliances, etc.

It is a medium size company which has been in business for over 15 years. The owners, Fred Shearer and Dick Dugger, head a small chain of command, enabling the company to make decisions rapidly, fill orders promptly, and be on a personal basis with employees for careful attention to detail enabling the company to produce a good reliable product.

Mr. Dean Swearinger, the manufacturing manager of Ristance, displayed an array of the products offered by the company to the people attending the meeting. These were comprised of elements for livestock water tank heaters, heating pad elements, which are sold to manufacturers who incorporate them into heating pads and furniture which has heat elements for people who have health disorders, wire harnesses used in the appliance industry and some of the product which is used in business and office machines.

Mr. Dugger stated he hoped the people in the Mentone area will accept the Ristance people as a company and also as individuals, the goals being pride in the company and pride in the people of the company.

Applications for employment and information on the company were available at the Mentone City Hall on Monday and Tuesday of this week.

the bids and analyze them and speed the process by having recommendations ready for the regular board meeting. The committee consists of Con Shewman, president of the school board and Don Snipes, secretary, and will serve anytime there is a bid opening.

The board accepted Mr. Paige's recommendation to renew teacher contracts and stick with the present staff for the 1981-82 school year. A total of 97 people work on the teaching staff at the four school sites of the Tippecanoe Valley School Corporation. With this contract, there will be 49 teachers on tenure basis; 37 teachers on semi-permanent basis and 12 teachers on non-permanent contracts. With the resignation of Kevin Campbell, the band director, the board will be accepting applications for this position, for the 1981-82 school year.

Superintendent Paige requested permission to advertise for an additional appropriation of \$254,000 in the cumulative building fund for use in paying construction management and architectural fees when necessary. A previously approved appropriation will not cover all fees for the proposed project. He said the corporation will have paid \$398,593.06 in fees to the firm of Davern Associates, Grand Rapids, Mich. after paying another claim.

Mr. Paige received permission to place the legal advertisements in the local newspapers for the additional appropriation.

The board gave Paige permission to advertise a notice to bidders for the purpose of selling the Building Trades house, located in Saner's Addition in Akron. He said the advertising must be done ten days prior to the bidding and he hoped, if possible to begin taking bids at the May school board meeting. If the instructor of the project, Ken Murphy, can get the house completed, there will be an Open House the first week in May.

The resignation of Barbara Ward, second grade teacher at Akron, was read. The family is moving from the community. The request for maternity leaves for Barbara Ihnen, 6th grade teacher at Akron and Cynthia McBride, special ed teacher in the three elementary schools, were granted.

Approval was given for two days professional leave and transportation expenses of \$271.50 for Juna Graham, intensive office lab teacher, to attend the National Leadership Conference in San Antonio, Texas, May 8 thru 13. Mrs. Graham will accompany Crystal Foley, winner at state in Extremoparous Verbal Communications, and Lanette Hanes, winner in Business Proofreading. Paige reported to the board on the decision of the insurance committee to continue with American States, the present insurance carrier, and the Boggs and Nelson Agency at Mentone. A decision for a small change in the

dental plan to include coverage for preventative treatment. There will be a small cost cut due to change in deductible to \$50.00 on the dental plan; an orthodontics clause up to \$1,000; major medical increased from \$250,000 to one million. These changes become effective on May 1, 1981. The committee of 3 teachers and 3 administrators has met once or twice a month since last fall to examine policies. Mr. Paige thanked the committee and Mr. Don Kline, who provided information and helped the committee to make a decision on the insurance package.

The school board signed a GED for Deborah Lynn (Eriks) Gagnon.

The principals' reported included: TVHS Principal Meyers reminded the board about the Prom, Sat. April 25 and Graduation on Sunday, May 17. The elementary principals reminded people about the kindergarten roundup at the respective schools: Burket on Tuesday April 28 at 1:00 p.m.; Akron on Friday, May 8 at 1:00 p.m. in the cafeteria; Mentone on Wed. April 22 at 7:00 p.m. Mr. Paige reminded people that children being enrolled in kindergarten must be 5 years of age on or before August 1st of this year. No testing will be offered and there will be no exceptions to the policy.

In other business, the board approved the claims after questioning the price on tires for the buses and the purchase of some equipment for physical ed classes. Claims totaled \$246,227.55. Three payrolls were also approved: March 20, \$91,138.59; April 5, \$90,596.08; April 20, \$91,133.19. Total bank balances and investments were: \$336,260.53.

Akron EMS meet

The Akron unit of Fulton County EMS met for their monthly meeting on April 7th at the ambulance garage in Akron. Fourteen members and one guest, Hugh Wildermuth, were present.

This month, the group had an open discussion on contagious diseases and street drugs. Also a discussion as to how these patients should be handled.

The group would like to express their gratitude to all the individuals who helped make our recent car wash and bake sale a huge success. The total amount raised for the day's event was \$618.05. A two-way portable radio was purchased for the Akron unit with the money raised.

Next month's in-service will be on May 5th at 7 p.m. at the ambulance garage.

St. Jude Bike-a-thon

Karen Lewis, chairman of the St. Jude "Wheels For Life" Bike-A-Thon reminds everyone of the May 16th ride at 2 p.m. Riders should register one week in advance, May 9th, at the Mentone School at 2 p.m. Registration has been changed since they will need to know an approximate number of riders as refreshments will be served during the Bike-A-Thon.

Anyone unable to register May 9th may still do so May 16th prior to the ride. Riders and sponsors are needed to help make this Bike-A-Thon a success for the children at St. Jude's who so desperately need your help.

You may pick up sponsor forms at your school, the Mentone News office or call Karen Lewis, 353-7947. Riders collecting \$75.00 or more will receive a backpack and riders collecting \$25 or more will receive T-shirts.

Helping hands

The Akron Lions Club were among the Indiana Lions Club members who were out along state highways picking up trash and litter last Saturday. They donated their day to help with the litter pickup, a project which they have done annually now since 1979. This annual litter pickup by the Lions helps the Highway Commission save time and man-hours of work in addition to money. It was especially important this year as the Highway Commission has had to cut back on personnel because of lowered budget, but still had the work to get done before spring mowing can begin.

Henry Willing Workers meet

The Henry Willing Workers met April 20 at the Lions Club Building. The meeting was called to order by Brenda Wright. Pledge to the Flag was led by Jane Stout. The 4-H pledge was led by Theresa Hoff. Julie Steininger led a talk on tornadoes. Mindy Thompson led two songs, the "4-H Song" and "Rocka My Soul in the Bosom of Abraham." Devotions were a poem led by Stacy Loer called, "He Loves You." Roll call was then taken of "your favorite sport."

The first demonstration was by Brenda Wright on tissue flowers. A second demonstration by Patty Stout was on pictures on wood. The third demonstration was by Theresa Hoff on rabbits.

The next gathering will be a mother and daughter tea May 4. A bake sale will be held May 23rd.

On April 22, fourteen members participated in the Fulton County Share the Fun Night. They performed a skit called, "Push Button Tuning." Brenda Arthur also represented the club by playing a piano solo, "The Cassions Go Rolling Along."

Limiting Smoking

Though few question the right of an individual to smoke, an increasing number of Americans now favor limiting smoking in closed-in areas where it forces non-smokers to inhale smoke.

The American Cancer Society's newest study (World Smoking and Health, Spring, 1981) shows convincingly that "involuntary smoking" by non smokers, inhaling nicotine, carbon monoxide, ammonia and tar can be very harmful.

Carbon monoxide, for example, one of the major ingredients of tobacco smoke, has 230 times the affinity of oxygen for hemoglobin--the oxygen carrying pigment in red blood cells. In persons with heart or artery disease, any reduction in oxygen-carrying capacity could be critical.

Those with chronic obstructive lung disease are also susceptible to this second-hand smoke, perhaps dangerously so. Combined with recent studies which show a definite relationship between parental smoking and respiratory illnesses in children, today's evidence is most convincing.

We now know that maternal smoking during pregnancy results in "involuntary smoking" by the infant. Studies have shown that infants of smoking mothers (who one assumes are merely ignorant, for they must care about their baby!) are on average lighter (by 8 ounces), under-developed, and more often prematurely born. Smoking mothers experience more stillbirths and more infant deaths in the first week after birth.

This recent knowledge being accepted, most Americans, while favoring the right of individuals to smoke, probably favor banning smoking in closed-in areas. Others should not be forced to inhale tobacco smoke--in closed rooms, airliners, buses, etc. That's simply good manners, plus--we now know--a health measure.

Bell On Target

Concerned parents all over the country welcome common sense words regularly being voiced by Secretary of Education Ted Bell about the public school system.

Bell has sensibly reversed the policy of the Carter Administration's Education Department, opposing standardized tests. He knows they're necessary, and says:

"We have become academically much too flabby in our public school systems." Bell appeals to school officials everywhere to end the trend of allowing students to elect easy courses which he calls a "pot of stew known as social studies" rather than meet minimum traditional educational standards.

Bell believes in the old-fashioned disciplines of traditional studies such as mathematics, biology, physics and chemistry. And the enormously encouraging results of some school systems--such as that in Jacksonville, Florida, as an example--which have gone back to tests and discipline, support Bell's view.

"I learned a long time ago that when performance is measured, performance improves," Bell says. Since that principle holds true in business, sports and everything else, it should never have been a mystery that it holds true also in education.

Give the other man credit for some sincerity of purpose and you might be able to understand him better.

The best remedy for extravagant government, either town, county, state or federal, is publicity regarding the spending of all public funds.

Have you ever heard of Beef Rings? Many years ago, before deep freezers or good refrigeration, a group of neighbors would get together and form a beef ring. Each week one member would furnish a beef for butchering. In the beef ring in our community, on Thursday morning, every member would get 12 lbs. of steaks and roasts. Four times, about once every six weeks, each member would get a soup bone also. These soup bones were legs that had all the meat on them not just the trimmed bone. As I remember, there was no hamburger! I just remember the tender juicy steaks and roasts that were served up with mashed potatoes, gravy, good home canned or home grown vegetables and fruit pie. Sounds good enough to eat right now, doesn't it?

Of course, everyone worked from near sunup to sunset each day and worked off all those calories that were consumed! People were not overstuffed in those days, as I remember it! The beef ring was a good way for the families to get a fresh supply of beef each week. Cooperation on a project such as this, in those days was an accepted way of life.

You may not have a tender, juicy steak of a beef ring when you join us at the Akron Lions Club Site but we promise you a tasty, wholesome, well balanced, hot meal served with a lively conversation. You should enjoy the food and the visiting that goes with it. Lunch is served at 12 noon and it would be nice to make coming to the Senior Citizen Site a weekly habit. We will be expecting you soon.

Thursday, May 14, is the date of the next Birthday Party and Blood Pressure Clinic at the Akron Lions Club Senior Citizen Site. Come, get your blood pressure taken from 11 to 12 o'clock and stay for a delicious carry-in dinner at noon. May birthdays will be celebrated with birthday cake, singing

and other activities. See you at the Birthday Party!

A May trip is planned to the Amish Sale at Shipshewana. If you are interested in going with us, please sign your name on the list at the site or call and we will add your name. Persons on the list will be informed of the final plans of the trip as soon as it is planned. It is possible some drivers might be needed, if you are under 60 and would consider driving your car and taking a few senior citizens, please call and leave your name. The trip will be on a Tuesday afternoon and on Wednesday morning and afternoon.

Several other trips and activities are planned for the spring, summer and fall. Some suggestions are Conners Prairie Pioneer Settlement, a boat ride on the Winona Queen on Winona Lake, Heckman Bundry Open House, Wagon Wheel Playhouse and the Tulip Festival. If you have any other suggestions, you are urged to call, or better yet, come in and tell us.

For reservations or information, please call 893-7204 or 893-7263.

Scheduled menus for May 4 - 8 are:

Monday: Roast Pork and Dressing, Gravy, Broccoli, Applesauce, Roll, Vanilla Pudding, Milk, Coffee.

Tuesday: Spanish Rice, Green Beans, Cranberry Sauce, Bread, Fruit Cobbler, Milk, Coffee.

Wednesday: Fried Chicken, Peas, Vegetable Jello Salad, Brown Bread, Apple Crisp, Milk, Coffee.

Thursday: Fried Fish with Tarter Sauce, Tossed Salad, Macaroni and Cheese, Green Beans, Brown Bread, Jello with fruit, Milk, Coffee. Also other tasty foods from the kitchens of Akron Senior Citizens.

Friday: Chef's Special. That is, the chef plans the menu. Come and be surprised with the menu!

Slide program on Hoosier Prairie

Indiana was a vast prairie land when the pioneers arrived, but now only a remnant of the once vast grassland area remains. April 28 will bring an opportunity to learn about the Hoosier Prairie, a preserved segment, in northwestern Indiana. A slide program at 7:30 p.m. in the REMC building in Warsaw will discuss this last remaining landscape prairie in Indiana.

The program will be presented by George Bunce, a science teacher at Griffith High School who worked for several years to have the Hoosier Prairie preserved. Bunce has a master's degree from Ball State and has completed additional graduate work in prairie studies.

The Hoosier Prairie contains 300 acres of wet prairie land and is one of the largest in the Midwest. Among the 325 plant species found there, many are now very rare. Bunce points out that prairies can vary widely depending on the type of soil present and the amount of moisture available. Hoosier Prairie is wet and sandy with black oak savannas and marshland both present. Plants range from northern peat bog species to little bluestem grasses.

The public is cordially invited to attend this public program meeting of the Tippecanoe Chapter of the National Audubon Society.

Kos. Co. pork producers enjoy annual meeting

The fifth annual meeting of the Kosciusko County Pork Producers was held Tuesday night, April 14, 1981 at the Atwood Community Building. A delicious dinner was served by the Porkettes and Producers.

Minutes of the fourth annual meeting were read by Steve Lewis, Secretary-Treasurer, along with the treasurer's report. Larry Heidebrecht gave an update on the state budget and 206 pork check-off success.

Marianne Smith spoke of the exciting events the Porkettes had worked on the past year and an election of Porkette officers was held. Those elected were President Lenore Lewis, Vice President Yvonne Keirn, and Secretary-Treasurer Eva Slater. Kathy Quinlan was the membership chairman.

Directors of the Pork Producers from the Northern District elected were Lowell Anglin and Doyle Munson, and from the Southern District Fred McSherry and Phil Smith.

Entertainment for the evening was Captain Stubby of radio and Prairie Farmer fame. He presented an evening of laughter for the 145 pork producers, wives and interested persons in attendance.

Sam Church, union president, in coal strike:

"I hoped the industry would reconsider the decision of its three bargainers to turn down the union's proposals."

Mishawaka entertained the following for Easter dinner: Mr. and Mrs. Harvey Arthur, Brenda, Bonita and Becky; Mrs. Mabel Alderfer of Akron; Mrs. Lois Kamp; Mr. and Mrs. Gary Schidler of Rochester and Miss Gina Donovan of Mishawaka.

Hoax unfounded

A recent hoax about a mass murder at Arizona State University made a local girl a little disgusted. Lynn Hively, daughter of Bill and Judy Hively of Akron, said the whole thing was just a farce.

The scene was Manzanita Hall at ASU on the night of April 13 on Easter weekend.

The rapidly spread rumor had some of the residents laughing, the majority concerned and others hysterical.

The frightened dorm students had heard a rumor that a psychic

living anywhere from Washington, D.C. to California had predicted the murder. The rumor grew so big, it was announced over KOPH radio on April 3, having done this, it caused a big expansion of the rumor.

The hall director Janet Desmond said the rumor was completely unfounded and unsubstantiated. She said there was more danger of panic in the situation than in the unfounded rumor, also saying, rumors such as this is not uncommon in a university setting.

Bowen Center needs volunteers

The Bowen Center Volunteer Services has need of the following volunteer positions:

Typist - Experienced typists are needed to work in Volunteer Services. It only takes a few hours a week, in a friendly, relaxed atmosphere, to contribute to the benefit of many others. If interested, please contact Bowen Center Volunteer Services.

Plant Care - Spring is around the corner, soon everything will be healthy and green. If you enjoy working with plants, you can give Mother Nature a hand in bringing a breath of Spring to the Bowen Center. You can set your own days and hours to give loving care and attention to the plants in the Bowen Center lobby and Volunteer Services.

If you are interested in providing this special care, please contact Volunteer Services.

Summer Pre-School Program - Do you enjoy children and like to organize outings? If so, we need you for our summer program of field trips for pre-school children. We will also need volunteers to accompany the group on a one-to-one basis.

Mailing Supervisor - We mail our 2 newsletters bi-monthly. A volunteer position is open for a highly motivated person to organize the mailings and supervise a working group of volunteers.

If interested, please call Volunteer Services at 267-7169 or toll free: 1-800-552-2545.

The date has been moved from the traditional May-June time to September 6. Persons interested in visiting the base to see their Air Force in action should put the new date on their calendars.

For farmers, spring is the time for work, not fever.

House Headlines

From Thames Mauzy State Representative

There is little disagreement among experts nationwide that overcrowding and inmate idleness are two of the main ingredients which brew prison crises. That is why when a bipartisan delegation of 12 legislators recently found those ingredients during a tour of the Michigan City maximum security penitentiary, they promptly wrote the Governor stressing the seriousness of the situation and urged an in-depth study be made of construction needs before the next budget is formulated.

Built in 1862, the facility houses 1896 adult males. An average of 90 prisoners are being admitted to the institution per month, with significantly fewer being discharged, lawmakers learned. Adequate beds and a humane environment are first on the "wish list" of corrections officials. Putting three prisoners in a cell meant for one, or "Double ceiling" is one solution authorities can use but don't like because "too many people confined in a small place is potentially explosive," said State Representative Merle Brown (R-Webster).

It costs the state \$60,000 for every new prison bed. "This year we don't have that money to spend but that should not prevent us from making future plans to address overcrowding," Brown said.

State Representative David Hoover (R-Ridgeville) suggested overcrowding at Michigan City would be alleviated if first offenders were transferred to a more suitable, less secure facility.

Another idea which might prevent an "expensive being idleness program" was offered by State Representative Ralph Duckwall (R-Van Buren) who pointed out the numerous closed schools might be adapted to minimum security institutions.

While legislators were impressed with Michigan City's educational trade programs sponsored by Ivy Tech, the programs can't keep up with the growing population. That means more and more prisoners with too much idle time to be used destructively rather than constructively, they were told.

Something for inmates to do is a strong concern of State Representative Mary Kay Budak (R-Michigan City). "At first I felt inmates might be used to do a lot of the construction within institutions, but the argument that might cause higher unemployment convinced me that is not the way to go. Now I am interested in learning if the farm program could be stepped up so that they produce all of the food they consume," she added.

Community corrections programs for 800 of the 1200 Class D felons might mean future building needs could be scaled down, said State Representative Steve Johnson (R-Kokomo). However, rehabilitation should be more individualized that it is now, he added.

The legislature's "get tough on crime" posture in recent years mandating longer prison terms for certain offenses carries a price tag, Brown cautioned. Regardless of the alternative, each choice "will cost the taxpayer," he summarized.

Wednesday night, conferees agreed to earmark \$1 million of the \$13 million in the tentative budget for prisons to conduct a study about the feasibility of building a new 700 man medium security prison, according to State Representative Jerry Bales (R-Bloomington).

The remaining \$12 million is intended to add 280 beds to Pendleton Reformatory.

FRESHMEN FIND FIRST SESSION 'CHALLENGING'

Although this is the 102nd meeting of the Indiana General Assembly, it was the first taste of the legislative process for 11 House Republicans—the 1981 "freshman class" and they say it has proved both a challenging and rewarding experience.

"It seems to be a cumbersome operation, but it works and the reason it works is the diversity of backgrounds represented here.

That cultural, religious, and occupational diversity has been enlightening," Ray Musselman (R-Peru) commented.

Representative Dan Stephan (R-Huntington) added, "so many people from different walks of life working together produces the give and take nature of this process."

Neither Richard Regnier (Tip-ton) nor Brad Fox (Rome City) knew what to expect when they first came to the State House because Fox had never been involved in politics and Regnier had been politically active for years, but at the local level. "What I've seen is a professional, ethical system functioning well despite moments of frustration," Regnier said. "Although you hear of some things you would rather not, the professional and ethical side predominates."

"I am impressed by the sincere intent of all who are involved in the process, whether it be staff, legislators, constituents or lobbyists," said Ralph Ayres (Chester-ton). The openness and freedom for freshmen to contribute, due to encouragement by the leadership to involve them in every phase, was mentioned by Bob Pruett (Madison) as a pleasant surprise.

The minimal amount of partisan issues was a source of interest to Musselman, who estimated about '95 per cent of the issues are not Democrat or Republican." Rick McIntyre (Bedford) agreed, saying "most people are doing what they genuinely feel is right." Concurring, Ted Craig (Columbus) observed the legislature "brings out the true personality of individuals as they represent their district and get their bills heard."

A frequent comment of freshmen is the respect legislators have for one another despite disagreements on issues. And, that respect enhances the give and take which makes the system work. "I must say the system works to the degree that any public skepticism should be replaced with confidence in the process," Ayres stated.

VETERAN LAWMAKERS REFLECT ON 'THE WAY WE WERE' AND 'THE WAY WE ARE NOW'

Freshman legislators may still be excited by the challenge of their first year but how does a veteran of 23 years in the House feel about the legislative process after that time?

"I love the legislative process and the House of Representatives," State Representative John Donaldson (R-Lebanon) said. "Also I like people and politics is people." However, he doesn't see it as a challenge anymore although he finds specific issues like reapportionment a challenge. "It's not always a question of Republicans versus Democrats when it comes to reapportionment—sometimes its Republicans against Republicans. That challenge has made this session a little special."

Compromise is the key word Donaldson has for the process. "Everything affects people differently depending on where they live in the state and I have found that compromise usually results in the best legislation."

One of the factors behind Donaldson's longevity is the citizen legislature. "The best reason for a part-time legislature is that we have to go back home and live with the laws we make. Sure we make some mistakes because of the shortness of time at the end of the session, but we get in, get out and get business done. If we went full-time, probably three-fourths

Dale, 11, are the sons of Mr. and Mrs. Cal Nettrover, also of Claypool. Pat is in the 2nd grade and Dale the 5th at Akron Grade School. Brian is in the 7th grade and Dennis the 8th at Akron Junior High School.

Pages aid the legislators by

delivering messages, and assist the staff of the House by distributing materials such as bills and mail. Each page receives a certificate for serving at the State House.

of the legislators we have now would be gone."

Donaldson would be one of them because he doesn't want to give up his thriving law practice in Boone County. "It's my ability to be in my office some of each day that enables me to stay in the legislature. It also takes an understanding wife and law partner.

But there are some lawyer-legislators who live far enough away from Indianapolis that a four-month long session is hard on them and their practices. I think for that reason we may see fewer attorneys in the legislature. But maybe some won't think that's so bad," he laughed.

The Lebanon legislator believes the solution to retaining a citizen legislature while allowing more flexibility for legislators needing to keep an eye on their jobs back home is to institute two 45-day sessions each biennium. Now, the legislature meets for a 30-day "short" session one year and a 60-day "Long" session alternate years. "Sometimes the short session tends to be a little wasted and the long session goes on too long," Donaldson said. "We could shorten the long session just by cutting down on recess days."

If the Lebanon attorney had to name a primary advantage of staying in office for 23 years, it would be the rapport that is built up. "It takes time to build rapport," he said. "But I think I've developed it, particularly with those on the other side of the aisle." Donaldson says tenure is also helpful in finding people you can have confidence in.

"There are so many bills each year, no one can possibly study them all, so I look to see who can rely on the experience and expertise of certain representatives and senators."

State Representative Philip Warner (R-Goshen), an 11-year veteran of the House, agrees that challenge is not what keeps him here. "I think it's that you feel you're helping the people in your

community," Warner said. "If you're able to do that, you feel good. I'd like to make my community a little better."

Experience, particularly as a committee chairman, has taught Warner how to take the heat.

"And sometimes you have to take the heat to help somebody else." Part of the heat Warner takes is from constituents who want him to either support or oppose legislation important to them. Sometimes these requests are patently unconstitutional. "I try to be honest with people and tell them we just can't do that and if they want an unconstitutional bill to pass, I tell them I'm not their person. We have the constitution to live by and if we do away with that, we have nothing."

The thing that still "amazes" Warner even after 11 years is the "acting that goes on down here. It's really a stage." Warner says those legislators who are glibly sacrifice effectiveness.

Warner agrees with Donaldson that this session has gone on a little long. The Goshen legislator cannot make it back to his dairy farm as easily as Donaldson, who lives only 30 miles from his home

and law office. "My son looks after my business for me while I'm in Indianapolis. It's not a problem during the winter months but now that we're almost through April, I should be helping," Warner said.

This session cannot according to law go past April 30 so at least by then Warner, Donaldson and their colleagues will be back home living with the laws they created.

Attention farmers

Time is running out for Indiana farmers to obtain All-Risk Crop Insurance according to an announcement by Francis Hudkins District Director. The final closing dates are April 30 for corn and May 10 for soybeans.

With these dates nearly upon us, farmers are urged to contact their local independent insurance agent representing the Federal Crop Insurance Corporation.

Legal services to distribute new current publications

"You and Door-to-Door Sales" and "You and Taxes" are two new publications currently being distributed by the Older Adult Impact Program of the Legal Services Program of Northern Indiana, Inc. These publications are being mailed to senior citizen organizations and Social Service Agencies for free distribution to older adults residing in Cass, Fulton, Howard, Miami, Tipton, and Wabash counties. The publications are part of an ongoing effort to provide older adults with the information necessary to make decisions concerning legal problems common to their lives.

The publication "You and Door-to-Door Sales" explains the rights of a purchaser when buying something from a door-to-door salesman. The publication explains when the rights apply, what paper should be received from the salesman, and the important right of cancellation of a door-to-door sales contract when

mailed or personally delivered to the seller within three business days after the date of the contract. The publication also explains how to go about getting your money back after cancellation, what to do with the seller's good, and what to be watchful of when a door-to-door solicitor comes to call.

The publication "You and Taxes," sets forth the various tax deductions and credits available to individuals who are either aged, blind, disabled, or Veterans. The publication explains in detail the definitions and eligibility requirements of deductions available to individuals who hold mortgages, are age 65 or older, are blind or disabled, or are Veterans. The publication also explains the definition and eligibility requirements for those individuals applying for a homestead credit and for those elderly individuals applying for a circuit breaker credit or a credit for sales

tax paid on utilities.

In addition to providing regular publications of interest to older adults, the Older Adult Impact Program also offers educational presentations concerning door-to-door sales, taxes and a variety of other topics. The Program will also answer individual questions. Any person, organization, or agency desiring free copies of the publication or wishing to schedule a presentation, should contact: William C. Fee, Staff Attorney, Legal Services Program of Northern Indiana, Inc., Armstrong-Landon Building, Suite 208, 105 West Sycamore, Kokomo, Indiana 46901. Telephone: 1-800-382-8886 or (317) 457-3241. The Older Adult Impact Program is funded by the Area V Agency on Aging.

Musical offering at Olive Branch Church of God

Sharon Brumbaugh and Robin Howard, two gifted musicians, will share their musical ministry at 10:30 a.m., Sunday, May 3, 1981 at the Olive Branch Church of God, located on Miami County Road 1200N, Roann.

Their ministry has taken them from coast to coast in numerous churches, clubs, high schools and conferences.

Sharon's background has included music degree study at Indiana University followed by completion of her degree at Fort Wayne Bible College. After her graduation, Sharon traveled on behalf of the

college for one year, ministering in music in many churches and organizations.

Robin's background includes a childhood career beginning at age 5, involving many local and national talent shows and several symphony orchestras. She studied piano at Butler University at Indianapolis.

Together, the Lord has blended the two talents into one message in a variety of musical styles and in testimony.

The concert is free to the public.

Educators meet

Over 1,000 educators from throughout the state of Indiana attended the Representative Assembly of the Indiana State Teachers Association on April 25 at Arlington High School in Indianapolis.

"The educational waters of the '80s may be troubled but the vigorous participation of our teacher delegates will assure that we will continue to chart a course designed to maintain free public schools offering educational opportunity for all children from all families," said ISTA President Cordell Affeldt.

The delegates to the Assembly elected a president, vice president and treasurer. In addition, they voted on governance items for the Association as well as to adopt a budget.

The Representative Assembly is the highest governing body of the ISTA, meeting once in the spring and once in the fall each year to plan the course of the Association.

Attic Fans

West Lafayette, Ind. If you have a home built in the '30s, '40s or early '50s, check the attic space for a built-in attic fan, advises Jacquelyn Sanneman, Extension home furnishings associate at Purdue University. Many older homes had attic fans built-in originally, but the fans were disconnected and forgotten when, or if, the home was air-conditioned. These fans can be revived to reduce utility costs.

Today even new air-conditioned homes are being constructed with attic fans to combat high energy costs, says Sanneman.

Attic fans, usually sold at lumber yards and building supply stores, are larger and move more air than normal window fans. Installation may require a carpenter or someone handy with tools.

A great deal of hot weather discomfort is due to heat in the structure of the house, according to Sanneman. Heat radiates off warm walls, floors, ceilings, and even furniture. An attic fan running all night will cool the house to the lowest nighttime temperature. If the fan is shut off in the morning the structure of the house becomes a 'static cooling agent.'

Most houses stay cool in the morning because they gain heat at a slower rate than the rising temperature outside. A well-insulated house can stay cool all day long.

Heat gain during the day can be retarded by drawing draperies on the east, south and west sides of the house. Keep the south side closed all day long.

For maximum cooling in the afternoon, open windows on the shady sides of the house about 6 inches. Be sure to close off any unused rooms.

If the house has a basement, in the afternoon and early evening the attic fan can be used to circulate cool air through the warming house. Open the basement door and turn on the attic fan. The fan pulls the cool air into the main living area of the house.

If the house has poor attic insulation, the attic fan can be used to keep the attic, and thus the house, cooler. During the hottest time of the day close all doors and windows except the window nearest the attic fan and allow the air to circulate in the attic only. This works only for rooms with poor ceiling insulation.

NEWSWORTHY TRENDS

If you're light-skinned, a redhead or a blonde, you may get more than a tan from overexposure to the sun.

Over a period of many years, too much exposure to the sun may cause a condition called solar keratoses. Left untreated, it can develop into skin cancer, the most common form of cancer among people.

Although particularly prevalent in the sunbelt states, this condition can develop no matter where you are. It often affects people whose jobs require them to work long hours in the sun—farmers and fishermen, for example.

The symptoms include red, scaly patches, usually on the hands and face. Anyone with such symptoms

If you must stay in the sun, protect your skin properly!

should see a doctor. Only a doctor can properly diagnose and treat solar keratoses. Doctors have a prescription drug cream and solution, developed by Hoffmann-La Roche Inc., that is often prescribed with good results for people who have solar keratoses.

If you think you have solar keratoses, or any other skin problem, it's a good idea to see your doctor.

Your Herbs

The difference in two meals of equal quality is usually the seasoning. Since it's often hard-in areas of the country-to buy fresh herbs, therein lies a problem.

The solution, fellow lovers of fine food, may be to grow one's own herbs.

Seeds can be ordered, if not available in your area, from several companies. Two listed recently in a major publication are the Geo. Park Seed Company, Greenwood, S. C. 29647, and Burpee Company, Westminister, Pa., 18991.

Food for thought: annual herbs easy to grow include sweet basil, dill and summer savory. Parsley which can be twice a year, and leeks, are also very helpful.

Use stem cuttings for rooting sage, sweet marjoram, rosemary, winter savory and enjoy such perennials as chives, mint, oregano, tarragon, etc. The white onion, and the big white Bermuda, are very fine for salads. Warm soil-in May, well-drained, moist, are the best time and best bed, and will produce herbs by early July.

Our Films

There was a time when film makers had to tell prospective viewers what a film was about-to entice viewers to pluck out cash at the ticket office.

Today--partly because many films are made with television in mind--the viewer today is often told nothing. Producers buy costly, large ads which don't even hint what the film is about. Even at theater entrances, there is often little hint about the subject of a film.

Perhaps there will be a picture of one or two characters and a line about their trial, or duel or mutual love! That's all. What does that say about the intelligence of the average viewer in America?

Park Board appointed

The Akron Town Board has announced the appointment of a new Park Board, whose responsibilities will be to continue to plan, raise funds, and effect the continued development of our community's park.

Appointed to the Park Board were Clair Ellis, Kim Lewis, Bill Lynn, Channing Utter and John Weida.

The board has approved a new project which is the installation of a spiral slide this summer.

The Park Board will welcome suggestions for park development from individuals and organizations alike, but request these be in writing and signed by the person or persons making the suggestion.

Tire safety warning

The Chicago AAA-Motor Club reminds Indiana motorists they have until May 1 to remove metal studded snow tires from their automobiles.

Failure to remove the tires by the deadline can result in a fine of up to \$500, 60 days in jail, or both.

Motorists removing snow tires from their automobiles this spring should carefully examine their conventional tires before re-installing them, according to the AAA-Chicago Motor Club.

The AAA-CMC advises motorists to replace tires that have one or more of the following defects:

--Cracks, cuts or snags on tire treads or sidewalls that are deep enough to expose interior ply cords or steel fibers in the steel belted radial tires.

--Visible bulges or separations.

--Punctures or cuts that, because of size and/or locations, cannot be satisfactorily repaired.

Tires will need to be replaced if 3/16 of an inch, or less, of tread remains. You can determine the

margin of safety yourself by inserting a penny between treads. If any portion of Abe Lincoln's head is visible, the tread is insufficient to grip the road.

Some tires may also have built-in "indicator bars." When the tread wears down to where the bars are visible, the tires need replacing.

In either case, traction will become a problem, especially during spring rains, if such tires are not replaced.

Never select replacements other than sizes recommended by the manufacturer. Use of another size tire may adversely affect your car's handling, stability, speedometer calibration and vehicle ground clearance.

Before the tires are installed, make sure they are balanced, otherwise the car will vibrate when driven. New tires should be installed in pairs, on the same axle.

Also check your owner's manual to determine at what intervals your tires should be rotated.

Senior memories

by Sherri Clark

I will always have fond memories of my senior trip to Washington, D. C. Unfortunately I won't see those memories because my film disintegrated inside my camera. I took pictures of such things as the Tomb of the Unknown Soldier, the Lincoln Memorial, and the Capital Building. I will still remember what a great trip it was without the pictures.

A bus load of thirty-three excited seniors and two anxious teachers (Wayne Cumberland and Sandy Carmichael) set out from TVHS at 4:45 a.m. Thursday morning, April second. The excitement died down a little on the bus trip to South Bend after some of the seniors felt the effects of getting up in the wee hours of the morning.

Once we got to the Michiana Area Airport we had to wait for the other schools we would be sharing the plane with to arrive. Finally, we boarded the airplane, American Trans Air 707. For many, it was the first flight on a plane.

Once we were in the air, the view from above was fascinating. It was as if a large relief map was spread out below the plane. Everything was so small and toy-like. We were served breakfast in transit. What seemed like minutes was actually an hour when the plane touched down in Virginia about 30 miles away from the Capital.

The seniors from Valley boarded a bus that headed toward Washington D.C. Our first stop was the Arlington National Cemetery where the honored dead of many wars are buried. The changing of the guard at the Tomb of the Unknown Soldier as viewed along with the eternal flame of John F. Kennedy's grave.

We next arrived at the Lincoln Memorial. I thought the statue of Abraham Lincoln was majestic encased in the huge building.

All of Washington was bright with spring flowers. Tulips and Daffodils bloomed in the many parks all over the city. The Cherry trees were in full blossom around the Tidal Basin and along the Potomac River.

The bus took us all over Washington. We went past the White House but due to an already long line we didn't stop for a quick tour which would give us a glimpse of the President's home. We saw many federal agency buildings in the heart of Washington.

The next stop for the Valley seniors was the Capital Building. The main entrance to the building opened into a Rotunda with the dome over it. Huge paintings lined the walls of the Rotunda along with murals and frescoes. We were unable to go into the House and Senate chambers but we did see many statues donated by the fifty states. We were led out of the building through many doors and hallways and caught glimpses of people dining at fancy tables, through half-closed doors. I could have been looking at someone important, without knowing. We finally arrived outside the same way we came in which seemed impossible after all the turns of corridors inside.

We still had time to spare before boarding the bus and all the seniors had a choice of what to do. Some investigated the Library of Congress, others the Supreme Court Building and the rest preferred to sit out on the grass in one of Washington's many parks. That's when the film in the camera broke, losing some of my memories.

The bus returned to pick up a bunch of hungry people for lunch. Unfortunately the bus driver still had some more of the city to show us. We saw more federal buildings, many foreign embassies, and a lot of ritzy houses within the city.

To my relief, the bus finally stopped in front of a shopping mall where we were to eat. We ate at a cafeteria which served many organized tours. That being the case, we were rushed through the line somewhat rudely and had trouble finding a seat. The food wasn't bad but to make up for the

pushing and shoving in line I bought myself some ice cream at a parlor on an upper floor of the mall.

Our final stop of the day was the Mall. It was mid-afternoon and we were turned loose to spend two and a half hours to enjoy the sun and beautiful weather and explore the many museums that flanked the mall. The Mall is a long grassy strip extending for perhaps a quarter of a mile. On the east side of the mall is the Capital Building and on the west side, the Washington Monument can be found.

The museums found along the Mall are all part of the Smithsonian Institution. There is the National Air and Space Museum, National Museum of Natural History. A new museum filled with American History and many art museums.

Some of the seniors managed to see a little bit in every museum along the Mall. Others, such as myself, chose to linger in one or two. I spent my time in the National Museum of Natural History where I saw the Hope diamond, an insect zoo, and Dinosaur bones. Also the new Museum of American History. There I saw the flag that flew over Fort McHenry in 1812, how a log cabin was constructed, and a collection of the First Ladies' gowns dating back to Martha Washington. Exhausted from looking over the exhibits in the museums, my friends and I joined a growing number of tired seniors outside in the warm sun waiting for the bus to arrive.

When the bus did arrive, we clambered on board and were taken back to the airport. We boarded the plane in early evening and settled in for the trip home.

Everybody found something to occupy him or herself on the journey home. I kept busy playing cards and watching the scenes change below.

It took an hour and a half getting back to South Bend. The plane had to climb to a higher altitude to avoid heavy winds which made our arrival time later.

Our bus was waiting for us at the airport. The Valley seniors climbed on board, some tired and others too excited to stop talking. When the bus began its trip home the atmosphere became settled and sleepy. We got back to the high school a little before nine.

I made my way home by way of a friend's car. When I got home, I gave my mom and dad a brief description of my day knowing a more detailed description would follow the next day. I then tumbled into bed and fell asleep while deciding to be late to school the next day.

I will always remember my trip to Washington, D.C. as one of the highlights of my senior year. Though I won't have all my memories in pictures, they will always stay with me.

Local students honored

Area students were named to the first semester Dean's List at Indiana University in Bloomington.

The students were honored at the university's traditional Founders Day Program on Campus.

In order for these students to be named to the Dean's List they needed to earn a 3.5 grade average or better in a minimum of 12 hours of course work. An all-A average is 4.0.

Families of the students were invited to the Founders Day program.

The students who were honored are Kim McCloughan, daughter of Mr. and Mrs. Ted McCloughan, and Linda Coplen McKee, daughter of Mr. and Mrs. Richard Coplen, both are from Akron.

IBEW, PSI reach tentative agreement

A tentative agreement has been reached between Public Service Indiana and the Union Negotiating Committee of Local 1393, the International Brotherhood of Electrical Workers.

The agreement must be ratified by the local's membership before it can become effective. The present contract is set to expire at midnight April 30. Voting on the new pact is to take place next week on Monday and Tuesday.

Nearly 2,200 of the utility's 4,900 employees are members of the IBEW local.

A company spokesman said the utility hopes an agreement will be

reached and that a strike can be avoided. However, supervisory and management personnel would operate the system in the event of a strike. Electric service to some 530,000 customers in 69 counties would remain unaffected.

GRENADA BLASTS KILL 11

DAVAO CITY, PHILIP-

PINES--Two hand-grenade blasts rocked a Roman Catholic cathedral packed with thousands of faithful attending an Easter Sunday Mass, killing 11 people and wounding some 155 others, authorities said.

"Hoosier Hysteria" starts at early age

A good example of "Hoosier Hysteria" can be seen every year at the Akron School's annual basketball games. This event is sponsored by the Akron School and the 4th of July Committee as one of the early fund raisers for Akron's 4th of July celebration.

Committee members, Bernice Reese, Bill Hively, Kurt Robinson, Orville and Gerrolene Reese, handled the ticket sales and the cake raffle. Cakes were donated by the Chamber of Commerce.

Grades 2 through 5 play the games, girls and boys, three teams to each grade. After each team has played for the championship of their grade, a drawing was made for a girl and a boy from each grade to receive the game balls, and trophies were awarded to the winning teams.

It's great fun, noisy, pandemonium reigns, sometimes it looks as if there are three or four teams on the floor, but it's just the start of having a great big 4th of July celebration in Akron.

This year's winners: Second Grade Girls - Trier's Tigers, game ball went to Cherie French. Second Grade Boys - Marten's Musketeers - game ball went to Eric Roussell.

Winners for the third grade: Ruppel's Roadrunners won the girls' games, game ball went to Lori Baker; the third grade boys' team winners were Studebaker's Silver Stars with Michael Ruckman getting the game ball.

Fourth grade girls' team to win was a tie between Bogg's Bulls and Howard's All Stars with Sheri Stavedahl winning the game ball. Fourth grade boys' team winning was Bogg's Bulls and Chuck Hornyak won the team ball.

The Fifth Grade winning team for the girls was Van Duyn's Victorians and Julie Steininger was the winner of the game ball; Fifth Grade boys tied for the trophy with Rader's Rumblers and Van Duyn's Victorians sharing the trophy and Andy Norman winning the game ball.

The two people who worked the hardest during the evening were the referees for all the games, Mrs. Daniel Kramer, a teacher at

Mentone, and wife of Akron's principal, and Mr. Dennis Thompson. A big thank you goes to these people - a great job!!

Open house for building trades project home

The Open House for the Tippecanoe Valley High School Building Trades home will be Saturday and Sunday, May 2nd and 3rd from 1 to 5 p.m. each day. The house is located in Akron's Saner Addition, on the Northeast end of the town, off of St. Rd. 14.

The approach to the house will have concrete sidewalks and the drive up to the two car garage which opens to the front. The tranche with the house sided in a soft brown, matching the old brick used on the main part of the house.

As you enter the foyer, you immediately will notice the brick two-way fireplace, in the living room and family room areas. The fireplaces will both have glass doors attached in order to be energy saving. Another energy saver is the electric furnace with heat pump in the utility area, and the rafters in the house are extra

length in order to give the house a wider eave for energy saving purposes.

The three bedroom, two bath home has 1900 sq. ft. of space, the bedrooms are all 12 ft. wide, with exception of the master bedroom which is 14 x 16. The bedrooms all have large closets with sliding wooden doors. The utility closet is located in the hall to the master bedroom for saving steps while doing the laundry.

The kitchen has oak front cabinets and is open to the family, dining area. It will have all the touches of the modern kitchen, hood for the range, dishwasher, etc. Off the kitchen is the area which houses the furnace, next to the garage, originally intended to be the utility, but can be used for storage of hobbies, etc.

There will be an 8 x 12 ft. poured patio located outside the sliding glass doors to the family room.

TRC meet won by Vikings

The girls track team hosted a TRC meet Wednesday with Whitko and Northfield on the Valley track. Valley wound up with 65 points against Whitko's 50, and Northfield's 19 in the three-way meet. Andrea Scott's two individual firsts and the 800 and 1600 relay teams' first pushed the Valley to the top.

Scott won in the 800- and 1600-meter runs and ran on the 1600-meter relay team along with Liz Bornmann, Kistin Lackey, and Carleen Clampitt. Carleen added a first in the 400-meter dash and Kistin and Liz added a first on the 800-meter relay team along with Paula Shireman and Ruth Bellamy. Shireman also had first in long jump with a jump of 15' 2 1/2".

Joan Laughlin won first in the hurdles, and backing the Vikings with their seven firsts, were those taking six seconds and four thirds.

Long jump - 1st Shireman; 3rd Lackey; 4th Coplen; High jump - 2nd Scott; Discus - 3rd Bellamy, 4th Waddle; Shot put - 2nd Bellamy; 100-meter hurdles - 1st Laughlin; 2nd Shireman; 1600 - 1st Scott, 3rd Clark; 100 - 2nd Coplen; 400 - 1st Clampitt, 3rd Lackey; 800 - 1st Scott, 4th Alford; 200 - 2nd Bellamy, 4th Shireman; 800-relay - 1st Valley; 400-relay - 2nd Valley; 1600-meter relay - 1st Valley.

Valley girls sweep aside North Miami

Taking all 13 first places and eleven seconds, the Valley girls track team swept North Miami under the rug last week 95-10 at the North Miami home track.

'81-82 cheerleaders chosen at TVHS

The cheerleaders for TVHS varsity and JV and Freshman sports for the 1981-82 school year will be:

Varsity - Kathleen King, Belicia Harrell, Katrina Bush, Steph Nelson, Laura Unzicker and Penny Secrist.

JV Cheerleaders - Tina Shepherd, Kelly Zimbleman, Sherry Lafferty, Lisa Rowland, Shana Wood and Mandy Sparrow.

Freshman - Angie Wood, Angie Harsh, Amy Bibler and Jenny Johnson.

Vikes downed

The Valley Vikes, after a disastrous first inning with four errors, allowing seven unearned runs, were unable to make a comeback and lost to Wawasee, 9-1.

Viking Coach Rudy Gingle said the same was disastrous, having six errors and even more mental errors, they didn't go ready to play.

Wawasee sophomore pitcher Rick Pena allowed just one hit in seven innings. Valley got one run without a hit in the second inning. A double by Jeff Webb was Valley's only hit.

Giving up nine unearned runs on six hits, Darrell Shewman picked up the loss. Shad McConkey pitched the final inning for the Valley.

Squires upset Vikings

With their record at 6-2-1, the Valley girls dropped a meet 58 1/2-46 1/2 to Manchester last week.

Valley's Joan Laughlin won the hurdles and 200-meter dash, Carleen Clampitt won the 400 and Kristi Coplen won the 100. Liz Bornmann, Kistin Lackey, Ruth Bellamy and Paula Shireman won the 800-meter relay for Valley.

The Valley JV won four of the individual events and two relays, but still didn't have enough to win

their meet, losing 52-48.

Stats: Long jump - Shireman, 2nd

High jump: Scott, 2nd, Shireman tied for 3rd.

Shot Put: Bellamy, 3rd.

100-meter Hurdles: Laughlin, 1st, Shireman, 2nd.

1600: Scott, 2nd.

100: Coplen, 1st, Tinkey, 3rd.

400: Clampitt, 1st, Lackey, 3rd.

800: Scott, 2nd.

200: Laughlin, 1st, Bellamy, 2nd.

800 relay: Valley 1st.

ON BUSING

LOS ANGELES -- Supreme Court Justice William Rehnquist recently refused to order mandatory busing for integration in Los Angeles public schools. The action means mandatory busing will end in the nation's second-largest school district.

T.V. school's spring program

The Tippecanoe Valley elementary schools will soon be giving their spring programs. This year the concert is entitled "Just For Fun", with the programs consisting mainly of folk songs.

The fifth grades at Akron and Burket will also be performing on their Cambridge II recorders.

The concert schedule is as follows: Mentone School, Tuesday May 5 at 7:00 p.m.; Akron School, Monday, May 11 at 7:00 p.m. and Burket, Wednesday, May 13 at 7:00 p.m.

Mrs. McBride and Mr. Pace extend an invitation to all friends and relatives to attend.

Golfers win against Culver

TVHS's golf team won 174 to 188 at Maxinkuckee Golf Course against Culver last week.

Todd Leckrone shot a 41 to win medalist honors and Scott Woods and Keith Haney were one shot under the low score for a Culver golfer with 44's.

Valley also won the JV match 235-250.

Tippecanoe Valley 174 - Todd Leckrone 41, Rick Stone 45, Scott Woods 44, Keith Haney 44, Rick Goshert 50.

Culver 188 - Jack Kibort 45, Dennis Cultice 45, Gary Hallinan 53, John Flagg 45, Chuck Good 53.

BACKS WORLD FAIR

WASHINGTON -- President Reagan has endorsed a proposal to hold the 1984 World Fair's in New Orleans, the Commerce Department announced recently.

TV school board opens 374 bids

Scott each winning three individual events, Ruth Bellamy winning two, and Kristi Coplen and Carleen Clampitt each winning one; the relay teams took everything in sight too.

Winning the 800 relay was Kistin Lackey, Liz Bornmann, Paula Shireman and Bellamy. The team of Laughlin, Shelley McCloughan, Coplen and Beth Tinkey won the 400; and Scott, Bornmann, Tinkey and Clampitt won the 1600.

With this win, the Vikings improve to 3-0 on the year and run against Whitko and Northfield in a Three Rivers Conference meet at Valley Wednesday April 15.

DRUGS RELIEVE PAIN

ATLANTA -- The painful menstrual cramps suffered by perhaps half of all women in their teens and 20s can be remedied by several common anti-arthritis drugs, scientists have found. Dysmenorrhea, or painful menstruation, afflicts an estimated 50 percent of women at one time or another. It is especially common in women who are young or childless.

STUDENTS, KNOWLEDGE

WASHINGTON -- As many as 85 to 90 percent of America's college students have an inadequate knowledge of the modern world, according to the first national study of how well college students understand world issues.

LAMP LIGHTERS MISSIONARY SOCIETY

The Lamp Lighters Missionary Society of Harrison Center met April 16 with 11 members present. Geneva Beeson opened the meeting with prayer and a poem by Helen Steiner Rice. The group sang, "He Lives." Secretary's report was read and approved.

A business meeting was conducted by the president, Geneva Beeson.

Mary Sutton, a missionary to Guatemala, gave an interesting discussion on the things that could be done to help the missions. Marjorie Huffman closed with prayer.

The Mentone United 4-H club met at 7:30 p.m. on Wednesday, April 15, 1981. The meeting was called to order at 7:35 by President, Mike Smith. Gail Weaver and Janet Lynch led the pledges.

Roses, violets and tulips were the favorite spring flowers listed during roll call, closely followed by dandelions!

The treasurer's report was given by Tammy West. The club made \$181 on their recent bake sale, bringing the balance to \$232.07. Joe Arney won a very unusual prize in a very unusual contest. The prize: a chocolate egg; the contest - the best cackle! We had a lot of good cacklers present, but Joe won by a large amount of votes.

The health and safety report was given by a visiting Arab, (Betty Smith, club officer). The Arab, being caught in the recent thunderstorm, asked the advice of club members for thunderstorm safety.

Tammy and Connie West showed us the difference between good and bad demonstrations. By watching the awful disorder of Connie, next to the practiced procedure of Tammy, members were able to tell which was the right way to demonstrate making a peanutbutter and jelly sandwich.

Lenore Lewis, the club leader, taught all of us the difference between a good poster and a great one!

Club demonstrations will be on May 23, in two sessions: from 9-11 a.m. and from 1-3 p.m. During these sessions, each club member will be giving a demonstration or illustrated talk. Members will be judged on their demonstrations, and they are open to the public for observation. Come and join us at the Mentone Youth League on the 23rd. We're "making the best, better."

Warning!

Not all contracts signed by consumers can be rescinded in the 72-hour "cooling-off period" provided in state and federal laws, Attorney General Linley E. Pearson told Hoosiers recently.

The Attorney General's warning came in the latest consumer protection alert after a number of inquiries to his office.

"There seems to be a widespread notion," Pearson said, "that all contracts entered into by consumers can be cancelled by them within a 72-hour period."

"That is not correct," Pearson added. "A Federal Trade Commission regulation requires that consumer contracts entered into as a result of a home solicitation by a door-to-door salesman have a three business day 'cooling-off period' provision," Pearson said. "While Indiana law requires such a provision for consumer credit contracts concluded away from a fixed place of business."

"Consumer contracts made in stores or other business places that don't result from contact by a door-to-door type salesman can't

be automatically cancelled under the three-day rule unless the contract in question so specifies," Pearson concluded.

Indiana consumers who have questions or who wish to make complaints with regard to the law on three-day "Cooling-off periods" for home solicitation contracts may contact the Consumer Protection Division at 1-317-232-6330 or toll free at 1-800-382-5516.

May is American bike month

Nearly half of America's population owns or rides a bicycle. In fact there are more than 105 million bicyclists two wheeling today, making the need for bicycle safety education more important than it has ever been, according to Superintendent John T. Shettle of the Indiana State Police.

American Bike Month in May is dedicated to promoting bicycle safety. For more than a quarter century, communities throughout the country have held special events geared to making their areas a safer place for bicyclists, Superintendent Shettle noted.

Because more and more youngsters and adults are riding their two-wheelers for fun, physical fitness, energy-conservation and short-haul transportation, Superintendent Shettle emphasized that the need for bicycle safety education in the schools, community centers and in cooperation with local law enforcement agencies is more urgent than ever before.

Superintendent Shettle is recommending that the following Rules of the Road, issued by the American Bike Month Committee and endorsed by the International

Association of Chiefs of Police be followed not just during American Bike Month, but all year long.

SUGGESTED SAFE BIKE DRIVING RULES

Courtesy of the American Bike Month Committee

Obey all applicable traffic regulations, signs, signals and markings; Observe all local ordinances pertaining to bicycle operation; Keep right, drive with traffic, not against it; Drive single file; Watch out for drain grates, soft shoulders and other road surface hazards; Watch out for car doors opening, or for cars pulling out into traffic; Don't carry passengers or packages that interfere with your vision or control; Never hitch a ride on a truck or other vehicle; Be extremely careful at all intersections, particularly when making a left turn; Use hand signals to indicate turning or stopping; Protect yourself at night with the required reflectors and lights; Wear white clothing at night; Drive a safe bike. Have it inspected to ensure good mechanical condition; Drive your bike defensively, watch out for the other guy.

The Family

Senator Jeremiah Denton (R-Ala.), recently expressed concern over heavy peer pressure on young people today to live for pleasure, selfishly, and to indulge in drugs.

He feels that unless traditional family life, and the family as the best way of life, is stressed more, the nation's future is in serious danger. He explains it nicely by saying that the so-called new morality is nothing new, but very old.

And the new morality, according to Denton, has often been tried throughout history, always with tragic results. Self-discipline, faith in the family unit and the institution of marriage and children, is the traditional Christian way of life. It built this nation. Discarded, it could be the beginning of the end for the U.S. as a great economic, military and moral force in the world.

Ronald Reagan, President:

"Americans will continue to pay too much money to the federal government until the Congress acts on our proposals to reduce tax rates across the board."

CHALLENGES MARXIST TORUN, POLAND

Communist reformers called for a speedup in the liberalization of Polish life and removal of hard-liners from the party leadership in an extraordinary meeting recently that openly challenged basic principles of Soviet-style Marxism.

Club Meetings

The Perry Home Improvement E.H.C. met with guests for a Salad Luncheon in the Roann United Methodist Social Room. The luncheon was colorful and delicious. Alice Teel, president, made all favors. Faye Eaton registered the ladies and hostesses were Helen Byrt and Aurel Musselman.

Alice Teel conducted the business meeting. "Happy Anniversary" was sung to Arlene Gearhart and Pauline Miller. Bea Fites also led the group in singing "The Old Rugged Cross."

For her devotions Arlene Gearhart used "Spring Fashions." She read a lovely poem, and stressed that man looks on the outside, but God sees the inside, and closed with a prayer.

In answering the roll call each member introduced her guest and gave a house cleaning hint.

The club was formed in 1933. There are three living charter members: Emma Burns, Marie Hunter and Helen Hardman. Mrs. Hardman was special guest and was interviewed. She and her husband Ray live in North Manchester. They have six children and fifteen grandchildren. Most of her life she taught school, is now retired, but still does special work with them at the library, in her home, and nursery school. The club presented her a gift and gifts for the other two were delivered to them.

The ladies chose Monday noon as their time to help at the 4-H Fair Food Building.

Alice Teel gave a lesson on "Flower Arrangement." She told how we can dry and preserve certain flowers for use. We can also use many weeds, leaves and grains. She exhibited crafts she had made of artificial flowers, crocheted flowers, and of flowers created from fabrics.

The two contests were won by Arlene Gearhart, and Helen Gardman. The Lucky Lady awards were given to Guest Marilyn Craft

and member Bea Fites.

Others present were guests: Dorothy Miller, Mary Glasford, Neva Robison, Mary Beth Fites, Pauline Ryman, Pauline Bahney, Carol Personett, Miriam Musselman, Cindy Musselman, and Tricia Musselman. Members: Marie Coon, Ora Glassford, Ruth Barmmerlin, Pauline Miller, and Lucile Personett.

A PURPLE HEART

Ishmael Franco, a disabled Vietnam veteran sent President Reagan one of his three Purple Hearts along with wishes for a speedy recovery from the bullet wound Reagan suffered in an attempt on his life, the president's spokesman said recently.

U.S. & SAUDI ARABIA

The Reagan administration, in another move to bolster Persian Gulf security, has decided to sell Saudi Arabia ground radar stations and 10,000 anti-tank missiles even while other major arms sales to the oil-rich kingdom are under fire in Congress.

New members appointed to Fulton Co. Tax Board

Three new members have been named to the Fulton County Board of Tax Adjustment for 1981. Named by Circuit Judge Douglas Morton to the Board for the coming year are Harold Show-

ley of Wayne Township, George Krom III of Rochester Township and Daniel Sommers of Rochester Township. These three individuals, all former county councilmen, join Roger Kent who was

reappointed. Kent was chairman of that board in 1980.

These four members of the Board of Tax Adjustment will be joined by an appointment from the County Council, an appoint-

ment by the Mayor of Rochester, and an appointment from the Rochester School Board. These seven persons review the proposed county tax structure for the coming year. They meet commencing the second Monday in September.

The three new members replace George Parry and Vernon Cumberland who had served since 1978 and Patty Sue Greer who had served since 1979.

EARTHQUAKE POINT BERKELEY, CALIF.

Scientists predicted that a damaging earthquake will occur on the Parkfield segment of the San Andreas Fault before the end of the decade. A quake measuring about 5.6 on the Richter Scale is predicted to rattle the sparsely populated Parkfield area between 1984 and 1990.

What's NIPSCO Doing About Efficiency And Productivity?

Faced with steadily rising utility bills, customers are asking "what's NIPSCO doing to hold down costs and improve efficiency?" We believe that's a fair question and deserves an answer.

• **DOUBLE-DIGIT INFLATION PRINCIPAL CULPRIT**—Inflation is playing havoc with our budget, just as it is with yours. Essential items such as fuel, equipment and manpower have doubled, tripled and even more over the past decade. We are embarked on a program of increasing our service capabilities by exercising even greater control over day-to-day operations, thus improving our efficiency and productivity.

• **STRIKE FORCED LIMITATION OF ACTIVITIES**—Many customers wonder how we could continue to provide service during last year's strike when barely one-third of the normal workforce remained on the job. The answer is simple. Our goal during the work stoppage was to maintain safe, reliable service. By working long hours, focusing on the immediate service needs of our customers and limiting all other activities, this was accomplished.

• **NOT ONE "CHIEF" FOR EVERY TWO "INDIANS"**—One misconception which arose during the strike was that NIPSCO has one supervisor for every two union employees. While we do have one non-union employee for every two union employees, at least half of our supervisory people work in professional and support jobs which do not involve direct supervision of union personnel.

• **CORPORATE PLANNING DEPARTMENT**—We have established a Department of Corporate Planning to compile financial estimates, gas and electric energy forecasts and demand projections. This information will allow us to plan more precisely for the future.

• **DEPARTMENT OF MANAGEMENT SYSTEM CONTROL**—This department, which develops specific programs to enhance productivity, was the direct outgrowth of implementing a comprehensive study conducted by an outside consulting firm.

• **SOME "STANDING AROUND" ESSENTIAL**—One frequent criticism we hear from customers is that on many routine jobs, some NIPSCO workers are standing around watching while others are doing the work. While there are occasions when workers may appear to be "standing around," it must be remembered that many tasks are sequential in nature. It is often more economical to have workers remain at the job site, even if there is some delay, than to travel to a different location and then have to return to the original site.

• **ALL JOB VACANCIES CAREFULLY REVIEWED**—We have established a vacancy review process whereby all job

openings are carefully evaluated as to need before replacements are hired.

• **IMPROVED PURCHASING AND ACCOUNTS PAYABLE PROCEDURES**—Set to be operational later this year, this new computer system will facilitate servicing of suppliers' accounts and enhance opportunities for more favorable purchase commitments.

• **LAPORTE TRAINING CENTER**—Our LaPorte training center provides a convenient, well-equipped facility for all company training. We are dedicated to the positive notion that a better trained employee is a more productive employee.

• **NEW LABOR CONTRACT AND WORK RULES**—While last year's work stoppage visited hardships on all involved, the final settlement provided significant relief in the area of work rules, changes which we felt were essential. With the new contract now in place, we are confident that our operations will become more efficient.

• **LET'S WORK TOGETHER**—Even with these efforts, however, and others that will come, the cost of utility service will not decline as long as double-digit inflation persists. There are no easy answers, but if we all work together with a spirit of dedication and cooperation, our goals can be achieved.
