The manager for the Vikings is Brian Duzenbery.

(Editor's Note: We had planned to feature pre-season photos of the mighty Valley Vikings, but the Vikes are so tough they broke our camera! Next time, our photographer will eat his Wheaties and make sure the Vikings don't trample on the NEWS camera as they charge down the field.)

Town Board passes traffic ordinance Population explosion brings 68 newcomers to Mentone

by Richard Lynn

Mentone's population has increased since the 1970 Census, according to results published by the United States Census Bureau and reported by the Mentone Board of Trustees at their regular monthly meeting, Monday evening in the

town office. The population of Mentone is now 898 persons, an increase of 8.2% over the 1970 Census total of 830.

Board President Frank Hardesty presided over the meeting, with Town Clerk-Treasurer Catherine Whetstone, Wayne Tombaugh and Town Attorney Lee Bazini. Also attending were Harry Sullivan, Superintendent of Public Works and Marshal John Hart.

After the meeting, Marshal Hart rescued a lady in distress. The Warsaw TIMES-UNION's ace reporter

Gina Spradlin had locked herself out of the automobile prior to the board meeting, but Marshal Hart successfully opened the lock for her. Area bachelors will be sad to note news of her engagement released in this issue of the NEWS.

Wayne Tombaugh made a motion, seconded by Frank Hardesty, to adopt Ordinance number 231, regulating traffic and establishing the erection of four-way, two-way and one-way stop signs in the town of Mentone and providing

'It happened in Mentone' a long time ago

by Diana Streevey Bucher

(Editor's note: The NEWS has two features that we publish weekly, 'This Was News' and 'It Happened in Mentone,' where we reprint news from old papers. We have many complete years of the old copies of the Akron News since 1893, but we take our Mentone items from the Northern Indiana Co-Op News. The reason we don't use older items from Mentone is that complete records of the Mentone copies were never handed down to each succeeding owner of the business.

Mentone resident Guy Alspaugh found a barrel of old papers, including many from Mentone, when he moved to his current home, formerly owned by C. O. Herendeen. We thought some of our readers would be interested in reading a few of these old items, so we're offering this article in addition to our regular features.)

Some of you will fondly remember when prices were much lower than they are today. As we skimmed over several copies of the Tri-County Gazette and Mentone Gazette from the 1920s, we wistfully saw ads from Sarber's Grocery for lettuce at 18 cents a pound, half

pound packages of raisins from Mentone's for six cents. Ford trucks for \$370 and Ford four-door sedans for \$685 and overnight cruises on luxury steamers on Lake Erie for \$5.56.

Claude Taylor was the editor of the Mentone Tri-County Gazette, an early paper printed in Mentone. Perhaps the most notable feature of the Tri-County, which was an eight page paper, was the fact it was printed on one large (30" by 44") sheet of paper, then folded so there were creases both at the top of the page and on the side.

It was rather difficult to read these old papers, as you had to fold and unfold the paper to get the print right-side-up. Later in the twenties Taylor changed the name of the paper to the Mentone Gazette, and the format also changed so the paper reflected less world news and became more of a 'local' paper. Mentone Police Report

The Mentone Police Department logged 2,845 miles on the police vehicle, while answering 75 calls of service for the month of July, 1980.

The following is a list of the complaints received and handled by the Mentone Police Department for the month of July: Public Assist, 5; Disturbance, 8; Message, 1; Accident, 5; Information, 25; Death Investigation, 1; Dog Complaints, 3; Battery, 1; Security Check, 1; Agency Assist, 5; Vandalism, 7; Found Property, 1; Theft, 2; Suspicious Vehicle Report, 2; Funeral Escort, 1; and Record Check, 1.

One adult and four juveniles were arrested, and fourteen citations were issued for the month of July, 1980.

Gina Mari Spradlin and Chris Alan Smalley

Spradlin and Smalley engaged

Mrs. Virginia Spradlin, Anderson, announced the engagement of her daughter, Gina Mari Spradlin, to Chris Alan Smalley, son of Mr. and Mrs. Wayne Smalley, R. 1, Claypool.

Miss Spradlin, a staff writer at the Warsaw TIMES-UNION, is

the daughter of the late Gilbert E. Spradlin, Sr. The bride-elect is a 1978 graduate of Anderson High School. She will receive her B.A. in journalism from Ball State University in November.

Her fiancé graduated in 1976 and is employed at Burket Elevator.

"Mickie Says" was a regular feature in the Mentone GAZETTE and Tri-County GAZETTE, years ago.

for fines of not less than one dollar nor more than ten dollars for each conviction of any person violating the provisions of the ordinance.

The intersection of Walnut and Jefferson Streets will be a 1-way stop for vehicles in all directions of traffic approaching that intersection.

The intersection of Walnut and Monroe Streets will be a two-way stop for all vehicles traveling east and west on Monroe Street.

There will be one way stops for all vehicles traveling west on Oak and Jefferson streets and one-way stop signs will be erected on the north west corner of that intersection.

The Board decided to order six stop signs and five "No Parking - Fire Lane" signs. Harry Sullivan reported that the city has two stop signs in their inventory.

Acting on a suggestion from the Bell Memorial Library Board, the Mentone Board of Trustees appointed William Cochran to be a member of the Library Board.

In other business the Board considered the purchase of equipment for the Mentone Police Department. Marshal Hart reported that his father needs a vest, and the department needs another pair of handcuffs. Used equipment had been offered to the Police Department for \$150.00, including badges, cuffs, a vest, two lapel pins, a tie and tie tack.

Board President Frank Hardesty said, "If the Board can buy the equipment new, why buy it used?"

He also stated that reserve officers have been furnishing their own equipment, and the Board shouldn't change that practice.

Hardesty said, "At this point we have enough money for handcuffs, but we'd better buy the vest later."

There are two outstanding delinquent water bills, so Hardesty ordered Sullivan to shut off the water if the delinquent accounts aren't paid on time this month.

Kate Whetstone was appointed as the Board's delegate to a CETA Workshop, August 22 in Warsaw.

Harry Sullivan reported that the sidewalks on both sides of Romaine's Electric and Cooper's Store have been fixed to provide ramps for persons traveling in wheelchairs.

The Board will hold a special open meeting August 18th at 7 p.m. in the Town Office. Citizens are invited to attend and discuss the proposed town budget. August 25th, the Board will meet again to consider adoption of its new budget.

Historical Society meets

The Fulton County Historical Society Board of Directors voted to discontinue the annual historical basketball games, citing hot weather, dangers to health and small attendance as the reasons.

Plans were made to begin the repair of the Rochester Depot Museum foundation, using as much SPEDY and volunteer labor and donated material as possible, and \$1000 revenue sharing funds from the county. Repairing the foundation might run as high as \$4000.

A trip to Historic Fort Wayne and the new city hall museum was planned for Oct. 5. Details as to the cost and time will be released later.

It was announced the old newspapers in the courthouse, Kewanna and Fulton libraries will be taken to Indianapolis to be microfilmed around the first of October and will be complete sometime in January. The Indiana Historical Society is paying half the cost of the microfilming, and the other half must be paid locally. Donations of over \$1900 have been received so only \$600 needs to be raised by the end of the year. Interested persons, clubs and businesses are urged to contribute to this project.

The guest speaker was Florence Field of Bourbon, who is a descendant of Henry Hoover, for whom Henry Township was named. She showed slides of many Hoover homes and mills in North Carolina, Pennsylvania, Ohio, Indiana, and Nebraska, including the mill at Millark.

Refreshments were served to 41 people by hostesses Pat Hoover and Helen Barkman.

Kindergarten reading club

The Kindergarten Reading Club at the Akron Carnegie Public Library came to an end with a party at the library from 2 p.m. until 3 p.m. on Wednesday, July 30, 1980.

A story, games and contests were enjoyed and refreshments of crackerjack and strawberry pop were served.

Mentone items

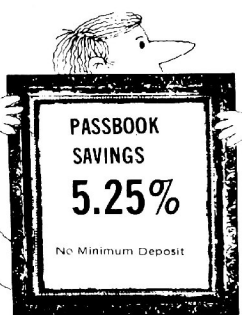

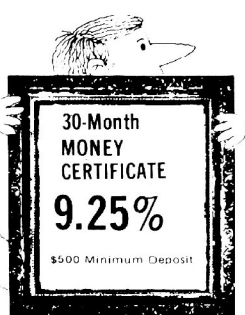

Mr. and Mrs. Paul Haist and Mr. and Mrs. Forrest Kantner spent a long weekend in Michigan visiting and sightseeing.

Mr. and Mrs. Hap Utter were in Spring Arbor, Michigan recently where they spent some time with Zoia Ward.

Mr. and Mrs. James Tibbets and Dan and Mr. and Mrs. Max Blackburn and Greg were in Columbus, Ohio Friday and Saturday so the boys could attend the pre-registration activities at Ohio Institute of Technology.

Dr. and Mrs. Donald VanGilder have as guests their daughter, Donna Kay and her daughter from Honduras.

'It happened in Mentone'...

(Continued from page one)

In those days of home remedies and cures, it wasn't surprising to find numerous ads for non-prescription medicines. Many of these cures, such as Lincoln Bitters, Nature's Remedy, Beecham's Pills and Glando Pine, supposedly cured everything from indigestion to colds to skin problems. Others, like Dr. Pierce's Favorite Prescriptions and Lydia Pinkham's Vegetable Compound, were rather vague about what they would cure, although the ads assured readers they would perk them up. Perhaps the most astonishing ads were those for Gold Medal Harlem Oil capsules, which claimed to be the standard remedy for kidney, liver, bladder and uric acid troubles since 1696.

In those early days, the Gazette covered a wider area in reporting personal items, including the War-

saw, Silver Lake, Akron, Rochester and N. Manchester areas. Mr. Taylor's plea to readers to REPORT THE NEWS, however, could have been taken right out of our mouths. While solutions to newspaper publishing may have changed over the years, the basic problems seem to remain the same!

Many of the names found in these early Tri-County Gazettes are recognizable today in their descendants that still reside in the area. Some of the personal items we found included:

Mrs. Cora VanGilder and sons, Donald and Jack, spent Sunday with W. H. Catell and family in December 1920.

Chauncey Tucker of Claypool was severely injured in a fall in Chicago in 1921, while Lena Mollenhour, David Holloway and Marion Highway were on the sick list in town.

Miss Vera Mae Kuhn of Burket and Oscar Baker of Mentone were married in July 1923.

The Mentone Boys Band gave concerts every Thursday evening in the summer of 1923 at the public square.

The Banking System of the Ladies Aid of the Baptist Church elected officers. They were: President, Mrs. Merle Smith; Vice President, Mrs. Anna Manwaring; Treasurer, Mrs. George Mollenhour; Secretary, Mrs. Claude Hudson; and Reporter, Mrs. Osie Blue.

W. R. Borton won the prize for wearing a pair of shoes the longest which were bought at Clark's Store. Mr. Borton had the shoes for 16 years and they were used as a dress shoe. The leather in this pair of shoes was a fine vic kid, and he received a new pair of shoes as a prize.

Poster Jones purchased the White Squirrel Cafe from C. L. Teel and continued the restaurant at the same old stand. Mr. Jones was new in the restaurant business, but expected to get a good experienced cook to assist him.

Following is the list of honor students for the month of October, 1923: Sophomores - Rosalind Mentzer, 96%; Daisy Jones, 91%; Juniors - Nenian Kesler, 93 3/4%; Ira Anderson, 92 1/4%; Clara Eva King, 91% and Seniors - Thais Greulich, 97 1/4%; Marie Ellsworth, 94 1/4%; Robert Snyder, 91%.

The Crystal theatre secured a new contract for pictures in November of 1923 and showed pictures on Tues., Fri., and Sat. nights.

Thirteen students graduated from Mentone High School on April 24, 1925. They were: Maxine Arnsberger, Hugh Aughinbaugh, Mary Eherenman, Clayton Clutter, Ira Anderson, Wilson Horn, Elma Byhee, George Blackburn, Maurice Dunnuck, Annabel Mentzer, Clare Eve King, Nenian Kesler and John Lyon. Their class motto was "Pluck, not Luck."

On May 28, 1925, the Paramount Theatre in Mentone showed Rudolph Valentino in "Monsieur Beaucaire," and on the 30th featured Richard Dix in "Unguarded Women."

If you enjoy reading old Mentone newspapers, or if you want to research the history of Mentone or find information about your families, the Bell Memorial Library has records of the Tri-County Gazette, the Mentone Gazette, the Northern Indiana Co-Op News, the Mentone News and the Akron-Mentone News. Although it's time-consuming, it can be fun work and give us a greater insight into the growth of our town over the years.

Tippecanoe Days

Tippecanoe Days will be held August 8 and 9th at the new Tippecanoe Community Building. A garden tractor pull is scheduled for Friday, the 8th, with weigh in at 6 p.m. and pull beginning at 7 p.m.

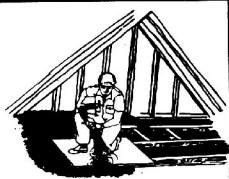

Saturday will have a farm tractor pull with weigh in at 11:00 a.m. and pull beginning at 1:00 p.m.

There will be bingo, kid's games, blood pressure check, lots of food and elephant ears on both Friday and Saturday.

On Saturday, a bake sale will be held at 9 a.m. at the community building. A parade is scheduled for Saturday morning at 9:30 a.m. with line up to be at the community building at 9:00 a.m. If you have a parade entry please call 498-6459.

A cutie king and queen contest will also be held on Saturday. Contestants must reside in the Triton area and be from 3 to 5 years old. The entry must be in the parade and is asked to wear sportswear. To enter cutie contest, call Pat Kretz at 498-6459.

There will be a drawing for \$150.00 worth of groceries from Moriaty Market, \$50.00 worth of gas from Toad's, and \$50.00 gift certificate from Anderson Bros. Proceeds will go to the Tippecanoe Days Association for the community building.

Jabberwocky

By Diana Streevey Bucher

I'm the first to admit it when I've made a mistake, and last week I outdid myself. As I wiped the egg off my face, head and shoulders, I realized that a public apology was imperative, so here it is.

I don't know how Rita took the news, but I can imagine Jack Simpson was less than thrilled to see his wife referred to as Rita Simpson Price and himself as Jack Price. Rita's maiden and professional name is Price, but her married name is Simpson. I am so used to hearing her referred to as Rita Price that I assumed it was her married name. It was an honest mistake, albeit a silly one, and I am sorry.

I understand that Jack has had this happen before, and that he had a t-shirt printed that reads, "My name is Simpson, stupid, not Price!" Where were you when I needed you, Jack?

It's ironic that I should have made this error, because I too use my maiden name in my work. I never intended to use my married name (Bucher) in connection with my writing, but prefer to use Streevey as my pen name. However, when I was offered the job at the NEWS my sister advised me to sign my name Streevey Bucher. It was her contention that local people who knew me would assume Jill and I were divorced, and I realized she was probably correct.

So while I use Jill's name for the Akron-Mentone NEWS, the other writing I do is under my maiden name. But if I make many more mistakes like this one with Rita, I'll be doing all my writing under an assumed name and save myself a lot of grief. Have a nice day!

"What would you like engraved on your headstone?"

Greg Blackburn, Mentone:
"Here lies a person who did all he could when he could."

Judy Day, Akron: "I want just a picture of a tree."

Bradie Manns, Akron:
"Probably just my name and birthday. But then, I might tell them this is the fat man or something to get them shook up."

R. J. Hill, Mentone: "There's so many thoughts that come to my mind - it's hard to decide. If I had to pay for it and he concerned by lack of space I'd have a one-line. Quotations come to mind, and I think I'd choose 'There is no wealth but life.' I've read a lot of the old engravings and been impressed by them."

Sharon Fites, Akron: "She finally lies in peace. It's been a bad day!"

Sound off

DEAR EDITOR:

When "Sound Off" first appeared in the paper, it caught a lot of flack. Many people thought it was awful that names did not have to be attached to letters, notes or calls that appeared in that column. I was not one of those people. I thought "Sound Off" was o.k., as long as it was not abusive. But you know people; if there are no strings, generally a gift such as this one gets abused.

In my opinion, "Sound Off", should be used by people who would like to say, "Merry Christmas," in July or, "Hey, it's a nice day, live it!" Unfortunately, the column has been used to display bad feelings or critical opinions of others by people who don't have an ounce of courage.

Case in Point: the attack on Teresa Petrosky's column. If a person takes all the time to think up something and put it in words, why not put their name behind it?

What kind of a person makes a verbal attack on someone and then doesn't admit to it? A gutless wonder! An unsigned editorial is like a voice in a crowd, no one knows who is talking, and no one cares!

The comments in this particular "Sound Off" sound as if they were written by someone whose unwavering morals were compromised by what their eyes beheld. If this person doesn't like the column, why do they read it?

It is a fortunate circumstance that people do not all think the same way and are not all interested in the same things. Personally, I enjoy Teresa's column. It adds a bit of levity to the paper. If her column was not in the paper, what would be? Stories about growing grass? Or maybe cracks in the sidewalk?

I believe Teresa is a pretty good writer and a fine person. She deserves better than to be stabbed in the back by a coward!

If you have a better idea for a column, or something you believe is more interesting, I suggest you get off your "better idea" and write to the paper. See if they agree with you. If you don't, then I suggest you cut some slack to those who do!

-Kim Petrosky

It is an unfortunate fact that some people, who harshly criticize articles printed in the NEWS, prefer to maintain anonymity rather than signing the name to their criticism. However, when "Sound Off" was first started, it was done so for the

express purpose of giving people the chance to speak their mind without revealing who they were. We at the NEWS want to receive feedback, whether complimentary or derogatory, so we can better judge what our readers want.

It is difficult at times to judge when criticism stops and personal attacks begin. We WILL print criticism, but we WILL NOT print personal abuse of any of the people who work here or people in the communities. And we hope that if people call or write critically, they do so in a constructive manner, not in a manner designed to wound.

Teresa's column will NEVER please everyone, just as my columns will NEVER please everyone. Some people love reading "This Was NEWS" and "It Happened in Mentone" and some people find it ridiculous. Some people complain because we don't have enough personal items, and some people complain because we have too many personal items. We know we will never please everyone all the time, so instead we try to please everyone part of the time. Stories about growing grass or cracks in the sidewalk have their place in the scheme of things, as do articles from a young humorist still in school.

We have appreciated the articles Teresa has given us this summer, and we think she has potential as a fine journalist. This was her first venture in having articles published, and believe me that isn't easy. By signing your name to an article, you're exposing your thoughts and ideas to everyone who reads it. It's a little like undressing on Main Street during rush hour.

So please, don't hesitate to let us know what you're thinking of our work. We can grin and bear it. And thanks for writing, Kim.

Photo fee complaint

DEAR EDITOR:

I just learned from our daughter-in-law that she paid you \$3.00 for running our recent 50th anniversary picture and announcement.

This surprised me as we provided the picture and announcement to six other publications and they all ran it. You were the only one that asked for a fee.

Thought you would like to know. Sincerely,
Raymond Cooper

DEAR MR. COOPER:

Due to inflation, increased dark-room costs have become a major expense to the NEWS, and when we sought the advice of veteran newspaperman Arch Baumgartner (publisher of THE PAPER and the MILFORD NEWS-JOURNAL) he advised charging a flat fee to cover the cost of making the screened halftone negatives which are necessary before a photograph can be printed in the newspaper.

Arch reasoned that those who celebrate anniversaries and weddings ordinarily spend huge sums for photography, clothing, and parties, so a \$3.00 charge for screened halftones is not unreasonable. The fee merely covers our costs, and we aren't making a profit on the transaction.

It is unreasonable to expect that the NEWS, one of the nation's smallest newspapers in one of America's smallest communities, can operate in the same manner as larger, richer newspapers having greater resources. The NEWS is not owned by a newspaper chain, nor is the publisher a millionaire.

There is no free lunch. Someone has to pay for screening the halftones. Other newspapers simply hide the charges in higher subscription rates and higher advertising rates.

Isn't it fair that the person who benefits from a service be the one who pays for it?

Sincerely,
Richard J. Lynn

Bell Museum board welcomes new members

William Ettinger, president of Lawrence D. Bell Aircraft Museum Board of Directors, announced four new board members have recently joined the museum board.

Don Smythe, Robert Whetstone and Roger Moriarty of Mentone, and Dale Tucker of Warsaw (formerly of Mentone) were named to the eleven member board of directors. Other members include Ettinger, R. J. Hill, Gerald Romine, Jerry Hudson, Sue Pyle, Lois Miller and Elaine Fugate.

The board wishes to thank those who have donated to the museum making possible the present building which will permanently house

the Bell Collection.

As the fund drive continues, the interior will be completed with displays and furnishings relating to Bell's aviation career. A portion of the display area will be reserved for local items of historical interest.

The board hopes to open the museum during Mentone Days next year. They are trying to furnish the interior of the museum with appropriate decor and would welcome any volunteer assistance. If anyone can assist them in their efforts, contact Bill Ettinger or any board member.

Man injured from power lines

Warsaw resident Ivory W. Snipes, cousin of Mentone resident Max Blackburn, is in the isolated burn center at St. Joseph Hospital in Ft. Wayne after he was electrocuted in an accident Friday, August 1.

Mr. Snipes, 27, of R. 9, Warsaw, was burned throughout his hands and feet when the truck he was driving hit some high power lines at Maple Leaf Farms, County Roads 100 North and 525 West.

Snipes, a driver for Smalley Trucking Company, was delivering feed to the duck farm. He was running the hydraulic controls to swing the auger up to the feed bins when the auger struck the high tension lines, according to county police.

The impact burned all the dual tires on the truck. Atwood and Warsaw Fire Departments were called to the scene to douse the fires.

Mentone Class reunion

The Mentone Class of 1970 will be holding their 10-year class reunion on August 30 at the Warsaw Holiday Inn.

Reservations must be made as soon as possible.

Anyone having information on the whereabouts of Jack Newcomb, Jim Martin, Barbara Shotts

or Teresa Howard are asked to contact Mrs. Cathy Northcutt at R. 5, Box 459A, Warsaw, or call evenings 858-9455.

Also, anyone still wishing to attend who has not received or not returned their reservation form and/or information sheet are asked to contact Cathy at the above address.

PRIME RIB
AND YOUR FAVORITE WINE OR BEER

210 Main Street, North Manchester

Broadcasting statewide on Channel 4, August 14-24, the State Fair Variety Show will interview award-winners from numerous events, highlight the unusual and feature many of the top entertainers who perform for Fair crowds during the 11-day extravaganza. Nick Clooney, editor and anchorman for WKRC in Cincinnati and television game and talk-show host, will once again be Emcee for this talent showcase.

Providing a potpourri of musical Americana, the Buddy Young Show will delight audiences with their Las Vegas-style revue which features song and dance routines performed to the beat of a big-band sound. Those on hand will also have the opportunity to go back in time as they participate in a "twist contest" reminiscent of the early sixties, August 14-16.

Always a favorite with the younger set, "Janie" and "Cowboy Bob" will be broadcasting LIVE from the fair, Mondays through Fridays. On location outside Lincoln Theatre, Janie will conduct on-the-spot interviews with State Fair visitors and participants at 7:30 a.m., except for Thursday and Friday at 8 a.m. Cowboy Bob will entertain indoor guests with special acts and comedy at 3 p.m. Accompanying parents and adult visitors will enjoy locally famous TV personality Jim Gerard's conversations with interesting guests and celebrities in a special "live at the Fair" taping of the "Jim Gerard Show" at 10:30 a.m.

CANTERBURY MANOR

Helen Miller - Owner

Americans are not merely living longer lives - they are living more useful and productive lives. As a result, an increasing number of senior citizens require a professionally operated facility other than a hospital or their own home.

At Canterbury Manor you can be certain your aged loved one will be given the personal care, round-the-clock attention, and the chance to live out their lives with the meaning that they are entitled to.

Located at RR 1, in Rochester,

phone 223-4331, this outstanding facility features such services as professional nursing service, daily chapel program, worthwhile recreational programs, private and semi-private rooms, and comfortable, home-like living conditions.

All the people at Canterbury Manor care about your aged loved one. They're interested in his or her physical or psychological problems and work diligently to make all patients as comfortable and contented as humanly possible.

Please remember, when choosing a nursing home for your loved one, to inspect the facilities, the food program, the costs, and all the many benefits at Canterbury Manor.

Deaf Man Designs Tiny Hearing Aid

OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small device has no dangling cords or separate transmitting units and is worn completely in your ear.

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of one of the smallest all-in-the-ear hearing aid ever made will be given absolutely free to anyone sending in this advertisement while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to Hear, Box 360, Garrett, IN 46738. Paid Ad

Heat wave will increase electric bills

Indiana's summer heat wave that pushed electric use to record levels will also result in bigger than usual electric bills, Public Service Indiana said today.

Air conditioning and fans worked overtime in July and helped set all-time peaks for electricity use by customers of Public Service Indiana. On July 15, the company said energy use hit a new high of 3,896,000 kilowatts and topped a new mark set one week earlier.

Prior to 1980, the summer peak record was 3,598,000 kilowatts, set in August 1979.

"Customers should keep in mind that if their air conditioners and fans were in use during this period, electric bills will probably be higher than usual," said Rochester manager Jim Wilber.

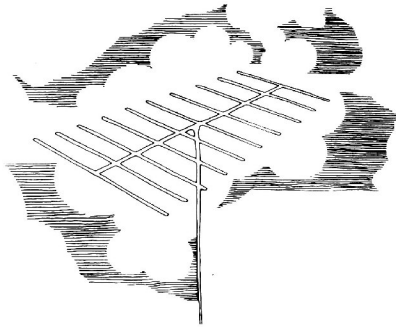

He suggested that customers make sure filters on air conditioners are clean and that motors are kept in good repair to minimize energy use. He cautioned that each degree below the 78-degree level adds some five percent to the cost of cooling.

Any customer who expects to have difficulty paying a higher bill should contact the nearest Public

Service Indiana office. "This also may be the time some customers want to consider converting their electric account to our Equal Payment Plan, which levels out higher bills by spreading them over a year's period," he said.

The electric company said that the 8.5 percent jump in peak energy use over a year ago indicates that new generating capacity will continue to be needed. A new coal-fired generating unit at its Gibson County power plant is scheduled to go into service in 1982. Two nuclear units at Marble Hill now are targeted for service in 1986 or 1987.

before
you clear up
your picture,
be sure you're
in the clear
first.

There's more to getting good TV reception than meets the eye.

For instance, the first thing to remember when putting up or taking down an antenna is to make sure there isn't a power line nearby. The slightest touch of the antenna or its guy wires could cause a fatal shock. So be sure to look carefully in all directions, even if you're removing the antenna, making new connections for cable television or simply adjusting for better reception.

Clearance is the key to safety. Check to see that the antenna is at least twice its length away from a power line. Then, if it should fall, it won't fall onto the power line. This important safety rule applies to CB antennas or any long metal poles too.

Why are we telling you all this? Because our business is making electricity. But our purpose is to help people. So we want to make sure you get a clear picture of the hazards and safety precautions in removing, installing or rewiring an antenna.

Valley Vikings football forecast: "THE GREEN WILL GROW!"

Exclusive NEWS interview with Head Coach Charles Smith

BY RICHARD LYNN

Copyright © 1980. All Rights Reserved

Charles Smith, Head Coach of the Tippecanoe Valley Vikings, has been working hard in preparation for the 1980 football season, following last year's victorious campaign. We questioned him about the team's chances of winning the championship again.

"I've always hated to make rash predictions," he said. "I did say that we would be the eventual state champs, at the very inception of our program. We have accomplished that. However, we are not satisfied with one state championship. We feel that we can be a contender if we can stay healthy, and if we progress as well as we would hope. "Definitely, if we are strong this year, I would tend to feel very sorry for our opponents during the next three seasons.

"Our freshman and sophomore classes are simply awesome and we have a good junior class. If our Seniors give us the leadership we need, we can be a contender this year.

"So," he concluded, "it does look like good football fortunes for the Valley during the next several years."

We asked him if any team had ever won the Class A championship two years in a row.

"Not to my knowledge," he replied. "I know Mishawaka Marion won playoffs - I think something like three years in a row - but they were in different classes each year."

Any football players in the family? "Well, my son will be one of these days, I hope, and hopefully my new boy will be too."

Perhaps there is a fortunate omen in the fact that Coach Smith's wife recently gave birth to a baby boy (a symbolic victory for a man involved in a macho sport). Their third child, Ryan Charles Smith was born August 5th. They have a daughter who will be eleven in mid-August and a son who'll be nine in the middle of September.

"Is it true that you're the highest paid coach in the state?"

"No, it's not true," he said, although that fallacy is rumored around Tippecanoe Valley.

"I would assume," the Coach said, "that if you took a scale or spectrum, I might be somewhere close to the midpoint. I'm nowhere close to the top."

The Vikings will be participating in the pre-season Jamboree in Rochester next Saturday, August 16, at 7:30 p.m.

All football games of the new season will be played on Fridays at 7:30 p.m. The Vikings will play on home ground except for games against Rochester (August 29), Southwood (September 19), and La Ville (October 17).

The Vikes meet a new opponent, Westfield High School, in the first game of the season, August 22nd. Westfield High School is located on U.S. 31, a few miles north of Indianapolis.

October 3, the Vikings meet another first-time adversary, Culver Military Academy.

The first games of district playoffs will begin October 31. The Vikings are in district ten, hoping to extend their season as they have the last three years.

Viking achievements include last year's score of 13-0, as Class A State Champs.

The Junior Varsity's record last year was 8-0. They outscored their opponents by a margin of 187 to 30 points.

Last year, the Freshman record was 8-0. Their opponents scored only 34 points, while the Vikings scored 327 points.

The school's record was perfect throughout the entire Varsity, Junior Varsity and Freshman program last year.

Coach Smith is proud of his team. He kept bombarding us with impressive statistics on everything you always wanted to know about the Valley Vikings.

"Our overall school record now dates (for Varsity football) forty-seven wins, six losses. We currently have the longest winning streak in the state of regular season wins: THIRTY-FIVE regular season CONSECUTIVE WINS!

"Our home field record is twenty-eight and zero. In eight playoff games, we won six. We lost two playoff games, one in the state championship of 1977 and one in the final four in 1978.

"Our coaching staff is intact from last year. Coach Phil See is our Special Teams Coordinator. He is also our Head Offensive Line Coach and works specifically with our inside linebackers, defensive tackles and on offense, the interior five.

"Coach Jon Parker is our Offensive Coordinator, responsible for the offense (moving the ball up

and down the field and scoring points). He is specifically responsible for our offensive backfield and our defensive secondary.

"Coach Jerry Eaton is the member of our staff who has been with us since the start of the program. He is our Defensive Coordinator and our defense over the years has given up only an average of approximately seven points per game. Last year we gave up only about five points per game. Coach Eaton is also our Offensive Receivers Coach, and is responsible defensively for our ends and outside linebackers.

"Coach Gary Lafferty is our 'freebie', you might say, in that he is the volunteer on our football staff. He is not part of the Tippecanoe Valley School Corporation teachers, but he has been helping us for the last three years in the football program. This year he will be working with the Varsity and will be our Head Receivers Coach.

"Coach Rudy Glingie is our Assistant Line Coach, assisting Coach See with his particular duties. Glingie is also our Head Freshman Football Coach.

"Coach Doug Makula is our Assistant Backfield Coach, assisting Coach Parker, and he also assists Coach Glingie with the Freshman team.

"The Junior Varsity is coached by Coach See, Coach Parker, Coach Eaton and Coach Lafferty. The entire staff attempts to coach our Varsity football team.

"We are a member of the Three Rivers Conference, and we are looking to defend our conference championship reign of the past three years; we are extending this to the fourth year."

The Vikings lost twelve players who graduated last year. Tim Alspaugh won a football scholarship to Purdue. He was last season's starting tailback and linebacker. His honors include First Team All-American, First Team All-State in all three polls (UPI, AP and the Bloomington Herald-Telephone). In addition, he was selected to play in this year's North-South All-Star Game, where he was selected by his teammates to serve as one of the captains in the game, and was selected as the most valuable back for the North-All-Star team, in a game which they won.

"Greg Utter will be leaving us to go to Grand Valley where he is on a football grant and aid. He was our fullback and our linebacker. He also won eight honors in the Associated Press and the Bloomington Herald-Telephone polls; one as a fullback, one as a linebacker. Both were first team. He is one of our co-captains and simply a super-quality football player," said Coach Smith.

Head Coach Charles Smith stands beside the trophies won by the Tippecanoe Valley Vikings, who were state champions in Class A last year.

"David Rhoades will be going to Clemson University as a walk-on candidate at quarterback. He was our starting quarterback during the last two seasons, in which he passed for over one thousand yards each season. As a defensive player, he was our starting safety. He also was named by the Bloomington Herald-Telephone as First Team All State at quarterback for the past two seasons.

"Bill Jamison has been a three year starter for the football team, starting in his sophomore year. He started at our powerback or flanker position as a defensive halfback position. He won numerous honors and was named to our First Team Three Rivers Conference Team.

"Herb King will be going to Bluffton College where he will be receiving a grant and aid. He was our starting offensive center and one of our linebackers. He received All-State, First Team in the

Bloomington Herald-Telephone poll at the offensive center position.

"Mark Shireman will go to Purdue University, furthering his education in Engineering. Although he will not be taking part in football, he has been a starting guard for us and a linebacker during both his junior and senior years. He also served along with Greg Utter, Tim Alspaugh and David Rhoades as one of our four co-captains. Mark was named First Team All-State in both the AP and Bloomington Herald-Telephone polls, and probably his top honor received was as recipient, in the State Championship game, of the coveted Phil Eskew Mental Attitude Award.

"Gary McKee, one of the smaller members of our football team last year, weighed only approximately 150 pounds. He will be going to college. He was a starting guard

"The Green will grow!"

Continued from page 1

and also a starting linebacker for us last year. He was a super-player who really made himself into a very quality athlete through a lot of hard work and dedication.

"Greg Cumberland, who we as the coaching staff may credit as the best tackle to have played for us at Tippecanoe Valley up to this particular point, was a two-way starter as offensive tackle and defensive tackle. He will be getting married in a few months and will continue to farm with his father, as they have a farming operation. He was a First Team All-Conference player and simply a super-athlete.

"Joe Harter is going to Purdue University, and he is also studying Engineering. He won First Team All-Conference honors as a receiver where he played for us as tight end. He was also a defensive half-back, where he started for the past two seasons. At Purdue, he will be a walk-on for their track team; continuing his skills in track and field, with the pole vault being his specialty.

"David Newlin is another outstanding football player who played both ways at tight end and defensive end. He was a two-way starter as a junior and also a two-way starter last year in his senior year. He missed much of the past season honors due to a hand injury which sidelined him for approximately five games during the season, but nonetheless he is one of the finest football players in the state.

"Steve Wagoner was a defensive tackle for us last year. He started throughout the entire season as a defensive tackle. He also saw some time as one of our tight ends, offensively.

"Finally, the newcomer to our team last year was big old Jeff Ferguson. Although he was not a starter, he was the biggest boy on our football team and saw a considerable amount of time on our special teams and did play some defensive tackle.

"That accounts for the twelve seniors on our football team last year.

"The brighter side is not what we have lost but what we have coming back for the football team this year. Of our top players returning, one who would have to be listed is Brent Arven who weighs in at somewhere between 235-240 pounds and measures 6'3" in stature. He is a three-year starter, as he started his sophomore and junior year and of course will be starting in his senior year.

"Brent has been elected as one of our captains for 1980. He was Second Team All-State last year as a junior. He was First Team All-Conference as both a sophomore and junior. He has to be our TOP football player of the team.

"He is a defensive end and an offensive tackle and I think has the possibility of being one of the finest players that Tippecanoe Valley High School or the state of Indiana has ever had. Brent is a super blocker, a super hitter and if he continues to dedicate himself to the game of football, he could be a real terror both defensively and open up some big holes for us as an offensive tackle.

"Next in line we have another three year starter in Gilbert Martens, who lettered as only a freshman in the football team, playing some defensive linebacker and some offensive fullback. He is 5'10", 190 pounds and started for us in the 1979 campaign as defensive tackle throughout the entire season. This year we will double him as not only a defensive tackle but we'll utilize him in the offensive backfield at the fullback spot. Gilbert, as I mentioned, will be a three

year starter in this, his junior year.

"Next is Dan Roberts who lettered last year as a junior. He played for us at offensive tackle and is the second of our team captains for the 1980 season. He is approximately six feet tall, weighs 181 pounds and will also be doubling up to see some time as a defensive and offensive tackle. He has dedicated himself to the football program and worked extremely hard over the winter months lifting weights and in the spring, he has been lifting weights and running track.

"Another fine young man, although not extremely big, is Jerry Parker, who lettered last season as an offensive guard. After the first couple of games, he more or less rotated evenly with Gary McKee and Mark Shireman at the offensive guard spot. He was elected as one of our four co-captains for the 1980 season. He will be playing again this year as the offensive guard as well as doubling up and playing some inside linebacker for the defensive unit. Jerry is approximately 5'10" to 5'11" and weighs 160 pounds.

"The brighter side is not what we have lost but what we have coming back for this year."

"David Leckrone, as well as Dan Roberts, is another young man who has really dedicated himself to football. He has worked extremely hard in the off season. All winter, fall, spring and summer long he has lifted weights. Although he weighs in at only 150 pounds, 5'8", he is EXTREMELY strong. He is one of the FASTEST players on our football team and is the fourth of our co-captains for the 1980 season.

"Leckrone has to be listed as our probable starter at quarterback. He was last year named to our second team All-Conference team as a defensive end. However this year, due to his quarterback play and the importance of that position, we will probably move him to our defensive secondary.

"Another senior is Jerry Bickel, who lettered last year for us as a relief offensive end and defensive end. In his relief, he saw about three or four games where he was a starter either offensively or defensively. We will be moving Jerry from the defensive end position to our defensive safety, and we will be keeping him at the same spot offensively as a tight end. He is approximately 6'2", 160 pounds.

"The next letter winner is another senior, Marlin Meredith. He has been moved from the offensive backfield, where he was a backup to Bill Jamison last year at the power back, and has been moved to a tight end position. He will be our top defensive candidate back in our secondary. He was the number four man in the defensive secondary last year, with the top three all being lost by graduation.

"Jimmie Jones, a junior who was a letter winner last year, is one of our losses. He will be out for the entire season, not due to graduation, but from an injury. Last year in the spring, after one of our track practices, he was injured in a freak accident on the tennis courts down at Akron. He hit a low spot in one of the courts, hit some sand, and severely injured his knee. Hopefully, he will be returning for the 1981 campaign.

"Doug Dickerhoff, a junior, was a varsity letter winner, where he saw most of his time on special

teams. He is 150 pounds and will be playing as one of our power backs in the offensive backfield, as well as an inside line backer.

"The final letter winner, back from last year, is Mark Yates, a Senior. He is approximately 195 pounds and six foot tall. He's one of our top candidates as a punter, as an outside linebacker and also a possible fullback."

There are three newcomers to the Viking lineup, Keith Paige, Dave Breen and Ray Davis.

"Keith Paige, a senior, transferred to Valley from Avon High School at Indianapolis, where he kicked 24 out of 26 extra points last year. He is an excellent offensive kicker and was one of their starters as defensive tackle for the last seven games of the season. We are expecting big things out of him as either a defensive lineman, where we are planning to use him as defensive end, or in the offensive line where he has been working at the offensive guard spot.

"Keith appears to be very coachable and is an extremely hard working young man, so we feel

that he can add a lot to our football team. His presence is much appreciated, as he is one of only nine seniors on our football club this year. Although we have a super turnout of seventy-nine young men, only nine are seniors.

"Another young man, Dave Breen, moved here early in the summer. He is a transfer from Fort Wayne Northside, and he has played some offensive line at guard, center and tackle. We are looking at him for our offensive center position. Defensively, we will probably play him at either tackle or end.

"The newest-come to our squadron is Ray Davis, from Warsaw High School where he played last year in the junior varsity as a sophomore. He has excellent hands and comes to us as a wide receiver. We will be looking at him in both our defensive secondary and tight end position.

"Other people coming back and looking good at this point include Scott Bibler, a junior and an outstanding athlete whom we hope will become an outstanding football player. He transferred here last year from Kewanna High School. Two days before the start of football practice, he broke his arm in a motorcycle accident. He missed over half of the football season, got the cast off and practiced for approximately two weeks. He played in one or two ball games and then suffered from mononucleosis, so he has a very limited amount of playing time. He's our possible starting tailback for this

"We currently have the longest winning streak in the state of regular season wins..."

season with little experience and is a very probable starter as an outside linebacker. We hope that Scott can come on at leaps and bounds as a football player.

"Todd Peterson, a junior weighing 165 pounds, is one of our top candidates (along with Dave Breen and Craig Kantner) for the center position. He is also in the running as an inside linebacker with other top candidates such as Jerry Parker, Doug Dickerhoff and Todd Utter.

"Bill Hawkins has extremely good power and strength. He is one of the strongest football players on the team, approximately 5'9", 200 pounds, and is built like a little fireplug with excellent strength in the legs and upper body.

"We have an extremely fine sophomore class, led by Todd Utter, one of the top candidates for an offensive guard spot as well as an inside linebacker. He is the brother of two All-Staters, who graduated from the '78 and '79 football teams. He has some good football heritage, so we feel, as a sophomore, he has an excellent chance. He is the biggest of the three Utter boys, weighing 181 pounds, six feet tall.

"Craig Kantner is probably the strongest sophomore on the football team. He benches in excess of 235 pounds in the free weights and the bench press; has good height, excellent strength, and could possibly win the starting center spot on the 1980 team.

"Andy Alspaugh, is a brother of two outstanding athletes: Eric Alspaugh, who went to college on a basketball scholarship, and Tim Alspaugh, who is the state's all-time leading scorer. Last year he scored 326 points; 250 points in a ten game regular season (which were both records). Andy has a good heritage of football in his family and is one of our candidates as both an offensive and defensive end position.

"Mike Shoemaker, one of the fastest football players on our team, is a candidate for a defensive secondary position as well as a running back. Although small at less than 145 pounds, he is a good hitter and could be in the picture for the 1980 football team.

"Sophomore Pat Lafferty is a candidate for offensive end position and an outside linebacker position. He reported to us in camp with a badly smashed and badly cut finger, but he should be ready for action as we start the season.

"Shawn Stokes, sophomore candidate for offensive tackle and defensive end position, also has good size, is six foot tall and weighs approximately 175 pounds.

"Ray Fenix, a sophomore, is another possible candidate in the defensive secondary.

"Jeff Webb, one of the smallest members of the football team at only 126 pounds is one of the most skilled athletes we have in the entire school. I feel that before it's all said and done, he could be an All-Stater and one of the finest football players and one of the finest all-around athletes that Tippecanoe Valley has ever had. He will also double as a secondary player. The amount of playing

time that he'll see this year is simply hard to predict, due to his size.

"Another small young man is James Holloway. He weighs 130 pounds and has got to be considered as one of our top two candidates (along with Scott Bibler) to be starting at the tailback spot. Last year, as a freshman, he had two games in which he rushed over 200 yards. During the freshman season, he rushed more than 1000 yards.

"Other sophomores are: Brian Anglin, offensive and defensive end; and Jim Shanes, one of the bigger and stronger men is a full-back and outside linebacker. They were both outstanding players for last year's freshman team. They've matured as athletes, and we think they can add a lot to the 1980 football team."

After naming the star players who have returned to the Viking lineup for the beginning of the 1980 football season, Coach Smith said, "Hopefully we will have a few dark horses who were not counted on up to this particular point.

"One that I think of right off the top of the hat is Shaun Miller. He has been a quarterback and we are moving him this year to the positions of offensive and defensive end. He's a tough competitor and may possibly be able to break the lineup. I'm sure there may be one or two other players I've not mentioned who have an excellent chance of seeing some playing time."

Coach Smith believes last year's victorious campaign has given the Vikings a tremendous psychological advantage. Confidence comes as a by-product of successful achievement. The Vikings can win, because they know it's not an impossible dream.

Employment survey to be taken

Local representatives of the Bureau of the Census will conduct a survey of employment in Fulton County during the work week of August 18-23, 1980.

The survey is conducted for the U.S. Department of Labor in a scientifically designed sample of approximately 84,000 households throughout the United States. Employment and unemployment statistics based on results of this survey are used to provide a continuing measure of the economic

health of the Nation.

For example, in June the survey indicated that of the 104.5 million men and women in the civilian labor force, 96.5 million were employed. The Nation's unemployment rate was 7.7 percent, about the same as the 7.8 percent in May, but substantially higher than the 7.0 percent recorded in April.

Information supplied by individuals participating in the survey is kept strictly confidential by law and the results are used only to compile statistical totals.

Service notes

Steven L. Patrick

Pvt. Steven L. Patrick, son of Mr. and Mrs. Jack Patrick, R. 2, Claypool, recently completed One Station Unit Training (OSUT) at Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. This qualifies the soldier as a light-weapons infantryman and as an indirect fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

Hunter

Pvt. Jerry D. Hunter, son of Mr. and Mrs. Russell D. Hunter, 1110 Monroe St., Rochester, is attending basic training at Fort Leonard Wood, Mo.

During the training, students receive instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

A HIGHER EDUCATION

In comparing my first two years of college, I'd have to say that the second was, by far, the greater educational experience. I made many fascinating discoveries when I was a sophomore, and I wouldn't DREAM of being so selfish as to keep all this vital information to myself.

Thanks to Linn, a roommate who made the "Odd Couple's" Oscar look like "Mr. Clean," I learned some basic collegiate rules of neatness: No. 1) Popcorn poppers WILL not, under any circumstances, wash themselves, despite desperate prayers to that effect. And in conjunction with this, No. 2) if the dirty appliance is left on the window ledge for three months, it will corrode beyond recognition and thus become a terrific biology project.

Unknown to her, Linn taught me that Pepsi petrifies after six weeks of constant exposure to dorm-room air, and it takes less than ten days for green slime to start crawling on yogurt - covered spoons.

With the help of suitcases Linn, Jenna and Emily, I learned the ancient art of toilet-paper sculpture. Simply soak balls of tissue in water and throw them against an unpostered wall until they stick. The artwork will cling for about an hour, after which it will fall onto your stereo, harden immediately, and become a permanent fixture. The girls also coaxed me into discovering that it is far more beneficial to my health if I put my quarters in a piggy-bank rather than a shot glass, and that there are many more interesting things to do with toothpaste than merely cleaning your teeth.

After a year and a half of college research, I found that the mystery ingredient in all dorm cafeteria casseroles is top-secret info and is guarded by two hairy football players who under study the garbage disposal. It will be disclosed to you only after your graduation (if you survive that long), and it is known to be the leading cause of student migration from dormitories to off-campus (thus off-board) apartments.

As a sophomore, I learned (much to my disappointment) that oftentimes a handshake IS, indeed, better than a Kiss. Contrary to what Mother used to say, this expression of affection DOES NOT come naturally to all people. I was run over by bulldozers, slapped with dead fish, and attacked by serpents - all under the pretense that I was being kissed good-night. Oh, what joy it would be to find a man without illegal habits, without a girlfriend back home, and without a paraplegic mouth!

My suitmates taught me the true meaning of the saying "It's the thought that counts" when they gave me a toilet plunger, a box of cigars, and a tube of some unprintable substance for my 20th birthday (just WHAT they were thinking of me still isn't clear, but at least they thought of me!). The plunger did come in handy, however, when the upstairs neighbors had played their stereo at 60 decibels above pain all evening. Waking up to the obnoxious sound of having the floor sucked out from under you is not a nice experience - so they tell me.

In my sophomore year, I learned that setting the dorm dryer on "gentle" assures that only half of my underwear will melt, and that the number of zits making their debut on my face in a given week increases proportionally with the number of men I want to impress on that same week-end.

But the most useful thing I learned last year was how to play "Dating Roulette." The rules are very simple - merely juggle as many men at one time as possible without letting any of them know what's going on. Each time one finds out about the others, you're given a black mark. If you finish the year with fewer than five marks, you get to go home for the summer and relax. If, however, you lose your sanity at any point in the game, you must forfeit all dates and take a painfully thought-provoking tour through the "Virgin Vault" (no visitation area in an all girls dorm-very depressing).

Now, it's next to impossible to play this game in high school. You see, in a small community, if you're seen with the same guy twice, you automatically develop leprosy, and no other fellas will even get near you - let alone ask you out. If you go out with this guy for over a month, people start hearing wedding bells, and, if you should happen to stop seeing him, there's a custody battle for the tapes and albums.

"If you could go back to the 'good old days,' what year would you pick and why?"

Pauline Shoemaker, Akron: Probably to my graduation year. Really, we don't appreciate our school years, but they're important. Of course weddings are important and when the children come, too."

Esther Sarber, Mentone: "I know we used to have a lot of fun when we were kids, but I wouldn't know what year to say."

Olive Tucker, Mentone: "I know. I'd go back to 1930, the year we were married. We'll be celebrating our fiftieth anniversary this October. It worked out alright!"

Fern Harter, Akron: "I imagine it would be along the late 20's. I wasn't married then and was still working in Rochester in an office. It just seems that was my happiest time."

Dana Starr, Mentone: "I'd have to go back to 1932. We were in the depression, but I didn't have polio then and was able to use both my legs. After that I got polio. Of course, I got married that year, too, but because of my legs I'd say 1932 was my best year."

DIANA

Walter Zimmerman, Akron: "I've got so many years to figure back. I'm 88 years old, you know. The two most important things that happened in my life were the automobile and REMC (electricity). These things did more for the most people. I'm sure not satisfied with the way things are now; you don't know where you're at."

Fayetteville, N.C., was the first city in America to be named for General LaFayette, who visited the town in 1825.

New books at Carnegie Library

New books received at the Akron Carnegie Public Library include the following:

AGAIN CALLS THE OWL by Margaret Craven. The lyrical, heart-warming memoirs of the writer whose first novel, **I HEARD THE OWL CALL MY NAME**, has become a beloved favorite of millions of readers around the world.

ENCOUNTER WITH TERMINAL ILLNESS by Ruth Lewshen Koppe, M.D. This is a book that will be of immense help to the terminal patient, to loved ones of the terminally ill, to doctors and nurses, to pastors and chaplains, and for use in counseling classes.

THE CHRIST COMMISSION by Og Mandino. This is a fictional inquiry by a commission of three Roman tribunes, in A.D. 36, into the truth concerning Christ's resurrection. It has a dramatic and wondrous conclusion that will touch the hearts of believers and nonbelievers alike.

WHAT YOU SHOULD KNOW ABOUT MEDICAL LAB TESTS by Bernard Kliman M.D. and Raymond Vermette, M.S. This is a complete guide to understanding all those tests your doctor ordered and what the results mean.

DONAHUE, MY OWN STORY by Phil Donahue. **READER'S DIGEST STRANGE STORIES, AMAZING FACTS.** Stories that are bizarre, unusual, odd, astonishing and often incredible.

SPLENDOR IN EXILE by Charles Fenyesi. Here are the ex-majesties of Europe, kings and princes who, in a century wracked by war and totalitarian rule, live a life of kingship without a court. What scenarios for restoration do they dream about? The constant source of gossip columns and picture magazines, this royal elite rarely grant writers an audience. Now, for the first time, a writer has interviewed all the claimants to European thrones.

LADY OF THE TBOLI by Doris Fell. In 1953 Vivian Forsberg and Alice Lindquist, Wycliffe Bible Translators in the Philippines, struck out across a roadless countryside, thick with cogon grass, to reach the Tboli mountain people with God's Good News. This is the story of this mission.

On the big red-brick campus, however, where there are 30,000 people, as many as five or six men can be handled safely at the same time, - unless, of course, you're like me. So, I was a rookie, - what can I say? How was I to know the dangers involved in seeing three guys who live in the same dorm and two in the same apartment complex? When I said they could be managed at the same time, I didn't mean on the SAME NIGHT! Seriously, I didn't make plans to meet three guys at the same dance, THEY did! And I sure hope they had a good time, cause I went to a movie with my roommate!

Imagine, - I gained all this important knowledge when I was just a sophomore. Gosh, I can't wait till my junior year!

It Happened In Mentone

Taken from the August 5, 1953 issue of *The Northern Indiana Co-Op News*:

Tippecanoe Valley School Corporation Registration News

TVHS

Pre-Registration is scheduled for TVHS on the following dates:

August 13, 1980 - Seniors, 9 a.m. - 11 a.m.; Juniors - 1 - 3 p.m.
August 14, 1980 - Sophomores, 9 a.m. - 11 a.m.; Freshmen, 1 - 3 p.m.

August 19, 1980 - Make-up registration, 6:30 - 8:30 p.m.

At pre-registration students will pay their fee statements and obtain their schedules, locker assignments and combinations.

Mentone

Registration at Mentone school for the 1980-81 school year will be held Monday, August 18 through Wednesday, August 20. On Monday and Wednesday, hours of registration will be 9:00 a.m. to 3:00 p.m., and on Tuesday hours will be 1:00 p.m. to 8:00 p.m. Students will register at the office on the top floor of the building. Textbook rental fees (\$30 per student, grades K-8) should be paid at time of registration. Students will be able to see their classrooms and learn their teachers' names. Junior high students can pick up their schedules and locker assignments.

The first day of school is Friday, August 22 and will be a full day. Classes start at 8:30 a.m. and students will be released at 3:25 p.m. Morning kindergarten students should be picked up at 11:30 a.m. and the afternoon class begins at 12:30 p.m. Lunch will be served on Friday at a cost of 65 cents. Weekly lunch price will be \$3.25, including 1/4 pint of milk per day. Extra milk is eight cents a carton. Children in grades 1-5 will pay their lunch money to their teachers, while junior high students will pay for their lunches on a daily basis.

All junior high students (grades 7-8) who intend to participate in sports must have a physical on file. Dr. Wymond Wilson will give free physicals in the coaches' office; boy's physicals will be Tuesday, August 19 at 5:30 p.m. and girl's physicals will be Tuesday, September 2 at 5:30 p.m.

Burket

The first day of school for Burket Elementary students in grades K-5 will be August 22. The students in grades 1 to 5 will attend from 8:25 a.m. to 3:15 p.m. The kindergarten session will be from 8:25 a.m. to 11:20 a.m.

Parents may pay book rental fees during the week of August 18 - 22 from 1:00 P.M. to 3:30 P.M. New students may also enroll during the week.

The school cafeteria will begin serving lunches on August 22. The charge will be 65 cents per day or \$3.25 per week. Afternoon milk will cost 40 cents per week. The charge for the first semester for milk for the kindergarten students will be \$7.00.

Free lunch and milk will be made available to those students who are unable to pay. Reduced priced lunches are available to those unable to pay the full price. Free and reduced price lunch applications may be obtained from the principal's office.

Textbook rental fees will be \$20.00 for kindergarten and \$30.00 for grades 1 through 5.

Akron

Students may register for school at Akron in the junior high library on August 15, 18 or 20 between the hours of 9:00 a.m. - 3:00 p.m. or on Tuesday, August 19 between 1:00 - 8:00 p.m. Kindergarten and first grade students who have not

attended school previously need to bring their birth certificate to register. Book rental fees (\$30, grades K-8) should be paid when registering. Homeroom assignments will also be made at that time.

Painting and other general work has been done this summer to improve the inside appearance of the junior high. Parents are welcome to walk around the building and see the changes.

Lunches at Akron will be 65 cents a day, \$3.25 a week. Students in grades 1-6 may pay their teachers at the beginning of the week for the full week, while students in grades 7-8 will pay daily. Free or reduced price lunches are available to those students who are unable to pay full cost. Students are asked not to charge lunches unless absolutely necessary, as it causes extra bookkeeping and an accumulation of charges becomes difficult to pay.

School begins on Friday, August 22 at 8:25 a.m. Classes will be released at 3:30. Morning kindergarten students should be picked up at 11:15, and the afternoon class begins at 12:45.

Dr. Herrick will give free physicals to students in grades 6-7-8 who intend to participate in sports. Those wishing to take advantage of the opportunity should call the school

at 893-4545 between 9:00 - 11:00 a.m. on Wednesday, August 20 for further details. Any student not taking advantage of the free physicals will be responsible for obtaining one from his/her doctor before being allowed to participate in practice or sports.

School bus driver training course

A Pre-Service School Bus Driver Safety Education Training Course will be conducted at Tippecanoe Valley High School. Tentative plans are for the classes to begin August 26 at 7 p.m. and to meet on Tuesday and Thursday evenings through September 11. These meetings are required for any person desiring to obtain their state certification as a school bus driver. If you are interested in the course, please call the high school office at 893-7221 or 353-7888.

School immunization requirements

Last spring the TVSC sent letters home with students requiring they bring a statement this fall saying whether they had ever been tested for sickle cell anemia or lead poisoning. It has caused some confusion among parents, so the NEWS checked into the matter.

The new state requirement, which went into effect on August 1 this year, does not say students need to be checked for sickle cell anemia (which is a disease that strikes blacks) or lead poisoning; rather, the schools need a statement on file that tells if a student has been checked. We interpret this to mean the statement doesn't need to come from a physician, but can be written by a parent.

Indiana law (Indiana Code 20-8.1-7-10) provides that no student shall be permitted to attend school for more than 30 days beyond the date of enrollment without either:

- 1) a current written immunization record on file with the school, or
- 2) providing a current written immunization record to the school, or
- 3) providing a statement from a physician that the required immunizations have been delayed by extreme circumstances and that a time schedule for immunization has been established, or
- 4) a written statement of health, religious or other objection delivered to the Superintendent.

Required for children entering at Grade 1 or below are:

- Four doses of diphtheria-tetanus-pertussis or tetanus-diphtheria vaccine (DTP-Td);
- Four doses of trivalent oral polio vaccine (TOPV);
- One dose of measles (rubeola) vaccine; and
- One dose of rubella (German measles) vaccine.

The latter two vaccines may be administered separately or in the form of a measles-rubella or measles-mumps-rubella combination vaccine.

Required for children entering at Grade 1 or above are:

- Three doses of diphtheria-tetanus-pertussis or tetanus-diphtheria vaccine (DTP-Tc);
- Three doses of trivalent oral polio vaccine (TOPV);
- One dose of measles (rubeola) vaccine; and
- One dose of rubella (German measles) vaccine. (Not required for females past puberty age).

A record of T.B. testing is also required. Measle immunizations given before 12 months of age or before the year 1968 (unless known to be a live vaccine) should be repeated.

Oral polio immunization is required. Polio shots are not accepted. Parents are urged to bring their child's immunizations up to required standards before the start of school.

Teresa Wallace still at ISU

Teresa Wallace, Akron, is among the outstanding high school students attending the July 27 - Aug. 8 session of Indiana State University's Summer Honors program. Teresa is studying radio-TV-film during this course after completing a theatre course at ISU on July 25.

Studying with the ISU faculty, the young people explore their academic interests in varying activities in one of six seminars. These are archeology, electronics and computer technology, French, life

sciences, radio-TV-film and this summer's third session of math and computer sciences, added by ISU officials to meet a sharp increase in student requests for it.

Presented in three separate two-week sessions, the ISU Summer Honors program consists of 15 different courses. It provides an opportunity for high achievers who have just completed their junior year in high school to sample college life. They live in university residence halls and enjoy a full recreational schedule.

Free lunch program

Tippecanoe Valley School Corp. today announced its policy for determining eligibility of children who may receive free and reduced price meals and free milk served

under the National School Lunch, and Special Milk Programs. Local school officials have adopted the following family size and income criteria for determining

FAMILY INCOME SCALE For Determining Eligibility for Free Meals and Free Milk and for Reduced Price Meals

Family (Household) Size	A. For Free Meals and Free Milk Must be at or below figure listed			B. For Reduced Price Meals must be at or between figures listed		
	Annual	Monthly	Weekly	Annual	Monthly	Weekly
1	\$ 5,230	\$ 436	\$ 101	\$ 8,150	\$ 679	\$ 157
2	6,900	575	133	10,760	897	207
3	8,580	715	165	13,380	1,115	257
4	10,250	854	197	15,990	1,333	308
5	11,930	994	229	18,600	1,550	358
6	13,600	1,133	262	21,220	1,768	408
7	15,280	1,273	294	23,830	1,986	458
8	16,950	1,413	326	26,440	2,203	508
Each Additional Family Member	+1,680	+140	+32	+2,610	+218	+50

Children from families whose income is at or below the levels shown are eligible for (free or reduced price meals or free milk). In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs higher than 30 percent of income, special education expenses due to the mental or physical condition of a child, and isaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available in the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year. A simple statement

of income and family size is required, plus a signed certification by the parent or guardian that the information provided is correct.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, they should contact the school.

Under the provisions of the policy, each school principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may wish to discuss the decision with the determining official on an informal basis.

If he wishes to make a formal appeal, he may make a request either orally or in writing to Mr. Baxter W. Paige, Supt. Box 338, Mentone, IN. 353-7741 for a hearing to ap-

peal the decision. The policy contains an outline of the hearing procedure.

If a family member becomes unemployed or if family size or income changes, the family should contact the school to file a new application. Such changes may make the children of the family eligible for reduced price meals, or for additional benefits such as free meals and milk if the family income falls at or below the levels shown above.

In the operation of school nutrition programs, no child will be discriminated against because of race, color, national origin, religion, sex, handicap or age.

Each school and the office of the Superintendent has a copy of the complete policy, which may be reviewed by any interested party.

Girl's sports announcements

Physicals

Physicals for girls participating in fall sports will be given Friday, August 15 at 5:15 in the girls lockerroom at TVHS.

All girls must have physical forms on file before participating in practices or sports. If unable to attend at this time, you will be responsible for obtaining your own physical.

Volleyball

Next Monday Coach Kathy Ritter invites any girls grades 9 thru 12, who is interested in playing volleyball for TVHS, to report to the first practice and tryouts on August 18 at 9:00 a.m. in the gym.

Kappa Delta Phi

At the August meeting of Kappa Delta sorority, plans were concluded for the annual noon picnic to be held for patients of the Logansport State Hospital in the Akron Park.

This is a special outing for the special ladies and gentlemen because they are allowed to leave their normal surroundings. The ride to Akron is such an event they look forward to returning each summer.

Anita Stephen, delegate to the national convention in Washington, D.C. in June, reported that the next convention will be held in Asheville, N.C. in June, 1981, at the Great Smoky Hilton with a Florida chapter as the hostess.

In September the members and guests will be attending the in-concert performance at the Wagon Wheel Playhouse in Warsaw.

The club had the honor of winning second place and fifty dollars for their float in the 4th of July parade.

Mrs. Tom Gast and Mrs. Al Jennings entertained twelve members and guests at a recent party.

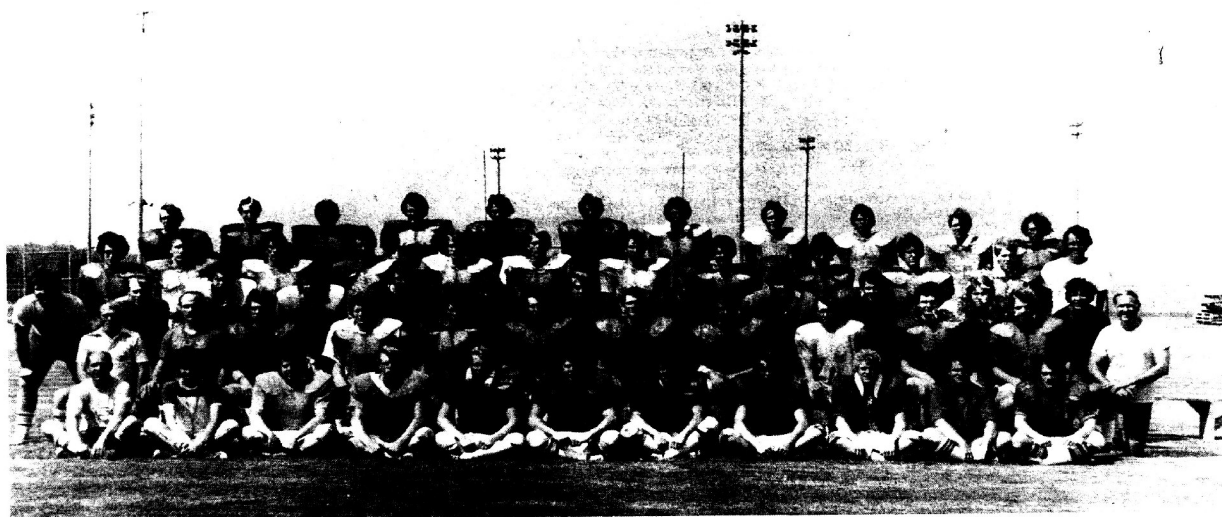

The evening was spent playing white elephant bridge with prizes going to Charlotte Trammel, Pat Deardorff, Anita Stephen and Jenny Moore.

Mrs. Mike Cox attended the meeting as a guest.

Jazz Up Chicken . . .

With Creole-Prune Personality

Southern Creole cooking teams with one of California's finest — the prune — for a savory, economical main meal with chicken.

Capture the spicy flavor and flair of the French Quarter with your own Creole cookery. In this classic Louisiana chicken casserole, plump tender prunes from California add special character.

Moist chewy prunes are more than a delicious snack; in cooking and baking they complement a host of other foods. Their wonderful, mellow flavor lends a subtle sweetness as well as good nutrition to foods. A good source of vitamin A, B6, iron and hard to get minerals, prunes make sense for snacking or for cooking. They're a convenient ready to eat, ready to use menu enhancer any time of the day.

Chicken Creole with Prunes is a colorful, easily prepared main dish treat full of Mardi Gras magic.

CHICKEN CREOLE WITH PRUNES

- | | |
|---|--|
| 1 cup (about 6 ounces) halved pitted prunes | 1 can (15 ounces) whole peeled tomatoes, broken up |
| 1 cup hot chicken bouillon | 1 teaspoon salt |
| 2 tablespoons vegetable oil | 1/2 teaspoon basil |
| 3 pounds broiler-fryer chicken pieces | 1/4 teaspoon each pepper and thyme |
| 1 1/2 cups sliced onions | 2 tablespoons chopped parsley |
| 1 cup 1-inch green pepper squares | |
| 1 large clove garlic, minced | |

In small bowl combine prunes and bouillon; set aside. Heat oil in large skillet over medium heat; add chicken and brown 5 minutes on each side. Transfer chicken to shallow baking dish. Drain all but 2 tablespoons fat from skillet. Add onions, green pepper and garlic; cook and stir 5 minutes. Stir in tomatoes, salt, basil, pepper and thyme. Simmer 10 minutes. Pour tomato mixture over chicken; bake in 375 degree oven 25 minutes. Pour prune mixture evenly over chicken. Continue to bake 15 minutes. Serve with steamed rice. Makes 4 to 6 servings.

The sands of Mt. Sinai are said to be "singing sands" because they can make what seems a harp-like sound when masses of them tumble downhill.

SPHAGNUM PEAT MOSS IS KEY TO HEALTHY PLANTINGS

Here are some tips to help you provide the best possible growing conditions for a new shrub or tree.

1. Dig a hole about twice the diameter of the root ball, placing the soil to one side (preferably on a large tarp to protect the lawn).

2. Fill the hole with water and allow to drain.

3. Mix an equal part of moistened Canadian sphagnum peat moss with the soil which has been removed from the hole. The sphagnum peat moss conditions the soil assuring that water and nutrients stay at root level where they are needed.

4. Fill the hole halfway with the peat moss/soil mixture and water thoroughly.

5. Set the tree or shrub in the hole, making sure the original soil line matches the soil level of the new location.

6. Loosen the burlap around the tree but do not remove it.

7. Fill in with the remaining soil and sphagnum peat moss mixture. Tamp firmly with foot or the back

of a hoe handle and water thoroughly. Leave a slight depression to collect rainfall.

8. Apply a two-to-three inch mulch of plain moistened sphagnum peat moss around the tree and keep moist.

Sphagnum peat moss is an excellent mulch since it retains moisture, keeps weeds in check and acts as an insulator for plant roots.

Note: If you live in an area which is subject to dry spells, mix some grass clippings with the peat moss mulch to prevent crusting.

Giants are champions

The annual Akron Youth League family picnic was held July 28 at 6:30 at the Akron Park. Approximately 200 people attended. A pitch-in supper started the evening, with the league furnishing meat and drink.

Jim Harsh, president of the league, presided over the awards ceremony. All 12 year olds, who will be too old for the league next year, were honored. They were: Dodgers, Jeff Johnson; Cubs, Rodney Hudson and Brett Barnheisel; Braves, Roger Brown and Jerry Cumberland; Orioles, Lori Dyson; Reds, Tony Salmons and

Sonya Sterk; and Giants, Dan Butt, Eric Cumberland and Chad Bibler.

Trophies were awarded to the Reds, the first runner-up team coached by Dave Reed and Larry Wood. The Giants, coached by Gary Rensberger, Lyle Butt and Maurice Murphy, were the championship team for the 1980 season and also received trophies. Playing for the Giants were: Eric Cumberland, Chad Bibler, Danny Butt, Tammy Stubblefield, Geramy Owens, Terry Brown, Mike Brown, Jerod Feldman, Jeff Feldman, Billy Yates, Rodney Yates, Craven Lynn and Bob Lynn.

Karen Greulach ordained

Karen Elaine Greulach was ordained as a deacon in the United Methodist Church during the 1980 session of North Indiana Annual Conference of the United Methodist Church at Purdue University May 30. Rev. Greulach was among four women to receive deacon's orders in a class of 28. During the executive session of the annual conference, Miss Greulach was accepted as a probationary member of the annual conference.

A 1973 graduate of Whitko High School, Rev. Greulach received her associate degree in nursing from Purdue University in 1976, and is a registered nurse. In 1979

she was granted a bachelor of science degree in psychology from Ball State University. Having finished her first year of seminary training at United Theological Seminary, Dayton, Ohio, she plans to complete her master of divinity degree at Garrett-Evangelical Theological Seminary in Evanston, Illinois.

Rev. Greulach's parents, Mr. and Mrs. Richard Greulach, resided in the Mentone community when Karen was born and she lived in the area as a young girl.

Rev. Greulach will be the worship hour speaker at the Mentone United Methodist Church on Sunday, August 17th at 9:30 a.m.

State energy office encourages program

Lt. Gov. Bob Orr welcomed two more Hoosier companies to the state's Vanshuttle program, one of the energy-saving plans under the aegis of the state commerce department which Orr directs.

Now wearing official state Vanshuttle decals are vans carrying employees to and from work at Mead Johnson, in Evansville, and Hillenbrand Industries, in Batesville. The program, which the state commerce department's Energy Office will help set up for any interested company, is aimed at saving gas as well as hassle and money.

Under the terms of the Vanshuttle program, the company purchases or leases the van, with the riders sharing the costs of gasoline, insurance and routine maintenance on the vehicle.

Orr said the two new vanpools are firsts for both companies, and added that hopefully both companies would enlarge their vanpool fleets in the future. Currently, six Hoosier firms operate 16 vanpools, according to the lieutenant governor.

Orr noted that the company benefits too. "Employee morale is higher, there is less tardiness and better attendance by employees—especially during bad weather."

Anyone interested in receiving more information about Indiana's Vanshuttle Program should contact Linda Shapiro, Energy Group, Indiana Department of Commerce, 440 N. Meridian Street, Indianapolis, Indiana 46204 or call 317-232-8959.

Lauding the energy-consciousness of both firms, Orr said, "Clearly, it takes less gasoline for a van full of people to go to work than if each one drove separately."

"The beauty of vanpooling," added Orr, "is that it takes the work out of getting to work. Vanshuttlers arrive on the job without the headaches of personally fighting traffic jams, so they are relaxed and ready to put in a productive day."

Driving Smarter: To Go Farther for Less

By Brad Byers
U.S. Department of Energy

Perhaps you are one of the estimated eight million Americans who have seen the TV film, "Running on Empty." This half-hour movie showed a new kind of road rally, sponsored by the Sports Car Club of America and the Department of Energy.

In these rallies, drivers competed with one another to improve gas mileage. Eight percent of the drivers managed to get better mileage than the EPA rating for their cars.

They did it by driving smarter. And what they did, you can do, too.

First, and most important, drive at or below the 55 miles-per-hour speed limit. Most cars get the best gas mileage between 35 and 45 miles per hour. Miles-per-gallon decrease drastically below 30 and above 50. Driving at 35 uses 20 percent less gas in the average car than driving at 70.

And that means 20 percent cheaper, too.

Don't Idle Around

But maybe you already observe the speed limits, or

most of your driving is in town. You can still drive smarter, and save.

First, avoid idling. Tests conducted for the Department of Energy showed that, on the average, one minute of idling uses as much gas as one minute of driving at 30 miles-per-hour. In other words, you use enough gas to drive half a mile during every minute that you idle.

Also, a minute of idling uses twice as much gas as restarting the engine. So, as a rule of thumb, if you're likely to be waiting in line for more than half a minute, turn off the ignition.

The half-minute rule applies to warm-up time, too. True, your car gets fewer mpgs when the engine is cold, but it gets zero mpgs when idling. After the 30-second start-up, idle drive under 35 miles-per-hour for the first couple of minutes and your car will warm up more efficiently than when idling.

Don't Spill the Milk

One of the gas-saving surprises for careful drivers is the

"move on out" rule. Contrary to popular belief, slow acceleration actually wastes gas. "Brisk but smooth" is the best acceleration technique. The quicker your car shifts out of low gear, the more gas you save. But don't employ jack-rabbit starts. They waste the most!

Your car uses the least gas when it is moving at a steady speed. Imagine that you have a bowl of milk sitting on the dashboard, and try not to spill it. That means a steady foot on the accelerator and slowing down without using the brakes. Braking wastes the momentum gained from gas that you've already burned, and accelerating after braking uses more gas than a steady speed would have used. So:

- anticipate traffic flow and traffic lights 10 to 12 seconds ahead (about a block in town and a quarter mile on the highway);
- keep two or three seconds of space between you and the car ahead of you;
- by decelerating well in advance, try to avoid coming to a stop light when it is red. Starting from a dead stop uses a lot more gas.

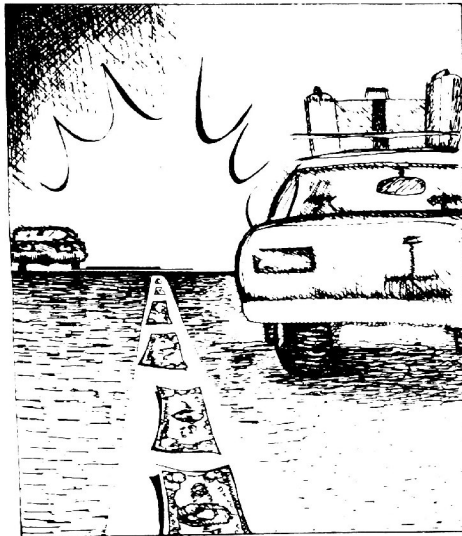

Take the Load Off

An overweight car, like an overweight jogger, burns up fuel at a faster rate. There's not much you can do to reduce the weight of your present vehicle, but you can avoid carrying around any extra baggage. For example, if you leave those two 50-pound bags of fertilizer in the trunk for a week before applying them to the lawn, you cheat yourself out of four-tenths of a mile extra you could have traveled on each gallon of gas.

Another surprise awaits those with air conditioned cars. Most of the fuel penalty for air conditioning comes from just carrying that extra weight around, and from running the unit in city traffic. Some tests have indicated that keeping the windows closed and turning on the air conditioning actually uses less gas at highway speeds, as opposed to driving with the windows open. Open windows increase air resistance.

In the next article, we'll tell you a high-pressure way to increase your miles-per-gallon three to six percent at no cost, with no inconvenience, and with practically no effort.

The savings figures used in these articles are averages. In many cases, the test results showed a wide range above and below average for individual cars.

Deaf Man Designs Tiny Hearing Aid

OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small device has no dangling cords or separate transmitting units and is worn completely in your ear.

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of one of the smallest all-in-the-ear hearing aid ever made will be given absolutely free to anyone sending in this advertisement while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to Hear, Box 360, Garrett, IN 46738. Paid Ad

Facing crop loss? Contact FCIC

A new service for measuring stored grain to assist insured producers in establishing crop production for the current year is now available, according to Francis G. Hudkins, district director for the Federal Crop Insurance Corporation (FCIC).

"This service, provided for a fee to cover expense, is double protection for the participants in the FCIC program to help guarantee accurate crop loss payments," Hudkins says.

Some problems have occurred in the past as a result of producers commingling—combining or mixing—production from different crop years or from different insured units. Separation of this production is essential for accurate payments, he adds.

"Best of all," Hudkins says, "provision has been made to assure harvest won't be delayed pending measurement. Local FCIC representatives have been instructed to tell insured farmers how to temporarily mark storage facilities so no delays will be required pending arrival of the FCIC adjuster."

All FCIC policyholders are urged to contact the local crop insurance office at 513 Main Street, Rochester, Indiana 46975, or telephone (219) 223-6516, as far in advance as possible prior to commingling of any grain.

"This way," Hudkins says, "there won't be any problem should insured losses occur in the county this year, although we are hopeful that everyone will have a bumper crop."

Akron senior citizens can apply for food stamps

"You and Food Stamps" is a new publication by the Older Adult Impact Program of the Legal Services Program of Northern Indiana, Inc. The publication is being mailed to senior citizen organizations and social service agencies for free distribution to older adults residing in Cass, Fulton, Howard, Miami, Tip-ton and Wabash Counties. The publication is part of a concentrated effort to educate older adults about food stamps, which are coupons issued by the U.S. Department of Agriculture, that can be used to purchase food. The publication discusses how a person applies and qualifies for food stamps, and what a person can do if they disagree with a decision regarding their food stamp benefits.

The Older Adult Impact Program offers educational presentations on a variety of topics, including food

stamps, to senior citizens organizations and social service agencies. The Older Adult Impact Program will also answer individual questions about food stamps.

Any individual, organization or agency desiring free copies of the publication or wishing to schedule a presentation should contact: Ed Stachowicz, Managing Attorney, Legal Services Program of Northern Indiana, Inc., Armstrong-Landon Building, Suite 208, 105 West Syracuse St., Kokomo, Indiana 46901. Telephone: 1-800-382-8886 (toll free) or (317) 457-3241.

The Electric Railroad

Last traces of Winona Interurban eradicated

July 24, 1980
Dear Editor:

The enclosed pictures give you a bird's-eye view of one of the latest of our many expansion projects here at Pike. We are removing the last remnants of the old Winona Railroad grade, returning the dirt to its original location in a five acre field recently purchased from Mr. and Mrs. Ed Wideman.

The purpose of this excavation is to prepare land for future construction and expansion which include the installation of a new high production band mill, additional planing mill and cut-up facilities, increased kiln drying facilities and air drying lumber yards.

There was much history to the old Winona Railroad Company, but I cannot quote the song and verse since I was quite young when it closed. I do, however, recall the trains running down through the middle of Akron when we were kids.

With the recent closing of the Erie Railroad and the removal of the last remnants of the Winona, it seems to me that a very important era in the history of our community has come to an end.

Sincerely yours,
Channing Utter

The Akron News, January 17, 1908: "With favorable conditions during the next few weeks, Warsaw and Peru will be linked together by an interurban railway much sooner than was thought possible two months ago." This was positive thinking on the part of S. N. Shesler, then editor of the Akron News, for it wasn't until January 15, 1910 that the first trains pulled into Akron, both from the north

and the south, and it wasn't until February that year that the interurban was totally completed between Warsaw and Peru. Mr. Shesler, while faithfully reporting all progress on the interurban lines, wasn't able to complete his coverage of the historic opening of the electric train lines until February 13, 1910 when he made his first round trip from Warsaw to Peru. A guest of the Winona Interurban Railroad, he left Warsaw at 8:00 a.m., reached Akron by 9:00 and arrived in Peru in time for his Sunday dinner.

When we received the letter from Channing Utter about the Winona Interurban, our curiosity was aroused to discover more about the electric trains that played such a large part in the life of Akron residents. To our dismay, we found no one has compiled the information available about the trolleys that ran through the heart of Akron on Mishawaka Street. For the past three weeks, we have hurriedly researched the interurban only to find many of the facts available about the trolleys contradict each other; it would take more thorough delving into old records than we were able to do to correctly assess all the information. However, from our limited studies, this is what we determined:

Citizens in Henry township held a special election on May 16, 1905, to decide whether or not to assist the Winona Interurban Company in their building of the electric line. The election resulted in \$25,000 being allotted to the company, with the stipulation the lines would be completed on or before May 1, 1907. The lines

weren't completed on time, and eventually the Winona Interurban Railroad received \$10,000. The lines were totally finished (grading, lines and shanties by the stops) in early 1912.

Mr. Charlie Flagg was the first station master in Akron and worked for the company for several years. Each crossroad the trolley passed (every mile) was a stop (if the train was flagged down) and small shelters were built so passengers could partially escape the elements.

Confusion as to the dates trolley service began in Akron comes from a book published in 1959 by Jerry Marlette, entitled "Electric Railroads of Indiana." According to Marlette, the line between Chili and Akron was opened on January 7, 1908, while the line between Akron and Mentone was opened on February 4, 1910. After reading through newspaper reports written at the times in question, it appears Marlette is in error.

There is no mention of trains coming into Akron (and the lines ran right in front of the News office) until 1910, and this is corroborated by one of the town's oldest historians, Ruby Dawson. The train ran past her home when she was a child, and she said they didn't run as early as 1908. Further reports in the newspaper show the lines between Chili and Akron commencing on June 25, 1909 and the finishing work both north and south of town taking place the week of January 7, 1910.

By the early twenties, timetables in the Mentone Gazette show trains ran north and south every two hours on a staggered schedule, making it easy to get to either Warsaw or Peru and back in one day. Service started before 6:00 a.m. and didn't stop until close to midnight.

On May 24, 1924, the Winona Interurban Railway was sold and the name changed to the Winona Service Company. Later, on

September 9, 1926, the name was changed to the Winona Railroad Company. In spite of these changes, there were no interruptions of service or changes in the train schedules.

In 1937 the News reported that the last electric train went through town at 2:04 p.m. (we weren't able to pinpoint the date), and that cars were replaced by diesel propane gas. On the same day the last trolley went through town, the electric overhead lines were removed. Marlette's history agrees with our findings on this, and the freight lines were finally abandoned on April 30, 1947.

It seems a shame that no one in Henry township or in the Fulton County Historical Society has found the time to research this important phase of history and its effect on the town. Our hasty studies were confined to Akron's share of the Winona Interurban, but hopefully someone in Miami

of Kosciusko counties has compiled information about the trains. It is unfortunate when false information is reported to be factual (as in Marlette's history) and is taken as such by those who follow. It's easy to make mistakes when reporting historical findings, so it is essential that all sources of information be carefully checked and weighed against each other in an attempt to discover the truth. Anyone interested in aiding the Fulton or Kosciusko County Historical Societies in researching any phase of our towns' histories need only contact Velma Bright or Madeline Fisher at the local libraries. These ladies, we're sure, would be glad to put you in contact with the appropriate people, and you'd be doing a wonderful service for your town.

The Akron News, January 17, 1908: "It is difficult to realize what it will mean to be able to step on a car in the front of our own doors any hour and go to Indianapolis or even St. Louis..." The Winona Interurban was a dream come true.

Akron Board meets

Citizens did not show up at the special Monday evening meeting of the Akron Town Board, when the 1981 Budget was scheduled for review. Next Monday evening, the Town Board will hold a special meeting to adopt the new budget.

Tuesday evening, the Board of Trustees met for their regular monthly meeting. Ten persons attending the meeting, heard some discussion of the need to secure additional officers to handle the duties of Deputy Marshal Charles Clawson while he is away at the Police Academy in Plainfield. Clawson will be attending the Academy August 25 to October 31.

Town Marshal Ed Houser reported that the Sheriff has promised to provide a Reserve officer who would help out in Akron while Clawson is away.

A Plymouth firm has been conducting a study of Akron water rates and usage. Since the town has just been breaking even, plans are being made to increase water rates. The last increase in Akron's water rates occurred in 1957.

President Fenimore told the Marshals that there have been complaints of rowdiness at the town parking lot, late at night when residents are trying to sleep.

Meals on Wheels

The drivers for the Mentone Meals on Wheels for the week of August 25-29 are as follows:

MONDAY: Lu Teel,
TUESDAY: Jane Kantner,
WEDNESDAY: Noreen Norris,
THURSDAY: Jean and Merl Gibson, and
FRIDAY: Catherine Heller and Linda Gillman.

Mentone Town Board

No one showed up to protest any provisions of the 1981 Budget at the Mentone Town Board meeting, Monday evening. Since there were no complaints, the budget will remain as advertised.

The Board will meet in the town office Monday, August 25, at 7 p.m. to adopt the budget.

Rodney Gible appeared at the meeting to tell the Board members about a drainage problem experienced by Cargill, Inc. Water Superintendent Harry Sullivan, who attended the meeting, was instructed to investigate the drainage problem.

Akron rural carrier retires

by Richard Lynn

Neil Kuhn of Akron, retired recently after serving twenty-seven years as a rural carrier for the United States Postal Service. He also served with the Eleventh Air Force from January, 1943 to November, 1945. In a ceremony at the Akron Post Office last week, Postmaster Ott Groninger presented a certificate to Kuhn for his service to the department.

Since 1970, Kuhn has suffered three heart attacks, so his doctor advised him to retire from active work.

Neil and his wife Jean have four daughters, all married. Neil keeps busy visiting with his friends in Akron, where he has lived most of his life, except for wintertimes in the St. Petersburg area of Florida, and his Air Force days spent in the Aleutian Islands.

Neil was born about five miles northwest of Akron and lived on the family's farm until after his graduation from high school, when he worked for two years at General Tire in Wabash before joining the Air Force.

During the war, he was in a fighter control squadron, stationed in the Aleutian Islands. The islands were desolate, and Neil doesn't care to see them again.

Back home after the war, he found his regular job at General Tire had been terminated, and he didn't like his new job assignment. There were two vacancies at the Akron Post Office, so Neil took the exam and went to work on Route One. After six months, his home route became available, so he switched to carrying the mail on Akron's Route Two.

Neil also worked at Seal Power in Rochester. In the period from 1946 to 1951, he worked for Chuck Irelan.

As a postman, Neil's day began at 7 a.m. Sorting mail for his route would take about one and one-half hours at the Post Office, followed by approximately three and one-half hours on the road making deliveries.

Neil purchased his father's home place, and did farm work before he sold the farm and moved to Akron. He also operated a part-time business sharpening knives and scissors.

Neil remembers riding the old interurban railroad that went through town and he recalls the days when Akron had a motion picture theatre.

"But the major changes in Akron have been the turnover of faces as oldtimers left and new people came to town. Many of the old family businesses are gone, replaced by a new breed of younger businessmen."

Mentone Homemakers

The Mentone Extension Homemakers met August 14th with Gertrude Hill. Vice president Esther Sarber led the pledges, Creed, singing of "America the Beautiful" and the song of the month, "He's Got the Whole World in His Hands."

Blanche Whitmyre read "What is a Friend" and "Description of a Friend" for meditations. Several members gave garden hints.

Citizenship leader Eula Smith gave a report on the Bell Memorial Library and the restoration of Milburn School. Genevieve Warren read an interesting article on the Connor Prairie Farm for Cultural Arts.

Pres. Pearl Horn reported on the Pres. Council meeting and conducted other business.

Eula Smith gave a timely lesson, "Clothing Selection for the Family." The meeting closed with the Club Prayer song and collect. The September meeting will be with Esther Sarber.

Akron Postmaster Ott Groninger (on the right) presents a certificate of service to Neil Kuhn, Akron rural carrier.

It Happened In Mentone

Taken from the August 19, 1953 issue of *The Northern Indiana Co-Op News*:

On Monday evening the ladies of the local telephone exchange gave a farewell party for Mrs. Harold Horn, who has been an operator for two years, and chief operator for the past year. Mr. and Mrs. Horn and family are moving to Lowell, Indiana. Those present were: Mrs. Horn, Mrs. Olive Frye, Mrs. Gertrude Hill, Mrs. Pearl Horn, Mrs. Eleanor Wagner, Mrs. Georgiana Teel, Mrs. Lois Hunter, Mrs. Ruth Davis, Eleanor Rush, Martha Sullivan, Shirley Gross and a guest Phyllis Cardile. Verna Montel of Atwood was unable to attend.

Janet Rose Reed, riding Daisy May, placed first in the Ponies Under Saddle and the English division of the Equitation class at the Charity Horse Show held at the fairgrounds Tuesday evening.

Mr. and Mrs. Lester Bruner, Mr. and Mrs. Earl Besson and daughter, Mr. and Mrs. Frank Moffitt of Clinton, Ill. and Mrs. Louise Summy enjoyed a picnic dinner at the Flowing Well. In the evening they took supper at the home of Louise Summy.

The ancient Europeans believed beating the water would cause rain.

Maude Romine hosts war mothers

Maude Romine hosted the August meeting of the Mentone Mothers of World War II. There were seven members and three guests present.

Mildred Grindle was welcomed as a new member. The meeting was closed with the singing of "God Bless America" and repeating the Mothers Creed.

Refreshments were served by Mrs. Romine to Viola Funnell, Ethel Whetstone, Edith Young, Mildred Grindle, Lois Perry, Pearl Horn, Blanche Whitmyre, Dolly Miller and two young male guests. The September meeting will be with Lois Perry.

Participation in the Trail of Courage Rendezvous is invited by the Fulton County Historical Society. The rendezvous will be held Sept. 20-21 in Kern's pine woods on the Tippecanoe River at the corner of New U.S. 31 and Olson Road, three miles north of Rochester.

Last year the Trail of Courage drew a crowd of 5000 and it is expected to be even bigger this year. Since it began in 1976 to commemorate the courage of the Potawatomi on the Trail of Death removal to Kansas in 1838, the rendezvous has become a major attraction in northern Indiana.

The rendezvous is a historic festival which includes a tipi village, muzzle-loading contests, Indian dances, pioneer crafts and foods. Only pioneer-era crafts, materials and foods are allowed. Pioneer

costumes to be worn by all booth workers is required.

Anyone who is interested in participating should contact FCHS at 223-4436 for suggestions on crafts or foods or pioneer skill contests. This is an opportunity for churches, clubs or individuals to make money and promote education in history.

Primitive booths are available for rent at \$10. Reservations should be sent in by Sept. 10. Mail check to Fulton County Historical Society, 7th and Pontiac, Rochester, Ind. 46975.

Persons wishing to participate in the muzzle-loading contests should contact the Menominee Muzzle Loaders, Rob Askins, 407 East Liberty, Bourbon, Ind. 46504. Open sight muzzle-loading guns using round ball ammunition and pioneer costume is required.

Horn reunion

The 14th annual Horn reunion was held recently at the home of Mr. and Mrs. Kenneth Horn. There were 61 present coming from Elkhart, Rochester, Akron, Ft. Wayne, Albany, Warsaw and Mentone.

The Other End

by Teresa Petrosky

"6½"

Since I didn't see the epic movie "10", I fear I've missed out on the beginning of a new kind of math. I'm not to be dismayed though. To make up for this great loss, I'm developing a system of my own. If you subtract Bo Derek from the weight of one of my thighs, add my bra size (which doesn't change the number much), subtract the color-code number for Loni Anderson's hair dye, and divide by the width of Farrah Fawcett's smile, you'll come up with the title of MY next movie. Really, with all the things I do to myself, you'd think I could be better looking. But alas, after six hours of intensive eyebrow plucking, a week in the sauna, and 23 different shades of correcting lip-gloss, I can still do no better than a "6½."

Now c'mon folks, — I wore braces when I was a kid. I visited an expensive dermatologist every month throughout my teen-age years. I jog. I drink Tab, — what am I doing wrong???

Yes, I know that some aspects of my "beauty" are impossible to change. Take my size for instance. I always thought that "petite" was neat, but apparently there are limits. As a 20 year-old soon-to-be college junior who stands all of 5 feet 3 inches tall and is still working her way out of a training bra, I rarely hear that positive descriptive term. "Stunted" is the word more frequently used.

When you're 5'7", you can be "beautiful" and "sensual." When you're 5'3", the most you can hope for is "cute" (if I get any "cuter" I'm afraid I'll turn into a Pekingese!). The tall, slender beauties get waltzed around the room, while those of us closer to the ground get patted on the head (if we're noticed at all). I'm sometimes overlooked even after I've courageously climbed onto my clogs!

At 5'7", a girl is given flattering pet names like "Foxy" and "Gorgeous." But I knew I was in trouble when the most endearing thing my boyfriend could think of to call me was "Shorty."

Oh, I've tried to look at the advantages of being short. I was absolutely overjoyed when cuffed jeans became stylish. Of course, by the time I double mine up enough that I don't trip on them, it looks like I'm wearing ankle weights.

Then, you know, there are the new "Baggy" pants, designed expressly to make me look as wide as I am tall. With my equally baggy hips and thighs, though, I seem to lose all essence of fashion. Oh well, at least the length is right.

The most terrible thing about having short, fat legs is the pain I've put myself through in trying to remedy the condition. And believe me, I've tried everything!

I was asked to go on a 30-mile bike trip this summer. "Ah-ha," I thought to myself. "This is the perfect way to get my legs in shape." Who was I kidding? Afterwards, as I lay in bed, drowning in Ben-Gay, I realized this wasn't the answer. I mean, 10 miles would have been sufficiently painful for this body; 20 would have been bordering masochism, but 30 miles! — Good grief, I was paralyzed from the waist down! (I was still all here, — my rotundity was merely immobile!)

I really believe that physical mediocrity has been discriminated against long enough. I'd love to walk into a department store and see a mannequin that's suffering from borderline obesity. I'd love to see a girl with a less-than-risky mouth doing a toothpaste commercial. When will all the bushy eyebrows, split ends, and thick waists of the world stand up against the three-million dollar hair-dos and dimples? "6½'s — UNITE!"

Did I hear a sigh of defeat? Yes, and I'm afraid it came from me. One of these days one of these days, cellulite will come into vogue, and sister, — I'll have it made!

Icing was originally applied to a cake with a bunch of feathers.

Jack and Jill Nursery School

Jack and Jill Nursery School is sponsored by the Mentone United

Methodist Church. There are classes for three and four-year olds. The three year old class meets from 8:45 to 11:15 on Monday and Tuesday. The four year old class meets on Wednesday, Thursday and Friday, also from 8:45 to 11:15.

Each day begins with 30 to 45 minutes of free time. This teaches the children to make decisions and to get along with one another. Four to eight centers are set up from which the child may choose. Some of the centers are housekeeping, paints, blocks, science, puzzles and games.

Free time is followed by putting the toys away, washing hands, and getting ready for the daily snack. After washing, the children say the Pledge of Allegiance. Then they are led in a discussion about the weather, day, and month, followed by prayer and snack time.

Some of the snacks are finger jello, crackers, fruit and vegetables. Cups with the childrens names on them are used for the beverage so they will begin to recognize their name and the names of their friends.

Quiet time follows snack time. This is the time when the child gets a book and looks quietly at it. Next comes the lesson, which deals mostly with listening and following instructions. Colors, numbers, the alphabet and more are also studied.

After the lesson the children participate in exercises, games, singing, and finger plays. The final story is then read and the day is complete. Some of the goals of Jack and Jill Nursery School are:

1. To know colors
2. Print their name

Guest speakers at Silver Creek

The Rev. and Mrs. Carroll McNutt, who are missionaries to the Navajo Indians in Mentmore, New Mexico, will be guest speakers at the Silver Creek Church of God this Thursday, August 21, at 7:30 p.m. Carroll and Geneva have many friends in this area, having pastored the Auburn Church of God for several years before taking the work at Mentmore.

The public is invited to attend this presentation by the McNutts, of the Navajo Indians, and our Mission station there.

TUESDAY, AUGUST 26

Friends of the Bell Memorial Library to meet at 7 p.m. in the library.

A Special Message To Our Employees and Customers:

"Is a 76%-90% Three-Year Wage Increase Reasonable for the State's Highest Paid Utility Workers?"

We don't think so. And we believe our customers don't think so either. However, this is what the leadership of the striking Union locals are asking in current negotiations.

On Tuesday, July 29, 1980, we offered the negotiating committees of locals 12775 and 13796, United Steelworkers of America, a contract proposal which included what we consider a very reasonable offer—a wage increase, and a cost-of-living adjustment (COLA) totaling 40 percent for physical workers

and 49 percent for clerical workers over a three-year period, plus several improvements in fringe benefits.

That same day, the negotiating committees for these two locals summarily rejected the offer. They made a counter demand which was inflationary on the face of it and one we consider grossly unfair to our customers.

Listed below are the two proposals—ours, which was rejected, and the union's counter demands:

NIPSCO'S PROPOSAL

Roll-in of 98 cents an hour of COLA from old contract.

Continuation of the cost-of-living adjustment contained in the old contract (same as the COLA contained in the Basic Steel Agreement of 1980). Plus:

A 20-cent-an-hour general wage increase the first year of a new contract, plus 15 cents an hour the second year, plus 15 cents an hour the third year for the members of local 12775.

A 15 cent-an-hour general wage increase the first year of a new contract, plus 10 cents an hour the second year, plus 10 cents an hour the third year for members of local 13796.

Based on current rates of inflation, these proposals represent a 13 1/2 percent wage increase the first year of the contract and approximately 40 percent over the three-year life of the agreement for employees represented by local 12775, and an increase of 16.8 percent the first year and a 49 percent increase over the three years for employees represented by local 13796.

THE UNION'S DEMANDS

A 20 percent increase in the uncapped cost-of-living adjustment—from a 1 cent-an-hour increase for each .3 change in the Consumer Price Index (CPI) to a 1 cent-per-hour change for each .24 change in the CPI. Plus:

A 10 percent increase or 75 cents an hour, whichever is higher, for the first year, an additional 9 percent increase the second year, and a further 9 percent increase the third year, for both the physical and clerical workers.

Based on current rates of inflation, these demands would result in wage increases of 24 percent to 28 percent the first year of the contract and 76 percent to 90 percent over the life of a three-year contract, for physical and clerical workers, respectively.

*The average pay for a member of local 12775 on June 1, 1980, including the 98 cent per hour roll-in, would have been \$10.06 an hour or almost \$22,000 a year. And this does not include overtime. The average pay for a member of the clerical union would have been \$7.81 an hour, or more than \$16,000 a year, exclusive of overtime.

A 40%-49% wage increase over a three-year period is a reasonable offer for the highest paid utility workers in the state of Indiana. A 76%-90% increase is not.

Also, our customers are entitled to increased productivity and the elimination of nonproductive and wasteful work rule abuses.

As a regulated public utility and as a matter of sound judgment, we feel duty bound to protect the interest of our customers. We are not out to break the union or damage the well-being of our employees. We are willing to grant an equitable wage increase together with improvements in fringe benefits, but we must have relief in the work-rule area. Our total package is one which balances the needs of our employees with those of our customers.

We stand ready to complete these negotiations and sign a fair and reasonable contract whenever the union leadership is willing to bargain in good faith.

Norma Knoop wins scholarship

John W. Elliott, vice president of First National Bank of Warsaw, announced recently that Norma Knoop, R. 1, Mentone has been selected as one of the recipients of the Murphy College Fund Scholarship awards.

In a letter to Miss Knoop, Elliott said, "As there were many well qualified applicants, you are to be congratulated on being one of the scholarship winners. Your excellent grades, leadership qualities and high moral character have all contributed toward this honor."

The Murphy College Fund Scholarship was organized by the late Dr. Samuel C. Murphy who realized the importance of higher education and provided the awards to encourage young people to reach the goals for which they aspire.

Seward Home Extension Club

The Seward Home Extension Club met Wednesday, August 13, at noon for a picnic dinner at the home of Garnet Latimer with Merdena Uechtol as her co-hostess.

Esther Nelson offered grace at the meal, attended by 21 members and six guests.

President Minnie Smalley had charge of the meeting. After the meal, the group sang the song of the month, "He's got the whole world in His Hands."

Edith Hudson gave a lesson on how to select clothing for a family.

New books were checked and corrections made.

The members responded to roll call by stating what they considered to be a bargain at the grocery store.

Hester Clinger gave the secretary's report and Elva Longbrake gave the treasurer's report. Edna Sarber presented remarks on gardening.

President Smalley reported on the county presidents' meeting.

Co. Camp is scheduled for September 15 & 16.

Fair exhibits were discussed and the club made plans to help the Co. Club buy a stove and refrigerator.

The Trip Committee reported on plans for the group to attend Wagon Wheel Playhouse, August 26, after dinner at Wong's Restaurant.

Eva Eherenman gave a meditation from "Streams in the Desert." In closing, the group repeated Club Collect.

The next meeting will be September 10, 1:30 p.m. at the home of Anna Williamson, 1407 Tanger Drive, Warsaw; with Jo Anna Englund assisting.

Federation of Clubs plans fall convention

The Summer Council Luncheon meeting of the 13th District of Indiana Federation of Clubs was held recently at Holiday Inn, Plymouth. Mrs. Robert Hinshaw, 13th District President, of Warsaw, conducted the fall convention planning and information sessions for the 1980-81 club year.

The 13th District Fall Convention date was announced for Wednesday, October 15, 1980 at the Holiday Inn, Elkhart, Indiana. Assignments were made for the various duties at the conference.

Mrs. Ward Redinger, Art Chairman, of Argos, urged clubwomen to inform area high school art instructors of the 13th District IFC Art Contest. The annual contest is open to senior art students and will be held March 15, 1981.

Thirty-one women attended the buffet luncheon representing seven counties of the 13th District - Elkhart, Fulton, Kosciusko, LaPorte, Marshall, Starke and St. Joseph.

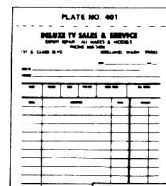

Calendar

Man is "justified by faith apart from the deeds of the law" (Rom. 3:28). Because salvation is a gift that must be received by faith (Eph. 2:8,9), there is no room for boasting. The sinner can do nothing to attain the spiritual worthiness required to qualify him for Heaven. Anything he considers good still falls far short of the perfect standard of holiness the Lord justly demands for him (Isa. 64:6). His only hope is to be redeemed by Christ's merits.

D. L. Moody once said, "I'm certainly glad a man cannot save himself; otherwise you'd never hear the last of it."

the side lines by Vern Hucks

Talking about Tippecanoe Valley's performance in the Rochester Jamboree last week, Viking Head Coach Charlie Smith admits "we've got a long way to go" and quickly adds, "but we'll get there."

In Smith's opinion there were very few bright spots in the play of the defending Class A Champs with the exception of the hard running of three Viking running backs, Scott Bibler, Mark Yates, and James Holloway. Bibler carried the ball 4 times for 75 yards including one TD burst of 63 yards. Yates and Holloway each carried three times for 39 and 37 yards respectively.

Sophomore quarterback Jeff Webb was impressive in his debut against Caston hitting 3 out of 3 pass attempts for 47 yards. The Viking offensive line didn't give senior quarterback David Leckrone much protection in the fourth quarter against Rochester. Leckrone was the victim of a hard Zebra rush everytime he tried to throw and wound up completing only 1 of 4 attempts. Leckrone's lone completion however was a 33 yard touchdown strike to Ray Davis. Davis, who snagged two other passes for a total of 64 yards, was singled out by Smith as Valley's top performer in the receiver category.

Leckrone was not the only victim of poor blocking. Three Rochester defensive players poured through the Viking line almost untouched to smother a Mark Yates punt on the Valley seven yard line. The Zs took kindly to the charity and punched into the end zone in the next two plays for the lone score of the quarter.

Coach Smith added that the Valley defense was "not outstanding" and "our special teams reeked" but overall at this point in the season he is "moderately pleased."

We've heard it said that "what's green will grow." I hope that this year's edition of "The Green" grows quickly or there's going to be a few teams down the road more than willing to dump a load of "fertilizer" on the Viking season.

Valley opens the 1980 title defense at home this week when they take on a newcomer to Death Valley, Westfield. I haven't been able to find out much about the Westfield team except that tailback Spencer York carries the ball about 95% of the time. York, a 5'11" 170 lb. senior, carries that much for a good reason. Reportedly he's a sectional hurdles champ. Other players to watch include running back Chris Tolle and tight end Chris Roberts. Valley will be going without the services of juniors Gilbert Martens and Brent Hoffman due to minor injuries. Game time is 7:30 p.m. this Friday as the Vikes try to push their home field record to 28-0.

Volleyball officials to meet

The Northern Indiana Officials Association will hold a Rules Clinic and Workshop on Saturday, August 23 at Warsaw High School Gymnasium from 8 a.m. to 1 p.m. This is a required meeting for all

registered IHSAA Volleyball officials, new applicants or anyone interested in becoming a new official.

New applicants or any persons interested in becoming an official are also urged to attend.

Mentone Flying Club

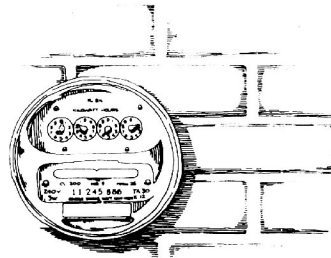

Last Sunday afternoon several members met at the airport for the annual flour bombing contest. A 150 Cessna airplane was used and pilots were instructed to fly 450 ft. above ground level over the target. Arnold Doering was in charge of the event and had the pleasure of filling all the bombs. Winner of the contest was Bill Willard; 2nd: Charles Coffing; 3rd: Mart Clupper; 4th: Bob Clupper; 5th: Pauline Becknell and 6th: Harrison Crabill. A charge of \$1.00 per bomb was levied and a contestant could buy as many as he wished but only the closest one to the target counted.

A date was set to wash all the aircraft on Sept. 20th starting at 1:00 p.m. at the Mentone airport.

"He who borrows
sells his freedom."

what
the heck
is a
kilowatt-hour?

Since each of us pays, on the average, less than a nickel for every kilowatt-hour of electricity we use at home, it might pay to understand just what it is that we're buying.

A kilowatt-hour is the use of 1000 watts of electricity for one hour. Or, put another way, it's the amount of power required to light a 100-watt bulb for ten hours. Which means you could burn that bulb for 20 hours for about a dime.

Next month, check your bill and find out how many kilowatt-hours you've used. It's a good way to measure your energy consumption. And by conserving, you can reduce the kilowatt-hours you do use.

Need some help? Call or stop in our local office. The people are friendly and have lots of good ideas to help you save energy. They know our business is to provide electricity. But they also know our purpose is to help people.

Long ride to Mentone

Monday, August 4th, Dennis Feldman and son Bryan, who will be ten years old October 2nd, rode their ten speed bikes 114 miles from Brownsburg area to Mentone. They left home at 7:15 a.m. Monday and arrived in Mentone at 6:45 Monday evening. Dennis and Carol also have three daughters who preferred the family vehicle for the trip. Dennis will be remembered by many in Mentone as their former Times Union paper boy. They visited family and relatives in the area during the week.

Irene Simonin

Irene Marie Simonin, 72, 916 Pontiac St., Rochester, died at 12:30 a.m. Wednesday, August 13, 1980, at Canterbury Manor Nursing Home where she had been a patient for three weeks. She had been in failing health a year.

Mrs. Simonin was born May 22, 1908 in Seneth, Mo. Her adopted parents were Edward and Goldie Kitterman. She had lived most of her life in Rochester. She was married to Clarence Simonin, who died in Sept. 1975. She was a retired employee of Maggie's Restaurant. She was a member of the Nazarene Church of Rochester.

Surviving are a son, David Lee Simonin, Rochester; six daughters, Mrs. Fred (Joretta) Maibauer, Mrs. Delores Carpenter, and Mrs. Loy (Arlene) Sriver, all of Rochester; Mrs. Jack (Ellen) Kitterman, Lafayette; Mrs. Ed (Merlene) Wincler, Streamwood, Ill.; and Mrs. Carolyn Sue Lenardson, Peru; 22 grandchildren; 25 great-grandchildren, and a foster brother, Basil Kitterman, Fowler. She was preceded in death by a brother and a grandson.

Services were Friday, August 15, in the Foster and Good Funeral Home with the Rev. P. Lindsey Paris officiating. Burial was in the Citizens Cemetery, Rochester.

Lloyd B. Eherenman

Funeral services for Lloyd B. Eherenman were held August 15, 1980 at the VanGilder Funeral Home at Plymouth. The Rev. Aletta Heath officiated. Graveside services were at 3 p.m. in the Mentone Cemetery.

A native of Fulton county, he was born July 8, 1889 to Albert and Almeda (Bybee) Eherenman.

He was graduated from Talma High School, Valparaiso University and received his masters degree from Columbia University. He held the position of principal at Etna Green and Milford; assistant principal at Pierceton and taught math and band in Plymouth school system for 21 years.

On Dec. 11, 1915 in Grandview, Iowa he was married to Amee E. Washington, who survives. Other survivors are Philip Eherenman, Warsaw; Dr. Wm. C. Eherenman, Platteville, Wisconsin; Mrs. Wilbur (Betty) Bordner, Plymouth and Richard L. Eherenman, Bloomington, 15 grandchildren and 15 great-grandchildren. A brother and sister preceded him in death.

The deceased was a member of the Plymouth United Methodist Church.

COOL IT

Rising energy costs are causing a lot of people to look back at the good old days: summer evenings on the front porch swing; summer days indoors with the windows open to let breezes pass through the home. Those days taught some important lessons, and the most important of all is to make use of nature's living plants to help make summer days more bearable.

According to the experts at the American Association of Nurserymen, known as "the green survival people," the right place for shade trees is the south and west sides of the home to shield the direct rays of the sun. It is important to use trees that will drop their leaves in the winter to let the sun provide needed passive solar energy.

Recent research has found that shrubs and trees placed to shade an air conditioning condenser will save as much as 3 percent of its operating time.

The living plants you add to your home surroundings are important for their energy saving comfort. They can help make these your good new days.

Football season opens at TVHS WINNING STREAK BROKEN.. but every defeat bears the seed of future achievement

by Richard Lynn

The football season opened Friday evening on a sad note for Viking fans as the visiting Westfield Shamrocks edged ahead 7-6 ending a 35 game undefeated record for Tippecanoe Valley High School. It was the first time Valley had lost a home game, after 28 consecutive home victories.

Westfield was behind until the fourth quarter when they moved ahead with a 39-yard touchdown pass play and an extra-point kick.

Valley had taken the lead early in the first quarter when tailback Scott Bibler made a 16-yard run around the left end. Bibler gained 85 yards on 15 carries for the Vikings.

Todd Peters made five solo tackles for the Vikings and assisted on two other stops.

Next Friday, Valley meets Rochester on the Zebras' field. Rochester lost their first game of the season at Manchester 13-12 last week.

Joey's Discount to re-open

Bill and Judy Hively are the new owners of Joey's Discount Store in Akron. The store has been closed since the death of the former owner, Joseph Alvin Madeford.

According to Mrs. Hively, they will call the store, "B.J.'s." As soon as the store is cleaned up, an opening date and store hours will be announced to the public.

New Principal on duty at TVHS

The teaching position vacated by Loran Skinner, who resigned to accept a job as principal of Pendleton Heights High School in Pendleton, Indiana, has been taken by Robert E. Meyers, 48, of Warsaw. As the new TVHS principal, Meyers will receive a salary of \$28,000 per year.

Meyers and his wife, Miriam will move to this area in the near future. He has 24 years experience as an educator, beginning as a teacher at Fair Oaks School in Jasper County. He was a coach at Fishers School in Hamilton County and taught science, industrial arts, health, and physical education for six years. Then he became principal of Fishers School for two years.

He became principal of Middlebury High School and served as administrator for four years. Middlebury Schools were consolidated, so he became principal of North Ridge High School in Middlebury for another four year period, followed by six years as principal of Brownsburg High School.

ROBERT E. MEYERS

Before accepting the job at TVHS, Meyers was employed as a sales representative for King School Equipment Company in Northern Indiana.

War Mothers District meeting

World War II Mothers of District 2 met recently at the Little League building, Mentone. The meeting opened in ritualistic form with the presentation and recognition of national and state officers.

National President Pearl Powell and National Secretary Rachel Hawk were present, with State President Ethel Whetstone and her board. Other national officers and past officers were recognized.

EMT refresher course at Woodlawn

A refresher course will be conducted at Woodlawn Hospital beginning August 26. Any EMT needing to take this course should contact the E. R. department and leave your name, address, phone number, and EMT certification number. The course will be free to all members of the Fulton County EMS. Non-members must pay a \$20.00 fee. Classes will be held Tuesday, August 26; Thursday, Friday, and Saturday, Aug. 28-30, from 5 to 10 p.m.

Violet Funnell, Mentone Unit President, welcomed the group. Communications were read, and votes were taken on bills that were presented. The mileage trophy was awarded to the Onward Knox Unit. They will host the November meeting.

The meeting adjourned for luncheon with a prayer by District Chaplain Maude Romine of the Mentone Unit.

At 1:30 p.m., honors were bestowed on State President, Ethel Whetstone.

Several gospel songs were sung by Mary Ann, Kathleen and Marilyn King of Mentone, accompanied by Kathleen playing the guitar.

Dollie Miller, of the Rochester Unit gave readings, entitled, "St. Peter at Heaven's Gate," and "The Old Maid and the Burglar." Viola Funnell read "When Papa hung the picture on the wall."

The State President, assisted by her board members, opened the gifts she received.

Guests attended from Districts 1, 3, 4, 5, 6 and 7.

Lugar reappoints Ida Hittle

Senator Dick Lugar (R-Ind.) today announced the reappointment of Ida Hittle as his volunteer service representative for Fulton County.

"I'm extremely pleased with the success of our volunteer service representative network, a program which is an innovation in the U.S. Senate," Lugar said. "Ida Hittle has proven especially effective in keeping me informed of issues which are of concern to her community, and I'm certain that her services will continue to be a tremendous asset to my office in the coming months." Mrs. Hittle will also participate in events and meetings which Lugar is unable to attend due to his Washington schedule.

Mrs. Hittle is a housewife. She is past president of the Geneva Fellowship, the Presbyterian Church Womens' Association, and Rappa Delta Phi Sorority. She is past treasurer of the Republican Women of Fulton County and is presently on the Board of Directors for "Meals on Wheels," as well as chairman of the Board of Directors of R.S.V.P. Ida is the wife of Wayne Hittle, former Mayor of Rochester.

MOTHERS OF WORLD WAR II: Front row (left to right), Mildred Brubaker, State Recording Secretary; Pearl Powell, National President; Mabel Garvey, State 1st President; Leona Patterson, State Financial Secretary; Peggy Hanulick; Rachel Hawk, National Secretary; Leona Craig, State Treasurer; Ethel Whetstone, State President; Audrey Raymond, National Director; Lila Waban, 2nd Vice President.

Man is "justified by faith apart from the deeds of the law" (Rom. 3:28). Because salvation is a gift that must be received by faith (Eph. 2:8, 9), there is no room for boasting. The sinner can do nothing to attain the spiritual worthiness required to qualify him for Heaven. Anything he considers good still falls far short of the perfect standard of holiness the Lord justly demands for him (Isa. 64:6). His only hope is to be redeemed by Christ's merits.

D. L. Moody once said, "I'm certainly glad a man cannot save himself; otherwise you'd never hear the last of it."

D. Herbert King, son of Mr. and Mrs. Darrell King, Box 56, Mentone, is attending Bluffton College, Bluffton, Ohio. He received a Leadership Service Grant which is good for four years at Bluffton College. The Indiana Berkshire Breeders Association also awarded a scholarship to him.

Patricia Doering on Anderson College honor roll

Patricia J. Doering, daughter of Mr. and Mrs. Raymond Doering, has been named to the Academic Citation List at Anderson College for the spring, 1980 semester. To be eligible for the Academic Citation List, a student must obtain a grade point average between 3.0 and 3.5 on a 4.0 scale. On campus, Doering is a sophomore preparing for a career as a counseling psychologist and is a member of Alpha Lambda Delta freshman scholastic honor society. Anderson College is a four-year liberal arts college established in 1917 by the Church of God.

Janice Layne and Beverly Carr receive degrees at Ball State

Two Fulton County students have completed work for degrees after the first summer session at Ball State University. They were among 429 students receiving degrees from Ball State President Jerry Anderson during the commencement exercises.

They are Janice Layne, Box 143, Akron, who has received a master of arts in education degree in elementary education, and Beverly G. Carr, who has also received a master of arts in education degree in elementary education, who lives at 433 E. 18th, Rochester.

Tradition associates pearls with tears and opals with bad luck.

Bammerlin and Moore engaged

Carol Sue Bammerlin

Mr. and Mrs. Dale Bammerlin, R. 3, Peru, announce the engagement of their daughter, Carol Sue, to Jerry Eugene Moore, son of Mr. and Mrs. Earl Moore, R. 2, Macy. Both are graduates of North

Miami High School. He graduated in 1976 and she graduated in 1979. He is employed at Sonoco Paper Products, Akron.

The couple plans a October 18th wedding at the Akron Church of God.

Akron item

The families of Emma and Oliver (deceased) Burns has a most enjoyable family get-together Sunday at the Akron Lions Club building with seventy-four in attendance. State Fair heifer chase successful

The second annual FFA Heifer Chase at the Indiana State Fair was a success. Immediately following the Farmer's Day Parade on Tuesday, August 19, twenty-four young FFA members scrambled for sixteen heifer calves. Eric Crispin is a state winner from Macy representing the Caston FFA Chapter. All winners receive either a donated beef or dairy heifer or a \$500 check to purchase a heifer. The special funding that has been received from the Indiana Department of Commerce through the cooperation of Lieutenant Governor Robert D. Orr and Fred Dailey makes this activity possible.

The goal of the FFA Heifer Chase is to help provide a supervised agricultural experience program for Greenhands who would not otherwise have had the chance to participate in a livestock project. It is hoped that the member will gain experience in the livestock industry.

Mentone item

Mr. and Mrs. James Griner and children of Lakeland, Florida, visited last week at the home of her parents, Mr. and Mrs. Frank Newton, R. 2, Rochester. Other guests during the week were Mr. and Mrs. Garry Weidner and sons of Walkerton, Mr. and Mrs. Richard Teel of Mentone and Mrs. Bonnie Newton and son Andy of Burkett.

Akron item

The Rev. and Mrs. Kerry Flohr of San Diego, California were guests of Mrs. Clifford Bright, Mrs. Alfred Ferree and Velma Bright on Monday evening, Mr. and Mrs. Merl Smith, Brent, Joel and Jason of Marion joined them at Clark's Cafeteria in Wabash for supper. They later returned to the Bright home for the evening.
