## Akron Bicentennial Commission seeks old community pictures

The Akron Bicentennial Commission will put together a slide history of Akron and needs to borrow as many old pictures from area residents as possible.

The old pictures will be made into slides through the cooperation of Tippecanoe Valley High School.

Anyone having pictures

to loan should mark them well and leave them at the Akron library or at Day Hardware.

Home movies of Akron and area schools made in the 1930s by the late Earl Troutman will also be reproduced.

The slide history will be shown at a program in the spring, and it is hoped the films

can be shown during Akron's 4th of July celebration.

Special caution should be exercised when the temperature hovers close to 32 degrees. Braking distances on ice are twice as great at this temperature than at zero. Treacherous, invisible sleet-ice coatings form under these conditions.

Dear Editor:

This year, for the first time, the Fulton County Heart Association is offering a program of public education. The first phase will be a series of programs offered to civic clubs and organizations at no cost. During the month of January three types of programs will be available to groups with twenty-five or more minutes in length, will include a film, "Our Way of Life," and a discussion of the film by a member of the Board from the Indiana Association. The second program, about ten minutes in length, will concern Cardio-Pulmonary-Resuscitation, the newest local service, and will be demonstrated by Ann McEvoy, Fulton County Health Nurse, and Bob Quilot. The third program will be a very brief presentation by a local member explaining what your county organization is doing this year. Programs may be scheduled by calling Mrs. Fred Zellars, 223-5179, or Mrs. James Heyde, 223-2139.

Dear Editor:

Hurrah, the log cabin is finished!

The Historical Society and Bicentennial Committee want to thank everyone who helped work on the cabin and everyone who donated money or materials or lent tools. Together we did it and it shows how Fulton County cares and works together.

We especially want to thank the Manpower program, which furnished most of the labor, and Carl Davis, who acted as foreman and worked 20 days in the cabin, and Walter Jordan, who built the fireplace.

And a great big thanks to Merrill Waltz, who worked on the cabin for five days finishing it up by putting in windows and the door, making a mantel for the fireplace, chinking between the logs, making a ladder to go up to the loft, etc.

Carl Davis made frames for the windows, which are old original ones from the county courthouse, built in 1895. Hiram Ousley helped make the mantel. Mike Freese helped chink and donated a gallon of waterproofing to put between the logs and the cement floor.

The mantel was made from an ancient log beam donated by Ward Polley. It took five men to carry the mantel in and

place it above the fireplace on wooden brackets made by Merrill. The five men were Red O'Dell, Bruce Hess, Bob and Merrill Waltz and Hiram Ousley. Then they coated it with Penta to kill the termites. It looks very rustic and beautiful.

The door was donated by Ted Lewis of Akron, who says it is from a 100 year old house. Bob Waltz donated the lock for the door, and Merrill Waltz donated the latch and ceramic door-knobs. You may not think this is very authentic and that log cabins were more primitive than that, but a look at the photos of the original cabins from which this was reconstructed will show that they had a paneled door and doorknobs. Their beds had coil springs too, so these inventions are older than we think.

Some people have mentioned that the pitch of the roof is too steep and makes it look like an A-frame. This is the original pitch of the roof, just the way it was on the cabin donated by Ted Merley. It was actually a two-story log house. But the high pitch helped allow rain to run off.

A few finishing touches like applying linseed oil to the exterior logs remains to be done. As Merrill Waltz says, you're never really done when it comes to fixing up a house. We need to install hidden electric heaters to drive away winter moisture and preserve the century old furniture that will soon be displayed there.

To finance the log cabin, we are selling Log Cabin Shares for \$1 or more. They are available at all the county banks, libraries, Hardesty Printing, Rochester News Stand, and the museum. Those who donate \$10 or more will have their names put on the Bicentennial Log Cabin Honor Roll, to be placed in the cabin.

60 YEARS AGO

The many friends of Mr. and Mrs. Earl Sausanman perpetrated a voluminous metallic shower upon them Tuesday evening at the home of the bride's sister, Mr. and Mrs. Harvey Arter. They received a large number of useful and pretty articles that will help to equip their own home in the very near future, all of which the happy couple appreciates.

Wesley Whittenberger has finished up the painting of the Culver Carnegie library and he says he won the approval of the community by that job and was given a thousand dollar job painting the new Farmer hotel of that place, which will be ready for him in a few weeks.

C. F. Hoover has been employed by the business men's club to night watch the town. This is a sane move if we obey the "safety first" dictation of which we hear so much. Akron should get into the class on this line worthy of its reputation as a commercial center.

Born to Mr. and Mrs. C. E. Rader east of town, a boy baby, which is the third boy in this family. No doubt he received a hearty welcome by his big brothers.

James Ginn has closed his tent for the winter and went to the county farm to work for the winter. He will be missed about town by those who needed him for odd jobs, but his tent was a little too cool for him in the winter to stay there and he had no other home.

Howard and Wren Hartman were called to Plymouth to attend a cream-convention, today and tomorrow which includes the boys that drive the Schlosser cream wagons, which in this case means fifty or more. This includes the Hartman boys from here. For the trip their expenses are all paid. The convention is a real school. The Schlosser company gives their drivers two days every year for attending this convention, pay them for their time and hear the expense of the trip. This is all done to train and educate their men in the milk and cream business. The Schlosser company understand that efficiency in the men who buy the milk and cream for their use is worth something. An inefficient man would soon sink their business. Though the expense of the convention is heavy, yet it is worth to them all it costs.

## Valley beats Rochester Shipleys note

By Ron Newlin, NEWS sportswriter

Coach Floyd Henson's Tippecanoe Valley Vikings registered their third triumph in three attempts Saturday night, topping the visiting Rochester Zebras by a 69-60 score.

The game, sold out days earlier and played before a packed house, promised to be a thriller but proved to be a one-sided affair. After Rochester scored the first basket, Tippecanoe jumped to a 12-4 lead, behind the shooting of Kevin Eaton, John Lash and Greg Kindig, a trio who dominated the scoring all night. Rochester closed the quarter with a rush, however, drawing to within 2 at 18-16 on a 40-foot swisher at the buzzer.

For the second straight week, though, the second period turned out to be all Vikings. Hot shooting and a hustling defense helped the Vikes to a 23-10 quarter. When the teams broke for intermission, Valley held an imposing 41-26 lead. In the third quarter Tippecanoe stretched it's lead to a game high 19 points on two occasions, and owned a 57-40 advantage at the third stop.

In the fourth quarter Rochester's press, which had never been more than a minor annoyance to the Viking attack, began to take it's toll, and the Zebras looked as if they might rally and challenge. But after three minutes without scoring, the Valley got it going, and Rochester never drew closer than the 69-60 final score.

The Valley's FFA basketball team started out the season with a win over Bremen with both A and B teams winning.

High point men for the A team were Milton Cox, 28; Gary Lipply, 21, and Gary Smalley, 15.

Brent Merley and Brian Hill each had eight for the B-team.

Kevin Eaton scored 19 points to lead Tippecanoe. Playing strong supporting roles were John Lash and Greg Kindig added 16 markers each. Ryan Williams and Eric Alspaugh ruled the rebounding and scored 9 apiece. Rochester was led by Skip Harshman with 18 tallies.

The Valley JV's battled for three quarters, only to lose their second game of the year by a score of 46-39 when the Little Zebras pulled away in the final frame.

The Vikings take their 3-0 mark to North Miami Saturday.

# Oscar Baker, teacher: I sleep you and teach

By Ann Sheetz

Singing, special numbers and announcements are not part of Truth for Today classes. "We just don't have time," says TFT founder Oscar Baker, a Bible teacher who operates with the slogan: We 'eat' you, sleep you and teach you --free.

Truth for Today is an interdenominational Bible study. "We have our weekly classes right here in the living room," Baker says. "That way people feel at ease, free to ask questions. We put all our time and emphasis on Bible study, but we are flexible too. We can vary it to in-

clude whatever passage someone is especially interested in."

"I'm neither Catholic, Protestant nor Jewish," Baker tells interviewers. "These are categories made by men and are only superficial. Calling a church body a denomination is like putting up a fence--you leave most of the people on the outside." Asked if his Bible study is conservative or liberal, he replied, "I don't like being card indexed. We believe the Bible is the actual word of God, and we only try to find what it says."

Baker was born within three miles of his comfortable home on CR 100 So. in southern Kosciusko Co. "I was brought up right," he says. "Bible reading, prayer and in the nurture and admonition of the Lord."

After earning a bachelor of arts degree at Indiana Central College where he majored in music and minored in French and literature, he went to Montana as a teacher. He served a church in Michigan for a few years and later became vice-president of Sherwood Conservatory in Toledo, Ohio. Trained as a musician and drawing on his evangelical background, he organized a gospel band that played in 65 churches of every denomination during one two-year period. During this time he heard messages of all persuasions and became convinced that "people have become disillusioned with religion." He defines religion as "what man does for his God and appeases him." "Christianity, however, recog-

## Omega members, families give thanks at dinner

Members of the Omega Club celebrated family night November 25 at the Akron library with Rosemary Hollingsworth, assisted by her husband Keith, as hostess.

Tables were decorated with tokens of Thanksgiving. The Rev. Lee

Stubblefield gave the blessing.

Roll call was answered by quoting a scripture verse using the word "thanks."

Ruth Bowen gave devotions, using a number of Psalms and excerpts from Paul's writings, impressing the need to give "thanks" to God in everything, even in advertising, as well as in joyful occasions. She concluded with a poem and prayer.

Velma Bright presented a travelogue of a trip to the southern states, one in which many former Akron residents were shown.

Guests included Miss Bright, Marie Bright, Goldie Ferree, Margaret Slaybaugh, the Rev. and Mrs. Lee Stubblefield and family, Mary and Elizabeth Harter, Paul Bowen and Janet Bowen.

Gloria Bowen gave the benediction at the close of the meeting.

nizes what God has done  
for us."

Returning to this area  
in 1941 after a brush  
with death because of  
an ulcer, he felt it was  
time to slow down a bit.  
And, at 40, he felt his  
life's direction was  
changing: the music  
teacher was becoming a  
Bible teacher. However,  
it wasn't until 1948  
that he finally left the  
public school system,  
having in the meantime  
taught at Atwood in ad-  
dition to farming.

Truth for Today class-  
es soon kept him so busy  
he had to sell his  
livestock and rent his  
fields. Eventually, his  
photography hobby was  
discontinued because of  
the pressures of the  
new endeavor and, fi-  
nally, even his music  
had to be set aside  
for a later time. "We  
never have enough time,"  
he says.

In addition to the  
Tuesday night classes,  
which are attended by  
"0-40 people, depending  
on the night," Baker and  
his wife, Mae, print and  
mail a monthly publica-  
tion to 5,300 people in  
all 50 states and 47  
countries, often work-  
ing until 11 p.m. to get  
the copy set and the  
paper printed and ad-  
dressed. They also print  
booklets and make tapes  
that are sent to New  
Zealand, Australia, Eng-  
land, India and all over  
the United States.  
Three radio programs are  
taped in their home for  
broadcast in Missouri,  
Arkansas and Oklahoma.

Seven years ago the  
Bakers made a speaking  
trip to England and  
Scotland, their lone  
overseas venture. How-  
ever, they have spoken  
all over the United  
States and frequently  
speak in Canada. Their  
most recent trip was to  
Ontario in October, and  
it was typical of most  
of their meetings. "We  
began on Friday, had  
questions and answers

on Saturday and three  
sessions on Sunday,"  
Baker notes. The meet-  
ings are conducted in  
homes, bank basements,  
clubhouses and lodge-  
rooms and are kept as  
informal as those in the  
Baker living room.

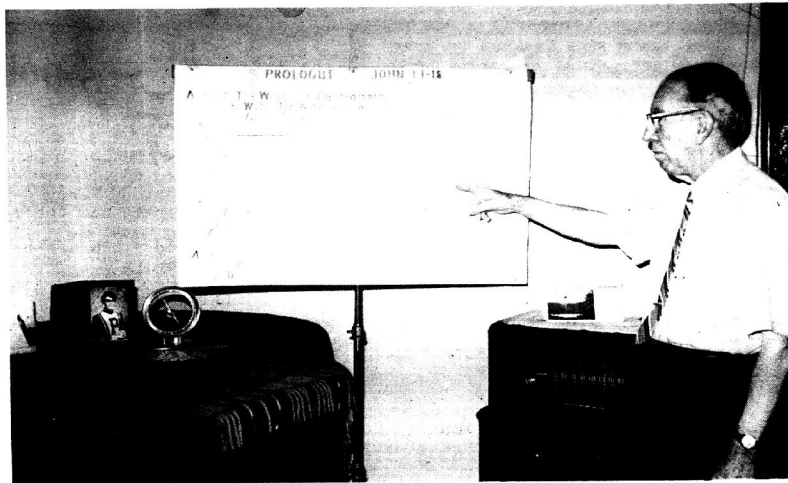

"Our biggest reward  
is seeing people get  
interested in the Bi-  
ble," he says. "I don't  
pre-digest it for them.  
Real education is not  
cramming in facts; it's  
helping people want to  
find out. A lot of  
people approach the Bi-  
ble from an academic  
standpoint. But they  
can only learn by reve-  
lation. I can't teach  
the truths of the Bi-  
ble."

Truth for Today has  
taken over the Baker  
home. Printing equip-  
ment lines a sunny  
porch; tapes and record-  
ers crowd the study and  
huge charts supporting  
Baker's theory that all  
scriptures are built on  
structures line the din-  
ing room and are mount-  
ed on an old camera  
stand in the living  
room. And, adhering to  
their motto, they fre-  
quently house overnight  
guests, sometimes for  
as long as a month.

"We never ask for mon-  
ey," Baker says proudly.  
"Truth for Today is en-  
tirely self-supporting.  
The money just comes in.  
Sometimes someone we've  
never heard of writes  
out a check for a couple  
of hundred dollars and  
sends it to us."

Nor does he feel his  
Bible classes conflict  
with church services.  
"We get along fine with  
churches," he says. "We  
don't bother them, they  
don't bother us. We're  
on different spheres.  
We don't trespass or  
argue or proselytize.  
It's not uncommon for  
us to have several min-  
isters join us."

## Spotlight on 4-H

By Robin Secrist

The Mentone Merry 4-Hers recently had their November meeting. It was called to order by Myra Eaton.

The 4-H pledge was led by Leigh Utter, and the pledge to the American flag was led by Jackie Secrist.

We decided on our goals for the coming year. They are: to have a beauty clinic, to have summer classes, to have a first aid course, to participate in share-the-fun and to have a program for our parents.

Enrollment cards were handed out and discussed.

One of the projects available to 4-Hers is childcare. Through this project a 4-Her learns about the playing habits of pre-school children. The 4-Her plays with a child and helps make him aware of the sights and sounds around him. This helps a 4-Her prepare for the future role of a parent.

## COURT NEWS

Tammy A. Waddle, R. 1, Mentone, and Randy J. Waddle, Mentone, have filed petition in Kosciusko Circuit Court for dissolution of their Aug. 18, 1973 marriage. They separated Oct. 26.

## It Happened In Mentone

Taken from the Nov. 30, 1949, issue of the Northern Indiana Co-Op News:

Henry Konneck and Earl Anderson returned Saturday from a deer hunt in upper Michigan. The party of ten succeeded in shooting five deer and Henry was one of the more fortunate. His six-point buck dressed out 110 pounds of meat. Henry plans to have a venison supper at the Lake Trail Cafe Dec. 23.

Early last Saturday morning, while returning from the Sonja Henie Ice Revue at Indianapolis, Mr. and Mrs. Ora McKinley and sons had a very narrow escape when their car skidded on an

unexpected icy spot on the pavement near Wabash. The car turned around and went into the ditch, suffering comparatively slight damage. Mr. and Mrs. McKinley were shaken up and bruised and the boys were uninjured. We think they are very fortunate.

Mr. and Mrs. Don Beard and daughter of near Larwill were visitors at the home of Mr. and Mrs. Walter Lackey on Tuesday.

Lyndes Latimer spent last Friday in Chicago where he visited the Antique Mart.

Present at a chili supper Tuesday at the home of Elener Norris were Patty and Sandra

Ballenger, Barbara Kessler, Lois Ummel, Diane Creakbaum, Carol and Beverly Teel, Donna Coplen, Ruth Golden, Velma Coplen, Iris Jones, Norlene Bibler, Marilyn Rathfon, Emma Jones, the leader, and Elener Norris.

Usually taken for granted is the familiar red fire alarm box on the corner. This signal service however becomes all important when disaster from fire threatens. It is then that it serves a very definite purpose.

These boxes and connections must be kept in good repair, tested often. They may someday save your home, place of business or even your life.

Often the Church performs a service similar to the fire alarm box. Man, through Providence, has made it a communications center for the soul. The Church is his signal service. Here then maintenance and frequent "testing" is truly essential. Through the saving grace and help of some church keep your "prayer-line" open. It will serve as a communications center to needed spiritual service and is a "box" that deserves a prominent part in each life.

## NEW BOOKS

### AKRON CARNEGIE LIBRARY

New books at the Akron Carnegie Public Library include the following:

THE RETURN OF LAFAYETTE 1824-1825 by Marian Klamkin. At the invitation of Pres. Monroe, the General accompanied by his son, George Washington Lafayette, and his secretary visited the United States for a full year 1824-1825. He made a triumphal progress throughout the country. To mark this, souvenirs of all kinds were produced-glass, china, medals, even embroidered handkerchiefs, which are sought by collectors today. This book therefore has a double appeal, as a description of a unique episode and as a guide to collectors of Americana.

NEEDLEWORK NOSTALGIA edited by Barbara Weiland. This is a collection of authentic needlework designs from the Butterick archives.

THE INVISIBLE CORD by Catherine Cookson. A strong, ambitious woman, Annie, through her energy and intelligence, brings her family economic success. But her unwise attachment to her oldest son Rance spells tragedy. What happens to Annie and her family as a result makes for a rich engrossing narrative.

ALLEGRA by Clare Darcy. As always, the author brings to life a charming, spirited heroine, an urbane gentleman of the Ton to match her, and the glowing background of the period, which was just before the battle of Waterloo.

**SPORTING GIANT STRAW HATS.** these young people, recently returned from Haiti where they worked in a mission compound, have a new perspective on the work being done there by the missionaries their church supports. All attend the Silver Creek Church of God. Back row, from left, are: Dennis McKee, Larry Rhoades, Jeffrey McKee, Rick VanCleave. Front row: Deanna VanCleave, Christine Rhoades, Kathy Sells, Machele Rhoades, Nancy Rhoades and Lamonte Rhoades.

## Visit to Haitian missionary compound reveals scope of mission field

"The next time our church discusses funds for missionaries, we will know where the money goes," Larry and Nancy Rhoades said of a work mission that took ten people from the Silver Creek Church of God to Haiti. "We not only saw the work they are doing, we came home with a very healthy respect for the sacrifices they have to make."

Making the trip were the Rhoades and their children, Machele, Christine and Lamonte; Rick and Deanna VanCleave, Jeffrey and Dennis McKee and Kathy Sells.

The trip was the result of months of planning. Fund-raising events that included serving meals at farm auctions, staging bake sales and selling cider helped pay expenses.

The ten drove to Miami, Fla., in the Rhoades' van and then flew to

## Akron EMT's to begin schooling

Qualifications for an EMT school and items to be studied were outlined to volunteers of Akron's Emergency Medical Service Wednesday evening. Leading the discussion was Katie Green, an EMT from Woodlawn Hospital.

## Newlin is DAR winner

Ronald Newlin, a senior at Tippecanoe Valley High School, has been named the winner in the Good Citizen Contest sponsored by Anthony Nigo Chapter, Daughters of the American Revolution.

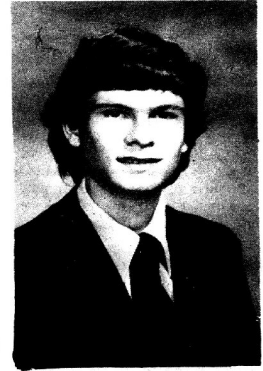

The contest is open to senior boys and girls from public and private accredited high schools.

Preliminary voting is done by fellow students who chose three seniors from whom the faculty chooses one to be the winner.

Qualifications include leadership, dependability, service and patriotism to a high degree, according to the sponsoring organization.

Newlin, son of Mr. and Mrs. Maurice (Bud) Newlin, is president of the TVHS student council.

The local winner will compete for a county award with that winner in turn competing for

Ronald Newlin

state honors. All state winners will vie for a national award.

The National Association of Secondary High School Principals has placed this program on the Advisory List of National Contests and Activities for 1975-76.

**LOCAL FREE THROW WINNERS.** from the left, were Shawn Cumberland, Mark Howard and Brett Cumberland. They represented Akron in the annual Elks sponsored free throw contest at Rochester. A local elimination free throw shoot in each of three age categories resulted in Shawn winning the 8-9 age group, Mark the 10-11 and Brett the 12-13 group. Each participant shot 25 free throws with the best from each age category winning in his respective age group and representing Akron at Rochester on December 7. Shawn and Brett won in their categories at Rochester with Shawn hitting 17 of 25 and Brett 20 of 25. They will represent the Rochester Elks at the district shoot at Valparaiso University on January 24.

## TV homecoming Dec. 19

All alumni of these schools are invited to

remain after the game for a reunion-reception in the school commons. Graduates of the corporation's high schools will be saluted. Refreshments and a brief program are planned.

## Rent a Santa, help buy an ambulance

A visit from Santa Claus can aid the Mentone ambulance fund drive if the Santa is rented from the Mentone

Lions Club.

The club will contribute all donations and rental fees to the ambulance drive.

Regular Wednesday evening meetings are planned, according to Akron town board president Ron Fenimore. He said volunteers will be notified.

## Visit to Haitian missionary

Cont. from page 1

Port-au-Prince, where they were met by their former pastor, George Reser, and his wife, Jane, now missionaries to Haiti, and their infant daughter. The 80-mile drive from Port-au-Prince to the compound in Borel took four hours. "There were 13 of us and 400 pounds of luggage in that Jeep Rover," they recall.

But they found the rewards were great as they worked on the compound, painting, building and doing secretarial work. In addition to this, they visited area churches, giving programs in each. Presented through interpreters, these consisted of testimonies, reading and singing.

One of the churches was a three-hour horseback ride from the compound. The mountain roads took their toll on the horses that Nancy Rhoades describes as "so skinny that when we took the saddles off, we couldn't bear to look at the sores the saddles had rubbed. They said these places never heal because the horses stay so thin. They never have anything to eat except very hard grass."

"The grain that they have has to go for hu-

man consumption," Larry added.

Repeating the ride back to the compound, they presented the same program to 500 people in another church, feeling the exhaustion that came from a day that began at 4:30 a.m. and ended at 10:30 p.m. and included six hours of riding.

"We were exhausted," they said, "but we all felt rich rewards."

The temperatures often ranged between 115 and 130 degrees. "It certainly didn't seem like Thanksgiving," they said of the holiday they spent there. "It was just too hot."

Returning to Florida, the group visited John and Onalee Rhoades and then drove to the east coast to see Bill and Elizabeth Riley.

In summarizing their trip, they said, "In one week we had the privilege of swimming in the Caribbean, being on Miami Beach and jumping the waves of the Atlantic. On the way home we stopped at Disney World, and everyone realized how privileged America is and that to be an American is truly a heritage for which we can be humbly grateful."

## Letters to the Editor

The NEWS welcomes letters for publication but prefers that they be kept under 200 words. The letters need not express the views of this paper; however, they should not be libelous or in poor taste. Anonymous letters will not be published. The name of the writer must appear with his letter.

### Not yet!

Dear Editor:

I have had a number of letters, cards and telephone calls asking if I am retiring in Boise, Idaho. I always said that Mentone people are the greatest, that I still believe in those I still love.

I wonder, with such an ordinary person as myself, why anyone would care, but you have and you do.

It has been a rough month in bed with heart, blood, sugar and my legs acting up. But after one month of averaging 25 people a day coming in the back door and with the doctor letting me up once a day to preach, everything seems better.

So I am planning three Halloween parties for the church and community. We are casting long plans for the Thanksgiving dinner for those who want to come. The big family Christmas candy party so people will have candy for Christ-

mas. We must start building for our outdoor/indoor nativity scene. Also, for our Bicentennial celebration. We have come a long way in our great country. We love every minute of it.

Not yet! I will never retire. Main Street may want a younger man someday, but as long as there is a need somewhere, I will try and fill it.

It's fun. It's still fun. You are all wonderful. I am here and I am glad. Thank you. --Garrett H. Phillips

If there is anything worse than making a mistake, it's finding out that you are so unimportant, nobody noticed.

A hospital bed is a parked taxi with the meter running.

## Other countries aid Bicentennial

Did you know that 22 other nations have established official Bicentennial committees to help develop and coordinate programs and activities? In Australia, for example, during March and April 1976, plans include local performances of American plays, publication of a book on American history, exhibits of American Indian crafts, parades and square dancing.

We shouldn't forget that out Nation's development during these past 200 years is an integral part of many other nations who are also very much interested in our Bicentennial celebration. We wouldn't be here today without their past help.

## Situation normal???

For those who insist that Communism is not involved in the chaos presently upsetting our nation, we respectfully request that they consider some of the Red Rules for Revolution. These are not new rules but a repeat of a document obtained by allied forces in Dusseldorf, Germany, in 1919 in which the Communists outlined their plan for bringing about a revolution. Listen to these rules and ask yourself if anything sounds familiar:

1. Corrupt the young, get them interested in sex. Make them superficial; destroy their ruggedness.

2. Get control of all means of publicity, thereby getting people's minds off their government by focusing their attention on athletics, sexy books, plays and other trivialities.

3. Divide the people into hostile groups by constantly harping on controversial matters of no importance.

4. Destroy the people's faith in their natural leaders by holding them up to contempt and ridicule.

5. Always preach true Democracy but seize power as fast and as ruthlessly as possible.

6. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent.

7. Promote unnecessary strikes in vital industries, encourage civil disorders and foster a lenient and soft attitude on the part of government toward such disorders.

8. By specious argument, cause breakdown of moral virtues, honesty, sobriety, conti-

nence, faith in the pledged word.

And finally, cause the registration of firearms on some pretext, with a view of confiscating them and leaving the population helpless.

These are the actual quoted statements of a Communist document concerning rules for bringing about a revolution, confiscated by allied forces way back in 1919 ...frightening isn't it?

## ODDS and ENDS

By Ann Sheetz

As a first-born, I always took it for granted my parents had either found me under a cabbage leaf or had purchased me from a stork. I never realized it was possible to join a family any other way, a notion that left me unprepared when our youngest announced he wasn't ours.

It was lights out time, and Doug had just wound up his day by telling me of the dream he'd had the previous night--one of having been adopted.

"Well, how'd you like the idea?" I teased.

"It wasn't the first time, you know," he replied seriously.

"The first time for what?"

"The first time I'd been adopted. I know I'm adopted. You don't have to kid me."

"Whatever in the world made you think that?" I asked. "I can prove you weren't."

"I think I can prove I was," he said, his face as serious as only an 11-year-old's can get.

"How?"

"Just look at all the pictures you have of Todd. You don't have that many of me. I wasn't around here when I was little so you couldn't take pictures."

"You were around," I assured him. "You and Todd looked so much alike at the same age that even your father and I don't know which of you is which in some of the pictures."

"Ha!" he snorted.

It is true that we have fewer pictures of him than of our first-born. Like most parents, we simply didn't take as many snapshots or keep up the baby book as well the second time around. If we had three or four kids, I'm positive the last one would have to be content with his birth certificate and reprints of his siblings' pictures.

After a somewhat vain half hour of trying to convince him he wasn't adopted, I found I was unable to dismiss his concern even when he fell asleep.

"Where do kids get silly ideas like that?" I asked a friend later. "I don't know," she said, "but I always figured I was too."

And it's been the same every time I've mentioned it to a second-born. As children, they all thought they were adopted.

"How'd you react when you learned you weren't?" I asked one.

"I was horribly disappointed," she said.

My, what a lot I missed by accepting that stork story.

But I guess there are compensations either way.

I found Doug and his father surrounded by a model kit, and my spouse was clearly baffled by the hundreds of parts that lay in front of him. "If you weren't adopted, I wouldn't spend so much time with you," he grumbled.

Our son grinned broadly, feeling wanted even if he wasn't completely convinced we found him under a cabbage leaf.

We never could get him to buy the stork routine.

We received a paper dollar the other day from one of our California subscribers. We gave that dollar to the butcher next door for a dollar's worth of sausage. The butcher took that dollar and went to a farmer, where he bought a hog to kill. So far this newspaper had drawn that dollar away 2000 miles and put into circulation here. This locality was one dollar a head. But that farmer sent that dollar to Sear-Roeback in payment for a jack-plane, and that dollar is in Chicago. Just how to get it back again we don't know. Sear-Roeback don't take the Akron News.

Mr. and Mrs. Irvin Pontius and their little son Everett arrived on Tuesday afternoon from Chicago on a short visit with his mother, Mrs. Abham Pontius south of town. Irvin and his little family bear the earmarks of prosperity. He has been contracting and building for some years and last year was a decidedly favorable season for him. They have not been here for four years and this time bring a boy with them of which they are very proud. He was born in California.

The sewing work done by the Akron high school girls will be on exhibition in the show window of this office on Tuesday of next week - one day only. These young ladies are very proud of their work and we have no doubt that it is all meritorious. It will pay every lady in town and as many from the country to arrange to visit this office some time that day.

Many farmers like the plan of naming their farms. It is pointed out that a farm name has an economic value and that the modern farmer is a business man and as such he should name his place of business just as grocers, druggists and other business men do. In choosing the name for the farm, give it some appropriate name. In case there should be a rock which stands high and is visible for miles around, the place might be called "Bald Eagle Farm", "Sunset Ridge" or "The Lookout." The names are suggestive of a condition, but it is much more information to the traveler if the owner's name appears in the inscription.

## Suffocations increase

The number of suffocations in grain bins has increased greatly over the past several years. Most people, especially children, do not realize that flowing grain is very dangerous. A flat bottom grain bin essentially turns wrong side out as it unloads. The flow is off the top and down a center cone at rapidly increasing speed. The grain becomes more like a liquid and won't support anyone's weight. Harold Brown, Fulton Co. Extension Agent, says, "Do not under any circumstances enter a bin of flowing grain or

while equipment is running or might automatically check-on. Warn children and any others who might do so. If you must enter a bin, use a rope or safety harness with two men on the outside who are capable of lifting you out.

If you think old soldiers just fade away, try getting into your old uniform.

The horse would have a good laugh today if he could see all the motorists adjusting their shoulder harnesses.

MINKS cavort on a hollow log in Garry Smiley's garage workshop.

# Garry Smiley--a modern

By Ann Sheetz

Eyes of every color stare as Garry Smiley works, but he doesn't mind. They belong to trophies of deer, antelope and bear hunts, fishing jaunts and trapping expeditions.

And they represent his favorite hobby--taxidermy.

A hunter and fisherman all his life, it wasn't until ten years ago that he turned to the new avocation. "There are schools now that teach it," he says of his background, "but there weren't any then. I took two or three correspondence courses and started."

He almost quit when

he cut his finger severely while skinning a pigeon, but after a two-year layoff, he returned to the hobby and has pursued it steadily since. "It's hard work," he says. "Only one person out of every hundred who try it continues."

Although the work is hard, it is challenging, one that demands study and perfection. Wildlife and nature books abound in his recently remodeled garage on SR 19 north of Mentone, giving evidence that a correctly mounted head reflects research as well as taxidermy skills.

Smiley estimates he has preserved hundreds of birds, animals and fish but has only ruined one--a quail that lost its feathers. "Birds are pretty hard," he acknowledges. "They have to be washed and skinned. Then you have to remove the fat and grease or you'll get a grease burn and all the feathers will fall out. After that you preserve it, add glass eyes and fix its bill and feet."

In the process, the bird or animal is mounted on a mannequin to give it form. Made of plastic, styrofoam or papier-mache, the mannequins look like giant wig forms except for the ones used for birds, which are little and scrawny and look like

MANNEQUINS for use in mounting deer and antelope heads and one for a duck share a cupboard top in Smiley's garage.

# Modern-day head-hunter

By Ann Sheetz

something a comedian might pull out of a soup pot. Along with a collection of glass eyes, knives and assorted paraphernalia, these are the tools of his trade. Expensive tools, he adds, running his fingers through the glass eyes, each colored for a certain animal, bird or fish.

Assisted by his wife, who does all the sewing, Smiley has worked on everything from a shrew to deer heads, but his most unusual project was patching a wastebasket made from an elephant's foot that belonged to former Mentone residents Mr. and Mrs. Glen Denton.

His garage is a study in contrasts with squirrels and mink sharing space with deer and antelope heads, bear skins, fish and ducks. "Hunters like the skins and heads as trophies," he explains. "And they like to preserve the beauty of the smaller animals."

Until recently the Smiley family, whose

home- "everything except us and the trophies"-- was destroyed in the 1974 tornado, lived at Crystal Lake where it was easy to pursue another favorite hobby-- fishing. "My kids catch bigger fish than I do," Smiley laughs as he points to a number of mounted bluegills, pike and walleyes.

"Trophies are different for everyone," he adds as he checks two fish in the process of being preserved--a 13-pounder and one weighing two and one-half pounds. "I've worked on salmon that weighed 35 pounds, but 20-pounders are easier and some of the smaller fish are even easier."

Flipping through a collection of pictures, he produces one that shows one of his more unusual fish--one that had swallowed another fish so big its tail was sticking out of the first fish's mouth. "I guess that's part of the fun of taxidermy," he says. "You never know what to expect next."

GARRY SMILEY removes pins and stiffening from a 13-pound pike he is in the process of mounting. He will later color it by hand and add glass eyes.

## No. Miami upsets Vikings

By Ron Newlin, NEWS sportswriter

The Valley Vikings made their first venture out of the friendly environs of TVHS gym Saturday and got a very rude welcome from the North Miami Warriors, losing 78-63 in their road opener.

It was a disappointing evening for previously undefeated Tippecanoe Valley, but although the Vikings played their shabbiest game of the year, they were in a position to win until midway through a catastrophic fourth quarter.

Cold shooting and porous defense haunted the Vikes all night, and the first quarter was no exception. Basically relying on 6'3" Ryan Williams, the Vikings were hard-pressed to stay within three at 19-16 in the first quarter. The Warriors continued to control play in the second quarter, but the Vikings stayed close and moved to within a point at 38-37 at the half.

Midway through the third frame the patented Valley blitz opened up and things looked bright for a few minutes. The Vikings pumped in 11 straight points to turn a 5-point deficit into a 52-46 lead. But Miami tied the score at 52-52 to end the quarter.

Tippecanoe forged ahead once more at 56-54 with five minutes to go, but no one in the gym was prepared for the debacle that followed. Six Viking miscues led to five Warrior fast-

breaks and a damaging 4-point play, and in the short span of two minutes Miami had scored 14 points in a row and led the stunned Vikings, 68-56. Tippecanoe battled back to within eight at 68-60 but then North Miami went into a stall and all the Vikings' desperation gambles backfired. The final score of 78-63 was indicative only of the disastrous fourth period, in which the Warriors outscored Tippy, 26-11.

Despite a cold night from the floor, Kevin Eaton led the Vikings with 17 points, followed by Ryan Williams with 13. Awesome Kevin Miller paced Miami with 29 points.

The Viking JV evened their record with a 60-59 overtime win. Jeff Shriver scored 19 points, but Darrell Shepherd stole the show with a basket at the end of regulation to force the extra period, and a free throw with three seconds left to win the game.

Tippecanoe Valley, 3-1, goes to Whitko Friday.

Faith sees beyond our mind's limitations.

Amy LaNell, sixteen months, daughter of Mr. and Mrs. Jasper Dulin, Akron.

A 25th anniversary is hard to celebrate--too soon to brag, too late to complain.

Janelle Elaine, 8, David Eugene, 5½, and Angela Beth, 3½, children of Mr. and Mrs. Eugene Koch, R. 2, Rochester.

A parent: Someone who carries pictures where their money used to be.

Jennifer Jo, 7, daughter of Mr. and Mrs. Con Shewman, Akron.

You'll never have more time. You have, and always have had, all there is.

Expert: One who makes his mistakes quietly.

### FOOD FACTS

Q. If a recipe calls for melted chocolate and I don't have anything but cocoa, can I use it?

A. Cocoa can be used but you must also include fat with it. A substitution for one ounce of chocolate is three tablespoons cocoa plus one tablespoon fat.

Q. What are the functions of potassium in the body and what foods are good sources?

A. Potassium functions in the maintenance of osmotic pressure and acid base balance of the body. Recent findings also indicate that potassium serves as an activator of enzymes and may be important in the body's use of protein. Potassium is found in almost all foods, both plant and animal. Good sources would include bran, peas, coffee, molasses, meats and milk.

Q. What type of pan will produce the best baked product--cake or bread?

A. Research has shown that an aluminum pan with shiny sides and a dull bottom will produce a product with large volume and good texture.

Q. How does sherbert compare to ice cream nutritionally and calorically?

A. Sherbert is made from a pasturized mixture of sugar, milk solids, stabilizers, acid flavorings and water. One cup of sherbert supplies 260 calories while one cup of ice cream supplies 200. Sherbert supplies very little calcium, protein and vitamin A. Ice cream provides ample amounts of these nutrients. Ice cream is a better buy nutritionally and calorically.

Send questions to Food Facts, c/o County Extension Office, R. 4, Warsaw.

## Fulton Co. ASC committee election results announced

Results of the December election of Fulton Co. ASC community committeemen for 1976 have been announced by Harris D. Lease, county ASC committee chairman.

Elected in order of chairman, vice-chairman, regular member, first and second alternates were:

AUBBEENAUBBEE UNION: Clement Good, James O. Wilson, Robert Troutman, Robert C. Kline, Oscar Lahman.

HENRY-NEWCASTLE: Geo. Sheetz, Paul Bowen,

Barry Peterson, Lavoy Hoffman, Wayne Engle.

LIBERTY-WAYNE: Daniel Walsh, Omer Hauser, Lewis Markley, Robert C. Herrold, Maurice Smith.

RICHLAND ROCHESTER: Howard Ewen, Robert Lewis, Harry Johnston, Dennis H. Foor, Dale Overmyer.

Lease said the county ASC convention will be Dec. 15 at 9:30 a.m. in the county ASCS office, where farmers will be elected to fill vacancies on the county committee. He said convention delegates will also elect a county committee chairman, vice-chairman and two alternates to the committee for the coming year.

Recently-elected ASC community committee chairmen, vice-chairmen and regular members automatically become delegates to the county convention, he said.

ASC county and community committees are in charge of local administration of such national farm programs as feed grain and wheat, farm storage and drying equipment and commodity loans, wool and ACP programs. Last year, Lease said, over 500 farmers--about 35 percent of all those in the county--took part in one or more of the ASC-administered programs.

## Roberts back in news

Clarence Roberts' name was back in the news last week, just over five years after a charred body was found in the debris of a fire-ravaged garage at his home in Nashville.

Investigation by state police determined the body was not that of Roberts, who formerly owned grain elevators in Akron, Claypool and Mentone. However, Roberts has not been seen since then.

Last week the case was reopened by a Brown Co. grand jury and a secret report submitted.

Roberts, who was heavily insured, had suffered financial losses at the time of the Nov. 18, 1970, fire.

A body found in the debris of the garage was first tentatively identified as Roberts, but the state police re-

## Fire causes \$10,000 loss

Fire caused an estimated \$10,000 damage Sunday night to a home occupied by Mr. and Mrs. Nick Stuckey, R. 2, Akron, and owned by Raymond Riley, Kokomo.

Akron fireman said the fire erupted around 8 p.m. and is believed to have been caused by an overheated oil stove. Firemen said the back portion of the home was gutted and damage was extensive to the rest of the house.

The dwelling is located two miles north of Athens on the Fort Wayne Road.

Enthusiasm sets the pace for anyone who is going places.

## School board continues search for mechanic-body man

"It's pretty hard to get a good man in our salary range," Tippecanoe Valley School Corporation business manager Robert Forbes said at Monday night's school board meeting as he described his attempts to fill the board's request for a qualified mechanic-body man to work in the corporation garage. "They all want more," he said. A motion made by Richard Goshert at last month's meeting had stipulated the administration be given leeway to man and equip the garage, which will be located in the former bus shed at the Mentone school, and had said the salary should be in the range of \$10,000 per year, depending on the qualifications of the individual found to man the garage.

Forbes presented the name of one person who had asked to be paid \$225 per week, along

with the usual fringe benefits. Board members rejected the application and later went into executive session for one hour to discuss the matter, returning without having come to an agreement. Superintendent Lloyd Harrell suggested the administration be

given a tight salary range and instructed to get the best-qualified person within it. Additional names are to be presented at the January 19 meeting.

Let us hang up our stocking with a hole in the toe

To the Editor:

God has been so good to all of us that when we hang up our stocking that it will have a hole in the toe, as God and Santa, and family, and friends put in all the goodness of life, we will slip a part of it through the toe to give to others--such as love, peace, joy, life, truth, money, candy, toys, quilts, clothes, food. If we pass out one half, or just a tithe of one-tenth, we will still have plenty.

I have 200 pounds of candy to give away at our big family candy party. Why don't you

bake a pie or a cake for someone, make a pan of cornbread and fry a big catfish and with a bit of honey and take it to a shut-in...Borrow a Santa suit, put it on and take a little Christmas tree and set it up and put presents on it for someone that will not have Christmas. It was nice for a big company to take handicapped people to their store; why not take a handicapped person to church before Christmas. Be cheerful, love everyone. Be nice to those who will never return it. Wear that hole in the toe bigger. Give and it shall be given unto you.

We live in a great world and a few people have set aside a little city of Mentone and we have it so good. I am here and I am glad. Start hanging up your stocking, no doubt it's more than full now.

Thank God for the hole.  
Garrett H. Phillips

## Death bed story

It seems that the old man of the town was lying at death's door in the hospital, with tubes and all to keep him alive, when the local minister came in to call on him. While the minister was standing near the bed, the old man started to gasp for air and was unable to speak. In order to understand what he was trying to say, the visitor handed him a piece of paper in order to write what he was saying. The old man scribbled something on the paper, and in the excitement of his passing, the minister just placed it in his pocket without looking at it. When the funeral service was going on, the preacher remembered the scrap of paper in his pocket. He announced that he had the last words of the dying man which he had received but had never read, so would read them now so that all could hear. Much to his chagrin, he read:

"Get your foot off my air hose, you fool!"

that the transfer of funds from cumulative building to general had been approved by the School Property Tax Control Board and one by Harrell that TVHS has been recommended for a first-class commission and the schools at Akron, Burket and Mentone for continuous commissions following a recent State Department of Public Instruction evaluation.

Permission was granted to distribute a brochure prepared to acquaint the community with TVSC.

Harrell reported an unfair labor practice hearing on a suit filed by Tippecanoe Valley Classroom Teachers Association regarding the posting and recognition of Professional Teachers Organization had found against the board. The latter authorized having attorneys appeal the decision to the full Indiana Education Employment Relations Board.

Approval was given a request to secure an additional home economics teacher to lighten Wanda Fox's load. She presently has 180 students in six periods. (The normal instruction load is five periods a day.) A half-time teacher will be employed to take the sixth period and half of two other classes expected to have larger enrollments during the second semester.

Harrell recommended board members attend the National School Boards Association meeting in San Francisco in April. He said funds had been included in the budget for this.

"SWAP" day was considered a huge success, according to an evaluation given by Harrell, who said TVHS principal Forst Dunnuck should be given the credit for arranging it.

advise other advisory commissions. And often, the time and expense for the resulting service is for naught because it is not acceptable to the political position of the advised.

Inflation-weary Americans often take their frustrations out on the checkout clerk at the supermarket, the gas station attendant, or the repairman. Seldom, when they look at their payroll check stub and gasp at the amount set aside for Uncle Sam, do they sit down and write their congressman, demanding a halt to government overspending.

If Washington used the mule psychology, one meaningful, necessary commission could do the job of three--and at only 1/3 the cost. If Barney can get the job done, there would be no need for Bill or Ned.

- Indiana Farm Bureau

A GED diploma was signed for Darrell Edward Hively, and Wade Holloway was approved as a substitute driver.

Six weeks' maternity leave was granted Jennifer Williams, and Dr. Harrell was granted permission to serve on the North Central evaluation committee for Elmhurst High School in Fort Wayne January 13-16.

Extra-curricular pay scales for junior high girls' coaches were set at \$300 each for track and basketball with Wm. Ruppel to fill both positions at Akron and Marjorie Welling to head track and Susan Grossman basketball at Mentone. Alberta Davis will be cheerleader sponsor at Akron and Mentone for an additional \$75 and Polly Finney will assist at Mentone for \$25, according to a scale adopted.

Carol Cumberland's resignation as secretary of Akron Junior High was noted, and Edna Smith was approved as her replacement.

At Goshert's request, ongoing evaluations of four tenure teachers denied pay increases will be studied at the next meeting.

During audience time, Jean Roberts complimented the board for expanding girls' athletics and for the swimming program for elementary students, and Phyllis Gearhart said she felt the students who attended school on SWAP day had as good a time as the parents.

## Mule psychology

The story goes that one spring day, many years ago, a city fellow took the day off from the office to hike through the countryside. He paused to watch a

farmer plow his field with one mule. "Giddap Billy!, Giddap Barney!, Giddap Moe!" the farmer kept shouting.

The puzzled city man asked how many names

that one mule had. "Just one, the farmer informed him. "His name is Barney, but he doesn't know his own strength. So, I put blinders on him and yell three names at him. He thinks the other two mules are helping, and he does all the work himself."

Pretty clever psychology, the city fellow thought. If you could only use that kind of psychology to get a man to work real hard... make him think he's got lots of help--just think what he'd do. The next day he went back to his office and invented the committee.

Now, that may have been the start of the committee, but it surely wasn't the end--especially in our nation's capital. Commonly known as commissions, panels, task forces, boards, or groups, there are between 2,000 and 3,000 of them to "advise" various agencies of the Federal Government, whenever Washington can't make a decision--or wants to postpone one--it creates a commission.

In addition to the actual committee members, they employ between 4,000 and 5,000 staff members. It's difficult to pinpoint what it costs taxpayers to maintain these various commissions, but it is estimated to be between \$65 million and \$1,000 million per year.

Some advisory bodies are very necessary and valuable, of course, but their proliferation is overwhelming and their lifespan seemingly endless. We even have advisory commissions to

Elder Riggie, A. A. Gast and Oliver Utter returned from the "Big Woods" last Thursday. They have been gone three weeks and report a special good time. They saw in all more than fifty deer and one bear. They brought with them a large buck a trophy of their hunt. It has been hanging for a week in the Hoffman-Wilhoit meat shop, and has attracted a host of people. Mr. Riggie says the trip done him a world of good and he feels like a new man physically.

On Friday and Saturday of last week Mr. Riggie mailed out to about every state in the Union, to Canada and some foreign countries, between six and seven hundred of his new books, "The Riggie-Kesler Debate." The post-office was almost flooded with books, and postmaster Fultz has been doing a greatly increased business as a result. Mr. Riggie has paid out for stamps alone to mail his present orders over \$50.

Mothers Club was delightfully entertained at the home of Mrs. Byron F. Dawson on Tuesday in honor of Mrs. E. A. Gast, who will soon leave for her new home at Warsaw. The house was decorated with reminders of Christmas. The afternoon was spent in a social way after which a delicious two course luncheon was served by a committee of three, assisted by Mrs. Dawson.

A few days ago we met Mr. and Mrs. Henry Meredith on the streets. It was a pretty cold day, registering about 14 degrees above zero. Mr. and Mrs. Meredith looked to us to be about half frozen. ## Mrs. Zunkel publishes new book

"When Hearts Grow Quiet" is the title of Cleda Zunkel's newest book, a volume of poetry.

Mrs. Zunkel, wife of Dr. Charles Zunkel, pastor of the Akron Brethren Church, is a homemaker, a mother of two and grandmother of seven.

A resident of No. Manchester, she is a writer and public speaker and has been a school teacher. She has been an active churchwoman on all levels, from local to national, and denominationally and in the church at large.

A college English major, she began writing poetry after her graduation. Many of her poems have been printed on greeting cards for special occasions and others have been published in various magazines and periodicals.

Mrs. Zunkel says she writes her poems for the sheer joy of writing.

She says of her poems, "If they can bring inspiration to others and help their 'hearts grow quiet' in these restless, turbulent times, then my fondest dreams will be realized. I believe that beautiful

## TV wrestlers participate in tourney

By Russ Isaacs, TV wrestling coach

### WRESTLING SCHEDULE

The Tippecanoe Valley wrestling team wrestled in the Rochester B-Team Tourney Saturday. The Vikings came home with eight place winners. The Valley team only entered 12 men because Bill Guerin is now wrestling 185 instead of heavy-weight.

Taking fourth place at 145 pounds was Kerry Waymire who got beat in his final match in overtime. Winning third place at 155 pounds was Greg Bussard. He pinned his final opponent. Winning third place at 138 pounds was Joe Moore, who pinned two of his three opponents and lost a very close match. Winning third at 119 was freshman Brian Mappin. He also pinned two of his opponents.

Wrestlers who made it into the championship bouts were Chris McClone, 126 pounds; Francis Fickel, 167 pounds, Doug Kelley 177 pounds, and Guerin.

Chris took part in probably the most exciting championship match. With 30 seconds left, the score was 9-9. His opponent from Northfield earned a takedown and near fall to win. Chris did an excellent job, considering he has been injured for the past two weeks. He pinned both of his previous opponents.

Rickel won 2-0 in his final match to win the championship at 167. He earned a reversal in the second period for the only scoring. Enroute to the finals, he pinned both of his opponents. Because of his fine showing in the tournament, he was named "Wrestler of the Week." He is now the only undefeated Viking, 7-0.

Doug Kelley lost to a tough opponent from Rochester in the finals. He defeated a Northfield wrestler to gain his way into the finals at 177 pounds.

Bill Guerin took part in the smallest weight class of the day, 185 pounds. There were only two entrants in that weight class. In the finals Bill pinned his Plymouth opponent in the first period.

The wrestlers from TV did a fine job for this first tourney.

The schedule for the rest of the year has been revised somewhat. The following is the Vikings' remaining schedule. Note that the Valley will host its own tournament Jan. 10.

## Viking Bulletin Board

### Vikes over Whitko in squeaker

By Ron Newlin, NEWS sportswriter

Coach Floyd Henson's Valley Vikings pulled off an upset and ran their record to 4-1 Friday with a 53-50 nerve-racker over the Whitko Wildcats.

Playing without injured 20-point-a-game scorer Kevin Eaton and on Whitko's notorious home floor, the Vikings were underdogs for the first time all year. Nevertheless, they jumped to an early lead and clung to it throughout the game, though not without some close calls. Perhaps the factor that won the game for Tippecanoe was its unpredictability. Noted as a run-and-gun team, Valley slowed down the pace, and chose the good shots, hitting 50% of their aeriels.

Big Ryan Williams, a familiar sight under the basket, moved to the unexpected role of floor leader on occasion. John Lash, assigned the unpleasant task of putting the clamps on 6'5", 25-point-a-game man Doug Fredericks, held the Whitko ace to 10 points through three quarters before fouling out. And super-sophomore Eric Alspaugh outbattled 6'7" counterpart Chuck Verba for 12 rebounds and ownership of the inside game.

The Vikings were saved in the first half, despite an overabundance of fouls and turnovers, by Whitko's complete inability to hit anything. Credit for this must go to the Viking's hustling defense, which harried Whitko into bad shots. The Wildcats scored only 17 points in the first half, as TVHS led 11-8 at the quarter and 27-17 at half-time.

In the second half, the Vikings jumped to as large as a 13-point lead, but it was not a comfortable lead. Tippecanoe was not playing its brand of basketball and everyone expected Whitko's potent offense to make a charge at any minute.

The charge came, as the Wildcats scored eight straight points to close the gap to 49-46 with two minutes left. Whitko had a couple chances to get even closer, but the spirited Viking defense rose to the occasion. Matt Gast and Greg Kindig each hit two clutch free throws in the final minute to ice it at 53-50.

Ryan Williams led the Vikings with 17 points, with Greg Kindig adding 14 and Eric Alspaugh 10. The Valley JV had an easier time of it, romping to a 58-27 win for their third victory.

Tippecanoe Valley returns home for a pair this weekend - a homecoming encounter against Northfield Friday, and a game with LaVille on Saturday.

### POLICE REPORT

### Akron Jr. High splits games

The Akron eighth grade basketball team rolled to its seventh straight win Tuesday night with a 46-42 win over Plymouth. The Flyers won the game with a balanced scoring attack that overcame the hot shooting of Masters of Plymouth. He tossed in 23 points in a losing cause. Tilden again led the winners with 14 while Murphy and Coplen added 10 each and Simmons, coming back into the lineup after being out for a month with an injured hand, added eight points. The Flyers opened with a rush that opened a 14-point lead in the first half, only to hit a cold streak and strong Plymouth team came storming back to cut the lead to one at halftime--23-22. In the second half, the teams played on even terms but the Rockies had trouble at the free throw line, and Akron

gradually stretched its lead to 36-30 at the end of three quarters. In the fourth quarter, the black and gold moved out by ten with three minutes to play and coasted home as Coach Creighton cleared the bench. Akron hit on 12 of their 17 free throws while Plymouth could manage only a cold four of 15 tries.

The Akron seventh grade team fell to the strong Plymouth five by a 10-point margin, 53-33. Akron fell behind in the early going and never got going. Hollonover led a brief rally in the third quarter and finally ended as top scorer for Akron with 11. Both teams will be back in action on Jan. 8 when they travel to Whites.

Happiness needs to be gathered every day--it seems to spoil in storage.

## What Mr. Meany didn't say

George Meany (in his own mind), champion of the laborers, grand champion of Americanism, has got what he wanted. Surprised? No, not really, since the majority of lawmakers and policy-making officials in Washington bow and scrape at his every wish and command.

The aging leader of the laboring classes began his campaign by

telling us he supported the boycotts against loading grain to the Soviet Union. Why? He claimed the sales would cause the price of bread to rise--and this would be a terrible thing.

How naive can you get? He knew better. He knew that there is only about four cents worth of wheat in every loaf of bread, and for every \$1 a bushel increase in the price of wheat, a loaf of bread would only go up one cent.

He also knew that the price of wheat to the farmer fell from a high of \$6.14 in February of 1974 to less than \$3 a bushel this past June.

He also knew that the price of bread went up during that time--which certainly can't be blamed on the price of wheat.

Now--let's get down to what Mr. Meany did not talk about.

He was wanting to ship the wheat to Russia all the time--only on his own terms.

He didn't breathe a word about what the average tanker crewman earns in a year--\$13,800 of which \$10,359 of this is in the form of subsidies from the taxpayers.

So--when the Russian wheat agreement was signed by government officials (ironically which included no agriculture officials) Mr. Meany got what he wanted.

What did he get? It got Meany what he wanted.

He got an agreement that one-third of the grain must be shipped in American ships.

He got the price for shipping increased from \$9.50 per ton to a whopping \$16. By anyone's standards---that's a pretty good wage increase.

It all boils down to the fact--Meany got what he wanted. But what about the farmers--the ones who planted, raised, harvested and even gambled on the weather--they didn't get what they wanted. And--to top it all off--they weren't even consulted.

Education has been described as the ability to fully describe a bathing beauty without using your hands.

**PENDRAGON, LATE PRINCE ALBERT'S OWN** by Robert Travelyan. John Hawdale Pendragon was one of the few British officers who survived the Charge of the Light Brigade, but the wounds he suffered forced him into an early retirement from his promising military career. In rapid order an insidious espionage plot unravels involving opium, explosives, a treacherous Russian Count and Chinese smugglers--a plot so dangerous it threatens the very existence of the British Empire. So begins a career for the young Pendragon, initiating him into a life of excitement and intrigue.

**ANNA** by Dagfinn Gronoset. At eighty-three Anna (she has no other name) recalls her whole life--a life that could have been lived hundreds of years ago but in fact took place in twentieth-century Norway. This Norwegian woman tells of how, fifty years ago, she was sold into life-long bondage--of her struggles to support her masters and herself in a mountain wilderness, and of her own triumphant survival as a human being.

## DAR aids museum fund

Members of Anthony Nigo Chapter, DAR, contributed to a money tree to be used for the Bell Memorial Museum during a recent meeting at Mrs. Wm. Cox's home.

The regent, Mrs. Glenn Clauss, conducted the ritualistic opening. Mrs. Arthur Brown read the message from the President General, Mrs. W. R. Smith, a quote of George Washington's prayer at Valley Forge.

Mrs. Wayne Smalley's national defense report was "How Fares Our National Security?" by Henry Huglin. It compared the U.S. national defense budget with the Soviet Union's.

"Red Ink Spending" was the title of a resolu-

tion read by Mrs. Ferd Koenig. Members were urged to remind citizens that deficit spending, far from providing a lasting security, will only guarantee a ruinous debt for posterity.

Mrs. Frank Smith gave a program entitled "Christmas and George Washington," telling how lost he must have felt that Christmas Eve of 1776 as he saw his soldiers ragged, frozen and dying. She said this was the event that reaped the cry, "These are the times that try men's souls." She said he never lost faith although no one was solidly behind him, seemingly a loser. After several trying years that included some of the darkest hours of his life, he was worshipped by everyone for his victory. He had lit the bright fires of American history, a humble but noble man who walked with God and knelt to pray for all rewards.

Refreshments were served to 15 members by co-hostesses Annabel Mentzer and Mrs. Kenneth Riner.

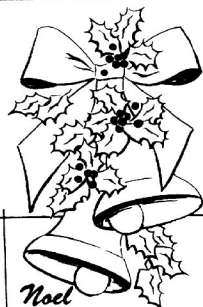

The next meeting will be January 13 at Mrs. Max Smith's home.

## Women's Fellowship notes Christmas

A special Christmas program highlighted the annual Christmas dinner and secret sister gift exchange of the Women's Fellowship of the Akron Church of the Brethren last Thursday at Lakeside Inn, Rochester.

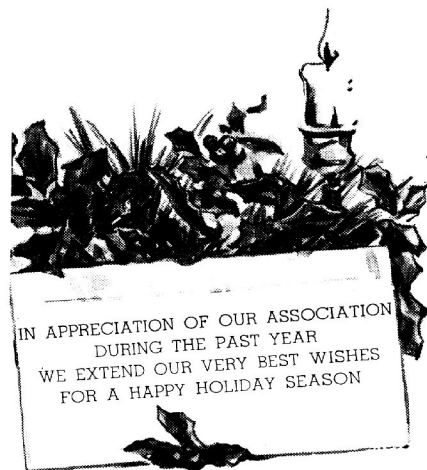

Members joined in singing carols, and Glenda Mark read a poem entitled "The Way We See Christmas." The Holloway family sang "O Holy Night."

Cider-based punches make good holiday drinks, remind Purdue University extension horticulturists. Used in combination with other fruit flavors, cider-based punch can be a colorful addition to your festive gathering.

REAL CANDLES are used on German Christmas trees, which are not cut until December 24.

# Christmas, a happy combination

By Ann Sheetz

No holiday more than Christmas is such a happy combination of traditions.

And possibly none is as beloved as the Christmas tree, which has been the center of yule celebrations since the 16th century when German theologian Martin Luther was so impressed by the grandeur of a brilliant winter night that he went home and put candles on a fir tree for his children.

Since then, in spite of oppression by Puritans and other groups who thought is a pagan practice, the celebration of Christmas has grown more popular, the Christmas tree the traditional hub.

Everyone has memories of a particular Christmas--the year the tree lost its needles by December 20, the last one with a favorite relative, the first one with a child, the first one away from home, possibly even the first artificial tree, a concession to the living room carpet.

Our own memories include a little of each, some happy, others very sad.

It wasn't until a magazine asked me to write an article about Christmas decorations that I realized how many ways there are of saying "Merry Christmas" with a tree and the many varieties of decorations that either exist now or have existed.

For instance, I didn't know until then that homesick Hessian soldiers fighting in the American Revolution introduced the Christmas tree to America. I did remember a Christmas in Germany when we watched in fascination as our friends lit real candles on their tree. "We just cut it today, so there's no danger of fire," they laughed. Possibly they had seen the dried fir our own homesick soldiers had erected in their barracks--a skinny little tree decorated with PFC stripes and bits of cotton. The traditions of Christmas, it seems, are endless in their cycles.

Nor did I know the evolution the tree had made since it had been introduced here. Candles were used on American Christmas trees for many years until the danger of fire ended the custom. Their holders were interesting. Now considered collectibles, they can occasionally be found at auctions.

Bonnie Whittenberger, R.2, Akron, who collects decorations and frequently uses them in her nostalgic talks at club meetings, has many unusual ornaments, including some that are supported by beaded holders. Many of these had clouded interiors, but

CASTING SHADOWS from an old-fashioned artificial Christmas tree used by Bonnie Whittenberger to share the traditions of Christmas are these baubles: a celluloid parrot from Japan; a glass bird for good luck; musical instruments; ornaments shaped like a teapot and like a raspberry. The candle is held erect by a weighted holder. Other candle holders either clipped to the branch or were anchored by spikes in their bases.

WE  
PRAY FOR  
PEACE AT CHRISTMAS

she found the inside finish could be removed to allow light to shine

through and cast rainbow reflections.

Mrs. Whittenberger also has several old

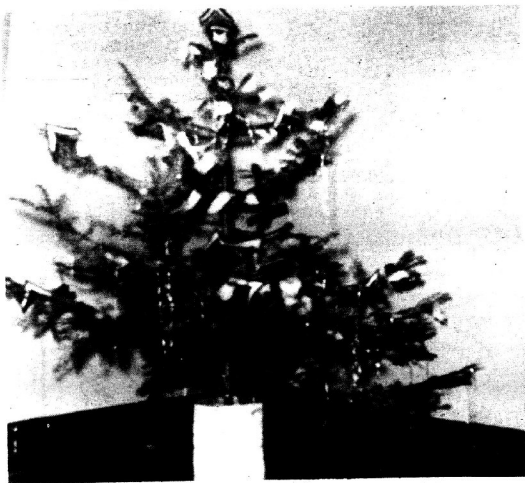

light bulbs, possibly dating to the change from candles to electricity. These were made in many shapes, the designs painted over milk glass bases. She has found a few unscrupulous dealers attempt to sell these as ornaments by cutting off the screw portions.

New decorations are created every year, some of which will be collector's items of the future. Just as it is fun every year to get out the old ornaments and reminisce, so is it a pleasure to add something new and special.

But in our hearts, we know there is nothing more special to add than an extra touch of love.

It is everywhere. All it asks is to be shared. And what better time to begin sharing it is there than this, the most special, holiest time of the year?

A "recession" is a period in which you tighten up your belt. A "depression" is a time in which you have no belt to tighten. When you have no pants to hold up, it's a "panic."

HOMESICK AMERICAN GIs brought a touch of Christmas to their barracks with this tree trimmed with cotton balls and military insignia.

# Eleanor Hoover participates in overseas crusade

Cont. from page 1

More than 13,000 air miles after she left Mentone on November 14, Eleanor Hoover returned home in time for Thanksgiving with new thoughts on the meaning of the holiday.

A secretary for Tippecanoe Valley School Corporation, Mrs. Hoover used her vacation to work with the Bowdoin-Sowder Crusade in Israel and Ireland. (This is the same group that conducted the Tippecanoe Valley Cursade in 1973).

The 285-member group left Chicago on November 15, flying to Tel Aviv via New York and then traveling by bus to Jerusalem for two rallies. Their days

were free for sightseeing with visits to Bethlehem, Nazareth, the Sea of Galilee and the Garden of Gethsemane.

"We actually felt the living presence of Jesus as we walked the same streets He walked," she says. "We felt His love, and it sustained us."

Approximately 50 people went forward for Christ during their crusade in Jerusalem and another 120 were baptized in the Jordan River.

Buoyed by prayers from home and the love they had felt in Israel, the crusade team left for a "Love Invasion" in Ireland, making the 2,544-mile trip with a stop in London.

Members of the group, by then numbering 325, lived with area families for the first two nights of the lay witness mission. Two hundred of them worked in 13 simultaneous lay witness meetings while the others went out two at a time to witness and speak on college campuses, full gospel businessmen's meetings and churches.

Mrs. Hoover and a friend from Illinois conducted meetings for children in Bangor, helping them make tissue flowers and write letters to God. The children sang and handed out flowers in a program. "That sounds so simple," she says, "but actually, it was part of a miracle." Explaining, she says, "We had to buy those materials from the local dime store instead of using the film strips and tapes we had shipped from home. They were lost in transit and didn't arrive until the last day. It was then I realized God had given us a small miracle by not allowing the material to get there. We were supposed to be showing them how they

By Ann Sheetz

could conduct similar programs. By having to use what they could purchase themselves, we accomplished our purpose. If we had used our material, they would have said, 'We can't do that.'"

The crusade in Ireland centered on the Belfast area, focus of much Catholic - Protestant fighting that the local people referred to as "our troubles." Cautioned not to discuss the trouble with the residents, they were very much aware of it no matter where they went.

Three British soldiers were killed in a skirmish on the group's first

night in the area. As in Israel, they saw soldiers everywhere, and even after they moved into a hotel, they were aware of them. "The barbed-wire fence that surrounded the hotel had gates that looked like something from a western fort," she recalls. Cars were stopped and checked for bombs, and the women's handbags were constantly searched.

In spite of the threat,

the "Love Invasion" was successful, climaxing with 1,000 people holding hands and singing the Lord's Prayer.

"I just can't say what the trip meant to me," Mrs. Hoover says. "Or thank enough the area Christians whose sharing made my participation possible. It was wonderful. All that love, all that sharing, all that caring. But whatever you do, don't give me any glory for it. The glory belongs to the Lord."

## Kroft re-elected

Joe A. Kroft, Akron, a well-known Fulton Co. farmer, was re-elected to another three-year term on the Fulton Co. ASC committee at the December 15 convention in Rochester.

Delegates also elected Clem Good and Barry Peterson as first and second alternates.

County committeemen are Harris Lease, chairman; Joe Kroft, vice-chairman, and Byron Ginn, regular member.

The county ASC committee is responsible for local administration of government farm programs such as ACP, wool, feed grain and wheat, commodity loan and storage and drying equipment loan programs.

The vacancies were filled by farmer-delegates who are newly-elected ASC community committeemen for 1976. Community committees assist the county committee in farm program administration and help keep farmers informed of program provisions.

## Spotlight on 4-H

By Robin Secrist

In the spotlight this week is 12-year-old Beth Fugate. She attends Mentone Jr. High School and has been in 4-H three years. Her parents are Mr. and Mrs. Tom Fugate. She is also active in band and chorus. She has been

given the honor of playing the piano in chorus. Her hobbies are reading and bike riding. She likes 4-H because she gets to know people from other 4-H clubs through the county projects. Through 4-H, she has learned to sew and cook and increased her self-confidence. In the past, she has enrolled in dog obedience, foods, clothing, knitting and crocheting. Dog obedience is her favorite project because she likes training animals.

Her goal for this year is to have a project go to the state fair and be a good 4-Her and teen leader. In the past, she has won two trophies in dog obedience and this year she is the club song leader.

Before placing strings of lights on your Christmas tree, examine them carefully, suggest Extension agricultural engineers at Purdue University. Check wires for broken, cracked, frayed and brittle in-

sulation. Also inspect wires at the lamp bases and plug ends and check lamp sockets and cord plugs. If you can see bare wire or exposed metal screw shells on the outside of the sockets, throw the set away.

## It Happened In Mentone

Taken from the Dec. 14, 1949, issue of the Northern Indiana Co-Op News:

Word has been received in Mentone that a nine pound son was born to Rev. and Mrs. John Knecht, at Clay City, Friday afternoon. The big fellow has been named Mark Emerson. Grandma Hill, quite naturally, was pleased with this news.

Mahlon Mentzer and Nellie Reed plan to attend an income tax school of instruction at Indianapolis the latter part of this week.

Mrs. Wm. Vernett is much improved. She has been ill since a week ago Friday with a severe throat cold.

The Merry Molly's Home Economics Club met at Mrs. Noble Oyler's on Monday night. Officers

were installed by Mrs. Harold Utter and Mrs. David Gosser, of the Jolly Janes Club. Members present were Mrs. David Bowser, Mrs. Junior Fore, Mrs. Eugene Sarber, Mrs. Royal Blue, Mrs. Elwin Teel, Mrs. Marion Smith, Mrs. Kenneth Simcoe, Mrs. Jack Pritchard, Mrs. Noble Oyler, Mrs. Robert Nottingham, Mrs. Clayton Holloway and Mrs. Carl Whetstone.

Mr. and Mrs. Herbert Hamman and grandsons Joe and Richard Good, of Kewanee, called on Mr. and Mrs. Adam Bowen and Roscoe Sunday.

Mrs. David Bowser was honored at a surprise

pink and blue shower December 7 at the home of Mrs. Wayne Bowser.

Don't place too much confidence in the man who boasts he is as honest as the day is long-- wait until you meet him at night.

May it be the

NEARLY ONE-THIRD of General Telephone Company of Indiana's recently announced \$75.5 million construction and service upgrade budget for 1976 will be devoted to the installation of telephone cable, underground conduit and telephone poles. Pictured is one of the company's four statewide plover crews utilizing a specially prepared 25 ton diesel tractor capable of burying up to 13,000 feet of telephone cable per day. In 1976 the Fort Wayne based utility plans to install nearly 2,000 miles of new telephone cable of which 77 percent will be buried. Each plover crew installs over 600,000 feet of the communication cable each year.

## Ornament thefts mar holiday

Two Akron men and a 16-year-old Silver Lake boy were jailed early Monday after allegedly stealing outdoor Christmas decorations in the Akron area. Booked at the Fulton Co. jail by county and Akron police were Anthony H. Nelson, 21; Jack A. Peterson, 18, and the 16-year-old, who was placed in juvenile detention at the jail. Police said the three will be charged with stealing Christmas ornaments and lights from outdoor displays. Officers said they will seek charges in circuit court against the men and in juvenile court for the youth.

A fourth youth, James L. Bucher Jr., 18, R. 1, Akron, turned himself in to police Monday morning after investigation revealed he had aided the other three in the thefts. He was released later on \$500 bond. Police said he

will be charged in Fulton Circuit Court with theft of under \$100.

Police said the four stole ornaments, including a Christmas tree, church lights and a wreath, from outdoor displays.

Decorations were stolen from Beverly Srivier, Mr. and Mrs. Ted Robinson, Mr. and Mrs. Kenneth Hartzler, Dr. and Mrs. Lloyd Morgan, Mr. and Mrs. Neil Kuhn, Mr. and Mrs. Ralph Tucker, Mr. and Mrs. Jerry Bickel, the Akron Brethren Church and Stephen's Garage.

After taxpayers go crazy or bankrupt or both, they are taken care of by the taxpayers who haven't gone yet.

## Racky, the racoon, tries to be Santa

By Garrett Phillips

It was snowing in Colorado as Racky opened his little eyes. It was late Christmas Eve day. Racky rubbed his little eyes and ate a few bites of his fish, then he stepped out into the snow. But it was cold, so he climbed up the side of the Kittrell house where Thad had left the window open. Soon he was laying by the big pot-belly stove and he grew drowsy. Then suddenly! he heard bells....and there old Santa came down the chimney.

Santa didn't notice Racky. Soon he had filled Ron's, Robin's, Thad's, Matt's and Annah's socks. He left some presents for Larry, Ann and Nadine...then

he left a toy for Racky, and up the chimney he went. But...he lost his big, red belt. Up jumped Racky and got the red belt and made himself a cap that looked like Santa's. He went out in the snow and rubbed snow on the fur on his face. "Now I look like Santa!"

He climbed back into Thad's, Matt's and Annah's house, got some candy out of the dish and put it in all their socks. He ate the food that the boys had left for Santa and laid down

on the floor and went to sleep.

The next morning Thad and Matt found Racky there on the floor. All the snow had melted and Racky was wet and cold. But then Thad said, "Merry Christmas, Racky!" They were all awake and happy.

IT WAS CHRISTMAS!!

We now have airplanes to break the sound barrier and railroads to bust the bank.

The fellow who says he's too old to learn new tricks probably always was.

She was awarded custody of the couple's one minor child and \$30 per week support. Both are equally responsible for medical expenses. She was awarded the real estate and mortgage. The couple was married Sept. 5, 1970 and separated Mar. 30, 1975.

In the same court, Peggy Smoker, R.1, Pierceton, has filed a contempt suit against Roger Allen Smoker, R.1, Claypool. She seeks delinquent support in the amount of \$480 plus medical expenses totaling \$333 and \$75 attorney fees. He was ordered to pay \$20 a week in support of one child and the other amounts within 30 days. The couple married Nov. 18, 1970 and separated June 19, 1973.

In recent Warsaw City Court action, Paul W. Zile, Silver Lake, was fined \$45 for speeding, and David Smythe, Mentone, was found guilty of aiming a weapon, fined \$148 and given a six-month sentence, which was suspending pending appeal. A charge of deceptive insurance of a check against Jerry Bolinger, Akron, was dismissed on failure of prosecuting witness to appear. Trial for Deana Webb, Burket, charged with assault and battery, was set for Jan. 21.

In the same court, Wm. E. Hite, 30, R. 1, Mentone, was fined \$56 for speeding and Linda J. Hunt, 25, Burket, was fined \$35 for shoplifting.

An affidavit charging Kenneth Cole Zartman, R. 1, Akron, with drunken driving, fleeing a police officer and reckless driving on Dec. 5 in Fulton Co. was filed in Fulton Circuit Court Monday. He has been freed on \$500 bond.

## George Washington's prayer at Valley Forge

Almighty God,  
Father of All Men:  
To Thee we raise thankful hearts for deliverance from sorces of evil....  
Deliver us also, we beseech Thee, from the greater danger of ourselves.  
Have mercy upon us and forgive us for our part in the present desolation of the world.  
Awake us each time to a sense of our responsibility in saving the world from ruin.  
Open our minds and eyes and hearts to the desperate plight of millions.  
Arouse us from indifference into action.  
Let none of us fail to give his utmost in sympathy, understanding, thought and effort  
Fulfill in us and through us  
Thy glorious intention: that Thy peace,  
Thy love and Thy justice may enter into the regeneration of the world.

The above prayer at Christmas time is attributed to General George Washington. It would seem to be relevant and timely to use it as a challenge to us to again renew his earnest entreaties in this prayer. Anthony Nigo Chapter, Daughters of the American Revolution.

## QUICK CHOCOLATE COOKIES

Chocolate Toffee Crescent Bars was a prize winning recipe in a national baking contest. These confection-like bar cookies topped with caramel, nuts and chocolate will be a winner in your collection of favorite recipes, too. Equally good to serve to guests or as a family dessert, they are super-quick to make, because the flaky crust is refrigerated crescent roll dough.

### CHOCOLATE TOFFEE CRESCENT BARS

8-oz. can refrigerated crescent dinner rolls  
2/3 cup firmly packed brown sugar  
2/3 cup butter or margarine  
1 to 1 1/2 cups nut halves or chopped nuts  
6-oz. pkg. (1 cup) semi-sweet chocolate pieces

Preheat oven to 375°. Separate crescent dough into two large rectangles. Place in ungreased 15 x 10-inch jelly roll pan. Gently press dough to cover bottom of pan; seal perforations. In small saucepan, combine brown sugar and butter; boil 1 minute. Pour evenly over dough. Sprinkle with nuts. Bake 14 to 18 minutes, until golden brown. Remove from oven; immediately sprinkle with chocolate pieces. Slightly swirl pieces as they melt, leaving some pieces partially melted or whole. (Do not spread evenly; leave a mottled appearance.) Cool; cut into 36 to 48 bars.

## OLD-FASHIONED NEW YEAR BREAKFAST

### SPARKLING GRAPE BREAKFAST PUNCH

- 6 well-drained maraschino cherries
- 2 cans (1 pound each) pineapple chunks
- 1 can (46 ounces) concord grape drink
- 2 cans (12 ounces each) apricot nectar
- 1 can (18 ounces) pineapple juice
- 1 bottle (12 ounces) club soda, chilled
- 1 bottle (12 ounces) gingerale, chilled

Arrange cherries in the bottom of a one-quart ring mold. Carefully spoon pineapple chunks, undrained, over cherries. Freeze until firm.

When ready to serve, decorate punch bowl with laurel. Pour in juices and soda. Unmold ring by dipping in hot water. Float in grape drink mixture. Makes about 3 quarts.

Ring in the New Year with an old-fashioned Gold Rush breakfast. Whether it's a festive meal at midnight or brunch at midday, it's a great way to entertain and a nice way to start the new year.

Entertaining at breakfast is easy on the hostess when it's a self-service buffet. The menu should be hearty, but simple, such as the favorite of gold rush days, Creamed Chipped Beef. Offer a choice of toasted English muffins or squares of corn bread to go with the creamy beef.

To add a gala touch to your New Year's breakfast punch, freeze maraschino cherries and pineapple chunks in ice. This is not only decorative, but it also keeps the punch cold throughout the breakfast.

God always answers prayer on time.

Top scorers Friday night were John Lash with 18, Eric Alspaugh, 14, and Greg Kindig, 12. Saturday night's scoring was paced by Lash with 23, Alspaugh with 18 and Ryan Williams, 12.

## New books at Akron Carnegie Public Library

New books at the Carnegie Public Library include the following:

**THE PERSONAL MEMOIRS OF JULIA DENT GRANT** (Mrs. Ulysses S. Grant) edited by John Y. Simon. This is the authentic and unabridged autobiography of the wife of the great American general and president, Ulysses S. Grant. Until recently, the very existence of this manuscript was not generally known. Thanks to the cooperation of the Grant family, it is now made available to the world.

**MIND TO MATTER OR HOW TO MANUFACTURE AND MARKET YOUR IDEA** by William W. Hill. If you are an inventor with an idea and you want to know the step-by-step process for putting a product on the

market, you will want to read this book.

**THE PROMISE OF JOY** by Allen Drury. In this book Allen Drury brings to a close the political saga that began with his Pulitzer Prize winning "Advise and Consent" - a major literary work that has carried some fifty major characters and hundreds of minor ones through almost 3000 pages of dramatic events vitally concerned with the life-and-death issues of our troubled times. In this book he poses the question: Is there a promise of joy, for nations or for individuals? And is so, how can it be achieved in a world that appears to be headed for self-destruction?

1975-1976 **TARBELL'S TEACHER'S GUIDE TO THE INTERNATIONAL SUNDAY**

**SCHOOL LESSON'S.** Edited by Frank S. Mead.

**LOVING PROMISES ESPECIALLY FOR YOU** by Helen Steiner Rice--America's beloved poet laureate of inspirational verse has written this new collection of poems for her ever-widening circle of friends in the hope that her work will establish new guideposts by which to live, to love and to pray.

**BLESS THIS FOOD.** The Anita Bryant Family Cookbook. Anita Bryant, one of America's best-loved entertainers provides us with something much more than a cookbook. She has compiled a personal book filled with all the joy and special satisfaction of preparing and sharing a meal with one's own family.

December 31st is the LAST DAY you can make an INDIVIDUAL RETIREMENT ACCOUNT deposit in 1975. Remember, the funds you contribute to your retirement plan account each year are deductible from that year's earned income. Meanwhile you are receiving high interest rates on your contributions to your account. Don't let another day pass without visiting an office of Akron Exchange Bank. Ask an INTERESTED banker to thoroughly explain an Akron Exchange Bank retirement plan. You'll be glad you did, year after year.

## Sullivan resigns state senate seat

State Senator Leo Sullivan, a Peru Republican, resigned his seat Tuesday because of ill health.

Precinct committeemen from Fulton, Cass, Miami and Carroll counties will meet in Peru January 3 to elect a successor. Sullivan's wife, Jean, will be a candidate to fill her husband's unexpired term and there possibly may

be other candidates, according to Fulton Co. GOP chairman Jay Herrold.

Sullivan, a polio victim, has had increasing difficulty in walking during recent years. His wife said sitting has now become very difficult for him, prompting his decision to resign.

A former two-term member of the Indiana House, Sullivan served eight years as Miami Co. clerk before his election to the Senate in 1968. He was re-elected in 1972.

## Omega Club has party

The festively decorated home of Zenofia Burdge was the scene of the Omega Club's Christmas party. Mrs. Burdge prepared most of the food with members bringing favorite desserts. Gloria Bowen gave the table blessing.

Carols and a piano solo by Fern Bowen opened the business meeting. Roll call response was "a favorite recipe."

Shut-in members were remembered with cards and gifts.

Edith Walls gave meditation and Fern Bowen

conducted two contests. Emma Burns won the first and Edith Walls and Ruth Bowen tied for the prize in the second.
