## Mentone Town Board instructs Bazini to prepare ordinances

Town attorney Lee Bazini was instructed to prepare two town ordinances, thereby formalizing current town policy and enabling the board to levy fines against violators. Decision to draft the ordinances was made at Monday's regular meeting of the Mentone Town Board, held at the clerk's office.

Although town guidelines are clearly set out in minutes of previous meetings, trustees Jim Miller and Wayne Tombaugh agreed an ordinance would remove any possibility of error. From the guarded discussion, it was evident a situation presently exists concerning bringing temporary buildings (trailers) into town limits, but Deputy Russ Hart declined to speak of it in public meeting.

The second ordinance concerns burning leaves on paved surfaces in town. A penalty of no less than \$1 and no more than \$100 will be included in that ordinance.

Member Frank Hardesty, who did not seek re-election in November, congratulated trustee-elect Miriam Boardman, who was in attendance, on her successful bid for his seat. He also stated it had

been a pleasure to work with everyone over the past eight years.

Clerk-treasurer Kate Whetstone, Bazini and all three trustees spent much time discussing budgeting procedure and the water department with Boardman. Boardman, who is currently secretary of the Zoning Board of Appeals, will be replaced on that committee and will automatically become a member of the Plan Commission once she takes office as trustee.

In other business: Trustees discussed the possibility of taking out the phone at the water plant. Miller reported the 1982 phone bill was \$540, with \$288 in long distance phoning. Whetstone suggested a log of calls like that kept by the police department would assist her when paying phone bills. Deputy Hart pointed out that if Superintendent Shand was asked to use the police phone, it would cause problems for that department. Trustees agreed to keep the phone for now, with Shand's assurance he's kept a log of all calls for the past several months.

Trustees approved Shand's request for vacation between Dec. 25 and Jan. 3.

Tombaugh reported he'd spoken with resident Linda Oden. The drainage problems she's had for several months have finally been solved, and she requested Shand level dirt by her home with the town tractor.

Tombaugh also informed the other trustees that the street striper had been purchased.

Whetstone reported the general fund is already about \$3000 in the red after November claims were settled. Fall tax installments won't be received until January, leaving December claims and town hydrant rental to the water department still due from this year's general fund.

Tombaugh has been contacted by several cable companies interested in securing franchise rights in Mentone. Trustees decided to invite several representatives to attend a board meeting early next year.

Board members accepted Marshal John Hart's November report. It included 1,347 miles logged while answering 32 service calls. In addition to two arrests and three traffic citations, it also included one battery call, two vandalism reports, two thefts, one attempted breaking and entering, one recovery of a stolen vehicle and two public assists.

The next meeting of the board will be held Tuesday, Dec. 27 at the town office at 7 p.m. to conclude annual business.

## Teels open Classroom Connection in Mentone

Gary and Julia Teel felt there was a special need for teachers to be able to get things at a store closer to them. The nearest teacher supply stores are in Ft. Wayne and South Bend. So the Teels decided to open up Classroom Connections in Mentone last August. The shop is situated in the Neighborhood Department Store.

Gary is a teacher at Pierceton presently, and Julia taught in Terre Haute for several years. "We felt there was a necessity to have a store of this sort in the area," Julia said.

Classroom Connections carries everything from stickers to duplicating books. Some of the hottest selling items listed were bulletin boards, reproducing books, work books and incentive charts. They have something for all teachers in grades K-12.

Presently the Teels are working on their own catalog for some

of the bigger items that the store is too small to carry. Teachers will then be able to order and get information on just about anything they could possibly want.

Classroom Connections has sent out flyers to schools and teachers in the area. "We've had teachers from Warsaw, Plymouth, North Miami, Rochester, just to name a few," Julia said, adding that more and more parents are coming in also. "The biggest item with them is the 'wipe-off' books and the self-check books."

Gary and Julia Teel are residents of Mentone and have three daughters: Amy, 13; Stephanie, 9; and Brooke, 4.

The Teels invite you to stop by Classroom Connections. Their hours are from 3:30 - 5:30 p.m. Monday - Thursday, 3:30 - 8:30 p.m. Friday, and 9 a.m. - 5:30 p.m. Saturdays.

"What the Farm Bureau means to the people of this community."

The Henry Township Farm Bureau meetings are attended by large crowds of people interested in future agriculture. Not less than two hundred people meet every third Monday night in the month to enjoy the Farm Bureau programs. These programs are made up of a business session, a speaker and an entertainment sponsored by the social and educational director.

The Farm Bureau encourages boys and girls club work. These boys and girls are being trained for the adult organization of future years.

The purpose of the social and education department is to interest, inspire and enlist every farm family in cooperative endeavor to secure an adequate standard of living in the farm home.

The tax and legislative department functions to protect farmers in matters of taxes and legislation. It sponsors and works for laws designed to provide a fair tax system and other legislation giving rural people an equal advantage with other industries. It has for years urged scrutiny of local government budgets which has resulted in saving millions of dollars in taxes. It was the Farm Bureau which secured an average reduction of 15 percent in farm land assessments through special action of the state tax board in 1927 and led the fight for a further reduction in 1932.

The aim of the cooperative purchasing is to provide quality farm supplies protection in price and economical distribution. It also develops a state wide business institution designed to meet various important needs of its members.

The goal of the Farm Bureau is that it works full time for agriculture and has for its aim the making of every farm family in America prosperous, happy and contented and the rural community an enjoyable place in which to live.

The Farm Bureau enables the

farmers to do collectively the things he cannot hope to do individually; it has reduced cost of farm supplies; it is an economic, social, and educational asset to township, county, state and nation.

The Tippecanoe Valley School Board met Monday night in the superintendent's office with three members of the corporation present to praise them for their actions taken thus far. The three said they felt the board had received too much disapproval for some of their actions and that it was time to pat them on the back for the good they had done.

It was announced that Bahney Chevrolet of Akron was the successful bidder for two bus chassis, and that Leonard Supply Co. would furnish the bodies.

Other board action consisted of approving the payroll and discussing the possibility of hiring a new elementary teacher at Mentone which would enable them to split the first and second grades into sections and make smaller classes.

The board listened to but took no action, only suggestions to obtain inter-com systems for the two high schools which would cost approximately \$3700. They acted similarly to a suggestion to purchase an electronic language laboratory at an approximate cost of \$6221. Of this the Federal government would return 50%.

The board will meet in executive session December 12 to hear a report from Dr. Lindley of Purdue University who will give a preview of the results of the Purdue survey.

Members of the Fulton County R.E.M.C. in District Six are being notified of a meeting to be held Wednesday night in the Multipurpose room of the Akron Grade School.

The purpose of the meeting will be to give the members an opportunity to select a qualified person to be recommended to the Board of Directors to fill the unexpired term of the late Albert Smith who was killed in a construction accident recently.

District Six is all of Henry Township, Fulton County, and also all that part of Miami County adjoining Henry Township and lying east of U.S. 31; and all that part of Kosciusko County which adjoins Henry Township.

Mentone Community Fair Association was held in the basement of the Mentone Methodist Church Wednesday evening with representatives from all the surrounding communities. A dinner, supplied by the ladies of the church, was enjoyed prior to the business session.

The nominating committee submitted the names to be voted upon for the officials for the ensuing year. An opportunity for additional nominations from the floor was given, but as none were nominated, the report of the committee was accepted and all were elected by acclamation. The officers elected are as follows:

O.A. Heighway, President, Chester Herendeen, vice president and general manager, A.F. Mollenhour, secretary, M.O. Mentzer, treasurer.

The chairmen of the various committees, along with the officers named above, will serve as the board of directors.

O.A. Heighway, president for the past several years, presided during the evening, during which time enthusiasm for a fair in 1944 grew into a strong, unanimous determination to do our best in '44. The usual date on the third week in August, August 16-19, was chosen for the 1944 event and barring any unforeseen turn of events, plans are going forward accordingly.

The association now boasts of a membership of 104, fifty of whom

have been added in the past few months. The original members paid off all the obligations of the association and the money received from the recently-acquired membership is being used to paint the buildings at the fair grounds. A small financial balance remains in the treasury.

There are many others in the community who are interested in the fair association and membership is not denied to them also. It is requested that if you'd like to become a member of the fair association that you contact any of the officers.

## Claypool woman dies in accident

A rural Claypool woman was killed in a one-vehicle accident on Kosciusko County roads, late Friday night.

Margaret A. Clemens, 30, Rt. 2, Claypool, was pronounced dead at the scene on County Farm Road, near the intersection of County Rd. 600 South.

According to Kosciusko Police, a Bronco driven by Roger L. Clemens Jr., 34, Rt. 2, Claypool, was traveling south on County Farm Road shortly before 11 p.m. when it went out of control 1,200 feet north of County Rd. 600 South.

Clemens lost control after the Bronco went over a grade in the road, authorities said. The Bronco traveled west off the road, striking a six-foot embankment, and according to reports, ending up in a muck field where it flipped over, landing on the passenger side.

Mrs. Clemens died of a crushed skull. The driver was not injured.

The Warsaw Fire Department was called to the scene, but rescue workers were able to remove the victims before they arrived.

Investigating the accident were sheriff's deputies, Silver Lake Marshal Mike Fishbaugh, Claypool Marshal Buck Kreis, Indiana State Police and Coroner Gary Eastlund.

Arrangements for Mrs. Clemens are being made at the McHatton-Sadler Funeral Home, Warsaw.

## The Priceless Gift of Christmas

Now Christmas is a season for joy and merry-making. A time for gifts and presents for giving and for taking. A festive, friendly, happy time, when everyone is gay. But have we ever really felt the greatness of the day? For through the centuries the world has wandered far away. From the beauty and the meaning of the Holy Christmas Day.

For Christmas is a heavenly gift, that only God can give, it's our just for the asking, for as long as we shall live. It can't be bought or bartered it can't be won or sold, it doesn't cost a penny and it's worth far more than gold. It isn't bright and gleaming for eager eyes to see. It can't be wrapped in tinsel or placed beneath a tree. It isn't soft and shimmering for reaching hands to touch or some expensive luxury you've wanted very much. For the priceless Gift of Christmas is meant just for the heart. And we receive it only when we become a part, of the kingdom and the glory which is ours to freely take. For God sent the Holy Christ child at Christmas for our sake. So man might come to know Him and feel His presence near. And see the many miracles performed while He was here. And this priceless Gift of

Christmas is within the reach of all. The rich, the poor, the young and old, the greatest and the small. So take His priceless Gift of Love, reach out and you'll receive. And the only payment that God asks is just that you believe.

## Mentone girls injured in accident

Three Mentone residents were injured in a one-vehicle accident on Friday at 3:20 p.m. Julie Manwaring, 17, daughter of Frank and Mary Manwaring, is in the Lutheran Hospital, Ft. Wayne, after suffering a broken neck during the accident.

Dana Simpson, 16, daughter of Jack and Rita Price Simpson, was eastbound on CR 700 in a Chevy S-10 truck when she lost control of the vehicle due to icy road conditions. The truck left the road and traveled a short distance in a ditch before striking a utility pole and returning to the road.

Another passenger in the truck, Tina Zolman, 16, daughter of John Zolman, received a broken collarbone and broken left kneecap from the incident, while Simpson suffered a broken bone in the back and bruises.

Manwaring is in good condition at press time. She's in room 205 of the Moellering Unit.

It doesn't matter how old they get: children of all ages enjoy seeing Santa. Here he's seen at the Neighborhood Department Store during Mentone's Open House, held Monday, Nov. 28. (News Photo)

## Valley tops Triton, No. Miami over weekend to maintain perfect record

Valley's Varsity squad protected their undefeated status this past weekend by topping Triton 66-62 Friday and North Miami 80-67 Saturday. This brought Coach Bob DuBois's team to a 4-0 record.

In Friday's contest, Triton took off with an early lead of 18-16 in the first quarter, and held the two point lead at the half with 33-31. Although Triton maintained their

lead throughout most of the play, Valley came back to snatch the win after two overtimes.

Lead scorers for Valley were Ken Johnson with 16, Shad McConkey with 13, and Danny Boyer with 12.

Valley had an easier time against North Miami in Saturday's match. The Warriors fell behind in the first four minutes of the

game by 17-2 and were never able to make up that loss. They sank 14 free throws in the last period, however, which narrowed the gap to the final score of 80-67.

Boyer, McConkey and Johnson again led the way for the Vikings with Boyer and McConkey coping 13 points each and Johnson adding 11.

The jayvee squad also had an easy victory of North Miami, with a final score of 50-35.

This weekend Valley will again play both evenings, hosting Three Rivers Conference foe, Whitko on Friday and Northwood on Saturday.

## Viking ladies fall to Warsaw

The Tippecanoe Valley Girls Varsity Basketball team lost a 60-41 decision to visiting Warsaw on Saturday and fell to a 2-3 record.

The first half ended in a 24-24 tie before Warsaw fashioned its identical quarters of 18 apiece. Valley managed only six points in the third quarter and 11 points in the final period.

Amy Jamison led Valley with 12

points while Tina Shepherd and Sherry Lafferty each grabbed six rebounds. Valley was 15 of 41 from the floor for 39 percent and 11 of 17 from the line for 65 percent.

Warsaw was led by Tina Manns 19 points with 11 of them coming in the second half.

The Valley jayvee also lost 27-23. Shelli Warren had eight points for TV.

Notice is hereby given that the Board of School Trustees of the Tippecanoe Valley School Corporation, Kosciusko & Fulton Counties, Indiana, will meet at the Administration Office of the Tippecanoe Valley School Corporation, SR 18, Mentone, Indiana, on December 12, 1983, at the hour of 7:30 p.m. (EST) and at said time and place will receive sealed bids and let to the best bidder therefore the following described warrants:

Temporary Loan Warrants in the anticipation of taxes levied and in course of collection for the General Fund up to the amount of \$400,000; the Debt Service Fund up to the amount of \$153,000; the Transportation Fund up to the amount of \$71,000; dated as of date of delivery thereof to the purchaser, said warrant or warrants to be in the denomination or denominations requested by the purchaser, to mature on June 30, 1984, and to bear interest at a rate not exceeding 10% per annum (the exact rate to be determined by bidding), payable at the Akron Exchange State Bank, Akron, Indiana.

Bidders for these warrants will be required to name the rate of interest which the warrants are to bear, not to exceed 10% per annum. Such interest rate must be in multiples of 1/8th or 1/10 of 1%, and not more than one interest rate shall be named by each bidder. The warrants will be awarded to the best responsible bidder therefore who has submitted his bid in accordance herewith. The best bidder will be the one who offers the lowest net interest cost to the school corporation to be determined by comparing the total interest on all of the warrants to their maturity and deducting therefrom the premium bid, if any. The right is reserved to reject any and all bids and to waive any irregularities. Each bid shall be accompanied by a certified or cashier's check in the amount of one percent of the bid payable to Tippecanoe Valley School Corporation, to guarantee the school corporation against default by such bidder in complying with the terms of this notice and his bid.

## Twelve Mile presents a "Living Christmas"

Overall, the annual Christmas event in Twelve Mile, IN takes nearly 500 people. "That's counting the angels, choirs, elves, and the elderly ladies who make cookies at home for the participants," said Jay Edwards, coordinator for the project.

The town of Twelve Mile has only about 200 people living within the town itself, so the annual "Christmas Living" reaches out into the community. People from Denver, Chili, Metea, Fulton, just to name a few, share in the fun.

"This is the thirteenth year for the 'Living Christmas,'" Clifton Skinner dreamed up the idea, and the event gets bigger and better every year," said Edwards.

The "Living Christmas" is staged on three consecutive evenings from 7 to 9 p.m. This year's event will be December 16, 17, and 18. Visitors drive slowly through the town's small park, seeing scenes of the story of Christmas, Santa's workshop, and a "Living Christmas Tree" which

is filled with people singing Christmas carols.

Edwards said that mentally, it's an all-year long job. But the work begins the first week in November. "We lay out plans and get people together and begin assigning people for the 150 positions for the night."

"The first and second Saturday in December are when we begin setting up construction," Edwards said. Volunteers round up sheep, donkeys, and whatever they may need for their "Living Christmas."

People in this small community become very excited about the December weekend. "We don't charge admission or ask visitors for contributions. This event is not sponsored in any way. It's just a community project that loving, caring individuals want to do for others."

"We show the fun part and the religious part of Christmas," Edwards went on to say. "There's something for everyone."

## TVSC board members adjust calendar

At Monday's meeting of the Tippecanoe Valley School Corporation board, board members were forced to juggle the 1983-84 school calendar to comply with State and federal requirements.

When the school calendar was set last spring, trustees overlooked the fact that Monday, Jan. 2 would be a federal holiday. On the recommendation of Superintendent Baxter Paige, they accepted a Christmas break from the end of school on Friday, Dec. 16 to Jan. 2, 1984. At Monday's meeting, however, Paige informed trustees they'd need to make an adjustment. Among the options open to the board were simply dropping a day, making up the day on a Saturday or in extra hours, or by extending May 24 to a full day of school instead of the half day originally scheduled. Paige added that the North Miami School Corporation had chosen the last solution, and board members unanimously voted to do likewise.

The corporation received only one bid in response to an advertisement for temporary loan

warrants. The school advertised for a bid of \$460,000 for the general fund, \$153,000 for the debt services fund and \$71,000 for the transportation fund, and the Akron Exchange State Bank bid the full amount at an interest rate of eight percent per annum. The loan, which will cover the lapse caused by the State delaying monthly allotments to school corporations, will be due June 29, 1984. A \$655,000 loan currently outstanding is due on Dec. 31 this year. The trustees voted to accept the bid from the Akron bank.

Paige informed trustees he'd been contacted by Gary Ellenwood, president of the Tippecanoe Valley Aquatic Club, with a request that people outside the school district be allowed to join TVAC. Stating that while such action might be of benefit to TVAC because they have a paying membership, Paige advised it would not be in the best interest of the corporation. Trustee Jim Royer moved to accept Paige's recommendation, with Cecil Miller seconding the motion. On a roll call vote, Royer, Miller, William

Rogers, Fred McSherry and President Richard Long denied the request.

In a separate action, however, they did approve a request to reappoint Wayne Cumberland to another two-year term on the TVAC Board of Directors.

High School guidance counselor Sandra Carmichael addressed board members about advances in the career education program at TVHS. In the time she's been employed by the corporation, Carmichael has greatly expanded the program, offering a variety of opportunities for students to make career decisions. In addition to a Career Day held last April which involved all high school students and 49 local speakers, Carmichael has organized a Sophomore Decision Making Project in conjunction with educator Beth Barr, an expanded Career Resource Center, and a career planning course for non-college bound students. She hopes to arrange a Career Day annually.

In other business: Trustees approved a transfer of appropriations of approximately \$120,000 within major classifications in the general fund, \$4000 within the transportation fund and \$2,845 within the debt services fund. The transfers are necessary to balance the budget by the end of calendar year 1983.

Board members accepted the resignations of Wade Holloway, bus driver, and Ken Castleman, educator. In other personnel business, they approved Jane Hunn as coach of the seventh grade girls basketball team. Maternity leaves

were approved for second semester of the '83-'84 school year for Linda Studebaker and Bonnie Kramer.

Board members approved a request for Don Crawl to serve on a North Central evaluation team in April next year. Team will evaluate Morton Memorial High School.

Trustees approved claims of \$277,262.61 and a net payroll of \$75,291.06.

Principals at all three elementary schools reported students will have Christmas parties this Friday, Dec. 16, in the afternoon after receiving Santa Claus that morning. Burket's Oliver England

announced their musical will be tonight, Wednesday, Dec. 14, while Dan Kramer, Akron, reported Akron's Christmas program was re-scheduled for tomorrow, Dec. 15. Ron Leichty, Mentone, announced their Christmas concert was slated for last evening. National Honor Society inductees will be honored at Mentone this Friday at 12:30 p.m.

John Hill, TVHS, announced the FHA will serve a faculty breakfast this Friday morning.

The next meeting of the board will be held Monday, Jan. 16, 1984, at the administration building at 7:30 p.m.

Eric Backus, 5, son of Mr. and Mrs. Steve Backus is shown listing all his wants and wishes to Santa.

## It Happened in Mentone

### TAKEN FROM THE NORTHERN INDIANA CO-OP NEWS DECEMBER 15, 1943 40 YEARS AGO

The fox population in this neck of the woods is getting too large, and your Conservation club is making plans to round up and destroy a few of the little rascals that have been eating our wild game and the neighbor's chickens. The club is planning an old fashioned fox hunt. Are you going to help and join in the sport?

We are asking the cooperation of every farmer in this worthy endeavor, and if there should be any land owner who would object to traveling across his land, he is asked to please notify Gus Mollenhour immediately.

When the areas to be hunted are determined, you will be notified of the time and the place of the event.

In a letter to Robert Reed, S-Sgt. Don Lyon of Mentone, who is in the Army Air Force at Del Rio, Texas, writes about a recent trip he was on. The letter follows:

"Fourteen of us went 300 miles into the interior of Mexico to get the bodies of four men who were killed in the crash of one of our planes. We slept in mud, climbed a 6,000-foot mountain that was nearly straight up and gathered up what was left of the men. There was sure some tough going and it was probably the tidiest I will ever be. After that work I should make a good assistant at the Reed Funeral Home because I don't think anything could ever turn my stomach again. It was really rugged and we all came back in good shape. They put us on DS for 14 days to make the trip and we were back in 6 so you can see we didn't waste any time. They are sending each one of the families a letter about us because they had informed them that the bodies could not be recovered.

I finally got to see some real cowboys and range land. Those Mexicans ride like cats and they all like black horses. I saw a lot of the horses died by just dropping the reins on the ground. The pasture land there is real good and the cattle all look fine. It was

some trip and I wouldn't have missed it for the world.

I had a letter from the Conservation Club and a check for a carton of cigarettes. Tell Cioice thanks. Tell him I was glad to see him elected."

## Down Memory Lane

### TAKEN FROM THE AKRON NEWS DECEMBER 14, 1933 50 YEARS AGO

The Akron Chamber of Commerce sent a letter on Tuesday of this week to the Borden Farm Products Company of Chicago to which was affixed the names of every businessman in Akron. The letter was sent to express appreciation for the many years of business which Akron has enjoyed with the Chicago company and to express a desire on the part of the community to keep the plant in operation if at all possible.

Val Zimmerman, chairman of Fulton County NRA drive, relinquished the position Wednesday when the entire county CWA underwent a complete re-organization.

Daniel Perry, former prosecutor, and Charles Jones Jr., have been appointed to fill the chairman's position and offices have been established in the city hall at Rochester. Mr. Zimmerman turned over all records and data of the work to date and stepped out of the job.

Reuben Scheld, Dr. M.O. King, Walt Brubaker and Rollin Pontious were appointed as the re-employment advisory committee and will work in an advisory capacity in cooperation with the administrators.

Mr. Zimmerman has been very efficient in handling the chairmanship and was successful in getting the organization in good shape on very short notice. The majority of the people interested in the work from Henry Township felt that he was doing a good

piece of work.

Reasons for the appointment of the new chairman were given by the state and district directors to the effects that the work demanded two men instead of one and that it was a full-time job instead of a part-time one.

The new directors, Mr. Perry and Mr. Jones, are well known in Henry Township.

The Carol of the Bells by Lee Rogers was chosen and this will be the first presentation of it. Mrs. Clair Moore is the organist, and her daughter, Jocelyn Moore, is pianist for the program.

Soloist for the cantat will be Mrs. John Frankie and Tamara Hand, sopranos; Robert Baber, tenor; Willis Bowen, baritone; and Jim VanCuren, bass.

## Mentone Nutrition Site

The Senior Citizens of the Mentone Nutrition Site had so many things to be thankful for at Thanksgiving time. Besides the delicious turkey with trimmings dinner, we enjoyed a very special program by Edna Pachta, a native of Scotland. Eva Mae read an article about Thanksgiving. Olive Tucker had a Thanksgiving prayer. We were each given a nice big box of Hickory Farm goodies from REAL Services. The Rev. Marken of First Baptist Church came one day and showed the slides he had taken at our Halloween party. Some of us were real ugly and others pretty. Even "Minnie Pearl" was to our party.

Barb Hughs came from the

### The Nicest Gift

It's not the gift that's wrapped and tied in ribbons bright and gay. It's not the most expensive one that folks might give away. However much the gift might cost, however big or small, it's those we give right from the heart that are nicest of them all. That little package tucked away behind the Christmas Tree that someone placed so lovingly, where others mightn't see. Who cares the worth of what's inside, the value or the style? Because there's something greater there, it holds a friendly smile. It's not the gift that's bought in haste, however, fine the store. But those somebody took the time and trouble looking for. It's love and smiles that go along, we never count them small, no matter what the package brings...The nicest gift of all.

Senior citizens the Akron Nutrition Site will be closed for

Christmas on Friday, Dec. 23, and Monday, Dec. 26 and the Site will be also be closed on January 2, 1984 for New Years. Blood pressure clinic will be held Thursday through the services of Ruth Bammerlin. All December birthdays were celebrated. Those attending with birthdays were Emma Burns and Paul White.

Scheduled menus for the week of December 19-23 are:

**Monday** - Beef and Noodles, Whipped Potatoes, Tomatoes, Mixed Fruit Salad, Milk.

**Tuesday** - Fried Chicken, Potato Salad, Green Beans, Brown Bread, Pineapple Salad, Milk.

**Wednesday** - Cubed Ham with Northern Beans, Broccoli, Corn Bread, Pears, Milk.

**Thursday** - Smoked Sausage, Whipped Potatoes, Cooked Cabbage, Wheat Bread, Fruit Jello, Milk.

**Friday** - Closed - Christmas Holiday.

The Mentone Chamber of Commerce wishes to thank Mr. and Mrs. Robert Whetstone for the donation of a Christmas tree to the town. Also thanks to Kenneth Boggs, Roger Montel, and Jim Meredith for their help with the decorations.

## Akron Post Office address requirements

Rural route residents and post office box holders should be using their correct address on all correspondence. County road numbers, street addresses, rural route addresses without box numbers, incorrect box numbers, and missing addresses are commonplace and can result in delayed mail, misdelivered mail, and mail returned to sender due to insufficient address.

Post office box holders and rural route residents who have elected to receive mail through a post office box must use their post office box address on all mail. The correct rural route and rural box number or street address may be used in addition to the post office box number.

Persons receiving mail at their rural route address must use their correct rural route and rural box number on all correspondence. Rural route residents will be receiving notices in their mailbox within the next week of their correct address. New housing and the ensuing growth of the rural routes made re-numbering of rural boxes necessary a few years ago. Residents were at that time notified of their new box number

but are being re-notified due to the use of many out-dated box numbers.

Check for a correct address on all mail: bills; statements; personal and business correspondence; and when subscribing to or renewing subscriptions to newspapers and magazines. Notify all correspondents and publishers of the correct address either by return mail or by using forms available free of charge from your mail carrier or the post office.

Rural route residents are required to place their rural route number and rural box number on their mailbox so it is visible to the mail carrier as he approaches the mailbox, or on the front of the mailbox if it is part of a group.

Rural route residents may purchase stamps, postal cards, stamped envelopes, and money orders, and certify, register, or insure mail from their mail carrier. Please buy a supply of stamps and affix proper postage to all outgoing letters.

Fulton County's delinquent tax list, amounting to \$75,000 will be advertised in January, according to an announcement received today. In the meantime, the treasurer will accept partial payments to afford partial relief by reducing the amount of interest charged.

The government's corn-hog production control program which seeks to reduce hog marketing by at least 25 percent in 1934 will not cause a shortage of pork products in the United States, according to word received by County Agent Harry Rosenbury from the Agricultural extension Department of Purdue University.

Normal needs of the American people for pork and lard and also for the probable export demand during the coming year have been taken in to full account in planning the program, according to advices to the extension service from Secretary of Agriculture Wallace. The program is an attempt to prevent over-supplying the most profitable demand and thereby to bring about a substantial increase in the buying power of a large clock of farmers, especially in the middle east.

First National Bank of Rochester filed a complaint to foreclose mortgage against Donald M. and Betty J. Hazlett, Rt. 3, Rochester.

The suit seeks a judgment of \$26,717.70 from a promissory note issued in October 1976 and \$6,852.62 from a note issued in December 1979. The suit alleges the Hazletts have failed to make payments on the two notes and seeks an order foreclosing a mortgage against Lot 15, Riverwood Acres. The suit seeks an order to have the property sold to pay a judgment.

A complaint for damages filed in August 1982 by Robert M. Smith against Junior D. Good was dismissed at the request of Good's attorney.

The suit alleged Good forcibly removed a hospital bed from the Smith residence in July 1982. It alleged the bed was needed by Rolland R. Smith, who required hospitalization after the bed was removed. Rolland Smith died in October 1982 and Robert Smith was ordered to amend the charge against Good within six weeks of a Sept. 20 hearing. No action had been taken prior to the dismissal

of the suit.

The court approved a change to another county for a dissolution of marriage suit filed by Virginia Ann and Patrick F. McLochlin.

The court accepted an agreement finding Henry L. Kiggins to be \$1,645 behind in his child support obligation. He was to resume paying child support and pay an additional amount each week towards the arrearage to Christina Kay Sutton.

### Civil

A complaint for a disallowed claim and a complaint contesting a will filed by Opal Coleman against the Charley Artist Estate was dismissed at her request.

The complaint contesting the will was filed against Cletus Artist, Delcia De Groff and Francis Artist.

In a suit moved here from Marshall County, Ronald J. and Virginia P. Burger, seek \$62,000 in damages from a seller and manufacturer of mobile homes.

homes were materially defective and improperly installed.

The court entered preliminary not guilty pleas to theft charges in behalf of Dru Zartman and Marie Stockberger. Hearings were scheduled for Jan. 23. Both are charged with misrepresenting information to the Fulton County Welfare Department to receive assistance.

## It Happened in Mentone

### TAKEN FROM THE NORTHERN INDIANA CO-OP NEWS DECEMBER 22, 1943 40 YEARS AGO

Members of the Mentone Conservation Club met at the Lake Trail Care on Tuesday evening and discussed the idea of holding a fox drive. Various plans and suggestions were made and it was decided that the first hunt would be held Saturday morning, Dec. 25th. Those interested are urged to meet at Mentone about nine in the morning where the procedure will be explained and all will journey to the area chosen for the drive.

Indications were that very few guns would be permitted, if any, and then only shotguns. The plan is to corner the fox in a ring of men armed with clubs.

Friday evening the Soldales club held its annual Christmas party at the home of Mrs. Don Bunner with Mrs. Irvin Nelson and Mrs. Frank Manwaring as assisting hostesses. The home was beautifully decorated with original Christmas designs and a lovely Christmas tree. A delicious

Christmas dinner was served at candle-light tables to the members of the club, all of whom were present.

### TAKEN FROM THE MENTONE NEWS DECEMBER 20, 1967 16 YEARS AGO

Mark McGurk, a student at Rochester High School, made history Saturday afternoon at the Mentone Airport by becoming the nation's youngest pilot.

McGurk soloed six hours before his sixteenth birthday before becoming the youngest active pilot in the United States.

McGurk, a lively Rochester High School pupil, has been an avid student of Harrison Crabill at the local airport for some time but was not able to solo until he reached his sixteenth birthday. He has already completed ground school and has passed his written FAA examination.

His sisters, Linda and Betty, are both pilots. Betty having been the youngest girl to receive her license under Crabill's instruction, and his father, Sam McGurk, is also learning to fly. The flying

bug bit the family so hard that the elder McGurk purchased a plane for his family's use. In addition to having her private pilot's license, Betty, a college student at Lansing, Mich., has recently begun sky diving lessons.

In the meantime, Mark has joined the family of flying enthusiasts, with one variation. He is still too young to drive the family car and will have to wait for someone to taxi him to the airport before he can fly!

Lloyd C. Miner, secretary of the Farmers Mutual Relief Association of Kosciusko County, has been elected president of the highest insurance trade association honors in the Hoosier state. He replaces Stanley G. Reed, Greensburg.

Miner has been president of the Warsaw company for the past 15 years and is also a past president of the North Eastern Indiana Association of Mutual Insurance Companies.

Miner is a lifetime resident of the Atwood Community. He served eight years as Harrison Township trustee and was a county commissioner for six years. He is past secretary of the Warsaw Kiwanis Club and has served as Sunday School superintendent of the Harrison Center EUB Church, of which he is a member, for the past several years. He is also known for his interest in raising horses.

## A Little Bit of Christmas

Just a little bit of Christmas  
and the whole world seems to glow.

With a special sort of laughter  
that we love and treasure so.  
Nothing more than just some holly  
or a wreath upon the door.  
And it fills our hearts with  
Christmas and the season we adore.

Just a little bit of giving  
and we know a warmth and pride.

There's a feeling of contentment  
ever growing deep inside.  
It is such a pleasant custom,  
as we tie each package bright,  
and however small the present,  
it's the thought that brings delight.

Just a little bit of praying  
and how very sure we are.  
That we've found God ever loving  
and we've seen that wonderous star.

There are angel voices singing  
and their music fills the air.

With a little bit of Christmas  
being scattered everywhere.  
Just a little bit of knowing  
the meaning of this day.

And a little real believing in the  
words we kneel and pray.

Just a little bit of sharing, all the  
faith it might impart.  
Just a little bit of Christmas puts  
a peace in every heart.

The Akron Keen-Agers want to  
thank Edith and Henry Rohr for  
the Christmas tree and the Akron  
Lions Club for decorating the  
building. Also Walt and Gladys  
Harris for the Poinsettia. Holiday

## Vikes grab easy victory from Norse, but Tigers bite back

Coach Bob DuBois's Vikings grabbed an early lead in their contest against visiting Northfield last Friday evening, with the end result never really in question. Valley took the lead in the opening moments by 8-4, then went on to score 13 unanswered points to end the first period with a 21-4 lead.

By the end of the half, Valley's lead had stretched to 45-24 and by the end of the third quarter they had a 40-point pad between them and the Norsemen.

Shad McConkey led the Vikings with 15 points, while Kenny Johnson contributed 14, Chan Tucker added 13, and Greg VanDeWater and Dan Boyer scored 12 points each.

The final score was 95-63, giving Valley a 6-1 record overall and a 2-1 mark in the Three Rivers Conference.

The Valley jayvee squad also came out on top of the Norsemen as they won their game 50-46. Viking Roger Stavedahl scored 18 points in that contest.

Tippe Valley wasn't as fortunate on Saturday, however, when they veiled to Warsaw. Although they presented a serious challenge to the Tiger squad,

Valley spent the evening playing a catch-up game that never quite got off the ground.

Warsaw took early leads of 6-0 and 10-4, ending the first quarter with a score of 26-17. Valley recovered in the second period, but with three minutes left in the half Warsaw had a run that left them with a lead of 41-32.

With five minutes left in the game, Valley was within one point at 62-61, but a string of fouls quickly clinched the game for Warsaw. Final score was 79-75.

McConkey again was the leading Viking scorer with 17 points, while VanDeWater copped 12. Johnson and Tucker both added 10 points.

Valley's overall record now stands at 6-2.

The jayvee team also lost in a heartbreaker at 47-46. A tip by Valley which would have won the game was judged to come after the final buzzer.

Valley's next game will be Friday, Jan. 6 when they host Southwood.

## Mentone 7th remains undefeated

Both seventh grade A and B teams were victorious at Mentone over North Miami.

In the A team game, 63-13, Dion Anglin led scoring with 20 points. Troy Busenburg raked in seven rebounds and Chad Johnson and Clinton Alexander both had four steals.

Chris Paris and Shayne Lenfesty had three assists respectively. The A team Bulldogs are 8-0 on the season.

In the B team game, 33-27, Bud Wallis led scoring with eight markers and Corey Smith did an outstanding job, raking in nine

rebounds and four steals.

Andy Mikesell and David Paige, each paced the Bulldogs with three assists.

The Mentone seventh grade won't see action until January 10 when they will travel to Rochester. Action begins at 4:30 p.m.

The eighth grade A team fell to North Miami, 49-43. Andy Horn and Tom Alexander scored 15 and 14 points respectively.

The eighth grade B team won by a score of 37-10. Dennis Johnson had 13 points and Troy Eaton scored six points.

The eighth grade will host Rochester in an A & B contest on January 10 at 4:30 p.m.

## Wrestling team drops to 3-5-2

The Tippecanoe Valley Wrestling team dropped its record to 3-5-2 with a 47-15 defeat to Winamac. Tony Osterman won his 10th straight decision with a 6-4 win over John Tuley, 185-pounder Billy Kelly raised his record to 8-1 with a pin in 22 seconds and heavyweight Tony Vuittonet went to 8-2 with a fall in 52 seconds.

Valley's John Taylor, wrestling at 112 pounds, lost a 10-5 verdict to Scott Hoffman to fall to 8-2 on the year.

The Viking varsity will next compete on Jan. 7 in the Knox Invitational. Wayne Ash won by pin for the Valley junior varsity, which will host a JV tourney at 9 a.m. Saturday with other competing teams of Warsaw, Concord, Winamac, Southwood, Northfield, North Miami, Bremen and Rochester. No team scores will be kept.

## Viking girls split pair in Holiday Hoop Contest

The Tippecanoe Valley Vikings girl's basketball team opened the Rochester Holiday Hoop tournament with a loss against Lewis Cass in their first round game, but won the consolation game against N. Miami 50-32.

In the Cass-Valley game, Valley kept with the pace, staying within a margin of 5 points until the end of the third quarter, when the Vikings tied at 39. Fourth quarter action started Valley with only four girls and four fouls apiece, yet they fought and opened up a 47-43 lead. Cass players Huston and Segreaves tied the score but Allyson Clappitt and Amy Jamison came back for Valley, 50-47 with 34 seconds left in the game.

With Cass trailing, Huston shot a jumper from the lane to make the score 50-49. Tippy Valley's Clappitt missed a free throw with 23 seconds left as did Cass' Mandy Smith at 19 seconds. In the final 10 seconds, Viking Andrea Scott missed her free throw with Cass getting the rebound and Huston hitting a 25-footer on the run for the

winning point and the score ended 51-50.

Despite the loss, Coach Leininger was pleased with the way the girls hung in there and "played their hearts out."

Kathy Helmrich led Valley with 19 points and Amy Jamison with 14. Tina Shepherd also added 8 for the Vikings.

In Valley's Consolation game against North Miami, the Vikings had the lead 17-10 when Valley's Amy Jamison hit three straight baskets from the outside for a 24-14 lead at the half. At the start of the second half, the Vikings increased their lead by six more points when Helmrich, Shepherd and Clappitt hit consecutive field goals to make the score 30-14. In the final period, North Miami defended themselves and cut the lead by 10 points, but Valley ended the game on another 6-0 run. Helmrich and Jamison scored 14 and 10 points respectively for the Vikes.

Lewis Cass went on to beat Rochester in the Championship game 51-41 for the title to the Holiday Hoop tournament.

## Akron's new board members inaugurated

Several people attended the Tuesday, Dec. 20 meeting of the Akron town board to witness the inauguration of the newly-elected board members. Last November's election marked the first time in Akron's history that a full slate of Democrats was elected to the board.

Current board president, Ron Fenimore, extended a welcome to those present and urged them to attend future meetings in support of the new board. Clerk-treasurer Ernest "Ernie" Smith issued the oath of office to incoming clerk-treasurer Sarah Jane Sutton and trustees-elect Richard Drudge, Jack Miller and Jerry Hudson.

Current trustees Fenimore, Vernon "Bud" Waymire and Dr. Charles Miller spent much of the evening informing the new members of the status of several projects.

Fenimore produced two cost estimates from local body shops for restoring the town's trash compactor. The 12-year old compactor has less than 40,000 miles use, but the body of the truck is in need of repair. Fenimore reported used trash compactors are priced between \$30,000 and \$40,000, so it's in the best interest of the town to restore this truck.

John Gagnon, of Gagnon's Chevrolet, estimated work on the compactor at \$500, while Ed Martin, owner of Hoffman Body Shop, offered an estimate of \$1600. Martin's estimate included more extensive restoration, and Fenimore said he'd check into the matter further.

Smith informed the board the 1984 contribution rate to the Indiana Employment Security Division (according to town employee rates) dropped from 1.9 percent to 1.3 percent.

Smith also announced he'd been notified that federal revenue sharing had been extended for another three year period, but that he was not informed what monies would be available. The amount to be received during Entitlement period 15 will be announced in the near future.

In other business: Stremmel & Hill Co., LaFountain, sent a maintenance-cost program to Smith outlining their recommendations for Akron's two lift stations. Due to the age and condition of Akron's equipment, they recommended the stations be completely inspected and serviced three times annually at a cost of \$290 per visit, plus time and material if necessary.

Waymire felt this was excessive, although he agreed that regular inspections would be beneficial. After discussing the proposal with incoming board members, it was tentatively agreed six month checks would be sufficient.

Smith reported the Blue Cross-Blue Shield premium due Sept. 1 has still not been paid. Smith has written letters requesting an explanation for the 77 percent increase in the town's policy, but none of his letters have been answered.

The trustees accepted Marshal Dave Kruger's report for the month of November. It included 1,726 miles patrolled, five accident investigations, five complaints, one funeral escort, six arrests, five written warnings, and seven verbal warnings. It also included two attempted break-ins, two break-ins, three theft reports, one county assist, two fire department assists, and one ambulance assist.

The next regular meeting of the board will be Tuesday, Jan. 17, at 7 p.m. in the town offices.

## The best and worst of the year: 1983 in retrospect

As 1983 draws to a close, the NEWS staff thought it appropriate to compile a brief listing of the year's stories as recounted in the NEWS. For the citizenry of our two communities there were good and bad times, and we tried to report them all.

So before we begin 1984 with a fresh list of New Year's resolutions, let us offer you our 1983 retrospect.

### January 5

Wayne Tombaugh was elected president of the Mentone town board for the 1983 calendar year. Although in the past the town board president also served as president of the Fire Control board, trustees agreed Frank Hardesty should continue in that

position.

The 1982 Fireman of the Year award in Mentone was awarded to Bill Hardesty.

### January 12

The Tippecanoe Valley Building Trades Class has been building a home in Saner Addition, Akron, since the opening of school last September. Twenty-five students have worked in shifts to raise the partial solar home and two-car garage. In instructor Murphy's opinion, what's unique about this home is that it's super energy-efficient.

### January 19

Gail Law and Roger Moriarty, Mentone, presented a \$50 gift certificate to Rosie Mentzer for her entry in the "Name the

store" contest. Ms. Mentzer's winning name was "The Neighborhood Department Store."

Tippe Valley senior Jeff Webb underwent arthroscopic surgery on his left knee following an injury in practice preceding the Southwood game. Webb, who holds an average of ten assists per games this season, will be unable to play basketball for at least six weeks.

### January 26

The Monday, Jan. 17 meeting of the Tippecanoe Valley School Corporation board was the setting for a silent protest by members of the Tippecanoe Valley Classroom Teachers Association. Spokespersons Bernadean Howard and Rudy Gingle read from prepared state-

ments.

The Akron town board initiated a new method of trash disposal for the town. Board president Ron Fenimore explained these steps were necessary since Fulton county closed the county landfill on December 31. For the present, the town will continue to collect garbage.

### February 2

Gail Hartman, Akron, received an award from Akron acting postperson Judy Ziles. Hartman, a rural mail carrier, has worked for the U.S. Postal Service for 29 years.

Mike Yazel, Mentone, was elected vice-president of the Lakeland Art Association. Yazel is well-known in the Lakeland region

for his distinctive art work.

### February 9

Burket fifth grader Jeff Holsinger, son of Mr. and Mrs. Alan Holsinger, will represent Burket in the Fort Wayne Journal Gazette Spelling Bee. Holsinger spelled legible and leotard to win first place. Heidi Smithson, daughter of Mr. and Mrs. Tom Smithson, was runner-up.

TVHS students Betty Smith, Laura Cochran and Katarina Nilsson recently served as pages for State Senator V. Richard Miller in Indianapolis.

### February 16

Marianne Billman will begin her new position as postperson at

## TAKEN FROM THE AKRON NEWS DECEMBER 21, 1933 50 YEARS AGO

The "scrappin' flyers" of Akron High School annexed their seventh victory Friday night when they trounced the rangy Milford H.S. five by a 33-14 score. The game was the fifth of eight encounters played in foreign territory this season.

The Milford five had a slight advantage over the Akron team as far as height was concerned. Nevertheless, Daine, flyer pivot man, easily controlled the tipoff more than his share of the time.

The offensive tactics employed by the Milford team was decidedly fast breaks and many times the delayed style. Their defense was unorganized throughout the first few minutes of play, but became very effective in the following quarters.

The Akron five opened the bombardment by breaking the opponents defense for closeup shots. In the first and last stanzas of the game the Deardoff quintet showed power and scored 14 and 12 points respectively. During the intervening periods the Milford line held its own and played on more than equal terms with the AHS crew.

The third period was nearly a repetition of the second, considering the total scoring accomplished. Akron's scores totaling 4, came from points by Daine, Utter and VanLue, while the 3 counters for Milford came on efforts by Estep and Ehenman.

The Akron lads really concluded the evening of entertainment with some old fashioned scoring. Every member of the team contributed to the cause. While the flyers were displaying offensive power, they were also holding their opponents in check. Throughout the last part of the game many personal fouls were committed and Beer was ejected from the game for Milford.

## TAKEN FROM THE AKRON NEWS DECEMBER 10, 1954 29 YEARS AGO

A petition carrying several sig-

natures was presented to Trustee Vern Cumberland Wednesday afternoon at one o'clock by Ned Smith, Roy Adams, and Dave Jordan, asking that the schools operate on Central Standard Time.

Trustee Cumberland informed the petitioners that all parents would be given another opportunity to express their wishes in the matter through the use of slips sent home with each student.

This method was used when the schools changed their schedule recently to conform with the action taken by the Akron Town Board in establishing Eastern Standard Time.

At that time, only two complaints were received by the trustee. Since then, however, there's been dissatisfaction with the time problem, especially as it affects the early morning hours.

The parents with children in school will have an opportunity to state whether they prefer Central or Eastern Standard Time or a compromise of half an hour's difference.

## It Happened in Mentone

### TAKEN FROM THE NORTHERN INDIANA CO-OP NEWS DECEMBER 29, 1943 40 YEARS AGO

About fifty or sixty hunters of this neck of the woods (which included both optimists and skeptics) gathered Christmas morning for the first fox hunt in years. The day was ideal and the results were well worth the effort. Three foxes were killed.

Sticks, clubs, shotguns, baseball bats, and various other implements of destruction could be seen in the group of "fox hounds," and once Mr. Reynard broke cover, there was very little chance of escape, being entirely surrounded by a blood-thirsty lot. Like a group of jungle natives, the chase was wild and loud.

One of the group, literally was rundown by one fox in an effort to escape, but he let loose with his trusty scattergun. He was so astounded that he just picked up the little red devil and headed for home, never realizing that about 49 other hunters wanted to see what he looked like. It was recovered in time for the group picture that was taken after the hunt.

All pelts, bounties and contributions accruing from these hunts will go to the conservation club and will be used later in conservation work and in supplying a big feed for the hunters who have participated. The Manwaring Leghorn Farm handed the club a check for \$10 for the two fox caught near their land and other individuals have intimated their intention of making similar contributions.

The next fox hunt is scheduled for Saturday, January first. All hunters are to meet at Mentone at 9 o'clock in the morning and they will go to the hunting area in

trucks. Each one is urged to stick a little lunch in his pocket as they expect to hunt past the noon hour. Gus says, too, for you to bring anything you have that will make a lot of noise, such as sleigh bells, etc. Be on time and keep your red underwear tucked in. We don't want to settle any arguments with any steaks on the roof.

### A Candle In The Night

So very many people are like a candle in the night.

Their gentle noiseless beauty is like a steady burning light.

Though they be short and tiny, or shapely tapers tall and fair.

Around them beams a radiance that brightens life and steals our care.

They do not sense the darkness because their self-effacing glow encircles them with beauty that shines alike on friend or foe.

And so I watch the candles that banish darkness in the night.

Though they be short and tiny, or tapers tall with flames of light.

## Akron Carnegie Library

New books available to the public from the Akron Carnegie Public Library are:

**On Dearborn Street** by Miles Franklin - Set and written in the United States, this previously unpublished Miles Franklin novel covers the turbulent times just prior to America's entry into World War I and focuses on a particular group of people and how these times affect their lives.

**Beau Rivage** by Margaret MacWilliams - From their first volatile meeting, sparks light up the Martinique sky. After Carol refuses Jules' generous offer for Beau Rivage, the sparks burst into fireballs as Jules uses every play within his powerful grasp to force Carol to give up her beautiful new plantation. Stubbornly Carol fights to keep Beau Rivage out of the hands of a man her mind tells her to despise, a man her heart tells her to love.

**Claire** by Elizabeth Lyle - Set in the tumultuous times preceding

the war between England and France, this story of an exceptionally resourceful heroine is a satisfying, immensely entertaining combination of romance and adventure.

**Double Crossing** by Erika Holzer - This is more than a tale of high voltage suspense. The author dramatizes in an almost visceral way the ideas behind man's instinctive bid for personal freedom in a world where freedom cannot be taken for granted. This novel can be enjoyed at two levels: as a crackling thriller and as a thematic exploration of the quest for individual liberty.

**Domina** by Barbara Wood - A novel rich in the history of medicine and in romance, about Samatha Hargrave, a woman who dares to dream of becoming one of the first women doctors - and surgeons - in America. This is the saga of one woman's personal and professional triumph and of medicine's emergence into the twentieth century.

The Christmas party was a great time. Beth Fugate furnished beautiful harp music and we certainly thank her. We enjoyed a mini salad bar along with our regular meal. ## Know THE Weather

Why is it that, in most  
areas of the country, winter  
brings with it so many long,  
rainy spells?

Winter produces more  
rainy spells of several days'  
duration than summer for  
several reasons.

One of the main reasons  
is that winter's colder earth  
and ever-present cold air  
creates more of the cloud-  
forming or cooling action that  
makes for cloud and rain.

Warm air moving into  
cold winter air (a warm front)  
can set up a rainy area for  
hundreds of miles.

Since a warm front moves  
forward more slowly than a  
cold front, this mass of cold  
and rain takes several days to  
pass overhead.

Occasionally a warm front  
or an occluded front will be-  
come stationary over an area,  
and in winter this usually  
means several days of bad,  
rainy weather.

These frontal systems are  
of long duration but rarely  
produce lightning and  
thunder.

In a non-leap year, the  
middle day of the year is  
July 2.
