## Hire park caretakers

Members of the Mentone Town Board hired Jerry Hudson Sr. and Jerry Hudson Jr. as caretakers for the Mentone cemetery and park at their Monday night meeting and tabled applications for a deputy marshal.

They also:

+ Adopted a comprehensive plan, zoning ordinance, subdivision control ordinance and mobile home park ordinance as certified by the Kosciusko Co. area plan commission, effective March 1, 1975.

+ Decided to erect "no trespassing" signs at the entrance of the cemetery as well as to the ten and one-half acre tract of land recently purchased from Mr. and Mrs. Howard Horn for cemetery expansion. The new area, joined to the old by a bridge across the creek, has be-

come a favorite snowmobiling area, according to reports, and it was hoped the signs would be effective in stopping this practice. It was

noted that many trespassers frequent the cemetery, and members voted that offenders be arrested.

## Mama Kitty: a cat with more than 9 lives

By Ann Sheetz

No one is certain of Mama Kitty's age, but it's a safe estimate that she's at least 21, possibly even 22-years old.

The aged calico cat, content to live out her retirement years in the basement of the Roy Schippers' home on R. 1, Akron, joined the family when the oldest children were so little "Mama Kitty" was the only name they could say easily. She has remain-

ed ever since, a playful pet for the four Schipper youngsters, a not so playful family retainer for the first grandchild. With age has come a tendency to be crabby, and she just isn't up to being a child's pet any longer, but she tolerates small fry--from a distance.

Now semi-toothless and unable to defend herself from aggressors in the outside world, she happily confines her existence to the warmth of the basement, rousing herself from long naps only to eat. But even eating is not the fun it once was, and she's become a fussy eater.

The cat that once relished table scraps and hamburger, now prefers chicken and tuna cat-food and water. She detests milk, apparently having tired of it.

A mother many times over, Mama Kitty's offspring have long since left home, many of them permanently, but Mama Kitty, still a sleek, healthy-looking cat in spite of her advanced age, lives on.

The Schippers suspect she surely must be one of the oldest, if not the oldest, cats in the state.

Does anyone know of one older?

## Letters To The Editor

Dear Editor:

Fulton Co. Historical Society memberships are on a yearly basis (from January to December) so 1975 dues are now payable. We would like to urge all interested persons to send in their dues now, thus saving the Historical Society the cost of sending out statements. The money saved could then be used to help preserve our county history, reconstruct the log cabin, etc.

Choose the type membership you want: \$3 regular; \$1 junior for people under 18 years of age; \$10 sponsor to help publish quarterlies; \$30 life member. Everyone is invited to join. Last year we had 322 regular members, nine junior members, 12 sponsors, 13 new life members, 24 old life members, making a total of 380.

At the same time, you may wish to make a donation to the Log Cabin and Bicentennial Fund. Names of those who give \$10 or more will be placed in the log cabin.

In our research of one-room schools, we have a mystery that needs your help to clear up. Where was Little Egypt school? It was closed in 1901 when the pupils went to McKinley. Was Pucky Huddle on the Ft. Wayne road where George Thompson lives or was it on the next road north? Maybe the school on 200 No. was Little Egypt? Some people say Lake View school in Newcastle township was called Pucky Huddle because of the

cluster of cabins nearby which was called Pucky Huddle. Does anyone have a picture or souvenir school booklet from one of these schools? Call me if you have any information on this, please.

Thank you for your interest.  
Shirley Willard,  
President, Fulton Co.  
Historical Society

But after you're back, that's a different story--one to be shared with others.

electricity  
isn't just  
a bolt  
out of  
the blue

Most of the electricity you and your family use comes from one of our six coal-fired power plants. Some will soon come from a seventh coal-burning plant in southwestern Indiana.

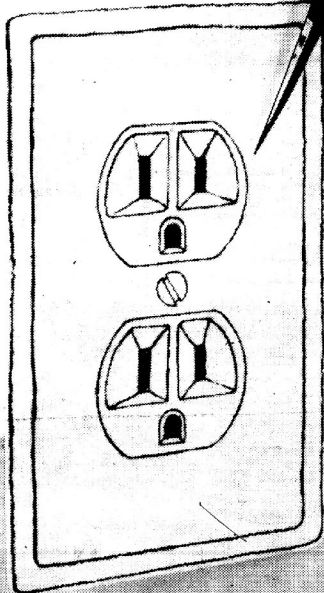

The cost of the first 650,000 kilowatt generating unit at our new Gibson plant was \$155 million. Because of inflation, the cost per kilowatt was 45% higher than a unit built just four years ago.

Sharply rising construction costs are just one place we feel the inflationary squeeze. Manpower, materials and the cost of borrowing money all are having an impact. If we're to continue to provide dependable electric service to you in the face of these pressures, the price of electricity must go up, too.

As long as electricity is made by men and machines and isn't just something out of the blue this will be so.

## Viking Score Board

By Ron Newlin, NEWS Sportswriter

### Vikings Ambushed At No. Manchester

Tippecanoe Valley's 10-game basketball winning streak came to a screeching halt Friday night when a wild finish allowed the Manchester Squires to upset the Vikings, 73-72.

Perhaps an omen of things to come came in the first quarter when it was not Tippecanoe but rather Manchester that jumped to a big early lead. Valley took a time out midway through the first period, trailing, 13-6. The change in strategy managed to put the clamps on the Squire offense, but it couldn't help the Vikings' scoring woes. Tippecanoe mustered only four Ron Dittman field goals and three Jim Johnson free throws in the quarter and trailed at the end of it, 15-11.

The second quarter opened things up for the Vikings as Tippecanoe outscored the Squires 25-14 to take a 36-29 halftime lead. For the second straight game a

bucket at the buzzer padded the Viking advantage. Mike Lewis scored this one on a follow-up.

The two teams played even in the third quarter and the stanza ended with Tippecanoe on top, 54-47. Manchester quickly closed the gap to 54-52, but couldn't tie the score. Valley's lead fluctuated throughout the fourth quarter and was finally expanded to nine at 71-62 with 1:52 remaining.

The final two minutes, however, did the Vikings in as turnovers and bad breaks compounded to give the Squires an 11-1 scoring bulge. Two straight backcourt errors cut the score to 71-68 in a matter of seconds. Following a Manchester free throw a Viking full-court pass was picked off and the Squires tied the score. Mike Murphy put Tippecanoe back on top at 72-71 with a free throw with :23 left, but Manchester took the lead on a follow-up ten seconds later. Tippecanoe never got another chance, as a time-out with three seconds left was disallowed and the ball went back to Manchester.

Ron Dittman led the Viking scoring effort with 27 points. Teammates Ryan Williams and Jim Johnson added 17 and 12, respectively, but no other Viking scored consistently.

The Valley JV had a struggle in winning number 15 straight, 59-56. Kevin Eaton's 12 points led Tippecanoe. TVHS 11 25 18 18-72 Squires 15 14 18 26-73

The onslaught continued in the second quarter, as Tippecanoe built a 44-20 halftime lead. In the third quarter, Southwood came out shooting and connected on a blazing 70% to whittle away at the Valley lead. The knights cut the deficit to 13 at one point but could draw no closer. Their hot outside shooting percentage came back to earth in the fourth quarter and Tippecanoe pulled away for the 86-64 win.

Ron Dittman was once again the big man in scoring for Tippecanoe with 35 points. Center Ryan Williams chipped in 19 points and 15 rebounds for the Vikings.

For the fifth straight game, the Tippecanoe B-team was pressed to keep its unbeaten string alive, winning by a 51-47 score. Kevin Eaton led the Valley with 14 points.

### TV Gets Back On Track At Southwood

The Tippecanoe Valley Vikings rebounded from their first loss in two months by swamping the Southwood Knights at Southwood Saturday, 86-64.

The Vikings pretty well dominated the game throughout. Southwood put together one good quarter, the third, but Tippecanoe never trailed and for the most part, was never challenged.

Coach Floyd Henson pulled a switch by making the first lineup change in nine games. Mike Lewis and Mike Murphy started, in an effort to get more scoring out of the guard position. The play did succeed in sparking the Viking offense, as Tippecanoe rolled to a 24-12 first quarter lead. A big factor in that quarter was the 13-point contribution of Ron Ditt-

## Mentone Egg Festival plans set

Mentone will pay homage to the egg during a two-day "Mentone Egg Festival" planned June 13 and 14.

The Festival will replace Mentone Days, because Chamber of Commerce officials felt it was more in keeping with Mentone's claim as the Eggbasket of the Middle-west. They have discussed plans for events involving eggs, including an egg decorating contest.

The affair will be one of community involvement with various organizations taking charge of food concessions. A ten percent rental will be charged for food stands. Interested organizations should contact Frank Manwaring, chairman.

Other concessions will be handled by Wayne Baker. All booths or displays showing merchandise for resale will be charged a ten dollar rental fee.

One of the highlights will be a Little Cutie contest. Entrants, either boys or girls, should not be under two years of age and no older than six. Each business is urged to sponsor an entrant and supply a float on which the tyke may ride in the parade. The top four contestants will be chosen during the parade with the king and queen to be announced on Saturday night.

## Tombaugh Article In New York Times

Richard Tombaugh, executive secretary of the National Association of Student Financial Aid Administrators, wrote an article entitled "A Primer on Finding Financial Aid For Students" that appeared in the January 15 issue of The New York Times.

He advised students to consider university scholarships, loans from banks or credit unions, company and union scholarships, federal Basic Educational Opportunity Grant, aid from church or lodge, merit scholarship, Veterans Administration loans or assistance from Social Security in his twelve-point

Tentative plans call for sidewalk days to begin at 9 a.m. Friday, June 13. Carnival rides and a flea market will

begin at noon with a horseshoe pitching contest in the afternoon with Russell Hart in

## Barbecue to aid park

The chicken barbecue Saturday night in the Akron gym will be the first of a series of fund raising events to assist Akron in its drive for park funds.

If the park board can raise \$13,542.50, the state will match it for a total of \$27,085, which is earmarked for improvement of facilities at the park. Plans call for extension of facilities to accommodate everyone—girls and boys, small children, teens, and senior citizens. To date, the focal point has been on the Little League park, and much progress has been made, but the scope of the project calls for extension and improvement of the entire park.

## Haist Heads Grain Association

Paul Haist of Agri-Center, Mentone, was recently elected president of Northeastern Indiana Grain and Feed Dealers Association at a meeting in Ft. Wayne.

## Lenten Services

The Mentone, Burket, Beaver Dam and Talma United Methodist churches will join in Lenten services again this year.

The schedule includes a Ken Anderson film at Beaver Dam on Feb. 16; the Cardinal Bell Choir at Mentone on Feb. 23; Dr. Sheldon Duecker at Burket on Mar. 2, a round robin of speakers from March 9-16, and a sermon by Prof. Stanley Sherk of Goshen College entitled "The Triumphal Entry" on March 23.

Maundy Thursday plans will be announced later.

## Miss Fawley is winner

Cindy Fawley has been named Tippecanoe Valley High School's 1974-75 Betty Crocker Family Leader of Tomorrow. She won the honor by competing with other seniors in the written knowledge and attitude examination on Dec. 3 and is now eligible for state and national honors. She will receive an award from General Mills, Inc., sponsor of the annual educational scholarship program and will be eligible to compete in the state and national contests.

Miss Fawley is the daughter of Mr. and Mrs. Jack Fawley, Mentone.

## Prater buys Ron's Garage

A. C. Prater, Akron, has purchased Ron's Garage from Ron Martin and plans to remodel the station, according to an announcement made this week.

Prater, who will continue to operate the

Akron Cafe, will assume ownership March 1. He plans to have the station open from 6:30 a.m. until 10 p.m. daily. Known as A. C.'s Citgo, the station will handle tires and batteries and will offer mechanical work after the remodeling is completed.

## Anderson Film Festival

A Ken Anderson film festival at Tippecanoe Valley High School Saturday night, February 22, will feature three hit movies.

Sponsored by Partners, the films are "Mindbenders," "Apache Fire," "Strangers from Galilee," "The Deceiver," and "My Son, My Son."

The movies will begin at 7 p.m. Admission is free, and babysitting will be provided.

The public is invited to attend.

## Stray Dogs Will Be Shot

Akron residents who value their dogs' lives are cautioned to keep their pets tied, because all dogs found running loose will be destroyed. This move was made necessary because of the number of complaints received from town residents.

## Retail Group Meets

A group of Akron retail merchants met at the Akron Cafe Wednesday night to discuss future promotions for the town.

Plans are still under discussion and will be announced later.

What is it about human nature that makes it easier to break a commandment than a habit?

**PERFECT SEASON:** Akron 7th graders wound up the year's basketball activity Saturday by winning their own invitational tourney and finishing the year with a 15-0 record. On Saturday, June 14, there will be a turkey shoot with Raymond Lewis in charge and a continuation of the horse-shoe pitching contest. A consignment sale at 10 a.m. at Miller hardware will be chaired by Jim Miller. Food will be served at 11 a.m.

Highlighting the afternoon will be the expanded parade under the direction of Kenneth Bush. The parade route

will begin on No. Broadway, go to the post office, turn left on main street to one block east of Miller's Hardware and then to the school. In the parade will be bands, cutie floats, pony carts, decorated cars and bikes, antique cars, etc.

All plans are tentative, and additional events may be added later. Chamber officials urge everyone interested in participating in the parade to register now. They welcome volunteers from organizations wishing to provide meals and will also welcome suggestions concerning the expanded two-day event.

## First Federal Reports Increase

First Federal Savings and Loan Association of Fulton Co. reported an increase in savings deposits of \$5,589,398 for 1974 at the recent annual meeting. This represents an increase of 49 per cent for the year, boosting total assets of the nine-year old association to more than 18 million dollars, according to Richard Belcher, president.

During the meeting, Belcher was re-elected president along with Margaret K. Wisley, vice-president of finance and treasurer; Jay Heyde, vice-president; Garland Masterson, vice-president, mortgage loan department; J. W. Howkinson, secretary, and Anita Samuelson, director of EDP and assistant secretary, and Joanne Callahan, assistant loan manager.

Heyde and Howkinson were re-elected to three year terms on the board of directors. Both were organizers in 1966.

Belcher noted First Federal this year opened a branch office in Bremen. The association also has a branch office in Winamac.

It's no wonder the underworld is so rotten when you observe the kind of important citizens it pals with.

There's more to being a good teacher than a knowledge of a subject.

## Sick of our sickness

I am sick...and there are those who claim that ours is a "sick" society. That our country is sick, our government is sick, that we are sick.

Well, maybe they're right. I submit that maybe I am sick...and maybe you are too.

I am sick of having policemen ridiculed and called "pigs" while cop killers are hailed as some kind of folk hero.

I am sick of being told that religion is the opiate of the people...but marijuana should be legalized.

I am sick of being told that pornography is the right of a free press...but freedom of the press does not include being able to read a Bible on school grounds.

I am sick of commentators and columnists canonizing anarchists, revolutionists and criminal rapists but condemning law enforcement if it brings such criminals to justice.

I am sick of paying more and more taxes to build schools while I see more faculty members encouraging students to tear them down.

I am sick of Supreme Court decisions which turn criminals loose on society-while other decisions try to take the means of protecting my home and family away.

I am sick of being told policemen are mad dogs who should not have guns--but that criminals who use guns to rob, maim and murder should be understood and helped back into society.

I am sick of being told it is wrong to use napalm to end a war overseas...but if it's a bomb or Molotov cocktail at home, I must understand the provocations.

I am sick of not being able to take my family to a movie unless I want them exposed to nudity, homosexuality and the glorification of narcotics.

I am sick of pot smoking entertainers deluging me with their condemnation of my moral standards on late night television.

I am sick of riots, marches, protests, demonstrations, confrontations and the other mob temper tantrums of people intellectually incapable to working within the system.

I am sick of hearing the same phrases, the same sick slogans, the pat patois of people who must chant the same things like zombies because they haven't the capacity for verbalizing thought.

I am sick of reading so-called modern literature with its kinship to what I used to read on the walls of public toilets.

I am sick of those who say I owe them this or that because of the sins of my forefathers

--when I have looked down both ends of a gun barrel to defend their rights, their liberties and their families.

I am sick of cynical attitudes toward patriotism. I am sick of politicians with no backbones.

I am sick of permissiveness.

I am sick of the dirty, the foul mouthed and the unwashed.

I am sick of the decline in personal integrity and human sincerity.

And most of all, I am sick of being told I'm sick. And I'm sick of being told my country is sick--when we have the greatest nation man has ever brought forth on the face of the earth. And fully 50 per cent of the people on the face of this earth would willingly trade places with the most underprivileged amongst us.

Yes, I may be sick. But if I am only sick, I can get well and I can help my country get well.

...You will not find me under a placard. You will not see me take to the streets. You will not find me throwing a rock or a bomb. You will not find me ranting in wild-eyed mobs. But you will find me at work within my community. You will find me expressing my anger and indignation in letters to your political office. You will find me canceling my subscription to your periodical the next time it condones criminal acts or advertises filth.

You will find me speaking out in support of these people who contribute to the elevation of society and not its destruction. You will find me contributing my time and my personal influence to helping churches, hospitals, charities and those other volunteer backbones of America which have shown the true spirit of this country's determination to ease pain, eliminate hunger and generate brotherhood.

But, most of all, you'll find me at the polling place. There you'll hear the thunder of the common man. There, you'll see us cast our vote...for an America where people can walk the streets without fear...for an America where our children will be educated...for an America no longer embarrassed to speak its motto: "In God we trust."

## Viking Second Half Tops Culver

Tippecanoe Valley survived a slow start and came back with a devastating attack in the second half to oust the Culver Cavaliers, 90-69, at home Friday night.

The Vikings appeared sluggish in the first quarter. Culver jumped to a 6-0 lead in the opening minute. Following a time out Tippecanoe came back with nine straight points and took an 11-8 lead, but the Cavaliers wouldn't be intimidated and went back on top shortly. Culver led 21-19 at the end of the first quarter, and continued to control the tempo in the second. Two minutes into the period Culver built a 29-24 lead, it's largest since the opening minute.

Then the Vikings came to life and went on a 17-6 tear for the rest of the quarter to lead at halftime, 41-35. The third quarter was the clincher, though, as the Vikings came out blazing, with one of their better shooting performances of the year. Tippecanoe hit its first eight shots and raced to a 59-39 lead midway through the quarter. An inspired performance by guard Bill Boggs and a 14-point outburst by Ron Dittman led the way to a 32-17 edge in the quarter and a 73-52 lead at the end of the period. The Viking reserves came in the fourth quarter and expanded the lead to as much as 24 before finishing it off at 90-69.

Ron Dittman led the Vikings in scoring with 38 points, and three other Vikings hit double figures on the night. Jim Johnson scored 13, Mike Murphy 12, and Bill Boggs, 10. The win upped the Tippecanoe slate to 14-3.

The Valley Junior Varsity won 66-59, behind 15 points by Derek Ang-

lin and 12 by Bruce

## Valley Loses To Glenn

Tippecanoe Valley's 14-3 Vikings travelled to Walkerton Saturday to meet the 16-2 John Glenn Falcons in a game billed as the area's best. Glenn triumphed 53-51 in a game that was as exciting as was promised but was in no way artistic.

The game had a touch of the bizarre from the beginning, as several seconds into the first quarter one of the Viking players pointed out that the scoreboard clock registered eight minutes yet to play. The malfunctioning clock was used only sparingly and was seldom correct when it was used. The game was timed from the scorer's bench by stopwatch and as a result nobody, including the players, knew how much time remained.

But even stranger than the clock situation was Tippecanoe's total inability to score. The Vikings connected on none of their 15 first quarter field goal attempts and were saved from total devastation only by two free throws and some cold shooting by Glenn. The quarter ended with the score 12-2.

In the second quarter Tippecanoe generated a modest offense but Glenn opened up a little, also, and expanded their lead to 30-17 at halftime. Two of the ugliest statistics in the debacle were Tippecanoe's 20% field goal percentage and the fact that Ron Dittman, proprietor of the 29 point average, was held to three points. In Valley's defense Glenn was playing a tenacious defense with more than a little contact involved.

In the second half both teams picked up

the momentum but Tippecanoe could draw no closer until late in the quarter when some improved shooting drew them to within 44-37 at the end of the quarter.

Tippecanoe Valley opened the fourth quarter with two buckets to cut the gap to 44-41. Glenn then went into a stall. The Vikings were to get their hands on the ball only five times again. They managed to close it to 48-47 near the end but were then forced to foul to break the Falcon stall. Glenn hit five of six free throws in the last minute. Phil Adams offset them with two baskets, the last a long jumper with something less than ten seconds left, but Glenn made no effort to in-bound the ball and the game ended 53-51.

Phil Adams, who paced the rally, ended with 14 points to lead Tippecanoe. Ron Dittman finished with 13.

The Viking B-team won its 18th straight game, 45-37, behind Derek Anglin's 14 points.

Tippecanoe, now 14-4, finishes its home schedule here Friday against Bremen.

## Local Jr. Highs In County Tourney

The area junior high school basketball teams stole the show in the first round of the county tournament Wednesday.

In the opening game, Coach Bill Ruppel's Akron Flyers met Pierceton, a team which had beaten Akron by 30 points a week earlier and which was picked by many to win the tourney. Employing a tough 1-2-2 zone on defense and a methodical shot-selection offense, Akron controlled the game and led several times before succumbing 35-31 on two Pierceton baskets in the last minute. Akron finished 7-9, a big improvement over last year's 1-17 mark.

In game two, Mentone took on a tough Milford squad which had beaten them by 17 points three weeks before. Coach Jerry Eaton's boys refused to be rattled by precedents, however, and in the first half blew Milford right out of the gym. A stingy man-to-man defense, superior board work and all-around hustle led to an 18-2 halftime lead with 14 points coming from David Bornmann. As it was, Milford never had a chance, and Mentone rolled to a 39-19 win. The Bulldogs advance to the semi-finish against Pierceton Monday.

## Asking Heinold What

## Your Hogs Are Worth?

### Your neighbor does!

He discovered Heinold Hog Markets obtain bids from over 50 packers every day on his hogs—not just butchers, but every weight and type of hogs.

He discovered long ago the price bid by packers across the midwest can vary 50c to \$1 a hundredweight for the same kind of hogs at the same location.

He realized the buyer representing a single packer might offer to buy his hogs in the country, at the terminal, or on grade and yield—but he was still getting only one bid. If he took his check, he never knew what his hogs were actually worth!

There's really only one way to find out the true value of your hogs—unless you call 50 packers. Call Heinold Hog Market COLLECT.

## Accident Report

A car driven by Randall J. Clinker, 16, R. 1, Silver Lake, was damaged \$1,400 in an accident on Kosciusko CR 100 East Saturday. A passenger in the car, Becky Carpenter, 16, Silver Lake, received a bump on the head and throat but did not receive treatment.

A late model truck operated by Michael Sands, 20, R. 1, Silver Lake, was damaged \$400 in an accident near Pierceton Saturday.

Opportunity has to knock; temptation has only to stand outside the door and whistle.

# Insulation! Why didn't I think of that?

Insulation would have been a natural for the frugal, inventive Ben Franklin. It's a big key to conserving precious natural resources. Every American homeowner can help by making sure insulation is at least six inches thick in the attic, three and a half inches in the walls and two inches under floors.

Every dollar's worth of insulation will pay for itself in heating economy and comfort.

Besides saving energy, you'll get more for your money. As Ben Franklin says, "A penny saved is a penny earned."

If you're concerned about conservation, remember... every Hoosier home that's heated electrically helps ease the fuel squeeze.

Electricity made from abundant coal relieves the demand for the scarcer fuels we're running out of.

Help your country... help yourself.

**PUBLIC  
SERVICE  
INDIANA**

If you'd like to join in the fight to save energy, get a free copy of a "Guide To Wise Use Of Energy for Electric Heating and Cooling" at your nearest Public Service Indiana office.

**1975 INDIANA EASTER SEAL CHILDREN:** Mark and Mike Reardon, a pair of young brothers from Columbus, will serve as 1975 Indiana Easter Seal Children. Mark, 10, and Mike, nine, will represent the thousands of handicapped children throughout the state for the entire year, performing their first function by participating in the annual mail campaign, Feb. 24 - March 20. Although born with muscular dystrophy, the boys, sons of Mr. and Mrs. John Reardon, are top students and are active in Cub Scouts.

## Akron 7th Grade Team Ends Perfect Season

The Akron seventh grade basketball team completed an unbeaten season with a pair of impressive victories in its own tournament Saturday.

The Flyers opened the tournament with a 49-21 whipping of So. Whitley. Akron jumped to a 23-5 first quarter edge and coach Dave Creighton rested the starters for much of the remainder of the game. Scott Tilden led a balanced attack with 12, followed by Brian Simmons with 11 and Bob Moyer with 10. In the other morning game, Warsaw and Plymouth battled through four overtimes before Warsaw came out ahead, 58-57.

After Plymouth beat Whitley 45-39 in the consolation game, Akron faced the 10-3 Tigers in the championship. Warsaw platooned two teams of taller opponents and dominated the boards, shutting off Scott Tilden and controlling the game inside. Warsaw led at halftime 20-16. But in the third quarter Akron turned it around with a tough defense and some hot shooting to take a 35-23 lead into the final quarter and eventually win 48-35. Tilden's 15 and Simmons' 13 led Akron. The Flyers finished 15-0, 26-0 over the last two years.

### TVSC Teachers Seek Election

Teachers in the Tippecanoe Valley School Corporation have called for a representation election to establish the Tippecanoe Valley Classroom Teachers Association (TVCTA) as their negotiation representative.

According to TVCTA president Phyllis Gearhart, the Indiana Education Employment Relations Board (IEERB) will be requested to conduct the election as provided in the teachers' collective bargaining law.

This will be the second time TVSC teachers have voted in a bargaining election. Results of last year's election were challenged by the school board, and negotiations between the board and the teachers group never took place.

"The school board has persistently called on us to submit to a second election," Mrs. Gearhart said. "We feel it is not necessary, that it will only cost taxpayers additional money, but in a spirit of compromise, the association has agreed to a second election."

Date for the election will be established by IEERB, the state agency that enforces and administers the bargaining law.

"Let us hope this will settle the issue once and for all and that the school board will abide by the decision of the election this time," Mrs. Gearhart said.

### On ISU Honor Roll

Michael Heltzel, R.I., Akron, was listed on the Distinguished Honor Roll at Indiana State University for the fall sem-

ester. To attain this, he maintained an average of 3.76 or above on a 4.0 scale.

## TV superintendent search narrowed

The search for a new superintendent for the Tippecanoe Valley School Corporation has been narrowed to a final group of applicants.

The quest began last September 30 when the school board voted to make present superintendent Robert Forbes business manager effective

July 1, 1975 and to hire a new superintendent to begin his duties at that time.

Twenty-nine applications were received. These were screened by a committee composed of members of the placement bureaus of Ball State, Purdue, Indiana and Indiana State universities.

The latter group studied the applications and made recommendations in a special meeting with the school board Tuesday. The board will review the final applications and conduct interviews before making its selection.

## Tournament Issue

This issue of the NEWS contains a souvenir tabloid-sized section devoted to the upcoming Triton tournament. Featured are pictures of the six participating teams--Tippecanoe Valley, Triton, Rochester, Warsaw, Wawasee and Wawasee Prep. In addition, a touch of nostalgia has been added with pictures of former Akron, Mentone, Beaver Dam, Burket, Talma, Rochester, Richland Center, Bourbon, Etna Green and Tippecanoe teams as well as from those schools that now comprise Warsaw and Wawasee. The section is the combined work of the staffs of the NEWS and the Mail-Journal. In addition to the regular subscribers, a copy has been given to each student in the participating schools.

## Tickets go on sale Friday

Sectional tickets to high school student season ticket holders, parents of varsity players and varsity cheerleaders and high school staff members with season tickets will go on sale at Tippecanoe Valley High School at 9 a.m. Friday. Price is \$3.75.

# Woodlawn site selection and status explained

Members of the Woodlawn Hospital board of trustees this week issued the following statement regarding the selection of the Jones Woods site and the present status of the new hospital:

It is the feeling of the Woodlawn Hospital Board of Trustees that many misconceptions exist about the new hospital and that certain factors have been distorted. For that reason the following information is provided.

Too many misconceptions and much misinformation surrounds the new hospital project. One misconception seems to be that the hospital is still in the proposal stage. This is not true. The hospital Board of Trustees, the County Commissioners and the County Council have all approved construction of a new Woodlawn Hospital at Jones Woods. The present status of the new hospital is this. The hospital board has received the necessary approvals to proceed with a new hospital on a new site, and are doing so. The survey field work has been completed and the report is expected next week. The purchase of the land is the next step. The architects have been authorized to proceed with the schematic plans.

The decision to select the Jones Woods site was made for two major reasons.

**COST** - The cost of 32

acres at the Jones Woods site is \$96,000.00. Sewer and water lines already at the site are larger than at the present hospital. Connection of these utility lines and the preparation of the site are included in the \$4,025,078.00 overall hospital cost figure.

To obtain 5.92 usable acres at the present site, the following estimated costs would be incurred:

A. Demolition - \$64,338.00. An earlier demolition bid by Verkler Contractor, Inc., did not include removal of basement walls, foundation or controlled fill of the basement hole.

B. Removal of Pontiac Street utilities - \$59,000.00. This can further be broken down into sewer, \$44,000.00 and water, \$15,000.00.

C. Purchase of private property on Jefferson Street to secure two blocks - \$140,000.00. Based on a local realtors appraisal plus a factor added because open market conditions would not prevail and a price above fair market value is expected.

D. Purchase of School property - \$1.00.

E. Loss of hospital revenue during construction - ?

Total amounts listed above - \$263,339.00.

**FUTURE NEEDS** - The State Board of Health will not permit construction of a hospital larger than 49 beds, however, admissions/1000

population statistics indicate future bed expansions will be needed. The hospital board has already been approached about medical staff office buildings on the new site, a potential source of lease rental.

An emergency ambulance system will soon be needed. The local funeral directors have stated they will cease providing ambulance services on June 30, 1975. No garage or headquarters could be placed at the present site without losing needed parking space.

Additional county office space will be needed. One half of the present hospital has already been converted to offices and storerooms as mandated by the State Fire Marshall. This was accomplished at a nominal cost.

A study is being made of exactly what land will be needed for future development at Jones Woods. The county could sell any land deemed unneeded.

The Farmers Home Administration has assured the board they would purchase the bonds at 5% interest, if application is received before June 30, 1975. F. H. A. anticipates many similar projects in fiscal 1975-76 and cannot assure full funding will be available after June 30, 1975. Early application of the project will avoid the loss of potential federal funds as occurred with

the Hill-Burton grant monies.

In summary, the elected and appointed county officials have studied the needs and requirements of a new hospital. After extensive consideration they have concluded the best and most economical location for a new hospital is at Jones Woods.

## Things I Remember

By Goldie Kesler

Seems as if times change. I cringe when I see boys climb the trees in the yard or tiny girls swing on the gate.

I was not very big when I could climb the board fence at the corner of the corn crib and sit on the big end post. I loved to sit there and dream of a knight on a white horse riding by. None ever did but it was so much better than having to think of grasshoppers and tomato worms or toads. It didn't take long for me to learn I could climb up on top of the gate post and then pull myself up on the roof of the corn crib. It was lovely sitting up there. The world looked so beautiful and I could almost touch the sky.

We climbed all the apple trees in the orchard which was pretty good considering we wore dresses. Women didn't ever wear pants. Peach trees are pretty wobbly. One day I worried and scratched and tugged until I got my pet bulldog up in an apple tree to show him a nest of little squirrels in a knot hole in a limb. The squirrels all ran away and Snack jumped down by himself.

The day came when I could get from the roof of the corn crib to the barn roof but it was risky because Grandma

kept such close watch on us.

About that time I decided I was big enough to reach the steps on the wind mill tower and climb up to see if I could see Rochester. The tower was quite high to catch the wind above the pine trees and the steps were pretty far apart. We climbed the evergreen trees all the time; the branches were like stair steps. I went only part way at first. Grandma could always see from the kitchen window. But then I got so I did it and climbed all the way to the very top. It was wonderful up there for a while but my Uncle Clem, who lived just down the road, saw me and came running so fast to help me down. He wasn't a bit cross and didn't scold. He just put his arms around me tight and said, "Don't EVER do that again." The wind mill was in gear.

### Barbecue Thank You

Dear Editor:

The Akron Park Board would like to thank everyone who supported the Bar-B-Que Chicken Supper Saturday night. The supper was a big success with approximately \$1000 being raised for the improvement of our park.

We would especially like to thank the following for their donations:

Kappa Delta Phi, cole slaw; Las Donas Club, baked beans; Akron Woman's Club, cookies; Paul Brouyette and Tip Top bakery, delivery and donation of part of the bread; Akron News, publicity and donation of tickets; Lions Club and Little League, ticket sales and assistance; Mr. and Mrs. Lonzo Meredith and Mr. and Mrs.

Joe Day for the use of the cafeteria and their assistance throughout the entire day; Mrs. Tom Holloway for the many hours spent coordinating everything, and everyone who helped serve and clean up.

We are very sorry that we were unable to serve everyone, but the participation was much greater than we anticipated.

P. 107 second column, fifth paragraph: Elbert Hubbard lost his wife in the sinking of the "Luisitania", not the "Titanic."

The Akron Heat, Light and Power Company is pushing the work necessary to take electricity from the Winona high tension lines. The whole town has new and bigger poles and the big transformers are placed on big poles on a lot on Gilead avenue which the Winona people bought from Mrs. Bailey some years ago. Light will soon be obtainable from the new source and since we will all have day and night electrical service, the little city forges one more notch towards the front. Electric power ought to bring Akron some industry even if small as we have equal shipping facilities with larger places.

## Viking Score Board

By Ron Newlin, NEWS Sportswriter

### Valley Tromps Bremen In Home Finale

Tippecanoe Valley went out a winner before it's home fans Friday, overpowering the Bremen Lions 82-64. The triumph, Tippecanoe's eighth in nine tries at TVHS gym, upped the Vikings' season record to 15-4.

Following a pre-game salute to Viking senior players, managers, cheerleaders, and mascot, Tippecanoe opened the game with a typical Viking first quarter. Eight points in the last minute and a half of the quarter left the Vikings ahead 22-11 at the end of the period.

In the second quarter, Tippecanoe opened up a 14-point lead behind some sharp (10 for 15) shooting by Ron Dittman. But Bremen countered with a full court press that began to take its toll on the Viking offense and by halftime the Lions had cut the Valley lead to five, 40-35.

The press continued to be the dominating factor in the third quarter. Although Bremen could draw no closer than three, the explosive Viking offense was stifled and Tippecanoe led only 55-48 after three quarters. The fourth quarter proved to be the clincher, however, as Tippecanoe tallied 27 points in the

period to Bremen's 16. The reserves played out the final four minutes, sealing the 82-64 verdict.

Again, the leading Viking scorer was forward Ron Dittman who pumped in 34 points. The other forward, Jim Johnson, added 18. Tippecanoe continued to play backcourt roulette in an effort to find the right combination of guards, and on this night it was Phil Adams who did the job, scoring 13 points in his second straight double-figure game. Valley dominated the boards, as the front line alone grabbed 38 rebounds - Johnson and Ryan Williams 13 each, and Dittman, 12.

The Viking B-team trounced Bremen, 55-31, led by Jim Webb's 11 points. It was Valley's 19th straight victory.

Tippecanoe winds up its regular season Friday at Jintown.

## TV sex discrimination charged

"Is physical education for boys more important than for girls?" Jean Roberts asked at Monday night's Tippecanoe Valley school board meeting.

Stating her confidence in the school board was at low ebb because of the lack of physical education programs for girls and elementary students, she charged that \$11,000 is spent annually for coaches and teachers for boys' programs and only \$300 for girls. "Right now there is one girls' P.E. teacher at the high school and one who must divide her time between the Akron and Mentone junior highs," she said. After reading a federal law regarding sex discrimination, she charged, "No one is doing anything to initiate a girls' program."

Mrs. Roberts' remarks came during the audience session, but the feeling they generated among spectators caused an ongoing discussion after the gavel for adjournment sounded two and one-half hours later. The chief reason given for the lack was that the boys' programs had been in progress for a time but the girls' programs could not be funded because of the tax freeze.

A \$900 supplemental contract for Joyce Harmon as Girls Athletic Association director, basketball and track coach was approved prior to Mrs. Roberts' statement, but she and a number of teen-aged girls present charged this was not an adequate girls' program.

Turning to their prepared agenda, board members by a 4-1 vote rejected all bids for gas and oil, an action recommended by Superintendent Robert Forbes who said no firm bids had been received. This prompted a lengthy discussion between board members, Forbes and a representative of Laketon Asphalt and Refinery Co. The latter said his oil price was 21.77 cents per gallon delivered and, while this was an escalating bid, he could quote a price a month in advance. He guaranteed delivery and said he would be willing to post a \$100,000 performance bond.

Casting the lone dissenting vote to reject the bids, board president Dr. John McKee said it appeared to him the board would be "kicking \$10,000 in the teeth" if they did not go with

Laketon. The other board members felt it would be best to continue with Silveus and Bradway, a firm Forbes said had rescued the corporation last winter when it was time to fill the tank at the new school. Silveus and Bradway's bid was for four cents less than tank wagon price. The only other bidder was Standard Oil Co. at 27.20.

A motion to have Laketon complete the necessary allocation request was passed 3-2 with Dr. Wymond Wilson and Fred Kindig casting dissenting votes. Richard Goshert, voting in favor of the motion, said, "This still gives us an opportunity to check prices. We won't be committed yet."

In other action, board members rejected all bids for an 84 passenger school bus after a discussion that heard remarks from representatives of the only two bidders, Imperial Equipment Co. and Kerlin Motors. Forbes was instructed to prepare specifications and a notice to bidders for 66-passenger buses prior to the next meeting.

They also (1) looked at a list of teachers to go on tenure with their next contract but did not name them (2) signed a lease agreement with Cardinal Learning Center as part of a five-school cooperative in special education (3) approved the bonding company's replacement

of one of the contractors at the new school (4) approved a \$3,990 change order for additional wiring in the graphics arts department of the new school (5) heard Don Snipes say he had had a complaint that the American flag is no longer being flown at the Mentone school and (6) heard Dr. McKee name Carol Cumberland chairman of a committee to investigate school employee insurance programs. Other committee members will include Bill Davis, named by Fred Kindig, and Larry Sheetz, named by Don Snipes. On Tuesday, Wilson and Goshert named Kenneth Bush and Mrs. Richard Riedel to the committee.

A TRAPPER AND HUNTER for many years, Mr. Paxton is shown at left some years ago as he and Chet Christian paused with their dogs before a background of pelts.

## Fur Buying, a Paxton tradition

By Ann Sheetz

Hobart Paxton had enjoyed trapping and hunting all his life. Fur buying was a family business that fitted his lifestyle perfectly.

"I guess there's been a fur buyer on this farm for more than 70 years," he said in a January 25 interview at his home northeast of Mentone. "I took over the business in 1950, and my father had bought furs for 40 to 50 years before that," he reminisced. "One of my uncles used to buy furs in Mentone. It's just been a business we've always enjoyed."

Although he was in failing health, he had continued to operate his business as usual with his wife and son Eddie

providing help. The last of the season's furs were yet in the fur shed, and he thought it had been a good year. "Last year wasn't bad, either," he said, reading from a notebook the number of skins he had bought: more than 6,000 muskrats, almost 1,000 raccoons, more than 100 mink, 90 fox, 135 possums, 21 beavers, six weasels, a skunk, eleven deer hides.

Multiply that year times the twenty-five he had been buying furs and the answer would make a lot of coats.

At one time there had been many fur buyers in the area, but now he was one of the last. "The business has changed," he said, remembering that when he started all the animals had to be skinned and the furs stretched over wire frames. In later years his buyers had been willing to take whole animals, and he stretched only a few pelts, such as mink or skunk. The skinning racks outside the fur shed remained, the Eddie had become proficient at skinning and stretching.

Prices, too, had changed, he said. "I used to pay \$30 or \$35 for a mink," he said, "but now six or seven dollars is about tops. There just isn't as much demand as there was." He said red fox brought the highest price--\$20--and seven dollars was top for racoon although they had been higher earlier in the season. The demand for the particular fur and its own quality control the price, the Paxtons said, and Mrs. Paxton later showed the difference in the fur on some racoons. Some was mangy, thin and brittle; other animals had thick, luxuriant coats. These commanded better prices.

"It's a good business," Hobart Paxton said. "I like buying furs."

But he was only to enjoy the business another three weeks. On February 9, a little over a week after trapping season ended and before the interview could be published, he was dead at 78.

It's too soon for Mrs. Paxton and Eddie to decide the future status of the fur buying business, but whatever their decision, trappers and hunters from all over northern Indiana will long remember Hobart Paxton and his genuine interest in hunting, trapping and, most of all, furs.

LOIS PAXTON works with mink skins. The Paxtons no longer skin out most of their animals, preferring to sell them intact to their buyers; however, mink pelts are an exception.

## TV teachers receive surveys

Tippecanoe Valley teachers will receive a negotiations survey from the Tippecanoe Valley Classroom Teachers Association this week to determine what teachers want in their proposed contract, according to Karen S. Wallace, UniServe Director. She said TVCTA has consented to the school board's persistent requests for another election to determine who will represent Tippecanoe Valley teachers in negotiations.

"As soon as the election is finished, we want to be ready to begin negotiations for our teachers," Duane Smith, chairperson of the TVCTA Welfare Committee, said. "We are asking teachers to fill out and return the surveys by Feb. 21 so the Welfare Committee can tally the results and compile our 1975-76 contract proposal."

TVCTA has notified the school board by letter that they anticipate opening negotiations immediately following the election.

### When Our Ship Comes In

Remember, as a child, how keenly you looked forward to that day mother so often talked about "When Our Ship Comes In."

Perhaps there was something you especially wanted, or there may have been some problem or severe hardship the family had to face, or perhaps there were dreams you longed to have come true, then mother would express the cheerful hope that all would be well "When Our Ship Comes In."

When one abandons the hope of seeing his ship—when faith dies—then we are old, whether we be thirty or ninety.

Your church can be a great influence in keeping alive faith—in hope that dreams will come true. Avail yourself of its aid. Attend regularly and your dreams, although they may change with the years, will nevertheless come true and YOUR SHIP WILL COME IN.

### Book Given To Library

The Fulton County Mental Health Association has placed the book *Journey Out of Nowhere* by Nancy Covert Smith in the Akron Carnegie Public Library.

"Discussing mental illness used to be taboo. Today, fortunately, we are beginning to talk more freely and openly about it," but says Nancy Covert Smith, "for far too many people the subject is still shrouded in shame and guilt. And current statistics indicate that more than 20,000,000 Americans will at some time in their lives need psychiatric care." *Journey Out of Nowhere* does what its author intended - it provides hope and help for both the person who fears his own mental problems and the person who needs guidance in helping someone else who has them.

## They Stand For "Something"

The George Washington Bridge that spans the Hudson River is a very fitting and appropriate memorial to the Father of Our Country. It is a fitting memorial because of its great strength and because of its unlimited service. It stands for "something" -- strength for good.

George Washington was a tower of strength in a crucial period. He stood for "something", independence and union. Like many other rich men of the colonies he could have taken the easy way. But, because he stood for "something" he selected the hard, the difficult way -- strength for good.

The Church is also a source of strength for good, and, like Washington and the bridge that honors his memory, it stands for "something", for the right and freedom of every human being. There is a church that will aid and sustain each individual who stands for "something" and must choose the hard, the difficult way to take this stand -- strength for good.

## Merry 4-H Girls Plan Activities

Thirty-two members of the Mentone Merry 4-H Club attended the Feb. 11 meeting in Mentone Days and Heart Sunday. On Heart Sunday, Feb. 23, the girls will meet at the leader's house at 1 p.m. and will then canvass the Harrison township countryside.

New club members are Aimee Robinson, Donna Avery, Kathy Vogel, Armenta Gross, Brenda Ross, Beth Bormann and Carol Kantner.

They also made plans for a slumber party at the leader's house.

Committees were appointed for demonstration day, March 26. All club officers will attend officers' training at Lincoln School in Warsaw Thursday.

Achievement record winners were announced and praised for a job well done.

The meeting ended with refreshments served by Beth Bormann and Beth Banghart while Lynne Knoop instructed the girls how to do "shrink art."

The next meeting will be March 11 at 6:30 p.m. in the Youth Building.

## DAR honors history contest winners

"A Patriot of the American Revolution" was the subject of this year's American history essay contest sponsored by Anthony Nigo Chapter Daughters of the American Revolution for sixth, seventh and eighth grade students in the Akron and Mentone schools. The patriot could be a man, woman or child who rendered service to the cause of American independence during the 1775-1783 period. The annual contest's purpose is to stimulate interest among students in the history of the United States.

Winners honored at the February meeting of the local chapter at Mrs. Frank Smith's home were Chris Bazini, a Mentone eighth grade student whose essay, "Martha Washington," was chosen first; Linda Dorsey, also a Mentone eighth grader, whose paper, "Abigail Adams," was second, and Dawn Slone, an Akron sixth grader whose essay on Thomas Jefferson won first place in that grade.

Medals and certificates of award were presented to each by Mrs. Thomas Fugate, American history essay contest chairman.

Miss Bazini's and Miss Slone's essays were entered in state competition for further judging.

Mrs. Ted Slone, Akron; Mrs. Floyd Dorsey, R.2, Warsaw, and Lee Bazini, Mentone, were also guests of the chapter.

## Slaybaugh

Cont. from page 1  
highlight was a visit to the Sea of Galilee where a meal of bread and fish was served.

Heading the group were Dr. Gustav Jennings, professor of religion at Anderson, and Bill Isenhour, director of bicycle ministry. Dr. Jennings, a world-recognized archeologist who has visited the area seven previous times, said by way of explaining the trip, "Young people want to do things. They don't want to sit on a bus and have someone tell them about the landscape. This way the students were able to experience what the land is like and get a feel for the background of it."

After riding all day, the group spent nights at youth hostels along the road, pleased that the weather in Israel fluctuates between 50 and 60 degrees in January--ideal for bicycling.

Slaybaugh, a graduate of Akron High School, is majoring in elementary education at Anderson. The 25-day trip was part of the college's January Term program.

# VIKINGS ARE SECTIONAL'S NEWEST TEAM

The Vikings of Tippecanoe Valley are the newest team in this year's sectional, although they are by no means strangers to it, having played there in the past as Akron and Mentone high schools.

Combined into one school on two campuses last fall, TVHS has become a reality, although it was not until mid-January that the students moved into their new, still uncompleted building located on SR 19, approximately half-way between the two towns.

The move made practice for the Vikings easier since prior to the gym's opening for the North Miami game, they had divided practice sessions between Akron and Mentone.

Formerly the Mentone Bulldogs and the Akron Flyers, the new team was named the Vikings, and the fierce Viking of old was adopted as the mascot. School colors are green and gold, and "Fight On For Southern Cal" was chosen for the school song.

At the Viking helm as head coach is former Akron mentor Floyd Henson who guided last year's final Flyer team to the sectional championship, the second in his eleven years at Akron. Assistant coach is Bob DuBois, a veteran of ten years at Akron.

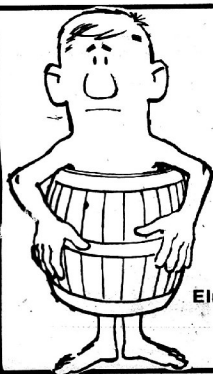

The long-awaited consolidation and formation of one team has for the most part been an agreeable combination this year with the Vikings on the winning side of most of their games and cheered to victory by tireless fans from all of the five schools that went into the district's over-all consolidation — Beaver Dam, Burket, Talma, Akron and Mentone.

# 50<sup>th</sup> Anniversary

REMEMBER 50 YEARS AGO? Members of this 1925 Milford high school basketball team are celebrating their 50th anniversary this year. They won the county, sectional and regional tournament and found themselves in the "Sweet Sixteen" at Indianapolis. Vincennes upset Milford in the old fairgrounds cow barn by a score of 26 to 31.

Shown in front are Roy Schler, Roy Schultz and Eldon Miller.

In back are James Hamman, principal Alva Stout, Clayton Hollar, Harold Burns, Harry Schultz and coach Noble W. Neff.

Three men from our community and several who have since moved elsewhere remember a trip they made to the state capitol 50 years ago to represent this area in the state basketball finals.

We talked with one of them — Milford clerk-treasurer Harry Schultz — and asked what he remembered about that memorable occasion.

The team caught the Big Four train at an early morning hour on a Thursday for Indianapolis where the Milford five was scheduled to open the tourney at 8 a.m. on Friday.

The team stayed in the Lincoln hotel and took a street car from the downtown area to the fairgrounds. The game was played in the cow barn.

The boys were a little late in getting to the cow barn and only had time for three baskets each before the game began. Vincennes, meanwhile, had been on

the floor three times as they waited on the Milford team.

Vincennes defeated Milford 26-31.

The team traveled home Sunday on the old interurban.

## Differences

This reporter asked the clerk-treasurer how the game had changed since those days and he quickly listed three big changes — they did not have a 10 second rule, they jumped each time someone made a basket and they could play where they wanted to with no three second violation.

He noted Frankfort won the tourney in 1925.

Still residing in Milford besides the clerk-treasurer who has retired from an auditor's post with Union 76 are his brother Roy, who is retired from Liberty Homes and Clayton ("Si") Hollar, a retired carpenter.

Teammate James Hamman resides in Manitowish, Wis., and Harold Burns is a resident of South Bend.

High school principal Alva Stout resides in West Palm Beach, Fla.

Coach Noble W. Neff is deceased as are players Roy Sechler and Eldon Miller.

# Warriors: A team to watch

**By SANDY GERENCSEK**  
The Wawasee Warriors will be a team to watch in the 65th sectional basketball tournament. They, like many teams, scheduled their toughest games for the last half of the season. This is quite an asset as it prepares the ball club just prior to the sectional.

Wawasee head basketball coach Bob Heady feels that the Warriors will be strong because of the tough schedule. He said they have had a losing streak, but have played good basketball. An inconsistent offense gave Wawasee trouble earlier in the year, but the team has had a good shooting percentage in its last few games.

Coach Heady looks to Warsaw as about the strongest team in the sectional. He remarked, "Warsaw has really come on in the last part of the season. It's had a good schedule and will be a good tourney team; it has a slight edge." But, he further stated, "We could match them (Warsaw) better than any team, because of our size, etc. That

gives us an edge."

The Warrior coach commented on his team as a whole. "If a majority of games were won through desire and a working attitude, we'd have won more — we've had the desire and ability. But, things have not fallen into place at the right times — maybe this is why our record is not as good as some." Heady went further as he said, "We should have an advantage in tourney play. A team that gets ready mentally can make up for its shortcomings." He then emphasized, "Our record is no indication of the abilities of the boys. We have all the ingredients of a good ball club."

The Warriors do have a fine team with four returning lettermen. They are seniors Mark Smith, Dave Madrick, Tim Yoder and Chris Paulus.

"Any team that doesn't fear Wawasee, or looks on us as one of the favorites in the tourney, is only kidding itself," said Heady. The Warrior coach indicated that if you look at records alone this is not true, but he doesn't look at

records. He evaluates the personnel, final scores and schedules.

Bob Heady summed up with, "We're just as capable as any team. We'll have to wait for the draw though. The teams getting a bye will have an advantage by not playing as many of the tough teams. The teams are so even in the tourney, the draw will have a lot more to do with the outcome."

Assisting Heady on the bench is Dale Brannock. Terry Frank is the Warrior trainer. The superintendent of the Lakeland Community School Corporation is Don Arnold. Wawasee's principal is Henry Smith and the vice principal is Donn Kesler. Eldon Ummel is the athletic director.

**WARRIOR COACHES** — Coach Robert Heady, on the right, is shown with assistant coach Dale Brannock, just prior to a Warrior basketball game.

Heady is in his second year as coach of the Warriors.

These five pretty girls will be participating in the sectional tournament this year for the first time as they cheer for their Wawasee Prep team.

They may be outnumbered since the total enrollment of the school is only 138 but they have the spirit all the same.

Shown from left are Connie Brown of Kalamazoo, Mich.; Michelle Kleinricher of Fort Wayne; Diane Niezgodski of South Bend; Lita Hershberger of Fort Wayne; and Kyle Brown of Muncie.

## Is Wawasee Prep school a 'sleeper' in sectional?

Fans of this year's sectional basketball tournament, to be played in the big Triton high school gym, will see a new bunch of boys in action.

The team will be Wawasee Preparatory school's eager five. Wawasee Prep is located on the shores of beautiful Lake Wawasee and is fielding an IHSAA sectional team for the first time.

Until this year, Wawasee Prep has been an associate member of the Indiana High School Athletic Association, and as such not eligible to participate in state tournament competition.

In an Indiana Supreme Court ruling in the spring of 1974, the court knocked down an IHSAA ruling against associate member teams participating in a state play-off.

### What Are The Chances?

What are the chances of Wawasee Prep being a dark horse in this year's sectional tourney?

Not much, according to their coach, Rex Yentes, now in his seventh season as the team's mentor. He put it this way: "We'll probably be somewhere

down to the bottom of the list."

In spite of this low key appraisal of his team, there are others who consider Wawasee Prep a "sleeper." And for what reason?

Perhaps the best reason is the size of their starting five. Look at this height: Chris Davis stands 6'2", Allen Nimms is 6'3", Michael W. Ingram 6'1", Brian Welch 6'3", and Matt Pain 6'5".

In all, Wawasee Prep has only 120 boys in their enrollment, and from this they must muster a team. The school has only 18 girls and five of these make up their winsome cheerleaders.

Coach Yentes says, "Any girl who wanted to be a cheerleader could probably make it at Wawasee Prep."

Yentes is backed up by Brother Robert Mandernahc as assistant coach.

In appraising their team, both coaches are quick to state their team does not have the tough schedule most teams in the sectional have.

The tall Prep team was runner-up in the November 19-23 Midland Conference tournament, defeating Kewanna, Bethany

Christian, but losing to Marion Bennett in the finals, 68 to 49.

In other wins, they defeated Bethany Christian (59-52), White's Institute (52-51) Howe Military (52-42), Central Noble (51-49), Fremont (46-44), Kewanna (56-48), Pennville (70-44), Howe Military (54-25), Marion Bennett (50-47).

They suffered defeats at the hands of Westview (60-56), Fremont (61-60), Bryant (57-49), Bryant (71-57), River Valley (59-25).

At this writing they have games scheduled with Culver Military, Huntington Catholic and Fort Wayne's Luers, before the close of the season.

Wawasee Prep is not destined to be the shining star in this year's state high school basketball tournament, in our opinion, but we'd also advise fans and opponent teams in the Triton sectional not to count them out too early, either.

## Warsaw wants sectional win

When asked what he thought about this year's sectional tournament Warsaw high school basketball coach Dwight "Ike" Tallman said, "We feel it will be a good tourney again this year. It will be packed with excitement."

Warsaw, with Tallman in his fourth year, has five seniors leading the team. Four are lettermen.

The seniors are Barry Kline, a

5'11" guard; Rocky Goshert, a 6'0" guard; Rob Staley, a forward and center who stands 6'3"; John Sands, a 6'1" forward; and John Clay, at 6'1" who plays guard and forward.

Tallman doesn't think the move back to the Triton gym will make a difference. He says, "They have a nice gym. I think it will be a good tourney. The kids play as well in most any gym today."

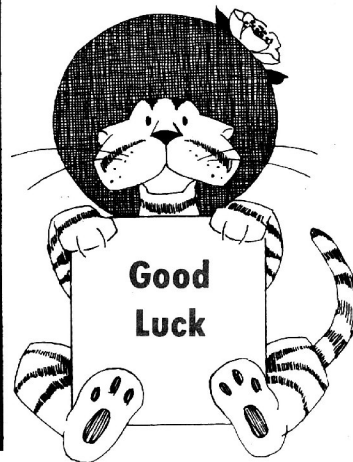

Warsaw also has height in juniors with Gordie Clem a center, standing 6'6". Tony Staley also plays center and stands 6'3". Jim Howard and Don Bettinger, both forwards, stand 6'2" while forward Tom Miller stands 6'1". Other juniors on the team are Steve Parrish, a 5'8" guard; Steve Harris, a 5'7" guard; and Dan Smith, a 5'11" center.

Steve Reed at 6'1" and a guard is the team's only sophomore.

**CHEERING FOR THE TIGERS** — All these people were captured by a Mail-Journal photographer at a recent basketball game as they cheered their Warsaw Tigers on to victory.

Caught in the camera's lens were high school principal Clayton Smith and athletic director Darrel Boling as they expressed approval of a Tiger play.

The high school girls in their orange and black and white outfits make a colorful section as they cheer their team.

And, in the other photo team members watch the game as five-year-old Sherri Jones, daughter of Mr. and Mrs. Ron Jones of 1906 road 225W, Warsaw, cheers her favorite team.

TRITON HIGH SCHOOL  
BOURBON, INDIANA

TRITON HIGH SCHOOL — THE SECTIONAL SITE

# Triton high school is 1975 sectional tournament site

THE INDIANA High School Athletic association moved the 1975 sectional tournament back to Triton high school's gym in what seems to be a confirmation to many that as long as both Warsaw and Triton apply for the tournament the IHSAA will alternate them as sectional hosts. Warsaw was host for the 1974 tournament.

Triton first served as host to the area sec-

Schools participating in the tournament are ROCHESTER, TIPPECANOE VALLEY (the name chosen for the new consolidated high school of Akron and Mentone), WARSAW, WAWASEE and WAWASEE PREP (a Catholic preparatory school located on the shores of Lake Wawasee which has entered full IHSAA membership this year and will be participating in its first IHSAA tournament).

tional in 1971 and was tournament host again in 1973.

Triton's gym seats 3,474 persons. Warsaw's gym seats 3,409. Both offer excellent facilities.

The gym is located on the east edge of the town of Bourbon in Marshall county with the school serving the junior and senior high school students from Bourbon, Etna Green and Tippecanoe.

Here's to  
the  
Champ!

## Remember the 1974 sectional?

Remember the 1974 sectional?  
Who won?

If you are from the Tippecanoe Valley School Corporation you can answer it quick. Others might need to stop and think.

In their last year as a high school the Akron Flyers took the tournament championship by upsetting favored Rochester 91-89.

They were defeated by Elkhart Memorial in the regional the next week.

The Flyers entered the 1974 sectional tournament with a 10-10 season record. However, season records are always thrown out the window at tournament time and Akron defeated Triton, who had defeated the Flyers twice in the regular season, in the opening game 61-52. Then the Flyers upset a good Warsaw squad in semi-final action 55-53 to end up in the championship game.

The boys from Akron will be out to take the championship trophy home this year to Tippecanoe Valley and with the help of their teammates from Mentone they may just do that as the first team from the new Tippecanoe Valley high school has been impressing many this season!

## Crawfordsville was first state champion

The first state tournament was held in 1911 with Crawfordsville defeating Lebanon 24-17. Lebanon seemed to be the powerhouse of early Indiana basketball as the school won championships in 1912, 1917 and 1918. The school was also runner-up in 1943, losing to Fort Wayne Central in a close 45-40 battle.

Muncie and Muncie Central have a total of five victories between them with Muncie being the state champs in 1928 and 1931 and Muncie Central winning the crown in 1951-52 and 1963.

The list of state champs over the past 63 years follows:

## It's 'THAT' time again!

It doesn't seem possible but it is THAT time again.

Time for Hoosier Hysteria to reach its peak as sectional tournaments get underway all over the state of Indiana.

Fans will gather at the Triton gym February 26 and 28 to cheer for the Zebras, Vikings, Trojans, Tigers, Warriors or Lakers and on Saturday, March 1, for the team of their choice in the championship game.

This special issue, our sixth sectional supplement, is dedicated to those who make Hoosier Hysteria what it is — the players, coaches, managers, trainers, cheerleaders, teachers, students, parents and fans of the participating high schools.

We are proud of this supplement and we are proud of the six schools participating in the sectional — Rochester, Tippecanoe Valley, Triton, Warsaw, Wawasee and Wawasee Prep.

Without the cooperation of the schools and the merchants and business people of the area towns it would be impossible to print such a section.

The supplement has been included in The Mail-Journal and the Akron-Mentone News and has been given to the high school students of the participating schools.

Let us have your comments on this supplement. If you have an idea or an old photo of an area team that we can borrow we would appreciate hearing from you. Please address your letters to The Akron-Mentone News at box 277 Akron, Ind., 46810 or box 427 Mentone, Ind. 46539 or the The Mail-Journal at box 188 Milford, Ind. 46542 or box 8 Syracuse, Ind. 46567.

## Tax clinic set for tornado victims.

The Fulton Co. Disaster Assistance Council has announced a free tax clinic for Fulton Co. April 3 tornado victims who need help with filing their income tax forms or who have questions concerning their income tax. The clinic will be in the city council chambers of the Rochester City Hall from 9 a.m. to 5 p.m. on Mar. 14 and 15.

In order for a proper job of helping the victims prepare their tax returns, it will be necessary for the taxpayer to show proof of loss to personal and real property as a result of the tornado.

Each taxpayer should be prepared to show:

1. The nature of the casualty and when it occurred.
2. That the loss was the direct result of the casualty.
3. That the taxpayer was the owner of the property.
4. The cost or other basis of the property evidence by purchase contract, deed, etc. (improvements should be supported by checks, receipts, etc.)
5. Depreciation taken, if any.
6. Value before and after the casualty.

7. The amount of insurance or other compensation received or recoverable, including the value of repairs, restoration, and cleanup provided without cost by disaster relief agencies.

In addition, a taxpayer may itemize such deductions as medical and dental expenses; taxes;

contributions; interest deductions; child care and disabled dependent care, alimony and others. Those taxpayers who elect to itemize should have with them evidence of such deduction in the form of cancelled checks, receipts, etc.

## Elmo Lincoln films to be shown at RBF

Elmo Lincoln, the movies' first Tarzan, will return to the screen in his native Rochester this summer when one of his films is shown during the Round Barn Festival. The decision to show the film came during a recent Fulton Co. Historical Society meeting.

FCHS president Shirley Willard noted that former Times Theater projectionist Robert Walters has a large collection of Lincoln memorabilia and that he is writing an article for inclusion in Fulton Co. Folks, Vol. 2.

During the meeting, Mary Ann Lybarger was elected treasurer to replace Ruth Richardson who has served in that capacity for the past ten years.

Mrs. Willard reported volunteers are needed to index old newspapers of Fulton Co. so that they can be microfilmed. Tips to the people writing histories for Fulton Co. Folks Vol. 2

# LETTERS TO THE EDITOR

The NEWS welcomes letters for publication but prefers that they be kept under 200 words. The letters need not express the views of this paper; however, they should not be libelous or in poor taste. Anonymous letters will not be published. The name of the writer must appear with his letter.

Dear Editor:

A map of one-room schools is being made for the Fulton County Historical Society museum by Carolyn Stephens. She got the locations from 1876, 1883 and 1907 atlases, but numbers and not names of the schools were given. We have not been able to find the names of a few schools. Can anyone help us identify them?

Henry Township: Three are unidentified. One was on northeast corner of IN 14 and 700E about half mile east of Athens, built 1876-83. Another was on north side of 250S a quarter mile west of 800E near Sugar Grove, built before 1876, closed by 1883. The third was on northwest corner of 250S and 1275E about a mile south of IN 14 southeast of Akron, built before 1876, closed by 1883.

Newcastle: Two are still unidentified. One was on south side of 550N half mile west of Fulton-Kosciusko county line, built before 1876, closed between 1883-1907. The other was on southeast corner of 400N and 800E a mile west of Fulton-Kosciusko line, built before 1876, closed 1883 and 1907.

Please notify me or Velma Bright if you can name these schools.

The reprints of the 1883 atlas have not arrived yet but should come soon. They may still be ordered for \$12 plus \$1 for mailing.

Shirley Willard, Pres. Fulton Co. Hist. Soc.

To The Editor:  
"CHILDREN AROUND MAIN STREET"

A little girl came up to me and said, "Rev. Phillips, I wanted to be a Doctor, but didn't have the patience". Also, she said "Do you know what a sad Ghost eats?" "No, what?" "Boo Berries". We do not have as many children as we did 5 years ago for the students of Ball State University have taken many of the apartments and the children come and go. We still have a few we cannot reach. One boy said, "I missed 32 days of school". One boy was sent to state school the second time. He refused to work and he wants to fight. We have a few that have been taught to hate the Church. It would be nice if the Churches and Schools would have some freedom to work together, but they are great children. Many broken homes, crowded homes. Sometimes it's hard to get enough to eat, but we have that beautiful reaching out of the Children. I use all of the money I can to pay them for little things they do around the working of Main Street. They set up for our Ash Wednesday Breakfast, for Youth. It was beautiful. Tonight they will set up for District Methodist Men. They run errands, they clean up, they pop corn. They are learning to run a projector. I take them to nice affairs. I introduce them to lovely people. We have long talks about their future. I said to one little boy 9 years old. "Do you want to be President of the United States?" He said "No, I am going to be a cop". Then he looked at me with those big brown eyes, "Maybe, I will be a Preacher."

Tavern Owner Fined  
Cont. from page 1

David Bowyer, 17, Denver, who was charged with entering the tavern.

In other recent court action, the following persons were fined by Justice of the Peace Abraham Caldwell:

Norman Leach, Louisville, Ky., Guy Luttrell of Peru, Kim Coleman, Warsaw, Robert McGuire, Palos Heights, Ill., and Robert Lowe, each of whom paid \$37 on speeding charges; Keith Hauber, Michigan City, fined \$42 for speeding; Joseph Baldwin, Peru, \$28 for violation of muffler law, and Kenneth Weissert, Tippecanoe, \$28 for disregarding stop sign.

They cry, they talk, I feed them. One came in yesterday at 9:00 p.m. and said, "I haven't eaten since yesterday." I fixed him two hamburgers and milk. He said, "thank you" six times. They laugh, they come with holes in their shoes, they are fun. I am glad for the children. Most of them call me Rev. Phillips, some Pastor. They tell me if something good comes their way, and, also, if something bad. I love them all, scold if I need to let them know I am expecting something out of them. It's fun it's tears, but who can have a dozen children who love you and share their little life with you. God loves the Children. Glad am I.

## Seniors Visit State Capitol

By Anne Leininger

The annual senior trip to the state capitol in Indianapolis was taken February 19. Approximately 85 seniors went, along with two sponsors, Mrs. Graham and Mr. Igney.

Our first stop was at Lafayette Square for lunch and a brief shopping spree.

Next, we proceeded downtown to the Capitol building. Our guide gave us an introduction and short history of our state's government. The tour consisted of a look at Gov. Bowen's office which was most impressive. We visited the Senate where Senators Rensberger and White spoke to the group about our present mode of government. Following the Senate was a peep preview of the House of Representatives which was convening in only ten minutes.

As we filed into the Supreme Court, a noticeable grandeur filled the faces of students along with exchanged looks of pride. The

completion of the tour ended with a stop at Secretary of State Larry Conrad's office. Unfortunately, he was unable to see or speak to us. However, his personal secretary did give us an informative and interesting presentation. The tour lasted almost two hours.

Before heading home, we all went out to the 500 Speedway Museum. We were to learn later that they are planning to move the museum to the infield. Inside the museum, we saw the winning cars and trophies of various races dating as far back as 1911. Some of the student body took rides around the 2½-mile track on a mini-tram.

Coming home seemed even a longer trial than going down. Everyone was tired, I'm sure; yet all were talking of the day's events and the fun they had.

## Providing Food For A Hungry World

By Clark O. Lewis  
Indiana Farm Bureau, Inc.

It is a fact that 75 percent of all feed consumed by cattle is grass, forage, and by-products which are inedible by humans.

It is a fact that most cattle are raised on land that cannot grow food for humans.

It is a fact that only ruminants (animals with four stomachs) such as cattle can produce high quality protein for humans from this otherwise unusable natural resource.

Should we have more food for a hungry world, or will we, in fact, end up with less? With many lives at stake, including our own families, decisions on which way to go must be based on fact and not misleading or faulty information.

There are hundreds of millions of people in the world whose food intake is near starvation level, but they may never get more food if we end up with policies that cut back of food production instead of increasing it.

A case in point is the idea that we spend too much food on beef instead of letting it go directly to people. Less meat will not necessarily mean more of something else.

The United Nations Food and Agricultural Organization says beef is a source of high-quality, assured-quantity protein that helps provide adequate nutrition. This is as true for industrialized nations as it is for developing nations.

It is a fact that beef, for example, has every amino acid the body needs. No single vegetable, grain or fruit can provide this amount and quality.

It is a fact that it takes three pounds of grain to produce one pound of beef and not eight or more as has been reported.

"I THOUGHT YOU OUGHT TO KNOW THAT PERFUME WITH THE CHOCOLATE MARSHMALLOW BASE WORKS WONDERS!"

ONEONTA, ALA., SOUTHERN DEMOCRAT: "Oil companies say that a vehicle driven no faster than 50 miles an hour requires 11 percent less fuel than when driven 60 miles per hour. It would be an ironic twist of fate if highways should become safer places not because drivers are endeavoring to make them safe but are trying to save gasoline."

What we need in this world is more food. That means more animal proteins as well as more grain, vegetables and other foods. The way to get it is to provide an incentive to the most efficient producer of all times--the American farmer. Driving many of them out of business by calling for less meat to be consumed will not.

### DID YOU KNOW?

Former Akron resident Marie Gast Talbot writes from Helsinki, Finland, where she now makes her home, that they have had a very mild winter.

"However," she notes, the Finns complain they can't sleep with no snow to make it lighter. They say it is too dark to sleep." She reports some snow since Christmas but only two instances of zero weather and then only a day at a time. She notes December was dull and that they had much rain from mid-July until almost Christmas, an unusual circumstance. She finds the Finns to be industrious and ingenious but says their language is difficult to learn. The wages are poor and she has been told the taxes are the highest in the world with living costs constantly on the increase.

# Viking Score Board

By Ron Newlin, NEWS Sportswriter

## Vikings 16-4

Tippecanoe Valley wound up its first regular season Friday with a hard-fought 70-63 win over Jintown on the road. The victory gave the Vikings a 16-4 final record in their inaugural campaign.

The Vikings got off to an uncharacteristic slow start as cold shooting and some hot hands on Jintown's part led to an early 9-2 Jimmie lead. Tippecanoe battled back behind some sharp-shooting by Ron Dittman to close within one at the quarter, 15-14. The pace picked up a bit in the second frame but Tippecanoe could not even the score until late in the half when a Mike Murphy lay-up gave them a 27-25 lead. Valley held on to lead at halftime, 33-30.

Tippecanoe opened the second half with a Phil Adams three-point play to take a six-point lead, but then the sporadic Jimmies hit a hot streak and went on a 17-6 spree to take a 47-42 lead near the end of the third quarter. The turning point, however, came at this time. Following a Viking two-pointer, Adams stole two consecutive back-court passes and turned them both into three-point plays and in a matter of seconds, Tippecanoe had a 50-47 lead it would never relinquish.

Jintown did close to within 54-53 to end the quarter, but the final stanza belonged to the Vikings. The Jimmies

employed a box-and-one defense that smothered Ron Dittman, but left Phil Adams and Jim Johnson open to score at will, and the Vikings played some inspired defense of their own to win going away, 70-63.

Steadily improving Phil Adams led the Vikings in scoring with 17 points followed by Ron Dittman with 16 and Jim Johnson with 15.

Coach Bob DuBois' Viking JayVees wrapped up a perfect 20-0 season with a 41-28 triumph. As was the case all season, a host of players contributed to the victory.

Tippecanoe Valley starts post-season play Friday at the Triton Sectional opposing the host Trojans.

## Church of God Begins Attendance Contest

The Akron Church of God will begin an attendance crusade Sunday that will continue throughout March. Moving forward under the banner, "March to Church in March," attendance goals have been set for each Sunday.

According to Jerry King, Sunday School superintendent, the first Sunday's goal will be 350. This will be increased each Sunday to 450 on Easter. Church members and newcomers are invited to be part of this outreach endeavor.

Pastor J. D. Thomason will speak in both worship services Sunday. Topic for the 10:25 service is "The Moral Obligation of Forgiveness." The 7:30 p.m. service will feature congregational singing, special music and the pastor's message, "The Lord Is My Light."

The only exercise some people get is jumping to conclusions, running down friends, sidestepping responsibility and pushing their luck.

## Mentone 8th Graders Finish 17-5

The Mentone eighth grade basketball team ended the season with an impressive 17-5 record. The boys constantly improved throughout the season, ending up by being a terrific defensive ball club. second, hitting 38 per cent of his attempts. The team averaged 35 per cent for the season.

Allan Utter hit 61 per cent of his free throws to lead the team in this category. Bill Fields followed with 57 per cent. Jeff Pritchard's 155 rebounds and Tony Miller's 125 led the charge on the backboards.

Tony Miller led the team with 31 assists, followed closely by Allan Utter and Jeff Pritchard with 30 each.

1 MILE WEST OF JCT. 114 & 15 ON 114

No. Manchester, Indiana

There's a lot to be said for Dutchland Estate Modular Homes. They're adaptable, they're FHA accepted, they have a greater inherent reliability factor and anybody can afford a Dutchland Estate Home. Here are some things you ought to know.

Dutchland Estate Homes have one indispensable attribute: They can be anything to anybody. They can be first homes, vacation homes or retirement retreats. Seven market tested models range from the 46' x 24' Stroudsburg (1104 square feet), which is the FHA accepted minimum, to the spacious Vilkhome (1296 square feet). Space wise these models and floor plans provide a complete spectrum from which to select what you need and more importantly, what you can afford.

There is nothing "cheap" about modular housing. Unfortunately, there are still too many people who associate manufactured housing with pre-fabricated construction. There is no justifiable base from which to draw a comparison of the two. All Dutchland Estate Homes feature quality components, manufactured by such respected names as Anderson (windows), Masonite (siding), Armstrong (flooring), Westinghouse, General Electric, Magic Chef (appliances) and Weyerhaeuser (structural timber), to mention just a few. At Heckman Industries, Dutchland Modular Homes are built by master craftsmen employing the hammer and nails method of construction. Since all construction conforms to rigid self-imposed standards and is done indoors away from problems caused by the elements, Dutchland Estates have a greater reliability index than conventional stick built structures.

JERRY FORD UP CLOSE by Bud Vestal. Gerald Ford has suddenly emerged into a position of national political power. In this first biography you will meet the real Jerry Ford.

BEYOND THE CROSS AND THE SWITCHBLADE by David Wilkerson. People who have read the Cross and The Switchblade often ask its author what has happened since its publication in the early 1960's. Their gratifying interest in his story and his ministry has prompted him to bring his many readers up to date with a fitting sequel.

THE MURDER IN THE TOWER by Jean Plaidly. The drama is played out against the background of the Court of James I and the secret meeting places of men and women who exploited the rich with promises of supernatural aid.

DAWN'S EARLY LIGHT by Elswyth Thane. This is the human story behind our first war of liberty, and of men and women loving and laughing and living through war to the dawn of a better world.

A THREAD OF BLUE DENIM by Patricia Penton Leimback. Life on a farm today - is it still entitled to a place in our imagination? The answer runs like an endless thread through this patchwork of essays into which Pat Leimback has deftly stitched the allure of country living - an enduring link to yesterday and tomorrow.

THE GOLDSMITH'S WIFE

by Jean Plaidly. Humble mercer's daughter, goldsmith's wife, King's favorite, publicity proclaimed harlot, prisoner, and beggarwoman, hers is a story of amazing contrasts set against the colorful, dangerous background of fifteenth century London.

THE MASTERS OF BOW STREET by John Creasy. This story begins in the Hagarthian squalor of early 18th Century London, with its riotous and dangerous streets, and ends in the Age of Victoria with the creation of a police force that has endured into the present with a tradition of impeccable fairness. At its center in the Furnival family - deeply involved in affairs of state, moved and sometimes agonizingly split by the passion to see London's streets made free of crime and violence and to end a system of justice that has antiquated, corrupt and predatory.

## Mrs. Keirn Hosts Friendship Unit

Mrs. Allen Keirn presided at the monthly meeting of the newly-organized Friendship Unit of the Akron United Methodist Women at her home Tuesday afternoon. She also presented devotions, using as her topic an article written by her daughter, Mrs. Edward Kester, that appeared in Accent Magazine.

Mrs. Harold Gearhart gave the lesson, which related to concern for others and touched the area of her nursing profession as well as agencies, such as Meals on Wheels, Mental Health and how these areas relate to Christian teaching and concern for neighbors.

Members decided to order note paper and plates with pictures of the church on them for sale by the unit and to work as a unit to make items for Rochester nursing homes. Mrs. Keirn will proceed with this.

The unit will entertain a group from Logansport State Hospital in the spring with a carry-in dinner and program in the annex.

The next meeting will be at the home of Mrs. George Sheetz on April 25.

We invite you to come in and register for

## Saturday Was Thinking Day

Saturday, February 22, was Thinking Day, a day observed annually in every Girl Guide and Girl Scout country. It is a Scout custom on this day to think of sister Scouts around the world and exchange greetings with them.

The day is not only the birthday of George Washington, but also of both Lord and Lady Baden-Powell, the World Chief Guide.

February is observed as International Month by Girl Scouts in the United States.

The clock strikes many times, every week, but still keeps its hands working.

## Culligan Dealer Attends Meeting

A certificate of proficiency has been awarded to Don Newman, Rochester Culligan dealer, for completing an intensive 50-hour course in water conditioning company management.

Sponsored by Culligan USA, Northbrook, Ill., the training sessions included information on the best methods for treating water in the home, how to recognize water problems and the proper conditioning appliances to solve these problems. Training was also given in the application and servicing of water softeners, filters, reverse osmosis membrane, deionizers and chemical treatment equipment for commercial and industrial use.

"Nearly all water requires conditioning to make it an effective homemaking tool," Newman said, adding, "and it was stressed that no job is too large or too small."

## March Is Eye Bank Month

March 1975 has been proclaimed National Eye Bank Month across the country and all eye banks will make a concentrated effort to acquaint people with the need for corneal tissue for use in transplantation, research and teaching.

Purpose of the Eye Bank is to provide the organizational structure and facilities to obtain eye tissue for transplantation to save sight through corneal and scleral transplantation, and for the study into the causes and possible cures of blindness and for the teaching of future ophthalmologists.

Donor registration cards and other literature may be obtained by writing the Indiana Lions Eye Bank, Inc., Indiana University Medical Center, Dept. of Ophthalmology, 1100 West Michigan St., Indianapolis, Indiana 46202.
