TVHS Band Boosters plan fundraisers

The newly-organized Tippecanoe Band Boosters aren't wasting any time in planning events to raise funds to benefit the high school band. According to band director Kim Metcalf, the Band Boosters have two major projects scheduled to take place within the next five weeks.

The first of these is a dinner concert scheduled for Wednesday, Feb. 15 in the high school commons. This is a first for Tippecanoe Valley, and Metcalf reported the dinner concert will see the premiere performance of the high

school Jazz Band. Also featured during the dinner will be selections from the high school Auxiliary Corps., the Concert Band and assorted soloists.

A catered roast beef dinner will be served at the concert at a cost of \$7.50 per person. Attendance is by reservation only, and tickets may be obtained beginning Monday, Feb. 6 by calling either 893-4241 or 893-4713.

On March 10, high school band, auxiliary corps and eighth grade band members will hold a pledge car wash, also sponsored by Band

Boosters. Students will take pledges for one cent a car for every car washed during that day, with a \$5 maximum from any one sponsor. (If 100 cars are washed during the day, a sponsor would pay \$1.) The car wash itself will be free of charge, and there will be four car wash sites. The location will be announced later.

Proceeds for the two fundraisers will pay for the remaining balance of the trip to the Shenandoah Apple Blossom Festival this spring. Band and Auxiliary Corps members and sponsors will travel

to Winchester, Virginia to participate in concert, parade and field show competition between May 2 - 6.

Other monies raised from the concert dinner and car wash will go toward the purchase of new band uniforms. Metcalf reported the order must be placed by mid-March if the uniforms will be received in time for next fall's marching competition. Total purchase price of the uniforms is \$20,000, and half that amount must accompany the order.

"This is the first major project undertaken by the Band Boosters," Metcalf explained. "I believe it will make a vast difference mentally for the kids as much as anything else."

The uniforms, which will be in the school colors of green and gold, feature striped trousers and short, fitted jackets.

(Next week: details about the Shenandoah Apple Blossom Festival and an interview with the High School Band executive council.)

Fulton county "Parents Without Partners" formed

Plans are being made to form a Parents Without Partners (PWP) organization in Fulton County. At a recent meeting at Pat Prater's home in Akron, Lee Garringer, Parker City, District Manager for PWP, and Pat Heezen, Indianapolis, Regional Manager for PWP, presented a program for several area people.

PWP, Inc. is an international, non-profit and educational organization devoted to the welfare and interests of single parents and their children. It was started in New York State in March of 1957 and has chapters in every state, in Canada, and in Australia. PWP activities and programs are done through the volunteer work of its members.

Members stress that PWP is not a counseling or advisory body for legal, emotional, or financial matters. They have lectures and discussions in the general area of personal growth and transition to the single-parent status.

The club is unique in that it is made up strictly of single parents.

"Many people are leery of this group because they have the wrong idea about the values of the membership, but they may find that they probably run higher than those of most people," said Donna Hart, president of Loganport's PWP.

"Most of the members are divorced, and because of that divorce, their scars run very deep.

These people feel as though their world has been swept away. They have lost their belief in all that they thought was important," Hart said.

You are eligible for membership if you are a parent and single because of divorce, separation, death, or unmarried status. Custody of children is not a factor of eligibility.

PREAMBLE TO THE CONSTITUTION OF PARENTS WITHOUT PARTNERS, INC.

As conscientious single parents, it is our primary endeavor to bring our children to healthy maturity, with the full sense of being loved and accepted as persons, and with the same prospects for normal adulthood as children who mature with their two parents.

From the divorce or separation which divides a family, or the loss of a parent by death, the entire family suffers. For children in such circumstances to mature unscarred requires the utmost in love, understanding and sound guidance. To provide these is a responsibility inherent in parenthood. It does not end with separation or divorce for either parents.

The single parent in our society is isolated to some degree. The difficulties of providing both for ourselves and our children a reasonable equivalent of normal family life are increased by the isolation. The established pattern of community life lacks both means of communication and institutions to enable us to resolve our special problems, and find normal fulfillment.

Therefore, in the conviction that we can achieve this end through working together, through the exchange of ideas, and through the mutual understanding, help and companionship which we find with one another, we have established "Parents Without Partners, Inc." to further our common welfare and the well-being of our children.

Each single parent faces a unique puzzle when bringing up their children alone or having to live apart from them. How to be mother and father... How to manage money... How to balance a career with family and social life... How to do all that alone.

Members of PWP have suffered through similar experiences, and through group discussions they

can receive understanding and support from fellow members. The group seems to be close knit, and the parents have equal opportunity to attend many PWP functions with their children. Their children have an opportunity to develop new friendships and experiences.

Special one-man show portraying Abe Lincoln to be held at Rochester HS

Mr. James A. Getty of "A. Lincoln's Place Theatre," Gettysburg, Pa., will present his award-winning, one-man show, in which he portrays President Abraham Lincoln, this Thursday, Feb. 2, at 7 p.m. in the Rochester High School auditorium. The Rochester Middle School's Social Studies Club and Rochester High School's Tri-Epsilon Drama Club are co-sponsoring the performance.

Getty is a native of central Illinois and a graduate of Illinois Wesleyan University, having received a Master of Music degree

from that institution. After 19 years as a classroom music teacher, Getty pursued his interest in Civil War music, which then led him to an interest in Abraham Lincoln. Since 1977 Getty and his wife have lived in Gettysburg, Pa., where he regularly performs in his "A. Lincoln's Place Theatre." When the tourist season ends each year, Getty travels all over the United States, presenting his monologues in schools and on university campuses. His in-depth research of Lincoln, the times, and Lincoln's

contemporaries allows him to stay in "first person" not only during the actual monologue, but also throughout the "press conference" conducted afterwards. Getty's program provides a historical evening offered with a rich sampling of Lincoln's renowned humor.

Tickets are available at either Rochester Middle School or Rochester High School. Tickets will also be sold at the door on the night of the performance. Admission is \$2 for adults and \$1 for students.

The sophomore class of Akron High School held a skating and sledding party at the home of Gail Hammond on Wednesday, Jan. 14.

The large bon fires provided the light for the fun that was had by forty-five members of the class. The greatest thrill was a slide down a large hill on a flying saucer, while skating down wide paths on a pond proved a close second.

Diane Kerr, Worthy Advisor of the Akron Assembly of Rainbow Girls, presided at her last meeting of her term January 28th.

Miss Kerr appointed Mrs. Richard Drudge, Mrs. Ralph Davis and Mrs. Charles Moore to be in charge of the serving at the installation of Cathy Kuhn as the new Worthy Advisor February 1 at 8 p.m. in the Masonic Hall.

Hannah Jane Mitchell, 18, Akron, is the third Hoosier woman to be accepted into the

Army for training in military police science. She is also among the first WACs to be scheduled for basic training at the Ft. Jackson, S.C., at the newlyopened WAC Training Center.

Pvt. Mitchell, who graduated from Akron High School just 10 days prior to being sworn in at the Indianapolis Army Recruiting Main Station, is the daughter of Mrs. Miriam M. Mitchell, Akron.

The cost of transporting students to Tippecanoe Valley School Corporation Schools has almost doubled in the past year. TVSC superintendent Robert Forbes said this week.

Forbes said last January's price was 16.25 cents per gallon. By December, 1973, the price has increased to 25.8 cents per gallon and the January price he received Monday was 31.6 cents.

TVSC no longer has a contract with a supplier, as none would bid if held to fixed prices in light of the rising cost of petroleum products.

Bernice Reese, Akron, has returned from a weekend in Aca-pulco. She won the January 3-7 trip by referring the most new salespeople to the Fashion Wagon sales organization in the past year.

Orville Ellis, Akron, was re-elected to the board of Supervisors of the Fulton Co. Soil and Water Conservation District Monday night. He joins holdover members George Krom III, Ralph Stayton and Delbert Hunter as regular supervisors. Ellis served as chairman last year. This and That

Editorial column by
Lee Ann Hart

EDITOR'S NOTE: This column was written on Monday, Jan. 30. The school board will be meeting with the fact-finder on Tuesday, Jan. 31. According to Superintendent Baxter Paige, the negotiations will be settled at that time and this column was a waste of my time...I sincerely hope you're right, Mr. Paige.

Last week, Jan. 23-27 was proclaimed "Excellence In Education Week" by Governor Robert Orr. "Indiana has many thousands of dedicated and efficient teachers and administrators who are committed to helping children become the best they can be," said Orr.

Harold H. Negley, State Superintendent of Public Instruction, said "Excellence in Education Week" is an ideal time to highlight the importance of education to all Indiana citizens and salute those who give so much of themselves to their students, school and communities."

Tippecanoe Valley School Corporation should take heed to these previous statements. A negative light is beginning to shine on this corporation. Every year it's the same thing: year-round bargaining.

The teachers in the Tippecanoe Valley School Corporation are beginning to lose their Valley pride and patience. They have worked since August 15, 1983 without a contract.

The teachers are asking for a wage increase in order to make their salaries comparable to teachers wages in surrounding areas. According to Indiana State Teachers Association (ISTA) research, the following salary comparisons were found:

A Tippecanoe Valley teacher at the top of the Masters

Degree will need a raise of:

1. \$3,209 (15.20%) to make the same as a Warsaw teacher of same status.
2. \$4,439 (21.03%) to make the same as a Peru teacher of same status.
3. \$3,242 (15.36%) to make the same as a MSD Wabash teacher of same.
4. \$3,930 (18.62%) to make the same as a Lakeland teacher of same status.
5. \$3,702 (17.54%) to make the same as a Maconaquah teacher of same.
6. \$1,627 (7.71%) to make the same as a Wabash City teacher of same.
7. \$2,913 (11.43%) to make the same as a Whitko teacher of same status.
8. \$3,098 (14.68%) to make the same as a Rochester teacher of same.
9. \$2,997 (14.20%) to make the same as a Manchester teacher of same.
10. \$2,032 (9.63%) to make the same as a North Miami teacher of same.
11. \$1,951 (9.24%) to make the same as a Caston teacher of same status.

The average percent of increase required to cause Tippe Valley to be comparable with the other 11 locals is 14.06 percent. The average dollar raise would be \$2,967, and the top masters salary would need to be \$24,075.

TIPPECANOE VALLEY
CLASSROOM TEACHERS ASSOC.
ISTA Research

The Tippecanoe Valley Classroom Teachers Association is asking for a 12 percent increase on the current base with a 17 year maximum for Masters on a school year basis (August-May). The TV school board is offering the association a four percent increase on the base.

According to Baxter Paige, Superintendent of the TVSC, by going with the proposal of the association a teacher at the top of the schedule could receive an increase of 18-20 percent.

The association is asking for 14 percent on the current base and the board is offering four percent on the base for extracurricular activities also.

The TVCTA is asking for the corporation to pay all but \$1 on the single and family insurance plans. Presently the TVSC pays all but \$1 on the single (\$557.60) and \$925 (just about half) toward the annual premium for the family plan. The family plan takes in the employee, spouse and any children under the age of 18.

The elementary teachers want school hours to be consistent corporation-wide. The elementary teachers are at school 20 minutes longer than their high school peers. But due to new state regulations, John Hill, principal at TVHS, stated at last week's school board meeting that the high school would have to add an additional 30 minutes to their day to meet the requirements.

The association has stated that they feel that there is a need for a grievance procedure in their contract. Out of the 304 school corporations in Indiana, only 34 do not have a grievance procedure handbook. According to Paige the handbook spells out the rules and regulations. "If we put a grievance procedure in the teacher's contract," he stated, "it would become a negotiable item. That would put the control of the school in the hands of the association." Presently the "control" of the school is in the hands of the school board. "The school board runs the school," said Paige.

Another item of concern was dealing with due process. The association feels that they should have language in their contract to set guidelines for the board to prove just cause in firing teachers. Paige said he feels this isn't necessary because they are covered in this area by the law.

The last item discussed was Reduction in Force (RIF). This deals with the laying-off of personnel. The association wants language in their contracts based on certification and seniority. When asked about this issue, Paige said he doesn't have to discuss it due to the fact it is not mandated in Public Law 217.

Claypool 4-H elects officers

Members of the Claypool Classroom Teachers Association elected its 1984 officers.

Officers for 1984 are - Rodney Shepherd, president; Duane Kline, vice president; Doug Kimes, treasurer; Norma Kimes,

secretary; Sharon Spangle, news reporter; Brian Ring and Dan Green, recreation leaders; Angie

Shepherd, song leader; Tina Coyle, health and safety; and Chuck Brindle, devotional leader.

Herbert Knouff, groundman-operator in Northern Indiana Public Service Company's Warsaw district, will retire March 1, after more than 37 years of continuous service with the company.

Akron Marshal's Report

Akron Marshal David Kruger submitted the following year-end report to the Akron town board at their regular January meeting:

The following statistical sum-

mary of Department activity for Calendar Year 1983 (with 1982 comparison figures) is herewith submitted for the information of the Town Board.

ACTIVITY	1983	1982	CHANGE
Miles Patrolled	22,949	20,152	+2,797
Accident Investigations	51	27	+24
Complaints	63	62	+1
Dog Complaints	33	18	+15
Funeral Escorts	23	14	+9
Arrests	99	82	+17
Written Warnings	33	61	-28
Verbal Warnings	67	56	+11
Motorist Assists	35	48	-13
Public Assists	11	7	+4
Open Door Checks	24	31	-7
Title Checks	34	16	+18
Attempted Break-ins	8	4	+4
Break-ins	7	3	+4
Theft Reports	15	9	+6
Criminal Mischief (Vandalism)	5	7	-2
Tavern Fights	3	0	+3
County Police Assists	45	53	-8
State Police Assists	17	6	+11
Fire Department Assists	1	1	0
Ordinance Violations	13	12	+1
Other Police Dept. Assists	16	14	+2
Ambulance Assists			

Included and/or in addition to the above figures, this department also conducted 52 Criminal and 41 non-criminal case investigations.

During the year, the Police Department applied for and received a Federal Grant through the Indiana Dept. of Highways for the purchase of a camera and highway safety equipment. Deputy Marshal Spangle attended the first week of a three week photography course at the Indiana Law Enforcement Academy on the use of this equipment. Marshal Kruger then attended the first two weeks of the three week Accident Investigation course at the Academy. It is anticipated that the two officers will complete their courses in 1984, since class quotas were not available in 1983.

In addition to the above mentioned formal training at the Law Enforcement Academy, one or both officers have attended several seminars conducted by the Indiana State Police and Federal Bureau of Investigation on topics ranging from revised accident reporting procedures to crime scene photography, fingerprint lifting and classification, and investiga-

tion/interrogation techniques. We both attended a symposium conducted by the Indiana Prosecutors Association concerning changes in the State Criminal and Motor Vehicle Codes. I feel it is worthy of the Board's note that at most of these seminars/symposia, this Department was the only one representing Fulton County. This is indicative of the importance we place on training to improve the professionalism of the Police Department to better serve the people of Akron.

Furthermore, Deputy Marshal Spangle has just completed the Basic EMT course and is awaiting the results of the State examination. His successful completion will place a certified EMT at the scene of all accidents, fires or other emergencies occurring within the Town prior to the arrival of the Ambulance. With both Officers being EMTs, we can provide one more needed service to the town, especially since the Police Department is quite often the first emergency unit notified.

Respectfully,
David S. Kruger

Have A Happy Day

Not feeling too well lately? That feeling may be more mental than physical, for physicians agree that a nagging backache or headache, skin rashes, digestive pains, even shortness of breath may be caused by worry and an unhappy frame of mind. What can you do? Change your mental attitude.

Perhaps such a change is easier said than done, but it can be done. Here are some suggestions to help you.

Try to enjoy the work you have to do.

Accept the situation over which you have no control.

Act as though you enjoy life.

Have a hobby that interests you.

Look for the best in people and appreciate them for that.

Be satisfied with results after you've done your best.

Look at the bright side of things.

Meet your problems and decide on a course of action.

Act. Having acted, stop worrying. Worry won't help.

Now, go forth and feel good.

LETTERS

To the editor:

For some time now I have noted with increasing concern the low salaries in our School Corporation. Our teachers are our friends, neighbors and colleagues. Most of them live within the geographical boundaries of the corporation, and their wages are spent here at home.

They influence the education and well-being of our children more than anyone else in our society, outside of the home itself. These salaries are not adequate to reward them for work well done and to attract more equally talented people.

I feel their base salary schedule

should be increased a minimum of \$3,000 across the board. Future increases can and must be computed on a base figure that is fair, competitive and realistic in today's economy.

We can afford to do this. It should not be necessary to cut back any programs to find the necessary funds. Let us simply do it. Quality costs money. It always has. Only the best and our best will measure up in the computer age that is here now.

My best wishes to you and yours in this new year,

Sincerely,

Dr. Charles Miller

Kosco forms "Crime Stoppers" program

Crime stoppers, a program designed to offer reward money in exchange for information about crimes, was established in Kosciusko County.

An election of officers was held and nine persons were appointed to the board of directors.

New officers include - Dr. Russell Heyde, DDS, Warsaw, president; Ron Truex, Atwood, vice president; Joan Darr, Winona Lake, secretary; and N. Bruce

Howe, Jr., Clay Township, treasurer.

Elected to the board of directors were William Boardman, Mentone; Joan Darr, Winona Lake; Billy Little, Milford; Clint Pletcher, Piercetown; Pat Bitner, Syracuse; Ron Truex, Atwood; Terry Tucker, Warsaw; Deb Lotz, Silver Lake and Harold Jones, Leesburg.

The directors established four committees to conduct operations:

education and publicity; finance and fundraising; policy and law; and executive committee.

The Kosciusko County Crime Stoppers organization will become a satellite of the South Bend Crime Stoppers organization. One Kosciusko County resident will be chosen to serve on the South Bend Crime Stoppers board of directors. The local representative will insure control of the reward

money given to persons providing information about crimes in Kosciusko County.

Individuals wanting to turn over information about crimes should dial the Crime Stoppers number in South Bend. You can make anonymous collect calls until the organization has installed a toll free telephone number. There is no local office or telephone number in Kosciusko County. The

Kosciusko County board will only be responsible for providing reward money.

There is a possibility that Kosciusko County may choose to handle its own program at some future date. But for the time being, it would be in the best interest to utilize the facilities and manpower located at the South Bend Crime Stoppers organization.

Fulton County Historical Society news

The Fulton County Historical Society will sponsor a Civil War re-enactment July 14-15 as part of the Round Barn Festival. The re-enactment will be at Bob Kern's pine woods on the corner of the Tippecanoe River, New U.S. 31 and the Olson Road, where the Trail of Courage Rendezvous is held.

The Civil War re-enactment will be conducted by the Fourth U.S. Regular Infantry, headed by Jeff Sandlin, Valparaiso. Sandlin will be the speaker at the FCHS meeting March 18, presenting a "Civil War First Person" program.

A mock battle or skirmish will be held in the open area where the tepee village is during the Trail of Courage. People should bring their own chairs and sit along the west and east sides. Union and Confederate camps will be set up in the woods where people can tour them. Sutlers (traders and craftsmen with period wares to sell) will set up in the booths. Programs will be held in the arena such as Ladies Tea and Fan Contest, Military Drills, Inspection, Fashion Show, and on Saturday night a Military Ball will be held.

Admission is \$1 for adults and 50 cents for children will be charged.

Local groups that would like to cook and serve 1860-style food are urged to contact FCHS. This is an

opportunity to earn money for groups, churches, clubs, etc. All interested persons are invited to help with this Civil War project. Call the museum office 223-4436 to volunteer, or write Fulton County Historical Society, 7th and Pontiac, Rochester.

The present FCHS officers and board members were re-elected at the Jan. 22 meeting. These include: Shirley Willard, president; Ted Lewis, vice president; Helen Reese, secretary; and Wilma Berwanger, treasurer. Board members up for re-election included Esther Fenstermaker, Henry Township; Lois Wagoner, Liberty;

The group voted to purchase buffalo burgers from Carl Van Meter of Buffalo, Indiana, for its food sales during the Round Barn Festival.

Refreshments were served by Marjorie Fred, Ruth Rockey, Marty Jill Sheets, and Violet Seiwert.

The next FCHS meeting will be Feb. 19. James Zimmerman will tell of funeral customs through the years.

Parents Without Partners

Continued from front page

PWP sets up many adult discussion group meetings, dances, ranging from T.G.I.F. dances to maybe a barn dance at one of the members' farms.

Sixty-five percent of the members are women, 35% men. The average length of time for a single parents to belong to the organization is two years. "This is due to the fact they remarry or feel that they no longer need this organization to help them through single parenting," Hart said.

Anyone who is interested in joining the local PWP organization can contact Pat Prater, Akron, 893-7359 in the evenings for further information. The next Fulton County area PWP meeting has

been scheduled for March 4.

Family activities for PWP include trips to museums, the Ice Capades, roller skating, movies, family pizza parties, et cetera. The family activities provide the environment for single parents and their children to interact with each other. Family-style group discussions often help open communication lines.

Vikings suffer double loss

Coach Bob DuBois's Tippecanoe Valley boys' basketball team had a bad weekend, as they suffered a loss to Manchester on Friday night and then dropped a game to Lewis Cass on Saturday. The double setback places their overall record to 8-6, and they fell 3-3 in the Three Rivers Conference.

Although Valley managed to shoot 40 percent from the field against Manchester, they were no match for the combined efforts of 6-7 Manchester senior center

Doug Underwood and the guard duo Chris Childers and Chad Kennedy. Underwood dominated the game by scoring 32 points and pulling down 18 rebounds, while Kennedy scored 20 and Childers scored 18 points.

Shad McConkey scored 24 points against the Squires, while Dan Boyer was next high with 14 points.

Final score was 80-61.

The Vikings traveled to Lewis Cass Saturday and played a

steady game which saw them holding the lead at the end of the first and third quarters. A final quarter attack by Cass, which garnered 24 points to Valley's 14, cinched the victory for Cass. Final score was 78-69.

Greg VanDeWater led Valley scoring with 19 points, while Dan Boyer added 18, Shad McConkey contributed 15 and Chan Tucker followed with 10.

Valley will travel to Culver this Friday, Feb. 3.

For Burket, Larry Kuhn tallied 19 points. Burket fell to 1-8 with the loss.

In other league games, it was

Country Church stomping Campus Life 75-58 and Silver Creek Olive Branch defeating Akron Church of God 73-70.

Ryan Murphy scored 21 points for Silver Creek, and Greg Kindig had 17 points for Akron. Leading scorer for Country Church was Frank Anglin with 21, and Campus Life's Steve Sands with 18.

Mentone trustees hear cable-TV pitch

Town board members Jim Miller, Wayne Tombaugh and Miriam Boardman received a cable television pitch from Mayer Singerman, Park Forest, IL, at their Monday, Feb. 6 meeting. Singerman, a representative of Dowden Communications of Illinois, Inc., outlined a basic proposal his company offers to small communities.

In addition to offering all South Bend stations already received on television (as per federal requirements), Dowden Communications would offer at least six channels received by satellite. Among the channels Singerman suggested would be of most interest to local viewers were a 24-hour sports network, MTV, Cable News (a 24-hour news network), and "super stations" WTGN-TV and WTBS.

Singerman was not able to make a definite proposal, as no local survey has been taken to ascertain interest in a cable system. Cost of the system would cover the basic package, and possibly HBO would be offered for an additional fee.

Board members voted to hire Rodney Holloway to fill the position of water superintendent, retroactive to January 1 this year. Holloway will receive an annual salary of \$11,500. He replaces Steve Shand, who resigned in January.

Trustees unanimously agreed on the appointees to the 1984 Zoning Board of Appeals and the 1984 Plan Commission. Appointed

to the Zoning Board were: Forrest Kantner, four years; Joe Good, four years; Kenneth Romine, three years; Charlie Smith, two years; and Jerry Smith, one year. Appointed to the Plan Commission were: the three town board members, four years each; Eldon Horn, three years; Willard Wagner, two years; and Wayne Bowser, one year.

President Miller suggested a number of changes to be gradu-

ally implemented by the board, and Boardman and Tombaugh were usually in agreement. Among those changes:

--The telephone at the water plant will be removed. According to clerk-treasurer Kate Whetstone, cost of the phone runs approximately \$588 annually. Although Holloway and Marshal John Hart felt it would be an inconvenience, trustees were unanimous in their decision.

--Board members voted to replace a section of water line behind J & J Sales and The Pizza Place. The 105 foot section has been repaired five times in three years and still has leaks. Trustees decided to use galvanized pipe in the replacement.

--Trustees decided to add two street lights along SR 19 S. There are no lights at the south end of

The club women of Akron and surrounding communities are very grateful for the success with which their sale met at the Akron Farmer's Institute. The women sold towels and ironing board

covers which were made by the blind women of the state, and the proceeds of which were turned over to the Board of Industrial Aid for the Blind.

Mrs. Forrest Higgins was chairman of the committee and she has stated that she will have the towels which were not sold until April 1, in case anyone wishes to buy them.

Telephone reassurance service offered in Kosco

Telephone Reassurance Service is an organized community service which will call people 60 years and over or incapacitated aged persons who live alone to check on their well-being. If the individual does not answer at the appointed time, a prearranged emergency strategy goes into operation. This strategy can include telephoning a designated friend or relative.

Elderly individuals are vulnerable to fall, strokes and other debilitating illnesses. Should such an incapacitating situation occur, the person may not be able to call for help.

Cases in which elderly people have lain helplessly in bed or on the floor of their home for days are not uncommon. Aged persons living alone are also vulnerable to depression and other mental health problems.

All individuals, age 60 or older, who are living alone and reside in Kosciusko County are eligible for this free service.

Individuals may register for this service by sending in the attached form, and referrals will be accepted from health agencies, senior citizens' organizations, doctors, ministers and other concerned individuals or groups.

Good Mornin'

Tho' the day is dark and gloomy and you're on a downward trend.

Put a twinkle in your eye and say "Good Mornin'" to a friend.

When the clouds are hanging heavy

In the sky and in your heart

Say "Good Mornin'" to somebody

Give his day a brighter start.

Soon you'll find yourself a smilin'

When you never thought you could and your friends will see the sunshine

When they never thought they would.

There is sunshine deep inside you

If you only let it through

TVHS band students discuss spring festival

The students sat together, seriously considering their answers before they spoke. When the answers came, they were unanimous in opinion.

"I think we can do it," Tana Tinkey, senior, confidently asserted.

Freshman Tony Crill agreed.

"I'm ready to go."

President of the band executive council, senior Laura Cochran, stated firmly, "It's a good idea. The seniors are going to have a chance this way to see what will be happening next year. I'm excited about it."

Jennifer Sriver, senior, secretary-treasurer of the executive

council, summed up the students' feelings by saying, "It was unanimous."

The students were discussing their recent decision to participate in three out of four competition events during the Shenandoah Apple Blossom Festival to be held at Winchester, Virginia this spring. According to TVHS band director Kim Metcalf, most of the competing bands will participate in one or two events at most, because to compete in three could be grueling work.

"There are four kinds of competition," he explained, "and the bands can compete in any or all of them. In each event, if you place in the top three, you receive points. The band with the most points at the end of the festival wins the 'Sweepstakes' title."

The Valley band will compete in concert, parade and field show competition. The fourth competition of the festival is jazz, and Valley is only now organizing its first jazz band. Metcalf stressed, however, that it will be difficult enough getting three types of

competition ready.

"One of the biggest problems in field show competition," Metcalf continued, "is that we cannot use the field show we used to place tenth in the State finals last fall. We have to use next year's show. By the time we receive our arrangements, we'll only have about one month to prepare the show."

"In the middle of this, we also must prepare for the State concert band contest, which will take place April 14."

The band members were given the opportunity to use the democratic process in making this decision. In fact, Metcalf was so democratic he had the students vote three days in a row as to whether they wanted to make the extra effort needed to participate in the field show competition. He confirmed the students unanimously agreed to try it.

"In the past, we've concentrated on the marching band in the summer and fall, and the concert band the rest of the year. Realistically, your strong competitive field bands spend a lot more time on field band. With this decision (on the part of the students), we've decided to compete

with the big guys. I guess."

Students and sponsors will travel to Virginia on May 2 and return May 6. Itinerary for the trip will be: leave Wednesday, May 2 at 6 p.m. and drive straight through to Washington. On Thursday morning, May 3, the band will compete in concert band. On Thursday afternoon, they'll travel to Washington, D.C. for sightseeing, and on Thursday evening they'll take the Illumination Tour of the city.

On Friday, May 4, students will visit the White House, the Capital Building, the FBI and Ford's Theatre. After an afternoon rehearsal, they'll attend a dinner theatre that evening.

Saturday morning, May 5, they'll compete in preliminary field show competition, and in the afternoon they'll appear in competition in the "Grand Feature Parade." If they make the finals in field show, they'll compete again on Saturday evening before boarding the bus and returning home.

Metcalf recently spent some time in Washington on a scouting trip to plan the itinerary. Group will stay at Falls Church Inn in a suburb outside Washington, D.C.

Acreage reduction sign-up ends on February 24

Now that the acreage reduction sign-up period is underway, Steve Rodenberg, Director of the Fulton County ASCS Office, advises farmers to seriously consider program benefits. The sign-up ends February 24.

Rodenberg said, "The acreage reduction program enables all farmers to work together to help control stocks and improve crop prices by reducing production. At the same time, it protects them from economic disasters."

Farm program participants who reduce their wheat acres by 30 percent will be eligible for target

price protection at \$4.45 per bushel, price support loans at \$3.30 per bushel and the option to reduce their acreage an additional 10 to 20 percent for payment-in-kind at 75 percent of their yield.

The 10 percent feed grain acreage reduction program offers farmers target prices of \$3.03 per bushel for corn, \$2.88 for grain sorghum, \$2.60 for barley and \$1.60 for oats. Program participants also will be eligible for loan rates of \$2.55 a bushel for corn, \$2.42 for sorghum, \$2.08 for barley and \$1.31 per bushel for oats.

--Trustees decided to hire Larry Long & Associates to draw up a city street map. Maps will be used to chart water and sewage lines.

--Board members passed Ordinance #247, banning burning trash on paved streets or sidewalks within city limits. A fine of not more than \$25 will be imposed per violation.

Board members approved a request by Marshal John Hart to purchase a new Remington shot-

gun. The shotgun was priced at \$280, and they requested he take in the old shotgun as a trade-in.

Joe Miller was given a contract to continue as caretaker this summer. His salary for this job will be \$2,000.

The trustees accepted the Marshal's report for January. It included 1,078 miles logged while answering 19 calls. The department also reported handling four accidents, three disturbances, three public assists, one abandoned vehicle, one motorist assist, one vandalism report, and two traffic citations.

The next meeting of the board will be Monday, March 5 in the town offices.

Last week the Tippesaw Valley School Corporation, in cooperation with the State Board of Health and the Kosciusko and Fulton County Boards of Health, held immunization clinics at Akron, Mentone and TVHS. Free immunizations were administered to students whose medical records were not current.

Here, Mentone eighth grader Mark Flaher receives an injection from Kosciusko County Health nurse Barbara Clouse, while Carol See, RN volunteer from Fulton County, holds an oral vaccine. Also assisting were Steve Sellers, and Ken Allman, Elkhart County, from the State Board of Health, Pat Hoover, TVSC nurse, and Diane Jones, Fulton County health nurse.

Bell Memorial has Elderhostel catalog

If you are over 60 and interested in an educational vacation, visit Bell Library in Mentone for a look at the new Elderhostel catalog. It lists courses offered on college campuses throughout the United States and some in foreign countries.

The maximum fee is one hundred and eighty dollars a week, and it covers room and board as well as tuition. Most courses last only one week. Spouses under 60 may enroll if accompanying an eligible wife or husband.

Course offerings are varied. This year Ball State, one of thirteen Indiana colleges offering

courses, lists American Folk Music, Religions of the East and West, Yoga, Positive Way of Life, Healthy Heart Exercises, Greek Mythology and Profiles in American Military Courage. There are no exams, grades, or homework, but professors are pleased to make suggestions for further reading.

Lack of formal education is not a barrier. Whether you finished grade school or earned a PhD, if you have an adventuresome spirit, you're perfect for Elderhostel.

Visit the library and learn more about this new kind of summer fun.

Mentone Notes

Gertrude Hill, Mentone resident who winters with her daughter at 3421 Southdale Dr., Dayton, OH, 45409, clipped the January 23 article about Mentone from the Indianapolis Star.

Star reporter John Shaughnessy was driving through Mentone when his eye was caught by the 3,000 pound trademark egg sitting on SR 25. Intrigued, he stopped and spoke with several residents,

including our own Wayne Tombaugh and James and Frank Manwaring. The result of his efforts was a snappy little article about the "Egg Basket of the Midwest."

Mrs. Hill reports she was very satisfied to find the article about home in the Indy newspaper, and that it's about time that someone recognize Mentone's contributions.

Mentone Youth League

Campus Life clinched second place in the Mentone Youth For Christ basketball league Tuesday with a 79-54 victory over Warsaw Church of God.

Now 8-3, Campus Life won easily behind Steve Sand's 24 points and Ty Lisenbee's 18 points. Warsaw, now 3-7, received point totals of 18 by Eric Alspaugh and 13 by Mark Quador.

In a battle for third place, Silver Creek/Olive Branch took over that position with a 63-55 triumph over

Country Church. Rudy Glingie tallied 16 for 6-4 Silver Creek/Olive Branch, while Frank Anglin netted 26 for Country Church, falling to 6-5.

Scoring 16 points apiece for Burket United Methodist, now 2-8, were Larry Kuhn, John Lash and Roger Townsend in a 77-50 victory over Akron Church of God.

now 1-9. Akron was led by Mel Klein's 14 points and 13 from Kirk Robinson.

Lois Baldwin publishes "Grandmas Berry Patch"

Lois Baldwin, Rochester, has accomplished a dream: she has published a cookbook entitled, "Grandma's Berry Patch." The book is different from other cookbooks in that it focuses on wild foods found in Indiana along creek banks and roadsides.

The 186-page book is for sale by the Fulton County Historical Society, of which Lois and her husband Bill have been members for seven years. Each year the Baldwins make lye soap at the Trail of Courage Rendezvous, a living-history festival put on by FCHS the third weekend of September.

Recipes include acorn bread, persimmon pudding, baked Indian pudding, sumac tea, turtle stew, wild rice with wood chuck, violet jelly, may apple jam, milk weed casserole, dandelion wine, and much more, even homemade soap.

Many of the recipes were handed down in Lois' family from her mother, Della Heeter, Delong. These include favorite recipes

such as waffles, upside-down cake, and oatmeal cookies. Other recipes were lent by friends and relatives, developed by Lois, or were gathered by her while camping at State and National Parks. Whenever there was a Nature Program, the Baldwins attended.

The book was a family project with art work by her children: Wilma Melchiorre, San Ramon, Calif., Bill Baldwin Jr., and Roxie Smith, South Bend. Photos were taken by the author's husband. Instead of type, the book is hand-printed by the author, which gives it an antique appearance.

Besides 162 pages of recipes and photos, the book contains Indian legends such as the Locust Tree Legend and the Willow Legend. Bill Baldwin Sr. was a Boy Scout leader for many years and used to tell Indian legends and take Scouts to see historical markers regarding Indian history in northern Indiana. He showed a slide program to FCHS last year showing these historical markers.

Kosco Bowen Center seeks volunteers

We at the Bowen Center desperately need you! Would you help us in making our client's lives easier? You really CAN make a difference.

For the Bowen Center's many clients who need to see a therapist or attend daily sessions, the biggest problem they may face is simply HOW to get here. Often they have no family or friends that are readily available to act as chauffeurs.

The Volunteer Services has a transportation department that covers five counties and is designed to deliver their clients to their destinations, but it certainly cannot function efficiently if it runs out of drivers! And that is precisely what is now happening. All five counties: Kosciusko, Marshall, Huntington, Wabash and

Whitley, are reaching a desperate point as the number of winter drivers continues to decrease.

This is where you can come in. If you have a few spare hours in the day -- please spend them helping us. Mileage is provided if requested and insurance is also while transporting clients.

Being a Bowen Center volunteer driver is an all-win proposition. The client benefits from

An anonymous former Mentone resident who is a graduate of Mentone High School has offered to donate \$500 to the Bell Memorial Library Project Fund, providing two stipulations are met.

The first, one which had already been fulfilled, was that the Chamber of Commerce donate a like amount.

The second is that the community raise \$2,000 to show its members back their own institution.

This year's annual Akron Chamber of Commerce sponsored basketball game will be Friday, March 8, and as usual, the evening will begin with competition by third, fourth, and fifth graders of Akron.

Doering Radio and TV's Rochester Store will move to 804 Main Street, the present site of the Sewing Center. The move was occasioned by a planned expansion of the Farmers and Merchants Bank, owner of the building in which the Doering store is now located. Arnold Doering, son of Mr. and Mrs. Ray Doering, is manager of the Rochester Store.

Anthony Nigo Chapter, DAR sponsored an annual American History Month Essay Contest in Talma and Akron schools. Students in the sixth, seventh and eighth grades are eligible to submit a paper. This year's subject was "A Child of 1974."

TAKEN FROM THE NORTHERN INDIANA CO-OP NEWS FEBRUARY 16, 1944 40 YEARS AGO

Special dedication day services will be held at the First Baptists Church Sunday, Feb. 20, for the recent improvements that have been made on the church property. Over \$3,000 has been contributed for the redecorating and other improvements that have been made during the past year. This sum was given above the increased local expenses and in spite of the fact the church assumed the support of an additional foreign missionary. The members are now supporting three

foreign and one home missionary besides leper, Jewish and other special missionary endeavors.

Mentone went over the top on its quota in the Fourth War Loan drive while the neighboring townships of Harrison and Franklin ended up behind. K.A. Riner, local chairman, stated Wednesday evening that the area-Mentone and the two townships, purchased about sixty percent of the quota established for the campaign.

There is nothing to indicate that it takes any longer for these facts to get to Washington than it formerly did-but it does take a bit longer to fully comprehend.

Wednesday morning, friends in Mentone received a telegram from the Rev. Kenneth Oglesby stating he had just arrived in California. The Rev. Oglesby, a missionary to Africa partially supported by the Mentone Baptist Church, was serving in Ethiopia at time of the Italian invasion.

The Rev. Oglesby, who has since then been serving as a missionary in Algeria, started home on his furlough many months ago. Because of war conditions he was forced to travel a roundabout route of 13,000 miles to reach this country. He is expected in Mentone soon to visit his many friends here.

The Mentone "Eggheads" (the faculty) defeated the Mentone Merchants, described by some as the "fat-bellied" Merchants, Friday night in a rough and tumble game. The final score was 73-60. Dr. Wymond Wilson paced the Merchants.

A fight, staged by C of C member King and faculty member, Longengough, was resolved by town marshal Norton who pursued the fighters, shot in the air, and finally convinced them that love was the best policy.

Surgery was performed on Larry Boggs, who was injured in the action by C of C players Gerald Romine, Robert Hill and Jim Manwaring who worked long enough to extract a long string of hot dogs.

Mrs. Hattie Buss, 91, Etna Green, a sister-in-law of Tom Whetstone, 100, Mentone, was the guest of honor at a surprise party given for her on her 91st birthday recently.

Philip Underhill, who was one of the First Five on the winning Huntington team which played against Elkhart in the Semi-State Finals at the Fort Wayne Coliseum Saturday night, is the son of Mr. Garth Underhill.

Garth is a former resident of our vicinity, a graduate of Mentone High School in 1936, and one of the First Five on the basketball team which won the Sectional-Regional in 1935. For the past six weeks, Mr. Richard Jensen, a Grace College senior, has been doing student teaching in the Vo-Ag Department. He is a native of Washington State where he was very active in vocational agriculture and F.F.A., as well as band, photography and athletics.

The Latin classes of Mentone High School entertained the past Latin students at a Roman banquet Friday evening at 6 p.m. in the Latin room.

An authentic three-course dinner was served by Latin Slaves, barefoot and clad in Roman tunics. Hosts were Gene Hughes and Clair Taylor, Roman nobleman, clad in togas.

Mrs. Hugh Parsons, campaign director for the March of Dimes announces \$129.55 was collected in the Mentone community during the recent March of Dimes campaign. \$3,000 was collected in the county. Last year the March of Dimes helped pay a bill on a Mentone birth defect baby.

Public Service cuts work hours

Public Service Indiana said it will cut working hours beginning Monday for nearly 600 workers because of its critical financial condition.

In most cases, the cuts will result in a four-day work week. The reduced work hours will be in effect for at least six months, while at some company locations, the reduction will last indefinitely.

"We are taking this action because our construction spending has been reduced dramatically," noted PSI's Senior Vice President, Customer Operations Willard Twyman. "But since we're already at minimum manning levels in our customer service organization, we felt we couldn't reduce our work force any further and still provide reliable service to our customers."

He said resorting to the alternative of reduced working hours would help ensure that the company had enough employees ready to respond to emergency situations and to provide for increasing requests for new services brought on by the economic recovery.

The reduced working hours will affect 573 of the company's union and other hourly workers at various locations in its 69-county service area whose jobs had some connection with the construction of electrical facilities.

How Little It Costs

How little it costs, if we give it a thought to make happy some heart each day.

Just one kind word or a tender smile as we go on our daily way.

Perchance a look will suffice to clear the cloud from a neighbor's face.

And the press of a hand in sympathy a sorrowful tear of face.

One walks in sunlight, another goes all weary in the shade.

One trends a path that is fair and smooth, another must pray for aid.

It costs so little, I wonder why we give it so little thought.

A smile, kind words, a glance, a touch, what magic with them is wrought.

Senior citizens come join us for a well-balanced meal and fellowship. Please call in for your meal reservations between the hours of 10 a.m. - 1:30 p.m. the day before

you plan to join us. Blood pressure clinic was held Feb. 9 through the services of Ruth Bammerlin. Marion Aulthouse gave a program on hearts and flowers. We thank you for your time and efforts that goes into your programs.

Scheduled menus for the week of Feb. 20 - 24 are:

Monday - Macaroni and cheese, with ham, broccoli, three-bean salad, white bread, peaches, milk.

Tuesday - Fried chicken, whipped potatoes with gravy, cranberry sauce, tossed salad, brown bread, milk.

Wednesday - Chicken fried beef steak, baked potato, pears, green beans, brown bread, milk.

Thursday - Salisbury steak, peas, cole slaw, brown bread, banana pudding, milk.

Friday - Two hotdogs with buns, au gratin potatoes, creamed corn, applesauce, milk.

Thanks to Suzie Baker for our skiing lessons, to Ed Miller for the milk cartons, and to Dennis Jackson for the rope. We will be having a Blue & Gold banquet, Thursday, Feb. 16, at the Akron cafeteria. We'll have a special program for the carry-in dinner.

New books at Akron Library

You Don't Have To Ache: Orthotherapy by Arthus A. Michele M.D. -- This book is designed to help the millions of men, women and children who are plagued with aches and pains that do not seem to be helped by ordinary medical care. It is written for the general public, but it will be of interest to medical students, physicians, nurses and physiotherapists as well as everyone in the field of physical education.

Strengthening Your Grip by Charles R. Swindoll -- This book exhibits the skills that have made the author so widely acclaimed as a biblical expositor. His incisive illustrations and pungent comments make ancient truths as up to date as the space shuttle and as relevant to daily life as coffee breaks and income taxes.

Godplayer by Robin Cook -- This is Robin Cook's most stunning work to date - a chilling confrontation of personalities in a hospital setting where the innocent too easily become the victims - and a powerful indictment of medicine's tragic inability to police itself.

Avoid These Common Sodium Mistakes

Not everyone is aware that sodium can be found in more places than you can shake your saltshaker at.

Here are some common misunderstandings about sodium that may be giving you more sodium in your diet than you need.

• **Most of the sodium you get comes from the saltshaker.** Actually, according to experts at the Food and Drug Administration, probably less than one-fourth of the sodium you consume comes from the salt you add to food.

• **Cookies and other baked goods contain little sodium.** They usually don't have too much salt, but the truth is, both baking powder and baking soda contain sodium and are used in many cakes and other baked goods.

• **Fish are high in sodium.** That's both true and false. Shellfish are higher than finfish, and as might be expected, freshwater fish generally have less sodium than those from salt water.

More and more people have become aware of sodium in their diets. An excess of it is associated with several diseases. High blood pressure, or hypertension, is one of the most common diseases that may be related

Less than one-fourth of your sodium intake comes from the saltshaker. The rest is from less obvious sources.

to excessive consumption of sodium. High blood pressure affects about one in four Americans and the risk of the disease among blacks is much higher.

Although some sodium is vital to body functions, most people consume far more than they really need. One teaspoon of salt contains nearly 2000 milligrams of sodium. According to the Food and Nutrition Board of the National Academy of Sciences, 1100 to 3300 milligrams of sodium per day provides a safe and adequate amount for most people. Many people, however, consume several times more sodium each day than they need.

Board members greeted by pickets

William Rogers resigns from TVSC board

At the conclusion of a sometimes-tense meeting of the Tippecanoe Valley School Corporation board last Monday evening, Feb. 20, Superintendent Baxter Paige surprised the audience by reading a letter of resignation from absent board member William Rogers.

In the letter, Rogers stated he was resigning due to "problems

in my personal life." The resignation was effective immediately. Paige recommended the trustees accept Rogers' resignation, stating, "because that's what Mr. Rogers wants." Trustees Richard Long, Fred McSherry, Cecil Miller and Jim Royer voted to accept the resignation.

Earlier in the evening, the trustees were greeted by the sight

of approximately 40 pickets stationed outside the administration building as they arrived for the meeting. Members of the Tippecanoe Valley Classroom Teachers Association (TVCTA) staged the protest after rejecting the latest contract offer of the board last Thursday, Feb. 16. During the audience portion of the meeting, CTA president Bernadene Howard stated the CTA was disappointed they didn't receive a contract and they hoped the board would get back to the negotiating table as soon as possible. Teacher Betty Martens, CTA secretary, also voiced displeasure over the fact the board members wouldn't move the meeting to a larger room, forcing many of those present to stand or sit on the floor.

Paige presented two proposed calendars for the 1984-85 school year to the board. The two calendars, one submitted by the CTA and the other prepared by Paige, had only minor differences. The administration's calendar calls for school to begin on Friday, Aug. 24 for all students, while the teachers recommended school for students begin Tuesday, Aug. 28. Paige suggested an abbreviated Christmas holiday, beginning December 21 with school resuming on January 2, while the teachers preferred a holiday break from December 21 through January 7. The recommended end of school would be May 24 and May 31, respectively.

Paige stated his recommendations were based on a recent poll conducted among approximately 370 parents, 43 teachers, and 382 high school students.

Martens raised some questions

about the lack of a half-day at the end of both first and second semesters from the calendar proposed by administration. She stressed teachers need that time to make permanent records. Paige responded by stating the half days, under new guidelines of the State, created scheduling problems and extra transportation costs.

Trustee Royer moved to table the issue until next month.

TVHS principal John Hill presented a proposal to the board of changes which would meet new State requirements for high school class time and graduation credits. Under the new requirements, TVHS needs to extend its school day by at least 30 minutes, and Hill requested permission to switch to a seven-period day instead of the current six periods.

His proposal included having two periods daily of 56 minutes in length, while the other five periods would be 51 minutes. At the end of the week, the students would have 35 "extra" minutes above State requirements, Hill explained, and this time could be used for club activities or pep rallies.

A major benefit of adding an extra period, according to Hill, is that students could easily meet the stiffer State graduation requirements. Students in the graduating class of 1988 will be required to have four years of English and two years each of math and science. This year's seniors need have only two majors and two minors, with a total of 32 credits needed for graduation.

Hill recommended that by 1988, Valley students be required to have 42 credits to receive a TVHS

diploma.

After some discussion, the trustees voted to give Hill a "vote of confidence" on the seven-period school day, so he could proceed with scheduling for the 1984-85 school year.

In other business: Trustees voted to transfer \$11,500 from Cumulative Building Fund 25,000 to Support Services Fund.

Board members approved a request by Hill to attend the North Central Association annual meeting in Chicago March 25-28.

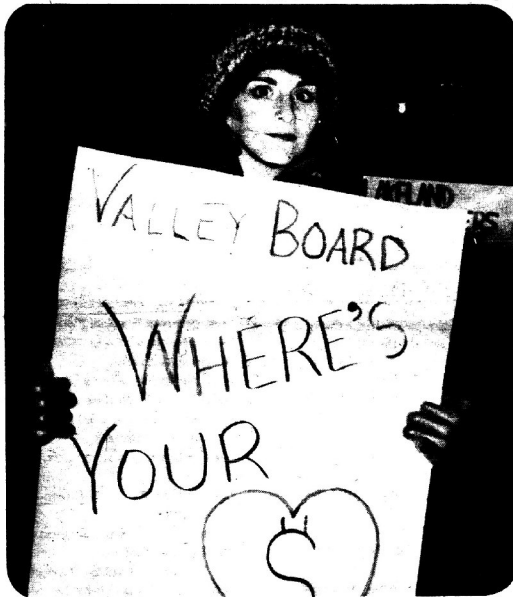

Paige read a request from Lake City Bank to be a depository. Due to the late receipt of the request, the trustees accepted Paige's recommendation it be checked by the school attorney before they act on the request.

Trustees made the following extra-curricular assignments: Duane Burkhardt, head HS boys track coach; Larry Howard, Akron eighth grade girls basketball coach; Cathy Creighton, Mentone junior high girls track coach; Jane Hunn, Akron girls volleyball coach; Beverly Harter, HS cheerleader and Pep Club sponsor; and Lisa Fawley, Akron cheerleader sponsor.

The next meeting of the board will be held on Monday, March 19 at 7:30 p.m.

SENIOR/PARENTS NIGHT

At the final home boys' basketball game with John Glenn on February 24, Tippecanoe Valley High School will honor the senior athletes involved in winter sports, cheerleaders, pep club members, and their parents.

Sally Messer, Akron educator, at the protest teachers staged before the administration building prior to Monday's meeting of the school board. Teachers from Caston and Lakeland schools joined the protest in support of fellow CTA members. (News Photo)

Thanks to quick thinking Romeo avoids swan song

February is known nationally as heart month. It just so happens that Valentine's Day was celebrated last week, and we heard a romantic story of the reuniting of swans belonging to Mr. and Mrs. Richard Coffing, Gilead.

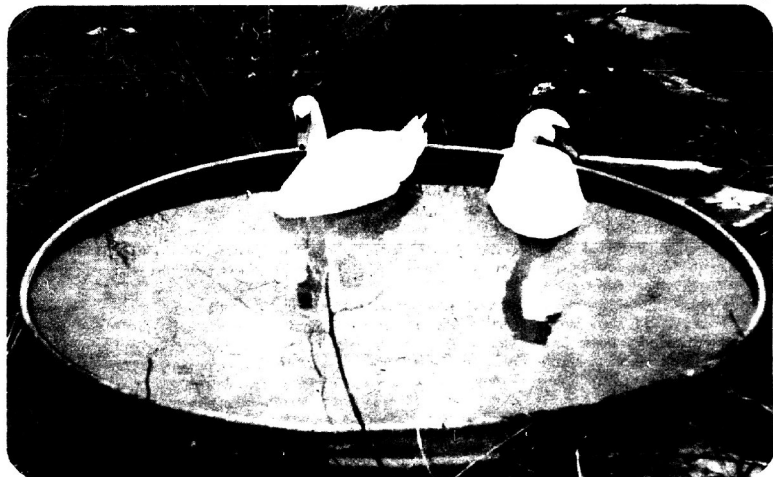

The Coffings' raise several kinds of exotic birds; everything from roosters (of various kinds) to turkeys to pheasants to peacocks and, needless to say, swans.

"Swans mate for life," said Mr. Coffing. "Once they have found a mate they will no longer have an

interest in any other swans." The Coffings were dismayed, therefore, when their male swan flew away during the bitter cold weather in January.

Mr. Coffing looked for days for the male swan, while the female swan sat patiently on the water waiting for her mate to return. Mr. Coffing told several neighbors at church of his loss including Mrs. Arnold (Roma) VanLue. Mr. Coffing had almost given up hope of ever finding his male swan.

Roma works at The Shopping Guide News office in Rochester. She was telling her co-workers of her neighbor's unfortunate loss, and one of the women mentioned they'd seen a photograph of a

Romeo, on right, is shown happily reunited with his mate after a heartrending absence of several days. We can only assume her name is Juliet. (News Photo)

Kessler opens Mentone office

Dr. Lori L. Kessler, Indianapolis, is formally opening the doors to her new dental practice in Mentone this Saturday, Feb. 25. Ms. Kessler's office is located in Dr. David Cook's former office.

Kessler, 36, opened her first dental office in Indianapolis in 1980 after graduating from the Indiana University School of Dentistry. Prior to earning her license as a general family dentist, she also earned degrees as a dental assistant and dental hygienist. While in school, she served as president of her hygiene class, and she was one of ten students named to the Dean's List out of

130 students in her class. Kessler also has the distinction of winning the national table clinic award with a presentation about self-examination for oral cancer.

She currently serves on the advisory committee for the dental program at IU in Indianapolis, and she's slated to serve as a judge in the dental division at the State Science Fair in late March this year.

Although Kessler will be commuting between Indianapolis and Mentone for the time being, she intends to relocate in this area. "I really like this community and small towns," she stated emphatically.

The snow storm made it very difficult for the Rev. Slaybaugh who was driving, to see the turns in the road, and they somehow missed the right turn and were on an unfamiliar road near Urbanna when the accident occurred.

THINK ABOUT IT!

Isn't It Nice

to be able to go just a few blocks for the items you need for your home or business or office needs?

Don't You Feel Good

when you know the person waiting on you in the store is a friend and will have your best interest in mind?

Aren't You Grateful

to know if you have an emergency, there is help as near as your local merchant's telephone and he will come as soon as possible to your aid?

Isn't It A Comfort

when you have to return an item or have a complaint and you know the merchant concerned is going to be understanding and make a good adjustment for you?

Isn't It Nice To Know

that local merchants plan for you in their own buying and make every special purchase possible in order to pass the savings on to you?

Isn't It Great

to know that the local store owner will follow up your purchase with the best kind of service from trained personnel... and will make the necessary return trips until you have good working order?

A Special Thank You

As we were beginning to make our plans, we found ourselves wringing our hands.

Just as we were wondering what to do, here came Sue Kay and pulled us through.

As she was beginning to bake again, here came Nina who pitched right in.

Then, knowing pictures were going to be a chore, away we went running to Maurice's door.

As he said yes, with much delight, we knew for sure he would take them just right!

Knowing decorations and pictures were to be hung, we knew our chores had only begun.

So back to the door we ran again to ask Annetta and Carol for a helping hand.

So there was help at the tables we needed, Irma and Mindy we were pleased to have seated.

Then there were guests coming galore... lucky for us to have Chris at the door.

Then there was laughter and pleasure to see as Ruby recited poetry.

Then for us to see our family and friends beaming with delight, we knew for sure OUR DAY was just right.

So family and friends, from the bottom of our hearts, we would like to say what a pleasure it was to renew our acquaintance on our 50th anniversary day.

Thanks again for making it a wonderful day!

This reporter is now back from a month vacation in Florida. We had a lovely time with Ebers in St. Pete and was on Anna Marie Is. for two weeks. We were only a half block from Deed (Allen) Shireys. Since we flew down our friends took us many places to see and to eat.

We are very glad to be back and see all of our friends at the Site again. We missed them. We started a so called new trend in Florida by playing dominoes. As you know that is the favorite game with a lot of the Seniors.

We missed the Valentine Party but, still got to see the decorations. The birthday party will be Feb. 23rd. Mrs. Rudy Gingle will be with us Feb. 21st and is an artist. Carol Brazo R.N. will be with us Feb. 22 and 29th. The next dirty bingo will be Feb. 28th.

We owe a big thank you to Ruth Cullum and Joan Harmon for our Golden Year Gazette and to the sponsoring merchants. Ruth started interviewing different Senior Citizens and this one is with Lois Hill Lemler. Lois was born into the home of the Rev. and Mrs. Silas Hill at Newville near Butler, Ind. She was the youngest of four children, two sisters and a brother. After the remarriage of her father, following her mother's death, there was a half sister.

The Rev. Hill was pastor of the United Brethren Church. From Newville they moved to Coburne. Later the family moved to Atwood and then to Bourbon where she met her husband Fred and they enjoyed 55 years together. They moved to Mentone to establish and manage Lemler's Market for 42 years. There are two daughters, Mrs. Wayne (Phyllis) Bowser and Mrs. Stan (Leah Nell) Yeiter. She is proud of her seven grandchildren and 11 great-grandchildren.

A favorite color is blue, red is a

close second. One of her favorite hymns is "Great Is Thy Faithfulness." Even though she does not agree with President Reagan on all points, she has respect for him.

The Nutrition Site has been a great inspiration to Lois and she enjoys the people.

We had a couple of new men this week, Herman Holloway and John Miller of Talma. John brought his accordion and played several numbers for us. He was very good and we hope he'll play for youselves.

To you that have never come to our Site are missing some good times. All the activities are before we eat so plan to come and see for yourselves.

The menus for the week of February 27 through March 2 for the Mentone Nutrition Site is as follows:

Monday - Pear nectar, stuffed green pepper with tomato sauce, cottage cheese with diced peaches, dinner roll, margarine, sugar cookie, milk, tea, coffee.

Tuesday - Orange-grapefruit juice, baked chicken quarter, hash brown potatoes, cole slaw, whole wheat bread, margarine, fresh fruit, milk, tea, coffee.

Wednesday - Grape juice, beef stroganoff over noodles, marinated vegetable salad with sweet-sour dressing, stone-ground wheat bread, margarine, donut, milk, tea, coffee.

Thursday - Apple juice, veal parmesan, scalloped potatoes, spinach with vinegar on side, wheat bread, margarine, iced yellow sheet cake, milk, tea, coffee.

Friday - Orange juice, meatballs and mushroom gravy over rice, pea salad, snowflake dinner roll with margarine, sliced pears, milk, tea, coffee.

Menus subject to change without notice. Due to the diets of some people the food is not highly seasoned.

I would like to express my sincere thanks to Pastor Malbone, and all who visited me, for the flowers, cards and prayers, while I was in the hospital. May God bless you all.

Flossie Drudge

The family of William (Bill) Kreighbaum would like to express our appreciation for the flowers, food, prayers and concern shown to our family during Bill's illness. We would also like to thank Junior Good for all his help.

The OEA is a very active organization at Tippecanoe Valley High School. Money making projects this year have included a Beeline Style Show in the fall, a cookie auction, selling Pizza Hut calendars, and next week we will have a cake sale at the last home basketball game. These money making projects are to help defray the expenses of contests at the state and national levels.

Mrs. Juna Graham is the sponsor of this organization at TVHS.

Angie Seeley named '84 National Award winner

The United States Achievement Academy has announced that Angie Seeley has been named a 1984 United States National Award winner in history and government.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students.

Miss Seeley, who attends Mentone Jr. High, was nominated for this National Award by Phillip Pratt, a history teacher at the school. She will appear in the United States Achievement Academy official yearbook, published nationally.

The Academy selects USAA

winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the standards of selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibilities, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Miss Seeley is the daughter of Frank and Elaine Seeley of Burket. The grandparents are Mr. and Mrs. A.L. Seeley of Haine's City, Fla., and Mr. and Mrs. Dean Rowland of Burket.

8th grade orientation at Valley set

On Tuesday, March 6, there will be an orientation meeting at Tippecanoe Valley High School at 7 p.m. for all eighth grade students at Mentone and Akron and their parents.

At this meeting, administration and guidance personnel will give students and parents information on what students should expect during their first year at Tippecanoe Valley High School.

A representative from each department will explain subject offerings for freshman and answer any questions. For those students and parents who are interested, student council members will take small groups on a tour around the building. This evening meeting will prepare the eighth grade students for their full day of orientation at the high school on Wednesday, March 7.

Triton Sectional Pairings

Vikings ready for sectional action

The Tippecanoe Valley boys basketball team is ready for their upcoming game in the 1984 Triton sectional, according to Valley coach Bob DuBois. At last Sunday's drawing for sectional pairings, the Vikings were matched against Triton in the Wednesday, Feb. 29 game.

When asked how he felt about this year's season, DuBois replied thoughtfully, "It's been what I'd hoped for. The season could have been much worse, and maybe, if you want to dream, we could have pulled another three wins. But we could have lost another five, too. I'd just say the year's been what I'd hoped for."

As of last Saturday, Feb. 18, Valley had an overall record of 11-8. They've averaged 71.47 points per game, while giving up an average of 70.47 points per game. This weekend, they'll finish regular season play when they host John Glenn.

The key to Valley's winning season is that the team works well as a unit. Three players, seniors Shad McConkey, Dan Boyer and Greg VanDeWater, consistently score in double figures while receiving solid back-up from 6'4" junior Kenny Johnson, 6' senior Chan Tucker, and 6'7" senior Jeff Gordon.

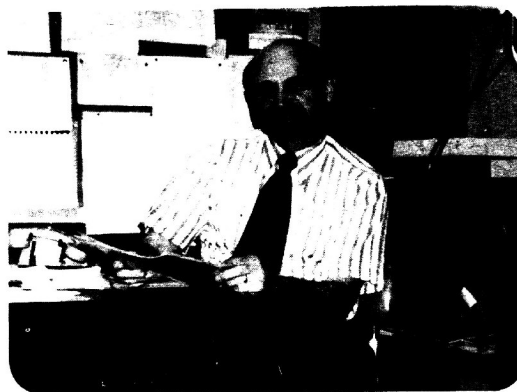

McConkey, 5'11", is leading scorer for Valley, with an average 15.2 points per game, and leading in assists with an average 5.9 per game. Boyer, 6'3", holds an average of 12.8 points per game and pulls down an average 7.8 rebounds. VanDeWater, 6'2", has an .821 average in free throws, and scores an average 12.6 points per game. Gordon is leading rebounder for the Vikings, with an average 8.4 per game.

"We're working together," DuBois confirmed. "We don't have what I'd call a star, but we have a lot of good players. In only one game this year (against Northfield) did we have everybody playing well at the same time. If we have all our players playing well and playing together on one night, I think we can play anyone and win. It's a lot to ask of anyone under a pressure situation, but it's not impossible and we can do it."

"Warsaw is ranked in the top 10 teams in the state," he continued, "and I think they should be; they're that good. Wawasee has an extremely fine team, too. And the other three teams (in the Triton sectional) are excellent teams. Because of the nature of the sectional and overall competitiveness in the sectional, anyone could win it."

"People tend to put your success in terms of how many wins and losses you show. The thing to remember to keep in perspective is that basketball in this area is really good. There are a lot of really good teams. If you can come up 50-50, you've had a good season."

"Beyond that," DuBois concluded, "and more importantly, I've been able to work with some extremely good young men. We've been through our good times and bad times together and I'd say we've grown closer to one another. We're beginning to mature and learn some of the things basketball is supposed to teach us. That's what the season is really about, not wins and losses. The real trip you make is your relationship with each other, what you learn from one another, and the respect you gain from one another."

Swan song

Continued from front page

swan in *The Rochester Sentinel*. Roma began looking through old copies of *The Sentinel* and found the picture, taken by John Savage, a photographer for *The Sentinel* who lives near Akron.

Savage had taken a picture of the swan on Town Lake, located south of Akron. He had no idea how the swan got there or who it belonged to, but he took the photo for use in *The Sentinel*.

Roma quickly called the Coffings' and told them about the picture of the swan in the newspaper. The Coffings went to Town Lake and tried to catch Romeo that afternoon, but were unsuccessful. On Tuesday, February 7 the Coffings' returned to the lake and captured the swan with a net.

Mr. Coffing renamed the male swan. When asked why he called him Romeo, he replied, "For two reasons: one, he did roam away and worry me to death, and for the second, thanks to Roma my swans are back together."

Henry Shepherd home gutted by fire

When Silver Lake firefighters arrived at the scene of a house blaze two miles northwest of Silver Lake Friday night, flames were already shooting through the roof.

Silver Lake firemen responded to the Henry Shepherd residence, Rt. 1, Silver Lake, around 7 p.m. Friday. Despite their efforts, the fire caused between \$25,000 to \$30,000 damage to the house, according to Silver Lake fire officials. The Shepherd house is located on County Rd. 400 West and between County roads 900 and 950 South in Seward Township.

After arriving at the scene, Silver Lake fire officials called Claypool and Burket firemen for assistance. A short time later, Claypool firemen arrived with a pumper truck and a tanker full of water, and Burket firemen arrived with a tanker truck.

A South Central Kosciusko EMS also responded to the scene and stood-by. However, there were no injuries, according to Silver Lake Assistant Fire Chief Duane Sells.

The fire started in the kitchen area and rapidly spread throughout the house. Assistant Chief Sells commented.

Fire officials have not determined the cause of the blaze yet. However, they will most likely return to the scene and look through the debris in an effort to determine the cause, Sells commented.

While firemen were at the scene, Shepherd returned home only to find that his residence had been gutted by fire. He told fire officials he had left shortly before 6 p.m.

Silver Lake firemen remained at the scene four hours, returning to the station at 11:30 p.m. Friday.

Indiana author explores "golden age of ragtime"

The Indiana Historical Society has awarded a grant to John Edward Hasse to research and compile a book containing the best works from Indiana's golden age of ragtime.

The society has taken a lead in documenting state musical history. "We believe this book will be an important contribution to the preservation of Indiana's rich musical heritage," says Raymond L. Shoemaker, assistant executive secretary of the Indiana History Society.

Indiana was an important center for ragtime music, but most of the music is long out of print and difficult to locate. This book will restore to print approximately sixty pieces in their original sheet-music editions, complete with full-page covers. The book also will include historical and biographical notes, photographs, a bibliography and a discography.

Project director Hasse is soliciting cooperation from sheet music collectors throughout the United States. "The success of this project," he says, "will depend on the goodwill and help of collectors throughout the Indiana and across the country. We are seeking to borrow, buy, copy, or acquire as donations several dozen 'lost' ragtime works from Indiana. We are also seeking photographs and biographical information, especially of Mark Janza and Sophus Jergensen."

Individuals who offer assistance will be acknowledged in the book.

Hasse holds a Ph.D. in American music from Indiana University. He is editor of *Ragtime: It's History, Composers, and Music*, to be published by Macmillan Publishing Company, and co-producer of *Indiana Ragtime: A Documentary Album*, published by the Indiana Historical Society in 1981. Hasse may be reached at 3550 Lilac Avenue, Cincinnati, Ohio 45208.

4-H begins summer activities

Many people think that to become a 4-H member, you need to live on a farm. This thinking however, is incorrect. In order to become a 4-H member, you only need to be ten years old within the year and not over 19 years old. Living in town or on a farm makes no difference in being eligible to join 4-H.

Softball was developed in 1887 in Chicago and was originally designed as an indoor game.

NOTICE

All former members of the Mentone Reading Club are cordially invited to attend their Fifty Year Anniversary Celebration, March 14, 1984, at 6:30 p.m. at Teel's Restaurant in Mentone. If you desire a reservation please call 353-7669 by March 10th.

4-H is designed to help young people learn about different subjects in an informal way and to develop friendships and leadership abilities. There are now over 50 different projects to choose from. You might choose one involving an animal (rabbit, dog, cat), a special skill (crafts, sewing, models) or a hobby (gardening, collections, photography).

In order for boys and girls to get involved in the project work, they need someone to teach and encourage them. Parents can help by encouraging their child to select 4-H projects and participate in the program. As children learn about projects, they develop skills and self-confidence while becoming more responsible with the experience. As a club member, the child experiences electing officers, planning programs, giving demonstrations, attending meetings, earning money, and going on field trips.

4-H'ers are encouraged to enter their completed projects at the county 4-H Fair and special project shows each year. These

shows encourage members to complete projects as well as provide a chance to compare their work with others work. Exhibiting also gives the child public recognition of a job well done. Ribbons and trophies are awarded at the fair to add more appeal and recognition to the projects.

For further information on 4-H activities contact your local Co-operative Extension Service.

CHRIS CLEVER

4-H is a "down to earth" program where individual members with the help of adult leaders determine their individual inter-

ests and set their own goals of accomplishments in projects and activities.

Fulton county tornado class offered

A special responsibility lies upon the shoulders of every one to protect their family and loved ones from the devastation created by tornadoes. Indiana has been recognized as one of the five states with the largest number of tornadoes each year. As such,

everyone should be trained to spot tornadoes. To save lives.

The Fulton county civil defense department has made arrangements for the National Weather Service to sponsor two-hour tornado-spotting course on Wednesday, March 7 at 7:30 p.m. in the

Rochester High School Auditorium. Any person, after taking this course, will be authorized to notify the National Weather Service, the county Sheriff's Department or the Civil Defense of any sightings.

Letters To The Editor

The budget recently presented to Congress by the President proposes the continuation of near record levels of deficit spending by the federal government. If one listens carefully to the noise of reaction to these proposals, it sounds like little kids arguing on the school playground: "Do huge deficits by the federal government really matter? Yes, they do! No, they don't!"

Why should we worry about the inability of the government to balance its spending and receipts? After all, in the 34 years since 1950 we have had a budget surplus in only five years. Federal deficits have become a way of life. However, there is a new ingredient. The huge size of the recent past and expected future deficits are in uncharted waters for peacetime. Frankly, no one has ironclad answers for how such deficits will affect economic well-being.

There are two possible results of such huge deficit spending that most economists agree on -- and neither is good. First, there is an alternative that the authority responsible for controlling our money supply, the Federal Reserve Board, will simply create enough new money to finance the deficit. This is called "monetizing the debt." This was the practice largely followed during the 1970s. Most agree this was a major cause of the record peacetime level of inflation during those years, which led to this decade's rising interest rates, slowdown in economic growth and rising unemployment.

In the second alternative, the Federal Reserve authorities do not create the extra money to bring inflation under control. This means federal debt securities would have to be sold to private investors which can then bring on what is called the "crowding out" process. The amount of available domestic loanable funds is limited. In fact, many view the low level of savings in our economy as a very serious problem. The Federal government, in order to obtain these savings to finance its debt, will bid up the interest rates. These higher money costs will cause private businesses to reduce investments needed to create jobs and increase efficiency.

Currently there is an escape valve from this problem. Foreigners, finding returns from our high interest rates attractive, are buying large amounts of our federal debt. However, they must buy the dollars needed to buy these bonds. This activity helps drive the foreign value of the dollar up which has two consequences. One, it makes imports into this country unrealistically cheap to domestic buyers and, two, it makes exports from this country unrealistically expensive to foreign buyers. This hurts businesses which must compete with cheap products and it also hurts businesses which depend heavily on foreign sales. It's feared the result will again be high interest rates, a slowdown in economic growth and high unemployment.

But, you might ask, aren't these two dismal possibilities just another example of economists crying "wolf?" After all, we are

having a business recovery and the deficits have been huge. This is true. But it is also true we are in uncharted economic territory. All we know about the history and functioning of our economy indicates huge peacetime deficits will have unsatisfactory consequences. Just because the wolf has not yet attacked doesn't mean it's not lurking in the economic forest and eventually will attack the economic Red Riding Hood.

We must assume that the path of fiscal irresponsibility we're treading will damage our economic health. Huge deficits do matter! It is time to lay that debate to rest. Attention should be focused sharply on what to do to bring the deficit down -- not just a few billion, but sharply and soon.

Many are suggesting that no such actions can be taken in an election year. Like Scarlet O'Hara, we'll think about the problem later! Recent events in the stock market indicate that people who save and invest are worried. Delay in handling the deficit problem could turn our current recovery into another recession. Playing "politics as usual" with the deficit time bomb is a dangerous game.

Know Weather

What is the technical name for storms in the sun's atmosphere? What is their effect on the earth's weather?

Storms in the sun's atmosphere are called sun spots. Many experts believe the sun's spots, or storms, come in cycles in the sun's atmosphere.

The greater the number of sun storms the hotter the weather on the earth, they say.

Cycles in the sun's atmosphere seem to run in cycles anywhere from twenty to forty years (some experts claim there is an eighty-year cycle, up forty and down forty).

Those who follow the sun spot theory expect the nation's weather to be cooler in the next few decades.

Randalls open grocery

Terry and Cris Randall are in the midst of revamping the former Akron Supermarket under the new name of Viking Foods, and it would appear the new name is just the first of several changes they have planned.

When asked what's in the store for local patrons, Terry explained, "Right now we're just cleaning up the place, but we intend to give the best service with the best quality merchandise at the best possible price. We're in the middle of changing the way the store's stocked right now—one of the first things I learned when I started in the grocery business was that things should be arranged so it's convenient and pleasant for the customers to find things."

The Randalls come from the Kokomo - Russiaville area, having lived there all their lives. Terry first started working at the age of 14 at Dale's Grocery, Russiaville, and he began cutting meat at the

age of 15. After working there for another five years, he began working at Whitacre Grocery, Kokomo, and eventually became store manager. He worked at Whitacres 14 years.

Cris, in the meantime, worked for ten years as a secretary and eventually owned and operated a typing service for Kokomo businesses.

The Randalls have three children: David, 14; Marc, 11; and Jennifer, 5. Until the couple settles into a home in the Akron area, the children are staying with Randall's parents.

The Randalls first came to Akron to see the supermarket on July 4, 1983, after a supplier informed them it was for sale. Terry joked, "The town was full of people, and I thought, 'Any place that celebrates my birthday like this is all right! Seriously, though, we like the small-town atmosphere. It reminds me of Russiaville before the tornado flat-

tened the town.'" (Russiaville was hit by the Palm Sunday tornado in 1965.)

"The people in the community have been super nice and very pleasant," Terry continued. "We've had a lot of local support. I'm a very high school oriented person, so this type of area is most suited to me. I believe in standing behind your area and community."

"The first thing I noticed when we drove into town was the sign 'Home of the Vikings, State football champions.' I'm all for a community that supports its children."

"That's why we chose Viking Foods for our name," Cris added.

The Randalls are planning a grand opening, which will probably be held the first week of April.

Terry and Cris Randall assumed ownership of Viking Foods (the former Akron Supermarket) at the beginning of February. They come to this area from Russiaville. (News Photo)

Akron board plans clean-up

Members of the Akron town board met before a full audience last Tuesday, Feb. 21, to discuss the annual spring clean-up campaign.

In the past, trustees designated two days for "clean-up" during which town employees would pick up any trash, including appliances and furniture, that was taken to the curb. New board members Jack Miller, Dick Drudge and Jerry Hudson discussed the possibility of enlisting aid from volunteers this year to make the endeavor a more thorough one.

Although the final decision was postponed until the March meeting, trustees suggested it would be beneficial if elderly citizens could call and make an appointment to have heavy items taken from their home by volunteers on the "clean-up" days. The town would pay all dumping fees.

The clean-up will probably be scheduled for sometime in April.

Marshal Dave Kruger and town Superintendent Garland Sparks received permission from the board to budget their own departments. The two department heads made the request, saying it was inconvenient to have to call the board together to authorize small purchases. The trustees agreed, although major purchases or changes will still need board approval.

Kruger informed trustees that a short street at the west end of town (which leads to the lift station) has never been named, and he urged them to correct this oversight. Town attorney Bob Peterson will draw up the necessary documents once a name is decided upon. Trustees tabled this issue until the next meeting.

In other business: Kruger informed the board 11 abandoned vehicles have been removed from public streets after the January warning was issued. Two abandoned cars are still sitting on public streets, and board members requested Kruger speak with the owners before they take further action.

Trustees signed a maintenance contract with Strummel and Hill, LaFountaine, for three maintenance checks per year. At a cost of \$290 per visit, the regular checks will aid in avoiding future breakdowns at the lift station.

Attorney Peterson informed the board the town needs a written agreement with township trustee Jean Conners in order to cooperate with her public work program. Conners will be responsible for payment and insurance on workers. Trustees agreed to endorse the program when this requirement is met.

Trustees agreed to continue hiring a burning site for brush on

the John Day property east of town. Cost of rental is \$15 per month.

Board approved purchase of 12 new stop signs and posts. One "Do Not Enter" sign and one "Police parking only" signs were also ordered. Cost of signs is \$290, and cost of posts is \$150.

Board instructed Sparks and Kruger to get estimates to replace the brakes on the police vehicle and an oil seal for the town's back hoe. Both men were authorized to make the purchases at their own discretion.

Board members accepted Kruger's report for the month of January. Report included 1486 miles patrolled, two complaints, three written warnings, six motorist assists, one attempted break-in, two theft reports, six county assists, and six ambulance assists.

The next meeting of the board will be Tuesday, March 20 at 7 p.m. in the town offices.

School board seeks Newcastle representative

Tippecanoe Valley School Board will be accepting applications until 4 p.m. Thursday, March 8 in the administration building for a school board representative from Newcastle Township in Fulton County.

The seat became vacant with the resignation of William Rogers, who was elected in the 1982 primary.

Applicants must be from Newcastle Township and must have lived in the township for at least two years. The person must also

be a taxpayer of the township and a registered voter.

The school board will conduct interviews of applicants Monday, March 12 and is expected to name its appointment at the Monday, March 19 board meeting. The new board member would be sworn in at the April meeting.

Applications may be dropped off or mailed to Richard Long, board president, Tippecanoe Valley School Corporation, P.O. Box 338, Mentone, IN 46539.

Mentone needs EMTs

Mentone may have a new ambulance, but now they are experiencing problems in staffing. Mentone is in desperate need of Emergency Medical Technicians.

At the present time there are only eight EMT's on the Four-Way Ambulance Service. This is causing the ambulance to make runs with only one EMT or two EMT's with one driving the ambulance.

The ambulance service is not only short on EMT's but there is also a shortage of drivers and helpers. The staff at Mentone runs on 12-hour shifts. Six in the morning to six at night and then six at night to six in the morning.

The main reason stated for EMTs leaving is that they have other commitments and don't feel that they have the time for the volunteer work. All the staff of the Four-Way Ambulance Staff is volunteer, although the Four-Way Ambulance has reimbursed the members for their Emergency Medical Technician schooling and training.

More drivers, helpers and EMT's are needed in order to serve the Mentone community in the best way possible. The ambulance service members have sent letters to churches and organizations asking for their help. If interested in volunteering or helping with this shortage please contact the Four-Way Ambulance Service, Mentone.

The six visitors of the county welfare department Thursday attended a district meeting and school at Rochester at which the program for aid of crippled children was taken up. Recent changes in the set up drew particular attention and state welfare representatives were present to lead the discussions.

Those from this county who attended were: Mrs. Louella Corbin, Miss Frances Lewis, Miss Sally Eschbach, Mrs. Dora Taylor, Mrs. Lloyd Moser and Mrs. Thurl Pottenger.

There are really only two possible situations when one makes a bet—you either win or lose—as Dale Kelley, principal of the Mentone schools, found out last week.

As the story goes, Dale made a wager with the basketball boys, that he would grow a mustache one week for each game the boys won in the sectional tournament. (The dope sheet had it that the Bulldogs would be in the bleachers after Milford got through with them.)

Mentone beat Milford, waded through Etna Green and then lost a close one with Pierceton.

For many of us, a two weeks growth on the upper lip would not filter much soup, but Dale now has a cute little cookie duster solidly anchored above his vegetable chute. The school children are having a lot of fun and the professor is living up to his promise like a veteran.

Mr. and Mrs. Oral Welsh and Mrs. Martha Welsh of Mentone, Mr. and Mrs. Herbert Workman and daughter Virginia of Detroit, Mich., and Mr. and Mrs. George Borton and two sons, Larry and Lynn were Sunday dinner guests of Mr. and Mrs. Simon Johnson of Fort Wayne. The dinner was in honor of Herbert Workman and George Borton whose birthdays were on Feb. 29 and Mrs. Welsh whose birthday was March 1st.

PSI in financial crisis

Public Service Indiana Chairman Hugh A. Barker testified before the State Public Service Commission that the company is in the midst of a financial crisis. "Without emergency rate relief," Barker said, "the company will be out of cash in a matter of weeks. Our cash shortage will amount to \$89 million by April. By June, our bill will exceed available cash by \$120 million. Unless we receive this rate increase, there's no way we can raise the money to pay these bills."

Barker pointed out that the company's suppliers of coal, wire, poles and all the other material used to generate and distribute electricity expect to be paid. "So do the people and institutions who've lent us money over the

years," Barker said. "Most people are not aware of the cost-cutting we've done in the last eighteen months. Cutting our staffing in areas not associated with the Nuclear division by 14 percent below peak levels is just the most visible step." Further cost cuts, Barker pointed out, would have a negative impact on service without raising enough cash to pay the company's bills. "So without price increases," he said, "we'll have no choice but to seek legal protection from our creditors."

"The consequences of such a step are just as serious for customers as they are for the company," Barker said. "Our ability to provide adequate electric service would quickly deteriorate."

Fulco holds sheep clinic

Russ and his wife run 300 Targhee ewes in an exceptionally well designed facility. Reservations are required and can be made by calling the Fulton County Cooperative Extension Office, 219/223-3397.

Moon addresses Mentone Reading Club

Gerry Clark was hostess to the G.F.W.C. Mentone Reading Club for their February meeting.

Sue Pyle introduced Al Moon, storekeeper of the Warsaw District of NIPSCO, whose topic was "Why Your Utility Bill is Increasing." Mr. Moon first explained the duties of a Storekeeper, then enlightened members, with the help of visual charts, on many of the factors that have gone into the increasing rates over the past ten years.

NIPSCO services 350,000 electric customers and 530,000 gas customers in the northern third of Indiana, and had over 6,600 employees and 2,000 vehicles, and have now reduced their employees to under 6,000. In 1982

NIPSCO produced 71% of their own power and purchased 29% from other utilities, however other utilities will no longer sell electricity except in cases of emergency, as it takes 10 years to plan, design and build a power plant. With the cost of inflation, financing, government regulations, cost of fuel, and with neighboring utilities foreseeing growth in their service areas, they no longer wish to sell power. NIPSCO therefore must build their own generating stations for additional power and in the future will have to replace some that have been in service many years. The most recent generating station built cost \$611 million and of that pollution control devices

amounted to \$152 million, or ¼ the total cost.

The cost of money, the cost of regulation, and the cost of fuel are the primary factors affecting electric and gas rates. 40% of the electric bill is due to the cost of coal, while 80% of the gas bill is has been imported from Western states with the cost of transportation amounting to 40% of the cost. With the addition of scrubbers in the new generating station, high sulfur coal from Indiana mines can be used.

An extensive question and answer period followed the program, and Mr. Moon passed out literature with many energy saving tips.

Mentone Nutrition Site

Last week was very special at the Nutrition Site in Mentone. Mrs. Bobby Glingie and Marlin French of Akron visited us. Ms. Glingie displayed several of her paintings and explained how she does her work of art. Both the ladies sang hymns together and separately with tapes as we still don't have a piano. They sing beautifully and we hope they will come again.

We thank T.R. Jones for leading us in exercises when Bedi W. can't be with us.

Ruth Cullum interviewed Mary (Deerwester) Severs and she had this to say. She lives on W. Main St., and has about three years. She was one of ten children, born in Warsaw and is the last living. Through friends she met Dale Wallace. After their marriage, they moved to Mentone. They had two children, Elenor Vanator of near No. Webster and Dale (Corny) Wallace, who with wife Bobby Mollenhour live in Mentone. Mary has four grandchildren and three great-grandchildren.

Separation came to the Wallaces. Many years later she married Wilbur Severs who died in 1981. Mary owned and operated a beauty salon in Warsaw for fifteen years. Her favorite colors are red and navy blue. Little Brown

Church in the Vale is her favorite hymn. Pres. Roosevelt was a person she admired. Reading is her special hobby. Mary says the Nutrition Site is the best thing that ever happened. She is a regular helper and her cheerful spirit helps everyone.

The other big thing at the Site this week was the day Carol Branzo came again. She talked on life and death. What the Drs., nurses and hospitals do to save lives and what happens if a patient is dying. She talked on your rights to ask questions and get straight answers. Carol is in the School of Nursing at Purdue University. This presentation was judged by her professor and we're sorry that she will be unable to come any more for a while. Thank you Carol for sharing your time with us.

The menu for the Mentone Nutrition Site for the week of March 5 through March 9 is:

Monday - Pineapple juice, chicken and noodles with gravy, three bean salad, stewed tomatoes with bread cubes, cracked wheat bread, margarine, lemon pudding, milk, tea, coffee.

Tuesday - Assorted juice, ham steak, buttered sweet potatoes, broccoli cuts, whole wheat bread, margarine, chocolate chip cookie, milk, tea, coffee.

Friday - Cranberry juice, stuffed cabbage roll, golden glow salad, pumpernickel bread, margarine, red apple, milk, tea, coffee.

Menus subject to change without notice. Due to the diets of some people the food is not highly seasoned.

NOTICE

The TVSC fan bus will be leaving on Wed., Feb. 29, Fri., March 2 and Sat., March 3, for the sectional at Triton from Akron at 6:15 p.m., T.V.H.S. at 6:25 p.m., and Mentone, 6:35 p.m.

The Good Old Days

What are the Good Old Days so dear of which we often speak?

Are they days of yester year that we so often seek?

If they be so much more sublime, will not today be yesterday in time?

Why do we yearn for what is not and all the things we haven't got?

If the grass is always greener on the far side of the ground.

Why is it not still greener the second time around?

Why do we in the world today seem to long for days gone by?

When really in another way it is of today that we cry.

If days gone by be more sublime will not today too, be yesterday in time.

Leading Valley's scoring was Greg VanDeWater with 17 points and Kenny Johnson with 12 points, both of whom fouled out in the last quarter.

Although the Vikings were down by 13 with 6:17 to play in the last period, VanDeWater

struck back with seven points and led an attempt to close the gap. With 1:56 left in the game, the Vikings were within four points, at 60-56, but a last minute push by Hardesty ensured the Falcon win.

Tippecanoe Valley enters the Triton sectional with a season record of 11-9. The Vikings play Triton in the first game action tonight, Wed. Wednesday, Feb. 29 at 7:30 p.m. Winner of this game will advance to play Rochester this Friday at 8:30 p.m.

Burger's Warning

Chief Justice Warren Burger has sounded a timely, prophetic warning to the legal profession--at the right place.

Speaking before the American Bar Association in Las Vegas, Burger bluntly warned the nation's lawyers they had become overly fascinated with the adversarial aspect of their profession.

The Chief Justice went further. He said this over-emphasis on the adversarial relationship, and on courtroom battles, must give way to overdue reform. Trials by adversarial contest must in time, "go the way of the ancient trial by battle and blood."

Burger criticized today's lawyers for bringing too many frivolous lawsuits, thereby losing the public's confidence. (Polls show the legal profession ranks among the lowest of all the professions in public esteem.)

A major study is needed, Burger says, to determine how

"The busy man has few idle visitors; to the boiling pot the flies come not."
