Rose Kindig named Akron chairperson

St. Jude Children's Research Hospital recently announced that Mrs. Rose Mary Kindig has agreed to be the coordinator of the St. Jude Children's Research Hospital Bike-a-Thon in Akron.

The Bike-a-Thon program this year is dedicated to Brian McColister. Brian, a native of Louisiana, was diagnosed with leukemia in October, 1984. Since that time, Brian has come to St. Jude every six weeks for treatment, and every 12 weeks for a bone marrow test and spinal tap to make sure his cancer stays in remission.

The St. Jude organization appreciates the concern that Mrs. Rose Mary Kindig has for their work, and hopes the citizens of Akron will support the Bike-a-Thon this spring to help provide the funds that are needed to preserve the world's greatest asset... "Our Children".

School additions to be dedicated February 7

After much hard work by the Tippecanoe Valley School Board and the Tippecanoe Valley Elementary School Building Corporation the dreams and plans of the remodeling projects at Burket, Mentone, and Akron schools have become a reality. A reality the Corporation and Board are inviting you to come and view Sunday, February 7.

Even though students have had access to the new facilities since the beginning of the 1987-88 school year, many finishing touches have been added to enhance the learning environments at all three schools over the past few months.

A very special dedication program has been planned for this Sunday. The event will take place in the newly remodeled gym at Akron beginning at 2:00 p.m. Dr. Theodore J. Kowalski, Dean of the School of Education at Ball State University, will be

present to give the dedication speech. A message from Governor Robert Orr will also be read. Students from all three schools will be helping with the program. Following the dedication ceremony, open houses will be held at all three sites (Burket, Mentone, and Akron) so that people may tour the new facilities.

Smith, Taylor advance to regionals

Two wrestlers from Tippecanoe Valley advanced in sectional action Saturday. Gary Smith of Valley finished second at 125 pounds and Matt Taylor placed second at 130 pounds.

Congratulations to Smith and Taylor and good luck at the regionals.

Farm Forum 88

Indiana Lawrence Bank will be hosting their second annual Farm Forum February 12, 1988 at the Manchester College Union, North Manchester. "Farm Forum 88" will begin at 8:00 a.m. with a continental breakfast in the cafeteria. The meeting session is scheduled from 9:00 a.m. to 12:00 noon.

Jim Jontz, Indiana's 5th District Congressman, will discuss issues facing the second session of the 100th Congress. Congressman Jontz is a member of the House Agriculture Committee, the

House Education and Labor Committee, and the House Committee on Veteran's Affairs. He is the only member of Indiana's delegation on the Agriculture Committee.

Bob F. Jones, professor in the Agriculture Economics Department at Purdue University, will be sharing his Agricultural Outlook for 1988, as well as covering the current U.S. agricultural policy and international trade issues. Professor Jones has been at Purdue University since September, 1964.

Akron Junior High honor students

Students who were named to the honor roll for the third grading period at Akron Junior High School are (first row) Kristen Saner, Cara Cumberland, Michelle Bailey, Chera Hathaway, Alisha Conner, Kristin Deardorff, Lichelle Paxton, Troy Walters, and Bobby Glover. Second row:

Editorial

The stage is set for the dedication program of the new and remodeled school additions at Akron, Burket, and Mentone for this Sunday, February 7, at 2:00 p.m. It has taken many, many hours of hard work to reach this point. The Tippecanoe Valley School Board and the Tippecanoe Valley Elementary School Building Corporation should be congratulated for the improvements made at all three sites.

Working for the newspaper has given me the opportunity to see the progress of the remodeling as it took place. I was there when many Akronites shed tears as the old high school crumbled to the ground. I was at Mentone when the first hole was dug to begin the addition, and I walked through the mud to talk and question a builder at the Burket site. And now, I have also seen the excitement and enthusiasm as students at Akron study in the new library, as a young child demonstrates the use of new classroom facilities at Mentone, and I have seen the gleam in the eyes of students as they boasted their new dishwashing facilities as well as the new multi-purpose room at Burket.

The projects have cost money. Progress costs. But denying children the best of educational facilities available costs even more. That is a cost we dare not risk taking.

Do not pass up this opportunity on Sunday, February 7, to come and see the progress made for the students in the Tippecanoe Valley School Corporation. It will be well worth your time to come and view the improvements. I am excited about the events planned and I hope to see you there.

Out of the mailbox

The Editor:

It appears that the three large oak trees that stand near Gagnon Chevrolet are to be cut down for the new fire station. I believe that we can have the station and the trees. As to why they should be saved? This is my answer.

They are white oak and are not related in any way to the maple trees that line our other streets. White oak has great strength and lives a very long time, occasionally as long as 500 years. The three trees in question are 200 years or more old. Left alone they can last another 50 to 100 years. The worst wind storms do not and have not broken so much as a twig.

Old trees like old people, become invisible after a time. Part of the scenery. What ever they are or have been counts for nothing. If they suddenly come back into view, they are not part of "the plan".

Some of my friends tell me that their removal is "progress". That statement is offered as its own explanation. Its own excuse for being. No further comment is needed.

Some perspective is called for. Two hundred years, ten generations. Two hundred years ago George Washington was not yet in the White House, still a General in the new American Army. Abe Lincoln would not be born for another 21 years. These trees have seen the War of Independence and the Constitutional Convention.

They have watched Akron soldiers leave for the Civil War and all wars that have followed. They waited for their return. Living memories, they have continued to wait for those who will never return.

Weddings, funerals, births, and deaths, they have seen them all. Our victories and our failures. Mute witnesses to these events, they have issued no statements, made no judgements.

These are my reasons for saving the trees.

Sincerely,
Charles Miller
Akron, IN.

Steve Maynard, postmaster at Mentone, sent the following article for your attention. Anyone knowing of vandalism should contact the appropriate postmaster.

Mary Fisher

Through rain, sleet, snow, or dead of night the US Mail gets delivered to postal customers across the nation. The elements of nature don't stop letter carriers from getting the mail into a customer's mailbox, but sometimes mailbox vandalism does.

Mailbox vandalism comes in a variety of shapes and sizes from the placement of objects inside the mailbox to the actual theft or destruction of the mail receptacle. Letter carriers and customers have reported finding bottles, snakes, snails, food, trash, and even small animals inside their mailboxes. These items are usually easily removed and do not disrupt the delivery of mail. On the other hand, firecrackers, shotgun pellets, baseball bats, rocks, and even an occasional pickup truck usually do enough damage to cause an interruption in mail service until the box is repaired or replaced. Beyond the damage to the boxes, which costs the postal customer time and money to repair or replace, mailbox vandalism sometimes causes the loss or destruction of valuable and important mail.

Through the years it has been discovered that the vast majority of incidents of mailbox vandalism are the result of juveniles playing pranks. Juveniles, those under the age of 18, cannot be prosecuted in Federal court, so frequently, even though vandalism is a Federal offense, the local sheriff or police are called upon to investigate. They can respond quickly and usually have a good idea which individuals are most likely to be involved. In addition, juveniles can be prosecuted for vandalism of mailboxes under the State law concerning criminal mischief.

The best way to prevent the destruction and vandalism of mailboxes is through education. Parents with young children should take a few moments to explain the importance of an individual's mail to them. They should also let their older children know that what may be intended as a harmless prank is actually against the law and that everyone involved loses. The postmaster who can end up in jail, the customer who has to pay for the repair or replacement of the damaged mailbox and mail, and the community who pays the local sheriff or police to investigate the incident.

It's your mail - protect it. Any act of vandalism or information concerning vandalism of mailboxes should be immediately reported to the local sheriff or police and to your local postmaster.

THE FUNTASTIC FITNESS GAME

Several years ago while skimming over a magazine I noticed an advertisement for people watching their weight. For sale was a game called, "The Funtastic Fitness Game". The description sounded interesting so I ordered one to see what it was.

The game consists of a game board, four colors of game pieces and four categories of cards.

The object of the game is to help you choose wisely along your path of weight reduction. You don't simply roll the dice and move from square to square, there are detours along the way and instruction cards to be read.

Four detours include the **Excuse Pit** where you choose a card that may give you the same excuse you have used before - then you move backward 3 or 4 spaces losing ground in your weight reduction. Another detour is the **Feelings Rollercoaster**. If your game piece lands here the card you choose may ask you a question such as "You've developed an acute case of starvation between meals. How are you going to keep from eating between meals?" Or, "List your five favorite forms of exercise." (I couldn't think of five ways I liked!) Another card may say, "Special Strength Award - You've conquered a most frustrating day without snacking! Move ahead 3 squares." The **Food Circus** is the third detour. Here they give you cards with events where you overindulged such as "Your husband gave you candy for Valentine's Day. You should have given it to the postman. Go back three squares." Or, "If you can, repeat aloud, I have never binged with the person on my left!" And, "When was the last time you overate and what did you eat?" The last category and my favorite is **Temptation Swamp**. Some of the cards include, "If you can guess the food most tempting to the person on your right move ahead 2 spaces." Or, "If you have resisted the Call of the Cupboards, move ahead 3 spaces." and, Temptation is baking chocolate chip cookies for others when you shouldn't have any."

As you move around the board on the squares where you don't draw cards there are interesting little instructions. One says, "If you haven't taken a 30 minute walk today, you lose one turn." Another says, "If you've ever binged in secret go back 5 spaces." And still another asks you to perform 5 jumping jacks and earn an extra turn.

This may not be the game for everyone but it is a cute game for those of us who might have a get-together for lunch and have a little extra time for some laughs and thought provoking questions.

When the weight reduction program begins to be dull, consider different activities as well as games to help you along your way to a "New Beginning."

Mahlon Mentzer gave us the information today that 56 years ago next Sunday night a fire destroyed all the buildings except one on the north side of Main street from the present post office corner to the Sinclair station. It is reported that the fire started in a building where a number of men were gambling. The Mentone Library has a file of old Mentone newspapers, and the following information was found in the Tri-County Gazette of February 6, 1902.

On February 2, 1958, at their home at 116 W. Harrison St., in Mentone, Indiana, Mr. and Mrs. C.O. Eiler will hold open house to which the public is cordially invited, from 2:00 p.m. on in commemoration of the fiftieth anniversary of their marriage which occurred in Warsaw, Indiana, February 5, 1908, with Justice of the Peace William H. Eiler, grandfather of Mr. Eiler, officiated.

Saturday night Betty, Juanita and Alan Rice of Gary were overnight guests of Johnny and Jerry Zolman.

Mr. and Mrs. Lyman Mollenhour and family were supper guests Friday evening of Mr. and Mrs. Marion Smith and family, in celebration of Lyman's birthday.

A barn on the Al Jennens farm, just east of Akron, burned Tuesday night. Mr. Jennens is a relative of Jack Morris.

Mr. and Mrs. Noel Simpson entertained at a Birthday dinner Sunday in honor of their son, Douglas's eleventh birthday, the following guests: Virgil Ford, Mike Holloway and Jack Mikesell.

Mr. and Mrs. Joe Good and daughter of Rochester were the Sunday guests of his parents, Mr. and Mrs. Charles Good.

Rolland Calvert, who has been on the sick list has resumed his studies at the local high school.

Mrs. Robert A. Calvert and family spent Saturday evening in Rochester visiting at the home of Mr. and Mrs. Jim Hittle and family.

Fred R. Miller, who has been on the sick list is improving and is able to be up and around the house.

Gail Hartman, Akron, has been a rural mail carrier for Akron for the past 29 years and received a very distinguishing honor and a certificate on Saturday, January 29, 1983. His certificate reads: Membership in the 2500 Hour Sick Leave Club is accorded to Gail Hartman for the Accumulation of more than 2500 Hours of Earned Sick Leave. This citation is awarded to recognize an achievement which exemplifies high standards and devotion to duty during your tenure with the United States Postal Service. Gail's longest time taken for sick leave was back in the '60's when he had his appendix removed. He was off work for six weeks. Being a mail carrier is not an easy job, especially during the winter months when people feel that their mail should still be delivered at the regular time, not even considering the weather conditions and the roads that they must travel to get to their house. We believe that congratulations are in order for Gail, and also want to show our appreciation to the mail carriers, on the fine job that they do all year round for the Akron community.

Mrs. Esther Wise and Sandy entertained with a supper in honor of Jill Wise's 4th birthday Wednesday evening. Guests were Mr. and Mrs. James Wise, Kevin, Jill and Jeff, and Mr. and Mrs. Mark Wise.

Richard Moyer and daughter, Lisa of Roann, went to southern California for Super Bowl 17. Lisa won the trip on a Pepsi Cola bottle cap. Moyer is a spiral production worker at Sonoco Products Co.

Miller and Sons Structures, Inc., Silver Lake, received Chore-Time Equipment's Superhog Award at the company's annual distributor meeting held recently at Warsaw. The award was given for Miller and Sons Structures, Inc. achievements in Chore-Time's Dress-Up and Cruise with Meal-Time Hog Feeding System promotion. Attending the annual meeting for Miller and Sons Structures, Inc., was Larry J. Rhoades, Rt. 1, Silver Lake. Electronic tax filing available locally

Indiana is one of a few states in which federal taxpayers may file their returns electronically this year.

An important benefit of this new tax filing method is that it is expected to significantly reduce the time a taxpayer must wait to receive his or her tax refund.

Electronic filing via telephone lines was launched on an experimental basis in the Cincinnati area two years ago. The pilot program was extended into a large area last year and this year covers a much larger amount of the country. Eventually, the IRS hopes to offer electronic filing throughout the nation.

"The first two years were an overwhelming success," said Ray E. Plummer, president of Plummer and Co., Inc. The error rate for electronically filed returns was approximately three percent as compared to 28 percent for returns mailed to IRS.

Plummer and Co., Inc., with offices in Rochester and Warsaw, is an accounting and tax preparation firm that is geared up to file tax returns electronically for the first time this year. This preparation included attending IRS workshops, studying IRS material and purchasing special electronic hardware and software.

Beaver Dam News

Mr. and Mrs. Ron Shewman entertained for their son Caleb's fourth birthday, on Sunday evening at the home of Mr. and Mrs. Con Shewman. Those attending were the Con Shewman's and Jennifer, Mr. and Mrs. Ralph Shewman, Mr. and Mrs. Greg Kindig and family, Mr. and Mrs. Bob Heighway, Dennis Wilson, Mr. and Mrs. Ned Heighway, Amy and Heather, all of Akron; Mike Murphy, Cory Smith, Mr. and Mrs. Jerry Parker and Cameron, of Mentone; and Mr. and Mrs. Gerald Parker of Leesburg, and the hosts, Mr. and Mrs. Ron Shewman, Nathan, Lacey and Caleb.

This preparation was necessary to allow the tax preparer's computer to link up and "talk" to the IRS computer system.

Use of electronic filing provides benefits to the taxpayer beyond getting a tax refund sooner. The software program used in preparing the tax return has built-in logic and calculation checkpoints to detect errors.

Also, soon after the return is filed with the IRS computer, the IRS will send back an acknowledgement message that the return has been received and that everything checks out - or that additional information is needed. "If we didn't cross a T or dot an I, IRS will tell us," said Plummer.

There is some paperwork involved in electronic filing, however. The IRS requires that a taxpayer filing a return in this manner to mail in Form 8453 which the taxpayer must sign. Also, documents such as W-2 wage statement forms must also be mailed to the IRS with Form 8453.

Electronic filing can only be used on returns in which a refund is due.

Plummer said his company will provide each taxpayer with a computer print-out of the tax return as sent to IRS.

"Ordinarily, it might take six to eight weeks to find that out and then you send it back and it takes another six to eight weeks," he said.

Another benefit of electronic filing is that the IRS is offering to provide direct deposit of the tax refund in the taxpayer's personal account at a financial institution. "That means no lost checks in the mail," said Plummer.

"We are very excited about electronically filed

taxes. It will help smooth out things for us internally," he said.

Readers should also note Plummer and Company, Inc., also offers to electronically file tax returns prepared by the individual or by other firms.

The IRS obviously likes electronic filing because it means the taxpayer is doing a great deal of work normally done by the government by filing material in the format used by the government. Otherwise, the government has to pay a clerk to enter the material into a computer.

Plummer said the IRS is trying to cut down on paper handling and storage. They could store all of the returns for the state of Indiana on just two laser disks. Otherwise, they would need huge warehouses to store the paper," he said.

Electronic filing may be the wave of the future, said Plummer. "It ensures the taxpayer will file a very professional and accurate return."

However, for now, few people know about it. It's hard to predict what the response will be in 1988," he said.

The Internal Revenue Service has designated specific areas where electronic filing is available, which began Jan. 15. These areas including the states of Alabama, Arizona, Indiana, Kentucky, Nebraska, North Carolina, Utah, Virginia, Washington and Wisconsin as well as all of the state of New York except New York City, southern Ohio, northern and central California and northern Texas.

For more information, contact Jim Fisher, Rochester, 223-6117, or Ray Plummer in Warsaw 267-3788.

THE BEST IDEAS ARE ELECTRIC.

At Public Service Indiana, we believe the best ideas are the ones that contribute to the comfort, safety and prosperity of our 69-county service territory. Whether it's safety education, information on the latest technology, agricultural programs, assistance for senior citizens or economic development—they all have one thing in common. They're "Ideas that work for Indiana." Here are a few of the Electric Ideas that can work for you.

INDIANA'S #1 IDEA— SYSTEM:GT.

GeoThermal heating, cooling and water heating has the #1 satisfaction rating in Indiana. It's a single system that uses the temperature of the earth just a few feet below the surface to provide year-round comfort and abundant hot water. We call it System:GT. You'll call it the safest, most economical and comfortable idea around. Call 1-800-622-HEAT for more System:GT information.

System:GT

FREEDOM OF CHOICE.

No matter where you live or what kind of home you live in, there's an electric system that can keep you and your family comfortable. Whether you're planning a new home or moving up to electric technology in your current home, no other source offers you as wide a range of choices as electricity.

A STAR IDEA.

Another idea that works for you is our STAR Certification Program. STAR Certification is only awarded to heating and cooling dealerships whose technicians have demonstrated the highest level of heat pump installation and repair expertise. They are required to pass rigorous testing and evaluation. The result—when you work with a STAR Dealer in your town, you're working with confidence.

IDEAS FOR SENIOR CITIZENS.

At Public Service Indiana, we also have developed ideas that help make life better for many senior citizens. Helping Hand funds (up to \$90.00 per year) are used to match dollar-for-dollar payments made by needy senior citizens and disabled customers. Or if payments are made by a sponsoring organization, they will be matched. In either case, senior citizens benefit from Helping Hand. And through Due Date Deferral, payment dates can be moved to the 5th of the month to coincide with the arrival of Social Security checks.

IDEAS FOR BUSINESS.

Prosperity comes in all shapes and sizes. So do Electric Ideas. We feel a very strong commitment to helping create prosperity, employment, revenues and momentum in our 69-county service territory. Whether it's doing our part to bring a new company to Indiana or helping an existing business grow—we've got the ideas, information and incentives to make it happen.

IDEAS FOR THE FARM.

We believe our commitment to the agricultural community can provide benefits on a variety of levels. In 1988 we will be even more involved in agricultural organizations and programs throughout our service territory. We have information available that will help farmers choose the electrical system that will enable them to get the most for their energy dollar. Our agricultural listening posts keep us in touch with the needs of farmers, and our agricultural safety programs provide information that can save lives and prevent injuries.

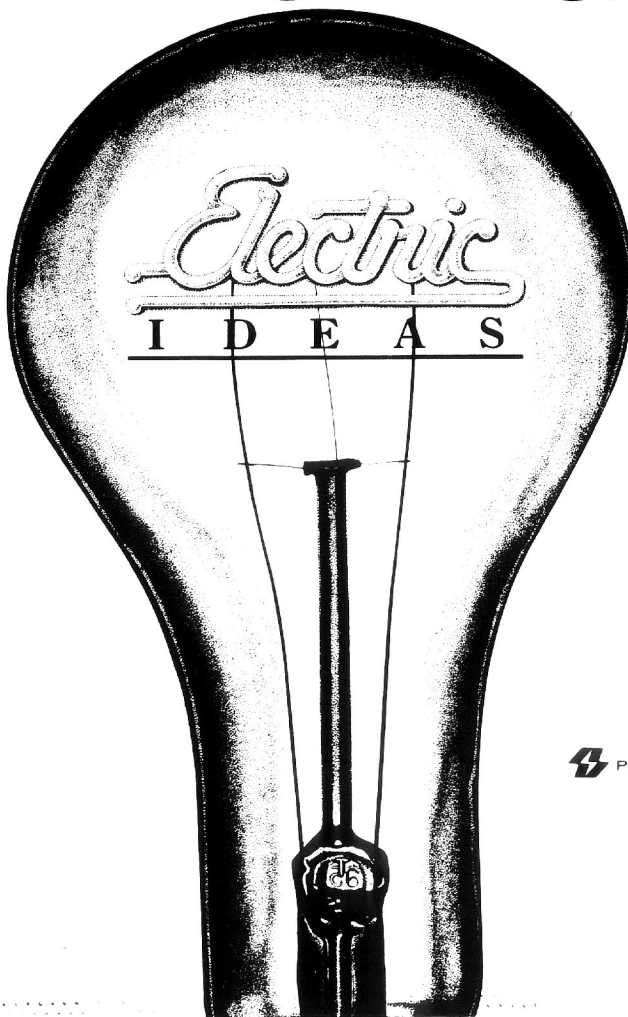

IDEAS THAT SAVE LIVES.

Saving lives and preventing injury has always been a high priority. We continue to actively educate our customers on a variety of safety topics throughout our service territory. By now we hope your children have met Louie the Lightning Bug, through newspaper or television or in person. We also are continuing to bring our safety message to a variety of age groups with Steve Alford, our Public Service Indiana safety spokesman.

THE BEST IDEAS ARE ELECTRIC.

What are Electric Ideas? They're today's best ideas that bring state-of-the-art comfort and safety to over 1,500,000 Hoosiers. They're ideas that give you the choices no other energy service can give you. They're ideas that work in homes and businesses. They're ideas that teach safety and assist senior citizens. They're Electric Ideas. And they work for Indiana.

PARENTline

By H. DEAN EVANS

Superintendent of Public Instruction

Hoosier teenagers are faced with difficult career decisions at an early age. They are pushed to make choices throughout their high school years that affect their future roles as productive workers, and must answer such questions as: What should I be studying now in order to prepare for my career? Should I attend college? What are my special abilities and will these abilities lead to meaningful employment? Which careers interest me?

Answering these questions is a difficult task for such young adults; and they need and want guidance from respected older adults. The parent's role in career development cannot be understated. Parental attitudes, beliefs and values are very important to children; and parents have a wealth of knowledge and experience that will help teens make career decisions.

Parents and other adults must team with schools in offering guidance for career planning. Teachers and counselors, no matter how great their resources, cannot match the influence parents have on their children.

Prepare for this role. The working world is not what it used to be when you and I were faced with making career plans as a teenager. As a counselor for your teen, you must learn about the changes that have occurred in the marketplace. Familiarize yourself with today's employment projections and occupations. Learn about the forecasted demands of the 21st Century, and explore the options for continued

education. Most importantly, research helpful sources for your teen. Your role in this career development process should be aimed at teaching your child how to make these decisions; therefore, it is important that you are able to point out resources and aids.

The following suggestions will help you to best help your youngster.

Encourage your teenager to identify and develop special interests and talents.

You can help your child explore his or her unique abilities at an early age. Experts agree that employees tend to be more satisfied when they are working in areas that match their interests and talents.

Encourage young adults to seek part-time and summer employment. Part-time jobs offer a wonderful opportunity to explore career options. While teenagers have a limited number of opportunities available to them, part-time jobs allow young adults to discover first-hand their likes and dislikes for certain kinds of work, careers and job environments. Also, volunteer experiences are excellent opportunities to develop career plans and goals.

Investigate together financial aid options. Many times the pursuit of continued education is hampered because of limited finances. There is help available, but sometimes you have to look for it. You and your youngsters should begin early to learn of financial aid opportunities.

Take advantage of services and resources. Seek advice

and information from local libraries, school counselors and teachers, business leaders, college officials, and employment services.

Encourage your children to get a broad-based education. Business and industry are not as interested in specific skills as they are in the employee's ability and willingness to learn new skills. Today, employers want decision makers with proficient thinking skills and transferable skills. Your youth must be prepared for multiple careers and frequent retraining; and a broad-based education during high school can help to prepare them for these demands of the marketplace of the 21st Century.

Accident

A car being driven south on Indiana 19, by Heather M. Sauer, Rt. 1, Silver Lake, left the road south of County Road 200 North at 2:30 p.m. Monday, January 25. It hit a Fulton County REMC utility pole broadside, breaking it off at the ground, and then hit a flagpole owned by Charles Feldman, Rt. 2, Akron, before coming to rest in a private driveway.

A car driven by Diane E. Shambaugh, Rt. 1, Akron, left Indiana 114 east of County Road 1325 East at about 12:30 p.m. Tuesday, January 26 and went over a cement abutment and through a ditch. It then hit a wooden fence, a sign and a wire fence owned by Kerry Deardorff, Rt. 1, Akron.

Slang expressions in reference to pain

If you have "clergyman's knee," "tailor's seat," "tennis elbow" or "trigger finger," what you may have is a form of bursitis or tendinitis, reports the Arthritis Foundation.

These and other slang expressions are often used to describe inflammatory conditions which affect structures around the joints in various parts of the body. These bursitis or tendinitis conditions may result from sudden stress to the affected area or from repetitious movements made in sports or as part of a person's work.

*Clergyman's knee is an inflammation of the bursa (a small sac that acts like a

cushion where muscles cross muscles or go across a bone) just in front of the knee.

*Tailor's seat or Weaver's bottom describes inflammation over the bone in someone's "seat", caused by too much sitting down.

*Tennis elbow is an inflammation of the ligaments just below the elbow. It can happen to anyone who uses the muscles in the hand and forearm frequently.

*Trigger finger is due to an inflammation of the tendons which bend the fingers.

These forms of inflammation often start suddenly, but usually last only a short time and rarely cause permanent damage. The main symptom is pain, which may become so severe that any movement is very difficult. Sometimes, swelling may occur in the affected area. Treatment for these conditions usually involves resting the joint, using some form of heat or cold on the affected area, taking medication and gradually exercising the area to regain strength.

Applicants sought for Fellowship program

1987 college graduates and seniors interested in state government may have a first-hand opportunity to work in and learn about Indiana government. Senator Bill Justice (R-Logansport) announced in January that applications are being accepted from now until March 18 for the 1988-89 Governor's Fellowship Program, a 12-month management - training experience in state government.

Eligible students include 1987 college graduates and college seniors expecting to earn a bachelor's degree by May of this year. Selection is based on academic record, leadership skills and overall interest in state government. Only residents of Indiana are eligible for the fellowship program.

The program begins July 1 and ends the following June 30, at which time fellows may be considered for permanent employment with the state. Participating students are assigned on a rotating basis to various state agencies. Included in the fellowship are a brief orientation,

seminars and field trips with top policymakers in state government.

Governor's Fellows for 1988-89 will receive approximately \$17,500 in salary plus fringe benefits during the Fellowship year. Applications may be obtained by writing to the Governor's Fellowship Program, Room 206, Statehouse, Indianapolis, Indiana 46204 or by calling 317-232-1762.

Jontz resumes call-in hours

Fifth District Congressman Jim Jontz will resume his weekly call-in hours. Jontz has stated that he will be taking phone calls from 5th District residents on Tuesday evenings between 6 and 8 p.m. EST (or 5 and 7 p.m. CST) while Congress is in session.

Those interested in talking with Congressman Jontz should call his Kokomo office toll-free at 1-800-544-1474 (residents of the Kokomo area can call the office directly at 317-459-4375). Staff will promptly relay your name and number to Congressman Jontz in Washington, where he will return your call as soon as possible that same evening, on a first-come-first-served basis.

Viking Basketball Review

The Tippecanoe Valley basketball team dropped out of first place in the Three Rivers Conference with a 71-70 loss Friday, January 29 to visiting Manchester.

Sophomore guard Andy Holderman's basket with seven seconds left gave Manchester the victory. A missed one-and-one free throw by Tippecanoe Valley with 18 seconds left set up Holderman's go-ahead field goal. Dion Anglin's shot from the top of the key bounced out as time expired, sinking Valley to records of 7-6 overall and 4-2 in the TRC.

Whitko now leads the TRC with a 2-1 record. Valley, Northfield, Manchester and Oak Hill all have two losses in the conference.

Anglin and Pete Terpstra led Valley with 22 points apiece and Dustin DuBois tossed in 14 points. Terpstra had eight rebounds for the Vikings and Randy Cumberland handed out 10 assists.

Holderman paced Manchester, now 9-5 overall and with a final 5-2 TRC mark, with 20 points.

Tippecanoe Valley won the junior varsity game 56-49. Troy Busenburg and Chris DuBois had 12 points apiece for the Vikings.

Of the nine three-point shots that Lewis Cass made Saturday night against the visiting Tippecanoe Valley basketball team, the ninth hurt the Vikings the most.

Chris Smith of Cass hit a three-pointer at the start of overtime and the Kings added two free throws for a five-point lead. Valley never recovered and dropped a 72-63 decision.

Lewis Cass sank eight of nine free throws in the overtime period while Valley made just one field goal.

Pete Terpstra-led Valley, now 7-7, with 18 points and Craven Lynn added 12. Smith had 21 points for Cass.

Freshman defeated in final game of tourney

The Tippecanoe Valley freshman boys' basketball team made it to the championship rounds of tournaments at Whitko Saturday afternoon.

Tippecanoe Valley got 21 points and six assists from Eric Thompson in a 57-48 victory over Churubusco in the opening round at Whitko. Scott Warstler added 10 points and seven steals and Kim Lee pulled down nine rebounds.

Valley lost 42-36 to Whitko in the championship game. Lee had 12 points and eight rebounds and Bruce Huffman tossed in nine points for Valley.

Comment on Sports

FOOTBALL

By Pete Fritchie

Millions of football fans were happy to see the hot-shot quarterback of the Chicago Bears blow the NFL playoff game against Washington. Jim McMahon hasn't said unreasonable things in recent interviews, but he was a big ego earlier.

He has had a kooky approach to the media and his antics off the field, and dress, have turned fans off. He has been so cocky, he was asking for a fall.

The Bears, at home, got beat by the Redskins again and, with Walter Payton retiring, it looks like the end of the big bad Bears era. McMahon may never again be the passer he was.

His shoulder injury

might be a permanent handicap. That, a hamstring pull and other minor injuries this year held down his performance. Coach Mike Ditka played him sparingly. His big test was January 10.

He met that test by throwing three interceptions in the final half, while he and his team didn't score a point. If the game had continued a few minutes longer the score would have been more one-sided. Washington, having also lost the ball on the Bear six earlier in the fourth quarter, should have scored then.

Playing at home, with McMahon at the helm, the Bears' best wasn't close to what it used to be.

Pierceton and Akron champions

The Akron gym was filled with Hoosier Hysteria for over seven hours Saturday as the Akron Flyers played host to the annual 4-way junior high tourney including

Pierceton, Rochester, Mentone, and the host team Akron.

In the first round of seventh grade action, Pierceton defeated Akron. In the second seventh grade game, Mentone eliminated Rochester.

The eighth grade games brought together two rivals, Akron and Rochester with

Akron defeating the Ponies. Mentone defeated Pierceton in the last game of the first round of play.

Pierceton took home the tourney trophy for the seventh grade title. Akron defeated Mentone in the final game of the day for the eighth grade title.

The Akron Flyers were named champions in the 4-way tourney held at Akron last Saturday in eighth grade action. The Flyers defeated Rochester in the first round and then eliminated Mentone in the championship game. (NEWS Photo)

The Mentone defense was ready for Rochester's next play as seen in this picture taken at the 4-way tourney held at Akron last Saturday. Mentone's seventh grade defeated Rochester in the first round but fell to Pierceton in the championship game. (NEWS Photo)

Jody Yochum sets school record

Valley 59, CGA 39

Jody Yochum and the Tippecanoe Valley girls' basketball team ended the regular season Saturday by setting school records.

Yochum scored 25 points and had a record 11 steals to lead Valley to a 55-39 victory over visiting Culver Girls Academy. The Lady Vikings raised their record to an all-time mark of 15-3 with the victory.

Jenny Doud added nine points and grabbed a career-high 11 rebounds for Valley. Amy Peterson and Jill Severns added six points apiece.

Valley also won the junior varsity game 42-17 behind Chris Bowers' 15 points. The Valley JV finished its season with a 15-1 record.

over the Norsemen, but also came into the game with key injuries. Seniors Leslie Miller and Lori Gray, the Vikings top two rebounders and second and third-leading scorers, both missed the game due to ankle injuries.

In addition to the Vikings missing Gray and Miller, the team's top scorer, senior Jody Yochum, was saddled with foul trouble throughout the game and fouled out early in the third period.

Freshman Amy Peterson led the team in scoring with 18 points and hit 9 of 13 shots from the floor. She was the only Viking player to reach double digits.

The Vikings' junior varsity ran its record to 14-1 with a 33-32 win over the Norsemen. Chris Bower and Jenny Lynch each scored nine points.

Compositions win honors

Six student's compositions on the subject "Why I Love My Library" will be forwarded to a national contest sponsored by the American Library Association. The top winner will receive a cash prize, plus the winner's school will receive a visit from Garfield the Cat. The top winners are: Tim Beery, Brian Hill, Missy Saner, Tony Ward, Beth Spriner, and Larissa Givens. Honorable mention went to: Eric Brown, Tonia Shanks, Shannon Smith, Jill Hunter and Alisa Secrist. Ann Chubb and Kay Brouette coordinated the writing contest with the teachers.

Why I Love My Library By Brian Hill

When I go to the library and open a book I meet lots of people and places. I see Tom Sawyer, Huckleberry Finn and many new wonderful faces.

When I take that book home I open it up and read it from cover to cover.

You would not believe it, it's so fantastically true of the many things you discover.

When I'm finished with that book I take it right back for it's not going to be overdue.

I'll check out another book in its place and read it outloud to you.

Why I Love My Library By Tim Beery

High with adventure and bright with dream. Libraries are more powerful More than they seem.

Non-fiction and history They'll help you go far. Almanacs and atlases Strange and bazaar.

Bears that sleep where It is snowing. Planes that battle where Winds are blowing.

There are books Of climate and weather. Books you can use Altogether....

Books are really Magic wands, For home-staying Vagabonds!

Mystery and horror Scares and excites. Books of people Seeing great sights.

High with adventure And bright with dream. Libraries are more powerful.

More than they seem.

Why I Love My Library By Missy Saner

I love the library for many reasons.

It's a place to visit for all seasons.

In the fall I often race to a very special place.

It's full of books from wall to wall.

That I can borrow with no money at all.

During the winter I often stop by.

I'll pick up a book before the snow starts to fly.

I can check out a book for 14 days.

But if I'm late I'm the one who pays.

Spring and Summer come too fast.

I do hope new library books come at last.

Then out the door I do scurry.

I always seem to be in a hurry.

On his return from church, President Coolidge was asked, "What did the minister speak about?"

"Sin," he replied.
"What did he say about it?" wondered Mrs. Coolidge.
"He was against it," said the president.

So was a king, but he couldn't get it out of his life. It was full of sins.

David asked, "How can a young man stay pure?"
Back came the answer, "By reading the Bible and following its rules."

The water represents the Bible. We pour it in the glass. In goes the Bible, out goes the sins.

ORDINANCE NO. 011888 AN ORDINANCE REGULATING ANIMAL CONTROL IN FULTON COUNTY

BE IT ORDAINED BY the Board of Commissioners of Fulton County, Indiana in session this 15th day of January, 1988:

SECTION I. Definitions.

1.1. For the purposes of this ordinance, the following terms shall mean:
1.1. a. Animal. Any creature, domestic or wild, excluding humans.
1.1. b. Animal Control Officer. The animal control officer shall be that person employed for the position from time to time by the Board of Commissioners. The duties of the animal control officer shall be the enforcement of this ordinance and such state statutes concerning animal control as the officer is permitted.
1.1. c. County Animal Shelter. The approved animal shelter for the purpose of animal control shall be as established by the Board of Commissioners from time to time.

1.1. d. Disposal of Animal. Euthanasia, release for adoption, release to environment or sale to licensed kennel shall and be proper forms of disposal for animals received by the animal shelter.

1.1. e. Neglect. An animal is neglected for these purposes if it is not fed or watered such as to keep the animal healthy, if deprived of shelter from extreme weather conditions, or if the animal is tortured or abused.

1.1. f. Presumed Abandoned. Animals which are not reclaimed by the end of the third working day of the animal shelter, are hereby presumed abandoned and without ownership. Animals which are wearing a current dog license tag shall not be presumed abandoned if during the reclaim period the owner reappears up to three additional days to make the reclaim, and assures the animal control officer, or the shelter operator that the boarding fees will be paid.

1.1. g. Public Nuisance. Acts which constitute a public nuisance include attacking or chasing persons or other animals; trespassing on school grounds; damaging property of one other than the owner; roaming at large; barking or making other noise for long periods of time; running with other animals so as to constitute a pack of animals, i.e. dogs.

SECTION II. Animal Control and Care.
2.1. Owners shall keep animals under restraint at all times.

2.1. a. Owners whose animals constitute a public nuisance are in violation of the ordinance.

2.1. b. Owners of female dogs in heat which are not restrained to prevent unplanned breeding are in violation of this ordinance.

2.2. Every owner of an animal shall: 2.2. a. Keep such animal in a clean, sanitary and healthy area of sufficient size for the animal. No animal shall be confined in an area so as to be forced to stand, sit or lie in their own excreta. 2.2. b. Not confine an animal in a clean, sanitary and healthy area of sufficient size for the animal. No animal shall be confined in an area so as to be forced to stand, sit or lie in their own excreta. 2.2. c. Provide proper shelter.

2.2. d. Not tether a dog by a choke collar, or on a chain or similar means of restraint less than 10 feet in length or of such weight as to prevent an animal from moving about or causing injury to such animal.

2.2. e. Provide his or her animals with sufficient wholesome food and clean water.

LEGAL NOTICES

FULTON COUNTY COUNCIL
Ordinance #011888

WHEREAS, on the 18th day of January, 1988 the Fulton County Commissioners adopted a new animal control ordinance; and

WHEREAS, the animal control ordinance requires the establishment of a fee schedule for the animal control shelter;

BE IT ENACTED BY FULTON COUNTY COUNCIL that Section 8 of the Fulton County Animal Control Ordinance, Ordinance #011888 be and is hereby established as follows:

Section VIII. Fees.
8.1. Reclaim fees for animals reclaimed pursuant to the animal control ordinance shall be as follows:
8.1. a. The person owning any animal shall pay a \$10.00 fee for the first reclaim of any animal from the animal shelter.
8.1. b. The person owning any animal shall pay a \$20.00 fee for each subsequent reclaim of any animal from the animal shelter.

Adopted this 19th day of January, 1988.

care and counsel for sick, injured or diseased animals and shall segregate such animals from the healthy so as to prevent transmittal of any sickness or disease.

2.3. No person shall beat, cruelly ill treat, torment, overload, overwork, or otherwise abuse or mistreat any animal.

2.4. No person shall abandon any animal on any public place or private, including any public or private highway, or road, or upon the property of another.

SECTION III. Seizure Policy.
3.1. Unrestrained animals, animals causing a public nuisance, and abandoned or neglected animals may be seized by the animal control officer or any other law enforcement officer within Fulton County.

3.2. Seized animals shall be impounded by the animal control officer at the county animal shelter.

3.3. When seized animals are identified by current dog license tag or any other method, the animal control officer shall attempt to contact the owner to permit reclaim of the animal. Seized animals which are not identified shall be held until reclaim or abandonment.

SECTION IV. Reclaim Policy.
4.1. To reclaim an animal from the county animal shelter, a person shall provide or show proof of:

4.1. a. Current dog license;
4.1. b. Current rabies certificate;
4.1. c. Payment of impoundment fee; and
4.1. d. Payment of shelter boarding fee.

4.2. Reclaims must be made by 5:00 p.m. of the third working day after the animal is seized. Any animal not reclaimed within this period shall be presumed abandoned and may be disposed of.

SECTION V. Quarantine

5.1. Any animal which bites a person shall be placed in the animal control officer, and quarantined under the officer's supervision, either at the county animal shelter, if the owner agrees to pay boarding, or at the owner's residence, if the owner provides adequate assurance to the animal control officer that a proper quarantine will be maintained, for a minimum of 10 days.

5.2. Any quarantined animal which is then reclaimed by its owner shall be reclaimed under the provisions of Section IV.

5.3. If any pathological examination of an animal is required as a result of quarantine, the owner shall be responsible for any expense, which may be recovered by any means, including litigation.

SECTION VI. Dog Permits

6.1. Every dog owned or kept in Fulton County shall have a current dog license, which shall be worn on the dog by means of a collar.

6.2. Dog permits shall be purchased from the township trustee of the owner's residence, or any person authorized to issue the permit by the township trustee.

SECTION VII. Violations

7.1. Any owner who violates this ordinance shall commit a county or distance violation.

7.2. A violation of the animal control ordinance is punishable by a fine of not more than \$500.00.

SECTION VIII. Fees

To be effective by the County Council, these provisions shall be adopted by a vote of the Board of Commissioners of Fulton County.

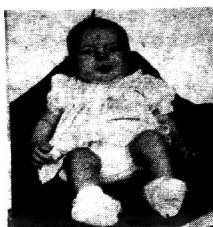

Attest: **Lola F. Riddle**, County Auditor 5/2p

"Let's Talk About It" book discussion group will meet at the Library, February 3rd at 7 p.m. The Way to Rainy Mountain by Momaday is being discussed.

For you adult readers, there is still time to get in on the "Read the Winter Away" reading contest. For the grand prize, it is dinner for two. So lets have all you readers join in on the fun.

There are some new books and a newspaper for the tutors to use with their students in the literacy program. Your students will enjoy them. Also, if anyone who wants to read more proficiently, don't hesitate to come to the library and someone will be glad to help you. There is no cost to the program. Just an interest and a desire to read better are the only requirements.

The Long-Range Planning Committee for the library will be having its first meeting at Margaritta's Feb. 9th. Members of the committee are Val Pemberton, Bob Peterson, Dick Belcher, Jill Strasser, Allene Biddinger, Bob Uhrich, Cindy Gudeman, Krystal Smith, Dennis Lawson from the Wabash Valley ALSA will be the facilitator, and Lu Lasher.

The PLUS Is Valve Protection

Farm Bureau Co-op is dedicated to protecting your equipment. The EPA has reduced the lead standard to one-tenth

gram per gallon. Agricultural experts don't think this is enough lead to protect hard-working farm engines.

Co-op Leaded Plus™, with its lead-enhancing additive will provide the protection you need to reduce valve seat recession.

Nothing is more valuable than your field time. The extra protection you get with Leaded Plus helps insure that you'll be running strong through harvest.

We make Leaded Plus in our own refinery to meet the needs of Indiana farmers. We include the EPA lead standard of one-tenth gram per gallon—PLUS a lead-enhancement additive which makes that lead work even harder. This

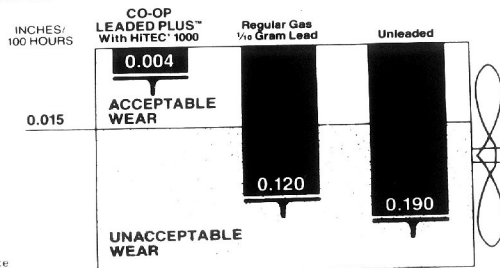

special additive makes Leaded Plus more effective than other leaded gasolines.

Our privately owned Co-op pipeline gives us a distinct quality control advantage. Oil companies who use common-carrier pipelines cannot maintain our strict controls—you may not always get the full EPA standard of lead in other fuels.

Leaded Plus is Farm Bureau Co-op's leaded gasoline. It has a new name because it has a new ingredient... a special additive that enhances the valve lubricating qualities of lead.

LEADED PLUS™ PROTECTS YOUR VALVES

VALVE SEAT RECESSION DURING HEAVY DUTY CYCLE

Source: Ethyl Corporation

Lead is essential to lubricate exhaust valves. This drawing shows that Leaded Plus provides the protection that farm equipment needs. Research shows that neither unleaded or leaded with one-tenth gram of lead provides adequate protection under heavy duty cycles, but Leaded Plus provides adequate lubrication and protection.

Pride shared by all

Students from each of the three elementary schools in the Tippecanoe Valley School Corporation received flags and symbolic keys during the dedication ceremony held Sunday. Representatives for the schools were Ryan See of Akron, Mindy Metzger of Mentone, and Heidi Bratten of Burket School. (NEWS Photo)

A sense of pride and achievement was felt by all who attended the dedication ceremony for the new additions to the Akron, Mentone, and Burket schools. The ceremony was held at the newly remodeled gymnasium at Akron with several residents of the Tippecanoe Valley School Corporation in attendance.

Although Governor Orr was not able to attend, a congratulatory letter sent by the Governor was read by Mentone principal Michael Humphreys. Dr. Theodore J. Kowalski, Dean of Ball State University, delivered a challenging dedicatory address. Dean Kowalski commended the community for its unselfishness to improve the educational facilities and also reminded those in attendance that the true beauty in the three schools is yet to be determined, meaning the students of today will show the benefits of the remodeling projects in the future.

Ryan See of Akron School, Heidi Bratten of Burket School and Mindy Metzger of Mentone School were present to receive flags and symbolic keys to their respective schools. Presenting the Indiana state flags to the students was Representative Raymond Musselman and the American flags were presented by a representative for Senator Dan Quayle.

Also attending the festivities were the members of the Tippecanoe Valley School Board and members of the Tippecanoe Valley Elementary School Building Corporation. Joining them were past school board members James Royer and Cecil Miller who were instrumental in the planning work of the remodeling projects.

Before the conclusion of the dedication program, Mr. Baxter Paige invited everyone to tour the building locations at Akron, Burket, and Mentone.

Before the conclusion of the dedication program, Mr. Baxter Paige invited everyone to tour the building locations at Akron, Burket, and Mentone.

Fred McSherry, President of the Tippecanoe Valley School Corporation Board of Trustees, presented symbolic keys mounted on plaques to Mr. Barry Peterson, President of the Tippecanoe Valley Elementary School Building Corporation. (NEWS Photo)

Post office hours changed in Akron and Mentone

Akron Patrons

The Postal Service has been drastically affected by Federal Budget Deficit Reduction measures. The Post Office has been directed to absorb a significant operating cost cutback between now and October 1989.

Internal measures such as a moratorium on hiring for all administrative vacancies, cutbacks in non-essential travel and training, and a reduction in administrative supplies and services will account for two-thirds of the cost-cutting measures.

However, while 6-day delivery of the mail will remain intact, the Postal Service has been forced to curtail window service hours in all post offices. Therefore, changes in the hours of operation at the Akron post office have been announced.

These changes are due entirely to the demand by Congress to adhere to the Budget Reconciliation Act and the resulting 1.25 billion dollar postal service budget

cut over the next year and one-half.

Effective Feb. 13, 1988 Window Hours Will Be: Monday through Friday, 8-10 a.m.; 12-4:30 p.m.; and Saturday, 8-10 a.m.

Please be aware the post office window will be closed from 10 a.m. till noon during the week and will close at 10 a.m. on Saturday. Mail dispatch time remains at 4:15 p.m. The post office lobby will remain open 24 hours a day, 7 days a week. There is self-service stamp vending equipment in the lobby selling 22¢ and 14¢ stamps. Please see your Akron postmaster for further questions or comments.

Mentone Patrons

While the total window service hours will be reduced by about a half-day a week at the Mentone post office, Saturday delivery will remain intact says Steve Maynard, Mentone Postmaster.

Postmaster Maynard said two-thirds of the cost-cutting

measures would have little or no effect on service to customers. Such internal measures would include a moratorium on hiring for all administrative vacancies, cutbacks in non-essential training and travel, and a reduction in administrative supplies and services.

"These measures will go a long way toward achieving the required operating budget cuts without affecting customers," said Postmaster Maynard. "Under our current plan, the only operational change we foresee having any direct impact on postal customers is a reduction in window service hours.

Effective Saturday, Feb. 13, 1988 the window service hours at the Mentone post office will be:

Open Monday - Friday 8:00 a.m. - 1:00 p.m.; 3:00 p.m. - 5:00 p.m.; Closed 1:00 p.m. - 3:00 p.m.; Open Saturday, 8:00 a.m. - 10:00 a.m.

There is a Stamp Vending Machine in our outer (box section) lobby for our patrons convenience.

Mentone advances with water-sewer project

During the February monthly meeting of the Mentone Town Board the members chose Bonar & Associates, Fort Wayne, for administrative and engineering services for the community improvement program for the town of Mentone. Choosing the firm is another step forward in meeting the requirements with the Environmental Protection Agency for the town's sewer project.

Contracted to perform a study of rates and to begin developing an ordinance, was Umbaugh & Associates, Plymouth. The ordinance will be required to collect payment for sewer use once the system is installed.

In other town business, water and sewer superintendent, Brian Reed, was asked to order six stop signs and poles that are worn and faded. The board plans also to change the yield sign on Tucker street to a stop sign.

Permission was also granted for Brian Reed to attend an American Water Works Association seminar

in Indianapolis on February 23, 24, and 25.

With spring just around the corner, the Mentone Town Board is looking for a cemetery caretaker who will be responsible for mowing the lawns and other maintenance at the cemetery. Interested individuals should contact board member Wayne Tombaugh at 353-7690. Advertisement of the position available will take place in March.

Editor:

The State Legislature has often been suspect of doing what it wants, such as favoring certain groups with the idea that the ELECTORATE doesn't know what it wants. Therefore, the ELECTED can use their own bias to vote on issues.

The current issue over LOCAL MEASURED SERVICE is a case in point. Although the evidence indicates the ELECTORATE want LOCAL MEASURED SERVICE banned, the ELECTED will fiddle around blaming each other BODY and MA BELL will get its way. The favoring of political FRIENDS and pre-determined self interest by a part time legislature causes an unresponsive attitude.

The way to shake the ELECTED up would be to register another 25 to 50 eligible voters per precinct and vote out the non-hearing, biased legislators. Nothing would scare the politicians more than an informed and powerful electorate. Continental Telephone requested a form of L.M.S. in 1985. General Telephone has their Lobbyist at the State House, I have talked to him. United Telephone is keeping their eye on this also. We can therefore know that it is not just Indiana Bell customers that need to be concerned about Local Measured Service.

Need for new fire station explained

TOWN OF AKRON:

We, the Henry Township Fire Department, have several reasons why we feel the need for a new station. The facility we have now provides shelter for the trucks and equipment, but there is no room to work on the trucks without leaving something set outside. You cannot leave any of the trucks outside overnight because of vandalism. Some of you may say they never work on the fire trucks but more is done to the trucks than people realize. The pumps have been repaired by department members, the department has made a new tanker using our time because not enough money was there to buy a new truck. Many members of the Fire Department have and still are taking in schools on firefighting. This has made us better at fire fighting tactics. The Henry Township Firemen are as concerned about dollars as the community of Akron, but as can be seen by what we as a department have done internally ourselves to help fire protection for the community, we feel the need for a new station.

Akron as a town is on the verge of dying out in the eyes of many of the younger members of the community. Why, you may be asking yourself. Look at the empty buildings uptown. How much of an effort has been made to get stores in town. The Akron community no longer works together to help Akron grow and make it a place for the young adults to want to grow and raise a family. This new building would add a new face to Akron along with our new school. To attract new business to the community you must show them that the town is growing and has new facilities.

There's the issue over three trees being removed, someone has painted on these leaving a message. If one of your kids did this, you would think this to be a childish act. The issue over the trees brings to mind the opportunity when the Akron Library had a chance to expand. There was a \$115,000.00 grant to be given to the library for expansion if they could come up with the other half. This grant was free money with no pay back required. This was a great opportunity to take advantage of, to expand the Akron Library. The building expansion stopped again because a select few felt this educational facility didn't need to be. What's more important for your children - sports or their education!

The Akron-Henry Township Fire Department feels the need for a new facility to house our equipment and yours. Let's be proud of Akron, Indiana and work together to make it grow and prosper.

GRANDMA'S COOK BOOK

Grandma made a cook book,
Many years ago,
Pies, cakes and cookies
And muffins and bread dough.

Now grandma tried these recipes out,
On family and hired man
And if they liked them
She wrote them down in long hand.

All these foods back then were made
Then cooked on a wood cook stove,
These recipes of many years ago,
Are now grandma's treasure trove.

Business As Usual

Donna Loer, Akron, has been making people beautiful for over 23 years. She has had her own beauty salon in her home for five years. When asked what has made her such a successful business woman, she replied, "I was born an intellectual genius". Jill Fites may question that statement, but will not comment until Donna is done with her haircut! (NEWS Photo)

REMEMBER VALENTINE'S DAY FEB. 14

VALENTINE VARIETIES

Valentine's Day is coming soon and with it comes the hassle of finding the right card or gift. I have heard of some husbands who ask their wives what they might enjoy for Valentine's Day, which is nice. However, many men stand by the rule of candy or flowers year after year.

For those of you who wish to vary the gifts from year to year there are plenty of alternatives. For the wife who is dieting, a nightgown might seem appropriate. For the newly married on a budget who may be watching their pennies, a single rose from the grocery is just as meaningful - maybe more - than a dozen. Perfume is always a good standby. Maybe a hint will be dropped shortly before Valentine's Day to help you in your gift giving, be sure and listen extra well, husbands.

For the fathers, I can offer a suggestion. For years, my mother and I would receive boxes of candy from my father. However, when I turned 15 my father purchased a place setting of china each year for Christmas and Valentine's Day as my gift. Stuffed animals are nice for younger girls and teenagers. There is no end of variations for Valentine's Day, just the thought means a lot.

Valentine's Day is not only for wives and children. It also includes parents, and husbands. Candy can be given to the husbands but I somehow doubt they will keep the box for years to come as women sometimes do. (My first box of candy was uneaten for a month and kept on my dresser. The nicest part of that candy was that it was unexpected.) Instead of the usual card or gift given at dinnertime, try placing it on the car seat before your husband leaves for work or stop during lunchtime and take him out for lunch. Don't forget your mother and mother-in-law, they deserve a lunch too. You never know when you make memories. One gift that remains special to me is a cake for my birthday. I had been home with both the boys, and Doug had worked late that night. When he arrived home he handed me a box. I opened the lid and found a cake decorated with a witch flying on a broom on the top. Strange, my birthday is in April! Not so strange, my nickname was for years "witch"! It's probably the most thoughtful gift because I had been busy with the kids and hadn't had time to even think of my birthday. Besides, it was original, no one else would have ever thought of it.

When looking back and listening to others, the most meaningful gift or gesture is one which is not asked for or demanded. Those are the kind that are given out of love, what Valentine's Day is all about.

Get Ready, You Basketballers For A Large Eve - Ner Kinder, Skinny Higgins and Whit Gast. (Can you imagine a trio like that?) got their heads up out of the huddle with an idea something like this: That the last Friday in March, will be gently, but firmly ejected just after the w.k. Ideas be reserved by all former and present basketballers of Akron High School as a night on which to meet, eat and hold a "session". Once the session starts there will be no referees allowed and the first guy to blow a whistle sent athletes that something from the room. The time and place hasn't been set, yet; but Shoats and Ner are working on that end of the "affair", while Whit is doing the brainwork for the boys. (Nice work if you can get it, Whit.)

At first the trio (Ha! Ha!) decided to issue engraved invitations for the meeting but Roy Jones, former braintruster for the gang, killed the idea by proclaiming it an open meeting for all who ever had anything to do with basketball at A.H.S. Personally, we are not taking much stock in the idea, for we know how things usually turn out when those three guys are in charge. However, to keep them in a good mood we are donating this stick of type here on page one, to tell all oldtimers and pre-together the other day and came screwy will be pulled off on the last Friday night in March. And in the words of that immortal, but why go on? I've done all they asked me to do.

Third partnership formed

Bertsch Service announced its first partnership with Tippecanoe Valley School. This constitutes the third partnership formed through the Partners in Education program. Bertsch Service has partnered with Tippecanoe Valley to form an internship in the Corporate Shop Services at Bertsch.

Troy Rudd, a senior at Tippecanoe Valley, will be working with Jack McKinzie, Corporate Shop Services Manager. Bertsch will be giving Troy intensive

training in electronics and refrigeration. In addition, Troy will be taught how to do diagnostic trouble shooting. Troy has had classes in electronics through his industrial technology classes at Tippy. This internship will augment what he has learned through his high school classes.

This internship has been developed between Tom Kail, Personnel Director at Bertsch Service, and Kay Goshert, ICE Coordinator, at Tippecanoe Valley Schools.

Pictured above are Troy Rudd, a senior at Tippecanoe Valley, and Jack McKinzie, Corporate Shop Services Manager, at Bertsch Services. Troy is expanding his high school studies by interning at Bertsch Service through the Partners in Education program.

Libraries lend to libraries

In 1986 over one billion items were circulated by libraries throughout the United States. Most of this material was borrowed by individual library patrons, however, over ten million of these transactions were between libraries themselves.

Although libraries are generally thought to loan material to individuals, a very small, yet important percentage of library transactions are actually carried on between libraries. These transactions are normally made on behalf of patrons of a library where the needed material is not available.

This service between libraries is called Interlibrary Loan and is available worldwide through electronic networks linking all types and sizes of libraries. Any library can request material from another in order to meet the needs of its patrons which are not met locally.

The Akron Carnegie Public Library is served by the Wabash Valley Area Library Services Authority. It is the responsibility of this agency to process the Interlibrary Loan requests of libraries in a 14-county area of West Central Indiana. Last year the Wabash Valley ALSA processed 9,955 title requests, 479 subject requests and 337 reference requests. Of these requests, 131 were made by the Akron Carnegie Public Library.

During the month of February libraries throughout the Wabash Valley ALSA

will be promoting Interlibrary Loan and its value to the community. Your local library will be making a special effort to introduce you to this valuable service and explain how it can be of benefit to you.

Inquiring minds need to know and if your local library doesn't have what you want they truly will search the world for it.

Straight From The Heart!

A light-hearted and not too serious view is often taken of Valentine's Day. But along with the smiles and hugs, colorful heart-shaped boxes of candy, flowers, and cards, comes a much deeper meaning. It is a celebration that represents our love for one another:

The love between a husband and wife, emotionally and spiritually, caring and sharing. The love of a parent and child, learning and growing together. The love that grandparents and grandchildren share, stored memories and special times. The love between friends, in good times and bad, a loving and trusting acceptance.

Valentine's Day and all that it means is a day to keep with us all year long. It is a special holiday - straight from the heart!

Happy Valentine's Day to you and yours.

Monday - Fried chicken, broccoli with cheese sauce, mashed potatoes with gravy, dinner roll, fresh fruit, milk, coffee.

Tuesday - Pitch-in dinner.

Wednesday - Chef's Special.

Thursday - Meatloaf with gravy, au gratin potatoes, creamed bean salad, white bread, peanut butter cookies, orange, milk, coffee.

Friday - Smoked sausage, cooked cabbage, fruit cocktail, brown bread, milk, coffee.

Akron Carnegie Library

New books available at the Akron Public Library are:

Kentucky, by Dana F. Ross - the 20th in the Wagons West series. America's most famous saga follows a blazing new trail of adventure and desire in a bold, exciting land.

Chilton's VCR Repair and Maintenance, by Gene Williams - Information on troubleshooting, replacements and adjustments, connections, tape management, cleaning, tools, and safety for all front and top loaders.

Quiet Moments For Women, by June Bacher - A daily devotional, especially for women.

The Midnight Intruder, by Gayle Roper - A romantic mystery novel.

Aerobics, Theory and Practice, by Phyllis Cooper - The complete guide for the

aerobics and fitness instructors, or the serious participant.

To Make The Bitter Sweet

by Patricia Dunaway - Pursued by the memories of his tragic past, and by a woman who loves him deeply, a frontier doctor is surprised by a love that offers healing for his deepest pain.

The Age Care Sourcebook, by Jean Crichton - A resource guide for the aging and their families.

The Touch, by Anne C. Willman - A novel about Jairus's daughter.

Growing Up With Roy and Dale, by Roy Rogers, Jr. - He was King of the Cowboys, and she was Queen of the West. To their children, they were just Mom and Dad, and living with them was almost as rowdy as a Saturday matinee.

"Helping Hand" accepting applications

Public Service Indiana offices began accepting "Helping Hand" applications Feb. 1. Customers who meet federal income guidelines and are 60 years of age or disabled may apply for winter heating bill assistance at approved sponsoring agencies. Customers may contact their local PSI office for a list of these approved sponsors.

Since it began in 1983, PSI's Helping Hand program has given nearly \$388,000 in aid to about 15,000 needy customers. Under the plan, each eligible customer can receive up to \$30 per month

for three months in matching funds.

Until now, the program has been paid for entirely by the company's shareholders. Since other energy assistance programs have been cut, PSI says additional help may be needed.

Tax-deductible donations can be made to the program at any PSI office or by mail. Checks payable to "Helping Hand Fund" can be sent to 1000 East Main Street, Plainfield, IN 46168.

The American Association of Retired Persons (AARP) helps administer the Helping Hand program.

Club members to learn of citizenship

Citizenship. What does the term mean to you? To some it raises a question of rights, to others perhaps responsibilities. What are your rights? What are your responsibilities? Two Kosciusko County 4-H Club members will have an opportunity to find the answers to these questions for themselves this summer as part of the 4-H Citizenship-Washington Focus program in Washington, D.C. Jeryl Baker, the 18-year old daughter of Wilberta Baker of Pierceton and Paul Berkey, the 17-year old son of Wayne and Carol Berkey of Claypool will travel with 92 other Indiana 4-H club members to Washington, D.C. for one week this summer.

While in Washington, our county's delegates will participate in workshops and assemblies that focus on various aspects of citizenship and leadership. The Citizenship-Washington Focus program is designed to give 4-H teens an opportunity to meet their senators and representatives to discuss current issues, to serve on national committees to strengthen communication and leadership skills, to discuss and debate national issues with other 4-H club members, leaders, and representatives of national agencies and organizations, and to develop a plan to conduct various citizenship activities for local 4-H club programs upon their return.

While in Washington D.C. Jeryl and Paul will be staying at the National 4-H Center which is a residential educational facility operated by the National 4-H Council. The Center has easy access

to the cultural, political, and historical resources of Washington, D.C.

In addition to the busy seminar and workshop schedule, Jeryl and Paul will have opportunities to visit Capitol Hill; the Arlington National Cemetery including the Kennedy gravesites and the Tomb of the Unknown Soldier; the Kennedy Center of the Performing Arts; the Washington, Lincoln, Jefferson and Vietnam Veterans Memorials; Mount Vernon; the Smithsonian Institutions; the White House; and various Federal Agencies and Organizations.

Jeryl and Paul were selected from a field of applicants who submitted an application and detailed reports of their 4-H club activities. These reports included documentation of both local 4-H club participation, and participation in county, area, state and national 4-H functions. 1988 is the second year that Kosciusko County 4-H Council has sponsored the trip in full.

Our congratulations are extended to Jeryl and Paul on their selection to participate in this exciting 4-H trip!

Say "yes" to 4-H

What's been a part of Indiana more than 80 years but remains young and energetic?...Helps develop new skills and recognizes accomplishments?...Promotes good citizenship and teaches leadership?...Combines fellowship and fun with learning?...Forms cherished memories? The answer...4-H!

4-H is for ALL Hoosier youths ages 10 through 19, no matter where they reside—in the cities, suburbs, small towns, or rural areas and there are programs and projects in 4-H of interest to all.

Many people have the misconception that 4-H is largely for youth living on farms, in the rural areas or small town. "This just isn't the case," 4-H Youth come from all segments of the community. It's true that most 4-Hers once were from farm backgrounds, but as our farm population declined, the membership also gradually shifted.

Just what is 4-H and what does it do? Simply said, 4-H is a "learning-by-doing" educational program that provides youth an opportunity to learn new skills outside the classroom. Most of this informal education

comes through participation in project areas selected by the youth. Projects range from computer programs and aerospace to bicycling, gardening, photography, arts and crafts, and the care and raising of animals. In all, there are nearly 50 project areas from which a Hoosier youth can choose. Of course, not all counties offer all of these programs.

Besides acquiring knowledge in these areas, 4-Hers are recognized for outstanding achievement and honored at the local, state and national level. Many have their projects selected for display at State Fair. Others receive a trip to Washington, D.C., in recognition of their accomplishments, and some are selected to attend conference, 4-H Roundup, or similar programs. A few are chosen annually to attend 4-H Congress in Chicago. Some 4-H programs also offer youth the opportunity to spend several weeks in foreign lands as caravaners and ambassadors.

To enroll in the Fulton County 4-H Program contact the County Extension Service, 802 Jefferson St., Rochester, or call 219-223-3397.

Vikes score in three digits to beat Wabash

Tippecanoe Valley gained its second highest point total in high school boys basketball action Friday, February 5, defeating Wabash 106-78.

The Vikings, with four players hitting double figures, had a 20-point lead at halftime and expanded that to 25 after three periods. Dustin DuBois added a pair of three-pointers on the way to a team-high 25, but he was followed closely by Dion Anglin's 23, Craven Lynn's 19 and Pete Terpstra's 17 point totals.

Terpstra also grabbed 10 rebounds as Valley dominated the boards by a 61-24 margin. Valley hit 39-of-71 shots from the floor for 55 percent, as Lynn hit 9-of-10 attempts.

The 106 points by Tippecanoe Valley is second only to the 112 scored by the Vikings against North White in the 1974-75 season—the first year of the Akron-Mentone area consolidation. Friday's contest also marked the first time since the 1976-77 campaign when the Vikings scored 100 against Bremen that the school has hit the triple digit figure in a game.

Lady Vikes fall short in sectional play

The Tippecanoe Valley girls' basketball team gave seventh-ranked Warsaw all it could handle Thursday, Feb. 4, in the opening round of the Warsaw sectional.

The Lady Vikings did everything they had to do to upset Warsaw, only to have everything fall apart at the same time. The result was a 48-44 loss for Valley and a final record of 15-5.

The Lady Vikings led 34-27 at the start of the fourth quarter, but they hurt their own cause by missing the

Mentone winning essays

The essay winners in the "Why I Love My Library" from Mentone have submitted their winning essays for the readers enjoyment. Mentone winners include Kelly Montelongo, Brandon Justice and Dustin Pifer.

Why I Love My Library

I like the library because I like to read neat books. Books are very wonderful. Librarians are very nice to me. One time we got to check out 3 books. I really like the library, and I'm glad they were invented. But I don't know who invented libraries. I wish I did. A lot of people like the library. I like it alot too. We go to the library every Tuesday and every other Friday. The library is alot of fun to go to. I like mystery stories best of all. We watch movies like one about Veteran's Day.

Kelly Montelongo

Why I Love My Library

I love the library because it has books and magazines. The library is fun. The books I like are true books. I like some not true books like Garfield and Snoopy, plus we see movies. The true books I like are about lasers, cars,

and boats. I like joke books too like Alexander the Grape. There are probably 3,999 books in a library. Some of the librarians have more, and some have less. Some of the librarians have tapes and records. They are very nice. We learn about some new stuff. I think true books are the best. Some others like not true books the best. I like joke books the best too.

Why I Love My Library

I like my library because of the teachers. They read books to you. They also show you movies. I'm glad for my library because of all the books and magazines. The teachers also help us by finding books. The thing I like best is that you can read books and magazines. We watch movies or listen to tapes. You can make book markers and use book markers. Then after your done finding your books, you can sit and read them at the couch, table or chair. Then you can look through the card catalog to find more books you have been looking for. At the library you can win prizes by making book covers. As you know I won a prize. But it was not much.

Students share meaning of love

With Valentine's Day fast approaching, the thoughts of love enter the minds of all ages. The students at Jack and Jill Nursery School have written their descriptions of the word "love" and have offered to share those thoughts with the readers.

Love is:
Aaron Kimbel - Missing Grandpa.

Aaron Zolman - Missing my daddy when he is on a trip.

Amber Hooley - Norman, I miss him because he went away.

Damon Snyder - I love my brothers because they want to go to bed with me.

Eric Kimball - When my mom lets me make Kool-Aid.

Holly Davis - My dog Tommy; and someone to play with.

Jacob Long - My puppy licking me.

Jeni Stutzman - Jesus loves me.

Jerry Ross - My bed, it is warm and soft.

Justin Weaver - Having my sister play with me.

Kristen Ruddle - When you hug and kiss people. A heart of love.

Mark Richard - Helping my mother and her letting me help her.

Sarah Garton - Telling each other that you like them a lot.

Sarah Shafter - Missing Uncle Todd, he flew away. Penny, my dog, because she licks me.

Amy Mullens - When you care about someone.

Ben Brazo - Hugging. Benny Rickel - Taking care of your dog.

Christopher Carter - Mom taking you to school.

Donald Burkhardt - Having a Teddy to sleep with.

Elissa Haywood - Loving Jesus.

Frances Kanteer - Caring.

Jimmy Gabhart - Loving books.

Josh Newsome - When you help give people a bath and keep them clean.

Krissy Sanders - You care about somebody.

Lee Ulmer - Hugging Mommy.

Maggie Rock - Is caring about my mom, dad and sister.

Megan McFadden - Caring about other people.

Nathaniel Meyers - When your grandma lives in Ohio and you miss her.

Tyson Blackford - Caring about people.

Ryan Menzie - Loving my mommie.

Disko wreck

Continued From Page 1

Rochester firemen to free two of the passengers. The car was driven by Donald R. Bromley, 30, Rt. 1, Claypool.

Bromley suffered a sprained left foot, Laurie Books, 16, suffered multiple bruises, scrapes, cuts and a concussion. She was admitted to Woodlawn Hospital in Rochester.

Also injured but not admitted were: Aloralee Bromley, 37, head and chest pain and sprained right knee; Joseph Books, 16, cuts on both arms; Marlena Bromley, broken right wrist and hand and head bruise, and Jessie Ousley, 11, head bruise.

Before hitting a fence owned by Charles Settner, Silver Lake, the car left the east side of County Road 1600 East at the Wabash County Line and then hit a tree, then rolled over. It landed on its wheels.

Today truth seems to be an enemy to conversation.

with the usual rituals. The next meeting will be March 2 with Mrs. Ethel Whetstone. Pearl Horn received the door prize.

Drug-free activities supported

The Drug-Free Schools and Communities Local Advisory Committee of the Tippecanoe Valley School Corporation will meet with parents interested in serving on a steering committee whose purpose will be to develop a Parent Network for the school corporation. A Parent Network consists of parents who organize to support each other in their efforts to see that their children have drug-free activities to participate in. Anyone interested in serving on this steering committee should meet in room 121 at the Tippecanoe Valley High School on Wednesday, February 17, at 7:00 p.m.

Those who would like to be a part of this steering committee but cannot attend should contact Debbie Gray at 893-7192 or Brett Boggs at 893-4646.

Brothers join singing group

Phil and John King, 1986 and 1987 graduates of Tippecanoe Valley High School, will travel through Indiana, Illinois, Missouri and Iowa as members of the Bluffton College Camerata Singers.

The Kings are the sons of Darrell and Mary Ann King, Mentone. Phil sings tenor and is a sophomore at Bluffton. John is a freshman and sings bass.

The Bluffton College

Camerata Singers is a select choir of 22 voices which performs primarily sacred music both on and off campus. Each year the group travels extensively to churches during spring break.

An honest man, after reviewing his own life, will be inclined to let youth chart its own course.

4 Powerful Reasons To Use Super Deselex-4

- ☒ **Engine Power**
- ☒ **Peak Performance**
- ☒ **Maximum Protection**
- ☒ **Premium-Quality**

The 4 in Super Deselex-4 represents the four reasons why Super Deselex-4 helps your engines run stronger and last longer. Clean-burning Super Deselex-4 keeps your maintenance bills low as it protects your equipment.

The improved performance and enhanced reliability you get from Co-op Super Deselex-4 makes it the best diesel fuel available. Protect your field time and boost your profits this season by using Co-op Super Deselex-4 premium diesel fuel.

- ☒ **HIGH CETANE** for fuel economy, fast starts, quick warm-ups and smooth acceleration. Super Deselex-4 sets the diesel fuel standard with a guaranteed cetane rating of 51. Most others rate only about 40.

- ☒ **LOW SULFUR** content of Super Deselex-4 protects your engine against sulfur deposits and costly corrosion. You'll get longer life from your engine and injectors. Plus, you'll reduce your maintenance costs and lengthen oil change intervals.

- ☒ **SPECIAL LUBRICATING PROPERTIES** assure you that Super Deselex-4 is protecting your engine against early wear. It lubricates pumps and injectors, protecting your equipment investment.

- ☒ **NO ASH** makes a notable difference in performance.

When you use premium-quality Super Deselex-4, you notice less smoke. And you'll get greater fuel economy. Super Deselex-4 burns clean—so you get maximum performance and efficient power.

Check the Facts.

Science Fair approaching Schools prepare for ISTEP

The Mad Scientist has appeared once again at Mentone Elementary and Junior High School to arouse enthusiasm for the upcoming Science Fair to be held March 15 in the Mentone gym.

There will be approximately 400 projects, from 600 Kindergarten through eighth grade students, on display. Students have already started planning for this event. Subject selection by the students was to be finalized by Friday, February 12.

Project judging will go on all day on the 15th. Public viewing will be held beginning at 6:00 p.m. and continuing until the awards are presented at 8:00 p.m. (Photo by Biddinger)

Plans for administering the new Indiana Statewide Test of Educational Progress (ISTEP) was discussed during last week's meeting of the Tippecanoe Valley School Board.

All first, second, third, sixth, eighth, ninth and eleventh grade students in all Indiana public schools will be taking the ISTEP test between March 1 and March 11. The test is given to the students to determine if the students need educational help during the summer months. This is the first year the state has mandated summer school for students who do not pass a basic skills test.

Michael Humphreys, principal of Mentone School, said only those students who score in the lower 16 percent statewide and fall below the state's cutoff score will be required to take summer school. The state has not yet determined what the cutoff score will be, according to Humphreys.

Humphreys also added that the test will only cover the student's knowledge of language arts and math. Social studies and science

sections will be added to the test next year.

Teachers in the corporation have been informed of the types of skills students will need to know to do well on the test and were advised to adjust their class curriculum to include those areas of study before March 1.

Humphreys also reported concern of the teachers that primary students do not have adequate test taking skills to do well on the exam. He also stated he is confident the students will do well on the test after noting the teachers' apprehension.

Summer school classes of four hours for five days a week will begin immediately after the regular school year ends in June.

With a return date of May

5 for the test results, final coordination of a summer school program and hiring of summer teachers will be determined by the number of students in the classes.

Baxter Paige, superintendent of Tippecanoe Valley School Corporation, stated the test results will not be any later than other test results and does not foresee much of a problem with the scheduling.

In other board matters: Superintendent Paige told the board the corporation received a good report from the State Board of Accounts.

Rosemary Bazini's appointment as corporation representative to the Bell Memorial Library was approved. Bazini is a second grade teacher at Mentone.

Claypool woman killed in crash

Slick roads caused by blowing snow attributed to the fatal crash of a Warsaw Community School bus and a car driven by Estil Hughes, 76, Claypool. Mrs. Bessie Ellen Hughes, 71, a passenger in her husband's car

was killed instantly when the Hughes' auto slid sideways down St. Rd. 15 and hit the bus broadside. Deputy coroner John Sadler pronounced Mrs. Hughes dead at the scene due to a broken neck.

The accident occurred at 3:14 p.m. on St. Rd. 15 South, north of County Rd. 400 South. Mr. Hughes had slowed for traffic which was backed up due to a five-car accident which was in the process of being cleared away.

Mr. Hughes suffered a possible fractured skull and chest trauma. He was taken to Kosciusko Community Hospital and then transferred to Parkview Memorial Hospital, Fort Wayne.

Five passengers on the

school bus were injured. They include: Susie Hite, 15, Silver Lake; Chad Sellers, 15, Rt. 1, Silver Lake; Jennifer Ashby, 16, Rt. 2, Silver Lake; Daisy Caudill, 14, Rt. 2, Silver Lake; and Bonnie Gillespie, Rt. 2, Silver Lake. All were treated and released at Kosciusko Community Hospital for contusions and scrapes.

No injuries were reported in the five-car accident which occurred at 2:15 p.m. near the entrance to Voyager Conversions. Police officials said slippery conditions were a major factor in the mishap. Drivers of the vehicles were: Linda K. Hardesten, 41, Rt. 1, Mentone; Kevin Baughant, 28, Rt. 1, Claypool; Bert Cochran, 84, Claypool; Kevin L. Henderson, North Manchester; and Scott Meadows, Rt. 2, Piercetown.

Bob Clupper to speak to scouts

The Mentone Cub Scout Pack 3777 will have their annual Blue-Gold Banquet Thursday, February 25, 1988 in the Mentone Youth League Building beginning at 6:30 p.m.

There will be a carry-in meal which will be followed by the guest speaker Bob Clupper. Mr. Clupper has knowledge of the Scout program as he is a former Eagle Scout. A retired United Airlines Captain, Mr. Clupper is the owner of the Mentone Airport. A special guest will be accompanying Bob Clupper to the banquet. Clupper's friend, "Robby" the robot will be helping with the program.

All Cub Scouts and their families are invited. All scouts need to wear their uniforms.

Notice

The Henry Hardy Farmers 4-H Club will have a meeting Wednesday, Feb. 24 at 7:00 p.m. at the Athens United Methodist Church.

Reminder

Anyone wishing to register to vote in Kosciusko County may contact Katherine Teel at the Classroom Connection, 353-7426, between 3:00 - 5:30 or 353-7107 the rest of the day. Mrs. Teel also will be happy to answer any questions you have about the voting regulations in your precinct.

WHAT IS METABOLISM

When the serious dieter explores the best way to lose extra pounds, inevitably she will come upon the subject of metabolism, the rate at which our bodies burn calories. No doubt you have been told it takes a combination of both EXERCISE and CALORIE REDUCTION to lose weight successfully and here's the reason why.

Your body has a maintenance level where it thrives to stay. In other words, it has adjusted to the weight you are carrying. As you reduce your calories, the metabolism is lowered to conserve calories and burns calories more slowly than before. When you notice you aren't losing weight as quickly as before you once again cut back on calories. As before, your metabolism lowers burning fewer and fewer calories each time making dieting harder. This leads to frustration and eventual defeat. When you return to eating as before, your metabolism stays lowered and burns calories slowly but the calories increase - hence you gain back weight faster than before. With each diet (with no exercise included) your metabolism lowers and it is literally possible to "diet yourself fat". It is necessary, therefore, to lower your calories and raise your metabolism. And here's how.

Step #1: Cut calories. Step #2: Exercise to bring up the metabolic rate at which you burn calories. As your metabolism rises, the calories will burn up more quickly and your maintenance level will adjust itself to your new weight. This is why after eating less food for several months you find it takes less food to feel full - your maintenance level has adjusted to your new way of eating! Exercising 30 minutes at least 3-4 times a week will increase your metabolism and it doesn't have to be unpleasant. The type of exercise you choose is up to you, whatever you like best. If you choose an exercise routine containing sit-ups, toe touching, etc., you will also tone muscles and lose inches. Be sure and vary the type of exercise you do, boredom is common when dieting and may lead to the end of an otherwise successful plan of weight reduction. As the seasons change, so may the exercise - in summer, take advantage of the outdoors and in the winter months change to indoor swimming, stationary biking, mall walking, etc.

As in anything we do, it becomes easier when we understand how and why it works. When we stop losing weight and need to raise our metabolism, it is easier to correct the problem when we understand what is happening. Give DIET and EXERCISE an honest try and a little time. See how much better it works for you as a combination. It can be another "new beginning" in understanding what makes us successful in our weight reduction.

BEAUTIFUL NURSES

Nurses are beautiful,
So the sign doth say.
And when I hear their cheerful greeting,
It surely makes my day.

Ah, those beautiful nurses.
They are so efficient,
In their uniforms so white,
The way they take care of me
Is truly just right.

They give shots.
Dish out pills,
Cheerfully helping the doctors,
Cure our ills.

Those beautiful nurses.
How could we do without them,
To help us on our way,
Now it's very true
What the sign doth say.

Nurses are beautiful.

Monday evening several from here went to North Webster for the Kosciusko Fish Fry for the boys that play in the sectional tournament. Those from here attending were: Mr. Reutebuch, Mr. Butts, Mr. Malott, Ed Creakbaum, Leo Adams. The fourteen boys were: Larry Bibler, John Davis, Marlin Valentine, Allan Study, Wayne Cumberland, Bill Whetstone, Howard Adams, Max Ummel, Bob Stackhouse, Dick Woods, Orvin Thompson, Roger Nellans, Merle Warren, and Charles Engle.

Sunday Mr. and Mrs. Herschel Taylor and family of Disko, Mr. and Mrs. Ronnie Richards of Silver Lake, Eddie Jones and Mary Jane Busenburg were guests at the home of Mr. and Mrs. Franklin Jones and Vickie at Silver Lake. The occasion was celebrating Vickie Jones' birthday.

Mr. and Mrs. Arlo Friesner visited Sunday with Mr. and Mrs. Charles Blue in Defiance, Ohio.

The Beaver Dam Better Daughters met at the home of Karen Latimer on February 3. Karen, our president, opened the meeting. Pledges were led by Rita Lockridge and Bea Walsh. Marilyn Horn gave the secretary's report. A special collection was taken for the I.F.Y.E. After discussing some old and new business we all took part in cake judging. This was something new for most of us and I think we all gained something from it. Linda Smalley gave a Health and Safety report. Karen L. gave a demonstration. Marilyn H. led in group singing and Marianne Tipmore and Betty Bibler led the recreation. Delicious refreshments were served to 15 members, 2 leaders and 2 mothers. Betty Lou Smith, Reporter.

Mrs. Lura Stiffler and Rhoda Jones spent Thursday with Mr. and Mrs. George Dickey and Mr. and Mrs. George Mollenhour.

Mrs. James Miller and son Darrell, Mrs. Emory Davis and daughter Debby spent Tuesday afternoon with Mr. and Mrs. Leonard Boganwright.

Mentone High School News Items: Hear Ye! Hear Ye! I, student of Mentone High School am writing this document for the benefit of the janitor. I think its about time that some one shows some consideration for the janitor; he really is an essential fellow. He keeps the windows clean, the floor waxed (and how) and desks dusted. If the clock stops or your seat is broken, its the janitor to the rescue. Nearly every day we rub elbows with this fellow but few realize what an essential character he really is. So after thinking it over do you think we show him enough consideration? Even though 1938 is well on its way, it isn't too late to turn over a new leaf so let's discard all of our careless habits and show him we do appreciate him.

The Juniors wish to thank the Seniors for the splendid time that was had at the party last Tuesday, February 8. A broad end supper was followed by contests and entertainment by class members. A saxophone solo by Dortha Decker, a novelty band composed of Sam Blue, Jack Shinn, and Martin Clark Ernberger and also vocal solos by Jeanette Blue were enjoyed by all present. Sixty-seven members of the two classes and faculty attended.

The Big Drug Store on the corner is being redecorated throughout. Every bit of woodwork is being coated with Sherwin Williams paint and the walls have been freshly papered also. The whole store is taking on a spring-like appearance that is rejuvenating to the sight.

Kosciusko County Sheriff from Warsaw was in Mentone Monday morning investigating the theft of gas Sunday night. A gas tank, containing 6400 gal. of gas, fell from the interurban north of town last week and has been the source of curiosity and speculation to local pranksters since that time. Sunday night the dome was chiseled from the tank which permitted the gas to flow from it in a stream. Some of it was caught in buckets, cans, pails, etc., but the rest of it ran down the sewer. The interurban officials and the county sheriff did not look upon the squandering of 6400 gal. of high test Standard gas as a 'prank' however.

Akron's new postmaster will assume her position this Friday, Feb. 18 and Marianne Billman reports she's eager to begin. Billman, who lives in Rochester, has worked for the U.S. Postal Service since March 1980. Although the Rochester office has been her main reporting station, she worked as acting postmaster at Royal Center between January and April 1982, and again at Kewanee between September 1982 and January 1983. At Rochester, she's handled part-time flex work, which simply means she's done a little of everything, including rural carrier work.

George Stephen and Gail Hartman, both of Akron, each received a Safe Driver Award. They are both mail carriers for Akron and each received a certificate and pin commemorating this honor. George's award covers around 45,000 total miles driven and Gail's award covers around 630,000 total miles driven.

Jack and Helen Horn, Akron, Dorothy Horn, Rochester, and Pearl Horn, Mentone, attended the 60th anniversary at Elkhart Sunday afternoon for Mr. and Mrs. Ford Meredith.

Ethel Tinkey and Martha Rose met Tuesday afternoon with Zeta Parker for a committee meeting.

Mr. and Mrs. James Eaton entertained guests from Ohio Friday night.

Mrs. Fern Straufz of Carbondale, Illinois visited with her aunt, Mrs. Rella Hatfield on Monday and Tuesday.

Mr. and Mrs. Maurice Haney attended the R.E.M.C. National Convention, at Las Vegas, Nevada last week.

The Rev. and Mrs. Junior Rose took their daughter, Sharlene Haney, to supper in Warsaw, on Wednesday, to celebrate her birthday. Kevin Haney was attending an A.M.P.I. meeting in Madison, Wisconsin at the time.

Bill Engle called on Mr. and Mrs. Harvey Smith and Mrs. Minnie Engle, Tuesday evening.

The Builders Class of the Beaver Dam Church, enjoyed a class party on Sunday evening at the home of Miles and Pat Hoffman. Present were Mr. and Mrs. Bill Balmer, Mr. and Mrs. Mitch Tucker, Mr. and Mrs. Gerald Smalley, Judy Haney and Cara Lynn-Tucker.

Mr. and Mrs. Jim Miller, who opened a store in Mentone March 30, 1964, purchased the Northern Indiana Co-Operative Association Hardware yesterday at a sale of that firm's assets. They assumed operation of the Co-Op hardware this morning. Also sold were the gas station and bulk plant that were purchased by Frank Sieman who also purchased a building located on lot 203 in the original plot of the town of Mentone. The bottle gas division of the firm was purchased by Petrolane Redi-Gas of Warsaw.

A Mentone High School student, Terry Hammer, has been selected by the School Band and Chorus of America to tour Europe for a month this summer. Terry is a Junior in Mentone High School and is the son of Mr. and Mrs. Zanna Hammer, Mentone. He has participated in band, chorus, barbershop quartet, and has also attended the Epworth Forest Choir School.

Sunday guests of Mr. and Mrs. Roy Meredith were Mr. and Mrs. John Meredith and children, Marianne and Mark, Miss Grace Blesch of Fort Wayne, Mr. and Mrs. Leigh Morris of Evanston, Ill. and Mrs. Henry Blesch of Akron. The dinner honored the birthdays of Mrs. Roy Meredith and Mr. John Meredith.

Miss Judith Stout, daughter of Dr. and Mrs. Eldred Stout of Tipton and granddaughter of Mr. and Mrs. Ross Stout of Silver Lake, was one of 32 dental hygiene students at the Indiana University School of Dentistry in Indianapolis to receive their professional cap recently in a ceremony in the Union Building at the I.U. Medical Center.

Fifteen cars of a Norfolk-Western railroad train derailed near Mentone at 4 p.m. Friday. No injuries were reported, but damage to the derailed cars and their contents appeared heavy. Workmen worked throughout Friday night in sub-zero temperatures clearing the right-of-way, and clean-up work has continued since that time.

Mr. and Mrs. Lyle Bammerlin were Sunday dinner guests of Mr. and Mrs. Ezra Lippy in honor of Mrs. Lippy's birthday. Other guests were Mrs. Ethel Hoffman and Mr. and Mrs. Maurice Lippy and family.

FEBRUARY 17, 1938
50 YEARS AGO

Mr. and Mrs. Dewey Merley announce the marriage of their daughter, Mary Irene, to Verl Rager, son of Mr. and Mrs. Walter Rager. The ceremony was performed December 24th by Rev. D.L. Slaybaugh in the presence of Miss Genelle Taylor, the brides cousin. Both Mr. and Mrs. Rager were members of the 1937 graduating class from Akron High School. Mr. Rager is employed at Week's Bakery and the bride works in the office of the Akron Canning Company. She also worked in the Utter Sawmill Company office for a few months. They are making their home with the bride's parents for the present.

Miss Betty Morris was honored Monday evening at a party which was given by her mother, Mrs. Jack Morris, in honor of her twentieth birthday. A delicious supper was served to Miss Evelyn Showalter, Bill Emahiser, Bob Tombaugh and Mr. and Mrs. Morris and family.

A snake dance was held Monday morning the first period in honor of our victory over Beaver Dam. The students, led by Bill Stout, paraded to the grade building and up through town. They paid a visit to each store. A pep session was held in the bleachers at the ball diamond. We then returned to the building and resumed our regular studies.

Mr. and Mrs. Irvin McHatton were pleasantly surprised Tuesday evening when several friends and their neighbors gathered at their home on East Rochester Street at the invitation of their son, Gerald, and wife to help celebrate their silver wedding anniversary. The McHattons and Mr. and Mrs. E.E. Gerig were dinner guests of Rev. and Mrs. Slaybaugh, and when they were called over home again upon some pretext, they found the guests all waiting for them. They received many lovely gifts, and his mother, Mrs. Anna McHatton presented them with a large bouquet of flowers. The evening was spent in games and contests, and later in the evening refreshments of ice cream and cake were served. The cake was a present from their children.

Kathleen Morris and her roommate, Margaret Amos, of Rushville will spend the weekend with Mr. and Mrs. Jack Morris and family.

Now is the Time

Lots of time for lots of things.

Though it's said that time has wings:

There is always time to find

Ways of being sweet and kind.

There is always time to share

Smiles and goodness everywhere.

Time to send the frowns away.

Time a gentle word to say, Time for helpfulness and time.

To assist the weak to climb

Time to give a little flower,

Time for friendship any hour.

But there is no time to spare

For unkindness anywhere.

The Akron Keen-Agers celebrated all February birthdays, also Valentine's Day Monday, Feb. 15. These dates were changed due to the winter storm last week. We were closed Thursday and Friday. Freda Graham and Nora Hoffman treated everyone to ice cream and cake. Happy Birthday was sung to Edna Royer and Freda Graham. A birthday

card was sent to Annabelle Hammond. Cheer card to Mary Mitterling. A warm welcome to Maxine and Palmer Bickel to the Nutrition program. We wish Maxine a speedy recovery. Feb. 16 was our pitch-in dinner. Once again I would like to thank all my volunteers for a job well done and to all the people that donate, for it is through their efforts this program is working in your home town.

Monday - Turkey, dressing with gravy, green beans, pumpkin pie, pears, milk, coffee.

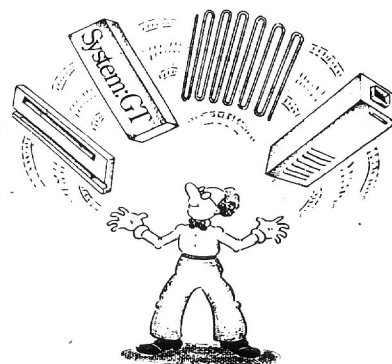

Tuesday - Bar-b-que sandwich on bun, vegetable soup, perfection salad, peaches, coffee, milk.

Wednesday - Swedish meatballs, peas, carrot/raisin salad, rice, cherry cobbler, grapefruit juice, bread, milk, coffee.

Thursday - Barbecue chicken, mashed potatoes with gravy, buttered carrots, cranberry salad, bread, milk, coffee.

Friday - Ham and beans, tossed salad, pineapple, cornbread, chocolate cake, milk, coffee.

Lions Club offers \$500 scholarship

The Silver Lake Lions Club will again be offering a \$500 scholarship to a graduate of the Warsaw High School, Tippecanoe Valley High School, Whitko Community High School, or Manchester Community High School.

Any student pursuing their education may apply. This includes a student currently enrolled in any college or vocational school.

Factors being considered when choosing the scholarship candidate are community involvement, church involvement, school activities, financial need, and applicant's goals.

Each applicant must submit a transcript along with a scholarship fact sheet. The applicant's tentative plans (written in letter form) along with two letters of

recommendation from a minister, employer, teacher, or professor, and a letter from the applicant's choice must also be submitted.

The recipient of this scholarship will be notified at the high school awards program. If the recipient is currently a college or vocational student, he or she will receive written notification from the scholarship

committee. The winner will be chosen by a panel of individuals picked by the Silver Lake Lions Club. The panel reserves the right to refuse any or all applications.

Applications are available in the respective high school guidance offices or may be obtained by contacting a member of the Silver Lake Lions Club.

Deadline is May 1, 1988.

Winning basket by Terpstra

If a team only has one lead in the evening, the ideal situation is for it to be the last score.

That proved to be the case for Tippecanoe Valley Friday, February 12, as the Vikings defeated host Bremen 47-45 in non-conference boys' basketball on a shot at the final buzzer by Pete Terpstra.

The Vikings had the ball under its own basket with one second remaining, and Terpstra shook loose and received the inbound pass. He spun around and laid the ball in as the final buzzer sounded, giving Valley the come-from-behind victory.

Terpstra was the only double figure scorer for the Vikings, as he scored 23 and hit on the only three-point shot of the game.

Tippecanoe Valley lost the junior varsity clash 53-48 in overtime, despite 18 points from Chad Brouette.

December graduate

Tod Utter, 400 N. Tucker St., Mentone, is a December graduate of Taylor University. He earned a degree in accounting and is the son of Mr. and Mrs. Tim Utter.

Taylor University is a 142 year-old Christian liberal arts institution located in Upland, Indiana.

College news

Named to the Honors List at Grace College for the first semester of the 1987-88 academic year was Jerry Goshert of Mentone.

Goshert was among 51 students named to the Honors List. Grace College is located at Winona Lake.

Court rules for PSI

A federal court has ruled for Public Service Indiana on a claim filed nearly four years ago by the Wabash Valley Power Association.

Wabash Valley claimed PSI violated securities laws when it sold an interest in the Marble Hill plant to WVPA. But the court said no securities were involved so no violations could have occurred.

"The court's decision is an important one," said Hugh A. Barker, chairman of Public Service Indiana. "Wabash Valley still has another claim pending, but like the claim that has been thrown out, the second one is unfounded."

Congressman Jim Jontz has introduced a bill to reform the nation's Guaranteed Student Loan (GSL) program.

This bill would preserve the GSL program, which is according to Jontz, an important way of helping families meet the educational needs of their children.

"We're not sending enough of our young people here in northern Indiana on to higher education. Hoosiers are truly concerned about what kind of jobs there will be in Kokomo or in Valparaiso in 10 or 20 years, and whether or not they'll be able to stay in Indiana. We need to get our young people a better education, so that they can have a prosperous future in this state." Indiana currently ranks 47th among 50 states in sending its high school graduates on to higher education.

Jontz characterized his legislation as "tough, but fair." The legislation stipu-

lates that institutions with default rates below 25% cannot be subject to punitive action based solely on that percentage. At the same time, the Jontz bill recognizes that different schools serve different student populations. "The graduates of a four-year university are likely to be earning more than those who have just finished up at a small technical school," explained Jontz. For this reason, schools will earn a credit for graduating certain high-risk students. "This way, the schools have a real incentive to provide a quality education to those students who need it most," Jontz noted.

The Jontz program will also improve collection procedures by requiring monthly reports and updates from guaranty agencies and schools, and by getting more information to the National Student Loan Data Bank.

Remedies for tax time headaches

If you are among the thousands of Hoosiers resolving each year to file your tax return ahead of time, this would be a good year to follow through on that resolution.

Changes in tax laws might keep many people from filing their taxes early.

But, you have a better chance of getting your refund early if the Internal Revenue Service and the Indiana Department of Revenue receive your form early.

If you do plan to have another person prepare your return for you, make certain you give that person plenty of time.

When selecting a preparer, a taxpayer should: Check the credentials of the firm or individual.

Ask about their training and experience in preparing tax returns.

Determine how accuracy is checked. Find out if more than one person will review your form. Find out if errors in preparation are checked or if only the numbers are reviewed.

Ask the cost to prepare the return. Determine how the preparer has arrived at that cost.

Determine whether the individuals can be contacted after the return is filed, in case your return is audited.

Ask if the paid preparer can represent you before the Internal Revenue Service if you are audited. Determine if there would be a fee for that representation.

If you do use a paid preparer to figure your taxes, you should review the returns before they are mailed.

If you have questions about particular documents, don't be afraid to ask. The person preparing your taxes needs to be aware of all income and holdings when figuring your return.

Consumers should be wary of preparers who:

*Promise to get you a refund or claim a special relationship with the IRS. Those who boast of ways to beat the system also should be avoided.

*Claim they can tell you how much you should get back. Some firms will offer to give taxpayers a refund up front, as a loan. Then, when the actual return arrives, it may be for less money than the preparer figured, and money would be owed to the preparer.

*Ask you to sign a blank return, one that has been partially completed or completed in pencil. Do not sign anything until you have had a chance to make a complete review.

Taxpayers should double check the return to make certain the address is correct. And, be sure to sign the return.

Legends of Easter

Reprinted from
Hallmark's Mementoes
Edited by Ben W. Whitley

LEGEND OF THE FIRST ROBIN REDBREAST

A small brown bird looked down from a tree and saw a Man straining beneath a heavy wooden cross. A crown of thorns encircled His head and cruelly pierced the skin. Moved by His suffering, the little bird followed along with the crowd surrounding the Man, and suddenly swooped down and pulled one of the thorns from the Man's forehead. The Man lifted His eyes to the little bird and smiled a silent "thank you."

As the bird flew on, a drop of blood fell from the thorn and stained his breast a bright crimson. And since that day, the humble robin wears a symbol of his mercy for that suffering Man - our Saviour.

LEGEND OF THE EASTER LILY

When Christ arose on Easter morn,
In glory and in grace,
He walked within the garden
Making it a holy place,
For everywhere the Saviour walked,
A pure white lily grew
And shed its fragrance on the air

To scent the morning dew,
And still the Easter lilies grow

And blossom on the way
As they flowered in Christ's footsteps
On that first glad Easter Day.

Area women invited

The Silver Creek Church of God will be hosting an all day women's meeting to be held on Saturday, February 20, with registration beginning at 9:00 a.m.

A full day of activities has been planned for the special day. A get-acquainted time will follow registration. A time of singing will be held at 10:15 with the ladies dividing

into smaller groups at 10:45. Dinner will be served at 11:30 a.m.

Beginning at 12:30 speakers will present the afternoon program. Karen Pfister, Jenelle Pettigrew

and Diane Samuels are scheduled to share with the ladies. Karen is from Auburn and is a wife and mother of five. She has an eleven year old son with spina bifida, and has lost an 18-month old son. As a registered nurse, she is currently involved in a

visiting nurse program with the terminally ill patient.

Jenelle, from Columbia City, is a wife and a mother of twin boys born prematurely. After a long 23 days, Arkick went home to be with the Lord. Jenelle will share how the Lord gave her

and her husband strength to face one day at a time.

A former school teacher, Diane is the wife of the Silver Creek Church pastor, Randy Samuels. She is the mother of three children. Diane will share how the Lord is seeing her family through the tragic

loss of their five year old son, Joel.

Special music will be provided by Bobbie Gling. Women of the community are invited to attend. For further information contact Vicki Sutton, 893-4610, or Judy Wilcox, 893-4153.

WCTU

The Akron W.C.T.U. met in the Akron Library on Wednesday evening, Feb. 10, 1988 at 7:30 p.m. The meeting opened with group singing. Devotions were then given by Mrs. Paul Bowen, centering her thoughts on love to our fellowmen. The group was then favored with a duet by Mike Love and Cathy Murphy. Mrs. Ray Doering, president, conducted a short business meeting. Mrs. Lee Stubblefield gave a very inspiring presentation of three valentines. One valentine to Francis Willard, one to Abraham Lincoln and one to our children. She ended with a trivia quiz on Francis Willard. The prize went to Velma Bright. Mrs. Paul Kindig dismissed the meeting with prayer. A tea was served by hostess Velma Bright, assisted at the serving table by Mrs. Mark Hawley.

Book given to library

The book *The Studebaker Family in America 1736-1986* by Ruth Epler Studebaker and Emmert Studebaker, editors have been added to the Genealogy collection of the Akron Carnegie Public Library. The book was given to the library by Edward and Elizabeth Gray.

Mrs. Gray's mother was a Studebaker and the Studebaker family of early Akron has several descendants in and around this community.

"Saying no" 1988 wheat acreage up not easy

Have you been pressured to use drugs? Tobacco? What about unwanted sex? Or drinking alcohol to excess? People who have had both successful and unsuccessful experiences in refusing to give in to pressures like these are urged to contact the University of Nebraska's Prevention Center for Alcohol and Drug Abuse, Lincoln, NE, to participate in "The Refusal Project," a research study.

"Saying No" has become a trademark of many drug and sex education efforts, but it's not as easy as the slogan suggests," says Dr. Ian Newman, director of the Center.

"The more we develop and test programs to teach saying no, the more we realize how much we have to learn about saying no," said Newman.

The researchers would like to send anonymous questionnaires to people who have been successful or unsuccessful at saying no when pressured to participate in certain risky behavior. The researchers would also like to contact those who have pressured others into unwanted actions.

Those interested in participating should contact: Ian M. Newman, Ph.D., the Refusal Project, Nebraska Prevention Center for Alcohol and Drug Abuse, 226 Coliseum, University of Nebraska, Lincoln, NE, 68588-0138.

Indiana farmers seeded an estimated 840,000 acres of winter wheat last fall for harvest in 1988. This is 12 percent above the 750,000 acres seeded for harvest in 1987. Indiana's 1987 winter wheat crop totaled 34.8 million bushels, up 16 percent from the 1986 level. The final 1987 yield of 58.0 bushels per acre is a new record high, 5 bushels above the previous record 53.0 bushels set in 1985.

Indiana's rye seedings last fall for harvest in 1988 is estimated at 50,000 acres, up 25 percent from the 1987 level. The final 1987 estimated acreage of rye harvested for grain was 11,000 acres, up 1,000 acres from 1986. The final 1987 yield of 27.0 bushels per acre was 1.0 bushel below a year earlier.

The final estimate of Indiana's 1987 oat crop places production at 6.37 million bushels, down slightly from 1986. Acres harvested were 95,000, up 6 percent from a year earlier. The final yield of 67.0 bushels per acre was 4 bushels below the record high 71.0 bushels set in 1986.

U.S. winter wheat seedings for 1988 are estimated at 48.3 million acres, down 1 percent from 1987. This is the lowest seeded level in 10 years. The nation's growers produced a 1987 crop estimated at 1.56 billion bushels, 3 percent more than in 1986. Area for grain is estimated at 39.3 million acres, down 9 percent from last year.

Yields averaged 39.8 bushels per acre, the third highest of record, 4.6 bushels more than in 1986.

U.S. rye area seeded for 1988 is estimated at 2.53 million acres, up 1 percent from last year. Rye production for 1987 is estimated at 19.7 million bushels, up 1 percent from last year. Harvested area totals 683 thousand acres, 1 percent more than in 1986. Yield averaged 28.9 bushels per acre, 0.1 of a bushel above last year.

Etna Green plans to trim trees

Permission was given to the Etna Green town superintendent to check on getting trees trimmed within the town.

Loren Melton was told at the Tuesday, Feb. 9 meeting of the Etna Green Town Board to obtain estimates from local tree trimmers to cut branches extending over electrical lines.

The work is expected to be done in the spring.

In other business, it was reported that the town's line loss for 1987 was 9.80 percent. This figure represents the amount of energy loss from electrical lines and is a "drop from the last few years," according to clerk-treasurer Pat York.

Going to state contest

Going to state ISSMA contest will be Micah Collett and Barb Burdge. They qualified for state entry by participating and receiving high ratings at the district contest.

(Photo by Biddinger)

Several members of the Tippecanoe Valley Band participated in the ISSMA District Solo and Ensemble Contest held Saturday, January 30, 1988 at Wawasee High School.

Ensembles that received excellent ratings included Mary Ann Randall, Angela McAfoose, Charles Bowman and Shari Smith. Ensembles

that received superior ratings included Micah Collett and Jamie Stackhouse. Soloists receiving excellent ratings were: Charles Bowman, Tricia Doberstein, Todd Biddinger, Jamie Stackhouse, Chuck Hornyak, Erica Egolf, and Diana Erp. Soloists receiving superior ratings were: Danelle Weaver, Micah

Collett and Barb Burdge. Both Collett and Burdge qualified for the state contest to be held on Saturday, February 27. Barb Burdge received a perfect score of 47.

It will soon be the time of the year when Nature will convince you that she is grand.

4 Powerful Reasons To Use Super Deselex-4

- ✓ **Engine Power**
- ✓ **Peak Performance**
- ✓ **Maximum Protection**
- ✓ **Premium-Quality**

The 4 in Super Deselex-4 represents the four reasons why Super Deselex-4 helps your engines run stronger and last longer. Clean-burning Super Deselex-4 keeps your maintenance bills low as it protects your equipment.

The improved performance and enhanced reliability you get from Co-op Super Deselex-4 makes it the best diesel fuel available. Protect your field time and boost your profits this season by using Co-op Super Deselex-4 premium diesel fuel.

- ✓ **HIGH CETANE** for fuel economy, fast starts, quick warm-ups and smooth acceleration. Super Deselex-4 sets the diesel fuel standard with a guaranteed cetane rating of 51. Most others rate only about 40.

- ✓ **LOW SULFUR** content of Super Deselex-4 protects your engine against sulfur deposits and costly corrosion. You'll get longer life from your engine and injectors. Plus, you'll reduce your maintenance costs and lengthen oil change intervals.

- ✓ **SPECIAL LUBRICATING PROPERTIES** assure you that Super Deselex-4 is protecting your engine against early wear. It lubricates pumps and injectors, protecting your equipment investment.

- ✓ **NO ASH** makes a notable difference in performance.

When you use premium-quality Super Deselex-4, you notice less smoke. And you'll get greater fuel economy. Super Deselex-4 burns clean—so you get maximum performance and efficient power.

Plans for new Home Health Care building announced

Sketch of planned Home Health Care building

Construction plans for the new building for home health care services of Kosciusko County have hit the drawing board and implementation should follow once fund raising goals have been achieved.

The facility, to be erected on Provident Drive, adjacent to the north end of the Mason Health Care facility, will be a one-story frame building

located on approximately one acre of land.

Floor plans indicate 16 various exam office, work and storage rooms, as well as a lobby inside the main entrance on the building's south side. A lobby for the Well Child Program is also planned at the east entrance.

There will be two enclosed offices - one for the executive director and the other for the Hospice coordinator. The balance of the office space will be an open concept with acoustical dividers being used to create work stations that can easily be removed whenever needed.

It is intended that the new H.H.C.S. facility be very flexible, with a great degree of utilization not only for the

present, but for future growth. There is adequate land available on the west side of the structure for future expansion, should it be necessary.

The east side of the building, which can be completely closed off from the rest of the facility, will have five examining rooms for the Well Child Program and other related uses, as well as an office for the coordinator.

Home Health Care Services started in October 1976. As different needs of the community were identified, H.H.C.S. expanded to furnish them. In April, 1981, Well Child Health Service was introduced by H.H.C.S. In September, 1982 H.H.C.S. formed a Hospice division.

Board hears progress report

The Akron Town Board works very hard to keep government working smoothly in the town. Members of the board are Sarah Jane Sutton, Robert Allen, Charles Sterk, and Rodney Conner. (NEWS Photo)

Members of the holding corporation heard an up-to-date progress report from town attorney Robert Peterson concerning the new fire station at the Akron Town Board meeting held Tuesday, February 16. Members of the corporation were informed of a meeting in Indianapolis, which they attended, on Thursday. They were to meet with the engineer, FHA representatives and the bond counsel.

Robert Allen reported to the board the desire of the Chamber of Commerce to improve the looks of the

buildings in town and to clean up the old buildings. Robert Peterson is going to investigate the legal aspects and then report back to the board as to what can be done to encourage owners of the buildings to improve their property.

Superintendent Gearhart reported to the board that the well motor had been rewound and that it had solved problems in that area. New pumps for the lift station at the park have also been received, according to Gearhart.

The Akron Board has also requested Superintendent Gearhart to inquire about schooling at Ivy Tech for wastewater management and treatment. Val Duggins will be helping Gearhart during the schooling period.

Sectional drawings announced

Tippecanoe Valley will take on Rochester in high school basketball sectional action on Friday, March 4. The Vikings will confront the Zebras in the first game beginning at 6:30 p.m. in the Triton gymnasium.

The Vikings defeated the Rochester Zebras in regular season play in a nip-n-tuck game on the Vikes' home court.

Triton sectional action begins Wednesday, March 2, at 7:30 p.m. with Wawasee taking on Warsaw. Action then turns to Friday with the Tippecanoe Valley-Rochester clash being followed by Triton facing the winner of Wednesday's game at 8:00 p.m.

The Friday night game winners will compete for the sectional title at 7:30 p.m. Saturday, March 5.

Tractor buffs convention set

All old tractor buffs will want to attend the Minneapolis Moline, Prairie Gold Rush Winter Convention to be held at the Cass County Fairgrounds. The event will be held in the community building on the fairgrounds in Logansport, on March 4, 5, and 6.

1988 Camelot Tourney winners

The eighth grade basketball team at Akron again won the Camelot Tourney. The Flyers defeated North Webster 53-38 in the final round for the tourney trophy. The Flyers also defeated Syracuse 65-26 and Mentone 78-50 before beating North Webster to gain the title. Team members are, from left, front row: David Bussard, Jeff Gray, Matt Harsh, Todd Yates, Brandon Howard, Steve Reese and Kevin Hill.

Back row: Coach Robert Hinkle, Jarrod Sutton, Matt Rager, Scott Johnson, Dusty Hunter, Trent Stone, Craig Cumberland, and Kris Miller. The Lady Flyers finished second in the eighth grade Camelot Tourney for girls. The Lady Flyers defeated Syracuse 38-20 and Millford 26-22 before falling to South Whitley in the final game. Scott Beery qualifies for state meet

In the finals of the Elkhart Central swim sectional, Scott Beery, senior at Tippecanoe Valley, won two races and in the process set two sectional records, two school records, an Elkhart Central pool record and qualified for the state meet in both events.

Beery won the 100-yard butterfly race in a sectional, school- and pool-record time of 51.9 seconds and he took first place in the 100-yard backstroke with a sectional- and school-record time of 54.99 seconds.

Beery qualified for the state swim meet by finishing first in the events, but he was also well under the state meet standards of 54.23 seconds in the butterfly and 57.14 seconds in the backstroke.

The state meet preliminary races will be held Friday evening at the Indiana University Natatorium in Indianapolis. The finals and consolation finals will be held Saturday afternoon.

Beery also teamed up in the sectional with Bob Lynn, Gabriel Whetstone and Paul Goodwin to set a school record in the 200 medley relay with a third-place time of 1:46.39.

LEGEND OF THE RED ROSE

Beneath the cross, where once the Son of Man had died.

On barren soil, His crown of thorns was cast aside; But nourished there by crimson drops for sinners shed.

It then brought forth its leaves of green and blossoms red.

The years sped by; that hallowed hill became a shrine;

And people came to worship there, where Christ divine

Had borne our sins. Their wonder grew; As they knelt there

A tiny shrub burst forth with blooms of fragrance rare.

Departing then, each bore, upon his journey home,

A little twig to plant; and later, folks could roam

Both far and wide, to find the same sweet flower grows

In every land; and thus was born, a sweet, red rose.

In Fashion

There's a return to the jacket dress. Collarless jacket lengths vary from the minimal bolero over a slim-fitted jumper dress to a three-quarter princess jacket over a simple little dress—both in a luxurious soft silk.

Navy is always a popular spring color. Lilac and black are a new color combination.

Service notes

Navy Fireman Jimmie L. Johnson, son of Jimmie N. Johnson and Esther E. Swihart, both of Rochester, recently deployed to the Western Pacific Ocean aboard the guided missile cruiser USS Truxton, homeported in San Diego.

A 1983 graduate of Rochester Community High School, Rochester, he joined the Navy in January 1986.

Army Private Jim R. Rodriguez, son of Connie E. Wiesehan of Rt. 1, Claypool, has completed the tactical satellite/microwave systems operator course at the U.S. Army Signal School, Fort Gordon, Ga.

The course provided enlisted personnel with a working knowledge of the proper installation and operation of tactical microwave and multiplex equipment.

He is a 1987 graduate of Tippecanoe Valley High School, Mentone.

GIVES ME A LIFT

The cardinal in the apple tree,
With his merry song,
Gives me a lift,
To last me all day long.

The hawk flying overhead,
To his woodland roost,
With his lively cawing,
Gives me quite a boost.

The singing of the leghorn hens,
So lustily day and night,
Tho so very common place,
Makes my spirits bright.

The honking of the wild geese,
Going south in spring,
Sends my spirits soaring
And hope to me brings.

A new beginning...

MOORE MANOR (?)

How many of you drive past the cottages and around the lake? We drive past several times during the summer and also in the winter months.

During these drives, we have noticed the various names placed on the cottages and have come to wonder just how and why they got their names.

Since Doug and I don't have a cottage, the only thing left to name is our home. You're probably saying to yourself, "But people don't name their homes." Well, why don't they? Just imagine how many unusual and catchy phrases could be worked into naming your home!

After much thought, (and chuckling from other household members) I mentioned several names to the family. Moore Manor was the first idea. It must have been a lousy idea - they just looked at me and didn't say a word. True, our home doesn't look like a manor but the name was catchy. Moore...and Moore...and Moore...this was even worse judging from their expressions. Moore's Mayflower (we sailed into new territory nine years ago when we built the house) was also marked off the list as possible names.

At last, I thought I had it! Mount Rushmore! Who rushes more than we do? Only a smile, not a go-ahead. Unmistakably Moore...no good. (This nearly brought booping from the boys!)

The Happy Haven, The Family Fortress, Our House, Hilltop Haven, The Candy Apple, and Simple Solitude also went without approval.

I asked if they could come up with something any better. Here are some of their suggestions: Hippy, Hippy Hilltop, Jocularity Junction, and Ho Ho Hollow!

As of this writing, the subject has been put on the back burner. However, before spring, we're hoping to come up with a suitable title for the home. It may not be posted in the front yard but hung above the patio door in the back yard.

"Doggie's Delight" was chosen for our dog. Wish us luck for our house! If the dog can have her house named, so can we!

Mr. and Mrs. Harold Kuhn are the parents of a nine pound son born Tuesday, February 22nd, at their home near Denver. The baby was named Leonard Doine. Mrs. Kuhn is the former Thelma Smoker.

The AKRON NEWS subscription campaign closed Saturday night with Blanche Blackburn winner of the first prize of \$250, Ralph Kercher second, and Viola Funnell third. Mrs. Blackburn has amassed a total of 14,829,000 votes in the campaign and was far ahead of the runner-up, Mr. Kercher, who had 11,098,000 to his credit. Mrs. Funnell had 5,773,000 votes when the judges made their final count. H.L. Rogers, Mrs. Frank Miller, and E.E. Gerig acted as judges in the final tally of the votes and announced the winner about half an hour after the contest closed. As a result of the contest the Akron News has one of the best lists of subscribers of any weekly newspaper in the state and now boasts a paid-in-advance circulation of 1500 papers. This list is an all-time high for the NEWS, and the paper now goes to nearly every home in this trade area. This blanket circulation means increased business for local advertisers and should help to promote civic unity.

Mr. and Mrs. H.R. Howard and daughter, Shirley, entertained the Akron High School cheerleaders at dinner last Friday evening. Guests were: June Slaybaugh, Olive Drudge, Justine Baber, and Laura Waechter.

Approximately forty-five neighbors and friends of Mr. and Mrs. Bruce Stoffer and family gathered at their home in Disko Wednesday evening and enjoyed a community dinner. The occasion was a farewell party for the Stoffers, who are moving soon.

Dr. and Mrs. Virgil Miller and baby, Dorothy Rose, spent several days this week in Jasonville, Indiana with her father.

Cleo Dershem has assumed the managership of the Gamble Store, replacing Ralph Barnhart, from whom he purchased the stock last week. Paul Lamoree also maintains his radio repair shop in the rear of the store.

If anyone should ask you about the weather, one word will give a rather complete answer - terrible! However, we in this area have been favored over others in that our snowfall was not as great. The ground is well covered and as the temperature has remained in the zero area for some time, there has been much drifting of the snow. Most roads have been passable.

Ora L. McKinley, of the Mentone Lumber Co., Mentone was named President of the Northern Indiana and Southern Michigan Lumber Dealers' Association at its 57th annual convention held at Hotel Elkhart. In Elkhart on Tuesday, Mrs. McKinley was vice president last year and has served four years on the board of directors. Mrs. McKinley was also named to serve on the convention committee for the ladies for the coming year. It is certainly a compliment to the McKinleys and Mentone for them to be honored with these positions.

Mr. and Mrs. Ned Witham are the parents of a daughter, Novelene Elizabeth, weighing five pounds, 13 ounces, born Friday morning at the Woodlawn Hospital.

Mr. and Mrs. Wayne Kirkham, of Greencastle, are the parents of a 7 pound, 10 ounce son born last Thursday at Woodlawn Hospital. The new son has been named Marc Edward. Mrs. Kirkham is the former Joan Ummel. Mrs. Edith Ummel of Beaver Dam is the maternal grandmother.

Mr. and Mrs. Ralph Ward are now in their new store located in the old telephone building, just across Main street from their former location. The 44-foot wide building has been completely rebuilt. The front is of ColorTone stone, and two large plate glass windows are at each side and a nice glass door and entrance is at the center. The interior is beautifully decorated with the sidewalls of a pastel shade and gray floor tile. Display racks have been painted with a new type "speckled" paint. Back of the store portion there is an apartment of six rooms and the rear portion of the building, 22x42 feet, is in shop space with openings large enough to drive equipment trucks through them. Mr. and Mrs. Ward plan an "official" opening later in the spring.

Mr. and Mrs. Jerry Reed and daughter of Servia, Mr. and Mrs. Merl Linn were Sunday evening supper guests of Mrs. Bessie Robbins and Virgil.

Mr. and Mrs. Larry Boggs and Jo Ellen, Mr. and Mrs. Bill Griffiths and Brad were Sunday guests of Mr. and Mrs. Gilbert Griffiths and Bob.

Couple repeats vows

Sarah Baker, daughter of Dean and Suzanne Baker of Akron, and Richard Solano of Griffith were united in marriage on December 19, 1987. The couple repeated their vows in the Akron United Methodist Church with the Rev. Merlyn Cox performing the ceremony.

Christmas colors of red and white decorated the church. A fifteen foot Christmas tree, poinsettias and red roses added to the seasonal decorations. Providing musical selections were Alona Leininger and Lori Deardorff, both of Akron.

The bride's gown of white satin, lined with taffeta was designed by her mother-in-law. The gown was enhanced with a bodice of fine lace. For something old, the bride carried her grandmother's handkerchief; for something new, she wore a veil of white satin flowers attached on a ring with a blusher; for something borrowed, she wore her mother's pearls; and for something blue, she wore a blue garter worn by a friend married 25 years ago.

The matron-of-honor was Lisa Harris of Akron and the best man was Victor Solano of Griffith, a brother of the groom. The groom's niece and nephew, Kimberly and Paul Conrad, were the flower girl and ring bearer.

The couple reside in Pompano Beach, Florida, where he is a full time student at Broward Community College and she is a site engineer for Waste Management, Inc.

It's Up To You

God gave you this day to do just as you would. You can throw it away - or, do some good.

You can make someone happy, or make someone sad. What have you done with the day that you had?

God gave it to you to do just as you would.

You could do what is wicked or do what is good. You can hand out a smile, or just give a frown.

You can lift someone up, or push someone down.

What did you do with your beautiful day?

God gave it to you, did you throw it away?

Senior Citizens, the menu will be subject to change in order to utilize the commodities provided by the USDA.

Our thanks to Henry township trustee Mary Ann Carr for the efficient way the commodities were handled. To Jesse Henderson, Wayne Spence for delivery to the Nutrition Site. Also, to Trella Bastain, Mabel Alderfer for sacking commodities. Kenneth Bright for delivering to the homebound people.

Fulton County nurse Diane Jones will take blood pressures every second Thursday of each month at our Akron Lions Club Nutrition Site. As always we thank her for the kindness she gives to our senior citizens. We wish Helen Hartzler a speedy recovery. She is missed at the site by everyone. If you are 60 yrs.

of age or older, come join us for a well balanced meal and fellowship. For your meal reservation, please call 893-7204 the day before, between the hours of 9:00 a.m. - 12:30.

Monday - Swiss steak, mashed potatoes with gravy, broccoli with cheese, mixed fruit, brown bread, milk, coffee.

Tuesday - Pork loaf, macaroni 'n' cheese, green beans, orange, roll, milk, coffee.

Wednesday - Chicken and noodles, mashed potatoes, stewed tomatoes, apple sauce, brown bread, milk, coffee.

Thursday - Smoked sausage, spinach, plums, biscuit, sugar cookies, milk, coffee.

Friday - Chicken pot pie, cauliflower, cole slaw, peaches, sugar cookies, milk, coffee.

Dividends increased

The board of directors of Lincoln Financial Corporation has increased the quarterly dividend to 21 1/4 cents per share, an increase of 6.25 percent from the previous dividend of 20 cents per share. The dividend is payable on April 1, 1988 to shareholders of record on March 11, 1988. This represents the fourth dividend increase since the beginning of 1985.

New health service for Warsaw area

Community Dialysis Services began treatment February 1, 1988 in Warsaw, bringing renal dialysis treatment closer to home for patients in Warsaw and the surrounding area.

Community Dialysis Services will initially serve eight patients who go for treatment three days a week. Hemodialysis is a substitute for the kidney function, duplicating waste product and water removal. It is a life maintaining procedure for persons with kidney failure.

The results of a yearly study by the End-Stage Renal Disease Network, a government entity, indicated a need for 12 more dialysis stations in the region served by Lutheran Hospital, Ft.

Wayne. In Warsaw, Community Dialysis Services will eventually employ three part-time registered nurses and a full-time assistant head nurse. The majority of the current staff was hired from the Warsaw area. A nephrologist (A physician who specializes in the treatment of kidney disease) will be available there one day each week for consultation.

The free-standing facility, housed on the campus of Kosciusko Community Hospital, encompasses 1,750 sq. feet of space leased from Kosciusko Community Hospital. The facility was renovated by Lutheran to meet the unique needs of dialysis treatment at a cost of approximately \$175,000.

R. Allan Unzicker, 25, of Rt. 1, Claypool died at 1:45 a.m. Saturday, February 20, 1988 in his home after an illness. Mr. Unzicker was a farmer.

He was born Jan. 23, 1963, in Rochester. On Dec. 28, 1984, in Mentone, he married Lou Ann Baker. She survives with a son, Jeffery Allan, at home; three sisters, Laura Unzicker and Tami Unzicker, both of Claypool, and Sonya Galloway of Grand Rapids; his parents, James and Mary Ladson Unzicker of Claypool; a maternal grandmother, Mildred Ladson of Mentone; and paternal grandmother, Melissa Unzicker of Claypool. He was a member of the First Baptist Church of Mentone, where he had been a Sunday school teacher. He was a 1981 graduate of Tippecanoe Valley High School.

Services were at 10:30 a.m. Tuesday, Feb. 23 in the First Baptist Church of Mentone. Burial was in the Sycamore Cemetery, south-west of Mentone. King Memorial Home, Mentone, was in charge of the arrangements.

Nelson hosts Seward Club

The Seward Home Extension Club met Wednesday, Feb. 10 at 1:30 p.m. in the social room of Burket United Methodist Church. President Esther Nelson led the group in pledge to American and Christian flags and the Club Creed. Meditation was given by Darlene Arnold. Darlene also led the group in singing "Hello My Baby".

Garden remarks were given by Merdena Bechtol; Health and Safety remarks by Garnet Latimer; and Culture Arts by Darlene Arnold. The roll call, "Something of interest you have", was answered by twelve members. The Secretary and Treasurer reports were read and approved.

During the business meeting the president reported on the County Presidents meeting. It was announced "Each One Reach One" will be held March 9 at the Wesleyan Church on old St. Rd. 30 west of Warsaw at 6:30 p.m. Guests are welcome.

The club will be enjoying dinner and a play at Wagon Wheel Playhouse on April 28. Irene Miller conducted the auction, followed by refreshments served by Elaine Rhodes and assisted by Elva Longbrake.

The next meeting will be at same location with Lulu Eaton as hostess on March 9, at 1:30 p.m.

Akron Carnegie Library

New books available at the Akron Public Library are:

Chilton's Auto Repair Manual, eight years of coverage, from 1981 to 1988. A very useful book.

Rescue, the Exodus of the Ethiopian Jews, by Ruth Gruber - The plight of the Ethiopian Jews grabbed the attention of the world in 1985 when the revelation of a secret rescue mission dominated the headlines. The author now gives us a rare behind-the-headlines account of the event with all the intrigue and suspense of a first-class thriller.

Old Age Is Not For Sissies, by Art Linkletter - In this book, he offers sound practical and compassionate advice that will help Senior Citizens choose a brighter future. Linkletter's own warm, witty and humorous reflections are enhanced by comments from such well-known Seniors as George Burns, Bob Hope, and Betty White.

Never Pass This Way Again, by Gene LePere - She was just another tourist, until she was arrested in Turkey for a crime she didn't commit. This is the true story of her imprisonment and daring escape from that country.

Thumbs Up, by Mollie Dickenson - The life and courageous comeback of White House Press Secretary Jim Brady, and his long-awaited return to his job of press secretary.

An Apple A Day, Adventures of a country doctor, by Dr. Cornelius Slater - Fresh from the rigors of his London medical school, Dr. Slater thought life as a country doctor would be easy. But he hadn't bargained on being a "furriner" - or on the eccentricities of his fellow villagers.

Vets work program extended

President Reagan signed legislation in late December 1987 extending the deadline for certain unemployed veterans of the Korean and Vietnam era to apply for consideration under the Veterans Job Training Act. The extension establishes June 30, 1988 as the date by which a veteran must apply or reapply for a Certificate of Eligibility.

According to Roy E. Bailey, Director of the Indianapolis Veterans Administration Regional Office, this same deadline applies to employers wishing to participate in the program under which they may be reimbursed 50 percent of a veteran's starting hourly wage, up to a maximum of \$10,000.

Bailey encourages veterans and employers seeking additional information to contact the VA Regional Office for details.

4-H enrollment deadline, March 1

All Kosciusko county youth between the ages of 7 and 19 are reminded that the enrollment deadline for 4-H in Kosciusko County is March 1. Young people interested in joining 4-H in 1988 are urged to contact their local 4-H club leader or the Extension Office for enrollment materials and information.

The Kosciusko County 4-H program offers over 60 different 4-H projects. In addition, there are many 4-H activities that are fun as well as educational for young people to participate in.

4-H Trips - these are worthwhile project-related trips for 4-H youth and include: State Junior Leader Conference, State 4-H Roundup, Animal Science Workshop, Plant Science Jamboree, Boys and Girls State Fair Schools, Natural Resources Leadership Camp and Conservation Camp.

Demonstrations - Demonstrations are a fun method of "showing and telling" how to do something. Demonstrations are given at local 4-H club meetings, and at county, area and state contests.

4-H Judging - 4-Hers have an opportunity to gain some real experiences in doing the judging themselves. Contests are offered in Livestock, Dairy, Horse and Pony, Crops, Entomology, Forestry, Horticulture, Dairy Foods, Poultry, Soils and Meats.

Share the Fun - Share the Fun is a county 4-H Talent Festival. County winners advance to perform at the sub-area contest and winners there advance to perform for 3,000 4-H members at State 4-H Roundup. Individuals and group acts are eligible to participate. In addition to the competition, 4-Hers enjoy performing on stage for others.

Workshops - a number of workshops are held throughout the year for members to receive specific and timely information about their projects.

4-H Camp - 4-H Camp is held each year in cooperation with Starke, Marshall and Fulton Counties at Camp Alexander Mack in Milford. Camp is held in June, and 4-H members 10-14 years of age may participate. Camp lasts three days and includes activities such as swimming, boating, crafts, recreation and sports, nature studies

and many others.

County Fair - The county fair is of course the show place for our 4-H projects. 4-Hers exhibit their completed projects ranging from arts and crafts to wild-life and cats and dogs to their prize beef cattle.

This is a very brief summary of a few of the many 4-H programs available to 4-H members here in Kosciusko County. 4-H is open to all boys and girls between the ages of 7 and 19, and we have something for everyone. Call us at the Kosciusko County Extension Office for more details. The phone number is 267-4444 or 457-5757 extension 340.

4-H Calendar

Achievement record books judged

4-H members who submitted Achievement Record Books for 1988 had their books judged last week. A total of 15 books were judged this year. In the Junior Category 4-Hers competing were: Lisa Strang, Deanna Burch, Jill Sommers, Michele Demske and Christina Warren. All five were winners of top awards in the Junior Category.

In the Senior Category advancing to State Competition are: Rebecca Van-

TV students to attend conference

Clinton Alexander, Rochester; Lisa Trump, Mentone; and Michelle Gunsolley, Winona Lake, all have been selected to participate in the Taylor University President's Honors Conference to be held Feb. 25-27.

Alexander and Trump are juniors at Tippecanoe Valley High School and Gunsolley is a senior at Lakeland Christian Academy.

Students invited to the conference are selected based upon SAT scores, GPA, class ranking, and counselor evaluations.

ATA members win awards

Area taekwondo students recently competed in the Regional Taekwondo Championships held at LaPorte. The competitors brought home several awards from the competition including some first placings.

Valley gets share of TRC title

The Tippecanoe Valley basketball team pulled away in the third quarter at Whitko and captured an 84-71 victory Friday night, forcing a three-way tie for the TRC championship.

The Vikings finished their TRC season tied with Manchester and Northfield with marks of 5-2. Whitko missed a chance to make it a four-way tie Friday when it lost its third conference game, 70-60 at Southwood.

Valley led Oak Hill by just four points, 39-35, at half-time. The Vikings then outscored the hosts 19-10 in the third quarter for a 58-45 advantage. Both teams scored 26 points in the final period.

Valley put together a balanced attack led by Pete Terpstra with 21 points and Dion Anglin with 18. Randy Cumberland added 16 points. Dustin DuBois scored 13 and Craven Lynn scored 12 points. Valley's only other field goal came from Hans Heltzel. Scott Smith sank two free throws.

Oak Hill was led by Matt Hale with 26 points and Chris Blair with 25.

Terpstra and Lynn led Valley to a 39-37 advantage in rebounds with nine boards apiece. Cumberland paced the Vikings with seven assists.

A 28-of-32 effort from the free throw line helped Valley pull away and maintain its lead. The Vikings outscored Oak Hill by just three points, 56-53, from the field. Terpstra sank 10 free throws for Valley, now 11-7 overall. Lynn hit on eight and Anglin sank six.

Oak Hill won the junior varsity game 54-45. Chris DuBois led Valley with 17 points.

Vikes fall to Plymouth

The Tippecanoe Valley boys' basketball team dropped to an 11-8 mark with a 72-63 loss at Plymouth, Saturday, Feb. 21.

Tippecanoe Valley fell behind by 10 points, 56-46, in the third quarter at Plymouth and never recovered. The Vikings made up only one point on the Pilgrims in the final eight minutes.

Dustin DuBois paced Valley with 16 points. Dion Anglin added 15 points and 14 rebounds and Pete Terpstra scored 14 points. Brent Osswald sank six three-point shots and led Plymouth with 43 points.

In junior varsity action, Valley nipped Plymouth 37-35 in overtime behind the 11 points of Chris DuBois.

The Vikings will end their regular season Friday with a home game with John Glenn.

If you can't laugh at yourself, learn to occupy your time with a good hobby.

Sheep and lamb numbers down

Sheep and lambs on Indiana farms January 1, 1988 totaled 80,000 head, down 12 percent from a year earlier. The stock sheep total at 73,000 head is down 11 percent from a year ago and is a record low for Indiana. The sheep inventory included 57,000 ewes one year old or older, down 10 percent; 10,000 ewe lambs; 4,000 rams and wethers; and 2,000 ram and wether lambs.

The 1987 lamb crop in Indiana was 75,000 head, 12 percent less than in 1986. The lambing rate was 119 lambs per 100 ewes one year old and older. Total value of sheep and lambs on hand January 1, 1988 was \$6.3 million, 4 percent below a year earlier. The average value per head was \$78.50, up \$6.50 from last year.

All sheep and lamb inventory in the United States on

January 1, 1988 totaled 10.8 million head, up 4 percent from the 10.3 million head a year earlier. The value of sheep and lambs on hand January 1, 1988 totaled \$969 million, up 24 percent from a year earlier. The average value per head was \$89.90, up \$14.20 from last year.

The U.S. stock sheep inventory increased to 8.99 million head on January 1, 1988, up 2 percent from 8.83 million last year. Ewes one year old and older, at 7.08 million head, increased 3 percent from a year earlier. The inventory of ewe lambs on January 1, 1988 totaled 1.27 million head, a 2 percent decrease from January 1, 1987.

The 1987 U.S. lamb crop of 7.23 million head decreased 2 percent from the 1986 lamb crop. Breeding ewes one year old and older on January 1, 1987 were nearly the same as the previous year. The 1987 lambing rate was 106 per 100 ewes one year old and older, compared with 108 in 1986 and 103 in 1985. Sheep and lambs on feed January 1, 1988 for the slaughter market in the 25 major feeding states totaled 1.78 million head, up 18 percent from a year earlier.

Machinery setup to be discussed

The next meeting of the Arrowhead Country Forage Council will be at 7:00 p.m. at Gilsinger Implement on St. Road 35 south of Winamac on March 10, 1988. The main topic will be machinery setup and adjustments for baling quality forages.

Forage production is an easy way to comply with conservation provisions and the Forage Council can help market the forages into areas of the U.S. where the demand is great. For more information call the Soil and Water Conservation District, 223-3220.

Farmers get more for products

The January 1988 Index of Prices Received by Indiana Farmers at 210 (1967=100) was up 3 percent from December 1987 and up 4 percent from January 1987. The mid-month price for winter wheat, oats, all hay, turkeys, and eggs decreased from last month. The mid-month price for corn, soybeans, apples, hogs, and beef cattle increased from the previous month.

Commodities for which the mid-month price decreased from the previous year include apples, hogs, turkeys, eggs and whole milk. Commodities for which the mid-month price increased from the previous year include corn, soybeans, winter wheat, oats, all hay, and beef cattle.

The Livestock Price Index increased 5 percent from last month to 235, but decreased 2 percent from January 1987. The Crop Price Index of 190 was up 1 percent from a month ago, and 22 percent above January 1987.

Men turning 26 reaching milestone

The Selective Service System has announced that men who will reach their 26th birthday in 1988 and who have not registered with Selective Service may forfeit their eligibility for some federal programs.

Men who were required to register with Selective Service in 1981 will be turning 26 this year. The law requires that young men register with Selective Service within 30 days of the day they turn 18. Although tardy registrations are usually accepted, Selective Service does not have the authority to accept registrations after a man reaches age 26. By failing to register before turning 26, a young man may permanently forfeit his eligibility for federal student aid, job training and most federal employment.

Likewise, some states require registration for state student aid, entrance to a state supported college or university, state employment and permission to practice law.

Many of the men who have still not registered may be unaware of the requirement or do not understand the importance of the obligation to register. Some may even have served in the military but failed to register either before entering the Armed Forces or after leaving active duty. Others may have been institutionalized or incarcerated at the time of their 18th birthday and not realized that they were required to register within 30 days if released prior to age 26.

For those men born in 1962 who have registered, 1988 also marks the year that ends

PSI customers give to Helping Hand fund

In just two weeks, Public Service Indiana customers have given more than \$7,250 to PSI's Helping Hand program, a winter energy-assistance fund for low-income elderly or disabled customers.

PSI began asking customers to contribute Feb. 1. A bill insert explaining the program and a return envelope for contributions are being mailed to more than half a million customers over the month.

Under the plan, eligible customers can receive up to \$30 in matching funds per month for three months. The customer or a sponsoring agency must also pay a portion of the customer's bill.

Customer donations will be added to the \$100,000 already donated by Public Service Indiana shareholders, \$2,000 contributed

by the Ralston-Purina Company and \$1,500 from PSI employees.

To apply for Helping Hand assistance, customers should contact their local Public Service Indiana office for a list of sponsoring agencies in their area. Customers may apply for assistance at any of those agencies.

Tax-deductible contributions to the program can be made by sending a check payable to "Helping Hand Fund" to Public Service Indiana, 1000 E. Main St., Plainfield, IN 46168.
