Akron Viking Club

The Adult Viking Club, had a raffle for a Get Away Weekend.

Mr. and Mrs. Bill Sisk, Claypool, won the trip. They can decide on any weekend of their choice to go to Merrillville. They will be staying at the Holiday Inn Holidome, and will be entertained at the Star Theatre.

The Adult Viking Club of Tippecanoe Valley High School, is sponsoring a 12 team playoff called "Old Timers", Sectional Basketball Tourney. It will be held on April 19 through the 22, 1989, at the Tippecanoe High School.

If you graduated before 1969, and played on a sectional basketball team, we need you! You may play for the school you graduated from. Cheerleaders are also needed from these schools.

The Championship game will be held on a Saturday afternoon.

A record hop will be scheduled after the game. Anyone interested can contact, Lew Goodwin, after 5:30 p.m., at 491-3272 or for more information.

Girls basketball team ends successful season

The 1988-89 girls basketball team's season ended with an overall record of 14-4.

Mr. Burkhardt said, "This years team was unique in the fact that we returned very little experience. This years team has exceeded my expectations. It's a very hard-nosed team, that has met every challenge this season. This team has improved with every game and has a great blend of seniors and underclassmen.

Up to this date Valley had many accomplishments to boast about. They have had 12 victorious consecutive winning games, the Holiday Tourney for the fourth year in a row, and the TRC for the second year in a row. The girls have also set a record in the Cass game making 28-34 on free throws.

"I am extremely proud of the work ethic of our basketball players. It is their time and efforts during the off-season, which continue to make Valley basketball a success," said Coach Burkhardt.

Akron Town Board Meeting

Supt. Gearhart presented an estimate of \$2,600 for the repair of 230 ft. of the Leininger ditch which the county said is the town's responsibility. After some discussion Bob Allen made the motion to accept said quote, Chuck seconded, vote was three yes.

Marshal Lawson introduced John Dunn, Indiana State Police and he talked to the board about hazardous waste that is being hauled through Akron. He said, "The waste going through here is oils and chemicals from industrial plants, most of it is mixed with soil and sand. This type of waste is not a hazardous (corrosive and flammable) as the farm chemicals and gas that is transported over the same roads." State police carefully monitor the trucks and have not detected any leaks, the only violation they have found is excess speed and they assure us they will continue to watch them. He said, "The only ones who can re-route them are the state highway department or the state legislature but we should not be overly concerned at the danger involved."

President Allen reported that the new appraisals for the real estate have been received and the advertisements will be in the papers on January 18, bids received will be opened at the February meeting.

The board is currently working on a policy statement for the collection of utility bills and it should be completed by the next meeting also.

Charles Sterk agreed to serve as the town representative on the County Community for setting guide lines for tax

abatement. Clerk will notify the county auditor

Supt. Gearhart presented his report for the year 1988 which includes the following:

15 service lines were replaced 8 of which were lead.

Two new water taps were made, 1 sewer tap and 3 sewer taps hooked up.

Three water main leaks were repaired, 2 valve leaks.

120 Ft. of new water lines laid, 2 new valves installed.

One fire hydrant was replaced, 1 added and 1 moved.

62,207,100 gallons of water was pumped during the year, both wells were inspected and packed on January 9, both are in excellent condition.

Supt. Gearhart requested permission to order the street signs that need to be replaced and the posts to install them, it was granted. He also expressed a need for hour gauges to monitor the activity of the wells but due to the cost involved this will be considered at a later date, due to the expenses of putting the new building in order. Phil Allen will get a quote on door openers for the fire station doors. Supt. was given permission to sell the gas pump and tank to Duane Hackworth for \$150.00. The pump had been removed and the tank will be soon.

A proposal prepared by GTE for installation of a new phone system at the new building was considered by the board, because of the money involved and the needs we have, the board voted to stay with the same type of service we have now. There are 6 lines buried into the building and this seems sufficient since we will only require 5 lines at this time.

Dieting Is Just Unjust

Have you seen the statue that signifies justice? You know, the one holding the scales who is blindfolded. Well, I'm convinced this thin lady had been dieting before she posed for the sculpture.

Several women I know have resolved to maintain their diets they began January 1. By now, I can imagine each and every one of them posed as the statue with a

scale in their hand. On one side of the scale is a piece of pie tipping the scales to the lowest point. On the other side is a vegetable plate high in the air, good for them, yet low on their list of favorites by this time. No wonder the statue has a blindfold over her eyes. I'd like to deny the outcome of that weigh-in myself.

This all started with Oprah Winfrey. Working five days a week from 8-4:30, the average working woman misses such shows. However, where there's a will, there's a way. By way of VCR, a lady named Carol taped the show in which Oprah told of her successful diet. This is the show that fueled diets for all of us in Carol's department. But don't think she didn't have her work cut out for her....she did!

After watching the tape that evening, Carol told us the tale over our usual dessert at lunch the next day, pie. She was especially impressed when a bag of fat weighing 69 pounds was wheeled on stage. This bag represented the weight Oprah lost on her diet. It looked grotesque and Oprah pointed out that although she had carried that much fat on her body, she was unable to lift the bag on stage. Other details were related to us as we ran our forks over the crumbs on the plates to get each and every bit of pie.

I knew the signs. This was the look of a woman contemplating losing weight. I secretly hoped her new found enthusiasm would rub off on the rest of us. I also believe the others, though they may not admit it, saw the signs too. We ordered fruit at Christmas time getting ready for good food after our final "hurrah" over the holidays. I also heard comments like, "You realize, we're going to have to do something about this."

I looked one more time at the justice statue and was alarmed to see my own image in her face. (The body sure wasn't the same!) I was hoping yet dreading the beginning of the diets in my department. It takes something like this to motivate people like me, and besides, if I continued eating as I always do I might be the downfall for someone else.

The only thing to do was to cover my eyes as justice does and forget about the things I shouldn't eat. I guess there's just no justice.

AIDS awareness

Two AIDS Awareness Programs will be offered by Tribal Trails Girl Scout Council to educate adults in AIDS Awareness and how to handle a spill of bodily fluids. The sessions will include a film, a presentation, and a question and answer period.

The first session will be February 7 in Logansport at the Dunbar House Girl Scout Service Center from 7 p.m. to 8 p.m. Please register in advance by calling 219-722-4464.

The presenter will be Ms. Louise Sigafosse, the Exec-

utive Director of the Cass County Chapter of American Red Cross.

The other session will be February 9 in Kokomo at the Girl Scout Little House from 7 p.m. to 8 p.m. Please register in advance by calling 317-459-8303. The presenter will be Ms. Khris Conyers, a Howard County Public Health Nurse.

Tribal Trails Girl Scout Council serves the counties of Carroll, Cass, Fulton, Howard, Miami, Pulaski, and Wabash. They are supported in each by the United Way or United Fund.

Door to door salesman

Health officials have indicated that door-to-door salesman are traveling the state trying to sell water purifiers by telling Hoosiers their drinking water might not be safe.

Attorney General Linley Pearson says many of the door-to-door sellers of water purifiers are not armed with the truth. Instead, they use scare tactics and high pressure sales methods to convince Hoosiers to buy unnecessary products.

"If you live in a city or town with a water system, rest assured that your water is tested nearly every day to make certain it meets state and federal standards," Pearson says. "By state and federal law, public water supplies must be tested on a regular basis. If there are water impurities, the water treatment plant takes immediate action to correct the problems."

If you live in a rural area and your water comes from a well, you will want to have your water tested for impurities. County health departments perform this service.

"Many people are concerned about the safety of their water supply. That concern should not, however, lead to hasty decisions to purchase products that probably will not perform as promised," Pearson says.

In Indiana, consumers are protected by a law that allows them to cancel a contract in three business days if they are solicited in their homes," Pearson says.

"That means if someone comes to your home and tries to sell you a product, and you decide to buy it, you can cancel the contract and obtain a refund within three business days," Pearson explains.

Pearson says consumers should be aware that many salesmen will use high pressure sales tactics to make a sale.

"If you are told by a salesman that an offer for a product is 'good today only' or is a 'once in a

lifetime offer,' that should set off an alarm telling you not to fall for the sales pitch," Pearson says.

"Often times salesmen will use those tactics to make a sale, but as a consumer you need to know that those statements could be misleading. If you are told the price of a certain item is good for one day only, that is more than likely bait to get you to purchase the product," Pearson says.

The attorney general says salesmen often use scare tactics to make sales. Some of those tactics could include presentations including polluted water.

"If you are concerned by what a salesman tells you, call your water treatment plant to determine the validity of the statements," Pearson says.

Many salesmen on the door-to-door circuit offer bonus prizes or gifts for participating in a sales presentation or placing an early order.

"You should be aware that those are just tactics to get your attention and make a sale," Pearson says. "If the salesman has to give away prizes to make a sale, ask yourself how reliable or dependable the product could be."

If you decide to purchase any type of water purification device, make certain you are well informed about the product before you do so, Pearson says.

"There are many publications you can read to determine whether the product you are considering is worthwhile," Pearson says. "Most importantly, you should read literature other than that given to you by the salesman. Several consumer publications are readily available at public libraries to assist you in making a decision."

If you want to register a complaint about a product you purchased from door-to-door salesman, call the Consumer Protection Division of the Attorney General's office at 1-800-382-5516.

24-Hour Sing-A-Thon

Singers of all callings will keep music in the air at the Oaks on the Manchester College campus February 3-4.

In a 24-hour Sing-A-Thon, singers from across the campus will raise their voices to raise funds for a European concert tour by the college's A Cappella Choir. Sports team, office staffs, administrators, students, and choir members will all lend their time and vocal abilities to the Sing-A-Thon.

The continuous singing begins at 1 p.m. Friday, February 3, and will continue through 1 p.m. Saturday, February 4. Members of the A Cappella Choir are collecting pledges from persons interested in sponsoring singers either by the minute or the hour.

The tour will be a joint effort with the University of Indianapolis Concert Choir and is scheduled for May 25 through June 7. Concert locations include Amsterdam, Brussels, Heidelberg,

and Strasbourg. Dr. Patricia Cahalan, Manchester assistant professor of music, is the choir director. Dr. Paul Krasnosky directs the University of Indianapolis choir.

The Oaks will be open throughout the Sing-A-Thon. Admission is free, but donations will be accepted. For further information, contact Dr. Cahalan at 982-2141, Ext. 296.

It Happened in Mentone

IT HAPPENED IN MENTONE
TAKEN FROM THE NORTHERN INDIANA CO-OP NEWS
FEBRUARY 4, 1959
30 YEARS AGO

A fire that started in the new office section of the old Mollenhour Manufacturing plant at the west edge of Mentone about eleven o'clock Tuesday evening caused damages in the neighborhood of \$20,000 to the 40x120 foot two-story structure and the machinery within. Origin of the fire is unknown but a gas heating unit is suspected.

The Girl Scouts Troop 40 met Wednesday evening at the Methodist church. The meeting opened by the president, Connie Wallace. A short business session was held. Some of the girls received their second rank badges. They were Connie Wallace, Sherry Bryan, Lorna Tridle, Kathy Shinn, Martha VanGilder, Joan Mollenhour and Linda Smith. Delicious refreshments were served by Lorna Tridle.

Rachel Eleoise Walters has been named 1959 Betty Crocker Homemaker of Tomorrow at the Mentone High School. She received the highest score in a 50-minute written examination on homemaking knowledge and attitudes taken by graduating senior girls in her school. She will receive a homemaking pin manufactured by Josten's which represents the slogan, "Home is Where the Heart Is."

Mr. and Mrs. Adam Stout of Akron, Robert Sittler, Wayne Baumgartner and son Jerry, Mrs. Myrtle Davis and Mr. and Mrs. Joe Miller were last week callers of Mr. and Mrs. Ora Tucker.

Mr. and Mrs. Jerry Reed and daughter of North Manchester, spent the week end with Mr. and Mrs. Merl Linn.

Mrs. Lillian Witham was the guest of honor at a birthday dinner given by Mrs. Howard Stutzman at Etna Green Sunday. Other present were Howard Stutzman and children, Mr. and Mrs. Rex Witham and family, Mr. and Mrs. Robert Burnett and family, Mr. and Mrs. Ned Witham and sons and Mr. and Mrs. Alan Rovenstine.

IT HAPPENED IN MENTONE
TAKEN FROM THE NORTHERN INDIANA CO-OP NEWS
FEBRUARY 1, 1939
50 YEARS AGO

Mr. and Mrs. Harold Swihart of near Argos, are the parents of a six pound daughter, born at the Kelley Hospital in Argos Saturday evening, January 28. The infant has been named Betty Lucille.

Mentone and the surrounding country was blanketed in the heaviest snowfall in years Sunday night and the snow continued to fall heavily all day Monday. Men were busy clearing highways, but were faced with a mountainous task. Schools of northern Indiana and Illinois did not open their door, due to the impassable country roads. Business was in a state of inertia but Mentone businessmen were having a merry time shoveling sidewalks and steps in front of the stores. The deluge of snow took everyone by surprise and marooned many week-end visitors and Sunday night callers. Old residents are comparing this snow with snows of previous winters and chatting reminiscently of hazards brought on by the snow "way back when". Mentone's rural carrier did not leave to drive his route until nearly nine o'clock due to the fact that some of his mail was detained by the storm. Several cars became stalled in the heavy drifts at the main intersection of town. The N.I.C.A. trucks had to be shoveled out of the storage building and Coop station manager Preisch and his assistant Doc Jefferies worked for hours shoveling nearly twelve inches of snow from the driveway around the pumps. Tucker's Dairy delivered their milk from a trailer, powered by an Allis-Chalmers tractor. Several Sunday night "dates" were extended far into Monday. No casualties have been reported, but the radio forecasts more snow and cold weather for us this week. Mother Nature has proven again that when she decides to assert her authority, there isn't much we can do about it.

The Songs Along the way

Some people chase forever, The Gold at rainbow's end.

They never hear a bird sing, Nor the laughter of a friend.

They search for fields of velvet, Not watching where they pass;

They never see a sunrise, Nor the daisies in the grass. They're always looking elsewhere, For some far better day.

When they should enjoy each hour and the songs along the way.

Senior Citizens, Come join us for a well balanced meal and fellowship. If you are 60 years of age or older please call 893-7204 for your meal reservations between the hours of 9:00 A.M. - 12:30. The Nutrition Site is located in the Akron Lions Club Building, 108 North Maple Street in Akron, Indiana.

Kosciusko County 4-H Program

The Kosciusko County 4-H Program is off to a fantastic start in 1989. "I am very excited by the possibilities that exist for the 4-H members and volunteers. An important group of individuals that help make opportunities possible for our 4-H program is the Kosciusko County 4-H Council," says Karen S. Lowry, 4-H/Youth Agent.

The 4-H Council consist of volunteers that represent the 4-H clubs and committees. The 4-H Council is the directory group for the Kosciusko County 4-H Program. The 4-H Council met on January 24th and established new guidelines for the 4-H program and elected officers.

The 4-H Council officers for 1989, are Kay Tusing, president, Fred Kinch, vice president and John Steiner, secretary. The 4-H Council approved the addition of three new projects starting in 1989. New projects are Discover Your Library, Microwave Cooking and Mini 4-H Nature. The 4-H Council approved the premium schedule that was recommended by the premium committee. The premium schedule for 1989 is as follows: general projects: \$1.25-blue, \$1.00-red and \$1.75-white; dog and cat: \$1.50-blue, \$1.25-red and \$1.00-white; animal projects: \$3.00-1st, \$2.50-2nd, \$2.00-3rd, \$1.50-4th and \$1.00-both with a \$1.00 exhibitor's fee for 4-Hers whose animals do not place and horse and pony: \$3.00-blue, \$2.00-red and \$1.00-white being collected only on the 5 highest placings per division. The 4-H Council also approved the Top 4-H Clubs Awards Program.

"I commend our 4-H Council members for their commitment to and support of the Kosciusko County 4-H Program. Through your willingness to meet the needs of our young people, our 4-H program continues to provide excellent opportunities for youth development," says Karen S. Lowry, 4-H/Youth Agent.

Headlights: On The Beam

These footnotes about the history of headlights may be enlightening.

THEN The first electric automotive headlight was patented back in May of 1881. It was a lamp frame shaped like a polygon suspended in position by a series of opposing springs to neutralize jarring.

NOW The first automotive headlamp to offer a lifetime warranty is the Wagner Halogen headlight. These are made to be 40 percent brighter and shine 200 feet further down the road than regular headlights. The lifetime warranty means that should one ever fail the company will replace it free, as long as you own your car.

New Ministries Project

Fifteen Indiana churches will be selected to take part in the second year of a three-year program designed to help congregations start new ministries. The new ministries may be designed to encourage lay leadership, serve the surrounding community, help a church get in touch with its tradition or any other work the parish believes is important.

The congregations will be taking part in a program underwritten by the Lilly Endowment, Inc. of Indianapolis. Carl R. Smith, the director of the program said the purpose of the New Ministries Project is "to help congregations who have yearned to take on a new ministry to do it. We want to help dreams come true. In addition, we want the participating churches to help us understand better what it takes to start something new in a church. We'd like to get a better idea how new ministries get started and take a root in a parish."

The information the Project gathers will be made available to churches who indicate an interest in new ministries as well as church administrators in Indiana and elsewhere.

Churches selected to take part in the Project may request up to \$4,000 to help support their ministry the first year. Congregations will be expected to bear part of the cost of the new venture as they are able. They will also be asked to show how they will keep the ministry going after their year of participation in the Project.

Pastors or lay leaders of the new ministry may request up to \$1,500 acquire skills or training needed for the new work.

Pastors and a lay representative will take part in three over-night meetings during the past year. The purpose of these gatherings is to help representatives learn from each other and gain assistance in planning and problem-solving.

Consultant help will be provided for each congregation to help with plans and to hear how the new ministry is developing.

Churches of all denominations are eligible. The deadline for applications is April 21, 1989.

Further information and an application form may be obtained from the New Ministries Project, 4452 Washington Blvd., Indianapolis 46205.

Tax Break 89

Many common questions about taxes will be answered Sunday, February 5, from 3:00 to 5:00 p.m. on "Tax Break '89" a two hour telecast on WNIT-TV, Channel 34, South Bend. Viewers may call during the program and for one hour after the program for answers to their questions. The Toll-free number is 1-800-424-1040.

Hosting the annual show is Edwin Newman, former NBC-TV newsmen and the best selling author. The program, designed to summarize and highlight this year's federal tax changes in an informative and entertaining manner, will include:

- * Discussions with tax experts focusing on special tax issues facing singles, older Americans, married couples and business people;

- * "Tax Facts", a quiz show designed to assist taxpayers in understanding various tax issues, including itemized deductions, individual tax rates and standard deductions;

- * Quick, easy to understand tax tips, including how to complete a tax form and how to determine which form will be most appropriate for individual use;

- * A question and answer format giving viewers an opportunity to have their questions answered by tax experts.

Also featured on "Tax Break '89" is a segment highlighting the Taxpayer bill of Rights, which was recently designed to help taxpayers understand their rights.

The program, which is closed-captioned, is produced by WQED/Pittsburgh in cooperation with IRS.

First Annual Fulton County Chess Tournament

The First Annual Fulton County Chess Tournament has been announced by the Rochester Rotary Club. The tournament is scheduled for Saturday, February 25, 1989, at Rochester High School, under the guidance of Pat Meade, Rotary vice-president. Any Fulton County resident is invited to participate. Cash prizes will be awarded.

Play will start at 9:00 a.m. Each participant will have five rounds of play, two in the morning and, after a lunch break, three in the afternoon. If players complete any round early, they can play any other practice matches that they choose although those would not count towards official results. An entry fee of \$2.00 will be charged and players will be asked to bring their own boards and chess sets.

Players will be divided into flights according to age. While the flights will be established when the number of entrants is known, the general plan is for flights for elementary school, middle school, high school, and adult. Prizes totaling \$100.00 will be awarded divided equally among the flights.

Rotary president Doug Morton reports that so far as is known no previous chess tournament has been held in Fulton County but that the club hopes to make this an annual event. The cash prizes have been donated by the First Bank and the Farmers and Merchants Bank of Rochester; proceeds will go to local Rotary charities.

Pre-registration forms may be forwarded to Pat Meade or to any Rotarian or left at either bank.

DON'T LET YOUR FAITH BE OVER-SHADOWED BY SUPERSTITION

That famous groundhog on the hill
That's known as Punxsutawny Phil
Emerges from his hole to say
If winter will depart or stay;
And if his shadow does appear,
It's six more weeks of coldness here.
Now, that's how legends come to be,
Though scientists would not agree.
We have our forecast right on tap
By looking at the weather map,
To tell if it's a sunny day
On which we plan to work or play;
But for our faith to be restored,
We know that we can trust the Lord.
His love will always help us out,
Beyond a shadow of a doubt.

Views On Dental Health

H. RAY HAZEN, D.D.S., M.S.D., P.C.

OPTING FOR PARTIAL DENTURE

If you have missing teeth that should be replaced and are concerned about cost, you may opt for the partial denture. This is the most economical way to meet the need to protect your natural teeth as well as your appearance. Missing teeth not only cause the adjacent teeth to drift, making them more vulnerable to decay, but they also create gaps in your mouth that may cause cheeks to sag as well as mouth and cheek wrinkles. This is a gradual process, but the sooner you replace missing teeth the better for your appearance as well as your dental health. When you opt for a partial denture, the fee is usually based on the whole appliance and not the number of teeth on it.

A partial denture is a removable appliance. You can slip it easily in or out of your mouth. It is made with metal clasps that attach to the nearest and strongest natural teeth on either side. It serves a very important need by filling the gaps caused by missing teeth. Although the removable partial is used primarily to replace back teeth, it can also be used to replace front ones.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Phone 223-3121.

Q. Which rates have gone down?

(Choose one, and it's not gas.)

☐ gas

☐ electric

PUBLIC SERVICE INDIANA

Last year we lowered our rates. In 1989, we're going to lower them again. And with gas rates going up, clean, safe electricity is a better idea than ever. It's another Idea that works for Indiana.

Healthy kids

The Common Cold separate facts from myths

The common cold is the most frequent illness children develop during their first three years of life. To avoid unnecessary anxiety, separate the facts from the myths.

* A baby won't catch a cold by being taken outside on a Wintery day, sleeping in a draft or having his blanket fall off during the night.

* The cold virus is spread via droplet spray by coughing, sneezing or kissing on the mouth.

* A cold is most contagious during the first two to three days of the illness. Typically, an uncomplicated cold will last seven to ten days.

* It's not unusual for a young child to develop four to six colds in a year.

* Infants younger than three months usually run low-grade fevers; older babies and toddlers may run fevers of 101 °F or higher.

* There is no magical cure for a child's cold. The best advice is to let it run its course, while helping to relieve the symptoms.

POISON ALERT

The National Association of Poison Control Centers estimates there are about one million poison exposures to preschoolers each year in the U.S. Children ages one to three are at greatest risk.

Many household products, medications and plants are harmful if swallowed. Some poisonous products are less obvious, such as dishwasher detergent and mouthwash.

Take steps to poison-proof your home. Store dangerous products away from children's reach. Post the phone number of your regional poison control center and the local emergency services number. Keep a one-ounce bottle of Syrup of Ipecac in your home and put a second bottle in the glove compartment of your car.

MILESTONES: THE FIRST YEAR OF LIFE

Although babies develop at their own pace, some of the most significant developmental milestones of the first year include:

* At four months, babies begin to enjoy affection and can be tickled for the first time.

* At five months, he creates new sounds and imitates others.

* At seven months, he may show anxiety with strangers.

* At ten months, he becomes a partner in playful exchanges such as peekaboo.

* At twelve months, he may begin to say first words and can understand 20 to 30 words and instructions.

Spoiled Child Syndrome isn't properly understood

Michael A. Hogan, M.D., President of the Indiana Chapter of AAP, reports that people often speak of children being "spoiled" and that parents worry that certain approaches to managing children may result in spoiling them. But a physician suggests that parents may worry excessively, and that behaviors viewed as "spoiled" may be normal or even stress-related actions.

Dr. Hogan relates that Bruce McIntosh, M.D., a physician at St. Vincent's Medical Center, Jacksonville, Florida, says that, "The common misconception is that children are spoiled by overindulgence, by being given too much—to much time, too much attention, too many things."

But in fact, he says this is incorrect. "Indulging children is one of the joys of being a parent," he writes, in a special article in the January issue of *Pediatrics*, the journal of the American Academy of Pediatrics (AAP). "When combined with the positive parental presence in the form of clear expectation and limits, it (indulgence) does not produce unpleasant, demanding children."

Indulgence can, however, result in spoiling when the parent attempts to meet the child's needs with material gifts and uncritical acceptance while failing to provide guidelines for acceptable behavior, Dr. McIntosh says.

The true "spoiled child syndrome" is characterized by excessive self-centered and immature behavior. These children show a lack of consideration for others, demand to have their own way, have difficulty delaying gratification and are prone to temper tantrums. Their behavior is manipulative and they are unpleasant to be around, even for those who love them.

Parents may be concerned that "certain behaviors are indications that a child is becoming spoiled when these behaviors are really unrelated to spoiling as properly understood," Dr. McIntosh writes. Age-related normal behavior patterns can take many forms:

* Young, healthy infants spend an average of 2 1/4 hours per day crying in the first seven weeks of life, and some infants cry much more, says Dr. McIntosh. "Parents may be reassured that they need not hesitate to comfort a crying baby because of fears of spoiling," he says.

* Toddlers have normal, natural curiosity, and many parents are unprepared for the intensity of this urge to

investigate the environment. It isn't that the toddler is spoiled, but rather, wants to learn about the things around him. Dr. McIntosh suggests "child-proofing" the environment so parents can teach children the limits of what to touch and what not to touch.

* The so-called "terrible twos" can be a phase where the child is likely to exercise autonomy by resisting the efforts of others to guide and control his activities. Parents who are concerned their two-year old's behavior is a sign of spoiling can be helped to understand that it is an important, positive thing that the child has developed a "mind of his own".

"A variety of family problems are capable of producing behavioral difficulties in the child which might result in the perception that he or she is spoiled," Dr. McIntosh says. "These include marital discord, such as chronic verbal fighting or abuse, physical violence such as spouse or child abuse, and alcoholism or other substance abuse."

In a divorce situation, for example, Dr. McIntosh says that because of feelings of guilt, one or both parents may be reluctant to enforce the usual limits.

But many of these problem behaviors, and their misconception as signs of spoiling, can be corrected with appropriate anticipatory guidance.

More accurate examples of true spoiling are older infants who continue to demand 2 a.m. feedings, older infants who cry frequently in the middle of the night because they get rewarded with attention, and children who have frequent temper tantrums.

Dr. McIntosh says the first situation can be corrected by increasing the interval between daytime feedings, and not feeding infants every time they are held. In the second case, parents must stop responding to middle-of-the-night crying. "It is normal for infants to cry for 10 to 15 minutes as they settle down to sleep," Dr. McIntosh says. "Such crying will not hurt the baby." And temper tantrums, he says, should simply be ignored.

Finally, one general piece of advice recommended by Dr. McIntosh: "It is the consistency of the punishment, not its severity, that helps the child to learn the rules." An example is the use of "time-out." It can be successful because it is not severe and parents do not hesitate to invoke it consistently.

The American Academy of Pediatrics is an organization of 37,000 pediatricians dedicated to the health, safety and well-being of infants, children, adolescents and young adults.

Macy Resident wins \$1,000 Scholarship

Macy resident Dee Ann Harrington has received a \$1,000 scholarship to Ashland College as a result of her high score on the AC Scholar Test.

Harrington, the daughter of Mr. and Mrs. Dennis Harrington, Box 3 Rd. 1, is a senior at North Miami High School, where she has been president of the Drama Club for two years and French Club for three years. Also, she is the winner of the 1988 "Melissa Ellis Playwriting Contest" and a recipient of the Daughters of the American Revolution "Good Citizen Award."

Ashland College offers scholar tests in the spring and fall of each year, with approximately 130 students taking the test each session. More than \$165,000 is provided in scholarships each session.

Winter Time

In the winter I play in the snow. Why, the snowflakes are coming to the ground! And I am all bundled up too. And I am wearing boots and hats and mittens. Ho! I just have fun out side in the snow. And I even make a snowman. And the green trees are full of snow. I feel that I am an ice cube. I can see the snowflakes falling down from the sky. I make angels too. And I have presents under the tree. I like to see what I get for Christmas too. And we celebrate Jesus' birthday. Some people sing Christmas carols too. We might do that. But I know we will have Christmas. That is my kind of holiday. I will go to church on Christmas too, if we have a car.

The Mystery

I was working hard at home when I heard a noise. It came from the door. It scared me. I got up and went to the door. I heard it again and it was much louder! I ran back to the desk!

The next morning I went to the sheriff. The sheriff asked me my name. I said, "My name is Sally." She said, "Come on, take me to your house." I took her to my house. We went in the back door. "Where did you hear it?" the sheriff said. Sally said, "By the front door." The sheriff went to the door. There was a nut by the door. We followed the trail of nuts. It led to a little brown squirrel. The sheriff said, "Everything's all right!" I was very happy that night.

Wagon Wheel Theatre's Winter Season of comedy hits

Wagon Wheel Theatre's Winter Season continues with a bright new comedy hit, "The Foreigner".

Voted "Best New American Play", *The Foreigner* is a comedy smash which is sweeping the nation! Now Wagon Wheel Theatre is pleased to announce that this new comedy sensation will be presented at their theatre-in-the-round on March 3, 4, 10, and 11.

"The Foreigner" is the story of Charlie, a shy Englishman who is visiting a backwoods fishing lodge in the state of Georgia. The other characters in the play are led to believe Charlie can't speak English because he is a "foreigner", which sets the scene for some hilarious and disturbing disclosures as those characters freely speak their minds whenever Charlie is around.

This third production of the new Winter Season will be directed by Steve Grill, Wagon Wheel's Winter Artistic Director, who will also have a starring role in the play. Other cast members will once again include professional actors from across the nation.

Upcoming events at the Wagon Wheel include Johnny Rivers in concert (March 19), Sawyer Brown in concert (April 14), and the popular musical comedy, "Little Shop of Horrors" (May 5, 6, 12, 13).

Tickets for "The Foreigner" and all other Winter Season events are on sale now at the Wagon Wheel Theatre ticket office. For ticket reservations, call (219) 267-8041.

First Ever Garage Sale

You've probably heard the old adage "One man's junk is another man's treasure." Well, that old saying will take on a whole new meaning when WRSW presents the 1st Annual Greater Warsaw Garage Sale, Feb. 4-5 at the National Guard Armory.

The armory will be packed with over 60 different garage sales, selling everything from old clothes and tools to discount and overstocked merchandise. It will be a great chance to look for that hard to find item and get a head start on the garage sale season. Where else can you see as many garage sales at the same time and not drive all over town?

The hours for the Garage Sale will be: Saturday, Feb. 4 from 10 a.m. to 6 p.m. and Sunday, Feb. 5 from 12 noon to 6 p.m. tickets to the Garage Sale are \$2.50 for adults at the door, with kids 12 and under free. Advance sale discount tickets are available at the WRSW studios for \$1.50.

Booth space is still available at the Garage Sale, so if you'd like to be a part of the largest garage sale to hit Warsaw, stop by the WRSW studios or call (317) 299-0451 daily from

9 a.m. to 10 p.m. Interested garage sale exhibitors are needed. The 1st Annual Greater Warsaw Garage Sale is sponsored by WRSW AM/Fm.

Ivy Tech offer basic skills test

Warsaw--Indiana Vocational Technical College will administer Basic Skills testing on the following dates: February 2, at 12:00 noon; February 2, at 6:00 p.m.; February 7, at 6:00 p.m.; February 13, at 8:30 a.m.

All of the testing sessions will be held at the college's Warsaw Center, 106 N. Buffalo Street.

The test measures skill levels in reading, writing and mathematics and is required in order to receive financial aid and/or for admission to a technical certificate or associate degree program at the college. Enrollment in individual courses is permitted without the testing.

The two-hour test is open to new and present Ivy Tech students and is free of charge. To reserve a seat or for further information, call 267-5428.

Me and My Old Valentine

We've been sweethearts a long, long time, me and my old valentine.
We're not as young as we used to be, but I still love him and he still loves me.
And money can't buy one memory from me and my old valentine.

We've left a lot of good days behind, me and my old valentine.
Time has changed the way we look, and the lessons we've learned would fill a book, since those first shy vows we took, but we're still each other's valentine.

We've had some pretty hard knocks along the line, me and my old valentine.
But he's put me first for all these years, and shared my joys and wiped my tears.
And no matter what happens down through the years - he'll always be my valentine.

Sometimes when I look at his thinning hair, I see the curls that once were there.
They've been replaced by lines of care, but you bet, he's still my valentine.
And I guess that when he looks at me, he sees the girl I used to be.
I was young and pretty and fancy free - when first I was his valentine.

We've been sweethearts a long, long time, me and my old valentine.
We were just kids when first we met, a sunny day I'll never forget.
Our children are grown, but we're sweethearts yet - me and my old valentine.
No, I can't say everything's been fine for me and my old valentine.
But we'll hold tight to each other's hand, stay together and do the best we can.
You can have your jewels and palaces grand - I'll stick with my old valentine!

Wildlife donations down in '88

For the first time in six years, donations to Indiana's Non-game and Endangered Wildlife Program have decreased, according to Ed Hansen, director of the Department of Natural Resources' Division of Fish and Wildlife.

The program, which is administered by the Division of Fish and Wildlife, relies heavily on taxpayer contributions from the non-game check-off on the Indiana tax form. The check-off allows taxpayers who receive a refund the opportunity to donate all or a portion of their refund to the Non-game Wildlife Program.

With nearly 98 percent of the 1987 tax forms processed, figures indicate that 58,000 taxpayers donated a total of \$342,000 to the fund the past year. Totals are down considerably from 1986 returns, when 70,000 taxpayers contributed \$424,000.

Non-game personnel be-

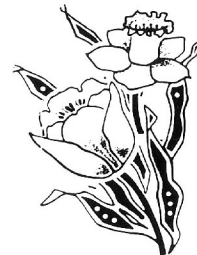

lieve that changes in the 1987 tax codes may have

played a part in the decrease. Although the number of taxpayers eligible for refunds increased in 1987, specialists speculate that the refunds received by each taxpayer were smaller.

The non-game Wildlife Program is responsible for the protection of more than 550 non-hunted wildlife species throughout Indiana. Some of these species include the bald eagle, bobcat, barn owl and songbirds.

Anyone receiving a tax refund can make a contribution on their 1988 tax form. Just look for the bald eagle and write the amount of the contribution in box 64. Those not receiving a refund can send a check or money order to: Non-game Wildlife Fund, Division of fish and Wildlife, 607 State Office Building, Indianapolis, IN 46204.

Contributions to the program are used in a variety of ways including the purchase of land to protect rare species, educating students about the environment and the reintroduction of nesting of bald eagles to the state.

Lutheran's 47th heart transplant

Bob Clinkenbeard, 37, of Fort Wayne, became the hospital's 47th heart transplant recipient on Friday, January 27th.

Mr. Clinkenbeard was taken to surgery Friday morning at 3:30 a.m. with the donor heart arriving later at 5:30 a.m. from a Michigan hospital. Mr. Clinkenbeard was out of surgery and in the transplant recovery suite by 8:15 a.m. He is currently listed in critical, but stable condition.

Mr. Clinkenbeard suffered from viral cardiomyopathy, a gradual deterioration of the heart muscle, and was placed on Lutheran Hospital's waiting list in August of this year. At that time, he was given one year or less to live.

Currently, 38 of Lutheran Hospital's 47 recipients are alive and well.

L.T.L.

The L.T.L. met on Friday night at the Akron Library basement with their leader, Gloria Bowen. During the meeting, Drusilla Morgan serves as president; Nichole Black was secretary; and Ryan Black was flag bearer. The leader gave a Bible lesson, and a film on tobacco. Jamie Reese assisted the leader with the lesson. After the game session, refreshments were served by Sally Haines, Michelle Bailey, and Anne Williams. There were 22 present.

Mr. and Mrs. Lee Marsh of Goshen entertained Mr. and Mrs. Doin Smoker, Tuesday. The occasion was the 55th wedding anniversary of both couples, which they have celebrated together for over thirty years. The Marsh's took the Smoker's to the "Das Dutchman Essenhaus" at Middlebury. They ate their lunch in an Amish carriage which is located inside the restaurant.

Mrs. Violet Smoker, southwest of Akron saw a robin, none the less on Groundhog Day. As Mary Lou Smith found a crocus blooming in her yard. In January? It's a bit early for either one. We sure can't complain about the weather so far, and it's February.

French's Open House

Mr. and Mrs. Kent French, Silver Lake, will celebrate their 25th wedding anniversary from 2 - 4 p.m. Sunday, February 12 with an open house at their home, hosted by their children.

Kent French and the former Judy Bucher were married February 14, 1964 by the Rev. Charles French.

Kent and Judy French own French's Home Furnishings in Akron and Kent also farms.

The couple have five children Katrina, Andy, Danny, Paul and Jill all in the Silver Lake, Akron areas. They have two grandchildren.

The couple requests no gifts other than your presence.

Valley breaks 100

Vikings won an easy victory over Wabash, Friday night 105-57. This raised their record to 9-5. In the first period Valley was ahead 30-15 and increased their lead on a 32-7 run in the third period.

Pete Terpstra led Valley with four three-point shots and 29 points. Steve Dunnuck added 22 points and 11 rebounds. Craven Lynn finished with 14 points and a game high 13 boards. Chad Brouette chipped in with 10 points and eight other Vikings scored two to eight points.

Valley also won the junior Varsity game 71-40 with Scott Johnson scoring 14.

Valley swim team loses close meet

The Tippecanoe Valley Swim team lost a close meet Monday at Knox 79-76.

Finishing first for the Vikings were the 200 medley relay team of Damon Clouser, Bob Lynn, Josh Beery and Nate Conner (2:09.41), the 400 freestyle relay team of Kris Miller, Todd Yates, Conner and Chad Bradley (4:29.48). Lynn in the 200 individual medley (2:25.88) and 100 breaststroke (1:11.2), Clouser in the 200 free (2:14.7) and 500 free (6:07.48) and Beery in the 100 butterfly (1:10.26) and 100 backstroke (1:11.6).

Freshman win 4-way

The Boy's freshman team won the Whitko tourney by defeating Whitko in the first round 45-43.

With two seconds left in the game Matt Harsh hit two free throws to give Valley the victory.

In the Championship game Valley got 22 points 10 rebounds from Dusty Hunter in a 48-30 victory over Garrett.

Pinewood Derby

Mentone Cub Scout Pack 3777 held their annual pinewood derby, Thursday, January 26. Twenty-five participants were in the race, each racing three heats.

First place went to Adam Wagner, in second place was Darren Parker and third place was Brandon Hol-loway.

Red Cross Bloodmobile

The Kosciusko County American Red Cross bloodmobile will be coming to Tippecanoe Valley High School on Wednesday, February 22 from noon- 4 p.m. The collection is open to the public. All persons 17 years of age or older, weighing at least 110 lbs. and in general good health are eligible to donate blood.

Since the blood supply is a community-wide resource, the blood on hand is administered to any patient in need; and they are not obliged to find donors to replace blood. However, family and friends who wish to help replenish the community supply are always welcome!

Appointments may be made by contacting the Tippecanoe Valley School office, 353-7031. American Red Cross is a participating United Way Agency.

Bloodmobile Schedule

TRUE LOVE IS MUCH MORE THAN CARDS ON VALENTINE'S DAY

In just about a week from now
There'll be a special day
For which we all have made a vow
To send what will portray
How much we love someone we know,
In words that will combine
With lacy hearts and cupid's bow
In red and white design.
But love extends beyond a card
For someone else to read;
It's meant to show our deep regard
For helping those in need.
Our Bible lessons underscore
Their messages divine:
That love is infinitely more
Than just a Valentine.

You and Your Car

Tips from the
Mobil Auto Tech Group

How To Beat The Cold
Here's how to keep your
cool in winter driving.

Make sure your car's ready. If starting's balky, your battery may be weak and need charging or replacing. Remember, a good synthetic engine oil, like Mobil 1, flows easily at 35 below zero F for easier starting and better lubrication. Spark plugs and connections OK? Sluggish running may call for a tuneup.

Check all fluids: OK on window-washer? Enough antifreeze in your radiator? Replace worn windshield wipers. Check lights. Check tires for wear and pressure. Most tires now are "all-weather," but consider snow tires or chains in extreme conditions. Keep a scraper and snow brush handy inside your car. Keep a "trouble" assortment in your trunk: depending on conditions in your area, things to consider could include battery jumper cables, two strap chains for each drive wheel, traction mats or sand or kitty litter, small or folding snow shovel, reflector triangles or "X"s, work gloves, small containers of gas-line antifreeze and window deicer, small empty gasoline can, small fire extinguisher, cloth or paper towels, blanket, emergency food and drink.

Q. My daughter is in college on a scholarship. Will any part of the scholarship funds be taxable to her?

A. Scholarship funds are generally not taxable to the recipient if the student is a degree candidate and the grant must be used for tuition, course-related fees, books, supplies and equipment. A grant that covers room, board and other incidentals is not excludable.

Q. My wife bought a new car in 1988. Can we deduct the state and local sales taxes on the purchase?

A. No. State and local sales taxes are not deductible for federal tax purposes.

Q. In 1987, my husband and I filed separate federal income tax returns. We have since discovered we could have saved had we filed jointly. Can we do anything about that now?

A. Yes, you may change to a joint return for 1987. If you filed the original returns on time, you have until April 15, 1991 to make the change. It is recommended that you use Form 1040X as the amended return.

Why not wander Indiana this winter?

Indianapolis... Looking for something different to give your Valentine? Why not treat him or her to a "Winter Wanderer" weekend at one of Indiana's state park lodges, inns or hotels.

Many of Indiana's fine hotels and motels can be enjoyed this winter at substantial savings with the help of the Winter Wanderer Discount Coupon.

The Hook Drug company along with the Indiana Department of Commerce's Tourism Development division is helping winter travelers "save while they stay" as they wander Indiana this winter. The Winter Wanderer Coupon offers a 25-50 percent discount on double occupancy room rates in more than 60 Indiana communities now through March 31, 1989. More than 152 Indiana hotels and motels are participating, including state park lodges and inns.

"Winter vacationers should no longer think they have to head south for a break from the winter blahs. Indiana offers several places to go skiing, snowmobiling, tobogganing, ice fishing, cross country skiing and ice skating while at the same time offering savings on accommodations," added Denise Miller, Director of the Tourism Division.

Valentine's weekend looks like a good time to treat your honey to a cozy weekend. Pick up a Winter Wanderer Discount Coupon today. Coupons are available at all Hook's Drugs, area Convention and Visitor Bureaus and the Tourism Development Division. For more information concerning Indiana winter vacation spots, contact the division at (317) 232-8860 or call your local Visitors Bureau.

Live A Little With Red Tart Cherries

One of the most colorful and tasty fruits for brightening up your cooking is red tart cherries. Cherries lend flavor, color, texture, and a gourmet touch to any menu. For nutritional value they contain significant amounts of Vitamin A, as well as potassium and Vitamin C. Their deep red color, tart taste, and versatility make cherries a favorite ingredient for any dish. From oriental stir fries, salads, and crepes to topping for cheesecake, ice cream, or plain yogurt, cherries will help you "Live a Little."

With cherries you can prepare a simple dessert for the family or an elegant finish to a fancy dinner party. Have fun and design your own cherry creation or send for this delicious Black Forest Cake recipe, made simply with chocolate cake mix, whipped cream, and cherry filling and topping. Also try these Cherry Sour Cream Tortes which are quick and easy but look and taste divine. And what could be more delicious than cheesecake topped with cherry filling and topping. (Add a tea-

spoon of almond flavoring to the cherries for extra pizzazz!)

Let your imagination come up with other creative and exciting uses for cherries, such as flaming Cherries Jubilee, spicy cherry wine sauce served on roasted turkey, or cherry filling added to brownie mix for a moist, chewy cherry brownie. Cherry filling and topping goes easily over pound cake, angel food cake, Belgian waffles, and pancakes.

Red tart cherries are grown primarily in the Great Lakes States, where these large bodies of water maintain a more consistent climate for the temperamental cherry trees. The cherries are harvested during July and August and immediately frozen or canned for cherry filling and topping. Bakeries and food service institutions use tart cherries for making pies, tarts, danishes, and coffee cakes.

For a taste-tempting recipe brochure, including this magnificent Black Forest Cake, send to the New York Cherry Growers Association, Dept. NA, P.O. Box 350, Fishers, NY 14453.

New Law May Clog Courts

Two years after Californians voted in a new law—Proposition 65—that requires a "clear and reasonable warning" to anyone who might be exposed to harmful chemicals, the state and courts are still trying to get it sorted out.

No one knows the cost so far of a law called Proposition 65.

No one knows what it has cost so far or has estimated what it could cost the citizens of the state in the future, or even whether it can be fully implemented.

The environmental activists who drew it up felt that anything one could consume or inhale or come in contact with in an office or factory should carry a warning sign if there's any "significant risk" of any carcinogen or reproductive toxin. However, they didn't spell out what "significant risk" means or what constitutes a "clear and reasonable warning."

That became an instant problem because virtually everything—vegetables, meats, coffee—contains some level of some carcinogen or reproductive toxin, most of them natural.

"The necessary consumer product warning requirements of Proposition 65 remain ill-defined because the legislation was never properly drawn to point to what a clear and reasonable warning to consumers might be," according to the National Center for Policy Analysis.

At present, it appears the courts will ultimately have to make these decisions—decisions that should be based on scientific research and not on courtroom arguments.

Alternatively, the Federal government could rule that the FDA and OSHA already look out for Americans' health and declare Proposition 65 preempted. That might be a good relief to those well-meaning Californians who thought they were voting for something workable.

This is the eleventh in a series of fifteen releases.

According to wide-awake sleep researchers, the average person may toss and turn as much as 80 times a night with a twitch/twist breakup of the sleep pattern every six minutes.

One solution many have found is a new kind of wave-free waterbed: one that holds water-filled cylinders that can be made as soft or as firm as the sleeper prefers. These Somna mattresses conform to your body shape so the pressure points which may cause so much tossing and turning are eliminated.

Give A Gift From The Heart—Jewelry

It's Valentine's Day and time to give a gift of love. Some give flowers, others give candy but the most lasting gift of all is heart-shaped jewelry.

Why is the heart the perfect symbol of love and romance? "The Romans believed the red heart signified love," said Kathleen Walas, Avon's Beauty and Fashion Director. "They created the heart shape that we know today and it symbolized to them two lovers meeting in an embrace."

According to Ms. Walas, a traditional heart shape piece is an ideal gift for every woman, no matter what her personal wardrobe style is.

For an evening out on the town, there's the Victorian look that never goes out of style. Avon's Victorian Heart Pendant is a simulated rose quartz heart framed with tiny faux pearls.

For the office, there's also fun jewelry to wear. The key

to any woman's heart is the Sparkling Heart Key Pendant, a goldtone key charm set with a faux birthstone gem.

This season, pins are the hottest fashion accessory. For the woman who has everything, there's the Love and Kisses Chatelaine Pin, a goldtone pin with all the symbols of love—a heart, kisses and hugs.

Express what's in your heart, and give a heart. It's the eternal symbol of love. If you don't have an Avon representative call 1-800-858-8000.

Saint Mary of the Woods Renaissance

Saint Mary of the Woods College is seeking artists, craftpersons and food vendors to participate in its ninth annual Renaissance Faire, scheduled this year for 10 a.m. to 5 p.m. Saturday, April 22. The event attracts visitors from throughout the Midwest.

The Saint Mary of the Woods Renaissance Faire is a celebration of the music and art of the Renaissance. Located on the campus of Saint Mary of the Woods College in west central Indiana, the Faire features authentic 16th century entertainment, displays, crafts and food. Visitors can view fencers and jousters in action, try their hand at painting or sculpting or meet Renaissance characters encamped in villages on the campus.

Artists, craftpersons and food vendors are invited to submit applications for the 1989 Faire. Deadline for all application is Friday, March 31.

Artists who wish to exhibit and sell work must submit color slides representative of their work unless they have previously attended the Faire. Food vendors must submit a photograph of their food area as it would appear at the Faire unless they have participated in past Faires. Vendors should plan to produce food items which in recipe, name or type can be related to the Renaissance period.

Artists may participate in a juried art show. Awards will be given. Rules and entry forms the competition

will be made available to those selectees to display work at the Faire.

Both artists and vendors are encouraged to wear Renaissance style costumes and may enter costume contests in which prizes are awarded.

Persons interested in receiving application forms or further information on the Renaissance Faire should call the SMWC Public Relations Office at (812) 535-5212 or write: Public Relations Office, Guerin Hall, Saint Mary of the Woods College, Saint Mary of the Woods, Ind. 47876.

Vincennes Dean's list

The Dean's list at Vincennes University for the fall term includes 682 students who represent 80 Indiana counties in Illinois, New Jersey, Ohio and 13 students from the international population at the two-year college.

Jerry Gegenheimer, vice president for Student Services and registrar, noted that 204 students accumulated a 4.0 grade point average.

In order to qualify for the Dean's list, students must complete 12 or more credit hours with an average of 3.5 or more.

Bluffton College Camerata

Local graduates to tour with Bluffton College vocal group, John and Phil King, graduates of Tippecanoe Valley High School, will travel through Pennsylvania and New York Feb. 24-

March 1 as members of the Bluffton College Camerata Singers.

John, a 1987 Tippecanoe Valley graduate, is a psychology major while Phil, a 1985 graduate, is a mathematics major at Bluffton College. The brothers are the sons of Darrell and Mary Ann King, Mentone.

Both sing tenor.

The Bluffton College Camerata Singers is a select choir of 22 voices which performs primarily sacred music both on and off campus. Each year the group travels extensively to churches and schools during spring break. Camerata Singers was organized in 1984. Assistant professor of music Debra Brubaker directs the group.

Bluffton College is a four-year liberal arts institution affiliated with General Conference Mennonite Church.

Quink to perform at Manchester College

Quink isn't really a word, not even a Dutch one. But it is the title of the five member vocal ensemble from Holland which will perform at 8 p.m. Friday, February 10, in Cordier

Auditorium on the Manchester College campus.

Quink (pronounced "kveenke") comes from the Dutch words "kwinkslag," which means humor; "kwet-teren," which means to chirp; "kwiek," which means bright; and "kwint," which means fifth. All of these represent a part of the group, which performs a cappella music from different periods in authentic style.

Their repertoire include madrigals from the Renaissance and Baroque periods, lieder from the late German Romantic period, chansons from the Impressionist period of France, and contemporary 20th century music. Since their successful debut in the 1978 Holland Festival, Quink has developed a special style and established a reputation for captivating audiences with expressive programs of varied selections.

A review in "The Philadelphia Inquirer" says Quink "is both fun and musical... (The) selection of songs, along with Quink's superb sense of timing, its expressive style, and its ability to ham up the lyrics of some of the more ridiculous songs, revealed the personality of the ensemble. It also yielded an afternoon of exciting and engaging music." The group is regularly invited to international music festivals such as the Holland Festival, the Stour Festival in England, the Festival of Hitzacker in Germany, and the Festival of Landshut in Germany. In 1987, Quink made its Italian debut and future plans include return tours to Italy and Germany and debut tours to China and Australia.

Business as Usual

Lori Deardorff Vicki Swihart

Lori Deardorff and Vicki Swihart are the two secretaries at the Mentone School. Vicki always takes pictures when the paper is unable to and she always makes sure that the students get the recognition they deserve.

Women's Fellowship

The Women's Fellowship of the Church of the Brethren met at the home of Edna Mae Shewman for the January meeting. Deb Whistler, president, opened the meeting with a poem and prayer. The secretary and treasurer's reports were read and approved.

"Time, a gift from God," (use it wisely) was the theme Chris Tinkey used for devotions. Baby pictures of the members were passed around the group and each were to identify as many as they could. Betty Meredith named the most.

The remainder of the evening was spent sewing. Refreshments were served to fourteen adults, and three children by Mrs. Shewman. The February meeting will be in the home of Diane Gearhart.

Saint Francis Dean's list

Sr. M. Elise Kriss, undergraduate dean at Saint Francis College, Fort Wayne, has announced the Dean's list for Semester I 1988-89.

Included on the honor's list are the names of 53 students who achieved a 3.50 grade point average or higher on a 4.00 scale. Each student carried a minimum of 15 semester hours.

Lence M. DuBois, of Akron, was named to the list. A Saint Francis senior, she achieved a 3.81 average.

Mentone approves sewer bond

Awarding tentative bids and approving a \$225,000 bond issue for the town's sewer project was at the top of the list in the Mentone Board meeting.

Low bidder Niblock Excavating Inc., Bristol was awarded the contract for the small diameter gravity sewer at a cost of \$1,409,131.50. Shambaugh & Son Inc., Fort Wayne, was awarded the contract for the wastewater treatment plant with its bid of \$918,990.

Even though there was earlier disapproval of a bond issue, town attorney Lee Bazini was authorized by the board to contact bond counsel and proceed with borrowing the \$225,000 needed for the local share of the cost of the project.

The decision was made during an executive meeting Thursday and was announced Monday.

The town must still meet with John Julian of Umbaugh & Associates, Plymouth, to determine how the rates will be billed to residents.

In other business, the board is now accepting applications for an employee for the water department. Water superintendent Brian Reed said there will be a need for an extra person once the sewer project gets underway and he would like to see the town hire someone and get them trained before construction begins.

The board announced that the north-south alley between Main and Jackson streets (east of Morgan Street) is an open alley, and according to court records has never been closed. The alley should be open to all property owners along it.

The next regular meeting has been changed from March 6 to 7 p.m. March 13 in the town hall.

No school

There will be no school for students or for teachers on President's Day, Monday, February 20, 1989. This day will not be used as a make-up snow day and neither will spring break.

Any days that must be made up will be made up at the end of the school year.

The Music Men

The "Marshall County Men of Music" L. to R. Jim Winenger, Ken Green, Roy Reed, and David Thomas, will be singing during the 10:30 A.M. Sunday morning worship hour, February 26 at the Akron Church of the Brethren. The quartet has appeared at various churches, presenting their ministry in song.

The public is invited to this, and all services.

Technique For Eating A Jelly-Filled Long John

Etiquette is, without a doubt, important. Many a person has researched to determine if chicken should be eaten with their fingers or if tea should be drank with the pinky extended. But, I've yet to hear of the proper way of eating a jelly-filled long john.

Being a lover of filled pastries, and having eaten my share, I have found being neat almost impossible. Not only is there the problem of jelly dripping from the end of the pastry but the sticky fingers that everyone would like to lick but can't. Needing help, I recommend a bib. Restaurants dispense lobster bids, why not donut bids?

Next, where to make the first bite. You have to make a close inspection to see where the jelly was inserted. If you bite at the end of the injection, your jelly will be eaten first leaving 2-3 plain bites at the end. If you start at the plain end, jelly may squeeze out with the last bite or so making a mess. That leaves starting in the middle. How can this be done?

Simply place holders into each end of the long john like you would corn on the cob! Snap your bib in place and begin eating. Start in a left to right direction, nibbling gently back and forth taking care not to break open the layer around the jelly. After completing the top, bottom and both sides, carefully place the jelly-filled pocket onto your plate. Remove your holders and with your pinky raised, use your fork to consume the delicious remains.

Having finished your delectable long john being neat and organized, you dab the corners of your mouth, remove your bib and bow to the crowd that, no doubt, has gathered!

As the applause fades, you leave the restaurant knowing you have made a "new beginning" in mastering the etiquette of eating jelly-filled long johns.

Could it be this is only a beginning in eating the most difficult but delectable snack items neatly. Twinkies, cream filled cupcakes as well as marshmallow covered cupcakes are the next challenge to be met. However, no matter how long it takes or how much trouble, I'll search for ways to eat these snacks by hand. People have been known to eat a pastry using a fork and knife which is a great deal like peeling an apple instead of eating it from their hand. It just seems like something is missing that way, right?

I will continue my quest of bettering the eating procedure of filled pastries away from home, but believe me, at home over my morning cup of coffee or during the late show, the bib comes off and the napkin comes out. I will attack the roll any way for the pure enjoyment of it and lick my fingers triumphantly. Now that's a true long john lover!

Letters to the Editor

Dear Editor

I am in hopes that the readers of the Akron-Mentone News will be able to help me in a historical research project. I am trying to find the last Civil War veteran of Fulton County. I believe he died circa 1940. I need his name and date of death. Any aid your readers can furnish would be greatly appreciated.

Thank you.

Indiana 4-H Week in Kosciusko County has been fantastic! 4-H Week activities have been well attended and supported. Our hope is that these 4-H Week activities will lead more young people to "Say Yes to Today's 4-H".

The Kosciusko County 4-H Kickoff held on Monday, January 30 was attended by 225 young people, parents and leaders. The 4-H Kickoff was successful in educating those in attendance about the 4-H program. Our 4-H Kickoff sponsors were Farm Bureau, Inc., First National Bank, Lake City Bank, and Monsanto. We would like to thank the Warsaw School Corporation for their cooperation in the use of the middle school facilities.

The window display contest has been very beneficial in promoting 4-H throughout the county. It was fan-

tastic to have eleven 4-H clubs enter the window display contest this year. We commend you for your efforts to promote your organization.

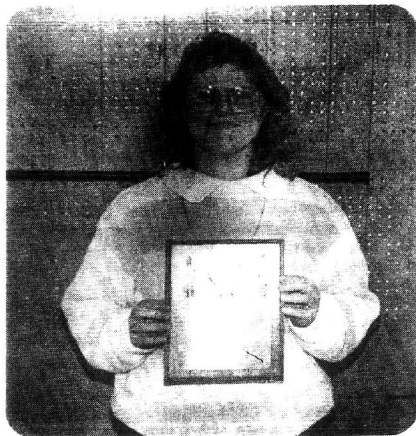

Other promotions for the Kosciusko County 4-H Program during Indiana 4-H Week included: Dawn Burch's appearance on "Good Morning Michiana" on TV 28, radio announcements recorded by junior leaders on WRSW sponsored by Rax's restaurants and distribution of 2400 4-H rulers to 3rd, 4th, 5th and 6th grade students throughout the county.

We have many people and activities to be proud of in our 4-H program. Let's share what we know about or have gained through 4-H as we encourage others the "Say Yes to Today's 4-H".

If I Were President

I could cut down the deficit if I were president. The first thing I would do is cut down on wasteful spending. Professional athletes would get their salary cut a lot. I would close some fast food restaurants. I would also cut down on some oil drills. That is what I would do to get out of the deficit.

The death penalty is a good idea. This way it would make people think about crime. The death penalty would be in effect for people 16 and older.

Abortions are a very big problem. If I were president I would say the only way you could have an abortion is if you know your child is going to die.

I would plant trees in the cities. No more cities would be built or made bigger. The road in Brazil would be closed so no more trees would be cut down.

Drugs are a problem. The death penalty would not work for drug users because they would die anyway.

Jim Wagner

I were President

If I had the chance to be the president I would fight for peace because war costs too much. I would fight for lower costs of education to help the kids who cannot afford it and to help make children better qualified for the real world. I think that teachers should get higher pay. I would have a death penalty because there are some people who should be put to death. I would lower taxes to improve the economy of the world today. I would fight for freedom of religion and liberty in all states. I would care a lot for my people.

Wetlands eligible for CRP

Wetlands, farmed wetlands and scoured flood plain areas are now eligible for the Conservation Reserve Program (CRP), if cropped two years during the 1981-85 period. The next CRP sign-up is February 6-24. This is good opportunity for farmers to retire their wetland areas for 10 years for conservation purposes.

Natural vegetation in the northern Indiana pothole region is a sound management decision for CRP. Surface water or cattails and other wetland plants are excellent cover for erosion control and wildlife. Where space permits, a grass/legume strip should be established between the wetland and the upland part of the field for sediment control and wildlife. The balance of the field, which must be six acres or larger, should be planted to trees and shrubs in those soils that were developed under timbered conditions. Fields of prairie soil may be seeded to native prairie grasses or trees and shrubs.

Flood plains scoured by out-of-bank flow erosion at least once every 10 years will be eligible for CRP. In general, cropped land between the top of the stream-bank and the inland limit of the scour erosion can qualify. If one-third or more of the field is subject to scour erosion the whole field will be eligible.

These scoured flood plains must be planted to bottomland hardwood trees throughout the field. Areas with existing woody seedlings (or sprouts) might meet eligibility requirements.

Steps in preserving history

The Indiana's Soldiers' and Sailors' Monument Restoration Project is asking the youth of Indiana to "Take a step towards Preserving History" by helping restore one of this state's most treasured landmarks. The goal is to raise \$300,000.00 through the purchase of one of the 324 steps that lead to the top of the monument.

Letters were sent to over 2,500 school principals in

Indiana asking that their school raise \$1,000.00 to purchase a step. By raising the funds through various projects, the students will gain a better understanding for historic landmarks and their preservation.

In return for purchasing a step, the school or class will have a plaque placed in their name on a step. In addition, the students will receive a certificate of appreciation and a presentation by a member of the Monument Restoration Project Speakers Bureau.

Phase II restoration is currently underway and involves updating the interior of the Monument, as well as putting the finishing touches on the exterior. Proceeds from the "Take a Step Towards Preserving History" fundraiser will go towards the \$700,000.00 still needed from the citizens of Indiana to complete the project.

Work is scheduled to be complete by December of 1989.

Vikings Lead the Way Valley finishes Strong

The Tippecanoe Valley boys basketball team won its fourth straight game in a row, defeating visiting team Bremen 78-67 Friday night.

The Vikings came out hot the second half taking a lead from 34-32 to 57-43. Pete Terpstra led the Vikings with 25 points. Dion Anglin added 18 points along with Craven Lynn. Anglin pulled down seven rebounds and Lynn and Steve Dunnuck had six each. Scott Smith ended with 11 assists.

In the Junior Varsity, Valley scored 10 points from Kim Lee in a 41-36 victory.

Basketball scoring leader

He is not 6'11 1/2" tall.
He does not weigh 225 pounds.

He was not on the pre-season all state teams.

All he is doing is leading the State of Indiana in scoring at 31.4 points per game through 15 games. He is shooting 54% from the field and 83% from the line. His intensity and dedication to the sport of basketball is unparalleled. His remarkable feats this season such as back to back games of 50 and 51 points in which he hit 50 free throws (26 straight in one game) are an example of his capabilities.

As a freshman Kevin was 5'1" tall, as a sophomore 5'5", as a junior 5'8", and as a senior he is 5'10" tall and apparently still growing. He will not have the same career statistics as those who were physically mature as a freshman or sophomore, but my bet is that he will finish this season leading the State of Indiana in scoring.

In a season where there is no clear-cut "Mr. Basketball", it seems only logical that indeed the State's Scoring Leader should be considered a viable candidate.

Kevin Weisman attends Rising Sun High School

A strong finish helped to raise Valley's record to 10-5 Tuesday night at LaVale. The Vikings outscored LaVale 19-6 in the last eight minutes.

Pete Terpstra led Valley with 16 points. Dion Anglin added 12 and Steve Dunnuck had 11.

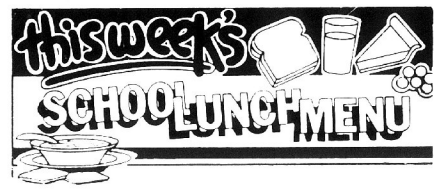

Craven Lynn had 13 rebounds, Anglin had 9 and Dunnuck had 8. Scott Smith finished with seven assists.

The final score was Valley 60, LaVale 38.

with an enrollment of 274 students. Rising Sun has only one school on its schedule that has fewer students. Most schools on the schedule ate double or triple in size which makes his accomplishments even more convincing. What better way could there be to assure all of us that Indiana's single class systems is indeed the model system than to elect this boy from the remote Southeastern corner of the state to the Indiana High School All Star Basketball Team? Kevin Weisman deserves to be on this team.

Coach Mike Wilson

OUR GREATEST LEADERS SOUGHT THE GUIDANCE OF THE LORD

All through history the revered leaders of our great land have demonstrated their finest ability to lead when they became followers; that is, when they followed the advice of the Lord. This meant more than simply going to church with their families. It also involved a lot of private praying at any hour of any day in the week; particularly when a major decision had to be made which would have a long-range effect on the future of the nation. They carried the awesome responsibility of preserving our freedom, and when war threatened this meant that the price of it would be paid with the lives of our young men. Although we are not burdened with making decisions of that magnitude, we would all do better to follow the example of our noble leaders by relying on God's guidance rather than our own judgment. Our history has proved the value of this.

Reflection of a Snowy Day

Soft Delicate snowflakes danced merrily in the gray winter sky; stopping in midair to twirl gracefully like a ballerina before sashaying gently to the white velvety ground. A gust of wind stirred snow laden branches to dance to the tune of the snowflakes. As I watched the scene from my window where Jack Frost painted mystical pictures across the pane, a sparrow alighted on my sill. He looked at me with knowing eyes hopped about, then fluttered away. As I let the wonder and magic of God's snowy world seep into my soul, I thought that this kind of day is like the sparrow who comes to visit for only a brief moment. You have to take the time to treasure the things that are here at the present before like the sparrow, it flutters away and disappears from sight.

Influenza & Colds: Harmless Sniffles or Dangerous Epidemic?

It's flu season again. More than 100 million cases of colds and flu will be reported between the months of October and April. This year alone, colds and flu will account for approximately 1.238 million lost work days among Americans making colds and flu the country's No. 1 cause of office absenteeism.

We hear mostly about flu epidemics but there are actually seven major families of viruses and hundreds of subtypes that cause upper respiratory infections, including colds. Once you are stricken, these viruses can last for as long as 10 days, resulting in a variety of symptoms that occur as the body's immune system tries to eliminate the invader. Most of these result in common colds, sniffles, and other relatively minor—although irritating—cold signs.

But while the common cold may simply cause discomfort, the flu is far more serious. In fact, the virus is so potent that up to 90% of the people who are infected experience some symptoms. Furthermore, influenza can lead to life-threatening complications, most commonly pneumonia—which make it, especially dangerous to the elderly or infirm.

Unfortunately, it's not always easy to tell whether you've got the common—and relatively harmless—cold, or if you're the victim of a more serious influenza virus. The two may feel much the same to the person suffering, and in fact there are similarities,

Colds and flu are the most common cause of office absenteeism in the country, and more than 100 million cases will be reported this flu season.

including the ways in which the viruses are spread. A simple handshake, for instance, or just being in the same room with an infected person puts you at risk of developing symptoms.

"A good way to differentiate a cold from the flu is by paying attention to the onset of symptoms," says Dr. Lee R. Brettman, an internist and specialist in infectious diseases at Mount Sinai Hospital, Hartford, CT. With a cold, you start with respiratory symptoms—a runny nose, congestion, scratchy throat, and perhaps a low-grade fever. Influenza, however, is characterized by a rapid onset of muscle aches and pains, drooping eyelids, and physical exhaustion. Respiratory symptoms may follow, but they may be mild.

"There is no cure for the common cold. The best you can do is treat the symptoms, trying to lessen their severity," says Dr. Brettman. His personal favorite remedy is

drinking lots of fluids like chicken soup and orange juice. Cold symptoms can also be alleviated with the help of over-the-counter medications. For instance, you can use a decongestant or antihistamine to control runny nose and stuffiness, and to relieve sore throat and muscle aches and pains, a fever-reducing pain reliever like Advil—which contains ibuprofen.

Flu management is similar. Flu management recommendations include warmth, bed rest, and again drinking plenty of fluids. "And since the flu is often accompanied by muscle aches and pain, an analgesic like Advil is a good choice," says Dr. Brettman.

Of course, the best way to avoid dealing with cold or flu symptoms at all would be to simply avoid catching the ailments, not always an easy task, unfortunately. People at risk for life-threatening complications—the elderly, diabetics, people with heart, lung, or renal ailments—should receive a flu vaccination at the beginning of the season. Other candidates for vaccination include nurses, physicians, police officers, and fire fighters.

For the rest of us, "catching a cold or the flu is a real game of chance," says Dr. Brettman. "It is a matter of being in the wrong place at the wrong time and picking up the virus."

In other words, there may be no way to avoid the annual bout of colds and flu. But with proper treatment you can make it easier to get through the season.

Healthy Kids

Five year old Emmalyn Jones-Whiteman is alive today, because five years ago at age 6 weeks she survived a motor accident. Emmalyn was properly buckled up in an infant car seat when the accident occurred in June of 1984.

Indiana's child restraint law had only been in effect 6 months. Today, five years after the passage of this law, it has been credited with bringing about a 27% decrease in deaths of children 0-4 years old, during its first five years when prior to the law.

Monrow County Sheriff's Deputy Ted Baugh credited a safety seat for saving Emmalyn's life. Five years ago, Baugh said, "Boy it sure makes you believe in those child protection seats. An impact like that probably would have thrown that child into the windshield and probably would have killed her."

Emmalyn will be representing others whose lives have been saved by this law, and sharing their appreciation to Indiana legislators for passing the child restraint law at a special birthday elevation was held on February 9.

Iron Curtain Speech Recalled

A new phrase entered the vocabulary of the world on March 5, 1946, when British leader Winston Churchill first publicly employed the words "iron curtain" to describe the closing of Eastern Europe behind the wall of Soviet domination. Speaking at Westminster College in Fulton, Mo., Churchill fore shadowed the coming Cold War and set its boundaries with these words: "From Stettin in the Baltic to Trieste in the Adriatic an iron curtain has descended across the continent." **ll**

Gorbachev's Birthday

March 2 marks the 58th birthday of Mikhail Gorbachev, Soviet leader and symbol of what many hope will be a new and open era in U.S.-Soviet relations. Gorbachev was born in the village of Privolnoye in the Stavropol region of the U.S.S.R., a fertile farming zone north of the Caucasus Mountains.

In 1950, Gorbachev, the son of peasants, entered the law school of Moscow University. Beginning his party career at the bottom, as the secretary of a Young Communist League in Stavropol, he rose through the party ranks. Now, at a young age by Kremlin standards, he is the general secretary of the Central Committee of the Soviet Communist Party. **ll**

Procrastination Celebrated

National Procrastination Week—to promote the benefits of relaxing by putting off until tomorrow everything that needn't be done today—is scheduled for the first week of March but will be delayed until March 5-11. Procrastination Week is in its 15th year. It is sponsored by the Procrastinators' Club of America, an organization with 6,500 members worldwide and, according to its president, Les Waas, "millions more who haven't gotten around to joining yet."

Waas has been "acting" president ever since the organization's founding in 1956. As soon as a time can be arranged, the group will meet and a new president elected. Until that time, Waas said, "The members of this club will continue to plan more inactivities for the coming years." **ll**

Checkups Are a Part of a Healthy Lifestyle

Health checkups are available in a variety of places.

Health fairs provide busy people with convenient opportunities to check their physical condition.

Blood pressure screenings often are available to the public at shopping malls.

Cholesterol and diabetic screening also have become common in public places.

Glaucoma testing is done regularly by community and service organizations such as the Lions Club.

Mobile mammography units now provide low-cost breast exams for women.

Low cost or free colorectal cancer tests have been offered by drugstores and pharmaceutical companies, as well as through programs sponsored by the American Cancer Society.

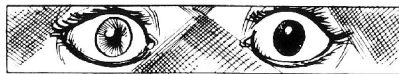

People can protect their health by taking advantage of available resources.

The Akron W.C.T.U. held their annual Frances Willard Tea in the Akron Library on Wednesday evening February 8, 1989 at 7:30 P.M. The meeting opened with the group singing "Trust and Obey". The devotions were given by Mrs. Paul Kindig centering her thoughts around LOVE and the many ways it is shown.

The program was given by Mrs. James Malbone. She used the theme of VISION and challenged us

today to press forward with a vision just as Frances Willard did many years ago. She also highlighted bills before the Congress and the Indiana Legislature. The meeting was dismissed with prayer by Mrs. Paul Bowen. A lovely tea was served from a table decorated with a Valentine theme by the hostess, Velma Bright.

To celebrate eight birthdays among the employees of the Northern Indiana Cooperative Association, a party was given in the cafeteria room of the school building Thursday evening. Employees and their wives and families enjoyed a cooperative dinner, followed by an evening of Chinese checkers and various card games. A three tier angel food birthday cake, decorated with candy hearts and eight candles, was served with home made ice cream. The table appointments and other decorations were in accordance with St. Valentine's Day. A public address system was available through the courtesy of Mr. and Mrs. Raymond S. Bare, and several members of the organization gave short talks. The evening was a most pleasant one and was enjoyed by the following: Mr. and Mrs. Oliver Teel, Mr. and Mrs. Raymond Bare, Mr. and Mrs. J. M. Priesch, Mr. and Mrs. Lewis Foor, Mr. and Mrs. Walter Mulford, Mr. and Mrs. Howard Horn and son, Mr. and Mrs. Ed Ward and daughter, Mr. and Mrs. John Moore, Mr. and Mrs. E. Q Can I claim my ex-wife as an exemption for that part of 1988 in which we were still married?

A No. Your marital status at the end of the year determines your filing status. You may deduct alimony if it was paid under a written separation agreement, even though no court decree has been obtained.

Q I have several U.S. Savings Bonds and have elected to defer reporting the interest income from these bonds until they mature. Can I now change this policy and start reporting some of the interest income?

A You might be able to, but you'll first have to get permission from the Commissioner of the Internal Revenue Service.

Creative Writing

These stories were written by students from Akron, Burket, and Mentone Elementary schools.

Snow

I like to make snowballs. You play with them and throw them at people. Be careful not to hit somebody in the eyes. They might tell on you if you hit them too hard with the snow.

Jeremy Case

Winter

I like to slide down the hills.

When I get to the bottom I bring the sled back up to the top of the hill.

Then I go back down again. I like to go down the hill really fast. I throw snow at my dog. She does not like it.

Snow

I can make a snowman. I play in the snow. I play with Jessie. We throw snowballs at each other. It is cold in the snow.

I like to play in the snow. Missy Shepherd

Snow

I played in the snow. I played with a snowman. We played hide and go find. The snowman hid first. He hid behind a tree. I found him. Now he is it, I hid behind the house.

He found me. The game was over. I went in the house. He stayed outside.

My mom made hot chocolate. I like the snow.

B.J. Caudill

Snow

I made a snowman in my yard. I rolled up one big snowball, one medium snowball and the last snowball was little. I stacked up the snowballs. I gave my snowman a carrot nose. I gave him eyes made of coal. I gave him my scarf and a black hat. I made his arms out of wood. He was a good snowman. I went down the hill on my sled. Then I made some snowballs. I like snow.

Jeremy Smith

Winter

In winter it is cold. In winter there are snowflakes falling. In winter girls and boys make snowmen. In winter there are some birds gone.

Kristi Bowen

Winter

It snows in the winter. I like the winter. I like to skate in the winter. I like to go to my grandmas.

Kristen Genenbacher

My grandpa's Horses

He has miniature horses and he has 8 of them. He used to race them. He has a big race track at his home.

He used to take me on rides in the cart. Then he broke his leg and he never rode again.

Now he is training a black horse.

Kevin Brofford

Snakes

I had a snake place. I had 15,239.

I had three kids, two boys and one girl. My son helps me at the snake shop.

Lots of people call me and ask if they could buy a snake. I said yes. Then I said what kind of snake do you want? They said what kind is there. I said, there's poisonous ones and rattler and that's all.

Then they say, I want a poisonous one. And I said okay.

Then they ask me how much will it cost. I said about 3 dollars.

Then they said okay. They came and got it and paid for it.

Jassen Dugan

My penpal Claudia

"Renee", said Mrs. Black "How about giving you, Claudia for a penpal. She seems to have the same taste. Suddenly the bell rang and I ran home excited to tell my parents.

As soon as I got home I decided to write Claudia a letter. I told her about myself and I gave her a picture.

A week later I got a letter from her. She told me about herself. Penpals are great friends.

Rachel Thompson

My Football Team

I play football for Lake City Bank. Lake City Bank sponsors my football team.

I play two different positions. They are defensive end and center. Those aren't the only positions I play but I play them the most.

They use names like Pro teams for the names of our teams. Some names of the teams are Raiders, Falcons, and Chiefs.

James Hall

Nerd Camp

Last year I went to camp. At first I got on the wrong bus it was full of nerds and geeks. The nerds were picking their nose. The geeks had headphones on listening to Am. Not FM but AM. I was like a misfit because I was the only normal person there. When we got there a sign said NERD CAMP.

While we were there they pushed our counselor off the peer. We were in trouble. At lunch we had a food fight. After lunch a few of us took some tater tots and put them on the counselors chair. It was funny. Finally they realized that I was not a geek or a nerd. I had to go home because I was not a geek or a nerd. When I got my mother asked me why I didn't stay longer I said because it was only for nerds and geeks. It was camp were nerds and geeks could go to where they won't get picked on or beat up I guess I said, I'll never go to another camp again.

First Year at Mentone

When I first came I was scared. I didn't like it. People were making fun of me.

Then I started making friends. I met this girl. Her

name was Jessica, she was my best friend for along time.

At the end of the year, she gave me her phone number. We could still call each other. I still have fun at Mentone.

The invention of the Computer

I think one of the greatest inventions is the computer. It is neat because you can draw on it and play fun games. I can't wait to see how computers will change over the years. I think they will become a lot more advanced.

I think it would be neat to compare the computers of yesterday with the computers of today. I would like to help build different computers. Some people say that soon computers will go shopping for you, fix meals, ect.

There are many different kinds of computers which do different things. You may even have computers to do housework for you someday. One type of computer is an analog computer. It is a computer in which numbers are represented by measurable quantities. Another type is a digital computer. It is a computer that performs operation on data that are represented as series of digits.

Ever since I saw a computer I've been fascinated with them and I always will be. When I grow up I would like to work with computers to control satellites in space.

Our family has one computer. I hope I can learn more about computers to teach my children.

Kevin Allison

The Most important invention

My idea of the most important invention is the radio. It is my favorite because it is something that I can listen to when the T.V. is off limits. I'm sure that some kids would read, but I like to listen to the radio when I'm reading. I can concentrate better.

Another reason would be that you couldn't listen to songs to see if you like them or not. I don't know about anybody else but I would not want to buy a tape without knowing the songs on it.

The radio is also useful to listen to when you are in the shower waking up in the morning. It can keep you from falling asleep in the shower.

Another thing the radio is good for is to get rid of the sounds of sibling fights or any kind of fight. Usually you get rid of any song by turning up the radio.

The radio is important to get news from. Sometimes it can take the place of watching T.V. while you are doing something else. The radio can give good information.

The radio has a variety of entertainment for the listener.

On Sundays you can listen to the Top Forty songs in the United States. You can also call and request songs that you like sometimes.

I like the radio because it is wonderful to listen to when there isn't anything else to do.

Winter

Winter is fun. You get to go ice skating. You have to put on ice skates and warm clothes. You can go fast. If you turn you have to slow down. When you are done skating you can go home to eat.

The greatest Experience I ever had

One day my dad said that I could go with him in the semi. I got packed and then we took the car over to Silver Lake so we could get the semi.

We went by Indiana Beach and we saw the Ohio River. We saw a harbor with big fish. One time we stopped at a restaurant. Finally we went to Fort Wayne. Then we went home.

The Lost Kitten

Once upon a time there was a kitten that was gray and white as snow. One day she wasn't on the farm. The owner of the kitten stated to look and he also cried the whole afternoon, he was a young boy named Tim. He was six years old. The next day, in the middle of the afternoon, he went outside and sat on the picnic table and suddenly the kitten scratched him. He was so happy to see his gray and white kitten that he promised himself that he would never let her out of his sight.

Jennifer Miller

I hope no one gets in trouble today. I'm going to wait till the bell rings, then go sit down and have a cup of coffee. I wonder what is for lunch today? I hope something good, like pizza. This is boring! I'm hungry. Good, in about three hours I get to eat. "I like being principal."

THE THING!

One day, as I was sitting on my front porch, I saw someone looking for something. I asked him what he was looking for and he said that he was looking for "The Thing"!

At first I had no idea what he was talking about, then I asked him what "The Thing" was. He told me that "The Thing" was a real live science project.

After he told me this I asked him if he had been drinking. He said that he was as sober as a horse. When he said this I almost fell over in laughter. I didn't believe in "The Thing". He told me to listen to his story first.

He told me that "The Thing" was an experiment that his company had been working on for about 5 years. They wanted to make the perfect and healthy human body. They failed in the trying. Then he told me that "The Thing" looks like a human but acts like an android which looks almost lifeless.

I was about to freak out. A real live android. STAY TUNED FOR TONIGHT'S SI-FI MOVIE, I thought. I asked if I could go to his company to see the plans for this perfect person. In about a half hour, we were at his company looking at the plans.

I saw that they based "The Thing" on what they said on STAR TREK I that they were to make them out of a carbon based units. The flaw was that they had not put enough carbon in it. Instead they put silicon in it to take up what carbon they didn't place in the body.

After we talked for a while, the man took me home. I asked him what would happen if I were to meet him. He said that it wouldn't hurt anyone but it just wouldn't understand us. He gave me a list of things to do if I should meet him. This was the list...

1. Do not tell him where he is.
2. Tell him your name and be nice.
3. He does not respond to violence!
4. He will act like a human in every way, even in love.

man in every way, even in love.

Wow! That was easy to understand. I don't understand what made him so jumpy.

I found out real soon! Even with my blond, wavy hair and gray eyes, I still am not pretty. I mean I'm not ugly but I'm not as pretty as I want to be.

What-ya-ma-call-it was finding its way to my house. At night when I was asleep, he found his way to my room.

When he made a noise, I woke up with a start. He looked at me, I looked at him and we both screamed. I ran to my parents' room and woke both of them up. I told them that there was a monster in my room. They told me not to watch any more horror movies. I told them that I wasn't fibbing to them. They said to go back to sleep and try not to think about it. When I got back to my room, I found it crying. I asked him what was wrong and he said that I ran away before he could talk to me.

I sat down and he started talking. He told me that I was the most beautiful person he had ever met. Well, we didn't really meet very formally so I asked him what his name was? He said that he didn't have a name. So I gave him a name. I called him Chris. Chris and I had lots of fun together. We went to the beach and he got a tan that made him look like a real person. In fact, I took him to the doctor for a checkup. The doctor said that his organs were very healthy. Organs! I thought that I was going to flip.

He said that the past few weeks with me has changed him from an android to a real human. I almost fainted. Then when he asked me to marry him I did faint. I woke up 5 minutes later and said "Yes".

Today I still wonder what would have happened if I would have said no. We had a wonderful 56 years together and had 3 children. I will remember the day we met like it was yesterday.

Akron wins L.A.M.P.

(Pictured above, Back row) Katrina DeLawter, Shawn Arnett, Chris Wilcox, Rich Burge, Tim Hill, Matt Wartley, Wendy Meredith, Jeff Hunn, (Front row) Eric Rodenberg, Jarrod Morgan, Larissa Givens, Eric Brown, Jeff Makula, Sam Road, Angie Ault.

A group of 14 fifth and sixth grade students at Akron School competed in the Elementary Knowledge Master Open (KMO) academic contest on February 7. They performed extremely well, placing first in Indiana and 7th out of the 851 teams entered in the entire country.

The students are in the school's L.A.M.P. (Learning Accelerated and Motivational Program) program, a pullout program for gifted & talented elementary students. Jeff Hunn, the L.A.M.P. teacher, was the team's sponsor.

The KMO is a computer disk competition; an Apple II computer asked 100 multiple-choice questions, and the team entered answers. Questions covered academic areas such as world and American history, math, health, fine arts, English and grammar, spelling, science and others. Points were given for correct answers on both first and second tries, and bonus points were awarded based on how fast the team answered. The team scored 755 points; the maximum possible would be 1,000 points, if all questions were answered correctly within the first 7 seconds. The first-place team scored 798 points.

BEARS VISIT SCHOOLS

Yogi, Cindy, and Boo Boo visited the Mentone School last Tuesday. They were at Burket on Thursday, and Akron on Friday.

Women's Fellowship

The Women's Fellowship of the Church of the Brethren met in the home of Diane Gearhart for the February meeting.

Deb Whistler, president, opened the meeting with a poem, "A Love Between Friends" and played a song on tape, "Love From My Neighbor."

"Superstition" was the theme for Susie Runkle's devotions. She read scripture from 1 John.

Each member read a Bible verse containing the word love. Several get-well cards were signed. A baked Valentine exchange was enjoyed by the group.

Mrs. Whistler announced that the Spring Rally will be at the Sugar Creek Church of the Brethren, March 28.

Mrs. Gearhart served refreshments to twelve ladies and several children. Lana Bowser will host the March meeting.

SPAMology

While attending school in South Bend, Chris has been supplementing his income by stocking shelves in a grocery store. I expected his education to come from school more than working on the shelves, however, there seem to be several young men who should consider making a living in product promotions. See what you think.

As one would suspect, some products sell better than others. It just so happened Spam had been moving slowly recently and several young men stocking shelves thought they could stage a comeback for the product.

A surefire method of bringing the product to the attention of the consumers would be to ship the excess Spam to countries during a famine. You guessed it, the country would be suffering from a SPAMine.

One person thought a billboard advertising car dealerships could be used successfully. Imagine seeing an advertisement for a brand new SPAMbourghini instead of Lambourghini!

If the billboard didn't capture the attention of people, a television show starring Stacy Keach entitled, "SPAM Spade" would!

What next, you ask? Geraldo, that's what! Let's go for the big time and have Geraldo interview Charles SPAMson!

Perry Mason could help the effort by being the famous attorney to cross-exSPAMine the witness while the jury grew hungry.

But, what about the more intellectual people? No problem...a documentary on Son of SPAM would get the point across!

Still another young man felt the media left an excellent opportunity slip away during the craze of Sylvester Stallone. They could have entitled one of his movies "SPAMbo".

These young men show promise in my opinion. They reinforce the belief in young people and their ability to take what could be an uninteresting job and turn it into something creative.

Nonsense, you say? I don't think so...I think they show a lot of SPAMina!

In Memoriam

In loving memory of **Eldon Cumberland**, husband, father and grandfather who passed away five years ago February 23, 1984.

Many times we have needed you
Many times, dear, we have cried.
If love alone could have saved you,
Then you never would have died.
In love we loved you dearly,
In death we love you still.
For in our hearts you hold a place,
That no one else can fill.

FACTS & FIGURES

The United States produces about a billion square yards of rugs and carpets annually. Georgia makes about 60 percent of these floor coverings, and California ranks second in production.

America's most popular carpet sweeper features two brushes and over 15,000 bristles for fast pick-ups. It's the Double Action carpet sweeper from Bissell. The low-profile design makes clean-ups under couches easy, too. It's a nice improvement over the very first carpet sweeper, invented by Melville R. Bissell back in 1876.

Over 95 percent of the rugs and carpets produced in the United States are made by a process called *tufting*. The rest are made by weaving or other methods.

Physical Illness, Pain and Anxiety—Broadening Traditional Therapies

By Donald F. Klein, M.D.
Director of Psychiatric Research, New York State Psychiatric Institute, New York, NY

The role of anxiety has been described in a host of illnesses: cardiovascular conditions, peptic ulcer, hypertension, high blood pressure, disorders of both the endocrine and the respiratory systems and imbalances in the blood's delicate chemistry.

Anti-anxiety medications, particularly the benzodiazepines, have been found useful for patients with heart disease or peptic ulcer as well as others who suffer from neurological problems. Surgeons and neurologists sometimes prescribe these drugs for patients with muscle relaxation difficulties as part of their medical/surgical aftercare.

When a patient has cardiac symptoms, the question must be asked: Does this person have some form of heart disease, or is he or she showing symptoms of anxiety?

Research has shown that as many as a third of patients complaining of chest pain actually have normal coronary arteries. What these people suffer from is panic disorder—a type of anxiety disorder—characterized by recurrent periods of intense fear often associated with shortness of breath, dizziness, palpitations, sweating, chest pain and other panic attack symptoms.

Patients with heart disease are in special need of early recognition and treatment of anxiety and stress to help prevent the complications of heart attacks.

Other recent research indi-

cates that benzodiazepines may increase the availability of blood to the heart itself. These anti-anxiety medications may also be useful in preventing blood clots, which can occur because of blood's tendency to thicken in stressful situations. Researchers hope that dealing medically with stress at an early stage of the disease process will lessen the anxiety and, thereby, enable the patient to counteract the body's reaction to stress.

A connection has been found between anxiety and pain perception. One study suggests that benzodiazepines may be effective in reducing the need for postoperative painkillers. By reducing anxiety, benzodiazepines may allow patients to withstand pain better.

Another study used a benzodiazepine in conjunction with painkilling medications to treat cancer pain that wouldn't respond to most narcotics. This combination provided moderate to marked improvement in pain control.

To assure that benzodiazepine therapy achieves maximum effectiveness, it's important the medication be prescribed and used appropriately.

According to recent United States Government report, when benzodiazepines are used properly, they are considered among the safest, most effective psychiatric medicines.

Keeping The Cold Out Of Your Child

Here's a statistic not likely to warm the heart of many parents: Colds account for as many as 20 percent of patient visits to pediatricians. By following these simple DO's and DON'TS in preventing and treating the prevalent cold, you may help lower that statistic somewhat.

• DO make sure your child wears a warm hat that covers his head and ears. Reason? Most body heat is lost from the top of the head.

• DON'T forget water. Proper fluids to keep her body dry.

• DO follow the recommendation of the American Academy of Pediatrics and keep an aspirin-free product, such as Tylenol, on hand to provide effective relief from fever and minor aches and pains resulting from a cold.

• Differentiate between the new Double Strength Tylenol

Cold aches and fever can be relieved without aspirin.

acetaminophen, marketed by Mead Johnson Nutritionals. It's available in a chewable, grape-flavored tablet, so it's easier for children aged six to fourteen to take. Double strength 100mg means fewer tablets to take to meet the recommended dose.

The product may also be used for children with fever or pain from otitis media, pharyngitis, influenza, upper respiratory infection, tonsillitis, chicken pox, and other viral diseases.

B·E·A·R·WEEK

BEARS VISIT SCHOOLS

Yogi, Cindy, and Boo Boo visited the Mentone School last Tuesday. They were at Burket on Thursday, and Akron on Friday.

They were happy to see the students celebrating B.E.A.R. week.

Monday students and faculty wore jogging suits because "Reading Jogs your mind."

Tuesday was red day. Everyone wore "Red if You've Read".

Wednesday was "Hats on for Books!"

Thursday was "Read It" Day with buttons and shirts being worn that could be read.

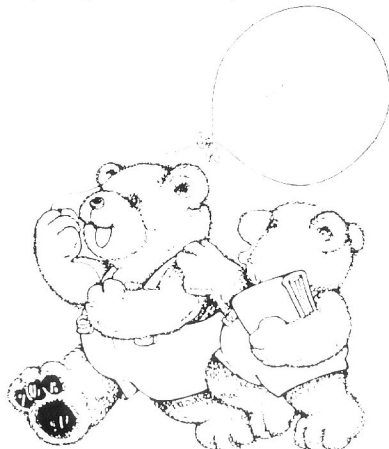

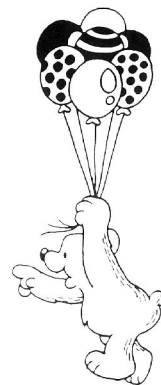

Friday was "Guest Reader" day. Various guest were invited to read aloud to each class.

Students learned that it really was fun to "Be Excited about Books. During the week students brought their own Teddy bears to school. Bear stories were written and a favorite bear contest was held. Teachers at each school had special sweatshirts printed with a bear and a book with their school name on it.

The "live" bears were visiting from Jellystone Campground at Pierceton.

BOOK FAIR

A book fair will be held at each elementary building beginning February 27th and continuing through March 3rd. Paperback books will be available for purchase during school hours and during the hours of parent-teacher conferences. Letters explaining the program and a brochure listing the books by title will be sent home with each student. Parents are welcome to come to the fair. The bookcases are located in the library in each building. If you have questions you may call Ann Chubb at your child's school.

Balance Scoring gets win

Balance scoring led the Vikings to a 77-65 win against visiting team Oak Hill, Friday night.

The Vikings, now 13-5, had all five starters in double figures. Junior, Scott Smith led the Vikings with 19 points shooting 7-8 from the field and 5-6 from the line. Smith finished with 11 assists and 5 rebounds.

Steve Dunnuck had 15 points, and Dion Anglin finished with 13 points.

The Vikings will be visiting John Glenn, Friday night to end their regular season games.

Season Outlook

Looking at baseball's four divisions, I predict we're going to have some very interesting pennant races in 1989. Of course, predictions have a way of coming back to haunt you. The Dodgers surprised everyone last year by winning a championship after most "experts" picked them to finish third or fourth.

In the National League West Division this season, the Dodgers may very well repeat as champions. They won in 1988 with Orel Hershiser having a sensational year, and he'll be pitching for them in 1989 and for years to come. And they strengthened themselves with some additions, including Eddie Murray from Baltimore. Eddie has wanted to get to the West Coast for some time, and he has to be happy coming to a championship club. In my opinion, by getting Murray the Dodgers obtained one of the very best players in the American League. So I think they will be as tough as they were last year.

Several other teams in the West could make a good showing. San Diego is about as strong as the Dodgers, and they could win the division. Getting Jack Clark will certainly help them. San Francisco is a capable club. And our young team in Atlanta will show some movement. I'm looking for a delight in the National League West.

In the National League East, I see the New York Mets repeating as champions. Although they haven't done as much as some teams to strengthen themselves, their pitching staff is so strong they can end the year on top again.

As for the American League, the East Division could be very competitive. Detroit has Sparky Anderson and he's one of the best managers in baseball. Boston won last year and they still have Roger Clemens. But if I had to pick one team, I'd say the Yankees. They are a solid ballclub, capable of winning the pennant as long as the players can keep their minds on baseball and not be distracted by various controversies that always seem to be brewing in New York. Don Mattingly was hurt last year, and now that he's healthy he's certainly capable of a lot of things with both the bat and the glove.

In the American League West, there's the Oakland Athletics. It's hard not to be enthusiastic about this team. With their young talent, and after gaining the valuable experience last year of competing in the World Series, they could come back and win everything in 1989. Oakland has a host of young players who are just hitting their prime. I don't think there is any team in their division that can touch the Athletics as long as they stay healthy.

All in all it should be an exciting year for baseball. I'll look to see you all in the bleachers this season, cheering your favorite teams to victory. **Ed**

The effectual
 fervent prayer of
 a righteous man
 availeth much
 — James 5:16

WE LEARN THAT THE RIGHT KIND OF PRAYERS ARE ANSWERED

Throughout the Bible and in the teachings at our House of Worship we are continually told to put our trust in the Lord, but that is just what we fail to do when we say our prayers as though we were giving God a shopping list. Some of our requests are indeed genuine needs, but all too many of them tend to be frivolous and unnecessary, and occasionally even harmful. Therefore, we should not feel any disappointment when these trivial wishes are not granted. We should remember that the Lord knows what we really need without our having to tell Him, and our prayers to Him should simply acknowledge that fact and reaffirm our trust in His superior judgment, which enables Him to grant the right things. He knows far better than we do what is best for us and so whenever we pray, let us tell Him so. That's what prayer is all about.

God gives the best
 to those who leave
 the choice with Him

AIDS In The Workplace: What You Should Know

It is estimated that by 1991, 250,000 persons will have been diagnosed with AIDS in the United States. Much is being done now to combat the disease, but the impact of AIDS will be found in human suffering, loss of employment, social discrimination, economic loss and loss of life.

The quality of care our health workers can give AIDS patients in hospitals and homes has become increasingly important.

An informative booklet giving sound information about AIDS, how it is transmitted as well as information on dealing with HIV infection, AIDS in the workplace has recently been published. To members of the American Association of Occupational Health Nurses, it's available for \$2.00; nonmembers \$5.00; by writing to: AAOHN, 50 Lenox Pointe, Atlanta, Georgia 30324.

Children's Choral Festival

Pictured above, left to right, Carey Layne, Jesse Gunnels, Darren Parker, Tiffany Hively, Sean Johnston, Cory Romine.

Eight Mentone students participated in the first annual Indiana Children's Choral Festival on Saturday, February 11. This event was sponsored by IMEA (Indiana Music Education) and involved 4th, 5th, 6th graders with exceptionally outstanding voices.

There were seven different festival sites around the state with approximately 300 students at each site.

Mentone students and their director, Mrs. Loretta Deardorff, traveled to Fort Wayne Northside High School where they were privileged to work all morning and afternoon with guest clinician, Mr. Henry Leck who directs the Indianapolis Children's Choir. Each student had to be able to sing on pitch, maintain their own musical part, and exhibit self-discipline. Being chosen for this honor choir gave the students an exciting quality choral experience with other area school students and an opportunity to study more challenging music with guest conductor. The 4 p.m. public concert was attended by many family members and friends. (Not in picture), Dana Baker, Angie Norton.

Joe Bidwell's prize winning chows claimed more honors Sunday at the annual State Dog Kennel show, licensed by the American Kennel Club. King, a nine month old chow won first, and Tuck-Shang-King won second in the American Breed class. One of the chows was also named reserve winner in the Best of Male class. Leon Bidwell won a special prize and a second prize ribbon in the Children's handling class, on his ability to show. Competition was very keen, and there were 297 entries from nine states, representing 27 breeds.

In honor of the twenty-first birthday of Clara Clemans, several of her friends planned a birthday dinner Wednesday evening at the Hotel Akron. Guests were seated at one long table, which was attractively centered with a tiered birthday cake, lighted with pink candles. A delicious three-course dinner was served to the following guests: Misses Bette Showalter, Mary Ann Mitchell, Corrine Hoppis of Rochester, Irene Dixon, Bettie Burrows, and Clara Clemans. Tom Haupt, Bob Sausaman, Bob Baber, David Smith, Sam Burch and Roland Lukens. Later in the evening the guests played bridge and Chinese Checkers. Miss Clemans received many lovely birthday gifts.

Mr. and Mrs. Charles Ross are the proud parents of a new boy, Allen Ray, born at the Bremen hospital, Wednesday, February 25. The paternal grandparents are Mr. and Mrs. Raymond Ross of Mentone. The great grandmother is Charlotte Berry.

A major project for remodeling and redecorating the lower floor of the First Baptist church of Mentone got underway on Monday, February 23. Eight classrooms surrounding the auditorium will be enclosed with permanent partitions, and the installation of two Hulcor, acoustical folding doors will divide the auditorium into three departments. The entire area is to be redecorated as soon as construction work is completed. The new classrooms and departments will enable the Sunday School to make far more efficient use of the space and will be easily and quickly converted into an attractive and spacious dining hall.

Mr. and Mrs. Rex Yazel and family had Sunday dinner with Mr. and Mrs. Pete Blue. Afternoon callers were Mr. and Mrs. Don Blue and son and Mr. and Mrs. Paul Perkins of Elkhart.

Sunday, Mr. and Mrs. Larry Boggs and daughter, Mr. and Mrs. Gilbert Griffiths and Bob of Mentone, Mr. and Mrs. Ernest Ford of Hammond, Jay Trowbridge and Janet Hall, Mr. and Mrs. Don Kuhn of Bourbon, were Sunday dinner guests of Mr. and Mrs. Judah Trowbridge of near Bourbon.

Mr. and Mrs. Junior Wideman and family of Warsaw, were Sunday evening supper guests of Mr. and Mrs. E. E. Wagner.

June Aughinbaugh called on Mrs. Lillian Witham Wednesday evening. Susie Blue and Marie Coleman were Saturday evening callers at the Witham home.

Last week callers of Mr. and Mrs. Robert Jones were Mrs. Noble Babcock and Sherry, Mrs. Dick Whittenberger and Mr. and Mrs. Joe Fisher.

DNR offers turkey hunts

Hunting season for wild turkey will be April 26-May 10, and Department of Natural Resources officials remind hunters that special turkey hunts will once again be offered.

The hunts will be held at Atterbury Fish and Wildlife Area, Jefferson Proving Ground and Pigeon River Fish and Wildlife Area. In addition to special hunts, turkey hunting is permitted in all or part of 39 Indiana counties.

Applications for the hunts are included with the purchase of each turkey license. Licenses, which are available to Indiana residents only, may be purchased at designated DNR properties as well as from DNR's Division of Fish and Wildlife office in Indianapolis.

Cost of the license is \$14.75. Also needed for turkey hunting is a game bird habitat stamp, available from many local license vendors. The cost of the stamp is \$6.75.

Deadline to receive applications for the special turkey hunts in March 20. A random drawing will be held to select hunters participating in the special hunts.

Atterbury will hold four, two-day hunts, with 20 to 25 hunters drawn for each hunt. Jefferson Proving Ground will hold two, four-day hunts for 20 to 30 participants in each hunt. Hunters must apply with a buddy at JPG, and at least one buddy must be 18 years or older. Pigeon River offers three, five-day hunts. A total of 15 hunters will be drawn for each hunt. Hunt dates vary at each area.

Successful turkey hunters are reminded that they must check their turkey at an official turkey check station. A list of stations is included with the purchase of a turkey license.

For more information on the 1989 wild turkey season, sportsmen should contact The Division of Fish and Wildlife, 607 State Office Building, Indianapolis, IN 46204, (317) 232-4080.

Diabetic Education

Kosciusko Community Hospital is providing Diabetic Education classes beginning on March 2nd from 6:30-8:30 p.m. in the KCH educational classrooms. This is a 4 week, 2 hour class designed to help newly diagnosed diabetics learn about their disease and how to cope with it. Family members are also invited to attend. Anyone interested in the class or wishes more information can contact Judy Stone, R.N. at 267-3200 ext. 1123.

This is on of many Community Education Programs offered by Kosciusko Community Hospital.

Healthy Kids

Thinking of our babies as at risk is a frightening thought. But conservative estimates suggest that of the 80,000 Indiana babies born annually, one in 10, or 8,000, stand a chance of having a developmental delay. A developmental delay is any condition, biological or environmental, that may keep a child from having a productive life.

Some of the biological cause for developmental delays are Down Syndrome, cerebral palsy, and hearing or visual impairments. Low birth weight and premature babies are also considered to have a potential for developmental delays.

A year old program in Indiana is designed to help parents and professionals identify and help developmentally delayed children before its too late. The clinical term is "early intervention."

The program is called First Steps. It is presently federally funded by PL 99-457, but administered by the Governor's Interagency Coordinating Council on Infants and Toddlers and the Indiana Department of Mental Health. The program can be made permanent if the current session of the Indiana General Assembly passes Senate Bill 483. It is not another bureaucracy, but is charted to bring more efficiency and coordination of services for our little ones.

And, First Steps has been successful. It led the way in getting five different Indiana state agencies to agree to cooperate, communicate and eliminate duplication of services to our children.

Initial research conducted by First Steps shows the magnitude of the problem. The study revealed the following disheartening statistics. Of 240 babies served in eight pilot projects around the state:

- * 45 percent had more than one handicapping condition or risk factor.

- * 50 percent of all children had a physical handicap.

- * 59 percent had existing measurable developmental delays of those, half were delayed in all areas.

- * 79 percent of referrals for biological risk were due to low birth rate or prematurity.

- * 42 percent suffered from environmental risks related to child abuse or neglect.

The families of these children face untold financial and emotional hardships as they cope with the special needs of their special child.

There is hope. Research shows that the earlier professionals reach the child, the better the chances he or she can be helped. And, early intervention saves money. Poem call it "cost effective compassion."

A three year study in Tennessee showed that for every One Dollar spent early, Seven Dollars were saved in the following 36

months because children didn't have to be placed in special education classes or institutions. Another study in Colorado reports that statewide intervention yields a four to one saving within a three year period.

Now, infants and toddlers with a developmental delay have a chance because there's one state program that will provide a cost effective plan to help the little ones who probably can't help themselves allowing them to take their First Steps.

Host Families sought

Host Families are being sought for high school exchange students from Sweden, Norway, Denmark, Finland, Holland, Austria, Switzerland, Germany, Spain, France, Italy, Brazil, Ecuador, New Zealand, Australia and Japan for the School year 1989-90 in a program sponsored by the American Intercultural Student Exchange (AISE).

The students, age 15 through 17, will arrive in the United States in August, 1989, attend a local high school, and return to their home countries in July, 1990. The students, all fluent in English, have spending representatives in their home countries and have spending money and medical insurance.

Host families may deduct \$50 per month for income tax purposes.

AISE is also seeking American high school students, age 15 through 17, who would like to spend a High School year in Sweden, Norway, Denmark, Germany, Switzerland, France, Spain, New Zealand or Australia or participate in a five week summer host family stay throughout Western Europe, including Ireland.

Families interested in either program should contact the State Coordinator or call toll free: 1-800-Sibling.
