The year 1978: Where did the time go?

by Carolyn Ramsey

1978 — Where did it go? What happened to it? I'm sure you can still remember what was happening at Christmas time in 1978, but can you remember what took place in January or maybe April of 1978? Well, we are going to help you out with a glance back at some of the important happenings, such as ownership of stores changing hands, or the Egg Festival and Fourth of July. It is all here, from January to December of '78.

JANUARY

Paul and Pat Studebaker have purchased Hill's Market in Akron from Guy and Helen Hill Jr., it was announced Tuesday.

J. Randall Leininger was re-elected president of the Akron Exchange State Bank Monday night.

A fire Saturday night caused an estimated \$2,000 damage to the display room of Agri-Center in Mentone. Firemen reported that the blaze apparently started in the basement of the elevator.

Jim Bickel and Roy Swick have purchased the Akron Auto Parts store from Robert Baker, Huntington, and assumed it's ownership January 1.

Harry Sullivan, operator of the Mentone snow plow, was given a \$50 "thank-you bonus" sent from Midwest Spring Manufacturing of Mentone.

FEBRUARY

For the second time in just a month, fire struck another business in Mentone. Smith Bros. Diesel Injection Service, 117 South Morgan St., was the site of last Thursday's blaze that virtually wiped out their entire repair section, located in the southwest rear of the building.

An installation service for the Rev. and Mrs. James F. Hall will be held at the Akron Church of God at 2:30 p.m. Sunday, Feb. 19.

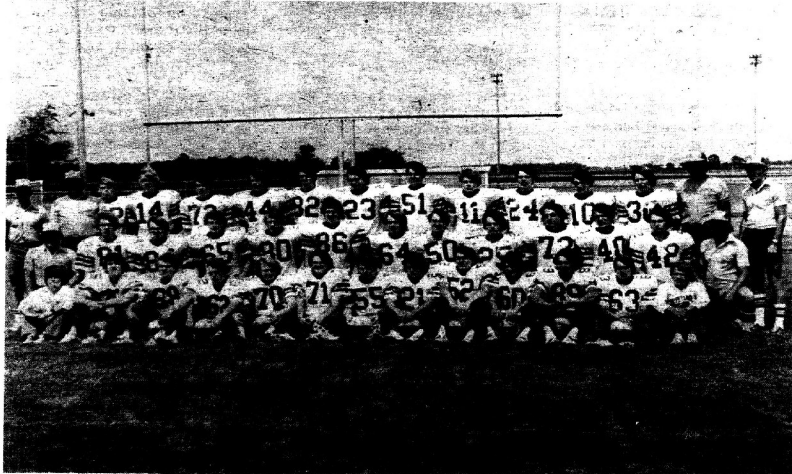

Akron News office moves. The Akron office of the Akron/Mentone News is in the process this week of moving to their new location downtown in the former offices of the Town Clerk, 109 S. Mishawaka St.

MARCH

Mr. and Mrs. Darrell King of Mentone have recently sold King's Furniture and Carpeting to Mr. and Mrs. Jack Simpson of Plymouth. The Simpsons will continue to sell home furnishings and carpeting, but the operation will now be called Valley Furnishings.

J. Randall Leininger, president of the Akron Exchange State Bank, announces the selection and appointment by the Board of Robert F. Taylor to the position of vice president of the local bank.

Agri Center, Inc., Mentone, was honored at an award banquet held recently in Logansport. The firm was recognized by Kent Feeds, Inc., for outstanding sales and

service during 1977.

State representative Thomas L. Mauzy recently announced that the Fulton and Kosciusko County Highway Departments would receive \$125,175.57 and \$348,892.28, respectively, from the \$40 million appropriation passed by the Indiana House of Representatives. The funds are for repair and maintenance of local streets and roads.

APRIL

The Mentone Airport, owned and operated by Allen (Chick) and Dorothy Herendeen for 39 years, has been sold to Mr. and Mrs. Jerry Howell of Argos. The Howells took possession of the airport on Saturday, April 22, and they will soon be moving to Mentone.

Bill Ennis, TVHS varsity boys' swim coach and teacher of elementary boys and girls swim classes, submitted his letter of resignation to the TVSC School Board at their meeting Monday evening.

The Akron Board of Trustees has proclaimed May 19 and 20 as Akron Clean-Up Days.

The Mentone Town Board has proclaimed the week of April 24 through April 29 as Mentone Spring Clean-Up Week.

MAY

Akron honors Dr. Charles Herrick with a "certificate of appreciation"

plaque at the Akron Chamber of Commerce dinner April 26.

New owners of the Akron Cafe are Ulin and John Rigma, Rochester. The Rigma's purchased the restaurant from John Day, Akron. They have renamed the cafe "The Dutch Mill".

Rod Bauer, owner of Rod's Barber Shop in Mentone, has announced the sale of the hair cutting business to Max Flenar. The shop will now be known as Flenar's Barber Shop.

Bill and Jean Cooksey, Akron, are the new proprietors of Cooksey's Furniture and Carpet, formerly Swygart's Furniture in Akron.

merly Swygart's Furniture in Akron.

On a 4-1 vote taken by Tippecanoe Valley School Board members in their monthly meeting Monday, May 15, Roger Fleetwood, assistant basketball coach at Valdosta State College in Georgia, was selected to succeed Floyd Henson as head basketball coach at TVHS.

JUNE

Clear skies, warm weather and hard work all came together this past weekend to produce "one of the best" Mentone Egg Festivals ever celebrated according to long-time observers. The three-day event, annually held in Mentone to salute the industry that has made the town "the Egg Basket of the Midwest" attracted hundreds of spectators, some from as far away as New Mexico, it was reported.

Vicki Arnett was crowned the 1978 Egg Festival Queen.

Judges had their work cut out, but finally selected Little Sherry Baumgartner and Eric Sechrist as "Little Chick" and "Mr. Rooster" for 1978.

Many civic groups, and individuals worked hard to put together this year's festival and the results can only be summed up as a "big success".

JULY

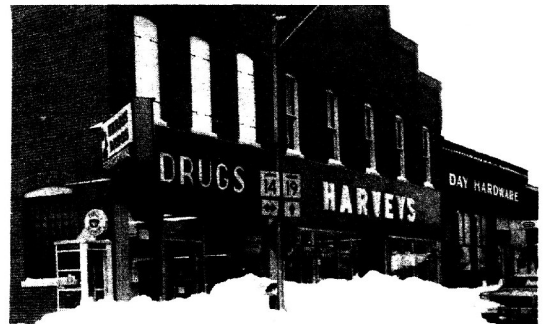

A welcome, sunshiny break in the weather, coupled with a well organized schedule of fun events ended in a successful Fourth of July celebration in Akron Tuesday.

Beginning with a gigantic parade starting at 11:00 a.m. and ending

ON JANUARY 27, the Mentone area was trying to dig out of the blizzard which deposited about 2 feet of snow. Most of the roads and schools were closed. Drifts as high as 10 feet were blamed on the howling winds. Snowmobiles were a great help delivering food and medicine to the people who were snowed in. They also helped to transport people who were stranded.

AKRON WAS a victim of a blizzard that blew in on January 20. Some Merchants tried to stay open for the people who needed food and medicine.

Each year is remembered most by its most important newsworthy events, so this week we looked back at 1978, and reprinted some of the more important news.

The weather we didn't dwell on. I would imagine everyone can remember the times their cars wouldn't start or the times they would but couldn't move because of a snow drift securing the exit of their driveway.

Hopefully when we look back over 1979, the winter will be milder than the one of 1978!

Maude Romine at CPR rep to talk in Akron

Mrs. Maude Romine is in the Parkview Hospital, Ft. Wayne, where she is recuperating from hip surgery she had January 2. Mrs. Romine would appreciate cards and notes, which may be sent to Room 526, Parkview Hospital, Ft. Wayne.

The Akron Lions Club will have a CPR representative, Bernard Fites, and a film on January 9, 1979, at 8 p.m. at the Akron Lions Den.

The public and all Akron Lions members are urged to attend.

Bell Library asks Burket for subscription fees

DEAR EDITOR:
Last January 14th we notified the Burket Town Board that Seward Township Trustee Robert Huffman pays for library privileges for Seward Township citizens, but not for those living in the Town of Burket. We asked that they include in the town budget whatever they could to insure continued library service to the people of Burket.

Since they did not allot money for library services for next year we must, in fairness to those who do help support the library, curtail library privileges for those living in the Town of Burket. (If you are a property owner in any of the supporting areas - Seward, Harrison, or Franklin Townships or the Town of Mentone, you are still eligible for library service.)

Anyone wishing to continue using the library after Jan. 1, 1979 must pay a \$5.00 subscription fee.

If anyone has any questions concerning this matter, please do not hesitate to call upon us.

—Yours very truly,
Board of Trustees, Bell Memorial Public Lib.

Letters to the Editor

Robin Secrist responds to Las Donas

DEAR EDITOR:

I'm writing the letter in regard to the scholarship that was presented to me last May by the Akron Las Donas Club and taken away in September. I realize that this happened long ago, but I feel some facts should be cleared up before the matter is forgotten.

I have been told that the club claims that I didn't complete the application correctly and that I didn't follow the "rules". Anyone from TVHS who was involved (including Mr. Skinner) will stand behind me when I say that the application was filled out completely, accurately, and truthfully.

The club accuses me of changing schools, which I did. I feel that this is an irrelevant detail. One reason is because the application said "what college are you planning to attend" not "what college are you going to attend or enrolled in". Also my change of colleges was to another college in the same school system. The only difference is the location.

Also, they say I'm not eligible for the scholarship since I am only attending college for one year.

There was no question on the application regarding the no. of years of college attendance or anything in the guidelines stating a minimum no. of years. Some of the members have said that they knew of my school and it's programs. Why then, did they give me the scholarship to begin with?

One of the main questions in my mind is why they waited until September to revoke their scholarship? They had known about it for four months and it sure makes a difference when you count on money that you don't get. I had been awarded an honorary 4-H trip to State Fair Girls School that I would not have accepted if I had known I wouldn't be receiving this scholarship. I didn't work that week, so as a result, this has put a financial strain on me at college this year.

I have been informed that this club won't be allowed to participate in the TVHS scholarship program in the future unless they set up some definite guidelines and deal in a more straight forward and honest manner.

Sincerely,
Robin Secrist

Utter Oil sold

Dear Mentone and Tippecanoe Valley Area Friends,

We could hardly have found a better community in which to live our lives, raise our family, and run our business. We wish to thank all of you who have helped us in these endeavors.

On January 1st, 1979 we turned in our grease rags to Mr. John Jewell, who comes to us from Culver, and now he will run the business as "J and J Texaco". Jack Adams will stay on and help John.

Terry will continue serving our fuel oil, diesel, and bulk gasoline customers, as he has for many years. It will continue as "Utter's Oil Co., Incorporated". We feel that you'll appreciate the service our successors offer you.

Sincerely,
Hap and Mary Utter

Akron - Did You Know

Joe and Juanita Boswell had for Christmas dinner December 27th their daughter and husband, the Rev. and Mrs. John Goodwin and three sons of Columbus, Ohio, their daughter and husband, Susan and Don Walters and children of Ft. Wayne, and their son and wife Tom and Wendy and son of Ft. Wayne. On Tuesday evening callers at their home to visit the family were Joe's sister, Helen Byrt of Roann, and her family, Mr. and Mrs. Geo. Hapner and family of Fulton.

On Wednesday evening the Boswell family all went to Tom and Suzanne Gast for a family supper of his family of which Mrs. Boswell is Tom's sister. Attending

were Dr. and Mrs. Van Gilder and their daughters, Dona and husband Ibrabine Pineda of Honduras Central America and Martha and daughter of Romulus, Michigan, Chas. and Kathy Gast and daughter, Mary Beth of Ball State, son Doug and daughter-in-law and granddaughter of Akron. Tom and Suzanne's family included Becky and John Hill and sons, Charlie and Melissa Alexander and family, Jennifer and son Ryan, Matt Gast of Burket and Mark and his fiancée Kathy.

Tax help coming to Akron

There will be available free income tax preparation help in Akron at the Lions Den from 9 to 11:15 a.m. on the second and fourth Tuesday forenoons of January, February and March.

This is primarily to aid the elderly who might be eligible for the Indiana Circuit Breaker (property

tax adjustment) and for using the Elderly Credit for Sales Tax on Utilities.

Those interested should bring their property tax receipts and know what their total household income is for the husband and wife. This includes Social Security amounts.

with a colorful display of fireworks at dusk.

Melinda Sander, daughter of Mr. and Mrs. Dale Felts, Akron, was crowned the 1978 Akron Queen. First place winners in the "Cutie Float" category were Rebecca Haynes and Aaron Schipper.

Dale and Edith Sheetz have announced the sale of their funeral business to Darrel and Mary Ann King of Mentone. The Kings, who own King Memorial Home in Mentone, plan to continue the funeral business as the "Sheetz Funeral Home".

AUGUST

Tippecanoe Valley High School announces pre-registration plans for the 1978-1979 school year. Students are reminded that the first full day of school will be Monday, August 28, with classes beginning at 8:50 a.m.

The new fire truck for Mentone that arrived July 27 stands in front of the fire station. Mentone firemen hope they never have to use it.

Parents may enroll students and pay textbook rental fees Friday, August 18 through Friday, Aug. 24, from 9 a.m. to 2 p.m. in the Akron Junior High School library.

Forrest Kantner, 106 E. Jackson, Mentone, has announced he is opening a new real estate business to serve the Mentone and surrounding areas. To be operated under the name of "For-Rest Real Estate".

School will start at Mentone on Monday, August 28.

SEPTEMBER

Over 80 firemen from 6 different fire departments were called out last Thursday morning at 1:20 a.m. to battle a major fire that swept through the Warsaw Black Oxide plant in Burket. The firm, located on Broadway St., Burket, does metal plating work including zinc plating. Burket Fire Chief John Huff said that the cause of the fire and the extent of the financial damage are not yet known.

"I really liked the (Arter's) Drug Store, its like the ones I've seen in movies," said Roy Humphreys of Liverpool, England. Mr. Humphreys is visiting his daughter, Mrs. Patti Mims, and her family in Ak-

ron this week and for the next two weeks. Patti had not seen her father for eight years, and this visit is the first time he has been in the U.S. and met his grandchildren.

OCTOBER

In their monthly meeting held Tuesday night, the Akron Town Board passed a motion to hire Charles Clawson, Akron, as Deputy Marshal effective November 1, 1978. The hiring came as a result of the board's action to fill the vacancy of current Deputy Marshal Robert Williams whose employment with the Town of Akron expires October 31.

Goblins and ghosts will have plenty to do this week, as several Hal-

loween events have been scheduled in our area. Akron Jaycees will sponsor a Halloween parade at the Akron gym on Saturday, October 28 at 7 p.m. The Mentone Lions Club will sponsor the community's annual masquerade contest and parade Saturday night, October 28. The Akron Jaycees will also sponsor their annual "Haunted House" this weekend on Oct. 27, 28, 30 and 31 at the old Post Office.

NOVEMBER

People by the hundreds took some time out of their busy pre-Halloween schedules to enjoy the first annual Fall Festival held at the Akron School last Wednesday. Teachers, staff, students, and parents all pitched in to make the evening a memor-

able one.

The Tippecanoe Valley High School athletic department will have its fall athletic awards dinner Thursday, Nov. 2, 1978, in the high school commons.

Christmas decorations went up in Akron Monday signaling another holiday seasons arrival. Several merchants in both Mentone and Akron are in the process of adjusting their open hours to accommodate shoppers.

DECEMBER

A meeting, sponsored by the Milbern School Historical Assn., was held in October to start work on gathering information about the history of Mentone. This information will eventually be edited and

compiled into book form and will be ready for Mentone's Centennial in four years.

Greg Kendall, from Marion, has joined the Akron Church of God as Assistant Pastor.

Five members of the Mentone Volunteer Fire Department who are employed at Midwest Spring Manufacturing Company honored plant manager Don Muehlhausen with a plaque on Friday, December 22, in recognition of his fine co-operation with the fire department.

Members of the Akron Lions Club unloaded their truck load of fruit last week. The Lion's sell the gift boxes of fruit each year around Christmas time.

Obituary

Earl Shinn

Earl R. Shinn, 91, Mentone, died at 2:55 p.m. Saturday, December 30, 1978 at the Miller Merry Manor Nursing Home, Warsaw.

He was born Sept. 21, 1887 in Etna Green to John C. and Alvina Livina Baker Shinn and had lived in Mentone most of his life. He was married June 20, 1920 to Maria Fouts, who survives. He served as Mentone postmaster from 1922-34 and was owner-operator of the Mentone Locker Plant. He was a veteran of World War I, an honorary lifetime member of the Mentone American Legion and a member of the Mentone United Methodist Church.

General Telephone to reduce multi-party lines

A General Telephone Company of Indiana program to reduce the number of multi-party telephone lines in Akron is nearing completion it was announced today by the company's District Service Manager, Ed Knafel.

When the program is complete, General Telephone will be providing all rural telephone customers here with their choice of one-, two-, or four-party service; all urban customers will have their choice of one- or two-party service. "Being able to provide everyone in the Akron telephone exchange the opportunity to choose the type of service they desire has required the installation of immense amounts of telephone cable and switching center equipment," said Knafel. "Since the program started here in 1972, we have spent nearly \$570,000 on new telephone switching center equipment and

cable installations throughout this exchange."

Knafel said that during the six-year program in Akron, nearly 750 telephone customers had their service upgraded. "General Telephone has also made tremendous strides statewide in telephone service upgrading," he said. "In January, 1975, 72 percent of our customers had their choice of one- or two-party service, 19 percent had four-party service, and nine percent had multi-party lines. This compares with approximately 94, five, and one percent, respectively, at the current time."

In terms of actual numbers, a total of 72,000 General Telephone customers in Indiana have had their service upgraded just since 1975 as a result of the program. The upgrading program will continue in certain telephone exchanges through 1980 until 100 percent of the company's customers will have private lines available to them.

Mister Moon - a poem

by Carolyn Ramsey

Mister Moon, let me look into your eyes
for I know there lies the answer why.

Mister Moon, please speak to me
let me know what you see.

Mister Moon, let me whisper into your ears
let me tell you of my fears.

Mister Moon, let me sit beside you
so I too, can see the night time view.

Mister Moon, share with me your eternal glow
let me also feel your serenity flow.

Mister Moon, I hold you in my heart
even tho we are a billion miles apart.

Mister Moon, I to will be a piece of you,
for the Lord will grant my wish come true.

Mister Moon, but until that beautiful day
I'll just sit back, and watch your glowing ways.

New books at Akron Library

New books received at the Akron Carnegie Public Library include the following:

THE GENERAL ELECTRIC MICROWAVE GUIDE AND COOKBOOK.

FAMILY AFLOAT by Elisabeth Lash Young. The wonderful gypsy spirit that led a Cedar Rapids, Iowa family to trek hundreds of miles through several French-speaking countries is captured in Family Afloat. Jim and Elisabeth Young took their first family walking tour when their children Dave and Eve were aged ten and six. It was a matter of honor for them not to travel by wheels - no mean feat with two children in tow!

HOUNDS AND JACKALS by Barbara Wood. This is a breathtaking tale of modern suspense.

FIVE-MINUTE MARRIAGE by Joan Aiken. An enchanting novel by mystery and romance set in Regency England.

THE HEART POSSESSED by Elizabeth Borton de Trevino. Who was she? Finding her sick and unconscious, Frances takes her under his care, there to help her begin a slow and painful pilgrimage to the secret regions of the heart, where she must live out the mysterious tragedy of another's life, and finally face the reality of her own.

A VENETIAN CHARADE by Helen York. This is a chilling and engrossing tale of suspense, in a rich historical setting.

THE DUTCHESS OF VIDAL by Dawn Lindsey. She was beautiful, accomplished, daring. But no one, including her husband, knew about her past.

DARK BEGINNINGS by Katrina Blinckle. This is a novel of romantic suspense about a turn of the century lady doctor.

STORM: IRVING KRICK VS. THE U.S. WEATHER BUREAU.

CRACY by Victor Boesen. In this delightful book, the author tells how since the Eisenhower administration, Krick has been providing the White House with accurate weather information such as it cannot obtain from federal forecasters.

Boesen documents the careful scientific methods Krick follows in both his long-range forecasting and cloud-seeding operations.

Krick's organization doesn't hit the bull's eye every time, but it has about 85 percent effective results, according to neutral observers.

The Senior Citizens with January birthdays will be honored on Monday, January 15 with a birthday party. The January Blood Pressure Clinic will also be on January 15 at 11 to 12 noon. So plan to come for all the activities.

On Thursday, January 18, the Akron Lions Senior Citizens will host the Area V Nutrition Project Council. This means entertaining about 25 to 30 people at lunch on that day. It should be an opportunity to show other sites what the Akron site has to offer. Sounds interesting and informative.

Don't forget the "Coffee Hour and Exercises" each morning soon after 10:30. Let's exercise off some of those holiday calories and pounds. Did you get the 3rd issue of The Keen-Ager? Well it is out and you can get it at the site free! Winnie Summe has again done a good job. She collects, writes, types and runs off the news. If you haven't read it, do so soon.

Volunteer drivers are doing a good and meaningful service for the Senior Citizen shut-ins. The volunteers include Jim Lewis on Mondays, Mary Jane Thompson

It's that time again to take off those extra pounds

This is the time of year we make all those New Year's resolutions that we hope we will keep but probably won't. If one of your resolutions is to lose extra pounds you gained during the holidays, perhaps you need to give some thought to your diet. The most common reason for going off diets is boredom. Especially for the homemaker who has to prepare a well-rounded meal for her family and then serve herself a grapefruit half.

There are four important steps to effective dieting if you are serious about losing weight. You should see your physician for a check up and get his approval for your diet. Secondly, set a goal for yourself.

Those who are constantly on diets and never lose significantly haven't taken it seriously. Choose a holiday, birthday, special occasion or just a date that you want to achieve losing ten or twenty pounds. It's an incentive if you have a goal to work towards.

The most difficult step in weight reduction is to retrain your eating habits. It was your eating habits that put those extra pounds on so don't diet then go back to your old eating habits and gain them back. Examine your eating pattern. Do you include many of the low calorie fruits and vegetables? Do you snack while watching TV? Do you clean up what your children leave on their plates? There is really no need to exclude everything good from your diet, if you retrain your eating habits.

on Tuesdays, Edna Shewman on Wednesdays, and Mark Fairchild on Thursdays. Substitute drivers and a Friday driver are still needed if you can volunteer. If you are unable to walk or drive to the site and wish transportation there are people happy to perform this service also. Don't stay home because you don't want others to come after you. Service is a joy to those here at the Akron site, so please call for transportation, reservations or information. Phone 893-7263.

Scheduled menus for January 8 - 12 are:

MONDAY - Beef and noodles, whipped potatoes, spinach, cake, biscuit, milk, coffee.

TUESDAY - Fried chicken, green beans, stewed tomatoes, applesauce, bread, milk, coffee.

WEDNESDAY - Beef Manhattan with whipped potatoes, mixed vegetables, cranberry sauce, tapioca pudding, bread, milk, coffee.

THURSDAY - Turkey roll with gravy and dressing, green beans, cole slaw, pineapple with cheese, biscuit, milk, coffee.

FRIDAY - Hamburger steak with gravy, tossed salad, scalloped corn, apricots, whole wheat bread, milk, coffee.

A daily exercise routine can help you firm up as you begin to lose those extra pounds. In days gone by exercise was a way of life. Today, we must make an effort to set 15 to 20 minutes aside to exercise. Exercise alone will not take off those excess pounds, but it will help. Plan to include more physical activity in your daily schedule whether you are on a diet or not.

If you are counting calories don't forget to count nutritive value also. A sixteen ounce soft drink and thirty potato chips contain as many calories as an eight ounce glass of chocolate milk and a peanut butter sandwich but there is no comparison in nutritive value.

Dr. and Mrs. F. C. Waltz are now located in their apartment above the Cooper Store. Dr. Waltz has moved his equipment into the Urschel Clinic where he will operate his private practice.

Soil tests for Kosciusko County farmers will again be made free of charge by the members of the county extension staff.

Mr. and Mrs. Raymond Cooper and Mrs. David Cooper are spending several days visiting with David Cooper at San Antonio, Texas.

Mrs. Mae Borton accompanied her

daughter, Mrs. J. R. Hatfield, back to Northeast, Pennsylvania, last Friday morning. She plans to stay until spring.

Mr. and Mrs. Ora McKinley and sons have moved to the Jones apartment. Their home has been purchased by Mr. and Mrs. Albert Hatfield.

The new rate on Government Postal Cards and private mailing cards will be two cents each after Jan. 1, 1952.

M. O. Mentzer, clerk-treasurer, and Harry Smythe, Harold Nelson and Artley Cullum, trustees, assumed their duties as town officials Tuesday noon. All were elected in the November election.

Morton announces new community appointments

Several new community appointments were announced by Fulton Circuit Judge Douglas B. Morton for the new year.

Reappointed to the Fulton Co. Hospital Building Association as director was Roy Meredith of Akron. Meredith has served as chairman of the Association since its

inception. The Association owns the building site and building for Fulton County's newly constructed Woodlawn Hospital. Also reappointed was Donald Cook of Rochester.

Also announced was the reappointment of Dorothy Dague and George Schwenk as members of the Fulton County Welfare Board. Both have previously served on the Welfare Board. State statute requires that the Board have at least one township trustee; Schwenk, trustee of Richland Township, has been the only township trustee on the Board for approximately one and one-half years.

All of the appointments are for four year terms commencing January 1, 1979.

Trades class hard at work in Akron

by Carolyn Ramsey

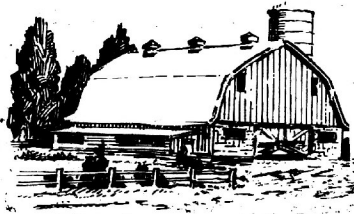

The Building Trades class at Tippecanoe Valley High School is taught by Ken Murphy. This year the classes are building a home in Akron, located in the Sauer's Second Addition.

The school purchases the piece of land, and supplies all tools and materials. When the house is completed (hopefully during the school year if weather is good) it is appraised and put up for public auction. The money received after the house is sold goes back into the Building Trades Fund to purchase the materials and new tools if needed, for the next year.

Ken Murphy, has two classes, one in the morning with ten students, and one in the afternoon with 11 students. The boys (and girl when second semester starts) should be patted on the back for the work they do. A school year isn't long for a house to be built, so it should show this is one class where there's an effort put forward, and a skill being learned.

I give you boys credit, I wouldn't trade you this warm office for that outside winter air for nothing!

Board makes appointments; Hardesty re-elected president

by Renee Norlander

In a special meeting of the Mentone Town Board, on December 27, 1978, Frank Hardesty was re-elected as Board president by a unanimous vote of the trustees. After some discussion, trustees Wayne Tombaugh, Gerald Romine, and Hardesty agreed on the re-election of Hardesty to the post he has filled for the past year.

The Board had called the special meeting to finalize work for 1978, and appropriation changes that had been requested by Clerk-Treasurer Catherine Whetstone were approved.

Mentone Marshal Earl Beattie was reappointed as Mentone's member of the Kosciusko County Civil Defense, and a letter received from the County unit praising Beattie's work for the past year was read aloud.

Water superintendent, Harry Sullivan, was reappointed to his position, and was granted a \$500 raise. Beattie was also reappointed as Marshal, and a \$500 raise was granted for him. Bruce Barker, employee for the town, was also given a \$500 salary increase, and has now completed his six month probationary period.

In other action:

*The Board reinstated Bill Cochran as a member of the Bell Memorial Public Library Board of

Trustees; and the memberships on the Park and Cemetery Board and Aviation Board will continue as last year, as no resignations had been received.

*Lee Bazini, Attorney at Law, was reappointed as the Town Attorney.

*The trustees agreed to pay an additional \$5000 before January 1, 1979, on the backhoe they recently purchased as the money is now available. A down payment of \$5,000 had already been paid, and the balance of \$2000 will be due by March 1, 1979, with no interest charged. The backhoe was purchased from the estate of Edwin Bach, at a total price of \$12,000.

*Marshal Beattie asked the Board to note that volunteer reserve officers Jay Sestr and Bob Heckman worked over 500 hours during 1978 for the police department at no charge. He added that hopefully the volunteer coverage will be increased even more in 1979.

With no further action, the Board adjourned until their regular session on January 8, with this date changed from January 1, due to the New Years Day holiday.

Little business was conducted

at the regular session, due to the fact that most of the work had been accomplished at the December meeting.

The Board will meet again in regular session on Monday, February 5, at the Town Hall beginning at 7:30 p.m. The public is invited to attend.

SOUND OFF

PHONE: 893 - 4433 or 353 - 7885

"I know that the town of Mentone has already planned their budget for 1979, but I certainly hope that somewhere in there, the Town Board has planned for the improvement of the sidewalks. The walks downtown aren't too bad, but anyone who has taken a leisurely stroll in the spring knows that the walks on the side streets are pretty awful. Isn't there some way this spring they can be fixed? Even if it's just the real bad spots!"

"With the weather as cold and nasty as it has been, it would seem that people would realize that the pets they keep outside need a little warmth and protection. Is it really so hard to build a dog house, or change the frozen water in their dishes?"

Akron Exchange State Bank donates to hospital fund

BANK DONATES \$1,000: The Akron Exchange State Bank this week donated \$1,000 for completion of facilities at Woodlawn Hospital. Making the presentation was Harold L. Groninger, left, chairman of the bank's board of directors and former president of the hospital board of trustees. Accepting the donation were Roy Meredith, center, president of the Fulton Co. Hospital Association, and Leon Kindig, vice president of the Woodlawn Hospital Board of Trustees.

Drivers reminded of regulations

(Editor's note: Akron Town Marshal Ed Hauser reported to us recently that he has been receiving complaints about snowmobilers since Christmas Eve. Below are some of the regulations regarding the use of snowmobiles in Indiana. The information is taken from the Department of Natural Resources pamphlet: Snowmobile and Off-road Vehicle Laws of Indiana furnished to us by Marshal Hauser.

A person shall not operate a vehicle required to be registered under this chapter upon a public highway or street or right-of-way thereof or on a public or private parking lot not specifically designated for the use of snowmobiles or off-road vehicles except under the following conditions and circumstances:

(1) A vehicle may be operated on the public right-of-way adjacent to the traveled portion of the public highway, except a limited access highway, if there is sufficient width to operate at a reasonable distance off and away from the traveled portion and in a manner so as not to endanger life or property.

(2) The operator of a vehicle may cross a public highway, other than a limited access highway, at right angles for the purpose of getting from one area to another when the operation can be done in safety. The operator shall bring his vehicle to a complete stop before proceeding across any public highway and shall yield the right-of-way to all traffic.

(3) Notwithstanding the provisions of this section, vehicles may be operated on a highway in a county road system, outside the corporate limits of a city or town which is designated for such purpose by the county highway department having jurisdiction.

(4) A duly constituted law enforcement officer of a city or town or county or the state may authorize

ed according to prearranged schedule only under permit from the governmental unit having jurisdiction. The event may be conducted on the frozen surface of public waters only under permit from the department of natural resources.

(6) A person under the age of fourteen (14) shall not operate a vehicle without immediate supervision of an adult except on land owned or under the control of

size use of a vehicle on the public highways, streets and right-of-way within his jurisdiction during emergencies when conventional motor vehicles cannot be used for transportation due to snow or other extreme highway conditions.

(5) A vehicle may be operated on a street or highway for a special event of limited duration conduct-

such person or his parent or legal guardian.

(7) No person shall operate a vehicle, as defined in this chapter, on a public highway without a valid driver's license.

(8) A vehicle shall not be used to hunt, pursue, worry or kill a wild bird or any domestic or wild animal.

A vehicle shall not be operated unless it has at least one (1) headlight, one (1) taillight and adequate brakes capable of producing deceleration at fourteen (14) feet a second on level ground at a speed of twenty (20) miles an hour.

Any city or town may pass an ordinance regulating the operation of vehicles if the ordinance meets substantially the minimum requirements of this chapter. A city or town or county may not adopt an ordinance which:

(a) Imposes a fee for a license.
(b) Specifies accessory equipment to be carried on the vehicles.
(c) Requires a vehicle operator to possess a motor vehicle driver's license while operating a snowmobile.

A person shall not operate a vehicle:

(a) At a rate of speed greater than is reasonable and proper having due regard for conditions then existing.

(b) While under the influence of intoxicating liquor or unlawfully under the influence of narcotic or other habit forming or dangerous depressant or stimulant drug.

(c) During the hours from one-half (1/2) hour after sunset to one-half (1/2) hour before sunrise without displaying a lighted headlight and a lighted taillight.

(d) In any forest nursery, planting area, or public lands posted or reasonably identified as an area of forest or plant reproduction and when growing stock may be damaged.

(e) On the frozen surface of public waters within one hundred (100) feet of a person not in or upon a vehicle or within one hundred (100) feet of a fishing shanty or shelter except at a speed of five (5) miles per hour or less.

(f) Unless it is equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke.

(g) Within one hundred (100) feet of a dwelling between 12 midnight and 6 A.M., except on his own property or property under his control or as an invited guest.
(h) On any property without the consent of the landowner or tenant thereof.

(i) While transporting thereon a bow unless unstrung or a firearm unless unloaded and securely encased or equipped with and made inoperative by a manufactured keylocked trigger housing mechanism.

(j) On or across a cemetery or burial ground.

(k) Within one hundred (100) feet of a slide, ski or skating area, except for the purpose of servicing the area.

(l) On a railroad track or railroad right-of-way, except railroad personnel in performance of their duties.

(m) In or upon any flowing river, stream or creek, except for the purpose of crossing by the shortest possible route, unless of sufficient water depth to permit movement by floatation of this vehicle at all times.

Meet your 4-H'ers

by Lenore Lewis

April Gotham

April Gotham, 11 years old, attends school at Mentone where she is in band, has reading, cooking and embroidering as her hobbies. She is the daughter of Bill and Linda Gotham and has one brother.

This is April's second year in 4-H where she is enrolled in Foods II and Child Care. Her favorite is Foods because she likes to cook. She has a goal of cooking better and a lot more. She likes 4-H because it is interesting and she has earned honors of a blue and also an honor ribbon last year.

Mark Simpson

Mark Simpson, son of Mr. and Mrs. Doug Simpson, R. 1, Box 69 A, Mentone, is in his second year of 4-H. The projects he has chosen this year are Photography, Electricity and Forestry, with Electricity his favorite because it teaches him how electricity works through the house.

He won a blue ribbon last year on Photography and a red ribbon on Electricity. He likes 4-H because it teaches him more about the projects he is taking, and how to do things better. His favorite quote is "Do your part".

Mark is ten years old and attends school at Burket. He has one brother and one sister, and enjoys playing piano and baseball.

and attends school at Mentone.

Her hobbies are swimming and jumping. She likes 4-H because of the activities. She has learned thru 4-H how to take care of a garden. Her projects for this year are sewing and cooking. Her favorite projects are those with animals because she likes working with them. She earned a 4th place ribbon last year.

Newsview

by Bob Norlander

Odds and Ends: The average American eats almost 80 hot dogs each year. That amounts to a total of approximately 14 billion hot dogs consumed in this country annually. The first wiener-in-a-bun was probably served at the St. Louis Exposition in 1904 by a peddler who sold wieners as "red hots". Because his "red hots" were too hot to handle, he gave his customers white gloves. But the gloves were too expensive, so the entrepreneur came up with a bun to fit the sausage.

In the first quarter of 1978, the national median price of a new house in the United States has gone over the \$50,000 ceiling to about \$54,000. That's compared to a cost of \$48,000 for 1977. The new total is more than three times the median U.S. family income.

A tribute to Ollie

A Tribute to Ollie Smith:

I've been away from the past few years and Mentone isn't the center of my existence anymore, but Christmas is a very happy time of my life that I usually take for granted. Things such as this town (Mentone), which holds so many dear people and precious memories.

When I think of my town, my mind focuses on the egg, the drug store, friends, and houses, but one of my favorite visual memories left us just a few days ago, and I still feel numb from his leaving.

No more will the Mentone Institution with bib-overalls, coke bottle glasses, and a giant stogie add color to our Post Office parkbench, the restaurant, or the gas station.

How do you describe who Ollie was? To me he was a magical man. He seemed to never age—always looked the same for years. He also seemed like he could be everywhere at the same time too. Of course everyone knew him, and he knew everyone, also, from the day the were born to the present. Ollie was always a pretty reliable source about anything that was happening around town.

For many years, Ollie was Santa Claus to all of us, and it's so ironic that he left us on Christmas Day. It's like delivering all those packages was too much for Santa. I know Christmas won't be the same without Ollie, and neither will Mentone. A part of town has gone, but he left us many bright and shiny memories. I'll miss you Ollie.

—Sincerely,
John Hill

Explains hunters view

TO THE EDITOR:

Having read the editorial written by Mr. Wendland concerning his obvious distaste for hunting as well as hunters has prompted me to write this letter. I happen to enjoy hunting but realize it is not for every individual. He stereotypes the hunter as a bloodthirsty individual who bolsters his ego by slaughtering animals. This is not true and it is a shame that he did not find the true meaning of hunting while he himself was one.

Hunters spend millions of dollars each year for the preservation of wildlife. This money comes from the taxation of firearms, ammunition and sporting goods. A certain portion of this money is also through individual contributions. This money is used to create habitat for the wild and to support game management which will guarantee wildlife for years to come. Without hunters Mr. Wendland would be wasting his time by taking his camera into the woods as there would be little or no animals, especially deer, to photograph.

NOTICE

The Franklin Township Advisory Board and Trustee Donald Smalley will meet on Saturday, January 13, at 9 a.m. in the trustee's office, County Road 900 South.

A review of the annual report, along with additional business, is scheduled. The public is invited to attend.

The deer, rabbits and birds that I kill are placed into the freezer alongside the beef, pork and chicken that someone else has killed. With this in mind I wonder if Mr. Wendland can explain to his daughter why it is acceptable to place roast beef on the table but not venison.

Everyone is entitled to his own opinion and certainly Mr. Wendland is entitled to his but if he indeed feels the way he says he does then maybe he should expand his signs to the slaughter houses as well. They could read

Resolutions

TO THE EDITOR:

The odd years are always the best for me, even the year I was born was an odd year. However, 1978 was so good that I hated to see the New Year come, but its here — with my New Year resolutions. One, I am going to learn to laugh more, to enjoy life to its fullest. Two, I am going to do

ed 25 new friends in 1978. I got them. Now I want another 25 for 1979. Eight, I want to be Santa again next year at the Ball Stores. Nine, I will have a part-time job to help buy food for people. Ten, I hope to visit New York City this year to see all my friends there. Eleven, I want to see Mentone to grow in love and jobs and gardens. It's great to be alive in 1978. The greatest thing I got out of it was to live through it. I have loved every minute of it.

1979! Here we come! Thank you, Mentone. Thank you, God. Thank you, all the people. It's a great year to be alive. I am here and I am glad.

All citizens, especially senior citizens, are invited to participate in planning the use of Revenue Sharing money.

THEN and NOW

THEN: American Revolution-ary War soldiers wrote home with quill pens and pokeberry juice—if they wrote at all. A few may have used the poor-quality, expensive, European pencils then avail-able, or pieces of metallic lead that made a light grey mark and were popular well into the nineteenth century.

NOW: Graphite makes the best pencils. Its black mark led to its being called "black lead," and so we have "black lead pencils." The finest, contain graphite mixed with extra-fine, pliable clay en-cased in a shaft of choice cedar from California. You can choose from five degrees of softness, and if you are a professional engineer or ac-countant, a thinline series in three degrees will give you an extra fine point.

Guy calls his job a "crazy game"

by Carolyn Ramsey

Guy's Bending Fixtures is a business by the airport in Mentone, owned by Guy Alspaugh. What is Guy's Bending Fixtures? I didn't know either, until Mr. Alspaugh was kind enough to let me talk to him. He makes small tube hand bending fixtures. I bet you're still not sure, so please read on and maybe you'll learn more.

Mr. Alspaugh's business is one not heard of that often, he makes a model of power steering lines, pressure lines, cooling and air condition lines, which are used in Ford and Chrysler cars and trucks. He gets his work from Essex and Weatherhead Factories.

VALLEY PEOPLE

I think I'll try to simplify it, heres an example of how he gets his work.

Lets say Ford calls up the Essex Factory near Columbia City, they need seven thousand pressure lines for a new 79 model truck. Essex gets the job by putting a bid in,

and accepting it. Essex then calls up Guy's Bending, Guy puts a bid in for the job, Essex accepts the bid, Guy has the job. Essex gives the blueprint to Guy. He has to make a model pressure line exactly like the blueprint, otherwise it won't work.

Once Mr. Alspaugh has the fixture made, it goes to Essex to be ran through an assembly line, and when the seven thousand lines are completed they go to the Ford Company where they are ready to be assembled on the trucks. Then the cycle is completed, and he's ready to start another one.

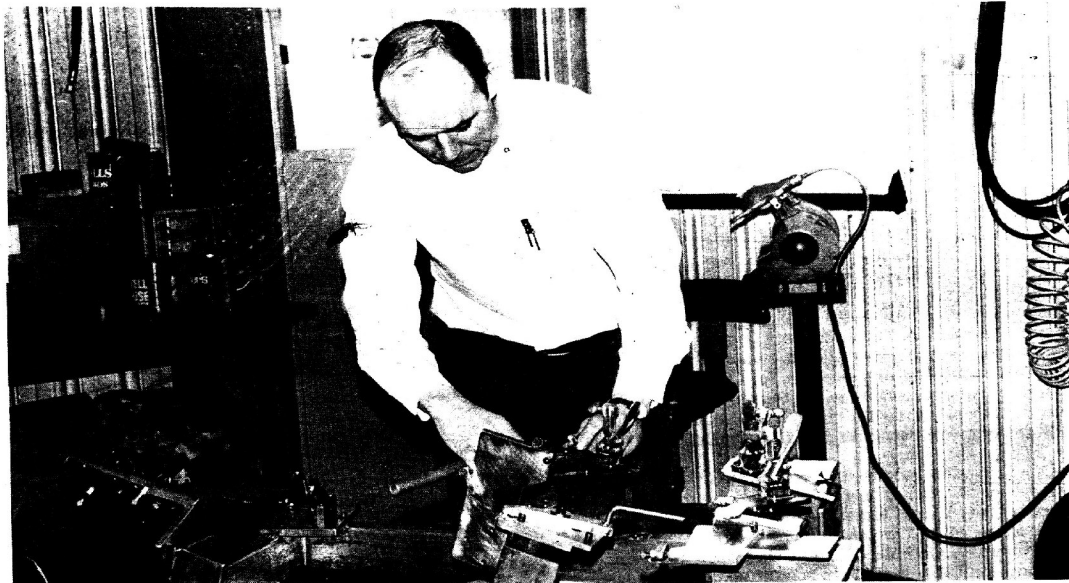

Mr. Alspaugh got started in the business by accident.

"I lived in Warsaw at the time, and worked at a machine shop in Claypool. A friend had a job offer to do some bending fixtures, he asked me if I would be interested in doing it, which I was. I had a basement, so I set my equipment up there."

Mr. Alspaugh moonlighted, working on the orders he got from the Curtis Products, South Bend. They loaned him the machinery he needed to make the fixtures. Mr. Alspaugh and Harry Mitchell went together and started a Aluminum Foundry in Claypool, in 1966.

Mr. Alspaugh and his partner decided to bring the bending fixtures in the foundry to help it along. After some time they incorporated, and later Mr. Alspaugh bought his partner out.

I asked Mr. Alspaugh if he enjoyed his work, because to me, it looks very hard and frustrating. "It's very challenging, every fixture is

THE MACHINE Mr. Alspaugh is working on was made first so that it would bend the fixture to the right measurements. Each fixture has to have a mechanical arm made, so they make them as they go, that way they'll be sure to get the fixture to bend where needed.

different. This job really is hard to understand, not just because you are a girl, it would be hard for a man also. Only another fixture builder could appreciate it. I call my job a crazy mans game."

Mr. Alspaugh's business and home is now located in Mentone. He has Bill Hoover, from Palestine, helping him, and a part-time secretary, Mrs. L. Charles Mote.

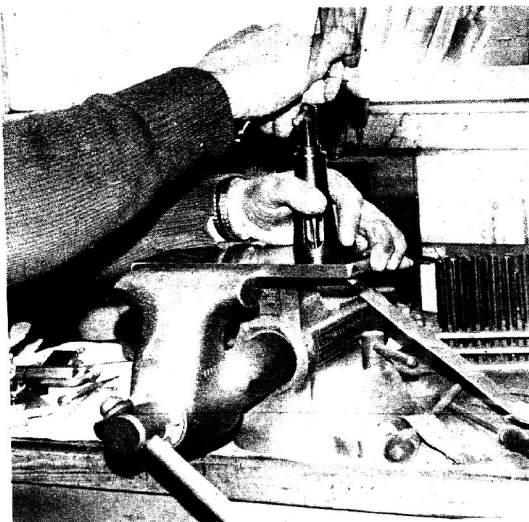

Mr. Alspaugh really loves his work, but he has a second love, flying airplanes. He's got his pilots license, and flies any chance he gets. Mr. Alspaugh started lessons in North Manchester, and he finished at the Mentone Airport. He got his license in August, 1971. Mr. Alspaugh has his own plane, he uses for business and a lot for pleasure.

"I belong to the Mentone Flying Club, its really nice. Chick Herendeen owns the airport, but has it up for sale, I'd like to buy it, but financially can't do it."

Well readers, I hope maybe you know a little bit more about Guy's Bending Fixtures and about Mr. Alspaugh.

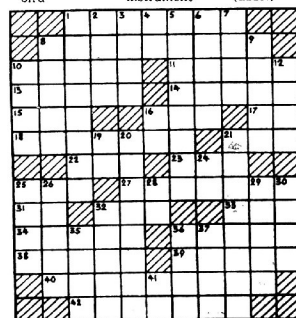

HERE IS AN example of a finished bending fixture, which is ready to go to the factory. The model bending fixtures take anywhere from three to five weeks to complete. Each bend in the fixture is done on a different mechanical arm.

BILL HOOVER, shown tapping out a hole for a mechanical arm. He has to be careful that every measurement is the same as on the blue print.

Family Life

By Renee Norlander

A new year is here, and of course all of us have made resolutions for 1979 that we know we'll never keep. And have probably already broken.

My resolution to keep the inside of my car clean ended when I went to McDonalds last week-end and forgot to bring the empty bag in. The Twinkie packages are adding up, too, along with last months newspapers. I don't know, it's just been too cold to get out and clean the car.

My resolution to lose weight (typical!) is also near the brink of disaster. Until I get over my chocolate addiction, it's a lost cause. Especially when my babysitter, Lil, brings me a two pound box of chocolates for Christmas! I sometimes think I along keep the Hershey Company in business. Maybe I should invest in a chocolate factory, and get some of my money back in dividends! Besides pounds!

I also decided to become a good cook. Every night I would have a beautiful dinner on the table, with homemade "this and that", and I'd use the recipes I have. Well, last night I was so busy, I didn't even have anything ready when Bob came home. We ate bologna sandwiches again. Someday, we'll both probably look like pieces of bologna! I'll invest in Eckrich too.

But those are my minor resolutions. I'm determined this year to become organized and efficient. No more searches through three desks and two briefcases to find a classified ad someone think I along keep the matchbook covers that I wrote a subscription renewal on. No more last minute panics for an idea for a column! I'm determined!!

That's why I'm writing this at noon - on Tuesday - and I am in a panic!

Happy New Year! I hope you'll be able to keep the resolutions you made!

If you include adjacent suburban areas, New York, not Tokyo, is the most populous city in the world, with a population of over 16 million.

Income tax help for seniors

by Onda Good

The Senior Citizens of the Akron Lions site will celebrate January birthdays on Monday, January 15. Also, the Blood Pressure Clinic will be from 11 to 12 o'clock on January 15.

January is Hawaii month and several persons have shared interesting pictures, experiences and other moments from Hawaii. Wouldn't it be fun to celebrate your birthday in Hawaii as Winnie Summe did last year?

The Area V Council will be hosted by the Akron Senior Citizens on Thursday, January 18. You are encouraged to come help entertain the 25 or 30 expected to attend from out of town.

January is also Income Tax time! Income tax preparation help is available free of charge for Senior Citizens at the Akron site from 9 to 11:30 on some Mondays. The elderly are probably eligible for the Indiana Circuit Breaker (property tax adjustment) and also eligible for using Elderly Credit for Sales Tax on Utilities. Those interested should bring their property tax receipts and know what their total household income is for husband and wife. This includes Social Security amounts. The Mondays for this tax preparation help are January 15, Feb. 5, Feb. 19, March 5 and Mar. 19. Plan to come during the first dates and early on the Monday morning in order to help assure your getting help with your filing.

For further information about elderly tax preparations or reservation for lunch, please call 893-7263.

Scheduled menus for January 15-19 are:

MONDAY - Cubed ham with beans, mashed potatoes, spinach, pears, cornbread, milk, coffee.

TUESDAY - Meat loaf, green beans, tossed salad, sliced peaches, muffin, milk, coffee.

WEDNESDAY - Roast turkey with dressing, cranberry sauce, cole slaw, apricots, bun, milk, coffee.

THURSDAY - Baked chicken, sweet potatoes, tossed salad, choc. cake, brown bread, milk, coffee.

FRIDAY - Roast beef sandwich, buttered carrots, escalloped potatoes, apricots, milk, coffee.

Selecting plants that will live

Have you noticed how some people seem to have a way with indoor plants, while others manage to destroy any living, green thing—from dracaena to caladium?

It may surprise you to know that a talent with plants depends as much on how you select them as how you care for them. So decide right away what kind of plants you can handle—the kind that serve a decorative purpose, or the kind that bring joy from constant tending and tender loving care.

Believe it or not, many house plants will survive under adverse conditions. But if you're after really good results, you'll need to supply a good environment for your plants. That means the right

light, water, temperature, and humidity.

Watering your plants properly is the key to plant care success. In fact, the most common cause of plant trouble is too much watering. And, always water your plants with a diluted fertilizer. You can make it yourself by mixing one gallon of water with one and one-half tablespoons of 20-20-20 soluble fertilizer. When you water them, try to avoid getting water in the crown of the plant, since this could cause the plant to decay.

Although too much water can kill some plants, others can grow in ordinary tap water with little trouble. Try growing coleus, philodendron or a wandering jew in plain tap water. Add a lump of charcoal to the water to prevent souring. If algae forms, wipe it off plant roots and re-fill the container with fresh water.

Proper light is essential for plants. To avoid long, spindling growth, even when you don't have enough natural light, try these measures:

- Reduce watering, so you water them only often enough to prevent wilting.
- Reduce the amount of fertilizer you use.
- Keep the air temperature as cool as you can tolerate, and
- Provide supplementary lighting with fluorescent tubes.

Getting in shape:

It takes time, energy, and a firm resolve

Been feeling a little sluggish lately? Holidays are like that. It's a good time to make a firm resolve to work at getting in shape. And it takes a while.

Do you wonder how much exercise is enough? The American Medical Association recommends 30 to 60 minutes a day. And the way exercise is done is just as important. Performing exercises half-heartedly, or working out sporadically won't help much. You'll need to work up a good sweat, and breathe heavily and deeply.

But here's a word of caution. Before you begin an exercise program, have a medical check-up. If you're over thirty, overweight, or if you have a history of high blood pressure or heart trouble, see your doctor before you start.

Once you get your physician's "O.K.", here's a beginner's exercise program that can help you get started on the road to fitness:

The first week, walk at a brisk pace for 5 minutes, or for a shorter time if you become uncomfortably tired. Then walk slowly or rest for 3 minutes. Walk briskly again for 5 minutes or until you get tired. Do this every day during the first week.

The second week, try the same routine each day, but increase the pace as soon as you can walk five minutes without soreness or fatigue.

The third week walk at a brisk pace for 8 minutes, or for a shorter time if you become uncomfortable and tired. Walk or rest for 3 minutes and repeat.

The fourth week, repeat the same routine. Walk briskly for 8 minutes. Walk slowly for 3 minutes and re-

peat. Soon you'll be ready to increase your pace and distance and get into a jogging program.

Remember this saying: train not pain. Don't push yourself too far, but try to keep up the discipline every day.

The first census was taken in the United States in 1790, and 3,929,214 people were counted.

It Happened in Mentone

Taken from the January 9, 1952 issue of The Northern Indiana Co-Op News:

A number of Mentone citizens were disappointed Saturday when it was learned that the Boy Scouts were unable to conduct their previously announced scrap paper drive. The two available trucks were both loaded -- one with paper and the other with steel, and there was no way left except to postpone the pickup until Saturday, Jan. 19.

Mr. and Mrs. Raymond Cooper, Mrs. David Cooper, of Mentone, and Mrs. Gene Strausser, of Ft.

Wayne, returned Sunday after a visit with David Cooper and Gene Strausser at Lakeland Air Base, Texas. The Coopers visited with Malcolm Long and Allen Grindle while there. The boys are fine except for some colds.

Lyndes Latimer brought a strange looking bit of walnut wood into the Co-Op News on Wednesday which proved to be, when opened, a traveler's boot-jack. The boot-jack is hinged and would compete with some of our modern compact traveler's aids. It was small enough when folded to be fit easily into a carpetbag, but, when opened, as sturdy as the boot-jack left home.

After arriving home from Chicago, about 2 Friday morning several of the junior girls had a slumber party at Marjorie Mollenhour's.

It has been suggested that we say a few words concerning the pet squirrels in town, so that hunters, young and old, will "hold their fire" when near town limits. It wouldn't be difficult to recognize the black squirrel, but there is also a large red squirrel which folks would miss, too, so we urge the cooperation of all hunters, from sling shot to 12-gauge ability.

Mr. and Mrs. Joe Baker have had recent word Mr. and Mrs. Alfred Snyder who moved from Mentone to Colorado Springs, Colorado. The Snyders are parents of a baby boy born Thanksgiving morning.

Mr. and Mrs. Carl Zolman and sons, and Mrs. Willard Zolman have returned from a ten day trip to Columbia, Georgia. They visited Carl's brother, Emerson and family. While there they visited Lawson Air Force Base, where Emerson is employed. From there they went to St. Petersburg, Fla., where Carl and Emerson did some fishing. The weather was grand. In fact Carl got a nice suntan while fishing. On their return trip they stopped at Nashville, Tennessee, and attended the Grand Ole Opry.

Deaf Man Designs Tiny Hearing Aid

OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small device has no dangling cords or separate transmitting units and is worn completely in your ear.

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of one of the smallest all-in-the-ear hearing aid ever made will be given absolutely, free to anyone sending in this advertisement while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to Hear, Box 360, Garrett, IN 46738.

It is cold!

But snowy landscape is beautiful

(A wintery scene near the Niff-tone Corp., just south of Mentone)

In the winter time we go
Walking in the fields of snow;

Where there is no grass at all;
Where the top of every wall,

Every fence and every tree,
Is as white as white can be.

Pointing out the way we came,
Everyone of them the same—

All across the fields there be
Prints in silver filigree;

And our mothers always know,
By our footprints in the snow,

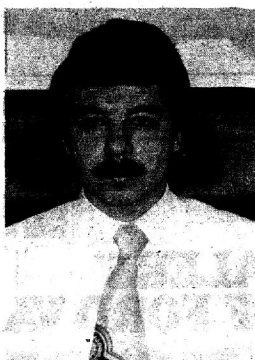

Where the children go.

LUNCH HAS ARRIVED and is ready to be dished up to the swarming group attending the Akron Senior Citizen meal program. Story of the program is on page 7.

Lewis appointed to library board

Kim Lewis

Judge Douglas Morton has appointed Kim Lewis to the Akron Carnegie Public Library board for a four year term.

Mr. Lewis replaces Harold Groninger who has been on the board for 33 years. A new law states that no

one can serve on a library board for no more than four consecutive terms.

Other board members are Harold Gearhart, Randall Leininger, Clair Ellis, Mrs. Ed Gray, Mrs. Larry Wood, and Mrs. Con Shewman.

SOUND OFF

"I think it is about time something was done about the buses parking in town wherever they want. The other day I pulled into a parking area and a bus was parked right in the drive area instead of pulling off to the side. Since when do buses have priority over parking places?"

Don't forget exercises

by Onda Good

The cold, slick and snowy weather is taking its toll of the Akron Lions Site Senior Citizens attendance. However, many brave the elements and feel better for it! The volunteers are reporting for work as usual with only a few exceptions. It takes a lot of grit to volunteer and a lot more to report to work in weather such as the past few days. Thanks volunteers, we really appreciate your effort.

The blood pressure clinic wasn't held Monday and will not be held until further notice. The birthday

party was held as scheduled Monday and the group will host the area V Council Thursday, January 18. The next tax preparation day will be Monday, February 5. Pictures and movies of Hawaii are seen from time to time this month. Don't forget the coffee hour and exercises each morning.

For luncheon reservations or information please call 893-7263.

The scheduled lunches are delicious for January 22 to 26, but are unavailable at this moment. Come find out what they are!

Sandy Wise

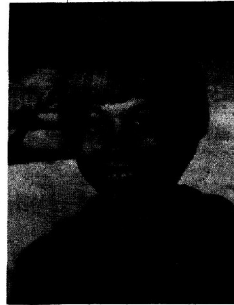

Sandy Wise is in her third year of 4-H, and is the assistant reporter this year. She is enrolled in Clothing, Foods, Swine, and Crafts. Her favorite is foods, because she likes to bake and then eat the results. She hopes to win a 1st prize in 4-H this year, and enjoys the club because you can meet more people and learn things.

She is the daughter of Mrs. Esther Wise, and has two brothers and one sister. She is 11 years old and goes

to school at Mentone. She also attends the Mentone Church of Christ. Her hobbies are swimming and bike riding.

Rusty Zimpleman

Rusty Zimpleman, age 10, is in his second year of 4-H. He is the son of Mr. and Mrs. Rex Zimpleman, R. 1, Mentone. He attends school at Mentone, and has one brother and one sister.

He likes 4-H because it's fun and he likes working with animals. He has learned sportsmanship through 4-H. His projects are goats, pigs and lambs, with goats being his favorite because he likes them and they are real nice pets. He hopes to have the grand champion goat at the 4-H fair this year, having had the grand champion dry doe last year.

His hobbies are football and basketball.

Phillip King

Phillip King, is in his third year of 4-H. He is the son of Mr. and Mrs. Darrell King, 101 N. Tucker, Mentone. Phillip is 11 years old and attends Mentone school.

His hobbies are playing the piano and putting together model cars. He won 1st in pony at the Mentone Egg Festival parade last year. Phil is the Song Leader for his 4-H club.

In 4-H, his favorite project is horse and pony because it is a responsibility. He is enrolled in Horse and pony, and pigs. To get along with others and to care for animals are things he feels he has learned thru 4-H.

Phil has been honored with such trophies as Junior Showmanship, Junior Judging, 2 blue ribbons with his pony, and winning 5th place with his lamb.

Mrs. Carl Whetstone hosts Merry Mollys

On January 8 thirteen members of the Merry Mollys met at the home of Mrs. Carl Whetstone for their January meeting.

Sandra Simpson led in the singing of America The Beautiful, the Pledge of Allegiance and Pledge to the Christian flag. The Club creed was repeated and the song of the month was sung by the group.

Roll call was answered by something unusual in your purse.

The secretary's and treasurer's reports were read and approved. Eva Belle Smith gave devotions. Culture Arts by Lea Hudson was a report on Frances Wright.

The Constitution was read by Sandra Simpson. She announced that February would be election of officers. Club dues were collected. Faye Whetstone gave an interesting lesson on "Selection and use of accessories".

The meeting was closed with the Club Collect after which refreshments were served by the hostess and co-hostess, Lea Hudson.

The February meeting will be at the home of Mrs. Douglas Simpson.

Letters to the Editor

Keeping busy

DEAR EDITOR:

I have been asked why I do not write another letter to the editor, so with nothing really pushing me for a little while, I will do some writing.

We have had a wonderful Christmas season, several groups of carolers, but I always look forward to the choir from the Akron Brethren Church and seeing the Marx and the Hollaways and having a nice visit with Vera Holloway. There is hardly a time when I go uptown or to the shopping center that I do not see someone from Akron, and of course I have many callers and nice visits to ponder over.

On November 25, we held our big bazaar and the dedication of the new Visser wing, we had not had a bazaar for three years, so we were quite busy. Since I saw circles for the clowns, I had charge of the clown booth with about three hundred clowns of different sizes. I was glad to see some of my friends from Akron that day. Then on Dec. 1, Arlene, our activity director took several of us to Claypool to a bazaar which is one of the things that Martha Huffman has for her projects. Her husband is the son of the late Foster Huffman and a brother to Wayne. They are interested in a hospital in Haiti where she is a member of the board, and all the income from the bazaar goes there, one of the main attractions is the good lunch which we enjoy with them on our way home. We stopped and took a tour of the

Manchester Greenhouse which was alive with beautiful poinsettia of different shades of red.

On Sunday, the 17th, after our chapel service, Arlene took some of us into the country to Garber's barn to see a live nativity scene, we all agreed it was the most impressive Christmas scene that we had ever seen. It was a huge barn, bales of hay were our seats, to our left was a choir loft of bales of hay where a group of angels sat, right in front of us, bales of hay were on an elevation where Mary, Joseph and the baby in the crib were, since it was one of the very cold days, the baby was not real. The three shepherds came in costume with their staffs and knelt at the crib being brought there by a bright star light above the crib, as they left the wise men came and knelt with their gifts. All characters were in appropriate attire and their minister, Opal Neese, had made a record of the story which was played during the acting. On the ground floor where we were, there was a dog roaming around. A pen with a pony eating hay, a pen with a couple of sheep and a pen with a couple of pigs, so it all seemed very real.

This was put on by the Brethren Church of Liberty Mills. Since my friend, Karen and her family have adopted me as their grandmother and taken me to their church many times, I knew quite a few of the characters. They put this pageant on four times before Christmas, and it was very impressive.

We had a nice service in our Chapel on the 24th, at 2:30. Then at 4:45, we gathered around the Christmas tree in our lobby for a

program of singing and readings until Santa came with a gift for each one. But before he left to go to the South house where there was a program going on, punch and cookies were served.

Christmas day I enjoyed being with Roy and Evelyn Meredith and their families. Their home looked like a real fairyland and it was a pleasure to see the children open their gifts.

It is so nice to have Ruth Leininger across the hall and one door down from me, so with all our callers we still feel that we have contact with Akron.

Today twenty-one members went to Clark's Cafeteria at Wabash for dinner. Arlene drove our van and four girls from the Christian Church drove their cars. These girls sponsor the trip to Wabash and the Tri Kappa girls sponsor the trips to Fort Wayne. Wednesday of next week Arlene take the members of the exercise class to Warsaw to the pancake house for breakfast. I will go. I still go to the scout house for senior citizens meetings and play Canasta. Then on Wednesday evenings I play scrabble with two members from Rochester and one from Huntington, and every fourth Friday, I work in our library.

In closing "thanks" for all the cards and callers to brighten my Christmas. May God bless each and every one and grant your wishes in 1979.

—Yours in Christian love,
Clara Yeaman

I delight in road signs. Especially the traffic control variety. Since an age I no longer can remember I have been able to read the numbers and the words without a great deal of difficulty but now I am beginning to get apprehensive about them.

It used to be when I saw a sign that instructed SLOW that I would slow and wait for what ever would happen to happen. Now I see the sign and I wonder how slow I should really go.

Lump or Bump?

If, for example I am traveling at 55 miles per hour and the sign demands that I should slow, just how slow should I slow? Forty-five sounds like a slow enough pace after 55 but that often doesn't do. I skidded to the

right on a left hand curve and I know I wasn't quite slow enough.

Then, in my traveling, I approach a sign which indicates a turn to the right, to the left or a little left then right then further right before it goes left again.

That sign serves a useful purpose but I am never sure just how sharp the curve is until I have taken one not quite SLOW enough.

The only curve sign that I have no trouble with is the right angle curve indication for an extremely sharp curve to the right or left.

By the time I have registered the fact that the sign is indicating a lulu of a curve the front wheels of my pickup are already over the edge.

Perhaps because of the frost heaves or because the earth surface under the tarred roadway wants to be more voluminous at this time of year highway departments are forced to place BUMP signs along roadways.

The usual fare is a BUMP sign, an upright on each side of the BUMP and a red flag hanging from each upright.

I like that. I am given at least two opportunities to alter my driving.

The thing I don't like is that no amount of experience can predict, especially at night or on a seldom traveled road, how severe the BUMP will be.

What usually happens is that I travel until I see one of those signs and I slow way down. I find the bump isn't so bad. I come to the next BUMP sign and the same thing happens.

By the third BUMP sign I think I have figured out the pattern. Another silly little LUMP instead of a BUMP. About that time (of course, I haven't slowed) my skull crushes into the ceiling in the weakest part of the upholstery and the springs give way so the muffler gets a chance to make a horrible crunching sound.

Next I get to the SLIPPERY WHEN signs.

Slippery when wet. Slippery when covered with frost. Slippery when covered with grease. Slippery when covered with frogs (dead or alive). Slippery when used. Slippery when not in use. Slippery on every passage. And a whole lot of other slippieries.

I become paranoid when I get to those places. I don't know if I should check the temperature, the barometer, the dip stick or the road before I cross.

Usually, by the time I have decided which to check, I am heading in the direction I came from and I have to turn around and approach the matter all over again.

The CROSSING signs are nice. Duck CROSSING, cattle CROSSING and so on.

Two things cross my mind. Where is what crossing, I don't see anything, and, how decent, a herd of religious cows praying or a flock of ducks getting frocked.

Then there is the DEAD END sign.

After a long trip I agree. Yes, my end is dead. How did you know?

Tombaugh hosts dinner

On January 15, 1979 the monthly meeting of the Mentone E.M.S. was held at Teel's Restaurant. The sixteen EMT's and drivers present were guests of Wayne Tombaugh at an appreciation dinner. There were also 16 guests present.

A brief business meeting was held, followed by the election of

officers for 1979. New officers elected for the year are: Larry Pyle, president; Anne Utter, vice-president; Sandra Simpson, secretary-treasurer; David Peffley, training officer; Gene Hughes, radios; and Bea Hughes, supplies.

Training next month will be Earl Beattie's, Mentone marshal, discussion on drugs.

New books at Akron library

New books received at the Akron Carnegie Public Library include the following:

THE GLASS FLAME by Phyllis A. Whitney. "If anything happens to me down here, don't let it pass as an accident. You owe me that, Karen" David Hallam had written those words in his last letter to his wife from a small village in the Tennessee Smoky Mountains. Ten days later he was dead. Now Karen Hallam had to find out why. This is an exciting mystery in the Phyllis Whitney style.

LIGHT FROM HEAVEN by Christmas Carol Kauffman. This is the story of a distraught Mother who looks for help in raising a son abused by his father.

THE AMY VANDERBILT COMPLETE BOOK OF ETIQUETTE revised and expanded by Letitia Baldridge.

HOW TO CREATE YOUR OWN PUBLICITY AND GET IT FREE by Steve Berman.

METHANOL AND OTHER WAYS AROUND THE GAS PUMP by John Ware Lincoln.

WE LIVE IN THE ALASKAN BUSH by Tom Walker. This is an interesting present day story of wilderness living.

SOMETHING ON THE WIND by Barbara Moore. This is the story of a dog and two mules and their long journey home.

LOVE AFFAIR WITH A COUGAR by Lyn Hancock. How the cougars became part of the Hancock's lives - at home, on the ski slopes, on television and in the classroom where Lyn taught fourth-graders - and what happened to them as they matured in a warm, funny and poignant story.

THE GOOD OLD BOYS by Elmer Kelton. The story relates with humor, great insight, and integrity the feelings of a cowboy struggling to find a place for himself in a new era in the West.

REACHING THE OTHER SIDE by Earl S. Martin. This is the journal of an American who stayed to witness Vietnam's postwar transition.

New books at Bell Memorial Library

New books received at the Bell Memorial Public Library in Mentone are as follows:

THE STORRINGTON PAPERS by Dorothy Eden. This is the story of a munition-making dynasty and the courageous young woman who unravels the century-old legend that still haunts it's troubled heirs.

PRELUDE TO TERROR by Helen MacInnes. Set in Vienna, this is a novel of adventure, suspense and romance.

PALOVERDE by Jacqueline Bris-kian. This panoramic novel is a chronicle of the power of the railroads, the discovery of oil in Los Angeles, the emergence of the motion-picture industry, and the coming of aviation during the late 1800s.

WHO GOES THERE? by Edward Edelson. The search for intelligent life in the universe.

THE KITCHEN BOOK by Terence Conran. With over 700 photographs of kitchens the world over, this book tells how to choose the heating, lighting, work-surfaces, storage space, equipment and decoration best suited to your needs - and backs it's advice with that of world-famous chefs and architects.

WEIGHT WATCHERS NEW PROGRAM COOKBOOK by Jean Nide-tch. The complete updated program used by the world's largest weight-control organization.

WAR AND REMEMBRANCE by Herman Wouk. A novel of America at war, from Pearl Harbor to Hiroshima, the sequel to "Winds of War."

Homemakers discuss pastimes

The Mentone Extension Homemakers Club met recently at the home of Mary Norris with Maude Cox as co-hostess.

Members answered roll call by giving their "winter indoor pastime".

Esther Sarber, vice-president had charge of the meeting, due to the absence of Genevieve Warren.

For devotions Maude Cox read two poems by Helen Steiner Rice, and the group sang the song of the month. Citizenship was given by Pearl Horn, and Olive Tucker gave cultural arts. Grace Sullivan presented a very interesting club lesson on, "Being Me".

The meeting closed with the club collect and prayer song.

Eula Smith will host the Feb. 8 meeting with Pearl Horn as her co-hostess.

Caywood elected to membership in FLI

Realtor Bob Caywood, Bob Caywood & Associates, has been elected to membership in the Farm and Land Institute (FLI). The announcement was just made by Ron Bentz, AFLM, Stayton, Oregon, president of the Institute which is an affiliate of the NATIONAL ASSOCIATION OF REALTORS. Mr. Caywood is also a member of the Fulton Co. Board of Realtors.

Members of the Institute are Realtors who specialize in selling, buying, managing, appraising, and developing land for others. They are involved in farm, ranch, grove, orchard, timber, range and recreational land, as well as in suburban and urban land for development and redevelopment.

Realtor Caywood joins more than 7,000 other FLI members throughout North America who, in addition to subscribing to the Realtors Code of Ethics, support the high standards of conduct and experience that directly relate to their specialty as established by the FLI Board of Governors.

Seward home club met recently

The Seward Home Extension Club met January 10 at the Burket United Methodist Church social room with Mrs. Vernon Meredith and Mrs. Lester Bruner hostesses. Pledges to the flags were given, America the Beautiful and the club song were sung by the 19 members and two children present.

Devotions were presented by Mrs. Raymond Longbrake, Health and Safety by Mrs. Earl Lowman, Garden remarks by Mrs. Earl Sarber. Citizenship was by Mrs. Theo Thompson, Cultural arts by Mrs. Thompson Longbrake, and the lesson on accessories was presented by Mrs. K. Miller.

Mrs. Wilbur Latimer, president, conducted the business meeting and also reported on the presidents meeting.

Among other activities, the Institute helps each member be of maximum service to a prospective purchaser of land by keeping him up-to-date with a monthly news publication and by offering educational courses designed to broaden the member's knowledge of his field. FLI awards the designation, AFLM, or Accredited Farm and Land Member, to members who successfully complete prescribed education, service and other requirements. Headquarters of the Farm and Land Institute is 430 North Michigan Avenue, Chicago, Ill 60611. Telephone number (312) 440-8040.

Mentone Police Report

On Tuesday, January 9, Deputy Marshals John Hart and Jay Se-crist recovered a large plastic lamp that had been taken from the downtown Christmas decorations when they were called to the scene following a disturbance. Charges are pending until the investigation is complete, according to Marshal Earl Beattie.

was ice covered. Estimated damage to each auto was \$850, or \$1700 to both. There were no injuries.

Michael W. Wooten, age 17, of R. 1, Claypool, was involved in a one car mishap on Tuesday, January 16, at 9 a.m., when he was unable

to stop at the intersection of State Road 25 and County Road 700 West, and slid across 25 into an open field, hitting two highway reflector posts, according to Marshal Beattie who investigated. Damage to Wooten's auto was estimated at \$100, and to the highway markers at \$75. No one was injured.

A two car accident was investigated by Marshal Beattie on Saturday, January 13 on State Road 25 just east of County Road 1000 West just past noon, when a car driven by Kerry Baum, R. 1, Mentone, apparently crossed the center line and sideswiped an auto driven by Maurice B. Newlin of R. 1, Claypool.

According to Marshal Beattie, Baum allegedly lost control of her auto on State Road 25, when reported weather conditions were rainy, snowy, and the roadway

Vials for life distributed in Akron

A state-wide Vial of Life program has been launched by Hook's Drugs, Inc.

The program features a prescription vial containing vital health information which is stored in the family refrigerator. A distinctive sticker on the refrigerator door alerts emergency personnel to the information and can save precious time in determining treatment.

It has been designed primarily for the elderly and handicapped, but the current effort is aimed at having a vial of health information placed in every family refrigerator.

The program in this area is being sponsored by the Akron Women's Club, and the vials are being distributed to various groups.

If there is anyone in Akron or the surrounding area who has not been contacted about this by February 3 and would like one of these vials, please call Mrs. Ernest Smith (893-7059) or Mrs. Roy Meredith (893-4162). Help in filling out the information blank will be available if needed.

Auto Tune-up, 10 weeks, Tues., Ralston, \$15.

Counseling available for child abuse

"Child Abuse" was the topic when the Akron Women's Study Club heard Fulton Co. Child Welfare worker Sue Burke, and Chief Roy Calvert, of the Rochester City Police, on Jan. 4 at the Akron Library basement.

Mrs. Burke outlined the legal aspects of child abuse and said child abusers were usually abused as children themselves. She announced the installation of a 24 hour a day hot line for persons seeking help for themselves or others and the reporting of suspected child abuse situations. The telephone number in Fulton Co. is 223-6139.

Chief Calvert urged public awareness and cooperation in combating the growing child abuse problems. He reported on a new law which makes failure to report cases of child abuse a misdemeanor. With about 60 cases on file and about eight in the prosecuting attorney's hands, "we cannot say this is someone else's problem," he said.

"Counseling is available in the county with other forms of help in the planning stages such as Parents Anonymous groups.

Music students of Bernice Bowen presented selections which they will play in music contest. They were Angela Wood, Sherry Fernvall, and Holly Smith, of the Akron Middle School.

Devotions were given by Dovie Weida. President Elizabeth Gray gave the preliminary call to 13th District Convention to be March 12, in Akron. Rochester Women's Club will be guests of the Akron clubwomen March 1.

Contestants for the Federation of music and art contests are being sought by Sharon Shevman.

Hostesses were Evelyn Meredith and Edith Sheetz.

Tax service offered for low income families

It's that time of year again. Time for the Internal Revenue Service to be calling to your wallet, either to give you something or take away. But there is no need to fret about filling out your income tax forms. The Fulton County Development Council is once again having their Income Tax Service for low-income people. The returns will be done by Drs. Kenneth Milani and James Wittenbach, CPA's, and senior students from Notre Dame's Business and Accountancy Department.

The dates for these services are as follows: Saturday, Feb. 10, Saturday, Feb. 17, and Saturday, March 10, all from 9:30 a.m. to 3 p.m. There is no charge for this service, but the Council asks that people call 223-3701 to make an appointment to avoid delays and confusion.

People in the Delong area, who have no phone, may make their appointments by registering at the Fellowship Hall every Tuesday from 1 p.m. to 3 p.m. People in the Akron area may make appointments by registering at the Lions Club on Walnut Street every Thursday from 11 a.m. to 12 noon.

It will be asked that when you come for your appointment, that you bring your 1977 tax returns; 1978 W-2's and other records of earnings; casualty loss information, if any; form packets sent to the taxpayer by the Federal Government and the State of Indiana; and records dealing with medical expenses, charitable contributions, property taxes, interest, and child-care expenses.

Senior citizens or "keen-agers" ?!

(Editor's Note: This will be the first of a two part series about the Senior Citizens in the Akron/Mentone areas.)

by Carolyn Ramsey

There's not many of us who like to think about getting old. When we do think about our aging years we think about being alone, or being put in a nursing home, or often about being forgotten. I've always said that when I get older, I'll still be as spunky and I won't need anyone to take care of me, but I have a terrible fear of being forgotten. Times are changing, the world's progressing, Akron is progressing. In fact, Akron now has a Senior Citizen program. The program has many different functions, but four basic ones. They provide one hot meal a day, five days a week, and they also provide educational, recreational, and social activities. In my opinion, they provide much more, thanks to Onda Good.

On October 9, 1978, Onda Good became Director of the Senior Citizen organization in Akron, located at the Akron Lions Den. Onda had read about what was being done for the Senior Citizens in the paper, she checked into starting a site here in Akron, it was approved and Akron is now part of the Area V Nutrient Program.

She only knew two people when she started the project, but she's now very pleased to have met 103. "I didn't know many people when I started but they have been great, if it weren't for the volunteers, the organization wouldn't move forward," she said.

Many volunteers have helped Mrs. Good, they come to help get things ready for the meal when it arrives. The volunteers set the tables, make coffee, and help serve the dinner. The meals are prepared in Rochester, and brought to

Akron by Lester Paterson. Mr. Paterson is retired and around 80 years old, and he is an alcoholic but hasn't had a drink for 29 years. He now gives lectures on alcoholism to many different organizations. Myself and the Akron Senior Citizens would like to thank you.

Besides the meals that are served at the Lions Den, they are also taken to homes to the people who want them but are unable to get out.

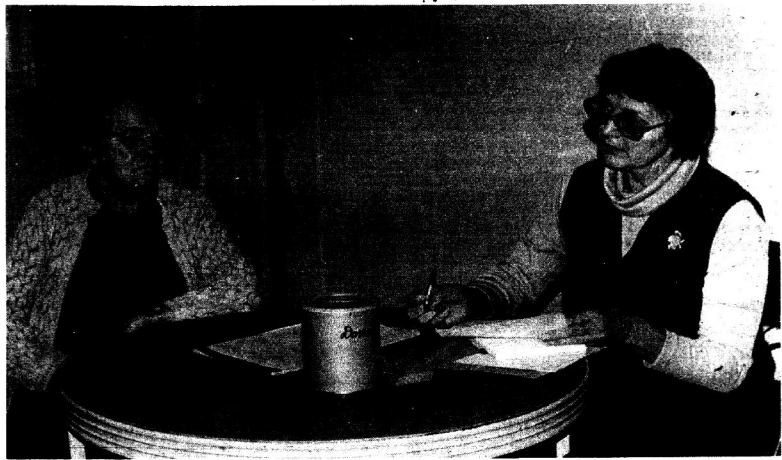

There are many other things Onda Good does besides the meals. She has a coffee and exercise hour every week morning, from 10:30 to 11:30. During the hour the older generation come in and visit, drink coffee, talk about what Onda has set for the month, for example, January was Hawaii month, and February will be Valentine Month.

She also helps when the Blood Pressure Clinic comes to check pressures for the Senior Citizens, and also anyone who wants to have theirs checked.

This week they have volunteers coming in to help with income tax preparation. Hugh Wildermuth was in to tell the Senior Citizens on things to know about taxes. He stressed the importance of keeping all records of income, rent receipts and any important receipts. He also talked to them about some of the benefits for the elderly and disabled.

They had people in to talk to them about the Fuel Adjustment Program, the Fulton County Nurse makes regular visits, visitors in to eat dinner with them and they make all kinds of handicrafts.

As you can see Onda has a nice program going. I had a chance to talk to some of the Senior Citizens and I would like to share some of their comments with you. "We couldn't ask for a better

ONDA GOOD, director of the Akron Senior Citizen Organization, and Eva McHatten, take a few moments to talk. Onda also takes this opportunity to catch up on some paperwork, there is alot that has to be turned in on the program.

site or a better director," one person said.

"The meals are really nice, every meal is cooked good and always delicious," another Senior Citizen commented.

The Senior Citizens are pleased with the organization, and thrilled to have Onda Good as their director. The meals, you would think, would be the same thing over and over again, something like hospital food, but it's the best. The menu is made up in advance, so they know what to look forward to.

The beginning of January, they had dinners like fried chicken, hamburger steak, beef stew, chicken and noodles, and beef manhattan. They eat hearty.

The meal is important, as I found out as I was talking to Mrs. Good, "for an older person, good nutrient occupies 9/10 of their health," she said. The meal is provided for the elderly, and they pay what they can, the money goes back into the organization, and what ever the organization can't pay the Federal Government takes care of.

Have you had a chance to read the "Keen-Ager" paper? It's written, typed, and published by Winnie Summe. It's available to any Senior Citizen. The paper has the activities for the month, and menu, and stories turned in by the Senior Citizens.

The organization is great, so if you know of someone who is 60 or older, have them contact Onda Good, and believe me you won't be sorry. They've got me when I'm 60!

THE COFFEE HOUR starts and a few of the "Keen-agers" enjoy a leisure cup of coffee and chit-chat. They sometimes do exercises under the direction of Onda Good.

To celebrate Wesley Day on Sunday

The Akron United Methodist Church will be celebrating Wesley Day this Sunday, Jan. 21, at the Sunday morning 10:30 service.

This day is a celebration of a religious tradition tracing back to John Wesley and is often called Wesleyan. John Wesley, founder of the church, lived in England from 1703-1791.

The service will seek to capture something of the living past as it relates to the living present with its challenges of today and tomorrow.

Gymnasts place well in several events

On January 10, the girls gymnastic team from Tippecanoe Valley was defeated by a score of 99:70

to 68:05 by the girls team from No. Manchester in a meet at No. Manchester.

Beginning scores for the meet were Valley 33:70 - No. Manchester 47:50; and the intermediate score was Valley 34:35 - No. Manchester 52:20.

Several beginning girls from Valley placed high in the events, with Deb Zimmerman receiving a second place in the vault event, and Shelly Gross

receiving a third. On the balance beam, Shelley Gross received a third place, and in floor exercise she received a third place.

In the intermediate level, Cathy Runnells received two third places in the bars and vault event, and Kris MacDaniels was awarded first place on the bars, and a third place for floor exercise. The Valley team is coached by Vicki Gearhart.

Plan for new year

Members of the Beaver Dam Ag 4-H Club met at the Beaver Dam Church basement on Tuesday, January 9, 1979.

Greg Cumberland, president, called the meeting to order. American and 4-H flag pledges were led by Chad Tucker and Brian Adams. Scripture was read by Jerry Cumberland. Secretary and Treasurers

reports were given. Kris Hile gave a Health and Safety report on burns.

Meetings for the new year were set up and demonstrations were assigned to some of the members. Refreshments were served by Angela Evans to members, leaders, and parents.

Deaf Man Designs Tiny Hearing Aid

OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small device has no dangling cords or separate transmitting units and is worn completely in your ear.

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of one of the smallest all-in-the-ear hearing aid ever made will be given absolutely free to anyone sending in this advertisement while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to Hear, Box 360, Garrett, IN 46738.

Deardorff to represent DAR at State

The December meeting of Anthony Nigo Chapter, DAR was held recently in the home of Mrs. Wm. Ettinger, with Mrs. James Tibbets as co-hostess.

Mrs. Ettinger read the President's Message. It was reported that over \$100 worth of gifts were sent to Tamassee School for the holidays. Mrs. Frank Smith discussed the purchasing of a new and better flag for the library.

Kevin Deardorff will represent the chapter in the Good Citizen Contest at the state. The Mentone Centennial committee has met and reported favorably with much enthusiasm.

Mrs. Glenn Clauss gave the national defense on "Victory for Freedom of Private Schools". The resolution "Land Use Planning" was given by Mrs. Kenneth Riner.

Welcomed into the chapter was the new junior member, Mrs. Lynn Phillips.

Mrs. Ernest Igo introduced the

program, "Add the Angels Sang", given by Mrs. Robert Hoover. It was presented with filmstrips and recordings.

Members joined voices in singing several hymns and carols of Christmas. The Americans Creed closed the meeting and refreshments were served.

The next meeting will be on Sunday, February 11, in the afternoon.

NOTICE

Due to the extremely cold weather the Akron town board requests all residents to leave the cold water tap run with a stream about the size of a lead pencil to avoid water line freezeups. This should be continued until further notice.

Water bills will be adjusted for this excess usage according to Akron Clerk-Treasurer Ernest Smith.

Akron clerk explains your water bill costs

by Carolyn Ramsey

Water bills, are they too high? Maybe you feel the bills are unjust, but do you know how they are figured or how the money is used from the bills? Ernie Smith, town clerk and Florence Katz, secretary, took the time to explain the bills for your benefit. They have around 450 customers. They divide the town into three sections. One section is read for the month and the other two are estimated, then the next month a different section is read and the other two are estimated. It's a rotating cycle. Even though the bills are estimated for two months out of three months, the bills are gone over to check the right amount. Let us say your meter was read the first month and it showed you used 2,000 gallons of water. Your bill would be \$7.66. For the water it is 80 cents per 1,000 gallons, and for sewage it is \$3.00 per 1,000 gallons. Here is a chart to show the cost of water and sewage to the gallons used.

Ernie also gave me some hints on cutting back the bills, or just things to check on to make sure there's no water being wasted.

"Automatic recharging water softeners, they can be a big problem, just check and make sure they are operating right. Toilet stools, if the float in the tank is faulty, the tank will let the water keep filling, and the water will go back down the overflow pipe. That is one of the problems we find. A dripping faucet uses a lot of water. Well, for example, a dot made from an ink pen is the size of a small leak, that leak would let

170 gallons out in 24 hours. You can imagine what a dripping faucet could do to a water bill," he said.

If you have any questions about where the money goes, check in this paper for the towns annual report for the year 1978. It shows all costs and money received.

If you have any questions about your water bill contact the town clerks office.

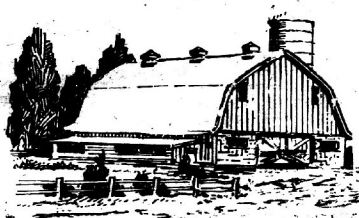

I've learned alot about water bills, I never realized my faucet at home could be dripping close to 200 gallons of water a day. Thanks Ernie and Florence.

Cents per thousand		
GALLONS	WATER	SEWAGE
6,000	80	\$3.00
9,000	70	\$2.60
30,000	50	\$2.10
105,000	40	\$1.70
150,000	25	\$1.20

ERNIE SMITH, town clerk, and Florence Katz, are working on this month's water bills. Each bill is figured and hand written for each of the 450 customers.

Meals prepared to Mentone seniors needs

(Editor's Note: This is part two of a two part series about the Senior Citizens in the Akron/Mentone areas.)

by Carolyn Ramsey

"Meals on Wheels", it's got a nice ring to it, doesn't it? The senior citizens of Mentone like it. Meals on Wheels is actually a subtitle for Kosciusko Mobile Meals Incorporated. The headquarters is in Warsaw, Mentone is one out of many communities working out of Warsaw.

The purpose for the Meals on Wheels is to provide one balanced meal a day for any senior citizen who is interested. The meal meets 2/3 of the daily diet requirements. The meals cost \$1.52, if for some reason one of the senior citizens cannot pay, then an organization will pay for it, no one is turned down a meal.

The meals are prepared by the Miller Merry Manor in Warsaw. The meals are prepared to suit the individual, for example, if the person was diabetic or couldn't have salt, the meals are fixed accordingly.

Volunteers go to Warsaw to pick up and deliver them in Mentone. The meals are placed in an oven that holds fifteen dinners. The ovens are plugged in to get hot and then they can be unplugged to be carried in the automobile to be delivered. Any of the chilled food is put into a cooler. The ovens and coolers were donated by the Mentone Lions Club. The meals are picked up at 11:45, the first meal is delivered at noon, and the route is usually finished about

MRS. MARY BARKMAN is only one of many who receives her dinners from the Mentone Meals on Wheels. Mary has been around Mentone for ninety years, and plans to be around until she hits a hundred.

12:45. The volunteers use about two hours of their own time and never receive anything in return. That's a lie, they receive the feeling inside that alot of us will never know. When you help someone and expect nothing in return, your very special. Thanks to all of the volunteers, and to anyone who is involved. If your interested and would like to get involved, call 353-7898, or 353-7187.

Meals on Wheels is great, there is

not one person who can criticize it, and to think it all got started by one lady in Mentone who read about the meals, and contacted Kenneth Mollenhour to get one started in Mentone. It was so simple and so much good has come out of it.

Mary Barkman, one of many who receives a meal each week day, is tickled pink. She's lived in Mentone most of her life, the home she's living in was her parents, and then

she lived there with her family, and intends to stay there.

"I lived here with my parents for 34 years, and I've lived here for 44 years, and I'm ninety, so this is home to me. People who get old should not be expected to give up years of happiness, I like living here alone, it's home," she said.

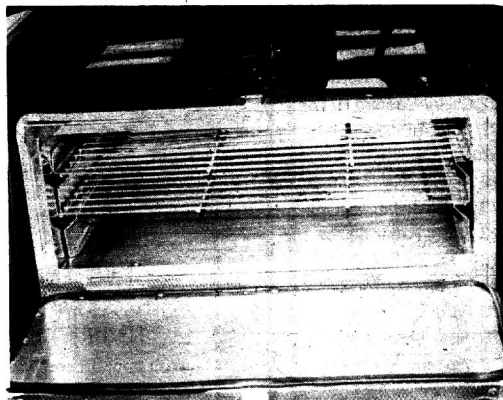

Mary has been told several times that she should be in a nursing home, but she insists on staying where she's at. I don't blame her. Her eyes and hearing are not the best, but she's as happy as a lark. Since her eyes are bad its hard to cook, the Meals on Wheels do a big service for her.

"The meals are always fine, I usually have enough left over for supper. It is so nice of those people to bring the dinners to me for nothing. I pay \$1.52 for the dinner, but I don't have to pay for them to deliver them," she answered.

Mary has been receiving the meals most of the winter, and she doesn't have one complaint. She may be 90 years old, but she's just as lively as the rest of us. She's got years filled with memories and she hopes to live to be one hundred and add another ten years of memories. Her doctor said that he was sure she would. I know she will.

Mary enjoys the dinners and feels she getting so much for only \$1.52. "I look forward to my dinners, besides my family, I don't know too many people. I use to but they have all moved or passed away, but now I've met so many nice ones. There's not one of the volunteers I don't like," she said.

I'm sure they are glad you like them Mary, but I bet that they are just as glad to know you as I am!

THE OVEN AND ICE CHEST were donated by the Mentone's Lions Club for the use of the dinners delivered by volunteers of the Mentone Meals on Wheels. The oven will hold fifteen dinners.

Flying club selects new directors

The Mentone Flying Club met recently at the airport with vice president Tim Youngstrom presiding.

Reports were heard on repairs done to the airplanes by the Crew Chiefs. It was decided to install permanent chocks and purchase ladders for each hangar.

Elected as new members to the Board of Directors were Art Swango, Bill Willard and Guy Alsbaugh.

Guy Alsbaugh won the free hour.

Mentone Police Report

Teresa F. West, age 30, of R. 2, Warsaw, was involved in a one car mishap on State Road 19, south of County Road 500 South, when the auto she was driving went off the road and crashed into a fence owned by Joe Boggs of Mentone. According to Mentone Marshal Earl Beattie, West was headed north on 19, when a semi-truck passed her traveling south, and the icy condition of the roadway forced her off the road.

Estimated repair to the West auto was \$200, and to the fence was \$100. No one was injured, and no arrest was made. The accident occurred on Tuesday, January 16, at 11 a.m.

Assets at an all time high

The Annual Meeting of the stockholders of the Farmers State Bank was held recently at Teel's Restaurant in Mentone. President Miner reported to the stockholders of an increase in banking assets of \$3,670,000.00, bringing the total assets of the Farmers State Bank to an all time high of \$26,159,000.

During the meeting, the election of Directors was held, with all of the directors being re-elected. They are: Floyd L. Tucker, Forrest D. Miner, Dr. O. L. McFadden, Donald D. Poulson, Thomas M. Fugate, and Richard B. Manwaring.

It was also announced during the meeting that an application had been made for a branch office in Burket. President Miner reported that the bank had been serving that area for many years, and that the directors felt an obligation to provide facilities for those customers which would be more convenient to the area.

After the annual meeting, a reorganization meeting was held at which time the following officers were elected: Forrest D. Miner, president and trust officer; Thomas M. Fugate, vice president; Larry D. Pyle, cashier; Iris M. Anderson, Mary L. Boggs, and John F. Williams, assistant cashiers; and Gail D. Law, auditor. Ralph B. Sweet was reappointed as the manager for the Warsaw branch.

On Thursday, January 18, at 4:30 p.m., an auto driven by Michael A. Miller, age 25, of R. 1, Claypool, slid off the roadway on County Road 700 West, one-half mile south of State Road 25, and hit a telephone pole owned by the General Telephone Co.

Marshal Beattie reported that Miller was headed south on 700 West when he lost control of his auto due to the icy condition of the roadway. No injuries were reported and Miller was not ticketed. Estimated damage to the auto was set at \$600, and at \$150 to the telephone pole.

Two persons were injured in a snowmobile accident on Thursday, January 18, at 1:45 p.m., when the driver lost control of the vehicle as it hit a patch of ice on County Road 900 West, and broke through a guy wire and then through a one-wire electrical fence.

David Alderfer, age 20, of 803 Tennis St., Winona Lake, received a puncture wound to his right arm and a bruised right leg as a result of the accident, and Kathy Alderfer, age 17, of the same address, bruised her left leg, and received possible cracked ribs, according to investigating officer Marshal Earl Beattie.

Estimated damage to the 1979 Arctic snowmobile, owned by Timothy Banghart of Mentone, was set at \$700, and damage to the wire fence, owned by Jerry Blackburn, of R. 1, Claypool, was \$40. No arrests were made.

Virgil T. Anglin, age 16, of 208 W. Main, Mentone, was involved in a two car mishap, when he lost control of his auto on N. Tucker St., 50 feet south of Harrison St., and slid into a parked car owned by Linda and Robert Carr, of N. Tucker St., Mentone. According to Marshal Beattie, the condition of the roads at the time of the accident was snow and ice covered. Estimated damage to the Anglin auto was \$75, and to the Carr auto was \$400. No arrest was made. The accident occurred on Monday, January 22, at 3:30 p.m.

Volunteers are doing a super job

by Onda Good

The Akron Lions Nutrition site senior citizens are still holding up in spite of cold, ice, snow, heavy entertaining, colds and Florida vacations. The Area V Nutrition

Council met at the Akron site last Thursday. Thirty-two senior citizens from the Akron area were served, while only 19 ventured in from other areas. Many canceled because of the roads.

A special thanks to all the help everyday. But a special, special thanks to Thursday's helpers that helped serve the Council. You did a superb job. All that is needed is the suggestion I can use extra help and they flock in to assist. In addition to the help used Thursday another 10 volunteered if they were needed. I can attack almost anything with this kind of excellent help at hand. Elizabeth Sausman, Florence Frey, Nellie Norman, Elizabeth Good, Cora Copen, Flo McBroom, Eva McLattin, Nettie Miller, Edith Rohr and Mark Fairchild were Thursday's volunteers. Mark Fairchild delivers meals to "shut-ins" on Thursdays but also gives a helping hand where needed. Thanks for clearing the steps of the stubborn ice mark.

The next tax preparation will be on Feb. 5.

Hawaiian movies, exercises, coffee hour, and games make up the

activities for this week. Come and enjoy eating and life with us. For reservations call 893-7263.

Scheduled menus for Jan. 29 thru Feb. 2 are:

MONDAY: Roast beef, peas, cranberry sauce, sliced peaches, bread, milk, coffee.

TUESDAY: Fried chicken, whipped potatoes, gravy, turnip greens, apple crisp, biscuit, milk, coffee.

WEDNESDAY: Smoked sausage, sauerkraut, mashed potatoes, cookies, cornbread, milk, coffee.

THURSDAY: Perch, tossed salad, macaroni and cheese, pie, bread, milk, coffee.

FRIDAY: Chef's Special - come and be surprised!

Correction

It was reported last week that James Sarber, owner of Ditto's Supermarket, was the brother of Christen Sarber who recently passed away. Christen does have a brother James in Warsaw, but it is his nephew James who owns the supermarket.

Mentone to host area "get together"

Representatives from the towns of Mentone, Roann, Burket, Huntington, Columbia City, Claypool, Leiters Ford, and Royal Center will meet on Saturday, January 27, at Tippecanoe Valley High School, for a get-together to discuss the concerns and solutions of each town as discussed at recently held "Town Meetings".

Sponsored by "Town Meeting: Indiana", a division of the Institute of Cultural Affairs in Indianapolis, hosts for the get-together will be from Mentone.

According to John W. Bengel, director, many of the towns in the area "expressed interest in the challenges and proposals that other towns named" at their own Town Meetings, and this get-together is an opportunity for representatives from each town to help each other work out practical solutions for their towns.

To provide additional ideas, the directors will conclude the morning discussion with a slide presentation showing the methods and approaches to community development used in twenty-four communities in the U.S. and overseas.

Also participating on Saturday, will be sixty-four government students from TVHS, who are having their own meeting on Wednesday, January 24, at the high school.

Visitors who are interested in knowing more about the "Town Meeting" program, or who would like to participate on Saturday are urged to attend. The meeting will begin at 9 a.m., and will conclude at noon.

Public Notice

NOTICE TO BIDDERS
Notice is hereby given that the Board of Commissioners of Fulton County, State of Indiana, will receive sealed bids for the following public construction to wit:

Repairs to Bridge No. 50 over the Tippecanoe River on old State Road 31, Fulton County, Indiana. The repairs include strengthening floor beam hangers and lower chord members, sandblasting, painting and other miscellaneous items.

until the hour of 11:00 on the 14th day of February, 1979, at the office of the County Auditor in the Courthouse, Rochester, Indiana, immediately after which time, all bids will be put in sealed envelopes and read aloud in the Commissioners' Room.

Bids received after such a time will be returned unopened. Bids may be withdrawn prior to such time, but no bids shall be withdrawn for a period of thirty (30) days thereafter. Bids will be taken subject to State Tax Board approval of appropriation of funds.

All documents with each proposal shall be properly executed, addressed to the Board of Commissioners of Fulton County, State of Indiana, c/o the Auditor of Fulton County, and submitted on Form 96, accompanied by executed Form 96A (as prescribed by the State Board of Accounts). The itemized Proposal shall be dated, and the date entered in the proposal. The non-collusion affidavit shall be properly signed and Form 96A completed, whereby, each Bidder shall file with his bid (a) a sworn Financial Statement, (b) a sworn Experience Questionnaire, and (c) a sworn Questionnaire of Plans and Equipment on forms approved by the State Board of Accounts.

Each proposal shall be in a sealed envelope directed to the Board of Commissioners, Fulton County, State of Indiana, and plainly marked to indicate the title of the project and the name and address of the bidder. Each bid shall be accompanied by a bid bond, properly executed by a corporate surety company, in the sum of one percent (1%) of the amount bid. It shall guarantee that the bidder will enter into a contract, if his bid is accepted, and will perform the obligations set forth in the bid. The bidder whose bid is accepted will be required to furnish a performance bond. The performance bond shall be in the sum of not less than one hundred percent (100%) of the amount bid. It shall be conditioned on the faithful performance of the work in accordance with the plans and specifications, on the payment by the contractor and all subcontractors for labor performed and materials furnished, and for the payment for, or the performance of, other services rendered in connection with the satisfactory completion of the work set out in the proposal. The performance bond is to be in full force and effect for a period of one (1) year from the date of final acceptance of the work. The bidders may, at their option, provide a combination bid and performance bond with their bid.

Wage rates on this work shall not be less than the prescribed scale of wages as determined pursuant to the provisions of the prevailing Statutory Acts of the General Assembly of the State of Indiana.

The Board of Commissioners reserves the right to waive any informalities in bidding and to reject any and all bids.

Plans, Proposals, and Specifications may be examined at the office of the Auditor, Fulton County Courthouse, Rochester, Indiana, or copies thereof may be purchased for ten dollars (\$10.00) per set from H. Stewart Kline and Associates, Inc., 106 South Sixteenth Street, Post Office Box 1684, Lafayette, Indiana 47902, telephone: (317) 742-0295.

Akron and Mentone to compete in basketball tourney January 30

The end of January brings the Akron and Mentone junior high boys basketball program to a conclusion with a tourney — the Camelot Eighth Grade Basketball Tourney. In South Whitley, Akron, Mentone, and Wakarusa to the Trojan gym in No. Webster to determine the champion.

This year the tourney plans have been expanded. First and second round games will be played at the home school of the team with the best record. The finals will still be played at No. Webster.

The different tourney set up was used so that the girl's eighth grade basketball teams could have a tourney also. The boy's tourney game each night will be preceded by the girl's tourney game. At the finals a boy's and girl's team will be crowned champions.

For those of you who are looking for the excitement that surrounded the old county basketball tourneys these games will provide it. And you'll have the added attraction of seeing the girls basketball program developing into its own exciting event.

This year the Mentone Bulldogs and the So. Whitley Bulldogs have to be considered tourney favorites. So. Whitley has lost only two games and Mentone has lost only two games.

Syracuse and Wakarusa may be dark horses in the tourney but as

past experience has shown anyone can win.

Here are the pairings as of Jan. 15, 1979: On Jan. 30 at 6:30 p.m. Milford plays Syracuse at Syracuse, Pierceton plays Wakarusa at Wakarusa, Mentone plays So. Whitley at So. Whitley, and Akron plays No. Webster at No. Webster. The semi-final rounds will be played Feb. 5 at 6:30 p.m. and the finals will be played Feb. 8 at 6:30 p.m. in the No. Webster gym.

In 1840 there were 2,818 miles of railroad track in the U.S. Today there are over 200,000 miles of track!

R. J. Hill appointed to Library Board

Robert J. (R.J.) Hill of Mentone has been recently appointed to serve a four year term as a member of the Board of Trustees at the Bell Memorial Public Library by Circuit Court Judge Gene B. Lee. Married to Mary Jane Hill, Hill is the owner-operator of R. J. Hill and Associates, Mentone. He will replace Jack Fawley, who has served three terms on the Board.

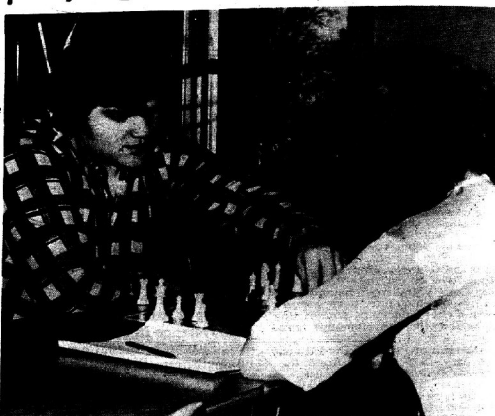

Other Board members are: Rosalind Mentzer, Rosemary Bazini, Esther Nelson, Bill Cochran, Alice Hardesty, and Bill Ettinger.

Sectional tickets on sale next week

Tickets for the Girls Basketball Sectional, to take place at Tippencanoe Valley High School next Wednesday, Thursday, and Saturday, will go on sale Monday, January 29 and Tuesday, January 30, from 9 a.m. to 4 p.m. at TV HS. The cost for a season pass is \$3.50, and \$1.50 for a single session.

Teams who will participate include TVHS, Culver, Culver Military Academy, Manchester, Warsaw and Rochester. The doors will open at 5:30 p.m. on the nights of the games.

This is serious game playing

CHESS IS THE NAME OF THE GAME - Miss Candi Sue Cooper, daughter of Mr. and Mrs. Neil O. Cooper of Columbia City, observes the chess move made by Andrew Knoop, son of Mr. and Mrs. Paul N. Knoop, R. 1, Mentone. The two are students at Huntington College, enrolled in the "Chess for the Serious Player" course offered as a January Term experience. Candi is a freshman and Knoop a sophomore.

Letters to the Editor

TO THE EDITOR:

A bouquet to the 4-Way Ambulance service and the EMT.

It is human nature to take many good people and organizations for granted, especially those willing to give of their time for the good of mankind. About midnight on Saturday Dec. 30th, my mother fell and broke her hip. Subsequent re-

sponse and action by our local EMT prompts this opinion. I was very much impressed by the concern, thoughtfulness, and calmness of the people on duty that night, namely Ann Utter, Gene Hughes, and Ron Scott. Our sincere thanks.

Weekend play finds Vikings with one win and one loss

Friday, January 19, the Tippecanoe Valley high school basketball team took command in the last half of the game to a grand victory of 70-47 over Triton in a Three Rivers Conference battle.

The first quarter ended with the two teams tied 12-12 and the second quarter ended with Triton ahead by a basket.

Valley trailed in the first part of the third quarter but jumped in the lead 38-30 before the buzzer sounded. In the fourth quarter Valley opened up a giant lead to

a victory of 70-47.

Valley shot 57 percent from the field in the game on 27 of 46 shots, the Vikings were 16 of 22 from the line for 75 percent.

Triton shot 34 percent of 49 tries and were 13 of 17 from the line for 76 percent.

Charles Secrist led Valley with a score of 15 points. Also scoring well were Greg and Allen Utter with 12 apiece, Scott Tilden with 11, and Mike Coplen with 10.

Tilden suffered a deep cut to the bridge of his nose late in the game.

Saturday night, January 20, Valley visited Maconaquah, only to be defeated. The game was close right up to the final buzzer. The game ended with Maconaquah winning by two points.

The first quarter ended with Valley trailing by one basket, in the second quarter Valley jumped out in front 37-34.

In the third quarter Valley shot 22 points and took a 59 to 50 lead.

The fourth quarter became tied at 63-63. The Braves used a pair of free throws to obtain a 67-63 edge,

they added another free throw to up the lead to 68-65. Valley scored, bringing the Braves lead down to one point. With two second left on the clock, the Braves hit another free throw to finish the game 67-69 in their favor.

Scott Tilden was out of the game due to his nose injury.

Charles Secrist was Valley's top scorer with 18 points. Jeff Pritchard scored 16 points and Greg Utter scored 14 points.

The Valley jayvees won their game 55-54.

Valley is now 5-7 on the year and will play Manchester Friday, Jan. 26, in a Three Rivers Conference battle.

Goshen swimmers squeak by for win

TVAC Jaws barely lost to the Goshen Swim Team in Goshen's pool on Saturday, January 20. Jaws led the whole meet until the very last. Goshen managed to squeak by with a 262 to Jaws 257.

However, 8 individual team records fell during the meet with Mary Harter breaking her own fly and breaststroke records. Ellen Burge broke 3 records in the 8-under division, I.M., fly, and long free. Randy Paris, Jennifer Striver, and David Hudson each broke a record. The 13-14 boys Medley Relay Team of Paris, Manwaring, Cumberland, and Hudson also achieved a new record time. Gymnasts participate in 3-way tourney at Elkhart

The girls gymnastic team at Tippecanoe Valley High School took part in a 3-way tourney along with Hamilton High School, and Elkhart Central High School. The tourney was held at Elkhart, Thursday, January 18.

The intermediate level scores were: Elkhart Central, 65.4; Tippecanoe Valley, 47.25; and Hamilton, 28.8.

The beginning level scores were: Elkhart Central, 73.55; Tippecanoe Valley, 32.9; and Hamilton, 36.4. The final and winning scores were Elkhart Central, 188.95; Tippecanoe Valley, 75.75; and Hamilton, 65.20.

High scores for Valley were achieved by Chris McDaniel, first place, 6.2, and Kathy Reunells with third place in the vaulting events. On the uneven bars, Chris McDaniel won first with a 7.05 score and Kathy Vogel won third

place. On the beginning level floor exercises Debbie Zimmerman came in fourth with a score of 6.0 and Shelly Gross came in fifth with a score of 5.8.

"I was very pleased at the meet, the girls are doing so much better, and their scores are really improving," coach Victoria Gearhart said.

Fifty students from the Tippecanoe Valley area, ages ranging from second grade through high school, traveled to Indianapolis, Friday, January 12. The three hour bus ride to Market Square Arena was tiresome but, was it worth it? "Definitely!" all participants agreed.

The Russian Championship Gymnastic Team gave a high quality performance in several exhibitions. New and daring stunts were performed on the gymnastic equipment that left the audience breathless, little ones wide-eyed and young gymnasts eager to try to do as they did.

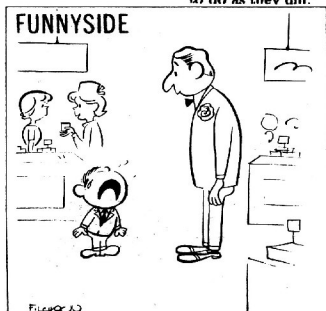

The favorite male gymnast was Olympic Champion Nicolai Andrianov, whose performances were spectacular as always. The up and coming young Soviet gymnasts like 16 year old Lydia Gorbik; 14 year old Yelena Primak, and the sensational 13 year old Olga Koval delighted the audience with their elegant dance and daring feats on the girls apparatus.

hand balancing in pairs, mixed pairs, groups of 3 or 4, and tumbling done to music.

Basically, modern rhythmic gymnastics is a movement oriented, non acrobatic floor exercise done to music with the aid of some type of hand apparatus be it a rope, a hoop, a ball, or a ribbon.

Special guests of the evening was Kurt Thomas of Indiana State, who received a standing ovation. He is evidence of the steady growth and popularity of gymnastics in the U.S.A.

Also demonstrated were two relatively new events, acrobatics and modern rhythmic gymnastics. Acrobatics competition includes

THE FAMOUS AKRON JONAH CLUB IS QUITTING BUSINESS AFTER 43 YEARS OF SERVING THE PUBLIC

THE FAMOUS AKRON JONAH CLUB held their business meeting last week at the Lakeside Inn. There were eighteen members and two guests present.

After a lengthy discussion, it was agreed to discontinue and the club voted to dissolve. The club has been in operation since November 1936 and many changes have been made during those years. The members are getting older and have given many donations to charitable organizations, for all proceeds went to charity.

We thank one and all for all the past favors the community has given us in having our club fry fish for their suppers.

Family Life

By Renee Norlander

We are all creatures of habit, and often do things without even thinking about them. But when the use of costly energy is involved, many of us need to start thinking!

Below is a quiz written by Sue Badenhop, Purdue University extension house specialist, that might make many housewives see where they are wasting energy. For not only is it costly to our futures, but also to our pocketbooks.

Hope it will help you break some old habits that you've never even thought about!

Do you use cookware with flat bottoms? (This allows more efficient heat transfer to the pot or pan.)

Do you match the pan to the unit or burner? (The bottom of the pan should not be more than 1 inch larger than the heating unit, nor should the flame or coil extend beyond the pan.)

Do you use a minimum amount of water for cooking? (It takes energy to heat water.)

Do you keep reflector pans or burner bowls shiny clean? (They provide better heat reflection from the unit to the pan.)

Do you place the pan on the burner before turning it on? (No use in heating air.)

Do you turn off electric units before the cooking time is complete? (The residual heat can be used to complete the cooking process. Using retained heat is an especially important energy-conservation factor for glass-ceramic range tops.)

Do you preheat your oven all the time? (Don't unless you are preparing foods that contain leavening agents.)

Do you "peek" when baking or roasting? (Every time the oven door is opened, the temperature drops 25-75 degrees F. Use a timer to tell you when to check the food.)

Do you periodically check and clean the seal around the oven door? (A worn gasket allows heat to escape from the oven.)

The first state to ratify the Constitutional amendment lowering voting age to 18 was Ohio, on June 30, 1971.

Akron High School five defeated South Whitley at the latter Friday evening, score 37 to 10. Rhoades was off the regular line-up because of a bad foot.

Percy Tullis, nearly choked to death last week in Leininger's store, when he engaged in a wrestling match while eating a piece of candy. He became black in the face and a physician was called. He finally coughed hard enough to dislodge the piece.

Very few people are now suffering in Akron from influenza. A number of cases, however, exist in neighboring towns.

The freshman and the sophomores will stage a basketball game in the high school gym Feb. 5. A small admission fee will be charged.

Ed Case last week started to move the 16 by 24 building from east of his store to his farm west of Akron. He got the structure as far as Thos. Waite's farm, when he pulled the building into a field to wait until the roads freeze again.

It is said that Marshall Ralph Day will resign his position within the next month to go upon a farm.

39 YEARS AGO

Large crowds have been taking advantage of the many bargains advertised in Leininger's clearance sale, in spite of the cold weather. This sale opened last Friday and Saturday, the store was full of shoppers, many of whom came early to buy needed merchandise. Inclement weather has failed to dampen the enthusiasm of the shoppers.

Mr. and Mrs. Joe Bolley and Mr. and Mrs. Dale Leininger are leaving Sunday morning for a two weeks vacation trip to Texas and Mexico. They are going first to Brownsville, Texas, and from there will go to Mexico City. They also plan to be in New Orleans during the Mardi Gras celebration.

Zebras down Valley girls 45-33

The Tippecanoe Valley high school girls basketball team played Rochester Monday, January 15. Valley played a tough game but the Zebras still managed a victory, 45-33.

Valley held a tight zone in the first quarter, making it rough for Rochester to have a small three point lead, 9-6.

In the second quarter, Valley held a tight zone keeping the Zebras from scoring. Valley moved ahead with a 16-12 lead at the end of the quarter.

In the third quarter, Rochester took a lead of another three points, and gained the victory the final quarter, 45-33.

The Valley jayvee team was also defeated, 28-19. The game was close in the first half, but Rochester pulled ahead in the last quarter with a final nine point win.
