Merrill Peterson, son of Mr. and Mrs. Byron Peterson, of Mentone, left Tuesday for Washington, D.C., from where he was to go to historic Valley Forge, Pa., to join some 47,000 other Boy Scouts in the national Jamboree. Merrill was chosen from the Mentone troop as the one to make this trip this year, and his interest in the Boy Scout movement was one of the most important factors in his selection. He has always taken a big interest in scouting and will be fully capable of representing Troop 58 at the national camp. The Scouts at Mentone used funds received from the sale of scrap paper to finance the bigger part of this trip.

Postal notes will go on sale at the local post office on July 1, 1950. The fee on all postal notes from 1 cent to \$10 is 8 cents, which is a savings to the purchaser of as much as 7 cents as compared to money order fees.

Mary Jane Tucker, daughter of Mr. and Mrs. Royce Tucker, recently suffered very painful cuts on both legs. She slipped from the rear bumper of their car while washing it and struck the license plate. One cut went nearly to the bone and required 18 stitches.

Mrs. McFarland is a sister-in-law of Mrs. Meredith. Mr. Clair McFarland is her nephew. The McFarlands are returning to their home Thursday.

Letter to the Editor

Dear Editor,

I would like to thank the Varsity Club of T.V.H.S. for sponsoring a raffle to help raise money for my trip to China. To everyone who helped sell the tickets and also the people who purchased the tickets I'd like to express my sincere gratitude.

For donating the hogs and the processing I owe a BIG thanks to Mike Nelson, Fred McSherry, Garwin Eaton, and my dad, Barry Peterson.

Also, I'd like to thank the following businesses and individuals for their cash donations, Craig Welding & Mfg., Tri-State Harveststore, Wilson Fertilizer & Grain, North Central Co-Op, Fulton Co. Farm Bureau, Vic and Jo Gamble, Jeff and Nancy Tilden, Smith, Sawyer, & Smith, First Bank, James J. Fritts, Dr. Patrick Silveus, and Max Capel Motors.

My appreciation to Peg Eaton for helping to organize the fundraisers. Without her this project would not have taken place. Because of all the generous people who helped support this project we raised almost half the cost of my trip.

It's nice to know there are people who understand what an honor this is and are willing to help me take advantage of a once in a lifetime opportunity.

Thanks again to anyone who helped in any way with the fundraising project. Also thanks to everyone who sent congratulatory cards. I will remember your thoughtfulness.

Your truly,
Amy Peterson

PEOPLE MAY GO AWAY ON VACATION BUT GOD NEVER DOES

There are many ways you can go on vacation. You can take to the highways, the byways or the skyways. You can be a "happy camper" in anything from a tent and a sleeping bag to the most luxurious motor home. You can stay in an elegant resort hotel, take a cruise, or trade houses with someone across the country. You can see the world or just go a few miles from home. However, all these ways and destinations have one thing in common: you never get far away from the love of God. Wherever you are, in a city or out in the wilderness, He's there, ready to help you if you need Him. You have only to ask. If you're near a branch of your House of Worship, or any other, pay it a visit. So enjoy your vacation, but just remember that God never takes one.

Reminiscing with the Akron News Friday, June 29, 1917

There was quite a happy event took place at the home of Carl Slaybaugh, Tuesday evening, June 26. Miss Marie planned a neat surprise on her brother Lewis, in honor of his sixteenth birthday. Thirty-eight young people were present, namely Misses Zelma Meredith, Mary Tucker, Kathryn Rickel, Nellie Igo, Olga Thomas, Othello Igo, Gladys Bryant, Lucy Russell, Mabel Dickey, Ruth Petry, Mabel Bickel, Reth Petry, Eva Study, Fern Petry, Eva Study, Fern Petry, Eva Study, Fern Petry, Nina Hall, and Messrs Gaylord Petry, Lloyd Summe, Malcolm Hire, Thurl Wheistone, Estel Sheets, Everett White, Cuba Tucker, Ernest Richter, Conduct Vandermark, Gussie Mollenhour, Loy Sheets, Thomas Judd, Estil Rogers, Andrew Engle, Elmer Dickey, Henry Black, Naaman Nelson, Ralph Doran, Lester Rogers, Devon Shipley and Kenneth Riner. Light refreshments were served, games and music furnished the entertainment throughout the evening.

Any person that can knit and is willing to knot "socks for soldiers" will be given that privilege and be supplied with needles, yarn and printed instructions as given by the government, if they will confer with Mrs. B. F. Dawson. The state of Indiana has need of 4000 pairs of socks by September 1, for the Indiana boys. Mrs. Dawson has conferred with the chairman of "Socks for Soldiers" and already has supplied ten ladies with knitting equipment. This is a splendid opportunity to revive the almost forgotten art of sock knitting that our ancestors were obliged to pursue or their families would suffer for comfort. It is an opportunity to enhance the patriotic principles that all Americans are rightfully proud of.

Miss Faye Paul celebrated her 18th birthday, June 21. Just how she come to select the longest day in the year for her natal day she has not disclosed, but she wanted a long time to have a celebration, we guess. This time she was taken by surprise by the following young friends: Alice Stoner Chief, Marie Bish; Mary Meyers, Ruth King, Lura Long, Marion and Arline Musselman, all from Chili, Bernice Palmer, of Macy, and Messrs Claude Biggs, Andrew Carson, Noah Stoner of Chili; Donald Burkholder and Otis Craig. Ice cream was served; music and games furnished the entertainment.

Horace Larrew came home from Wisconsin some three weeks ago to help on the old farm. This week he is doing some work on the switchboard for the Akron Central, and called at this office to renew the subscription that goes to his parents through the Roann post-office. It is old fashioned to have Jno "D" about again and his many friends enjoy his company.

Moses Landis had a narrow escape with his life last Friday. He was plowing corn with a span of colts. Moses was riding the plow and the colts became unmanageable and started to run away. The plow tongue came loose from the neck-yoke and ran into the ground. That hoisted Moses into the air and plow and Mr. Landis came down so near the horses feet or the plow, but the team broke loose and left Moses and the plow in a heap. He got out of the dilemma, Dr. Hosman was called and found some ribs broken and other slight injuries. He was able to be up town Sunday. The accident happened on the Urias Madlem farm.

Akron gets new ambulance

Akron EMS recently purchased a larger ambulance. The vehicle will help accommodate some of the new equipment the EMS have purchased recently. The larger ambulance makes it easier to store supplies in.

Hammond Family Picnic

The Hammond Family Picnic Saturday, July 7, 1990 at the Akron Park was in memory of Fred L. Hammond, who died September 2, 1989.

More than 60 relatives gathered. G. W. Hammond of North Manchester offered blessing. Phillip Wolfa of San Diego, California came the farthest. He visited his mother, Mary Frances Hammond Wolfa and other relatives in Martinsville.

Lloyd and Fern Hammond, Rochester were honored for their 65th Wedding Anniversary, July 6, 1990. "Happy Birthday" was sung to Pearl Hammond Newcomer, Rochester. Other honored guests were Claude and Pauline Hammond Hoffman and Kathleen Hammond Sheller, Logansport. The twin sisters are the daughters of Wilbur and Aura Hammond and grew up in Akron.

The late Burwell Hammond was represented by his grandson, Raymond Hammond and wife of Mishawaka.

C.H. Hammond and brothers, Wilbur and Burwell were known for their craftsmanship in the brick and stone mason trade. Duane Hammond, Akron, follows the trade of his forefathers, C.H., Harold, and Jim Hammond.

Lloyd retired about 10 years ago at 76. He was the oldest person at the picnic. Youngest was year old Lauren Hill, great granddaughter of Mildred and the late Fred Hammond, and daughter of Bruce Hill, Nappanee.

Also attending from a distance was Arlene Hammond Cole of St. Petersburg, Florida. She will visit her mother, Annabelle Hammond, Akron and other relatives in the area. Also Arlene and Joan Hammond and Teri Joy and daughters, Granger; Bill and Shirley Gates, Fort Wayne; Leo and Marla Wantuch, LaPorte and grandchildren Rachel and twins Ben and Abby Miller, Bremen; Gladys Hight, Peru; Brenda Hammond and Gene and Norma Hammond and Terry and Monica of North Manchester; Wm. and Sally Maners and daughters, Carrie, Lisa and Don Wilgus and Joe Zuba of Greenwood; Steve and Nina Schultz, Cincinnati, Ohio; Bruce and Kim Hill, Derek, and Lauren of Nappanee; Angela Wood, Bluffton; Karen Camp and Don Drove, Decatur, Illinois; Allison McElroy of Delta, Ontario, Canada; and Lester Davis of Logansport.

Calls and letters of regret came from Beatrice MacDougal of Indianapolis, daughter of the late Sadie Hammond Masteller; David Hammond, Los Angeles, son of the late Joy Hammond; and Dick E. Hammond, San Marcos, Texas, son of the late Elmer Hammond.

Laddie, a collie-shepherd owned by Lee W. Marsh, route two, Akron, was named as one of five finalists in the 12th annual gold medal competition for the title of "American's Dog Hero of 1965". Laddie was credited with saving his master's life when he was attacked by a maddened 1,000 pound bull on his farm when the bull knocked Mr. Marsh to the ground and attempted to crush his skull. Laddie managed to keep the enraged bull from his master long enough to permit him to scale a fence. Marsh was given emergency treatment at Woodlawn hospital which included 26 stitches in his scalp. Laddie suffered a crushed right front leg which was saved from amputation after prolonged treatment.

Baskets of Gladiolus and carnations flanked with palm and candelabra formed the setting for the marriage of Brenda Yvonne Brown and William Dale Malott, July 10 in a candle-light service at the Akron Church of God. Parents of the couple are Mr. and Mrs. George Brown and Mr. and Mrs. George Malott both of Akron. The bride is a 1965 graduate of Akron High School and her husband is employed at North Manchester. They will reside at 214 1/2 E. Main at their newly furnished apartment in North Manchester.

Bob Sausaman was pleasantly surprised when the fish jumped into his boat as he was fishing near the west end of Rock Lake recently. The fish weighed 4 1/2 pounds and was 21" in length. Bob has quite a struggle to keep the fish in the boat and return to the cottage but by holding the fish down in the bottom of the boat with his feet, he made it. The bass yielded enough meat to feed the entire Sausaman family.

The Crockett family spent Wednesday at the Salamonie and Mississinewa River Dams. Jack Fetrow had Fred Bickel as his guest.

Mrs. Clifford Bright, Mrs. Harold Norman and Velma Bright were supper guests of Nora Hoffman and Rosetta Oliver, Tuesday evening.

40 YEARS AGO

Miss Lois Boganwright, daughter of Mr. and Mrs. Leonard Boganwright, of Mentone, and James D. Miller, son of Mr. and Mrs. Joseph Miller, also of Mentone, were united in marriage in a ceremony performed at eight o'clock Saturday evening at the parsonage of the Bourbon Methodist church. The double-ring service was read by the pastor, Rev. Garfield Steedman. A sheer white embroidered dress was worn by the bride, and her corsage was of red roses. Miss Lillie Morris, who attended her cousin as maid of honor, was wearing a silk printed blouse with a white skirt. Her flowers were white carnations. Jack Miller served his brother as best man. The young couple will reside north of town where Mr. Miller is engaged in farming.

The Mentone Fire Department in session Monday evening, made plans for a community fish fry and fire department parade and celebration in Mentone on Saturday evening, Aug. 19th. The program is yet in the uncomplete stage, but they plan a Jonah Club style fish fry, band concert, parade of fire fighting equipment, etc. Proceeds from the affair will go towards the purchase of additional fire department equipment, to be used for the protection of the public. Chairmen and co-chairmen are as follows: General chairman, Ora McKinley; Noble Oyler, co-chairman. Advertising, Rex Tucker and Philip Blue. Fish Fry, C. O. Mollenhour, Lyman Mollenhour and Kenneth Barkman. Program, Arlo Friesner and H.V. Johns. Carpenters, Carey Landis, Harold Smythe and Earl Anderson. Ticket Sales, Clayton Holloway and Harry Smythe. Traffic Control, Everett Long, Harold Uter and Dale Tucker.

Irvin (Blackie) Wagner is now employed as night marshal for Mentone. He replaces Russell (Pete) Borton who resigned to assume a position as yard man and assistant in the Co-Op Hardware. Pete worked in the coal and building department of the Co-Op for several years before he left to enter army service in World War II, and is thoroughly familiar with these departments.

The new front on the Henker IGA store, was completed last week, with the exception of a bit of painting, and it certainly makes a decided difference in the appearance of the business fronts on that part of the south side of Main Street.

FAITH DECREES THAT FOOLS MUST PAY FOR THEIR FOLLY

The truest thing that Shakespeare said
Was that with which we all agree;
He wrote, as most of us have read,
The words, "What fools these mortals be!"
We go about our merry way,
Content as long as things go well,
Then find ourselves, one dismal day,
Imprisoned in some earthly hell;
Because of foolish deeds we've done.
The "fast lane" was the place to be
And life was just for having fun,
But one thing is a certainty:
That in the end we pay the price,
For when we disobey the rules
And just ignore our faith's advice,
It turns us mortals into fools.

The top three finishers in each event at the regional level qualify to participate in the finals to be held in Indianapolis on July 13-15, 1990. In an excellent showing for TVAC, three of the four swimmers qualified to attend the finals.

Scott Whetstone swam in eight events and qualified for the finals in each event he swam. He received first place finishes in the 50 meter free, 100 free, 50 back, 50 fly, and 100 fly. Views On Dental Health

H. RAY HAZEN,
D.D.S., M.S.D., P.C.

FACIAL PAIN AND TMJ

Facial pain may be the result of many factors, some of them dental. Lately, attention has been focused on problems surrounding the temporomandibular joint (TMJ) which controls movement of the jaw.

Problems in the TMJ area can affect anyone, but they are more common in women. There may be pain in front of the ear, in the throat, or over the jaw or temple area. Chewing may be painful, and opening the mouth wide may be difficult or impossible.

Many times the problem is not in the joint itself, but in the muscles and ligaments surrounding it. Grinding of the teeth during sleep can be a triggering factor. A bad bite or emotional stress may also bring on the problem.

Your dentist will routinely check for TMJ problems, but if you are experiencing any of these symptoms, you should certainly bring it to his attention.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Phone 223-3121.

Tippecanoe Valley Aquatic Club

On July 7-8, 1990, six members of the Tippecanoe Valley Aquatic Club traveled to Logansport, to participate in the Rax-Ironhorse Swim Meet held at Tower Park. Braving the very cool weather Saturday and enduring the heat and humidity on Sunday, the swimmers came through with some very fine performances.

The Highlight of the weekend came when Jill Hunter of Akron and Scott Whetstone of Mentone won the high point individual trophies for the 11-12 year old girls and boys. Jill won first place in the 50 meter freestyle, 200 meter free, 100 meter butterfly and the 200 individual medley. Jill also received 2nd place in the 100 meter free, 3rd in the 50 meter fly, 4th in the 100 meter breaststroke, and 5th in the 50 meter breaststroke. In an exceptional performance, Scott won 1st place in every event he was entered (50,100, and 200 meter free, 50 and 100 meter back, 50 and 100 meter butterfly, and the 200 meter IM).

Two other TVAC swimmers swam in the 11-12 year old girls division, Rebecca Flora of Burket and Heather Samuels of Akron. Rebecca, in another excellent performance for TVAC, won 1st place in the 50 meter, cutting more than 2 seconds off of her previous fastest time. Rebecca also won 2nd place in the 100 meter butterfly and the 200 IM, 4th place in the 200 free, 50 back, and 100 back, 5th place in the 50 free and 11th place in the 100 free. Heather also swam in 2 events and in a very fine effort she achieved 16th place in the 100 meter back and 14th in the 50 meter breast stroke.

Two nine and ten year olds swam for TVAC this weekend as well. Eve Boggs of Akron was able to win 4th place in the 100 meter butterfly, 6th place in the 100 meter back, 7th in the 100 meter breast stroke, and 9th in the 100 meter freestyle. Charlie Wise of Mentone did a great job this weekend as well, winning 2nd place in the 50 and 100 meter free, 3rd in the 200 I.M., 4th in the 50 fly, 6th in the 100 fly, 10th in the 100 back, 11th in the 50 breast, and 12th in the 100 breast.

On July 21st, every member of TVAC will be traveling to North Manchester to participate in their annual Firecracker Invitational. If you are in Manchester Saturday, feel free to stop by the community pool at Warvel Park and cheer the kids on. The swimmers have been working very hard this summer and the support of this community is always appreciated.

Akron 4th of July committee picnic rescheduled

The Akron 4th of July committee picnic for members and families will be rescheduled for next Friday, July 20, at Akron Park at 7:00 p.m.

Akron School remembers the past

Those who visit Akron School will now be greeted by memories of the past. Recently, Tippecanoe Valley School Corporation summer maintenance staff members Ken Murphy and Tony Crill placed the limestone "Akron" sign and the diamond-shaped "1912" sign from the old Akron High School building in front of the new structure. Though both relics had been damaged by age and removal during demolition of the old structure in 1987, Murphy and Crill worked carefully to give both pieces an appearance as close as possible to the original. Be sure to visit school and view the excellent job done in preserving these items from the past. A time capsule with a brief explanation of the project and a recent copy of the Akron/Mentone News was placed inside as the sign was constructed. Bricks from the old high school were used in the construction of the sign.

Pictured above are Ken Murphy and Tony Crill, proudly standing behind the "new" sign they constructed in front of Akron School.

Valley Grad to be Head Coach

The Northeast School Corporation board of trustees unanimously approved the hiring of Keith B. Paige as head football coach at North Central High School of Sullivan County.

Paige, an '81 graduate of Tippecanoe Valley High School and an '85 graduate of Ball State University, has been assistant football coach at the very successful Tipton High School the last four seasons. Paige was defensive coordinator and special teams coach on the Blue Devil's staff. An area of Paige's specialty has been the kicking game.

He will teach English at North Central.

Openings still available at Akron Nursery School

There are still a few openings for the afternoon four year old class at Akron Nursery School.

For more information call Dodi Ruff at 893-4024 or Suzi Caudill at 893-7273.

Local agriculture teacher attends technical workshop

Lisa Myers, agriculture teacher at Tippecanoe Valley High School, attended the 1990 Indiana High School Agriculture Teacher's Workshop at Purdue University. The workshop entitled Plant and Soil Science was held June 25-27 and was conducted by professors and staff members of the School of Agriculture. The workshop was filled with information, demonstrations, and lab exercises which the teacher can use in the high school classroom. Topics covered included Agronomy-Pesticide and Insecticide learning potential and surface loss potential; Horticulture-plant source of natural oils; Botany and Plant pathology-Hydroponic; along with aquaculture information.

Notice

Beginning Wednesday, July 25, Bell Memorial Public Library's pre-school story hours will once again be in session. Bell's story hours run each year from late July to the last Wednesday in May.

The library offers a choice of several morning and afternoon sessions. Since space is limited, pre-enrollment is suggested.

Rural Rhymes

Picnic In The Park

Esther C. Adams

Pa said we'd have a picnic
We'd go the park.
Now for us kids an' Pa,
This truly was a lark.

'Cause Ma fried a chicken
An' baked both pie an' cake,
An' three kinds of salad
An' some lemonade did make.

We enjoyed the slides an' swings,
An' Pa had a game of ball,
While Ma fixed the picnic dinner
She didn't rest at all.

Oh! We had a gorgeous time,
We really had a lark
'Cause Ma done all the work
When we picnicked in The Park.

Letter to the Editor

Dear Editor:

I trust you will consider running the below letter in the interest of raising public awareness to the possibility of the "Gift of Life" we all have.

Recently, we learned my wife has one chance to live - a lung transplant. She joins 20,850 others throughout the nation whose continued life depends on a heart, lung, liver, kidney or pancreas transplant. At first thought, this suggests someone else must die for these folks to have a chance to live. Deeper examination reveals a different reality.

Last year, 13,290 people were given added life because 3991 people (whom medical science could not save) made the decision to be an organ donor prior to their death, or whose loved ones made that decision upon their death. Thousands more die each year than the 20,850 who can live with a new organ.

Medical people tell us many families have a difficult time with the donor question at the time of impending death of a loved one, only to several days later relate why wish they had said yes. What a generous expression of love it would be if we all would accept the fact that we don't take our organs to heaven with us, and make the decision to be a "gift of Life" donor. They could extend life for another, and aid all mankind because with each transplant medical people learn even more about treatment of various diseases. To be a donor in Indiana only requires we sign the reverse side of our driver's license, expressing our willingness to be a donor, and advising our families accordingly.

Reaching out to help another often brings enrichment to our own, or loved ones, lives. In 1969, our 3 1/2 year old son was diagnosed with Leukemia. Ninety-nine of each 100 Leukemia victims suffered early death in those days. After much anguish and soul searching, we agreed with the physician's request to place him in a research control group dedicated to finding the cause and a cure. Those questions still elude researchers, but with what they learned through continued research, over 2/3rds of such children diagnosed today are living - as is our son. We all live healthier and longer lives as a result of those of each generation who lent themselves to research.

Twenty-five (25%) percent of those awaiting an organ will not live unless more of us write those simple words on the back of our driver's license. My family all made that decision many years before we had any idea my wife would have such a need. Our plea, and hope, is that others will sign the donor agreement on their driver's license today.

Sincerely,
H. Peter Hudson

The Tippecanoe Valley FFA Organization in cooperation with the Akron 4th of July committee sponsored a "animal petting farm" for the young children of the community. At the farm there was a variety of animals, there was a shetland pony that was donated by Gene Miller family; two goats from Gerald Smalley; kittens from the Nelson Weaver family; rabbits from the Jerry Howard family; a lamb from Joe Crill family; a dairy calf from the Jim Doud family; and a dog training exhibit from Geri Schuh and Keri Scott.

After the petting zoo closed the FFA Chapter then held a kiddie tractor pull. This event was for any young person ranging from the weight of 30-75 pounds. Each of the following individuals had the opportunity to pedal the tractor as far as they could without stopping. The individual with the longest pull was then the winner. Each of the participants received a ribbon for their hard work and participation. For the 30-39 pound class we had participants including; Amanda Sears, Corey Waddell and Josh Van Cleave with Josh as the champion for this weight class. In the 40-49 pound division, participants were Stacey Clinger, Shayna Reincke, Bradley Moon, Drew Waddell and Ryan Dunbar, with Ryan having the farthest pull in this division. In 50-59 pound class, the participants were Nathan Bucher, Shawn Reincke, Kristy Sears and Derrick Deardorff, with Derrick as the winner. In the 60-75 pound class, the youngsters involved were David Tilden, Stephanie Tilden, Allisa Van Cleave, Kerry Clinger, Rex Wilhite and Melissa Barnhart, with Melissa as the person with the most area traveled.

We would like to congratulate each of these young people for participating in this event and look forward to doing this again.

GOD GAVE MAN THE ABILITY TO EXPLORE THE UNIVERSE

We are about to observe the anniversary of an event which no one could have imagined possible, except the producers of movies and comic books—the Apollo 11 voyage to the moon 21 years ago. The incredible journey through space, the perfect landing, the walk on the lunar surface in an alien environment, the sharp, clear pictures, and the safe return to earth all resulted from the mind-boggling advances in man's technology. However, let us remember that God created man and endowed him with the intelligence to accomplish these feats. The wonders of His universe are even now being brought ever closer to our eyes and our understanding. Thank Him at your House of Worship for His magnificent creation, and for giving us the ability to explore and comprehend it.

Reminiscing with The News

Dr. Hosman reports a baby boy, one at the home of Mr. and Mrs. Albert Smoker and one at the home of Mr. and Mrs. Chester Uter and a baby girl at the home of Mr. and Mrs. Russell Engle. Thus do the world move, and joy in these homes rules supreme.

Mr. and Mrs. Geo. Kreig, and daughters, Thelma and Gladys, Mr. and Mrs. Wm. Bammerline, Mr. and Mrs. S. C. Sippy and daughter Docha, Mrs. Faye Lamar and Miss Mary Beik, with Kenneth Oliver, John Bammerline as chauffeur's motored to Center, a country church, two and one-half miles south of Bourbon, last Sunday to attend a quarterly meeting service of the Wesleyan Methodist Church, held by Conference President T. P. Baker, of Sheridan, Ind., who is always a great favorite before his hearers. While enroute they saw a great acreage of the best of wheat, oats, corn, hay, and all kinds of truck which gave evidence that no one would feel hungry this winter.

Early this week Scott Bros. sold Dr. Sanders of Burket, a handsome player piano for his daughter, Miss Twilo Sanders who is very proud of the present and no doubt appreciates her father's cleverness.

Misses Faudeline and Faye Geiger spent Sunday with Albert Carpenter and wife.

Twenty-six from this neighborhood autoted to Tippecanoe Sunday evening to attend services at the M.P. church. They were Albert Carpenter and wife, W. C. Bright, wife and son Keith, Elmore Carpenter, wife and son Lloyd, Elbridge Carpenter, wife and son Seth and daughter Faye, Mrs. Celia Matix and sons Ivan and Orval, Mrs. Lana Young, Mrs. Viola Robison and daughters, Mary Ridinger, Sheldon Kessler, sons Adrian and Howard, Clyde O'Hara, Isaac Holmes and Mrs. Mary Dunn. A fine sermon was delivered by the Tippecanoe pastor, A. W. Conn, all enjoying the evening much and feeling benefited by the trip.

Notwithstanding Judge Thornton's decision, the women will register as if he had rendered no decision. Let every lady of legal age get to the clerk's office and register at an early date.

PSI Energy gets okay for market pricing, open access

The Federal Energy Regulatory Commission yesterday issued an order allowing PSI Energy to make long-term bulk power sales at market prices. The FERC order, said to be the most important electric utility case before the commission this year, also approved open access to PSI's transmission system for utility and non-utility power generators.

Earlier this month, the commission conditionally approved PSI Energy's proposal in principle. The ruling makes PSI Energy the first electric company in the United States to receive blanket authority for long-term market-based sales, eliminating the need for case-by-case review by FERC which regulates wholesale power sales.

"As filed, our proposal created a classic 'win-win' situation," said James E. Rogers Jr., PSI Energy's chairman and chief executive officer. "The utility buying the power wins by avoiding the cost of building a new power plant. Our company wins by enabling us to run our base-load plants more efficiently and creating additional revenues. These revenues would help us meet future financial needs and benefit customers and shareholders by holding down rates and increasing earnings."

FERC did not adopt PSI Energy's request as filed last September, Rogers noted. "We haven't yet had a chance to study the order in detail, and we may need to ask for a rehearing to give us the chance to further discuss issues before FERC," he said. "However, we believe that the commission and its staff have handled our proposal in a very thorough and professional manner."

Prior to this FERC order, regulation required PSI Energy to sell wholesale power at prices generally below market rates. In September 1989, PSI asked FERC to let it sell up to 450 megawatts of electricity at market rates. The long-term contracts

would be for five years or more. In exchange for market pricing, PSI offered to allow greater access to its transmission system. Currently under the Federal Power Act, FERC cannot mandate utilities to provide transmission service to other utilities.

Prior FERC approval of each contract is unnecessary. Contracts, however, must be on file with FERC, along with certification from the purchasing utility that the power is being sold at or below the utility's expected alternative costs.

DNR and PSI Energy cooperate to manage endangered birds

The federally endangered interior least tern will be protected and managed in Indiana through an agreement between the Department of Natural Resources and PSI Energy. DNR Director Patrick R. Ralston made the announcement.

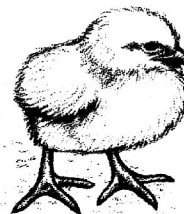

The interior least tern, a small gull-like bird, has one nesting site in Indiana at PSI Energy's Gibson Generating Plant in Gibson County. Under terms of the DNR and PSI Energy agreement, the company will protect the colony from human disturbance during the nesting season. PSI Energy is constructing a gate at the site and posting signs to limit human access and discourage trespass. PSI Energy also will control vegetation at the site and maintain the gravel substrate that is suitable habitat for the birds.

Interior least terns nest in small

colonies on sand and gravel bars along central North America's major river systems. The bird became endangered after much of its nesting habitat was destroyed in river modifications for flood control and navigation. Human disturbance and predation at nesting colonies also seriously threaten tern populations.

"We expect the interior least tern population to grow and expand to other sites in Indiana because of this effort with PSI Energy," said Ralston.

The DNR is grateful to PSI Energy for their help in protecting this endangered bird.

Annual Amish Acres Arts & Crafts Festival

Excitement is in the air as the 28th annual Amish Acres Arts & Crafts Festival announced plans for the popular area event in the historic restoration Thursday through Sunday, August 9-12. A record breaking number of applications were received with the largest field of exhibitors ever accepted. Each artist has reserved his best work for the Competition Tent where over \$5,000 in cash prizes will be awarded by judges.

The cash prizes will be divided between two and three dimensional work with a \$1,000 Best of Show Purchase Prize going to the winner in each category of Ceramics, Graphics, Jewelry, Oil Paintings, Watercolors, Sculpture, Textiles, and Crafts. Additional winners of \$200 for first, \$100 for second, and \$50 for third place prizes in each category will be honored with flags flying above their booths. Equal prizes will be given for total booth presentation and most popular awards as voted by the festival's thousands of visitors.

310 artists and craftsmen have been selected by jury from over 700 applicants to comprise the 1990 edition of the state's largest arts and crafts marketplace which surrounds the historic farm's pond and restored buildings.

The four day artists' weekend is designed around the Amish heritage and folk art of the historic restoration and the Nappanee area. Horse and buggy rides, guided tours, large family style Threshers Dinner in the air-conditioned Restaurant Barn, and live productions of the Broadway musical classic "Plain & Fancy" will weave an intriguing background for the art marketplace. Amish Acres is located next to Nappanee which has been selected as a pilot community in the Heritage Tourism Initiative for the National Trust for Historic Preservation and is being listed on the National Register of Historic places.

Amid colorful tents and awnings surrounding Amish Acres, potters will spin their wheels while silversmiths work to the gentle twang of banjos and dulcimers. Doll makers, woodcarvers, portrait artists, and country craft designers will be on hand to ply their trade and sell their wares.

Admissions to the festival is \$3.00, under 10 free. Call 219-773-4188 for further information. Amish Acres is located 1 mile west of Nappanee on U.S. 6.

Trash pick-up a big headache for Akron Town Council

The Akron Town Council held their regular meeting on June 19.

Trash pick-up in the Town of Akron has been one big headache for the Akron Town Council, since their own trash truck broke down several months ago. The truck was old and needed expensive repairs the Council has since rented a dumpster from Lewis Salvage which relieves some of the cost. Lewis Salvage will stick with their \$205.00 per week cost of the dumpster for the year of 1990. The Town saves on the cost of dumping the trash, travel time for their employees and wear and tear on Town trucks.

The Town is still operating in the red, even though they have done away with the trash truck. As of this month they have \$451.00 in revenue and \$876.00 in bills for a deficit of \$425.00.

The people of Akron had a chance to vote on how they would like to see the

Town try to solve this problem. A survey went out in last months water bills and the results were: Increase trash tags to \$2.00-135; Add \$8.00 to water and sewage bills-21, and get out of trash business-45. The Council voted to increase the trash tickets to \$2.00 per bag, which will take effect soon.

Recycling seems to be something everyone needs to start thinking about. Word through the grapevine is that it will be a state law before too long. The Boy Scouts have already taken this into hand, they have been sending out surveys and have had a excellent response. At the Town Board meeting, Royce Allison attended to report that there has been a committee formed with seven people to help the Boy Scouts get this project off and running. Their projected start up date would be September 1.

Eight Bonus Counties added for Deer Hunting

Hunters who would like to take an antlerless deer this November in one of Indiana's 72 bonus counties stand a good chance of being drawn for a permit, according to Patrick R. Ralston, Department of Natural Resources' director.

A total of 79,500 antlerless deer permits will be available during the 1990 firearms season, about 34 percent more than last year's quota of 59,400 permits. The large increase in permits is intended to reduce or stabilize the deer herd in counties where crop damage or deer-vehicle accidents have become a concern. Eight counties have been added this year as bonus deer counties.

The DNR's goal is to maintain good deer hunting and viewing opportunities while minimizing crop damage and accidents, Ralston said.

Hunters wanting to take an antlerless deer must apply for an antlerless permit in the bonus county of their choice. Successful applicants are drawn by computer selection, and hunters must then purchase a bonus county deer license.

Hunters are also encouraged to list a second choice on their applications card in case they are not selected for their first choice.

To apply for an antlerless permit, hunters must purchase their regular deer license (shotgun, muzzleloader or handgun) during July or August and complete the application card included with the license. Applications must be received at the DNR's Bloomington office by August 24, 1990. A computerized drawing will allocate the antlerless permits, and successful hunters will be notified by mail by Oct. 1, 1990.

DNR personnel report that most hunters who apply for an antlerless deer permit this year will be drawn, due to the large number of permits available. However, sportsmen who want to increase their chances of being drawn should apply in counties in which the number of applicants is expected to be less than the number of permits available. These are:

- in northeastern Indiana, Wabash and Whitley counties.
- in north central Indiana, Fulton, Pulaski and St. Joseph counties.
- in west central Indiana, Vigo County.
- in southwestern Indiana, Pike County.
- in south central Indiana, Bartholomew County.
- in southeastern Indiana, Ripley, Ohio or Dearborn counties.

For more information, sportsmen should visit local license agents who will have complete instructions for bonus deer hunts. Hunters may also call the deer hotline at (812) 334-3795 (not toll free). Personnel will be available Monday through Friday, 8 a.m. to 4 p.m. to answer these questions.

The foundation has been poured for the new factory building for the Midwest Spring Company, at the west edge of Mentone. It is expected that the new building, of prefabricated steel, will be erected in the very near future.

Lyndes Latimer was in town the other morning sprinkling a little "itch" powder in the pants of local fishermen. He had just caught a 10 1/2 inch bluegill in his private lake, and it certainly was a beauty to behold. It was one of those nice thick babies with beautiful coloring, and it really made one want to go out and try to get one for himself. Lyndes' pond is about 1 1/2 acres in size and three years ago he planted a few bass. This summer he has been catching 2 to 2 1/2 pounders right along. The big bass, however, don't seem to be keeping the bluegills from multiplying and growing.

Views On Dental Health

H. RAY HAZEN,
D.D.S., M.S.D., P.C.

THE ORTHODONTIA DECISION

Perhaps the biggest dental decision that can be made for a child is for orthodontic treatment (braces). This is not only true for the unfortunate child with obvious buck teeth; there are other, less obvious orthodontic conditions which may require treatment.

Often, the first sign of orthodontic problems is crowding of the lower front teeth at about age seven. This may indicate that the jaws don't have room for all the teeth. In addition, losing a baby tooth too early, or too late, may result in problems which warrant orthodontic treatment.

Some dentists feel that orthodontic treatment should begin when most of the baby teeth have been lost. Others begin treatment earlier. In any case, the child should be seen by a dentist as soon as possible, to evaluate the situation and allow time to plan treatment.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Ph. 223-3121.

YOUR HOUSE OF WORSHIP IS A GOOD PLACE TO COOL OFF

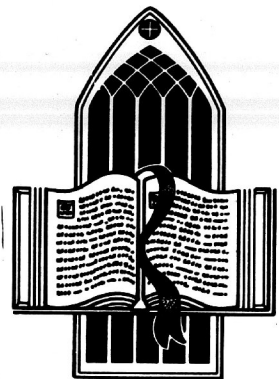

Every summer many articles appear in newspapers and magazines, filled with advice on how to "beat the heat." We are told how to dress and what to eat and drink, cautioned to avoid sunstroke, and warned against leaving small children or animals in a hot car. All of this is good advice, particularly since many of us are not so fortunate as to have a swimming pool or some body of water handy, or to live and work in an air conditioned environment. Another good suggestion during these summer dog days is to attend your House of Worship. You'll find it very cool and pleasant inside, and you will receive the same spiritual refreshment now as at any other time of the year. Remember that the love of God is right there with you, to help you "keep your cool."

Letter to the Editor

Letter to the Editor:

Recently, it has come to my attention the question of why Akron has gone through so many Law Enforcement Officer's! It is my opinion that I can answer this question, or at least bring to light the reasons I believe that this is happening to your community.

First there are selective individuals and personalities that try to control and manipulate at any cost to their own communities welfare, which in turn causes and allows crime and corruption to develop and to go on. This manipulating process can be done and is done by people in the community spreading and creating malicious gossip, and back biting through third and fourth party involvement in a matter that did not concern or involve them, and who did not know the entire picture. This causes the officer involved to develop a malodorous attitude due to not receiving fair and just treatment from people in the community and not receiving enough salary to deal with or tolerate these types of attitudes and malicious interferences.

Furthermore, comments made through inadequate information or unsubstantial information involving officer's personal or duty life does not do anything to promote a healthy attitude for an officer who is trying to keep a safe and protective environment within the community. Any adequate or legitimate complaint based on correct information, not gossip or conjecture, should be brought to the town board's attention, where the proper explanation and insight can be given and applied.

All of these ridiculous and immature complaints, false accusations and petty comments weigh on the officer's shoulders, which has caused so many officers to leave and seek a more healthy and tolerable environment!

Concerned Citizen
 Akron, In.

Last July 4 Akron and community celebrated in queer, but most happy fashion, its 80th birthday anniversary. We had here as the town's special guest, real guest of distinctive honor, Mrs. Laura Welton Sippy. This place is her birth place, which seems to her an honor that she claims, but that is not so very essential to her nor to the town. Hundreds and maybe a thousand or more girls claim Akron as their natal city. But the distinction in this matter for Mrs. Laura Welton Sippy lies in the fact that she was the first baby born within the corporate limits. The rest do follow after her. She notes in a personal letter to the editor that we celebrated the glorious 4th this year by opening a mostly successful chautauqua, and that she would like to be here, too, along with her kinsmen. She has been reading this paper every week during the past year and when she catches a name of her kinfolk or of a newly made acquaintance she appreciates that it is a citizen of her natal town, a town that she desires to see grow more beautiful, more tasteful, more graceful as the years roll by. She is four score years and more, but writes a most splendid letter in a firm elastic hand.

Miss Beatrice, daughter of Mr. and Mrs. Moses Bahney, celebrated a birthday last Saturday, being seven years old the 7th day of the 7th month of 1917.

Hugh Miller's farm house south of town burned last Saturday morning or more correctly speaking it caught on fire some time before midnight. The origin of the fire is unknown to the family. The son Ralph, aged 16 was awakened by the smell of smoke and he jumped out of bed and awakened the family. The fires started in the wood house as the family found it. It had already cut off access to the water at the well, and little could be done to save the house. The family saved the contents of three rooms below, but lost all in the kitchen and the cellar, including fifty dollar's worth of lard. The bedding was all upstairs nearly all of that and their wearing apparel was lost. The boy broke out an upstairs window and succeeding in saving some bedding. The main part of the house was built 50 years ago or more by Levi Pontius, built of logs and later sided up and always kept well painted. The loss is heavy with only \$875.00 insurance all told. The family is being cared for temporarily among the neighbors for the present. We presume Mr. Miller will rebuild as soon as possible. They certainly have the sympathy of the community.

INDIANA? WHAT'S IN IT FOR ME?

Good question. And it's a question we've heard in many languages. At PSI Energy we've joined with communities throughout Indiana to help them sell their advantages throughout the world. It's a partnership that creates growth and prosperity for all of us.

We believe Indiana's only as strong as its communities. And, through joint economic development efforts, we're helping communities by sharing our resources.

Economic development. We believe it's the energy of the future.

BIRDS

Esther C. Adams

The wild geese flying above
In a perfect V
Nothing in the whole world
Is as pretty for me to see.

Unless it is the Robins
Who comes to herald spring
With their merry songs
Joy and hope to me bring.

Of course there is the Cardinal
Our beautiful state bird.
It has the sweetest song
That I have ever heard.

The cawing of the Hawk
Going to his woodland roost
And the song of the Meadow Lark
Give my spirits a boost.

The Bobwhite and the Killdeer,
Sing a note of cheer.
While the Whippoorwill and Owl
Make me feel the Creator is near

Cute Baby winner

Haley Mickelson, 15 months, was the winner of the Cute Baby Contest on the 4th of July. She is the daughter of Greg and Rhonda Mickelson, Akron.

United Way

The Fulton County United Way has approved their 1990-91 budget at \$91,000. This shows a nearly ten percent increase over last year's budget of \$82,500.

The increase came about through higher funding requests from several agencies, and the addition of two new agencies, the Akron Friends of the Library and CASA (Court Appointed Special Advocate). The Fulton County Red Cross is now the first agency to become a \$10,000 agency in the county's United Way history. The Akron Youth League also received a sizable increase from \$200 in 1989-90 to \$1000 for this year.

United Way chairman Rick Notz said he was pleased to have the higher request come from Akron. "We are pleased that more of the county is being represented by this budget. We have some new ideas on how the campaign will be approached and I don't foresee any problem with reaching the \$91,000 goal."

Adams asks Indiana Congressmen for College Tuition Deduction

With college tuition and room and board charges continually escalating, State Representative Kent Adams (R-Bremen) has written letters to each United States congressman from Indiana asking them to seek relief through possible Federal Income Tax deductions.

"Many young people and their families must borrow money in order to receive a college education," Adams said. "Unfortunately, the students and family in turn are finding themselves with larger and larger debts to pay upon their graduations."

Adams pointed out in his letters that it would be worth the effort for the Congress to consider helping future college students and their families.

"It would appear to me that an effort on the part of the Federal Government to assist in this arena is well in order and certainly one of worthy consideration," Adams said in the letter. "I believe that we agree that one's education pays dividends and the investment in our students of today is of paramount importance to this nation's future."

Adams said that he has been contacted by a number of families and students concerned with the rise in college costs. In fact, he said, he had his attention called to a recent newspaper article published by Ann Landers questioning the establishment of a Federal Income Tax deduction.

"I really believe that the merits of the

Federal Income Tax deduction for money spent on a college education can only help the future of this state and our country," Adams said. "I hope our congressman will take this idea into consideration, and if feasible, present some proposals to the entire body of Congress."

Tippecanoe Valley Aquatic Club

The Tippecanoe Valley Aquatic Club, under the leadership of Coach Stephen Doerscher, won its final dual meet of the summer season defeating the Rochester Royals, 227 to 217. This victory gave TVAC a winning record of 3-1 in the dual meet portion of this season.

Overall, TVAC won 33 of the 57 events. Several TVAC swimmers were victorious in all the individual events they swam. These swimmers include Jonathan Haussmann (25 breast and fly, 100 IM), Eve Boggs (50 fly, 100 free, 100 IM), Shanna Dunnuck (50 breast, back, and free), Charlie Wise (50 fly, 100 free and 100 IM), Rebecca Flora (50 free, fly, and back), Jill Hunter (50 breast, 100 free, 200 IM), and Scott Whetstone (50 fly, 100 free and 200 IM). It should be mentioned as well that Scott Whetstone broke the team record for the boys' 11 & 12 year old 200 yard IM with a time of 2:31.00. The previous team record had been held since 1979 by Randy Paris, a TVHS graduate and currently the coach of the Rochester Royals swim team.

Several other TVAC swimmers were able to record victories as well. Jason Paris won the 50 free and the 50 breast, which he swam in his fastest time ever. Also swimming their fastest recorded times were the victorious Ashley Haussmann (25 back), Bob Jones (50 back) and Lacey Stump (50 free).

We would like to make special mention this week of 2 swimmers who, through hard work and special effort, showed the greatest improvement in their times at this swim meet. Lacey Stump dropped 4 seconds off her previous best 25 free and 25 butterfly times and more than 8 seconds

off her 50 free time. And Derek See dropped almost 5 seconds off his previous best 25 free and 25 back times. Congratulations swimmers on a job well done!!

Also special recognition is given to 5 TVAC swimmers who swam new events for the first time and came through with very fine efforts for our team. Casey Wise swam his first 50 yard freestyle; Andy Jones, his first 100 IM; Drew Shafer, his first 25 breast; Bob Jones, his first 50 breast and butterfly; and Kevin Cooksey, his first breast stroke. Super job, guys!!

Finally, we must mention 6 TVAC swimmers who came through with an abundance of second and third places which gave us the points we needed to win this dual meet. Thanks to the efforts of Lucas Cox, Carrie Whetstone, Nellie Kellogg, Matt Haussmann, Derrick Harter, and Shawn Dunnuck we were able to record another victory.

Our congratulations go out to Coach Doerscher and his TVAC swimmers for this fine victory and all their hard work this season.
