# The Mentone News

Shown with their home economics teacher, Mrs. Arthur Carpenter, and Dwight Bechtol, Red Cross volunteer, are the twenty nine girls who recently completed the regular course in Home Nursing at Mentone High School.

## Local Girls Take Home Nursing Course

The regular course in Home Nursing, sponsored by the Kosciusko county chapter of the American Red Cross, was recently taken by twenty nine girls, all students at Mentone High School. Mrs. Arthur Carpenter, instructor of the home economics department, was in charge of the class.

Areas covered in the course included good health habits, diets, signs and symptoms of illness, taking temperatures, pulse and respiration, care of a patient in bed, giving medications, recording medications, and care of major and minor wounds and treatments of burns.

A certificate of recognition is given to each girl completing the course. They are Carmen Anglin, Carol Beard, Virginia

Bruner, Cathy Decker, Kathy Crissinger, Janet Fisher, Carol Franks, Kay Goshert, Julia Hamilton, Pam Harmon, Kim Hatfield, Debra Hibbs, Annette Hibschan, Micky Hoover, Teresa Howard, Glenda Hurd, Connie Landis, Norma Montel, Kathy Nellans, Linda Newton, Rosemary Rensberger, Tanja Sisk, Vicki Shorts, Barbara Shotts, Elizabeth Smythe, Donita Teel, Doris Truex, Helen Truex, and Sandi Young.

## Street Signs Are Ordered

A special meeting of the Fireman's Auxiliary and members of the fire department was held Tuesday night to discuss and complete the street sign project. The signs have now been ordered, but members of the two sponsoring organizations say they would still welcome additional donations. Anyone still desiring to help may do so by contacting Mrs. Kenneth Boggs.

Members of the two groups have been gratified at the assistance they have received and hope that each house can soon be numbered to complete the town's identification system.

Recent donors to the project include DuBois Distributors, Sodales, American Legion Auxiliary, Lions Club, DeLuxe Cleaners, and the Merry Mollies Home Extension Club.

## Erwin Addresses Lions Club, C of C

Members of the Mentone Lions Club and the Chamber of Commerce met jointly Tuesday evening at Teel's Restaurant where they heard State Senator William Erwin speak on current topics of interest that included civil rights and the war in Vietnam. A question and answer period followed his talk.

The meeting was opened by singing "America", and Darrell King led the pledge to the flag. The invocation was given by Dale Kelley.

Robert Hibschan, the program chairman, introduced the speaker.

## Youth League Begins Season With More Teams, New Uniforms And Additional Lights

The Mentone Youth League has begun its summer actions with more teams than ever before in addition to new uniforms and additional lights. Youth League president Jerry Seerist said this week. Expressing his appreciation to everyone who had helped ready the park for the summer, he added that the infield had been leveled and more playground equipment had been added. He asked that players who had not yet turned in last year's uniforms do so at once.

There are four girls teams this year, ten boys teams and a new all star traveling team. The all star team will play

ten league games, five home and five away, to be climaxed with a tourney that will see another all star team chosen from the five teams to play to Columbia City. The traveling team plays on Wednesday night, this week meeting Nappanee in an away from home game.

## Kip Hammer Enters Navy

Kip Hammer

Kip Hammer, son of Mr. and Mrs. Zanna Hammer, will enter the U.S. Navy next week and will take basic training at Great Lakes Naval Training Center. He is a graduate of Mentone High School and attended Purdue University for the past three years.

## WHAT OTHERS ARE SAYING. . . . NIPSCO Workers

Candid comments about this and that from around the country.

LBJ's negotiators apparently aren't bothered by the riots and turmoil in Paris. In fact, it makes them feel right at home.

Now the Democrats are talking about the wonderful progress under the Kennedy-Johnson-Humphrey Administration. Boy, that's spreading the blame around.

Actually, LBJ is pretty clever. He makes the mistakes and lets Hubert explain them.

According to one poll, 51 percent of American households now have guns. It's almost as though the public has lost faith in the government's ability to provide protection.

The Democrats say the Republicans want to go back to the McKinley era. If you'll recall, the cry then was, "Remember the Maine"—not "Forget the Pueblo!"

"The Democrats have an interesting argument why we should vote for them. They talk about what John Kennedy might have done and what Hubert, Gene and Bobby want to do—and they ignore what LBJ has done!"

LBJ says we should balance the dollar. I guess he's tired of juggling the books.—Don Maclean.

Ex-heavyweight champ Cassius Clay says violence is no answer to the racial problems in this country. "If the black peo-

ple use violence," said Clay, "it would be the same as a bull running head-on into a locomotive—there's no way to win."

## COURT NEWS . . .

Sherry Lynn Thompson, R. R. 1, Claypool, seeks divorce from Orvin L. Thompson. In a suit filed this week in Kosciusko Circuit Court Mrs. Thompson asks custody of three children aged six, five and three. The Thompsons were married July 25, 1959 and separated May 22, 1968.

Also in Kosciusko Circuit court action, Melody Jo Stookey, R. A. 1, Claypool, seeks divorce from Jack E. Stookey and asks that her former name of Melody Jo Ballenger be restored. The couple married Dec. 23, 1967 and separated Jan. 16, 1968. There are no children.

David L. Gault, R. R. 1, Claypool, asks for a divorce from Nancy J. Gault in other court action. The couple married March 10, 1967 and separated May 20, 1968. There are no children.

Ethel M. Bellamy, Mentone, has been granted a divorce from Estil A. Bellamy and has been awarded custody of five minor children aged 15, 12, 10, 8 and 3. The defendant is to pay \$35 per week for support. The couple married May 29, 1945 and separated Mar. 15, 1968.

## BIRTHS

Mr. and Mrs. Jim Teel, Terre Haute, are the parents of an eight pound three ounce daughter, Lori Elizabeth, born May 30. Grandparents are Mr. and Mrs. Wilvin Teel, R. 2, Akron, and Mr. and Mrs. Garland Striver, R. 1, Akron.

## MARRIAGE LICENSE

A marriage license has been issued to Steven Lynn Miller, Mentone, and Martha Marie Clemens, Warsaw.

## Go On Strike

United Mine Workers struck Northern Indiana Public Service company Friday after negotiations on a new contract broke down.

The utility, which serves a 30-county area of northern Indiana, said there was no interruption of service as technical, professional and supervisory employees filled vacant posts.

Talks between the union and the utility bogged over wages and fringe benefits. Picket lines have been set up in the 30 counties, at generating stations, offices, operations headquarters and at the main office in Hammond.

## Local Teachers

### Earn Degrees

Two local teachers, Mrs. Judith Swick, Burket, and Paul Glen Petty, Mentone, will receive master's degrees in education during commencement exercises at St. Francis College in Ft. Wayne on Saturday.

NEW BERN, N.C., SUN-JOURNAL: "The superintendent of schools in a small mountain town in North Carolina made a... plan for more financial help for the high school student who isn't a scholastic hot-shot... Most scholarship programs are aimed at top-ranking high school seniors who are headed for college... But how about the senior who isn't top-ranked and who needs, say, \$250 upon graduation to take a machine course in a technical school, or to learn how to become a painter, or to become skilled at some other job? Wouldn't it be better to help this boy than to have him panic and drop out of school to take an unskilled job in the belief that this is his best bet to make a living?... There is no better investment for banks, businessmen or educators than to develop a future taxpaying average citizen instead of a future welfare client. Think it over!"

COVINGTON, LA., ST. TAMMANY FARMER: "There are many ways to devalue money. In Great Britain, they did it deliberately and openly. Here in the United States, we are doing it subtly and insidiously. But every bit as damaging... In effect, devaluation—or inflation—means simply that your dollar buys less. It means that your savings account lying in the bank may grow with interest, but it actually diminishes in value. It means that a \$3,600 car last year cost \$4,000 this year..."

Is the fate of America like that of 'Great Britain'? Will federal waste and deficit spending finally and completely ruin the already devaluated dollar? It's your decision, in many ways. It's your dollar, in every way."

ROCKLAND, ME., COURIER-GAZETTE: "State troopers are referring to highway crashes as 'failures' these days, rather than accidents... failure on someone's part to do the proper thing at the proper time. It is just that simple: Failure to observe a safe speed for existing road conditions. Failure to extend common road courtesy to the other driver. Failure to remain sober when driving. Failure to dim headlights for oncoming cars. Failure to follow at a proper distance. Failure to have good tires. Failure to keep the vehicle in good mechanical condition. And so on the failures go and at long last they are being recognized as such, not just accidents."

ESPAÑOLA, N.M., RIO GRANDE SUN: "When the American Medical Association opposed medicare so vehemently, one of the group's arguments was that the plan represented ultimate government control over the medical profession. Now we read where the Senate has been petitioned to put 'federal ceilings on the fees doctors charge for treating medicare and medicare beneficiaries. The AMA fears perhaps are being realized. It may take some time, but the government some day could be telling doctors what they can charge."

BUFFALO, S.D., TIMES-HERALD: "Legislators have it in their power to encourage the production of new wealth and additional tax revenue, or they have it in their power by short-

sighted action, to kill the goose that lays the golden egg."

SHELBYVILLE, KY., SENTINEL: "To our knowledge, no taxpayer has ever complained about the law requiring a financial accounting of public expenditures: the only opposition or complaint has come from those of the public payroll who must explain once yearly what they're doing with someone else's money."

## Engagement

### Engagement

Sandra Nelson

Mr. and Mrs. Macy Nelson of Mentone announce the engagement of their daughter, Sandra Lee, to Roger Allen Moriarty, son of Mrs. William Martin of Tippecanoe and Mr. Lyndol Moriarty of Island Park, Warsaw. The bride-elect is a graduate of Mentone High School and is a student at Vincennes University. Her fiancé graduated from Triton High School and is now attending Purdue University. An August wedding is planned.

## Orange-Flavored Treat For Dieters

Oranges are a spring tonic to winter meals. Not only do they act as a winter healthguard, but they offer sunny color, sparkling zest and tantalizing fresh flavor at a time when many other fresh fruits are out of season.

Weight watchers will especially treasure the calorie-light and delicious Orange Charlotte, shown here. Deceptively rich-looking this fresh flavored orange treat has been calorie-streamlined to but a fraction of its usual calorie count.

Secret is the use of a newcomer in the diet field, a sweet and light-colored "imitation sugar" that really does look, taste and sprinkle like sugar. Appropriately named "Sweetness & Light", this new product has the same sweetness as sugar. (It's not a concentrate.) You use it in the same amounts as sugar, spoon for spoon, cup for cup. Be sure to note the worthwhile calorie savings shown at the end of the recipe.

### Orange Charlotte (Calorie-Trimmed)

2 envelopes unflavored gelatin	1 1/2 cups orange sections, cut up
2 cups orange juice	1/2 cup nonfat dry milk
1 1/2 cups boiling water	1/2 cup ice water
2/3 cup granulated Sweetness & Light	6 lady fingers, split

Soften gelatin in 1/2 cup of the orange juice; add boiling water, stirring to dissolve. Add Sweetness & Light and remaining orange juice; chill until mixture begins to thicken; fold in cut-up orange sections. Combine dry milk and ice water; beat on high speed of mixer until consistency of whipped cream. Fold into gelatin mixture. Line a 1-quart mold with split lady fingers, rounded side out. Pour in orange filling. Chill until set. Unmold and garnish with orange slices and mint, or as desired.

Makes 6 servings, each 138 CALORIES; 7 grams protein; 0.5 gram fat; 27 grams carbohydrate. (With sugar 215 CALORIES.)

## What They Wore... by PHYLLIS JOYCE

### THE EASTER PARADE, CHILD-STYLE

ONE OF THE PRETTIEST LOOKS ON A 1930'S EASTER PARADE WAS THE BASQUE BODICE DRESS FASHIONED WITH PUFFY VIRAGO SLEEVES.

THE YOUNG MISS OF THE 1960'S WHO WANTED TO BE PRACTICAL AS WELL AS PRETTY WORE THE DRESS AND MATCHING PALETTE, AN OVER GARMENT THAT WAS USUALLY HALF TO THREE-QUARTER LENGTH.

A FEW YEARS LATER IN THE 1970'S, IF AN EASTER PARADER WASN'T ATTIRED AS A MINATURE FISHWIFE IT WAS A "CATASTROPHE". WHILE MOST MOTHERS CONSIDERED IT "PASSABLY PRETTY" TO THEIR DAUGHTERS THE FISHWIFE LOOK WAS THE MOST WONDERFUL THING THAT EVER HAPPENED TO FASHION.

## I WAS THERE

Garrett H. Phillips

In just a few days it will be one year since I arrived in Mentone, Indiana. It seems it was only yesterday since I first walked down the street of the biggest little town in the world and began to meet her people. On the whole it has been a good year. I have met a fine group of people...from all the churches and those who do not go to church. I have enjoyed the Boy Scouts, the Girl Scouts, the Cub Scouts, the Brownies, all with their fine leadership. I have enjoyed the paper with its fine editor. Three times I have had the privilege of visiting the Chamber of Commerce, once the Lion's Club, twice the P.T.A. All seem to render a fine service to the community. I have attended some of the Fish and Chicken Fries, even helping with one. I well remember Mentone Day, with its fine ballgame, races and fun.

The camp at Epworth Forest was by far the best equipped I have ever attended. Little League was good. I attended some basketball games. We had a good team, but did not get to go to the state. The teachers in the school have been gracious and cooperative. Twice I spoke at the school. I am proud of our school.

I have attended the other churches at times, and have announced their revivals. I have married several couples. One Friday night the bride was eighteen years old. One Saturday morning the bride was seventy-

three. I have walked in sorrow with several families whom death had visited. I have driven 50,000 miles visiting people in hospitals and calling. A great number of people have come to me for help and because they were lonely. It was my privilege to participate in Baccalaureate Service and the Memorial Service.

I would say, "God bless Mentone." Mentone needs some things in the worst way. A swimming pool. Something to challenge her youth. Summer school. Night school. Better treatment of "those without." Means of using the great talent that the youth possess. Commercial department, in the daily curriculum and in Night Schools. Skill schools. Churches doing more together. Drama groups. A place where kids can go to talk and drink a Coke. We need a thousand new people. The town should grow.

I am not sure of my contri-

## DID YOU KNOW?

Mr. and Mrs. Max Smith and Miss Lilly Tucker called Sunday at the home of Mr. and Mrs. Mitchell Tucker.

## The Bible Speaks

Question: Are Christians taught to observe the Sabbath? The Sabbath was given to Jews because of deliverance from Egypt (Deut. 5:15). God said it would cease (Hosea 2:11). Paul said it did cease with the crucifixion of Christ, with the Law nailed to the Cross (Col. 2:13-17). After the church was established, it did not observe the Sabbath. The Apostles did not teach the early Christians to "remember the Sabbath day and keep it holy." The New Testament does not instruct Christians to keep the Sabbath day. Sunday is not the Sabbath. When in effect, the Sabbath always came on the seventh day of the week. The first day of the week is not spoken of as the Christian Sabbath. No day of the week referred to it in that way. The first day of the week is the Lord's Day (Rev. 1:10).

## Area Planning

### Commission Formed

Kenneth Plummer of Etna Green has been elected a member of the Kosciusko County Area Planning Commission representing the town boards.

Under the formula set by state law, towns are entitled membership according to the number of towns participating in the Commission. Five towns currently have passed resolutions and are entitled to one member. The towns participating are Pierceton, Milford, Etna Green, Sidney, and North Webster. As soon as one more town passes their ordinance establishing a town as a part of the Commission, they will be entitled to an additional member.

Don Gebert of Pierceton is chairman of the Advisory Council on Town Affairs that will advise the planning group. Other members on the advisory group are Paul Royer, North Webster; Harold Maloy, Sidney; and Carl Duncan, Milford. Don Frantz, County Extension Agent is coordinator of the organization of the planning commission.

## Electric Car Is Displayed At Rochester

An electric car, called the Mars II, was on display Friday in Rochester. The car, owned by Public Service Indiana, is an experimental model and is being developed in the interest of fumeless transportation and prevention of air pollution common with internal combustion engines. It is touring the utility's service area to demonstrate the progress that had made in this type of vehicle.

The four-door, five-passenger Renault-10 chassis is powered by 20 lead-cobalt batteries installed under the hood and in the trunk. With a maximum speed of 60 miles per hour, the car's driving range is 70-120 miles.

A built-in charger allows overnight recharging from a 230-volt household circuit. Or an additional charger used outside the car can be installed in a garage for recharging in two hours.

The batteries can be recharged fully 800 times, according to the manufacturer, Electric Fuel

## Car Strikes Post

A 1960 Chevrolet driven by Sandra K. Jordan, Mentone, struck a corner post on the Otto Groninger farm north of Akron last Wednesday night after skidding in water standing on the road. Damage to the auto was estimated at \$200 and to the fence post at \$50.

Propulsion, Inc., of Ferndale, Mich. This is equivalent to 70,000-98,000 driving miles.

Cost of electricity to operate Mars II has been very low, approximately one cent per mile.

## Parson Jones Speaks

Dear Mr. Publisher:

Like the old song says, "I'm in the dog-house now." My little country church has given me five days to pick up my razor or else get fired. The problem is I've done growed a beard.

The hole thing started about a month ago at the old country store. Ben Twist and a group of teenagers were talking about how the older generation wasn't nothing but a bunch a squares. Being numbered in that past-forty group, I objected to the slander. I told Ben he just didn't understand the older folks. Ben swore that he did; that their minds were like concrete—thoroughly mixed-up and permanently set. He presented as exhibit number one, the beard he was sprouting on his chin. He allowed as how just about everybody's attitude had changed toward him since he had growed it. He said, "You try growin' a beard and you'll find out." Well sir, that's exactly what I done.

After one month of fuzz on my chin I've decided that if Jesus ever comes back to earth again,

he better shave before he comes, otherwise nobody will listen to him. I'll show you what I mean.

Just about everybody I meet says to me, "What you trying to be a hippie for?" I reckon if my folks were writing the dictionary, they would define a beard as "a hippie." That ain't exactly fair cause I don't sleep on floors, sniff flowers, or take LSD. I consider myself a pretty responsible citizen, but overnight I'm a hippie because I got a beard.

Some of the men who criticized me have mustashes, which leads me to believe that the sin depends on which side of the mouth the hair is located on. Personally, I think some of 'em are jealous cause they can't grow one. Brother George said he tried to grow one when he was eighteen years old and he didn't have enough beard. Now he can't grow one cause his wife won't let him.

It's kinda funny how much trouble men will go to, to grow a beard sneaky like. They set up these centennial celebrations so they can grow hair on their faces.

I got the feeling that some women are jealous cause its the one thing they can't do that man can.

Well, so much for the hair-raising tale. I gotta sign off now and take one last look at my beard.

Yours truly,

## Rose Sunday Set At Honeywell Gardens

Sunday, June 9, has been set as the 1968 date for Rose Sunday at the Honeywell Gardens, Wabash, according to Robert Hoffman, Gardens Superintendent. The gardens are located just off R.R. 15 No., two miles north of Wabash, and feature approximately 1,000 rose bushes over one hundred varieties, all of which are expected to be in bloom Sunday.

In addition, there will be three other attractions—the second annual Wabash County Rose and Flower Show, an antique exhibit in the Honeywell Lodge, and the first Wabash County Adult Art Show.

The gardens are open seven days a week from noon to dusk or 7 p.m. There is no admission charge for the gardens although small admission fees will be set for the antique exhibit.

## We Get Letters.....

Mentone, Ind.  
June 3, 1968  
Editor Mentone News:

In the past few days I have heard news reports and have seen some pictures on the TV regarding a strange cat-like animal having been seen in the counties north of here. This brings to mind an incident told to me by my mother and two of her brothers.

The Thomas M. Bone family traveled by covered wagon drawn by oxen from Xenia, Ohio, locating on a tract of land about half way between what is now Urbana and Speicherville, about one-half mile east of the present State Road 13.

North of their home was a large swamp. There was what was supposed to be a large animal screaming and terrifying the people of the community. It seemed to travel and circle around this swamp after prowling around the homes.

One night it came to the home of my grandfather and his family. My grandfather did not scare easily, so, taking his trusty muzzle-loading gun, he followed the supposed wild animal to the swamp and drew close upon it without being seen or heard. He had a deadly bead on the animal and was ready to pull the trigger when just then the moon came out from behind a cloud and grandfather determined it was a man. Well, that was the end of the wild animal scare.

My mother and uncles stated grandfather never would tell them, or even my grandmother, who the man was. However, he lectured the man and after that there was never another wild animal scaring the people of the community and not one of the

people ever knew what happened to the wild animal. That's my true story regarding wild animals as related to me.

One man's opinion of the highly publicized "McCarthy-Kennedy" debate on television that was to really settle any doubt as to their plans. What a ridiculous farce. It proved nothing. Where was the debate? It was surely a cut and dried affair. They really butter each other up and agreed on everything.

You might call it funny if it wasn't so ridiculous.

Very Respectfully,  
Just Plain Bill Fowler

## I Am Interested In You...

### Because Jesus Died for Me

The life and death of a man called Jesus of Nazareth is an established fact. Men say he was the best and most influential man who ever lived. Even those who refuse to follow him testify to his existence. He said that he died for me. His followers said that he died for me. If his death brought life to me, then certainly I want to share with you my inheritance. Many times I have received gifts and assistance in time of need. These are the things which cause me to testify concerning my friends and my parents who have shared their blessings with me. Now Christ gives all that he has in order that I might be saved from sin. This blessing is not only bestowed upon me but it is given to all who come to him. Therefore I must tell you of this blessing which you can share.

### Because Jesus Died for You

If he really were from God, then his word is true and he tasted death for every man (Hebrews 2:9). This means that every man is lost without him; else his death would have been in vain. This includes you. Christ did not want you to be lost; therefore he died for you. I do not want you to be lost; therefore I am pleading with you. You may feel you have done nothing which is extremely evil. Yet, if you have sinned one time, you are lost because the guilt of that sin still remains. In God's sight hate is classified with the sin of murder (1 John 3:15). Strife is classified with adultery (Galatians 5:19,20). Any type of lying constitutes a sin and would keep one from the heavenly abode (Revelation 21:8). Even the sins of jealousy and envy crucified this man called Jesus (Mark 15:11). These are just a few of the sins which we commit from day to day. It would be selfishness indeed to keep the truth from you if Christ really saves us from sin. It would be like knowing you had cancer and there was a cure and I failed to tell you about this cure. The love of God prompts me to tell you about Jesus the Christ.

### Because Your Soul Is Priceless

It must be! Any man could not pay the price God required for our sins. There was not an angel in heaven who was worthy to die for our sins. It required one who was heavenly and

one who was earthy. It took one who knew God and one who knew man and his many temptations. It took one who was unspotted by sin and one who was perfect. The only Son of God was the Father's choice. "...Christ Jesus...being in the form of God, though it not robbery to be equal with God: but made himself of no reputation, and took upon him the form of a servant, and was made in the likeness of men: And being found in fashion as a man, he humbled himself, and became obedient unto death, even the death of the cross..." (Philippians 2:5-9). All of this came to pass because the soul is so valuable. Christ said, "For what is a man profited, if he shall gain the whole world, and lose his own soul?" (Matt. 16:26). You and I know that fire can destroy this world's goods but the soul cannot be touched by man. It will last forever! Jesus said, "Come unto me, all ye that labour and are heavy laden, and I will give you rest..." (Matt. 11:28, 29). If the soul is really more valuable than all the world, then certainly it deserves much more attention. Come, let us learn of him who died for us.

### Because the Future Is Uncertain

No living man has to be convinced of this fact. Forty thousand die in auto accidents each year in the United States alone. Over twenty-eight thousand meet accidental death in the home each year. Cancer kills seventy-five thousand and over one half million fall with heart disease. Think about it! One out of every 1800 Americans die accidentally each year. Bombs are being tested which could make a wasteland of an industrial center like Pittsburgh. True is the Biblical quotation, "The grass withereth, and all flesh is as grass, and all the glory of man as the flower of grass" (1 Peter 1:24). "Whereas ye know not what shall be on the morrow. For what is your life? It is even a vapour, that appeareth for a little time, and then vanisheth away" (James 4:14). "But the word of the Lord endureth forever" (1 Peter 1:25).

In your care is an eternal soul formed by Jehovah. You are in the form of flesh living in an uncertain world. Our hope rests not in the weapons of men but in the weapon of God, his word (Ephesians 6:17). We want you to learn more about his word, his Son, and his kingdom. We want you to investigate the church of Christ in your community. We are extremely interested in you because Christ died for you, because your soul is priceless, and because the future is uncertain. Come and prepare for the future with us!

We will be looking for you in the Church of Christ in Mentone.

## Transplants Raise a Moral Question

Select committees that exclude doctors may be needed to make difficult moral decisions in future heart transplants, says a University of Michigan professor of psychiatry and law. "We are faced with a myriad of perplexing questions that will have to be answered," he said. "The prospect of more clinical transplants trials by surgical teams calls for defining the physician's role. Who gets the transplanted organ? Whom do you let die, whom do you let live? This latter question is critical. Can we leave it up to the doctors to decide?"

FEW, if any, of the hundreds of thousands of people who visit the Lincoln Memorial each year realize that just a few feet below them, within the underground concrete foundation of the Memorial, is a scene similar to those found in many natural caverns. Scientists of the U.S. Department of Interior report that stalactites—deposits of limestone normally found in caves—are growing down from the foundation ceiling, while short, stalagmites rise a few inches from the floor.

HELIUM, the important lifting gas that is celebrating its centennial this year, has other important uses. The lightweight element has a significant application in medicine. It is used with oxygen in breathing atmospheres, says National Cylinder Gas, Chicago, for patients suffering from asthma and other respiratory diseases. The helium-oxygen mixture is much lighter than air and flows through restricted respiratory passages more readily, so that more oxygen is breathed with the same muscular effort.

An animal extract that stimulates growth is being purified by New York University scientists. The nerve growth factor is an extract from the subaxil-

lary glands of mice and is of interest because it stimulates neurons, or nerve cells, to produce neurites—tiny fibers that are the communication links between neurons and the sense organs, muscles and other neurons. If the nerve growth factor and its activity can be understood, it might lead to drugs helpful in the repair of possible regeneration of injured or diseased nerve fibers.

A RADAR map of Venus that shows for the first time the exact locations of unusually rough areas that may be mountains has been prepared by Cornell University astronomers using the world's largest radio-radar telescope at Arecibo, Puerto Rico. The astronomers report that the resolution of the map is about equivalent to what would be possible with the largest optical telescope on earth if it were not for the thick cloud cover that obscures the Venusian surface.

## Boating Tips...

### LANDING A FISH

Boating a fish is almost as difficult as catching one. Potential record breakers have become fiction rather than fact for many hapless anglers, so the fishing experts at Mercury outboards offer these tips to save a disappointing outing: first, select a long-handled net of sufficient size; never lurch or wave your arms unnecessarily when the fish gets close to the net; always put the net in the water before the fish is brought into landing position, then pull him head first over it and lift; lift smoothly, and in one motion, bring the netted fish into the boat.

## DID YOU KNOW?

Mrs. Dorothea Culham, Mrs. Minnie Busenburg, and Mrs. Pearl Horn attended a reception Sunday afternoon at No. Manchester in honor of Mrs. Nettie White, the new state president of the Mothers of World War II. They also toured the Timbercrest retirement home.

Mrs. Clifford Fiscus and two daughters who recently spent five weeks with her parents, Mr. and Mrs. Zanna Hammer, have returned to their home in Florida. On July 1 the Fiscus family will move to Warsaw where Dr. Fiscus will enter

practice. Mrs. Earl Zent, Mable Igo, and Mr. and Mrs. Kenneth Mollenhour spent Friday at Long Lake, Michigan with Mr. and Mrs. Henry Konnek.

## Goodwill Items Are Needed

All who have used clothing or other articles for the Goodwill Industries may leave them in Don Bunner's unused chicken house being Friday, June 7, until Saturday, June 15. The bags may be obtained from Lemler's Store.

## READY FOR SUMMER?

If you haven't had your car's air conditioning system checked, you're not ready for summer. If you haven't readied the brakes for long summer driving, you're not prepared.

To get prepared, stop in and let us get your car ready for summer fun.

## Where Does Your Pop Flop?

Does Pop flop right on the living room couch, taking up the space of three people? Is he always growling that he's not comfortable even there? Does he look ill at ease? Do you often think something is bothering him? It could well be that he's perfectly miserable. There's one sure way to Pop flop happier and a lot more content. That way is to get him a lounge chair or recliner all his very own. We hear there is a good selection of these happy pop floppers at King's Furniture and Carpet in downtown Mentone.

"The Spinning Spokes", a group of youthful bicyclists from Warren Dunes, Michigan where, if they survived the hot blow outs and heat, the group was behind schedule. Water prepared to leave.

## Cyclists Pause In Mentone Enroute To Michigan

Seventeen youthful bicycle riders paused in Mentone Tuesday afternoon enroute from Muncie, Indiana to Warren Dunes, Michigan. The sweltering temperature had slowed their pace and they had "only" ridden 92 miles on Monday, a little short of their usual one hundred or more miles per day. The group calls themselves "The Spinning Spokes" and ride just for fun. Or at least it started out as fun. One member was heard to say the fun had about run out after the hot weather made riding so miserable and caused so many blown-out bicycle tires.

Leaving Muncie Monday, they rode to Silver Lake by that

evening. Tuesday morning saw them refreshing themselves in Yellow Creek Lake and then pedaling carefully to Mentone where they were far behind schedule. The boys, all sophomores, juniors and seniors, were accompanied by their cross-country coach, who said this was the third such trip the group had made.

In addition to cooling themselves in a local restaurant, the boys were all armed with squirt guns of every description and these seemed to add to the fun.

Asked what they planned to do in Michigan after they braved the hot weather getting there, one boy laughed and said, "Lie in the sun."

Muncie, Indiana visited Mentone Tuesday afternoon enroute ride there, they intended to soak up more sun. Plagued with guns added to the fun and helped cool the riders as they

## Royal Blue Receives Honorary Doctor of Divinity Degree

Royal Blue, son of Mr. and Mrs. Peter Blue of Mentone and pastor of the North Valley Baptist Church in Redding, California, recently received the highest honor to be bestowed on a Christian leader when he was presented an honorary doctor of divinity degree from Talbot Theological Seminary at the graduation exercises of the Biola Schools and College.

Pastor Blue was born and raised in Mentone, graduating from Mentone High School in 1944. In November of that year he entered the armed forces for two years.

At the close of his military service he married Ruth Johnston of Los Angeles, Calif. and they moved to Mentone where they lived until entering Bible School in the fall of 1950. Mr. Blue graduated from Biola College in 1954, the president of his class.

While still a student at Biola he was hired to serve as Minister of Youth and Visitation Pastor at one of the largest Baptist churches in the west, the First Baptist Church of Van Nuys. He served there eleven years and saw the membership grow to more than 8,000.

In 1962 the Blues moved to Redding, California, which is located one hundred miles from the Oregon border, where he began meeting with some thirty people in a small youth center. Since that time, a youth camp has been built by the church and facilities for the North Valley Baptist Church have been built to accommodate the eight hundred members.

The Blues have a married son who is studying to be a dentist and a son and a daughter in high school.

The North Valley Baptist Church is very active in evangelistic work through gospel outreach program in smaller areas as well as home Bible study

classes in the local area. The church will be featured in the September issue of King's Business Magazine as the church of the month. This is a national monthly publication.

## Lawrence Castaldi Speaks To Lions Club

The Mentone Lions Club met Tuesday evening at Teel's Restaurant. Seventeen members were in attendance. The meeting was opened with the singing of "America" and the pledge to the flag led by Lion Roy Cox. Lion George Welch gave the invocation.

After a short business meeting, Lloyd Bowerman, the program chairman, introduced Lawrence Castaldi, President of the Koscusko County Community Hospital Board. Mr. Castaldi

## Barn Burns Near Here

A 40 x 60 foot barn on the Edwin Bontreger farm located two miles south of Mentone was destroyed by fire Monday night and adjoining sheds and a chicken house were also destroyed. A three-car garage was damaged in the fire that is estimated to have done \$10,000 damage.

The fire was discovered about 11:30 p.m. by a neighbor, Mrs. Gerald Ballenger, who was enroute home. The Bontregers had retired for the night.

The barn was built by the late Ray Riner, a stock dealer.

## Truck Hits Signs

Fulton county sheriff's officers said Ed Bach, 44, Mentone, driving south on Ind. 25 in a 1966 Chevrolet pickup truck, failed to turn at the T-intersection with Ind. 14 east of Rochester early Tuesday morning. As a result, Bach's truck struck four state highway traffic signs, doing an estimated \$150 damage to the truck and \$100 damage to the signs.

## United Methodist Pastors Are Changed, Local Ministers Return

Although Rev. Garrett Phillips was returned to the Mentone United Methodist Church and Rev. Dan Bengston was returned to the Akron United Methodist Church, many other changes of interest to local persons were made at the annual conference last week.

C. Edwin McClarnon will go to Bourbon from Middletown; Milton G. Persons will go to Claypool from Goshen St. Marks; Travis Purdy will go to Pleasant Grove-Packerton from the Claypool Parish; and Marvin Lowman will go to Mount Pleasant, his first appointment.

Dale L. Bardsley will go to Etna Green from Logansport Main Street, and Robert S. Lloyd will go to Morris Chapel, his first appointment.

Richard R. Campton, son of Rev. Glenn Campton, a former Mentone minister, was sent to Wilkinson from Goshen First associate, and Kenneth B. Leininger, a former Akron resident, was sent to Windfall from Marion Highland Avenue. Roger Wrigley, a former Men-

tone pastor, was sent to Daleville from Swayzee.

## Burket Community VBS Is Planned

The Burket Community Vacation Bible School will be held June 17 to 21 at the Burket United Methodist Church.

Classes for children aged four years and up will be held each day from 8:30 a.m. to 11:15 a.m.

Anyone needing transportation is urged to call 491-2561.

## CALENDAR

Thursday, June 20

The Women's Society of Christian Service will meet at 7:30 p.m. at the home of Mrs. Eldon Horn. Contact Mrs. Don Bunner for transportation. Mrs. C. Robert (Norma) Roese, district president will be the speaker.

## Camp Adventure Beckrons Local Youngsters

## COURT NEWS...

Mary E. Rowland, Burket, has been granted a divorce from Terry L. Rowland in Koscusko Circuit Court action. She was granted custody of one minor child and \$15 per week for support. They married Aug. 9, 1965 and separated Jan. 9, 1968.

Linda L. Tracy, R. R. 1, Claypool, seeks a divorce from Richard L. Tracy. The couple married Jan. 27, 1967 and separated March 5, 1968. There are no children.

## Win At Walkerton

Annette and Linda Hibschi, daughters of Mr. and Mrs. Bob Hibschi, received a first place trophy in the mounted division of the Walkerton Summer Festival parade held Sunday. The girls, attired in Arabian costumes they designed and made themselves, rode their Arabian horses. Eighty eight units from various area towns were entered.

## Traveling Team Accepts Challenge

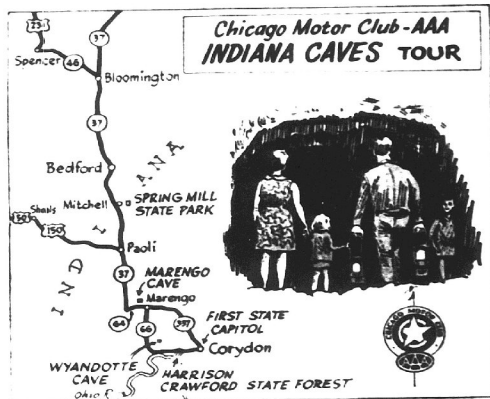

Members of the Mentone Traveling League have accepted invitations to participate in baseball tournaments during Leesburg Days and at the North Webster Mermaid Festival.

## Street Sign

## Fund Gains Donors

Members of the Mentone Fireman's Auxiliary and the fire department report additional donors to the street sign project include Hales and Hunter, Mrs. Ellis Hill, and Psi Iota Xi sorority.

Also donating to the project were members of the Merry Mixers Home Extension Club. The signs have been ordered but members have received no definite date for their delivery.

Few people think of Indiana as a cave state, but the fact is that Hoosiers can boast of over 400 known caves and undoubtedly many are yet undiscovered. The Chicago Motor Club suggests a spelunker's holiday spent touring some of the better known caves in Indiana.

## Indiana Rates As A Spelunker's Holiday

A "spelunker" is a breed of outdoorsman who prefers to haunt the interior of the outdoors, the caves. The tour set out here includes only those that are safe for the entire family and that have already been explored, lighted and marked.

Big Wyandotte, the second longest cave in the world, and Little Wyandotte are both popular and are both lighted. Corydon, the first state capital, and Lincoln Hills are nearby sedsoons and

Also included on the spelunker's tour is a visit to the famed Crystal Palace at Marenco Cave and Spring Mill State Park, hailed as one of the most suc-

cessful historic restorations in the United States. The park was a frontier trading post, founded about 1815 and later abandoned. The original water-powered gristmill and reconstructed sawmill, hat shop, post office, still house, bootshop, apothecary shop and portions of a limekiln make up the village.

A delight to sun-weary travelers is the shade provided by one hundred acres of virgin woodland. Other facilities at the park include swimming, boating and fishing on an artificial lake, horseback riding, camping, picnicking, and naturalist service. There is also an inn.

## Boating Tips...

### REFUELING

Safety common sense dictates that you remove your remote fuel tank from the boat whenever you refill it. This insures that no gas will be spilled into the boat, says the Mercury Boating authorities. It also facilitates proper mixing of the oil and gas. When filling your remote gas tank, pour in a small amount of gas and an equal amount of oil. Mix thoroughly by shaking or stirring vigorously; then add balance of oil. Follow manufacturer's recommendations for oil and gasoline and

## SOCIAL SECURITY Question Box

- Q-I recently received my medicare card in the mail. However, my name is misspelled. What should I do?
- A-Notify your nearest social security office. They will see that you get a corrected medicare card.
- Q-I recently filed a claim for disability benefits. Will my checks begin with the first month I was disabled?
- A-No. There is a 6 month waiting period before disability benefits can begin.
- Q-I have been working and paying social security taxes for several years. How can I find out if my earnings have been properly credited?
- A-You may request a statement of the earnings credited to your account. The social security office has a post card form you may use for this purpose.
- Q-I will be 65 in a few months but I plan to continue working full time. Should I wait until I retire before I sign up for social security?
- A-No. You should make application for social security and Medicare protection in the three months before you reach age 65. This is important to insure full Medicare protection and prevent possible loss of benefits.
- Q-I lost my social security card last week. How can I replace it?
- A-You may apply for a new card at any social security office. If there is no social security office in your community, you may pick up an application for a card at your post office.

## Special Youth Camp To Be Held Here

A very special youth camp will be held in Mentone and Talma this year.

On Monday, July 8, twenty boys of mixed races and creeds from Elkhart and two boys from New York City will arrive to spend a week camping here under the leadership of Rev. Garrett Phillips and members of the Mentone and Talma United

Methodist churches.

The boys will camp at Talma in tents furnished and erected by the Mentone Boy Scouts. Two hours of each morning will be spent in Bible School. Rev. Phillips will be the camp guide and will be assisted by Richard Indahl of New York city. Roy Calvert will be in charge of swimming, and Ken Anglin will be a counselor.

The ladies of the Mentone and Talma churches will do the cooking with the boys doing some of their own cooking. Plans also include some pot luck meals.

Several men and boys of the community will assist each evening with hiking and boating.

On Saturday, July 13, the tents will be moved from Talma to the Mentone church yard where the boys will camp that night. The boys will attend church at Mentone on Sunday morning. Camp will break-up on Sunday, July 14.

## Keep the "permanent" in your permanent press

-- It's easy with a new improved GAS DRYER

Permanently pressed clothes come out just the way they're supposed to . . . when they're gently tumble-dried in a new improved Gas Dryer. That's because new Gas Dryers have accurate heat and timing controls that are

absolutely necessary for drying "no-iron" clothes.

All your washables, from permanent press blue jeans to delicate synthetics, dry fast and gently . . . and Gas Dryers cost so little to operate.

See the new improved Gas Dryers wherever home appliances are sold.

## DAR Lists Flag-Flying Rules

June 14 being Flag Day, the Anthony Nigo Chapter, DAR, offers the proper manner of displaying the Flag. The matter becomes a very simple one if it is kept in mind that the Flag represents the living country and is itself considered as a living thing.

The Flag should be displayed only from sunrise to sunset. Special care should be taken to see that the Flag is displayed on the following days: New Year's Day; Inauguration Day, January 20; Lincoln's Birthday, February 12; Washington's Birthday, February 22; Easter Sunday; Mother's Day; Armed Forces Day; Memorial Day, (half staff until noon), May 30; Flag Day, June 14; Independence Day, July 4; Labor Day; Citizenship Day, September 17; Columbus Day, October 12; Veterans Day, November 11; Thanksgiving Day; and Christmas Day.

Our Flag should always have starts to the left of the picture, fabric floating to the right.

When hanging with the stripes in a vertical position against the wall, the stars should be in the upper left hand corner.

When our Flag is carried with other flags in parade it should always claim the place of honor --at the right.

When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker.

If flown from a staff, it should be in the position of honor, at the speaker's right. It should

never be used to cover the speaker's desk nor to drape over the front of the platform. Use bunting.

When displayed over the middle of the street, the Flag of the U. S. A. should be suspended vertically with the union to the north in an east and west street, or to the east in a north and south street.

When displayed with another flag of flags against a wall from crossed staffs, the Flag of the United States of America should be at the right, the Flag's own right, and its staff should be in front of the staff of the other flag or flags.

When a number of flags of states or cities or pennants of societies are grouped and displayed from staffs with the Flag of the United States of America, the latter should be at the highest point of the group.

When flags of two or more nations are displayed on the perpendicular staffs they should be flown from separate staffs of the same height and the flags should be approximately of equal height.

On Memorial Day the Flag is displayed at half staff from sunrise until noon and at full staff from noon until sunset.

## Alfalfa Weevil Infects County

The infestation of alfalfa weevil has reached its peak in Kosciusko County during the past few days according to Don Frantz, County Extension Agent. Crops in badly infested fields are estimated to have been destroyed at the rate of 10 percent per day. Harvesting the first crop has been able to control the losses up to that point.

It appears that the second growth will be affected in some fields. Farmers are advised to carefully watch the new growth and if weevils are present they will have to be sprayed to save the second hay crop.

The weevils in their larva stage are small green worms which work entirely in the new growth. The tops of the plants will be shredded and eventually completely destroyed.

In hot weather, Malathion at the rate of one quart per acre in 20 gallons of water will control the weevils.

## Bowen Endorsed By Colleagues

A veteran legislator and two former state representatives have endorsed the candidacy of House Speaker Dr. Otis R. Bowen for the Republican nomination for Governor, it was announced today.

Arthur Coblenz, Liberty Mills, who first went to the legislature in 1921, is running for his third term in the House after serving 12 years in the Senate.

"Dr. Bowen's knowledge and background prepare him better than any other candidate for the office of Governor," Coblenz says. "He has a first-hand working knowledge of the state's problems and what to do about them."

L. H. Carpenter, a former representative and longtime Wabash school administrator, has also endorsed Dr. Bowen's candidacy. "I am confident Dr. Bowen can do the job that needs to be done," Carpenter says.

Now president of the First Federal Savings & Loan at Wabash and a member of the Honeywell Foundation, Carpenter retired in 1960 after working 42 years in the Wabash School system.

Ralph Rader, a former state representative from Akron, endorsed Dr. Bowen with the following statement:

"Having served in five sessions of the legislature with Dr. Bowen, I have found him to be an outstanding legislator and presiding officer. His integrity, good government will make Indiana a great state for all knowledge and dedication to Hoosiers."

## MYF TO SPONSOR FUN FAIR HERE

Members of the MYF of the Mentone United Methodist Church will sponsor a Fun Fair on the church lawn Friday, June 14, from 4 p.m. to 10 p.m.

They will have cold drinks, chili, hot dogs, hamburger, pop and ice cream and will have booths for dart throwing, egg splashing, pie throwing, ball throwing, and nail driving. There will also be a monkey house. A very small admission fee will be charged.

In addition, they will have a rummage sale. Anyone having rummage they wish to donate may do so by calling 353-2971.

## The Bible Speaks

The Bible Speaks

Question: What is the purpose of baptism? Paul said: "For as many of you as have been baptized into Christ have put on Christ." (Gal. 3:27) Baptism is the means whereby we get into Christ and put Him on. We must be in Christ and bear fruit if we expect to have eternal life. Jesus said: "I am the vine, ye are the branches: He that abideth in me, and I in him, the same bringeth forth much fruit: for without me ye can do nothing. If a man abide not in me, he is cast forth as a branch, and is withered; and men gather them and cast them into the fire, and they are burned. If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you. Herein is my Father glorified, that ye bear much fruit; so shall ye be my disciples." (John 15: 5-8) Jesus said He was the vine and individual Christians are the branches. If we want to be in Christ and abide in Him we must put Him on in baptism. (Gal. 3:27) If we sincerely repent or simply change our way of living and are baptized we will have our sins forgiven. Peter said: "Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." (Acts 2:38) When we do this we re-enact the death, burial, and resurrection of Jesus. Paul told the church in Rome: "Know ye not, that so many of us as were baptized into Jesus Christ were baptized into his death? Therefore we are buried with him by baptism into death: that like as Christ was raised up

from the dead by the glory of the Father, even so we also should walk in newness of life. For if we have been planted together in the likeness of his death, we shall be also in the likeness of his resurrection." (Romans 6:3-5)

## School board initiates building trades program

Members of the Tippecanoe Valley School Board met Monday night and approved plans to initiate a building trades course in the corporation. The course will be taught by Raymond Pontious, a licensed teacher who is also a building contractor. Two new houses one at Akron and one at Mentone, will be constructed by students enrolled in these classes. The

houses will be sold on completion.

The building trades classes will be conducted in three sections and will be available for juniors and seniors only.

During routine business of the board, it was noted that Dr. Donald VanGilder, Mentone dentist, had been sworn in at a special meeting held at 9:30 p.m. on May 21. Also at this

meeting, Dr. O. L. McFadden was named secretary. Gale Creighton, board member from Harrison township, who recently resigned, necessitating Dr. VanGilder's appointment, had served as secretary. VanGilder will be sworn in at the July 1 meeting to begin the term to which he was elected, and Richard Goshert, newly elected board member from Seward

township, will also be sworn in at the July 1 meeting.

Lyle Edenturn, principal at Akron High School, requested permission to further his education at Purdue University and sought to complete his duties at night and on Saturday to make up for the time he would be absent.

Bids for fuel oil, gasoline, and coal were received. The board accepted bids of 11.2 for fuel oil from American Oil Co., 21.5 for gasoline from Utter Oil Co., and \$17.75 per ton for coal from R. B. Harlan Coal Company.

Buses 6 and 18 were offered for sale with Kerlin Bus Sales offering \$100 for the pair. The board decided to hold the bid open.

J. Randall Leininger was reappointed to the Akron Library Board.

Superintendent of Schools Robert Forbes presented a financial report and claims were approved. Dr. VanGilder read aloud the 155 payroll claims for teachers and aides.

A number of typewriters taken from the Beaver Dam school and a copying machine will be sold at the July 1 meeting.

The board approved a suggestion by Forbes that all grades six and seven attend Talma Jr. High this year. He noted that this would mean there would be 313 students at that school but that by using the cafeteria for a study hall some of the crowding could be alleviated. Akron grades K-5 will be located in the grade school building while

## Roger Nellans Gets Medical Degree

Dr. Roger E. Nellans recently received his doctorate in medicine from Indiana University at Bloomington campus. Dr. Nellans was the recipient of the Schlusser Scholarship and is a member of Alpha Omega Alpha, honor medical society and Phi Chi Fraternity.

He will intern at Harbor General Hospital, Torrance, California, an affiliate of the UCLA Medical School. The hospital received 2200 internship applicants for the 1968-69 year. They are able to fill only 40-45 internships and the majority of these go to California medical seniors, but they advised Dr. Nellans that he was the first in their history to be accepted from Indiana University Medical School.

Dr. Nellans graduated with honors from Manchester College in 1964 and was valedictorian of his class at Beaver Dam in 1960. He was very active in 4-H for nine years and won many awards on the county and state as well as national level.

Dr. Nellans spent a few days with his parents, Mr. and Mrs. Max Nellans, Mentone, before assuming his new internship.

## Old Settlers Day Planned At Atwood

The Atwood Lions Club will sponsor a two-day "Old Settlers Day" celebration on June 22 and 23 that will include a benefit for three-year old Chris Wray, the son of Mr. and Mrs. Lewis Wray. Chris was severely burned recently when he fell into a trash fire. He is a patient at Riley Hospital, Indianapolis.

The festivities will get under way on Saturday, June 22, at 2:30 p.m. with a pet parade. A chicken barbecue will follow at the school grounds between 4:30 and 8 p.m. It will be held in the gym in case of bad weather.

Following the barbecue, a home talent show will be staged. Outdoor church services will

open Sunday's activities and will be held at 10 a.m. at the school grounds. A beard judging contest will be held at 11:45 a.m.

A portable color television set will be awarded with all proceeds going to the Chris Wray Fund.

## NIPSCO Workers Return to Work

Twenty six hundred striking workers at the Northern Indiana Public Service Company returned to their jobs Monday after ratifying a new three-year contract Sunday.

The gas and electric utility, which serves 30 counties, maintained service throughout the 15-day strike with technical and supervisory employees.

The strikers were members of Local 12775, United Mine Workers District 50 and included production, maintenance, construction and operating employees.

The clerical employees, members of a different UMW local, observed picket lines.

Additional donors to the Fire Department and Auxiliary street sign project include the Mentone Home Extension Club, Mr. and Mrs. Russell Eber, the Jolly Janes Home Extension Club and the Mentone Reading Club.

## Pam Abbey Enrolls

Pamela Abbey, accompanied by her parents, Mr. and Mrs. the fall term at Indiana Central College last Saturday.

She had previously enrolled with distinction and had received an academic scholarship. But she was pleasantly surprised on Saturday when Dean Cramer told her that due to the results of the college entrance and achievement tests she was being admitted to the freshman honor classes. This means that she can skip some of the regular freshman courses and take advanced subjects. She also plans to work a continuation of music into her plans.

Miss Abbey left Tuesday to become assistant counselor at the Sycamore Valley Girl Scout Camp near Lafayette.

## The Bible Speaks

Question: Does baptism alone save a man? Peter said: "... When once the long-suffering of God waited in the days of Noah, while the ark was a preparing, wherein few, that is, eight souls were saved by water. The like figure whereunto even baptism doth also now save us (not the putting away of the filth of the flesh, but the answer of a good conscience toward God,) by the resurrection of Jesus Christ. "(1 Peter 3: 20,21) Peter was speaking to Christians, perhaps some who had heard his first gospel sermon on the Day of Pentecost in Acts chapter Two, in which Peter told a great multitude: "... Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." (Acts 2:38) Was Peter contradicting himself? No, one must be baptized in order to take away his sins, but unless that one has repented or changed his way of living, his baptism is useless. Jesus said: "He that believeth and is baptized shall be saved, but he that believeth not shall be damned." (Mark 16:16) Does Jesus agree with Peter? Yes, in order for a person to want to repent and be baptized, he must have heard about Christ and believed in Him. Jesus makes this plain in Luke 24:47 "And that repentance and remission of sins should be preached in his (Jesus) name

among all nations, beginning at Jerusalem." Jesus said again "Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, even unto the end of the world." A person who wants to be saved must first believe that he is a sinner, then believe that Christ came to this earth to save sinners (1 Tim. 1:15) then change his sinful ways (repent), and then be baptized in water. (Acts 8:36:39)

## Just Plain Bill Says ...

Dear Editor:

Monday evening I had an experience that was very pleasing and gratifying, a time when we really appreciated TV. We listened to a wonderful sermon by the evangelist Billy Graham.

The sermon had to do with prophetic Bible teaching as regarding the present world conditions and how they are identified with the scriptures. In these days you do not hear any Bible prophecy preached by present day ministers. The idea seems to be to preach a social type of sermon that pleases the people as the Bible states is pleasing to their ears and what the people want to hear, not the true gospel.

I am very thankful my faith, belief, and understanding were firmly grounded years ago. Regarding true Christianity, we have lived in Mentone the past ten years. During that time there have been three ministers serving in the church in which we hold our membership. Not one of them ever called at our home for a word of prayer, to read a verse of scripture or offer a consoling word even during the time my wife was confined with a very seriously broken leg.

We question, is this being interested in and caring for the aged and the afflicted? It is an attitude hard to understand.

I am happy indeed to state we as Christians try our best to obey the scriptures we believe. We do not put our trust in Mr. Johnson and his aides and their many promises for our welfare and the men in high places in government. We put our faith, hope and trust in God, our heavenly Father, and he has cared for our needs and been a watch-care over us and supplied our needs. To him we give our thanks and praise, believing God will not leave or forsake us.

## Anthony Nigo Chapter DAR Sees Rare Flag

Members of the Anthony Nigo Chapter, D.A.R., enjoyed a carry-in supper recently at the country home of Mrs. Fred Surguy, who was assisted by Mrs. Merrill Carey and Mrs. Omer Drudge. Following the meal, Mrs. Thomas Fugate, regent, opened the meeting with the prescribed ritual and welcomed twenty members and three guests Mrs. Wilbur Berkey and daughter, Anna, and Miss Paula Shireman.

A thirteen star United States flag was used in giving the Pledge of Allegiance, and the history of the scarce flag was told by Mrs. Surguy.

D.A.R. Resolutions were read by Mrs. Loren Gross, Mrs. Paul Shireman, Mrs. Eldred Paulus, Mrs. Dale Cook and Mrs. Drudge.

In recognition of the patriotic holidays, Flag Day and Independence Day, Mrs. Frank Smith gave as her program "Do We Wave the Flag Too Much?" remaining members that 1968 marks the 192nd anniversary of the official birth of the first flag of the United States of America. "Those who attack the Pledge of Allegiance to the Flag because it included the phrase 'one nation under God' which they claim violates their right to deny God... are more to be pitied than condemned." It is highly ironic that it is the very symbol they deride that provides the freedom for them and their ilk to pursue their so-called "search for truth." Not only from sea to sea, but from dawn to dusk, Old Glory makes its appearance in the early morning and remains flying until the sun disappears over the horizon, a symbol of liberty and justice for all who live under its bright stars and stripes.

"Remember as you look at your flag... that those who made it and lived for it and died for it are among our nation's greatest.... A symbol such as our Old Glory can only be as revered as the principles for which it stands. It is our

duty as Americans to see that the principles which have made America strong be guarded and protected and passed on to our children and our children's children. There must be a concerted effort to have true American History and tradition taught in our schools and taught by instructors who are themselves aware of the unique and wonderful system of government under which we live.

"I believe it was a wise forethought in our fathers which led them to set apart Independence Day for yearly observance, when our attention would be turned toward a review of our history and heritage and our attention called to the question of national interest and welfare."

The slate of officers previously elected by the chapter was installed by Mrs. Ray Linn.

Mrs. Fugate thanked the members for their help and support during the past D.A.R. year, and named chairmanships and committees for the coming year. The regent also read the report she gave at the Northern District meeting held recently in Rochester, and reported that the chapter had won the Blue Ribbon on their program book for the 4th consecutive year.

Mrs. Everett Rathfon read the secretary's report and called the roll. An invitation was read from the Mary Penrose Wayne Chapter of Fort Wayne inviting members to a private showing of a replica of the Liberty Bell made in England is the size of the original and which will be unveiled July 1.

The treasurer's report was given by Mrs. Charles Tucker. Mrs. Ernest Igo read an article "Immigration Shows an Ethnic Change" for national defense.

Members were reminded the next meeting will be held September 10 with the Tippecanoe River Chapter, and will be a Smorgasbord.

The meeting was closed with members repeating "The Ameri-

can Creed" ending with the timely words "I therefore believe it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag; and to defend it against all enemies."

## Jolly Janes Honor Guests, See Lessons

Members of the Jolly Janes Home Extension Club met recently at the home of Mrs. Dorothy Nelson with Mrs. Alice Hardisty as co-hostess.

Fourteen members introduced their guests in response to roll call.

The program included "America the Beautiful" led by Mrs. Sandra Jordan who also gave the history of "Love's Old Sweet Song" and led in singing it.

Mrs. Mary Esther Romine read two poems, "This I Know" and "Dad and Me Together", for meditation.

Mrs. Joan Welch reminded everyone in her health and safety remarks that they should clean old medicines out of the medicine chests frequently.

Mrs. Becky Gross reminded members that one of the most important things about freezing food is the packaging of it. In her lesson, "Using Your Freezer" she demonstrated moisture-vapor-proof packaging materials that permits no moisture to leave or air to enter the package.

At the conclusion of the regular business meeting, members and guests were entertained by six Mentone girls, Pam Abbey, Debbi Bowster and Sharon Lewis who sang three songs, Jacquie Pritchard who recited a poem, Kathy Boggs who gave a reading, and LuAnna Sarber who gave an original reading entitled "What Little Girls Think of Little Boys".

The club voted to give \$10 to the street sign project.

The meeting closed with the club prayer song and the club Collect.

## GIRL SCOUT NEWS

Jr. Troop 25 met Thursday afternoon at the Methodist church with ten girls present.

Dues were collected and troop numerals and crests were given to the new Juniors.

Leslie Senff and Lisa Owens had badgeword signed. Leslie completed the Hospitality badge.

We went on a short walk and upon our return we went to a local grocery where each of the girls purchased something for refreshments.

Juniors present were Lisa Owens, Leslie Senff, Debi Blackburn, Mary Lou Wagner, Crystal Ross, Melva Smith, Jackie Walton, Alicia Dickerhoff, Kim Boardman, Susie Riner and Mrs. Dale McGowen, the leader.

Jackie Walton, Crystal Ross and Susie Riner are attending day camp from June 17 to 21 at the Joe Orr farm.

All juniors are urged to be present at the next and last meeting of the summer on June 20 from 2 to 3:30 p.m.

Plans will be completed for the trip to Franke Park in Ft. Wayne on Saturday, June 22.

## Atrazine And Oil Postemergence Treatment Is Outlined

Because of the many calls the local extension offices have been receiving concerning Atrazine and oil postemergence treatment, Don Osborn, Fulton county extension agent, reminds farmers of the following points:

Contrary to several informational sources, the application rate should not be reduced below pre-emergence rates for most effective annual grass control. However, the maximum rate suggested by the company is 2½ pounds of Atrazine sow.

Apply to weeds 1½ inches tall or less. Weed maturity and size influence the control. The larger grass plants are less effectively controlled than smaller plants. This is the maximum size and earlier application is permissible and more effective. **THIS SHOULD BE DONE NO LATER THAN 3 WEEKS AFTER PLANTING.**

Use at least 20 gallons of spray mixture per acre for full coverage or proportional to the amount sprayed.

He also notes that the addition of a non-phytotoxic crop oil increases effectiveness of the early postemergence Atrazine treatment. He says most research work has been done with 5-10% oil (one to two gallons in twenty gallons). Based on research results, he says, a paraffinic petroleum oil is suggested that has a viscosity range between 70 and 110 and an unsulfonated residue of 90 or more. The oil should also contain an emulsifier or should have one added. Several non-phytotoxic crop oils are available for this use.

Shallow cultivation after an early post-emergence application increases the effectiveness. Osborn warns that shallow cultivation after an early post-emergence application increases the effectiveness but that temporary bleaching of corn leaves may develop after applying Atrazine-oil. He cautions that 2-4-D should never be used with Atrazine and oil when used as an early post-emergence spray.

## Editor's Viewpoint

The fact that official school board business — the swearing in of a board member and the appointment of an officer — was done in a "special" or executive meeting causes us some concern. That, coupled with the rumors of special "star chamber" meetings at which all members are not present, does not suggest smooth public relations or good ethics.

Little can be gained by secret meetings except to arouse the curiosity and animosity of the rest of the citizens.

It matters little if everything done at these meetings is above-board and beyond reproach. The implication that "something more" could have taken place lingers and its effect destroys the confidence that a group, in this case the Tippecanoe Valley School Board, hopes to establish.

We hope non-public meetings, forbidden by law, and "star chamber" meetings, forbidden by school board policy, will stop. The undermining effects such meetings have could destroy the corporation.

It might be well for the board members participating in such meetings to review the Hughes Anti-Secrecy Laws. It seems strange that the men who campaigned for this office on the basis that everyone had a right to know what was happening in the corporation should feel compelled to resort to behind-the-scenes tactics.

We don't like it.

## 'Alaska or bust' is their motto

A lifelong dream has come true for Mr. and Mrs. Richard Lewis, R. R. 5, Rochester (Tiosa) and their son Hugh. They have always wanted to go to Alaska, and now, traveling in comfort in a remodeled school bus, they are on their way.

Lewis, a carpenter, redesigned the interior of the bus to include a fully equipped kitchen with stove, refrigerator and sink; a bathroom; two paneled and carpeted bedrooms and a dinette area. There is storage space and a lighting system that doesn't depend on someone else's electricity. They will have water from their own system and controlled ventilation from newly installed screens.

The Lewises plan to be gone eight weeks, driving on the famed and rugged Alcan Highway. Plenty of extra tires are in evidence in the event they encounter difficulty on the road. As a further precaution, they have strapped a motorcycle to the front of the bus so that if they have a break-down and are stranded one of them can ride for help.

Fun and recreation were included in the plans, and a boat is also strapped to the top of the bus with an outboard motor tucked inside.

Lewis, who says he has wanted to go to Alaska for "at least forty years", and his wife, a doctor's receptionist, planed the trip in honor of son Hugh's recent graduation with a master's degree from a Massachusetts university.

With the motto "Alaska or Bust" emblazoned on the side of their bus and another motto etched below the extra gas cans that read "We may be slow but we're ahead of you", the modern-day covered wagon left Tiosa Saturday night on its long safari accompanied by a merry toot of the horn and happy and neighbors who wished that somehow, they too, were going along.

Ready to leave on their trip to Alaska, Mr. and Mrs. Dick Lewis and their son, Hugh, pause for a minute at the table in their bus's small but efficient dinette.

"Alaska or Bust" is painted on the side of the Richard Lewis's remodeled school bus, and the Lewises are determined they will make it there and back in this bus that has been remodeled to include all the comforts of home. A motorcycle for use in the event of trouble and extra tires are in evidence as they start the long-awaited trip.

## Take your problems to Church this week -

### Happy Is This Old-Timer

Happy is the old-timer who keeps abreast of the times, can successfully adjust himself to his surroundings, play with the youngsters and find contentment in whatever environment he may find himself. Far too many discover they have been relegated to another world from youth, with an unseen barrier between and they lack the knowhow to break that obstacle. If they are blessed with health and stamina of course they have a common ground in the playing of games. Too often the old-timer suffers a nagging loneliness because he cannot overcome and remove the obstacles and barriers between youth and old age.

Old-timers and youngsters all have one common ground where they can enjoy fellowship together. To the Father and Ruler of the universe all are children. All can appear before Him in joyful thanksgiving and with contrite, penitent hearts. Church attendance and activity can be made a source of power and strength, a refuge and a permanent joy forever, for all "Children".

## T.V.S.C. BOARD

Continued from Page 1

8-12 will be in the high school building. Mentone will have K-5 and 8-12.

The board voted to withdraw the book rental system now in effect.

Policy manuals were distributed at the next meeting. Dr. VanGilder expressed an opinion that much revision would be needed. He moved that the board hire the legal firm of Bowen, Myers, Northan and Givan in Indianapolis to represent the board in future legal matters. The motion was unanimously accepted. Dr. VanGilder also suggested the term "unanimously accepted" be changed to "accepted" since unanimously was difficult to spell. The suggestion was taken under advisement.

Eldon Cumberland, president of the board, was honored with a plaque for his years of service on the board. He was praised by Forbes as a board member who stood for the betterment of education and progress and who expressed his opinions well.

Teacher contracts for Kathleen Jennens and William Darr were approved.

## Merry Molly Club Sees Demonstrations

The Merry Molly's Extension Homemakers Club met Monday evening at the home of Mrs. Eva Belle Smith with Mrs. Martina Thompson as co-hostess.

Mrs. Pat Gross led the members in singing "America," the pledge to the flag and the club creed.

The history of "Love's Old Sweet Song" was read by Lea Hudson and sung by the group.

Betty Sarber read a poem given to her by her grandmother for meditation.

Faye Whetstone gave the health and safety report on the pruning of evergreens and named different types of mulching.

Pat Gross gave the lesson on serving meals. She included proper table setting, planning the table, menu and seating arrangements, able decorations for formal, informal and buffet dinners as well as teas, coffee hours and receptions.

A short business session was conducted by Emma Lou Hier and a thank you note was read from Marilyn Reiff.

Plans were made to attend a play at the Wagonwheel Playhouse on July 27th.

Secret pal gifts were received by Betty Sarber, Faye Whetstone and Pat Gross. A baby gift was presented to little Kerry Tucker.

The meeting closed with members repeating the Collect.

Refreshments were served to eighteen members and one guest Mrs. Carolyn Bennett of Rochester.

## Band Members Elect Officers

Although the school year is completed, members of the Mentone marching band continue working. The band meets every Tuesday from 7 to 9 p.m. for practice, and each member has an individual lesson at some time during the week.

At a recent practice the bandmen elected John Romine president for the coming year. Other officers elected were Gary Romine, vice-president; Luanna Sarber, secretary; Laura Creighton, treasurer; and Susie Tibbets and Linda Fawley, librarians.

The band has been working hard on its summer routine. A bus schedule lies ahead as can be seen below:

June 22 — Concert at Atwood  
June 29 — Albion Chain O' Lakes Parade  
July 1 — Bremen Firemen's Parade  
July 4 — Parade at Akron  
July 12 — Syracuse Firemen's Parade  
July 27 — Roann Parade  
Aug. 24 — Kewanna Parade

The marchers are directed by Kenneth Bush who joins with the band members in saying that public support and attendance at parades are appreciated.

Miss Annette Hibschan left from Warsaw to spend three days this week as a delegate to the State Junior Leaders Conference. Annette was one of a group of five delegates from this country. The conference, sponsored by the Kiwanis Club, is held at the 4-H Center in Lafayette.

## To Celebrate Golden Anniversary

Mr. and Mrs. Clarence Pfeiffer, R. R. 1, Mentone, will observe their 50th wedding anniversary Sunday, June 30, in their home three miles south and three miles west of Mentone. Friends are invited to attend an open house from 2 to 5 p.m. but the couple requests gifts be omitted.

The Pfeiffers were married at Plymouth and are the parents of eight children. Mrs. Lloyd (Doris M.) Grass, LaFayette; Don Pfeiffer, Rochester; LaMar Pfeiffer, Logansport; Mrs. Fred (Helen E.) DeMein, St. Charles, Ill.; Gene Pfeiffer, St. Charles, Ill.; Mrs. Betty DeMein, Rochester; Mrs. Keith (Marilyn) Muller, Monroe, Ohio; and Miss Joan Pfeiffer, So. Bend. They also have twenty six grandchildren and two great grandchildren.

The Misses Carmen Anglin and Linda Hibschan will spend three days next week attending the annual 4-H Roundup at Purdue.

## Demonstrations Are Given by 4-H Girls

Members of the Mentone Merry 4-H club met recently at the home of Kay and Faith Goshert and following a routine business meeting, demonstrations were given by Kay Goshert "Rag-bag Safari", Faith Goshert "How to Beat the Heat with Punch", and Joyce Norris "A Meat Sandwich Bake".

The leaders, Betty Hibschan and Joan Anglin, discussed the main points about the county judging contest.

## DID YOU KNOW?

Mrs. Devon Marshall returned to her home with her new son, Gary Lynn, Sunday afternoon. The little boy, born June 13, weighed 9 pounds, 13 ounces. Grandparents are Mrs. Mary Marshall of Mentone and Mr. and Mrs. Harold Gardner of Tippecanoe.

Ronnie Toll was a guest of Reid Bowser last week. Amy Bowser is spending this week with the Toll family.

## What Every Bride Should Know

by Ima Hugger

Girls—take it from me—every bride should know a few of the important facts of life when she gets married. She should know, for instance, that beauty is only skin deep. In the case of furniture that means a lot. She should look for beauty and quality in construction to wear well for the years ahead. She should know that quality is the key word at King's Furniture and Carpet in Mentone and she should learn to shop there for all her furniture and carpet needs. The quality she gets there and the fine assistance she is given with all her purchases will insure that she will always be a happy bride and a loving wife.

## OOPS !! Who pulled the plug?

Somebody up there pulled the plug on us this week and the resulting downpour has undulated parts of Mentone and the surrounding countryside. With 5 inches of rain recorded in local

raingauges, it would seem that we have enough to last for a little while — at least until the flooded fields, yards and basements can be dried.

Already flooded and with more water coming, this empty house has three inches of water on the floor and is completely surrounded by the waters formed by this week's heavy rainfall.

All photos by Mentone News

Entering Mentone from the east, it would appear the town is located in lake country. The lakes and rivers of rain have covered many low areas and smaller streams can be seen in this picture as the water pours between the rows of corn.

Where, or where, has my little doggy gone? We don't know where he went, but it's a cinch he isn't in his house — not with the house half covered with water.

High water means high fun for these youngsters. Outfitted with life jackets, rubber rafts and boats, these children enjoyed Tuesday's downpour and had themselves a splashing good time.

## Park - A - Rama plans are begun

Plans for this year's Park-A-Rama were begun at a dinner meeting of the Mentone Chamber of Commerce Monday night.

Nineteen members were present and heard routine business conducted by the president, Bob Hilschman.

Darrell King was appointed chairman of the July 27 Park-A-Rama event. His committee will include other committee chairmen and the board of directors.

Suggestions for the event included tractor and pony pulls, a fly-in, and a BB championship. It was also suggested that the

Youth League have an invitational play-off, and it was reported that the 4-H girls would have a crafts and food tent.

It was noted that the Mentone band would not be able to participate due to a previous en-

## Library Receives Memorial Gift

The Bell Memorial Library has been presented a copy of the 28th edition of *Black's Medical Dictionary*, which was presented recently by Dr. and Mrs. Edward A. Marshall of Cleveland, Ohio in memory of the late Dr. Dan Urshel.

The book, first published in 1906 has been completely revised every year since that time to keep it current with the rapid advances in many branches of medicine.

The book is an established reference book of authoritative and easily accessible information written in intelligible language on medical subjects of general importance and interest. Its practical value is testified by its use by nursing and medical students and practitioners as well as in the family medicine cupboard.

agement.

Further plans will be formulated at a planning session held tonight.

The Chamber of Commerce also reported donating \$50 to the street sign project.

## Mentone Lions Club Installs New Officers

At a meeting Tuesday evening at Teel's restaurant, past District Governor Gaylord Toll installed the recently elected officers and directors of the Mentone Lions Club for the 1968-69 year.

Those installed were Larry Pyle, President; Darrell King, 1st Vice President; James Manwaring, 2nd Vice President; Sam Norris, 3rd Vice President; Ron Russell, Secretary; Wayne Bowser, Treasurer; John Hurst, Tail Twister; Kenneth Romine, Lion Tamer. Directors installed were George Black, two year term; Milo Fawley, one year term; and Leroy Cox, one year term. Lion Toll described the duties of each office and congratulated the new officers.

The installation followed the opening ceremonies in which Lion Leroy Cox led in the singing

of "America" and the pledge to the flag and Lion Dale Kelley gave the invocation.

Newly elected President Larry Pyle presented the previous year's president, Eldon Horn, with the Past President's pin. Lion Horn expressed his appreciation for the cooperation he received during the past year.

The program chairman, Lion George Welch, introduced Sal Murcia. Mr. Murcia showed slides and described his experiences while participating in a youth work camp in Panama sponsored by the North Indiana Conference of the United Methodist Church. The group helped build a cabin for a youth camp and repaired and rebuilt a church. After a short discussion the meeting adjourned.

## Early Deadline

Following the closing refreshments were served in the dining room by Jenny Hackworth, Judy Teeter and Connie Carr.

## Joyce Maby Feted

A reception was held at the Athens United Methodist Church, June 23rd, honoring Joyce Maby, Grand Ambassador of Good Will. Those who planned the affair and the decorations were her parents, Mr. and Mrs. George Maby, Debra Hunter, Marna Stephen, Marjorie Kendall and Jackie Stucker. The guests, Mrs. Don Nicodemus, Christine Miner, Janet Sheetz grand service, acted as worthy past worthy advisor and past and Debbie Beasley registered advisor.

Mrs. Lloyd Walters played a prelude of piano music then accompanied Mr. Jack Shoemaker as he sang "Climb Every Mountain". Jackie Stucker, drill leader, escorted Joyce through an aisle of girls who presented her with long stemmed pink rose buds, as Jack sang, "Only A Rose". In the escort were Karen McFadden, Diane Martin, Lu Ann Miller, Sherri Schwer, Terri Boardman and Terry McGowen. A most enjoyable talk and demonstration, "Tricks with Cor-sages" was given by Mrs. Claude Fawns.

Joyce introduced her family and friends and thanked her committees.

Refreshments were then served of dainty sandwiches and punch which were served from a table covered with a blue floor length skirt in the center of which was a floral arrangement of pink rose buds, blue daisies and white gladioli and greenery. Those serving were Diane Walters, Carol Bowen, Shirley Hunter and Mrs. James Norman.

There is expert opinion that most people with heart or lung disease who get along well at sea-level, can tolerate altitudes of 7,000 or 8,000 feet without serious effects says your Indiana Heart Association.

The Navy sure has changed: It's forgotten the captain of the Pueblo, who surrendered, and it's fired a captain who wanted to fight!

A quick change from sea-level living to high altitudes may cause discomfort because of the lessened supply of oxygen in the air. Making the ascent gradually can be a help says your Heart Association.

## Parson Jones Speaks

Dear Mr. Publisher

A tragedy struck in our home last week - our dog died. He was hit by a train. What followed this tragedy has stirred up a real controversy in our church.

When my smallest youngun found out old Spot was dead he wanted it brought home and buried in the yard. Well sir, I didn't know whether I ought to or not on account of some folks are prejudice against dogs. But, I couldn't resist the little fella's tears, so I dug a first-class grave and put a head stone on it to boot. I inscribed the words, "Spot - a Friend of Kids."

One of my members saw the grave and started laughing about how silly the hole thing was. My boys jumped on the fella and beat him up. This here member went to the church deacons and swore the preacher's family was a bunch of heathens burying a dog like it was a human. I got called on the carpet and bawled out for fare-you-well. By yesterday the hole thing had been spread over town. The young folks are siding with my younguns and the old folks are siding with the "good book".

The old folks are saying that God didn't give nobody but humans a soul. Animals according to them ain't nothing but bone, flesh, blood, hide, and hair, and shedding tears over them was foolish. "After all dogs don't go to heaven," they pointed out. They also allowed as how the good Lord has give dominion over all the earth to man - so he can do anything he wants to with animals.

The younguns allowed as how growth folks always seemed to have all the answers to everything that comes up. My little boy observed that they were usually wrong about everything. They were wrong about the earth being flat and wrong about not being able to split the atom. And most folks over 50 are still saying we'll never put a man on the moon - and they could be wrong about dogs not going to heaven. One first grade class has threatened to demonstrate if dogs don't get a chance in the after life.

Well Mr. Publisher, it's been going like that hot and heavy ever since our dog's funeral. I don't know whether a dog goes to heaven or not, (I ain't got no proof that he don't) but I believe all life is holy and should be respected.

Your dog-loving friend,  
Parson Jones

These two magnetic, highly articulate young men have proven one thing. They have captured the imagination of the Nation's young as almost no one before them has ever done. Upon whom will this mantle of adoration fall? Fall it must, for the young must have a star, a hero. It is the nature of life. The Times-Union will be early to predict that in the forefront of their apperents, will be Indiana's own, young, handsome and dedicated Senator Birch Bayh, who has the same youthful appeal and ability to communicate with the young that was the Kennedy stock in trade. ## District President Addresses WSCS

The Women's Society of Christian Service met Thursday night, she reminded members of Eldon Horn.

Pearl Lackey welcomed all the members and guests and offered prayer.

The secretary read thank you cards from seniors Pat Greer and Mike Whetstone on receipt of their Bibles. Mrs. Gene Sarber reported that 13 New Testaments in Modern English were given to Seniors this year.

After Mrs. Elmer Sarber related the wonderful evening that the Women's Society spent at Talma the previous week, the ones unable to attend felt that they had missed a really worthwhile time. The main program was a talk and slides by a German exchange student.

Mrs. Abe Whetstone was reported as ill and will receive a get well card.

Mrs. Harold Utter led the Society in a most beautiful and inspiring installation ceremony. Candles were lit representing the twelve disciples after which incoming officer received a candle to hold as she listened to the challenge of the duties of her office.

Mrs. Norma Ruse, district president, and author of the poem "One Step At a Time" that Mrs. Walter Lackey, as president had taken as her theme for her reigning years, was the evening's speaker.

Mrs. Ruse gave a wonderful witness to her spiritual growth through a growing personal relationship with God. One thing that is a must is taking time for daily Bible study and prayer, she said.

She first joined the Women's Society out of a sense of duty but gradually felt the need to serve as she felt the Society of-

tered a challenge and opportunity for her to attain spiritual growth.

Quoting Scripture taken from evening, June 20th with Mrs. the story of the growing vine, which is Christ. We are the branches, she said. A vine well established is hard to kill, so stay attached to the vine. We should all be continually changing, but striving still to keep the freshness of a new faith, she reminded. "How do you picture God?" she asked "As some terrible person waiting to punish you for your sins, or as he really is, a loving, compassionate and forgiving father? Start to serve where you are, listen and talk to God on a two-way line, then act on what he says."

As a last thought, the Women's Society is a group that has a spiritual purpose and motive and is a meeting place for Christians, she reminded as she closed with an original poem and prayer.

Mrs. Walter Lackey thanked Mrs. Ruse for giving a new picture of the Women's Society and a new insight.

While the hostesses, Mrs. Gene Sarber, Mrs. John Teel, Mrs. Charles Manwaring and Mrs. Wymond Wilson, prepared lovely refreshments, Mrs. Ruse played a group of favorite hymns on the organ. Everyone enjoyed singing along.

Mrs. Rider, Mrs. Ruses' mother, was also a guest for the evening.

Next month's meeting will be with Mrs. Jim Whetstone.

### Hears Lessons

Mrs. Joe Slone, assisted by Mrs. Minnie Busenburg, entertained members of the Mentone Extension Homemakers Club recently.

Mrs. Eve Laird opened the meeting and Mrs. Blanch Whitmyre led the group in singing the song of the month.

Mrs. Minnie Busenburg presented meditation and Mrs. Howard Horn gave health and safety hints about poison ivy, poison oak and sumac poison. Garden remarks about pruning pines and mums and mulching flower beds were given by Mrs. Joe Slone.

Mrs. Ralph Warren and Mrs. Glen Secrist presented a lesson on freezing food.

Eighteen members answered roll call was telling "styles I dislike".

During the business meeting conducted by Mrs. Howard Horn, members voted to give a donation to the street sign project.

The meeting closed by singing the club prayer and repeating the Collect. Refreshments were served to the members and their guests, Mrs. Eva Severns and Mrs. Herman Kuchner of Ft. Wayne and Melva and Betty Jean Smith.

The July meeting will be at the Mentone Park.

by Mrs. Floyd Blackwell

Mrs. Emmett Clark has returned home after a three weeks' visit with her daughter and son-in-law, Mr. and Mrs. Forest Jobe, and Mrs. Isaac Horn of Warsaw.

Mr. and Mrs. Joe Slone entertained at a birthday party in honor of their daughter, Peggy Sue, on June 18. Those present were Mr. and Mrs. Edward Jones of Burket, Mrs. Minnie Busenburg of Mentone, Mrs. Howard Severns of Tippecanoe and Mrs. Katherine Keener of Ft. Wayne. Refreshments of home-made ice cream and cake were served.

Mr. and Mrs. Franklin Bicknell and children, Mike, Patti and Kelley of Coshocton, Ohio came Sunday to spend a few days with Mrs. Ernest Lewis, Kay, Debra, Carey and Mrs. Emmett Clark. Other Sunday callers were Mr. and Mrs. Forrest Jobe of Warsaw and Mr. and Mrs. Ivan Clark.

Mr. and Mrs. Earl Boggs entertained the following Sunday dinner guests: Mr. and Mrs. Sam Boggs, Mr. and Mrs. Charles Biddleman, Mr. and Mrs. Bruce Biddleman, Marshall, Michigan; John Biddleman of Claypool;

Mr. and Mrs. Kenneth Boggs, Kathy and Marion, and Rex Bowser of Mentone; Mr. and Mrs. Robert Boggs, Lisa and Bret, and Mr. and Mrs. Larry Boggs, JoEllen and Jeffrey.

Tim Haney of Marion is visiting his grandparents, Mr. and Mrs. Floyd Rule.

Recent callers of Mr. and Mrs. Floyd Blackwell were Chester Jones of Columbia City, Mr. and Mrs. William Myers of Mishawaka, Mrs. Kenneth Mollenhour of Mentone, Mr. and Mrs. Fred Sarguy, Mrs. Al Goniger of Paul and Rev. Ed Erwin of Cook's Chapel.

Mr. and Mrs. George Mollenhour entertained Sunday with a dinner in honor of the 82nd birthday of her mother, Mrs. Minnie Miller. Other guests were Mr. and Mrs. Martin Rooy and Mark, Mr. and Mrs. Walter Miller of Ft. Wayne, and Mr. and Mrs. Lyman Mollenhour of Mentone.

Mr. and Mrs. Floyd Blackwell and Josephine spent Sunday afternoon in Wabash as callers of Mr. and Mrs. William Adams and Mrs. Henry Adams. The latter is confined to her bed and is not too well.

## The Bible Speaks

Question: Is sprinkling really baptism? I shall quote scriptures in the Bible that have to do with water baptism. Your decision must be based upon the Word of God, unchanged, unperverted, and as it is. "...they were all baptized of him in the river of Jordan, confessing their sins." (Mark 1:5) "And John also was baptizing in Aenon near to Salim, because there was much water there; and they came, and were baptized." (John 3:23) "And he commanded the chariot to stand still; and they went down both into the water, both Philip and the eunuch; and he baptized him. And when they were come up out of the water, the Spirit of the Lord caught away Philip, that the eunuch saw him no more; and he went on his way rejoicing." (Acts 8:38-39) "Know ye not, that so many of us as were baptized into Jesus Christ were baptized into his death; therefore we are buried with him by baptism into death that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life. For if we have been planted together in the likeness of his death, we shall be also in the likeness of his resurrection." (Romans 6:3-5) "Buried with him in baptism, wherein also ye are risen with him through the faith of the operation of God, who hath raised him from the dead." (Colossians 2:12) "And now why tarriest thou? arise, and be baptized, and wash away thy sins, calling on the name of the Lord." (Acts 22:16) From these scriptures we can see that baptism is a burial and is the likeness of the death of Christ (Romans 6:5) Then we come forth in the likeness of his resurrection (Romans 6:5) "...baptism, wherein also ye are risen with him ..." makes the picture of a resurrection clear. (Colossians 2:12) There is no scripture in the Bible to teach that sprinkling is baptism. Therefore one who has been sprinkled has yet to be baptized.

## GIRL SCOUTS

### A Column of News By And For All Girl Scouts Of The Mentone Community

On Saturday, June 22, nineteen Junior Scouts, leaders, drivers and guests went to Frank Park in Ft. Wayne. This is an annual affair for the girls to go somewhere of particular interest and funds used come from the sale of calendar and cookies.

The girls enjoyed riding ponies and the train ride was fun for all. There were various animals in the park and of particular interest was the area where the baby goats, deer and calves were kept. The girls enjoyed bottle feeding the animals in this area and were amused at a goat who

preferred to eat paper.

After enjoying a lunch and purchasing souvenirs, the girls left for home at 2:30 p.m.

Juniors present were Leslie Senff, Jessica Gross, Sandra Good, Lisa Owens, Paula Beck, Cheryl Clappitt, Cindy Deal, Debra Kelley, Kathy Greer, Stacy Stavedahl, Tammy Grimm, Kathy Tucker and Barbara Johnson.

Mrs. Richard Grimm, Mrs. Eldon Senff and Mrs. Walter Kelley drove. Also present were Pam Kelly and Mrs. Dale McGowen and Lori.

A cook-out scheduled for Thursday afternoon in the Mentone park will climax the summer season for Troop 25.

## Archie Moore says, "The devil is at loose in America"

On the heels of riots and violence which wracked more than 100 U. S. cities, a voice of calm and reason stood out as a beacon of hope to white and black Americans alike. It belonged to the retired light heavy-weight boxing champion of the world, Archie Moore. Himself a product of a Negro ghetto in St. Louis, Moore is now embarked on a program which he calls ABC—standing for Any Boy Can—designed to teach youngsters that there "is greatness in America." ABC programs now operating in two California cities, San Diego and Vallejo, Moore said, and other cities are interested, including San Francisco and El Centro, Calif., Milwaukee, Las Vegas, and Canton, Ohio. In the following special article, Archie Moore discusses this program and his views on riots and violence. He concludes: "Everybody must take a stand in this time of internal crisis. A man who stands neutral stands for nothing."

BY ARCHIE MOORE: The devil is at work in America, and it is up to us to drive him out. Snipers and looters, white or black, deserve no mercy. Those who would profit from their brother's misfortunes deserve no mercy, and those who would set up fellow Americans upon each other deserve no mercy.

I'll fight the man who calls me an "Uncle Tom." I have broken bread with heads of state, chatted with presidents and traveled all over the world. I was born in a ghetto, but I refused to stay there. I am a Negro and proud to be one. I am also an American, and I'm proud of that.

The young people of today

think they have a hard lot. They should have been around in the '30s when I was coming up in St. Louis. We had no way to go, but a lot of us made it. I became lightweight champion of the world. A neighbor kid down the block, Clark Terry, became one of the most famous jazz musicians in the world. There were doctors, lawyers, and chiefs who came out of that ghetto. One of the top policemen in St. Louis came from our neighborhood.

We made it because we had a goal, and we were willing to work for it. Don't talk to me of your "guaranteed national income." Any fool knows that this is insanity. Do we bring those who worked to get ahead down to the level of those who never gave a damn? The world owes NOBODY—black or white—a living. God helps the man who helps himself!

Now then, don't get the idea that I didn't grow up hating the injustices of the world. I am a staunch advocate of the Negro revolution for the good of mankind. I've seen almost unbelievable progress made in the last handful of years. Do we want to become wild beasts bent only on revenge, looting and killing and laying America bare? Hate is bait, bait for the simple-minded.

Sure, I despised the whites who cheated me, but I used that feeling to make me push on. If you listen to the professional rabble-rousers, adhere to this idea of giving up everything you've gained in order to revenge yourself for the wrongs that were done to you in the past—then you'd better watch your neighbor, because he'll be looting your house next. Law and order is the only edge we have. No man is an island.

Granted, the Negro still has a long way to go to gain a fair shake with the white man in this country. But believe this: if we resort to lawlessness, the only thing we can hope for is civil war, untold bloodshed, and the end of our dreams. We have

to have a meeting of qualified men of both races. Mind you, I said qualified men, not some punk kid, ranting the catch phrases put in his mouth by some paid hatermonger....

I do not for a moment think that any truly responsible Negro want anarchy. I don't think you'll find intelligent—no, let's rephrase that—mature Negroes running wild in the streets or sniping at total strangers. God made the white man as well as the black. True, we haven't acted as brothers in the past, but we are brothers. If we're to be so many Cains and Abels, that's our choice. We can't blame God for it.

As a matter of plain fact, I have been doing something for the past several years. I have been running a program which I call the ABC—Any Boy Can. By teaching our youth, black, white, yellow and red, what dignity is, what self respect is,

what honor is, I have been able to obliterate juvenile delinquency in several areas. I would now expand my program, change scope. If any boy can, surely any man can. I want to take teams of qualified people, top men in their fields to the troubled areas of our cities. I know that the people who participated in the recent riots, who are participating and who will participate, are misguided rather than mad. If some bigot can misguide, then I can guide. I've spent too much of my life building what I've got to put it to torch just to satisfy some ancient hatred of a man who beat my grandfather. Those men are long dead. Do we have to choke what could be a beautiful garden with weeds of hate? I say NO! I invite the respected Negro leaders of our country to join me.

## What They Wore...by PHYLLIS JOYCE

### THE GRADUATE

AT ONE TIME STUDENTS wore their "best dresses" to graduation exercises. In the 1880's and 90's seniors at Wellesley Mt. Holyoke, Elmira and other colleges began a student movement to dignify the ceremony by eliminating differences in dress.

In 1893 an inter-collegiate commission drafted a uniform code for caps, gowns and hoods that's still in effect today.

A color was established for each academic subject (for example: light blue for education; pink for nursing; white for music) to be used on the trimmings of doctors' gowns, edgings of hoods and tassels of caps.

Today...when buying women's or children's apparel look for this label-the symbol of decency, fair labor standards and the American way of life.

## Instructor Course Set by Red Cross

The Kosciusko County Chapter will conduct a First Aid Instructor Training and Review Course with Mrs. Richard Messner instructing. The first class will be held at the Red Cross Chapter House, 501 N. Lake, in Warsaw July 2 from 7 to 10 p.m. The date and time of subsequent classes will be discussed and decided at that time.

Prerequisite for the course is a current American Red Cross Advanced First Aid certificate and 18 years of age.

The course, as well as providing the opportunity for First Aid Advanced students to become First Aid instructors, also offers review for instructors who have never taught a class and refresher for those who have. It will afford those instructors whose authorizations have expired an opportunity to renew them.

Anyone having questions or desiring more information, should call the Red Cross Chapter House - phone 267-5244.

## Sullivan Sustains More Injuries

Sp4 Larry Sullivan, son of Mr. and Mrs. Harry Sullivan of Mentone, has sustained injuries in Vietnamese action for the third time. The last set of injuries was less serious than the first two and he returned to active duty at once.

Sullivan, stationed at Saigon, recently observed his birthday and received so many cards and letters from friends and relatives he says he couldn't answer them all by Christmas.

Mrs. Elizabeth Simcoe has returned to her home after being hospitalized for almost two weeks. Her granddaughter, Jo Lynn Simcoe of No. Manchester, spent the weekend with her.

## Mrs. Reed Hosts Scatter Club

The Riverview Scatter Club met recently at the home of Mrs. George Reed.

Donna Shephard conducted the meeting, and reports were heard from Mrs. Geo. Reed, who gave meditations; Mrs. Foster Hively, who gave garden remarks; and it was noted that Mrs. George Reed and Mrs. Gerald Ross had helped with the Cancer Fund Drive.

The trip committee discussed plans to go to the Steer Inn and have a speaker show slides. It was also suggested that the sponsoring club, the Crystal Club be invited.

The door prize was won by Mrs. Bobbie Jones, and a white elephant sale was enjoyed.

Mrs. Reed, assisted by Mrs. Wilbur Christner, served hot fudge sundaes to nine members and three guests.
