Love life of mosquito to be discussed at Akron meeting

"The Love Life of A Mosquito" will be the topic of Carl Dauler's

talk when he addresses interested citizens, Akron town board members and Fulton County officials at a 7:30 p.m. meeting, Wednesday, June 9, in the Akron library basement.

Dauler, who has been working with the mayor of Plymouth in eradicating mosquitoes, will stress the importance of spraying.

The public is encouraged to attend.

Mentone ambulance fund drive collects \$24,000

Frank Manwaring, fund raising chairman of the Mentone-based Four-Way Ambulance Emergency Service, Inc., this week announced that more than \$24,000 in cash and pledges have been received.

Letters (see copy inside this week's NEWS)

were sent to area residents outlining charges that will be made.

Manwaring expressed pleasure that the goal of \$25,000 was so nearly met without special fish fries or other money-making events. "The entire amount came strictly from donations," he said.

Talent needed for Akron program

Is there any talent in Akron? This is a question being asked this week by members of Akron's Bicentennial committee, which has extended the age limit for the variety show to include high school students.

Several entries have been received, but more are needed.

Dale Pace can be contacted at the high school by anyone interested in participating.

Anything from magic tricks to music will be welcome, according to the committee.

Four named Good Citizens

Four students in the Akron and Mentone junior highs received DAR Good Citizenship medals recently.

Akron students were Scott Tilden and Ann Kline. Selected at Mentone were Kenneth Good-

man and Darlene Hathaway.

The contest is sponsored each year by Anthony Nigo Chapter, DAR. Each principal is asked to select a boy and a girl in the eight grade

It's time to join the Kosciusko Co. Historical Society

By Suzanne Ware

As July 4th of the Bicentennial year approaches, the Kosciusko Co. Historical Society says now is the time to support historical preservation by joining the Historical Society.

Everyone can help the Society achieve its goal of preserving, protecting and recording county history by becoming a member...adults \$2; students \$1 and sustaining membership \$5.

ACTIVE OR INACTIVE

There are many activities within the Society for those interested in active participation.

The Genealogy and Indian Lore sections are set up to expand special interests. They conduct separate meetings and projects.

General meetings are held on the average of five times a year. The quality of programs is outstanding for an organization this size. State, national and local resources are drawn upon to give members a varied fare. Some of the recent topics were "The War of Independence as a Revolutionary Model", "Disobedience in Indiana During the Civil War", "Architectural Preservation in Indiana", "Hoosier Governors Thru the Civil War" and "Be-yong the Buggy, a History of the Amish People of Northern Indiana."

Members also find working at the museum can be fun and interesting. Planning and helping with the county historical tour, the landmarks committee, doing individual research and serving on the Iron Bridge committee are all activities open to those whose time permits them to support historic preservation both actively and financially.

SUSTAINING

For those who cannot be actively involved but who wish to see our her-

itage preserved, a special membership category has been formed, according to Marion Anglin, membership chairman. A sustaining membership is \$5 and will be applied directly to preservation efforts.

MUCH HAS BEEN DONE

Much has been accomplished by the Society in its 10½ years of existence.

The old records in the court house amidst knee-high piles of dust and grime have been salvaged.

A county historical museum has been established and is in its fifth summer season. Thousands of visitors have enjoyed learning about county history on summer Sunday afternoons and, thanks to Society members serving as guides, hundreds of school children have toured the museum.

An iron bridge has been saved and a park that was once part of an Indian reservation on the Tippecanoe River

has been saved from land development.

Bulletins containing individual research have been published and old volumes of county history have been reprinted and offered to the public.

Historical tours have been held, raising interest and appreciation in the rich and varied historical background our county has.

MUCH YET TO DO

If the Historical Society is to continue its onward efforts of preserving, protecting and recording county history, it must have the broad support of county residents....the citizens of Kosciusko Co. can guarantee a future that includes the rich heritage of the past by joining the Kosciusko Co. Historical Society today.

Won't you send your dues in the appropriate category today to Kosciusko Co. Historical

Society, Mrs. Marion Anglin, R. 2, Box 16A, Leesburg, IN 46538.

The Society thanks you and so will the generations to come who will benefit from what we preserve today.

60 YEARS AGO

The common schools of Henry had 39 pupils that successfully completed the work outlined in the course of study and were granted diplomas. Of these, ten are from the one-room schools and the remainder from the graded schools. With a view of increasing the interest of both parents and pupils in the work of the common schools, and particularly to stimulate more of the boys and girls of the country schools to complete the work of the grades the trustee has arranged for graduation exercises for the common schools, to be held in the Opera house at Akron. While Henry township has six more graduates than any other township in the county, yet we feel that it is possible to increase the number, especially from the country schools, so this is the reason for extending to them a special invitation to the exercises.

Mr. and Mrs. Willis Leininger will ride in a Studebaker machine purchased this week.

Buy a license for your dog and for your auto. Both will feel a sort of distinction wearing a number plate at your expense.

One of our weather men says it rained 23 days during the month of May and June is not doing any better so far.

Miss Pauline Whitcomb is in school at Valparaiso taking a normal course preparatory to teaching this ensuing winter. She is entitled to credit for her ambition.

Akron turned out a handsome happy June bride last Wednesday afternoon, when Mr. Willis H. Roberts, of Rochester, and Miss Olive Marie Carr, accomplished daughter of Mr. and Mrs. R. R. Carr were united in marriage. The groom is a popular well to do young business man of Rochester, possessed of ample means to provide for the young lady who has accepted of him.

Jack Stucker, son of Mr. and Mrs. Loren Stucker, fell in front of Bidwell's Market Wednesday evening and knocked his right arm out of place at the elbow.

Charley Spohn, representative for the Bud-long Pickle company, has announced that they can still handle a few more acres of pickles in this community. Anyone interested in growing pickles should come to the NEWS office and sign a contract. Mr. Spohn has also left several packages of seed here for those who need it for replanting and for those who happened to be missed when seed was delivered.

It is not too late to sign a tomato contract in case you are interested. For a few days the managers of the factory believed they had more than they were going to be able to get set out, but they have announced they can still take care of a few more acres.

The late season is getting off to a good start with large crowds attending the dancing parties and many vacationers on hand all the time. All indications point to a big season for late resort owners. Last week's premature hot weather brought out a record crowd.

Dr. V. C. Miller, in company with Dr. Milton Leckrone and L. V. Lowderback of Rochester and Dr. E. V. Herendeen of Silver Lake left Wednesday for a week's fishing trip in the Ozark mountains.

At the business meeting Richard Hartzler, health and safety leader, talked on safety in the home and on the farm. Edward Davis talked on "How 4-H Helps in Developing Good Citizenship." It was decided to have a roller skating party. Singing was led by Jean Walters and Arnold VanLue.

It Happened In Mentone

Taken from the June 4, 1947 issue of the Northern Indiana Co-Op News:

Salvage men are now working near the Main Street crossing in Mentone removing the rails from the old Winona railway right-of-way. In a day or two the tracks will be completely removed from Mentone, with the exception of some of the street crossings where it is customary to leave the rails. Salvage companies, evidently, consider it less expensive to leave the rails than to repair the

crossing once the rails are removed.

The annual election of officers was held at the Lions club meeting Wednesday evening, resulting in the following: President, Ora McKinley, first vice-president, Leo Valentine; second vice-president, Delford Nelson; third vice-president, Jack Van Gilder; secretary, Philip Lash; treasurer, Don Emmons; Lion tamer, Milo Fawley; tail twister, Eugene Marshall.

Members of the Mentone post of the American Legion were busy Wednesday morning pouring a

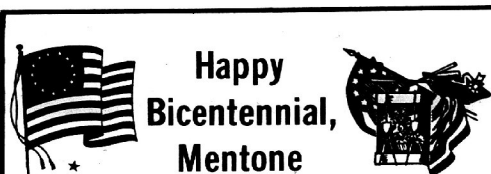

foundation for a field gun relic of World War II on the lawn of their new home at Franklin and Main streets in Mentone.

Mr. and Mrs. Denton Abbey have moved into the Tom Wright apartment.

"Dobbs" Miller, manager of the Co-Op Metal Shop this week stated that just 50 years ago this month he completed his first "solo" job of metal work. His father permitted "Dobbs" to roof a barn near Akron. Judging by the work Mr. Miller does now, he learned his trade well.

FRANK AND THE HY-TYMES will open the Thursday evening entertainment during the Mentone Egg Festival, which is scheduled June 10, 11 and 12.

We welcome everyone to our community for the Mentone Bicentennial Egg Festival. While you're here, be sure to stop in for a free flag sticker for your bumper.

Deputy visits Rainbow

A dinner served by members of the Advisory Board preceded the formal meeting of Akron Rainbow Assembly Thursday May 27 at 7 p.m. It was the official visit of Inspecting Grand Officer, Glendora Davis of Warsaw. She was escorted to the East by Grand Drill Leader, Darcy Carpenter of Faith Assembly of Mexico.

Other guests present were Gloria Carpenter, James Carpenter, Darla Carpenter, Joan Proffitt and Elaine Clemons, all of Faith Assembly.

To note 50th anniversary

Former Akron area residents Mr. and Mrs. James Morris, who have lived at Miller's Merry Manor, Plymouth, for the past two years, will celebrate their 50th wedding anniversary Sunday.

Mr. Morris, 93, is one of the twelve children of the late Amanda and Monroe Morris. Mrs. Morris, who is 89, has two children by a previous marriage.

The couple will welcome callers Sunday at the nursing home.

Sr. citizen bus service extended

As part of its many programs and services available to older people (over 60) in Fulton Co., the Council on Aging is now running two senior buses throughout the county. These are available on call six days a week, Monday-Saturday, 7 a.m. to 5:30 p.m.

In addition, the nutrition site is open in the Civic Center, Rochester, and hot, nutritionally balanced meals are served five days a week to the over-60 set on a donation basis. Serving time is 12:15.

Any senior citizen with spare time who would like to volunteer for community service work should contact 223-3716 for information.

Bicentennial style show set at Mentone

Final plans are now being made for Mentone's Bicentennial style show Friday, June 11, at 4 p.m. in the school gym. Seating will be directly in front of the stage.

Rita Price Simpson will narrate the event. Anyone who has not entered should contact Marsha Scott, 353-4752, immediately.

Style show contestants are asked to be at the Mentone elementary gym by 3 p.m. the day of the contest for preliminary judging.

Guidelines to be used in judging are:

1. General over-all appearance. Judging will not be based on sewing ability or construction, but points will be marked off for evident sewing irregularities, such as an obviously crooked zipper, etc.
2. Accessories: Has contestant added anything to enhance the appearance of her costume, such as hat, purse, shoes, etc.
3. Attitude of contestant. Does he or she look like they are enjoying themselves. Does he or she act like they want to win?

Akron library begins summer program

The Summer Reading Club which follows the Bicentennial theme is now in progress at the Akron Carnegie Public Library. All children of the community are invited to join the reading club and read for fun during the summer. After reading two books, a base for a bicentennial diorama is given to the child and figures are added and after the child

has read eleven books, his own Revolutionary Battlefield is set up the way he dreams it was. He also receives a flag pin to wear. For each additional book read he receives a star. Certificates will be given to each child who reads eleven or more books during the summer. At the end of the summer a party will be given for the reading club members.

A new feature has been added this year. Children who attended Kindergarten this past year can be placed on the Honor Roll at the library by borrowing books during the summer. UNDER THE GUIDANCE of Charlie Fellers, foreground, members of Akron's Kappa Delta Phi Sorority recently built four stone planters for the downtown area. From the left, Bonnie Gearhart, Priscilla Burdge, Jean Swygart, Betty Harris, Judy Howard, Tommy Finney, Bonnie Holloway, Polly Finney. Others helping but not pictured were Alma Hauptert, Anita Stephen, Ethel Henderson, Marvus Zimmerman, Pam Made-ford, Judy Day, Lollie Davis, Marilyn Miller and Kate Jennens.

Mentone 4-H girls to compete in state contest

Word has been received from the state 4-H staff that the Mentone Merry 4-Hers are one of 16 state share-the-fun acts that will perform during the 1976 4-H Round-up at Purdue University. The local talent act won second place in the county show and was selected as one of the four honor groups in district competition.

The group act consists of 20 members performing a song and skit entitled "The Barnyard Polle." Farm activities are humdrum until the rooster appears. The cow then begins to give egg nog, the gas pump now has Shell gas and the gum tree produces Chiclets in assorted flavors.

The local club previously had four county winners, but this is the first state share-the-fun entry.

Stiffler to compete in state track meet

Tippecanoe Valley's Pat Stiffler and Rochester's Jerry Freyberg will represent the area in the 73rd annual boys' state track meet Saturday, June 5, at North Central High School, Indianapolis.

Stiffler placed fifth in the pole vault at the Gary Roosevelt regional Thursday night while Freyberg qualified for the state finals with a fourth place finish in the two-mile.

Stiffler, son of Mr. and Mrs. Dale Stiffler, R. 1, Mentone, vaulted 13-0.

Planters added to Akron's corners

Akron's four corners are now full of color as the result of the construction of stone planters by members of Kappa Delta Phi sorority members under the guidance of Charles Fellers.

Sorority members felt the old planters needed to be replaced, so Fellers, now of Rochester but formerly of Akron, donated his time to collect supplies and mix the cement. He went from corner to corner explaining how to construct the flower boxes, for which members were grateful.

Named Whiting scholar

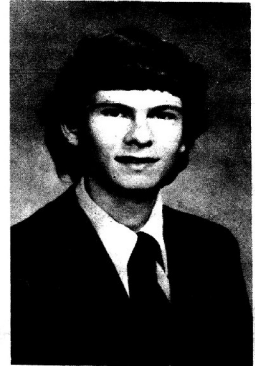

One of the top students, academically, graduating from Tippecanoe Valley High School this year, has been named a Whiting Scholar by Ball State University and will begin undergraduate work there in September.

ODDS and ENDS

By Ann Sheetz

Warsaw's girls basketball team won the state championship, Wawasee's girls' track team won similar honors, and our own Tippecanoe Valley girls were no slouches at any of the sports they participated in this year.

I applaud them. I'm proud of them. But the whole idea scares me. Back in the fascinating '50s when I was a teenager, we shied away from anything that looked like sports. Granted, two or three of my classmates were pretty good at forward rolls and one or two of them could slug a softball clear out of the park, but most of us preferred playing fielder to being second basewoman. That way we could get far enough back the balls couldn't hit us while we talked.

We shouted with glee when our sophomore year ended. It meant farewell to gym classes. (We certainly didn't look on them as physical education classes. There wasn't much that was physical about them.)

By the time I enrolled in college, the only time I had been outdoors was to go to the library, and I flunked my physical. "No swimming for you," they said as I pretended grief.

"You need something not too physical, like tennis."

So I took tennis and felt fortunate to pass after hitting the ball out of the court so many times they finally posted one girl across the street when it was my turn to serve.

Since then, the only exercise I've had has come from chasing the boys around the barn, and now that they're older and faster, that's slacked off to the point that most of my fresh air and exercise comes from occasionally staying home on Saturday to clean house or read with the windows open.

So you can imagine how I felt when I started taking pictures of the little Amazons our school has spawned, but you'll never know how sore I got from watching a gymnastics demonstration. I ached for a week.

But I believe in exercise. If I've told them once, I've told the boys a hundred times, "Go outside and play. The exercise will do you good."

Having seen my ability at running around the barn, they've never asked me to join them, but they worry about me a lot. "There'd oughta be something she could do," I heard one tell the other recently.

"I heard her say once she used to be a powerhouse at tennis."

"Well, get out the rackets. Anything to get her out of that chair."

And so, suddenly, I've found myself with a tennis racket in hand again. Not on any courts, though. That'll have to wait a year or two. Maybe forever. It'll take me that long to find the person who said tennis wasn't very physical. And at least that long to get back some of my old power. The girl who could hit the ball out of the courts has become the woman who can't hit it across the peony bushes.

But the biggest difference I've noticed in tennis over the past 20 years is that now I'm the person who stands across the road while my 12-year-old slugger hammers balls to me and my older sons sit in my chair and reads, which may have been the reason he loaned me his racket. It doesn't make any difference. By the time we've hit balls back and forth across the peonies for 20 minutes, I'm too sore to sit anyway.

I hope they have all daughters, real athletic girls like the champions this area produced this year, and that those girls want their fathers to accompany them in the decathlon. Then I'll get my exercise my moving my folding chair out of the sun while I watch them.

60 YEARS AGO

Willis Ward was in town Thursday leveling up a mile or two for cement sidewalks on the north side. The purpose of property owners in the north side a worthy one. It is to make it the prettiest and most desirable place to live in town with all the comforts and convenience of any city or that Akron money and enterprise can win.

The Booster - the biggest guy that lives in any town; he's always praising up the burg and never runs it down; from early morn till late at night he's always on the job, with cheery words and winning smile, from him no mournful sob. He boosts himself and fellow-men, he urges them to hustle, and not to stand and whine around, but get right out and hustle; and makes the welkin ring with job, as business pileth up and brings results so rich and full, to fill each plodder's cup. For he's the sport that we all love, a good sweet souled old jigger, and here's success and wealth to him and may they both grow bigger.

It takes a little time it seems to get started on a big job like installing water works in Akron. There is considerable red tape which delays the financial end, or rather goes slowly from one stop to the other. A test well has been put down that proves all sufficient supply for the system. Two eight inch wells will be put down, work beginning next week.

We note in our exchanges that towns, cities and townships all over the state in different localities are holding option elections. Henry township is in the lead on this moral issue. It settled that question long ago. Henry township was among the very first to take the lead and put class in her citizenship by removing the cause that only pollutes boys and men, and adds nothing to the assets of a community. Akron and Henry township has installed high schools and liberty instead.

The contest was a preliminary to the 4-H round-up at Purdue university next week.

Rex McHatton has accepted a position with Transylvania University in Lexington, Kentucky as assistant promotional director.

To the local Bashore Feed Store went the honors for selling more feed than any other store in this district, according to a bulletin issued by Purina Mills. The Spurlocks and Paul Green increased their sales from 6 to 8 tons of a year ago to 52 tons of feed, averaging the sale of a ton a week.

25 YEARS AGO

The county highway department has a black-topping crew at work at the Henry township school grounds this week where they are fixing roads around the building and a parking lot at the rear of the gymnasium. This will be a big improvement and should be completed before the end of the week.

Billie Hill will leave Sunday morning from Ft. Wayne on a five-day all expense paid trip to Boston. He will go through the fishing industry at Boston Harbor, will spend a day out on the high seas for deep sea fishing, and will also go on a sight seeing tour around Boston and see a major league ballgame. Bill won the trip in a recent Kroger seafood sale contest.

I, Bill, wish to state I was very happy and pleased seeing the Bicentennial picture of the flag of the USA with the background, the three small girls supporting the beautiful flag and the correct statement Mrs. Mildred M. Fowler crocheted the flag and was recognized as the person entitled to be the one that crocheted the flag. She did not make it.

My sincere thanks as an 82-year-old veteran of World War I. Just Plain Bill Fowler, a native of Wabash Co., my place of birth.

Dear Editor:

LAURA: THE LIFE OF LAURA INGALLS WILDER by Donald Zochert.

Fiction:
THE GEMINI CONTENTENDERS by Robert Ludlum. "For over fifteen centuries the small iron vault has remained buried in the earth on the grounds of a monastery in Greece. Within it are the rarest documents of antiquity, so dangerous to the civilized world that their exposure could pit people against people, religion against religion." This intricately plotted novel will keep the reader's interest to the final page.

NEW BOOKS

New books at the Akron Carnegie Library include the following:

TRUMPETS SOUND NO MORE by F. Van Wyck Mason. In the days that followed Appomattox, exhausted Confederate soldiers and countrymen found that they had suffered through one long, bitter war only to be confronted by another: the grim fight to survive on their own devastated land. Gangs of wandering ex-soldiers and freed slaves pillaged the countryside. Thousands of Southerners perished; only a few were able to stand and fight for the little they had left. Against this blasted, lawless backdrop, the high adventure of this story unfolds.

CROCODILE ON THE SAND-BANK by Elizabeth Peters. This is a mystery story that takes place in Egypt.

THE WORLD IN 1776 by Marshall B. Davidson. This is a beautifully illustrated book which gives the history of the world in 1776.

THE AMERICAN HERITAGE HISTORY OF RAILROADS IN AMERICA by Oliver Jensen.

A smart executive is one who, when the going gets easy, figures that the business is going downhill.

State seeks 100-year-old family farms, businesses

Area farm owners who were recognized by the Akron and/or Mentone Bicentennial commissions for having farms or businesses that had been in their families for more than 100 years may be eligible to participate in a similar statewide search.

The Hoosier Homestead Award program will recognize those farms that have been owned by the same family for 100 years or more.

To qualify, farm owners must submit an application form to the Agricultural and Rural

Development Division of the Indiana Department of Commerce in which the following criteria are met: Property must either be a minimum size of 20 acres or produce at least \$1,000 of agricultural products in one year. Ownership of the property must have been in the same family for at least 100 years, and a relationship must be established between the present owner and the owner of 100 years ago.

A copy of the abstract or title should be submitted by the owners of

farms to establish the length of ownership. Copies of the original document should be submitted as the Department will retain applications and information for historical value.

The Agricultural and Rural Development Division staff will determine eligible recipients of the awards and issue certificates of recognition. Information of historical value on each Hoosier Homestead will be deposited with the Archives Division of the Indiana State Library

and the State Historical Preservation Society for future reference.

In addition, the Centennial Business Award Program sponsored by the Industrial Development Division of the Indiana Department of Commerce will honor those businesses and industries that have been a working factor in the same family and operative in the Hoosier economy for at least 100 years. Verifiable proof or documentation of ownership and operation of firms must accompany applications.

Due to the numerous businesses of this nature, only those who complete an application form available from the Division will be eligible to receive the award.

Additional information can be obtained by contacting either Agricultural and Rural Development Division or Industrial Development Division, Room 336 State House, Indianapolis, Indiana 46204.

Barney ends 46 years in the grain business

By Ann Sheetz

Forty-six years of grain handling ended Tuesday for Byron "Barney" Thompson when he turned over the operation of Thompson Feed and Grain to Shannon Buck and Jim Dahl.

The elevator, a longtime Akron landmark, was Haldeman and Baum when Barney began working there as a teenager. His first job was driving a coal truck but he soon started working in the feed and grain end of the operation. He continued working there through several changes of ownership, recalling that it was later Ire-lan and Baum and still

later Roberts Feed and Grain. He left in 1968 when he purchased an elevator at Chili but returned two years later to buy the mill in which he had worked so long, renaming it Thompson Feed and Grain.

"There've been a lot of changes during those years," he recalls. "For one thing, grain prices used to go up and down maybe a cent a bushel a day. Now they can go up and down the limit every day. And there's a difference in how farmers get their feed, too. Used to be, they hauled it home in trailers behind their cars. Now most of it goes out

in pick-up or bulk trucks."

After all those years in the elevator, it's not surprising to have a conversation with Barney interrupted. "Something doesn't sound right," he'll say as he

runs to the mill to check the grinders, only to return a minute later, relieved that it was a false alarm.

"And for another thing, there are lots of new rules, new regulations," he says. "It is time for younger men to get in the business."

Psi Otes install officers

Vice-president Iris Anderson conducted the meeting, attended by 19 members. Plans were completed for the booth at the Mentone Bicentennial Egg Festival in which to sell straw wreaths made by members.

Karen Baum, assisted by Sara Russell, will be hostess for the June 15 meeting.

Attend graduation

The Rev. and Mrs. Claude Fawns returned Saturday from a week's visit with their daughter and son-in-law, Mr. and Mrs. M. M. Eikenberry, and grandson Steve at Granville, O. While there, they attended Baccalaureate services and commencement for Steve in Swasey Chapel on the campus of Denison University.

Because of his scholastic rating and athletic achievements, Steve was chosen as a member of both the state and National Honor Roll associations. He will soon enter Colorado College at Colorado Springs where he plans to major in law and political science. His summer vacation will be spent working with Congressman John Ashbrook in Washington.

Perry club honors mothers

The women of the Pleasant Hill Church cooked and served the food for the Perry Improvement Club's mother-daughter banquet attended by 18 members and 25 guests. Pauline Miller used flowers in her individual favors and plants, used later as prizes, decorated the tables.

Helen Byrt used women of the Bible, a grandmother, a mother and a daughter, to award the prizes. After a brief description, answers won plants for Mary Fites, Evelyn Shafer, Jayne Hapner and Emma Burns. Orna Glasford won the prize for being the oldest mother present.

The welcome was given by Emma Burns and her daughter, Marjorie Miller.

Pauline Miller used scriptures concerning mothers and read an article for devotions, closing with prayer.

The Lightshine Trio--Sheila and Julie Savage and Cindy Trigg--sang three numbers as Sheila Ege played guitar accompaniment.

Ruby Dawson quoted scriptures concerning the worth of a mother and gave a reading about mothers. She showed many of the dolls she has made and clothed.

Members and guests present included Charlotte Mathias and Margaret Hollenback, Paul-

ine Shoemaker, Marie Crum, Evelyn Shafer, Helen Byrt, Beverly Hapner, Jill and Jayne, Aurel Musselman and Miriam Musselman, Marie Berger and her guests Alice Steininger, Bonnie Walters and Martha Waymire.

Also, Pauline Miller, Orna Glasford, Martha Gallipo, Alice Teel, Connie Klein, Beth Klein, Glenda and Laura Miller, Bea Fites, Mary Fites, Marjorie Miller, Emma Burns and granddaughter and great-granddaughter, Marie Coon, Sandra Ege, Sheila Ege, Julie Savage, Cindy Trigg, Ruth Bammerlin, Lottie and Beth Bammerlin, Ruby Dawson, June Merley and her guest Faye Smith, Nellie Norman and Arlene Gearhart and her mother, Vera Holloway.

Woman's Club will sponsor show

Anyone having antiques they wish to display at the Akron 4th of July celebration is asked to take them to the junior high school art room on Sunday, July 4, from 1 to 4 p.m. Each should be marked with the owner's name, and the owner should also list a description.

Chairpersons of the event, sponsored by the Akron Woman's Club, are Thelma Kuhn, Alma Hauptert and Helen Day.

Ping Pong marathon set

Plickety, plackety, plickety, plackety, it's the sound of a 24-hour ping pong marathon scheduled in Akron Friday and Saturday.

It's also the latest in a series of fund-raising events scheduled by candidates for the title of 4th of July queen. These particular candidates are Patti Gearhart and Sherry Miller. The site is the

Bill Gearharts' front porch.

Further details can be found in the girls' ad in this week's NEWS, but in case you wonder how you can help, short of actually playing ping pong, the word is, "We need someone to help us stay awake."

Mentone summer reading program gets underway

The annual summer reading program at Bell Memorial Public Library will begin Monday, June 14, and continue for four weeks, ending July 10.

This year's program is called "The Bicentennial" and is designed to enable a student to better understand the nation's history as well as providing an enjoyable journey in time.

Once the club member has compiled ten points he or she will be given a blue and white Bicentennial card and for each six points thereafter he will be awarded a red liberty bell to apply to the card. A child accumulating a full card of bells (100 points) will have his

name placed on the honor roll.

At the end of the four weeks, there will be a party at the library for all participating club members.

Any student entering grades two through six, in any school, is eligible to join the reading club.

Accident Report

A car operated by Jasper L. Dulin, 22, Akron, struck the rear of a car driven by Pamela S. Madeford, 28, Akron, in Rochester Friday as the Madeford car was stopped in the traffic lane of Seventh St. Damage to the Dulin car was estimated at \$400; the Madeford car was not damaged.

Gary Howes, 26, R. 1, Silver Lake, was jailed by Fulton Co. police after his car went out of control and knocked over a highway sign, a fence and a mailbox Wednesday night on Fulton Co. Rd. 100 So.

MARRIAGE LICENSE

Chris Allen McClone, R. 1, Mentone, and Tammy Loraine Norman, R. 1, Akron, recently applied for a marriage license at the Kosciusko County clerk's office. Also applying were Luther Benjamin Eberly, Silver Lake, and Gwendolyn E. Mentzger, R. 2, Silver Lake, and Joseph Daniel Defibaugh and Rebecca Ann Defibaugh, both of Mentone.

Stephenia Hartzler, Akron, and Fritz Heinzmann, Rochester, recently applied for a marriage license in the Fulton Co. clerk's office.

Police Report

James L. Bucher Jr., 18, R. 1, Akron, was arrested Thursday night by Fulton Co. police on a circuit court warrant charging him with trafficking with inmates at the county jail. They said he slipped a hacksaw into the cell area of the jail. Police said Bucher, who had been serving time in the jail on weekends on another charge, forced open a screen on a window and threw the hacksaw into the cell area, where it was picked up by a prisoner, who, in turn used the blade to saw cell bars. Police were informed the hacksaw was in the cell area before extensive damage was done to the bars. Police said they were told of the trafficking by a prisoner and no prisoners will be charged with harboring contraband. Police issued a warning Friday that anyone apprehended on jail property after dark will be prosecuted for a felony.

It Happened In Mentone

Taken from the June 11, 1947 issue of the Northern Indiana Co-Op News:

We're sorry that we missed the circus and the circus parade which was in Mentone Tuesday but from numerous reports, we're certain that about 25 children had a great deal of fun. Frankie Manwaring and Charles Urschel were sponsors of the circus, with tickets selling at 5c each and refreshments available on the grounds. In the parade there were ponies, cowboys, bicycles, a pet hen, a fortune-teller and other characters found only in a circus.

Rev. and Mrs. Paul Erwin and daughter, Rebecca Ann, have moved to the Methodist parsonage here from their former pastorate at Shipsewana. Rochester's pioneer department store, M. Wile and Sons, has been sold to Fred and Mac Senger of Peru.

Mr. and Mrs. I. W. Barkman of Boston, Mass. were guests at the Claude Barkman home last week. Sandra Barkman, daughter of Mr. and Mrs. Kenneth Barkman, is the happy owner of a beautiful doll house created by her great-uncle, Mr. I. W. Barkman.

Victor Johnson, vocational agricultural teacher at Beaver Dam, received a desk lamp as a going-away present from the Beaver Dam 4-H Agricultural club.

Horse show opens Akron celebration

Akron's annual 4th of July celebration, which this year will be on July 5 since the holiday falls on Sunday, will open June 20 with the annual horse show on the school grounds. Halter classes will begin at 10 a.m. The PHBA, PHEI, NAPI and ISHA-approved show

is sponsored by local business people who are listed in an advertisement in this week's NEWS.

THE LIBERTY BELLE, a 17,500-pound truck tractor built by Kenworth and raced on the Bonneville Salt Flats at 132.154 mph, will appear in the Akron 4th of July parade. Now owned by Metzger and Sons, Silver Lake, the truck raced at Bonneville to glorify the role played in the nation's economy by the long haul trucker. It has continued to fulfill its role in typical "Movin' On" style.

ASK VIEWS OF READERS
Is the NEWS the kind of newspaper you want? A questionnaire printed in this week's paper gives you an opportunity to express your opinion.

Space available in each week's NEWS is limited, and the staff would like to know what kind of material you find most valuable. Every reader is urged to fill out the questionnaire and bring it or mail it to the NEWS no later than Tuesday, June 29. The questionnaires need not be signed.

ELLEN MARSHALL was crowned queen of the Mentone Bicentennial Egg Festival Saturday night as the climax of a penny-a-vote campaign that netted more than \$2,600 for the Bicentennial commission's restoration of Milburn School. Miss Marshall, the daughter of Mr. and Mrs. James Marshall, R. 5, Warsaw, is flanked by Chris Severns, left, first runner-up, and Robin Secrist, third runner-up. Standing are April Cook, Mary Beth Anglin and Kathy Banghart, also runners-up.

Akron park receives federal funds

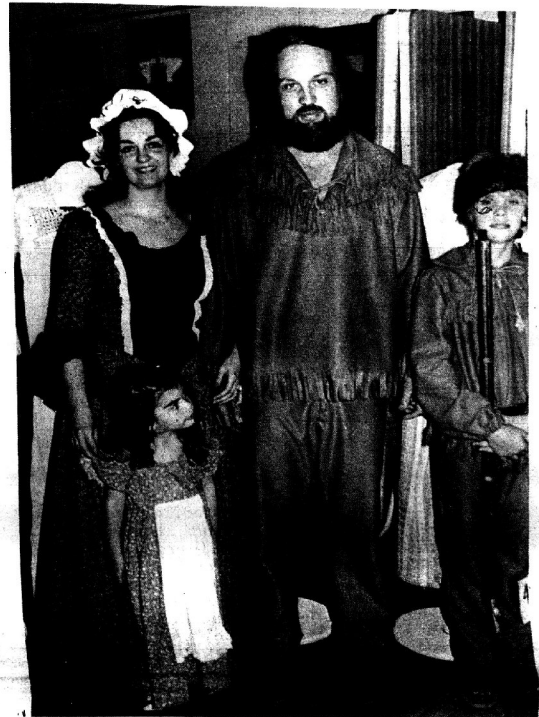

The Akron park will receive a check for \$8,006.72, according to an announcement made this week by the Department of Natural Resources.

The state of Indiana has received a check from the Federal Bureau of Outdoor Recreation in that amount and will send it to the park and

recreation board as partial reimbursement for development of the park.

The project is receiving financial assistance from the Land and Water Conservation Fund which provides fifty percent of the cost for acquisition of lands and waters and the development of public outdoor recreation sites and facilities. This federal

assistance program is administered by the Indiana Department of Natural Resources. In addition to obligating money to state projects, the Department also makes funds available to city and county park and recreation boards. Since the inception of the program in 1965, over \$12-million has been invested in such local projects.

OUTSTANDING PIONEER FAMILY in the Mentone Bicentennial style show was the Rick Ralston family, R. 1, Claypool. Son Rick also received first prize in the famous patriots category. Other winners inside.

General Telephone lists Akron improvement

General Telephone Co. of Indiana has announced it is spending \$60,000 to install 200 additional telephone lines to central office switching equipment at the company's Akron office. According to district service manager R. E. Knafel, the new lines are projected to meet the needs of its Akron customers until late 1978 and are part of General's \$288,000 construction and service upgrade allocation bud-

get for the Akron exchange.

BECKIE HUGHES, daughter of Mr. and Mrs. Gene Hughes, Mentone, tries out her prize, a new tricycle, Saturday after being named Little Miss Chick.

MR. ROOSTER: Named Mr. Rooster in Saturday's contest was Brandon Spittler, one-year-old son of Mr. and Mrs. Terry Spittler. He traveled as a pint-sized Daniel Boone in a covered wagon pulled by Carleen Baker, daughter of Mr. and Mrs. Jerry Baker, R. 5, Rochester.

ODDS and ENDS

By Ann Sheetz

A teacher who has replaced spankings, scoldings and other more common forms of punishment with strong doses of tender, loving care came to visit the other day, and by the time she'd left my 12-year-old son had declared her the meanest teacher in the state.

It'd been a year since we'd seen her, and there was the usual reminiscing and small talk. She and my son, both antique enthusiasts, exchanged auction tidbits. A soon-to-be seventh grader, he didn't even flinch when she said she taught seventh grade language arts, certainly not his favorite subject. A person who loved antiques could be forgiven a few things. And he only offered an indulgent that's-just-like-a-mother smile when I asked, "Do you have many discipline problems?"

"Not this year," she said. "What was different this year?" my son asked, fascinated in spite of himself.

"The first day of school, our principal met with all the teachers. He told us we were to love all the children even if they were dirty, even if they disrupted class or had trouble concentrating. No matter what they did, we were to love them."

"That sounds okay," he said.

"Do you like teachers who shout at you?" she asked.

"I hate them," he grumbled.

Estate planning seminar planned

A farm and business estate planning seminar for Farm Bureau members, attorneys and accountants doing probate work in Marshall, Fulton, Starke and St. Joseph counties is planned at 2 p.m. Thursday, June

"So do I," she said. "And I decided the principal was right; I should love all my children." Looking at my son slouched over a typewriter, his feet wound around the casters of an office chair, she continued. "So if one of the boys in my class gets a little noisy, I just go up to him and put my arm around him and say sweetly, 'Are you having trouble? You're making so much noise you must want my attention. I'm here. Now what is it you want?'"

"Right in front of the rest of the class?" my son gasped.

"Right in front of everyone."

"Wow!"

"And if they're really naughty, I walk up to them and go like this," she said, advancing toward him with her lips puckered and a come-here wag of her finger.

"Oh no you don't," he yelled, unwrapping his feet and rolling a hasty retreat across the office floor.

"What's wrong with getting kissed?" she asked.

"There're people out there," he said, pointing at the window. "It wouldn't be so bad if there weren't people there. They'd see you."

"That's what the kids in class think, too," she said. "I may have kissed one boy three or four times this year, but I never had to do anything else. Or kiss him again."

"You never had to send anyone to the principal's office?" my son asked, astonished.

24, at the Plymouth Holiday Inn.

Persons interested in obtaining more information about the estate planning seminar are asked to contact the county Farm Bureau office.

"None," she laughed. "My husband's the head custodian in the school and when he saw the boy in the hall one day, he asked him how he was getting along in my class. The boy answered sullenly, 'Just fine. She puts on fresh lipstick every day just before our class, and I sure don't want any of that stuff on me.'"

"For somebody that nice, she's sure one mean teacher," my son said later, his face still pale at the thought of getting kissed in public.

"I thought the idea sounded great," I said. "Love instead of fear." "Mom," he said in exasperation, "you just don't understand. She's gotta be the meanest teacher in the state."

Thanks to commission

Dear Ann,

Thanks to the Mentone Bicentennial Commission for the great job well done in planning the local Bicentennial celebration.

We thank everyone who attended the showing of the Boice Strand News films during the Egg Festival. Over 300 people viewed them. We are sorry for the inconvenience caused by an inadequate projector.

We have many things that need to be done. There are some improvements we wish to make, such as a new projector. However, we feel we first need a permanent place to preserve such local artifacts and the Bell collection so that we can more appropriately share these with everyone in our community, county, state and country. Sincerely, Committee Lawrence D. Bell Aircraft Museum Inc.

COURT NEWS

A complaint seeking \$25,000 in damages was filed in Fulton circuit court Thursday by Lois Osborn, R. 2, Akron, against Chamberlin Products Corporation, Akron. Mrs. Osborn states she was wrongfully discharged as a Chamberlin employee on May 28, 1974 in violation of the company-union contract.

Irene and Arnold Norman, Akron, have filed petition for dissolution of marriage in Fulton circuit court.

Haitian experiences described

The people and customs of Haiti were described to members of the Susannah Wesley unit of the Akron United Methodist Women when they met Tuesday evening at Mrs. Leon Kindig's home.

Gilead group meets

The Missionary Society of Gilead Methodist Church met at the home of Helen Rowe Tuesday afternoon. Marie Burns was co-hostess. Those attending were Mrs. Frank Hudson, Mrs. Frank Bowman, Marie Buger, Mamie Golden, Pauline Miller, Mrs. Joe Morris, Mrs. Chet Shafer, Mrs. Alden Morris, Mrs. Robert Jarboe, Mrs. Claire Reed, Mrs. Harold Crum, Mrs. Floyd Young, Mrs. Bernice Pontious, Mrs. E. Nestlerood, Mrs. Larry Coon, Carol Ann Personett and daughters. Refreshments were served by Helen Rowe and Marie Burns.

Mrs. Larry Rhoades and her daughters Christine and Michelle and her cousin, Deanna Van-Cleave, described the experiences they had when their group from the Silver Creek Church of God went to Haiti in November to work with a mission group headed by a former pastor, George Reser.

They showed slides and the girls sang songs and demonstrated games they had learned there. Mrs. Rhoades presented one of the chalk talks she gave while in Haiti.

Attend convention

J. D. Thomason and Ray Bradway, ministers of the Akron Church of God, and their wives are attending the international convention of the church at Anderson this week. This year's theme is "Remember Jesus Christ." Twenty major services in Warner auditorium and more than 300 conferences will be featured.

The pastors will also attend sessions of the general assembly Tuesday, Wednesday and Thursday. Chairman of that meeting is the Rev. Arlo Newell, a former associate pastor of the Akron church. Rev. Thomason will serve as coordinator of five of the major convention committees during the week.

Both pastors will be home for Sunday services in which special recognition will be given to fathers present at the 10:25 worship hour. In the 7:30 service, they will share some of the highlights of the convention and general assembly.

60 YEARS AGO

The work on the grade on each of the three gravel roads leading out of town is more than half done. Everybody will be glad when the grades are finished and the gravel put on. It has been a great inconvenience all spring to have these public highways all torn up, and we will all appreciate their finish.

Guy, son of Rueben Kamp furnished some excitement last Sunday evening. He was just mounting his motor-cycle in front of the Hosman drug store when it suddenly took fire and there was instantly a blaze almost as high as the building near it. It burned but a few minutes. It was a ruined machine though the boy bought it of Clarence Erb only the day before, agreeing to pay \$70 for it. He will be out his money and without his Eagle flyer.

Master Joseph Stinson went to Chicago last Sunday in company with his step-aunt, Miss Lou Hoover to attend a wedding at Lockport, Illinois. The lad is in ecstasies because of his new toggins for the trip and his grand opportunities to see things.

There is said to be five people living in or near Akron, who came to this very little spot near where we write, during the years 1836, 1837 or 1838. We have their names but we won't tell here. They will occupy the finest automobile, superbly decorated July 4 and march in the parade. You will see these distinguished people that day if you are here.

Every family should use "Booster" envelopes in their correspondence during the next six weeks. Find them at this office, 10 cents per bunch--40 cents per 100.

Mrs. Caroline Hoover and family have purchased an Overland automobile of the Wilhoit agency, which she merits and which we hope the whole family will enjoy.

Mr. and Mrs. J. H. Grindle both drive their new Overland with pretty good grace, even though they are just beginners.

39 YEARS AGO

With this issue of the paper, the editor and Mrs. Billings have completed their fifth year in Akron. It is only the beginning, we hope, of many years of service in the newspaper field.

Friday evening, the County Court of Honor will be held in the local high school gymnasium, and three of our local boys, James Love, Bill Showalter, and Edward Secor, will receive the highest award of Scouting, the Eagle award. This is the first time that Akron has ever had an Eagle Scout.

Plans are rapidly being formulated for Akron's annual Agricultural fair which is to be held September 14 to 18 at the fair ground.

25 YEARS AGO

Pfc. Robert Whittenberger left Sunday morning for Shepherd Air Force base at Wichita Falls, Texas where he will begin a term of school work on Jet 84's. He graduated last week from the Sparta Mechanic School of Aeronautics in Tulsa, Okla. He has spent a week's furlough at the home of his parents, Mr. and Mrs. Chas. Whittenberger.

Jeanne Whallon and Joe Bill Mishler each will receive a degree at the 122nd commencement of Indiana University at the School.

Mr. and Mrs. L. A. Nestleroad are the parents of a baby girl born April 27. She has been named Diane Sue. The Nestleroads have one other child, Dennis Lee, 5 years old.

The Akron Home Economics Club met at the library basement with Mrs. Darl Harsh, Mrs. Ralph Tucker and Mrs. Dale Sheetz as hostesses. Leon Schipper and Betty Shireman were married on Saturday evening at the Emmanuel Church by the Rev. Harold Mishler of Zanesville. A large crowd attended the wedding.

Don Fenstermaker, son of Mr. and Mrs. Hershel Fenstermaker, will arrive here this weekend from California where he has been attending U.S.C.A.

Mr. and Mrs. Harold Groninger spent Wednesday and Thursday at French Lick Springs Hotel where they attended the Indiana State Bankers Convention.

10 YEARS AGO

"Miss Akron" who is Sandra Weber, daughter of Mr. and Mrs. Walter Weber, R. 2, Akron, will preside at the festivities being planned for the 4th of July. Miss Weber was chosen by members of the Akron High School student council and is sponsored by the Akron Chamber of Commerce. She will represent Akron at the Mermaid Festival at No. Webster.

Twenty-nine members and guests of the Akron Chamber of Commerce met Wednesday noon for a dinner meeting at the Methodist Church Annex.

Antiques to be displayed at 4th celebration

A display of antiques will be featured at the Akron 4th of July celebration, which this year will be on the 5th because the holiday falls on Sunday.

The display will be sponsored by the Akron Woman's Club, which asks that anyone having antiques to loan take them to the art room at the Akron junior high on Sunday, July 4, between 1 and 4 p.m. Each should be marked with the owner's name and a description should be filed with the committee--Thelma Kuhn, Alma Haupt and Helen Day.

Knowledge is a blessing that must be earned through many years of hard work, but then it can be enjoyed for the rest of your life.

Mentone's senior citizens

Thirteen senior citizens--first cousins Ruby Smith and Ralph Arnsberger, sisters Tessie Newton and Mary Barkman, Gertrude Hill, Goldie Jefferies, Elsie Scarbrough, Earl Shinn, Mabel Nellans, Zelda Lash, Elmer Gill, Faye Bunner, Sarah (Sadie) Ellsworth and Myrtle Davis--were honored at a reception Saturday afternoon as part of the Mentone Bicentennial celebration.

Six other senior citizens, who met the criteria of being over 85 years of age and living within a three mile radius of Mentone, did not ride in the parade. They were Bessie Bybee, Clarence Brown, Delta Dillingham, Ethel Graham, Dessie Meredith and Lee Arnsberger.

Each of the 14 prepared short biographical sketches:

GOLDIE JEFFERIES was born March 30, 1891 in Kosciusko Co., Franklin township, and has lived here most of her life. She lived on the same farm for 64 years and she and her husband, the late Ike Jefferies, were married 57 years. Mrs. Jefferies has two daughters, a son, six grandchildren and seven great-grandchildren.

ters, a son, six grandchildren and seven great-grandchildren.

ZELDA LASH, daughter of Jefferson and Anna Sarber Blue, was born Aug. 31, 1888 near Mentone. She lists the Methodist church and the Mentone school, both built in 1893, as great influences in her life. The school, a two-story structure, had three rooms on each floor. There was no 12th year until the 1907 and 1908 term. She attended Valparaiso University and began teaching in 1909, first at the Milburn school and later at Sevastapol and Palestine. She recalls beginning teachers were paid \$2.25 to \$2.35 per day, their salaries dependent on their grades and how generous the trustee was with the township's money. Salaries increased with experience and success. Married to the late Raymond Lash Aug. 7, 1913, Mrs. Lash is the mother of three, all of whom either are or have been teachers--Philip Lash and Mrs. Howard (Eleanor) Chamberlin, both of R. 1, Mentone, and Mrs. Clarence (Ruth) Ellison, Rochester.

SENIOR CITIZENS honored Saturday afternoon after the Egg Festival parade were, standing, left to right: Ruby Smith, Ralph Ernsberger, Tessie Newton, Mary Barkman, Gertrude Hill, Goldie Jefferies, Elsie Scarbrough, Earl Shinn and Mabel Nellans. Seated are Zelda Lash, Elmer Gill, Faye Bunner and Sadie Ellsworth.

It Happened In Mentone

Taken from the June 18, 1947 issue of the Northern Indiana Co-Op News:

A deal was completed Friday in which Byron Peterson sold his 132-foot front lot on the south side of Main St. to Frank Saemann. The parcel, on which is located the old hotel building, is only 75 feet deep, but it is reported Mr. Saemann also secured the rear 75-foot strip upon which the American Legion had originally planned to build. Present plans are to raze the old frame structures and construct a new modern 150 x 132 factory building on the site. Actual construction, we are told, is expected to take place this summer. Mr. Peterson reserved the building in which his store is located and

it is thought this will be moved to a new location. Saturday Mr. Peterson purchased the goodwill and merchandise of the C & C Hardware from Mr. and Mrs. Adam Carper. Inventory will start the first of next week and Mr. Peterson plans to have it open for business again about June 27. Subsequent moves include the moving of the machinery and equipment of the Lake City Machine Shop from the old hardware building, next to the printing office, and then Mr. Peterson will move the hardware stock to this room, which he owns.

When the C & C room is available, then Mr. and Mrs. Cooper expect to expand their variety store into the two business rooms.

Frances Clark returned Sunday after a ten-day trip in the east.

Dr. and Mrs. Dan L. Urschel and Mr. and Mrs. C. C. Abbey returned to Mentone Sunday after a two week trip east.

Date	Amounts
July 1, 1977	\$15,000
January 1, 1978	\$20,000
July 1, 1978	\$20,000
January 1, 1979	\$20,000
July 1, 1979	\$20,000
January 1, 1980	\$20,000
July 1, 1980	\$25,000
January 1, 1981	\$25,000

Bidders for said bonds will be required to name the rate or rates of interest which the bonds are to bear, not exceeding 6-1/4% per annum. Such interest rate or rates must be in multiples of 1/8 of 1%. Not more than three different interest rates shall be named in any bid, and bidders shall also specify the amount and maturities of the bonds bearing each rate, but all bonds maturing on the same date shall bear the same single interest rate. A rate may be repeated without constituting a different interest rate. The interest due on any bond on any interest payment date shall be represented by a single interest coupon. A zero interest rate will not be permitted, and the difference between the highest and lowest rate specified shall not exceed 1-1/2%. The bid will be awarded to the highest qualified bidder whose bid is submitted in accordance herewith. The highest bidder shall be the one who offers the lowest net interest cost to the school corporation, to be determined by computing the total interest on the bonds to the maturities and deducting therefrom the premium bid, if any. Any premium bid must be paid at closing as a part of the cash purchase price. Although not a term of sale, it is requested that bidders show the net dollar interest cost from the date of the bonds to final maturity and the net effective interest rate. Bids for less than the par value of said bonds will be considered, and the right is reserved to reject any and all bids. If an acceptable bid is not received at the time fixed for sale, the sale will be continued for a period of not to exceed thirty days thereafter, but in the event of the continuation which is lower than the highest bid received at the time fixed for the sale of said bonds. No conditional bid will be considered.

Bids shall be in sealed envelopes marked "Bid for School Bus Bonds of 1976" and each bid shall be accompanied by a certified or cashier's check in the amount of \$1,600, payable to Tippecanoe Valley School Corporation. The check of the successful bidder will be retained until the bonds have been delivered and payment made therefor, and in the event such bidder shall fail or refuse to comply with the terms of his bid and this notice, then such check and the proceeds thereof shall become the property of the school corporation and shall be taken and considered as its liquidated damages growing out of such failure. The checks of unsuccessful bidders will be returned immediately after the award of the bonds. The successful bidder shall accept delivery of the bonds and make payment therefor within five days after being notified that the bonds are ready for delivery, at such bank in the Town of Akron, Indiana, the Town of Mentone, Indiana, or the City of Indianapolis, Indiana, as such bidder shall designate. The bonds will be ready for delivery within thirty days after the date of sale, and if not deliverable within that period, the successful bidder shall be entitled to rescind the sale and obtain the return of his good faith check.

Said bonds are being issued for the purpose of procuring funds to be applied to the purchase of school buses for the school corporation and will be direct obligations of the school corporation, payable out of unlimited moneys to be collected from all of the taxable property within said school corporation. Tippecanoe Valley School Corporation is a school corporation organized pursuant to the provisions of Chapter 202 of the Acts of 1959, as amended.

Offered bonds are offered subject to the unqualified approving opinion of Ice Miller Donadio & Ryan, bank counsel of Indianapolis, Indiana. The school corporation will furnish at its expense the opinion, printed bond forms with the opinion printed thereon, transcript of proceedings, and closing papers in usual form showing no litigation questioning the validity of the bonds at the time of delivery.

Buses, teachers occupy school board in five-hour session

Two subjects that have created a great deal of controversy in Tippecanoe Valley--the purchase of nine school buses to be financed by a bond sale and the salary schedule of four teachers--occupied much of the school board's five hour meeting Monday night.

Superintendent Dr. Lloyd Harrell read a letter from the State Board of Accounts that approved the bond sale, and business manager Robert Forbes read bids from nine firms that will be tabulated and acted upon at the July 2 reorganization meeting.

Bidders included Boardman Chevrolet, Bourbon, \$8,438.34 for one chassis with price decreases for additional buses; W. W. Truck Sales, \$8,490 for one International chassis, the price dropping to \$8,000 for more than two; Wier's Truck and Equipment, Plymouth, \$8,235.20 for one to nine chassis; Bahney Chevrolet, Akron, \$9,115.02 for one to nine chassis; Jack Chaille, \$14,985.20 for one Carpenter body and Ford chassis or \$6,725.30 each for nine bodies; Lee School Supply, \$6,935 for one Wayne body or \$62,415 for nine; Kerlin Bus Sales and

Service, Silver Lake, \$6,849.40 for one Thomas body and \$9,718.85 for one Ford chassis; Leonard Supply, Silver Lake, \$129,262.41 for nine Superior bodies on Ford chassis to be ordered prior to June 30; Imperial Enterprises, Lafayette, \$7,056 for one Bluebird body or \$15,742.55 for body on Chevrolet chassis. Parking lot problems aired at meeting

Night hours in parking lot present problems for the people who sometimes congregate there,

for those who live nearby and want to sleep and for the police who try to enforce order, Akron town board members were told Tuesday night.

Steve and Jean Swygart, who live in an apartment over their store that adjoins the Akron Supermarket parking lot owned by Raymond Rentschler, complained of drag racing, people who spent the night in the lot, trash being dumped and people who go up their outside stairs at night. They asked for more police patrols.

Fred and Janet Ogle, on the other hand, complained that teenagers

Readers' views about the paper and about the two towns it serves are still needed. A survey first run last week and included in this week's paper is designed to find out what people like and dislike and will be used in future planning. Results will be tabulated and published in a future issue. A thousand replies give a more accurate picture than a few, so be sure to return the survey prior to June 29.

Parking lot

Dear Editor,
Is our town as safe as it should or could be? We would like to enlighten Akron to a rising problem. Our streets are not being properly patrolled, especially at night.

The Akron Supermarket parking lot, which is located right in the heart of our town, is the location of much abuse. Vagrancy, loitering, drag-racing, littering, and many worse things are going on there. And believe me, we are eye-witnesses.

Where are our local patrols when these violations are taking place? Should we shut our eyes and say things will take care of themselves? If these things are happening in downtown Akron, what is happening on the side streets?

We think that a town the size of Akron should certainly be more efficiently patrolled than it is. Citizens of Akron, we urge you to consult your town board members on this matter.

Steve & Jeanne Swygart

Police harassment

Dear Editor:

I hope everyone takes the time to fill out your questionnaire, especially the question on what changes need to be made by the town boards.

When I drive through other towns in the evening hours of summer, I see kids loafing around their cars leaning against them, talking, sitting on fenders or hoods etc. I see some riding around in cars---just cruising the town, you might say. I see them walking down the streets---not going anywhere in particular, just walking.

Akron is a different story. Have you ever driven through the uptown area around 9 or 10 p.m. Hardly a teenager in sight, and if one happens to be there, watch out!

Our two boys and their friends have been being harassed and I don't think this is the normal way to enforce the law. My husband has told the marshal if our boys are doing something illegal, arrest them. If not, leave them alone. He was told, "You're always crying to me."

On a spring evening our son was parked in front of one of the service stations. He was yelled at in a vulgar manner by one of the marshals and told to

move, which he did. He was told he didn't have any business parking there. When he went around the block to come home--guess WHO was parked there? Last week the marshal on night duty stopped him by turning on the red light on the police car to threaten him for a personal reason. I think personal matters are not police business and the police car should not be used for that purpose. All last week the boys were harassed and told not to stand outside the cars talking in a privately owned parking lot uptown. They are warned if their cars are not parked exactly right in the parking lot to suit whoever is on duty. Our oldest son has been stopped on 3 different occasions for no reason and yelled and sworn at. He was stopped by the state police last week (who was in town visiting with the marshal). Two blocks past the intersection, the state police pulled him over. In a few minutes the town marshal came. My son was told to rev up his motor, which he did. He was told to rev it up louder. He refused. He was then given two warning tickets--one for loud mufflers and one for having his car jacked up. I'm not complaining about the tickets. He really doesn't need loud mufflers or to have it jacked up. I will admit though that my son does not rev up his motor while driving in town, and I wonder if he is the only one who has a car jacked up.

We have tried to teach our children right from wrong. We have told them they have the same rights as other people. Just because they are young adults does not lessen their rights. Why isn't the police department trying to find out who is breaking into homes in the northeast side of town instead of sitting uptown watching kids lean against their cars talking? What about some of the drunks leaving the taverns on Friday and Saturday night? How about some of the people who double park uptown and it's OK and the others who try it and are either screamed at or arrested? How about the people who don't always stop at the intersection? Or the person who backed 3/4 of a block from the intersection because he wanted to park there? How about jay-walkers? I've always felt what is good for the goose is good for the gander.

I have thought a good deal about writing this letter. I may be jeopardizing myself, but I also feel there are times when things must be said. I can always go to other towns to do my shopping as others have done. We've thought of telling our sons to stay out of Akron, but why should we? We live in the country, but we own property in Akron. We pay taxes the same as everyone else. Consequently, I feel we have some say as to how the town is run.

Citizens, those of you who don't have children the ages of mine right now, think of what I've said. You may have children who will soon be driving or you may have grandchildren who will drive. Do young adults have the same rights as middle age or senior citizens? I wonder what would happen if my husband and I stood uptown leaning against our car talking? Do you suppose the same things would happen to us as has been happening to our children. I sincerely doubt it.

Janet Ogle

Fantastic cooperation

Dear Editor:

Surely I would be remiss if I did not take this opportunity to publicly attempt to convey my humble "thanks" to the many community persons involved in the success of the Mentone Bicentennial Egg Festival. Little did the Bicentennial Commission envision, a year ago, that we would become involved in such an undertaking! Only because of the thoughtful consideration of many husbands and wives of commission members and also many friends, during the months of work involved, were we able to persevere.

The most gratifying part of all, to the chairman, was the fantastic cooperation achieved as we worked together to make "anything possible."

We have learned much and feel that we could write a book about "things we might have done different." Nevertheless, we are very proud that, along with the Chamber of Commerce, we were able to bring so many people to our Mentone community during the three day, June 10-12, Bicentennial Egg Festival.

Gratefully,
Jerry Smith
Mentone Bicentennial Commission Chairman

Thank you

Dear Editor:

I would like to thank everyone who took part in the Bicentennial style show during the Egg Festival, with a special thank you to the judges, Rita Price and everyone who helped me that day.

Sincerely,
Marsha Scott

Buses, teachers occupy board

Continued from page 1
perial also bid \$28,646.46 for an 88-passenger bus. Many of the bids included alternates that will be considered when the bids are tabulated, Forbes said.

Dr. Harrell said the bond sale will be at 10 a.m. July 1 at Tippecanoe Valley High School. (See second publication of legal notice in this week's NEWS.)

In other business, the board:

* Signed Public Employees Retirement Fund (PERF) forms for all non-certified full-time employees--cooks, clerks and secretaries, bookkeepers, mechanics, bus drivers, etc.

* Signed a lease for the special education co-op at Cardinal Center.

* Set a July 27 8 p.m. meeting to explain the budget to the public.

* Approved a July 11 auction to sell the five relocatable classrooms at the Akron school and surplus equipment from all the schools.

* Set a special reorganizational meeting on Friday, July 2, at 7:30 p.m.

* Approved an intensive office laboratory program that will include the purchase of office furniture to be set up in office-type settings and that will necessitate rearrangement of some courses.

* Heard a report by Harrell on the goal setting process in which students, teachers and citizens set priorities for the schools and ranked the schools on their present ability to meet these goals. He noted, for instance, teachers and citizens through the schools were doing poorly in meeting the top priority---developing skills in reading, writing, speaking and listening---while the students ranked that goal high.

He said some of the difference could be in failure by some to understand the school's programs.

* Noted 1,099 elementary and 281 high school students are enrolled in summer programs that include remedial reading and mathematics in addition to auto mechanics, music and sports. Swimming tops the list in enrollment--387--with auto mechanics trailing with ten.

* Supported the nomination of Eldon Lundquist, a former member of the Indiana Legislature, for the Indiana School Board's Association Lorin Burt award.

* Approved the sale for \$31,410 of one of the building trades houses at Mentone to Mr. and Mrs. Charles Martellaro.

* Saw outgoing board members, Dr. Wymond Wilson and Richard Goshert, receive plaques from board president Fred Kindig.

* Accepted resigna-

tions from Russell Isaac and Jennifer Williams and approved hiring Karen Nelson on a temporary contract to teach third grade at Burket for Susan Wagner who has a one-year child rearing leave. Also approved was a contract for Charles Martellaro as high school social studies teacher, head wrestling and baseball coach and freshman football coach.

Then came the two and one-half hour executive session to discuss the four teachers who had been held to their old salary schedules two years ago when raises were granted other teachers. Reconvening at midnight, the board, on Dr. Harrell's recommendation, voted 4-1 to place Arden McClure and Alberta Davis on the regular salary schedule and on a 3-2 vote left Norman Metzger and Keith Mathias on the old schedule.

"I have no recommendation to make at this time," Dr. Harrell said of the administrator raise and fringe benefits package that had been on the agenda, and the item was tabled.

The oral resignation of Wayne Wiley as janitor at TVHS was reported by Forbes and the board authorized transferring Bud Dilts to the high school and hiring Ron Martin to replace him as Akron custodian. Contracts were signed for 26 bus drivers.

William Butts, Winona section foreman is wearing a pretty sore hand this week. He had his thumb injured while at work, and one evening at home he put some turpentine on the wounded thumb to remove the soreness. A few moments later he lit a match to start his pipe and in an instant his sore hand was in a blaze as big as a hay doodle. The hand is mighty sore now and he is taking a vacation as the result.

All this talk about a different kind of food and the way of preparing it a hundred years from now may be apparent to the far seeing eye of the scientist, but if it ever works out that way we feel sorry for the folks who will only know about strawberry shortcake by hearsay.

This weather, this cool summer will reduce the patronage at summer resorts very perceptibly says one of our friends. It is just the kind of weather in Akron today, cook and bracing, that people leave their homes, go off 300 to 500 miles or a thousands miles and pay fancy prices for. It is free in Akron this summer--summer resorts weather. The poorest of us can enjoy high--prices weather. Bully for that.

During these days of the high cost of living the shrewd housewife demands her money's worth in all the food she buys. To demand it is one thing, but to actually receive it is another. You have a way of detecting short measure, but how do you know you are not receiving inferior quality? In purchasing food-stuffs how do you determine whether or not you are receiving your full money's worth? Do you buy a certain brand because your mother or grandmother always used it? Science has improved foodstuffs like everything else.

We're fighting inflation but not because we want to. Farmers are the first to take a cut and the last to receive a raise. We can't set the price for our products and we never know from one month to the next what we are going to be paid. We are the only segment of the American economy who is asked to give up their share of profit for the sake of cheap food.

Williams will play basketball for Air Force Academy

Ryan Williams, starting center for Tippecanoe Valley's basketball team the past two seasons, will attend the United States Air Force Academy at Colorado Springs, Colo., this fall and will play basketball and possibly football.

Williams, 6-4, was one of 300 alternates picked from across the nation to attend the academy. He had been named earlier by Congressman Elwood Hillis, R-Kokomo, but after academy scouts saw him play last winter and reviewed films of his performance on the football team, he was selected

to attend because of his athletic abilities as well as his high academic standing.

The 210-pound athlete, son of Mr. and Mrs. Earl Williams, R.2, Rochester, will report to the academy June 28. He will attend the institu-

tion four years and then is committed to serving in the Air Force for five years.

It's easy to spot the villain in a home movie. He's running the projector.

Hartzler-Heinzmann vows said

The Petersime Chapel on the Manchester College campus was the setting for the June 4 candlelight ceremony that united Stephenia Irene Hartzler and Fritz Patrick Heinzmann in marriage. The double-ring early evening service was officiated by the Rev. Wayne Johnson at an altar flanked with twin candlelabra and baskets of garden flowers arranged by the bride's uncle, J. Duane Smith.

The bride is the daughter of Mr. and Mrs. Stephen L. Hartzler, Akron. Mr. Heinzmann is the grandson of Mrs. Ethel Kindig, Rochester.

Melinda Hartzler, Akron, attended her sister as maid of honor. Amy Heinzmann, niece of the bridegroom, was the flower girl.

Ron Hisey, Rochester, attended as best man. Ushers were Mark Hartzler, brother of the bride, and Rick Overmyer, Rochester.

Guests were registered by Diane McFarland,

cousin of the bride. Bridal music was provided by Kathy Day on the organ and Todd Walters, cousin of the bride, and Scott Youngstrum, who played guitar selections they had written for the occasion.

The bride's parents' home was the scene of the reception. Her colors, blue and white, were carried out in the decor. The buffet supper was served by Kay Goshert, Rita Paulus, Eileen Fellers, friends of the couple, and Julie Deaton, the bride's cousin.

Attending the gift table were Nancy Stutzman and Carolyn Thomas.

After a short wedding trip, the couple resides at 1217 Pontiac St., Rochester. The bride, a graduate of Manchester College, is a third grade teacher for Rochester Community School Corporation, and the bridegroom is a salesman for International Stanley Corporation of Omaha, Neb.

"Pick a high-efficiency air conditioner now and save on your electric bills later," says Energy Consultant Mary Bowers.

You'll get a high-efficiency unit by checking the EER rating on the nameplate label. EER stands for Energy Efficiency Ratio and is a measurement of cooling capacity in relation to the amount of electricity it takes to run the unit. An EER reading of 8 or above is recommended to save you the most money on your electric bills. If you're planning to buy an air conditioner, you'll do yourself a favor by asking about EER and selecting a high-efficiency model. It may cost a little more to buy but you'll more than save it back on your electric bill.

Bidders for said bonds will be required to name the rate or rates of interest which the bonds are to bear, not exceeding 6-1/4% per annum. Such interest rates and rates must be in multiples of 1/8 of 1/10 of 1%. Not more than three different interest rates shall be named in any one bid, and bids specifying two or more interest rates shall also specify the amount and maturity of the bonds to be bearing each rate, but all bonds maturing on the same date shall bear the same single interest rate. A rate may be repeated without constituting a different interest rate. The interest due on any bond on any interest payment date shall be represented by a single interest coupon. A zero in the coupon shall not be permitted, and the difference between the highest rate and lowest rate specified shall not exceed 1-1/2%. The bonds will be awarded to the highest qualified bidder whose bid is submitted in accordance herewith. The highest bidder will be the one who offers the lowest net interest cost to the school corporation, to be determined by computing the total interest on all of the bonds to their maturities and the premium thereon. Premium must be paid at closing as a part of the bid. If the bidder does not accept a term of sale, it is requested that each bid show the net dollar interest and the net dollar cost to the school to final maturity and the net effective average interest rate. No bid for interest rate shall be considered, and the right is reserved to reject any and all bids. If an acceptable bid is not received at the time fixed for the sale, the sale will be continued for a period of not to exceed thirty days thereafter, and in the event of a sale of such sale no bid will be accepted which is lower than the highest bid received at the time fixed for the sale of said bonds. No conditional bid will be considered.

Bids shall be in sealed envelopes marked "Bid for School Bus Bonds of 1976," and each bid shall be accompanied by a certified or cashier's check in the amount of \$1,600, payable to Tippecanoe Valley School Corporation. The check of a successful bidder will be retained until the bonds have been delivered and payment made therefor, and in the event such bidder shall fail to comply with the terms of his bid and this notice, then such check and the proceeds thereof shall become the property of the school corporation and shall be taken and considered as payment for damages growing out of such failure. The checks of unsuccessful bidders will be returned immediately after the award of the bonds. The successful bidder shall accept delivery of the bonds and make payment therefor within five days after being notified that the bonds are ready for delivery, at such bank in the Town of Akron, Indiana, the Town of Mentone, Indiana, or the City of Indianapolis, Indiana, as such bidder shall designate. The bonds will be ready for delivery within thirty days after the date of sale, and if not deliverable within that period, the successful bidder shall be entitled to rescind the sale and obtain the return of his good faith check.

Said bonds are being issued for the purpose of procuring funds to be applied to the purchase of school buses for the school corporation, and will be subject to the provisions of the school corporation, payable out of unlimited, ad valorem taxes to be collected on all of the taxable property within said school corporation. TIPPECANOE VALLEY SCHOOL CORPORATION is a school corporation organized pursuant to the provisions of Chapter 202 of the Acts of 1959, as amended.

These bonds are offered subject to the unqualified approving opinion of Ice Miller Donadio & Ryan, bond counsel of Indianapolis, Indiana. The school corporation shall furnish at its expense the opinion, printed bond forms with the opinion printed thereon, transcript of proceedings, and closing papers in usual form showing no litigation questioning the validity of the bonds at the time of delivery.

Parking lot problems aired

Continued from page 1
who congregate in the lot at night are harassed by police and told to park, get in their cars to visit or ordered out.

Akron police chief Ed Hauser said the lot is patrolled regularly, and night marshal Bob Williams said he had sometimes found cars lined up like they were on the 500 race track, the drivers yelling and swearing at people who pass.

Hauser said he did not object to the boys talking as long as they did not yell. He noted, as did the Ogles and Swygarts, that while the lot is privately owned the owner, Retnschler, has said he does not care if young people congregate there as long as they behave. Police promised closer checks, and Ogle dropped his complaint, saying next time he came he would have proof.

The board also heard complaints about trucks parked at a grocery for

unloading, about outside burning and about a restaurant that leaves its garbage bags on the sidewalk days before the scheduled pick up.

In other action, the board noted the Youth League park belongs to the town with the League responsible for upkeep and expenses except insurance. David Kruger and Bud Waymire were instructed to get prices on an auxiliary power unit for the lift station and a new motor for the comminator was ordered. Speed bumps will be installed in the park to slow speeders.

The board will have a called meeting in the near future to discuss the budget.
