Also, from 8 a.m. until 6 p.m. on Friday and Saturday June 8th and 9th the church will be holding a street/garage sale in Frank's Mfg. Building next to Teel's Restaurant. Be sure to stop in for all the best bargains in town!!!

Cargill cares

During the Mentone Egg Festival, Cargill will commemorate it's 125th anniversary by participating in a community service project. They have targeted their efforts in feeding the hungry in the land of plenty. Cargill, in cooperation with Combined Community Services, a local agency serving the residents of Kosciusko County, will be collecting food items to be distributed through their food pantry.

During 1989, CCS distributed 1,714 emergency food orders. The approximate value of each food order was \$66.83.

Many problems faced by the hungry are running out of food or money before the end of the month.

Missing meals due to not having food available.

Most diets were inadequate in fruits, vegetables and dairy products.

67% of respondents report unemployment; had income of less than \$350 per month; has a high school education or less and were relatively young (18 to 44 years of age).

Contrary to expected opinion, almost 2/3 of the respondents do not receive food stamps.

Almost 3/4 of respondents were single and white; only 34% were non-white; almost 3/4 (72%) were female.

Please join Cargill employees to help feed the less fortunate of our county. Cargill has organized a raffle to give away two quarters of beef and two halves of hog, anything the public would like to donate monetary and of course any food donations are needed. Food drop off places are at Lake City Bank, Frank and Jerry's and Jacque & Co. and

Cargill Office.

Cargill will have a float and a van from Combined Community Service will be in the parade during the festival. They are asking anyone coming to town that day to bring food items with them, they will have a truck at the BIG egg before and after the parade for dropping items off.

Drawing for the hog and beef will be at 9:00 p.m. during the Variety Show.

Oldest living Mentone volunteer fireman

This year the theme for the Mentone Egg Festival is "Volunteers Working Together". Many volunteers will be honored from many different areas.

As a spokes person for the festival, the most likely choice would be Harry Smythe, the oldest living firemen in Mentone. Harry will be celebrating his 81st birthday next month.

Harry had been with the fire department for 27 years.

"Many things have change since I was with the fire department, equipment is one of the biggest. When I was with the department we bought a government gasoline tanker and a tractor and made our own fire tanker. We also went together and bought an old van and made an emergency vehicle. I built shelves to hold our emergency equipment, boots, hats and our life saving gear," said Harry.

Harry and his wife Buthene were married in 1928 and have two children, Don, Mentone and Jolaine, Warsaw. "The whole family was very helpful to me, especially when a fire call came in. Each person has a special job to help get me out of the house, my daughter use to get my boots ready and out the door I would go, tripping over things and making a ton of noise with those big boots, the neighbors were always aware there was a fire, they could hear me leaving the house."

"One of the hardest thing about being a fireman was when there was a loss of a life, it was never easy to see something like that." Harry remembers. But saving property or someone's life was very rewarding and made up for the bad times." Harry was with the department when they began to have fish fries to raise money to buy new equipment.

"One time, our fire chief was watching a ball game and saw a big bright glow in the sky. He went out to see what it could be and it was a barn fire, he rushed back to town to call the fire department and ran right into us rushing to the fire, he said, "boy, you guys sure did get here fast."

Harry still keeps very busy woodwork-ing. He also repairs wood furniture.

Facing eye surgery on June 7th, Harry is determined to be in the parade on Saturday.

Little River Chapter sings for Egg Festival

Little River Chapter of Angola, number 33 enthusiastic members. The chorus is made up of a varied group of ladies, including school teachers, secretaries, surgical nurses, teachers aids, realtors, etc., you name it, we've probably got it! The one thing they all have in common is their love of singing four part harmony--barbershop style. They sing modern music, gospel, old time barbershop--anything that can be arranged in 4 parts.

The group won first place for 3 years in the small chorus competition. Last year, there were too many singers on stage for "small chorus."

Diana Beer is chorus manager. The group will be singing during Mentone Egg Festival on June 8 at 7:30 in front of the Mentone Firestation. People are asked to bring their own lawn chairs. If it should rain, the event will be held in the Mentone School gym.

Macy EMS is in need of volunteers

Volunteers are desperately needed for the Emergency Medical Services (EMS) in Macy. The EMS had been helping the community for 15 years, but now the services need help from the community.

There is a shortage of ambulance drivers, as well as certified emergency medical technicians. The only prerequisite is that the volunteers live a minimum of 2-3 miles from the Macy Ambulance Garage.

The service is facing limitations due to the lack of volunteers. Anyone interested in volunteering should contact Richard or Caroline Coffman at 219-382-2346.

Bluffton College News

John King, a Bluffton College student from Mentone, has been appointed a C. Henry Smith Fellow for the 1990-91 academic year. King was first appointed as a Fellow in 1989.

King is a junior majoring in psychology, and is the son of Darrell and Mary Ann King. He was recognized during the Academic Awards Forum, May 15.

According to sponsors Steve Steiner, associate professor of chemistry, and J. Denny Weaver, professor of religion, candidates for the C. Henry Smith Fellows Program must have at least a 3.3 cumulative grade point average; be recommended by two faculty members, and contribute to the community at large. Fellows participated in regularly scheduled student-faculty seminars.

House Number Project Hugs Success

On May 5, 1990, nearly 75 homes in Akron received house numbers. Matt Rager took on the task of putting up house numbers for Akron residents as an Eagle Scout Service Project. Matt was hoping for at least 30 responses but was surprised when 77 were sent back. Because of this tremendous response, it took over 75 hours to complete the project including 67 hours of planning and preparing before the numbers were even put up.

Many people were involved in making this project a success, and Matt would like to thank them for their help. They are, in random order, Joe Day, Dick Day and Day Hardware, Marty Gearhart, Bob Allen, John Weida, Royce Allison, Carol Allison, Kevin Allison, Larry Rager, Linda Rager, Audre Rager, the Town of Akron, and all of you who participated in the project. Organizations who helped put up the numbers were the Akron E.M.T.'s and Akron Boy Scout Troop 245. A giant thanks goes out to Florence Katz for the hours she spent researching addresses and explaining the project to those residents with questions.

Matt would also like to thank the fol-

lowing people for their substantial donations to Troop 245: Charles Miller, James Hodges, Merl Tinkey, Helen Hartzler, Helen Lowe, Bob Messer, Baxter Paige, and Floyd Henson.

Because the project has been such a big success, Matt has decided to extend it to anyone else who would like their numbers put up. Those interested should stop by the Town Clerk's Office and check the display. On the display are the different numbers that are available. To participate, fill out an order form and drop it in the display box with your payment in an envelope. You can also order numbers by calling Matt at 893-4105. Orders should be turned in by June 16 and the numbers will be installed on July 7. Sorry, numbers can not be installed in brick.

Perry Home Improvement Club

The Perry Home Improvement Club met for their Mother-Daughter Banquet at the Pleasant Hill Church. The tables and the room were lovely with potted geraniums. Marjorie Miller asked God's grace for the meal. The food was prepared by the ladies of the church.

President Marie Nestleroad welcomed everyone. A tribute to Mothers was read by Missy Steininger, to daughters by Mary Steininger, to Grandmas by Beth Klein, and to all Mothers by Sherri Moore.

Devotions by Marjorie Miller as she told of some of the great Mothers from the Bible. Their children grew up possessing love, faith, and service which is required by God's children everywhere. She closed the lesson with a prayer poem.

Marie Nestleroad conducted a contest that was won by Cindy Musselman.

A humorous skit was enjoyed by all. Two good friends that were neighbors were portrayed by Alice Teel and Pauline Miller.

The following poems were read: "Be careful what you say" by Helen Miller; "History of Mother's Day" by Marie Nestleroad; "Is our language going to Pot?" by Marie Long; "I'm Fine" by Marie Berger; and "Smiles" by Aurel Musselman.

The ladies joined in singing "God Be With You Till We Meet Again".

In closing Marie asked that each one

present take home her choice of the potted geraniums. "Thank you Marie".

The following members and guests were present: Marie Berger, Mary Steininger and daughter Missy, Emma Burns, Ethel Smith, Louise Smith, Betty Keim, Dorothy Cole, Marie Long, Arlene Gearhart, Bernice Whittenberger, Helen Miller, Grace Waechter, Irene Secor, Marjorie Miller, Marilyn Bradburn and daughter Criss, Sherri Moore, Marie Nestleroad, Pauline Miller and daughter Bonnie Jean Bahney, Aurel Musselman and daughter-in-law Miriam Musselman and grandchildren, Cindy and daughters, Tricia, Kimberly, and Julie; Shirley and daughter Carman, Mary Lou and Pam and baby son, Ryan.

Good question. And it's a question we've heard in many languages. At PSI Energy we've joined with communities throughout Indiana to help them sell their advantages throughout the world. It's a partnership that creates growth and prosperity for all of us.

We believe Indiana's only as strong as its communities. And, through joint economic development efforts, we're helping communities by sharing our resources.

Economic development. We believe it's the energy of the future.

"Thou hast given a banner...that it may be displayed because of the truth."
— Psalm 60:4

TO APPRECIATE THE FLAG, REMEMBER WHAT IT STANDS FOR

Last year, the flag received a lot of attention in an unfortunate way, because some individuals chose to burn or otherwise desecrate it in order to register a protest. It wasn't even effective, because their action gave no indication of what their grievance was. Measures designed to prevent this act without violating freedom of speech may be long debated, but one fact seems clear. Apparently, those who resent showing any respect for our nation's flag don't realize that among other things it has symbolized their very freedom to destroy it, if that's their way of making a statement. In many countries they would never have been allowed to do this. Our House of Worship, the choice of which our flag guarantees, bids us remember this fact, as well as all the other freedoms it represents in our land.

He must be cold, indeed, who can look upon its folds rippling in the breeze without pride of country.
— Charles Sumner

Conservation Officers gear-up to get drunk boaters

Indiana conservation officers are gearing-up for their summer effort to get drunk boaters off the water. Officers in the DNR's Division of Law Enforcement recently spent two days in a training session covering such topics as sobriety tests and handling intoxicated boaters. It's all part of the DNR's OWWI (Operating Watercraft While Intoxicated) Task Force, which will be in operation this summer.

"We had 41 conservation officers attend the training session," said DNR Director Patrick R. Ralston. "The OWWI Task Force will be working hard this summer to make certain people operating boats on Hoosier waterways are sober."

The OWWI Task Force is funded by

federal dollars. Indiana Conservation Officers will put in extra time to concentrate on reducing alcohol and drug-related boating accidents. The officers will travel in clearly marked OWWI Task Force boats and vehicles.

Fifteen people died in Indiana boating accidents in 1989, and ten of the deaths were alcohol-related.

COMMUNITY SERVICE PROJECT

As Akron continues to grow, so does the amount of waste that it produces. This refuse is quickly filling up landfills and steadily raising the cost of trash removal. The Town of Akron is currently facing the need for a bigger dumpster to hold its trash. This translates into higher prices for you and a more polluted environment. We are willing to help combat these problems.

As a Community Service Project, Akron Boy Scout Troop 245 is offering to begin a recycling project that will decrease the amount of buried trash, help save the environment, and possibly prevent any future price increase in trash removal.

Current plans are to recycle aluminum cans, glass, plastic, and newspapers (no inserts). One or two days a month will be set for you to drop off these articles at a certain spot. Those who are unable to deliver the articles can opt to have them picked up on these days.

What we need right now are your thoughts. We want to know your opinion of the project and any comments you may have. If you are favorable towards the idea of recycling, we would like to know to what extent you plan to participate. Please take the time to fill out the questionnaire below and return it to the Town Clerk's office by June 16, 1990. We plan to start the project by July 1, 1990, if your response is favorable. Please watch the Akron/Mentone News for further details.

The Martin Shackleton family to present Concert at Akron Church of God

The Martin Shackleton family will present a sacred concert in both the 8:25 a.m. and 10:30 a.m. services at the Akron Church of God on Sunday, June 10.

Martin and Jean Shackleton have been working together as a team for the past twenty years. They met while attending a Christian college and were then married. Both have received Masters Degrees in music. Upon graduating from college they served as ministers of music at the Glendale Church of God, the South Bay Church of God and the Garden Grove Church of God. They are currently associate pastors of the Lodi Community Church in Lodi, California.

The Shackletons have three talented children Aaron, Jeana, and Joan, who also sing in their concerts. Their presentations focus on the family and family life.

Their concerts include many styles of music from classical, sacred songs to country ballads and children's songs. Wherever they have traveled, people have been inspired by their music.

Pastor Malbone and the congregation of the Akron Church of God invite everyone to enjoy this special concert by the Martin Shackleton family.

June Time

June is bustin' out all over,
How I love the smell of clover,
Trees an' grass, oh so green
Phlox an' iris prettiest ever seen,
It's June Time.

Ah! The smell of new mown hay,
Hear tractors runnin' night an' day,
Mowin', rakin' an' balin' too
Start soon as the sun takes off the dew.
Ah! It's June Time.

Hear the drovin' of the bees
While we're busy pickin' peas
And big ripe luscious strawberries
Then over shortcake we are merry.

Summer Reading Program to begin at Bell Memorial

An African Safari is the title for the summer reading program at Bell Memorial Public Library in Mentone this year. Young readers (next year's First through Sixth Grades) are invited to join the fun. There are no special meeting dates during the six weeks, June 4 through July 14, but there will be a party July 18 for all who participated. Children enrolled may also participate in the library's annual "Trading Post Day", a junior flea market, June 20.

Summer reading club is not a contest. Each member is free to determine the number of books he/she will attempt to read, and then proceeds to do so at his own pace. As books are completed the individual's flag is moved around one of the many trails on a map featuring special landing spots such as "A Jungle in Tanzania" and "A Masai Herders' Camp", where small prizes are earned.

The program emphasizes devoting some quiet-time each day for reading those books that appeal to that particular person and for trying books from new categories. The fact that this keeps reading skills sharp for the next school term is an added benefit!

Bell Memorial Public Library serves the Town of Mentone and Harrison Township as well as any Indiana resident from a library-taxed area. Non-residents may purchase cards for library privileges.

Salvation Army relief efforts in Southern Indiana

The Salvation Army is continuing its tornado relief efforts in Petersburg, Bedford, and surrounding areas, with the help of numerous donations from local corporations. In the first four days of the tornado relief efforts over \$125,000 worth of goods and services were donated to the Salvation Army for distribution in Petersburg. Anheuser-Busch donated \$108,000 cans of water; Dowbrands donated cleaning supplies; PSI Energy and Wal-Mart each donated truck loads of batteries, flashlights, and canned goods; in addition to many restaurants, grocery stores, and generous residents.

Over 15,000 meals have been served in Petersburg, and over 5,000 in Bedford. Three canteens and five emergency mobile units remain on duty in Petersburg serving food and drinks to victims, emergency personnel, and utility workers.

Petersburg officials confirmed 97 homes were demolished beyond repair and more than 400 incurred serious damage. Six Petersburg residents were killed in the storm.

The Salvation Army in Bedford is providing a clothing center, food bank, and cleaning supplies for victims of the tornado in Bedford.

Both areas are working diligently to repair homes and businesses. Construction efforts have been difficult this week due to additional storms which brought up to six inches of rain in some areas.

The Salvation Army will continue its relief efforts indefinitely at the V.F.W. Post in Petersburg, and at the Salvation Army Thrift Store in Bedford.

Henry Township Fire Department raising money for Jaws unit

The Henry Township Fire Department, recently had an Engle Fire Equipment Company come to the fire station to demonstrate Jaws of Life equipment for the firemen and each fireman was able to use the equipment. Jaws of Life is used to free people who are trapped in a vehicle accident.

The Fire Department has been working to raise money for the Jaws unit. Fire Chief Joe Day said, "There is a need for this equipment in our community, there are 25 personal injury accidents in our community a year and you never know when you might need the equipment to free someone. It is going to take a lot of community support to raise the funds for the purchase of this unit."

"To make this a reality it will take a lot of training of both the EMS and the fire department, my goal would be to have the EMS and the fire department work more closely together to save lives, that is why every volunteer works so hard for these departments, to save lives." "Of course the easy way to avoid serious injury would be to wear seat belts and to have your children in proper child restraint seats, but when the need would rise for the Jaws it will be great to have one of our own." "The whole idea would be to remove the car from the victim not remove the victim from the car, to lessen the chance of more serious injury." Day concluded.

A few of the fund raisers the department will be doing will be a raffle for a Power Wheels fire engine, raffle tickets will sell for \$1.00 a piece or 6 for \$5.00; on the 4th of July their will be a pancake and sausage breakfast all you can eat, from 7:00 to 10:00; a circus in the fall and there are buckets in area businesses folks can drop off any donations they would like to give. Among all the fund raisers the department will be going to the bank to take out a loan for any money they are not able to raise.

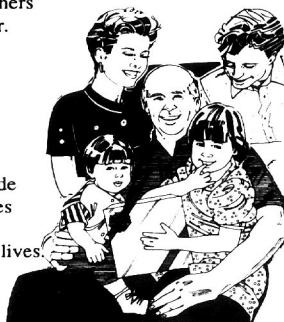

FATHER'S DAY

Today is the day we honor our fathers
And give them our love for all year
So just for today may we forget all others
To give him joy, and banish all fear.

His hand is gentle, kind and strong
His heart is brave and just
He leads a noble life to bring
True happiness to us.

May we always show him our gratitude
For all the time and thought he gives
May we show to him by our attitude
He gives us courage by the way he lives.

When father is so often slighted
He will cherish our kindness true
And see that his constant cares are not blighted
But appreciated each day that we grew.

Mrs. Maurice (Marjorie) Kessler

Views On Dental Health

H. RAY HAZEN,
D.D.S., M.S.D., P.C.

SENSITIVE TEETH

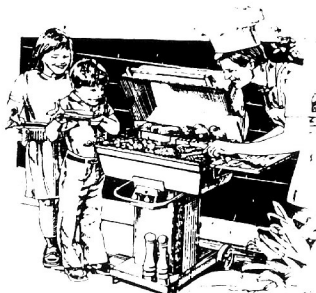

People who used to get numerous cavities were known to have "soft teeth". While this has been exposed as a myth, there is another phenomenon, "sensitive teeth", which is quite real and often quite painful.

Wearing down of the teeth, whether from an abrasive diet or a bad bite can cause sensitivity; so may receding gums caused by periodontal disease. The problem is complicated by the fact that proper cleaning may be painful, and lack of cleanliness only makes the problem worse.

Sensitive teeth should be cleaned gently but thoroughly with a soft nylon toothbrush and a low-abrasive toothpaste. There are effective medicated cleansers made specifically for sensitive teeth. Severe cases can be treated with fluorides and other desensitizing agents by the dentist.

Why teeth become sensitive is only partly understood, but that hasn't prevented effective treatment of this uncomfortable condition.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Phone 223-3121.

INDIANA? WHAT'S IN IT FOR ME?

Good question. And it's a question we've heard in many languages. At PSI Energy we've joined with communities throughout Indiana to help them sell their advantages throughout the world. It's a partnership that creates growth and prosperity for all of us.

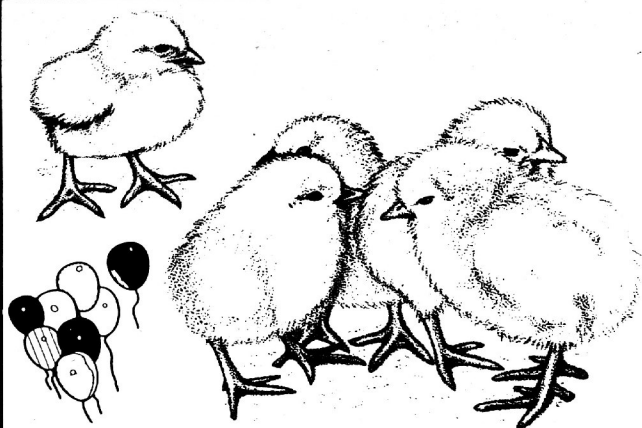

We believe Indiana's only as strong as its communities. And, through joint economic development efforts, we're helping communities by sharing our resources.

The circus is coming to Akron

The Henry Township Fire Department will be sponsoring the Franzen Brothers Circus on September 9, 1990 at 2:00 and 4:30 p.m. The show grounds will be announced at a later time. Ticket prices are \$5.00 for adults and children and senior citizens \$3.00 in advance, at the door the prices will be \$6.00 for adults and \$4.00 for children and senior citizens.

Lions and tigers, performing horses, mystical magicians, this is just a small portion of what is known to many as America's favorite show. It's the Franzen Brothers Circus.

It began 17 years ago when the Industrial Arts High School teacher, Wayne Franzen decided to follow this dream. Starting out with a tiny little tent and a few farm animals the Franzen Brothers Circus began. Circus critics first thought it was cute, but had no idea it would become one of the top five touring circuses in North America. "Each year we look to improve the show a little more," says Wayne. "Now that we have all the major elements of a circus, that is elephants, lions, tigers, horses, camels, clowns, aerialists, etc., we have been pushing toward more advanced lighting and special effects to keep up with the demands of our audiences."

Children's musical "Tales of the Kingdom" by the Arise Academy

"Tales of the Kingdom", a children's musical presented by the "ARISE" Academy for the Performing Arts, will hit the stage of Rochester High School on Friday and Saturday evening, June 15 and 16 at 8:00 p.m. 51 musically talented students, who have been practicing since last October, will put on the 2 hour musical under the direction of Barry and Donna Frisinger. Student Director is Miss Stacey Cole, a Rochester Middle School 6th grader.

The musical is based on the award-winning novel of the same title written by

David and Karen Mains, best known for their **Chapel Of The Air** radio program. The "medieval" story line includes the "Princess Amanda", played by R.M.S. 6th grade student, Allison Bellows, "Hero", played by Riddle Elementary School 4th grader, Ryan Johnson, and "Faith", portrayed by Amy Wilson, Columbia School 3rd grader. The "Storyteller" will be played by R.M.S. 6th grader, Stephanie Bugno, while Kyle Wilson, Columbia Kindergartener will play the part of "Little Child".

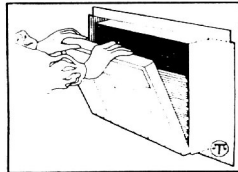

Special guest performers will include Dr. Delron Shirley, Dean of the World Harvest Bible College in South Bend, and his wife, Peggy, renown speaker throughout the United States. They will play the part of "Caretaker" and "Mercy". Terry Baldwin, locally employed by the Radio Shack, will play the part of "The King". Kathy Kesner, owner, along with her husband Bob, of the Cornerstone Christian Bookstore, is playing the part of the "Orphan Keeper's Assistant", while Jim Walley, owner of Blue Products in Rochester, will play the part of the "Enchanter".

Tickets may be purchased from any "ARISE" Academy student or at the door. Admission is \$3.00 for adults and \$1.50 for children under 12.

Choosing an Air Conditioner

When the cool, fresh air of spring becomes hot and humid, the rush to buy room air conditioners begins. Smart shoppers think about purchasing or replacing an air conditioner *before* they really need one, to take advantage of the best selections.

There's more to consider than just cooling power when it comes to finding the right air conditioner, say Whirlpool Corporation home economists. Look for:

- Ease of installation. Make sure the new model fits the space. Look for accordion-type panels to ensure a snug, gap-free fit in window installations.
- Compact styling. No longer big and boxy, today's room air conditioners offer a sleek, contemporary look that blends into any decor.
- Easy-to-clean filters. Dirty filters cause a high percentage of air conditioner service problems. Look for filters that are accessible and easy to remove, clean and replace.
- Good air distribution. Movable louvers and air direction panels push the cool air where it's needed most, maximizing cooling.
- Effective exhaust systems. A good exhaust system is vital for removing warm or stale room air.

CLIP EARRINGS — I don't know if this is a new idea or not, but it is new to me, and my friends are thrilled about it. It makes use of any single clip-on earrings that you just can't find the mate to, or it can be done with a pair of clip-on earrings as well.

Take a plain gold or silver necklace and clip on a coordinating clip-on earring (gold or silver), and you have a lovely addition to an ordinarily plain chain. If you have any old clip-on earrings, try it yourself. You will be pleasantly surprised. Pam G., Temecula, Calif.

MUSICAL INTERLUDE — My son always gave me a problem when it was time for him to brush his teeth. He would brush for a few seconds, rushing to complete the job. I know he wasn't cleaning his teeth properly.

I had the idea of putting a music box on the bathroom counter and having him brush until the music stopped. You wouldn't believe how it changed him. He can't wait to wind it up and brush. Wilma R., Portland, Ore.

SAVE WATER — I try to cut down on spending too much money on utilities, especially water. I followed the example of a dear friend of mine from Europe. Water is expensive there, so she takes her second rinse water from the washing machine and waters her garden.

She drains the water from the machine into buckets and takes it outside. It takes a little effort, but it's worth it. Janie T., Houston, Texas

CONSIDERATE SHOPPER — Every time I'm in the supermarket, I find myself waiting on a long line to be checked out. A lot of shoppers complain that there's not enough room between the checkout stands and the grocery aisles for them to get around the lines.

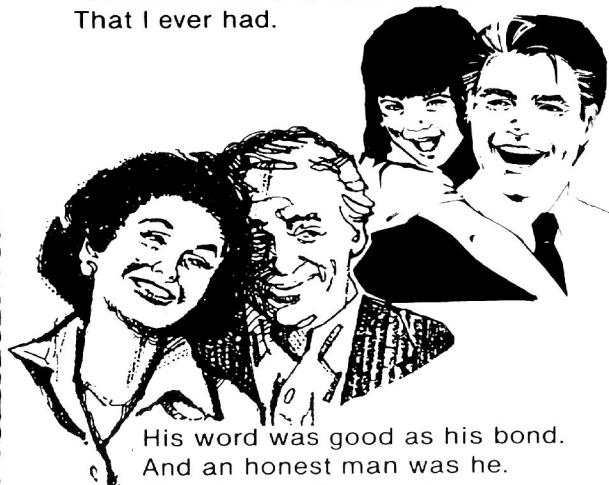

I have noticed that most shoppers stand behind the shopping cart while waiting in the checkout line. How simple it would be if each shopper stood on the right side of the shopping cart while in line to check out so the carts could be closer together, thereby shortening the line. Jill G., Arlington, Va.

MY DAD

No one can compare
To my Dear Old Dad.
'Cause he was the best friend
That I ever had.

His word was good as his bond.
And an honest man was he.
He set a good example
Of how life should be lived, for me.

And tho my Dad is no longer here
Fond memories linger still.
I honor and respect my Dad
And I always will.

HONOR YOUR FATHER, WHO TAUGHT YOU THE WAY TO LIVE

Your dad was there when you were small.
He showed you how to throw a ball,
Whenever he had time to play
And wasn't working hard all day,
Providing life's necessities
So you could live a life of ease.
He punished you for doing wrong
And taught you how to get along,
Plus all the things you had to know
That he learned many years ago;
Although you'd often disagree,
Convinced that you knew more than he.
Our House of Worship tells us of
The many ways he showed his love;
So as its message will convey,
Let's honor him on Father's Day.

—Gloria Nowak

Construction of a \$25,000 addition to the Gilead High School building was assured recently when approval of an additional appropriation by the state tax board was received by Wallace Musselman, trustee of Perry township. The addition, of one-story construction, will comprise two classrooms and a modern gymnasium and will be 71 by 110 feet. The structure will be of brick and tile, according to plans drawn by Architect Henry Wolf of Logansport. The gymnasium will be 60 by 80 feet with a maple floor and a steel arch roof, asphalt covered. In addition, there will be two rooms 21 by 30 feet, one for vocational agriculture and the other for home economics. The home economics room will have a wood floor while the shop will have a concrete floor. The building will be an addition to the present Gilead high school building and will be built on the east side of the present structure.

A four weeks kindergarten class opened Monday morning at the grade school for youngsters. Martha Burdge and Kate Morris are in charge of the school, and have prepared many interesting projects for the pupils. The schedule includes games, story telling, rest period, a lunch period, and play out of doors. The teachers take the children to school at 8:30 and bring them home at 11:30. Those enrolled so far are: Richard Dawling, Larry Dershem, Carol Ann Fleck, Skipper Gerig, Carolyn Harter, Jerry Hoffman, Wayne Huppert, Nancy Irelan, Harold Leroy Leininger, John Meredith, Donnie Moyer, Connie Jo Singpiel, Jimmie Smith, Barbara Waechter, Harriet Whallon, and Willis Wideman. Sharon McFarland was unable to go because she has the chicken pox, and Janet Parker is ill with tonsillitis.

Akron's population gained fifty-two persons in the past ten years, but was unable to push their total population over 1,000. The 1940 census lists Akron as a town of 984 persons, while ten years ago it has 932. The new figure will come as a surprise to most Akronites, who believed that their town had grown much more in the past ten years than the figures indicate.

The dining room of the Hotel Akron, which has been closed for several months, will be open to the public on Sunday. Louis Mawby, son of Mrs. D.M. Secor, is the chef, and Chic Gast is the hotel manager.

Flick Picks by Debbie Fletcher

Cadillac Man

To quote **Robin Williams'** character, Joey O'Brien, in this movie, "Most people think car salesmen are the scum of the earth anyway." That's really true for the most part, but after seeing this movie, you may be tempted to change your opinion.

Why? Well, Joey gives us a glimpse of his soul. He is at once desperate, able to laugh at life and himself, pathetic, and painfully honest. In short, he's a regular human being. As we come upon him, Joey is a luxury-car salesman who's experiencing a mid-life crisis. Although he still has a thing for his ex-wife (**Pamela Reed**), he lusts after a married Jewish American Princess (**Fran Drescher**) and an avant-garde East Village designer (**Lori Petty**), all the while consistently coming on to the latest sexy salesperson at work played by **Judith Hoag**.

As if these personal crises weren't enough, Joey is told by his boss's son that in order to keep his job, he has to move 12 cars in one day. He also owes some \$20 thousand to a Mafia creep. Was ever a salesman so beset?

The real meat of the movie is when **Tim Robbins** breaks into the dealership brandishing an automatic weapon. He plays Larry, the insanely jealous husband of the receptionist (**Annabella Sciorra**) whom he suspects of having an affair. (Of course, she is.) After wounding her, he takes everyone in the place hostage, leaving it to Larry to make the ultimate deal of his life. If he fails, everyone dies.

Here is where **Robin Williams** excels. His patter is brilliant and insightful. As I've always felt, you have to be lightning quick to catch everything **Williams** exhales in a sentence, but it's worth the strain on your brain. He is positively breathtaking.

The rest of the cast lives up to the awesome talent of **Robin Williams**, and that's what makes this movie truly enjoyable. It's an ensemble performance, and I highly recommend it.

COMMUNITY SERVICE PROJECT

As Akron continues to grow, so does the amount of waste that it produces. This refuse is quickly filling up landfills and steadily raising the cost of trash removal. The Town of Akron is currently facing the need for a bigger dumpster to hold its trash. This translates into higher prices for you and a more polluted environment. We are willing to help combat these problems.

As a Community Service Project, Akron Boy Scout Troop 245 is offering to begin a recycling project that will decrease the amount of buried trash, help save the environment, and possibly prevent any future price increase in trash removal.

Current plans are to recycle aluminum cans, glass, plastic, and newspapers (no inserts). One or two days a month will be set for you to drop off these articles at a certain spot. Those who are unable to deliver the articles can opt to have them picked up on these days.

What we need right now are your thoughts. We want to know your opinion of the project and any comments you may have. If you are favorable towards the idea of recycling, we would like to know to what extent you plan to participate. Please take the time to fill out the questionnaire below and return it to the Town Clerk's office by June 16, 1990. We plan to start the project by July 1, 1990, if your response is favorable. Please watch the Akron/Mentone News for further details.

Antiques and Collecting

by Ralph & Terry Kovel

GOING TO MARQUETRY

Few craftsmen today are able to make the marquetry decorations that were popular on French furniture in the 18th and 19th centuries. The furniture of Louis XV and Louis XVI was often covered with geometric designs made of small pieces of wood, and in the late 18th century, most copies of the earlier furniture still had this type of marquetry.

The modern designers or those working in the art nouveau style developed a different type of inlaid wood patterns. In Nancy, France, the furniture by Galle, Gauthier and other shops usually had at least one panel inlaid with flowers or scenes. Some pieces were entirely covered with plants, insects, mountains and trees. The new furniture forms were often asymmetrical, and the designs included curved legs and corners and asymmetrical marquetry.

The marquetry was made of many varieties of wood — maple, sycamore, oak, mahogany, rosewood and cypress — as well as metal, mother-of-pearl, shell and ivory.

Special care is needed for this type of furniture. Sometimes, the woods have been dyed. Dirt often hides the color, so very careful cleaning and polishing is needed. Never use a polish that adds color, and be very careful where you have repairs or stripping done. Keep this type of furniture away from direct heat or sunlight.

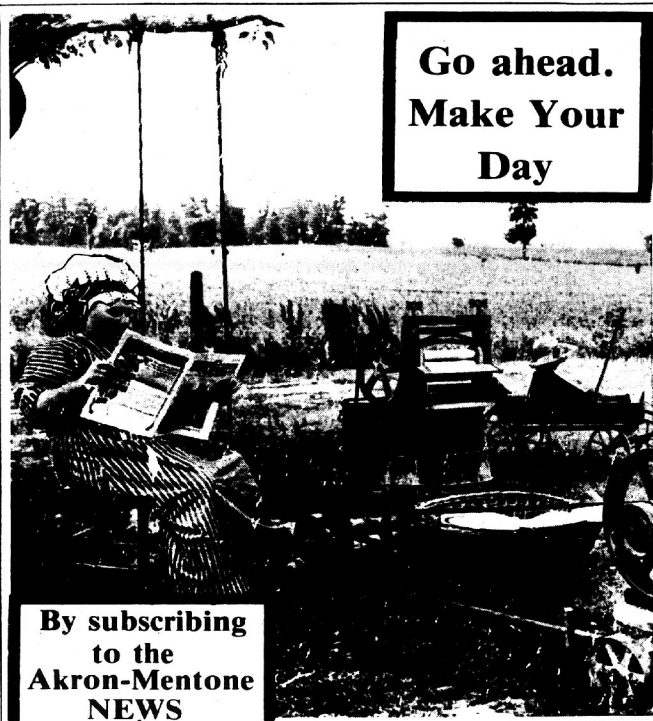

Q. My 15-inch-high doll is marked "370 AM Made in Germany." It has a porcelain head and hands and a leather body. Is it very old?

A. **Armand Marseille**, a porcelain maker in Germany, made dolls' heads from about 1890 to 1925. The AM mark is very common, and 370 indicates that the shoulders and head of the doll were molded together. The leather body and hard hands suggest the doll was made before 1915.

Indiana Basketball Hall of Fame to open the public June 30

Wednesday, June 13, was Vice President's Day at the new \$2.5 million museum dedicated to "Hoosier Hysteria," which opens in New Castle on Saturday, June 30. Dan Quayle's private tour of the museum was followed by a speech in the courtyard and a symbolic "first Shot" at the Hall of Fame basket.

The next event is a gala grand opening for the general public on Saturday, June 30, with ceremonies starting at 11:00 a.m., shooting clinics at 12:30 p.m. and exhibition games at 1:30 p.m. Fifty great basketball players are expected to participate in the museum's inauguration, including Oscar Robertson, Steve Alford, Kent Benson and Damon Bailey. The legendary 1954 Milan Indians will team up once again to play their namesake, the Hickory Huskers, from the movie "Hoosiers." Senator Richard Lugar and Senator Dan Coats will join Governor Evan Bayh and U.S. Representative Phil Sharp in the building dedication. Sandi Patti will perform her inimitable rendition of the National Anthem and will also sing "Back Home Again In Indiana."

Grand Opening Saturday will provide visitors with a day filled with celebrities, activities, festivities and memories. The Indiana Basketball Hall of Fame is the only museum in the country that honors the spirit, the tradition, the players, coaches and fans of high school basketball.

Quayle commented, "Indiana is the only place to have a Hall of Fame like this, because high school basketball is more than just a game. It's part of our great state's way of life. It's our culture, it's our tradition. It's our heritage. And, I guess it comes from having a sense of pride in one's values that are truly Hoosier values. Because, more than megaphones or mascots, or game balls or banners, Indiana High school basketball from all across the community, draw together and cheer on their sons and daughters, brothers and sisters, and friends. Because only the Indiana Basketball Hall of Fame is big enough to hold all the great Hoosier spirit that makes this game what it is in this great state we all love."

Helping Hands Giveaway Day

One year ago, Mary and Jerry Seccrist wondered how they could help those in need, not just hand outs, but a Helping Hand.

Through much hard work, Helping Hands has become a clothes and food bank for folks in the Tippecanoe Valley School District. The program is designed to help those families who could use some assistance with their clothes and food needs.

The program was started in a small trailer and recently has grown to an additional building located on the South Side of Mentone, at the corner of County Road 600 South and 1000 West.

Due to the overwhelming donations of clothing, Helping Hands will be holding a Giveaway Day, which will begin on June 21 and 22 starting at 12:00 noon, which people can come out and pick any clothing they might need for their families. The clothing will be set outside on tables for folks to pick and choose from.

Helping Hands is a non-profit program, and all items are free to families who wish to participate. However donations are accepted. All donations will be used to restock the shelves with food.

This is a free clothing giveaway. There will be clothing from children to adults. All clothing is very nice.

This program which works primarily off of community support. At this time, donations of food, are needed to restock the shelves, and provide assistance to more families in the area.

Kids games during the 4th

GOD'S LOVE PROVIDED THE JOYFUL SERENITY OF SUMMER

When springtime flowers fade away
And sunlight warms each golden day,
All work will stop, while everyone
Gets ready for some outdoor fun.
Now some maintain their status quo
Relaxing on the patio,
While those more energetic choose
The picnics and the barbecues;
But when it comes to Sabbath day,
Let one and all decide to pray.
With many members out of town,
Don't let your House of Worship down.
Remember that its help is near
In any season of the year;
Then see the Lord's creation thrive
In summer, when the earth's alive.

—Gloria Nowak

selves that summer is
now big at hand."

Rural Rhymes Who Needs The Farmer

Esther C. Adams

Who needs The Farmer anyhow?

To feed the hogs and milk the cow.

With imitation milk and meat

They've got the food problem beat.

Who needs the cotton and wool,

Synthetics have the market full.

Goodbye to cotton and sheep

Synthetics have The Farmer beat.

Who needs to keep a hen to lay,

Imitation eggs are on the way.

With imitation hens to stew

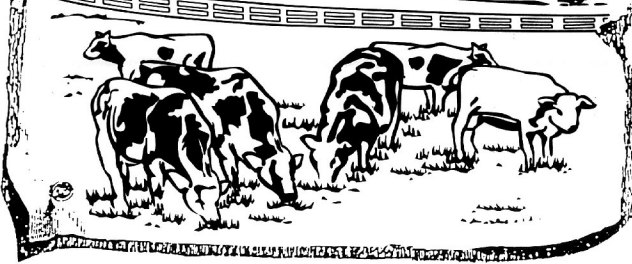

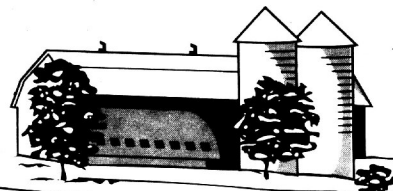

Who needs Farmers like me and you.

Lord: Help me keep this piece of ground,

My cows, pigs and old coon hound,

My paradise will be complete

With my own milk and meat to eat.

FFA judging teams

Change is rampant in agriculture, and agriculture education must keep pace or become an obsolete remnant of the past. If the agricultural education community is to meet the challenge of change, we must answer two questions: "who are we?" and "What is our purpose?" the agricultural education community must begin answering these questions collectively and in a way that renews, confirms, and revitalizes the community's collective sense of esteem, purpose and meaning.

It is essential that bold, innovative thinking be encouraged and revitalized to prevent stagnation and rejection. More than ever, the community needs fresh ideas.

The mission of agricultural education is to provide a total dynamic education system. We aspire to excellence as we recruit, prepare and support individuals in agriculture careers. We serve the people and inform them about agriculture, its needs, opportunities and challenges.

We value: providing instruction in and about agriculture; serving all population; developing the whole person; responding to the needs of the marketplace; advocating free enterprise and entrepreneurship education; functioning as a part of the total educational system; and utilizing a proven educational process which includes formal instruction, experimental learning, leadership and personal development.

Tippecanoe Valley FFA Organization judging teams for this past spring are as follows:

1990 Dairy Judging Team from L to R: Jenny Doud, George Van Meter, Ryan Ladson, Kris Miller.

Placed as an alternate to the state competition at the Area X contest also. They evaluate dairy cattle according to general characteristics, dairy characteristics, and the mammary system.

1990 Livestock Judging Teams are from L to R: Carey Lewis, Matt Harsh, Eric Biddinger, and Mike Jones.

Placed 2nd at the Kosciusko County contest and alternate to the state contest at the Area X contest. They evaluated beef, swine, and sheep according to the current market ideas.

1990 Horse Judging Team L to R: Heater Buck, Tim Gardner, Felicia Backus, Jim Howard is not pictured.

Placed alternate to state by judging Arabian horse, quarter horses, Morgans, Western pleasure classes, and other classes.

All these young women and men have put in many hours of hard to prepare for their county and district contests as well as the invitational contest that we participated in.

1989-1990 retiring officers for the Tippecanoe Valley FFA are as follows: L to R: Tim Gardner, vice president; Jenny Doud, president; George Van Meter, treasurer Eric Carson, Reporter; Rick Dittman, Sentinel; and Geri Schuh, secretary.

The officers provide the main leadership for the FFA organization. They act as chairman for all of the activities of the chapter.

Years Ago stories taken from the Akron News 73 years ago, June 8, 1917

Last year Akron put up a 4th of July Celebration that eclipsed the most sanguine expectations. We celebrated the 80th anniversary of the settlement of Akron in great style and at a total cost of \$400.00 or more. This year the Lincoln Chautauqua people will furnish the program on that date, July 4, 1917. They have selected a speaker, Hon. Rufus E. King, a great patriot and popular orator who will address the people on that afternoon and night. The programs are not yet here and we cannot say of what the rest of the program will consist, but the Lincoln people assure us that the entire program will be one full of patriotism and intended for the uplift of our people on that day. Since this locality and the business men of Akron have been relieved of the expense and responsibilities of an old fashioned 4th of July celebration because of the opening event of the Chautauqua putting up an appropriate celebration, we should take hold of the matter with a vim and all help to make it a success. We know we have the war on our minds and feel depressed in spirit and in soul, but celebrating the 4th is only celebrating the event that gave this country its freedom, but in this program we will extol the patriotism that stirs the bone and sinew of this land at this eventful moment. We say in conclusion that it is very clever in the Lincoln Chautauqua preparing such a program for us from special talent and give it to us that day.

When John Dawson and Miss Marie Drudge, two of Newcastle township's well known young folks accompanied by Mrs. Arch Stinson, of Athens left in the Dawson auto last week for Buffalo, S. D. they started on a trip that will shape their future and then they will further the whole thing by being married in the northwest. A few days prior to their departure, Miss Drudge well know in this city was given a shower but the date of her marriage with Mr. Dawson was not then known. The couple expect to go to Buffalo, a trip of about ten days and there Mr. Dawson will take out papers on 460 acres more land, he already having proven up on 160 acres there. Then the couple and Mrs. Stinson will go to Montana where Miss Drudge will take out papers on a whole section, 640 acres, after which, the marriage will be solemnized and the couple will then divide their time between the South Dakota and Montana tracts.

Wedding licenses were issued Wednesday of this week to Mr. Claude Gearte, youngest son of Mr. and Mrs. John Gearte of near Gilead, and Miss Vesta Burkholder, daughter of Ernest Burkholder, south of Akron. The groom is a member of the Akron High School graduating class of 1916. Both are popular young people of this community.

Eldridge Carpenter is carrying his right arm in a sling since last Sunday morning. Mrs. Carpenter had been helping him to crank the stubborn Lizzy, and she just let go and turned the crank over to him. He gave the crank a few twists and it got away from him striking him on the lower forearm breaking the bone. Dr. Johnson adjusted the fracture and Elbridge is standing the ordeal pretty well.

Mr. and Mrs. Homer Ball are moving to Santiago, from Washington. Homer has charge of the air for the flying machine department of the war or coast defense. Glen Curtis has charge of teaching the boys how to fly when Homer tells when the air is fit to fly in. Homer's son Gordon came through from Washington alone reaching his grandparents' home at Roann in perfect safety last Thursday.

Mr. and Mrs. S.C. Sippy have taken up a new position in life by moving up to the line of grandpas and grandmas, all because of a little baby daughter that was born to their daughter and husband, Mr. and Mrs. Cecil Brooks. Mrs. Albert Groves also has an interest here, and now ranks with the great-grandmas. The little lady will answer to the name of Rosette Marguerite in honor of its grandma.

THE HUMAN SPIRIT WILL NOT BE DENIED FREEDOM FOREVER

Those of us who have never had to live without freedom simply take it for granted. However, it was brought sharply to our attention last year, by the incredible daily events in eastern Europe. One by one the rulers of those countries toppled like dominoes, as the people shouted down their yoke of oppression. Of course, many problems, conflicts and dictatorships remain in other parts of the world, where freedom and democracy have not yet prevailed, but one definite truth has emerged from all of this: The spirit of liberty in the human soul may be crushed for a long time, but it will eventually rise up and triumph. At your House of Worship, thank the Lord for our freedom, ask Him to give us the courage to maintain it, and pray that all the world will be blessed with it.

Views On Dental Health

H. RAY HAZEN,
D.D.S., M.S.D., P.C.

TRACING THE PAIN

A patient has an excruciating pain in his mouth. He thinks he knows exactly where it comes from. He naturally expects the dentist to treat the bad tooth and send him on his way.

Unfortunately, it's not always that simple. Finding the source of the pain can be more of a problem than you think. Because there are so many nerves around the mouth, the pain impulse may get jumbled on its way to the brain. Often, the discomfort seems to come from an area some distance from its real source. This phenomenon is known as referred pain.

Pain from a bad tooth can seem to arise in front or behind it, or even from the opposite jaw! Rather than rush in and treat the suspected cause of the pain, the dentist will probably perform a few tests to be sure. Be patient. Pain is fickle. Your dentist wants you to be free of all pain. However, he also wants to be very sure that he treats the problem at its source AS WELL as making you comfortable.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Phone 223-3121.

Ellis's named Parade Marshals for 4th of July

This year's 4th of July Parade Marshal has been chosen and is gearing up for the big parade.

Clair and Ruby Ellis moved into their current Akron home back in 1954. Clair says, "Akron is a nice community to live in, they have a good school system and always have. The downtown area has really grown and more factories in town have made it possible for folks to work in the community they live in. Many years ago the Chamber of Commerce was determined they would make Akron grow from 1,000 to 5,000 in a short time of five years," he chuckles, and says, "Akron just reached that goal a few years ago."

Clair and Ruby Ellis married on March 15, 1923 in Indianapolis. They have one daughter, Carmen Smith, three grandchildren and two great-grandchildren.

Clair was and still is very active in many organizations. He was active postmaster, Henry Township Trustee, and is still involved in Lion's Club and Library Board, he is treasurer for both organizations.

Ruby in 1987 received a Lifetime membership and Service Award from the Fulton County Republican Women's Club and always was a member of Home Demonstration.

Clair is 92 years young and Ruby will be 90 in September. The couple use to enjoy traveling together, and Clair is still very busy with farming.

Ruby and Clair are both very honored to be chosen to as this year's Parade Marshals and are anxiously awaiting the big day.

Kiwanis to hold 2nd annual 4th of July auction

The Kiwanis Club is pleased to announce that they will be sponsoring their 2nd Annual 4th of July Auction in the Akron Celebration this year, and we need your help.

Last year, because of your generosity, we were able to raise close to \$1,000 for such worthwhile projects as the flagpole for the new city building, the Akron Boy Scouts, and the Akron Youth League programs. This year we are hoping our auction will be even bigger and better than ever. We are going to include the Mentone merchants and use the funds for the entire Tippecanoe Valley School District. Each year the Kiwanis Club gives their time and money for such worthy causes as: \$900 in scholarships to college-bound Seniors, Helping Hands, especially toys for needy children at Christmas, Camp Mellenour, Akron and Mentone Youth Leagues, Akron and Mentone Scouting programs, police career camps, and any other projects as the need arises. Our 1990 budget for these projects is over \$2,200. Our funding for these projects come almost exclusively from the Mentone Egg Days Chicken Drop and the Akron 4th of July Auction.

So as you can see, your willingness to support our auction is important for the benefit of our community.

The auction will be held on the fourth of July beginning at 12:30.

The Kiwanis want to stress that all money will stay in the area.
