Volume 79, No. 11

Trade House Progress Continues

CHARLEY FELLERS, local electrician, lends a hand with wiring at the Akron house while a student, Mark Duzenberg, looks on.

IF AT FIRST IT DOESN'T FIT you re-cut it, these Mentone boys have learned. Richard Morrison and Cam Rathbun shown retrimming the dry-wall panel.

Taylor Singers At Mentone

The Taylor University Singers will be at the Mentone and Talma United Methodist churches this Sunday night. The program at Talma will be at 6 p.m. and the one at Mentone will begin at 7 p.m. Rev. Garrett Phillips, pastor of both churches, invites everyone to attend this special service.

Mrs. Rodeheaver will lead tonight's meeting at the Mentone church.

Eckert Will Assist Taxpayers

Ray Eckert, trustee of Harrison township, will be at the Mentone fire station March 8, 15 and 22 to assist local taxpayers with their assessment forms.

No TVSC Science Fair This Year

Due to a conflict in scheduling, the Tippecanoe Valley Science Fair will not be held this year. Plans for next year's fair, however, have already begun.

Work on the houses being built by trades students in the Tippecanoe Valley School Corporation continues. Similar houses are being built at Akron and at Mentone and the boys enrolled continue to learn new skills daily.

Wiring the house for its year-round climate controlled heating-cooling system and for maximum use as an all-electric home as well as learning the intricacies of dry-walling now occupy most of the boys' time.

In order to satisfy a requirement for fireproof wall between the house and the attached garage, the boys have begun installing dry wall in the garage. It is felt this will give them more practice for interior walls when they advance to them.

The program, new in the local corporation, is unique in comparison to others and has drawn much interest.

Fites Announces Assessment Schedules

Paul Fites, trustee of Henry Township, this week announced that assessments have begun with Russell Shipley working the west half of the township and Walter Baun working in the east part.

Fites will be in his office each Monday, Wednesday and Friday night from 7 p.m. until as late as is needed to assist Akron residents with assessments on cars, trucks, campers, boats and dogs. He asks that each person bring his car registration and social security number with him.

He said business forms will be mailed but said that anyone needing additional sheets 103 and 104 should contact him.

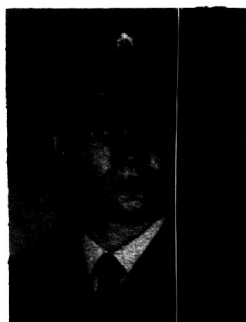

Depreciation schedules from the federal income tax form will again be used.

Pages To Serve

Kim Manwaring, Jayne Ettinger and Kris Hoffert will serve as pages in the Indiana Legislature on Thursday. All are students at Mentone.

Other Mentone students who will serve on Friday are Tim Harman, Donita Teel, Linda Hibschan, Rudy Schwenk, Tim Peffley and Alan Welch.

Irwin Receives Twin Citations

Sgt. Richard A. Irwin, son of Mr. and Mrs. Dale Irwin, R. 5, Rochester, has been awarded the Army Commendation Medal and the Bronze Star Medal for Heroism in Vietnam.

The Army Commendation Medal cited Irwin for exceptional meritorious service in support of Allied Counter-insurgency operations in the Republic of Vietnam during the period of March 1968-69.

While serving as a reconnaissance Sergeant he astutely surmounted extremely adverse conditions to obtain consistently superior results through diligence and determination. He invariably accomplished every task with dispatch and efficiency, it said.

Continuing, it read: His unrelenting loyalty, initiative and perseverance brought him wide acclaim and inspired others to strive for maximum achievement. Selflessly working long and arduous hours, he has contributed significantly to the success of the allied effort. His commendable performance was in keeping with the finest traditions of the military service and reflects distinct credit upon himself and the United States Army.

Be Careful Flying Kites

With kite-flying season here, concern has been expressed over the possibility of injuries being sustained by the children who engage in the sport.

Authorities have said that kites should be built from wood, paper, and string—not from metals of any type—and the tail of each kite should be cloth, not tinsel or metal. Only string should be used for flying kites and this should be dry; kites should not be flown in wet weather.

In addition, kites should be flown in only large, open areas where there are no electrical wires.

His Bronze Star Medal with "V" Device was given in recognition for heroism in connection with military operations against an armed hostile force in the Republic of Vietnam. On November 14, 1968, Irwin was helping fortify the tactical operation center at Landing Zone Vera when an enemy round impacted nearby, seriously injuring one of his comrades. Braving the continuous enemy fire, Irwin ran to the aid of his wounded comrade and assisted him to a place of safety. Then exposing himself to enemy fire, he dashed the length of the firebase to secure medical aid and to find a radio to call for an evacuation helicopter for his wounded comrade. His courageous acts, determination and exemplary devotion to duty are in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit and the United States Army.

Irwin is a graduate of Mentone High School.

His address is Sgt. Richard A. Irwin, US 55-945277, HSB, 6/29 Arty., APO San Francisco 96265.

Author Presents Book To Library

The Bell Memorial Public Library has received a new book, ENGINEERING FOR NUCLEAR FUEL REPROCESSING, given them by the author, Justin T. Long.

This 1023-page book, published under the sponsorship of the Atomic Energy Commission, presents the many contributions to chemical engineering technology that arise from the reprocessing of used fuel from nuclear reactors. Dr. Long's book is the first such unified and comprehensive summary published on this subject and it is expected to be used as both a textbook and handbook.

Dr. Long, son of Mr. and Mrs. Truman Long of Tiosa, formerly of Mentone, was a 1937 graduate of Mentone High School. He has been involved in supervising research and development in chemical reprocessing of nuclear fuels at the Atomic Energy Commission's National Laboratory at Oak Ridge, Tenn. since 1953. Prior to this, Dr. Long was an associate professor in chemical engineering at Auburn University for four years. He received his B.S. Degree in chemical engineering at Purdue University and his Ph.D. degree from Iowa State College, where he held a DuPont pre-doctoral fellowship.

A new handcraft book for all ages: Art From Scrap by Carl Reed and Joseph Orze. Sculpture, jewelry, mosaics, puppets, etc., all made from such everyday material such as cardboard, foil, cellophane, seeds, string, stones, clothespins and you name it.

A real good autobiography: Coming of Age in Mississippi by Anne Moody. Written by a negro, this is what it is like to grow up black in Mississippi.

Two suspense novels: The Winding Stair by Jane Aiken Hodge. Adventure, mystery and romance with the setting in Portugal during the time of Napoleon.

Bellwood by Elizabeth Ogilvie. A spell-binding Gothic romance with the atmosphere of the Maine coast as a back drop.

We have two new Tom Swift books: Tom Swift and the Asteroid Pirates and Tom Swift and His Subocean Geotron, and three new Hardy Boys books: The Haunted Fort, The Viking Symbol Mystery and The Mystery of the Aztec Warrior all given to the library by Jim Eaton.

School Costs Discussed At Meeting

"We are only trying to do what we think is best for our area," said Paul Golden, chairman of the Taxpayers Association of No. Miami School District at the close of a recent meeting in which mounting school costs and how taxpayers may cope with them were discussed.

Golden called it a "taxpayer's revolt."

The meeting, held at Mexico, dealt mainly with what the taxpayer's group had accomplished so far and what further action could be taken toward holding down costs.

Township trustees voiced concern over low farm prices, lack of industrial growth in the school district and even further tax hikes in view of the real estate reassessment how underway.

Also discussed were the cost of No. Miami High School, the amount still owed and the school board's plan to abolish schools at Macy, Gilead, Chili and Mexico. In discussing the district's participation in the Upper Wabash Vocational School, Golden said he would like to see vocational training provided in Miami county rather than for

CUB SCOUT NEWS

Cub Scouts of Den 1 met recently at the home of Dawn Walton. Charlene Ross assisted with the games and Den activities. The March theme is Indiana Lore, and one of the most popular Cub Scout themes as it gives the boys an opportunity to learn more about the early Americans. Each Cub was assigned an Indian tribe to make a report about and have it completed by March 18. Two games, Kick Ball and Indiana Rhythm, were enjoyed by the Cubs. The meeting came to a close by forming the living circle, giving the Law of The Pack, and the Cub Scout Promise.

DEATHS

Carpenter

Mrs. Mabel Carpenter, 73, R. 1, Akron, died Saturday night at Woodlawn hospital after being in failing health the past eight or nine years.

The daughter of Milton and Olive Norris Pollock, she was born Feb. 6, 1896 at Ligonier. She married Walter Carpenter in 1917, and he survives. A resident of the Akron community the past 13 years, moving here from So. Bend, she was a member of the Akron chapter 410, OES, and Messiah chapter White Shrine of Jerusalem and was a communicant of St. Thomas Episcopal Church at Plymouth.

Surviving with her husband are a daughter, Mrs. James (Connie) Calhoun, Honolulu, Hawaii; five half-brothers, Gilbert, Maurice, Ross, Wayne and Lloyd McFarland, all of So. Bend; four grandchildren and one great-grandchild. A son preceded her in death, a casualty of WW II.

Funeral services for Mrs. Carpenter were conducted Tuesday afternoon at the Hauptert Funeral Home, Akron, with Father Wm. C. R. Sheridan of Plymouth officiating. Burial was at the Akron cemetery.

Powers

Kennel Powers, 72, of Disko died unexpectedly of a heart attack at his home Wednesday afternoon. He had been ill two years.

A retired carpenter, he had resided in the Disko community ten years, moving there from Paintsville, Ky. He was a member of the Silver Lake Pentecostal church.

Surviving are his wife, the former Cordelle Jarrell; six daughters, Mrs. Calvin (Josephine) Coten, Akron, O. Mrs. Woodrow (Helen) Painter, Edinburg, Mrs. Dale (Nancy) Reising, So. Emhurst, O., Mrs. Walter (Loretta) Blackburn, Warsaw, Mrs. Warren (Joyce) Hatfield, E. Point, Ky., Mrs. Luther (Beatrice) Shell, Prestonsburg, Ky.; one son, Charles M. Powers, Columbus; 29 grandchildren; two brothers, Daniel, Wabash, and Weaver, of Oklahoma; four stepdaughters, Opal Woods, Albion, Mich., Cary Poe of Liberty Mills, Geraldine Smith, Disko, and Sylvia Slone, Palestine; three stepsons, O. C. Jarrell, Pierce-ton, Connie Collins and Charles, both of Ypsilanti, Mich. Two sisters and four brothers preceded in death.

Funeral services were conducted Saturday at the Pentecostal Church of God at Silver Lake with Rev. Edward Sloane officiating. Burial was in the Silver Lake cemetery. The Sheetz funeral home, Akron, was in charge of arrangements.

Sholty

Dr. A. H. Sholty, 75, R. 5, Angola, a former minister at the Beaver Dam church, died Thursday night after being stricken at the home of a friend.

Dr. Sholty retired as an active pastor of the United Brethren Church seven years ago, but had been serving as a supply pastor at the Maple Grove Methodist Church near Waterloo.

Surviving are his wife, Ruth E.; one daughter, six grandchildren.

Funeral services for Dr. Sholty were conducted Sunday at Kendallville.

Kalmbacher

Funeral services for Lettie E. Kalmbacher, 90, R. 1, Tippecanoe, were conducted Sunday in the King Memorial Home, Mentone, with Rev. Garrett Phillips officiating. Burial was in the Mentone cemetery.

Mrs. Kalmbacher, a lifetime resident of Fulton county, died at Woodlawn hospital after an illness of three years.

Born Oct. 21, 1878, she was the daughter of Hiram and Mary Cook. She married John Kalmbacher at Talma on Sept. 6, 1896, and he preceded her in death in 1957.

Surviving are one son, Oliver, Talma; a daughter, Mrs. Reathel Boyce of Tampa, Fla.; four grandchildren and five great-grandchildren. A son, a brother and two sisters preceded her in death.

MAYFIELD

Electric Contest's Top Prize Is \$1,000 Scholarship

Eagle-eyed entrants who can correctly identify the greatest number of electric appliances will win cash scholarships in a contest announced today by Public Service Indiana.

The electric utility contest launched this week offers a \$1,000 scholarship to the top winner. Two runners-up will receive \$500 scholarships. "People use electricity in far more ways than they realize," says a Public Service Indiana spokesman. "We hope the Penny Power Electric Contest will make it fun to find out just how many ways a family puts electric energy to use in the home."

Other prizes to be awarded include 200 Columbia-Viking desk encyclopedias and 5,000 "magic-pennies."

All persons 16 years and under are eligible to enter the contest. No purchase is necessary.

The deadline for turning entries in at the local Public Service Indiana office is April 4. Additional entry blanks may be obtained at any Public Service Indiana office.

Group Challenges Davis On 2-School Bill

A rebuttal to TVSC president: Ralph Davis's recent support of HB 1558 was issued this week by Harrison Bornmann, president of the Tippecanoe Valley School Corporation Citizens for Centralization.

"It is time we worked toward a workable education plant, serving the student, updating their education and holding costs to a livable level," he said.

Bornmann continued:

"A large cross-section of citizens of TVSC have taken a stand against Indiana House of Representatives Bill 1558. This is a bill pushed through the House and now in the Senate trying to force two high schools on the public of TVSC.

"The original Comprehensive Plan for Re-organization has been ignored. This is the plan that states that the corporation provide a new high school located with due consideration of density of population, geographical centers and natural barriers. This plan passed with 85 per cent of the voters approval. No reference to this has been made. All emphasis has been on the recent referendum and scare propaganda put out by the two school faction."

The following statement containing nine points was released by Davis.

"This is in reference to House Bill 1558, that passed the Indiana House of Representatives by a vote of 78 to 1 on last Feb. 14. It was sent to the Senate the next morning and is now in the Senate Public Policy Committee. It concerns the Tippecanoe Valley School Corp.

"1. The TVSC lost a junior high building by fire a year ago and is pressed for new construction.

"2. The TVSC school board gave the people of the district a referendum last May 7 to tell what they wanted.

"3. Sixty-one per cent preferred to maintain high schools as they are now — one in each of their real good towns of Akron and Mentone. This plan has the approval of a Purdue survey made of the district.

"4. These towns already have lands, sewers, gyms, cafeterias, band rooms, libraries, athletic fields, fire and police protection and much more.

CASH ON HAND

"5. The TVSC has the money to build these buildings as of completion date, Sept. 1, 1970, and not increase tax rate.

"6. Plans for this construction were sent to the superintendent of public instruction on May 11, but no decision was given until Jan. 31, 1969, nearly nine months delay.

"7. The state superintendent now says "no" to the people of the TVSC. He says they should build a \$4,500,000 to \$5,000,000 building out in the country, plus interest of \$2,500,000 to \$3,000,000 — wait another three years for completion, and go far in debt.

"8. TVSC has excellent schools, good curricula, good teachers and the number of high school graduates going to college and graduation is well above the state average.

"9. The state superintendent, in speeches and in newspapers, tells of many school districts in the state in financial chaos and is now insisting that the TVSC be added to that very un-

fortunate list. People of the district are screaming for democracy."

ANSWERS STATEMENT

In answer to the points brought out by Davis Harrison Bornmann, president of the TVSC Citizens for Centralization, signed the following statement.

"1. Obviously we need room — the board's action has not been consistent with the professional recommendation of Purdue University, and the Department of Public Instruction.

"2. We wonder, Mr. Davis, why the elected board didn't make its own decision.

"3. Concerning the referendum, 61 per cent did vote for two high schools; however, many misconceptions by patrons would tend to invalidate this 61 per cent.

"4. Akron and Mentone do not have adequate sewers, gyms, cafeterias, band rooms, libraries, or athletic fields. All are extremely inadequate for 1969 America.

"5. An adequate educational program needed for 1969 America would be far more costly with the two high school system.

"6. True, Mr. Davis, there was a nine-month delay, but do two wrongs make a right?

RECOMMENDATION

"7. The Department of Public Instruction judiciously recommends one high school, but did not recommend any dollar value on buildings and interest.

"8. Mr. Davis, the state has said, TVSC has average to poor schools, fair curricula, good teachers, but 65-70 per cent of the student body is being overlooked due to the concern for the collegebound students.

AN OPEN LETTER TO THE AKRON COMMUNITY

Is there a Community Building in Akron's future?

At a recent board meeting of the Lions Club, the topic of the need for a community building was discussed. It was the feeling of those present that an undertaking of a project of this nature would be too large for one organization. We had received a letter from the Las Donas Jr. Woman's Club expressing their interest in a project of this nature. The Lions Club is in complete agreement with the Las Donas Club that a community building is needed in and for our community. Also, we are in agreement with the Las Donas Club that the project is too awesome for one or two community spirited organizations to sponsor.

The Lions Club board members discussed many possible solutions to the project; however, they concluded the only feasible solution is a well-planned and designed new structure. The Lions Club has a sum of money pledged for this project if it ever is undertaken. The Lions Club board discussed many possible uses of such a building in conjunction with our fine Akron park facilities.

Following is a list of possible uses that could be made of a community building:

1. Lions Club
2. Boy Scouts
3. Cub Scouts
4. 4-H Clubs
5. Little League
6. Other town service clubs
7. Family get-togethers
8. Town Board
9. American Legion
10. Farm Organizations

LETTERS TO THE EDITOR

This newspaper welcomes letters on timely, pertinent public matters. Lack of space forces us to edit them to 200 words or less, if possible. All letters are subject to condensation, or rejection. The writer's name must be submitted and must appear on the letter as published in the paper. Names of the writer will not be withheld.

Dear Sir:

It was most refreshing to receive the Akron-Mentone News each week while we were on our vacation. It helped us to keep up with the activity of the community. We like the paper in its new form; it takes a bit longer to look through the paper, but we like it better. You are to be commended on its literary values, the clear print and especially the clearness of the pictures. The pictures are better than those of any other paper we take.

And we would especially commend you and express our sincerest appreciation for the pictures and statements concerning the church and its values on page 8 of section one and page 2 of section 2 of the Feb. 20th issue. We feel that items like these add much value to your good paper and that they are sure to help in the making of a better community.

May the Lord's blessings be upon you as you continue to serve your communities.

LETTERS TO THE EDITOR

An Open Letter To Mike Yazel From "The Other Side Of The Issue"

Does being in the minority always make you in the wrong, and in the majority always right? Jesus was very much in the minority and yet his teachings have lasted through centuries, tho not always practiced by the majority.

Now I ask you, how is the minority ruling in the case of the TVSC problem? Do you remember back on Aug. 9, 1961 when a public hearing was held to explain the proposed consolidation of Franklin, Harrison, Seward and Henry townships, before the primary election of May 1962 was held? The proposed consolidation program was voted on with 2089 for and 385 against. Whereas the approved existence of a consolidation became in effect on July 1, 1962. This is a minority ruling???

In the creation of the four-corporation plan, the Reorganization Committee envisioned an educational system providing high standards broad opportunities and equity in cost-rates.

In consideration of these goals and as an aid in attaining them speedily and effective-

ly, the Committee submitted the following recommendations:

1. That schools in each corporation be provided on the K-6-3-3 plan.

2. That present school buildings, if adequate, be utilized for kindergarten and grades 1 through 9.

3. That each corporation provide a new high school located with due consideration of density of population, geographical center, and natural barriers.

4. That funds for erecting these new school buildings be raised by issuing of school bonds and by early establishing of substantial cumulative funds.

5. That in addition to the broad curriculum essential in our schools today, each corporation provide such valuable services as audio-visual aides, guidance, remedial reading, hearing and speech therapy and health services. Special attention should be given to the needs of the individual pupil whether gifted, average or mentally retarded.

Now, from this came the appointment of a school board, comprised of the existing trustees until the fall election and the hiring of a school superintendent.

Now since this was all down in legal form and on record, why all of a sudden last May did we have the "problem facing us" of whether to build two high schools or one?

What legal right did the school board have in putting the "problem" to a vote? Plans for a ONE centralized high school had already been decided on by a majority vote in 1962. The only thing not set down in this plan was a time limit for building this school thus letting us time to accumulate money. But now the time has come

to do something about getting the one building started.

You state: "To you on the other side of the issue, let's face facts." Fine with us! We'd like some HONEST FACTS! It has been stated that we can build 2 new schools for 2 million while one large school would cost 7 million. I sure wish I knew who was going to build the 2 for less than one. I'd have them build me two new homes and sell one of them and come out getting mine free. We have yet to see any actual facts as to itemized cost and size of these schools, one or two. Have these amounts been picked out of the sky?

Of course everyone would like to have a new school and not have to go into debt. But my children need the best education now. Rochester started fighting consolidation in 1952. I was in the 8th grade. I heard parents from surrounding country schools yell that their children were not going into Rochester to school. There were many heated discussions and meetings. The site of a proposed new high school was changed and fought over many times. This is what we want our children to remember? Now they have had their new high school for 3 or 4 years. You can see how much would have been saved in material and labor had it been built in 1953 or '54.

It has also been stated that we are above state average as to graduate students entering college. I believe it was about 20%. Fine. Now what about the other 80%? Does that say they are too stupid to go to college? Not everyone has the desire to be a college graduate. Some have a desire for other forms of work, but what do these kids do?

Just because we want to build one school does not mean we have to be like sheep who follow the multitude. We can take others' mistakes and learn from them. We don't have to have everything of the most expensive material and go whole hog at one

time. If we used our heads and built economically, but wisely, and also with still the future in mind when we could add on later as money was obtained, then we could still keep above average teachers. After all, this is what we are working for.

You say the country believes in the majority rule, Mr. Yazel. I am asking everyone of the 2-school side of the issue how many of you knew there was a HB 1558 before it came out in the paper and after it had passed the House of Representatives? Also, how much of the truth of both sides were given to the House

before it was voted on?

Now, if the whole corporation wants to change majority rule and build two high schools in the respective towns, then we might as well go back 10 years and dissolve the four plan corporation completely. The money paid out in the last seven years for the salaries of a superintendent and assistant and two office girls, plus the upkeep of an office, would have made a nice amount towards new school rooms. Mr. Yazel, we also believe we are the majority. Now let's try some honesty.....

Akron WSCS Honors Mrs. Kuhn

Thursday evening, the W.S.C.S. of the Akron United Methodist Church held their regular February meeting combining with it part of the March program. The president, Mrs. Kinley, presided and conducted the business session, after which, Mrs. Earl Kuhn was honored by Mrs. Sam Merley presenting her with a corsage, in behalf of the Martha Class and a letter from Mrs. Fawns to Mrs. Kuhn was read by Mrs. Leon Kindig congratulating her on her election to the presidency of the new Huntington District of the W.S.C.S. and giving some very timely thoughts of the importance of their office. Akron is the only church in Fulton county to be in the Huntington District. Devotions were given

by Mrs. Kuhn and she also explained the new set up of the society, after which, Mrs. Ruth Bamberlin gave the lesson.

The hostesses, Mesdames Willis Bowen, Harold Gearhart, George Sheetz and Harold Hileman Sr., served punch and cookies from a beautifully flower centered table to the eighteen members. The center piece was then presented to Mrs. Kuhn.

Superintendent Visits Church

The So. Pleasant United Methodist Church enjoyed a time of fellowship Thursday evening, Feb. 27, with a delicious carry-in supper. Huntington District Superintendent Rev. and Mrs. Ernest Lawshe were guests.

Later, the first church conference, as a one point charge, was conducted by Rev. Lawshe and pastor Rev. Roy Holloper.

Mentone WSCS Presents Skits

Mrs. Wm. Cox welcomed the ladies of the Woman's Society of Christian Service to her home for the February meeting.

Mrs. Walter Lackey brought the meeting to order by thanking members for the cards sent her during her recent illness.

The Secretary, Mrs. Carl Whetstone, read a good-bye and "God go with you" letter from Mrs. Norma Ruse, former Conference president.

The nominating committee, Mrs. Gene Sarber, Mrs. Ray Rush and Mrs. Elmer Sarber, are to present a slate of officers to be voted on in March and installed in July.

Plans are being made for the Mother and Daughter Banquet, May 4th, with the Methodist Men in a repeat performance of cooking and serving the meal.

Mrs. Dan Urschel and Mrs. Don Bunner will coordinate travel arrangements for all who want to attend the World Day of Prayer, March 7th, at Warsaw.

The program leaders, Mrs. Ken Anglin and Mrs. Paul Knoop, presented an excellent lesson on Giving. Since February

is the month of George Washington's birthday a poem entitled "Washington" was read. A poem from the New Prophet and scripture on giving from Romans and Corinthians from the Modern English translation were also given. The patriotic theme was carried further as each person was pinned with a Washington profile, a large or small hatchet or cheeries, etc. cut from colored paper. These were used as a basis to divide members into five groups of threes. Each group was asked to peruse a specific situation on giving, reread it to the group at large, then either discuss their thoughts about it or present it in the form of a skit. Each presentation proved to be informative, enlightening, interesting and sometimes humorous. It was found that giving should be a joyous thing, but often it is difficult because people do not accept gifts in the right spirit. The closing thought was "The only thing you really have is what you give away", followed by the Lord's Prayer repeated in unison.

The World Day of Prayer will be held at the First Methodist Church in Silver Lake Friday March 7, at 7:30 p.m. The speaker for the evening is Mr. Hyedima Bwala, a student from Africa who is currently attending Manchester College.

Add fresh orange slices to cole slaw for a tasty, healthful treat, suggest Purdue University extension foods and nutrition specialists.

Plans Day Of Prayer

The Federation of Church Women of Pleasant Twp. have united area residents to attend the World Day of Prayer service planned at the So. Pleasant United Methodist Church on Mar. 7 at 7:30 p.m.

This year's theme is "Growing Together in Christ" and scripture and prayers were proposed by Christian women in Sierra Leone, Ghana, Nigeria, So. Africa, Congo, Zambia and Kenya. This service will be used in 127 different countries.

Mrs. Charles Leader, Winona Lake, a former missionary to Africa, will speak on this theme and sharing the program will be Samuel Pieh of Sierra Leone, a student at Grace College.

Officers for 1970 will be Mrs. Ben Snyder, president; Mrs. Fred Thompson, vice presi-

dent, and Mrs. Edward French, secy-treas.

Churches participating will be Ijamsville, Laketon, Disko and So. Pleasant United Methodists; Laketon Wesleyan Methodist, The Christian Church and the Manchester Church of the Brethren.

Present officers are Mrs. Worby Clinker, president; Mrs. Ben Snyder, vice president, and Mrs. Bennie French, secretary-treasurer.

A Column of News By And For All Girl Scouts Of The Mentone Community

Junior Troop 25 met Feb. 27. The meeting was opened with the singing and dancing of The Old Brass Wagon. Dues were collected and a discussion was held and decisions made for plans for Girl Scout Week.

The girls made invitations for the parents for the Girl Scout Banquet.

The cookies have come and the girls will deliver them this week.

Girl Scout Sunday is March 9. The girls are asked to attend the church of their choice or they may attend as a group with their leaders at the Methodist church.

Also, on March 9, they will go skating at the Rock Lake Rollerade near Akron where they will be admitted free if in uniform. There will be a skate rental charge.

The Girl Scout Banquet will be held Tuesday evening, March 11, at 6:30 p.m. in the Methodist Church basement. It was also decided to invite the fathers as well as the mothers to

the banquet. Each mother is asked to bring a meat dish and one other covered dish as well as your own table service.

Refreshments were served by Tammy Grimm and the meeting was closed with the singing of Taps.

See the Junior window display at Bernice's Beauty Shop.

BROWNIES

The Brownies met in the Methodist Church basement Feb. 26 right after school. The promise, B's and the pledge to the flag were given. Dues were collected and refreshments were served by Rose Mary Echert. All the girls sang the Johnny Applesseed prayer. The girls worked on the quilts. The banquet during Scout Week was discussed. It will be held in the Methodist Church basement at 6:30 p.m. on March 11. All the family is invited to the banquet. Parents are to bring one meat dish, one covered dish, and their own table service. Also, the Brownies will attend church service March 9 at 9:15 a.m. at the Methodist Church, in uniform, if they have any. Also, they will go roller skating on March 9 at the Rock Lake Rollerade. They will leave from the church at 1:30 p.m. and return at 4:30 p.m. Permission slips must be returned or the girls will not be able

to participate.

Everyone is invited to see the Brownie Display in Denton's Drug Store window during Girl Scout Week, March 9 to 15.

Girls, don't forget to wear your uniform during Scout Week.

WCTU Plans Institute

The local WCTU Institute is scheduled for Tuesday, March 11, at the Akron library basement. There will be a pre-supper session starting at 5:30 p.m. This will be composed of reports from the various departments, and devotions.

A carry-in supper will be enjoyed at 6:30 p.m. with Mrs. Marie Bright and Mrs. Eva McHatton as the hostesses for the evening. The evening session will be opened with group singing. Mr. Harley Rollins of Grace Seminary, Winona Lake, will give the devotions and there will be a special number by another Grace Seminary student. The film, "Skid Row" will be the main feature of the evening. This is a very good film and the public is cordially invited to attend the meeting and view the film. All members are urged to attend.

Willing Workers Elect Officers

The first meeting of the Henry Willing Workers 4-H Club was held on Feb. 26, 1969 in the Akron school cafeteria. The following officers were elected: President-Connie Rans, Vice President-Janice Secor, Secy.-Jan Runkle, Treasurer-Carla Rans, Reporter-Marga Thomason, Recreation-Sally Leckrone and Melinda Hartzler, Song leader-Jeanie Harper, Health and Safety-Renee Rager, and Devotions-Laurena Moudy.

Jan Runkle led the Pledge of Allegiance to the 4-H flag and Mary Sausaman gave the pledge to the American flag.

The members filled out spring enrollment cards and voted \$50 for the dues.

The next meeting will be held March 5, at 7:30 in the school cafeteria.

Congressman Says Supreme Court Is Aid To Anarchy

The student turmoil in the schools hasn't been helped any by a recent Supreme Court decision which ripped away yet another layer of local jurisdiction in favor of government by judicial edict, said Congressman Richard L. Roudebush of Indiana's 5th district this week.

Referring to Justice Abe Fortas' ruling that "apprehension of dis-

turbance" is not enough to overcome the right of freedom of expression in declaring unconstitutional an Iowa school district's ban against students wearing black arm bands in class as a protest against the Vietnam war, Roudebush said, "The Supreme Court deserves much of the blame for the permissive society from which the nation is suffering today."

Don't Worry About Late Plates

If you missed getting your 1969 auto license plates, don't worry. An additional month has been added as deadline for displaying the new tags. They're not needed until midnight March 30, according to Gerald W. Habig, state motor vehicle commissioner.

Official Vehicle Inspection Stations Are Listed

This is a list of Official Inspection Stations comprised of automobile dealers, garages and service stations in this area where the vehicle owner may have his vehicle officially inspected.

AKRON: Arthur's Sinclair (AB); Bahney Chevrolet (AB); So. End Motors (AB); Stephen's Texaco (ABCD).

Inspection stations, depending on their qualifications, may be licensed to inspect one, all, or any combination of four classes of vehicles. They are:

Class A - Passenger vehicles and light commercial vehicles up to and including one ton weight.

Class B - Commercial vehicles over one ton and oversize vehicles.

Class C - Motorcycles.

Class D - Foreign made vehicles.

A windshield sticker, indicating cars have been inspected officially, will be valid for one year from the month in which it is affixed on the vehicle, provided it is inspected and approved prior to or during the month in which the inspection is due, says the Indiana Department of Vehicle Inspection. The sticker will remain valid for one year, provided the license is not transferred to another vehicle or the vehicle is not involved in a reportable accident.

Akron Church Visits Walnut

Fifty members of the Akron Brethren Church recently went to the Walnut Church of the Brethren at Argos where they presented a musical program. Ralph Shewman gave devotions and musical numbers were presented by the children's choir and the youth choir.

TALMA BASKETBALL PLAYERS are shown in their school's gymnasiums they prepare for a round-robin series of games. Teams were listed in last week's paper.

Give me ONE good reason I should have carpet in my kitchen

Here are Ten:

1. The typical homemaker spends over 30% of her daily time in the kitchen.
2. Kitchen Carpets are built to withstand the hard use such traffic demands.
3. Kitchen Carpets are resistant to kitchen spills — just wipe them up.
4. Kitchen Carpets are easily cleaned by vacuuming — throw away the mop pail.
5. Kitchen Carpets never need waxing or buffing.
6. Kitchen Carpets are soft under foot to reduce fatigue.
7. Kitchen Carpets reduce breakage of glass and precious china.
8. Kitchen Carpets are sound absorbing.
9. Kitchen Carpets have a life expectancy of over 10 years.
10. Kitchen Carpets are beautiful.

4-H Enrollment Time Is Here

Enrollment is beginning in local 4-H clubs. The county extension office reminds parents if they have a child who will be ten years old and not over 18 years old anytime this year, he or she is eligible to join 4-H.

All prospective members have to do is contact one of the following 4-H leaders as soon as possible. The deadline for the leaders to turn enrollment cards to the county office is May 1, however 4-H members should contact a leader well in advance of May 1.

HENRY TWP.: Phil Pratt, R. 2, Rochester, Mrs. Charles Smoker, R.1, Akron.

NEWCASTLE: Tom Martin, R. 2, Akron, Mrs. Richard Burkhardt, R.2, Akron.

Special project leaders are Jim Tobey, R. 2, Rochester, home grounds; Don Douglass, R. 2, Kewanna, tractor; Mr. and Mrs. Bob Eiler, R.5, Rochester, and Mr. and Mrs.

On Dean's List At Anderson

Two students from the Akron area are among 323 from 34 states and three foreign countries named to the Dean's List for the first semester at Anderson College. Those receiving the academic recognition at the Church of God liberal arts school must have an average of 3.0 or better on a 4.0 grade scale.

Finian's Rainbow, the Broadway musical, now is in rehearsal at Akron High School for presentation on April 24, 25, and 26, and will feature Wayne Arnett as the Sheriff; Tom Runkle as the Preacher John; Tom Baker as Buzz Collins, and Kerry Deardorff as Howard.

The show also features such hit songs as "Old Devil Moon" and "How are Things in Gloc-ca Morra?" The original production of this musical opened on Jan. 10, 1947, at the 46th Street Theatre in New York and ran for a total of 723 performances.

Area Students Are Distinguished

Distinguished student rating was won by 1,957 Purdue University students during the fall semester, including several local and area students. To qualify for distinguished rating, a student must have a grade index of at least 5.5 (B plus out of a possible 6.0 (A) in at least 14 hours of academic credit and have no grade below C.

Area students include Erich E. Drochner, R.1, Tippecanoe; Constance Ann Forbes, Warsaw; Dennis Gruenewald, R. 2, Warsaw; Stephen Michael Kerr, Warsaw; Barbara Lee Lozier, R. 1, Etna Green. Gruenewald and Kerr had straight-A ratings.

Dog Owners Warned To Get Dog Shot (s)

Due to an increased number of dog bites, the Fulton county health department this week issued a warning to all dog owners in the county that it is unlawful to harbor any dog over the age of six months which is not immunized against rabies.

Also, the health department warned that it is unlawful to abandon any domestic animal on any public place, including the right-of-way of any public highway, or upon the property of another, without provision for the sustenance of the animal.

It also is a state law that in case of dog or animal bite or scratch that the local health department be notified.

Mentone Board Hears Complaints

Several Mentone residents appeared before their town board at a recent meeting and registered a complaint about the garbage and trash pick-up service. Since the service is paid for by the town, the citizens questioned if they were receiving value commensurate with the cost of the service.

Jack Lee was hired as the cemetery caretaker for the summer months beginning April 15 to Sept. 30. He will receive \$1500 plus \$75 for extra help.

Town Marshal Gene Norton was instructed to enforce the junk car ordinance which is being violated in several places.

Also, the town clerk was instructed to send final notices to water users who have not paid their water bill, informing them of the deadline. If the bill is not paid immediately, the water will be shut off.

Darrell King, Mentone funeral home director, presented several plans for the better use of the ground already owned by the Cemetery Assn. He also presented some rules and regulations which would facilitate the use of the various pieces of equipment now used at the cemetery.

King had formerly been instructed by the board to make a survey of the cemetery needs. He has been requested to make a further study and to report in detail at a later meeting.

The clerk was instructed to advertise immediately for bids on street repairs which must be done each year. Plans call for this work to be done in July.

Little League To Start

Marvin Gagnon, player agent of the Akron Little League, said this week that seventy boys have enrolled for this summer, comprising five teams.

It is the league's goal to enroll enough to form one more team and to form a traveling team of 11 and 12 year old boys to be picked from Little League teams.

The league plans to put up more lights at

Mrs. Harsh Attends Cancer Meeting

Mrs. Darl Harsh of Akron represented Fulton County recently as one of the 80 delegates to the Second Annual Indiana Cured Cancer Assembly which was convened in Indianapolis on behalf of the 40,000 Hoosiers who have had cancer and survived it.

Mrs. Harsh and four volunteers of the Society's Fulton County Unit joined more than 5550 ACS workers to kick off the 1969 April Cancer Crusade of the American Cancer Society's Indiana Division. Local volunteers in attendance were: Mr. Harsh, Mrs. Dan Sommers and Mr. and Mrs. Leo D. Thompson.

The goal of the Crusade is to raise \$675,000 in Indiana to continue the research and education programs which have helped Mrs. Harsh and the other 40,000 persons to overcome the disease.

Mrs. Harsh located the lump herself, by her own self-examination, then saw her doctor. The cancer was diagnosed; the surgery and treatment followed very closely during the early part of 1960. Further

examinations were necessary frequently for a period of time. Now, she is given a clean bill of health and is cured.

"My own experience--and the experience of all of us at the Assembly--demonstrates that cancer can be cured, but only if there is early diagnosis and prompt treatment," said Mr. Thompson, Crusade Chairman.

"This is the message of the Crusade," he said, "to continue the work to uncover more effective treatments for cancers and to encourage more of our neighbors to watch for the early warning signs and to seek medical attention for these warnings."

The Assembly was visited by celebrities and officials of the Indiana Division and the national headquarters of the American Cancer Society.

Among these were Virginia Graham, hostess of the television program "Girl Talk"; John Pont, coach of the Indiana University football team and chairman of the April Cancer Crusade in Indiana; Governor and Mrs. Whitcomb; and 24 Hoosier scientists who are currently doing cancer research in Indiana.

"Cancer is no longer an incurable disease," said Mrs. Harsh, "I am proof of that, and I learned in our meeting that remarkable progress is being made toward cures for many other forms of cancer."

"I hope that all of us can work to support the Cancer Crusade so that this work can go on," she said, "so that the ranks of the Cured Cancer Assembly will continue to grow. This can happen, but only if we all work for it."

Letter to the Editor

LETTERS TO THE EDITOR

A letter to the board members of TVSC:

Is it not time for action? Some time ago when TVSC was formed, many tax paying residents were lead to believe this would result in one excellent high school along with adequate elementary schools. But what has resulted? Temporary building, remodeling, unnecessary elections and various stalls.

I do not like to mention townships and towns as I want to think of TVSC as a School Corporation which serves everyone living in it. But like many others, we are located on the border and have been without a high school for many years. We have transferred from this school to that school, and our children have gone one route one year and another the next.

Several years ago a group of concerned citizens worked hard and long, hoping to merge 3 to 5 townships into one corporation, only to hear it was too big—children wouldn't adjust township lines couldn't be broken down, etc. Well, we have seen it happen all around us at Manchester, Warsaw, Rochester, Triton. Some are saying this or that group should not be in TVSC, but, we must remember as a corporation the marriage is over, and we must now settle down to face the problems in cooperating and working together to provide the best education possible for our children.

During the 7 years of Supt. Forbes' administration, the citizens of TVSC have been confused due to a lack of much needed information at a time when issues arose calling for action and support from the citizens. Our only information seems to have been the rebuttals to state surveys and other recommendations.

Under our previous school board, it seemed that the best interest of the children and their education was to be served. However, petty bickering and personal interest overrode common sense and created yet another costly and unnecessary delay. When our school board members express the concern and take the time to become as informed as Mr. Creighton, then the best interest of TVSC children will be served.

It would also seem that the Superintendent and Board indifference to

Vocation Education, does not coincide with the trend in the State, nor does it coincide with the needs in part, of some 80% of our students.

Of the over \$20,000,000 assessed valuation of the corporation, the towns of Mentone and Akron represent only \$2,799,000 of this amount. We, as other heavy tax payers, feel that this school corporation was formed to provide the best education possible, and comparable to our neighboring school corporations; naturally, we want efficiency from two high schools with a combined attendance of less than 600 pupils.

Today the stage is set for either of two results—one, a centralized high school located at the center of population and geographically centered, which the Purdue report shows within 1 mile of the proposed site between Mentone and Akron, with harmony between the two towns and all citizens of the system—which could result in one large model community or the other—having two towns fighting to retain their own high schools which would result in costly legal delays, with bitterness and rivalry between families and friends.

In unity there is strength. Let us remember that an education is one thing we can give our children that can not later be taken away. Let us provide every opportunity to help them efficiently grow and develop their every potential—that they might be able to live in and contribute to our great and challenging society. Let us not waste any more valuable time and tax payers money by delay, but be on with the original comprehensive plan for which the corporation was formed—that of providing a new high school centrally located according to population density and geography, that would equally benefit all students of TVSC.

LETTERS TO THE EDITOR

"WHAT NOW TIPPECANOE VALLEY SCHOOL CORPORATION"

"What now TVSC?" seems to be an appropriate question to ask the members of the school board since H.B. 1558 has met its "Waterloo" in a Senate Committee. One other question, we Citizens for Centralization, would like to ask the school board; "Have you fulfilled your mandated commitment to the people of T.V.S.C., since H.B.

1558 failed?" The aforementioned commitment is the mandate to carry out the result of the referendum.

Since it appears we are back where we were one year ago at this time, let us review the recommendations of Purdue University and the Department of Public Instruction. Their recommendations are for the establishing of a more equalized educational opportunity for our school pupils.

PURDUE UNIVERSITY SURVEY OF 1963

Of several possible solutions of the problem of housing students in this school corporation, two seem the most feasible. These two plans are identified as Plan I and Plan II. Plan I is recommended with Plan II proposed as an alternate.

Under Plan I it is recommended that a new high school be built to house all students in grades 9-12. Both Akron and Mentone High Schools would become junior high schools of grades 7-8. Burket, Akron and Mentone grade schools would be maintained as K-6, or 1-6 units.

The Advantages of Plan I

1. There would be sufficient pupil population to provide an excellent Senior high school program.
2. It would create a uniform school organization for the entire district, K-6, 7-8, and 9-12.
3. Better facilities would be provided for special programs.
4. Better opportunities could be provided for adult education.
5. The pupils of the entire district would have the advantage of a new senior high school facility.

The Disadvantages of Plan I

1. This school district comprises an area of 199 square miles. The school district does not have a natural socioeconomic center. The school would need to be located near or about the center of the pupil population.

2. The immediate cost of implementing Plan I is greater than it would be under the alternate plan.

Under alternate Plan II, it is proposed that the school district have two high schools for grades 9-12 with the seventh and eighth grades being housed in two separate buildings. Under this plan, Akron grade school would re-

main a K-6; Mentone grade, K-6; Burket, 1-6; Beaver Dam, 7-8; and Talma, grades 1-8.

If alternate Plan II is followed, adequate facilities need to be provided to have a good educational program.

It is recommended that:

(1) Akron High School be provided better facilities for science, industrial arts; and library facilities. The home economics department also needs to be modernized.

(2) Mentone High School be provided better facilities in art, industrial education, science, and commerce. The home economics department also needs to be modernized.

(3) Both Talma and Beaver Dam be provided facilities so that there can be a good junior high school program. If Talma is to be a good junior high school, facilities must be provided for music, science, home economics, and shop. If Beaver Dam is to be a good junior high school, facilities are necessary in industrial arts, music, and science.

The Advantages of Plan II

1. Both Akron and Mentone would have high schools.
2. Use could be made of both Beaver Dam and Talma buildings.

The Disadvantages of Plan II

1. There would be less than a minimum pupil population for an efficient high school program at each high school which might in some way curtail the curricular offerings of each high school.
2. It does not develop attendance units that are consistent with the trends.
3. This would require major additions to several existing school plants some of which are already obsolete. It is doubtful if this is overall wise investment for a school corporation.

DEPARTMENT OF PUBLIC INSTRUCTION JUNE 3, 1968

The Department of Public Instruction would recommend the construction of one centrally located high school to house grades 9-12 instead of the plan that is on file. This recommendation considers the location of the two main towns and the geographical extent of the district. The traffic patterns of the district and the state and county road network would appear to offer good transportation. The assessed valuation is over

20 million dollars and the outstanding indebtedness is less than \$200,000. With the construction of one facility the present Akron and Mentone buildings could serve as K-8 centers. The Burket Elementary could operate as a K-6. The Talma building could be honorably retired and possibly that the community could use this building as a community center. Richard W. Morrison, Director, Division Schoolhouse Planning mentions that we received an application for the purchase of a central site April 1, 1968, for which the State Board of Health has given its approval. It is felt by the Division of Schoolhouse Planning that the one centrally located high school would provide the best educational facilities for all of the children of the district by offering adequate space and the potential for improved educational programs.

We ask you, the board, "Can you and we afford another ill-fated excursion like the referendum, State Legislature, and one year wait?" How can you overlook the above professional recommendations, to insert your questionable educational opportunity recommendations "For Our Children."

It would seem imperative, Citizens of T.V.S.C., that we concern ourselves with needs and wants to our pupils and not petty nostalgia of a few adults. The children need better educational opportunity, now let us go to work for the needed facilities that we need and can afford.

Let's face it, can Triton, Rochester, No. Miami, Northfield, and Warsaw be wrong?

A homing pigeon at the Institute for Biomedical Research occasionally wears a contact lens, not because of impaired vision, but for research on its visual system. The contact lens prevents the pigeon's eye from drying up during visual experiments while light patterns are directed into the bird's eye. The lens keeps the eyelids pulled back and prevents the cornea from drying during the tests. Findings on the bird's-eye view are expected to be completed in several months.

Other survivors include a sister, Mrs. Omer (Leora) Fisher, Denver; three brothers, Ross, of Michigan City, Harry of Milford, Mich., and George, of Ypsilanti, Mich. A sister and brother preceded him in death.

Funeral services were conducted Monday at Akron Church of God with Rev. J. D. Thoma-son officiating. Burial was in the Roann 100F cemetery.

The Sheetz Funeral Home, Akron, was in charge of arrangements.

Smythe

Leon E. Smythe, 53, Rt. 5, Warsaw, of Palestine, died at 12:50 p.m. Friday of a heart attack. He had been admitted to the Murphy Medical Center at 9:15 a.m. after suffering the attack.

A plumber, Mr. Smythe was born July 18, 1915 at Indianapolis to Harold A. and Josie Smythe. He had resided most of his life in the Palestine area and was a member of the Palestine Christian Church. On Nov. 3, 1934 he was married at Auburn to Irene Smith, who survives.

Also surviving are his mother, Mrs. Josie Smythe, Palestine; a son Jack L. Smythe, Tippecanoe; two daughters, Mrs. Sandra Lawson, Palestine Miss Sue Smythe, at home; five brothers, Harry and Harold Smythe, both of Mentone, Robert Smythe, Rt. 2, Warsaw, and Walter Smythe, Palestine; one sister, Mrs. Cedric (Betty) Utter, Rochester and five grandchildren.

Funeral services were conducted Monday at the King Memorial Home in Mentone. Rev. Norman E. McVey officiated and interment was in the Palestine cemetery.

Reed

Mr. Cleve Reed, 54, died of a heart attack Thursday evening at Wabash.

Survivors are his widow, one son, Jerry, and an uncle, Ernest Brooks of Silver Lake.

Funeral services were held Monday in Wabash.

Whatever Things

Dr. A. J. Cronin was a physician in England until his health broke. Unable to carry on his medical work, Dr. Cronin turned to writing. It was one of the best things that ever happened to the world of literature. For through his writings, Dr. Cronin continued his work of healing.

Dr. Cronin had an experience happen to him prior to his retirement from the medical profession. It is an experience that Dr. Cronin told that needs to be retold--often. It is the story of a young nurse who was put in charge of a little boy brought into the hospital suffering from diphtheria. The child's throat was choked with membrane, and he was given only a slight chance to live. A tube was inserted into the boy's throat to help him breathe. It was the young nurse's job to systematically clean the tube so that it would not become blocked, thereby cutting the boy's breathing.

As the young nurse sat beside the boy, tired and sleepy, she accidentally dozed off. She awakened to find the tube had become blocked. Instead of following her

instructions, the nurse bolted in panic. Hysterically she called the doctor out from his sleep. But by the time the doctor got to the young boy, he was dead.

Dr. Cronin was angry beyond expression. That a child should die so needlessly, by such blundering, inexcusable negligence! Of course, the nurse's career was through. She didn't deserve another chance.

That night Dr. Cronin went into his office, dipped his pen in ink, and wrote his recommendation to the board demanding her immediate expulsion. He called her in and read it with a voice trembling with resentment. She stood there in pitiful silence, a tall, thin, gawky Welsh girl. She nearly fainted with shame and remorse. "Well, have you nothing to say for yourself?" asked Dr. Cronin in a harse voice. There was more silence, and then came a stammering plea. "Give me... give me another chance."

Dr. Cronin was shocked! Certainly he had no thought of that. She had made a mistake, an unforgivable mistake. There was nothing to do but punish her. He ordered her to leave the room, sealed his report, left it on his desk, and went to bed. But that night he could not sleep. He kept hearing some words from the dark distance. The words came easing from the stillness of the night. "Forgive us our trespasses..."

How often that word comes to us. And how much we need forgiveness. How many times we make mistakes--unforgivable mistakes--and we need another chance. Consider the plight of the world if there was no Source of forgiveness--no Cross.

The next morning Dr. Cronin went to his desk and tore up the report. In the years that followed he watched as this slim, nervous girl became the head of a large hospital and one of the most honored nurses in England.

Forgiveness. It is a grand word. Practice it. Practice it often.

GRASSROOTS OPINION

LAGUNA BEACH, CALIF., NEWS-POST: "Most of the highest paid jobs in the world are held by people living in the United States. We take far better care of our old people, sick people, poor people and orphans than almost any other nation...we have free education through high school and often through college, free elections, unlimited opportunity. What's wrong with this? Who are the people who scorn it and want to change it--and to what?"

Take your problems to Church this week -

Consider The Lilies

The lilies of spring are witness to hope, faith and that which is permanent and worthwhile in life, in contrast to that which is temporary and of little real worth. They bloom at a time when the earth has been laid bare by winter. They give hope and renewed faith in something lasting and eternal in this constantly changing world—in which man is but a pilgrim. They shine forth in all their beauty, but hold none of it back for themselves to selfishly keep for old age. They bloom forth as if to say, "We are here but a short time so we must give of ourselves to the fullest, that this world may be a better, more hopeful place in which others may live for awhile."

The Church is also a place of hope, a place to renew faith and a place to gain a true perspective of that which is worthwhile, lasting and good. The church you choose is an excellent place to have the truths of the sermon of the lilies constantly held before you in review.

Izaak Walton League Will Sponsor Interior Dept. Summer Work

Kosciusko SWCD Approves New Co-operators

At a recent meeting of the Kosciusko County Soil and Water Conservation District, fifteen new district co-operators were approved. They are John Conley, Lake; Donald Cormany, Prairie; Herschel Albert, Plains; Willard Conn, Plains; Fred Boggs, Washington; Edwin Alexander, Clay; Alton Braddock, Wayne; Charles Adams, Franklin; Donald and Roger King, Clay; James Ault, Washington; Charles Huffer, Wayne; George F. Sheets, Jefferson; Triple E Farms (Will Erwin) Prairie and Geo. Williamson, Washington.

Plans were completed for the area workshop for supervisors and for the area speech contest. Both events will be held in Warsaw on March 13 and 14. The district will host representatives from twelve counties. Jan Gawthrop, a student at Triton, will

represent Kosciusko Co. in this area contest as the first place winner, Bob Walmer, will be unable to attend.

Wm. M. Dalton II, Warsaw attorney, was appointed as a new assistant supervisor by the unanimous consent of the board.

Board members present and who were retained for another year included Myron Metzger, chm.; Leon Tucker, vice-chm.; Phil Beer, secy-treas.; supervisors Howard Workman and Maurice Heagy and assistant supervisors, Howard Silveus, Bob Norris, Eldon Watkins and Fred Kuhn.

Also present were Conservationist Hugh Eddy and District Clerk Marguerite Hoerr.

Burket Cheerios Meet

The Burket Cheerios 4-H Club met at the home of Cindy Richel for the March meeting. The pledge to the flag was led by Gail Bornman and the 4-H pledge by Patti Clark.

Cindy Baum was in charge of Health and Safety and suggested that everyone give three rules for health and safety in the summer. The new business included the roller skating party and different ways to make money.

Refreshments were served by Cindy Richel and Mrs. Judy Richel. Reporter-Kay Lewis

SOCIAL SECURITY Question Box

- Q. I plan to retire before I am 65. How will this affect my social security benefits?
- A. It is possible to receive reduced monthly retirement benefits as early as age 62. Your social security office can furnish an estimate of your benefit amount before your retire.
- Q. My family and I are receiving social security benefits because of my disability. My oldest son is working and plans to earn over \$1680 this year. Will his earnings stop all our benefits?
- A. No, your son's earnings would effect only his own benefits.

Americans spend approximately \$30 billion a year for food and beverages served away from home, according to Purdue University's extension consumer marketing specialist.

To Attend Meeting

According to an announcement by Forde Smith, General Sales Manager of Vigortone Products Company, Cedar Rapids, Iowa, Walter Weber of Akron Vigortone Field Manager, has been selected to attend the company's annual Red Carpet Meeting in March in Cedar Rapids.

The selection was made on the basis of outstanding achievement in the marketing of Vigortone's Pre-Mixes and Animal Health Products for livestock feeding. Included in the activities will be a Nutrition Seminar and a tour of Vigortone's recently expanded diagnostic and chemical laboratories and production facilities.

program with the U.S. Dept. of Interior. This year, each state organization in the League is asked to nominate three candidates. There is no program like this in operation anywhere and no opportunity like it for young men who have tentatively decided on conservation or natural science careers, according to League officials.

Job qualifications are: Young man must be a high school senior expecting to graduate this spring and be eighteen before June 15. Must have definite plans to enter college or university for study in one of the fields of Natural Resources. Must have above average scholastic standings and a good leadership record and be in good physical condition for the rugged outdoor assignments.

The applicant will be required to submit the following material: A completed U. S. Government Form No. 57 (employment application form available at any post office); a transcript of high school record; a written recommendation from some adult, other than family, who knows applicant and his qualifications for the program; a letter from him indicating his college and career plans and describing his extra-curricular activities in high school and any conservation work he has done, discussing his reasons for seeking summer employment with the Department of Interior.

This is a highly competitive program. The young men should have at least a "B" average academically, should have good records of volunteer conservation work (Boy Scouts, FFA, 4-H, etc.) and have demonstrated leadership capabilities (team captain or class president, as-

sistant scoutmasters, etc.).

Positions to be filled are entitled "Conservation Aide." Pay will be at the labor rate prevailing in the employment area--generally high in comparison with other opportunities available to new high school graduates.

All applications MUST be received no later than March 31, 1969. Applications should be submitted to Resources Careers Committee, Indiana Division, Izaak Walton League of America, 2317 Westbrook Dr., Ft. Wayne, Ind. 46805.

Wheat and feed grain producers who enroll in the 1969 programs for these commodities may receive half of their estimate diversion payment in advance, it was reported this week by local county committees.

Wheat producers were also reminded to consider both national and world wheat supply and outlook conditions as they decide on participation in the 1969 program.

Measurement service will again be available to Fulton county farmers on all 1969 crops or land uses, it was reported this week. All requests should be made at the county office as soon as possible to enable the office to complete measurement requests timely.

Miami Board Is Harrassed

Members of the North Miami Consolidated School District board of trustees were subjected to two forms of harassment last week, seemingly because of their stand supporting a new elementary building.

Board president Winston Coffing said four members found nails in their driveways and another received a threatening letter, complete with a picture of a house gutted by a bomb.

Coffing was quoted as saying, the acts were just "another form of harassment" and that the board members favoring the new school were "expecting a lot of this sort of thing."

He said the nails failed to cause any damage.

The only school board vote depicting members' views on the new building was when an architect was hired. The vote was 5-1 in favor.

Coffing described the North Miami district as an "apathetic" one, noting he feels there are many people behind a new elementary school building who are not the type who "get up and make speeches about it."

Asked if he thought the majority of the patrons were behind the new school, Coffing said he did not know.

Board member Harold Kuch said he had roofing nails in his driveway, but outside of that, he had not experienced anything other than "typical patron concern" over the new school.

Local Teachers Remain On Job

The state-wide work stoppage Friday by members of the Indiana State Teachers Association did not affect the TVSC schools. Administrators reported a 100% teachers attendance. Most other local corporations were likewise unaffected by the stoppage.

Library Poster Contest

The Indiana Library Association and the Indiana State Library are sponsoring a poster contest for National Library Week. Prizes in the amount of \$100.00 first prize, \$50.00 second prize and \$25.00 third prize will be given. Anyone over 12 yrs. old who is a resident of Indiana is eligible to enter. Excluded are head librarians, library board members and professional artists.

Judging will be based on power of message, artistic achievement, neatness and originality.

The National Library Week Indiana theme "Look What You're Missing" is expected to attract persons from 2 to 102 to their public library to learn of the many available services. Adults, particularly men, tend to think of libraries with little relevance for adults.

Winning posters may be produced in quantity for promotion of National Library Week 1970.

Rules can be picked up at the Akron Public Library and posters must be at the library by April 15, 1969.

Court News

A judgment of \$20,000 was recently granted to James A. Bates, Bourbon, in his personal damage suit against the Fulton County Board of Commissioners which was venue to Kosciusko county.

He had sought \$130,000 for injuries he alleged were sustained in a collision between a Fulton County highway truck and his semi-truck on Nov. 19, 1964. The suit was venue to the Kosciusko circuit court at Warsaw.

LICENSE SUSPENSION

George H. Parrett, Jr. of R. 2, Claypool, has lost his driving privileges until May 22 after being charged with leaving the scene of an accident. His name appears on the latest list of license suspensions compiled by the Bureau of Motor Vehicles.

Voter List Purged

The Fulton county clerk's office has completed its purge of voter lists, taking the names of 999 persons off the rolls and leaving 11,525 registered voters in Fulton county at this time. The office mailed 1,202 purge cards and 203 were returned, Clerk Ralph Stayton said.

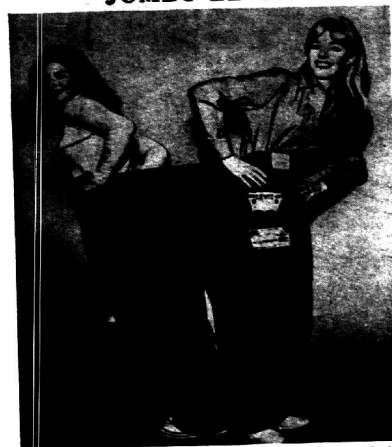

Hearing Is Set

The Public Service Commission of Indiana will conduct a public hearing in Room 908 of the State Office Building at Indianapolis at 9:30 a.m. Wednesday, March 26, in the matter of the application of the town of Syracuse for permission to issue junior waterworks revenue bonds, to contract for the making of extensions and additions to its waterworks and for approval of a new schedule of water rates and charges. Public participation is requested and anyone wishing to testify may do so by contacting Carl E. Van Dorn, Public Counselor, 807 State Office Building, Indianapolis, prior to the hearing.

Fire Destroys Campbell Barn

A large barn on a farm owned by Bruce Campbell was destroyed by fire last week. It was located southwest of Mentone. The Mentone Fire Department was summoned and kept the fire confined to the barn. Damage was estimated at \$12,000. The fire was reported by a passer-by.

TVSC plans, goals aired at meeting

Present and future plans of the Tippecanoe Valley School Corporation were discussed at Monday night's school board meeting, attended by an estimated 60-70 persons, some favoring one school and some favoring two. Because of the size of the crowd, the meeting was moved to the Mentone school cafeteria although Dr. Donald Van Gilder and board president, Ralph Davis opposed the move.

During the audience period, Lloyd Bowerman reminded board members they had said at the last board meeting they would study the possibility of the TVSC joining in a vocational school program. However, he noted, no mention of the program was made in the minutes. Van Gilder said they did not put "noise" into the minutes, a statement that was clarified by Superintendent Robert Forbes to mean that unofficial action was not always noted.

Bill Balmer requested a transfer for his son to attend No. Miami next year that he might pursue a vocational agriculture course not available in the local school system. Permission was automatically granted.

Larry Klein, speaking for some of the one-school people present, asked what effect the defeat of HB 1558 would have on the future decisions of the school board. Davis replied that he felt it would be difficult to tell the board's future action while Dave Burkett, a fellow board member said he thought it indicated the need of another solution.

Klein asked if the defeat indicated the board was no longer obligated by the outcome of the referendum. Davis said the defeat called for a different route. Dr. O. L. McFadden said he didn't feel it had any connection with the problems at hand. Dr. Van Gilder said HB 1558 would have merely expedited the people having their way. The other board member, Richard Goshert, said he felt all responsibility had been lifted

when the state superintendent of public instruction refused the two-school plan.

Klein asked that the board give some assurance that future cost figures by real, not

"guestimates." Burket replied that the figures would be as accurate as possible and noted that not all past figures had come from the board. He

Ham and Bean Supper To Aid 4th

Members of the Akron 4th of July committee will sponsor a ham and bean supper on March 29 at the Akron school cafeteria, according to Willis Bowen, chairman of this year's 4th of July event. All funds raised will be used to

defray expenses of the 4th celebration.

Akron C of C Discusses Sewage System, 4th Plans

Approximately 35 members of the Akron Chamber of Commerce met Wednesday noon at a dinner meeting to discuss plans for a proposed ham and bean supper to be held March 29. The funds raised will aid the 4th of July fund.

Members were urged to notify Dr. Chas. Miller by next Wednesday as to the number of tickets they had sold.

Town Clerk Merrill O. Kendall reported that applications for the sewer project are on file with the appropriate agencies and noted the concern expressed by some residents about the amount of water in basement. He pointed out that a 24" tile left the town going to Town Lake and that a total of 79" of tile ran into it. In reviewing the application made last year, he said the town was 40th on a list of 93, of which funds were available for only 12. These plans, he said, are owned by the town and are complete. The site has been inspected, he added, and the State Board of Health has approved the site. He said he could see no reason to discard the entire program and begin anew.

Joe Bidwell stressed the importance of members of the Chamber of Commerce supporting the town board in the sewer project and noted that the preliminary survey was made in the '50s. He estimated the costs had tripled since the original estimate.

The next dinner meeting will be held the third Wednesday in April.

50 YEARS OF SERVICE to the Mentone community are honored by members of the Mentone Chamber of Commerce shown presenting Dr. F.B. Davison with a plaque honoring his years in Mentone as a dentist, February 10, 1919 to February 10, 1969. The award was made at his home by Darrell King, left, chairman of a program committee in Dr. Davison's honor, and Robert Hibschan, president of the Chamber. Dr. Davison, who has been ill, is recuperating well but was unable to attend a recent ladies night dinner at which he would have received his award. A special tribute to Dr. Davison is found inside this week's paper.

Game To Aid Scholarship Fund

The Mentone Chamber of Commerce will sponsor its annual scholarship basketball game on Friday night, March 21.

The first game will put the Hurket 4th grade with the Mentone 4th grade and will begin at 6:45 p.m. The Burkett and Mentone 5th graders will play in the second game.

Members of the Chamber urge attendance, not only to see the future ball players and cheerleaders but to see two first-class officials, Frank Hardesty and Rick Doud, who have just acquired their officiating licenses.

A highlight of the game will be the awarding of a sportsmanship trophy to the fan who has been most loyal to the Mentone athletic department during the year.

Admission will be 50¢ to everyone. Proceeds will be used to pay for the \$200 scholarship awarded each year to the senior boy or girl planning to attend college or pursuing a business career. All seniors are eligible to apply to George Welch, guidance director.

BULLETIN

Another game has been added to Friday night's schedule. After a top-level conference and a bit of muscle toning in

A Tribute To Dr. Fenton B. Davison

by Garrett H. Phillips

"Will you be as kind and good a dentist as Dr. Davison is at Mentone?" asked an Elkhart teacher going to a new dentist for the first time. This sets the tone of our deep appreciation for Dr. Davison after fifty years of service to our fair community. This is not an eulogy nor an ending, only the beginning of another fifty years to the health and welfare of our area.

From a farm in Illinois to Medical School in Indianapolis, from a long ride on the interurban to assume the practice of Dr. Van Gilder, father of our other fine dentist in town, lasting through the long years of service to boys and girls and adults, this experience brought a blessing to us all.

Dr. Davison has done something that our churches have failed to do. At least the two bushels of teeth in his basement that he has pulled has united the people of Mentone regardless of race, color or creed.

Little League Enrollment Dates Are Set

Saturday and Sunday, March 29 and 30, will be enrollment dates for the Akron Little League, according to Marvin Gagnon, player agent. He said registration will be completed from 2 to 4 p.m. on both days at the Bahney Chevrolet Showroom.

All boys ages 8 through 12 are eligible. The eight-year olds will be in the Minor League and will play one night a week.

All boys will be required to furnish their own hats and gloves. Any boy enrolled in the past year doesn't have to sign up again, Gagnon said.

COURT NEWS

Ernest L. Shively, 54, R. 2, Akron, faces four charges when he appears in Fulton Circuit Court Friday following a two-car accident in Rochester last Friday.

Rochester police said he will appear for arraignment on charges of drunken driving, leaving the scene of an accident, failure to yield the right-of-way and driving without a valid license.

A divorce suit has been filed in Kosciusko Circuit Court by Patricia Anne Smith, Mentone, from Glenn Allen Smith. The couple married Aug. 30, 1968 and separated March 5, 1969. There are no children.

With your kind ways, your ability as a great dentist, your lovely wife, your talent to know and greet all kinds of people, your long stay among us . . . the only way we can sum up our great esteem for you is to say, "Dr. Fenton B. Davison, we all love you!"

P.S. Dr. Davison, how about an appointment next Tuesday at 2:15 p.m.? Thank you for coming to Mentone.

LETTERS TO THE EDITOR

Dear Editor:

We had a delayed family gathering at the W. E. Fowler home Sunday, March 16, that being the convenient time for the children to be with us. Mother's birthday was March 7th and March 13th was our 49th wedding anniversary.

Those present were Mr. and Mrs. Paul Rush, Ann, Barbara and Bill of Syracuse, Mr. and Mrs. Keith Fowler, Ruth Ann and Susan of Ft. Wayne, and Mr. and Mrs. Dick Martin and Rosemary of Grand Rapids, Mich.

It was a beautiful day and we had a wonderful visit and family fellowship.

We have spent our 49 years of married life in different locations, living in Mansfield, O., and Anderson, Ind. We have lived in the large cities, smaller communities and many years on the farm.

We have lived among the rich and the poor, in good times and not so good, having times of happiness and sorrow through death in our family. We have formed many wonderful friendships with the people we were associated with, always having friends wherever we lived. This has been a very wonderful experience and gratifying to us. We feel this has given us a broad view on life and living. We are quite aware there are other people besides ourselves.

For this, we are indeed thankful. We are happy in the thought our 49 years of married life have not been lived in one small community, in a small circle of a few friends and to the exclusion of others. It has been said experience is a great teacher. We believe it. We are very thankful for friends' thoughtfulness and concern and may God bless them.

Our children have gone to their homes. We are not alone. Our Lord and Saviour are with us always.

Mr. and Mrs. W. E. Fowler

WASHINGTON: "It is time for the federal government to help hold down the skyrocketing property tax by returning some of those federal tax dollars to the states and local communities," said Indiana Senator Vance Harke this week.

WASHINGTON, D.C.: The second government contract within a week a-

warded to Kaiser Jeep Corporation was announced this week by Congressman John Brademas who said a \$44 million contract for Post Office Department vehicles has been awarded to Kaiser Jeep, So. Bend.

WARSAW: Present Deputy Sheriff Gerald Duane Oswald will assume duties as a patrolman with the Warsaw police department effective April 1, it was announced this week by Warsaw Supt. of Police Eugene Brumfield.

INDIANAPOLIS: Tremendous economic growth will occur in Northwestern Indiana within a decade if a proposed jet airport facility is constructed, a preliminary study by the Indiana Department of Commerce shows. The study said competition from any new Illinois airports would be lessened considerably if an Indiana jetport is completed first. The jetport would require four years to construct, with 1971 as the target year for getting work under way.

WANATAH: Wanatah school officials this week were faced with a 30-day moratorium during which they must start ground-work on a school re-organization plan or have their high school de-commissioned.

ROCHESTER: The depot house of the Norfolk and Western railroad, located on East Ninth street at the railroad crossing, will be moved to Lakeview Park and restored as a museum for the Fulton County Historical Society.

PUBLITORIAL

I Heard . . .

Dr. McFadden propose an alternate plan as a possible solution to our one - two school problem.

I Thought . . .

Dr. McFadden should be commended for considering a possible compromise. More compromise proposals from both factions could lead to a good school system that we could all enjoy and benefit from.

ODDS and ENDS

Having had my first "vacation" since Doug was born almost five years ago, I returned to work this week realizing Elizabeth Taylor and I are growing more alike. Whereas we have shared a common name, Elizabeth, and a tendency for overweight, we've never had much else in common. Her eyes are blue; mine are brown. The difference has separated our lives. After this past week, however, we have become sisters of the Loyal Order of the Aching Back.

I've never been known as frail or weak, but in the future prepare to see me walking slowly and carefully, lifting no more than ten pounds and laughing less, because it "hurts mostly when I laugh."

My "vacation," spent flat on my aching back, knees resting on two pillows, a diet of pain pills, a diet of pain pills, and a threat of either traction or a brace if I didn't cooperate, was not entirely without pleasure. After the boys determined the condition was not contagious and after Loren spent an afternoon carrying a bed to the den, outfitting it with a sheet of plywood and stocking up on prescriptions and food, they showered me with food in bed, drinks of fresh water and shocked solicitude for the huge blisters that now cover a large area of my back (heating pads will over-heat).

And such food as we had! "We will have one meat dish and something else at each meal," Loren said. Sometimes we had chicken and apples, sometimes we had chicken and potato chips (he went to the chicken and fish fry at Mentone and stocked up). Once, we had meatloaf—sent prepared and ready to bake by my mother—and he determined a housewife's role wasn't really too bad. He even began taking on other characteristics of a housewife. Old newspapers that he would formerly have allowed to linger for a week disappeared the instant they were laid aside. You read the

whole paper at once or you never saw it. The dishes were always done --another of his mottoes --never use a dish that won't fit in the dishwasher. Wastebaskets were emptied daily and there'd better be no tarrying. His by-word became, "I run a taut kitchen." And taut it was--and efficient. A hearty breakfast consisted of four doughnuts while a work-a-day regular breakfast was two slices of toast buttered and lightly marmaladed. I gained three pounds; he lost five.

I read six or eight books and lost count of the short stories and articles; he ran his legs off. It's hard to know which of us is the happier that I'm back in slow motion.

Other than the fact the burn will last longer than the original out-of-place back, it was not too bad a week for all of us. I even learned the rest of our crew can put out a paper without me.

The other Elizabeth and I ventured our about the same time, and it was here that the remaining difference showed up. She walked out of the hospital on the arm of Richard Burton and presumably slipped into their Rolls. I leaned on Loren's arm and slid into his pick-up truck, an arrangement I find altogether more satisfying. Those low car seats hurt.

PUBLISHER'S NOTE: A lesson for all husbands can be found in this bit of biased writing. Just be efficient enough that she knows she couldn't get along without you but inefficient enough that she wants to get well enough to take over for herself.

Mark Sprong Is Better

Mark Sprong, son of Mr. and Mrs. Ralph Sprong and a fourth grade student at the Mentone school, is reported improved after a long battle with illness that began prior to entering Riley hospital on Jan. 21. Mark benefited from blood donated for him at the Feb. 17 blood collection in Mentone.

He has undergone a number of operations. One January 23 he had open heart surgery. On January 29 he had a tracheotomy after complications set in.

Later, a lung collapsed and his rib cage broke open, necessitating further surgery on Feb. 12 to re-wire it.

On Feb. 24, Mark developed double pneumonia and in doing a bronchoscope, it was determined that there was a tumor on his windpipe. Another operation, this one on Feb. 27, removed the tumor.

Last word from Mark is that while he is still ill, he is greatly improved and has hopes of coming home soon.

He would very much like to hear from his local friends. His address is Ward C, Riley Hospital, Indianapolis.

NEW BOOKS

AKRON CARNEGIE LIBRARY

America the Beautiful in The Words of Robert F. Kennedy.

The Queen's Confession by Victoria Holt. One of the best known novelists of our day has taken the story of the most loved, the most hated - certainly the most famous - queen in French history, Marie Antoinette, and written a dazzling biographical novel about her. The whole glittering story is here, based firmly on historical truth, and transformed by the novelist into a moving and dramatic experience.

Diary of a Heart Patient by Yehunda Kestlen. Twice operated on by Dr. DeBakey, a patient tells of his experience. Written for the many millions afflicted with heart disease, in the hope that it will shed some light on the problems and terrors of being bedridden, is above all, a testament to man's indestructible will to survive.

The Lion in the Stone by Henrietta Buckmaster. Here is a novel, authentic in atmosphere, sophisticated in its politics, sensitive in its human story, told with tenderness and compassion.

Linkletter Down Under by Art Linkletter. Written with Linkletter's irrepressible wit and humor, and illustrated by the distinguished Australian cartoonist, Paul Rigby, this is the full story of that Hollywood Guy Down Under, and a revealing character sketch of Australia...the land and its people.

Mrs. Appleyard and I by Louise Andrews Kent.

Martin Luther King, Jr. by Wm. Robert Miller. This is the life story of his life, martyrdom and meaning for the world.

How to Clean Everything by Alma Chestnut Moore. The authoritative guide to cleaning, conditioning and stain removal for every type of material and surface.

The Arms of Krupp by William Manchester. When Germany's ruling classes buried the last of the Krupps in the rain on August 3, 1967, they witnessed the end of a four hundred year dynasty which had armed Germany in the three major wars and influenced the course of German and indeed of European history for centuries. This is the story of that dynasty.

Coin Club To Have Anniversary

The Rochester Coin Club will have its 5th anniversary meeting on March 26 at 7:30 p.m. at the Rochester City Hall.

Dealers will be present, an auction will be held and door prizes will be awarded.

Coffee and cake will be served.

STEVIE WHITTENBERGER
SELECTED FOR MUSICAL

Steve Whittenberger, a student at Huntington College, son of Mr. and Mrs. Richard Whittenberger, R. 2, Akron, Indiana, has been named to the cast of "My Fair Lady" to be presented by the Huntington College Student Union.

"My Fair Lady," universally hailed as perhaps the greatest musical show ever written, will be performed by the Huntington College students on April 24, 25, and 26. An all-student production is presented every spring, and past performances have included "South Pacific," "Bye Bye Birdie," and "The Music Man."

NEW BOOKS

BELL MEMORIAL LIBRARY

For you readers who liked Arthur Hailey's Airport and Hotel, we have a new copy of his first novel The Final Diagnosis. This is a story of the life and death struggles in a large hospital and focuses mainly on the chief pathologist who must make the final diagnosis on every patient--and eventually on himself.

A World of Profit by Louis Auchincloss. The story of the Shallcross family who, in 300 years, has twice declined into poverty and twice climbed back into riches. Now headed by Judge Eben, they face into the rapacious world of the 60s. Non-fiction.

If you are interested in physical education, we have a new book on weight lifting entitled Weight Training by Philip J. Rasch.

The Rich and the Super-Rich by Ferdinand Lundberg. Who really owns America? How do they keep their wealth and power?

Exploring the Mind by Suzanne Loeb. This is the history of man's search for mental health. It traces the contribution of leading scientists from the 18th through the 20th centuries and it attempts to dispel the myths and present facts about mental and emotional illness in simple laymen's terms.

For baseball fans: The Tommy Davis Story by Patrick Russell. The story of one of baseball's greats.

The Indiana Library Association and the Indiana State Library are sponsoring a Library Poster Contest for amateur artists 12 years and older and residents of Indiana. Details may be obtained at the library.

And even if you don't want to read a book, come in and see Mrs. Riner's display of antique dishes. It will be worth your time.

Publisher Changes Philosophy On Printing Truth

Only a short time ago the editor of a paper in Indiana grew tired of being called a liar and announced that he would begin telling the truth in the future. The next issue of the paper carried the following items:

John Coyle, local groceryman is complaining and for good reasons. His prices are high, his store is dirty and his clerks insolent. How can he expect much?

The Reverend Bob Jones preached Sunday night on "Charity." He'll need all the charity he can get from his congregation because his sermon was so poor.

Dave Candy died at his home here Tuesday night. The doctor called it heart failure, but those who know say whiskey killed him.

Married - Miss Sylvia Rhodes and James T. Collins, last Sunday at the Baptist parsonage by the Rev. Gordon. The bride is a very ordinary town girl who doesn't know any more about cooking than a jack-rabbit and never helped her mother three days in her life. She is not a beauty by any means and has a gait like a duck. The groom is an up-to-date loafer. He has been living off the "old man" at home all his life and is not worth having. A dim future for the couple is predicted.

Died - Age 56 years, six months and 13 days. Deceased was a mild-mannered pirate who came here in the night with another man's wife and joined the church at the first chance. He owed us several dollars for his paper, was indebted to most everyone else in town, but you could hear him praying six blocks away. He died singing "Jesus Paid It All," and we think he is right.

Pool Memberships Being Sold

Family memberships in the proposed Rochester community swimming pool are being sold at \$104 each, payable at once or in \$2 per week installments for one year.

The family plan offers:

1. Use of the swimming pool by all members of the immediate family for three years following its opening.

2. The plan may be paid as outlined above at the Akron bank, either of the Rochester banks, the savings and loan company or the Leiters Ford or Fulton banks.

3. Paid-up family memberships are transferable. For example, persons may purchase a membership and transfer its use to a son or daughter who have children wishing to use the pool.

4. Advance purchase of a family membership will bring a three-year sav-

ing of \$46 over the regular yearly charge for a family, effective when the pool is opened.

Individual family members will be issued identification cards for pool use after the three-year membership is paid.

The pool will be built east of East Sixth St., Rochester, on surplus land north of Lakeview Park.

Estimated cost of the pool will be \$160,000, and it is hoped that a third of this cost can be met with advance purchase of family memberships.

Richard Belcher is chairman of the Rochester Community Pool Committee, an agency of the Park and Recreation Board.

The monthly meeting of the Merry Mollys was held on Monday evening at the home of Ruth Tucker with Fat Whitstone as co-hostess.

The meeting was called to order by the Vice President, Jo Ann Anglin. The group sang "America the Beautiful" and the history of the song of the month "My Wild Irish Rose" was given by Francis Mellott.

Merry Molly Club Meets

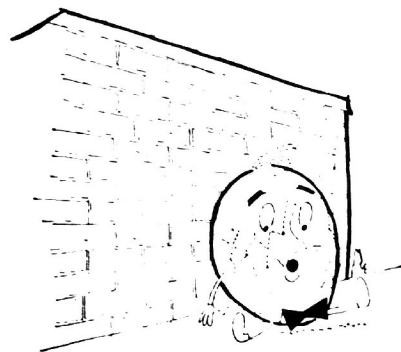

The secretary read the minutes of the last meeting and the treasurers gave a report of the finances. Garden remarks, entitled "Onions in the Garden" was given by Eleanor Knoop. The lesson entitled "Important Papers" was given by Emma Lou Hiers. Meditations were given by Francis Mellott entitled "Footprints in the Sand of Time." Health and Safety remarks on Tornados were given by Lea Hudson.

The roll call "What you would do with an extra hour a day?" was answered by 18 members. Chances on the quilt were sold for \$1.00 per member and a drawing was held for the quilt with Jo Ann Anglin the winner.

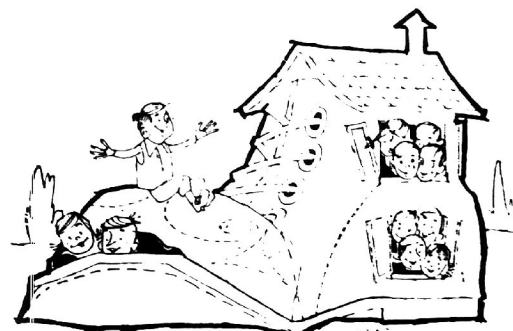

The club voted to give \$2.00 to IFY and 4-H. After the Club Collect was read by the group, a baby gift was presented to Pat Gross, and also several members received secret pal gifts. Dirty Bingo was enjoyed by the group and delicious refreshments were served by the hostess and co-hostess.

PERU: Fifth District Congressman Richard L. Roudebush (R-Ind.), told a Lincoln Day audience that there is strong sentiment in the 91st Congress and throughout the nation for overturning Supreme Court decisions banning prayer in public schools.

To The Editor

Dear Editor:

Seems there are many topics, hassel goes on, a long playing record, people becoming angry, one with another. Who is right or wrong? At least the issue seems far from being settled. Neither school wants to lose its identity. I guess that is only natural. I hope it all turns out for the best for all concerned.

The subject of garbage disposal seems to be receiving attention. The gentleman that had always collected and cared for this work before this year, was very courteous, accomodating and congenial with us. This winter we have carried our container out and back in the utility room to keep it from freezing, you never know when it will be picked up these days.

We bought a newplastic container to please them, they throw the container one way, and the cover somewhere else. I see them kick these receptacles rather than put them where they empty them, they sometimes kick them away and do not pick them up. All in all, I would have to say the present pick-up falls far short of what

it used to be, I guess, thats the way it goes.

Respectfully,

W. E. Fowler

FHA Girls Meet, Elect Officers

The Mentone FHA girls met recently to elect officers, naming Carol Franks as president; Connie Alber, vice-president; Kim Manwaring, secretary; Liz Smythe, treasurer; Linda Newton, historian; Tanya Sisk, parliamentarian; Bonnie Ring, reporter; Cathy Decker, recreation, and Carmen Anglin, projects chairman.

Plans were also made for several members to attend a district meeting on March 22 at Benton's Central High School at Oxford.

PERU: Fifth District Congressman Richard L. Roudebush (R-Ind.), told a Lincoln Day audience that there is strong sentiment in the 91st Congress and throughout the nation for overturning Supreme Court decisions banning prayer in public schools.

Lincoln Aid

The Lincoln Ladies' Aid met recently at the home of Mrs. Esther Brubaker. The meeting was opened with singing and devotions were given by Esther Brubaker and Mildred Leckrone. Money was given for Bibles for the graduates.

The hostess auctioned off a cake for the hostess gift. They also worked rolling bandages for the missionary work in Africa.

Delicious refreshments were served by the hostess. The next meeting will be April 1, at the home of Mrs. Jack Adams.

Egg Hunt Is Planned

An Easter egg hunt for all the children in the community will be sponsored by the Mentone United Methodist Church on Saturday, April 5. All children are welcome and will meet at the church.

DID YOU KNOW?

Sunday dinner guests of Mr. and Mrs. Howard Horn were Mr. and Mrs. Mike Colbert and David and Mrs. Myrtle Davis. In the afternoon they attended song services at the Church of Christ in Rochester.

Akron WCTU Holds Institute

The Akron local W.C.T.U. Institute convened in the Akron Library basement, Tuesday, March 12. A pre-supper session began at 5:30 p.m. Meditations were given by Miss Fern Bowen. Reports were made by Miss Velma Bright on her "Home Protection" department, and by Mrs. Beulah Pratt on current legislation on the State and the National levels. Miss Goldie Burns dismissed the meeting with prayer.

The carry-in supper was then served, with Mrs. Marie Bright and Mrs. Eva McIlhatton as the hostesses and Mrs. Margaret Slaybaugh registering the guests. Mr. Paul Bowen gave the table blessing. The evening session was brought to order by the Institute Chairman, Mrs. Pratt, and began with group singing, with Fern Bowen as accompanist on the piano. Mr. Harley Rollins, of Grace Seminary and pastor of the Omega Church, gave challenging devotions. Miss Gloria Jean Errington and Miss Patti Laylis from Grace College sang a lovely duet number, "How Great Thou Art". The Ken Anderson film, "Incense and Idols" was shown by Mr. Ray Doering. Mrs. Marie Bright dismissed with prayer.

SWCD Meetings Are Held

The Kosciusko County Soil and Water Conservation district supervisors were hosts to an area workshop on Thursday, March 13, at Westminster Hotel.

Seventy-eight supervisors and office personnel from thirteen counties attended the all-day program. State officers from the Soil Conservation Committee and the Soil Conservation Service spoke on problems confronting

the districts. Films and discussion on how the conservation job can be done more efficiently completed the well-attended workshop.

Supervisors of the Kosciusko Co. SWCD held a dinner at the Shrine Building, Friday, March 14. The dinner honored thirteen speech contestants representing counties in Area II. Seventy-seven attended.

Area competition was held following the dinner. Winner of first prize was William Thee, a senior at Howe Military Academy, who represented LaGrange County. A Wabash County senior, Lola Kefaber placed second. Russ Reibold, Miami County, third and Jan Gawthrop, Kosciusko County, fourth. Thee will represent Area II at the State Contest on April 5.

New County Agent Is Named

Robert Cox has been named as new extension agent for Fulton county and will assume his duties April 1, in line with a re-organization program that will affect nine counties. Mrs. Mildred Allen, home extension agent, will continue her association with the local office as director of the family living organization and will be home management and equipment agent in six counties.

Named To Membership

Thomas R. Runkle, Akron, son of Mr. and Mrs. Robert Runkle, has been named to junior membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Mo.

Kosciusko Scouters Hold Annual Recognition Night

Over 130 Scouters representing every community in Kosciusko County, attended the Scouters Annual Recognition Dinner Saturday evening, at the Warsaw Masonic Hall.

Highlight of the evening was the presentation of the Key Scouters Awards to Russel Kinsey, and Mrs. Marilyn of Warsaw; Eddie Creighton, of Atwood; and Richard Allen of Oswego for their outstanding service to boyhood during the past five years. Mr. Kinsey has served as a Commissioner, and general trouble-shooter for the Scouting; Mrs. Mahling has been acting as the County's Den Leader Trainer; Ed Creighton as Scoutmaster of Troop 59 of Atwood; and Richard Allen as Scoutmaster of Troop 17 of Oswego.

Speaker for the event was Robert Schott of La Grange. He spoke on the future growth of northern Indiana and how it will relate to the world in which our children will live.

Hosting the recognitions was Ed Sauer, District Chairman of Kosciusko District. Excerpts from his annual report mentioned over 1500 boys served in Kosciusko county, as well as 28% of all possible boys enrolled between ages 8 and 16. Other excerpts mentioned the increase in quality of program

due to better training and Commissioners service.

Richard Reidel and Robert Blakely received special recognition when they were presented with diamond pins for organizing by Stanley Peguignot, the Organization Chairman of the county. Mr. Reidel's award is the first of its kind ever to be presented in the Pioneer Trails Council, and recognizes that he has organized 10 Scout Units holding over 375 boys.

Other Awards presented to county Scouters were Den Leaders Awards to Mrs. Virginia Hann of Syracuse; Mrs. Smith and Mrs. See of Warsaw; Mrs. Sue Gunter and Mrs. Sue Drudge of Claypool; Louise Creighton of Atwood; and Mrs. Lillie Dorsey of Mentone.

Scouters Training Awards were presented to Scouters who had completed their training and placed in practice those ideals and skills learned. Receiving awards were: Harold Michols, Max Baker, Tom List, Jack Rife, of Warsaw; Rex Lawson of Barbee; Ferl Rhoades and Dr. Jack Clark of Syracuse; Harold Drudge of Claypool; Art Wise of Mentone.

Scouters Keys were presented for Leaders who completed three years of practical experience to Russel Kinsey, Commissioner; of Warsaw; Dan Howard, Explorer Advisor of Warsaw; Richard Allen Scoutmaster of Oswego; Ed Creighton, Scoutmaster of Atwood.

A special award was presented by John Hall, United Fund President,

to Charles Bertsch, who recently served as County chairman of Scouting, and helped lay the foundation for the increased program and service enjoyed by the leadership today. Another Special

Units were recognized for program proficiency. Harold Drudge, District Commissioner, awarded Commissioners Citations for Excellence in program quality to Pack and Troop 28 of Syracuse; Rotary and Lions Clubs; Pack and Troop 70 of Claypool Lions Clubs; Post 67 Warsaw Lions Club; Pack and Troop 30, Warsaw Methodist Church; and Troop 119 of Sacred Heart Catholic Church; and Troop 59 of Atwood Lions Club.

Other Units recognized for Summer time program achievement in outdoor activity and camping were:

Pack 16 of Etna Green; Troop 16 of Etna Green; Pack 26 of North Webster; Pack and Troop 36 of Warsaw EUB Church; Pack and Troop 47 of Milford; Pack and Troop 58 of Mentone; Pack 59 of Atwood; Pack 61 of Piercetown; Pack 67 of Warsaw; and Troop 75 of Warsaw.

Awards were presented to selected Cub Scouts of Claypool, who have been traveling throughout the county and helping the Organization team to organize new Dens.

said the board's figures were as accurate as they could be.

In other board action, a contract with Karen Nelson was signed. She will replace Marna Fredell, who resigned. Other teacher contracts signed were: Wanda Russell, Dianatole, Eleanor Taylor and Mar. Van Podson. All are K-12 graduates of Grace College and will begin at \$6,300 per year.

During the routine financial report, the question of the corporation's ability to raise funds through a bonding company was raised. It was estimated that \$350,000 could be raised.

A school calendar for the 1969-70 school year was approved and is published in this week's paper.

How are we going to operate next year? was the next topic of discussion and Supt. Forbes presented seven plans to continue operating in the present fashion. Dr. Van Gilder presented a proposal that he said could start a permanent system and could be a start to providing necessary facilities. McFadden's plan called for K-4 classes at Akron and Mentone, grades 5 to 8 in one of the towns and grades 9-12 in the other town. He suggested that the high school be given an impartial name and that the location of it be determined by an impartial outsider. His plan would eliminate the Talma and Burket schools, and he said it would also eliminate the need for three principals, a savings of \$31,820 that could be used for additional teachers.

Goshert moved that the superintendent present all forms of plans for a centralized high school at the next meeting. The motion passed on a 3-2 vote with Davis and Van Gilder opposing it. Van Gilder reiterated his conviction that the board is bound to a two-high school system. A discussion was held on the topic of relocatable units and the

board asked for information concerning them. They authorized a legal advertisement for bids for more units.

Following a discussion of negotiation procedures, the board approved a contract with Bud Wise as janitor at the Mentone school. He will replace Wayne Tombaugh, who has resigned.

The board also approved Garwin Eaton as a future bus driver and gave permission to the Burket Cheerio 4-H club to use a bus to attend a skating party at Rock Lake. Van Gilder opposed the use of the bus by the 4-H club.

In a discussion of the building trades program launched this year at Akron and Mentone, Van Gilder moved the program be continued and the motion carried unanimously. Dr. McFadden moved to explore the suggested occupational auto mechanics program to see if adequate facilities and personnel could be located.

Following a brief tour of the school, the board agreed to authorize Forbes to proceed with repairs.

As the final item of business, the board voted 4-1 for the president and secretary to file an appeal with the General Commission regarding the Department of Public Instruction's recent decision that said "no" to plans for maintaining two schools. Goshert cast the no vote.

Time to Scrap That Scrap

Members of the Akron MYF remind local residents that spring is a good time to scrap that scrap that has been accumulating. Not only is it a good time to scrap it, they will volunteer to remove it for you. Anyone having scrap they wish to donate to the MYF should call Andy Shewman at 893-4185 or Nancy Kuhn at 93-4169. The drive will be held on March 22, starting at 9:30 p.m. All funds raised will be used for summer camp and to buy a bus.

Debbie Anglin Is Yearbook Queen

Debbie Anglin, an 8th grade student at the Mentone school, was named Yearbook Queen in a recent election. The candidates, Miss Photogenic of each class, were named by their classmates. Votes were cast a one cent each. Members of her court were Carmen Anglin, junior, third runner-up; Helen Crisp, senior, first runner-up; Darlene Igo, sophomore, second runner-up, and Debbie Smythe, freshman, fourth runner-up.

Mrs. Phil Parker will be the organist. Rev. J. D. Thomason, Rev. J. F. Baldwin, Rev. Claude Fawns, Rev. Wayne Johnson and Rev. D. A. Ferguson will speak.

Special choral presentations will be given by the United Methodist Church choir including Of the Seven Last Words, Father Forgive Them, Verily-Verily, Today Thou Shalt Be With Me In Paradise, Woman, Behold Thy Son, My God, My God, Why Hast Thou Forsaken Me?, I Thirst, It is Finished, and In to Thy Hands I Command My Spirit.

The services will begin at 1 p.m. and everyone is invited to attend regardless of his church affiliation.

Good Friday Breakfast Set

The Men's Lenten Good Friday breakfast will be served next Friday, April 4, at 6:15 a.m. at Teel's restaurant in Mentone. Rev. Garrett Phillips, pastor of the Mentone United Methodist Church, invites all local men and boys to attend, reminding them to wear their work clothes. Each will pay for his own breakfast.

Everyone is welcome, he says. He asks that those planning to attend notify the Teels or Darrel King or Rev. Phillips.

Gaylord Toll will be the speaker. Mr. King will lead the singing.

Noon day Good Friday lunch services will be served at 12:10 p.m. in the Mentone United Methodist Church. Miss Donna VanGilder will be the speaker. Everyone is invited to attend.

Lily Day Royalty to be named

Members of Mentone's Sunshine Society will conduct a Lily Day Campaign in the area on Saturday, March 29. They plan to visit each town and will be identified by their hats, which are made of Easter Seals.

The campaign will be conducted from 9 a.m. until 5 p.m.

AKRON RESIDENTS FEATURED: The Jesse Henderson family was featured in the March/April issue of Sports and Recreation. They are pictured with a big catch of pan fish caught at Birchwood, Wisconsin.

Each girl will be vying with other Kosciusko county girls for the honor of being queen at a dance to be held at the Warsaw Armory from 7:30 to 10:45 p.m. Saturday. The girl who sells the most lillies in the county will be queen. The girl from each school selling the most will be princess.

Other prizes, donated by area merchants, will be awarded.

The drive is conducted by the Kosciusko Co. Easter Seal and Crippled Children's Foundation, whose members remind local residents that 75% of the money collected remains in the county and that they have no paid officers.

Roudebush slates hearing on census snooping

Congressional hearings on a bill introduced by Congressman Richard L. Roudebush (R-Ind.), which would limit the number of questions to be asked on the 1970 census form, will begin Monday, Mar. 31, it was announced this week.

The Roudebush bill would limit the number of questions to name, age, relationship with head of household, sex, date of birth and how many visitors in home at the time of census.

"If people want to give out personal in-

formation, that is their business," Roudebush said, "but they should not be forced to do so."

He referred to the hundreds of questions now asked by census takers, which have penalties for failure to comply.

Kindergarten Roundup Set At Mentone

The spring round-up for kindergarten students at Mentone will be held at 10 a.m. on May 6 in the school cafeteria. All children who will be 5 years old on or before Aug. 1 of this year will be eligible. In addition to bringing the child, parents should take his

birth certificate and health record.

New Organization Sets Meeting

The parents of Akron band and choir students met on March 5th and voted to form a new organization of "Music Boosters." The organization is open to anyone in the community who is interested in helping the music program in the high school. A new meeting date has been set for April 9th at 7:30 p.m. in the band room of the high school. The issue of giving band sweaters will be discussed.

Ham and Beans To Aid 4th

Saturday night's ham and bean supper, sponsored by the 4th of July committee, will aid the plans for this year's 4th celebration with all funds raised being used to defray expenses of the celebration.

The supper will be held in the Akron school cafeteria.

Willis Bowen is chairman of this year's event.

EDITORIALS

Congressman Richard L. Roudebush of Indiana's fifth Congressional dis-

LETTERS TO THE EDITOR

Dear Editor:

In reading my grandfather Fowler's diary for the year 1866, 103 years past, I note at this time he was tapping sugar trees in preparation for the making of maple syrup.

I recall very distinctly the poplar troughs they used to collect the sugar water in. He states being to the mill twice. I suppose for the purpose of having corn ground for meal and wheat for flour. About hauling wood, says the air was raw and cold on March 23rd. On March 24th they had rain, snow and sleet. Seems they had problems too.

Their home was a very large log cabin, a double fireplace was between two very large rooms, the fire place operated from each room, furnishing the heat for both rooms. At the east end of the cabin were two large bedrooms.

There are many interesting facts in this diary and I cherish these facts very much.

Respectfully,
W. E. Fowler

trict has introduced a bill that should have the support of every person interested in preserving his own identity and his right to refuse to give our personal information.

Roudebush's bill would limit the number of questions a census taker could ask to name, age, relationship with head of household, sex, date of birth and how many visitors in the home at the time of the census. As anyone who has had to answer the endless personal questions asked by a census taker can testify, the list of questions is now much longer and is a threat to personal privacy. In addition, there is a criminal penalty if the form is not filled out. The Roudebush bill will do nothing to hamper the Census Bureau from collecting information on a voluntary basis.

We strongly urge that everyone interested in preserving his personal freedom in refusing to answer such questions write Congressman Roudebush in care of the U.S. House of Representatives in Washington, D.C. A hearing on the bill will be held Monday so time will be of the essence.

An exchange says: "If a man wants a woman to be his queen of an American home, let him marry the girl that knows how to cook. Dyspepsia, divorce, dirt, deceit, dope, doubt, devilry, danger, distress, disease and drink are apt to come to the family in which the science of first class cooking is a lost art.

A schoolboy assigned to prepare an essay on ducks wrote: "The duck is a low, heavy-set bird composed mostly of meat and feathers. He is a mighty poor singer. Having a hoarse voice, caused by getting so many frogs in his neck. He likes the water and carries a toy baloon in his stomach to keep from sinking. The duck has only two legs and they are set so far back on his running gears by nature that they came pretty near missing his body. Some ducks when they get big have curls on their tails and are called drakes. Drakes don't have to set or hatch, but just loaf, go swimming and eat. If I was a duck, I'd rather be a drake."

Mr. A. A. Kistler has traded his Kentucky saw mill and lumber business to George Kuhn for an hundred acre farm near Rochester. Mr. Kistler will retire from the lumber business until Taft and the boys at Washington get the tariff fixed.

Mr. and Mrs. John Miller visited their son, Alpha, and wife over last Sunday at Mentone. The young people have moved to town and gone to housekeeping and are as happy as two bugs in a red rug. Alpha has engaged as tinner with Wertenberger and Milborn. John also says that a trolley car bearing some of the Winona officials pulled into Mentone last Saturday afternoon about three o'clock and that he climbed up on the construction car that was standing on the track after finishing track laying for the day, as a testimony of the occasion and that he would thus be able to be sure that Mentone was now on the trolley line.

NEW BOOKS

AKRON CARNEGIE LIBRARY

Famous First Flights that Changed History by Lowell Thomas, Jr. This is the exciting story of the conquest of the frontiers of aviation.

John Fitzgerald Kennedy, As We Remember Him.

The Day Kennedy Was Shot by Jim Bishop. This book, a moving and terrifying document, makes you feel that you are watching everything that

happened - as it happened - in Dallas and Washington. It will stand for years as the most complete account of that tragic day.

Marijuana, the Facts, the Truth by Will Gursler.

The Raw Pearl by Pearl Bailey.

The Case Against Congress by Drew Pearson. A compelling indictment of corruption on Capital Hill.

On Making, Mending and Dressing Dolls by Clara Hallard Fawcett.

The Salzburg Connection by Helen Mac Innes. The factual basis of this novel is firmly set in historical evidence, the theme is meaningful and real and the narrative is irresistible. This is a suspense story you will not want to miss.

Always on Sunday by Michael David Harris. Mr. Harris follows Ed Sullivan's amazing rise from boyhood in Port Chester, N.Y. where Sullivan pumped the church organ for his singing brother and sister (even then he wasn't a performer). Here also are the inner workings of the television hour that has launched a thousand stars - many of them because of last-minute changes.

America, Forever New compiles by Sara and John E. Brewton. Here is a splendid celebration of America, a collection of poems that are as diverse in spirit and setting as the land itself.

Spanish Club Entertains Las Donas Club

Members of the Akron Spanish Club entertained the Las Donas Club Monday night at the home of Mrs. Randall Leininger. They sang several songs, accompanying themselves on Spanish instruments and concluded by having LasDonas Club members sing and play. Spanish Club members have been working to raise funds to send four members to Mexico for a two weeks' study program this summer.

A film provided by the Crippled Children's Society was shown also. Following a short business meeting in which Mrs. Loren Sheetz was appointed to represent the club at a meeting of local organizations seeking to improve the town, the remainder of the evening was spent socially.

Present were Mesdames Dean Baker, Jim Bickel, Jerry Bickel, Marvin Gagnon, Kenneth Hartzler, Larry Horine, Gary

Luckenbill, John McKee, Charles Miller, Don Nicodemus, Fred Ogle, Loren

Sheetz, Larry Straley, Richard Tilden and John Zimmerman.

Anthony Nigo DAR Hears Americanism Report

Mrs. W.D. Hissem, DAR state chairman on Americanism, Ft. Wayne, was the guest speaker at Tuesday night's meeting of the Anthony Nigo Chapter, DAR. She was accompanied by Mrs. Fuller of the Mary Penrose Wayne Chapter of Fort Wayne.

The meeting was held in the home of Mrs. Max Smith and was opened in regular form with the salute to the American Flag and by singing the Star Spangled Banner. The chaplain read a prayer on Americanism from the book, Prayers of Peter Marshall.

The regent, Mrs. Thomas Fugate, welcomed a prospective member, Mrs. Donald Boggs, and then introduced the speaker, Mrs. Hissem, who spoke extensively about the

naturalization courts in the United States. She reported that in 1919 the National Society of the DAR formed a committee on Americanism. At the same time, A DAR manual for citizenship was prepared that is free to all prospective citizens to be used as a test book when they are preparing for citizenship examinations. She suggested that where the courts permit it, it is well to take young people to see a naturalization court. South Bend was suggested as a possible local city in which to attend such a ceremony.

Following the business meeting, the President General's message was read by Mrs. Ernest Igo and a DAR resolution was read by Mrs. Fred Surguy concerning the forthcoming national census. Mrs. Wayne Smalley read an article from the "National Defender," a pamphlet published by the National Society of the DAR, warning members of pitfalls in regard to the "sensitivity training" program that

is being introduced in high schools, colleges, universities, churches, police departments, YM-CA groups, summer camps, etc.

Mrs. Frank Smith, chapter chairman of DAR schools, announced that the boxes of clothing had been sent to the Kate Duncan Smith school.

The meeting closed with everyone repeating the Americans Creed in unison.

Dainty refreshments were served by the hostess and co-hostess, Miss Jane Tucker, Mrs. Fred Surguy, and Mrs. Walter Lackey.

Perry Club Members Wear Green

The "Wearing of the Green" was displayed by each member of the Perry-Do-Rites EHC recently when they met at the home of Mrs. Gerald Bahney. Mrs. Wayne Nordman was co-hostess.

The meeting was conducted by the president, Mrs. David Dawalt. Devotions and prayers were given by Mrs. James Mitterling, and Mrs. Ralph Deardorff presented the health and safety lesson concerning tetanus.

The song of the month, "My Wild Irish Rose," was reviewed by Mrs. Duane Smith. Mrs. Arnold Van Lue occupied the special chair that was moved to the center of the floor where the group was led by Mrs.

Especially for Women

Bahney in singing to her.

Mrs. Howard Craft reported on the vice president's council meeting.

Mrs. James Laycock reported on the latest money-making project. Lawrence Hively of the Roann Merchants Association spoke concerning soft drink stands at the Roann Community Festival July 23 to 26.

Named to the decoration committee for the Mother-Daughter Banquet were Mrs. Smith, Mrs. John Wilson and Mrs. Maurice Musselman.

The guest prize was won by Mrs. Richard Leedy. Each member was presented a crocheted cup and saucer as hostess gifts.

Twenty one members and two guests, Mrs. Edward Stevenson, Kokomo, and Mrs. Ray Steel, Roann, were present.

The next meeting will be at the home of Mrs. Duane Smith.

juicy tips Here's a great idea for restoring and sealing juices in meats that you are broiling or roasting: dip them into cold water before cooking. **Also dip each slice of bacon in cold water before putting it in the pan; it won't curl when fried.** Try cooking a couple of lettuce leaves with your green peas next time; saves on flavor and prevents shrinkage. **Meat loaf will have a different flavor if you mix some shredded cabbage and a few drops of tabasco sauce into it before broiling.**

words of the wise Children have more need of models than of critics. . . . Middle age: Too young for Medicare; too old for men to care.

oldies but goodies Those old nylon stockings can come in handy for cleaning the auto windshield or windows and mirrors, too! They leave no streaks. **Buttons that take a heavy strain can do a better job when sewed on with dental floss.** A light coat of baby oil applied to your stainless steel sink, then rubbed off, will leave it gleaming very nicely. . . . When children's shoes are scuffed badly and don't seem to take polish, simply rub them with a piece of raw potato and then apply the polish. They will shine like new.

your child might be the one to win a \$1000 college scholarship or one of 5202 other prizes in Penny Power's Electric Contest. Pick up an entry blank at your local Public Service Indiana office.

Best of Spring Fashions Seen In Maid of Cotton Wardrobe

SPARKLING WHITE—A thing of beauty from tip-toe is this ball gown of white pebble cotton by Geoffrey Beene. Daisy appliques centered with rhinestones create a mock bolero to underscore the empire silhouette. It's one of the outstanding fashions in the wardrobe of 1969 Maid of Cotton Cathy Muirhead.

DRESSY KNIT—Kitten-soft cotton lisle knit in a pastel paisley creates a special dress for Maid of Cotton Cathy Muirhead. By Eloise Curtis of David Byrne, it falls gently over the silhouette, cinching the waist with a wide midriff inset. Bands of jewels encrust the neck and cuffs.

Illustrating the best in spring fashion is the all-cotton wardrobe of 1969 Maid of Cotton Cathy Muirhead.

Elegant, refined, of-the-moment clothes dress the Maid from morning 'til midnight. Pantsuits, afternoon dresses, cocktail clothes, and formal gowns appear in an exciting array of cotton fabrics.

From the design rooms of New York's top creators come snappy dresses and ensembles in double-faced cottons, dressy cotton knits, cloque piques and brocades... just to mention a few.

Spanking white, combina-

tions of red, white, and blue, and teams of red, white, black, white, or brown/white color the wardrobe high fashion.

When it comes to silhouette, the new fashion message is communicated in belts, high fit, long sleeves, and pleats.

The interest in pants for almost every occasion continues into spring. And pantsuits in the Maid's wardrobe bear the 1969 signature: wide leg pants and hip-length jackets or tunics often marked by wide belts.

Fashion's emphasis on softness gives new dimension to cotton knits—now gone dressy.

One of the most feminine styles in the Maid's collection is a cotton lisle knit in a free form paisley design of pastel colors. It has long, soft sleeves; a gently gathered skirt falling from a wide midriff inset; and bands of jewels at the high neck and cuffs.

Not to be overlooked in the total fashion picture is empire fit, underscored with belts or simulated bolero effects, and pleats emanating from high bodices. Add to this snappy little dresses with matching pants and spring's fashion panorama is complete.

Plan Inspection

Joyce Maby, worthy advisor, presided at the stated meeting of the Akron Rainbow Assembly with 23 girls and 6 adults present. Those who pro-temed were Jane Martin, Jackie Stucker and Vickie Horn.

The girls will be the escort for the Eastern Star worthy matron at Mentone March 28th., and at Akron March 29th. Eight girls will help serve at the Ham & Bean supper for July 4th. committee March 29th.

Debra Hunter gave a report on the float committee's suggestions and by vote a decision was made.

There will be a special practice March 31 at 7:00 p.m. Inspection by our District Deputy will be April 8th. A carry-in dinner will be at 6:00 p.m. and the inspection at 7:00 p.m.

Following the closing refreshments of cup cakes and punch in keeping with the Easter season were served by Mrs. George Maby and Joyce.

NEW BOOKS

BEUL MEMORIAL LIBRARY

On the fiction shelves: The Chosen by Chaim Potok. This novel revolves around the friendship, which begins as a fierce rivalry on the baseball field, grows into a strong, but troubled, comradeship. The tension between the two is often heightened by their fathers. One is a Hasidic Rabbi of great

reputation and the other an outstanding orthodox scholar who is more worldly.

The Good Deed and Other Stories by Pearl Buck. A collection of some of Mrs. Buck's stories about Asia, past and present.

Non-Fiction: The Valachi Papers by Peter Maas. The first true story of life inside the Cosa Nostra.

The Varied Airs of Spring by Ilka Chase. Amusing, anecdotal and informative details of the author's travels in Africa and the Mediterranean.

For you antique collectors: Bottle Rush U.S.A. by Lynn Blumenstein. Pictures, names and current prices of antique bottles.

Make sure your new home will STAY modern

... plan it totally electric

Why put your dreams and money into a new home this year and be disappointed before you move in. Plan now to make it totally electric. You'll find it still will be completely modern 10 or 20 years from now.

Total electric living is increasing rapidly. A recently published survey on "buying intentions" shows more Indiana rural families plan to install electric heat this year, than any other type of heating system. A wide preference for electric ranges, washers, dryers and water heaters was also shown.

Plan now to give yourself and your family the cleanest, safest, most comfortable home possible! Before your new home gets too far along, plan it totally electric.

Deaf Man Designs Tiny Hearing Aid

OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small device has no dangling cords or separate transmitting units and represents a new unusual design idea in a product to restore natural hearing.

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of one of the smallest all-in-the-ear hearing aid ever made will be given absolutely free to anyone sending in this advertisement while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to A. J. Wilder, 809 Steuben St., Wausau, Wis. 54401. Adv.

Take your problems to Church this week -

She's A Lovely Hypocrite

"Some measure friends by chivalry,
Some by their gain of gold
But, ah, the friend I treasure most
Keeps me from feeling old." — Herschel.

Crippled, she hasn't walked for years. Yet, when you visit her she is always bright and cheerful and her outlook on life optimistic. Every community has her counterpart - - "she is a lovely hypocrite." Her friends go to her for cheer and comfort, for she tells them how well they are looking and that they seem to "grow younger" day by day. She sends them on their way with a sprightly step, with all gloom vanished. In spite of her affliction she exudes sunshine.

She can't always attend but you will find her at each church service when she is able. If going to church serves as such a bulwark to her, church-going must have a lot of merit. Regular attendance at the church of your choice serves as a major aid in keeping your outlook on life cheerful.

Special Service Held At Mentone Church

Mrs. Darrell King and Mrs. Tom Fugate presented a very impressive service and Easter program for the fifth Thursday night of the series of Lenten services held at the Mentone United Methodist Church. Mrs. Pearl Lackey presided over the regular business session of the WSCS following the Easter program.

Mrs. King opened the service with "Lenten Thoughts." Everyone took part in singing and the responsive reading. Mrs. Fugate gave the selection, "One Single Event," followed by "The Splendor of Lilies" by Mrs. King. The King children's trio, Herbert, Kathleen and Marilyn sang two songs and Mrs. Fugate continued with several selections and Mrs. King gave a reading and sang a solo. Rev. Garrett Phillips gave the benediction.

During the business session, the nominating committee's report was given by Mrs. Eugene Sarber, and Mrs. Carl Whetstone read the Bachelor Home for Boys letter outlining the many used household furnishings and appliances that are needed at the home. Members and officers are reminded to contact Mrs. Paul Haist and Mrs. Ruth Urschel for transportation to the District Workshop on April 9 at No. Manchester. Those unable to attend the afternoon sessions may go for the evening sessions.

Mrs. Bernice Rush reported on the World Day of Prayer at Winona Lake. The evening ended with a salad bar served by Mrs. Oliver Teel, Mrs. Allen Herendeen and Mrs. John Allen Teel.

Members were reminded to attend the March 27 meeting at the church. Mrs. Norman Uphouse, Dean of Women at Grace

College, will be the speaker.

The regular April 17 meeting of the WSCS will be at the home of Mrs. Paul Knoop.

Holy Week Service Set At Church

The Akron Church of the Brethren will have Holy Week services beginning Palm Sunday with Sunday school at 9:30 a.m. and worship service and sermon at 10:30 a.m. The subject will be "Sorrowing or Satisfied" Luke 19:41-44.

On April 2, the topic will be "Awake or Asleep"; April 3 will be Lovefeast and Communion and April 4 will be Union Good Friday service. Evening services will begin at 7:30 p.m. Special music will be provided at each service. Neighbors and friends of the church are invited to attend the services.

Baptists Plan Bible School

Bible School plans have begun at the First Baptist Church in Mentone, according to Mrs. Marion Acton, director, who has announced that Vacation Bible School will be conducted at the church from 9 to 11:30 a.m. June 2-6.

Department heads include Mrs. David Peffley, Mrs. Jim Unzicker, Mr. and Mrs. Robt. Cook, Miss Eleanor Mares and Mrs. Otis Stone.

Sr. Aid

The Senior Aid of the West Eel River church met at the church Thurs. March 20th.

Opal Wiley gave the devotions, reading the 15th Chapter of John.

The president, Rena Beigh, presided over the business session. Eleven members answered roll call. They are as follows: Mrs. Alma Miller, Elva Kline, Rena Beigh, Opal Wiley, Bertha Heisler, Gladys Sausaman, Beva Harmon, Edna Gearhart, Minnie Deaton, Rose Repine and Dorothy Yoder.

Sunrise Service Set At Akron

The Akron MYF will conduct an Easter sunrise service and will serve breakfast in the annex after the service.

To Enter Goodyear Competition

The Kosciusko County Soil and Water Conservation District has entered the 23rd annual Goodyear competition to select the nation's top 53 conservation districts, according to Myron E. Metzger, R.R. 2, Claypool, district chairman.

Activities of the district will be weighed against the performance of other districts in the state in determining the outstanding district in the annual event sponsored by the Goodyear Tire and Rubber Company of Akron, Ohio.

Key agricultural leaders will serve as judges and will select the state winner. Soil conservation

efforts from January 1, 1969, through Dec. 31, 1969 will be considered.

Grand award for the 53 districts selected nationally will be an expense-paid, work-study trip to Arizona in December, 1970, for one member of the district's governing body and the outstanding farmer-cooperator in each winning district. The 106 men selected will be guests at Goodyear Farms, a 14,000-acre general farm operation near Phoenix.

The Kosciusko County District has taken part in the competition times in the past and was named the state's second place district in 1964. District supervisors, Myron Metzger, Claypool; Leon Tucker, Milford; Howard Workman, Piercetown; Philip Beer, Milford; and Maurice Heagy, Claypool. Ass't supervisors are Eldon Watkins; Syracuse, Robert Teeple, Leesburg, Howard Silveus, Silver Lake, Gordon Tuttle, Warsaw, Robert Norris, Mentone, Dale Byrer, Etna Green, Fred Kuhn, Warsaw, and Wm. Dalton II, Warsaw.

Extension Council Names Directors

Members of the Kosciusko County Extension Council elected five directors to the County Extension Board at their annual meeting Mar. 20.

Elected to three year terms were Jesse Berger, R.2, Nappanee; Mrs. Tim Derf, R. 4, Warsaw; Don Robinson, Warsaw; Mrs. Maurice Walther, R. 2, Silver Lake, and Gerald Smalley, R.1, Claypool. They join hold-over directors Cletus Griffith, Harold Wilson, Earnest Rhoades, Mrs. Raymond Helser, Wilbur Latimer, Harold Gawthrop, Mrs. Gordon Tuttle, Don Beer, Mrs. Don Goon and Mrs. Don Boggs.

The Extension Board has responsibility for the personnel, budgets and programs of the Extension Service.

The annual meeting was chaired by Cletus Griffith, Etna Green, and members heard reports from the Extension staff and from Dr. Wilmer Bugher on the proposed community vocational education program, and John Snell, chairman of the hospital fact-finding committee.

State Egg Day Is Planned

The date for the State Egg Day program is Apr. 9th. The program includes industry reports on new ideas in egg handling, a report on egg marketing organizations, and the work of state agencies in marketing and grading.

COURT NEWS

Ernest L. Shively, 54, R.2, Akron, pleaded innocent to charges of drunken driving, leaving the scene of an accident, driving without a license and failure to yield the right-of-way in Fulton circuit court Monday. The charges stemmed from an accident Mar. 14. Shively asked for a trial by jury and the trial was set for June 17.

Judy Ann Yates, R. 2, Akron, has filed a suit for divorce from William E. Yates in Kosciusko circuit court. They were married Nov. 3, 1967 and separated Mar. 15, 1969. She seeks custody of one minor child.

Fair Board sets work to improve buildings

Richard Burkhardt, president of the Fulton County 4-H Fair Board, this week appointed a committee composed of himself, Jud Hudkins and Everett Smith, the latter as chairman, to oversee improvements to the community building at the fair grounds.

The community building will be insulated and heated and a kitchen will be installed as well as two restrooms and a dressing room on the east side of the building, across from the Extension Service offices. The Extension area can be used as a dressing room for programs needing two dressing areas.

The building will be partitioned into two large areas and each area will be heated separately. The north half of the building will be used as a public meeting place, with seating for 150-200 persons. The kitchen restrooms and dressing room will be in the north section.

The Home Demonstration clubs of Fulton county will finance the furnishings for the kitchen with a Purdue specialist to design the facilities.

Burkhardt, saying it is hoped the improvements will be ready for use next fall, said the

fair board will have some of the work done on a volunteer basis and will contract with professionals for other work.

Dairy Association Elects Officers

The new officers of the Kosciusko Co. Dairy Association are Eldon Watkins, president; Ernest Engelberth, vice-president; Mrs. Myron Metzger, secretary, and Stanley Ummel, treasurer. Directors are Chester Albert, Harold Wilson, Loren Cumberland and Myron Metzger.

The Association conducts the dairy testing in the county, conducts the dairy show at the fair and has responsibility for other educational and promotional events.

In addition to presenting trophies to the two team captains, trophies were also presented to the Burket cheerleaders, determined the best in each grade.

The sportsmanship trophy was presented to Dale (Corny) Wallace, a former Mentone athletic star, by Mentone principal Ernest Holcslaw. Wallace, a 1939 graduate of Mentone, was cited for being the most loyal fan during the 1968-69 basketball season. Holcslaw said Wallace played all four years of his high school career and "without a doubt is one of the best if not the best defensive man in the history of the school." "Even though he had no son to follow in his footsteps he has never lost his loyalty to Mentone high school."

Tax exemptions may be filed until May 5th

The annual filing of tax exemptions has begun at the office of the county auditor and will continue until the first Monday in May.

Exemptions granted property owners fall into four main classifications: Mortgage, Veterans or Veterans Widows, Over Age 65 and Blind.

To file mortgage exemptions, applicants

must be residents of Indiana and owners of mortgaged property, mortgages as of March 1, 1969.

The maximum exemption is \$1,000. Only one mortgage exemption totaling \$1,000 may be allowed in the state. Mortgage exemptions are not available on property being purchased on contract nor are they available on notes. If the amount due on the mortgage is below the \$1,000, the applicant must declare the exact amount owned on Mar. 1.

Other regulations may be obtained at the office of the county auditor.

Accident Report

Dennis L. Thompson, R. 2, Akron, escaped injury last week when his 1963 International two-ton truck loaded with cartons of milk overturned on the Old Fort Wayne road. The sheriff's office said Thompson was going east when the truck wheels went into soft ground on the right side of the blacktop and the truck overturned into a fence on the Howard Kerr farm, R. 2, Akron. Minor loss of milk was reported and the truck sustained \$200 damage with \$100 damage being reported to the fence.

Kenny Lee Bowser, R. 2, Silver Lake, escaped injury Wednesday when his auto left the road at the intersection of SR 25 and County Road 700 West one mile north of Burket and struck a fence on the Minnie Grubbs property. Bowser told investigating officers he lost control of the car as he was making a left turn at the intersection. Total damage was set at \$60 by investigating officers.
