Not As Honest As We Used To Be

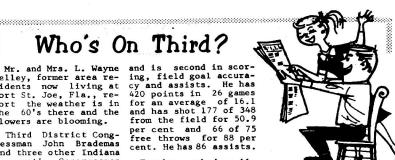

The Terre Haute, Ind. Spectator reports: 'We-'re only about HALF as honest as we used to be. Recently, the editors of Liberty magazine conducted a test similar to one run nearly a half century ago. The results were quite illuminating...and embarrassing for the current generation. Back in 1924, Liberty sent out 100 letters to people selected at random across the county, explaining that a dollar bill enclosed was 'in adjustment of the error you complained of in of Liberty magazine conyou complained of in your account, which of course, did not exist. course, did not exist.
Of the 100 people contacted, 27 returned the dollar, announcing that a mistake had been made, which was in marked contrast to the results in 1971. In this year's test, only 13 of 100 people returned the money."

Why Does The Church of Christ Not Use Mechanical Instruments In Worship?

We seek in all things to follow the teachings and examples of Christ and his apostles. As such we strive to speak where the Scriptures speak and to be silent they are silent For this reason we do not change the elements Christ placed in the Lord's supper (bread and of the vine) by or substituting fruit of adding or so

With respect to music with respect to mustic in worship we find that the New Testament spec-ifies the kind of music we should use. "Let the word of Christ dwell in you richly, as you teach and admonish one another in all wisdom, and as you sing psalms and hymns and spiritual you sing psalms and hymns and spiritual songs with thankfulness in your hearts to God. (Col. 3:16 RSV.) "Bu be filled with the Spirother in pslams and hymns and spiritual songs, singing and making melody to the Lord with all your heart."
(Eph. 5:19 RSV.)

Note that the kind of music--singing or vocal
--is specified. Since it is, we do not feel at liberty to substitute a different kind in our worship. Historically, it was 600 years after Christ before congregations first began to use mechanical instruments in Christian worship. The reason for not using mechanical instruments in Christian worship for 600 years was not because these instruments had not been invented nor available; for they had been introduced into Old Testament worship as we would read in 2 Chronicles 29:25-29, hundreds of years before Christ. Even in Gene-sis 4:21, we read of Jubal who was the father of all such as handle the harp and organ. The reason for not using mechanical instruments in Christian worship for 600 years must have been that early Christwere only taught ians to sing. T. R. Jones, Minister

Leap Year, that funny holiday that only happens every four years, paid us a visit Tuesday. Now, whether it is used by girls as a time to propose or by the restof us as a time to get caught up, it is always a good topic for discussion. Someone has even suggested that ineven suggested that in-stead of being added to stead of being added to February, the extra day should be given July, saying July 32 sounds no funnier than February 29 and it would certainly make more sense to enjoy another day in the summer than in the middle of the winter.

A reader Mrs. Cladys

A reader, Mrs. Gladys Severns, called Tuesday and said she had found a collection of inter-esting items pertaining to Leap Year and we will share a few with you:

The best way for a

girl to propose to a man is to sit on his knee until he proposes. Our Leap Year advice to single women is to leap before you look. If your parents ob-ject to your fellow be-

fore Leap Year, then he will marry you for spite.

Good lights have ruined many Leap Year prospects.

Love is blind, so make it in the dark.

If a woman lets a man brag about his past long enough, he'll want her to take care of his fu-

necktie all during Leap Year and that will help

Year and that will help you stay single. Grow a mustache and stick it full of gum during Leap Year and you will stay single. Never having your shoes shined or your

shoes shined or your trousers pressed helps you stay single."

Mrs. Severns said she did not know the origin of the remarks, all of which were on clippings that had been stuck inside an old book. side an old book.

ar a woman rets a man cag about his past long cough, he'll want her take care of his fure.

Wear your Christmas stde an old book.

Don't Quit

When things go wrong, as they sometimes will, When the road you're trudging seems all uphill, When the funds are low and the debts are high. And you want to smile, but you have to sigh, When care is pressing you down a bit -Best if you must, but - don't quit. Life is queer with its twists and turns. As every one of us sometimes learns, And many a fellow turns about When he might have won had he stuck it out. Don't give up though the pace seems slow -You may succeed with another blow. Often the goal is nearer than It seems to a faint and faltering man; Often the struggler has given up When he might have captured the victor's cup; And he learned too late when the night came down, How close he was to the golden crown. Success is failure turned inside out The silver tint of the clouds of doubt. And you never can tell how close you are. It may be near when it seems afar; So stick to the fight when you're hardest hit It's when things seem worst that you mustn't quit.

The Akron High School is having the old series of tough breaks. Gene Rader, star guard on the first five, slipped on the stairway at school Tuesday afternoon and the result is a severely sprained ankle. Although Coach Deardorff has been giving it the best of care, Gene's ankle is swollen quite abit and this injury will undoubtedly keep him out of the Akron-Culver game, which is Akron's first draw in the tournament. Rader is second in scoring ability to Garland Sriver who has amassed a pile of 225 points. Rader totaled 135. VanLue, A. Martin, and A. Mentone, Warsaw Provide Most Exciting Tourney Game

In spite of all of the hustle and spirit shown by the Mentone team and fans in their 1972 sectional bid, the outcome of their upset attempt against Warsaw was narrowed down to the final rowed down to the final few seconds. Two miss-ed shots with six sec-onds to go and three Warsaw points in the fi-nal two minutes were all that separated the Men-tone Bulldogs from a major Warsaw Sectional

Before the game start before the game start-ed, few people figured that the now 3-18 Men-tone team would hardly even be able to stay on the same floor that the Warsaw team was on. And when the Tigers jumped off to a quick 6-1 lead, most of the jam-packed gym suppressed the urge to make plans to leave at halftime. But the tiny Mentone team had different plans for the night and soon put them into action. With 2:48 night and into action. With zince in the opening into action. With 2:48 to go in the opening quarter, the score was tied at nine. Suddenly Mentone had their biggest lead of the night at 13-9, and Warsaw decided to call time out. Soon the greatly sur prised Warsaw team used some well timed breaks to go back on top at 14-13. But by the end of the quarter, the ecstatdelegation from Mentone saw that their was controlling a 16-14 lead. The second quar-

Woodlawn Hospital Begins Educational Program

Acting on instructions from the County Council the Board of Trustees of Hospital embarked on an educatiprogram to inform the public of the need for a new \$2,850,000 hospital on a new site. When the hospital board first approached the County Commissioners with their request new 56 bed fa for the bed facility, the commissioners asked have the request submitted to the County
Council. The County
Council in turn asked
the trustees to begin an educational campaign to inform and gain the of the general The trustees support of the public. The trustees are to return to the Council and Commissioners within sixty days at which time it is asd that the public have made its opisumed that nion known.

is important that the Council make a decision within the next few months because delay cost the county one million dollars in eral funds. The situa-tion at Woodlawn Hospiis so serious that it has been first and worst on the Hill Burton list of medical service areas within the state every year since 1966 The areas on the Hill Burton list are those which need updating so badly that the federal government will come to the rescue with approximately 1/3 of the funds necessary for buildingin this case a little less than one million dollars of the projected cost of \$2,850,000. Application for funds for the 1973 fiscal year - the last year co-vered by the Hill Burton Act - must be made by July 1, 1972. Although Congress has not yet made the 1973 appropriations, ations, Mr. Rogers of the Hospital Division of the Indiana School of Health states that Woodlawn Hospital rst million dollars located to Ind Indiana. The trustees need only prove on their July 1 application that pro sion has been made for raising the remaining amount.

The required matching funds can be provided without raising the present tax rate. In two more years the 20 cent cumulative building fund levy which is now paid should have raised \$450,000. The remaining \$1,400,000 required could be paid off in another 20 years with a lower total average rate than is now being total The being paid by Fulton County residents is 26 cents - the 20 cent cumulative building fund and the 6 cent levy which must be paid for for more years to re-

tire the bond issue for witt and Royer the 1954 addition.

When the County Coun-11 approved the 20 cent approved the cumulative building le-vy they asked the trus-tees to formulate a plan for hospital pment. All rooms are too small; out patient service areas are too small; and there is a woeful shortage of bathrooms - one bathtub and one shower for the entire building and no rooms with connecting toilet facilities on either floor of the of the newer section of the hospital.

Woodlawn Hospital has been assigned first priority for one million dollars in federal fun-ds. If the trustees do not make application, this hospital goes to the bottom of the 1973 list. Federal aid aftis in question er that is in question as 1973 is the last ye-ar covered by the Hill Woodlawn Burton Act. Hospital has first claim on one million dollars of those 1973 funds.

Even if the north half of the block were available for expansion an remodeling, an entirely new hospital conforming to present sta-ndards of medical care would have many advantages. Remodeling is seldom an ideal answer. Each piecemeal attempt is confined by the limitations of the previous building. For instance, the north wind could come up to state stan-dards only by sacrificstate staning some rooms complet-ely to get enough bathrooms at the right plaand rooms of large ces enough size. The proposed 56 facility could be built new site without increasing present tax rates. County residnets are now paying a total of 26 cents for the hospital . 6 cents to retire the bond issue on the 1954 building and a cent cumulative building fund levy. The plan would be to continue the 20 cent levy until the 6 cent one runs out in two more years

at which time the building fund should have accumulated \$450,000. accumulated \$450,000. The project qualifies for a federal grant of almost one million dollars leaving \$1,400,000 to be raised. The average tax rate for twenty years necessary to retire the general obligation bonds in this amount would be 21.3 cents or 4.7 cents less

than is now being paid.
Using universally acepted formulas, Hewitt and Royer, the hospital consultants, have recommended a 56 bed hospi-Woodlawn is listed as a 63 bed facility but actually uses only 61 beds. One two bed room is permanently assigned to the surgery unit as a recovery room, thus never available for hospital admissions. The major decrease number would be in bed obstetrical the unit. The present hospital has 10 OB beds which by stlaw can never be ate used for other patients. The average occupancy is 19 patients per mon-th - about two deliveries per week. The new hospital would have only The new OB beds realistic 6 OB beds - realistic in terms of actual use. Why not build a few extra beds? A matter of economics. Construction cost per bed for a county general hospital estimated at \$50,000 each. A few extra beds means a significant increase in cost.

Hewitt and Royer, hospital consultants, say that a new hospital on a new site could be planned so that any department could be expanded. A new building would be much more efficient in operation and adaptable to advar-in modern methods medical care.

News Of Interest To Homemakers

by Ann Hancook, Area Extension Agent

Chinese food is the latest fancy among modern Americans - both for out. And with the President's recent home cooking and dining s recent trip to China, we are certain to see more and more Chinese foods becoming popular.

Chopsticks offer real challenge to the oriental food connois-seour. But for a family meal the traditional American utensils work just as well. The job of the hostess is simplified if the main dish cooked right at the table with the use of a

habachi.
Stir frying is the method of cooking for which the Chinese are best known. As the name implies, this is a tech-nique of frying foods over high heat, stirring continuously. Cooking continuously. Cooking time is very short to preserve original color, texture, flavor, and nutrient value of the foods. Peanut oil is frequently used for its smoke point helps uce tender crisp high foods that are not scor

Shallow frying, anoth-er form of cookery, dif-fers from stir frying in that medium heat is used and a longer cooking period is required. The cooking food is not st during cooking, stirred but

turned once or twice as it browns. Shallow fry-ing is often used on food which has been precooked.

Red stewing is a uniquely Chinese style of cooking. It is essentially a simmering process except that the food is cooked in a mixture of soy sauce and water. This gives the food a characteristic reddish-brown coloring. Red stewing often in-cludes foods which are cludes foods which are first boiled, steamed or deep fried, then braised in the red stock.

Of course, many Chinese specialties are pre-pared by the standard by the standard cooking methods of deep baking, and Whatever frying, barbecuing. Whatever you decide to serve by sure to top off the meal with tea and fortune cookies.

Mention chocolate meringue pie or banana cream pie topped a th meringue and you'll catch the attention of almost any male combine these flavor favorites in a scrumptious Banana-Chocolate Meringue Pie, and that's real man-talk! For you, there's the special convenience of a dependable pie crust mix for flaky, tender pastry.

BANANA-CHOCOLATE MERINGUE PIE Makes 8 servings

- One-half 10-oz. pkg. (1 cup) Flako Pie Crust Mix 2 tablespoons cold water

Filling:

- 1 cup sugar 3 tablespoons cornstarch
- teaspoon salt oz. (2 sq.) unsweetened chocolate, chopped

cups milk

4 egg yolks 1 tablespoon butter or margarine 1 teaspoon vanilla 3 bananas, sliced

Meringue:

3 egg whites

3 egg whites

4 teaspoon cream of tartar

4 teaspoon vanilla

4 cup sugar

Heat oven to hot (425°F.). For pie shell, measure pie crust mix into bowl. Sprinkle cold water over mix; stir lightly with fork until just dampened. (If necessary to make dough hold together, add a little more cold water) Form into ball. Roll out on lightly floured board or canvas to form 13-inch circle. Fit loosely into pie plate. Flute edges: prick bottom and sides. Bake in preheated oven (425 F.) 10 to 12 minutes. Cool. Reduce oven temperature to 400°.

(425 F.) 10 to 12 minutes. Cool. Reduce oven temperature to 400°. For filling, combine sugar, cornstarch, salt and chocolate. Gradually stir in milk. Cook over medium heat, stirring constantly until mixture is thickened and smooth. Remove from heat. Stir a small amount of the hot mixture into the egg yolks; add egg yolks to hot mixture, stirring quickly, Cook 2 minutes longer, stirring constantly. Add butter and vanilla. Place waxed paper directly on surface of filling and cool 15 minutes. Arrange banana slices on bottom of baked pie shell. Pour filling over bananas. Top with meringue (see below). Bake in preheated over (400°F.) about 5 minutes; cool. Chill until firmly set.

For meringue, beat egg whites, cream of tartar and vanilla until t peaks form. Gradually add sugar, beating until stiff peaks form.

Jehovah Witnesses Plan Assembly

It was announced today that the three-day Bible conference, scheduled for March 17-19 and ho-sted by the Logansport Congregation of Jehovah's Witnesses, wil feature two traveling dignitaries from the world headquarters of the Watchtower Bible and Tract Tract Society of York. Their names Ruben Cobos, Jr.,

are Ruben Cobos, and W. Z. Tanler. David W. Weinz, local presiding minister of Tahovah's Wit nesses, commented on the purpose of the convention. He said, "All of Jehovah's Witnesses feel an obligation to teach others what they have learned from a careful study of the Bible. To be an ef-fective teacher, however, requires training. In addition to weekly training classes oper-ative in all congregations, we also have larger semi-annual conhave ferences for the entire family. The one being planned for Logansport is such an affair."

Mr. Weinz continued,
"This singular purpose,
to teach others the Bible, is the strongest
uniting factor in the
lives of the families
of Jehovah's Witnesses. of Jehovah's Witnesses. It is something all can share in. Even the young children can share if properly trained. And this sticks with them, as illustrated in the case of the featured speaker for the Logansport convention, Ruben Cobos, Jr. Mr. Cobos began teaching others began teaching others

Certainly Lasso can add weeks of weed control in either corn or beans.

Put it to work at planting—not a week or two before the crop goes in.

Some herbicides control the weeds as long as Lasso.

But when you have to apply them ahead of time to incorporate, you might lose that many days of weed control later in the season.

Not so with Lasso. Put it on when you plant, or apply preemergence. And watch it get the weeds—especially early grasses that steal vital moisture and soil nutrients.

And Lasso gets 'em full-time when -without using up a week or two before your crop gets in.

That's what you expect from your herbicide.

60 YEARS AGO The advisory board met with township Trustee Whitcomb last Wednesday afternoon and after threshing out the question of location of the new school building location for sometime, discussing it from all its viewpoints, they decided to build an annex on the east side of the present building. There were but two locations in sight, the one as an annex and the other known as the old Charley Parry property square right up in the east side of town.

The season is here when the super came should

other known as the old Charley Parry property square right up in the east side of town.

The season is here when the sugar camp should be in full blast, or at least opened. At this time we have not heard of any being opened. The trees are yet frozen hard; there has been but few days when the least bit of thawing occurred. Unless warmer weather comes very soon spring will be back in his work.

Our friend Billie Ditzler was about town last Saturday morning bidding his old friends "goodbye". He poked his head into our door and yelled goodbye and it took a moment for the sounds to soak into us. But we soon found our senses and fully realized that Billie was going. They move on a farm near Markle.

Mr. and Mrs. W. J. Best loaded their household and other effects last Monday and shipped them to Columbia City, where they have rented a farm. Mr. Best formerly lived near Lincoln schoolhouse but he sold that farm last year and since then has lived on the Dr. Lamoree farm south of town. For over two years he has been driving a milk wagon for Beyer Bros. and never missed a day until that awful stormy Wednesday last week which indicates that he is faithful to his trust and full of energy. They will hear from Akron through the means of this paper for one year. George Carpenter has purchased Mr. Best's milk outfit and will succeed to the business of gathering milk for Beyer Bros.

The Beaver Dam High School basketball team marched through all opposition to a second consecutive sectional championship last week end at Warsaw. In the final game, the Beavers were pitted against the Warsaw High School five, and it was a chase of the smallest school in the county playing the largest. Warsaw has an enrollment of over five hundred students, while Beaver Dam school has less than sixty.

Certainly Lasso controls 'new' grasses like fall panicum in corn.

—Solves **`old'** weed problems, too. In both corn and soybeans.

Plenty of growers last season learned that the "foxtail" they thought grew through their herbi-cides was really fall panicum.

And plenty of growers this season will learn that if you apply Lasso you won't find fall panicum. Nor will you find grant foxtail, crabgrass and most other grasses. Works on broadleafs like pigweed.

In short, Lasso solves plenty of weed problems — Or keeps them from becoming problems.

That's what you expect from your herbicide.

Life At The Peabody Home By Clara Yeaman

Since it has been six months since I left Akron, where I lived for fifty eight years, to ght years, to member of the hecome a Peabody Home in No. Manchester, I thought there should be a report given which would answer many inquiries.

One June 11, 1940, Thomas A. Peabody gave an annress before the 1940. Synod of Presbyterians of Indiana telling how the idea of the Estelle Peabody Memorial Home originated.

Mr. Peabody's story was: "About 35 years ago my father, his brother and I became interested in the case of a worthy widow in a nearby city.
Although a lady of culture and refinement, had been left with little or nothing on which to live, and her children had scattered on had scattered to the four winds and were apparently not in-terested in her welfare. that we could We found this woman of a and care for life home in a nearby-home for ag-ed by payment of a cer-Therefore, we donated the necessary amount and the lady was admitted to the Home. were then made cognizant of the happiness we had brought to this brought fine lady for the clos-ing years of her life, not to mention the satisbrought faction it us. The years rolled on-my father and I had prospered; he retired to move to California. retired Then came the passing of my mother, whereupon my father agreed to furnish the money for building and equipping a home for the aged in North Manchester if I would see that it was judiciously spent. We looked around for a substantial organization which would operate the Home and found the Synod of the Presbyterian Church of Indiana was at that time interested in such a Negotiations were begun which accomplished the desired results. The Home was opened on April 1, 1931."

This illustrates the prose back of the purpose founding of the Peabody une and which nd the purpose still controls this unique institution.

Mr. Peabody lived to see the erection of the South Building and passed away soon after. His demise brought his son. Thomas A. Peabody, the responsibility of carrying the dream to comete fulfillment. He continued to enlarge and improve on his father's plans and as a result of his Christian phil-anthropy the South Builthe Singing Tower, Me-morial Chapel and the James B. Peabody Builderected. During the past Christmas season, the 40th anniversary of the Home and the 25th anniversary of the administration of the Vissers, were celebrated and the season was highlighted by a bazaar that was bigger and better than ever. Articles were made by the members of the Home in our craft room under the guidance of Mrs. Arlene Clark. The ba-zaar was visited by over one thousand people and sales ran high. The proceeds are to be used for the Health Center.

Each of the buildings has its own kitchen and dining room. Members are seated four to a table and our linens are changed every Wednesday and Sunday. Meals are very good and we have plenty. At the table where I sit are a Mr. and Mrs. Ulery from Kline from Elkhart. For a more a more congenial group you would have to hunt far and wide. There are many uses for citrus fruits as snacks and at any meals during the day. Grape-fruit halves are good broiled for a short period of time with a spoonful of jelly in the center. Spear various fruits on bamboo skewers and serve with sour cream or blue cheese dip for an appetizer ese dip for an appetizer dessert.

Long term storage of itrus fruits is best citrus fruits is seen in an environment just elightly warmer than slightly warmer than refrigerator temperature. If citrus fruits are held too long at temperature the cold temperature the skin becomes pitted and the flesh may discolor.

To prepare citrus fruits for easy eating, cut the peeling and white membrane off with a sharp knife. Use the knife to cut each fruit wedge out of its membrane. When all the fru-it wedges have been removed squeeze the remaining portion to get all the juice out, then discard. Prepare several oranges or grapefruits in this manner and ref-rigerate. You'll find these will be eaten mufaster since the familv members do not have do the peeling and cutting.

John Wesley Film Planned At Mentone

The special 77-minute astman color film, "The Eastman color film, Life of John Wesley,"
will be shown at the Mentone United Methodist Church at 7 p.m. Sunday,

John Wesley, the foun-der of World Methodism, lived from 1703-1791 at a time when morality was at low ebb in England. The film begins in the sixth year of his life, in 1709, at Epworth Church. Highlights of his early years are covered in a series of flashbacks as John Wesley tells the story to Peter Bohler, a Moravian missionary. Several of Charles Wesley's hymns are sung and the cathedral seen in the film is the famous 300-year old St. Paul's Cathedral in London. Viewers will witness Wesley's Aldersgate experience and see the ways his conversion

Church of God Begins 2nd Week Effort

The Akron Church of God moves into the sec-ond week of their "Mar-ch in March" enlistment effort this Sunday. Last Sundays goal was exceeded and this week a higher one has been set. Larry Klein, Sunday Sc-hool Supt. has the teachers engaged in a vig-orous absentee followup program. A new You-ng Adult Class was re-cently formed with Rev. Ray Bradway serving as teacher.

Pastor J.D. Thomason speaks in the 10:25 wo-rship service on the theme, "Revival is Per-sonal". The Sunday Evening Gospel Hour at 7:30 features congregational singing and special music. The Pa-stor speaks on the topic "I Believe in the Holy Spirit." Visitors are always welcome.

School Board approves Akron gym repair

Repairs to the Akron gym that would total approximately \$40,000 were unanimously approved by the Tippecanoe Valley school board in a special session Monday night and the board directed its architect-engineer, Oliver H. Ogden and As-Oliver H. ogden and Associates, to continue with final plans and specifications for the repair work. The gym will be nainted, new will be painted, new lights will be installed, shower rooms will be renovated, the coach's office will be updated and rust will be removed from the water, according to details outlined by the architect.
Bids for the work will

be opened at the May 15 number of classrooms

meeting.
Approval of the repair followed examination of schematic drawings of two new high schools, one to be constructed Akron and the other be constructed at Mentone. The drawings were presented by Oliver H. Ogden and Charles Mentone. H. Ogden and Charles Price, South Bend, and showed two schools that were similar with the exception that Mentone's one more classroom and a cafeteria to comply with a requirement established by state officials. Each plan included a gymnasium with 1600 seating capac-ity and each had the

and administrative off-ices recommended by the Department of Public Instruction. Each building was designed wit future expansion i mind, Mr. Ogden said. was designed with re expansion in

A "4-H Mini Fair" will A 4-H mini Fair" will be held Saturday, March 25, from 2 to 8 p.m. at the 4-H Fairgrounds at Rochester. The Fulton Co. 4-H leaders and 4-H members have combined their efforts to put together all the various 4-H projects and exhib-its that a 4-H member

might do.
The "Mini Fair" will give parents and young people an opoortunity to see what is done and exhibited in each of 4-H projects in Fulton County and will be an excellent opportunity for anyone who is considering enrolling in a

particular project but who is not sure what is to be done to see first hand before making his decision.

Project manuals, exhibits, reference mat-erials, exhibits, and other related informa-tion will be on display for the general public.

Anyone who has not yet enrolled in 4-H for 1972 will be able to do so at the Mini Fair. Any boy or girl who will be 10 years of age during the current year may be-long to 4-H.

Don't Forget To Register

"Don't forget to reg-ister," is the word from all election workers who remind local residents who have recently moved or who are now eligible to vote to reg-ister for the spring election.

Wayne Tombaugh, Harrison township, reminds that Saturday, March 18, is the last dat voters can register with him. Anyone desiring to reg-ister after that date will have to go to the clerk's office at the courthouse. Final deadline for registration is April 4. Port St. Joe, Florida Mar. 7, 1972

Dear Editor:

Thank you for the pa-r we requested. It per we requested. It is like a letter from home. The weather is shining and the birds are singing. Just like a spring day in Indiana.

We thought you and the readers of the paper might enjoy reading of some of the things they down here that are different than they do

up there.

Down here in the southern part of Alabama and in northern Florida a "rattle up." they have what they call snake roundup." People go out and hunt the snakes and catch them alive. Then they take them to a where the snakes place butchered. are There is none of the snakes wasted as the hiue wasted for belts and the head is preserved sent to medical labora-tories. Then the meat is cut into pieces and cooked. This is called a "rattle snake barbe-cue." People come from all around to this feed just like they do in Indiana for the fish fries. To see them on TV, one would think it TV, one was good, but for Wayne and me, they can have it all. These snakes are five feet long or

longer. They butchered 77 snakes for the feed. They also had a big feed last Saturday night southern Alabama of ast "possum and tatroast "possum and taters" (sweet potatoes). The way they went after it you would think they went hungry for a while just to fill up on that.

We send our best wishes to all of you at the and to all our paper friends.

Leo Sullivan Seeks Re-Election

State Senator Leo Peru Republican, announced Tuesday that he will be a candidate for renomination to a second four-year term in the General As-sembly, subject to the

May 2 primary election.
He is the first Republican to file for the seat. His 1968 Democratic opponent, Robert Peterson, Rochester has entered the Democratic

primary.
The Senate district includes all of Fulton, Cass and Miami counties and six townships in Carroll county, the latter townships being added in the 1972 redistricting of Senate seats seats.

Sullivan, who served two terms in the Indiana House before moving to the Senate, is present-ly chairman of its military affairs committee and a member of public safety, financial institutions and roads and transportation committees.

He was formerly clerk of the Miami circuit court at Peru for eight years, is a member of the Peru United Methodist church, Masonic lodge, Eastern Star and Farm Bureau. He is owner of Sullivan Monuments

Sullivan is married to the former Jean Keirn of Chili, a sister of Allen Keirn, Akron.

He is an organizer and past president of the Miami Co. Youth Council, helped organize the Peru school for retarded and handicapped children and served on the Governor's Council under three governors.

This is the question that is up to the membership of the Akron M. E. church and its friends. Shall it remain a station in which the pastor has time for personal work or shall it be thrown back, joined with one or two other points and made a circuit wherein the pastor must put all his energy, all his time, and all his talent, in the pulpit alone?

While Carl Hoffman was here last week from Valparaiso he took the mumps and was compelled to remain here until Saturday and even then went away sick. He is so very anxious to complete his pharmacy course which he will do this summer early. Carl has the vim and the idea of being a proficient in his avocation, and after proficiency backed up with a good character, there is no question about holding a position, no matter how hard the times nor how big a panic strikes the country. Qualifications that cannot be questioned is the first requisite to success for any young man to stand at the head of his profession and proficiency must be made in youth.

Artists in the employ of the Pillsbury flouring mills decorated the west exterior wall this week of Strong's Sanitary Grocery. It is a pretty nice job, helps the looks of the brick walls and will attract the attention of the traveling public on the Winona as well as local attention. Everett has built up a large prosperous trade largely by advertising liberally. An ad as big as the brick wall ad would hang out over the edge of this paper.

Both local banks have received permission from Luther F. Symons, State Bank Commissioner at Indianapolis, to reopen for business. The Exchange Bank is classified as an "A" bank and the State bank has a "B" rating. In view of the fact that an emergency still exists to prevent the horading of money, and the withdrawal of gold and gold certificates, the state commissioner has order restrictions and regulations in all banks throughout the state. Class A and B banks are those which have been permitted to reopen and resume normal banking functions after the close of the national bank holiday.

A coon crossing highway 14 west of Akron last week caused Wayne Metzger to wreck his Lincoln automobile. A truck was on the highway in front of Metzger and it suddenly slowed down to permit the coon to cross safely. The Lincoln failed to stop and ran into the rear end of the truck. Several hundred dollars damage was done to Metzger's car, little damage to the truck and none to the coon.

Like the redhead who remains "Red" to his buddies long after his hair turns dark, Public Service Indiana's old nickname has stuck: the Light Company. But today lighting takes a lesser portion (16%, on average) of the electricity you use in your home.

Much more - over half the energy totalgoes to wash and dry clothes, cook food and safely keep it cold, wash the dishes and provide cool and efficient comfort during the summer.

How about the little jobs - ones some times called "frivolous"—those performed by small appliances? They take but 10% of a home's electrical energy and only 4% of the nation's total. And it would be hard to convince a mother of a little girl (or a long haired boy) that even a hair dryer is frivolous. Anybody over 30 will tell you that it beats sitting with wet hair over the hot air register.

Some appliances so routinely conserve on other becomes acceptable after the electric toaster does its thing. An electric knife, or a conventional knife sharpened by electricity, slices meats to the precise thickness needed for the most efficient and tasty servings. Sewing machines turn ripped pants into wearable ones. Freezers make it possible to bake more at one and heat the oven fewer times.

Electricity's role in keeping families healthy is out of sight, too: The vacuum cleaner that stashes germ-laden dust into a bag. The dishwasher that sanitizes with detergents and water temperatures that hands can't stand. The humidifier that puts soothing moisture into dry indoor air. And no matter what type of heat keeps your family warm, electricity gets it started and/or keeps it moving by powering blower motors.

In answering questions during the audience period, the board and the superintendent, Robert Forbes, said the board definitely has plans to build two new high schools, one at Akron and one at Mentone. The In answering questions one at Mentone. The buildings would house grades 10, 11, 12 and would be similar in construction with the excep-tion that Mentone would have one more classroom and a new cafeteria to comply with state regulations. Students at Akron would continue to use the present cafe-teria which is considered adequate. Each of the buildings would house approximately 400 students. There is now, approximately 375 stu-

dents in grades 10-11-12 in the corporation, and yes, either of the buildings would hold the entire enrollment. Two new gyms are planned. The old gyms will by used by the middle schthat will occupy

the present high school buildings. Akron's present high school will house grades 6, 7, 8 and 9 and possibly some 9 and possibly some fifth grade and the elementary students will

The Woodlawn Hospital tal are Trustees met in regular session last Thursday evening with much of the business centered on the board's request for a new hospital. Don Logue, hos-pital administrator. pital several from Medicare outlining fire hazards of building and announced that the Burton Plumb-ing and Heating firm bid for sprinkling the old-er section of the hospital was \$17,000. He said the figure did not include the cost increase if attics are found during the installation, nor did it include extensive repairs to ceil-ings and electrical systems that would be made necessary by the in-stallation. The board decided to wait for action on this bid until after the County Comm-issioners and County Council make their de-cision about the new hospital. The board al-so decided to endorse a referendum ballot on the hospital question even though it will not be a legal issue for such a Pemberton, general chairman of the public relations program for the new hospi-tal, said he felt the tal, said he felt the ballot would provide an opportunity for the pe-ople to make their wishknown.

Ten young women at-tended the meeting to ask about the change in visiting regulations on obsterical floor. the Although visiting hours elsewhere in the hospi-

from noon to 8 p.m., hours on the O.B. floor are from 2-4 and 7-8:30 p.m. and are re-stricted to husband and grandparents. Dr. Wayne Knochel, local physici-an, explained the primary reason for the regulation was the safety of the newborn. He said that newborn babies are extremely susceptible to infections that do not even affect adults. susceptible Because of this, babies cannot be brought to the mothers' rooms when visitors are present. Mr. Logue offered to make exceptions regarding hour of visit of the husband when necessary and to let the mother substitute a friend or relative if the grand-parents are not able to

Also during the meeting, Mr. Logue announced Woodlawn Hospital has been awarded provisional accredition from the Joint Commission of Accreditation of Hospitals. This accreditation recognizes high standards of patient care.
The accreditation is because of provisional the presence of deficiencies, par some deficiencies, particu-larly in regard to fire hazards, in the build-

ing.

Speaking to Commiss-ioners Kenneth Lucken-bill, Oscar Lahman and Ralph Swank at an informal meeting at the Courthouse, he said he had inspected the roof from the inside and outside and saw no reason replacing the tile for which he estimated to be worth \$15,000 to present \$18,000. Also at the meeting were three of the seven Ful-ton Co. councilmen, Leroy Rouch, Ralph Bitter-ling and Earl Barkman, and several spectators including Judge Wendell Tombaugh who recently appealed to the Council to "save the dignity of this building by keeping a tile roof over our heads."

Adamosky said the roof did not have to be repaired all at one time if the \$40,000 appropriation would not pay for all the work now.

Ken Anderson of the Ken Anderson Film Studios in Winona Lake will be guest speaker at a 45-minute noon hour Good Friday service at the Mentone United Methodist Church for the general public of the Mentone area.

Ken Anderson, a producer of religious motion pictures, has produced documentary and dramatic motion pictures in over 25 countries. He is currently working on a film titled "Sound of the Trumpet" which will be filmed, in part, in Israel.

Mr. Anderson is also the author of several books. "A Coward's Guide To Witnessing", published by Creation House was released in March.

Special music for the service will be by the Ma-Jo-Ka Trio and by Mrs. Sarah Becklund, guest soprano soloist from Minneapolis, Minn. She is the former Sarah Urschel, daughter of Mrs. Ruth Urschel, Mentone. Members of the ladies trio are Mrs. Marilyn Todd, Mrs. Joann Utter and Mrs. Kate Whetstone.

The service, approximately 40-45 minutes in length, will begin at 12 noon in the sanctuary of the Mentone United Methodist Church.

Jehovah Witnesses Convene At Logan

Almost 1875 people were present Sunday at Logansport's Lincoln Junior High School to hear the chief discourse of the three-day convention of Jehovah's Witnesses.

David W. Weinz, spokesman for the local delegation, commented on
the presentation, "Are
You 'Marked' For Survival?", delivered by
Ruben Cobos, Jr., New
York, by saying: "The
gist of the presentation
was simple. Survival
is a matter of great
concern to all. The nations of the world are
on a collision course
with God. The majority
will not survive this
collision. Those who
will survive are now
being marked."

Mr. Cobos was then quoted as saying: Preparation for survival requires coming to view matters as God does, so you can cooperate with Him...Those marked for survival today are ones clearly identified as Christian worshippers of God. It is not mere Bible knowledge. Some professing to be Christian, even clergymen, do not serve Jehovah God. Rather, the 'mark' is evidence that one is a dedicated, baptized witness of God."

Mr. Weinz concluded

Mr. Weinz concluded by saying that the local delegates have returned spiritually refreshed, and better qualified to assist those in the community to receive the "mark." To this end, meetings at the Kingdom Hall of Jehovah's Witnesses will resume this week.

Price of Milford and Mrs. Lucille Ausherman and daughter Betty Jean of Warsaw were Wednesday evening guests at the home of Mr. and Mrs. Raymond Bare. Mr. Bare and Mr. Price attended the Father and Son banquet at the Methodist church.

MR. THRIFTY SAYS: ___

But money is not cheap, as anyone knows who tries to borrow it. However, it is cheaper to borrow money from a bank than most other sources. For example, you can save \$100, \$200, or more, by financing a new car at Farmers State Bank. For any type of loan, it is wise to stop first at Farmers State Bank.

AKRON CARNEGIE LIBRARY THE WONDERING PRINCE by Jean Plaidy. He was born Charles Stuart, and deprived of his heritage he was forced to spend he was forced to spend the early years of his manhood wandering Eur-ope. He became Charles II, King of England, the most fascinating rake in British history. It in British history. It is the story of Charle's early years that is told here through the eyes of two women - one, Ludy Water, who became his mistress and the mother mistress and the mother of his natural son; the other, Charles' younger sister, Minette. The author has written an enthralling story of romance, escape, and the youth of a king for whom love always came

TAMZEN by Jane Gilmore Rushing. A sweeping, romantic novel set in romantic novel set in West Texas of the 1890's, when farmers and their wives came to disputed Block 97 to live in dug-outs and lean-tos until the state could arbitrate among the railroad the cattle ranchers, and the homesteaders as who would have the to land. Until then, be-tween the baronial ranchers and the stubborn farmers, it was gorrilla warfare. Tamzen is a tender love story woven into an epic and authentic novel about a vital part of the American past that is now vanish-

THE ELUSIVE MRS. POLL-IFAX by Dorothy Gilman. one could seriously suspect that a warm-hearted, grandmotherly widow from New Brunswick, N.J. was a high-level international spy. To Emily Pollifax nothing impregnable. Aided a cool head and an unlikely array of dom-estic and imported al-lies, plus a gaggle of geese, Mrs. Pollifax once more carries the day - in zany, unortho-doz, unexpected and quite amazing style that has won her thousands of fans across the coun-

Agatha Hemstitch and ried Hermione Mod stopped by handl my office the other day for a cup of tea and a visit. It was good to see them again. Agatha hadn't changed much. She never does. Same hadn't changed much. She never does. Same precise hairde, same heel height--sensible, same dress length--below the knee--that she wore years ago. She fi-ZU years ago. one ii-nally gave up her saddle shoes and bobby sox when her oldest child start-ed dating but the rest of her has remained constant. Agatha never gets excited, never hurries. Her husband, Chester, says Agatha wouldn't hurry if her skirt caught on fire. I don't think that is true but I do know she never changed her changed her pace y the dorm caught the day the fire when we were both freshmen. "If it's my time to die, I'll die time to die, I'll die right here in this dorm. If it's not, there's no use hurrying," she said the rest of shreiked past her in our baby doll pajamas as she very calmly donned heavy slacks, saddle shoes and bobby sox. The fire was only in a waste basket only only in a waste basket and was quickly put out but not before the rest of us had nearly frozen. Not Agatha. She was warm and unflustered as she leaned against a tree and continued her study of existentialism.

Hermione, on the other hand, is always in a hurry and her clothes vary so much it's impossible to keep up with her. The day she stop-ped by she was wearing a leather jumper, turtle neck sweater and leather boots. A necklace that seemed to consist of 20 assorted chains completed her outfit. She car-

At first glance, you would swear she is an alcoholic who keeps her booze in her purse, but Hermione isn't much of a drinker; she just collects a lot of stuff. Last week, for instance, she found a sandwich she made her son to take to school last September.

"Would you like to have this outfit?" Hermione asked me point blank as she came in.
"No thanks," I answered. Let her give her out-moded clothes to someone else, I thought rather peevishly.
But it seemed Hermione

But it seemed Hermione was not concerned this time with the vintage of her dress. She had gained weight. Lots of it, she said. Actually, she was still so thin she needed the handbag to weight her down in a breeze. "I've got to get rid of 20 pounds," she said. "If there's anything I can't stand, it's a fat woman."

Agatha said, "Did you read that the National was not concerned this time with the vintage

Agatha said, "Did you read that the National Commission on Marijuana and Drug Abuse has recom-mended repeal of all jail terms and fines for private pot smoking? They even went so far as to say they found little or no evidence that marijuana can kill, that marijuana can kill, cause addiction, brain damage or birth defect, lead to crime, violence or necessarily to more powerful drugs." She said it quietly, but I could tell she was more concerned than usual.

"What's pot got to do with my weight?" Her-mione snapped, stirring two cubes of sugar into her tea. "Don't answer

They know that it leads to a general lack of motivation, that anyone driving under the influence of marijuana is a serious threat to public safety and that serious threat to pub-lic safety and that heavy daily use over a number of years may cause heart and lung damage."

"It's probably got something to do with an something to do with an idea I read in a gossip column last week," I volunteered. Hermione had to admit that he had. In fact, the more each of us considered the idea, the more times we could remember having changed our opinion drastically after having at first been appalled.

Pollyanna that I am, I interjected, "But we could use that same idea I am, could use that same idea to make things better. For instance, I can't stand Shakespeare. Maybe if I told myself every day, "Shakespeare is beautiful," I'd learn to understand Hamlet."

"You might have a point there," Agatha conceded as she gathered her things to leave.

Warm And Wonderful Cobbler

What do peaches, pears, grapes, pineapple, cherries and whole bran cereal have in common? They all go together in a deliciousty tempting Fruit Cocktail Cobbler that's straight from Kay Kellogg's list of quick and easy desserts. Fruit cocktail is combined with a dash of orange peel and crowned with tender,
muffin-like bran biscuits. Serve warm from the oven, golden
brown and bubbling with light cream, whipped topping or a
generous scoop of vanilla ice cream.

FRUIT COCKTAIL COBBLER

- 1 cup firmly packed brown sugar
 3 tablespoons cornstarch 2 17-oz. cans (3½ cups) fruit cocktail
 ½ teaspoon grated orange peel
 ½ cup whole bran cereal
 4 cup soft shortening

- Combine brown sugar and cornstarch in saucepan; stir fruit cocktail and orange peel. Cook over medium heat un bubbly and thickened, stirring constantly. Spread evenly ungreased 9 x 9 x 2 inch baking pan. Set aside.
- Measure whole bran cereal, egg and milk into mixing bowl; stir to combine. Let stand until most of liquid is absorbed.
- Measure flour, baking powder, salt and granulated sugar; sift together into mixing bowl. Cut in shortening until mixture resembles coarse corumeal. Add whole bran cereal mixture, stirring only until combined. Drop by spoonfuls, spacing I for each serving, over fruit cocktail mixture.
- Bake in moderately hot oven (400°F.) about 25 minutes until cobbler is lightly browned. Spoon into dessert dis and serve warm.

EASTER DAY THROUGHOUT THE YEAR

Easter time is a glorious time of the year. New life is surging into trees that have been dormant and flowers are springing through the ground. There is hope and expectancy in the air, hope of a new and more abundant life, and the hills seem almost ready to break forth in song. Easter is hope because it is a promise for a new day for all people.

What better place is to be found to receive the full blessing of and to renew our faith in the promise of Easter than at church? Many attend church at Easter time and never again throughout the year. These, however, are missing much by not attending services regularly, for in so doing they will have a regular resurgence of the joy and hope that Easter time brings. One can never tell what great things may happen to them when they go to church, nor can they tell when great potential power may come to them at a church ser-

The Akron Church of God will begin Easter Day with a sunrise ser-vice at 6:30 a.m. Ray bradway, associate pastor and the youth from the congregation will have charge of the ser-

vice.

Sunday School will
convene at 9:30 a.m.
with the morning worship hour at 10:25. "What
Easter Should Do For
You!" will be the topic You!" will be the topic of Rev. J.D. Thomason's sermon. Special music will include the Sanctuary Choir and a trio composed of Mrs. Vance Lytle, Mrs. Rich ard Slaybaugh and Mrs. Larry Wood. The Easter missions offering will be received during the service.

vice.
"Easter Song," a Can-"Easter Song," a Cantata, will be presented by the choir on Sunday evening at 7:30. Featured soloists are Mrs. Don Pressel, Mrs. Richad Slaybaugh, Mrs. Ray Bradway and Dale Thomason.

Friends and members of the congregation are cordially invited to be present for the activities of Easter.

SUNRISE SERVICE will be held at the church, beginning at 7:00 a.m. A special service of music, hymna, Scripture readings and Easter medit-ation will be presented, the youth assisting in this.

POLLOWING THE SUNRISE SERVICE at about 7:30 a.m. the youth will serve breakfast for all who come. Families are urged to come and enjoy this fellowship.

FOLLOWING EASTER BREAKFAST at 8:30 a.m. we will begin our Church School class session. This is an hour carlier than norman, but families may stay and have no long time-lapse between.

EASTER CHURCH WORSHIP at 9:30 a.m., following the Church School session. The pastor will speak on the subject, ANOTHER SECRET OF HIS POWER TRANSFORMING by the Primery Children and the Church Choir,

The above schedule of services will make it possible to be finished by 10:30 a.m. Families may then be free to go to family Easter dinners.

THE CRUCIFIXION

THE CRUCIFIXION

As the crowd led Jesus away to his death, Simon of Cyrene, who was just coming into Jerusalem from the country, was forced to follow, carrying Jesus' cross. Great crowds trailed along behind, and many grief-stricken women. Two others, criminals, were led out to be executed with him at a place called "The Skull." There all three were crucified. Jesus on the center cross, and the two criminals on either side. "Father, forgive these people," Jesus said, "for they don't know what they are doing." And the soldiers gambled for his clothing, throwing dice for each piece. The crowd watched. And they laughed and scoffed. "He was so good at helping others," they said, "let's see him save himself if he is really God's Chosen One, the Messiah." The soldiers mocked him, too, by offering him a drink...of sour wine. And they called to him, "If you are the King of the Jews, save yourself!" A signboard was nailed to the cross above him with these words: "This is the King of the Jews." One of the criminals hanging beside him scoffed! "Su vui're the Messiah!" with these words: This is the King of the Jews." One of the criminals hanging beside him scoffed, "So you're the Messiah, are you? Prove it by saving yourself...and us, too, while you're at it!" But the other criminal protested. "Don't you even fear God when you are dying? We deserve to die for our evil deeds, but this man hasn't dome one thing wrong." Then he said. "Jesus, remember me when you come into your Kingdom." And Jesus replied, "Today you will be with me in Paradise. This is a solemn promise." By now it was noon, and darkness fell across the whole land for three hours, until three o'clock. The light from the sun was gone... and suddenly the thick veil hanging in the Temple split apart. Then Jesus shouted, "Fa-ther, I commit my spirit to you," and with those words he died. When the captain of the Roman military unit handling the exe-cutions saw what had happened, he was stricken with awe be-fore God and said, "Surely this man was innocent."
