## Kate Whetstone is new Mentone clerk

Kate (Mrs. Robert) Whetstone has been appointed Mentone clerk-treasurer, filling a vacancy created by the resignation of Jo Gamble that was effective February 29.

In other action at Monday night's meeting, members of the town board ruled all water bills must be paid within ten days of the due date or service will be disconnected. A \$10 fee will be charged to have service restored.

Board members also asked that the junk car ordinance be enforced and pledged a crackdown on truck and improper parking on Main Street.

Mrs. Frank Banghart, who was recently hired as janitor at the town hall, will have charge of renting the building and may be contacted at 353-3642.

## Valley wins

The Tippecanoe Valley Vikings won the opening round of play in the Triton tourney last evening by downing the host team. The win pits them against Wawasee in the 8:30 p.m. game Friday.

## Competes in speech contest

Peg Groninger, daughter of Mr. and Mrs. Otto Groninger and a student at the Indiana School for the Deaf, was recently a contestant in the 14th annual speech and speechreading contest. The contest was divided into two divisions with 71 students entering in the speech division and 81 entering the lipreading division. Of the 200 students, 18 will be chosen for the final contest set for March 27.

## Contest to pick Mentone Bicentennial theme

Students in the Mentone schools will have an opportunity to pick a theme for this year's Bicentennial events, starting with the Mentone Egg Festival June 10, 11 and 12. The theme will be chosen from entries submitted in the Mentone Bicentennial Commission's theme contest.

Entries for the contest are due April 1. Each student of the Mentone grade or junior high schools may enter. Entries must contain the theme suggestion, the

entrant's name, address, and parents' name and telephone number and are to be given to the classroom teachers by April 1. They will be picked up by Ed LaMar for judging.

In case of a tie, winning entries will be combined and both entrants will receive a prize.

The winner will have the honor of having his theme selected plus receiving five dollars in cash and having a newspaper article written about himself.

HAROLD L. SHAFER, left, president of Niff-Corr Inc., East 20th Road, Tippecanoe, presents his firm's \$1,000 donation to Larry Pyle, treasurer of Four-Way Ambulance Emergency Service, Inc. The recently purchased ambulance, which is now in operation, is shown in the background.

Lynn Hively

THE TOWN OF AKRON recently purchased the former Martin property, above, and plans to build a fire station there in the future that will also house the town's emergency ambulance.

## Lynn Hively places in contest

Lynn Hively, a junior at Tippecanoe Valley High School, finished third Saturday in the persuasive speech category of the sectional Bicentennial Youth Debates contest at Howe, having tied for first at the end of the first two rounds of judging. In the tie-breaker, she placed third, missing first by two quality points. Her topic was "The American Work Ethic--A Change For The

Better?" She received a \$75 savings bond and a scroll of the Constitution.

Also competing in Saturday's sectional were Sherri Miller in debates (her topic was "Has the state infringed on the rights of the individual?") and Randy Holt in extemporaneous speaking. Neither placed. Like Lynn, they earned the right to enter the contest by winning the local event, which was sponsored by the Mentone Bicentennial Commission, and the regional contest at Culver.

In addition to Saturday's award, Lynn recently received a fifth place award in the VFW regional speech contest, competing against 180 students from a several state area. In the same event, Sherri Miller placed seventh and Lori Crippen was tenth. Their coach, Tom Roy, expressed pride in having three of the top ten speakers come from the local school.

## Like Christmas

Dear Mrs. Sheetz:

The last few weeks have seemed like Christmas! Almost every day the mail brought a surprise. People came to our house to share their treasures or handed them to us when we met. I am talking about the recipes for the Bicentennial Commission Cookbook. The response has been tremendous! We really appreciate it.

We have more than 200 recipes now, plus a list of remedies and hints, and we are planning to have these books on sale during the Mentone Egg Festival. Yours truly, Eula Smith Co-chairman of Cookbook Committee

## Seeks recipes

Dear Editor:

I am the author of several books, including three cookbooks. My publisher has now asked me to do another cookbook for the Bicentennial to be called The Centurion Cookbook. It will feature recipes at least 100 years old that have been handed down from generation to generation.

I hope your readers will send recipes. The names of the contributors will be shown beside each recipe used in the book. James Stroman 6815 Lakeshore Drive Dallas, Texas 75214

60 YEARS AGO

The town board met in regular session last Monday evening, but as there were counter interests on that night the citizenship was not largely represented. The board transacted its regular routine of business and then an officially talked over the water works matter, but as the out of town parties interested in that improvement could not be present, there was no official action taken. However, we are told that the matter has been definitely settled that water works will be installed. We are advised that the job will be fully completed and in operation by July 4.

Akron will soon have the proficient order of the Eastern Star as another one of its accomplishments. We notice that the Grand Secretary has authorized the Rochester Chapter to officiate under the dispensation that has been granted.

Monroe Morris was 62 years of age last Sunday, and he was forced to celebrate it with considerable pomp. His Sunday school class planned and executed a beautiful surprise on him and the class led the van that amounted to a big crowd, 44 in all who fed and feasted at the birthday festal board in the Morris home that day.

The Ladies Aid had a pleasant meeting at the elegant home of Mr. and Mrs. J. H. Grindle Thursday of last week. There was quite a large attendance, the hostess served a light luncheon, and several new members were admitted. Each lady was presented with a pink carnation on which was a card inscribed thereon these words "Welcome to the Grindle Home." This evidence of friendship was certainly appreciated by every lady present. This society is very prosperous this year and the membership is looking forward to a very successful year. Mrs. Gail Harsh assisted in receiving the more than forty guests. After the regular order of the society the hostess was assisted by Mrs. W. C. Miller, Mrs. W. C. Hosman and Mrs. Justin Curtis in serving the friendship mite of ice cream and cake.

39 YEARS AGO

The earth tremors which were reported by large cities in Indiana, Ohio and Kentucky Tuesday were felt here in Akron by various people. Mrs. Frank Day states that she felt the earth's quaking, and the experience was an entirely new and unpleasant one. Mrs. Ralph Rader heard the dishes rattling in her cupboard, and others noticed the lights flickering at that time.

Bill Leininger has been selected for the Indiana University Concert Band which will begin a five-day spring concert tour Monday. Sixteen concerts have been scheduled for the trip. Sixty-two musicians make up the personnel of the concert band and are selected from the larger 110-piece marching band which always wins national acclaim for its playing and marching at football games.

The Akron Fair Board held their regular monthly meeting Monday night and engaged the amusement attractions for this year's fair, which will be held in September.

The Akron fire department was called to the Dora Bright residence Monday evening about six-thirty to put out a blaze which had started from sparks from the chimney. The fire was soon extinguished and little damage was done.

Betty and Kate Morris will spend the weekend at Purdue where they will attend an inter fraternity dance.

25 YEARS AGO

The music departments of all county schools except Rochester will participate in a music festival at the local gym on Thursday.

The Junior and Senior Classes of Akron high school visited the Legislature in Indianapolis Tuesday. While there they saw several bills passed on final reading and visited Governor Schricker in the Governor's office.

10 YEARS AGO

Dennis Groninger, son of Mr. and Mrs. Harold Groninger, Akron, is one of 1290 Purdue students who have won distinguished ratings for their academic records at Purdue University. To win the honor, a student must attain 5.5 points out of a possible 6.0 points in 14 academic hours of study.

Abe Caldwell, Akron, has filed his candidacy for the office of Justice of the Peace for Henry township. He is currently serving in that capacity after having been appointed to the post.

Mrs. George Stephen, local Heart Fund chairman, has announced that it is still not too late to make donations to this year's fund.

# Attendance crusade begins

"March With the Mas-  
 ter" is the theme for a  
 Sunday School and Church  
 attendance effort at the  
 Akron Church of God  
 beginning this Sunday.  
 Jerry Kindig, Superin-

 goals as being 370, 380,  
 390 and then 400 the  
 last Sunday of the month.  
 All members and friends  
 of the church are urged  
 to be a part of this

effort.

In the morning worship  
 service at 10:25, there  
 will be a presentation  
 of congregation goals  
 for 1976. This comes  
 out of the combined  
 planning of many groups  
 in the church's life.  
 At the 7:30 service  
 there will be special  
 music and Pastor Thoma-  
 son will speak concern-  
 ing "The House of My-  
 stery."

## Club observes 30th anniversary

A cooperative salad bar helped members of the Jolly Good Neighbors celebrate the club's 30th anniversary recently. Mrs. Perry Hathaway, assisted by Mrs. Paul Beery, was hostess.

Charlene Hohman led singing of "My Country 'Tis of Thee."

Florence Bowen's devotions centered around the first home extension agent in the U.S. She read several poems from early club books and the Ten Commandments for Club Members.

Health and safety remarks by Shirley Shank were about anemia.

In her garden remarks, Mrs. Bowen suggested patriotic flower beds with red, white and blue flowers, cleaning up around homes and roadsides.

Kathy Beery read Diane Hathaway's DAR essay on the Declaration of Independence for her citizenship report.

The Lesson, "Program Planning," was conducted by the vice-president, Thalma Parker. Sheets with choices for future lessons were passed out and checked.

Roll call response was "an industry that helped develop our country."

Members voted to give donations to the IFYE program and to the choral club.

A brief history of the club was read by Sharon Parker, Ann Reuter, Florence Bowen and Zeta Parker.

A house warming gift was given to Charlene Hohman. Kathy Beery won the door prize.

The next meeting will be a seed and bulb auction at Mrs. Harold Hile's home at 1:30 p.m. March 17. Mrs. Riley Parker will be co-hostess.

## Where will she be 2 years from now?

Will that replacement heifer be ready to produce to her full bred-in capacity? Or will she lag behind, not ready to give her all? How you treat her from day one, makes all the difference.

To ensure a healthy, quick-nursing calf, treat the dry mother cow right. The Wayne way. Then start her calf on day four on a Wayne milk replacer. (Twenty-five pounds replaces 225 pounds of milk.) Also start dry feeding Wayne Calf Krunch.

Four months, and your Wayne-fed heifer is a lively 300 pounder. At 14, she can hit up to 750 pounds and be ready for breeding. See us for the program that works.

Wayne cares. And so do we.  
That's what makes the difference.

## Club uses Bicentennial theme

The Bicentennial theme was in evidence at the February meeting of the Omega Club at Gloria Bowen's home. Songs used to open the meeting were "God of Our Fathers," "Battle Hymn of the Republic" and "America, the Beautiful." Fern Bowen accompanied at the piano.

Emma Burns gave meditation, mentioning various ways natives of other nations express their proverbs in sage and meaningful ways. She also noted President

Lincoln's habit of seeking divine guidance in matters of state as well as his personal affairs.

The committees recently attended an all-day workshop at Goshen College that was sponsored by the State Department of Public Instruction.

Lincoln's habit of seeking divine guidance in matters of state as well as his personal affairs. Anina Clemans gave the closing prayer.

Zenophia Burdge chose contests involving presidents and states. Winning prizes were Edith Walls, Mrs. Clemans and Mrs. Burns.

As a surprise to a member, Fern Harter, who was celebrating her birthday, the hostess turned the refreshments into a celebration, and members sang "Happy Birthday."

## Vikings score 100 in finale

Any doubts that the Tippecanoe Valley Vikings are in peak form for this week's sectional were put to rest Friday night as the Vikings closed their regular season in spectacular style with a 100-58 drubbing of John Glenn. The impressive win gave the Vikings a 16-4 record going into tournament play for the second consecutive year.

It was the home finale for five Viking seniors - John Lash, Ryan Williams, Matt Gast, Doug Gast and Brett Hackworth - and, notably, it proved that home is indeed sweet home for the Valley. The victory was the tenth without a loss in TVHS gym this year, and seventeenth straight over two years.

Obviously offense was the name of the game, and both teams played it to the hilt for a while.

The Vikes placed six players in double figures, led by Derek Anglin with a season-high 27 points. John Lash scored 16, and Ryan Williams, Eric Alspaugh, Greg Kindig, and Jeff Prater each had 10.

Coach Bob DuBois' JV's closed their season with a flourish, stopping Glenn, 51-46. The B-team bows out with a commendable 14-4 mark and an 8-game winning streak.

The Vikings move now to the Triton sectional where they meet host Triton Wednesday.

Money and time can each become a burden, if one has more than he knows what to do with.

Experience is what you have left over after you've pulled the boner.

## Willing Workers elect officers

Kathy Klein was elected president of the Henry Willing Workers 4-H club at the February 23 meeting. Other officers are Sheila Shewman, vice president; Ruth Ann Harter, secretary; Dawn Soane, Treasurer; Tina Sanders, song leader; Sheri Gray, health and safety; Melinda Sander and Mary Harter, recreation; Anita Thomason, devotions, and Teresa Mappin, reporter.

Plans for the year were discussed, including the Bicentennial. To be discussed at future meetings will be canoeing and camping out on the Tippecanoe River, a Bicentennial Share the Fun program and fair time clean-up.

The next meeting will be announced in school bulletins. Meetings will be in the Lions den in Akron unless otherwise specified. New members are always welcome.

## PAUL REVERE

The most famous ride in American history was made by Paul Revere. Leaving Boston late on the 18th of April, 1775, he raced on horseback through Charlestown and the Massachusetts countryside, alerting the citizens to a British attack. Within minutes of his arrival in Lexington, on the morning of the 19th, the town bells gave the alarm. The town's 70 man militia, under Captain John Parker, gathered on the Green. Four and one-half hours later "the shot heard round the world" shattered the morning stillness. "If they mean to have War, shouted Captain Parker, "let it begin here."

## Altha Harrold: grandmother with 19 birthdays

Altha Harrold is the only mother, grandmother and great-grandmother in Mentone who has celebrated only 19 official birthdays although

By Ann Sheetz

she was born before the turn of the century and has seen the advent of the automobile, airplane, radio and television.

Mrs. Harrold, whose birthday is February 29, is one of two Hoosiers eligible for membership in a unique organization called the Eight Years Without a Birthday Club.

The sprightly widow of the late Ernest Har-

rold would be 80 if she had been born any day except February 29, and she would be 20 if she had been born in some year other than 1896. As it happens, everyone who was born on February 29, 1896 (or 1892 or 1888) had to wait eight years for a birthday because century years not divisible by 400 are not leap years.

In vocal competition, Lori was first, Patty second and Ron third. Winners in these contests will compete in the district contest March 28. THE KING KIDS, Herb, 14, and Marilyn, 11, of Mentone, can tell a good hog from a bad one without effort and proved it again this week when they swept the judging competition at the Five-Star Show at Bucyrus, Ohio. With Colleen Yake, 14, Carmel, they formed a team representing the Indiana Jr. Berkshire Association and each made perfect scores, completely astounding officials who had not anticipated such a clean sweep of their trophies. A total of 98 4-H and FFA members participated, including Donovan Yake, Colleen's brother, who was high individual scorer. This is the second time Marilyn has made high scores in judging at the annual event. Last year she was high individual and was a member of the winning team.

## Mentone C of C sets fund game

## Akron Exchange State Bank plans new building

Plans for a new Akron Exchange State Bank are detailed in a legal advertisement in this week's NEWS.

The electrically heated and cooled building would contain approxi-

mately 4,500 square feet and would have a double drive-in window and night depository.

Plans call for the building to be located two lots west of the existing bank building.

WAYNE TOMBAUGH, left, shows TVSC superintendent Dr. Lloyd Harrell criteria for the Trella Tombaugh Memorial Scholarship that he and his son, Richard, are establishing in memory of the late Mrs. Tombaugh. The \$500 scholarship will be awarded to a graduating senior planning to major in elementary education, art, music or special education for elementary grades. A committee representing the school, the Service Guild of the Akron Church of God and the Mentone Reading Club will help make the selection from qualified applicants who have financial need. This year's scholarship will be the first of ten such awards.

## Blood bank to be at TVHS

The annual visit of the American Red Cross blood mobile to Tippecanoe Valley High School has been set for Thursday, March 18, from noon until 6 p.m. in the gym.

Area residents 17 and over are urged to donate blood during this time.

The age group includes high school students, many of whom each year contribute heavily in the TeenGallon program. In fact, there were so many donors last year (more than 75) that one worker said it was more like a Teen Barrel. "That should give us oldsters something to aim at," he said.

Six pints of blood are needed as replacements for Dr. Donald J. VanGilder who recently

underwent heart surgery at Cleveland.

PEG GRONINGER, 13-year-old daughter of Mr. and Mrs. Otto Groninger, Akron, and a student at the Indiana School for the Deaf, was one of 18 finalists in a recent speech contest. She will compete in the final contest at Franklin College on March 27 and will be honored at a banquet.

19 at 6:30 p.m. in the Mentone gym.

All proceeds will be donated to the Mentone Youth League.

# ODDS and ENDS

By Ann Sheetz

"They say..." How often we hear those words. They. Always they. It is they who become our peers, they who say it all.

"They" have lived in our house, and I'm sure you've had them in yours. Do you know what they have done to us while they've been there? A lot, and some of it not so great.

Paul Harvey wrote the following, and it says it all for the ubiquitous "they":

"They" told us that if we'd relax about sex, take our clothes off and not get all uptight about it, there would be no more sex crimes.

So we let it all hang out--and the incidence of rape has increased 10 percent in one year!

Maybe we'd better question some of the other advice "they" gave us.

"They" told us we'd been too tough with criminals, that we should go easy on them. So we went easy on them--and the rate of violent crime has increased 47 percent since 1968, increased six percent last year, is increasing 15 percent this year.

"They" told us that if we'd just be more generous with poor folks, there'd be no motive for stealing anymore. So we gave everybody a guaranteed income, and robbery, burglary, larceny, and auto theft are running 15 percent ahead of one year ago.

"They" said that churches were "old-fashioned," that they must modernize, liberalize, rationalize, compromise. And those that compromised most are shrinking fastest.

If it is appearing up to here that "they" gave us some awfully bad advice, they did.

"They" insisted our schools must boot God out and rely on enhancing junior's intelligence, and we graduated a generation of juniors with refined intellects and undisciplined emotions. As a result, school-age suicides have soared 92 percent in two years.

"They" told us alcoholism and drug addiction were sicknesses, not crimes. Now we're gagging, choking, strangling, on forbidden fruit.

"They" said informal marriage was enough. Now the odds are 5 to 4 your raputure will be ruptured and 2 in 7 that the next baby will be born illegitimate.

Who are these "they" who've been thus misleading us?

"They" are the materialists who deify the finite sciences.

"They" meant well, but

their intentions are paving the road to hell.

Now I've quit commenting and gone to preaching. I don't mean to, but I can't separate goodness and badness from today's news and explain it.

Every ugly headline in today's newspaper--and yesterday's and tomorrow's--is somebody's emotions gone out of whack.

He might be smart as all get-out; but if he's emotionally color-blind, he is an unguided missile destined inevitably to self-destruct.

Spaceship Earth came with a book of instructions! let's see what it says.

It says we should not be slothful in business. In fact, it says he who

does not work, let him not eat.

It says women should wear modest apparel.

It says don't steal anything--anything!

It says don't get drunk--period.

It says you sleep only with your own wife.

It says you don't do what you "want," you do what you "ought," and for those who consciences are anesthetized, it specifies which is which.

In other words, even if that Rule Book was not divinely inspired, it would still be the best blueprint for an orderly existence.

If it did not promise life hereafter, it would still contain the best formula for a good life here.

## Religious art show

Cont. from page 1

5 p.m. daily Monday-Saturday and from 6:30 to 9:30 p.m. Friday and Saturday. No admission will be charged.

The show, the only one scheduled in northern Indiana, is part of the 18th annual Art for Religion exhibit by Bethlehem Evangelical Lutheran Church, Indianapolis. The church each year sponsors an art contest to promote more effective communication between the contemporary artist and the religious dimension of the community. Winners will be included in the 60 works of art to be on display.

Of special interest to area residents will be an acrylic painting by Marilyn Kruger entitled "The Fall of Eve" that won second place in its category.

Media forms to be displayed, in addition to

acrylics, include watercolors, inks, wood sculpture, Batik, glass, weaving, fabrics and photography.

The Akron show is the last of the circuit. The works have already been shown in Indianapolis, Elgin, Ill., and Cincinnati, Ohio.

The contest and traveling art show have been hailed by John Lowe, professor of religious studies at Marion College, Indianapolis, as a true and valid ministry in that it involves artist and interpreter alike in the highest experience of all, God, Source of all that is real and beautiful.

## Altha Harrold

Cont. from page 1

The reason for this is that the earth requires 365 days, five hours, 48 minutes and 46 seconds to travel around the sun. Adding one day every four years is equivalent to six hours a year, which is 11 minutes, 14 seconds too much. This necessitates an adjustment, so every 400 years the leap year day is omitted and several children either note their birth anniversaries on another day or wait eight years to blow out their candles.

Mrs. Harrold, the former Altha Hamilton, has never been short-changed on her birthday. "We just always celebrated it anyway," she says. This year's party included her son and daughter-in-law, Dorris and Mildred Harrold; their son Richard and daughter Sharon and her husband, Dr. Richard Sommers, and their daughter Jill.

60 YEARS AGO

W. C. Miller's hardware and implement opening, opened Wednesday of last week. That was the day with seven kinds of March weather every hour. Billie made his selection for his opening and told the weatherman to get to the pilot and fine weather resulted for the balance of the week. Farmers came in droves and bunches. Everyday the sales mounted higher and higher and at the close, Saturday evening, it was known that his sales this year far exceeded the sales of any of the eight previous annual efforts. The salesmen present were able and fluent. They made friends here among our intelligent, clever class of farmers and won the confidence of the buyer. The goods were all of high class, representation and the seller behind them made sales very popular. In all, the event was a popular success, and closed in the evening by making the following award of prizes: Wm. Hunter, Storm Buggy; Lloyd Haldeman, Queen Incubator; Earl Ogdon, One minute ash machine; U.S. Kroft, Perfection oil heater; Claud Kindig, Aluminum tea kettle; Noah Barnhisel, Lawn mower; Richard Personette, Safety Razor; T. J. Sausaman, set tea spoons; E. L. Swihart, Nickle plate coffee pot; W. C. Kercher, K.K. hand saw; and Frank Thompson, K. K. knife.

Our friend Jacob Mathias solved a knotty problem the other day in buying a little 20 acre farm west of his farm and near A. N. Hoover. Jacob's son was married recently and had no job nor farm. Then it was that Jacob stepped in and made the purchase and the young man has a home and will take an interest in both farms with his father, thus relieving Mr. and Mrs. Mathias of many responsibilities that go to the running of an up-to-date farm while the young man and his amiable wife have a first class opportunity to make a good start.

## Valley season ends in sectional

By Ron Newlin, NEWS sportswriter

Tippecanoe Valley's fine basketball season came to a disappointingly early close in the championship game of the Triton sectional, losing a 65-61 heartbreaker to Warsaw.

The game was every bit the classic it had been billed to be, but in the long run the breaks and Warsaw's junior backcourt ace Steve Reed did the Vikings in. Reed pumped in 36 points to lead all scorers and virtually dominate the game.

Although Warsaw's zone defense and deliberate offense slowed the pace of the game down to the Tigers' liking, the Vikings were the early pace-setters. After Warsaw scored first, the Viking scrapped their way to a 12-6 lead. The Tigers battled back themselves to tie the score at 12-12 at the end of the first quarter.

In the second quarter both teams got key players in foul trouble: Warsaw's Gordy Clemens and Valley's Derek Anglin. The loss seemed to hurt Tippecanoe the most as the Tigers went on a 10-2 tear and opened a 6-point lead. Only a tip-in at the buzzer by Ryan Williams kept the Vikings within four at halftime, 26-22.

The Tigers were obviously in control at the start of the second half, moving to a 10-point lead at 35-25 midway through the third quarter. Late in the frame, with the Tigers still up by 10, Tippecanoe made its do-or-die move. With John Lash firing away for 10 points, the Viking closed to within a basket at 43-41.

Greg Kindig brought the house down by tying the final moments of the final stanza. But a

Warsaw fast break and a three-point play gave the Tigers a 50-45 lead that the Vikings never could quite make up. The end of the game became a free throw festival as Warsaw began to stall and Tippecanoe was forced to foul.

Besides Reed's 36, Dan Smith scored 18 for Warsaw, but the Vikings held 6'7" Gordy Clemens to two points. For Tippecanoe, John Lash closed out a memorable career with 19 points, as did Ryan Williams with 17. Greg Kindig added 15.

Tippecanoe's final record was 18-5.

## Vikings earn finals berth

A team wins basketball games by scoring points, and the Tippecanoe Valley Vikings scored more points than anyone in the state in the opening round of sectional action, winning two games to force their way into the final game of the Triton sectional.

On Wednesday in the sectional opener, Tippecanoe outlasted a determined Triton squad, 98-82. Offense was the name of the game as the Valley hit 51% and Derek Anglin and Greg Kindig put on a scoring show from their guard spots with 28 and 26 points apiece. The Vikings squandered a 20-6 lead, led by only 46-45 at halftime, and were behind in the third quarter before putting on the blitz. A 28 point third quarter was the key. Besides the backcourt duo, Valley was paced by John Lash with 13 and Eric Alspaugh with 15.

Friday night against Wawasee the Vikings outdid themselves with a sectional-record 105-92 victory. The Vikings jumped to an early lead and were never headed, leading 23-13, 42-34, 67-56, and 105-92 at the respective stops. Tippecanoe put three players over the 20 point mark, as Eric Alspaugh hit 24, Ryan Williams 20, and Derek Anglin 21. Greg Kindig dropped in 12 points, as everyone on the Viking squad scored.

AKRON 8th GRADE girls wound up their first season of basketball action with a 6-3 record. They are, back row, from left: Lisa Sterk, manager, Sue Gail, Kay Hively, Becky Kamp, Brenda Burkett, Crystal McConkey, Cara Smalley and Coach Bill Ruppel. Front row: Kim Cox, Kerri Coplen, Debbie Bollhoefer, Kim McCloughan and Carol Osburn. Lynette Saner and Debbie Eriks were not present.

## It Happened In Mentone

Taken from the March 12, 1947 issue of the Northern Indiana Co-Op News:

Miss Phyllis Latta, representing the egg shippers of Warsaw, was chosen Wednesday evening as the Queen of the 1947 Egg Show. She was competing with Elaine Youd-bulis of Plymouth, Babe Rogers of Mentone, Caroline Slack of No. Manchester and Gloria Jean Woods of Burket. The

egg car at Warsaw is managed by Sam Lowman. "Ringside at Bikini" is the title of the address to be given by Wayne Guthrie, city editor of the Indianapolis News, at the Egg Show program Friday evening. He is one of the few reporters that witnessed both the atomic bomb test explosions at Bikini Atoll, and one would expect that he will be able to bring us a picture of the de-

structive force of the bomb that is more powerful than the human mind can conceive.

Dave Johns and Eddie Creighton were in Indianapolis over the weekend where they served as pages in the state legislature. The week previous Martha Creighton and Connie Joe Anglin acted in the same capacity.

Mr. and Mrs. Wilvin Teel and son, Mr. and Mrs. Melvin Teel of Akron, Mr. and Mrs. Hershel Teel and family of Mishawaka spent Sunday with Mr. and Mrs. L. J. Krieg and grandson.

### Schipper-Koenig engagement told

An April 16 wedding at the Emmanuel United Methodist Church is planned.

## Girl Scouts light flames

Local Girl Scouts will be joined by American Scouts around the world in lighting candles Mar. 12 to celebrate the birthday of the Girl Scouts in the United States.

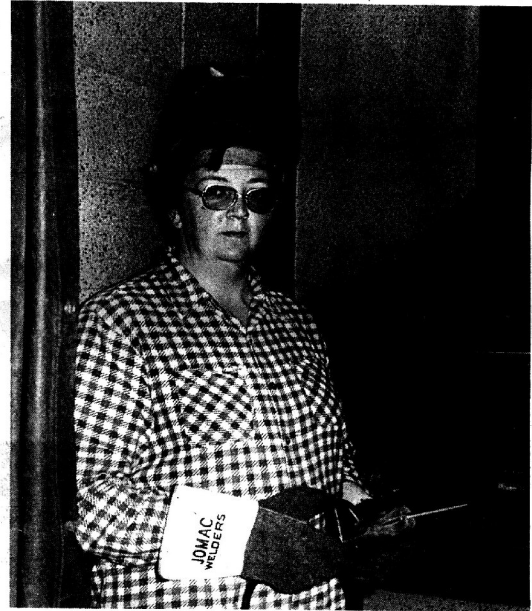

The first candle in the ceremony was lit by Betty Ford during the Scout convention in Washington, D.C. From Mrs. Ford's candle, the candles of Girl Scout leaders from every state and council were lighted. These candles were returned to local councils and in turn lit the "Flame of Freedom" for local leaders.

At the February meet-

ing of the board of directors of Tribal Trails Council, president Julia Day, Akron, relighted the candle from the Washington convention and, as board members rededicated themselves to the Girl Scout Promise, each was appointed to return to their own county and spread the "Flame of Freedom" to troop leaders.

Each Girl Scout in the Tribal Trails Girl Scout Council will light her candle either in a troop ceremony or privately at 5 p.m. Friday.

## No more draft cards

Boys in this year's graduating class will no longer be expected to carry their draft cards with them at all times. Draft cards are a thing of the past, according to Col. Wayne E. Rhodes, state director of Selective Service for Indiana.

And if those who already have draft cards lose them, they don't need to bother to have them replaced.

With the exception of a few registrants who may be violators of the Military Selective Service Act, all registrants are now considered to be classified in Class I-H, irrespective of any previous classification. Class I-H indicates that the registrant is not currently subject to processing for induction or alternate service.

The only Selective Service contact in Indiana will be Col. Rhodes' office at Indiana State Headquarters, Selective Service System, 344 Federal Building U. S. Courthouse Indianapolis 46204.

## Memorial books given Akron library

Three books have been presented to the Akron Carnegie Public Library in memory of Earl and Lena Arter by their son and daughter-in-law, Mr. and Mrs. Stephen Arter, and family. Akron natives, the Arters owned and operated a drug store in Akron for many years. Earl Arter served on the Akron Carnegie Public Library Board from 1925 until 1929.

The books are: YESTERDAY'S INDIANA by Byron L. Troyer. This is the fascinating story, in text and 425 authentic historical photographs, of the development and growth of the Hoosier State from early exploration, Revolutionary and Indian wars, to the early industrial expansion of the nineteenth century, to modern days, ending with the 1950's. This book shows all aspects of life in Indiana - rural and urban; agriculture and industry, social life and education, culture and the arts, in short, all the facets that make a strong, vital state in all its regions.

HOOSIER CARAVAN, A TREASURY OF INDIANA LIFE AND LORE selected by R. E. Banta. Everyone will want to journey with Mr. Banta's caravan through the pages of Hoosier lore with more than fifty Indiana authors who write of their native state. This banquet from the heart of America is a happy mixture of old and new, traditional and inconoclastic delightful discoveries and famous works, old friends and charming surprises.

HOMETOWN U. S. A. by Stephen W. Sears, Murray Belsky and Douglas Tunstall. This is "hometown" America, our ideal of comfort and safety and belonging, the ancestral seat of our national nostalgia. No matter that we may never have lived there. Myth or memory, it's still vividly real. So on occasion we wish we could go "home" again. And now you can, in this American Heritage history.

## TVSC lunch policy announced

Tippecanoe Valley School Corp. today announced its policy for free and reduced price meals, free milk for children unable to pay the full price of meals and milk served under the National School Lunch, and Special Milk programs.

Local school officials have adopted the following family size income criteria for determining eligibility.

Children from families whose income is at or below the levels shown are eligible for free or reduced-price meals or free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, they should contact the school.

Under the provisions of the policy the school principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may wish to discuss the decision

with the determining official on an informal basis. If he wishes to make a formal appeal, he may make a request either orally or in writing to Robert Forbes, Box 38, Mentone, Ind. 46539 - Phone 353-6815 for a hearing to appeal the decision. The policy contains an outline of the hearing procedure.

If a family member becomes unemployed or if family size changes, the family should contact the school to file a new application. Such changes may make the

children of the family eligible for reduced price meals, or for additional benefits such

as free meals and milk if the family income falls at or below the levels shown above.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

Each school and the office of the superintendent has a copy of the complete policy which may be reviewed by any interested party.

## SPADE WORK, THE KEYSTONE TO THE FUTURE

"Spade work" is necessary in any building operation whether it be a summer camp or a skyscraper. It is also necessary in character building. In each instance it means foundation preparation, initial work or training.

Starting a child in church is spade work for character building but the church does not stop there. As we grow to maturity it is all important in the building of a secure spiritual life, so that when the pleasures of youth begin to pall there will be a calmness of spirit and deep faith in the future as His hand guides it. You are never too young, never too old to find peace and joy in the Church of your faith.

## Area church plans showing of 'To Russia With Love'

"To Russia With Love," a motion picture portraying life as it is today for thousands of Christians in the communist third of the world, will be shown at 7 p.m. Thursday, March 18, at the Silver Creek Church of God.

Many scenes were shot inside Russia through secret arrangements made in advance for an English-speaking Russian Christian to rendezvous with an Underground Evangelism photographer.

The photographer was able to capture a revealing glimpse of the underground church at work. He found himself moved by what he saw--the closed churches, the status of Christians living under Communism, and the film records all this. An actual border crossing, which helps portray Underground Evangelism's wide-scale ministry, is also seen.

The public is invited to see the film in which the voice of Stefan Bankov, a young Christian lay pastor whose escape to the West with his wife and children is dramatized in the film, is hearing speaking in Bulgarian with English overtones from the narrator.

## NEW BOOKS

New books at the Akron Public Library include the following:

**VICTORIA** by Reg Gadney. This is a novel of love during World War 2 that brings vividly to life the sufferings and passions of one woman.

**ANGELS, GOD'S SECRET AGENTS** by Billy Graham. This is an extraordinary and reassuring book that underscores for readers today the clean Biblical message that angels do exist and, what's more, that they are here to help us in our earthly struggles.

**THE RAIDER** by Jesse Hill Ford. The Raider presents a sprawling epic of the South and the Tennessee Frontier before and during the Civil War.

**BEYOND THE BLUE MOUNTAINS** by Jean Plaidy. Here is a moving and convincing story of England and Australia in the late eighteenth and early nineteenth centuries, which vividly portrays the ways in which the evils of their time affected the lives of three generations of women.

**CELEBRATIONS OF THE HEART** by Rod McKuen. This is Rod McKuen's newest book; a collection of poetry and prose that is gentle, sad, romantic and highly autobiographical.

**THOSE FUNNY KIDS** by Dick Van Dyke. The teachers of America collected these stories, and Dick Van Dyke collected them from the teachers. Now they are yours to enjoy. So return with us to those thrilling days of yesterday when you too were in the sixth grade and thought like a youngster in these pages that a percolator is where you put newborn babies that arrive a little early, or that a florist is the man who puts carpets on your floors.

INDIANA GEOLOGICAL SURVEY, DEPARTMENT OF NATURAL RESOURCES

### INDIANA'S BURIED VALLEYS

Before the Ice Age, existing streams had cut their valleys deep into the underlying bedrock. The largest of these ancient drainageways was the Teays River, which flowed westward across Indiana. It entered the state in Adams County and crossed into Illinois from Benton County. The Teays River had at least seven large tributaries in Indiana.

The ancestral Wabash River, unlike its modern counterpart, was restricted to south-central and southwestern Indiana,

where it was the major drainageway. During preglacial time, a bedrock divide existed between the Wabash and Teays River.

When the vast glaciers melted, most of the Teays Valley and parts of the Wabash River valley were covered over with a thick blanket of rock debris, thus obliterating or drastically altering the original courses of these streams. Only the White-water River follows much the same course as its preglacial ancestor.

The only independent campaign assigned to the militia during the American Revolution occurred at Crooked Billet Inn, Hatboro, Pennsylvania. While General Howe and his British officers were enjoying every luxury in Philadelphia, the American troops in Valley Forge were starving. Washington assigned General John Lacey of the Pennsylvania militia to seize the British supplies and divert them to Valley Forge. The encounter took place at Crooked Billet on May 1, 1778. In spite of severe losses, Lacey maneuvered the main body of his troops through enemy lines to Hartsville.

## No protests heard on GOB bonds

Tippecanoe Valley School Corporation's appropriation for general obligation bonds to purchase school buses will go to the State Board of Accounts for approval following Monday night's hearing in which no one opposed the measure.

In other action, the board:

\* Adopted a school calendar for 1976-77 (see elsewhere in this week's NEWS).

\* Adopted a teachers' salary schedule with

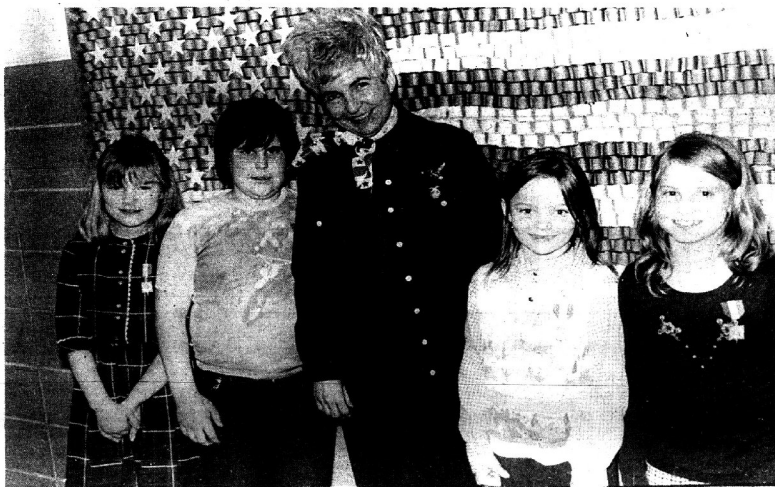

average increases of 7.5 percent and an extra duty schedule that ranges between \$2,129 for varsity basketball coach to \$108 for junior high cheerleader sponsor. The beginning salary for a teacher with no experience is \$8,981.

\* Took under advisement bids for tennis court remodeling from McMahan-O'Connor for \$25,911.80 and J and M Gravel Corporation for \$23,429.

\* Discussed adding elementary physical ed-

ucation and an intensive office lab program for which superintendent Dr. Lloyd Harrell estimated the corporation could receive 40-50 percent funding. The office program would be set up to include such practice areas as medical and law offices in which students would use actual forms and have various titles, such as office manager, etc. A four-member panel would assist in an advisory capacity. Harrell said

CHAMPION LETTER WRITERS are these Mentone second graders who wrote to President Gerald Ford. Their letters, judged best of the two sections by the Mentone Bicentennial committee, will be forwarded to the president. From left: Sherry Hamilton and Victor Duke, first place winners, Mrs. Frank Smith, Bicentennial committee chairman, and Christa Perez and Julia VanDeWater, second place winners.

## Basketball, wrestling to aid 4th fund

Grade school basketball and a high school wrestling exhibition will highlight the annual Akron 4th of July fund game Friday, April 2, at the Tippecanoe Valley High School gym. The game and the annual horse show are the 4th of July committee's only money making events and receipts are used to sponsor the day-long event.

The third graders will tip-off at 6 p.m., followed by the fourth and fifth graders. There will be a drawing of players and cheerleaders present for basketballs and charms that will be

provided by the Akron Exchange State Bank. Additional entertainment will be provided

## Basketball to aid Youth League

The players may be small in Friday night's action at the Mentone gym, but they are big in determination, and each is gunning to bring home the championship trophy for his or her classroom.

Participating in the game, the annual Mentone Chamber of Commerce sponsored fund affair, will be fourth and fifth grade boys and girls

by the high school wrestlers under the direction of coach Russ Isaacs. They plan several matches.

from Mentone and Burket elementary schools.

All proceeds will be donated to the Mentone Youth League.

Action will begin at 6:30 p.m.

EMTs must be ready for any emergency. To prepare for the time they will man an ambulance, they are given many practical tests, including the one pictured inside.

Honeytree

## Honeytree concert set

Honeytree, acclaimed the best female vocalist of Jesus Music, will be at Tippecanoe Valley High School April 16 for a concert of folk and gospel music.

Her appearance is sponsored by the Burket United Methodist Youth Fellowship and will be at 7:30 p.m. in the school's commons area.

Also appearing on the program will be Jim Bohn, Milwaukee.

Tom Roy, YF sponsor, says, "Honeytree is sincere and her message

comes through with great clarity. Her appeal is not only to the young, but it is the young who listen most intently. They admire her honesty. 'I was the last person in the world who thought I would become a Christian. But I didn't really start to live until I did!' Because of Honeytree, hundreds of young people have echoed those words.

Tickets will be available at the door or by calling 491-3945.

## 5 seek school board seats

Five men have filed their candidacies for SR 19 will be disheartened by the information received by Judy Long.

They are Dr. Wymond Wilson and Everett Beson, both of Mentone, for District 1, and Richard Goshert and Vernon C. Meredith, both of

Burket, and Harvey Anglin, R. 2, Silver Lake, for District 2.

Wilson and Goshert are incumbents. Wilson has served one term on the five-member board and Goshert is completing his second four-year term.

## They agree SR 19 is bad - but say nothing can be done

Area residents fed up with the condition of SR 19 will be disheartened by the information received by Judy Long.

A petition protesting the poor condition of SR 19 between Mentone and Akron was circulated recently by Mrs. Long, R. 1, Etna Green. More than 300 Tippecanoe Valley residents signed it and Mrs. Long had copies mailed to Sen.

Birch Bayh, Congressman Floyd Fithian, State Representative Thames Mauzy, Indiana Governor Otis Bowen and Paul F. Gibson, of the state highway department.

To date, she has had only one reply, from Sen. Bayh. He wrote, in part: "...there is nothing to be gained by my contacting the Highway Commission again at

## After 6 years, how does Akron's sewage plant work?

Akron's sewage system has been in operation six years.

Does it work? Yes, says Eldon Brower, licensed treatment plant operator.

According to data prepared by Mr. Brower and the State Board of Health, one million gallons of raw sewage are treated each week.

Plant efficiency in solids removal ranges from 85 to 96 percent, depending on rainfall and dilution factors. No odors are present at any time, and all equipment and fixtures are in good working order after six years of continuous service.

All discharges from

the plant are chlorinated for purification, which destroys 98 percent of all bacteria.

In the final analysis, the quality of water discharged from the Ak-

ron plant is purer and of better quality than the waters of most streams and lakes in the state of Indiana, according to a report released this week by the Akron town board.

the two programs might require two more teachers but he could tell better after evaluating the situation. Board members instructed him to submit a proposal describing the programs in greater detail.

\* Approved a summer schedule similar to last year's, including recreation, driver education, auto mechanics, band, chorus, elementary reading and math. Harrell asked authorization to investigate the possibility of offering academic subjects.

\* Heard a summer maintenance program outlined by business manager Robert Forbes.

\* Noted that Harrell will have teacher evaluations completed prior to the next meeting, heard a report on the court decision (see separate story) and noted an unfair labor practice hearing set for March 24 at 10:30 a.m.

\* And discussed Title 4-B for funding of library learning resources, signed a GED diploma

for Sally Hollos and revised Nancy Yeiter's contract \$170 to include being Vikette sponsor.

\* Approved Carolyn Carter, R. 5, Rochester, as a full-time bus driver when there is an opening in her area and approved Beulah Shand, R. 5, Warsaw, as a substitute. They disapproved requests to hire Charles Gast either as a full-time or substitute driver but said he could substitute for a driver who is currently ill.

\* Heard board member Richard Goshert say he had had several parents complain about the lack of discipline in school and on the buses and member Don Snipes suggest training rules for all athletics be standardized. Because of the discussion, all certified and non-certified personnel will receive letters urging them to enforce discipline as far as the policy manual allows with the school board and administrative personnel to back their actions.

During the regular season and at the Sectional the pep block lacked a lot of enthusiasm and spirit. They

also showed much disorganization. While the other pep blocks showed spirit and organization. And I think that this was a major factor in the Viking losses and also at the Sectional. I think that if the Vikings should hope for a Sectional victory then it had better start with the pep block pulling its act together.

this point. The decision in this instance is entirely at the state level, and that is where you can be most effective in pursuing your concerns. I suggest you continue to insure that your views are fully known by the Governor and your state legislators, who may be able to obtain a reversal of the Highway Commission's position as outlined in their Dec. 3, 1976, letter to me. A copy of that letter is enclosed.

In the letter to which he referred, Roger F. Marsh, Executive Director of the Indiana State Highway Commission, had written to Sen. Bayh:

"...Available revenue is not sufficient to improve all roads to the desirable degree."

"We do not have any plans for major improvement on this portion of SR 19. The narrow right-of-way width prohibits the widening of the existing roadway. Also, there are numerous locations where there are not any shoulders nor side ditches because of insufficient right-of-way. To correct this situation would require major reconstruction for which funds are not available at this time. The Highway Commission will continue to consider the needs on this route, along with those on other roads in our State Highway system, as future programs are developed to utilize the available funds."

"Maintenance of the existing roadway has become more difficult due to the increase in truck traffic in recent years and the usage by school buses from the new school constructed adjacent to this portion of SR 19."

"Our maintenance forces will perform routine maintenance as a part of our continuing efforts to provide an adequate level of service and safety to the highway users."

The Masonic fraternity is doing a prosperous business. They have degree work every week. Among the candidates was Rev. Krause. Before leaving here he took part of the work and came back to finish up. The other work keeps the lodge pretty busy.

Late last week our friend, Jacob Utter, brought us a magazine article written by Henry Ford, the worldwide peach advocate. Jacob does not like war. War is costly in life and money. He loves peach. And we guess everybody else loves peace, but Jacob and Henry cannot quite understand why war is necessary before peace can be had. A boy in school known to be fearless had less trouble than a boy who shys in any controversy. With Jacob Utter and Henry Ford, we want and need peace, but we do not mean by that, that we should run, we need to be brave, stand our ground.

Just as we go to press we learn from Will Arter that Sherman Miller sustained a dislocated hip and several injuries to his head. He was felling a tree near his barn, assisted by Charley Miller's son. His limb was adjusted and he is doing as well as could be expected. He was lucky to escape with his life.

The weather man could not scare the K of P Order out of a good time last Tuesday night. Though the winds blew with fury and clouds threatened, yet the membership, a dozen or more came from Fulton with one candidate, and 30 or 40 came from Rochester with two or three for the 2nd degree work, which was amplified by the team here as per arrangements made at the recent county meeting. The Penry restaurant furnished refreshments to the 100 or more in attendance. It was a great event.

Four families moved Thursday of last week. The Marion Martin family moved from Disko into the Wesley Kritchbeaum property and the Anderson family moved to Disko. The Runkle family moved to the country and Lou Buse moved into the Runkle property.

Akron will have a tomato packing factory this summer. The new factory is an outgrowth of the meeting which was held at the public library recently to determine the amount of interest there was in the community for growing tomatoes. About fifty growers and several business men attended the meeting and a lot of interest was shown. The factory will be located in the old basket factory building which has been leased by the tow men from the Redmon Basket Co. They want 250 to 300 acres of tomatoes and will be in this community soon to write contracts.

Some balloons which were released by the Englewood Business Mens' association, Chicago, during their centennial celebration were found in a fence row by David Bryant last Saturday morning. Attached to the balloons were 25 tags bearing the names of the business men who had released the balloons. Each tag was worth one dollar in trade at the stores mentioned. A prize was also offered to the finder of the balloons which had traveled the farthest distance and Dave sent in his discovery to compete with the distance prize.

Frank Pressnall completed a service of 35 years at the Akron Exchange State Bank Thursday. He has resigned and plans to make his home with his daughter and son-in-law, as soon as they are settled in their new home. Harold Groninger began working at the bank Thursday in Mr. Pressnall's place.

## Gaerte cemetery to elect

A reorganization meeting of the Gaerte Union Cemetery Association has been called by the lone surviving trustee, J.W. Barnhisel.

He asks that patrons and friends of the cemetery meet in the basement of the Emmanuel Church at 1 p.m. on Mar. 27 to elect three trustees.

Mr. Barnhisel plans to resign April 1.

The cemetery records for the past 50 years will be on display.

Mr. Barnhisel notes the cemetery has an endowment fund that is earning 6½ percent interest,

which pays for most of the lawn mowing.

He says the trustees' duties include caring for the books, taking care of donations and correspondence and hiring lawn mowing.

An understanding heart has a stronger attitude than an angry voice. Much more can be accomplished with kindness than with threats.

## Sherri Miller places second

Sherri Lynn Miller, a student at Tippecanoe Valley High School, was second-place winner Sunday in the Knights of Columbus-sponsored speech contest in Warsaw.

Miss Miller, daughter of Mr. and Mrs. Dale

Miller, R. 2, Akron, was assigned the topic: America, the past 200 years as it is and as it should be. She and the other four contestants in her category were allotted 9-11 minutes for their speeches, which had to be memorized and presented without notes or podium.

Miss Miller's teacher, Tom Roy, said he felt she did very well, considering the complexity of the subject and the need to memorize the speech.

# EMTs undergo practical tests

Since January 19, an average of 18 Akron area people have attended emergency medical technician courses at Woodlawn hospital that will end in April. Hopefully, they will then be able to pass their final examinations and become certified EMTs, qualified to man an emergency vehicle.

The route to becoming an EMT is a long one,

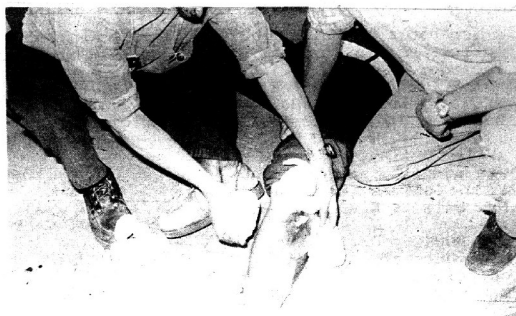

By Ann Sheetz

interwoven with many tests.

One such test was administered Monday night at Woodlawn hospital by instructor Robert Kuyoth. Teams of two local volunteers were sent to small rooms where a patient waited for them. The 'patient' had drawn his injury from a hat and was in the position he would be in if such an injury had actually been sustained.

They were graded both by Kuyoth and by Dr. Pastor D. Aluning, a Rochester surgeon. Both were highly complimentary about the way the class conducted itself.

The accompanying photos show some of the situations. The 'patients' were Bruce Knight and Jim McEvoy, both of whom can be seen smiling. They said they had no reason not to: They knew they were in good hands.

OPEN FRACTURE of tibia is examined by David Kruger and Paul Teel, who immediately proceeded to protect the injury and splint the leg under the watchful eye of Dr. Pastor D. Aluning.

HIS MIDDLE FINGER, left hand, amputated, the 'patient' was nervous and fainty. Dr. Charles Miller and David Kruger assist him as they would in the field if they were on an actual ambulance run.

THIS WEIRD looking assortment is a collection of 'injuries' to aid in simulating different situations that EMT volunteers might encounter. Note the bulging eyeball, the death mask (foreground) and the variety of cuts and compound fractures.

## Judge Lee vacates IEERB ruling

A dispute that originally centered on the use of the words 'any' and 'all' when it began two years ago was heard in Kosciusko circuit court recently. The result was that Judge Gene B. Lee vacated an order entered May 28, 1975 by the Indiana Education Relations Board (IEERB) in connection with the recognition of an exclusive bargaining representative for corporation teachers.

IEERB conducted a representation election in the school corporation on May 16, 1974, less than two weeks before the end of the 73-74 school term. Following this, TVSC challenged the votes of eight teachers whose contracts were not renewed prior to the election and of six others who had resigned their positions prior to the election.

IEERB, however, ruled those teachers whose votes had been challenged should be entitled to vote and have their ballots counted, and on May 28, 1975 issued an order certifying Tippecanoe Valley Classroom Teachers Association (TVCTA) as the exclusive representative of the TVSC employees. In the meantime, the school board had recognized the Professional Teachers of Tippecanoe Valley.

In the suit filed by the school board against IEERB, Franklin K. DeWald, IEERB chairman, and the TVCTA, Judge Lee found:

\* The IEERB in holding a representation hearing and ordering an election in the Tippecanoe Valley School Corporation without first requesting IEERB's intervention, did not follow the appropriate statutory procedure as set forth in I.C. 1971, 20-7.5-1-10 (c).

\* IEERB's actions in ordering an election were beyond its statutory jurisdiction and authority, were without observance of procedure required by law, were

arbitrary, capricious, an abuse of discretion and not in accordance with law. Such actions are totally void and cannot be ratified.

\* IEERB's action in holding an election two weeks prior to the end of the 1973-74 school year and allowing the

ballots of those 14 teachers not expecting future employment in the corporation was arbitrary, capricious, an abuse of discretion and not in accordance with law.

Each party was ordered to bear its own costs.

## It Happened In Mentone

Taken from the March 19, 1947 issue of the Northern Indiana Co-Op News:

A week or so ago the Sunday colored magazine section of the Indianapolis News carried a feature article of the Akron Jonah Club serving the fish dinner for 1500 at the Huntington Chamber of Commerce. Naturally, most of the faces were those of the boys we see almost every day in and around Mentone. Not all of the boys got in front of the camera or there would have been more, but Skinny Higgins and Chancy Mollenhour were given "front" views.

Sunday guests at the Ray Rush home were Mr. and Mrs. Therman Ridgeway and son Steve and Mr. and Mrs. Forest Hof-

fer and Jimmie and Jane of So. Bend.

Patricia Parker, daughter of Mr. and Mrs. Robert Parker, was pleasantly surprised Saturday afternoon when a few of her little friends gathered to help her celebrate her seventh birthday. Present were Donna Lou Eaton, Joyce Anderson, Sue Elaine

Shoemaker, Janet King and Betty Ann Parker. Those who were unable to attend but sent presents were Sue Fenstermaker and Linda Sue Linn.

Betty MacDonald, author of "The Egg and I", has written that she cannot attend the Mentone Egg Show as its queen.

Double-ring vows were exchanged March 9 at the Akron United Methodist Church by Barbara Lynn Gagnon and Chris Matthew Harshman. The Rev. John Moore officiated. The couple's parents are Mr. and Mrs. James Backus, R. 6, Wabash, and Mr. and Mrs. Gerold Harshman, Akron.

The bride was given in marriage by her stepfather and her mother served as her matron of honor.

Ron Hoffman was best man.

After a honeymoon in Florida, the couple will reside in Akron. They will be honored at a March 27 reception in the Backus home.

## Fellowship hears work report

Members of the Women's Fellowship of the Akron Church of the Brethren heard a report by Pauline Ryman at a recent meeting that showed they had made 20 pounds of bandages and ulcer pads,

24 baby layettes, purchased 12 dozen diapers, made 73 little girl's dresses and four baby comforters, collected 450 stamps, taken 233 pounds of used clothing for Church World Service, sponsored an all-church blanket drive and contributed \$113.

Rozella Tinkey's topic was "Let Not Your Heart Be Troubled." She quoted several scriptures that told of God's promises to mankind that He will be with us always and that instead of worrying, each should look to Him. She sang "Let Not Your Heart Be Troubled" and closed with prayer.

Following a group singspiration, refreshments were served by Betty Meredith.

## Gilbert stabbed

John Gilbert, 38, of Akron, was treated and released at Murphy Medical Center last Wednesday for a stab wound in the right shoulder following a family altercation.

Kosciusko Co. police said the wound was inflicted by Gilbert's wife, Edie, who said she used a pair of scissors to defend herself after her husband had beaten her all the way from the living room to the kitchen.

Mrs. Gilbert said her husband beat and kicked her and when she had her back against the kitchen cabinets she grabbed the scissors and struck out at him. She said this stopped the beating, and she left the home to get gasoline for the car. When she returned, she found her husband lying on the floor and bleeding. She summoned help and the man was taken to the hospital.

## Party honors couple in Florida

The Rev. and Mrs. Clyde Walters, R. 2, Rochester, were guests of honor at a surprise party February 27 in Lake Placid, Fla., that honored their 65th wedding anniversary, which was December 25. Host and hostess were Mr. and Mrs. Orville Ellis, R. 1, Akron.

The Rev. Walters and Mr. Ellis have been friends since the early 1920s when each drove trucks to pick up milk from area farmers for delivery to the processing plant in Akron. Both couples have attended the same church during their winters in Florida where the Ellises have been active in the choir and in providing special numbers. Mrs. Ellis is also active in the church's women's organizations.

The fellowship hall of the Lake Placid community Church of God was decorated with Christmas decorations, Valentines and diamonds. Fifty-one guests attended the program, which included singing, a skit, a poem and reminiscences by Rev. Walters. Mrs. Walters was presented with a corsage and a gift of money sent by their daughters, Mrs. Byron Shore, Rochester, and Mrs. George Cumberland, Warsaw.

NEW ADDITION is being made to the Burket United Methodist Church that will provide more classroom and fellowship areas. Dedication will be October 3.

## Burket church remodeling

An \$85,000 remodeling program that culminates the total renovation of the Burket United Methodist Church is well-underway. Begun late in October, the 36' by 60' addition will include a new entrance and house office, rest rooms, kitchen, classrooms and fellowship areas. The basement of the existing building is also being remodeled to include fellowship areas, classrooms and a children's chapel.

The present building, originally the EUB church, was built in 1914 and has in succeeding years welcomed into its fold members of former churches at Palestine, Fairview and Valley. When the Methodist and EUB churches merged, the Burket congregations were the only ones in the state to do so on an unanimous vote.

Since the merger, the sanctuary has been re-

modeled and a new parsonage built. All construction has been done by Heiman and Miller.

The pastor, the Rev. Don Poyser, says dedication for the new addition will be October 3.

## Egg Festival plans include arts

Plans are being formulated for a special Bicentennial program to coincide with the Mentone Egg Festival.

In addition to the usual festivities, the Mentone Bicentennial Commission plans to have talent shows, a quilt show and arts and crafts displays.

During the evenings of the Egg Festival, there will be a talent show starring local celebrities. Kenneth Bush is trying to locate old high school band members to play in the adult band concert.

Quilts, old and new, will be displayed under Commission guards.

There will be a style show highlighted by fashions of bygone years. Persons able to recreate some of the old crafts--such as making soap or butter--should contact Connie Haney.

Artists from the area are encouraged to enter the arts and crafts display. These entries should have a theme pertaining to the past 200 years.

Prizes will be awarded in various activities.

Chairmen, to date, include Ed LaMar, talent shows; Kenneth Bush, adult band concert; Virginia Lucht, quilt show; Marsha Scott, Bicentennial style show; Connie Haney, old craft display and arts and crafts judging. The latter will include drawing, painting, needlecraft, hobbies, USA birthday cake and flowers.

## Akron to be designated Bicentennial Community in April 2 ceremony

The town of Akron will be presented a certificate and flag designat-

ing it as an official Bicentennial community in a special ceremony

following the elementary school games Friday, April 2, at Tippecanoe Valley High School. (See related story elsewhere in this issue).

Participating in the short program will be a representative of the Indiana ARBC and local Bicentennial commission members.

The official flag will be flown at the Akron public library.

The commission will meet at the Akron library at 7:30 p.m. Monday, March 29.

## Mentone style show plans are announced

A style show and contest during the Mentone Egg Festival has been announced by the Mentone Bicentennial Commission.

The contest is open to all ages, men, women, boys and girls. The outfits will be judged on general appearance and authenticity rather than on sewing ability. None of it is to be "store-bought" or rented.

There will be five categories:

Grand Lady: Fancy dresses for women and girls.

Grand Statesman: Fancy suits for men and boys.

Pioneer: Clothing worn for everyday.

Original: Clothes from years past that you may have in your possession. (For example, your mother's wedding dress, bathing suit, etc.)

Famous patriots: Dressing as a famous person of the past. (Example: George Washington, Betty Ross, etc.)

Persons entering the original category should include any information known about the article of clothing, such as who it belonged to, period of time or anything else that might be of interest.

If entering the famous patriot category,

## John Alden's descendants help keep legend alive

By Ann Sheetz

"The Courtship of Miles Standish" by Henry Wadsworth Longfellow, which described the legend of John Alden's courtship of Priscilla Mullins, has special significance for two Mentone sisters, Tessie Anderson and Mary Barkman.

Mrs. Anderson, 93, and Mrs. Barkman, 87, are direct descendants of John and Priscilla Mullins Alden, and the story of the couple's romance is ever-fascinating for them.

If you recall, Standish sent John Alden to ask Priscilla Mullins

to marry him. Instead of accepting a proposal by proxy, the maiden replied, "Speak for yourself, John Alden."

He did and she said yes, and they were married in 1623, three years after they landed at Plymouth Rock with other Mayflower passengers.

Alden later served as assistant governor of the Plymouth Bay colony, 1633-1675, and earned a place in history, although none as long-lasting as the role

## Basketball, wrestling to aid 4th

Third graders will tip-off at 6 p.m. Friday in the Tippecanoe Valley High School gym to open the Akron Chamber of Commerce's annual fund game.

All proceeds will go to the 4th of July committee for use in this year's all day celebration.

Also participating in the game will be Akron fourth and fifth graders.

Players and cheerleaders will vie for basketballs and charms to be presented by the Akron Exchange State Bank.

wrestlers under the direction of coach Russ Isaacs will round out the evening's entertainment.

## New Historical Quarterly includes Henry Twp. authors

Mt. Olive community, Henry township authors, the Fulton blacksmith shop and the Trail of Death Rendezvous are featured in the latest Fulton Co. Historical Society quarterly.

The 40-page booklet is available at county banks, Akron and Rochester libraries, the News Stand and Hardesty Printing. Copies have been mailed to members. Those who have not paid their 1976 dues will find "Please pay dues" stamped on the back cover.

Histories of the Mt.

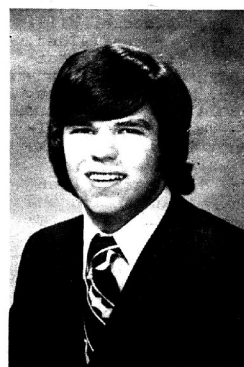

Olive church, school and debating society were written by Blanche Norris, Bertha Waltz and Lois Wagoner. The Mt. Olive Church, located on SR 25 north of Fulton, is still active. Lois Wagoner's history of the Salem church is also included.

Henry township authors were compiled by Velma Bright, Akron librarian. Stories and pictures of authors born in Henry township or who lived there include Herbert and Minnie Riggle, Ethel Barrett, W. Dale and Pauline Oldham,

Doug Oldham, Marie Hand, Cecil Kuhn, Kendall Hosman, James Shaffer, Ru-el Churchill and James Alan Smith.

The caption for the photo on page 26 was inadvertently lost. It should read: This is the 1925 graduating class of Akron high school of which Kendall Hosman was a member. This class met in 1975 to celebrate its 50th anniversary. Of the 16 living members, 12 attended. One has since died.

KIM COPLEN and BRETT HACKWORTH, pictured above, will play Larken and Sir Harry in the April 9 and 10 production of "Once Upon A Mattress" in the TVHS commons. In order to marry Lady Larken, Sir Harry sets out to find a princess for Prince Dauntless since no one in the kingdom can marry until Dauntless does. His find is the "moat-swimming" Princess Winnifred the Woebe-gone who looks and acts more like a chambermaid to the delicate Lady Larken. Tickets for the production may be reserved by calling the high school.

Mary Barkman, left, and Tessie Anderson, both of Mentone, are direct descendants of John and Priscilla Mullins Alden whose courtship was immortalized forever in Henry Wadsworth Longfellow's "The Courtship of Miles Standish."

## John Alden's descendants help keep legend alive

Cont. from page 1

Longfellow created with his epic.

The Aldens had 13 children, the oldest of whom was David, who in turn was the father of Henry. Henry was the father of William who was the father of William Jr., A son of William Jr., Moses Alden, was the sisters' great-grandfather. His daughter, Mary Jane Alden, married John M. Laird and they had ten children, including Franklin Laird.

The daughters of Franklin and Nancy Laird and the only surviving members of the family (a brother, Dr. Leslie Laird, and three sisters are deceased), the sisters are proud of their famous ancestor. Mrs. Barkman remembers a visit to the Alden home some years ago and the pleasure this brush with the past brought.

But neither spends much time thinking about the past. There's the present too, and they both lead active lives.

Mrs. Anderson, a dedicated musician who has written a number of songs,

each day playing one of her three organs. Mrs. Barkman, who also plays the organ, is an active member of the Mentone Church of Christ. Both are widowed and each has several grandchildren.

The sisters maintain their own homes, keeping in touch with each other with frequent telephone calls. When they can, they get together for warm chats, greeting each other with hugs and laughter.

And laughter is their secret of longevity. "You don't have to act old just because you are. Have fun. Laugh. That's what makes life fun," each says.

And what do they think of their great-great-great-great-grandparents' courtship that has endured in legend for more than 350 years?

The answer has to be, "Just great. It's fun to keep their memory alive."

And in this Bicentennial year, that is just what they intend to do. And have fun doing it.

### Pep Block

Dear Editor:

Regarding last week's letter to the Editor, implying that a lack of enthusiasm in the pep block was responsible for the Vikings' loss in the Sectional, we beg to differ. As members of the Pep Block, we received many compliments from students and adults from other schools and communities. We were told that we were louder than any group there and we tend to agree. Checking records at the school, we find that Mr. Striver, a sophomore, was not a member of the pep block and didn't even own a season ticket. We suggest that if Mr. Striver is not pleased with our school spirit, that he join the pep block and lend his VOICE, instead of his criticism. Sincerely,  
Ron Newlin

## Marsha Weller heads

### Better Daughters

Marsha Weller was elected president of the Beaver Dam Better Daughters 4-H Club March 16 at the Beaver Dam church. Other officers are Ann Lash, vice-president; Kathy Haney, secretary; Janet Balmer, assistant secretary; Melanie Jones, treasurer; Maxine Weller, assistant treasurer; Cara Jo Smalley, health and safety; Paula Shireman, song leader; Theresa Boganwright, reporter, and Tonia Morris and Sharon Jones, recreation leaders.

Bonnie Whittenberger resigned as leader. The new leaders will be Sherry Shewman and Carol Sisk. Seven members and five adults were present for the meeting. We would also like to pay a special tribute to Bonnie Whittenberger for all her hard work and efforts of being 4-H leader for the past 10 years. We appreciated all her long hours and work.

Thanks again!  
Theresa Boganwright,  
Reporter

### Rainbow meets

Dena Dugan, worthy advisor, presided at the stated meeting of Akron Rainbow Assembly.

May 8 was the date set for a mother-daughter tea.

The Advisory Board members will prepare and serve the dinner to precede the inspection to be held in May.

The girls will help with the Horse Show June 27 and plan to enter a float in the July 4 parade.

The new telephone committee is Jama Shank, Jodee Stinson and Libby Porter.

Refreshment committee for the April 12 meeting will be Cathy Gagnon, Jeanette Ogle and Tamara Reed.

## Harvest Festival entries sought

Entries for the August 11, 12, 13 and 14 Kewanna Harvest Festival are now being accepted. The Bicentennial theme will highlight this year's annual celebration and will be used in the 500-unit parade. Special contests planned include a beard contest for the men and a Bicentennial costume event for women.

Francis Sanders is chairman of the Festival.

If you ever see an editor who pleases everybody, he will be neither sitting nor standing, and there will be a lot of flowers around him.

60 YEARS AGO

A pretty social event was held at the beautiful home of Mr. and Mrs. Cleotis Smith, Friday evening, when members of the Mother's Club gave their annual banquet in honor of their husbands. About nine o'clock Mrs. Dr. Ferry President of the club, led the entire company to the room where a delicious dairy lunch was served. All enjoyed the evening and went home feeling glad to be one of the club.

Less than a year ago, Forest Higgins and Kenneth Personett, both from last year's graduating class of the Akron High Schools, went to North Dak. They could get no work here and concluded to go out in the great bread basket and help the farmers harvest out there. They soon found each one a job, but not in the harvest field. They have had in door work all winter. We do not know what Forest is getting but Kenneth is getting forty dollars per month, board, room and washing thrown into the bargain. Forest is doing as well as neither of them are coming sooner than next fall. They are satisfied and making money.

This office is printing the 1916 Telephone directories for Akron, Disko and Laketon. We are printing and binding almost 1200 of these books each of 40 pages, and carrying the other business of this office along with this big job. Mrs. E. J. Walton is the only outside help we have and our readers may know that this is the busiest place in the county. Mr. and Mrs. Harmon, John D. and Mrs. Coma King assisted in some of the preliminary work and every effort has been made to make this issue of the directory as nearly complete, up-to-date as possible and we are trying to do better work and binding than we have ever done before on a like job. We want these to stand as a sample worthy of this printing office. If we happen to be a day late on the paper, our readers may understand why we are late.

"I began reading meters 25 years ago and today people are using five times as much electricity as they did then," says Bernell Smith.

Meter Reader Bernell Smith, Kokomo

Sure, electric rates—like everything else—have gone up in the last few years. But a major reason electric bills are bigger than ever is that people are using more electricity than ever. Our average residential customer uses over 9,400 kilowatt-hours of electric energy a year. In 1950, he used about 1,760 kilowatt-hours. The average cost of a unit of electricity is still just about what it was in 1950 but it will keep going up as long as we have inflation. Compared with everything else you buy, electricity is still a good value.

# St. Patrick's Day Parade

AGRI-CENTER, Inc., Mentone, was honored recently at a dealer banquet in Logansport. Accepting the award is Paul Haist, right.

## St. Patrick's theme highlights Jolly Good Neighbors meeting

A St. Patrick's Day theme highlighted the March meeting of the Jolly Good Neighbors Club at Mrs. Harold Hile's home. Betty Bowen gave devotions. Health and safety remarks by Ann Reuter stressed the need

for bulk in the diet for good health. Garden remarks concerned planting seeds in hot beds, trimming fruit trees and bushes and repotting house plants. Ben Franklin was the subject of the citizenship lesson.

Nine members and two guests, Mrs. Lester Kindig, and Mrs. Dale Stiffler, answered roll call by telling men listed in history books. Door prizes were won by Florence Bowen, Lillian Jamison and Eunice Jamison.

Refreshments in keeping with the St. Patrick's Day theme were served to the members and guests and three children. A seed and bulb auction followed.

The April 28 meeting will be at 1:30 p.m. at Mrs. Oscar Bowen's home on CR 800 So. Mrs. Jay Leiter will be co-hostess.

### Hospital Auxiliary dues solicited, charities listed

The Fulton Co. Hospital Auxiliary dues are due, according to a committee composed of Mrs. Ed Gray, Mrs. Paul Bowen, Mrs. Joe Day, Mrs. Roy Meredith, Mrs. Robert Runkle, Mrs. Lee Marsh and Mrs. Doin Smoker.

Dues for active members are \$1 per year; inactive, \$2. Those who wish to contribute may make donations of \$5 or more.

Since reorganizing as a county unit a year ago, the auxiliary has been very active and has accomplished several things, including:

- + Ownership of the hospital gift shop, which is manned by senior citizens who donate their time.

- + Sale of cutlery and sponge dishwashers and Marian Kay spices and flavorings.

- + Remote control TV in each room. This is done, not as a money-

maker but as a service to the patients.

- + Baby picture service and giving a bassinets for new mothers to use when they take their babies home.

- + Helping purchase a defibrillator for use on suspected heart patients

coming into the hospital.

- + Donation of mist and fog tent for respiratory ailments and children's feeding and play table.

- + Installation of a new magazine rack in the main lobby and making magazines available to people who need to wait.

### Franklin assessing

Don Smalley, Franklin township trustee, will be at the Mentone Town Hall Saturday, March 27, from 9 a.m. until noon to assist residents with their assessment forms. He will also be in the office Saturday, April 3, during the same hours.

#### PATRICK HENRY

Patrick Henry raised the cry against the Stamp Act. He introduced resolutions in the Virginia House of Burgesses, so strong patriotically they were defiant. March 23, 1765, in a voice that startled even those aware of his eloquence, he shouted, "The war is actually begun! Why stand we here idle?...Is life so dear, or peace so sweet, as to be purchased at the price of chains and slavery? Forbid it, Almighty God! I know not what course others may take; but as for me, give me liberty, or give me death." His speech gave powerful impetus for action for freedom by the colonists.
