NOTICE AKRON'S 4TH OF JULY NEEDS YOU

Akron's 4th of July celebration--what does it mean to you?

The parade--the bands--the chance to visit with friends, old and new--entertainment--fireworks--community involvement--they're all part of Akron's 4th, an annual salute to the community's and the nation's shared birthdays.

Now for the BIG question. How much are you willing to do to have it continue?

The Akron Chamber of Commerce needs your input. Do you want the town's traditional celebration to continue?

Would you be willing to serve on the 4th of July committee?

If you can answer yes to these questions, contact Randall Leininger, Kevin Deardorff or Marvin Gagnon prior to March 10.

If they don't hear any evidence of support, there will be no 4th of July celebration in Akron this year. The choice is yours.

Lake Area Writers Guild

The Lake Area Writers Guild met February 7 at the Warsaw Community Library in a working session. Following a business meeting, several members read aloud some of their work for comment, and assistance from the rest of the group.

The Guild also welcomed four new members at the February meeting. Cleo Flowers, Norma Roose, Steve Wensley, and Jennifer Wilcoxson all became members at the last meeting. Welcome to the Guild! We look forward to a long and happy association.

The next meeting will be March 7 at 7:00 p.m. in the meeting room of the Warsaw Community Public Library. The speaker will be Lea Hudson, author of a children's book, and teacher of creative writing and composition at Grace College. She will tell the group how "You, Too, Can Be a Writer", with tips on how to beat Writer's Block, the nemesis of every writer.

The Lake Area Writers Guild meets on the first Wednesday evening of every month. The Guild welcomes anyone who is interested in any aspect of writing. Our goal is to offer support, inspiration, and share information. The Guild is building a file of guidelines from various publications, and sample copies are available from many of the publications to the members at each meeting.

Beaver Dam Alumni seeks new members

Beaver Dam Alumni is seeking new members. Anyone who attended Beaver Dam, graduated, did not graduate or is just interested in the old school is invited to attend.

The Alumni is holding their annual dinner on April 22 at 1:00 at Tippecanoe Valley High School and tickets are \$8.00. For more information contact Sherri Shewman Route 2, Akron.

Valley loses to Wawasee 65-66

Tippecanoe Valley won their first game, Wednesday night, against Rochester, 82-66. But lady luck was not on their side, Friday night against Wawasee, Friday night, as Valley lost their game in the last few seconds, 65-66.

Pictured above is Senior Steve Dunnuck in Friday night's game. Steve has played four years of Viking basketball and tennis. He will be college bound next year to Purdue University hopefully to further his basketball career.

Valley will be losing one more Senior, Scott Smith, which has played four years of Viking football and basketball. Scott plans on attending college but is yet undecided on which college to attend.

A Century of Words

Editors note: This was submitted by Robert O. Noyer from Winchester, Va.

February 28th every day, every instant of time is an anniversary when connected to a similar date in time past; what makes this date memorable is a crumbling, yellowed copy of a small town weekly newspaper dated February 28, 1890. The Akron (Indiana) Eagle, edited by my grandfather, is typical of rural papers of that time, making interesting reading for the contrast to our present papers.

Physically the Eagle's four pages, in folio, are a familiar size, except four inches wider, resulting in seven columns compared to our six. The front cover page contains no ads, the remaining three have about two-thirds of the space devoted to ads, with the back page literally a catalog of patent medicines with outrageous claims. Small print, perhaps two-thirds the size we are used to, was hand set under coal oil lamps.

The Eagle displayed no bold headlines as such, only column heads in slightly larger type. One front page story entitled "MEN SKINNED ALIVE" was followed in the fashion of the day by "Horrors of War in the Wilds of Tongking," further followed by "An adventure with Pirates-How the Cruel Chinese are Punished-The Torture of a French Officer Terrible Avenged." With a byline from the North China Herald, this lurid "grabber" shared space with a piteous tale of "The Patient Widow," subtitled "A Childhood Legend Which is as True as it is Pathetic," detailing a wayward drunken husband, a destitute wife taking in washing and a reconciliations at the end, from the Detroit Free Press.

Little if any outside news was available or printed; most of the non-local text came from big city papers via mail. Telegraph service was through the railroad depot, when the agent copied some interesting bit sent along the line by other operators. Such news was rarely printed since it might well occur a week before a publishing date. These local papers filled their pages with "canned" bible teachings, farm advice (The value of Corn fodder), language usage (do not say "Dorg," say day dog), and the real news of a small town was who went where, who is sick, who visited or entertained. This was the stuff the locals wanted to read.

It was difficult to discern where local happenings ceased and editorial comment started. There was long piece on the controversy over the location of the 1893 World's Fair, bringing in cuts from outside papers, and liberally laced with somewhat caustic editorial remarks. Another amusing piece spoke against the "graveling" of the dirt roads. grandfather asked: "What do we want with better roads than we now have? True there has been a thin upper crust of mud on the surface which has made us drive a little slow, but this condition has its advantages. One can get a better view of the country. No, there is no necessity for taxing the people to death to build gravel roads." Another item concerning a revival meeting noted the lack of attendance due to poor road conditions!

The ads were the comics of today. Consider: chicken-7 cents, fresh butter-12 cents, a worsted suit-\$15. The patent medicine ads abound: sure cures for cancer, fits, catarrh, consumption and constipation. Bile Beans were big, as was Salavation Oil, Mother's Friend, and Dr. Wau-Kc-Maugh's Indian Medicine (Cures fits, fits, fits). And lastly, Frank Dillon requesting all who owed him money, to pay up as "I need the money."

Let's be too smug, note that there were no misspellings or lapses of grammar and only one typo--all this handset and edited by people we would call uneducated now.

Akron Town Council meeting

The regular Akron Town Council meeting opened at 7:00 p.m. with the reading of the minutes which were approved as read. Marty reported tools that were asked for and approved last month have been delivered as well as a 10 foot ladder to remain in the fire station. Bob Allen inquired about a State Flag but found that the price was extremely high, so they are checking with some state organizations to see if possibly one could be donated to the Town.

The copier purchased from John York & Associates is in place and works well. Marty said we need a letter of intent on the signage grant, he has maps needed and needs quotes on sign prices with proper forms to be sent to the Grant Administrator, Division of Traffic Safety At Indianapolis. He also reported that with the ice storm and the generous loan from Akron Concrete of a dump truck that he and Town employee Rodney Wright had hauled 78 loads of branches with some yet to be picked up. The Council would like to extend their gratitude to Akron Concrete for their donation in time of need. Marty also reported Public Service has a 20 foot easement rights to get onto land adjacent which has recently been sold, but to whom is not yet known. Also need for easement form Sterling Management. All this involves new water line on north boundary for the new Akron Garden Apartments.

A new chainsaw that Marty asked for was deferred until later. This came about because of last weeks ice storm. Spring courses for Municipal Sewage are starting March 2, and Marty would like to attend. The cost is \$128.00, The Council granted the tuition but not mileage.

The Clerk reported that T H Landfill has increased their rates again to \$4.50 per cubic yard, which means \$85.50 per load.

The Council for the Town of Akron unanimously denied the claim of Brian L. and Jack S. Caudill for damages as of July 7, 1989, which involved a car accident between Brian and Marshal Tim Fleck.

Akron Seventh and Eighth grade girls basketball

The Flyers entered Trojan Country on the 27th. Triton edged Akrons 7th graders 21-17. Scoring for the Flyers. Cassey Pontious seven points; Tami Unzicker and Kalynn Parker four points each; Beth

McFarland two points. Tritons 8th graders won a 29-25 decision over the Flyers. Akron scoring, Lichelle Paxton, five points; Tammie Reese, four points and Angie Howard and Jennifer Lukens and Heather Smith, three points each; Shelli Day, Angie Smith, Cara Cumberland had two points and Jessica Ellenwood had one point.

Akron drew Triton in the 4-Way Tourney. The Tourney was played at Mentone last Saturday. Triton 7th grade won 21-14. Flyers scoring was C. Pontious, five points; A. Sheetz, four points, K. Parker, three points; J. Barrette, two points; Tritons 8th grade won 35-30. The Trojans Amy Feldman, a super ball handler and great shooter, added points each time Akron got close. Scoring for Akron was J. Ellenwood, T. Reese, each had eight points; L. Paxton, six points; S. Day, four points; A. Howard and H. Smith each had two points.

Tourney winners were 7th grade Mentone and 8th grade Triton.

Akron High School has just received its Charter for establishing a chapter of the National Honor Society. The membership list for this organization will not only be based upon scholarship as was the case for the honor roll but upon leadership, character and service to school and community. A major advantage of this organization's membership list over the honor roll is that the National Honor Society has a fine scholarship program and every year honor society scholarships are awarded to outstanding graduating members. In 1963, 207 scholarships valued at \$131,500.00 were made available to National Honor Society members.

The following contribution was submitted by Mrs. Patricia Alger Schultz, (Zeno), and was also published in the Hoosier farmer magazine. She also won a 1949 Hoosier Farmer poetry contest as a college student. Eccentric. Spinster. Peculiar. Odd. Is it So queer To Don't What other people do?

Joyce Hatfield attended a slumber party Friday evening at the home of Gloria Camp.

Mr. and Mrs. Charles D. Saner, route 2, Akron, are the parents of a daughter, Yvonne Renee, born Feb. 26 at Woodlawn Hospital. She weighed 8 lbs, 9 oz. Grandparents are Mr. and Mrs. Ray Shelmadine and Mr. and Mrs. Homer Saner, route 2, Akron.

Mr. and Mrs. Fred Heckathorn of Rochester are the parents of a son, Brent Alan, born Feb. 26 at the Woodlawn hospital. He weighed 6 lbs. 12 oz. The Heckathorns have one other child, Robin Lee, age 3. The mother is the former Merlee Smoker of Akron. Grandparents are Mr. and Mrs. Doin Smoker and Mr. and Mrs. Kenneth Heckathorn. Maternal great-grandparents are Mr. and Mrs. Charley Smoker.

Nearly all of the Silver Creek community was dug out of the drifts by Sunday morning except the road past the Silver Creek Church. The Kinneys and William Gagnon's met with Rev. and Mrs. Martin at the parsonage for Church School. Twenty met at the home of Mr. and Mrs. Lawrence Gagnon's and twenty nine met with Mr. and Mrs. C. C. Tullis for Church School. Between 3:00 and 5:00 Sunday afternoon, a one way road was plowed through.

A weather recording instrument, released by the U.S. Weather Bureau station at Baltimore, Maryland, came down in the Harry Eaton field at Beaver Dam lake this week. It was found by Emmett Eaton, who return it to the station and receive a reward. The radio Meteorograph ascends by means of a balloon. At the greatest height the balloon bursts, returning the device to the ground. While it is in the air, it acts as a radio broadcaster of temperature of the air, moisture in the air, and also the height in which it is passed. It has a small broadcasting device which conveys the message to the station.

SCHOOL NEWS: The Sunshine Society had its annual Mother and Daughter Banquet last Wednesday evening at 6:30 in the gym. The mothers were served by their daughters buffet style and were then seated at a horseshoe shaped table. At the speakers table were the president, Alice Groninger and her mother, the vice-president June Slaybaugh and her mother. After supper, the welcome to the mothers was given by Alice Groninger and the response by Mrs. D. L. Slaybaugh. After this, a solo was given by Betty Rose Hary. She sang "Mother". The group next sang "Let me Call You Sweetheart" and "The Long Long Trail". An octette next sang "Among My Souvenirs" and "God Bless American." A poem dedicated to the mothers of the world was read by Jean Seiber. To close the banquet, Vera Landis led in a Professor Quizz contest which was held on the stage. The contest was between the Mothers and daughters with the daughters winning a box of candy.

Mr. and Mrs. Estil Bryant and David, Betty and Jeane entertained Mr. and Mrs. George Smith and children at supper Wednesday evening in honor of Jeane's birthday.

Debbie Owens, Laura Elizabeth Pennington and Janie Lester, timer.

Mr. and Mrs. Louis Weissert were honored on their 40th wedding anniversary by their family, Mr. and Mrs. Gene Neidigh and children, Mr. and Mrs. Harold Swihart and children, Mr. and Mrs. Hollis Wiseley, and Mr. and Mrs. Kenneth Swihart and family at Schori's in Plymouth. Homemade ice cream and cake was enjoyed later at the Neidigh home.

The Mentone Bulldogs upset the county Champs, the Claypool Knights, in Thursday night tourney action by a 72-61 score. It was the third time the two schools had met in this season and Claypool had been victorious two times. The Bulldogs defense was so strong that Charlie McKenzie was limited to only 14 points, his lowest output of the season. McKenzie ended the season with a record-breaking 774 point total. The game also marked the end of Claypool's team as Claypool will merge with Warsaw next year. High for Mentone was Rex Bowser with 24 points and he was followed by Bill Sisk with 17 and Lee Richey with 14.

Robert Riewoldt, manager of the Midwest Spring Mfg. Plant at Mentone, was a rather puzzled gent Wednesday when he received a letter containing only about the last two letters of the alphabet. It seems a couple of determined engineering students in Yugoslavia saw a U.S. trade journal containing an advertisement of the Midwest Spring Co. They had Bob's correct name and address, and wanted to know if he might have a few old sliderules they could have. They stated, in their very best English, that it was almost impossible for them to become good engineers without sliderules. (My guess is there will be a couple of lads have sliderules before long.) The names signed to the letter were: Zdenko Hirshler and Zlatko Kapelina, Zagreb, Yugoslavia. (This news should increase egg production for, up to now, the hens have been getting all the glory for advertising Mentone far and wide.)

The barn on the Chester Coplen farm, burned last Thursday evening. Origin of the fire is unknown, but neighbors saw the bright glow in the sky and called the Mentone and Burket fire departments. The farm was formerly occupied by Alden Jones and just one year prior the house burned to the ground. Mr. Coplen who purchased the farm about a year ago, stated that even though the barn was wired for electricity, there was no current in the wires. In addition to the loss of the structure, Mr. Coplen has almost four hundred bushels of corn in the crib, Alden Jones had quite a quality of new lumber stored there and Chester Ballenger had some hay and straw stored there.

The Mentone schools closed on Monday, due to the coal shortage, and until further notice when an adequate supply of coal can be assured will remain closed. Other neighboring schools have been forced to close, also, because of the fuel shortage.

Maude Snyder presented ten students in the music contest at Nappanee. They were: Marita Tucker, voice; Marilyn Rathfon, voice; Carol Ann Dickey, voice, Barbara Hoover, voice and piano; and Carol Rathfon, voice. All made splendid ratings.

Talma was a ghost town from three a. m. Monday until 6:15 a.m. Tuesday morning, due to a break in the electric lines, due to the heavy sleet storm, which hit here late Sunday evening. The telephone lines were also out for sometime.

"Two Masters" at Silver Church of God

"Two Masters" at a time when grave financial pressure threatens the stability of our families and the ministry of our churches, Evangelical Films releases a timely new motion picture, "Two Masters."

Not since the days of the "great depression" has the church and its people been so gravely threatened by widespread financial failures! In response to this dire threat, Evangelical Films has produced a motion picture to help every Christian with their financial stewardship. Designed to challenge its viewers in this important area of their spiritual life, "Two Masters" dramatically addresses the topics of family budgeting, the setting of financial priorities, and the biblical basis for stewardship.

"Two Masters" - an exciting film for every church and every Christian.

"TWO MASTERS" now showing at Silver Creek Church of God, March 11, 1990 at 7:00 p.m. Silver Creek Church of God is located south of Silver Lake, 2 miles on S.R. 15 to county line, then west 1 1/2 miles.

THE MONTH OF MARCH, PEOPLE CAN BE UNPREDICTABLE

March is perhaps the most unpredictable month of the year. It can inflict more snow and freezing temperatures on an already winter-weary population, it can warm up for some balmy spring days, or it can turn unseasonably hot. Along with the inevitable wind, this has given rise to the lion/lamb description of its entry and exit. As we all know, there are some people like that. They can never make up their minds about what they want to do or where they want to go. They just drift along, without any roots or goals, and seldom accomplish anything worthwhile. If you have been floundering in this manner, help is at hand at your House of Worship. Just seek the Lord's guidance and let Him point you in the right direction. He put us all here for a reason, and He knows where we belong. All we have to do is trust Him.

Smart Saver Program promotes energy efficiency

Public Service Indiana has a new program guaranteed by the company to bring indoor comfort and energy savings to homeowners.

"When we asked our customers what they wanted in home heating and cooling, they said savings and comfort," said Michael C. Lyle, PSI's director of Marketing. "To address this, we created

the Smart Saver program which combines energy-efficient constrictions and equipment to achieve comfort and savings. Customers with Smart Saver homes also get our Comfort Guarantee. If homeowners are completely satisfied after one year, we'll replace the heating and cooling system with the fuel of their choice."

To qualify for the program, a new home must be built to meet the Indiana Energy Conservation code and have a qualifying geothermal or high-efficiency air-to-air heat pump system. An existing home could have either of these electric heating and cooling systems or a high-efficiency ad-on heat pump.

For both new or existing homes, the heating and cooling systems must be installed by a technician certified by the Refrigeration Service Engineers Society. This, Lyle said, will help assure quality installations. PSI will provide further quality assurance by inspecting the installations.

A heat loss/heat gain calculation will be done to tailor the system to the family's needs and establish air-flow requirements. Ductwork must be within the heated area of the home or insulated to an R-19 level. As a final Smart Saver criteria, homes must have electric water heaters.

"Along with comfort, our innovation program will help assure customers are getting quality, energy-efficient heating and cooling system installations," Lyle said. "This coupled with our competitively priced electric rates will give customers greater control over their home energy bills."

For complete details on the Smart Saver program and its Comfort Guarantee, contact your local Public Service Indiana office call 1-800-622-Heat.

NEW MINISTRY AT THE AKRON CHURCH OF GOD

The Akron Church of God is expanding its ministry to singles. Under the direction of Pastor Matt Williams and Duane Rettig, singles director, the group of nine are currently working on building relationships. The main objective right now is to provide fellowship with other single individuals. Pastor Matt realizes how lonely people can be without a group to identify with, and the church is trying to fill that void. Pastor Matt also realizes that this ministry is not just for singles at Akron Church of God, but for the Akron and surrounding communities.

The group meets every Sunday morning during the Sunday school hour at 9:30 a.m. Then once or twice during each month, depending on everyone's schedule. Hopefully, as the group grows and gets better acquainted, the group will meet more often. For more details, call Akron Church of God at 893-4121 between 8:00 a.m. and 12:00 noon, Monday through Friday.

So, if you have never been married, and are between the ages of 18 and 30, you are invited to become a part of the "Singles Group", designed just for you, at the Akron Church of God.

Mother Daughter Pageant planned

Applications are now being accepted for the 1990 Indiana/Michigan Mother/Daughter Pageant regional finals to be held August 25 and 26 in Fort Wayne, Indiana. This will be the third year that competition has been held for the Indiana/Michigan Mother/Daughter Pageant. One team will be selected to represent the 2-state region of Indiana and Michigan. The reigning Indiana/Michigan Mother/Daughter team is comprised of Jan Haviland and her daughter Karla Kirkwood of Indianapolis.

The Mother/Daughter Pageant emphasizes traditional family values in modern mother/daughter relationships. Each mother and daughter compete as a team in all phases of competition, providing them the opportunity to share some very unique experiences. Each team competes in three categories of equal weight: Personal Interviews, Swimsuit and Formal Gown.

The regional winners will represent Indiana and Michigan at the Mother/Daughter U.S.A. Pageant to be held in Florida in November. Daughters must be at least 16 years of age by November 1, 1990. They may be single, married, separated, divorced or widowed.

Mothers may be of any age and of any marital status. Both contestants must be U.S. citizens and at least one member of the team must be a permanent resident of either Indiana or Michigan.

The contest is produced in Indiana and Michigan by Thomas Daniel Productions, Ltd. For applications and further information contact the Indiana/Michigan Mother/Daughter Pageant, 8480 Fredricksburg Road, Suite 288, San Antonio, Texas, 78229.

Poems wanted for contest and anthology

Poems are now being accepted for entry in Sparrowgrass Poetry's Forums new "Awards of Poetic Excellence" poetry contest. Cash prizes totaling \$1,000 will be awarded, including a \$500 grand prize. The contest is free to enter.

Poets may enter one poem only, 20 lines or less, on any subject, in any style. Contest closes March 31, 1990, but poets are encouraged to send their work as soon as possible, since poems entered in the contest also will be considered for publication in the Fall 1990 edition of Poetic Voices of America, a hardcover anthology. Anthology purchase may be required to insure publication, but is not required to be eligible for the prizes. Prize winners will be notified by May 31, 1990.

"If you are a new or emerging poet, we especially want to see your work," says William H. Trent, editor. "We are looking for sincerity and originality in a wide variety of styles and themes."

Poems should be sent to Sparrowgrass Poetry Forum Inc., Dept. D, 203 Diamond St., Sistersville, WV 26175.

1990 Easter Seal Child to meet Governor Bayh

Mr. James Atherton, Chairman of the Indiana Easter Seal Society's Board of Directors, announced the name of the child that will represent the Society as the 1990 Indiana Easter Seal Child. Bradley Cottrell of Indianapolis was selected as this year's representative. Bradley, son of Marjorie and Carl Cottrell, is four and half years old. He was born with an absence of muscles in his extremities and his elbows are in a fixed position.

Bradley receives Easter Seal services from the central Indiana Easter Seal Society at Crossroads Rehabilitation Center. He attends the Children's Developmental Program, Occupational Therapy, Physical Therapy and Speech Therapy. Bradley's mobility was recently increased when he received a new motorized turbo chair.

The 1990 Indiana Easter Seal Campaign will begin on March 1st. As part of the official opening, Bradley will meet with Governor Evan Bayh on March 2nd. Bradley will be joined by Mr. James Atherton as they present Governor Bayh with the first sheet of 1990 Easter Seals.

Bradley will be a featured guest on the Easter Seal Telethon, being aired for the first time in its 19-year history in Indianapolis.

As the 1990 Indiana Easter Seal Child, Bradley will represent the Society at various functions throughout Indiana for all of 1990.

Student of the Week

The "Students of the Week" were unintentionally misidentified in last weeks paper. We apologize for this error. Pictured above is the correct "Students of the Week" front row: Lindsey Arnett, Laura Stephens, Tommy Gohn, Timmy Michael, Cody New, and Justin Gaylor. Middle row: Mark Wortley, Luan Stephens, Bobby Honeycutt, Kelly Fisher, Ryan McLaughlin, Erin Anglin, and Anthony Simpson. Back row: Josh Spangle, Chrystal Vandermark, Heather Smith, Malinda Furnas, and Keya Justice. (News Photo).

The Akron School "Students of the Week" for February 26, 1990 are pictured above. Front row: Nathan Stroshein, Diana Hartzler, Cory Smith, Tara Studebaker. Second row: Brian Love, Rafall Villalon, Alana Carr, Autumn Phillips. Third row: Melea Overmyer, Bryan Sherk, Chris Wilson, Shawn Bucher, Christy Powell. Forth row: Andy Holloway, Anina Gast, Priscilla Villaton, Ben Bowman. Not pictured were: Jonathan Carpenter, Andrew Heckaman, and Bernie Weinberg. (News Photo).

Mentone Science Fair

The "Mad Scientist" a.k.a. Assistant principal, John Waymire, recently visited every classroom performing science experiments in an effort to publicize the science fair March 13.

Come to the science fair, see the "Electric Potato." Watch a hovercraft in action. Try a "Baked Apple the Solar Way." Does color affect learning? Do TV shows affect sleep? Come to the science fair and find out. Science is indeed fun!

Mentone Elementary and Junior High School will hold its annual science fair on

Tuesday, March 13, 1990 in the Mentone School gym. Public viewing begins at 6:00 p.m. and the awards ceremony begins at 8:00 p.m.

On display in the Mentone gym, will be almost 450 individual science projects from 630 kindergarten through eighth grade students. (The Mentone School Science Fair is the largest science fair in the area. Local winners go on to the Fort Wayne Regional on March 17.)

JUST THINKING

Today is your day and mine, the only day we have, the day in which we play our part. What our part may signify in the great whole, we may not understand; but we are here to play it, and now is our time. This we know. It is a part of action, not of whining. It is a part of love, not cynicism. It is for us to express love in terms of human helpfulness.

Senior Citizens, come join us for a well balanced meal and fellowship. For your meal reservation please call 893-7204, the day before you plan to join us between the hours of 9:00 a.m. to 12:30 p.m. We are serving our meals at 11:30 sharp, Mondays through Friday except for Holidays or our once a month Pitch-in-dinner.

As always, a big thanks to all my volunteers, your great!!!

The menu for the week of March 12 through March 16 is:

Monday - Swiss steak, scalloped potatoes, cole slaw, wheat bread, pineapple juice, milk, coffee.

Tuesday - Smoked sausage, mashed potatoes, sauerkraut, white bread, peaches, milk, coffee.

Wednesday - Chili, toss salad, California blend vegetables, crackers, tapioca pudding, grapefruit juice, milk, coffee.

Thursday - Turkey, sweet potatoes, spinach, dinner roll, cranberry salad, milk, coffee.

Friday - Beef chow mein, creamed beans salad, glazed carrots, oatmeal bread, chow mein noodles, milk, coffee.

Mentone Nutrition Site

Real Services Nutrition Program invites persons age 60 or older to attend the meal site at the Community Room, Fire Station, Mentone. The telephone number is 353-7555. Please make reservations 24 hours in advance.

The menu for the week of March 12 through March 16 is:

Monday - Sausage gravy over biscuit, steamed broccoli, mixed fruit, tomato juice, milk, tea, coffee.

Tuesday - Sliced baked ham, buttered sweet potatoes, green beans, rye bread, margarine, cherry birthday cake with pink icing, orange juice, milk, tea, coffee.

Wednesday - Chili con carne, 8 squares saltines, lime gelatin salad with shredded cabbage and carrots, peaches, grape juice, milk, tea, coffee.

Thursday - Breaded chicken fillet on bun with lettuce and mayonnaise, pea salad with cheese, chilled stewed prunes, apple juice, milk, tea, coffee.

Friday - Irish stew with potatoes and onions, steamed cabbage, barmbrack (raisin bread), margarine, apple puddenpie (apple crisp), tomato juice, milk, tea, coffee.

Menus subject to change without notice. Due to the diets of some people the food is not highly seasoned.

Any Alderney cattle left in the U.S.?

Alderney is a small rocky island off the coast of Normandy France in the English Channel and is the home of a breed of dairy cattle that originated there. While occupied by the Germans during World War II, all the Alderney cattle were butchered. The citizens of Alderney would like to have them back.

The Alderney cattle are similar to Jerseys and Guernseys in that they produce milk high in butterfat content. At one time there were Alderney herds in the U.S. The Aldernians would like to know if there are any left. They'd like to know the locations of any remaining animals so that can be acquired to rebuild the herd on their island.

Can you help? If you know of any remaining Alderney cattle please contact the Fulton County Soil and Water Conservation District at 223-3220 and we'll place you in contact with those working to restore Alderney's lost herds.

Junior Achievement program begins

Junior Achievement's economic education programs have begun for the spring semester at Tippecanoe Valley High School. The local Junior Achievement Board of Directors is headed by Chuck Drudge of Sonoco. Local business people, called "consultants", have been recruited by the board of directors to go into 12th grade classes to act as business role models and to share their business know-how.

Applied Economics is the Junior Achievement Program for 12th grade students. Applied Economics is a high tech, hands-on way of learning economics. It is a one-semester course for high school seniors and taught by a certified economics teacher. One day a week for 15 weeks a business person from the community related the theories of economics to their job, company and personal experience. Junior Achievement provides the school system with textbooks, workbooks, computer simulations, and a hands-on student economy kit. Applied Economics makes economics practical, usable, and relevant for high school seniors.

The local business consultants sharing their expertise through Applied Economics are:

Phil See of Lake City Bank and they will be in the classes of: Duane Burkhardt.

Junior Achievement is a non-profit organization dedicated to the economic education of our youth since Junior Achievement began in 1919. With the traditional JA company, a small company is formed

by high school students who meet one evening a week for 30 weeks. Today, the majority of the over one million students Junior Achievement reached nationally are enrolled in the above in-school programs.

Locally, the Mentone; Akron Junior Achievement Board involves 25 students in learning about America's Free Enterprise System. These students will then be able to preserve and improve upon our system and at the same time become better consumers, employees, future employers, and voters.

Talma Grace Bible Church special service

The Talma Grace Bible Church would like to invite the community to a special Sunday service, March 18, 1990 at 10:00 a.m. The service will be presented by the Rose Christian Fellowship-Inter Varsity chapter from Rose-Hulman College. They will be presenting music and messages from God's Word.

This group is made up of young men and women who will be in the area also on Saturday helping the church in many ways.

If you would like to know more about Inter-Varsity and the Talma Grace Bible Church, plan to attend the service.

March is designated as Disability Month

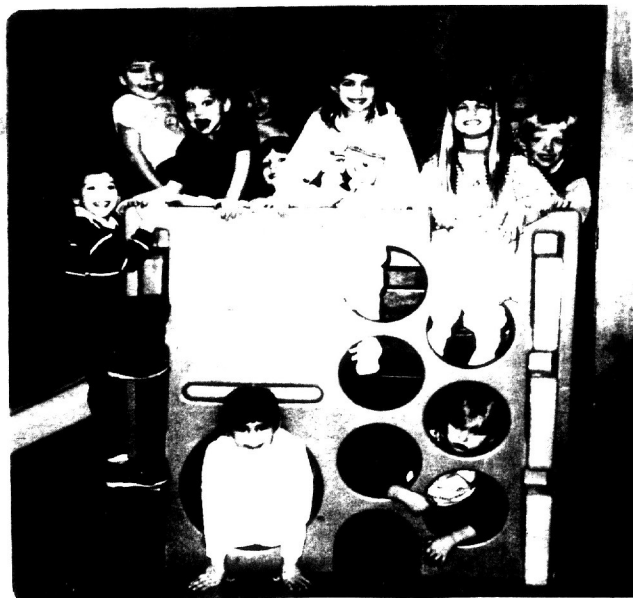

Special teachers at Akron School

March has been designated nationally as the month to celebrate people with disabilities by the U.S. Senate and House of Representatives. Akron School provides a variety of educational services to students with any variety of disabilities. Pictured from L to R: speech and hearing pathologists, Susie Kinney; Jina Newman, teacher of mildly mentally handicapped students in grades 1-4; Dianne Ellworth, teacher of mildly handicapped students in grades 5-8; Chris Campbell, teacher of students with learning disabilities; and Sherri Shewman and Dianna Shoemaker, instructional assistants who work with disabled children.

Akron School encourages you to be more understanding and aware of what it is like to have a disability.

New jungle gym at Jack and Jill's Nursery

The Jack and Jill Nursery School purchased a jungle gym recently. It was purchased from a fundraiser the school had, by selling apples. Pictured above is the four and five year old afternoon class.

Akron Police Department seeks full time Deputy Marshal

The Akron Police Department is seeking an individual to fill the full time position of Deputy Marshal in the Akron Police Department.

Requirements are a high school diploma and would prefer someone who has graduated from the Indiana Law Enforcement Academy, but is not required.

For more information and an application stop in at the Akron Town Building on Rochester Street or contact Marshal Tim Fleck at 893-4567.

Akron School Annual Basketball Contest

Akron School will host its annual elementary basketball program for students in grades 2-5 on Thursday evening, March 15, beginning at 6:00 p.m., at the Akron School gym. This activity serves to raise funds for the Akron Fourth of July committee. A cake raffle will be held and concessions will be available.

BOY SCOUTS TO DO ODD JOBS

The past year, Akron Boy Scout Troop 245 have raked yards and done chores to help people unable to do these jobs themselves.

This has been a very fulfilling experience for the boys and helped them understand the needs of the community better.

Once again this spring, the Boy Scouts would like to offer their help to those in need of their services.

With the boys busy schedule, they are limited on the number they can get done, so they will take jobs on first call basis. The Boy Scouts do not charge for their services, but will except donations if anyone wants to donate. All donations are used to pay for Boy Scout camp and scout supplies.

If you would like help, please call 893-4534 (Royce Allison). We plan to start this project the first part of April.

Work begins on Fitness Course

Saturday, March 17, has been set as a workday for the construction of the Akron Community Fitness Course. Equipment and manpower will be needed to move dirt for the fitness path and 20 accompanying fitness stations. Anyone wishing to assist should report to the Akron School at 7:00 p.m. Please bring shovels, rakes, and other handtools that could prove useful. Anyone having questions may contact Brett Boggs at Akron School 893-4646 or 4633.

Bayh announces recycling program at DNR properties

Indiana Governor Evan Bayh has announced that recycling programs will be in operations this year at most Department of Natural Resources properties in the state.

"People will have the opportunity to recycle items such as aluminum cans at many DNR properties," Governor Bayh said. "I encourage all Hoosiers to take advantage of recycling programs when they pay a visit to a DNR property."

Recycling programs will be in operations at all Indiana state parks, forests, reservoirs and fish and wildlife areas. Recycling programs will also be offered at some state historic sites.

The focus of the DNR recycling effort is on aluminum cans.

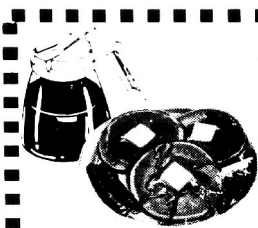

Recycling bins will be made available so visitors will have not have to throw aluminum cans in the trash. A few DNR properties also are involved in newspaper recycling.

KCH Pre-Op classes for children scheduled for March

Kosciusko Community Hospital Pediatric Pre-op Teaching Classes and Tour will be held the first and third Tuesday of March, March 6 and 20 at 7:00 p.m. in the recovery room at Kosciusko Community Hospital. Mr. and Mrs. Fred Laird and family, of South Bend, Mr. and Mrs. Herbert L. Laird, of Bourbon, Mr. and Mrs. Ivan Horn and Joyce Ann and Larry Horn, of Plymouth, spent Sunday afternoon at the home of Mr. and Mrs. John F. Laird.

On Saturday afternoon, sixteen boys and girls met at the home of Mr. and Mrs. Don Van Gilder and helped Martha Ann celebrate her fourth birthday. Games and contests were enjoyed, with prizes going to Pamela Hammer, Lyle Long, and Chips Gast. Cake and ice cream came as a fitting climax to the afternoon of fun. Decorations were carried out in the Easter motif. The little guest of honor received many nice gifts.

Kewanna, Leiters Ford, Culver and Rochester firemen Friday night saved the Leonard Shriver farm residence from destruction by flames after fire broke out there about 10 p.m., just as the family prepared to go to bed. Paul Shull, Kewanna fire chief who was first to arrive, estimated water and building damages at between \$1,000 and \$1,500. Shriver told Shull he had no idea how the fire started, but officials believed it may have begun from wiring or a stove pipe.

Suffocation by balloon

Raymond O. West, M.D.
"It couldn't happen," you say. "You can't kill a kid with a toy balloon!"

Unfortunately every year across North America kids die needlessly from suffocation by balloon. It isn't that they swallow or aspirate the balloon, although this occasionally does happen.

No, it's more dramatic than that. Death springs when the balloon bursts in their faces while blowing them up.

Picture this scenario: A five-year-old girl is helping her single parent mother get ready for her first birthday party. The other kids will be arriving soon and the little birthday girl wants to help mother inflate the colorful balloons. She has the mouth of a blue balloon between her lips, and she's two-thirds of the way toward complete inflation.

Suddenly the balloon bursts. The child first kneels to the floor, partially stunned, and then she falls face downward. Her little hands claw at her throat as she tries in vain to breathe.

Frantically her mother kneels beside her, then picks her up to perform a Heimlich Maneuver. Again and again she tries, without results. Her precious little birthday girl is dying in her arms.

Then, seemingly by inspiration, she sweeps her index finger into her daughter's mouth and clear back to the base of the tongue. She now hooks a finger or fingernail around the torn edge of a fragment of the blue balloon and draws it outward. Sobbing with relief, this resourceful mother begins to comfort her child.

There are some happy endings. But not always, for a bursting balloon can be a killer.

Here's why: When a balloon bursts, fragments are propelled in all directions, sometimes right into the mouth of the unsuspecting child.

Now, foreign bodies of many kinds can obstruct the airway. A peanut, a bit of cookie, a chunk of hotdog, a fragment of pickle. But balloons are different. They are light, and when a fragment strikes a surface of mucus membrane (like the throat), they stick. Thus the mother's Heimlich Maneuver was not effective.

We don't want to deplore the toy balloon as a children's plaything. Balloons are fun at most any age. Let's not deprive our kids of their colorful balloons, but let's prevent needless tragedies.

Prevention is easy. We simply teach our kids (after we've taught ourselves) to loosely clench their teeth whenever they blow into a balloon. If the teeth are closed, the balloon's stem is not permitted to go beyond the teeth, and the blowing is done through pursed lips, then a sudden exploding balloon cannot propel its fragments into the mouth nor into the airway.

Almost any child can learn the clenched-teeth method of balloon inflation. Adults can teach them, and then practice what they teach!

A word about the Heimlich Maneuver:

it works! it's usually easy to do. In fact, a victim can even do it on himself. It can be accomplished in most any position. All it requires is that clenched-fist thrust in the pit of the stomach. How gratifying it is to see an unchewed chunk of food, a wedge of tomato or pickle well up into the throat for easy finger removal--or even pop out like a cork.

Yes, thank you, Dr. Heimlich. How many lives have been saved as a result of your innovation.

But remember if it's a fragment of a balloon, you must go after it.

Let's live with our balloons but not forget their potential for disaster. Inflate your balloons through clenched teeth.

Flyer dollars given at Akron

To encourage and promote excellence in student school performances and behavior, Flyer Dollars have arrived at Akron School. Students may be presented with a Flyer Dollar by any faculty or staff, members (teacher, instructional assistant, secretary, bus driver, custodian, cook or principal) for any of the following reasons:

Respect the right of teachers to teach. Respect the right of other students to learn. Respect the right of other to be treated with courtesy and consideration. Respect the property of others.

Outstanding academic achievement/effort.

Outstanding classroom/school behavior.

Students will accumulate Flyer Dollars to be used at auctions to be held in the Akron School gym during the final week of school. There will be three separate auctions, one

for grades K-2, another for grades 3-5, and an auction for grades 6-8. Items for the auction will be provided by the school, area businesses, the community students and parents.

Pictured is Akron School third grade instructional assistant Cathie Lukens presenting a Flyer Dollar to student Lisa Conley, for outstanding academic effort.

YOUR HOUSE OF WORSHIP CAN LEAD YOU OUT OF TEMPTATION

You are basically a good person, but being a so-called "normal" human being, you have fallen into the trap of temptation somewhere along the way. Perhaps you are a worried but confirmed smoker, or the pressures of your job have caused you to drink too much or become involved with drugs. By now you may be addicted to the extent that it will take more than will power to overcome your habit, but don't give up. Try one of those treatment centers if you like, but also adopt a positive attitude. Think not how much fun your habit is, but instead, how nice it would be not to have to depend on it. For some real help, talk to the clergyman at your House of Worship. He will understand and not criticize or condemn. He knows you are sincere about it, or you wouldn't be there; and he can help you if you will let him.

National Girl Scout Week

Logansport, Indiana, March 1990. National Girl Scout Week is March 11 through March 17, 1990. With over three million members, Girl Scouts of the U.S.A. is the largest voluntary organization for girls in the world. Tribal Trails Girl Scout Council serves girls of all races, nationalities, religions, abilities, and socioeconomic groups in the countries of Carroll, Cass, Fulton, Howard, Miami, Pulaski, and Wabash. Tribal Trails had 5197 members registered during 1989 and welcomes new members throughout the year.

The Four Program Emphases are the goals of Girl Scouting. They identify the

ways in which each girl will grow through Girl Scout experience. Those goals are: developing self-potential, relating to others, developing values, and contributing to society. Many Girl Scouts attend church in uniform and help with the worship service on Girl Scout Sunday which is March 11, 1990.

Tribal Trails Girl Scout Council is supported by United Way or United Fund in each of the counties it serves.

Earth Day 1990

The Education Committee of the Arrow Head Country RC&D is announcing plans for several projects to coincide with Earth Day 1990. Earth Day 1990 will take place on April 22, twenty years after the first Earth Day.

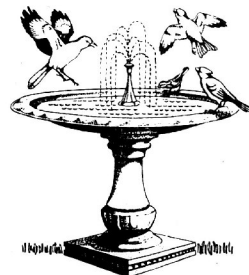

To encourage students to become a part of the celebration, the Arrow Head Country RC&D will be providing Earth Day packets to schools within the eight county RC&D area (Fulton, Jasper, Kosciusko, Marshall, Newton, Pulaski, Starke, and White). These packets will contain information about Earth Day, as well as, suggestions for Earth Day projects. Any class that implements an Earth Day project will receive certificates for each class member.

The Arrow Head Country RC&D will also sponsor a banner contest for grades K-3 and 4-6. The theme of this contest is Earth Day, Every Day. The deadline for submitting a banner is March 30. A county winner will be chosen to compete with winners from the other RC&D counties.

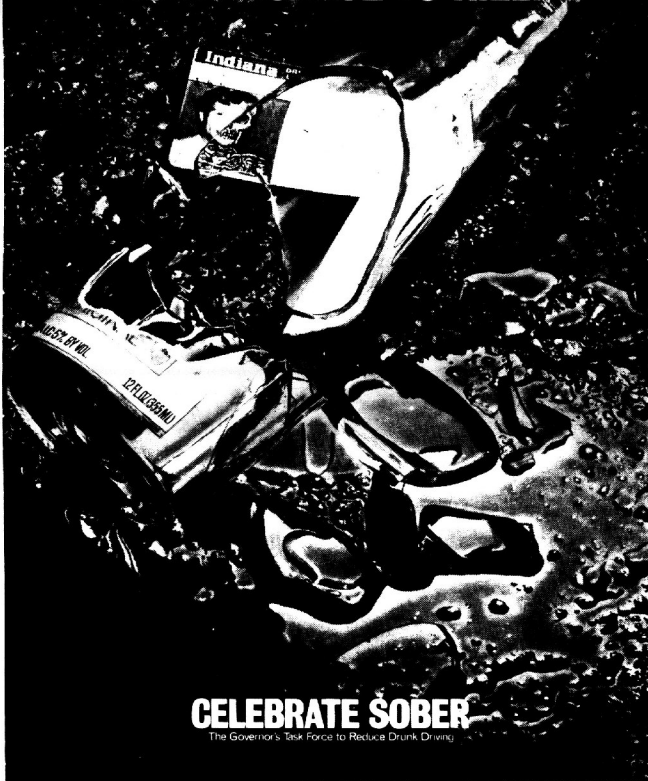

For teachers interested in incorporating environmental education into their

classrooms, a teacher's workshop is scheduled for April 25, at Camp Ella Logan in Kosciusko county. This workshop will include sessions on outdoor crafts, recycling, wetlands, lake habitats, a conservation hike and the Indianapolis Children Museum's H2O Show. A registration fee of \$15 will provide lunch and a packet of educational material.

For more information about any of these activities, call your local Soil and Water Conservation office at 223-3220.

Spread the word!

Help us get our share of \$4,000,000!

Choose  Peanut Butter

between February 1 and April 30, 1990.

No labels to collect—just wonderful Jif Peanut Butter to enjoy.

Jif is donating 10¢ for every pound of Jif Peanut Butter sold anywhere in the country during that time. These funds will be divided among schools like ours. \$4,000,000 is the goal, but the more Jif that's bought, the more money Jif will give.

Choose Jif—it makes a difference!

The Akron School is collecting cash register receipts that include the purchase of Jif Peanut Butter. Please circle the Jif purchase on the receipt and write in the size of the jar. This collection drive will continue through April 30, 1990. Akron School will receive 12 to 64 cents for each jar of Jif purchased before April 30, 1990. The money will be channeled to the Akron School Parent Support Council.

Views On Dental Health

H. RAY HAZEN,
D.D.S., M.S.D., P.C.

NITROUS-OXIDE ANALGESIA

Maybe you're skittish about going to the dentist. You probably put things off until you really have a problem that can't wait any longer. By then, there may be a lot of discomfort involved.

In this kind of situation, your dentist may suggest the use of nitrous-oxide analgesia. Nitrous-oxide is a very mild, synthetic gas that is inhaled through a nosepiece. Instead of feeling anxious or fearful, the patient feels relaxed. It's almost like being in a peaceful sleep. The patient has a detached awareness of what is happening but no discomforting sensation. He's given just enough of the analgesia to cover the period of time the dentist needs to complete his work. When he's finished, the patient "wakes up" as if from a short sleep.

Over-anxious children as well as adults can benefit from nitrous-oxide analgesia because it eliminates the fear of pain, the chief culprit in neglect of dental care. Once you get regular dental care, however, neglect will be eliminated and better dental health will be achieved.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Phone 223-3121.

THE SHAPE I'M IN

How do you feel? "Just fine" I say to all my good friends who ask every day. But my list of ailments has grown quite long, from sore knees and neck to a back not strong. Toes that hurt in my Sunday shoes, voice that cracks when I sing the blues. Fingers that pain when I wind the clock, a catch in my spine when I pick up my socks. I doze in my chair, talk to myself, can't see which pills are which up on the shelf. I can't remember did I lock the front door? Turn Off the stove? What's this thing for? I go to my doctor, he prods and pokes, asks lots of questions, makes a few jokes. He says, "Hm-m-m-m-m" and he looks kind of grim. And I wonder just what could be bothering him? The he says "Good news, without and within you're doing great for the shape you're in." So that is why, when I'd rather whine when I'm asked. How are you? I say, "Just fine."

Senior Citizens, our pitch-in-dinner for the month will be Tuesday, March 20, at 11:30 a.m. For your meal reservations please call 893-7204 the day before you plan to join us between the hours of 9:00 a.m.-12:30 p.m. We are located in the Akron Lions Club Building, 108 North Maple Street. As always a big thanks to all my volunteers, YOUR GREAT!!

The menus for the week of March 19 through March 23 is:

Monday - Meat loaf, sweet potatoes, green beans, oatmeal muffins, fruit jello, milk, coffee.

Tuesday - Pitch-In-Dinner

Wednesday - Barbecue sandwich, vegetable soup, toss salad with tomato, bun, mixed fruit, milk, coffee.

Thursday - Beef Manhattan, mashed potatoes, Harvard beets, white bread, Birthday cake, milk, coffee, Orange juice.

Friday - Pork patty, stewed tomatoes, creamed peas, bun, cherry cobbler, milk, coffee.

NEW BOOKS AT THE AKRON PUBLIC LIBRARY

CHAINED EAGLE, by Everett Alvarez & Antony S. Pitch---The true heroic story of eight-and-one-half years as a POW, by the first American shot down over North Vietnam. His gripping narrative of his epic survival against all odds.

LIVING WITH DEATH, by Isaac Pollak---Like many of his fellow Polish Jews, he was imprisoned for no crime other than being a different religion and nationality than his captors. Told in simple direct language, he shares these experiences with those who have only read of the Holocaust.

MAIDEN VOYAGE, by Tania Aebi---The story of the first American woman, and the youngest person ever, to sail around the world alone. She was a troubled eighteen year old whose life was going nowhere until she made the inner journey that would prove to be extraordinary as her adventure.

BULL SESSION, by Johnny Kerr---An up-close look at Michael Jordan and court-side stories about the Chicago Bulls.

CHILDREN WITH AUTISM, by Michael Powers, Psy. D.---Dealing with the medical problems, treatments, daily life, development, and the legal rights and hurdles.

FIVE AGAINST THE SEA, by Ron Arias---A true story of courage and survival of five fishermen who set out on a week-long trip across the Costa Rican coast, and ended up in a five-month nightmare.

WHERE WE LIVE, Essays about Indiana, edited by David Hoppe---Essays by twelve other writers also, on the beauties and image of Indiana.

HATTIE, the Life of Hattie McDaniel, by Carlton Jackson---On the fiftieth anniversary of the premiere of "Gone With the Wind" comes this appreciation of Hattie McDaniel, who won an Academy Award for her portrayal of Mammy in the 1939 film masterpiece. She was the first black ever to win an Oscar.

Indiana High School Athletic Association

No proposal for 6-team sectionals and no re-alignment of schools for the boys basketball tournament has been presented to the IHSAA's Executive Committee, Commissioner C. Eugene Cato announced Friday in answer to a United Press International story on the sports pages of the Indianapolis Star.

"At this time the proposal to go to 6-team sectionals hasn't even been discussed with our Executive Committee and no re-alignment of schools set forth," the Commissioner said. "No proposal has been presented to the Executive Committee although at the appropriate time I will recommend that we go to 6-team sectionals to help the seasons committee resolve some its problems."

The Commissioner said that he also will ask the Executive Committee to consider going to four geographical districts instead of the current five so that each district could have approximately 96 schools with 16 6-team Sectionals, 4 Regionals and done Semi-State.

"We don't know where the re-alignment in the Star came from--it didn't come from the IHSAA," Commissioner Cato declared.

Akron, Indiana

Wednesday, March 21, 1990

Yes, Akron there will be a 4th of July!

A committee was formed on March 13, for this year's 4th of July celebration.

The committee went over several ideas for the special day. This year the committee will be coming to the community for ideas on a theme and a Parade Marshal.

In this issue you will find a form to fill out your ideas and the committee will take them under consideration.

This year's committee members are: Chairman, Marvin Gagnon; Co-Chairman, Francis Utter, Charles and Margaret Sterk, Bernice Kuhn, Bob and Ann Allen, Scott Stewart, Vicki Coughenour, Russ and Bonnie Dunbar, Marilyn Saner, Carolyn Petrosky, Joe Day, Laura Bickel, Donna Sears, Linda Richard, Todd Helvey and Terry Randall.

Valley to present musical

This year, Happy Valley High will be coming to Tippecanoe Valley High School as the spring musical.

The performances will be April 6 and 7 beginning at 7:30. All seats are three dollars and may be reserved by a cast member or through the TVHS office. It may also be possible to buy tickets at the door.

Happy Valley High is a play about teenagers in a Midwest community in the 1950's. The center of the play is the big football rivalry between happy Valley High and their opponent, Hillside High. It shows life in the fifties and incorporates music such as Dungeness Doll and Lolipop.

The cast is as follows: Al-Brian Pyle, Ollie, Eric Biddinger, Richard, Brian Fursour, Harvey, Sam King, Fred, Mike Wahlig, Butch, Brian Prater, the announcer, Micah Collett Cynthia, Deborah Steffen, Beth, Tonai Stavedahl, Betty, Dawn Burch, Pasty, Katina Banghart, Cathy, Danelle Weaver, Thelma, Drucilla Morgan, Hilda, Krystal Grindle, Barbara, Pepper Swick, and Sarah, Billie Marshall.

The play will be under the direction of Mr. Dale Pace. Tana Tinkey a former student at TVHS will be playing the piano and helping Mr. Pace.

Big problems for Akron trash pick up

The Akron Sanitation Department has some big problems. Last week a special session was held so that the Akron Town Council could decide what to do about the continuing problem of the 20-year old sanitation truck which is plagued with transmission problems costing \$1500 to repair. Another concern is the weekly trash pick up. The rising cost of the landfill dumping has risen seven times between December 1988 to February 1990.

Monthly figures for the sanitation department look like this:

Insurance. \$97.67; **Gas,** \$65.00; **Labor,** Rodney Wright, \$156.20, and Marty Gearhart, \$157.20; **Maintenance for the truck,** \$77.00, and landfill cost, \$565.00. Note this is a one month cost totally \$1,118.07.

According to Jean Connor, of the Town Council, the sanitation department has cleared a whole five dollars in profit as of March 15. "How can you maintain a department when you have no money to put back into better equipment," Connor said.

Three solutions to the problem would be:

1. Repair the transmission in the 20-year old trash truck and continue to put \$77.00 a month into maintaining it; versus buying a new truck at a cost between \$80,000 to \$90,000.

2. Discontinue town trash pick-up all together and let the people of Akron find their own service.

3. Contract out to a sanitation company, which would mean higher rates for the towns people and would require a lot of red tape such as passing ordinances to keep other trash services out; whoever the town contracts the entire town will go with their service only; thus effecting people who already have outside trash pick-up.

The town would then be responsible for billing the service. Question: what happens the first time someone does not pay their bill? no trash pick-up.

Community Breakfast at Akron Church of God

A free Community Breakfast will be held at the Akron Church of God on Saturday morning, March 24, 1990, at 6:30 a.m. to 10:00 a.m. This will be a "Come and Go" breakfast, and everyone is invited to attend at any time during the above hours. The breakfast is free and no donations will be accepted.

No program has been planned for the occasion, nor will there be any speaker or sermon. It will simply be a good time of food and fellowship with friends and neighbors.

The menu will include pancakes and sausage, milk, coffee, and juice. Everyone is invited to eat as much as they like.

The pastors and congregation of the Akron Church of God cordially invite everyone to bring family and friends and enjoy a good breakfast and a good time together with neighbors from the community.

1990 Census

How does Indiana compare to other states in education, employment and income? What's the condition of our housing? Which areas are in need of more social services?

Hoosiers will help answer important questions like these with the 1990 Census.

For the last 200 years, each census has helped paint a new picture of American society. But information gathered from census information has also been used to ensure fair representation in government and in other ways that affect our daily lives.

"Even beyond political representation, census figures are used to help divide billions of dollars of federal funds. These go to state, county and city governments for programs like housing, health care and education," said Judy Peak, coordinator of Indiana's complete count efforts.

Peak also said that Hoosiers would want to be counted if they knew how valuable accurate census figures are to their own communities.

"Among other things, census figures have helped officials locate new schools, build new day care centers and develop new bus routes," she added.

And while most people know that they're expected to answer the census, few realize how their answers directly influence state funding.

Officials report that Indiana receives \$175 of federal funds each year for every resident included in the Indiana census. That means every Hoosier who goes uncounted will cost the state \$1750 this decade. According to Peak, these missed funds add up quickly.

"If just one family of four doesn't return their census form, the state will lose \$7000. And that's funding that could be used for child and elderly care, improved roads and much more," Peak said.

According to census officials, one reason why some chose not to answer the census is because they consider it an invasion of privacy. But Peak stresses that individual answers remain strictly confidential.

Akron trash problem

Continued

4. Another solution would be the one the town will be using until a long term plan can be formed. The town will be renting a 30 ft. trash bin from Lewis Salvage which will be set up near the maintenance barn. Marty and Rodney will be using other town trucks to pick up the trash and take it to the bin. In turn Lewis Salvage will pick up the bin after the day's trash pick-up and take it to the landfill. This will save some funds, such as mileage, some labor and wear and tear on the trash truck. If a dike could be constructed which would make dumping for the smaller trucks easier, this may well be the best solution for now.

Superintendent Gearhart asks:

For now their will be trash pick-up in Akron. All trash must be in trash bags and tied, nothing outside a trash bag will be picked up.

The problem of trash pick-up will be further discussed at the next regular Akron Town Council meeting.

1990 Census

Continued

"No one will see your census form except you and the people at the Census Bureau-and they're sworn to secrecy. Your form is guarded for 72 years. Within that time, the IRS can't see it. The FBI can't see it. Even the President of the United States can't see your individual census form," Peak added.

Republican women will meet

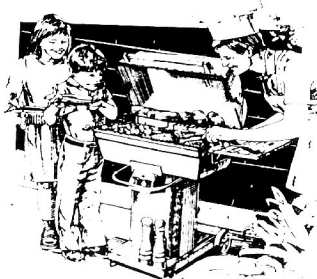

The Fulton County Republican Women will meet Monday, March 26 at 7:30 p.m. at the Civic Center, Rochester.

Hosts needed for Japanese students

If you want to learn about Japan but can't go there, do the next best thing: host a Japanese student for a four-week, summer visit.

Since 1982, Indiana families have hosted nearly 500 Japanese youth through an educational exchange program offered jointly by 4-H and Labo.

Labo is a Japanese organization that teaches language learning, cultural exploration and personal growth.

According to Deanne Johns, program coordinator, host families are needed for 85 Japanese students, ages 12 to 18, who will arrive in Indianapolis on July 25.

The Japanese students are placed with families who have children of the same gender and approximately the same age as the exchange student. Within these guidelines, if the exchange student indicates a special interest, then the child is placed with a family that can satisfy that interest, if possible.

"If someone wants to host, but has small children or no children, they could host an adult Japanese chaperone," Johns said.

Host families must provide room and board and treat the exchange student as a family member with responsibility and supervision. The host families are encouraged to take the Japanese students places that are interesting and typical to American life.

To help break cultural beliefs, orientation programs are provided for the hosts and exchange students. A discussion of potential problems and safety issues occurs during the host orientation program.

"We cover topics that host families may overlook or may not expect," Johns said. "For example, Japanese children aren't used to bunk beds, so we encourage host families to properly prepare for the situation."

All of the Japanese exchange students have studied English, though their speaking abilities may vary. Host families do not need to know Japanese; they will have access to a Japanese-American dictionary and they will be provided with some key phrases in Japanese. Support for the host families is available from Labo coordinators in each county or from the Japanese adults who accompany the group.

"We encourage families that have previously hosted to host again this year, but previous experience isn't required," said Johns. "And you don't have to be a member of 4-H to be a host."

Interested families can obtain an application from the County Extension Office, 802 Jefferson Street, Rochester, 223-3397.

AIDS—An Update

Raymond O. West, M.D.

A few months ago when we published "The AIDS Advantage," in which we revealed few good things that have come from this frightening epidemic.

Now for a brief primer, with update. AIDS was unknown to the world of humans before 1981. In the few years that have followed there are few, at least in the Western World, who haven't heard of

and many unfortunates who have experienced the illness.

The AIDS virus (HIV) attacks the white blood cells (T lymphocytes) which build our immunity against microbial invaders. AIDS is like an army, destroying a country's military might. The consequences, then, are a variety of infections that the body would normally repel with ease. With the defenses destroyed, the AIDS virus conquers, permitting a variety of infectious snipers to finish off the patient. Pneumonia is an example.

Our bodies attempt to mount a defense, a specific kind of antibody, for every specific kind of invader. In the case of AIDS, it's those very antibody-producing cells that the AIDS virus destroys. In the process, however, a few measurable antibodies are made. Thus, we have a variety of tests for AIDS and, indeed, the virus' presence can be detected fairly soon after the original invasion.

Passage of the AIDS virus from one person to another is well understood. The virus has been found in most body fluids including, of course, the blood, thus, transmission by blood transfusion is a recognized hazard. Fortunately, new detection methods can almost guarantee that from now on there will be few transmissions by blood or its life-giving products.

This killer virus can also pass from person to person through the stick of a needle. AIDS travels from vein to vein, bloodstream to bloodstream, when an infected intravenous drug user permits a friend to use his needle. Of course, there is the transmission by intimate personal contact (the all-too-common sexual transmission), man to man, man to woman, woman to man. Occasionally there is the inadvertent transmission from

patient to nurse or surgeon to other health workers. That's why many physicians, dentists, nurses, and health attendants are wearing gloves, impermeable aprons, even masks.

Today, after nine years' experience with this disease, the agent is known; transmission is known, prevention is more than just a possibility. We can do it.

So why are people still getting AIDS? Why isn't the epidemic arrested? Why is it not even showing signs of arrest? The answer is simple. We aren't practicing adequate prevention.

In less than a decade AIDS has become a global public health disaster. U.S. estimates have it that over a million are virus infected, and some will die thereof.

A recent publication reports that those dying of AIDS tend to be young, educated, and to have high status occupations. For all of that, however, the victims were likely to have no assets at time of death, because the disease has become the ultimate tax collector.

But there is some good news: we're making progress! Early treatment can dramatically prolong life, extend the good years. Do we have a cure, can we reverse the process? Only maybe on that. Certainly the outlook, with early treatment, looks much, much better than it did even two years ago.

So carry on, you great virologists and immunologists, physicians and nurses. We laud your efforts. We anticipate your success.

Go ahead.

T.V.H.S. receives grant

TVHS administrative assistant Karen Boling and principal Bob Schultz receives \$65,000 vocational grant.

Tippecanoe Valley High School was the only school in this area to receive a \$65,000 grant from the Indiana Department of Education, last Thursday. Out of 35 Indiana schools that applied for the \$785,000 dollars available, only 12 were approved.

Tippecanoe Valley principal Bob Schultz, administrative assistant Karen Boling, vocational office lab instructor Jo Manwaring, and graphics arts instructor Scott Carmichael, came up with a grant proposal called "Computer Integrated Electronic Communications," which they submitted to the Indiana Department of Education this past January.

The grant will be used for the purpose of developing a new vocational program to benefit the 280 juniors and seniors beginning with the 1990-91 school year.

The students will receive school credit while working in the business world and learn to apply decision making skills with a higher level of thinking skills. "We decided that our present vocational offerings are just not meeting the needs of students," said Schultz. "We are not adequately preparing them for the business world. Another area that we're very concerned about is the integration of learning in a school. We're concerned that students do not see a connection from things they learn in English, math, science, or vocational class. You get out in the real world and they are all connected, but in high school it seems that they're all separate entities," Schultz said.

"This is the cutting edge of where education is going," commented Boling. Under the direction of school personnel and participating local business, the vocation program will offer students a global perspective of how businesses operate. Students will be assigned projects according to their career interests. They will then develop proposals and studies of what they have learned and present it to the class, according to business specifications.

The grant money will go toward purchasing equipment for the vocational class to connect participating businesses with students, such as, 12 IBM Computers, Mackintosh, printers, fax machines, Kodak Photo Show, telephones, etc. An additional \$35,000 will further support the new program in the 1991-92 school year.

The classroom will be located at the center of the academic wing.

Diabetic Association announces next meeting

The Diabetic Association of Kosciusko County will hold their next meeting on March 27 at 7:00 p.m. The meeting will be held in the classroom of the Kosciusko Community Hospital Administration Building. Dr. Bruce Grossnickle will give a presentation entitled "Watch those Eyes." He will discuss eye complications related to diabetes. Anyone having diabetes, or an interest in diabetes is welcome to attend. Refreshments will be served. For further information you may contact Sandy Rader, RN at 1-800-828-5628, ext. 3375.

Workshops scheduled for 4-H projects

April 1 - Mentone United Methodist Church - Rev. Wm. Lawson, Sr., Drama.

April 8 - Etna Green United Methodist Church - Rev. Ronald Dixon, Singing.

Other area churches who wish to participate in these Services are asked to contact any of the above churches or Mentone United Methodist Church at 353-7898.

Anyone is invited to each church to celebrate The Holy Season.

Census Reps cover a lot of ground

There are a lot of people counting on the efforts of six Hoosiers this month. They're the six field representatives working with the Indiana Complete Census Count Committee to encourage people throughout the state to participate in the 1990 Indiana Census.

"By dividing the state up into several areas, we'll have more personal contact with people throughout the state," said Sen. Richard Thompson, Chairman of Indiana's Complete Census Count Committee.

"We wouldn't be as effective and we wouldn't be reaching as many people if all of our efforts were centrally located in the state," he added.

According to Thompson, these field representatives are concentrating on undercount problems specific to their areas.

"Hispanics are among the many groups we're trying to reach, especially in Lake County," said Judith Taylor, field representative for Northwest Indiana. Her efforts include handing out material that's written in Spanish. She's also involving Hispanic leaders like Maria Tappia, a prominent Lake county attorney and respected businesswoman. Tappia is featured in local television and radio announcements which encourage Hispanics to respond to the census.

"What better way to reach these people than with someone they trust, someone who speaks their language and someone who understands their needs?" she added.

Taylor also stressed that the addition of field representatives for the 1990 census has made Hoosiers more aware of the importance of the census. "I meet people who don't even remember the 1980 census. But this year, we're the census cheerleaders for every city and every town--so awareness is much higher," said Taylor.

Another idea that is challenged to produce a complete count is Central

Indiana which includes Muncie, Kokomo, Terre Haute, Bloomington and Marion county. Special efforts are being made to reach the various groups within this area, as well.

"Marion county has a high minority ratio. So there's a concentrated effort in central Indiana to let this group know how they can benefit from census results," said Judy Peak, Indiana's Complete Count Coordinator.

"Unfortunately, those who depend on services like state-supported health care and aid for dependent children often see the census as something that will hurt them rather than help them," Peak added.

And while some areas of the state are being targeted because of traditional undercounts, Sen. Thompson stresses that accurate counts in all areas of the state are important.

"Indiana receives federal funds which are divided between counties, cities, towns and townships. How much funding each area receives is based on the population of that area. So it's extremely important that we strive for a complete count throughout all of Indiana," Thompson said.

GOD'S LOVE WILL ENCHANT US WITH THE BEAUTY OF SPRING

When winter snows no longer fall
And cold winds cease to blow,
There comes the nicest time of all,
When things begin to grow.
The grass will sprout its tiny blades
For carpeting the ground,
While blossoms in their pastel shades
Send perfume all around.
The insects hum and birds will sing,
Enlivening the skies,
Which then reveal the fluttering
Of gorgeous butterflies.
Now all this beauty here on earth
God's love will always bring:
The joy we feel with each rebirth
Of life that comes in spring.

Letter to the Editor

Dear Editor and Fellow Hoosiers:

It's that time again. Time for another Census to be taken. So why should Hoosier citizens care that another ten years have rolled by and the federal government is conducting a new Census? Why should Hoosier citizens take just a few brief minutes to fill out those Census questionnaires?

BECAUSE MILLIONS OF DOLLARS IN FEDERAL FUNDS FOR THE COMMUNITIES OF INDIANA RIDE ON THE OUTCOME OF THE 1990 CENSUS.

The popular numbers generated by the 1990 Census will be used to determine how much federal money Indiana's local communities will receive during the next ten years for vital services. In fact, according to the U. S. Census Bureau, each person counted will represent about \$175 per year in the average local grant formula. It's not difficult to figure that for each person counted, about \$1750 in federal money will be coming back to Indiana between now and the next Census.

Likewise, for each person not counted, Indiana stands to lose \$1750 in federal money will be coming back to Indiana between now and the next Census.

Likewise, for each person not counted, Indiana stands to lose \$1750. If only one percent of Indiana's population is not counted, almost \$100 million will be lost. The irony is that any money lost, because of an undercount in the Census, would not have constituted free money for Indiana anyway. The fact is, the federal government actually "owes" that money to Indiana.

Many people don't realize it, but Indiana is a "donor" state when it comes to money that is sent to Washington, D. C. Indiana is a "donor" state because Hoosiers, through federal taxes, send more money to the federal government than we receive back. In effect, Indiana supplements many basic services and benefits for other states while our own needs continue to increase.

So, when you receive your Census questionnaire in the next few days, take a few minutes to fill it out and return it. Those few minutes may be the best and easiest investment you'll ever make for your own community and state of Indiana.

Donald K. Walton
Putnam County Commissioner
President, Association of Indiana Counties

Dear Editor:

I Would like to bring to the attention of the community an issue about which I feel very strongly - foreign exchange students. I have hosted students in the past and have learned a great deal. I have enjoyed the experience tremendously.

Other families in the community are missing out on an educational opportunity to learn more about a foreign culture. Plus, some foreign student will not have the chance to find out how terrific America is.

Perhaps you do not realize that by hosting a foreign student you can help bring the world a little closer together. Peace in our world can happen one person at a time.

Many high school students from all over the world are hoping to live and study in the United States, to learn about our country and way of life. Unfortunately, many will not be able to unless more families come forward to offer their homes and their love. If you cannot host for an entire school year, then share the experience with another family and host for one semester. There are students who need a home for only three months. The whole community gains from such an experience. Anyone interested can call me at: 317-89-5523 or can call OPEN DOOR STUDENT EXCHANGE at 1-800-366-6736. Let's all work together to bring our world closer!

Thank you for your help,
Sincerely, Marilyn E. Bell

Girl Scouts "Take the Lead" activities project underway

Girl Scouts of the USA proposed a national project to join with America's schools to serve girls who, for a variety of reasons, have been difficult to reach. The project is designed to encourage the development of leadership skills and self-esteem in girls of all ages. Called "Take the Lead," activities take place during the day in various school settings, depending on the specific needs of the girls, the teachers, and the schools involved.

The decision to offer "Take the Lead" nationwide is based on a number of successful pilot projects conducted by local Girl Scout councils over the last decade. Several models exist, including one that the Tribal Trails Girl Scout Council has operated in several schools for approximately 8 years. The project is co-educational, with boys being served by the Sagamore Boy Scout Council.

Miss Cletha VanWinkle, a Teacher at Lincoln Middle School in Logansport and Leader of a Girl Scout Troop that meets during school, says, "In-School Girl Scouting reaches a lot of girls who, otherwise, might not be involved in the Scouting program. A lot of the skills that are taught in the Girl Scout program are very important for the students. Many of the skill areas are taught in the Special Education Program anyway, and through Girl Scouting we are able to reward the girls who master those skills. Many areas of the Girl Scout program teach added responsibilities and give the girls a sense of accomplishment."

"What we are saying to these girls," says Girl Scout National Executive Director Mary Rose Main, "is that you can take the lead in your life and your future. You do that by staying in school, avoiding early pregnancy, refusing drugs -- by living all those values we talk about in the Girl Scout Promise and Law. To the schools we are saying, 'You don't have to go it alone. Girl Scouts are here to work with you.'"

National Girl Scout Week was March 11 through March 17 this year and Girl

Scouts of the USA was 78 years old on March 12. With over 3.1 million members, Girl Scouting is the largest organization for girls in the world.

Nutriton at Burket School

Burket third graders created nutrition caps to promote good school lunches. Each decorated his cap with nutritious food and wore it to lunch one day. Pictured above are: Sylvia Hamilton, Lee Rice, and Angela Jacobs.

Burket School Cafeteria has been promoting school lunch through Nutrition Education. The fifth grade printed "Nutriton News" that included a free coupon to use in the cafeteria. The fourth grade wrote and performed "Food Keeps Me Healthy," a rap song. The third grade made and wore "Food and Energy" caps to the cafeteria. The first and second grades enjoyed a tasting party and gave the cooked menus which were served to all students. Ask any of our students about the Four Food Groups!

IT'S SPRING

The radiant warmth of the glowing sun
Stirs new life in the dormant earth;
From slumber sweet she stretches
within

To rise up and give creation new birth.
Shyly new buds are daring to peep
From branches still cold and bare;
Daffodils and crocuses beginning to
creep

Are pushing green shoots up for air.
Robin Red-breast is spreading his
wings

To fly swiftly from his nest unseen;
With melody he ventures to sing.
Telling Larks and all flowers it's
spring!

TVHS fires head football coach

On Monday, March 12, 1990, board
members of the Tippecanoe Valley High
School voted three to two on a decision to
fire head football coach, Jeff Phillips.

Reasons for the board decision were
lack of community, player and parental
support, plus communication problems
with a decrease in the number of students
participating in football.

Phillips contract was extended in
August of 1989 to include the 1990-91
season. The school will now have to
financially honor the rest of the year
contract plus hire a new coach.

After the vote was taken Phillips was
quoted saying, "A year ago, you people
extended my contract for a year. You sent
me a message that nothing was wrong. If
you talk about poor communication, you
are guilty of it."

In addition supporters of Phillips said
his attitudes, ethics and morals provided a
role model for the students. Terry Randall
of Akron, reminded the board that the
number of athletes was decreasing in
other areas of sport; wrestling, gymnastics

and swimming. Randall said, "It doesn't
mean the coaching is terrible, I feel his
shortcomings are far outweighed by his
accomplishments."

Phillips continues to teach world
history at the high school.

BOY SCOUTS TO DO ODD JOBS

The past year, Akron Boy Scout Troop
245 have raked yards and done chores to
help people unable to do these jobs them-
selves.

This has been a very fulfilling experi-
ence for the boys and helped them under-
stand the needs of the community better.

Once again this spring, the Boy Scouts
would like to offer their help to those in
need of their services.

With the boys busy schedule, they are
limited on the number they can get done,
so they will take jobs on first call basis.

The Boy Scouts does not charge for
their services, but will except donations if
anyone wants to donate. All donations are
used to pay for Boy Scout camp and scout
supplies.

Akron Scouts to plant free trees

Once again this year, trees can be
planted in the yards of those families who
wish to have them. The trees planted this
year will be Red Oak. These trees are not
known to cause damage to sidewalks, and
do not cause quite as much debris as some
Maple trees. The trees have been donated
by Richard Tilden, and will be planted by
the Boy Scouts, Lions members and
others. The planting will be on Saturday,
March 31. These trees are free to all those
who live in Akron, and who desire to have
them planted on their property, this would
give the community the chance to
replenish some trees that was lost in
storms this past winter.

clerk, or Todd Helvey.

Pollution Prevention workshop at Stewart Center

A Pollution Prevention Workshop will be held Monday, May 7, 1990 at Room 202, Stewart Center, Purdue University, West Lafayette, Indiana.

Pollution Prevention is an essential element in our Nation's strategy to manage solid hazardous waste. Land disposal as a management strategy is becoming less desirable due to increased regulation and associated costs and liabilities. Pollution Prevention and waste minimization is one area where environmental goals and economic interests clearly coincide.

Now is the time for you to investigate and take practical steps toward waste minimization by attending this Pollution Prevention workshop. This FREE workshop is sponsored by Purdue University's Environmental Management

and Education Program, School for Civil Engineering, and the Indiana Department of Environmental Management, and is being held in conjunction with the 45th Annual Purdue University Industrial Waste Conference, May 8 - 10, 1990. Please refer to the back of this page for the agenda.

We request that you pre-register for the Workshop by May 1, 1990: Please contact Rick Bossingham or Debi Bryant at 317-494-5038 or 800-669-6604 to register. Again there is NO charge associated with attending this workshop.

Public Service to assume new name

Public Service Indiana, the state's largest electric utility, plans to change its name and corporate symbol in April. Following its annual meeting of shareholders on April 18, the company will be known as PSI Energy Inc.

At that meeting, shareholders will also be asked to approved changing the name of PSI Holding Inc. to PSI Resources Inc. The holding company was established in 1988 as the parent company for Public Service Indiana.

"We chose these new names because they more closely represent the kind of company we are today and intend to be in the future," said James E. Rogers Jr., chairman of PSI Holdings and Public Service Indiana. "We kept 'PSI' because it's the name most of our customers already call us. It's also a name that carries a long reputation for reliable customer service and a name we're proud to keep."

"Our new look expresses our corporate attitudes. The 'PSI' symbol is positioned upward. The type selected for the words 'Energy' and 'Resources' is slanted to show that we're going forward and are ready to meet a challenging future. The color selected for 'PSI Energy' is also a brighter fresher yellow."

Even though the name change and look for Public Service Indiana and PSI Holdings will go into effect soon after the April 18 meeting of shareholders, customers may not see a visual change immediately.

"We won't replace the symbol on our trucks, signs and stationery overnight," Rogers said. "We'll make changes in a cost-effective way. This means it'll take several months or even longer to completely phase out the old company name. For instance, all our old trucks won't be repainted. We'll simply use decals to cover the old symbols. When needed, new, white trucks will be ordered with the yellow symbol on them. We'll also save money by reducing and simplifying printed materials."

Public Service Indiana will continue to be the service minded company its more than 580,000 customers have come to expect, Rogers stressed.

Lake City Bank hires Consumer Lending Officer

Gail D. Law has joined Lake City Bank as Assistant Vice President in the consumer loan department. Senior Vice President William Henthorn said, "Gail's eleven years in banking experience adds additional strength and management skills to our professional lending team."

Law has a Bachelor of Science degree in math and business from Manchester College. He has completed the Graduate School of Banking and six American Institute of Banking courses. He is active in the Mentone Lions Club, Youth League Board, and Chamber of Commerce.

Law and his wife Cindy are parents of three children. They attend the Mentone United Methodist Church and reside near Mentone.

Tippecanoe Valley Color Guard received a 5 ft. Trophy and won the Gold and the State Winter Guard Championship. (Photo by Jannell Riner, TVHS).

The Indiana High School Color Guard Association, founded in 1983, was initiated in order to continue the development of students' performance skills after the marching band season had ended. In the circuit's first year, twenty-eight schools enrolled in membership. That year six contests and a State Finals were held.

The competition for IHSCGA contests is now divided into three classes: Class B (8-14 members), Class A (15-22 members), and Open Class (23-30 members). The current classification system is organized so that all units, regardless of size, have the opportunity to grow and achieve. This coincides with the association's philosophy that the activity is educationally directed, and while competition is present, the activity focuses on the individual members' pride and achievement.

This year, IHSCGA will award two \$1000 scholarships to two senior guard members. This annual award will be presented at the State Finals. The scholarship is sponsored by revenue generated from the sale of color guard souvenirs and public donations.

IHSCGA is governed by four officers and an executive board. There are currently 63 schools enrolled as members for the 1990 season.

The Tippecanoe Valley Color Guard gave highlights of their season Wednesday, March 14 at the Akron and Mentone Schools.

The Guard was undefeated in regular season. They were the only guard in the state to be undefeated. Their 1990 program consisted of: The Seasons: Summertime, Autumn Leaves, Carol of the Bells, and Spring. Music was arranged by Ray Baumgart and recorded at Aireborn Studio, Indianapolis. Choreography and Drill Design by Mike and Marcie Pearson.

The Winter Guard Championship-Gold was won by Tippecanoe Valley High School, second place winning the Silver was Shakamak High School and third place winning the Bronze was Hamilton Southeastern High School, North Putnam High School, fourth, Monroe Central High School, fifth, Chesterton High School, sixth, and Tir-West Hendricks High School seventh.

This is Valley's second year of competition. Last year Valley placed 12th in the preliminaries, which did not qualify for the finals. This year Valley placed first in the preliminaries qualifying them for the finals and finished first in the finals becoming the State Champions.

Valley received a 5 ft. trophy, and a gold medallion for each member. The Color Guard captain is Jenny Eriks, director, Marcie Pearson, staff, Mike Pearson and Jeff Pletcher.

Akron Scouts to plant free trees

Once again this year, trees can be planted in the yards of those families who wish to have them. The trees planted this year will be Red Oak. These trees are not known to cause damage to sidewalks, and do not cause quite as much debris as some Maple trees. The trees have been donated by Richard Tilden, and will be planted by the Boy Scouts, Lions members and others. The planting will be on Saturday, March 31. These trees are free to all those who live in Akron, and who desire to have them planted on their property, this would give the community the chance to replenish some trees that was lost in storms this past winter.

If you are interested, contact the town clerk, or Todd Helvey.

Fulton County Extension Service

The Fulton County Extension Service will present a program on "Getting More Value From Your Lodging Dollar" on Tuesday, April 3 at 2:00 p.m. Susan Neher, Extension agent, will discuss ways to shop hotel rooms or lodging alternatives to obtain the most satisfaction and value for your travel dollar at the County Extension Office, 802 Jefferson Street, Rochester. The public is invited.

AREA UM LENTEN SERVICES

Local area United Methodist Churches have announced a series of Lenten Services beginning March 4 and each Sunday evening following at 7:00 P.M. The schedule is as follows:

April 1 - Mentone United Methodist Church - Rev. Wm. Lawson, Sr., Drama.

April 8 - Etna Green United Methodist Church - Rev. Ronald Dixon, Singing.

Other area churches who wish to participate in these Services are asked to contact any of the above churches or Mentone United Methodist Church at 353-7898.

Anyone is invited to each church to celebrate The Holy Season.

BOY SCOUTS TO DO ODD JOBS

The past year, Akron Boy Scout Troop 245 have raked yards and done chores to help people unable to do these jobs themselves.

This has been a very fulfilling experience for the boys and helped them understand the needs of the community better.

Once again this spring, the Boy Scouts would like to offer their help to those in need of their services.

With the boys busy schedule, they are limited on the number they can get done, so they will take jobs on first call basis.

The Boy Scouts does not charge for their services, but will except donations if anyone wants to donate. All donations are used to pay for Boy Scout camp and scout supplies.

Duzenbury, of near Talma, and the bridegroom is the son of Mr. and Mrs. Clarion Hunter, of Silver Lake. Her maid of honor, Miss Beverly Hunter, sister of the bridegroom. Gene Hunter served his brother as best man and the ushers were Richard and Donald Duzenbury, brothers of the bride. A three course wedding dinner was given for 16 guests at the Ventura Inn. Decorations were in yellow and white and a three tiered wedding cake, baked by Mr. Von Kochenderfer, centered the table. Following a short wedding trip, the newly weds will be at home at a farm south of Disko. Mrs. Hunter is a graduate of the Talma High School and is employed in the Fulton County Agricultural Conservation Association office. Her husband, a graduate of Laketon High School is engaged in farming.

A KID AND A DOG: No one will invent, and no one ever did. A happier pair than a dog and a kid. For doubt can't bedim, nor worry befog. The gay zestful way of a kid and a dog. Athrob with adventure, their hearts beat as one. Their pulses resurge with the rhythm of fun. They swing into action as impulse may bid. Today is the day for a dog and a kid. Ah, God, clear the pathway along which they jog. And smooth out the bumps for a kid and his dog. And make of the world that they wander amid. A place truly fit for a dog and a kid. LETHA MERLEY

Letha Mae Merley, 62, Rt. 1, Akron, died at 4:30 p.m. Tuesday, March 20, 1990 at her home of an apparent coronary attack. She had been in failing health for two years.

Mrs. Merley was born July 1, 1927 in Rochester to Leroy and Dessie Durr Newcomer. She lived all her life in the Fulton and Miami county area.

On Oct. 24, 1944 in Rochester she married Ted Merley, who died Nov. 6, 1989.

She was a former sales representative for Avon Cosmetics and Tupperware in Fulton and Miami counties, a member of the Akron Church of God and a former member of the Richland Center Rebekah Lodge.

Surviving are three daughters, Mrs. Lowell (Suzan) Fincher, Macy; Cheryl Merley, at home, and Karen Wilson, Rochester; six grandchildren; a great-granddaughter; a sister, Mary Jane Thompson, Akron, and nieces and nephews. Preceding in death were two sisters and three brothers.

Services were at 2 p.m. Friday at the Akron Church of God with Pastor James Malbone officiating. Burial was in the Akron Cemetery. Foster and Good Funeral Home, Akron, was in charge of funeral arrangements.

BETTY CLARK

Betty M. Hudson Clark, 63, Fort Wayne, died at 3:50 a.m. Saturday, March 17, 1990 at Parkview Hospital, Fort Wayne. She had been ill for several years.

She was born April 17, 1926 in Chili to Vern C. Hudson and Mary A. Fouts.

On Jan. 4, 1947 in Huntington she married Joseph W. Clark, who survives.

She moved from Huntington to Fort Wayne in 1953. She retired in 1980 after working seven years at Fort Wayne Lutheran Hospital's Medicare Department. She was a member of the First Missionary Church, Fort Wayne.

Surviving with her husband are her mother, Akron; a daughter, Nancy Lee Johnson, Fort Wayne; two sons, Jeffery Joe and Terry Jay, Fort Wayne; three sisters, Mildred Yoeman, Fort Wayne, Doris Nordman, Akron, and Marsha Helm, Bunker Hill; three brothers, Donald, Mexico, Jerry, Akron, and Larry, Gladstone, Ore.; and five grandchildren. Preceding in death were a daughter, Jill; a brother, Floyd "Tiny" and her father.

Services were at 10 a.m. Tuesday at the First Missionary Church, Fort Wayne. Burial was in the Oak Lawn Cemetery, Ossian. Memorials may be made to the American Cancer Society or the Olive Branch Church of God. Envelopes are available at the Hartzler Funeral Home in Akron and Rochester.

doldrums"? And "cabin fever"?

A friend of mine who lives in Maine opined recently that long, dreary winters became much more liveable when his family acquired a snowmobile. Snowmobiles may be a fine antidote for the January blues, but something new, and possibly more effective, has recently blossomed on the therapeutic horizon.

It's therapy "under lights." And Norman Rosenthal, psychiatrist and prominent physician in the National Institute of Mental Health, says that light therapy is "the treatment of choice: for SAD."

And that's exciting when we remember that one person in five is beset with the above symptoms, severe enough to demand help.

If exposure to light is effective in counteracting SAD, then why can't physicians simply instruct us winter dwellers to get out-of-doors for part of every day. Answer—in northern latitudes, in large cities like Toronto, Boston, Detroit, Vancouver, the winter sun simply isn't bright enough to be effective. And sometimes old sol isn't seen at all for day after wintry day.

Just how light can be effective is unknown. But, it seems to really work for lots of patients. Indeed, some researchers have shown that individuals receiving light therapy for the mid-winter blues have fewer sick days and less time lost from work than their fellows.

Some experts believe that controlled exposure to (appropriate) light sources can do even more. For example, they feel that light can prevent jet lag, reduce stress and illness in shift workers when a shift is changed, insomnia is relieved.

And some are proposing it as a means of helping people get started in the morning. Now that might be an enlightened alternate to a cup of black coffee.

Usually, light therapy requires an hour or so each day, sitting about three feet from banks of fluorescent tubes. Treatment affects are usually felt in two to four days.

And it's nice to report that there are few side effects. Though bulb flutter can cause headaches and eye strain and, very rarely, seizures. Occasionally patients complain of some nausea, even irritability. But this is usually transient.

Well, there you have it. Apparently, those of us who suffer from Seasonal Affective Disorder can have inexpensive relief virtually free from side effects. So whether you live in Seattle or Montreal, Philadelphia or Winnipeg, don't hesitate to talk with your friendly family physician. He might shed some more light on the subject.

THE WEATHER CHANNEL TO PREMIER

Local Sammons Communications Manager Peggy Turner announced today the addition of The Weather Channel to Akron's basic cable system. The Weather Channel is scheduled to premier on channel 24 approximately April 6.

The Weather Channel offers 24-hour national and local weather information, including current temperatures and wind information, in addition to other lively features. The Weather Channel broadcasts live, daily to over 38 million subscribers nationwide.

Sammons Communications' decision to add The Weather Channel to Akron's basic system keeps with their commitment

to provide quality, informative programming to its viewers. Sammons Communications, Inc., a Dallas-based company, is a multi-system cable operator and part of Sammons Enterprises, Inc. Formed in 1961, Sammons currently ranks 17th in total subscribers among all cable operators.

Health-Wise

Some Light on the Subject
 Raymond O. West, M.D.

This Health-Wise columnist writes for our readers who live where fall turns into winter. Readers from the salubrious sunbelt will benefit less than those of you who come from northern climes.

This column is all about SAD (Seasonal Affective Disorder). The SAD syndrome is what happens to 25% of the population of middle and northern sections of the United States and Canada.

The name is descriptive, isn't it? And so is the acronym that accompanies it. Seasonal Affective Disorder implies tiredness, fatigue especially in the morning, the need to sleep more than usual, gain in weight along with increased appetite and a craving for carbohydrates (not the least of which is chocolate). These symptoms all are worse in the fall and much worse in the winter. They tend to improve spontaneously with the advent of spring.

Kent Adams announces plans for County Campaign

State Rep. Kent Adams (R-Bremen) has announced his county campaign committees and finance chairmen for Wabash, Kosciusko and Marshall counties in his bid for re-election to the District 22 seat in the Indiana General Assembly, for the upcoming 1990 elections.

A total of 19 local community citizens in the three counties are leading Adams' re-election bid for his return to the Indiana House of Representatives, where he is currently serving his first term.

Leading a nine member committee in Wabash county will be Kae Gifford of Urbana and Nancy Wible of North Manchester, who will serve as coordinators and be joined by Dr. Dean Gifford of Urbana, David and Jane Grandstaff, Karl Merritt and Myron Miller of North Manchester, Jack Porter and Robert Fuller of Wabash. Fuller will serve as Wabash county finance chairman for Adams' campaign.

Kosciusko County will be led by Wayne Tombaugh of Mentone, who will serve as coordinator, and will include Robert Hartzell of Etna Green, Kathryn Teel of Mentone, Layne Warren of Claypool, Max Weller of Silver Lake and Charles Ker of Warsaw, who will be the county finance chairman.

Heading up the Marshall county committee will be Wilbur Bowser and Beuford Rowe of Bremen, who will serve as coordinators. They will be joined by George Deaton and Evelyn Rettinger of Bourbon. Bowser will also serve as the general finance chairman of the three county committees.

Adams, in announcing his county

campaign committees said, "We are very happy to have these people join us in our campaign for re-election. They are leaders in their local communities, respected by their fellow citizens and I am very pleased personally that they will lend their efforts on my behalf."

NORTH MIAMI ELEMENTARY KINDERGARTEN ROUND-UP

Kindergarten Round-Up - North Miami Elementary - April 17 & 18, 1990.

All parents with prospective kindergartners for the school year beginning August 1990 should plan to attend Kindergarten Round-Up either April 17 or 18. Children should attend with their parent(s). Preschoolers will be visiting the regular kindergarten rooms while enrollment is completed. Enrollment should last approximately one hour. Following enrollment, parents will pick up their students and return home with them.

The two dates and times for enrollment are as follows:

Tuesday - April 17 - 9:30 a.m.

Wednesday - April 18 - 1:30 p.m.

Note: Current kindergarten students will not attend school during Kindergarten Round-Up. There will be no morning kindergarten April 17 and no afternoon kindergarten April 18.

Requirements for enrollment in the fall are as follows:

1. A child must be five years old on or before August 1, 1990.

2. Please bring a legal birth certificate to enrollment.

3. Parents may want to bring immunization records to enrollment if they have questions. If immunization is not

now complete, it must be completed before September 1, 1990. A form will be provided at enrollment for the family doctor to certify complete immunizations.

4. Immunization requirements consists of shots for tetanus, whooping cough, diphtheria, measles and Rubella, and polio. A vaccine for mumps is also a state requirement. The test for tuberculosis is no longer a state requirement, but we are asking that you also have this test for your child.

If you have a prospective kindergarten student, please call or write to the school to indicate what day you will be enrolling your student. Please let us know by Friday, April 13. The school phone is 985-2251.

Rural Rhymes

'CAUSE HE'S A FARMER

Esther C. Adams

In the spring he has hope,
With spring work he can cope.
As he plows and plants the ground,
Working the soil gives him satisfaction unbound.
'Cause He's a Farmer.

There's so much he has to know,
What fertilizers to use, seeds to sow.
What to buy, when to sell,
How to fix everything, and do it well.
'Cause He's A Farmer.

He has faith to meet each day,
As floods, drouth, frost, hail come his way.
He wears overalls, and has callused hands,
But he's "The salt of the Earth," in this land,
'Cause He's a Farmer.

— 1 Timothy 4:4,5

LET US PROTECT OUR PLANET; IT'S THE ONLY ONE WE HAVE

Do you ever take time to look at the world around you? In some places it is still very beautiful and unspoiled, but in all too many areas our civilization has taken its toll. In ever-increasing amounts we are polluting our air and water, turning the land into a gigantic trash dump and eradicating all forms of plant and animal life, at the rate of one species each year. Not all of these things can be helped, nor are they necessarily the result of negligence, but with our population growth and diminishing wilderness areas it behooves us to keep all of these unfortunate actions to a minimum. Learn at your House of Worship that God gave us our world and all its natural resources to use, but not to destroy. Thank Him for this evidence of His love which is all around us, and resolve to do all you can to help preserve it.

Each generation has
fought nature. Now
...we must become the
protector of nature.

Warsaw Amvets Charter presentation

Warsaw AMVETS will host their Charter presentation Sunday noon, April 1, 1990 at the American Legion Post 49, Warsaw, with a luncheon and cash bar. Prospective members are urged to attend.

Membership is open to all American veterans, male or female, who served actively and honorably any time and anywhere from September 16, 1940 through the present, and to active duty military personnel. AMVETS national membership is approximately 200,000, representing some 1200 Posts throughout the country and overseas. The AMVETS post is the basic unit of the AMVETS organizations. Post vary in size from the newly chartered, with a minimum ten members, to several thousand members. Each Post conducts its local programs and participates in AMVETS Department (state) and National activities.

The AMVETS nationwide network of service officers provide expert council to veterans and their dependents and helps them obtain benefits due under the law, but which are often difficult for individuals to procure.

The first organizational Warsaw AMVETS meeting was held September 1989, with eleven members. They have since grown to thirty-one members.

Regular Warsaw meetings are held the first and third Monday's of the month at 7:00 p.m. at the American Legion Post 49. AMVETS meets at the Legion, but are not affiliated with it.

Dues are presently set at twenty dollars per year. Programs supported through dues are Reserve Officer Training Corps (ROTC) units in colleges and high schools through awards programs.

AMVETS also participates in Scouting, Special Olympics and numerous other community service programs.

Warsaw AMVETS extends an open invitation to any eligible veteran to participate in their April 1, 1990 Charter presentation. Further information may be obtained by calling Ralph Perkins 267-3908, Mark G. Brown 566-2988, John R. Hudson 269-2417, or any current member.

New Books at the Akron Public Library

BEYOND SURVIVAL, by Gerald Coffee---Beyond Survival is a positive statement about love and commitment in the midst of war and division. It contrasts the cold reality of war, degradation, and torture with the warmth of human connections, inner serenity, and kinship with all of life.

THE CANCER INDUSTRY, Unraveling the Politics, by Ralph W. Moss---The author, formerly of Memorial Sloan-Kettering Cancer Center, has spent fifteen years investigating the field of cancer research and what he has to say will shock you.

HOW TO GET A BETTER JOB IN THIS CRAZY WORLD, by Robert Half---This is more than just another how-to-get-a-job book. It's packed with

hundreds of specific ideas and techniques to help you land that prized job.

WHERE THE RIVER RUNS, by Richard Wheeler---Montana resident, Richard Wheeler, has written a riveting novel about three brave travelers whose mission of courage, honor, and love takes them into the deepest frontiers.

THE LONGEST TUNNEL, by Alan Burgess---The true story of World War III's great escape, when on the night of March 24, 1944, seventy-six allied POW's slid through a 350-foot tunnel and out of a high-security German camp.

THE FRENCHWOMAN, by Jeanne Mackin---From her childhood in the grim slums of pre-Revolution France, to uneasy refuge in the Pennsylvania countryside, Julianne, illegitimate daughter of a Paris prostitute, lives a life of astonishing changes, astonishing adventures, and no little tragedy. A novel.

THE SINGING STONES, by Phyllis A. Whitney---Once again the promise of excitement we've come to expect from a Phyllis Whitney novel is fulfilled in this engrossing story of murder and suspense, forgiveness and love.

THE NATURE NOTES OF AN EDWARDIAN LADY, by Edith Holden---A book that will appeal to all lovers of nature and the countryside. Donated to the Library by Charlotte Hammond.

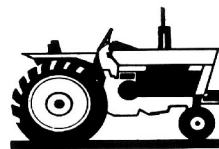

Farmers eligible for special tax treatment

The Internal Revenue Service issued guidance to farmers who received payments in 1989 under the Disaster Assistance Act of 1989. These payments may qualify for the special tax treatment afforded other crop insurance proceeds received by farmers, according to the IRS.

Under federal tax law, farmers who receive insurance proceeds for crop damage due to floods, droughts or other natural disaster or due to the inability to plant crops because of these events may qualify to report this income in the year after receipt. Since farmers often report the income from crop sales in the year after the crops were harvested, this provision allows farmers whose crops are destroyed to avoid reporting two years' income in the same year.

In order to qualify for the special treatment, the farmer must use the cash method of accounting and must establish that the proceeds from the sale of the destroyed crops would normally have been reported in a year following the destruction.

Today's guidance recognizes that payments made by the federal government for crop damage serve the same purpose to a recipient as insurance proceeds and should be taxed in a similar manner. The IRS said the favorable tax treatment of federal payments properly implements the intent of Congress in originally enacting the crop insurance provision.

SPRINGTIME ON THE FARM

Spring is on the hillside, Spring is everywhere.

In the hills and valleys, even in the air. Hyacinths and tulips pushing with their might.

Breaking out of prison, seeking for the light.

Happy birds are building, with a merry song.

Nests to house their babies, when the days are long.

Life itself is stirring, with radiant charm.

Oh what is half so wonderful, as springtime on the farm?

Senior Citizens, come join us for a well balanced meal and fellowship. For your meal reservation please call 893-7204 between the hours of 9:00 a.m. - 12:30 p.m. We are located in the Akron Lions Club building, 108 North Maple street.

Perry Home Improvement

The Perry Home Improvement Club met with Marie Long in her home.

Treasurer, Pauline Miller was the leader of the meeting since the president and vice president were absent. She told about the coming Town Garage Sale which will be Saturday, April 7 at the 4-H Building. Each club is asked to donate six items for sale.

Marie Long gave her Citizenship lesson about two honest boys that found and returned precious treasures (money and jewelry), and gave the devotions on thoughts of our "tuning in to God".

Aurel Musselman read a description of a lady receiving her first permanent, it

brought back memories of crudeness of the equipment of long ago.

Arlene Gearhart won the contest prize of the day and Pauline Miller was "Lucky Lady".

A card was signed by each member present which was sent to President Alice Teel, who lost her sister.

Those present were hostess, Marie Long, Emma Burns, Helen Miller, Pauline Miller and Aurel Musselman. Guests were Arlene Gearhart and Berneice Wertenberger.

The April meeting will be in Pauline Miller's home.

**NEVER
TOO
OLD**

If you think you're too old for good-looking teeth, take another look at the many television and movie actors who've achieved their first half-century and still have beautiful looking teeth. Anyone who is not in solitary confinement wants good looking teeth and an attractive smile. You don't have to be an actor to care about your appearance, no matter what your age. You are never too old for good looking teeth, and if you have a problem that needs correcting, your dentist can help you solve it.

It's not unusual for some teeth to become chipped and damaged over a period of time, for example. Other teeth may become crooked or out of alignment because the gaps from missing teeth haven't been filled. This not only affects the shape of your mouth, but the shape of your face. It can also add wrinkle lines and sags to the skin that are really not necessary, not with good dental treatment.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Phone 223-3121.
