Lewis Salvage Company, Akron, helps the community groups who are interested in money making projects, also individuals who gather or keep their metal cans. Shown above is a truck loaded with 3610 lbs. of aluminum cans, a total of 1½ to 2 months of collecting, bound for an aluminum company in Chicago for use in recycling. The company hauls loads of aluminum to several different points in Illinois and Indiana. If your club or organization is hunting for a money-making project, this is a good one and easy to do, the total aluminum cans are the ones which bring the most money. You can check for content by using a magnet, aluminum won't pick up a magnet. (Photo by Marilyn Earl).

## Pike Lumber to receive E.D.C. bond issue

A resolution to issue a \$400,000 Rochester Economic Development Commission (EDC) Bond to the Pike Lumber company of Akron was adopted by the Rochester City Council Tuesday.

The money will be used finance the construction and equipping of a steam-powered, energy-efficient hardwood lumber predryer. The 80' x 160' concrete block predryer will be located on the present plant site at the east end of Akron.

Jesse Brown, Rochester attorney, speaking for Howard and Channing Utter, owners of the company, said that the new operation will require 10 additional employees immediately and approx-

imately 20 within two years, increasing annual payroll from \$120,000 to \$240,000 per year.

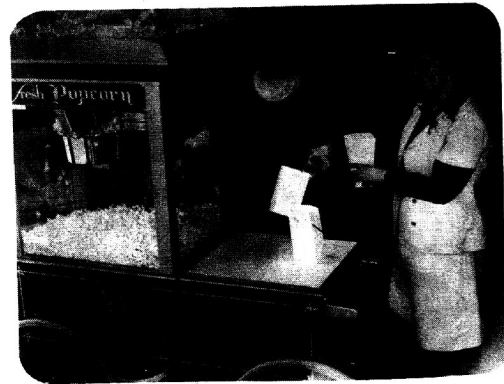

Because Fulton County and the Town of Akron do not have an Economic Development Commission, bonds are authorized through the Rochester EDC in the interest of improvements to the community.

EDC bonds do not use tax or government monies and are, in fact, financed by the company's own bank with interest and principle payments to be made out of company revenues. The bond will be retired by revenue from the company and will not be an obligation of any description to the taxpayer.

## Akron Bank extends lobby hours

A red and brass 1890 style antique replica popcorn machine is making every Friday afternoon "popcorn time" at the Akron Exchange State Bank where customers using the bank's extended lobby hours are given bags of the fluffy snack.

Now used only between the hours of 3 and 5 p.m. on Fridays, the machine doubles as a piece of art in the bank's vestibule the remainder of the time and will be quite visible this summer at area celebrations and festivals.

Shown above are Felicia Wilson, secretary of the Akron Exchange State Bank and Ann Sheetz, Asst. Cashier and Director of Marketing, with their new popcorn machine. (Staff Photo).

## Mentone C.C. sponsor Miss Ind. pageant

The Mentone Chamber of Commerce is sponsoring the second Miss Kosciusko Scholarship Pageant. This is a sanctioned pageant in accordance with both, the Miss Indiana pageant, and the Miss America pageant.

Last year Miss Christine Rhoades, was among the ten finalists for Miss Indiana, and over \$1000 in scholarships were awarded here at the local level.

All girls, ages 18 to 26, interested in taking part in this year's pageant, to be held June 5th, are

invited to contact Jo Gamble, Box 164, Mentone, Ind., or call 353-7745 or 267-2239. Entries must be in by May 15th.

### Mother's Day

The observance of Mother's Day is a recent one in the United States, beginning only in 1907. Then it was the idea of Miss Anna M. Jarvis, a Philadelphia school teacher, formerly of Grafton, Virginia, that at least once a year sons and daughters should pay tribute to mothers.

Miss Jarvis arranged for a special church service and suggested white carnations be worn by those attending.

The observance, on the second Sunday in May, has rapidly spread to every part of the United States and the fact that it became custom in all the states only four years after it had been suggested testifies to the sentiment for such an observance in this country.

In later years, the custom of wearing a white carnation on Mother's Day was changed. Those whose mothers were still alive wore red flowers, instead of white. First observed in the United States, Mother's Day has become an international occasion and mothers in every area of the world are now honored each year.

More than anyone else, the mother who cares for home and her children is destined to influence the character and future of the country.

Often the responsibility is combined with a back-breaking and steady ordeal of sewing, washing, mending, cleaning and teaching. It is to this mother, who dedicates her life to her home, her family and children, that the country owes a debt of gratitude. This mother represents the finest in our civilization.

### May, 1942

In World War II, the first taste of victory came for U.S. forces in the Coral Sea, in May, in a battle which was actually won, tactically, by the Japanese. The U.S. Navy lost a big carrier, *Lexington*, oiler *Neosho* and destroyer *Sims*. The Japanese Navy lost a small carrier *Shoho* and a few small vessels at Tulagi.

But strategically, the Coral Sea battle was a U.S. victory because the Japanese were turned back in their planned invasion of Port Moresby.

This battle shows better than most how wildly inaccurate wartime reporting is—and why such film-clip historical treatments as likeable Lowell Thomas' television program are of little value in 1981.

The New York Times on May 9, 1942, claimed in a streamer of the front page that the Japanese had been repulsed in a great Pacific battle, with 17 to 22 of their ships sunk or crippled! Hanson Baldwin, then the military critic of that newspaper, saw the battle as possibly the greatest in American naval history, etc.

May, 1942, was surely the beginning of the turnaround of the war in the Pacific, and to be remembered as such. But looking back at wartime news reporting, we see that the people of the democracies, for various reasons, were often (but not always) as misled as those in totalitarian states.

## Free newspaper bill inked by Governor Orr

INDIANAPOLIS — Indiana Governor Robert Orr signed Senate Bill 87 into law Friday, April 24. The new legislation, in part, grants a "manufacturers' exemption for the purchase of machinery, equipment, tools and materials used in the production or publication of free distribution

newspapers.

Free distribution newspapers are also referred to as community papers or shoppers.

With the passage of the bill, free distribution newspapers are allowed the same tax status as paid distribution papers.

The new law, effective Mon-

day, June 1, also gives sales tax exemptions to an expanded line of agriculture equipment.

Primary sponsor for the bill was State Senator John B. Augsburg (R) of Syracuse. Also sponsoring in the Senate was Wayne Townsend (D) of Hartford City. In the House of Representatives were Thames Mauzy (R) of Warsaw, Pat Kiely (R) of Anderson and Jeff Hays (D) of Evansville.

To qualify as a free distribution newspaper, a publication must be published at least once a month, be distributed on a community-wide basis and contain news of general or community interest.

The bill was supported by a state-wide organization of free distribution papers, Community Papers of Indiana. Ron Baumgartner of The Papers Incorporated of Milford spearheaded the legislative drive.

### CONGRESS RATES HIGH

NEW YORK -- With a Republican majority in the Senate and a born-again commitment to cutting government spending, Congress is getting its highest rating in almost four years from the public. And President Reagan gets high marks for his efforts to work with Congress, the Associated Press-NBC News poll says.

## Keepers of the soil week

Soil Stewardship Week will be held nationwide this year May 24-31, according to Myron Metzger, chairman of the Kosciusko Soil and Water Conservation District.

Since 1955, Soil Stewardship Week has been recognized in millions of churches and schools across the nation. It is designed to focus on the nation's natural resource problems and to consider ways to solve them.

"This country must, at whatever cost, maintain the capacity of the land to produce food and fiber," cites the National Association of Conservation Districts (NACD) in its booklet for the 1981 observance. NACD sponsors Soil Stewardship Week in cooperation with the nation's 3000 soil and water conservation districts.

"With our own population at 220 million and growing and with many regions of the world

depending on the United States to supplement their food supply, the need to maintain our productivity capacity becomes increasingly apparent," according to NACD.

This year's event focuses on "Society's Pressure Points," as its theme and covers such topics as soil and water conservation, urbanization, and loss of prime farmland.

Information and materials for the 1981 observance of Soil Stewardship Week are available from Kos. SWCD, 303 E. Gilliam Drive Warsaw, call 267-5726.

by Ruth Heighway

The Annual Beaver Dam School alumni banquet was held Saturday night, April 25th at the Shrine Building, Kosciuszko County Fairgrounds. 1981 officers were: Merl Harrold, President; Maurice Haney, Vice President; Louis Bucher, Secretary; Janice Yeager, Treasurer. The decorating committee were: chairman, Sherri Shewman, Wanda Swick and Ruth Heighway. Nominating committee were: chairman, Max Cumberland Marcella Meredith and Noreen Norris. The honored classes were 1931 and 1956, and were well represented. A movie strip of 1941, of activities of the school that year, was shown, to the enjoyment of everyone present. The entertainment was the Swing Choir of Wawasee High School. 159 attended, and though there is only a memorial marker where the school once stood, it holds many wonderful memories, so this annual event is special to all who attend. The 1982 officers are: President, Maurice Haney; Vice President, Ned Heighway; Secretary, Margaret Adams and Treasurer, Lily Rookstool. Honored classes will be 1932 and 1957. Guests of Mr. and Mrs. Fred Haney, Sr., on Thursday, were her sister, Mr. and Mrs. Winn Bowers, of Waterloo, Indiana, a brother, Mr. and Mrs. Clare

Jennings, of Elkhart and Mr. and Mrs. Harold Amstutz of Butler. Other guests were Mr. and Mrs. Maurice Haney, Mr. and Kevin Haney and Orville. Mr. and Mrs. Ron Shewman were Sunday dinner guests of her aunt, Mr. and Mrs. Ralph Gugleman, of Silver Lake. Other guests were Peggy's grandparents, Mr. and Mrs. Wayne Holle, Tuscon, Arizona; Mrs. Frances Pulls, Silver Lake, and Mr. and Mrs. Kent Gugleman and Renee, of Fort Wayne.

An average NIPSCO residential customer using 39,800 cubic feet of natural gas for purposes other than home-heating would realize an increase of 9 cents a year or about 3/4 cent a month.

The purchased gas adjustment is the third filed by NIPSCO this year. The total effect of all of these adjustments on the average NIPSCO customer using 147,600 cubic feet of gas for home-heating and other purposes would be an annual increase from \$524.21 on January 1, 1981, to \$561.40 as of June 1, 1981.

An average NIPSCO customer using 39,800 cubic feet of natural gas for purposes other than home-heating, will experience an annual increase from \$169.29 on January 1, 1981, to \$179.33 on June 1, 1981, upon approval of this application.

Adjustments in gas rates to NIPSCO customers, usually upward but sometimes downward, have occurred and will continue to occur as rates from NIPSCO's pipeline suppliers change, as they have and will, under the provisions of the Natural Gas Policy Act and after approval of the Federal Energy Regulatory Commission.

NIPSCO explained that it does not realize one cent of profit from purchased gas adjustments. The money, the company said, goes directly to suppliers to pay for the increased cost of natural gas delivered to the utility.

The company also said that in spite of these rising costs, natural gas continues to be the least expensive fuel for homeheating in northern Indiana.

## USDA cancels settlement date for reserve corn loans

WASHINGTON, April 16 - Secretary of Agriculture John R. Block, said today he is "helping move agriculture closer to the market-oriented goals of the administration's proposed farm bill," by granting farmers an indefinite extension on repaying their reserve corn loans.

Under Block's action, farmers who previously had until May 15 to repay loans on reserve corn can continue the loans at the same 15.25 percent interest rate.

"Farmers will immediately feel some benefits that go along with the market-oriented objectives that are woven into the administration's farm bill," Block said. "With this action," he said, "farmers can make their own marketing decisions on farmer-owned reserve corn. They should fare much better under this philosophy than they would under programs that have outlived their usefulness, such as target prices and deficiency payments."

Normally, when the market price for corn reaches a specified "call" level, farmers with grain under government reserve loans are notified that they have 90 days in which to either repay the loan or to turn the grain over to USDA.

Corn reserve loans were called effective Jan. 16, with the repayment date set for April 15. However, Block authorized a 30-day extension, with the stipulation that a 15.25 percent interest be

charged effective April 15. Previously, reserve corn loans were interest-free.

Block said farmers will continue to be responsible for the condition and storage costs of their corn under loan.

When the weather gets warm, we begin to think in terms of air conditioning. But a few years ago -- many years ago, in fact, there were no air conditioners as we know them and refrigeration was unknown on the farm. Cooperating neighbors found a need and joined together to make an ice house. Do you remember the ice houses?

The Ice House was a big barn of a building that housed lake ice for summer use. When lake ice was about 12 to 18 inches thick, the ice cutter would cut big slabs of ice from the lake. These slabs were taken to the near by ice house by the cooperating members. The ice slabs were placed a few inches apart and saw dust was placed on the layer of ice. Then another layer of ice and saw dust were added. This would continue until the building was full or good lake ice was used up. This was difficult work because of the cold weather. The cold nipped the nose and stung the toes but had to be done when the ice was ready. It must have been difficult work and was probably done in relays. I don't remember any of the work. I only remember the luxury of cold fresh milk and the good ice cream during the summer. Of course, the iced tea and lemonade could not be tinkling with the unclean lake ice but it was chilled in half gallon jars next to the big block of ice. That was luxury enough on a hot summer day.

You can find the luxury of cold milk and glasses of tinkling ice water and iced tea in hot weather at the Akron Lions Club Senior Citizen Site. The volunteers at the site may not get their fingers and toes frosted but their cooperation cannot be questioned. Everyone pitches in and the job of preparing for the meal and the clean up afterward go like clockwork. When something comes up and someone leaves his or her job for awhile, another steps in and the flow of work continues smoothly. There is no grumbling or quarreling. Everyone is so appreciative of everything that is done at the site. Sometimes suggestions are made in a constructive way and they are greatly appreciated. The cooperation and understanding by the volunteers at the site make the work a pleasure. The volunteers are a great group of wonderful responsible men and women. They are the people that wash the dishes, set the tables, carry the meals to the homebound and do anything needed to make things go smoothly, day after day. I'd like to thank all of the volunteers, and that is almost everyone that comes to the site, for their cooperation, willingness, faithfulness and pleasant attitude that they have shown during their work at the site. There is a good feeling at the site and this is due to the many good volunteers from the Akron community. In my opinion you are the best volunteers and participants in the state which has made this the best site in the state. Thanks again to all of you for that 'old time' cooperation.

On Thursday, May 14, there will be the May Birthday Party and Blood Pressure Clinic. Come get your blood pressure taken from 11 to 12 and stay for lunch. Help celebrate the May birthdays! Everyone has a good time!

The Shipshewana Amish Sale trip is scheduled for Wed., May 20. The group will leave the site about 7:30 or 8 a.m. and will return around 4 or 5 p.m. For more information, please call the site. Other trips are in the planning stage and you may sign up for them also. Your signing up shows you have interest in the trip and if the time and your health permits, you will probably go. We will then inform you about the final plans when the trip is planned.

Come enjoy the fun, visiting and food at the Akron Lions Club Senior Citizen Site soon. We will be expecting you. For reservations or information, please call 893-7204 or 893-7263.

## Future of wild turkeys' bright

by Joe Scheidler

With dawn's first light, I eased my way down the path toward my station. On either side of the path I could see the faint outline of spring flowers, and melodies from a variety of songbirds greeted the clear, crisp morning. My station was marked by a fork in the path. I stopped about 30 feet shy of the fork, and within seconds the stillness of the dawn was shattered by the thunderous gobbling of a wild turkey. Almost immediately a second turkey gobbled from that point south of the first, and the quality of an already beautiful spring morning had suddenly tripled.

I was one in a group of two dozen Biologists and students who had scattered themselves along the ridge tops of Parke County in western Indiana to conduct a spring turkey gobble count. The area had been stocked with 17 wild gobblers in the winter of 1979-80, and the count would help estimate survival and productivity of the birds.

The first effort to re-introduce the wild turkey in Indiana was in 1956. Other introductions took place through the 60's, and the program was so successful that by 1970 a hunting season was opened in a few southern counties. Through the 1970's and up to the present, wild birds have been introduced from other states and transplanted from established hoosier populations so that, this year, hunting is permitted in all or part of 19 Indiana counties.

Extensive wooded acreage in southern sections of the state provides ideal habitat for this impressive bird. The re-introduction in Parke County represents the first in an area having considerable cropland interspersed with woodland. As more of the prime turkey habitat is repopulated, more emphasis will be given to counties having fewer woodlands.

The wild turkey impressed Benjamin Franklin to the point that he made a plea to our Continental Congress to choose this bird as our National Symbol. The beauty, power and wariness of the wild turkey is well known to many, particularly those who have hunted this magnificent bird.

The future of the wild turkey in Indiana looks bright. We look forward to the day when all potential turkey habitat includes this bird as a viable part in the balance of nature.

## Akron Notes . . .

Velma Bright and Gloria Bowen spent Sunday afternoon and Monday at the Brown County Inn in Nashville, Indiana, attending the Children's and Young People's Librarian Spring Conference. Nora Hoffman accompanied them as far as Indianapolis where she spent Sunday and Monday visiting Mrs. Bill Bemenderfer and family.

Supper guests of Mrs. Clifford Bright and Velma Bright on Friday evening were, Mrs. Raymond Hoover, Mrs. Lee Gearhart, Mrs. Alfred Ferree, Mrs. Lewis Slaybaugh, Mrs. Mary Krouse, and Nora Hoffman. The occasion was in honor of the birthdays of Velma Bright and Margaret Slaybaugh.

There are two kinds of mushroom hunters, those who

hunt for exercise and those who find mushrooms!

Mr. and Mrs. Dave Sheetz and Brad and Angela, entertained Mr. and Mrs. George Sheetz on April 18 in honor of the couple's 38th wedding anniversary.

Dairl Sander, who was injured recently in a truck accident, is reported much improved and has been removed from the intensive care unit of the St. Joseph Hospital. He suffered a broken arm and leg, internal injuries and multiple abrasions. Dairl would enjoy hearing from his friends. He is in Room 340, St. Joseph Hospital, South Bend, Indiana.

Mrs. Blanche Walgumuth has returned to her home from Warsaw Community Hospital where she has been recuperating from a dislocated hip injury.

## Work continues

Volunteers wishing to help complete the work on the service building at the Mentone Cemetery, should be on hand Saturday, May 9th at 7:30 a.m. The work will continue each Saturday morning until the project is completed.

Monetary donations will be accepted. Please send donations to: Cemetery Fund, Box 562, Town Hall, Mentone, IN. 46539.

Mr. Whetstone wishes to thank everyone who has taken part in the project, which is a very worthwhile effort in the community.

## Mentone notes...

Mr. and Mrs. Doyle McBride and Brent have returned to their home in Drumright, Oklahoma after visiting several days with their son and family, Mr. and Mrs. Gregory McBride and Maria. Also visiting on Friday were Maria's maternal grandparents, Rev. and Mrs. Meredith Fall of Traverse City, Michigan.

## Information needed

Plans are underway to have a float in the Mentone Egg Festival parade for former Miss Chick and Little Rooster winners.

Anyone having names of previous winners, please contact Beverly Surface, 353-7357 or Jaon Harman, 353-7758. This help will be greatly appreciated.

## 24 attend Mastodon movie

Twenty-four people attended the showing of the motion picture by Earlham College of the excavation of mastodon bones from the James O. Wells farm west of Rochester in 1960. Wells answered questions afterwards and said the reconstructed skeleton is now in Nebraska.

The movie was shown at the Fulton County Historical Society meeting April 27. The group voted to do something special for the Western Saddle Club from Rochester, England, and to give each of them a free buffalo burger and ham and beans during the Round Barn Festival.

RBF brochures were distributed and the group was asked to help get them out to various parts of the state by taking them on any trips they might make. An error in the brochure was noted: the FCHS museums will not be open on Sunday this year because the Round Barn Festival ends on Saturday. Sunday hours will be 2 to 4 p.m. for the Rochester and Leiters Ford depot museums.

A report on the progress of the publication of Fulton County Folks, Vol. 2, was given. Over 164 pages are all done and printed, but it is not likely that the book will be finished by June 1. No definite completion date can be given, but probably around August or September. Several volunteers are working hard on the book and it is progressing well.

Refreshments were served by hostesses Ruth Laura Davis, Marie Swartz and Edna Carey.

Displays of historic interest are needed for the north room of the Civic Center Museum. Persons willing to lend displays or with ideas are asked to contact FCHS at 223-4636, or call Shirley Willard after 5 p.m. at 223-2352.

Five trees were planted by the museums in Lakeview Park, Rochester. Trees were donated by Bob Kern, Adeline Krom, Home Circle Club of Rochester and Twentieth Century Club of Grass Creek.

## Church News

The Ray Circle of the Akron United Methodist Church was joined by three guests on April 2 for brunch at the Honeywell Memorial Home in Wabash. The meal was served in the dining room overlooking a beautiful lawn. The ladies were given a tour of the home, and the hostess explained the death of Mrs. Honeywell in a fire that destroyed much of the interior in February 1974. The home has been restored and furnished in her style and is now open to tours and for housing students for concerts, etc. Mrs. Honeywell gave the home to Indiana University before her death.

The next meeting of the Ray Circle will be on May 7.

The L.T.L. and W.C.T.U. met on Wednesday night at the Akron Library basement. The L.T.L. had charge of the program. They had four short plays, with the following children participating: Cherie and Tammy Stubblefield, Jon and Jimmy Howard, Tricia Tilden, Danny and Gary Wagoner, J.D. Kreighbaum, Jana Murphy, Robin and Caleb Hucks, Aaron Kindig, Bryan Caudill, Staci Loer, Aimee Vojtasck, Dawn Hall and Norman Cornell. Mrs. Jerry Howard played a prelude and accompanied four special numbers by Jon Howard, Tammy Stubblefield, Robin Hucks, and Jimmy Howard. Tricia Tilden also played a piano number.

The awards for the poster contest were made by Velma Bright for the following winners: grades 4, 5, & 6 - 1st prize, Gary Wagoner; 2nd, Paul Fites, and 3rd, Robin Hucks. In grades 7, 8 & 9 - 1st prize, Jackie Fites; 2nd, Kim Trout and 3rd, John Stubblefield. In grades 10, 11 & 12 - 1st prize - Monique Moore; 2nd, Jed Smith and 3rd, Kristin Bruner. The prizes are \$3, \$2, and \$1. The other entries receive a consolation award of 50¢. The first prize winners were sent to the state contest.

Mrs. Marie Bright dismissed the meeting with prayer, and refreshments were served by Lucille Doering and Gloria Bowen.

Julie Lanee Sumner, 8-month old daughter of Stephen and Miriam Kessler Sumner, was baptised on Palm Sunday by her grandfather, the Rev. Maurice Kessler, pastor emeritus of the Akron United Methodist Church. The group attending the baptism included Mr. and Mrs. Randall Leininger, Mr. and Mrs. Lael, Akron; Mr. and Mrs. Joseph Sumner, Anderson, and Mary Margaret Leininger of Akron.

The Akron United Methodist Church has for sometime been exploring the possibility of a Nursery School in the Akron United Methodist Church. After discussions in several committees and the administrative council, approval of the Nursery School was recently given by the Administrative Council. Planning a Nursery School is now in progress and it is hoped it can be opened in the fall and follow the public school calendar.

The family ministries' committee of the Akron United Methodist Church, met April 13th with Rev. Cramer, Onda Good, Alona Leininger, Lucile Meredith, Dennis Thompson, Juana Sheetz,

Helen Day and Darlene Drudge present. Bible School will be June 15 through 19 this year. The committee heading it includes Helen Day, Lucile Meredith and Alona Leininger. Graduating seniors Tami Walgamuth, Pam Zimmerman, Christa Rager and Brett Cumberland will be honored with a breakfast on May 17 and will receive special recognition during church services.

## Gardening Needs Few and Simple

West Lafayette, Ind. You don't have to invest a fortune in equipment to start gardening, says Julie Chamberlain, Purdue University extension assistant in horticulture.

All you really need are seeds and plants, water and sunlight -- and a few basic tools. Two or three basic tools picked up at a garage sale or auction can do very nicely, she adds.

The essentials are a hoe, a spading fork or spade, plant labels (which can be homemade), stakes and string, a hand trowel for digging holes for transplants, and a hose or pails for watering, according to Chamberlain.

She offers the following comments about these basic tools:

The hoe is a multipurpose tool. It's primary uses are to make furrows and chop weeds. It can also become a measuring tool. Just mark the handle at six-inch intervals.

A spading fork or spade is needed to turn the soil before planting. If you choose a fork, it can also be used to dig potatoes. You can make spading a large garden more manageable by spading up only the section you intend to plant on any given day.

A hand trowel is used to make small holes for transplants.

Stakes and string are traditional row markers. But you may decide to dispense with these and mark rows by planting a few radish seeds along with your main crops. The radishes germinate quickly and mark the row for you. Because they also mature quickly, they're out of the way before

they begin to crowd the other crop.

Even a small garden is easier to water with a hose than with pails. Soaker hoses and lawn sprinklers make the task easier yet. Watering equipment that wets plant foliage should be used early in the day so that the foliage can dry off quickly. Leaves that remain wet for long periods of time are most susceptible to disease.

May 8, 1981 - THE AKRON-MENTONE NEWS

When selling a home, it may be advantageous to both sides to let the buyer assume your existing VA mortgage. The buyer need not be a veteran. However, be sure to contact the nearest Veterans Administration regional office to obtain a release of liability. Otherwise, you could be liable if the new owner defaults on the loan.

Release from liability mentioned above does not mean the veteran's GI home loan entitlement is restored. It can

be restored if the original VA-guaranteed mortgage is paid off in full or if the loan is assumed by another veteran who agrees to substitute his or her GI loan entitlement.

To be eligible for a GI loan, wartime veterans must have served at least 90 days unless discharged earlier for service-connected disability, while peacetime veterans need at least 181 days of continuous active-duty status. Six-month enlistees with active duty for training only are not eligible. In all cases, the discharge must have been under conditions other than dishonorable.

## Governor Orr proclaims "Older Americans' Month"

Governor Robert D. Orr will proclaim May Older American's Month in a public ceremony in the Statehouse Rotunda, May 1 at 11 a.m.

Jean Merritt, newly appointed executive director of the Indiana Commission on Aging, will make opening remarks. Mrs. Merritt is also executive director of the Indiana Office of Community Services Administration, making her the only person to head two major state agencies.

The former executive director of the Indiana Commission on Aging, Maurice J. Endwright, who retired after eight years, will deliver a welcome and make introductions.

Accepting the proclamation from Governor Orr will be Dr. F. Benjamin Davis, chairman of the Indiana Commission on Aging.

Mrs. Merritt indicates this will mark the 19th anniversary of the Older Americans Month. Its purpose is to honor older Americans for their past contributions to society, to promote opportunities for their continued involvement in community life, and to increase awareness of the needs of the frail and the disadvantaged who are elderly.

Also participating in the Indiana ceremony will be Mae Newsom, Anderson, 1980 Indiana Senior Queen, who will deliver the invocation. Special music will be provided by the Johnny Howe Trio, Indianapolis, and "Yester-

ways Revue," also of Indianapolis.

Featured soloist will be William Johnson. Dorothy Milto will lead singing of "God Bless America."

"Yesterways Revue" participants include: Yvonne Long, general coordinator; Galen Bateman, square dance caller; Reed Thompson, June Hicks, Glenn H. Payne, Mabel Payne, musicians; Georgianna Adams, Mae Criss, Alberta Gross, John Durham, Ruth Durham, Willard Gegerich, Fran Gegerich, Betty Gordon, Ed Lentz, Anna Lentz, Alvina Miller, Danny O'Donnell, John Tritch, Edna Tritch and Walter Wells, dancers.

During the month-long observation, special events will be held. Older Hoosiers Law week will be from May 2 to May 9. This award-winning program involves members of the Young Lawyers Section of the Indiana State Bar Association working with area agencies on aging in a special effort to provide programs geared to the needs of older people.

Nursing home Residents' Day will be May 6. Proclamations by local officials, open houses at many nursing homes and other programs to involve the 39,000 residents of Indiana nursing homes are planned.

National Senior Center Week will be May 10 through 16. It will highlight the role played by the nation's 5,000 senior centers in meeting the needs of older citizens.

## RECIPE

By Sarah Anne Sheridan

Here's a simple but delicious dessert. You can serve with a scoop of vanilla ice cream instead of the sauce.

### Apple Pudding

- 1 c sugar
- 1/4 c soft butter or margarine
- 1 egg
- 1 large unpeeled apples shredded (2 c)
- 1 c sifted flour
- 1 t soda
- 1 t cinnamon
- 1/2 t nutmeg
- 1/4 t salt
- 1/2 c chopped nuts

Beat together sugar, butter and egg until fluffy. Shred apples and stir in. Add sifted dry ingredients and nuts. Bake in a greased 9 inch square pan 45 minutes at 350 degrees. Cut into squares while still warm and serve with the following sauce.

- 1/2 c butter
- 1 c sugar
- 1/2 c light cream

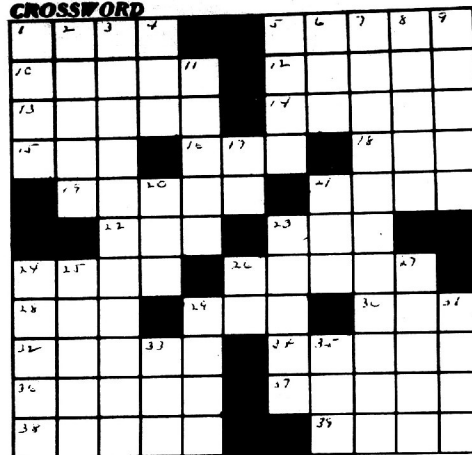

Combine the above three ingredients and heat slowly for about 15 minutes, stirring occasionally until slightly thickened. Add 1 1/2 teaspoons vanilla, a dash of nutmeg and 3 tablespoons rum. Serve hot over apple pudding.

## LOUISA'S LETTER

Dear Louisa,

You hear so much these days about how everybody should love each other and associate with everybody but there are people who are in our school who not only don't keep themselves clean but who use filthy language and I am not about to be chummy with them.

They say one rotten apple can cause a whole barrel to spoil and I think that works with people too.

When a group of pupils come in a school who have no morals and who say ugly things it does something to the whole school.

People may think I am a snob but I do not care

anything about how poor or how low down in the social scale a person is but I do not intend to associate with anyone who doesn't know how to behave.

Teenager--Miss.

Answer:

Unless we think we can help people to become better and lead better lives, it is not necessary, in my book, to associate with people whose morals are not what they should be and who have not enough self-respect to keep themselves clean.

#### Last day to file

May 11th is the last day to file for Mortgage, Veterans, over 65 of age and blind exemptions.

It is also the last day for non-taxable property exemptions.

The courthouse will be open Saturday, May 9th from 8 a.m. to 12 noon.

If you have any questions, call 223-2912.

#### St. Jude Bike-a-thon

Don't forget! Saturday, May 9th is registration for the St. Jude's Bike-A-Thon at the Mentone Elementary School at 2 p.m. Proceeds from the Bike-A-Thon go toward the St. Jude Children's Hospital in Tennessee for their research on leukemia and other deadly children's diseases. We need your support, so get out and ride for the kids who need your help.

#### About Awards

Some have long believed that Pulitzer prizes seldom go to those engaged in championing a conservative cause story. That's denied, of course, by the judges, but the charge would appear to have some validity.

Regardless of that, it's true that to win a prize means money for the writer, and fame. A reporter's aim, however, should be to report accurately the unexaggerated truth, avoiding sensationalism. Unfortunately, the big-city or metropolitan press of the nation has often made that a very difficult path to pursue.

One recently falsified a story (she had also falsified personal data on her job application) and the newspaper submitted it and it won a prize!

## Friends of The Library plan for Egg Festival

Friends of the Bell Memorial Library met April 28th at the library. Officers for the 1981 year are President, Debi McFadden; Vice President, Jean Smith; Secretary, Jean Pritchard; Treasurer, Marsha Scott, and board member for three years is Linda Cochran.

"Friends" have purchased a hot dog cooker which holds 90-100 hot dogs and will be available for rent by individuals or organizations. The fee is \$25. \$10 to be refunded when cooker is returned. Those interested should contact Marsha Scott.

The Mentone Egg Festival plans were discussed, and committees were appointed. The Book Nook will be co-chaired by Jean Pritchard and Marsha Scott with books, books, and more books, for sale.

Chairpersons for the Kitchen are

Jackie Gible and Jean Smith. They will be serving hot dogs, potato chips and drinks, Friday and Saturday.

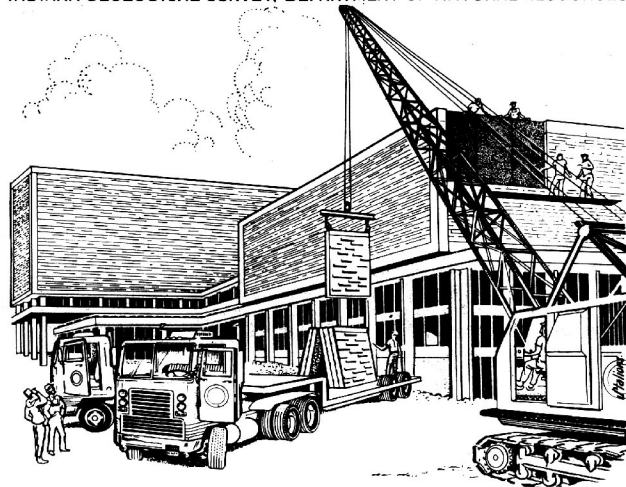

Debi McFadden and Dawn Williams are chairpersons for the raffle. Those planning something for the raffle should leave word at the library. Raffle tickets and bags for grocery donations are at the library also.

The next meeting will be May 19th.

#### SALEM LIMESTONE — Venerable Veneer

Once used mainly as structural building material for load-bearing masonry, Salem limestone currently finds most of its use as veneer or exterior cladding that protects, insulates, and beautifies buildings. Veneer stone is usually sawed or broken into standard coarse heights at the mill and cut to length at the building site.

New techniques allow production of large panels of limestone that are easily installed. Metal anchors of several designs firmly attach these panels in place.

Pleasing surface finishes of smooth or coarse texture can enhance the natural beauty of the stone. Complex shapes, such as windows or special geometric designs, can be prefabricated and bonded with epoxy resins. The beauty, durability, and versatility of Salem limestone, with the low-energy requirements for its production and its useful thermal properties that make it a good heat sink for passive solar construction, assure this venerable stone of a long future.

Akron, Indiana

The Akron Women's Club hosted this year's winners of the American Legion Auxiliary's Hoosier Girl's State honors. The reception held Wednesday, April 22nd at the Akron Library, was attended by the delegates, Sarah Baker and LuAnn Knoop; alternates, Jill Fites and Kathy Vogel. Also present were last year's delegates, Tami Walgamuth and Melody Jones.

The girls, along with their mothers, members of the Women's Club and the Mentone American Legion Auxiliary, enjoyed a delicious salad bar and heard Misses Walgamuth and Jones tell about their experiences at Girl's State last year, explaining what they thought the privilege and how rewarding they felt it was.

The Mentone American Legion Auxiliary sponsors the delegates to Hoosier Girl's State and the Akron Mother's Club provides the funds for their trip to Indiana State University, Terre Haute. Sarah and LuAnn will be at Terre Haute from June 14th to 21st.

Tami Walgamuth and Melanie Jones, last year's delegates show their scrap books and mementos gathered during their trip to Girl's State '80, to Misses Baker, Knoop, Fites and Vogel.

Akron Women's Club officers with their delegate and alternate, Sara Baker and Jill Fites. Pictured with Sara and Jill are Sherry Shewman, Grace Waechter, Judy Hill and Betty Stutzman.

Mentone Women's Club officers with the delegate, LuAnn Knoop and her alternate Cathy Vogel. Pictured with them are Jean Pritchard and Bernice Jones. Chairlady Fran Hudson was not present for the picture.

## Carpet Cleaning

West Lafayette, Ind. It's shaggy, sheared, patterned, plain, light, or dark, but definitely dirty. Does this describe your carpet?

Even with frequent vacuuming and occasional stain removal, every carpet needs a thorough cleaning, in time.

Cleaning your own carpet can be convenient, relatively inexpensive, and gratifying if done properly. Renting or purchasing carpet cleaning machines and products is only half of the job. The use of the equipment is the other half, says Jacquelyn Sanneman, Extension home furnishings associate at Purdue University. Follow directions and be prepared to devote time and energy to the project.

Carpet cleaning products are not magical. They are based on simple soil removal principles and processes. Some cleaners can leave a residue, however, and residues cause the carpet to soil faster. "Check for residue," suggests Sanneman, by diluting the cleaner according to package directions, then putting a half cup of solution into a pie plate and letting it evaporate. If a sticky residue remains, consider using another cleaning product. A homemade solution can be made by mixing one teaspoon of neutral or alkaline detergent per two cups of moderately soft warm water. Not all laundry or dishwashing detergents can be used because they may contain bleaches or other harmful ingredients. It is best to use carpet shampoos.

Follow these precautions when cleaning your carpet:

1. Follow the instructions for both the cleaner and machine.
2. Test the cleaning solution in a hidden area to check its reaction on the carpet color.
3. Place folded waxed paper or aluminum foil under furniture legs to protect the carpet from stains.
4. Avoid saturating the carpet. (Excess water can cause shrinkage, streaks, or mildew.)
5. Avoid carpet damage or streaks by keeping mechanical action to a minimum.

## Warm Soil Key to Early Tomatoes

West Lafayette, Ind. Soil temperature is the limiting factor on early growth of warm weather garden crops like tomatoes, peppers, eggplant, and cucumbers according to Julie Chamberlain, Purdue University extension assistant in horticulture.

Seeds of these crops will not germinate in soil that is cooler than 50 degrees F., Chamberlain says. Roots will not grow from transplants set into cold soil, so even if you protect the tops of the plants from frost, if you don't warm the soil, planting or transplanting early won't do much good.

Garden soil can be warmed to give your warm weather plants a head start, Chamberlain says. For home garden use, black plastic sheets can accomplish this purpose very easily. Although clear plastic does a better job of warming the soil, it should not be left on through the growing season. Black plastic suppresses weed growth by cutting weeds off from the sun. Either type of plastic minimizes fruit rot problems from soil-fruit contact and slows the evaporation of moisture from garden soil.

To use black plastic as a mulch, prepare the soil, incorporating necessary fertilizer, and wait until it is just right for planting -- neither wet and goopy nor powdery dry. Dig trenches as far apart as the plastic is wide. Spread the plastic on the soil with the edges in the trenches and fill the trenches with soil to hold the plastic in place.

According to Chamberlain, two or three weeks under plastic will raise the soil temperature so that warm season crops can be planted through slits in the plastic.

Plants should be hardened off by exposing them to cool temperatures and sunlight with reduced water and fertilizer before they are set outside, Chamberlain says. They will have to be protected from frost. Paper hot caps, plastic gallon milk jugs with the tops cut off, small baskets, and cardboard boxes can all be used to protect the plants. Opaque covers like cardboard boxes must be taken off during the day so plants don't overheat or suffer from lack of sunlight.

If late spring weather is especially severe, plants put in early may come into production later than plants put in after frost danger has past. The early plants can be stressed and require time to recover from the bad weather, according to Chamberlain.

If you are lucky, however, you will have tomatoes and cucumbers earlier than your neighbors, and since the home grower does not have a large investment in plants, early planting with plastic mulch is probably worth the risk, Chamberlain says.

## Spring is Time To Fertilize Trees

West Lafayette, Ind. Spring is the ideal time to fertilize your shade trees, according to Julie Chamberlain, Purdue University extension assistant in horticulture.

Larger evergreens and small trees -- less than 25 feet high -- that produce light shade and have bluegrass growing under them satisfactorily may be fertilized with three surface applications of two pounds of actual nitrogen for every 1,000 square feet of soil surface beneath the trees, according to Chamberlain.

Large evergreens and trees that cast heavy shade should be fertilized with nitrogen applied in holes in the soil. Holes should be 12 to 15 inches deep and two feet apart and drilled in concentric circles around the tree trunk with the first no less than three feet from the trunk. Drill successive circles at two-foot intervals. The pattern of holes should extend a few feet beyond the drip line or outer edge of the tree's crown, Chamberlain recommends.

These trees should be fertilized with 6 pounds of actual nitrogen per 1,000 feet of area under the tree, according to Chamberlain.

Trees also require phosphorus and potassium, but these nutrients are required in smaller quantities than nitrogen, so they need to be added less frequently. Every three to five years is usually sufficient, Chamberlain says.

Ornamental flowering trees require little or no fertilizer, she adds. In fact, too much nitrogen tends to reduce flowering. If these trees are fertilized, use a complete fertilizer that provides three pounds of actual nitrogen per 1,000 square feet, applied in soil holes.

## GILEAD NEWS

Larry and Joyce Lauer, Mike and Debbie, of Rt. 1, North Manchester, were to see Arnold and Roma Van Lue on Sunday evening. The women are first cousins.

Gerald and Pauline Bahney, spent the evening with Lloyd and Helen Benedict in Denver, also went to see Mary Gail Strassle, of Peru.

Garnet Stephenson, Pauline Bahney's sister, of Kokomo, is back in her home now after surgery and would appreciate cards or notes from friends and relatives. Her address is Mrs. Ed Stephenson, 1400 W. Goger St., Kokomo.

Anyone of the Gilead community who has news, call 893-4383 or 893-7287, or make your contacts at the Gilead or Emmanuel churches.

Mr. and Mrs. Richard Coffing and daughter, Gene Folor, traveled to Chicago recently and visited with their son and brother, Jim Coffing.

Nicholas Cain had a '1 year old' birthday party on Saturday the 25th. Grandparents and friends were invited for cake and ice cream. Nicholas is the son of Mr. and Mrs. Bob Cain.

Mr. and Mrs. Paul Dawalt have their daughter, Miriam, visiting with them for a month from Arizona.

Several neighbors helped build fence for Jack Waddell while he is at Fort Wayne in the hospital.

Mr. and Mrs. Doine Barnhisel had a Sunday evening guests, Mr. and Mrs. Ervin Sink of Wabash and Mr. and Mrs. Orval Swick of Akron.

## Library offers consumer help

Next to buying a home, purchasing a car is probably the most important financial decision you will make. You have to look for a car whose initial price fits your budget. It is also wise to learn what a car can offer you in terms of fuel efficiency, maintenance costs, insurance rates and safety.

Did you know, for example, that replacing an alternator can cost you \$96 or \$295; or that you can pay \$274 for a new carburetor, or \$145 depending upon the car you have chosen?

Bell Memorial Public Library of Mentone has "The Car Book," a consumer's guide to auto purchasing. Also available is Ralph Nader's new "The Lemon Book," on how not to get ripped off when you buy a car; or what to do if you have been. Anyone contemplating the purchase of an automobile should look through these.

## New book at Akron Carnegie Public Library

**How To Break Into The Media Professions**, by Caroline A. Zimmerman. Getting that first job in publishing, broadcasting, public relations and advertising.

**The Cradle Will Fall** by Mary Higgins Clark. With brilliant skill, Mary Higgins Clark weaves the frightening story of a medical conspiracy that must be hidden at all costs, perhaps even that of murder. It builds toward a climax of overpowering intensity, as Kate herself, again a patient in the hospital for a routine operation, finds herself both the hunter and the hunted.

**The Greening Of Mrs. Duckworth** by Marion Duckworth, a heartwarming story of self-discovery.

**The Survivor** by Jack Eisner. The story of Jack Eisner, an exceptional person, with the vision to capture his own tenacious fight for survival and the heroism and dignity of all those who retained

their humanity in the midst of the Holocaust.

**First Of All, Significant Firsts By American Women** by Joan McCullough. Much more informative and imaginative than a mere book of lists. 'First of All' offers fascinating and little-known background material on some special American women.

**The Pearl Pagoda** by Susannah Broome. A brilliant, epic, romantic novel and a love story about a young woman torn from the certainties of Victorian England and swept up in the passion of a great love affair and the violent history of China in the nineteenth century.

**Esther, The Star and The Sceptre** by Gini Andrews. The story is ancient and true. The characters are real. With all the splendor and mystery of ancient Persia as a backdrop, Esther's romantic story of courage and destiny has never been more forcefully told.

## Armstrong appointed

The Rev. Charles R. Armstrong, minister of Evansville Old North Church since 1973, has been named superintendent of the New Castle District. Rev. Armstrong will take office June 15, after the Annual Conference session.

He is the son of Mr. and Mrs. Earl Kuhn, of Akron. Charles graduated from Akron High School in 1950, then attended Manchester College and Christian Theological Seminary at Butler University.

Rev. Armstrong has served churches in southern Indiana since 1955, including Indianapolis Broad Ripple as youth director, Acton, Indiana, Poseyville St. Paul and Bloomington St. Pauls. He has also served as a member of South Indiana Conference agencies, including communications, missions and church extension, capital funds and chaired the camping division from 1972 to 1980. He has led mission work projects and currently is an Indiana State Police Chaplain.

## Justice?

Abbie Hoffman was caught selling \$36,000 worth of a dangerous drug, cocaine, in 1973. He was allowed to go free on bail and jumped bail and hid out from law enforcement officers until last year.

Then he surrendered amid a mass of reporters and acclaim from his friends of a feather, posing almost as a hero. He was later sentenced to three years--the maximum when he was arrested was fifteen--but he can go free after only one year.

When he reported to begin his sentence in late April, he again joked and wisecracked and posed as a hero. A mass of misguided reporters again crowded around to write about his thoughts and words. No remorse. No subdued shame was evident.

But what about a Christian, especially a black or Chicano, caught selling hard drugs? Any such heroes among them?

## Question Congressional intent

In a statement released today, Hoosiers Against Hunger criticized the Indiana Congressional delegation for not listening to 1,000 of their constituents. The Hoosiers Against Hunger Coalition, organized by the Indiana Nutrition Campaign, represents churches, labor, farmers, teachers, community action and social service agencies, retarded citizens and neighborhood organizations. The coalition held a state-wide public meeting last Saturday, April 25, in Indianapolis to voice opposition to proposed federal budget cuts affecting low and moderate income Hoosiers.

Coalition spokesperson, Eric Bedel, of Indiana Farmers Union stated, "We were pleased with the concern shown by the 1,000 people in attendance at the meeting, but we were shocked by the lack of concern shown by our elected officials. We invited our Congressmen to hear the other side of the so-called 'mandate' and they didn't come. We question their intent."

"We feel it is most unfortunate and very disappointing that not a single one saw fit to attend," said Father Lawrence Voelker, Director of Catholic Charities for the Indianapolis Archdiocese and chair for the day's event.

The Rev. Thomas Brown, President of Indiana Christian Leadership Conference in his keynote speech stated, "They (the Congressional delegation) are not here. This is a fine example of non-representation in a democracy that is supposed to be a system of

representation of the people, by the people and for the people. Instead, we see our elected representatives working for the profiteers and corporate interests."

Testimony at the public meeting focused on budget cuts and economic policies proposed by the Reagan administration.

"Why cut unemployment benefits when, according to a Republican Study Committee report, fraud and waste in the 1982 Pentagon Budget will total \$26 billion dollars or twice the total budget for food stamps?" asked Homer Smith, Indianapolis NAACP President.

Arthur Jordan of the Indiana State Teachers Association stated, "We are profoundly concerned about the proposed cuts in federal food programs and reject any and all proposals to reduce federal subsidies for school lunch and breakfast programs. Students can't learn when they are hungry and teachers can't teach youngsters when they are hungry."

According to the coalition, 40-90% of all Indiana school lunch programs will close if the Reagan proposals are made law.

"We agree with eliminating waste and fraud, but we want to make sure the elderly, the working poor, the unemployed and the handicapped are not the victims in efforts to save money. The President's proposed budget cuts are coming at a bad time for the auto industry and parts supplier industry, which have been in a depression for two years," said Elmer Blankenship, UAW Community Action Program for Indiana and Kentucky.

## Movie series on family to be shown

The Mentone First Baptist Church will bring a series of films to the community in a sincere desire to help build strong families in the church and in the community. They will show Dr. James Dobson's film series, beginning with the first in the series, "The Strong-Will'd Child," on Friday, May 8th at 7 p.m.

This film deals with childish irresponsibility versus willful defiance, conflict of wills: child vs. parent, understanding your guilt when you discipline your child, and more.

A nursery will be provided. Dr. Dobson's books will be available at the book table.

The rest of the series will follow in subsequent Friday nights, May 15 - Shaping the Will Without Breaking the Spirit; May 22 - Christian Fathering; May 29 - Preparing for Adolescence.

The hour of the meetings may be revised according to the desire of those in attendance at the first session. Should you have any questions about this series, please feel free to call any of the numbers: 353-7144, 353-7689 or 353-7064.

The institution of the home is under attack in our day. Dr. Dobson's Biblical insights have changed the lives of thousands of families. Plan to attend. Share this with others so that they may attend also.

## F.F.A. tree planting

by John Strong

The F.F.A. started their tree planting project at Tippecanoe Valley High School on Thursday, April 16, when the various agriculture classes planted 175 Lombardy Poplar trees along the west and south side of the football field to provide a wind break. On the following Friday, the classes planted 18 dwarf fruit trees north of the baseball field to complete their planting for this spring.

The F.F.A. hopes this is a good start on a long term project of planting over 350 trees, over 50

different varieties in the next three or four years. Next fall, Pike Lumber Company of Akron will be helping the F.F.A. in digging and transplanting various hardwood trees. These trees will be available in future years for classes to learn to identify, prune, bud, and graft.

The F.F.A. appreciates the support and cooperation of the school board, administration and the TVHS community for this tree planting project.

## Valley golfers win at Rozella Ford Course

Tippecanoe Valley's Rick Goshert had a medalist-winning 43 at Rozella Ford Golf Course last week to help the Viking's beat Triton 179-186.

Goshert's with his 43, was followed by Rick Stone's 44, Todd Leckrone's 45 and Scott Woods' 47.

Valley won the JV match 229-235 with Summe of Valley and Smith of Triton tying for medalist honors with 54's.

## Spring concert at high school

Sunday, May 10th is the date set for the Spring Band Choir Concert at Tippecanoe Valley High School gymnasium. The concert will start at 2 p.m. and will be a fitting 'Mother's Day' event to attend.

Directors Kevin Campbell and Dale Pace will be presenting their 6th, 7th and 8th grade bands and choirs for your enjoyment along with the high school band and choir.

The senior members of the groups will be honored at this event and senior awards will be presented to the deserving members of both band and choir for their accomplishments during their school years.

## COMMENCEMENT

Climb tho the rocks be rugged,  
Onward down life's pathway.  
Meeting each obstacle with  
courage.  
Making the most of each day.  
Envyng not any man,  
Never give up in despair,  
Constantly using persistence,  
Employing common sense  
everywhere.  
Making life an honest one.  
Each day live with honor and  
pride.  
Never loose faith in the Lord,  
Thank Him and in His love abide.

From a recently published book  
of "The Lyrics of a Farm Wife,"  
by Esther Coral Adams.

## Do Your Best

You need to have an aim in life,  
A goal for what you do,  
To hitch your wagon to a star,  
You need some vision too,  
You need to have the courage,  
To meet pitfalls along the way.  
And when temptation assails you,  
Have guts to say nay, nay.  
Not all can be a big oak tree.  
Or a giant towering pine.  
But we can be beautiful shrubs,  
And not pine and whine.

We can do our very best,  
And a nice little flower be,  
Then we have done as much in  
life,  
As the pine and the giant oak  
tree.

True we need the pine and the  
giant oak,  
We need shrubs and flowers too.  
Don't fret if you are not a pine  
or an oak,  
Do your best at whatever you do.

From a book, "The Lyrics of a  
Farm Wife," by Esther Coral  
Adams.

## Mentone Youth League announces registration

Mr. Ron Scott announced this week the important dates to be remembered for people interested in the Mentone Youth League.  
Wednesday, May 6th at 7 p.m., all coaches are requested to attend the meeting for the drafting of players for the summer season.  
On Saturday, May 9th, registration will start at 9 a.m. until 3 p.m. for members to pay their fees and pickup the fund raising items. This will also be the paint day for all coaches.

## Two students named

Two Fulton County students, Beth Mathias, daughter of Mr. and Mrs. Keith Mathias, Rt. 2, Akron, and Jackie McKee, daughter of Mr. and Mrs. Dick McKee, publishers of the Akron-Mentone News, 318 E. Ninth St., Rochester, have been named to the winter quarter of the Dean's Honor List at Ball State University. Beth is a sophomore and Jackie is a senior student.  
To qualify for the Honor List, an undergraduate must earn a grade point average of 3.6 to 4.0 and carry 12 or more hours of academic work for college credit.

## Honey Tree Pre-school open house

Open House and pre-registration for the 1981-82 Honey Tree Pre-school in Mentone will be held Monday and Tuesday, May 18-19 at 505 E. Main St. (one house west of Hammer Insurance). The hours are 9 to 11:30 a.m. The school will have two sessions: a three-year-old class meeting on Thursday and Friday and a four-year-old class meeting on Monday Tuesday and Wednesday.

The Honey Tree Preschool provides an opportunity for children to participate in creative play, art, music, and science experiences. They will be encouraged to develop socially, in a small group setting, under the guidance of a licensed teacher who is able to recognize the needs and abilities of the individual child.  
If anyone has further questions contact Mrs. Gary (Becky) Thomas at 353-7989.

## School funding left "hanging"

"The failure of the Indiana State Legislature to pass a school funding formula is unprecedented, but it doesn't have to mean disaster," said Cordell Affeldt, president of the Indiana State Teachers Association.

"This is an opportunity for the Governor and the legislature to do for education what they have done for roads and domed stadiums. Education has now been separated from the other issues and will be dealt with in a priority manner by the legislature and the Governor."

"The Governor has said he is committed to education. During his campaign, he said 'There is no function more basic to the fabric of our society than that of educating our children. As Governor, I will assure that Indiana's educational system will receive my highest priority, both in my personal commitment to its quality and its funding.' He restated this to me this morning in a telephone conversation. This is a chance for him to finally fulfill these commitments."

Governor Orr phoned the ISTA President and stated that it was not his intent to dispose of its matter casually. He said he was in the process of determining what actions are needed as this is an unprecedented legislative experience. He added it was his intent that children continue to be educated because schools will continue to be funded.

"The Governor says he is committed to education. However, with the inadequate budget adopted by the legislature and the total lack of a school formula, right now there is a real question on the ability of public education to continue in Indiana. The Governor must provide the leadership on this issue to resolve these doubts."

"In speaking with the Governor," Affeldt said, "he stated that he knew it may be hard for teachers to believe, but education is still his highest priority. We at ISTA are ready for the Governor to create an opportunity for us to become true believers."

## Area Jrs.-Srs. invited to Huntington College, May 7-8

A night and day preview of what Huntington College life is like will be available to all high school juniors and seniors at no cost on Thursday and Friday, May 7 and 8.

Director of Admissions, John C. Shafer said, "We are accepting reservations through May 6, and interested students may call us at 356-6000, extension 50."

One of the highlights of the event will be a "live" Christian contemporary concert by Paul McCartney's ex-drummer, Joe English, to be held at Huntington North High School's auditorium.

This is the third Campus Insight Day to be held at Huntington College this year. Its purpose is to provide the high school junior or senior an opportunity to discover life on a college campus, by giving personal insight into the campus experience.

The spring event will begin Thursday at 5:30 p.m., with registration at the Merrill Physical Education Center. The guests may use the gym and pool or tour the campus from 6 to 7 p.m. prior to the 8 p.m. concert. Following the concert, the college's guests will be returned to Huntington College to enjoy an ice cream social at the HUB and to spend the night in a dorm.

Friday's events begin at 8 a.m. with breakfast, followed by a chapel program at 9 a.m. From 10 a.m. to 12 noon, college students will escort guests on campus tours, or they may attend a college class of their choice.

Following lunch at the HUB, faculty and coaches will be available at the HUB to talk with the Campus Insight guests and answer questions.

At 2 p.m., a financial aid workshop will be held with Mrs. Charlotte Singer, director of Financial Aid. Mrs. Singer will also be available to answer questions. Guests will leave for home at 3 p.m.

## Peru sweeps Valley

With Valley 4-6 in the season, they faced Peru's Tigers last week and lost the track meet 54-67. Valley's Junior Varsity improved to 8-1 with a close victory of 65-62.

Ron Peters won three events and Marlin Meredith two but with the team only scoring two points in the discus, shot putt and 400 meter run, they couldn't pull off the win.

Ray Davis won the long jump with a 19 ft. 7 inch leap and Bouse won the 200 meter dash with 24.2 timing.

Field Events: Rex Laughlin in pole vault, 2nd. High Jump: Ray Davis, 2nd; Mark Toetz, 3rd. Discus: Kelly Shafer, 3rd. Shot Putt: Tod Utter, 3rd.

Long Jump: Luis Bouse, 2nd. Running Events: 100 meter dash: Luis Bouse, 2nd. 200 meter dash: Luis Bouse, 1st.

Running Events: 800 meter run: Ron Peters, 1st with 2:08.0. 1600 meter run: Ron Peters, 1st with 4:41.3. 3200 meter run: Ron Peters, 1st with 19:21.0.

Hurdles: 100 meter high hurdles: Marlin Meredith, 1st; Rex Laughlin, 3rd.

Junior Varsity stats: Field Events: Pole Vault: Chris Griffis 2nd. High Jump: Pat Lafferty, 1st; Don Flenar, 2nd. Discus: Shawn Stokes, 1st; Eric McKee, 2nd; Craig Kantner, 3rd. Shot Putt: Kelly Shafer, 1st with 38 ft. 10 1/2 inches.

Running Events: 100 meter dash, Ron Lambert, 1st. 200 meter dash: Joe Hughes, 3rd. 400 meter dash: Joe Hughes, 3rd.

Running Events: 800 meter run: Pat Lafferty, 2nd; Steve Salmons, 3rd. 1600 meter run: Chad Grossman, 2nd; Don Flenar, 3rd. 3200 meter run: Chad Grossman, 1st; Paul Lambert, 3rd. Hurdles: 100 meter high: Earl Ogle, 1st. 300 meter low: Earl Ogle, 1st; Shawn Stokes, 2nd.

Relays: 400 meter: Tom Lambert Scott Teel, Tod Utter, Brian Severns, 1st. 1600 meter relay: Pat Lafferty, Joe Hughes, David Bahney, Rex Laughlin, 1st.

## Girls' relay teams qualify sectionals

The fact that the Valley Girls track team qualified three relay teams for the sectional last week, made it possible for them to win against Wabash and Southwood in a clean victory, on their home track.

Kistin Lackey, Paula Shireman, Liz Bornmann and Ruth Bellamy won the 800 in 1:54.1; Joan Laughlin, McCloughan, Tinkey and Coplen won the 400 in 53.31; and Lackey, Bornmann, Scott and Clampitt won the 1600 in 4:41.6.

Scott won the 800 and 1600 meter runs and Laughlin won the 200 meter dash for Valley's only other firsts. The Viking girls were 8-2-1 with their season and will be finishing their season this week.

Long jump: K. Lackey, 2nd. Coplen, 4th. High jump: Scott, 2nd; Shireman, 4th. Discus: Bellamy, 4th. Shot: Bellamy, 2nd; VanDeWater, 4th. 100 meter hurdles: Laughlin, 2nd; Shireman, 3rd.

1600: Scott, 1st. 100: Coplen, 2nd; Tinkey, 3rd. 400: Clampitt, 2nd; Lackey, 3rd. 800: Scott, 1st. 200: Laughlin, 1st; Bellamy, 4th.

## Vikes lose to Warsaw

Upcoming freshman Shad McConkey only gave up seven hits to Warsaw last week in the baseball team's 6-9 season, but didn't get around Warsaw's Doug O'Brien as they lost 5-1 on the Warsaw diamond.

Shad allowed only one earned

run in pitching the distance in his first varsity start. He allowed only one extra-base hit in the game and walked three Tigers, but was the victim of four Valley errors.

Keith Paige got two hits off of Warsaw, but Valley's only run came in the fifth when Brian Murphy was hit by a pitch and pinch runner Al Christenberry scored on three successive walks.

## Valley girls win in dual meet

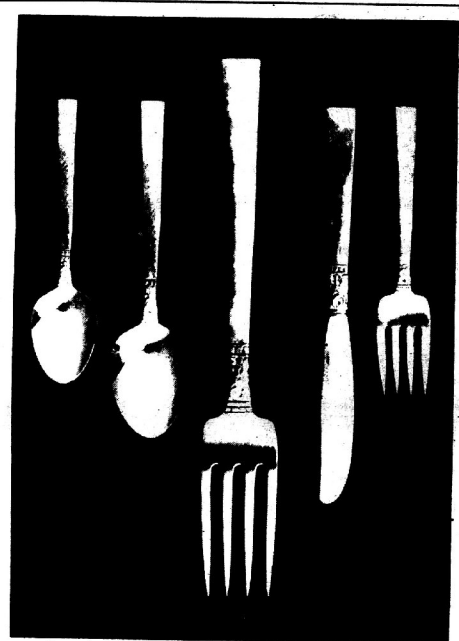

In a dual meet at Rochester's Barnhart Field last week, the Tippecanoe Valley girls' track team beat Rochester 80-25. Rochester also ran against Culver and won 60-48.

Valley had the fastest times in all but one of the running events and had the best marks in two of four of the field events.

Andrea Scott was a triple winner for the Vikings, taking the high jump and the 800 and 1600 meter runs. Ruth Bellamy won the shot putt and discus, Joan Laughlin won the hurdles and 200-meter run, Kistin Lackey won the long jump, Carleen Clampitt won the 400 meter dash and the Vikings won all three relays.

Bellamy's 93 ft. 2 1/2 inch discus broke the Valley school record by 2 feet.

Long Jump: Lackey, 1st; Shireman, 2nd; McCloughan, 3rd; High Jump: Scott, 1st; Discus: Bellamy, 1st; Waddle, 1st. Shot Putt: Bellamy, 1st; Van DeWater, 2nd. 100 meter: Laughlin, 1st; Shireman, 2nd. 1600: Scott, 1st; Clark, 3rd. 100: Coplen, 2nd. 400: Clampitt, 1st; Lackey, 2nd. 800: Scott, 1st.

## \*\*\*\*\* J. Crowley's HOROSCOPE

Week of May 10, 1981

**TAURUS** -- Those born under this sign usually like to travel. They are fearless and strong of mind. They are both shrewd and emotional. Their lucky number is 1, best color is yellow and lucky day is Monday.

**TAURUS** -- April 21 to May 20-A romantic week when your wishes come true. Keep your feet on the ground.

**GEMINI** -- May 21 to June 20-Shopping is favored. Remember though that things are not always as they seem. Demand quality.

**CANCER** -- June 21 to July 22-Travel is favored this week. Also, a good week for pleasant conversations. Get your feelings out into the open.

**LEO** -- July 23 to Aug. 22-Real estate trends seem to be favorable for both buying and selling. It might be well to get the opinion of a friend before making a major purchase.

**VIRGO** -- Aug. 23 to Sept. 22-Gossiping can be tempting, but don't indulge. You might be called upon to back up a statement.

**LIBRA** -- Sept. 23 to Oct. 22-Put family before friends, even if it means sacrificing your own pleasure. A family conference is favored.

**SCORPIO** -- Oct. 23 to Nov. 22-Others may irritate you no matter how hard you try to ignore them. Calm your nerves by listening to your favorite music.

**SAGITTARIUS** -- Nov. 23 to Dec. 21-Do what you can to make the lives of those around you more pleasant. You can do this by being cheerful.

**CAPRICORN** -- Dec. 22 to Jan. 19-With every rose there may be a thorn, but for you there seems to be more roses. Be grateful for this and count your blessings.

**AQUARIUS** -- Jan. 20 to Feb. 18-Home improvement is important now. Do what you can to make your home surroundings more attractive.

**PISCES** -- Feb. 19 to March 20-Make an effort to distinguish between fact and fiction. Be yourself. You have many friends and there is no point in trying to make a false impression.

**ARIES** -- March 21 to April 20-A fine week to make a good impression. Someone you have been trying to attract will notice you.

### ON ARTIFICIAL SKIN

**BOSTON** -- Artificial skin made from cowhide, shark cartilage and plastic has been successfully used for 10 severely burned patients, and doctors hope the patients will be able to keep the new skin permanently.

## TV COMMENTARY

By Bente Christensen

THE latest struggle involving public television's future is the current effort to allow institutional advertisers to get commercial spots on PBS programs. Until now they've had to be satisfied, with opening and closing sponsorship messages and certain limited intermission identification.

THE new motivation to get the FCC to ease advertising rules on public TV comes, in part, from the budget-cutting of the Reagan Administration. If there are to be cuts, ad agencies argue, then big corporations will have to take up the slack, and they won't unless they can get in their messages at greater length.

NBC is moving into highly controversial ground, and with dubious judgment, in starting a series this fall featuring a homosexual as a leading character. No doubt many will object and rightly so, for this goes into living rooms all over the country and a majority, polls show, view this as perversity. The network will, in effect, be selling this as acceptable.

THIS is an area where such organizations as the PTA monitoring group and the Coalition for Better Television will get into the act. And if the networks don't have any better judgment than this, there's a definite need for such rating groups.

THE Coalition, meanwhile, plans to boycott sponsors of programs objectionable morally, in its viewpoint. A great howl has gone up from so-called liberals and libertarians and others who support a permissive society. But something needs to be done, urgently, and this is the only workable approach yet on the horizon.

By Pete Fritchie

WASHINGTON, D. C. -- After watching this year's Major League teams in spring training and in their first games, here are annual selections offered with the hope that the season won't be interrupted by a strike May 29:

In the National League, East: The Montreal Expos to win in a chase with Philadelphia, with Pittsburgh and New York next and St. Louis and Chicago fifth and sixth. Most improved: New York Mets.

National League West: Los Angeles to win, with competition from Houston and Cincinnati. Atlanta, San Diego and San Francisco in that order, following. Though some see a flag for Atlanta, it may be too early yet, but Atlanta is the most

improved club, and could be in the pennant fight if all goes well.

American League East: Three-way fight between Milwaukee, New York, Detroit. Milwaukee and Detroit are most improved. Baltimore, with best record of recent years in this tough division, may also be in the chase, with fine pitching. Cleveland, Boston, Toronto, in that order.

American League West: Three-way fight between Oakland, Kansas City and Chicago, the most improved team. Texas may get in it and California expects to, but the Angels were so poor last year one must see it before picking them higher. Minnesota and Seattle come in sixth and seventh.

Since the season of thunder storms is approaching, it's appropriate to look into the behavior of the cumulonimbus cloud, or thunderhead. It's the most active and most dangerous, of all the clouds.

In the temperature zones, thunderheads, which often feature a large anvil-like top, and which tower up to 30,000 to 40,000 feet, or higher, usually move from west to east. They bring with them heavy rain, and strong winds.

The leading edge of the cumulonimbus, far up above, can sometimes be seen spreading out (the anvil top) as it moves toward the viewer. The lower edge is only minutes away when this stage is reached. Dangerous up and down drafts are known to exist in thunderheads.

## BIBLE VERSE

"Honor thy father and thy mother, that thy days may be long in the land which Jehovah thy God giveth thee."

1. The above reference is what commandment in the Decalogue?
2. What is unique about this particular commandment?
3. Do parents have any responsibility in respect to this commandment?
4. Where may this commandment be found?

### Answers to Bible Verse

1. The fifth.
2. It is the only one of the ten which includes a promise to those who obey.
3. They are to live so as to be worthy of their children's honor.
4. Exodus 20:12.

## The Post, Again

Once again *The Washington Post* has shaken the people's trust in the institution of the free press.

There were many who never accepted editor Ben Bradlee's claim that he didn't know who Deep Throat was in the Watergate scandal. If he didn't know, according to many responsible editors, he shouldn't have printed so much attributed source material.

If he knew there was no such person, as others suspect, he should not have allowed the hoax to be played on the public.

Suspicion about Post management was raised again last November when the Post came out with a poll showing Jimmy Carter with a significant lead over Ronald Reagan, only days before the presidential vote. President Reagan, of course, overwhelmed Mr. Carter. The best that can be said for that eye-opening poll is that it was remarkably inaccurate.

Now comes a new incident. The Post printed a completely fabricated story in 1980, once again relying on unnamed sources, and won a Pulitzer prize for it. Doubts about it had been raised from the beginning.

Recently the truth came to light. A reporter resigned. Editor Bradlee admitted he submitted the story for the prize even after doubts over its authenticity had been raised.

The best comment concerning this latest probably came from editor John McMullen, of the *Miami Herald*, who criticized the trend today to rely on confidential, unnamed sources. McMullen said he didn't agree with Bradlee's claim during Watergate that he didn't know who Deep Throat was. If he was risking his newspaper's good name on a confidential source, McMullen said, he would darn sure find out who that source was.

That is--and should be--the policy of responsible editors and newspapers in America--if freedom of the press as we have known it is to survive. Reporters like the recently resigned Post reporter, and Carl Bernstein and Bob Woodward, also of the Post who made so much money in the Watergate scandal utilizing confidential and never-named sources in articles and books, should be required to identify their sources to their editor--who should insist on that prior to publication.

This latest scandal involving the Post heightens the appreciation of many that the *Washington Star*, bought by Time, Inc., was saved from financial distress and has been turned around. Had it folded, the Post would have been Washington's only major daily newspaper.

In advertising, as everywhere else, truth pays as does advertising.

People rarely get mad with anyone who says good things about them.

## TV & Homos

NBC says it's going ahead, despite objections, with a new series, this fall, with a homosexual as the leading character.

Since the entertainment industry is notorious for the number of homos in the business, few in the racket probably find the NBC course shocking.

But millions of American parents do--for any network series will influence the young, the feeble-minded and the impressionable. And by making perversion of this sort seem normal, or acceptable, the network will be, in effect, brainwashing the gullible into acceptance.

One hopes saner heads will prevail, or that the public will respond massively in anger and resentment and show NBC where its financial interests really are. That's what influences the networks, in the final analysis.

HAPPY DAYS - Three bedrooms, basement, 2 story, attached garage and fireplace. This months best buy in the low 30's.

2 GOOD 2 BE TRUE - This fine 2 bedroom home is 2 nice 2 do anything 2. 2 lots are included at a price of \$22,000.00, of course.

AKRON, ROCHESTER STREET - Low maintenance and low utilities make this a very affordable home. A fireplace, garage, basement, and large lot make it very desirable.

OVER 5 ACRES - One-half mile west of Akron. 3 bedroom, natural gas heat, 2 car garage, basement, and a pole barn. A great place to grow a family. Call today, it won't last long.

ON STATE ROAD 19 - 1 family, 2 story, 3 bedrooms, 4 you. Ornate woodwork dates this lovely home but the solid construction means it will be around for many more years. A little fixing will go a long way. Priced in the 20's.

LAKEFRONT - The best time to buy lake property is now. The price can only go higher. This jewel is completely furnished, can be year round, and is in top notch condition. Garage, pier, and seawall too. Priced in the 20's.

WATER STREET-AKRON This lot already has an insulated workshop. All you need to add to it is your home or business or both.

40 ACRE FARM - Good productive farmland. 5 acres of woods. Fishponds, privacy, home, and all for \$1400 per acre. Henry Township, near Akron.

MENTONE - 3 or 4 bedrooms, natural gas heat, aluminum siding, and a remodeled kitchen. Priced only in the mid-twenties.

MUST BE SOLD - Assumable mortgage at a low interest rate. A lot of home at a reduced price. Remodeled 2 story on East Rochester Street, Akron.

COUNTRY PRIVACY - This well built, 3 bedroom house offers a fireplace, low heat costs and a place in the high 20's. Located on Division Road East.

## Benefit for Robyn to be held at Mentone Fire Station Saturday

There will be a Fish Fry held at the Mentone Fire Station next Saturday, May 16 from 4 to 7 p.m., to help pay for the open-heart surgery which little 11-month old Robyn Engle will have to undergo when she returns to the Riley Hospital at Indianapolis this week.

Robyn was born with the main

arteries of her heart reversed. This defect will be corrected and a wall "built" around her heart and a baffle inserted. Robyn was supposed to have this surgery last February, but it had to be postponed because of illness.

Robyn is the daughter of Sam and Kathy Engle of Mentone. Maternal grandparents are Mr.

and Mrs. John Engle, Claypool and paternal grandparents are Mr. and Mrs. Dean Nellans Jr., Mentone.

Be sure to attend this worthwhile benefit and help little Robyn and her parents as they prepare for Robyn's surgery. Everyone's thoughts and prayers are with them at this time.

## School projects to cost \$7 mill.

The Tippecanoe Valley School Board of Trustees at a special meeting Tuesday evening were presented with the total project breakdown on the proposed reconstruction at Akron-Mentone-Burket schools.

The report, prepared by ProMacCon, the construction engineers hired for the project, and presented by W. A. Fanning, president and general manager of the company, recommended that the lowest bids be accepted. Mr. Fanning stated that all of the bidders on the project were excellent and they would recommend any of them. Thus the lowest bid was also acceptable for recommendation.

The recommendation along with the alternative packages were presented to the board for their study, hoping they can be ready for a decision at the May 19th board meeting.

Total cost for the three school project is over \$7 million. If the board makes the decision to go ahead with the proposed plans, on the proposed date, the adjusted base bid per school will be: Akron \$2,591,471; Burket \$1,619,955; Mentone \$2,965,858.

Architects for the project, Daverman and Associates of Grand Rapids, Michigan, presented bids on special equipment. Total of these bids is \$427,528.40. with \$185,471.60 to be spent at Akron, \$47,296.60 at Burket, and \$194,760.20 at Mentone. This includes such items as lockers, library equipment, coat racks, shelving, chalkboard and tackboard, backstops, etc. Also cabinets, science, arts and crafts equipment and home equipment.

Work to be done at the individual schools is so extensive that it cannot be listed in this news report, but to list a very few may

give some idea of what the project entails.

Akron site: the junior high building, with the exception of the gymnasium, will be completely torn down. The construction at Akron includes nine new classrooms added to the present grade building, new industrial arts and science rooms, speech and hearing rooms, reading rooms. Complete new locker rooms will be added. The building will be attached to the north side of the gymnasium, covering the street

which presently lies between the two buildings.

The present grade building will be reconstructed.

Burket project: the Burket school will approximately double in area. A library will be added, a kitchen area, multi-purpose area, for physical education, will also double as eating area for the hot lunch program. There will be art and music rooms added, remedial reading area, a media center and a new kindergarten area.

Mentone project: Mentone will have eight new classrooms added

to the present ones. Some of the present classrooms will be enlarged in area. A new library will be added, the home ec. area and shop areas will be enlarged. There will be a new kitchen, using the present equipment, and all new locker rooms.

As was stated, these are just a few of the improvements recommended. If anyone should wish to see the building project plans, they are at the Superintendent's office at Tippecanoe Valley High School.

## Mentone to get new ordinance

At their meeting Monday, May 4, the Mentone Town Board took care of some old business, discussing again the open ditch at the park. Although this is not causing the trouble with standing water in some parts of the town, they would like to have the county get the ditch covered and taken care of.

Mrs. Whetstone, Town Clerk, read a copy of a letter sent to the Kosciusko County Commissioners from the General Telephone Company about the flood water and damage to their switching station, after the storms on April 13. The phone company asked the commissioners to investigate the removal or changing of the elevated property to the east of them, which left the standing water run down onto their property.

The board decided to write a letter to the commissioners asking that they take care of the drainage onto the phone company property as the ditch is outside the town limits and county ditch assessments should take care of either opening the clogged lines or extending the ditch to take care of the problem.

Ken Yost appeared before the board to ask help with the problem caused by standing surface water on his property in the north end of Mentone. The board decided to have the tile dug up and cleaned of mud and roots in order to drain off the water.

They discussed the drainage from the Dickerhoff property

which lies south of the Menzer Park area. Mr. Dickerhoff has promised to get the area sodded and fill in with stone so the erosion caused by drainage from his field will not damage park area.

After much searching through the town ordinances and the state statutes, the town board decided to have their attorney, Lee Bazini, draw up a new ordinance for the Town of Mentone, stating the laws for possession and restraints placed on untended animals in the town limits. The only ordinance, in use at this date, is 30 years old, and needs updated to take care of present problems.

Trustee Hardesty asked the board if there was a law against allowing people to ride motorcycles or other dirt bikes, etc., in the area of the town park. He was told that this is not allowed and that people who are doing this should be told to stop.

The board was informed that Mr. Bolen has offered to haul the trash from the barrels in the area of uptown and the park for a charge of \$2 for each barrel per month.

Attorney Bazini asked the town board to consider the possibility of running city water lines to the building owned by Triple M-B Corporation, which has been leased by Ristance Corporation. He also stated they would like to have a hydrant located at the property for the purpose of fire protection and insurance

coverage.

Trustee Tombaugh and Water Dept. Supt. Harry Sullivan, after measuring the distance from the nearest line to the property, informed the board the distance is approx. 900 feet from the nearest line located at the Secrist property. The board was also informed that the last time the town ran a water line of 4 inch plastic tile, approximately 3 blocks, or 900

feet, the cost was \$761. per block during a project last summer.

After discussing the idea, Mr. Hardesty asked Mr. Bazini if he thought Tripe M-B would be willing to buy the materials for the water line if the town furnished the labor and equipment. Permission to run the line along the roadway would need to be obtained from the Indiana State Highway Commission.

The board decided to take the matter under advisement and make a decision on it during the next board meeting in June.

Marshall John Hart asked, and received permission, to purchase two new tires for the police car since he is still using snow tires on the two back wheels. The board also approved the request to order citation and warning ticket books for the police department. He reported that the stop sign located at the school needed repainting, and probably more signs need repair and paint.

Mr. Sullivan asked and received permission to order a load of limestone for use by the department. There were some reports of people complaining about gas odors after the recent storms. There also was a report about a water leak on a town water line to the west of town. The owner of the property said his meter reading was exceptionally high and asked that an adjustment be made on his water bill and the repair be made.

Bob Whetstone of the Park and Cemetery Boards reported that the work on the new storage building for the cemetery has had to be postponed until land to be used for the building dries out so some excavating can be done previous to the pouring of concrete. He stated that he needs volunteers to help build the building.

The building will be 24'x30' and have water, electricity and a drain installed in it. The board was to check with NIPSCO in order to have the electric lines run to the building as soon as possible. There will be a temporary pole set up, for the electric can be used as the building progresses. The building will have a concrete apron, 6 foot in width across the front of the building and Mr. Whetstone said he would like to have either blacktopping or concrete to the apron from the street. The building will have skylites in the ridge of the roof, but no windows are to be installed. A 10x12 foot overhead door and a service door will be the entrances to the building. The estimate for the building is \$3,500.

Mr. Whetstone also reported on the work needing done at Menzer Park since the flood waters have carried in trash and left debris over a lot of the area. He reported that the overhead flood lights need fixed and the bulbs replaced; some of the light poles needed have been obtained, but he said he had to contact the phone and light company for more poles to be used in the area; the need for repair on the swings, roof on the shelter, and the flag pole pulley was discussed. He said he would like the flag pole repaired so as to have the American Flag on display at all times. The creek bank weeds need cut, so the park board can get the area mowed and taken care of. Work needing done includes painting of the equipment and fixing the picnic tables. He asked permission to get a quote for a concrete slab to be poured for the floor of the existing shelter which is now dirt floor. The town board granted his request to hire help to do some of the work, to get the park ready for the summer season.

## You'll thank yourself next winter for the air conditioning decision you make this summer

You could be comfortable all summer by installing central air conditioning. Or, you could be comfortable year-round—plus save money on your energy bills year-round, by installing an Add-On Heat Pump.

The Add-On Heat Pump is a new development. It works, like any heat pump, by taking the heat out of the air inside your home and pumping it outside.

That's probably all you care about this time of year, but next winter you'll be glad to know that the Add-On Heat Pump is also the

most efficient heating system around.

That's because it supplements your existing gas or oil furnace with the energy saving benefits of a regular heat pump.

And, that means you add-on savings with the Add-On Heat Pump.

So, if you're thinking of installing central air this summer, consider the Add-On Heat Pump. It's a decision you'll be comfortable with year-round, for years to come.

Don't just get an air conditioner, get a year-round comforter. Contact:

## Graduation, 1981

This is the time of year when graduation oratory fills the air on high school and college campuses across the nation.

Never in recent years has the importance of what is being said to students been greater than it is today when so many youngsters see the nation trying to change direction.

Admittedly, the graduate of 1981 enters a society far from perfect. The graduate need not agree with the customs, laws or traditions of his country.

But most of them, and most graduates of all years, must agree with the principle that change is made through orderly means, if our society is to survive as a democratic one.

The highly critical 1981 graduate will gradually adjust his philosophy as he learns to appreciate the wonderful advantages of being an American, and of living in America.

## May Memories

Remembering seems to be a heartstring of May. Practically all states remember their fallen soldiers this month--most of them on the last Monday, this year the 25th. Virginia remembers that day as Confederate Memorial Day (the Carolinas observe May 10). And a few states observe the 30th, or another day.

North Carolinians observe the 20th as Mecklenburg Day--the anniversary of a declaration of independence in Charlotte in 1775. In Massachusetts and across the nation, intellectuals observe Ralph Waldo Emerson's birth anniversary--the 25th (Boston, 1803). Perhaps the most nostalgic non-military day for Americans is the 21st.

On that day in 1927, Charles Lindbergh flew from New York to Paris in a single engine plane, spanning the Atlantic alone. He took off on the 20th and landed in Paris on the 21st. Not only did he win a prize of \$25,000 for that feat, but he won immortality.

The young American pilot lives on today in the memories of millions--and his aircraft, "The Spirit of St. Louis," can be seen in Washington's Smithsonian Museum.

Americans remember the 29th as the birthday of John F. Kennedy, the handsome young president assassinated in Dallas in 1963. Kennedy's death was especially tragic because the young president had not accomplished his goals, and in fact, had often erred painfully.

## Reagan stands firm on firearms issue

President Ronald Reagan pledged his full support to American gun owners this week, and promised to support efforts which would reform the Gun Control Act of 1968.

The President's commitment was voiced by his deputy counselor, Rear Admiral Robert M. Garrick USNR (Ret), keynote speaker at the National Rifle Association's 110th annual meeting, held May 1-5 in Denver, Colorado.

"The President's philosophy on the 1968 Gun Control Act is exactly the same as yours, Admiral Garrick told the assembly. "He is a member of the NRA."

Admiral Garrick said that the President supported the McClure-Volkmer Bill, designed to correct certain areas of the Gun Control Act which have allegedly been used to violate gun owners'

civil liberties, the McClure-Volkmer Bill, which was introduced in both houses of Congress on April 29, will also shift the enforcement emphasis of the Bureau of Alcohol, tobacco and firearms, the Federal agency which enforces the gun law and which itself has been subjected to four congressional oversight hearings for civil liberties abuse. At the NRA annual meeting, Admiral Garrick said that President Reagan supported efforts to curb the bill's activities and "Anything else that assists in reforming some of the situations that have placed gun owners in a precarious position."

"Be assured," Garrick said, "That President Reagan stands with you, he understands the way you feel about firearms rights. He fully understands the issues which confront America's law-abiding gun owners and he will do something about it."

**TAURUS** -- April 21 to May 20--A fine week to make use of your original ideas. You could be included in some favorable publicity.

**GEMINI** -- May 21 to June 20--Concentration may be hindered by distractions. You may be tempted to goof off. Minimize the temptation by staying on your regular routine.

**CANCER** -- June 21 to July 22--Time to buy something you want. A temporary break away from your usual practical approach could be helpful.

**LEO** -- July 23 to Aug. 22--Organized effort is needed. Watch that you don't offend those close to you. Some are wearing their feelings on their sleeves.

**VIRGO** -- Aug. 23 to Sept. 22--Talk that new idea out. When you discuss the idea of selling something with someone who is objective, you may find that the time is right.

**LIBRA** -- Sept. 23 to Oct. 22--New methods needed now. Be loyal to your employer or employees. You lose only if you are dishonest.

**SCORPIO** -- Oct. 23 to Nov. 22--Familiarize yourself with your legal rights. The knowledge will be especially helpful in business matters.

**SAGITTARIUS** -- Nov. 23 to Dec. 21--Complete tasks at hand before embarking upon new projects. Plan to study, improve health and stick to business.

**CAPRICORN** -- Dec. 22 to Jan. 19--Learn to control your emotions. You will lose friends if you continue to work so hard at putting others in their place by having the last word.

**AQUARIUS** -- Jan. 20 to Feb. 18--Try to keep your moods on an even keel, avoiding the tendency to be either high or low. You will do well to avoid making promises at this time.

**PISCES** -- Feb. 19 to March 20--Take a look at family finances. With careful planning the budget can take on a healthier look.

**ARIES** -- March 21 to April 20--Others will love you if you build their confidence, putting their preferences before your own. True happiness lies in giving, not getting.

## New market guide available

The 1981 edition of the Indiana Farm Fresh Market guide, a listing of the top farm markets in the state, is available, according to Gary Moore, fieldman for the Indiana Agricultural Marketing Association. The IAMA is a group of select fruit and vegetable growers who pledge top quality. It is affiliated with the Indiana Farm Bureau, Inc.

The guide lists 42 markets in alphabetical order, gives their exact location, phone number, hours of business and directions on how to get there. The major items sold are listed and "You Pick" details are also provided for those who want to pick their own produce on the farm or at the orchard.

An easy-to-read map shows locations of each market. A crop calendar indicating approximate

## With a "little" help from our friends

Every spring State Highway Commission crews are faced with the task of picking up the winter accumulation of trash and litter along the roadsides. They must complete a full-width pickup prior to the start of the mowing season and, as budgets become tighter from year to year, this job becomes increasingly more difficult, according to Commission Chairman Donald C. Pratt.

Pratt says that Highway has had to cut back on personnel now because of lowered budget, but still has the same amount of work to do. "Because we have fewer workers, each person's efforts must be increased and mean even more now," Pratt notes. "We still have the same amount of work to do," he adds.

Pratt says that in fiscal year 1980, Highway spent about \$827,000 on litter pick up and plans to spend about \$821,000 this fiscal year for both the full width and spot litter pickup activities.

One help the Commission did receive again this year, Pratt says, is a volunteer pick up drive by the State's Lions Clubs. Over 400 clubs around the state donate a day of time to help with the pick up chore, a project which they have done annually since 1979. This annual litter pickup by the Lions helps the Highway save time and man hours of work in addition to money.

Pratt adds that Hoosier drivers can do their part, too, by being careful not to toss cans or paper items out along the roadsides, since littering is a punishable offense.

## Letter to the Editor

To the Editor of Mentone-Akron News:

I would like to thank, publicly, Kevin Campbell for his efforts in our music department at T.V.H.S.

"KC" has the rare quality in teachers to really be "in touch" with teenagers. He works extremely hard without regard for his own time expenditure. He certainly was not doing it for the money!

He has worked with three of our children directly and I only speak to what he did for them. He

encouraged their talent and enthusiasm. He gave private lessons to nourish their ability. He was proud of their accomplishments!

Thanks KC! The Vikettes, the Flags, the band and the young men and women have benefited from your encouraging personality and leadership. I wish you success.

I personally don't think you "burned out." I think perhaps we put out your fire.

## THANK YOU

The family of Harry Norman wishes to thank Dr. Herrick, Dr. Ramos, Ruth Stewart, and all nurses and staff of Woodlawn who showed such loving care and effort to save his life. Never has more efficient help been rendered or thoughtfulness extended.

A special thanks to our Pastor, Mike Bowers, who spent so much time in prayer and visiting Harry. To the Ladies of the First Baptist Church, Brother Lamoin Hand who officiated; the Haupters; all relatives and friends for their prayers, food and flowers.

We'll always remember Tim Swihart, Rick, Sparky and Ed, and the Town Board for special help caring for Harry in the last year. God Bless you.

Copies are provided by each market. They are also available at each County Farm Bureau office and each County Extension office. Copies are also available without cost by contacting Farm Fresh Markets, Indiana Agricultural Marketing Association, 130 East Washington Street, Indianapolis, IN 46204.

There are four new markets opening this year for the first time. They are Wilson Farm Market near Arcadia in Hamilton County; Dancy Manor Farm Market, north of Hartford City in Blackford County; Mount Vernon Berry Farm, south of Fortville in Hancock County and Fort Wayne Pickin' Patch at the south edge of Fort Wayne in Allen County.

## Emergency SAFE '81 program extended

INDIANAPOLIS, IN, May 6, 1981 -- The Indiana Republican Mayors Association has named third district Rep. John Hiler "Man of the Year," and Mrs. Betty Rendel "Woman of the Year."

Rep. Hiler was newly elected last November when he upset former third district congressman John Brademas, then Majority Whip and an 22-year veteran of the U. S. House of Representatives.

The 28-year-old congressman from LaPorte serves on the Government Operations Committee, subcommittee on Environment, Energy and Natural Resources and subcommittee on Commerce, Consumer and Monetary Affairs.

Mrs. Rendel, Peru, was elected president of the National Federation of Republican Women last March. From her office in Washington, D.C., she serves as NFRW spokeswoman and is responsible for organizing and planning the activities of the NFRW, whose members number more than 230,000 nationwide.

Mrs. Rendel served as Republican State Committee vice chairman and president of the Indiana Federation of Republican Women from 1972 to 1980.

The awards will be presented at noon May 16 during the Mayors Association's 16th annual Speedway luncheon at the Speedway Motel.

A social hour at 10:30 a.m. will precede the luncheon.

## Sr. citizens boost Jr. citizen project

Senior citizens in nursing homes throughout Indiana are holding mid-May "Rummage for Ronald" sales to raise \$100,000 toward construction of the Ronald McDonald House for junior citizens and their families.

The 24-bedroom \$1.6 million house will be built at the Indiana University Medical Center, just a few minutes' walk from the James Whitcomb Riley Hospital for Children, Riley, the state's only children's hospital, draws patients from a wide area, young outpatients and families of hospitalized children need an inexpensive place near the hospital to live during the long weeks of treatment.

The 275 nursing homes that are members of the Indiana Health Care Association are urging all of the state's more than 500 nursing homes to join the fund-raising effort for the Ronald House. The homes will welcome the public as both contributors and buyers at the rummage sales. Most will hold their "Rummage for Ronald" programs between May 14 and 21 to coincide with National Nursing Home Week.

"People need people regardless of age," said Jeff Gephart of Brownsburg, coordinator of the project for the state Healthcare Association. "Our nursing home residents will gain many benefits from helping with this worthwhile program. They will be proving to themselves and others that 'gray power' does have an impact and they will be raising significant amounts of money for a heart-warming, project that needs support."

Those interested in participating in the rummage sales should contact nursing homes in their community.

## Participates in one-day seminar

Kathryn L. Spice, County Clerk; Merrill O. Kendall, County Auditor; Harris Lease, County Commissioner and Everett Smith, County Commissioner, participated in a one-day seminar on county budget preparation May 6 in Warsaw.

Sponsored by the Indiana Academy in the Public Service, the seminar reviewed the steps involved in developing the annual budget and the role public officials play in this process. Participants examined budget forms and their uses, and also discussed solutions to procedural problems commonly encountered in county budgeting.

The seminar instructor was Dr. Robert T. Perry, Special Assistant to Vice President for Business Affairs, Ball State University. Glen Albright, Field Representative of the State Board of Tax Commissioners, attended as the resource person.

"County Budget Preparation" is one of 10 local government seminars offered by the Academy on a regional basis throughout Indiana.

Funding for the Academy programs comes from grants by the Lilly Endowment, Inc., and the State of Indiana, and from private contributions by individuals and companies interested in the improvement of government.

## Completion of PSI rate case pending

The Public Service Commission of Indiana has scheduled final hearings in regard to Public Service Company of Indiana's request to increase its electric rates on May 4, 1981 in Kokomo, Indiana.

The hearings, which will begin at 10 a.m., EST, in the I. U. Kokomo Auditorium, 2300 S. Washington St., will provide the public counselor and intervenors the opportunity to present technical evidence regarding the PSI proposals.

Any ratepayers wishing to participate in the morning or afternoon sessions will be given the opportunity to do so at various times throughout the hearing.

An additional session for those PSI customers wishing to testify before the commission will begin at 7 p.m. at the same location.

PSI is asking for a 23%, \$119.6 million overall increase. The utility last raised its rates in September of 1978.

An early running water system could have been from an ever flowing spring. Many farm homes had spring houses. The spring water would be directed through a variety of sections in the spring house. One section would be for the storage of fresh water for drinking or cooking purposes. This section would be covered and would be periodically cleaned to assure clean fresh water. The cool water would spill into a shallow area where jars of food and milk would be set. I am told milk, buttermilk or cider placed in this "refrigeration" system was cool and refreshing on a hot summer day.

Sometimes an ingenious, thoughtful husband would arrange a set of pipes to carry the water to the house. This would make the job of lugging water to the kitchen stove reservoir or to the big boiler on the laundry stove is little less exhausting! In one instance the water was piped to a big black kettle about 6 or 7 feet in diameter. The kettle was bricked up around the kettle with a fireplace under the kettle. The kettle would be filled with water from the spring by the turn of a valve and a fire would be built under the kettle the evening before wash day. My grandmother was up early to start the wash. She had the most modern washer of the day. One of her washers was a wooden tub with a dolly that was turned by either windmill power or an engine started by one of the men. As I remember it, she washed at least once a week and sometimes twice a week. With her family of eight sons and one daughter, she would put in a long, long day trudging from washer to wringer, to blue rinse waters and up the stairs to the long line in the sun where the clean, white wash was hung in the breeze to dry. It was a hard day but can you guess how much energy was saved with the windmill propelled washer and the spring piped water heated over a built-in fireplace. My grandmother thought she had it easy. She was a small, slight woman of about 100 lbs. that never worried about getting fat on the meat, potatoes, gravy, vegetables and pies she turned out for her hungry family. Come to think about it, how could she be fat after two wash days a week and cooking all that food for a family of eleven and many times others. I never worried about my grandmother being overworked, she was always pleasant and happy with a kind word of thanks when I would "fetch" her something. It was always a distinct privilege to help grandmother.

It would be a distinct pleasure to serve you a hot meal at the Akron Lions Club Nutrition Site soon. Our water doesn't come from a spring but it is piped in, cold or hot! The milk is not cooled in the

spring house but is cold and nutritious. Grandmother may have had a good life with her spring water and heated wash water but in my opinion it is more pleasant to talk about than to live through! Visiting is a favorite activity of the Akron Keen-Agers. How about visiting with us soon?

On Thursday, May 14, there will be a Birthday Party to celebrate the May birthdays. Come help those born in May celebrate their spring birthdays. The May Blood Pressure Clinic will be held on Thursday, May 14, from 11 to 12 also. Come get your blood pressure taken free and stay for the carry in lunch and the birthday party. It is always a special day.

A trip to the Shipshewanna Amish Sale has been planned for Wednesday, May 20, from about 8 to 4. If you are interested please get your name on the list soon. You will be notified of the final arrangements and can decide then if you can go. Other trips are being planned to Conners Prairie, Winona Lake, the Wagon Wheel Playhouse and other such places you might suggest.

The Senior Citizen quilt has been hung in the Akron Lions Club Building. It has added to the friendly decor of the room. Each block of the quilt has been made for or by a senior citizen and shows the variety of interests and ideas of the Keen-Agers. You are welcome to come in and gaze at the work of love made by the loving fingers of the many senior citizens attending the site.

Scheduled menus for the week of May 18-22 are:

Monday - Beef Noodles, Whipped Potatoes, Chopped Broccoli, Brown Bread, Peaches, Milk, Coffee.

Tuesday - Fried Chicken, Green Beans, Scalloped Potatoes, Brown Bread, Applesauce, Milk, Coffee.

Wednesday - Beef Manhattan, Whipped Potatoes, Peas, White Bread, Fresh Orange, Milk, Coffee.

Thursday - Breaded Pork Cutlet, Green Beans, Sweet Potatoes, White Bread, Pineapple/Cheese, Milk, Coffee and other tasty foods from the kitchens of the Akron Keen-Agers.

Friday - Cubed Ham with Beans, Spinach, Cornbread, Peas, Milk, Coffee.

No meals will be served Monday, May 25 because of Memorial Day. The meal site will be closed on Monday, but will be open as usual on Tuesday. Have a nice, safe Memorial Day!

## Akron Notes . . .

Mr. and Mrs. Jesse Henderson and Mr. and Mrs. Tom Hill of Akron and Mr. and Mrs. Roger Gearhart of Corning, Iowa, were in Anderson on May 2nd for the marriage of Tammy Tufts to Don Boyer. The bride is the daughter of Mr. and Mrs. F. Edward Tufts of Sturgis, Michigan, formerly of Akron. Mrs. Boyer earned her Bachelor of Arts degree in music at Anderson College.

Sunday dinner guest of Mr. and Mrs. Tom Hill, Nina, Brian and Bruce, were Mr. and Mrs. Jim Hill, Tippecanoe; Mr. and Mrs. Richard Hoffman, Cheryl, Kim, Greg and Jeff of Etna Green; Mike Van Cleave and Kim Nelson. Mr. and Mrs. Roger Gearhart of Corning Iowa, visited her mother, Mary Jane Thompson, and his father, Frank Gearhart and other relatives recently.

Marionette Circle of Women of the Church of God met May 5 in Diane Wildermuth's home.

Connie Klein presided. Carol Ellenwood gave devotions from Prov. 31 and lead prayer.

Arrangements for the up-coming events were discussed. They are WCG executive board, northern Indiana Minister meeting, Shriner-Kelly rehearsal and wedding and Father-Son dinner. Marita Cox and Judith Hice are on the dinner committee. Janice Shevman is in charge of the rehearsal meal. Mrs. Ellenwood is arranging the Father-Son program with Norma Shriner in charge of the meal. Roll call was answered with our mother's maiden name. Merry Gaerte gave the treasurer's report.

Tom and Wendy Boswell and sons, Brian and Eric, of Martinsville, Indiana and Susan and Don Walters and children, Philip, Beth and Craig, of Fort Wayne, enjoyed Easter Sunday with their parents Joe and Juanita Boswell. Then on Tuesday, Barbara and John Goodwin and sons, Andrew and Paul of Columbus, Ohio, came to visit with their parents for a few days.

On April 30th, John Mark Goodwin of Huntington College, Huntington, Indiana, visited his grandparents, Joe and Juanita Boswell, to celebrate his birthday.

## Service notes

Spec. 4 Michael D. Wright, son of Mr. and Mrs. Bill B. Wright of Rt. 1, Mentone, Ind., has completed a U.S. Army primary leadership course at Schofield Barracks, Hawaii.

Students received training in supervisory skills, leadership principles and small unit training techniques essential to a first-line supervisor in a shop or office environment.

Wright is a motor transport operator at Schofield Barracks.

Airman Larry G. Sausaman, son of Elizabeth V. Sausaman, of 116 E. Rochester St., Akron, Ind., has graduated from the U. S. Air Force weapon control systems course at Lowry Air Force Base, Colo.

Graduates of the course learned the maintenance and repair of aircraft weapon control systems, and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Sausaman will now serve at Grissom Air Force Base, Indiana.

## Census Bureau needs information on workers

How many American workers are holding more than one job? How many are working overtime and what is their overtime pay? What are workers' usual hours on their jobs?

Stanley D. Moore, Director of the Bureau's Regional office in Chicago, announced today that information in response to these questions will be collected during the week of May 18 to May 22, 1981, from a sample of households in this area. The questions are in addition to the usual ones asked in the monthly survey on employment and unemployment conducted nationwide by the Bureau for the U.S. Department of Labor.

Households in this area are part of the sample of 71,000 across the country scientifically elected to represent a cross section of all U.S. households.

Results of this monthly survey provide a continuing measure of economic conditions in the Nation. The March survey indicated that of the 106.2 million men and women in the civilian labor force, 98.4 million were employed. The Nation's unemployment rate was 7.3 percent, the same as it had been in February but down from 1980's high of 7.6 percent.

Information supplied by individuals participating in the survey is kept strictly confidential by law and results are used only to compile statistical totals.

## Akron girls' track meets

The Akron Jr. High Girls' Track team opened its season with a 3-way meet involving North Miami, Mentone and the Flyers. Mentone won the meet by scoring 75 1/2 points followed by 25 1/2 for Akron and 24 for No. Miami. Sonya Sterk was Akron's only individual winner as she threw the discus 68 ft. 6 in. and placed second in the shot put. Bonita Arthur had a second place finish in the 200 meter dash and two thirds in the long jump and 100 meter dash. Dawn Trippendi finished second in both the 800 and 1600 meter runs. Pam Brallier finished third in the 1600 meter run.

The last event, the 800 meter relay, determined the winner in Akron's next track meet at Triton. The Flyers finished the relay ahead of Triton but were disqualified for an illegal exchange. Thus, Triton came out the winner 59 to 50. Bonita Arthur was a double winner in the 100 and 200 meter dashes as was Sonya Sterk in the discus and shot put. Lori Quinlan won the 75 meter hurdles and Dawn Trippendi captured the 1600 meter run. Lisa Kindig placed second in the hurdles and third in the 50 meter dash and Tina Fields and Diane McCloughan captured thirds in the 400 meter

dash and 100 meter dash, respectively. Sandy Brallier finished second in the discus and Pam Brallier third in the 1600 meter run.

Both Akron's boys and girls teams were in action Thursday, May 7 on the TVHS track with a three way event involving Caston, Mentone and the Flyers. Akron travels to Manchester the 8th to participate in a three-way meet with Manchester and Rochester.

In a girl's track meet held Monday, May 4, Mentone and Akron Jr. High girls hosted Argos at the TVHS track. Akron defeated Argos 24 to 23 and lost to Mentone 79 to 24. Sonya Sterk won a blue ribbon in the discus and captured a white in the shot put. Bonita Arthur placed second in both the 100 and 200 meter dashes while Lori Quinlan was a close second in the 75 meter hurdles and third in the 200 meter dash. Dawn Trippendi came in fourth in the 800 and 1600 meter runs. Lisa Kindig ran to a fourth place finish in the 400 meter dash. The 800 meter relay team of Bonita Arthur, Tina Fields, Lori Quinlan and Dawn Trippendi finished a strong second in their event. Akron's girls' record now stands at two wins and three losses.

## Deadline given for cattle entries in beef show

June 1 is the deadline for entering open steers in the 1981 Hoosier Beef Show, according to Will Schakel, Indiana Beef Cattle Association executive committee president and head of the Indiana Farm Bureau commodity department.

Schakel points out that it will not be necessary for steers to be broken to lead as cattle will be shown loose. All steers must be delivered to the State Fairgrounds for the Hoosier Beef Show between 7 a.m. and 10 a.m., Thursday, July 9, the day of the show.

All steers will be weighed upon arrival and must weigh at least 950 pounds and more than 1400 pounds. On-foot steers will be divided into eight weight divisions for showing. Any steers not meeting the show requirements will be the owner's responsibility.

Purpose of the Hoosier Beef Show is to help improve the quality of beef for the consumer. It's part of the beef producer's continuous effort to present to the housewife and the consumer an ever higher quality product. The ultimate goal, according to Schakel, is to keep up and improve the demand for beef.

For this year's show, the time was changed from September to July because many beef cow-calf producers indicated summer was a better time than early fall for the event. Schakel says now is the time for beef producers to really prove this is the best time of the year for the show by entering their animals for it.

An entry fee of \$20 per head of cattle must accompany the entry form and all fees will be retained by the show committee. Mail entries to the HOOSIER BEEF SHOW, Indianapolis Livestock

Market, 2577 Kentucky Avenue, Indianapolis, IN 46241 or to the local County Extension office.

The show sponsors are the Indiana Farm Bureau, Inc., Indiana Farm Bureau Cooperative, Indiana Beef Cattle Association, Indianapolis Livestock Market, Emge Packing Company and Stadler Packing Company in cooperation with the Indiana State Fair Board and Purdue University.

### ACID RAIN

CAPE CANAVERAL, FLA. - Poor weather is always a concern just before a rocket is launched into orbit, but until now there has been little worry about rainfall right after a launch—the space shuttle has changed that. The shuttle's two huge solid-fuel booster rockets have created the possibility that a sudden thunderstorm or shower immediately following a launch could produce acid rain, scientists point out.

Planning for the future is the best way to improve the future.

## RECIPE

By Sarah Anne Sheridan

Hot weather isn't far away and nothing lifts one's appetite on hot days more than a pretty congealed salad. There are multitudes of ideas and combinations; therefore, it's easy for one to find favorites for one's family. Try this tasty ginger ale and fruit combination—it's a favorite with my family.

### Ginger Ale Salad

- 1 T gelatin
- 2 T cold water
- 1/2 c boiling water
- 1 1/2 c ginger ale
- 2 T lemon juice
- 1 T sugar
- 1 c sliced canned peaches or pears
- 1 c orange sections
- 1/2 c fresh strawberries sliced
- 1/2 c grapes, seeded and cut in half
- 1/2 c diced canned pineapple

Soften the gelatin in the cold water then add the boiling water and stir until dissolved. Add the ginger ale, lemon juice, and sugar. Place in refrigerator to cool. When mixture begins to thicken fold in all fruit. Pour into a ring mold or individual molds and chill until set.

Serves six.

### MILITARY BUDGET CUT?

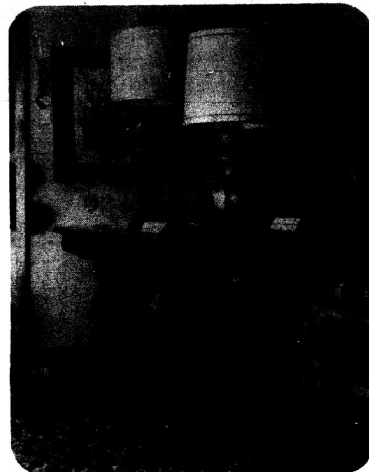

Reagan administration budget cutters are going to turn their attention to the military next. Budget Director David A. Stockman told a House committee recently.

### ON THE ECONOMY

The government's index of leading indicators turned upward in March for the first time this year, the Commerce Department reported recently—a signal the economy may be gaining strength.

Shown above are the Mentone Junior High boys' and girls' Industrial Arts projects currently on display in the window at Valley Furnishings, Mentone. Some of the smaller items the class had finished are on display at Cooper's Store in Mentone.

Mike Hoyt, Industrial Arts instructor, invites you to come in during the next two weeks and see the fine display the students have set up. He also wishes to take this opportunity to thank Valley Furnishings and Cooper's Store for allowing them the use of their windows for the display.

## On Pollen

Eight or nine million Americans suffer each spring, summer and fall because of pollen in the air. Hay fever is the common offender, but some suffer asthma or respiratory troubles; at the peak pollen season many become seriously ill.

What might prove helpful to many is a pollen count chart, showing the average pollen level at various cities throughout the country. Such a chart is available free at the offices of many allergy doctors.

It may be advisable for some to change the location of their home. One moving from a city with a pollen count of 50 to one with a count of four or five often finds instant relief. Of course, there are inoculations with serums made individually for each patient after allergy tests, and also antihistamines. If these do not work, the

chart will indicate where one can go-to be comfortable.

The history of the past will do you no good if you don't know anything about it.

## Summary of Bills

(Con't. from Page 8)

H 1006 — Allows lawbreakers to charge a storage fee for each item held rather than one storage fee for all items held to secure a loan.  
H 1497 — Requires valuable metal dealers to register with the State Police before they purchase such metals and requires that trading shops and exhibitions where gold and silver are purchased or sold comply with the valuable metal dealers' registration law, and denies the requirement that an alcohol and drug service program in Vanderburgh County establish a special fund.  
H 1335 — Provides for the payment of members of the board of trustees of regional water, sewage or solid waste districts, for salaries or travel expenses, from the district's general fund.  
H 1430 — Legally defines a saved off shipment and forbids the manufacture, sale or possession of a saved off shipment.  
H 1511 — Allows abandonment of a person's letters or property only after a court hearing at which the debtor has been notified.

### Bills Vetted By Governor

S 1 — Would have forbidden state and local governments from dealing with regional agencies of the federal government.  
S 237 — Would have established a legislative committee to review rules and regulations created by state agencies.  
S 483 — Would have changed the state intestacies tax law so the tax would be figured on the amount of intestacies initially purchased.  
H 1379 — Would have made an indigent convicted of a crime liable to the county and state to repay the public money spent for his legal representation.  
H 1493 — Would have made several changes in the township poor relief law, including requiring poor relief applicants to waive their rights to confidentiality of their state income tax information.  
H 1574 — Would have exempted school board candidates from campaign reporting laws cultural and industrial operations, one for at least one year, could not be considered nuisances so far as zoning laws are concerned.  
H 1592 — Would have enabled school corporations to use for any purpose the interest they obtain on investments.

### AVOID PLANTING MISTAKES:

Mistakes at planting are with you throughout the season. Take time to recheck calibration of planters and spraying equipment. Risks of compaction from working soils too wet are especially high this week. Before setting on those wet fields, consider the likelihood that yield loss from compaction could easily be greater than the potential loss from delaying planting until the fields dry out.

Don't drive too fast with the planter. Corn planters generally work best between 5 and 6 mph. Population control, depth, and seed spacing within the row become serious problems above 7 mph, and substantial yield losses can be expected.

Take time to check seed depth and spacing periodically. Don't depend upon the monitor for population. It is only an approximate reading, you need to count seeds and measure spacing to be sure.

Record keeping is another important part of planting a crop. Keep a file of seed tags and a map where each is planted. Record seeding rates (including planter sprocket settings), chemical applied (including rates), and other information. Agronomy Guide AY-236, Field Crop Record, available from the Fulton County Extension Office, is a good form for this information. Such records will be very helpful if problems appear later in the season.

### HAVE YOU SEEN LARGE GREEN GROUND BEETLES?

Those large green beetles now beginning to appear in yards and sidewalks in front of store buildings, on the sides of buildings, entering homes, stores, schools, salesrooms and warehouses are ground beetles. They belong to the genus "Calosoma" and are commonly called "Caterpillar hunter," since they feed on caterpillars. They are appearing a week earlier than last year. These beetles are attracted to lights, often invade buildings through open windows or through doors that are open for any period of time.

Insecticide applications applied although are not very effective outside the elimination of outdoor hiding places along buildings and treatment of those areas with an insecticide will help prevent migrating indoors. Use residual sprays of either 0.5% Diazinon 2% malathion, Sevin, Diazinon may be used indoors according to the label direct, however, special precautions must be followed in storage areas where and/or feed products are being stored.

### TICKS VS MUSHROOM HUNTERS!

With the warm spring weather here and outdoor activity increasing, people are starting to be bothered by blood-hungry ticks. The tick of most concern is the American dog tick, also known as the Eastern wood tick. This tick is usually found in woods, uncut grassfields, parks and other areas of wild vegetation. It readily feeds on man, and it is a major vector or Rocky Mountain spotted fever which has been reported to occur in Indiana. Therefore, campers, hikers, mushroom hunters and others who have been in tick infested area should examine themselves carefully and remove any ticks found on the body. To prevent leaving the mouthparts imbedded in the skin, use a pair of forceps and grasp the mouth parts where they enter the skin and slowly pull straight out. To prevent tick infestations, use standard tick repellents and keep pant legs and shirt tails tucked in. Control information is contained in Publication E-71 available at the Fulton County Extension Service.

### CARPENTER BEES ARE ACTIVE NOW

These large bees are of a black and yellow color and are often mistaken for bumble bees. Carpenter bees can be discovered with rows of dense yellow hairs. The most common species, the Eastern carpenter bee, will bore holes about 1/2 inch in diameter into structural wood of homes, garages, ornamental wooden fences, and even patio furniture.

The surface around these holes is often stained or streaked with bee excrement, especially if the entrance hole is one that has been used for several years.

### USE FERTILIZER DESIGNED FOR LAWNS

To maintain a healthy lawn with a gradual growth response, use a specialty lawn grade fertilizer. Although the specialty fertilizers are more expensive initially, they perform better than the more common, lower-priced grades of fertilizer available.

In specialty fertilizers, with slowly released nitrogen, the nutrients gradually become available to the plants over a period of one to two months, the specialists advise. This avoids the flushes of excess growth caused by lower grade fertilizers and produces a lawn which requires less mowing.

### STILL TIME TO APPLY CRABGRASS PREVENTERS

It's spring, the Forsythias have already bloomed, and the Magnolia petals have already fallen.

These are clues that crabgrass time is with us. Three nights of 50 degree minimum temperature give another indication that crabgrass season is well under way.

Many individuals and lawn care firms have already applied crabgrass preventers.

Later on, crabgrass germination can be expected on many good lawns because turf acts as a blanket and keeps soil temperature cool. Therefore, it is practical to apply crabgrass preventers throughout the month of May. Often it is the late crabgrass that causes most lawn problems in Indiana.

### ATTENTION FARM POND OWNERS

If a winter kill fill occurred in your pond a population imbalance may be the result. Often the best solution is the renovation of the pond, that is, removing all fish either with a chemical or by draining. Restocking according to recommendations will be necessary. Contact the district fish management biologist (Indiana Department of Natural Resources) for specific information.

### AQUATIC PLANTS ARE BEST CONTROLLED

By treating them in the spring when they are young and growing rapidly. In Northern Indiana mid-to-late May is usually an ideal time for treatment. Keep in mind, before any successful aquatic weed control program can be initiated, it is essential that the weed be correctly identified and an accurate determination of the area to be treated be made. Chemicals are expensive and must be applied at the proper dosage to give satisfactory control.

Be careful about making promises; some of them can be collected in court.

The successful man has the ability to make himself as well as others work.

## Home rule law enacted

# Local government to rule again

The most sweeping changes in local government in over 100 years have been enacted by the 1980-1981 sessions of the General Assembly. State Representative Stephen Moberly (R-Shelbyville) said today. Moberly said almost all of the recommendations of the blue-ribbon local Government Study Commission, created by the 1978 Legislature, at the impetus of former House Speaker Kermit Burros, will become effective September 1, 1981.

Moberly, Commission Chairman and principal author and sponsor of most of the legislation, said the Commission had two goals: to codify the existing local government laws contained in Title 17, 18 and 19 of the Indiana Code and to place the material in a new Title 36. Producing laws that are easier to read and understand and better organized for the public and those who daily work with local government laws was their intent.

The codification was accomplished in House Bills 1002 in the 1980 and 1981 sessions. As part of that process, 234 obsolete and superceded local government laws, some dating from the 1850's, were repealed, he said.

The Commission's second major thrust was to make substantive changes in local government laws as problems were identified through codification.

Moberly called the home rule law (HB 1001) in the 1980 and 1981 sessions, the keystone of the substantive changes. It will replace and expand the city, county, town, and unigov home rule acts of past years.

"It is the intent of the Commission to settle, once and for all, that the policy of the state is to grant to cities, counties and towns all the powers that they need for the effective operation of government at the local level," Moberly said.

"It is the hope of the Commission that local units will not have to come to the General Assembly any longer for the express statutory to exercise a power." The new law does not extend to locals certain powers now denied them, such as the power to tax.

In the 1980 session, 14 bills were enacted which codified, modernized and clarified provisions dealing with the structure and administrative functions of cities, counties, towns and townships. They become effective September 1, 1981.

"I believe the work product of the Local Government Study Commission, as enacted by the General Assembly, with the support of Governors Bowen and Orr, goes a long way to help local government cope with the problems they face," Moberly said.

"Local government officials now have the tools to accomplish a great deal for their constituents. I look forward to seeing the results of this labor in the years ahead," he concluded.

The following bills were enacted into law during the 1981 session and signed by Governor Orr. He endorsed the legislative program

of the Commission, which terminates June 30, 1981.

**House Enrolled Act 1001** - expands the home rule powers passed in 1980 and the strengthening of the accountability of city and county administrative officers.

**House Enrolled Act 1001** - codifies local government statutes dealing with planning and zoning, public safety, parks and recreation, and transportation and public works. HEA 1001, a 620 page bill and the largest of the session, completed the codification process begun in 1980 when statutes dealing with the structure of government in cities, counties, towns and townships was adopted.

**House Enrolled Act 1003** - makes numerous technical adjustments needed because of the relocation and recodification of local government laws passed in 1980.

**House Enrolled Act 1004** - repeals 125 obsolete or superceded local government laws as a companion bill to the bills that repealed 96 laws in 1980 and 13 in 1979.

**House Enrolled Act 1576, 1864, 1948 and 2001** - makes numerous substantive changes in local government laws dealing with planning and zoning, public safety, parks and recreation, and transportation and public works, respectively.

**House Enrolled Act 1929** - standardizes and modernizes public notice provisions for local governmental units.

**House Enrolled Act 2005** - standardizes and consolidates in one place the surety bond requirements for officials of counties, cities, towns and townships.

**Senate Enrolled Act 375** - consolidates the three existing statutes on abandoned vehicles into one statute which will govern the disposal of abandoned motor vehicles by local and state authorities.

**Senate Enrolled Act 380** - provides for a model public safety merit system as an option for paid police and fire departments by any city, county, town or township. The new law permits any city now having a merit system to choose to retain its system by ordinance or to switch to the model system.

**Senate Enrolled Act 440** - permits the county council to fix the per diem of township assessors for the performance of reassessment duties. In conference com-

mittee, a provision was also added to straighten out the procedure for vacation of streets and alleys by stipulating that it should be done by City Councils.

**Senate Enrolled Act 461** - reduces the classes of cities from five to three, and standardizes various statutory provisions that now distinguish third, fourth, and fifth class cities, all of which will become third class cities September 1.

## Right On

The evidence is clear--that raising the legal drinking age tends to save lives on the highway. In Michigan, automobile accidents among teens dropped 18 percent in 1979. In Massachusetts fatal accidents among teens declined even more in the last two years.

Both states recently raised the legal drinking age--as have a dozen other states in recent years. In only the last year Florida, Georgia, New Jersey and Rhodes Island have done so. Virginia has restricted beer sales to 18-year-olds.

It would help further if the federal government required all brewers to clearly state the alcohol content of beer bottles and cans, including especially those containing malt liquor, on containers. What could be the harm in this?

Such information would not hinder sales; rather it would show the unknowing that they are drinking, and how much of the drug, alcohol, they are taking into their system.

Free advice, regardless of its origin, is almost worthless.

Planning a system is one thing but getting it to work is another.

It is amazing how excited some people can get over little things.

## Parents play important role in education

Education is everyone's business, but there's a special role for parents.

Education has been called the cornerstone of democracy, and schools have a tremendous responsibility to help students develop the skills they'll need to succeed as adults. That job can be done best if schools and parents work together. Parents can lay the foundation for their youngsters to have a successful school experience.

Here are nine tips:

1. Help young children learn and use simple words. It's amazing how much vocabulary a three-year-old can develop if given support. Identify familiar objects for children with their names. The sooner young children can communicate simple words and concepts, the sooner they can move to more difficult learning.

2. Turn on television programs that teach. There are many that help young children learn to count, the alphabet, and even simple words.

3. Listen to young children. This requires patience, but it also encourages youngsters to develop speaking skills.

4. Read to children. Reading is so important to education, and parents can emphasize that importance by reading regularly to young children. It will also help them recognize letters and words.

5. Take the family on trips that have educational value. Going to the zoo or to a museum can reinforce lessons taught at school. And it's fun for the family.

6. Praise students for their success in school. Parents' feelings are important to their children. Students should understand that parents think it's as important to score well on a spelling test as it is to keep their room clean.

7. Set aside 20 minutes each weekend when everyone in your home reads. Students will understand that reading is important if parents demonstrate that by their example. And keep plenty of reading materials around your home.

8. Establish a quiet place for study in your home. Pollsters tell us that Americans have watched 18,000 hours of television by the time they reach 18 years of age. This compares to 15,000 hours in school. In front of the television is not the best place to do homework. Give your youngster's mind a change to absorb his or her lessons.

9. Let your youngster know that you believe education is important. Parents can do this by asking an interest in what their students are doing in school, by asking questions about what happens in the class and about school projects. They can also do this by attending school events, such as back-to-school nights and open houses. Joining school support groups, such as music boosters or PTA's indicate the value you place on education.

The greater the cooperation between the school and home, the better the learning experience for students. Working together we can provide the best possible education for students.

## Invitational played at Akron diamond

The Tippecanoe Valley Softball League held its Invitational Tournament at Akron on April 25th and 26th. Participating teams included Akron Bank, Armstrong Products from Warsaw, Cumberland's Freezer Fresh, Delft Blue, Green Light Tavern, Paw Paw Archers from Roann, and Sonoco Paper Products. Morgan's Clinic Team furnished the umpires for the tourney. Armstrong Products were undefeated and received individual trophies. Their 1st place team trophy was sponsored by Smith Service of Akron. Cumberland's Freezer Fresh also received individuals for 2nd place. Their team trophy was sponsored by Cooksey's Supermarket. Paw Paw Archers took home the 3rd place trophy sponsored by Murphy's Furniture.

The TVSL would like to thank the trophy sponsors, the teams, and the umpires for a successful tourney.

## Akron N.H.S. holds spring dance

Friday, May 1, Akron Jr. High's National Honor Society held its spring dance in the Akron gym.

Mr. Kevin Campbell, TVSC Band Director, served as disc jockey and master of ceremonies. "K.C." kept the place "jumping" and did an outstanding job!

Candidates for Dance Queen were Dawn Trippiedi, Tracy Allen, Shawntia Hartzler and Lisa Kindig. Candidates for Dance King were Andy Schwenger, Steve Lester, Troy Butt, and Kenny Johnson. Shawntia Hartzler was elected Queen and Andy Schwenger was elected King. Dawn Trippiedi and Kenny Johnson were runners-up. Congratulations are extended to all the candidates.

A big "thank you" goes to Audrey Jones, Lenee' DuBois, Angie Harsh and Mr. Smith for their hard work organizing and decorating.

Adult chaperones attending were Mr. and Mrs. Randy Holloway, Mr. and Mrs. Loren Mattix, Mr. and Mrs. Con Shewman, Mr. and Mrs. Keith Mathias, Mr. Robert Hinkle, Mrs. Pat Trippiedi and Mrs. Nancy Martin.

A surprise event took place when a group of students presented Mr. Hinkle with a cake in honor of his birthday.

## Match season-low

Todd Leckrone, Rick Slone and Scott Woods each broke 40 on the Plymouth Country Club Golf Course last week to lead Valley over Bremen and Argos-160, 182 and 183. Valley's first 160 of the season was at Plymouth's Tri-Way Course.

Low medalist with one-over-par was Todd Leckrone with 37. Slone and Woods tied with Argos' Powell for second with 39's.

Valley JV's improved their record 5-5 with 227-228 victory over Argos. Jed Smith and Duke Summe paced the jayvees with 54's.

TIPPECANOE VALLEY (160) - Todd Leckrone, 37; Rick Slone, 39; Scott Woods, 39; Keith Haney, 45; Rick Goshert, 46.

BREMEN (182) - Steve Zelmor, 46; Scott Moran, 45; Greg Stump, 51; Brian Garver, 45; Bruce Sarber, 46.

ARGOS (183) - Jim Carpenter, 40; Bob Powell, 39, Mitch Gordon, 54; Doug Overmyer, 54; Jay Stauffer, 50.

## JV baseball team wins tourney

The Tippecanoe Valley JV baseball team beat Rochester 4-3 and Northfield 12-8 to win a four-way tournament at Northfield last week. Rochester team beat Manchester 12-8 to take third place.

Jeff Webb pitched the opener against Rochester's Triplett. Taking a 1-0 lead in the first without a hit, Valley's Brian Felts hit a double to bring in Brian Cook in the third and Cook hit a double in the fourth to bring home Rob Pinder. The winning run came home in the fifth when Allen Christenberry walked, stole second, went to third on a passed ball, and scored on a ground out.

With Freshmen Shad McConkey and Rob Pinder pitching, the Vikings beat Northfield in the five-inning tie game.

## Kathryn Hartzler to head Republican women

The Fulton County Republican Women's Club sponsored a carry-in supper for its April 27th meeting at the Rochester Civic Center Cafeteria. Anne Kendall, president, opened the meeting and announced that Kathryn Hartzler, second vice-president, will be the acting president for the remainder of 1981. Phyllis Whitmore, first vice-president, was not able at this time to accept the presidency so Kathryn Hartzler, the next officer in line, will become the president. She also is the Fulton County Vice Chairman of the Republican Central Committee.

The theme for 1981 is "Women in Politics;" the programs will be planned around this. Dixie Burkhardt Blair, mayor of Monticello, will be in attendance during the May meeting while Joni Wilson, mayor of Logansport will be speaking at our June meeting.

Kathryn Hartzler attended the April Indiana Federation of Republican Women's committee meeting in Indianapolis.

In attendance at this meeting and having the opportunity to speak were the following office holders: Everett Russell, county assessor; Merrill Kendall, county

auditor; Doug Morton, circuit court judge; Everett Smith and Harris Lease, county commissioners; Joyce Good, county coroner; Kathryn Spice, county clerk; Joan Bunn, county treasurer; Melvin Myers, Steve Hartzler, Leroy Rouch, county councilmen; and Betty Martens, Julie Adley for Lloyd Adley, and Joan Atkinson, city councilmen. A letter of regrets was received from Eldrich Cook, county councilman. In addition, William Justice, state senator, made a large donation to our club.

Mary Price stated that we are very proud of our elected Republican office holders for their dedication of both hard work and long hours.

The next meeting will be held on Monday, May 18th, 7:30 p.m., in the Rochester Civic Center Cafeteria. Dixie Burkhardt Blair, mayor of Monticello, will be the guest speaker.

Rochester Township was the hostess for the evening with Mary Van Van Duyn serving as chairman. Assisting her were Mary Price, Joan Atkinson, Letha Jarrette, Orpha Herendeen and Hannah Owen.

## Farmers State Bank holds annual meeting

The Annual Meeting of the Stockholders of the Farmers State Bank was held at Teel's Restaurant on April 21, 1981. This was the 88th annual meeting of the Farmers State Bank Stockholders.

President Forrest Miner presented a report of 1980 results, showing total assets of \$33,577,000, which was a 13.8 percent increase over 1979. It was noted that the branches have been operating for approximately two years and that the bank has shown a 44 percent increase during that time. The Farmers State Bank, for many years has maintained a record of doubling in size each 6½ to 7 years.

During the meeting all directors were re-elected. Those directors are Floyd L. Tucker, Forrest D. Miner, O. L. McFadden, Donald D. Poulson, Thomas M. Fugate

and Richard B. Manwaring. Following the Stockholders meeting the Directors held a meeting at which time all officers of the bank were re-elected. The officers are Floyd L. Tucker, Chairman; Forrest D. Miner, President and Trust Officer; Thomas Fugate, Senior Vice President; Larry D. Pyle, Vice President and Cashier; Mary Boggs, John Williams, Assistant Vice Presidents; Gail D. Law, Auditor; Ralph Sweet, Branch Manager, Warsaw; William Hubbard, Loan Officer; Freeda Witham, Assistant Trust Officer and David Mallot, Branch Manager, Burket.

## PSI holds second of rate increase hearings

The second of two public hearings on Public Service Indiana's proposed 23% rate increase was held today in Kokomo, and company officials were on hand to listen to comments from their customers.

Company Chairman Hugh A. Barker said one plea heard frequently is for the state Public Service Commission to force the company to cut costs as much as possible, a demand he called "legitimate." Because of the impact of higher rates on low- and fixed-income customers "it would be irresponsible of us not to cut costs in every way possible," he said.

"But inflation affects our business just like anyone else's, and even our best cost-cutting efforts have not eliminated the need for higher rates," Barker said. "We

are currently charging rates that went into effect in 1978, but costs of operating business have gone up sharply since we filed that request in late 1977."

Barker said the company is concerned about customers for whom higher rates will be a real burden and urged those customers to work with the company if they expect trouble paying a bill. "We can't make inflation go away," he said, "but we do have ways to help hard-hit customers through particularly difficult times."

If the proposed rate increase were approved in full, residential customers would experience increases from 21 to 29%, depending on usage levels. Company officials do not expect any new rates to be approved before mid-year.

Public Service Indiana serves over 530,000 customers in 69 of Indiana's 92 counties.

## Lakeland Art Show winners

The First Prize paintings, drawings and photographs from the 24th Annual Lakeland Exhibit, held recently at the women's building, Kosciusko County Fairgrounds, will be on display at Kim's Art Store, East Center St., Warsaw, during the month of May. One of the largest exhibits ever shown, was seen by a large number of enthusiastic visitors and guest artists attending.

## Triple A releases costs

The cost of owning and operating an intermediate sized 1981 automobile is now \$3,601 annually, or 24 cents per mile, according to the AAA Chicago Motor Club.

The cost is 13.2 per cent higher than the comparable 1980 cost of \$3,176, or 21.2 cents per mile.

The AAA report, detailed in the motoring federation's new pamphlet entitled "Your Driving Costs," is based on a 1981 Chevrolet, 6-cylinder (229 cu. in.) Malibu Classic 4-door sedan, driven 15,000 miles annually and kept for four years.

Dividing auto expenses into variable and fixed costs, the booklet shows variable costs include: gasoline and oil, 6.27 cents per mile; maintenance, 1.18 cents; and tires, 0.72 cents.

Fixed costs include insurance, \$510 per year; license and registration fees and taxes, \$88; depreciation, \$1,287; and finance charges, \$490. The fixed charges total \$2,375 annually and remain the same, even if the car remains parked in the garage.

Added together, the fixed and variable costs provide the total annual cost of owning and operating the vehicle.

Driving cost figures, the AAA-CMC noted, are based on national averages. There are, however, variations depending on the size of the automobile and where it is

## Training program for highway department employees

Now that mild temperatures and spring sunshine are here in Indiana, State Highway's Maintenance Division can look back on a winter in which they successfully battled the season's wrath while also weathering the severe cuts in the overall Highway Commission budget.

Commission Executive Director, Gene K. Hallock, says that early estimates indicate Highway did spend nearly \$5 million on snow and ice removal last season. The most significant snowstorm occurred during mid-February when approximately 27,174 tons of salt and 29,980 tons of sand were used statewide to clear 29,675 roadway lane miles in two days. Maintenance crews logged 27,000 regular work hours and 13,300 in overtime. The department's winter inventory showed 250,000 tons of sand and 200,000 tons of salt were used by the end of February. The winter inventory figures are about the same as last year's since both winters have been comparatively mild, Hallock notes.

While the winter was milder than some in recent years, Hallock says the success of the snow removal efforts also can be attributed to two programs which Highway has in effect. "Our comprehensive training and our preventive maintenance programs prepare the highway crews and equipment in the fall to handle any upcoming rough winter conditions," observes Hallock. He also notes this was the first year for

the equipment preventive maintenance program and the second for the comprehensive training program.

In the equipment preventive maintenance program, August is the target month to start getting Highway's 1,100 trucks (spreaders, snowplows and dump trucks) into shape for the winter season. Trucks have been replaced on a six-year cycle in the recent past and this has been one factor which has helped improve snow and ice removal service, Hallock notes. Replacing trucks every six years, instead of every ten or twelve, has meant the fleet is in better condition. This six-year cycle may now have to be extended again, however, Hallock says due to the budget problems the Highway is facing. Equipment for this next season may be one year older than usual, because of the budget squeeze.

Printed work forms are used by drivers to check for major repairs on their assigned vehicles; trucks are checked every 2,000 miles, snowplows and spreaders every 100 hours. There is also a daily check for maintenance on small items such as windshield wipers. Since these new maintenance measures have been instituted, Highway has had less mechanical problems compared to past years and can better estimate the amount of drivers and trucks it will need for the winter season. Subdistrict unit foremen are in charge of implementing the c

prehensive training program for State Highway. "Rookie" snowplow drivers must complete eight days of training which includes two days of defensive driving school, two days of classroom work and three days of driving with an experienced driver through snow routes to find problem areas such as plowing near railroad tracks, manhole covers or in narrow places. A skill test is then given on the eighth day to test the new driver.

Experienced drivers are also required to attend one day of classroom work in addition to obstacle course and snow route driving. A driver is usually certified on the truck to which he is assigned and to be qualified to operate more than one type of highway vehicle. During the three-step process toward qualification, the employee must successfully maneuver his rig under actual conditions during the day and evening as well as being able to handle it on dry pavement.

Training films are also used to illustrate how employees should dress before exposing themselves to harsh winter weather, to explain procedures for snow removal and to demonstrate the level of service maintenance workers should provide.

Executive Director Hallock notes that the maintenance staff members think the comprehensive training program has enlightened supervisors and given additional confidence to plow operators who

considered themselves "old-timers." Supervisors say that on many occasions the training answers questions before they ever come up.

## WEEKLY WRAP-UP

By: State Senator

William F. Justice

The long session of the Indiana General Assembly is now history, having adjourned Thursday, April 30. I believe the session was both productive and successful; in the last week many major issues were resolved. Among the subjects dealt with were a gas tax and a highway funding plan, a reapportionment plan and the budget.

After some deliberation a final version of the biennial budget was passed. The budget is a "bare bones" one, reflecting the lean economic times Indiana has experienced over the past years. Few spending initiatives are in the budget; rather there are spending cutbacks in several areas.

The bill provides a 4 percent pay increase for state and university employees, with a several million dollar state surplus at the end of both years of the biennium. The total budget will be about \$11.5 billion for the next two years.

One of the objectives of the budget was to hold the line on a general income tax increase, in accordance with the conservative mood of the state and country. This was achieved, and Indiana's tax rate remains among the lowest in the United States; however, the highway funding program became so severe this year that the legislature passed an increase in the tax on gasoline in order to raise more money for state and local road repair and maintenance. The tax will amount to about 2¢ a gallon, with most of the additional revenues going to county roads. With the funding mechanism now in place, Indiana roads would be secure in the years to come.

The state's fiscal situation also led to a temporary stalemate in that the House and Senate could not agree on a school finance program. The Senate had passed what had been described as a compromise measure on the last day of the session, but the House rejected this measure. Conference committee members were then unable to agree on another plan, and the legislature consequently adjourned without a school funding plan. As it stands now, Governor Orr will probably call the legislature back for a brief, one day special session once the House and Senate finance

members agree on a new compromise plan.

Both houses approved three reapportionment maps, with one for the State Senate, one for the House of Representatives and the third for Indiana Congressional districts. All three maps were the product of many weeks of work and will provide for districts that meet the federal guidelines. The two state legislative maps will have the same number of districts they had before, but will have some changes in district lines to accommodate fluctuating population. The congressional map will have several changes, the major one being that Indiana will now have only 10 districts instead of the 11 we have had in the past. The reason for the change is population shifts in the U. S. that determined the number of districts each state would have.

## Seniors receive honors

The National Honor Society of T.V.H.S. presented their senior members with honors at the school's annual Award's Night last week.

Principal Robert Meyers welcomed a crowd of parents, relatives, friends and students to the second annual Honors and Award's program at Tippecanoe Valley High School, Wednesday, May 13, at the high school commons.

Departmental awards were presented to the outstanding students by the respective department heads and teachers.

Receiving the medal for outstanding senior in Home Economics was Darla Weaver; the student voted most likely to succeed in Agriculture was Chad Tucker; Accountings outstanding student was Jerry Parker; the medal in Shorthand went to Melinda Yeager and the Art medal to Cheryl Ault.

Charlie Sheetz received the award for Industrial Arts. Outstanding senior in Building Trades was Rex Holloway and receiving special recognition were Jerry Bickel and Marty Gearhart.

Shelly Stokes, editor of the "Saga", and Sherri Clark, editor of the newspaper "Runic Review," were awarded outstanding Seniors in Journalism.

Lou Anne Pyle received the award for English; John Stewart the award in Spanish, and June Ferguson the French award. Diane Hathaway was chosen outstanding senior in the Math department; Brett Cumberland in Science.

Sherri Clark won the award in Social Studies. Lanette Haners and Crystal Foley received special recognition in Office Education.

Receiving awards for special recognition in Music and Drama were Pam Zimmerman, Beth Fugate and Sherri Clark. Chris Schwenk received special recognition as the president of the Student Council and Michele Sriver, Tami Walgamuth and June Ferguson were honored as Student Council representatives of the senior class.

The award given by the American Association of University Women went to Diane Hathaway.

"I Dare You" awards presented by the Danforth Foundation and going to outstanding students with leadership qualities, good character and high scholastic standing in the class were awarded to Tami Walgamuth and John Dorsey.

Perfect attendance certificates were given to Judy Prater, Rebecca Haywood, Tammy Hile and Joey Ellis.

Purdue special recognition certificates went to Diane Hathaway, Jackie Brown, Brett Cumberland and Lou Ann Pyle. These students have been admitted to Purdue for the coming year.

The National Honor Society presented awards to Kerry Baum.

### Beaver Dam Park pavilion opens

Summer and thoughts of outdoor picnics, family gatherings and reunions come to mind. We'd like to invite you to the Beaver Dam Community Park to enjoy our facilities that include playground equipment, a covered shelter with picnic tables, outdoor grills, horse shoe facilities and a baseball diamond, not to mention peace and quiet and lots of good country air.

To reserve the pavilion for those special occasions, call Mrs. Wayne Smalley at 491-2494. There is a small fee charged when reserving the pavilion to help defray expenses. Hurry now so you won't be disappointed to find your particular date already filled.

### Planning Burket Day for August 29th

Saturday, August 29th, is the day to plan for in Burket this summer. That is the day marked for the annual Burket Day. The community will be planning lots of activities for the day which will include a Flea Market, a Cheerleader Super-Star Contest, Fish Fry, and a Cutie King and Queen Contest. They will have a horse shoe pitch and a raffle for prizes to be announced at a later date.

The band for this year's celebration is Whitey and The Country Settlers.

If you are interested in setting up a stand for the Flea Market during Burket Day, please call 491-3535 or 491-2985 for information.

### Band and Choir present program

At the annual Spring Band and Choir Concert, performed at Tippecanoe Valley High School last Sunday, directors Dale Pace and Kevin Campbell made numerous awards and presented the graduating seniors to the audience for their last appearance of their high school careers.

The award by the music departments for all-around performance during her high school career in both band and choir was

presented to Miss Beth Fugate, daughter of Mr. and Mrs. Tom Fugate of Mentone. This gift was a T.V.H.S. blanket and is the most coveted award given by the departments to a departing senior student.

Miss Pam Zimmerman, daughter of Mr. and Mrs. John Zimmerman, Akron, received the Band Merit Point Award as the band member accumulating the most points for her work in the band department.

The National Choral Award and the Choir Merit Point Award were presented to Beth Fugate, who also won the John Phillip Sousa Award.

The concert was presented by the Junior High Choir and Band from Mentone and Akron Schols, along with the T.V.H.S. Band and Choral Departments. It was an afternoon of music enjoyed by everyone attending.

"Volunteers are Beautiful People" was the theme of the Fulton County RSVP Volunteer Banquet in Rochester recently. The banquet honored the many, many Senior Citizen Volunteers of the county area. A short program of music, singing, dancing, poetry and awards were enjoyed by the many active volunteers from Rochester, Akron, Kewanna and the Leiters Ford-Delong communities. The volunteers contributed their precious time according to the needs of the program for which they are volunteering, according to the time their health allows and according to the time they have available to do volunteer work. They really get involved and give their all! At Akron several have contributed a great amount of time and effort to the local program.

Dorothy DeLong has contributed over 750 hours of volunteer work in the past year. Mary McKenzie, Elizabeth Sausaman and Elizabeth Good are close behind Dorothy in the number of hours contributed to the worth while program. If their table setting, meal packing, meal delivering, dish washing and cleaning up were set end to end, that would be miles and miles of back breaking work! The Fulton County RSVP awarded Dorothy, Mary and Elizabeth beautiful praying hand plaques in an effort to recognize their outstanding contributions to the program. I'd like to also recognize your faithful, prompt and pleasant service, girls. Your contributions are continuously beyond the call of duty and the Akron community, the senior citizens and I wish to thank you for this contribution and attitude. It is this kind of dedication that makes the Akron site a success. Thanks again, girls.

Others have contributed more than 35 hours during the past year and include: Betty Gillespie, Betty Harris, Florence Irey, Florence Kinley, Dot Lynn, Eva McHatton, Don McIntire, Nellie Norman, Lulu Riley, Edna Shewman and Ralph Tucker. Still others have contributed heavily to the success for the program and their contributions are greatly appreciated. The Akron Lions Club is an organization of such contributors, the Akron Women's Club has helped with several projects, the churches of the community have helped with their support and each individual of the community has contributed a wholesome attitude toward the Senior Citizen Nutrition Program. All these contributions add up to the continuation of a good senior citizen program in the local community. Thanks, everyone!

Several Keen-Agers attended the 50th anniversary open house of the Heckman Bindery. Everyone enjoyed the long walk through the many, many processes of binding a book. It was a more complicated, more computerized operation than any of us had realized. Nice trip.

The May Birthday Party and Blood Pressure Clinic was well attended last week. Twenty-five helped Flo White celebrate her recent birthday and gave her

many good wishes for many more birthdays. Ruth Bammerlin is a dedicated volunteer that takes the blood pressure for the senior citizens at the Blood Pressure Clinic. Thanks, Ruth, you do a good job.

A trip to Shipshewana is planned for Wednesday, May 20. Hope you were able to attend.

The Akron Senior Citizens Site will be closed Monday, May 25 because of Memorial Day. See you on Tuesday the 26th!

For reservations or information, please call 893-7204 or 893-7263. Scheduled menus for the week of May 25-29 are:

Monday - Closed due to Memorial Day.

Tuesday - Beef Stew, Veg., Jello, Brown Bread, Pears, Milk, Coffee.

Wednesday - Turkey and Dressing, Cranberry Sauce, Cole Slaw, Hot Roll, Apricots, Milk, Coffee.

Thursday - Meat Loaf, Green Beans, Parsley Potatoes, White Bread, Fruit Jello, Milk, Coffee and other tasty foods from the kitchens of the Akron Senior Citizens.

Friday - Beef Stroganoff With Noodles, Tossed Salad, Buttered Carrots, Whole Wheat Bread, Cake, Milk, Coffee.

## 4-H Swine Barn to get new floor

The Kosciusko Co. Pork Producers Association is formulating plans to install a concrete floor in the 4-H Swine Barn at the fairgrounds in Warsaw.

Frank Rhoades, 4-H swine superintendent and Doyle Munson, president of the Pork Producers, explained that a concrete floor is needed so the animals may be kept clean and in sanitary quarters so they can be free of disease. This will also help the 4-Hers who spend a lot of time getting their animals ready for showmanship classes.

The cost of the project is estimated at \$10,000, each pen costing approximately \$50 each. Donations should be sent to Steve Lewis, Rt. 1, Mentone, 46539. He is treasurer of the Pork Producers. Checks should be made payable to the Kosciusko County Pork Producers Association.

The Association will be operating a pork chop tent during the county fair in August. Profits from the food stand will be applied toward the purchase of new gates for the swine barn.

## Mentone Extension Homemakers meet at Mrs. Funnell's

The Mentone Extension Homemakers met May 14th with Viola Funnell of Rochester. Lois Perry gave devotions from the Farm Bureau, "If Jesus Came to Your House Today" and "Five Men in Your Life." Blanche Whitmyre led the pledges to the flag. Vice president, Esther Sarber, led the club creed, singing of American the beautiful and In the Shade of the Old Apple Tree.

Roll call was answered by twelve members to "What is Your Special Talent." For health and safety, Viola Funnell read of a new way to remove kidney stones. Citizenship leader, Eula Smith, talked of "Proud to be an American," the theme of this year's Mentone Days parade.

Genevieve Warren read an article on Folk Lore written by Mrs. Glen Whitehead. Olive Tucker's garden remarks were on care of Easter lilies. President, Pearl Horn, asked the members to help with a benefit fish fry. Olive Tucker gave the lesson, "The Wonderful Crisis of Middle Age." The meeting closed with the club collect and prayer song. The June 11th meeting will be with Arma Eckert.

## Historical Society to have Memorial program

The Fulton County Historical Society will meet May 25 at 7:30 p.m. in the Civic Center Museum, 7th and Pontiac, Rochester, to hear a special Memorial Day program by Leon Szponar of Leiters Ford. Szponar was a prisoner in a Nazi camp for several years. He will tell of his experiences during World War II and coming to America. The public is invited. Refreshments will be served.

FCHS board of directors will meet at 6:30 before the public meeting.

this area, having one son and three sons-in-law in the war since her membership began in 1946.

During the wars, the World War II Mothers activities included packing boxes at Christmas and Easter. Veterans hospitals in Indiana have benefited from their visits during peacetime. Annually, the World War II Mothers decorate the graves of war veterans on Memorial Day.

Mrs. Whetstone, 77 years young, was married in 1921 to the late Dewey Whetstone. They are the parents of five daughters: Doris Linton of Leesburg, Lois Walsh of Mentone, Edna Cowan of Plymouth, Mildred Grindle of Warsaw and Mary Lou, deceased and one son, Lowell D., also deceased. Ethel also has thirteen grandchildren, twenty-five great-grandchildren and one great-great-grandchild.

Ethel has devoted many years to the organization of World War II Mothers. Besides being the State President, she has also been District President and twice was Unit President. She is also a member of the Harrison Center Bible Church. This is one lady who truthfully shows by action and deed that she is "Proud to Be An American."

This year's parade will be held June 6, at 2 p.m. with the theme of "Proud to Be An American." Entries are still being accepted and anyone interested in participating in the parade, please contact Orabelle Meredith, P.O. Box 365, Mentone or phone 353-7531 or contact Darrell King at 353-7625.

## You'll thank yourself next winter for the air conditioning decision you make this summer

You could be comfortable all summer by installing central air conditioning. Or, you could be comfortable year-round—plus save money on your energy bills year-round, by installing an Add-On Heat Pump.

The Add-On Heat Pump is a new development. It works, like any heat pump, by taking the heat out of the air inside your home and pumping it outside.

That's probably all you care about this time of year, but next winter you'll be glad to know that the Add-On Heat Pump is also the

most efficient heating system around.

That's because it supplements your existing gas or oil furnace with the energy saving benefits of a regular heat pump.

And, that means you add-on savings with the Add-On Heat Pump.

So, if you're thinking of installing central air this summer, consider the Add-On Heat Pump. It's a decision you'll be comfortable with year-round, for years to come.

Don't just get an air conditioner, get a year-round comforter. Contact:

### Memorial Day, 1981

Memorial Day began as a national observance--during the Civil War, first in Mississippi (Columbus and Vicksburg), Virginia (Winchester) and other states. By 1865 it was observed nationally. That year the Adjutant General of the U.S. Army suggested graves be decorated throughout the country.

Christianity, idealistic and moral principles and philosophies notwithstanding--unless a free nation contains men willing to fight and die, if necessary, for country and freedom, liberty cannot long survive.

These are appropriate thoughts for the 25th, Memorial Day, 1981. And to all who responded to duty when their country called, and who gave their lives, the nation is indebted.

It is too much to expect each individual soldier, sailor or airman to pass individually on the rightness or wrongness of the foreign policy of his government and act accordingly.

This can produce chaos. Rather, a nation must necessarily depend on brave men and women who believe that duty is still a sublime word in the English language.

### A Tank Flop?

The latest information of the U.S. Army's new tank, the costly M1, indicates it's still causing second thoughts. A surging price, now estimated at \$3 million a tank, combined with failures to meet specified standards, plus design flaws, are the bad news.

The Army still says the tank is what it wants and the world's best, but that is, of course, the standard claim of the military services after they have spent billions on a weapon that doesn't live up to hopes, such as the Air Force's current A-10.

The tragedy in the tank fiasco is that an excellent tank was available to the U.S., the German Leopard, when the M1 was ordered. One can understand the desire to have a tank built at home, but at least initial orders for the Leopard could have been placed--it has a 120 mm. gun and is perhaps the world's best tank.

After refusing to buy any Leopards, the U.S. is now still teething with an unproven tank, and production is still ridiculous--not up to the several hundred annual production figure long ago planned. Meanwhile, the Soviets have thousands of very excellent, modern tanks and are continuing to build them by the thousands annually.

As the M1 gets excessively expensive--just as do the aircraft the Air Force buys--not enough of them can be bought to give the U.S. military a really competitive posture, as compared with the Russian armed forces. The need is, obviously, for less sophisticated, overly expensive, dubious weapons and more inexpensive, dependable weapons that can be procured in numbers.

### Hillis supports VA authorization bills

WASHINGTON, D.C. -- Indiana Congressman Elwood H. (Bud) Hillis said that he was pleased with action taken by the House Veterans Affairs Committee which last week passed eight major authorization bills designed to assist veterans.

In answer to growing concerns among veterans' organizations about the level of medical care in Veterans Administration (VA) hospitals, the committee approved legislation requiring the VA administrator to maintain at least 100,000 hospital and nursing home beds.

"For the past ten years Congress has expanded the eligibility for care and treatment in VA hospitals," Hillis commented. "Even so, constraints imposed by the Office of Management and Budget during this same time period has caused a reduction of almost 20,000 beds. This new legislation will ensure that adequate facilities exist in the VA medical care system to handle those veterans who are eligible and in need of medical care."

Other legislation reported by the Veterans Committee included a bill to expand the study of the herbicide, Agent Orange, to include other herbicides used in Vietnam and allow for certain Vietnam Veterans to be hospitalized for disabilities related to Agent Orange exposure. The committee also approved an extension of the Vietnam Veterans Readjustment program as well as a bill to establish a VA small business loan program for disabled veterans.

"All of these programs represent cost-effective ways for our government to meet its obligation to America's veterans," Hillis said.

What you put off today  
you'll probably put off  
again.

## Morels and more ...

by Joe Schedler

The day is warm and sunny. Last night's rainfall accents the odors of the woodland and softens the footsteps of my wife and I as we walk across the rich forest floor. The spring woodland flashes and calls with life as an array of songbirds go about their tasks. Though tempted elsewhere, our attention is focused downward, and our eyes strain in hopes of finding the plump head of a morel mushroom.

Our quest for the delectable sponge is shared by thousands of hoosiers. I've seen more cars parked along roadsides in the past few weeks than in any other time of year, and glancing between the trees I've sometimes seen the figure of a bent-necked mortal with paper bag in hand.

In the opinion of many of us, morels are well worth the time and effort it takes to find them. Their flavor is unique and most satisfying, and the mystery surrounding their life cycle adds a dimension of challenge and intrigue.

But there is another advantage to hunting morels which is very simple. The presence of these fungi draws us to the hinterlands, and though our attention may be toward the forest floor, we take in much more than rotting leaves and snails.

On this day a sudden flush of a female cardinal leads us to discovering her nest, nearly predator proof, among a thick mass of honey locust thorns. We also flush a whip-poor-will from its daytime ground roost and watch a crow flap from its nest located surprisingly close to the ground.

We notice more undergrowth and a greater variety of wildlife in the woodland not grazed by livestock. We hear and see the red-headed woodpecker drilling into the old elm snag. We watch as the squirrel scampers to his retreat in the hollow beech and the cottontail leaps from his hideaway in the brushy woodland edge.

We begin to better understand and appreciate the needs of our wildlife. We recognize the areas

they prefer to inhabit and ponder how we might improve or maintain these areas.

The morel is the lure which draws us to the woodlands, but once there we find a craving for much more than a fungi.

### Jolly Janes Club plan for festival

Sixteen members of the Jolly Janes met May 11, at the home of Joanne Welch with Mary Hammer serving as co-hostess.

Most of the business session, which was conducted by the Vice-President, Alice Hardesty, concerned our two projects for the Mentone Egg Festival. There will be three age groups in the egg throwing contest, with two prizes awarded to the winners of each group. The prizes will be printed T-Shirts, same as last year. For the egg coloring contest, there will be five different age groups

**HOROSCOPE**

Week of May 24, 1981

**GEMINI** -- Those born under this sign love everyone. They are usually very well liked by their peers, although conformity is not an important word in their vocabulary. Lucky day is Friday, lucky number is 2 and best color is blue.

**GEMINI** -- May 21 to June 20--Write letters to those you need to communicate with who live at a distance. Make travel plans. New and exciting events should be forthcoming.

**CANCER** -- June 21 to July 22--Calculated risks could set off a chain of favorable reactions. This week should be fine for business transactions.

**LEO** -- July 23 to Aug. 22--Complacency could keep you from receiving the promotion you are in line for. Exert more effort, letting those about you be aware of your leadership ability.

**VIRGO** -- Aug. 23 to Sept. 22--Chances are great that you will have to contend with one or more persons who seem completely ignorant. Be patient. The situation is not one worth losing your temper over.

**LIBRA** -- Sept. 23 to Oct. 22--Letters come from afar. An ideal week for conferences, signing important papers and meeting with friends.

**SCORPIO** -- Oct. 23 to Nov. 22--Be patient. The good news you are awaiting should come to you very soon. Stay mentally alert.

**SAGITTARIUS** -- Nov. 23 to Dec. 21--You have kept your nose to the grindstone long enough. Make plans to get out this week and enjoy yourself.

**CAPRICORN** -- Dec. 22 to Jan. 19--Parents and children should take time this week to engage in recreation and sightseeing. A weekend picnic will prove fun.

**AQUARIUS** -- Jan. 20 to Feb. 18--Be kind to those who are not blessed with as much intelligence as yours. You might be surprised how much you can learn from them.

**PISCES** -- Feb. 19 to March 20--If possible get in the swing of things in your community by becoming active in an organization such as your chamber of commerce.

**ARIES** -- March 21 to April 20--Put your enthusiasm to work by pushing pet projects in civic, social or welfare groups. Talking with friends will be enjoyable. Watch that you don't distort the truth.

**TAURUS** -- April 21 to May 20--Make an effort to show a little more enthusiasm during the morning hours this week. By so doing you should find your financial affairs begin to improve.

## Mentone notes...

The monthly meeting of the Bell Memorial Public Library Board of Trustees will be held at 7 p.m. on Tuesday, May 26, instead of the usual last Monday of the month.

Mrs. Pear (Lackey) Egoft, former librarian of Bell Memorial Library, has recently moved to Arizona. Her new address is 2821 W. 5th Ave., Apache Jct., Arizona 85220.

Mr. and Mrs. Darrell King, Mentone, recently attended an awards banquet at Bluffton College in Ohio where their son, Herb, received a varsity football letter for his achievements for this past year.

## Burket to decide Centennial date

The Burket Town Board is considering plans for the celebration of its 100th anniversary as a town, but as of yet no date has been decided for the event.

Burket was platted in the spring of 1882 and its name was officially changed to Burket in September of that year. The town was named after Elias Burket after originally having been called Bellview.

There was talk of holding the celebration in February in honor of Elias Burket's birthday, but it was decided the weather would be too much of a problem. Another option has been holding it in conjunction with Burket Days in August.

Clerk-treasurer Suzanna Kuhn is doing the research on Burket's history and has also been doing background work on her family history.

Mrs. Kuhn will be attending two meetings this week, the first one at 9 a.m. Wednesday in the clerk's office of the Kosciusko County Courthouse for an instructional session on how to prepare budgets. Bill Adding, from the State Board of Tax Commissioners will be speaking to clerk-treasurers and answering any questions from them.

The other meeting is an all-day session Thursday at the Warsaw Holiday Inn on City and Town Budget Preparation.

Town trustees approved an appropriation for spending federal revenue sharing money. The town has received \$3,200 and is required to spend one-half of the funds this year.

A board member will be obtaining different prices on electric doors for the fire station. The town will use Cumulative Capital Improvement money for the project.

Present were president Matt Shafer and Bill Griffiths. David Kuhn was unable to attend. The next meeting is scheduled for Monday, June 8, at 7 p.m. at the civic center.

## What's NIPSCO Doing About Efficiency And Productivity?

At our Gas Dispatching center in East Chicago, we are working to increase productivity. Ken Miller, superintendent of gas dispatching, tells how...

"Every day we receive about 900 million cubic feet of natural gas from five pipeline suppliers, and our gas dispatchers have to distribute this gas to customers or place it in storage—depending on customer demand at the time—and do it as efficiently as we can.

"Right now, we're in the process of conducting a computer study

to furnish information necessary for proper system management. With gas supply so dependent on the weather, and contracts becoming more complex, we must have the flexibility to make critical judgments instantaneously so that our gas supply is distributed efficiently and effectively. We want to keep costs down—ours and yours!"

Computerized dispatching—one more way we are increasing productivity and efficiency while assuring dependable service.

## It Happened in Mentone

Taken from the Northern Indiana Co-op News, May 24, 1950.  
31 YEARS AGO:

Rev. R. C. Plank, former minister of the Warsaw Methodist Church, gave the commencement address for the 33 members of the 1950 Mentone graduates at the Baptist Church. Forst Dunnuck and Floyd Dorsey had the honor of being valedictorian and salutatorian, respectively.

Mrs. Kenneth (Wanda) Simcoe is opening a beauty parlor at their home on Friday, May 26.

Mr. and Mrs. Byron Nellans and children spent several days visiting relatives in Cromwell and Rome City and Sturgis, Michigan. While in Sturgis, Barney called upon an old friend, Carl Blanchard, who worked with him at Burns Bakery years ago.

Mr. and Mrs. Robert Elam, of Decatur, Ill., spent Wednesday and were overnight guests at the Barney Nellans home. Barney and Bob were in the Navy together for 3 years.

Miss Wreatha McFarren will be a member of the 1950 class which will graduate from Manchester college next Monday.

The Clayton Clutter property has been sold to Mr. and Mrs. John Laird, who will move in from their farm about the middle of June.

Mr. and Mrs. Robert Nottingham and family have moved into the Charles Manwaring property, which they purchased recently.

Other moves include Mr. and Mrs. Denton Abbey who are located in their new home just east of Mentone.

Mr. and Mrs. James Rodibaugh, who were living in the Manwaring property, are now in the apartment in the Simcoe property.

Taken from the Northern Indiana Co-op News, May 25, 1938.  
43 YEARS AGO:

Mr. and Mrs. Carl Bowser of

Piercetown, are the parents of a seven and one pound son, Carl Ray, born late Monday night at the Crissy home in Piercetown. The mother was formerly Louise VanCuren, of near Piercetown. The grandparents are Mr. and Mrs. Ed Bowser and Mr. and Mrs. Homer VanCuren.

A group of Mentone citizens routed two newly-married Mentone couples out of their homes late Friday night, perched then atop the antiquated fire engine which was in use in Mentone many years ago, and took them on a wild ride to Warsaw. The fire engine, followed by a procession of cars nearly a mile long created quite a disturbance and attracted a lot of attention from here to Warsaw. The two couples who were feted were Mr. and Mrs. Walter Fenstermaker, Mentone school teachers, and Town Marshall, Frank Warren and his bride of one month.

The Misses Rosalind Mentzer and Janice Dyer of Dowagiac, Michigan; Annabel Mentzer of Mentone and Margaret Mentzer of Indianapolis, spent the weekend visiting places of interest in the southern part of the state.

Mrs. Walter Fenstermaker was the guest of honor at a shower given at the home of Mrs. Leroy Norris on Thursday afternoon, May 19. During the afternoon the guests hemmed towels which were then given to the honored guest. They also gave her their favorite recipes and much worthwhile advice for a happy married life. Many beautiful gifts were presented to Mrs. Fenstermaker by Mrs. Jay Swick, Mrs. George Deamer, Mrs. Frank D. Meredith, Mrs. Russel Eber, Mrs. John Bowman, Miss Berneice Bowen, Miss Lola Mollenhour, Miss Mary Mollenhour, Miss Frances Clark and the hostess.

## Psi Iota Xi meets at Utter home

The Beta Epsilon chapter of Psi Iota Xi met recently for their May business meeting with Anne Utter as hostess. Nineteen members were present.

Iris Anderson, chairman of the scholarship committee reported that Beth Fugate will receive the scholarship from our chapter.

Peg Eaton reported that the geraniums would arrive on Friday, May 8th.

Judy Lafferty, chairman for our Egg Festival projects, asked for suggestions and volunteers to serve on the committee. Penny Jones and Phyllis Risner will assist her.

The sorority voted to make the cole slaw for the benefit fish fry for the Eagle baby. Mary Utter will head the committee.

Peg Eaton and Diana Hoyt will be our delegates to National Convention in June at Decatur, Illinois. Doris Ross reported on the state meeting held April 25. After the meeting, Peg Eaton installed the new officers for 1981-82.

Penny Jones and Jo Nelson will be hostesses of the May social.

## 25th Anniversary

Mr. and Mrs. Harold D. Lynch of 1210 Three Rivers North, Fort Wayne, will celebrate their twenty-fifth anniversary, Sunday, May 24th.

Open house will be held for them at the home of Mr. and Mrs. Roy Bechtelheimer, Bouse Dr., Silver Lake, from 2 p.m. to 4 p.m. All friends and relatives of the couple are invited.

Harold Lynch and Alberta Nichols were married May 27, 1956, at the home of the groom's parents, Mr. and Mrs. Jesse F. Lynch by the Rev. Levi Hill.

They are the parents of four daughters, Mrs. Lana Schoemann and Mrs. Karen Barber of Elkhart; Mrs. Judy Sims of South Whitley; Mrs. Beverly Willis of Woodburn, and one son, Dale, of Warsaw. They also have eight grandchildren.

Mr. Lynch is retired from Standco Industries of Houston, Texas.

## Valley and Warsaw battle for second

Logansport "ran-away" with the team competition at the Rocheater girls track sectional last week, but the action between Valley and Warsaw provided the excitement for the event.

Warsaw's Tigers finally edged Valley 46 1/2 to 44 to win second place. Logansport Berries won the meet with 86 points.

Valley qualified Joan Laughlin for regional action in both hurdles and 200 meter run and Andrea Scott qualified for the regionals by running second in the 1600 meter.

Laughlin was 5th in long jump; 800 meter relay team placed 3rd; 400 meter relay team placed 4th; Carleen Clappitt ran 5th in the 400 meter dash; Scott was 5th in the 800 meter run; Valley's 1600 meter relay team was 2nd.

## Area farmers to be asked about '81 acreages and livestock

A nationwide survey to determine 1981 crop acreages and livestock numbers will include contacts with Indiana farmers, the Indiana Crop and Livestock Reporting Service announced today.

Hugh Wildermuth of Akron, representing the Service, will be contacting Fulton and Kosciusko County producers in late May and early June for information about acreages actually planted or to be planted for 1981 and the number of livestock on hand. All information will be kept confidential and used only in developing official State and National estimates.

Mr. Wildermuth said that farmer cooperation is necessary in order to develop reliable estimates, noting that the uncertainties caused by soaring interest rates, farm production costs and international market situations make it more important than ever to have dependable data for decision making.

The report on spring planted acres will be available to farmers on June 29, followed on July 10 with estimates of yield and production for most crops. Hog and pig numbers will be reported June 22 and cattle numbers on July 27.

## Criminal

Roger Allen Gaines was found guilty of conspiracy to commit theft, fined \$150 plus costs and sentenced to a year in the Indiana Department of Corrections. The sentence was suspended and he was placed on probation for a year with the terms being that he report to the probation officer, his probation would be transferred to Marshall County, serve one week-end in the Fulton County Jail and waive his right to be free from search and seizure under the Fourth Amendment.

Darwin Rhoades was found guilty of conspiracy to commit theft, sentenced to a year in the Indiana Department of Corrections and ordered to pay the court costs. The court rejected a plea

bargain agreement and suspended the sentence. He was placed on probation and ordered to report to the probation officer, report to the Fulton County Jail on May 18 to serve 30 days and his probation will be transferred to Marshall County. Since the court rejected the plea bargain agreement, Rhoades has until Monday, May 18, to withdraw his plea of guilty.

The court rejected plea bargain agreements submitted for Michael D. Hammel, Rt. 7, Rochester, and James M. Downs, Rt. 7, Rochester. Both were then found guilty of possession of marijuana, sentenced to a year in the Indiana Department of Corrections and fined \$100 plus court costs.

The sentences were suspended and they were placed on probation for a year with the terms being that they spend two weeks in the Fulton County Jail. Downs from May 25 to June 8 and Hammel from June 8 to June 22; serve 80 hours of employment without pay in community service work; report to the arresting officer all information which they may have concerning the source from which they obtained the marijuana.

Also submit to a polygraph or voice stress evaluation if necessary; submit to an counseling relative to drug rehabilitation; waive right to be free from search and seizure; pay the fine and costs by Sept. 1; provide willing and cooperative testimony against each other; report to the probation officer, and obey the standard rules of probation.

Both have the right to withdraw their pleas before Friday as the court did reject the plea bargain agreements.

Donald E. Barnes, address not available, pleaded innocent of burglary of a dwelling. An omnibus hearing was set for 1:30 p.m. Tuesday, June 16. Barnes was released from Fulton County Jail on his own recognizance with the terms that he reside in his home in Miami County and report to the court for the hearing on June 16.

Karl Richard Smith, Mentone, was found guilty of conversion by a plea bargain agreement. He was fined \$1 plus costs and sentenced to a year in the Indiana Department of Corrections. The suspension was withheld and he was placed on probation for a year with the terms being that he obey the standard rules of probation, serve a total of 60 additional days in the Fulton County Jail and

make restitution to the victim Donna Rans, in the amount of \$80.

## Beaver Dam News

by Ruth Heighway

The Builders Class of the Beaver Dam Church will be sponsoring a homemade ice cream social, Saturday, May 30th, from 4:30 to 7:30 p.m. Homemade ice cream, sandwiches, cake and drink will be the menu and you "can eat your fill, and pay as you will."

A Mother's Day dinner was enjoyed at the Bob Heighway home on Saturday. Guests were: the Con Shewmans and Jennifer; the Ned Heighways and daughters; and the Ron Shewmans. It also celebrated the 22nd wedding anniversary of Mr. and Mrs. Con Shewman.

Mr. and Mrs. Jack Severns were Sunday dinner guests of Mr. and Mrs. Ned Heighway and daughters.

Wilvin Teel found a balloon revealed that it had been sent by a student of Prairie School at Naperville, Illinois, stating that the school was celebrating its "Seagie-Centennial (1831-1981), or its 150th year." It had been sent out the same day Wilvin found it, and they remembered it was a very windy day. They were asked to return the card attached to the balloon. These balloons can be very interesting when found.

Mr. and Mrs. Bob Heighway, Mr. and Mrs. Con Shewman, Jennifer, and Mr. and Mrs. Ron Shewman, spent Sunday evening in South Bend, and called on an aunt who is a patient at St. Joe Hospital, with a broken hip.

Sunday morning at the close of the Sunday School hour, the church had a short program in honor of Mother's Day. Music and a reading was given by Louis Goodwin. Flowers were given to special mothers. Frankie Spittler, oldest mother; Alice Balmer, most children present; Paula Arbuckle, youngest mother; and Judy youngest grandmother. Brian Scott, infant son of Mr. and Mrs. Wayne Balmer, was baptized at the close of church services.

Mrs. Frankie Spittler and Miss Angyetta Spittler were Sunday dinner guests of Mr. and Mrs. Glen Wagner, Warsaw, in honor of Mother's Day.

Mr. and Mrs. Dick Boganwright, Mr. and Mrs. Jim Miller, Mr. and Mrs. Emory Davis of Mentone, and Mr. and Mrs. Harley Boganwright, Palestine, spent the weekend with Mr. and Mrs. Donald Boganwright at Manistee, Michigan.

Mr. and Mrs. Bob Heighway spent a few days with their daughter, Mr. and Mrs. Larry Wilson and family of Montgomery, Indiana.

Sherry Smalley and Sherri Shewman visited Sally Leininger who is a patient at the Wabash County Hospital, Wednesday afternoon.

In honor of Mother's Day, Mr. and Mrs. Mitch Tucker entertained at supper, Sunday, Mr. and Mrs. Don Smalley, Mr. and Mrs. Albert Tucker and Mr. and Mrs. Dave McGuire and family, Warsaw.

Darcy Gingle spent Thursday with Mrs. Mitch Tucker and Matt. The Builders Class of the church had a class party Tuesday evening at the church, when they cleaned up the shrubs; and planted flowers. They ended the evening with a carry-in supper. Hostesses for the party were the officers of the class. Bill Balmer, president; Cara Lynn Tucker, vice-president; Janice Feldman, Secretary; Judy Haney, assistant secretary; Judy Cumberland, treasurer and Sherry Smalley, assistant treasurer.

Mr. and Mrs. Maurice Haney entertained for their mothers at a dinner on Sunday noon. Present were Mr. and Mrs. Fred Haney, Sr.; Mrs. Lena Clinker, Wilma Clinker, Mr. and Mrs. Kevin Haney and Orville, and Kathy and Keith Haney.

Mr. and Mrs. Don Smalley, Mr. and Mrs. Jay Swick and Mr. and Mrs. Dail Barber attended the Burket Alumni Banquet on Saturday evening, at the Shriner's Building at the Warsaw Fairgrounds.

Mrs. Don Smalley, Mrs. Mitch Tucker and Matt, Mrs. Louis Goodwin and Tony, Mrs. Tim Horn and Tiffany and Mrs. Gary

Smalley attended the Seward Home Ec. Mother's Day program at the Burket church on Wednesday.

Mr. and Mrs. Chuck Bucher and family of Fort Wayne spent Sunday evening with his parents, Mr. and Mrs. Ed Bucher.

Mr. and Mrs. Richard Moore, Coldwater, Michigan, were Thursday supper guests of Mr. and Mrs. Ed Bucher.

Miss Debby Heighway, Richmond, spent Thursday and Friday with her grandparents, Mr. and Mrs. Bob Heighway.

Mr. Steve Whittenberger and Nicole, Roanoke, spent the weekend with Mr. and Mrs. Dick Whittenberger.

Mr. and Mrs. Devon Tucker and Mr. and Mrs. Claude Hauptert were Friday supper guests of Mr. and Mrs. Eldon Cumberland. The evening was in honor of the birthdays of Mr. and Mrs. Claude Hauptert and Lura Cumberland.

Mr. and Mrs. Devon Tucker spent Sunday afternoon with Mr. and Mrs. Mike McFarland and family.

Mr. and Mrs. Devon Tucker and Mr. and Mrs. Claude Hauptert recently spent the weekend with their sister, Kathryn Adams at Middleton, Ohio.

## Bible School dates set at Akron Church of God

Utilizing the regular Sunday School and Children's Church staff, the Akron Church of God will have vacation bible school on Sunday mornings, May 31 through July 5 from 9:30 to 11:30 a.m. Judith Hill is serving as co-ordinator with Annette Wildermuth, chairman of the Board of Christian Education.

Church buses will pick the students up as usual, returning them home after worship. The five-Sunday program will be concluded on July 5 with a short music and worship service. Sunday School principals, Velma Bright, Kent French and Rose Kindig are being assisted by Children's Church team leaders, Freda Ault, Diane Wildermuth, Velma Bright and Judith Hill.

Bible Explorers, the Thursday evening Bible Study program for youngsters headed by Carol Ellenwood, will continue their usual schedule during June.

## W.P.C. assess need for nursery school

The Women for Progress Club is interested in assessing the need in the Akron community for a nursery school. This information is necessary in order to determine such factors as the size of the facility, number of teachers needed, amount and types of materials, etc.

This is not a request for registration but an assessment of how many parents are interested in sending their four year old children to a nursery school approximately three mornings a week or their three year old children two mornings a week.

The school would probably follow the public school schedule and would emphasize pre-school readiness skills.

If you are interested in having your child attend a nursery school in the fall of 1981, please fill out the following form or simply call Pam McFarland, 893-7049, a Women for Progress member.

The Reverend Cramer graduated from Plymouth High School and went on to receive a Bachelors of Arts degree from Huntington College and Master of Divinity at the United Theological Seminary at Dayton, Ohio.

## Betty Stutzman installed as Women's Club president

Akron Women's Club enjoyed their annual May luncheon Thursday in the public library basement. Maxine Conrad, Lorraine Whittenberger, Elizabeth Gray and Ruth Bammerlin were hostesses. Guests were Evelyn Harsh, Ann Mizgalski, and Patty Mims. Club president, Betty Stutzman, offered devotions. Piano selections were played by Jennifer Shewman and Brenda Anbur.

Grace Waechter conducted the installation of officers: Mrs. Stutzman, president; Mary Eryman, Vice President; Joanna Van Scoy, Treasurer; and Violet Gagnon, Secretary. During the business session donations were voted to the Akron Park and the Office Educational Association. Sherry Shewman thanked the members for helping with the Daffodils for Cancer and the April 22 reception honoring TVS Girl's

State representatives and alternates. The club is sponsoring Sara Baker to Girl's State this summer with Jill Fites as alternate.

Mrs. Harsh and Mrs. Mizgalski shared with the club about their Altar and Rosary Society activities at St. Joseph Church, Rochester. Mentioning specific projects and work of church women were Helma Kuh, Rozella Tinkey, Sherry Shewman, Maxine Conrad, Juanita Boswell and Judith Hill. Mrs. Hill read from Matt. 20 and Mark 12 and closed with an excerpt from the May, 1981 Reader's Digest, "Why I Go To Church."

Mrs. Stutzman was presented a gift from the club for her year of service and she presented gifts to her officers, Mrs. Hill, Mrs. Shewman and Edith Sheetz.

## Two new events added to "Silver Lake Days" festival

Two new events have been added to this year's Silver Lake Days Festival.

Area residents will be given the opportunity to participate in the First Tug-O-War Contest and the First Amateur Talent Show this year, according to Martin J. Carr and William Kneller, co-chairman of the festival. The Silver Lake Days Festival will be held June 10-14.

The Tug-O-War Contest will be held at 2 p.m. Saturday, June 13 north of the tennis courts in Silver Lake. Weigh-in of the team will be held from noon to 1 p.m. on that day. A waiver sheet and a \$10 entry fee must be signed and paid during the weigh-in.

The following rules have been adopted for the Tug-O-War: no spikes or cleats; gloves will be allowed; no adhesive or stick-em shall be used on hands or gloves; no tape shall be allowed on the rope; a five-minute stall time will be allowed but a restart must then occur immediately; maximum weight of the team will be 1,300 pounds; and each team must have at least one female. Any additional rules shall be announced by the officials prior to the pull. The first place winners will be awarded \$100.

Additional information can be obtained by contacting Phil

Shalley at 352-2650; Dan Kerlin at 352-2666; or Ray Clark at 352-2772.

Cash prizes will be awarded to winners of the amateur talent show, which is scheduled to be held at 8 p.m. Thursday, June 11 at the Silver Lake School. The first place winner will receive \$50, the second place winner will be awarded \$25, and third place is \$10. Ribbons will be presented to each participant. Emcee will be Bob Richmond.

Deadline to register for the talent show is June 1. Additional information can be obtained by contacting Mrs. Pat Spratt, North Jefferson St., Silver Lake, Ind., 46982, at 352-2828; or Mrs. Shirley Russell, Rt. 1, Box 166, Silver Lake, at 352-2891.

### COST TO RISE

Japan's willingness to reduce its auto shipments to the United States will cost the American small car buyer an extra \$200 to \$400—not just for an import, but for a domestic make as well, government and industry experts predicted recently.

## Shriver-Fields vows spoken

The marriage ceremony united Miss Brenda Jo Shriver of Warsaw and Kelly Joe Fields of Waraw was held Saturday, May 9, 1981 at 7:30 p.m. at the Akron Church of God.

The double ring ceremony was performed by Rev. Harold Conrad of Anderson before an altar decorated with greenery and candlelight.

The bride's parents are Mr. and Mrs. Jack Shriver, Rt. 1, Silver Lake and the groom's parents are Mr. and Mrs. Edgar Fields of 424 S. Detroit St., Warsaw.

Soloist for the ceremony was Mr. Phillip Michaels, Akron, and music was provided by Mrs. James Mitterling of Akron. Then prayer before the ceremony was given by their great-grandfather, Ray Whitcraft.

The bride, given in marriage by her father, appeared in a gown made of woven qiana over-laid with twinkle. Sheer sleeves were gathered to lace covered cuffs with covered buttons, and the gown had a contoured high waistline dipping in back, covered buttons completed the back of the dress. The hemline was finished with a ruffled edge of lace and fell into a chapel train. The bodice featured a scoop neckline in front with high standing collar at the back, the bodice, along with the skirt, were trimmed with hand cut appliques of Chantilly lace with seed pearl trim. She carried a bridal bouquet of roses, rose buds, Queen Anne's lace, lavender, love-in-a-mist and forget-me-nots.

The bride was attended by Miss Della Mongosa, Macy, a friend, who appeared in a floor length gown made of aqua crystal platta. The bodice of the gown was finished at the top edge with attached self-shoulder straps. It had an elasticized waistline and was covered with a loose fitting jacket, knotted at their waist. The jacket had extended armholes with shoulder slits, both gown and jacket were decorated with top stitching. She carried a long stemmed white rose, dipped in aqua and a lighted aqua candle. The bridesmaids, appearing in gowns matching the maid of honors and carrying matching flowers, were Mrs. Greg Kindig, Akron, and Miss Julie Whitaker, Peru, both friends of the bride, and Mrs. Dan Platt of Yoder, Indiana, the groom's sister.

The flower girl, Jacquelyn Jean Shriver of Akron, niece of the bride, appeared in a long aqua dress with long sleeves and neckline edged in white trim. Aqua rose print on white made the long pinafore, which had a gathered skirt and waistband extending into ties. Ringbearer was Damien Lee Shriver, nephew of the bride.

The bride's gown, maid of honor's gown, bridesmaids and flowergirl's dresses, also the ringbearer's suit, were all made by the bride's mother, Norma Shriver.

The groom was attended by his best man and brother, Mr. Carl Fields, of Columbia City. Grooms-men were Chris Fields, Columbia City, nephew of the groom; Dan Platt, Yoder, Indiana, brother-in-law of the groom; Earl Fields, Warsaw, cousin. Ushers were Michael Shriver, Rochester and Rodney Shriver, Rangley, Co., brothers of the bride.

The guests were registered at

the church by Miss Jill Davis of Warsaw.

A reception for 350 guests followed the ceremony in the Fellowship Hall of the church. The three tiered cake was decorated with white icing and aqua roses. Serving at the reception were the bride's friends, Mrs. Steve Schipper, Mrs. James Savage and Mrs. John M. Gaerte, all of Macy, and the bride's aunt, Mrs. Cary Sloan.

The new Mrs. Fields is a 1977 graduate of North Miami High School and Upper Wabash School of Cosmetology and is employed as a beautician at Golden Girl Beauty Salon, Warsaw. Mr. Fields is a 1976 graduate of Warsaw High School and is employed as a polisher at Hand Industries, Warsaw. The couple is at home at Westhaven Estates, Rt. 5, Box 23, Warsaw, Indiana.

## A.H.S. Class of '46 held reunion at Wabash Holiday Inn

The 1946 graduating class of Akron high school 35th anniversary reunion was held on Saturday evening, May 9, at the Holiday Inn of Wabash with a buffet dinner for forty-three people. Don Fentermaker, who came the greatest distance from Pasadena, CA., emceed and cards and letters were read from classmates unable to attend, with much reminiscing on school day memories. Reports were read on the whereabouts of others, and on the work and families of those present. Orval Taylor, former classmate of near Pierceton, and Mrs. Taylor reported the most grandchildren of those present.

At the close of the evening, a moment of silent prayer was observed for deceased classmates, Bonnie Flohr Strevey, Dean Clouse and Mary Lou Singpiel Shelton.

Those attending were Wayne Groninger, Dick Day and Judy (Bidwell) Day; and with their spouses, Emerson Burns, Helen (Whittenberger) Hill, Harold

Hileman, Norman Moore and Lois (Gray) Woolley, all of Akron; Bob Saner, Bette (Smith) Little, Irene (Rhodes) Miller of Rochester; Peggy (Geiger) Herendeen and Betty (Flohr) Hunter of Wabash; Dale Bradway and Paul Shafer of Warsaw, Julie (Slaybaugh) Hoover, North Manchester; Bill Hammond, Angola; Inabelle (O'Connell) Traver, LaFountain; Pauline (Putman) Doll, Walkerton; Wilbur Mitschelen, Elkhart; Iva (Van Doren) Nelson, Silver Lake, and Don Fentermaker's guest, Bob Riggs of Waverly, MA., a cousin visiting him here.

### U.S. ARMS TALK PLANS

ROME - The North Atlantic Alliance closed one of the most divisive chapters in its history with a ringing endorsement of the Reagan administration's decision to start arms reduction talks with the Soviets by year's end. The Soviets were sharply critical of the NATO decision.

## State Dept. of Public Welfare announcement

Last year, after an authorized public competitive bidding process, I announced that the Medicaid Fiscal Agent Contract for the period beginning January 1, 1982, ending December 31, 1984, had been awarded to EDS Federal of Dallas, Texas. This was after the bids from several qualified organizations had been reviewed and evaluated.

Today, I am pleased to announce that EDS Federal and Blue Cross and Blue Shield of Indiana mutually have executed an agreement whereby EDS will remain the prime contractor, and the responsible party, but Blue Cross and Blue Shield will be contracting to do certain functions for them. The original bid price of EDS Federal will not be affected by this new arrangement.

EDS Federal, as the prime contractor serving the program, will perform all of the automated data processing functions, while Blue Cross and Blue Shield of Indiana as the sub-contractor to EDS Federal will perform certain non-data processing activities including auditing, liaison with the providers of health care services, and level of care reviews, for nursing home patients.

In order to minimize the impact of changing prime contractors, these organizations will enter a phase beginning July 1 whereby each will begin the transition into their new roles. This transition will be completed by January 1, 1982, the beginning of the new Fiscal Agent Contract.

I am pleased about the development of this cooperative relationship. Each organization has considerable expertise and experience. EDS Federal has been involved in the Medicaid program in eighteen (18) states and is currently responsible for the Medicaid Fiscal Agent functions in thirteen (13) states.

Blue Cross and Blue Shield of Indiana, headquartered here in Indianapolis, have over 35 years experience and currently serve the health insurance needs of over two million Hoosiers.

I believe this unique, first of its kind, relationship will benefit all of the citizens of Indiana.

## Programs offered at Bowen Center

The following programs will be presented at the Bowen Center in Warsaw. Please pre-register by calling 267-7169 or toll free 1-800-552-2545, ext. 283.

## Word of the Week

hircline [hur-sin]

If you hear that something is "hircline," that should tell you that something is offensive. REALLY OFFENSIVE!!

hircline (adj) - goatlike, especially in smell; lewd.

## Increase in gas tax to pave more highways in Indiana

INDIANAPOLIS—Revenue from the recent increase in the state's gasoline tax, a bill just signed into law by Governor Robert D. Orr, will permit the State Highway Commission to resurface about 200 miles more of highway than originally had been possible for this coming summer, according to Commission Chairman Donald C. Pratt.

Pratt says that Highway will put all of the new money from the tax increase into resurfacing and plans to use about half of the \$22.5 million in new revenue this summer and the other half in next spring's resurfacing program.

He says that approval for the additional resurface work for this summer will be requested at the Commission's May 21 meeting

May 20, 1981 - THE AKRON-MENTONE NEWS

and contracts for the 34 additional jobs are scheduled to receive bids on July 21.

Highway had planned to resurface 304 miles this summer, Pratt notes, but the new revenue will now permit an additional 211 miles, for a total of 515 miles this year. That is about half of what experts recommend should be resurfaced each year, Pratt explains, and he adds, it is additional monies from the tax increase which will make it possible to do at least half of the prescribed total.

Original budget for this summer's resurface work was \$18.7 million and, with the addition of the \$11.5 million in new money, that total will be \$30.3 million for this year's work. The new money includes the revenue from the gas tax increase of 8.5 cents to 10.5 cents, effective June 1, and another \$2.5 million new from the increased truck weight bill passed by the Legislature this session.

Cynthia plans to attend Indiana University at Bloomington next fall. Her major will be Business where she will focus on Personnel and Management.

## Students make American Flag

The third grade students of Mrs. Ruppel's class have been constructing a large flag out of material, and each student took a part in hand sewing it.

As they sewed they studied the 50 states. This was a long process, lasting nearly 5 months.

Today they have a large American flag 68 inches by 94 inches in size to show for all their work.

Each of the students agree that each time they hear the national anthem, or see a flag, their minds

wander back to all the memories of sewing the large flag. One student, Billy Smith, stated that he'd think of all the times Betsy Ross must have been stuck while sewing.

Pictured (not in order): Joe Ash, Tina Ousley, Aletha Cox, Matt Smith, Tricia Tilden, Jenny Doud, Katie Ramsey, Bryan Stephen, Wendy Utter, Lori Baker, Amy Swick, Heather Heighway, Barb Burdge, Golden Williams, Billy Smith, Melissa Plummer, Becki Homan, Tom Saner, Johnny Williams. Not pictured were Corey Bowman, Danelle Weaver, Danny Brower.

## New Books at Akron Carnegie Public Library

PARENTING WITH LOVE AND LIMITS by Bruce Narramore. This book is a must reading for Christian parents, for those who minister to Christian parents, and for students who have classes on the family and practical theology.

EMOTIONS, CAN YOU TRUST THEM? by Dr. James Dobson. The author explores important emotions that play a powerful role in each of our lives.

THE HIDDEN TARGET by Helen MacInnes. This novel is romantic, toughminded, spellbinding; a novel to open with anticipation and to close with cheers.

WITNESSES by Marcy Moran Heidish. Set in the Massachusetts Bay Colony in the 1630's we witness the hard and violent battle waged by the Old World Elizabethan, with their fearsome God, against the New World's open and compassionate teachers - exemplified by Anne Hutchinson, who, Quakerlike in their endurance and strength, embodied the true light of the new

age. MINNIE PEARL, AN AUTOBIOGRAPHY by Minnie Pearl. With anecdotes from both personal and professional life, Minnie Pearl shares such experiences as her earliest and most embarrassing comedy routine. Her reminiscences sparkle with laughter and vitality and capture the personalities, the moods and the events of the innocent days of country-style entertainment.

GOODBYE, DARKNESS, A MEMOIR OF THE PACIFIC WAR by William Manchester. A remarkable memoir of World War 2 in the Pacific, of what it looked like, sounded like, smelled like,

and most of all, what it felt like, by one who underwent all but the ultimate of its experiences. HOW TO SURVIVE A TAX AUDIT by Mary L. Sproule. What to do before and after you hear from the IRS.

## Mini 4-H projects for younger child for summer activity

Children are counting the days left in the school year. For them summer is the time when they can stay up later, in order to fill the day with activities that they enjoy doing.

Many parents find that those activities are soon not holding the child's interest. Facing the rest of the summer keeping children busy is a challenge for parents. This year consider enrolling your 7, 8, 9 year old child in Mini-4-H.

Mini-4-H is a learn-by-doing activity designed for 7, 8 & 9 year old boys and girls who live in Fulton County. This is a preparatory activity for 4-H and provides a good experience with 4-H at an early age.

From the projects listed, help the child choose 1 or 2 projects to exhibit at the Fulton County 4-H Fair on Monday, July 20, 9 a.m. to 12 p.m. For each project the child will receive special mini-4-H ribbon. Clip the form below and return it completed to the Extension Office, Courthouse, Rochester to enroll your child. The booklets will be sent to your home.

**Model Kits** - You can pick out any model (car, boat, etc) and finish it as best you can for exhibit.

**Foods** - Learn how to make no-bake cookies. Exhibit 6 cookies on a paper plate at the county fair.

**Arts & Crafts** - Express yourself by being creative. Exhibit a picture or banner or other art or craft you have made.

**Wildlife** - Learn about animals around you; what they look like and what they eat. Exhibit a small poster at the County Fair.

**Sewing** - Learn to use the sewing machine. Make a place mat or laundry bag for exhibit.

**Flowers** - Learn about flowers and how to care for them. Exhibit them at the county fair.

**Forestry** - Learn about trees in your back yard; collect leaves and press them, make a simple poster.

Yes, I want to join Mini-4-H!

## Cleaning carpets?

Even with frequent vacuuming and occasional stain removal, every carpet needs a thorough cleaning, in time. Cleaning your own carpet can be convenient, relatively inexpensive, and gratifying if done properly. Renting or purchasing carpet cleaning machines and products is only half of the job. The use of the equipment is the other half. Follow directions and be prepared to devote time and energy to the project. Carpet cleaning products are not magical. They are based on simple soil removal principles and processes. Some cleaners can leave a residue, however, and residues cause the carpet to soil faster. Check for residue by diluting the cleaner according to package directions, then putting a half cup of solution into a pie plate and letting it evaporate. If a sticky residue remains, consider using another cleaning product. A homemade solution can be made

by mixing one teaspoon of neutral or alkaline detergent per 2 cups of moderately soft, warm water. Not all laundry or dishwashing detergents can be used because they may contain bleaches or other harmful ingredients. It is best to use carpet shampoos. Follow these precautions when cleaning your carpet: (1) follow the instructions for both the cleaner and machine; (2) test the cleaning solution in a hidden area to check its reaction on the carpet; (3) place folded waxed paper or aluminum foil under furniture legs to protect the carpet from stains; (4) avoid saturating the carpet (excess water can cause shrinkage, streaks or mildew).

## Friendly Neighbors

The Friendly Neighbors Home Demonstration Club met with Fern Besson for their May meeting by opening with singing America the Beautiful, pledging allegiance to the flag and reciting the creed. Virginia Peterson read an article on "Spring" and a poem, "A Mom," for devotions.

Fern Besson read an article, "Sink or Swim," for health and safety remarks, and for cultural arts the article was "Dodger-town."

For citizenship, Maude Romine read an article on President William McKinley, and garden remarks by Alice Brugh were tips on planting potatoes.

Roll call was answered on "what is your special talent?"

Secretary and treasurer's reports were read and approved. Frances Olson gave an interesting lesson on "Foods in the Future."

The meeting closed with club collect and prayer song. The hostess served delicious refreshments to nine members and one guest.

"These are the times of our lives."

## 142 graduates at T.V.H.S.

One hundred forty two seniors completed their formal education and received diplomas Sunday at the 7th annual commencement exercises in the high school gymnasium.

The two top students, valedictorian Diane Hathaway and salutatorian Charles Sheetz, delivered their commencement addresses.

Principal Robert Meyers presented the class of 1981 to the audience and superintendent Baxter Paige, presented the graduates with their diplomas.

The Senior Choir with director Dale Pace gave a musical presentation of "Times of Our Lives." Contributors of Bibles were recognized by Rev. Don Poyser of the Burket United Methodist Church. Rev. Lee Stubblefield, minister of the

Omega Church gave the invocation and Rev. Buel Meadows, minister of the Talma Bible Church, gave the benediction.

The Tippecanoe High School Band, with director Kevin Campbell, provided "Pomp and Circumstance" for the processional and "Ceremonial Recessional" for the recessional music.

Senior Class sponsors were Mrs. June Graham and Mr. Wayne Cumberland. The class flower was the yellow rose and the class motto was "These Are The Times of our Lives."

Class officers were Charles Sheetz, president; June Ferguson, vice president; Tami Walgamuth, vice president; Sherri Clark, secretary; Jenny Leininger, treasurer.

## Town announces Clean-Up Days

During the Akron Town Board meeting this week, the trustees took care of some old business, and discussed the extension of Walnut Street at the West end of town. After informing Larry Howard as to the cost of the project, he decided to do the work on the street himself. The town already has a one inch water line that extends along the line of the street and runs west to the lift station, so only installing a 6" sewer line remains for the town to complete. Mr. Howard will be building apartments on the north side of the proposed extension.

Ron Fenimore read a letter from a local businessman, asking the town to repair two streets adjacent to his business. Board members will investigate the streets in question and necessary repairs will be made.

Board member Charles Miller, stated he will attend the school for waste water disposal in Fort Wayne next month. The school is given by the Indiana State Board of Health.

In other business, the board discussed the repair of the broken tile at the George Brown residence. Also some tile repair which the county should be notified about.

Reported the State Highway Department street sweeper is on call for Akron.

Ed Hauser asked if the State had been notified of the break down of the catch basin on Rochester Street at the center of town. He also suggested when they fix it, they should be notified about other sunken basins along the State road right-of-way.

The board discussed employee insurance and insurance for dependents. A letter has been written to Blue Cross, the town

insurance carrier, asking if it is possible for a dependent to continue their group insurance if the dependent pays the premium. No answer has been received as yet. Mr. Fenimore stated he did not believe the town should be obligated to carry insurance on anyone who has retired, resigned or on the dependents of former employees.

It was decided the town would, as a community service, furnish the water for the water fountain at the ball park. The fountain at the post office corner will not be turned on as it would cost too much to repair it.

The board decided to have town clean-up days Monday through Friday, June 1 - 5. Residents are asked to carry items they want hauled to the sidewalk at their regular trash pick up point. The town employees and some board members will help in the effort.

Town Clerk, Ernest Smith, announced he would attend the State Board of Tax Commissioners meeting on May 20th. This meeting is to explain the new revised budget forms for the 1982 budget. The tax meetings start in July for the estimated budgets.

Mr. Smith said the board has received the renewal of the N.P.D.E.S. permit. The permit allows the town to discharge water from the town lagoons into the Chippewanuck Creek. The permit is active until March 31, 1986.

A check on the cost of increasing the amount of life insurance by \$5,000 for the town employees is to be made, after the town received a letter from the insurance carrier saying they are eligible for the increase, but did not enclose the cost.

Buck Murphy asked, for the

police department, if there could be new, larger stop signs installed in the town, saying the present ones are too small to see. Some of the other signs need painted and repaired, or replaced.

The board would like to remind residents that the Akron Police Department is now located at 101 East Rochester Street, the front office of the new town hall.

The board also approved the minutes of the April meeting. Claims were approved and signed.

## "Good 'Ole Days" Theme for Akron's 4-H celebration

Using "Good Ole Days" as the theme for Akron's 4th of July parade could bring back some "good ole" memories.

The 4th Committee will welcome all types of entries to their parade bands, baton corps, floats, Shrine units, antique cars and machinery also novelty units. Travel expenses and first place trophies will be awarded to bands and drum and baton corps.

Cash prizes will be awarded to floats in three divisions: local,

out-of-town and kiddie floats. Cash prizes will also be awarded to novelty units, while commercial entries and color guard units will compete for first place trophies.

The line up on the 4th will begin at 9:30 a.m. on St. Rd. 19 at the south edge of Akron with the parade beginning at 11 a.m.

Cash prize and trophy winners may pick up their awards until 2 p.m. at the Akron School cafeteria.

## Egg Festival plans continue

This year's Egg Festival will be the place to be on June 4, 5, and 6 if you want to have lots of fun and begin the summer with a great weekend!

You've got a choice of entertainment for the first evening, Thursday, June 4th. If you are a baseball fan, plan to attend the Youth League baseball game at the Youth League Park for the start of their tournament, or if your game is basketball, you can watch the NLC and TRC All Stars battle on the Tippecanoe Valley court. Or . . . if you just want some fun, the Main Street will be filled with rides, booths, food stands and games.

Friday, June 5th will be another

fun filled day with rides, flea markets, concessions, etc., open all day on Main Street of Mentone. Lots of action in the evening beginning at 6 p.m. with the Youth League Tourney continuing and at 6:30 p.m. the Garden Tractor Pull begins. The beauty pageant with lots of contestants for "1981 Miss Kosciusko" will provide you with a great amount of beauty and fine entertainment from some of the loveliest young women in the area. The contest begins at 7 p.m. at the Tippecanoe Valley High School. If baseball, tractor pulls and beautiful girls can't keep you interested,

# School board puts "hold" on building projects

The Tippecanoe Valley School Board of Trustees put a "Hold" on the building projects which would have cost the corporation patrons over \$7 million, when they met in regular session on Monday, May 18 at the Tippecanoe Valley High School.

Most of the meeting was taken up by discussion on the building program for which the board took bids April 23rd, and heard the recommendation for building on May 5th at a special board meeting in which the construction manager and architect gave their recommendations.

Superintendent Paige cautioned the board, that if they should decide to go ahead with the projects, and were delayed in any way, the additional cost to the corporation would be in the six figure bracket. A delay to the building program once started would cost for a delay of 210 days, \$377,663; a delay of 248 days would cost \$516,333. These totals would be added onto the total of the building project costs.

The members of the board agreed to wait for the detailed financial report to be submitted by the school's financial consultant, Hershel Umbaugh, of J. H. Umbaugh and Associates of Plymouth. This report should show what it would cost to enter into a program costing \$7 million and what will happen to the corporation's tax rate at that time.

Trustee Richard Long said with the present tax rate, he doesn't think the corporation should think about doing the whole project, but should consider remodeling only the Akron School, the roof at Mentone School and only do the most needed of repairs. Noting that the projects proposed, need to be done, Long said, "I think you can try to do too much all at once." Mr. Norris' belief was that the bids were good, but with the state of the economy, we may have to do only what we can.

Mr. Norris also asked for an itemized breakdown on the cost of the food service equipment bids. Discussion was carried on about using an alternate bid for brick, in finishing the remodeling of the buildings.

During the audience participation Dr. Donald Van Gilder, a retired Mentone dentist and former school board member, read a letter in which patrons presented a petition on Nov. 17, 1980 with signatures opposing the building project. In the letter, patrons said they believe it is unwise to create \$17 million indebtedness, recommending the renovation on one school at a time, with limited new construction. They recommended that remodeling costs at Akron be held down to \$2 million, and \$1 million combined for the Mentone and Burket schools. They urged the entire program not exceed \$3 million, which would include all costs. After reading the letter, Dr. Van Gilder proceeded with a dissertation interspersed with varied statistics concerning his view of the corporation's financial picture and the proposed building projects.

School board trustee Don Snipes, asked Dr. Van Gilder if he recalled the cost estimates for repairing the schools when he (Van Gilder) was school board member, stating that if work had been done at that time, maybe it wouldn't need all the work now.

The board gave approval to Rick Ralston for the Adult Basic Education Program for next school year. He is to submit an application of next year's ABE proposal to the State, which is due June 15. Mr. Ralston stated that the program would be cut by about 20 percent from that of the previous year. He also stated that the cut would probably be in reduced day hours in the Burket day classes.

Ralston said the State aid last year amounted to \$17,605, the corporation furnished \$820, of the funding. This year the State funds, having been cut, the TVSC will receive \$10,377, from the state and TVSC will again fund \$820, of the program.

Mr. Paige recommended disapproval of the budget for the NCI Special Education Co-op program, until more information could be obtained concerning Federal and State funding for the programs. Last year the corporation paid \$24,145, and the budget for the next year calls for an increase to the corporation of \$15,091. The school board, acting on Mr. Paige's recommendation, decided to wait until a study is made, then act on the agreement at a later board meeting.

Reading a list of the parents, teachers and administrators who served on the Textbook Adoption Committee, Mr. Paige thanked them for all their time and effort, and praised them for the fine job they did while reviewing all the books submitted for adoption. Keith Wortinger, Chairman of the high school committee, then presented the list of books the committee recommended. He also thanked the parents and teachers for the fine job they did. The books adopted for use for the following six years for health and science are: General Science, Biology I, Physics, and Modern Health - all Holt Rinehart and Winston; Biology II - Addison-Wesley; Chemistry and 7th & 8th grade Science and Health - Merrill; First through Sixth Science - Heath; and First through Sixth Health - Scott Foresman. The board accepted the recommendations made by the textbook committee.

The board approved and signed supplemental contracts for the summer school program. Mr. Paige said some cuts had been made, especially in drivers education as a limit of 75 students had been recommended, the rest to be picked up during the school year. He said it may not be possible to offer any drivers education next summer unless the state funds some of the program.

The Summer Program will begin on June 1st. The teachers will be Kinney, Speech and Hearing; Shoemaker, Remedial Math; Teel, Remedial Reading and Math; Howard, Remedial Reading, Cumberland, DuBois, Henson, Igney, Parker, Phillips, Pratt and See will be the drivers education instructors.

Summer recreation program teachers will be Fletcher and Eaton, boys basketball; Charlie Smith, Jr. high football, along with Parker and See; Smith for weightlifting and gymnastics, Leininger and Carmichel for girls' basketball; Dave Kreiger, swimming; Pace, vocal music; and Metcalf, band, corps and instrumental music.

In other business, the board hired Mr. Kim Metcalf, presently with Pioneer High School as Director of Instrumental Music, to be the new band director at Tippecanoe Valley replacing Kevin Campbell. Mr. Metcalf, 23, of Royal Center, will begin teaching summer band classes at TVHS in June. He graduated with cum laude honors in 1979 from Ball State University with a Bachelor of Science degree in music education.

The board also accepted the resignation of Barbara Van Duvne, a Mentone elementary teacher and signed a GED for Martha (Kimberlin) Bruner, Rt. 1, Mentone.

They were presented with a request from the Akron Library for the board to appoint a representative to the Akron Library Board with the library suggesting Brett Boggs, a teacher at Akron

Schools. The recommendation was taken and Mr. Boggs will be replacing Elizabeth Grey as the representative for TVSB.

During another visitor's audience, the board heard a complaint from Norman Moore about the signs being taken from his truck which was in auto mechanics class for repairs. He said the signs were valued at \$58.24, and nothing had been done about the matter when he reported it. Con Shewman, president of the board, said the matter would be investigated and Mr. Moore would be notified.

During the principal's reports, Mr. Meyers, principal of the high school, thanked the board for their participation in the graduation exercises; announced the Spring Sports Banquet would be Tuesday evening; said final exams would be given on Thursday and Friday and Summer School would begin on June 1.

Mr. England of Burket School, announced Honor Day would be Friday from 12 noon until 2 p.m. and track and field day for grades 1 through 5.

Mr. Kramer of Akron School, said they would be having track and field day; that yearbooks would be on sale at the schools for \$3; Thursday at 2 p.m. they would have the Honor Program; Friday, the last day of school, the 8th grade boys would play the faculty in a softball game.

Mr. Fisher, Mentone School principal, said track and field day for grades 1 through 6 would be this week; Honor Program would be Friday for junior high and grade school; and the Student Council would show a film in the afternoon.

During the meeting, the board approved claims in the amount of \$72,074.76 and approved the May 5th payroll of \$93,041.19, also accepting the superintendent's financial report on the corporation bank balances and investments in the amount of \$748,646.77.

Have you gone fishing lately? Just don an old shirt and jeans, sit along a quiet body of water with the sun at your back and a fishing pole in your hands. After a long winter and a wet spring, it won't even be necessary to catch a fish to have a good day! The fleecy clouds lazily sailing across the sky, a leaf floating on the rippling water, red wing black birds flitting here and there with important family chores, a Cardinal singing from the top of a nearby evergreen tree and a soft breeze cooling the brow are all important ingredients to perfect fishing. One fisherman I once knew, spent an afternoon fishing without baiting the hook. When questioned about the lack of bait, he replied, "what'n spoil a perfectly good afternoon taking fish off the hook! No thanks." But most of us would like to catch an occasional bluegill, crappie, bass, perch or catfish; the bigger the better! Of course, the biggest one always gets away!

If you haven't recently treated yourself to a few hours of fishing or some other relaxing change of pace activity, it's about time you did.

If fishing is impossible today, try joining us at the Akron Lions Club for a nutritious meal and an interesting change of pace. There may even be a fish story or two!

The trip to Shipshewana planned for last week was postponed due to illness and the weather. It is hoped the trip can be a reality in the near future.

June will be bustin' out all over and the Akron Keen-Agers are going to spend it remembering.

## Mother-Daughter Night at Church of the Brethren

Mothers and Daughters Night was observed recently at the Akron Church of the Brethren, with over sixty mothers, daughters and guests attending.

Louise Miller gave grace before the salad supper was served. Edna Mae Shewman won the lucky lady prize.

Tamara Sriver and her daughters provided the program for the evening with songs, poems, and prayers pertaining to the various stages of life from baby to grandmother.

Awards of plants were presented to Ruby Dawson, oldest mother; Diane Gearhart, youngest mother and Amy Runkle, youngest daughter. Ruby Dawson favored the group with a reading, "A Picture of Mother." Betty Meredith closed the meeting with benediction.

Hostesses were Rozella Tinkey, Lana Bowser, Kay Brouette, Chris Silfies, and Tana Tinkey.

## Akron E.M.S. in-service

The Akron Unit of the Fulton County E.M.S. held their monthly meeting on May 5th at the ambulance garage. For the month of March, the unit made five ambulance calls.

Fifteen members and six guests were present for this month's in-service. Sgt. James Ewen of the Rochester Police Department gave a very interesting in-service over street drugs and their abuse.

Next month's meeting will be Tuesday, June 2, 1981 at 7 p.m. at the ambulance garage. The public is invited to join us at our meetings.

## Akron WCTU has White Ribbon

The Akron W.C.T.U. met Wednesday evening, May 20th, in the Library for their annual Mother's Tea.

The meeting was opened with group singing. Devotions were given by Mrs. John Gerig and Mrs. Paul Kindig-led in prayer.

State Poster Awards were presented to Mona Moore and Jackie Fites by Mrs. Paul Bowen.

A White Ribbon Recruit Service was conducted by Velma Bright. Ms. Ray Doering assisted with the service and Mrs. Sid DeVries was at the piano and sang a solo for the service. Those participating in the service were Mrs. Royce Allison and Kevin, Mrs. Mark Wildermuth and David, Mrs. John Gaerte, LeAnn and Mark, Mrs. Donald Greer, Aaron, Jennifer and Melissa; Mrs. Gary Smith and Angela; and Mrs. Phillip Michael and Millie.

The dismissal prayer was given by Mrs. Paul Bowen.

A lovely tea was served from a table decorated in keeping with the Spring Season by the hostesses Mrs. Paul Bowen, Mrs. Orville Ellis and Mrs. Ray Doering.

# What's NIPSCO Doing About Efficiency And Productivity?

At our Gas Dispatching center in East Chicago, we are working to increase productivity. Ken Miller, superintendent of gas dispatching, tells how...

"Every day we receive about 900 million cubic feet of natural gas from five pipeline suppliers, and our gas dispatchers have to distribute this gas to customers or place it in storage—depending on customer demand at the time—and do it as efficiently as we can.

"Right now, we're in the process of conducting a computer study

to furnish information necessary for proper system management. With gas supply so dependent on the weather, and contracts becoming more complex, we must have the flexibility to make critical judgments instantaneously so that our gas supply is distributed efficiently and effectively. We want to keep costs down—ours and yours!"

Computerized dispatching—one more way we are increasing productivity and efficiency while assuring dependable service.

## June, 1981

*A ship at sea--and a bride in June--  
Ivy and bittersweet in Fall--  
But the bride is the loveliest of all*

-Anne Mary Lawler

June brings us to the half-way point of 1981. By the end of the month, a fiscal year will have been completed.

June brings with it summer (the 21st), commencements, weddings, school vacations and beautiful weather. It is, perhaps, the most welcome of all the months. The days are longer than during any other month of the year.

The Allies landed in France on June 6, 1944, in World War II, the beginning of the end of the war in Europe.

June is not a month of birthday anniversaries for famous Americans, but it contains patriotic days. The anniversary of the Battle of Bunker Hill, fought on June 17, 1775, is observed in Boston.

The United States Government came into being in the month of June, 1788, when New Hampshire ratified the Constitution, the last article of which provided that, upon ratification by nine states, the Constitution would be activated.

Father's Day also falls in June (the 21st) as does the birthday of the first and only president of the Confederacy, Jefferson Davis, on the 3rd.

## U.S. Cars Safer?

The April issue of *Consumer Reports* magazine rates the 1981 cars. One of the more interesting comments is that concerning the relatively better safety factor in many U.S. cars--compared to foreign imports.

Two primary considerations, however, should be taken into account in viewing the safety factor. First, safety belts must be worn or ninety percent of the passengers are considered seriously injured or fatally injured in these measurements.

Second, the weight of the car is vitally important. Government safety tests were conducted by crashing various cars into a barrier at a speed of 35 m.p.h. and the results studied carefully, with dummy passengers.

But the overriding factor in real-life automobile accidents is the different weights of the cars involved. The larger the car, generally speaking, the lesser risk to passengers, as compared to passengers in the lighter car.

In recent government tests, American-built cars performed best in protecting passengers, both considering weight differentials and otherwise. Some Japanese-built cars fared rather badly, and it is reported the Japanese car industry is taking steps to correct this situation.

An expensive German-built car, the Mercedes, also fared rather poorly in the government passenger safety tests but this was, according to *Consumer Reports*, because the front end of the car didn't crumple as rapidly as the front end of most cars, thus increasing the level of crash force.

As a general rule, it is good to remember that passengers in small cars are eight times as likely to be killed in a crash with a full-sized car as the passengers in the bigger vehicle. Thus, while U.S.-built cars made a relatively good showing in recent government crash tests, the two most important considerations--far outweighing what car passengers are in--are whether safety belts are fastened and the weight of the car.

Week of May 31, 1981

**GEMINI --** Those born under this sign love everyone. They are usually very well liked by their peers, although conformity is not an important word in their vocabulary. Lucky day is Friday, lucky number is 2 and best color is blue.

**GEMINI --** May 21 to June 20--Do an about face by becoming practical and thrifty. Check ads before making purchases so you can get the most for your money.

**CANCER --** June 21 to July 22--Goodwill can grow if you continue to have the cheerful attitude. If others have wronged you, forgive them. Only then can you be happy with yourself.

**LEO --** July 23 to Aug. 22--Fairness and justice have never been more important than now. Avoid the tendency to be too outspoken. Guard health.

**VIRGO --** Aug. 23 to Sept. 22--If your faith has become latent, revive it. Attend services this week. Dining out should be pleasurable.

**LIBRA --** Sept. 23 to Oct. 22--This week should provide a series of satisfactory events. Love and tenderness can win a great deal for you.

**SCORPIO --** Oct. 23 to Nov. 22--Smile and the world smiles with you. Cry and you cry alone. Back up your smile with sincerity.

**SAGITTARIUS --** Nov. 23 to Dec. 21--Rid yourself of the tendency to be selfish. Financial worries should now become lessened. Happiness for you will come through sharing.

**CAPRICORN --** Dec. 22 to Jan. 19--Balance the budget even if you have to cut out a favorite activity or indulgence. Even though family members may disagree on your practical approach, they will thank you later.

**AQUARIUS --** Jan. 20 to Feb. 18--New ways to solve old problems come to light. Communication is good. You can sway someone to your way of thinking.

**PISCES --** Feb. 19 to March 20--Work before you play. Then take the time to enjoy one you love. A small gift as a token of your love will be appreciated.

**ARIES --** March 21 to April 20--Call a family conference. Let each one express his opinion. Even though there will not be complete agreement, the air will be cleared.

**TAURUS --** April 21 to May 20--Try a new system for keeping your home and surroundings in order. By so doing you can overcome most obstacles and much dissatisfaction.

## Health tip . . .

by Shelia Cumberland

I was reading an article recently and I've discovered some startling news. You shouldn't drink orange juice when you are taking penicillin for a cold.

A person knows that with a cold, plenty of liquids are prescribed along with plenty of rest. Also, a person knows that orange juice has a lot of vitamin C, which is good for you. Everyone loves to drink plenty of it, especially if a sore throat is involved.

Therefore when you've caught a cold, you usually go to a doctor and he gives you penicillin or

ampicillin. This is the fact that I'm trying to get across: you shouldn't have orange juice when you are taking Penicillin G, Penicillin V or Ampicillin orally. Orange juice may reduce the absorption of the penicillin into the bloodstream, therefore the infection may not be controlled. This also includes times when you take a penicillin along with any type of food, the absorption into the bloodstream is reduced. It would be one-hundred times better if the penicillin is taken at least 1 to 2 hours before or at least 2 hours after a meal.

## Egg Festival Cont'd from Page 1

there's bingo games, downtown Mentone.

On Saturday, June 6th, at 9 a.m., the girls get a crack at the ball when the Girls' Youth League tourney starts at the Youth League Park. The rides uptown, provided by Circle T Rides, will run all three days, and concessions, flea markets and food booths will be open all day again.

The Festival Parade will begin to organize at 1 p.m. at Mentzer Park, with the parade to begin at 2 p.m. At 12:30 p.m. down at the park, the judging for Little Chick and Mr. Rooster will be going on for the little ones. The parade this year has the theme "Proud to be an American," and will prove to be one of the highlights of the three day festival. Entered in the parade are five bands, floats, antique cars, clowns, and many, many special units.

After the parade, take part in the "Egg Toss" contest uptown on the street in front of the bank. There will be prizes in three age groups. Someone told us that water would NOT be provided after the toss.

Weigh-in for the light weight tractor pull begins at 1 to 5 p.m. Saturday afternoon, the heavy weights will weigh in at 1 to 7 p.m. Tractor Pull begins at 6 p.m. The auction begins at 4 p.m. in the downtown area with surprises and lots of entertainment for all and surely some good bargains! You can play bingo too, or watch the tractor pull at 6 p.m. or finish out the festival by watching the Youth League Tournament Finals.

Everyone is in for a fun time, surprises, prizes, contests, and lots of good neighboring with your friends as you attend the Mentone Egg Festival on June 4, 5, and 6.

## Estimate \$10,000 damage in truck accident

An estimated \$10,000 damage was done to the 1971 Mack truck owned and driven by Ronald K. Brown, 303 N. 4th St., Decatur, Indiana, when it turned over in a ditch east of Mentone on St. Rd. 25 last Friday afternoon.

The accident happened when the truck rear ended another truck, owned and driven by Russell L. Marshall, 8290 Marsh Rd., Plain Well, Michigan. No injuries were caused to either driver.

Investigating officers were Moser of the Kosciusko County Sheriff's department and Russell Hart of the Mentone Police Department.

## Saint Francis College to hold first girls softball camp

Applications are now being accepted for the first annual Saint Francis College Girls Softball Camp, set for the weeks of June 7-12 and June 14-19. The first week is planned for girls age 9-12; the second, for those 13-18.

The camp will be conducted on the scenic, 70-acre campus of Saint Francis College, located at the western edge of Fort Wayne. Campers will be housed in all modern college dormitory offering two person accommodations and will eat in the college cafeteria. Those not requiring overnight housing may attend at a reduced fee.

Camp director, Diane Thomas, head coach of the college's

women's softball team, said the camp will emphasize developing individual skills within the team concept. While there will be competition, the enjoyable aspects of the game will take precedence over the "winning at all costs" attitude, she explained. Ms. Thomas, who has had 15 years playing and coaching experience, will be assisted by talented players from the Saint Francis women's softball team.

For a brochure and registration form, write Softball Camp, Saint Francis College, 2701 Spring St., Fort Wayne, IN 46808, or call the college at 219-432-3551. Registration deadline is June 1.

## Ruppel's "kids" have good year at Akron

The Akron Jr. High boys' track team finished the year with a 7 and 4 record. The team also placed 7th in the Tippecanoe Valley Invitational meet.

During the season four new seventh grade records were set: Josh Smith, 7th grader, set a new discus mark with a heave of 105'6". Three sixth grade boys set new records: Jack Sisk with a 5:52 in the 1600 meter, Todd Shepherd, with a 4:52.7 in the 1200 meter and Andrew Wood with 7.3 in the 50 meter.

The eighth grade team set four new records: Darren McClonhan in the 50 meter with a 7.1, Andy Schwenger with a 59.4 in the 400 meters. The 800 meter relay team with Kenny Johnson, Dennis

Jamison, Charles Strong, and Darren McCloughan ran a 1:50.6, while the 1600 meter relay team consisting of Kenny Johnson, Dennis Jamison, Charles Strong, and Andy Schwenger ran a 3:59.3.

In terms of individual performances, everybody improved in their events throughout the track season, making everybody a winner. The team showed an excess of "team spirit" during the Season.

## It Happened in Mentone

Taken from the Northern Indiana Co-op News, May 31, 1950.

31 YEARS AGO:

Free Saturday night band concerts, under the sponsorship of the Mentone Merchants' Association, will begin on this Saturday evening.

Twenty-nine seniors and Mrs. Vance Johns and Roland Ferwerda returned from a trip to Washington, D.C., New York and Niagara Falls early Wednesday morning.

There were 202 entries in Wolverine Guessing Contest at Cooper's Store Saturday, May 6. Teel won a pair of Wolverine shoes by making the nearest estimate on time required for all the 300 lb. cake of ice to melt. It took 30 hours and 2 minutes and her guess was 30 hours and five seconds.

Mr. and Mrs. Lawrence Elick left today for Scott's Lake, near East Jordan, Michigan, where they will spend the summer operating their tourist resort.

Dorothy Chrisitan, June and Janet Romine pleasantly surprised Mrs. Nora Kimes, Friday of last week, with a carry-in dinner. The girls took their musical instruments and played and sang several numbers.

The Mentone Merchants soft-

ball team defeated Argos 6 to 1 at Veterans' Park, Friday night. This was the first scheduled game played in the 1950 season.

Taken from the Northern Indiana Co-op News, June 1, 1938.

43 YEARS AGO:  
The Mentone Double-Dip, owned and operated by two local lads, Philip Bush and Horace Barnaby, was opened to the public Saturday afternoon. The boys are located on Main Street, in the building recently vacated by the School Dress Shoppe.

Mr. and Mrs. Harry Herendeen are the parents of a baby son born at the McDonald Hospital Monday, May 23. Mrs. Herendeen was formerly Miss Evelyn Tucker of Burket.

Ralph Arnsberger, Mentone restaurant owner, and Eitel Cookerly of Warsaw, were quietly united in marriage Monday, May 23. Arnsberger was born and raised in this vicinity and has owned and operated the Lake Trail Cafe for many years. Mr. and Mrs. Arnsberger are making their home on the Arnsberger farm near Mentone.

Mr. and Mrs. Max Smith and son of Columbia City, spent the weekend at the home of Mr. and Mrs. Ora Tucker.

## Seward extension club hears Mrs. Koenig

On May 13, the Seward Home Extension Club met in the social room of the Burket United Methodist Church at 12:30 p.m.

Ruth Igney and Mary Rose were in charge of the salad bar luncheon. After the meal, three plants were given as table prizes. The group sang the song of the month "In The Shade of the Old Apple Tree." Linda Thompson presented the Mother's Day program with Linda Tucker and Ruth Igney playing the piano duet; Marcella Meredith gave several readings about mothers, and Eileen Koenig of Etna Green, told of her study of aprons from Biblical times up to today and showed several of her collection.

Seventeen members and seven guests answered roll call by showing their favorite apron. Five children were also present. Mrs. Tucker and Mrs. Igney closed the meeting with another piano duet. The next meeting will be June 10th at the church with Hester Clinger and Elaine Rhodes, hostesses.

## Never Fails

There are two kinds of people at parties--those who want to go home early and those who want to go home late. Why is it they are usually married to each other?

-The American Salesman.

## This Way, Girls

A large percentage of girl graduates find husbands, says a college professor. Wouldn't it be better if they looked for single men?

-Courier, Walterloo, Ia.

## Service Notes

Army Pvt. Larry D. Wright, son of Adline Wright of Akron, Ind., and Waite Wright, also of Akron, recently completed One Station Unit Training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. This qualifies the soldier as a light-weapons infantryman and as an indirect fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

## Film "Beyond the Cross" at Silver Creek Church

Now! From Underground Evangelism, a dynamic new major film, "Beyond the Cross." You are invited to see it at the Silver Creek Church of God on May 31st at 7:30 p.m.

A special message, filmed inside Russia by the Persecuted Church, over a period of years, comprises the major part of this dramatic film. It carries within a moving and inspiring challenge directly from the believers, themselves.

In it, the heart-rending story of Ivan (John) Moiseyev, the young Russian soldier, who was brutally tortured and put to death for his faith. The film enables the viewer to witness, firsthand, emotionally stirring scenes of believers, reunited with loved ones, only moments after release from prison.

Moving glimpses into the life of a Believer family in banishment for their faith in the frigid wastelands of Siberia, are also shown.

See, and hear, for yourself, the poignant story the Persecuted Church wanted you to have so urgently, they spent years filming it, and then smuggled it out at great risk.

See the Persecuted Church laboring, suffering, triumphantly witnessing for Jesus Christ.

The public is cordially invited. There is no admission charge. Rev. Fred J. Landolt, pastor.

## Series of cancer meetings slated

The Kosciusko County Chapter of the American Cancer Society is sponsoring a series of informal panel discussions for families facing cancer.

The first meeting will be held from 7-9 p.m. Tuesday, June 2 at the Otis R. Bowen Center for Human Services. It is open to the public.

Emotional support for patients, their families and friends is recognized as a vital part of the understanding and treatment of cancer. With this in mind, the first discussion, "Coping With Cancer," is designed to deal with this deeply important aspect of the disease.

Members of the panel who will be sharing from their own personal experience or expertise include: Mrs. Loren Collier, Father John Combs, Dr. Richard Galbreath, MD, Mrs. Frances Heaton, RN, and William Kline, A.C.S.W., Bowen Center.

The panel discussion will be followed by a question and answer period. Refreshments and free baby-sitting service will be provided.

### SPRING BRINGS RUST

ITHACA, N.Y. -- Rust action on cars is 20-30 times greater in spring than winter, says a Cornell University expert, Lynne Irwin. To prevent damage, he recommends washing of a car's underside thoroughly--especially behind wheel wells and other enclosed areas such as doors.

## DAR to honor Mrs. Omar Drudge

Mrs. Loren Gross, Mentone, was the recent hostess to the Anthony Nigo Chapter, Daughters of the American Revolution.

Wayne Bessinger presented a fascinating account of the Wildlife Refuge he has created on an 80 acre tract, part of his farm, located on St. Rd. 110 in southern Marshall County. Mr. Bessinger used quotations from the Bible, the book of Genesis, relating to the Creation. He said that after every day of Creation, God looked and saw that it was good. He then put man in charge over all the earth to care for His Creations. Mr. Bessinger said that wildlife needs the same three things that man needs to survive...namely food and water; shelter and space; and that the first most predator of wildlife is cats and the next is dogs. They destroy far more than all the rest of the predators. Mr. Bessinger finished his program by showing slides of his "Wildlife Refuge," which includes a 20 acre shallow pond excavated with 32 islands.

Miss Annabel Mentzer, Regent, presided at the business session, in which she welcomed a non-resident member, Amy Washburn, and a guest, Mrs. Mack Hershberger.

Mrs. Glenn Clauss read the President General's message, with emphasis on the project of her Administration... "A Legacy Preserved" the beginning of repair and restoration of the block square of DAR buildings at 1776 D St., in Washington, D.C.

Mrs. E. W. Igo, National Defense Chairman, gave an article Bilingual Education... Harmful, Wasteful, by Senator Jesse A. Helms. The Federal program will cost the American taxpayers more than a billion dollars by 1983. And what it is doing, in large degree, is delaying the children in learning to speak English. Mr. Helms said that a case in point right now can be found in thousands of refugee children who are encountering no such "bicultural" malarkey; they go right into the public school system and quickly learn English. Children do this without all the traumas that some sociologists insist occur to youngsters. The reason that the Vietnamese do it easily is obvious... motivation. Instead of being propagandized steadily against the American culture and the American language, they are urged by their parents to learn as quickly as possible. Laughter is the shortest distance between two people.

Mrs. Tom Fugate, a member of the Bell Museum Committee, asked for volunteers to assist as hostesses, at the open house of the Museum, during Mentone Days, June 4, 5, 6. Those volunteering were: Anabel Mentzer, Lil Tucker, Lena Igo and Jerry Smith.

Mrs. Jeff Bornet read the DAR Resolution, Social Engineering in Education, alerting the public to the teaching of humanism and socialism in schools and urging that parents participate in the selection of curriculum and text books.

The June 9th meeting will be at the home of Mrs. Paul Shireman, when her mother, Mrs. Omer Drudge, will be honored as a 50 year member of DAR.

## Mental Health membership drive

May is Fulton County Mental Health Association's membership drive time. We are seeking both new and renewal memberships. The cost is only \$1 per person, you can obtain your membership by sending you check to our office, 728 1/2 Main St., Rochester, or by calling 223-6870.

The Mental Health Association is the only voluntary, charitable organization devoted entirely to the prevention and treatment of mental illness and to the cause of Mental health. It is entirely citizen supported, with no government funding.

"Mental illness is not hopeless." There is "great hope where there is great help."

## Wins \$100 worth of groceries

Brent Romine, Rt. 1, Mentone, won \$100 worth of groceries for coming the closest in the guess-the-price-of-the-car contest conducted at Kimmel Motors. The car, a Pontiac J 2000, lists at \$8,222; Brent guessed 8,150. Kimmels will pay for the groceries, to be purchased at Wilt's Food Center.

**TEST TUBE BABY**  
NORFOLK, VA. -- America is expecting its first "test-tube" baby, doctors announced recently. The nation's only "test-tube" baby clinic said it has achieved the first pregnancy through laboratory fertilization in its 14-month history, but did not identify the patient or disclose the expected birth date.
