Ladies honor state delegates

Delegates to the 47th sessions of the A.L.A. Hoosier Girls State were honored at Teel's Restaurant, Mentone, on Tuesday, April 26. The three area organizations sponsoring the event are the American Legion Auxiliary of Mentone, the Las Donas and the Psi Kappa Sorority which are both located in Akron.

Delegates this year are Christy Brown who is a junior at Tippecanoe Valley High School. Christy is the daughter of John and Connie Brown and will be representing Akron during the convention. In addition to participating in volleyball, gymnastics, Sunshine Society, and Color Guard, Christy is an active member of the Burket United Methodist Church youth group and the 4-H program.

Kris Perry, daughter of Marion Ebersole and John Perry and a junior at Tippecanoe Valley High School, will be representing Mentone at the Girls State convention. Kris is a member of the National Honor Society, Sunshine Club, Spanish Club, and the Representing Mentone as

Delegates and alternate delegates to the 47th session of the A.L.A. Hoosier Girls State convention are Christy Brown, Kris Perry, Balinda Jo Ross, and Ashley Conner. Burket Country Neighbors. She has also participated in basketball and softball at Valley and attends Sacred Heart Catholic Church.

Ashley Conner, daughter of Rod and Angela Conner, Akron, has been selected as an alternate delegate. Ashley is a member of the Valley varsity tennis team, and Sunshine Society. She is also an active member of the Olive Branch Church of God youth group.

an alternate delegate is Balinda Jo Ross. Balinda is the daughter of Gerald and

Sharlene Ross and is a junior at Tippecanoe Valley High School. She has been active in sports at Valley and has participated in Sunshine, French Club, SADD, OEA, and 4-H.

The delegates will be attending the Hoosier Girls State Convention June 19 through June 26.

Planning committees report to Tippecanoe Valley School board

The three committees formed to help prepare for the future of Tippecanoe Valley School reported their progress and suggestions to the Tippecanoe Valley School Board at a special meeting on Monday, April 23. All three phases of the five-year plan were approved by the school board during the meeting. The phases include curriculum, facilities and finances.

A suggestion brought to the board by the curriculum committee would provide for more training time for teachers and all members of the staff. More time will be allowed for teachers in the corporation to visit other school systems and other classrooms to fresh ideas concerning teaching methods.

As a part of the plan, the board approved the hiring a curriculum director to work with the school establishing departmentalization curriculums for each level.

Although it may not be possible, Superintendent Baxter Paige would like to hire the curriculum director before July 1.

The facilities committee reported many of the projects in the first year of the five-year plan were already under way or finished.

The facilities committee suggested implementing the teachers and principals suggestions into the maintenance program siting the teachers are in the classrooms more than anyone else and will know what needs to be done.

The facilities program will include a great deal of flexibility, allowing for emergency repairs. In addition, the program will be reviewed annually and another year added to the plan to constantly maintain it at a five-year level.

Members of the finance committee will be able to provide a better report after

hearing from the other two committees. After hearing the reports on Monday, the finance committee will be to prepare a more accurate report.

One of the main concerns of the committee, was the debt service fund not be increased and that the cumulative building fund be kept at \$1 per \$100 of assessed valuation. The \$1 mark is the highest allowable under state law.

Although a state study has shown a modest decline in population for the school system with in the next four years, the corporation has seen an increase of 30-40 students with a total body of 2,701 this year.

With the rapid growth of Warsaw and surrounding areas, the population growth may increase in the Tippecanoe Valley School Corporation.

All three phases will be reviewed annually beginning in September with final revisions and updates to be made by November 1.

Academic Team sets car wash

The Tippecanoe Valley Academic Team will hold a car wash on Saturday, May 7, from 8 a.m. to 1 p.m. It will be at the East Side Gas Station in Mentone. The cost is \$4.00 per car, or \$3.00 with coupon; vacuuming is included, free of charge. The proceeds will go to the academic team. Coupons may be picked up at area businesses.

Physicals offered to Mentone athletes

Physicals will be given to students from the Mentone School that are in grades 5, 6, 7, and 8 on Monday, May 16, at 7:00 p.m. at the Tippecanoe Valley High School.

If your students wishes to participate in any sports event next year, including cheerleading, they must have a physical in order to participate. This physical is free to those students taking advantage of this time.

Notice

Clean-up days in Akron will be:

Wards 1 and 2, May 16, and Ward 3, May 17.

Any appliance will require a tag to be purchased at the town office. There is a cost of \$10.00 each. This is the price paid at the landfill to dispose of the item. All other trash will be picked up without tags but should be placed at the curbs early in the morning.

Otis Bowen to attend center's anniversary

U.S. Secretary of Health and Human Services Otis R. Bowen will be in attendance at the Bowen Center's 10th anniversary and rededication ceremony on May 13.

The special ceremony will begin with a luncheon at the International Friendship House, where the former Indiana governor will be the guest speaker. A ribbon cutting ceremony and tours of the center will also be given during the day.

The center provides human services to Kosciusko, Huntington, Marshall, Whitley and Wabash counties. It was founded in 1961 and was originally located at 526 East Winona Ave.

Bowen was chosen to speak at the anniversary ceremony, not only because the center's named after

him, but also because of his years of contributions to mental health.

He was involved in the dedication of the center ten years ago and has made periodic visits over the years donating medical books and journals to it.

The Bowen Center provides an educational environment working with institutions of higher learning through practicums and internships. There are also programs of cooperative service with other agencies and health care facilities in the five counties.

It provides a professional staff of psychiatrists, psychologist, accredited counselors, clinical social workers, psychiatric nurses, and other specially trained personnel in the five counties.

Planning Super Saturday

Exciting events are being planned for the 1988 Super Saturday to be held June 11, 1988, at Woodlawn Hospital, Rochester. Weather permitting, hot air balloon rides will be offered and a golf tournament has been scheduled. Helping plan the activities are (seated) Bonnie Naffel, Mickey Harrison, Diane Jones, Georgia Nyland, (standing) Steve Hartzler, Barb Grube, John Little, John Milliser, Harrison Crabill, and Mark Dullaghan. Make plans now to attend and enjoy the fun. (News Photo)

MY MOM

Who dried my tears,
In my childhood years,
Who kissed my hurts away,
Who cheered me along,
With kind words and a song,
Why my Mom, always.
Whose tender touch,
Helped me so much,
When I was upset or ill,
Who taught me ways
To meet my days,
And values in me instilled
My Mom.

Down Memory Lane

DOWN MEMORY LANE TAKEN FROM THE AKRON-MENTONE NEWS MAY 4, 1938 50 YEARS AGO

On Monday, April 25, the Beaver Dam Nursery School visited the Treehouse Farm northeast of Yellow Creek Lake. The farm was purchased in 1974 by Doris and Ken Anderson who developed the area containing two large treehouses in the woods, a small woods cabin and a meadow area for picnics. The facilities are used primarily by churches and Sunday schools providing them with a recreational and training facility with a Christian atmosphere. Efforts are also made to provide a sanctuary for their birds and animals. The children, accompanied by their teachers and two mothers, Brenda Deardorff and Cheryl Heckaman, enjoyed the morning walking through the woods and climbing to the top of the three story treehouse. Afterward they shared a sack lunch and drinks before returning to the Beaver Dam Church.

Akron Farm Supply, Inc., Akron, Indiana, was recognized recently at an award banquet in Fort Wayne, sponsored by Kent Feeds, Inc., of Muscatine, Iowa. The firm was cited for 15 years of service as a Kent Feed dealer. The award was presented by Rich Severson, executive vice president and general manager for Kent, to employees of the dealership who attended the banquet. Tom Fites, Akron received the award.

Spring art exhibit coming to Warsaw

For enthusiasts of original fine art the 31st annual spring exhibit and sale of the Lakeland Art Association is Thursday, Friday and Saturday, May 19, 20, and 21, held. The exhibit and sale will be held at the renovated Town Center Mall, downtown Warsaw. In the words of Dan Terra whose art museum is on the Milet, Michigan Avenue, Chicago, Ill., the event is "bring Art to commerce".

A preview reception, by invitation only, will be held for the patrons and friends and families of the artists on Wednesday, May 18, after the judging by Stephen Batska, Associate Professor of Art at Manchester College. He also holds degrees from Miami and Tennessee Universities.

Artists within a fifty mile radius are anticipated to exhibit. Most of the entries will be for sale. The categories will include paintings in oil/alkyd, acrylic and watercolor/gouache; pencil, charcoal, ink and pastel

drawings; sculpture and carving; mixed media; photography and collage.

The Best of Show entry will receive the J.O. Zimmer \$250 Memorial Award. Cash prizes and award ribbons are to be given in each category. A \$100 art scholarship will be awarded to a high school graduating senior student, who is planning to attend an art school or college. The students, who are considered for the scholarship should be recommended by the principal, guidance counselor and/or art teacher.

Entries for the adult division will be accepted from members and non-members, 18 years of age and over. Entries in the student division are judged separately, but all regulations apply to both. All entries must be the original work of the artist; the concept must be his own. Work should have been done in the last two years. No classwork accepted. Entries may have been shown previously at any spring exhibit of the Lakeland Art Association.

The Town Center Mall is located at 119-123 East Center Street, Warsaw.

For further information, contact President, Lila O'Connell, 219-269-5491, 213 South Detroit, Apt. 1, Warsaw 46580; Exhibit Chairman, Alvon Abbott, 219-267-6376, Rt. 8 Box 40, Warsaw, IN 46580; or Leona Smith - Vice President, 219-566-2751, Rt. 2 Box 65A, Claypool, IN 46510.

Mother's Day Trivia

The observance of Mother's Day in the United States is a recent one, beginning only in 1907. Then it was the idea of Miss Anna M. Jarvis, a Philadelphia school teacher, formerly of Grafton, West Virginia.

Miss Jarvis arranged for a special church service and suggested white carnations be worn by those attending.

The observance, on the second Sunday in May, has rapidly spread to every part of the United States. It became custom in all the states only four years after it had been suggested.

In later years, the custom of wearing a white carnation on Mother's Day was modified and those whose mothers were still alive wore red flowers. First observed in the United States, Mother's Day has become an international occasion and mothers in every area

of the world are now honored each year on Mother's Day.

More than anyone, the mother who cares for home and her children is destined to influence the character and future of the country. Often this responsibility is combined with a back-breaking and steady ordeal of sewing, washing, mending, cleaning, and teaching.

It is to this mother, who dedicates her life to her home, family and children, that the country owes a debt of gratitude.

Nature hike planned

The Indian Awareness Center is having a Nature Hike and cook-out May 14 at Don and Patsy Clark's home south of Leipers Ford. The Nature Hike will be at 2 p.m. and will include identification of medicinal and food plants used by Indians. The cook-out will be a 5 p.m. Bring your own food and table service. All interested persons are invited.

The Clarks live on 400N about a half mile east of Old 17.

New at the Library

New books available at the Akron Public Library are:

Heiress of Ardara by Margaret Porter. Could Lord Briavel forget the past and accept Auror's love--and would an heiress' future happiness depend on her family's past? A new Starlight Romance.

The Last Princess by Cynthia Freeman. Sweeping from the high society of New York's Upper East Side to the glitz and glamour of Hollywood and the haunting beauty of the Israeli desert, *The Last Princess* shows the author's talent at its best as she tells a tale of passion and love, fidelity and betrayal, in this, her new novel.

Topps Baseball Cards, update 1987 Collection, with the special feature of Connie Mack's all time All-Star Team, 1951.

Cradle of the Copperheads by Jesse Stuart. A colorful portrait of the Kentucky hill country and its people. The author captures villainy and charity, ignorance and earthy wisdom, stubborn selfishness and also community spirit, in a remarkable and amusing way in this appealing novel.

Love is the Winner by Janet Templeton. Cressida's betting fever shields a secret which might be revealed as her attraction for Lord Jeremy grows. A new Starlight Romance.

Good Food, Good Mood by Gary Null. A nutritional guide to an allergy free, happier, healthier life, by the renowned nutrition expert, Gary Null; in conjunction with Dr. Martin Feldman.

Your Ten-to-Fourteen Year Old by Louise Ames, Ph.D. The years from ten to fourteen are undeniably trying and turbulent years for parents and children alike; as they are developing by leaps and bounds and often find themselves uncomfortable with who they are and what they are feeling.

How To Choose a VCR

Q. How do I find a VCR that best suits my needs?

A. Before you head to the store you have to make a few decisions. For example, are you going to mostly tape programs or view pre-recorded cassettes? If you're interested in making your own tapes, you may want a VCR that allows unattended recording as well as a feature that lets you record and watch another program at the same time.

There are three formats of VCRs: VHS, Beta, and eight millimeter. An eight millimeter is primarily designed for use as a camcorder format. Many people prefer a VHS because of the availability of pre-recorded tapes while others prefer Beta's sound and picture quality. When shopping you should ask for a demonstration of each format.

Tips on spring nitrogen use

Nitrogen is a fertilizer nutrient which shows tremendous response in most Indiana corn fields each year. However to ensure that you get the best return on your nitrogen dollar, the following points might be considered.

Use the proper rate. In Indiana nitrogen rates are based on two things: yield goal as an estimate of crop need and previous crop as an estimate of soil nitrogen supply. To obtain an efficient recommendation use realistic yield goals (five year average and five percent) and take credits for legumes and manure.

Incorporate nitrogen fertilizers when possible. This is especially important in conservation tillage. In clean tilled situations losses from surface applies nitrogen are low. However in no-till in corn stalks losses of 15-30 percent are not uncommon. So applying the nitrogen below the residue can pay big returns.

Minimize crop injury with proper application time and procedure. Most nitrogen fertilizers can cause injury to crops if improperly applied. Anhydrous ammonia should be applied a minimum of one week before planting. To minimize injury potential and yield reductions from injury apply ammonia at an angle (25-45 degrees) to the direction the corn rows will run. When applying large amounts of nitrogen through the planter, make sure the fertilizer is placed 3 or more inches from the seed.

Consider sidedressing to enhance utilization of the nitrogen. The less time nitrogen fertilizers are in the soil between application and uptake, the better the performance. Consider sidedressing means as of increasing nitrogen use efficiency on soils prone to nitrogen loss.

One thing most people have in common is an interest in the weather. Thus a weather report, on radio or television or in the newspaper, is a must.

Since weather isn't an exact science, it's good if the reader or viewer knows a bit about charts and lines and can make intelligent guesses, because forecasts often turn out to have been wrong.

They tend to be wrong more in fall and spring than

Storm booklet available

As many people are out enjoying the beautiful spring weather that occurs in the Midwest this time of year, they must be mindful of another facet of the season: conditions are prime for a tornado to occur, often when it's least expected. To help educate consumers about tornado safety, Hook's Drug Stores have available free tornado safety brochures, one in a series of Checkpoints literature on health and better living topics.

According to Thomas G. Dingley, manager of public relations for Hook's, "Immediate action in the

event a tornado approaches can make the difference between life or death. Our brochure lists steps one should take to insure safety in the event a tornado does occur.

"Tornadoes can occur anywhere in the United States at any time of year, but they happen most frequently in the Midwestern, Southern and Central states from March through September," Dingley noted. "In Indiana, the northwest quadrant and southwest corner of the state are well above the state average," he said. Indiana averages 23 tornadoes a year.

Learning proper pet care

Students of the Beaver Dam United Methodist Nursery School enjoyed visiting the Akron Animal Clinic last week. Mrs. Deardorff explained proper pet care to the students. Those who visited the clinic were Lindsey Arnett, Angela Weller, Jamie Doud, Dane Smalley, Tyson Runkle, Nathan Shewman, Jeremiah Haney, Brady Yoder, Derek Cumberland, Michael Crissinger, and Daren Alber. Brenda Deardorff is also pictured with the students.

The Beaver Dam Nursery School is also enrolling students for the 1988-89 school year. Registration will be May 4 and 5 from 9-11 a.m. For more information call Theresa Alber, 353-7157, or Bonnie Jarboe, 353-7290. (News Photo).

in winter. Summer brings unpredictable, local thundershowers, which can never be accurately forecast as to exact locations.

Wind can usually be predicted accurately. Temperature is usually close to the forecast. But rain and snow are less predictable. So is the timing of the arrival of a frontal system.

That's because forecasters can't tell just where moisture content will reach 100 percent.

Cholesterol: How Much Is Too Much?

Cholesterol can be useful to a healthy body, but too much of a good thing can sometimes lead to serious health problems.

Cholesterol is a fatty substance found in all animal tissues. The human body manufactures most of its own cholesterol, while some enters the body in foods. Cholesterol is an important part of each cell in the human body. The liver, which produces most of your body's cholesterol, uses cholesterol to make acids which aid digestion. The body also uses cholesterol to produce certain hormones.

Special carrier molecules, lipoproteins, transport cholesterol from the liver through the bloodstream to cells throughout the body. These are high-density lipoproteins (HDL), low-density lipoproteins (LDL) and very low-density lipoprotein (VLDL).

Although everybody needs cholesterol to be healthy, high levels of LDL and VLDL cholesterol have been linked to certain diseases, including arteriosclerosis, or hardening of the arteries. Fatty deposits of cholesterol collect on the inner walls of blood vessels, including those of the heart,

Only your doctor can tell you if your cholesterol level is too high.

and block them. The result: a possible heart attack.

Studies show about half the adult population in the U.S. has an increased risk of developing coronary heart disease due to high cholesterol levels. Most doctors now agree that if your total blood cholesterol level is higher than 200 mg/dl—and the younger you are, the lower your cholesterol level should be—you should reduce your intake of saturated fat and cholesterol. Foods such as eggs, butter, fatty meats and organ meats may be restricted.

If dietary restrictions do not do enough to lower your cholesterol level, your physician may also prescribe a first line cholesterol lowering drug, such as Lorelo, Questran or niotinic acid, from Merrell Dow.

Morgan in play cast

Patrick Morgan, a sophomore at Manchester College and the son of Mr. and Mrs. Stanley Morgan, Akron, will be portraying The Colonel in the Manchester College production of "The Fifth Sun".

The play is based on the assassination of the archbishop of San Salvador in 1980. The author places the archbishop in the Mayan tradition of self-sacrifice. Throughout the play, Romero is counseled by the Mayan gods who represent the four compass points, or suns, of the primitive cosmos. They designate the archbishop of the fifth sun, the sun of the people, who, like Jesus Christ, sacrifices

himself voluntarily for the redemption of his people.

Dr. Scott Strode, Manchester professor of speech communication and drama is the director of the play to be presented at 8 p.m. on Friday and Saturday, May 6 and 7, 1988.

Tickets are \$4.50 for general admission and \$3.50 for Senior Citizens and students. For reservations, contact the college's ticket office at 982-2141, Ext. 508.

LEARNING A NEW VOCABULARY

To all the parents who might read this article, I'm sure you will be able to relate to the following examples of how we tried to help our children speak more clearly. Have you noticed that we have picked up some of THEIR words instead?

Doug and I were determined to shy away from baby talk with the boys. But somehow when you see a small bundle they don't appear to handle the words of an adult. We named our oldest son Christopher - right away he became Crissy. For years we would call him Crissy and all the while watch Doug grind his teeth in disgust. Oh well, names had nothing to do with it, right? But, don't think it ended there!

The plastic animals purchased for the boys were for teaching purposes - THEY held the animals and WE ruined their names! For years a horse was a "horsey", cows were "moo cows" and some even called tractors "Johnny Pops". Of course not many children would say, "Orange Crush, Mom." So we quickly taught the boys, around the age of 3, to ask for "pop" referring to anything carbonated.

No doubt you will remember showing a train to your child and watching the cars go by. We tried to refer to the machine as a train but as time passed it inevitably became a "choo choo". Someone once mentioned a lady who needed a rest from her small children. She felt as though her vocabulary was only suitable for children so she embarked on a bus trip to her sister's. Another woman sitting beside this lady had begun a conversation and the lady with the children was overjoyed! Then it happened. A train crossed before the bus and the lady with the children said, "My children are fascinated with choo choos!" Poor thing, just when she thought she was doing better!

Of course, we all manage to grow out of these words. Pop seems to be my only leftover. My only fear is picking up some of their words NOW. I would hate to answer someone who was giving me a bit of advice with "Oh, yah?" And I certainly wouldn't want to ask for a vacation by saying this: "Well, like, I need to, like, plant the garden and, like, mow the yard, man." (Reminds you of Maynard G. Krebs, doesn't it?) Although I must admit, when the chips are down, the boys seem to come through on term papers and express themselves quite well. Not one "moo cow" mentioned. Just yesterday as I was fixing "dunkly eggs" and before letting the "woof woof" outside, I mentioned what a good feeling it was to have read to the boys and helped them with their vocabulary. How about you?

Frank N. Manwaring has been named a director of Farmers State Bank, Mentone.

Frank N. Manwaring

Manwaring is a graduate of Mentone High School and attended Purdue University, studying Ag Economics and Agricultural Business Management. Following college, he became vice president of Manwaring Leghorn Farms, Inc.,

along with serving as general manager and vice president of Midwest Poultry Services, Inc.

Memberships include the United Methodist Church of Mentone, Mentone Chamber of Commerce, Mentone Masonic Lodge #576, Scottish Rite, Mizpah Shrine Temple, Fort Wayne, and the Tippecanoe Lake Country Club. Other interests include the Kosciusko County Crime Stoppers, Inc., of which he is a director.

He is also currently serving as a director of the Indiana State Poultry Association, Inc., and is vice-chairman and a director of the Midwest United Egg Producers, Inc.

Manwaring resides at Rt. 1, Mentone, with his wife Mary. They are the parents of two daughters, Jennifer, Fort Wayne, and Julie, who is a senior at Indiana University, and a son, Sam, a senior at Tippecanoe Valley High School.

Grow your own produce

Eating home-grown produce is a real treat. Its freshness and flavor just can't be matched by anything you can find in a store. And working to produce good, healthy food for your family while saving money can be very satisfying.

If you want to grow vegetables or your own fresh fruits and nuts, the U.S. Department of Agriculture has two publications to help you plan your garden. *Growing Vegetables in the Home Garden* (Item 165T, \$2.25) give you information on raising a wide variety of vegetables while *Growing Fruits and Nuts* (Item 444T, 50 cents) gives you tips on growing everything from apples to walnuts. For copies of these booklets, send your name, address, item numbers and payment to R. Woods, Consumer Information Center, Pueblo, Colorado 81009.

When planning your garden, look for a sunny spot with good drainage. It is better to have a small garden that you can keep up than one that becomes neglected and full of weeds. You may want to consider the possibility of working your vegetables in with your landscaping. Many vegetables are ornamental in appearance and work well in flower beds while others can grow entirely in containers.

When you have selected the site, prepared the soil, and planned your garden, you are ready to plant. Be aware of the best planting times for your crops. These dates will vary by where you live, when the first and last freeze occurs, and what the crop is.

In most areas, a garden needs approximately one inch of moisture each week during the growing season

for best plant growth. This is equal to about 900 gallons of water on a 30-by-50 foot garden. If you water, it is best to give the garden a good soaking once a week than to sprinkle it more often.

Guard against weeds. Weeds will rob your plants of water, nutrients and light. The primary method of controlling weeds is hoeing. Hoeing also loosens the top of the soil allowing water to enter the soil with the next rain. You can also control weeds with a black plastic or organic mulch from your local nursery. Not only does mulching control weeds, it also conserves moisture and keeps the soil from packing.

If you have decided to plant fruits and nuts, don't expect to get a crop the first year. Most of the plants and trees take a number of years to grow to the right size.

Apples, for instance, have a hard time growing in the extreme northern part of our country because of the bitter cold. At the same time, they do not grow well in the extreme south where the weather does not get cold enough for them to bud and grow fruit.

May

May was formerly considered an unlucky month for marriage. That's why the month of June became the month of marriages. When June came around, a backlog of engaged couples had been created, thus producing a two-month crop of marriages for June.

Because June is an accepted month of marriages and so many graduations occur in late May or early June, June is—for the merchant—a good month for sales.

Perry Improvement

by Aurel Musselman

The Perry Home Improvement Club met with Marie Nestleroad in her home. Answering the roll call were Marie Long, Marie Berger, Pauline Miller, Helen Miller, Aurel Musselman, and Marie Nestleroad. Attendance was low due to illness.

Marie Long read from Phillipians for her devotions. Concern and worry were her topics.

The song chosen was "America for Me".

The Mother's Day Banquet will be held May 18. Plans for the banquet were discussed during the meeting. Also discussed was the possibility of the group becoming an Associate club.

The club received an invitation to the Golden Wedding Reception for Wayne and Marjorie Miller.

Before closing the meeting the Lucky Lady was selected who was Marie Long.

By H. DEAN EVANS

Superintendent of
Public Instruction

Summer will soon be here. It is season of fun, relaxation and continued learning through informal, unstructured activities. The summer months are labeled the "unlearning months" since most children are not in a classroom. I believe, however, that the summer season can provide wonderfully unique opportunities for exploration and discovery.

As we wind down the 1987-88 school year, I want to discuss the importance of reading during the summer months. Summer reading is an important step in the development of your child's reading skills because it maintains and improves the level of reading achievement. Just like riding a bicycle, learning to swim or swinging a baseball bat, reading is a learned skill. The more you use it, the more you improve your skills and your level of enjoyment.

Based upon the research findings cited in the recent National Institute of Education publication, *Becoming a Nation of Readers: The Report of the Commission of Reading*...the single most important activity for building the knowledge required for eventual success in reading is reading aloud to your children. This is especially so during the preschool years. Parents play roles of estimable importance in laying the foundation for learning to read. The same research indicates that the amount of independent silent reading is significantly related to gains in reading achievement.

Independent reading was found to be a major source of reading fluency and a major source of vocabulary growth. Encouraging youngsters to read should be a priority for both teachers and parents.

As a parent, you can help your child develop good reading skills. The key is enjoyment. If your child views reading as a pleasant, relaxed and fun activity, chances are he or she will be happy to read. You can nurture this enthusiasm by offering your praise and encouragement. The International Reading Association offers seven ways to help you encourage summer reading.

Read to your child. Just a few minutes each day sharing a story or part of a book can increase a child's interest in reading.

Be a reader yourself. The parent is a child's first and best teacher. Children often follow the examples of parents. If they see that you read daily and enjoy it, not only as a source of

pleasure but as a way to find out information, children will probably view reading the same way.

Visit the library. Take some time this summer to let your child discover the joy and adventure of exploring the library. The pride of owning a library card can also encourage children to read more.

Provide books that your child will enjoy. One good way to encourage summer reading is to find books that relate to your child's interests and reading abilities.

Make reading a relaxed activity. Reading should be fun, as should other activities of the summer. Encourage your child to read for pleasure, but do not force a child to read for long periods of time. Just 15 minutes a day during the summer can help keep reading skills sharp. These 15 minutes can even be divided into two or three shorter sessions.

Read together as a family. Try setting aside some time when the family gathers together to read. Remember that reading aloud to children during the preschool years is crucial to later success in school.

Encourage your child to join a summer reading program. A variety of summer reading programs are offered by many communities throughout the state. Inquire at your local public library for more information on the programs offered in your area.

Although these suggestions are meant to help encourage summer reading, these ideas can be used all year to stimulate enthusiasm in reading. The development of the reading habit and the love of books can bring enjoyment throughout the year. Summer reading can bring pleasure to your child and help make the transition back to school easier.

BUCKLE UP FOR LIFE!

Beaver Dam News

by Ruth Heighway

The Beaver Dam Alumni enjoyed their annual banquet held at the Tippecanoe Valley High School on Sunday, April 24, with 119 in attendance. Classes of 1928 and 1938 were the honored classes. There are no more 25 year classes because the last class graduating was 1962. Mike Summe gave the welcome to the honored classes and Grace Blesh gave the response for the 60-year class and Nancy (Dawson) Allman gave the response for the class of 1938.

The meal was prepared by the Tippecanoe Valley School cooks which includes Sherry Smalley, Sally Leininger and Becky Murphy with Mrs. Jerry

Parker and Mrs. Gary Smalley assisting with the serving.

The program consisted of speeches by members of the honored classes and Gene Marshall who was on the basketball team that went to the State in 1934. Mrs. Anabell Anglin read a poem written by her mother Mrs. J.W. Swick. Bethany McFarland entertained the group with a violin solo. Steve Whittenberger did a narration while his daughter provided a rope skipping performance. Wanda Swick also provided a selection of old times on the piano.

The business meeting was called to order by Bonnie Whittenberger who is president of the Alumni. It was decided to have next year's alumni banquet at the same location. Officers for 1989 will be Mike Sumner, president; Dorris Harrold, vice-president; Ruth Heighway, secretary, and Junior Jones, treasurer.

The rest of the afternoon was spent visiting and taking pictures.

Mr. Forrest Kamp called on Bob Heighway Wednesday afternoon.

Scout leaders recognized at dinner event

Fulton County Girl Scout Troop Leaders who were recognized for their service in the scouting program include Bev Baldwin, Ann Bauman, Sharon Helt, Arlene Hounshell, Mary Ellen Lowe, Jan Morgan, Becky Murphy, Helen Slisher, Judith Smith, and Jeri Rae Stout.

Recognition of the leaders took place during the special dinner held April 20 at the Cass County Community Center. Cass County Girl Scouts were hosting the event and Judith Loper of Lucerne was the chairperson. The dinner was served by Cadette and Senior Girl Scouts as a money earning project for their 1989 European trip.

GOLF

By Pete Fritchie

Sandy Lyle's win at the first of the year's major golf tournaments has fans talking about a grand slam—a sweep of the Big Four (Masters, PGA, US and British Opens).

Chances are a hundred to one it won't happen. The Great White Shark from Australia, Greg Norman, is a good bet to win one of these. His sizzling 64 on the last day at Augusta showed he's still the hottest thing on the links—when hot.

Had he shot par on opening day—72—at the Masters, he would have won at Augusta. He shot a 77, which can happen to anyone. The 64 on the final day tied the course record, which shows when he's on target, Norman is almost unbeatable.

Norman pulled down \$36,000 after that final day record score, and ended play tied for 5th place. Tom Watson, known as such a good putter, lost his chance at the masters with poor putting—sometimes taking three strokes from four or five feet away from the cup.

Other than that weakness, Watson played brilliantly at Augusta, shooting a 72, 71, 73 and 71—under par three days in spite of bad putting. He ended up only six strokes behind the leader.

Finally, Craig Stadler could have won even with a 73 on opening day. He averaged 69 over the last three days. Like Norman, that opening day score (this was 76) beat him. But he earned \$69,000 for third place as it was. So he should get limited sympathy!

GIVE YOUR MOTHER THE LOVE AND HONOR SHE HAS EARNED

Now your mother was there to exhibit her care
Every day from the time you were born,
By dispelling your fears and removing your tears
When she knew you were feeling forlorn.
Yet the moment you'd grown, she had probably known
You'd begin to ignore her advice.
Now you have to agree, when you went on a spree,
You had ended up paying the price;
But religion has told, when your mother is old,
That it's part of the heavenly plan
That you'll solemnly vow you will honor her now,
And repay all her love while you can.

—Gloria Nowak

A mother is a mother still,
the holiest thing alive.
—Samuel Taylor Coleridge

thy mother when
she is old."

NOTICE TO BIDDERS
TAX ANTICIPATION WARRANTS
 Notice is hereby given that the Board of School Trustees of the Rochester Community School Corporation, Fulton County, Indiana, will meet at the Administration Office of the Rochester Community School Corporation, West 18th Street, Rochester, Indiana, on May 16, 1988 at the hour of 7:00 P.M. and at said time and place will receive sealed bids and to let to the best bidder the following described warrant:
 Temporary Loan Warrant in the anticipation of taxes levied and in the course of collection for the General Fund and Transportation Fund up to the aggregate amount of \$873,318 (\$640,318 General Fund and \$233,000 Transportation Fund) with said warrants to be in the denomination requested by the purchaser, to mature on or before December 30, 1988, with no penalty to the purchaser for early payment. Bidders for this warrant shall submit a bid stipulating the amount of interest to be charged and clearly indicate which party shall bear the expense of a legal opinion. Said bids shall be accompanied by a Non-Collusion Affidavit.

The School Corporation represents that bonds, warrants, and other evidences of indebtedness issued by it or on its behalf, during calendar year 1988 will be less than \$5,000,000 principal amount of tax-exempt obligations. This amount includes all obligations issued by, or on behalf of, the School Corporation, including building corporation bonds. The School Corporation hereby designates the warrants as qualified obligations pursuant to Section 265(b) (3) of the Internal Revenue Code of 1986, relating to the disallowance of 100% of the deduction for interest expense allocable to tax-exempt obligations acquired after August 7, 1986.

All bids must be made in compliance with the laws governing such matters. The Board of School Trustees reserves the right to reject any and all bids and to waive any informalities in bidding.

THEN and NOW!

Plastics: Helping Aerospace Reach New Heights

Since prehistoric man first watched a bird wing it's way across the sky, mankind has dreamed of flight — and our goals have soared ever higher.

Then Between 400 and 300 B.C., a Greek scholar named Archytas built a wooden pigeon that moved through the air. He may have attached the bird to a revolving arm and used steam or gas to move it in a circle. Around the same time, the Chinese discovered how to make kites. Later, large kites lifted people into the air. The first manned flights during the 1780s were in balloons filled with hot air. Model airplanes were built in the early 19th century, but the first successful glider flights did not take place until 1900, when the Wright Brothers began their work near Kitty Hawk, N.C.

Now: Today's aircraft require equipment that is safe, reliable, functional and capable of operating for hundreds of hours without maintenance. The equipment also must retain these properties in the punishing environment of high-altitude jet travel.

Plastics are among the leading materials for equaling or surpassing conventional materials in strength, functionality and resistance to heat and corrosion.

For example, high performance, heat resistant films, such as Du Pont's "Kapton" polyimide film, are being used to insulate aircraft electrical systems—an especially important application since the newer wide-bodied planes contain more than 80 miles of air frame wiring—much of it in the critical "nerve center" of the craft.

The company also makes composite materials for special applications, such as structural parts of aircraft bodies, with seven to eight times the strength of steel. Its "Tefzel" fluoropolymer elastomer is used as wire covering in avionics systems in many of the new aircraft.

Plastics have been to the moon and back and have played key roles in the U.S. space program. "Kapton" polyimide film, for instance, insulates electrical wiring used in solar power generating systems on spacecraft.

Do You Get Aches & Pains?

If you get aches and pains from minor arthritis, backache, sore knees, plus stiff or swollen joints, here's news that can help you feel better.

A natural pain remedy has been developed for everyday use. Called **EUCALYPTAMINT®**, this pain relieving formula is made entirely from all natural ingredients. Included are leaves from the Chinese Eucalyptus tree. Ingredients from the leaves are carefully selected and then imported to America where they are combined with two other natural ingredients. From this meticulous process comes **EUCALYPTAMINT®**.

Used In America — 4 Years

Already **EUCALYPTAMINT®** has been used in America four years with dramatic results. For example, a lady in Illinois writes: "It was like a miracle. The pain in my knee went away!" And Domenic Gentile, head trainer for The Green Bay Packers football team, says "Our players are excited about **EUCALYPTAMINT®** because of its consistent pain relieving qualities." You, too, will be amazed how **EUCALYPTAMINT®** relieves your pain, without prescription drugs, aspirin, or anything artificial.

Now this all natural ointment is available to you. Not just another drug store gel that "smells good" but doesn't work. **EUCALYPTAMINT®** is a deep penetrating ointment that actually quiets pain naturally. If you do nothing else today, resolve to try this ointment on your aches and pains. Millions of people think discomfort from arthritis, backache, sore knees, plus stiff or swollen joints must be endured. We guarantee you **WONT** after you try this ointment. Only \$16.95 postpaid for 4 oz. bottle. **MONKEY BACK GUARANTEE.** Mail to: American Melody, 123 South Street, Oyster Bay, NY 11771

To My Mother

A Cherished gift, sent from above,
God's gift, my Mother and her love.

The One I know is always there,
My sorrows and my joys to share.

The one who'll never turn away
But stand beside me all the way.

When things go wrong, she's there to see
That somehow things go right for me.

Her guiding hand through childhood days
Helped lead me on to adult ways.

Her faith, her love, her tender care,
Are golden memories we share.

And always deep within my heart,
A special place I've set apart.

A place that no one else can share,
For Mother, dear, you're always there.

And when I say my prayers at night
I say "I'm thankful, yes, I'm thankful"

That God has given you to me!"

Father Fritch speaking to STOP group

Father Al Fritch J.S., of Lexington, Ky., Chairman of the board of the North American Conference of Christianity and Ecology and the author of several books on land and the environmental ethics, will be the keynote speaker at the next S.T.O.P. public meeting to be held in Culver, May 6, 1988, at 7:30 p.m. in the Culver Community High School Auditorium.

"We are all stewards of the earth, we are stewards of a certain responsibilities; and we must not just act, but act now."

"Our ancestors walked very lightly. There's nothing left that shows any change from them. However in the last 20 years, the steam shovels have moved in and made a complete change of the landscape. We have something our ancestors didn't have, and even our grandparents didn't have and that is the power to build up this earth or tear it down. We have the power to destroy the earth itself, it's an awesome power and we have to recognize it and do something to control it."

Father Fritch is also Director of Appalachia - Science in the Public Interest of Livingston, Ky.

Mentone art projects judged

Mentone students have displayed their art projects in the halls of the Mentone School. Awards were given on each grade level. Teachers judged the art work but did not judge their own students projects. Pictured judging second grade art projects are Mrs. Bazini, Mrs. Kindig, and Mrs. Pyle. (News Photo)

Through the year, the team has participated in three quiz bowls, the first being a Warsaw Quiz Bowl. The science, fine arts, and all-around teams secured a first; the social studies team placed second, and third place ribbons were awarded to the English and mathematics teams.

At the Columbia City Quiz Bowl, they received a third place in the all-around competition.

Their latest effort, at the Fort Wayne Regional competition, earned them three third place ribbons in social studies, math, and all-around.

Special thanks to Mr.

Dennis Grossnickle, the academic team coach, and Mrs. Bobbi Collett, who helped cheer at Columbia City.

Physicals to be given at Valley

Physicals will be given to students in the Tippecanoe Valley School Corporation that will be in grades 7 through 12 during the 1988-89 school year on May 16 beginning at 7:00 p.m. at the Tippecanoe Valley High School.

If your student, boy or girl, wishes to participate in any sports event next year, including cheerleading, they must have a physical in order to participate. This physical is free to those students taking advantage of this time. For more information, contact Bob DuBois at the high school.

Open house set Sunday for Shafer home

The 1987-88 Building Trades Class of Tippecanoe Valley High School is pleased to announce the Building Trades Class Open House for Randy and Darla Shafer on Saner Drive, Akron. The open house will be from noon until 5 p.m. on Sunday, May 15, 1988.

Students who have been involved in the building project are Ben Anderson, Greg Brazo, Troy Busenburg, Randy Fields, Brook Francis, Richard Groninger, Doug Holland, Jeff Hoyt, Jeff Hurd, Mark Metzger, Dail Nettrouer, James Oden, Travis Scott, Tony Sexton, James Sheetz, Gary Wagoner, Mike Walkowicz, Bud Wallis, Kris Warren, and William Yates. The teacher and construction manager for the project is Mr. Ken Murphy.

Notice

Clean-up days in Akron will be:

May 16 - Ward 1 (west of St. Rd. 19 and north of St. Rd. 14), and Ward 2 (east of St. Rd. 19 and north of St. Rd. 14).

May 17 - Ward 3 (everything south of St. Rd. 14).

Any appliance will require a tag which may be purchased at the town office. There is a cost of \$10.00 each. This is the price paid at the landfill to dispose of the item.

Students invite editor to visit Mentone

As a result of a letter written by a teacher and her pupils, the editor of *Country Woman* will be visiting the town of Mentone next week.

Mrs. Law, a third grade teacher at Mentone School, first contacted Ann Kaiser who is the editor of *Country Woman* after learning Mrs. Kaiser was interested in learning more of the small towns across the country for future articles in the magazine. After the initial letter which was written by Mrs. Law and her students, Mrs. Kaiser sent a token of her appreciation along with a return letter.

The students again sent Mrs. Kaiser a letter thanking her for her response. It was just recently that Mrs. Law and the students learned that the editor would be visiting Mentone in the near future.

On Tuesday, May 17, Mrs. Kaiser will visit the Mentone third grade students in their classroom. The students then plan to take Mrs. Kaiser on a walking tour of Mentone with stops planned at the Bell Museum, the "Egg", the Bell Memorial Library, and the Bell home. She plans to attend the regularly scheduled Chamber of Commerce meeting Tuesday evening.

Mrs. Kaiser will be staying in Mentone through Wednesday to visit other area sites of interest. Scheduled visits include Manwar Farm, Mentone Egg Products, Classroom Connection, Pac-Rat Palace, and the Carl Whetstone farm.

The information and materials which Ann Kaiser will gather while visiting in Mentone may possibly be used in an article to be published in *Country Woman*.

Questions answered for residents of Mentone

Residents of the town of Mentone had been urged to attend the May 2 meeting of the Mentone Town Board to air their fears, doubts, speculations, and questions concerning the new wastewater projects presently underway in Mentone. Nearly 20 citizens were in attendance to hear Mark Harrison, a representative of Bonar & Associates, answer the questions raised at the meeting.

Questions covered areas of the cost of the project for individuals to the problem of possible pollution to the adjacent lands.

According to Harrison, a minimum size for septic tanks for land owners to have installed. The tank cannot be less than 1,000 gallons. The tanks will be paid for by the town, through grant monies, rather than billing individuals.

Residents will, however, be expected to pay the operating, maintenance and replacements expenses.

To answer the question of pollution, Harrison explained that a plastic liner will be placed in the lagoons to prevent seepage which may contaminate nearby land. He also noted there is the possibility for odor.

The state required the lagoons be placed a minimum distance of one-quarter mile from surrounding properties, and if the negotiations for the Antonide land are successful, the distance requirements will be easily met.

Harrison also told the residents that solids are removed in the septic tanks which makes any possible odor less putrid. The lagoons will also be aerated for odor control during a 90-day detention time.

To help make the septic tank installation easier for residents, a construction inspector will go to each location approximately two weeks before the digging begins to talk to the homeowners to decide the best location for the tank.

Every possible effort is being taken to get the work done while grant money is still available. The more grant money that can be used, the less each resident will have to pay out of his or her own pocket.

Facility plans and specifications deadlines are set for May 30.

The town is currently in the process of obtaining easements from property owners along the proposed main route of the system.

According to the town attorney, Lee Bazini, the easement will give the town permanent permission for installing a septic tank and the right to periodically go onto the land to empty it (every three to five years).

If residents decide not to sign the easement, then the town can either bypass the resident with the sewer system and then force the individual to comply by hooking on, or by taking the per-

son to court and forcing him to sell the easement to the town through "imminent domain".

Easements can be signed at Bazini's law office during business hours anytime before the August 1 deadline. If the property is co-owned by husband and wife, both signatures will be required. Residents do not need lot numbers or descriptions, as Bazini has a master list with this information.

Two resolutions were signed by the board and another contract with Bonar & Associates, Fort Wayne was negotiated during the Monday board meeting.

The resolutions allow:

*Board president Miriam Boardman to sign all paperwork pertinent to the sewer project grant applications. Jim Miller was also granted permission to sign the paperwork in Boardman's absence.

*Verification of compliance with all state, federal and local regulations and policies while creating the town's sewer system.

Approval by the Indiana Department of Environmental Management (IDEM) for step three of the grant application will be required before it can be executed by the board.

It will cover work by Bonar & Associates from the time the plant and specifications are approved until one year after the bids are advertised (approximately 20 months) The cost to the town, \$428,300, will be covered by grant monies.

In other business, David Steffan has hired by the board to mow the cemetery and park, on a trial basis, as an independent contractor.

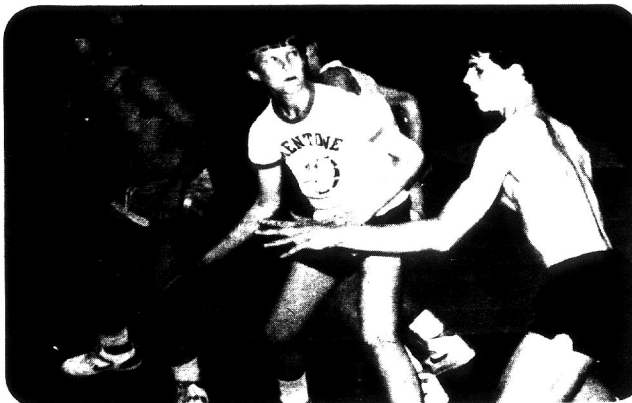

He will work for \$6 per hour until June 1, at which time the board will decide whether it want to enter into a contract with him.

Fire hydrants will be flushed on May 18 and 19 beginning at 7 p.m.

Park equipment has been purchased and should arrive in the near future.

Work on the 1989 town budget will begin June 20 at 7 p.m.

Basketball camps to begin May 31

Eighth grade athletes at Mentone and Akron are ready to combine their basketball talents to form a winning Tippecanoe Valley team. These boys are looking forward to the basketball camp being offered at the high school this summer under the direction of Bob DuBois. (News Photo)

The Tippecanoe Valley summer basketball camp will begin Tuesday, May 31, and run through Monday, June 27. The daily schedule will be as follows:

Freshman: Monday - Friday, 9:00 a.m. - 10:30 a.m.

Eighth grade: Monday - Friday, 10:30 a.m. - 12:00 p.m.

Seventh grade: Monday - Friday, 12:00 - 1:30 p.m.

Sixth grade: Monday, Wednesday, and Friday, 1:30 p.m. - 3:00 p.m.

Fifth grade: Tuesday and Thursday, 1:30 p.m. - 3:00 p.m.

Grade levels are for the 1988-89 school year.

Several games and various events are scheduled with other camps in addition to practicing the fundamentals and skills necessary to be a good basketball player.

Coach DuBois says, "This is a great opportunity for anyone who wants to become a better basketball player, and there is no charge! I plan to visit all the school the week of May 16 to give more information to interested players."

Letters to the Editor

Parents voice concern

Dear Editor,

The Tippecanoe Valley School Board has decided to discontinue the OEA office lab classes. At one time, this was a very beneficial program to both students and area businesses. It gave students the opportunity to learn varied office skills through hands on experience enabling them to enter the work force with marketable skills. It could be that type of program again with some rebuilding. If you are a parent of a student interested in office training or a past student that has benefited from these classes, please contact your school board members and superintendent to voice your opinion. If we don't speak out, a very good program is going to be discontinued.

THE MIDNIGHT "RAID" OF PAUL REVERE

Only time will tell. Only time will tell if you will succumb to binging or the "raids" in the middle of the night which plague some of us. No...it isn't a pretty sight, seeing someone in his bathrobe with his arms full of goodies which he has denied himself for several months (or weeks). No...it isn't pretty as he sits down at the table with a hot dog hanging from his mouth. (He put it there to allow himself more room in his arms!) No...it isn't a bit pretty as he crams the food into his mouth hardly chewing between bites. No...it isn't pretty at all.

Just imagine the effort put forth trying to sneak to the refrigerator. First, Paul nearly tore the book from his wife's hand in order to turn the light off hoping sleep would quickly overcome her making his nightly jaunt to the kitchen easier. His heart beat wildly as he crept out of bed without waking her. (The only exercise his heart muscles had gotten for weeks!) Suppose he made some noise? He put on his housecoat which had to be stretched to meet in the front. He crept down stairs, one step at a time, hoping to miss the squeaky step. He held tightly to the banister with wet palms as he heard someone turning in bed. He, all the while, was frantically thinking of an excuse in case he should be discovered.

Having reached the first floor, Paul smiled to himself. "Half way there," he thought. Half way to where, I wondered. Half way to another size in this skacks, half way to his deathbed from heart disease, half way to developing indigestion? How about half way to making his wife a widow? Where did he think the calories would go in the middle of the night? Let's check in on Paul's "raid".

As the bell chimed in the tower we see a light. Not the lantern in the tower as we remember in the poem of Paul Revere's Ride. Could it be the light in the refrigerator? Can it be? Yes, believe it or not, the small light seen in the window of the Revere residence is from a flashlight. Come on, Paul, really...a flashlight?

Well, as you have probably guessed, Paul made his raid. He hadn't conquered the battle of the bulge or the urge to eat during the night. Could it be habit? Let's hope Paul will put forth the effort in reducing as he does engineering his nightly raids!

One month later: Mr. and Mrs. Paul Revere have their monthly weigh-in with the neighbors. The club was established to help members fight the battle of the bulge and was given a catchy name. It seems to be working, the members have managed to help each other 24 hours a day to eliminate raids and snacking. Maybe a support group is for you?

Can you guess the name of Paul's group? Why, Paul Revere and the Raiders, of course!

Coming up: May 18 - What will your children remember? May 25 - "Carting" around your anxieties.

Valley to host track and field invitational

Tippecanoe Valley High School will host the 1988 TRC Conference track and field meet on Friday, May 13, beginning at 5:00 p.m. with the field events starting the boys and girls competition.

At 5:30 the trials are scheduled to begin with the final competition getting underway at 6:00 p.m.

Admission is set at \$2.00 for adults and \$1.00 for students. This is a great opportunity for local sports fans to be on hand to support their Valley competitors.

Manwaring Leghorn Farms, Mentone, Indiana, after 46 years at their present location, have begun construction of a new hatchery, office and egg packing building located on State Road 25 just North of their present location. The hatchery building now being used was built 20 years ago and since that time incubation was added in a second building and egg packing has been done in the basement of one of the homes. Since 1939 incubator capacity has been doubled and breeder laying capacity has more than doubled. The new building will combine all incubators in one building as well as larger quarters for egg packing work along with increased refrigeration.

Dick Tombaugh, son of Mr. and Mrs. Wayne Tombaugh of Mentone, has been elected as a vice president of Alpha Phi Omega service fraternity at Purdue University. Dick was also named as one of the leaders in the Freshman Leadership Camp to be held on Sept. 11-13 at the Ross Surveying Camp, near Purdue.

The Beaver Dam Better Daughters had a Mother's Day Tea for their May meeting and also entertained the Beaver Dam Home Ec. Club and the Beaver Dam Franklinettes in the Akron Library on May 5. The program was in charge by Karen Latimer. Marilyn Horn welcomed the guests, Linda Smalley read the devotions and led the group in repeating the Lord's prayer. Diane Flenar and Carol Baumgartner led the pledges. Marianne Timmore demonstrated how to make a Flaming Cabbage and Betty Bibler showed us how to make unbaked cookies. Karen and Sharon Highway sang a duet. Dixie Bergstrom and Bea Walsh read poems and Betty Lou Smith played an accordion solo. A corsage was presented to Mrs. Flora Blesch as the oldest mother present and Mrs. Feryl Coplen received one as the youngest mother. Refreshments were served to ten 4-H mothers, 27 club guests, 3 leaders and 16 members and 1 child. Betty Lou Smith, Reporter.

Mr. and Mrs. Robert Allen of Bloomington are the parents of a daughter, born May 5th. Mr. Allen an instructor in the English department at Indiana University, is a former Akron teacher.

Mr. and Mrs. James W. Lackey of Palestine are the proud parents of an eight pound baby girl born at the McDonald hospital at Warsaw Saturday afternoon. The baby has been named Marilyn Joyce. Both the mother and baby are doing fine. Mrs. Lackey was formerly Mary Ann Huffman of Akron.

An original composition by Deborah V. Strong, composed in honor of Mother's Day was sung by Geraldine Imhoff at the Methodist Sunday School last Sunday morning. The score was enjoyed by everyone, and Miss Imhoff sang it beautifully.

Mrs. Lewis Ray, aged 60, who resides on Audubon avenue in Rochester, was lodged in Fulton county jail Tuesday evening by Chief of Police Paul Whitcomb on a vagrancy charge while officials investigated complaints of several frightened Rochester residents who claim to have been "hexed" by the woman. Prosecutor Murray McCarty said he was asked to force Mrs. Ray out of the city by persons who believe their spells would be broken if she left. One family attributed their daughter's serious illness to a spell cast by Mrs. Ray, and a minister was sent to the home to try to allay their skepticism. Mrs. Ray is quoted by others as saying "I killed a Rochester officer through a spell and I have another so that he is not able to eat." Mr. Ray is a WPA laborer, and the family came to Rochester from Plymouth, where they were ordered out.

Mrs. Robert Highway is a patient at Woodlawn hospital in Rochester since Friday night, when she was operated on for appendicitis. Her condition is satisfactory.

Deloris Halderman was a guest of honor at a breakfast given Monday at the home of Mrs. Roy Denison at Rochester by the D.A.R. organization. This was for the county awards of Good Citizenship.

What students are learning in third grade

At the request of the editor, students in Mrs. Law's third grade class at Mentone are sharing some writings with the readers. This is a follow-up of a visit to their classroom to discuss communication through newspapers.

What I learned a lot about in third grade was math. When I came in to third grade I did not know how to multiply. But once I started I learned fast. On my first timed test, I passed. I got on my fours and did not pass and I was not happy. But after my fours I have not missed one time and I am on my nines now. I am hoping I am going to my tens with out out missing some. Mrs. Law said she would let you pick from a can of pop or candy bar if you passed your tens.

Scott Whetstone

I learned a lot in third grade. I specially learned to write good. I can write A to Z in cursive.

I also like Health. I learned what healthful foods I can eat and what to do with your teeth.

I also learned to draw pictures good and to paint over crayon pictures without them smearing. I did good this year.

Your friend
Dustin Pifer

I learned how to do many more things on a computer. I learned all about them. Now I know how to quick change, zoom in, edit, and save. I learned about inventions on a computer.

I've learned about bees. When we made some bees, we found out some interesting facts about them.

I learned about snakes, and how many there are in Indiana. I learned that when a rattle snake rattles his tail, he is afraid.

I learned how to do division and hard multiplication. I found out a different way to make a division sign. That is what I learned in third grade.

Darren Parker

In school there are many things to learn. I've learned the four food groups and learned how to divide in math. It is fun in school because there are many things you can do in the subjects. In health you can learn what the right foods are to eat.

When you get in third grade, you will learn new and exciting things. Third grade will teach you how to multiply. It is fun. In gym it is fun because you can learn how to run faster and better. Art is fun too, because you can learn to draw better.

Emily Erp

I've learned alot in third grade. I've learned multiplication. I've learned division, too. I've learned ho to use computers better. I learned about communication this year. I learned your body in health. I've learned about science. I've learned how to sing "Don Gatto," "Love," and "Hats."

By Cory Fore

I have learned about math. You will have math all your life. If you work in the bank you will have to

use math. Math is fun, if you know how to do it. Sometimes it is hard and scary. If you make a mistake you will have to do it again. You have to do time tests in third grade. Whow I know how to do math!

By Carmen Hart

I've learned to care for others. I've learned to do divishen. I've learned to write in cursive. I've learned things that are healthy. I've learned things about the computer. I've learned about snakes. I've learned about multiplication. I've learned about bees and about other people.

Jamie Sagun

I learned that keeping healthy is very important. A few things I learned about keeping healthy are the following:

1. Brush your teeth. 2. Comb your hair. 3. Wash your hair at least twice aweek. 4. Keep healthy. 5. Eat healthful foods. 6. Get plenty of rest. 7. Get enough exercise.

Nicole Kuhn

I've learned how to make wind socks, how to make bees, flowers, turtles, and how to do Multiplication. I learned how to play Minnour and Cross Our Sea. I've learned how to draw Spuds, Snoopy, and Garfield, and how to do the crab walk.

Jamie McClone

I'm in a class called Lamp. Lamp is a gifted class. It's fun to go to Lamp. I've worked on a computer in Lamp. I've learned more things about computers. I've learned some things about South Carolina. I hope to be in Lamp next year.

In my regular class my favorite subject is Math. In math I've learned how to divide and multiply. I'm in my 5's in multiplication. I've passed my 5's once. Now I'm going to be on my 6's. My class takes timed-tests every Thursday. Is like multiplications timed-tests. I like third grade. I also like being in Mrs. Law's third grade class.

HOME Houseplants and indoor activities

*Many indoor plants can be moved to a shady location outdoors after danger of frost is past. Plants will dry out faster outdoors, so keep a close eye on soil moisture. Sinking the pots into soil will help slow down moisture loss.

YARD Woody landscape plants and fruits

*Prune early flowering trees and shrubs after flowers fade.

*Plant balled, burlapped or container nursery stock and water thoroughly.

*Remove and destroy overwintering bagworms.

*Follow home orchard spray schedule. While trees are in bloom, use fungicide sprays only to avoid injury to bees. Follow all label directions.

*Thin fruits of apple and other fruit trees about three weeks after petals fall. Apples should be spaced about eight inches apart. Peaches will probably not set enough fruit to require thinning.

*Apply fungicide sprays to roses to control diseases such as black spot.

*Apply insecticides to the lawn to control soil insects, such as white grubs and sod webworm. Soil insecticides are often available in both granular and spray formulations. Follow label directions.

*Mow lawn when grass is 1½ to two inches tall.

*Fertilize lawn with about one pound of actual nitrogen per 1,000 square feet.

*Remove blossoms from newly set strawberry plants to allow better runner formation.

*Remove unwanted sucker growth in raspberries when new shoots are about one foot tall.

Canfield resigns as associate pastor

Terry L. Canfield

The Rev. Terry L. Canfield has announced his resignation as associate pastor of the Akron Church of God effective June 26, 1988. At that time the Canfield's will be joining the Pastoral staff of the First Church of God in Eaton. His responsibilities will include Christian Education and youth.

Rev. Canfield has been involved in local groups and activities since moving to Akron in August, 1983. He is a member of the Akron Lion's Club, Henry Township Ministerial Association, and past board member for the Fulton County Big Brother Big Sisters. He has also been active in the Akron Scouting program. Canfield will continue to serve in elected positions for the Northern Indiana Association of the Church of God.

Ruth Canfield has been a first grade teacher at Akron Elementary School for the past eight years. Their son Joshua was born in November 1987.

The church is planning a farewell activities before the Canfield's move to Eaton. Further details will be announced at a later date.

Tall-Tale Tournament cast

The students in Mrs. Martin's sixth grade class at Akron performed their version of the play "The Tall-Tale Tournament" last week in their classroom. The cast of characters included the likes of John Henry, pocahantas and Molly Pitcher. The actual tournament is held each year in Bloomington. (News Photo)

This idea can help
senior citizens when they
need it most.

Our employees are learning to look for potential problems...

...If we find them, we'll notify Area Agencies on Aging.

Hundreds of Public Service Indiana employees are learning about an idea that works for Indiana's senior citizens. It's called Gatekeeper. It's a program that promotes awareness of certain danger signals that can point to trouble. Since our employees live throughout our 69-county service territory, they can help keep an eye out for such signals as:

- signs of confusion
- changes in appearance or behavior

- signs of disability
- unattended lawns
- uncollected mail
- uncollected newspapers, etc.

If we suspect trouble, we'll notify Area Agencies on Aging so they can follow up.

Gatekeeper's an idea that can help Indiana's senior citizens when they need it the most. It's another idea that works for Indiana.

Today

We know nothing of tomorrow

Of its pleasures, joys, or pain,

Yesterday is gone forever

Never to be lived again.

We live today, only today

And should live it carefully

That all we do and all we say

Should kind and loving be.

Have a smile for each sad mortal

Today you chance to meet

And always have a cheerful word,

For each distressed soul to greet.

Don't let today forever end

Without some good you've done

Today ask our Heavenly Father

To bless us, everyone.

Senior citizens, a reminder that the May pitch-in-dinner will be Wednesday, May 18. If you are 60 years of age or older, come join us for a well

Lady Vikes and Zebras clash in softball action

The Tippecanoe Valley and Rochester softball teams met again on Thursday, May 5.

Three home runs were hit over the Akron softball diamond fence. Two were by host Tippecanoe Valley and one, a three-run smack by Jody Yochum in the bottom of the sixth inning, gave the Lady Vikings the 7-6 victory.

Yochum's home run came with Rochester holding a 5-4 lead. The homer came with pinch-runner Missy Lewis and Chris Bowers on base.

Lori Gray started Valley's scoring in the second inning with a solo home run. Janet Lynch added a

two-run single in the third inning and drove in another run in the fifth on an infield out.

Yochum drove in three runs on three hits and scored three times to lead Valley, now 7-2. Lynch added two hits and three RBI's and Gray also had two hits. Lisa Shuey struck out one and walked five in seven innings of work to pick up the victory.

Lady Vikes outscore Wawasee

The Tippecanoe Valley girls softball team defeated Wawasee 6-4 on Monday, May 2. The win was a result of a fifth inning rally spurred by RBI singles by Janet Lynch and Jenny Doud.

Trailing 4-3, Jody Yochum started the Valley fifth with a double, Lori Gray added a single and Amy Lewis walked to load the bases. Lynch's single to rightfield drove in Yochum with the tying run, but Gray failed to touch home plate and was called out. Doud followed with another single to right to drive in Lewis with the lead run and Lynch with an insurance run.

Lisa Shuey held Wawasee scoreless over the last two innings as Valley held on for its sixth straight victory.

Shuey pitched all seven innings for Valley, now 6-2. She gave up three earned runs on just three hits, struck out six and walked eight to raise her record to 6-1.

Yochum had two doubles in the game. Gray, Lynch and Doud each chipped in with a pair of singles. Kris Perry added a two-run single in the fourth inning.

TV golfers place 7th in golf tourney

Andy Mikesell and Keith Ruberg each sank three birdies and Donnie Fellows shot nine pars Saturday, May 7, to lead the Tippecanoe Valley golf team to a seventh-place finish in the LaVillie Invitational.

Ruberg and Fellows led Valley with rounds of 83. Ruberg shot 44-39 on the par 36-36-72 course, Fellows shot 42-41 and Mikesell carded a round of 41-47-88. Chad Brouyette shot 42-48 and Troy Busenburg shot 47-43 for rounds of 90.

South Bend Adams won the tourney.

TV netters top Zebras

A three-set battle at No. 3 singles determined the winner of the May 2 match between the Rochester Zebras and the host Valley Viking tennis teams.

With the match tied 2-2, Ashley Conner clinched the Viking victory by beating Debbie DelRosario two games to grab the match with a 6-4 victory of her own. Conner came on strong in the third set and captured a 6-2 victory, which gave the Lady Vikings the win.

Valley's other winners were Leslie Miller at No. 1 singles with a 6-1, 6-3 decision over Lisa Carr and the No. 2 doubles team of Chrissy White and Alisa Zolman with a 6-0, 6-0 decision over Jennifer Kelly and Laurie Parko.

In junior varsity action, the TV team of Stephanie Crill and Heidi Smithson beat Ann Sawyer and Carey Carr while Lael Leininger and Aletha Cox were victims of the same Lady Zs.

JV squad defeats Warriors

Tippecanoe Valley High School's JV baseball squad smashed North Miami 11-1 in a home game on May 2. The Vikings got their 11 runs on just as many hits as they raised their season record to 4-2.

Mervin Jones was credited with the win on the mound. He went the distance in a game called at the end of the sixth on the 10-run rule.

Jones struck out seven North Miami players and allowed only one walk. He was hot on the plate as well, going 2-3 and batting in three, two of which came on a two-run homer in the sixth.

Bill Gillman also had three RBIs on the outing as he went 3-4 at bat. Craven Lynn batted in two runners and Marc Courtney contributed to the Viking effort with one RBI.

WRINKLES AROUND THE MOUTH?

If you wear full dentures and have noticed lately that you seem to have an excessive amount of wrinkles around your mouth, you should probably have your dentures evaluated by your dentist.

Excessive mouth wrinkles are only one sign that your dentures may need to be adjusted or replaced with new ones. Other signs are sunken cheeks and lips, which not only detract from your appearance but can add a lot of years that don't need to be there.

If you've been wearing full dentures for five years or more, they may have settled into your gums, causing your face to collapse or sag and forming unnecessary and unwanted wrinkles. But with a new denture your facial tissues can be "plumped out" or rebuilt, getting rid of the sags and minimizing the wrinkles.

No matter how long you've been wearing dentures, they should be checked by your dentist yearly. He can see if they fit properly, and he can check the health of your gums and bone. The years come soon enough. Don't let your appearance add years that don't belong there.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Phone 223-3121; 1114 Mishawaka St., Akron, Phone 893-4545.

Valley recognizes FFA achievements

Members of the Tippecanoe Valley Chapter of Future Farmers of America were recently honored at an awards banquet held at the high school.

Honored as the top sales persons for the year were Jeff Carson, Jenny Doud, George VanMeter, Brian Kerr, and Matt Mauk.

People who benefited from leadership camp at Trafalgar where they discovered a variety of leadership skills and how to become better leaders were Richard Groninger, Todd Doberstein, Jeff Carson, Charlotte Heiden, and Matt Mauk.

Tim Doud placed second in the demonstration category at the District II leadership contest while Mike Harsh placed third in the exhibit category where he made a display entitled "Agriculture's New Spirit".

Recognized as the local delegates to the 1987 State Convention held at Purdue were Mike Harsh and Randy Fields.

Judging teams for the year were introduced to those in attendance. Judging poultry for 1987 were Scott Shepherd, Jim Kintzel, Randy Fields, and Tim Doud. The team place third in competition. The 1988

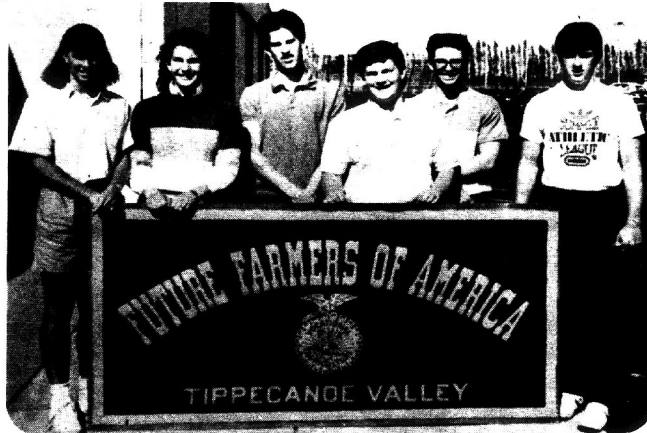

team consisted of Scott Shepherd, Charlotte Heiden, Randy Fields, and Gabriel Whetstone. The team placed first at the district contest and will compete June 2 at Purdue.

Placing first at the district level in dairy judging were Walter VanMeter, Tim Doud, Jenny Doud, and George VanMeter. The team will judge at Purdue on May 31.

The livestock judging team placed fourth at the county. Members of the team were Mike Harsh, Charlotte Heiden, Todd Biddinger, Wesley Wooden, and Brian Kerr.

During the evening activities, senior members of the FFA organization were recognized. They are Jeff Carson, Todd Doberstein, Tim Doud, Kevin Pyle, Scott Shepherd, and Jon Tinkey. Tim Doud was named the winner of the outstanding senior participation award.

Named as honorary farmers of the organization were Tom Groninger for the use of his equipment and Ben Lipply for assisting the dairy team and for serving as basketball coach.

Receiving high honor awards in Agriculture II were Jenny Doud, Charlotte Heiden, Scott Nelson, Todd Biddinger, Walter VanMeter, and Derek Eaton. (Photo by Biddinger)

TVHS Vocational Agriculture I honor students who received recognition were (row 1) Geri Schuh, Thad Leininger, Chris Reese, (row 2) Tim gardener, Erica Carson, Bryan Stephen, Josh Berry, and George VanMeter. (Photo by Biddinger)

Land value increases

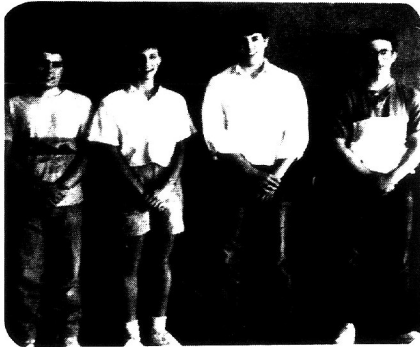

As of February 1, 1988 Indiana's farm land values averaged \$983 per acre, up 6 percent from 1987 but down 52 percent from the peak value of \$2,031 per acre in 1981. The upturn can be attributed in increased farm income in 1987, falling farm debts, and a lower interest rate than last year.

Cash rent for Indiana cropland on February 1, 1988 averaged \$77.00 per acre, unchanged from last year. Whole-farm cash rent decreased 1 percent from an average of \$74.30 per acre in 1987 to \$73.90 per acre in 1988. The average cash rent for pasture land decreased 12 percent from \$35.70 per acre last year to \$31.30 in 1988.

TWO MINUTES

WITH THE BIBLE
BY CORNELIUS R. STAM, PRES.
BEREAN BIBLE SOCIETY
CHICAGO, ILLINOIS 60633

THE VISITING PREACHER

Paul and Barnabas had seated themselves in the large synagogue in Pisidian, Antioch. They were soon recognized as "Clergymen," however, for "after the reading of the Law and the prophets" they were asked whether either of them might have some word of "exhortation" for those who had gathered.

These details are important, for as Moses, in giving the Law, had declared God's moral standards, the prophets had for centuries challenged the people to obey the Law and had warned them of the dire consequences of breaking its commands. Hence, in the synagogues passages were generally read from the Law and the prophets, and the religious leaders would then "exhort" the people to heed the prophets and obey the Law.

Paul and Barnabas, the visiting preachers, therefore, were asked whether either of them had a "word of exhortation" for the people. Paul responded to the invitation but, rather than merely exhorting his hearers to

keep the Law, he proclaimed Christ, who in love had died for all lawbreakers, closing with these words:

"Be it known unto you therefore, men and brethren, that through this Man is preached unto you the forgiveness of sins; and by Him all that believe are justified from all things, from which ye could not be justified by the law of Moses" (Acts 13:38, 39).

How we need this message today! We may forever exhort one another to keep the Law, but who of us has not already broken it? Let us thank God, then, that He is a loving Saviour as well as a just Judge and that as God the Son He paid for our sins Himself at Calvary so that we might be "justified freely by His grace."

"Christ hath redeemed us from the curse of the Law, being made a curse for us" (Gal. 3:13).

"Therefore being justified by faith, we have peace with God through our Lord Jesus Christ" (Rom. 5:1).

"Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:31).

1987-88 a losing year for Tippy Valley athletic budget

When the final figures are tallied, the Tippecanoe Valley High School athletic fund may be the loser for the 1987-88 school year.

A preliminary financial report, given by athletic director Bob DuBois at the May 9 meeting of the Tippecanoe Valley School Board, revealed athletic programs lost \$2,374 during the past year. Final figures will not be available until after the accounts are closed and reorganized in June.

For the 1987-88 school year, the athletic department had a budget of \$10,250. As of May 1 the balance was \$8,400 with a projected final balance in June of \$7,500.

The loss is a result of total expenses for 19 sports being \$38,844.42 with an income of \$36,469.98.

According to DuBois, the

loss for the year is not significant. He noted that scheduling of games causes a fluctuation in the income and expense of the athletic program.

The athletic department has expenses of approximately \$4,000 for insurance; almost \$7,000 for awards; \$18,000 in operational costs; \$7,000 for officials, and \$4,000 in transportation.

DuBois is optimistic that the difference can be made up next year.

In other business, a resolution was passed by the school board to notify bidders for two projects in the corporation.

Architects may submit bids until May 31 for construction of new administrative offices at Mentone. The board said they will be reviewing all bids received

and interviewing at least three firms.

Notice of bids for temporary loans for the general, debt service and transportation funds were also approved by the board. These loans will be payable on December 30, 1988.

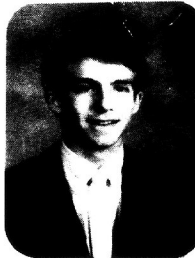

Bids will be accepted until 1:30 p.m. on June 13. The bids will then be opened during the regularly scheduled school board meeting that evening at 7:30 p.m.

The board is advertising for the loans in the amount of \$288,000 for the debt service fund; \$526,000 for the general fund; and \$85,000 for the transportation.

In other business: Approval was given for textbooks in the business, driver education, home economics and to page 2

Ladson, Keirn named top students

Robert Dale Ladson, Jr. has been named the 1987-88 valedictorian for Tippecanoe Valley High School graduating class.

Robert Ladson, Jr.

Ladson is the son of Dale and Lois Ladson, Rt. 2, Rochester.

Also taking high honors at the Tippecanoe Valley

High School is Kimberly Nicole Keirn who has been named the salutatorian for the 1988 graduating class. Kimberly is the daughter of

Kimberly Keirn

Sam and Sue Bushong, Rt. 5, Warsaw.

Both students have played an active roll at TVHS. Ladson is president of the Student Council, a

member of the National Honor Society, winner of the Voice of Democracy Speech contest, treasurer of the Drama Club, a member of Campus Life, Who's Who in American High School Students, and the Society for Distinguished American High School Students. Ladson has also been named a Hoosier Scholar.

As vice-president of the Student Council, Kimberly is also president of the National Honor Society and a member of the girls basketball team. She has been named the winner of the DAR Good Citizen Award and is also a Hoosier Scholar.

Ladson plans to attend Rose-Hulman Institute of Technology with a major in Engineering - Research Development. Keirn plans to attend Purdue University and major in science.

"Just say no" Week observed

The students and staff at Akron School observed "Just Say No" Week during the week of May 9-13. All students participated in a poster contest and a writing activity, both of which dealt with drug and alcohol abuse.

The third grade students held "Just Say No" Day on

Wednesday, May 11, as they learned about the "Just Say No" Club that will be organized for next year's fourth grade students. On Friday, May 13, a "Let Go and Just Say No" picnic was held on the school playground. Sack lunches were provided by the cafeteria staff while orange

drink from Burger King of Rochester was available.

The girls and boys varsity basketball squads from Tippecanoe Valley High School attended the picnic and spoke informally with the students and signed autographs. A balloon launch served as a conclu-

sion to the picnic and "Just Say No" Week.

Each student received a "Drugs-Just Say No" button during the week for completing their writing activity. The posters will be judged and first, second, and third place prizes were given for each classroom.

Crowin' and cluckin' contest added to festival

Mentone will be calling roosters and chickens during the activities planned at the 1988 Mentone Egg Festival scheduled for June 3 and 4. The Crowin' and Cluckin' Contest is scheduled for Saturday, June 4, at 2:00 p.m. and will be open to individuals 14 years of age and older.

The Crowin' and Cluckin' Contest is just one of the many exciting events being planned for this year's Egg Festival. Back by popular demand will be the Variety Show which will be held in front of the Town Hall at 7:30 p.m. on Saturday followed by the Chicken Drop. The popular Mentone Parade will attract many area individuals at noon followed by the crowning of Mr. Rooster and Miss Chick.

Friday's activities will be highlighted by a Fabulous Nifty-Fifties Dance scheduled 8:30 p.m. until 11:30 p.m. There will be contest for the best dressed, the twist and hula hoop enthusiasts, and the Elvis look-a-like group. The Friends of the Library will host a book sale uptown during the day and the sidewalk sales will also be in progress on Friday.

The three-on-three basketball games will be held at 4:00 p.m. each day as will the Youth League baseball tournament.

For your evening entertainment the Scrambled Egg Symphony will perform on Saturday and a euchre tournament will be held Friday.

There will be chicken Bar-B-Q sponsored by the Lions Club on Saturday and also a hog roast.

During the two days of fun there will be flea markets, garage sales, and games and races for the kids.

Plan now to attend the 1988 Mentone Egg Festival. You won't want to miss any of the fun.

Scout picnic Wednesday

The Akron Cub Scouts, Pack 3245, will have their annual picnic tonight (Wednesday, May 18) at the Akron Park beginning at 6:30 p.m.

This will be a carry-in meal, with the meat and drink being furnished.

The Wolf Den should bring salads, the Bears Den should bring desserts, and the Webelos Den should bring hot foods.

Students at Akron School launched helium filled balloons Friday as a climax to their observance of "Just Say No" week. A picnic was also enjoyed by the facul-

ty and students. The weather co-operated for the festivities and a good time was enjoyed by all. (News Photo)

Letters to the Editor

Dear Editor:

As we are approaching Memorial Day, we would like to report to the lot owners of the Akron Cemetery Association that we would appreciate donations very much. Inflation has brought rise of mower costs and repairs and the decline of interest rates (which affect the income of the Endowment Fund) which makes it very difficult for the Board to meet the expenses. It now costs around \$8000 per year for the upkeep of the Cemetery. Donations may be left at the Akron Exchange State Bank, the Akron Library or may be given to any Board Member. The Board deeply appreciates those who have made contributions.

A new beginning...

WHAT WILL YOUR CHILDREN REMEMBER?

Last winter a program was aired about a community trying to conserve energy. The program quickly caught my interest. The evening had been very cold and windy and as I cuddled under our electric blanket, I could relate to the people and their predicament.

Modern conveniences are, indeed, a help. They manage to save time for more important things. However, they help drive up the blood pressure for some of us in one way or another. Let me explain.

One lady in the interview mentioned her dishwasher. She had been so pleased with it only to find it was too expensive to use. She used it awhile catching it before the drying cycle and letting the dishes air dry to conserve on electricity. This brought back memories...my dishwasher sometimes fails to rinse properly and after several times we decided to do the dishes by hand.

Sweepers with power nozzles and beating brushes are wonderful...when they work! Some people have resorted to the hand-pushed carpet sweepers for small jobs.

Electric can openers are terrific...when they work! It would be a good idea to keep an old fashioned can opener around in case yours decides it doesn't want to cut the entire circumference of the can...only every inch or two.

Dryers, gas or electric, were lifesavers several years ago and have been taken for granted lately. However, when trying to save on energy and pennies, clothes racks and clothes lines become an everyday help to us. (True, it looks like the depression has hit with the rack standing in your room, but it sure helps.)

While growing up in the 50s and 60s, I remember heating with a wood furnace. What an improvement it was from the stoves located in one or two rooms! The coal and wood furnaces certainly did the trick keeping people warm, but, once again the pollution in the air prompted gas, oil and electric heat in most households. How convenient! No carrying wood and coal, and, heat with the flick of a wrist! Then came conservation and higher bills. Many have resorted to fireplace inserts and kerosene heaters to keep the cost down. Somehow we have managed to come full circle by carrying in wood to build the fire, AGAIN.

Household items are not the only things that have changed. In the 60s, wings and fins adorned almost every automobile. We, as a whole, have become more streamline in our choice of vehicles - once again to conserve our gasoline. No more V-8 engines for most of us, 6 and 4 cylinder cars of a compact nature are more common all the time.

When people refer to "the good old days" I tend to agree. I remember when cars were big and flamboyant; when thermostats didn't have to be set at 68 degrees; when people didn't worry about the price of gasoline and the can opener on the wall ALWAYS worked. We dried clothes on the line because we wanted to, not because we had to, and a fire in the fireplace was cozy - not necessary to cut expense.

What do you think your children will remember 30 years from now?

Coming up: May 25 - "Carting" around your anxieties.

June 6 - A New Beginning is going to the dogs.

School Board report

nomics, industrial arts, ICE and vocational agriculture classes at the high school and for home economics, music art and industrial arts in the elementary and junior high schools. The board approved the recommendations given by varying committees.

The board decided to apply for a Prime-Time Waiver which allows a school corporation to use

teacher's aides rather than full time teachers.

The Adult Basic Education program has been extended for another year.

Summer school classes have been scheduled for June 6 through July 1 for ISTEP students and high school classes. Classes for grades 1-8 will continue until July 18. Recreational schools and camps will be conducted throughout the summer starting May 31 and ending August 5.

Business As Usual

This farmer is very busy as are all area farmers this time of year. The recent warm weather has encouraged farmers to get their crops planted. The entire Tippecanoe Valley area is in desperate need of rain along with other parts of the state.

This picture was taken approximately one mile south of Mentone on Co. Rd. 1000W. (News Photo)

In loving memory of our dear mother, Cora Coplen who departed this life three years ago May 23, 1985. Dear Mother, can it be true Three years have passed since God called for you. The call was short, the shock severe To part with one we loved so dear. When the evening shadows are falling, And we are sitting all alone, In our hearts there comes a longing If you could only be back home.

Junior D. and Joyce A. Good of Rochester have recently purchased the property of Mr. and Mrs. Vernon Stutzman. The home is located on East Rochester Street. Demolition of the present structure began Monday, May 9, 1983. Completion of the building project is planned for this fall. Jon D. Good, a 1981 graduate of Manchester College, will manage the Akron firm upon completion of his studies at the Mid-American College of Mortuary Science. He will be assisted in the family owned business by his parents.

The Tippecanoe Valley Building Trades Class held an open house on Sunday to display the 1982-83 class project. An estimated 100-150 people attended. The house, a super efficient three bedroom, two-bathroom is located in Saner's Addition, Akron. Partial solar heat, super-insulation and an air-to-air heat exchanger are some of the features of this year's project. For February and March, the estimated heating bill was 64 cents a day with the temperature set at 68 degrees. The house is completely carpeted and has a dishwasher, range, patio, garage and natural gas heat. The TVHS Building Trades class and teacher, Ken Murphy, would like to thank the public for attending the open house.

Sixteen members and two guests met Monday evening, May 9 at the home of Joy Miller for the Jolly James club. Paula Shireman showed slides and told of her trip to China. Pearl Horn was a guest. Gifts were given out to Jo Gamble, Alice Hardesty and Carol Hurst. After the business meeting delicious refreshments were served. Barbara Secrist won the door prize.

Purple heart plate for cars

Bureau of Motor Vehicles Commissioner, Charles E. Layton has announced that applications are available at all license branches for the new Purple Heart License plate.

Recent legislation enabled the Bureau of Motor Vehicles to design and issue a passenger vehicle plate that will designate the vehicle as being registered by a recipient of a Purple Heart decoration. The Purple Heart distinction has historically been bestowed to men and women who have suffered an injury while serving as a member of the United States armed forces.

Purple Heart plates will be available for distribution on January 1, 1989.

Veterans with any questions concerning the purple heart plate may contact the Veterans Affairs Office, Room 707, State Office Building, Indianapolis, Indiana 46204 or telephone (317) 232-3910.

Akron Library News

New books available at the Akron Public Library are:

As I Am, an autobiography written by Patricia Neal. Many have spoken and written about her and her valiant battles against adversity; now she speaks for herself correcting the record and telling for the first time her own story of a life that has been more dramatic than readers ever realized.

Lucindrella by Berry Fleming. This comic third novel is this author's series centers about Lucinda, a local girl-makes-good, who returns on her psychoanalyst's suggestion to Fredrickville, Georgia, in order to "find herself".

On the Outside Looking In by Michael Reagan. The intimate autobiography of the eldest son of President Ronald Reagan and Jane Wyman. Adopted at birth, he appeared to have everything going for him, but his parents divorce, when he was only three, and the revelation shortly after that he had adopted, plunged him into an abyss of despair.

Elizabeth Takes Off by Elizabeth Taylor. Elizabeth's triumph is, as she puts it, "a victory for anyone who has ever lost their self esteem", and she generously shares what she has learned, including her personal diet and exercise system and invaluable weight-loss tips.

Alice by Sara Flanagan. Out riding, she hears screaming from a run-down shed behind the isolated cabin of the Guthrie family. There she discovers Alice, a nearly deaf girl kept as an animal by her cruel father and frightened mother, who for different reasons want to conceal her from other people.

The Underground Railroad by Charles L. Blockson. First-person accounts

of escapes to freedom in the North through the help of free blacks and sympathetic whites. Tales of tremendous heroism in the face of overwhelming odds.

Honey from the Lion by Wendy Belcher. The publication of the account of a young woman's return journey to her childhood home of Ghana.

New records available at the Akron Public Library are Domingo's Greatest Love Songs, by Placido Domingo, Boston, Different Light, by Bangles, Wish You Were Here, by Pink Floyd, The Talking Animals, by T-Bone Burnett, Never Die Young, by James Taylor, Romances For The Saxophone, by Branford Marsalis, Always In My Heart, by Ray Conniff, Round Midnight, by Herbie Hancock, Less Than Zero, original motion picture, Top Gun, Kenny Loggins, The Fabulous Big Bands, Amazing Grace, various artists, Tunnel Of Love, by Bruce Springsteen

Time is Precious

If there's a deed you've left undone,

Before the setting of the sun,

Do it Now!

If there are words you didn't speak,

To soothe a hurt or boost the weak.

Do it Now!

If you can make a sick friend well,

Or just a happy story to tell,

Do it Now!

Time is precious every day.

Make it count in a selfless way.

The nutrition project's Annual Banquet was held Saturday May 14, at the Miami Co. Y.M.C.A. in Peru. This year's theme is "Election Days." Following is a list of Volunteers who is eligible from our site.

Geraldine Hill, Trella Bastain, Mabel Alderfer, Kenneth Bright, Margaret and Paul White, Lois Woolley. I want to thank each one of you for a job well done. This program is working in your home town through your time and efforts. Also to each person who volunteers their time and donates to this program. Thursday May 12th, the Keen-Agers celebrated Mabel Alderfer's birthday. Geraldine Hill baked the cake for the occasion. Homemakers meet with Mrs. Sullivan

The Mentone Extension Homemakers met May 21 with Grace Sullivan of Rochester. Vice-president Esther Sarber led the pledges to the flag and the Creed. The song of the month was "Tell Me Why".

Mrs. Sullivan read "Blessed is the Mother" and Esther Adams poem "My Mom" for meditation.

Oliver Tucker gave the garden remarks on how to keep rabbits and raccoons out of a garden.

Health and Safety leader Esther Sarber followed with pointers for good health.

The history of Franklin Township was read by Genevieve Warren.

The "Wedding Day Memories" roll call was answered by seven members and Leona Eber, Setta Carlite and Dorothy Horn who were guests.

Before the closing of the meeting with the Collect, it was announced that the June meeting will be with Eula Smith. Pearl Horn won the door prize.

Dinosaur Trails theme for summer program at Bell Memorial Library

Dinosaur Trails is the title for the summer reading program at Bell Memorial Library in Mentone this summer. Young readers (next year's kindergarten through sixth grades) are invited to join the fun. There are no special meeting dates during the six weeks, May 31 through July 8, but there will be a party July 12 for all who participated. Children enrolling may also participate in the library's annual "Trading Post Day, a junior flea market, June 15.

Summer reading club is not a contest. Each member is free to determine the number of books he/she will attempt to read, and then proceeds to do so at their own pace. As books are completed the individual

al's flag is moved around one of the many trails on a map featuring special landing sports such as "The Valley of the Carnivores" and "The Perch of the Archaeopteryx", where prizes are earned.

Summer reading club emphasizes devoting some quiet-time each day for reading those books that appeal to that particular person and for trying books from new categories. The fact that this keeps reading skills sharp for the next school term is an added benefit.

Bell Memorial Public Library serves the town of Mentone and Harrison Township. Non-residents may purchase cards for library privileges.

DAR meets at Winona Lake for joint meeting

Anthony Nigo Chapter, NSDAR, Mentone, met on April 26, with Agnes Pryne Chapman Chapter as hostess at the International Friendship House in Winona Lake. A delicious meal preceded the meeting with Mrs. Alene Collins giving the dinner blessing.

The regent, Mrs. Quentin Evans thanked the committee and everyone introduced themselves. The opening ritual was conducted by the regent followed by the pledge to the flag of our country and singing of two verses of the National Anthem.

The President General's message was read by Sally Fish and National Defense was given by Agnes Davis on "Hamilton's Legacy".

The program "We The People" was given by Mrs. Charles Tucker from Mentone. This is an educational slide program celebrating the Bicentennial of the United States Constitution. It was assembled by Phyllis Schaffly's Eagle Forum Education and Legal Defense Fund. Last year was the 200th anniversary of the signing of the U.S. Constitution. The Bicentennial Commission expresses the hope that the celebration will be a real "civic lesson" and appeal to all ages, races, religions and politics - in other words, grassroots America. It is informative and inspirational and focuses on Why the Constitution is the foundation of our great liberties, how the Constitution enabled America to grow and prosper, and what exactly it is in the Con-

stitution that brought about these results and made people all over the world want to come here.

The DAR Good Citizens were introduced, Mark Ray from Wawasee, son of Mrs. Barbara Ray who was the county winner and Kim Keirn from Tippecanoe Valley, daughter of Jim Keirn and Sue Keirn. The Warsaw representative Jane Bollinger could not be in attendance.

The Regent, Mrs. Evans, gave a report on Continental Congress and presented the slate of national officers running for election for next year, The Kemper Associates and the Yokum Associates.

The Mentone regent, Mrs. Glenn Clauss thanked the Warsaw chapter for their hospitality and congratulated the winners. District meeting was on May 16 in Wabash.

Black Receives Award

The United States Achievement Academy announced recently that Troy L. Black has been named a United States National Award winner in speech and drama.

Black, who attends Tippecanoe Valley High School, was nominated for this national award by Beth Barr, a speech and English teacher at the school. Black will appear in the United States Achievement Academy Official Yearbook, published nationally.

The academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the academy.

Black is the son of Paul and Beulah Onstott, Burket. The grandparents are Nelson and Gladys Holloway of Burket.

Who Knows?

Service Notes

Tracey L. Bunch

Airman Tracy L. Bunch, son of Mr. and Mrs. Howard Bunch of 68814 SH Drive, Edwardsburg, Michigan, has graduated from Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the community college of the Air Force.

His grandparents, Mr. and Mrs. Omar Leininger, reside at Rt. 2, Akron.

The airman is a 1987 graduate of Edwardsburg High School.

Navy Petty Officer 3rd Class Kerry K. Kehoe, a resident of Rt. 1, Claypool, recently completed two weeks of active duty training with Reserve Naval Mobile Construction Battalion-26, Naval Air Facility Detroit, Mount Clemens, Mich.

During the training conducted at Fort Jackson, S.C., Kehoe assisted with a construction project and participated in military classes on weapons; first aid; map reading; nuclear, chemical and biological warfare; and small unit leadership.

He joined the Navy Reserves in November 1982.

Vikes fall to Squires

The Tippecanoe Valley baseball team dropped its season opener in the TRC in an exciting game with Manchester.

The two teams pounded out 21 runs and 24 hits before the Squires scored the victory.

Manchester put the game away with a five-run top of the seventh inning. Tippecanoe Valley never gave up as it responded with a four run outburst in the bottom of the last inning and had the tying run at the plate when the game ended.

Tippecanoe Valley used the wind as they pounded out a pair of home runs. Tim Sparrow hit his first of the season and Chris Paris also slammed his first.

Dwayne Leiter led the Viking hitters as he had three hits.

The big hitter for Manchester was Doug Fahrnow as he had three hits. One was a double and one was the game-winner, a bases-loaded triple in the top of the seventh.

7th inning hits secure victory for Vikings

The Tippecanoe Valley girls softball team raised its record to 9-5 with a 9-8 victory at NorthWood last Saturday.

Valley took a 9-3 lead over NorthWood with a seven-run seventh inning. Lori Gray, Jenny Doud, Kris Perry and Barb Burdge had RBI base hits in the rally. NorthWood took advantage of seven walks in the bottom of the seventh to rally for five runs and make things interesting. Lisa Sheu pitched into the seventh inning to pick up the victory. Gray finished up in relief. Perry led the Valley offense with three hits. Gray and Lynch had two hit apiece.

TRC golf title stays with Valley Vikings

Keith Ruberg and Chad Brouyette secured the 1988 TRC golf title for the Tippecanoe Valley Vikings last Saturday on the Norwood Golf Course.

During the first half of the tournament anyone of the eight competing schools could have taken the title. Only seven shots separated six of the eight teams.

Ruberg and Brouyette managed to improve their scores during the second half which led to the TRC title. Ruberg finished the back nine with six pars and a tournament-low score of 38. His 18-hole total of 47-38-85 quickly secured the victory.

Brouyette proved to be the most consistent golfer on the course with a round of 44-43-87 including a birdie on the par-3 13th hole and four pars on the back nine. Valley was the only school with golfers shooting under 90 for the tournament.

Valley won with a score of 180-177-357 followed by Oak Hill 182-184-366 and Southwood 179-187-366, Manchester 182-189-371, Northfield 184-191-375, Whitko 192-190-382, Rochester 193-199-392 and North Miami 186-207-393.

Ruberg and Brouyette finished fourth and fifth, respectively, in the medalist standings. Valley's other scores were 44-48-92 by Donnie Fellows and 45-48-93 by Andy Mikesell. Troy Busenburg shot Valley's fifth score of 48-61-109.

Valley also won the TRC championships in 1978, 1980, 1982 and 1984.

TV golfers win 3-way match

Tippecanoe Valley High School's golf team came out on top of a three-way match Wednesday with Triton and Bremen at Rozella Ford Golf Course. Valley shot a team total of 171. Triton made second with 187 and Bremen scored third with 196.

Chad Brouyette had the shining performance for the Vikings, earning medalist honors with four pars and a birdie to end the nine-hole course with a 38. It was his best round of the season.

Andy Mikesell and Keith Ruberg were the next Vikings in line for low scores, each with a 44 for the day. Troy Eaton and Dennis Fellow shot a 45 and a 46 respectively for the Viking first-place finish.

On the JV side, Valley again led the pack with a team score of 191. Triton followed with 220 and Bremen fell behind with 260.

Ben Anderson was the leading JV Viking as he turned in a 45.

This idea can help
senior citizens when they
need it most.

Our employees are learning to look for potential problems...

...If we find them, we'll notify Area Agencies on Aging.

Sis! Boom! Bah!

The Akron School Spring Musical was held Tuesday, May 10. The elementary students presented the play "Sis! Boom! Bah!" which was directed by Julie Baxter. (News Photo)

Hundreds of Public Service Indiana employees are learning about an idea that works for Indiana's senior citizens. It's called Gatekeeper. It's a program that promotes awareness of certain danger signals that can point to trouble. Since our employees live throughout our 69-county service territory, they can help keep an eye out for such signals as:

- signs of confusion
- changes in appearance or behavior

- signs of disability
- unattended lawns
- uncollected mail
- uncollected newspapers, etc.

If we suspect trouble, we'll notify Area Agencies on Aging so they can follow up.

Gatekeeper's an idea that can help Indiana's senior citizens when they need it the most. It's another idea that works for Indiana.

THE LEARNING PROCESS CONTINUES THROUGHOUT OUR LIFE

It's almost graduation time. Whether you are a young adult just starting out in life or a more mature person who returned to the halls of learning either for pleasure or to acquire new skills, the joy of accomplishment is the same. However, it should be remembered that graduation is not the end of something, but the beginning. Every day of our lives is spent in learning something new, wherever we are, and we are constantly adding to our store of knowledge; if only by observing the world around us with an open mind during our daily travels. We also learn about life and the Creator who gave us this world in which to live, by our regular attendance at our House of Worship. There is no graduation from this kind of learning, and that is the way it should be, for as long as we live.

Education's purpose is
to replace an empty
mind with an open one.

NOTICE TO BIDDERS
Notice is hereby given that the Board of School Trustees of the Tippecanoe Valley School Corporation, Kosciusko & Fulton Counties, Indiana, will receive sealed bids at the Administration Office of the Tippecanoe Valley School Corporation, SR 19, Mentone, Indiana, on June 13, 1988 at the hour of 1:30 p.m. (EST) for the following described Temporary Warrants, such warrants to be let June 13, 1988, at 7:30 p.m. at the regular meeting of the Tippecanoe Valley Board of School Trustees.

Temporary Loan Warrants in the anticipated amount of \$528,000. and in consideration of collection for the General Fund up to the amount of \$528,000., the Debt Service Fund up to the amount of \$288,000., and the Transportation Fund up to the amount of \$85,000., dated as of date of delivery thereof to the purchaser, said warrant or warrants to be in the denomination or denominations requested by the purchaser, to mature on December 30, 1988, and to bear interest at a rate not exceeding 10% per annum (the exact rate to be determined by bidding), payable at the Bank of the successful bidder.

Bidders for these warrants will be required to name the rate of interest which the warrants are to bear, not to exceed 10% per annum. Such interest rate must be in multiples of 1/100th of 1%, and not more than one interest rate shall be named by each bidder for each fund. The warrants will be awarded to the best responsible bidder or bidders therefore who have submitted the bid in accordance herewith and will be the bidder or bidders who offer the lowest net interest cost to the school corporation to be determined by computing the total interest on each or all of the warrants to their maturity and deducting therefrom the premium bid, if any. The bid shall be subject to the unqualified approval opinion of a recognized bond or cashier's check in the amount of one percent of the bid payable to Tippecanoe Valley School Corporation to guarantee the school corporation against default by such bidder in complying with the terms of this notice and his bid.

The right is reserved to reject any and all bids and to waive any irregularities. Each bid shall be accompanied by a certified or cashier's check in the amount of one percent of the bid payable to Tippecanoe Valley School Corporation to guarantee the school corporation against default by such bidder in complying with the terms of this notice and his bid.

Shafer wins award at Manchester

Three Manchester College seniors are the recipients of awards presented by the college's Department of Economics and Business.

The three are Laura Young, who received the L.D. Ikenberry Award, and Debra Pezja and Randall Shafer, who received the Wall Street Journal Award.

Laura is the daughter of Mr. and Mrs. John Young, 3275 Forest Grove Lane, Downers Grove, Illinois. Her award is given for academic leadership, campus activities and potential leadership. It honors L.D. Ikenberry, who was treasurer of the college for over 40 years. Laura's father received this award in 1947.

Debra is the daughter of Mr. and Mrs. Eugene Pezja, 2101 Peachtree Lane, South Bend Indiana. Randall is the son of Mr. and Mrs. Robert Shafer, Rt. 1, Silver Lake, Indiana. The Wall Street Journal Award recognizes student leadership and potential. It is provided by the Wall Street Journal for the encouragement of business leaders.

Manchester College is a four-year liberal arts college affiliated with the Church of the Brethren.

Town of Akron plans more clean-up projects

Norman Noe of Leary Construction Company was on hand at Tuesday's monthly meeting of the Akron Town Board to explain his proposal for cleaning and painting the Akron water tower.

According to Noe, the tank is in good condition and with proper maintenance will last several years. The board approved Noe's proposal and Leary Construction will be doing the cleaning and painting of the project.

Superintendent Marty Gearhart reported to the board that the park was opened on May 1. According to Gearhart, local citizens are enjoying the park and seem to be using the park facilities.

At the request of Bob Allen, a resolution will be drawn up requesting the citizens of Akron to take part in a clean-up, fix up effort for the rest of 1988 in order to present a neat appearance to the individuals traveling through the town. Concern has been voiced about the appearance of the town and the surrounding area. Many visitors will be

traveling through Akron when the Farm Progress show is held west of the town.

Along with the clean-up discussion, Clerk Sarah Jane Sutton informed the board that Larry Bibler will be painting the town building yet this month if at all possible. Marty also stated he is keeping the ball diamond mowed and will continue to do for the July 4 celebration.

In other matters: Permission was given to Gearhart to continue order new water meters and to replace the old dial type. He is also to install remote readers where it is difficult to get in to read the meters.

Marshall Dittman asked the board to consider the purchase of a weapon to be used as a back up in addition to the ones already available. The town would be paying for the weapon. The board is taking his request under consideration.

TVHS Corp to perform

The TVHS Corp held try-outs May 17 to select members for the 1988-89 school year. From the 28 interested girls, 20 were accepted.

The new corp will consist of seniors Robin Hucks, Donna Flenar, and Linda Ping; juniors Amy Randall, Dani Best, Michelle Blalock, Nicole Smith, Liz Goshert, Connie Foreman, LaShawn Glover, Katina Osborne, Becki Homan, and Andi Gilman; sophomores Jenny Eriks, Cherie Stub-

Memorial Day Service

The Mentone American Legion Post #425 will conduct a Memorial Day Service on Sunday May 28, 1988 beginning at 2:00 p.m.

The service will be held in the Mentone cemetery.

Humble yet proud citizen to lead Mentone Egg Parade

Leading the 1988 Mentone Egg Festival parade on Saturday, June 4, will be Parade Marshal Darrell King. King, along with his wife Mary Anne, are the owners of the King Memorial Home in Mentone.

Darrell King has worked hard for the town of Mentone since moving there in October of 1962. He has played an active roll in the Mentone Chamber of Commerce by holding the offices of president and vice-president in the past and being a member for 26 years. In addition to being a member of the Mentone Cemetery Board, King also belongs to the local Lions Club and the First Menonite Church, Nappanee.

Darrell King does not limit his work to the town. He has held several offices in different county organizations. He has served on the Kosciusko County Fair Board and as president of

Darrell and Mary Ann King

the 4-H sale committee; and he has served on the Kosciusko County Extension Board and the 4-H Swine Committee for the past twelve years.

King is also a member of the Indiana Funeral Directors Association.

Darrell King grew up during the "fabulous fifties". He graduated from Salem Local High School, Kingscreek, Ohio, in 1956. It was in Smithville, Ohio, that he married Mary Ann Hostetler on June 13, 1959.

King graduated from the Indiana College of Mortuary Science, Indianapolis, in 1962.

"Mentone is filled with honest, caring and hardworking people," explained Darrell King. He added, "This is a great place to live and raise a family. When I first visited Mentone, I talked to Macy Nelson. He told me that this was a good place to live and I believed him. Further more, he was right!" That is why Darrell King moved to Mentone in 1962. It was in 1962 that Darrell and Mary Ann purchased the Reed Funeral Home which is now (continued to page 6)

3-on-3 tourney set at Mentone

The tourney schedule is: Friday, June 3 - 4:00 p.m., Elementary Division (free); 5:00 p.m., Junior High Division (free); 6:00 p.m., High School Division (free).

Saturday, June 4 - 4:00 p.m., Family Division (\$1.00 per player); 5:00 p.m., Valley Basketball Alumni Division (\$1.00 per player); 6:00 p.m., Open Division (\$1.00 per player).

For more information, contact Bob DuBois at 893-4344.

At Gettysburg, at San Juan Hill,
In Flanders Fields now all is still,
But men still drill and march away,
Like you who made Memorial Day.

In Normandy, and on Bataan,
At Inchon, Khe Sanh, and in Iran,
Selflessly the need you met,
And now we know we must not forget.

Those who fought and those who fell,
To hear the bell of freedom knell.
We crouch beside your graves today;
These wreaths of vernal buds to lay.

And to you who died for freedoms sake,
A pledge to carry on we make;
The torch that you so bravely bore
Shall be our beacon evermore.

We pray that by its guiding light
We'll find our course and hold it right.
We hope it may throughout the years
Bring an end to blood and tears.

For we're a nation proud and free,
And sometimes it is hard to see
Where friendship for our cause abides
And where a foe of freedom hides.

You have found peace while we still weep
And wait o'er charges we must keep.
There'll be no peace until we find
A way that's just for all mankind.

"CARTING"
AROUND
YOUR
ANXIETIES

A long time ago, I learned the reason for music in grocery stores, to have a calming affect on the customers. Something didn't seem quite right about this fact. Just who is it that needs to be calmed down and why?

With this question in the back of my mind, I journeyed into a grocery to find the answer. To appear inconspicuous I utilized a cart and began my trip. Prepared to make notes, I hit upon the first problem... the cart. Three wheels moved as a team while the fourth seemed to travel of its own accord! It took both hands and firmly planted feet to steer a straight line. Rounding corners, I appeared to be pushing a ton with clenched teeth and white knuckles! It was impossible to take notes, both hands were needed to control the cart.

Quickly leaving the unruly cart behind, I then entered another store to take notes of shoppers. Once again, a cart was chosen to aid in my disguise. I proceeded to note the shoppers that needed to be calmed. Determined to track down the reason for the shoppers becoming on edge I began my jaunt down the first aisle of the store. It seemed the cart was uneven and the shaking made steering nearly impossible and writing down notes out of the question. I abandoned the cart and decided to try one more time.

With aching arms and frayed nerves, I made my last entrance into yet another grocery. Hurriedly, but carefully, choosing a cart with four working wheels, I felt as if I was about to make a discovery.

Up one aisle and down the next, a constant creak and screech accompanied me. I couldn't think, couldn't write, had numerous shoppers stared at me and two children laughed and pointed to my cart!

Suddenly, it dawned on me...the shopping carts! The reason shoppers needed to be calmed is because of the shopping carts. Any person putting up a battle with one of those 4-wheeled contraptions probably needs to be calmed.

Here's hoping you roll your way thru life with a can of WD-40 in your purse and "carting" around no anxieties.

Coming up: June 1 - A New Beginning is going to the dogs.

June 8 - Barney Beagle...The Legend.

Student voices concern of TV priorities

Dear Editor,

Schools are intended for giving young people an education, and yet sometimes it seems as if academics are almost overlooked.

Tippecanoe Valley School Corporation, and the people in this community place too much emphasis on the athletic program and its participants.

The athletes in the school receive much more recognition than an ordinary student. After athletic events, their names are often heard resounding over the P.A. system for their outstanding efforts and they then receive congratulations and other praises. Their photographs appear in the school newspaper as well as local papers. They often get little paper footballs, basketballs, et cetera adhered to their lockers, displaying notes of encouragement for that upcoming event, while trophies are displayed throughout the school for athletic victories. Certain faculty members, very obviously, show favoritism towards athletes in their classes, and the administration grants a whole week of spirit days before homecoming. Athletic students tend to receive more scholarships for their athletic ability than for their academic ability. Does it not seem a bit odd that they are being paid to go on to college to play a sport, while there are many others, lacking the funds, desiring to go and further their knowledge?

If all that was not enough, athletes also get more privileges. They are granted excused absences to stay home and "catch up on some much needed rest" following an athletic event. In the past, when the Viking football team became state champions in nineteen seventy-eight, the entire school received a day off from their studies. Just last week, the athletes were granted a "field trip" to journey to Akron Elementary School to sign autographs for the kids!

Now many will argue against this and say that all students are treated equally. Academic students do have their names published in local newspapers on the honor roll, but not in the school paper, nor are they congratulated by the faculty over the P.A. system. The majority of parents probably do not even encourage their kids as much about their grades as they support them in athletics. Teachers often times have favorites that are not athletes, and good students do receive scholarships, though not as many as athletes. In the past, people have tried to support the band program but the notes of encouragement on their lockers were ripped off and tore up.

Academic students have a few privileges. The school has an honor study hall, National Honor Society, and the Academic Team. When the Vikings were state football champs, the whole school got a day off. Just as all students are eligible to participate in spirit days. However, that is not the issue. The issue is that the school only has spirit days for athletic events. There are no spirit days before exams to encourage everyone to do well. Awards rewarded to the Academic Team are not displayed throughout the school nor are its members encouraged before a quiz meet. When Carman Haney won a speech contest, it took a good, long week before she was even recognized as the winner. She might have had more luck had she won an athletic event. The school does not have awards or plaques for its students graduating at the top of the class displayed. Is that because nobody cares about academics or because so much emphasis is placed on athletics, that very few students are in the top ten percentile?

Now a few will most likely argue that not just anyone can participate in sports. Participants have to be passing in at least six subjects. (An "F" is failing). If they can participate in sports and still hold a grade above an "F" in six subjects, they deserve to be praised. What about students who work after school at a job, or do volunteer work in their community or take care of their homes and kid brothers and sisters while their parents are working? Surely they get tired, too, but are not given an excused absence to catch up on sleep. What about students who dedicate all their time to their studies in order to obtain good grades? Is there something wrong with putting a good education as a first priority? Not saying there is anything wrong with having team spirit or participating in athletics, but things should be put in the right perspective. The right perspective being to use school as an institution of learning. What students choose to do in after school hours is their prerogative, but they should not be made to feel like a reject if sports is not their choice. Whatever they do, if they can manage to obtain good grades or even learn something that will help them throughout their lives, they should be praised for their efforts. They should be able to feel proud and know others care and are proud of them as well.

Driving a school bus has been the usual business for June Weber for the past twenty years. She will be getting a rest with this being the last week of school. Hats off to all the dedicated bus drivers in the Tippecanoe Valley School Corporation! (News Photo)

When it's summer time and the kids are out of school, the most frequently asked question is "What can I do?" two boys, Danny Burton and Todd Sheetz, have partially answered their own question by joining the Vacation Reading club at the Akron library where like dozens of other local children, they read many good books and give reports to the librarian. The rest of the time is spent hacking around, playing ball, mowing yards, and teasing parents and families.

Mr. and Mrs. Ronald Kuhn are the parents of a baby daughter, Kristie Lynn, born May 23 in the Parkview Hospital. She weighed five pounds and fourteen ounces. The maternal grandparents are Mr. and Mrs. Everett Peters, Marion and the paternal grandparents are Mr. and Mrs. Earl Kuhn, Akron.

Lyle K. Edenburn, principal of Akron High School, has announced that six Akron graduates have received Hoosier Scholar scholarships. They include Virginia Baumgartner, who will study at Purdue university; Susan Coplen, who will study at Ball State University; Gary Groninger, Vanderbilt; Larry J. Hartman, Indiana University; Joyce Kroft, Manchester College; and Wanda Thomason, Anderson College.

On Tuesday, May 17, the Akron Nursery School children went to the Franke Park Zoo in Fort Wayne. The children saw many different animals. The most fascinating was a family of five crocodiles. We decided not to take a picture because no one wanted to get that close. The children rode the ponies and the train. They ate a picnic lunch in the zoo patio. After lunch the children went to a special contact area where they were allowed to pet and feed the animals. Mrs. Carol Ellenwood, Mrs. Becky Brown, Mrs. Patti Mims, and Mrs. Suzi Caudill were chaperones. The weather was glorious and everyone had a great time. Members of the Akron U.M. Nursery School were: Amanda Drudge, Jennifer Caudill, Travis Haynes, Eric Brown, Ryan Fall, Jarrod Morgan, Marc Ellenwood and Reggie Burns.

Mr. and Mrs. Carl Bowser of Piercetown, are the parents of a seven and one-half pound son, Carl Ray, born last Monday night at the Crissy home in Piercetown. The mother was the former Louise VanCuren, of near Piercetown. The grandparents are Mr. and Mrs. Ed Bowser and Mr. and Mrs. Homer VanCuren.

A group of Mentone citizens routed two newly-married Mentone couples out of their homes last Friday night, perched them atop the antiquated fire engine which was in use in Mentone many years ago, and took them on a wild ride to Warsaw. The fire engine, followed by a procession of cars nearly a mile long created quite a disturbance and attracted a lot of attention from here to Warsaw. The two couples who were feted were Mr. and Mrs. Walter Fenstermaker, Mentone school teachers, and Town Marshal Frank Warren and his bride of one month.

The man who waves the flags for the 500-mile race believes his hands will be busier than ever this Decoration Day. Seth Klein is closer to the race cars than any official at the Indianapolis Motor Speedway. Watch him lean far over his platform 20 feet above the track, directly at the starting line. His flags nearly brush the top of the driver's head, yet Klein has the knack of fluttering the banners so they can't be missed by the driver and yet don't distract his attention from the track, or impede his view. Klein has been the official started at Indianapolis for the past 19 races. "The return to one-man cars," he points out, "will mean the drivers will have to receive more warning flags than ever before. The mirrors on the cars will help some, but a driver will know it's official that a car is attempting to pass him when he gets a vivid blue flag. Black means to stop for consultation at the pits.

DONNA A. COOK

Donna A. Cook, 61, Indiano, California, died Monday, May 16, 1988, in her residence. She had been in failing health for an extended period.

Born in Warsaw on August 6, 1926, she was the daughter of Victor and Ellen (Groves) Cook.

A Warsaw Community High School and Moody Bible Institute graduate, she left Warsaw 40 years ago to work with Missionary Gospel Fellowship as a missionary from the First Baptist Church, Warsaw, of which she was a member. She worked at the Fred Young labor camp presenting the gospel through chapel services and Bible classes on release time for children at Westside and Mecca schools and worked with the Rescue Mission Guild to sew clothing for the Mission.

Survivors include her mother, Ellen Cook, Warsaw; six sisters, Mrs. (Frances) Metzger, Arcola; Mrs. Morgan (Jean) Smith, Dunedin, Fla.; Mrs. Phyllis Gearhart, Akron; Mrs. Donald (Marolyn) Bills, Warsaw; Mrs. Edward (Karolyn) Barrus, Lowell, Mich.; Mrs. Frank (Judy) Swick, Burket; three brothers, John Cook, Indianapolis, Dr. Norman Cook, Portland, Ore., and Joseph Cook, Warsaw. One brother preceded her in death.

Services were Saturday in the First Baptist Church, Warsaw, with Dr. Larry Overstreet officiating.

Titus Funeral Home, Warsaw, handled the arrangements.

HELEN K. NICHOLS

Helen K. Nichols, 78, 915 Clover St., Rochester, died Tuesday, May 17, 1988, at Memorial Hospital, South Bend, following a six-week illness.

Born in Fulton County, near Athens, on March 11, 1910, she was the daughter of Loyd and Tempie (Moore) Bryant. On January 14, 1929, in Detroit, Michigan, she married Ernest Nichols, who died January 12, 1963.

A homemaker, she spent her entire life in Fulton County. She attended the First Church of God, Rochester.

Survivors include one daughter, Mrs. Don (Janice M.) Duzenberg, Bonita Springs, Fla.; one son, Jack L. Nichols, Newark, Ohio; nine grandchildren; four great-grandchildren; two sisters, Mrs. C.J. (Reina) Mowrer, Schererville, Mrs. Otis (Adlene) Halterman, Rochester; and several nieces and nephews. One grandson preceded her in death.

Services were Friday in the First Church of God, Rochester, with the Revs. Brice Casey, Harold Con-

rad, and Hilton Bryant officiating. Burial was in the Akron cemetery.

Foster and Good Funeral Home, Rochester, was in charge of the arrangements.

VERA H. BUTT

Vera H. Butt, 85, of 520 Central St., Akron, died at 6:35 a.m. Tuesday, May 17, 1988 at her home.

She was born Nov. 24, 1902 in Lester, Iowa to William and Iva Bennett Harrison. She was married June 12, 1924 in Chili to Earl E. Butt, who died Oct. 25, 1969. She was a retired school teacher. She was a member of the Eastern Star, My Stars, the Summit Club, the Akron Women's Club, the Akron Nutrition Site and the Beaver Dam United Methodist Church and its Ladies Aid.

Surviving are a daughter, Mrs. Dean (Janet) Bammerlin, Roann; two sons, M. Keith Butt, Fort Wayne, and Lyle Butt, Akron; six grandchildren; three great-grandchildren; a sister, Etha Hass, Mtn. Home, Ark., and two brothers, Merritt Harrison, Tucson, Ariz., and Earl Harrison, Alexandria.

Services were Thursday, May 19 in the Hartzler Funeral Home, Akron, with the Rev. Robert Jarboe officiating. Burial was in the Akron Cemetery.

LOUISE M. DENTON

Louise M. Denton, 84, Indianapolis, formerly of Mentone, died at 4:00 a.m. Thursday, May 19, 1988 in Winona Memorial Hospital, Indianapolis.

Born September 10, 1903, she was the daughter of William and Louise Bartel. She married Glen P. Denton, who died September 29, 1982.

she and her husband operated the Denton Drug Store, Mentone, and she was a member of the Mentone United Methodist Church.

Survivors include a brother, Frederick Bartel, Kalamazoo, Michigan, and several nieces and nephews.

Services were Saturday in the King Memorial Home, Mentone, with the Rev. Lester Taylor officiating. Burial was in the Mentone cemetery.

CONSTANCE C. KERCHER

Constance C. Kercher, 79, Long Lake, Englewood, Illinois, died Thursday, May 19, 1988, at the North-ern Illinois Medical Center in McHenry, Illinois.

Born in Akron on May 21, 1908, she was the daughter of the late Charles and Elma (Day) Haldeman.

Mrs. Kercher taught music and art at the Akron School from 1928-31 when she married Wilbur Kercher, her high school sweetheart. They were members of the class of 1925 of Akron High School.

A member of the Calvary Presbyterian Church, Round Lake, Illinois, Mrs. Kercher was also a member of the Delta-Zeta Sorority, the Kelyn Park Women's Club, and the Long Lake Yacht Club.

In addition to her husband, survivors include a daughter, Mrs. Jack (Elizabeth) Snell, Rockville, MD; a son, William A., River Forest, Ill., and six grandchildren. A cousin, Joe Day, lives in Akron.

A memorial service was held Saturday, May 21, at the Ringa Funeral Home, Lake Villa, Ill.

ANINA A. CLEMANS

Services for Anina A. Clemans, 85, were at 1 p.m. Sunday, May 22 in the Hartzler Funeral Home, Akron.

Burial was in the Plainview Cemetery, Macy.

Mrs. Clemans, formerly of the Macy and Akron areas, died at 6:50 a.m. Thursday, May 19, 1988 in Canterbury Manor Nursing Home.

She was born Nov. 15, 1902 in Akron to Sherman and Pearl McIntyre Miller. She was married July 26, 1930 in Akron to Herbert Clemans, who died Feb. 21, 1970. She was a former member of the Macy United Methodist Church, the Omega Community Club and the Macy Mother's Club.

Surviving are two sons, Jimmie Clemans, Elbert, Colo., and Mark Clemans, Akron; four grandchildren, and three great-grandchildren.

Sore Throat and Cough Control: Alcohol-Free Remedies

For ages, people have been cooking up their own cures to deal with a sore throat or cough, and one all-time favorite has been the hot toddy. After all, it's spicy and soothingly warm. What's more, it contains alcohol, which can quickly make you forget how poorly you're feeling. But, that's all alcohol can do. It provides absolutely no therapeutic benefit for the relief of coughs and sore throats.

Sometimes, alcohol or products containing alcohol can even be detrimental to your health. For example, alcohol increases stomach acidity, so individuals who suffer from stomach irritation or ulcer disease should avoid cough formulas containing alcohol. Then, too, certain drugs carry a "contraindication" that warns the user not to ingest alcohol during treatment. Check with your physician to see if you should avoid over-the-counter preparations that contain alcohol.

Sore throat and cough sufferers seeking relief have had a hard time finding over-the-counter preparations that contain no alcohol. Now, the first line of alcohol-free cough remedies is available: CONTAC® Cough Formula and CONTAC® Cough and Sore Throat Formula. Both are cherry-flavored, and offer effective relief without the unnecessary addition of alcohol.

Memorial Day and the price of freedom by Gene A. Murphy, National Comander for DVA

My first trip to Arlington National Cemetery. My immediate impression was sorrow. Lines of stark white tombstones stretched across acres of rolling green hills. All too reminiscent of soldiers in formation. Viewing literally thousands of neatly arranged graves, I cried.

I cried for the brave young men and women who rested there. Soldiers who paid the ultimate price for my cherished freedom. And I cried as I remembered eight very special friends. Friends with whom I shared a unique closeness in Vietnam. Friends with whom I'll never share again. I remembered and paid tribute to them, the men who didn't return with me from the jungles of Southeast Asia.

So many names etched in stone. They began to blur as I slowly rolled my wheelchair through the cemetery. But, as I moved, my sorrow began to ease. In its place, a kind of serenity and a deep feeling of pride settled on me.

I'm proud of each and every one of the more than one million men and women who gave their lives in defense of this great country in our many wars. Proud not only of those who died during time of war, but especially proud of those who died in recent undeclared hostilities. Over 300 have died since the end of the Vietnam War.

They died in Beirut, Grenada, the Persian Gulf, Central America. Nor do I forget the numerous men and women who have died recently as victims of terrorist's bombs and bullets.

My freedom - my wife's and my daughter's freedom - was bought with their blood. This is a debt I can never repay.

I am humbled by their sacrifices. I lost the use of my legs in Vietnam, but I came home. For 14 hours I lay bleeding on the jungle floor. For 14 hours I was sure I was going to die. But I was very fortunate and very blessed. God allowed me to live. On this Memorial Day, I ask all Americans to take a moment and reflect on those who did not come home. A moment to honor the true heroes of our country.

Organizers prepare White River schedule

Athletic events don't just happen. From backyard baseball to the Olympics, every athletic event has an organizer behind it. The White River Park State Games is no exception.

In Logansport, a group of organizers known as Sport Coordinators has been preparing all year for next month's Regional in the White River Park State Games.

Among the Logansport residents serving as Regional Sport Coordinators are Rick Scott, Basketball; Ron Myers, Bowling; Dave Miller, Cycling; Ann Miller, Diving; Roland Chapdelaine, Racquetball; Rick Grubel, Soccer; Donald Lombardi, Softball; Kathy Allen, Swimming; Michelle Bryan, Table Tennis; Scott Johnson, Tennis; Jim Ridenour, Track and Field; Dianne Ruhl, Volleyball; Al Thomas, Wrestling. J.T. Hubenthal of Lucerne is the Sport Coordinator for Five-Mile Run. Other sports in the State Games are Gymnastics and Sailing.

Competition in the Logansport Regional will be held in 15 sports June 24-26. More than 2,000 athletes are expected to compete.

The entry deadline for the State Games is June 6.

The White River Park State Games is an activity of the White River Park

Development Commission and the Indiana Governor's Council for Physical Fitness and Sports Medicine. The 1988 Official Corporate Sponsors for the State Games are Methodist Hospital of Indiana, Inc., Hook Drugs, and Marsh Supermarkets/Village Pantry.

Mentone honors King

The King family enjoyed singing together when the children were small. Of course they still enjoy singing, but distance does not allow them to sing together as a family very often.

(continued from page 1)

the King Memorial Home. They also purchased the Johns Funeral Home at the same time.

Over the past years, the Kings have owned a furniture store in Mentone and even started their own chair business. They sold the furniture store in 1978 and because of Darrell's failing health, they were not able to continue making chairs.

The Kings discovered Mentone was a good place to raise a family. Darrell and Mary Ann have six children Herbert, Kathlene Martin, Marilyn Kindig, Phillip, John, and Sam. Darrell's advice to parents today is "expect perfection from your children". King went on to explain, "by perfection, I mean to expect you children to do the best they are capable of doing. Children need to be taught; taught how to work; taught religious and moral values, and taught to become active in a church."

Darrell and Mary Ann's philosophy has proved effective, at least with their own children. Herb is one of the football coaches and the athletic trainer for the high school in Covington as well as the FCA sponsor. He and his wife Nancy are youth leaders in their church.

Kathlene is married to Rick Martin and they are stationed at LesCayes, Haiti, doing missionary work.

Marilyn is married to Jerry Kindig II and is a registered nurse in the ICU de-

partment at Fort Wayne Lutheran Hospital.

Phillip and John are both students at Bluffton College in Ohio. Both boys will be participating in the musical to be presented at Bluffton this weekend with Phillip having the lead role.

Sam King is a sophomore at TVHS and is active in sports. Sam also composes music and is a member of the Valley Guard. He has mastered the piano, trumpet, saxophone, and guitar.

All of the Kings have enjoyed music. The family sang together and traveled throughout the Midwest during the 70's witnessing their Christian faith through song.

Darrell King has made a positive impression on the people of Mentone. While visiting with the Kings recently, local residents stopped in just to chat or to ask Darrell's opinion concerning various problems. When Darrell was asked why people want his opinion, he did not know; but Mary Ann quickly answered for him, "he tells the truth; his honesty is why people believe in him and respect him".

King will be representing Mentone during a very troubled era. As Mentone looks back to King's own era of the fifties, he has his own views of the problems of today. "Materialism has taken the place of moral values. We are beginning to see a turn around but much damage has been done. Conservative values are being recaptured and that is what is needed."

According to King, an individual will find what he or she wants to find in life. If you go looking for trouble, that is what you will get. If you are looking for the good in people and positive things, then you will see positive things happening and good people will surround you.

"I believe Mentone is the finest community in the state of Indiana. I am proud to be a citizen of the 'egg capital of the world'. Just look at Mentone, I am fortunate to live here", exclaimed King.

Mentone will have a humble, yet proud man leading this year's parade. He is humble in taking credit for what he has accomplished, but very, very proud of his town.

A Fitting Memorial

*The United States of America
honors the memory of*

GEORGE H. BRIGHT

*This certificate is awarded by a grateful
nation in recognition of devoted and
selfless conservation to the service
of our country in the Armed Forces
of the United States.*

*Ronald Reagan
President of the United States*

Kenneth Bright, Akron, recently received the above certificate from President Reagan in acknowledgement of Spec.7 George Bright's dedicated years of service to the U.S. Army.

Spec.7 Bright served in World War II, the Korean War, and twice in the Vietnam Conflict. His twenty year tour of duty also included working in Germany, Thailand and various locations in the United States.

Kenneth Bright is a brother to George Bright who passed away in June of 1987.

Students enjoy editor's visit

Mrs. Ann Kaiser, editor of *Country Woman*, enjoyed visiting in Mentone last Tuesday. She especially enjoyed having the opportunity to visit with Mrs. Law's third grade class. Mrs. Kaiser and the students are pictured at the Bell Museum.

The article concerning Mentone is scheduled to appear in the Sept. - Oct. issue of the magazine. Individuals wishing to receive a copy of the issue may reserve one at the Bell Memorial Library or at the Pill Box in Mentone. The magazine is not available on the news stand. The cost is \$1.00. In Fashion

Dresses in large flower prints are among favorites for warm weather wear. These dresses come in varied lengths with moderately full skirts.

Stripes are very good this year. It's not just the direction of the stripe that flatters but the width as well. Wide horizontal stripes flatter the very slim. Thin, vertical stripes slim weight-conscious women.

Cool, white cotton garments are most attractive in summer.

Memorial Day

* Lest We Forget! *

In loving memory of Mary Ann Wideman who passed away May 28, 1985.

God saw you getting weary
He did what he thought best
He put His arms around you, dear,
And whispered come and rest.
The Golden Gate stood open
Three years ago today
With good-byes left unspoken
You gently passed away.

Sadly missed by,
Mother, Husband, Brother,
Sister, Children and Grandchildren

Volunteers thanked

On May 16, 1988, approximately 300 free physicals were given to Tippecanoe Valley students. Four doctors graciously volunteered their services. They were Drs. Pat Silveus, Wymond Wilson, Mark Jensen, and Tom Krizmanich.

The following EMT's read blood pressures, recorded weights and assisted in other various ways: Gene Hughes, Vic Gamble, Jo Gamble, Diane Yarnin, Nicki Norris, Barb Holloway, Jay Teel, Lynn Gross, and Terri Snyder.

Also thanks to Principal Dan Kramer for supervising; and thanks to the students and parents for their cooperation and patience.

Views On Dental Health

H. RAY HAZEN,
D.D.S., M.S.D., P.C.

OVERCROWDING
CAN BE SERIOUS

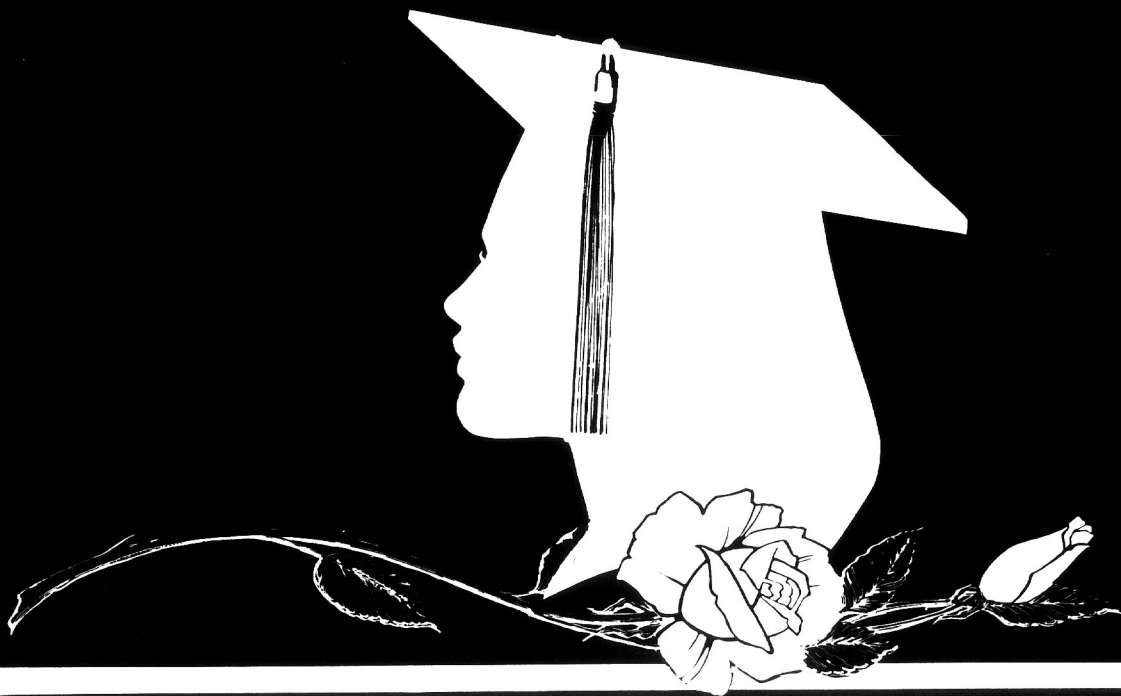

In Japan, the trains are so crowded that they have official "pushers" to force all the commuters inside before the doors close. Frankly, I don't think Japanese commuters like to be overcrowded. On the other hand, your teeth don't like to be overcrowded either. In fact, there are a host of serious dental problems that can emerge from tooth crowding.

The earlier this problem is discovered, the easier it will be to correct. That's why you should be concerned about your child's mouth. Ask your son or daughter to open his mouth wide so you can take a look inside. Are the teeth in good alignment? No twisting or overlapping teeth? Where gaps exist, is there ample room for the permanent teeth to emerge? Does your child bite comfortably on all of his back teeth?

Let's face it - most parents don't have the training to see the dental problems that can occur as their child is growing up. That's why regular dental checkups are so important. Maybe the problem is minor. But left untreated it may get worse and require major and costly treatment, which may have been avoided if caught and corrected early.

Prepared as a public service to promote better dental health. From the office of: H. RAY HAZEN, D.D.S., M.S.D., P.C. 1329 Main St., Rochester, Phone 223-3121; 114 Mishawaka St., Akron, Phone 893-4545.

TV golfers win again

The Valley golfers continued to play good golf last week as they posted two more wins for the season.

The Vikings fired a 175 on the Honeywell Golf Course Tuesday, May 16. That was enough to defeat Wabash and Northfield.

The Vikings scored the victory without its No. 1 golfer as he was ill. Leading the Vikings was Andy Mikesell with a 41. Other Viking scores were Chad Brouette 45, Donnie Fellows 46, Troy Eaton 50, and Ben Anderson 43.

TV 175, Wabash 185, Northfield 188

Tippecanoe Valley (175) Brouette 45, Mikesell 41, Fellows 46, Eaton 50, Anderson 43.

Wabash (185) - Berry 39, Je.Reynolds 53, Ji.Reynolds 48, Saunders 58, Beauchamp 45.

Northfield (188) - Squires 44, Sinclair 45, Chamberland 45, Conner 50, Ross 52.

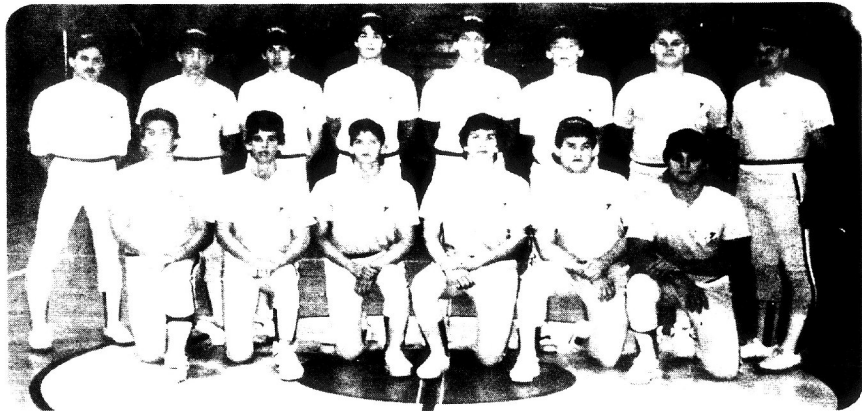

The Tippecanoe Valley Vikings defeated Manchester at the Sycamore golf course last Thursday. The Vikings won the match with a team score of 168 to Manchester's 182.

Ben Anderson got the low score for the Vikings. Anderson shot a 40.

Andy Mikesell was the next lowest Viking with 42, followed by Keith Ruberg with 43. Other scores for Tippecanoe Valley were Dan Fellows with 44, and Chad Brouette with 48.

The Viking's 14-4 season is the second best in the team's history. The team's best season came in 1980 when the Vikings went 16-2.

Valley Varisty Baseball Team

Playing TVHS Varisty Baseball are Kim Lee, Jerroo Feldman, Scott Smith, Chris Paris, Rob Gunter, Dwayne Leiter, (back row) Coach Doug Heinold, Scott Warstler,

Marc Courtney, Craven Lynn, Dion Anglin, Skip Smythe, Sam King, and Head Coach Duane Burkhart. (News Photo)

Heinold coaches JV baseball

Playing TVHS Junior Varsity Baseball this year are Brian Rensberger, Dan Foreman, Bill Gillman, Tim Sleeth, Mike Summers, Shawn Conwell, Scott Wharstler, Sam King, Bob Lynn, Mervin Jones, Kim Lee, Shane Gamble, and Coach Doug Heinold. (News Photo)

Vikes short in runs

Even though the Vikings gave up only one hit to South Bend Riley, the Valley team still lost a 3-1 decision Saturday in the championship game of the Triton Baseball Tourney.

Riley scored single runs in the first, second and sixth innings on a combination of six walks, two errors, and a wild pitch and two suicide-squeeze bunts. Riley's only hit was a single in the fifth inning.

Valley scored its run in the bottom of the first when Jarrod Feldman reached base on an error, went to third on another error and came in on Tim Sparrow's single.

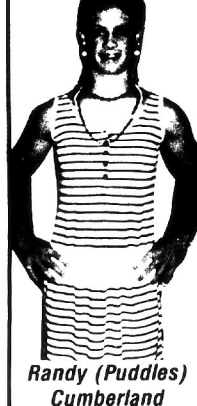

Rob Gunter, who took the pitching loss, had two hits for Valley, now 12-10, and Sparrow hit safely in

his eighth straight game. Sparrow, batting .444 on the season, has had a hit in 19 of the 20 games in which he's played.

Valley advanced to the championship game with a 5-1 victory over Bremen. Sparrow, Chris Paris and Kim Lee all had two hits. Paris drove in three runs in the first inning with a bases-loaded double. Scott Warstler picked up the victory.

On Friday, Valley raised its TRC record to 2-4 with a 6-1 victory over North Miami. Paris went 3-for-3 and Tim Sleeth drove in three runs for the Vikings. Dion Anglin struck out nine North Miami batters and picked up the victory.

Happy Graduation!

Valley sends nine to regional

Tippecanoe Valley girls' track team will be sending nine girls to the Highland regional as a result of their efforts last week at the Rochester sectional.

Leading the way was the 400-meter relay team of Becky Hughes, Jennifer Secrist, Janelle Kistler and Lisa Minnick. The four-some took second with a season-best time of 52.3.

In addition, the 1,600 relay team of Amy French, Cheri Tucker, Angie Mikel and Heather Lenfesty had a season-best time of 4:27 to place fourth which will also qualify them for the regional.

1988 TV Softball Team

The 1988 Girls Softball Team for TVHS includes (front row) Amy Lewis, Chris Bowers, Libby Surface, Lisa Shuey, Angie Koch, Gaynelle Smythe, Missy Lewis (row 2) Assistant Coach Scott Tilden, Jody Yochum, Kris Perry, Janet Lynch, Jill Severns, Lori Gray, Barb Burdge, Bethany Brower, and Coach Kevin Deardorff. RULES AND ENTRY BLANK FOR MENTONE'S LITTLE CHICK AND MR. ROOSER

Any child between two years and six years of age is eligible.

Each contestant must follow the theme of this year's parade - The Fabulous Fifties - in one of three ways: (1) A float or pulled wagon, (2) A decorated tricycle or bicycle, or (3) A walking entry in which the contestant is in costume of the 50's.

Each contestant should be in the parade line by 11:30 a.m. on Saturday, June 4. The judging will take place between 11:30 and 12:00 noon. The criteria for judging includes child's personality, child's cuteness, and a theme-related costume and/or float.

All contestants will assemble at the judge's stand immediately after the parade. The winners will be announced at that time.

The following entry blank must be completed and mailed by May 30. Send to Janet Tucker, Rt. 1, Box 35, Mentone, In. 46539.

They are not dead

—Hugh Robert Orr

LET US HONOR THOSE WHO GAVE THEIR LIVES FOR OTHERS

It is time to honor our heroes who have given their lives for us on the field of battle, so that we may continue to enjoy the blessings of liberty in our land. However, there are others who have died in peacetime situations, whose memories we should also cherish: the policeman who was shot in the line of duty, the fireman who succumbed to smoke inhalation while trying to save a burning house, the person who couldn't swim but managed to save a child before drowning, etc. The list is endless. Let us go to our House of Worship, give thanks for their heroic deeds and pray that no war must ever again be fought, so that our gallant service people will not have died in vain; keeping in mind that our choice of worship is one of the freedoms they fought for.

NOTICE TO BIDDERS
Notice is hereby given that the Board of School Trustees of the Tippecanoe Valley School Corporation, Kosciusko & Fulton Counties, Indiana, will receive sealed bids at the Administration Office of the Tippecanoe Valley School Corporation, SR 19, Mentone, Indiana, on June 13, 1988 at the hour of 1:30 p.m. (EST) for the following described Temporary Warrants, such warrants to be let June 13, 1988, at 7:30 p.m. at the regular meeting of the Tippecanoe Valley Board of School Trustees.

Temporary Loan Warrants in the anticipation of taxes levied and in course of collection for the General Fund up to the amount of \$528,000, the Debt Service Fund up to the amount of \$288,000, and the Transportation Fund up to the amount of \$85,000, dated as of date of delivery thereof to the purchaser, said warrant or warrants to be in the denomination or denominations requested by the purchaser, to mature on December 30, 1988, and to bear interest at a rate not exceeding 10% per annum the exact rate to be determined by bidding, payable at the Bank of the successful bidder.

Bidders for these warrants will be required to name the rate of interest which the warrants are to bear, not to exceed 10% per annum. Such interest rate must be in multiples of 1/100th of 1%, and not more than one interest rate shall be named by each bidder for each fund. The warrants will be awarded to the best responsible bidder or bidders therefor who have submitted the bid in accordance herewith and will be the bidder or bidders who offer the lowest net interest cost to the school corporation to be determined by computing the total interest on each or all of the warrants to their maturity and deducting therefrom the premium bid, if any. The bid shall be subject to the unqualified opinion of a recognized bond council obtained at bidder's expense.

The right is reserved to reject any and all bids and to waive any irregularities. Each bid shall be accompanied by a certified or cashier's check in the amount of one percent of the bid payable to Tippecanoe Valley School Corporation, to guarantee the school corporation against default by such bidder in complying with the terms of this notice and his bid.

Dated this 9th day of May, 1988.

Senior Column

Dear Mrs. Merritt: My 21-year old grandson has asked me to cosign a loan for his new car. I don't want to refuse, but I want to have a clear idea of what my obligations would be as cosigner. Can you help?

Answer: You are wise to check what your obligations would be if you cosign a loan. Studies of certain types of lenders show that as many as three out of four cosigners are asked to repay the loan. That statistic is not surprising since when you cosign you are being asked to take a risk the lender will not take. The lender would not require a cosigner if the borrower met the lender's criteria for making a loan.

Despite the risks, there may be times when you decide to cosign. Here are a few things to consider before you cosign.

*Be sure you can afford to pay the loan. If you are asked to pay and cannot, you could be sued or your credit rating could be damaged.

*Before you cosign a loan, consider that even if you are not asked to repay the debt, your liability for this loan may keep you from getting other credit you may want.

*Before you pledge property, such as your automobile or furniture, to secure the loan, make sure you understand the consequences. If the borrower defaults, you could lose these possessions.

*You may want to ask the lender to calculate the specific amount you might owe. The lender does not have to do this, but some will if asked. You also may be able to negotiate the specific terms of your obligation. For example, you might want to have your liability limited to paying the principal balance on the loan, but not late charges, court costs, or attorney's fees.

It seems like yesterday

These young adults have changed over the past six years. On Saturday these students will be graduating from Tippecanoe Valley High School. This picture was taken in May when they were students in Ms. Good's class at Akron. There were going home after a challenging day at school. Pictured are (from left to right) Randy Cumberland, Chad Thompson, Paul Goodwin, Dean Trippiedi, Charles Howard, Brian Peterson, and Jody Yochum.

Conservation Show in August

The Kosciusko and Whitley County Soil and Water Conservation Districts are proud to announce "The Northern Indiana Conservation Progress Show" to be held August 9th, 1968 at the Dayne Wilkinson's farm located northwest of South Whitley.

Kenn Zimmerman and Dave Mykranitz with Maumee Valley Seeds were out April 20 and seeded 46 different types of forage for a comparison plot. They will be back at a later date to add the buckwheat and field peas which will bring the total to 48 types to be viewed at the field day.

May 2 the crew of volunteers from the two counties planted corn from 26 different companies. Each company was allowed 2 varieties making 52 different types of corn for the plot. To make things interesting, one of the commercial seed corn cost only \$20.00 a bag to compare with your more expensive brands. Plus we have one open pollinated corn that we refer to as "Whitley County Yellow Dent" that we are planning to compare with the others at harvest time.

May 9, the volunteer crew went back to Dayne's farm to drill soybeans from 23 different companies into a rye cover crop. At the end of the day, we had 46 different types of beans in the ground. One of the types drilled was some bin run beans, which we will compare with the other commercial varieties.

Purdue University has been wanting to do some studies in the northern area of Indiana and decided to jump at the chance to be part of "The Progress Show".

David Mengel with the Extension Service of Purdue University has a "Nitrogen Comparison" plot at the field day site. Dow Chemical Company has a plot located near Mengel's to demonstrate "Nitrogen Stabilization".

Donald Griffith with the Agronomy department of

Purdue University has already planted his corn and bean "Tillage Comparison" plot. He will be comparing No-till, chisel and mold board tillage methods and results.

A field day won't be complete without chemical comparison plots. Marvin Swearingin, Professor of Agronomy at Purdue is in charge of the bean chemical plot. He is planning to have for display 17 different herbicides and herbicide combinations. Richard Pierce with Sandoz Company is handling the corn chemical plot with 10 different herbicides and herbicide combinations.

Bill Field with Purdue University will also be there to present a program aimed at safety around farm equipment with power take-offs. We are hoping that Mike Jones with Farm Bureau will be able to find time to present a program on handling and storing chemicals safely.

Farm Bureau is going to assist the Soil and Water Conservation Districts with a booth where people can bring a sample of their own

drinking water to be tested for nitrates.

Phil Gibson with the BASF Company will have a display and demonstrations on "Ground Water Management" on No-till ground compared with conventional till.

There will be an aerial rye seeding demonstration during the lunch hour where everyone attending will be able to view.

There will be a Kiddies Tractor pull in the morning operated by the FFA Chapters of the two counties. Lunch is also being served. The Area II District Forester, Larry Lichtsinn will be in charge of the woodlot management area during the day's event.

In the afternoon, there will be equipment demonstrations of all types such as forage consisting of balers and mowers. There will also be various types of tillage demonstrations of deep tillage and subsoilers.

There will be continuous wagon tours throughout the day to make it possible for everyone to see all the things available.

Girl suffers dog bite

Crystal Gohn, 5, Akron was bitten on the top of her head by a dog on Saturday morning. She received stitches in the Woodlawn Hospital emergency room and is recuperating at home.

According to Fulton County Sheriff, Richard McLochlin, the dog is being held to check for disease, he and the County Animal Warden Ashel Tabler said the incident occurred at a Tippecanoe Shores residence on Indiana 110 west of Indiana 25.

They said the girl got into the bed of a pickup truck where the dog was, and was bitten as she tried to ride the animal.

Chemical hazard workshop offered

A one-day workshop on new federal standards for communicating potential chemical hazards to workers will be offered in South Bend on June 2.

The workshop, sponsored by Purdue University's Environmental Management and Education Program, will help employers plan programs to comply with regulations set by the Department of Labor's Occupational Safety and Health Administration.

Beginning May 23, OSHA's Hazard Communication Standard will require employers at all workplaces where hazardous chemicals are present to create a written hazard communication program and provide training for their employees.

The workshop, to be held at the University of Notre Dame's Center for Continuing Education, will be conducted by Purdue Professor Lynn A. Corson, director of the Environmental Management and Education Program at Purdue.

Additional information on the workshop may be obtained by calling Gary Lee, 317-494-7219.
