Mentone voters pick new town board

Mentone voters crossed party lines to elect a new town board Tuesday.

Elected in the first ward was Frank Hardesty, a Democrat, who defeated incumbent Bill Board-

man 141-114. In the second district, Wayne Tombaugh, a Republican, defeated Richard Webb 132-125. The incumbent in that district, Republican Jim Whetstone, did not seek re-election.

Gerald Romine, a Democrat, edged incumbent Kenneth Bush in the third district 136-119.

Jo Gamble, a Democrat, was elected clerk-treasurer, defeating Lea Hudson 132-122.

Singing Sheriff coming to Akron

John W. Gunter, widely known as the "Singing Sheriff," will be guest speaker at the November 17 ladies night meeting of the Akron Chamber of Commerce.

Gunter, sheriff of Madison Co. since 1970, was named Indiana Lawman of the Year in 1971. He worked as a policeman for 15 years prior to being elected sheriff

and is presently an instructor for the Indiana Law Enforcement Training Board of Indiana University.

As adept at singing and speaking as he is at law enforcement, Gunter is well-known on the lecture circuit.

The November 17 meeting will begin at 7 p.m. in the multipurpose room of the Akron grade school.

No contest in Akron

Akron will have a Republican town board and clerk-treasurer. There was no contest Tuesday, since the Democrats did not pick a slate.

Town board members

will be Ronald Fenimore and Dr. Charles Miller, incumbents, and Vernon Waymire, who replaces John Zimmerman. Ernest Smith will be clerk-treasurer.

MELINDA HARTZLER and Rodney Grossman were honored for their 4-H work last week at the annual Henry Township Achievement night program, which was sponsored by the Henry Township Farm Bureau. Additional pictures and story inside.

Akron EMS plans continue

Members of the Akron town board and trustees and advisory board members from Allen, Perry, Pleasant, Franklin, Lake and Henry townships met Tuesday night to discuss the proposed Emergency Medical Service. Advising them was attorney

Jesse Brown, who will proceed with drawing up articles of incorporation.

Cost estimates will be discussed at a public meeting Monday, November 10, at 7:30 p.m. in the library basement.

All interested persons are urged to attend.

2 Bicentennial programs this week

Two Bicentennial programs this week will highlight the work being done by the Mentone Bicentennial committee.

owners of century farms will be recognized.

The public is invited to both programs.

Spotlight on 4-H

By Robin Secrist

Tami Hile

In the spotlight this week is the shining face of 12-year-old Tami Hile. She attends Mentone Jr. High School and is the daughter of Mr. and Mrs. Harold Hile, R. 1, Mentone.

She has taken many projects during her three years in 4-H. They are foods, food preservation, clothing, crafts, personality, beef and achievement records.

Her favorite projects are crafts, foods, clothing and beef. "In crafts you learn how to knit and different things; in clothing, you learn different stitches in sewing. You learn different steps in foods; in beef, I like to work with animals."

What does Tami like about 4-H? "You learn how to do more stuff and know more people. Thru 4-H, I have learned to cook and sew."

She has been a teen leader and is currently an officer.

She also enjoys swimming and bike riding. She is in band and is a member of the Beaver Dam Ag Club.

This week I am going to explain one of Tami's favorite projects, one that's also popular with the other 4-Hers. Thru clothing, basic and advanced sewing skills are learned. A 4-Her starts out by making an apron,

tote bag or simple skirt and progresses until she is making suits, coats and formals. The skills learned through this project will last a lifetime and are very beneficial.

Couple to note 60th anniversary

Mr. and Mrs. Noble Babcock, Bourbon, will host a family dinner Sunday in honor of the 60th wedding anniversary of her parents, Mr. and Mrs. Robert O. Jones, Mentone.

Mary Miller and Robert O. Jones were married in Plymouth on Nov. 6, 1915. Their other daughters are Mrs. Joseph Fisher, Bourbon, and Mrs. Richard Whittenberger, R. 2, Akron. They also have six grandchildren and three great-grandchildren.

Mr. and Mrs. Jones will soon move to their farm south of Mentone.

Ronald Hollenback

Men In Service

Mrs. Russel Mathias and Mr. and Mrs. Glenn Hollenback, Sharpville, recently attended graduation ceremonies for Pfc. Ronald D. Hollenback at Camp McClellan, Anniston, Ala. Pfc. Hollenback, who is in the military police, was transferred to Camp Hood, Texas, where he will report for duty on November 19 after a visit with his parents. He took his basic training at Ft. Knox, Ky. The Hollenbacks and Mrs. Mathias visited Mr. and Mrs. Arthur Perry at Foley, Alabama over the weekend.

Omega Club has spooky guests

A weird assortment of characters appeared at Anina Clemans' home in Macy when the Omega Club met there recently.

Judged the most unique were Zeophia Burdge, Janet Bowen, Edith Walls and her two grandsons.

Roll call response was "the beauties of October."

Fern Bowen gave devotions, ending with a poem and prayer.

Halloween contests were conducted by Gloria Bowen with prizes going to Anina Clemans and Edith Walls.

Family night will be

observed Tuesday, November 25, at the Akron library. Rosemary Hollingsworth will be hostess for the carry-in supper.

A good time was experienced at the box supper at the Prairie Union school house last Friday evening. Nineteen dollars were received, for which the tender, Seth Carpenter and his pupils thank the public.

Our exchanges are ringing full of scarcity of the Thanksgiving bird, the turkey. There are but few if any young turkeys in this locality. If there are many we have failed to chase one as we drove by in our Ford. The wet weather last spring is ascribed as the cause. The result means that turkey is roasting high. We have not even seen price quotations and this is strange since Thanksgiving is only two weeks in the future, while we have so many poultry buyers.

Bicentennial importance stressed

The importance of observing the Bicentennial was stressed Thursday afternoon when Mrs. Earl Kuhn reported on the Mid Summer Council at the fall council meeting of the Fulton Co. Federation of Clubs. She said Mrs. Roy Meredith, Akron, has been appointed county Bicentennial chairperson to work with a member from each club in the county. Clubs will be asked to have displays on Washington's birthday and the 4th of July. They also will

be asked to spearhead a movement to get churches, school and other community businesses or organizations to "Ring The Bells" at noon on the 4th of July. Club members are urged to display their flags at home every day of the Bicentennial year.

Mrs. Kuhn opened the meeting at the Akron library by reading an article entitled "It Only Takes a Minute." The hostesses served coffee and rolls preceding the meeting.

Mrs. Rex Bowen of Rochester called on Mr. and Mrs. Bob Stout recently.

Mrs. Earl Butt and daughter Mrs. Dean Bammerlin recently returned from a trip to Mountain Home, Ark. where they visited a sister Mr. and Mrs. T.W. Haas and cousin Mrs. Richard Antrim.

Mrs. Earl Butt was supper guest last Tuesday with Mr. and Mrs. Lyle Butt and family. Other guests were Mr. and Mrs. Gary Rensberger and daughter Lori and Mr. and Mrs. James McEvay and Jimmy in honor of Lyle's birthday.

Mrs. Earl Butt spent

the weekend with her son Mr. and Mrs. Keith Butt in Fort Wayne. Mr. and Mrs. Lloyd S. Hileman and son Philip were recently visitors of Ruth Hileman. Ruth Hileman spent Monday afternoon with Mary Sterling.

Ruth Bammerlin spent Tuesday with Hazel Weibel at Peru.

In Mentone It Happened

Taken from the Nov. 2, 1949, issue of the Northern Indiana Co-Op News:

One of the most successful egg shows ever held took place in Mentone last Thursday and Friday. Everything just seemed to function perfectly, which was due primarily to Chairman Dean Marble and his committee members.

The Mentone boys went after their first basketball games in a big way Tuesday evening when they won over two Burket teams. The second team won 42 to 21 and the first string boys ran up a score of 78 while the visitors were held to only 16.

Miss Kathleen Perry received the unanimous approval of the Egg Queen judges Thursday evening and was named Queen of the 1949 Mentone Egg Show. The four finalists in the queen selection were selected as attendants. They were Bonnie Clymer, Maxine Heckaman, Bonita Miner and Anita Barnett.

Mr. and Mrs. Russell Huffer have just returned from a trip to Washington, D.C., Richmond and other points of interest in Virginia.

We are very happy to be able to report that Eli Julian is much improved. In fact, he has been able to enjoy a little fishing.

The Rev. Joe Wick of Lafayette will give the main address at Sunday's dedication service at Tippecanoe Valley High School.

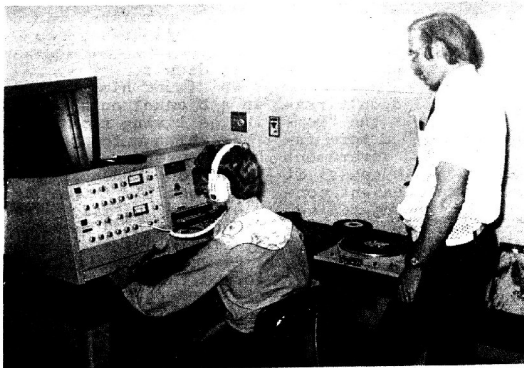

Joe Wick

Wick is a world traveler who has visited London 17 times, lived in Scotland, toured Europe, visited the Holy Land three times and made at least one trip around the world. A well-known humorist, he is frequently in demand as a speaker. He lists some of his "fun" assignments as speaking engagements in the Philippines as well as over much of the U.S. He is

currently senior minister at First Christian Church in Lafayette.

Joining Wick on the podium will be fellow Lafayette-area resident Congressman Floyd Fithian.

The afternoon's program and pictures of many areas of the new school are included in this week's NEWS.

NOON TIME RADIO show is popular with students. Ed LaMar watches as a student operates a console and turntable located above the cafeteria. The area also houses spotlights for plays and other productions.

Basketball preview Friday

Tippecanoe Valley basketball fans will have an opportunity to preview the Viking varsity and junior varsity team Friday, November 14, at the school gym. Game time is 6:30 p.m., admission is twenty-five cents.

SCHOOL PRINCIPAL Forst Dunnuck confers with secretary Anita Bruner.

Oldham concert cancelled

The Doug Oldham concert scheduled for Dec. 6 at Tippecanoe Valley High School has been cancelled.

Jerry Kindig, president of Partners, the sponsoring organization, was notified Tuesday that Mr. Oldham would have to be in Californ-

ia on that date for a film production. Refunds will be made on all tickets already purchased.

An ounce of keep-your-mouth-shut beats a ton of explanation.

THE SINGING SHERIFF John W. Gunter, will be guest speaker at the November 17 ladies night dinner meeting of the Akron Chamber of Commerce. The dinner will be served at 7 p.m. in the multipurpose room of the Akron elementary school.

MENTONE is a Bicentennial community, the first in Kosciusko Co. Having so designated, the town is entitled to fly a Bicentennial flag along its American flag and any residents of the community may purchase their flags for individual displays. Presenting Mentone's flag Sunday afternoon in a ceremony attended by more than 200 people was Gary Lucas, center, director of the Indiana American Revolution Bicentennial Commission, Indianapolis. Kenneth Bush, town board president, accepted it while Jerry Smith, right, chairperson of the Mentone Bicentennial committee, watched. Harry Sullivan, standing right of Lucas, raised the American and Bicentennial flags while the Mentone Jr. High School band played the national anthem. Individuals wishing to purchase flags must place their orders this week to ensure delivery. Lea Hudson chairs the flag committee. Other members are Donna Romine and Jerry Smith.

Thank my husband

Dear Editor:

I would like to ask the Mentone News to extend for me a thank you to my husband for making the decision to run for Town Board when I know deep down in his heart he felt he would be defeated. It is a hard decision to make and I believe 75% of the population would never run for any public office even if they were more sure of winning. I know that he ran again because he knew that the stand he had made in the past will always prove to be the right decision for the future. If someone has to win, then there has to be a loser. I am sorry that he had to lose but I truly feel that the officials who won are capable of doing a fine job or the majority of this town would not have elected them. I would like to congratulate them and to encourage them because Mentone is a fine community and the majority of the people in it will always stand behind you. I would like to thank Dick Webb, Kenneth Bush and Leafy Hudson for allowing their names to be submitted on the ballot. Everyone thanks Marie Coleman for doing an excellent job these past years because the clerk-treasurer is the backbone of the Town Board. I know my husband would like to thank those of you who voted for him.

Sincerely,
Miriam Boardman

Where are the "concerned citizens"?

Dear Editor:
Place: Downtown Mentone
Date: Anytime after Jan. 1, 1976
Event: Child bleeds to death after car accident while waiting on ambulance

or
Man suffers heart attack, dies before ambulance from Warsaw arrives.

How can this be possible? Remember--we had a meeting and appointed a fund raising committee. Remember--Darrell King was the head of the committee until he was forced to resign. Why?

Because a few "concerned citizens" of this town and community were A. Ignorant of the reality of the situation. B. Didn't care about the safety and welfare of their fellow citizens, and C. So spiteful that they thought Darrell was using this situation as a ploy to get a new ambulance for himself.

Are you "concerned citizens" willing to accept the responsibility for anyone (even yourself) who might die because we have no ambulance? Or are you willing to swallow your pride, admit you were wrong, apologize to Darrell and urge him to rejoin the fund raising committee so this project can get started?

It made me proud when I read that Mentone was to be this county's first Bicentennial town. It also made me sad to think that while Mentone was doing this, other towns and communities were struggling to finance ambulance services for themselves.

Now that we've established that we are patriotic to our Country and things that once were, let's be patriotic to our community and its current problem.

I would be extremely proud if in a few weeks the headlines of this paper would read: MENTONE WILL HAVE AN AMBULANCE!

ODDS and ENDS

By Ann Sheetz

I never really learned to like dominoes. It seemed too laborious to try to match dots; I preferred standing them on end, side by side, and, lightly touching the first, watching in fascination as they toppled.

At ten, I didn't realize this was the "Domino Theory," a term favored by government spokesmen because it has a more pleasant connotation than to say that if one country falls, another will follow suit, just like a string of dominoes.

But if the theory works on governments like it worked on our family when the youngest came home with the flu, the thought is positively frightening.

He came home on Saturday, after a party that he described as really cool. "It was great," he said. "Except the

This week the spotlight is on the older 4-Hers who are members of the county junior leaders. Some of you may be asking, "What is a junior leader?" A junior leader is a very important link between 4-H leaders and 4-Hers themselves. Junior leaders help their local club leaders by taking responsibilities and bringing new ideas from other clubs and putting them to use in their own

club. Junior leaders also gain valuable leadership experience by helping younger 4-Hers. Being a junior leader also lets a 4-Her become acquainted with other 4-Hers from their own county. Junior leaders are very important at county fair time: Keeping records of project grades, assisting project judges, watching projects in the various buildings and setting up the animal barns.

Several Mentone 4-Hers were elected into offices at the recent junior leader meeting. They are Alicia Dickert, secretary; Robin Secrist, reporter, and Susie Riner, Mentone's representative for the steering committee. The steering committee is composed of one person from each town in the county. The steering committee will work with the officers in planning meetings and possible activities for this year.

I also have a correction to make on one of the previous articles on 4-H. I said that Kathy Vogel was the youngest and only girl in her family. She now has a new baby sister. Congratulations to the Vogel family!

Crisis Clinic to meet

Jo Politz will talk about the "Big Sister" program Tuesday, November 18, at the 1:30 p.m. meeting of the Crisis Clinic in the activities room of the Community Neighborhood Center (Old Middle School), 7th and Pontiac Streets, Rochester.

Free baby sitting service for pre-school children will be available.

All persons interested in this type of program are urged to attend.

TOUR AND RECEPTION

last hot dog tasted sort of funny."

"After a dozen, it probably did," we laughed, bundling him off to bed in hopes sleep would quiet his queasy stomach.

It didn't.

We found him wrapped in a blanket on a couch in the living room, his face white as the sheets he had spread under him.

And on Monday night we found his father in the same position, a dishpan at hand in case of emergency.

By Wednesday night and for most of Thursday, it was my turn. I ached and chilled, and jogged.

And by Friday, my spot was occupied by our oldest son, his head buried under pillows so no one could see how he looked. He subsisted on chicken noodle soup and television.

It had been a long, hard week. No one was much in the mood for games. Except the one who set the family in motion, domino style. "What'll we do this week?" he asked at breakfast Monday.

"We'll all keep an eye on you," we said in unison.

"That doesn't sound like much fun," he grumbled. "Why don't we plan to play games some evening."

"Such as?"

"Well, I never have learned to play dominoes right. All I know how to do is stand them on end and watch them fall over when I push one of them."

"You know enough," we said. "Now's the time to learn how to make them stand up again?"

"Why?"

"Generations of people have toppled them. No one has ever gotten them to get back up on their own."

"Sounds like a silly game, if you ask me."

He'll make a good government spokesman.

60 YEARS AGO

Last Sunday was the first real threatening day of the approaching winter season. It was a cold, chilly day and by night the clouds hung heavy and dark. At bedtime it was raining and on Monday morning there was a light skiff of snow. That partially melted during the day, but on Tuesday morning we awoke to find another light snow, but heavier than the first one. This, also, melted during the day and while it is pretty cool today, Wednesday, yet the sky is clear and the sun shines brightly. The snow made the fodder damp and corn husking is fine. But trade is dull.

Charley Bickel and Charley Kercher, two enterprising farmers one mile east of Gilead, have wired their farm premises and the Akron Heat, Light & Power Company have wired out from Gilead and are serving those two farmers with electric lights. The Akron Company also wired Gilead and is serving about thirty or more homes and business places in Gilead with electricity. That's push for you.

Mrs. Flossie Yeagley was seen gathering in a brood of twelve little chicks last Sunday morning just from the shell. Evidently, she means to knit twelve pair of chic boots, or there will be some chirping with freezing tootsie-wootsies.

While driving up the milk cows Wednesday evening of last week Elias Shriver stumbled and in falling broke one bone in his right arm, skinned his face and nose and otherwise injured himself. But he got up and finally reached the house. He didn't think his arm was broken at the time, but it was fearfully painful and the next morning he came to let Dr. Hosman examine his injury and he soon found the fracture just about the wrist. The doctor fixed it up for him and he is getting along pretty well for a man about 75 years of age.

Mr. and Mrs. William Ream were in Akron Tuesday evening changing cars for their home in Mishawaka. They had been at Disko visiting his brother Charley and family over Sunday and their father, Abram Ream. They dropped into this office and pushed their subscription way up into 1917.

A large group of parents and teachers attended the meeting sponsored by the Akron Mothers Study Club last Thursday night in the library basement. The program consisted of a discussion on "Does Akron Need a PTA?" and the majority of members on the panel agreed that there was a need for such an organization in Akron. Preceding the meeting a pot luck supper was served to members of the Mothers Club and their husbands.

Read On at Akron Library

National Children's Book Week will be observed at the Akron Carnegie Public Library November 17-23. The theme for the event this year is READ ON. One of the best habits a child can form is the habit of visiting the Public Library and learning to take advantage of the great privilege we have in America of the freedom to read. This is a habit when formed that follows into adulthood and the well informed adult is the person who reads. Bring the family to the library and take advantage of the many things the library has to offer the entire family. There are magazines, records and books available for loan at the Akron Carnegie Public Library.

There will be a display of dolls made by Mrs. Floyd Young.

DAR members to back American farmer

A smorgasbord dinner preceded the November 4 meeting honoring the state DAR regent, Mrs. Thomas M. Egan, at Teels restaurant in Mentone. Anthony Nigo Chapter was hostess. Guests were from Bourbon's Tippecanoe River chapter. Chaplain Mrs. Arthur Brown gave grace. Betsy Ross and Benjamin Franklin dolls and star and flag favors were made by Rhonda Yazel, Mrs. Wayne Smalley and Mrs. Ferd Koenig.

In the President General's message, read by Mrs. Loren Gross, she stressed how the original DAR objectives set forth 85 years ago are the same objectives that today guide 197,000 members, the largest patriotic organization in the world. She urged rededication to service in obtaining greater knowledge of the forefathers.

National defense chairman Mrs. Wayne Smalley reported on the Veterans Day observance, noting the president has signed a bill that will return the annual observance to the original November 11 date in 1978.

Mrs. Frank Smith, Bicentennial chairman, announced the Nov. 9 luncheon at Teels, the ceremony to follow and the Nov. 11 program at TVHS.

Mrs. Robert Knepper introduced the speaker, state regent Mrs. Thomas M. Egan, and told of her activities and accomplishments through her DAR years. She emphasized the pride each should feel in being a daughter and how the numbers 1776 bring pride. She urged study of the Declaration of Independence. She quoted Thomas Paine and Patrick Henry and told of the founding fathers' foresight in declaring freedom to the colonies and fulfillment that came by giving power to the people.

On Oct. 11, 1976, DAR will note its 86th birthday. She urged re-

establishment of prayer and the salute in classrooms, the need to register and vote, to read and study the Declaration of Independence, to participate in projects concerning patriotism, to be proud of being a daughter and to have pride in the forefathers, and to, above all, instill these things in children for future generations.

Mrs. Thomas Fugate gave the resolution on food and agriculture, stressing that most Americans do not realize that the American farmer is being called upon to feed the people of this country and the major portion of the world and that he cannot continue to operate when his costs are more than his income. She said the Occupational Safety and Health Administration has made unrealistic demands upon agriculture operations and the Environmental Protection Agency has unrealistically prohibited use of many chemicals for insect and weed control, the energy short-

age has caused a crisis, the minimum wage has made prohibitive hiring of large numbers of unskilled labor. It was resolved that the DAR should alert consumers of the United States to the fact that the governmental controls on American farmers are causing food shortages that create higher prices.

The December 9 meeting will be at Mrs. William Cox's home.

Too bad we can't invest in taxes; it's the only thing you can be sure will go up.

"Please God...I'm only 17"

Agony claws my mind. I am a statistic. When I first got here I felt very much alone. I was overwhelmed with grief and I expected to find sympathy.

I found no sympathy. I saw only thousands of others whose bodies were as badly mangled as mine. I was given a number and placed in a category. The category was called "Traffic Fatalities."

The day I died was an ordinary school day. How I wished I had taken the bus. But I was too cool for the bus. I remember how I wheeled the car out of Mom. "Special favor," I pleaded. "All the kids drive." When the 2:50 bell rang I threw my books in the locker. I was free until 8:40 tomorrow morning. I ran to the parking lot--excited at the thought of driving a car and being my own boss. Free!

It doesn't matter how the accident happened. I was goofing off--going too fast. Taking crazy chances. But I was enjoying my freedom and having fun. The last thing I remember was passing an old lady who seemed to be awfully slow. I heard a deafening crash and felt a terrific jolt. Glass and steel flew everywhere. My whole body seemed to be turning inside out. I heard myself scream.

Suddenly I was awakened. I was very quiet. A police officer was standing over me. Then I saw a doctor. My body was mangled. I was saturated with blood. Bits of jagged glass were sticking out all over. Strange that I couldn't feel anything. Hey, don't pull that sheet over my head. I can't be dead. I'm only 17. I've got a date tonight. I'm supposed to grow up and have a wonderful life. I haven't lived yet. I can't be dead.

Later I was placed in a drawer. My folks had to identify me. Why did they have to see me like this? Why did I have to look at Mom's eyes when she faced the most terrible ordeal of her life? Dad suddenly looked like an old man. He told the man in charge, "Yes--he is our son."

The funeral was a weird experience. I saw all my relatives and friends walk toward the casket. They passed by one by one, and looked at me with the saddest eyes I've ever seen. A few of the girls touched my hand and sobbed as they walked away.

Please--somebody wake me up! Get me out of here. I can't bear to see my Mom and Dad so broken up. My grandparents are so racked with grief they can barely walk. My brother and sister are like zombies. They move like robots. In a daze. Everybody.

Anniversary honored

Mr. and Mrs. Butch Knafel of Albion were hosts for a get-together Sunday afternoon in honor of the 25th wedding anniversary of her parents, Mr. and Mrs. Robert Summe.

Allen Smith, 33, R. 1, Akron, was sentenced in Fulton Circuit Court Thursday after pleading guilty of carrying a handgun without a license. He was given a 45-day suspended sentence to the Fulton Co. jail with one day credit for time already served, assessed court costs and placed on probation until Nov. 6, 1976.

In recent Warsaw City Court action, Carl Hughes, Silver Lake, was fined \$90 for driving while under the influence of intoxicating beverages, and Glory M. Bennet, R. 1, Claypool, received a 60-day license suspension for public intoxication. Judgment was withheld on disregarding a stop sign.

In recent Fulton Circuit Court action, Amos Ritchie, 27, Akron, pleaded guilty of assault and battery against Norma Ritchie. Pre-sentence investigation was ordered by Judge Wendell C. Tombaugh.

No one can believe this. And I can't believe it either.

Please don't bury me! I'm not dead! I have a lot of living to do! I want to laugh and run again. I want to sing and dance. Please don't put me in the ground. I promise if you give me just one more change, God, I'll be the most careful driver in the whole world. All I want is one more chance. Please, God, I'm only 17.

Things I Remember

By Goldie Kesler

Sour cream was just as good then as it is today, but Grandmother would never have served it as a delicacy on her table. Most people kept four cows from which to get milk and have plenty of cream and butter for mashed potatoes, even cream gravy. No one dieted. We had a milk house with a long wooden trough along one side in which we placed gallon crocks of milk for the cream to rise. Everything was washed and scoured. The crock lids were scoured with ashes because we had no other scouring powder. They were maple wood and white and clean. My old potato masher rolling pin and the butter paddle Grandfather fashioned on a lathe are maple too. The cream from some Jersey cows was thick enough to roll back off the milk, but most of the cream had to be skimmed off with a dipper. It was placed in a tall jar to be churned after it reached the right degree of sourness to make good butter. Grandma always knew just when to churn. She took care of the cream, but WE did the turning of the crank. You can't churn very fast or the dasher or blade of the churn will flop all the cream out on the floor. Our churn was called a bentwood churn. The bottom and two sides were of one piece of lumber bent to make the churn round on the bottom. It takes about 20 minutes until butter comes, then it is taken out of the buttermilk and placed in a big wooden butter board and washed. Some people didn't wash their butter but Grandma had special customers for her butter and it was very good and very clean. She didn't use a butter print but made it into rolls with her butter paddle. A potato cut

lengthwise and crosswise to make points was a good print to make diamonds on the side of the rolls. She made flowers and sometimes boys and girls with her butter paddle.

The churn was such a good place to hide under when we played hide and seek, especially when Grandma threw a table cover over it to hang down all around. One day I decided to hide there, not realizing the churn was being scalded. It had to be scalded and cooled with cold water so the butter wouldn't stick to it. The other half of WE decided it would be a good joke to open the stopper and let all the hot water out as I crawled between the legs of the churn. It wasn't as bad as it might have been. The water had cooled somewhat and it didn't go through all my winter clothes, but I can remember the cooling sensation when Grandma put cool soda packs on the blisters. I had scars in places for a long time.

There is nothing better than a tall glass of buttermilk with some flecks of butter on top when one has spent the morning hoeing in the garden or mowing fence corners.

We had no cars or milk man as I think of all the good, clean, fresh skimmed milk we fed to the pigs. Butter was 18c a pound.

Omega Church sets missionary conference

Edvard Torjesen

The Rev. Edvard Torjesen, who has served with The Evangelical Alliance Mission (TEAM) since 1948, will speak at the Omega Church during its Nov. 16-19 missionary conference.

Born in China of missionary parents, Mr. Torjesen received his edu-

cation in that country as well as in the United States and Canada. He entered Mongolia as a missionary in 1948 but had to leave the next year because of Communist pressure. He later served in Hong Kong from 1949 to 1951 and from 1951-70 in Taiwan. He spent three months in 1971 visiting far eastern evangelical radio ministries broadcasting in Red China.

The Rev. Torjesen will

Take your problems to Church this week —

Wishes Do Come True

"Make a wish. Blow out all the candles and your wish will come true."

So it is throughout life, we continue to make wishes—to long for that which we think will bring happiness. The wishes of some continue as self-centered and petty as childhood wishes. With others, their goals become less selfish, less materialistic as they grow in stature and character, for they grow in spirit as well as in body. Their wagons get hitched to a star.

Those who grow only in body and age never live to see their wishes come true, because those wishes are not grand enough or fine enough.

It is the purpose of the Church to convert people so that they may grow in spirit as well as body and mind. Find a church that serves such a purpose for you. Make it an essential part of your life, then you'll find your wishes coming true.

3-D artist coming to Akron

Bob Baker

The Rev. Bob Baker of Bedford will conduct a series of unusual services at the Akron Church of God November 16-20.

The Rev. Baker is a chalk artist, one of only a half dozen in the United States using three-dimension art work plus movement, black light, full spectrum lighting, inspiring background sound and Bible drama. He is a landscape artist and has taught art in addition to being a minister for more than 20 years.

Some of the scenes he has created have tumbling waterfalls cascading into a lake with a moving sailboat, suns that set and moons that rise, stained glass church windows that slowly light up and glow. His equipment is quite complicated, involving electronic control panels, various small motors and requiring hours of preparation. He presents

a new and different picture and theme at each service.

The public is encouraged to attend these services. The Rev. J. D. Thomason is host pastor. Sunday services are at 10:25 a.m. and 7:30 p.m., and the week-night services are at 7:30 p.m.

What a shame. Hardly anybody will read this ad

Why?

This advertisement is all the way in the back of this newspaper.

Who reads ads back here

It's also on the left-hand page. Who reads left-hand pages?

At least, that's what some advertising "experts" tell us. Position, they say, is everything in life. The pun amuses. But the truth suffers.

The fact is this: Readership

studies (by Daniel Starch, McGraw-Hill, and others) prove that "position" can't help a bad ad or hurt a good one.

What's up front, or in back, doesn't count in the readership ratings. Right-hand pages aren't right, left-hand pages aren't wrong. It's the message that matters—not the number on the page.

We're in a position to know something about readership.

We get a lot of it for advertisers. Our subscribers are intelligent people who want to read ads that interest and inform them. And the readership ratings in this newspaper are uniformly high from cover to cover, for left-hand pages and right-hand pages alike.

So maybe there's hope.

Maybe someone will read this ad.

Someone like you.

General announces new projects

General Telephone Co. of Indiana has announced area cable projects totaling \$100,000.

R.E. Kanfel, district service manager, said the company has begun two projects in the western area of the Claypool exchange and three separate cable addition projects in Atwood and Etna Green.

Cable is being installed from the Claypool central office to the Diamond Lake area, including Caldwell and Hill lakes, and in an area northwest of Etna Green as well as in an area south of Atwood.

Most of the cable installed in the Atwood and Etna Green area will be buried. Kanfel said this will reduce service problems that can affect aerial cable exposed to adverse weather conditions.

Work on the cable projects is scheduled for completion late this year.

TVSC to have own mechanic, garage

A 40' x 135' building at the Mentone school, once a bus shed but later remodeled as an auto mechanics shop when that course was added to the curriculum, may soon become Tippecanoe Valley School Corporation's service garage. According to plans discussed at Monday night's school board meeting, the building and a 50' x 60' addition could easily be used by a corporation employed mechanic to maintain the 31 buses, two tractors and two mowers that comprise TVSC's rolling stock. Both are well-lighted and heated and contain equipment not moved to

the new school, business manager Robert Forbes said.

After hearing a report from Forbes noting that repairs had so far this year cost the corporation \$20,000, almost half of which was for labor, board member Richard Goshert moved that it be a TV policy to have a central bus garage at Mentone to repair and maintain all corporation vehicles and that a mechanic be employed for approximately \$10,000. This figure was one quoted by Forbes as the amount he felt would be necessary to obtain a good man. The vote, as were all taken, was unanimous.

Forbes said most calls from drivers come at 7:30 a.m. and 4:30 p.m., which could make unrealistic hours for a 40-hour per week mechanic. He suggested possible employment of some of the auto mechanics students as assistants.

In other action, board members approved the following claims: payroll \$113,002.06; general \$27,987.81; cumulative building \$19,070.52 and CBF escrow \$8,212.30.

Mentone C of C urges making town one of stars

Mentone residents are urged to display stars this Christmas that can remain in place all year as part of the Bicentennial celebration.

In making the recommendation, the Mentone Chamber of Commerce noted that stars have always been a symbol of high ideals and great hopes, often used in mottoes and expressions

of hope in poetry and emblems. President Jim Miller noted "Hitch your wagon to a star" is an often-used expression meaning a person should set high ideals and work to reach them.

He continued, "The star of Bethlehem is a symbol of Christianity and Christmas would not seem complete without a shiny star on top of the tree. The same star could be used for the 12 months of the Bicentennial since stars have played such an important role in the nation's growth." He cited as examples: stars were used for navigation to help find the country, the Star Spangled Banner was written in 1814, emphasizing the stars that are on the American flag.

Samples of three stars are on display at Mill-

er's Hardware. They may not be purchased but are only to be used as examples of the types of stars individuals can build. Patterns are available at no cost.

Additional information can be obtained by contacting Miller.

Mentone's AFA

Cont. from page 1

Dr. Lloyd Harrell, Frank Hardesty, James Miller, Robert Tucker, David Cooper and Harold Meisner.

Making the presentation was Jack Withers, national AFA vice-president from Washington, D.C., where AFA maintains its headquarters so it can present, at top level of government and defense, aerospace policy that is originated and formulated through the aid of highly qualified men.

AFA is an independent, non-profit national association for both civilian and Air Force personnel that was organized in 1946 to "support armed strength adequate to maintain the security and peace of the United States and the free world."

AFA has three other goals: striving to support proper employment of airpower, developing programs and seeking support for policies that will benefit all Air Force people and promoting public and community understanding of the Air Force through its local chapters. It publishes a monthly magazine, "Air Force Magazine."

The immediate goal of the Indiana AFA will be to restore two currently inactive chapters, the Gus Grissom Chapter

at Lafayette and the Indianapolis 500 Chapter, to active status.

Seventy members of the Mentone chapter attended a dinner-dance in conjunction with the charter presentations.

A lot of people who spout so profusely about capital and labor never had any capital and never did any labor.

What is Christmas?

Dear Editor,
What is Christmas? Sure, everyone knows the story. Jesus was born in a manger in Bethlehem. Nearly everyone celebrates Christmas; jingle bells, candy canes, presents under the tree full of bright lights, and silver icicles, and of course Santa Claus! It seems everyone remembers Mr. Ho-Ho-Ho himself, but what about Jesus Christ. Have we forgotten the true reason for Christmas? Christmas is to celebrate Christ's birthday. It seems that this birthday is getting earlier every year. A couple of years ago decorations started going up in the stores the day after Thanksgiving. This year it was two weeks before Halloween. Let's hear it from all you Christians out there. Let's put Christ back in Christmas!!!

60 YEARS AGO

The Akron basketball team went to Columbia City last Friday evening and in a thrilling game that was most excellently guarded, lost the scalp 17 to 14 only. So prominent was the event that nearly every newspaper in the northern Indiana remarked about the Akron fast team losing so early in the season.

A good substitute for a leaking hot-water bottle, is a cloth bag filled with heated shelled corn. The corn may be used several times and holds the heat well.

Howard Slaybaugh had his cow barns all wired this week for using electricity. The electricity will not only be used for lighting purposes, but he expects to be milking his cows very soon by electricity probably early next week. Certainly this is an advanced age. The scheme promises to be interesting and no doubt there will be plenty of visitors at evening milking time when the public shall know certainly that the installment has been perfected and in working order. No doubt his milk cows will get a little up on themselves by reason of being pailed that way.

Mr. and Mrs. Jacob Dickerhoff departed last Tuesday for Miami, Fla., where they expect to spend about four months of the ensuing winter. There are several of our "fellers" about town who have land down there and Jacob says he will box up their share of the fish and ship each one his share, or, if there are no fish, then the snakes, worms, bugs or whatever there is there on. We are looking for a handsome consignment of something like the latter above enumerated.

There was a real pleasurable time last Sunday at the home of Sylvester Churchill. His daughter, Miss Grace, put up a most excellent dinner for their visitors that day, that consisted of his brother Abner and family of Disoko; his sister, Mrs. Alfretha Graham; Ben Wade and family of Mentone, Charley Wade and wife of Urbana, in all 28.

39 YEARS AGO

Coach Deardorff and his Akron High Flyers will travel to Mentone Friday night for the first away from home basketball game of the season. The Flyers have two victories to their credit, having nosed out Chester in the opening game and having trounced Laketon last Friday night. They will strive to make it three victories in a row when they meet the strong Mentone Bulldog outfit.

The 1936 state much crops show came to a successful conclusion with a fish fry which was served to approximately 300 guests at the high school gymnasium. E. L. Mitchell of Rochester was re-elected president of the organization as were other officers; Joe Luckey, William Gehring, and Roscoe Fraser.

The Beaver Dam Home Economics club met Wednesday afternoon at the home of Mrs. Earl Meredith. The following officers were elected: president, Mrs. Ner Kinder; vice-president, Mrs. W. E. Dickey; secretary, Fern Petry; and leaders Mrs. Maynard Summe and Mrs. Paul Cumberland. Fifteen members and five children attended with the hostesses, Mrs. Oren Craig and Mrs. Meredith.

25 YEARS AGO

Fifty-one neighbors and friends of Leo Floor brought tractors and cornpickers to his farm Tuesday and picked 35 acres of corn for him. Leo is recovering from a serious spinal operation. Dinner was served at noon by the ladies of the neighborhood.

Tedgie Bradway has accepted a position as sports writer for the Marion Chronicle.

New officers were elected by members of the Summit Neighborhood Club last Thursday afternoon. Hostesses for the meeting were Mrs. Lloyd Hileman, Mrs. Ella Smith and Mrs. Russell Walker. Mrs. Ed Hauser will be the president; Mrs. Albert Smith, vice-president; Mrs. Ralph J. Miller, secretary and treasurer.

A dedicatory program for the new Henry Township gymnasium is being planned for Monday night. Phil Eskew, principal of Wabash high school, principal of the state athletic council and a former basketball official, will give the dedication speech. Rated as one of the top speakers on the athletic council, a large crowd is anticipated.

Attorney Frederick Rakestraw has announced that he has purchased the William Deniston interest in the local law office and is now the sole owner of the establishment. Mr. Rakestraw has been in Akron for about a year and a half.

Dean Bannerlin and Bob Coplen went to Indianapolis recently for their physical examinations.

AKRON DID YOU KNOW?

Mrs. Earl Shimer attended the funeral of her sister, Mrs. Morrow, of Fort Wayne, on Thursday.

Callers at the home of Mary Lou Smith and Eva Eshelman were Jess Smith, Pittsboro; Mrs. Jr. Herendeen, Wabash; Mrs. Pauline Drudge, Warsaw; Mr. and Mrs. Henry Bohn and Tim, Hope and Kristy, Milford; Mr. and Mrs. Kendal Rager and Julian, Mr. and Mrs. Calvin Reese and Steven, Mr. and Mrs. Larry Coon, Mrs. Margaret Benson and Christine, Lulu Riley, Kay Smith, Evelyn Kreig, Vulura Robinson and Mr. and Mrs. Verl Rager, all of Akron.

Cora Coplen spent the past week with the Robert Coplen family of Ft. Wayne.

Mr. and Mrs. R. Kenneth Zimmerman of Mishawaka spent Saturday with Cora Coplen, Mr. and Mrs. Walter Zimmerman and Mr. and Mrs. George Brown.

Mr. and Mrs. Ralph Shafer and Nora Hoffman were Saturday dinner guests of Mrs. Clifford Bright and Velma Bright.

Terry Foust has returned home from the hospital and would appreciate hearing from his friends.

WCTU meets

Singing opened the November Akron WCTU meeting Tuesday night in the library. Lucille Doering gave devotions.

Special music was given by Lamoin and Marie Hand, and an article was read by Mary Krause.

After a film entitled "Drugs and Middle America," the closing prayer was given by Mr. Hand, and refreshments were served by Mary Krause, Marie Burns and Eva Strong.

to thank them for all of the help they've given us so far and will give us during the year. We really appreciate it.

We decided to have extra meetings after school as well as during activity period at school. The next after-school meeting will be Nov. 10.

At our last meeting, a committee was formed to choose our theme for this year. All of our activities for the year will be based on this theme.

NEW BOOKS

AKRON CARNEGIE LIBRARY

WATCHMAN'S STONE by Rona Randall. Here is another gothic for those who liked the author's first book "Dragonmede."

EAST AND WEST by Pearl S. Buck. The author's divided life-spent half in Asia, half in America—is reflected over and over in her writing, as much in her shorter fiction as in her novels. The stories in this volume have been selected to represent this range of background as well as a span of some thirty years.

THE GOLDEN ACRE by Thyra Ferre' Bjorn. This is an old fashioned love story that spans the generation gap—the older generation's quest for peace and security, and youth's desire for independence and love. In the end, would they all realize that they were searching for one and the same thing—the love that makes it possible for human beings to find a piece of heaven—a Golden Acre—amid the cares and worries of this far from perfect world of ours.

When we're right—we are very intelligent. When we're wrong—Lady Luck was against us.

Witnesses return

Rochester area mem-
bers of Jehovah's Wit-
nesses have returned
from a two-day circuit
assembly in Holt, Mich.,
where they heard J. L.
Waddington, district
overseer, discuss the
relationship of each in
his personal commitment
to the Kingdom of God.

Ralph Funk, elder of
the Rochester congrega-
tion, said, "The Bible
counsel is to be neutral
and look to God for so-
lutions to global prob-
lems. We learned that
instead of talking about
what human organiza-
tions and groups should
do, we should direct at-
tention to God's King-
dom as the needed reme-
dy."

Sunday's program in-
cluded a baptism for 28
people.

The public is invited
to attend the supper and
the singspiration that
will follow. The com-
mittee asks that every-
one take their own table
service and reminds
that donations of canned
goods for delivery to
the needy before Thanks-
giving would be appre-
ciated.

The Gospel Singers
will be joined by other

singing groups for the
evening's entertainment.

Bicentennial debate winners named

Ed LaMar, local sponsor of Bicentennial Youth Debates (BYD) has announced the names of local youth debate winners as determined in an October 29 contest.

Winner in the Lincoln-Douglas debate was Sherri Miller. Topic for the debates was "Resolved: That the melting pot metaphor is an historical fiction." In order to enter the competition participants were required to prepare on both sides of the debate question.

Lynn Hively was named winner in persuasive speaking. The general topic area was "My Country, Right or Wrong?"

The speeches were original in content and not to exceed ten minutes in length.

Randy Holt, local winner in extemporaneous speaking, prepared and delivered several speeches concerning the cultural groups that help form the nation. Extensive work was required in preparation for the event and thirty minutes was given prior to each speech.

Each of the winners was presented a BYD commemorative certificate.

Marks will note 25th anniversary

Mr. and Mrs. Clarence Mark, Akron, will celebrate their 25th wedding anniversary Sunday.

Clarence Mark and Lavon Moyer were married in Greenville, Ohio, on Thanksgiving Day, Nov. 23, 1950, with the bride's father, Glen A. Moyer, officiating.

They have two daughters, Mrs. James (Teresa) Fryman, Logansport, and Glenda Mark. The girls plan a family celebration.

The three will now represent TVHS at the sectional contest in Howe on Feb. 28, 1976. Discussion at the contest will focus on Working In America. Students will compete for medals and the right to go to the regional contest where educational awards will be presented to outstanding participants.

Bicentennial Youth Debates is a project of the Speech Communication Association, the largest association of professional speech educators in the nation. BYD is supported by a grant from the National Endowment for the Humanities, a federal agency created by Congress to support research, education and publications in the humanities.

Additional information about the program can be obtained by contacting Ed LaMar, media director, Tippecanoe Valley High School.

Mrs. Nelson Hunter, Jr., appointed program chairman by Mrs. G. Wm. Eggers, Association president, said gifts for men are in greater demand and can include bath robes, electric shavers, shirts, slippers of washable fabric, sweaters or sweat shirts, belts, tobacco,

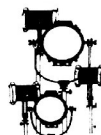

cigars, pipes, shaving cream and shaving kit bags.

Suggested gifts for women include cosmetics, dresses, hand lotion, panty hose, play shoes and sweaters. Gifts of \$1 or less are accepted and are greatly appreciated. All gifts should be new.

Mrs. Hunter notes that if clothing is purchased, it should be a large size and of washable fabric that does not require ironing. Gifts in glass bottles and other items that may be a safety hazard should be avoided.

Gifts may be wrapped or unwrapped. They will be assembled, wrapped and tagged by Association volunteers and anyone is welcome to assist. Since this takes considerable time, a deadline of December 9 has been established for contributions, Mrs. Hunter said.

People who seek satisfaction in applause leave all their happiness in the hands of others.

Spotlight on 4-H

By Robin Secrist

In the spotlight this week are two twins, Shelly and Sheryl Stokes. They are 13 and attend Mentone Jr. High. Their parents are Mr. and Mrs. Robert Stokes of R. 5, Warsaw (Crystal Lake). They are fourth year 4-Hers.

They are both in band and chorus, but the similarity ends there.

Sheryl enjoys swimming and bicycling. She likes 4-H because "I meet new friends." She feels she has become more outgoing through 4-H. Her favorite project is cooking "because if you don't have anything to do, you could always cook." She has also taken the food preservation project. Her goal for this year is "to get my project done."

Shelly likes to knit and enjoys 4-H because "I meet new friends and it's interesting." Her favorite project is crafts "because it looks interesting." Shelly has a very strong belief that "you should finish what you start," which shows why her goal for this year is "to get my project done."

One project that Shelly and Sheryl have taken is food preservation. In this project, girls (and boys) learn the basic skills of food preservation. They learn how to freeze and can various foods. Things learned in this project are very useful. 4-Hers also learn how to save money through food preservation by freezing garden vegetables and other things and not having to buy them later when they are not so plentiful.

The council will consist of one representative from each of the townships to be served, two emergency medical technicians and one person from the town board. The council will set up work orders, plan finances and organize fund raising events.

Representatives of General Telephone Co. of Indiana met with township officials Wednesday night at Akron to detail a 911 telephone block that will be necessary when the proposed Emergency Medical Service goes into operation. They showed films on the EMS movement and answered questions from representatives from Henry, Allen, Perry, Franklin and Seaward townships.

The Singing Sheriff

Singing Sheriff will highlight Dec. 5 Bicentennial program at TVHS

The Singing Sheriff will provide a program of singing, guitar playing and some just plain talk Friday, December 5, at 8 p.m. in the Tippecanoe Valley High School gym. In his talks, the sheriff, who is John Gunter, Madison County sheriff, stresses love of one another, children and country.

Tickets for the pro-

gram can be purchased separately or as part of an evening planned by the Tippecanoe Valley area Bicentennial committee that includes a fish fry at the Mentone fire station from 5 to 7 p.m.

Early arrivals at the school can attend a mini-carnival in the commons area and lecture hall where games booths, old-time comedy movies

and cartoons are planned.

Funds raised will help promote other area Bicentennial events.

Akron Bicentennial Commission will honor area residents, sites

Plans to honor area residents in a number of ways were formulated at the organizational

meeting of the Akron Bicentennial Commission.

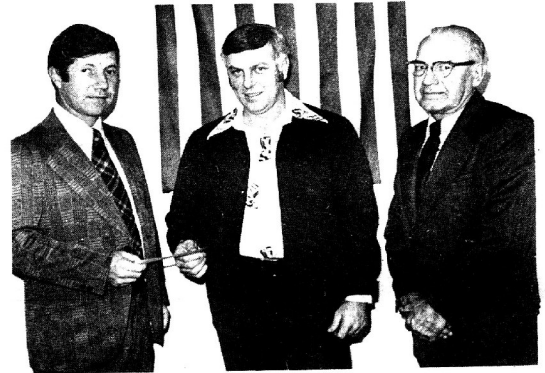

Henry township residents whose farms have been in their families for 100 years or more will be honored by the Commission and also by the Fulton Co. Historical Society. They should register with Mrs. Al Jennens.

Also to be honored are owners of homes or structures in the Akron area that are 100 years

old. Anyone with questions or wishing to apply for this award is requested to contact Willis Bowen or Pam Madeford.

Plaques will be erected at area historical sites. People wishing to recommend sites may contact any of the above-mentioned people.

A special program to honor these people and to designate the sites is planned at a later date, which has not yet been set.

LAUNCH AMBULANCE FUND DRIVE: The Manwaring family, represented by James Manwaring, center, presented a \$1,000 check towards the purchase of an emergency ambulance for Mentone at a meeting Thursday night. The gift was made in memory of the late Charles Manwaring. Receiving the check is Larry Pyle, treasurer while Wayne Tombaugh, acting chairman, smiles his approval.

Mentone EMS is formed, fund drive launched

An Emergency Medical Service program for Mentone was organized at a public meeting Thursday night.

Wayne Tombaugh was elected acting chairman; Frank Manwaring, vice-chairman; Lois Miller, secretary; Larry Pyle, treasurer, and attorney Lee Bazini was named counsel.

The officers will meet later to discuss a name for the organization and to meet with representatives of the townships the EMS will serve.

Paul Arnold and Sandy Cole of Ft. Wayne, headquarters for Region 3, which only last week transferred Kosciusko and Wabash counties from Region 2 at So. Bend, were present to field questions from the audience. Also present were three members of

Milford's EMS, who described the work their unit does, how it is financed and its plan to set aside a portion of its income for later replacement of the ambulance.

Arnold and Ms. Cole said that the six members of the volunteer fire department who took EMT training several years ago but who had not been certified could be given brush-up courses that would qualify them to take the exams in a few weeks, meaning that as soon as an ambulance is purchased, Mentone can actually have an EMS of sorts in operation. They said it will be nine months before any of the new volunteers can be certified, since 81 hours

ODDS and ENDS

By Ann Sheetz

"Get the president's autograph," I said.

"Just get me anything," Doug suggested. It was senior trip time, and we were advising Todd, who was clearly bored by it all.

"Stay out of poker games," Loren sighed.

I glared at him, but both boys were immediately interested.

"Poker games?" Todd asked. "On a senior trip?"

"Poker games," Loren sighed again.

"Just have fun," I said. But it was too late to tell him about our own senior trip, a much longer affair than the one-day fling these seniors would make to Washington and back. Too late to tell him of the long train ride to Washington and later to New York.

"Some people on our trip got pretty lucky at poker," Loren mumbled, casting wicked looks my direction.

Both boys jumped at the chance "to get Mom." "What happened?" Doug asked.

"Not much," I answered. "Some of the kids taught the rest of us to play poker on the train. That's all."

"Yeah, and 'some' of the rest of us did okay," Loren replied.

"Well, I made enough to buy a couple sandwiches," I conceded.

"What are you driving at?" Todd asked his father. "What else did she win?"

"Me." "She won you in a poker game? How'd she do that?" "She got everything else I had; I was the only thing left." "That's crazy," Todd said, but Doug thought the odds sounded pretty good.

"Boy, you sure set him up," I told Loren as we heard our oldest leave before daybreak for the trip.

"Might as well learn the truth some time," he muttered, rolling over and going back to sleep as I lay wide awake, wondering why we told our kids such preposterous yarns.

Our own day was hectic, but we thought of ten of the seniors. We wondered how they liked Washington, what our senior would have to report.

"Well, how'd you like it?" I asked our bleary-eyed son when he returned late that night.

"Just great," he said. "What'd you learn?" his father asked.

"You know," Todd said, "you'd have to be awful dumb to lose yourself playing poker."

"Is that what you learned?" his startled father asked. But he was too late. The traveler had already headed for the shower and bed.

"Wonder what he did learn?" he asked. "Dunno," I muttered. It was my turn to sleep while he lay awake and wondered.

LETTERS FROM READERS

Dear Editor:

Why not make Thanksgiving Day a day of remembrance for persons not as fortunate as we are, as each of you gives thanks for good fortune and health? The concern shown by a fellow human being who buys a gift for a hospitalized mental patient can provide a real lift for someone who is cut off from the kind of Christmas festivities most of us take for granted.

The Fulton Co. chapter of the Mental Health Association is collecting presents for patients at Logansport state hospital. Many of these gifts will stay within our own county and can be distributed to patients in local nursing homes who have no family and would otherwise not be remembered at Christmastime. These gifts will be assembled and assigned to various patients on a selective basis.

Personalizing presents for patients if time-consuming, so we need to have gifts by Dec. 9.

Gifts should be new, wrapped, unbreakable and identified on the outside of the package. The Mental Health Association will be happy to send a suggestion list and gift tags to anyone who telephones 223-6870 or 223-5583. Gifts can range from sweaters, dresses, or less expensive items, such as cosmetics, hose, tooth paste or hand soap. Gifts of \$1 or less are accepted and greatly appreciated.

Gifts can be deposited at the following places:

Akron United Methodist Church, Akron Exchange State Bank, Tiosa First Brethren Church, Farmers and Merchants Bank at Kewanna Leifers Ford State Bank, Whipporwill Community Church, Bethlehem Baptist Church, Wilts or Berkway supermarkets, Local Finance or Public Service offices, Hart Schaffner and Marx, Talma Bible Church or Baxter Drugs. 60 YEARS AGO

A very quiet, yet pretty social event was pulled off at the home of Mr. and Mrs. John Kinder, four miles east of town Monday evening of last week, when more than a score of neighbors marched in and made a complete surprise for Mr. and Mrs. Clyde Gearhart who were recently married. This was accompanied with a miscellaneous shower in which the young couple received many pretty and useful articles. After the usual congratulations came the untieing of presents with much satisfaction to all concerned. The evening was most pleasantly spent in a social chat and the groom gave a few choice selections from the graphophone. At a late hour the guest departed, feeling glad to have been one of the bunch.

Charley Flagg is building a new 6 room house west of town this winter. He has hired some help, but most of his work he is now doing himself. It is not going off rapidly, but he has it about ready for the roof. He is working hard and doing his best to own his home - the highest ambition a man can have while he lives. And no young man should be short on that kind of ambition.

Emmett Davis, a member of the 1915 class, met with a handsome surprise Friday evening of last week. The class and faculty went out to the parental home and took him greatly by surprise. A pleasant evening was spent and a nice token of esteem was left him by his visitors.

Mr. and Mrs. H. L. Meredith and son Don reached home last Monday from their trip to the World's Fair and visit to their sons at Portland. They returned quite well and had a great time. We expect to interview Mr. Meredith later.

Vikings sweep opening weekend

By Ron Newlin, NEWS sportswriter

If the games of the previous weekend are any indication, it looks like a long year for area basketball teams. Last year Tippecanoe Valley destroyed almost every team in the area en route to a 17-5 record. A lot of talent graduated from that squad, but the '75-'76 edition of the Vikings appear ready to pick up where last year's power left off. They proved it with a pair of impressive victories at home this weekend.

On Friday night the Vikings slew the Argos Dragons, 71-57. Tippecanoe fell behind early but managed to stay close, mainly on the efforts of junior forward Kevin Eaton, who rammed home 18 first-half points, mostly on long bombs. Fighting back from a 15-14 first-quarter-stop deficit, the Vikings took a 32-29 halftime lead, padded by Derek Anglin's basket at the buzzer.

In the second half the Vikings took command, and doing most of the commanding was senior John Lash, who scored 19 second-half tallies. The Vikings opened up a 23-point lead early in the fourth quarter, and the subs finished out the 71-57 win.

The Vikings were lead in scoring by Eaton with 24, Lash with 23, and Anglin with 10. Center Ryan Williams added 10 rebounds.

On Saturday night the Valley trounced North Liberty, 74-45. Again Tippecanoe sputtered in the early going, salvaging just a 15-13 lead at the end of the first quarter. The avalanche came in the second frame. The Liberty side of the scoreboard stuck on 17 for 5 minutes while Tippecanoe ripped the nets for 15 straight points and turned the game into a joke. The 31-3 quarter made the halftime score 46-21, and for all practical purposes the game was over when Tippecanoe opened a 30-plus point lead in the third quarter.

For the second night in a row, Kevin Eaton

was the scoring King, with 20 points. Ryan Williams returned to form with 15 points and absolute domination of the boards, and John Lash turned in another solid performance with 11 points. The Viking defense throttled the Shamrocks for a school-record 45 points, the lowest ever allowed by a Viking basketball team.

The Viking junior varsity wasn't quite as fortunate, losing to Argos, 38-36, before topping Liberty, 38-31. The Vikings attempt to avenge their sectional-final loss of last year Saturday when they host arch-rival Rochester.

In loving memory of our dear father, Jackson Adams who passed away one year ago December 1, 1974
Peacefully sleeping, resting at last, His world's weary troubles are past; In silence he suffered, In patience he bore, 'Till God called him home, To suffer no more.

Overheard at the movies, "I must be growing up. These love scenes don't make me sick any more."

SWAP DAY: Marilyn Baker and David Koldyke examine a car's engine under the direction of Rick Ralston, partially visible. The two were substitute students last Wednesday at Tippecanoe Valley High School for "Swap Day." Part of National Education Week, the day was one in which students could either attend themselves or send a substitute.

Snow time is time to remove it from mailbox approach

With winter settling in, area residents who receive their mail on rural routes are reminded of a postal regulation requiring customers to keep the approaches to their mailboxes cleared of snow.

This permits the rural carrier to drive up to the box to deposit and collect mail without leaving his vehicle.

The approach to and exit from the mailbox should be cleared sufficiently on both sides to allow the carrier to drive ahead and not be required to back up his vehicle after delivery.
