Mentone Reading Club updated on health care

The October meeting of the Mentone Reading Club was held at the home of Mary Ann King, with President Carol Hurst presiding.

Officers reports were read, and the budget for the coming year was presented by Esther Romine.

Elaine Fugate read a letter from Donald Ogden asking the club's support for the Grace College Community orchestra, and the club voted to send a donation to encourage fine arts. Gerry Clark made a motion a similar donation be given to the Bell Museum, and Harriet Abbey spoke on the new steam table at the Nutrition Site and that additional equipment was needed, and the club voted to donate to both causes.

A report on the County Council meeting was given by Carol Hurst, and she stated that Elaine Fugate had accepted the chairmanship of the Blind Goods. The Ways and Means committee reported on the bus trip to Chicago before Christmas, which has been planned for December 14th.

Those wishing tickets for the trip can contact any member. Honey Kuhn was welcomed as a new member of the Mentone Reading Club, and also presented the evening's program on an update in health care. A graduate of Marion County General Hospital, she is employed at Kosciusko Community Hospital. She stated the Age Of Miracles began after the second World War with the

development of antibiotics. There are now more pharmaceutical aids, health related services, and more specialization. Health institutions have changed to primary care facilities, and auxiliary services such as the Latch Key program, Home Health Care, Hospice, and Lifeline have come into being. As people become aware how they can help themselves, the more costs

will be pared.

Refreshments were furnished by Mary Shirey. The next meeting will be Nov. 13th at the home of Pat Gross.

Akron Schools are saving labels for free materials

These Akron school students are excited about this year's Campbell Soup Labels For Education drive. Last year, 21,400 labels were collected and the school received several educational programs for use in the school's computers. This year's goal is to surpass last year's total before the drive ends on February 1, 1986.

Posing with collection containers to be placed in the school as well as in the Akron town offices and the Akron Exchange State Bank are, back row, left to right, first grader Michael Smith; fourth grader, Brad Brown; fifth grader, Eric McCullough; second grader, Joey Wood; and in front Eric Swick, kindergarten.

Beginning Nov. 1, the students at Akron Schools started again conducting a label-collection drive that promises to deliver valuable educational equipment. As part of a program called Labels for Education, Campbell Soup Company is offering FREE equipment to schools in exchange for labels from their products.

Schools may redeem the labels for FREE audio/visual equipment, athletic equipment, reference books, and teaching aids. A goal of surpassing last year's total of 21,400 labels before the drive ends on Feb. 1, 1986 has been set.

Labels from Campbell's Chunky Soups, Campbell's "Soup for One" Soups, Campbell's Beans products, Campbell's Tomato Juice, "V-8" Cocktail Vegetable Juice, "V-8" Low Sodium Cocktail Vegetable Juice, Franco-American products, Swanson canned and frozen food products and Recipe Dog Food products are all redeemable.

All those in the community who wish to help may do so by saving their Campbell's labels and giving them to students. Or, simply drop them off at the school. There will also be two collection centers in the town of Akron, one at the Akron town offices and the other at the Akron Exchange State Bank.

To clean piano keys, apply toothpaste to a well dampened cloth. Rub the keys well, wipe dry and buff with a dry, soft cloth.

Lincoln Financial Corporation declares earnings for nine months

Lincoln Financial Corporation recently reported net income of \$4,732,000 for the first nine months of 1985, an increase of 34% over the 1984 total of \$3,538,000. Robert J. DeLaney, Jr., Chairman, stated that "The improved performance reflects a strong loan demand as well as an improvement in the net interest margin." On a per share basis, earnings were \$4.28 versus \$3.21 in 1984.

As of September 30, 1985, the company reached record levels in all major balance sheet categories. Total assets

were \$912 million, up from 1984's level of \$802 million. Total deposits and loans, also at record levels, were \$700 million and \$534 million respectively.

Shareholders' equity reached \$56.2 million on Sept. 30, 1985, up \$4.5 million from the 1984 total of \$51.7 million.

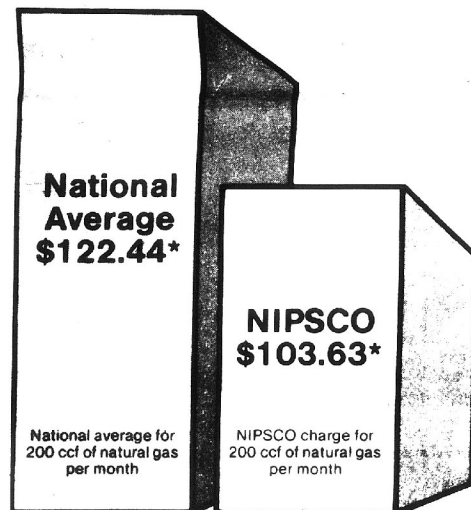

Over the last several months, Lincoln Financial Corporation has announced agreements in principle to merge with three banks throughout Indiana. Completion of these affiliations will give Lincoln 21 locations

and over \$1.1 billion in total assets. The three banks include Community State Bank in Huntington, First State Bank of Decatur and Akron Exchange State Bank in Akron, Indiana.

Your Natural Gas Dollars Go Further in Northern Indiana

Natural gas...it's a bargain! Not only because it's such a clean, efficient fuel; it's also because NIPSCO gas rates are lower than the national average. In fact, NIPSCO residential gas rates are the lowest among major distribution companies in Indiana and rank among the lowest in the nation.*

That's good news! But even better news is the fact that NIPSCO gas rates will be lower this winter than they were last winter.

Natural gas...it's a bargain!

Vikings down Bluffton North Miami next

A third quarter scoring lifted the Tippecanoe Valley High School football team from a 12-7 halftime deficit to a 28-12 victory over visiting Bluffton in the second round of the Class 2A Sectional 27 playoffs Friday.

The eighth-ranked Vikings scored 21 points in the third period and held Bluffton scoreless.

On the second play from scrimmage in the second half, Viking quarterback Phil King threw over the middle to Andrew Wood and he ran 73 yards for a touchdown, giving Valley a 13-12 lead. An extra point attempt by Jon Baker missed.

Six plays later, Jamie Cullison sprinted 31 yards untouched along the sideline and into the end zone at the 5:14 mark. Baker's extra point gave the Vikings a 20-12 lead.

After a two yard run by Cullison and a nine yard run by Dan Cave, King went one yard up the middle to score. A conversion run up the middle by Cullison with 1:22 left in the third quarter gave Tippecanoe Valley its final points.

Valley head coach Jeff Phillips credited his team's third quarter turnaround to a blocking adjustment made during halftime. "I told the offensive line that we just had to come off the ball more aggressively and go after them," he said.

The Vikings rushed for a total 95 yards and passed for 92 yards in the second half

New books at Akron Carnegie

New books available at the Akron Public Library are:

Mother Teresa of Calcutta, by Edward LeJoly - Here is a richly detailed, full biography of the Nobel Peace Prize recipient, written by her own spiritual director of more than twenty years. The account of her achievements have made her an international figure whose integrity, humility, simple Christian faith, and good works have inspired people everywhere.

William Wells and Maconaquah, White Rose of the Miamis, by Julia Gilman - A historical novel using actual letters and material, wherever possible, to recall the story of William Wells and Frances Slocum, who was renamed Maconaquah, the White Rose, by the Miami Indians. William Wells, who later was an interpreter for Little Turtle in peace talks with President Washington, was also a captured child, and spent many days together with Frances. A very interesting and accurate novel.

Also My Journey, A Personal Story of Alzheimer's, by Marguerite H. Atkins - Dick Atkins changed. Gradually but relentlessly, he became a different man. For fifty years he had been a joyous person; loving and giving, but insidiously there came the forgetfulness, confusion, moodiness and withdrawal. Then, finally, it all erupted in one terrible evening of violence which, though it had been medically predicted, his wife has never believed could happen.

Depths of Glory, by Irving Stone - A biographical novel of Camille Pissarro that offers a magnificent portrait of the artist, and his lovely Julia, as they passionately fight back against the crushing blows of poverty and rejection; along with the growing Impressionist group

Robots and Empire, by Isaac Asimov - This book heralds a major new landmark in the Asimovian galaxy of science fiction. This is the work his fans have been waiting for - an electrifying tale of interstellar intrigue and adventure that sets a new standard in the realm of science fiction literature.

Temple Bells, by Marjorie McEvoy - A sweeping tale of romance set against the beautiful, exotic backdrop of old Siam. It is the story of two women, Chandra and her descendant Veena, both of whom find political intrigue and social position standing in the way of true romance.

To See Your Face Again, by Eugenia Price - Once again, Eugenia Price's unique gift for combining historical fact with full-bodied fiction creates a richly textured work of enormous appeal and power in this, the eagerly anticipated sequel to her best selling Savannah.

The Burning Shore, by Wilbur Smith - Amid the war-torn ruin of her beloved French countryside, Centaine deThury falls in love with a dazzling young British flying ace, but, with their impassioned romance, Centaine will lose more than her heart. This marks the beginning of a long and difficult odyssey for the beautiful French woman - an odyssey whose travels, tragedies, and triumphs will shape her very destiny.

Snow Trapping

BY Dan Rossum,
District Soil Conservationist
Snow drifting this winter will be in direct proportion to the amount of tillage that is done this fall. More tillage, more drifting.

Tillage of any kind shoots any chance that snow can be blown in standing stalks or stubble. When it's not blowing along till it is blowing which is usually in the middle of the road or in the windrows around a field.

An example of this is the snow drifting last winters south of Highway 25. A half mile stretch along the south side of the road, the fields were chiseled last fall. There was anything three to trap blowing snow. Consequently that stretch of road was always full. On the west side of the road, the field under the west was left stubble that was left standing. You could see to

the foot where the drifting stopped.

How much money could the county save each year in snow removal costs if stalks were left standing? You can bet it would be a bunch!

Another thing this trapped snow doesn't do is wash off when it melts. It goes into the soil helping to replenish our ground water which is very important for Fulton County's irrigated cropland.

When you're done with the harvest and you go to hunch up the tillage tool, ask yourself a couple of questions. "Do I really like to shovel snow?" The answer to that is always "NO". The next question is, "Do I really need to do this or is it just for recreation?" If its just recreational tillage ask yourself, "What would I rather be doing for fun?" And then go do it! You'll be contributing more to Fulton County's motorists than if you'd have bought them a new set of snow tires.

Have you heard the story of how Ivory soap the well known trademark for a product which is now synonymous with cleanliness came to be? James N. Gamble may have discovered it in 1878 in Cincinnati, Ohio, but, Procter had the inspiration which sent its popularity soaring. One Sunday morning in 1879 Procter was in church and the 45th Psalm was read, which contains this passage: "All my garments smell of myrrh, and aloe, and cassia, out of the ivory palaces, whereby they have made thee glad." The soaps name was changed from P and G's White Soap to "Ivory" and it's been doing its job for over 100 years.

THE FRACTURED TOOTH

Every year thousands of people have accidents that cause damage to face and mouth, sometimes resulting in a fractured tooth. It may be caused by an auto accident or sports or an accidental fall at home. Whatever the cause, a fractured tooth presents a serious problem and should be treated by the dentist immediately to prevent infection and loss of the tooth.

If the fracture hasn't penetrated to the pulp of the tooth, the dentist will apply medication to ease the pain and place a temporary cap over the tooth to protect it. Later the tooth will be crowned to restore its appearance.

If the pulp has been exposed by the fracture, the tooth must be treated within 24 hours to prevent infection and other complications. Any pulp that becomes infected will have to be removed to save the tooth. Eventually the pulp will heal when the dentin or inner wall of the tooth knits back together.

Whatever the cause, there should be no delay in seeking treatment when a tooth is fractured.

Prepared as a public service to promote better dental health. From the office of LARRY W. PAMPEL, D.D.S., 1329 Main St., Rochester, Phone 223-3121; 114 Mishawaka St., Akron, Phone 893-4545.

Akron prepares for "Sesquicentennial"

Mentone Town Board vacates streets and alley near SR 19

Richard Dickerhoff and owners of property in the Robert Reed Subdivision were present at the Mentone Town Board meeting to request that the town vacate one alley and three streets in that area. Attorney Bradley Tandy explained to the board that with the vacating of the areas each property owner would deed half of the roadway to the property owner across from him. They would in turn grant an easement to the Town of Mentone for any areas that would contain water mains.

The reason for the vacation is so that Richard Dickerhoff can maintain and use an access to his property where he plans to build a new house. The board approved the vacating of the three streets that are unnamed,

and the alley in the Robert Reed Subdivision. The board agreed to the vacation as long as they are given easement rights to repair any water lines. This involves 17 feet in the alley and 20 feet in one of the streets. At the present time the streets and alley are covered with grass and are not used. The subdivision was plotted in 1952 but has never needed the streets or alley used. Each property owner will gain one half of the street or alley next to him when the legal papers are finished.

Once again the board discussed recommendations for a new Building Commissioner and decided to contact more people on the matter.

The board discussed the need to have a person certi-

fied to fill out the monthly water reports. A decision was made to pay Steve Shand \$50 a month to do the necessary work for the town. Town Clerk Kate Whetstone reported that the State Auditor was there last month and she felt that this was one of the most thorough and best audits the town has had done.

Marshal Russel Hart stated that there were no problems on Halloween this year. He felt that thanks were due to parents and the young people who made this possible.

Water Superintendent Rodney Holloway requested that the town update it's present radio system for the Water Department. He pointed out that the radio was his only

School News...The Physics class had been entangled in the science of the pendulum. Demonstrations are held every day showing principles dealing with the problem. Many angles have to be worked out which prove very interesting. To look at the old grandfather clock you wouldn't think the pendulum could cause so much studying and worrying in school. In Physics class your mind is changed. The class is about to enter the study of work. What is work? The definition for work is: movement against a resisting force measured by the product of the force and the distance through which it acts. Taking this definition and using it for studying, we have a movement against the brain measured by the product of this movement (the vain attempt of the teacher) and the distance through which it acts (thickness of the head)...laugh!

Two residents of this area will enter livestock in this year's 68th annual International Live Stock Exposition in Chicago. Dean Nellans, Jr., Mentone, has entered Angus cattle, and R. Dale Jones and Lakeside Dairy, Inc., Silver Lake, have entered purebred Holstein cattle. Record entries are predicted for the year's show.

The Seward Home Extension Club held its November meeting recently at the home of Mrs. Clarence Tinkey. Mrs. Wilbur Latimer was co-hostess. In health remarks, Mrs. Homer Hatfield reported on "Myasthenia Gravis," a rare and serious disease of the muscles. Mrs. Sam Scott gave meditations and Mrs. Harold Eaton was in charge of the garden lesson. A very interesting "Christmas Ideas" lesson was given by Mrs. Frank Nelson. Many pretty homemade Christmas decorations and ideas were shown. Guests at the meeting were Mrs. Garwin Eaton and Mrs. Norman Tinkey and their daughters.

Food For Thought...Watched them tearing a building down, A gang of men in a busy town; With a ho-heave-ho and lusty yell, they swung a beam and the sidewalk fell. I asked the foreman: "Are these men skilled? As the men you'd hire if you had to build?" He had a laugh and said "No, indeed! Just common labor is all I need. I can easily wreck in a day or two, what builders have taken a year to do!" And I thought to myself as I went my way, which of these roles have I tried to play? Am I a builder who works with care, measuring life by the rule and square? Am I shaping my deeds to a well-made plan. Patiently doing the best I can? Or am I a wrecker, who walks the town, content with the labor of tearing down? Author Unknown...

The Mothers of W. W. II. district meeting met at the Library. The meeting was opened with the pledge to the flag and singing the National Anthem with prayer by the chaplain. A business meeting was held with a carry-in dinner at the noon hour. The afternoon meeting was opened with Velma Bright and Gloria Bowen giving a play with the Rev. Thomason giving a short talk. Guests for the meeting were Mrs. Nettie White of No. Manchester, State President and ten units. The meeting was closed with the Mother Creed and singing "God Bless America".

Jack Morris raised 14,355 bushel of potatoes this year on 59 acres of ground. The soil was all much except nine acres which was high ground. One 1 acre plot made 415 bushel while he dug 994 bushels on another 2 acre plot.

A.H.S. has laid out two shuffleboard diamonds on the floor of the gymnasium. The equipment was made by the A.H.S. manual training classes. The pushers were made by the ninth and tenth grade classes and the discs were made on the lathe by higher classmen. They saved a good amount this way for lumber was not expensive while it would have cost a nice sum to buy the whole outfit.

On Thursday, November 21, at 7:30 p.m. the Beaver Dam High juniors and seniors are sponsoring a show at the Beaver Dam Gym. It is Abraham Lincoln in "The Highest Law," a synchronized picture. There will also be added attractions, which are a thrilling western all-talking picture "Arizona," "Felix the Cat," and a wonderful all-talking Travelogue. In addition to this there will be twenty minutes of magic. The admission is 10 and 20¢. Everybody

Valley loses last game of Sectional

TVHS football head coach Jeff Phillips after Valley's loss to North Miami. (NEWS Photo)

North Miami stunned Tippecanoe Valley 22-10 Friday to win the Class 2A Sectional 27 football championship and post its second victory of the season at home against the Vikings.

The Warriors waited until late in the second half to begin a scoring surge that lifted them from a 10-0 deficit to their victory. A fumble recovery, excellent field position following a punt and an interception keyed North Miami's three touchdowns.

Tippecanoe Valley coach Jeff Phillips said the loss was the toughest of his coaching career. "This game was for all the marbles. I guess they were the better team," he said.

While North Miami fumbled a total of six times, losing four of them, Tippecanoe Valley's only fumble occurred in the third quarter and was recovered by Warrior linebacker Steve Hoover on the Valley 39-yard line. That recovery was the start of North Miami's scoring session and Phillips felt the fumble was the turning point of the game.

Warrior quarterback Donnie Myers completed two passes and ran 11 yards to set up North Miami at the one yard line. Jeff Grant, North Miami's leading rusher with 102 yards, also added one yard rushing during the drive. After being stopped once at the line of scrimmage, Myers scored with 19 seconds left in the third quarter. Myers also added a conversion run to pull North Miami to within two points, 10-8 of Tippecanoe Valley.

After North Miami kicked off, Dan Cave, who led the Vikings with 143 yards rushing, ran twice for eight

yards, but a six-yard loss by Jamie Cullison forced Andrew Wood to punt.

A short kick and a five-yard return to the Tippecanoe Valley 40 by Troy Sausaman gave the Warriors excellent field position.

Nine plays later, and with the ball on the Tippecanoe Valley three-yard line, Terry Lanning ran for a touchdown with 6:46 remaining in the game. Tony Dawalt kicked the extra point and North Miami led for the first time, 15-10.

Tippecanoe Valley received the ball on the kickoff and moved it upfield from its own 25 into North Miami territory before Grant picked off a pass. A 15-yard facemask penalty against Tippecanoe Valley put the ball on the North Miami's own 38-yard line.

On the first play from scrimmage, Grant ran 61 yards along the sideline to the Tippecanoe Valley one.

On the next play, Grant ran up the middle for North Miami's third touchdown with 55 seconds left in the game. Dawalt kicked the extra point to give North Miami its 22-10 victory.

Tippecanoe Valley's touchdown came on a Cullison four-yard run with 1:53 to play in the first quarter. Jon Baker kicked the extra point giving the Vikings a 7-0 halftime lead.

Valley's other points came on a 23-yard Baker field goal with 5:46 to play in the third quarter.

Tippecanoe Valley defensive end Don Wieschan led the Vikings in defensive points, sacking Myers twice for minus 14 yards and recovering a North Miami fumble on its first play of the game.

Valley, ranked eighth in Class 2A, ended its season with a 9-2 record. North Miami is now 10-1.

Childrens Book Week Nov. 12-17

Librarians and educators report that there is a growing number of students and adults who are interested in signing cold turkey pledges to turn off TV during Children's Book Week, Nov. 12-17. "We have received outstanding support from the students and parents we have questioned about such a program", states Ann Chubb, media specialist for K-8 Tippecanoe Valley, Akron, Mentone and Burket Schools will participate in the project.

The intent of the campaign is to show that there are many enjoyable alternatives to watching television. According to Chubb, there is reason to be concerned about excessive television viewing. According to A.C. Neilson and Co., the national average of family viewing time in 1983 was 7.02 hours per day. Newsweek Magazine reported back in 1977 that the average kindergarten student has already seen more than 5,000 hours of television in his young lifetime. That is more time than it takes to obtain a college bachelor's degree.

Another point that teachers regret is that the television industry estimates that 2 million children under the age of 11 are still watching TV at midnight each night.

When a child is not getting sufficient sleep, schoolwork suffers.

The focus of the campaign is that as the number of television viewing hours increases, the hours left for reading, playing, family and church activities, homework and hobbies decreases. If participants can go one week without television, they may become more selective in their future television viewing.

Chubb is careful to point out that it is not the intent of this campaign to evoke a negative view of television. On the contrary, the television medium plays an important role in our lives. News

coverage is essential and there are many TV specials and documentaries that most people would agree are worth watching. A number of programs are of educational value as well, and are pertinent to classroom discussions.

Students will be given the opportunity to sign pledges at school. Adults may come in or phone and the pledge card will be given to you. The pledge period will cover Tuesday, Nov. 12 through Sunday, Nov. 17.

For parents or other interested adults who have questions, call Ann Chubb at the school nearest you. She will return your call.

The Mentone Nutrition Site had games on Monday. On Tuesday, a film was shown entitled "Life begins at 65". Wednesday was band practice. Practice has begun for the Christmas program and several appearances have already been made. The Rev. Doug Fritzel of the Tippecanoe church came on Thursday; he played several numbers on his saxophone. Two missionaries also came with The Reverend Doug Fritzel. One missionary was Lorrain Wait of Zimbabwe (formerly of Rhodesia). Lorrain is a nurse and told of her duties there. Hank Albert is a missionary to Argentina. The "Site" thanks these missionaries as well as Mrs. Poquette for taking blood pressure. Friday was another film day. The films have been interesting and educational.

Monday was the November birthday party. The Seniors from Akron were at the Mentone Nutrition Site. Billy Grammer, a well known harmonica player, entertained. Billy has appeared on stage at the "Grand Old Opry" with his famous father. The "Site" thanks him also. There was a film on "Wander Indiana". Dirty Bingo was on Tuesday. On Thursday, November 14, the area minister was The Rev. Ken Marken of the First Baptist Church.

Gifts of the Heart

Gold and silver are gifts that are treasured by many. But the gifts of the heart cost not a penny.

A smile is a gift you can give everyday.

A letter is a gift to a friend who's away.

Laughter is a gift that holds happiness in it.

Time is a gift to enjoy every minute.

A quarrel patched up is a special gift.

And so is giving someone a lift.

Giving's receiving, receiving is giving.

That's really the secret that lies behind living.

So give something each day and you'll find that it's true.

All the gifts of the heart will be given to you!

It is time for matching funds for the Area V Nutrition Council. Whatever is made by each Nutrition Site, funds from the state will be matched. Akron Lions Nutrition Site won this award last year, so we are striving for the same this year. We will be calling on our friends to help us in this project. December 14, 1985 is the date for the auction at Multi-Service Center, 356 W. Broadway, Logansport. Start now, clean out your attics, garages and basements and

TVSC tax rate established

Taxpayers in the Tipton Valley School system will pay more money next year following approval of a 46.01 cent tax rate hike during the first of a three-day budget hearing conducted Monday, Nov. 4, by the State Board of Tax Commissioners in the Kosciusko County Justice Building in downtown Warsaw.

The Valley School Board advertised its proposed 1986 tax rate at \$4.529 per \$100 assessed valuation, which was slashed to 4.3071. However, this year's tax rate of \$3.847 will be increased by 46.01 cents to the new 1986 tax rate of \$4.3071.

As a result of the increased tax rate and minor adjustments in the school corporation's financial statement, no budget cuts are anticipated for the next year.

The large increase in the tax rate can be attributed to the hike in the cumulative building fund rate from 35 cents to \$1. The \$1 cumulative building fund rate has been approved by the state for the next three years. This fund will raise tax dollars to pay for a \$1 million expansion project at the Mentone and Burket Schools. The school

board proposed to raise the tax dollars first to pay for the expansion project to avoid a bond issue.

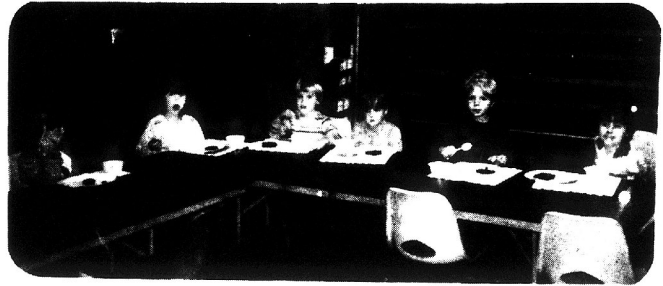

However, a bond issue will be needed to construct a new \$3.2 million building to replace the 1912 building at Akron. A Bond Hearing will be held in February.

The Tipton Valley School Corporation will have an additional \$216,000 in state support next year. The state legislature passed a law last year that now gives an equalized share of funds to school corporations that receive under \$1,900 per pupil.

In the past TVSC received under \$1,900 per student in state support, which means local taxpayers previously paid a greater proportion of student expenses compared to other school districts.

Toys for Kiwanis

The Tipton Valley Kiwanis are collecting toys thru December 18th. Drop off points are at Miller's Hardware, and Frank and Jerry's in Mentone; and Stephen's Garage in Akron.

Donations made to Akron Park Board

The new paved section of the Akron Park

(NEWS Photo)

The Akron Park Board reported two contributions made by local businesses recently. Sonoco Products and Pike Lumber Company each donated \$500 to the Park Fund. Both of these Akron employers have been long term financial sup-

porters of the Akron Park Program.

Funds and contributions received this year will be used to help pay for the new asphalt parking lot built this past summer. Future plans call for the continued improvement and expansion

of the park facilities. Recommendations and contributions would be welcomed from any members of the community.

Akron Park Board Members are Channing Utter, Bill Lynn, John Weida, and Clair Ellis.

Wrap it right

Akron Postmaster Marianne Billman has half a dozen "dos" and "don'ts" for customers who want to be sure their holiday parcels get delivered.

Don't box yourself in - use the right container. Boxes must be adequate in size for the items being mailed and provide enough space for cushioning material. They must also be strong enough to hold the weight of their contents. If the box has adequate space for an address (cross out confusing information), it is not necessary to wrap it in paper. If you use paper, however, be sure it is equivalent to the kind used in grocery bags (60-pound weight). Fiberboard tubes and similar long packages are acceptable if their length does not exceed 10 times their girth.

Give yourself some cushion. Cushioning absorbs and distributes shock and vibration. Examples of good cushioning materials are foamed plastics, corrugated cardboard and loose fill material such as polystyrene, popcorn or shredded newspaper. Loose fill material should completely cover the items being mailed.

Close parcels up right. Use tape, not string or rope, to close packages. Cellophane and masking tape should not be used. Pressure sensitive, filament-reinforced tape is recommended and should be wrapped around the parcel at least twice.

Addresses are important. You can spend a fortune on wrapping, but your package

will never reach its destination if it is not addressed right. Print or type the address clearly on one side of the parcel only. It is also a good idea to put the name and address inside the package in case the address becomes illegible in transit. It's best to write the address right on the package, rather than use an address label.

Don't mail your pet elephant. Packages must not exceed 70 pounds. They must also be at least 3 1/2 inches wide and 5 inches long, and total length and girth cannot exceed 108 inches.

Don't overinsure. If your parcel is valuable, you might want to insure it, but insure it only for its actual value. The Postal Service pays claims based on the actual value of lost or damaged items and not a higher insured amount.

Following these six suggestions will help the Postal Service get your package where it's going on time, in good shape.

Tippecanoe Valley School Board accepts bids for new school buses

The Tippecanoe Valley School Board met on November 11 for their regular school board meeting. Bus bids were accepted and Kerlin Bus Sales of Silver Lake was awarded the bid for three new 1986 buses. They offered a combination bid for bodies and chassis at \$25,617.07 per unit or a total of \$76,851.21. Kerlin added a deduction of \$500 if the units were paid for within ten days of the delivery. Even with the deduction Kerlin's bid was not the lowest. Imperial Enterprises of Lafayette offered a combined bid of \$25,348.37 per bus with a \$550 deduction for payment on delivery.

It was in agreement that the board would have the buses checked out and that they met the needs of the school before paying for the final product. The board made the final decision based on the fact that repairs would be easier with a local company, and the school also has parts in stock that will fit the Kerlin bus as well as the old buses. Imperial's Bluebird line would cause the corporation to start an additional line of parts.

Other companies that offered for bodies came from Leonard Supply, Lee School Supplies, and Merchant-house Transportation Sales. Chassis bids came from

Boardman Chevrolet, McCormick Motors, Louderback Motors, and Tom Wood Pontiac.

A report was given by Superintendent Baxter Paige on the 1986 budget hearing with the state tax board. The tax rate was set at \$4.3071 which was cut from the \$4.529 per \$100 assessed valuation. With the cut there still is a 46 cent increase on the rate from this year. The increase is from the approval, from the state, to raise the cumulative building fund from 35 cents to the maximum \$1 for a period of three years. The additional funds are needed to pay for the \$4.2 million building projects at the elementary schools. The tax rate will raise \$2,293,279 for the corporation.

Superintendent Paige also reported on the asbestos that was removed during the October 31 and November 1 teacher's institute. After the removal the air was tested and was reported to be at a safe level. Paige stated that this could have been a hazardous situation, but all is under control now.

The board voted to accept bids for temporary loans to help finance costs until tax money is received. The estimation recommended by Superintendent Paige was \$481,800 for the general fund, \$123,000 for the debt service fund, and \$99,300 for the transportation fund. Bids will be accepted until

December 9 when they will be opened at the regular monthly board meeting.

The board voted to accept a donation made by the Tippecanoe Valley Band Boosters for 70 new band uniforms for the high school band. The board also noted that many hours of hard work had been done to accomplish this goal for the band. The band was noted also for their nice appearance in the new uniforms at the recent football games and competitions.

The board also voted to accept a donation from Pike Lumber Company, Akron, for a Burroughs Computer System, B-700. The appreciation was also mentioned by the board for Pike Lumber Company's support given to the school in this manner.

Maternity leave was granted for Shelly Walgamuth until December 6. Mrs. Walgamuth teaches English at the high school.

Cynthia Caswell was hired to fill the position of the Gifted and Talented Resource Person. She is a licensed teacher who will be spending approximately ten hours per week with the program.

George Welch was given permission to serve on the North Central Association evaluation team for Kouts junior and senior high school from Dec. 3-6, 1985.

Terry Randall was approved as the high school assistant wrestling coach.

A GED certificate was signed for Steven McFarren.

The board heard principal reports on grandparents week at the different schools. Burket school announced that their open house would be the 18th of November. Akron reported that their Campbell's soup label drive has started to help the children obtain free material for their classrooms. Book Week was announced to be observed in all the schools with different activities at each one.

High School principal John Hill announced that the fall play "Harvey" is to be presented November 19-21, and the band is to participate in the Great American Band Contest at the Hoosier Dome.

The board will have special meetings for the next two months. On November 19, construction bids for the Mentone, Akron and Burket building projects are to be opened. November 25 at 7:30 p.m. the board will review and accept construction bids. On December 2 at 7:30 p.m. the board will review the budget on the building project. December 9 will be the regular scheduled monthly meeting.

Results on Kantner hearing

An Indiana Education Employment Relations Board (IEERB) hearing examiner has ruled both for and against the Tippecanoe Valley Classroom Teachers Association in its complaint against the school corporation.

In a report dated Nov. 13, Ivan Floyd ruled:

TVSC did commit an unfair labor practice in unilaterally changing the working hours of high school teacher Forrest Kantner.

Changes made by TVSC in Kantner's evaluation process and teaching duties were not made because of his membership in and activity

with the teachers association

The school corporation did not have a duty to discuss changes in Kantner's duties

Miss Kay Meredith, daughter of Mr. and Mrs. Richard Meredith, and Bill Davis, son of Mr. and Mrs. Francis Davis, were crowned Queen and King at the Akron Homecoming Basketball game last Friday night. The float theme was a "Broadway Hit". Freshmen candidates for queen and king, Claudia McFarland and Dean Conner, appeared on a float representing "The Pink Panther". The Sophomore candidates, Debbie Groninger and Jerry Jenkins, rode on "The Mousetrap". The Junior Class presented the winning float, "Showboat". The junior candidates, Peggy Utter and Steve Behney, guided the showboat in colonial costume. The Senior class float representing "South Pacific" escorted the 1967 homecoming king and queen. A total of \$317.96 was collected from the penny vote king and queen election. This money will be sent to the Riley Hospital by the Sunshine Society, sponsors of the event.

Larry Hartman, son of Mr. and Mrs. Gail Hartman, R.R. 1, Akron, has been awarded a Science Grant from the Indiana Heart Association. This is the second year such a grant has been awarded to Larry for his work on "An Interthoracic Heart Bypass". The grant of \$100.00 will be used by Larry to further perfect his project and aid in his experimentation. Larry was chosen from a field of 48 applicants from all counties in Indiana to be among the top fifteen winners. Larry's project will be on display at the Annual Tippecanoe Valley School Corporation Science Fair to be held in the spring of next year.

CAMPUS CAPERS. . . LAFAYETTE, IND. . . Those who predicted an acute shortage of qualified college professors for the remainder of the century have made a mistake in their predictions, according to an educational research expert. Allan M. Carter, New York University, told an AAUP audience at Purdue that by 1980 there will be five Ph.D. graduates for every teacher position open in American colleges. He called for lowering the retirement age for teachers and increasing the employment opportunities in private enterprise for Ph.D. graduates as possible solutions to this future problem.

Held in connection with the live stock exposition is the International Grain and Hay Show, largest competitive crops contest in the world. Growers of nearly every state in the Union and province of Canada will be represented in this competition by samples of the past season's harvest. First entries were made by seven farmers from New South Wales who will exhibit wheat that earlier in the year had been awarded prizes at Australian shows. Railroads entering Chicago have indicated that special excursion rates at attractive low round trip fares will be offered from points along their lines to Chicago during the first week of December for this event.

The Junior class of Akron High School presented the play "Path Across the Hill" at the gymnasium Tuesday night. The play, a comedy in three acts, was based on a kind deed which Grandpa Samuel Crawford had done several years preceding the time of the play and which placed him in a position to be sent to federal prison if anyone ever discovered what he had done. The scene of the play was the living room of Ruth Conrad's home in an eastern village. One of the characters, Robert Post, had suffered from the "good" deed of Grandpa Crawford, and when he discovered the true identity of the old man he was anxious to settle an old score. The pleading of the old man and the love for his pretty granddaughter saved the day and the play ended happily for all concerned. Ned Hutchison, as Grandpa, Harry Bradley as Walter Conrad, Geraldine Imhoff as Ruth Conrad, Myron Kiser as Salamander Jones, and Mary Irene Merley as Zuzu were star performers in the production.

SCHOOL NEWS. . . Next week we get Thursday and Friday off. It doesn't spite us in the least. Tuesday, Mr. Lewallen, county superintendent, visited school, visiting several classes and making some of us rather uncomfortable. The Junior and Senior English class will be very glad when this week is over as at some time during the week, each of them is called upon to give a three minute speech. In Latin class the students are beginning to think they know less and less about more and more. Too bad, fellows, we sympathize.

The lovely Lamplite Restaurant was the setting for the Merry Molly's eighteenth anniversary celebration. After a most delicious supper, the vice-president, Mrs. Luke Hiers, and the president, Mrs. Dale Stiffler conducted the regular business meeting. Taking care of the Health and Safety remarks for 1968 will be Mrs. Carl Whetstone. The new leader in the sharps and flats department will be Mrs. Jenn Hudson. The garden remarks were passed to each member so individual attention could be given to learn "What to do with plants in the winter". One thing good to know: Water your plants with snow that has melted and gradually risen to room temperature. This water is not only soft but chemically and organically pure. We are happy to welcome as new members, Mrs. Stuart Thompson, Mrs. Tom Alvey and Mrs. Paul Knoop, all of the Mentone area. Mrs. Jerry Hudson has invited the Merry Mollys to her home for the Christmas party with a committee of Mrs. Carl Whetstone, Mrs. Dale McGowen, Mrs. Luke Hiers and Mrs. Glenn Mellott planning the fun. The evening was adjourned with the Club Collect. Those attending in addition to the above mentioned new members were: Mrs. Loren Gross, Mrs. Luke Hiers, Mrs. Clayton Holloway, Mrs. Jerry Hudson, Mrs. LaMar Leffert, Mrs. Dale McGowen, Mrs. Glenn Mellott, Mrs. Dean Meyer, Mrs. Gene Sarber, Mrs. Marion Smith, Mrs. Dale Stiffler, Mrs. Joe Tucker and Mrs. Carl Whetstone.

HOW MUCH FEDERAL AID DID THE PILGRIMS GET? They were in a Depressed Area. No one guaranteed them high prices for anything. Their only roads and schools were built by themselves. For security they did their own saving or starved. All they had was Character. All they did was Work. All they wanted was Self Respect. But what's going to be the sum of the traits you see today — the traits of character — or rather — lack of it, that demands more money for less work, put security above self respect, pamper self-pitying criminals instead of punishing them, given away resources we desperately need to protect ourselves, listen to weaklings that want government to take care of them when they should take care of themselves. Long years of American self-respect and hard work built America, but the traits you see today can destroy it, in half the time.

Last Monday evening Rev. Simmons and wife entertained the members of the Friendship class and their teacher, Mr. Glen Snyder, honoring the 80th birthdays of two members: Mrs. Jennie Thomas and Mrs. Lydia Rynearson. The banquet was especially delicious-chicken pie with all the trimmings, topped off with lemon fluff and a huge birthday cake. Group singing, contests and speeches were entertaining features. Mrs. Kinsey, Mrs. Ringgenburg and Mrs. Clark won prizes. A special feature was a solo, "Long, Long Ago" by Mrs. Wagner, much appreciated by the group. Mr. Snyder was presented with a commentary on the Bible; needless to say, it was appreciated. Only one hitch occurred; Mrs. Ellis put on the wrong coat, which caused a little confusion. Thank you, Rev. and Mrs. Simmons, for a splendid evening. Those attending were: Mr. and Mrs. Snyder, Mr. and Mrs. Simmons, the Mesdames Rynearson, Thomas, Wagner, Borton, Welsh, Ringgenburg, Yocum, Williams, Shinn, Burkett, Mahoney, Morgan, Ellis, Stanford, Kinsey, Clark, and Miss Doris Snyder.

The honor roll committee met Monday evening and it was decided that the large outdoor honor roll board would be removed. The board has been located on West Main street, near the Mentone Cafe, but the construction of a new building just to the east of the board made it necessary for it to be removed. The committee also announced that a permanent record will be kept of all the names on the board and that a bronze plaque will eventually be placed on a stone in the cemetery, carrying the names of the war casualties from here. The shrubbery is being moved to the cemetery circle. The board was erected by local contributions and by the help and labor of a number of Mentone citizens.

Sunday dinner guests at the Allen Dille home were Mrs. Edith McFarlan of Sevastopol; Mrs. Leroy Shoemaker and two children, Shirley Ann and Rex; Mrs. T.P. Haas and Mrs. Mildred Clark, of Fort Wayne, Mrs. S.L. Harshberger, of Columbia City and Mrs. Marjorie Macklin, of Fort Wayne. Mrs. McFarlan is an aunt to Mrs. Dille, Mrs. Macklin, a niece, and the rest of the ladies are her sisters.

Kantner Hearing Cont.

and requirements with the TVCTA.

TVSC did not interfere with or coerce the teachers association.

In his report, Floyd said he is recommending to the IEEB that the school corporation be ordered to stop making changes unilaterally in Kantner's working hours and not make any unilateral changes in the future.

The full IEEB will make the official decision on Floyd's findings and recommendation.

The teachers association filed the unfair labor practice complaint on behalf of Kantner after the teacher was switched to fulltime supervisor of the Interdisciplinary Cooperative Education program (ICE) at the term.

Previously, Kantner had been half-time vocational agriculture teacher.

The teachers group claimed that the change added more hours to Kantner's work day without an increase in salary. The group also claimed the changes were made because of Kantner's activities as a member of the teachers association.

The TVCTA also claimed that the school corporation was dutybound to discuss the changes in advance with the teachers association.

The school corporation responded that the changes were positive acts to help Kantner improve his teaching performance and that it did not violate fair labor practices in dealing with the teacher.

Floyd ruled that changes in Kantner's duties were

allowed without having to be discussed with the teacher's association. He said state law permits changes in an individual teacher's duties without having to discuss them with the teacher's bargaining representative under the collective bargaining statute.

However, Floyd also ruled that changes in Kantner's working hours were a proper matter for bargaining between the corporation and the teacher's association.

Floyd conducted hearings at Tippecanoe Valley on the complaint in September. There was no indication of when the IEEB would rule on his findings and recommendation.

It's fine to think you are usually right, as long as you can keep it a secret.

W.C.T.U.

The Akron W.C.T.U. met in the Akron Library basement on Wednesday, November 13 at 7:30 p.m. The meeting opened with group singing. Mrs. Orville Ellis had the devotions centering her thoughts on Thanksgiving. Mrs. Rodney Clark played a piano solo entitled "We are Blessed".

A short business meeting was conducted by the president, Mrs. Ray Doering. Mrs. John Gerig gave some clippings on Thanksgiving. Each person present then told of a Thanksgiving that was special to them. Nora Hoffman dismissed the meeting with prayer. Refreshments were served by the hostesses, Mrs. Lee Geahr and Mrs. Nora Hoffman.

Akron 4th of July and Sesquicentennial committee plans

A logo design contest will kick off this year's event. The committee is requesting entries for a design for the sesquicentennial logo to be used on all memorabilia. Entries should be submitted to Larry Howard, Rt. 1, Box 27, Akron, by January 15, 1986.

Since the 1986 Fourth of July celebration will also mark Akron's 150th year, both events will be celebrated on the same day. A total community effort is needed to make this a memorable day. The committee is anticipating

large scale community participation and financial support to make this year's celebration a day to remember.

A special 500 club project is being conducted to assist in the financial obligation toward this celebration. Contact any committee member for details.

This year's theme is Akron - 150 years - 1836-1986. The sesquicentennial calls forth the traditional look to the past at Akron in 1836; complete with beard contests, old-fashioned dress, early

American crafts and games, and many more traditional activities. The committee has plans toward enlarging the parade and presenting a spectacular fireworks display by more than doubling the amount of fireworks.

This year's committee chairpersons are Larry and Bernadean Howard; assisted by Dick and Judy Day, Miles and Pat Hoffman, Lyle and Lavada Butt, Gary and Susan Rensberger, John and Debbie Gray, Mike and Pam McFarland, Mike and Ruby Bowers, and Maurice and Jane Murphy.

Mentone Nutrition Site

Phone 353-7555

If everyone in Mentone was wondering why so many cars were in Mentone on Monday, it was the Senior Citizens November birthday party. With the Seniors from the Akron Site there were over 55 people present. Billy Grammer, a well known harmonica player from Winona Lake, delighted everyone.

There was band practice on Wednesday and possibly Friday. Our first appearance is in Nappanee for the Elkhart Co. Real Services Party.

On Thursday the Reverend Ken Marken of the Baptist Church was the area minister.

We thank the Kiwanis for their generous donation toward the pans for the steam table.

The high school choral department came on Tuesday. We thank these great kids. The site was closed on Wednesday as we

entertained at noon in Nappanee and ate there.

Real Services Nutrition Program invites persons age 60 or older to attend the Meal Site at the Community Room, Fire Station, Mentone. The telephone number is 353-7555. Please make reservations 24 hours in advance.

The menus for the Mentone Nutrition Site for the week of November 25 through

November 29 are:

Tuesday: Cranberry juice, chicken a la king over biscuits, swiss style vegetables, butterscotch pudding, milk, tea, coffee.

Wednesday: Pineapple juice, sliced turkey with gravy, candied sweet potatoes, broccoli, cranberry sauce, dinner roll - margarine, pumpkin pie, milk, tea, coffee.

Letter to the Editor

Burket third graders in Marcia Ousley's class are working on creative writing. Here they respond to -

"Where's The Turkey?"
You are at Aunt Gerlie's house for Thanksgiving dinner. Twenty of your hungry relatives sit around the table. Aunt Gerlie lifts the fancy silver platter - but there's no turkey!! What happened to the turkey?

A few of the responses are below:

While my Aunt Gerlie wasn't looking my dog, Theo, came in and ran to the table and got the turkey.

Laura Haywood
Our mouths fell open. Then I looked under the table. The turkey was not there. I looked under the chair. It was not there. Finally I looked in the trash can. It was there all right! We had turkey anyway.

Jeremy Lyon
At the table Aunt Gerlie saw that the turkey was missing. When the people were about to arrive, Aunt Gerlie phoned out for pizza.

Angela Garthee
What happened was Aunt Gerlie bought a turkey the night before Thanksgiving. Aunt Gerlie left her house and went to the store. When she was gone, a robber broke into her house. He was very hungry. The robber went into the kitchen and saw a big fat turkey. He just got the turkey before Aunt Gerlie got home. He jumped out the window and was gone.

David Flora
Aunt Gerlie ate the turkey before Thanksgiving. When she took the fancy silver platter off, she knew where it was because she ate it. Aunt Gerlie was sad and she felt foolish too. All of the relatives forgave her. They had a nice Thanksgiving after all.

Keri Overmeyer
We got to thinking about my two little cousins, Ted and Tom. They are really shy and quick and sometimes smart! They didn't look hungry either. Everyone was upset when they saw my cousins had smirks on their faces. I knew it had to be them!

Heidi Bratten

While she was busy doing a wild fox came in. Then she heard something. But nothing was there. When she served the platter instead of the turkey there were bones! Grandpa said the wild fox ate it!

Scot Nellans

You think about where it went as you look around the table for somebody that looks suspicious. Then you see Aunt Gerlie! You can smell her breath. It smells like Turkey! And you have found the turkey. Then your relatives say, "What are we going to eat now?" So you say "Bar-B-Queed ribs and pumpkin pie for dessert."

Chris Jones

All of my relatives are sitting at the table talking about what the kids did on the weekend. While the kids were watching TV here comes Mom with the platter. The kids race to the table! Dad gets his knife ready but there is no turkey. While the parents were talking my sister and I crald into the kitchen. Mom cut us eating the last two legs! She gave us a ten dollar bill to go to the store and get some turkey.

Nicki Borem

Suddenly they heard a noise. It was the turkey. They all jumped! Uncle Sam fell from his chair. Then he chased the turkey. They went from room to room. Then quietly my brother grabbed it by the neck. It gobbled at him and scared him away. So we had soup insted.

Eric Lowman

Once upon a time my family went to my aunts house for Thanksgiving. We made apple dumplings. We made some pie and other food too. Then came the hard part. We had to make the turkey. We finally put it in the oven then it was done. So Mom lifted the pan up but the turkey was not in the pan. What happened to the turkey Mom said? They all knew what happened to it. It got so hot in the oven the turkey disappeared!

To the Editor:
A Part Of Me Went With You
(To Garrett H. Phillips)
Muncie, Indiana

On November 22 we would have spent 43 years together, now you are gone and have taken a part of me with you. No longer several times a day will I hear, "Margaret, I love you." And now who will tell me I am the most beautiful woman in Muncie? How dreary will be the times I walk through the door and not see your face light up with love. Oh, the times we have shared together. The blessed memories. They will never leave. But how lonely will be my days without you!

The love and support of our children and grandchildren have sustained me. You would have been proud of them. And how I wish you could have seen the love and concern given by the many dear people that came or got in contact with me one way or another from everywhere to pay homage and respect. So many people came to the viewing and services that I was unable to speak to them all. On your behalf, I am thanking everyone who showed any expression of love: the flowers, the cards, the food the gifts, the prayers. I hope you know how much they loved you! (And my thanks to everyone, too!)

Your influence will live on in my life, showing me a simple way of life, a more caring concern of others, an appreciation of beauty to be found in every little corner of life. And now, as you have told many who have gone on before you, I say to you, "Goodnight, my beloved Garrett. I will see you in the morning."

Caring

Everyone has a great, often unknown, gift to care, to be compassionate, to become present to the other, to listen, to hear, and to receive. If that gift would be set free and made available, miracles would take place. Those who can receive bread from a stranger and smile in gratitude can feed many without realizing it. Those who can sit in silence with a friend, not knowing what to say but knowing they should be there, can bring new life in a dying heart. Those who are not afraid to hold a hand in gratitude, to shed tears in grief and to let a sigh of distress arise straight from the heart, can break through paralyzing boundaries and witness the birth of a new fellowship, the fellowship of the broken.

The Akron Keen-Agers celebrated all November birthdays Thursday, Nov. 14. Those attending with birthdays were Vera Butt, Ruth Bammerlin, Darius Hurluck, Geraldine Hill and Zella

Bowman baked the cakes for the occasion. Monday, Nov. 11 there were nineteen Senior Citizens from the Akron site that attended the Mentone Nutrition Site for lunch and fellowship. A good time was enjoyed by all. Our thanks go to the Kiwanis Club of Tippecanoe Valley for the new food trays.

The Akron Nutrition Site will be closed on Thursday, Nov. 28, Thanksgiving Day, and Friday, Nov. 29 for the Thanksgiving holidays. A reminder about usable articles for the matching funds auction. Please contact Geraldine Hill co-worker or Marilyn Stafford, Nutrition Site manager. We will pick up the articles, or bring them to the Akron Lions Club building. Thank you. Last but not least, our thanks to Ruth Bammerlin for her blood pressure services.

For your meal reservation call in the day before you plan to join us between the hours of 9 a.m. - 12:30. The site is open to all Senior

AN OLD-TIMEY WOODEN TOP

Amidst the gadgetry and gimcrackery of modern toys, a plain old-fashioned plaything can provide refreshingly straightforward fun. And it would be hard to imagine a more old-timey (or more entertaining) toy than a homemade wooden top.

The little spinner can be built by even the most casual woodworker. Construction requires a coping saw, a drill (with 1/8", 3/8", and 7/16" bits), some sandpaper, a small roundhead finishing brad, carpenter's glue, a 3-1/2" length of 3/8" dowel, a 2" section of 1" dowel, an old shoestring, a piece of scrap wood that measures about 3/4" X 5" X 7", and an hour or so of your time.

To begin, transfer the grid drawings to your working material. The patterns shown must be redrawn on 1/2" squares and then traced onto the lumber. Be sure to retain the center-point mark on the circular piece when you do so, and place the pattern on the wood so that the wood grain runs the length of the handle.

Cut the wood to size, and then carefully drill a pilot hole through the handle and cope out the round opening that serves as the top's string housing. With that done, bore two 7/16" holes, one centered above, and the other below, the large hole. Then carefully drill a straight 3/8" hole exactly through the midpoint of the flywheel to serve as the axle mount.

Now take the piece of 1" dowel, find the center of one end, and drill a 3/8" hole about 1/4" deep. Using a coarse piece of sandpaper, fashion the opposite end of the peg into a point and tap the brad right into the tip. To complete the gyro part of the top, lightly coat one end of the 3/8" dowel with glue and push it through the wooden disc until a 1/4" nub protrudes. Cover the nub and a small area around it with adhesive, and fasten the metal-tipped peg to the flywheel and its axle. Then temporarily slip the shaft through the handle's two holes, and drill a 1/8" bore through the rod to serve as a catch for the string. Finally, sand the entire toy to a smooth finish, round the edges, and stain it, adding a coat of polyurethane, if desired.

To set the gyro spinning, slide it into the handle, thread one end of the cord through the axle hole, carefully wind the remaining string around the shaft, and pull it smartly. The whirling top will drop from the handle and dance merrily along any hard, smooth surface.

WASHINGTON REPORT

CIA Failure-William Casey-Origins-The Future-

WASHINGTON, D.C. -- To understand the troubles at the Central Intelligence Agency one must understand the agency's background. The United States is a newcomer in the game of espionage and intelligence.

As late as this century, between the two world wars, Secretary of War Henry Stimson set the tone with his admission that "gentlemen don't read others' mail." That high-flying philosophy lasted only until the eve of World War II.

Then the late "Wild" Bill Donovan, an Irish-American but an Anglophile, was given the responsibility by President Roosevelt to build a U.S. Intelligence Service. It was, of necessity, a rush job.

Some fine accomplishments followed in the war years but many blunders, wasted lives and far-out projects also followed. Lives were recklessly wasted in the final months of World War II dropping agents into Germany when the war was obviously won--agents seeking to perform unrealistic tasks.

The record of the CIA since World War II has been spotted. Its performance during the long Vietnam war is generally rated poor.

From the original CIA stewardship of Allen Dulles--an agent in

Switzerland in World War II--the performance of directors has also been, at best varied.

William Casey, the present chief, is not popular in Congress. He had trouble winning confirmation in Congress. There have, however, under Casey, been some unquestioned accomplishments. And he is considered by pros as better than average.

What handicaps the CIA is the difference between the stereotype of typical American and Europeans and Russians. The average American, thus the average CIA agent, probably doesn't realize the shock foreigners feel when let loose in a wide-open media-dominated society like America.

Defectors are thrown into this goldfish bowl, their revelations, confessions, etc., leaking into print almost as fast as they make them. They worry about family at home. If they have no family here, the American way of life can suddenly seem quite commercial, impersonal and materialistic.

Two recent Russian defectors who chose to return suffered such experiences, and one also lost his lover. Congress and the administration are therefore currently restudying the psychology, protection, and general handling of defectors.

New books at Akron Carnegie

New books available at the Akron Public Library are:

The City of Joy, by Dominique Lapierre. One day in Calcutta a rickshaw puller took internationally best-selling author Dominique Lapierre to one of the poorest and most overpopulated areas of this haunting city, where five million people live out their lives on the streets. The district was called Anand Nagar--the City of Joy--and being there would change the writer's life forever. At the heart of this extremely poor community, Lapierre found more heroism, more love, more sharing and ultimately, more happiness than in many a city of the affluent West.

Forbidden Love, by Eleanor Robins. This is the story of a young woman's involvement with a man of questionable motives, a young woman betrayed by the longings of her own heart; set against the bustling backdrop of contemporary Atlanta and its picturesque surroundings.

San Andreas, by Alistair MacLean. It is the darkest days of World War 2 and the San Andreas, a Red Cross medical ship carrying the wounded, is on a perilous voyage from Halifax to Aberdeen. The ship is only a

short distance out from port when a mysterious power failure knocks out the lights identifying her as a hospital transport, and, without warning, she is under attack of German war planes and U-boats. A masterful tale of suspense that will leave its legion of fans breathless.

Mr. Wakefield's Crusade, by Bernice Rubens. A strange and haunting novel by one of Britain's most prestigious writers. Luke Wakefield is a man whose life has lurched from one catastrophe to another--until a perfect stranger drops dead in front of him while waiting to buy a stamp. Luke passes himself off as a friend of the deceased and begins an obsessive search for the truth concerning the life and death of a man he never knew.

Gettysburg, The Confederate High Tide, by Champ Clark. Another of the Civil War series by Time-Life books. General Lewis Armistead spearheads the charge of General George Pickett's division on the third day of the Battle of Gettysburg. Armistead was fatally wounded at the peak of the advance up Cemetery Ridge, known thereafter as the "high tide" of the Confederacy.

Mentone Mothers of WW II

Thanksgiving Day is a day for giving thanks for the abundance that America has to offer. When giving thanks this day don't forget the Veterans, they gave you your most prized possession, Freedom.

Mrs. Ethel Whetstone hosted the Mentone Mothers of World War II November 6 at her home. Mrs. Jeanine Nellans opened the meeting asking Lois Perry, Sergeant at Arms, to prepare the Altar, and present the colors. Pledge of Allegiance was repeated and singing of the National Anthem. Maude Romine gave the invocation. Pearl Horn did the roll call and read the minutes of the previous meeting along with the communications.

Thank you notes from the Nutrition Site, and Phillip Smith for his birthday card

and money that was sent him, were read. Mr. Smith stated that his organization is a God Send to military men, and it is people like that who make the military feel like their job really does carry some weight with folks back home.

Mildred Grindle gave the financial and secretary report. June Reed gave the treasurers report. The bill was paid to Edith Young for the 16 lap robes she had made and sent to Marion V.A. Hospital.

The meeting was closed with the retiring of the colors, prayer and singing "God Bless America".

The December meeting will be on the 18th at noon with Jeanine Nellans. There will be a dinner and gift exchange.

Bazaar for Grace Childrens Hospital Dec. 6 and 7

On December 6th and 7th, people from throughout Indiana will be arriving in Claypool for the 13th Annual Holiday Bazaar for Grace Children's Hospital.

Last year over 35 area churches were involved in this two-day event which is held each year at the Lion's Building in order to raise funds for the children's hospital which is located in Port-au-Prince, Haiti. Churches from the Akron-Rochester-Mentone area are familiar with this hospital work.

Mrs. Ed Hoffman of Claypool serves on the Board of Directors of the hospital which is for the treatment of tuberculosis in small children. Since 1969 when the Hoffmans first visited Haiti they have been working, taking tour groups and raising funds for the hospital. Tons of blankets and clothing have been shipped to Haiti throughout the years.

Grace Hospital is sponsored by people throughout the

world giving donations of gifts, time and talents. Bed supports at the hospital are \$365 per year, per bed. Last year over eleven beds were supported as a result of this annual Bazaar.

Churches from the area as well as out of state furnish handmade items, foods, crafts etc. and over thirty tables of beautiful items are on display for sale. The Claypool United Methodist Women serve the food for the event and their speciality is chicken sandwiches.

You won't want to miss this event on Dec. 6th 9 a.m.-9 p.m. and Dec. 7th 9 a.m.-5 p.m. at the Lion's Building. Amish quilts and dolls and lots of 'country' items are available as well as a rummage table and a table of antiques and collectibles. When you make a purchase you are helping a child to recover from tuberculosis.

If you care to make a donation, help with the bazaar in any way, or need additional information to get your church involved, contact Mrs. Hoffman at Claypool 566-2846.

Sheila Allen local Leukemia chairman

Sheila Allen has been named chairman of the 1985 Leukemia Residential Campaign in Akron.

Mrs. Allen is currently in the process of recruiting volunteers to call on their neighbors to help educate the public about leukemia and to seek support for the programs of the Indiana Leukemia Society. These programs include research, direct patient-aid, and education.

Leukemia is a disease of the blood-forming tissues, including the bone marrow, lymph nodes and the spleen. Leukemia and its allied illnesses -- the lymphomas, multiple myeloma and Hodgkin's Disease -- will strike approximately 64,000 Americans this year. An estimated 40,000 persons

will die from these diseases. That includes an estimated 425 Hoosiers.

Leukemia kills more children than any other disease. And, it kills more adults than children.

The Leukemia Society of America is a voluntary health agency dedicated to seeking the cause and eventual cure of leukemia and related diseases.

The cause of leukemia remains unknown. However, the effectiveness of recently developed treatment methods and steady advances in research have created a sense of hope for victims of the disease.

Free literature about leukemia is available from the Leukemia Society's Indiana headquarters, 4720 Kingsway Drive, Indianapolis, Indiana 46205.

Fire hazard

Homeowners and mobile home residents who rely on electric heat tapes or pipe heating cables to protect exposed water and drain pipe from freezing are being urged by government safety experts to inspect the tapes or cables now for possible fire hazards before the onset of winter.

According to the U.S. Consumer Product Safety Commission, over 500 reported home fires are believed to have been caused by heat tapes or pipe heating cables over the last seven years. In many cases, improperly installed tapes and cables triggered the fires.

CPSC said heat tapes and cables are commonly used in crawl spaces and in the substructure of mobile homes, beach houses, mountain cabins, cottages and other part-time dwellings where exposed pipes could freeze during the winter. Some heat tapes are plugged in the year-round and are activated by a thermostat when the outdoor temperature approaches freezing. In other situations, homeowners plug in the tapes in the fall and unplug them in the spring.

CPSC said homeowners or licensed electricians should make annual inspections of heat tapes or pipe heating cables to detect any latent fire hazards. If cracks are found in the plastic insulation or bare wires are exposed, the tape or cable should be replaced immediately.

Inspect tapes to make sure they were installed according to the manufacturer's instructions. Of 35 home fires involving heat tapes which were investigated by CPSC, the agency learned that 40 percent of the heat tapes were believed to be "over-wrapped;" the tape was lapped over itself when it was installed around the pipe.

Homeowners buying new or replacement heat tapes should use the proper tape for the proper pipe. Know the diameter of the pipe and the length of pipe to be protected when you shop for the heat tape. Since there are many kinds of pipes permitted by local building codes (copper, galvanized steel, plastic, etc.), make certain the heat tape you buy is approved for use on the specific pipe used in the home.

How to cook your turkey

Even though turkey is available all year round in many forms, November is the month we think about turkey for Thanksgiving dinner. If turkey and all the trimmings are in your plans for Thanksgiving, you need to plan ahead for a successful dinner.

You can usually buy a turkey in any size you want. Some turkeys are as small as 4 pounds, and big birds weigh 25 pounds or more. In some areas, turkey halves and quarters may be available. Do you know what size to buy? Allow 1/2 to 3/4 pound per serving for turkeys 12 pounds or over. For birds under 12 pounds, buy 3/4 to 1 pound per serving. In most cases, large turkeys are more economical than smaller birds. Also, left over turkey is great to use in future meals.

Buy a turkey that has a clean, waxy skin without feathers. You should look for a plump breast and legs with plenty of fat under the skin. A short turkey with a broad breast gives more meat than a long, narrow bird of the same weight.

To preserve the quality and safety of the turkey, store it properly after the purchase. Store in the refrigerator or freezer, depending on the form purchased and how soon the bird will be roasted. Refrigerated store-bought birds can be safely stored in the refrigerator 3-4 days before roasting. Frozen store-bought birds should be kept frozen or immediately defrosted and roasted.

Frozen turkeys must be thawed before cooking. Either of the following thawing methods may be used. The method will depend on the amount of time and the space available. Thaw in refrigerator. Thaw bird in its original wrapping on a tray in the refrigerator. A small turkey thaws in 2-3 days. Larger turkeys take 3-4 days. The other method of thawing is in cold water. Place frozen turkey (in its original wrapping if water tight) in sink and cover with cold water. Change water frequently to speed up thawing.

A small bird will take 1-3 hours to thaw and a large bird, 6-8 hours. Do not keep turkey in water after thawing. Refrigerate or cook immediately.

Once the bird has been thawed, it should be roasted. Place turkey, breast side up, on a rack in a low pan. A rack keeps the bird out of the juices and permits heat to circulate freely to allow even cooking. Insert a meat thermometer in the center of the inside thigh muscle. Be sure the thermometer does not touch the bone. Roast at 325 degrees or until the thermometer registers 180-190 degrees F. The exact time will vary with the size of the bird, temperature of bird at beginning of cooking, size of oven, covered or uncovered, stuffed or unstuffed.

If you're not using a thermometer, allow 15 to 20 minutes per pound. To test for doneness, press the thick part of the drumstick between your fingers. Be sure to protect your fingers with a paper towel. Meat should feel soft. Move drumstick up and down. It should move easily or twist out of joint.

Turkey should be cooked thoroughly. Never partially cook it and finish it later. Bacteria can survive in partially cooked poultry. To prevent overbrowning and drying out, cover the bird partly with aluminum foil placed lightly over legs and breast, when thermometer reaches 150 degrees F. or gets too brown. Brush the turkey occasionally with pan drippings or fat.

HAPPY THANKSGIVING

Carbon monoxide hazard

The possibility of carbon monoxide poisoning has prompted a warning from government safety experts that home heating systems converted from oil or coal to natural gas should be inspected by a professional chimney cleaner or furnace technician before the start of the winter heating season to correct any health hazards to consumers.

According to the U.S. Consumer Product Safety Commission, the accumulation of soot deposits on the inner chimney wall from years of oil or coal heating contributes to the possible problem.

After the heating system is converted from oil or coal to gas, soot deposits tend to loosen from the chimney wall and drop to the base of the chimney. If enough debris falls, it may block the exhaust from the gas furnace and could cause a buildup of carbon monoxide fumes in the house.

The safety agency said people exposed to carbon monoxide often experience symptoms associated with "having the flu," including fatigue, dizziness, nausea, headaches, irregular breathing and loss of consciousness.

CPSC said homes which continue to be heated with oil or coal do not experience this problem.

The safety agency urged homeowners who have converted to gas heating, or who are considering the change, should have the chimney inspected now by professional or certified cleaners who are familiar with soot buildup in chimneys. If there is any accumulation of soot at the base of the chimney, it should be cleaned before activating the heating system.

Annual checks should be made until no soot deposits are found in the chimney.

Worship with Us this Thanksgiving

As we reflect on the spirit of our common Thanksgiving, let us give thanks for a year of blessings, health, happiness and brotherhood.

Akron Town Board notes illegal parking and trash misuse

The Akron Town Board met on November 19, for their regular monthly meeting. Board members Jack Miller and Dick Drudge were in attendance. Jerry Hudson was called to an emergency at work and was unable to attend.

The board members present reported that Mid American Academy of Indianapolis was chosen to do the Ordinance coding for the town. The estimated cost given was \$600 to \$650 to have the job done. The board also made the decision to have the Personnel Policies incorporated into the book.

Building Ordinances were discussed. A complaint was made that new buildings were being started without permits being obtained. The board decided that the permits would be updated and incorporated into the new ordinance book also.

The board reported that the new school building project blueprints were received by the board. Rural street was vacated in the past between the grade school and old high school gym. Tippecanoe Valley School Corporation has agreed to replace the water pipes that run through the street where the building will be with a castiron pipe. The Corporation has also agreed to put manholes on each side 8 feet from the building. The Akron Town Board discussed the possibility of re-routing the pipes to the west side of the gym and run the line around the gym. This would eliminate problems if a break would happen in the line. The situation was tabled until a proposal could be made to the school board.

The board proposed that the Tippecanoe Valley School Corporation pay one-half of the expense of re-routing. Clerk Sara Jane Sutton reported that Public Service stated the school corporation would have to pay the charges of rerouting in the situation similar in their business.

A check was received from Sonoco Products in Akron for \$500 to be given to the Park Board to help pay for the paving done on the parking

area at the park.

Deputy Marshal Rod Fisher stated that people have been parking on Rochester Street from West Street on out to SR 14. No Parking signs are on both sides of the street. Residents are being notified by this article in the paper, and they will be given tickets in the future when this happens again.

A complaint was made by a citizen of the town that people are using his dumpster. The board stated that the dumpsters were rented by private citizens of the town and that the town does not have any dumpsters. Others are asked to quit using the dumpsters or further action may be used.

Clerk Sara Jane Sutton asked the board if they wanted the trash tickets numbered the next time that they were printed, because the auditor had suggested that it be done. The cost will increase the printing when this is done. The board did not see a need to have the tickets numbered and decided not to have it done now.

A letter was received from Max Melching who is building a 16 unit complex west of Noyar Drive. He requested that water and sewer lines be provided for the new Akron Garden Apartments. The board agreed to run lines to the buildings when it is requested.

The board noted that this area is outside the city limits and decided to contact the town lawyer, Robert Peterson, on the matter to see about annexing the ground. Members of the Akron EMS

were present to show their concern about the matter of the ambulance in the community being used outside the immediate local area without them being notified. The board listened to the concerns and felt that at the present time the matter could be cleared up. Town patron Bob Allen was present and stated, "The people that make up the EMS are as dedicated and as well trained, and competent as any are in the country. I think they behave in a very professional manner." Mr. Allen also stated that his family and neighbors have health histories that warrant the need of the EMS in the community and he appreciates it being there.

The next Town Board meeting will be on December 17 at 7:00 p.m. at the town offices.

Social Security checks will have a new look

Over 500 Social Security checks delivered to the Akron area, will have a new look on December 3, according to Thomas Potratz, manager of the South Bend Social Security office.

The familiar green punch-card checks that Social Security beneficiaries have been receiving since 1940 will be replaced with a new, more counterfeit-resistant and cost-effective paper check. Taxpayers will save \$6 million per year in paper costs and storage space. More than a dozen security features, three times more than the old check, are contained in the paper, the design and even the ink.

The new check features a full-length reproduction of the Statue of Liberty on the left, and a muted close-up of the Statue's head and torch on the right, over a multi-colored background ranging from light blue to pale peach.

The letters "USA" create a background pattern on the front and back of the check.

Supplemental Security Income recipients will continue to get gold-colored punch-

card checks. The conversion process to the new checks will not affect them until April 1 when their paper checks will come in special blue envelopes.

The U.S. Department of Treasury began planning the conversion to paper checks in the late 1970's because of new technology and the need to conform to current banking practices.

Bids opened for new projects

Members of the Tippecanoe Valley School Board Tuesday, November 19, opened bids for the \$4.2 million building projects scheduled to begin next spring at Mertone, Akron and Burket elementary schools.

Fanning-Howey Associates architectural firm handled the 134 bid contract openings and will make a recommendation to the school board at a special meeting at 7:30 p.m. Monday, November 25. At that time the board will be awarding contracts.

The building plans call for a multi-purpose room at

Burket with moveable petitions for the library, remedial reading room and the multi-purpose room. Plans also call for remodeling of the cafeteria and library. Mentone school is scheduled to receive six new classrooms along the north side of the gymnasium as well as two new dressing rooms and restrooms. Akron will receive the greatest amount of attention with nearly \$3.2 million allotted for that site alone. Additions in Akron include new classrooms for grades five through eight and a remodeling of the gym.

Mr. and Mrs. R.L. Cooper, who are remodeling the old Cook building, announced Thursday that they expect to have the new store ready for the big opening on Saturday, December 8. The room, formerly occupied by the Hill and Lemler Grocery and recently by the Seerist cigar store, has been completely remodeled and extended. New display cases, racks and shelves are being installed and the room, when completely stocked with merchandise, will make one of the nicest appearing stores in Mentone.

On Pearl Harbor Day (December 7) Unit 106, Mothers of World War No. II of Mentone and vicinity, will hold their annual sale of Poinsettias on the streets and in all public places of Mentone. There is hardly a family in this community, but what is connected in some way with a serviceman or veteran and the members of the Mentone unit feel that since a percentage of the money from the poinsettia sale is to be turned over to veterans hospitals, the general public will be willing to contribute by purchasing the lovely little flowers. Don't stop by giving one thin dime but give till it hurts. Our boys gave and are still giving and it hurts. We can never repay our wounded veterans, fully. So do all you can and do so cheerfully.

Fifty neighbors and friends of Harry Wenger, of Talma, who has been ill for three months and has been unable to do his fall work, gathered at the farm Wednesday and shucked and picked his corn. There were ten pickers and the men picked 35 acres of corn. The following men participated: Harry Case, George Coplen, Herman Holloway, Everett Brown, Oliver Clayburn, Kenneth Mollenhour, Devon Eaton, Byron Gordon, Delbert Hunter, Calvin Mikesell, Wilford Hisey, Kenneth Owens, L.F. Bellward, Harley Matthews, Clinton Alspach, Thurl Alber, Clarence Peterson, Junior Rife, Ralph Miller, Albert Eisert, O.C. Montgomery, Robert A. 'Old West' theme for Bascom, Luhman wedding

Paul and Barbara Bascom Luhman

On Nov. 2 at high noon, Barbara Bascom and Paul Luhman exchanged vows and rings during a western style wedding ceremony near Abiquiu, N.M.

The bride is the daughter of Joyce Bascom, 1106 Franklin Ave., and Ronald Bascom, Akron. The groom is the son of Mr. and Mrs. Harold Luhman, Colorado.

A Methodist minister from El Rito, N.M., performed the outdoor ceremony near a corral. A friend of the bride and groom played the harmonica.

The bride and her matron of honor, Anne Parnell, the groom's sister of Abiquiu, wore full-length western dresses. Sarah Parnell was ringbearer, and Larry Parnell was bestman. Both are of New Mexico.

During a skit after the ceremony, four friends of the couple, dressed as masked riders, kidnapped the groom and held him for ransom. The bride had to complete a scavenger hunt before being reunited with the groom.

Larry and Anne Parnell hosted a reception at their home where a two-tiered wedding cake with white and blue decorations was served to guests from Rochester, Colorado and New Mexico.

The bride is a 1983 graduate of Rochester High School and attended the College of Santa Fe, N.M. She is a seamstress at Tesuque, N.M.

The groom attended Colorado State University and is a welder.

After a wedding trip to Colorado, Paul and Barbara Bascom Luhman are at home at P.O. Box 173, Abiquiu, N.M. 87510.

The Message Of Thanksgiving

Early in our history and under the provisions of the Mayflower compact, our forefathers learned valuable lessons in freedom that have come down to us throughout history. Let us remember as we celebrate Thanksgiving Day, that it has deep spiritual and historical meaning regarding individual freedom for each of us, rather than being just a day for heavy eating. Let us renew the faith of our forefathers in the worth of our personal liberties and resolve to maintain them against all who would, for good or bad, take them away from us.

The Akron Nutrition Site will be closed Thursday, November 28, and Friday, November 29 for Thanksgiving holidays. It will reopen Monday, December 2 at 9:00 a.m. Happy Thanks-

The Mentone Nutrition Site played games on Monday. We never realized it was raining so hard again.

On Tuesday we had six students from the TVHS drama department. They gave some skits of the play "Harvey" which they were performing last week. The students who came were Jon Baker, Kris Green, Kim Privett, David Stubblefield, and Robert Ladson. We thank them and hope to see them again. They added so much to our day.

The band traveled to Nappanee on Wednesday to give a program and they then ate dinner there also. This was not the Elkhart Real Services party; just at their Site. Our Site was closed on Wednesday and it will also be closed Thanksgiving Day and the next day, Friday, also.

T.R. Jones was the area minister. The T.V. film on "Life begins at 65" was shown on Friday.

New law to help Selective Service

Under a new law signed by President Reagan, appointment to Federal jobs will be denied to men who have not registered with Selective Service. The new law, effective immediately, applies to students seeking temporary summer employment, as well as men searching for permanent employment with a Federal agency or department.

Commenting on this new requirement, Selective Service Director, Thomas K. Turnage stated, "I am pleased and very reassured by the continuing Congressional support of the registration requirement. Not only does this law encourage compliance with the law among eligible young men, it also increases public awareness of the requirement. As always, our primary intent is to register men not prosecute them."

Offered by Senator Strom Thurmond (R-SC), and known as the Thurmond Amendment to the Defense

Authorization Bill, the amendment was co-sponsored by Senators Mattingly, Nickles, Denton, East, Gramm, Helms, Humphrey, Warner, Johnson, Wilson, Hollings, Symms and Murkowski. Rep. Sonny Montgomery (D-MS) had introduced similar language in the House of Representatives.

Men of registration age must be registered to receive Federal student aid and job training benefits. Additionally, registration is a requirement in some states for various employment opportunities, such as law enforcement agencies and permission to practice law.

Men born in 1960 and later years are required to register with Selective Service within 30 days of their 18th birthday. Registration takes only five minutes at any post office. Failure to register is a felony, punishable by a fine of up to \$250,000 and/or up to 5 years imprisonment.

Christmas Basket Project

Names of needy families are being sought for the 1985 Christmas Basket Project, according to Chairman Susie Sayger.

The project is sponsored annually by the United Ministries of Fulton County with the assistance of numerous community and church volunteers throughout the area.

Anyone wanting to submit the name of a needy family may fill out the blank and return it to United Ministries. It will then go to a screening committee to see if there is a real need in the family.

Christmas Baskets will be delivered Saturday, Dec. 21. Included in the baskets are chicken, canned goods, flour, sugar, boxed desserts, cereals, paper products and other donated items. Those families with infants or pregnant women also receive baby vitamins, powder, and baby food.

Children also receive wrapped toys to open on Christmas Day. "It is our hope that all the families will have a meal for Christmas Day and each child will have the joy of

opening a gift Christmas morning," Mrs. Sayger said.

The project also needs donations of food items, toys and cash to purchase perishable food items, special diet foods and repair supplies. Cash donations may be sent to: United Ministries Christmas Baskets, P.O. Box 531, Rochester, Ind. 46975. Details on where donations of food and toys will be collected, will be announced later.

Last year, 269 baskets were delivered to families in Akron, Argos, Athens, Culver, Delong, Disko, Fulton, Kewanna, Kings Lake, Leiters Ford, Macy, Rochester and Silver Lake.

Monies that were left over are used to operate the United Ministries Food Pantry. The Pantry provides a three-day supply of food to needy families on an emergency basis. This past year, the Pantry served 170 needy Fulton County Families, including 336 adults and 276 children, totaling 5,508 meals given to area families throughout the year.

I wish to recommend this family for a Christmas basket:

Mollie needs you

Mollie had had her picture taken before. In fact, she would have to check to be sure, but she thought there were several on her dresser. The graduation picture of her with the outdated hairdo, their wedding picture with both looking radiant, one of her with children and maybe one of a small dog by a large chair.

However, this picture was special - she had carried it everywhere for months. Daily she showed it to the doctors and the attendants, even pulled it out and thrust it in front of any strangers who visited the ward.

Someone had taken the polaroid shot and handed it to her on the spot at the Christmas party in December. Several people had come to the party bringing gifts, singing, serving cookies and smiling. They had said they were from the Mental Health Association. They had sat with her and she had told them things about herself that she hadn't thought about for some time. In a mental hospital the past doesn't intrude on the daily routine unless it is bidden by some external stimulus.

Mollie took her picture out of her dress pocket and smoothed the edges before she gazed intently at the familiar faces. It was hard to recall why she was smiling but she remembered the warm feeling of the moment. Although she had never said so, it could be that the picture had become precious to her, not because she was smiling, but because the other face in the picture was looking at her with understanding and affection, like a

real friend, a friend she had met and known for only one brief hour before Christmas - but a friend who had told her by her presence that she cared that Mollie was alone at this season and that she had not only a gift to share, but her time and herself as well.

Mollie slipped the picture back in its familiar place in her pocket. How long till next Christmas she wondered.

Not long! "Next" Christmas is coming fast and there is a great need for gifts for Mollie and the others who share her isolation from the season's activities. There is also a need for people to take

the gifts to the parties.

You can smile for Mollie by selecting a special gift and placing it in the collection box at your local Hook's Drug Store or by calling your local Mental Health Association and offering to bring a gift or to serve at the local Christmas party in the state hospital, community mental health center or nursing home. Maybe someone will take your picture.

Valley Girls Varsity open basketball season

Caston posted a 72-70 victory over the Vikings in the season opener for both girls high school basketball clubs.

"Their experience made the key shots down the stretch, and our inexperience missed those shots," said Valley coach Ivan Schuler. "I was so pleased with our intensity. We played well for the first game."

The Vikings got 28 points from Leslie Miller and another 23 from Jody Yochum, both sophomores, as the young Vikings got out to an early lead. Caston took charge in the early stages of the second half, then the Vikings charged back to set up a see-saw finish.

Two rule changes for high schools made their presence felt early. Caston coach, Floyd Henson was hit with a technical for getting off the bench to talk with a player with 5:42 remaining in the first quarter, in violation of a new rule requiring coaches to remain seated during the contest. Henson had to ask later if it was alright to stand up while asking for a time out.

The second rule was the elimination of jump balls after the center tap to start the game. Caston received the basketball at the start of each quarter, plus one jump

ball situation in the fourth quarter. Valley, meanwhile, got the ball with all but one jump ball call.

But another change may have had the most impact on the contest. Last year, Caston defeated Valley in the regular season 50-48. This year, with a slightly smaller basketball for girls, the shooting was better and tempo faster.

Valley returned home Friday night to host Warsaw.

The yeast can be used in existing bread recipes, undissolved and added directly to some of the dry ingredients; or in a quick 6-step method described on package directions or available through the bakers hotline at 1-800-932-7800.

These apple bran muffins show how easy it is to use.

Reading Club learns about stained glass

The Mentone Reading Club, GFWC, met in November at the home of Mrs. Loren Gross. The program on "Stained Glass - a Touch of Class" was presented by Mrs. Lynn Corbett of Warsaw. She explained the different type of glass and showed samples of several that are available. After choosing which glass to use, one must pick a pattern, either from a pattern book or by drawing one, and she said children's coloring books are a good source of simple patterns. One draws the pattern of the glass with a special pen, and other equipment needed includes a glass cutter, safety glasses or goggles, pliers for breaking off the cut piece, grinder, and soldering iron. After grinding a piece the dust must be washed off, then wrap the cut pieces with copper foil or lead. Solder is available in rolls, and hobby weight lead is available, a vise is handy to stretch the lead. Mrs. Corbett displayed many lovely items she has made including several for Christmas.

Mrs. Larry Pyle presided over the business portion of the meeting. Officer reports were given by Mrs. Gross and Mrs. Kenneth Romine.

Thank you notes were read from the Grace College Music Department; the Mentone Nutrition Site; Bel Museum; and Mrs. John Hurst. Schedules for the 1985 Grace College Music Department were given members. Mrs. Darrell King also informed members there would be a Jazz Concert at Goshen College on Friday evening.

Mrs. Lee Bazini reported on the club sponsored Christmas trip to Chicago depart-

ing Mentone Dec. 14th at 7 a.m., and said reservations should be made with her or Mrs. Romine by Dec. 1st if possible.

Mrs. Bazini spoke on National Bible Week, and Mrs. Fugate offered to help with the display.

Mrs. Pyle gave members

"In Time of Emergency," a citizen's handbook on nuclear attack and natural disasters.

The next meeting will be held Dec. 11th at the home of Mrs. Romine.

Burket Notes

Rainy days have been quite frequent lately but colder temperatures brought sunshine again.

The Come Alone Party on Wednesday afternoon was

well attended. Dwight Bechtol won the grand prize, a turkey.

Mrs. Docia Myers has been visiting Mr. and Mrs. Roger Bruner and Mr. and Mrs. Dean Rowland.

Sunday afternoon, Luke Eaton and Zeta Parker called on their brother, John Sands, at Hill Lake.

Sunday dinner guests of Mr. and Mrs. Claude Swick, Macks, and Bridget were Mr. and Mrs. Frank Swick, Mr. Ronald Swick, David Jr.,

Misty and Cristy Swick and Mrs. Nancy Kuhn, Brian and Jeff. Afternoon callers were Mr. and Mrs. James Collins and Brandy and David Swick. It's time to make your thank you list for the year!

Notes

Dean Meyer is in Winter Haven Hospital, Winter Haven, Florida 33880. He would love to hear from his friends. He was to have surgery on November 24.

Toys for Kiwanis

The Tippecanoe Valley Kiwanis are collecting toys thru December 18th. Drop off points are at Miller's Hardware, and Frank and Jerry's in Mentone; and Stephen's Garage in Akron.
