No protest to TVSC budget

The proposed \$436 Tippecanoe Valley School Corporation tax levy was adopted without protest by board members at a special meeting held Thursday evening. Of this amount \$82 is for the cumulative building fund, leaving an agreed-on rate of \$3.54.

Superintendent Robert Forbes, in reviewing this year's proposed budget, showed charts he had compiled indicating this corporation's rate was the lowest of any surrounding school corporations. In fact, he said, it was the lowest in the state. The Taylor Corporation in Howard county was reported to have a tax rate of \$12.57.

Raymond Grubbs and Wayne Tombaugh, janitors at the Mentone School, appeared to ask clarification of their salary schedule and hours. They said that the new pay scale set by the board should be adjusted to compensate for the odd hours they would work and that they felt the work could not be done in 48 hours.

The board took the matter under advisement to be discussed in an executive session.

In other board action, three diplomas were signed, a transfer of accounts was approved, Randall Leuninger's certificate of library board appointment was completed, and a financial report was given by the superintendent.

Roy Meredith, the assistant superintendent, was delegated authority to plan, prepare and administer the Title I and Title II federal program.

Chuck Wagner was hired to drive the bus route that had been driven by Ronnie Swick while William Gagnon was named to fill a vacancy created by the resignation of Wayne Engle. Bob Mattix and Kenneth Miller were were listed as possible bus drivers who would be in line if an opening occurred in their area.

Two teachers, Joy Warner and John Hurst, resigned, and two new teachers were contracted. They were Terry Irwin and Sheila Bynum. Mrs. Bynum will work with Janet Wood until her graduation from Manchester College at which time she will assume a full-time teaching schedule.

Approval of the sale of a school bus to Ernest Holeslaw for \$200 and typewriters and other equipment was given by the board.

Fugate Completes Banking Session

Thomas M. Fugate of the Farmers State Bank, Mentone, was among student bankers from 38 states, Puerto Rico, and Honduras, who completed the annual two-week residence session of the Graduate School of Banking at the University of Wisconsin.

The school, which was held in Madison, Aug. 18-30, requires attendance for two weeks each year for three years for graduation.

ment was given by the board.

The board also examined blueprints and specifications for a house to be built by the new building trades classes. Identical houses will be built at Akron and at Mentone. The corporation has purchased lots in the Sauer addition at Akron and an addition north of Mentone on SR 19.

Forbes also reported that no fiscal year had been made on the corporation's proposed building program that called for new facilities at Akron and Mentone.

At the close of the public session, the board adjourned to hold an executive meeting.

News to Change To Thursday

Beginning next week on Thursday, September 12, the MENTONE NEWS will switch to a Thursday publication date.

The deadline for news and advertising will remain the same — Tuesday evening. The paper will be made up on Wednesday, printed early on Thursday morning and will be in the post office boxes by evening and on the routes on Friday.

Speed-spree ends in crash

Two Warsaw police squad cars and a stolen Cadillac were wrecked Thursday night in a high-speed chase that ended with the Knapp, 19, Warsaw. Miss Knapp, apprehension of Marsha Lynn who had been released from the Indiana State Women's Prison on August 8 after serving a 180-day sentence for vehicle taking and who had served a 90-day term in 1967 on a similar charge, was taken into custody after the stolen car crashed into two Warsaw police cars on SR 19 in Mentone.

The chase began in Warsaw after it was reported that a Cadillac belonging to Victor D. Kelly, R. 1, Eaton, had been stolen from the American Legion parking lot.

Brown, Snyder and Deputy Sheriff Gerald Oswalt pursued the car west on the Crystal Lake Road at speeds that at times reached 90 miles per hour.

Mentone Marshall Gene Norton, notified of the chase by radio, drove the Mentone police car across the road north of the intersection of 900 West and SR 25 in an attempt to block the stolen car, but Miss Knapp managed to maneuver the Cadillac past him despite a shot fired by Norton that lodged in the stolen car.

Bob Herendeen, shown here with his specially designed and constructed Pitts-Special aerobatic plane, was named third ranking aerobatic flyer in the world as competition closed in Magdeburg, E. Germany. He was rated world's champion during one day. The American team finished third also.

Herendeen is 3rd in world competition

Bob Herendeen finished third in world aerobatic competition last week in Magdeburg, East Germany. The American team also finished third.

Although the competition was rained out before completion, the American team scored well, placing behind Russia and East Germany. Russia will hold the gold

and silver Aresti cup until the next competition in 1970 since it had won it in the last competition held two years ago in Moscow.

During one day of free-style maneuvers, Bob was the world's champion. However, during succeeding days his points were lowered as a round of harassment was begun by other competing countries.

Using a point system devised by Count Aresti, the men put their specially constructed aerobatic planes through series of difficult maneuvers that must not be under 300 feet from the ground nor higher than 2500. Any deviation from this scale is counted against the pilot.

Each pilot has an opportunity to protest points given another pilot, and much time was reported lost through this procedure.

The United States was the only country to have five members of its team still competing in the finals. The sixth member of the U.S. team, Mary Gaffney, flying Herendeen's plane, was ranked sixth out of fourteen in Women's competition but did not compete with the men.

Chick Herendeen, who accompanied his son as a member of the crew, noted that the American team was one of the few who owned their own planes. Most of them, he said, were subsidized by their countries.

After the invasion of Czechoslovakia, the Czech team had to go home, he said, noting that most of them were in tears as they left. They were also forced to leave their planes behind.

The American team, too, suffered one blow when Hal Krier's plane blew an engine. The plane was removed to West Germany where it was crated for shipment

home. Krier completed the match in Art Scholl's plane.

Though glad to be back home again, Chick Herendeen has fond memories of the West German hospitality and good food. He made several friends there that he would like to visit again. He noted that everything in West Germany looks so much better than in East Germany. He said even the corn appeared much taller in West Germany than in East.

Ground School Will Start Sept. 10

Ground school will begin on Tuesday, September 10, at the Mentone Airport. Anyone interested in attending the weekly sessions should either contact Harrison Crabill, Rochester, the instructor, or Chick Herendeen, manager of the airport. Classes are held at 7:30 p.m. each Tuesday.

Fish Fry Will Aid Youth League

A fish fry to be held Saturday night at the Mentone Fire Station will aid the Mentone Youth League in obtaining new equipment and in enlarging one of the diamonds for Pony League play.

New pilots

Bill Willard and Bill Satorious, both of Rochester and students of Harrison Chabill at the Mentone Airport, have received their private pilot's licenses.

Also receiving his pilot's license was John Hoffman while Eldon Gohn recently soloed.

Carl Blackburn Rites Are Held

Funeral services for Carl Blackburn, 64, R. 5, Warsaw, were conducted Monday afternoon in the King Memorial Home, Mentone, by Elder W. D. Mangum, pastor of the Plymouth Pentecostal Church. Burial was in the Harrison Center cemetery.

Mr. Blackburn, a resident of the Mentone area since 1907, died Saturday at the Murphy Medical Center of complications following a fourteen week illness.

He was born March 3, 1904, at Muncie. He married Hilda Marie Johnston in 1925, and she preceded him in death in 1953. He married Dorothy B. Bush, who survives, in 1966.

He is survived, also, by a son, Carl Richard Blackburn, R. 5, Warsaw; two daughters, Mrs. Robt (Lois) Osburn, Akron, Mrs. John (Juanita) Scott, Plymouth; two step-daughters, Mrs. James (Anna) McConnell, Warsaw, Mrs. James (Lynn) Neuhaus, Fort Wayne; four brothers, Charles and Lester, both of R. 5, Warsaw; William, Mentone, and George, LaPorte; five sisters, Mrs. Ethel Shaffer, Greenfield, Mrs. Mary Rensberger, Nappanee, Miss Isabelle Blackburn, R. 5, Warsaw, Mrs. Beulah Timmons, Mrs. Mabel Baker, both of Ft. Wayne; two grandchildren and three step grandchildren. A son and two sisters preceded in death.

Miller Marker Will Be Installed

Plans will be made at the quarterly meeting on September 11th in the Edison Room by the Fulton County Historical Society to hold dedication services when a historical marker will be erected on State Road 25 near the Tippecanoe River Seward bridge northeast of Rochester. Tentative arrangements call for the ceremony to be held late in September.

The marker is dedicated to Joaquin Miller who gained fame in Oregon as America's "Poet of the Sierras". He lived in Newcastle Township from 1848-52 where he also attended school and was taught by his father. This is part of the Society's program to place markers at all historical spots in the county.

The members will also discuss plans for establishing a permanent archive section in the public library and establishing permanent display cases at a suitable location of pioneer antiques. Guests are welcome to attend the meeting. Refreshments will be served.

The Bears Are Hungry!

Citizens are warned to be on the lookout for bears. This is one animal although his main requisite is food may turn on you or a small child and one could become maimed for life. Parents are warned to keep a close watch on their children as the bears on their quest for food are well past the outskirts of town. Within the last 3 days Township Police have shot ten bears. One on Churchill Ave. where a bear had entered a garage, one at the Chamber of Commerce, one on Government Lane, and four at the Northern Gateway. One Township Police Officer was attempting to guide a bear back into the bush where he proposed to do away with him when the husky creature turned on him and had to be subdued on the spot. The dump presently has more than its share of the creatures.

A tourist attraction they are, but a very dangerous one.

NELSON-MORIARTY VOWS EXCHANGED—Miss Sandra Lee Nelson, daughter of Mr. and Mrs. Harold Nelson, Mentone, and Roger Allen Moriarty, son of Lyndol Moriarty, Warsaw, and Mrs. Wm. Martin, Tippecanoe, exchanged wedding vows in a candle-light ceremony Saturday evening, August 24, in the Mentone United Methodist Church. Rev. Garrett Phillips officiated at the ceremony before an altar decorated with yellow glads and white daisies. The bride's maid of honor was Miss Julia Moriarty, sister of the bridegroom. Bridesmaids were Miss Elaine Manwaring, Warsaw; Miss Donna Ring, Claypool, and Mrs. Jon Hamm, Warsaw. Maria Martin, sister of the bridegroom, was flower girl, and Kevin and Kirk Moriarty, twin brothers of the bridegroom, were ring bearers. John Yantiss of Tippecanoe was best man. Groomsmen were Stephen Nelson, brother of the bride, Erich Drochner and Gale Law, both of Tippecanoe. Richard Stoneburner and Rex Mone-smith, Bourbon, were ushers. Mrs. Ernie Kobrow, New Orleans, was the organist. Mrs. James Fawley, Bourbon, registered the guests, and Misses Kim Manwaring and Nicky Moriarty were in charge of the gifts. A reception in the social rooms of the church followed the ceremony. Servers were Miss Toni Kring, Ft. Wayne, Miss Cinda Striggle, So. Whitley, Miss Susan Cole, Warsaw, and Miss Mar-gie Pites, Tippecanoe. The bride attended Ball State and Vincenne Universities and will be a student at the Indiana University Region-al Campus in Ft. Wayne this fall. The bridegroom attended Purdue University two years and will be a student at Ft. Wayne Interna-tional Business College.

Brademas Votes for McCarthy; Urges Party to Unite for Humphrey

Chicago, Thursday, August 29--Third District Congressman John Brademas cast his delegate's vote for Minnesota Senator Eugene J. McCarthy as Democratic Presidential nominee in last night's National Convention session here and hailed McCarthy as "a man of courage and conviction who has inspired men of America, young and old, with his deep concern for peace in a troubled world."

"I hope that all Democrats will vote united in support of Vice President Hubert H. Humphrey," the choice of the convention majority and a man whose entire career represents a commitment to justice and a better life for all Americans at home and to the search for peace abroad."

SECURITY INFORMATION SOCIAL

- Q - Can a widow who is too disabled to work receive benefits from social security?
- A - Yes. A severely disabled widow may be entitled to benefits at age 50 if her husband worked long enough under social security. She must have been disabled before her husband's death or within 7 years after his death.
- Q - It is true that medicare premiums will be higher this year?
- A - Yes, the premiums will be raised to \$400 beginning April 1968. This increase was necessary because of the additional benefits added by the amendments, the increased use of the insurance by the elderly and rising medical costs.

I Was There

by Garrett H. Phillips

The Great Paper . . . MENTONE NEWS . . . from the greatest little town in the world. I was privileged to be its press agent to the Democratic National Convention in Chicago. Cars were waiting to take anyone out to the Amphitheater where the convention was being held. The green light came on as I punched my press card for Monday, and the guard said, "Go ahead." Now I am seated just a little left of the speaker's platform and looking out as the many hundreds of people came into the hall. Now the Catholic Father was saying the prayer, and Miss Franklin was singing "The Star-Spangled Banner" about three beats behind the band. The temporary chairman, the great senator from Hawaii, one arm off lost in battle of the second World War, bringing down the gavel and declaring the convention was in session. As he started his keynote speech with the statement, "This is My Country," we all rose as one man. I was proud to be there. I am an American. This is my country. The cold chills went up and down my spine.

We would see fights. We would hear long speeches. We would see brute force displayed by a cruel dictator of one of our great cities. But we also knew that we correct the wrong of our country . . . and nominate a great American to run against another great American nominated a few days earlier. One of them would lead us to a greater tomorrow.

The speaker is saying, "Let's plant trees to grow, that will out-last war and injustice . . . trees of love, and justice and understanding." I was there . . . and I was glad!

A Prayer for the Convention By a Child For Little Joe

Dear Jesus, today Missy, Little Joe and me held our political convention for president. Little Joe got two votes, his and mine; and I got two votes for vice-president, his and mine.

Little Joe's platform is a worm in every pocket and a flea for every dog. School three days a year, and no punishment from adults.

Dear Jesus, do you think Little Joe could be elected? No one would be allowed to fight, just to kick each other's shins once-in-awhile. All would be happy with President Little Joe for they never would know what he would do next. Last night he took off his clothes for bed and made a playman out of them, then said, "You say my night prayers to-night, playman." But Little Joe really loves you very much. I heard him say "Dear Jesus, help me" I love you too. But help me to sleep now, Goodnight. See you in the morning.

Garrett H. Phillips.

DO YOU HAVE A SURE-SKID KID?

If you can be sure that your child is going to skid across the kitchen floor every evening after school in quest of a glass of milk and cookies, you had better do something to take the skid out of the kid. The best way is to install indoor-outdoor carpet. It can take a lot of punishment and it's easy to care for. If he spills his milk, you simply blot it up. No one skids. Come in and look at King Furniture and Carpet's outstanding carpet selection, downtown Mentone. You'll agree it's a lot easier to take the skid out of your floor than it is to take the skid out of the kid.

The AKRON MENTONE NEWS

Combining The Akron News and The Mentone News
Thursday, September 12, 1968 Akron, Ind. 46910 Volume 78, No. 37

There's One Paper Now Instead Of Two

Beginning with this issue, the MENTONE NEWS and the AKRON NEWS will be combined into one paper that will serve both towns in addition to Silver Lake and the areas between and bordering the three communities.

Neither paper is being discontinued; they are being combined into one paper that will not only be larger and serve a wider circulation and advertising area, but that will be the only paper devoted entirely to the residents of this area.

Offices will continue to be maintained at Akron in the News building and at Mentone in the Romine building. News advertising and subscriptions will be received at either office. The deadline for advertising is Tuesday noon. News will be received at either office until Tuesday evening.

The mailing list for the papers has been combined and anyone who has been receiving both papers will have his subscription extended to cover the unused time.

In addition to combining the papers, other changes have been made. A new flag will replace the previous one. Combining the names of the two papers into one with a background relating to the rural culture and heritage of the combined communities, it was designed especially for this paper by a Washington artist. A

new expanded typeface will provide easier reading. Feature columns from both papers will be continued and new ones are planned.

The paper will be printed Thursday morning and will be in the Akron and Mentone post offices Thursday evening and on the rural

routes and in the neighboring towns by Friday morning.

TVSC Schools Are Full

Fifty-five more students than had registered at the close of the last school year are enrolled in the Tippecanoe Valley School Corporation this year, according to figures released by Superintendent Robert Forbes. The total enrollment is 2098 with the breakdown as follows:

Akron, kindergarten through grade five, 513, and grades eight to twelve, 355; Burket, 188; Mentone, kindergarten through grade five, 368, and grades eight through 12, 380, and Talma, grades six and seven, 313.

Forbes noted that all of the schools are overcrowded, a condition caused by the Beaver Dam fire.

Will Erwin Is Methodist Layman Speaker At Mentone

Will Erwin will be the guest speaker at Layman's Sunday at the Mentone Methodist Church on Sunday, September 26.

Everett Long is in charge of arrangements. Paul Haist will be in charge of the service, and Raymond Cooper will introduce the speaker.

Steve Whittenberger Returns From South American Trip

Steve Whittenberger, R.2, Akron, a member of the Beaver Dam 4-H Club, has returned from a trip to So. America where he visited Ecuador, Peru, and Panama. He is the son of Mr. and Mrs. Richard Whittenberger.

He is shown at the right in a costume typical of Peruvian Indians. The pointed, knitted hat is called a chuleo. His knitted poncho is bright red, and he wears a cocaine bag used by the Indians to carry cocoa leaves to deaden pain. He is waving a "love whip", a rope made of dyed llama skins.

Still dressed in his Peruvian Indian costume, Steve shows Willis Alt, county extension agent, a llama rug he purchased on his trip. The rug is made of many pieces of llama skin, carefully hand stitched into a striking design.

Akron Men Visit Governor About Sewer

Whit Cast, Joe Bahney, Ben Barnett, Gil Jenkins, and M. O. Kendall spent Monday in Indianapolis where they conferred with the governor and the Stream Pollution Board about receiving a federal and state grant for construction of a sewer system.

Doran Gets Medical Honor

Dr. J. Hal Doran, Indianapolis, son of Virgil Doran, Burket, and a graduate of the Burket School, has been named one of six US doctors to the 10th International Congress on Diseases of the chest to be held in Washington, D.C. Oct. 4-8. Dr. Doran will take part in a discussion on "Coronary Disease."

BUILDING PROGRAM IS BEGUN—Miller's Hardware, Mentone, has begun an expansion program to the store that was recently purchased from the Northern Indiana Co-operative Association.

Larry Sullivan Wounded In Vietnam

Larry Sullivan, son of Mr. and Mrs. Harry Sullivan, Mentone, has sustained serious injuries in Vietnam action according to a letter received by his parents.

Sullivan, who has been wounded three previous times, was shot in the Dau Tieng area on Sept. 3. The bullet passed through his chest, and he has lost use of his right arm. Doctors are hopeful that he can regain use of it.

He is still in a hospital in Vietnam but he hopes to be evacuated to Japan soon.

His address is Sp4 Larry R. Sullivan, US-5594459, 12th Evac. Hosp. Ward C-3, APO San Francisco, California.

Art and Craft Show Is Success

A variety of talent was represented at Rochester Saturday as members of the Fulton Co. Art Colony displayed their works. Included were paintings, ceramics, sketches and crafts of all types.

TWO HONORABLE MENTIONS--Nancy E. Lukenbill, R. 1, Akron, won two honorable mentions with works of art entered in the Art and Craft Show.

Letters

To The Editor

Dear Sir:

I would like to know where you got or picked up this Rev. Garrett who you sent to the Convention in Chicago to represent your paper. My wife came from Akron. Her folks all live there. When a paper as small as yours has the unmitigated gall to print such an article and try to sell it to the people you should be ashamed. Did you see that bunch of Commies trying to hoist a communist flag in place of the American Flag? Did you see that woman crying for help to stop them. Did you see the damage that they did? Did this so called preached of the world of God tell you this? It makes my Blood Boil when the Church tries to stick there nose in politics when they should be trying to save souls. No they have to go around feeling sorry for the poor unfortunate communist in this country.

I am sorry for the poor people who are trying to live in this society, but no, everyone like this so called minister feels for the Militant group who is trying to destroy this country.

Can't this So Called Do Good Group see they would be The First That would be Destroyed if they ever got in power.

In closing all I got to say is God help this country now if this group is not stopped, my hat is off to the Police. If I had my way I would have ordered to shoot, not use clubs.

Thank you.
Warren Lehmann
102 No. Second St.
Villa Park, Ill.

Editor's Comment:
While we cannot condone rioting, fire bombings and looting in any shape or form, we feel that any group with a protest should be granted the privilege. When that privilege is lost, freedom is lost.

Rev. Phillips reported the action he saw. This is all any reporter can do. This is part of the American tradition, this is freedom of the press. And in writing a letter to the editor Mr. Lehman exercised the same freedoms--he protested something he did not like and freedom of the press gave him the opportunity to do it.

We appreciate Mr. Lehman's letter as much as we appreciate Rev. Phillips' report because each opens lines of communication and provokes thought and discussion.

Dear Editor:

It gives me great pleasure to write this note to show my thanks and appreciation for the people who made our fish fry a big success.

I thank the newspaper for the fine publicity you gave us on the fish fry Saturday night. Nothing makes a fish fry more successful than to have a newspaper behind you. Thank you very much.

I would also like to thank all the wonderful mothers who made baked goods for the bake sale. It was the nicest bake sale I have seen in a long time. Thanks to the mothers.

I would also like to thank the Mentone Fire Dept. It makes me feel that we are getting something accomplished when you get a group like this in your support. I thank the Mentone Fire Dept. for everything it has done for the Mentone Youth League.

There is one group that I can't say enough for. That is the wonderful vice president, secretary, board of directors, coaches and the wives. This group does a lot of work that the public doesn't see. They all realize that this is all done for the boys and girls of this area. If we can have the support of all the people we had at the last fish fry we will have one of the nicest parks in the area.

I thank everybody who helps in any way to support the Mentone Youth League.

Respectfully yours,
Jerry Secrist, Pres.
Mentone Youth League

An Editorial

The decision to combine the two papers was not made lightly and without a great deal of thought. We think the papers will blend into one paper that will be of benefit to all the communities involved.

We invite comments, suggestions and ideas that will further benefit the paper.

We continue to solicit new and advertising to make this good community paper even better.

WASHINGTON AND Small Business

BY C. WILSON HARDER

Riots and Taxes

"Take snapshots along the way to preserve those pleasant moments" was at one time the thrust of an advertising appeal to sell cameras and film.

But now the Internal Revenue Service advises business enterprises to take snapshots if they want to take income tax deductions for riot losses.

While every other governmental agency apparently seems helpless in devising ways of stopping riots, the IRS has come up with a program for claiming losses after a riot. This is contained in a booklet, Document 5174, available free at any IRS office.

As to be expected, it is complicated, comprising some eleven steps to be taken. One is to be sure that before a riot the proprietor has photos of the property, including those showing improvements, and then to be sure to have photos after the looters and fire bombing have been controlled.

In addition, the owner must give such details as the nature of the losses suffered such as fire bombing, looting, et al, and the date of the happening.

If looting occurred, the owner must state when he discovered the loss of goods, supported by police records and other documentary evidence. The owner must also prove through deeds, bills of sale and other papers, ownership of the property.

Documentary evidence is also required to establish the basis for the cost of the property as well as for any improvements made. In addition there must be established by appraisals the value of the property before destruction and the value of the property following destruction. Included must be the details on the insurance payment anticipated and applied against the cost of repairs, restoration, clean up and other operations.

Thus, while business owners may feel that their biggest headache is over after the last looter has been rounded up, the flames from the last Molotov cocktail extinguished, and the last sniper apprehended, this is far from the case.

Although press coverage of such events is most comprehensive, he must assume that no government people ever read the newspapers, and laboriously build up the evidence needed to establish his losses.

While the IRS is due for congratulations in issuing such a guide for victims of future rioting, there is a large element of irony here. After all, while most segments of the present governmental structure say they cannot control business being victimized by rioters, and some even condone the situation, another government branch draws up elaborate rules to forestall any possible attempt by the victims of rioting to victimize government.

It's always darkest just before the dawn, most sultry before the coolest shower, you are always hungriest just before the dinner bell rings, and the most tired just before bedtime. And you are just as likely to be the most discouraged just before things come to your way. The tide must go out as far as it can before it begins to come in. So don't give up at this time. Stick. The homey nag often comes under the wire first because it didn't know it was beaten at the first quarter. Anybody can start off with a rush, but few come in with a hurrah.

Work making telephone connection between Akron and Macy commenced Wednesday. John Anderson with a force of men assisted by the crew engaged in planting the poles.

A story is told that a Churubusco minister who goes to church from his home in a carriage on Sundays, received an anonymous letter Sunday which called his attention to the fact that the Lord never rode to church in a carriage. The minister read the letter from the pulpit and then said: "If the writer will come to me next Sunday, properly saddled and bridled, I will be glad to follow the Lord's example and come to church as The Lord entered Jerusalem.

Ironing bored ?

Let a new improved **gas dryer** help you with your pressing problems.

Is ironing your "hang-up"? Then hang the ironing!

You can, you know, if you have a new, improved Gas Dryer for your permanent press clothes. They require just the right amount of gentle tumble drying to keep their freshly ironed look. On Gas Dryers there's a specific setting just for "permanent press." Simply set it, and your clothes will come out just right for hanging . . . automatically!

Peterson Says People Will Pay For Good Roads

State Sen. Robt. E. Peterson, Rochester, chm. of the Indiana Highway Needs Study Committee, said this week, "We feel that the people are willing to pay the money if they know they are going to get safe roads to drive on."

Peterson's statement was part of a final report given at a press conference.

He said further, "Our committee is confronted with the fact that we're recommending tax increases something which few legislative committees do, at least before an election. But we felt this was necessary. We had to recognize that we have highway needs in Indiana that have to be met."

"These new taxes will amount to about \$2 per month per motorist, or approximately \$50 a year for each registered vehicle in Indiana. This is about the price of an automatic shift, and certainly far less than the cost of air conditioning a car. We believe the people are willing to pay a little more money if we can do something about the killing of hundreds of people on our roads and streets every year."

Peterson went ahead to point out that Indiana's motor fuel tax has been raised only once since 1929, and that truck registration fees have been virtually unchanged since 1949. "And, at the present time, highway users are paying 88 percent of our total road and street costs, he explained.

"The committee recommends that the user pays 74 per cent, and the general public 26 per cent."

Women Wanted

Medicine, once a man's profession, wants women. Within the next ten years, this country will need twice as many doctors as are graduating this year. Women are needed in medical research, too, as well as in the areas of teaching, school and public health, industry, administration and foreign service.

What It Takes

Earning an M.D. requires three to four years of college, four years of medical school, followed by internship and residency. It's estimated that the cost of this education is around \$20,000. But the deserving student needn't be held back by lack of funds. There is a wide variety of scholarships, grants and student loans to ease financial burdens.

Cotton Decoupage:

New Version Of An Old Craft

If you haven't tried decoupage yet, now's the time. It may sound like a new kind of dance or a fancy dessert, but decoupage is just a big word for a simple handicraft that has taken the fancy of millions of women.

The word itself (phonetically pronounced "day-coo-pahj") is from the French and means the art of decorating surfaces with applied paper cutouts.

However, there's more to it than that. The cutout design and the surface to which it is glued must be covered with coats of a special varnish. This gives the item—which might be a decorative box, wall plaque, or piece of furniture—a distinctive finish that resembles lacquer.

Several years ago, do-it-yourself versions of this age-old craft sprang up with the "old board" school of art. Materials were found by scavenging lumber yards for odd pieces of wood suitable for making into wall plaques. Magazines and art periodicals yielded prints for pasted-on designs.

To make the wood look even more antique and weather-beaten, devotees burned it, hammered it, even sawed off edges.

Today, arts and crafts shops offer unfinished wooden items for decoupage purposes. They include ready-cut plaques, boxes of all sizes, and wastebaskets.

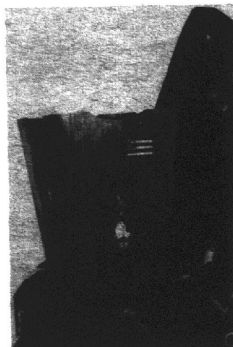

And now, there's a rich new source for decoupage designs. Motifs cut from cotton cloth, either decorator or piecegoods fabrics, provide imaginative cutouts. The fabric motifs give finished items a three-dimensional look and are easier to work with than paper cutouts. They also enable you to coordinate decoupage items with the rest of the room decor.

For fabric decoupage, choose a closely woven cotton print with large, clearly defined motifs. These could be big flowers, country landscapes, circus animals, or Early American designs. To coordinate them with room decor, plan to make curtains, a tablecloth, or a bedspread with the same fabric.

Look for unfinished wooden items at an arts and crafts shop. Sand down the item and, if you like the weather-beaten look, hammer dents in it and burn edges.

Stain with any wood stain you like until you get the shade desired. Or give it an antique colored finish with spray paint. After paint dries, paste on fabric cutout with white household glue.

When this is dry, give the entire item several coats of special decoupage varnish, available at hardware and paint stores. You can get flat, semi-gloss, or high gloss varnish in liquid or spray form. Sand lightly between coats.

COTTON DECOUPAGE — A three-dimensional effect is obtained by using cotton cutouts for decoupage items. Here a Colonial soldier motif cut from a cotton decorator fabric adds interest to a wastebasket. The same fabric can be used for curtain or bedspreads to coordinate the decor.

CONVERSATION PIECE—An old school desk bought from a secondhand store comes to life with cotton decoupage. Given an antique white finish, the desk is decorated with Alice in Wonderland and Humpty-Dumpty characters cut from a cotton decorator print. The same fabric is used for draperies.

SOCIAL SECURITY Question Box.....

Q - My sister died last year after receiving disability checks for 5 years. I am her sole survivor. Can I receive monthly checks on her record?

A - No. Individuals cannot receive benefits on their brothers' or sisters' accounts. However, there is a lump-sum payment payable to whomever pays her burial expenses.

Q - I understand Medicare will help pay for my medical expenses. Does this mean I must go to a doctor assigned to me by the government. A - No. Medicare does not assign you to any doctor. You select the doctor of your choice.

Q - I have several doctor bills and I wish to file a claim for payment from Medicare. What should I do?

A - You must complete and mail a request for reimbursement from the insurance company handling Medicare claims. In Indiana, the company is Mutual Medical Insurance, Inc. 110 N. Illinois St., Indianapolis, Ind. 46209. The nearest social security office will be glad to assist you in completing this request for reimbursement.

I Was There

by Garrett H. Phillips

Much has been written and said about what happened in Chicago during the Convention. All in all it was a great convention, well-wrapped up from the beginning . . . for Vice President Humphrey, and no doubt, the Republicans and Democrats put up the best man they had that had any chance of being nominated.

Some great speeches. Some high moments. Lots of parades . . . inside the convention hall . . . around Headquarters . . . around the Hilton Hotel. I stayed in the Y.M.C.A. just a block away. In the headquarters there were stink bombs, free Pepsi, a band playing some ten girls performing. But no one was having fun as in the Convention of 1952 when I attended in Chicago then.

Lots of youth . . . inside . . . outside . . . Long hair . . . short . . . hair. Barefooted . . . with shoes. Most were clean. Many had been on the road for days. Some were sick. Most of them were sleepy. Most were college students. Some had seen military service. There is no doubt but what some of them were not the best. Talk ing to a bunch, they said, "Everyone says we are immoral." Then they said, "If we are, where did we get our morals, but from adults."

This was a quieting thing. To all our brave men who fought in war, now or earlier, honor. But these youths felt that war is wrong. At least we must try something else. I'm not sure they can change society but blessings upon them as they try. I

was there. Nothing has ever happened to me like this before. I was there and I was glad!

JEWISH MUSEUM WAS ONCE GHETTO

The finest Jewish museum in the world is located in Prague, the capital of Czechoslovakia. Covering several square blocks and including a number of centuries-old buildings, many of them synagogues, the museum area was once a ghetto. Collections here are incredibly rich; there are more than 2,800 ceremonial Torah cloths and more than 5,000 silver and gold religious ornaments. There's an Old Jewish Cemetery in which 12,000 people were laid to rest between the 15th and 18th centuries. And, for tourists, a high point of any visit is attending

services at the Old-New Synagogue (above) an 800-year-old temple that is the oldest Jewish house of worship still functioning in Europe. About half a million travelers visit the museum each year, but this total could double or triple in 1968-69 during the 1,000th anniversary celebration of Jewish life in Czechoslovakia. Travel to the nation in the heart of Europe is easy and unrestricted, reports the Government Committee for Tourism. Visas are issued immediately at all border points and international airports.

The Bible Speaks

by Stanley W. Day

Many people feel that the present system of Many people feel that the present system of over 300 denominations in the United States is acceptable in the sight of God. When you talk to an individual about all the religious confusion in different doctrines, he might say: "Well, we are all headed for the same place, but just traveling different roads." People that hold to this kind of attitude imply that there are many ways that one may take if he wants to go to heaven. The Bible says different.. Jesus said: "I am the way, the truth, and the life: no man cometh unto the Father, but by me." (John 14:6)

Jesus makes it very clear that His way is a narrow way: "Enter ye in at the strait gate: for wide is the gate, and broad is the way, that leadeth to destruction, and many there be which go in thereat: Because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it." (Matt. 7:13-14) Then Jesus said: "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven. Many will say to me in that day, Lord, Lord, have we not prophesied in thy name? and in thy name have cast out devils? and in thy name done many wonderful works? And then will I profess unto them I never knew you: depart from me, ye that work iniquity." (Matt. 7:21-23).

Many today teach in the name of Christ and do many wonderful works, but they still might not be doing the will of God (Matt. 7:21). Perhaps, they are not completely walking in the way of Christ (John 14:6). Anytime we leave out something that is in the will of God we stop walking in Christ's way. Anytime we add to the will of God we stop walking in the way of Christ.

Think it over, Have you added to God's will? Have you taken away from the will of God? Do you know what His complete will is for you to obey? I trust that you will open his word, the Bible and search out scriptures to find out his will for you. Jesus will for you. Jesus said: "If ye love me, keep my commandments." - John 14:15.

Secrists Injured In Packerton Crash

Mentone--Glen Secrist, 53, and his son Steven, 16, were injured Sunday morning when their car failed to stop at the corner of County Road 900 South and the Packerton road and struck a car driven by Clyde R. Hill, 43, R. 5, Warsaw. The stop sign at the intersection had been removed by vandals.

The elder Secrist received head and face lacerations and was admitted to Murphy Medical Center. His son was treated there for head lacerations. Hill was also treated and released.

Damage to the Secrist car was set at \$300 and to the Hill vehicle at \$1000.

State Trooper Donald Sand and Deputy Sheriff Roger Fellows investigated.

FARM NOTES

Farmers were reminded this week by the ASC office that the deadline for returning ASC ballots is September 17. The ballot should be marked and sealed inside the plain envelope, said officials. They also noted that one envelope had a statement printed on the back that the farmer needs to sign. The ballot should be marked and sealed inside the plain envelope. Voters are cautioned not to enclose any other material and not to write on the plain envelope to assure secrecy of their vote.

The plain envelope should be put inside the envelope with the statement on the back that certifies that the ballot was marked by the farmer personally without undue influence by any person and mailed or delivered to the ASCS county office. Officials note that any ballots without the statement will not be considered as a vote.

School Board Discusses Beaver Dam

The question of what to do with the Beaver Dam school building, which was destroyed by fire in January, and the equipment still in it came under discussion at Monday night's school board meeting, and board members tentatively decided to contact an auctioneer regarding a sale of the property. The board granted a request by Jerry Secrist and Jim Collins, who represented the Mentone Youth League that playground equipment be given the Youth League for use in its park. The equipment is now located at Beaver Dam and will be moved at Youth League expense.

The board tabled a request for lights from the Mentone Ball diamond by the group.

An audit report of the corporation for a period beginning July 1, 1964 and ending June 30, 1967 was presented by Superintendent Robert Forbes. The audit was routine, as prescribed by law, and showed few errors.

Other action by the board included passing the payroll, claims, hearing a financial report, and approving the transfer of accounts.

Forbes also reported that he still has heard nothing from the state on the proposed two school additions for the corporation.

RECEIVES BRONZE STAR--Army Sergeant Mitchell Collins, right, 25, whose parents, Mr. and Mrs. Sam Collins, and wife, Evelyn, live on R. 1, Silver Lake, received the Bronze Star Medal August 12 in Vietnam. Congratulating him is Lt. Col. John B. Carter, commander of the 1st Battalion of the 173rd Airborne Brigade's 50th Infantry in Vietnam. Sgt. Collins was cited for heroism in action against enemy forces in Vietnam on Dec. 10, 1967 when he continued to give medical aid to wounded in spite of exposing himself to hostile fire. His company was on a search and destroy mission near Bon Son at the time. Sgt. Collins, a squad leader in Company B, 1st Battalion of the 173rd Airborne Brigade's 50th Infantry, entered the Army in October 1966 and was stationed at Ft. Hood, Tex., where he completed basic training, before arriving overseas in September 1967. He is a graduate of Sidney High School.

Akron Told Sewer Funds Not Available

Akron's town officials have been told by the state that there are not enough federal funds available to assist the town with its sewer project at this time.

The Federal Water Pollution Control Administration advised that Indiana's allotment of federal grant funds for the fiscal year 1968-69 is \$5,004,800. On the basis of the current federal allotment, sufficient federal funds are available only to

those municipalities that receive a federal grant offer.

If additional funds are made available by legislation now under consideration by Congress (\$3206) priorities for these funds will be issued on the basis of a list that ranks Akron 40th of 93 applications before the board. The proposed legislation would authorize federal contracts in lieu of grants to a total of \$1,000,000,000 for 1969

-70 and \$1,250,000,000 for 1970-71.

The allocations to Indiana would be \$25,186,750 for 1969-70 and \$31,599,250 for federal participation. Indiana would have to appropriate \$12,650,000 of 1969

-70 and \$15,860,000 for 1970-71. If federal and state assistance in these amounts are made available in these years, there should be sufficient funds to satisfy Akron's grant requests.

Earl Arter Honored for 50 years of Service

Earl Arter, Akron druggist, and his wife Lena are shown with a certificate of commendation he received from the Indiana Pharmaceutical Association in recognition of more than 50 years of service as a registered pharmacist. Mr. Arter, who began working for the late Emory Scott when he was 13 years old, attended Valparaiso University. His association with Scott began in 1907. In 1922, he became the third owner of the drug store he has owned continuously since. Previous owners were John Garwood and W.C. Hosman. In discussing his long career, he noted that he had particularly enjoyed watching the many generations of children who had grown up. He commented that today's children really are not too much different from those he watched at the beginning of his career. "They all have fun," he said.

Bell Center Plans Discussed

A memorial center for the late Lawrence Bell, a native of Mentone who founded Bell Aircraft Corporation, were discussed by fourteen members of the Mentone Chamber of Commerce at Monday night's dinner meeting. David Cooper was named head of a committee to contact the Bell people to see what funds they could make available for this center. The chamber also determined that such a project would have to include all the organizations in the community.

At his death, Mr. Bell willed Mentone all his mementoes of a long and illustrative career. It is hoped that the new center could provide a suitable place to house and display these awards and pictures.

It was reported that approximately \$700 profit was made from this

year's Park-A-Rama event, and the committee expressed confidence that more could have been made had the rain not hampered the day.

A committee was named for next year's Park-A-Rama and will begin plans for it now. Suggestions for this event may be directed to Robt. Hirschman or David Cooper.

Members discussed an analysis sheet that is being compiled that will describe the water supply, schools, businesses and facilities available to new industry. Members decided that direct contact should be made with prospective businesses rather than writing letters.

It was suggested that anyone having suggestions about new Christmas decorations or ways to handle them contact Darrell King.

Tom Alvey was named secretary and director of the chamber to replace Lloyd Bowerman who resigned.

Mentone Lions Will Sell House Number

Members of the Mentone Lions Club voted Tuesday night to sell house numbers as a follow-up to the Fireman's Auxiliary street sign project. The numbers will be sold and installed by Lions Club members for a nominal donation. Details will be announced at a continued on back page.

Jim Tibbets, Mentone clerk-treasurer, reported on progress being made towards obtaining a sewer system for the town.

FAIR Ladies Will Use Mentone Airport

An air race for women only will be staged Sunday, September 22, and will use the Mentone Airport as one of the pylons. The race will begin at 2 p.m. in Valparaiso. Airports being used included Mentone, Flora, Roseland near So. Bend, and a fourth one near the Illinois line. Participating pilots will be required to circle each of the airports, make contact with the ground and proceed to the next airport. A Warsaw ham operator is co-operating with the local airport in establishing radio facilities.

F.A.I.R. stands for Fun, Anxiety and Anticipation, Indiana Hospitality, Recreation and Relaxation.

The F.A.I.R. is a handicapped cross-country daylight VFR proficiency race with stock model, single-engine or multi-engine aircraft not to exceed 520 horsepower. Each plane will have a crew of two. A special category has been established for planes more than 20 years old. It is similar to the famed Powder Puff derbies.

Harvey McMillen and his wife moved to Mentone this week. While the editor was attending the Fulton county fair this week W. C. Ralston made it possible for us to take one more ride on the swing and eat a fair supper by turning in a dollar for another year's subscription. W. C. always hits us when in want.

Among the local coterie attending the state fair this week is H. L. Meredith and H. G. Thomas, Kosciusko county neighbors who departed for Indianapolis Monday morning, taking the train in Silver Lake.

All of our mechanics about town have about all the work they can possibly do this summer. This has been true especially of John Miller, the tinner. And to crowd him still more he was down sick ten days under the doctor's care; his son Alpha was also laid up for repairs several days on account of illness, and to cap the climax, Arthur Niccum, whose assistance is invaluable always, was sick a few days. But by might and main, early to work and late to retire, they expect to catch up and accommodate all who may desire their services in their line.

A few nights ago a prominent young woman of Muncie had a violent quarrel with her sweetheart, and when they parted the young man was told never to call again. Two or three days later he called her up over the telephone and attempted to effect a reconciliation, but only succeeded in angering her until in a rage, she grasped a revolver from a bureau drawer nearby and shot three times at the telephone. The story is corroborated by the electrician who repaired the telephone, which was considerably damaged by the bullets.

The Bible Speaks

by Stanley W. Day

Jesus said, "Ye hypo-
crites, well did Esaias
prophecy of you, saying,
this people draweth nigh
unto me with their mouth,
and honoureth me with
their lips; but their
heart is far from me.
But in vain they do wor-
ship me, teaching for
doctrines the command-
ments of men." (Matt.
15: 7-9) Christ made
this statement to Phar-
isees who often tended
to make a show out of
their religion. Jesus
is speaking to many of
us who sit week after
week in our church build-
ings drawing close to
Christ with our mouths,
and honoring Him with
our lips but having our
heart far far away.
Christ is interested
with what comes from
our hearts when we try
to worship Him.

In Matthew Five Jesus
again spoke about this
problem. "Therefore if
thou bring thy gift to
the altar, and there re-
memberest that thy brot-
her hath ought against
thee; leave there thy
gift before the altar,
and go thy way; first be
reconciled to thy brother,
and then come and
offer thy gift." (Matt.
5:23-24) Christ is im-
ply saying that it is
more important to get
right with someone who
you may have offended or
hurt before you attempt
to worship God. Jesus
is very concerned about
His people having a pure
heart when they worship
Him.

Paul wrote to the
saints and faithful
brethren in Christ which
were at Colosse: "Let
the word of Christ dwell
in you richly in all
wisdom; teaching and ad-
monishing one another in
psalms and hymns and
spiritual songs, singing
with grace in your hearts
to the Lord." (Colos-
sians 3:16) Our hearts
should be so filled with
love that they are over-
flowing with praises to
God. When we worship in
song we are to mean the
things that we are sing-
ing in order to teach
and encourage one an-
other. Paul told the
church in Ephesus almost
the same thing, "Speak-
ing to yourselves in
psalms and hymns and
spiritual songs, sing-
ing and making melody
in your heart to the
Lord." (Ephesians 5:19)
When we worship God let
us be more aware of our
hearts condition. If
our heart is right our
mouth and lips will be.

PHILLIPS BIBLE SCHOOL
My Favorite Bible
Verse

For our transgressions
are multiplied before
thee, and our sins testi-
fy against us; for our
transgressions are with
us, and we know our in-
iquities: transgressing
and denying the Lord,
and turning away from
following our God, speak-
ing oppression and re-
volt, conceiving and
uttering from the heart
lying words.
Isaiah 59:12-13

Special Methodist Services Planned

Special services are
planned at the Mentone
United Methodist Church
for Sunday evening, Sep-
tember 29. Rev. David
Gosser and Rev. Milton
Persons, former minis-
ters, will return for
the evening. Each will
give a short talk.
Refreshments will be
served.

Deliver Clothing To Ky. Mission

Mr. and Mrs. Willis
Bowen returned Friday
from a trip to the moun-
tain area of Southeast
Kentucky. They deliv-
ered a large quantity of
used clothing to the
Redbird Mission which
is located about twenty
miles north of Pine-
ville. The clothing re-
presented unsold items
from the Thrift Shop,
which is operated each
year by the Builders
Class of the Akron Un-
ited Methodist Church,
and were donated by the
owners for this project.

The Redbird Mission,
originally sponsored by
the Evangelical Church
which later became the
E.U.B. and is now a
part of the United Meth-
odist Church, had a
modern school and hos-
pital with various out-
posts in the small moun-
tain villages.

Christian Crusade Rally Is Planned

Dr. Gordon Drake, one
of America's foremost
conservative educators,
and Rev. Chas. Secrest,

Christian Crusade, will
conduct a Christian
Crusade Anti-Communist
Rally at the Kewanna
High School gym on Fri-
day evening, Sept. 27,
at 7:30 p.m.

The meeting is open
to the public.

OLIVE BETHEL MISSION

The Olive Bethel Mis-
sionary Society met re-
cently at the home of
Mrs. Byron Kindig.

Refreshments were ser-
ved to seven members and
one guest, Mrs. Bertha
White.

The next meeting will
be at the home of Mrs.
Charles White.

MEMO TO STUDENTS: LET THERE BE LIGHT!

Without proper light, all the best textbooks or fanciest note books
in the world are no good. If Johnny can't see, he can't learn to read.
Equip your home with the finest in lamps, lamps that are good look-
ing, give proper light, and are easy on your pocket book, (we know
all about what school lunches, and book rental fees have done to
the budget). Seriously, if you need a good study light for Johnny,
a good desk light for Dad or a pretty new lamp for Mom's dresser,
you should see the good selection at King Furniture and Carpet in
downtown Mentone. They have a good selection of many styles. The
eyes you save may be your own. adv.

To The Editor

Dear Folks

I was so surprised when the News reached me yesterday and I learned it was combined with the Akron News, making one printing and one paper. I shall be looking it over for a few days, hence, anyway.

My acquaintances and relatives are of Palestine, Warsaw and Mentone vicinity and my husband, who has been gone quite some time, his family

and school mates and relatives are in and near Akron, Peru, Macy and Rochester.

All that doesn't explain Ohio to me.

The picture of those two small boys Todd and Doug eating breakfast is so interesting.

I took a break yesterday with another widow whose home is Dayton, O. and we found a White Villa grocery about four

blocks from here. I bought a package of Grape Nut Flakes and one small pie, good too.

Thanks for the paper publication.

Dear Editor:

Just Plain Bill says, it has been very interesting reading the opinions, criticism, and judgements expressed in recent letters in the "Warsaw Times-Union" and the "Mentone News" regarding the political

brawl in Chicago and ministers and related subjects. We have lived in Mentone just over ten years, coming here to care for Barbara and Bill Rush, our grandchildren, when they were not yet in school. Our church membership was in the Roann Methodist Church. Before we were really settled, we were informed unless we had plenty of money for the church we were not welcome in the Mentone church. It was stated there were already too many dead beats that accepted the services of the church and did not give any financial support.

Our membership is still in Roann on the inactive list now. Rev. Person, Wright and Dotson served here and not one of the three ever came to call on us. Rev. Camp-ton called on us four times during his stay here.

The present minister may speak for himself. The Bible states if you have it in your hand to do good, do it, if you know to do good and do not do it, it is sinful. That brings us up to the question, who is your friend and neighbor? Are you your brother's keeper?

Mother and me are handicapped with very disabling afflictions and

when our children moved to Syracuse we were left stranded here in Mentone. It has been very distressing and inconvenient and frustrating. At 73, you can't change locations as you once did at 40 or 50. We've tried to see that we have not been a burden to anyone in Mentone, having spent a very considerable amount of money in Mentone—all cash—we are not obligated to anyone.

It has not been easy living here. I have never spent one happy day in this town. Ministers that never call on you, doctors refuse to attend to your needs when you are very ill.

Just how do you think we feel? Why am I saying all this? It is a statement of true facts as they affect and concern the Fowlers during ten years in Mentone. Ten very unhappy years.

However, there is one saving and wonderful grace. As Christians, we are thankful for a wonderful and loving God and one that cares for his own and supplies our needs and makes a way for us. We put our faith, hope, and trust in our God, not in LBJ or in others. We knew a minister in Roann who said to us he had a good gift of gab and it was an easy way to make a living. We are thank-

ful being firmly grounded in Christian faith for many years before all this present day ministry. I can see no evidence of Christian churches or organizations trying to help or end the present conditions in our beloved country.

We trust we as Christians give a testimony and witness to our God. Trust this may shed some light on what happens in the life of our family in this environment. Consider how we feel.

It has been our intent to state true facts and not to condemn or judge. It has been our experience in life, the one least able is the one

most helpful and interested in your well being.

As they say, some people get away with anything. How true. In Mentone, it's not what you are, it's who you are.

Thanks,
W.E. Fowler

Kick-Off Meeting Set

Community Service Sets Goal

A kick-off meeting for this year's Henry Twp. Community Service drive will be held at 8 p.m. Monday night, Sept. 20, in the basement of the Akron library.

The goal for this year's drive will be \$500 over previous years. Tom Hauptert is general chairman and Randall Leininger is treasurer.

The Henry Twp. Community Service donates to Little League, Henry Twp. 4-H, Red Cross, Salvation Army, Fulton Co. Mental Health, Fulton Co. Crippled Children, Fulton Co. Retarded Children, Henry Twp. Cancer and Heart Detection Centers at Woodlawn Hospital, and the USO.

The American Red Cross has requested an allocation of \$800 of this amount. This will be used for service to military families, the executive secretary's salary, general administration, the blood program, grants to aid military families, supplies for disaster, Gray Lady, the First Aid and Water Safety programs, swimming instructors. The county chapter needs \$3200 to meet these programs' needs. Therefore, it must raise \$6400 as 50% of its funds go to its national headquarters.

From the 50% sent to national headquarters, the local unit receives all its literature, training sessions, disaster relief in case of a big disaster (at no cost to the chapter) and any other assistance, needed on a national basis. The salaries of field directors and field representatives are also paid from the amount sent to national headquarters. Velma Byerline, executive secretary for Fulton county, says that the field

directors assist with contact with the military and aid the servicemen. She notes that the county office handled 128 servicemen cases in the past year as well as 43 emergency leaves, 30 extended leaves, 6 compassionate, 22 messages of birth, 2 Comm. discharges, 22 veterans

FAIR Ladies Have Good Race

Forty-four women participated in the 1968 Fairladies Annual Indiana Race held Saturday under the auspices of the Indiana Aeronautics Commission, the Valparaiso Chamber of Commerce and the Indiana Chapter of 99's Inc. The race drew contestants from eight states, Florida, Illinois, Kentucky, Indiana, Michigan, Missouri, Ohio, and Wisconsin.

Pylons were set up at four airports, including the one at Mentone, and the contestants had to find the airport, make radio contact from a prescribed altitude and proceed to the next airport on the route.

Assisting with radio work at the local airport were Jim Abbott, K9 KTB, Warsaw; Mark Ramser, WA 9 MFY, Milford; and Jim Landis, K 9 CWD, Warsaw.

First place was won by Virginia Chamberlain and her co-pilot, Edgar Morgan, of Kentucky in a Cessna 120. Virginia McKinnis and her co-pilot, Jereline Foster, of Indiana placed second in a Piper.

Local contestants who entered the race included Elizabeth and Elliott Kaye-Smith, Warsaw.

The Ninety-Nines is an international organization of women pilots holding current pilot's licenses and is made up of both pilots flying strictly as hobby, and of those earning their living in commercial aviation. Amelia Earhart was its first president when it formed in 1929.

cases, 42 civilian requests, 376 persons receiving blood, 22 veterans receiving blood, 209 water safety students enrolled in classes, 41 students in first aid classes, and a total of 114 persons who were treated at first aid stations at the 4-H fair, Strawberry Festival, Akron 4th of July, etc.

Beware: The New Car Bug Is Loose

The new car bug will be prevalent in the area this weekend. Although its bite is not fatal, car dealers are hoping it will be contagious.

New 1969 Model Cars 2,122 Students In TVSC Schools

Final enrollment figures compiled by the Tippecanoe Valley School Corp. reveal that 2,122 students are enrolled in the four schools.

The breakdown shows 191 in grade

The breakdown shows 191 in grades kindergarten to 5 at Burket, 370 at Mentone, and 516 at Akron for a total of 1,077 elementary students. There are 312 students at Talma in grades 6 and 7.

Mentone High School has 396 students while Akron has 337 students in the upper four grades

Eugene Galaraga, 24, a native of Luzon in the Philippines, is staying with the Dorris Harrold family, R.2, Akron, for three weeks. Mr. Galaraga, a representative of IFYE, the International Farm Youth Exchange, has visited in Colorado and on farms near Brownsburg and Salem before coming to the Harrold's Franklin township farm. He will observe local farming methods while visiting the Harrolds and will spend a week at Purdue at the conclusion of his visit. He will be available to talk to local groups during the time he is here. He will stay with the Harrolds until October 13. Shown here with Mr. Harrold as they feed some of the Harrolds' Angus cattle, Mr. Galaraga continues his study of farming methods.

will be displayed in Akron by Bahney Chevrolet and South End Motors. Each will have gifts and door prizes for those who visit their show rooms.

Kerlin Ford at Silver Lake also has a complete line of 1969 Fords on display.

NOTE: The showing at Bahney Chevrolet will begin September 26 instead of October 26 as appeared in the advertisement last week.

Akron Town Board Sets New Dumping Rules, Places

Members of the Akron Town Board have announced that the dump in town will be closed to all except burnable trash. All nonburnable trash will be taken to the new dump east of town. It will therefore be necessary that all burnable trash be separated from the non-burnable.

Non-burnable trash pick-up in Friday afternoon and Saturday morning.

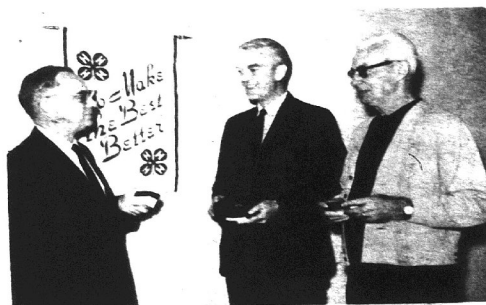

The burnable pick-up will be on Tuesday afternoon only.

To Be Unveiled

Members of the Fulton County Historical Society plan an unveiling ceremony sometime in October for a marker honoring Joaquin Miller, a poet who once lived in the Newcastle township area and attended school there. Invitations are being sent to neighboring historical societies, relatives of Miller and all grade and high school children.

Members of the society have also decided to establish an archive section in the Fulton county library. A steel cabinet will be purchased to hold the old books, papers and documents now held by the society.

Plans for next year include a marker designating the location of Rochester Normal University.

PRESENT COLOR FILMS---Color films and slides of the Kosciusko County Fair were presented to Don Frantz, Kosciusko County Extension Agent, by Vern Landis, Fair Board Chairman, and Robt. Boley, First National Bank officer. The films and slides were used on WKJG-TV's Wayne Rothget Show when it saluted the county fair. The bank, sponsor of the program, is now making the films and slides available to the county extension office for use in the county.

Dear Editor:

As a young boy I learned something about happiness I would like to pass along to you.

Happiness is not something you look for in some town, job, or recreation; it is something you create by your attitude towards people. If you generate this feeling of happiness with sincerity it will be reflected back to you many fold.

Being the Christian you claim to be, you should know that when your time on this earth has ended, you will pass into a "world" that is free of sickness, pain, wars, riots, hate, mistrust, etc. It will be filled with love, happiness, trust and respect.

In this world it seems that everyone is interested in "taking" but few are interested in "giving." The Lord said "It's better to give than to receive."

It seems strange to me that a Christian could be filled with so much bitterness, hatred, sadness and contempt for a town, for its people, and for its churches. I have found that Christians' hearts and souls are so filled with love --love of God, Love of His word, and Love for thy neighbors (Yes, even your enemies) that there is no room for these feelings of hatred, etc.

I have found that any church that teaches the word of God as it is presented in the Bible and that puts its faith in the Lord has no cause for concern--its needs will be met.

It is strange that any person after living here all these years shouldn't be able to find living quarters elsewhere that would be more "tolerable" for all concerned.

Thank you,

B. Gene Hughes

Letters to the Editor

Dear Editor:

I read letters in the papers to editors about this or that. Last week our paper had a letter about Mentone and people I guess. Now that just didn't set too well with me. I was born, raised in this town, have been a Methodist forty some years. Dewey and I have been married forty seven years, have our family, grandchildren and great grandchildren. We have had sorrow, sickness and death, and there has always been deeds of kindness and words of comfort. And I know a host of people in the town that can say the same. I wonder if we can create our happiness or we can create our UN happiness. And Mr. Editor, if you hear or know of a town where the doctor comes when we sneeze or the minister calls every week, would you please print the name of the town.

I am sure if I had lived ten years in a town like Mentone and never had one day of happiness, I sure would be moving on or surely would try and find out why. Again, Dewey and I are proud to be part of this little town called Mentone.

Ethel Whetstone
PS: I have a few lines I try to read every day. Thought maybe someone else would get a little good from them too.

JUST FOR TODAY

Just for today I will try to live through this day only, and not tackle my whole life problem at once. I can do something for 12 hours that would appall me if I felt that I had to keep it up for a lifetime.

Just for today I will be happy, enjoying the blessings that are mine.

Just for today I will adjust myself to what is, and not try to adjust everything to my own desires.

Just for today I will try to strengthen my mind. I will study. I will learn something useful. I will not be

a mental loafer. I will read something that requires effort, thought and concentration.

Just for today I will exercise my soul by doing somebody a good turn

Just for today I will have a program. I may not follow it exactly, but I will have it. I will save myself from two pests: hurry and indecision.

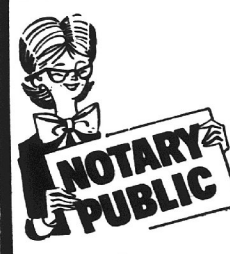

Just for today I will be agreeable. I will look as well as I can, dress becomingly, talk low, act courteously, criticize not one bit.

Just for today I will be unafraid. Especially I will not be afraid to enjoy what is beautiful and to believe that as I give to the world, so the world will give to me.

Just for today I will have a quiet half hour all by myself, and relax. During this half hour I will try to get a better perspective of my life.

Editor's Note: We are in receipt of a letter from a Warsaw reader that ably answers the letter of last week, but that was not signed. We have always maintained a policy of requesting signatures on each letter published and ask that the person who sent the poem and letter send his name so that others might share his thoughts.

Erwin Invites Brademas Talks

Congressional nominee Will Erwin has urged incumbent Congressman John Brademas to join him in a series of joint discussions "covering the war in Vietnam, the violence in our streets and all of the other critical situations that have developed during the past eight years."

Erwin said he is hopeful that television coverage can be provided for the joint discussions. He said he is eager to make changes in his own schedule in order to join in the discussions with Brademas.

Inspection Stations Are Named

Lt. Stephen L. Woodworth of the Indiana State Police Headquarters at Ligonier has announced the following businesses in Kosciusko county have been accepted as Motor Vehicle Inspection stations:

Lynn Sinclair, Mentone, Syracuse Shell Service, Syracuse.

Glen's Standard Service, Silver Lake, B & E Oil Co. #2, Sidney.

Ford's Auto Supply, Fred McKown, Bob King Volkswagen, Inc. and Werner's Standard Service, Warsaw.

Only those vehicle dealers and service stations that display the Official Inspection Emblem will be authorized to inspect vehicles.

The mandatory vehicle inspection law was passed by the 1967 Legislature and goes into effect Jan. 1, 1969. Every vehicle that the Bureau of Motor Vehicles requires to be registered must be inspected and display the required windshield sticker not later than June 30, 1969. Beginning in 1970, a motorist will have to show an approval sticker before a license plate can be purchased.

Air Force Names New Recruiter

The United States Air Force has announced the assignment of M. Sgt. Wm. J. Moore as the Air Force Recruiter for Whitley and Kosciusko counties. He is assigned to the Ft. Wayne recruiting office but can be contacted at the Warsaw Selective Service office between 11 and 1 p.m. each Tuesday and the Columbia City office between 1 and 3 p.m. on Thursday.

Sgt. Moore advises that the Air Force is now in need of young men and women who make high scores on the A.F. entrance examination. This change means that highly qualified people may enlist immediately.

Rainbow

Judy Teeter, worthy advisor, of Akron Rainbow Assembly #91, presided at the first meeting of her term with 21 girls and 6 adults present. Those who promoted were Susan Thompson, Janet Sheetz and Jody Hudson.

The girls were thrilled to find a new organ in the Assembly room which The Eastern Stars bought, but which they had help on by their many contributions.

Installed were Debra Hunter as Hope, Diane Martin as Immortality and Jackie Stucker as Historian.

Merit bars went to Janet Sheetz, Jackie Stucker, Marjory Kendall, Jody Hudson and Debra Hunter.

The Hayride Committee is Marna Stephen, Jackie Stucker, Janet Sheetz, Janice Secor and Marion Kendall.

The committee for refreshments for the October 8th, meeting which will be a practice is Beth Jamison and Christine Miner. There will be initiation for 4 girls at the October 22nd meeting.

Following the closing, refreshments were served in the dining room. Then the girls returned to the Assembly room to hear Mrs. Ralph Martin play the new organ.

I Was There

Mentone . . . I was there. Youth League ball. . . After anything goes; for awhile we just have a tendency to forget all the work that goes into the wonderful things that we have in our great town. Of course, due to my work and the need of the sick I do not get to attend as many games as I would like, but every time I pass the park I thank God that we have people who care enough for our youth to teach them fair play and to give their time to make the games possible.

I did write the girl when she made a triple play. I only wish my boy would have had a chance to play when he was small. When ever anyone gives of his labor of love for youth, we should all rise up and give them a hand. Thanks to all of you from all of us and from all of our youth.

Youth League, I was there . . . and I was glad!

Fulton County Republicans will hear Gerald Ford, minority leader in the House of Representatives, at their Oct. 22 political rally to be held in the Whitmer Gym in Rochester. A fish fry by the Famous Akron Jonah Club, Inc. will be served from 6-7:30 p.m. A number of Republican candidates for county, state and national offices will be present.

ROTC TEST SET

Applications for the Navy's 23rd annual Regular NROTC qualifications test are now available according to Forest Dunnuck, counselor at Akron High School.

Registrations for the test will close Nov. 15. Anyone interested should contact Dunnuck or the U. S. Navy Recruiting Station at Warsaw.

TOWN TALK

A three-vehicle crash near Akron injured two and caused damage in excess of \$6,000 Monday.

Mrs. Renee K. Dawalt, 24, R.I. Macy, suffered an injury to her left arm and Mrs. Leona E. Curry, 46, Elkhart, received a cut upper lip. The Fulton Co. sheriff's office said both were wearing seat belts which prevented more serious injury. The accident occurred as Mrs. Dawalt attempted to pass a semi driven by Robt. Sousley, So. Bend. Her car met the Curry car head-on at the crest of a hill. Officers said there was no sign indicating a no passing zone. There had previously been a sign, but it had been removed when the road was resurfaced and had not been replaced.

Damages were estimated at \$4400 to the Dawalt car, \$1800 to the Curry car and \$10 to the truck

Al Price, Rochester, Joe Bahney and Earl Hoffman, both of Akron, occupants of a car driven by Price, and Mr. and Mrs. Wayne Alberson, of Beaver Dam Lake, sustained minor injuries Thursday afternoon as Price's car skidded on a wet pavement at the west edge of Palestine and collided head-on with the Alberson car. Damage to the Price Toronado was estimated at \$1500 and to the Alberson car at \$800-1,000.

Allen D. Bowman, R.I. Rochester, sustained a cut lip Sunday morning when his car went off Co. Rd. 1075 southwest of Akron. After Bowman's car left the road it struck a fence and a Fulton Co. REMC pole. He was charged with driving left of center and paid a fine of \$23.25 in Justice Caldwell's Akron court.

Will Erwin, Republican candidate for Congress from the Third District, will appear on a series of TV programs at 10:45 a.m. on WSBT-TV. During this time special coffee hours will be held in various homes in the district to dispense information about the candidate. The first of the coffees was held on Wednesday at the home of Mrs. Jerry Hudson in Mentone. Future dates for Erwin's appearances include Oct. 1 and 3.

New Kosciusko Schools Don't Cost Taxpayers

A new school that cost taxpayers nothing opened recently in Kosciusko Co. Built by members of the Amish faith for their children, it draws students from three public school districts, WaNee, Lakeland and Warsaw.

The building is located on Co. Rd. 900 No., between 425 West and 625 West. Forty-two students enrolled this year with two teachers in charge.

A second new school for Amish students has been built on Co. Road 1350 North. A third school occupies an older building in the northwest section of the county.

ODDS & ENDS

by Ann Shoels

The newest member of our family, Herkimer Hinklebun Sheetz, arrived recently carefully outfitted in the shape of a puppy with an extremely mixed background. Herkimer, pronounced HURK NUR by four-year old Doug, has distinguished himself only by hiding from me--unless I have food, trying his puppy voice to bark at the head of the house, and using his expressive personality to wiggle into the boys' hearts.

In fact, he may have replaced brotherly love. After Doug had been especially mischievous, I jokingly said, "Doug, why don't you take your dog and run away?"

Todd's eyes got big and he yelled, "Oh, No! Don't take the dog!"

Sorry about that, Doug. You've already been outdone by a two pound bundle of wiggles and fleas.

We learn the most fascinating things by reading the daily deluge of mail that comes to our offices. For instance, one news release tells what is done with a prout that Mrs. Jones, a duct that costs the taxpayer so much money and er, soon may politely inquire of her garbage man, much public good. "How is my refuse going to be used?" No, it's certainly beat the sort-to be used? No, it's continues, because she is being told that garbage, or solid waste as it's more generally called, is something of value.

To illustrate this philosophy, National Disposal Service hosted an open house recently at the Evansville sanitary landfill site and showed how refuse is used in the creative process of developing new land for public use. Civic leaders from throughout the state were guests and saw one hundred and ten acres of new land that are being created there and that will be converted into Kleymeyer Park, a recreational facility that will include a golf course, tennis courts, softball and baseball diamonds, horseshoe pitching areas and a nature trail.

In pointing out the uses of refuse, the com-

Construction of the new schools follows a ruling last year by the state superintendent of public instruction making it possible for Amish people to have parochial schools if certain state standards are met.

Mrs. Unice Kamp will be 86 years old on Monday, September 30th. A lifelong resident of Akron and Fulton county she is a patient at Millers Nursing Home in Rochester. She will be honored with a party on Sunday with a cake baked by her granddaughter. She would enjoy hearing from her Akron and Silver Creek area friends.

pany also notes that the composition of so-called garbage today is different from that of two decades ago. Now, it's 65% paper, 25% metal, plastics, glass, and only 10% kitchen waste. They also estimate that over

three billion dollars are spent annually to dispose the nation's waste products.

They conclude by saying that it is understandable why not only America's homemakers but all will be interested in what is done with a prout that costs the taxpayer so much money and which can be used for so much public good.

Sounds great. It'd be used? No, it's certainly beat the sort-to be used? No, it's continues, because she is being told that garbage, or solid waste as it's more generally called, is something of value. To illustrate this philosophy, National Disposal Service hosted an open house recently at the Evansville sanitary landfill site and showed how refuse is used in the creative process of developing new land for public use. Take your problems to Church this week -

Church Is For All

"There goes that young preacher man that took over the village church. He's out tryin' to learn all he can about this country and the ways of us folks. Funny, he came out here from some town back East and everybody thought he would be tryin' to make us all over like the people he knew back home. We thought he wouldn't last through one winter. But that young fellow is made of better stuff than any of us, as would be proved if the situation were turned around. He's become one of us, too.

"And that ain't all. He's got the folks in our community goin' to church and likin' it. Always before church was mostly for our women folks and kids, but not any more. He's sold us on the idea that we all need the church. Since I started my church goin' it has helped me over many a rough spot. My picture of it is that everyone needs the Church."

RURAL ELECTRIC POWER LIGHTS THE WAY TO BETTER, SAFER LIVING

Nothing has really changed since the "good old days". Nights are still as dark as ever and winter just as cold. But low-cost rural electric power helps you control the elements for a brighter, lighter life. Electricity chases away the gloom of night, replacing it with cheerful, hospitable light. Families now have hours and hours of additional time for fun or work every night.

Proper lighting is important for safety, too. Well placed lights save bruised shins and dangerous falls. Outdoor lighting also brings greater security to the barnyard. It discourages both two and four legged prowlers from bothering your animals or equipment. And it adds hours of extra "daylight" so you can get more done during your busiest season.

Christian Crusade Talks Set

Two members of the Christian Crusade Speakers Bureau, Dr. Gordon Drake, Educational Director for evangelist Billy James Hargis' Christian Crusade organization, and Charles Secrest, Associate Evangelist, will be in Kewanna on Friday, September 27, to deliver a talk at 7:30 in the high school gym.

Dr. Drake, a nationally-known educator and administrator, will present his views on school textbooks, teachers, educational techniques, the NEA and new sex education techniques being introduced into the primary grades in many states. He will emphasize that if communities

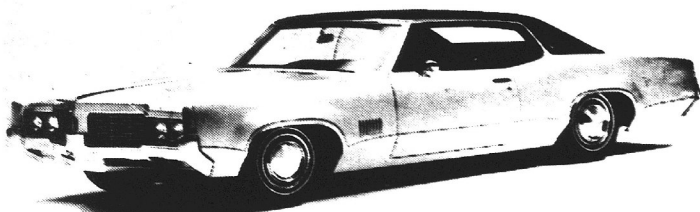

lose control of their own school systems, of who is to be hired and fired, of what is to be taught, they will have lost the most critical source from which to preserve America as a country.

Rev. Secrest will deal with the moral decay in America.

Faculty Facts

The Tippecanoe Valley Classroom Teachers Association held its fall dinner meeting Monday evening at the Akron Elementary School. The candlelight dinner was enjoyed by approximately 75 teachers and administrators.

Mr. Beecraft called the meeting to order and introduced Mr. Stone, band director at Akron, who presented Jerry Franks who entertained the group with his "History of the Trumpet." Mr. Franks, an artist in residence at Grace College, humorously related to the teachers his version of the invention of the trumpet. He presented several solos, climaxing the program with "How Great Thou Art."

Mr. Beecraft conducted the business meeting and urged the teachers to join each of the professional organizations and become active, responsible members.

Richard Latier of Talma Jr. High and J. Duane Smith of Akron High were elected to serve as delegates to the Indiana Classroom Teachers Assn. They will attend a state convention in Indianapolis on Oct. 5 with Mr. Beecraft.

After the meeting adjourned, a short executive session was held to discuss the convention.

The Bible Speaks

by Stanley W. Day

All responsible people must be converted to the Lord, or be lost. Without conversion, one cannot enter the kingdom of heaven. Jesus said: "Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven." (Matthew 18:3) Although people generally believe in the necessity of conversion, many misunderstand what it is, how it is accomplished, and when and where it takes place. To answer these questions we must turn to the Bible, which makes the process of conversion clear.

Primarily, the word "convert" means to change or to turn. For example, wood is converted into paper; ore, into iron; skins of animals, into leather; and leather, into shoes. Therefore, "conversion" is a spiritual change, the process of turning to God (Acts 15:3). Paul said the Thessalonians, in their conversion to Christianity, "turned to God from idols to serve the living and true God" (1 Thessalonians 1:9). It is the turning of man from the love and practice of sin to the love and practice of righteousness. In conversion, the direction of life is changed; the powers and faculties formerly devoted to sin are purified and turned to God to be used in his holy service. Thus one becomes a new being and enters a new state. Conversion is the process which takes the sinner out of the kingdom of Satan and translates him into the kingdom of Christ, which is the church. It is, therefore, the whole gospel process by which a sinner becomes a Christian. Hence, the converted person is a changed individual.

Conversion is not synonymous with pardon, yet pardon follows conversion. The apostle Peter said: "Repent ye therefore, and be converted, that your sins may be blotted out, when the times of refreshing shall come from the presence of the Lord" (Acts 3:19). The prophet Isaiah cried: "Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon" (Isaiah 55:7).

Hence, people must turn to God that their sins may be forgiven. Pardon takes place in the mind of God, and not within the heart of the sinner. Man obeys God's law and turns to the Lord; God, then, forgives his sins (Mark 2:7; Hebrews 8:12). Thus turning to the Lord is something the sinner does, and pardoning of his sins is something that God does for him."

Conversion, by Perry B. Cotham

October 21 has been set as the date for trial by jury of Carl R. Blackburn, 24, R.5, Warsaw, charged with the shooting of his brother-in-law, Robert Osburn, R.2, Akron, on July 13. Osburn was hospitalized following the shooting that allegedly took place over Osburn's use of tools owned by Blackburn.

Damage suits totaling over \$51,000 have been filed in Kosciusko Circuit Court in connection with the shooting and wounding of a youth by a farmer near Sidney in June, 1967. The youth, Roger Dean Caudill, R.2, Claypool, was wounded as he and a companion, Levi England, 17, now a resident of Florida, attempted to steal gasoline from a storage tank on the farm of Willard Pence, 73, R.2, So. Whitley. The farmer allegedly shot at the youths with a 16-gauge shotgun and a 30-30 rifle as he observed them at his tanks. Caudill suffered shotgun wounds. Pence was charged and a trial was held early this year. After a day of testimony, Pence withdrew the not guilty plea and entered a plea of guilty to a charge of assault and battery. He was fined \$50, and the two boys were tried in juvenile court and placed on probation for their part in the incident. The suits now being filed by Caudill and his father, Dallas, ask \$50,000 for permanent and disfiguring injuries from \$1,080.40 for doctor, medical and hospital expenses.

Couples receiving marriage licenses in Kosciusko circuit court include Robert Joe Kline, R. 1, Silver Lake, and Sharon Kay Jackson, Warsaw; Michael Wm. Hughes R.1, Claypool, and Susan Elizabeth Brown, R.1, Silver Lake; James Michael Land, R. 2, Silver Lake, and Beverly Inez

There is no joy in the land of our competitors today. But let us ask you this. Should we have made Caprice shorter instead of the longest Chevrolet ever built? Or adorned it with flashy nicknacks to make it look less expensive? Just because competition doesn't, should we not have offered you washers to clean your headlights,

new variable-ratio power steering, liquid tire chain you can apply to your rear wheels at the touch of a button?

Should we have given you less power, instead of the largest standard V8 in its field?

Trades Students Begin Houses

Building Trades students learn the basics of building a house the hard way-by actually doing the work themselves. Here some of the boys are shown beginning to lay the block foundation of the house that is being built at Akron. An identical house is being built at Mentone.

NEWS photo

Something new has been added to the TVSC curriculum this fall in the form of a building trades program that will teach carpentry to high school boys.

Raymond Pontius, a teacher and contractor, is supervising the construction of two new houses, one at Akron and one at Mentone. The houses will be identical. Each will have year-round climate control and each will use the latest in materials and techniques.

The all-electric homes are being built with crawl spaces and utility rooms.

Each house will be a Gold Medallion Electric home and will be covered with vinyl covered aluminum siding. They will have fireplaces and be carpeted throughout.

Each will be as nearly maintenance free as is possible. The only wood will be around windows and doors.

Underground electrical entrances will be installed.

Fifteen boys have begun work at Akron, and eighteen Mentone boys are enrolled.

Erwin Call For De-Americanized War

Congressional Nominee Will Erwin this week issued a statement pointing out that his call for the de-Americanization of the Vietnam War is supported by statistics showing steadily increasing costs in terms of both American lives and American dollars.

State Senator Erwin, Etna Green, is seeking election to Congress from Indiana's 3rd District. He noted that the cost in American lives for each 1,000 of the enemy killed in Vietnam has increased from two in 1962 to 107 in 1967. At the same time, So. Vietnamese losses have dropped from 230 for each 1,000 enemy killed in 1962 to 124 for each 1,000 in 1967.

"For each enemy soldier killed in 1962, \$14,000 was spent in American aid to So. Vietnam. By 1967, the aid expenditures had increased to \$234,000 for each enemy soldier killed."

NEW BOOKS

The following new books are on the shelves of the Akron Public Library.

"Incredible Victory" by Walter Lord-----Here is the thrilling saga of a true turning point in history--the June 1942 Battle of Midway, which has come to be recognized

as the "most decisive and significant naval action since Trafalgar." The book is at once a detailed account of individual acts of courage and skill, and a panoramic view of an incredible victory won by outnumbered, outgunned, outmaneuvered, outlanded, outmanned American land, sea and air forces.

"Light at Midnight" by Erica Wallach---In 1950 a young woman was arrested in East Berlin as an American spy, which she was not; and for the next five years neither her family nor the government was able to find out anything about her whereabouts. This is her own remarkable story

of that five years, spent in East German and Russian prisons and, ultimately, in a Soviet Labor Camp north of the Arctic Circle; Vorkuta, a more dreaded destination than Siberia for Russian prisoners.

"That Certain Something, the Magic of Charm" by Arlene Francis.

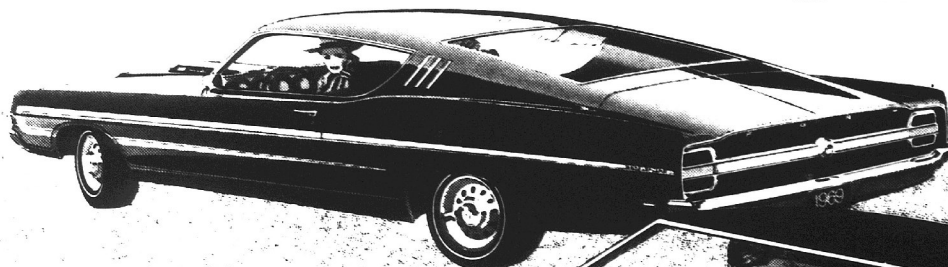

"The Power of High Purpose" by William H. Mikesell--Here is a book of real inspiration and sound advice for the person who feels his life does not have the deep and ordered significance he desires.

1969 Mustang SportsRoof

THE '69 FORDS ARE HERE TODAY!

1969 Torino GT SportsRoof

1969 LTD by Ford, 2-Door Hardtop

1969 Mustang.
All new, all over! 5 great models.
More engines than ever.

They're like no Mustangs you've ever seen before! Longer. Wider. Roomier. Front and back. And far, far sportier. Take the new Mustang Mach I. Or luxurious Grandé. Choose hardtop, sports-roof or convertible. Then dip into a long list of options and design your Mustang.

1969 Torino.
The winner's back for more...
with two hot new Cobras to boot!

Torino for '69 comes on just as hot or as luxurious as you please. Engines range all the way up to a 428-cu. in. Cobra Jet Ram-Air V-8. For Torino spirit with extra savings added, choose from eight new '69 Fairlanes. See all 52 of the new '69 Fords today.

1969 Ford.
Longer. Wider. Quieter.
And alone in its class.

For 1969, Ford tracks as wide as Cadillac. Smooths your ride with a longer wheel-base than Chevrolet. Has more front headroom and legroom than a Chrysler Imperial. The '69 Ford LTD is designed to ride even quieter than the LTD that rode quieter than Rolls-Royce.

FALL'S THE TIME TO FALL IN LOVE

Ima Huggar

Girls, take it from me. There is no better time than fall to fall in love. I should know. It was in the fall that I first saw that special living room suite down at King Furniture and Carpet in Mentone. And it was fall that I fell in love with all that indoor-outdoor carpet they have. And, wouldn't you know it? It was fall when I fell in love with all those beautiful Syrocco plaques they have. Have you seen them? Honestly, they do more for your walls than anything since paint. They have all styles. They even have beautiful mirrors and sconces, lamps and paintings. What they don't have for the home isn't worth mentioning. Come in and see for yourself. adv.

Anthony Nigo, DAR, Tippecanoe Chapter Hear Will Erwin

Members of the Anthony Nigo Chapter, DAR, were guests of the Tippecanoe River chapter at a recent combined dinner meeting in the Etna Green Church of Christ.

A prelude of organ music by Mrs. Geo. Sla-

baugh preceded the program. Members were reminded on Constitution Week, Sept. 17-23.

Miss Janet Kitchen, accompanied by Phyllis Montague sang two songs.

Will Erwin, candidate for U.S. Congress from

the Third District, was the evening's guest speaker. He reminded members that the constitution was based on the worth of the individual plus the concept of freedom under God. He said people governed by moral conscience follow the law and asked what had happened to this dream. Traveling in Europe five years ago, Mr. Erwin said people inquired about many of the US accomplishments. Last year, when again traveling there, no one asked for advice from a U.S. citizen, only spoke

of concern over troubles now prevalent in this country. He said that once we were world models but now we are either scorned or pitied.

He reminded his listeners that 3 million adults in this country can neither read nor write, accounting for much of the unemployment. Eleven million live in poverty, he said.

We have the same documents and beliefs as when we were the world's ideal, he said, adding that it is time the conscience and

courage of our citizens is demanded. We must spend money to educate the illiterate. Little children must be educated to know that they can make their own way and can own property, to break the cycle of some who are the third generation on relief. He said rural areas will have to be developed as they can no longer depend on making a livelihood from agriculture alone and that small communities must establish trades for the young people to learn who can not make their living on the farm.

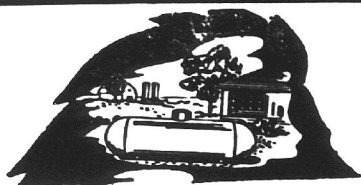

He challenged everyone to live up to the constitution and to have courage. A question and answer period followed his talk.

Following a message from the president general, the program concluded and members of the Anthony Nigo Chapter met for a brief business meeting. Mrs. Tom Fugate, regent, and Mrs. Ray Linn, delegate, will represent the local chapter at the 68th state convention in Indianapolis. Mrs. Frank Smith is alternate regent and Mrs. Charles Tucker is alternate delegate.

The chapter voted to give \$10 to the Red Cross for the Ditty Bag project and to help with the sewing.

A committee of Mrs. Linn, Chm, Mrs. Smith and Mrs. Loren Gross was appointed to provide table decorations for the November meeting to be held at the Wagon Wheel in Warsaw. Reservations are due Nov. 1.

The next meeting will be held Oct. 8 at the home of Mrs. Wayne Smalley.

LETTERS TO THE EDITOR

We were somewhat disappointed when you combined the Akron and Mentone papers. I realize it probably is more economical for you to publish it that way; but we don't like having to sort through all the news about people we don't know at all, to get the news we want to read.

I hope this does not offend you, as we have always taken and liked your paper.

Gloria and Paul Bowen

Smith's Furniture

Akron

Several years ago I came to Mentone a stranger. My first Sunday here I went to the Methodist Church as had been my usual custom. Not expecting any favors from the church but to hear the world of God from the pulpit and to worship Him. Besides I knew I would meet new friends who would welcome me and show me in what way I could be of service to the church, thus serving The Master.

I love the Methodist Church like my home, Mentone, and my country. It has never failed me but given me peace and comfort that money can't buy.

I have many dear friends in both of our other fine churches whom I love and cherish.

I have learned by attending church that I soon get to know my pastor and he knows me and my needs and is on call twenty-four hours a day if we but call him. As has been both Dr. Urschel and Dr. Wilson always, kind and pleasant, never refusing to answer a call to our home night or day.

The business people have been pleasing and helpful in every way. Now what more could just an ordinary person ask for?

I have lived in different cities, but in Mentone for many wonderful years.

Dear Editor:

Regarding your recent series by the Reverend Phillips—they're most refreshing. I do not mean by this to give blanket approval of all Reverend Phillips' remarks, but I certainly am happy to see at least one item in your paper with a note of optimism in it.

When you travel around this world you learn a very important lesson. Each human being is but a grain of sand on a very large beach. Instead of yelling "Commie!!!" anytime one is a little different or expresses a different idea, why not listen, think, read and use our heads to evaluate these ideas.

What we need is less work spreading fear and more work at spreading love, understanding and tolerance.

Thank you for a beginning of this in your paper, and I certainly look forward to even more awakening of the people there to the realization that they are members of the world, not just their own little community!

Marilyn Fenstermaker King

Dear "Plain Bill,"

I know for one thing that I love you and your wife. I have been in your home and have given you communion. I have arranged early morning services and breakfasts and noon luncheons so the older people might

come. I have sent you special invitations.

I joined the Methodist Church after I was converted at the age of nine. I did not have a penny in my pocket and was wearing an old suit that someone no longer wanted.

I have seen our wonderful doctor treat all people, never turning anyone away. I have even seen them call him out of church.

Any hour, day or night

I would come to you and your family . . . to pray or help. I have driven, in 15 months since coming to Mentone, over 60,000 miles to see people in hospitals I am not at all sure that I have ever been invited to your home. Try inviting me and see how soon I will be there.

You have never heard me preach. I believe the whole Bible, and not just portions of it. I preach the truth as God reveals it to me. Putting in 18 hours a day, 365 days a year, does not seem to be an easy way to make a living.

Abraham Lincoln said, "Everybody is about as happy as he wants to be." To me, Mentone may have faults, but if I would tell my congregation someone was in need, 200 people would say: "Rev. Phillips, how can I help?" I've been in Mentone over a year. Everyday has been a happy one.
