& E. GAS REGULAR

Remember This?

This old wagon , spotted in Silver Lake, tells a tale of days gone by The advertising poster on the side shows regular gas for sale at \$1.00 for eight gallons, and hi-test going for \$1.00 per seven gallons.

TVSC discusses budget; hears oppositi on to CBF

The Tippecanoe Valley School Board met on Thursday, August 30, 1979 at the high school. The meeting was called to order at 7: 30 p.m. by president Con Shewman. The minutes of the August 20th meeting were approved as read. All members, with the ex-ception of Vernon Meredith, were present.
Shewman explained that this

meeting was being held in accord-ance with the law to review the budget, hear public opinion regarding the budget, and adopt a budget and tax rate for the calen-dar year 1980. Shewman then called on Dr. Lloyd Harrell, Superin-tendent of schools, to present Proof of Publication, Proof of Posting, and Proof of Notice to Taxpayers. Dr. Harrell did so and explained the documents.

Dr. Harrell stressed that this was a budget estimate only, due to the fact that there is an 18 month lapse able time reviewing the budgets from approval of the budget until the final month of the budget. Har-

rell felt that since the proposed budget was graphically illustrated in the TIPPECANOE VALLEY ADVANCE, that there was no need for a thorough review of the budget at this time. Harrell further stated that since the proposed bud-get and tax rate for 1980 was based on the present valuation, the actual tax rate of \$4.70 would more than likely be somewhat lower. It was explained that the major difference between last year's published tax rate and this year's proposed rate is the addition of the Cumulative

Building Fund.
President Shewman then asked if there was anyone in the audience who desired to speak concerning the budget or the proposed tax rate. Dr. Donald VanGilder of Mentone requested the floor to voice his objections to the Cumulative Building Fund. VanGilder told the

Antique tractors rolled into Mentone Labor Day

by Vern Hucks

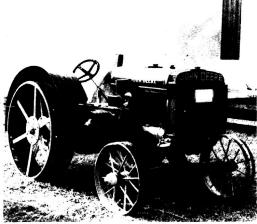

If you were driving on State Road 19, just south of Mentone, over Labor Day weekend, you were pro-bably fortunate enough to notice a little bit of midwestern Americana seldom seen anymore. If you didn't take the time to stop and talk with Bob Hill, owner of The Market Place, you missed the chance to see a collection of fully restored John Deere tractors ranging in vintage from 1925 up to 1952. The tractors are owned by Don Craig, Roger Motel, Jim Mere-dith, George Craig, and Dick Peter-son; all from the Mentone/Talma area. After talking with Bob Hill, who was very informative, I got the opportunity to talk with George Craig and Dick Peterson for a bit and really began to enjoy antique tractors.

Dick Peterson owns the oldest of Dick Peterson owns the oldest of the tractors that were on display, a 1925 John Deere "D" that is uni-que in many ways. Dick told me that several years prior to 1925, John Deere acquired a tractor company from Waterloo, Iowa. Deere continued to build tractors bearing the Waterloo name up un-til 1925 when the "D" became the first Waterloo-built tractor to wear the John Deere trademark. Al-though the '25 "D" looked rather small from the road, I realized how massive it was when I got up beside it. With the exception of the fenders and the gas tank, the tractor is all cast iron so you can imagine the weight. The "D" was no weakling in the field either pulling two 18 inch bottom plows in most soil. Dick has left his: "D" on steel wheels but has removed the trac-

tion lugs for good reason. Dick says that due to the weight and power of the tractor, the lugs would tear up anything they ran over including sod, black-top, and cement. Two interesting things about the tractor have long been discarded and anyone who uses a tractor should be grateful. If you should have to stop this particular tractor nave to stop this particular tractor in a hurry, one thing becomes ap-parent quickly. It has no brakes. The other little "feature" was more subtle. In fact, the exposed flywhee of the "D" was so subtle that more than one unsuspecting farmer lost an arm or leg to it before John Deere changed their design.

Dick was also displaying a 1930 "GP" John Deere that he found in Wisconsin several years back. The "GP", as its initials imply, was a general purpose tractor that was unique in that it originally came with a three row planter and a three row cultivator. Disk pointed out the front axle which was cast in a high arch to allow the tractor to straddle one row. The three row

Rebecca Haynes named festival Cutie Queen

Miss Rebecca Haynes, 4, from Ak-ron, was recently named "Cutie Queen" in the first annual Fun Fest Cutie King and Queen contest held in conjunction with the annual North Manchester Fun Fest. Dale Simcoe, 4½, No. Manchester, was named Cutie King in the judg-ing which was based on each child's

poise and personality.

Miss Haynes is also a former Akron Cutie Queen as well.

In addition to her crown and sash. Miss Haynes won a \$25 gift certifi-cate from the Hansel and Gretel Shoppe.
Mr. and Mrs. David Haynes of

Akron are the parents of the new Queen. The royal grandparents are Mr. and Mrs. Roy Schipper and Mr. and Mrs. John Haynes. Miss Haynes great-grandparents are John W. Moyer and Mr. and Mrs. Floyd Haynes.

New books at Akron library

New books received at the Akron Carnegie Public Library recently include the following:

OVERBOARD by Hank Searls.

The author has always drawn on personal experience. He leads us from the universal dream of sailing the South Seas into a nightmare

of suspense.
YONEKO, DAUGHTER OF
HAPPINESS by Yoneko Tahara
as told by Bernard Palmer. After
he mother's death, Yoneko hated
life. She hated life so much, she tried to commit suicide twice. Her first attempt failed, leaving her a helpless cripple. Her second at-tempt ended in the beginning of

a new life.

CASTAWAY by Frances Murray.
Isabelle Audle, delirious and half
drowned, is the sole survivor of a shipwreck off the Isle of Gurnsey farm, she slowly regains her strength, only to be faced with greater dilemnas. Destitute, and with no way of proving who she is, Isa-belle must establish her identity with her unknown Audley rela-tions, an aunt and uncle with everything to gain from her death. MARK COFFIN, U.S.S., A NO-VEL OF CAPITOL HILL by Allen Drury. Here is a magificent novel of Washington - an insiders view of power at the top, seen through an entirely new cast of vivid, fascinating, and humanly likeable characters. WAR AND REMEMBERANCE by Herman Wouk. This is a historical romance. The subject is World War II, the viewpoint American. SHERLOCK BONES by John Keane. The author is the country's first and only fulltime professional pet detective, tracking down errant Fidos and felines for their distraug-ht owners. In this delightful ac-count of his "Private Paw" work, Keane (alias Sherlock Bones) writes with humor and compassion about some of the most intriguingly animals and people he has en-countered - stories that are funny, farcout, touching, suspenseful, sometimes sad, but always guaran-teed to capture the hearts of animal

hears favorable reports from school principals Board

Continued from page 1

for the last few years and that he objected to the Cumulative Building Fund both in amount and proportion. He then asked if monies could be transferred from one account to another Cumulative Building Fund. Dr. Harrell answer-ed that he thought that there were legal ways to transfer funds. Van-Gilder then stated that he didn't object to maintenance and repair figures but felt that they were not enough. VanGilder asked if the Board could cut the CBF. Dr. Harrell replied that it could be done but not during the meeting. He pointed out that according to state statute, the budget could be cut or rescinded by the governing body at the request of ten taxpay-

ers.
VanGilder shifted the focus of his disagreement from the CBF to the proposed Middle School on the present high school grounds. VanGilder felt that transporting all sixth, seventh, and eighth graders to the site would be unneccesers to the site would be unneccessary and that oil would have to be used for heating whereas natural gas could be used if the junior high schools were left in Mentone and Akron. Board President Shewman then asked VanGilder where he had heard or read that the middle school would definitely be built. VanGilder conceded that he had not heard definitely, to which Shewman replied that all that was being done at the present, was de-termining the feasibility of such a project. At this time, Margaret Foltz of Mentone requested the floor and pointed out that architects had been hired and that she felt that one didn't hire architects unless one had already decided to build. Shewman reiterated that everyone was assuming that the building would be built and asked building would be built and asked VanGilder if he had asked anv board member about construction plans. VanGilder again conceded that he had not and then asked Shewman if the board planned to build. Shewman replied that he did not know at this time but that "my opinion is that if we don't need it, we'll cut it out." Margaret Foltz again requested that the Foltz again requested that the Board address themselves to h observation. Shewman replied that "the architects were hired in ac-cordance with state law to determine whether to remodel or build. Shewman asked if any board

members desired to make any changes or alterations in the pro-posed budget. As there were no changes requested, Don Snipes moved that the Board adopt the budget and tax rate as read. Lee Norris seconded the motion and it was carried unanimously.

Dr. Harrell explained a resolution concerning the "Mills Formula". This formula comes from a bill pass ed by the 1977 state legislature which allows the board to break the tax freeze by five cents and will raise the General Fund levy by five cents. Lee Norris moved to adopt the resolution with Don Snipes seconding. The vote was unanimous for adoption.

Dr. Harrell then reported that the opening of school this year had gone in "fine fashion" and that it seems to go smoother every year. Harrell also said that the "able and competent staff deserve commen-dation." Enrollment is down by 19 from last year but the figures will not be official until September 14, the official enrollment date. Harrell then quoted figures on enroll-ment for the corporation since 1974 which showed a steady de-cline in students. Harrell noted that since 1970, enrollment is down

by 36 but added that this trend is 'ypical of the whole country.

Jack Fisher, Mentone Principal, reported that teachers at Mentone are not happy with the crowded conditions especially in the third grade. Dr. Harrell noted that existing classrooms were below code al-ready and that this was the reason that remodeling or building a new building was being considered.

Loran Skinner, TVHS Principal, reported that the high school is also off to a good start and that, un-like many schools in the state, TVHS is fully staffed this year. The new Akron Principal, Dan Kramer, reported that the only real space problem encountered in Akron was in the kindergarten area. Due to the fifth grade taking over one of the rooms previously used for kindergarten, there is no room suitable for such use should it be-come necessary. Kramer also reported that the first fire drill was held with the grade school being emptied in under one minute, 20 seconds and the junior high in less than one minute.

Oliver England, Burket Principal, reported that school in Burket was off to a smooth start with class size being good and 90% of all book rental being collected already. England also reported that in Bur-

ket's first fire drill, the school was cleared in 39 seconds.

Dr. Harrell noted that there had been four student transfer requests so far and that two of those four had worked themselves out. Don Snipes moved that unless there was good reason for a change such as space limitations, that policy on transfers be unchanged. Everett Besson seconded and the vote was unanimous.

Dr. Harrell reported that boilers at Mentone had been inspected and at Mentone had been inspected and the following work done. (1) All heating units have been cleaned. (2) All outside dampers have been closed. (3) 19 steam traps replaced. (4) one thermostate replaced and two repaired, and (5) new filters have repaired. ters have been ordered Johnson Controls will be present for the firing of the boilers but it is believthe the repairs listed will allevia-te the problems. Radiation fins were checked into but were inadvisable due to the fact that they would have to be custom made. At this time Mr. Meredith Dona-

hue of the Daverman Associates architecture firm was introduced by Dr. Harrell. Donahue had brought with him contracts to be signed on the proposed middle school, new administration building, Akron elementary addition and rehabilitation, Mentone ele-mentary addition and rehabitation, and an annex to the present high school gym. Mr. Donahue explain-ed that these contracts did not necessarily mean that any of the projects would be followed to completion but that feasibility studies would be done on each to assist the board in making decisions. After some discussion concerning the contracts, Dr. VanGilder propos a referendum for the public. Dr. Harrell stated that he was not going to argue with VanGilder but that the "bottom line is what the peo-ple want." Don Snipes then moved to accept the contracts and execute them. Lee Norris seconded the mo-tion and the motion carried with Everett Besson opposed.

After the contracts were executed, the board moved on to a re-commendation by Dr. Harrell concerning annunity changes in teacher's contracts. Harrell re-commended that "all annuity changes must be made prior to the August board meeting with the ex-ception of new teachers." This recommendation came about due to several teachers requesting changes after the board had already signed

their contracts. Don Snipes moved to accept the recommendation which was seconded by Lee Norris. The motion carried unanimously and the contracts previously men-

tioned were re-signed.

The board then moved to appoint Diane Spangle to the position of swim bus driver at a proposed rate of pay of \$21 per day. After the floor was again opened

to public comment, Dr. VanGilder took the floor once more and said that although he still stuck strong-

that although he still stuck strongly by his remarks concerning the
cumulative building fund, he wanted everyone to know that it "was
not a personal attack."

The board then took turns summing up their feelings about the subjects discussed with the consensus
being that they all desired more
community input concerning proposed projects. Dr. Harrell then community input concerning pro-posed projects. Dr. Harrell then spoke of a previous meeting con-cerning proposed projects which was attended by only 30 persons. Dr. Harrell said that in his opinion such lack of attendance could mean one of two things. Either that the community was "apathetic or that they had complete confi-dence in their school board". / The meeting was adjourned at

9:30 p.m.

My Side

by Vern Hucks

Along with roughly forty million fellow insomniacs, I frequently find myself spending my late night hours with Johnny Carson. Last Friday night, Carson had a collection of award-winning television commercials from other countries. These commercials were entertaining, humorous, and tastefully done. The real beauty of those commercials was lost on me however, until I sat down to watch television with my family on Saturday evening. Within the space of about 4½ minutes, we were assailed by a woman storming into her drugstore complaining that although the label on the box told her she had her usual product, the color of the denture cleanser told her that it just couldn't be. She even had a glassful of the substance in question to back up her contention. Right on the heels of this insult to our intelligence, came a cute little scene of an obviously well to do matron pushing her dog in a shopping cart and demanding a specific brand of dog food from the butcher. She actually managed to appear exasperated when he informed her that it could be found in the pet food section. My attention was complete ly shattered when a cute little blonde, whose sole claim to fame is a fifteenth place finish in the 1968 Olympics, proudly told us that she wanted to be "the first celebrity to come out for feminine protection."

Do television advertisers really think that we're all imbeciles? From the way we continue to buy their products

-Sound Off-

"I looked in last week's paper for the lunch menu for Akron and failed to find it. I can't see any sense in paying for a weeks worth of lunches when two or three of the meals being offered are things that my kinds won't eat anyway. This has nothing to do with the nutritional value or the preparation of the food being served but if they're going to pitch it in the trash, I'd rather send them something from home that they would eat. If I knew in advance what the menu was I'd know whether to send lunch money or pack a lunch. Hopefully this was just an oversight and we won't have to put up with another stubborn principal.

EDITORS NOTE: The NEWS spoke with new Akron principal Dan Kramer and he informed us that in the future, all efforts will be made to iron out previous problems and that the menu will be published.

Letters to the Editor

DEAL 221 (OR:
The Trail of Courage Rendezvous will be Sept. 15-16 and thousands of people will be pouring into Fulton County for this popular reenactment of the days when the Potawatomi Indians camped along the Tippecanoe River. We have noticed in previous years that most of the cars are from outside our county, and we would like to county, and we would like to urge local people to come too.

Special free acts include the canoe landing at 10:30 a.m. and the Indian dances at 2 and 3 p.m. both days. The canoe landing will be a historic skit showing trappers from the north coming to trade with the Indians. The trappers will be greeted by a fife and drum corps led by Lori Neff, Rochester high school student. student.

The Indian dances by the Tipicon Lodge Order of the Arrow will be quite colorful. This year we have a new dance arena with log benches thanks to Ralph Bryant, Omer Holloway, Harold Reese and SPEEY boys.

And all day in her lean-to the storyteller will entertain children with tales of Potawatomi legends and demonstrations of Indian crafts. Phyllis Whitmore of Nyona Lake, former Indianapolis school teacher, will be the storyteller.

The Rendervous isn't just pay to get in and then pay to buy things. There are lots of things to see for free: muzzle-loading and tomahawk contests, demonstra-tions of pioneer foods and crafts like how to make cider and how to spin, the tipi village with its exhibits of primitive camp life. This is entertaining and educational - a step back in time to the way our ancestors lived.

As the annual Rendezvous grows, we need more help. Last year we had 50 cars waiting on the Olson Road to get in because we did not have enough help. So when you are called to help, please say yes if at all possible. Volunteers from outside the historical society are most welcome too. Call the museum office at 223-4436 or after 5 call me at 223-255. Thank you.

Shirley Willard, pres.

Old tractor's shown at Market Place

Continued from page1

cultivator and planter have become almost impossible to find and Dick

amost impossible to find and Dick has just about given up finding either for a reasonable price.

George Craig owns most of the tractors that were on display, one of which was probably ahead of its time. This tractor, a 1938 "L" was to be honest, unusual looking. The "L" was John Deere's first. utility tractor and was used extensively on small farms and in truck patches. It was powered by a vertipatches. It was powered by a vertical two cylinder engine that was also used in John Deere combines. Although the "L"s engine was only rated at 9 horsepower, Craig assured us that it could pull any modern 20 horsepower trillier. modern 20 horsepower utility tractor all over the barn lot...back

One of George's other tractors that I saw was a big brother to Dick's 1925 "D" a 1949 "D". George's "D" is a real monster weighing in at over 6500 pounds. Its still used in tractor pulls and usually does guita weigh. usually does quite well

Rubber tires, power steering, hydraulic systems, and air-condition-ed cabs are all improvements that are welcomed by the modern farmer and few would care to go back to the older models. Dick Pe-terson made an interesting observa tion though when we were talking about his 1925 "D". "Can you imagine what an improvement this tractor would seem to people who had always farmed with horses?"

Dick Peterson "strong-arm starts" a 1930-GP tractor while R.J. Hill, looked on.

ARMED SERVICES

Marine Lance Cpl. Stephen D. Kruger, son of Mr. and Mrs. Davis S. Kruger, Akron, recently departed for a deployment to Okinawa. He is a member of the 2d Batta-

lion, 5th Marines, based at Camp Pendleton, Calif. His unit is a part of the ground

element of a Marine Amphibious Unit (MAU). A MAU is the force-in-readiness for the U.S. Fleet, on call to project dombined air-round forces ashore, if required.

A 1978 graduate of Tippecanoe Valley High School, Kruger joined the Marine Corps in May, 1978.

George Craig proudly displayed his 1938-L tractor. The vehicle was John Deere's first utility type tractor for smaller farm work.

Cystic Fibrosis, "breath of Life" campaign to start in Akron

The Breath of Life Campaign, an annual appeal for funds to help children with cystic fibrosis and other lung-damaging diseases, be-gins in Akron on September 19th, according to the Indiana Chapter of the Cystic Fibrosis Foundation.

The Breath of Life Campaign raises vital funds for research to find a cure for cystic fibrosis. It also supports clinical care and educa-tion programs which lengthen the lives of all children who struggle to breathe with life-threatening pulmonary disease. "We're asking residents of Akron and surrounding areas to give as

generously as they can when a vol-unteer Breath of Life marcher comes to their door," says Judy Haney, chairman of the appeal. "Through contributions to this campaign we will see a day in which lung-damaging diseases, in-cluding cystic fibrosis, no longer take more children's lives than any other disease except cancer."
"In 1955, when the CF Founda

tion was established, few children with CF survived to school age. Today, with early diagnosis and comprehensive treatment, a child with CF has a 50 percent chance of living past age 18."

Mentone Report

John F. Littlejohn, 48, Warsaw, was cited by Mentone Marshal John Hart, August 2, for alledged-ly operating a vehicle without an inspection sticker.

A Rochester man, Robert Martin, 51, was given a ticket for alledged-51, was given a ticket for arreged by speeding 49 mph in a 35 mph zone on August 11. Dale Rock, 19, from Tippecanoe, was also cited on August 11 for speeding 52 mph in a 35 mph zone.

A Mentone man, Harlan Amburtan Ambu

gy, 22, was cited by Hart on Aug-ust 11 for driving without head-

lights.
Charles Amburgy, 47, Mentone, was arrested for alledgedly being Publicly intoxicated, fleeing, and

Publicly intoxicated, thering, and resisting an officer.
On August 17, Zeta F. Parker, Box 6, Burket, alledgedly scraped Karen Weirick, R. 1, Tippecanoe, while she was parking her vehicle. Damage to the Parker vehicle was

estimated at \$150.00. No damage was done to the Weirick vehicle. Hart investigated.

On August 18, 1979, Jane Wyatt, R. 5, Warsaw, alledgedly backed her vehicle into William D. Raffitt, R. 1, Warsaw. Jane Wyatt reported that she didn't see the Raffitt vehicle while she was backing out of the parking lot. Damage to the Wyatt vehicle was estimated at \$400.00 and to the Raffitt vehicle \$230.00, according to Hart. August 18, at 11:50 p.m., Laura

L. Norton, R. 1, Claypool, backed on the highway and her vehicle stalled in the middle of the road and Cara J. Smalley was going south on State Road 19. The Smal-ley vehicle could not miss the Norton vehicle. Damage to the Norton vehicle was estimated at \$800 and to the Smalley vehicle \$900. Marshal Hart responded.

Several new faces join Valley school system

Akron grade schoolers and junior high students are seeing several new faces around their schools this fall. Each new school year brings its share of new faces, both students and faculty and this year is no exception.

Most noticeable among the new faculty members is new principal, Dan Kramer. Mr. Kramer comes to Akron with impressive credentials. His educational background includes a BA from Fredonia State University in New York and his Master's Degree in Elementary Education from Purdue University. He is currently working on his PHD in Education Administration from Purdue and is within a year and a half of attaining it.

Mr. Kramer's educational work experience includes five years teaching at the fifth and sixth grade level and one year as a student counselor in the Education Placement office at Purdue. In addition, Mr. Kramer spent four years in the United States Air Force and served one tour in Viet

Mr. Kramer resides just north of the Tippecanoe Valley High School with his wife, Bonnie, and their two daughters, Lori, age 6, and Addie, age 4. Mrs. Kramer teaches at Mentone where Lori is in the first grade. Mr. Kramer brings a great deal of enthusiasm, ideas, and openness to his new position at Akron. He also told the NEWS that he would "welcome any parents or patrons to visit our school at their convenience anytime during the school year."

One of the other new faces at Akron Grade school this year really isn't that unfamiliar. Mrs. Alona Leininger is teaching first grade at Akron this fall after spending last school year at Burket. Mrs. Leininger lives in Akron with her husband, Randall, and their two children, Karl and Lael. This is her sixth year of teaching.

The new face that third graders at Akron are seeing this fall belongs to Mrs. Barbara Ihnen. Mrs. Ihnen is a graduate of Manchester College and this is her first year teaching. She and her husband, Max, reside on R. 1, Silver Lake.

Larry Bibler is the new fifth grade teacher and with 16 years experience, he is no rookie in the field. Mr. Bibler taughter for eight years at Kewanna and this is his first year in the Tippecanoe Valley School Corporation. Mr. Bibler and his wife, Carolyn, are the parents of three children, Scott, Amy, and Chad.

New fifth grade teacher at Mentone is first-year teacher, Lynn

Helvey. Miss Helvey is single and is a graduate of Depauw University in Greencastle.

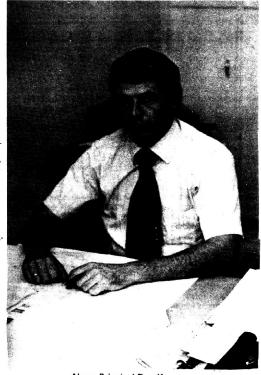

Mentone School, like Akron, has three new teachers on its staff this year and also like Akron, one of them is not new to the corpora-

Mrs. Diana Hoyt is in her third year of teaching in Tippecanoe Valley schools having taught the past two years at the high school. Mrs. Hoyt is teaching Home Economics to Mentone junior high students this year. Her husband, Mike, teaches Industrial Arts at Mentone. They have two children, Jeff, 10, and Jenifer, 6. Both are students at Mentone with Jeff being in the fourth grade and Jenifer in the forth

Mrs. Bonnie Kramer, wife of Akron principal, Dan Kramer, is teaching second grade at Mentone this year. Mrs. Kramer graduated from Ball State University and received her Master's Degree from Indiana State.

The NEWS wishes to take this opportunity to welcome all new faculty members and offers our best wishes for the new school year.

"Fame and tranquility can never be bedfellows." Montaigne

Akron Principal Dan Kramei

the side lines by Vern Hucks

If you were out at Tippecanoe Valley's football field last Friday night, you may have thought you saw two different games instead of two halves of one. The Vikings handled Rochester so well in the first half that most of us thought the second half would be anti-climactic. Not so sports fans. Rochester refused to roll over and held Valley's potent offense scoreless. Playing very physical football, the Zebras managed to score in the last minute of the game and avoid being shut out.

Although many Valley fans felt that the Vike's folded in the second half, Head Coach Charlie Smith disagreed. Smith told me that Rochester surprised him with their strength and was a fine team. Smith also took the blame for Rochester's lone score. Contrary to the advice of his assistant coaches, Smith left his team in a high risk defense for two successive plays and payed the price.

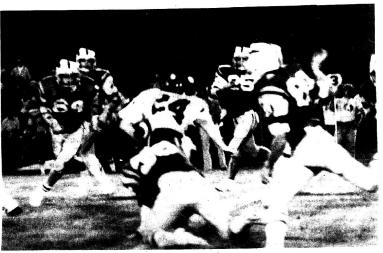

The battle of statistics was won by Valley gaining 364 total yards to Rochester's 161. David Rhodes had another fine night passing, going 7 for 11. Tim Alspaugh didn't have a night like he did against Triton but still managed 99 yards rushing.

If you're a sports nut like me, you love statistics so here's a handful for you. Tim Alspaugh needs 5 yards to become the Tippecanoe Valley total yardage leader. Alspaugh is currently in third place on the all-time scoring list and needs only 14 points to tie Derek Anglin in that category. He is already tied with Anglin in touchdowns. Greg Utter leads all Valley rushers with a lifetime career yards per carry average of 8.54. David Rhodes is another story. Everytime Rhodes completes a pass, he breaks the school record. Over his career, Rhodes has been intercepted only once out of every fifteen passes and has thrown 21 times without an interception this season.

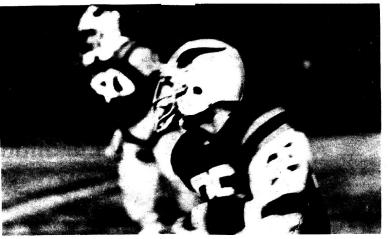

Brent Arven, All-conference tackle from the Valley, remains in Room 222 of Woodlawn Hospital suffering from spinal meningitis. Brent's condition is reported as improving but he is still not allowed visitors. He may possibly be allowed to return home on Saturday but his return to class is uncertain at this time. Best wishes for a quick recovery, Brent. All of Valley's fans miss you.

Vikings take to the road

The '79 Tippecanoe Valley Vikings or control the running of Northtake their show on the road for the first time this Friday night when they travel to Wabash to challenge the Northfield Norsemen. After the Northfield Norsemen. After successful performances at home against Triton and Rochester, the Vikes are hoping for similar suc-cess away from their home field. Northfield will without a doubt

be one of the biggest teams that the Valley will face this season. Some of their bigger players in-clude John Chowning (5'11", 247

lb.), Doug Wilcox (6'5", 213 lb.), Kent Dilling (6'3", 230 lb.), and 6'4", 260 lb. Dan Metzger. The Norsemen's defensive backs how ever are not quite the size of Val-ley's and neither are their running

The Northfield defense is led by 6', 165 lb. Johnny Johnson and Tim Schaefer. Top defensive players to watch include Chris Arrick (5'9", 175 lb. tailback who Valley Coach Charlie Smith calls "a real stud") and the huge Kent Dilling at tackle

erged

tal of

reet

Northfield sports a 1-1 record coming into Friday's game having defeated Westfield 14-7 last week. Their loss for the season was against highly-touted Southwood, 14-

13, in a really rough game.

Both teams figure to be healthy for the game with the exception of Valley's outstanding tackle Brent Arven who remains hospita-Brent Arven who remains hospita-lized with meningitis. Northfield reports no injured players at this time while Valley has three who are still nursing old injuries. Bill Jamison is still hampered a little by a sprained toe while Greg Cum-berland and Gilbert Martens both have hed funcers. have bad fingers.
Head Coach Charlie Smith feels

that for the Valley defense to con-trol the game, they must do two things, First off, they must stop

or control the running of North-field's tough tailback, Chris Arrick and secondly they must control the quick-pass patterns that the Norsemen are noted for. Northfield's defense generally employs a split-6 alignment and fre-quently uses unusual adjustments. The key for Valley's offense seems to be to recognize these adjust-ments in order to take advantage of them of them.

Northfield Coach Jim Kaltermark told the NEWS that he's looking for Valley to run their tough trap a lot. He went on to say that he's looking for a good game and that "Valley will be a tough one to

There will be some personnel changes for the Vikings this week with Jerry Bickel or Wayne Christenberry starting at defensive end and Dan Roberts or Gilbert Mar-tens replacing Brent Arven at

Coach Smith still refuses to spe-culate about the tempo of the game but in reference to his defense said "anytime an opponent plays us, they will be low scoring." Game time is 7:30 p.m. Friday

30's. TV schools.

RANCHETTE

this modern three bedroom ranch style country home could be the one you have been looking for. A pole barn with water, electricity, and concrete floor is included. An attached garage helps the value. Priced in the high 30's.

MOBILE HOME

twelve wide Skyline Buddy. One and one half baths, two bedrooms, 1969. Can be purchased with or without furniture. Central air conditioning. \$3,500 with easy payment terms.

LAKEFRONT LUXURY
at the turn of the century, this Colonial Mansion was, and will be the
showplace of the area. Plenty of room for the largest of families. A
breathtaking view of the lake from either the patio deck or beside the
freeplace looking through the B' x 12° plurue window, Highlites include a new kitchen, new roof, and auminum siding. This is the home
for anyone who wants quality and luxury that can't be found in new
construction at any price today.

TRI-RIFFIC

INTERICE
on matter how you spell it, this tri-level is terrific. Located near the lake and a lake lot is included. A format dining room, a family com, and three bedrooms are only three of the features for your family. The quality, size, and condition of this home more than justifies the price.

LAKEFRONT PLUS

this lovely lakefront has aluminum siding, a new well, carport, and a price in the low 20's that is justified by the home alone. Just to make this a real bargain the owners will give you a large pontoon boat and motor, a fishing boat, and redwood furniture. Then they will completely furnish the home for you including all appliances, and a color television. You must see it to believe it.

BRING YOUR FISHIN' POLE

you'll need it because the fish are biting. All appliances and furniture stay in this year round easement home. Immediate possession, Priced in the low twenties. Henry Township, Fulton County.

EASY PAYMENT EASEMENT there is no reason to be crowded here. Three bedrooms, den, living room, fallily room with a fireplace. No close neighbors and the lake assement is just a short walk away. \$15,000. That is what I said, \$15,000.

WOODED HOMESITE

over 300 ft. of frontage privacy and quality woods for your new home. Located on a paved road in the country, just a short distance from TVHS. Restrictions against low cost housing will protect the value of what you build.

BUSINESS OPPORTUNITY

this small-town motel does a big-city business. Modern enough to require a minimum of maintenance. An ideal opportunity for semi-retirement. Living quarters are included. Enjoy the freedom and satisfaction of being your own boss.

FARMING OPPORTUNITY

here is your chance to have a prosperous future in farming. The land is well balanced for a profitable cattle or hog and grain operation, Several good building sites, some wooded, increase the potential of the farm, Land contract terms to qualified buyers, TV schools.

HOME AND FARM

get a good home for your family and enough acreage to make the payments for you. A second rental home is included in the price. A scenic woods and extra road frontage help to make this one a bagain. TV schools.

FARMLAND

priced under \$1,000 per acre in tracts up to 80 acres or more. A good location for a new home is included. TV schools.

New signs

Visitors to Akron will be aided by the new street signs being installed by the Chamber of Commerce. Joe Bahney and Bill Co-oksey co-chaired the project.

Mentone School Alumni honors class of '29

The Mentone High School Alumni met last Sunday in the Mentone Gym for their annual carry-in dinner. A short business meeting was called to order by President Miles Nellans. A change in the meeting date was discussed but the group voted to stay with the first Sunday following Labor Day. Officers selected for next year are Gerald Romine, president; Mrs. Geo. Reed, vice-president; Mrs. Bill Hatfield, secretary-treasurer; and Mrs. Doug Haney, assistant secretary-treasurer. A committee was formed to determine what would be done with Gym for their annual carry-in dintermine what would be done with class pictures currently hanging in the lower halls of the old building.

The class of 1929 was honored this year and was represented by

Special meeting at Valley

Due to a petition signed by at least ten taxpayers in the Tippe-canoe Valley School Corporation, a hearing will be held September 13 at the high school to hear objections to the proposed Cumulative Building Fund.
The meeting will begin at 10 a.

six of the ten members still living. This group also met for dinner Saturday at Teel's Restaurant in Mentone. Members present were Rosemary Colderon, Anaheim, Ca.; Mary Rensberger, Milford, In.; Mary Sarber, Warsaw; James Ment-

zer, Park Ridge, Ill.; James Sarber, Warsaw; and Leona Eber, Mentone. The troup also heard a tape sent by class-mate Harold Parks of Scottsdale, Arizona.

Francis Clark, class of 1916, was

"Jaws" registration set for Monday night

The Tippecanoe Valley Aquatic Club announced today that fall registration for the "Jaws" swim team will be Monday, September 24 at 7:30 p.m. in the high school. Information and registration sheets will be distributed through the schools on Monday, September 17. Interested parents who will be unable to attend the September 24 meeting are asked to return completed registration forms with their children to school by Friday, September 21. Fees for the winter season are \$15 for the first child in a family and \$10 for each additional apply for an AAU card at a cost of \$4.

"Jaws" is an age group swimteam for all children up to age 18 who live in the TVSC area. The only skill requirement is that the child

must be able to swim or float on his back for the length of the pool (25 yards). The team will be practicing approximately three nights per week with swim technique, en-durance, and competitive swim spirit emphasized. Swimming competition is structured by age groups. Age groups are 8 and under, 9-10, 11-12, 13-14, and 15 and up.

"Jaws" is coming off an outstanding summer season having gone 6-1. Their only loss was to Rochester by a mere 8 points. There are al-ready several dual meets set up for the winter season and plans are in the works for attending several AAU meets.

Interested persons desiring more information may contact: Patty Paris, 223-5493; Jo Manwaring, 353-7680; or Priscilla Burdge, 893-

New teachers join system

Miss Lynn Helvey, left is the new fifth grade teacher at Mentone School, and Diana Hoyt, is teaching Home Economics for the first time at the school.

Whetstone attends seminar

Kate Whetstone, Mentone Clerk-Rate Whetstone, Mentone Clerk-Treasurer, was one of 19 public officials from northeastern Indiana participating in "Public and Media Relations," a one-day seminar held September 6 in Fort Wayne. Sponsored by the Academy in

the Public Service, the seminar is designed to aid Indiana elected officials in the organization of successful public relations programs on behalf of their units of

Dr. Raymond H. Scheele, Assistant Professor of Political Science at Ball State University and an Academy faculty associate, was the seminar leader. Gene Policinski, Indiana bureau chief for the Gannett News Service, acted as resource person, offering his insights into the media's coverage

of local government.

"Public and Media Relations" is only one of 10 seminars sponsored on an ongoing basis throughout Indiana by the Academy in the Public Service, an affiliate of Georgetown University Graduate

Funded by Lilly Endowment since 1975, the Academy is in its fourth year of providing continu-ing education to the state's public officials. APS is seeking to add to its sources of operating revenues by raising an additional \$100,000 this year from business, labor, agricultural, civic and other organizations, as well as from interested individuals.

Lynn Utter Northrop captures first place

Lynne Utter Northrop and her horse, Mister Delight H, recently distinguished themselves at the 41st Annual Tennessee Walking Horse National Celebration held in Shelbyville, Tennessee.

On August 23, the pair captured first place in the Owner-Amateur Lady Riders on Walking Geldings, Any Age class and repeated their success on August 28 when they won the Owner-Amateur Lady Riders on Walking Mares and Geldings Championships Stake class.

Almost 5000 persons were in attendance at the celebration when the pair won their first class and attendance was over 7000 for the

The Interim Study Committee on the Primary Election Process made up of members of the Indiana House of Representatives, is currently reviewing the primary election system in the state. The committee will hear from repre-

Survey requested

sentatives of both major political parties and from the press and also request as much direct citizen input as possible.

The following questionnaire has been prepared by the committee to aid them in their evaluation. The results of this attempt to let the people express their views will be made public.

The following questions concern the primary election system in Indiana. Please feel free to make additional comments on any of these questions

1. Do you believe more people would vote in Indiana's primary elections if they could register to vote thirty days before the election?

2. a. Do you believe more people would vote in primary elections if they did not have to register to vote?

Yes

No

Do you believe Indiana should eliminate the current system of voter registration and allow people to register as late as election day as they now do in Minnesota and Wisconsin?

Yes

No

3. Do you believe more people would vote in primary elections if they did not have to publicly declare a party preference?

Yes

4. Do you believe more people would vote in primary elections if the primary were in September instead of May?

Yes

No

5. Do you believe more people would vote in primary elections if all electioneering at the polls were eliminated?

No

6. Do you believe more people would vote in primary elections if the election were held on a Saturday instead of a Tuesday?

If you do not vote in primary elections, which of these changes would make the most difference to you?

1 2 3 4 5 6

Address

Mail this questionnaire to: State Representative Richard Bell, Primary Election Questionnaire, Indiana House of Representatives, State House, Indianapolis, IN 46204.

Sound Off

"In reply to Channing Utter's 'Letter to the Editor' in last week's paper, the rumors around town were not that Pike Lumber Co. was going to run a wire harness assembly operation but that Chamberlins were closing down and Pikes was buying the building to expand their local operation. How about a reply to this Channing

It Happened in Mentone

Taken from the September 10, 1952 issue of The Northern Indiana Co-Op News:

Mr. and Mrs. Gerald Romine are the parents of a daughter, Susan Kay, born at six o'clock Tuesday evening at the McDonald Hospital at Warsaw. The new arrival weighed five pounds, seven ounces.

Hay Fever "vacationers" now

home are Mr. and Mrs. Mace Nelson and children and Mrs. Ora McKinley and son, DeWayne, who were in Michigan.

Mr. and Mrs. David Cooper. of Port Austin, Michigan, spent Sun-day in Mentone visiting with rela-

tives.

Corp. Lee Norris flew to Ft.

Laughton, Washington, on Monday for a new assignment, after spending two weeks with his parents, Mr. and Mrs.Sam Norris. He has been with the 1st Armored Division, as Fire Director, at Ft. Hood, Texas

Mrs. Agnes Rans and Mrs. Ger-trude Hill enjoyed a pleasant 3 days' trip to Niagara Falls this last week end. Going by bus from Ft. Wayne via Detroit, they arrived at the falls on Saturday evening and left Monday morning. During the day there they enjoyed a 3hour tour and a ride on the "Maid of the Mist" and an illuminated 2-hour tour in the evening. They bring home a report that Niagara Falls are as inspiring and beautiful as they have ever been.

The high school band is preparing a concert for the Egg Show. There are thirty-nine in band this year. The high school band meets each day at 11:00 for fifty-five minutes of practice

The fire department was called on Wednesday evening to put out a trash fire at the rear of the Orthopedic Equipment Company factory in Mentone. The fire was spreading to a pile of lumber and stoker coal.

Roy Rush and daughter and Mrs. Bert Rush spent the Labor Day weekend in Detroit visiting the Earl Rush family. Mr. Rush attend-ed his regimental reunion while

Family Life

Give your children a valuable lesson to take to school teach them the proper safety precautions for crossing streets and riding bikes, urges the Safe Driving Bureau of Budget Rent a Car Corporation.

Crossing streets at mid-block and between parked vehicles are major causes of school-age pedestrian deaths and injuries, the Bureau reports.

Teach children to stop at the curb and look both ways before crossing the street. Tell them never to cross in the middle of a block or between parked cars.

As parents, remember to set a good example when walking with your children.

Ask your children if they know and follow the bicycle rules of the road: ride single file in the right-hand lane in the same direction as the automobile traffic, obey all traffic signals, signs and laws, signal before making a turn, never weave from lane to lane and don't hitch a ride by holding on to a car or truck.

Finally, the Budget Safe Driving Bureau warns motorists to always stop for a standing school bus and be watchful for children - they can be unpredictable.

Lunch menus

Akron

by Vern Hucks

The Northfield Norsemen managed to salvage a little pride during the final five seconds of last Friday's football game with Tippecanoe Valley but that was just about all. Aside from their last-gasp touchdown to avert a shut-out, their only moral victory lay in the fact that they were penalized 35 yards less than the Vikings. Valley controlled every other area of the game. The Vikings reeled off nine more first downs, 27 more passing yards (in four fewer completions), 260 more yards rushing, and 40 more points than the Norsemen. Valley's awesome ground game pounded out 280 yards averaging 7.4 yards per attempt, while Northfield could only manage 20 net yards in 34 carries for an average of .59 yards per carry. In fact, of the 7 Norsemen who carried the ball, four were stopped for negative yardage.

Tim Alspaugh had another field day rushing for 106 yards, and three touchdowns. Alspaugh also caught one pass that was good for 29 yards and another touchdown. David Rhodes suffered his first interception of the season but was still 5 of 9 with two touchdowns. Rhodes hooked up with David Newlin the second quarter for a 62 yard touchdown bomb, the longest completion of Rhodes career.

Valley's defense was simply overwhelming. Linebacker Greg Utter led the team with 13 tackles and 5 assists. Gary McKee had six tackles and five assists and Gilbert Martens had four tackles and four assists. Utter and McKee each had one tackle behind the line of scrimmage while Martens had two for losses. David Leckrone also had five tackles, three of them coming on special team play. Joe Harter had Valley's only interception of the night and returned it for 48 yards.

Coach Smith was exceptionally proud of Valley's offense for their ability to read Northfield's "junk" defense. Smith said that "our kids were picking up their defenses and adjusting quicker than the coaches.

One negative note from the Northfield game is the loss of Valley wide-receiver and defensive end David Newlin. Newlin sustained a broken hand and will probably miss five games. Jerry Bickel and Steve Wagoner will share Newlin's offensive position while Bickel and Wayne Christenberry will start at defensive end.

Brent Arven is out of the hospital and doing well but there is no word as yet when he may return to action.

Gridders to meet Culver

by Vern Hucks

After embarrasing Northfield 47-7 on the Norsemen's home field last week, the Tippecanoe Valley football Vikings will be traveling to Culver for a Friday night confrontation with Culver High School Cavaliers. The Cavs have a seemingly mediocre record of 1-2 but Valley Haad Coach Charlie Smith says that Culver may be "one of the best 1-2 teams in the state". Culver was defeated last week by perennial Valley foe, LaVille 21-14 but the Lancers needed a late touchdown to pull the game out.
Offensively, the Cavaliers run of an I power set most of the time.

Although Culver's offensive per-sonnel are better suited to a runn-ing game, Coach Doc Heath mainwhen necessary. The key to Culver's offense would have to be 5' 8", 165 lb. running back, Robert Lee Hart. Hart is an electrifying runner with legitimate 10.1 se cond speed in the 100 yard dash. The Vikings remember Hart for his performance against them last year when he broke one for 94 yards and a touchdown. Hart is yards and a tourndown. That is joined in the backfield by Brad Gast (6', 185 lb.), and Doug Farmer (6', 180 lb.), both of whom are quality athletes. Health told the NEWS that many times the Cavaliers give away their play by their formations but he feels that the defense recognizing a play and then stopping it are two different matters. Valley's defense has tradi-tionally been outstanding so a classic confrontation seems inevitable Coach Hart also feels that the Cava-liers have "one of the best tight ends in the state" in 6'4", 200 lb. Jason Young. Young blocks well and has good hands according to Heath.

On the defensive side of the coin, Culver resorts to a six man front line due to their lack of size.

Tim Alspaugh scores Valley's first touchdown against Northfield in the first guzrter. Alspaugh went on to score 4 touchdowns and one 2 point conversion for a total of 26 points for the evening.

The Cavalier defense is led by 6', 185 lb. Matt Master and his little brother, Shawn (6', 180 lb.) The younger Master brother currently leads the team in tackle points. They are joined by 6', 215 lb. John Volz and Jason Young at defensive end. The Culver secondary was a real nightmare for the Valley pass-ing attack in last year's game allowing only one completion in thirteen attempts. The worst part for Viking fans is that the entire Cavalier secondary is back. They have good speed

Valley Head Coach Smith is preparing his defense for Friday's game paring his defense for Friday's game with some degree of caution. Smith feels that Culver's offense may start trying to play games with Val-ley and wants his defense to be rea-dy for any type of trick play. Smith is also aware of the explosiveness of the Cavalier offense and will be attempting to shut it off.

Culver appears to be a tough team with good people at most positions. They are physically strong, fast, and hit hard. Their coach has been reported as saying that Valley should be ranked num-ber one in the state and Valley's coach has said that Culver will be one of the toughest teams that the Vikes will face this year. Friday's game shapes up to be a real test for the Vikings and may serve as an indicator for the remainder of the season.

Deaf Man **Designs Tiny Hearing Aid**

OFFERS FREE MODEL

Mentone/Akron News

A remarkable tiny hearing aid has been perfected by a man who has been hard of bearing for nearly ten years. This small device has no dangling cords or separate transmitting units and is worn completely in your ear.

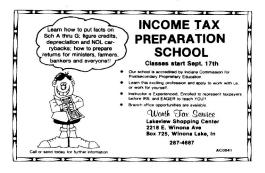

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of one of the smallest all-inthe-ear hearing aid ever made will be given absolutely free to anyone sending in this advertisement while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to Hear, Box 360, Garrett, IN 46738.

PRIME GRAIN FARM

100 acres in northern Perry Township, nice home, lots of out-buildings. \$1700/A.

Young people's choice in this 60 acre farm in Henry Twp., good three bedroom home, \$75,850.

50 ACRES OF POSSIBILITIES

New farrowing, barn. Insulated 4 or 5 bedroom home. Good location in Henry Twp. \$1600/A.

LARRY WELLANS, INC. REALTOR

FOURTEEN ACRES

this lovely home is in the heard of Viking County, Over 2,000 square feet, two bathrooms, 4 or 5 bedrooms, family room, and completely insulated. A large barn and a perfect location for a pond make this the farm that most people can only dream about. An asphalt basketball court will give your family many hours of cost free recreation. Call today, tomorrow it may be sold.

COUNTRY ECONOMY

two peres and a barn will give you plenty of that good country life. Warm yourself beside the fireplace on lovely new carpet. Priced in the low twenties and available on land contract to qualified buyers. Close to town in TV schools.

FORTY ACRES
this could be your chance to start your farming operation with the
lowest possible investment. A beautiful building site and it is already
set up for a mobile home. Land contract terms that you can afford.
Call for more information.

LOW MAINTENANCE

this four bedroom home has more than just a good location. A base-ment, formal dining room, and attached garage are included too. You will get a new furnace, full insulation, and a new roof. All of this for less than \$25,000.

TEN WOODED ACRES

available on land contract, so a low down payment and reasonable terms can make it yours. Privacy at an affordable price. A beautiful location for your new home, open to mobile homes too. TVHS area.

BARGAIN WITH A BASEMENT

this is this weeks best buy because by next week it will be SOLD. The home alone is worth the price and you can get all of the furniture and new appliances free, Natural gas heat, insulated, and aluminum siding. Call today and find out about this new listing.

COUNTRY QUALITY
all you need to do is move in. Quality and size that is hard to find at
this price. Attached garage, 4 bedrooms, basement, over 2,000 sq. ft.,
insulated, aluminum siding, good roof, carpeted, and priced in the
30's. TV schools.

RANCHETTE

his modern three bedroom ranch style country home could be the one you have been looking for. A pole barn with water, electricity, and concrete floor is included. An attached garage helps the value. Priced in the high 30's,

MOBILE HOME

twelve wide Skyline Buddy. One and one half baths, two bedrooms, 1969. Can be purchased with or without furniture. Central air conditioning. \$3,500 with easy payment terms.

*LAKEFRONT LUXURY
at the turn of the century, this Colonial Mansion was, and will be the
showpiace of the area. Plenty of room for the largest of families. A
breathtaking view of the lake from either the patio deck or beside the
fireplace looking through the 8" x 12" picture window. Highlites include a new kitchen, new roof, and aluminum siding. This is the home
for anyone who wants quality and luxury that can't be found in new
construction at any price today.

TRI-RIFFIC

no matter how you spell it, this tri-level is terrific. Located near the lake and a lake lot is included. A formal dining room, a family coom, and three bedrooms are only three of the features for your family. The quality, size, and condition of this home more than justifies the

LAKEFRONT PLUS

this lovely lakefront has aluminum siding, a new well, carport, and a price in the low 20's that is justified by the home alone. Just to make this a real bargain the owners will give you a large pontoon boat and motor, a fishing boat, and redwood furniture. Then they will completely furnish the home for you including all appliances, and a color television. You must see it to believe it.

BRING YOUR FISHIN' POLE

you'll need it because the fish are biting. All appliances and furniture stay in this year round easement home. Immediate possession, Priced in the low twenties. Henry Township, Fulton County.

EASY PAYMENT EASEMENT there is no reason to be crowded here. Three bedrooms, den, living room, falling room with a firepiace. No close neighbors and the lake assement is just a short walk away. \$15,000. That is what I said, \$15,000.

WOODED HOMESITE

over 300 ft. of frontage privacy and quality woods for your new home. Located on a paved road in the country, just a short distance from TVHS. Restrictions against low cost housing will protect the value of what you build.

BUSINESS OPPORTUNITY

this small-town motel does a big-city business. Modern enough to require a minimun of maintenance. An Ideal opportunity for semi-retirement, Llving quarters are included. Enjoy the freedom and satisfaction of being your own boss.

FARMING OPPORTUNITY

here is your chance to have a prosperous future in farming. The land is well balanced for a profitable cattle or hog and grain operation. Several good building sites, some wooded, increase the potential of the farm. Land contract terms to qualified buyers. TV schools.

HOME AND FARM get a good home for your family and enough acreage to make the payments for you. A second rental home is included in the price. A scenic woods and extra road frontage help to make this one a bargain. TV schools.

priced under \$1,000 per acre in tracts up to 80 acres or more. A good location for a new home is included. TV schools.

Combining the AKRON NEWS with the MENTONE NEWS

Thursday, September 20, 1979

NEW TABLES----The Senior Citizens who partake in the nutritional program each noon at the Akron Lions Den, are enjoying the comfort of new chairs and tables that have recently arrived. The Akron Lions along with aid from the state, are in the process of remodeling and improving the facilities at the site.

Valley Board votes to establish "Citizen Input" committee

The Tippecanoe Valley School Corporation Board met on Mon-day, September 17, 1979. The meeting was called to order at 7: 30 p.m. by President Con Shewman. All members with the exception of Lee Norris were present.

Minutes of the previous meeting
on August 30 were approved.

The first item of business was the approval of claims and payroll. Several questions were raised concerning claims but were satisfied by Dr. Harrell's explanations. Claims and payrolls were approved unanimous-

The financial report, presented by Dr. Harrell, showed a combined corrected balance in the Akron and Mentone Banks of \$71,928 44. Adding this figure to the \$950, 000.00 investments total gave a current balance of \$1,021,928.44. Harrell also noted that the books and the bank statements are in ba-

Total enrollment for summer Total enrollment for summer school was 1001. This figure included reading, math, speech and hearing, gymnastics, tennis, baskethall, football, volleyball, music, and swimming. 292 persons were enrolled in swimming classes with a total of 181 passing their assigned section.

Bus inspection was held on September 10. A total of 31 buses were inspected and 18 were rejected. Harrell told the board that there were no real serious problems and that the bus mechanic felt that all would pass when re-inspected in early October. The track at Tippecanoe Valley

has been converted to metric and running lanes for high jump, pole vault, and the like have been resurfaced. After personal inspection, Harrell felt that the job was well

The board then heard a recom mendation to purchase a

classroom computer and equipment for the high school. Dr. Harrell recommended the purchase and guoted a price of "very close to \$6000." The board moved unanimously to authorize purchase

Boy Scouts to collect papers Saturday

The Akron Boy Scouts will be collecting old papers on Saturday, September 29.

Papers only will be collected, no magazines will be accepted.

The Scouts will pick up papers left at the curb, between 1 and 4

Lions Club heading project to remodel nutrition site

The Akron Lions Club is in the process of improving the Akron Nutrition Site, which is their club building. At their regular September meeting, President Howard Van Scoy, helped the club make plans to lower the kitchen ceiling, install a wheel chair ramp, enlarge the restrooms, install panel wainscoating and weatherize the door-ways. The club members will do-nate the labor to install the materials furnished by a grant from the Area V Nutrition Council. Lion Earl Hoffman is the project direc-

tor. New tables and chairs have been purchased by the club and are now in use. It was decided to respond to two urgent letters and help from a club in Alaska and one in Costa Rica. Plans were also an-nounced for the next fund raising

After president Van Scoy read a letter of thanks from the Japanese

Lion foreign student, Atsuko Saka-guchi, a recent guest of Lion Wayne Reese and family, he turned the meeting over to Lion Bob DuBois who was in charge of the program.

The members were given an intro-duction to the coaching staff and five players of the Tippecanoe Valley varsity football team. Head Coach Smith told of the records the team is setting, illustrating his presentation with movies. There were five guests from the Silver Lake Lions Club present

for this meeting.

The next meeting is to be a

carry-in Family Night meeting the second Tuesday of October with the program by the School Art Department.

Still has a winning 102 years smile at

Re-printed with permission of The Carmel News Journal

Carme, Indiana's oldest citizen became one year older Friday, September 12. Born on Sept. 7, 1877, Stanford R. Thompson is 1877, Stanford R. Thompson is now 102 years old and still smiling. A native Hoosier from Ak ron, Ind., Mr. Thompson has lived in Carmel for more than 45 years and has seen the town change dra matically in that time from a quiet, rural farming community to a bustling suburb.

For his birthday, Mr. Thompson had nothing special planned, just visits with friends and his son, George, 61, a Carmel resident. Mr. Thompson said he was looking forward to visiting his daughter, Betty C. Cantwell, 64, in Georgia again this winter. He spends every winter with Mrs. Cantwell in Decatur, Ga.

A widower since his wife, Lenora,

died at 81 about 12 years ago, Mr. Thompson lives alone in his house at the corner of Range Line Road

and Main Street. He owns that house, as well as the building across the street that houses the paint store. The latter was originally a buggy shop and grocery store.

During his lifetime, Mr. Thomp-

son has sold automobiles (one of the first to do so) and been a far-mer, custodian and restaurateur. mer, custodian and restaurateur. His son calls him "a heck of a horse trader." And it the asy to see why. Even at 102, Mr. Thompson has a winning smile that dould charm the pants off a customer.

Mentone Flying Club announces start of airport ground school

Tim Youngstrom and Rex Sullivan demonstrated the correct way to pre-heat an airplane without doing damage to the cowling at the start of the September meet ing. Airplanes should be pre-heat-ed when the temperature is below 20 degrees.

President Crabill announced that ground school will start September 18 at 7:30 p.m. at the airport. This year the school is open free of charge to any and all people who would like this course of study. The only cost being for

My Side by Vern Hucks

Several weeks ago, Bob devoted his column to strange stories concerning animals. While he dealt mostly with harmless, amusing incidents there is a growing amount of evidence that monkeys are rapidly becoming serious about taking over things. Three examples of monkey aggression came to my attention just during the last week. A report coming out of Ethiopia tells of a band of roughly 600 monkeys on a rampage during which they terrorized humans, killed sheep, and destroyed crops. A two day rock throwing battle with farm workers ended the siege and left 353 monkies dead. Authorities speculate that the monkeys were merely imitating guerrilla warfare that has taken place in the vicinity. In India, a marauding mob of babboons caused a classroom roof to cave in, killing fifteen school girls inside and in Albuquerque, New Mexico, a lady was overpowered by "a monkey of unknown origin" when she opened the door to call her dog. The monkey rushed around the living room, drank a can of cleaning fluid (causing it to become loud and uncontrollable), and continued to vent his anger on the unfortunate lady's cookware, china, television set, dishwasher, and a bowl of plastic fruit. The alleged monkey later assaulted a police officer with potatoes and oranges and bit the lady's 13 year old son on the back.

Needless to say, all this information upset me and sent met scurrying for reading material concerning our own species. I found it. This is the honest truth. I swear it. It seems that the Department of Housing and Urban Development agreed to provide \$1,127,222 to a Pennsylvania redevelopment commission but later discovered that the request exceeded departmental limits by one dollar. Rather than accept the one dollar from a project manager, HUD insisted that new contracts be drawn resulting in a three month delay and an additional several thousand dollars to the cost of the project.

Why don't we let the monkeys have a crack at it?

Sound Off

"I don't think it's necessary for people to sit in their cars in front of the Post Office opening and reading all their mail. Why not open it at home and let others use the parking space to go in for their mail?"

EDITORS NOTE: The NEWS recently received this "Back To School" poem from a subscriber who desires to remain anonymous. We think it expresses the feelings of many parents at this time of the year as their children begin school for the first time.

My baby is so little, she's just barely 6 years old; And she's such a little darling, Yes, and worth her weight in gold.

> Oh, I know you think I'm silly, And you think I am a fool; But I tell you I am Ionesome, Since my baby's gone to school.

OUR NEW SILVER DOLLAR

- Key Largo (Fla) Reporter

It Happened in Mentone

Taken from the September 17, 1952 issue of The Northern Indiana Co-Op News:

On last Thursday afternoon, Mrs. Frank Smith and Mrs. Herschel Teel were hostesses at a pink and blue shower honoring Mrs. Orval McFadden, at the Smith home The afternoon was spent socially. The guest of honor received many

lovely gifts.

Sgt. Dale H. Stiffler arrived home
Sunday after being released from
active duty at Camp Carson, Colorado. He was overseas 18 months and had spent 14 months of that time in Korea. Dale was a radio operations sergeant with the 4th Signal Battalion. Before leaving his outfit, near Inje, Korea, he was awarded the Bronze Star for meritorious service, by the battalion commander.

Mr. and Mrs. Leroy C. Wise are the parents of a 7 lb. son born Saturday, September 13, at the Woodlawn Hospital. The new boy has been named James Edward. Mrs. Wise and infant son were brought home Tuesday. "Bud"

Letters to the Editor

Shot in arm DEAR VERN:

Thank you for sending me the wonderful article you wrote about George and Jackie Gust.

I have not seen the kids since June and I miss them terribly so the picture in the paper was really a shot in the arm for me. I appreciate you taking the

time out of your busy day to

ume out of your busy day to mail me your paper. Again, the piece in the paper and the picture was outstanding and thank you very much. Sincerely, Ethel Gust

(George's mother)
P.S. The kids were in New York State last Sunday.

Thank you

DEAR EDITOR:

In conjunction with the Mentone Fire Dept., we would like to thank all Mentone Merchants, fellow firemen and friends who helped us make this year's County Muscular Dystrophy drive a huge success. We hope for an even larger amount to give to "Jerry's Kids" next year.

Also, thanks to our very own special kid, Rita, for all her help. Our County firemen, with your help, collected over \$10,000 this year!

Sincerely Butch & Diane Warren received his discharge from the army on Wednesday of this week. Mr. and Mrs. Wise and son will reside with her parents, Mr. and Mrs. Francis Kehoe, for the present

With a name like Hoogenboom -with Abe as the leadoff - one naturally presumes that there should w new things added to the coaching at Mentone High School this year, but few of the fans ex-pected what they saw Wednesday afternoon. The Mentone boys were playing their rivals from the north.

Atwood, and just when one of the Atwood players went after a hit ball, Abe's dog dashed out and bit him on the leg. Mentone should go quite a ways this year - either ahead of the fans or the foes.

Dr. Dan Urschel returned to his home here Friday from Grand Morris, Minnesota, where he and his family spent their vacation. Mrs. Urschel and children had re turned home for school while Dr. Urschel stayed longer for hay fever

DAR asks citizens to honor Constitution

by Mrs. Bud Paulus, Constitution Week Chairman, Anthony Nigo Chapter DAR

The purpose of the observance of Constitution Week is to recall to the American people the true signi-ficance of the events that occured during the week of September 17-23 in 1787, an error revitalize ap-preciation of our teat heritage which is the Construction.

It is human nature to take an in-heritance for granted; to accept it as a matter of course, to deem it unnecessary to defend that which others have fought for, that it might be ours

The local Anthony Nigo Chapter of the Daughters of the American Revolution urges all citizens to contemplate our heritage and fly the flag of our country during Constitution Week.

WHAT THE CONSTITUTION MEANS TO YOU

It establishes for you a stable and responsible government.

It makes you a citizen of the United States, if native born

It gives you citizenship, if foreign born, on complying with liberal

It allows you a voice in the government through the officials whom you help to elect.

It guarantees you life, liberty and the pursuit of happiness.

It defends your rights even against the government itself.

It makes you equal with all men before the law.

It confirms your religious freedom, and liberty of conscience.

It accords you free, lawful speech.

It guarantees you together with all people the right of peaceable assembly.

It permits you to petition the government to right your wrongs. It guards your property rights.

It probibits the government from taking your property without due process of law.

It lets you hold any office in the gift of the nation for which you are qualified.

It enables you to become a citizen of any state.

It prevents you from being held to answer to a complaint unless you have been lawfully accused.

It insures your right of trial by jury of your fellow men

It grants you the right of babeas corpus, that is, the right to know why you are held a prisoner.

It assures you a speedy trial.

It permits your having counsel for defense.

It prevents your being tried again if once acquitted.

It permits you to have a trial in the state and district in which you may be charged with an offense against the laws.

It lends you the power of government to compel witnesses to appear in your behalf.

It relieves you from compulsion to testify against yourself.

It forbids excessive bail.

It forbids excessive fines or cruel punishment.

It protects you from slavery in any form.

It keeps any state from depriving you of your constitutional rights. It sanctions your bearing arms for the protection of your life and

It secures your home from search except by lawful warrant.

It guarantees you that the legal obligation of contracts shall not be impaired.

It permits you to participate in amendment of the Constitution from time to time.

Valley board met

Continued from page 1

of the unit.

At this time a report was heard concerning progress on a feasibility study to be conducted by Daverman & Associates, the architecture firm hired by the board last month:

An elementary committee made up from staff of the Akron and Men-tone Schools is scheduled to meet on September 20 and a committee drawn from the physical education department is to meet on Septem-ber 27. Daverman and Associates ber 27. Daverman and Associates is desiring input from these groups concerning their needs as regards renovation or new buildings. Dr. Harrell suggested that the board allow him to contact various local clubs and organizations in order to set up a citizen's committee for input. This group will possibly be organized on October 9. The board unammously moved to allow Harrell to do so.

The warranty deed on Lot No. 1 of Tippecanoe Estates was signed.

Mentone principal Jack Fisher reported that the third grade at Men-tone now has 34 children in each classroom but the situation was helped through the use of aids. Af-ter hearing Dan Kramer, Akron principal, report on the status of kindergarten classes at Akron (31 in one class and 32 in the other), the board authorized the hiring of an aid for the classes.

In items not listed on the agenda. Harrell reported that three govern-ment surplus vehicles had been checked on and none were worth fixing. Other vehicles will be check-ed out as they become available. Harrell also gave a brief report on the CBF hearing and the Kosciusko

County Tax Adjustment Board. The board authorized Harrell to appeal a decision of the tax adjustment board which dealt with the CBF tax. Harrell's opinion was that the adjustment board had no authority to make such a ruling.

The board granted permission for Loran Skinner to attend the National Association of Secondary School Principals convention in Miami, Florida. The convention will take place January 11-16.
The board signed a contract for

Diane Spangle, bus driver for the swimming program. A discussion then followed concerning the hiring of Cathy Heller, wife of the current bus mechanic for part-time current bus mechanic for part-time work such as record keeping. Ver-non Meredith said that it appeared to be a "package deal" and that he "would rather see Heller produce before hiring his wife". Don Snipes said that he felt that the record keeping job could not be done any cheaper than what was being offered to Mrs. Heller (\$1000 plus insurance and retirement). A motion was made to hire Mrs. Heller and was accepted unanimously.
At this time, the meeting was

opened for audience participation and Dr. Donald VanGilder request ed the floor. VanGilder raised a question concerning parliamentary procedure. Con Shewman responded to VanGilder and there was no further audience participation. The meeting was adjourned at 8:55 p.

Blood bank date set

The next Fulton County Blood Bank will be Monday, September 24, the Fulton County Red Cross reminded today. It will be at the St. Joseph Parish Hall, 13th and Jefferson Streets, Rochester, from 11 a.m. to 5 p.m. under sponsorship of the Knights of Columbus.
To donate blood, a person needs to be from 17 to 66 years of age, weigh at least 110 pounds and be in normally good health.

New Castle townships quota is six pints, Henry Township is 19 pints, and Liberty Township

Rhonda Yazel wed Jewell

Rhonda Yazel became the bride of John Jewell in double ring rites received Saturday afternoon, August 25th, in the Grace United Church of Christ. The vows were received by the Rev. Thomas

French.
The bride is the daughter of Mr. and Mrs. Harold (Mike) Yazel of Mentone and the parents of the bridegroom are Mr. and Mrs. Lee Jewell of Culver.

Mrs. Robert Rust of Culver, organist, presented wedding music preceding and during the ceremony. Mrs. Thomas Sholly, Culver, served as vocalist.

Teresa Jones, sister of the bride, served as maid of honor and the bridesmaids were Nancy Wagner, Huntington, Susie Kinney, South Whitley, and Terri Kindig, Men-tone. The flowergirl was Rachel

Yazel, cousin of the bride.

George Jewell of Culver served the groom as bestman. Groomsmen were Mike Stultz, Mentone, Larry Haddix, Plymouth, and Bruce Nowakowski, Culver, Joel S. Jewell, nephew of the groom, served as ringbearer. Ushers were Greg Davis and Wayne Bean of Culver.

Sue Dallie, Hobart, registered the guests at the church. Following the wedding the couple greeted 175 guests at a reception in Zion Hall at the church. Assisting at the reception were Mrs. James Alderfer, sister of the groom, Kimberly Alderfer, niece of the groom, Sue Dallie, and Jo-

The bride is a graduate of Men-tone High School, Ball State University and I.U., Ft. Wayne. She Corporation. The groom is a graduate of Culver Community High School. He is owner and operator of J & J Texaco Station, Mentone. The couple are now at home at 805 E. Rochester St., Akron.

Mr. and Mrs. John Jewell

Merry Molly's hold auction meeting

The Merry Molly's met at Beth Holts home with Sandra Simpson

An auction was held with each member purchasing a brown paper bag containing articles of clothing. The highlight of the affair was when each in turn modeled their purchases.

After the meeting was called to order several interesting things were learned about canning and

jelly making.
The garden leader told how to hasten the ripening of tomatoes by clipping the foliage back.
The lesson on home energy was

very informative on different places to look for heat losses and what to do about them. The report also is that before long we will all be back to defrosting as the frost-free refrigerators take too much

energy.
The health and safety leader tipped us on not using colored news paper to start fires with, as they are loaded with lead. This would also be harmful if starting a grill to cook with as the lead would be absorbed in the meat.

The Merry Molly's are all busy selling coupons for the picture taking project. See a Merry Molly for

Bonnie Dee Fuller and Dennis Lee Harshman County Golden Agers to perform at banquet

The Fulton County Golden Agers Symphony will provide entertainment at the Fulton County Historical Society's annual banquet Sept. 24 at 6:30 p.m. in the Civic Center Cafeteria. Life members of FCHS will be honored with special certisored by Herman Pickens.

Other honored guests will be the Menominee Muzzle Loaders, Centennial members, and persons or businesses who contributed great efforts this past year toward his-torical preservation in Fulton

The banquet is a carry-in supper so those attending should bring table service and two covered dishes. Drinks and bread will be provided.

Fuller -Harshman engagement announced

Mr. and Mrs. Marion Fuller, Akron, announce the engagement of their daughter, Bonnie Dee, to Dennis Lee Harshman

He is the son of Donald Harshman, Winamac, and Mrs. Tony Hobbs, Roann. Miss Fuller is a senior at Northfield High School in Wabash and is employed by Burger Chef of Wabash. Harshman is a graduate of North Miami High School and Upper Wabash Career Center. He is employed at Wahash Inc

A Sept. 29 wedding is planned in the Olive Branch Church.

Church changes fall schedule

The Akron United Methodist Church will be moving to a fall season change of time this Sunday. Church School classes will be con-vening at 9:30 with the morning worship service following at 10:

Seward Club heard

Seward Home Extension Club met Wednesday, September 12 in the social room of the Burket Methodist Church. The president led the group in the club creed and the song of the month. Hester Clinger gave the Meditations.

tips on canning

Members gave a canning or jelly making tip as roll call. The secretary and treasurers reports were given and approved. Cards were sent to three members that were unable to attend because of illness.

Marcella Meredith asked for members to help solicit for Cystic Fib-rosis, also she told that the club trip is tentatively set for Oct. 17. President, Ruth Igney, told of

the County Club trip and the fall luncheon. A safety quiz was given by Garnet Latimer for health and safety.

The citizenship report on the 9th president of the United States was given by Anna Williamson. Cultural arts was presented by Hester Clinger and the lesson was given by Eva Eherenman.

A Memorial Service for deceased member, Nova Bruner was given. will be honored with special certi Merdena Bechtol closed with prayer, ficates suitable for framing, spon-

An auction was then conducted by Garnet Latimer.

The October meeting will be in the social room of the Burket Church with Linda Thompson and Iva Geyle as hostesses.

the side lines

by Vern Hucks

Tippecanoe Valley came out against Culver last Friday night and in the early going, convinced no one that they deserved their number two state ranking. The Vikings looked flat both offensively and defensively but still managed to put it together for a 34-0 rout over a pretty fair Cavalier team. The Cavs, as advertised, were a strong, hard-hitting football team but they obviously lack execution and finesse .two areas that the Vikings excell in. Valley may have looked a little flat early in the game but instead of falling apart as many high school teams would have, they regrouped and took total control of the contest.

Culver's star running back, Eddie Lee Hart, was held to only 36 yards in 15 carries and had a Viking defender on him every play. Brad Gast was held to 28 yards as Culver's running game went nowhere. Credit for the demise of Culr's offense has to go to Greg Utter, David Leckrone, Gary McKee, and Gilbert Martens. Utter had five tackles, two assists, caused two fumbles, and recovered one fumble while amassing 24 tackle points. Leckrone, playing his first game at defensive end, and McKee each had 22 points while Martens wound up with twenty.

Utter led the way offensively for the Vikes gaining 169 yards on 13 carries to average an almost unbelievable 13 yards per carry. Tim Alspaugh came through again with 131 yards in 16 carries. Alspaugh waited until the second half to really roll as he had only 21 yards in the first half. David Rhodes completed five of seven passes with one interception for a total of 85 yards. One of Rhodes' completions was a 24 vard scoring toss to Bill Jamison who made an excellent catch and an even better run.

Before I'm taken out and hanged by Viking fans, I'd bet ter clarify my first paragraph statement. When you go to watch a football game featuring the second ranked team in the state, you expect that team to come out poised and polished. In the first few minutes of Friday's game, Valley showed us neither. They showed me a lot more though. They showed me that they are a team that can overcome bad breaks, poor execution, and the loss of several key players and still completely dominate a football game. Its a shame that I don't get to vote for the rankings.

Vikings roll over Culver

Valley Senior David Rhodes intercepts a Culver pass and returns it 33 yards. From his offensive position as quarterback, Rhodes completed 5 of 7 passes for 85 yards.

Homecoming Friday

Every week I think that Valley is finally going to get a good game and every week they go out and roll over their opponent. Well, I hope I'm wrong again but this may be the week for a struggle. For their homecoming, Valley will face a tough, undefeated South-wood team that was ranked 16th in the State Class A polls last week.

Southwood's quality starts at the op with former pro-footballer relix Chambers as their coach. Chambers is a cagey coach who told me that "we're not ready yet but hope to be by Friday."

Offensively, the Knights will pro-

bably operate from a shot T or slot I formation. Southwood has been throwing the ball about 15 times per game and would like to throw more. They depend however on the arm of first year quarterback Glen Butcher who is completing under 50% of his passes. Mark Thompson is the leading rusher for the Knights, averaging just over 5 yards per carry. Thompson is not big (5'9", 170 lbs.) but is reported to be quick and have fair

breakaway speed.
The Knights line up on defense in a five man front with fair size across the line. The defensive squad is led by 6'5', 220 lb. Brian: Thompson. Southwood also has a fine pair of defensive ends in David Ko vid Kroft (6', 170 lbs.) and Jerry Enyart (6', 175 lbs.).

Enyart (6', 17's lbs.).

According to Coach Chambers,
Southwood will have everybody
healthy for the contest. Valley
players took a beating last week at
Culver but all regulars will probably start with the exception of David Newlin and Brent Arven

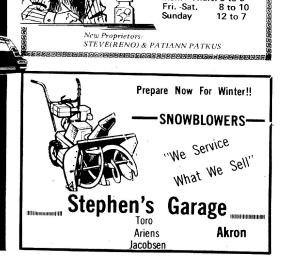

David Newlin and Brent Arven.
Chambers told me that he is expecting "nothing fancy" from the
Vikings, just traps, lead plays,
and passes. Chambers also says
he "knows Charlie's [Smith] style
of coaching" and "will try to be
ready". Valley Coach Charlie Smith
is expecting Southwood to stunt
and slant on defense to try and and slant on defense to try and cause confusion in the Viking blocking assignments. Smith also expects the Knights to be very emotionally up for the contest

since this game can mean not only the conference championship but also a play-off berth. Although Smith feels that this may be the toughest game of the year, he told me, "we will win".

Valley and Southwood have playcommon opponents th year so far and have both beaten

them. Southwood beat Northfield by 1 point while Valley won by 40. Last week the Knights got by Triton 8-3 and Valley beat the Trojans 49-6. While common opponents may while common op-ponents may not mean much, it would appear that Southwood has their work cut out for them. Not only has Valley never lost on their home field, this week is Homecoming for the Vikes and should provide extra incentive Since it is Homecoming, seats will be hard to come by so you had better get there early.

Deaf Man **Designs Tiny Hearing Aid**

OFFERS FREE MODEL

A remarkable tiny hearing aid has been perfected by a man who has been hard of hearing for nearly ten years. This small device has no dangling cords or separate transmitting units and is worn completely in your ear.

It was developed especially for those persons who can hear but can't understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television and radio at his ear. Due to the use of transistors, the user cost is extremely low.

A true life actual size replica of one of the smallest all inthe-ear hearing aid ever made will be given absolutely free to anyone sending in this advertiscment while supply lasts. So we suggest you write for yours now. No obligation whatsoever. Write to Hear, Box 360, Garrett, IN 46738.

The greatest temperature range on earth was from -76°F to +113°F -a 189° spread -in Siberia.

WCTU convention to begin next week

The Women's Christian Temperance Union (W.C.T.U.) of Indiana will have their 105th annual state convention, Tuesday, September 25 through Thursday noon, Sept. 27, in Marion in the College leyan Church, corner Shelby and 41st Streets.

Mrs. James Shelley of New Castle marking the end of her first year as State President, will preside throughout the convention. The theme for the convention will be "Channels Open for WCTU Ser-

the annals of Indiana WCTU history 1979 will be observed in con vention: the 100th anniversary of the election of Frances Willard as the election of Frances Willard as National President of the WCTU, in Indianapolis, in October, 1879; and the 50th anniversary of the placing of the Frances Willard placque in the State House in India-napolis in September, 1929, which honored the 50th anniversary of

Registration will open the convention at 12:30 on Tuesday, the 25th, followed by the Pre-Convention School from 2 to 3.

Convention proper will open at 7: 30 p.m. Tuesday with observance of "Youth Night" with the Rev. or Youth Night with the Rev.
John K. Heavilin, an administrative associate in Institutional Advancement at Marion College as
guest speaker. Annual awards will
be made to YTC groups from over the state. The Youth Bellringe Choir of the host church will provide special music.

Wednesday's program will open at 8:15 with Morning Watch fol-lowed by the Remembrance Service when the memorial candle will be lighted to burn throughout the convention. At 11 a.m. Prof. Laura S. Emerson of Marion, Professor of Speech, Emeritus, Marion College, and a member of the WCTU in Marion, will speak on the subject "To Serve The Present Age." At 1 p.m. will be the White Ribbon Recruit

Service, a dedication for small children. In the afternoon, also, will be a Women's Speech Medal contest. At 6 p.m. will be the an-

nual Convention Dinner.
Wednesday evening at 7:30 will mark the observance of "President's Night" when the state president, Mrs. James Shelley, will give her first annual address on the subject, "Distorted Values." A reception will follow, given by the state of-

ficers, honoring Mrs. Shelley's

first year as State President.
Thursday morning will be election of state officers, directors and executive Secretaries for the coming year. Convention committees re-ports will be heard and convention will adjourn Thursday noon.

Members of Akron WCTU will be attending state convention as well as others from Fulton County.

COUNTRY ECONOMY

two acres and a barn will give you plenty of that good country life, Warm yourself beside the fireplace on lovely new carpet, Priced in the low twenties and available on land contract to qualified buyers. Close to town in TV schools.

FORTY ACRES this could be your chance to start your farming operation with the lowest possible investment. A beautiful building site and it is already set up for a mobile home. Land contract terms that you can afford. Call for more information.

LOW MAINTENANCE

this four bedroom home has more than just a good location. A basement, formal dining room, and attached garage are included too. You will get a new furnace, full insulation, and a new roof. All of this for less than \$25,000.

TEN WOODED ACRES

available on land contract, so a low down payment and reasonable terms can make it yours. Privacy at an affordable price. A beautiful location for your new home, open to mobile homes too. TVHS area.

BARGAIN WITH A BASEMENT

this is this weeks best buy because by next week it will be SOLD. The home alone is worth the price and you can get all of the furniture and new appliances free. Natural gas heat, insulated, and aluminum siding. Call today and find out about this new listing.

COUNTRY QUALITY

all you need to do is move in. Quality and size that is hard to find at this price. Attached garage, 4 bedrooms, basement, over 2,000 sq. ft., insulated, aluminum siding, good roof, carpeted, and priced in the 30's. TV schools.

this modern three bedroom ranch style country home could be the one you have been looking for. A pole barn with water, electricity, and concrete floor is included. An attached garage helps the value. Priced in the high 30's.

twelve wide Skyline Buddy. One and one half baths, two bedrooms, 1969. Can be purchased with or without furniture. Central air conditioning. \$3,500 with easy payment terms.

LAKEFRONT LUXURY
at the turn of the century, this Colonial Mansion was, and will be the showplace of the area. Plenty of room for the largest of families. A breathtaking view of the lake from either the patio deck or beside the fireplace looking through the 8' x 12' picture window. Highlites include a new kitchen, new roof, and aluminum siding. This is the home for anyone who wants quality and iuxury that can't be found in new construction at any price today.

no matter how you spell it, this tri-level is terrific. Located near the lake and a lake lot is included. A formal dining room, a family room, and three bedrooms are only three of the features for your family. The quality, size, and condition of this home more than justifies the price.

LAKEFRONT PLUS

Into love I pactors. The saluminum siding a new well, caroort, and a price in the low 20st that is justified by the nome alone. DAR questions worth of pseudo-historical books

by the Anthony Nigo Chapter Daughters of the American Revos

Miss Annabel Mentzer, Regent of Anthony Nigo Chapter, DAR, Mentone, conducted the first meeting of the 1979-1980 year in the home of Mrs. Charles Tucker, on September 11.

Mrs. Glenn Cluass read the President General's message in which she emphasized the immediate need for financial support of two schools owned and operated by the DAR ... Kate Duncan Smith DAR School, located near Grant Ala. and Tamassee DAR Sc hool, located at Tamassee, So. Carolina. Both schools are for under-privileged children. The majority are from the mountain areas and have been in the same school since first grade, a large number remain through graduation from high school. The students benefit from close association with their peers, from the excellent cultural, educational and character building programs as well as from the work program. The local Chapter voted to give \$50.00 toward the express-

ss Mentzer reminded members of the coming 79th State Conference of DAR to be held at the Atkinson Hotel, Indianapolis, October 1, 2 & 3,

Mrs. Bud Paulus, Rochester, Chapter Chairman of Constitution Week, related that WROI Radio Station, Rochester, is using spot announcements pertinent to Constitution Week being celebrated nationwide, September 17-23. Also special articles have been given to the news media, locally. She urged all citizens to fly the flag of our country each day during this special week.

Mrs. Frank Smith outlined the

places of historical interest to be places of historical interest to be on the Kosciusko County Historical Tour, Sunday, October 7. She said that the Eli Lilly estate on Lake Wawsaee, will be one of the high lights of this years tour.

Mrs. Lena Igo, Chapter National Defense Chairman, gave a report from the National Society, on the America's questionable stake in the second state of the second secon

America's questionable stake, in the Salt II Treaty. Salt I had many defects that were never remedied and the Soviets exploited every possible loophole and poorly drafted provision to progress in strength while we have appeared weak with indecision. Mrs. Igo told members that it was the opinion of the National Society, from careful study, that Salt II should be defeated.

Mrs. Jeff Bormet gave a most in-formative program on "Pollute Not Thine Ancient Landmark", dealing mainly with two aspects of pollution...the actual pollution we can see around us, and the pollution of the mind, which is probably the most insidious. She said that major sources of water pollution are municipal waste water, agri-cultural runoff (the washing of pesticides), slaughterhouses, poultry processing and dairy companies Industrial wastes into lakes and streams present a large problem also. Major sources of air pollution are wood product industries (including charcoal plants), asphalt plants, automobiles and open burn

ing. Mrs. Bormet said we must all do what we can, personally, to see that we are not contributing to the problem. In connection with pollution of the mind, Mrs. Bormet said we must all do what we can personally, to see that we are not contributing to the problem. In connection with pollution of the mind, Mrs. Bormet said that Historical fiction writers are very ac-tive in this field. They want to

write books that will sell, and the best way to do that is to write something sensational.

something sensational.

For instance, there is Gore Vidal's "Burr" which is a story about Aaron Burr. The scene is laid in the 1830's when Burr was an old man, with flashbacks in his past. All through the book Vidal casts He makes George Washington out to be a bumbling man who couldn't lead and couldn't win a battle, and won the war only because the British were worse. This is just one example, Mrs. Bormet said that Alan King, on one of his TV shows, aid that the greatest waste in this country is wasted brainpower. brings us to another point, the low-ered school standards in far too many areas.

She said another thing has entered into the picture which deserves consideration...lack of discipline in schools. If you want to see just how much education has slipped in the recent past, read from the second, third or fourth grade Mc-Guffey Reader and compare it to present reading levels in junior and senior high. She said that there is yet hope that both of these areas

of pollution can be greatly improved upon and that we must be ever vigilant to what we can do person-

The October 9th meeting will be in the home of Mrs. Bud Paulus, Rochester.

The Fulton County Development Council will have its Outreach Worker in Akron at the Town Office/Trustee Office, every Thurs-day from 10 a.m. till 12 noon, on a regular basis again starting Tues-

day, September 11.

Besides assisting low income individuals with the Development Council programs she can also try to assist you with nearly any other type of problem which you might have by referring you to other helpful agencies.

Apple Butter Autumn is: Apple Buffer bright colors

by Eula Romayne Smith

Grandmother made apple butter outside over an open fire in a big copper kettle which held fifteen twenty gallons. Using an apple or twenty gallons. Using an apple peeler, she and her neighbors pro essed three or four bushels of fall

eessed three or tour ousness of fair apples.
Grandmother knew just how much sugar and cider to add to the sliced apples. She added oil of cinnamon to the bubbling mixture, stirred and tasted. Sometimes she

stirred and tasted. Sometimes she added red hots. Stirring was so important that Grandmother took her paddle and copper kettle with her when she went to her son's house to make apple butter. The long handled wooden paddle had three holes in the wide end. The clean corn husks that she knotted into the holes

helped prevent scorching.
Grandmother stored the finished apple butter in earthen jars, and covered it with a white cloth held in place with string tied around the

Another grandmother made apple butter on a smaller scale in her kitchen. She cored and cooked the apples and rubbed them through a colander. After the long cooking with sugar and spice was complet-ed, she canned the butter.

ed, she canned the butter.

After her good cans were filled,
Grandmother used the ones designed for sealing wax. She fitted a
flared metal lid into the groove
around the top of these cans and
poured the melted brick-red sealing wax into the groove.

Some people made peach butter in a similar manner, and pear pre-serves by slowly cooking pieces of pear in syrup until they were plump and tender. Another woman grew vellow tomatoes and made them into a jam or spread.

It was Grandfather's job to cut

and load the cane, and to haul it to the mill to get the winter supply of sorghum molasses. One such mill

in this area was at Aubeenaubee. Cider making was another job, and someone had to carry cider upstairs to an out of the way place where it would change to vinegar. Cool days were the best time to start a barrel of dill pickles or start a barrel of diff pickles or sauer kraut. Here is one recipe for kraut. Use 20 lbs. cabbage and 1/2 lb. salt or less. Mash or stomp until juice rises. Cover with a cloth and a place weighted with a stone.

For dill pickles Grandmother al-ternated layers of whole cucumbers and dill with grape leaves, and covered this with brine. (I haven't tried the kraut recipe, and my at-tempts to make dill pickles with brine "to float an egg" were not successful.)

One grandfatter enjoyed sweet spicy pickles, so he did the splitting, soaking, cooking, etc. necessary to make 13-day pickles.

We recall stuffed peppers in wide mouth cans, half gallon cans of last of the garden relish, and watermelon preserves, but what will fu-ture generations remember? The fragrance of our homemade catsup, perhaps, and apple butter made in a crock pot.

----an autumntime favorite. Chamber of Commerce donates to local Mentone projects

The Mentone Chamber of Commerce Board of Directors met at 7:30 p.m. Tuesday, September 18, at the Farmers State Bank, with the following present: Dr. David Cook, president; Paul Haist, Jim Miller, Guy Alspaugh, and Gerry Clark

Co-chairman, Ron & Dixie Secrist. gave a report on the fair stand. The gross intake \$6,465.05, expesses \$4,720.63, showing a profit of \$1.744.42.

\$1,500.00 to be dispersed six The Kosciusko County Fair Stand
The ways. Jim Miller seconded and the motion was carried. Receiving the money will be Bell Memorial Library, \$300; Bell Mu-seum, \$300; EMS, \$300; Mentone Youth League, \$300; Milbern School, \$100; and Mentone Jr. Hi Athletic Fund, \$200. The balance of \$244.42 will re-

main in the Operating Fund of the fair stand.

The Board of Directors wish to

extend their thanks for the cooperation of all the many people and from the Service Organizations who so willing helped. Also special thanks to Ron and Dixie Secrist for their untiring work under

trying weather (rain) to make it

FROM ROCHESTER

WHAT IS A

GIPHORE?

First, it's the phone company . . . it's General Telephone!

The GTE Phone Mart is a comparatively new idea . . . available to serve you with the most up-to-date communications equipment and service.

Most Marts are conveniently located in shopping areas with adequate parking. Some have extended hours; we're usually open when you want us to be.

What services can you enjoy at a GTE Phone Mart? Visit your nearest Mart to:

Order new telephone service.

Transfer telephone service from one address to another.

Remove telephones or change service.

Add telephones, or just exchange your telephones for different styles or colors.

Repair telephones (if we have predetermined the problem is with the telephones themselves).

Pay your telephone bill.

In fact, almost any reason you might have to call or visit General Telephone can be a reason to visit a GTE Phone Mart. One of the best reasons...you can save a "trip" charge which means money in your pocket.

It's the place where you can color match (or contrast) with your decorating theme all the beautiful phones you've been hearing about.

And, because most of our phones are leased for a low monthly rate, they remain our property and our responsibility; we service what you lease.*

GTE Phone Mart is General Telephone ... for YOU!

New phone directories available soon

General Telephone Company of Indiana has announced that 1979 telephone directories will be distributed beginning this week. This year there will be two directories for the Akron-Mentone area rather than one. Mentone will be listed in the Bourbon directory along with Bourbon, Atwood, Burket. Millwood and Tippecanoe. Akron will still be listed in the No. Manchester directory with No. Man-chester, Bippus, Claypool, Fulton, Macy, Sidney and Silver Lake.

Residential customers with one or two telephones will receive one directory while those with three or four will receive two. According to tests conducted by General Telephone, most people do not use ex-tra directories that are delivered to them. Customers who feel they need additional directories may call their business office and additional directories will be provided at no charge. By use of their allocation program, General Telephone extimates that they will be able to reduce paper product usage by 18%.

United Way begins drive

The Women's Fellowship of the Akron Church of the Brethren met in the home of the Rev. and Mrs. Harold Miller for the September

Opposes fluoridation

DEAR EDITOR:

Our town board here in Akron is considering the advisability of add-ing fluoride to our town water supply to help reduce tooth decay. The American Dental Association accurately claims that with fluoriacturately claims that with fluori-dation the incidence of tooth de-cay is definitely reduced. It is to their credit that they are willing to promote programs that will reduce the need for their services.

But the question of whether or not to fluoridate our drinking water is not that simple. Are we willing to live with the increased risk of cancer experienced in cities with fluoridated drinking water? With my near death from cancer in 1971 our family must call attention to such a possibility.

This is not a "scare" letter. From statistics gathered annually by the National Center for Health Statistics and from those gathered by the Census Bureau a Dr. Dean Burke, recently retired head of the Cytochemistry Department of the National Cancer Institute, has found that by comparing twenty of this nation's largest cities for the years before half of them fluoridated with the fifteen years since that whereas before their cancer rates were similar that now cancer incidence for those with fluoride are eighteen percent more than the other ten. So I do not want to have to drink such water, or have to buy water.

We Akron residents will decide whether or not this cancer causing chemical will be added - either by speaking up or by failing to speak to Ronald Fenimore, Charles Mil-ler, D.D.S., and Vernon Waymire.

The Seventh-Day Adventists children in Boston have 20% less cavities than the neighboring children, due to their superi diet. So fluoridation is not the only way.

-Respectfully. Hugh Wildermuth

Editor's Note: According to Ernie Smith, town clerk, no definite action has been taken as regards to fluoridation. The State Board of Health, Department of Denistry has been pushing the project for several years but funding on the local level has prevented it. The situation at present is pending on the availability of funds from the state. Smith stressed that no decisions have been reached concerning fluoridation regardless of the funding.

Citizen input wanted

DEAR EDITOR:

DEAR EDITUR:
The Tippecanoe Valley Board of
School Trustees is proposing a
building project for the Tippecanoe
Valley Schools. They are investigating modern, efficient, up-todate facilities to house the present and anticipated future educational

This investigation of facilities encompasses all of the recommenda-tions of Drs. Merle Strom and Norbert Nelson, educational consultants, from Ball State and Purdue Universities respectively.

The Board has hired Daverman Associates, Inc., out of Grand Ra-pids, Michigan as Architects and Engineers. The Board has hired Engineers. The Board has hired Daverman's, as their first assign-ment, to conduct a feasibility study. The feasibility study when completed should provide the in-formation necessary so that the Tippecanoe Valley community

and taxpayers can decide the level of quality, extent of and ability to finance a building and renovation project. There will be many alternatives to choose from, running from doing nothing to a very comprehensive and extensive building program with many and varied in between choices. This study also ought to help us answer the following questions: Why should we consider building a middle school? Why should we consider an admin-istration building? Where should it be placed? What other functions could it serve? Why do we need an auxiliary gym at the high school? Why do we need to remo-del and renovate Akron and Mentone Schools? How much of the proposed building project can the taxpayers of Tippecanoe Valley afford? How willing are the tax-payers to support a modern, efficient, up-to-date building program? Many other questions will be an-swered by the feasibility study. The Board of School Trustees

elected by the patrons and taxpayers are fulfilling their responsibility of representing you, providing the leadership in operating and running a school system and gathering vital information upon which to make wise decisions regarding our build-

I helieve, and I believe that the Board feels the same way, that the majority of the taxpayers will make the final decision on what is included in the building program and how extensive the building program will be. In brief then, the bottom line is that the community will make the final decision as to how much is done toward building and the quality of those facilities provided. This will be done as the people in the community com-municate with the school board.

A formalized communication system then needs to be set up. That is the purpose of this letter. To invite you and your organization to be represented on a community-wide advisory committee to talk with people, taxpayers and patrons and also the Board of

School Trustees.
Committee members will have to commit themselves to time and effort in attending informational and discussion meetings. No doubt there will be people who have no interest or are not willing to make the com-mitment of time and effort. The community will get just what they are willing to work for and what they believe we need.

The Board's intent is to provide the information, opportunities for each and everyone who is interested to express their views, and to represent the majority of the taxpayers as they make their decisions.

Please reserve October 9, 1979, at 7:30 P.M. at the high school as a date for the organization of a com-munity-wide building advisory committee. Please designate one, two or three people who will represent your club or organization.
We don't want to exclude anyone who has an interest and the willingness to spend time and effort on this committee, so we will invite any and all from the community who are interested and try to get a cross section of our community to serve on this committee.

The school will also develop a staff advisory committee. They will provide input to the board on the

Yours very truly, Tippecanoe Valley School Corporation
Lloyd W. Harrell, Superintendent

educational needs as they see them.

misses the people

Walter "Beany" Waechter says it's the people he misses most not the work.

Waechter, now retired, is known to most residents of Akron for one thing - his barbering. For 50 years he was a town barber, operating from what is now the Fashionette Beauty Salon on St. Rd. 19. When he retired in 1971, he ended what could be thought of as a tradition to most of his customers, who would come from all over the area to patronize his store, not only for a haircut, but for good talk and

company.
Today, "Beany," as his friends call him, age 75, leads a quieter lifestyle. His days are spent golfing or gardening, and you're more than likely to see him scooting by on his moped bike -- his newest form of transportation. But he seems happy to reminisce about the "good old days."

"I miss the people -- but not ne-cessarily the work," Waechter said from his living room easy chair.
"The thing I liked most about (being a barber) was that I was in business for myself and didn't have to work for anybody else."

And, when asked to compare his

early days of barbering with those spent just before his retirement, he described a Norman Rockwell-like

scene of small-town Americana.
"When I started, barber shops
were altogether different than they are now. We always had a lot of loafers back then - friends who would come in and chat. We'd solve a lot of problems, too the way from farming to politics.

"And we used to do a lot of shaving - something they don't do much of today, I don't think. I mean, I remember each customer had his own shaving mug.

Waechter, who has lived in Akron all his life, learned his trade from his father, who established the business in 1904.

"I remember when I first started, most generally, I'd cut the hair and have my dad finish the job. Back then we were open every night until 8 and Saturdays until 11. But when I finally did quit, my hours usually were from 8 to 6," he said.

Planning A Wedding?

Our Wedding Planner is an informative 24 page booklet that will help you plan your wedding correctly and efficiently. The perfect wedding like all those beautiful weddings before, and those that will follow, doesn't just happen! It has a secret GOOD ingredient PLANNING! Our Wedding Planner will simplify your job. Ask for your FREE Copy now.

THE LOCAL PRINTER 904 EAST WALNUT STREET AKRON Phone 219-893-4758

"The least I ever charged for a haircut was 25 cents and the most was \$1.50. When I started, I was charging 40 cents for a cut, then the depression hit and it went down to 25 cents. When I retired, the price was \$1.50 - which is still

pretty cheap."
Waechter, who believes shaping hair is every bit as important as cutting, thinks it is easier to cut

women's hair than men's. 'Funny as it sounds, back in the 1930s we cut more women's ha than men. Actually, I think it's easier - you don't have that fine edge to work with. It's mostly shaping."
As for the future of his profes-

sion, he's not very optimistic:
"Barbering never will be like it

was, I don't think. People don't wear their hair like they used to. I swear, some men I see around here, I don't think they've had a haircut since I quit!"

Still a "man about town". Beany now gets around on a Moped

Join TOPS Now!!

Did you know there is a TOPS (Take Off Pounds Sensibly) Club that has been in existence right here in Mentone for nearly nine years?

It as a non-profit organization. It was created to help people lose weight, NOT their money! Yearly dues are \$9.00 which includes a monthly magazine. Weekly dues are only 25¢ with lots of diet tips, incentive contests, etc. Of course, there is the weekly weigh-in! It is done in complete privacy with only the weight recorder present.

Recently, 2 new TOPS Clubs have branched out from the

Mentone TOPS Club. One meets in Talma, the other meets in Tippecanoe.

So we are hoping to build up our Mentone TOPS Club with new members. YOU ARE WELCOME! Meetings are every Monday night in the Mentone School Cafeteria. Come anytime between 6:00 and 6:30. Meetings end at approximately 7:15, SEE YOU "LIGHTER"! For more information

Family Life

by Renee Norlander

If your tiny infant smiles at you and people tell you it's gas, they're probably wrong. Babies are amazingly tuned in to human beings from the minute they are born.

Here is what some of the latest studies have discovered: *When she's 10 minutes old, she can tell the difference between a picture of a real face (like yours) and a pictureface with the features scrambled. *When she's 12 hours to 2 days old, she tunes in to talk directed at her more than to miscellaneous voice sounds. *When she is 4 days old, she can see the baby-equivalent of an eye chart as well as 25 percent of adults, maybe better. (But her field of vision is narrower and she can't adjust her focus.) *When she's a month old, she responds to music. Researchers think the rhythm reminds her of her mother's heartbeat. *When she's 6 weeks old, she has a better than even chance of recognizing her mother's smell. *She can also distinguish her mother's face and voice from an artificial combination of a stranger's face plus her mother's voice. She will cry more when anybody in the house is tense. *When she's 2 months old, she can distinguish between colors. *Also by that time she has one manner for mother, another for father and a third for strangers.

Sorority met recently

The first meeting to start off another year for Beta Epsilon Chap-ter of Psi Iota Xi was held recently in the home of Marsha Scott with Louise Long as co-hostess. Seven teen members answered roll call.

Peg Eaton and Jo Nelson gave a ort on the Psi Ote convention held in June in Michigan

Committees appointed for the next year are: Jeanette Mollenhour. Eva Belle Smith. Cheer:

Phyllis Risner, Cheeseballs, Pau-line Riner, Candy, Iris Dickerhoff, Geraniums, Ways & Means, Mary Utter, Eva Belle Smith, Grieve-nance, Jo Nelson, Fran Hudson, Diana Hoyt, Nominating Comm.; Judy Lafferty, Martha Shireman,

Scholarship.
The next business meeting will be Oct. 2 with Iris Anderson as hostess and Sandy Leckrone as co-hostess.

Smalley weds Horn

Tammy Smalley, daughter of Mr. and Mrs. Gerald Smalley, and Tim and Mrs. Gerald Smalley, and Tim Horn, son of Mrs. Basil Horn and the late Basil Horn were married Sunday, August 12. The couple had an outside wedding at Grand Lake St. Marys in St. Marys, Ohio. The maid of honor was Cara Smalley, sister of the bride and bestman was Don Martin of St. Marys. Flower girl was Melissa

Martin.

Servers were Deb Smalley Linda Drudge, Linda Tucker and Roberta

Meredith - Gruenewald vows exchanged

Diana Kay Meredith, daughter of Mr. and Mrs. James K. Meredith, R. 1, Mentone, became the bride of Warren Dean Gruenewald, son

of Velma Gruenewald, R. 5, Warsaw, and Freeman Gruenewald, Mentone, on September 1. The ceremony took place at the Men

Mr. and Mrs. Warren Gruenewald

tone United Methodist Church. The Rev. Donald Poyser, pastor of the Burket United Methodist Church, officiated at the double ring ceremony.

nng ceremony.

Music was provided by the organist, Marie Coleman, pianist, Cindy
Law, Mentone, and the soloist,
John Hill, Ball State, Muncie.

Given in marriage by her father, the bride was attended by Patricia Baker, Mentone, as maid of honor. Tom Baker, Mentone, attended as best man. Flowergirl was Rickell Doud, Akron, and ring bearer was Klise Savage, Rochester, cousin of the bride.

Bridesmaids were Lisa Savage and Meredith Sue Savage of Rochester, cousins of the bride.

cousins of the bride.

Attending as groomsmen were
Gary Adams, Mentone and Gary
Meredith, Central City, Colorado,
brother of the bride. Ushers were
Lowell Gruenewald, Warsaw, and
Dennis Gruenewald, St. Paul, Minnesota, brothers of the groom

A reception in the church social room followed the ceremony. Hostesses for the reception were Theresa Alber, Claypool, Jody Wise, Akron, and Eleanor Hoover,

Gift handlers were Debra McFadden, Warsaw, and Sherri Miller, Akron. Registering the guests was Beth Baker, Mentone. The new Mrs. Gruenewald gradu-

The new Mrs. Gruenewald graduated from Tippecanoe Valley
High School in 1977 and also graduated from Wright Beauty College, Logansport, and is part-owner
of the Clip-Joint in Rochester. Her
husband is a 1973 graduate of Mentone High School and is employed
vs. Smalley. Trucking Company by Smalley Trucking Company and also engaged in farming. Following a wedding trip to Las

Vegas, the couple is at home on

Silver Lake couple "belled"

Harvey Anglin, R. 1, Silver Lake, and Helen Lemler, Warsaw, were married on August 11 at the Center Methodist Church, located on SR 15 north of Silver Lake. The

Rev. Ray Armstrong officiated. Last Friday night, approximately 100 persons met at the Steer Inn, and organized an "old fashioned belling" for the couple.

Near midnight the caravan traveled to the Anglin home where Mrs. Anglin was loaded into a wheelbarrow and was transported the one and one-half miles into Silver Lake. Her husband walked beside the wheelbarrow and took over the pushing job at the edge of Sil-

Plans had been made for the Rev. Aaron Stanley, Silver Lake, to repeat the marriage vows to the couple for the benefit of the "bellers The event took place at the inter-section of SR 114 and SR 15 in

front of the Lake City Bank.

Anglin served as a county commissioner from 1967 to 1971. Helen Lemler was a former employe for a number of years at Murphy

Medical Center, Warsaw.

The couple are residing at the
Anglin farm west of Silver Lake

School News

NEWS FROM AND ABOUT OUR SCHOOLS

Open Letter to Tippecanoe Valley School District Patrons

With school being in it's fifth week, the 1979-80 school year appears to be off to a fine start. While the onset of a new school year can cause adjustment problems, particulary for younger children, most of the students are now accustomed to their respective "daily routines". It is truly an exciting time of the year and one in which much enthusiasm

Every effort will be made to make the 1979-80 school year both profitable and sucessful. All residents within our school boundries are invited and encouraged to visit school when it is convenient to do so. Further, if there are ever any questions, please feel free to call or stop by the school. Faculty members and myself will try to be available at your convenience to address concerns, help find solutions to problems which may exist, or to provide whatever answers we can to your questions.

-----Dan Kramer, Akron Principal

Akron First Grade

Mrs. Waunita Bunnell, Mrs. Alona Leininger, Mrs. Rhonda Jewell

The Akron first grade students are busy with the letter-sound associations, numbers, and concepts. The most exciting part of first grade de is getting our first pre-primer. Very soon all students will experience this excitement.

All of us enjoyed the Hummel Puppet Show, "Robinhood", last week which was shown to all the elementary students last week. We began our weekly trips to the library to get books for us to read or to have our pictures taken.

Akron Second Grade

Ms. Betty Martens

Ms. Martens' class made alphapet cards to use in language, spelling, & phonics. Each person got his or her

spelling words correct this week. The students in the reading group "Honeycombs" finished their books and will begin "Cloverleaf" next week. They sent in their first book order and are anxious to receive them.

Akron Second Grade Ms. Sally Messer

Ms. Messers' class members are studying Science and Social Studies. too, are waiting for their first book

Akron Second Grade

Mrs. Barbara Ward

orders to arrive

Mrs. Ward's students have been really busy this year. They have a Spell-

ing Frain for perfect spelling papers Each week the train has been full. They are also working on telling time and how to use money. They've been studying about vowels and the different sounds each make, Each Monday they enjoy going to the library.

A new addition is happening in the halls. A work seems to get bigger and bigger every time a second grade student reads a book.

Akron Third Grade

Mrs. Barbara Ihnen's

Mrs. Ihnens' third grade has been very busy this month. Students(working in pairs) have been presenting plays to the class. The students presenting plays during September include: Sondra Johnson, Kim McCuan, Tracy Marshall, Scott Reed, Dale Johnson, Laurie Bowyer, Kim Huffman, Jeff Hutchinson, Jerrod Feldman, Melissa Grubbs, Diane Lester, Ashley Conner, Troy Sterk, Karl Van Devend Scotcheroo. der., Shawn Spence, Billy Yates, Scott Smith, and Robbie Jones

Akron Third Grade

Mrs. Phyllis Gearhart, Mrs. Linda Stude-baker

Once again we are in full swing. In our third grade classes we are involved with a variety of activities. In all our classes, we have been reviewing some of our basic concepts from sec-They are learning about weather and ond grade and at the same time, learnclimate and where people live. They are also reviewing addition and subtraction facts from first grade. They, and making collections. Our new series in social studies is taking us around the world to many interesting places. To enhance our adventures, the audio visual department is supplying us with films and filmstrips.

by Vern Hucks

Tippecanoe Valley took on a pretty fair football team in Southwood last Friday night and came away winning convincingly. Southwood managed to score twice against the Vikings, the first time that's been done this year, but you gotta remember that they were ranked ninth in the state before the game. Southwood's big gun in the offensive back field, Mark Thompson, came into the game averaging 5.3 yards per carry and ended his night's work having carried 14 times for only 21 yards. The Viking offense was led one more time by the incredibly durable Tim Alspaugh. Als paugh carried the ball 37 times for 209 yards. In the process, Tim scored 4 touchdowns and one 2-point conversion to bring his season total to 106 points. The most points scored in a season by any Viking player is 170 set by Derek Anglin in 1976 and with only half of the regular season elapsed, Alspaugh appears to be closing in an another record. Bill Jamison led the Viking defense with 7 tackles, 3 assists, 1 caused fumble, and one deflected pass. Gary McKee had 6 tackles and 5 assists while 9 other Valley defenders chipped in 10 or more tackle points. Alspaugh didn't limit himself to offense as he recovered two Southwood fumbles and caused another. Head Coach Charlie Smith told me that in his opinion, the Viking's were "fair" against Southwood. Coulda fooled me.

Valley quarterback David Rhodes is probably one of the most polished high school quarterbacks in Northern Indiana, a fact that is frequently overshadowed by the awesome Viking ground game. What is even more overshadowed is the fact that Rhodes is an outstanding defensive player with a nose for the football. With his interception against Southwood, Rhodes moved into a tie with former-Viking Allen Utter for the lead in the all-time Valley Ballhawk category. Ballhawk is the term used to describe the team leader in a combination of interceptions and fumble recoveries. Rhodes now has a career combined total of 12 interceptions and fumble recoveries.

Good News and Bad News Dept. Brent Arven may possibly play against Whitko this week but Gilbert Martens is lost for several games due to a partial shoulder separation.

Akron drops Mentone

THE AKRON FLYERS ended six years of Mentone domination in the junior high football ranks by ripping the Bulldogs in the annual clash last Wednesday evening. Akron won the eighth grade contest 34-0 and in the half that the seventh graders played buried the Mentone team 32-0. In the eighth grade game, Akron ran up 316 yards of total offense and held Mentone to only 59. Scott Stewart contributed 168 yards in 12 carries for the Flyers. The Flyer defense was led by Gary Klein and Tim Gagnon with 15 and 13 tackle points respectively. Akron's defense got a boost from Rob Cumberland who interceted a pass and returned it 47 yards for a touchdown. Mentone's Scott Lowe returned the favor by picking off a Flyer pass and returning it 47 yards also. Steve Lester, Flyer seventh grader, only carried the ball three times but gained 116 yards for an average of almost 39 yards per carry.

Valley netters drop finale

The Tippecanoe Valley boys var-sity tennis team lost their final match of the season to Manchester last Thursday by a score of 3-2.
The loss brought the team's record to 5-4 for the year. The Vikings host the Valley Invitational this Wednesday and move on to Sec-

wednesday and move on to Sectional competition Saturday.
The junior varsity defeated the Manchester JV squad winning 5 singles matches and one doubles

In varsity singles competition. Valley's number one singles play-er, Chris Kindig, was defeated by Mark Regenbogen of Manchester with Chris Peterson and Al Unzicker beating the Manchester team of Dave Scott and Trent Taylor by the score of 6-2, 1-6, 6-4. The other Valley doubles team of Brett Cumberland and Darrell Shewman drop

ped a squeaker to Eric Tate and Brad Gilbert. Scores in that match were 6-3, 4-6, and 7-5. by a score of 6-2, 6-3, while Dan Tibbets of Valley was beaten by Manchester's Tony Conrad 6-2,

6-2.
The only Valley victory in singles play was recorded by Dwight Shewman who defeated Tony Olinger 6-2, 6-3. Valley managed a split in the doubles competition

Chris Kindig....Tippecanoe Valley's Number 1 Varsity team

winning tradition

strong running game. Miller's arm poses a real threat to his opponents also and he will be a candidate for

the quarterback position on next year's varsity.

The backfield for the junior var-

sty consists of tailback Jimmie Jones, wingback Doug Dickerhoff, and fullback Mark Yates. Jones

carries the ball most of the time for the JV's and does it quite well. According to Valley coaches,

be hard to beat for the starting tailback position next year. Doug Dickerhoff, as wingback, has to be able to carry the ball, block and catch passes. Dickerhoff is a multitalented athlete who could play any running back position and either linebacker or halfback on difference. Mark Yates fills the fullback spot and so far has been blocking and running well. Yates will al-

ing and running well. Yates will also be fighting for a starting berth

The offensive line has been doing a fine job ripping open holes for the backs. The line consists of Todd Peterson at center, Robert Reed and Brian Carnes at guard, and Tim Richardson, Lynn Fuller,

Woods and Brian Felts at the end positions. Peterson, Reed, Carnes and Fuller all look promising for considerable varsity play next sea-son. Also seeing line play are Troy Briney, Bill Hawkins, Todd Stokes, Kevin Shafer, Mike Wagoner, and

Special teams have played a big part for the JV's, Jimmie Jones has run back one punt for a touchdown and has considerable yardage on other returns. Dickerhoff and Yates have also accumulated good return yardage. Yates is also doing the punting for the team with Carnes and Fuller sharing puntsnapping duties. Kickoffs are handled by Brian Felts. Defensive standouts so far this year have been Dickerhoff, Reed, Peterson, Woods and Jones.

Rounding out the JV squad are two players who have not seen ac-tion this year due to injuries. Brent

Hoffman, who broke his foot in an early practice session, and Scott Bibler, who broke his arm prior to

the start of the season are both ex-pected to be contenders for varsity

The JV's have four games remaining and all four are at home so come on out and support the team.

You are on the right trail

spots next fall.

next year.

Viking JV'S follow Vikings go against Whitko

by Vern Hucks

After coming home for one per-formance, the Valley Vikings head out of town again when they visit Whitko on Friday night. Although Whitko laid it on Manchester last

With Tippecanoe Valley's varsity football team being 5-0, the junior varsity seems to be following tradition by sporting a 4-0 record. The JV'S started out by defeating Triton 22-0, Southwood and Northfield by forfeit, and then No. Miami by a score of 46-0. The JV's are led by sophomore quarterback Shaun Miller. Miller, who attended a quarterback camp last summer, leads the team in a strong running game. Miller's arm Vikes romp over Southwood 36-15

Tim Alspaugh knifes through the Southwood defense for a Valley touchdown. Alspaugh netted 209 yards and 26 points for the night.

Bill Jamison, who led the Vikes in tackle points Friday, cuts down Merlin Nive of Southwood for the tackle.

extensively.
In last year's game Whitko gained 218 yards on the ground against Valley but still came out on the short end of a 40-14 score. Whitko will probably run again this year, having three backs; Tony Schultz, Steve Bidwell, and Nick Dimmick averaging over 4 yards per carry in conference play. Bidwell can al-so throw the ball according to Rivers Conference statistics. Solid offensive players in the Whitko line are Max Elder (tackle), Joe Hart (guard), Bryan Bidwell (center). Whitko usually operates from an

week 20-6, the Wildcats don't appear to pose much of a threat to the Viking's quest for an unbeaten season. Whitko coach Jeff Stoddard for that they are in the middle of probably do it again. Whitko utilizes a 5-man front defensively but has season. Whitko coach Jeff Stoddard for the Wildcats last year and could probably do it again. Whitko utilizes a 5-man front defensively but has season. well and Tony Boggs play solid in-side linebackers and the Wildcat deep backs are fairly consistent.
Whitko will probably key on the
Viking ground game and somehow
try to nullify Valley's quickness.
Coach Stoddard realizes the task

ahead of his crew but says all preparations are positive. Stoddard feels that the Wildcats "have a hance to beat Valley if we can keep them from scoring on their first several possessions." Kickoff is at 7:30 p.m. at the

Whitko field just outside South Whitley on State Road 14.

FOURTEEN ACRES

this lovely home is in the heard of Viking County. Over 2,000:square this lovely home is in the heard of Viking County. Over 2,000:square heard by the heard of t

your nayments will be small, because of the price. The heat bill will be low, with natural gas heat and full insulation, Low maintenance will aliminum exterior. Plenty of room for your family with four becomes, a large kitchen, and plenty of lawn. Priced in the teens. Akron, Tippecanoe Valley Schools.

FORTY ACRES

FUNITY ACHES
this could be your chance to start your farming operation with the lowest possible investment. A beautiful building site and it is already set up for a mobile home. Land contract terms that you can afford. Call for more information.

LOW MAINTENANCE

this four bedroom home has more than just a good location. A base-ment, formal dining room, and attached garage are included too. You will get a new furnace, full insulation, and a new roof. All of this for less than \$25,000.

TEN WOODED ACRES

available on land contract, so a low down payment and mesonable terms can make it yours. Privacy at an affordable price. A beautiful location for your new home, open to mobile homes too. TVHS area.

THE FAMILY FARM

one of the finest homes, with a hog farming operation, in this area is now available. All farrowing and hog equipment stays. Low mainten-nance on all of the buildings. The home has 3 beforeons, den, family room, formal dining room, and many other extras. Plenty of road frontage on State Road 14 in Seward Township.

COUNTRY QUALITY all you need to do is move in. Quality and size that is hard to find at this price. Attached garage, 4 bedrooms, basement, over 2,000 sq. f. suisulated, aluminum siding, good roof, carpeted, and priced in the 305. TV schools.

HOME AND BUSINESS

over four acres for your business with a 45 x 60 Pacemaker insulated and heated commercial building. A nearby home is included so you can keep an eye on the business. The entire package is available on a land contract so you can afford it. A golden opportunity for anyone who has a dream.

RANCHETTE

s modern three bedroom ranch style country home could be the e you have been looking for. A pole barn with water, electricity, d concrete floor is included. An attached garage helps the value. ced " "he high 30's.

LAKEFRONT LUXURY

LAKETHUNI LUXUHY
at the turn of the century, this Colonial Mansion was, and will be the showplace of the area. Plenty of room for the largest of families. A breathtaking view of the lake from either the patio deck or beside the fireplace looking through the 8" x 12" picture window. Highlites induce a new kitchen, new roof, and aluminum siding. This is the home for anyone who wants quality and luxury that can't be found in new construction at any price today.

TRI-RIFFIC

no matter how you spell it, this tri-level is terrific. Located near the lake and a lake lot is included. A formal dining room, a family room, and three bedrooms are only three of the features for your family. The quality, size, and condition of this home more than justifies the

LAKEFRONT PLUS

this lovely lakefront has aluminum siding, a new well, carport, and a price in the low 20's that is justified by the home alone. Just to make this a real bargain the owners will give you a large pontoon boat and motor, a fishing boat, and redwood furniture. Then they will completely furnish the home for you, including all appliances, and a color television. You must see it to believe it.

BRING YOUR FISHIN' POLE

you'll need it because the fish are biting. All appliances and furniture stay in this year round easement home. Immediate possession. Priced in the low twenties. Henry Township, Fulton County.

\$ ROOM TO BURN

two and one half acres will give you room to breathe and 1600 sq. ft. will give your family room to grow, but, be sure to bring plenty of firewood because the fireplace will give you the room to burn it. Whether you are in the family room, living room, or kitchen, you can enjoy the fire. Put on the finishing touches and save enough money that you can burn that too, if you want to.

WOODED HOMESITE

over 300 ft, of frontage privacy and quality woods for your new home. Located on a paved road in the country, just a short distance from TVHS. Restrictions against low cost housing will protect the value of what you build.

BUSINESS OPPORTUNITY

this small-town motel does a big-city business. Modern enough to require a minimun of maintenance. An ideal opportunity for semi-retirement, Living quarters are included. Enjoy the freedom and satisfaction of being your own boss.

FARMING OPPORTUNITY

here is your chance to have a prosperous future in farming. The land is well balanced for a profitable cattle or hog and grain operation. Several good building sites, some wooded, increase the potential of the farm. Land contract terms to qualified buyers, TV schools.

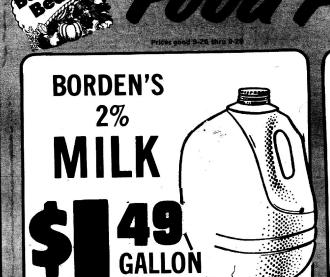

HOME AND FARM

get a good home for your family and enough acreage to make the payments for you. A second rental home is included in the price. A scenic woods and extra road frontage help to make this one a bargain. TV schools.
