PTA SCHOOL  
OF INSTRUCTION

A school of instruction will be held at the Mentone School Friday, April 14, for all PTA organizations of the county and other interested individuals.

There will be an afternoon session starting at 1:30 and in the evening at 7:30.

The theme, "Words to the Wise," will be carried out in all the talks and discussions, and there will also be a panel discussion.

Child care will be provided if you call Mrs. Del Nelson.

## WITH THE SICK

Mrs. Rosa Kinsey was released from the Woodlawn Hospital last Wednesday and is improving at her home.

Mr. and Mrs. William Schooley are slowly improving.

Mr. and Mrs. Traverse Chandler of Fort Wayne and Mrs. Samantha Norris called on Mrs. Amanda Jones at the Parkview Hospital in Plymouth, to find her improving.

Verl Halterman was confined to his home a few days last week because of illness.

Mr. and Mrs. Arlo Friesner visited her father, Charles Blue at Defiance, Ohio, on Sunday to find him much improved.

## Blood Bank Friday

The Red Cross Bloodmobile will be at the Grace College gym, Winona Lake, Friday, April 7, from 10:00 until 3:45.

You may call Joe Boggs, EL 3-3929, and make a special appointment.

## PUBLIC NOTICE

Attention is called to the fact that several dogs are being permitted to run at large in this town and several dogs, both under control and running at large have not been treated against rabies.

While there is no provision in the law for warning against this or any other violations of the law, this courtesy warning is being given to enable owners to provide against the results of such violations, by complying with the law.

Owners of dogs running at large or without proper rabies inoculation are liable to prosecution for any such violation.

The cooperation of the citizens of this community is earnestly solicited.

TOWN BOARD OF MENTONE

MRS. CORA NORRIS  
DIED THURSDAY

Services were held Saturday at 2:30 p.m. in the Mentone Baptist church for Mrs. Cora Norris, 88, who died Thursday noon in the Woodlawn hospital in Rochester.

She was born near Burket April 27, 1872, the daughter of Mr. and Mrs. Burton Taylor. She married William Norris September 19, 1896. He preceded her in death in 1958. Mrs. Norris was a member of the Mentone Baptist church.

Surviving are three daughters, Mary Norris of Mentone, Mrs. Omar (Grace) Cox, of Elkhart, and Mrs. Walter (Mildred) Morris of Fulton; a sister, Mrs. Dora Russell of Rochester; three grandchildren and three great-grandchildren.

Rev. Irwin Olson officiated. Burial was in the Sycamore cemetery, with the Johns funeral home in charge.

SPEAKS AT CASS  
COUNTY MEDICAL MEET

Dr. Dan Urschel was the speaker at the meeting of the Cass County Medical Society, held at the Ben Hur Restaurant in Logansport on Monday evening of this week. He discussed Cardiac Surgery, reviewing recent advances in this subject, and discussing the application of such new procedures to clinical practices.

## CALENDAR

The Friendly Neighbors Home Economics Club will meet April 6th at 1:30 with Mrs. Charles Eaton.

Merry Mollys to meet April 10th at 7:30 in the school cafeteria.

Jolly James H. D. club Mon. Apr. 10, at the home of Helen Mollenhour.

Burket Cheerio 4-H Club meeting on Tuesday, April 11 at 7:00 p.m. Virginia Bruner is the hostess. Bring record books to have checked.

DAR meets Tuesday, April 11 at 7:30 at Peterson's Restaurant.

American Legion Aux. meeting Tues. Apr. 11 at 8:00. Film "Square Deal for Every Child." In honor of child welfare month.

Mothers of World War II will meet Wednesday evening April 12 at 7:30 at the home of Edith Scott.

Mentone H.D. Club meets Thursday, April 13th at 1:30 p.m. at the home of Mrs. Melissa Unziker.

## COUNTERPOINT

By The Editor's Wife

Arbor Day comes on Friday, April 14, this year. My first introduction to Arbor Day came about 45 years ago when Miss Smart, our first grade teacher, marched us outdoors where we watched in six-year-old wonder as our principal made a speech and planted a small tree on the school lawn. Of course, the passing years brought understanding and appreciation. (The nine years spent on the treeless plains of eastern Montana developed a passionate love for trees. It is a very painful matter when it becomes necessary to cut down the small useless trees in our yard.)

We would like to see the Arbor Day tree-planting custom revived in our schools.

We watched the Will Rogers Story on TV last week. What a character! He was no politician but his honest opinions delivered in his sly sharp witticisms carried weight which counted. America needs a man, today, who will dare to be a Will Rogers.

The March Toy Fairs are over. It is estimated that the toy business for the coming year will amount to \$2 billion. (Tim and Lisa often abandon their toys to "pretend" with string, cardboard boxes and cartons.)

Haydn Pearson has said: "There come times in a man's life when he needs to pause in the midst of turmoil and to seek a sanctuary. In a quiet woodland one can re-establish contact with faith."

How about a sunny Florida beach? Guess we'll explore the possibilities for a couple weeks, if I can get the editor quickly and safely away from the printing presses (which is well nigh impossible).

First tulip of the season! Word comes from Mr. Eiler that he has a white tulip in bloom. It is a novelty type tulip and has yellow and red markings.

Thousands of Crocus have made the Tip-Top Tulip Terrace alive with color, also.

Great emphasis is being placed on the installation of seat belts in cars. Experts estimate that 10,000 lives could have been spared in car accidents the past year had seat belts been in use.

The new 1962 car models will

## WINS ESSAY CONTEST

Miss Janet Besson, daughter of Mr. and Mrs. Everett Besson, has won a trip to Washington, D. C. this summer with her essay on "What Electricity Means to Our Community."

The event was sponsored by the Kosciusko County R.E.M.C.

have safety belt attachments. The car owner can buy the seat belt for as little as \$3.50 per person. You should buy one strong enough to handle a load of 5,000 pounds.

So many curious people are gathering at the wrought iron "back" fence at the White House to catch a glimpse of little Caroline Kennedy, that her parents have spent several thousand dollars for tall rhododendron shrubbery to be planted inside the fence to insure privacy for their daughter.

To understand communism, we present the second basic 'scientific' law they teach.

Two: "Man is a material machine. He is matter in motion and nothing more. Man is a body, and he is completely describable in terms of the laws of chemistry and physics. Man has no soul, no spirit, no significant individual value, no continuity of life. He is entirely an evolutionary product. The species homo sapiens is subject to modification, adaption and transformation under the proper stimulation and control." (More later.)

You, along with millions of others, are "on the horns of a dilemma"—you want to save money by buying foreign goods, but you feel that one should support American manufacturers. Last week a New York store advertised 5 Japanese No. 216 radio batteries for \$1.00—U.S. manufacturers have to retail this type for \$1.35 each.

So far, we are selling more goods to foreign countries than they are selling to us, which makes a favorable balance of trade.

(So—you can get out of the dilemma comfortably, and we'll try to do likewise.)

We enjoyed this: Two spinsters were discussing men. "Which would you desire most in a husband," asked one, "brains, wealth or appearance?" "Appearance," snapped the other, "and the sooner the better."

FATHER DIES  
AT WABASH

Edward Ayres, 72, of route 2, Claypool, a retired farmer, died Monday in the Wabash County hospital at Wabash. He was the father of Mrs. Loren Tridle of Mentone.

Mr. Ayres, a lifetime resident of the Claypool-Silver Lake area, had been ill for the last 10 days. He was born near Silver Lake, Oct. 19, 1888, the son of Caleb and Ellen (Lightcap) Ayres. He married Ruth Metzger Sept. 10, 1912. She survives. He was a member of the Eel River Church of the Brethren.

Surviving in addition to his wife are two sons, Arden and Bill, both of North Manchester; five daughters, Mrs. Deverl (Ruby) Montel, Mrs. Robert (Louise) Plummer and Mrs. Ray (Isabelle) Deafenbaugh, all of Warsaw, Mrs. Harold (Edna) Malloy of Sidney, and Mrs. Loren (Mary) Tridle of Mentone; a brother, John, of Silver Lake; 26 grandchildren and 10 great-grandchildren. One of the grandsons, Richard Sellers, was reared by the grandparents. Three brothers and a sister preceded Mr. Ayres in death.

Services were held Wednesday at 2 p.m. in the Eel Church of the Brethren with Rev. Mervin Cripe officiating. Burial was in Oaklawn cemetery.

## BOY'S 4-H NEWS

On March 20, 1961, the Beaver Dam Agriculture Club had a Parents night. The door prizes were won by Mrs. Gerald Smalley and Mr. Bob Heighway.

The meeting was called to order by our president, Darrel Valentine. The pledges were given by Patty Walsh and Jira Weaver. Devotions were given by Jean Swick. The secretary and treasurer reports were read and approved. The main feature was the past years tour films. A committee of Diana Ballenger, Linda Smalley, and Helene Welty were in charge of the decorations which were in keeping with the 4-H colors.

Refreshments were served to 38 members and 38 parents.

## New Arrival

A son was born to Mr. and Mrs. Kenneth Ward, Route 1, Mentone.

Glen Davis is spending his Easter vacation this week at the home of his mother, Mrs. Ina Davis.

## LINDEN BLUE PLANE IN CUBA

The following story appeared  
in the South Bend Tribune last  
week:

Swiss authorities representing  
U.S. interests here are having  
difficulty getting permission to  
talk to four Americans held  
without charge in Cuban jails,  
it was reported.

Swiss Consul Gilbert De Dar-  
del was unable yesterday to visit  
Linden Blue of Denver and Don  
Swenson of Fremont, Michigan,  
taken prisoner Friday when their  
light plane was forced down here  
by Cuban fighters.

Blue, co-owner of a banana  
plantation in Nicaragua, and  
Swenson, an executive of the  
Gerber Foods Co., say they had  
been cleared to fly over Cuba  
on the way from Florida to Nic-  
aragua. Their clearance appar-  
ently was revoked without their  
knowledge after they had taken  
off.

Other Americans in custody  
are Howard F. Anderson of Mi-  
ami, who owns a service station  
here, and Angus McNair of Fort  
Lauderdale, Florida.

The Blue boys, nephews of  
Chester Manwaring, have vis-  
ited the Manwarings and Men-  
tizers in Mentone on a number  
of occasions.

The following story, printed  
in the Denver Post some time  
ago, relates more of their  
accomplishments.

A calculated gamble made  
two years ago on the economic

potential of Latin America has  
paid dividends for two young  
Denver brothers.

In 1958, Neal Blue, 24, and his  
brother, Linden, 23, purchased  
—with two partners—4,000 acres  
of jungle land on the Caribbean  
coast of Nicaragua. More than  
2,000 acres of that land has  
now been turned into a banana  
and cacao plantation, and the  
brothers say the business is  
grossing nearly \$1 million a  
year.

The brothers—sons of James  
E. and Virginia Blue, 395 Albion  
St., Denver real estate operators  
—received national publicity in  
1957 when they took a flying  
trip to Central and South Amer-  
ica in search of economic oppor-  
tunity.

On a Saturday morning the  
two young men took off from  
Denver in their airplane to fly  
2,200 miles back to the spot  
they chose on their 1957 trip,  
and which they have been de-  
veloping since—the Hacienda  
Tierra Dorado (Golden Land  
plantation).

By the end of 1960, the plan-  
tation will have one-half million  
cacao (cocoa) trees and one-  
half million banana mats, with  
three plants per mat.

The Blues are shipping ban-  
anas to Tampa, Fla., but they  
will have to wait three years be-  
fore the cacao trees become pro-  
ductive. By that time they esti-  
mate the plantation will be  
grossing nearly \$2 million a  
year.

The brothers plan to expand  
their business interests into

South American countries. The  
economic picture in South Amer-  
ica is particularly bright, they  
believe, for ventures into real  
estate, light industry, building  
materials and mineral proces-  
sing.

Although they haven't de-  
cided definitely where to set  
up new operations, the brothers,  
who are ardent skiers, note  
pointedly that while there is no  
skiing in Nicaragua, there is  
excellent skiing in Chili.

"Despite the political troubles  
in Cuba and the localized polit-  
ical difficulties that are bound  
to occur in other Latin Ameri-  
can countries in the future, the  
tide of economical development  
offers a myriad of exciting eco-  
nomic opportunities in Latin  
America," said Neal Blue.

The Blues, who are unmarried  
but look favorably upon matrimo-  
ny, fly back to the United  
States occasionally on business,  
and on these trips they usually  
visit their parents before re-  
turning to the plantation.

(The Blue boys were released  
yesterday, April 4th, and are  
now in Miami, according to the  
latest news release.)

Don't place all your depend-  
ence on medicated feeds to pre-  
vent coccidiosis in young chick-  
ens, warn Purdue University  
poultry scientists. Sound man-  
agement practices remain essen-  
tial.

## RULES CHANGES IN BASKETBALL

The National Basketball Com-  
mittee of the United States and  
Canada made three major rules  
changes and moved to improve  
the conduct of coaches during  
games.

The changes, recommended by  
the National Association of Bas-  
ketball Coaches will:

1. Eliminate free throws when  
a foul is called against a player  
on offense and in control of the  
ball. The fouled team will be  
given possession of the ball out  
of bounds, as is now done in  
the professional leagues and the  
Big Ten.

2. Stop the clock after every  
violation in order to give coaches  
greater opportunity to make sub-  
stitutions. Under the old rule  
substitutions could be made only  
when the ball was dead or the  
clock was stopped.

3. Create a neutral or buffer  
zone along the free throw lane  
to separate the first and second  
players by a foot when they line  
up for free throws. The rule  
makers believe this will tend to  
lessen shoving and jockeying.

The committee changed a sec-  
tion of the code which in effect  
will legalize coaching from the  
sidelines. Coaches now may leg-  
ally signal their players to call  
time out or to communicate oth-  
er information. Under the new

conduct act officials are in-  
structed to penalize coaches or  
players on the bench who per-  
sist in stomping, throwing tow-  
els or committing other acts  
considered unsportsmanlike. In  
extreme cases officials are em-  
powered to clear the bench.

The Committee eliminated  
"sudden death" (second over-  
time) playoffs in high school  
games that end in ties after the  
first overtime. Under the new  
rule tie games will be decided  
by three-minute overtime ses-  
sions, as many as it takes to de-  
cide a winner.

A minor change concerning  
the center jump circle will re-  
quire a jumper to have only one  
foot in or on the circle. The old  
rule required that both feet be  
in or on the circle. This is in-  
tended to aid in eliminating  
body contact on jump balls.

Hog Cholera vaccination is  
necessary to prevent this di-  
sease, emphasize Purdue Uni-  
versity veterinarians. All unvac-  
cinated pigs should be consid-  
ered susceptible and owners of  
unvaccinated herds should ex-  
pect to suffer losses.

## A THOUGHT FOR TODAY

by Harold R. Driskell

### THE HIDDEN WORLD

READING: Matt. 4:1-11

Let us ask:

1. What is the thing hidden?  
"Thy word." It is the word of  
God that liveth and abideth for-  
ever. It is the germ of spiritual  
life. It is a treasure worth hid-  
ing. No thief can steal it, no  
moth corrupt it. It enriches and  
ennobles the life of every man  
who hides it, who keeps it.

2. Where is the hiding place?  
"In my heart." The heart is the  
seat of affections, the center of  
the moral being, the source of  
the influence that sways the  
career, that determines the des-  
tiny of man. This is the proper  
place to hide the precious word.

3. What is the object in view?  
That I might have a rich fund  
of ideas to talk about, to exhibit  
before my fellows? That I might  
be able to confound in argument  
all my opposers and silence  
them? That I might make a show  
of my superiority, feeling my  
pride? The psalmist cared for  
none of these things. He had a  
horror of sin; he knew the terror  
of it in the life of a human be-  
ing; he knew that the greatest  
safeguard against sin was the  
word of God. So, he said, "That  
I might not sin against thee." It  
was the word of God in the heart  
of Jesus of Nazareth that saved  
him from sin.

Read the word of God. Read  
it carefully. Read it thoughtfully.  
Read it frequently. Hide it in  
your memory. And often refresh  
your memory. The word in the  
heart means security for your  
life.

Avoid grapefruit that is point-  
ed at the end or has wrinkled  
skin, advise Purdue University  
consumer education department.  
This means it is thick skinned.

Mrs. Mildred Carpenter and Max, Mrs. Lou Robbins and family were Sunday guests of Mr. and Mrs. Leslie Grubbs and family of near North Manchester.

Poor brome grass stands often result from drilling the seed too deeply in the soil, say Purdue University soil conservationists. This usually means they can be established during March or April.

ADVERTISE! IT PAYS!

### NOTICE TO ALL PARENTS AND YOUNG PEOPLE

There have been reports of children playing on the newly erected Town Water Tower.

This is a very dangerous situation which could prove injurious to the child. It also could do some damage to the tower and its fixtures. The Town Marshall has been advised that anyone being caught on the tower will have to be punished. We hope that this notice will alleviate this problem.

The Town Board

Cockroaches can be controlled by treating infested areas with household insecticides containing two percent chlordane, .5 percent dieldrin or two percent malathion, say Purdue University entomologists.

Bluegrass lawns should be cut at a two-inch height to favor bluegrass vigor, say Purdue University turf specialists. Vigorous bluegrass discourages crabgrass.

### FOR SALE

Aqua knit dress, 2 pc. sapphire blue taffeta dress, black dress, 2 pc. navy and white checked taffeta dress, navy linen lightweight coat, beige winter coat, grey glen plaid dress—all size 14.

2 mens' sport coats, one black and one charcoal, size 38.

## Citrus Fruit Dishes

"As a nation, we eat more citrus fruit in processed form than fresh," reports Miriam Eads, Purdue University food specialist. "Last year the average person ate 53 pounds of processed citrus fruit and 34 pounds of fresh."

But, Miss Eads suggests, you as an individual homemaker may "up" your family's consumption of fresh oranges and grapefruit, now in plentiful demand, when you try these easy-to-make desserts:

**BROILED GRAPEFRUIT**—Cut grapefruit in half, remove core and cut around each section. Sprinkle each half with  $\frac{1}{4}$  teaspoon brown sugar and a dash of nutmeg. Dot with  $\frac{1}{4}$  teaspoon butter. Broil until heated through and serve hot.

**MANDARIN ORANGE CUP**—Combine pitted Bing cherries and mandarin oranges, both drained. Steep in frozen orange juice thawed, but not diluted. Sprinkle with grated orange peel.

**ORANGES DELUXE**—Sprinkle powdered sugar over sliced oranges and top with ground cinnamon.

**FLORIDA AMBROSIA**—Arrange grapefruit and orange sections in a layer, sprinkle lightly with shredded coconut and sugar. Repeat layers. Garnish with cherries. Chill for an hour before serving.

**CITRUS TREAT**—Cut in thirds sections of six

oranges and one grapefruit. Add  $\frac{1}{2}$  cup honey and one small bottle maraschino cherries. Chill. Serves six.

## Grazing On Dual Wheat

Dual wheat should not be grazed after it joints, remind Purdue University extension agronomists. Jointing is that stage in a plant's development when the seed head begins to form in the stem.

If cattle are permitted to graze Dual wheat after it joints, the seed head, which is immediately above the joint, will be destroyed and no grain will be formed.

Farmers can determine early jointing by close inspection of the plant. Splitting the stem with a knife shows the tiny seed head in the stem. If the wheat has reached that stage, stop grazing for the year. Early grazing of Dual wheat will supply several days of feed, and also may reduce competition and result in a better forage seeding.

Dual wheat is the only combination forage and grain wheat variety grown in the midwest.

Purdue University animal scientists describe as ideal for beef cows with small calves a well-drained hill pasture with permanent grass, especially if the pasture contains natural protection such as timber or hills.

## THESE WOMEN!

By d'Alen

"Maybe we're not showing a profit so far this year, boss, but we ARE getting losses from higher grade clients!"

## Caring For Ladies' Hats

Unless you are wearing your Easter bonnet at the moment, chances are you should turn it upside down.

Most women store their hats right side up, but Frieda Stoll, Purdue University clothing specialist, instructs you never to lay a hat on its brim. Placing it upside down helps preserve the brim's shape and protect the trimmings.

Keep your hat looking new by storing it in a box with tissue paper stuffed in its crown. Now and again air the closet it is kept in, as humidity can cause hats to shrink. You can place more than one hat in a box if each has enough room. Nest them with one crown inside an-

other and tissue paper between them.

Your hat will need a bit of pampering to continue to look its best, Miss Stoll advises. To freshen up a veil, place it between two pieces of wax paper and press with a warm iron. The wax will stiffen the veiling.

Hats should be brushed occasionally to remove dust. With felt hats, brush round and round with the nap. If a hat shows soil, rub it with a cloth dampened with cleaning fluid, perhaps first removing the trimmings.

The color of a straw hat may be renewed by rubbing it with a cloth dampened in denatured alcohol. And you can stiffen and brighten a slightly tired straw with a light coat of clear shellac.

Purdue University horticulturists suggest making garden seedings of lettuce, radishes and spinach in April.

## FAMILY NIGHT

The members of Merry Molly's Home Demonstration Club entertained their families Friday night at a pot luck supper held in the school cafeteria.

The evening was spent playing bingo, special prizes went to Diana Sarber and Marion Smith. The door prize was won by LaMar Leffert.

Those present were Mr. and Mrs. LaMar Leffert and daughter, Mr. and Mrs. Glen Mellott and family, Mr. and Mrs. David Cooper and family, Mr. and Mrs. Eugene Sarber and family, Mrs. Dale Stiffler and sons, Mrs. Al Reynolds, Mr. and Mrs. Marion Smith and family.

Give your lawn a spring cleaning by mowing at a one-inch height, then raking up clippings and dead grass, recommend Purdue University turf department. This gives new grass room to grow. Be sure to set your mower back to a two-inch cutting height after you finish.

As you place your clothes on hangers, close the fastenings including zippers; advise Purdue University clothing specialists. This prevents sagging and wrinkling and keeps the garment from stretching or slipping off the hanger.

## BEAVER DAM SCHOOL NEWS

Lynn Flenar will be on the spelling contest this Saturday over WRSW at 9:30.

Mr. Malott attended the monthly county principals' meeting at Warsaw last Thursday.

The April P.T.A. meeting will be held at the Beaver Dam School next Tuesday evening, April 11. Mrs. Mamie Braddock of the Warsaw Schools will discuss with us their rearing program and also will show a film. All parents interested in this area of the 3 R's should plan to be present.

Several classes held class meetings last Tuesday during the Activity Period.

## ENGAGED

Mr. and Mrs. Carrol M. Eiler of Route 5, Warsaw, Indiana wish to announce the engagement of their daughter, Joyce Eiler to Mr. Harry L. Myers of Route 4 Warsaw. Miss Eiler is employed by L. M. Berry company of Warsaw and is active in 4-H Club work. Mr. Myers is the son of Mr. and Mrs. Claude Myers of Etna, Indiana. Mr. Myers is employed as a poultryman for the Eiler Egg Farms of near Atwood. A September wedding is being planned.

Contour planting effectively conserves moisture and reduces runoff from sloping land to be sown in small grain this spring, advise Purdue University soil conservationists.

## NEWCASTLE TOWNSHIP NEWS

Mr. and Mrs. Loren Possey of Anderson spent last week end here at their cottage.

Mrs. L. H. Bradley has been removed to her home here from the Woodlawn hospital at Rochester.

Monty Roe Srivier has returned to his studies at Ball State Teachers College at Muncie, after spending his Easter vacation, visiting his parents, Mr. and Mrs. Harry Srivier.

Mr. and Mrs. Tilden and family spent the week end here at their cottage.

Mr. and Mrs. Raymond Rogers of Tippecanoe called on his sister, Mrs. Lillie Myers, on Saturday afternoon.

Mr. and Mrs. Allen Eizinger of Mentone and Mr. and Mrs. Andrew Ritenour and family of Argos were recent guests in the home of Mr. and Mrs. Don Pfeiffer.

Mr. and Mrs. Leroy Wise and family were recent guests of Leroy's parents, Mr. and Mrs. Frank Wise of Peru.

Mrs. Nancy Bevelheimer is visiting her sisters, Miss Celia Byrer and Mrs. Cleo Kallenbeck of Fort Wayne.

George Coplen has returned to his home here after spending the Winter in Tucson, Arizona, visiting his brother-in-law and sister, Mr. and Mrs. Estel Fish.

Mr. and Mrs. Harold Myers and family of near Mishawaka called at the home of Mrs. Lillie Myers and Mr. and Mrs. Robert A. Calvert.

Mrs. Bill Barr and family of Hammond spent the week end here visiting in the home of Mr. and Mrs. Fred D. Barr.

Mrs. Oda Trusler of Warren

is visiting her daughter, Mrs. Charles Good.

Mr. and Mrs. Harry Srivier and son Monty Roe were Easter guests of Mrs. Srivier's parents, Mr. and Mrs. Fred Roe of Akron.

Mr. and Mrs. Grover Everhart and family of Kingsport, Tennessee, have returned to their home after visiting Mrs. Everhart's parents, Mr. and Mrs. Fred D. Barr.

## Baptist Church News

The Sunday School of the First Baptist Church of Mentone opened a five week attendance contest on Easter Sunday by exceeding its goal of 300 with a record breaking attendance of 326. The goal had been set five weeks in advance and each class was assigned a specific quota to reach. Seven of the classes exceeded their quotas. Highest honors went to the Pathfinders (college age) Class who have a regular enrollment of seven but had an attendance of twenty six on Easter Sunday. They were presented with an honor plaque during the Worship Service.

The attendance contest will continue through April 30th. The classes will be scored on the percentage of gain over their average attendance during the first eight weeks of 1961. The winning class will be honored at a fellowship supper to be held on Tuesday, May 2nd.

We take this opportunity to thank the superintendents, teachers and class members who worked so very hard to help us reach the record attendance on Easter Sunday morning. We invite all who read this article to visit The First Baptist Sunday School in the very near future. Classes begin at 9:30 a.m. (C.S.T.)

NEWS? Ph. ELmwood 3-3985

## Girl Scout News

During the month of March the Girl Scouts of Troop 30 celebrated Girl Scout Week in several ways. With the help of Brownie Troop 17, we made a window display in the drugstore showing career women, as our theme was "Yesterday's Girl Scouts—Today's Career Women."

To fulfill our Homemaking Requirement we planned a program to entertain the Brownie Troop. We did this on Citizenship Day in Girl Scout Week. We had a flag ceremony, did some skits, discussed the use and care of the flag of the United States, taught the Brownies some songs and games, and served refreshments. We also presented a part of the program for the American Legion Aux.

We are working on our Health and Safety Requirement for second class scouts. This consists of knowing how to care for simple cuts, burns, splinters, fainting, and how to use a triangular bandage.

On Monday of this week we hiked out to Manwaring's Hatchery and toured their plant. We all enjoyed this very much—especially those of us who took baby chicks home with us. We extend our thanks to all those

people at the hatchery who made it so interesting.

We will have 3 kinds of Girl Scout cookies to sell April 6-17. Our troop makes a profit from these sales, as well as Indiana Lakeland Girl Scout Council. The Council's profit is used in helping provide Camping Programs, camping equipment, and providing camperships to girls who are deserving, all-around Scouts and who otherwise would not be able to have camping experience. So we hope you will want to try some Girl Scout Cookies this year.

Purdue University entomologists recommend that cattlemen continue sprays and dusts to control lice on cattle. Sprays should be applied when temperatures are above freezing and at sufficient pressure to assure penetration of insecticides to the animal's skin.

Increase milk production income through improved management rather than enlarging your herd, Purdue University dairy scientists assert.

Purdue University agricultural engineers warn against using flammable or toxic fluids to clean machinery parts in the farm workshop.

GOINGS ON  
IN OUR TOWN

The Chamber of Commerce met Monday evening at a supper meeting to discuss the possibility of starting a housing project in or near Mentone. Mr. Bill Chappel of the C. & T. Builders of Warsaw was the guest speaker.

There was a lot of enthusiasm created and it seems like it may be a going project. There were about 28 men present.

There is an article in this issue on getting the city park developed. Read it!

Midwest Spring is the second factory in town to start installation of automatic sprinklers. Work was started there this week. Frank Manufacturing already has theirs installed.

Mr. and Mrs. Bob Holloway and son are moving into the Artley Cullum apartment.

Mr. Frederick informed us today that a new slide has been installed at the school. The youngsters were permitted to play on it today for the first.

The PTA held open house at the school last night with a good attendance.

The following officers were elected for the coming year:

Rev. Wrigley, president; Georgia Teel, vice president; Phyllis Bowser, secretary; Grace Lewis, treasurer.

The Lions club held their election of officers last Wednesday.

The following were elected: President, Art Kendall; first vice, Lloyd Bowerman; second vice, Zanna Hammer; third vice, Lewis Norwood; secretary, Vern Wittkamper; treasurer, Tom Fugate.

Two new directors were elected to fill expired terms. They were Dr. W. B. Wilson and Everett Rathfon. Leroy Cox is tail-twister.

Ned Miller and Dennis Anderson of our town were in South Bend yesterday attending a dealer-agent convention. It seems that luck was with the boys for they both brought back nice door prizes. There were 500 folks present. Seven door prizes were awarded. Dennis received an electric razor and Ned a nice AM-FM radio. We feel that this is a bit unusual.

## DAVID BRUNER DIES

David Bruner, 81, a lifetime resident of the Burket community, died last Wednesday night of complications from a broken hip suffered two weeks ago.

Mr. Bruner was born in Burket Oct. 8, 1879 to John and Mary Jane (Keller) Bruner. He married Jenny Williamson Dec. 28, 1904, and she died in 1922. He was then married to Emma Roland in 1925. She preceded him in death in 1955. Mr. Bruner was a retired carpenter.

Surviving are three sons, Lester, of Claypool, Roger, of Warsaw, and John, of St. Paul, Minn., and a daughter, Mrs. Doris Snyder, of Cocoa Beach, Fla.

Also surviving are three step-daughters, Mrs. Arlene Zigler of South Whitley, Mrs. Gladys Nuell, of Eureka, Calif., and Mrs. Docia Myers, of Hobart, Ind., plus a step-son, Dean Roland, of Burket; eight grandchildren and six great grandchildren. One brother, Earl, of Palestine, and two sisters, Mrs. Alice Franks, of Silver Lake, and Mrs. Lulu Graff, of West Lafayette, also survive.

Services were held at the Johns funeral home, Saturday, with Rev. Lloyd Overmyer of the Burket EUB church officiating. Burial was in the Palestine cemetery.

## Mentone Band News

April 14 the band and triple trio will leave on a band tour as soon as the buses arrive in the morning. The band will be playing at West high school in the morning and at Grovertown high school in the afternoon. The young musicians are planning on being back in time for the buses after school.

COUNTY BAND  
FESTIVAL—APRIL 21

The Kosciusko County Band Festival will be held April 21, 1961 at 7:30 p.m. in the Syracuse gym.

The guest condutor will be Mr. David McCormick, formerly at Manchester College and now at Cicero, Illinois.

Tickets for the program may be purchased from any county band member.

It takes 19 times more energy to stoop to three inches from the floor to reach a pot or pan than to take an article off a shelf straight ahead of you, according to Purdue University home management specialists.

## COUNTERPOINT

By The Editor's Wife

(The Editor and his wife are spending a few days in Florida, so their daughter will comment briefly this week.)

Our family has been watching and enjoying all the new lambs on the farms around. The little fellows run and bounce, and their stiff legs almost appear as rubber. The older sheep mill around, never in a hurry, and are undoubtedly thinking, "Enjoy your boundless energy now, little ones, for when you're older you'll be content to take life easier."

Our favorite has been a jet-black lamb on the Ray Eckert farm. We're perhaps more interested in him because of his color—although he seems quite unconcerned about it and acts as much a part of the group as any of the rest.

Saw a unique and picturesque setting early one morning—along the highway were some bright yellow daffodils with vibrant green leaves against a back ground of freshly fallen snow. Made me realize anew that our loveliest pictures are not created by human hands.

Psalms 19:1—"The Heavens declare the glory of God; and the firmament sheweth His handiwork."

Spring is officially "in" at our house when Lisa suggests it's time for new Red Jet shoes and Timmy checks his fishworm bed out behind Grandpa Harman's barn.

We enjoyed this: Overheard in our backyard where a group of youngsters were playing—"Come on gang, let's play Six Gun Cinnamon!"

## ANNOUNCEMENT

Open house will be held Sunday, April 16th at the home of Mr. and Mrs. Carl Zolman for Mr. and Mrs. Harry Kepler's Golden Wedding anniversary from 2 to 5.

## NOTICE

Their will be no garbage pick-up until April 21, according to Fred Sanders.

NEWS? Ph. ELmwood 3-3985

TO IMPROVE  
MENTONE PARK

The Mentone Park Board, which has taken certain initial steps, since its appointment, to create an inviting and usable municipal park was pleasantly encouraged by an offer from the Mentone Lions Club.

On Wednesday evening two members of the Park Board were guests of the Lions Club, for the express purpose of discussing mutual goals and how to attain them. The Lions Club, an organization dedicated to local betterment has taken an active interest in the Park and have been the first to offer money and labor to accomplish this very needy work. For this the Park Board is very grateful.

Tentative plans drawn up by the members of the Park Board include clearing the land and seeding areas, the installation of a baseball diamond; to be completed as soon as possible, and skating rink to be finished by winter. Also it is desired with the help of interested citizens, to have available this summer various picnic tables, charcoal grilles and games.

It is hoped these goals can be reached. However, as the Park Board is operating on a very limited budget it is going to be necessary for various community efforts as displayed by the Lions Club, if a realistic program is reached this season.

The members of the Park Board consisting of Mr. William Rathbun, Pres., Denton Abbey, vice Pres., Ned Igo, Supt., and Marie Coleman, Sec. and Treas., are happy for the opportunity of serving their community. They feel that a local park is a worthwhile addition to the city of Mentone, and extend an invitation to all to help in this community task.

## WITH THE SICK

Mr. John Ellsworth was in the Woodlawn hospital for x-ray and observation the fore part of the week.

Mr. Howard Chamberlain was admitted to the Woodlawn hospital at Rochester.

Ebby Bayne was dismissed from the Murphy Medical Center to the home of his son, Don Bayne of Warsaw.

ANNUAL MENTONE  
ESSAY CONTEST

The Annual Americanism Essay Contest, sponsored by the American Legion Auxilliary, was held recently in the Mentone school. All students in the upper 6 grades were compelled to write an essay on "Communism, Our Active Enemy."

The boys and girls were judged separately and there were two groups, the 10, 11 and 12 grades, with Donna Kay Van-Gilder winner for the girls and Steve Olson for the boys. In the 7, 8 and 9th grades, Melissa Bechtol and Mike Whetstone were winners.

These students are to be highly complemented. These essays may be seen on the back page of this week's news.

MENTONE LIBRARY  
PRESENTED BOOK

The Anthony Nigo Chapter, Daughters of the American Revolution, has presented the book, Bending the Twig, by Augustin G. Rudd, to the Mentone Public Library.

In Bending the Twig the author presents a parent's view of the so-called Progressive Education and its effects on the youth of America. Nearly two decades ago he foresaw disastrous consequences if these unsound and defective theories and programs were maintained.

Penetrating the fog of semantics and academic theories, the author reveals the shocking results of the deficiencies in basic knowledge including science and mathematics so fundamental that they now affect our national security.

The author contends that it is futile to combat unsound doctrines among adults unless attention is given to the schools and colleges where young Marxists and socialists are spawned. It is from the school that the student will receive most of his ideas, judgments, and evaluations.

Bending the Twig is of vital importance to every phase of life in the nation, especially important to the teachers and parents.

## CALENDAR

The Talma P.T.A. will hold their fish fry on Friday, April 14 in the gym.

The W.S.C.S. will meet Thursday, April 20, 7:45, at the home of Eleanor Hoover.

## A THOUGHT FOR TODAY

by Harold R. Driskell

### DEVOUT MOTHERS

Reading: 2 Tim. 1:1-7

A child can have no greater  
blessing than godly parents. A  
devoted mother's value is "far  
above rubies." Timothy had such  
a mother, and so did she!

Every mother should know the  
story of Hannah. She had been  
childless and wanted a son so  
much that she promised that  
if one were born he would be  
given to Jehova all the days of  
his life. Samuel was born, grew  
up in God's house and became  
one of the great men of God.  
Mothers, could you wish for  
more for your child?

It is so important that a mo-  
ther have devotion and consecra-  
tion. She cannot impart what she  
does not possess. Why not be  
sober, love your husband, love  
your children, be discreet,  
chaste, keepers at home, good,  
obedient to your own husband  
that the word of God be not  
blasphemed (Titus 2:4-5).

You may prefer to give the  
family an extra income, buy a  
larger house, a second car, fan-  
cier clothes, or other material  
goods. BUT, isn't it far more  
important that your children  
have a mother! A mother truly  
devoted to Gods is also devoted  
to children.

Mr. and Mrs. Max Dunlap  
called on Mrs. Saddle Black on  
Sunday afternoon.

Dale Eizinger of Rochester  
called on his parents Mr. and  
Mrs. Allen Eizinger on Saturday  
evening and Sunday afternoon  
Mr. and Mrs. Don Pfeiffer, Mr.  
and Mrs. Andrew Ritenour and  
children called at the Eizinger  
home.

Mr. and Mrs. Robert Blaine  
and family of Fort Wayne were  
week end guests of Mr. and  
Mrs. Rea H. Ward.

## NEWCASTLE TOWNSHIP NEWS

Mr. and Mrs. H. J. Coggins  
were recent guests at the home  
of Mr. and Mrs. Herbert Adams  
and sons of Mentone.

Mr. and Mrs. Jim Calvert and  
family have moved from Men-  
tone to their home near here.

Mrs. Oda Trusler has returned  
to her home in Warren after  
visiting her daughter, Mrs.  
Charles Good.

Mr. and Mrs. Robert Kale and  
family of Rochester were Sun-  
day guests of Mrs. Kale's par-  
ents, Mr. and Mrs. Charley  
Green.

Mr. and Mrs. Fred R. Miller  
entertained at dinner Sunday:  
Mr. and Mrs. Dale Wright of  
Goshen and Lavoy Montgomery.

Mrs. Fritz Morgan and family  
called on her mother, Mrs. Ann  
Staldine, Saturday.

The Talma Rod and Gun Club  
will meet on Monday evening  
April 17 at 7:30 in the old gym.

Mr. and Mrs. Lester White  
spent Saturday in Rochester.

Lyman Dawson, president of  
the Newcastle Township Lions  
club attended a Lions club meet-  
ing at Rochester, Tuesday eve-  
ning.

## Want Weed-Free Corn

Simplest and surest formula for weed-free corn consists of weed growth prevention, points out O. C. Lee, Purdue University weed specialist. This is possible through applying an effective pre-emergence herbicide when the corn is planted.

Weeds damage corn most when corn plants are small. Heavy infestation of weeds common to corn fields cause the plants to become spindly. Even if weeds are removed later, Lee explains, the results of this early competition are reflected at harvest.

Greatest returns from investment in pre-emergence herbicides result from their use on extremely weedy fields where cultivation or spraying with 2-4-D post-emergence fails to do an adequate job.

Since most pre-emergence treatments are costly, Lee recommends band applications over the row. When applied in a 14-inch band over rows spaced 40 inches apart, only one-third as much chemical is required as over-all application.

Atrazine and Simazine both kill broadleaf and grassy weeds when applied under favorable conditions for pre-emergence. Rates generally recommended are 1 1/4 pounds of 80 percent material (wettable powder) applied on a 14-inch band, using at least six gallons of water per acre. Lee points out, however, the rate needed may vary with soil type.

## Shrubs For Year Long Beauty

If you choose the right varieties, shrubs will add year-round beauty to your home grounds, point out Purdue University horticulturists.

Evergreens are probably the most popular group for all around effect. Within this group, the Junipers—available in many different forms and colors—are very popular.

Many of the Junipers have a spreading habit and fit well into the landscape of today's single story dwellings. Most popular is the Pfizer's Juniper, but it may grow too tall for ranch type homes. Hoosiers may want to plant the lower growing variety of Chinese Juniper—the dwarf Pfizer.

The Andorra Juniper is the most popular among the really low-growing Junipers. This variety shouldn't grow over two feet tall and turns a purple color in the winter. Some low-growing Junipers, however, remain green all winter. Among them are the Sargent's Juniper or the Jap-garden (Japanese Creeping) Juniper.

Indiana nurserymen also have available the Waukegan Juniper, a low-growing, blue foliage variety.

Plant asparagus and rhubarb roots during the first part of April, advise Purdue University horticulturists. Peas, lettuce, radishes and spinach may be sown in the garden as soon as the soil can be worked.

## Plant Early Vegetables

You can still get your vegetable garden started in April, Don Scheer, Purdue University extension horticulturist, reminds Hoosier home owners.

This is the month to transplant asparagus and rhubarb roots and cabbage, broccoli and cauliflower plants. Pea, lettuce, beet and carrot seed can be sown outside and tomatoes can be started indoors.

After transplanting these cabbage, broccoli and cauliflower plants firm the soil around them and water them with a starter solution. Scheer recommends 10-52-17 analysis fertilizer for the starter solution which gets the plants off to a fast start.

Lettuce, beets, carrots and radishes need a good seed bed. The garden should be fertilized with three or four pounds of 12-12-12 per 100 feet before it is plowed or turned over. Then rake the ground until the soil is fine and smooth.

Don't forget to start tomatoes, peppers and eggplants inside in April, Scheer reminds.

Lawn grass seed mixtures should not contain timothy or orchard grass, according to Purdue University turf specialists.

After sowing adapted grass seed, rake it lightly and then roll, advise the Purdue University turf department. Mulch if desired. The soil should be kept moist for three weeks after seedings.

## Plowing Publications

Hitching to a plow with neither tractor wheel in the furrow but both on level, unplowed soil has several advantages, points out C. L. Hill, Purdue University agricultural engineer, in mimeo AE-56, "Hitching a Plow for Level Tractor Operation," available from the agricultural extension service.

Hill cites reasons for hitching the tractor (to drawbar attached plows) level: it eliminates pack-soil in the furrow bottom, a level tractor is more restful for the driver; both wheels have equal traction, reducing differential wear and fuel consumption, and bearing wear is lessened when the tractor wheel is kept out of the furrow.

The publication has nine illustrations to show hitching procedures including dual traction wheels and tandem tractors.

Improper alignment can cause undue draft and fuel consumption and contribute to poor plowing—uneven furrows in width and inadequate covering of trash or weeds.

While many adjustments can be corrected only by replacement parts, Hill illustrates 13 convenient checks in Extension Circular 456, "Alignment—First Step to Better Plowing." Many times a minor adjustment can make a major improvement in reducing wear and draft and allowing a higher gear on the tractor.

Mimeo AE-56, "Hitching a Plow for Level Tractor Operation" and Extension Circular 4-

56, "Alignment—First Step to Better Plowing" are free to Indiana residents who ask for either or both by writing (A post card is sufficient) to the Agricultural Publications Office, AES Building, Purdue University, Lafayette.

## Farm Facts . . .

Indiana onion growers indicate they will cut back their 1961 plantings to 900 acres, 10 percent fewer than last year, report state-federal agricultural statisticians at Purdue University.

Plant fruit trees, strawberries, blackberries and raspberries as soon as the soil can be worked in the spring, Purdue University horticulturists advise.

Raise feed troughs to a higher level as your chicks grow, Purdue University poultry scientists recommend. Troughs at the proper height result in less feed wasted and less litter scratched into the feed.

## FFA POULTRY JUDGING CONTEST

Atwood FFA captured first place honor at the County 4-H and FFA Poultry Contest held March 29. Team members were John McDaniel 722, Mike Swanson 705, and Kent Besson 697. Team score was 2124 with Mike Besson as an alternate with a

score of 691.

Other placings were as follows: Mentone FFA 2096; Beaver Dam 4-H Agriculture Club 2071; Syracuse FFA 2021; Pierceton 2016; 2nd Pierceton team 1932; and Monroe Twp. 4-H Club 1742.

The Atwood team and the Mentone team will compete in the District Contest to be held in Kosciusko County on April 29.

ATWOOD FFA

L to R—Jim Haynes, Coach, Kent Besson, Randy Swanson, Lloyd Bowerman, Manager of Red Comb Pioneer Mill in Mentone, Mike Besson. John McDaniel was absent.

Red Comb Pioneer Mills of Mentone sponsored the trophy for the County Poultry Contest.

## PSI OTES BUSINESS MEETING

Mrs. Curtis Riner was hostess for Beta Epsilon Chapter of Psi Iota Xi sorority business meeting with Mrs. Kent Riner assisting. A donation of \$10.00 was given to the maintenance fund for the Indianapolis Symphony Orchestra.

Officers were elected for the ensuing year were Mrs. Paul Quinn, Pres., Mrs. Dale Cook, vice Pres., Mrs. Ralph Ward, recording secretary and Mrs. Richard Dickerhoff, treasurer.

Mrs. Arthur Kendall, corresponding secretary and Mrs. Marvin Jones, conductress.

The door prize was won by Mrs. Kent Riner. Mrs. Byron Doran will be the sorority hostess April 18.

## JOLLY JANES MEET

The Jolly Janes Home Ec. Club met at the home of Mrs. Helen Mollenhour. Mrs. Karen Baum was the assisting hostess.

The meeting was opened by the pledge to the flag and America the Beautiful was sung. We had a short business meeting.

Refreshments were served to nineteen members and one guest, Mrs. Terry Utter. Mrs. Richard Gross won the door prize.

To help prevent cannibalism among baby chicks don't allow feeders and waterers to stay empty, advise Purdue University poultry scientists. Comfortable room temperatures should also be maintained.

## HOMEMAKERS MEET

The Palestine Homemakers Club met recently at the home of Mrs. Jessie Jones. At noon a delicious potluck dinner was enjoyed by all.

The afternoon meeting was opened by the vice president, Mrs. Albert Tucker. The salute to the flag and club creed was repeated by all. The history of the song of the month, "Locher Lamond", was read by Mrs. Wilbur Perry. For meditation, Mrs. Tucker read "Mother's ABC." Mrs. Mont Loher had charge of the health and safety report.

Mrs. Tucker presented our president, Mrs. Edwin Shirey, with a gavel.

Mrs. Shirey had charge of the business meeting and program planning was discussed. The secretary and treasurer reports were read by Mrs. Jessie Jones. Club prayer song was then repeated by all.

Some of our members were absent due to illness. There were six members present. Mrs. Bill Hatfield and Ricky called a short while in the afternoon.

The May Meeting will be with Mrs. Edwin Shirey of Palestine and will be an afternoon meeting.

## VISIT IN FLORIDA

"Mr. and Mrs. Leo Valentine and son Marlin, drove to Bradenton, Florida where they visited with Mr. and Mrs. O. B. Valentine.

Over Easter they were joined by Darrel Valentine and Carol Emmons of Warsaw, who flew to St. Petersburg to meet them. They toured the state together and returned home Sunday.

Dale Kelly is home from Bradenton, Florida where he spent the winter.

NEWS? Ph. ELmwood 3-3985

## Make A Bowl Garden

Would you like a miniature garden in your home? Then make a bowl garden, or terrarium, advises C. E. Hoxie, Purdue University extension horticulturist.

A bowl garden can be entertaining and educational for the whole family and may lead to a fascinating hobby. Use an inexpensive glass container of the fish-bowl type or perhaps a discarded fish tank and place on it a removable lid.

When the lid seals the container, Hoxie explains, the moisture given off by the plants causes condensation, and this moisture then returns to the soil to water it. Thus, a terrarium is a little plant world in itself.

If you own wooded grounds, you can find on them a wide variety of small wild plants for your garden bowl. If not, the horticulturist urges you to leave wild flowers and native plants for others to enjoy. You can bring back from a woods walk a bit of moss and a small piece of partly rotted branch which will give your bowl garden a woodsy look and conserve moisture. For little money you can buy such plants as baby's tears, artillery plant, dwarf boxwood, variegated euonymus and small ferns.

If excess moisture forms on the container, slide back or remove the lid for a while. Since condensation reduces the need for moisture, be careful not to over-water, Hoxie warns.

Fertilize your home garden with three or four pounds of 12-12-12 per 100 square feet before plowing or turning over, recommend Purdue University horticulturists.

Mr. and Mrs. Morris Bitzer and Jay have moved south of town in the Devon Tucker house.

Purdue University animal scientists say lambs should be docked and castrated when they are from three to 14 days old.

The space between pictures hung in a group should be less than the width of one picture, according to Purdue University home furnishing specialists.

Purdue University turf specialists recommend watering lawns immediately after fertilization. Watering gets the plant food down where it is needed.

Row spacing experiments with soybeans show row widths of 24 to 28 inches give the highest yield per acre, according to Purdue University agronomists.

## NOTICE OF LETTING SCHOOL TRANSPORTATION CONTRACT

Notice is hereby given that the Trustee of Franklin Township, Kosciusko County, having determined that school bus equipment is now available so as to permit free and open competitive bidding, will (with the advice of the advisory board of such township) receive sealed bids until 8:00 o'clock p.m. on 26 April, 1961, at the trustee's office located at his home for the transportation of school children on designated routes. Definite specifications, which describe the routes to be traveled, the equipment to be furnished and other conditions which will be required in the contract are now on file in the office of the township trustee and a duplicate copy thereof is on file in the office of the Township Trustee.

The right is reserved to reject any and all bids.

## BEAVER DAM SCHOOL NEWS

The Junior-Senior Banquet was held at the Hobby Ranch House in Fort Wayne last Friday evening. Later the group journeyed to the Embassy where they saw "One Hundred and One Dalmations." Everyone had an enjoyable evening and we wish to thank the members of the junior class and their sponsors for making this possible.

The seniors have turned in their rooming list for the senior trip. They will leave on Saturday, May 6, with Miller Tours.

The April P.T.A. was held last Tuesday evening. Mrs. Mamie Braddock of the Warsaw City

Schools talked to us about the reading program.

Sandra Surface, daughter of Mr. and Mrs. Orlando Surface, will be on the county 7th and 8th grade spelling bee this Saturday, April 15 over WRSW at 9:30 a.m.

The Boys' 4-H Club will meet at the school next Monday evening at 7:30.

Grade cards will be distributed this coming Tuesday.

The Farm Bureau will meet at the school Tuesday evening.

The county band festival will be held next Friday at Syracuse at 7:30. If you enjoy good music, you should plan to see the fest-

ival. The bands will practice at 9:15 that morning. Admission will be 60c and 30c.

Plans are being made to have pre-school day on April 28. We should like to have the names of those who will be entering the first grade next fall. In order to enroll in the first grade next fall, a child must be six years of age on or before October 1, 1961. Several known educators feel that too many children start to school when they are too young. You as parents will have to decide whether or not your child should enter. In almost all cases the parent does not make the decision. Most child-

ren start to school when they reach the minimum age ascertained by the county board of education. However, this beginning age is a minimum age and in several cases is too young for the child to enroll in the first grade. If you know of a child who will be enrolling in the first grade at Beaver Dam next fall, contact the school office or Mrs. Marie Umbower.

Swine raisers should learn to recognize the cocklebur plant. It is very toxic in its two-leaf stage, and keep hogs out of lots containing young plants, say Purdue University veterinarians.

## INDIANA INDIAN COLLECTORS TO MEET

The spring meeting of the Indiana Indian Relic Collectors Society is at the Conservation Club House, two miles north of Rochester, Ind. on Sunday, April 16, from 10 to 3. Reservations for dinner must be made three days beforehand with Wade Jarrette, Chairman, 1301 South Main St., Rochester. A short program and business meeting will precede the meal.

ADVERTISE! IT PAYS!

### Switches To Corn That Feeds Further

SAYBROOK, ILLINOIS — After several years of raising different kinds of corn, Stanley Holsclaw has all of his acreage in one brand this season.

Holsclaw planted all Moews because his Big "M" varieties didn't stalk break last fall when his other corn was so dry it was hard to pick. But before making his decision to switch entirely to Big "M" varieties, Stanley made additional comparisons.

"The Moews Giant Ears shelled out more corn than the other kinds," he reports. "Then I found that Moews corn makes a better feed corn. My cattle did good on it. They were never off feed and it seems to take less of the big-kernel, mellow-starch Moews grain to do the job of feeding."

**FEEDERS' FAVORITE Big "M"** varieties are pictured in full color, in new Moews Catalog-Broadside. Ask your MOEWS MAN for your copy and recommended feeding corns for your area.

For more corn from less acres this year plant Moews. Ask the man that grows it—see one of these dealers:

## MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing\*—there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

AND JUST ONE  
JET-SMOOTH  
RIDE WILL  
SHOW YOU  
WHY!

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

\*Official R.L. Polk & Co. registration figures show full-sized Chevrolets outsold the second-choice make by a record-breaking margin in 1960—and Chevrolets continue to set the pace for the industry this year!

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

**COMMUNISM, OUR ACTIVE ENEMY**

Communism is our active enemy because the basic beliefs of the communists are opposed to ours.

We believe in God, the communists believe there is no God; therefore, they believe that the only thing that counts is what is done on earth. They believe that the state is sovereign and that all things should be done for the state.

We believe in the dignity of the individual man; they haven't any respect for human life. We have laws in America which guarantee human rights for all, but in Soviet Russia the people haven't any rights. They never know when or why the Secret Police will barage into their homes.

We believe in freedom and liberty. The Russian people live in slavery under a dictatorship.

We believe in free enterprise, and they believe in socialism. Here, in America, we can own many things, but in Soviet Russia all things are owned by the state.

The long range strategy of the communists is to overthrow our way of life. They speak much about peaceful co-existence, but we must remember, to the co-existence means communist conquest without war. Co-existing with communists is like putting a man in a cage with a hungry lion—after the lion has eaten the man, they have peaceful co-existence.

Their talk of peace and co-existence is only part of their long range strategy. Lenin gave this command to communists: "We have to use any ruse, cunning, dodges, tricks, unlawful methods, concealment, and veiling of the truth." During the last twenty five years, the United States has had 3,400 meetings with the communists. These meetings have led to fifty two major agreements, and the Soviet Socialist Russia has broken fifty of them! Lenin made this statement about peace agreements: "Promises are like pie-crusts—made to be broken." The ultimate goal of the communists is to spread communism over the entire globe and rule the world. Their plan for world conquest was stated by Lenin in these words: "First, we will take Eastern Europe, then the masses of Asia, then we will encircle the United States, which will be the last bastion of capitalism. We will not have to attack. It will fall like an overripe fruit into our hands." On November 18, 1956, Khrushchev made the statement: "We will bury you!" and on June 2, 1957, he stated on American television, "Your grandchildren will live under socialism." Their tactics are deceptive and treacherous.

Communism, as our active enemy, must be defeated! We must study and define the differences between their system and ours. In 1937, Pope Pius XI asked this question: "How is it that such a system, long since rejected scientifically and now

proved erroneous by experience, how is it, we ask, that such a system could spread so rapidly in all parts of the world?" He answered his own question in these words: "The explanation lies in the fact that too few have been able to grasp the nature of communism."

We must examine our own thinking and beliefs! So much socialism is being taught in schools and colleges, and in every walk of life we are forever confronted with it. Too many have the opinion that since we live in a friendly little town in the conservative state of Indiana, we have nothing to fear. We must rouse them out of their sleep! When we are complacent, that is just when we are the most defenseless. We must watch constantly that we will not be gradually drawn-in to accept these errors as our doctrine. Communism succeeds because people do not bother to learn what communists want and how they operate. We must not allow Americans to be deceived by their conduct. We must understand and expose their strategy for world domination.

STEVEN OLSON

**COMMUNISM, OUR ACTIVE ENEMY**

In America and other countries of the free world there is one type of government which is regarded as the greatest threat to world peace. This enemy is Communism. Because of its doctrine against freedom of the individual, it has become our most active enemy.

Originally called "scientific socialism" by its founders, Marx and Engels, it asserts that all means of production and property should be owned by the state, not by individuals. Theoretically it is based on the fundamental premise that all people should work for the common good and be awarded according to the principle. Form each according to his ability, to each according to his need." All kinds of work are considered of equal importance in a "classless society." With the disappearance of class distinctions a centralized authority becomes unnecessary. This disappearance of class distinctions, a centralized authority becomes unnecessary. This disappearance of individualism contradicts America's great system of capitalism which embodies private enterprise under free competition.

To support these ideals, Communists have been very active. All newspapers and other information material available to citizens of Communist countries are strictly controlled and censored by their governments. Only official propaganda and news prepared by government sources are broadcast. The simplest explanation of Iron Curtain restrictions is that Communist rulers fear to let their captive peoples hear the facts, knowing that the truth would defeat their own propaganda.

Communism is actively dedi-

cated to the destruction of all religions, demanding unquestioning obedience and undivided loyalty. Religion is regarded as the "opium of the people" and is feared because of its power. Since 1918, thousands of priests, monks, nuns, ministers, and mul-lahs have been sent to forced labor camps or executed. This is an example of the ruthless tactics and force used by Communists to further their cause.

Communism utilizes three main methods to gain its ends; force, subversion, and infiltration. By force and subversion approximately 700 million people have been brought under Communist domination in the past sixteen years, including the Eastern European satellites, mainland China, North Korea, and North Vietnam. This figure, added to the 215 million people in the U.S.S.R. brings the total number of persons under Communist rule to over 900 million, or about one-third of the earth's entire population. In America Communists are trying to spread their propaganda by infiltration and front organizations.

In order to combat Communism, we, as Americans, must use one principal weapon to repel the threat; knowledge of truth. We must realize that men like Stalin, Lenin, and Khrushchev are merely instruments in a great plan for world domination, that they rose to their high ranks by treachery, and that they will continue to use treachery in dealing with us. We must know the tactics and tools Communism uses on unwilling or unwitting victims, and we must spread this knowledge to others. We must be unflinching in our efforts to unit foes of Communism solidly against it. When we have accomplished these things, Communism will no longer be our active enemy.

DONA KAY VANGILDER

**COMMUNISM, OUR ACTIVE ENEMY**

Communism is a way of life. The movement started in Russia long ago. The social Democratic Party, known as Boesheviks, took over the power from Kerensky government in 1917, five months later after the Czar was overthrown, and formed the Communist Party. It spread to China, Poland, Czechoslovakia, Latvia, Lithuania, and now to Cuba.

Forty percent of the world's people are Communist-ruled. Twenty five percent of the earth's surface is populated by Communists.

Under communism there would be complete rule by a few. All laws abolished. There are no freedoms. The people are allowed to own no productive property, no rental property. The party owns the houses, the personal possessions, the bank deposits. All insurances are abolished. There are no wholesalers, no brokers, no lawyers—there are no rights to defend!

The press is muzzled: only what the party allows is published. Movies, television, and

radio are taken over by the government and used only for what they want the people to know.

God does not exist in their opinion, so there are no religious schools. They boast about their schools they've built, but visitors are never allowed to see them. Dr. Wayne Paulen toured Russia last year and in reporting conditions there he said that tourists are allowed only in the University of Moscow. It is really a superior institution but comparatively few can attend.

They boast, too, about their superiority in agriculture, but we must not believe what they say. People who really know claim they are at least fifty years behind us in progress.

They make flowery promises to the housewife such as telling her that under communism she need not wash dishes. Of course she doesn't—she's out laying bricks, building roads or doing heavy labor which machines or men in our country would do. She is allowed to be off work two weeks before the birth of her baby and two weeks after. Then the child is placed in a nursery where the mother may visit. Later she is allowed to see it only on occasions. The Party controls everything about you—what you eat, where and when you work. It makes puppets out of the people.

They have definite plans for invading other countries and in time over-powering the world. They plan to take our country, not by bombs, but by undermining our faith in government, our God, and our schools. They have steadily infiltrated our country. We see it in other countries, but are not too aware of its presence here. The number of members has grown here, we have an organization, which meets regularly, in our own country. They are not concerned about the few who drop out because they know that each Communist will work hard at promoting the growth of Communism.

Khrushchev appeared on our American television screens on June 2, 1957 and confidently told us, "your grandchildren will live under socialism."

William Zoster dedicated his book, "The Twilight of World Capitalism", to his great-grandson, "who will live in a Communist United States."

At its rate of growth since World War II, the universal Communist police state could come into being in our lifetime. Does it sound like an exaggeration? Well, ancient Romans, too, must have thought the idea of conquest by their clamorous barbarians was farfetched. Today, history moves with electronic speed.

We must prove steadfast faith in God. Each American Citizen should learn all he can about Communism and do all he can to overcome this world threat. We need to educate people. Many Americans are unconcerned. We need to tell them our freedoms under Communism would be abolished.

The only way to even the

struggle for survival is to embark on a massive offensive turning every Communist trick and stratagem from propaganda to infiltration against our mortal enemy.

MELISSA BECHTOL

**COMMUNISM, OUR ACTIVE ENEMY**

The word communism means the doctrine of common ownership of the means of production.

The Communist master plan for world conquest was started by Lenin in these words: First we will take Eastern Europe, then the masses of Asia, then we will encircle the United States, which will be the bastion of capitalism. We will not have to attack. It will fall like an over-ripe fruit into our hands.

During the last 25 years, the United States has had 3,400 meetings with the Communists. All this talk led to 52 major agreements, and Soviet Russia has broken 50 of them. During the last three years, the United States has met seventy-three times at Geneva with the Chinese Reds to negotiate the release of 450 American prisoners. Not one American serviceman has been accounted for or released.

The Communists have followed Stalin's principle of diplomatic intercourse.

Mark and Engels stated this objective in the Communist Manifesto; The theory of the Communists may be summed up in the single sentence; Abolition of private property.

Khrushchev appeared on our American television screens on June 2, 1957 and told us that our grandchildren will live under socialism.

The real strength of Communism in the United States is the number of non-communists or organizations and individuals who will collaborate with the Communist.

For every Communist party, member, there may be 100 non-communists.

We must bear in mind that the Communists have the most deplorable record in all history for violation of solemn treaties, and that is the policy of Communists to promise anything and to perform nothing unless serves their immediate ends.

MIKE WHETSTONE

**FOR SALE**

Aqua knit dress, 2 pc. sapphire blue taffeta dress, black dress, 2 pc. navy and white checked taffeta dress, navy linen lightweight coat, beige winter coat, grey glen plaid dress—all size 14.

4-H CONTEST  
WINNERS

Twenty-four acts were presented at the annual 4-H Share-The Fun Contest held in the Lincoln School Auditorium, April 14. The contest is one of the highlights of the 4-H events held during the year. The contest winner will be competing in the District contest to be held at the Rome City High School, Rome City in Noble County on April 18.

The winning act in the Curtain act division was Judy Summers from Warsaw with a dramatic reading. Second place act in this division was "Honey Bun" by Nanette McPherson and Linda Kneller from Silver Lake.

The first place act in the Group division was "Grandma's Album" presented by 19 members of the Beaver Dam Agriculture 4-H Club. The second place act in this division was a band made up of members of the Atwood Neverquitters 4-H Club.

WEDDING  
ANNIVERSARY

Thirty guests spent all night Sunday at the home of Carl Zolman. Although the guest list was small for Mrs. Zolman's parents' 50th wedding anniversary. Seven of their nine children battled the freak snow storm to be with their parents, some of them not arriving until 5:00 p.m. Only to find out they would have to spend the night, as all the roads were closed. One son and family tried to get back to Mishawaka only to find it was impossible, so they turned around and headed back to the Zolman home and was very glad to get back.

Mr. and Mrs. Keplus' anniversary will be a day they will remember for a long time. Over night guests included Mrs. Harley Rice, Nita and Allen of Gary; Mrs. Madelyn Miller of Tell City; Mr. and Mrs. Ed Kysler, Karen, Kim, Linda and Bobby of Mishawaka; Mr. and Mrs. E. C. Kysler, Carol and Woody of Plymouth; Mr. and Mrs. Henry Kysler and grandson, Mat of Argos; Mr. and Mrs. Glenn Beatty Jr. and Buddy, Mrs. Edith La Fallotte and daughter, Viva and grandson of Warsaw.

There were 14 grandchildren and one great-grandchild present. Everyone departed Monday afternoon hoping they would be able to make it on to their homes.

MRS. BOWMAN  
DIES TUESDAY

Mrs. Maree (Highway) Bowman, 87, a resident of Pierceton for the past 42 years, died on Tuesday in the Alfran nursing home in Warsaw.

Mrs. Bowman was born in Mentone September 17, 1873, the daughter of Marion and Dorothy (Garvin) Highway. She married O. H. Bowman Jan. 26, 1918. He preceded her in death. She was a member of the Pierceton Presbyterian church, the Eastern Star, the Federation of Clubs, and Women's Society of the Presbyterian church.

Surviving are two sons, Tom and Davis, both of Pierceton; two daughters, Emily Magath of Florida, and Eva Deering of Antioch, Ill.; 13 grandchildren; 25 great-grandchildren and three great-great-grandchildren.

Funeral services will be held Friday at two p. m. in Pierceton at the Breeding funeral home with Rev. William Clemenson officiating. Burial will be in the Hillcrest cemetery at Pierceton.

Friends may call at the funeral home after noon Thursday.

COUNTY BAND  
FESTIVAL FRIDAY

The County Band Festival will be held at the Syracuse high school on Friday evening, April 21 at 7:30 p. m.

The program will include the following selections: Star Spangled Banner, Burst of Trumpets, Komm, Susser Todd, The Big Top Overture, Springtime Festival, Chopin Silhouette, Mexican Mambo, Hymn of Freedom, The King and I, Impression of a Scottish Aire, Onward Christian Soldiers, Kentucky Babe and Festival Finale.

There will be several ensembles that placed first at the state contest which will perform during the program. The guest conductor will be David C. McCormick, formerly of Manchester College and now at Morton High School, Cicero, Illinois.

Admission will be 60c for the adults and 30c for students, and tickets will be available at the door.

## HAS HEART ATTACK

Bert Holloway suffered a heart attack early Monday morning, and is slowly improving at the Murphy Medical Center at Warsaw. He is now able to go without oxygen.

## COUNTERPOINT

By The Editor's Wife

By the time this column appears, the editor and his spouse will be back in Indiana. Right now, while writing this, I am able to glance out our picture window and see and hear the wild waves as they churn in from the Gulf of Mexico, only a stone's throw away.

The waves are calmer today. For the past few days a storm has been blowing in, and all the shells have been broken as they washed ashore.

We have spent hours along the great stretch of beach. Our hands and pockets were loaded with shells the first trip. We took a sack the next time. Today we learned that this is one of the few beaches where sharks teeth are found, so tonight we are suffering with sore aching backs in addition to sunburn. (We did find shark's teeth—lots of them.)

If these Florida towns have any bad points, one isn't able to learn what they are from the townspeople. Every town is an ideal spot in which to live, and the weather there is perfect! (This would pose a real problem for anyone seeking a retirement site.)

"To create harmony one must study discord." This is true of music composition, but it is also true in another aspect. We must study Communism (discord) in order to see and understand the way to maintain our freedom.

The third basic 'scientific' law of Communism follows:

The third law of Communism is economic determinism. It states that the qualities of human intelligence, personality, emotional and religious life merely reflect the economic environment which has conditioned us—that in the last analysis what we think, what we feel, what we believe, whom we love and whom we worship is simply an expression of the environment in which we were raised. And since that environment is primarily concerned with economic forces, in the final analysis man is a determined economic being.

More than two-thirds of men's ties, shirts, socks, pajamas and underwear are bought for them

PARK WORK DAY  
NEXT WEDNESDAY

The Mentone Lions Club, in cooperation with the Mentone park board and other interested citizens, announce that a workday will be held at the city park next Wednesday evening, April 26, starting at five o'clock in the afternoon, for the purpose of clearing the area and providing for the construction of suitable park facilities. Chain saws, axes and ambitious citizens are invited to take part.

Rain date will be Friday evening.

by women. (I feel that a man should always buy his own ties, if that is any consolation.)

Here are some safe-driving rules. Why not check yourself for error.

1. Drive within the speed limit—not too fast or too slow—both are hazardous.
2. Do not take up more than one lane.
3. Do not block an intersection even in face of a green light.
4. Do not weave from one lane to another. If you must, give proper signal.
5. Do not drink while you are driving—do not drive after drinking.
6. Show courtesy to your fellow drivers and yield the road to them when they are boxed in.
7. Be alert at the stoplight, and move without hesitation when the green light shows. A five and a ten second stall at a green light ties up traffic.
8. Give full attention to driving and not to the discussion around you.
9. Keep your car in good condition with at least a half tank of gas. Civil Defense also recommends this.
10. Use the three C's of driving—care, caution and courtesy. (Sounds complicated, doesn't it?)

We enjoyed this: Two transport drivers were taking a cargo into Canada for the first time. Late in the evening they stopped at a large town, parked their truck and entered a diner. A cute waitress approached them.

"What town is this?" asked one of the drivers. "Saskatoon, Saskatchewan," sang out the waitress. The driver turned to his companion and exclaimed, "Now we're in a real mess. They don't even speak English here!"

HOME BURNS  
ON TUESDAY

The home of Robert Ross was damaged considerably by fire on Tuesday afternoon of this week. The home is located about two miles west and one mile north of Mentone. The fire began in a small building on the north side of the building, which was connected by a roof. The flames were carried along the roof to the main structure by the strong north-west wind.

Firemen from Mentone and Tippecanoe battled the flames and were able to control them to the upper portion of the home, however, heavy water and smoke damage covered the complete portion of the structure. It was feared at one time the water supply would be gone, so the Burket tanker was summoned.

BEAVER DAM  
HONOR ROLL

The honor roll for the fifth grading period is as follows:

All A's - 12, Jean Swick; All A's and B's - 12, Sue Welty, Mary Golden; 10, Jean Cumberland, Ana Murcia, Tom Adams; 9, Betty Bibler; 8, Sandra Surface, Richard Harrold, David Norris, Rickey Weaver; 7, Janet Goshert. All B's - 11, Charlene Moore.

## PICTURES SHOWN

Dr. Wilson entertained the Mentone Lions Club members Wednesday evening by showing colored pictures which he took on a recent trip to Hawaii.

The next meeting of the Lions club will be a father and son banquet Wednesday evening, May 3.

## OMITTED

In the Card of Thanks of the Cook family in last week's issue, the names of Mr. and Mrs. William (Billy) Blue were accidentally omitted.

## CALENDAR

The W.S.C.S. will meet Thursday, April 20 at 7:45 at the home of Eleanor Hoover.

The Eastern Star will meet Friday, April 21 at 8:00 p.m. Birthday Anniversary meeting.

The Mentone Home Ec Club will meet at the home of Mrs. Eve Laird, Wednesday, April 26 at 5:45, to leave for their anniversary supper.

Rev. and Mrs. William Nangle of Wabash were Saturday evening dinner guests of Mr. and Mrs. Lewis Norwood in Mentone.

Mrs. Bertha Mowrer of North Manchester spent the week end with her cousin Mrs. Myrtle Davis.

Mr. and Mrs. William Rathbun and family had Sunday dinner with their daughter and family, Mr. and Mrs. Steve Smith at Goshen.

Mrs. Dick Martin and children of Grand Rapids, Michigan spent the week end with Mr. and Mrs. W. E. Fowler and Mr. and Mrs. Paul Rush and family.

Mr. and Mrs. Norman Teel and son Bob of Rochester had Sunday dinner with Mrs. Alfred Teel. Mr. and Mrs. Herbert Adams also called on Mrs. Teel.

Mrs. Allie Lyons, Mrs. Clayton Holloway, Mrs. Dewey Whetstone, Mrs. Jim Leslie, Mrs. Blanche Carbiener, Miss Ethna Scott and Harry Cole were guests of Mr. and Mrs. Garrie Rose during the past week.

Mr. and Mrs. Ed Davis and family were Saturday evening guests of Mr. and Mrs. Loyle Karns of Urbana.

Mr. and Mrs. Don Bunner and Mr. and Mrs. Rea H. Ward were recent callers at the Rosa Kinsey home.

Mr. and Mrs. George Hall and family were dinner guests Sunday of his mother, Mrs. Ruby Hall.

Saturday evening a birthday supper was held at the home of Mr. and Mrs. Gilbert Griffin in honor of their son Bob's birthday. The guests were Mr. and Mrs. Larry Boggs and Jo Ellen, Mr. and Mrs. Bill Griffin and Brad, Mrs. Georgia Teel, Connie, Ronnie and Donita.

Mrs. Nellie Sprague of Mason, Michigan returned to her home Thursday after visiting with her daughter and family, Dr. and Mrs. Rea H. Ward.

Mr. and Mrs. Paul Fritz and family of Spring Arber, Michigan came Friday evening to the home of her parents, Mr. and Mrs. Rea H. Ward. Because of Sunday's snowstorm their return to Spring Arber was delayed until Monday evening.

## BURKET CHEERIO INITIATION NIGHT

One of the funniest nights in 4-H activities is initiation night. And for the Burket Cheerio Club, initiation night was April 11. Thirteen girls went through wearing their clothes wrong side-out, unmatched shoes and socks, a special hair-do by the initiation committee, and they also had to eat their refreshments without any utensils and write with the opposite hand they usually write with. These girls were Virginia Bruner, Haf-en Engle, Debra Ehernman,

Vickie Hall, Paula Jones, Pamela Kuhn, Janet Pruitt, Connie Meredith, Delta Secor, Marsha Siak, Peggy Silveus, Sara Fisher, and our leader Mrs. Del Nelson.

Our president Melvina Secor appointed a committee for the Mother and Daughter Banquet. They are as follows: Chairman, Ann Tucker; Assistant, Linda Fitton; Arlys Thompson; Sonja Baker; Susan Yarian; Pamela Kuhn; Debra Ehernman and Deana Rowland.

According to Leslie Carmin the next meeting will be at the Burket E.U.B. Church. It will be a Mother and Daughter Banquet on May 2, 1961. Grandmothers are invited.

Avoid a "zebra striped" lawn, apply fertilizer carefully, remind Purdue University turf specialists. Apply half the fertilizer by pushing the spreader in a north-south direction; then apply the other half by going east and west.

For a profusion of color in your flower garden this summer plant larkspur and bachelor button seed out of doors now, suggest Purdue University horticulturists. Verbena, candytuft and alyssum also can be planted outside at this time.

Mr. and Mrs. Monroe Romine of Mentone announce the approaching marriage of their daughter, Janet Elaine, to Thomas A. Smith, son of Mr. and Mrs. Arthur Smith of Atwood.

A graduate of the Mentone High School and Ravenscraft Beauty College of Fort Wayne, the bride-elect is employed at the Sunny Rae Beauty Nook in Bourbon.

Mr. Smith, an alumnus of the Atwood High School, is employed by the Northern Indiana Co-operative in Mentone.

A June 10th wedding is being planned.

ATWOOD ADULTS  
TOUR CHICAGO

The Atwood adult and young farmer classes took their annual trip on Tuesday, March 28. The group left Atwood at 7:00 a.m. and traveled by charter bus. The first stop in Chicago was at the Board of Trade building. We watched the opening of the Board of Trade and then saw an educational film on the purpose of the Board of Trade. The second stop was at the Union Stock Yards where we toured the facilities.

In the afternoon a guided

## ENGAGED

Mrs. Forrest Harley of Argos announces the engagement of her daughter, Sue Elaine Shoemaker, to Ronald J. Kammer, son of Mrs. Harold Koenig, of 3725 Northcreek Drive, Fort Wayne, Indiana and Roland Kammer, Fort Wayne.

Miss Shoemaker, a graduate of Mentone High School, is a senior at the Lutheran School of Nursing. Mr. Kammer graduated from South Side High School and is now employed at International Harvester.

Plans are for a fall wedding.

tour was taken through the Ford Motor Company assembly plant and also the Cargille Grain Terminal.

According to Jim Haynes, advisor for the group, the members that went on the tour were: Larry Menzie, Loyal Haney, Graydon Powell, Dan Anglin, Kenneth Miller, Milton Irwin, Maurice McDaniel, Jim Wolf, John Bolinger, Joe Irwin, Ray Williamson, Dale Besson, Jim Thomas, Bill Thomas, Wallace Anglin, and Fred Powell.

MENTONE H. D.  
CLUB MEETS

The Mentone Home Demonstration Club met for their April meeting with Mrs. Melissa Unzicker. The meeting was opened with the pledge to the flag, repeating the creed and singing, "America the Beautiful."

For meditation, Dessie Cramblet read three poems, "The Friend Who Stands By", "Faith is the Key" and "Grace Without Cost."

History of the song of the month "Loch Lamond" was read by Genevieve Warren. The group sang the song.

Health and safety on T.B. was given by Eva Laird. The lesson on wall accessories was given by Opal Tucker. Roll call was answered by "The sort of old lady I would like to be."

Secretary and Treasurer reports were read. Esther Sarber was in charge of old and new business. Gifts to Cherrio Pals were Opal Tucker, Eloise Long, Mary Barton, Maude Cox, Eva Laird and Blanche Whitmyre.

Pearl Gates won the mystery package. The meeting was closed with the club collect. Dessie Cramblet was co-hostess with 12 members present. The club members are to meet at the home of Eva Laird on Wednesday, the 26th, at 5:45 to leave for their anniversary dinner.

Bluegrass is the best adapted lawn grass for all of Indiana, according to Purdue University turf specialists. Zoysia turns brown with the first frost and remains brown until late spring.

## ABOUT WHEAT

The discoloration of wheat this spring is not a cause for any particular concern as it is not a disease situation, according to Donald E. Frantz, County Agricultural Agent.

Many fields are showing a yellowing and browning on the leaves. This is a symptom of a nitrogen shortage due to the weather changes rather than a lack of fertility. Two varieties are apparently sensitive to the wide ranges in temperature as spring opens up. They are Dual and Laporte.

If the browning is serious enough to defoliate some of the plants then extra nitrogen will encourage the new growth. Mid-April would probably still be early enough to get good results.

Switches To Corn  
That Feeds Further

SAYBROOK, ILLINOIS — After several years of raising different kinds of corn, Stanley Holsclaw has all of his acreage in one brand this season.

Holsclaw planted all Moews because his Big "M" varieties didn't stalk break last fall when his other corn was so dry it was hard to pick. But before making his decision to switch entirely to Big "M" varieties, Stanley made additional comparisons.

"The Moews Giant Ears shelled out more corn than the other kinds," he reports. "Then I found that Moews corn makes a better feed corn. My cattle did good on it. They were never off feed and it seems to take less of the big-kernel, mellow-starch Moews grain to do the job of feeding."

FEEDERS' FAVORITE Big "M" varieties are pictured in full color, in new Moews Catalog-Broadside. Ask your MOEWS MAN for your copy and recommended feeding corns for your area.

For more corn from less acres this year plant Moews. Ask the man that grows it—see one of these dealers:

## A THOUGHT FOR TODAY

by Harold R. Driskell

There is a poem that touches my soul and motivates the best that is within me. It is entitled, "A Little Fellow Follows Me" Perhaps you will be moved by it also.

A careful man I want to be,  
A little fellow follows me;  
I do not dare to go astray,  
For fear he'll go the self-same way.

I cannot once escape his eyes,  
Whatever he sees me do, he tries;

Like me he says he's going to be  
The little chap who follows me.  
He thinks that I am good and fine,

Believes in every word of mine;  
The base in me he must not see,  
That little chap who follows me.

I must remember as I go,  
Through summer's sun and winter's snow;

I am bulding for the years to be  
That little chap who follows me.

## MERRY MIXERS MEET

Tuesday evening the members of the Merry Mixers Home Demonstration Club met at the home of Mrs. Kirk Livingood with Mrs. Robert Smith as co-hostess.

The meeting was opened with the pledge to the flag and the club creed. Meditation was given by Donna Romine. The lesson on simple house repairs was given by Mrs. Joe Good and Mrs. Jim Gates.

Secretary and treasurer reports were read and approved. Several committee reports were given. The door prize was won by Mrs. Robert Hill.

The next meeting will be at the home of Mrs. Joe Good.

## READING CLUB HAS MEETING

The April meeting of the Mentone Reading Club was held at the home of Mrs. Miles Manwaring with Mrs. Loren Tridle as the assistant hostess.

The president, Mrs. Richard Manwaring, called the meeting to order, after which she presented the program chairman, Mrs. Vance Johns.

Mrs. Johns presented Dr. Dan Urschel, who gave a very interesting and informative talk on the heart and blood vessels. After the talk Dr. Urschel answered questions that the ladies asked.

Meditations were given by Mrs. Fred Lemler.

During the business session final plans were made for the County Club Convention that was held in Mentone last week.

Delicious refreshments were served by the hostesses to 19 members and three guests.

Purdue University horticulturists warn home owners not to work their garden until the soil has dried out sufficiently. You can check this by squeezing a handful as you would a snowball. If the ball can't be broken easily by pressure with your fingers, the soil is too wet to work.

Lightning is a major cause of farm fires. The best guarantee that buildings won't be damaged by electrical storms is a good lightning rod system. Purdue University farm safety department suggests that farmers contact a reputable dealer for installation of lightning rods or inspection of existing protection systems.

## SORORITY MEETS

Mrs. Byron Doran was hostess for members and guests of Beta Epsilon Chapter of Psi Iota Xi Sorority at her home near Burket Tuesday evening.

Mrs. Curtis Riner and Mrs. Dale Cook were awarded gifts for highest bridge scores. The door prize was won by Mrs. Paul Quinn.

Mrs. Doran served delicious refreshments to Mrs. Riner, Mrs. Cook, Mrs. Quinn, Mrs. Richard Dickerhoff and Mrs. Joe Boggs.

Mrs. Harold Utter, Miss Barbara King, Mrs. Iris Anderson, Mrs. Ralph Ward, Miss Annabel Mentzer, Mrs. Jack Pritchard, Mrs. Jerome Kralis and two guests, Mrs. Wade Powell and Mrs. Archie Leckrone.

The Psi Ote members will meet at the home of Mrs. Arthur Kendall for their regular business meeting on Tuesday evening, May 2.

Mr. and Mrs. Fred O. Carey of Tippecanoe Lake and Mr. and Mrs. Artley Cullum arrived home Wednesday afternoon after a two-weeks trip to Florida. The trip was scheduled perfectly, judging by what we have heard about the big blizzard here last Sunday.

## D.A.R. PRESENTS HONORS

The Anthony Nigo Chapter of the D.A.R. met at Pete's restaurant on April 11, to honor the Good Citizen Girls of this area with Mrs. Charles Tucker, Mrs. Merlyn Holt, Mrs. Fred Koenig, Mrs. Frank Smith and Mrs. Garwin Eaton as hostesses.

The meeting was opened in ritualistic form with Mrs. Lena Igo, Regent, presiding. National Defense Chairman, Mrs. Frank Smith reported on a statement from Communist Tito of Yugoslavia recently. "Where have they (The West) read that we have abandoned Marxism and Leninism and why don't they quote us?" This assertion is on their part, nothing else but a rude untruth. These are like other assertions that we have separated our country from the socialist camp and brought it in a position to depend on American aid. It should be clear to everyone that during the coming years, nobody will succeed to divert us from our road of socialism just as no one succeeded during the last years." These words from the communist head of Yugoslavia, who has received \$2 billion in foreign aid, earmarked to buy friendship, and according to recent release, will receive approximately \$100 million more to assist in carrying out a reform of its foreign exchange and trade system.

Mrs. Smith also outlined the 15 major objectives of world Communism for the current year, including admission of Red China to the U.N., emphasis on disarmament, student riots, theft of the Panama Canal, trade with Soviet Russia and Red China and interference in relations between the U.S. and the governments of West Germany, France, Spain and Portugal.

Mrs. Miles Manwaring, chairman of the Good Citizen's Committee, welcomed the five girls and their mothers, selected as winners of the Good Citizen's award from the various schools. These girls were chosen for the qualities of dependability, leadership, service and patriotism. Each had submitted a paper on "If Freedom Fail For What Avail".

Miss Betty Clark, Silver Lake, was chosen the winner of this district and presented with a certificate issued by the Nation al D.A.R.

Also presented pins and certificates were: Janice Davis of Mentone; Diane Ballenger of Beaver Dam; Elva Graber of Elva Green and Nancy Irwin of Atwood. Miss Alice Frantz of Claypool was unable to attend. Each mother was introduced and congratulated. A corsage was also presented to each participant.

The program was presented by the music and speech students of the Mentone and Beaver Dam Schools and was very ably presented. It consisted of a piano solo by Linda Smalley of Beaver Dam; Dramatic Reading, "The Button," by Chip Gast; a duet by John Zolman and Mary Golden; Humorous Reading, "Elise," by Martha Van Gilder and concluded by Linda Smalley with the selection "Au Martini" on the piano.

Attractive refreshments were served to all, including 22 members and three guests, Mrs. Mary Cox, Mrs. Ruth Davis and Miss Nancy Shively.

Announcement of the District Meeting of the D.A.R. on May 9th at Leansport was made. The next meeting of the local chapter will be May 2 at the home of Paul Shireman.

## HOME ECONOMICS VARIETY SHOW

The Mentone Home Economics Department will present a program in the High School gym Wednesday evening, April 26 at 7:30.

The clothing classes will present a style show planned and directed by the senior home economics girls.

## Analyze Feed Grain Program

Purdue University agricultural economists who had studied the 1961 Feed Grain Program say most Indiana grain farmers can benefit from participating in it.

Livestock farmers who sell substantial amounts of grain may also benefit.

Operators of farms on which corn and grain sorghum yields are low likely will gain more from signing with the program than operators of farms which produce high yields of these grains, the economists explain.

Farmers approaching retirement or switching to part-time farming may find "renting" land to the government a profitable way to reduce their farm operations, the economists observe.

If the acreage retirement payments are divided on the same basis as crops under a 50:50 lease arrangement, the typical Indiana farm tenant usually will gain more from participating than his landlord. Under 2/3-1/3 crop leases in Indiana, the landlord usually would gain little from participation if the payments are divided on the same basis as crops.

The Feed Grain Program will be more attractive in corn surplus areas of the state than in corn deficit areas, according to the economists, and fits best on farms which intensive corn production practices have been followed and resultantly will have a high base.

County ASC committeemen are in the process of explaining the Feed Grain Program to Indiana farmers and are working out average yields of corn or grain sorghum and payments for participating. Cooperating farmers will divert 20 to 40 percent of the 1959-60 acreage of corn and grain sorghum to soil conserving uses. They will be paid for surplus grain which the government will sell for them if they like.

## Farm Clean Up Time

Rural residents can make the farm a better and safer place to live by a clean up this spring.

That's the word from farm safety specialists at Purdue University, who say a few hours spent in a spring clean up will give the farm a new look and make it a safer place to live and work.

Disorder ranks high as the cause of farm accidents, the specialists assert. A recent study of hospitalized home accident cases disclosed that one of every five was put there by disorder. And, accidents happen most often in cluttered, untidy surroundings.

Needless accidents can be eliminated by following these suggestions:

Pick up broken glass, tin cans and loose boards with nails in

them.

Destroy trash that has accumulated all year and clean up that old lumber piled back of the barn.

Give the farm shop a good cleaning. Make a place for each tool.

Inspect broken and worn steps and make needed repairs.

## FOR SALE

## GENESIS TO REVELATION

Oscar M. Baker, director and  
founder of Truth for Today, a  
movement to promote Bible  
study, chose Sunday, April 16,  
for his annual seminar. Each  
year, TFT has an all day session  
for those who live at some dis-  
tance, to come and get acquaint-  
ed, and study a book of the  
Bible. Happily or unhappily, as  
the case may be, the day picked  
this year happened to be Sun-  
day. Many of those attending  
left early, and as far as we know  
made it home safely. However,  
four members, two from Toledo,  
Ohio, and two from our own city  
carried long after the others had  
left for informal discussion. Af-  
ter coffee and sandwiches by  
Mrs. Baker, the quartet decided  
it was time to make their Exo-  
dus. However, the snow and  
wind accomplished for the quar-  
tet what the Red Sea failed to do  
to the Israelites.

After shoveling for two hours  
to get to the road where they  
thought they would have smooth  
sailing they discovered that  
their troubles had only begun.  
Eventually leaving their cars in  
various attitudes along the Har-  
rison Center Road, they trekked  
back to the house to put up for  
the night.

As we go to press, we have  
been unable to ascertain wheth-  
er they managed to study thru  
the Bible from Genesis to Re-  
velation before the snow plow  
rescued them about ten a.m.  
Monday? Needless to say though,  
it was one of the longest Sunday  
School lessons in history.

## SEWARD H.D. CLUB MEETS

The Seward Home Demonstra-  
tion Club met Wednesday, April  
12 at 1:30 with Mrs. Williamson  
and Bernice Rossiter at their  
home south of Burket. Vice pres-  
ident Mrs. Carl Thomas led the  
group in repeating the pledge

to the flag and club creed. Mrs.  
Gerald Smalley gave the history  
of the song of the month, "Loch  
Lamond" and led in singing the  
song. Mrs. Jake Smith gave the  
meditation of two readings, "I  
Know Something Good About  
You" and "The World's Mine."  
Mrs. Thomas was in charge of  
program planning for 1962.

Members gave "wall prob-  
lems" in answering roll call. Mrs.  
Alton gave the secretary report.  
Mrs. Don Surich read the treas-  
urer report. Mrs. Ted Thompson  
gave a report on the selection  
and care of roses. President Mrs.  
Earl Lowman gave a report on  
Co-Presidents meeting. Mrs. Mer-  
lyn Holt was presented a gift  
for her new baby, Mark. Meet-  
ing was closed with group sing-  
ing Club Prayer Song.

Gifts were presented to sev-  
eral members from Cherrio Pals.  
Mrs. Nelson conducted the auc-  
tion. Refreshments were served  
to 23 members and five children.  
The May meeting will be held in  
the basement of the EUB Church  
in Burket, May 10 with Mrs.  
Wilbur Latimer and Mrs. Lester  
as hostesses. There will be a  
Mother's Day program and it is  
Guest Day.

Purdue University soil con-  
servasionists advise seeding a  
small plot of land to fescue or  
Reed canary grass for a sod sup-  
ply for patching waterways.

## BEAVER DAM SCHOOL NEWS

The students of Beaver Dam are proud and wish to congratulate Sandra Surface on being the runner-up in the 7th and 8th grade county spelling bee contest that was held last Saturday.

There was no school last Monday because of road conditions.

Our school band will participate in the county band festival to be held at Syracuse tomorrow evening (Friday). It will begin at 7:30. Admission will be 60c and 30c. If you enjoy good music you should plan to attend this program.

The employees of the Franklin Township School enjoyed a very delicious family-style dinner at the Wabash Cafeteria in Wabash last Saturday evening. After the meal, entertainment was provided by the entertainment committee composed of Mrs. Annabel Bogue, Mrs. Wanda Swick, and Mrs. Eleanor Taylor. Those on arrangements were Mr. Haney, Mrs. Holsinger, and Mrs. Umbower. Those attending were: Mr. and Mrs. Charles Adams, Mr. and Mrs. James Bogue, Mr. and Mrs. Edward Bucher, Mr. and Mrs. Lawrence Butts, Mr. and Mrs. George Cumberland, Mr. and Mrs. Paul Cumberland, Mr. and Mrs. Oliver Englund, Mr. and Mrs. Fred Haney, Mr. and Mrs. Kenneth Horn, Mr. and Mrs. William Hudson, Mr. and Mrs. Deverall Jefferies, Mr. and Mrs. Robert O. Jones, Mr. and Mrs. Arthur Lyman, Mr. and Mrs. Ronald Malott, Mr. and Mrs. Gerald Smalley, Mr. and Mrs. Jay Swick, Mr. and Mrs. James Taylor, Mrs. Elma Tucker, Mr. and Mrs. Daryl Umbower, Mr. Glenn Webster, Mr. and Mrs. Donald Whittenberger, and Mr. and Mrs. William Zirkle. George Cumberland and Edward Bucher won the door prizes. Everyone had a very enjoyable evening. We wish to thank the two committees for making this possible.

The 1961 "BEAVER BEACON" has arrived and are being distributed. If you have not ordered one of these fine annuals, get in touch with a member of the senior class. Diana Ballenger was the editor of the annual.

Grade cards were distributed last Tuesday.

## ROD AND GUN CLUB MEETING

The Talma Rod and Gun Club meeting, which was supposed to have been held last Monday evening, was canceled due to the snow storm and will be held on Monday evening, April 24th at 7:30 in the Talma old gym.

Now is the time to win the crabgrass battle. Purdue University turf specialists say there are several excellent pre-emergence crabgrass killers on the market. Applying one of these now will knock out the seedlings as they germinate.

## Special Equipment Included In New City Water System

Shown in the accompanying pictures are some views of the new town pump. The capacity of which is 250 gallons per minute from the new 12" well. The size of the new pump can be determined by comparing it with Mr. Joe Baker. Superintendent Ed Davis tells us that the new pump will begin working today and also the painting of the tower begins today. The water will be chlorinated with the new automatic gas chlorinator which was recently installed.

The new water system will be controlled from the tower where the water indicator is located and then signals will be transmitted over telephone wires to the pump house. This is one of the latest developments in the city water systems.

## NEWCASTLE TOWNSHIP NEWS

The New Castle Township Lions Club of Talma will hold their regular monthly meeting on Wednesday, April 26 at 7 p. m. in the Talma old gym.

Mrs. Alta Mollenhour of Mentone was the recent guest in the home of Mr. and Mrs. Devon Eaton.

Mrs. Lillie Myers will leave Sunday for South Bend where she will spend a few days.

Mr. and Mrs. Frank Newton and family of Talma and Mr. and Mrs. Lawrence Wills of Chicago were the recent guests of Mr. and Mrs. Stanley Newton and family of Burket.

Mr. and Mrs. Don Pfeiffer were recent guests of her parents, Mr. and Mrs. Allen Eizinger of Mentone.

Lavoy Montgomery was the Sunday dinner guest of Mr. and Mrs. Jack Curran of Tippecanoe. Mrs. Nadine Srivver was a recent visitor at Purdue.

Mrs. Orah Byrer of South Bend is confined to the Memorial Hospital. Mrs. Myrer is a sister of the late Lois Grove.

Mr. George Coplen is confined to his home due to illness.

Mr. and Mrs. Paul Miller and family of Tiosa were the guests of his parents, Mr. and Mrs. Fred R. Miller.

Miss Sandra Rathbun of Mentone was the recent guest of Miss Judy Green.

KINDERGARTEN  
REGISTRATION

The Mentone kindergarten will have registration for the 1961-1962 term Friday, April 28. It will be in the regular kindergarten room in the school from 1:00 p.m. to 3:00 p.m. All children who will be five years old by October 1, are eligible.

A business meeting will be held at a later date to discuss fees and for the election of officers.

## WITH THE SICK

Mrs. Lewis Harshbarger of near Mentone has been showing improvement from a lung infection.

Morgan Smith, son of Ora Smith, was admitted to the veterans Hospital in Fort Wayne recently.

Cynthia Wise, daughter of Mr. and Mrs. Bud Wise, is ill at her home with Hepatitis.

Mrs. Bill Romine was rushed to the Woodlawn Hospital on Thursday of last week for an appendicitis operation.

Bert Holloway, who suffered a heart attack recently, was returned to his home Monday.

## HONOR STUDENTS

John Frederick, principal of the Mentone school, has released the names of the honor students in the 1961 graduating class. They are:

Dona Kay VanGilder, daughter of Dr. and Mrs. Donald VanGilder, is valedictorian. Besides maintaining an A average during her four years in high school, Dona has been recognized in the following endeavors: four superior ratings in the annual speech festival; four years on the paper staff, the past year as editor; Junior and Senior plays; three years in chorus; two years in triple trio; Pep club, and member of the student council this past year.

Linda Surface, daughter of Mr. and Mrs. Mark Surface, is salutatorian. Linda, too, has made an outstanding scholastic record while busy with the following activities: chorus for three years; librarian for three years; Junior and Senior class plays; Girls' State representative; two excellent and two superior ratings in the speech festival, and Annual editor.

Both young ladies have enrolled in Manchester College for the fall term.

## COUNTERPOINT

By The Editor's Wife

One enjoys reading about the various communities where Arbor Day was observed. Shipshewana students planted several trees on the school grounds. About 30,000 trees were brought into LaGrange County for Arbor Day planting. This was under the supervision of the board of supervisors of the Soil Conservation department.

Arbor Day is observed in every state but Alaska.

We were introduced to an especially interesting book on our recent trip. It is "Hunza—Adventure In A Land Of Paradise." John Tobe, author of a column in Organic Gardening and Farming, wrote the book. It is based on his personal experiences in Hunza, and answers many questions about the diet, health and long life of this fascinating people.

Hunza is located in Kashmir, and is so isolated that it cannot be reached by truck, plane or helicopter. Naturally, this isolation is the secret of their success. John Tobe says, "The Hunzans have developed a way of life combining the soundest aspects of civilization with those features of primitive life which prevent them from becoming prey to the weaknesses created by civilization. You will enjoy reading this book."

Dr. Frederick Schwarz, graduate in medicine and psychiatry and a native of Austria, has dedicated his life to the destruction of communism. He says, "The ideology of communism is applied Godless materialism. Many people are perplexed by the overwhelming appeal communism apparently offers to the student mind. The nature of that appeal is a promise that the student can achieve two things..."

He can participate in the conquest of the world. And following world conquest, he can participate in a program to change human nature, perfect human character, and populate the entire earth with a new quality of personality infinitely superior to any that history has ever known."

(One has only to look at those pitiful, crushed lives behind the Iron Curtain and note the methods used by the communists, to realize the lies concealed in these plans. This is truly a sat-

(Continued on back page)

BREAK-IN AT  
NICA STATION

Friday night burglars broke into the Northern Indiana Cooperative Association filling station in Mentone and helped themselves to quite a sum of merchandise. Missing were five new tires, four used tires, cigars, cigarettes, chewing gum, chewing tobacco, cough drops, flashlights, grease tubes, etc.

Sunday Everett Rathfon, manager of the Cooperative, received a telephone call from a man who said he had taken it while drunk, and that it could be found in an old school house at County Roads 425 West and 900 North. The sheriff's department found a good portion of the merchandise there, and the case was further investigated.

Mr. Rathfon heard the telephone operator tell the caller to deposit 30c, which gave a clue to the originating point of the call, Marshall Clifford Pierson of Milford remembered seeing a man use the pay phone about that time, and arrests were made Monday. Taken into custody were Joseph and James Linville, 21 and 28, of near Warsaw.

Entrance to the filling station was gained through a coal door in the furnace room.

## ENGAGED

Hubert Keirn announces the engagement of their daughter, Becky Sue, to Larry J. Montel, son of Mr. and Mrs. Joe Montel, Route 2, Warsaw.

Miss Keirn will graduate from Mentone High School next month. Mr. Montel, an alumnus of the school, is employed at the Ringer Body Shop in Warsaw.

They will be married June 24 in the Warsaw Church of God.

## BIRTHS

Mr. and Mrs. Ned Witham are the parents of a new daughter, Tracey Jane, born Thursday night at the Woodlawn hospital at Rochester. She weighed five pounds, one ounce. Grandparents are Mrs. Lillian Witham of Etna Green and Mr. and Mrs. Byron Zimmerman of Rochester.

Mr. and Mrs. Don Emmons of Lafayette, are the parents of a 6 pound son born April 21. He has been named Don Lee. The Emmons have two daughters also.

Mr. and Mrs. Casel Whetstone are the maternal grandparents and Mrs. Percy Swick is the paternal grandmother.

EMMETT KROHNE  
BURIED MONDAY

Emmett A. Krohne, 63, 2441 John Street, Fort Wayne, died Friday at 2:40 a.m. at Parkview Memorial Hospital where he had been a patient since April 1. He retired last September due to ill-health.

A former painter and decorator, he was a lifetime resident of Fort Wayne, and a member of Bethany Presbyterian Church.

Surviving are the wife, the former Cleo Paxton; a son, Ralph, at Bunker Hill Air Base; a daughter, Mrs. Harvey (Dorothy) Tumbleson, Tucson, Arizona; nine grandchildren; three sisters, Mrs. Mildred Selby, Mrs. Mada McGinley, and Mrs. Olga Dreibelbliss, all of Fort Wayne.

Services were held Monday at 2:30 p.m. in the Kloehn Funeral Home, the Rev. James E. Baldwin officiated. Burial was in Lindenwood Cemetery.

LIONS TO HOLD  
FATHER - SON BANQUET

The Mentone Lions Club will hold their annual father and sons banquet on next Wednesday evening, May 3rd, at the Mentone school.

Foster Jones, of near Warsaw, will be the speaker for the occasion.

## DRIVE-IN OPENED

Mr. and Mrs. Guido Shirey opened their drive-in, at the east edge of Mentone, Saturday. This is the second season for the drive-in, and it is expected that even more of our citizens will avail themselves of their services this season.

## CALENDAR

The Royal Neighbors will meet next Tuesday evening, May 2, with Mrs. Chloe Griffis.

The Chamber of Commerce dinner meeting will be at Pete's Restaurant on Monday evening, May 1st at 6:30 p.m. All members are urged to attend.

Mrs. Ralph Mollenhour left by plane last Wednesday to visit her son and family, Mr. and Mrs. James Mollenhour at Jacksonville, Florida. This Wednesday Mr. Mollenhour and Roger left from O'Hare Field in Chicago to visit there also. They will return by air Sunday.

Mr. and Mrs. Ellis Hill returned to their Mentone home Monday after spending the winter in Casa Grande, Arizona.

## COUNTY LIVESTOCK JUDGING CHAMPIONS

Mentone F.F.A., coached by Morris Bitzer, turned in a winning score of 1058 points in the County Livestock Judging Contest Saturday, to capture the First Place team trophy donated by the First National Bank of Warsaw. Beaver Dam 4-H Club had the second highest score of 1026 points which will give them the opportunity to participate with Mentone in the District Contest Saturday, April 29, here in Kosciusko County.

Members of the winning team were Eddy Tridle, 356; Steve Shirey, 351; Gale Nellans, 351; and John Scott, alternate, 337. Members of the Beaver Dam team were Paul Bucher, 345; David Norris, 344; Dick Sittler, 337; and Darrell Valentine, alternate, 315.

The other teams participating and their scores were: Claypool F.F.A., 901; Milford F.F.A., 903; and Atwood F.F.A., 897.

They went to South Bend where they called on Mr. and Mrs. Dewey O. Kesler and family. Mrs. Kesler had just returned home after three weeks in the hospital. They also called on Mr. and Mrs. Cory Ward.

Mrs. Lou Robbins spent Saturday afternoon with her sister, Mrs. Byron Linn.

Mrs. Myrtle Davis of Mentone and Mrs. Corbin of Warsaw were callers of Mrs. Alfred Teel last week.

Purdue University turf specialists point out that 2,4-D will rid your lawn of dandelions, plantain and other broad leaved weeds. Use the chemical as a spray or spreader application. However, apply 2,4-D according to directions on the package to avoid getting the material on other plants and shrubs.

## FAVOR FULL - TIME HEALTH OFFICER

The position of full time Health Officer in our county has been the subject of considerable contention during the past several months. Inasmuch as most counties of our size in the state of Indiana do not employ a doctor in this capacity, his importance and the attendant expense have been questioned. The members of the Kosciusko County Medical Society, meeting this week, discussed the problem in detail, and are of the opinion that their thoughts on this matter should be publicly expressed, inasmuch as the County Board of Health must soon decide whether they will seek to get another full-time Health Officer or return to the practice of having a local physician do this work on a part-time basis.

By resolution, the Society commends Dr. Johnson for the manner in which he performed his duties. Realizing full well that it is impossible for an energetic and conscientious Health Officer to do his work correctly without incurring the displeasure of some people, the Society nevertheless feels that Dr. Johnson was never remiss in his du-

ties, and that no instance of epidemic, sanitation breakdown, or public health menace could be attributed to any action or lack of action on his part. His work in school health problems were especially noteworthy, and many county children owe their improved health to his diligence.

The Society, therefore, feels that Dr. Johnson should be publicly commended for his work here, and extends best wishes to him in his new duties at Dixon, Illinois.

Likewise, the Society feels strongly that our active and progressive county, with its heavy summer population load and

attendant sanitation problems, needs the services of a full-time Health Officer.

The Kosciusko County Medical Society officers are Dr. George Haymond, President; Dr. Robert Dormire, vice President and Dr. William Cron, Secretary - Treasurer.

Livestock poisoning frequently occurs during the early spring because toxic plants often become green before normal pasture plants. Purdue University veterinarians say farmers should watch animals on pasture for signs of poisoning during this season.

## The climate couldn't be better for buying a new JET-SMOOTH CHEVROLET

(and that's the car more people are buying!)

There's nothing like one of these Jet-smooth Chevrolets to fit into your summer travel plans. They're built to take long trips in stride—from the special brand of "git" they've got under the hood (choose from 26 engine-transmission hookups designed to please the most persnickety driving foot) to the cave-sized totin' area in the rear (the tailgate opening on that wagon measures nearly 5 feet across). And every gentle riding Jet-smooth

model brings you Body by Fisher features you won't find in any other car in Chevrolet's field—wide stroke parallel action windshield wipers, convenient crank-operated ventipanes, one key that fits all locks. No wonder more people are buying Chevrolets than any other make! And right now—with things brightening up all over the land—you couldn't pick a better time to drop in and check the beautiful buys that are blossoming out at your dealer's.

See all the new Chevrolets at your local authorized Chevrolet dealer's One-Stop Shopping Center

## 1961 SCOUT-O-RAMA MAY 5 AND 6

Preparations have nearly been completed for the 1961 Scout-O-Rama to be held at the North Side Gym in Elkhart. Ninety seven Scout units (Packs, Troops or Posts) have registered for the affair which will be held May 5 and 6. Each of these will be given a booth in which they will demonstrate many phases of the highly varied program available to boys in Scouting.

According to Merle R. Bibler of Elkhart, Scout-O-Rama chairman, a few of the interesting demonstrations to be given this year are: astronomy, archery, rabbit raising, rug weaving, dog care, Indian crafts, rope making and ninety-four others. Assisting Mr. Bibler as sub-committee chairmen are: William Wollenweber, physical arrangements; John Renn, tickets; Glenn Tudor, auditing; Stanley Raymer, Special guests; Dr. R. Ferling, health and safety; Francis Grisman, judging; J. Ben McGill, advisor and publicity.

The doors of the gym will be open to the public May 5 (Friday) 7 p.m.

All Cub Scouts, Boy Scouts and Explorers have tickets which are available to the public for the two day action-packed booth show. (35c)

## H. D. CLUB LUNCHEON

The Home Demonstration Club luncheon will be held Wednesday, May 3rd at the E.U.B. Church in Warsaw. Mrs. George Neff of Goshen will give an illustrated talk on their life with families in India.

Mr. and Mrs. Neff were also part of a group of delegates from the United States to attend the International Agricultural Fair at Delhi, India last year. Gail White, Linda Burnett, Cinda and Marcia Stouder and Elaine Stackhouse, 4-H girls from Etna Green, will present several musical numbers. A group of singers from a home demonstration club will also be a part of the program.

Please contact Mrs. Don Wentzel, phone EL 34865, for tickets priced at \$1.35 each before April 29th.

## MOTHER - DAUGHTER BANQUET AT TALMA

The annual mother-daughter banquet will be held at the Talma Methodist church Thursday evening, May 4th at 6:30 p.m. The lesson topic will be "Our Three-Fold Pledge."

In charge of the program are: Mrs. John Kreig, worship; Mrs. Leota Simpson and Mrs. Lavera Utter, program; Mrs. Ruby Good, Mrs. Phyllis Alber and Mrs. Fred Barr, table and coffee. Roll call will be: name your guest.

Mr. and Mrs. Charles Besson have moved into their new home in Mentone, recently purchased from Mr. and Mrs. Elmer Menzie.

## FORD UNVEILS DREAM CAR

Two running wheels instead of the usual four, together with a unique delta shape, mark the Gyron as a novel experiment in possible future automotive styling. Shown above in three views, the full-size dream car was developed by Ford Motor Company advanced stylists under the direction of George W. Walker, Ford vice president and director of styling. The stylists assume that the vehicle could be stabilized by means of a gyroscope mounted just behind the passenger compartment. Two small outrigger wheels at the rear would retract when the gyro was in operation. A steering dial between two contoured seats replaces the conventional steering wheel and makes it possible for the car to be steered from either seat.

## SOMETHING TO THINK ABOUT — SERIOUSLY

In the present issue of Flying Magazine it is noted that reports from Korean intelligence indicate Russia has a nuclear powered plane that will: travel up to 3,500 mph, stay aloft for 90 days, and its speed is such that radar cannot properly track it. (It reported stayed aloft for 21 days on a trial flight, and penetrated about 90 percent of Russia's radar facilities.)

A too-low ceiling will appear to be raised if painted white or a light color, say Purdue University furnishing specialists. Conversely, a too-high ceiling can be apparently lowered by painting it a darker color.

Continued use of too much bleach can damage your sheets and pillowcases, according to Purdue University home management specialists. Use bleach only when necessary and follow directions exactly.

The following students had all A's:

Tom Wittkamper, Jon Newcomb, Eldonna Antonides, and Charles Hubart.

## Missionary Group Meeting Held

Mrs. Tobie Blalock was hostess to the Be-About Missionary group on Monday evening, with 17 present.

"Forgiveness the Saving Grace," an article condensed from the Christian Herald and scripture on forgiving was given by Mrs. Kenneth Romine.

Due to conflicting events, the Mother and Daughter banquet date was changed to May 16th. During the month Mrs. Russell Norris was visited by Mrs. Kermit Zent and Mrs. Lee Norris.

The work hour was spent cutting flannelgraph material for Mrs. Fred Burklin, who will be leaving in July with her husband and children for Germany. As a farewell token to Joyce, a personal shower was presented to her, with many lovely gifts received.

Tasty refreshments were served by the hostess to Mrs. Ervin Wagner, Mrs. Ed Bach, Mrs. Everett Besson, Mrs. Morris Bitzer, Mrs. Junior Foor, Mrs. Don Bennett, Mrs. Wayne Bowser, Mrs. Everett Welborn, Mrs. Kermit Zent, Mrs. Lee Norris, Mrs. Jim Gates, Mrs. Roy Moore, Mrs. Raymond Lewis, Mrs. Fred Burklin, Mrs. Al Hires, and Mrs. Kenneth Romine.

Speed is still the number one killer on our highways. During 1960, 10,970 persons lost their lives in accidents blamed on speed. More than 1,000,000 were injured.

## NEWCASTLE TOWNSHIP NEWS

Miss Randy Pfeiffer was the recent guest of her grandparents, Mr. and Mrs. Allen Eizinger of Mentone.

Mr. and Mrs. Ralph Chapman and family of Laketon, called on their parents, Mr. and Mrs. Fred Barr and Mr. and Mrs. Russell Chapman, Sunday.

## SPECIAL SERVICE AT TALMA BIBLE CHURCH

There will be a presentation of the work and field of the American Mission for Opening Closed Churches April 30 at the Talma Bible Church at 10:30 a. m.

The AMOC is an independent faith mission. The national headquarters is in Buffalo, New York. This mission is operating throughout the northeastern section of our country from New England to the Midwest.

In October, 1940, Rev. Lyle Anderson, general director of AMOC, moved to the Adirondack region of eastern New York State to reopen four closed churches. As an outgrowth of the work, the American Mission for Opening Closed Churches was organized in May, 1943. In 1955, a farm in New Hampshire was given to the Mission to be used as a base of operations for the New England field. This property is also being developed for a summer camping program.

Rev. Anderson has said that the purpose of the Mission is to establish self-supporting churches in areas where there is no church or where a church has been closed for many years.

The team at the Talma Bible Church will consist of Lyle Anderson, Harold and Louise Richards, and John and Edith Dougherty. In addition to the speaking the group will be featured in mixed quartet, vocal solos and duets, as well as instrumental numbers on the trombone.

## A THOUGHT FOR TODAY

by Harold R. Driskell

Teenagers and their problems are very close to me, because not too many years ago, I (same as you) had problems like they have today. Teenagers are a normal clan, who face—without experience—constantly new and difficult problems in society, conduct, morals, marriage, education, business and destiny.

Here are a dozen suggestions which may help them:

1. Be humble and hospitable toward them. They need your friendship, understanding and strength.
2. Take the time when they come to you, for their problem is now.
3. Listen sincerely and leisurely.
4. Respect the magnitude and reality of the problem to them, regardless of how small it is to you.
5. Maintain strict, unquestionable confidence, as you expect of your doctor, lawyer, banker. NEVER FAIL THERE. They know: "He that talks to you about others, talks to others about you."
6. Respect their dignity and sincerity as individuals with problems. Never make light of them.
7. Be honest and true to your own convictions. They want you to be strong enough to lean on.
8. Help them find all possible solutions, but allow them to choose the best.
9. Avoid indictment and preaching.
10. Share your solutions to some of your own problems.
11. Love them and appreciate their basic honesty.
12. Obey the Golden Rule.

Studies made by the Travelers Insurance Companies show that the safety record of commercial vehicles is far better than the private passenger car.

## Nut Trees Thrive Here

Indiana—the heart of the hardwood area—is particularly well situated for growing nut trees. Nut trees not only furnish shade, but produce delicious crops.

Don Scheer, Purdue University horticulturist, lists these "well doing" varieties for Hoosierland:

Native pecans, hicans, walnuts of both the Persian and black type, hickory, filberts, chestnuts, butternuts and heartnuts.

You should purchase young nut trees from a reliable nurseryman; select only those trees with good root systems. It is extremely important that young walnut trees have a tap root 18 to 24 inches long.

Trees can be planted in April. Distance between them should range from six to eight feet for filbert, when used as a hedge, to 75 feet for permanent pecan and walnut trees.

Detailed information is contained in HO59-4, "Native Fruits and Nuts." Indiana residents may obtain copies without charge from county extension offices or by writing the Agricultural Publications Office, AES building, Purdue University, Lafayette.

## MRS. STALDINE T.H.E. CLUB HOSTESS

The Talma Home Economics Club met with Mrs. Staldine for their April meeting.

A plant, bulb, and seed exchange was featured. There were twelve members and two guests, Mrs. Charles Good and Mrs. Walter Jordan, and one child was present.

The meeting was opened by singing "Blest Be The Tie That Binds." The pledges to the American and Christian flags were given followed by the club creed. Mrs. Staldine chose for devotions an article from the Readers Digest which gave the meaning of the Lord's prayer.

The song of the month, "Loch Lamond", was led by Mrs. Verdie Brockey after she had given the history of the song.

Mrs. E. C. McGowen, president, gave a report on the council meeting she attended. The subject of Program Planning for next year was discussed. The club by-laws were read. It was voted to donate to the American Cancer Society.

Citizenship was given by Mrs. Elgie Vandermark using the topic, "What Is Citizenship." The lesson on Wills and Deeds was given by Mrs. Mell McGowen. A Hostess auction was held and the door prize was won by Mrs. Leroy Grossman. The next meeting will be with Mrs. Elgie Vandermark.

## Shrubs Need Fertilizer

Your ornamental shrubs, like your lawn, need fertilization.

Don Scheer, Purdue University extension horticulturist, points out that 10-6-4 or 12-12-12 analysis fertilizer is good for both lawn and shrubs. However, 12-12-12 is especially good since it can be used for the vegetable garden as well as the lawn and shrubs.

These fertilizers can be used on both evergreens and deciduous shrubs. Scheer recommends applying two pounds per 100 square feet when using 10-6-4 analysis or 1½ pounds per 100 square feet of 12-12-12. Spread the fertilizer on the soil surface and rake or spade gently to avoid disturbing shrub roots. Then water the shrubs well.

You can start fertilization of shrubs before their new spring growth begins, Scheer adds.

## CORN CARNIVAL

Legion and Auxiliary

at  
MENTONE LEGION HOME

APRIL 28, 8 p.m.

PUBLIC INVITED

A bicycle rider always should remember that—like the driver of an automobile—he too must obey all traffic signs. The theme of this May safety poster, distributed by the Chicago Motor Club to territory, emphasizes the importance of traffic signs to the some 33,000 grade school classrooms in its Illinois and Indiana cyclist. He is not given the priority to run traffic lights, jump curbs, or ride against traffic. The habit of obeying traffic signs is one that can be usefully applied later by the young bicyclist when he becomes the operator of a motor vehicle.

Autoists, also are reminded that a bicycle and rider have equal rights on a street or highway, and a driver is required to yield to the bicyclist the same as one would to a car or truck.

IS YOUR SUBSCRIPTION PAID IN ADVANCE?

## FARM BUREAU TO HOST CITY YOUTH

Two dozen teenagers from New York City will sample Hoosier hospitality April 29 to May 5. These youngsters are coming from the "sidewalks of New York" to the "banks of the Wabash" to see Indiana agriculture, on a visit sponsored by Indiana Farm Bureau, Inc.

The students, members of the Walden High School, will be over-night guests of farm families in Whitley County and Knox County.

The students and their class sponsors will arrive in Columbia City April 29, where they will have lunch with their farmer hosts. The next day and a half, they will see cows milked, fields being plowed, and will help with the chores.

While in Indianapolis, they will be shown the state offices of IFB and the warehouse facilities of IFB Cooperative Association. They will also tour Hygrade's meat processing plant.

A highlight of their stay in Indianapolis will be a ride around the 500 mile speedway and have a chance to talk with veteran race drivers.

After leaving Indianapolis, the chartered bus will take the students to Knox county and another on-the-farm visit. After a

real farm breakfast, on Friday, the teenagers and their sponsors will return to New York City.

## Weeding The Strawberry Patch

Weeding the home strawberry patch need not be a back-breaking job, say Purdue University pomologists. A Sensone chemical spray will do a good job of weed control.

Chemical weed control can start three weeks after you've set out the strawberry plants, although you should hoe the patch first. Apply one tablespoonful of Sensone (Crag Herbicide no. 1) in enough water to cover a band two feet wide for a 25-foot long row. This herbicide may be applied with either a sprayer or a water can.

For further information, ask your county agent for Purdue Mimeo HO-55-4, "Chemical Weed Control in Strawberries." Indiana residents may obtain a copy without charge.

## BURKET BUSTERS MEET

The Burket Busters had a 4-H meeting April 20, 1961, according to John Loer. We decided to donate \$2.00 to the I.F.Y.E.

David Swick had a demonstration on sanding blocks of wood for the fair.

NEWS? Ph. ELMwood 3-3985

Addition of adequate fertilizer helps establish new grass cover quickly, point out the Purdue University turf staff. Thus your lawn can more easily withstand crabgrass, weed competition and the effect of summer heat. Up to 20 pounds of fertilizer per 1,000 square feet, when mixed into the soil, is not to much.

## COUNTERPOINT, Continued

an inspired belief, and can be nothing else but bestial and sadistic in practice.)

Dr. Schwarz was a guest speaker for the P.T.A. in Plymouth one evening last week.

Read about a new pill that is guaranteed to give peace and tranquility to the parents. It is given to their children and puts them right to sleep.

We saw our first "Kennedy Chair" in a furniture store in Alabama. We had been anticipating this event from the moment we read that President Kennedy's doctor had prescribed a rocking chair for his office. Furniture manufacturers now have more orders for rocking chairs than they can fill for many months to come.

After a vacation trip, one is especially aware of statements made concerning motels. It is expected that 3.1 billion dollars will be spent in American motels this year.

There is a trend to more luxury (true! true!) swimming pools (it was a bit too cool to use most of them), landscaped gardens (even Burbank would be amazed), air conditioning (had to shut it off), costly furnishings (the Fleur de Lis in Bowling Green was done in exquisite French Provincial, pale blue and white), superb restaurants (have not dared trust my scales as yet). In one motel we found a special machine in our room which provided instant coffee (cream and sugar, too). There was special soap powder (gentle) for milady to wash her dainty things. TV, of course, is in every room, even though there is poor reception in some of the mountain areas. Really, it is almost ridiculous.

One can understand why it doesn't take long for a motel to become outmoded. In the years 1958 to 1960, 4,000 new motels were built.

Two recent headlines tell their own story.

"Envisioned Indiana Port To Top Calumet Harbor, Planners Claim."

and

"Bird Watchers, Douglas Plan to Fight Harbor."

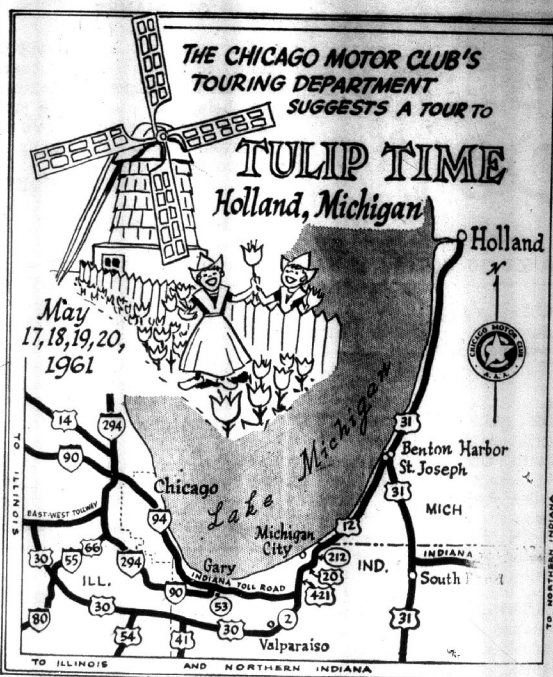

(It's entirely possible that there is enough Dunes area to make both factions happy, if they will seek an honest solution.)

We enjoyed this: (another true story) Four-year old Randy was playing at Bill's house. Bill's mother and grandmother were discussing plans for the evening.

"Oh dear, I don't know what to wear," sighed Bill's mother. Grandmother, jokingly asked, "Why don't you wear your birthday suit?"

Randy spoke up quickly, "My mama has one of them and it's purple."

NEWS? Ph. ELmwood 3-3985

### FARM BUREAU GOODWILL DINNER

The Kosciusko County Farm Bureau, with assistance from affiliate groups and other rural organizations, entertained approximately 175 rural and urban leaders from various businesses and professions Thursday night in what Farm Bureau Chairman Harold Gawthrop described as "a sincere effort to promote friendship, cooperation and understanding between city and farm folks."

The smorgasbord dinner was held at the Westminster Hotel, Winona Lake.

The main speaker was Glen W. Sample, vice president of the Indiana Farm Bureau. Sample, who farms in Boone County not far from Indianapolis, traced the history of farming, and the farmers' problems, and told of the great progress that has been

made through the years. He noted that although the percentage of persons engaged in farming as a profession has steadily declined, there has been a continual increase in production and quality.

"Kosciusko county farmers, and those throughout Indiana and the great midwest are not afraid to try new methods, to take a risk, and this resulting progress has made the United States the leader in farming over all other countries," he stated.

Sample joined Gawthrop in calling for the city and town leaders and organizations to understand the farmer's problems and to "work together."

Studies compiled by The Travelers Insurance Companies show that traffic violations can be blamed for 2,600,000 injuries and more than 30,000 deaths on our highways during 1960.

### BEAVER DAM SCHOOL NEWS

The Girls' 4-H Club will meet Monday evening at the school.

Mr. Malott will attend the county principals' meeting at Warsaw on Tuesday afternoon.

The Kosciusko County Classroom Teacher's Association final meeting of the 1960-1961 school year will be held Tuesday evening at Etna Green at 7:30.

Rev. Lloyd Overmeyer of the Beaver Dam E.U.B. Church will speak to the students in the upper six grades at 1:10 next Wednesday.

School will be dismissed at 11:00 next Friday, May 5. This will permit those interested to go to the county track meet. This meet will be held at Piercetown and will start at 1:00. Part of the meet will be run off on Thursday evening after school at Piercetown.

Members of the senior class will leave next Saturday on their senior trip. They will take an eight-day trip with Miller Tours.

Last Thursday the students of the government class saw President Kennedy give his speech to the American Society of Newspaper Editors concerning the challenge of Communist power

in Cuba and other disputed areas.

Miss Diana Ballenger, a senior and the daughter of Mr. and Mrs. Gerald Ballenger, has been selected by the Beaver Dam student body to represent Beaver Dam in the North Webster Mermaid Festival, "Queen of Lakes" beauty contest. This will be held during the week of June 26.

### FRIENDLY NEIGHBORS GUEST NIGHT

The Friendly Neighbors Home Demonstration Club will hold their annual Guest Night on May 11th at 7:30 p.m. at the home of Mrs. Charles Manwaring.

The social committee plans to play Dirty Bingo. Be sure and bring a guest.

"One never finds time—if he wants time, he takes it."

David and Raymond Cooper spent the week end in Indianapolis where they attended the Men's and Boys' Wear dealer show.
