INJURED BY  
CORNPICKER

Dale Barber, 39, R.R. 1, Akron, is reported improving at the Woodlawn hospital after a cornpicker accident in which most of his clothing was torn from his body Saturday. He was listed as "fair" when admitted.

Barber suffered many cuts and bruises when he was pulled into the machine after his coat sleeve became caught in the power takeoff of the cornpicker. He was alone on the farm at the time.

When the cornpicker became stuck with corn, Barber stepped from his tractor without turning off the machine. As he passed the power takeoff, he slipped and his coat sleeve became caught in the cornpicker, throwing him to the ground.

Barber drove in his pickup truck, parked nearby, to his home one-fourth mile away. His wife, Edythe, and Don Whittenberger, a carpenter working at the Barber farm, drove him to the hospital.

## BUILDING NEW HOMES

Mr. and Mrs. Jerry Ross are constructing a new home on North Franklin Street.

Mr. and Ms. Ned Igo have construction started on a new 60x28 frame home with 26x20 garage, in the new addition at the Tucker farm in northwest Mentone.

Mr. and Mrs. Luther Hawley are also in the process of building in the Tucker addition.

All the homes are being provided through the C. & T. Builders.

## WITH THE SICK

Mrs. Ethel Reed returned from the Murphy Medical Center Saturday after having major surgery previously.

Tommy Whetstone, son of Mr. and Mrs. Robert Whetstone, is confined at his home with bronchial pneumonia.

Mrs. Lena Igo and Mrs. Donald Smalley recently underwent surgery at the Murphy Medical Center. Both left the hospital Wednesday and are at the home of Mr. and Mrs. Wayne Smalley.

Mrs. Trella Baum entered the Murphy Medical Center Monday and underwent major surgery Tuesday.

Larry Sullivan, 14, son of Mr. and Mrs. Harry Sullivan, came home from the Murphy Medical Center Tuesday after a week of suffering with dysentery flu.

RUSSELL NORRIS  
BURIED WEDNESDAY

Russell Norris, 91, of Mentone, died of a stroke Monday at 3:45 a.m. in Woodlawn hospital at Rochester.

Mr. Norris, a retired farmer, was born in Fulton county on March 22, 1870, the son of Noah and Elizabeth (Anderson) Norris. He married Lillie Harsh in 1895 and she died in 1917. He married Florence Foulk in 1918. She died in 1930. He married Ida Bybee in 1933. Mr. Norris was a member of the Mentone Baptist church.

Surviving are his wife; one son, Sam Norris, of Mentone; one daughter, Mrs. Arlene Walters, of Mentone; two stepdaughters, Mrs. Mildred Goodman and Mrs. Earl Zentz, both of Mentone; a foster daughter, Mrs. Dorothy Flory, of Lakeville, and one sister, Mrs. Howard Berksiser, of Florida. He also leaves six grandchildren, 15 great-grandchildren and nine great-great-grandchildren.

Services were held Wednesday at 2 p.m. in the Baptist church with Rev. Irvin Olson and Rev. John Krieg officiating. Burial was in the Mentone cemetery with the Johns funeral home in charge.

POST OFFICE  
WINDOW HOURS

The Post Office window hours will be from 7 a.m. to 5:45 p.m., effective December 11 through December 23.

## CHRISTMAS LIGHTS ARE UP

The decorative lights for the Christmas season were erected Wednesday and are now sending forth their colored rays to greet Mentone's visitors.

The decorations are new this year, purchased by contributions from the patriotic business people of the city.

## NEW DAUGHTER

Mr. and Mrs. Ronald Severns are the parents of a daughter, Christine Lynn, born Monday at the Murphy Medical Center. She weighed eight pounds. Grandparents are Mr. and Mrs. Clyde Bowen of Pierceton and Mr. and Mrs. Edward Severns, of R. R., Warsaw.

Mr. and Mrs. Forrest Miner and family moved Saturday into the Emma Clutter apartment on North Tucker Street. Mr. Miner is again an employee of the Farmers State Bank.

## COUNTERPOINT

## By The Editor's Wife

The following story is a real one about real people, whom some of you may recognize.

## A Story For Marty

Once there was a little boy named Marty. He liked to help his Daddy and one day he helped him dig potatoes and take them to his Grandma's house and store them in her cellar.

When Marty's Daddy unloaded the potatoes, Marty took a "potato" that he had picked up and gave it to his Grandma's neighbor, and she said "Thank you, Marty; I bet that potato will keep better than any of them!" and she took it home with her.

And guess what! That lady still has that potato, and it has been at least two years, maybe three, since Marty gave it to her!

She keeps Marty's "tater" in her biggest planter at the foot of a plant like a tree, and a little green elf is sitting on it, because the potato that dear little brown eyed boy handed her so proudly, is a rock, just about the size and shape of a real potato.

And this is a true story and some day when Marty and his little brother Van come to see his Grandma, they can come and see the little green elf in the planter, sitting on "Marty's 'tater'!"

The only graceful way to accept an insult is to ignore it; if you can't ignore it, top it; if you can't top it, laugh at it; if you can't laugh at it, it's probably deserved.

—Russell Lynes, Indiana General Telephone News.

As we read Clifford Ward's "Good Evening" column each day we find ourselves wishing for the ability to "say it like he said it." We are reprinting (in part) one of his recent columns in which he quotes from a speech given by Jenkin Lloyd Jones, editor of the Tulsa Tribune, who stresses the need for a return to the doctrine of individual responsibility.

"We have reached the stomach-turning point. We have reached the point where we should re-examine the debilitating philosophy of permissiveness. Let this not be confounded with the philosophy of freedom. The school system that permits our children to develop a quarter of their natural talents is not a champion of liberties. The

(Continued on back page)

MRS. LOWMAN  
BURIED MONDAY

Mrs. Samuel (Thelma Fay) Lowman, 58, of Yellow Creek lake, died of complications Friday at 11:15 p.m. in her home.

Mrs. Lowman, a life-long resident of Kosciusko county, had been in ill health for the past two months.

She was born in Silver Lake on July 23, 1903, the daughter of Monroe and Alice (Funk) Paulus. She married Samuel M. Lowman on June 19, 1920.

Mrs. Lowman was a member of the First Methodist church of Warsaw, the church WSCS and West Side Mother's club. She was a past matron of the Order of the Eastern Star, member of the Ladies' Oriental Shrine and a past president of State Fireman's Ladies Auxiliary.

Surviving are her husband; one son, Danny, of Warsaw; one sister, Mrs. Chester (Meta) Bashore, of Tucson, Ariz.; and two grandchildren. One son preceded her in death.

Services were held Monday at 2 p.m. in the First Methodist church of Warsaw with Rev. Albert E. Habgood officiating. Burial was in the Silver Lake cemetery.

4 - H GRAIN  
SHOW WINNERS

Winners of the Annual 4-H Grain Show held recently were as follows:

Jr. shelled corn class: Lester Krull, Milford, 1st; Tom Besson, Atwood, 2nd; Larry Reece, Claypool, 3rd.

Sr. shelled corn class: Mike Besson, Atwood, 1st; Earl Roberts, Syracuse, 2nd; Bob Tusing, Milford, 3rd.

10 ear corn class: Dave Norris, Mentone, 1st; Gale Nellans, Mentone, 2nd; Alan Grimm, Atwood, 3rd.

Wheat classes: Mike Besson, Atwood, 1st; Dave Norris, Mentone, 2nd, and Larry Reece, Claypool, 3rd.

Oats Class: Lyle Welty, Mentone, 1st; Tommy Reiff, North Webster, 2nd, and Burton Butt, Syracuse, 3rd.

Soybean Class: Bob Tusing, Milford, 1st; Allen Tusing, Milford, 2nd, and Lamoin Shull, of Claypool, 3rd.

Popcorn Class: Tommy Reiff, No. Webster, 1st.

Potato Class: James Mikel, of Mentone, 1st.

Hay Class: Burton Butt, Syracuse, 1st, and Earl Roberts, Syracuse, 2nd.

YOUNG SON  
PASSES AWAY

Timothy Lynn Tucker, 2, son of Mr. and Mrs. Larry K. Tucker, of 1217 East Center street, Warsaw, died of complications Monday at 3:25 a.m. in the Murphy Medical Center.

Timmy had been in ill health for the past seven months. He was born in Warsaw on Jan. 12, 1959, the son of Larry K. and Roberta (Bouse) Tucker. He was a member of the Evangelical United Brethren church of Warsaw.

Surviving are his parents; one sister, Debra Jean, and one brother, Dennis Alan, both at home; maternal grandparents, Mr. and Mrs. Wayne Bouse, of Silver Lake; and paternal grandparents, Mr. and Mrs. Devon Tucker, of Mentone.

Services were held Wednesday at 2 p.m. in the Warsaw E.U.B. church with Rev. Merrell Geible officiating. Burial was in the Mentone cemetery.

## CHRISTMAS MAILINGS

In order to assure delivery by Christmas, patrons of the Mentone post office are urged to plan mailings according to the following schedules:

Distant states by Dec. 10.

Indiana and nearby states by Dec. 16.

Local mailings by Dec. 22.

The attention of mailers is also called to the fact that parcels may be marked "Do not open until Christmas" and may contain written messages providing they are endorsed "Letter Enclosed;" the postage being paid for the letter on the outside of the package.

## CALENDAR

Mothers of World War II will meet December 13 at 6:00 p.m. with Ethel Whetstone for there Christmas exchange, dinner and monthly meeting.

Mentone Home Demonstration club will meet with Mrs. Agnes Rans December 14 at 11:30, to go to Warsaw.

The Royal Neighbors will have their Christmas party Tuesday evening, December 12 with Mrs. Darrel Coplen. Pot luck supper and fifty cent gift exchange. Bring table service.

Jolly James H.D. club Christmas meeting Monday, December 11 at 6:30 with Mrs. Frank Hardesty.

Merry Mollys Christmas party, Dec. 11, 7:30 at home of Mrs. Kenneth Romine.

## Income Tax Management

How much income tax a farmer will have to pay on his 1961 earnings can be materially affected by the way he "manages" his income for the remainder of this year, point out Purdue University agricultural economists. The less his net income varies from year to year, the less income tax he will pay over a period of years.

The economists offer these suggestions on how to "manage income" to avoid wide variations in net farm income:

A farmer who reports his income tax on the cash basis and who keeps good farm records can check his books almost any time during the year to determine his net income to date. Now is a good time to make such a check. By figuring his farm receipts and expenses to date and his allowable depreciation on improvements, machinery and purchased livestock he can determine his tentative 1961 taxable farm income to date.

If this shows an unusually high net income the farmer can do several things between now and January 1, 1962, to reduce

his 1961 taxable income and income tax.

These include curtailing sales, as much as possible, during the remainder of 1961 and/or contracting and paying for such items as fertilizer, feed, seed and supplies that he may have planned to buy after the first of next year. In case he needs new machinery or equipment for his 1962 operations, he may consider purchasing such items before December 16, 1961. This will allow him to take a 20 percent first year depreciation, in addition to the normal depreciation allowed, on items having a useful life of six years or more.

In case the preliminary check on 1961 income reveals an unusually low income, it may be to the farmer's disadvantage. If the net income is not equal to his allowable personal deductions and exemptions, any credit for such deductions and exemptions not absorbed by 1961 income is automatically lost. These deductions and exemptions cannot be applied as credit against income of another year. Furthermore, if the farmer's net income is less than \$4800 it will reduce his average level of earnings for social security and reduce the social security benefits he will receive when he retires. Therefore, he may wish to increase or maximize his net farm income.

To increase 1961 net farm income a farmer might consider selling grain, livestock or other commodities before January 1, 1962, which he had planned to carry over beyond January 1, and/or curtailing expenditures between now and January 1. Expenditures may be curtailed by buying less or buying on a charge account during the balance of 1961. Postponing payment of present bills beyond January 1 would help reduce expenditures.

Protect fruit trees and bushes from rodent trouble by erecting a wire guard, suggest Purdue University horticulturists. To make sure this guard will come well above snow level, it should be at least 15 inches tall.

## NEWCASTLE TOWNSHIP NEWS

Mr. and Mrs. Charles Green were the recent guests of their son and daughter-in-law, Mr. and Mrs. Sonney Green and family of Warsaw.

Mr. and Mrs. Frank Newton and family, Mr. and Mrs. Will Lawrence of Chicago and Mrs. Mary Mathews, Dan and Sue of South Bend were the recent callers in the home of Mr. and Mrs. Guy Ochampaugh of Mishawaka.

Mr. and Mrs. Roscoe Overmyer spent Saturday in Rochester.

Mrs. Helen Coplen has resumed her duties at the Hatfield grocery and market after being confined to her home for some time on account of illness.

Mr. and Mrs. Harry Srivier entertained the following guests Friday evening: Mr. and Mrs. Fred D. Barr, Mr. and Mrs. Elmer Overmyer and family, Mr. and Mrs. Sidney Alber and family, Mr. and Mrs. Sid Dick, Mrs. A. R. Hatfield and daughter, Lavoy Montgomery and Rev. John Krieg of Bourbon.

Mr. and Mrs. Archie Grove of Mishawaka were visitors here Monday.

Monty Roe Srivier spent Saturday evening in South Bend.

Mrs. Alderfer and children of Leiters Ford and Mr. and Mrs. Dean Stockberger and family of near Rochester were Sunday evening guests of their

father, William Davidson and son Dick.

Mr. and Mrs. Robert Calvert spent Sunday in South Bend visiting her mother, Mrs. Lillie Myers, who is confined to the Memorial hospital there.

Mrs. Charles Good spent Saturday afternoon in Rochester. Mrs. Peter Coleman of South Bend and Russell Posnix of Grass Creek were called here by the death of their sister, Mrs. Faye Swihart.

Joe Peterson was a visitor in Rochester Saturday.

## Farmers Urged To Test Seed

County Agent, Donald Frantz, urges all farmers in Kosciusko County who will have seed to sell or sow next spring to get the seed tested during the early winter. Mr. Frantz offers to help farmers in this testing program by supplying instructions for drawing samples and special seed envelopes for sending them to the State Seed Laboratory at Purdue for a free test as well as by furnishing information on other seed matters.

Seed that is advertised for sale by farmers is required to be tested and tagged and all seeds must be free of prohibited nox-

ious weed seeds and must not contain excessive amounts of other weed seeds to be legally sold.

The tendency of farmers to postpone sending samples to Purdue until just before planting time usually results in a congestion of samples in the laboratory in February and March. Anticipating seed testing requirements and sending samples early is recommended. Care should be exercised in seeing that the sample is representative of the lot and is large enough for test. A teacupful of clover and grass seed and at least a pint of soybean or cereal seed should be submitted.

## Broad Leaved Evergreen Trees

Planting broad leaved evergreens now will help beautify the lawn this winter, say Purdue University horticulturists.

Broad leaved evergreens hold their leaves all winter and stay green much like narrow leaved evergreens, such as the junipers and yews. However, their leaves look more like the common shrubs, such as forsythia or lilac.

A few broad leaved evergreens which will grow and beautify the lawn include the Mentor barberry, the Korean little leaf box and the wintercreepers.

Varieties of wintercreepers are glossy, the erect, the big leaf and the spreading. All are beautiful and will give good green color all winter.

Another variety is the Japanese holly. However, it is tender and should be planted in a protected location.

For more information on shrub varieties secure Purdue Mimeo HO 81-1, "Some Woody Ornamental Plant Materials for Indiana," from county agricultural extension offices, or the Agricultural Publications Office, AES Building, Purdue University.

### NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS

Notice is hereby given the taxpayers of Harrison Township, Kosciusko County, Indiana, that the proper legal officers of said municipality at their regular meeting place, on the 12 day of December, 1961, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

<b>Township Fund - 2</b>	
Stationery, Printing & Advertising	\$ 30.00
<b>Township Fund - 3</b>	
Care of Cemeteries	18.15
<b>Township Fund - 5</b>	
J. of P. Expense	6.01
<b>Tuition Fund - F</b>	
Fixed Charges, Trans.	4066.43
<b>Special School Fund - 1-3</b>	
Capital Outlay, Furniture & Equipment	3002.13

Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriations as finally made will be automatically referred to the State Board of Tax Commissioners, which Board will hold a further hearing within fifteen days at the County Auditor's Office of Kosciusko County, Indiana, or at such other place as may be designated. At such hearing taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

### DOCTOR LEAVES FOR FLORIDA MEETING

Dr. Dan Urschel left for Pensacola, Florida, on Wednesday afternoon. He will attend a meeting of the Aerospace Medical Association Program Committee, which is to be held at the U.S. Naval School of Aviation Medicine at the Naval Air Base at Pensacola. This committee is meeting to prepare the program for the next annual meeting of the Aerospace Medical Association which is to be held in At-

lantic City next April. All branches of United States and Canadian air services are represented on this committee, along with all civilian groups which are concerned with these problems. Dr. Urschel is the representative of the Flying Physicians Association.

He will be back in his office next Monday.

Add a little sugar to water when cooking apples to prevent them from getting "mushy", say Purdue University food specialists. Soft apples cook more quickly than firm ones, but they do not retain their shape as well.

## LIVELINESS AND LUXURY AT A LOW, LOW PRICE

# NEW CHEVY II

Never before such a team of totally new cars! Sedans, hardtop, station wagons, even a convertible... you name it, Chevy II has it. Nine models in all now in production. They're easy on the eyes, easy on the road and easy on your pocketbook. Two spunky engines, a four and a six (your choice in most models), purr along merrily on regular gas—and darn little of it, too. Thanks to Mono-

Plate rear springs, the ride reminds you of the big Chevrolet—and you know how smooth that is. The space and cushy comfort inside put you in mind of big cars, too. But Chevy II parts company from anything else around when it comes to offering all these fine features—at a sensible low price. Check your Chevrolet dealer and see for yourself.

**CHEVY II 300 4-DOOR 3-SEAT STATION WAGON.** Packs a whopping 76.2 cu. ft. of cargo.

**CHEVY II NOVA 400 CONVERTIBLE.** It's Chevrolet's newest and lowest priced convertible.

**CHEVY II 300 4-DOOR SEDAN.** Chevy II's saving ways in a practical 6-passenger family model.

Now... look 'em over and try one out!

**CHEVY II NOVA 400 SPORT COUPE.** Handsome hardtop with top-of-the-line go and glamor—at a pleasin' kind of price.

A NEW WORLD OF WORTH—Chevrolet • Chevy II • Corvair • Corvette at your local authorized Chevrolet dealer's

**MARRIED NOV. 18**

Miss Mary Faye Ladson and James Unzicker exchanged marriage vows on Saturday, Nov. 18, at seven o'clock in the First Baptist church. Rev. Irwin Olson, pastor of the church, performed the double ring ceremony before an altar graced with arrangements of white mums and candelabra. Mrs. Brad Moore, of Mentone, organist, and Harry Goehring, also of Mentone, soloist, presented the nuptial music.

The bride is the daughter of Mr. and Mrs. La Verne Ladson, of Route 1, Mentone. Mr. and Mrs. William P. Unzicker, of Route 1, Claypool, are the parents of the bridegroom.

Given in marriage by her father, the bride chose a gown of Alencon lace featuring a scalloped neckline. Her veil of French silk illusion was caught to a lace cap. She carried a white Bible and a bouquet of pink carnations.

Miss Juanita Reed, of Rochester, was the maid of honor. Miss Barbara Unzicker, of Claypool, sister of the bridegroom, was the bridesmaid. They wore gowns of blue taffeta with matching accessories. Each carried a bouquet of pink carnations.

James Swihart, of Tippecanoe, served as best man. Jerry Eaton of Rochester, was the groomsmen. The ushers were Dale Kindig, of Warsaw, and James Oezer, of DeMotte, Indiana.

Assisting at the reception held in the church basement were Mrs. Lynn Ladson, of Mentone, Mrs. Will Lawrence, of Chicago, Miss Doris Shaffer, of Argos, and Miss Patricia Ruberg, of Fort Wayne. Miss Lena Ladson, sister of the bride, was in charge of the guest book.

The couple took a wedding trip to Texas, Florida and the southeastern states. They will make their home on Route 5, Warsaw. The bridegroom, a graduate of the Mentone High School, is employed by the R. R. Donnelley and Sons Company, Warsaw. The bride is a graduate of the Talma High School and the Fort Wayne Commercial College.

**Mentone Police Report**

For the month of November there were complaints, 4; funeral traffic, 1; doors open, 3; accidents, 2; traffic arrests, 2; traffic warnings, 3; public intoxication arrests, 1; criminal arrests, 1; dogs reported lost, 1; dogs found, 1.

Edward C. Cochran of Etna Green, Indiana was arrested by officer Norton for driving to the left of center of the road, resulting from a property damage accident at the intersection of Tucker and Jackson St. in Mentone, involving Mr. Cochran and Jerry Secrist. He paid fine and costs of \$18.75 in J.P. court of C. O. Eiler.

**It Doesn't Hurt Now But---**

Kathy Dye, six, is in a gay mood over some private joke she shares with Arline Sullivan, a physical therapist, who is examining the child's fingers. But Kathy also knows pain. From the age of two she has suffered from juvenile rheumatoid arthritis that affects almost all her joints. Prolonged treatment financed by the Dallas, Tex., chapter of The National Foundation with New March of Dimes funds has brought slow but steady improvement. The national organization, through research, patient aid, professional and public education is seeking to conquer arthritis and birth defects as it did polio.

Horticulturists at Purdue University say to mulch hybrid tea rose bushes after their growth stops and they are partly defoliated. This will help prevent winter injury. Add a mound of soil eight to ten inches high around the plants.

Warm Christmas breads will slice much easier if you use a sawblade knife, say Purdue University food specialists.

**MASONS ENTERTAIN**

Monday night of last week the Mentone Masons entertained the Eastern Stars and guests at a big turkey dinner at the Mentone school. We are told Loren Tridle, assisted by Mary, was chief cook.

About 60 were present for the delicious dinner and to enjoy a film on Alaska shown by Mr. Shellhammer of Wabash.

**MENTONE SCHOOL HONOR ROLL**

The following students are on the honor roll for the second grading period, according to principal John Frederick:

Grade 12—Janet Besson, Diane Blackburn, Janice Lynch, Sandra Miller, Madonna Nellans, Arys Thompson, Ann Tucker, Nena Wallis and Jim Mikel.

Grade 11—Marsha Fisher, Cheryl Horn, Bonnie Warren, Larry Beeson, Larry Eiler, Jon Newcomb, Charles Gast and David Teel.

Grade 10—Eldona Antonides, Judy Besson, Linda Hohman, Vivian Hurst, Yvonne Rathfon, Renita Ring, Martha VanGilder, Colleen Wise, Robert Adams, James Bryan, Timothy Wallis and James Whetstone.

Grade 9—Sherry Bryan, Louise Cox, Judy Decker, Karen Harmon, Sandra Nees, Markee Surface, Lorna Tridle, Steve Cole, Dyrell Hackworth, Kip Hammer, Charles Hubartt, David Norris, Larry Secrist, Mike Whetstone.

Grade 8—Marlene Brallier, Cynthia Ellsworth, Beverly Hurst, Elaine Manwaring, Betty Paxton, Carolyn Warren, James Huffman, Ted Shoemaker and John Wentzel.

Grade 7—Sue Booth, Jennie Bryan, Susan Cole, Barbara Decker, Karen Horn, Diana Sarber, Connie Teel, Danny Bruner, Ronald Slone, Gary Teel, Gregory Witham and Lonnie Witham.

Those receiving all "A's" were: Marsha Fisher, Cheryl Horn, Eldona Antonides, Vivian Hurst, Timothy Wallis, James Whetstone, Judy Decker, Lorna Tridle, Charles Hubartt, and Diana Sarber.

**CELEBRATE 25th WEDDING ANNIVERSARY**

Those who helped Mr. and Mrs. Howard Horn celebrate their 25th wedding anniversary Saturday evening were Mr. and Mrs. Robert Newcomer and daughter, Mr. and Mrs. Jack Horn and son, Mr. and Mrs. Clarence Horn and daughter, all of Rochester; Miss Donna Jean Hors of Argos; Mr. and Mrs. Kenneth Horn and family of Claypool; Mr. and Mrs. Howard Clip and daughter, Mr. and Mrs. Bill Clip and daughters of Elkhart; Mr. and Mrs. Donald Horn and family of Mentone; Lester Horn of Flint, Michigan, and Jody Horn. Refreshments of cake, ice cream, coffee and punch were served. The group presented Mr. and Mrs. Horn with a beautiful floor light.

Sunday, members of the Myrtle Davis family gathered at the home of Mr. and Mrs. Horn to help them celebrate the anniversary. A carry in dinner was enjoyed at the noon hour. Those present to enjoy the occasion were Mrs. Myrtle Davis, Mr. and Mrs. Earl Davis and daughter, Mr. and Mrs. Jim Bidding of Tippecanoe; Mr. and Mrs. Emory Davis and daughters, Mr. and Mrs. Earl Leedy and son, Mr. and Mrs. Grover Martin and son of Warsaw, Mr. and Mrs. Steve Yant of Silver Lake; Lester Horn of Flint, Michigan and Marilyn and Jody Horn.

Mr. and Mrs. Harry Davis and daughters of Silver Lake called in the afternoon. The group presented Mr. and Mrs. Horn with a lovely bed spread.

Medical quackery is the target of a double crackdown by the government and the American Medical Association. False claims for vitamins, minerals, and food supplements cost 10 million Americans \$500 million a year, according to the Food and Drug Administration. And, the AMA says, medical quacks gyp the public out of a billion dollars annually and do untold damage to the nation's health. The two organizations planned an intensive educational campaign and enforcement program at the first National Congress on Medical Quackery held recently in Washington, D.C.

Space ships with blast-off weights equal to that of our biggest battleship—50,000 tons—appear "feasible", according to a report to the American Rocket Society.

How full is your freezer? It may make a difference, if the electricity goes off. Specialists at the Department of Agriculture report the food will stay frozen about two days if the freezer is fully loaded, only one day if it's half full. Dry ice will help keep the contents frozen if the power failure is a long one.

Smoother textured ice cream is produced when the formation of large grainy crystals can be minimized. A development in Louisville, Ky., already used extensively in the manufacture of peanut butter and margarine has been applied to the production of ice cream. This Votator continuous-processing equipment utilizes temperatures lower than usual in the ice cream industry—with resultant smaller crystals.

Anti-freeze offers maximum protection when diluted to a 60 per cent solution, says a pro-

ducer. At 100 per cent, the liquid does not give 100 per cent freeze protection—paradoxically the water you add actually lowers the freezing point to some extent.

A 1,000 mile long "mountain range" with some peaks more than 6,000 feet high was discovered at the bottom of the Pacific this fall in a spot south of Alaska where existing charts showed almost a flat bottom. The Department of Commerce survey ship Pioneer used new echo sounding equipment to locate the underwater range, and expects to find more uncharted formations.

TV sets outnumber flush toilets in American homes, says the Census Bureau. Some 88 per cent of U.S. homes had television, only 85 per cent had sanitary plumbing. Another census oddity: married women outnumbered married men by 300,000 in the 1960 count, mainly due to the absence of married servicemen stationed abroad or married crewmen of merchant vessels at sea.

Dogs can be trained to smoke but it's hard to get them to enjoy it, reports a doctor in St. Paul.

You may find cranberry stains on the carpet after your holiday dinners. These stains are impossible to remove by home methods, but Purdue University home management specialists offer a first aid treatment. Take up the excess with a spatula and sponge the spot with a clean white cloth dampened with lukewarm water. This action will help the professional cleaner restore your rug to its natural color.

In the central states region, eight of ten houses built in 1959 were of wood construction, report Purdue University housing specialists. A little less than one-half used wood siding in the form of lumber, plywood, fiber board, wood shakes or shingle siding.

# LIONS CLUB MEETING HELD WEDNESDAY EVENING

The regular meeting of the Mentone Lions Club was held at the Mentone school Wednesday evening, and before the local members were through with a delicious meal, five members of the Talma Lions club: Lyman Dawson, Jim and Frank Meredith, Joe Duzan and Don Pfeiffer showed up. When the business session started, Mr. Duzan, president of the Talma club, presented a live guinea pig to President Arthur Kendall. Explicit instructions were given as to the proper care of the animal, and intimated that a "blessed event" was definitely on the schedule. Being equal to the occasion President Kendall soon managed to railroad Fred Lemer into custody of the animal until such time as it could be properly donated to some other unsuspecting Lions club. (The Talma boys didn't say what club managed to leave the animal in their care)

Lion Kendall stated that about ten men put up the boards for the curbing on the ice skating rink at the city park Sunday.

January 17th is to be the ladies' night program.

The Dec. 20th meeting has been cancelled due to a conflict with school activities.

Bob Whitehead of Plymouth, who heads the area Youth for Christ program, was present and presented a film to the members.

Want more servings from the roasts you buy? Reduce the cooking temperature to 200-250 degrees, answer Purdue University food specialists. Lower temperature reduces shrinkage, which means more servings. The meat tends to be juicier, but must be cooked longer.

# SCHOOL CASE VENUED TO PERU

The suit of 11 Newcastle township residents against the Fulton County School Committee and County Clerk Gerald Knauff was venued from the local circuit court Friday to the Miami circuit court at Peru.

Judge Henry Bailey of the Miami court will hear evidence in the case. Parties were given 10 days to effect the change.

The 11 plaintiffs are Devon Eaton, Kenneth Dean Bryant, Maurice Coplen, Richard Coplen, George Craig, L. G. Alber, Gerald Kindig, Frank Edwin Newton, Maurice Peterson, James Rogers and W. Bernard Rogers.

The action first was filed Sept. 6 in the local court and the plaintiffs asked change of venue Sept. 28. No action had been taken until Friday.

The suit seeks to mandate the County School Committee to release Newcastle township (Talma) to Kosciusko county for school reorganizational purposes. It also requests the court to order Clerk Knauff to certify a petition for release from Newcastle as having 60 per cent of the township's registered voters. Knauff had honored affidavits

for name removal from the petition and this lowered the percent below the required 60 per cent.

Vitamin C is the nutrient with the closest relationship to income, says the U. S. Department of Agriculture. People with more money to spend use more fruits and vegetables—the foods that provide nearly all the vitamin C.

Chairs of different shapes and sizes will look as though they belong together, say Purdue University home furnishings specialists, if they are slipcovered or upholstered in coordinated fabrics.

Labels on medicine bottles can be secured and kept legible by covering with clear plastic tape, suggest Purdue University home management specialists. Keep all dangerous cans or bottles on high shelves or in locked cabinets, out of children's reach.

## Quick Meal For Shopping Days

When women add hours of shopping trips to their schedule, time often runs out on them. One way to keep serving nourishing meals on busy shopping days is to resort to the freezer, states Miriam Eads, Purdue University food specialist.

Having dishes ready to pull from the freezer and pop into the oven requires planning ahead. On days when the homemaker is not rushed, she might make double servings of favorite foods and freeze enough for a quick meal on a busy day. Desserts made ahead and frozen will spark any meal—even one of sandwiches.

If the homemaker cannot freeze her own meals, the specialist suggests taking advantage of the ready prepared food in the market. Many frozen meals are available, as are many dishes that require a minimum of preparation. Although these may be more expensive than foods prepared at home, the homemaker may value her time and energy above the additional food expense.

A few main dishes can be prepared the night before and popped into the oven to cook while the homemaker is away. Casseroles, roasts and meat loaves the examples of this type of meal. Prefrozen waffles heated in the toaster make a quick meal.

Some homemakers may think it more efficient to pay for a meal out on an especially hectic day. Of course, this depends on the budget, but Miss Eads points out that the time involved and the energy saved should be considered. A meal out could also be a social event for the family.

Simple things often are more beautiful than elaborate ones, comment Purdue University home furnishings specialists. To be sure a gift for the home is in good taste, select an object of simple design and pleasing proportions. The color should harmonize with other furnishings.

## Popular Small Grain Varieties

Dual, Knox and Vermillion—Purdue University developed wheat varieties—this year maintained their top popularity for the fourth time with Indiana growers.

State-Federal agricultural statisticians at Purdue report that Monon, another Purdue wheat variety, made its appearance in considerable quantity this year with almost nine per cent of the total acreage.

Laporte, a fifth Purdue variety first grown in 1959, accounted for 15 per cent.

Dual, which may be grazed in the autumn and spring, was the leading variety with 25 per cent of the total acreage. Knox, leading variety in 1957, 1958 and 1959, dropped from 37 per cent to 22 per cent. Vermillion continued to hold third place with 20 per cent. Laporte was fourth.

Clinton, an oat variety developed at Purdue, continued to be the leading variety. Newton and Clinton 59 occupied second and third place, respectively. Clinton 60 this year accounted for almost 13 per cent of the acreage.

Indiana barley growers for the fourth time indicated a strong preference for Kenbar, which

made up 42 per cent of the 1961 total acreage. Hudson and Dayton varieties finished second and third.

## Brownies Have Special Service

Brownie Troop No. 17 held an investiture service for new members and entertained their sponsors, Psi Iota Xi sorority, the Troop committee members and the Girl Scouts last Tuesday evening.

Elizabeth Smythe, Karen McFadden and Barbara Rush were invested as Brownies by Mrs. Jean Kendall and their leader, Mrs. Betty Boggs. Mrs. Judy Lavanchy and Mrs. Georgia Teel were invested as new leaders.

Brownies on the refreshment committee were Susan Shirey, Cindy Kralis, Susy Kralis, Jeri Pritchard, Jody Hudson, Kathy Yazel and Debbie Cooper.

On the ceremony committee were Sarah Jo Smith, Carolyn Boggs and Denise McFadden.

Decorations were by Susy Boggs, Honey Hudson and Donita Teel. Those responsible for the cleanup were Elizabeth Smythe, Karen McFadden and Barbara Rush.

## Latest U.S.D.A. Combined Summary Confirms

**EXCELLENCE OF  
KimberCHIKS®  
AS PROFIT MAKERS**

in U.S. Random Sample Egg Production Tests

This trophy was recently accepted by Kimber Farms as general recognition of the contribution of applied genetics toward better chickens.

The K-137 Kimberchik was recently awarded the Poultry Tribune trophy for highest estimated income producing ability in 15 Random Sample Tests completed in 1960.

The Agricultural Research Service of the U.S.D.A. has published a combined summary of the 1959-60 egg production tests covering 15 traits for 165 stocks. A study of bulletin ARS 44-79-1 will show how well balanced Kimberchiks are in all major factors that affect income such as livability, egg numbers, egg size, feed consumption, body size, albumen score and shell thickness. You may get a copy of the bulletin free by writing the U.S.D.A. in Washington, D.C.

The K-155 Kimberchik was third in income among nationally distributed stocks, and sixth among all 165 stocks entered.

While the K-137 made the highest income, it should be mentioned that the competition was so keen that mathematically about 5 other strains, including K-155's, would have a 1-1 chance of being first if the same tests could be repeated. The odds of any strain being in first place all the time are very slight. But both the K-137 and the K-155 are certainly among the very finest chickens available.

Mulch your evergreens now to prevent loss of moisture, advise horticulturists at Purdue University. The mulch will also prevent heaving of the plants and temperature fluctuation at the roots. Use at least two inches of peat moss or a similar material.

Co-Op. Building Dept.

**Every Member Canvasser**

The Methodist church of Mentone announces that the work of December 10 through 17 will be "Stewardship and Finance Week." An every member canvasser will be conducted to present the budget and the financial need to the church membership. The budget set for the 1962 calendar year is \$17,914 and includes one of the strongest missionary programs in the history of the church.

Serving on the "two-by-two" calling teams, following the pattern set by Jesus' instructions to the mission of the "70", will be: Denton Abbey, Lyman Mollenhour, Dr. F. B. Davison, Marion Smith, Merl Gibson, Harold Utter, Mott Bryan, John Miller, Ned Miller, David Cooper, Ralph Mollenhour, Paul Creakbaum, Kathryn Whetstone, Alice Mollenhour, Faye Whetstone, Martha Ellsworth, Kathryn Teel,

Richard Manwaring, Dr. Orville ...  
Mott Bryan and Harold Utter are the committee in charge of the work for the church.

Turkey sandwiches offer real stick-to-the-ribs eating for every active child, comment Purdue University food specialists. Use turkey meat in fairly plain sandwiches for overweight children; or make rich sandwiches by adding higher caloric foods for thin children who need to put on extra pounds.

House plants should be watered less now than they were in the summer, say Purdue University horticulturists. Excess or insufficient watering isn't good for them. When the soil becomes dry one-half inch down, water until moisture drips out of the bottom of the pot.

## Stay a Year Ahead

Prepare now to be financially ready for next Christmas thru our 1962 Christmas Club now forming.

With the added good cheer of ready holiday money it pays to stay a year ahead ... every year.

There's a plan to fit your purse.

I would like to take this opportunity to thank my many friends for the beautiful cards. The plants and for their prayers which I feel helped a lot. I want to especially thank the WSCS for thinking of me during my recent illness.

LAVERA HORN

### Mentone Senior Class Activities

The senior class of Mentone is having two money-making projects this month. On December 9 the boys of the class will have a car wash at the Anderson Standard station in Mentone. Boys will be on hand at 8:00 a. m. throughout the day until 5:00 p. m. They hope to have at least 50 cars to wash at \$1.00 per car. If anyone wants a senior to call for his car, wash it, and return it, just phone the station and leave their name.

On December 16 the girls of the senior class will conduct a bake sale at Romine Electric shop in Mentone. Each girl is furnishing several articles so that their profit will match or surpass the boys' efforts.

The seniors are looking forward to their senior trip on May 13, 1962, a time which will be here soon. They still need money for that trip. They are very grateful to the people of Mentone and vicinity for their past support and hope they will continue to help by bringing their cars in for a wash and by buying the delicious baked goods the girls will furnish.

### COUNTERPOINT, Continued

healthy man who chooses to loaf on unemployment compensation is not a defender of human freedom. The playwright who would degrade us, the author who would profit from pandering to the worst that's in us, are no friends of ours.

"It is time we hit the sawdust trail. It is time we revived the idea that there is such a thing as sin—just plain old sin. It is time we brought self-discipline back into style. And who has greater responsibility at this hour than we, the gentlemen of the press.

"So I suggest:

"Let's look into our educational institutions at the local level, and if Johnny can't read by the time he's ready to be married let's find out why.

"Let's look at the distribution of public largesse and if, far from alleviating human misery, it is producing the sloth and the irresponsibility that intensifies it, let's get it fixed.

"Let's quit being bulldozed and bedazzled by self-appointed long-hairs. Let's have the guts to say that a book is dirt if that's what we think of it, or that a painting may well be a daub if you can't figure out which way to hang it. And if some beatnik welds together a collection of rusty cogwheels and old corset

stays and claims it's a greater sculpture than Michelangelo's 'David' let's have the courage to say that it looks like junk and probably is.

### Let's Cover Cess Pool

"Let's blow the whistle on plays that would bring blushes to an American Legion stag party. Let's not be awed by movie characters with barnyard morals even if some of them have been photographed climbing aboard the Presidential yacht. Let's pay more attention in our news columns to the decent people everywhere who are trying to do something for the good of others.

"In short, gentlemen, let's cover up the cesspool and start planting some flowers."

Kitchen hint—Read this recently—For a taste treat use one of the dry soup mixes (onion or celery) to dredge liver or steak before frying.

If you wish to purchase a reprint copy of one of the McGuffey readers (1879 revised edition) you may order them at the following prices, postpaid:

First reader	\$2.50
Second reader	2.75
Third reader	3.25
Fourth reader	3.50
Fifth reader	3.75
Sixth reader	4.25

The address is:

Old Authors  
Dept. TR-7  
Rowan, Iowa

We enjoyed this:

The little old lady was mailing the family Bible to her brother. The postal clerk examined the package and inquired if it contained anything breakable. "Yes, it does," she said, "but they've been broken so often I guess it doesn't matter."

What teen-age girl wouldn't appreciate receiving a beauty accessory such as a handmade after-bath powder mitt filled with dusting powder? According to Purdue University clothing specialists, you might make a lace trimmed headband to cover pin curls to go with it, or a dainty ruffled cape to wear while applying make-up.

## NEWCASTLE LADY DIES

Emily Fay Swihart, 70, died Monday at 5:20 a.m. in Woodlawn hospital after an illness of four years. She resided in Newcastle township with her daughter, Mrs. Kermit Biddinger.

Born Nov. 11, 1891, at Hoopston, Ill., she was the daughter of A. D. and Louella Kirkpatrick Poenix and had spent most of her life in Fulton county. Formerly a teacher at several Fulton county schools, she also served at court probation officer at Rochester. She was a member of the Bethlehem Baptist church and the Pleasant Valley community club and graduated from Rochester Normal University.

Her first marriage was in 1910 to Otis Emmons, who died in 1933. Her second marriage was in 1936 to David Swihart, who died in 1949.

Surviving are one daughter, Mrs. Kermit (Allene) Biddinger, R.R. 5, Rochester; one sister, Mrs. Peter Coleman, South Bend; one brother, Russell Poenix, Grass Creek, and an aunt, Mrs. Mina Davis, Visalia, Calif.

Funeral services were held Wednesday at 2 p.m. at the Zimmerman Brothers funeral home with the Rev. Harry Smith officiating. Burial was in the Reichter cemetery in Newcastle township.

The eye accepts pale colors without shock, so use pastels and pale tints to make room look larger, suggest Purdue University home furnishings specialists.

## SYRACUSE MAKES MENTONE WORK

The Mentone basketball team had a job on their hands Friday evening when they tangled with the boys from Syracuse. They managed to win, however 71 to 65. Both teams ended up with 27 field goals, but the local boys came through with a few more counters at the foul line.

The second team boys lost by a 26 to 23 score.

Mentone School  
Christmas Program

The Mentone school music groups will present a Nativity play, "There Was One Who Gave A Lamb", by Annette Mason Ham; as part of the Christmas program. The remaining part of the program will be devoted to traditional carols sung by the grades, kindergarten through 8th, and the high school chorus.

The characters in the play are as follows:

The Angel, Madonna Nellans.  
The man with a bag of grain, Clair Taylor.

The man with a bag of gold, John Wentzel.

The girl with a bowl of flowers, Beverly Hurst.

The boy with a lamb, Greg Witham.

Mary, Diane Silveus.  
Joseph, Jim Mikel.

Four Shepherds, Steve Lewis, Ken Romine, Ronnie Ward and Dennis Feldman.

Three Wise Men, Ted Shoe maker, Mike Orcutt and Danny McClone.

Larry Besson will serve as narrator for the evening program.

The Christmas decorations for the program are being prepared by the Triple Trio.

A cordial invitation is extended to everyone to attend this wonderful program on Wednesday, December 20, 1961, 7:30 p.m. at the Mentone school gym.

PURCHASE BUSINESS  
BUILDING HERE

Mr. and Mrs. Harold Uter have purchased the Martin C. Ernsberger building which is occupied by the Country Print Shop and the post office.

SCHOOL VACATION  
STARTS THURSDAY

The Mentone school will close for the holiday vacation Thursday at 11 a. m. A convocation will be participated in by all the classes starting at 9:00 a. m.

Classes will convene again on January 2.

## BROTHER DIES

Bruce Herendeen, 85, of Huntington, Indiana, died in his sleep Sunday night. He was a brother of C. O. Herendeen and Ben Herendeen of Akron. He had been in a wheel chair for eight years. He was well known to the older folks in Mentone.

NEWS? Ph. ELmwood 3-3985

M. O. MENTZER  
BURIED TUESDAY

Funeral services were held at the First Baptist Church Tuesday afternoon at two o'clock for one of Mentone's oldest residents, Mahlon Oren Mentzer, 84.

Mr. Mentzer died at the Woodlawn hospital at Rochester at 11:30 p. m. Saturday after being a patient in the hospital for 12 weeks, suffering with a heart ailment.

Rev. Irwin Olson, pastor of the church, officiated at the services and burial was in the Mentone cemetery with the Reed funeral home in charge.

Mr. Mentzer was born at Little Chicago, a village just west of Mentone, Oct. 6, 1877, to Samuel and Hannah (Shattoe) Mentzer. He was married to Minnie Blue, who died in 1924. The following year he married Anna Blue, who survives.

Other survivors are a son, James, of Park Ridge, Ill.; three daughters, Annabell, at home, Rosalind of East Lansing, Mich., who is an assistant to the dean of the Home Economics department at Michigan State University, and Mrs. Kenneth (Margaret) Foulks, of South Bend; a sister, Mrs. Bud Cole of Elkhart, and four grandchildren.

Mr. Mentzer first entered the business field with his father in a stove mill at Mentone. In the early part of the century they entered the general store business with Art Manwaring. About 1911 Mr. Manwaring left to enter the poultry business, and the general merchandise store continued until the middle 20s. At this time the business was curtailed to include only groceries. Some time during the middle 30s Mr. Mentzer left the grocery business.

Mr. Mentzer was a member of the Mentone Baptist Church, a 50-year member of the Masonic lodge, and had been serving as active secretary of the Mentone Chamber of Commerce until sickness forced his retirement 8 months ago.

Mr. Mentzer had a lifetime of community service and saw the establishment of Mentone from the beginning. At the age of 25 he was elected clerk of the town, and at age 75 he was again elected clerk-treasurer.

The family suggested moderation in floral gifts at the funeral and that some of the gifts be given to the City Park as a memorial. There was a fine floral display and shortly the News will have a report on the additional memorial contributions.

## COUNTERPOINT

By The Editor's Wife

Guess we won't need to hang out a "Mumps" sign for Santa Claus after all. Lisa's swelling was something else, but she had us fooled for a day or so. She was getting pretty hungry, too, as a liquid diet is a poor answer when one is hungry (She's like her grandmother at this point).

We know of one little boy in our neighborhood who really is going to be "steamed up" if Santa doesn't bring an electric train this year. Last spring he wanted his mother to tell the Easter Bunny to tell Santa Claus about the error, and to be sure to do it right this Christmas. They just had to know each other, he reasoned.)

For the average man, Christmas is an ordeal to be dodged. He's more than happy to let his wife do it all. Except, of course, he has to buy her a gift. He waits until the 24th of December or the 23rd, if he feels like doing his shopping early, and then finds to his dismay, that there isn't much left in the stores. He winds up spending twice as much as he'd intended for something his wife doesn't want. — Contributed.

Note on communism — A new book, "Kremlin Target: U.S.A.", by Donald Dunham, suggests an effective method against propaganda from the communists.

He urges that we hit at the USSR word for word and agitate against them in order to explore their weaknesses, while at the same time we sell our type of life to the world. The USSR should be our prime target, he claims, because Soviet propaganda "has become synonymous and interchangeable with USSR foreign policy in forwarding the centuries-old Russian attempt to extend her power beyond her borders."

Mr. Norton Levinstein, in an article in a recent Congressional Record, spoke along this same line. He said, "Why not repeatedly—and I mean repeatedly—remind the world of the notorious Russian nonaggression friendship pact with Hitler, which helped bring about World War II? Why not remind the world of Russia's unwarranted attack on little Finland, or of Russia's invasion of Poland in conjunction with their ally, Hitler? Why not remind the world of

(Continued on back page)

Official Opening of  
New Greenhouse

Mr. and Mrs. Harold Markley are extending an invitation to the people of Mentone and vicinity to visit their new greenhouse on Saturday, Dec. 16th.

During the summer Mr. and Mrs. Markley built a new modern greenhouse at their home in Mentone, and now have it stocked with about 1,500 potted plants in about fifty varieties.

They are offering free plants to the first 50 ladies to visit them Saturday. (Read their advertisement elsewhere in this issue.)

## SKATING RINK FLOODED

The Mentone fireman braved the extremely cold winds Tuesday night to give the City Park skating rink its first shot of water. Another flooding was due on Wednesday, and it is expected skating will be permitted Saturday.

4-WAY TOURNEY  
AT AKRON

The annual four-way holiday tourney will be held at Akron on Dec. 29 and 30. The first game will begin at seven o'clock Dec. 29, with Mentone and Beaver Dam playing. Akron will play Silver Lake in the second game.

The Saturday night games will begin with the consolation game at 7:00 p. m. and the championship game to follow.

Tickets will go on sale Monday, Dec. 18.

## CALENDAR

The Mentone Methodist WSCS Christmas program will be on Thursday, Dec. 21, 8:00 p. m. at the home of Mrs. Wymond Wilson. Notice! There will be a 25c gift exchange.

Mentone American Legion Jr. Auxiliary Christmas party at Post home Sunday, December 17 at 3 p.m. A 50c gift exchange.

HOMECOMING  
QUEEN CHOSEN

Miss Diana Silvius, shown at the left above, was chosen by the seniors of Mentone school to be the "homecoming queen" at the homecoming games at the Mentone gym Friday evening. Shown with her are the princesses who served with her. They are, left to right, Sandra Miller, Tana Henderson and Madonna Nellans.

Miss Silvius was crowned by Monna Ross, last year's queen.

The Pep Club also selected representatives from the three lower classes who appeared on the stage with the queen and her princesses. They were: Claudia

Keirn, Junior; Connie Newton, Sophomore, and Judy Decker, Freshman.

Janice Lynch and Melvina Seore were supervisors of the contest.

During the evening "time out" was taken while the former basketball players and cheer leaders marched before a microphone while H. V. Johns supplied the sound to announce the year in which the "formers" were active at Mentone H. S.

Earl Shinn, who played on the first basketball team in 1903-04, was present and given a big ovation. (Ebbay Bayne, who also was on the same team, still resides at Mentone.)

**SCIENCE TOPICS**

Electric current, flowing through electrodes implanted in the brain, has successfully been used to relieve the pain and suffering of patients with incurable cancer without causing major physiological damage. Scientists at Harvard University report the method effectively relieved pain in 15 out of 21 cases, and had partial beneficial effect on most of the others. The technique, in which high-frequency current is applied for several seconds while the patient is under general anesthesia, is continued at intervals of several days to the point where concern over pain and the need for narcotics ceases.

Wicker furniture can be cleaned easily with a salt water solution which also stiffens the wicker and gives it greater durability.

A floating power plant, with a nuclear reactor providing the energy, has been ordered by the Army Corps of Engineers for use in emergencies. The atomic barge could supply electrical needs of a coastal community of 20,000 residents if wartime action or natural disaster cut off its regular source of power.

Welded construction of modern buildings is the key to an expected spurt in the welding industry, reports A. F. Chouinard, president of the American Welding Society and director of research for National Cylinder Gas. This type of fabrication provides a freedom of design not available in structures built around a bolted framework because the welded skeleton can actually be used as part of the finished exterior, he said.

By knocking heads together, two Northwestern University scientists hope to find the answer to cutting down on football deaths. Head and neck injuries cause a growing percentage (71 per cent recently) of the deaths. The men plan to

install tiny instruments in the helmets of several Northwestern gridgers, and these will radio back to the bench data on both impact and brain activity of a game.

A new toothpaste eases pain caused by cold, heat, or sweets on hypersensitive teeth, a reaction suffered by most adults at one time or another.

Filet of pine tree and New York cut of Oak may be on the dinner menu soon if research at the University of Colorado proves successful. Scientists there are investigating the nutritional content of dry matter in plants and methods of making it more digestible. "These fibrous materials are the most common organic substances in the world and would be an excellent source of carbohydrate if man could digest them," they report.

If you're going to get diabetes, the disease is developing right now. Dr. Jerome W. Conn of the University of Michigan medical center reports that every victim of diabetes is born with the disorder.

## Need Identical Twin Calves

Purdue University's animal science department is searching for identical twin calves in Indiana. They will be used in nutritional feeding studies.

"Identical" refers to calves born of the same sex, body size, shape and color patterns. They should also have the same temperament, feeding and nursing habits, and general behavior patterns. The sets may be of any breeding.

Hoosier cattlemen who believe they have such a pair of calves under a year of age, weighing no more than 650 pounds, and are willing to sell them, should write Dr. W. H. Smith, Animal Science Department, Purdue University, Lafayette, Indiana. Dr. Smith's office is in the Life Sciences building and the telephone number is 92-4839.

You've got nine Chevy II models to choose from. This is the Nova 400 Sport Coupe.

## Luxury and low price were never blended so beautifully

Who but Chevrolet could've done it? Price, spice and everything nice! A car that's bustin' with room, zoom and richness. One that's deep in convenience and comfort. One that won't let you squander a thing but affection. Look over the beautiful new Chevy II Nova here, and light out in it at your dealer's. **CHEVROLET**

# NEW CHEVY II NOVA

### A SIX WITH V8 SCAT. ➡

You design a throaty Six (120 hp. strong) with special refinements like seven main bearings. You take your Six and team it with a car that is hundreds of pounds lighter than the big jobs—and, partner, you've got Go!

### ➡ EASIER GOING RIDE.

New Mono-Plate rear springs take the place of old-fashioned multi-leaf springs. Tough but ever so gentle, they help give you a ride that reminds you of the big Chevrolet—and you know how smooth that is.

### ➡ RICH REFINED INTERIORS.

Here's where you sit in the lap of luxury. Leatherlike vinyl upholstery. Foam-cushioned, of course. Carpeting and scuff mats. Vinyl overhead and chrome trim—the works!

### ➡ EVEN BUCKET SEATS

IF YOU LIKE. Comfortable, contoured for full support, padded with thick deep-foam cushioning, covered in rich leather-grained vinyl. Yours at slight extra cost in the Nova Sport Coupe and Convertible.

Body by Fisher

**STRIKING NEW STYLING.** Any way you look at it, the Chevy II Nova is a neat, nifty fashion plate. The lines are so crisp and clean we're tempted to call them "elegant" (except that sounds downright expensive and, as your dealer will happily show you, Chevy II is anything but!).

See the new Chevy II, '62 Chevrolet and '62 Corvair at your local authorized Chevrolet dealer's

## Night Flight Home From Florida Meeting

Dr. Dan Urschel returned from Pensacola last Saturday morning, after attending the Aerospace Medical Association program committee meeting, which was held at the Naval Air Station. He was fortunately able to get back to Mentone ahead of the extremely stormy weather which hit the entire central portion of the country over the week end. It had been his intention to remain in Pensacola for another day or so, but the weather changed that program. When Dan was told by the weather bureau that "bad weather" was on the schedule for Saturday and Sunday, he took off in his private plane at nine o'clock Friday evening and his second stop was at the War saw airport. He called Allen Herendeen at the Mentone Airport requesting he park his car along the runway and Dan landed at Mentone at 3:30 Saturday morning.

While at Pensacola, Dr. Urschel was the guest of Captain C. P. Phoebus, Commander of the Naval Flight Surgeon's School. Attending this committee meeting were representatives from the British Royal Air Force, the U. S. Navy Air Force, the Federal Aviation Administration, the Civil Air Medical Association, and the Naval Air Medical Research Center.

While at the Naval Air Station, Dr. Urschel was shown through the facilities in which they are doing research on weightlessness, and other problems in space flight. He also saw "Baker", the tiny monkey which was the first primate to survive a trip through outer space.

## Psi Iota Xi Sorority

The sorority members were guests of the Brownie Troops from Mentone on December 5 at the Methodist church. Lovely refreshments were served by the young ladies.

A regular business meeting was held by the sorority at the Farmers State Bank following the meeting at the church.

It was reported that the sorority sent 18 gifts to a mental hospital. Plans were discussed for the party to be held at the home of Mrs. Paul Quinn on December 20.

## Harrison Hustlers Elect Officers

Thirty-nine members of the Harrison Hustler's 4-H club held their first meeting of the 1961-62 year Tuesday evening and held an election of officers.

The officers for the coming year are: president, Doyle Eiler; vice president, Janet Besson; second vice president, Jim Mikel; secretary, Martie Nelson; assistant secretary, Judy Besson; treasurer, Larry Eiler; assistant secretary, Karen Hawley; reporter, Mike Hawley; assistant reporter, Roger Horn; health and safety leader, Lloyd Bowerman; assistant leader, Mike Hubart; recreation leader, Steve Shirey and Gene Nellans; and song leader, Sonny Nellans; assistant song leader, Tom Whet-

stone.

The 4-H club members are selling a spray on plastic band-aid to help finance some of their activities. If you would like to buy a can, please contact any member or their leader, Morris Bitzer.

## CARD OF THANKS

We would like to thank our friends and neighbors who sent flowers, cards and prayers for Russell Norris while in the hospital and during our bereavement. We would also like to thank the people who served the luncheon at the church.

## MENTONE LIBRARY SELLING PAPERBACKS

The Lawrence D. Bell library in Mentone High School has begun the sale of paper bound books to students in school. The Ramsey News Service of Warsaw has placed a book rack in the library and 136 books last Thursday. Nearly half of the books were sold by Friday. 86 more were brought in on Monday.

It is creating and stimulating student reading and extending student interest in a variety of good books. The types of books to be sold are screened so that only the highest quality of good reading material is available. The cost of these books ranges from 25c to \$1.25—mostly 25c, 35c and 50c.

Such classics as Pearl Buck's "The Good Earth," Mark Twain, "The Magnificent Obsession," Lloyd C. Douglas, "The FBI Story," "The Silver Chalice," "Ben Hur," "Pride and Prejudice," "The Last of the Mohicans", etc., are selling fast.

There are books dealing with the history of the Civil War, Hawaii, Winston Churchill's "The Gathering Storm", Lessing's "Understanding Chemistry".

The Webster's New International Dictionary sold out so fast that a re-order brought a new supply. Others that sold fast were "Six Minutes a Day For Better Spelling", Roget's Thesaurus, "How to Build a Better Vocabulary", "Science in our Lives", "How to Study for Exams", besides many novels, old and new.

The high school librarians and Mrs. Caldwell are handling all sales. A profit is made on each book, and this will in turn buy new permanent books for the library.

### CARD OF THANKS

We wish to take this opportunity to thank everyone for their thoughtfulness while we were in the hospital.

## Christmas Party At Mrs. Hardesty's

Monday, Dec. 11th, the Jolly James H. D. club held its Christmas party at the new home of Mrs. Frank Hardesty, assisted by Mrs. Dwight Reichard and Mrs. Tom Harman.

Mrs. Reichard installed the newly elected officers in an impressive candlelight ceremony, as follows: Mrs. Hardesty, president; Mrs. Ora Carmean, vice president; Mrs. Morris Bitzer, secretary, and Mrs. Russell Eber, treasurer.

A quartette composed of Mrs. Wayne Bowser, Mrs. John Ellsworth, Mrs. Robert Whetstone and Mrs. Kenneth Romine, accompanied by Mrs. Stanley Yeiter, furnished background music for the Bible story as it was read by Mrs. Raymond Lewis, from Luke 2. Then the quartette beautifully entertained in singing several Christmas numbers, with the entire group joining in singing carols.

Mrs. Loren Tridle presented a humorous reading, adding much to the Christmas gaiety.

Mrs. Jim Romine received the door prize. The evening closed by 22 members receiving gifts from their secret pals. Mrs. Stanley Yeiter was accepted as a new member. Other guests were Mrs. Bernard Cole, Mrs. Robert Whetstone and Mrs. David Peffney.

## Gifts For Gardeners

Do you have any home gardeners on your Christmas list? If so, shopping should be easy since there are many articles useful to the gardener.

Purdue University horticulturists suggest a book on gardening. Available are general garden books and those specializing on such subjects as landscaping, shrubs, flowers and house plants. Most are authoritative and well written.

Subscriptions to gardening magazines are welcome too. Most contain many illustrations on "how to do it" techniques, plus tips and longer feature articles.

Tools, such as trowels, pruning shears, or in the more expensive line, electric hedge trimmers, are popular. The list of tools seems almost endless.

And for late shoppers, perhaps a house plant will solve the problem. Appreciated any time of the year, house plants are especially good during the winter when their color will brighten a room.

## PRESIDENT URGES SUPPORT OF CARE

President John F. Kennedy has called upon the American public to support the holiday season CARE Food Crusade fund appeal now underway.

In a letter released by Harold S. Miner, president of CARE, Mr. Kennedy states:

"During its fifteen years of delivering aid on behalf of Americans to the needy overseas, CARE has helped millions materially. But beyond that, it has become a symbol of our people's traditional generosity and feeling of brotherhood for their fellow world citizens.

"The food packages, the tools, medicines and books which CARE has distributed in more than fifty countries around the globe have performed a double service of saving lives and carrying a message of friendship from America.

"For reasons of humanity and to strengthen the foundations of peace and freedom, I urge the American public to continue to express their concern for those in need abroad by supporting the 1961-62 CARE Food Crusade."

Goal of this year's drive is to send 5,000,000 Food Crusade packages to hungry people in 17 countries as personal gifts from Americans who donate \$1.00 per package to CARE, 1 South State, Chicago 3, Illinois. Package contents include U. S. agricultural commodities, donated through the administration's Food for Peace program, and specially purchased foods.

## Royal Neighbors Meet

The Royal Neighbors met Tuesday evening in the home of Mary Borton for their Christmas party and pot luck supper.

The regular business meeting was then conducted by Mrs. Borton. Officers for the coming year were elected. Cards were sent to the members reporting sickness in their families. Mrs. Borton expressed her thanks to the camp for the beautiful foot stool given them for their anniversary present. We then had our gift exchange and grab bag. This being the birthday of Mary Teel, recorder, the camp presented her with a lovely cake baked by Mrs. Hoover. We then returned to the dining room and enjoyed cake and coffee.

Meeting was closed with a prayer by Mrs. Cook. Next meeting will be in February with Mrs. Cook.

## HONORED IN FLORIDA

Recently a special dinner was given in the Leesburg (Fla.) trailer court for couples who had been married 50 years or longer. Three Mentone families: Mr. and Mrs. Don Bunner (52 years), Mr. and Mrs. M. O. Smith (50 years) and Mr. and Mrs. H. V. Nellans (52 years), were among the 16 honored couples present. Over 800 years of married life were represented at the gathering.

The Merl Newbys of North Webster and the Harry Vannators of Warsaw were among the 16 couples.

## PREPARE FOR INDOOR GARDENING

If you're planning on almost any type of indoor gardening this winter, get plenty of topsoil, according to Don Scheer, Purdue University extension horticulturist.

Usually, a bushel basket of the best topsoil you can dig will be sufficient. But while you're at it, why not prepare a good soil mixture—equal parts of soil, peat moss and sand?

Collect your flats and pots and put them in one area where they'll be ready for use this winter.

Too, consider building a bench for potting plants. It need not be large or expensive, but will make indoor gardening and getting plants ready to take outdoors next spring easier.

Vacuum rugs more frequently during the holidays, advise Purdue University home management specialists. The extra litter and traffic cause more wear on rugs than at other times of the year.

## Merry Mollys Meet

Mrs. Kenneth Leiter was hostess to the Merry Mollys Home Demonstration club Christmas party Monday evening. She was assisted by Mrs. Harold Horn, Mrs. Dale McGowen and Mrs. Don Bennett.

A Christmas corsage was presented to each member as they entered. Mrs. Al Runnels read an article on Christmas for meditation. Mrs. Bennett was in charge of the candlelight service for the installation of officers for the coming year. New officers are president, Mrs. Runnels; secretary, Mrs. Donald Horn; treasurer, Mrs. Al Hire. Mrs. Glenn Puterbaugh, the outgoing president, and Mrs. Runnels were presented with lovely corsages. Mrs. Puterbaugh received a gift of appreciation from the club.

After a short business meeting conducted by Mrs. Runnels, gifts were exchanged by reading a verse that coincided with a Christmas sticker on a gift under the beautifully decorated tree. Secret pals for the past year were revealed by Christmas cards. Mrs. Marion Smith received a gift from her secret pal and Mrs. Gene Sarber the door prize. 50-50 was enjoyed with high score going to Mrs. Dale Stiffler and low to Mrs. Smith.

Refreshments were served to 18 members and one guest. Mrs. Dean Myers.

## Country Neighbors Meet

The Country Neighbors club met for their annual Christmas supper on Monday evening at the home of the hostess, Mrs. Jim Meredith, with Mrs. Lewis Pulling as co-hostess.

The home was beautifully decorated in a color scheme of red, white and green. Many gifts surrounded the glittering, silver Christmas tree. A delicious ham supper with all the trimmings was served by candlelight on a table decorated with an impressive centerpiece of greenery, candles and colorful Christmas ornaments. Each guest received a miniature Christmas corsage. Christmas music played softly in the background throughout the mealtime.

Mrs. Allen Herendeen president, presided over the business session with devotions by Mrs. John Teel and Mrs. Robert Hoover. Mrs. Earl Zent gave a most novel and enjoyable reading. Mrs. Leroy Norris, secretary, read the roll call in which each member tried to guess the identity of their secret pal for the past year. The meeting was closed with the group singing Silent Night, with Mrs. Meredith accompanying the group on her antique pump organ.

### LEGAL NOTICE

Notice is hereby given that the Trustees and Advisory Boards of Franklin Township, Kosciusko County, Harrison Township, Kosciusko County and Newcastle Township, Fulton

County, Indiana, will receive sealed bids at the Mentone Fire Department until 7:00 o'clock p.m., EST on the 4th day of January, 1962 at which time the bids will be publicly opened and read aloud for the purchase of the following equipment to-wit:

Item 1, One (1) Chassis and cab for use by the Mentone Fire Department, Mentone, Indiana.

Item 2, One (1) 750 G.P.M. Fire Fighting Equipment to be mounted on the above chassis.

Item 3, One (1) Combination bid on both the above.

Bids shall be properly and completely executed on bid form No. 95 as prescribed by the State Board of Accounts, together with a non-collusion affidavit as required by law, and accompanied by a bid bond or certified check in the amount of ten per cent (10%) of the total price, and said bids shall be in strict accordance with the specifications which are on file with the Mentone Fire Department, Indiana, and copies of said specifications may be obtained from the Fire Chief.

Copies of said specifications will be mailed upon request.

The Trustees and Advisory Boards reserve the right to waive any informalities in bidding and to reject any and all bids, and to award contracts on separate bids or on combined bids.

Dated December 7, 1961.

Christmas decorations are part of the family when children help fashion them, observe Purdue University family life specialists. Small hands can string popcorn and cranberries and make attractive paper chains.

Purdue University dairy department points out that dairy cattle showing good body condition but not producing up to normal may lack protein. They advise increasing the protein supplement.

## BAPTIST CHURCH NEWS

A sixteen foot flannelgraph board picturing the story of the Savior from Bethlehem to the Millennium will be the focal point of this year's Christmas program which will be presented by the Sunday School of First Baptist church at 7:30 on Sunday evening, December 17. The theme of this illustrated, musical program is "For God So Loved The World". Children and young people from all departments of the Sunday School will participate in the presentation which includes the singing of many of the favorite Christmas songs and carols.

The program is under the direction of the department superintendents. Mrs. Leroy Norris, chairman; Mrs. Elmer Newberg, Mrs. Everett Rathfon and Mrs. Wayne Shunk. Mrs. Tobie Blalock has assisted with the art work for the large flannelgraph board and Mr. Leroy Norris constructed the framework for the display.

Plan to attend this program. The pastor and people of First Baptist will be delighted to have you.  
The Annual Christmas Candle-light Communion Service of the First Baptist church will be held on Sunday evening, December 24. The service will begin at 7:30 and be dismissed promptly at 8:30. The service will begin with a medley of Christmas carols sung by the senior choir under the direction of Mr. Everett Rathfon. A brief Christmas message by pastor Olson will be followed by the observance of the Lord's Supper.

Check the weather strips around doors and windows of your home, advise Purdue University agricultural engineers. Be sure windows and doors fit tightly; caulk around windows if necessary. Heat loss around windows and doors runs up fuel bills.

## Stay a Year Ahead

Prepare now to be financially ready for next Christmas thru our 1962 Christmas Club now forming.

With the added good cheer of ready holiday money it pays to stay a year ahead . . . every year.

There's a plan to fit your purse.

## WINNING ESSAY IN CONTEST

Mrs. Eldred Paulus, as chairman of the good citizens committee, Anthony Nigo chapter, announces the winner from the southern schools of Kosciusko county is Miss Donna Miner of Etna Green. Schools participating were Atwood, Silver Lake, Sidney, Claypool, Beaver Dam, Mentone, and Etna Green.

The girls were chosen by their classmates and faculty because they possess the following qualities to an outstanding degree: dependability, service, leadership and patriotism. They were given a list of questions to answer and were also required to write a 300 word essay on "A Republic—If You Can Keep It". Miss Miner's essay is as follows:

**A Republic—If You Can Keep It**

Just what is a republic? According to Webster's dictionary, a republic is "a state or country in which the supreme power is vested in representatives elected by popular vote". Although

the word "republic" has other slightly different meanings, this is the one most closely connected with the United States.

The United States certainly is a republic. We have our Congress, which is made up of representatives and senators chosen by the people by popular vote. This gives us the opportunity to elect the person we feel will have our interests at heart, and will represent us best. We also have the privilege of voicing our opinions to our Congressmen. In this way, he can find out how the people feel.

If the United States were communist or dictatorial, would we have these rights and privileges? No, we would not, because there would be one person who would rule over us, and the people would have no voice in the government whatsoever. If we were a communist nation, and the wrong man got into office, the people would have no way of controlling him, but with a republic, if the President tries to get too much control, the Congress is able and has the right to limit his actions.

"If you can keep it". There should be no "if" about it. Everyone must strive to keep this "government of the people, by the people, and for the people".

## COUNTERPOINT, Continued

Russia's annexation of small countries like Latvia, Estonia, and Lithuania, and eastern Poland? Why not repeatedly remind the world of the brutal suppression of the Hungarian freedom fighters? Let's put Khrushchev on the defensive for a change."

Taste treat—Stir a can of undrained sauerkraut into the drippings from browning pork chops or pork steak. Serve in buttered mashed potato nest. (At my house, I'd make gravy from those luscious browned drippings. The editor wouldn't be too happy about sauerkraut in any form.)

THE TEEN-AGE  
COMMANDMENTS

Stop and think before you drink.

Don't let your parents down. They brought you up.

Be humble enough to obey. You will be giving orders yourself someday.

At the first moment turn away from unclean thinking.

Don't show off when driving. If you want to race, go to Indianapolis.

Choose a date who would make a good mate.

Go to church faithfully. The Creator gives us a week. Give Him back at least an hour.

Choose your companions carefully. You are what they are.

Avoid following the crowd. Be an engine, not a caboose.

Recall the original Ten Commandments.

Thanks to Phyllis Bowser.

We enjoyed this:

The ardent motorist animal lover was most distressed because he had run over a hare and saw it lying in the road taking its last gasps. He stopped his car and went back to put the animal out of its misery when another motorist stopped to offer help.

A chemist, the latter fetched a bottle of tonic from his car and placed it under the nostrils of the hare. In a few seconds the hare revived and bolted

CHRISTMAS GREETING  
ISSUE NEXT WEEK

The annual Christmas greeting issue of the News will be next week. This will be an opportunity for the business and professional people of the area to extend their thanks and appreciation to the citizens for their patronage and friendship during the year.

The News representatives will make an effort to contact all interested firms, but each one is urged to visit the News office and arrange the greeting he or she desires.

through the hedge and across the field.

"That's wonderful stuff," said the animal lover. "But what on earth is it?"

"Hair restorer," came the modest answer.—Cockle Bur.

MENTONE WINS  
OVER ATWOOD

The Mentone basketball teams won two from the Atwood boys at the homecoming games here Friday evening. The first team boys won 86 to 46 in a rather ragged game, with the second string boys winning 51 to 16. The boys from Atwood, even though rather outclassed on the floor, kept fighting to the very end.

The Atwood team played without the services of five regulars who were undergoing a bit of disciplinary treatment.

ON COLLEGE  
HONOR ROLL

Lee Markley and Roger Nellans were listed on the Dean's list of honor students for the fall term at Manchester College.

To appear on the Dean's list, a student's grades must be sufficiently high to place them in approximately the upper ten per cent of their class during the term.

## WITH THE SICK

Mrs. Gene Sarber underwent major surgery at the Woodlawn hospital Wednesday morning.

Charles Besson, Mentone, was admitted to the Woodlawn hospital Sunday evening for treatment.

Mrs. Elizabeth Jones, Millwood, was admitted to the Murphy Medical Center Sunday evening to have a chicken bone removed from her throat. Mrs. Jones is the mother of Robert Jones of Mentone.

EIGHT PRESENTED  
WITH TURKEYS

Eight individuals were presented with free turkeys at the American Legion Auxiliary card party and turkey raffle Monday evening at the Legion Home. They were Mary Cook, Frank Smith, E. W. Williamson, Gail Harold, Byron Nellans, William McFadden, DeWayne Everly and Mark Hammer.

The door prizes were won by Eula Smith and Vesta Creakbaum.

Delicious refreshments were served to all present.

## GET RID OF GUINEA PIG

Mr. and Mrs. Lloyd Bowerman, Mr. and Mrs. Verne Wittkamper, Mr. and Mrs. Arthur Kendall, H. V. Johns and Leroy Cox were in Claypool Monday night attending the 25th anniversary party of the Claypool Lions Club. This club was sponsored by Mentone.

The visiting Lions took advantage of the opportunity to "donate" the guinea pig to the boys at Claypool. (The Tippecanoe club dumped the little animal into the Mentone area a week ago Wednesday. It seems every club passes it on as quickly as possible while one cage will hold the entire family.)

WILL CELEBRATE BIRTHDAY  
IN NURSING HOME

Ben Blue will celebrate his 95th birthday on December 23. He is at the Prairie View Nursing home in Warsaw and would appreciate a word from his friends in Mentone.

Tickets for the 4-way tourney at Akron Dec. 29 and 30, will be on sale at Pete's Restaurant.

**WITH THE SICK**

Charles Besson is not so well at this time in the Woodlawn hospital.

Vickie Witham is ill with rheumatic fever.

**INVOLVED IN  
FATAL ACCIDENT**

Miss Florence Kagey, 58, of Warsaw, purchasing agent for the DePuy Manufacturing Company of Warsaw, was fatally injured in an auto accident near the Lester Kindig home, east of Mentone, about 7:30 Monday morning. James Feldman, 20, of Mentone, and David Mayhew, 21, of Rochester, were seriously injured in the head-on crash.

Miss Kagey was returning to her work after visiting friends at Logansport over the week end and Mayhew and Feldman were returning home after working a night shift at the Donnelly plant.

Three autos were involved in the accident. Glen Oney, 20, of R. 2, Warsaw, going west, attempted to pass the Mayhew car when he saw Miss Kagey's auto approaching, and it is reported as he turned back into his lane, his car hit the Mayhew auto at the rear, shifting it to the left lane and head-on into the oncoming auto. Oney was uninjured.

The three injured persons were taken to the Murphy Medical Center where Miss Kagey was pronounced dead. Feldman, who suffering severe facial cuts and other bruises, was unconscious until five o'clock Tuesday morning. Late reports are that he is improving. Later Tuesday Mayhew was removed to Rochester.

**FLOYD JONES DIES  
AT ELKHART**

Lloyd D. Jones, 75, of Elkhart, died of complications Thursday at 6:35 p.m. in his home.

Mr. Jones, who had been in ill health for the past seven weeks, was born near Warsaw on Dec. 4, 1886, the son of Milo and Nancy (Crouse) Jones. He married Mary Jackson in September, 1910. Mr. Jones retired in 1954 from the New York Central Railroad.

Surviving are his wife; two daughters, Mrs. Clarence (Cleo) Tinkley, of Burket, and Mrs. Vincent (Frances) Anderson, of Elkhart; one son, Milo W. Jones, of Wadsworth, O.; two brothers, Ralph and Charles Jones, both of Warsaw; and two sisters, Mrs. Nellie Kinch, of Warsaw, and Mrs. Aretha Hahn, of Azusa, Calif. He also leaves 10 grandchildren and eight great-grandchildren.

Services were held Sunday at 2 p.m. in the Reed funeral home at Mentone with Rev. Foster Jones officiating. Burial was in the Mentone cemetery.

**COUNTERPOINT**

By The Editor's Wife

For our outdoor decorations this year we are using a row of twelve luminaries across the front porch. We saw these in Old Albuquerque two winters ago, and remembered their simplicity of expression.

The first luminaries were stacks of pinon wood which were burned on Christmas eve as a re-enactment of the shepherd's fires that burned on Bethlehem's hills the night Christ was born. As early as 1626 this custom was followed by the first settlers in what is now New Mexico.

Today a luminaria consists of a paper sack holding a quantity of sand and a candle.

One of the most spectacular displays is at the A. R. Hebenstreit home in Albuquerque where 4,000 luminarias are lit. It takes two men two hours to light these unique displays. The candles burn down until the flame is extinguished by the sand.

(My young friend, Matt, was completely baffled and unimpressed by the row of brown paper sacks. Last evening he and younger brother, Chad, accompanied by their father, came over after the candles had been lit, so now the picture is clear in their minds.)

Strictly speaking, the luminarias should be lit on Christmas eve, but we plan to light them every evening this week, just as we plan to plug-in the lights on our little Christmas tree. (Jon, the "bubble" lights are still working—even though they have lost some of their zip.)

Have especially enjoyed my Messiah records this year. Am truly convinced that Handel was inspired while writing this masterpiece. His own words, after completing this manuscript in 24 days were: "I think God has visited me."

You can judge a leader by his followers. Better still, according to Westbrook Pegler, "You have to judge good patriots by their enemies."

We enjoyed this: "What do you mean I'm uncouth?" the young man asked his sweetheart. "Don't I take you to the opera, the ballet, and flower show and all that garbage?"

"For unto us a child is born," (Continued on back page)

**SISTER DIES  
AT PLYMOUTH**

Mrs. Maggie Ethel Ames, 73, of Bourbon, and sister of Fred Lemler, of Mentone, died of a heart attack today at 8:20 a.m. in the Parkview hospital in Plymouth.

Mrs. Ames, a lifetime resident of the Bourbon community, was born in Bourbon on June 20, 1888, the daughter of Daniel B. and Katherine (Miller) Lemler. She married Fred Reichert in 1907. He died in 1914. She married Bert Ames in 1927. He died in 1944. Mrs. Ames was a member of the Bourbon Evangelical United Brethren church.

Surviving are five sons, Harold Reichert, of Bremen, Wayne Reichert, George Reichert, Max Ames and Glen Ames, all of Bourbon; one daughter, Mrs. Katherine Stohler, of Anderson; one step-son, Ralph Ames; of Ohio; one step-daughter, Mrs. Bessie Hanes, of Bourbon; two brothers, Clarence Lemler, of Jensen Beach, Fla., and Fred Lemler, of Mentone; and six sisters, Mrs. Eva Martin, of Sidney, Mont., Mrs. Trella Neidigh, of Plymouth, Mrs. Bessie Dumph, of Nappanee, Mrs. Ruth Grise, of Bremen, Mrs. Ada Byrers and Mrs. Ella Woodcock, both of Bourbon. She also leaves 14 grandchildren, three great-grandchildren and 10 step-grandchildren.

Services will be held Thursday at 2 p.m. in the Bourbon E.U.B. church. Burial will be in the Sandridge cemetery.

**IN BOSTON HOSPITAL**

Frank Saemann, owner of the Frank Mfg. plant at Mentone and the Orthopedic Equipment Co. at Bourbon, is in the New England Baptist Hospital, 91 Parker Hill Ave., Boston, Mass., where he had surgery Monday. He is in room J546.

**WINTER ARRIVES**

The beautiful weather of the past several weeks took on more of a wintry attitude when freezing rain hit over the week end. Tuesday morning snow arrived to give the ground a light cover of Santa's favorite — sleighing snow.

**CALENDAR**

The Mentone Methodist WSCS Christmas program will be Thursday, December 21, 8:00 p.m. at the home of Mrs. Wymond Wilson. Notice! There will be a 25c gift exchange.

**CURTIS RINER  
DIES SUNDAY**

Curtis J. Riner, 58, died of a heart attack Sunday at 4:35 p.m. in the Murphy Medical Center at Warsaw, where he had been admitted one hour earlier.

Mr. Riner, a lifetime resident of this community, had been in ill health for the past six years after suffering a stroke. He was born in Mentone on Sept. 22, 1903, the son of Raymond E. and Nellie (Hire) Riner. He married Pauline Casner in 1927. Mr. Riner was a member of the Lions club and the Masonic lodge at Mentone and the Moose lodge at Rochester.

Surviving are his wife; mother, Mrs. Nellie Riner, of Mentone; three sons, Jack, at home, Kent, of Mentone, and Larry, serving with the U.S. Air Force in France; a sister, Mrs. Donald Baum, of Warsaw; and one brother, Kenneth, of Mentone. He also leaves three grandchildren.

Larry K. Riner, who is with the Armed Forces in France, was given a 30-day leave and flew home for the funeral which was held Wednesday at 2 p.m. in the Reed funeral home. Burial was in the Mentone cemetery.

**EXTRA SEATS ARRANGED  
FOR BOURBON GAME**

Bourbon officials announce that 200 extra seats for fans are being provided on the stage for the Bourbon-Mentone basketball game Friday evening. The doors are to open at 6:30. Mentone officials have 120 tickets on sale, and there will be 200 general admissions on sale at the door in addition to the regular bleacher seats.

**IN MINOR ACCIDENT**

Mrs. Gene Norton narrowly escaped serious injury one day last week as she was taking a number of children to school. She failed to see a Valentine Elevator truck, driven by Bernard Peters and ran into the side of it. There were no injuries but Mrs. Norton was badly frightened.

The Norton car was classified as a total loss, as the front end was badly damaged.

**NEW SON**

Mr. and Mrs. Curtis Binkley of Biloxi, Miss., are the parents of a son, DeWayne Russell, born Dec. 14. He weighed six pounds 14 ounces. Grandparents are Mr. and Mrs. Victor Binkley, R. 5, Warsaw and Mr. and Mrs. Pearl Prichard, of Florida.

## DAR MEETING HELD DEC. 12

The Anthony Nigo chapter, Daughters of the American Revolution, met at the home of Mrs. Frank D. Smith Dec. 12. Mrs. Fred Surguy, regent, opened the meeting in the usual form followed by prayer of the chaplain. Mrs. Bernice Rush and the pledge to the flag. Mrs. Kenneth Leiter, secretary, gave her report and Mrs. Paul Shireman gave the report of her office, the treasurer.

The chapter voted to contribute to the Investment Trust Fund for the maintenance of DAR buildings in Washington, D. C., the National Defense fund, Art fund, and to the Kate Duncan Smith DAR mountain school in Alabama. They also voted to purchase a rack for the local library, which will contain material donated to the library relative to the study of Communist tactics, strategy, and objectives. Members voted to join the American Legion, the American Legion Auxiliary, the Lions club, and the Psi Iota Xi Sorority in planning a public meeting, the speaker to be Mr. Herbert Philbrick, a former counterspy with the FBI.

Mrs. Bud Paulus announced the winner of the Good Citizen contest in the southern half of Kosciusko county as Miss Donna Miner of Etna Green.

Mrs. Dale Cook, chairman of National Defense, read from the message of the National Chairman as follows: This month, December, we celebrate the blessed season of Christmas. It is fitting that we again give thanks to God for His greatest gift to mankind, our Saviour, Jesus Christ. We are grateful to Him for the many blessings, both spiritual and material, which we enjoy in the United States. We remember also with grateful hearts our forefathers who acknowledged God as the source of their freedom and natural rights and who sacrificed their lives and fortunes to the end that the land of their descendants should forever be a free and independent nation. Material prosperity, such as the world has never known before, has been the fruit of the protections afforded generations of Americans as they

lived secure in the enjoyment of their Constitutional rights. So secure have they been that they forgot the truth that eternal vigilance is the price of liberty.

Senator Fulbright, chairman of the Senate Foreign Relations committee, has declared that the North Atlantic nations, in which he included the United States, must give up some of their sovereignty in order to meet the Communist challenge. As chairman, his views today bear great weight with the Foreign Relations committee as they did when the question of the Connally Amendment was debated only a year and a half ago. Repeal was, however, defeated, and a resounding victory recorded for those who cherish the benefits of constitutional government. Tremendous forces again will be opposed to you as they were then, but we can overcome them if we recognize the crisis and plan effectively to meet it, bearing in mind that "For evil to triumph, good men need only do nothing." Our Constitution will survive only if the people who love it fight harder and more skillfully than its destroyers.

Members voted to admit Mrs. James Walls as a new junior member.

Mrs. Kenneth Leiter gave the history of the song of the month, "White Christmas," and members enjoyed the recording by stereo Hi-Fi.

Mrs. Ray Linn gave an account of a "Revolutionary Christmas," depicting the different ways in which Christmas was observed in the era of the American Revolution. The days and weeks preceding Christmas were busy indeed as no one worked during the holidays. A generous supply of wood had to be cut, hogs killed, turkeys fattened, mince meat and sausage prepared, fruits preserved and pickled, wild fowl hung until highly flavored, breads, cakes, pastries, pies, and puddings made by "receipts" brought from England. The house must be hung with smilax, holly and mistletoe, and the church must also be dressed for the occasion. This was generally a neighborhood affair of some importance and the young people rode for many miles to join in the congenial task. She also told of the hardships and

trials and the contrast of the Christmas seasons during the war of the Revolution and General Washington's bitter winter at Valley Forge.

Delectable refreshments were served by the hostess, assisted by Mrs. Surguy, to members and one guest, Mrs. Harry Lavanchy. Mrs. Arthur Brown will be hostess January 9.

## Reading Club Meets At Manwaring Home

The December meeting of the Mentone Reading Club was held at the home of Mrs. Richard Manwaring, with Mrs. Harold Nelson as co-hostess.

For meditation Von Jenkins read "A Christmas Walk."

The Freedom Pledge and the pledge of allegiance were then given by the club members in unison.

Response to roll call was "A Favorite Song or Painting."

The president, Mrs. Charles Manwaring, called on Mrs. Max Nellans for a special report on the United Nations, and on Mrs. Earl Shinn for a report on legislation.

Mrs. Condia Walburn and Mrs. William Cox were program chairmen. Mrs. Walburn introduced Mrs. Allee Gerard, who is one of Kosciusko county's talented artists. Mrs. Gerard talked about her painting and related personal experiences, both amusing and exciting, which had been a part of her career.

The listeners were impressed by her fine sense of humor, warm personality, and unmistakable talent.

Mrs. Gerard had brought a number of her oil paintings, some of which were of familiar beauty spots in our county.

Mrs. Dan Urschel then played two lovely piano solos — "The Convent" and "Nazareth" by Gounoud.

A social hour followed.

The January meeting is at the home of Mrs. Paul Rush.

Horticulturists at Purdue University say a good Christmas gift for a horticulture enthusiast is a subscription to one of the gardening magazines, or a popular garden book. There are many excellent magazines and books from which to choose.

## COMPANY DINNER AT WINONA LAKE

Mr. and Mrs. Leo Valentine, of the Valentine Elevator, entertained their employees and their families at a company dinner at the Westminster Hotel at Winona Lake, Tuesday evening.

Those present were Marie Coleman, Mr. and Mrs. Pat Walsh, Mr. and Mrs. Howard Horn, Mr. and Mrs. Bob Hamilton, Mr. and Mrs. Clarence Julian, Mr. and Mrs. Ralph Good, Mr. and Mrs. Bernard Peters, John Ault and Mary Golden, Mr. and Mrs. Lloyd Ritchison, Mr. and Mrs. Carl Zolman, and Mr. and Mrs. Leo Valentine.

Games and contests followed the dinner and then the group presented Mr. and Mrs. Valentine with a beautiful AM-FM clock radio.

Mr. and Mrs. H. V. Johns, Mr. and Mrs. Wayne Tombaugh, Mr. and Mrs. Fred Lemler and Mr. and Mrs. Artley Cullum enjoyed a pot luck dinner at the Cullum home Monday evening. It was a going-away dinner for Mr. and Mrs. Johns who were leaving for a trip to California the following morning.

NEWS? Ph. ELmwood 3-3985

If living room space is at a minimum, choose a table size Christmas tree, suggest Purdue University home furnishings specialists. Older people and families with very young children often prefer them.

If you choose a table size Christmas tree, keep it in scale with the table it will stand on, remind Purdue University home furnishings specialists. Use small ornaments, and not too many of them.

Purdue University horticulturists say when you buy a poinsettia, look for large bracts or colored "petals", leaves which go all the way to the base of the plant, and a plant which is compact in growth.

Water potted Christmas trees carefully or they won't survive, warn Purdue University horticulturists. Plant them outside soon after use. You can mulch the planting site to keep the ground from freezing so that you can plant the tree more easily.

Food specialists at Purdue University explain that a sliced apple placed in a container with a fruit cake will help keep it moist and fresh.

Average length of life is at an all time high of 69.7 years in the United States. If you are 22 years old you can expect to live 50 years more; if you're 40, you can reasonably expect to live a third of a century more; if you're 50, you have a quarter of a century due you. And if you've already reached that "high" of 69, why, the statistics say you can expect to live an average of 11.7 years more!

Living longer depends a lot on your alertness. For example, cold weather means closed windows in homes and automobiles. If you have nausea or dizziness accompanied by a headache, don't pass it off as motion sickness in a car; instead, open the windows and breathe fresh air for several minutes. The surgeon general of the Public Health Service says: "By the time a victim is suddenly aware that he is being seriously poisoned by carbon monoxide he may be only seconds from unconsciousness."

Fallout shelters are providing tax savings in six states. Maryland, New Hampshire, Ohio and Wisconsin have laws exempting shelters from local property taxes; Oregon reduces the increased value of the entire property by up to \$1,500; while New York provides for a \$100 allowance on the tax valuation of a home for each person the shelter is intended to accommodate.

Automation and new production methods have created a switch in the carbon dioxide business, says Cardox. Output of liquid carbon dioxide, which is easier to handle and produce, exceeded the annual output of dry ice for the first time last year. But that's not the end of dry ice—its use will continue in local delivery trucks and portable containers.

Plenty of jobs are going to be available in three fields. There's

a shortage of veterinarians, even though there are 21,256 in the U.S. According to the American Veterinary Medical Association 300 to 500 veterinarians should be trained in laboratory animal medicine for important medical and biochemical research. Second, nuclear physicists are seriously needed, says the Atomic Energy Commission. Third, the Federal Aviation Service estimates that 28,000 men will be needed in aviation—17,000 of them as controllers, 9,000 as electronics and maintenance specialists.

Solar heat is used to dry grain in tests now being conducted by the Department of Agriculture. Designers of the heat collecting device predict it also will be useful in warming animal shelters and providing supplementary heat in rural homes.

Monkeys talk and they even have languages which may be quite complicated, with varied inflections of barks, whistles and rattles expressing shades of meaning, the Smithsonian Institute says. Scratching and sticking out the tongue are monkey signals, too!

## Grain Storage Stocks

Stocks of old crop corn, soybeans and rye in all storage positions in Indiana on October 1 topped stocks on hand a year ago, according to state-federal agricultural statisticians at Purdue University.

Old corn in all storage positions amounted to 120,902,000 bushels, 31 per cent more than on October 1, 1960, and the largest of record for the date. Farm-stored totaled 29,287,000 bushels, nearly doubled the 1950-59 October 1 average and accounted for about one-fourth of the total stocks.

Old crop soybeans in all storage amounted to 683,000 bushels, 26 per cent more than a year earlier. Farm stocks of 130,000 bushels represented 19 per cent of the total.

Rye stocks at 869,000 bushels

were 15 per cent larger than a year ago.

Wheat stored in all positions amounted to 21,136,000 bushels, slightly smaller than the year ago total.

Oats stocks totaled 26,090,000 bushels, 35 per cent smaller than the amount on hand Oct. 1, 1960.

Barley stocks, estimated at 968,000 bushels, were eight per cent smaller than the Oct. 1, 1960, stocks.

Oct. 1 stocks of grain sorghum amounted to 23,000 bushels, 55 per cent smaller than those on hand last year.

### World War II Mothers Meet

Mothers of World War II met at the home of Ethel Whetstone on December 13, for their dinner and Christmas exchange.

The altar was prepared by the sargent of arms. Pledge to the flag and one verse of "The Star Spangled Banner" and a prayer were given by the chaplain. The meeting was called to order by the president, Ethel Whetstone. Eleven members answered roll call. The minutes of the last meeting was read and approved. Treasurer's report was approved and all bills were paid. It was voted to send a dollar to the boys in service from Mentone.

The next meeting will be held with Bell Morrison.

### THANK YOU

We would like to express our thanks to our many friends for the acts of kindness shown to the members of our family during the illness and death of our loved one. We deeply appreciated the beautiful flowers, the messages of sympathy and the contributions made to the Mentone Park Fund, and other philanthropic organizations in his memory. We especially wish to thank the devoted friends who provided transportation to and from the hospital during the long weeks of his illness.

The M. O. MENTZER FAMILY

NEWS? Ph. ELmwood 3-3985

### Mentone Merry 4-H'ers Meet

## Make a Christmas Wreath

Making a Christmas wreath is relatively simple, point out Purdue University horticulturists. Form a circle of No. 9 wire by hooking the ends together, fasten on the foliage and then add decorations.

Many different kinds of foliage—small hemlock, spruce, fir, pine or yew branches—can be used. The pieces should be six to eight inches long.

Wire the branches to the circular frame. Keep the stems of the evergreen sections pointing up—the way they grew—and overlap successive individual branches like the shingles on a roof. Continue this in a counter clockwise direction until you've completed the circle. Be sure to wire tightly, using No. 18 wire—stove pipe wire.

For decoration, you might use small Christmas ornaments, pine cones, ribbons with colorful bows, or even bells.

Water evergreens during the warm spells this winter when the ground is not frozen. Purdue University horticulturists say winter watering is important, since these plants are likely to dry out during the winter.

The Chicago Motor Club advises that any wiper blade that streaks or smears the windshield should be replaced unless the wiper arm can be adjusted to supply sufficient pressure for a clean, clear wipe. This is important during winter when driving visibility often is hampered by adverse weather conditions.

## Gift Wrapping May Stain Carpet

Many homemakers discover dye stains on their floor coverings each holiday season, especially after gaily wrapped packages have been placed around the Christmas tree, states Elkin Minter, Purdue University home management specialist.

Wrapping paper, party costumes and inexpensive cloths often cause permanent stains on rugs and carpets. These items are colored with a wide range of dyestuffs, most of which run badly when wet and stain textiles permanently.

She recommends spreading plastic sheeting under the Christmas tree. But if staining should occur, she offers this immediate first-aid treatment:

Mix a teaspoonful of neutral soapless detergent in one-half pint of lukewarm water. Apply the solution directly to the stain with an eyedropper, a few drops at a time. Blot the stain area with clean, white, unstarched cloth or cleansing tissue. Begin at the outer edge and work toward the center. Repeat if necessary, remembering to blot rather than rub.

Finish by absorbing the moisture completely, advises the specialist, since poor drying may cause a water stain. Place clean unstarched towels, or a half-inch thickness of cleansing tissues, on the area. Weight the blotting material down to remain in constant contact with the dampened area, and leave it in place until the spot is completely dry.

Stains caused by needles and pitch from Christmas trees can be removed with a safe dry-cleaning fluid. Apply the fluid with an eyedropper and blot with clean toweling, as instructed above. Avoid using carbon tetrachloride.

Our wish  
for you at  
Christmastide

## White Christmas?

Chances are even that northern Indiana will have a White Christmas, about 4 out of 5 in central Indiana and less than one in four in southern areas of Hoosierland.

These are the 1961 probabilities, based on climatological records of the last 40 years, says Lawrence A. Schaal, Weather Bureau State Climatologist at Purdue University.

Snow blanketed most of Indiana at Christmas time last year, but in 1959 it was snowless. Only areas near Lake Michigan were covered in 1958, while 1957 did not bring a White Christmas. Santa's sleigh had easy going on Christmas mornings of 1925, 1926, 1935, 1944, 1945, 1950, 1951, 1956, and 1960, except in southern Indiana. Only about one-fourth of the time does the record show the ground covered on Christmas day.

Seldom is Christmas a raw, stormy day in Indiana, observes Schaal. A notable exception, however, was Christmas 1951. Snow had accumulated on December 26 to the depth of 15 inches at Angola, 13 inches at Goshen, 10 inches at Wheatfield and six inches at Logansport.

# A Christmas Prayer

*I salute you. There is nothing  
I can give you which you have not;  
but there is much that, while I  
cannot give you, you can take.*

*No heaven can come to us unless  
our hearts find rest in it today.  
Take Heaven...*

*No peace lies in the future which  
is not hidden in the present.  
Take Peace...*

*The gloom of the world is but a  
shadow; behind it, yet within our  
reach is joy. Take Joy...*

*And so at this Christmas time I  
greet you, with the prayer that  
for you, now and forever, the day  
may break and shadows flee away.*

### LEGAL NOTICE

Notice is hereby given that the Trustees and Advisory Boards of Franklin Township, Kosciusko County, Harrison Township, Kosciusko County and Newcastle Township, Fulton County, Indiana, will receive sealed bids at the Mentone Fire Department until 7:00 o'clock p.m., EST on the 4th day of January, 1962 at which time the bids will be publicly opened and read aloud for the purchase of the following equipment to-wit:

Item 1, One (1) Chassis and cab for use by the Mentone Fire Department, Mentone, Indiana.

Item 2, One (1) 750 G.P.M. Fire Fighting Equipment to be mounted on the above chassis.

Item 3, One (1) Combination bid on both the above.

Bids shall be properly and completely executed on bid form No. 95 as prescribed by the State Board of Accounts, together with a non-collusion affidavit as required by law, and accompanied by a bid bond or certified check in the amount of ten per cent (10%) of the total price, and said bids shall be in strict accordance with the specifications which are on file with the Mentone Fire Department, Indiana, and copies of said specifications may be obtained from the Fire Chief.

Copies of said specifications will be mailed upon request.

The Trustees and Advisory Boards reserve the right to waive any informalities in bidding and to reject any and all bids, and to award contracts on separate bids or on combined bids.

Dated December 7, 1961.

## Implants In Beef Calves

Suckling beef calves show additional growth response to implanted diethylstilbestrol, a synthetic female-like hormone, but Purdue University animal scientists conclude that this added gain is inadequate to justify recommending implantation as a general practice.

Dr. W. M. Beeson, head of animal nutrition work at Purdue, and R. C. Peterson, a beef project leader at Purdue's Southern Indiana Forage Farm, conducted a three-year experiment with steer and heifer calves that were not crop fed.

In 1959 implanted calves were on an average 18 pounds heavier at weaning than the calves which were not treated. The implanted calves in 1960 weighed 10 lbs. more than the untreated animals. The calves in 1959 and 1960 received two 12 milligram pellets at three and five months of age.

Calves used in the 1961 experiment received 12 milligrams of diethylstilbestrol in one treatment made 10 pounds more total gain, while those receiving 24 milligrams showed a weight increase of 11 pounds. The average increase in weaning weight for the three experiments was a 13-pound heavier calf.

Calves treated each year displayed elevated tailheads and advanced teat and udder development. Two of the implanted heifers had a slight vaginal prolapse in 1959. Calves previously treated with stilbestrol gained just as fast in the feed lot as untreated calves.

"The data indicates that additional growth response can be obtained in suckling calves by implanting them with diethylstilbestrol. However, at this time it does not appear that this additional gain is adequate to justify recommending suckling calf implantation as a general practice," they conclude.

## Record Red Meat Output

Commercial output of red meat in Indiana during October totaled 166,058,000 pounds, the largest for that month in 15 years of record, according to state-federal agricultural statisticians at Purdue University. It also was 10 per cent more than September.

Total liveweight of the 63,500 cattle slaughtered amounted to 63,436,000 pounds, 10 per cent larger than September. 11,100 calves slaughtered weighed 2,653,000 pounds on the hoof. This was 21 per cent higher than the previous month.

The 397,000 hogs which went to slaughter weighed 98,456,000 pounds alive, also a 10 per cent increase above the September total. The 15,600 sheep and lambs slaughtered had a liveweight of 1,513,000 pounds, up five per cent from September.

Commercial slaughter includes that of packing plants and local butchers, but excludes farm slaughter. Totals indicate the marketings of livestock by farmers and the availability of red meat.

### LISTED ON BROWN UNIVERSITY HONOR ROLL

Thomas John Wittkamper, son of Mr. and Mrs. Verne Wittkamper, Mentone, has just been named by Dr. John E. Brown, Jr., president of John Brown University, Siloam Springs, Arkansas, as one of the honored students to merit a place on the 1961 mid-semester Dean's list of Distinguished Students.

According to Doctor Brown, a student must carry at least twelve semester hours with a 4.0 or higher average in academic subjects, and a grade of B or better in vocational training, to be placed on the Dean's list.

Thomas, one of the 68 outstanding students listed (five of whom received straight A's) is a freshman majoring in Building Construction and Design.

The university's present enrollment of 325 includes students from 29 states and 10 foreign countries.

**URSCHELS TO VISIT CHILDREN**

Dr. and Mrs. Dan Urschel will spend the time between December 22 and 31 visiting their children and families, going first to New York to visit Dr. and Mrs. Charles Urschel and son David, then to Grand Rapids to see Dr. and Mrs. Roger Becklund and daughter Catherine.

During this time, there will be someone in Dr. Urschel's office at all regular office hours.

## Sow Herd Management

Proper care of the sow herd during the breeding and gestation periods will pay off in a good pig crop next spring.

Richard Hollandbeck and Jim Foster, Purdue University extension swine specialists, say gilts should be at least eight months of age and weigh at least 225 pounds before they are bred.

Sows can be "flushed" by increasing their grain ration two weeks before breeding. The sows should be bred on the second day of the heat period and accurate breeding records kept.

If the sows are turned into the corn fields after the harvest they will not only utilize corn left in the field but will get much needed exercise.

When the animals are running in corn fields they should each

receive one to one and a half pounds of 35 per cent protein supplement daily. The supplement can be hand fed. Also needed to be available at all times is a good mineral mixture of 40 parts bonemeal, 40 parts limestone and 20 parts iodized salt. Do not let sows become overfat.

Sows on drylot should receive a grain ration containing 14 per cent total protein supplement. Gilts on drylot should have a grain ration of 15 per cent total protein supplement.

It is also important that the sows, as well as all pigs, be provided with a clean dry shelter, free from drafts, at this time of year to prevent respiratory diseases. Clean, fresh water at all times is another essential.

To keep a loaf-type cake from drying out, Purdue University food specialists recommend cutting slices from the center as needed, then putting the halves together again for storing.

## Stay a Year Ahead

Prepare now to be financially ready for next Christmas thru our 1962 Christmas Club now forming.

With the added good cheer of ready holiday money it pays to stay a year ahead . . . every year.

## NEWCASTLE TOWNSHIP NEWS

Mr. and Mrs. Harry Sriver and son Monty Roe spent Sunday at Indianapolis.

James Dick, a student at Ball State Teachers' College at Muncie, is spending the holidays with his parents, Mr. and Mrs. Sid Dick.

Mr. and Mrs. Ralph Chapman and family of Laketon were Sunday guests of her parents, Mr. and Mrs. Fred D. Barr.

Mr. and Mrs. Robert Calvert were visitors in Warsaw Tuesday evening.

Mrs. Charles Good and Mrs.

Ted Kock spent Friday in South Bend.

Mr. and Mrs. Joe Good and family of Mentone called on his parents, Mr. and Mrs. Charles Good Thursday evening.

Mrs. Edna Calvert is spending some time near Mentone visiting in the home of Mr. and Mrs. Ivan Rock and family.

Miss Janie Newton was the recent guest of her grandmother, Mrs. E. D. Anderson of Mentone.

Mr. and Mrs. Kenneth Mollenhour of near Warsaw have returned to their home after spending some time in California visiting their son, Bob Herendeen. Mr. and Mrs. Mollenhour are former residents of this community.

The Talma Bible church will have their Christmas program on Sunday evening, December 24, from 7:30 to 8:30 p.m. This is a musical Christmas program entitled "Born a King."

Mr. and Mrs. Larry Fisher and family spent Sunday afternoon in Nappanee.

Mr. and Mrs. Kenny Miller and son of Eureka, California were the supper guests of his parents, Mr. and Mrs. Fred R. Miller.

Elmer Overmyer has been on the sick list.

Mrs. Lillie Myers, who underwent eye surgery at the Memorial hospital at South Bend,

will come Sunday to stay at the home of her son-in-law and daughter, Mr. and Mrs. Robert A. Calvert.

Talma school will close Saturday for their Christmas vacation and will reopen on Tuesday, January 2, 1962.

Lavoy Montgomery has been confined to his home with an eye infection.

Miss Isabelle Kock of Rochester attended the Richland Center-Talma basketball game here Friday evening.

Miss Nancy Kock of South Bend is spending the holidays here visiting her parents, Mr. and Mrs. Ted Kock and son.

Mrs. Ann Staldine has been on the sick list.

Mr. and Mrs. Paul Miller and family of Tiosa were the Saturday evening supper guests of his parents, Mr. and Mrs. Fred R. Miller.

Mrs. Edna Calvert has accepted a position at Mentone.

Merry Christmas and a very Happy New Year.

A container for arranging flowers is an excellent Christmas gift, suggest horticulturists at Purdue University. It should be inconspicuous so that it won't detract from the flowers. Low, rectangular types are especially popular. Non-shiny white, black, gray and green colored containers can be used widely.

na Green, at Mentone. (This is  
Etna Green's home game.)  
10 P.T.A. (No Meeting)  
10,11,12,13 County Tourney at  
Syracuse.

### COUNTERPOINT, Continued

unto us a son is given; and the  
government shall be upon his  
shoulder; and his name shall be  
called Wonderful, Counsellor,  
The mighty God, The everlasting  
Father, the Prince of Peace."  
—Isaiah 9:6.

Wish to thank Mrs. Tessie  
Newton Anderson for her book  
of songs. This book was publish-  
ed in 1958. She has another  
book of songs nearly ready for  
publication.

Mrs. Anderson has a dual tal-  
ent, writing both the words and  
music. She has a Hammond  
Spinnet organ which affords her  
many hours of enjoyment.

Below is a Christmas poem  
which Mrs. Anderson composed,  
and which expresses her own  
feelings about this Yuletide sea-  
son:

### THE CHRISTMAS SCENE

Christmas is a time for memor-  
ies,  
As the candles burn and gently  
glow;  
For the clock of time is turn-  
ing back,  
And the years melt 'way as if  
the snow.  
Sudden—it seems the house is  
peopled,  
That familiar voices herein flow;  
And between the seen and un-  
seen,  
Comes the Christmas Scene of  
long ago.  
Christmas is a time for melodies,  
In the mansion and the bungalow;  
The time to think of the ties  
that bind,  
And of those we love and cher-  
ish so.  
All nature seems to breathe in  
homage,  
As the children sing, caroling go;  
O'er all the world people pause  
a while,  
To think of giving and gladness  
show.  
Life blooms again like the buds  
of May,  
Lets the melody and fragrance  
flow;  
For the song of joy enshrouds  
the heart,  
And the Christmas Scene of long  
ago.

### OUT OF TOWN

Ed Bach announces that he  
and his family will be out of  
town from Dec. 24 until Jan. 2.  
Ed Bach Plumbing, Heating  
and Electric.

### PICTURES OF NEW SCIENCE ROOM

The News photographer was  
at the Mentone school one after-  
noon last week, taking pictures  
in the newly furnished science  
room. These pictures will appear  
in our next issue, as space for  
them was not available this is-  
sue.

### SINCERE THANKS

We want to thank the Men-  
tone Fire Department and all  
other parties who helped ex-  
tinguish the grass fire on our  
farm recently.  
MR. & MRS. FRANCIS KEHOE

### THANK YOU

I would like to take this op-  
portunity to thank all my friends  
who remembered me during my  
recent illness with cards, flow-  
ers, gifts and prayers.  
MRS. TRELLA BAUM

### HOLD PARTY AT COUNTY HOME

The Be-About circle of the  
First Baptist church held their  
annual Christmas party at the  
Kosciusko County Farm Mon-  
day evening, December 18.

Entertainment was furnished  
by the children of the group,  
which consisted of solos on the  
piano and accordion and vocal  
numbers. The Christmas story  
was read from Luke 2 by Dennis  
Blalock.

Refreshments were served and  
gifts presented to each one.

### CARD OF THANKS

We want to sincerely thank  
all our friends, neighbors and  
relatives who called on us at  
our open house, and for the  
many cards and gifts that we  
received for our 51st wedding  
anniversary.  
Mrs. & Mrs. RAY DILLINGHAM

## Adult Farmer Class To Start

The 1962 Mentone Adult  
Farmer class will begin Monday  
night, January 8 at 7:30 p.m.  
in the Mentone Ag. room.

The schedule of classes for  
this year is as follows:

Jan. 8—Organization and 1962  
outlook.  
Jan. 15—Rural electricity.  
Jan. 22—Grain storage and  
Marketing.  
Jan. 29—Social Security for  
the farmer.  
Feb. 5—Dry versus wet fertil-  
izer.  
Feb. 12—Pros and cons of  
Farm Grain Program.  
Feb. 19—Farm buildings.  
Feb. 26—Soil testing labora-  
tory.  
March 5—Trip.  
March 12—Adult farmer ban-  
quet.  
Morris Bitzer, vocational agri-  
cultural instructor, extends an  
invitation to attend all or any  
of these meetings. There will be  
a special marketing problem  
that each farmer will complete  
and this problem will be started  
at the first meeting.

## MENTONE CONTINUES WINNING WAYS

Mentone continues to come out  
on top basketballwise. Friday  
the Mentone first team defeated  
Piercetown 73 to 61. The second  
string boys came out a bit be-  
hind 44 to 40.

CHET HERENDEN  
DIES SATURDAY

Chester O. Herenden, 78, died of a heart attack Saturday at 3 p.m. at his home southwest of Mentone. A life-time resident of the Mentone area, he was born May 13, 1883, in Silver Lake, to Warren C. and Martha Jane (Ball) Herenden.

He was a retired farmer and stock dealer and was a member of the Methodist church and Woodmen lodge. His wife, Ida Case, died in 1957.

Other survivors are a son, Allen, of Mentone; two grandsons, Don, of Lafayette, and Bob, of Santa Monica, Calif.; and two great-grandchildren.

Funeral services were held Tuesday afternoon at 2 o'clock in the Johns funeral home. Burial was in the Mentone cemetery. Rev. Roger Wrigley, pastor of the Mentone Methodist church, officiated.

ADULT FARMER  
CLASS TO START

The 1962 Mentone Adult Farmer class will begin Monday night, January 8 at 7:30 p.m. in the Mentone Ag room.

The schedule of classes for this year is as follows:

- Jan. 8—Organization and 1962 outlook.
- Jan. 15—Rural electricity.
- Jan. 22—Grain storage and marketing.
- Jan. 29—Social Security for the farmer.
- Feb. 5—Dry versus wet fertilizer.
- Feb. 12—Pros and cons of Farm Grain Program.
- Feb. 19—Farm buildings.
- Feb. 26—Soil testing laboratory.
- March 5—Trip.
- March 12—Adult farmer banquet.

Morris Bitzer, vocational agricultural instructor, extends an invitation to attend all or any of these meetings. There will be a special marketing problem that each farmer will complete and this problem will be started at the first meeting.

## LICENSED TO WED

A marriage license has been issued by the county clerk to Lawrence Zartman, 44, a carpenter, and Betty Jane Adams, 34, poultry plant worker, both of Mentone.

Mrs. Lewis Harshbarger of near Mentone is ill with pneumonia.

TALMA RESIDENT  
DIES AT 95

John Ergenbright, 95, of Talma, died in the Woodlawn hospital at Rochester Wednesday morning at 7:30 a.m. He was ill the past four months and was admitted to the hospital September 11. He had lived with his son, Max Ergenbright, of Talma, the past two years, after moving from Lafayette, Indiana, where he had lived most of his life.

He was born September 6, 1866 in Coffeyville, Kansas. He was married to Katie Grover in Lafayette in 1898. She died in 1955. He was a graduate of Depaw University, Greencastle, and he taught school for many years in Tippecanoe County. He was a member of the Mt. Zion Methodist church in Lafayette.

Surviving are the son, Max, of Talma; two sisters, Mrs. Gilbert Bloom, of Refuge Cove, British Columbia, Canada and Mrs. Leo Nerson, of Los Angeles, Calif.

Graveside services were held at 2 p.m. in the Grandview cemetery in West Lafayette, with Rev. Earl Heimberger, retired minister of the Mt. Zion church officiating. The Foster and Good funeral home of Rochester was in charge of arrangements.

## NEW ARRIVALS

Mr. and Mrs. Kenneth F. Bush are the parents of a daughter, Kolleen Frances, born Dec. 26 at the Murphy Medical Center at Warsaw. She weighed eight pounds, four and three-fourths ounces. Grandparents are Mr. and Mrs. Kenneth C. Bush of Claypool and Mr. and Mrs. Kenneth Heggard of Culver.

Mr. and Mrs. William L. Rogers are the parents of a daughter, born December 24 at the Woodlawn hospital at Rochester. She weighed seven pounds, 14 ounces and was named Sharissa JoLane. Grandparents are Mr. and Mrs. Loren Thompson of Claypool and Mr. and Mrs. Maurice Rogers of Rochester.

Mr. and Mrs. Charles (Don) Walton, of Akron, are the parents of a seven pound, thirteen ounce girl born December 26 at 1:05 a.m. at the Woodlawn hospital.

The maternal grandparents of Teena Renee are Mr. and Mrs. Sam Ware of Mentone and the paternal grandparents are Mr. and Mrs. C. E. Walton of Burket.

## COUNTERPOINT

By The Editor's Wife

We trust that Christmas left nothing to be desired at your house. Often one is left with a feeling of "emotional indigestion". Just as one eats too much candy and nuts, there can be too much of gifts and giving.

A good remedy for this "acid" condition is the application of one or more of the following: thoughtfulness, friendliness, enthusiasm, cheerfulness, sense of humor, humility, patience, true sociability, emotional self-control, good manners, intelligence, sympathy, and courage.

Kitchen hint (learned from experience)—If you plan to serve Flaming Baked Apples for dessert, do not place your sugar cubes on the apples until just ready to light them. They will absorb moisture from the whipping cream and will not burn, even though they are soaked with lemon extract.

"The people who succeed in marriage are those who keep on learning. Those who fail are the ones who refuse to learn".

It's awfully easy to say, as Vice-President Johnson once did, a nation capable of popularizing cornflakes should be able to tell the world about itself.

Just what is it that America has to "sell"? Is it the world's highest standard of living? Is it a picture of a nation with so many automobiles that cities are hard put to find room for them? Is it the labor-saving gadgets in incredible profusion available to American housewives? It is, of course, none of these things, as attractive as they may seem. It is simply the freedom that America offers every man to work out his own destiny.

It is a truth so powerful that our chief competitor in the war of ideas goes to great lengths to prevent its citizens from seeing American books and magazines, from listening to American radio transmissions.

—Wall St. Journal

## Note on Communism.

The following is taken from a radio address recently delivered by Mr. Charles W. Winegarn, Executive Secretary of Christian Youth Against Communism (CYAC).

"Communism is not a debatable issue any more than any other crime. When open forums

FINE PROGRAM AT  
MENTONE SCHOOL

A fine program, sponsored by Kenneth Bush and his Mentone school music departments, was presented to a large audience at the school gym on Wednesday evening of last week.

Both the grades and high school joined in presenting a Nativity play, the grades sang a number of carols. The high school chorus sang a few numbers, and the triple trio sang.

The thanks of the music department is extended to the visitors for the free-will offering given the department.

and debating societies invite in Communists or their sympathizers to defend the crime of Communism it is as irrational and unthinkable as if Al Capone, if alive, were to be invited together with his friends into a public forum to defend the right of criminals and underworld characters to operate.

"The Communist leadership of the world brought about one of its most strategic victories when, by propaganda and mind-washing influence, the Red leaders were able to convince people in positions of prominence that Communism is merely a political idea which people have a right to be for or against.

"It is my contention that the hypothesis is positively incorrect, not only is it incorrect, but it is dangerous, dangerous because it implies that Communism might have its good points. Communism has NO GOOD POINTS. There is no argument in its favor any more than there is argument in favor of crime itself.

"In fact, Communism is the composite of all crime. Some one has well said: Communism is indeed the politics of the anti-Christ."

"Fallout shelters are like parachutes—if they don't work, you're in no position to get your money back."

We enjoyed this:

A young bride was on one of her first excursions to the grocery store, and one item on her list was a pint of oysters.

"Do you want large or small oysters?" asked the grocery clerk.

"Well," said the bride, somewhat confused, "I'm not sure, but they're for a man with a size 15 collar."

MENTONE LOSES  
FIRST GAME

You can't trust these foreigners! Last Friday night Mentone journeyed to Bourbon where the Marshall County Comets handed them their first defeat of the season for the main five. Up to that point the first string Mentone boys had a perfect record for the season, and although not rated high in Indiana basketball power, was listed among the unbeaten.

Although the Mentone boys had practiced "small floor" techniques for the game, found that the smaller Bourbon floor brought on a few more foul hazards, with three of the boys going out on personals.

The Mentone second team also lost to Bourbon 49 to 37.

Mentone Young  
Farmer Class Meeting

The Mentone Young Farmer class held their last meeting Tuesday night in a series of 10 meetings on Farm Management.

Those young farmers that attended these meetings this year were Fred and Allen Sharkey, Jim and David Romine, John and Larry Mellott, Jim and Garwin Eaton, Ronnie Severns, and Gerald Smalley.

The Young Farmers are going to start holding their meetings once a month and are contemplating organizing a Young Farmer organization under the direction of Morris Bitzer, vocational agricultural instructor.

## CALENDAR

The Mentone Reading club will meet Wednesday evening, January 3 at the home of Mrs. Paul Rush.

For night driving, says the Chicago Motor Club, be sure that all front and rear lights are clean and operating at top efficiency. Replace any burned out bulbs immediately.

Putnam 61, newest early spring oat variety released by Purdue University and U.S. Department of Agriculture plant breeders, will be available for 1962 planting. It carries the highest level of total disease resistance of any oat variety now available.

## Starting 1962 Farm Records

January 1 is the date to start your 1962 farm records, reminds F. V. Smith, Purdue University agricultural economist.

A farmer needs to do at least five things in order to start and keep usable and accurate records during the coming year, the economist says, listing:

Decide what will be the main use to be made of these records—tax reports, basis of settlement with the landlord or an analysis of the farming operation.

After deciding, select a good record book. Purdue University has available three books—the Indiana Farm Record Book, the Indiana Farm Account Book and the Indiana Farm Depreciation Book. County extension offices have copies, as does the agricultural economics department at Purdue. They are sold at cost,

currently 35 cents a copy. (Smith points out that the Indiana Farm Record Book is best adapted for tax reports, while the Indiana Farm Account Book is recommended if the records will be used for comparative analysis and settlement purposes as well as taxes. The Indiana Farm Depreciation Book provides for keeping an itemized depreciation schedule for all depreciable farm property for 10 years.)

Take a farm inventory, necessary if the Federal tax report is filed on an accrual basis or for a year-end business analysis, at the first of the new year.

Record all farm receipts and all farm expenses as they occur during the year. It's easy to forget small expense items. Twenty five dollars of deductible expenses omitted will cost about \$5 in additional taxes.

Start an itemized depreciation schedule on all depreciable farm property, or if you already have such a list, bring it up to date.

## Stay a Year Ahead

Prepare now to be financially ready for next Christmas thru our 1962 Christmas Club now forming.

With the added good cheer of ready holiday money it pays to stay a year ahead ... every year.

There's a plan to fit your purse.

## New Equipment In Science Room at Mentone School

Recently a major improvement was completed in the Science room at the Mentone school. The three views here were taken by the News photographer recently and gives a partial view of the present science department.

The improvement was made with approximately a fifty per cent grant from the federal government, under Title III, which is a program to bring additional facilities to the students of the nation in Mathematics, Science and Foreign Languages. The local school unit chose only to participate in the Science feature of the program.

The total expenditure was approximately \$10,000 and included six perimeter tables, each of which are tied in with gas, water and drainage; an instructor's desk, fume hood and blower, key case, two storage cases, first aid cabinet, black blinds, and new fluorescent lights.

One partition was closed and one room was fixed up to store chemicals and extra equipment.

The first view is from the rear of the room and shows Mr. Richard Latire, instructor, at his desk during a class session. The TV at the right is one to be used in the TV educational series and is equipped with two loudspeakers with extensions so they can be placed at different places in a room.

The next view is taken from near the instructor's desk. The object hanging from the light at the left rear is a weather balloon found the day previous on the Ray Eckert farm.

The third view shows five of the perimeter tables.

Trustee H. Earl Boggs and his advisory board members, and John Frederick, school principal, have been working on the re-equipping project for many months, and the Mentone school patrons can feel fortunate indeed that their children now have these additional facilities to aid them in their scientific education. We are truly living in a scientific age and the basic knowledge gained in high school should be of great benefit to all in the years to follow.

## Coordinate Furniture Pieces

"If you can't distinguish Louis XIV from Queen Anne or Duncan Phyfe from Chippendale, don't feel you can't furnish your home attractively", says Ezelle Johnson, Purdue University furnishing specialist. "A knowledge of furniture styles is helpful, but it's not necessary for making a good selection of furniture."

Furniture from different periods can be used together if the different pieces harmonize in respect to basic art elements. These include line, form, color, texture and proportion. Furnishings which are alike in several of these elements can be combined successfully.

Elegant and formal furniture from different periods can usually be used together, as can natural and informal furniture of more than one era. Thus, a massive 17th century French bony chest will harmonize with a heavy mahogany French Empire table. Similarly, an Early American cherry piece with straight, simple lines looks well with contemporary Scandinavian design.

Your choice of upholstery should contribute to a harmonious overall decorating plan, the specialist continues. For example, dull-finished oak or walnut chairs from different periods can be coordinated when both are upholstered in a tweed fabric. Highly polished mahogany chairs of dissimilar styles look well together when covered with brocade or damask upholstery.

## Highways—Farm Drainage

New highways may mean interrupted farm water disposal and drainage systems, points out Don Sisson, Purdue University extension agricultural engineer.

Long before the highway pavement is laid, a substitute water management system should be planned. Close cooperation is needed between highway officials, landowners and representatives of soil conservation districts and drainage associations.

Highway authorities are obliged to plan for as good a water disposal system before the highway was built. However, landowners should not expect the highway department to put in new drainage outlets or improve the system beyond its former efficiency.

Landowners and highway engineers should make certain that drainage installations under new highways are large enough and deep enough to handle runoff water from present and future field drainage systems. It will be very difficult to deepen

drainage outlets under super-highways after completion.

Landowners should cooperate by pointing out and furnishing maps and drawings of existing water disposal systems. If parallel tile lines are crossed, these should be collected together with a new main line on the farmer's land and then drained under the highway through a single pipe. Highway engineers will see that drain pipe installed under the roadway is of sufficient strength.

If part of the farm is condemned for right-of-way, the purchase agreement should include provisions for handling interrupted drainage and soil conservation systems. Cooperation and mutual interest between landowners and highway officials will make this problem easier to solve.

Mrs. L. A. Laird of Warsaw visited her mother, Mrs. Mary J. Johnson on Wednesday afternoon of this week.

Make sure the family car is in top mechanical condition and fully equipped for winter travel before starting on a trip, says the Chicago Motor Club. If possible, do your traveling by daylight. And remember, when the weather is bad give yourself more time to arrive at your destination.

## Jerry Hudson's "What-Is-It?"

Jerry Hudson, a commercial photographer who resides at the south edge of Mentone, has been experimenting with his enlarger—or reducer—and has come up with a few strange photos. We are wondering if you'd like to do a bit of guessing as to what they

actually are. This is the first of a series. Can you see what it is?

Jerry isn't putting out much information, but he aims to outdo us one way or another. This may be a jack-screw on a box car or an adjustment screw on a flea circus wagon. Who knows? The answer next week.

Since the first living coelacanth, a prehistoric fish, shook up the naturalists when it was hauled from deep water off the coast of South Africa in 1938, 18 more have been caught. No one has been able to figure out how this creature—the original rug-

ged individualist—has been able to buck evolution and stay the same for millions of years while the rest of the world was undergoing profound change. A life-size reproduction of the coelacanth is on view at the Chicago Natural History Museum.

Our sun has been burning for 8 billion years and probably will last another 8 billion, says Northwestern University.

U.S. satellite program will help our commercial airlines in three important areas, according to the president of the Case Institute of Technology, Dr. T.

Keith Glennan said Tiros satellites now in orbit are improving weather reporting, and within five years will provide forecasts of much greater accuracy and greater lead-time. A second generation weather forecasting satellite, the Nimbus, now is in development. Dr. Glennan said other upcoming contributions of our space program are a highly reliable global communication system based on the use of satellites, and the Transit navigational aid which provides a fixed-course object in the skies for guidance.

You can die quickly if your car, traveling at 55 m.p.h., hits a tree head-on. Information prepared at Madigan Army Hospital in Tacoma, Washington, gives this figure: 7/10 of a second.

Watch for more instant-type foods to be available, in addition to the now-familiar instant coffee, says Girdler Process Equipment. A new vacuum dehydration process achieves instant solubility, even in cold water, of dehydrated bananas, baby foods, tea, orange juice, grapefruit juice and other foods.

Hog Cholera, a disease which threatened at one time to wipe out the swine industry in the United States, is the target for an all-out attack by the Department of Agriculture. The eradication program will cost the federal government under \$100 million, the sum lost every two

years because of the disease.

TV sets on the blink are causing a lot of woe in Moscow where, according to the U.S. Department of Commerce, set quality and repair shop service are poor. A Soviet writer quoted by the Department thinks the difficulty stems from the Russian government's demands for too-high quotas from factories and shops. One Muscovite reported that his set had been serviced by 25 different repairmen—and still didn't work right.

Cold weather, warns Chicago Motor Club, increases chances for a skid. Motorists should not jam on the brakes when a car goes into a skid, but should slowly decelerate and turn the car wheels in the direction of the skid. Remember—greatest skidding dangers exist when it's just cold enough for water to freeze.

## IN MEMORIAM

It is with loving remembrance that the one we loved so much left us a year ago the 24th of December, Christmas Eve. Husband and father, Elwin Teel, is gone but not forgotten. His memory will live on forever. MRS. ELWIN (GEORGIANNA) TEEL, CONNIE, DONITA, RONNIE

## OUR SINCERE THANKS.

We want to express our sincere thanks to all our friends for the acts of kindness and love shown to us during our recent bereavement. We deeply appreciate the many beautiful flowers, the messages of sympathy and prayers, with special thanks to our neighbors, the Woman's Society of Christian Service and Psi Iota Xi Sorority. The CURTIS J. RINER FAMILY

The Chicago Motor Club reminds drivers that cold weather can cause slippery conditions—particularly on bridges and overpasses—by the formation of frost, even in generally clear weather. Care should be exercised at these locations even when general highway conditions are good.

Have problems threading your sewing machine needle? Purdue University clothing specialists say the grooved side of the needle faces the side from which the needle is to be threaded.

## NEWCASTLE TOWNSHIP NEWS

The WSCS ladies of the Talma Methodist church will hold their first meeting of the new year on January 4th at 1:30 in the home of Mrs. Wilbur Utter.

Mrs. Alta Mollenhour of Mentone was a recent guest in the home of Mr. and Mrs. Devon Eaton.

Mrs. Fred R. Miller has been confined to her home on account of illness.

Mrs. Lena Eaton, Jerry Eaton, Barbara Unzicker and Mrs. Alta Mollenhour of Mentone were recent visitors in South Bend. Mrs. Mollenhour visited in the home of Mr. and Mrs. Elza Mollenhour.

Mr. and Mrs. Grover Everhart and family have returned to their home in Kingsport, Tennessee, after spending Christmas visiting with her parents, Mr. and Mrs. Fred D. Barr.

Mr. and Mrs. Steve Coplen and daughter of South Bend spent the week end visiting his parents, Mr. and Mrs. Bill Coplen.

Miss Janalene Sriver has returned to her duties at the Ball State Teacher's College at Muncie after spending Christmas

with her parents, Mr. and Mrs. Harry Sriver and also her brother, Monty Roe Sriver.

Mr. and Mrs. Ralph Hatfield spent Christmas in Columbia City with relatives.

Fred R. Miller has been confined to his home with the flu.

## Winter Care of Evergreens

Winter care of evergreens, which represent a considerable investment, pays off, point out Purdue University horticulturists.

Lack of water is probably the greatest cause of winter injury since evergreens lose moisture all year. The horticulturists recommend watering evergreens until the ground is frozen and again whenever it thaws in the winter and spring.

To help control water loss, apply an anti-desiccant spray to the foliage and twigs.

Delicate evergreens, such as Japanese Holly, Leatherleaf Viburnum, Boxwood and Daphne, should be protected from direct winter sunshine. With direct sun, which they are likely to get if they are on the south or west sides of the house, the evergreens may freeze and thaw rather quickly. This results in tissue rupturing. Too, sun speeds up evaporation and drying out.

## Proper Egg Cleaning

Proper egg cleaning to minimize spoilage can make or break Indiana producers, warns D. D. Jackson, Purdue University poultry specialist.

Many egg processors are concerned with the quality of eggs they are receiving. The eggs may be clean on the outside, but inside, problems exist. Processors feel that eggs not properly cleaned result in internal spoilage which is not a serious problem with dry, nest-clean eggs.

Bacteria, not washing, cause spoilage, the Purdue scientist explains. The organisms can very easily get inside an egg.

Washing is successful only when bacteria aren't added to an egg during the washing process. Research has shown that eggs can be washed without causing spoilage or quality loss.

The Purdue staff member gives these tips on how to avoid spoilage and wash eggs properly:

Produce as few dirty eggs as possible. Eggs are warm when laid, and cooling of moist eggs tends to draw bacteria inside their shells. To minimize bacteria present, clean nests are essential for clean eggs. Wash dirty eggs. Why expose eggs already clean to possible danger?

The most practical time to wash is the day the eggs are laid.

Keep the fresh water warmer than the eggs at all times. Warmer water causes material inside the shell to expand. The resulting pressure keeps bacteria and water on the outside. Water temperature of 105 to 110 degrees is recommended.

Change the water often. Dirty water destroys the value of the sanitizer.

Use approved detergent-sanitizer in the water. The only compounds which now appear suitable are quaternary ammonium germicides or chlorine compounds.

And finally, don't use a household detergent and add a sanitizer.

Remember, nature provides a cover seal over the entire shell. Washing removes this protective

## Democracy Begins at Home

What is a democracy? Where does it begin? How do people live in a democracy? These questions are asked daily in all parts of the world. But they are difficult to answer.

Child development and family relationships specialists, Dorothy V. Mummery, points out that the home is the cradle of democracy. When we practice democracy in the face to face relationships and day to day experiences of family living, we rear children who are capable and ready for democracy.

Our teenagers are at the very door of maturity and responsible citizenship. Are they ready? Will our younger children be ready in 10 or 15 years to assume the privileges and responsibilities of citizens in a democracy?

Democracy is not just a political creed, observes Miss Mummery. It is something you do, a way of living. It is how you feel about yourself, how you feel about others, and how you treat them.

Single copies of "Democracy Begins at Home", HE-410, may be obtained without charge by Indiana residents from county agents or by writing the Agricultural Publications Office, AES Building, Purdue University, Lafayette, Indiana. Requests should include both the number and title of the publication.

seal. Therefore, it must be replaced with a germicide or sanitizer to prevent bacteria from entering the egg.

## Sawlog Price Spread

Key to good farm woods management is culling low grade timber trees and building toward a higher percentage of good quality sawlogs, says E. J. Lott, Purdue University extension forester.

There could be a difference of \$25 to \$40 per thousand board feet or more between good quality sawlogs and low grades.

Quality of hardwood lumber depends mainly on the number, size and location of knots in a sawn board and on defects caused by diseases, rots, cracks, splits or insect pests, according to the forester.

Sawlogs generally fall into four grades—prime, No. 1, No. 2 or cull.

To grade prime, logs must have 90 per cent of their surface clear on three sides, be 16 inches in diameter at the small end and from 12 to 16 feet long.

No. 1 logs are those with 75 per cent of their surface clear on three sides. They must be at least 14 inches in diameter at the small end.

No. 2 logs are those with 50 per cent of their surface clear on three sides. Logs must be at least 10 inches in diameter at the small end.

Cull logs are those which will not meet No. 2 specifications.

High grade logs return the most profit when they are sold for veneer purposes, or cut into standard lumber grades, Lott says. Low grade logs can be custom-sawn into rough lumber for use on the farm, for railroad ties, or for industrial construction.

## PARK BOARD ICE SKATING NOTICE

Due to the smallness of the ice skating rink it is necessary to limit the time to play ice hockey.

Until further notice ice hockey will only be allowed from 10 to 12 in the morning. Hockey is dangerous to young skaters and monopolizes the entire rink.

A movement is under way to install lights for night skating and as soon as that is done other arrangements can be made for ice hockey.

The following ate Christmas dinner with Mrs. George Hipsher Sunday: Mr. and Mrs. Conda Hipsher of Mishawaka, Mr. and Mrs. Don Hipsher and Mrs. Carl Hipsher and sons of Bristol, Mr. and Mrs. Willard Steineke and Linda of White Pigeon, Michigan; Mr. and Mrs. James M. Hipsher and Greg and Kenneth Hipsher of Wabash; Mr. and Mrs. John Hipsher of Sheridan, Wyoming, and Mr. and Mrs. Logan Ramsby of Ligonier, R. 3.
