FATHER DIES AT HUNTINGTON

Willis E. Hubartt, 75, Huntington, and father of Max Hubartt. of Mentone, died of a stroke Friday in the Huntington County hospital.

Mr. Hubartt, who had been in ill health for the past year, was born in Huntington on August 16, 1886, the son of Milton and Edith (Morrow) Hubartt. He married Blanche Emley, who died on October 7, 1954. He married Cleo Grabenstot on April 4, 1959.

Surviving are his wife; one daughter, Mrs. Harvey (Hannah) Boyer, of Barbee Lakes; three sons, Vincent, of Bluffton, Jack of Barbee Lakes, and Max, of Mentone; one step-son, Levi, Allman, of Huntington; one sister, Mrs. Relda Miller, of Huntington; 11 grandchildren, two step-grandchildren, four great great-grandchildren and two step-great-grandchildren

Services were held Sunday at 2 p.m. in the Bailey Mortuary in Huntington with Rev. H. E. Richer, of Peru, officiating. Burial was in the Clear Creek cemetery.

Dick Tombaugh visited his parents, Mr. and Mrs Wayne Tombaugh, Sunday noon. He had been at Purdue University attending a directors' meeting of the Alumni Association. Dick is now located at Madison, Wis.

Friday, February 9th, is the big day in Mentone-for all of those who have been working so diligently to secure contributors for the Red Cross blood program when the unit comes to the Methodist church. Early this week they had a total of 95 volunteers, and all were hoping for many more by Friday. All hope the total contributions will come close to a county-town record, and your contribution will help. Call Mrs. Joe Boggs if you'd like a special appointment.

STATE WINNER IN ESSAY CONTEST

MENTONE

Mrs. Frank Smith, from the Anthony Nigo Chapter, D.A.R. of Mentone, was selected State Winner for her essay on "The Constitution of the United States Versus World Government". The essay had to contain 5,000 words or over. Mrs. Smith used 5,441. Also, all references had to be fully documented. The essay now enters the district contest comprised of Indiana, Michigan, Ohio, Kentucky, and West Virginia. The winner from this district enters the National contest, all sponsored by Daughters of the American Revolution.

Mrs. Smith was Northern District Director of the D.A.R. from 1958 to 1961, has taught classes on communism and is a well informed lecturer on that subiect.

BROTHER DIES

Funeral services for George Franklin Meiser, 87, Kewanna, brother of Joe Meiser of Rural Route, Mentone, were held Fridav afternoon at Kewanna, Burial was in the Bruce Lake cemeterv

A retired farmer, Mr. Meiser died Tuesday of last week following an illness of five years. Born in Pulaski county Nov. 7, 1874, he was the son of Frederick and Caroline Wentzel Meiser. He was a member of the

Reformed church at Bruce Lake. Surviving in addition to the one brother listed above, is another brother Eri of Star City; one sister, Mrs. Dora Evans of Argos, and several nieces and nephews.

New Arrival

A son was born January 19 to Mr. and Mrs. Dewey J. Melton of South Bend. The seven pound, three ounce boy was named Donald James.

Mr. and Mrs. Hugh Aughinbaugh of South Bend and Mr. and Mrs. Arthur Melton of Florence, Alabama, are the grandparents.

NEW BABY BROUGHT HOME

Mr. and Mrs. Carl Peterson brought James Byron home from the Murphy Medical Cen-ter Wednesday afternoon. He was born Jan. 11th and as he only weighed four pounds, three ounces, he could not leave the hospital. He weighed in at four pounds, fourteen and one-half ounces when he came home today,

Want to hear about some really cold weather? On February 16, 1936, at Circle, Montana, the official temperature was 57 degrees below zero. We lived there at that time and can assure our readers that it was cold, cold, cold. In contrast, to set another record, the high temperature the next summer

HARLEY REGENOS DIES SUDDENLY

Harley Regenes, who lives near Yellow Creek Lake, died of a heart attack Wednesday evening about six o'clock. He had gone to the store at the lake, and fell over dead while in the store.

No other details are available at this time and funeral arrangements have not been made. The body was taken to the Johns funeral home at Mentone.

SISTER DIES

Mrs. Dewey Whetstone, her daughters and other members of her family were in Ohio today attending the funeral of a sister, Evelyn, who died at Salena Ohio. No other details were secured.

P.-T.A. MEETING

The Mentone school Parent-Teacher's Association will meet Wednesday, February 14th at the school. The kindergarten and first grade will have the program for the evening. Mr. Garver, Dean of Manchester College, will speak to us on "High School Preparation for College". Everyone is invited to hear this interesting speaker.

WITH THE SICK

Mrs. Mildred Carpenter returned home Sunday from the Murphy Medical Center where she had been for observation Fred Lemler is back at his store after a couple of weeks at home because of illness Maudie Snyder entered the

Woodlawn hospital at Rochester Thursday evening. Mrs. Dora Taylor came home

from the Woodlawn hospital on Monday.

LIONS TO SILVER LAKE WEDNESDAY EVENING

The Mentone Lions members and their wives were guests of the Silver Lake Lions Wednesday evening, helping them celebrate their 25th anniversary. The Mentone club sponsored the organizing of the Silver Lake club.

Keep bird feeders full this winter, suggest Purdue University horticulturists. The cost of keeping your feeder well stocked with seed is low compared to the enjoyment you get from watching the birds.

FATHER DIES AT **INDIANAPOLIS**

Ernest L. Kendall, 88, father of Arthur Kendall of northwest of Mentone, died at his home at Indianapolis Wednesday evening of last week, after an illness of over a year. Christmas, 1960, he fell and broke his hip, and then other complications developed which caused his death.

Mr. Kendall was born at Du-Berry, Texas May 8, 1873, and taught school there for a period before moving to Indiana some 47 years ago. He operated a bicycle shop in Indianapolis for 31 years.

Survivors in addition to the widow and the one son at Mentone is another son, Marshall of Indianapolis and one daughter, Mrs Eugene Akers of Crawfordsville; five grandchildren, and six great-grandchildren.

Funeral services were under the auspices of the Masonic lodge

LAVANCHYS TO GO TO OSSIAN

Dr. and Mrs. Harry Lavanchy and son Phillip will go to Os sian Monday to prepare for moving to that community.

Ossian, a community which has needed a veterinarian for some time, welcomed the Lavanchys with open arms recently as they visited the city. About 30 farmers and a group of the business people, under the spon-sorship of the chamber of commerce, showed them a good part of the city and its businesses, provided a social lunch, and gave them a look at the 10-room veterinary clinic building which is available for them.

Dr. Lavanchy came to Mentone last June and has been working with Dr. O. L. McFaddon. They plan to begin their new work at Ossian about the first of March.

CALENDAR

D. A. R. will meet February 13, 7:30 p.m., at the Methodist church. Mrs. Garwin Eaton and Mrs. Merlyn Holt are hostesses. Merry Mollys H. D. club will meet at Pete's restaurant February 12 at 7:30 p.m. Mrs. Donald Horn and Mrs. Larmar Leffert are the hostesses.

Jolly Janes H. D. club will meet Monday, February 12, 8:00 p.m. with Mrs. Jim Miller. W.S.C.S. will meet at the

Mentone Methodist parsonage on Thursday, February 15 at 8:00 p.m. Please note change of meeting place.

ADVICE FOR POOR SLEEPERS

Nearly everyone loses sleep from time to time, but very few people develop into true insomniacs, according to Changing Times, the Kiplinger magazine. An article in the current issue of the magazine, exploring facts and fancies about sleeping and insomnia, reports that even good sleepers find they have trouble dropping off perhaps one night in ten.

Persons who have real trouble sleeping should seek medical help, the article advises. In addition, they can follow these suggestions to develop an antiinsomnia program:

Avoid stimulants, such as cof fee and tea, after noon; don't go to bed with a stomach either too full or too empty; avoid stimulating conversation, television programs and books late in the evening; don't go to bed angry if it can be avoided; get physical exercise every some day, but don't do vigorous calisthenics at bedtime; arrange sleeping conditions according to habits and feelings-a good mattress, a pillow of the right size, a warm but not hot room are important; lie on either side, with one leg in front of the other on the mattress-be sure all muscles have support; try to cut down on mental vigilance by purposefully leaving the day just past behind and refusing to plan for the morrow.

"Adopt an attitude or irre-sponsibility," Changing Times advises, "using the distraction of nonsense thoughts if necessary.

"The idea is this: Don't care -especially don't care whether or not you go right to sleep."

the moon-or is it the sun?-in the view above. In this modern world, it is a light subject, at least when compared with the scientific facts we find in our every-day reading. We see our subject from a rather blunt presentation, so let's have your scientific guesses.

Oak furniture can assume the casual look or a stately graciousness, according to Pur due University home furnishings specialists. Accessories such as scones, clocks, candelabra and planters are available to blend in style and finish.

Horticulturists at Purdue University say Merion bluegrass produces a beautiful green lawn and, with proper care, is vigorous and will reduce crabgrass infestation. It grows best in areas north of Indianapolis.

Scouts To Hold **Klondike Derby**

Boy Scouts of the Kosciusko District of the Pioneer Trails Council will hold their second annual Klondike Debry on Sunday, February 11, 1:30 p.m., at **Rozella Ford Community** the Golf Course.

The Klondike Derby is an adaption by the Scouts of the use of dog sleds in the frozen wastes of the north in the search for gold. Scouts, too, will be seeking "gold nuggets" as they perform certain basic scouting skills given to them in the form of a practical problem to solve. The number of nuggets depending on the success with the problem.

Each "dog team", so-called because six to eight boys act as huskies, will follow a course given on a map which will guide them to six simulated "cities". At each "city" they will be met by the Mayor and given a problem to solve and paid in "gold nuggets", and be off to the next city.

Scouts have been busy for some weeks making their sledges to specifications provided. Sledges must be made from virgin timber and held together with lashings and wooden pegs. No nails, screws, or metal of any kind will be used. The sledge must be six feet long, twenty four inches wide, and weigh fifty pounds without gear. Ballast may be added to bring the sledge to this minimum weight. Awards will be made on the sledges.

Over twenty teams have al-ready registered for the event, according to Herb Stier, general chairman. Serving as Mayors and judges of the sledges and practical problems will be a number of Warsaw J. C.'s.

It is a lot of fun and the public is welcome to attend and 'urge on" its favorite team. In case the weatherman is uncooperative in providing snow, the event will be held with the Scouts carrying their equipment back packs instead of on in However, they will sledges. bring the sledges for judging.

Look At **Food Labels**

Labels on cans and packages of food are tools that help the homemaker get her money's worth and guard her family's health.

"Look at the Label," published by Purdue University, supplies complete information on food labeling specificatoins. It informs the homemaker of what to look for on food labels.

Good labels serve as windows to provide special information. They provide the name of the product, net weight or volume, name and address of manufacturer, packer or distributor. They name the maturity or variety of product, the packing medium, and style of pack. They list the contents in cups or pieces, recipe suggestions, ingred-ients and any special dietary properties.

This information guides the homemaker's selection in buying the amount needed, selecting for particular use and finding special ingredients or processes desired.

Single copies of "Look at the Label", mimeo HE-414, are free to Indiana residents. Write Agricultural Publications Office, Purdue University, Lafayette, Indiana, and give both title and number of the mimeo. Copies also may be obtained from county extension offices.

NO CHARGE FOR BLOOD

Occasionally someone will make a statement that they have been charged for blood received through the Red Cross blood program. Such statements generally are made because the patient does not understand the various charges on his hospital bill. So far as we have been able to determine, no patient has been billed for blood supplied through the American Red Cross blood program.

We have checked many hospi tal bills where the patient felt that he had been charged for blood. In every case when the bill was checked with the hospital, we found that there had been no charge for the blood itself. Hospitals serviced by the Fort Wayne Regional blood program share in the cost to the Red Cross of collecting, processing, and distributing the blood to the extent of \$4 per bottle, which the hospital pays to the Red Cross. In many cases this charge is shown on the hospital Patients receiving blood bill. from Red Cross blood program do not pay for blood. The blood is a gift of a resident of the community. The cost of collecting, processing, and distributing bottle of blood in the Fort Wayne Regional blood program is approximately \$6.50 per bottle. This is actual cost in money to the American Red Cross. After the \$4 hospital share is deducted, a balance of \$2.50 remains. This remaining \$2.50 is a cost borne entirely by the American Red Cross. Therefore, when a patient receives a bottle of blood, he not only receives the blood itself free of charge but, in addition, \$2.50 of free service provided by the American Red Cross.

Hospitals must employ competent laboratory technicians to crossmatch each bottle of blood before it is administered. They must pay competent personnel to administer the blood and, in many cases, there is a great amount of laboratory work necessary before a transfusion can be given. The hospital must charge for the services they render. Occasionally, this charge is construed by the patient as being a charge for blood, when actually the charge is for sup-

FOX

DRIVE

the patient by the hospital. People who need transfusions certainly want only the greatest assurance that the blood they are receiving has been properly crossmatched in the hospital laboratory. When they realize that the charge is for service rather than blood, they usually are grateful for the service they have received. Another fact that is not al-

plies and services rendered to

ways recognized is the fact that not all hospitals participate in the Red Cross blood program and that in these hospitals a charge is made for any blood used and frequently replacement

is required on the basis of two or more bottles for each one received. In the Red Cross program, patients receiving blood are urged to ask their friends and relatives to make blood donations in order that there may be a supply available for the next patient who needs it Patients are never "hounded" to make replacements, as it is the policy of the Red Cross to recruit sufficient donors to make up for any blood that is not replaced.

If anyone feels that they have tor. been charged for blood supplied through the Red Cross blood program, we suggest that they NI

consult with the hospital and ack for an interpretation of the charges on the bill. It has been our experience that hospitals are generally willing to discuss these matters with patients, as it gives them an opportunity to eliminate misunderstanding.

Always remember that blood secured through the Red Cross blood program is a gift from someone in the community and that no charge is made for the blood itself, according to Alfred O. Schell, administrative direc-

BOARDMAN CHEVROLET SALES MENTONE, INDIANA

A PROCLAMATION

(Members of the Anthony Nigo chapter, DAR, Mentone, wish to bring attention to the following resolution by Governor Matthew E. Welsh:)

STATE OF INDIANA Office of the Governor INDIANAPOLIS

Feb. 1, 1962 Matthew E. Welsh Governor

Whereas, the National Society, Daughters of the American Revolution, has designated the month of February as American History Month, it is a pleasure for me, as Governor of the State of Indiana, to join with them in the celebration of this occasion.

The world situation today makes it more apparent than ever before that we need to understand and to appreciate the basic foundation of our freedom. We must be able to intelligently discuss our way of life with people from all parts of the world.

In order that we may better communicate the ideas and principles of our Democratic way of life, it is incumbent upon each of us to have a thorough knowledge of the history of the United States. We cannot afford indifference and ignorance of American History on the par: of our eitizens.

Therefore, I call upon all organizations of whatever kind, and public, parochial and private schools, to emphasize the study of American History during this month when we celebrate the birth dates of the Father of Our Country and the Great Emancipator.

Sincerely, (signed) Matthew E. Welsh MEW:da/bd

Produce Fewer Checked Eggs

Checking or cracking of eggs can occur from the time they are laid in the nest or wirc cage until used by the homemaker. But much of the breakage occurs on the farm, points out David D. Jackson, Purdue University extension poultryman.

Chief causes of checked eggs on the farm, reports the specialist, are carelessness in handling, too much speed, failure ω gather often enough, equipment worn out or out of adjustment, and faulty cleaning procedures.

Be sure to train workers how to gather eggs into filler-flats or egg baskets. This will reduce cracks.

When rathering eggs in bassets, don't put more than ten dozen in each one. The way they are placed in the basket can be important too. Don't put all the eggs on one side so they will roll down to the low point. Place them so they are well distributed.

If eggs are to be washed, do it soon after gathering in water with a temperature close to, but warmer than, that of the eggs themselves; then cool the eggs immediately. Worn parts, which prevent proper movement of eggs through the washer, can also cause checks. Eggs are easier cleaned right after gathering.

Poultrymen who size their eggs on the farm can reduce checks by keeping the grader adjusted and not allowing eggs to pile up by rolling into one another.

Running equipment at rates faster than designed to operate often results in needless breakage, Jackson concludes.

dry clothes in winter? ...out IN THE COLD?

how do you

THERE'S ONLY ONE GOOD WAY TO DRY CLOTHES IN THE WINTER... OR YEAR 'ROUND, FOR THAT MATTER... THAT'S WITH A WONDERFUL AUTOMATIC GAS CLOTHES DRYER.

THE

BASEMENT?

FEB. 7. 1962

GET A GAS DRYER

IT DRIES CLOTHES FASTER. No other dryer can match the speed of a Gas Clothes Dryer. It's the only one that dries your clothes as fast as your automatic washer washes them.

IT DRIES CLOTHES BETTER. Because a Gas Clothes Dryer dries faster, it is better for drying woolens . . . especially blankets. Also, speedy drying gives clothes longer life.

IT DRIES CLOTHES CHEAPER. Clothes dry in a Gas Dryer for an average of one cent per load. This is only onefourth the operating cost of other dryers. Then too, no costly wiring is required for a Gas Dryer.

let us prove a <u>GAS</u> DRYER is the one for you!

Shower Given To Mrs. Jerry Nelson

A Mother Goose Baby shower in honor of Mrs Jerry Nelson was given at the home of Mrs. Joe Ault, assisted by Mrs. Garwin Eaton and Mrs. Charles Tucker

The guests were given name cards with the various nursery rhymes on them. Throughout the evening they were required to call each other by the rhyme or put a penny into the expectant baby's piggy bank. Introductions were given and each recited their nursery rhyme.

A contest was then enjoyed by all. They were each given a shoe, representing "The Old Woman in the Shoe", with the Robert Hattery, James Cumberpartial lines of Mother Goose rhymes on them. The requirement was to name the rhyme. Prizes were won by Mrs. Denzel Nelson, Mrs. Edison Tucker and Miss Darla Sue Nelson.

Mrs. Nelson was then honored by the presentation of "This Is Mrs. Mollenhour Your Life". It depicted her life from birth to the delivery of her own baby, which in the shower presentation turned out to be triplets. Those participat-ing were as follows: birth of Joann, Mary Tucker and Maxine Ault; school days, Debbie Tucker and Mary Tucker; cheerleading, Connie Ault; beauty contests, presentation of crown to Joann; beauty school, a pretend haircut by Susie Shivers, a former class-mate of Joann's from Warner Beauty College; their wedding day, the song "Because" with Mentzer of East Lansing, Michithe words changed to fit the occasion, sung by Darla Sue Nelson; the arrival of their new addition to the family, Joann by Peg Eaton and Jerry by Cara Lyn Tucker.

The many lovely gifts were then opened by Mrs. Nelson, ice skating rink for roller skat-These were placed in different ing and shuffle board thus makplaces throughout the house. ing the rink useable the year The clues were read to her by round. Mrs. Garwin Eaton.

The guests then enjoyed re-

Those attending were Mes-dames Jerry Nelson, Edison Tucker, Denzel Nelson, Gus Mollenhour, Charles Shoemaker, Larry Tucker, Eugene Marshall, Devon Tucker, Chauncey Tucker, Sylvia Tucker, James Romine, F. B. Koenig, James Thomas, Wayne Smalley, Gerald Smalley, Merl Tinkey, Byron Doran, Con Shewman, Fred McSherry, Jay Coby, Archie Leckrone, Ina Metzger, Joe Ault, Garwin Eat-on, Charles Tucker, and the Misses Susie Shivers, Debbie Tucker, Darla Sue Nelson, and

Connie Jo Ault. Those unable to attend were land, Brook Black, Terry Utter, Stan Shewman, Kent Parks, Richard Williamson, and the Misses Diana Creakbaum and Tammy Smalley.

Sorority Hostess

The Psi Iota Xi Sorority held their regular business meeting Tuesday, February 6th at the Farmers State bank. Jeanette Mollenhour was hostess.

The meeting was called to order by the president, Glada Quinn. Secretary and treasurer's reports were approved and correspondence was read. There was a generous donation to our gan, a former Psi Ote.

The annual contribution to the Indianapolis Symphony mainten ance fund was made. All money making projects were discussed to help the Park Board and Lions club to convert the

CHARGE THOUSANDS OF SANE PERSONS RAILROADED INTO MENTAL HOSPITALS

women are railroaded into mental hospitals yearly under faulty laws passed to "improve" commitment procedures, says an article in the February Reader's Digest, citing information made available by the American Bar Foundation.

The laws, passed at the urging the U.S. Department of of Health, Education and Welfare, psychiatrists and mental hospital superintendents, are suppos-ed to make it easier for the mentally-ill to obtain treatment. Instead, Albert Q. Maisel writes, they have helped divorce-seeking spouses, estate-hungry relatives and busybodies to "put away" sane men and women. The article is entitled "The Tragedy of Sane People Who Get Put Away'

Governor Michael DiSalle of At Farmer Class Ohio told a Senate subcommittee that a survey in his state found class met Monday night and dis-4500 elderly men and women forced into mental hospitals because relatives or their communwant to care for ities didn't them. An Illinois man rushed his wife into a mental hospital while she was bedridden with injuries from an auto accident. Similar injustices were reported in California, North Carolina, and Mississippi. One Detroit woman lost 16 years of freedom as the result of an unjust commitment; another, 19 years. An Indiana man unjustly committed in 1897 was freed just three they showed. years ago.

Thousands of normal men and and such Senators as Sam J Ervin of North Carolina and Kenneth Keating of New York are moving to reform the "reform" measures. In only 13 states is there any provision for a jury in a sanity hearing-and not in all cases. In many states, the person whose liberty is at stake need not even be notified that his case is coming up. Fourteen states make no provision for the person to be represented by counsel. In ten states, there is no court procedure at all: the allegedly mentally ill can be locked up on the certification by two physicians; and in most states the examining physicians need not even have had any psychiatric training.

Corn Plot Discussed

The Mentone Adult Farmers cussed the corn plot data that was obtained from the Mentone F.F.A. corn plot this fall. The planned program for the evening was on dry and wet fertilizer, but at the last minute, the speaker was unable to attend, so the corn plot data was discussed. At the end of the discussion, slides that had been taken during the growing stages of the plot were shown. Pictures on weed control, dwarf corn and heights of corn were very precise in the differences that Next week the 1962 Farm Pro

The American Bar Association gram will be discussed.

Size of Farms To Increase

Within the next 10 to 15 years Corn Belt farms will be from 300 to 500 tillable acres with capital investments of \$200,000 and more, Martin Underwood Purdue University agricultural economist, told Kosciusko County farmers attending the second in a series of advanced farm management meetings.

This marks the trend which is taking place in agriculture throughout the nation, he observed. However, this doesn't mean that farmers must operate 3,000 acres, milk 500 cows or maintain a 10,000 hen laying flock.

Recent studies by Purdue agricultural economists point up the importance of size in various farm enterprises. Here is what the economists found:

"Returns to labor and capital increase very rapidly as the farm size grows from 80 to 200 tillable acres. From 200 to 500 tillable acres, farm returns to capital and labor hold about steady. But as the size of the farm increases beyond this, returns tend to drop off slightly. "Most farm account cooper-

ators have been able to increase farm earnings by keeping enough livestock to account for about one half to two thirds of their labor load. Adding livestock beyond this point often has not paid.

"By maintaining a brood sow herd between 20 to 40, you have reduced the unit costs of production about as much as you can through size of the enterprise. In the dairy business, this is between 25-50 cows; for laying flocks, 1,000 birds; in beef cattle

feeding, 75-100 steers." Two basic factors govern the maximum size of the enterprise -beyond a certain point enterprises compete with each other; the managerial ability of the farm operator.

Clinic On Marketing

Administered marketing will be the theme of the sixth annual Purdue Marketing Clinic, February 21. at Purdue University. Several hundred persons are ex-pected to attend the event, sponsored by the Indiana Farmer-Retailer Committee and Purdue

James T. Ralph, assistant U. S. Secretary of Agriculture, will be principal speaker at the luncheon meeting. He will discuss "New Marketing Programs for Agriculture". The program will open with

general session at which Charles E. French, Purdue agricultural economist, will discuss "Management for the 1960's". Then dairy, livestock and meat marketing, poultry marketing and feed and grain marketing

sessions will be held concurrently.

Speakers will include Dr. F. N. Andrews, head of Purdue's department of animal sciences; C. B. Cox, director of economic research, Armour and Co., Chicago; H. L. Cook, University of Wisconsin agricultural economist; Linley Juers, staff economist for the U.S. Department of Agriculture, and Purdue agricultural economists.

The afternoon program will include continued commodity sessions and a panel on "Impli-cations of Marketing Orders". Panelists include John Raber, Indiana representative on the national broiler committee; Nelson Igel, Washington, Indiana, and Ivan Moore, manager, feed

and poultry department, Indiana Farm Bureau Cooperative Association.

SOYBEAN BULLETIN NOW AVAILABLE

MR. AND MRS. DEWEY KING AND FAMILIES

Soybean production has increased steadily in Indiana since 1920 to attain an annual crop value of \$130 million in 1960, report Keller Beeson and A. H. Probst, Purdue University agronomiscts, in the recently revised Extension Bulletin 231, "Soy-

This comprehensive 46-page handbook discusses seedbed preparation, soybean diseases and insects, fertilizing problems, weather hazards, seed treatment, weed control and harvesting. Indiana residents may obtain

a free copy by writing the Agricultural Publications Office, AE-S Building, Purdue University, Lafayette, Indiana. (A postal card is sufficient.)

PRAYER'

When worry hangs its gloomy crepe And life is filled with care. We gain real consolation through The medium of prayer. When troubles loom at every turn And eise above are grow

When troubles loom at every turn And skies above are grey, Through conversation with our God We always find the way. Prayer never fails to touch our hearts With faith to carry on. Like magic the eclipse of woe Bursts into brilliant dawn. The power of a contrite prayer Exceeds all worldly might, It dries our tears, and caims our fears

It dries our tears, and calms our fears And helps when weak to fight.

And neips when weak to light. Whenever we are face to face With sorrow and despair. We gain the help we are seeking. Through the medium of prayer.

Feeder Auction Sales Up

Sales at 18 Indiana feeder calf and 41 feeder pig auctions last year totaled \$2.628.530—almost \$620.000 higher than in 1960, according to Ken MacDonald, Purdue University extension animal scientist.

Total cattle sales were \$1.-730,920, compared to \$1.414.481 in 1960. Gross sales at the pig auctions amounted to \$897.610, compared to \$591,462 the previous year.

Cattle sold totaled 14.685. about 2,270 more than in 1960; they weighed an average of 500 pounds. The calves, including yearlings, brought an average price of \$24 per hundredweight, compared to \$23 in 1960.

A total of 56.814 pigs went under the hammer. This was almost 16,700 more than in 1960. The pigs averaged 58 pounds and brought an average of \$27.52 per hundredweight, compared to \$25.28 at the 1960 sales.

There were three hundred nineteen calves auctioned at the first sale eleven years ago. The pig auctions were started in 1954, when 1,385 pigs were sold.

Purdue animal scientists and personnel from the Indiana Farm Bureau livestock department and Producers' association sorted the animals to be sold as to quality, type and weight. Southern Indiana feeder auction associations sponsor the sales in cooperation with agricultural extension at Purdue.

FEB. 7, 1962

Has your family formed the "Library Habit"? If not, try bringing your entire family to the Library and you will find there is something special for

each member of the family. For father, ask for "A Nation of Sheep", by William Ledarer, author of "The Ugly American". Perhaps he will agree with Pearl Buck who said after reading this book, "At last some one has said what needs to be said". Of course, it will be mother

who will chuckle and laugh over And Then There Were Eight", by Paul Mollay. This popular journalist shares with his reader the fun and problems which resulted from being the father

resulted fiber being the factors of six girls and two boys. Big sister will appropriate "The Polly Bergen Book of Beauty, Fashion and Charm", and the new junior novel, "Wedding Bells", by Janet Lambert. Her big brother will enjoy the basketball story, "Hotshot", by John F. Carson.

John F. Carson. Your grade schoolers will be thrilled by "Florence Nightingale", by Anne Colver and "Florence Willard, Girl Crusader", by Miriam Mason. For your pre-schoolers and those just beginning to read, you may choose "Buttons and His Sunday Coat", an amusing clown story.

Other families have the library habit, why not yours? Library hours at Bell Memorial Public Library are from 12 to 6 p.m., Monday through Saturday.

FEBRUARY IS AMERICAN **HISTORY MONTH**

becomes more and more important with each passing year. With our swiftly changing times and the problems that face us hourly, it is essential that every citizen of these United States have a thorough knowledge of the history of our country-how it was founded, upon what principles and liberties our Freedoms rest, and the great men and women who suffered heartbreak, self-denial, and untold hardships to make our country The Land of the Free and the Home of the Brave.'

Carlyle tells us that "History is the essence of uninnumerable biography" so let us recognize what it has contributed in the way of prominent men born in February. Foremost and outstanding are two of our greatest Presidents, George Washington and Abraham Lincoln, the one from a "mansion", the other from a "log cabin", but equal before God and perhaps equal in their accomplishments for all mankind.

George Washington, "Father of our Country", our first Presi dent, was born at Westmoreland, Virginia, February 22, 1732. Throughout the American Revolutionary War General George Washington was invaluable, and on the 14th of June, 1775, he was elected to the office of Commander-in-Chief and on June 22 left Philadelphia to take command of the Continental Army, For eight long war filled years he visited his home, Mount Verron, for only a few minutes whil on his way to attack Corn-wallis at Yorktown. At the close of the war, Washington was elected as President of the United States with many problems to face (many created by the war) but wise were his decisions and well layed was the foundation for our country to build upon. Washington was indeed first in war, first in peace, first in the hearts of his countrymen -the defender of his country, the founder of liberty and a friend of man. Nature made him great, he made himself virtuous. He was a true gentleman, a re ligious and humble man.

Abraham Lincoln, "The Great Emarcipator", our 16th Presi-dent. was born in Hardin Coun-, Kentucky, February 12, 1809. His experiences as a youth living in a log cabin can be recounted by all school children of today. He was often referred to as "The Rail Splitter". He because a captain in the Black Hawk War, practiced law suc-cessfully at Springfield and in 1860 and 1864 was elected President of the United States.

Lincoln was a compassionate, kindly, oft n sad, person with compositor, proof reader and great sympathy for the common pressman. This venture was man, hence his determination to successful, but having satisfied abolish slavery. He was a devout his ambition for editing and Christian but possessed "the publishing a newspaper, he re-

The study of American history genius of humor" (which is indeed a saving grace for those who possess it while holding the high office of our land in times of high danger and awful responsibilities).

Lincoln's sense of humor is well examplified by the discus-sion of two Quaker ladies concerning the interminable Civil War.

One said she thought Jeffer son Davis would win. "Why does thee think so?"

the second asked. "Because Jefferson is a pray

ing man." "But so is Abraham a praying man.'

"Yes", said the first, "but the Lord will think Abraham is joking."

Lincoln served as President throughout our Civil War years which were a constant source of deep grief and untold problems for him. His untimely death was, however, mourned by the North and South alike. Others who lend luster to this shortest month are our own William Henry Harrison, born February 9th, 1773, at Berkeley, Virginia He was our ninth President, elected on the Whig ticket, but served only one month (passing away one month after his inaugeration, April 4, 1841).

No single person played a more prominent role in the story of the old Northwest than William Henry Harrison. In 1801 he was appointed Governor of Indiana Territory, and at this time, in 1803 and 1804, he had erected the famous William Heny Harrison Mansion called 'Grouseland''. This building was restored a few years ago by Daughters of the American Revolution, and is now owned and maintained by the Francis Vigo Chapter D.A.R. at Vincennes. It has been turned into a museum and has recently been designated a Registered National Historic Landmark, joining Mount Vernon and more than a hundred other famous buildings and sites for this honor.

In 1811 Harrison defeated the hostile Indiana Chief Tecumseh at Tippecanoe and was leader of a campaign that wrested the Northwest from Britain.

Thomas A. Edison was born February 11, 1847, in Milan, Ohio. At twelve years of age he obtained a contract for the exclusive privilege of selling newspapers on the Detroit division of the Grand Trunk Railway (his parents having moved to the state of Michigan).

Edison fitted up a printing office in a corner of the coach and printed a paper in the car, called "The Grand Trunk Herald". He was his own editor,

placed the printing materials with a chest of chemicals, with which he experimented on the train. The spontaneous combustion of a quantity of phosphor us and the firing of the baggage car caused the whole philosophical apparatus to be pitched out of the coach by the railway company, and this ended all further chemical experiments on the train.

All through Edison's life he experimented, in v en t e d, and studied in the "wee sma' hours". He delighted in working while others slept. By 1878 he already had granted to him for duplex, recording, repeating and various other improvements in the telegraph, 139 patents and 67 caveats all taken out in eight years. Since then the phonograph, the telephone, the electric pen, electric lamp, and other inventions have come from his hand. His was the ambition to achieve and the power to perform.

Cotton Mather's birthday con curred with that of Lincoln, having been born February 12th, 1663, at Boston, Massachusetts. He was a famous Presbyterian preacher, also an author, in Colonial Days.

Henry W. Longfellow was born February 27, 1807, Portland, Maine. He is one of the best known abroad of American poets and one of the best beloved in our own country. In England, Oxford University conferred upon him the degree of D.C.L., that of L.L.D. having ten years before been given him by Harvard College in America. He wrote "Hiawatha", "Psalm of Life", "The Village Blacksmith", and "Evangeline", to name a few.

James Russell Lowell's birthday falls on that of George Washington, February 22nd (the year 1819) at Cambridge, Massachusetts. He graduated from Harvard College in 1838. He studied law and was admitted to the bar, although he never practiced the profession. His inclinations were toward poetry, and he published his first verse "The Vision of Sir Launin 1841. fal" was his most popular ser-ious poem, "A Day in June" was also a favorite. Success was immediate for his "Biglow pa-

pers". In 1885 he succeeded Mr. | troit, Michigan. It has been said Longfellow as Professor of Modern Languages at Harvard College. As a man, Lowell was courteous and reserved, but a delightful story teller and brilliant at repartee.

Sidney Lanier, born February 3, 1842, at Macon, Georgia, was a poet and musician. He played the piano, guitar, flute and violin without instruction. He served in the Confederate Army during the Civil War. He wrote 'Tiger Lilies".

Last, but not least, is the youngest of our national heroes, Charles Lindbergh, who was born February 4th, 1902, at De-

that "they who live in history only seem to walk the earth again" and if this is true, though the glory of battles and achievements may fade and the importance of diplomatic victories seem to pale, February through the glory of her Sons and their achievements will ever stand out in the history of our country. This article was submitted by the Anthony Nigo Chapter D. A.R.

To Disinfect Rinse Water

Modern warm-water laundering frequently fails to remove bacteria that can cause boils, skin infections, dysentry, pneumonia and other infections, according to Elkin Minter, Purdue University home management specialist.

Recent tests by the Agriculural Research Service show that adding either of two disinfectants to laundry rinse water will kill bacteria on and in fabrics. Washing clothes at recommended 140-160 degree temperatures destroys most bacteria, but the specialist points out that modern homemakers often use wash water that is 100-125 degrees and has no germicidal action.

When added to laundry rinse water, quanternary or phenolic compounds destroy most of the bacteria. These compounds can be used with cotton, wool and synthetic fibers. Homemakers need not use the

Homemakers need not use the compounds with each washing. However, if there is sickness in the family, the community, or the children's school, she recommends using the disinfectants often. These compounds, added to laundry rinse water, may interrupt the sickness cycle

by destroying bacteria, and both compounds are excellent substitutes for boiling laundry.

Mrs. Anna Nellans of Bourbon called on Mrs. Clarence Leininger late Sunday afternoon.

Better Daughters Meet

Beaver Dam Better Daughters held their February meeting last week. The meeting was called to order by Betty Smith. The pledge to the American flag was led by Margaret Hilland and the pledge to the 4-H flag was led by Virginia Baumgartner. Devotions were by Betty Smith. Roll call was what I thank my parents for the most. Secretary's report was given by Linda Smalley followed by the treasurer's report by Mary Horn. Health and safety was by Diane Cumberland about our winter weather. Songs were led by Kathy Harrold.

Demonstrations were by Betty Bibler, showing how to make Seven Layer Casserole and Marsha McFarland on how to make a wall plaque and Bea Walsh on how to use tube paints.

Refreshments were served to twenty three members, one leader and three guests by Linda Beigh, Kay and Janet Goshert. The next meeting will be March 5th.

NEWS? Ph. ELmwood 3-3985

Swine producers of Kosciusko county will meet Wednesday, February 21st at the Women's exhibit building at the Fairgrounds at Warsaw. Purebred breeders as well as commercial producers are invited to attend. The meeting will begin at 1:00 p.m., according to Donald E.

MEETING FOR

SWINE PRODUCERS

Frantz, County Agent. Nutrition and health will be the two phases of the program. James Foster, specialist in swine nutrition of the animal science department at Purdue, will discuss all phases of hog feeding. He will give sow rations, creep rations and least cost finishing rations for market hogs. He will also compare feeding costs using complete mix rations, free choice supplement and the use of pellets.

of pellets. Dr. F. A. Hall, veterinarian, will speak on the afternoon program and will report primarily on diseases of young pigs, such as T.G.E., baby pig pneumonia and other diseases causing serious losses.

COUNTERPOINT, Continued

being presented to high school students in Senior Scholastic.

Note to parents:

Remember that consciously or unconsciously your children are probably modeling themselves after you. If they see you reading something besides comic strips or the sports page, if they hear you talking with interest about books, politics, history, art, science, or music, your home undoubtedly already has a built-in climate for learning. Chances are you won't have to do much else except provide a quiet, well-lighted place where your child can concentrate on his studies.

-Jean Reiss

Consumer Oath - No. 5 What possessions I do own shall be cared for and loved, for in a reasonable amount of private property I shall find identity and dignity. But my things shall never own me or ride me.

We enjoyed this:

Two little caterpillars were talking when a butterfly flew by They watched it for a min-ute and then one spoke, "Those things are real fast, I'll admit, but they'll never get me up in one."

To save money on beef chuck, Purdue University consumer marketing agents suggest buyient flooring materials are deing a large cut at a lower price sirable for living areas, observe per pound. Divide it for cooking Purdue University housing spethree ways: the rounded bonecialists. These materials provide less end for stew; the center comfort, dignity, color harmony, with round bone for pot roast; and the remaining piece sliced durability and lengthwise into two Swiss steaks.

Boy Scout Week Plans

The 52nd anniversary of the Boy Scouts of America will be observed during Boy Scout Week, February 7 through February 13.

The 6,066 Cub Scouts, Boy Scouts, Explorers and leaders of the Pioneer Trails Council will conduct special programs involving parents, community leaders institutions that sponsor and Scouting units.

The celebrations will honor the Scout family and dramatize that an important facet of Amer-

ica's strength lies in the family "Scouting itself," says J. Ben McGill, Scout Executive of the Pioneer Trails Council, "contri-

butes to family life in America. We recognize the contribution that families make both to Scouting and the American way of life."

The observance seeks to bring new levels of understanding for the movement so that more boys will join, more adults will be-come leaders and more folks will support its work.

Scouts in uniform will attend Boy Scout Sunday services with their families on February 11 while those of Jewish faith will observe the Boy Scout Sabbath Friday evening, February 9 and Saturday, February 10. Some Scouts will receive religious awards for giving personal serv-ice in special projects assigned by ministers, priests and rabbis.

Other anniversary activities include unit reunions, honoring new Eagle Scouts, Scout handi craft exhibits and window displays, school assembly observances, courts of honor, where Scouts will be honored for their achievements, and visits by Scouts to industrial plants, businesses and military installations.

COUNTERPOINT

By The Editor's Wife

to expect a plague of grasshoppers and Mormon crickets next summer

can say that it is an awesome and awful thing to see a horde of grasshoppers descend, devour, and depart, leaving no blade of grass, no leaf, no stubble. In a land where a field of grain is life itself, this can be a tragedy.

Our young neighbor, Randy Yazel, visited the Fowlers one day last week. A suit of long underwear was hanging near the oil burner to dry. Randy eyed it thoughtfully for a time and then asked, "Who wears that sweat shirt?"

Now is a good time to clean out your medicine chest. Here are some suggestions for parents:

1. Put all drugs and remedies out of reach of children. 2. Make sure all medicines

are properly labeled. 3. Flush away all unlabeled or stale medicines. 4. Store all household prepa

rations away from children. 5. Teach children never to eat or drink substances found in homes or outside.

"The grave of love is excavated with little digs."

We were discussing college professors recently. One amusing incident was related. This particular professor asked this student to settle a question. because she lived on a farm and should know the answer. This was the question, "Does a horse have hives or heaves?" (I knew the answer because my grandfather had a horse that had 'em.)

Consumers Oath, No. 6 Charles V. Neal, Jr. "My home shall be my retreat at times and my oasis at others.

It shall always be open to my friends. As the Prophet said, "My house is my larger body, and next to me, it shall reflect my values and my soul.""

For parents of "college bound" children—No. 4. Grades nine through twelve are crucial in determining your youngster's readiness for college. His study program should be flexible enough to allow him to shift gears if courses prove (Continued on back page)

FINE RECORD AT **BLOOD BANK HERE**

A total of 148 pints of blood were donated at the Red Cross blood bank at the Methodist church at Mentone Friday, surpassing the local quota by 23 pints and recruited a total of 102 first-time donors, a record never before achieved by any community in the county.

Ned Titus, blood program chairman, credited the day's suc-cess to the splendid work of Mrs. Joe Boggs and her many helpers, and the patriotic support of the citizens. A total of 184 individuals were scheduled to participate, and of this number 111 kept their appointments. A number called to give the rea-son they were unable to keep the appointment. Thirty-seven of the contributors came without an appointment.

James Manwaring gave for the eighth time to qualify for the One Gallon honor group, and Donald Horn reached the Two Gallon level.

Mrs. Boggs wishes to thank the following individuals and organizations for their work in making the day such a success Members of the Pis Iota Xi Sorority for calling and enrolling blood donors.

Mr. and Mrs. Dwight Bechtol for their recruiting work, and Richard Whittenberger who enrolled 30 donors in a house-tohouse canvas.

Mary Cook, Georgia Nellans, Mary Utter and Louise Long who served as staff aides without previous experience.

The Methodist Church and Pastor Wrigley.

Jolly Janes club for furnishing salads for staff luncheon. Friendly Neighbors club for furnishing sandwiches for the donors.

Mentone Reading club for fur nishing cake for staff luncheon.

The American Legion mem-bers who moved the Red Cross equipment from the truck to the church basement and back on the truck in the afternoon. Local nurses, Mrs. F. B. Davi-

son, Mrs. Jerry Kralis and Mrs. J. R. Baum.

Local Gray Ladies Mrs. Wil-bur Latimer, Mrs. Howard Horn and Mrs. Artley Cullum. Dr. Wilson of Mentone and

Dr Reed of Warsaw for serving as the examining physicians. And all others who assisted,

and especially those who donated blood.

A number of local industries sent as high as 13 of their employees as donors.

Subscription—\$3.00 Per Year

LAVANCHEYS HAVE PLANS CHANGED

"The best laid plans of-In our last issue we mentioned that Dr. Harry Lavanchy, local veterinaian, had accepted a call to go to Ossian, and subsequently the neighbors in the south part of town planned a farewell party for the family at the Garrie Rose home Thursday evening. During the day Thursday Dr. Lavanchy had his fears confirmed that the armed forces expected his appearance sometime during the summer, which made it impractical for him to accept the call to Ossian.

The farewell party, however, came off as planned, which gave the Lavanchys an opportunity to not only express their appreciation to the neighbors, but to announce the change of plans.

Dr. Lavanchy is continuing as an assistant to Dr. McFadden.

NEW DIRECTORY FOR CLAYPOOL

Thursday, February 22, is the last day a customer of General Telephone can report a change or new listing and have it appear in the special four-page interim directory now being readied for Claypool, according to J. E. McCormick, division manager. The directories will con-tain new seven-digit numbers for all Claypool customers.

"We are now ready to 'lock up' the new directory and have it printed," McCormick said. "No changes can be accepted after February 22 because, as with newspapers, telephone directories are printed on a deadline basis, and only a rigid time schedule makes it possible to have them compiled, printed, folded, and distributed to each of our customers in such a rel-atively short length of time."

CUB SCOUT COMMITTEE MEETING MONDAY

The Cub Scout committee will meet Monday evening, Feb. 19 at 7:30 at the home of Thomas Harman.

All Den Mothers and committeemen please plan on attending.

DEPUTY ASSESSOR

It has been announced that Earl Besson will be deputy assessor in Mentone and Harrison township.

CALENDAR

O. E. S. will meet Monday, February 19. Election of officers.

Wednesday Night-Etna Green vs. So. Whitley. North Webster vs. Sidney. Pierceton vs. Warsaw. Thursday Night-Milford vs. Syracuse. Claypool vs. Atwood. Georgetown, Ontario, Canada. Larwill vs. Columbia City. Friday Afternoon-Mentone vs. Leesburg. Winners games 1 and 2. Winners games 3 and 4. Winners games 5 and 6. Saturday Afternoon-Winners games 7 and 8. the Army in 1947. Winners games 9 and 10. Saturday Night-Winners games 11 and 12. grandchildren.

MENTONE WINS OVER BEAVER DAM

Mentone's county champions went on a scoring spree Friday night and rolled up what may be a county record as they defeated Beaver Dam 106 to 63.

The Mentone boys used two teams to pile up the high score, also, which is an indication of the ability of all the boys on the

ANNUAL MEETING OF SOIL DISTRICT Agnes Rans. We must find a way to bridge the gap between our abundance and the distribution of so much of the rest of the world or our civilization will eventually fail. according to Leonard Kingsley, of Berne, at the annual meeting of the Kosciusko County Soil and Water Conservation District. Mr. Kingsley recently returned under the auspices of the Mennonite Church Council and the World Council of Churches.

Howard Silveus of Seward Township presided at the meeting held February 7th at the Masonic Temple, Robert C. Martin reported on the accomplishments of the Soil and Water Conservation program for the year. James Tuttle of Washington Township reported on the area conservation camp which he attended during the summer. Awards were made to Perry Hathaway of Seward Township and Fred Leasure of Jackson Township for outstanding conservation programs on their farms. The county 4-H and FFA land judging team from Atwood was introduced by Don Clase, club leader.

Mr. Silveus announced that plans are under way to conduct a referendum for the purpose of including other townships in the Kosciusko County District and that petitions are being signed now in some townships.

The present Board of Supervisors consists of Mr. Silveus, chairman; Leland Kinsey, sec-

retary; Loren Decker, Robert Norris and Myron Metzger. Gordon Tuttle and Howard Workman are associate mem-

Mrs. Gates Hostess To H.D. Club

The Mentone Home Demonstration club met with Mrs. Pearl Gates Thursday afternoon. Vice president Olive Tucker opened the meeting with the pledge to the flag and the club creed. All sang "America The Beautiful." Pearl Gates read the song of the month, "The More We Get Together" and then led the group in singing it.

The lesson on exterior painting was given by Olive Tucker. Roll call was answered by a valentine they remembered. Old and new business was taken care of by president Opal Tucker. Refreshments were served by the hostess and co-hostess,

There were 14 members and four visitors, Mrs. Hazel Shively, Mrs. Bertha Beeson, Mrs. Golda Kessler and Mrs. Belle Morrison present.

SHEEP TOUR ON FEB. 20

A sheep producers tour will be held on Tuesday, February 20th, starting at 1:15 at Creighton Brothers, according to Donald E. Frantz, County Agricul-tural Agent. Sheepmen are invited to attend.

The first stop at Creighton Brothers farm will be to ob-serve a flock of about 250 ewes that were shorn early. This flock is known as a producer of a high quality clip of wool. The practice of shearing prior to cold weather will be discussed.

The second step will be at the Latimer farm that produces one of the better known show flocks of the state. Their lamb producing techniques will be explained.

Mrs. Miller Hostess To Jolly Janes

Mrs. Jim Miller was hostess to the Jolly Janes Home Demonstration club on Monday evening.

The meeting opened by all giving the pledge to the flag and the club creed. For devotions, Mrs. Raymond Lewis read Live to Make Life," after which the history of the song of the month, "The More We Get To-gether" was given by Mrs. John Ellsworth, the group joined in singing. For the lesson, Mrs. Dale Nellans displayed many attractive items she had painted with Deco-Paints and proceeded to instruct each one of the group in painting a tea towel. Each had found it very interesting and rewarding with the results. During the business, Mrs. Ber nard Cole and Mrs. David Pfeffney were accepted as new members. Mrs. George Mollen new hour received a birthday gift and Mrs. Bernard Cole received the door prize.

Tasty refreshments were serv ed by the hostess, assisted by Mrs. John Ellsworth, to 22 members and two guests, Mrs. Dale Nellans and Mrs. Frank Harrell.

Indiana Youthpower **Conference March 1-2**

More than a hundred teenagers, representing nine youth organizations who are high school juniors and seniors for the most part, will meet at In-dianapolis, March 1-2, for the second Indiana Youthpower Conference.

"Food Comes First" is again the theme of the Conference. Expenses for the delegates will be borne during their two-day stay by some 30 industries which process or otherwise deal in oods.

State headquarters of the nine organizations have selected the delegates who will attend the Conference, with nearly 60 counties sending young people to the meeting. Organizations to be represented include the Boy Scouts, Girl Scouts, Camp Fire Girls, 4-H Club, Indiana Rural Youth, Future Farmers of America, Future Homemakers of America, Hi-Y, and Sunshine Society.

Headquarters for the Conference will be the Severin Hotel. The delegates will be housed and fed at the hotel and all meetings conducted there. Tours of representative food processing, manufacturing, warehous-ing, and use industries are a part of the program.

Testing your lawn and garden soil can save you money and tell you what fertilizer is needed. Send to Purdue University's soil testing laboratory one cupful of soil composed of small samples taken from over the lawn or garden area. Ask your county agricultural extension agent for mailing containers and sampling instructions.

ADVERTISE! IT PAYS!

Shock waves from the massive nuclear bomb set off by the Russians in the Artic last October caused the needle to jump off a recording instrument at Columbia University's Lamont Geological Observatory in Palisades, New York. The waves were so strong they circled the earth for several days, frequent ly crossing each other, the scientists report. The initial shock waves reached the instrument, called a microbarovariograph, at the rate of one every six minutes.

Water boils at 212 degrees Fahrenheit at sea level where the atmosphere is 14.7 pounds per square inch. If the pressure is reduced, it will boil at a lower temperature. So, in Denver, Colorado, which has an eleva tion of about one mile, water boils at 203 degrees.

A raindrop counter has been developed at New York University. Not only does it count the drops in drizzle or downpour but also measures each one as it falls. It separates them into 13 sizes, from less than a hundredth of an inch in diameter to more than an eigth of an inch. It can count as many as 130,000 drops a minute. The counter is used by weather researchers, soil scientists, safety engineers and aircraft engineers. By the way, most raindrops are round, not teardrop shaped.

'Pilfer-proof' bottle caps are turned out at a rate of almost a half-million a day on new automatic machinery made in San Francisco by Votator. The thin aluminum caps are crimped around bottles in such a way that a telltale ring of metal remains if the cap is tampered with. They're particularly useful for high-purity foods, beverages and pharmaceuticals that must be sold with assurance that they haven't been opened.

Operating in cold blood is a new surgical technique demonstrated at Stanford University. Cold blood is circulated through the patient's head, lowering brain temperature about 30 degrees. The Stanford surgeons say the method greatly increases time available for delicate op-

erations in or near the brain which necessitates stopping the circulation.

As few as 100, perhaps only 75 supersonic transport airliner now in the planning stage could serve all the world's travelers. The planes, which may be in operation by 1970, will fly at 2,000 m.p.h. and carry 150 or more passengers.

Cats need affection, it was said at Cornell University veterinarian's conference. A cat gets frustrated trying to adjust to man-made living conditions, the doctors said. To guard your cat's mental health, they added, pet while you feed. The cat will have a better appetite, too.

The risk of Polio is being run more than a third of the by civilian population of the United States under 60 years of age. This frightening information comes from the U. S. Public Health Service whose survey shows that 45 per cent of U.S. children over a year old had no vaccine shots in 1961. Young adults—the group in which the disease is most likely to cause crippling and death-were less than 30 per cent protected, the survey showed. The children from 5 to 14 were the best protected. Luther L. Terry, U. S. surgeon general, urges those who haven't done so to get their shots now.

A fountain of youth has finally been discovered, but unfortunately it's just for baby chicks and mice. Experimenters say that they have "suspended" week-old chicks at that level of physiological development for six to nine months without affecting normal health or bejuggle the amino acid balance of their diets. Using this method, the scientists say, they have doubled the life span of mice.

World's largest scientific organization is the American Association for the advancement of science. It has 60,000 members and nearly 300 affiliated societies, with a total membership of more than 2,000,000.

Pores so small that a million of them would barely cover the period at the end of this sentence give industrial catalysts a large surface area that helps speed the rate of chemical reactions. The surface of a handful of some aspirin size catalysts weighing about an ounce, says Girdler Catalysts, would cover an entire football field.

February Meeting Of **Palestine Homemakers**

The February meeting of the Palestine Homemakers club was held at the home of Mrs. Jesse Jones.

The vice-president, Mrs. Al-bert Tucker, opened the meet-ing. The pledge to the flag and club creed was repeated by all. Mrs. Albert Tucker read a poem for meditation. The history of the song of the month, "The More we bet together More We Get Together," was

read by Mrs. Wilbur Perry, then sung by the group.

Health and Safety remarks on varicose veins were given by Mrs. Mont Loher.

The lesson on exterior painting was given by Mrs. Wilbur Perry. The secretary and treasurer's report was read by Mrs. Jesse Jones.

The president, Mrs. Edwin Shirey had charge of the business meeting. The meeting was closed by all repeating the club prayer song.

Attractive and delicious refreshments in keeping with Valentine Day were served to the eight members and three guests present. Guests were Mrs. Bill Hatfield and son Rickey and Anna Severns.

The next meeting will be on March 1 with a potluck dinner at the home of Mrs. Wilbur Perrv.

Merry Mollys Meet

The Merry Mollys Home Demonstration Club met at Pete's Restaurant with Mrs. Donald Horn, hostess, and Mrs. Lamar Leffert, co-hostess. The lesson on "Exterior Painting" was giv-en by Mrs. Leffert and Mrs. Herschel McGowen. During the social hour Password was played. Secret pal gifts were received

by Mrs. Al Heirs, Mrs. Dale Stiffler, Mrs. McGowen and Mrs. Glen Mellot. The door prize was won by Mrs. Dean Meyer.

Guests attending the meeting were Mrs. Robert Hibschman and Mrs. David Ridenour.

Attend Junior Corn Growers' Jamboree Leading Junior 5-Acre Corn

Club members from this county have returned from the Junior Corn Growers Jamboree at Purdue University. K. E. Beeson, Purdue extension agronomist, discussed with the group "New Styles In Crop Varieties." The group also had an opportunity to pick up new ideas from Indiana's junior corn growing and 4-H champions who were on the

program. Attending the event were Mike Besson from Atwood, and Dave Norris and Lyle Welty of Mentone. Dave Norris won the door prize which was a basketball autographed by members of the Purdue basketball team. Jack Hart, of the county extension office, also attended.

4-H Club Meets

Our 4-H meeting was called to order by the president, Louise Cox, at the school Tuesday evening

The pledge to the 4-H flag was given by Lavina Bules and the pledge to the American flag by Susie Witham. Roll call was given by Sandra Eckert and the response was "Our favorite person." Becky Hunter read the minutes of the last meeting and Sara Jo Smith gave the health and safety report.

We added three new members to the roll and then discussed our new projects and passed out the books. We heard a short skit which we plan to try and use for the 4-H Fun Festival. We then gathered into different groups to discuss our projects. We sang songs, led by Linda

Bowerman, and ended our meetwith refreshments and ing games by Susie Witham, Diane Cole, Sharon Lewis and Peggy Long.

MARLENE BRALIER, Rep.

Mr. and Mrs. George Hullinger of Plymouth, Mr. and Mrs. Chas. Hullinger of Argos and Mr. and Mrs. Conda Hipsher of Mishawaka visited Mrs. George Hipsher over the week end.

Friendly Neighbors **Meeting Held**

The Friendly Neighbors Home Demonstration club met in the home of Golda Mollenhour Feb. 1 for their monthly meeting.

The meeting was called to order by the vice president, Marie Deaton

The pledge to the flag was given and the club creed was repeated in unison, after which we sang, "America the Beautiful." Meditation was given by Marie Deaton reading tributes to both Lincoln and Washington, and a selection on Valentine Day.

Maude Romine read the history of the song of the month, "The More We Get Together," and led the group in singing it. Health and safety remarks were given by Dora Whetstone. The lesson, "Exterior Painting," was very ably given by Mary Shirey and Fern Besson. A short business meeting was conducted by the president, Golda Mollenhour. The eleven members answered to roll call with current events. The secretary's report was read by Ottie Walburn, folowed by the treasurer's report by Retha Ballenger. A donation was voted to the Ifye program.

Each member agreed to make sandwiches for the blood bank. Communications were accepted and placed on file.

Marie Deaton received the door prize. Refreshments in keeping with the season were served by the hostess and co-hostess, Rhoda Jones, followed by a social hour.

The next meeting, March 1, will be with Marie Deaton. Note change of meeting place.

FEBRUARY IS "HEART MONTH"

The month of February has been designated as Heart Month and during this month the Heart Association has a campaign to raise money for heart research and heart education.

Dr. Dan Urschel of Mentone, heart specialist, attended the county meeting held at the First National Bank in Warsaw Feb. and gave a brief talk. He mentioned some of the wonderfu advances made during recent years, such as being able to help heretofore helpless cases by use of open heart surgery, but he stressed the vital need for continued and constant research. The Heart Association has been most instrumental in aiding in this research, in giving assistance to heart patients and in educating the public regarding heart and associated illnesses. Dr. Urschel stated that not only is the money collected by the drive vitally needed, but the Heart Fund campaign is an excellent way of furthering the general public's knowledge of progress made so far in being able to treat heart and related diseases.

February 25 is designated as Heart Sunday, and a complete team of county workers has been selected to make the solicitation. These workers are expected to begin their solicitation the week prior to Heart Sunday. Mrs. Dan Urschel is the Men-

tone team chairman.

Former Talma **Man Dies**

Robert M. Horn, 64, a native of Newacstle township, died of a heart attack Tuesday at his home in Huntington. He had a heart ailment for nine years

Funeral services were held Friday at Huntington, with Rev. Daniel Slaybaugh of Akron officiating. Burial was at Akron.

1961 AIRCRAFT ACCIDENT REVIEW

The Indiana Aeronautics Commission has given a review of aircraft accidents in Indiana for the year just past. Student and private pilots were involved in 90 accidents, with 25 persons being injured and seven deaths. Commercial military and oth-

er aircraft were involved in 43 accidents, with nine injuries and eight deaths. These figures are based on an estimated 114 million miles of air travel.

SPORTS SPECTACULAR

Last October Crawfordsville Municipal Airport was the site for the Indiana National Air Show. During this event the CBS television network filmed the activities, and will present a 90minute showing of the program on "Sports Spectacular," Feb. 18.

Mr. and Mrs. C. E. Walburn left for a Florida vacation on Wednesday morning.

New low-cost luxury in two just-out Chevy II Nova sedans

 Luxury and low cost have never been more beautifully blended than in these two newest additions to the Chevy II line! Like their running mates-the Nova 400 Sport Coupe, Convertible and Station Wagon-they have the same more-foryour-money features that have made Chevy II the winner of Car Life magazine's Engineering Excellence Award for 1962. Soft-riding new Mono-Plate rear springs, proved in the equivalent of 2,000,000-plus test miles. Thrifty 6-cylinder engine

that gets more "git" out of a gallon of regular. Body by Fisher roominess that fits big families and small parking places. An easy loading vacation-sized trunk. New ideas that save on upkeep. Plus trim, tasteful styling, inside and out. See the smart, sassy, saving Chevy II Novasand the other sensibly sized, sensibly priced Chevy II models-at your Chevrolet dealer's.

NIPSCO OBJECTING TO CO-OP LOAN

"If we had the tax and 2 per cent money subsidy the Indiana REMC's enjoyed in 1960 and applied it to our farm customers only, we could give our 12,286 farm customers free electric service all year round and pay each and every one of them \$1,705 to take the service."

So stated Dean H. Mitchell, chairman and president of Northern Indiana Public Servi e Company, as NIPSCO's petition to intervene in the application of Hoosier Cooperative Ener y Inc., was filed with the Public Service Commission of Indiana at 4 o'clock Wednesdey afternoon by Frank M. McHale, Indianapolis attorney.

Hoosier Energy—made up of 17 Indiana Rural Electric Membership Corporations in the or iginal charter-has obtained a \$60,225,000 loan from the Rural Electrification Administration in Washington to build a 198,000 kilowatt generating station and more than 1,500 miles of transmission and distribution lines to serve its member REMC's. It is now waiting for the Public Service Commission to approve its plans.

NIPSCO'S petition alleges that at current interest rates the government's proposed \$60 million loan will cost the taxpayers a minimum of \$21 million over the 35-year life of the loan. Since it costs the government four per cent per annum to borrow this money and Hoosier Energy will pay only two per cent, the net cost to the taxpayer could be as much as \$42 mil-lion," McHale said. "Giving effect to the amortization of principal, however, it will still cost at least half this amount, or \$21 million."

SERVING IN AIR TRANSPORT SERVICE

Second Lieutenant William L. Second Lleutenant William L. Nellans. son of Mr. and Mrs. Elery V. Nellans of R. R. 5, War-saw, is participating in Exer-cise Great Shelf/Tagpo, now being conducted in that area as a joint combat maneuver for air and ground forces of the United States and the Republic of the Philippines. The 10-day exercise will end February 15.

Lieutenant Nellans is a navigator permanently assigned to a Military Air Transport Service a miniary An manaport Service strategic airlift unit at Dover AFB, Delaware. Mentone Reading Club Meets At Boggs Home

The February meeting of the Mentone Reading club was held at the home of Mrs. Joe Boggs last week, Wednesday evening, February 7. Miss Von Jenkins was assisting hostess. In the absence of the presi

dent, Mrs. Charles Manwaring first vice president, Mrs the Boggs, conducted the business meeting. Roll call was answered with , "If I were mayor of Men-tone." A report on communism was given by Mrs. Richard Man waring. The program was led by Mrs. Raymond Cooper, who read for meditation, "Lincoln Goes To Gettysburg", and Mrs. Ear. Shinn used as a basis for the program "Women In Politics" Beginning at the local level and continuing up through county, state and national. She questioned the ladies to see how much they actually knew about the people in politics. She gave an interesting and challenging program.

The March meeting will be at the home of Mrs. Chauncey Mollenhour.

LETTER TO THE EDITOR Mentone, Ind. 2-12-62

My observation regarding the inconsistency in the method used to combat communism, does a parent correct a child and punish it for doing the very thing the parent has been wrong in doing before the child? "He was

Quoting Mr. Truman, my pal, good old Joe. He was a nice fellow, Stalin that is."

I believe the question in the minds and hearts of sincere, patriotic, God loving and fearing Christian is-Through entertaining, association, and fraternizing, aren't we condoning and embracing the very evil we are warned to condemn? Respectfully a Christian,

W. E. FOWLER

COUNTERPOINT, Continued

too difficult or if he gains enough confidence and competence to take courses previously avoided or feared.

Avoid constant nagging but encourage your child (a) to learn to study effectively; (b) to build an extensive vocabulary; (c) to read widely; (d) to write, write, write. -Jean Rees

A thought for Lincoln's birth day was sent in by friends.

Suppose Abe Lincoln were alive today. His life would be a lot easier. The Rotary Club would supply him with books. Some social agency would move his family into a home with a floor. The rail splitters union would raise his wages periodically, and if they weren't still satisfactory, he could always get a subsidy for raising some crop he would have raised anyway. He could get another subsidy for not raising a crop he never intended to raise. And he would not be President Lincoln.

We enjoyed this: Teacher: "What is a flood?" Johnny: "A river that gets too big for its bridges."

MENTONE FFA NEWS

The Mentone chapter of the Future Farmers of America will present the senior FFA boys with a green and white sweater. which each boy earned by participation in contests and agricultural activities.

These sweaters will be presented during National FFA Week, February 18-24, at the Mentone school. This is to symbolize the rewards young farmers of the future will receive for hard work and active participation in

community service. —Your FFA reporter,

Promoted To **Office Manager**

In a recent issue of the General Telephone News, mention was made of the promotion of Richard Clark, son of Mr. and Mrs. George Clark of Mentone, to business office supervisor. The article follows: R. P. Clark, commercial repre-

sentative at Fort Wayne, has been promoted to business office supervisor, Fort Wayne. He came to General in 1958 as a purchasing clerk in the general office, went to Lafavette the next year as commercial representative and last year, after six months military leave of ab-sence returned to Fort Wayne as commercial representative.

He is a native of Mentone, Indiana where he attended public school and spent two years at Ball State majoring in business administration. His wife is Carol Clark, stenographer in marketing and sales in Fort Wayne.

CONKLE ELECTED DEMO CHAIRMAN

At a meeting of democratic precinct committeemen and women held at Warsaw Thursday evening, Paul Conkle of Warsaw was named county chairman to fill the vacancy created by the resignation of Carleton Jones of Claypool.

Mrs. Walter Roberts of North Webster was elected county sec retary.

APPRECIATED - BUT

Wednesday the News received check No. 1242, written on the Mentone bank in the sum of \$3, but the sender failed to sign the check or place their name on the envelope. It is very neatly written, but we cannot give credit until we know who sent it.

Mr. and Mrs. Claude Gates left Saturday for Truth or Consequences, New Mexico for a four-week stay. They expect to enjoy a few of those mineral baths while there.

American History Antique Display

Mrs. Carl Metheny, chapter historian, of the Anthony Nigo D.A.R., Mentone, wishes to draw attention to the window dis-play at Brown's Jewelry Store in observance of American History Month. The antique items shown are appropriate to the times in which some of our great men lived (who had February birthdays) and belong to Mrs. Hazel B. Linn.

The following are on display: A flax carder 154 years old. The wooden cover is put together with wood pins.

Brass and copper ladles, brass kettle, brass pancake turner, old forks, iron kettles, candle snuffer, pewter teapot, nutmeg shaker, large iron griddle, etc. Wood tiger-stripe butter bowl, ladle, butter mold and tiger stripe potato masher, large hand painted tin tray and a tin mold

Some of Milady's accessories are: cut glass perfume bottle, pearl glove hook, fancy hair comb, a gold and a silver thimble, pearl handled pen in plush case, blue feather fan, black silk with h. p. flowers, fan, snuff box, pearl calling card case, beaded bag, jewelry box, gutta percha daguerrotype cases, nice metal frame for picture, hat pins, cameo brooch, earrings and ring, also wedding set of albums of old pictures, basket holding stereoscope and pictures. For the men: old cuff but tons, stick pins and colored

hunting glasses Valentines include fancy, comic and the little wax figures and flowers under the glass dome. | Alva Shoulty of Kendallville Doll representing George Washington in old rocker and doll standing has pierced earsnotice her hair dress.

The Anthony Nigo chapter invites you to view the display.

OBITUARY

Harley R. Regenos, 79, who esided on the north side of Yellow Creek, died of a heart attack at 6 p.m. Wednesday of last week. (His death was announced in our last issue but no details were available for publication).

Mr. Regenos, who had not been in ill health previously, had helped get some hogs off of ice earlier in the afternoon. On returning home, he went across the road to Shank's grocery store and as he came out, he dropped dead of a heart attack. Mr. Regenos was born in Kosciusko county on January 23 1883, the son of Jefferson and Mary (Warren) Regenos. He married Minnie Mattix on November 5, 1904. Mr. Regenos, a farmer and an insurance agent, was a member of the Fairview Evangelical United Brethren church, Mentone Masonic lodge and was a former member of the county council.

sons, Dean, of Pierceton, and Dale, of Orlando, Florida; two daughters, Mrs. Charles (Lucille) Outcelt, of Pierceton, and Mrs. Allen (Ilo) Swick, of Plymouth; one sister, Mrs. Nellie Valentine, of Claypool; six grandchildren and one great-grandchild.

Services were held Saturday at 1:30 p.m. in the Johns funofficiating. Burial was in the Oakwood cemetery at Warsaw.

Newcastle Resident Passes Away

Funeral services were conducted at 2 p.m. Friday in the Zimmerman Brothers funeral home at Rochester for John W. Masters, 73, R. R. 2, Rochester. Mr. Masters died Wednesday at 4:30 p.m. of a heart attack suffered at the Daulton Brothers service station. He was employed there on a part-time basis.

Rev. Philip Robinson of Orestes, Ind., officiated at the rites and hurial was in the IOOF cemetery.

A retired employee of the Studebaker corporation at South Bend, Mr. Masters had been in failing health for a year.

Born Oct. 6, 1888, in Kewanna, he was the son of John and Sarah Lucas Masters and had spent most of his life in this community. In 1936 he was married to Lucy Daulton, who died June 16, 1955. His second marriage was in 1955 to Margaret Heighway Jones, who survives.

Mr. Masters was a member of the First Christian church, the Manitou Moose and Eagles lodges and the VFW post.

Also surviving are one sister, Miss Ola Masters, Rochester; three stepdaughters, Mrs. Goldie Swain, South Bend; Mrs. Velma Vigus, Houston, Texas, and Miss Jeanette Jones, at home; and six stepsons, Ben, Dale, Glen and Wayne Daulton, all of Rochester; Joe Daulton, South Bend,

with turtle decoration.

Surviving are his wife; two

MENTONE NEWS INDIANA

COUNTERPOINT

By The Editor's Wife

That eon of time, when Col. John Glenn was leaving the launching pad Tuesday morning, was shared with Lisa and Tim in front of our TV.

One wonders whether ever before there has been a time when so many hearts were united in silent prayer for one individual

battered world globe so that we could follow the astronaut as he passed over the tracking stations. (Explaining the "day and night" business was somewhat awkward, as I used my one hand for the sun and revolved the globe with the other, leaving Colonel Glenn to take care of himself.)

Our martin bird house is delivered and all ready to perch atop its post, as soon as the post is installed. We hope to have it up and ready before the martin 'scout" is here on his house hunting trip north.

The March Readers Digest has a fine article for bird lovers. It tells what you can do to help bring back the bluebird and save it from extinction.

Note on Communism-

Unfortunately, some people try to resolve the problem by falling into the very error the communists are so careful to avoid. They concentrate on the negative rather than the positive. They are against communism without being for freedom. They are against ignorance without being for education. They are against sin without being for God.

It might be well for these persons to realize that Hitler was also against communism. However, what he stood for is the basis of history's judgment. By J. Edgar Hoover from Oct.

SERVICES FOR MRS. GROAT

Services were held Saturday at 2 p. m. in the Titus funeral home in Warsaw for Mrs. Ethel L. Groat, 51, of Route 3, War-saw, who died Thursday at 12:30 p. m. in the Murphy Medical

Warsaw area for the last 14

Survivors in addition to the husband include her mother; two daughters, Mrs. Bert (Alma) Ragan of Warsaw, and Mrs. Richard (Eva) Engle of Winona Lake: two sons, Robert E. Groat of Winona Lake, and John Allen Groat at home, and two sisters, Mrs. Joseph (Dorothy) Sturm of Williamsburg, Pa., and Mrs. Moran (Alice) Dyer of Ottumwa, Ia.

Rev. Arden Reed, pastor of the Winona Lake Free Methodist church officiated. Burial was in Oakwood cemetery at Warsaw. The husband worked as a

pressman at the Country Print Shop for a couple of years and the past few months had been helping as an extra on the night shift here.

HIGHWAY TOO SLICK

Mrs. Jerry Hudson and her 3½ year old son had a rather harrowing experience Sunday morning at the first turn going into Palestine on Road 25. Her auto slid on the icy pavement, came in contact with a guard rail and then proceeded to turn over on its side, just off the highway. Mrs. Hudson suffered a bruised lip and leg, and young Darrel came off with a cut on his forehead and a friction burn on his face.

NEW ARRIVALS

A son, Kenneth Chauncey, was born to Mr. and Mrs. Roger Goodman Feb. 17 at the Wood lawn hospital at Rochester. He weighed seven pounds, 141/2 ounces. Grandparents are Mrs Mildred Goodman and Mr. and Mrs. Vernon Miller.

A daughter, Rebecca Danielle was born to Mr. and Mrs. Harold Fisher at the Woodlawn hospital Feb. 17th. She weighed eight pounds, nine ounces. Mrs. Fisher was art instructor at the Mentone school last year.

Marie Coleman returned Wednesday after spending several days in Florida.

FFA SENIORS **RECEIVE SWEATERS**

The Mentone FFA started a point system this year in the local unit. A boy in FFA who participates in the FFA activities and vocational agriculture activities receives points for his participation. A certain number of points is required for a boy to earn a sweater in his senior year. The sweaters are school sweaters with the letters FFA stamped over the M.

This year, which is the first in which sweaters have been given, five senior boys received them. They were Jerry Black-burn, Doyle Eiler, Jim Mikel, Fred Horn and Gary Harmon.

TOURNEY ON

The sectional tourney started at Columbia City this evening, and in the first game South Whitley defeated Etna Green 53 to 50. In the second game North Webster won over Sidney 79 to 42 Warsaw and Pierceton were playing as we went to press. Mentone's first game will be

Friday afternoon at 1:30.

LEG AMPUTATED

Mrs. Vern Friesner of Osceola is in the Osteopathic hospital at South Bend where she had a leg amputated. She was form-Anna McPherson of Aterly wood and also a sister-in-law of Arlo Friesner.

CALENDAR

The monthly meeting of the Mentone Reading club to be held on March 7 has been cancelled.

The Friendly Neighbors Demonstration club will meet Thursday, March 1st, at the home of Marie Deaton. Please note change of meeting place.

MRS. DORA **RUSSELL DIES**

Mrs. Dora Russell, 86, of Men-Military rites were conducted tone, died at 4 p. m. Thursday in the Miller nursing home at Wednesday afternoon in Los Augeles, California for Clark Chap-Rochester. In failing health for man, 81, Spanish-American War 10 years, she had been critically veteran and a former resident ill due to complications for one

- - - - .

week Born in Burket Aug. 14, 1875 she was the daughter of Mr. and Mrs. Charles Taylor. In 1897 she married Charles Russell. They lived in Detroit 45 years, moving back to Mentone in 1955. Mr. Russell died in 1957. She was a member of the Mentone Church of Christ.

Survivors include two sons, Herschel of Clearwater, Florida and Taylor of Detroit; four grandchildren and nine greatgrandchildren. A daughter died in 1938

Funeral services were conducted at 2 p. m. Saturday at the Johns funeral home with Frank Binford, the Church of Christ minister, officiating. Burial was in the Sycamore cemetery southwest of here.

WITH THE SICK

Mrs. Chauncey Mollenhour underwent major surgery at the Murphy Medical Center Thursday. She hopes to be released the latter part of the week.

Mrs. Byron Nellans underwent surgery Wednesday at the Me-morial Clinic, 3202 No. Merid ian St., Indianapolis 8. She will be there until the end of the week

Mrs. Ralph Mollenhour was released from the Murphy Medical Center on Friday.

Mrs. Earl Carbiener was ad mitted to the Woodlawn hospital on Friday for treatment.

Lloyd Rickel is very ill at his home.

Mrs. Betty Lentz of Springfield, Va., arrived Wednesday to visit her mother, Mrs. Edith Scott, who is in the Murphy Medical Center after suffering a heart Wednesday evening of attack last week. She is in oxygen and is considered serious.

Mrs. Rex Yazel is in the Memorial Hospital in South Bend where she underwent minor surgery Monday. She hopes to be permitted to return home this week end.

Mrs. Zanna Hammer has been confined to her home on account of illness.

Mr. and Mrs. F. L. Thompson from Georgeton, Ontario, Can., are visiting with Mrs. Lewis Pullling.

and purpose. Later, I brought in the old

Center. Mrs. Groat had lived in the

years, having moved there from McPherson, Kansas. She was born Oct. 22, 1910, in Garrison, Iowa, and was married to John Groat Dec. 5, 1930.

DAR Meets At Methodist Church

The Anthony Nigo Chapter, Daughters of the American Revolution, met at the Methodist Church February 13, with Mrs. Garwin Eaton and Mrs. Merlyn Holt as hostesses. "The regent, Mrs. Fred Surguy, presided and conducted the ritualistic opening. Mrs. Kenneth Leiter, secretary, read her report and Mrs. Paul Shireman, treasurer, gave her report.

Mrs. Frank Smith gave a report concerning the appearance of Herbert Philbrick of "I Led Three Lives" fame in Mentone at the gymnasium. The date has been confirmed as May 1. His subject will be "How To Combat Communism" and tickets will be \$1. This project will be sponsored by the American Legion, the American Legion Auxiliary, the Psi Iota Xi Sorority, the Lions Club and the DAR. Mrs. Smith also reported that plans are in progress for the construction of a rack to be placed in the Mentone public library which will contain material relative to the study of anti-communism.

Mrs. Surguy appointed two committees to serve for the Philbrick Freedom night, May 1: Tickets, Mrs. Wayne Smalley and Mrs. Charles Tucker, advertising, Mrs. Dale Cook and Mrs. Glenn Clauss.

Mrs. Surguy read an invitation from Mrs. E. V. Herendeen, regent of Manitau Chapter of Rochester, to a luncheon March 12. Mrs. Fred Schlemmer, Bremen, state chairman of National Defense, will be the speaker.

Mrs. Dale Cook, National Defense chairman of the chapter, gave an article entitled "In God We Trust," in which she stated that the United States supreme court will consider whether it is constitutional for public schools in New York to recite the fol-lowing prayer: "Almighty God, we acknowledge our dependence upon Thee, and we beg Thy blessings upon us, our parents, our teachers, and our country." Parents of nine children in four schools in New Hyde Park, New York, contend that saying this

prayer is a violation of the principle of separation of church and state. For the first time, the supreme court will try to answer this question which is considered to be most controversial. Those who believe that this prayer offends their concept of the church-state relation must be equally appalled at the prospect of reading the opening and closing paragraphs of the Declaration of Independence. They must be unable to recite the pledge of allegiance. Handling coins and bills must be a source of constant personal irritation. It is doubtful that those who object to this simple prayer want to abolish the Declaration of Independence or wipe out a currency which carries the words "In God We Trust." Mrs. Cook stated that "It is difficult to see how any child can be seriously harmed by a brief prayer of the kind used in New York."

Mrs. Frank Smith was elected delegate and Mrs. Ray Linn alternate to the Continental Congres of the DAR to convene in

Washington, D. C. April 16. Mrs. Walter Lackey, a member of the chapter, reviewed the book by John Noble, "I Found God In Soviet Russia." Mr. Noble is an American citizen, born in Detroit. In 1938, with his parents, he went to Dresden, Germany on a visit. The next year his family was caught by the be ginning of war and held under house arrest by the Nazis for four years. When Russian troops occupied Dresden, John Noble and his father were imprisoned. The next ten years he was a prisoner of the Communists, the last five as a slave laborer in Siberia. Yet he was an American citizen and had committed no crime. He believes that Russia has tried to outlaw God but has failed, at least among the common people who long for the spiritual truths which have been denied them. Mr. Noble asserts: Yes God is in Russia. No nation can keep God out, even with an iron curtain."

Mrs. E. W. Igo gave a short review of "Women Who Believ-ed In Lincoln." Nancy Hanks, his mother, married to Thomas Lincoln, remarked that at the

age of nine Abraham Lincoln was a great thinker and kind of quiet in his way. At this age his mother died and his father's

second wife was Sarah Bush Johnston who saw very soon that Abraham was something special. He wanted to learn more-to know everything-he read everything. Next came Ann Rutledge, a sympathetic friend who died in her youth. Mary Todd, wife of Abraham Lincoln, who was called the woman Lincoln suffered with-and over Finally, Elizabeth Keckley who resided at the White House serving as a seamstress, housekeeper and a companion to Mrs. Lincoln. She made the Inaugural Ball gown for Mrs. Lincoln. Mrs. Earl Davis, Mrs. Mary Cox, and Miss Nancy Shively were welcomed as new members. The hostesses served delicious refreshments and the meeting was adjourned to meet in March with Mrs. Ferd Koenig of Etna Green.

QUALIFIES AS TOP MARKSMAN

PFC William A. Lent, son of Mr. and Mrs. Gordon L. Lent, Route 1, Tippecanoe, recently achieved recognition as a top Army marksman by qualifying for the expert marksmanship badge during range firing with the Army's new M-14 rifle in Budingen, Germany.

The M-14 will replace the M-1 rifle, carbine, Browning automatic rifle and M-3 submachine gun. It packs the fire power of a light machine gun can be fired both automatically and semi-automatically and fires the standard 7.62 millimeter NATO cartridge.

A wireman in the 83rd Artillery's Battery B in Budingen, Lent entered the Army in August of 1960, completed basic training at Fort Leonard Wood, Missouri, and arrived overseas last February.

The 21-year-old soldier attended Tippecanoe high school and was employed at Nellan's Poul try plant in Mentone before entering the Army.

When it's Lumber-Call our Number-Co-Op. Building Dept. Beaver Dam Agri. **4-H Meeting**

The Beaver Dam Agricultural 4-H club met at the Beaver Dam high school on February 12.

The meeting was called to order by the president, Darrell Valentine at 7:30 p.m. The pledge to the American flag was led by David Cumberland and the pledge to the 4-H flag was led by Sharon Harrold. Devotions were read by Dick Harrold. The secretary's report was given by Betty Smith. The treasurer's report was given by Dick Sittler.

A very fine report was given by Lyle Welty and David Norris on a recent trip they had taken to the Junior Corn Growers Jamboree at Purdue.

Three very interesting films were presented by Wayne Parker on Harvestore Beef.

Chicken Recipe Prize Contest

A complete electric kitchen, custom designed by Westinghouse designers, will be awarded the nation's champion cook for 1962 at the 15th Annual National Chicken Cooking Contest to be held at Harrington, Delaware, June 14-16.

The contest is sponsored by the Poultry and Egg National Board of Chicago, and Delmarva Poultry Industry, Inc. of Georgetown, Delaware. In Indiana the Indiana State Poultry Association is cooperating. The contest opened on February 1 and closes at midnight, March 17. Both men and women may compete in the three divisions of the contest but only the senior division winner, over 18 years of age, is eligible for the grand prize kitchen. First prize for the teenage winner of the junior divi-sion-ages 10 to 18-will be a Westinghouse portable stereo phonograph plus a deluxe kitchen range.

Anyone who loves to cook, except professional cooks and economists, may enter, home but finalists may compete in only one division of the contest. Recipes will be scored on originality, simplicity and ease of preparation, completeness of directions, suitability of recipe for young broiler-fryers, and taste and appearance of the finished dish

Get your favorite chicken recipe ready now and send in your entry. Entry blanks will be available through the Indiana State Poultry Association, Poultry Science Building, Purdue University, Lafayette, Indiana; or by writing direct, including a self-addressed, stamped envelope, to Poultry and Egg National Board, Dept. NCCC, 8 South Michigan Avenue, Chicago 3, Illinois.

All recipes submitted by Indiana contestants will be judged by a panel of trained home economists and their decisions will be final in selecting the Indiana winners.

ENGAGED

Mr. and Mrs. Lester Blackburn, Route 5, Warsaw, have announced the engagement of their daughter, Linda Lou, to Kenyon K. Jones, son of Mr. and Mrs. Mervin Jones of Mentone.

A graduate of Mentone high school and Ravens-Craft Beauty college, the bride-elect is employed by the Silhouette Beauty Shop in Culver. Her fiance, also a graduate of Mentone high school, is engaged in farming. No date has been set for the wedding.

1962 CHEVROLET JOBMASTER TRUCKS built better...work longer!

When Chevrolet builds a truck, it builds a quality truck. This policy makes sense. Chevrolet trucks work a long time . . . cost less than many other makes to operate and maintain over the years . . . consistently bring a higher trade-in price . . . and, as a result, are bought by more people.

We invite you to come in and

Note how this Chevrolet cab roof is made of two sheets of metal, instead

one, with a layer of It in between as insu-

lation against cold,

A Chevrolet truck tail-Chevrous te is sturdier becaus it has double-wall con-struction and strong steel chains in tough rubber casing to sup port it.

examine this quality closely and

to take a 1962 demonstrator out

for a good long test drive. Note

the cab comfort, the good visi-

bility, the smooth ride, the solid

feel of its quality. Compare Chev-

rolet truck features with those

of other makes. Then decide which

are your wisest investment. We're

sure it will be Chevrolet's.

FEB. 21, 1962 -BETTER FARMING, **BETTER LIVING**

The Kosciusko County Better Farm and Better Living families met for dinner and an experience exchange program on Tuesday, February 13th at the Westminister Hotel, Winona Lake. Frank H. Miller, Better Farming and Better Living Agent, reports 87 people were in attendance including a good number of non-enrolled persons interested in this phase of the County Extension program.

The program after dinner presented four families who gave their impressions of what the Better Farming-Better Living program has meant to them, and the guest speaker was Hollys Moon, legislative coordin-ator for the Farm Bureau organ ization at the state level.

Three of the Better Farming -Better Living speakers were recently chosen Kosciusko Coun "Outstanding Young Farmtv ers"-Dale Mikel, Milford; Lee Norris, Mentone; and, Allen Sharkey, Etna Green. In his statement to the group, Lee Nor-ris pointed out, "The first thing we do is set down the methods of achieving that goal and you start to work on it. Goals are not all financial. We have other goals—family goals—such as, training of the children, recognizing spiritual goals. I feel that Better Farming-Better Living has been a great value to us as a family."

I've had a lot of technical help-laying out contours, high moisture corn storage, laying out a system for using corn

NEW MEMBERS-Shown above, left to right, are Mesdames Terry Utter, Robert Ross, Wade Powell, Royal Baum and Archie Lectrone, who were recently chosen as new members in the Leckrone, who were recently c Psi Iota Xi Sorority at Mentone.

silage for my cattle. Doris Vining (Mrs. Lowell Vining), Etna Green, presented the reactions of the homemaker to the group and had this to say, 'Better Farming-Better Living has helped me, a city girl, to realize the opportunities in farming and the high standard of living that can be obtained through proper management."

"After keeping household accounts, I was shocked at the amount of money I had handled and how the money was spent. This has helped me and my husband to have a better understanding of household expenses." "I feel the professional help

that is available to us through this group is proving to help us to reach our goals in a more satisfactory way."

Hollys Moon rounded out the program by presenting some thought provoking ideas on the citizens responsibilities toward legislative processes and urging more study and active partici-pation in our state and national governmental activities.

Master of ceremonies, Cletus Griffith, who is chaiman of the County Better Farming-Better Living committee, expressed the hope that this kind of program would become an annual event for the families.

The Kosciusko County Better

NOTICE OF THE REGULAR ANNUAL MEETING OF THE STOCKHOLDERS OF THE NORTHERN INDIANA COOPERATIVE ASSOCIATION

You are hereby notified that the regular annual meeting of the stockholders of Northern Indiana Cooperative Association will be held at 7:30 o'clock p. m., C. D. T. on Monday, March 5, 1962, in the Harrison Township High School Building, in the Town of Mentone, Indiana, at which meeting will be received the reports of the business of the association for the year ending December 31, 1961 and for (a) the purpose of electing two directors for a term of three years to fill the vacancies caused by the expiring terms of Gerald Ballenger and Ernest Harrold; (b) for the distribution of dividends, and (c) for the transaction of any other business that may rightfully come before said meeting.

All holders of Class A (common voting) stock are urged to come and take part in this meeting.

The foregoing constitutes legal notice to stockholders as provided by law and the by-laws of the association.

gram has 82 families enrolled to date. This includes the new enrollment for 1962 of 18 families. These new families were not present at this swapping experiences program.

NATIONAL FFA WEEK **NOW IN PROGRESS**

Future Farmers of America members throughout the nation are scheduling special activities to focus public attention on the work of their organization during National FFA Week, Feb. 17-24

"Honoring Rural Opportunities and Responsibilities" is this year's FFA Week theme. The farm boys will undertake a campaign to inform the general public about the importance of the agricultural industry to America, and of the numerous and wide variety of opportunities that exist in this field for young men who have a background of farm experience and training.

Locally the Mentone FFA chapter handed out the senior FFA sweaters and attended the

Farming-Better Living pro- Purdue-Notre Dame basketball game at Fort Wayne on Monday night.

> Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The organization's activities are designed to help develop rural leadership and good citizenship, and to stimulate the boys to better achievement in their study and work toward successful establishment in farming or other agricultural occupations.

Officers of the Mentone FFA are: Doyle Eiler, president; Gary Harmon, vice president; Gale Nellans, secretary; Larry Eiler, treasurer; James Mikel, reporter, and Jerry Blackburn, sentinel.

Morris Bitzer, vocational agriculture instructor in Mentone high school, serves as advisor of the FFA chapter.

The national FFA has 378,000 members, with 9,000 local chapters in the 50 states and Puerto Rico. Membership in Indiana is right at ten thousand.

The FFA motto is learning to do, doing to learn, learning to live, and living to serve.

As the farm has been sold I am quitting farming and will sell at Public Auction the following described property at farm located 1 mile south and 1 mile east of Burket then south second farm or 3 miles west of Claypool overhead bridge to road 600 W then orth 1/2 mile on

Appeal For More Conservation Officers

The following letter is address ed to conservation clubs and all civic minded groups. It reads:

The Indiana Conservation Council, at a meeting Feb. 16, discussed and decided to ask your help in bringing to the attention of local conservation - minded citiens the serious shortage of high ly trained conservation officers in our area. We need your help to draw attention to this need and to let our State Governor know that the common man in Kosciusko county is interested in his woods, wildlife, waters and their uses.

Do you know that Kosciusko county has the largest number of lakes of any county in Indiana?

Do you know that twice in the last five years the Tippecanoe river has been written up in the Chicago Tribune as a worthwhile week end vacation spot?

Do you know that every year more motorboats are registered and that they are larger and faster?

Do you know that thousands of dollars are spent regularly in our county by the visitors who come to enjoy our many lakes and streams, many using our public fishing sites?

Do you know that the num ber of fishing licenses purchased is on the decrease?

And last but not least-even though we have hundreds of miles of shore line—hundreds of acres of hunting land - the conservation department has decided against the wishes of your Indiana Conservation Council and reduced the number of conservation officers to only two men for this area.

These two men must not only see that our conservation laws are respected but spend time in education to our children and others on the needs of conserva tion.

We of the Indiana Conserva tion Council believe that the Most of your house plants benefit from all the sunlight you can give them during the squeaky-wheel gets the grease and unless our representatives in the State House hear from winter, say horticulturists at Purdue University. African Viothis area nothing will be done to correct a bad situation. We feel the minimum for Kosciusko

More rice is grown in the world than wheat. And rice consumption is increasing for a number of reasons, points out Dr. Raymond E. Crist of the University of Florida. Rice can be grown on poorer land than other crops, as witness Cuba where soils previously thought too poor to cultivate have been producing rice in abundance for more than a decade. Few pests and serious diseases bother rice, Dr. Crist says. The grain is a concentrated form of inexpensive calories that keeps well and can easily be shipped. Rice is the staff of life for more than a billion people, many of course in the Orient. But even in the U.S.-not considered a rice-eating country-annual production has tripled in the last 20 years, to nearly three million tons.

Part time sports activity is a possibility for youths with a chronic or acute physical condition, says Dr. Herbert E. Griswold Jr. of Portland, Oregon. Dr. Griswold urges team physicians and coaches to seek out these boys and make them into specialists such as pinch hitters in baseball or punters and place kickers in football.

Life processes in individual cells are being slowed down by University of Chicago scientists. Like a slow motion movie, the technique permits a more penetrating look at the action of the vital processes.

Caverns are proving to be economical "vessels" for the storage of gases. So economical, in fact, that one large oil company dug the largest cave in history to be hewn out of solid granite. But before propane gas could be stored in the huge 2.2 million cubic foot under ground receptacle in Pennsyl vania, the atmosphere had to be made safe. To remove explosion hazard, Cardox pumped in 112 tons of carbon dioxide, displacing enough of the air so that the propane could be safely injected. This is believed to be the world's largest "purging" iob.

gery in the tropics is promised with a new balloon technique

developed at the Stanford University School of Medicine. A balloon of transparent plastic is fastened to the patient's skin with sterile glue. The surgeon slips his arms through the sides of the inflated bag to do the operation.

That unnerving spectacle, a small boy with violin, soon may be less of a trial to captive audiences if a University of Nebraska project meets with success. It's the use of multiple-exposure, high speed photographs to show Johnny exactly what happens when the instrument is played correctly. Texts illustrated by the photos will help, the school says, though they won't turn a tin ear to gold.

Undergraduates at Harvard University eat more than graduate students-3,300 calories a day compared to 2,900. Members of the Harvard football team put it away at the rate of 4,100 calories a day, the school reports. But that's not too much when you compare it to the food intake of a Connecticut football squad in 1890-5,700 calories a day. The Hope Diamond, one of

the most famous of all gems, was cut from a larger stone, the Blue Tavernier, named after the French jewel merchant who brought it to France from the East in the middle of the 17th century and sold it to the king of France. It was later cut up. The Hope Diamond is now at the Smithsonian Institution.

Longest paved road anywhere will be the Trans-Canada High-way when it is completed in 1963. It will stretch 5,000 miles from Newfoundland to the Pacific. Cost: over \$1 billion.

Eighteen teetotalers protect the whiskey at a distillery in Scotland. They're geese who quack into action when an intruder appears. Human assistants do the rest.

Don't copy your neighbor's landscape, advise Purdue Uni-versity horticulturists. It may not be too good a plan. Or, even if it is good, it's not tailor-made for your house or your family.

Since every fabric has to be cleaned sometime, unless it is discarded, Purdue University clothing specialists advise considering the care needed by the accessories you buy. Keep the hang tags and inquire about special finishes, fiber, fabric content and washability.

COUNTERPOINT, Continued

or know what it is used for (Which reminds me that I saw a black shoe button on a small triangle of leather in my button box recently.)

Consumers Oath No. 7 Charles V. Neal, Jr.

My transportation shall first be functional, then respectable, then convenient, but above all, it shall be within my means. I shall dress as the times dictate, on because they're not mine.' for I shall find better methods to be different.

Hadyn Pearson has this to say. "When cold grips the land and snow lies deep on open fields and in shadowed woodlands, it is easy to overlook the beauty that SEE IT IN THE CLASSIFIEDS! February brings.

If a soft, moist snow drops to

earth, the limbs of trees, fence posts and silos wear white caps and mufflers, and the evergreens are dressed in formal ermine. There are dry, windy, cold days when brittle snow particles swirl and dance over the fields and perform intricate ballets."

For parents of students headed for college-No. 5.

Help him to realize that he must do the best work he is capable of. A good high school had a chance to be soaked after record is of immeasurable value in seeking admission to college, and admissions officers take a dim view of loafers-even brilliant ones. Emphasize, however, that although grades definitely matter, learning is the really important thing, and that learning should be an exciting, lifelong adventure.

We enjoyed this-

'The second - grade teacher strained to help a pupil don his galoshes. After five minutes of grunting and struggling, the boy panted, "They were hard to get In despair, the teacher struggled to get them off again. Just as soon as they were off, the boy said, "They're my brother's, but I wear them because I don't have any."

BUY - SELL - RENT - REPAIR ADVERTISE! IT PAYS!

FARMERS SHOULD TEST SEED OATS

The germination of oats seed may have in some cases been damaged last summer by the delayed harvest and high humidity and heavy rains says Donald E. Frantz, County Agri-

cultural Agent. Home produced seed oats should have a germination test especially if they maturity last summer.

Samples going to the state seed laboratory should be sent as soon as possible. One pint of oats is a satisfactory a count. Envelopes and report forms for mailing are available at the County Extension office, Courthouse, Warsaw.

Oats should germinate at least 90 per cent, says Mr. Frantz, Oats are seeded in cold soil and seed weaker than that lacks vigor and will result in a poor stand.

REGISTRATION OF BEE OWNERS

Owners of honey-bees are required by law to have them registered for the purpose of inspection with the state entomologists department. This is an annual registration according to Donald E. Frantz, County Agricultural Agent. The purpose of the inspection is to locate and control diseases.

Registration forms have been sent to all who were inspected last year and additional copies are available at the County Agricultural Extension office.

Annuals Make Easy Flower Garden

For a quick, easy flower garden, choose annuals, say Purdue University Horticulturists.

You can grow annuals in the flower box, in a special cutting bed in the vegetable garden or as replacements for spring bulbs. Probably the most popular area, however, is the flow er border.

A good place for the flower border is along the back side of your yard. There's more privacy in the back yard than in the front yard; if you plant it to the side, the border won't cut up the recreation area or make your lawn mowing difficult. If you can, place the border in front of a fence or wall for a good background.

Plenty of sunshine will help too. An area in which the soil is fertile and well drained and free from tree roots is favored. Place the tall flowers to the back, medium ones in the middle and the low growing ones to the front. Be sure to choose harmonious colors too. And plan for mass effect. That is, don't have too many different kinds of flowers in the border.

Mr. and Mrs. Eugene Worsham and two sons of Warsaw had Sunday dinner at the Artley D. Cullum home.

TO OBSERVE 50th ANNIVERSARY

Mr. and Mrs. Glen Cole, shown above, will observe their golden wedding anniversary on Sunday, Feb. 25 in the dining room at the IOOF lodge hall in Tippecanoe, with open house and reception from 2 p.m. until 4 p.m.

The couple was married Feb 28, 1912, at the home of her parents, Mr. and Mrs. I. N. Jones, at R. R. 1, Tippecanoe. The Rev. Krouse of Akron officiated. They lived at Roanoke for six years before returning to Marshall county where they now reside.

They had two daughters, Miss Doris Cole of South Bend, and Doreatha E. who died Sept. 30, 1916 at the age of 31/2 years. No invitations are being sent.

All friends and relatives are cordially invited to attend.

MEETING OF ZONING APPEALS BOARD

A zoning board of appeals meeting will be held at the town hall Feb. 27 at 7:30 p. m. Lee Borders is applying for a special exceptions permit.

Mentone Going To Regional

In a tremendous game played at Columbia City Saturday evening, the Mentone basketball team won the right to represent this area in the regional baskethall tournament at Elkhart Saturday as they defeated a determined and confident Warsaw team 65 to 61.

Warsaw led off the scoring in the game, and the lead changed from team to team many times throughout the contest. Seldom was there a time when either team had over a two or three point lead, with the first quarter ending 15 to 14 with Mentone ahead.

Mentone encountered serious foul trouble early in the game as the refereeing was close even though most fans conceded that no partiality was indicated at any point. Newcomb was the first to leave the game because of personals, but Long and Nellans were in dangerous territory. Jon was the first to leave the game because of fouls, but with Long and Nellans playing with four fouls, Warsaw went into a fourpoint lead and Mentone's spirits were not too good. Especially when some of our consistentlyaccurate foul shooters came up with misses. Warsaw's Johnson came up with his fifth foul and Mentone's Nellans went to the bench with his fifth. Warsaw's Metzger became the fourth man in the game with five, and from that point on the "bench" boys showed that they could also play basketball. Jerry Blackburn was the sensation in the latter part of the game, not only by his floor work but managed to pick up 13 points more to keep Mentone out ahead. In the final min-(Continued on back page)

FORMER RESIDENT DIES IN ACCIDENT Word was received in Mentone

Tuesday morning that a former Mentone businessman, John Boggs, was killed at seven a. m. that morning in an auto accident.

Mr. Boggs died in a two-car crash on Ind. 427, a mile south of the Allen-DeKalb county line. near Auburn. An auto driven by Mrs. Erma Prough, 49, Hamilton, Ohio, skidded on the icy pave-ment, went over the edge of the highway and swerved back onto the pavement and into the Boggs auto, Mr. Boggs died immediately and Mrs. Prough was taken to an Auburn hospital with internal injuries and severe lacerations

Mr. Boggs was on his way to work at the L. G. Maxton Sales Corporation in Angola.

Mr. Boggs, aged 52, operated the Chevrolet agency in Mentone for a number of years and moved to Huntertown seven years ago. He was born in Warsaw on June 18, 1909, the son of Mr. and Mrs. Andrew H. Boggs. He was a member of the Huntertown Methodist church and the American Legion. He was a veteran of World War II and a Lt.-Colonel in the Air Force Re erves

Survivors are the wife, Grace E.; a daughter, Patricia, at home; one son, John M., in the Army at Fort Sam Hous-U. S. ton, Tex.; his parents, Mr. and Mrs. Andrew H. Boggs, Warsaw; two brothers, Alton Boggs of Warsaw, and Ralph Boggs of R. 2. Claypool, and one sister, Mrs. Beulah Gall, Claypool.

Funeral services will be held at 1:00 p. m. Friday in the D. O. McComb & Sons funeral home at Fort Wayne with Rev. Robert Jackson officiating. Burial G. will be in the Pleasant Grove cemetery, southeast of Warsaw Military rites will be held there at 3:30.

ADULT FARMERS TO VISIT GRAIN TERMINAL

The Mentone Adult Farmer Class will make their annual trip to a place of agricultural interest Tuesday, March 6.

This year the farmers are go ing to the Anderson Grain Terminal at Maumee, Ohio. The group will leave the schoolhouse at 7:00 a. m. and return about 5:30 p. m. If you are interested in going just be there by 7:00 a. m.

If you have any questions, contact Morris Bitzer, vocational agriculture instructor.

COUNTERPOINT By The Editor's Wife

You have read statistics, but one is always interested in WHERE and HOW the money one contributes is used. That is why we are giving you the following figures.

'Heart Sunday" in 1961, about 37 cents went for research, 10 cents for professional education, 13 cents for community service. 14 cents for public education, and 25 cents for fund raising, organization and development. and administrative purposes.

We are interested in the de cision of the planning group which is to decide "how much?" and "what?" shall be done in the way of landscaping around the Courthouse at Rochester. In our opinion, even a small planting will do much to relieve the bleak, forlorn appearance. Small trees will soon become large trees, and will add grace and beauty while maturing.

We want to add our Congratulations to the Mentone basket-ball team, Coach Bateman, the Cheerleaders and the fans. From reports we've heard, people were impressed with our good sportsmanship, both on the bleachers and the playing floor the and we're doubly proud.

During the heavy snowstorm last week, Lloyd Bowerman saw a robin in their yard. One thinks of such trite expressions as "Silly bird!", "Eager beaver", etc., but one would still like to know why this little bird was so mixed up.

In my south window I have the nucleus of a crystal collection-a candlestick holder, six saltcellars, and a miniature sugar bowl (A gift from Tim and Lisa.). One enjoys holding these small treasures in the hand, but I find particular joy in watching the sunlight glimmer and reflect the lovely rainbow colors as it dances through the small designs and patterns. My love for crystal goes back many years to when my grandmother showed me the magical beauty to be seen through a prism from an old hanging lamp

As I watched Tim and Lisa in their efforts at making a snowman—rolling, pushing, straining, tugging-to get the large snow ball in place, the thought came (Continued on back page)

MACE HOLLOWAY BURIED MONDAY

Mace Allen Holloway, 72, of Burket, died of complications Saturday at 5 a.m. in the Prairie

View nursing home in Warsaw Mr. Holloway, a lifetime resi-dent of Kosciusko county, was born near Burket on June 19, 1889. He married Ida Mathews on March 9, 1915. She died on June 11, 1945. He was a member of the Burket Evangelical United Brethren church.

Surviving are three sons, Arden, of Bedford, and Charles and Nelson, both of Burket; four daughters, Mrs. Earl (Margaret) Waldron, of Rochester, Mrs. Rodger (Mary) Phillips, of Warsaw, Mrs. Robert (Gerry) Hawley, of Warsaw, and Mrs. Clayton (Marilyn) Hall, of Wabash; two sisters, Mrs. Mary Thompson, of Rochester, and Mrs. Don Foltz, of Nappanee four brothers, Glen Holloway, of Mentone, Charles Holloway, of Phoenix, Arizona, Elmer Holloway, of Warsaw, and Hobart Holloway, of Burket. He also leaves 15 grandchildren and three great-grandchildren.

Funeral services were held Monday at 2 p.m. in the Burket EUB church with the Johns funeral home in charge. Burial was in the Palestine cemetery.

With Mrs. Davis

Mothers of World War II met the home of Myrtle Davis for their monthly meeting.

The alter was prepared by the sergeant-of-arms, Dora Whetstone. Pledge to the flag, one verse of "Star Spangle Banner" and a prayer by the chaplain, Emma Cook, were next on the agenda. Roll call was answered by reading verses on valentine cards. There were twelve members and two guests present. Communications were read and discussed. Ethel Whetstone and Myrtle Davis are voting delegates to the district convention held February 27 at Logansport.

The meeting was closed by repeating the mother's creed, singing "God Bless America" and a prayer by the chaplain and retiring the colors.

CARD OF THANKS

We wish to extend a sincere "Thank You" to all our friends and neighbors for their cards, memorials and their expressions of sympathy at the time of the passing of our beloved husband and father, Harley R. Regenos. We are truly grateful. MRS. HARLEY REGENOS

DALE REGENOS, DEAN REGENOS Mr. & Mrs. CHARLES OUTCELT Mr. & Mrs. ALLEN SWICK

National FFA officers (there are six) travel extensively. During his year's term of office each officer will travel 50,000 miles or more, and spend about two-thirds of his time working in the interest of the FFA.

LETTER TO THE EDITOR

Lest We Forget, Lest We Destroy

The three military men, Glenn, Shepperd and Grissom are being praised, and I am sure, entitled to all the appreciation given them by federal authorities and civilians for service rendered beyond the call of duty in space exploration.

Let us remember Sgt Alvin York, W. W. I; Gen. Billy Mitchell, W. W. I, court martialed. He was a great officer and fine gentleman; had the pleasure of meeting him. Gen. MacArthur was not permitted to win a war against Communism in Korea. He was relieved of his command. Let us remember Charles Lindbergh and his memorable flight alone across the ocean blue to France. Captain Edward V. Rickenbacker, the American ace of aces in W. W. I had just a captain's rating for his valiant service. The captain was a wonderful person and a gentleman. I know from personal experience and association. These were all men of courage, honor and integrity. An example of what ruthless politicians do as a means of satisfying their ego against those who dare disagree. Trust the three astronauts will

fare better and not be forgotten so easily by the government they served.

W. E. FOWLER.

THANK YOU

I wish to take this opportunity to thank each and every business establishment in and around Mentone for their generous contributions for the purpose of purchasing some radio equip-ment for the police station, and first aid equipment for the police car. Our goal was reached, and the equipment will be installed and in use very shortly. Your help was greatly appreciated. GENE NORTON,

Chief of Police, Mentone Police Department

Women Meet

Farm women filled the Murat Theatre at Indianapolis Feb-ruary 20 for a two-day conference of the distaff members of the Indiana Farm Bureau. Always a popular event, this one proved again the loyalty of these 2,000 or more to their organi-

zation Addressing the conference on the opening day was Mrs. Guy E. Gross, Churubusco, state director of the IFB Women's Department, who based her remarks on the Biblical legend wherein Christ asked Peter 'Whither goest thou?" She did not speak of sentimental things within the home, but of major issues facing our nation.

Governor Matthew E. Welsh reported to the conference on the steps being taken in state government to rehabilitate young offenders and to provide camps where incipient troublemakers may be helped to useful lives. Glenn W. Sample, vice president of the IFB, detailed the provisions of some extreme farm measures now before Congress and asked the women to "take pen in hand" to protest passage.

Allan B. Kline of Western Springs, Illinois, former presi-dent of the American Farm Bureau Federation and holder of numerous national posts of responsibility, gave the evening address Tuesday at which time he stated that any society, whether tribal or sophisticated, has its moral principles. "Mobs (usually wrong) overwhelm forces supporting those principles" Kline defended the competitive economic system "where the consumer is boss. This system has worked very well. Our economic success doesn't prove we have the whole truth, but it make a soft, silk-like fabric. means we are approaching it." Mercerized means a physi

Public speaking contestants, eight in number, vied on the conference platform Tuesday afternoon. The three top winners were in this order, Mrs. Ora

LEES

Revere Elliott, Marion. Reed M. Stewart, student

pastor, Terre Haute, sounded a eremiad when he appeared before the Wednesday morning session. "The recovery of our moral courage is equally as vit-al as reaching the moon," he proclaimed. He chronicled the increasing divorce rate, excessive use of alcohol, and juvenile deliquency. "Unable to face the realities of space-age living, we seek tranquilizers from a bottle," said Stewart. Miss Lois Etzold, Fort Wayne, lecturer on fashion and charm, sent the women home with a grim determination to do something about those extra pounds.

Textile Terms Are Explained

With the variety of fabrics nd finishes on the market today, women need to read and understand fabric labels to know what they are getting, asserts Lottie E. Sumner, Purdue University clothing specialist.

Some terms that appear reg ularly on labels may be confus-ing. When the words staple or spun fibers appear it means the fabric is made of many short fibers, measureable in inches, and fiber ends may appear on the surface of the fabric. Muslin is an example.

The term filament means long fibers, measureable by the yard, have been used. These fibers are smooth and silky looking as in satin or taffeta.

Combed means the fibers have actually been combed parallel to each other in the making of the yarn. These yarns are smooth and lustrous as in batiste or organdy.

Pima and Egyptian are types of long cotton fibers and usually

Mercerized means a physical or chemical process has been used to render cotton softer, more lustrous and absorbent.

In wool fabrics, woolen dewere in this order, Mrs. Ora notes short fibers and may ap-Callahan, Greenfield; Mrs. Phil-

lip Warner, Goshen; and Mrs. tweed. Worsted means long fibers that are smoother-such as those used in gaberdine.

The trade names of finishes are important, observes the specialist. Sanforized cotton fabrics mean the shrinkage is guaranteed not to exceed one per cent. Rigmel is a guaranteed shrinkage used on cotton and linen. Redmanize is a controlled shrinkage for cotton or wool knitted fabrics. London-shrunk means the wool has been satisfactorily shrunk but is not guaranteed against furthen shrinkage.

Oil Wooden Chopping Blocks

Beautiful chopping blocks or wooden planks for serving steak can be finished at home, according to Ezelle Johnson, Purdue University home furnishings spe cialist.

Three types of oil or fat are suggested for finishing. Animal fat, mineral oil and boiled linsee oil all give good results if properly applied.

The specialist recommends using only fresh products. If animal fat is used, be sure it is free from salt or other food particles.

Begin by sanding the block tic.

smooth and removing any sandings from its surface. Then wipe with pressure with a lint free soft cloth treated with the type oil desired.

Apply hot oil or fat with a small cloth mop or sponge. Let it stand for ten minutes and then rub hard with a soft cloth to remove excess oil. Dry the block outdoors in open shade if possible, but avoid any moisture.

A maple or hardwood chopping block will absorb very little oil in a treatment, while soft woods absorb more easily. For a well seasoned block, she suggests oiling it five or six times. Blocks seasoned in this manner can be washed with detergent, rinsed and scalded. Wash them soon after use and don't let them soak. Keep the block in good condition by rubbing it with oil occasionally.

Resin finishes are not recommended by the specialist since they may wear or wash off and cause a spotty appearance. Some resins could impart off flavors to food if the block were used shortly after finishing.

Resilient floorings are well recognized by six types, point out Purdue University housing specialists. These are asphalt, cork, enamel surface felt base, linoleum, rubber and vinyl plas-

THAT'S OUR BUSINESS

Especially at this time of year, with Spring planting, repairing and other money problems, farmers are more and more in need of ready cash. For a quick, low cost farm loan see us today for a confidential solution to your money needs.

COUNTERPOINT. Continued

to me that if the snow lasted long enough, if their "construction" problem persisted, and their interest held, these youngsters might be lead to discover for themselves a few of the methods used by the ancient Egyptians in building the pyra-

For parents of students headed for college.

Suggest that he study college catalogues and read some of the fine books written to help young people think about college. See that he takes advantage of opportunities to talk with college admissions officers, and if possible, arrange for him to visit the campuses of colleges where he has a reasonable chance of admission

Last of all, don't attempt to make your youngster concen-trate all his time and energy on his academic preparation for college. Remember that sports, dating, and social affairs are a normal part of adolescent life. - Jean Rees

Consumers Oath-No. 8-I shall eat for nourishment first, for pure energy in this land is cheap. I shall put sugars last on my list, for while they are exciting, they mainly accommodate my craving.

I shall trust every advertiser until I find him unworthy; then I shall be skeptical of everything he says. If he fools me twice, I shall blame only myself.

We enjoyed this:

Wife: Don't be so impolite. You've yawned five times while was talking to you. Husband: I wasn't yawning-

I was trying to say something.

NOTICE

We will close at 10:30 a.m. Saturday to attend the Tourney. Mentone Lumber Co.

Mr. and Mrs. C. E. Walburn returned home Wednesday after a brief visit to Florida

REGIONAL, Continued

utes, with a very slim margin on the scoreboard, Mentone forced Warsaw into fouls that permitted the local boys to widen their margin. Warsaw's disappointment was so great the team left the floor almost as soon as the final gun sounded. Mentone won their right to be in the final game by defeat-

ing Leesburg easily 83 to 50. Nellans never saw action in this game because of a foot blister. South Whitley was their next victim 56 to 39. Several hundred people were

on hand at Mentone Saturday night as the team returned and were welcomed with fire and police sirens, and a very happy throng. Coach Paul Bateman however, was taking no chances with accidents or the 20-degree weather and gave his boys orders to not participate in the celebration.

Mentone won its last sectional title in 1954 when they defeated Warsaw 72 to 55 in the championship game. They met Elkhart in the first game, and Elkhart never lost another game until the afternoon of the state finals. In this game Mentone led the first quarter 14 to 12 but took a terrific beating in the second quarter, when Elkhart gained 19 points on them. Our boys lost only one point in the third quarter and two in the fourth, but were never able to overcome that second quarter of disaster.

Mentone plays South Bend Central at Elkhart in the second game Saturday afternoon at the regional. Bourbon plays Elkhart in the first game.

WITH THE SICK

Mrs. Byron Nellans returned to her home Sunday from an Indianapolis hospital.

Connie Jo Wallace returned to her home Monday after spending the week end in the Murphy Medical Center for observation Mrs. C. O. Mollenhour returned to her home Saturday after major surgery performed recent-Iv

Morris Brannum was released from the Parkview hospital at Plymouth last week.

Thursday of last week it was reported that Rudolph Jones of Burket remains very ill at his Mrs. Earl Carbiener was dis-

missed from the Woodlawn hos pital on Saturday.

WEATHER NO DETERRENT—The 20 degree temperature last Saturday night didn't keep the Mentone fans from celebrating after the Bulldogs' victory at Columbia City. Several hundred strong, they built a giant bonfire, east of the gym, while their enthusiasm cooled off a bit. (The team boys, however, were not in the crowd, as Coach Paul Bateman gave them instruction to get in early and take no chances with accidents or sickness from the cold weather.)

ARRESTED

Von C. Anderson, Warsaw, was

issued a traffic summons for

driving on the left side of the

highway on Feb. 22 by Officer

on Feb. 24 in the Justice of the

traffic charge and \$10 on the

failure to appear charge.

SINCERE THANKS

I want to extend my sincere thanks to all those who remem bered me with flowers, cards and visits while I was in the hospital. Mrs. Chauncey Mollenhour

1962 PROVED BABY PIG FEDING PROGRAM

Introducing

FILL IN PIONEER PIG PACKAGE PAY-OFF CHECK INSIDE...

It's worth \$5 on every ton of PIONEER pig feed you buy between now and May 5, 1962

with pigs on sows YOU CAN PRODUCE A TO **ON A TON OF FE**

5 lbs. Pioneer Pig Tasties and 35 lbs. Pioneer Pig Starter will push pigs on sow

PIONEER PIG TAST PRE-STARTER (Feed 5# per pig)

Highly palatable . . . baby pigs love 'em . . . eat 'em by the time pigs are 7 days old! High in milk products ... vitamins, proteins, and carbohydrates all easily digestible in the baby pig's delicate digestive system:

A new feature of PIONEER Pig Tasties makes carbohydrates more completely available to the baby pig than ever before ... more available energy means bigger pigs on less feed.

For the first time, scour causing bacteria (both gram-positive and gramnegative bacteria) can be controlled with NF-180 PLUS Terramycin in **PIONEER Pig-Tasties!**

One pound of PIONEER Pig Tasties produces one and two-thirds pounds of pork ... at a time when the baby pig needs available nutrients, vitamins, and disease-fighting drugs.

PIONEER Pig Starter produces healthy weeks. Pioneer Pig Starter has been imp make energy and carbohydrates even more Pig Starter performs under a vast range o streptomycin and 15 grams penicillin . . Hygromycin in Pioneer Pig Starter to cor tant time in the pig's life.

Farrow and wean the pigs you should PIONEER "Energy-Stage" SOW

Pre-breeding Boars with sows flush 10 days 10 days 8 lbs. per head per day SOW GESTATION RATION or

14 lbs. Pioneer Sow Conentrate plus 9 lbs. grain

ACT TODAY! Save '5 per ton and book your baby pig feeds at a FIRM LOW PRICE!

How to figure your pig feed needs and your **PIONEER Pig Package Pay-Off**

Because they are precisely balanced to meet the nutritional needs of suckling pigs and because they're pelleted for easy, low-waste eating, it takes only 5 pounds of Pig Tasties and 35 pounds of Pig Starter to get pigs up to 40 pounds live weight. This makes it easy to figure how much pig feed you need. For example, if you have 30 sows to farrow and you estimate an average of ten pigs per litter, you'll need feed for 300 pigs. Multiplying it out, this comes to 1500 lbs. of Pig 'Tasties and 10,500 lbs. of Pig Starter a total of 6 tons of feed. At \$5 per ton, your Pioneer Pig Package Pay-off is \$30. Fill in the coupon below and take it to your Pioneer feed supplier.

Just Look at the Proof from 174 Proof Projects

Switch now to P and start getting results like these

PROVED... IMPROVED

The following data are summarized from 174 PIONEER Proof Projects, in 8 markets, involving 14,500 hogs. These records prove, under practical feed-lot conditions, the

feeding results you get from the Pioneer Hog Feed Program.

AVERAGE DAILY GAIN FEED CONVERSION (FEED PER 100 LBS. GAIN) ... FEED COST (PER TOO LBS. GAIN) ASK YOUR PIONEER MAN TO SHOW YOU THESE 174 INDIVIDUAL PROOF RECORDS

We invite you to put the **COST TEST** to the

> way of feeding for

HALES

Hog producers are switching to complete pelleted rations . . . to save labor, to produce more uniform market hogs, to reduce feed waste, and to lower the amount of feed it takes to produce a pound of pork.

But, what about the cost? Is it more profitable to feed complete rations? Obviously, you have little basis for comparison unless you know what your own costs are now.

We'd like to do two things for you:

1. Help you determine what your

costs are now.

2. Demonstrate how you can benefit by switching to Pioneer Complete Pelleted Rations.

FEEDING THE PIONEER WAY

The job our feeds do on hogs is even more dramatic than the job complete feeds is doing on broilers, turkeys and layers.

You're a businessman. Let us help you put the cost test to your hog operation. It is our obligation to prove that Pioneer Programs will make you more money. Ask how you can establish a Pioneer Proof Project on your farm.
