**Three Drown
At Palestine**

Multiple tragedy became stark reality for our community Friday afternoon when the bodies of three young men were raised from Palestine lake. Dead were Robert Vandermark of Mentone, Steven Wallis of Warsaw, and Dennis Howard of near Claypool. All the young men were employed as tree trimmers and had gone to the lake on a fishing trip Thursday noon. Nothing more was heard of them and as they failed to return home by Friday morning, a search was started. A partially filled rowboat was found near shore, an oar and two fishing rods were seen floating on the lake, and the auto in which they rode to the lake was still parked on shore.

Dragging by state and county police officials and boys from the conservation department finally located the body of Robert Vandermark in about ten feet of water. Soon thereafter the bodies of the other two men were taken from the water. Howard was 22 years of age, Vandermark 24 and Wallis 21.

Likely no one will ever know just what caused the tragedy, but all the boys were dressed in heavy boots and clothing, which would have made it virtually impossible for them to swim.

VANDERMARK OBITUARY

Robert Vandermark was born July 8, 1933 in Mentone. He was the son of Orville and Lura (Wagner) Vandermark. Mr. Vandermark was a graduate of Mentone high school. He married Helen Sester June 14, 1957. She survives.

Survivors also include his parents, of Mentone; a son, Robert; a brother, Fred of Mentone; a sister, Mrs. Gordon Wolfe, of Laketon; maternal grandparents, Mr. and Mrs. E. E. Wagner, and paternal grandmother, Mrs. Levi Vandermark, all of Mentone.

Services were held Monday at 1 p. m. at the Johns funeral home in Mentone. Rev. Milton Persons officiated and burial was in the Mentone cemetery.

WALLIS OBITUARY

Steven Wallis was born April 3, 1936, in Lafayette. He was the son of Mr. and Mrs. Carl Wallis, of Mentone. He married Julia Blue who survives. Mr. Wallis was a member of the armed services and served in the Korean War as a parachutist. He was a member of the Mentone Metho-

**Mentone Wins
4-Way Tourney**

The Mentone basketball team really moved into high gear Friday and Saturday nights, and emerged the champions in the 4-way tourney held at Akron. They defeated Akron (previously unbeaten for about ten games) by a score of 57 to 49.

Beaver Dam won the consolation game Saturday night by a score of 64 to 55 over Silver Lake.

Complete details of all the games in the reports by the Mentone and Beaver Dam sportswriters elsewhere in this issue.

NEW GRANDDAUGHTER

Mrs. Don Ernsberger recently returned from Inlay City, Michigan where a new grand-daughter, Ruth Louise, was born to Mr. and Mrs. William Carters Dec. 19th. The young lady, weighing six pounds and 9½ ounces, was born at LaPeer, Michigan.

Ruth Louise is the fifth generation of girls in the family. The great-grandmother is Mrs. J. W. Heskett of Wichita Falls, Texas, and the great-great-grandmother is 81-year-old Mrs. Daisy Wade of Akron. The Heskett's and Mrs. Wade spent New Year's Day at the Ernsberger home in Mentone.

GIVEN STREET CONTRACT

At a meeting of the Mentone town board Monday evening, W. E. Gooch, of Rochester, was awarded the contract for supplying and applying oil, gravel and stone on Mentone streets.

No major street work was done during the year 1957 because the contractors were unable to find time to do the work, so the contract for the work was awarded before the first of the year to permit the use of the money appropriated for the work.

Mr. Gooch has been taking care of the Mentone streets for many years, and his work and recommendations have been such that Mentone has been able to boast of some of the best built and maintained streets in any nearby city or village.

dist church.

Survivors include the wife and parents and one son; two brothers, Michael and Timothy, and a sister, Nena, all at home; and his grandparents, Mr. and Mrs. Bennie Davis, New Castle, Ind.

Services were held at the Reed funeral home in Mentone Sunday at 2:30 p. m. Burial was in the Mentone cemetery.

*Best Wishes to Everyone
for a
Happy and Prosperous
New Year*

Looking backwards — as the new year dawns there is nothing we can say that is more important than a friendly "thank you" for the business patronage and courtesies we have been privileged to enjoy. Our hopes and prayers are that fortune may treat all kindly throughout the months to come.

*Country Print Shop***Granddaughter
Is Married**

In a double ring candlelight ceremony taking place Saturday evening December 21, at seven-thirty o'clock in St. Mark's Methodist Church Miss Karen Sue Linn, daughter of Mr. and Mrs. Leo Linn of Elkhart and granddaughter of Mr. and Mrs. Ray Linn of Mentone, became the bride of Charles Keith Veach, son of Mr. and Mrs. Glen Veach of Goshen. The church pastor, the Rev. Alfred P. Beale, read the marriage service in the presence of 150 guests.

Bridal music was played by Mrs. Lowell Holdread, organist, as the guests were seated by Larry Brown of Elkhart and Herbert Cripe, Jr., of Nappanee, a cousin of the groom. Harold Goodman sang "Because," "Oh Promise Me," and "The Lord's Prayer."

White satin bows decorated the pews on the bridal aisle and the church was decorated with palms and seven-branch candelabra with lighted tapers. The chancel vases were filled with white pompoms and red carnations.

The bride's gown was of imported Chantilly lace and tulle over bridal satin. The fitted bodice featured a notched Sabrina neckline embroidered with iridescent sequins and seed pearls. Rows of tulle ruffles bordered the floor length bouffant

skirt of lace, which swept back to a chapel train. Her veil of imported illusion fell from a half-hat of lace embroidered with sequins and pearls. The bride, who was given in marriage by her father, carried a white Bible adorned with a white orchid set in a cluster of red velvet leaves with white streamers.

The bride was attended by Miss Cuba Mast as maid of honor and Miss Carol Clark of Osceola and Miss Sally Brown of Elkhart were the bridesmaids. The attendants wore gowns of red velvet styled along Princes lines with Sabrina necklines dipping to a V in the back. Completing their costumes were white fur headbands and white gloves. They carried colonial bouquets of white pompoms and red carnations.

Tom Veach attended his brother as the best man.

A tiered wedding cake centered the serving table at the reception that was held following the nuptial service. Refreshments were served by Mrs. Sam Fletcher and Mrs. Ted Feldman both of Elkhart.

For her wedding trip to Chicago the bride wore a coral knit dress with black accessories. The bride, who is a graduate of Concord High School, is employed in the office of Whitehall Pharmacal Company, Elkhart. Mr. Veach, a Goshen High School graduate, is a member of the U. S. Army and on January 3 will report for duty at Fort Benjamin Harrison where he will attend finance school.

**Services For
J. Kalmbacher**

John H. Kalmbacher, 88, of near Talma, died at 11 a. m. Tuesday of last week at the Woodlawn hospital in Rochester, of complications suffered in a fall at his home December 11.

He was born September 20, 1869, near Atwood, and has resided most of his life in the Talma community. Mr. Kalmbacher was a farmer. He was married in 1886 to Lettie Cook, who survives.

Surviving in addition to the wife are one daughter, Mrs. H. F. (Reathel) Boyce, Tampa, Fla.; one son, Oliver Kalmbacher, of Huntington; four grandchildren, and five great grandchildren. One son, Russell died in 1914, and one brother and five sisters preceded him in death.

Funeral services were conducted at 1 p. m. Friday at the Johns funeral home with Rev. Milton Persons of the Mentone Methodist Church officiating. Burial was in the Mentone cemetery.

VISITS IN KANSAS

Mrs. Bessie Gross spent Christmas with her son Carl and family, at Manhattan, Kansas.

She also enjoyed her new grandson, Carl, Jr. that arrived December 15th. He weighed eight pounds and ten ounces.

Mrs. Gross came back Sunday with Allen Herendeen who had flown Bill Cochran to Fort Riley, Kansas.

NEW DAUGHTER

Mr. and Mrs. Quentin Lantz are the parents of a daughter, Sonja Kathleen, born December 26 at the Murphy Medical Center at Warsaw. She weighed seven pounds 12 ounces. Grandparents are Mr. and Mrs. Marshall Goodman and Mrs. Isabell Lantz, of Mentone.

VISITS NEW GRANDSON

Mrs. Chester Miller returned to her home here Saturday after visiting the Larry Flenar family in Wichita, Kansas. The new grandson, named Seth H., was born Dec. 20th and weighed six pounds. The Flenars now have four boys and one girl.

On the following night the Beavers played Silver Lake in the consolation game and won 24-55. An inspired Silver Lake quartet led the Beavers 26-17 at half-time, but the Beavers started clicking in the third quarter and pulled ahead to win in the fourth quarter. The game was a tough one with Beaver Dam being called for 20 fouls and Silver Lake penalized 25 times. Larry Brown was the game's leading scorer pouring in 30 points. Joe Brown led the Ramblers' attack with 20 points.

Report On Pig Survey

The 1957 fall pig crop in Indiana is estimated by state-federal statisticians at Purdue University to be 3,721,000 head, only 4,000 more than the 1956 fall crop.

While the number of sows that farrowed is estimated at 530,000 head, or one percent more than last fall, the average size of litter was down on percent. This offset the increase in sows farrowing. Litters averaged 7.02 pigs, compared with 7.08 pigs per litter in the fall of 1956.

The number of sows farrowing in the June-August quarter was eight percent greater than a year earlier, while the number farrowing in the September-November quarter was five percent smaller. The statisticians pointed out that the quarterly pattern of farrowing in the fall of this year more closely follows recent years, other than 1956, when there was a sharp increase in the proportion of September-November farrowings.

Based on breeding intentions, as reported by Indiana farmers, the number of sows to farrow in the spring of 1958 is expected to be 600,000 head, or three percent more than in the spring of 1957.

If these intentions materialize, the number of spring sows would be six percent greater than the 10-year (1946-55) average and the largest for the state since 1951, the statisticians reported.

The 1958 spring farrow is expected to average earlier than

last year with December-February farrowings five percent larger. The March-May farrowings are expected to remain near the 1957 level.

The number of hogs over six months of age on Indiana farms December 1 is estimated at 1,456,000 head or two percent more than a year earlier. After allowing for breeding stock included in the inventory, the supply of market hogs over six months of age is about two percent larger, according to the statisticians.

MENTONE HIGH SCHOOL BASKETBALL

By Larry Teel

Bouncing back from their humiliating 80-49 defeat at the hands of Pierceton the Bulldogs rallied and put forth a pair of timely team efforts as they took the championship of the local holiday tourney between Men-

tone, Silver Lake, Beaver Dam and host Akron.

The first game of the tourney, played Friday night saw the Bulldogs of Mentone defeat once victorious Silver Lake 71-54 and Akron defeated the Beavers of Beaver Dam by a 71-58 score, as 6 ft. 8 in. center, Gary Brown hit the nets for 36 points, high individual total for the tourney.

Led by Melvin Keplinger who

played the best game of his career, and aided by Larry Nellans the Bulldogs jumped to a 15-12 lead at the close of the first quarter and never were threatened seriously thereafter.

The following night the Bulldogs surprised the Flyers of Ak-

ron as they handed the tourney hosts their first defeat of the season 59-47. Led once again by Nellans and Keplinger the Bulldogs stopped high scoring Gary Brown as they held the Akron star to his season low of 15 points, the local crew were not assured the championship until the final minutes of the contest.

JAN. 6

For a daily report on latest farm news direct from Washington, listen to Purina's "Washington Farm Report" with Richard Harkness, Monday thru Friday on NBC.

The 85th Congress is soon to open. Defense spending has the lime-light. Will the farmer and his problems be pushed aside, ignored? Or does he have champions who will fight to help solve his most pressing problems?

Tune in your nearest NBC radio station, Monday night, January 6. Hear Richard Harkness, veteran Washington newscaster, as he finds out what leading agricultural and political leaders have to say about farm legislation in 1958.

Right now, teams of objective reporters are in the field... asking... and recording... the searching grass-roots questions farmers themselves are asking. These questions will then be asked of the farm leaders... the men who will actually steer farm legislation through Congress in 1958. What will their answers be?

Seward Farm Bureau Meets

The December meeting of the Seward Township Farm Bureau was held at the Burke gym on Tuesday evening, December 17, 1957, with the chairman, Mr. Gable, in charge.

The meeting opened with the group singing Christmas Carols led by Mrs. Bechtol, with Mrs. Gable at the piano. Mrs. Bechtol gave the devotions, using the story of Saint Nicholas. Sonya Baker sang a solo.

The Pet and Hobby Club members were dismissed to their meeting.

Howard Silveus reported on the State Farm Bureau Convention at Indianapolis. Highlights

of his report were the farewell address of retiring president, Hassil E. Schenck; the action of power companies against the R. E. M. C.; the livestock situation in Indianapolis; and Mrs. Eleanor Roosevelt's address about her days at the United Nations and censorship of people abroad.

Oren Murphy and Mrs. Murphy reported on the National Farm Bureau Convention held in Chicago. Their reports included activities of the Texas Farm Bureau, Tippecanoe County 4-H Girl and the address by the Ambassador from Japan to the U. S.

The following officers for 1958 were installed by Howard Silveus: Chairman, Oren Murphy; S. and E. Leader, Mrs. Oren Murphy; assistant S. and E. Leader, Mrs. Delmar Clark; Secretary-Treasurer, Mrs. Riley Parker; assistant Secretary-Treasurer, Mrs. Willis Pfeiffer; Pet and Hobby Leader, Mrs. Arthur Gable.

A few remarks were given by the incoming Chairman, Mr. Murphy.

Santa Claus arrived with candy and apples for everyone. The committee served refreshments and the meeting adjourned.

Palestine Club Has Party

The Palestine Homemakers held their annual Christmas Party at the home of Mrs. Geraldine Perry with all members but two present. After a delicious chicken dinner the afternoon was spent in social visiting and exchanging gifts. New Secret Pals were drawn for the coming year.

Visitors present were Mrs. Edna Jones, Mrs. Mont Lohr, Martha, Dawn and Janice Perry, daughters of Mrs. Geraldine Perry; Jane Tucker, daughter of Mrs. Albert Tucker; Pamela Sue Harman, daughter of Mrs. Tom Harman.

A lovely afternoon was spent by all. The next meeting will be at the home of Mrs. Edna Jones on January 2nd, 1958.

Mrs. Rhoda Jones had Christmas dinner with Mr. and Mrs. Hobart Stiffler.

Sunday before Christmas Mrs. Rhoda Jones had her children home for a Christmas dinner and gift exchange.

John Stiffler, of Elkhart, spent Christmas with Mr. and Mrs. Hobart Stiffler.

Mr. and Mrs. Paul Jones are on a three-week trip to Florida.

1957 Farm Market Summary

Continued strength in livestock prices was the dominant feature of late December markets, reports M. Paul Mitchell, Purdue University agricultural economist. Cattle, hogs and lambs shared in rather substantial price advances.

Prime steer prices reached the highest levels in more than 13 months, with a pre-Christmas top of \$30.25 per cwt. being recorded at Chicago. The strength in the cattle market was limited to long fed cattle, as the short feeds proved less popular and were steady to weak price-wise.

Hogs also shared the limelight as prices soared, contra-normal seasonally, to the highest levels since early September and to the highest December levels in four years. Top quotations on popular weight meat-type barrows and gilts were either at or very near the \$21 mark at Eastern Corn Belt markets at the holiday season.

There was less cause for optimism in grain market circles as surplus supplies of all grains continued to depress prices, Mitchell points out.

In a broader review of the farm market situation as 1957 draws to a close, Mitchell reports that generally the year has shown definite improvement over 1956 for livestock producers and feeders. Prices for grains weakened under the influences of heavy production and lower support prices.

Indiana hog producers have enjoyed an entire year when the hog-corn ratio has been favorable.

The average ratio for the year has been approximately 15.8:1, compared with 11.4 in 1956 and a long time average of 13.6:1.

In poultry market circles, 1957 was largely a year of disappointing prices. Chicken prices averaged more than one cent below those of a year earlier. Broiler and fryer prices sold within a range of from 15-23 cents per pound from seasonal lows to highs.

A record crop of turkeys in 1957 was marketed without benefit of government price supports. Prices were between four and five cents lower than a year earlier, but strengthened after the pre-Thanksgiving season of heaviest marketings.

Although egg prices have averaged about four cents lower for the year than in 1956, a strong upward price trend took place during the late fall as a greatly reduced new crop of layers came into production. During late months of 1957, egg prices averaged from 8-10 cents above those of a year earlier and as much as 15-18 cents above the year's seasonal low prices of May and June.

Increased production of soybeans and the absence of foreign emergencies which had benefited our market in other recent years, accounted for bean prices about 23 cents below the average of

1956, according to Mitchell. At the year's end about the same price relationships existed.

1957 Indiana Crop Summary

Indiana's 1957 crop yields as a whole were 110 percent of the 10-year average, state-federal statisticians at Purdue University report. In 1956 they were 120 percent of average.

The above average yields were attained despite weather adversities in 1957, the statisticians pointed out.

In much of the southern two-thirds of Indiana, and particularly in river bottom areas, farmers experienced difficulty in getting crops planted last spring because of flooding.

In numerous instances, the crops were replanted two or three times and many river bottoms laid idle because of lateness of the season after flood waters receded.

As a result of lateness of plantings and above normal rainfall this fall, corn harvest has been much later than usual and the

corn has been carrying more than the desired amount of moisture when cribbed. Greatest delays in corn and soybean harvest has occurred in central Indiana.

The 1957 corn yield at 59 bushels an acre is 114 percent of average and is second high to last year's record of 62 bushels.

The wheat yield at 25.5 bushels an acre is 108 percent of average. The soybean yield at 24.5 bushels is 112 percent of average and is a new record high yield, according to the statisticians.

Other major crop yields as a percentage of average are oats 88, rye 101, barley 104 and hay 115. The statisticians observed that "constant improvement in crop varieties and an ever-increasing amount of fertilizer being used were doubtless contributing factors to the high yields."

The 263 million bushels of corn produced by Indiana farmers in 1957 are less than any of the last three years. However, the 1957 crop is the fifth largest ever produced in Indiana.

Soybean production at 52,994,000 bushels is a new record high, three percent larger than the previous record set in 1956.

Feeding First Calf Heifers

Yearly milk and butterfat production of herds comprising a considerable number of first-calf heifers may be reduced as much as 20-25 percent, according to G. A. Williams, Purdue University extension dairyman. Many cows do not reach their maximum production until six or seven years of age.

A study of 100 DHIA herds selected from various parts of Indiana and comprising cows of five dairy breeds shows some of this reduced production may be greater than necessary.

First-calf heifers have a double task to perform their first lactation—to continue to grow as well as produce milk. The heifer's capacity to consume liberal supplies of roughages is less than a mature cow for each 100 pounds of body weight. This requires more grain for every gallon of milk she produces, Williams points out.

The heifers in more than 75 percent of the herds studied received less grain for each pound of milk produced than older cows in the same herds. Williams says

first-calf heifers should not be over-conditioned before freshening or fed excessive allowances during the first lactation. Since they have to grow as well as milk, extra feed should be provided however. Heavy milkers may require 15-25 percent more nutrients than mature cows yielding the same daily production.

SPORTS CAR SHOW FEB. 7-MARCH 2

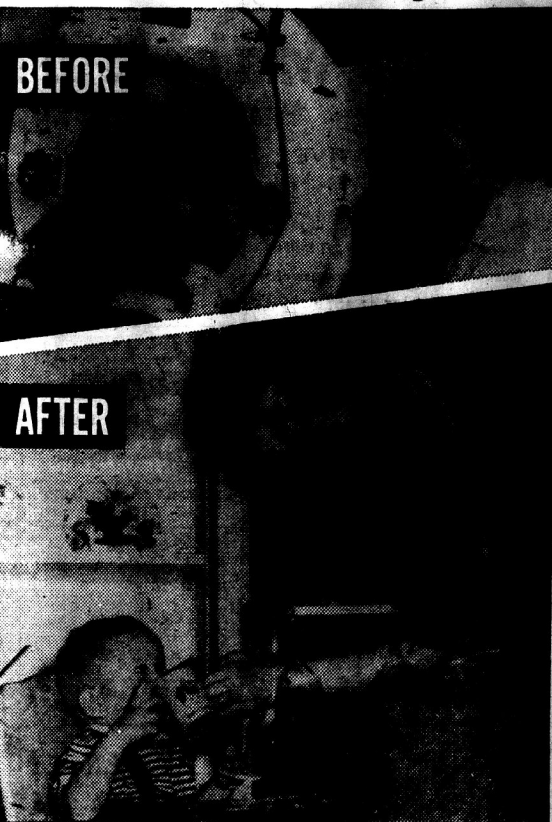

The Henry Ford Museum's seventh annual sports car show will open at Dearborn, Michigan February 7 and continue through March 2.

A panorama of the world's leading sports cars, "Sports Cars in Review" is the nation's only auto show devoted entirely to sports models.

The exhibit will bring together more than 50 cars from Italy, England, Germany, France and the United States. Some foreign cars will be shown for the first time in the United States, according to Alan R. Symonds, chairman of the show.

For contrast with today's models, several sports cars of earlier years, both foreign and domestic also will be displayed.

Farm Water Supply Data

Calculate how much water you will need in your farming operation, then drill for that amount. This advice comes from Don Sisson, Purdue University agricultural engineer.

For example, the amount of water used daily by one member of the family is at least 50 gallons. A milk cow drinks 20 to 25 gallons of water a day.

There are three principal types of wells, says Sisson. These are the drilled well, the driven well

and the dug well. The type well used is dependent upon the depth to water and the kind of soil containing the water. Drilled wells, usually penetrating to greater depths, furnish water freer of surface pollution.

Sisson offers several guides for sanitary well location:

Locate the well at least 100 feet from a seepage pit and 50 feet from a septic tank or streams and lakes.

Avoid locating the well near underground gas and oil tanks.

Finding water is an old problem that requires more than "water witching." Sisson advises looking into local experiences. Your neighbor's experience in locating water may be an indication of what you can expect. Local well drillers are usually familiar with ground water availability in your community.

It is advisable to acquire some additional information, especially if the farmer intends to use large quantities of water.

Sisson recommends, as one of several technical sources of ground water information, the Division of Water Resources in the State department of conservation, Indianapolis. This department maintains a continuing record of ground water depths of many observation wells throughout the state. In addition to these records, logs of water wells show the geologic formations penetrated to reach water and the ground water conditions in each type of formation.

Janice Davis spent Sunday evening and Monday with Janita and Carolyn Reed of Talma.

**Maurice Fawley
Died Sunday**

Maurice G. Fawley, aged 61, died of complications at 12:45 a. m. Sunday in the Murphy Medical Center. He had been in failing health one year and entered the hospital late last Saturday.

Mr. Fawley, a carpenter, resided at 1415 East Sheridan street, Warsaw. At one time he served as state highway superintendent in this district. In the late 1930's and early 1940's he was Democratic county chairman. He was well known throughout this county for his participation in conservation work.

He was born May 11, 1896, in Harrison township. His parents were William and Nancy (Hinkle) Fawley. On August 26, 1922, he was married in Warsaw to Mary Nighswander, who survives.

Mr. Fawley served with Company A, 336th Battalion, Tank Corps in France during WWI. He was a past commander of the local American Legion post, a member of the Barracks of WWI, Elks and Eagles clubs, of Warsaw, and the Palestine Methodist church.

Surviving in addition to the widow are three brothers, Doyle, Bourbon, Clifford, Fort Wayne, and Milo, Mentone; five sisters, Mrs. James (Helen) Peck, of Fort Wayne, Mrs. Claude (Delta) Lewis, Kansas City, Mo., Mrs. Blanche Watson, Fort Wayne, Mrs. Bronson (Maxine) Kowalczyk, Fort Wayne, and Mrs. Edna Johnston, Warsaw.

Funeral services were conducted at 2 p. m. Tuesday at the McHatten funeral home. Burial was in Oakwood cemetery.

**Bernice Kesler
Buried Sunday**

Bernice Kesler, 59, Rochester, died Thursday at St. Joseph hospital in South Bend where she had been a patient since September 28. She had been an invalid her entire life.

Miss Kesler was born April 28, 1899 in the Talma community and moved from a farm in Newcastle township to Rochester in 1942. She was the daughter of Milton and Linnie Bell Fish Kesler and was a member of the Mentone Baptist church.

Surviving are a sister-in-law, Mrs. Lloyd (Lucile) Kesler, Warsaw; a niece, Mary Marjorie McCoy, Warsaw; a nephew, Robert Kesler, Woodlawn Hills, Cal., and numerous other relatives.

Services were held at 1:30 p. m. Sunday at the Zimmerman Brothers funeral home with the Rev. Irwin L. Olson, pastor of the Mentone Baptist church officiating. Burial was in the Sycamore cemetery in Newcastle township.

Glen Davis returned to Bryan University, Dayton, Tennessee, Sunday to resume his studies.

**County Good
Citizen Winner**

Miss Rosaline Baker, Sidney High School senior, has been named Kosciusko County entry in the state Good Citizen contest sponsored by Indiana Daughters of the American Revolution.

Rosaline's paper was first selected by Anthony Nigo Chapter of Mentone as the best from seven schools, Atwood, Beaver Dam, Claypool, Sidney, Silver Lake, Etna Green and Mentone. Her paper was forwarded to the state and was judged as the county winner. Agnes Pruy chapter, Warsaw, sponsors the contest in the Northern section of the county.

The daughter of Mr. and Mrs. Gaylord Baker, R. R. 2, Claypool, Rosaline sings in the choir of the Congregational Christian Church in North Manchester and is Sunday School Chorister, High School activities include the Sunshine Society, Band, Chorus and dramatics. Rosaline plans to attend business college.

The seven contestants and their mothers will be guests of the Anthony Nigo Chapter in March. Mrs. Miles Manwaring is Good Citizen Chairman in the local D. A. R. Group.

MAKE APPOINTMENTS

At the regular meeting of the Mentone town board, Monday evening, all appointments of officials remained as they were:

Marshals are Ed Davis and Clarence Brown with Gene Norton and Lon Walters as substitutes. Arlo Frieener remains as fire chief.

**Dies At
Son's Home**

Mrs. Sarah Anna Leininger, 84, died at 9:30 a. m. Saturday at the home of her son, Marion Leininger, R. R. 2, Akron.

Born in Newcastle township, December 16, 1873, she had spent her entire life in the Bethlehem community. Her husband, William, died in 1941. Her parents were Albert and Mariah Smith Highway.

She was a member of the Bethlehem Baptist church, northwest of Akron.

Surviving are two sons, Marion, and the Rev. Kenneth Leininger, New Bethlehem, Pa.; five grandchildren and four great-grandchildren; and one brother, Colfax Highway, Rochester.

Funeral services were held at 1:30 p. m. Tuesday at the Bethlehem Baptist church north of Athens. Rev. Harry Smith, Goshen officiated and burial was in the Rochester IOOF cemetery.

New Arrival

Mr. and Mrs. Richard Grim are the parents of a seven pound daughter born last Tuesday at the Woodlawn hospital. The new baby has been named Tammy Ann.

Mrs. Fred Horn is the maternal grandmother.

COLLEGE STUDENTS HOME

Among the college students who spent the Christmas vacation at home were:

Larry Long, Janice Nelson, Dick Tombaugh, Keith Besson and Janet Rose Reed from Purdue.

Sarah Urschel of Valparaiso, Terry Utter of International Business College.

Neil McKinney of Ball State, Charles Urschel of Evanston.

Mr. and Mrs. Don Rush, Jon Cullum, Joe Shoemaker, Larry McKinley and Sue Borton of Manchester College.

**TO MOVE INTO NEW
MEDICAL CENTER**

Dr. Wymond Wilson, of Mentone, announces that he expects to move into his new medical building Jan. 15th.

The new building, although not yet completely finished on the outside and landscaped, will give Dr. Wilson and his associates a fine building with more room to handle the large number of daily visitors. The new structure is located just across the street east from the Baptist church.

**729 Listed In
Financial
Directory**

Each January business concerns in all parts of the United States receive from Dun & Bradstreet requests for their annual financial statements. This year the number of requests going out nationwide will approximate three million, with 725 going to Kosciusko County business men.

The Kosciusko County section of the current issue of the Dun & Bradstreet Reference Book contains listings of 729 local names comprising manufacturers, wholesalers, and retailers. It does not include some of the service and professional businesses such as barber and beauty shops, real estate and stock brokers. Thus the figure for businesses in Kosciusko County would actually be higher than the 729 quoted above.

The number of listed businesses in the five largest communities in Kosciusko are as follows:

Warsaw, 296; Syracuse, 110; Pierceton, 53; Milford, 47; and Mentone, 36.

New Daughter

Mr. and Mrs. Larry Boggs are the parents of a daughter, Jo Ellen, born at the Murphy Medical Center, January 3rd. She weighed six pounds four ounces.

TOO EXPENSIVE

A recent conclusion of your editor was that "Money was just too expensive—I can't afford it," and the words below, of U. S. Senator Harry F. Byrd, of Virginia, gives a part of the reason why:

"Current taxes, from all sources—federal, state, and local—are taking a full third of all the income of all citizens to finance government activities. Taxes at present rates from current sources are taking more than 90 per cent of some individual incomes and more than 60 per cent of the net income of most corporations. The present tax rates are approaching confiscation. The economy cannot much longer survive present tax rates on current sources, and it should be understood that tax sources have been exhausted."

Bill Clark returned Saturday to the Lake Charles Air Force Base in Louisiana after spending the holidays with home folks.

Purdue University animal husbandmen suggest to farmers that they eradicate lice on cattle now to prevent the pests from multiplying during winter. Either spray the animals with an insecticide solution or construct or purchase back rubbers kept moist with a solution that will kill lice.

Dairy cows must have an adequate supply of water during the winter, Purdue University dairy specialists assert. Milk is 85 percent water and the digestion and absorption of feed nutrients increases the need for water. A cow producing 50 pounds of milk daily needs 20 to 25 gallons of water. Dry cows need about half as much as cows producing heavily.

BEAVER DAM HIGH SCHOOL BASKETBALL

By Roger Nellans

On Friday night, January 3rd, the Beavers lost their fourth game of the season to a scrappy Sidney quintet. The game was a real thriller from start to finish.

Beaver Dam led with 30 seconds of play remaining, but the Wildcats came back with a basket to again lead by one point. With one second remaining, Valentine was fouled with the opportunity to tie or even win, but failed to convert and Sidney won the game 76-75. Sidney hit 20 of 25 free throws for an 80 percent average which was the deciding factor of the game.

Larry Bibler continued his amazing record by denting the nets for 38 points, his season's high. J. Alan Spann led Sidney's scoring with 21 points while Jim Speicher was close behind with 19.

The Beavers won their second preliminary game of the season by a score of 30-21.

At the Second-Team tourney at Silver Lake, the Beavers lost in the afternoon to the Mentone

Bulldogs 46-32. Mentone had little trouble and led at all four stops. Bob Long was leading scorer for the game with 14 points while Ault was high for the Beavers with nine.

AGAIN DEMONSTRATE THEIR CONSISTENT EARNING POWER

K-137 Kimberchiks were entered in six Random Sample Laying Tests last year. Five of these tests report net income figures: California, Tennessee and Utah on the basis of income over feed cost, and Missouri and New York Central on income over feed and chick cost.

In these five tests K-137 Kimberchiks produced an average income of \$3.77, which was 50c higher than the average of all entries.

But even more important: K-137 entries ranked FIRST IN NET INCOME among all nationally sold chicks that were entered in three or more of these five tests.

The consistent, profitable performance of the K-137 in such a variety of environments is assurance that no matter where you live Kimberchiks will do well on your own farm.

Profit by the LARGE SIZE of the EARLY EGGS laid by K-137 KimberCHIKS.

The size of early eggs has an important bearing on annual profits, and fortunately this is one of the things you can do something about. In fact, it's quite possible just by changing strains to reduce the number of small and medium eggs from pullets by 75%. Thus a switch to K-137 Kimberchiks could mean that instead of having four cases of undersize eggs to take to market you would be stuck with only one.

Demand tends to increase when facts such as these are released on a bird that already has such an outstanding record as the K-137. So to be sure of getting K-137's when you want them, it would be wise to place your order promptly and take advantage of the early order discount which expires January 15th.

A 16-page folder giving the background of the K-137 will be gladly sent upon request.

Baptist Church News

The congregation of the First Baptist Church of Mentone met for its annual Business Meeting at 8:30 on Thursday evening, January 2nd. The reports brought to the congregation by the officers and the chairmen of the official boards indicated that 1957 had been a year of rich blessing and progress.

The Church Clerk reported that 36 new members had been received into the church fellowship during the year, bringing the present membership to 347. Twenty-two of these additions

were by baptism, and 14 by Christian experience and previous baptism or transfer of letter.

The Treasurer reported the total expenditure for the year was \$25,936.51, and indicated that all bills were paid, and that all missionary commitments had been met.

The Trustees reported that during the year an excess of \$3,000 had been spent for improvement of the church building. These improvements included: installation of plate-glass over all the stained glass windows of the church to protect them from the elements; installation of a forced air ventilation system; construction of new steps, handrails, sidewalk, and painting of the exterior trim of the church building.

The Deacon's report gave praise and glory to the Lord for souls that have been won to Christ, and for the evidence of the Lord's blessing upon the spiritual ministry of the church. Many lives have been changed and lasting decisions have been made.

The following budget was presented to the congregation and approved for the coming year:

General Expenses (inc. salaries and operating exp.) \$8,880.00; Missions (support of 17 missionary projects) \$9,032.00; Improvement of Church property, \$3,000.00.

This does not include the operating expenses of the Sunday School, six youth groups, nor any of the auxiliary organizations of the church.

Elected officers of the Church who will serve for the coming year are as follows:

Deacons: Devon Eaton, Ray-

mond Lewis, Lee Edwin Norris, Leroy Norris, Everett Rathfon, Raymond Weirick.

Trustees: Henry Bresson, Claude Gates, Charles Hunter, Fred Lemler, Jim Rogers, Earl Zent.

Moderator: Leroy Norris.

Treasurer: Wayne Bowser.

Clerk: Mickey Eaton

S. S. Supt. Lee Edwin Norris

Asst. Supt.: Roger Goodman.

Cattle Feeders Handbook

Some Hoosier cattle feeders have a keen inner sense when it comes to buying, feeding and selling cattle. Other cattlemen, with less experience but with no less ambition, move more cautiously, and perhaps take fewer chances than a more sure-footed manager.

But inexperienced or not, the cattle feeder who's in doubt can bank solidly on the helpful facts he will find in Purdue University's new "Cattle Feeder's Handbook." This 14-page extension booklet is a product of years of painstaking research by capable animal nutrition scientists at Purdue. Available free to Hoosier farmers, the mimeograph was recently prepared by extension and research staff members of both the animal husbandry and agricultural economics departments.

This new guide to practical beef cattle programs lists suggested rations for all grades of cattle from common yearlings up to fancy steer calves. Cattlemen will also appreciate the sections that deal with pastures for growing and fattening cattle, and the role of silage antibiotics, and hormones in feeding.

M. Paul Mitchell, Purdue farm economist, takes a hand in the writing of one section on cattle market tips. He calls to mind that beef cattle prices are affected by a great many economic forces. Among them are the size and quality of the last year's corn crop, the feed status in the western range states and other factors.

For a free copy of Mimeo AH-162, "Cattle Feeder's Handbook," see your county extension agent or write to the agricultural publications office, Purdue University, Lafayette.

Dollar And Sense Farming

CHECK YOUR CRIBBED CORN right away. Dig in and take samples for a moisture check. If it's above 23%, better dry it as quickly as facilities become available. If moisture is around 20%, check it again in a week or so. Many farmers find that corn is picking up moisture in cribs. With cattle costs so high, you'll net about the same by drying and holding for summer sale. Besides good quality corn will be in short supply by late summer.

DON'T DELAY HOG SALES if they are at or near acceptable market weights. Heavy feeding of high moisture corn has prolonged many operators' normal feeding period. Lots of fall-farrowed pigs will be coming to market during the next 30-60 days. Prices will show a big decline—could get below the fall low. Price recovery won't come till late spring.

Income Tax Records, Deadlines

Indiana farmers, starting to prepare their income tax reports need complete, accurate records from which to calculate the amount of their taxable income, reminds F. V. Smith, Purdue University agricultural economist.

Farmers who closed their business year December 31 have until Feb. 15, to pay their federal income tax. Those who close their business year at some other time may file a return and pay their tax before the 15th day of the second month after the close of their business year.

The Indiana gross income tax is due Jan. 31. The 1957 General Assembly increased the gross income tax rates for farmers from one-fourth of one percent to three-eighths of one percent, effective last July 1. This means that gross income received after mid-1957 will be taxed at the higher rate.

Total gross income must be divided into two periods—that received before July 1, 1957, and that received thereafter, Smith explains. Since there are no business deductions, that information is not difficult to calculate, he adds.

More detailed information is needed for the federal tax report. Smith suggests that farmers obtain a copy of the 1958 edition of the Farmer's Tax Guide from county agricultural extension agents. This bulletin explains most of the tax rules governing farmers.

In general, 1957 farm records should include the amounts of sales of livestock raised, crops

and livestock products, miscellaneous farm income and sales of purchased livestock and other purchased items.

Deductible farm business expenses must be itemized according to classification on the report form. Smith emphasizes the importance of including all expenses for small items, such as nails, bolts, screws and repair items.

"Unless a record is made of these expenditures at the time of purchase, they are frequently forgotten and consequently are not deducted," he adds. Taxpayers will pay at least \$20 additional taxes for each \$100 of deductible expenses omitted.

Depreciation schedules for all depreciable farm property should be included in the records. Copies of a 10-year depreciation schedule book prepared by the Purdue agricultural economic department may be obtained through the county agent's office.

The amount of cash wages paid to each agricultural employee during 1957 is needed to prepare Social Security forms for hired labor. Farmers must pay self-employment (Social Security) if their net earnings for the year exceeded \$400. They may use an optional method of computing net earnings if their gross income from farming was not more than \$1,800.

Smith suggests that farmers plan now for starting and keeping 1958 farm records in a book that will enable them to have the information readily available to summarize at the end of the year.

Mr. and Mrs. Charles Leiby of Crystal Lake, received a letter recently from Mrs. Thyra Baker, who is living in Monument, Colorado, with her grandson and family, Mr. and Mrs. Alfred Snyder.

Mrs. Baker lived in the Crystal Lake Community for a number of years. Mr. and Mrs. Leiby bought their home from Mrs. Baker.

She writes that the weather is like April. The Alfred Snyders, who lived in Mentone several years ago and had an electrical business where the Joe Baker's now have their electrical shop, have three children, one girl, 13, and two boys, 7 and 6. They have built a new home in Monument.

Mrs. Baker will be 100 years old on February 4, and we wish to join her many friends in wishing her continued good health.

IN "COLD" FLORIDA

We just received this brief note from Dr. E. D. Anderson, who is in the Pines Court, E. Main St., Leesburg, Florida:

Please fix it some way so I will get the "News" down here until further notice.

I arrived here last Wednesday. It was very cold. Several nights was below freezing. Flowers, shrubs and young orange trees are frozen and have shed their leaves. Some will survive and some may not. It is warming up now but still too cool for good fishing. Gets real nice in the day if the sun shines and not too much wind.

Cold weather is the "talk of the town."

**Perry Jefferies
Dies Sunday**

Perry Edwin Jefferies, 77, died at 7 p. m. Sunday at his home in Rochester from a heart attack. He had been ill for three years. Born October 9, 1880 in Newcastle Township, he had lived in the community his entire life except for 26 years from 1909-1935 in Montana.

He was married July 17, 1909, in Lewiston, Montana to Blanche Clifton who survives. His parents were Jarvis Wilson and Hannah Elizabeth (Thompson) Jefferies.

Mr. Jefferies was a member of the I. O. O. F. Lodge of Rochester and the Bethlehem Baptist Church of Talma.

Surviving besides his wife, are one son, Lloyd Jefferies of Rochester, two grandsons, Edwin and Ernest Jefferies, one brother, Anell I. Jefferies, Macy; one sister, Mrs. Hilda Walburn of Akron and several nieces and nephews.

Funeral rites were held Wednesday at 2:30 p. m. at the Zimmerman Bros. funeral home at Rochester with Dr. Claude Young in charge. Burial was made in the Sycamore Cemetery southeast of Talma in Newcastle Township.

IN JUSTICE COURT

On Thursday evening, January 9, fines totaling \$31.75 were assessed by Justice C. O. Eiler, on Ott Jefferies, following pleas of guilty to charges of knocking down a traffic sign, and public intoxication.

Also on Thursday evening Paul Blue was found guilty of a charge of driving on the left side of the road, while within 100 feet of an intersection, resulting in a collision and damage to a car driven by Mrs. Richard Dickerhoff. Blue had plead not guilty at a former preliminary hearing. A fine of \$20.00 and costs was assessed. On failure to pay the fine the defendant was committed to the county jail. Suspension of license was recommended by the court.

Officer Edward Davis filed the affidavits in both cases.

RECOVERING FROM BURNS

Lavoy Montgomery of Talma, who suffered first degree burns on his left arm hand and effects of smoke which he inhaled during a fire at his home, Sunday, January 5, was dismissed from the Woodlawn hospital at Rochester Saturday and taken to the home of Mr. and Mrs. Herman Alber, Rochester.

**Special Lectures
for PTA Members**

The Warsaw City Schools, in a cooperative effort with the local P. T. A. Associations and the Warsaw Chapter of the Association of University Women, are sponsoring a series of lectures and discussions in human development.

It is believed the subjects to be covered should be interesting and of help to parents and especially to members of P. T. A. groups. The lectures are selected by Indiana University and should be well qualified. I would like to invite members of our P. T. A. organization to join in this series of lectures.

There is no admission charge. It will be necessary, however, for those desiring to attend to have an admission slip. These may be obtained by contacting Ralph Mollenhour by January 24.

The dates and speakers are to be as follows:

February 4—Over-protection and Rejection, Walt Risler, Sociologist.

February 11—The Shy Child and The Outgoing Child, John E. Hughes, Sociologist.

February 18—Parental Attitudes Toward Sexual Development, Richard Shriner, Psychiatrist.

February 25—Hostility and Discipline, James Smyth, Sociologist.

**Celebrate 12th
Anniversary**

The Jolly Janes' Home Demonstration Club celebrated their 12th anniversary with a Smorgasbord at the Westminster Hotel in Winona Lake recently.

There were 21 present. Door prize was won by Phyllis Bowser.

After a short business session conducted by the President, Rebecca Gross, scenic pictures of Cuba, Florida, Canada, Western States and Indiana were shown by Arley Cullum.

A humorous skit, "His and Her's" was given by Mary Tridle and Mary Romine.

The rest of the evening was spent playing "Cootie."

Hostess committee for the evening were: Martha Ellsworth, Isabell Hatfield, Lena Eber and Alberta Hoogenboom. Entertainment Committee members were Phyllis Bowser, Jody Harman and Geneva Burris.

**Wm. Norris
Dies Today**

Wm. W. Norris, aged 85 years, died at the Woodlawn hospital at Rochester at 10 a. m. Wednesday, after an illness of almost three years. He had been seriously ill the past four months, with complications.

Mr. Norris was born on the same farm on which he lived in Fulton county, Nov. 18, 1882, the son of Noah and Elizabeth (Anderson) Norris. September 18, 1896 he was married to Cora Taylor, who survives. He was a member of the Mentone Baptist church.

Surviving in addition to the widow are three daughters, Mrs. Omer (Grace) Cox of Rochester, Mary Norris, also of Rochester, and Mrs. Walter (Mildred) Morris of Peru; five grandchildren; three great-grandchildren; one brother, Russel of Mentone, and one sister, Mrs. Howard (Viola) Berkhofer of Miami, Fla. Two sons died in infancy.

Funeral services will be held at the Mentone Baptist church Saturday afternoon at 1:30, with Rev. Irwin Olson, pastor, officiating. Burial will be in the Sycamore cemetery, with the Johns funeral home in charge.

Friends may view the body at the Norris home after 7:00 p. m. Thursday.

Vernal Cole remains in a serious condition at the Murphy Medical Center.

LIONS MEET

The Mentone Lions club met in regular session on Wednesday evening with a good attendance.

Following a chicken dinner, program chairman Tom Harman introduced Bill Davis and Richard Higgins, Conservation officers, who showed colored slides of conservation work in Indiana.

CLUB CALENDAR

O. E. S. January 20, 7:45 p. m. Masonic Hall. Honoring past Matrons and Patrons.

W. S. C. S. of Mentone Methodist Church will meet Thursday, January 16, 7:45 p. m. at the home of Mrs. Bunner. Doris Cooper and Kate Whetstone will present the lesson on Japan. Please plan to attend.

Attention to all ladies of the Church and W. S. C. S. members. On Wednesday evening, January 29, 7:30 p. m. there will be a special meeting at the church.

**George Hipsher
Died Tuesday**

George J. Hipsher 83, of near Palestine, died at the Murphy Medical Center Tuesday night.

Mr. Hipsher, a retired farmer, spent most of his life in the Palestine community. He was born July 24, 1874 near Palestine, the son of Isaiah and Nancy (Vandermark) Hipsher. He married Rosa Mannen July 22, 1899. She survives.

Also surviving are four sons, Conda, of Mishawaka, Donald of Bristol, James and John of Wabash; two daughters, Mrs. Logan Ramsey, of Ligonier, and Ruth Hipsher of Palestine.

Funeral services will be held at the Johns funeral home at 1:30 Friday afternoon. Burial is to be in the Palestine cemetery.

**Mentone
Reading Club**

The members of the Mentone Reading Club met at the school building on Wednesday evening, January 8. During the business meeting, conducted by the president, Mrs. Denton Abbey, it was decided to make the usual annual donations to the Heart, Cancer, Polio and Mental Health funds.

Officers were elected for the coming year. They are: president, Mrs. Earl Shinn; first vice president, Von Jenkins; second vice president, Mrs. Dick Manwaring; secretary, Mrs. Don Wentzel; treasurer, Mrs. Joe Boggs.

Following the business meeting the ladies went to the music room where the P. T. A. was in session. A most interesting panel discussion, involving many questions of interest to parents, teachers and the pupils, was held. Panel members were Earl Boggs, trustee; John Frederick, principal, and Glen Whitehead, county superintendent of schools.

For the social hour, the Reading Club ladies went to the lovely new home of Mrs. Dan Urschel. Mrs. Oliver Teel assisted Mrs. Urschel. The program committee was Mrs. Ora McKinley and Mrs. Loren Tridle.

Richard Dickerhoff is a patient at the Murphy Medical Center where he is suffering with bulbar pneumonia. He was under oxygen Sunday and Monday but is much improved now. He will be in the hospital for several days.

BEAVER DAM HIGH SCHOOL BASKETBALL

By Roger Nellans

Beaver Dam topped Atwood 62-61 in the opening and one of the most thrilling games of the county tourney. Atwood led 19-16 at the end of the first stop, but the Beavers were in command the rest of the way. Atwood rallied in the fourth period and pulled within one point at the final whistle. Larry Bibler of Beaver Dam continued to lead the county scorers, racking up 32 points on nine fields and 14 of 15 free throws. Dick Woods played a good game for the Beavers contributing 18 points. Davis and B. Creighton led Atwood with 17 and 16 points.

In the second round of the tourney, Milford avenged an earlier season defeat by topping the Beavers 58-54. The game was closely fought throughout, but the accurate sharp-shooting of Milford from the fifteen-foot mark proved too much. Beaver Dam led at the end of the first quarter 21-20, but Milford led the rest of the way. Larry Bibler again led the Beavers with 20 points and Speicher with 18 led Milford's scoring.

The Beaver Dam students and fans are very proud to have had Larry Bibler selected for the All County Team by a vote of all the head coaches of the county. The Beavers play host to Claypool this coming Friday night, January 17.

Potato stocks in the hands of Indiana potato growers and dealers as of Dec. 1, 1957, totaled 610,000 cwt., according to state-federal statisticians at Purdue University. This represents slightly more than 48 percent of the 1,260,000 cwt. of fall potatoes produced in 1957. Stocks on Dec. 1, 1956 were 600,000 cwt. two percent less than this year and about 5 percent of the 1956 fall potato crop.

A motorist should keep a pair of sun glasses in the glove compartment of his car as they can be more helpful in winter than summer. Reflected glare from snow-covered ground can impair the driver's vision in winter if he is not wearing sun glasses. In winter, there are no shade trees to help rest the eyes.

**good light
protects eyesight**
.....

It's very gradual and we seldom know it, but many of us fritter away our good vision through years of careless lighting. Bad lighting "traps" are everywhere around us—dim light, naked bulbs, dark shadows and harsh glare. Many of these "traps" can be avoided with a few simple changes in your present home lighting.

Above is a good example of lighting for close reading. This swing arm bridge lamp provides

proper light diffusion. The shade is wide at the bottom to permit adequate light on the reading surface. It is also wide at the top for general room lighting. The shade permits some light penetration but prevents glare. As for the amount of light, use at least 150 watts—anything less is an invitation to eyestrain.

Why not install good lighting in your home? Almost everyone can afford a new, properly designed lamp, but no one can trade his eyes for a new pair!

New H. D. Council President

The first meeting of the Home Demonstration Council for 1958 was held at the Steer Inn, Thursday where the presidents of the clubs met for lunch and transacted the necessary business.

Mrs. Gene Sarber, Mentone, newly installed president was in charge of arrangements. Other officers who assisted were: Mrs. Dean Brown, 1st vice president; Mrs. Raymond Helser, 2nd vice president; Mrs. Howard Menzie, secretary; Mrs. Jacob Tusing, Jr., ass't. secretary; Mrs. Gerald Ballenger, treasurer; Mrs. Dean Parker, ass't. treasurer; and Mrs. Herbert McCleary, home demonstration agent.

The following date changes were announced for the county calendar—Garden School, Wednesday, March 26 and Home Demonstration Week—May 4-10.

Mrs. Paul Kerlin, chairman reported that the audit committee had met and found the treasurer's books to be correct.

Mrs. Robert Ferguson, chairman of the Senior Citizen Committee gave a complete report of their meeting on January 7 and urged the clubs to adopt a senior citizen and to send a representative from their club to attend this leaders meeting when it meets again Friday, February 7 at 1:30 p. m. at the City Hall.

Mrs. Sarber announced the following lessons for 1958.

Pattern Alteration, The Family Market Basket (buying of fruits and vegetables), Salads for Various Occasions, Window Treatment, (selection of materials for draperies and curtains also, problem windows), Buying Men's Clothing, (new fabrics and their qualities), Garden School, Citizenship, Leather Tooling, Swedish Darning, Braided Rugs,

Shell Jewelry, and Copper Tooling.

During 1957 one thousand four hundred thirty-five women in Kosciusko County participated in the Home Demonstration extension program which is sponsored jointly by Purdue University and the U. S. Department of Agriculture. This service is under the guidance and direction of Mrs. Herbert McCleary, home demonstration agent in Kosciusko County.

There are 66 organized home demonstration clubs in the county who study good marketing, better grooming, how to get along with teen-agers and parents, new methods of gardening, principles of landscaping the rural home, and answering children's questions.

Special lessons were held for those who were interested in re-caning chairs, basket making, cooking out-of-doors, arranging flowers, candy making, controlling weight and in gathering new ideas for Christmas homemade toys.

There were 103 training meetings for leaders to be instructed in various subject matter material which they would pass on to their clubs. These lessons were conducted by specialists, the home demonstration agent or other qualified persons. There were 56 additional meetings with more than three thousand attending.

One of the strongest programs during the year was the special interest lessons given by local leaders. They very willingly gave of their time and talents in the preparation and presentation of demonstrations of their particular assignment. Those who participated in this program, were Mrs. Gordon Brubaker, Floyd Collins, Francis Reece, Taylor Shively, Inez Devenney, Robert Davis, Lawrence Rife, Glenn Mellett, Garlan Lowry, Donald Ring,

Ed Goehler, Kip Sullivan, Hubert Robbins, Paul Kaufman, Carlton Jones, Gene Sarber, Raymond Helser, Boyd Howard, Amer Koontz, Frank Nelson, Carl Bolinger, Gerald Ballenger, Norman Phillips, Leonard Rhodes, Bernard Roberts, Fred Rollings, Norman Handkins, Russel Cauffman, Delva Stalter, Walter Swanson, Don Clase, Walter Gradeless, Dale Koontz, Ralph Henderson, Sam Humble, Lloyd Weckler, Dean Parker, Robert Harter, Joe Mosher, Richard Zimmer, and Miss Helen Griffin.

On October 2 a group of 65 club members, most of them Health and Safety leaders, went by chartered bus to Beatty Memorial Hospital, Westville, Indiana, where they were conducted through several wings of this mental institution, following a brief review by staff members as to points to be observed on the tour. All those who participated felt this had been an outstanding educational project.

This event was followed by a Health Conference on the topic, "Keeping Physically and Mentally Healthy". Two panels composed of leading state specialists discussed each problem and answered questions which were of vital concern to the group.

The Annual Achievement Day Highlight with a Style Show of garments made by club members

closed the year's program. Approximately one hundred twenty-five women and children participated in this event which was presented to more than four hundred people at the Boice Theatre, Coats, suits, formals, tailored dresses as well as sport and house

dresses were included in the presentation.

Motorists should drive so they can stop within the distance clearly lighted by their headlights, the Chicago Motor Club advises.

Beaver Dam School News

Today the students took their first semester exams.

We are glad to hear that Larry Bibler made the all county basketball team. Congratulations, Larry.

Claypool will play here tomorrow evening at 7:00.

The Jr. high will play at Silver Lake this evening at 4:00.

Next Wednesday will be the P. T. A. meeting.

We were glad to learn that next year's county Tournament will be played at Grace Seminary instead of Syracuse. The only real reason, however, is that we will not have as far to go. Syracuse has a real nice gym any they were excellent hosts.

MENTONE HIGH SCHOOL BASKETBALL

By Larry Teel

The local Bulldogs remained in the running as the county basketball tourney progressed into the second round of competition by defeating the Claypool Knights 70-52. The local squad was aided greatly by their ability to sink foul shots, as they connected on 34 of 38 charity attempts.

Leading only one point at the end of the third quarter the Bulldogs rallied to the occasion and outscored the Knights 28-11 in the final stanza to assure victory.

Led by 2 senior boys, Jim Manwaring, who played his best game as a member of the varsity squad, and Tim Utter, who scored 14 of his 18 point total in the final quarter, the Bulldogs advanced to the second round where they were to face the unbeaten Etna Green team.

NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS

Notice is hereby given the taxpayers of Harrison Township, Kosciusko County, Indiana, that the proper legal officers of said municipality at their regular meeting place, on the 28th day of January, 1958, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

To Local Property Tax Relief Fund -

For Repair, Upkeep, or Construction of School Buildings

\$3440.00

Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriation as finally made will be automatically referred to the State Board of Tax Commissioners, which Board will hold a further hearing within fifteen days at the County Auditor's office of Kosciusko County, Indiana, or at such other place as may be designated. At such hearing taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

ADVERTISE! IT PAYS!

To Change TV Channel

WSBT-TV, South Bend, will change from Channel 34 to Channel 22 on Wednesday, January 22, according to an announcement Tuesday, by officials of The Tribune's television station.

Barring heavy winds or sleet storms, the only two conditions under which tower crews are unable to work, the conversion is to take place without an interruption in programming, according to the announcement.

The WSBT-TV shift will mark the area's second channel change since last September when WNDU-TV, the Notre Dame station, dropped Channel 46 for the present 16.

"WSJV-TV plans to be on Channel 28 with reduced power early in February," said John F. Dille, Jr., president of WSJV-TV.

Winter motorists should be extremely careful of pedestrians when streets are icy, the Chicago Motor Club says. Motorists should remember that pedestrians necessarily walk slower on slippery streets, and that they may slip and fall into the path of danger. Also, motorists aren't able to stop their cars as quickly as under normal conditions.

To produce 100 bushels of corn, the soil needs to supply 160 lbs. of nitrogen, 40 pounds of phosphoric acid and 100 pounds of potash, according to Purdue University agronomists.

Melon, squash or pumpkin and many other vegetable seeds can be mixed with sunflower seed for winter bird feed, according to Purdue University horticulturists. A few dried and pulverized egg shells could be put in with the food.

NOTHING ELSE NEAR THE PRICE HAS WHAT'S IN THIS PACKAGE!

The Delray 4-Door Sedan, Chevy's the only car in its field with Body by Fisher and Safety Plate Glass all around.

It's one of Chevrolet's dollar-stretching Delrays!

The handsome Delrays are the lowest priced of all the low-priced Chevrolets. And they're full-size Chevrolets—wider, lower and nine lively inches longer. In size, in style, in fine details and construction, no other car priced so low gives you so much!

When you're thinking about buying a car because of its extra-low price, there are two things it pays to watch for. First, be sure you get full measure when it comes to size. Don't settle for a cut-down bargain model. Second, be sure you get all the equipment and conveniences that you'd normally

expect to be standard in a car.

Chevrolet's Delray models are the lowest priced in the line. But they're full-size Chevrolets—and they're equipped to do you proud. Nothing else near the price has what's in this package. See and drive this big beauty soon at your Chevrolet dealer's!

New Adult Ceramics Class

Mr. John Fredericks, principal of the Mentone School and Mr. John Ward, teacher of art in the Mentone School have announced that an adult night class in ceramics will be offered at the Mentone School during the winter months if enough people enroll to make such a class worth while.

The class will offer instruction in ceramics for beginners including the slip method, simple molding and simple modeling. Also instruction will be given in decorating and glazing inexpensive pieces of china such as may be purchased at variety stores.

Mr. Ward has a display of many examples of ceramics in the display case in the basement of the Mentone School.

A meeting will be held at 8 p. m. January 27th in the Art Room in the basement of the Mentone School to plan and organize the class. All who are interested in handcraft should attend that meeting. It is suggested that leaders of Scout and 4-H groups would find this class very helpful.

**Burket Lady
Died Monday**

Mrs. Lona Belle Bechtol, 82, lifetime resident of the Burket community, died at 2 o'clock Monday at the Prairie View Nursing home in Warsaw of complications. She had been ill for the past five years.

Mrs. Bechtol was born June 22, 1875, the daughter of Lewis and Nancy (Jones) Goshert. She married Joseph A. Bechtol who preceded her in death in 1924. Mrs. Bechtol was a member of the Methodist church of Burket.

Surviving are one son, Dwight, of Burket; one granddaughter, and one niece, Mrs. Erastus O'Neal of New Paris.

Two sisters, Cora and Melissa Goshert, and one brother, Oliver Goshert, preceded her in death.

Services were held at the Methodist church in Burket at 2 p. m. Wednesday. Rev. Lloyd Wright officiated. Burial was in the Palestine cemetery.

New Daughter

Mr. and Mrs. C. W. Wade of California are the proud parents of a baby girl named Jeanie Marie, born January 11th weighing six pounds twelve ounces. The mother was formerly known here as Myra Bucher. Mr. and Mrs. DeWitt Gates of Auburn, California are the grandparents.

With the Sick

John Fenstermaker was able to return home Wednesday after being a patient at the Woodlawn Hospital since last Thursday. He was suffering with a heart condition.

Richard Dickerhoff was able to return home Monday from the Murphy Medical Center, where he was recovering from pneumonia.

Mrs. Lillie Eaton was admitted to the Murphy Medical Center Monday because of injuries sustained in a fall at her home. She can be addressed at room 209.

Engaged

Mr. and Mrs. Leland Miller, of Warsaw, announce the engagement of their daughter, Nancy Ruth to John Smith, son of Mr. and Mrs. Roy Smith, of Mentone. They will be married March 22 at the Warsaw First Brethren Church.

**Institute Set For
Feb. 12 and 13**

The annual Newcastle Township Farmers Institute, a high light of the winter season in Fulton and adjoining counties, will be held this year on Wednesday and Thursday, February 12 and 13.

Noel Simpson is chairman of the 1958 Institute, which draws hundreds of visitors at its annual presentation.

This year's program has been revised, the morning meetings being eliminated.

The sessions will be limited to two in the afternoon and two more in the evenings. Watch for the program in the near future.

**TO ORGANIZE A
CLASS IN CERAMICS**

We again remind our readers that all who are interested in an adult class in ceramics, are to meet in the art room at the Mentone school Monday evening, Jan. 27 at 8:00.

RETURNS HOME

Mrs. Smantha Endsley, employed in the Mars Tucker home, has been released from the Woodlawn hospital at Rochester.

HAS MINOR SURGERY

Mrs. Zanna Hammer underwent minor surgery at the Woodlawn hospital Monday. She returned to her home east of Mentone Tuesday.

HOME FROM HOSPITAL

Roslyn Wagner, daughter of Mr. and Mrs. Mervin Wagner, was dismissed from the Murphy Medical Center last week. She was suffering from a gland disorder.

**VIRGIL COOPER TO TRAVEL
FOR CHICAGO FIRM**

Virgil Cooper, who has been associated with his brother in a variety store in Mentone for the past six years, announces that he has accepted a position with the A. C. McClurg & Co. firm of Chicago as their representative in Central Indiana. The firm has a large and complete line of variety and stationery merchandise.

Saturday will be the last day for Mr. Cooper in the local store. The family will continue to live in their new home located just north of Mentone on Road 19.

**Shots Fired
In Arrest Here**

Night Marshal Gene Norton had a busy time for a while Saturday night after he was called to the Kling Auction to take care of Rube Arnett who was using profane and abusive language before a mixed crowd.

Arnett, aged 25, is a newcomer to Mentone and rooms above the drug store.

Officer Norton ordered the man to quiet down and leave the auction building, and when he would not obey, the officer attempted to remove him from the building when he broke away and ran out the back door. After catching him a second time, the man broke away and ran. Norton fired three shots into the air to halt his escape, and Arnett stumbled and fell. Arnett broke away a third time and locked himself in his room where State Troopers John Hammersley and Dick Henderson helped to get him out of the room and place him under arrest.

Arnett was arraigned before Justice C. O. Eller Sunday morning on charges of using obscene language in a public place, by Roland Kling, operator of the auction, as well as public intoxication and disorderly conduct. He was fined a total of \$19 on each charge and sentenced to serve 19 days in the county jail or until the fines were paid.

Monday Sheriff Latta reported that the fine and had been paid and Arnett released, and advised Justice Eller that he had the fine money. However, Eller stated that the case is still open on his docket and will remain so until such time as the fine is paid to his office.

**President Of
Rocket Society**

Donald L. Emmons, son of Mrs. Perry Swick of Akron, Indiana, will assume the presidency of the Indiana Section of the American Rocket Society on Jan. 31. He is now secretary and banquet chairman of the organization.

Emmons graduated from Mentone High School in 1950, and received a bachelor of science degree in Mechanical Engineering in 1956. He is now working on an advanced degree at the Jet Propulsion Center at Purdue University.

**Jr. High
4-Way Tourney**
By Roger Mollenhour

A 4-way tourney was held last Saturday afternoon and evening between Atwood, Etna Green, Leesburg and Mentone Jr. high teams on the Etna Green floor. Mentone played Leesburg in the first round and played a real good game.

Etna Green won over Atwood so Saturday night Mentone played Etna Green. Etna Green came out the winner.

Scores by Quarters:

Mentone	14	24	34	50
Leesburg	6	13	21	23
Mentone	2	9	14	18
Etna Green	11	13	16	23

**STUDENT AT ISTC ON
THEATER CREW**

William E. Lee, R. No. 1, Silver Lake, is a member of the technical crew on the set of "The Lady's Not for Burning," a Christopher Fry comedy now playing on the campus of Indiana State Teachers College.

Lee has charge of the lights for the play which concerns a discharged soldier who has a desire for death and a girl accused of witchcraft.

A sophomore at the college, Lee is majoring in social studies. He is a 1956 graduate of Mentone High School.

**Molebash -
Hoffman**

Mr. and Mrs. Dale Molebash are residing in Claypool following their marriage there January 4th in the Evangelical United Brethren Church.

The double ring ceremony was performed by the pastor, Rev. Robert Lunday, in the presence of 125 guests.

Miss Connie Kay Harris, of So. Bend, was Maid of honor and Ted Shull served as best man.

Mr. and Mrs. Gilbert Hoffman, Claypool are the bride's parents, and Mr. and Mrs. J. H. Molebash of Etna Green are the groom's parents.

Mr. Molebash graduated from Mentone high school and served with the armed forces in England and Germany. He is employed by White Metal Rolling and Stamping Company. Mrs. Molebash graduated from Claypool high school last spring and works in the office of Warsaw Appliance and T. V.

**Vernal Cole
Died Wednesday**

Vernal L. Cole, aged 53 years, died at 8:30 Wednesday morning at the Murphy Medical Center after an illness of four months with carcinoma.

Mr. Cole was born in Howard County Oct. 13, 1904, the son of Joseph and Etta (Troyer) Cole, and had spent the past 30 years in Kosciusko county. On May 21, 1927 he was married to Beulah Ush. Recently he was manager of the Co-Op. feed mill at Mentone. He was a member of the Mentone Methodist church, Sidney Lodge No. 579 F. & A. M., and the Moose Lodge at Warsaw.

Surviving besides the widow is one daughter, Mrs. Byron (Joann) Doran, Burket; two grandsons; his mother, Mrs. Freeman Lineback, Kempton, Ind.; one brother, Paul, of Fairmount; two sisters, Mrs. Victor Lee of North Manchester and Mrs. Esther Dildore of Indianapolis. One grandson, Byron Carey Doran, preceded him in death.

Funeral services will be held at the Mentone Methodist church, Friday afternoon at 1:30, with Rev. Milton Persons, the pastor, officiating. He will be assisted by Rev. Raymond Wilson, pastor of the Atwood EUB church. Burial will be in the Palestine cemetery.

Friends may call at the Johns funeral home after 7:00 p. m. Thursday.

Co. Firemen Meet

The County Firemen meeting was held Thursday, January 16, at the Atwood Fire House.

13 of the 14 Departments were represented. There were 45 present. During the meeting the new road marking throughout the county were discussed. After the meeting Mr. Don Poulson of Etna Green ran a series of colored slides taken during his trip around the World. They were most interesting. After the pictures excellent refreshments were served by the Atwood Department.

Motorists who may have to drive through water, mud, loose sand and snow, or on ice, should try to keep the car in steady motion as traction is much easier to keep than to regain. To keep traction, motorists need steady pulling and moderate power rather than speed, the Chicago Motor Club advises. On slick roadways, it often is easier to gain traction by starting in a higher gear.

B. D. Better Daughters Meet

The Beaver Dam Better Daughters met at the home of Karen and Sharon Heighway on January 13. Karen Latimer, the president, opened the meeting. Pledges were led by Karen H. and Marianne Tipmore. Marilyn Horn and Karen H. gave the secretary and treasurer's reports. Old and new business were discussed. Betty Smith told how to make candies and showed two she had made. Mrs. Dale Nellans gave us a very interesting talk on crafts and showed us some things she had made. Karen and Sharon H. gave demonstrations. Marilyn H. led in group singing. Betty Bibler and Marianne led the recreation. Linda Smalley gave a Health & Safety lesson. Delicious refreshments were served to 14 members and two leaders with one mother also present.

On January 6, Karen and Sharon H., Karen L., Betty Sand, and Rita Lockridge attended the Junior Leader meeting from our club.

Auxiliary Hears Of Girls State

Experiences at the Hoosier Girls State were described by Miss Sue Shoemaker and Joyce Hathaway at a meeting of Mentone Unit of the American Legion Auxiliary which was held at the Legion Home on January 14th. Miss Shoemaker and Miss Hathaway were citizens of Hoosier Girls State under the sponsorship of the Auxiliary Unit, and The Epsilon Chapter of Psi Iota Xi and two of more than 975 specially selected high school juniors who practiced the operation of democratic government at Auxiliary Girls State, June 22—Jan. 30, 1957. A film of the 1957 Hoosier Girls State was shown.

Girls States were held in every state and the Panama Canal Zone, according to Mrs. Opal Nellans, Girls State Chairman of the local Auxiliary Unit. The girls attending were selected for potential leadership abilities and the training program was designed to give them practical experience in political and governmental affairs. Two girls from each girls State attended the Auxiliary sponsored Girls Nation in Washington, D. C., last July. Miss Lana Kay Ruegamer, Lafayette, Indiana Governor of Hoosier Girls State and Miss Linda Elizabeth Marshall, Ft. Wayne, Indiana, Outstanding Girl Stater, represented Hoosier Girls State.

Both girls were very much impressed with their experiences at Girls State and would like to

encourage any girl that has the good fortune to be chosen to consider it a special privilege to attend.

Listed In "Y" Publication

The January Issue of the Wilson Avenue Department of the Chicago YMCA carried a feature article on James Mentzer, son of Mr. and Mrs. M. O. Mentzer of Mentone.

James is with the Cummins Chicago Corporation, manufacturers of office machines equipment and lives in Park Ridge.

The feature article read as follows:

"James Mentzer, like many industrial executives in this community, does not live in Ravens-

wood, himself. However, he feels that local industry should assume some of the responsibility for maintaining a constructive environment in the neighborhood in which it is located.

"With this philosophy in mind, Mr. Mentzer accepted the chairmanship of the Business and Industry division of the Wilson Avenue YMCA Finance Campaign, which begins the end of this month.

"A native of Indiana, Mentzer attended Indiana University, where he participated in YMCA activities and fund drives. He is secretary-treasurer of the Cummings Chicago Corporation, and has been with the organization that owns this company since 1935.

"Mentzer was elected to the Wilson Y Board of Directors two years ago, filling the place of Paul Jones, president of Cummins.

"In addition to his YMCA activities, Mentzer is financial secretary of the Methodist Church of Park Ridge, the community in which he lives, and a member of the Executive Club of Chicago. His wife, Mildred, assists him with his church duties and works on local fund raising campaigns. They have two children—John, 19, a student at De Pauw University, and Mary, 17, a senior at Maine Township high school."

Home Ec. Club Meets

The Friendly Neighbors Home Demonstration Club met at the home of Harold and Thelma Eaton, January 9, with 17 members present.

The pledge to the flag and home economics creed were recited and "America the Beautiful" was sung. Meditation was given by Altha Harrold. Maude

Romine read the history of the song of the month, "Let There Be Peace On Earth". The president, Mary Shirey, gave the lesson, "What's New in Home Economics." Each club member filled in her program book for the year. It was announced that our Christmas toys went to the Salvation Army for distribution. Refreshments were served by the hostess, assisted by Maude Romine.

Barrow Show Feb. 11 and 15

One of the top events of the year for Indiana swine producers—the ninth annual Hoosier Spring Barrow show—will be held at Indianapolis, February 11 and February 15.

Sponsors of the two-day show are Purdue University's agricultural extension service, Kirigan's Incorporated and the Indiana Swine Breeders' Association. Premiums provided by the latter and cooperative breed associations total more than \$5,000. Officials from each of the national swine associations are expected to be on hand to present awards to winners in their respective breed classes.

Designed to promote development of desirable market-type commercial hogs, the show has

"on foot" and "carcass" divisions in order to test the live appearance of the barrows against their carcass value.

MARKETING CLINIC AT PURDUE FEBRUARY 19

Automation, integration and regulation in agricultural marketing during the next 10 years will be the theme for the second marketing clinic for management personnel, February 19th at Purdue University.

Invited are persons directly concerned with grain, dairy, poultry, livestock and meat marketing.

At an information packed gen-

eral session in the morning, state and national leaders will discuss what is expected in automation, integration and regulation of agricultural marketing and how to meet the changing situation.

Will Address Farm Women

Miss Abigail Van Buren, San Francisco, known to thousands of women across the land as "Dear Abby," newspaper columnist, will come to Indianapolis February 25 to address an expected 3,000 Farm Bureau women. This address will be one of the highlights of the event which will close the next day noon. Her subject will be "The Trouble I've Seen."

Plans for the annual Women's Conference of the Indiana Farm Bureau include also a style show, a variety of entertainment, official messages and another address by Mrs. R. P. Matchett, international relations chairman of the National Home Demonstration Council. Mrs. Matchett, who comes from Covington, Kentucky, recently returned from a trip around the world and will report

on that journey amplifying her report with slides.

Mrs. Guy E. Gross, Whitley county, who is chairman of the women's department of the Bureau, is very enthusiastic about the Conference program and the variety it offers.

Prior to the evening program, the county women's leaders will be hosts to the county home demonstration agents of the state at a dinner in the Athenaeum.

George Doup, newly elected Indiana Farm Bureau president, Glen W. Sample, the new vice-president, and Mrs. Gross will deliver official messages during the two-day event. Governor Handley will bring greetings from the state.

Enjoy Supper

A Chili supper was enjoyed by the Builders Class of the Methodist Church. The supper was held on Sunday evening, January 12.

Jim Tibbets, our president, conducted the business meeting. Our class decided to purchase 10 copies of the "Book of Worship" to be distributed throughout the church sanctuary. It was decided that next month be guest night.

A variety of games were enjoyed by all present.

Mr. and Mrs. David Cooper and Mr. and Mrs. Eugene Sarber were hosts and hostesses, to the 29 class members present.

A good time to haul sawdust or corncobs for mulching around trees and shrubs is when the ground is frozen, Purdue University horticulturists assert.

Club Meets At Barkman Home

The Mentone Demonstration Club met on Thursday, January 16 with Mrs. Mary Barkman. Ina Blue was co-hostess. The meeting was called to order by the vice-president, Mrs. Helen Weirlock the group giving the pledge to the flag repeating the creed and singing America, The Beautiful.

Meditation was given by Mrs.

Ina Blue as she read a poem, "The Clock of Time." Mrs. Olive Tucker read the history of the song, "Let There Be Peace On Earth." Health and Safety report was given by Mrs. Grace Sullivan. Mrs. Pearl Horn, president, presided at a business session at which committees were appointed for the year. Delicious refreshments were served to 12 members and four guests. Mrs. Neva Cooper, Mrs. Othie Swick, Mrs. Wilson and Mrs. Geneva

Burris and Tim and Pam Coleman.

The meeting was closed by repeating the club collect.

Farmers who plan to advertise seed for sale next spring should get the samples tested now, so when the season arrives, seed will be ready to merchandise. Purdue University tests the seed without charge. County agricultural agents can furnish envelopes for mailing samples, instructions for drawing samples and questionnaires for identifying them.

Shearing School Jan. 27 and 28

The annual state sheep shearing school will be held Jan. 27-28 at the Ross McKee farm, three miles east and one-half mile south of Kentland, according to Henry Mayo, Purdue University extension animal husbandman.

The first day will be reserved for beginners and the second day for beginners and professionals. Each person enrolled will have an opportunity to shear several sheep under supervision, Mayo said. Sharpening and care of equipment will be demonstrated each day.

Mayo said the beginners' course will fit sheepmen to shear their own flocks. Shearing can be a profitable sideline for young farmers who become proficient, he added.

Ed Warner, agricultural representative of the Sunbeam Corporation, Chicago, will give demonstrations and assist in the school.

There is no registration fee for the school. Farmers who plan to attend are requested to register in advance with Russell Zel, county agricultural agent, Kentland.

Shower For Mrs. Rupert

A miscellaneous shower was held at Harrison Center Church for Mrs. Paul Rupert of Huntington. Mrs. Rupert is the former Sue Blackburn, daughter of Mr. and Mrs. Lester Blackburn.

MENTONE HIGH SCHOOL BASKETBALL

By Larry Teel

The Etna Cubs handed the Bulldogs from Mentone their 8th set-back of the season Friday night on the Etna Green floor.

The Bulldogs matched the Cubs point for point for the first 6 minutes of play and then fell behind due to an 8 point output by Terry Abell, who totaled 18 for the game. The Cubs took a 20 to 13 lead as the first quarter ended. Outscored 24 to 16 in the second quarter and took a commanding 44-29 advantage at the close of the first half. Continuing to score well from the floor the Cubs romped to an easy 75-53 win.

The scoring for Etna Green was well balanced as Larry Heislter, Abell and Ronnie Hoffer all scored well up in the double figures. Mentone was led by Jim Manwaring and Tim Utter who scored 16 and 14 points respectively. The second team game was close all the way, but Mentone ended up on top 33 to 29 as Jim Teel and Dick Long scored 10 and 9 points respectively for the local squad.

The Bulldogs are host to the Silver Lake Ramblers this Friday night.

IN JUSTICE COURT

On Sunday morning at 9:00 a. m. following a disturbance on Saturday night at the Furniture Auction, Rube Arnett, of Mentone, was arrested and arraigned before Justice Eller, on three separate affidavits, one filed by Roland Kling against Arnett charging using obscene and licentious language in a public place and in the presence of female persons. A fine of five dollars and costs was assessed by the court on a plea of guilty to this charge.

Affidavits were filed by Officer Gene Norton charging Arnett with public intoxication and resisting an officer, to which guilty pleas were entered and a fine of one dollar and costs was assessed in each case.

The defendant being unable to pay the fines, was committed to the county jail for non-payment of fine and costs, for a maximum of nineteen days, pending payment of the fines.

NAMES UNFAMILIAR TO FORMER RESIDENT

Susan Dunlap Berard, of Long Beach, California, in sending in her renewal to the News for another year, says "the names now appearing are, with very few exceptions, unfamiliar to her, as she left Mentone in 1920. She graduated from our school in 1919. She is a sister to Max Dunlap of Palestine.

Mrs. Berard has lived in California for the past 17 years, and reports their weather has been lovely there for some time. It has been in the high 70s daily for several weeks.

Re-elect Bank Officers Here

A. I. Nelson, Mentone, was re-elected president of the Farmers State Bank at Mentone at a recent meeting of the board of directors and stockholders.

Mr. Nelson recently was also re-elected president of the First National Bank in Warsaw.

Directors re-elected by the stockholders were Mr. Nelson, K. A. Riner, Charles L. Manwaring, Forrest D. Miner and Floyd E. Tucker, all of Mentone.

Officers re-elected in addition to Mr. Nelson were K. A. Riner, executive vice president and trust officer; Fred W. Marty, vice president; Forrest D. Miner, vice president and cashier, Donna-gene Dillman, assistant cashier. They were elected by the directors.

Officials stated that the bank's resources were in excess of four million dollars for the first time since the bank was founded.

MEN'S GLEE CLUB AT ROCHESTER

The University of Michigan's Men's Glee Club, under the direction of Philip Duey, a former Fulton county boy, will make its only Indiana appearance this season at the Whitmer gym, Rochester, Thursday night, Jan. 30th, starting at 8:00. It is sponsored by the Rochester Lions Club and admission will be \$1.00 for adults.

Spring Barrow Show Dates

Producers of Indiana's top farm product—market hogs—will compete for blue ribbon honors in the ninth annual Hoosier Spring Barrow show at Indianapolis, February 11 and February 15.

Dick Hollandbeck, Purdue Extension swine specialist, reports that lightweight, 190-215 pounds, and medium weight, 216-240 lbs., barrows will be judged as individuals, in pens of three and truck loads at the "on foot" show in the swine barn at the state fairgrounds, Tuesday, February 11.

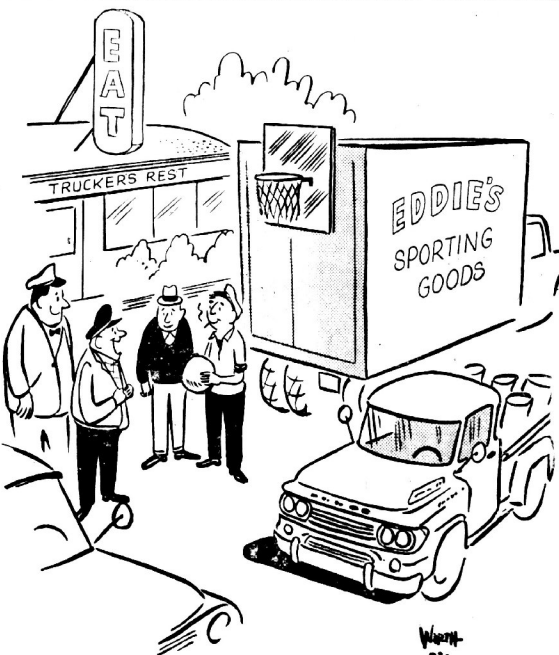

Four days later, Saturday, February 15, the best will be rated in the carcass contest at Kingan's main plant on West Washington Street.

Sponsors of the two-day show are Purdue University's agricultural extension service, Kingan's Incorporated, and the Indiana Swine Breeders' Association.

Cooperating breed associations and the packer-sponsor are offering premiums of more than \$5,000.

Entries close Feb. 1, according to Hollandbeck, and must be postmarked not later than the Feb. 1 date and mailed to Kingan's main plant.

BEAVER DAM HIGH SCHOOL

BASKETBALL

By Roger Nellans

After leading throughout, the Beavers blew a seven point lead in the final minutes of the game to lose to a scrappy Claypool quintet, 67-64, Friday night, January 17, on the Beaver Dam court.

The first quarter ended in a 15-15 deadlock, after which the Beavers marched to a 32-27 half time advantage. The Beavers maintained their lead in the third quarter, leading 47-42, but Claypool came on with a 25 point attack in the final period to snatch the ball game. George England and Ronnie Hoppas led Claypool's scoring with 19 and 17 points. Marlin Valentine led the Beavers with 20 points, Larry Bibler was held to two field goals but connected on 14 of 15 free throw attempts to finish with 18 points.

D. A. R Meets

Tuesday evening The Anthony Nigo Chapter, D. A. R. of Mentone held their January meeting at Pete's Restaurant with Mrs. Sherman Bybee, Mrs. Emma Gill Mrs. Bernice Rush and Mrs. Kenneth Riner as Hostesses.

The meeting was called to order by Regent Mrs. Eldred Paulus with ritualistic service being given and one verse of "The Star Spangled Banner" was sung.

Mrs. Vera Kelly read the president general's message. Mrs. Kenneth Riner, our National Defense Chairman, gave a complete article on Government Shadow on Education from American Mercury Magazine. Mrs. Dale Cook, American Indians Chairman, read a letter asking us to make a free will offering to St. Mary's Special Fund. \$4.25 was collected for this D. A. R. Indian School. Used Christmas Cards were also collected to be sent to our Indian Schools.

It was voted to give \$5.00 to the D. A. R. Mag. for advertising and \$1.00 to Investment Trust Fund, by so doing we filled all necessary requirements thereby entitling us to be placed on the D. A. R. Gold Honor Roll.

Mrs. Ray Linn was in charge of the Program which was built around "Trees" since forestry plays such an important part in our Conservation program. The forest lands of the U. S. cover more than 625 million acres. We have more than 1,100 species of trees. Europe has only 85. Ohio alone has twice as many kinds of trees as Germany.

Morris K. White, pianist, opened the program with a medley of the following numbers.

Memories, Trees by Joyce Kilmer, Trail of the Lonesome Pine, My Garden, In the Shade of the Old Apple Tree, A Shady Tree, A Tree in the Orchard and Memory Lane. Everyone enjoyed these numbers very much as Mr. White has rare musical ability.

Famous and historical Trees were given 1st by Mrs. Garwin Eaton who gave Famous Oak Trees, a few mentioned were: The largest oak tree is "The Hooker Oak" in Chico, California, "The Charter Oak", This giant tree is thought to have been nearly 2000 years old at the time of its destruction. "The Ruskin Oak" at Ocean Springs, Bixby, Miss. "The Evangeline Oak" spelling romance, "Royal Arch Oak" in Florida, "Indian Guide Oak Tree" at Royal Oak, Michigan, "Louisiana Live Oak Society". The members are all trees. Each member must have a human sponsor and be 100 years old or more. The dues are 25 acorns a year. These acorns are planted and Seedlings distributed.

Mrs. Miles Manwaring gave Elms, Cedars, Giant Redwoods of California and others. A few of the Elms mentioned were:

"Washington Elm" in 1775 at Cambridge, Mass. Gen. Washing-

ton took command of the Continental Army under this tree. "Tree of Beauty" Elm tree in Washington square at Greenwich Village, N. Y. City. This tree was 87 years old when Columbus discovered America and under its shade Gen. Washington drilled his volunteers.

"McGuffy Elms" planted by William McGuffy, author of McGuffy Readers and Pres. of Ohio University, planted on campus of Ohio University.

"The Webster Elm" planted by Daniel's father about 1761 at Franklin, N. H.

Mrs. Fred Surguy told other in-

teresting facts about trees and gave each State's Tree. The tulip tree, Indiana's tree, is used in making postal cards.

Mrs. Linn then mentioned another tree, "The Family Tree" which is valuable to and very carefully preserved by The Daughters of The American Revolution.

Our guest, Mrs. Paul Hamlin of Etna Green closed the program by showing beautiful colored slides of scenes taken along the Tippecanoe River and some of the Indiana State Parks.

Mrs. Hamlin has spent much time and effort through the

years in obtaining the unusual and beautiful in these pictures.

Delicious refreshments were served by the hostesses, our meeting then adjourned to meet February 11th with Mrs. Ray Linn, Mrs. Arthur Brown assisting.

Recent callers at the home of Mr. and Mrs. Cloyd Kercher were Rev. and Mrs. Claybaugh of Argos, Mr. and Mrs. Wayne Alexander, Mr. and Mrs. Vance Lytle and family, Mr. and Mrs. Cecil Hoffman, Mrs. Myrtle Geim, Mrs. Sarah King, Mrs. Ruth Heighway and Mr. and Mrs. William Unzicker.

City Block Burned Here 56 Years Ago Sunday

Mahlon Mentzer gave us the information today that 56 years ago next Sunday night a fire destroyed all the buildings except one on the north side of Main street from the present post office corner to the Sinclair station. It is reported that the fire started in a building where a number of men were gambling.

The Mentone Library has a file of old Mentone newspapers, and the following information was found in the Tri-County Gazette of February 6, 1902:

A HOT TIME IN THE OLD TOWN

Eleven Business Rooms and
Two Dwellings Reduced to
Ashes in a Few Hours

LOSS ESTIMATED AT \$10,000

The Mercury at 8° Below Zero And the Fire Engine Frozen.

About 10 o'clock last Sunday evening when most of the people of the town were in bed the cry of fire was given. One glance in the direction of Whiteside's pool room, in Mrs. Robinson's building revealed the red-tongued flames leaping high from the back portion of the structure. One look was sufficient to decide the fate of the wooden row on the north side of Main street. A rush to the engine house revealed the interesting fact that the fire truck had been left full of water and was frozen solid. The next hope was in the hook and ladder outfit which was put into use. The fire bell could not be used because the rope was frozen fast. The electric light plant gave the alarm by vigorous schreeches which awoke a part of the people of the town who responded to the call and did everything possible to save some property. The Robinson building was occupied on the lower floor by the pool room and Al Leslie's barber shop while the second floors were occupied as living rooms by the families of Mr. Leslie and Mrs. Robinson who owned the building. The adjoining building on the east was occupied by Cal Shinn's meat market below, while his family lived upstairs. These two buildings were so quickly enveloped in flames and filled with smoke that the occupants barely had time to make their escape and were only able to save a small part of their clothing. In

the rooms below Whiteside lost his three pool tables Leslie saved his barber outfit, but Mr. Shinn lost the greater part of his tools and stock of meats. Some of his fresh meat upon the hooks was carried out but all his salt meats, fish and canned goods were lost also his books and accounts. The next three rooms to the east were Aughinbaugh's Harness Shop, Mills & Poulson's barber shop and Mentzer's grocery. From these the goods mostly was removed. Charley Hubler's lived over the Harness shop and only saved part of their goods. Uncle John Richmond's who lived over the corner grocery lost most of their kitchen furniture including their stoves, carpets, canned goods, etc.

West of the Robinson building was Jefferies' furniture store. The upper and lower floors were crowded with goods. Only the stock on first floor was removed. C. E. Turner's restaurant across the alley was next in line. Their goods below were mostly removed and a few of their household goods upstairs. The Hamlett building, vacant below but occupied by Harvey Kessler, on second floor. His goods were mostly saved. Next came Dgwell's saloon. His stock consisted of wet goods and would not burn but the building went up in smoke just the same. John King, who lived upstairs saved his goods. The building belonged to J. M. Reed who now lives at North Judson. By hard work, the fire was stopped here and the Harris livery barn which came next was saved. This finished the business rooms on the north side of Main Street but on Broadway north from Mentzer's grocery the Bogness residence occupied by Geo. Warren was burned. The next was Mrs. C. A. Stoner's residence and millinery store. A hard fight was made to save the building but to no avail. The goods were removed but the house went down. E. M. Eddinger's brick residence came next and here the fire was checked. Several barns, woodhouses and other out buildings were included in the conflagration.

Levi Jefferies was perhaps the heaviest loser. He estimates his loss at \$4,000, with \$1,000 insurance. Mrs. Rose Boggess, who owned the corner grocery building and the small residence north

Fiftieth Wedding Anniversary

On February 2, 1958, at their home at 116 W. Harrison St., in Mentone, Indiana, Mr. and Mrs. C. O. Eller will hold open house to which the public is cordially invited, from 2:00 p. m. on in commemoration of the fiftieth anniversary of their marriage which occurred in Warsaw, Indiana, February 5, 1908, with Justice of the Peace William H. Eller, grandfather of Mr. Eller, officiating.

Mr. Eller was born at Sevastopol on October 9, 1888, to Thomas J. and Emma D. Eller. He attended school at LaFontaine, Indiana, Arcadia, Ohio and New Haven, Indiana. He left school while in the second year of high school at thirteen years of age. The next few years he was engaged in varied activities; farm work, carpenter work, etc.

On February 5, 1908 he married Miss Blanche Welch, daughter of Mr. and Mrs. Benjamin F. Welch prominent farm family living north of Mentone in Harrison Township, where Mrs. Eller was born on November 5, 1886.

Mr. and Mrs. Eller began housekeeping on a farm now owned by Mr. Orlen Deaton, located northeast of Mentone. Within the first year of their marriage they moved to the Benjamin Welch farm where they resided most of the next 28 years.

Eight children were born to them during this time; Leonard E., 49, now residing near Pem-

berville, Ohio, Mrs. Charles Gordon, 43, south of Warsaw, Carroll M., 41, of south of Atwood, Richard O., 39, of Odell, Indiana, Mrs. Walter Miekley, 37, of Chicago, Robert C., 35, of Greentown, Indiana, Lewis Q. deceased, and Mrs. Winifred Bussey, 26, of Warsaw. They also have 13 grandchildren.

Mr. and Mrs. Eller have been members of the First Baptist Church of Mentone for over 52 years. Both have been very active in the work of the church over the years. Mrs. Eller was, for several years, a teacher of a primary class in the Sunday School. Mr. Eller has taught a Men's Bible Class for 25 of the last 30 years. He has been very active in choir and other vocal work all through the years. For the past 25 years, Mr. Eller has held the office of Justice of the Peace for Harrison Township, an office which has been traditional in his family; his being the third generation to have held the office, totaling approximately 100 years.

For some 20 years, while on the farm, Mr. and Mrs. Eller were engaged quite extensively in the poultry and egg business, during the early development of the commercial egg industry in this section.

In addition to the farm activities, Mr. Eller engaged in carpenter work as a side line through

Earl Bidelman Died Sunday

Earl Bidelman, aged 71 years, died at his home in Sevastopol Sunday morning of complications. He had been in poor health for the past four years.

Mr. Bidelman was born in Sevastopol March 14, 1886, the son of Charles and Mary (Vandermark) Bidelman and spent his entire life in that community.

His first wife, Domie Lackey, died in 1926 and he was later married to Bess Hamilton of So. Bend, who survives. Mr. Bidelman was employed at Armours in Rochester for many years.

Surviving in addition to the widow are three sons, Gerald of Indianapolis, Don of Mishawaka and Ernest Hamilton of South Bend; one daughter, Mrs. Robert (Ruth) Hendway, of south of Mentone; one brother, John of Claypool, and a sister, Mrs. Lloyd (Fern) Rickel, Mentone. Two small daughters preceded him in death.

Funeral services were held at the Johns funeral home at 1:30 Tuesday afternoon, with Rev. O. E. McSherry, pastor of the Burket EUB church, officiating. He was buried in the Mentone cemetery.

Infant Dies

Brenda Jo Anne Jameson, 11 month old daughter of Mr. and Mrs. Claude Jameson, Jr., of Talma, died at 9 a. m. Monday at the home of her parents. Death, which came suddenly, was due to coronary embolism.

Born Feb. 18, 1957, the baby's mother is the former Harriett Ann Fultz. Surviving beside the parents, are the paternal grandfather, Claude Jameson, Sr., Talma; the maternal grandparents, Mr. and Mrs. Roy Fultz of Rochester and three aunts.

Funeral services were held Wednesday at 10 a. m. in Zimmerman Bros. funeral home at Rochester with the Rev. C. A. Underwood officiating. Burial was in the Claypool cemetery.

CLUB CALENDAR

The Psi Iota Xi Sorority business meeting will be held at the Bank instead of Pete's Restaurant as stated in last week's paper. Mrs. Anderson is hostess February 4th.

J. O. Y. Circle will meet Tuesday morning, Feb. 4th at 9 o'clock at home of Mrs. Charles Manwaring.

First Bell Award Winner

Dr. Kurt H. Hohenemser, of St. Louis, Tuesday became the first recipient of the annual Grover E. Bell Award for outstanding work in the field of helicopter development.

The award was established by the late Lawrence D. Bell in memory of his brother Grover, an early pioneer aviator who lost his life in an airplane accident in California in 1913.

Leston Faneuf, president of Bell Aircraft Corporation, presented the award to Dr. Hohenemser at the Honors Night dinner of the Institute of the Aeronautical Sciences in the Sheraton-Astor Hotel of New York.

Dr. Hohenemser, chief aeromechanical engineer, Helicopter Division, McDonnell Aircraft Corporation, received the 1957 Bell

Award for his contributions to the XV-1 convertiplane. The official citation read:

"For outstanding achievement in solving the complex dynamic problem required in the development of the world's first successful convertiplane, the XV-1."

Dr. Hohenemser had the responsibility for background research of the XV-1 as well as the aerodynamic and dynamic design. He supervised full scale wind tunnel testing and whirl testing of the XV-1 rotor, as well as experimental flight testing of the convertiplane.

His special design contributions to the craft included the rotor hub configuration, the rotor speed control for high advance ratio operation and longitudinal control.

Dr. Hohenemser came to this country in 1947 from Germany where he graduated from the Technical University in Darmstadt. He served as a research fellow and lecturer at the University of Goettingen. He worked for Fieseler Aircraft and was a consultant to Anton Flettner for helicopter development.

Free Booklets For Drivers

Do you know someone who had a difficult time with the new mandatory driver examination required by Indiana law? The regulation is not intended to limit the number of persons privileged to drive, but rather, to ascertain that those who drive will drive safely.

Some take the old "law of aver-

age" attitude: "If you're going to get killed, you'll get it." But what do they say for the many persons who become hospitalized out of work, or permanently disabled? These consequences are often more tragic and costly than fatalities.

While the "nut that holds the wheel" is considered the chief cause of most wrecks, more often the driver is innocent of any wilful intent to harm anyone. Physical defects, of which the driver himself is often unaware, are the leading factors in driver-caused accidents.

The Purdue agricultural extension service offers without charge "What Makes a Good Driver," a booklet revealing some of the major physical defects and how a driver can compensate for them. These impairments include slow reaction, deafness, incapacitated limbs and poor vision, color blindness, slow glare recovery, near or far sightedness and poor depth perception.

"First Aid for Traffic Accident Victims" is a booklet telling how to administer first aid to an accident victim. Numerous injured persons have been permanently disabled or caused to die because of improper handling and incompetent first aid. Information in this booklet is applicable for other accidents too—falls, machinery mishaps and injury inflicted by animals.

"What Makes a Good Driver" (FS-33) and "First Aid for Traffic Victims" (FS-34) may both be obtained free by Indiana residents from the county agricultural extension agent or by writing the agricultural publications office, Purdue University, Lafayette.

Winter driving requires that all motorists do everything slower, the Chicago Motor Club says. Movements and pressures should be slower when handling the accelerator pedal, brake, gear shift and steering wheel.

Crop Summary In Indiana

Stocks of major feed grains and hay on Indiana farms January 1 were smaller than a year earlier, but were above average, state-federal statisticians at Purdue University report.

Soybean stocks were at record levels.

Stocks of wheat, rye and barley were only slightly above last year.

The statisticians said corn stocks of 206,486,000 bushels were two percent smaller than a year earlier, but were 19 percent above the 10-year (1947-56) average.

Stocks of wheat totaled 3,560,000 bushels—four percent above last year, but 41 percent below average. Oat stocks of 22,387,000 bushels were 30 percent below last year and 25 percent below average.

Soybean stocks were estimated at 22,257,000 bushels, or six percent more than last year and 83 percent above average. Previous record stocks were the 21,077,000 bushels January 1, 1957.

Barley stocks totaled 954,000 bushels and were one percent larger than last year and 186 percent above average. Rye stocks of 191,000 bushels were near last year's level, but were four percent below average.

Stocks of hay on Indiana farms totaled 1,914,000 tons and were three percent below those of a year earlier, but five percent above average. Stocks of sorghum grain were estimated at 508,000 bushels and were the highest of record.

Indiana milk production in December totaled 286 million lbs. This was four million above the November total and one million above the total a year earlier. The 10-year average for December is 255 million pounds.

Egg production in December totaled 210 million, six percent below December, 1956. The number of layers, at 12,423,000, was down six percent. The rate of lay at 1,693 eggs per 100 layers was only slightly above the December 1956 rate of 1,689 eggs, the statisticians said.

BEAVER DAM HIGH SCHOOL BASKETBALL

By Roger Nellans

Beaver Dam squeezed by Atwood for the second time this year in a closely contested game, Friday, January 24, on the Greyhound court. Atwood jumped to an early lead which they held till the close of the third quarter when the Beavers managed to tie the game 41-41 and go on to win in the final stanza.

Larry Bibler again led the Beavers with 23 points; although, for the first time this year he had trouble finding the range at the charity stripe, connecting on only 3 of 11 attempts. Jerry Marsh led the balanced scoring of Atwood with 14 markers.

MENTONE HIGH SCHOOL BASKETBALL

By Larry Teel

Despite a desparate 4th quarter rally, in which they outscored the visiting Ramblers 21-11, the Mentone Bulldogs fell victim to a 62-60 defeat, their tenth against six victories.

Led by Ron Drudge, who scored 21 points for the game and seven in the first quarter, the visiting Ramblers grabbed a first quarter lead of 15-12. Continuing to hit from all angles the Silver Lake

team increased their lead to 31-25, at the half way stop.

At the end of the third quarter the score read 51-39 in favor of the Ramblers. Now came the desperation rally by the Bulldogs that fell just 2 points short of tying the game. One bright spot for the local fans was the extended victory string of the second team. Led by Jim Teel and Bob Long, who scored 12 and 10 points respectively, the Bulldog reserves raced to an easy 48-23 conquest, their 14th without a loss this year.

Purdue University agronomists report that Clintland oats resisted a severe crown rust epidemic in 1957. Bentland and Newton were next in resistance. These varieties should be widely planted in 1958. While Putnam is not as resistant to crown rust, yet it is the best early variety for southern Indiana conditions.

Corn Sign-up Is Limited

Victor Hillery, Chairman of the Kosciusko County Agriculture Stabilization Committee, announced today that the allocation for 1958 corn acreage reserve sign-up in Indiana is limited to \$15,441,500. Of this amount, \$315,100 has been allocated to Kosciusko County.

This is to inform the general farm public that sign-up is on a first come, first served basis; that agreements must be signed, and that a Soil Bank base application is not an agreement.

People should understand that even though the final deadline for signing an agreement is on March 7, the county allocation may very well be exhausted prior to that date. In this event, offers of acreage after the allocation is exhausted will be accepted until March 7, and approved subject to the receipt of additional funds.

Alfalfa Blends Are Costly

Purdue University agronomists join with recommendations from other Corn Belt states pointing out that alfalfa blends usually cost more than named varieties of alfalfa and give the purchaser no assurance of superior performance.

Just what may constitute a blend is uncertain. If made up of certified seed of named varieties then the performance of the blend is determined by the varieties used. Seed of uncertified named varieties is often used in mechanical blends. Performance of such blends may be inferior. Recent tests at both the Purdue and Minnesota experiment stations have indicated that uncertified Ranger does not perform as well as a certified Ranger in half of the comparisons made to date.

Ranger, Vernal and Buffalo all are bred for desirable wilt resistance, which means long life. The first two are superior in winter hardiness under Indiana conditions. Atlantic, while lacking wilt resistance, has high yielding ability for the first few years following seeding. It is winter hardy and vigorous and produces leafy growth.

If a farmer feels that he should

plant an alfalfa blend he can buy certified seed of adapted varieties, and do his own mixing cheaper than he can buy a prepared blend, and he will know what he is planting.

Where common alfalfa is used in blends and especially where used to reduce the cost of the seed, such alfalfa is usually less well adapted to Indiana conditions and much more likely to winter kill than named varieties.

Extensive supplies of certified seed, relative seed cost and uncertainties as to what blends include, justify the recommendation of using these superior named varieties. Common alfalfa, unnamed alfalfa lots and uncertified Grimm, should all give way to the use of well-adapted, certified varieties for consistency of performance.

The animal husbandry department at Purdue University says that lambs should be born eight weeks before the pasture season. Then if they have a good home they will weigh 40 to 60 pounds when they go to pasture. If the pastures are good enough and ewes are heavy milkers the lambs can weigh 90 to 100 pounds and top the market before hot weather.

Comments On Bus Storage

Warsaw, Indiana
January 23, 1958

Dear Artley,

Would you please print this information in your next paper. I consider it should be printed so the people will know. There seems to be some misunderstanding and I think this will clear things up.

Yours Truly

H. EARL BOGGS

There seems to be some misunderstanding concerning the school buses and the new bus garage at the Mentone School. Some folks can not understand why the school buses are not stored in the bus garage every day and night.

When the bus routes were bid and the contracts were signed for 2 years there was no bus garage built. The old bus garage would not hold all the buses. It was considered a fire hazard to the school building. There was

a considerable saving to the township when the old bus garage was taken away from the school.

I don't think a township can afford to own nine school buses and not have a place to store them especially in the summer months when they are not being used.

School buses cost a lot of money and they depreciate fast if no place is provided. The new bus garage will hold ten school buses and will take up to 60 passenger if that becomes necessary. The driver training car is also stored in the bus garage.

When the bus routes are bid the next time and the Trustee and Advisory board consider it the best policy to require the buses stored it can be done at that time. It would not be fair to the bus drivers to require the buses stored on the present contracts. They would have to drive their cars each day to get their buses. The bus drivers are not too well paid for their services considering their responsibility.

H. EARL BOGGS Trustee

Aged Lady Dies Tuesday

Mrs. Jessie Woolington, 89, resident of Rochester the most of her life, died at 2 a. m. Tuesday at the McFarland nursing home at Rochester. She had been a patient there for ten years.

Rites were held Thursday at 1:30 p. m. in the Zimmerman Bros. funeral home at Rochester. Rev. George Crane officiated and burial was made in the I. O. O. F. cemetery at Kewanna.

Born in Pennsylvania September 8th, 1869, she was the daughter of James and Martha Gillespie. Her first marriage was to William H. Bectol. His death occurred in 1926. Their nine children preceded her in death. Her second marriage was to George Woolington, whose death occurred in 1940. She was a member of the Plymouth EUB church.

Surviving are three step-children: Lloyd Woolington of Kewanna, and Mrs. Goldie Hammond of Kewanna, and Mrs. Ruth

Hauser, Winamac; five grandchildren, Mrs. Charles Green of Tallma, Mrs. Phillip Hartung of Plymouth, Mrs. Paul Griles of North Webster, Mrs. Ralph Reese of Albion, Milo Yeasel of Columbia City.

HAS OPERATION

Floyd Bixler, Jr. returned to his home Monday after a recent operation for double hernia at the Woodlawn Hospital, Rochester.

IN HOSPITAL

Mrs. Bessie Gross is a patient at the Woodlawn Hospital seeking relief from a severe cold.

"Jack Rabbit" Driving Costly

By obeying traffic laws, driving carefully, and performing acts of courtesy, motorists save \$90 a year while driving to the Chicago downtown area, a study by the Chicago Motor Club shows.

The time and gas study of the club's Safety and Traffic Engineering department was made by a "fast" and a "slow" driver who occupied identical cars with similar engines and equal gas consumption.

Leaving together from the same place, the slow courteous driver and the fast, impatient driver traveled to the Loop four times during the morning rush hours. They approached the city from the north, northwest, west and south sides on different days, by the most popular routes.

On the four runs, the fast car used 2.1 gallons more gasoline, saved an average of only 3.4 minutes, had 5 more traffic delays, traveled 13 miles farther, and averaged only 2.4 m. p. h. faster, according to Matthew C. Sielski, director of the club's engineering department who supervised the tests.

"The results of these tests show that courtesy really pays off," Sielski said. He pointed out that the fast driver not only puts additional wear on the car's tire and mechanical parts, but uses approximately one gallon of gas more each day on an average 30 mile roundtrip.

"At the present cost of gasoline, the discourteous, hurried driver is spending about \$90 a year more than the safe driver," Sielski said. "The anxious driver

also arrives at work fatigued and nervous."

On the four runs, the impatient driver exceeded speed limits, took short cuts at congested intersections, weaved in traffic, took unnecessary chances, and started too quickly as signals changed.

"The time saved coming to work is not worth the risk and expense involved," Sielski said.

New Tomato

A new tomato variety, Caro-Red, rich in vitamin A and distinct from other types presently grown, has been developed by agricultural experiment station research men at Purdue University.

In outside appearance, the new tomato is more orange in color than the usual garden tomato. However, the inside flesh color is orange-red, differing from existing varieties. Caro-Red has an internal color that is intermediate between orange of certain garden types and the red of standard varieties.

In a normal red tomato the color is due to a pigment called lycopene, which has no vitamin value. In Caro-Red, much of the pigment has been replaced with the vitamin-active pigment beta-carotene. Beta-carotene is the vitamin A pigment common in carrots, spinach and other vitamin A rich sources. A single tomato of Caro-Red would supply 1 1/2 to 2 times the minimum daily vitamin A requirement for an adult. This places Caro-Red tomatoes on a par with carrots as an excellent source of vitamin A.

M. L. Tomes, associate professor of genetics in the botany and

plant pathology department at Purdue, and F. W. Quackenbush, head of the bio-chemistry department at Purdue, say that work on the creation of the new Caro-Red tomato variety started nearly 20 years ago. However, recognition of Caro-Red as a true breeding type has been a recent development.

Motor Club Travel Films

More than 1,500 persons from a variety of social, religious and fraternal organizations have viewed the Chicago Motor Club's free travel films since Oct. 1, when the service started.

The club has received 125 requests for the films, which run approximately 30 minutes. The 100 available travel films, for use by any organization with a 16 mm projector with sound and screen, depict life in nearly every country of the world.

The club said that those requesting films should apply 30 days prior to the showing. Because particular films may be booked, the club said applicants get better results by requesting

alternate choices of countries. All films are mailed with instructions for their return.

Janet Reed was to return to her studies at Purdue University this evening after a few days at home on a mid-term vacation.

Don Lyon, of Arcola, spent the week end at the Robert Reed Home.

Give wool-blind sheep a chance, advice Purdue University animal husbandmen. At least shear the wool away around their eyes so that they can see. A sheep is naturally timid. If they are wool-blind, they are helpless.

Should I Force My Child

By J. Edgar Hoover

(The following article, printed in The American Mercury, was submitted for publication by a Mentone citizen.)

Shall I make my child go to Sunday School and church?

Yes! And with no further discussion about the matter. Started? Why? How do you answer Junior when he comes to breakfast on Monday morning and announces to you that he is not going to school any more? You know! Junior goes.

How do you answer when Junior comes in very much bemuddled and says, "I'm not going to take a bath." Junior bathes, doesn't he?

Why all this timidity, then, in the realm of his Spiritual guidance and growth? Going to let him wait and decide what church he'll go to when he's old enough? Quit your kidding! You didn't wait until you were old enough! You don't wait until he is old enough to decide where he wants to go to school or not—to start his education. You don't wait until he's old enough to decide whether he wishes to be clean or dirty do you? Do you wait until he's old enough to decide if he wants to take his medicine when he is sick? Do you?

What shall we say when Junior announces he doesn't like to

go to Sunday School and church? That's an easy one to answer. Just be consistent. Tell him, "Junior in our house we all go to church and Sunday School, and that includes you." Your firmness and example will furnish a bridge over which youthful rebellion may travel into a rich and satisfying experience in personal religious living.

The parents of America can strike a telling blow against the forces which contribute to our juvenile delinquency, if our mothers and fathers will take their children to Sunday School and church regularly.

Mimeo On Brush Control

Are you looking for something to do around the farm during these early winter months?

Now is a good time to kill off undesirable shrubs and trees, according to extension leaflet 358, "Brush Control by Chemicals," a six page brochure. Winter is a better time to apply some chemicals because of less risk to growing crops, it says.

However, foliage spraying should be done during June, July, August and early September. The leaves should be mature but not show fall discoloring.

The leaflet stresses seven major areas to aid the farmer or gardener in his work.

They are the kind of chemicals to use and how to mix them for particular species of unwanted brush; how to use equipment, air pressure, and to avoid over-fog-

ging; how to choose names and other fixtures for a particular job condition; when to apply sprays, the kind of weather, and how to cope with wind to avoid damage to growing crops; how to apply the spray, whether to stump, bush, or tree, but always downward; some cautions—about spraying near plants that are sensitive to a particular spray although not another, and how to clean equipment to avoid diluting another spray with a wrong ingredient.

"Brush Control by Chemicals" is free to Indiana residents who request it by writing to the agricultural publications office at Purdue, or from county extension offices.

Motorists should drive at reduced speeds in freezing weather and be on guard against unexpected icy spots, the Chicago Motor Club says. The roadway may be wet but free of ice where the sun hits it, and hazardous and slippery elsewhere.

Club Meets At Norris Home

The Country Neighbors Club met at the home of Mrs. Leroy Norris for their January meeting.

Mrs. Eleanor Chamberlin, vice president, opened the meeting in the absence of Eleanor Hoover, president, who was ill with the mumps.

The pledge to the flag and Club Creed were repeated. Isabelle Peterson, in charge of Devotions, read "The Four Fold Path." The four parts are Work, Play, Love

and Worship. Roll call was answered by previously assigned topics.

During the business meeting, the secretary and Treasurer's reports were read. A report of the Apron sale was made. Some discussion was held about making aprons to have to sell in the future and also some plans were made for our anniversary party in March. More definite plans are to be made at the next meeting. Cards were signed and sent to some members who were ill.

Dorothy Herendeen and Eleanor Chamberlin were in charge of the entertainment. Contests were held and Kathryn Teel and Elma Zent received the prizes. Mabel Norris was the recipient of the door prize.

Secret pay gifts were received by Bessie Gross and Dorothy Herendeen.

The hostess served delicious refreshments at the close of the meeting.

The February meeting will be

on February 17th at the home of Mrs. Norma Pulling.

UNIVERSITY STARTS TELECAST PROGRAM

Market Summary

Continued weakness in grain prices and strength in livestock prizes summarizes the farm market situation for the past two weeks, according to M. Paul Mitchell, agricultural economist at Purdue University.

Basic cause of the weakness in the grain market traces to the surplus supplies of the important grains. This relates not only to the record production of feed grains during the past year, but also to the accumulated surpluses of recent years under price support programs.

Molasses makes an economical feed for dairy cows when six and one-half gallons can be purchased for the value of one bushel of corn, say Purdue University dairy specialists. If two or three pounds are fed each cow daily, dry rough-ages are made more palatable although their feed value is not increased.

Seward Twp. Farm Bureau

The Seward Township Farm Bureau held its January meeting at the Franklin School on Jan-uary 21. The meeting opened with group singing led by Mrs. Murphy and Mrs. Gable at the piano. Mr. Steller gave devotions, using a portion of Hebrews. The secretary and treasurer's report were read and approved. The Pet and Hobby members met with their leaders.

Ray Miller, the insurance agent was the speaker of the evening. He spoke on the following types of insurance: farm liability, con-tingent workmen's compensation, auto insurance, fire insurance, and its blanket policy set up,

hospitalization, and life insurance. He stated that the claims adjust-er will now be in the office on Tuesdays and Thursdays.

The S and E leader gave a re-port of the board meeting at Warsaw. The organization agreed to sponsor, and purchase, the health cards which were discuss-ed at the board meeting. These cards give your blood type, drugs that you may be allergic to, etc.

The February meeting will be held at Franklin since the last three meetings were held at Bur-ket.

The meeting adjourned and re-freshments were served by the committee.

of it had no insurance. S. S. Mentzer and Bon had their stock sufficiently insured to cover their loss. Mrs. Stoner had \$1,000 of insurance. This, we are informed, is the full extent of the insurance carried. Reed's Hamlett's, Rockhill's, Robinson's, and the Taggart building were a total loss as were the household goods on the upper floors.

GAMBLING SHOULD STOP

(Also appearing in the same issue of the Gazette, Feb. 6, 1952.)

It is a fact that there are more gambling dens in existence in Mentone than the one in which the fire originated Sunday night. There is a den on the south side which has been running for some time. Our officers know of this den and it is their duty to put a stop to gambling at once and the young men who run these places should be compelled to earn an honorable living. If our

officers and citizens had done their duty in this line, our town would be many thousands of dollars better off today. A citizen
