ARM BROKEN IN  
FREAK ACCIDENT

Chester Smith met with misfortune Tuesday evening while working with members of the Mentone fire department. He suffered a fracture above the elbow in his left arm. He was taken to the Woodlawn hospital at Rochester, and he is expected to undergo surgery, perhaps on Thursday, to reduce the fracture and install a supporting plate.

Unusual circumstances added up to the unfortunate accident. Mr. Davis, head of the water department, attempted to drain off a quantity of water from the new well and main, as there has been a few traces of oil in the water. The hydrant nearest the town well was so near some of the homes that the water became a problem, and he called upon the firemen to help him out by using fire hoses to place the water where it wouldn't do any damage. Fire Chief Arlo Friesner welcomed the opportunity as the Indiana Fire Underwriters had requested a test on the pressure from the two fire pumps.

Nine lines of hose were connected from the two pumps and two firemen, or more, were on each of the larger hoses as the pumps were put up to capacity. Pressure from one pump began lowering and as Mr. Friesner adjusted the valve, evidently momentarily partially clogged with dirt, it bounced back to full pressure. One fireman had momentarily relaxed his grasp during the low pressure period and the sudden pressure whipped the hose from his control. As it started thrashing about it knocked two others off a second hose, and in seconds nine hoses were writhing about like mad snakes. Gilbert Griffiths was hit in the chest by one and another hit Mr. Smith on the arm, fracturing it.

It is believed that the fire department insurance will apply, but at the present time it is not known definitely whether it will pay for Mr. Smith's loss of time.

## LIBRARY NEWS

The Children's vacation reading club already has 52 members. All children are urged to come to the library, sign up, and start reading.

Jerry Hudson has recently refilled the library lighted picture display with unusual views which he took of the Hirsch fire in Warsaw. These pictures are well worth seeing and owning.

DIES AFTER  
YEAR'S ILLNESS

Andrew J. Hall, 74, of Mentone, died at 1:25 Friday morning of complications following an illness of one year.

A native of Bourbon, Mr. Hall had resided in Mentone since 1943, moving there from the Bourbon-Tippicanoe area. He was born in Bourbon July 5, 1886, to Chester A. Hall and Adeline McFarland Hall.

He was married Oct. 10, 1909 to Ruby Heisler. They celebrated their golden wedding anniversary in 1959. Mr. Hall was a retired farmer.

Surviving are his wife, Ruby; three daughters, Mrs. Samuel (Pauline) McClain of Indianapolis, Mrs. Gerald (Jean) McHatton and Mrs. Charles (Jennie) Green, both of Warsaw; two sons, Clair Hall of Bourbon and L. George Hall of Route 5, Warsaw; three brothers, Orville Hall and Everett Hall, both of South Bend; 12 grandchildren and one great-grandchild. Four brothers are deceased.

Funeral services were conducted at 2:30 p.m. Sunday in the McHatton funeral home, Warsaw, with Rev. C. J. Mowrer of Rochester officiating. Burial was in the Bethel cemetery southwest of Bourbon.

RONALD CORNELL  
DIES SUNDAY

Ronald A. Cornell, 51, died during a heart attack at his home southwest of Mentone at 12:45 p.m. Sunday. He suffered a previous attack about a year ago.

Born Feb. 2, 1910 in Perth, Ontario, he was the son of George and Frances Cornell. His wife, Clara Davis Cornell, died in 1952. Mr. Cornell resided in Detroit, Michigan, before coming to Indiana in 1956.

A member of the Bethlehem Baptist Church, he was a lathe operator for the Frank Manufacturing Company here.

He leaves a son, William, and daughter, Linda, at home, and another daughter, Mrs. James Francis, of Knoxville, Tennessee. His mother and five sisters reside at Smith Falls, Canada.

Rev. Philip Robinson, pastor of the Bethlehem church conducted services in the Johns funeral home at 2 p.m. Wednesday. Burial was in the Mentone cemetery.

Glen Davis left Tuesday for Chicago where he will be working the summer months.

## COUNTERPOINT

By The Editor's Wife

One of the Freedom Riders was being interviewed on a recent TV program. In commenting about the difficulties encountered while riding the Greyhound buses in Mississippi he said, "We seemed to have less trouble with the bloodhounds in the old days than we do with the greyhounds today."

Can you answer this question—What French novelist described a "moon train" for space travel in 1865?

Well, I had to do some research in World Book, too. The answer is Jules Verne.

The second suggestion for parents, as suggested in Kiplinger's Changing Times is—"Get to know your own child." Each child is an individual and should be treated as such. His behavior stems from complex causes. If you don't know him you will deal with only the obvious and fail to reach the heart of the problem.

Knowing your youngster does not mean just being a pal and playing games. It means listening to him, observing him closely so that you have his interests and aptitudes sized up, and being genuinely interested in his problems. (More next week.)

President Kennedy is asking for \$10 million to fight Juvenile Criminality and to create character. Walter Scott Criswell, editor of Somebody's Boy, May 20, says, "Your editor, and many others much more learned and profound, respectfully suggest that this so-called 'Juvenile (or child) Criminality is the direct reflection from the adult criminality of the people in the homes and communities in which they (the child 'criminals') move, breathe, live and have their being."

When it takes a liberal dash of adultery in a proposed novel before the Publishers will take a chance on publication; where sex, seduction, slugging and sadism are the major components of present "dramas" (?) offered by the Screen and other media of expression; where pornography has become big business defended by our best legal brains; where the battle cry seems to be "What is there in it for me?"; where payola, booze and money bribes eat like termites into our 'business' affairs;—why should (Continued on back page)

DEATH CLAIMS  
ADAM POE

Adam L. Poe, 78, of Route 1, Mentone, died at his residence at 2:15 a.m. Monday of complications after an illness of five weeks. He lived in Piercetown before moving to a farm east of town 11 years ago.

Mr. Poe was born in Sweetzer, Indiana, April 30, 1883, to William D. and Margaret (Haun) Poe. On Dec. 1, 1906, he married Nellie Kenney. He was a retired farmer and a member of the Mt. Zion Pentecostal church in Warsaw.

He is survived by his wife, a daughter, Mrs. Luther (Bertha) Plasterer, of South Haven, Michigan, two sons, Delbert, of Milford, and Earl, of New Paris, and a brother, James, of Mentone. One son and a twin daughter preceded him in death.

Services were held at 1:30 p.m. Wednesday in the Mt. Zion Pentecostal church in Warsaw, with Rev. Floyd B. Henson officiating. Burial was in Violet cemetery at Waterford with the McHatton funeral home of Warsaw in charge.

BURKET MAN  
DIED FRIDAY

William John Boyd, 72, died of a heart attack Friday at his home southwest of Burket.

A retired farmer, Mr. Boyd was a lifetime resident of Kosciusko county. He was born Nov. 9, 1888.

He was a member of the Warsaw American Legion post.

Surviving are four sisters, three in Brandenton, Fla., and one in Illinois.

Funeral services were conducted at 2 p.m. Monday in the Breeding funeral home at Piercetown. Burial was in the Hillcrest cemetery at Piercetown.

## Baptist Conference At Winona Lake

The First Baptist Church of  
Mentone announces that the  
30th Annual Conference of the  
General Association of Regular  
Baptist Churches will be held  
this year at the Winona Lake  
Conference Grounds from June  
18-23. The General Association  
represents nearly 1,000 local  
churches united to accomplish  
mutual concerns on a national  
and international level through  
the chaplaincy, radio broadcasts,  
missions, education and social  
responsibility. The annual nation-  
wide Bible Conference is for  
spiritual edification and chal-  
lenge. It affords to all a forum  
for personal expression and fel-  
lowship.

Dr. Paul Jackson, the Asso-  
ciation's national representative  
is quoted as saying, "I believe  
this year's conference will be  
the largest we've ever had. The  
spiritual climate of America  
calls for a resurgence of alle-  
giance to the sacred trusts com-  
mitted to born-again Christians  
as revealed in the Scriptures.  
The Bible continues to be, for  
regular Baptists, the final and  
only authority in all matters of  
faith and practice. This sacred  
imperative is the foundation  
upon which our fellowship has  
stood and will continue to stand.  
God has spoken and thus we will  
obey."

The First Baptist Church of  
Mentone has been in fellowship  
with the GARBC for over two  
decades and many of its people  
will be attending the sessions  
at Winona Lake.

New shoots of black raspber-  
ries should be pinched at a  
height of two feet, say Purdue  
University horticulturists. Pinch  
purple raspberry shoots at two  
and one-half feet. Do this all  
summer as the new shoots grow.  
Red raspberry shoots should not  
be pinched off.

## Palestine Homemakers Club Meet

The Palestine Homemakers  
Club met recently with Mrs. Al-  
bert Tucker. A delicious pot-  
luck dinner was enjoyed by all  
at the noon hour.

The afternoon meeting was  
opened by the vice president,  
Mrs. Albert Tucker. The pledge  
to the flag and the club creed  
were repeated, and Mrs. Fred  
Surguy read for meditation,  
"Lyrics on Life." The song of  
the month was read by Mrs.  
Wilbur Perry and Mrs. Mont  
Loher gave the health and safe-  
ty lesson on T.B.

Mrs. Jesse Jones read the  
secretary and treasurer reports.  
Mrs. Edwin Shirey had charge  
of the old and new business.  
The meeting was closed with the  
club prayer song.

Those present were Mrs. Ed-  
win Shirey, Mrs. Charles Baum,  
Mrs. Isaac Horn, Mrs. Jesse  
Jones, Mrs. Mont Loher, Mrs.  
Fred Surguy, Mrs. Wilbur Perry.  
Mrs. Albert Tucker and Jane,  
Dawn Perry and Albert and  
Mitchell enjoyed dinner with  
the group.

## Why Husbands Don't Talk More

(Editors Note: This is the second of two stories on husbands' silences.)

If a wife feels that her husband doesn't talk to her as much as she would like, she should look into the reasons behind his silences, in the opinion of Dorothy V. Mummery, Purdue University family life specialist.

"She doesn't listen to what I do say" is a possible masculine explanation which Dr. Mummery feels may sometimes be understandable. When a wife asks, "How did things go today?" and later reveals she paid no attention to the answer, it is little wonder that her husband eventually becomes perfunctory in his responses.

"She doesn't understand my work well enough to listen intelligently" might be a reason for men's unwillingness to share their daily concerns. It is true, the specialist contends, that the jobs of many men today are highly specialized and complex, making them hard to interpret to others. But every wife should have an elementary education in her husband's work—in the strictest secrecy—to their best friends. But, somehow, it doesn't stop there.

Others, though they can keep actual secrets, talk indiscreetly about their husbands' work. Exchange of gossip, even when it is not malicious, can harm men in their work, especially those who work in an atmosphere of competition.

## Use Space-Saving Doors

Despite the old riddle, a door is still a door when its "a jar," and that's when it may take needed space in a room. If you have this problem, consider using space-saving doors, advises

Ruth Hutcheson, Purdue University housing specialist.

She reports that bi-fold doors, which are hinged down the middle, are one solution to limited space. Since half of a bi-fold door folds back on the other half, it requires only half as much space in the room as a conventionally hinged door. This type gives full access to the room or closet to which it opens.

Sliding doors, which take up no space in opening, are of two kinds. The by-passing installation consists of two, three or four doors which slide past one another. They give access to only part of the opening at one time. The in-a-pocket door installation consists of a door which slides into a steel framework within the wall, allowing full access.

Accordian-fold doors project into the room only a few inches when open. They may be made of wood or veneer boards, plastic sheets, plastic-impregnated fabric, woven-wood splints or split bamboo fabrics. Mounted on nylon glides in metal tracks, this kind of door stacks neatly in small space at one or both sides of the wall opening and provides free access.

## Kill Crabgrass The Easy Way

Crabgrass can be easily controlled chemically, according to W. H. Daniel, Purdue University turf specialist.

Three chemicals which will control crabgrass after the seed has germinated are Di-sodium methyl arsonate (DSMA), Amine methyl arsonate (AMA) and Phenyl mercury acetate (PMA). They are available under various trade names and will do a good job when properly used. Two or three applications are needed for control with all these materials.

When you apply crabgrass killers, be sure to use a good spreader or sprayer for uniform application. Treat small areas regularly until the crabgrass is dead. Be sure to apply chemicals when the crabgrass seedlings

are young and easy to kill and use recommended amounts.

Here is a word of caution: Consider your lawn carefully before you buy crabgrass killers. These materials are relatively expensive, so you may want to treat only the worst part of your lawn. Don't waste your money and apply chemicals when there is a poor stand of grass, since the desirable grass must fill in after the crabgrass has been killed.

For more information on controlling crabgrass, ask your County Agent for Leaflet Number 11, "Controlling Crabgrass." It is free to Indiana residents.

## 4-H Club News Beaver Dam

On May 15th the Beaver Dam Agriculture Club met in the school gym for their seventh meeting of the year.

Darrel Valentine, president, called the meeting to order. The pledges to the American and 4-H flags were led by Bea Walsh and Jay Tucker. Dick Harrold gave the devotions. Linda Smalley led the club in singing. Paul Bucher gave the health and safety report.

Some members of the club put on a skit, "Grandma's Album", at the County Share-the-Fun Festival and won 1st. place plus the right to go to the district contest. The club again won 1st. place and the privilege to be on television and go to the state contest held at Purdue on June 7th.

The special feature was Garland Keifie, a Burket fireman, who gave us hints on fire safety and also showed a film, "Fire On The Farm."

The club wishes to thank the Doris Harrold family for the film, "An Angus In Your Future." Darrell Valentine adjourned the meeting by leading the group in the Lord's Prayer.

On June 5th we met at the home of Sue Ann, Helene, and Lyle Welty for the eighth meeting. The meeting was called to order at 7:30 by Darrel Valentine. The pledges to the American and 4-H flags were led by Mylin Cumberland and Marcia McFarland. Songs were led by Linda Smalley.

Darrel reminded them that the 4-H Camp would start June 6th. and Steve Whittenberger, Sharon Harrold, Patty Walsh and Darrel Valentine would go together to camp. The devotion was given by Phyllis Ummel. The treasurer report revealed

that the club had \$766.20 in the treasury according to Betty Smith.

Helen Welty and Linda Smalley were appointed to take charge of selling tickets to the show, "Tomboy And The Champ" at 75c each.

The meeting was adjourned after refreshments were served to 35 members and five guests.

Mrs. Daisy Enyeart and Bob Enyeart of South Bend were guests Friday night and Saturday of Mrs. Etta Halterman, Mr. and Mrs. Verl Halterman and Mr. and Mrs. Chancey Tucker.

### JET-SMOOTH CHEVROLET

*(and that's the car more people are buying!)*

Take those June skies and breezes. Add a spankin' new Jet-smooth Chevy. Presto, you've got all the makings of a roamin' holiday. That low-loading deep-well trunk swallows up most everything you'd want to pack along. The carefully crafted Body by Fisher has you livin' in luxury (and in comfort-high seats where the sight-seein' comes easy). That Jet-smooth Chevy ride, with a sinewy Full Coil

spring at each wheel, gentles you past all the wrinkles and ruts in the roads (there's even a team of over 700 behind-the-scenes "shock absorbers" to hush up road surface mumblings and grumbings). All in all, Chevy's light-steerin', easy-goin' ways just don't leave much for you to do but feel good. And that's exactly the way your Chevrolet dealer wants you to feel —as you can plainly see in those beautiful June buys he's got bustin' out all over.

Air conditioning — an extra-cost option that gives you fingertip temperature control. Try it.

Impala Convertible—just as saucy as you please and wide open for fun.

**COUNTERPOINT, Continued**  
children have faith in a moral code, or in people?

Will Ten Million Dollars dispel this miserable moral smog which blights the lives of our children?

My yellow violets failed to come up this spring, so I'd be happy to hear again from those readers who were so generous last spring when I wanted a start.

We enjoyed this: (the editor is being given the privilege of choosing the "funny" this week, if he is discreet.) (The leash I can do is try—Ed.)

"You look disturbed, dear," the wife greeted her husband sympathetically. "Did you have a bad day at the office?"

"I'll say I did," he muttered. "I took one of those aptitude tests and boy, oh boy, it's a good thing I own the company."

## Avoid Spindly Flower Plants

If you want flowers quickly and easily, buy annual flowering plants, advises Don Scheer, Purdue University extension horticulturist.

Most people find it more satisfactory to buy annual plants than to grow their own, he explains, for annual flowers give a profusion of beautiful blooms quickly.

Scheer recommends purchasing stocky plants. Don't buy plants that have been crowded in a flat and dug out with exposed roots, he warns. These are not only difficult to transplant, but also start growth slowly. The best plants are grown in individual pots. Plants grown in peat pots are especially desirable since they may be transplanted directly in the soil without removing the pot.

It isn't necessary to buy plants which are already blooming. In fact, Scheer says, those without bloom often get off to a better start than those in bloom.

Mrs. Dora Whetstone called Sunday afternoon on Mrs. Alfred Teel.

Mr. and Mrs. Kenneth Romine attended the Postmaster's quarterly meeting at the home of Dale Sands of Claypool on Tuesday evening.

Guests Sunday of Mr. and Mrs. Raymond Lewis and family were Mr. and Mrs. Charles Eaton and Myra, Mr. and Mrs. Everett Besson, Janet and Judy.

Mr. Don Smith and Mr. Jack Hanson of Chicago were guests of Mr. and Mrs. M. O. Smith on Sunday.

Purdue University horticulturists advise frequent, shallow cultivation of the home vegetable garden to control weeds. Cultivate no deeper than one inch to avoid damaging the roots and pile a little soil around the base of the plants.

## Children's Pictures To Be Taken Free

A representative of the Woltz Studios of Des Moines, Iowa will be at the Mentone American Legion Home Monday, June 12, from 10 a. m. until 5 p. m. and will take pictures of the children free of charge.

The studio, after the pictures are taken and the proofs selected by the parents, will furnish us with printing plates so that the pictures may be printed in future issues of the News. There is no charge or obligation, and no one is required to purchase any additional prints. The real purpose of the studio, however, is to obtain pictures of a quality that parents will want additional prints, at prices in line with established rates.

If parents desire to make an appointment for a specified time they may do so by telephoning Mrs. Kenneth Romine.

Gale Nellans, son of Mr. and Mrs. Frank Nellans, is currently attending the 4-H Roundup at Purdue. Gale is a member of the Mentone Harrison Hustlers 4-H Club and was chosen as a delegate to the Roundup for his activities in 4-H club work.

Mr. and Mrs. H. V. Johns finally got away on their trip to California, late Monday. They intended leaving Sunday afternoon when professional business detained them.

Mrs. Agnes Rans left Thursday for Epworth Forrest Camp at North Webster where she is employed for the summer.

## ANTS DON'T HARM PEONY BUDS

Ants which often overrun new peony buds don't damage them or cause the flowers to be deformed, assert Purdue University entomologists. Ants just like the sweet sap which flows from peony buds and waste no time eating it.

As a matter of fact, none of the ants commonly found in flower gardens injures plants, other than by loosening the soil, thus allowing the roots to dry out. They are annoying, however, and some species may get inside houses while searching for food.

The entomologists point out that ants are easily killed by treating the soil with either dieldrin or chlordane. These insecticides may be purchased wherever garden chemicals are sold and complete directions for their use appear on the label.

Mr. and Mrs. Kenneth Romine and sons visited with Mr. and Mrs. Gail Schrock of Knox on Sunday.

ERNEST LEWIS  
DIES SUDDENLY

Services will be held Thursday at 2 p. m. in the Palestine Christian church for Ernest Lewis, 53, of Route 2, Warsaw, a carpenter, who was dead upon arrival at the Murphy Medical Center Tuesday morning. Death was due to a heart attack which he suffered while working at the Dale Flenar home. He had been in ill health for several months.

Mr. Lewis was born in Wabash county Nov. 19, 1907, the son of Lawrence and Ruth (Sills) Lewis. He resided in the Warsaw area most of his life. He married Mary Clark July 17, 1926. She survives. He was a member of the Palestine church.

Surviving in addition to his wife are three daughters, Mrs. Berchel (Elnora) Richardson, Mrs. Wade (Mildred) Howard and Mrs. Donald (Delores) Lockridge, all of Route 5, Warsaw; one son, Earl B. of Niles, Mich.; six brothers, Daniel, Galen and Lawrence, all of Wabash, Eldon of Huntington, Delmar of Columbus and Alvin of Coquille, Ore.; three sisters, Mrs. Flossie Peffley and Mrs. Lucille Aber, both of Wabash, and Mrs. Leota Peffley of Marion, and 12 grandchildren.

Rev. Norman McVey will officiate and burial will be in the Oakwood cemetery at Warsaw, with the McHatton funeral home in charge.

## BREAKS PELVIS IN FALL

Mrs. Elizabeth Jones, 88, of Millwood, mother of Robert O. Jones of Mentone, fell and fractured her pelvis Saturday afternoon. She is in the Elkhart hospital.

Mrs. Jones opened a door at a home near Napanee and fell down the basement steps. She had the impression the doorway led to the interior of the house.

## ON TOUR TO WASHINGTON

Janet Besson, daughter of Mr. and Mrs. Everett Besson, is on a week's tour of Washington, D. C., the guest of the REMC. Janet won the trip some time ago by writing the winning essay in the Kosciusko county REMC contest.

## BUILDING TRAILER COURT

Eldon Senff is building a trailer court in the north part of Mentone and now has three cement slabs ready for trailers. He plans to have room for 12.

## BOY BITTEN BY CAT

Jeff, the five-year-old son of Mr. and Mrs. Jerry Secrist was bitten on the leg by a cat, near the Iris Fitzgerald home, about noon Wednesday.

If the large grey and white cat, with small brown stripes, cannot be located and caught, Little Jeff will have to undergo a series of serious shots for his protection. Anyone seeing or knowing about this animal, contact the town marshals immediately.

Swimming Lessons To  
Start June 20th

The summer recreation sponsored swimming lessons start on Tuesday, June 20. Everyone attending these sessions must have their insurance paid and a written consent from their parents prior to departure. The bus will leave Mentone at 12:45 and Palestine at 12:55. Forst Dunnuck is in charge of the summer recreation program this year.

## FOURTEENTH ANNIVERSARY

Mr. and Mrs. Frank Smith are sending out advertising circulars this week advertising their 14th anniversary in the grocery business in Mentone. Their anniversary date was actually several months ago, but they have contracted with a man to have a merry-go-round on hand for the kiddies, and this wouldn't have been appropriate a few weeks back.

## IN HOSPITAL

A note in the Rochester Sentinel Wednesday evening stated that Mrs. Russell Norris was a patient at the Woodlawn hospital.

## GREAT-GRANDSON

Sunday Mr. and Mrs. Richard Hyde became the parents of a new son. Great-grandparents are Mr. and Mrs. William Schooley.

CRACKS VERTEBRAE IN  
GO-CART ACCIDENT

Jim Irwin is wearing neck brace—and will be for the next 60 days—while a couple of injured neck vertebrae repair themselves. He suffered the injury a week ago Sunday at the Mentone track when his cart flipped. Another racer cut in on him at a curve and his front wheel came in contact with the rear wheel of the other cart.

## COUNTERPOINT

By The Editor's Wife

Dave Bowser knows how it seems to have "a bird in the hand." Recently, a hummingbird flew into their garage and was frantically beating against the window, trying to escape. Dave held a shoe box over the tiny creature, and it fell into the box, exhausted.

Am sorry that I missed seeing the small captive when Dave had it in the office, as I have never been closer to one than from the smoke tree outside our kitchen window (where they sometimes rest.)

If it takes you six minutes to read this column, it might interest you to know that in that length of time, we Americans have spent half a million dollars in interest charges (one private and public debt.)

An interesting item states that next year, New York will try to get rid of the snow (and they had lots of it last winter, remember?) by dumping it into tanks of heated water mounted on snow removal trucks.

"Blow molding" is the modern version of glass blowing. It is used to produce the new all-plastic detergent containers. Plastic is now the chief competitor of glass and metal as containers for bleaches, disinfectants, ammonia, and waxes.

Dr. Carl Jung, 85, is dead. Even though you do not recognize the name, you are familiar with the terms "extrovert," "introvert," and "inferiority complex" which he originated.

Dr. Jung was the founder of analytic psychology and ranked with Dr. Sigmund Freud and Dr. Alfred Adler in the field of psychology.

At the Flying Club potluck supper we ladies had a great deal of enjoyment out of looking through some old old copies of McCall's Magazine and Sears, Roebuck catalog, which Dorothy Herendeen brought out. Some of these went back to 1908.

Naturally we laughed at the "ridiculous" fashions, (just as our children will be doing 50 years from now.)

GRADUATES WITH  
HIGHEST HONORS

Dr. and Mrs. Dan L. Urschel were in Chicago Thursday and Friday where they attended graduation exercises for their son, Charles, and son-in-law, Roger Becklund, from the University of Chicago medical school.

A news story in the Chicago Daily News, stated:

"A Mentone, Ind., student is No. 1 in the University of Chicago's medical graduating class.

"He is Charles Urschel, 25, the son of a heart specialist. He has a straight 'A' average and has led his class of 72 for all four years."

Only one from a class of 72 that started four years ago failed to graduate, and he is ill but may be able to resume his studies later.

Dr. and Mrs. Urschel were further elated when the dean announced at the alumni banquet Thursday evening that the "highest the university could bestow upon any of its graduates was the granting of their degree 'with honors.'" He explained that such distinction was based not alone on class standing, but upon general conduct, moral standards, etc. Charles was one of the two so honored.

To Receive  
50-Year Awards

There will be a special banquet meeting of the Mentone Masonic Lodge in the Methodist church basement on Tuesday evening, June 20, at 6:30. Following the dinner, there will be an open meeting at which time 50-year gold awards will be presented to Chester L. Manwaring and Herschel V. Nellans.

GRADUATES FROM  
ACCOUNTING SCHOOL

Larry Teel, son of Mr. and Mrs. Herschel Teel, recently graduated from the International College, Fort Wayne, with an associate BSC degree from the professional accounting school.

## MODERNIZING FEED MILL

Considerable modernizing is going on at the Valentine Elevator in Mentone. They are installing a new 60-foot drive on scale of 50 ton capacity, and workmen are also busy installing several new metal feed and grain bins and a high speed elevating leg.

DIES FROM  
HEART ATTACK

Harry (Hiner) Sensibaugh, 75, of Route 5, Warsaw, died at a gravel pit on his farm about 4:30 Tuesday afternoon.

Mr. Sensibaugh suffered a heart attack after he accompanied a worker to the pit. He had been in ill health for the past four years. He was a retired farmer and former Harrison township school bus driver. He had resided in this area all his life.

Mr. Sensibaugh was born on Aug. 22, 1885, the son of J. K. and Rowena (Baker) Sensibaugh and married Bessie Winland in 1909. She survives.

Surviving in addition to his wife are two daughters, Mrs. Virginia Hershberger and Mrs. Mary Miller, both of South Bend; one son, Everett of Cromwell a brother, Curt of the state of Washington; a sister, Vinnie Baker of Pennsylvania; five grandchildren and five great-grandchildren.

Funeral services will be held Friday afternoon at two o'clock in the Reed funeral home, with Rev. I. E. Longenbaugh officiating. Burial will be in the Harrison Center cemetery.

## WITH THE SICK

Chet Smith remains in the Woodlawn hospital where he underwent an open reduction of a broken arm Thursday.

M. O. Mentzer and Earl Besson returned to their homes on Tuesday after being in the Rochester hospital suffering heart ailments.

Verl Halterman is slowly improving at his home.

Julia Nelson was released from the Murphy Medical Center on Wednesday after having a cyst removed a few days ago.

Mrs. Helen Meyers expects to be released from the Murphy hospital Thursday after undergoing medical treatment.

Miles Kesler is again in the Bluffton hospital and expects to remain the rest of the week.

ATTEND FUNERAL  
OF GRANDSON

Mr. and Mrs. Hubert Shilling of Route 2, Warsaw, attended funeral services for their infant grandson at Worth, Ill., Sunday.

Parents of the baby are Mr. and Mrs. Phillip Shilling, 10611 South Depot Street, Worth. The father is formerly of Mentone and an employee of the Bell Telephone Company in Chicago.

## Friendly Neighbors Have June Meeting

The Friendly Neighbors Home Economics Club met June 1st with Rhoda Jones in the social room of Peterson's Restaurant. The meeting was opened by the president, Dora Whetstone, with the pledge to the flag and singing "America The Beautiful."

Meditation was given by Dora Whetstone. Myrtle Wentzel led in singing the song of the month. The lesson on "How To Get Along With People" was given by Stella Studebaker. Eleven members answered roll call with their favorite hobby. Mrs. Anthony Hurst became a new member and Mrs. Michaels was our guest.

Mrs. Whetstone conducted the business of the club and at the close, the hostess, assisted by Stella Studebaker, served refreshments.

## LETTERS FROM NIGERIA GETTING NUMEROUS

Some time ago the News mentioned a lad from Nigeria who wanted to contact penpals in America. Following that publication George Clark showed us a letter from the same lad, with whom he had been writing. He had noticed his letter in some other publication.

All the boys want to trade a number of handmade trinkets for American items, preferably "dollar bills." Mr. Clark said he sent one dollar and then the next letter wanted three; as sickness required it.

Recently this editor has received letters from two more of the Nigerian boys who want to contact penpals.

We trust our readers will not be "taken in" by any of these boys just because we did publish one boy's address.

## Merry Mixers Meet

Tuesday evening, May 16, fifteen members and three guests met at the home of Mrs. Joe Good. The meeting opened with the pledge to the flag and the club creed. Meditation was given by Janice Perry. History of the song of the month was given by Mareta Boggs, then sung by all. The secretary and treasurer reports were read and approved.

The lesson was given by Barbara Smith. Refreshments were served by the hostess and co-hostess, Mrs. Richard Webb. Guests were Mrs. Jim Miller, Mrs. Ora Carmean and daughter.

The next meeting will be held at Mrs. Gerald Romine's home, June 20th.

This is the time of year, warns the Chicago Motor Club, when the dangerous situation of a fast moving automobile encountering a slow-moving farm vehicle is prevalent. Single yellow lines mean no passing when they are in your lane. A double yellow line indicates a no-passing zone for drivers on both sides of the highway. Never cross a yellow line; it always means the road ahead is a no-passing zone.

## Diet On The Quiet

Wouldn't it be nice to find a way of cutting your family's calories without having to hear them complain about it? You can if you read a pamphlet called "Spare the Calories Behind the Scenes."

How to control weight without making a mealtime issue of it is the theme of this pamphlet. Unlike diet fads which become the topic of tiresome table talk, this puts the subject "behind the scenes" in the homemakers meal planning schedule.

As opposed to tricky diets which people soon grow tired of, the method this booklet out-

lines is the simple, sensible one of sparing calories in the kitchen. It tells how you can plan menus your family like and still cut down on the number and frequency of high-calorie items. With this system you can plan moderate-sized servings and limit second helpings of fattening dishes, yet still satisfy your family's appetites and provide all the nutritional elements they need. You don't even need to eliminate desserts—this pamphlet shows you how to make them with half the calories of your old ones.

Helpfully specific, this guide presents sample menus, low-calorie shopping guides and actual recipes. Ask your county extension agent for Extension Circular 494, or write to Agricultural Publications Office, AES Building, Purdue University. It is free to Indiana residents.

## TO SPEAK AT BAPTIST CHURCH

The 30th Annual Conference of the General Association of Regular Baptist Churches occasions the presence of Dr. Carl Elgena as guest speaker of the First Baptist Church of Mentone for its morning services this Sunday.

Dr. Elgena is pastor of the Grandview Park Baptist Church in Des Moines, Iowa, whose Sunday school attendance runs over the 1,000 mark. He is a member of the Council of 14, the administrative body of the association. He has been meeting with other leaders for executive sessions which precede the regular conference.

The conference, according to Pastor Olson of First Baptist Church, will convene at Winona Lake on June 18 at 3:30 p.m. Sessions will conclude Friday, June 23.

The pastor and board of deacons of First Baptist Church have been elected by the church to serve as messengers to the conference, and it is expected that the majority of the congregation will be attending the sessions of the conference.

The Sunday services on June 18th, and the Mid-week service on Thursday, June 22nd, will be dismissed in order that all the members of the Mentone congregation might be able to attend the sessions of the G.A.R.B.C. Conference at the Winona Lake conference grounds.

## Mentone H.D. Club Meets With Mrs. Horn

The Mentone Home Demonstration Club met with Mrs. Howard Horn for their June meeting.

Eloise Long, the vice president, opened the meeting. Pledges were led by Blanche Whitmyre and Melissa Unzicker. Eloise Long read four poems for meditation. "America The Beautiful" and the song of the month, "You Tell Me Your Dream-I'll Tell You Mine", were sung. Maude Cox read the history of the song of the month. Response to roll call was, my first date. The secretary and treasurer's

reports were read. Business was conducted by the president, Mrs. Esther Sarber. A new member, Mrs. Ina Davis, was welcomed into the club. We were told about a tour to New Orleans that was being sponsored by Allen county.

The County Constitution was being revised.

Maude Cox and Pearl Horn gave the lesson on cake decorating. The meeting was closed with singing the club prayer song. Eve Laird won the mystery package.

The club will meet for their picnic in July with Mary Borten. Eloise Long was co-hostess. There were 12 members and three guests present.

## Get Auto Ready For Vacation

More people than ever before will be vacationing by automobile this year, according to Chicago Motor Club estimates. It seems as if everybody has some "get-away-from-it-all" plan on their agenda.

However, the motor club points out that because many of these car trips will be lengthy and will include drives over all types of terrain, cars must be in tip-top mechanical shape to stand up under the vacation grind.

The Chicago Motor Club advises that it is safer and less expensive to have the family car checked by a qualified mechanic before you leave on your trip. As a rule, repairs cost more on the road than at home.

It's a good idea to have your car serviced by the mechanic who does the job regularly. And in servicing the car don't forget about your tires. Good tires are essential for a safe, pleasurable trip. Quite often tires which appear sound on the outside have hidden cracks or breaks inside the casings.

Good brakes also are a must for proper safety. In addition to having your brakes adjusted, have your wheel alignment and balance checked. And while you're at it, have your master checked for leakage.

Some other important safety checks are as follows:

—Check the car's cooling system; drain anti-freeze solutions, particularly those with an alcohol base.

—Check the oil level of the

automatic transmission and rear axle. On older cars, check the tie rods in the steering mechanism.

—Check the condition of your battery, voltage regulator, and generator. For mountain driving, a low-reading thermostat is recommended.

—Have your headlights calibrated and make sure all your lights—head, tail, and rear—are in good working condition.

Remember: Trips have a much greater chance to be trouble-free if your car is given a thorough bumper to bumper inspection before you leave for your vacation.

## Abortions In Cattle

Indiana cattle herds annually suffer an undisclosed number of abortions which can not be attributed to either leptospirosis or brucellosis. Many of these result from an infectious disease called vibriosis or vibronic abortion, says Dr. T. M. Curtin, Purdue University extension veterinarian.

This disease is caused by a bacteria and is usually spread by the bull. Abortions may occur any time during gestation, but are often observed during the fifth and sixth months of pregnancy. Temporary infertility often occurs in infected herds and some females will need to be bred three or four times before conception occurs.

In newly infected herds, both abortions and infertility are common. In herds with chronic infection, abortions may be rare and infertility may be the primary problem.

Scientists once believed that the bull was permanently infected and following abortions in the females, they eliminated the disease from their bodies within sixty to ninety days. More recently they determined that many females remain "carriers" and potential spreaders of the disease for indefinite lengths of time after abortions. These animals may conceive shortly after abortion, but do not eliminate the infections from their bodies.

Dr. Curtin says there are no simple, accurate tests for vibriosis such as for leptospirosis and brucellosis. Veterinarians must establish a diagnosis by a combination of delicate laboratory tests and the clinical history of the herd. Therefore, all herd owners should keep accurate records, he adds.

Herdsmen confronted with infertility problems or abortions should immediately consult a veterinarian. Control of this disease depends upon strict management procedures and therapy under the supervision of a veterinarian. There is no vaccine available which is effective to prevent the disease, Dr. Curtin emphasizes.

### Give Demonstration

On June 6 and 13 the Mentone Merry 4-H'ers gave their demonstrations. There is a show coming up sponsored by the 4-H'ers at the Lake Theatre. The movie is about a Texas 4-girl who overcomes terrific handicaps, including a bout with polio, in bringing her calf, "Champy", up the ladder of competition to the grand prize at the Chicago International. The show will be on June 22, 23 and 24. Our next meeting will be on Monday, July 18th. There also will be a supper on July 24, according to Susy Witham, club reporter.

**WHITE-CHAFFIN RITES**

(As printed in the Kokomo Tribune June 5.)

Delois J. White, an associate of the Church of Christ in Kokomo performed the double ring ceremony which united his son, Robert Eugene White and Miss Betty Donnieta Chaffin at 3:30 p.m. Sunday. The Church of Christ in Carthage, Tenn., was the scene of the nuptials.

The bride is the daughter of Mr. and Mrs. Robert Chaffin of Carthage, Tenn. The bridegroom's parents are Mr. and Mrs. Delois J. White of 2503 Bradford Ave.

The chancel was decorated with a large arrangement of gladioli flanked by palms interspersed with white tapers in seven-branch candelabra.

Music was by the Harding Wedding Chorus.

Mr. Chaffin gave his daughter in marriage. Her white crystal-letté taffeta gown was floor length, styled with a straight front panel appliqued with Alencon lace. Pleats at the side and back created fullness and the skirt flowed into a chapel train.

The scooped neckline was outlined with Alencon lace and small buttons extended down the back of the bodice and were repeated on the long pointed sleeves. Her shoulder length veil cascaded from a tiara of seed pearls and she carried a bouquet of pink roses centered with a white orchid.

Miss Marva Mabry of Detroit, Mich., attended as maid of honor. Her gown of pink silk organza over pink taffeta was accented by a sheer organza cummerbund. Her headband was in a matching shade of pink and she carried white asters in a cascade arrangement.

Miss Jane White of Florence, Ala., and Mrs. James C. Wilson of Rochester, a cousin of the bridegroom, bridesmaids, were attired identically to the honor

attendant. Their flowers were also the same.

A white embroidered organdy dress was worn by Miss Susan Kettrell, flower girl, who carried a basket of pink rose petals. Paul Kirby carried the rings on a white satin pillow.

Ronald White of Newcastle was best man for his brother and ushering were Robert Chaffin, brother of the bride from Carthage, James C. Wilson of Rochester, Keith Besson, a cousin of the bridegroom of Mentone and Scott Daniel Johnson of Burlington, a college roommate of the bridegroom.

For her daughter's wedding Mrs. S. Chaffin appeared in a mauve lace sheath dress with white accessories. A dress of pink lace with white accessories was the choice of the bridegroom's mother. Both wore corsages of cymbidium orchids.

A reception followed at the home of the bride's parents. An imported cutwork linen cloth covered the table which was centered with the wedding cake encircled by pink carnations. Candlesticks flanked the cake.

Assisting were Miss Janet White, sister of the bridegroom, Miss Joan Hecker of Nashville, Tenn., and Mrs. Ronald White of Newcastle.

When the couple departed on a wedding trip through the Smoky Mountains, the new Mrs. White was wearing a sheath dress of eyelet with pink and white accessories. An orchid from her bridal bouquet completed her ensemble.

After June 10 the newlyweds will reside at 1013 Halycon St., Nashville, Tenn.

The bride graduated from Carthage High School in 1958 and attended David Lipscomb College in Nashville. She was graduated from the Nashville University of Cosmetology in 1961 and is employed as a hair stylist by the Belmont Salon of Beauty in Nashville.

A 1958 graduate of Kokomo High School, the bridegroom is a junior at David Lipscomb Col-

lege and is employed by Sears, Roebuck and company in Nashville.

Others present from this area were Mrs. Clarence Leininger and Mr. and Mrs. Delemer White of Mentone, grandparents of the bridegroom, Mr. and Mrs. Russell Eber and Mr. Artie Miller of Mentone, Mrs. Dola Peterson of Long Beach, Calif., now visiting in Mentone, Mr. and Mrs. Elgie Vandermark of Rochester, Ind.

**Fly - Up Ceremony**

On Tuesday evening, June 6, a candlelight investiture service was held in the Methodist Church, conducted by Brownie troop 17 and Girl Scout troop 30.

Five girls from the Brownie troop "flew-up" into the intermediate Girl Scout troop. Sharon Lewis, Jacque Pritchard, Ann Rush, Susan Tibbets and Peggy Whetstone received their Brownie Scout Wings from their leaders, Mrs. Joe Boggs and Mrs. Roger Wrigley. Upon receiving their wings they told about being a Brownie and what they were looking forward to doing or learning as an Intermediate Girl Scout. Three other girls coming into the Girl Scout troop at this time also, were Debbie Bowser, Linda Fawley and Nancy Keirn.

Each of the eight girls gave the Girl Scout promise, received her Girl Scout pin from the leader and was received into troop 30.

Seven girls of the troop who have completed their second class rank requirements are Cindy Ellsworth, Linda Meyer, Connie Teel, Kathy Tridle, Gloria

Tucker, Cindy Whetstone, and Pamela Abbey. They received their second class badges from their leaders, Mrs. Denton Abbey and Mrs. Joe Tucker.

Color slides were shown of the playlet, "The Brownie Story," presented to the Sorority last February by the Brownie troop. Slides of various activities carried out by the Intermediate troop were also shown.

Refreshments were served from an attractively decorated table by members of Girl Scout troop 30.

**Burket Cheerio Club Meeting**

The Burket Cheerio 4-H Club had a cool meeting in the basement of the Burket E. U. B. church. The pledges to the 4-H and American flags were led by Marsha Sisk and Sherry Powell. Health and safety report was given by Linda Hauptert and the treasurer's report was read by Karen Montel. Record books were checked.

We discussed an around the lake cooky sale. Demonstrations were given by Linda Fitton, Sonja Baker, Connie Meredith, Marjori Tucker, Virginia Bruner, Delta Secor, Marsha Sisk, Pamela Kuhn, Paula Jones and Sarah Fisher. Thirty members and six guests were served refreshments.

The Chicago Motor Club points out that it really doesn't cost much to be safe driver. Observe speed regulations, be courteous to others, allow plenty of space between cars, obey traffic signs and signals, and never pass on hills or curves. Following these simple precautions will help insure you a safe and pleasant motoring trip.

## Indiana Farm Prices Drop

Indiana farm prices declined four per cent from mid-April to mid-May, according to Purdue University agricultural economists and state-federal statisticians. The drop resulted from lower livestock prices.

Hoosier farm purchasing power slipped three per cent, while

U.S. farm prices, U.S. farm purchasing power and U.S. wholesale prices all declined one per cent. Prices paid by U.S. farmers remained unchanged.

Although the Indiana livestock price index fell five per cent, the Indiana grain price index remained unchanged for the period.

Major commodities declining: Hogs and whole milk, five per cent; cattle, four per cent; soybeans, three per cent; lambs, nine per cent; wheat and baled hay, two per cent; chickens, 12 per cent; and calves, one per cent.

Commodities increasing: Corn and oats, five per cent; and wool, two per cent.

Product-feed price ratios generally declined during the period. The hog-corn ratio fell 10 per cent; broiler-feed dropped 15 per cent; chicken-feed 12 per cent; whole milk-feed, six per cent; egg-feed, two per cent; and turkey-feed, one per cent.

## COUNTERPOINT, Continued

his respect for you—someone in authority who has clear standards of conduct and a basic understanding of what is right and wrong. If you were the child observing yourself as a parent, what would you see?

Dr. D. L. Farnsworth says: "The real moral problem these days is not our youth but our adults... I feel concerned about the massive assault of the integrity of our young men and women of college age in the form of examples set by their elders... More and more students come from homes in which there are no estimable values, no suitable standards, where the parents have highly materialistic goals. Pressures from family and society make kids so competitive that they believe the greatest good is to get ahead without getting caught."

—Kiplinger Changing Times.

The above is the expression Mrs. Glen Snider gave Saturday when all her children and members of their families save one were able to visit her. Present for the occasion were:

Mr. and Mrs. Harley Waggoner and daughter Linda of San Diego, California; Mr. and Mrs. Harold Snider and sons Bill and Bob (and Bob's college roommate, John Miller), Dayton, O.; Mr. and Mrs. Hollis Snider and sons Bob and Richard of South Bend; Mr. and Mrs. Walter Bowers and sons David and Douglas of Mishawaka; Mr. and Mrs. Wayne Thomas, Denis and Pamela of South Bend; Mrs. Robert Whetstone and sons and Mr. and Mrs. David Cooper, Debbie, Danny and Denise of Mentone.

This was the first all the family had been together in six years and it was the first glimpse of the new great-granddaughter.

FLYING CLUB MEMBERS  
ENJOY CHICKEN BARBECUE

Twenty-seven members of the Mentone Flying Club, which included members of their families and friends, enjoyed a pot luck chicken barbecue at the Mentone airport Friday evening.

Those present were Mr. and Mrs. Norman Drudge, Mr. and Mrs. Dale Sinclair, Mr. and Mrs. Dale Nellans, Mr. and Mrs. Artley Cullum, Mr. and Mrs. Harrison Crabill, Mr. and Mrs. Bud Deaton, Mr. and Mrs. Francis Brown, Mr. and Mrs. Allen Herendeen, Dr. and Mrs. Wymond Wilson, Dr. and Mrs. O. L. McFadden, Harold Nelson, Larry Creakbaum, Jim Zolman and Pat Holloway.

## HIGH WIND TUESDAY

High winds, and later rain, visited our area Tuesday afternoon. A large "lift" of aluminum roofing at the Northern Indiana Fence Co. warehouse, northwest of town, was outside where the wind could get at it, and a good share of it was scattered over a wide area. Many of the sheets were damaged.

## LOSES ALL IN CUBA

Recently we mentioned in our news columns about Mr. and Mrs. Charles Kinsey arriving at Fort Pierce, Florida with refugees from Cuba. Mr. Kinsey, who was born in Cuba, educated in the States and had extensive land holdings in Cuba, is a cousin to Mrs. Rosa Kinsey, Mentone. For many years he was engaged in raising cattle and fruit, and a short time ago he was considered to be worth in the neighborhood of a quarter of a million dollars.

The Castro regime changed everything. Their possessions were confiscated and they spent some time in prison before being permitted to leave Cuba. In some manner his sister in Florida heard they were on the airplane and met them at the airport. This was fortunate in that they did not even have enough money to make a phone call.

One brother, Ralph, is still in Cuba but there has been no word from him.

Mrs. Kinsey, who is a school teacher, plans to teach in her home town in South Carolina this coming term.

Merry Molly Meet  
With Mrs. Smith

The Merry Mollys Home Demonstration Club met June 12th at the home of Mrs. Marion Smith. Vice President Mrs. Al Rannels was in charge of the meeting.

The pledge to the flag was given, followed by the club creed and singing "America—the Beautiful." Mrs. Dale McGowen read a poem, "Seeing Things," for meditation.

Mrs. Carl Whetstone gave the history and led in the singing of the song of the month, "You Tell Me Your Dream, I'll Tell You Mine." Mrs. Albert Hire gave the health report. Name your children and dates of birth—days was given in response to roll call.

Mrs. Kenneth Leiter and Mrs. Jerry Hudson gave reports on the charm school held recently at Warsaw. The club prayer song was sung and the club collect repeated.

50-50 was enjoyed with high score prize going to Mrs. Hire and low to Mrs. Glen Mellott.

Mrs. Gene Sarber, Mrs. Hire, Mrs. Whetstone, Mrs. Leiter and Mrs. Horn received gifts from their secret pals.

Mrs. Horn received the door prize.

Lovely refreshments were served by the hostess and co-hostess, Mrs. Horn.

## Girl Scout News

We did very good selling Girl Scout cookies and wish to thank everyone who helped make it a success.

We've finished our requirements for First Aid which was to learn to tie triangular bandages and how to treat minor injuries.

Most of us have finished our requirements on nature which was a study of birds and flowers, and now have earned our second class rank.

On Saturday we all went to a nursery and got a tree which we planted in the new park.

We were pretty busy planning our program for the Brownie fly-up ceremony. We made a bridge by lashing sticks and decorated it with flowers we made from paper tissue.

We're happy to have the new girls in our Girl Scout troop.

Now we're looking forward to going to day camp which is the last week in June.

SISTER DIES  
AT PLYMOUTH

Mrs. Amanda Imus, 102, of Tippecanoe, died at 6 p.m. Sunday in Parkview hospital, Plymouth. She had been ill since Dec. 22.

A lifetime resident of the Tippecanoe area, Mrs. Imus was born there Dec. 13, 1858. She was first married to Jeremiah Fields, who died in 1908. She married Hammond Imus in 1913 and he died in 1923. Mrs. Imus was a member of the Tippecanoe Congregational Christian church.

Surviving are a son, Charles, of Tipton; a daughter, Mrs. William Gordon, of Shelbyville, Mich.; a sister, Mrs. Samantha Norris, of Mentone; three grandchildren; six great-grandchildren and six great-great grandchildren.

Funeral services were held at 2 p.m. Wednesday in the Tippecanoe Congregational church with Rev. Traverse Chandler, a nephew, officiating. He was assisted by Rev. Charles Fields, a grandson of Mrs. Imus. Burial was in Summit Chapel cemetery.

Swimming Classes  
For Brownies

Plans are made for special swimming classes for Brownie Scouts July 3 to 7 and July 10 to 14 (except July 4th). Classes will be at Yellow Creek Lake.

The Brownies are to meet at the Methodist church by 9:30 a. m. for the ten o'clock classes. They must have the permission blanks signed or they cannot go. All should notify Mrs. Joe Boggs by June 30 if they are going. Her phone number is EL 3-3929.

Also, those in charge would like drivers to volunteer to drive the Brownies to the lake.

NEW VETERINARIAN  
MOVES TO MENTONE

Dr. Harry Lavanchy, wife Judy and infant son moved a new trailer house on the Frank Smith lot in south Mentone on Friday of last week. Dr. Lavanchy will be an assistant veterinarian to Dr. O. L. McFadden, starting on July 1.

Dr. Lavanchy just graduated from Michigan State University and is now licensed to practice in Indiana. He and his family are now on a short vacation.

## DAY CAMP FOR BROWNIES

All Brownie Scouts going to day camp Monday, June 26, are notified to be at the Mentone Methodist church by 9 a. m. and transportation will be provided.

JOE BLACKFORD  
DIES TUESDAY

Joseph Blackford, 65, of Tippecanoe, died Tuesday at 8:45 p.m. in his home of a heart attack. Mr. Blackford, a retired Nickle Plate section foreman, had been ill for the past six months.

He had resided in Tippecanoe for the past 23 years. He was born in Whitley county March 19, 1896, the son of William and Mary Alice Blackford. He married Sarah Sievers in 1916. He was a member of the Tippecanoe Community church.

Surviving in addition to his wife are nine daughters, Mrs. Lester Blackburn and Mrs. Don Baugher, both of Warsaw, Mrs. Martin Montalbano, Mrs. Charles Lozier and Mrs. Dick Krest, all of Tippecanoe, Mrs. Gene Ward, of Iron Mountain, Mich., Mrs. Warren McIntyre, of Etna Green, Mrs. Roland Kauffman and Mrs. Ray Harroff, of Bourbon; five sons, Robert and Dean, both of Warsaw, Dale and Bill, both of Tippecanoe, and Charles, of Riverside, Calif.; five sisters, Mrs. Roy Guinn, of Fort Wayne, Mrs. Chester Coplen, of Mentone, Mrs. Samuel Barnes and Mrs. Lawrence Johnson, both of Huntington, and Mrs. Sam Geeseman, of Auburndale, Fla.; a brother, Charles, of Huntington; 43 grandchildren and seven great-grandchildren. A son preceded him in death.

Services will be held Friday at 2:30 p.m. in the Tippecanoe Community church with Rev. Don Dugan officiating. Burial will be in the Mentone cemetery with the Johns funeral home in charge.

## WITH THE SICK

Earl Besson continues to improve at his home from a recent heart attack, and Mahlon Mentzer, another heart victim, has been seen driving his auto about town occasionally.

Chet Smith, who suffered a broken arm from a "wild" fire hose recently, is expected to return to his home today or Thursday from the Woodlawn hospital at Rochester.

Mrs. Ed Blosser is reported to have undergone surgery at the Mayo Clinic hospital Monday.

## STAR 4-H CAMPER

## COUNTERPOINT

## By The Editor's Wife

Dock workers in Manchester, England, demanded "tear money" for handling Spanish onions, and another group asked for "embarrassment money" for handling lavatory equipment.

Have you noticed that the new public buildings in the cities have no cornices, balconies or ledges? One reason is to eliminate roosting places for pigeons and starlings. This may explain why so many of these nuisance birds have come to the country.

Reliable (?) sources say that Krushchev now hands out Havana cigars to visitors.

The editor has quite a sense of humor! Recently I placed some left-over pancakes where the birds could find them. He laughingly suggested that the birds may not be able to get off the ground. (Very funny!)

Several of the bird parents have brought their young to the feeders. So far, the baby catbirds have not come. We investigated and found that they still have no tail feathers, only a short stubby fringe, so they cannot yet fly. Their busy mother makes countless trips from the feeder to her babies, her beak full of peanut butter for their ever open mouths.

(Item four - For Parents):

Is "getting ahead" the chief purpose of your life? Does "anything go" as long as you outdo the next fellow? Is your child learning that the major aim of life is to possess material things? He may be forever insecure and unhappy in his efforts to gratify these aims.

Or, is the emphasis on respect for excellence, on personal responsibility, fairness, consideration for others, nondiscrimination against other races or creeds?

BOAT PLANT MOVES  
TO MENTONE

Warren Products, Inc., a firm which has been manufacturing and distributing fibre glass boats the past year at Warsaw and Syracuse, have leased the Mollenhour Mfg. Company building in west Mentone and have already moved a good portion of their equipment into the building.

Although the firm has molds for some 20 sizes and styles of boats, which are marketed under the Stylelite and IMC labels, they will start production here of 8, 12, 15 and 16 foot runabouts within a couple of weeks. A cruiser will be produced a little later, and their plans include the construction of fibreglass hog feeders and construction domes. An entirely new method of fibreglass construction will be used in manufacturing at Mentone. This method is one in which the fibreglass fibre and resins are forced into the molds under pressure or spray.

The company is composed of Bill Warren, Jr., and his wife Mollie as president and secretary-treasurer and Bill Warren, Sr. as vice president.

RED CROSS  
NEEDS DONORS

Mrs. Joe Boggs, who is in charge of the Red Cross/blood donor program here, states that appointments are urgently needed for Friday, June 23, when the Bloodmobile will be at the Masonic lodge at Warsaw from 10 a. m. to 4 p. m.

If you'd like an appointment for a special hour, telephone Mrs. Boggs, EL 3-3929.

## CAT IS FOUND

Wednesday of last week little Jeff Secrist, five year old son of Mr. and Mrs. Jerry Secrist, was bitten by a stray cat. All efforts to locate the cat had been futile and preventive shots were to be started late Tuesday. Tuesday morning the father, Jerry Secrist, located the cat and it appeared to be in good health. It is now confined by Dr. O. L. McFadden and it is almost certain that the cat is not afflicted with the dreaded rabies.

## BREAKS LEG IN FALL

Mrs. Ralph Arnsberger fell off a step ladder at her home Monday breaking her leg and wrist. She was admitted to the Woodlawn hospital in Rochester.

ELECTED PRESIDENT  
BANKERS GROUP

Lewis E. Norwood, local banker, was elected as president of the National Association Bank Auditors Comptrollers for the northern Indiana conference at a meeting of the association last Thursday evening, June 15, held at the Elcona Country Club between Elkhart and Goshen.

Other officers elected were Arlie Richert, First National Bank of Huntington as vice president and Kenneth Erhardt, First Bank and Trust of South Bend as secretary-treasurer.

This is Mr. Norwood's third year as an officer of the organization. The Farmers State Bank of Mentone has been a member of the NABAC association for the last year and a half.

BAND PARENTS  
HOLD MEETING

Twenty-one parents of band members met at the Mentone school Tuesday evening to discuss the plans and needs of the Mentone school band.

Mr. Bush, director of the music department, stated that the band will be larger this year, and many more uniforms will be needed.

Those present expressed themselves as being in favor of a \$5 deposit on uniforms by the band members, to be retained until the uniforms are returned at the end of the season.

A committee of three was also appointed to contact school officials in an effort to find a way to finance the purchase of the needed uniforms. This committee will report back at another meeting of the band parents next Tuesday evening, June 27 at seven o'clock at the school. All parents of band members are urged to be present.

Awarded 50-Year  
Masonic Awards

Some forty Masons and members of their families were present at a banquet held in the basement of the Mentone Methodist church Tuesday evening.

Following the banquet 50-year gold awards were presented to two members of the lodge. Dale Nellans presented the award to his father, Herschel V. Nellans, and Charles Manwaring presented the award to his uncle, Chester Manwaring.

Truman Long, worshipful master, presided.

## DAR Dinner At Wagon Wheel

Members of the Anthony Nigo Chapter of the DAR and their guests met on Tuesday evening, June 13th at the Wagon Wheel restaurant in Warsaw, where a delicious dinner was enjoyed. The group traveled on to the home of Mrs. James Randall north of Warsaw for the meeting.

The business meeting was opened in ritualistic form by Mrs. Lena Igo, Regent. Mrs. Miles Manwaring read the Resolution on the Florence Agreement. In the National Defense News, Mrs. Frank Smith stressed that America needs to take a hard look at communism, and especially at itself and what has happened within itself. Communism and what has happened, cannot be shrugged off by anyone wanting to live as a free man or woman. The American people need to see communism for what it really is, whether disguised as liberalism, socialism, progressivism, or modernism. The American people need to take a hard look at the strange happenings within America, and take action with historic and characteristic forthrightness and determination.

Beware of voices from Washington, or the man and woman in your community, who try to insult your intelligence by saying that our Constitution, while good enough for us as a small nation, is today "outmoded", needs to be "modernized" and made more "progressive". About the only thing our Constitution will ever need will be increased firmness against subversive ideologies and confiscatory federal powers.

To the communists, co-existence is just a smoke-screen to be used when they are not quite strong enough to liquidate their enemies. If they honestly believed in this doctrine, why would they put up an iron curtain.

The officers for the coming year were installed by Mrs. Smith. Mrs. Fred Surguy, incoming regent, announced her

committee chairmen.

The program, written and conducted by Mrs. Hazel Linn, consisted of a skit honoring Mrs. Smith, upon the completion of her duties as Northern District Director. A State Director's pin was presented to Mrs. Smith. A gift was also presented to Mrs. Lena Igo, retiring regent.

Nineteen members and seven guests, Mrs. Howard Hudson, Mrs. Eddie Tucker, Mrs. William E. Cox, and Mrs. Glenn Highley of Marion; Mrs. Dan Clauss and granddaughter, Miss Michele Clauss of Bourbon; and Mrs. Laurence Guenin of LaFontaine; enjoyed the evening. The DAR adjourned for the summer until September.

## Muzzle Loaders Festival June 24

The Seventh Annual Muzzle Loaders Festival at Greenfield Village (Detroit, Mich.) on Saturday and Sunday, June 24-25, will be bigger and—the kids will like this—noisier than ever before.

The colorful event, previously held in the fall, has been moved to the Greenfield Village summer special event schedule.

The two-day program features costumed frontiersmen and uniformed Civil War soldiers whose accurate shooting against breakable targets and military drills recapture for old and young alike all the color and realism of a century ago.

The Festival will bring together nearly 275 shooters, all using oldtime firearms in friendly marksmanship contests. The participants will come from Michigan, Ohio, Indiana, Wisconsin, Kentucky and Virginia.

In keeping with the Civil War Centennial observance now under way, the Muzzle Loaders Festival this year will feature the ordnance of that war, both small and large.

George J. Bissaca, of Lenox, Mass., a collector for 14 years of Civil War ordnance, will give two demonstrations each day of the firing of an original 12-pounder Dahlgren cannon, a 12-pounder mortar that saw action with Admiral David G. Farragut's fleet and a 10-barrel Gatling gun. He will use a cinder block wall, 50-barrel drums filled with water and balloons as his targets.

Development of the Gatling gun started in 1861, but it was not until the closing stages of the Civil War that the weapon first saw action with the Union troops around Richmond. The invention of R. J. Gatling, a

North Carolina doctor, the rapid fire gun soon changed military history and its staccato voice was to be heard around the world for the following four decades.

Events both days will get under way with raising of the 36-star Civil War national colors at noon and will continue to 5 p.m.

Individual marksmanship contests will be held on Saturday, with men's and boy's costume competition also scheduled for that day.

Two military teams, Union and Confederate, will give a demonstration on Saturday of the military contests that will take place on Sunday. All military teams are members of the North-South Skirmish Association.

Maj. Gen. Cecil J. Kennedy of Flint, Mich., commanding officer of the Michigan National Guard, will inspect the military companies on the Village Green in a prelude to the flag raising and marksmanship competition. This will include clay pigeon, swinging canister, balloons, stake cutting and explosive target matches.

In addition to Civil War music by a fife and drum corps and a band, Merv Shiner of Detroit, an outstanding folk singer, will sing

ballads of that era, with guitar accompaniment. Shiner will be a feature of the Sunday program.

Women's and girl's costume judging also will be held on Sunday as will a contest featuring women sharpshooters.

Demonstrations and exhibits connected with early weapons and the Civil War may be seen both days. These include: A large exhibit of Civil War firearms, sponsored by midwest muzzle loading clubs.

The machining of parts for rifles by Cecil Brooks of Lowell, Ohio, one of the country's leading gunsmiths.

The casting of lead bullets by Max Schwartz, 1015 Twenty Third Street, Wyandotte. He will give these to children as souvenirs.

The making of gun stocks by Forest (Flint) Warren, 2348 Central Avenue, Detroit.

Gun engraving by William O. Woodard, 1813 North Vermont, Royal Oak.

## WSCS Program—"The Homeless Refugee"

The plight of the homeless refugee was the theme of the program conducted by Mrs. Raymond Cooper and Mrs. Wymond Wilson last Thursday evening at the June meeting of the Woman's Society of Christian Service. Meditation was given by Mrs. Cooper. A playlet about the refugee problems and the people who are working to relieve them was presented by Mrs. Macy Nelson, Mrs. Bob Whetstone, Mrs. Rea Ward, and Von Jenkins.

A film was shown which told the story of a homeless man in Greece, his family's life in a refugee camp, his search for work, and the help he received from a M. C. O. R. worker.

The business meeting was presided over by the new president, Mrs. F. B. Davison. Assistant hostesses for the evening were Mrs. Richard Gross, Mrs. Linus Borton, and Mrs. Pauline Borton.

## Meeting of Talma Home Ec Club

The Talma Home Economics Club met recently in the home of Mrs. Mike Becker. The meeting was opened by singing "Home Sweet Home". Mrs. E. C. McGowen, president, led the pledges to the American and Christian flags and the club creed.

Mrs. Elgie Vandermark read "Goodness of God" for devotions, she also read a poem entitled "Friends" which was written by Artie Miller, a local resident.

Mrs. Verdie Brockey, song leader, gave the history and led in the singing of the song of the month, "You Tell Me Your Dreams, I'll Tell You Mine." "Abide With Me" was also sung. The secretary report was given by Mrs. Becker and the treasurer report was read by Mrs. Wilbert Utter. The monthly hostess auction was held, which netted a sum for the treasury.

For health and safety Mrs. Harold Walters spoke on Civil Defense—facts on fall-out protection. The lesson on salads and salad dressings was given by Mrs. Verne Weiger and Mrs. Harold Walters. Mrs. Weiger had made three different kinds

of salad dressing. Each one was sampled on celery. Mrs. Walters demonstrated making a salad, which was later served for part of the refreshments.

The program was conducted by Mrs. Vandermark. Prize being won by Mrs. E. C. McGowen. The door prize was won by Mrs. Weiger. Mrs. Utter received a gift from her Sunshine Friend. The club collect was said in unison to close the meeting.

There were twelve members and two guests present, Mrs. John Masters and Mrs. Walter Jordan, and one child, Barbara Johnson. The next meeting will be the annual picnic and guest day.

The picture above was taken some time ago when the Mentone Senior class was in Washington, D. C. This was taken in the office of Senator Vance Hartke. The seniors had a very enjoyable trip when they also visited New York City and the Aerosystems (formerly Bell Aircraft) at Buffalo, New York. Here they all enjoyed helicopter rides and a ride on an air-cushioned boat which floats a few inches above land or water without any visible connection with either.

## Dairymen Cautioned

Purdue University dairy scientists and entomologists caution dairymen to exercise care in the use of sprays or dusts on forages, cattle and buildings. Residues may get into milk from feed and water, skin penetration or direct contamination.

No insecticide residues are allowed in milk or milk products. Therefore, only registered and recommended materials can be applied to dairy animals. These

materials should be applied according to recommended rates and according to registered label directions.

Dairy owners, managers and husbandmen are responsible for making certain that grain and forage fed to their dairy animals are free from insecticide contamination. This pertains to feed grown on the home farm and also hay, forage and grain obtained from other sources.

All insecticides used on agricultural crops have definitely established application rates and definite, prescribed waiting periods between application and time of harvest or grazing. These are registered with the Food and Drug Administration of the U.S. Department of Health, Education and Welfare and must be set out on the container label.

So, the Purdue staff members urge dairymen to "read the label!"

Recommendations for use of these materials are contained in two Entomology department mimeos available without charge to Indiana residents at county extension offices. These are E-80, "Safe Use of Insecticides in the Dairy Industry" and E-28, "The Spittlebug."

## Pinney Purdue Field Day

Plywood hog houses that with-  
stood the rigors of 20 years'  
service, top Red Poll cattle, min-  
imum tillage, small grain vari-  
eties and herbicides will be fea-  
tured at the annual Pinney Pur-  
due field day, Thursday, June  
29.

Pinney Purdue Farm is two  
miles west and one half mile  
north of Wanatah in northwest-  
ern Indiana. Tours will start at  
1 p.m. and again at 6:30 p.m.,  
CDT. Those attending the even-  
ing meeting should be at the  
farm by 6:30 in order to see  
the complete program.

New wheat and oat varieties  
will be seen side by side with  
popular varieties of the past  
and promising experimentals.

Winter barley variety trials  
are located at Pinney Purdue  
for the first time since 1956-57.  
Included is the 1961 release De-  
catur, a short, high yielding,  
winter hardy variety recom-  
mended for northern Indiana.  
Other varieties include Hudson,  
also recommended for northern  
Indiana; Kenate, Kenbar, Day-  
ton and five experimentals.

One plot each of Norline and  
Dubois winter oats will also be  
on display. Though winter oats  
are not recommended for north-  
ern Indiana, these plots sur-  
vived the rather mild 1960-61  
winter with 20 to 30 per cent  
winter kill.

Minimum tillage demonstra-  
tions include plow and plant,  
wheel track plant and normal  
cultivation on three soil types,  
and at both early and late plant-  
ing dates. Corn planted May 1  
can be compared with May 19  
plantings under the same cultur-  
al practices. Advantages and dis-  
advantages of the various min-  
imum tillage methods will be  
discussed.

The herbicide plots include  
Atrazine, Randox, Randox T,  
2,4-D and other promising ma-

terials in both spray and granu-  
lar form. These preemergence  
herbicides are being tried on  
both muck and sandy loam at  
Pinney Purdue.

E-P Pinpur Prince Edward,  
grand champion Red Poll bull  
at the 1960 International Live-  
stock Exposition, and other top  
Red Poll cattle can also be seen.  
This outstanding bull weighed  
963 pounds at nine months and  
nine days, a Hoosier Gold Medal  
Calf Club daily gain of 3.2  
pounds.

Purdue specialists will be on  
hand to lead discussions and  
answer questions.

## Beaver Dam Better Daughters 4-H Meet

The Beaver Dam Better  
Daughters met at the home of  
Janet Goshert's on June 5th.

The meeting was called to  
order by the president, Rita  
Lockridge. The pledges were led  
by Jody Horn and Marsha Me-  
Farland. The roll call was an-  
swered by your favorite sum-  
mer sport. The secretary and  
treasurer reports were read and  
approved.

Jody Horn gave the Health  
and Safety report on posture.

Demonstrations were given by  
Janet Goshert on cake design,  
Linda Beigh on oil paints, Bren-  
da Moore on cake design, Patty  
Walsh on chip dip and Bea  
Walsh on a relish plate.

Recreation was played until  
refreshments were ready. The  
meeting was then adjourned  
until July 3rd at Phyllis Um-  
mel's home.

Continue monthly fertilization  
of your houseplants. Purdue Uni-  
versity horticulturists say to ap-  
ply one or two teaspoonsful of  
12-12-12 or similar analysis fer-  
tilizer per gallon of water. Ap-  
ply as a regular watering.

A courteous act, says the Chi-  
cago Motor Club, can make a  
friend. On the highway, a court-  
eous act can save a life.

## COUNTERPOINT, Continued

our own personal enterprise economy.

In the past twelve years two and one half million people have fled from communist East Germany.

Try to imagine America losing every year the entire population of a city the size of Jacksonville, Florida, or Providence, Rhode Island. This would be just about equivalent to the average number of people who have been giving up their homes, their careers, and, in many instances, their families to flee from communism.

— From Life Lines, May 17, 1961

The main item of interest, foodwise, at the recent Flying Club Potluck supper, was the barbecued chicken, prepared by Macy Nelson. After watching the process and tasting the product, can agree that many of the finest cooks are men.

We enjoyed this: A Texan pulled up in front of Houston's Shamrock hotel in a cruiser-length car. He pulled a \$10 bill out of his pocket and handed it to the doorman. "Take good care of the car," he said. "I sure will, boss," answered the doorman. "I own one myself."

## ROMINE, SMITH MARRIED RECENTLY

Miss Janet Elaine Romine, daughter of Mr. and Mrs. Monroe Romine of Mentone was married to Thomas A. Smith, son of Mr. and Mrs. Arthur Smith of R. 4, Warsaw. The Rev. Herbert LePage of the Butler E.U.B. Church read the double ring ceremony at 8:00 p.m. Saturday, June 10th in the Mentone Methodist Church.

Church altar decorations were two beautiful baskets of lavender pompoms and white gladioli, for the candle light ceremony.

The organist, Mrs. Stanley Shoeman of Manchester and soloist Mrs. James Wagoner of Plymouth, furnished nuptial music. Solos included "Through The Years", "Whither Thou Goest," and "Oh Perfect Love."

The bride was given in marriage by her father. She approached the altar wearing an imported hand clipped lace dress with a mirage of nylon tulle. The fitted bodice had long pointed sleeves and a sabrina neckline, sprinkled with seed pearls and sequins. The buffant floor length skirt had a back of lace and tulle ruffles. The front a lace drape caught up with Italian lace roses. Her veil of imported French illusion fell from a Swedish crown of pearls and sequins. The bride carried a white Bible, topped with a white orchid with a lavender throat. From this fell satin streamers with knotted rosebuds.

The maid of honor was Miss Geri Wildman of Leesburg. Bridesmaids were Miss Dorothy Christian of Mentone and Mrs. Larry Weirick of Warsaw. The flower girl was Gerri Davis of Fort Wayne, who carried a basket of rose petals, and Susan Romine, a niece, also of Mentone, who with her cousin, Bob Romine, also of Mentone, carried lighted candles. The lady attendants chose lavender chiffon over taffeta waltz length dresses, with fitted bodices and full skirts. Their identical head-dresses were halos of white carnations with foliage and net. Each carried white satin rosettes with a lighted candle in the center.

Larry Weirick of Warsaw served as best man. Groomsman was James Smith, a brother of the bridegroom, and ushers were

John Latta of Warsaw and Ken Romine of Mentone.

The ring bearer was Jay Smith also of Warsaw and a nephew of the bridegroom. The mother of the bride chose a lavender lace over a taffeta sheath, and Mrs. Smith wore a powder blue lace over a taffeta sheath. Their identical corsages were white camelias.

The sister of the bridegroom, Mrs. John Latta of Atwood was in charge of the guest book. Those in charge of gifts included Mrs. Harold Personette of Gil-ead, Mrs. Stan Yeiter of Illinois, Mrs. Junior Clappitt of Warsaw, Miss Sue Borton of Mentone, and Miss Carolyn Page of Butler.

The candle lighters were nephews, John and Gary Romine of Mentone. The bride chose a navy blue sheath with white accessories and an orchid corsage for their wedding trip to northern Michigan. When they return, Mr. and Mrs. Smith will live north of Mentone.

After the wedding, a reception was held in the church dining room for about 200 guests. The decorations were lavender baby orchids circling the wedding cake on the serving table. Those assisting with the serving were Mrs. Gerald Romine and Mrs. Kenneth Romine of Mentone, sister-in-laws of the bride. Also a cousin, Mrs. Curtis Vandewater of Atwood, and the bridegroom's sister-in-law, Mrs. James Smith of Warsaw.

Out of town guests were from Fort Wayne, Ohio, Chicago, Warsaw, Atwood, Butler, Bourbon, and Etna Green.

The bride was graduated from the Mentone School and the Raven Croft Beauty College of Fort Wayne and has been associated at the Berkepile Beauty Shop in Bourbon.

Mr. Smith was graduated from the Atwood School and is now employed at the Northern Indiana Co-op.

## GOSPEL MEETINGS AT CHURCH OF CHRIST

Ted R. Ogle of Frankfort, Indiana will be the speaker at special gospel meetings to be held at the Mentone Church of Christ at 7:30 each evening, from June 29 until Sunday, July 2.

An invitation is extended to all to attend the services.

## MAY BUILD NEW INDUSTRIAL PLANT

The industrial committee of the Mentone Chamber of Commerce is now negotiating with a former manufacturer of poultry equipment and present plans are that a 60x120 building will be constructed south of Mentone along Road 19, for engineering and development of products for future manufacture.

The Chamber of Commerce is contemplating the purchase of one acre of ground on which the new building will be built. Funds for the land purchase are now being solicited from public spirited business firms and individuals of the Mentone area.

## "The State of the Union"

Mrs. Ray Linn and Mrs. Frank D. Smith of the Anthony Igo Chapter, Daughters of the American Revolution of Mentone were recent guests of Mrs. Barbara Janowski at a luncheon meeting of the Pottawatomie Chapter DAR of Gary at the Gary Country Club. The speaker after the luncheon was Dr. Sidney L. DeLove of Chicago, author of the best-seller "The Quiet Betrayal", and founder of Independence Hall in Chicago. Independence Hall in Chicago is a replica of Independence Hall in Philadelphia and was built to emulate our sacred shrine and to remind us of the principles enunciated in Philadelphia nearly 200 years ago.

The subject of Dr. DeLove was entitled "The State of the Union", which he said was most certainly not a pleasant subject in these days and that this was indeed the darkest hour in all history. He stated that our country will not be vanquished by an external enemy but that an internal threat is gravest and of our own creation. We have ignored the warning of history. Our American Heritage is the greatest gift ever given by man to man. This gift is God given rights by God charged responsibility. He said only 1% of our population can define our American Heritage. The 20th Century American is a passive reformist... looking for the easy life with no responsibilities. drunk with material power, thinks he can buy anything with money, such as security, honor, etc. The majority are ignorant of their duties as Americans. A patriot is known as a crackpot or a flag-waver!

Dr. DeLove said that every great nation with materialism as their God has decayed and died from within. Our American youth must be taught American History and why they are free. Americanism is not inherited. We are Americans when we are a credit to our ancestry. Americanism must be taught and practiced. There is one way to teach Americanism and that is by way of teaching American History in the schools and Americanism in the school and in the home. The prime goal of the educational system should be the preparation of youth for their responsibilities as citizens.

Dr. DeLove said you can't kill an idea like communism with

Arthur Kendall To  
Head Lions

The Mentone Lions Club held its final meeting of the club year Wednesday evening of last week when an installation service was held for the new officers, who will be in command when the organization convenes in September after a two month vacation.

Ed Sauers of Warsaw, district chairman of the Leader Dog committee, was present to conduct the installation service for the new officers, who were:

President, Arthur Kendall.  
1st vice president, Lloyd Bowerman.

2nd vice president, Zanna Hammer.

3rd vice president, Lewis Norwood.

Secretary, Vern Wittkamper.  
Treasurer, Tom Fugate.  
Lion Tamer, Robert Jones.  
Tail Twister, Leroy Cox.  
Directors: Everett Rathfon and Wymond Wilson.

During the business session the club agreed to work on a scrap metal drive during the summer, and all Lions were urged to save all scrap metal, and bring it to the Arthur Kendall farm if you prefer. Here it can be sorted and kept until about Sept. 15 when it will be sold.

Herm Ellet of Huntington, using numerous statistical charts, gave us a good idea of the importance of Mentone and the many advantages it has over many other areas of the country. The great need of any community, he said, was to be loyal to your community and give it a boost whenever you can. Water, sewer, electric and gas facilities, along with planning and zoning, are great factors in inducing others to come to our community, and Mentone rates high in many of these areas.

## IN EASTERN ACCIDENT

Max Friesner, who hauls eggs to Carpenter Bros. at Frostburg, Maryland, had the misfortune to completely wreck his trailer and load and do about \$7000 in damage to the tractor one day last week. He swerved out to miss a car coming toward him and on his side of the highway. The truck hit a guard rail and overturned. Max suffered a few cuts and bruises but otherwise escaped.

## COUNTERPOINT

By The Editor's Wife

Whether or not you express it, you have an opinion concerning TV programs you view. If you have children, you have expressed your opinion in no uncertain terms. If you have gone so far as to "ban" certain programs and then to assume the "police" duties involved, you are to be commended.

Here is another thought to consider. "The one child who does not see horror and crime programs lives and will live in a world created by the 50 who do," according to Mrs. Clare S. Logan, president of the National Association For Better Radio and Television. She feels that the answer to better TV programs will be found when "an enlightened and determined public demands higher standards for programs."

Columnist Bacharach suggests that you carry a box of baking soda in the glove compartment in your car. It soothes insect bites, settles an upset stomach, cleans bugs off a spattered windshield, and extinguishes fires. (Sounds like a do-it-yourself kit.)

Ask yourself this question: "Would I have a job if someone had not created one?"

Seems we're all dependent upon the wants of others. Since most of us buy something simply because we want something, or are led into wanting something, the "creation of wants" is man's occupation. Do you agree?

We have enjoyed the creek this summer, especially, since the editor has cleared the bank of the numerous boxelders and walnut seedlings. As soon as the catbirds move out of the multiflora hedge, it will be removed, too. Then we will be able to see from our windows to the creek.

An additional attraction for the children is the one-man raft grandfather built. As the creek is not deep, a child can safely ride the raft for about 50 feet, until the tie-rope calls a halt to the journey, a small fry on shore pulls the raft back to dock.

Notes for parents (Kiplinger Changing Times) No. 5.

Do you have a critical sense of "ideal" values? A dislike for what is cheap and trashy and

CLARENCE BUNCH  
DIES NEAR ARGOS

Clarence W. Bunch, 83, R.R. 1, Argos, died at 9:15 a.m. Monday in his home nine miles southeast of Argos on the Walnut-Tippecanoe township line. He had been ill the past year.

Born May 3, 1878, in Fulton county, he had lived in the Argos community for 81 years. Never married, Mr. Bunch was the son of Joshua and Catherine King Bunch.

Surviving are one brother, Joshua, Fort Wayne; one sister, Miss Katherine Bunch, at home; one niece and two nephews. He was preceded in death by two brothers and two sisters.

Funeral services were held Wednesday at 2 p.m. in the Grossman funeral home at Argos with the Rev. Harry Claybaugh officiating. Burial was in the Richter cemetery northeast of Rochester.

PLAN FOUR SCHOOL  
UNITS IN COUNTY

At a meeting held Tuesday evening the Kosciusko County School Reorganization Committee announced their plans for four school units in the county, subject to further revisions and the acceptance by the electors in the May primary next year.

The units are:

Henry (Fulton county), Harrison, Seward and Franklin townships in the southwest unit.

Washington, Monroe, Jackson, Lake and Clay townships in the southeast.

Tippecanoe, Plain, Van Buren, part of Jefferson and Turkey Creek townships in the north.

The Warsaw district will include Warsaw and Wayne and Prairie townships.

## WITH THE SICK

Sunday evening Mr. and Mrs. Robert Jones called on his mother at the Elkhart hospital and on Monday she was dismissed from the hospital to her home.

Karen McFadden was admitted to the Murphy hospital Sunday for surgery for appendicitis.

Mrs. Samantha Norris is confined to the home of her son, Mr. and Mrs. Leroy Norris with a heart condition.

Mr. and Mrs. Luther Hawley, four daughters and son plan to move into the Robert Hibschan home this week. Mr. Hawley plans to work at the NICA as field sales and service representative.

BAND PARENTS  
ELECT OFFICERS

Thirty-three band parents attended a meeting held at the school Tuesday evening, and elected the following officers:

President, Zanna Hammer.  
Vice president, Eldon Horn.  
Secretary, Mrs. Robert Whetstone.

Treasurer, Mrs. Joe Tucker.

Lloyd Bowerman reported that 15 new uniforms would be needed in addition to music and other supplies. Trustee Boggs stated he was setting aside \$500 in township funds for the band, and indicated there would be a like sum made available after the first of the year.

A committee was appointed to seek ways and means of raising additional funds.

LIONS MAKE  
PICNIC TABLES

A number of Mentone Lions members and friends gathered at the NICA hardware Friday evening of last week and made five picnic tables for the Mentone park. The tables are six feet long and light enough to be moved so they can be arranged for a large group picnic. They are being placed along the creek bank where it is shady and pleasant.

The Lions had promised to use the fish fry profits for the park—and then when the profit was only \$62 they had a bit of a problem deciding upon what could be supplied for that sum.

Other plans are for fire building facilities and trash barrels, and it is hoped that the public will use and enjoy these facilities.

The Lions wish to thank the Northern Indiana Coop. Association for their cooperation and the use of their facilities.

Those who helped build the tables were: Denton Abbey, Roy Cox, Paul Rush, R. O. Jones, Art Kendall, Lloyd Bowerman, Tom Harman, Dick Gross, Milo Fawley and Richard Lau.

VIEW PICTURE  
PROOFS FRIDAY

A notice from the Woltz Studios of Des Moines, Iowa states that their representative will be at the Mentone American Legion hall on Friday, June 30, to show proofs of the pictures taken recently. The card indicates he will be in Mentone from 11:30 until 12:30.

## Pasturing of Feeder Cattle

Farmers who are undecided  
about whether to feed grain to  
cattle on pasture should consid-  
er when they plan to market  
these animals.

Henry Mayo and Ken MacDon-  
ald, Purdue University animal  
scientists, say cattle on pasture  
that are fed no grain will be in  
feeder condition at the end of  
the season and will be suitable  
only for feeding in dry-lot or  
for selling to other feeders.

Cattle fed grain on pastures  
can be ready to sell in the fall  
as fat animals.

The animal scientists say cat-  
tle that make the best gains on  
pasture with no grain are not  
fat at the beginning of the pas-  
ture season.

For instance, in most cases  
cattle on pasture with no grain  
make daily gains of two pounds  
or more from the beginning of  
the pasture season until July  
1-15. After that date gains drop  
to about one pound per day.

Farmers who get the most  
gains from cattle on pasture  
provide fresh, clean water in  
the fields. It is also important  
to control external parasites on  
cattle by spraying or by using  
automatic backrubbers.

Cut down glare on cement  
patio surfaces by adding color  
or a pleasing texture to the sur-  
face of the cement, advise Pur-  
due University horticulturists.

Cull your laying flock at night  
with the help of a flashlight,  
suggest Purdue University poul-  
try department. This results in  
a minimum of disturbance to  
the flock.

Here's how Purdue University  
clothing specialists suggest you  
line up the two halves of a row  
of snaps: sew all the snaps on  
one side, rub chalk on them  
and press against the cloth  
where the mates are to be  
sewed. The chalk will mark the  
places exactly.

## Blackleg Pasture Season Disease

Blackleg is a highly fatal dis-  
ease of young cattle most pre-  
valent during the pasture sea-  
son, says Dr. T. M. Curtin, Pur-  
due University extension veteri-  
narian. The disease occurs most  
often when pastures are short  
and close grazing is necessary.  
Young, unprotected animals are

highly susceptible and many  
losses result.

Blackleg is caused by a very  
resistant bacteria which can  
form spores that remain dor-  
mant in the soil for very long  
periods of time. They have been  
known to remain ineffective in  
the soil for as long as 40 years.  
When pastures must be closely  
grazed, the possibility of an  
animal picking up the infection  
is greatly increased, Dr. Curtin  
points out.

The disease is characterized  
by lameness and sudden death.  
Usually, only a short time  
lapses between the time lame-  
ness is noticed and death occurs.  
Early attention by a veterinar-  
ian may result in preventing  
many losses.

Blackleg strikes chiefly ani-  
mals below 18 months old. Ani-  
mals dead of blackleg should be  
quickly removed from the prem-  
ises or buried with lime to  
avoid contamination of the soil  
by blackleg spores.

Young cattle pastured where  
blackleg has occurred, or down-  
stream from such areas, should  
be protected. Dr. Curtin re-  
commends annual vaccination  
of young animals with an ap-  
proved vaccine.

Early harvest of forages is essential for quality feed, say dairy scientists at Purdue University. Rotation grazing combined with early storage increases the profitable utilization of lush spring growth.

The Chicago Motor Club says that a good question for drivers always to keep in mind is "Can I stop in time?" Being able to stop in time can help you to avoid the hazards that exist in today's traffic.

The Chicago Motor Club says it is important that you check your car thoroughly before undertaking any summer motor-ing. Checking your car could check an accident.

Spray scale susceptible plants, such as pine, euonymus, juniper and lilac, with malathion during the first week of June, advise Purdue University extension entomologists.

## How To Prevent Chigger Bites

The chigger season is here  
and with it red welts, itching  
and short tempers.

Chiggers are really tiny mites,  
explains Glen Lehker, Purdue  
University extension entomolo-  
gist. They attack humans and  
other animals only in their first,  
or larval, stage. Later they be-  
come harmless and are known  
as harvest mites. In their "non-  
biting" stages they feed on in-  
sect eggs and vegetable matter.

Chiggers usually are found in  
brier patches, weeds and tall  
grass; they also often infest well-  
kept lawns, parks and shrubbery.  
Chiggers crawl on plants and  
wait for an animal upon which  
they can feed. If none is found  
they die. However, if a suitable  
host comes along they swarm  
over its body in countless num-  
bers.

Chiggers do not burrow into  
the skin. They insert their  
mouthparts and inject a chemi-  
cal into the skin which causes  
cells to break down. This causes  
the severe itching, but it may  
not start right away. Up to 24  
hours may pass before the red  
welts appear. For this reason,  
a hot bath in soapy water as  
soon as possible after exposure  
will prevent or at least reduce  
the number of bites.

Many insect repellents now on  
the market offer good protection  
against chiggers, the Purdue  
University entomologist says.  
They should be used on the body  
and clothing before you go into  
areas likely to harbor the pests.  
Among the best are those con-  
taining diethyl toluamide, "6-  
12", or dimethyl phthalate. Even  
ordinary dusting sulphur will  
give good protection when dust-  
ed on the body and into the  
clothing. Protection is most  
needed around the ankles and  
where clothing fits tightly  
against the skin.

The chigger problem near  
homes can be solved by spraying

or dusting the grass and shrub-  
bery. Any one of several insect-  
icides will kill the pests. Among  
these are chlordane, lindane,  
toxaphene and dieldrin. Direc-  
tions for mixing will be found  
on the label. For example, chlor-  
dane comes as a 45 per cent  
emulsifiable concentrate which  
is used by adding 10 teaspoon-  
fuls to three gallons of water  
and spraying it evenly over 1000  
square feet. One application at  
the start of the chigger season  
will give good protection for  
the balance of the summer.

Happy Harvesters  
Meet At Talma

The Happy Harvesters 4-H  
Club met June 21 at the Talma  
school. The meeting was called  
to order by Ronnie Bryant at  
8:00 p.m. The pledge to the flags  
were given by Ronnie Bryant  
and Bill Dawson. Roll call was,  
"What is your favorite show?"

Old and new business was  
brought up to order. A new sec-  
retary, Connie Grosman, and  
reporter, Bill Dawson, were elec-  
ted. A motion was made by Ron-  
nie Bryant to go to the State  
Fair with the Girl's 4-H Club.  
It was carried.

Rick Doud made a motion to  
have a scrap drive—it was voted  
that we have it the 8th of July,  
rain date is the 15th of July.  
Bill Dawson gave a report on the  
care of hogs in hot weather.  
Doug Simpson and Larry Ham-  
mer led the recreation, followed  
by refreshments served by Rick  
and Jim Doud and Doug Simp-  
son. The next meeting is July  
5th.

## ENGAGED

Mrs. LaMar Anderson of Ro-  
chester, former resident of Men-  
tone, has announced the engage-  
ment and approaching marriage  
of her daughter, Joyce E. An-  
derson of Indianapolis, to Dr.  
Jacques Fournier of Drummond-  
ville, Quebec, Canada. A July  
wedding is planned.

THE CHICAGO MOTOR CLUB OFFERS  
THESE SAFETY SUGGESTIONS  
WHEN HAULING A BOAT BY CAR...

1. Drive at a slower rate of speed—longer stopping distances are required.
2. Allow extra room for the trailer when turning corners.
3. Sharp turns should be taken at slower than normal speeds.
4. Make certain the trailer hitch is tight.
5. Use a safety chain between the car and trailer.
6. Stop and taillights are essential.
7. Use reflecting tape or reflectors as clearance markers on the back of the trailer or boat.
8. A large boat will obscure a car's turn signals. Either install signals on the trailer or be sure to give visible and accurate hand signals at all times.
9. Check periodically for looseness.

Control of  
Horn Flies

Horn flies, primarily pests of  
cattle, spend most of their lives  
on them. They feed by piercing  
the skin and sucking blood.

Ken MacDonald, Purdue Uni-  
versity animal scientist, says  
fighting these flies drains an  
animal's energy and interferes  
with feeding and resting. A beef  
steer may lose as much as half  
a pound daily during the fly  
season.

From now until fall horn flies  
will be present. Usually they  
attack the backs of cattle, out  
of reach of the tail and swing  
of the head. When the air is cool  
they often rest on the base of  
the horns; hence, the name horn  
flies.

Spraying cattle with an in-  
secticide is the best means of  
control. MacDonald says. For a  
large number of animals, power  
sprayers that operate at 100 to  
200 pounds of pressure per  
square inch are generally most  
suitable.

A few cattle may be sprayed  
with hand operated, air pres-  
sure sprayers of the knapsack  
or cylindrical type.

To control horn flies, spray  
the animal's shoulders, back and  
flanks until they are wet with a  
methoxychlor solution. This so-  
lution is made by mixing eight  
pounds of 50 per cent wettable  
methoxychlor powder or by us-  
ing two gallons of 25 per cent  
emulsifiable methoxychlor con-  
centrate to each 100 gallons of  
water. For smaller amounts use  
0.4 pounds of the 50 per cent  
in each five gallons of water.

Cattle can free themselves of  
horn flies if you provide an in-  
secticide treated rubbing unit,  
MacDonald adds. Locate the  
unit near a salt lick or a water  
trough or near some other place  
where cattle rest. Five per cent  
methoxychlor in oil is the prop-  
er concentration of insecticide  
to use with a rubbing unit. This  
concentration is made by mixing  
one part of 25 per cent emulsi-  
fiable concentrate with four  
parts of fuel oil.

A back rubber will not work  
if it is not kept saturated with  
the insecticide solution. The  
home made burlap bag type  
should be retreated with one  
gallon of oil solution every three  
to four weeks.

SPRING PIG  
CROP LARGER

State-Federal agricultural sta-  
tisticians at Purdue University  
estimated Indiana's 1961 spring  
pig crop at 3,918,000 head, two  
per cent larger than last year's  
spring crop, but three per cent  
fewer than average.

Five hundred fifty five thou-  
sand sows farrowed December,  
1960, through May, two per cent  
more than during the same pe-  
riod a year ago. Number of pigs  
saved per litter this spring aver-  
aged 7.06, compared with 7.04  
a year ago and the average  
spring litter of 6.91 pigs.

Indiana farmers reported in-  
tentions to farrow 564,000 sows  
June through November. This  
is three per cent more than last  
fall and five per cent above  
average.

The number of hogs and pigs  
on Indiana farms June 1 totaled  
5,146,000—three per cent more  
than the June 1, 1960, total.

## GRATEFUL TO FIRE DEPARTMENT

Fire chief Arlo Freisner recently received the following letter from Mr. Mentzer of the Cummins-American Corp. of Chicago, and Mr. Friesner and his men so appreciated the letter that they desired to have it printed in the NEWS.

The letter follows:

Dear Arlo:  
I had intended seeing you when I was in town recently but never did get to do so. I wanted to express our thanks for the magnificent job you and the members of the Fire Department did in getting on the scene and administering oxygen when Dad was taken ill.

The facilities that are available today make it possible to do many things that could not have been done many years ago and Doc Urschel told me that the oxygen was vitally necessary in an attack such as Dad suffered. There is no way we can adequately express our gratitude to all who helped so willingly. I have said many times how grateful I am that the folks live in a small town where they have so many friends and can feel so much a part of the community. It makes the life of an older person so much more meaningful than would be the case with a person retiring in

Chicago or one of the suburbs of Chicago. I may be prejudiced, but I think Mentone is one of the best.

I know the Fire Department has fund-raising affairs from time to time. Of course, I am not on the scene and haven't been able to enjoy these, but I would like for you to accept the check enclosed as a contribution from our family to the work of your organization.

Say hello to your good wife and to Emma Cook when you see her.

With kind regards,

JAMES S. MENTZER

## EDEMA DISEASE THREAT TO HOGS

Spring farrowed pigs are now at the age when Edema disease threatens them.

Dr. F. A. Hall, extension veterinarian at Purdue University, says pigs eight to 12 weeks old are the most apt to be affected by the disease. In the mid-west, edema disease is probably the foremost cause of death losses among weaned pigs.

Symptoms can appear suddenly and may include a staggering gait, swollen eyelids and paralysis. Often the affected pig stands on its knees, maintaining its balance on the hind legs. The trouble usually stops in about 10 days after the appearance of the disease in a herd.

Veterinarians can help to reduce death losses if treatment is started early. Dr. Hall cautions swine raisers to keep in mind that radical changes in feeding tend to increase the danger of edema disease. Any alterations in rations should be made gradually, he adds.

Permit laying house feed troughs to become empty for a half hour or so each day, assert Purdue University poultrymen. This avoids an accumulation of fine particles that may become stale.

A few acres of Sudan grass will provide summer forage and give other pastures a chance to rest, say Purdue University Agronomists. Greenleaf ranks first in the list of varieties because of its resistance to leaf blight.

Yellow lights are less attractive to insects than blue or blue-white lights, according to Purdue University home management specialists.

## NEW USE FOR AN AIRPLANE

There are seven airplanes based at the Mentone Airport, and there is a lot of activity on every day suitable for flying, but the Flying Club plane was put to a new use Monday evening when the propeller blast was used to drive off a blanket of anhydrous ammonia to permit closing of an open valve.

Allen Herendeen, with a fairly large talkative but inactive audience, was recharging the tank on his anhydrous ammonia applicator, when things started happening in a big way.

Field sprayer tanks are filled from a larger pressure supply tank, and a six-foot "breather" pipe extends from the tank being filled to carry off the extra head pressure so the liquid material will flow into the tank. Carelessly the field tank was permitted to overflow through the breather pipe and in a matter of seconds a gusher of the ammonia concentrate was shooting 25 feet into the air and settling over the whole area. One could barely see or breathe in an area of several hundred feet each way—even though several tried it and found it impossible. Royal Baum and Larry Creekbaum headed for Mentone to secure gas masks, and someone suggested using a plane to blow the vapor aside. Mr. Herendeen made an effort to reach the airplanes, but minutes later was still wandering west of the airport office trying to find a spot where he could breathe. He finally took a chance and got into the plane, started the motor and taxied near the ammonia tanks and directed the propeller blast that way. Shortly Bud Deaton of Claypool managed to get to the tanks and close the valves.

## TRACTOR BURNS IN FREAK ACCIDENT

The Herb Kubley tractor was badly damaged by fire Tuesday afternoon, and the Mentone fire department was called to put out the blaze and protect nearby buildings.

Mr. Kubley, with a cultivator attached to his tractor, pulled up to his gas tank to fill the tractor. As he drove away the cultivator caught one leg of the elevated tank, tumbling the tank and spilling its contents over the unit.

## SUFFERS STROKE

Roy Moore, custodian at the Mentone American Legion home suffered a light stroke while at work Monday night. He was taken to the Murphy Medical Center at Warsaw in the Reed ambulance. Late reports are that he is showing improvement.

Jay Tucker placed second in aged mare at halter and third in pleasure and pet pony in the recent Northern Indiana State 4-H Rodeo and Horse Show held at Goshen.

## INSTALLING NEW STORAGE BINS

Two new grain and feed bins are being constructed at the NICA mill at Mentone. One is of 10,000-bushel capacity and the other 15,000 and will be used for drying and storage. Everett Rathfon, manager, says they expect to double their drying facilities.

## HAS OPERATION

Mrs. Max Smith underwent surgery on her back at St. Mary's hospital at Rochester, Minnesota Monday morning. Her sister, Miss Lilly Tucker, is with her.

## ATTENDS CLASS REUNION

Mrs. Lois Davison was in Detroit Saturday where she attended the 25th anniversary of her nursing class graduation. Mrs. Davison was fortunate in being in a graduating class at which Henry Ford gave out the diplomas and Mrs. Ford the pins.

## DISCUSS NEEDS FOR MORE FIRE EQUIPMENT

The trustees of Newcastle, Harrison and Franklin townships met with the Mentone town board Monday night in a preliminary discussion of the future fire protection needs of the area.

Dr. and Mrs. Wymond Wilson are spending this week at Burt Lake, near Indian River, Mich., at the Cullum, Wilson and Urschel cottage.

## A GOOD IDEA

"Montanan's for Better Citizenship", in a newspaper release in objecting to the Tractors for Castro idea, also offers another suggestion to those who petition their congressmen about the idea. They suggest we offer to trade 10,000 American citizens who are Communist sympathizers for 5,000 of our citizens reportedly slaves behind the iron curtain. Also trade Red China two-for-one of the same.

Cadillac, Michigan is making a start in the right direction, also, when they gave their taxing units an ultimatum to decrease taxes one-fifth or they will refuse to pay any taxes for two years. It's about time some of our Americans start using a bit of the "dander" our forefathers used in establishing our great Nation.

There are still people in America who have the nerve and decency to stand for right in the midst of a sea of evil.

## BEAUTIFUL ROSES

Dr. and Mrs. F. B. Davidson have their backyard beautifully colored with Paul's Scarlet Climbing roses. Anyone interested in roses should stop and view them.

## MARRIED SATURDAY

Miss Becky Keirn, daughter of Hubert Keirn of Mentone and Larry Montel, son of Mr. and Mrs. Joe Montel of near Palestine, were married at the Church of God in Warsaw Saturday evening.

## JULY 4th, continued

bombs... it can only be killed by a better idea, Americanism. He stated that Russia's real sputnik is their kindergarten, where they teach the philosophy of Communism, that is to destroy freedom and freedom lovers everywhere. A well known statement of Nikita Khrushchev is "We cannot expect Americans to jump from capitalism to communism, but we can assist their elected leaders in giving Americans small doses of socialism, until they suddenly awake to find they have communism". Dr. DeLove said we must train Americans just as devoutly in Americanism. This is our defense and our weapon.

In reference to our coming National holiday, July 4th, Dr. DeLove said it should not only be one of gaily but one of responsibility to obligation and to duty.

## MISSIONARY GROUP MEETS

Mrs. Everett Welborn was hostess to the Be-About Missionary group on Monday evening.

Mrs. Wawne Bowser read from Romans for devotions. She stressed the importance of Christians taking part in civil and government offices.

After a short business meeting, the work period was spent making sewing cards and dresser scarfs for the missionaries in Africa. Tasty refreshments were served to Mesdames Al Hires, Tobie Blalock, Charles Hunter, Dave Pheffney, Ed Bach, Wayne Bowser, Everett Besson, Raymond Lewis, Lee Norris, Kenneth Romine.

## COUNTERPOINT, Continued

impermanent? If so, your child will be less enticed by the kind of values symbolized by over-emotional popular songs, extreme haircuts, black leather jackets, tight jeans and sweaters, comic books, movies and TV showing violence.

Dr. Gordon Seagrave, who has spent nearly 40 years in Burma, working under unbelievable handicaps, would desire only two things if he came back to this land of plenty—he would go to Grand Central Station in New York, walk downstairs to the restaurant, and drink 15 pots of delicious coffee, and then he would go to our modern well equipped hospitals and observe surgery. (When Dr. Seagrave went to Burma, he took surgical instruments which had been discarded and used them for 5 years.)

## Note on communism—

"The Mistaken (communists) conspirators are determined, rugged, and treacherous enemies, But let us remember always that the faith of communism is a perverted faith, giving predominance to evil and wrong. It drains its strength from deceit, chicanery, and hypocrisy. This is its fatal flaw." From Life Lines, June 7, 1961.
