LITTLE LEAGUE TEAM
SELECTION

Last week your editor suggested that perhaps a blind drawing would be the best procedure for the selection of the Little League teams. The placing of the players names into categories of pitchers, catchers and all-around players, and each manager drawing from them alternately, would at least leave no question in the minds of anyone, and the boys could find no reason for complaining should they happen to be placed on a team other than the one which they might have preferred. However, it appears that in most areas the teams are selected by the adult managers after each player has been rated by these managers. Ned Igo, Dave Bowser, and Dean Meyer stated that this was the system used here, and there is no reason why this system cannot be perfectly satisfactory.

The gentlemen also stated that each of the players on each squad have been promised they will get a chance to play in every game, and that whenever possible, each team will have three adults as managers.

With The Sick

Rusty Yazel, son of Mr. and Mrs. Rex Yazel, has been dismissed from the Murphy Medical Center.

Mrs. Bernard Peters, R. R. 5, Warsaw, has been dismissed from the Murphy Medical Center in Warsaw.

Dan and Don, sons of Mr. and Mrs. Richard Dickerhoff, had tonsillectomies at the Murphy Medical Center and returned home on Tuesday.

Noble Oyler, of near South Bend, former Mentone resident, is a patient at the Presbyterian St. Luke Hospital, West Congress Street, Room 817, Chicago. Surgery was performed earlier this week on his spine. He is improving slowly.

Mrs. Claude Barkman fell at her home on Monday, and was taken to the Woodlawn Hospital. She broke her left shoulder and suffered bruises.

Mr. L. Wayne Kelley was in Fort Wayne Tuesday for medical observation. He will enter the St. Joseph Hospital June 11 for surgery. Mr. Kelley's repair shop will be closed while he is in the hospital.

Asa Dirck entered the South Bend Memorial Hospital last Tuesday and was scheduled for surgery on Thursday.

REVEREND OLSON
RESIGNS

Mr. Leroy Norris, moderator of the First Baptist Church, announced Sunday that Pastor Irwin Olson had accepted a call to become the state representative of the Indiana Fellowship of Regular Baptist Churches. He assumed this office on June 1, but will not begin active duty until September 1. He has submitted his resignation to become effective August 31.

The Indiana Fellowship of Regular Baptist Churches is an association of 90 independent and fundamental Baptist churches, most of which are also affiliated with the General Association of Regular Baptist Churches, a National Fellowship. His duties will be in the area of promotion and supervision. He will promote the work of fellowship, preaching in the churches throughout the state, supervise and promote the camping and youth program, represent the Baptist Children's Home, which is located at Kouts, Indiana, will serve as an ex-off-

ficio member of the council of 12, the governing body of the state fellowship, the Crystal Lake Camp board and the Baptist Children's Home board.

The Olsons came to Mentone in October of 1955 from Park Rapids, Minnesota. On August 1 of this year he will have completed 18 years in the pastorate, having served in the First Baptist Church of Garden City, Minnesota, the First Baptist Church of Park Rapids, Minnesota, and in Mentone. A definite decision has not been made as to where the Olsons will live while serving in this capacity.

COUNTERPOINT

By The Editor's Wife

During the process of razing the old barn at the Reed Funeral Home property, Darrell King found some old letters in the hay mow. They were written and postmarked around 1866 to 1870, and were addressed to members of the William Doddridge family.

Some of our readers will recall that Mr. and Mrs. William Doddridge and three children, Philip, William, and Mabel, resided in the house which now is the Reed Funeral Home. Mr. Doddridge had a drug store where presently the Brown Jewelry and Gift Shop is located. Mrs. Doddridge had a photography shop south of the Frank Manufacturing firm. (The old hotel then stood on the corner.)

Mabel, the daughter, now deceased, married Del Meredith, who lives in Warsaw.

The son William was killed in a horse and buggy accident near Burket. Philip, also, is deceased.

Some new Model T parts were found by Darrell, also. It seems that after Del and Mabel were married they lived in this corner property and used the barn to store extra parts, as Del was the Ford dealer in Mentone.

One of the old stamps may be of value, according to the Stamp Book, but all of them are of special interest because of their age and coloring.

One of the letters was written from Athens, Ohio, August 4, 1872 and begins,

"Dear Nephew," and goes on to give detailed instructions for taking care of his health. We quote, "As to diet, attention should be directed to that which agrees best, and that is most nutritious. In cold weather animal food should be taken freely."

"Flannel should be worn during the day for at least three-fourths of the year, but its protective powers as the comfort of wearing it is greatly increased by leaving it off at night, and putting on cotton instead. — — — — —"

The change in the morning from cotton to flannel may be made while the person sits in bed protected in part by the bed clothing."

It is signed

Yours affectionately,
W. B.

(Continued on back page)

TO BUILD NEW
PARSONAGE

The Methodist Church of Mentone has recently completed plans to replace and relocate their present parsonage with a new brick structure. The new parsonage will be located about one mile north of Mentone on Road 19. The new structure will include three bedrooms, dining room, living room, kitchen, study, a bath and a half, a two car garage, and a full basement. The total cost of this project will be \$22,000.00.

The building committee chairman, Raymond Cooper, and co-chairman, Richard Manwaring, report that work on the building should begin within the next two weeks.

A ground breaking service is planned for Sunday, June 9th at 10:45 a.m. Members and friends will gather at that time at the site to take part in this service. Dr. Robert Yunker, the Warsaw District Superintendent, will be present to take part in the ceremony.

A twelve hour vigil has also been set up on Saturday, June 8th. Men and women of the church will be taking thirty minute periods for prayer and meditation in the Sanctuary. They will be giving thanks to God for the progress made toward this building program.

Paul Bateman To
Coach At Martinsville

Paul Bateman, who was to have been head coach at Fairmount High School next season, has terminated his contract at that school and will be head basketball and golf coach at Martinsville High School.

Bateman was to have signed a three year contract.

Martinsville, with a student enrollment of approximately 1,300 in the upper four grades, has on its schedule a formidable list of opponents such as Indianapolis Crispus Attucks, Columbus, Lafayette, to name a few. Martinsville's home games are played in a spacious 5,000 seat gym. Martinsville is the Morgan County seat, southwest of Indianapolis.

NEW DAUGHTER

Mr. and Mrs. Thomas Laing of Logansport are the parents of a new daughter, Mary Anne, born June 3rd. Baby weighed 7 lbs 4 oz. Mrs. Laing is the former Sheila Fitzgerald.

SCHOOL BOARD
MEETING NOTES

Following are some of the points of interest that were taken up at the regular meeting of the Tippecanoe Valley School Board Monday night.

Several members of the Manitou Trotting Association asked permission to build a ¼ mile track at the Akron school. It will be built with the help of the athletic director so that the track can be used for high school track. The trotting association agreed to build and maintain it for the use of it during summer months.

Science equipment for the two high schools were approved at an expenditure of \$1013.85 at Mentone. The Federal government will pay half of this amount.

The art department supplies were also ordered at a cost of \$600 for Mentone and \$800 at Akron.

Wayne Tombaugh was hired as custodian at the Mentone school along with Mr. and Mrs. Linus Borton. Custodians at other schools were also rehired.

The Walburn Agency had low bid for insurance on the school buses and were awarded the contract.

H. EARL BOGGS APPOINTED

Sheriff Howard Holbrook has announced the appointment of H. Earl Boggs, 54, of R. R., Warsaw, as a clerk in the sheriff's office. He replaces Mrs. Beatrice Shank, who recently resigned. Mr. Boggs has been working in the Warsaw auto license branch office as a clerk.

GRADUATES FROM
COLORADO UNIVERSITY

Reed Douglas Riner, son of Mr. and Mrs. Kenneth Riner of Mentone, who will receive his bachelor of arts degree from the University of Colorado Friday.

Mr. and Mrs. Riner left Saturday morning for Colorado to attend the commencement exercises.

APPLY FOR LICENSE

Doyle Alden Eiler, 19, R. R. 5, Warsaw, student, and Dixie Ann Hatfield, 20, R. 4, Warsaw, teller at Lake City Bank, have applied for a marriage license in the office of County Clerk, T. Ethna Scott.

HOWARD TEEL

Howard Teel, former Wabash county clerk, and a druggist in Wabash for many years, died in the Wabash county hospital Friday, May 31, at 10:05 a.m. He had been seriously ill six weeks.

Mr. Teel was a son of Herschel and Laura Barbman Teel, and he was born in Fulton county September 2, 1890. He married Eva Dile at Mentone September 2, 1914. She survives. One brother preceded him in death. He was the only uncle of Herschel and John Allen Teel of Mentone. He was a member of the First Methodist Church of Wabash, and a member of the Wabash I.O.O.F. lodge.

The funeral was held Monday at 2:00 p.m. at the Edgingfield mortuary in Wabash. Rev. Kenneth Smith conducted the service and burial was in the Mentone cemetery.

Girl Scout Camp

Camp Pottawattomie, the Girl Scout camp at Winamac, is still open for registration for one week to ten days. Write the Girl Scout office, 403 W. High St., Elkhart, for information. This is open to all Girl Scouts. There will be swimming, dramatics, journalism, sketching, painting, ceramics and outdoor skills. The camp is privileged to have an international visitor from Germany. She will work with the girls and they will be able to learn about Germany's arts and crafts.

ATWOOD - CRYSTAL LAKE NEWS

By Vera Wagner
Phone UL 8-2423

Mr. and Mrs. Kenneth Yeiter have had a busy two weeks with their grandchildren. Jerry and Cindy of Columbia City, visiting them. Mr. and Mrs. Larry Yeiter are the parents of a baby girl, Carmen Lynn, born May 24th.

Mr. and Mrs. Charles Smith, Mrs. Olive Sellers, Mrs. Hallie Hite, Mr. and Mrs. Curt Van De Water and Bill and Sarah Anglin were Sunday dinner guests of Mr. and Mrs. Don Goon and family. The dinner was in honor of Mrs. Smith's and Kathy Goon's birthday.

The Clunette Methodist MYF sponsored a supper at the church honoring the high school graduates and their parents. They were Becky Anglin, Jay Anglin and Bill Smith.

Mr. and Mrs. Kenneth Baugher and family and Shiela Outcalt, a sister of Mrs. Baugher, were dinner guests of Mr. and Mrs. Charles Outcalt of Pierceton. Shiela, of Manchester, has been staying with the Baughers for a week.

Mr. and Mrs. Charles Blankenship, Cheryl, Charlie, Mr. and Mrs. Paul Helman and children were Sunday guests of Mr. and Mrs. Albert Blankenship and Judi of Leeburg. They were celebrating the May birthdays of Denise and Mrs. Albert Blankenship.

Mr. and Mrs. Rene Nine returned from a week's vacation in Knoxville, Tennessee. They visited with her folks and family. They spent the week hiking, camping, visiting the lakes and old friends.

The E.U.B. and Methodist Church Bible School will begin Thursday night, 7:30 to 8:30. It will be held each Thursday night during June and the last week on Tuesday and Thursday nights. The school will be held at the E.U.B. Church.

Bill Van De Water, one year old son of Mr. and Mrs. Curt

Van De Water, is home from a four week stay in the hospital. He has had surgery several times. The Atwood Home Study Club, Harrison Center Club, Club 55, Prairie Township and Lions are making plans for a chicken barbecue in August with proceeds going to the Van De Waters.

The Atwood Home Study Club met with Mrs. Jane Corwins last Tuesday. There were 23 members and three guests, Mrs. Mary Fisher, Mrs. Laurabelle Bair and Miss Jeannine Witham. The lesson on landscaping was given by Mrs. Thomas Witham and Joyce Wolfe. Colored slides helped to illustrate the lesson.

Miss Jeannine Witham, daughter of Mr. and Mrs. Thomas Witham, is home for a few weeks from Purdue University. She is a Junior majoring in Home Economics.

Mrs. Fred Decker of Atwood, mother of Mrs. Merl Nelson, was admitted to the Murphy Medical Center Sunday night.

The Harrison Township Home Demonstration Club met at the home of Mrs. Esther Knepp. The lesson on floor coverings was presented by Mrs. Knepp and Janice Campbell.

The James Northerners returned this week from an eventful vacation trip. Their plans were to visit Mammoth Cave and camp out, and visit Jim's folks in Cannelton. When they started to set up camp they discovered they had only part of the tent. Their 14 year old son came down with the chicken pox and they had two flat tires. Steve decided to stay with the grandparents while the family came home. Upon returning home they found that Steve's Beagle was missing. Its name is Snooks. It is black and white with tan face and ears. Anyone having information please contact the Northerners.

Mr. and Mrs. J. Emmett King of Urbana, Ohio visited over the week end with Mr. and Mrs. Darrell King and Herbie.

Mrs. Darrell King and Herbie visited her brother, Clair Hostetter and family, at Smithville, Ohio from Wednesday until Saturday.

THE GENTLE ART OF MOWING

In the good old days, mowing the lawn used to be work, but the power mower — gasoline or electric — has changed all that. Today, it is a mild form of exercise — not even that, if you have one with a sulky seat and a fringe on top! — giving us time to concentrate on some of the whys and therefores of this gentle art.

Reel or rotary?

Each is good. The reel type is good for maintaining a close-cropped, even-textured, well graded lawn. The rotary has the edge for lawns with uneven grades and for hard-to-get-at-places. The rotary type is usually less expensive, easier to sharpen, and better at cutting tall grass; but it can be a dangerous instrument if not handled carefully. Whichever kind you choose, keep the cutting edges sharp.

How high to cut?

Unless you prefer to adjust the machine according to the season — lower for close clipping in spring and fall, higher for the stress conditions of midsummer — a good average is a cutting height of 1 1/4 to 1 1/2 inches, providing, of course, that your lawn receives its normal requirements of plant food during the season.

On most reel mowers the height of the cut is controlled by adjusting the roller next to the stationary blade. Some are adjusted by shims or shoes extending in front of the machine. Always make adjustments on a level surface, so you can accurately measure the height between the stationary blade and the ground. For rotary mowers, the height is often controlled by adjusting the wheels.

How often?

This depends a lot on how fast your lawn is growing, but generally, frequent light clipping tends to stimulate leaf growth, provided soil fertility and moisture are ample. Since leaves play an important part in photosynthesis, the process by which plants use light to create plant tissue, it is a poor practice to remove more than a third of the leaf growth at one time. This again argues for frequent clipping rather than occasional heroic scalping.

For a free booklet to help you have a rich green turf, print your name on a postcard and send to *Living Lawns*, Asgrow, PO Box 406, New Haven 2, Conn.

Mowing a new lawn

Wait until the grass is about 3 inches high. By then the plants should be well established, but it is most important to use a sharp mower, as they may not be firmly anchored and may be torn from the soil easily by a dull or poorly adjusted machine.

If possible, roll the new lawn area with a very light, or even empty, water-ballast roller the day before the first mowing, to firm the plants in the soil, and help prevent them from being yanked up by the mower.

Mow when the grass is either dry or only slightly moist, and plan to remove excess clippings to prevent smothering of the young plants. After the first mowing, you can follow the practice for regular mowing, recommended above.

What to do with the clippings?

If you mow often, leave the clippings. They won't be unsightly and in time will add organic matter to your soil. After a two-week vacation, though, you may want to remove the clippings to prevent smothering the growing grass. Clippings make an excellent mulch for the garden, if your lawn is big enough to yield a significant volume and if you don't mind the small effort involved in raking.

For an even texture

To give your lawn an even texture, and to prevent the development of a "grain", or striped pattern, plan to mow at a different angle each time. This will encourage the grass to grow erect, presenting a more even and attractive appearance.

In a nutshell

1. Use a good, sharp mower.
2. Mow at a height of 1 1/4-1 1/2 in.
3. Remove only 1/3 to 1/4 inch at a time.
4. Suit yourself about the clippings.

THANK YOU

As we have sold our business to Bruce Youst Sr. of Forest Manor Furniture Stores, we wish to thank the people of Mentone and surrounding area for their patronage during the past eight and one-half years as Crabb's Furniture of Argos.

NEWS NOTES

from our

County Agent

DONALD E. FRANTZ

Many people do not consider planting trees because of the long period of time involved, but there are areas where trees would add considerably to the value of poor land. This would be places where the land is too hilly to farm or erosion has reduced the top soil to the point of making it too poor for field production.

On decent land red or white pine will grow to 14 or 15 feet in the first ten years from seedlings. On poor land, they will make six or seven feet. Some of the hardy pines such as Virginia, Shortleaf and Jack will grow from 10 to 14 feet even on soils that have a 30 per cent slope and have lost practically all its topsoil. These are not nearly as desirable a tree but are certainly able to grow where nothing else will.

In test plots in Southern Indiana, most hardwoods failed to live in the difficult conditions.

FIELD DAYS HELD AT PURDUE

Two state wide field days will be held at the Purdue agronomy farm this month. The second annual Weed Control field day will be held on June 17th and all day June 18th. This is primarily for representatives of

chemical companies and distributors. Flame control will also be demonstrated.

Then on June 21st will be the agronomy field day. Tours will be held from 1 to 3 p.m., at which time visitors will be able to visit all the research plots and hear the explanations on them. The tours will be repeated from 6 to 7 in the evening. Both these events will be on the University agronomy farm located five miles north of Lafayette on Highway 52.

One of the real nice stands of Christmas trees is on the Arnold Culver land just north of Barbee Lakes. They have been kept clean and have been very well trimmed.

The damage to wheat by the freeze has not been serious. Had the wheat been flowering, it would have been serious, but little of it was that far along. There will be some yellowing of the leaves as a result of the cold weather, particularly in Dual wheat, but this will not cause much yield loss.

The weather men report that we have had these hard May freezes only four times in 70 years, but two have been in the last 3 years.

HOMEMAKERS CONFERENCE JUNE 11-13

Both past and present leaders of the Indiana Home Demonstration Association will join in commemorating 50 years of learning and service during the 50th annual Homemakers Conference at Purdue University, June 11-13.

A Golden Feather reception will be held June 11th from 3 to 5 p.m. in the ballrooms of the Purdue Union Building in honor of the extension and home demonstration leaders who have contributed to furthering home economics education in Indiana.

All homemakers attending the conference are invited to join the association in recognizing these contributions.

Home Demonstration Association past presidents, former extension workers, home economics scholarship winners, extension agents in home economics and former residents of Twin Pines Cooperative House will be special guests in honor of their contributions to home-making education.

Miss Goble, state extension leader, comments that the Home Demonstration Association is the only voluntary organization that is concerned about the development, welfare and well-being of the whole family. The association attempts to extend information beyond its membership to families in the community. She points out that the women feel the knowledge and information is not just for their families, but for all families.

Educational programs offered opening day will feature society's impact on families, modern marketing techniques, and a commentary on Australia, in addition to a concert by the combined Home Demonstration Association choruses under the direction of Dr. Albert P. Stewart, director of Purdue musical organizations.

News? Ph. ELmwood 3-3985

Treat Gardens For Insects

Soil insects may cause serious damage to your vegetable garden unless you apply soil insecticides before planting, warns Bill Allen, Purdue University entomologist.

Soil insects are of three kinds: seed destroying insects; cutworms; and root feeders, such as cabbage maggots, flea beetle larvae, white grubs and wireworms.

All these insects are capable of causing damage and should be controlled before the garden is planted. They are particularly damaging to gardens with high amounts of organic matter in the soil.

These insects can be effec-

tively controlled by applying aldrin, dieldrin or chlordane to the soil before planting time. These insecticides kill the insects as they move through the soil.

To control these soil insects, scatter 2½ pounds of ten per cent chlordane granules of 1½ pounds of 5 per cent dieldrin granules evenly over 1,000 square feet of garden area after plowing and before raking or discing. Aldrin, 5 per cent granules, should be applied at a rate of 1½ pounds per 1,000 square feet.

However, aldrin is not longer approved for land on which potatoes will be planted. Dieldrin or chlordane should be used for this crop. For crops, other than potatoes, aldrin is still approved.

Employees of General Telephone have been honored by the National Safety Council for winning third place in the Communications Section of the Public Utilities Division for their outstanding safety record during 1962, according to L. H. Meyer, company president. However, this crew of employees is obviously having difficulty bringing the plaque into the company's general office in Fort Wayne. The picture is all in fun but Mr. Meyer said the employees will not be satisfied until they hit No. 1 for all communication companies in the National Safety Council ratings. The Logan County Rural Co-op Telephone Company of Kentucky was first for 1962 and General Telephone Company of Florida was second.

TIPPECANOE NEWS

Arthur Reed and Fred Davis entertained a group of neighborhood children with a wiener roast Tuesday evening. Those present were Jody Barrett, Debbie, Denise and Doug Long, Phil and Chuck Lewallen, Jackie Warren, Bill, Roger and Cheryl Elliott, Diane, Darla and David Delap, Carrie Cormican, Jaennie Montalbano, Phyllis Howell and Jenny Jo Dean.

Mr. and Mrs. Bob McLain have moved to Argos. Mr. and Mrs. Warren Cormican and daughter, Mildred, have moved into the property vacated by the McLains. The Cormicans purchased the property from Virgil (Bud) Martin.

Miss Jeannie Montalbano entertained with a birthday party Saturday afternoon at the Larry Ballenger home in honor of the second birthday of her nephew, Chris Alan Ballenger. Guests were Mrs. Ronald Kauffman, Roger, Jeff, Kyle, Mrs. Ray Har-

roff, Kim, Amy, of Bourbon, Mrs. Dick Kreft, Kirk, Wade, Rodney, Larry, Lisa, Debbie Blackford, Roger and Karen Sill, Jimmy and Gail Ward of Tippecanoe, Miss Nancy Ballenger, Steve Solomon of Argos. Refreshments were served to all.

Sunday supper guests of Mr. and Mrs. Buddy Miller were their grandchildren, Cheryl, Pamela, Kandii, Robin and Bruce Grossman of Argos. Mr. and Mrs. Miller called on Wayne Grossman at the Plymouth Hospital. He is some better.

Sunday guests of Mr. and Mrs. George Koger were Mr. and Mrs. Conda Martin of Bourbon. Week end guests were Mrs. Bud Rowe and Robin of Argos.

Mr. and Mrs. John Coplen and children of Mishawaka were recent dinner guests of Mrs. Flossie Coplen and later of Mr. and Mrs. Sam Coplen and daughters.

Mr. and Mrs. Al Runnells and Mrs. John Downs of Tippecanoe are grandparents of an 8 lb. 13 oz. grandson, Wes Richards, born at Murphy Medical Center Saturday to Mr. and Mrs. Bob Runnells of Howell, Indiana.

Mrs. Laura Baer had as guests Mr. and Mrs. Hodge McNeeley and daughters of Fort Wayne. Mrs. Lynn Holstein and children, Lydick, Mr. and Mrs. Jasper Baer of South Bend.

Miss Julie Moilanen of Lanse, Michigan was honored with a miscellaneous shower at the I. O. O. F. hall in Tippecanoe recently. It was given by Mrs. Gene Ward and Mrs. Karen Cormican, assisted by Mrs. Joe Blackford. The hall was decorated in a yellow and white color motif. Guests were Mrs. Robert Menser, Mina, Mrs. Phil Anderson, Mrs. Ray Haster, Mrs. Carl Lozier, Miss Pat Ulmer, Mrs. Ray Harroff, Miss Pauline Peters, Mrs. Paul Wheadon, Mrs. Ronald Kauffman, Mrs. Enos Metheny, Mrs. Marty Montalbano, Mrs. Don Kauffman, Mrs. Larry Ballinger, Mrs. Warren McIntire, Mrs. Dean Blackford, Mrs. Don Baugher, Mrs. Bill Blackford, Mrs. Herman Cooper and Penny, Mrs. Fostie Sill, Mrs. Flossie Coplen, Mrs. Bud Rowe, Mrs. Melvin Ward and Marilyn, Mrs. Jan Metheny, Mrs. Dick Kreft. Sending gifts were Mrs. Glen Cole and Mrs. Frank Hawkins. Refreshments were served. Mrs. Devon Dunnuck and Mrs. Sonny Carpenter assisted with the gifts. Prizes were won by Miss Ulmer, Mrs. Anderson, Mrs. Metheny and Mrs. Dunnuck.

Mr. and Mrs. Judd Marshall were Memorial Day guests at the home of Mr. and Mrs. Devan Marshall.

Miss Pam Hammer was home for a short visit with her parents last week. She returned to Indianapolis to attend the Memorial Day race. She also plans to take some summer schooling soon.

Mr. and Mrs. Linus Borton entertained her three brothers and a sister last Friday evening with a chicken supper. Those present were Mr. and Mrs. Raymond Riddle and Mr. and Mrs. George Riddle of Rochester, Mr. and Mrs. Charles Riddle of Argos and Mrs. Mabel Wilson of Indianapolis.

Mr. and Mrs. Wayne Tombaugh visited with Mr. and Mrs. Arthur Kuhn of Akron on Memorial Day.

Wednesday evening supper guests of Mr. and Mrs. Tom Harman and family were Miss Donna Boyer and Miss Rosalie

Zanna Hammer and family at their trailer on Big Chapman Lake were Mr. and Mrs. Charles Hammer Sr. of Atwood, Mr. and Mrs. Dick Hepler and daughter and Mr. and Mrs. Charles Hammer Jr. of R. R., Warsaw. Mr. and Mrs. Bob Goshert of Burket and Mr. and Mrs. Ned Miller and Lu Ann of Mentone.

Mr. and Mrs. Kenneth Boggs and family have moved into town to the property they purchased from Bob Hewletts, former Mentone residents. Mr. and Mrs. Ed Davis and family, who had been renting the Hewlett home, have moved into their basement home in the south part of town.

Mr. and Mrs. Judd Marshall were Memorial Day guests at the home of Mr. and Mrs. Devan Marshall.

Miss Pam Hammer was home for a short visit with her parents last week. She returned to Indianapolis to attend the Memorial Day race. She also plans to take some summer schooling soon.

Mr. and Mrs. Linus Borton entertained her three brothers and a sister last Friday evening with a chicken supper. Those present were Mr. and Mrs. Raymond Riddle and Mr. and Mrs. George Riddle of Rochester, Mr. and Mrs. Charles Riddle of Argos and Mrs. Mabel Wilson of Indianapolis.

Mr. and Mrs. Wayne Tombaugh visited with Mr. and Mrs. Arthur Kuhn of Akron on Memorial Day.

Wednesday evening supper guests of Mr. and Mrs. Tom Harman and family were Miss Donna Boyer and Miss Rosalie

Ash, students from Grace College. Both girls taught Good News Clubs here in Mentone during the school year.

Paul Rush and Larry Manwaring of Mentone, Don Rush of Fort Wayne, Forrest Hoffer and son, Jim, of South Bend, attended the 500 mile race at Indianapolis on Memorial Day.

Dr. and Mrs. Wymond Wilson spent Memorial Day week end at Burt Lake, Michigan.

Mr. and Mrs. Loren Burt and family of Bloomington are staying at their lake home on Crystal Lake for the summer. Mr. Burt will probably be teaching some summer classes at IU.

Mr. and Mrs. Frank Hardesty and sons were hosts Sunday to a class reunion of the 1953 graduates from Argos. A carry-in dinner was enjoyed by nine families, a total of 38 persons.

Mr. and Mrs. Forst Dunnuck and family returned home last week end after spending the school year at Purdue. Forst took a special course on guidance work.

Mr. and Mrs. Everett Besson, Janet and Judy, John Bowerman, Mr. and Mrs. Raymond Lewis, Steve and Sharon, and Mrs. Agnes Rams surprised Mr. and Mrs. Morris Bitzer and family on Saturday evening at their home. All present enjoyed home made ice cream and cake.

Suellen Long, after vacationing in Florida, is visiting her parents, Mr. and Mrs. Everett Long of Mentone. She is studying at the Indiana University School of Nursing at Indianapolis.

HIGHWAY KILLINGS MUST STOP

Nine out of ten accidents can be traced to human failures . . . failures to observe traffic ordinances and regulations; failure to exercise prudence and good judgment. Moreover, experience shows that drivers who recognize existence of hazards, who practice the rules of cautious driving, are seldom in an accident.

It is the hope of the highway safety leaders in Indiana that the information given will make our citizens conscious of their responsibilities; will stimulate our drivers and pedestrians alike to greater safety efforts, and that it will contribute to the successful solution of this community problem. Working together we can, and must, reduce the terrible toll of life, limb and property which is exacted annually by accidents. It is only by continuous traffic engineering improvements, and constant educational efforts that we can achieve our goal: Collectively we can make KOSCIUSKO County Indiana's SAFEST County.

Obedience to Law Enforcement Officers

Leaders in the law enforcement agencies are authorized to direct all traffic in accordance with the driving ordinances or in an emergency, as public safety or convenience may require. No driver of a vehicle or pedestrian shall fail or refuse to comply with an order or direction by an officer in the line of his duty.

Every person propelling any pushcart or riding on a bicycle or an animal, or driving an animal-drawn vehicle is subject to the provisions of the law, except those provisions which by their very nature can have no application.

The driver of every vehicle shall obey the instructions of all control devices unless otherwise directed by an agent of the law.

Noise and Smoke

It is unlawful for any person to make unnecessary noise with any vehicle or any device connected to it, or permit any vehicle to emit an unreasonable quantity of smoke or noxious gases.

All horns having more than one tone must be so regulated as to sound simultaneously and not in consecutive order.

No person shall use a warning on his automobile or any other vehicle similar to that now used by the Fire, Police and Sheriff's departments.

Traffic Control Signals

The State's Traffic law prohibits right-hand turns on a red light. Red means stop for all vehicles, including the driver who heretofore has been swinging to the right around an intersection into the flow of vehicles moving on the green. This driver must now stop on the Red and make his turn only when he has the Green.

Flashing Red means stop. It is to be interpreted the same as a stop sign. Flashing Yellow or amber means caution.

Green means that vehicles may go straight ahead, right or left, unless a sign prohibits turns. Vehicles proceeding on the Green must, however, yield the right-of-way to the vehicles and pedestrians lawfully within the intersections.

Yellow or amber when shown with green requires that vehicles be brought to a stop before entering the intersection if such stop can be made with care.

If a Green arrow is shown with the Red light, vehicles may cautiously enter the intersection to make the movement indicated by the arrow, but must yield the right-of-way to other traffic.

Legal placing of lights in signals calls for Red at the top, Yellow or amber in the middle, and Green at the bottom.

The new Indiana Speed Law is 65 miles an hour on the highways.

HIGHWAY SAFETY FOR OUR CHILDREN

- DO NOT PARK -

1. On that portion of a sidewalk improved for pedestrian use.
2. In front of a public or private drive.
3. Within an intersection.
4. Within 10 feet of a fire hydrant.
5. On a crosswalk.
6. Within 20 feet of a crosswalk at any intersection in a residential district; and within such distance of a crosswalk in a business district as shall be designated by sign or marker.
7. Within 10 feet upon the approach of any flashing beacon, stop sign, or traffic control signal at the side of a roadway.
8. Within 50 feet of the nearest rail of a railroad crossing.
9. Within 20 feet of the driveway to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of said entrance.
10. Alongside of any street excavation or obstruction when such stopping or standing would obstruct traffic.

11. On the roadway side of any vehicle stopped or parked at the edge of curb or street.
12. Upon a bridge.
13. At any place where official signs prohibit parking.
14. Vehicles parked on a restricted parking area which shall be moved not more than 50 feet during the limited parking period shall be deemed to have remained stationary.

- SPEED LIMITS -

The legal speed limit under Indiana's traffic law is 20 miles an hour in business districts and 30 miles an hour in residential districts.

Local authorities may establish higher speed limits in either business or residential districts.

All highways on which the limit is in excess of 30 miles an hour must be designated as though highways and adequate signs posted informing the motorist of the permissible speed. Entrances to such highways must be posted with stop signs.

Within cities and villages, the State Highway Commissioner may increase speed limits on State

highways outside of business districts. Adequate signs will inform motorists of such limits.

Signs are not necessary in business or residential districts except where the limit is in excess of 30 miles an hour. Motorists driving on unmarked streets in either business or residential districts are subject to the 20 and 30 mile limitations.

- PEDESTRIANS -

1. Cross streets only at the intersection and at the crosswalks.
2. Cross only on the green light.
3. Wait at the curb for the green light.
4. Whenever practicable walk on the right half of the crosswalk.
5. On rural highways walk on the left side of the road facing on-coming traffic. At night wear something white.
6. No person shall stand in the roadway for the purpose of soliciting a ride from the driver of private vehicles.

U.S. MAY TRAP MINOR PLANETS

The biggest game of all may be captured by U.S. scientists within a decade, according to the American Institute of Aeronautics and Astronautics. Object of the hunt: asteroids. These are minor planets from 1 to 500 miles in diameter which sometimes pass close by the earth in their orbit of the sun. These huge floating masses would be bunted from space into earth orbit by means of chemical rockets. Astronauts would rocket to the orbiting asteroid, mine its raw material (nickel, iron and other metals) and set up facilities to manufacture rocket fuel or industrial products.

Stopping glue-sniffing is the aim of an emergency law passed in St. Louis, which makes it a misdemeanor, punishable by a \$500 fine and/or 90 days in jail, for anyone under 21 to have in intoxicating glue or other chemicals in his possession or for any person to sell such a substance to a minor.

Rigid plastics are reaching further into fields of piping for liquids at elevated temperatures and pressures, areas long dominated by metals. New fittings made of glass-fiber-reinforced epoxy, a thermosetting plastic, will take pressure as high as 300 pounds per square inch at continuous temperatures as high as 250 degrees F. for oil field lines and similar uses, reports Tube Turns Plastics.

A radioactive tool developed by the University of California at Berkeley indicates that man and his culture began more than two million years ago. The method calculates time by measuring the chemical elements argon and potassium in a given material, such as skeletal remains, to determine its age.

A soundless pile driver is speeding up construction of a new dock for nuclear submarines in Connecticut. The sonic pile driver, which energizes the pile with mechanical oscillators, has driven 78 foot pile in five minutes, about six times as fast as a steam hammer.

The geological history of Washington, D.C. is being made by the Department of the Interior. Better understanding of the geological past (spanning more than 500 million years) will be useful in urban renewal and suburban development to help decide the most logical location of highways, heavy industry and residential neighborhoods.

Mr. and Mrs. Paul Bateman and Debby visited last week end with Mr. and Mrs. Clifford Bateman and family at Washington, Indiana.

NEWCASTLE TOWNSHIP NEWS

Mr. and Mrs. Dale Wright of Goshen were Memorial Day guests of Mr. and Mrs. Fred R. Miller.

Mr. and Mrs. James Walsh of Chicago are spending a few days here at their summer home.

Mr. and Mrs. Raymond Mays have purchased the late Mrs. Ann Staldine property.

Mr. and Mrs. Herman Alber and family entertained at a Memorial Day dinner. Guests were Mr. and Mrs. James Mathias Sr. and family of near Akron, Miss Kitty Sayger of Lake Manitou, Mike Sayger and Mr. and Mrs. Rolland Calvert and son.

Mr. and Mrs. Archie Grove of Mishawaka and Mrs. Orah By-

ers and daughter of South Bend spent Sunday at their summer home here.

Mr. Lavoy Montgomery was a dinner guest of Mr. and Mrs. Fred R. Miller.

Doug Simpson and Billy Dawson are attending the 4-H Round Up at Purdue for three days.

Sunday dinner guests of Mr. and Mrs. James Mathias Sr. were Mr. and Mrs. Herman Alber and family, Mr. and Mrs. Rue Oliver and family of Rochester, Mr. and Mrs. Rolland Calvert and son.

Mrs. Dolly Miller of Rochester was the Sunday guest of her sister and husband, Mr. and Mrs. Fred R. Miller.

Mrs. Dorothy White called on Mrs. Ruby Good Monday.

Mentone Band Elects New Officers

The new band officers for the coming year are president, Steve Mellott; vice president, Steve Miller; secretary, Eldona

Antonides; treasurer, Judy Beson; librarian, Connie Smythe.

The band decided to let the president take over the building of the float for the Mermaid Festival with the other officers on the committee. The officers will be contacting the businessmen for their contribution in building the float.

The band has three parades scheduled for June. They will be marching at the Kendallville Centennial parade June 8; the Albion Chain-O-Lakes Festival on June 22, and the Mermaid Festival, which is the main highlight of the summer, being held June 28.

Local News

Mildred Anderson of Flint, Michigan and Mrs. Kathleen Campeljohn of Michigan City visited with Annabell Mentzer on Memorial Day.

Dick Campton, son of Rev. and Mrs. Glenn Campton, will graduate from Butler University on Sunday evening, June 9th, at 6:00 p.m. He will receive his A.B. degree at this time. Dick is now pre-enrolled in the Methodist Theological Seminary in Ohio. He will begin his work there in September.

Mr. and Mrs. Morris Bitzer and family were guests of Mr. and Mrs. Lloyd Bowerman and family on Monday evening for barbecued chicken.

Mr. and Mrs. Everett Welborn and sons called on Mr. and Mrs. Morris Bitzer and family on Tuesday evening.

Mr. and Mrs. Wayne Bowser and family left Saturday morning for a vacation in the Smoky Mountains, returning home Tuesday evening.

Mr. and Mrs. John Allen Teel and Butch, Mr. and Mrs. Herschel Teel and Mrs. Verl Halterman were in Wabash on Sunday and Monday to attend the funeral services of their uncle, Howard Teel.

Honored With Pink And Blue Shower

A pink and blue shower was given in honor of Mrs. Larry Joe Mellott at the home of Mrs. Joe Mellott on May 28.

The evening was spent playing games. Refreshments of cake, ice cream, coffee and tea were served to Mesdames Lonnie Webb, Chester Coplen, Victor Lantz, Vern Romine, Bill Hudson, Jim Romine, Bret, Kenneth Romine, Marvin Romine, Harold Personette, Joe Heddington, Kenneth Fraughiger, Max Blackburn, Sylvester Heddington, Richard Gross, Noble Heddington, George Cummins, David Romine, Monroe Romine, Linda Mellott, Mina Mellott, Marybelle, Joe Mellott, Franklin Yates, Kathy, Bret, Richard Cummins, John Mellott and Tammy.

Those sending gifts were Gerald Romine and Ed Severns.

COUNTERPOINT, Continued

In a postscript is written, "When there is acute pain in the side, the application over the part affected of a mustard poultice, or some other counter irritant, will frequently be the cause of relief."

Finally our Martin house has been "found" by the Martins. We have at least one family. For some time the sparrows have been enjoying the comfort—yes, even luxury—of this well-built house, but we have not shared their enthusiasm. When the Martins came to "stake a claim", the sparrows acted very un-neighborly and fought them off, but the Martins were equally persistent and stayed. At present there seems to be a state of co-existence.

Professor Leo Strauss, of the department of political science at the University of Chicago, (and a conservative) asks a few questions, which if answered honestly, will show the soundness or error in modern practical politics.

Here are the issues: does one prefer income taxes or excise taxes? Does one approve of, or detest Mr. J. Edgar Hoover? Does one stand for private medical practice, or state medicine?

A large oil company has distributed 1,250,000 bluebird houses through its dealers. The natural resting spots are hollow trees, fence posts, and old woodpecker holes, but these are fast being eliminated. We hope this free housing will help save the bluebird from extinction.

We enjoyed this: A man returning home in the middle of the night saw a burglar picking the lock on the front door. He confronted the burglar and whispered: "I'll open the door if you'll go in first!"

There will be a Daily Vacation Bible School at the Talma Bible Church, Rev. Milton William Jones, pastor, June 10-14, 5 days only. They will be using Gospel Light materials. Beginners up to Junior High, 9-12.

Mrs. Raymond Hudson Dies

Mrs. Raymond (Geraldine) Hudson, 48, of Route 2, Warsaw, died at 6 p.m. Tuesday in the Murphy Medical Center following an illness of 14 years.

Mrs. Hudson was born October 11, 1914 in Nappanee, the daughter of John and Ruth (Pittman) Webb. She was married to Raymond Hudson, who survives. Mrs. Hudson was a member of the Primitives Baptist Church and a lifetime resident of this community.

Surviving in addition to the husband, are one son, Billy Eugene; three daughters, Marilyn Lou and Carolyn Suo (twins), and Bonnie Kay, at home; one brother, Doyal Webb, of 207 West Shaffer Drive; and one grandchild.

Services will be held at 2 p.m. Friday in the L. J. Bibler and Son funeral home with Elder Elias Sarber officiating. Burial will be in the Harrison Center cemetery. Friends may call at the funeral home after 2 p.m. Thursday until the hour of service on Friday.

Walter Kent New Wabash School Sup.

Dr. Walter Kent, assistant superintendent of the Kokomo schools, was named superintendent of the Wabash School Corp. effective July 1.

Kent received a three year contract at \$14,000 a year. He will succeed Max Shaw, who resigned to be superintendent in Pike Township, Marion County.

Mr. and Mrs. Kent were former residents of Mentone when he was principal of our school.

M.Y.F. TOUR

Twenty members of the Senior M.Y.F. took their lunches and made a tour of the Institute grounds at Epworth Forest on Lake Webster. Many of this group plan to attend this Institute for a week in August.

Let advertising tell your story to your neighbors and friends.

COMPLETES TRAINING

Army Reserve Lt. Col. Donald J. Van Gilder, of Mentone, completed a one week instructor training conference at the U.S. Army Command and General Staff College, Fort Leavenworth, Kansas on May 18.

Officers from command and general staff departments of Army Reserve schools throughout the U.S. attended the course, which provided an understanding of the educational philosophy of the college, practical work in instructing and college guidance pertaining to the instructional mission, methods and techniques.

Colonel Van Gilder is regularly assigned to the U.S. Army Reserve School in Lafayette. He is a 1955 graduate of Indiana University School of Dentistry.

The Colonel and his wife, Barbara, live at 112 N. Broadway.

LOCALS

Dr. and Mrs. Charles Urschel and son, David, are spending a few days in Mentone with Dr. and Mrs. Dan Urschel. Charles has completed two years of internship and residency in the Department of Internal Medicine at Columbia-Presbyterian Hospital in New York City.

In July he will begin two years of Air Force service and has been assigned to the Aerospace Medical Research Laboratory at Wright-Patterson Air Force Base at Dayton, Ohio.

On Monday of this week Dr. Charles and his father attended the Cardiac Study Conference at Blodgett Memorial Hospital in Grand Rapids, while their families were visiting with Mrs. Roger Becklund, Charles' sister.

The Richard Eilers of Lafayette spent Decoration Day with Mr. and Mrs. Al McKeighan.

Mr. and Mrs. Darrell Tucker, Mrs. Robert Boggs and son, Mr. and Mrs. Don Wentzell and family attended the commencement exercises at Purdue University on Sunday for Terry and Sandra (Wentzel) Tucker.

Recent callers at the home of Mr. and Mrs. Ora Tucker were Mrs. Richard Boganwright and children, Mrs. Larry Stave-dahl and children, Mr. and Mrs. Delbert Kerlin, Mrs. Nellie Tucker and daughter, Ruth, of Silver Lake, Mr. and Mrs. John Ulrey, daughter and grand-daughter, Mrs. Robert Smith, Sarah Jo, Mr. and Mrs. Albert Tucker, Jane Ellen, Mr. Floyd Tucker, Mrs. Max Smith, Mr. Turner Boggs, Mr. and Mrs. Ivan Tucker and Mrs. Pearl Horn.

To Travel With Delegation

Mr. and Mrs. Carroll Eiler will leave Saturday morning, June 8, from Fort Wayne on a Dutch airliner for New York. There they will join a group of 13 men and six women from the midwest, who will travel a month abroad in the Poultrymen's Goodwill People-to-People Delegation. The tentative schedule for this group includes London, Hamburg, Berlin, Brussels, Frankfurt, Rome, Milan, and Paris. Their flight will be on Sabena Belgian World Airlines, arriving back in New York on July 1st.

NEW M.Y.F. ORGANIZED

A planning session was held Sunday evening at the Methodist Church to organize a new Intermediate M.Y.F. group.

Those attending were Salvador Murcia, Alan Lucht, Ronnie Teel, Cindy Whetstone, Ann Rush, Lu Anna Sarber, Nancy Keirn, Peggy Whetstone, Mrs. Gene Sarber and Rev. Camp-ton.

The group plans to meet on Tuesday evenings during the summer at 7 p.m. The first meeting and election of officers will be held Tuesday, June 11.

SINCERE THANKS

I would like to thank all my friends and neighbors for all the acts of kindness shown to me and my family during my illness and stay in the hospital. All was deeply appreciated.

COUNTERPOINT

By The Editor's Wife

Clifford Ward, in his Good Evening column Tuesday evening, makes some pointed comments about "religious illiteracy", on the part of many young people.

He refers to the Milwaukee Journal, which is publishing a series of six articles about the religious views of students attending the University of Wisconsin.

"For the most part, they do not believe, or if they do believe, not too deeply." The striking fact is that most of them do not know what it is that they don't believe!

Mr. Ward comments thus:

"Many children today are growing up in an environment at home and at school where they never learn anything about morals and religion.

"Parents, of course, have an obligation to impart as much knowledge and training to their children, as they are able to impart or have imparted. It is very illogical to say that the best time to teach a human being anything is when he is young, except where moral matters or religious matters are concerned.

"There are those people who believe that a son or daughter should be taught to dance when they are in grade school so they move gracefully when they grow up, but who believe that they can learn things about their possible origin and destiny later on when they are adults and have nothing else to do. This is pretty much of a common attitude on the part of a lot of parents today. They don't wish their children to grow up around a lake without knowing how to swim, but they are perfectly willing to let them embark on life, which is a sea of its own, without knowing the hazards of it from a moral standpoint.

"If it's important to teach a child to use a toothbrush, to take a bath frequently and to wash his hands before eating, it is a lot more important to teach him right from wrong.

It is encouraging, in view of the above statements, to hear good reports from the Vacation Bible Schools in our town and vicinity. As long as there are

(Continued on back page)

Received Degrees
At Purdue

Mr. and Mrs. Terry Tucker recently graduated from Purdue University. Mrs. Tucker, the former Sandra Kay Wentzel, received an A.B. degree with high distinction. She also received a certificate of academic excellence. She is a member of Kappa Delta Pi, national education honorary, Delta Rho Kappa, Card Section, and Associated Women Students. She will begin a career in elementary education this fall, teaching in the Piercetown schools. Mr. Tucker received a bachelor of science degree in agriculture. While in college his activities included the Agriculture Economics Club, editor of The Newsletter, Alpha Zeta, Leadership Camp, Card Section and Agronomy Club. He has accepted a position with Maple Leaf Farms, Inc., in Milford. Both are graduates of Mentone High School. Parents of the couple are Mr. and Mrs. Donald Wentzel of Warsaw and Mr. and Mrs. Darrell Tucker of Mentone.

Danny Dickerhoff, 8,
Dies

Final rites were held at 3 p.m. Wednesday in the Reed Funeral Home for Dan D. Dickerhoff, 8, of Mentone, who died at 7:55 a.m. Monday in Murphy Medical Center following complications of a tonsillectomy performed June 3.

Dan was born June 1, 1955, in Kosciusko County to Richard and Iris (Jones) Dickerhoff. He attended the Mentone Methodist Church.

Surviving in addition to his parents are one brother, Don, aged six; a sister, Alicia Ann, aged four, both at home; his paternal grandmother, Mrs. Ernest Thompson, of Route 4, Warsaw; maternal grandparents, Mr. and Mrs. Alden Jones, of Route 1, Claypool, and a great-grandmother, Mrs. Selena Oppe, of Gilead.

Rev. Glenn R. Campton and Rev. Wayne Johnson officiated at the service. Burial was in the Mentone cemetery.

Swimming To Start
Wednesday

The Mentone recreation program has announced that there will be swimming at Pike Lake, starting Wednesday, June 19th. Busses will leave from the Mentone gym at 1:30. Boys and girls from the ages of 8 to 15 are eligible and a charge of 10c per person will be made.

Insurance should be paid or a written consent from a parent before a child will be allowed to swim. A life guard will be on duty.

HAVE MERCHANT'S
CERTIFICATES

Forest Miner of the Farmers State Bank announced that they have applications for Registered Retail Merchants Certificates. If you did not receive one, it can be picked up at the bank. They have to be mailed by June 15.

Miss Sandra Miller has been admitted to the Parkview Hospital in Plymouth.

Classes
Driver Training

The Tippecanoe Valley School driver training program will be in the mornings. There may be some openings for adult classes in the afternoons. For further information contact Roger Bridges, DU 7-3276.

With The Sick

Mrs. Claud Barkman returned to her home on Tuesday from South Bend Memorial Hospital, where she had been taken earlier in the week to have her shoulder set. She fell at her home last week.

BIRTH

Mr. and Mrs. Larry Joe Mel-lott are the parents of a 7 lb. 14 oz. daughter, Lori Ann, born Saturday, June 8th at the Parkview hospital at Plymouth.

Mother and daughter plan to return to their home north of Mentone on Wednesday.

Grandparents are Mr. and Mrs. Joe Mellott and Mr. and Mrs. Sylvester Heddington.

Ground Breaking Service

The ground breaking service for the new Methodist parsonage was held as planned Sunday morning, June 9th. Nearly a hundred members and friends gathered at the site for this service. A band composed of several youth from the church and led by Kenneth Bush, played and led in the singing

of "This Is My Father's World", the Gloria Patri, and the Doxology. Dr. Robert Yunker, district superintendent, led in the prayer and made the declaration that ground be broken for the new parsonage.

Those who wielded shovels were: Gene Sarber, Raymond Cooper, David Cooper, Richard

Manwaring, Mott Bryan, Carl Whetstone, Everett Long, Dr. F. B. Davison, Robert Adams, Salvador Murcia, and Rev. Glenn Campton.

Little Greg Hoover, also displayed great enthusiasm for the project. He was the last one to leave the scene. His mother called him while he was using

one of the shovels and said it was time to go. Greg's reply was, "Why, we haven't got the house built yet!"

The construction on the house is to begin June 17th and should be completed in October.

OBITUARIES

SHEETS

Funeral services were held for Mrs. Lester Sheets, 66, of Mishawaka, a former resident of Mentone, on Friday of last week in Mishawaka. Mrs. Sheets died at the St. Joseph hospital in South Bend after a short illness.

Surviving in addition to her husband are one son, Eldon, of Kansas City, Missouri; two sisters, Mrs. Karl Hayden and Mrs. Noble Lehman, of Mishawaka; one brother, Floyd C. Peterson, of Elkhart.

LEAVELL

Mrs. Delbert Leavell, 79, former resident of Mentone, died at the Alfran Nursing Home at Warsaw at 4:15 p.m. on Monday. She had been seriously ill since January.

Mr. Leavell preceded her in death on February 26 of this year. Surviving is a son, Jesse W. Finney, of South Bend; two grandchildren and six great-grandchildren; a niece, Mrs. Alta Chamberlain, of Rochester, and several other nieces and nephews.

Funeral services will be held Thursday at 2 p.m. in the Foster-Good funeral home at Rochester. Burial will be at the Reister cemetery west of Talma.

Visit Purina Offices

Several men of this area were among the 350 farmers from this section who visited the Purina Research Farm at Gray Summit, Missouri last Monday and spent the following day seeing the company's research laboratories and general office. Thou-

sands of farmers from all sections of the United States and many foreign countries visit the Purina farm each year to see results of experiments conducted in livestock and poultry feeding and management. The 778 acre farm is devoted entirely to farm research projects.

Those attending from this community were Richard B. Manwaring and Gerald Ballenger.

Burket Community Bible School

The Burket Community Vacation Bible School will be held June 17 through 21, from 9 to 11:15. It will be held at the Burket grade school. All children four years and older are welcome.

Closing program will be Sunday night, June 23 at the Burket Methodist Church at 7:30.

Churches participating are the Burket Methodist, Burket E.U.B., Palestine Methodist, Palestine Christian and Cooks Chapel.

Mrs. Larry Boggs is the director.

Fertilize your shrubs now, advise Purdue University horticulturists. Use two pounds of 10-6-4 fertilizer per 100 square feet or one and one half pounds of 12-12-12. Spread the fertilizer on the surface of the ground, then rake or spade it in gently without disturbing the shrub roots. Next, water in the fertilizer.

FOR AILING LAWNS

Plants and animals have miseries in common. Both suffer from diseases caused by viruses, bacteria, fungi, and roundworms. Grass, being a plant, is no exception, and even in the best kept lawns, various of these diseases can cause serious damage, making it necessary to replant large areas.

Snow mold

Melting out (leaf spot)

Among the most common lawn diseases are snow mold, melting out, dollar spot, and brown patch. The first two occur in the winter and early spring; dollar spot and brown patch come during the late spring and summer. They are caused by fungus organisms which attack the plants, causing gradual defoliation until large areas of turf are affected.

Snow mold shows its symptoms with the first spring thaws, appearing as sharply outlined straw-colored areas. These may range from 2 inches to 20 feet in diameter, blotches on the leaves, enlarging turning either dull gray or pinkish in wet weather, depending on the particular fungus causing the condition. Snow molds attack all the cultivated lawn grasses and are favored by warm conditions under a layer of snow and by mild winter weather combined with high rainfall or heavy fogs.

Melting-out, which is also known as leaf spot, begins in the cool wet weather of spring, appearing first as water-soaked areas on the leaf-sheath parts of grass plants. These areas become purplish red and then turn brown in the summer.

When the leaves become completely girdled, they drop from the plant, and in heavy infestations, entire areas of the lawn appear to "melt" away.

The Common strain of Kentucky bluegrass is susceptible, though the Merion strain is quite resistant. Dr. Houston B. Couch, turf specialist at Penn State, estimates that almost every established strand of Common Kentucky bluegrass in the Northeast and Midwest is to some degree infected with leaf spot, or melting out.

Dollar Spot occurs usually from mid-July to late August and affects all the popular turf grasses. Though bentgrass and bluegrass are the most prone to injury. Infected den centers. Some are available in leaves show small green blotches, dry, granular formulations, which which fade to straw-colored tan can be applied quickly and easily as they enlarge. The margins of with a standard lawn spreader.

For a free booklet to help you have a rich green turf, print your name on a postcard and send to Living Lawns, Agrisec, PO Box 406, New Haven 2, Conn.

NEXT WEEK: Bad news for lawn weeds!

PLAY FAR AWAY

Warmer days ahead mean that more children can enjoy playing outdoors for longer periods. However, playing outdoors means exposure to more street traffic and extra caution is needed to prevent accidents. Children should choose their play areas as far away from traffic as possible. The Chicago Motor Club's May safety poster will be distributed to some 33,000 grade school classrooms in the Club's Illinois and Indiana territory.

NEWS NOTES

from our

County Agent

DONALD E. FRANTZ

The supervisors of the County Soil and Water Conservation District have arranged for a tour of the Mississinewa flood control project in Wabash County on Saturday, June 22nd. This is for anyone who is interested in going down there to see what is going on. They have made arrangements with the head engineer, Mr. Walters, to conduct the group around the area and explain what it's all about. This has to be done on Saturday afternoons because work has stopped and it is easy to see the area.

The group will assemble at the Steer Inn and leave at 12:30.

These flood control projects are big. This one is designed to control flood waters from a drainage area of 809 square miles. It takes a big hole to hold all that. The dam is almost two miles long by nearly two hundred feet wide.

The 4-H Club camp will be held at Camp Mack, June 25-28. Club members who completed their work last year are eligible to attend. Letters have gone to 4-H club members and they are asked to send in their reservation by June 15th.

Black spot disease troubles in roses are beginning to appear and with the high humidity of last week it will really spread. The new all-purpose rose dusts have made prevention and control an easy matter now but it

has to be used regularly to be effective.

Enrollment in the Five-Acre Corn Club is due anytime now. We have been delaying setting a deadline because of the slow emergence of stands this spring. We should have it by the 20th or before.

Each year we try to wait until it is possible for a person to be sure he has a decent stand before enrolling. Even though corn was planted very early this year, the cool weather held it back.

Cable cattle rubbers are effective against horn flies when properly situated in a pasture and properly maintained.

Reports on a three year study at Purdue's Southern Indiana Forage Farm showed Methoxychlor, toxaphene, DDT and ronnel were effective in con-

trolling horn flies, the most biting insect of cattle in Indiana.

Substituting mineral seal oil for diesel fuel in a five per cent DDT solution did not increase the effectiveness of the insecticide.

Adding three per cent Tab-atrex, a repellent, to a five per cent DDT solution did not increase its effectiveness or extend its period of control.

To be most effective, the cable rubber should be placed in open pasture near natural loafing sites, water sources or mineral and salt boxes, they found.

When the rubbers were more than fifty feet from a natural congregation point, untrained cattle frequently ignored them. But, cattle trained to use cable rubbers will seek them out even when they are a considerable distance from any other drawing factor.

ENJOY TOUR

Thirteen members from the Merry Mollys Home Demonstration Club recently went to Warsaw and toured the Litchfield Creamery, the Cut Glass factory, and then had lunch at the Westminster Hotel.

The afternoon was spent touring Endicott Furniture factory.

Ladies making the trip were Mesdames Dale McGowen, Dale Stiffler, Thomas Nun, Harold Horn, Clayton Holloway, Glen Mellott, Gene Sarber, Robert Hibschtman, La Mar Leffert, Al Rummell, Herschel McGowen, Joe Tucker, and Marion Smith.

Shape Up For Summer

Men who work at a desk eleven months of the year often endanger their health during their weeks of vacation by indulging in strenuous sports or heavy yard work.

Take it easy with such things when you are out of shape, cautions Charles Richardson, rural health specialist at Purdue University.

If you haven't stayed active with winter sports and exercise, try a few minutes of sitting up exercises each day. Give your muscles a chance to strengthen before you start rowing a boat, swimming or hoeing in the garden.

Take care of your skin, too. Get a little sun before you start "living" in your bathing suit. Small doses of sunshine will give your skin a chance to tan and protect itself against burning when you stay in the sun for long periods of time.

Remember that hot weather puts your body under stress.

When you participate in strenuous activities, protect yourself from excessive sun, drink plenty of water, add salt to your diet, and take sufficient rest periods to prevent heat exhaustion or sun stroke.

Little Gardens For Junior

Junior may resist the temptation to pick the neighbor's tulips if he is waiting for his own flowers to bloom, points out C. E. Hoxie, Purdue University horticulturist.

Children enjoy caring for their own garden and at the same time acquire respect for the lawns and gardens you and your neighbors carefully cultivate. So include the littlest gardener when you plan and plant your family garden.

Save a little plot for the child to plant anything he is particularly interested in — be it flowers or vegetables. Sunflowers and four-o'clocks for flowers; corn, beans, squash and gourds for vegetables.

Seeds of these plants germinate quickly and are big enough for small fumbling fingers to handle.

Locate Junior's garden in a sunny area in a well drained, deep, rich loam. Providing him with good seed and fertile ground will prevent his suffering the disappointment of crop failure.

Growing Annual Flowers

Gardens and borders need annuals, remind Purdue University extension horticulturists.

These plants grow and bloom in one year and supply bright color in mid-summer. And since annuals are easy to grow, you needn't have a "green thumb" to have success with them.

If possible, plan the flower border for a sunny area where the soil is well drained, fertile and level. You will probably enjoy a border more in the backyard. Keep it to the side or rear, so your lawn area will be larger for recreation.

Before you prepare the garden and set out plants or sow seed, add 2 to 3 pounds of general purpose fertilizer, such as 12-12-12, per 100 square feet. If possible, mix in organic matter like peat moss or compost at the same time. Then level the soil. Don't work the garden soil when it's wet or too dry.

Most gardeners find it best to start snapdragons, asters, petunias, and salvia from plants. Marigold and zinnias are no trouble from seed.

For further information, write Agricultural Publications, Purdue University, Lafayette, Ind. for Mimeo HO-72-6, "Growing Annual Flowers". Single copies are free to Indiana residents.

The earlier you seed your lawn the better, say horticulturists at Purdue University. Early spring sowing will help the grass become better established before hot summer weather.

Ground Covers Pinch Hit

Having trouble growing grass in shady spots and on banks?

These areas, plus those difficult to mow, such as around shrubs, are good places to plant ground covers, notes Don Scheer of Purdue University extension department.

Ground covers are the low

growing plants used for special effect, or for covering ground where grass won't grow well. Beside pinch hitting for grass, many are beautiful all year and easy to care for, too.

Before you plant, add 15 pounds of 10-6-4 fertilizer, or its equivalent, per 1,000 square feet, and mix it into the soil. Set out small ground cover plants, which you can purchase at your local nursery. He recommends planting small types

8 inches apart; individual plants will gradually fill in and crowd out weeds and make a permanent cover.

A two inch peat moss mulch will help keep down weeds while the ground covers are becoming established.

For further information, write Agricultural Publications, Purdue University, Lafayette, Ind. for Mimeo HO-81-8, "Ground Cover Plants." Single copies are free to Indiana residents.

Purdue University horticulturists say you can make your small lawn look larger by grading it so its slopes gently and is uniform with surrounding lawn areas. Avoid terraces unless there is more than a one foot drop in 16 feet.

Let advertising tell your story to your neighbors and friends.

Enjoy This Summer... get a GAS DRYER!

Sports and play clothes . . . beach-wear . . . extra towels . . . all add up to much bigger washes during the summertime. With a Gas Dryer, big laundry loads can be washed and dried whenever they accumulate— and in practically no time at all!

So, why not give yourself a break this summer . . . get a wonderful, work-saving Gas Dryer!

FREE GAS DRYER "TIP-SHEET" BOOKLET

Want some valuable tips on clothes drying? This handy 24-page booklet tells you how to dry all kinds of clothes correctly . . . including the new summer "miracle" fabrics. Get it free at our office! Come in, phone or write for your copy.

BOTH BOATS TURN RIGHT

FISHING BOATS AREN'T
ALLOWED TO OBSTRUCT TRAFFIC

CRAFT BEING OVERTAKEN
HAS THE RIGHT OF WAY

KEEP TO THE RIGHT, ESPECIALLY
IN NARROW CHANNELS

Knowing the rules of the road is vital for safe and competent small boat handling. Since they are based on common sense, these rules are easy to learn and remember. Mercury boating authorities say the following are among the most important: keep to the right in narrow channels and when meeting another craft head on. And "commit" yourself early by turning off a collision course when there is still considerable distance between your boat and an oncoming one. Give way to any boat approaching in your danger zone—your right-hand side from dead ahead to slightly more than a right angle. Sailboats have right away over powerboats. Craft being overtaken and boats leaving docks also have the right of way. Observing these rules will enable you to meet any water-borne traffic situation with confidence.

TIPPECANOE NEWS

Mr. and Mrs. William Romine and Mr. and Mrs. Howard Gross made a business trip to Indianapolis on Wednesday of last week.

The Lucky Clover 4-H Club met at the home of Mr. and Mrs. Arnold Flory Wednesday evening. Vice president, Jerry Needler presided and led in the pledges to the flag. Demonstrations were given by Buzz Reichard and Doug Marks on how to remove a stuck tractor, and Jerry Flory on how to spray hogs. They decided to enter a float in the Argos 4-H fair parade. Their leader, Ford Perry, checked record books of the 16 members present. Members and

nine guests enjoyed a wiener roast after the meeting. Both the boys and girls 4-H clubs will have a picnic at Center Lake in Warsaw on June 23.

Mr. and Mrs. Glen Law and Gail left Sunday for a visit with their daughter and family. Mr. and Mrs. Michael Weber, at Orondo, Washington.

Mr. and Mrs. Joe Shively and her parents, Mr. and Mrs. Earl Davis, spent the week end in Flint, Michigan visiting Mr. and Mrs. Devon Davis.

Mr. and Mrs. Russell Shively had as their week end guests Mr. and Mrs. Glen Deaton of Fort Wayne, and Mr. and Mrs. Larry McPherron of Lafayette. Mr. and Mrs. Shively and Mr. and Mrs. Deaton were Sunday dinner guests of the Charles Hanes at Bourbon.

Mr. and Mrs. Clyde Ludwig and children of Argos were Friday evening visitors at the home

of Mr. and Mrs. Forrest Creighbaum and children.

Mr. and Mrs. Sam Crull of Martinez, California have been spending their vacation with his father, Mr. and Mrs. Grover Crull.

Mr. and Mrs. Larry Davis, Denise and Scotty are new neighbors in Tippecanoe. They moved from Plymouth over the week end into the Robert Menger home, which they had bought.

Donnie Rose of Winona Lake spent the week with his uncle and aunt, Mr. and Mrs. Beecher Howard and Caroline.

Mrs. John Rhodes and Vickie of Bourbon will spend the next three weeks with her mother, Mrs. Osa Swihart, while Mr. Rhodes is attending school in Chicago.

Mrs. Dottie Rohrer of St. Petersburg, Florida came for an extended visit with her sister,

Mrs. Fostie Sill and other relatives in the Tippecanoe area.

NOTICE TO BIDDERS

Notice is thereby given that the Board of Trustees of the Town of Mentone, Indiana, will receive bids for the following:

1. Sealing 3846 square yards of bituminous streets.
2. Construct base, prime, and seal 1220 square yards of new bituminous street.
3. Grading graveled alleys.

Bidder shall on his bid give approximate date of starting work and approximate time necessary to complete work. Specifications for sealing bituminous streets, construction of new bituminous streets, and grading of graveled alleys along with a complete schedule of streets to be sealed and constructed, with their measurements and a complete schedule of alleys to be graded are on

file in the office of the Street Commissioner, Town of Mentone.

Each bidder must accompany his sealed bid with a non-collusion affidavit and a bid bond or certified check in the amount of 5% of the bid.

The bids will be opened and considered at the meeting room at Peterson's Restaurant, Mentone, Indiana, by the Town Board of Trustees at their scheduled meeting on July 2, 1963, at 8:00 p.m.

The Board reserves the right to reject any and all bids.

In witness whereof, I haveunto set my hand and seal this 12th day of June, 1963.

MERRILL E. PETERSON
Clerk-Treas., Town of Mentone, Indiana.

ATWOOD - CRYSTAL LAKE NEWS

By Vera Wagner
Phone UL 8-2423

Mr. Tim Rovenstine suffered a stroke Sunday evening. He was admitted to the Murphy Medical Center. He is doing fair, but his speech has been affected.

Mr. and Mrs. Harley Irwin and children, Connie and Jim, of Milwaukee, Wisconsin, visited four days with his parents, Mr. and Mrs. Max Irwin. The family had a birthday celebration for Dale Irwin.

Charles and Denyse Blankenship entertained guests for a cook out Saturday night. Those present were Marve and Jerry Carey and children of Warsaw,

Tom and Jody Harman and children of Mentone, and Kenny and Vera Wagner of Atwood. The Wagners were celebrating their 11th wedding anniversary.

Rev. Gubi, pastor of the EUB Church, and Mr. George Snyder, lay delegate, are attending the EUB conference in Syracuse. The conference will last one week.

Mr. and Mrs. Kenny Wagner entertained guests for a cook out on Sunday honoring their daughter, Lori, on her 3rd birthday. Those attending were Lori's grandparents, Mr. and Mrs. Ralph Lichtenwalter, Sarah Lichtenwalter, of Warsaw, Jeanne Westerman, Vivian Smith, and Bill Weaver, of South Bend, Mary and Marie Mitterling of Leesburg, Bob Leek of Warsaw, and Michael Wagner. Lori received her first tricycle.

The EUB and Methodist Bible School, which started last Thurs-

day night, was very well attended. 133 present. The school is offering an adult class. The teacher is Emerson Ward of Warsaw. The class is studying the different religions. The Bible School is held each Thursday night during June and the last Tuesday night of the month.

The decline in the number of medical teachers is an immediate threat to the nation's health, according to Dr. Joseph Hinsey, administrator of the Cornell University Medical Center. Emphasis on research has inclined medical staff members to neg-

lect their responsibilities in teaching and patient care. Unless this situation is relieved we may bequeath to our children in a few years a serious deprivation in health care. (Statistics from the American Association of Medical Colleges show 800 openings on the staffs of the 87 U. S. medical schools.)

Tastier feed for livestock should be developed, says the U. S. Department of Agriculture's forage, feed and seed research and advisory committee. The committee has in mind certain processing methods or additives to make grains, pastures, dried forage and silage more palatable to animals.

"Eager-able" students are riding "academic escalators" at Lehigh University where a comprehensive honor program has been instituted to help superior undergraduates in the transition to graduate work. In effect, the

students set their own goals and the university helps them achieve them.

Moving south to dodge rigorous winter weather won't help avoid colds or other respiratory infections, according to Dr. H. L. Israel, of Philadelphia and Dr. A. L. Barach, of New York. Exposure to crowds, which enhance chances of bacterial and viral infections, occurs in the south as well as in the north. Newer methods of treatment are a better answer than a change of climate.

Pipes within pipes are performing new wonders of industrial processing, reports Tube Turns. Products that would ordinarily solidify can be piped for long distances by jacketing the line in an outer pipe that carries live steam to keep the product molten.

Homes Abound with Potential Poisons, AMA Official Warns

Children, supposedly "safe at home," are poisoning themselves at the rate of nearly 1,500 a day.

"When you consider that more than a quarter million home-used products on the market contain toxins, it is not difficult to understand why more than 500 children die each year from self-administered poisons," said F. J. L. Blasingame, M.D., executive vice-president of the American Medical Association.

Children are naturally curious, especially the very young ones. They are prone to stick into their mouths anything they can get in their hands. It doesn't even have to taste good or look pretty."

Most accidental poisonings occur in children under five. Two-year-olds are the most poison prone, with one-year-olds close behind. At this stage in life their curiosity is at its height and their sense of fear not yet developed, Dr. Blasingame explained.

Medicine, especially aspirin, heads the list of items children seem to like to sample, accounting for nearly half of all accidental poisonings. In fact, too much of virtually any medicine can produce serious consequences.

Among the supposed non-edibles that frequently find their way into children's stomachs are cleaning and polishing agents, detergents, shoe polish, cosmetics, waxes, insecticides, paint, turpentine, chalk, bleaches, plant foods, plaster, perfume and decorations.

Medicines account for nearly half of all accidental poisoning in United States each year. Discard unused medicine and keep rest out of children's reach.

A primary cause of such accidents, says Dr. Blasingame, is storing poisonous substances in food containers or soft drink bottles. A toddler just naturally assumes that a soft drink bottle contains a treat. He'll drink whatever he finds in it. "The facts are clear," he warned. "Between 65 and 70 per cent of all poisonings take place because an item was accessible to a child."

"If we're going to live in modern homes with modern conveniences and modern medicines, we have to develop some up-to-date standards that will make home safe for our children."

Among suggestions for lessening the poisoning hazards in the home, Dr. Blasingame suggested:

- Keep potential poisons out of reach and tightly sealed.
- Never transfer toxic materials into household utensils.
- Don't leave your child alone in a room in which you're working with poisons.
- Give medicines only in a lighted room.

If your child might have taken a poisonous substance, call your doctor for instructions at once. Don't wait to see what happens.

Warren - McCloughan

Miss Bonnie June Warren, daughter of Mr. and Mrs. Ralph Warren, R. 2, Bourbon, was united in marriage to John McCloughan, son of Mr. and Mrs. Albert McCloughan, of Akron. Rev. Harold Conrad read the double ring ceremony at the Church of God in Akron at 7:30 p.m., June 1st.

Mrs. Conrad played the organ while the bride and groom and attendants marched up to the altar where candles were burning. Carolyn Sue Warren, sister of the bride, was maid of honor and Robert Powell, of Akron, served as best man.

The bride wore a white orlon dress with lace jacket. Her finger tip veil of illusion was held by a crown of pink carnations. The groom wore dark pants and white coat. Maid of honor wore a light blue sheath dress with a pink carnation corsage. Best man wore dark pants and white coat with carnation.

Present were Mr. and Mrs. Ralph Warren, Mr. and Mrs. Leroy Grossman, Connie, Larry, Sandra, of Rochester; Mr. and Mrs. Seattie Ervin, Sharon and Ralph, of Warsaw; Mrs. Dale Parker, Cheryl Sue Kimmell, Mr. and Mrs. Lloyd Miller, of Goshen; Bruce, Gale, Mrs. Har-

old McGriff, and aunt of Kouts; Mr. Albert McCloughan, Alberta and Sarah Jane, Mr. and Mrs. James Reed, Tamra Kay.

Reception was in the church basement. Bonnie was a 1963 graduate of Mentone. John graduated from Akron in 1959.

He is employed at Topps in Rochester. They will live on Route 5, Rochester. They left on their honeymoon to Mackinack bridge and other interesting points.

Still Time To Fertilize

If you didn't get your lawn fertilized around mid-April, do it now, urges Don Scheer, Purdue University extension horticulturist.

Or, if you did the job then and want extra turf vigor fertilize the lawn lightly early in May.

Fertilization helps put turf in a vigorous condition so it will be better able to withstand summer heat, crabgrass and weeds.

For the initial application, he recommends ten pounds of 10-6-4 fertilizer, or its equivalent, per 1,000 square feet of lawn. In May an additional five pounds of the fertilizer may be spread to the same area.

CARD OF THANKS

It was in the spring of 1949 that the full meaning of the word Cancer came into our home. Over the years that followed, we (Raymond Hudson and children) have been helped in various ways to carry the load that this disease brings with it. Friends, relatives, churches, clubs, sororities, doctors, the staffs at various hospitals, the

Cancer Society, people directly and indirectly, people we know, people that we have never seen. This is a partial list (for one never knows all) of the people that we wish to thank.

God finally gave Geraldine Mae (Webb) Hudson rest on the eve of June 4, 1963. For her, the family, and myself, we all say again, "Thanks".

The Raymond "Bunk" Hudsons

Top pancakes with cottage cheese and jelly for a breakfast treat, suggest Purdue University food specialists. For dinner, mound cottage cheese on a baked potato.

Ants In Your House

You can rid your home and buildings of annoying and destructive ants with a few control steps, states Dave Matthew, Purdue University extension entomologist.

But before you start a control program, be sure you are dealing with ants. Ants vary in color and size, but they all have a constricted area or "wasp waist". Ants have two pairs of clear wings; one pair is longer than the other.

Swarming ants are sometimes confused with termites. Termites, however, have four smoky white wings of equal length, longer than the body. Termites do not have the "wasp waist".

To control ants in buildings, locate and treat the colony or area from which they are coming. This might be the soil along the foundation, openings for plumbing facilities, behind the built-in cabinets, beneath refrigerators or around heat registers.

Spray the area with a 2 per cent chlordane or 1/2 per cent dieldrin solution. Many "ready-to-use" household insecticides contain these ingredients in the desired amounts.

Be sure to follow precautions and safe handling instructions as listed on the insecticide label.

For more detailed information see Purdue University's Mimeo E-22, "How to Control Ants in Houses and Lawns". Single copies are free to Indiana residents.

Request a copy from Agricultural Publications Office, AES Building, Purdue University, Lafayette, Ind.

ETERNALLY GRATEFUL

In this fast moving world one has often heard people talk about the difficulty in obtaining the services of a doctor at one's home. At times I know that this has been very true, but last Tuesday morning when Geraldine turned for the worse, and we felt an urgent need of a doctor, W. B. Wilson not only came to our home, but was there in less than fifteen minutes. We want to thank Doctor Wilson publicly and think that Mentone and the surrounding community should be proud to have such a man in our midst. Not only for Tuesday, but for services of the past several years. "Thanks". The Raymond "Bunk" Hudsons

Take care of your skin this summer, urges Purdue University's rural health specialist. Expose your skin to small doses of sunshine before you start "living" in your bathing suit.

When you undertake strenuous activities in hot weather, protect yourself from excessive sun, drink plenty of water, add salt to your diet, and take sufficient rest periods to prevent heat exhaustion or sun stroke, recommends Purdue University's rural health specialist.

House Plant Care

House plants, like people, benefit from summertime living outdoors.

Purdue University extension horticulturists advise pruning plants to shape before putting them outside. Remove dead foliage and stake the plants if necessary.

Don't plant African Violets and gloxinias outdoors since the rain will spot their leaves.

They say to plant other house plants, pot intact, up to the rims in sand or soil. Make sure their roots do not grow through the hole in the pot, since this might make bringing them indoors this fall more difficult.

Light intensity outdoors is much greater than indoors. So, be on the lookout for leaf scorch the first few days. Plant on a cloudy day or shade the plants for a few days until they become established.

You can gradually give sun-loving house plants full sun. But shade lovers, such as philodendrons, should not be given full sun.

COUNTERPOINT, Continued

unselfish and interested people who will take time to teach the Bible and instill Christian truths in young minds and hearts, we can find a place of solid hope for a segment of mankind.

The important thing to remember is that a child does not learn truth until he sees it lived in a life.

The Martins have found the house at the Leslies, too. In fact, it sounds as if several families have come to stay a while.

We are going to have quite a busy little gold fish pool this summer. Bill Rush came running down with the fish clutched securely in his hand (They both survived), and Randy and Bill Hardesty brought several snails to keep the pool clean. (It really isn't a very large one, about 2' x 3 1/2', but it is good for "reflecting".)

Have pampered some blue morning glory seeds for many weeks in small indoor seed-beds. Hope they manage to put out a few blooms and vine on the frame the editor fixed above the pool.

Something will have to be done about the mosquitoes, for there just isn't room for them and me in the backyard.

We enjoyed this:
Missionary: "Why do you stare at me like that?"
Cannibal: "I'm the food inspector."

Methodist Bible School Ends

The Mentone Methodist Vacation Church School ended Friday, June 7th with an impromptu program at the close of the morning session, followed with a picnic at the Mentone Park.

Recognition was given to the 46 children who had perfect attendance for the two week period.

The two week school was planned in February by a committee of Rev. Glenn Campton, Jean Kendall, Violet Lash and Mary Utter, chairman. The gen-

eral theme chosen was "Widening World Relationships". The teachers were intermediate, Rev. Glenn Campton; junior, Mrs. Marguerite Campton, Eleanor Hoover, Mary Jane Hill and Evelyn Hostetler; youth helpers, Jennie Bryan, Vivian Hurst; primary, Doris Cooper, Lea Hudson, Eleanor Knoop, Mrs. Bernard Rogers, Joan Welch, Martha Ellsworth; youth helpers, Cynthia Ellsworth, Lorna Tridle, Sherry Bryan, Martha Van Gilder.

Kindergarten, Violet Lash, Kay Kindig, Violet McGowen, Alice Hardesty, Betty Fawley, Jackie Gible; youth helpers, Diana Sarber, Beverly Hurst, Nancy Smelser, Elaine Manwaring, Linda Meyer, Linda Adams.

Nursery helpers, and very faithful, were Diane Igo, Karen Anglin, Pamela Abbey, Patsy Smith.

Then there were those who baked cookies, and those who came each day to serve refreshments, which contributed much to the success of the Vacation Church school.

Mrs. Zoa Ward was the director and appreciated the fine cooperation of everyone who helped in any way.

Secrist - McFarland

Miss Glenda Secrist of Mentone was recently wed to Terry McFarland of Plymouth in the Mentone Methodist Church with Rev. Glenn Campton performing the single ring ceremony.

The wedding music was provided by Mrs. Glenn Campton.

The bride wore a street length white dress with brocade jacket and a corsage of pink carnations.

The maid of honor, Miss Sandra Reed of Palestine, wore an olive green suit and had a corsage of pink carnations.

Larry Beedy of Plymouth served as best man.

After the ceremony a reception was held at the home of the bride's parents, Mr. and Mrs. Glenn Secrist of R. 1, Mentone, with the immediate families attending. Parents of the groom are Mr. and Mrs. Orlan McFarland of Mishawaka.

The bride is a 1963 graduate

of Mentone High School. The groom graduated from Plymouth High School in 1961 and is employed at Wagner's in Plymouth.

The couple are residing at 121 1/2 East Garro in Plymouth.

DAR To Observe Guest Night

The Anthony Nigo Chapter DAR will meet at 7:30 p.m. at the Mentone cafe on June 18. Guest night will be observed in order that more people might hear the message of Col. Leroy Norris of the United States Army Reserves.

He will speak on the national security seminar, a two weeks symposium based on the material in the ten month course given at the Industrial College in Washington D. C. It is given to selected reserve officers of the Army, Navy, Marine Corps, and Air Force, officers of the National Guard, and selected executives of industry and labor, and representatives of business, professions, religion, education, agriculture, women's organizations, government and community life. It is a broad presentation which highlights the inter-related civilian-military economic problems inherent in mobilizing our resources for national security.

It seeks to foster better understanding of the many problems associated with national security, a stronger appreciation of the inseparable nature of the civilian-military team, and a clear recognition of the limitations and capabilities of each half of the team.

It seeks to encourage application of the highest level of skill, intelligence, and imagination to the complex problems which must be solved if our heritage of freedom is to be secure.

Bitzers To Leave

Saturday evening Mr. and Mrs. Devon Tucker, Mr. and Mrs. Eugene Marshall, neighbors of Mr. and Mrs. Morris Bitzer, and Mr. and Mrs. Larry Tucker of Warsaw, took the Bitzers out for supper at Schori's in Plymouth. Later they all went bowling and then returned to Tuckers for ice cream and cake.

Sunday noon Mabel, Morris and family were guests of Mr. and Mrs. Don Smythe and Candy.

Mr. and Mrs. Forst Dunnuck and family had the Bitzers out for supper Tuesday evening.

Mabel and Morris will leave Mentone Saturday morning for their new home in Lafayette. Morris will enroll Saturday for some summer classes.

ATHLETE'S FOOT HOW TO TREAT IT—

Apply instant-drying T-4-L. You feel it take hold to check itching, burning, in minutes. Then in 3 to 5 days, watch infected skin slough off. Watch healthy skin replace it. If not pleased IN ONE HOUR, your 48c back at any drug store. NOW at DENTON'S DRUG STORE.

Jolly Janes Hold Guest Night

The Jolly Janes Home Economic Club held their annual guest night in the school cafeteria Monday evening. Esther Romine read the history of the song of the month and they then sang "Tell Me Why". Grace Lewis presented the president, Mabel Bitzer, with a lovely tidbit tray as a going away gift from the club. Mabel introduced the presidents of the guest clubs, Velma Horn, Merry Mollis; Olive Tucker, Mentone Club; Peggy Eaton, Merry Mixers, who in turn introduced their members.

The club voted to give \$5.00 to the local girl's 4-H club. Isabelle Hatfield will represent the club at the Homemakers conference at Purdue. Dorothy Nelson presented the members of the Wayne Butts family of Peru who gave a lovely program in verse and song, with Mrs. Butts accompanying at the piano. Mr. Butts concluded the program with a chalk drawing of Noah's Ark, which was given to Mrs. Bitzer. This wonderfully talented family consisted of Mr. and Mrs. Butts, Cindy age 8, and Kevin age 6.

Door prize was won by Emma Lou Hire. Refreshments were served from a beautifully appointed table, of punch, coffee and cookies. Hostesses were Mary Utter, Esther Romine and Toni Carmean.

Attend Conferences At Purdue

Several from our county attended the Homemakers conference held June 11-13 at Purdue University.

Among the group attending the three day affair from Mentone were Mrs. Elmer Sarber, Mentone Home Demonstration Club; Mrs. Albert Hatfield, Jolly Janes. On Tuesday, Norma Kuhn, Margaret Baumgartner, Tona Huff, Sherry Thompson, Roselyn Nellans, of the Beaver Dam Franklettes, spent the day and attended the chorus festival in the evening.

Under the direction of Al Stewart, 53 Home Demonstration chorus of Indiana joined together making a total of 1300 voices singing at the music hall on Tuesday evening. The program was taps recorded and

will be replayed on June 22 at 4 p.m. over WBAA radio, the Purdue station. Singing with the group from here were Marilyn Horn and Mrs. Bonnie Whittemberger.

Know the difference between swarming ants and termites? According to Purdue University entomologists, ants have wasp waists and four clear wings; one pair is longer than the other. Termites have four smoky white wings of equal length. Use the proper control program for eliminating each of them.

Family Finances

If you've decided to buy a house this summer, give it a "construction check" before you sign the papers. You don't have to be a building expert to spot good construction, and a final check may save you money in the long run.

The foundation should be poured concrete, which resists water better than concrete blocks. Look at walls for water stains. Siding should be as maintenance-free as possible. Aluminum siding or brick are best.

All windows and outside doors should be weatherstripped. Window frames of aluminum eliminate warping and repainting.

Drywall construction is often cheaper to maintain than plaster walls. Insulation in the walls and ceiling should be of the best type. Remember, solid construction will keep in the heat and save on winter heating bills.

Finally, find out if your new house was constructed under FHA or VA inspection. Before you buy your "dream house," be sure it's well built.

CALENDAR

Mentone O.E.S., Monday, June 17th at 7:45 p.m.

The Mentone Home Demonstration Club will meet at the home of Mrs. Gertrude Hill on Thursday, 1:30, June 20.

Depends Upon Your
Loyalty To It!

Volume 32, Number 50

Mentone, Ind., June 19, 1963

Subscription — \$3.00 Per Year

DO YOU WANT AN ADDITIONAL
50 CENTS ON YOUR TAX RATE?

THIS WILL BE ONE OF THE ITEMS TO BE CONSIDERED ON THE NEXT SCHOOL BOARD MEETING. IT WAS VOTED DOWN MONDAY NIGHT WHEN ONE MEMBER WAS ABSENT, BUT IT WILL BE BROUGHT UP AGAIN AT THE NEXT MEETING.

Mr. Davis was absent from the meeting Monday night when a roll call on increasing the cumulative building fund from 50c to \$1.00 was held. Mr. Bucher and Mr. Creighton voted yes. Mr. Cumberland and Mr. Gast voted no. Mr. Bucher, Mr. Forbes and Mr. Creighton claim that they need the extra rate so that they can keep up with inflation in order that plans on a new high school could be started in five to seven years.

The present 50c rate raises \$87,000 per year. A new school will cost a million and a half dollars. We at the Mentone News urge you to make your feelings known to these gentlemen.

There was a delegation of 14 area farmers in attendance Monday evening at the School Board meeting. They were there in the interest of the agricultural department at Mentone. They stated that they wanted to maintain their present standard if at all possible.

It seems that there had been some rumors going around that the department teacher was going to be split between the two schools and they felt that this would not be possible and still carry on the full load of vocational agriculture at Mentone.

Their efforts were rewarded when the School Board contracted Andrew Pylant, who taught at Syracuse last year, as the new teacher.

JOIN POLICE FORCE

Steve Bruner and Ted Ward will begin work soon with the Warsaw Police force. Ted will remain a manager of Clark's Service Station in Warsaw for a few days, until someone is hired to replace him there. Both fellows are from Mentone.

WE GOOFED !!!

Last week in the article for the D.A.R. guest night, we erroneously abbreviated the place of the meeting, which changed its location entirely. The place of the meeting should have read Mentone School Cafeteria.

Other teachers contracted Monday night were Elias Bazini, who will teach Spanish at both schools, and Cecil Mason, who will teach social studies at Mentone.

Approval was also given to install additional lighting at the Mentone ball park. It was hoped that the lights at the Burket School could be used to do this. The project will cost about \$1,800.

New Arrivals

Mr. and Mrs. Harold O. Hile, of 1809 Robin Dr., Warsaw, are the parents of a daughter, Tamie Jo. Tamie was born at 4:22 a.m., Saturday, in the Murphy Medical Center. Maternal grandparents are Mr. and Mrs. Lester Kindig, and the paternal grandparents are Mr. and Mrs. Harold Hile, of Warsaw. Maternal great-grandmother is Mrs. Lura Herrell, of Rochester.

Mr. and Mrs. Richard Peterson are the parents of a son born at the Woodlawn Hospital in Rochester. Mrs. Peterson is the former Jerilyn Craig. Grandparents of the new baby are Mr. and Mrs. George Craig and Mr. and Mrs. Morris Peterson, all of R. R., Mentone.

With The Sick

Mr. Bert Holloway suffered a heart attack and is now in the Murphy Medical Center.

Laverne Ladson has been admitted to the Parkview Hospital in Plymouth.

Mrs. Myrtle Engle of Mentone was admitted to the Whitley County Hospital in Columbia City.

Mrs. Robert Goshert has been dismissed from the Woodlawn Hospital in Rochester.

HOME FROM HOSPITAL

Wayne Kelley returned home from the St. Joseph Hospital in Fort Wayne, where he underwent surgery. He is recovering nicely, but his shop in Sevastopol will not be open before Friday.

COUNTERPOINT

By The Editor's Wife

In spite of the late freeze, there will be no fruit or vegetable scarcity. Supplies will be adequate, according to reliable information.

The newest fad in home decorating — cordless lights — may not last for long. Electric lamps cost less than 3 watts, and batteries last less than 50 hours — so there you have it.

Watch for this new Christmas savings plan — it runs for 23 weeks and pays an 8 per cent bonus.

"The key to happy first days in school lie in mother-readiness," Dr. Leslie J. Mason, professor of Education at the University of Southern California, goes on to explain his statement by asking these questions.

"Is the mother ready to let her child transfer part of his dependence to others? Is she ready to let him grow under someone else's supervision?"

"Most mothers desperately want their children to succeed and be happy in kindergarten and the early grades. They feel if the child fails it reflects on them, and their apprehensiveness is felt by the child. Often they overlook this and then can't understand the child's hesitancy about leaving mother and entering school."

So, mothers, begin to get ready to "let go".

The American Bar Association has just published a new book for teachers entitled "Democracy and Communism in World Affairs".

A year ago the National Education Association and the American Legion joined forces to publish the booklet, "Teaching About Communism—Guidelines For Junior And Senior High School Teachers".

We are hopeful that all of our schools will take advantage of these books, and will provide the proper instruction for our young people along this line.

How important is your home influence? A study in Massachusetts carried on for a number of years by a Dr. and Mrs. Glueck with 1000 boys, showed that "there is very little influence from religious, educational, or social agencies in their

(Continued on back page)

NEW POSTAL
ZIP NUMBER

Our five digit ZIP Code is 46539. Postmaster Kenneth Romine announced today.

"Everyone in Mentone will use this ZIP Code on all their correspondence to speed mail deliveries and reduce the chance of mis-sent mail," Mr. Romine said.

ZIP Code, the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1.

He stressed the importance of all citizens of Mentone learning this city's ZIP Code and using it in their return address on all correspondence. In answering mail, ZIP Codes taken from return addresses on incoming mail should be used.

"The ZIP Code is literally the last word in mail addressing," Mr. Romine said. "It should follow the city and state in addresses."

He cited this example of the proper use of ZIP Code:

Kenneth Romine
Mentone, Indiana, 46539

The new ZIP Code plan, Mr. Romine said, for the first time will permit the Post Office Department to short cut repeated address reading.

"The address on mail must often be read as many as eight or ten times by postal employees, to get it to the proper destination," Mr. Romine said. "Each handling slows the process of mail dispatch and adds to the opportunity for human error."

"With ZIP Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined, and to speed it on its way, cutting up to 24 hours off the time between deposit and delivery."

To Represent Sorority

Mrs. Don (Monna) Smythe, of Mentone, a member of the Lambda Chi Omega Sorority in Warsaw, has been chosen to be the national vice-president of the national vice-president to be a member of the national ritual team at the convention to be held June 21 to June 23 in Wilcox, Arizona.

NEW MINISTER

Mr. and Mrs. John Claypool and five month old daughter, Tracy, have moved into our community. Mr. Claypool is the new minister for the Church of Christ. They previously were in Pittsfield, Illinois.

Attends Graduation

Mr. and Mrs. Kenneth A. Riner of Mentone and Mr. and Mrs. Guy H. Aker of Oswego, attended the graduation June 7th of Reed W. Riner at the University of Colorado in Boulder.

He graduated with a bachelor's degree in art philosophy, with philosophy, French, literature and mathematics as minors. His name also appeared on the Dean's List for high scholastic achievement.

After the exercises the two families spent a week vacationing in the Boulder-Denver-Colorado Springs area.

Reed plans to spend the summer at home and has applied for Navy Officer's candidate school, which he hopes to enter in the late fall.

Graduates Summa
Cum Laude

Don Beeson, son of Mr. and Mrs. Fred Beeson, will attend Wayne State University, Detroit, Michigan next year as part time instructor in physics and to work on his Master's Degree. Don graduated in physics at Indiana Institute of Technology, Summa Cum Laude (only two of these in class).

Commencement speaker was Dr. Archie T. Keene, president of the college.

GOODWILL PICKUP

Goodwill bags have been placed in the west lobby of the Methodist Church. Filled bags will be picked up there on Wednesday, June 26.

INJURED IN WRECK

Miss Connie Jo Wallace, daughter of Mr. and Mrs. Dale Wallace, suffered a head laceration in a two-car accident Friday evening in Warsaw. She was taken by ambulance to the Murphy Medical Center and then referred to her doctor. Miss Wallace was a passenger in the car driven by Dave Knisely, of Warsaw. The other auto was driven by Rita Lamoree, also of Warsaw. Damage to both autos was estimated to be \$1000.

CALENDAR

Special meeting of American Legion Auxiliary on Tuesday, June 25, 8:00 at Post home. Junior Auxiliary members will be in charge of program.

OBITUARIES

SCHENCK

Mrs. Florence Schenck, 73, died at 1:40 p.m. Monday at Logansport after an illness of ten years.

Mrs. Schenck was born May 14, 1890 in Delphi. She was married in 1914 to Fred Schenck. Mrs. Schenck had lived in the Mentone, Warsaw and Mishawaka area most of her life.

Surviving are four sons, Robert, Fred Jr., Gilbert and Malcolm, all of Mishawaka; one daughter, Betty Schenck, of Fort Wayne; six grandchildren; and five great-grandchildren.

Services were held at 10 a.m. Wednesday in the Reed Funeral Home. Burial was in the Palestine cemetery.

MAXWELL

Roy Maxwell, aged 85, died at 5:45 Monday at the Howard County Community Hospital in Kokomo, following a lengthy illness. He had suffered a stroke about three weeks ago.

Mr. and Mrs. Maxwell had lived in the Mentone community for a number of years until last September when they disposed of their farm and moved to Flora.

Survivors are the wife, Uda; one son, Dr. William Maxwell, of Kokomo; and two grandsons, Jim and Dick.

Funeral services will be held Thursday at 1:30 in Flora at the Carter Funeral Home, with burial in that community.

The address is Bringham, R. R., Indiana.

Mr. and Mrs. Everett Welborn and boys were Sunday guests of Mr. and Mrs. Heston Crevison of Lafayette. Curtis Crevison returned to spend two weeks with the Welborns.

Girl Scout News

On June 12, Brownie Scout Troop 124 and Girl Scout Troops 25 and 30 held a carry-in supper at the Methodist Church. Each troop contributed to the program which followed the supper. The Brownies sang the Smile Song and the Duck Song, and Teresa Yazel played a piano solo.

Scouts from Troop 25 who participated in the program were Susie Shirey and Sara Jo Smith, who played a cornet duet; Bonita Teel, a French horn solo; and Honey Hudson played a piano solo.

Patrol 1 of Troop 30 presented a style show of the type of clothing worn for different out-of-doors activities.

Patrol 2 entertained the group with a beatnik band. Each member wore a beatnik costume.

After the program badges were awarded to the following girls:

to the following girls:

Second class badge to Debbie Cooper, Denise McFadden, Karen Koldyke, Susie Shirey.

Skater's badge to Sara Jo Smith, Donita Teel, Denise McFadden, Marcia Owens, Susan Kralis, Elizabeth Smythe, Susie Shirey, Karen Koldyke, Pam Abbey, Diane Cole, Nancy Kiern, Sharon Lewis, Kathy Tridle, Gloria Tucker, Cindy Whetstone.

Animal raiser to Pam Abbey.

Year pins to Pam Abbey, 6 years, Kathy Tridle, 6 years, Janice Bach, 6 years, Gloria Tucker, 5 years, Cindy Ellsworth, 4 years, Cindy Whetstone, 4 years, Diane Cole, Pam Lewis, Jackie Pritchard, Ann Rush, Susan Tibbets, all 3 years; Nancy Keirn, 2 years, Karen Anglin, 2 years, Julie Olsen, 1 year.

Cook badges to Gloria Tucker, Cindy Whetstone, Diane Cole, Sharon Lewis.

Magic carpet and reader badges to Gloria Tucker.

The girls are now working on seamstress, adventure cook and pen pal badges.

The meeting closed with taps after which a business meeting was held by Troop 30.

Troop 30 has been making stuffed toys for the hospital. They had a cook-out on May 22, and on June 5th painted the picnic tables at the Mentone park.

A Message Of Thanks

We have been trying for days to find the right words that would convey how grateful we feel for all the acts of kindness shown us at the sudden loss of Danny. Words just don't seem to be enough.

We feel we should personally thank each and every one and will try to do that, however, we hope in this way to reach the many people that we so seldom see or don't even know personally.

We can't express our thanks strongly enough for the many many cards, letters, notes, visits, and floral contributions. Also the contributions to the heart fund in Danny's name.

We want to publicly acknowledge a letter we received from Dr. Dan Urschel, who took the time to compose a letter which explained so fully what most likely had taken place in this case and from which we received much comfort.

We most certainly cannot overlook Dr. Wilson, Dr. Hashemi, and Dr. Haymond, also the staff at the Murphy Medical Center. We want them to know how much we appreciate all that they did for us. A special note of thanks to Rev. Campton and the Methodist Church for the dinner and their thoughtfulness. We must mention also Rev. Wayne Johnson and the girls from Psi Iota Xi Sorority. We cannot ever forget how kind and wonderful Mr. King has been and how hard it must have been for him.

We look around us at a time like this and realize how many have gone through what we are now and although our hurt and grief will be with us for a long time, it truly helps to know so many to care.

Our sincere and heartfelt thanks,

IRIS, DICK, DONNIE
AND ALICIA DICKERHOFF

HONORED ON BIRTHDAY

A party was held Sunday at the home of Mr. and Mrs. Howard Ruihley, to help celebrate the birthday of Mr. Ruihley.

Those present were his step-daughter, Bonnie, at home; Mr. and Mrs. Howard Allen, daughters, Marcy and Cindy, of Mentone; Mr. and Mrs. Gene Foreman and children, Kathy and Bill, of Atwood; Mr. and Mrs.

Earl Ruihley and son, Alan, of Mishawaka; Mr. and Mrs. Tamy Johnson, of Delta, Ohio; and Mr. Albert Ruihley, of Warsaw.

Mr. and Mrs. Richard Walker and Susan of Chicago spent the week end with Mr. and Mrs.

M. O. Smith. They had Sunday dinner with Mr. and Mrs. Kenneth Romine and sons.

Mr. and Mrs. Leo Bennett visited Mr. and Mrs. Herbert Bennett of near Silver Lake on Saturday.

GETTING THE MOST... FROM YOUR GARDEN

by Dr. W. A. Liddell

Director of Information, Asgrow Seed Company

BAD NEWS FOR LAWN WEEDS

Not too many years ago, weeds were almost as much a part of our lawns as the grass itself. We cursed them and pulled them out by hand — or we let them grow, depending on how we felt. If they got too bad, we probably dug up the whole business and started over, with fingers crossed that our next attempt would be more successful. There were weed killers, to be sure, but they killed everything, including the grass.

Broad-leaf plantain

Buckhorn plantain

Chickweed

Knotweed

Dandelion

It was the discovery of 2,4-D, a plant-growth regulator, created quite a stir in agriculture and horticulture. This material effectively controlled many broad-leaved weed plants and yet was relatively harmless to fine-leaved plants, including the lawn grasses.

Since then other materials have been developed which are even more effective than 2,4-D against some kinds of broad-leaved weeds. One of these is 2,4,5-TP, which has been assigned the coined name silvex.

At first available only in liquid form, and applied as sprays, the broad leaf weed killers posed many problems for the average householder. Several of these materials were highly volatile. The slightest breeze could cause the spray fumes to drift, resulting in serious injury to broad-leaf ornamentals and crops nearby. Also, it was necessary to keep two sprayers: one for the routine pest control and the other for the weed killers, because it was next to impossible to remove all traces of these materials from the sprayer, and only a tiny trace was enough to injure some kinds of desirable plants.

This problem has now been largely overcome by the development of dry-granule formulations of these chemicals, which can be applied with an ordinary lawn spreader. Progress in weed control has not been limited to broad-leaved kinds. Selective herbicides for crabgrass have been refined to the point where it is fairly simple to obtain season-long — but not permanent — control. Several different materials have been developed for pre-emergence and for post-emergence control of crabgrass. The pre-emergence controls should be applied early in the spring, because they kill the germinating seedlings. Post-emergence controls kill the growing plants. The different materials for each type vary somewhat in effectiveness, depending on conditions of temperature, soil moisture, etc., but all come in dry-granule formulations and are easy to apply with a lawn spreader. Prevention is the basic part of any long-term program of weed control. Generally, weeds in the lawn are a symptom of inadequate attention to the fundamentals of lawn management. Proper choice of lawn grasses, plenty of fertilizer and water at critical periods, and somewhat less frequent and less drastic mowing, combine to encourage the growth of turf and to inhibit weeds. The fact is, it is difficult for weeds and crabgrass to compete with and become established in a healthy turf.

For a free booklet to help you have a rich green turf, print your name on a postcard and send to Living Lawns, Asgrow, PO Box 406, New Haven 2, Conn.

TIPPECANOE NEWS

Mr. and Mrs. Clacy Heston had as their guests, his sister, Mr. and Mrs. Stanley Starr of Indianapolis. Later, the Hestons and Mr. and Mrs. Gale Lewallen were guests of their father, Mr. and Mrs. Dan Overmyer at Inwood.

Kerry Cowen of Bourbon has been staying with his grandmother, Mrs. Carrie Cowen, while he attended Bible School in Tippecanoe.

Welcome Miller, Jill and Terry, of Tyner, spent Sunday afternoon with his parents, Mr. and Mrs. Buddy Miller.

Roy Crists of South Bend and Gene Worshams of Plymouth spent Sunday with Mr. and Mrs. Emanuel Worsham.

Rev. and Mrs. Don Dugan took a group of high school Bible School students on a trip to Bob Jones University at Greenville, North Carolina, as reward for perfect attendance at Bible School the past two weeks.

Mr. and Mrs. William Martin and children are spending several weeks in California.

Miss Julia Bailey, Darrell and Jennifer Dean spent several days in Daleville as guests of Mr. and Mrs. Robert Dean.

Mr. and Mrs. Elzie Faulkner had as recent guests, Mr. and Mrs. Ray Faulkner of Walkerton, Mr. and Mrs. Frank Elkins, Mr. and Mrs. Forrest Creighbaum and children of Tippecanoe.

The Tippecanoe Jolly Workers girl's 4-H club met for a hobo party at the home of their

leader, Mrs. Paul Grossman, in Bourbon. Darlene Reichard opened the meeting. Pledges were led by Margie Fites. Roll call was answered with, "What each liked about 4-H." For health and safety each gave a rule to prevent fires in the home. Demonstrations were given on a Raggedy Ann salad and fruit and biscuit dessert by Elaine Grant, Peggy Heck and Connie Johnson. Games were played. Jeannie Montalbano won the prize for the best hobo. Refreshments were served to 21 members and three guests by Carrie Cormican and Diane Delap.

Mr. and Mrs. Joe Howell entertained with a dinner in their home Sunday in honor of the fifth birthday of their son, Rodney. Guests were Mr. and Mrs. Revis Elley and family, Mr. and Mrs. Bill Bates and family of Detroit, Mr. and Mrs. Charles McSurley Sr., Mr. and Mrs. Charles McSurley Jr. and Sheila of R. R., Tippecanoe. Later this week Mr. and Mrs. Howell will take Rodney to Maryland where he will enter a hospital to prepare for open heart surgery sometime next week.

Mr. and Mrs. James Stouder and Troy of Warsaw were Friday evening guests of his sister, Mr. and Mrs. William Blackford and family. They were among guests at a get-together of Mr. and Mrs. Clarence Stouder at their Huffman Lake cottage in honor of Father's Day.

Mr. and Mrs. Marty Montalbano, Jeannie, Mr. and Mrs. Larry Ballinger attended the wedding of their niece and cousin, Marie Montalbano and James Eyrich, in Niles, Illinois. A supper and reception was held in a ballroom in Chicago.

Clyde Eugene Ward has re-

ceived word of the acceptance of his application to enter class of September, 1963 at the Indiana University School of Dentistry in Indianapolis.

The engagement of Miss Pauline Peters of Bourbon and Ben Montalbano of Tippecanoe, has been announced. The parents are Mr. and Mrs. Richard Peters, Bourbon, and Mr. and Mrs. Marty Montalbano, Tippecanoe. An early fall wedding is planned.

Mr. and Mrs. Jack Urschel and their houseguest, George Urschel and wife of Huston, were recent supper guests of Dr. and Mrs. Dan Urschel at Mentone. Charles Urschel of Tippecanoe was also present.

Mr. and Mrs. Buddy Miller had as a Friday guest, his brother, Freadus Vanlue of South Bend.

Mr. and Mrs. Rex Fites and their daughter, Mrs. Gene Irwin, and Collette, attended the wedding of Mrs. Fites' niece, Miss Pamela Boyer and Jerry Laicy at Hammond Saturday. Collette Irwin stayed overnight with her grandparents.

NOTICE TO BIDDERS

Notice is hereby given that the Board of Trustees of the Town of Mentone, Indiana, will receive bids for the following:

1. Sealing 3846 square yards of bituminous streets.

2. Construct base, prime, and seal 1220 square yards of new bituminous street.

3. Grading graveled alleys. Bidder shall on his bid give approximate date of starting work and approximate time necessary to complete work. Specifications for sealing bituminous streets, construction of new bituminous streets, and grading of graveled alleys along with a complete schedule of streets to be sealed and constructed, with their measurements and a complete schedule of alleys to be graded are on file in the office of the Street Commissioner, Town of Mentone.

Each bidder must accompany his sealed bid with a non-collusion affidavit and a bid bond or certified check in the amount of 5% of the bid.

The bids will be opened and considered at the meeting room at Peterson's Restaurant, Mentone, Indiana, by the Town Board of Trustees at their scheduled meeting on July 2, 1963, at 8:00 p.m.

The Board reserves the right to reject any and all bids.

In witness whereof, I have-unto set my hand and seal this 12th day of June, 1963.

MERRILL E. PETERSON
Clerk-Treas., Town of Mentone, Indiana.

Psi Iota Xi Meets

Mrs. Kent Riner was hostess to members and guests of Beta Epsilon Chapter of Psi Iota Xi Sorority Tuesday evening in the social room of the bank.

Mrs. Curtis Riner, president, and Mrs. Harold Utter were delegates to the 60th anniversary convention, which was held on June 14 and 15 at Ball State College, Muncie, Indiana. Mrs. Utter gave a very interesting and complete report on this meeting. Of outstanding interest was the announcement that the total amount of money spent for philanthropic activity for 1962-1963 reached an all time high of \$137,238.00. In addition, the sorority chapters contributed over \$3,500.00 to their voluntary mental health Christmas program.

Social hour was spent with four tables of bridge in progress with Mrs. Robert Ross and Miss Annabel Mentzer receiving high

scores. Mrs. C. J. Riner was awarded the door prize.

Delicious refreshments were served to the ladies by the hostess.

July 16 is the date for the annual sorority picnic with Mrs. Terry Utter, Mrs. Archie Leckrone and Mrs. Jerry Ross in charge of arrangements.

Hatfield - Eiler

Miss Dixie Hatfield exchanged wedding vows with Doyle Eiler at half past two o'clock Sunday, June 2, in the Palestine Christian Church. Rev. James Gabhart performed the nuptial rites before an altar decorated with beauty vases of white gladioli and blue majestic daisies and candelabra that held blue tapers. Blue satin bows marked the bridal aisle. Wedding music was presented by Mrs. Joyce Myers and Ken White, both of Warsaw.

The bride is the daughter of

Mr. and Mrs. Harold Oler, of Route 4, Warsaw. Parents of the bridegroom are Mr. and Mrs. Carroll Eiler, of Route 5, Warsaw.

Given in marriage by her father, the bride chose a gown of Chantilly lace with a fitted bodice and Sabrina styled neckline trimmed in glitter sequins and seed pearls. A bouffant carriage overskirt was fashioned of lace accented by a fabric rose in front and back. Her fingertip veil of French illusion was held in place by a half hat of Alencon lace and seed pearls. She carried a cascade bouquet of white carnations accented with blue velvet bows and silver leaves.

Miss Anita Oler, of Warsaw, sister of the bride was the maid of honor. She wore a gown of blue embossed taffeta with scalloped Vee neckline, fitted bodice and a softly pleated skirt. She wore a matching blue crown with seed pearls featuring a short veil. Her colonial bouquet was of blue carnations.

Larry Eiler, of Warsaw, brother of the bridegroom was the best man. Ushers were Harry Myers, of Warsaw, James Barr, of Royal Center, Steve Alexander, of Atwood, Eddie Eiler, of Odell.

A reception was held in the church social room following the wedding. Those assisting with serving were Miss Linda Becher, Miss Carolyn Byrer, Mrs. Larry Coble, all of Warsaw and Mrs. Robert Stump, of Atwood. Miss Pat Cox, of Winona Lake, was in charge of the guest book and Randy Oler and Elizabeth Alexander, of Atwood, were in charge of the gift table.

After a wedding trip to

southern Indiana, the couple will be at home on Route 5, Warsaw, during the summer. They will live in West Lafayette in the fall, where the bridegroom is a sophomore at Purdue University, majoring in Agriculture. He is a graduate of Mentone High School. The bride is a graduate of Atwood High School and is employed at Lake City Bank.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Hiram Bundy of Penfield, Pennsylvania announce the engagement of their daughter, Carolyn Lee, of Winona Lake, to Larry Dean Bibler, son of Mr. and Mrs. Howard Bibler, of Mentone.

Miss Bundy is employed at the Free Methodist World headquarters as secretary to the Free Methodist Youth Director.

Mr. Bibler is a graduate of Grace College and holds a B.S. degree in education.

An August wedding is planned.

THESE RELIGIOUS MESSAGES ARE SPONSORED IN THE HOPE OF
ENCOURAGING GREATER RECOGNITION OF MAN'S DEPENDENCE
IN HIS CHURCH FOR SPIRITUAL GUIDANCE

A Bundle of Possibilities

We should never underestimate the possibilities "wrapped up" in a little boy. The parents of Charles A. Lindbergh, pilot, must have recognized the truth of this statement when rearing their son. It is not likely, however, that they could have dreamed he would some day make the first solo plane flight from New York to Paris in thirty-three and a half hours.

Thirty-five years later, when John Glenn, astronaut, made his space flight three times around the earth, the wisdom of that statement was again demonstrated. Each of these heroes stood out in their hour of acclaim with dignity and integrity, humbly acknowledging their debt to God.

Your church is a great and potent instrument and aid for developing the possibilities "wrapped up" in your little boy, or boys. Regular, effective attendance and use of the Church of your faith will enable you to mobilize the forces that provide inspiration and enthusiasm, as well as comfort in times of stress. This is available to all the members of your family, just for the asking.

Home Care For Milk

To keep fresh milk at its best, follow the rule of 3 "C's" and a "D". Keep milk clean, cold, covered and dark.

Milk holds both food value and flavor best when kept cold, states Marcile Allen, Purdue University food specialist.

Stored near the freezing unit in a refrigerator, milk keeps its good quality and flavor for three or four days, and perhaps a little longer.

Good home care of milk is important. If milk is delivered to your door, bring it in and refrigerate it promptly. Milk loses riboflavin quickly and may develop an off-flavor if it is left in the sun—especially if it is in a clear glass container. Remember, too, that "left in the sun" can mean on your kitchen table as well as your doorstep.

Avoid mixing new milk with old, unless you use it immediately. Bacteria that cause stale flavor increase in stored milk, even in pasteurized milk in good storage conditions.

If milk happens to freeze—in the refrigerator or on the doorstep in the winter—it is still safe to use. That is unless the seal is broken and dirt has gotten in. Freezing, however, does not harm milk's food value but it does change milk's texture.

More Milk For Your Money

Smart shopping can help a family get considerably more milk for its money, points out Jan Armstrong, consumer marketing specialist at Purdue University.

And since milk contains so many vitamins and minerals necessary to maintain good health, make it one of the first foods you put on your shopping list.

Examine your milk buying practices to find ways to ease milk money out of a tight food budget.

In some cases you can save money by carrying your own milk supply from the store instead of having it delivered. Or, you may receive a discount from some companies on delivered milk if you order a certain number of quarts regularly. However, not all companies follow a discount plan.

In some places milk sells for less in two quart or gallon containers than by the quart or pint.

You may find a different form of milk satisfactory to use as well as more economical. As a rule plain fluid skim milk, buttermilk and canned evaporated milk are cheaper than fresh whole milk.

Non-fat dry milk is a milk bargain. It can be turned into reconstituted fluid skim milk at less than the cost of fresh skim milk.

Peony Mimeo Available

Indiana's General Assembly in 1957 adopted the peony as the official state flower. This truly oriental plant has long been a favorite in Hoosier gardens because of its wide range of harmonizing colors, flower shapes and sizes and lasting qualities.

Purdue Extension Mimeo HO-75-3, "The Peony—State Flower of Indiana", tells the history of this popular flower, its various flower types, how to grow and care for it. The publication also lists the 100 most popular varieties as selected by the American Peony Society.

Indiana residents may get a free copy of HO-75-3 from their county extension office or by writing Agricultural Publications, AES Building, Purdue University, Lafayette, Indiana.

Control Of Bagworms

Bagworms are easier to control while they are small, thus preventing extensive damage to trees and shrubs, according to Prof. Donald L. Shuder, Purdue

University research entomologist.

The control with insecticides should begin soon after bagworms hatch from the overwintering eggs. The bagworm larvae hatch the last part of May in southern Indiana, the first of June in the central area, and the first week of June in the more northern parts of the state.

He suggests applying malathion at the rate of 2-4 teaspoons per gallon of water. This material should not be applied to Cannaert junipers. Other materials suggested as effective are diazinon, toxaphene, DDPV and lead arsenate. DDT is not effective on this species.

Bagworms live in spindle-shaped silken bags, often festooned with bits of twigs, foliage and berries from the host plant. As the larvae feed they pull the bag along with them. As the caterpillars grow they enlarge the bag until they mature in mid-August. At this time the bag is about 1½ to 2 inches in length. When the larvae have grown to this size they are difficult to control with insecticides, but can be controlled by picking off the bags and burning them.

The entomologist suggests spraying plants which have been infested with bagworms in previous years, or which are highly susceptible, such as junipers and arbor vitae, early in the season. This is particularly important on evergreens, since plants which are defoliated usually die. It is the old story, "An ounce of prevention is worth a pound of cure." Spraying must be thorough so that all parts of the plant are wet with spray.

Complete information on "How to Control Bagworms" is available in Purdue Mimeo E-27. Single copies are free to Indiana residents and may be obtained by writing Agricultural Publications, AES Building, Purdue University, Lafayette, Indiana.

Soil and Water Conservation District To Tour Saturday

The board of supervisors of the Kosciusko County Soil and Water Conservation District wish to invite all persons interested in water management to join with them in a tour of the Salamonie Reservoir site near Lagro in Wabash County on Saturday, June 22nd.

A detailed description of construction of the dam will be given by the project engineer for the Corps of Engineers.

The group will be given an opportunity to go down into the hole and view the huge concrete structure at close range.

The tour will assemble at the Steer Inn parking lot near Silver Lake at 12:30 p.m. A second assembly point will be at the junction of Roads 13 and 24 in Wabash County about 1:00 p.m., and the third and final assembly will be at the Salamonie Reservoir site southeast of Lagro about 1:20 p.m.

Loren Decker, chairman of the local board of supervisors, urges all interested persons to take advantage of this unusual opportunity to see a river basin flood control in its early construction phase. The concrete work is nearly completed and

the earth moving part of the project will begin in the near future.

Plan now to set aside Saturday afternoon, June 22nd, and meet with the group either at the Steer Inn at 12:30 or at the junction of 13 and 14 in Wabash County at 1:00 p.m.

Harold Tucker Dies

Funeral services were held Monday at the Herbert Cralle funeral home in Louisville, Kentucky, for Harold Lewis Tucker, a native of Pierceton and Burket. Burial was at Rest Haven cemetery in Louisville.

Mr. Tucker, 50, died June 13 in St. Anthony hospital at Louisville, where he resided.

Surviving are his widow, Lois; one son, Eugene; two daughters, Mrs. Ralph (Patsy) Kiefer and Donna, at home; one sister, Mrs. Samuel Secor, and one brother, William Tucker, of Burket; and several nieces and nephews. One sister, one brother and his parents, Mr. and Mrs. Ira M. Tucker, preceded him in death.

Mr. Tucker was born in Pierceton on October 12, 1912 and had spent nearly all of his boyhood days in and around Burket.

Camp Stove Safety

When you answer summer's call to go camping, be sure your equipment is in good condition, especially your lantern and stove.

Gas or cook-out stoves are prime accident causers, observes Dick Willsey, safety specialist at Purdue University. Be sure your stove is safe to use this summer. Check it over for any damaged or worn parts that need to be replaced. Keep the

burners clean at all times—free of rust and debris.

For safe operating, follow the manufacturer's directions for your particular stove. Avoid letting the stove overheat.

Lanterns using combustible fuel need the same care as stoves. Clean and repair them as necessary.

Be careful when filling your stove or lantern. Do not fill them near a fire. Do not strike matches or smoke while handling fuels.

If you use gasoline or kerosene for fuel remember they are highly explosive. Respect them for the possible damage they can do. The safest way to store gasoline is in a metal can

painted red and clearly labeled "gasoline". Never store gasoline or kerosene in glass jugs or breakable containers.

Both kerosene and gasoline vapors settle near the ground because they are heavier than air. Fumes may remain in low areas for long periods of time, especially under still sultry condition.

Don't plant snap beans, cucumber and sweet corn seed outdoors too early, warn horticulturists at Purdue University. Seed from warm season crops such as these need temperatures of at least 60 degrees to germinate.

Palestine Homemakers
Meet

The Palestine Homemakers Club met June 13th in Burket at the home of Mrs. Reba Tucker, with her mother, Mrs. Jessie Baum as hostess.

Flo Shirey read meditation. "I know something good about you". After a short business meeting the afternoon was spent visiting and playing bingo. Delicious refreshments were served to nine members. The next meeting will be July 1 with a picnic dinner at the home of Mrs. Agnes Surguy.

the home of Mr. and Mrs. Fred R. Miller.

Miss Linda Hatfield of Muncie is spending the summer with her mother, Mrs. Lorraine Hatfield.

Mr. and Mrs. Fred D. Barr are enjoying a motor trip through Vermont and other points of interest.

Mr. and Mrs. Dale Wright of Goshen were Sunday guests of Mr. and Mrs. Fred R. Miller.

Mulch Away
Weeds

Would you like a weed-free garden this summer? Mulching will help a lot, say Purdue University extension horticulturists.

Mulches will not only help control weeds but helps to conserve moisture, which means less watering when it is dry this summer. Mulches also keep soil cooler, root growth will be better and they will add valuable organic matter to the soil when plowed next year.

They explain that mulches control weeds by blanketing the soil so that weed seeds cannot sprout. They say to cultivate the garden beforehand and have the existing weeds under control, then apply a deep layer of mulch material for control.

Some good mulches are ground corn cobs, old sawdust, or peat moss. Apply at least two inches of any of these materials.

Apply four pounds of 12-12-12 fertilizer, or its equivalent, per 100 square feet when using corn cobs or sawdust, since they decompose appreciably and may rob nutrients from the soil.

ATHLETE'S FOOT
HOW TO TREAT IT —

Apply instant-drying T-4-L. You feel it take hold to check itching, burning, in minutes. Then in 3 to 5 days, watch infected skin slough off. Watch healthy skin replace it. If not pleased IN ONE HOUR, your 48c back at any drug store. NOW at DENTON'S DRUG STORE.

NORTH MANCHESTER

COUNTERPOINT, Continued

behavior, if the standards of the home are bad."

"When you listen to beautiful music you are filled with a homesickness for something which you have never seen, nor even will see."

There is much truth in this statement, although I had never "pinpointed" the elusive emotion.

We enjoyed this:

The indignant minister looked hard at a member of the congregation. "I heard that you went to the ball game last Sunday instead of coming to church."

"That's a lie," the parishioner cried. "and I have the fish to prove it."

LOCALS

Father's Day company at the home of Milo Fawley were Mr. and Mrs. Jack Fawley and family and Mr. and Mrs. Howard Fawley and daughters.

Mr. Fred Rose of Reed Point, Montana is here visiting his brother and wife, Mr. and Mrs. Garrie Rose, for several days.

Mr. and Mrs. Jim Stouder and daughter moved Monday into one of Helen Brown's apartments. Jim, the son of Mr. and Mrs. Earl Stouder, is in professional baseball, and is sidelined with an injury now.

Mr. and Mrs. Stan Yeiter and boys are vacationing this week in Chicago.

Miss Rosalind Mentzer of East Lansing, Michigan visited Saturday and Sunday with Anna-Mel Mentzer and Mrs. Mahlon Mentzer.

Jim Whetstone, son of Mr. and Mrs. Bob Whetstone, is attending Boy's State this week at Bloomington. His cards and letters indicate he is thoroughly enjoying his stay.

Mr. and Mrs. Richard Tombaugh and Brian are visiting

several days with his parents, Mr. and Mrs. Wayne Tombaugh. They have also been visiting her folks, Mr. and Mrs. Nelson Cook of Bourbon. Dick and Phyllis are enroute from Madison, Wisconsin to East Lansing, Michigan, where Dick will serve as counselor in one of the dorms at Michigan State, and he will also be working towards his Master's Degree.

The Joe Cooks of California are visiting his parents, Mr. and Mrs. Wayne Cook of Akron.

Mr. Frank Hardesty Sr. of Argos and Mr. and Mrs. Frank Hardesty and sons of Mentone spent the week end in Genoa, Illinois with Mr. and Mrs. Robert Senff and family.

Mr. and Mrs. Monroe Romine, Mr. and Mrs. Gerald Romine and family, Mr. and Mrs. Kenneth Romine and family enjoyed a bake out at the Herbert LePages at Bippus, Indiana on Saturday evening. The LePages will move this week from Bippus to near Lafayette.

Mr. and Mrs. Adrian Little of Sebring, Florida are spending the month of June in Indiana visiting friends and family. They presently are with her folks, Mr. and Mrs. Fred Swick.

Don Rush, of Fort Wayne, Max Smith, Condia Walburn, Ora and Estil Smith are fishing in Michigan near Interlocken.

Mr. and Mrs. Ivan Tucker and daughter called on Mr. and Mrs. Ora Tucker Thursday afternoon.

Miss Lilly Tucker and Mrs. Max Smith were dinner guests of Mr. and Mrs. Ora Tucker Sunday. Afternoon visitors were Mr. and Mrs. Albert Tucker, Mitchell, Jane Ellen, Mr. and Mrs. Ralph Tucker and Tom.

Dr. Dan Urschel is in Atlantic City this week attending the annual meetings of the American College of Chest Physicians and the American Medical Association.

Beaver Dam 4-H Meeting

The meeting was opened by cultural Club met June 13th at the home of Mike, Marsha and Claudia McFarland.

The meetign was opened by

the president, Lyle Welty. The secretary's report was given by Betty Bibler. Daniel Murcia led the pledge to the American flag. Macks Swick led the 4-H pledge. Twenty six members answered roll call. Patty Walsh gave the health and safety report on first aid. Buni Barber led the group in singing. Gerald Smalley, leader, reported on some changes that have been made in the fair books and reminded everyone about their projects.

Mrs. Doris Haney, R.N., guest speaker, gave an interesting talk on physical fitness in regards to the effects which result from the use of alcohol and tobacco. The meeting was adjourned by repeating the Lord's prayer.

Games were played and refreshments of ice cream, strawberries, cake and cold drinks were enjoyed.

Family Dinner

Monday evening the family of Mr. and Mrs. Fred Swick were home for a Father's Day get-together. Those able to be present for the meal were: Mr. and Mrs. Adrian Little, of Sebring, Florida; Mr. and Mrs. Earl Smalley and Mr. and Mrs. Greg Smalley and family of Elkhart; Mr. and Mrs. Jack Smalley and family of Kokomo; Mr. and Mrs. Hale Herd of Lucerne; Mr. and Mrs. Doyle Earwood and family of Royal Oak, Michigan; Mr. and Mrs. Francis Kehoe of R. R., Mentone. Mr. and Mrs. Vance Johns and the David Johns of California and one other niece were not able to be with the group.

CELEBRATES 8th BIRTHDAY

Brenda Ward, daughter of Mr. and Mrs. Ted Ward, was guest of honor at a party in her home Friday afternoon. Little friends there to help Brenda celebrate were: Serita Secrist, Deana and John Hill; Lisa Harman, Robin were: Serita Secrist, Diana and Calleen Gible, Judy and Greg Gible, and Terry, Tammy and Debby Ward.

Refreshments of ice cream and cake were enjoyed by the children.

eclipse should never look at the sun through a viewfinder. Experts know the precautions necessary to view an eclipse safely but amateurs should throw away that piece of smoked glass and watch the show on a TV news broadcast.

The human heart beats more than 100,000 times a day, reveals a study by the University of Chicago of 100 men of normal health. The count for different individuals, however, ranged from 98,000 to 135,000 heart beats in 24 hours.

'Bubble baths' for the crude oil extracted from soybeans and cotton seeds can help food processors increase yields of high quality edible oil at lower cost. Bubbling droplets of the oil through a bath of weak lye removes the free fatty acids as soap, according to Votator, U.S. licensee for the new Swedish refining process.

Project telescope is a Federal Aviation Agency exploratory program to increase the amount of flight time between overhauls of jet prop engines. Present rules require that the engine be disassembled and completely overhauled at 2200 hours. At this point, under the new plan, the turbine sections of the engines will be replaced with overhauled units and the rest of the components inspected and left intact for an additional 400 hours. If results are favorable, the program will be extended. The FAA believes it can establish definite safety reliability data which will determine overhaul time limitations rather than the arbitrary time limits now imposed.

The K-40 counter, a new instrument developed at the University of Illinois, may make it possible to measure muscle and fat in a live meat animal by the naturally occurring radioactive potassium in the animal. O. B. Ross, head of the school's department of animal science, says this research "can provide in about two minutes beef carcass information comparable with that obtained by progeny testing that requires 24 to 30 months.

Even jet planes can't sink merchant ships, reports Rep. Carl Vinson, (D-Ga.), who says the jet age is far from eliminating commerce on the high seas. His evidence: more than 75 per cent of the commerce of the world is carried by some 16,000 ships, of all flags.

Gurwitz - Cullum

Dr. and Mrs. J. Gurwitz, of West Hartford, Connecticut, announce the marriage of their daughter, Barbara, to Jon Cullum, son of Mr. and Mrs. Artley Cullum, on Sunday, June 16. (Details later.)

Non-fat dry milk is a milk bargain, note consumer marketing specialists at Purdue University. It can be turned into reconstituted fluid skim milk at less than the cost of fresh skim milk.

Boating Tips...

Docking a boat is easier than parking a car because you can make the forces of nature help you, say Mercury outboard experts. Try to approach against the force applying most pressure on your boat, be it wind or current. If this force flows parallel to the dock, come in against it, bow angled toward the dock slightly. Shift to reverse to stop and secure the bow line. Your stern will swing toward the dock, and you can tie up aft. With an off-the-dock wind, approach head on, stopping a few feet from the dock. Secure the bow line, then power the stern into place. When the wind's astern, come close and parallel to the dock, then drift into place. If you must approach with the wind, drive parallel to the dock and secure the stern line first. The wind will push your bow into place.

Special Services For
Rural Youth

On Sunday, June 23, 16 members of the Kosciusko County Rural Youth met for worship services with the members of the Burket E.U.B. Church. This fine group was given special recognition, and were in charge of a part of the service.

Mr. and Mrs. Harold Gay, Farm Bureau fieldmen, and Mr. and Mrs. Dale Nellans, youth advisors, accompanied the rural youth.

Following the service, a dinner at the Golden Dragon in Fort Wayne was enjoyed by all.

ATTEND WEDDING

Mr. and Mrs. Conda Hipsher of Mishawaka, Mr. and Mrs. Donald Hipsher of Bristol, Mr. and Mrs. Logan Ramsby of Lionier, and Mrs. G. J. Hipsher of Palestine attended the wedding of Jerry Hipsher and Miss Sandra Lee Vrooman Saturday evening, June 22, at the First Christian Church at Wabash.

Jerry is the son of Mr. and Mrs. James M. Hipsher, and Miss Vrooman is the daughter of Mr. and Mrs. Charles E. Vrooman, all of Wabash.

ATTENDING BALL STATE
WORKSHOP

Two Kosciusko County residents are among 37 from Indiana and Michigan who are attending a two-week workshop at Ball State Teachers College, Muncie. The workshop, under the direction of Dr. Helen Soranson, professor of education, is on early childhood education.

Eloyce VanLue, first grade teacher at Syracuse Elementary School, and Brad Moore, Mentone, who is principal of the Warsaw Community Schools, are those from Kosciusko County who are on the Ball State Campus.

MANGLES THUMB

Mrs. Emma Cook had the misfortune to catch the thumb of her left hand in the wringer Monday morning. She was not familiar with the safety release on the equipment, and the flesh was badly torn before her hand could be freed.

Mrs. Cook was brought in to Dr. Wilson's office and cared for immediately. Last reports were that her usual pep and vigor were refusing to let her rest as the doctor had ordered, so it sounds as if it will take more than a wringer to "flatten out" our neighbor.

TO APPEAR AT
BAPTIST CHURCH

The Harmonaires, a group of eight young people representing John Brown University, Siloam Springs, Arkansas, will appear at the First Baptist Church on July 4th at 8 p.m.

The group will consist of a male quartet, mixed quartet, trios, duets, vocal solos, and a marimba soloist. Members of the mixed quartet are Larry Phillip, Klamath Falls, Oregon; Janet Unruh, Tahlequah, Oklahoma; Lova Hood, Winona Lake; and Dennis Arnold, Torrington, Wyoming.

Honored At Bridal
Shower

Miss Betty Lou Smith was guest of honor at a bridal shower on June 13, given by Miss Sandra Nees and Miss Marilyn Swick at the home of Mr. and Mrs. Glenn Nees.

Betty Lou, the daughter of Mr. and Mrs. Harvey Smith, of Beaver Dam, will become the bride of Joseph Dewight Slaybaugh, son of Mr. and Mrs. John Slaybaugh, of Rochester, on June 28.

After games Betty Lou unwrapped her many lovely gifts and passed them around.

Refreshments of ice cream, nuts, mints, cookies and punch were served to Mesdames John Slaybaugh, Ralph Limings, Mary Ault, Frank Swick, Everett Smith, Orville Fitton, Orval Smith, Donald Smalley, Ora Smith, Bill Engle, Amos Engle, Henry Lockridge, Bobby Lynn, Ivan Warren, Glenn Nees, Richard Woods, Claude Swick, Paul Shoemaker, Charles Phillips, Glenn Ransbottom, Bobby Griffiths and Harvey Smith, and the

(Continued on back page)

COUNTERPOINT

By The Editor's Wife

The following item was sent to us by a Bourbon friend and the heading is "My Community". It was taken from the April General Federation Clubwoman magazine.

"My community is the place where my home is founded, where my children are educated, where my friends dwell and where my life is chiefly lived. I have chosen it, after due consideration, from among all the places of earth. It is the home spot for me. My community wants my citizenship, not my partisanship; my friendliness, not my offishness; my cooperation, not my dissension; my sympathy, not my criticism; my intelligent civic interest, not my selfishness. My community supplies me with home, income, friends, recreation, morals and the right of a free-born American.

"I should believe in my city; work for it"

— Author unknown

In 1934 the government took over the management of sugar when Congress passed the Jones-Castigan Act. Beet and cane sugar quotas were assigned to American growers, which insured a deficit. Import quotas were limited to protect the domestic industry.

A year ago when the sugar act was modified the domestic price of raw sugar was \$6.40 per hundred pounds — the world price was \$2.70.

Elmer Roessner writing in his column, Business Today, lists several things which have happened over the years, because of government handling of sugar.

1. Housewives have paid billions of dollars in higher prices for sugar so far.

2. American production has expanded only moderately whereas, without controls, it could have made the nation self-sufficient in sugar today.

3. American growing and processing methods have improved only slightly, since there has been no need to meet foreign competition.

4. Lobbyists for foreign sugar interests have made hundreds of millions of dollars, mostly at the expense of the American consumer.

5. We have placed ourselves at a disadvantage to the Communists since, as Sen. Eugene (Continued on back page)

Donations For
Miss Mentone Float

The following is a list of donors for the Miss Mentone float:

Dr. Wymond Wilson, Northern Indiana Cooperative Association, Dr. Donald VanGilder, Walburn Insurance Agency, Frank Manufacturing Company, Deluxe Cleaners, Mentone Lumber Company, Inc., Hammer Insurance Agency, Rex Tucker Motors.

Midwest Spring Manufacturing Company, Miller Sheet Metal, Farmers State Bank, Hales and Hunter Company, Lemler's Market, Sinclair Service Station, Robert Forbes, Bernice Beauty Shop, Valentine Elevator, Nellans Duck Plant, Dickerhoff Livestock Hauling.

Pete's Restaurant, Mentone Stock Yards, Utter's Service Station, Frank and Jerry's, Producers Marketing Association, Dr. McFadden, Mentone Pallets, Coopers' Store, Country Print Shop, Lake Trail Cafe.

Ward's Paint and Wallpaper Store, Baker's Jewelry and Appliances, Barnes Shoe Store, Lewis Motors, Hagan Engineering, Manwaring Leghorn Farms, Boganwright Cafe, Hill's Barber Shop, Peggy's Beauty Shop, Markley's Greenhouse, Merry Dee Drive In.

The Mentone band would like to thank all of the above listed people for their support in financing the building of the float. If the band officers missed anyone, donations will still be accepted with great appreciation.

TO CONSOLIDATE
PRODUCTION PLANTS

We at the Country Print Shop have been searching for many months to locate a building suitable for combining the production facilities of the Mentone News, Country Print Shop and the Bourbon News-Mirror. We purchased another newspaper press at Kokomo many weeks ago, and by combining the equipment of the Mentone and Bourbon plants we feel we will have one of the best equipped printing offices in Northern Indiana.

Offices will be maintained in both towns as in the past, and by consolidating the production facilities feel we will be able to serve both communities even better than we have been able. To date, the only satisfactory building we have found is at Bourbon.

Receive Trophy

At the Albion Chain-O-Lakes Festival held Saturday, June 22, at Albion, Indiana, the Mentone High School band received a beautiful trophy.

They received a third place rating for bands with a high school enrollment of over 250 students. The judging is divided into two groups, bands with over 250 students and schools with less than 250 enrollment.

HAD MAJOR SURGERY

In conversation with Mrs. Kyle Gibson on Wednesday we learned that their daughter, Mrs. Loren (Geneva) Burt had had major surgery Monday morning and was getting along satisfactorily.

The Burts live at Bloomington during the winter and have a summer home at Crystal Lake.

Geneva is in the McCray Hospital in Kendallville.

With The Sick

Mrs. Frank Hudson is slowly recuperating at her home in Akron following a recent heart attack.

Jay Secrist, son of Mr. and Mrs. Jerry Secrist, had a tonsillectomy last week.

Announce Marriage

Mr. and Mrs. Artley Cullum announce the marriage of their son, Jon, to Miss Barbara Ann Gurwitz, daughter of Dr. and Mrs. Jack Gurwitz, of West Hartford, Connecticut. In a quiet civil ceremony held in the home of her parents on Sunday, June 16, Judge Louis Shapiro solemnized the single ring rites.

The bride was dressed in a pink and white Italian silk sheath dress with a white straw crown and veil. She carried a white Bible and bouquet of sweetheart roses. Twenty-five close friends and relatives attended the ceremony, celebrating the event in a post nuptial dinner. The bride and groom will be making their first home on Cape Cod, where they are both employed for the summer.

Mrs. Cullum, formerly a student at Boston University, is a graduate of the Katharine Gibbs School for Women and has been employed as an executive secretary for the retail stores of Filenes of Boston this past year. In the fall the couple will return to Boston where Jon will complete his master's degree in theatre at Boston University. Mrs. Cullum will be taking courses also in theatre and drawing.

JOHNS

Funeral services for Bert R. Johns were conducted Sunday afternoon at Frankfort. Mrs. Johns and Mrs. H. V. Nellans are sisters.

Those attending from this community were Mr. and Mrs. H. V. Nellans, Mr. and Mrs. Max Nellans and Roger, Mr. and Mrs. Dale Nellans and daughters Marcia and Marinell, Mrs. Letha Klingenhagen, and Miss Von Jenkins.

Funeral Services For Rev. Blue

Funeral services will be conducted Saturday at 2 p.m. at the Mansfield Funeral Home for Rev. C. F. Blue, who died Wednesday morning after a lengthy illness. He had been bedfast for the past four years.

Rev. Blue founded the Undenominational Church at Defiance many years ago, and had been the pastor for 28 years. He would have been 80 years old in July.

Mrs. Arlo (Mildred) Friesner, a daughter, of Mentone, and Bill Blue, a son, of Woodland, and several grandchildren survive.

GETTING THE MOST... FROM YOUR GARDEN

by Dr. W. A. Liddell

Director of Information, Asgrow Seed Company

THE UNDERWORLD

According to the scientists who have studied these things, there is almost as much, if not more, life below ground as there is above. Most of it is microscopic and quite beneficial to plants, but some of these "organisms" are decidedly not microscopic and are potentially harmful to plants — for example, the grass plants in your lawn. These are the insect grubs, or larvae, that live in the soil and feed on the tender rootlets of plants. They are also fair game for moles, which burrow through the topsoil, and cast up ridges in your lawn or garden searching for food.

The worst of these underworld characters, so far as your lawn is concerned, are the grubs of the Japanese beetle, the Asiatic beetle, and the European chafer beetle.

The Japanese beetle deposits eggs in the lawn soil during the summer. After hatching, the grubs start to feed on the grass roots in the fall. When winter comes they move deeper into the soil, rising again in the spring to feed on grass roots near the surface.

They emerge as adults during the late spring and forage in hordes on roses, marigolds, sweet corn, grapevines, and what-have-you, before laying eggs for the next summer's brood.

Asiatic garden beetles are slightly smaller than their Japanese cousins, and are chestnut brown in color. They are most active at night, feeding freely on garden plants and buzzing around the light on your porch or by your front door. They are a particular nuisance in the early summer, when you are trying to enjoy a balmy evening outdoors on the lawn or patio.

European chafer beetles are at present known only in a few sec-

tions of the United States, but, like the Japanese and Asiatic garden beetles they have thrived as immigrants. The adults move about only at dusk and do not feed. Generally they fly toward a tree or a telephone pole, circle around, mate, and the females then return to lay eggs in the soil before daylight.

All these underworld characters feed heavily on the succulent rootlets of the bluegrasses, fescues, and other lawn grasses, eventually killing patches of turf in the lawn. You can usually tell if insect larvae are causing the trouble, simply by rolling back a piece of sod, using a spade. The feeding grubs lie close to the surface, and the sod lifts easily.

Soil-insect control is not difficult or unduly hazardous in lawns. Chlordane, the chemical most commonly used for the purpose, is available at any garden supply shop under a wide assortment of brand marks. It comes either as a spray material or in dry granule form, for use with a standard lawn spreader. Chlordane remains effective in the soil for as long as two or three years, and by eliminating the grubs, it also discourages the moles we mentioned earlier.

If you would like free information about how to grow vegetables in your back yard, send your name, on a postcard, to Asgrow Garden Guide, PO Box 406, New Haven 2, Conn.

Always signal, well ahead, of your attentions to change lanes or to slow down for turning or stopping, says the Chicago Motor Club. This will enable other drivers to anticipate your move and maneuver accordingly.

Stopping on an unlighted highway after dark to change a tire or make other necessary

repairs creates a traffic hazard, says the Chicago Motor Club. Your car should be stopped as far off the traveled roadway as possible, and parking and tail-lights should be kept on as a clear warning to approaching night-time traffic. Better still, carry a flare or flashlight for emergency use.

Seward H. D. Meets

The Seward Home Demonstration Club met on Wednesday, June 19th at the Burket Firemen's building. The hostess was Mrs. Verline Street and co-hostess was Mrs. Donald Swick.

The meeting was conducted by Mrs. Gerald Smalley, president, and Mrs. Franklin Swick, vice president. The history of the song of the month, "Tell Me Why", was given by Mrs. Stanley Newton and the members joined in singing the song. The safety on the highways lesson was given by Mrs. Robert Miller and the health and safety remarks were given by Mrs. Lester Bruner. During the social hour following the meeting, cheerful gifts were distributed, an auction was held and refreshments were served to 20 members.

The next meeting will be held July 10th at the home of Mrs. William C. Kassen.

Be-Abouts Meet

The Be-Abouts Missionary group met Monday evening at the home of Mrs. David Peffley. The meeting opened by group singing and circle prayer.

"How To Go To Church" was given for devotions by Mrs. Everett Besson. Clothes were sorted and mended for a needy family during the work period.

Tasty refreshments were served by the hostess to Mesdames, Lee Norris, Ed Bach, Darrell King, Tobie Blalock, Stan Yeiter, Everett Besson, Raymond Lewis, Everett Welborn, and Wayne Bowser.

July meeting will be held at the home of Mrs. Kenneth Romine.

SATURDAY SERIES ON STOCKS AND BONDS

An unusual educational program for those interested in stocks and bonds as investments, will be aired on WOWO on Saturday nights 8:30 to 9:00 p.m., beginning June 29 for four weeks.

James Johnson of the Fort Wayne firm of Merrill, Lynch, Fenner and Smith will be interviewed by professor Robert Ramsey, director of radio and TV at Tri-State College in Angola. This series is part of a year-round radio program under the sponsorship of the college. These programs are varied and include musical features, lectures, administrative and informative material.

Local News

Mr. and Mrs. Edward Lucht, of Riverdale, Illinois spent the week end with Mr. and Mrs. Harold Lucht and family.

Mr. and Mrs. Buddy Miller and Mr. and Mrs. Ralph Warren attended the Miller reunion at Barbee Lake Sunday.

On Sunday, Mr. and Mrs. Howard Bibler accompanied their

daughter, Betty, and Eldonna Antonides, from the Mentone School, and Susie Blodgett, from the Etna Green School, to Girls' State at Bloomington.

Christie Ann, daughter of Mr. and Mrs. Roland Sullivan, of Denver, Indiana, is spending several days with her aunt, Mary Norris.

Mr. and Mrs. Dick Tombaugh and son, Bryan, are in East Lansing, Michigan, where Dick will serve as student counselor and work on his Doctor's degree. Their address is: East Shawn Hall, Michigan State University, East Lansing, Michigan.

Mr. and Mrs. Kenneth Romine spent Monday and Tuesday in Cincinnati on business.

Mrs. Condia Walburn spent last Thursday visiting with Miss Wreatha FcFarren in Elkhart.

Mrs. Florence McKinley is visiting relatives in Dayton, Ohio.

NEWCASTLE

TOWNSHIP NEWS

Mr. Lon Walker of Indianapolis spent Saturday here.

Mrs. Orah Byrer and daughter, Bea, and their house guest, Mrs. Jane Nickels and son, all of South Bend spent the week end here.

Mrs. Rees Eckert and family of Logansport called on friends here Sunday afternoon.

The Talma Methodist Men's group held a cook-out at the church on Thursday evening with a good attendance. The next meeting will be at the church on July 18 with a cook-out and family night.

Mr. Fred R. Miller was a business visitor in Rochester Friday.

Mr. and Mrs. Herman Alber and daughter of Macy, Mr. Eddie Oliver of Rochester, and Mr. and Mrs. Rolland Calvert and son spent the week end in Sturges, Michigan visiting with friends.

Mrs. Loren Kramer and her mother, Mrs. Bessie Lowe of Rochester will leave this week for California where they will visit with relatives.

Mr. Irving Sommers of Chicago was a visitor Friday.

Mr. and Mrs. Lee Sheetz called on Mr. and Mrs. Olin Wagoner of Rochester Saturday evening.

Mr. O. Wenger has been admitted to the Woodlawn Hospital at Rochester.

Mrs. Milton Jones and son have been dismissed from the Woodlawn Hospital to their home.

Mrs. Albert Vandergrift and daughter have returned to their home in Galien, Michigan after visiting her mother, Mrs. Pearl McGowen, and other relatives.

Mr. and Mrs. James Walsh of Chicago are spending the week at their summer home.

Mrs. Mel McGowen entertained the Talma Home Economics Club in her home for the June meeting. Mrs. Lewis Johnson opened the meeting by singing "America" and "Onward Christian Soldiers". The pledges to the American and Christian flags were given, followed by repeating the club creed. Devotions were given by Mrs. Harold Walters. She read a poem, "My Mother". Mrs. Walter Jordan gave the history of the song of the month, "Tell Me Why". The upholstery lesson on tying springs was demonstrated by Mrs. Vern Weiger and Mrs. Leroy Grossman. There was a quiz on citizenship. Plans were made for the annual club picnic to be held in July. Meeting was closed by repeating the club prayer. Mrs. E. C. McGowen was in charge of the white elephant sale. Mrs. Sid Dick purchased the hostess auction.

Guests at the meeting were Barbara Johnson, Mrs. Albert Vandergrift and daughters of Galien, Michigan.

99⁴⁴/₁₀₀% SURE

The aerialist and your electric company have three things in common: Each is a perfectionist. Each must be dependable. Each has a "net" to rely upon. Just as the aerialist can miss, weather can blow down power lines. *Nothing human is 100% sure. Your electric service comes as close to absolute certainty as anything man-made, through anticipation of trouble before it occurs.*

INTERCONNECTION SAFEGUARDS YOUR ELECTRIC SERVICE

Indiana's five Investor-Owned Electric Companies are interconnected with each other. Whenever the need arises, each can depend on the others for instant power.

A 39-STATE NETWORK

from the Rockies to the Atlantic Coast, from Canada to the Gulf, also stands behind your electric service, ready to "feed" power to your home if the need should ever arise. *Interconnection* is just one of the many "built-in" safeguards Indiana's five Investor-Owned Companies provide to assure you constant, dependable service.

ELECTRIC POWER

To Observe Golden Wedding

The 50th wedding anniversary of Mr. and Mrs. Mark Redinger, of R. R. 1, Argos, will be observed Sunday, June 30th, with open house at their home from 2 to 4 p.m.

Hosts for the open house will be their two sons and wives, Mr. and Mrs. Ward Redinger and Mr. and Mrs. Ernest Redinger, both of Argos. They also have ten grandchildren and six great-grandchildren.

No formal invitations have been sent out, but all relatives, neighbors and friends are invited.

OLD COX GARAGE TORN DOWN WEDNESDAY

Herschel Linn, of the Sinclair Service Station, recently purchased the old garage building from Leroy Cox and Wednesday workmen completed tearing it down. Mr. Linn plans to install another bay for servicing larger vehicles, and the Sinclair people plan extensive remodeling of the station.

Mr. and Mrs. John Bowerman, of Harvey, Illinois spent the week end here at their trailer located at the Senff Trailer Park, and visiting with the Harold Lucht and Lloyd Bowerman families.

Zanna Hammer was installed as Lions president at the meeting on Wednesday evening, June 19. Lion Kelly was the installing officer.

Other officers are: Vern Whitkamper, first vice president; Everett Rathfon (not shown), second vice president; Tom Fugate, third vice president; George Welch, secretary; Forrest Miner (not shown), treasurer; Darrell King, tail twister; Paul Rush (not shown), assistant tail twister; Eldon Horn, Lion tamer.

Directors elected are: Wayne Wertenberger and Charles Parks, one year; and Raymond Cooper and Leroy Norris, two years.

MENTONE, INDIANA

JUNE 26, 1963

Telephone Trailer On Display Here

Residents of the Mentone area will have the opportunity to see through a large display trailer featuring several types of ultra-modern telephone equipment, according to C. J. Lohman, division manager of General Telephone. The trailer is scheduled to be in town June 27 and 28 and will be open for inspection from 1 to 8 p.m.

The exhibit will be located beside Frank's Manufacturing. All area residents are invited

to stop by.

Containing several types of telephone equipment now available to customers, the trailer is actually a miniature telephone office which allows the visitor to dial numbers and place calls to other instruments within the trailer.

Mr. Ron Johnson will be on hand to greet visitors and explain the equipment on display. In addition, explanatory pamphlets will be distributed and music will be transmitted through a built-in sound system.

Equipment on display in the trailer includes the following:

Sound Booster — A telephone instrument which allows the user to increase or decrease the volume of an incoming call. It is often used in factories where noisy conditions exist and by partially deaf persons.

Electronic Secretary — This unit will automatically answer your phone while you are away and leave or record messages. It is utilized most often by doctors or small businessmen.

Rapidial — A telephone designed to "remember" hundreds of numbers and dial them for the user with the push of a button.

Call Commander — Provides a high capacity communications center which is capable of controlling and distributing as many as 18 local and intra-office telephone extensions.

Miss Kathy Bartel of Bellevue, Michigan is spending the

summer in Mentone with her aunt and uncle, Mr. and Mrs. Glen Denton.

Mrs. Frances Carter will leave for California June 23, accompanied by Mrs. Mark Burgh of Plymouth. Mrs. Carter will visit a nephew, Mr. and Mrs. Bill Clark and family at West Minister. Mrs. Burgh will visit grandson, Jerry, at Pasadena. They will be gone about a month.

Mr. and Mrs. John Claypool and daughter, Tracy, Mr. and Mrs. Clarence McSherry, Mr. and Mrs. Howard Horn, Jody, and Mrs. Goldie Kessler were Sun-

COMING: June 27 & 28

The General Telephone Display Trailer (above) will soon be in town. You're invited to come out and have a look. See, in operation, a sample of the most modern communications equipment available.

Mr. Ron Johnson of General Telephone will be on hand to meet you and answer any questions you may have. So plan to stop by the trailer while we're in town. We believe you'll be fascinated with what you see.

day dinner guests of Mr. and Mrs. Francis Kehoe.

Mr. and Mrs. Francis Kehoe spent Tuesday afternoon and evening in South Bend. They were supper guests of their daughter and family, and attended a revival meeting at the Doumoyer Church of Christ in the evening.

CARD OF THANKS

I want to thank everyone for the lovely cards and letters and beautiful plants I received from the neighbors while in the hospital. May God bless each one.

MARY BARKMAN

INSIDE VIEW — Several types of the latest innovations in telephone equipment are exhibited in General Telephone's display trailer. The trailer will be parked beside Frank's Manufacturing and opened to the public June 27 and 28 from 1 to 8 p.m.

D.A.R. Has Guest Speaker

The Anthony Nigo Chapter, Daughters of the American Revolution, recently invited guests to hear Colonel Leroy Norris of the United States Army Reserves give a resume of the National Security Seminar held at Indiana University extension center in Gary, Col. Norris noted that the prime purpose of the seminar was the need for security measures against the Sino-Soviet Bloc, which includes Russia, China and all communist countries behind the iron and bamboo curtains. The seminar in Gary lasted two weeks and was condensed from a ten month course in the resident school in Washington D. C. Each hour of the seminar represented one week in the school. Col. Norris emphasized that the cold war we are now in is a Holy War and that it stems from the Communist Manifesto of 1848 in which they advocate the abolition of private property and right of inheritance, subjugation of all religion, and state ownership of all commerce, transportation, etc. In their dealings the Russians do not use an American dictionary. Words have different meanings to them. Peaceful co-existence is a one-way road to enslavement . . . that the most potent weapon against enslavement is a firm stand. To emphasize his point he used the quote from General George Washington during one of the most violent battles of the revolution when he said, "Put only Americans on guard tonight."

Col. Norris stated there would never be a split between Russia and China, that their goal, the destruction of the free enterprise west, remains the same though the methods to bring it about may differ. Our main weakness is a steady moral de-

cline in all things right and wrong and above all reverence to God. He referred to a quote from the Bible given by a high ranking officer at the seminar—Philippians 4:8 . . . Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.

Mrs. Fred Surguy, regent, conducted the brief business meeting. Mrs. James Wells, American Indian chairman, urged all members to leave boxes of used clothing with Mrs. Walter Lackey at the Mentone Library. The boxes will be re-packed for shipment to the American Indian schools supported in part by the D.A.R.

Mrs. Dale Cook, national defense chairman, gave remarks of Congressman Louis C. Wyman of New Hampshire in the House of Representatives; "I wonder if our citizens know that a uniformed military officer from Communist Yugoslavia attends the regular Army Command and General Staff College at Fort Leavenworth, Kansas. I wonder if they know that no less than four general officers of the Yugoslavia army are graduates of our top staff college. I wonder if they know that this has been happening for some years. 'What goes on here?' Even the most uninformed among our citizenry knows that such military men have sworn allegiance to a Communist flag; that everything they learn at our General Staff College goes right back to Communists; that Yugoslavia is in close military liaison with the Soviet general staff. Whether or not attendance at classified classes is barred to these men, the vast military knowledge they gain in a full course at

Fort Leavenworth is undeniable. It is the sheerest lunacy to condone educating Communists about the operations of our general staff on the theory that it encourages splinter groups within the Soviet periphery. This is evidence that those high in our government do not understand that all genuine Communists are deadly serious in their fanatical desire to destroy the United States. This is so whether they are Russian Communists or Chinese Communists or Yugoslavia Communists. One does not appease a rattlesnake by inviting him into his house."

Officers for the 1963-64 year of the chapter were installed by a former member and founder of the chapter, a past vice president general of the national society, Mrs. Furel R. Burns of North Manchester. She and her daughter, Mrs. C. K. Paulus of Elmhurst, Illinois were guests. Officers installed were regent, Mrs. Paul Shireman; vice regent, Mrs. Chas. Tucker; chaplain, Mrs. Carl Metheny; secretary, Mrs. James O. Wells, Jr.; treasurer, Mrs. Wayne Smalley; regi-

strar, Mrs. Edna Carey; historian, Mrs. Glenn Clauss; librarian, Mrs. Walter Lackey.

The program committee of the chapter, Mrs. Glenn Clauss, Mrs. Carl Metheny, Mrs. Edna Carey, and Mrs. Frank D. Smith served refreshments from a table in patriotic theme to fifty members and guests at the Mentone School cafeteria.

Mentone H. D. Club Meets

The Mentone Home Demonstration Club met with Mrs. Gertrude Hill on Thursday, June 20th, with Mrs. Blanche Whitmeyer as co-hostess.

Olive Tucker opened the meeting with introducing ourselves and our birth date as we entertained officers of the Etna Green club. Eve Laird led the club creed. All sang "America The Beautiful". Blanche Whitmeyer read the history of the song of the month and all sang, "Tell Me Why". Health and safety was given by Ina Davis. The lesson on floor covering was given by Pearl Horn and Minnie Busenbarg. Gertrude Hill played a record, "I Am The Nation". Blanche Whitmeyer gave meditation. Esther Sarber told of her trip to the Golden Anniversary Conference at Purdue. Roll Call was answered with my pet peeve. All signed a get-well card for Mary Barkman. Club prayer was repeated. Secretary's report was given by Genevieve Warren. Treasurer's report was given by Minnie Busenbarg. Refreshments were served to 15 members, three guests, Mrs. Emory Long, Mrs. Kenneth Greenawalt, and Mrs. Thomas Klinefelter, and two children.

SINCERE THANKS

My sincere thanks to the many friends and relatives for their prayers, cards and flowers while I was in the hospital and to Mr. and Mrs. Kenneth Mollenhour for their care on my return from the hospital.

Baptist Church News

"The Battle To Ban The Bible" will be the subject of pastor Olson's sermon at the 10:30 worship service this Sunday, June 30th. You are invited to hear this message dealing with the meaning, the motives and the menace of the recent ruling of the Supreme Court declaring that it is unconstitutional to read the Bible in the classrooms of our public schools.

The total enrollment in the V. B. S. this year was 110. Thirty three children and young people from the church are registered at the Crystal Lake Baptist Youth Camp this summer. This camp, which is owned and operated by the Indiana Fellowship of Regular Baptist Churches, anticipates an enrollment of over 1,000 campers this summer. Mr. Fred Lemler, Mentone, is chairman of the camp board, and Mr. Spud Eaton is also a member of the board.

The young people are holding a recreation night each Wednesday evening during the summer. They met this Wednesday at the home of Mr. and Mrs. Roy Shoemaker. The senior choir held a planning and practice meeting on Tuesday evening. They voted to meet once a month for a full evening of practice in addition to the regular Thursday evening practice sessions. A member must be present for at least five practice sessions each month to sing in the choir during the morning worship service. The choir elected Mr. Everett Rathfon as its president, and Mrs. Fred Lemler as secretary.

Miss Sheryl Olson, daughter of pastor and Mrs. Irwin Olson, was awarded a Certificate of Honor by Cedarville College of Cedarville, Ohio, in recognition of a high standard of scholastic excellence achieved at the college during the 1962-1963 school year. Sheryl, who is majoring in elementary education, was on the Dean's list both semesters. Cedarville College is a Liberal Arts Baptist college associated with the General Association of Regular Baptist Churches.

Mellott Reunion

The second Mellott reunion was held June 16 at the Mentone park. Attending were Mr. Roy Mellott, Mr. and Mrs. Russell Fretz, Mr. and Mrs. Fred Mellott, Mary and Fred A. Mellott, Mardene Nellans, Mr. and Mrs. Hod Mellott, Mr. and Mrs. Ed Aker and Jim, Mr. and Mrs. Eugene Kinch, Tom and Kathy, Mr. and Mrs. Glen Mellott, Steve and Linda, Richard Campton, Mr. and Mrs. Joe Mellott and granddaughter, Tammy, Mr. and Mrs. Delbert Hedington and children, Mrs. James Ridenour and children, Mr. and Mrs. Mike Dickson and Becky, Mr. and Mrs. Richard Cummins, and Mr. and Mrs. Max Blackburn, Debra and Greg.

Baptist Church News

"The Battle To Ban The Bible" will be the subject of pastor Olson's sermon at the 10:30 worship service this Sunday, June 30th. You are invited to hear this message dealing with the meaning, the motives and the menace of the recent ruling of the Supreme Court declaring that it is unconstitutional to read the Bible in the classrooms of our public schools.

The total enrollment in the V. B. S. this year was 110. Thirty three children and young people from the church are registered at the Crystal Lake Baptist Youth Camp this summer. This camp, which is owned and operated by the Indiana Fellowship of Regular Baptist Churches, anticipates an enrollment of over 1,000 campers this summer. Mr. Fred Lemler, Mentone, is chairman of the camp board, and Mr. Spud Eaton is also a member of the board.

The young people are holding a recreation night each Wednesday evening during the summer. They met this Wednesday at the home of Mr. and Mrs. Roy Shoemaker. The senior choir held a planning and practice meeting on Tuesday evening. They voted to meet once a month for a full evening of practice in addition to the regular Thursday evening practice sessions. A member must be present for at least five practice sessions each month to sing in the choir during the morning worship service. The choir elected Mr. Everett Rathfon as its president, and Mrs. Fred Lemler as secretary.

Miss Sheryl Olson, daughter of pastor and Mrs. Irwin Olson, was awarded a Certificate of Honor by Cedarville College of Cedarville, Ohio, in recognition of a high standard of scholastic excellence achieved at the college during the 1962-1963 school year. Sheryl, who is majoring in elementary education, was on the Dean's list both semesters. Cedarville College is a Liberal Arts Baptist college associated with the General Association of Regular Baptist Churches.

Mellott Reunion

The second Mellott reunion was held June 16 at the Mentone park. Attending were Mr. Roy Mellott, Mr. and Mrs. Russell Fretz, Mr. and Mrs. Fred Mellott, Mary and Fred A. Mellott, Mardene Nellans, Mr. and Mrs. Hod Mellott, Mr. and Mrs. Ed Aker and Jim, Mr. and Mrs. Eugene Kinch, Tom and Kathy, Mr. and Mrs. Glen Mellott, Steve and Linda, Richard Campton, Mr. and Mrs. Joe Mellott and granddaughter, Tammy, Mr. and Mrs. Delbert Hedington and children, Mrs. James Ridenour and children, Mr. and Mrs. Mike Dickson and Becky, Mr. and Mrs. Richard Cummins, and Mr. and Mrs. Max Blackburn, Debra and Greg.

TIPPECANOE NEWS

Postmaster Dale Blackford announced last week the new ZIP Code number for Tippecanoe, 46570, will be used on all correspondence starting July 1. ZIP Codes should be taken from all incoming correspondence to be answered. Code number should always be used following the state: Tippecanoe, Indiana 46570.

Mr. and Mrs. Thomas Dean have returned home from a wedding trip to the Smokey Mountains. They were married at the home of his brother, Mr. and Mrs. Robert Dean, at Daleville, Saturday evening, June 15. Robert and Vivian Dean of Muncie are the groom's parents. Mrs. Dean is the former Julia Bailey, daughter of Clifton Bailey of Argos. Rev. Robert Hartley of Muncie performed the double ring ceremony. Mr. Dean is employed at Panel Craft in Plymouth.

The Tippecanoe Home Club and 18 guests enjoyed a trip to points of interest in Peru, Francis Slocum Park, Bunker Hill Air Force Base, and a smorgasbord at the Tally Ho steak house.

Mrs. Gene Ward was surprised Friday afternoon when relatives came to help celebrate their birthdays together at the home of their mother, Mrs. Jo Blackford. Guests were Mrs. Ronald Kauffman and sons, Mrs. Ray Harroff and daughters of Bourbon, Mrs. Dick Kref and sons, Mrs. Sonny Carpenter and sons, Mrs. Karen Cormican, Mrs. Larry Ballinger and sons, Brenda and Marsha Blackford, Mrs. Frank Vernet, Gail and Jimmy Ward. Birthday cake, fancy salad and ice cream were served. Also celebrating their birthdays were Mrs. Kauffman, Mrs. Harroff, Mrs. Kref and Mrs. Chuck Lozier, who was unable to attend.

Mrs. Flossie Coplen had as her recent guests Mr. and Mrs. Marion Leininger of Olive Bethel.

Rev. and Mrs. Don Dugan spent Tuesday to Friday on a trip to Bob Jones University at Greenville, South Carolina. Accompanying them were Linda Kimmel, Darlene Reichard, Bill and John Yantiss, Jerry Needler and Rodney Heckaman.

Mr. and Mrs. Grover Crull spent two days in Fort Wayne to celebrate their tenth wedding anniversary at the home of Mr. and Mrs. Carlton Town.

Petty Officer 3-C Kerry Lee arrived Thursday for a 20 day furlough from Naas Chase Field at Beeville, Texas, with his parents, Mr. and Mrs. Herman Cooper and Penny.

Guests during the week end at the Ralph Fretz home were Mrs. Laura Messler and children, Mr. and Mrs. Tom Peer and Ardis, all of Kelso, Washington, Mr. and Mrs. Elmer Olson of Heyward, California, Mr. and Mrs. John Messler of Willis-ton, North Dakota, Raymond Messler of Portland, Oregon, John Joyce of Gary, Mrs. Sarah Sands of Buchanan, Michigan. Seventy-four members attended the Joyce reunion at Rum Village Park at South Bend Sunday.

Mrs. James Biting spent last week attending the I.B.M. School in Chicago.

Mrs. Postie Sill and her houseguest, her sister, Mrs. Dottie Rohrer of St. Petersburg, Florida, have had as their guests Mr. and Mrs. Murray Rearick of South Bend, Miss Doris Cole of Edwardsburg, Michigan, Mr. and Mrs. Frank Worth of Mederia Beach, Florida, Mrs. Johann Holly and daughter of Muskegon, Michigan, Mrs. Mary Sill of Hesperia, Michigan, Mrs. Ora Fore of Elkhart, and Mrs. Rosabel Kruttsch.

Mr. and Mrs. Rae Ward spent last week end in Fort Wayne visiting relatives, Mr. and Mrs. Albert Smith, Mr. and Mrs. Clarence Lantz, Mr. and Mrs. J. Harvey Davis, and Mrs. Dwight Davis. One day last week was spent in South Bend visiting Mr. and Mrs. Coy Ward and Mr. and Mrs. Dewey Kessler and family.

Mr. and Mrs. Wren Crane had as recent visitors Carl Sharpe of Bourbon and Mr. and Mrs. Robert McDevitt of Phoenix, Arizona.

Mrs. Jennie Sponseller seems to be improving after being quite ill for a week or so.

Mr. and Mrs. Sonny Carpenter and sons, David and Jack, moved from Mentone over the

week end to the Enos Metheny property northwest of Tippecanoe.

Mr. and Mrs. Keith Sill and children were Sunday guests of Mr. and Mrs. Kenneth Winterrowd and family at Rochester.

Wonderful Ways With Chicken

Looking for ways to cook and serve chicken? With poultry in plentiful supply, homemakers can serve chicken any day for nutritious and economical meals.

For special recipes to vary your chicken dishes, see "Wonderful Ways With Chicken" published by Purdue University. In addition to tips on frying, roasting, fricasseeing and steaming, the publication gives recipes for chicken curry, chicken cacciatore, soy chicken, chicken salad, spring chicken chowder and ala chicken in cornbread ring.

Single copies of "Wonderful Ways With Chicken", Mimeo ID-37, are free to Indiana residents. Request one from your county extension office or Agricultural Publications Office, AES Building, Purdue University, Lafayette, Indiana.

Style Show At County Fair

A Homemaker's Style Show is being planned for Tuesday, August 6 at 2:00 p.m. at the grandstand, Kosciusko County Fairgrounds.

It will be divided into two divisions.

Division I will include all married homemakers 18 through 34 years of age.

Division II is all homemakers 35 years of age or over and need not be married.

All costumes worn cannot be exhibited at the 1963 Kosciusko County Fair. They must have been made by the contestants within the last year.

A winner will be picked in each category and a finalist in each division will be picked to represent the county at the 1963 Indiana State Fair.

Categories for both divisions:

Category 1—Daytime dress (day wear, one or two pieces, any fiber).

Category 2—Family outfit (mother, daughter or son).

Category 3—Suit (two piece with lined jacket, any fiber).

Category 4—Knitted dress (one piece, any fiber).

Judging will be on the model's general appearance, posture, grooming, poise and personality, the becomingness of the costume and the selection of good looking accessories.

Entries will be accepted at the County Cooperative Extension Office, Court House, Warsaw. Give name, address, division and category before August 1, 1963.

Planning For A Picnic

Summertime is picnic time! And a meal out of doors is a pleasant way to enjoy the warm weather.

Marcile Allen, Purdue University food specialist, says that a picnic may be as simple or elaborate as you like, but think of it in terms of a balanced meal.

Whether a picnic is prepared in the backyard or cooked out 20 miles away at a favorite park, plan the lunch as carefully as any regular meal.

Don't short change your family's health with hurried, careless picnics. Plan a meat or other main dish, prepared at home or ready to cook at the picnic site. A vegetable or salad or maybe both, complete the main course. Relishes, always good snacking for those who are too hungry to wait, add eye and taste appeal. For a popular and easy picnic dessert serve fresh fruit.

Simple foods, partly prepared ahead of time, make the picnic more enjoyable for mother. Throw-away utensils make clean up easier.

All the family can help with on the spot jobs. To prevent confusion, list the jobs to be done at the picnic site and jot a name by each so everyone can help.

is a day of marching, of speeches, of fireworks... Let it be a day, too, of renewed dedication to the ideals of our great Nation's founding fathers.

Merry Mixers H.D. Club

The June meeting of the Merry Mixers Home Demonstration Club was held recently in the home of Janice Perry with Helen Good as co-hostess.

The meeting was opened with the pledge to the flag and the club creed. Meditation was given by Betty Boggs. The history of the song of the month was read and then sung by the group. Donna Romine, the health and safety leader, read the facts about home processed foods. The lesson on care of the family pet was given by Susan Whetstone. The business meeting was held and the members voted on taking a trip in the fall. A special interest lesson on making flower centerpieces was then given by Betty Blackburn. Several members were dressed in Hawaiian costumes.

Refreshments were served to 17 members and one guest, Mrs. Tom Holloway. The next meeting will be July 16th at the home of Mareta Boggs.

Mrs. Glen Secrist, Avon representative for Harrison Township, joined a group of other representatives on Wednesday of last week and went by bus to Morton Grove, Illinois. The day was spent touring the seven acres of Avon plants, which employs over seven thousand people.

Mrs. Dorothea Cullum of Franklin Park, Illinois is visiting at the Artley Cullum home.

Celebrate 80th Birthday Of Mrs. Nellans

The home of Mr. and Mrs. Clyde Berkepile of Bourbon was filled and overflowing onto the beautiful lawn Sunday, June 16, when they and their daughter, Anne, entertained 60 relatives and friends of Mrs. Anna Nellans, to celebrate the 80th anniversary of her birth.

An informal program followed the bountiful co-operative dinner. This included a poem read by Mrs. Nellans, which portrayed many of the pleasures and joys of growing old, and a response by a nephew, Doyle Baker, of Wheaton, Illinois.

At the suggestion of the hostess, the guests related incidents that had occurred in their lives in connection with that of Mrs. Nellans. The responses included many tributes and expressions of affection and love, as well as amusing stories that caused much merriment.

Guests from out of town included those from Goshen, Benton, Claypool, Tippecanoe, Millersburg, Rochester, Bloomington, Hartford City, Wheaton, Illinois, Warrenville, Illinois,

CELEBRATED NINTH BIRTHDAY

Several friends helped Lu Ann Miller celebrate her ninth birthday on Saturday of last week.

Games were enjoyed by all. A decorated chocolate cake (served with ice cream) came in for its share of enthusiasm. The guest of honor received many lovely gifts. Colleen Gible was unable to be present, but sent a gift.

Guests were Karen McFadden, Chrissie Miner, Diane Hill, Sara Jo Smith, Deanna Decker, Vickie Horn, Kathy Blalock, Susan Romine, Kim Manwaring, Barbara Tibbetts, and grandmother and grandfather Hammer.

Married June 1

Miss Janice Elaine Lynch of Claypool became the bride of John Feldman of Mentone in the Burket Methodist Church at 2:30 p.m., Saturday, June 1. Rev. Howard Warner, cousin of the bride, performed the ceremony before an altar decorated with a basket of white gladiolus and blue carnations, palms and caned labra. Mrs. Dorothy Ring, organist, and Miss Renita Ring, vocalist, presented the wedding music.

The bride is the daughter of Mr. and Mrs. Wayne Lynch of Claypool, and the groom is the son of Mrs. Linnie Feldman of Mentone.

Given in marriage by her father, the bride wore a floor length gown of silk organza fashioned with a fitted bodice and long sleeves, which ended in bridal points over her hands, a deep yoke of chantilly lace accented the sculptured neckline and formed a panel down the front of the bell skirt. Organza bows were used to highlight the lace. Her fingertip veil was caught to a crown of pearls. She carried a cascade of white pom poms and blue roses.

Miss Judy Lynch, sister of the bride, was maid of honor. Her bridesmaid was Miss Diane Silvius. They wore sheath dresses of blue slipper satin with an organza overskirt. They carried a cascade of white pom poms with blue net. Dave Feldman, brother of the groom, and Bud Zolman served as best men.

Ushers were Terry Lynch and Jim Feldman. Miss Debby Baker of North Manchester, cousin of the bride, was flower girl, and Donny Dickerhoff served as ring bearer.

Following the wedding a reception was held at Steer Inn. Assisting with serving were Mrs. Jane Kistler, Mrs. Carol Lemler, Mrs. Charles Feldman, Jr., and Mrs. Marie Coomer. Mrs. Robert Walters of Fort Wayne was in charge of the guest book and Miss Tanya Weir of Warsaw presided at the gift table.

After a trip to Florida the couple will reside on Road 25 West. Miss Lynch chose a navy blue linen dress with white

trimmings and white accessories for her trip.

Mentone Legion Auxiliary

The Mentone American Legion Auxiliary met June 25 at the Post Home. Junior Auxiliary members, under the direction of Georgiana Teel, conducted the meeting. Bonita Nellans called the meeting to order and conducted the opening and closing ceremonies. Other junior officers assisting were Linda Bowerman, pianist; Jacquie Pritchard, chaplain; Terri Boardman, Sgt. at Arms.

Vice president Jean Pritchard conducted the business session. Treasurer Lucille Bowerman reported receipts of about \$100 from Poppy sales. This money is kept in a special fund to help needy veterans or their families. Gifts of appreciation were given eight juniors who helped with this project.

Bernice Jones reported on the bake sale and thanked all those who participated.

A thank you note was read from the Dickerhoff family for our donation to the Heart Fund in memory of Danny.

The group decided to attend the Playhouse at Warsaw on the July meeting night. Jean Pritchard is in charge of reservations.

Miriam Boardman reported that she had received a letter from the local girls attending Girls State at Indiana University this week, and they were enjoying this activity very much.

This year, under the direction of Lillian Smith, the Junior Auxiliary members dressed two dolls in the costume of Dominican Republic. These were on display along with the Pan-American dolls from previous years and the history for each.

Following the meeting the girls led games and refreshments were served by Linda Bowerman and Jacquie Pritchard.

Do not refuel your camp stove or lantern near a fire, warns Purdue University safety specialist. Do not strike matches or smoke while handling fuels.

COUNTERPOINT, Continued

McCarthy (D. Minn.) reports, two-thirds of the world's uncommitted sugar is under control of the Soviets. Much of Cuba's available supplies were sent to Communist nations, enabling them to get higher prices for their beet sugar on world markets.

6. American consumers may pay about \$250 million more for sugar this year, again largely at the expense of consumers.

7. Soft drink bottlers, candy makers and other food processors are facing decisions on higher costs which may result in lower, not greater, profits.

8. Housewives' boycotts are being organized in several areas.

9. A vast bureaucracy has been supported at the taxpayer's expense.

Now, ladies, what do you think of this analysis of our situation?

"It is my opinion that our generation of women has been robbed of one big part of our birthright. We are one of the first generations who weren't born into a household of women.

"For centuries most households had several women in them, not just one. There was friction, of course, but there was always someone to talk to, another pair of hands to share the work. Girls were brought up to be women. A woman's lot may have been hard, but she knew where she stood and she did not stand alone. Even our pioneer grandmothers had such help.

"But when we start raising our families, grandma lives a thousand miles away. Auntie is either working or raising a brood of her own. The hired help is getting more money from industry. Any older neighbors we may have would feel terribly put upon if we asked for help.

"Women of our generation come home from the hospital with a four or five day-old baby and take over. Sure we have a lot of gadgets, but an automatic washing machine can neither mind the children, turn off the stove, nor carry on a conversation.

"We have each had to learn separately, how to be a woman. Those of us who are most successful are those who have another woman or women to depend on. We don't need a professional counselor or a psychiatrist. We need a woman to call a friend.

"Too many mothers today are isolated, exhausted, physically, mentally and emotionally. They are told that they are in a stupid, second-rate occupation that is suitable for illiterate nitwits, but that everything we do may cause irremediable damage to our children. Then when we crack under the strain

we are told we need a psychiatrist.

"Hogwash! We need help and we need companionship."

We enjoyed this:

Billy, 6, was exasperated with the almost continuous squalling of his baby brother.

"I bet I know why he came from Heaven," Billy mused. "They put him out."

A former resident, Sp. 3 John (Mike) Boggs, was home on a 30 day leave from the Army. He visited friends and relatives in and around the Mentone, Packerton and Fort Wayne areas. He is studying to be a laboratory technician and was transferred from Fort Ord, California to Fort Sam Houston, Texas to train in his chosen profession.

Mr. and Mrs. Robert Hibschan and daughters are enjoying a vacation, which will take them to various points of interest in the midwest, ending at Wichita, Kansas at the home of Mrs. Hazel Tannis, mother of Mrs. Hibschan.

Honored At Bridal Shower
(Continued from front page)

Misses Linda Smalley, Marsha and Tanya Sisk and Martha Nees.

Those sending gifts were Mesdames Kenneth Miller, Melvin Miller, Ronald Swick, Ray Hamilton, George Smith, and the Misses Diane Silvius and Jean Swick.

Miss Smith was also honored at a bridal shower at the home of Mr. and Mrs. Kenneth Horn June 21, given by the Misses Joyce and Mary Lou Horn and Linda Smalley.

Games were enjoyed and then Betty Lou unwrapped her lovely gifts.

The gift table had green and yellow streamers coming down from a light above.

Refreshments of cookies, nuts, mints and punch were served to Mesdames Donald Smalley, Howard Horn, Wesley Hill, Kenneth Horn and Harvey Smith, and the Misses Jody Horn, Diane and Brenda Cumberland, Janet and Kay Goshert, Jenny and Jody Hudson, Margaret and Jo Ann Hill.
