All Caravelle watches have jeweled-lever movements — all working jewels — and unbreakable mainsprings. That's a lot of expensive parts for an inexpensive watch! And each one is guaranteed by Bulova! They wouldn't guarantee anything but a good watch. At these low prices, you can't afford to pass up an opportunity to take a look. We'll be glad to show them to you.

## COOPERS CORNER

This past Saturday we were able to open the Bourbon store for business. At present, it is not fully stocked. We have merchandise on order that has not arrived as yet so the stock will improve as time goes along. Our aim is to make it a well stocked store to serve the people in that community.

Sunday, June 18th, is Fathers Day. Don't forget Dad and Granddad too. They deserve being remembered with a card or gift.

Give an Arrow white Decton or Dectolene shirt. They never need ironing. \$7.00 and \$9.00.

Dad always likes a new tie, especially when it's a Wemblon tie by Wembley. They are permanently pressed to retain their shape and are wash'n wear, \$2.50. Others at \$1.50 and \$2.00.

Perhaps Dad needs a new wrist watch. We have a good selection of the famous Timex watches priced from \$7.95 to \$18.95.

Other gift suggestions for Dad are Old Spice toiletries, a quality pocket knife by Imperial Knife Company, or if Dad likes a useful and practical gift, give Key or Osh Kosh overalls or work uniforms.

June is the traditional month for weddings. Shop our store for that gift of linens, glassware, cookware, appliances or a miscellaneous gift from our patio gift department.

Come to Mentone where it is easy to park and shop. Our store is open 8:30 a.m. to 5:30 p.m. Monday, Tuesday and Thursday; Wednesday 8:30 a.m. to 12:00 noon. Friday and Saturday 8:30 a.m. to 8:00 p.m.

## C of C plans airport improvement project

Honorary memberships to the Mentone Chamber of Commerce were presented Wednesday night to Robert Reed, Earl Shinn, and Conde Walburn.

Scholarships, Parkarama, and airport improvement were the main items of business at Wednesday night's dinner meeting of the Mentone Chamber of Commerce. Approximately 40 members attended the meeting which was held at Teel's Restaurant.

Macy Nelson, secretary, in giving his yearly report stated that the Mentone Airport would be the Chamber's 1967 project. A recent report by the Aeronautics Commission revealed the need for improvement to the runways at the Mentone Airport. Nelson said it was not common knowledge that \$122,000 worth of airplanes were kept at the airport and that traffic there is very heavy, citing a recent week with 218 landings. He said the improvement would keep Mentone abreast with the times and would benefit the community. Some discussion was held concerning costs, and the matter will be researched fully.

Steven Tucker, son of Mr. and Mrs. Joe Tucker, was named recipient of this year's Chamber of Commerce Scholarship. He was presented his scholarship by Tom Fugate, president, and Frank Manwaring, vice president.

Honorary memberships were presented to Robert Reed of Reed Funeral Home, Earl Shinn of Shinn's Lawer Plant, and Conde Walburn of Walburn Insurance Agency.

The industrial committee of which Forrest Miner is chairman reported that no progress had been made in securing a new industry to locate locally but that the talks had proven beneficial because they now knew more specifically what industries wanted when they select a site for building. One of the most important criteria is a sewage system, it was revealed, and Miner, who has previously not been in favor of a sewage system for Mentone, stated he is now convinced

Mentone would need to have one if it intended to continue progressing.

Plans for this year's Parkarama were discussed. The yearly event will be held in the Mentzer Memorial Park on July 29. Robert Hibschanman will be general chairman for the day. Tentative plans include a chicken fried by the volunteer firemen, Bingo, an old timers ball game, a Boys League ball game, a greased pig contest, a sack race, square dancing, muzzle loading rifle shoot, antique autos, and a drawing for merchandise prizes.

A film entitled "The Best Investment We Ever Made" concluded the evening's program. Cont on last page

mentary, were signed. Discussion was held pertaining to janitors' and bus drivers' salaries but no action was taken.

## Bowser-Swihart Vows Are Said

Miss Victoria Lee Bowser became the bride of Charles Lewis Swihart in a lovely evening ceremony at the First Baptist Church, Mentone, on Saturday, May 27. Rev. Howard O. Addleman officiated at the double ring ceremony before an altar graced with white gladioli and candelabra.

Mr. and Mrs. Wayne Bowser, Mentone, and Mr. and Mrs. Robert Swihart, Argos, are parents of the couple.

The bride chose a gown of silk linen and Venice lace. The skinmer of linen gently molded

the figure and featured a sheer yoke of organza accented by lace floral motifs styled with a bateau neckline and bow-cuffed choir boy sleeves. The lace motifs were repeated on the Watteau organza train which belled to chapel length. A full blown organza rose with pearl edged lace petals held her tiered veil of imported illusion. She carried white roses on a white Bible.

Debra Bowser was her sister's maid of honor. Bridesmaids were Miss Pat Smith and Miss Diana Sarber, both of Mentone. The attendants wore floor length gowns of avocado chiffon over taffeta. Tiny flow-erettes with stud centers marked the Empire line of the sleeveless bodices which were fashioned with scoop necklines and satin back bows. Matching bouffant veils completed their ensembles. Each carried a single white rose.

Debra Baker and Mary Lou Swihart, Argos, nieces of the bridegroom, were flower girls and Mike Yeiter, Atwood cousin of the bride, was the ringbearer.

Earl Swihart, Argos, brother of the bridegroom, was best man. Groomsman were Jim Swihart, Argos, a brother of the bridegroom, and George Shoemaker, Argos, a cousin of the bridegroom. Ushers were Ken Romine, Dan Acton, Rex Bowser, all of Mentone, and Dan Brunner of Warsaw.

A reception was held in the church parlors immediately after the ceremony. The Misses Susie Cole, Karen Horn, and Patty Walsh, all of Mentone, served.

The couple will make their home at Sacramento, California where the bridegroom is stationed with the U.S. Air Force.

## DID YOU KNOW?

Mr. and Mrs. Gene Norton and children spent Sunday at Buck Lake Ranch.

## Help Wanted

The Mentone Youth League Board is urgently in need of adult assistance to help manage teams and do other necessary jobs. The Youth League recently built two new diamonds on a tract of land they purchased across the street from the Dickerhoff Trucking Company and work has been completed on new dugouts and a concession stand.

The following plea for help was received from the Youth League Board:

To qualify you must be interested in young boys. At the present, it seems that there are very few who are. That is a rather embarrassing fact, or else there are some fathers or interested men who haven't offered to help work with our youth this summer.

Several men are still needed to help manage baseball teams. The men we have are doing a very fine job and enjoying it. To these, we take our hats off. Then there are the ones who criticize the umpires and managers from the bleachers. We don't mind some criticism as this sometimes helps to remind us we are not perfect. Suggestions are always welcome. But come on down on the field to see how easy it is to help these boys learn the game of baseball or how easy it is to call balls and strikes on a boy who's barely big enough to hold a bat.

I honestly don't believe there is one father or man who is not interested in their sons or young boys, but there are those who are reluctant to help work with them. So far, a handful of men have built the boys a beautiful new ball park and enjoyed every minute of it. We are all proud to say we have a part in this program. If there is anyone who would like to help, please contact any board member. In advance, we thank you.

## Miss Sanders Weds Steven Lewis

Miss Susan Lenore Sanders, daughters of Mr. and Mrs. Haley Sanders, Grove, Oklahoma, became the bride of Steven Ray Lewis, son of Mr. and Mrs. Raymond L. Lewis, Mentone, Saturday, May 27th, in the Dodge Baptist Church, Grove, Oklahoma. The double-ring ceremony was performed by the pastor, Bro. J. A. Munson, before an altar graced with baskets of white gladioli and candelabra.

Miss Marsha Houck, organist, provided traditional wedding music preceding the ceremony and accompanied Brent Sanders who sang "I Love You Truly" and the "Lords Prayer". Miss Sharon Lewis presided at the guest book.

The bride, given in marriage by her father, wore a floor-length empire gown, with matching train of peau de soie. The bodice was of lace and featured a scalloped neckline and elbow length sleeves. The bride's veil was held in place by a crown of seed pearls. She carried a white Bible covered with white orchids and blue streamers. She wore a strand of pearls, gift of the groom.

Miss Talitha Brown, Siloam Springs, Ark., was maid of honor. Miss Brown's dress was of blue crepe with an empire waistline, and she carried an arrangement of white carnations. Darrell H. King of Mentone was best man.

Vida Sanders, niece of the bride was flower girl. Ushers were Larry Sanders of Tulsa, Oklahoma and Don Lowrie of West Rupert, Vermont.

The reception was held at the church following the ceremony. After a short wedding trip, the couple will be at home in Siloam Springs, Arkansas where they will be sophomores at the John Brown University this fall.

## Reception Honors Mrs. Tucker

The Mentone Chapter OES recently held a reception in honor of Mrs. Cara Lyn Tucker who was appointed Grand Page of District 20 during the 1967 Grand Chapter session.

The worthy matron welcomed all present, after which Sister Cara Lyn was presented at the altar and given a welcome by Frances Marshall, worthy matron, who expressed the appreciation of the chapter for the honor she brought to the Mentone chapter.

She was escorted East through an aisle of "Roses and Buds" a group of junior past matrons and patrons from District 20 by her husband Charles. Her sons, Chad and Chan, presented their mother an orchid, a gift from her husband, and Ruth Merrill, junior past deputy, presented her a gift from the Roses and Buds. After being introduced in the East, Cara Lyn was crowned "Queen for the Night" and given a gold filled charm from her chapter in remembrance of her Grand Page year.

The Tuckers were celebrating their seventh wedding anniversary so the room was decorated with wedding bells suspended by a garland of paper decorations in the East. A plant of flowers was on each pedestal in the room. The East was decorated with the emblems used by Cara Lyn when she was worthy matron--the red rose, the Holy Bible, crown and scepter, and the chain of friendship and the praying hands.

The program consisted of the history of Cara Lyn's Rainbow and Eastern Star days. It was narrated by her mother, Mrs. Eileen Koenig. Formal gowns worn by Cara Lyn during her presiding years were modeled by Mrs. Steve Shirey, Mrs. Alan Shirey, Susie Shirey, Connie Ault, and Mrs. Jerry Nelson.

Special musical selections were presented by Mrs. Marguerite Campton, vocalist, and Mrs. Margaret Ellingwood, past grand organist. The audience sang happy anniversary to the guest of honor and her husband. Several grand officers and past grand officers were introduced as was Mrs. Thelma Anglin who was Cara Lyn's mother advisor in Rainbow.

Following the reception, Rev. and Mrs. Glen Campton, who

are officers in the local chapter, were presented with a going away gift in appreciation for their faithfulness to the order and everyone joined in expressing best wishes to the order for happiness in their new pastorate at Anderson.

Worthy Patron Gene Marshall invited everyone to the dining room for refreshments which were served from beautifully decorated tables. The guest of honor was presented many lovely gifts.

## Returns From So. America

Miss Donna Van Gilder returned to her home here Saturday night after having spent the past two years with the Peace Corps in Columbia, So. America.

Miss VanGilder worked with rural Columbians in the Andes Mountains, teaching them to use their natural resources and to work together. Two schools will soon be completed that were begun with Miss VanGilder's encouragement. When the people decided they needed the schools, she assisted them in promoting projects to raise the necessary funds to buy the cement. With a machine furnished by Alliance for Progress, the people used stones they had gathered themselves and the cement they had purchased from their fund events to make concrete blocks for the schools. She traveled to various parts of Columbia, during her stay there and also visited Peru, Bolivia, and Ecuador.

Miss Van Gilder is the daughter of Dr. and Mrs. D. J. Van Gilder, Mentone, and the granddaughter of Karl Gast, Akron.

## GIRL SCOUTS

### A Column of News By And For All Girl Scouts Of The Mentone Community

A Intratrop Picnic was held at the Mentone Park on June 14th. Three Troops took part in this outing — the new Brownie Troop, Brownie Troop 142 and Junior Troop 25.

All of the girls and leaders joined in a circle for the opening which was the singing of "If You're Happy". The girls then separated into two groups to play some games such as jump rope, kick ball, and red rover. After this, the girls went into the shade for some much needed rest and to learn to tie a square knot. After this the girls enjoyed lunch. Each leader had brought some Kool-Aid to go with the girls' food. Ice was purchased to make the drinks colder as it was such a hot day.

After lunch the girls were given some instructions on lighting by one of the leaders. Many comments were heard, "I can't do it" after which they pro-

ceeded to do it very well. The picnic was rated a success and broke up at two o'clock. Those attending were: Myra Eaton, Teresa Kindig, Peggy Hibbs, Teena Brown, Debi Blackburn, Diana Peters, Cindy Yeiter, Tammy Stokes, Sue Hiers Cathy Tucker, Denise Cooper, Joy Lucht, Terri Clappitt, Barbara Toll, Sandra Good, Cindy Deal, Janet Peterson, Lori McGowen, Carol Fawley, Robin Secrist, Sherry Gray, Lisa Owens, Jackie Walton, Leslie Senff, Crystal Ross, Tamara Mosier, Melva Smith, Jane Bach, Ehasta Johnson, Alicia Dickerhoff, Maria Leffert, Kathy Greer, Pam Ecker, Cindy Fawley, Nancy Eltinger, Barbara Johnson, Wendy Deal, Paula Beck, Debra Kelley, Cindy Allen, Lynne Knoop, Debra Riner, Susan Riner, Amy Bowser, Cindy Jordan, Sharon Burkett, Mrs. Vi McGowen, Mrs. Helen Good, Mrs. Howard Allen, Mrs. Norene Norris and

children Angie and Beth Ann, Mrs. Janet Johnson, and children Jay, Dannie, and Shana.

This is the close of the Scouting season for these three troops except for Day Camp. The Brownies and Juniors will begin meetings again in September.

#### MENTONE NEWS AND THE CITIZENS OF MENTONE:

This is the time of the year when the Scouts in any community send in a "Letter to the Editor" to express their thanks for the support of the past Scouting year.

Somehow this does not seem adequate. In our case we feel that all the businesses and citizens have supported us 100%. No help was asked for without being granted.

The Mentone News has always printed what we asked of them.

Our Troop Committees have always been willing to do anything to help and support the troop and leaders.

The Mentone Methodist Church allows us to hold our weekly meetings there.

Our sponsors who help us so much are great morale builders. Much other support is received, not the least of it, comes from the parents of the Scouts themselves. As can be readily understood, without all of the above mentioned there could not be any GIRL SCOUTS.

Thank You All,

## Merry Mollys Hear Lessons

The Merry Mollys Extension Homemakers Club met June 12th at the home of Mrs. Gene Sarber with Mrs. Glenn Mellott assisting.

Mrs. Glenn Mellott read interesting details on the life of Stephen Foster, the author of Beautiful Dreamer, which was the last song he wrote before he died. Members joined in singing this lovely old song. Mrs. Claytons Holloway gave a serious poem, "A Down Trodden House" and a humorous poem "Ironing Day" for meditation.

Comments on "Using L. P. Gas or Bottle Gas" were read by the substitute Health and Safety leader, Mrs. Joe Tucker.

Mrs. Donald Horn very capably discussed "Checking Materials for Garden Use." Liquid fungicides should be carefully checked for deterioration over winter as they spoil readily if oxidation occurs. Bottles should be drained and rinsed before discarding, as a protection to small children, she said.

Mrs. Luke Hiers did a splendid job of presenting the lesson on Child Development, a subject to all the members. She asked and answered five questions concerning teenagers. She closed by remarking, "If you are a Mother, dress and act like one, and not like a teenager."

By answering "What I Like Most About The Person On My Right" for Roll Call, members found out what a wonderful group they really are.

All the members and their husbands are looking forward to the trip to the Wagon Wheel Playhouse to see Funny Girl, a story about Fanny Brice.

Plans were made to entertain the 4-H Club girls, who do such a tremendous job under the leadership of Mrs. Robert Hibschman and Mrs. Kenneth Anglin. The committee of Mrs. Luke Hiers, Mrs. Marion Smith, Mrs. Joe Tucker and Mrs. LaMar Leffert will work on planning this evening to be held late in July.

Closets and old trunks will be searched to find a costume suitable to wear to the "Back To School Party" members are planning for our September meeting, when they will be entertained by Mrs. Luke Hiers.

Mrs. Loren Gross has invited members to her home for a potluck supper for our July meeting.

How about a trip to Chicago? The Atwood Home Study Club has invited the club to join them on a trip to Chicago on October 4th. Several places of interest will be visited with time to shop squeezed in.

The business was closed with the Club Prayer Song, "He Leadeth Me."

Secret Pals remembered were Mrs. Glenn Campton, Mrs. Luke Hiers, Mrs. Loren Gross, Mrs. Carl Whetstone, Mrs. Gene Sarber and Mrs. William Ettinger.

Lucky winner of the door prize was Mrs. Marion Smith.

Due to the late hour, the Dirty Bingo prizes were auctioned off, benefiting the treasury in a small way.

Delicious frosted jello, crackers and a creamy punch were served by Mrs. Glenn Mellott.

# Kosciusko Co. ARC is 50 yrs. old

June 13, 1967 marked 50 years of service rendered by the Kosciusko county chapter of the American National Red Cross, a United Fund Agency. Under the leadership of Ned Titus, chapter chairman, and Mrs. Inez Devenney, executive director, more than 500 county residents exemplify the American Red Cross slogan, "Help Us Help." This number does not include the hundreds of people who roll up their sleeves when the Mobile Blood Unit visits our county and give their blood that others may live.

American National Red Cross is specifically chartered by the Congress of the United States to act as the medium of voluntary relief and communication be-

tween the American People and their armed forces and to carry on a system of national and international relief to prevent and mitigate suffering caused by disasters.

Locally, this means that the phone rings frequently at the Red Cross Chapter House, corner of Detroit and Market streets in Warsaw, and also at the home of Mrs. Devenney and the homes of volunteers serving in the military and veterans program.

Recently, in response to an urgent call, a Red Cross Field Director in South Viet Nam told the service man, who was on a 30-day assignment in the field, of a serious situation here at his home. His father was to undergo surgery for amputation of a leg. Fifteen minutes after receiving the message the soldier, in combat boots and fatigues, was on a plane enroute home to keep vigil with his mother who also was in need of surgery. Later Red Cross assisted with affidavits for a hardship to enable the service man to assist his family.

Kosciusko County ARC Chapter has contact with Red Cross Field Directors covering United States military installations throughout the world. Sometimes the message announces the arrival of a "New King-Pin" weighing seven pounds six ounces, Mother and Baby fine! Sometimes the message tells of a death, critical illness or other family crisis.

Red Cross assists families with papers for compassionate reassignments, hardship discharges, veterans benefits, etc. It counsels service men's wives with family problems and readjustments. In several instances the wives were from other countries and not acquainted with our way of life.

Kosciusko county Chapter volunteers at Christmas time prepare 100 red and green ditty bags sent to service men of the 173rd Airborne Brigade, which is stationed about 20 miles from Saigon, Viet Nam. This Brigade has been "adopted" by the 18 chapters of the Combined Service Territory, of which Kosciusko County is one, with Fort Wayne as the key chapter.

Earlier in the year, volunteers also made and filled 275 denim ditty bags. Materials and articles for both projects were provided by civic groups, industries and individuals throughout the county.

Many letters thanking the Kosciusko residents were received one, a letter from Lt. Col. Odom commanding officer of the 2nd Battalion, 3rd Infantry, 199th Light Infantry Brigade (Separate), states, "The gifts were greatly appreciated, but the thought behind them was even more appreciated. Morale jumped to a higher pitch because of your thoughtfulness."

Fortunately during the past year disaster services in Kosciusko county have been needed only in cases of one-family fires. Nationally the American National Red Cross gave assistance in 14,100 major and minor disasters in 50 states, the District of Columbia, Guam, Virgin Islands, Puerto Rico and American Samoa. Emergency care was given to 572,900 persons and aid to 68,900 families.

Kosciusko County residents "Helped to Help" in this great humanitarian work by their contributions to ANRC through the United Fund.

## BLOOD PROGRAM

It is the volunteer donor willing to give his blood for a neighbor, who enables the Red Cross to meet emergencies and to collect and distribute more blood than any other single agency in the United States for use in the nation's hospitals. While the Red Cross will always meet critical emergencies, it believes that families and groups seeking the protection of available blood for their members have a responsibility to give blood.

During the past fiscal year Kosciusko county met only 80% of its 1300 pint quota. Of the 1410 pint quota for the current year only 580 pints have been collected. There are still four more visits to be made here by the Blood Mobile Unit which provides the opportunity for donors to fill the quota.

This program is one of your Red Cross Chapters most vital services. It has helped to save many, many lives, and saved county recipients approximately \$40,000.00 last year.

Your Red Cross offers training courses in water safety and small craft which are designed to develop aquatic skills in all age levels. Parents can begin with "Teaching Johnny to Swim" for the small fry. Then there are graduated courses for older age groups conducted by authorized Red Cross instructors. The annual rate of death by drowning has gone down steadily since the Red Cross began its water safety crusade more than 50 years ago. Kosciusko County, with it 101 lakes, could very well become the water safety training center of the nation. 989 certificates were issued to those receiving water safety training in Kosciusko County during the past fiscal year.

327 certificates for having completed Red Cross first aid training were issued in this same period. Saving lives is the immediate goal of the program, but the long-range objective is to make people accident-conscious and safety-prone and thereby prevent accidents. Your Red Cross suggests you not be an accident statistic—but be a lifesaver. Take a Red Cross first aid course.

First aid stations have been provided for many community activities, and many safety demonstrations have been given to various groups who have been interested in promoting safety practices.

Another group of volunteers serving residents of Kosciusko County are the registered nurses who volunteer their services at blood visits, first aid stations, community projects, and are prepared to serve in event of disaster. This is a part of the Nursing service program of your Red Cross. 154 people received training this year in the Home Care of Sick and Injured courses, and are better equipped to cope with illness and emergency situations in the home.

Many youth in our county have served this past year, particularly in the college and high

school level. They have received Red Cross training in many fields, they have assisted with blood programs, first aid activities, water safety and other Red Cross programs.

The backbone of your Red Cross is the volunteer, those who serve in so many ways their neighbors at home, as well as around the world—locally trained uniformed volunteers serve at the hospital, nursing homes blood visits, etc., and are prepared to serve in event of disaster. Service is our business, and in this the final week of March, the month designated as National Red Cross Month, we invite you to call our office and learn how you too can "HELP TO HELP."

### Parson Jones Speaks

Dear Mr. Publisher

You shoulda been at our Good Neighbors club meeting the other night. It was a real eye-opener. As you know, this group represents the blue-blood of our community. That's the reason we're such good neighbors - we all got the same kind of blood. Most of the members can trace their blood back as far as George Washington. It's just a miracle it hasn't spoiled over the years.

The thing that made this meeting so interesting was the fact that a new member, The Rev. Smokey Brimstone was brought into the fold. He was proposed as a new preacher member til it was learned that all the preacher spots in the club had been filled already. It looked dark for Rev. Brimstone until it was discovered there was a opening for hog-caller. Well sir, we called Smokey in after standing out in the hall for all this consideration, and announced the good news that he had been received into the group as a hog-caller. I'll never forget ole Brimstones answer. He said, "Well, I've always been known as shepherd of the sheep, but I guess you know your own folks better than I do." This remark almost ended the 50 year history of our club.

But you know, Mr. Publisher, I think he deserves a prize for properly identifying the group. They do behave like pigs in that they can't get together without they're eating. Just like hogs, when they get together, they try to see if they can out-eat others.

They also act a little like pigs by getting off to a little pen by themselves, and hogging everything for the Good Neighbor Club. One guy tried to get in to our group with blood-shot eyes some time ago, and they refused on the grounds that the red eyes might mean he was a communist. Of course, the fact that he was a son of the celebrated Dean Rust made no difference to our members.

Another thing that makes Brimstone's observation true is the grunting thats always going on in the group. They grunt about all the problems in the community as if the world had broke its last rocker. The only problem is they never make any moves to solve the problems. We had 54 speakers on juvenile delinquency in two years but we ain't come up with the first answer yet. (Maybe we're a trouble shooting group.)

Finally, our group remains me of pigs in that folks squeal everytime they're asked for

## Big-combine power in New Holland's easy-to-transport Model 985!

**Check it out.** Here's harvest power. Plenty of it. Whether you're planting narrow-row or wide-row.

Driving it is a big, brawny 110-hp engine, for example. It's got the heft to handle the heavy crops, the "push" for the tough conditions. Keeps you right on rolling till all the crop is in.

And there's separating ability to match. The "985" has 6,420 sq. in. of strawwalker area—tops in its size class. Extra-big strawwalkers and cleaning area are fed by a cylinder that's almost 40 inches wide, 24 inches in diameter. The result is more corn—and cleaner corn!

And you'll get the job done in comfort with on-the-go control of reel speed, cylinder speed, header height, reel height. Right from the cushioned contour seat. It's all standard equipment, too!

But best of all is the way the "985" is built to stay on the job till it's done. It's truly a powerful combine, built to do a powerful lot of work!

**Choice of headers.** Select either 2-row 40-inch, 3-row 30-inch or 4-row 40-inch corn heads. 13-foot or 15-foot direct-cut headers.

There's a lot more you'll like about the Model 985. But let your New Holland dealer be the one to give you the full story.

## Look God!

"Look, God, I have never spoken to You, but now I want to say, 'How do You do.' You see, God, they told me You didn't exist, and like a fool, I believed all this.

"Last night from a shell hole, I saw Your sky. I figured right then they had told me a lie. Had I taken time to see things You made, I'd have known they weren't calling a spade a spade.

"I wonder, God, if You'd shake my hand. Somehow, I feel You will understand. Funny I had to come to this hellish place before I had time to see Your face.

"Well, I guess there isn't much more to say, but I'm sure glad God, I met you today. I guess the 'Zero Hour' will soon be here, but I'm not afraid since I know you're near.

"The Signal! Well, God, I'll have to go. I like You lots, and I want You to know. Look now, this will be a horrible fight; you knows, I may come to You tonight.

"Though I wasn't friendly to You before, I wonder, God if You'd wait at Your door. Look, I'm crying! Me! Shedding tears! I wish I had known You these many years.

"Well, I have to go now, God, goodbye! Strange, since I met You, I'm not afraid to die."

## Take your problems to Church this week -

### Keep First Things First!

Most boys like to fish. They take to the sport naturally once they have been initiated. It is a healthful recreation and one that can be used to keep sonny out of much mischief. It should not be used, however, so that it becomes the "tail that wags the dog." If, after he becomes an ardent disciple of Isaac Walton, he sees Dad skipping the usual church service period to go fishing, he soon will be doing the same thing. It should not be indulged in at the time for religious education anymore than it should on days when school is in session.

Take Sonny fishing often but take him to church regularly.

## Boating Tips...

### DISTRESS SIGNALS

With today's finely engineered motors and modern boats there's seldom need to summon aid while afloat. Statistics show that the major reason for distress cries is simply "running out of gas."

If you ever find yourself in this embarrassing position, here's how to attract attention, say the Mercury outboard people. If other boats are in sight, stand with your arms spread and move them up and down like a bird's wings. Or you can attach a white shirt to a fishpole or oar and wave it back and forth above your head.

Some other ways are: signal "SOS" (three dots, three dashes, three dots) with a flashlight; activate one of the smoke flares designed for just such situations; continuously sound any fog-signal apparatus; raise a square flag with a ball or something resembling a ball underneath it; carry emergency flares with you and set one off whenever anyone approaches in a boat or airplane.

Better still, carry enough gas.

## Akron Plans 2-Day 4th Celebration

The 4th of July holiday will be observed in a two-day celebration at Akron this year. The yearly event, which also falls on Akron's birthday, is sponsored by the 4th of July committee representing the Akron Chamber of Commerce, the Las Donas Club, Kappa Delta Phi sorority, Lions Club, and other organizations and individuals.

This year's event will begin at 12:30 p.m., Sunday, July 2, with a horse show at the school grounds located at the north edge of Akron on State Road 23.

A giant parade will again be featured on the 4th. Line-up time is 10 a.m. at the Lelan and Baum Elevator. The parade proper will begin at 11 a.m. and will feature almost 100 entries. Entries already announced include four musical organizations, 22 floats, and 70 miscellaneous entries ranging from antique cars and farm machinery to horse patrols and queens.

The massed bands will play the Star Spangled Banner at the flag-raising at the school yard immediately after the parade. The flag-raising will be done by the Shrine Patrol Drill.

Afternoon and evening events include performances by Koko the clown, Pat Kelley, Dallas the Keystone Cop, Eva and Her

Performing Dogs, and a live band recording group, "The Other Five."

Lafayette Jeff's baseball team will meet the Akron team at 1:30 and will be followed by contests for the kids and a parachute jump by Chuck Hoffman. Arthur Tyler, So. Bend, will deliver the evening's speech at 7 p.m. Nancy Lee and the Hill-toppers will entertain at 8 p.m. Free fireworks will climax the evening.

## State Police List

### 10 Rules

The Indiana State Police Department this week listed the following ten rules, which are designed to help the public become better citizens:

1. Do not aid and abet criminal activity. Always remove keys and lock car when it is parked. Do not "invite" criminal into home while absent or on vacation.
2. Schools must instill a high degree of respect for law and order in their students.
3. Parents must set proper examples for their children. Compliance with and respect for law and order by parents is essential for the proper development of the child's attitude. Know your children's friends and associates.
4. Lend law enforcement your eyes and ears. Call any unlawful or suspicious activity to the attention of the police.
5. Participate in law enforcement as a good citizen. Visit the courts, serve willingly on juries and find out what is happening in law enforcement.
6. Merchants and businesses should help prevent crime by adequate after hours lighting in their establishments. Reduce temptation by proper displays. Use burglar detecting devices.
7. Your police must be adequately budgeted in order to function properly. Support the police by your loyalty to them.
8. Record the serial numbers of valuables for identification in case of theft.
9. Civic and fraternal organizations should initiate programs in support of law enforcement. Invite a law enforcement officer to speak at your next meeting.
10. Support public officials who advocate good government and strong law enforcement. Participate in your government and vote for the candidate of your choice on election day.

In mid-summer, 1965, State Police issued the first of two

police-citizen 10-point programs. The initial program was aimed at curbing Indiana's traffic toll.

## New Station Plans Religious Programs

A ground-breaking ceremony for South Bend's newest Radio Station, WHME, took place Sunday near the intersection of Ireland Road, Prairie Avenue and Mayflower Road, in South Bend, Indiana.

Reverend Lester Sumrall was the main speaker and he emphasized that WHME will provide South Bend with additional community service and also become an outlet for religious institutions in the Michiana area who wish to broadcast at hours previously unavailable to them. He stated that up to 25% of the station's air time will be allotted to religious broadcasting. WHME will broadcast on 103.1 mc FM and will cover a radius of 50 miles with stereo music, news and community interest programs.

Roland Salk and Associates of South Bend are architects for the building which is expected to be completed within the next 60 days. The building will be a modernistic brick and masonry structure with soundproofed studios and completely air-conditioned. The property lies between State Road 23 and Dollar Lake. The station, when completed, will be valued at approximately \$150,000.

## Learn Hatmaking At Home

UNIVERSITY PARK, PA.— "What fun it would be if I could make my own hats. I might have more hats for less money." How often have you said this to yourself or your family or friends?

You don't need to be an expert seamstress to make a hat. You can learn the basic techniques of hatmaking right at home and it will cost you very little in time and money.

To aid you in your venture of fashioning your own hats, The Pennsylvania State University has a correspondence course on hatmaking. The course contains all the instructions you need whether you plan to fashion a hat of fabric, straw, flowers, or feathers. An added bonus is a section on renovating and trimming hats.

The course has other information that will be helpful in your project. It has illustrations of hat shapes so you can choose the shape that will look best on you.

To get this complete correspondence course, send your name and address with \$1.75 to HATMAKING, Box 5000, University Park, Pa., 16802. Make your check or money order payable to The Pennsylvania State University. The material will be sent promptly and the fee covers all costs. You can study the course at your leisure, then keep it handy for a quick reference.

## Nation's Outstanding Young Farmers

The nation's four Outstanding Young Farmers of 1966-67, and Andrew A. Urban of the National LP-Gas Association, who with the U. S. Jaycees, sponsor the annual event.

From left to right are Joe Galleano, 35, of Madera, California; James E. Machek, 34, of East Palatka, Florida; Urban; William J. Richards, 35, of Circleville, Ohio, and Peter C. Myers, 35, of Canolou, Missouri.

Galleano over a span of years has built his operation from 120 to 964 tillable acres, on which he raises cotton, alfalfa, beans, oats, hot house tomatoes, and potatoes.

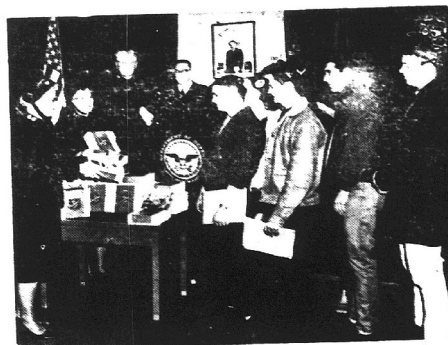

Machek is the world's largest grower of cut flowers, which he supplies to commercial florists.

Myers started in the business of farming with an agricultural tractor and \$2500 savings which he spent as down payment on a new and a second-hand tractor. Today he has a herd of 450

cattle on his 1100-acre farm, and in addition raises cotton, corn, wheat, and soybeans.

Richards started with an agricultural degree and debts of \$25,000 which he repaid in four years from his farming operation and today operates a 1900-acre cattle and corn farm.

The four were chosen from a field of 36 Outstanding Young Farmers from as many states, at the annual awards program at Harrisonburg, Virginia. The state representatives were survivors of an original field of 12,000 Outstanding Young Farmers participating in programs in some 1200 communities the length and breadth of the country.

# HINTS ON HEALTH

By the INDIANA STATE MEDICAL ASSOCIATION

## FLUORIDATION

ACCORDING to national figures, fluoridation of drinking water has reduced the number of decayed teeth from 80 percent to 30 percent or less.

Fluoridation is simply adding a chemical containing fluoride to the drinking water. The apparatus used is similar to and located at the same point as the apparatus used for adding chlorine to the water.

This is known as chemicalization, or water conditioning, since fluorides are not used as drugs, not used for treatment and are not a medicine or a medication.

Chemical conditioning of the water with fluoride simply reduces dental caries in the teeth of infants and children up to and including eight years of age. The early beneficial effect of fluoridation lasts for a lifetime.

Reduction of caries incidence amounting to 50 percent are usual when persons from natural fluoride areas are compared with those from nonfluoride areas. Similar reductions have been reported in persons who drink artificially fluoridated water.

### Trustees Meet

### Here, Vote To Handle Re-Appraisal

Members of the Kosciusko County Trustees Association met at Teel's Restaurant Monday night to discuss plans for the real estate re-appraisal that will start in 1968.

Carl Leininger, Columbia City, a member of the state tax board spoke to the group. All but one of the 18 members were present and voted to handle the re-appraisal themselves by a 16-1 vote. The re-appraisal will begin Jan. 1, 1968 and will take about six months.
