**GOLDA WARNER
BURIED MONDAY**

Services were held Monday in the Summe-Dickerson funeral home in Silver Lake for Mrs. Golda Vern Warner, 72, of Dearborn, Michigan.

Mrs. Warner had resided with her daughter, Mrs. Ella Jane Pond, in Dearborn for some time. She was a native of Silver Lake and has resided most of her life in that community.

Mrs. Warner was born Sept. 25, 1888 the daughter of Mr. and Mrs. Samuel Bashore. She married W. A. Warner who preceded her in death. She was a member of the Silver Lake Methodist Church. She and her husband once resided in Mentone.

Surviving in addition to the daughter is a brother, Chester Bashore, of Arizona.

Burial was in Lakeview cemetery at Silver Lake.

**COLUMBIA CITY
WINS TOURNEY**

Columbia City, by defeating Milford 71 to 63 in the final game, won the sectional tourney at Columbia City Saturday evening.

Mentone got past their first game by defeating Larwill 65 to 41 in the opener, but fell to Milford in an overtime game 39 to 36.

Other tourney scores were: Milford 83, Piercetown 60. Columbia City 82, Sidney 35. Warsaw 63, Etna Green 45. No. Webster 94, Leesburg 54. Atwood 51, Syracuse 50. Claypool 40, So. Whitley 38. Columbia City 46, Warsaw 43. North Webster 75, Atwood 49. Milford 68, Claypool 50. Columbia City 66, No. Webster 46.

NEW SON

A son, Timothy Allen, weighing eight pounds five ounces, was born to Mr. and Mrs. Duane Eckert Feb. 23 at the Woodlawn hospital at Rochester. Mother and new son came home Tuesday. Grandparents are Mr. and Mrs. Ray Eckert of east of Mentone and Mr. and Mrs. Elva Ball of R. 1, Claypool.

BLOOD BANK THURSDAY

The next blood bank is Thursday, March 2, from noon until six o'clock, at the Masonic Temple at Warsaw. Any able to contribute to the bank are invited to participate.

**ROCKHILL FUNERAL
ON FRIDAY**

Funeral services for Morrison Rockhill, 65, prominent Warsaw attorney who was found dead in his bed last Wednesday morning, were held at the Warsaw Methodist church at two o'clock Friday afternoon, with Rev. A. E. Habgood officiating. Burial was in the Rockhill family plot in the Mentone cemetery. Honorary pallbearers were Kenneth Riner, Charles Halleck, Robert Morton, Fred McKown and Donald Vanderveer.

Mr. Rockhill, a close friend of the late Lawrence Bell, was born in Mentone Sept. 18, 1895, the son of Alvin and Stella Morrison Rockhill. He attended grade school in Mentone, but was living at the Kosciusko county infirmary, where his father was superintendent, when stricken with polio at the age of 12.

Determined to lead a normal life, he finished high school and secured his A.B. degree at Winona college, later attending Northwestern University where he graduated with a law degree in 1920. He began law practice with the late Justice Stookey, and followed this vocation the balance of his life.

June 26, 1920 he was united in marriage to Isabel Hadley, who survives, along with one son, Alvin, a daughter, Mrs. John Arford and four grandchildren, all of Warsaw.

**CO-OP. ANNUAL
MEETING MONDAY**

The annual stockholders' meeting of the Northern Indiana Co-Operative Association will be held at the Mentone school on Monday evening, March 6th. Financial reports will be given by the officials and two directors are to be elected to fill the positions left open by the expiration of the terms of Leroy Norris and Elmer Dickey.

The meeting will be preceded by a fish fry at 6:00 p. m. CDT. Tickets will be one dollar each and they can be secured at the business office of the association.

ANOTHER SON

A son, Michael Lane, was born to Mr. and Mrs. Stanley Yeiter at Oak Lawn, Ill. Friday. He weighed six pounds five and one-half ounces. Grandparents are Mr. and Mrs. Fred Lemler of Mentone and Mr. and Mrs. Byrle Yeiter of Atwood.

COUNTERPOINT

By The Editor's Wife

One Mentone mother voiced the question in many minds when she said, "I wonder whether folks in our community would have been as quick to open their homes to the Warsaw basketball players and fans as Warsaw folks did for the Mentone young people Saturday night?"

Warsaw may be our rival on the basketball floor, but we truly believe that Mentone community hospitality would match their hospitality, both in spontaneity and quality, if a like situation were to arise.

Thank you Warsaw, most sincerely.

Mrs. Dale Stiffler called on Saturday, (the day of the Big Snow) to say that her tulips and hyacinths had ventured up during the "spring-like" weather last week. Too, a robin had been seen and the killdeer had been heard. At the farm home of the Hobart Stifflers a snake had been caught by their dog, near the house.

The young son was all set to get the lawnmower out and into use last week. As of Saturday he has developed other plans, no doubt.

Taste treat—Split wieners, fill with strips of snappy cheese, wrap with bacon slices, and broil. (Thanks for the culinary tip, Jon.)

Our bird-feeder has been constantly busy these past few days, as has the peanutbutter stick feeder. The latter is a clever device made by our grand-nephew, Tim Carey. In a 20-inch 2x2 he bored six holes about an inch deep with a one-inch bit, spaced at equal intervals. The holes are filled with peanut butter or suet. A handy dowl-pin perch is placed beneath each hole.

The downy woodpecker enjoys this dining spot especially.

A letter from long-time friend, Mrs. Jesse Whitmyre, at Ft. Myers, Florida, is much appreciated. She writes, in part: "As I write these few words on this beautiful bright and sunny morning, looking across the landscape from our peaceful patio—and the sounds around us, the trill of birds, the voices

**THE WEATHER
WAS TERRIBLE**

If you have any idea that it "can't happen here," you'd better take a recount. Saturday morning arrived with a good layer of wet, soggy snow, and the stuff kept coming down the rest of the day. Aided by a big wind, the afternoon found most of the highways impassable. East and west roads drifted the most, and as no snow plows worked Road 25, it was a splendid place to not go anywhere on. In the afternoon it was a two or three-hour trip from Warsaw to Mentone. Even Road 30 between Warsaw and Columbia City was closed for a time.

Basketball players and fans at the Columbia City tourney were forced to stay with friends at Warsaw, in public buildings, or whatever conveniences that could be found.

All county schools were closed Monday, many power lines were out, some as long as 36 hours. Fortunately it was not cold, but even then many homes were without heat over Saturday night.

General Telephone had many of its lines out, but by Tuesday evening all lines were back in service.

Sunday arrived sunny and warm, and the plowed highways cleared rapidly, so the basketball fans got back to town, via Road 30 and 19, about noon on Sunday.

Road 25, however, was still in bad shape until the plows finally went through late Sunday afternoon.

The statement of the week end was made by Wymond Wilson when he was told Sunday there was a snowplow stuck between Mentone and Burket. He said, "How could they? I shoveled that road out Saturday." Yeh, and so did about five hundred others.

CALENDAR

Mothers of World War II will meet Wednesday, March 8, with Minnie Busenburg at 7:30.

Mentone Home Demonstration Club meets Wednesday, March 8, 1:30 with Mrs. Harry Sullivan. Note change of date.

Burket Cheerio 4-H Club meets March 7th at 7:00 p.m. at the home of Connie and Nancy Newton.

DIES SUNDAY

Mrs. Marie Taubert, 83, of Mentone, died about 4:30 p.m. Sunday in the Prairie View nursing home in Warsaw of a heart attack.

Mrs. Taubert had resided with a nephew, Vern Whittcamper of Mentone, for the past six years. A retired Chicago millinery store owner, she moved to Mentone from Chicago.

She was born Oct. 29, 1877, the daughter of Mr. and Mrs. Adolph Kapelski. She married Fredrick Taubert. He preceded her in death in 1953.

Surviving in addition to the nephew in Mentone are a number of nieces and other nephews.

Services were held at the Johns funeral home in Mentone, Wednesday at 2 p.m., with Rev. Irwin Olson officiating. Burial was at Wanatah.

**AWARDS BANQUET
MARCH 8TH**

The annual Mentone School awards banquet will be held on Wednesday evening, March 8th at 6:30 p. m. in the school gym. The speaker chosen for the evening is John Tatum, athletic director and head football coach at Wabash high school.

The awards banquet is sponsored by the Mentone Boosters' Club, and all patrons of the school are invited to participate. It will be a pot luck affair and each is to bring table service and a covered dish. Ham, rolls, milk and coffee will be furnished.

Jack Newcomb is general chairman of arrangements, and will be aided by the following committees and chairmen:

Program, Paul Bateman.
Table, John Frederick.
Food, Jim Beeson and Mary Teel.

Coffee, Lyman Mollenhour.
Decorations, Paul Rush.
Cleanup, Ralph Long.

A list of the awards will be printed in our next issue.

PARENTS OF SON

Meeting of Talma Home Ec. Club

Mrs. Leroy Grossman was host-
ess to the February meeting of
the Talma Home Economics
Club. Mrs. E. C. McGowen, pres-
ident, opened the meeting. Mrs.
Verdie Brockey led the group
in singing "America" and "My
Faith Looks up to Thee." Pled-
ges to the American and Chris-
tian flags and the club creed
were repeated in unison.

Mrs. Ann Staldine gave devo-
tions reading from Corinthians
1:7 and closed with prayer
from The Upper Room.

Mrs. Verdie Brockey, song-
leader, read the history of the
club of the month, "Aura Lee"
and all joined in singing.

For Health and Safety, Mrs.
Harold Walters chose as her top-
ic "School Health Program."
The special interest lesson on
Good Grooming and Hair Styl-
ing was given by Mrs. Mike
Secker and Mrs. Lewis John-
son.

Mrs. Olin Wagoner read a let-
ter she had received on her gold-
en wedding anniversary from
Mrs. Florence Hibbs, a former
member of the club, who resides
in California.

The meeting closed with the
club collect. A hostess auction
of homemade cinnamon rolls
was held.

Mrs. Wilbert Utter was in

charge of a Valentine gift ex-
change. Party was also played
with prizes going to Mrs. Mel
McGowen, Mrs. Elgie Vander-
mark, Mrs. Verdie Brockey, Mrs.
E. C. McGowen, Mrs. Mike Beck-
ner, and Mrs. Lewis Johnson.

Lovely refreshments were
served to thirteen members, two
children and one guest, Mrs.
Ralph Warren.

The next meeting will be at
the home of Mrs. Lester White.

Sweet Corn For Large Gardens

If your family is lucky enough
to have space for a large vege-
table garden, you'll want to
plant sweet corn.

Don Scheer, Purdue Univer-
sity extension horticulturist, says
that one of the best early vari-
eties is Northstar. An excellent
quality later type is Carmel-
cross, which has between 12
and 16 rows of kernels per ear.

Squash are also popular when
plenty of garden space is avail-
able. Many squash fans consid-
er Butternut the best quality of
all, Scheer observes. It is bottle-
shaped, matures in the fall and
stores well. Plant Early Prolific
Straight Neck for a summer
squash, plus Zucchini, which is
different but delicious, too.

When ordering cucumber,
muskmelon, and watermelon
seed, remember that these plants
take considerable space. Four
excellent cucumber varieties are
Ashley, Burpee Hybrid, Wiscon-
sin SMR 15 and Wisconsin SMR
18. All have some disease re-
sistance.

The best muskmelons for In-
diana are Harpers Hybrid and
Burpee Hybrid.

Small watermelons have gain-
ed in popularity in the last few
years. The varieties Sugar Baby
and Red Flesh Ice Box are fine
flavored. An even newer entry
in the watermelon field is seed-
less Tri X 313. It again is a
small melon, has bright red
flesh, excellent quality, and prac-
tically no seeds.

To get the varieties you pre-
fer, order your seeds well ahead
of planting time, advises Scheer.

Time To Order Seedling Trees

State nurseries again have
available this year more than
five million seedlings for sale
at cost to private landowners.

"Undoubtedly you have land
on your farm that should be
planted to trees, but you have
not made plans to plant them.
If so, here is a chance you
shouldn't pass up," says E. J.
Lott, Purdue University exten-
sion forester.

Lott says that with the tree
planting season near—it usually
begins in mid-March—now is the
time to order trees. They are
available in lots of 50 or more
of any one species to persons
whose primary purpose of plant-
ing is timber production, wind-
breaks, erosion control or Christ-
mas trees.

For those living south of U. S.
40, nurseries can supply white,
red, shortleaf or Virginia pine
and black locust, among others.
Especially good in northern
Indiana are such species as red,
white and jack pine and tulip
poplar. Scotch pine seedlings are
also available for Christmas tree
growers. A limited number of
some of the hardwood species
is also available for special re-
quests.

To get nursery stock appli-
cation and other information
needed in order to purchase the
trees, contact county agricul-
tural extension offices, the for-
estry extension office at Purdue,
or write to the Division of For-
estry, Indianapolis.

For additional data of where
and how to plant trees, contact
the county agricultural exten-
sion offices for Extension Mimeo
F-38, "Tree planting on Tree
Windbreaks," and Mimeo F-36,
"Tree Planting Guide."

Purdue University agronomists
point out that a light top dress-
ing of manure on thin, light-
colored soil protects legumes be-
ing seeded in wheat. The man-
ure should be applied during
February when the ground is
frozen.

FARMERS SET NEW RECORDS

American farmers last year
produced a record output. The
total for crops and livestock
was 29 percent above the coun-
try's 1947-49 average.

This volume equaled that of
Mainland China and was almost
60 percent larger than that of
the Soviet Union—the world's
two other largest agricultural
producers.

On a per capita basis, U.S.
output was twice that of the
Soviet Union and four times
that of the Mainland China. It
equaled the per capita volume
of Canada, but was about half
that of Australia and New Zea-
land.

Record production in the
United States was accomplished
with 30 percent fewer workers
and some 5 percent fewer acres
of crop land than in 1947-49.
Yields per acre for field crops
increased 43 percent.

The output of wheat, for ex-
ample, rose more than 20 per-
cent in the past decade, and a
further gain in wheat and feed
grains have added to already
burdensome grain stocks. Cotton
output was about equal to do-
mestic use and exports.

Together, these three crops
accounted for nearly half of the
total acreage planted in 1960.

Production of livestock prod-
ucts in 1960 was nearly as large
as the record output of 1959.

Increases for beef, milk, and
poultry about offset a reduction
in hogs and eggs.

IF FREEZER STOPS RUNNING

What would you do if a storm
caused your freezer to stop run-
ning? Your natural impulse
would be to look into it to see
how your food is faring. Avoid
this temptation, and you may
have no problem, says Elkin
Minter, Purdue University home
management specialist.

If you don't let warm air in,
she explains, food in a well
filled freezer should stay frozen
about 48 hours. In a half-filled
freezer it should keep well about
24 hours.

Learn in advance where to
buy dry ice. Fifty pounds of it
will keep the average size freez-
er at 15 degrees F. for about two
days. Wear heavy gloves when
handling dry ice and chop it into
small chunks. Move food from
the freezing compartment to the
storage section. Lay heavy card-
board over the packages and set
chunks of ice on top. In an up-
right freezer, lay dry ice on
shelves.

BEAVER DAM SCHOOL NEWS

The junior high team lost to Mentone, 30-26, last Monday in the tournament at Leesburg.

The P.T.A. basketball supper was held last Tuesday evening. Boag Johnson, teacher at Columbia City and a former member of the Fort Wayne Zollner Pistons, was the speaker.

Wednesday ended the fourth grading period. Grade cards will be distributed Tuesday.

The final game of the county junior high tournament will be played at Claypool next Monday evening at 7:30.

The Beaver Dam School Spelling Bee will be held Friday morning at 8:30. Those participating will be students in grades 5 through 8. Mrs. Holsinger will pronounce the words. Mr. Haney and Mr. Webster will be the judges.

If you are really hungry for chili soup, you will enjoy eating at the Beaver Dam School gym on Friday night, March 10. The band and chorus are sponsoring a chili supper to be served from 5:30 to 8:00. You may buy your tickets from any band or chorus member in advance, pay 85c, and have all the chili you can eat. Or you may wait until you come and pay for each individual March 10 and fill up on chili. Only advance tickets get all the chili you can eat. Anyone waiting until that night to pay, will have to pay for all seconds. See you March 10.

On February 4 a group of our instrumentalists went to Warsaw to compete in the district solo and ensemble contest. These are the ratings which they brought back: Mary Lou Horn, clarinet solo, III; Sue Ann Welty, bass drum solo, III; Diane Cumberland, flute solo, III; Diane Cumberland, Mary Lou Horn, and Linda Gagnon, woodwind trio, III; Ken Weaver, trombone solo, II; Janet Goshert and Buni Barber, clarinet duet, II; Beal Walsh and Carol Baumgartner, alto saxophone duet, II; David Norris and Ricky Weaver, cornet duet, II; Earnest Murcia and Butch Barber, brass duet, II; Ana Murcia and Jody Horn, French horn duet, II; Mary Lou Horn and Linda Gagnon, clarinet duet, II; Linda Smalley and Betty Smith, clarinet duet, II; Jean Swick and Betty Bibler, clarinet duet, II; Luana Teel, Sandra Weber, and Patty Walsh, clarinet trio, I;

and Mary Golden and John Zollman, cornet duet, I.

On February 18, Mary Golden and John Zollman played their cornet duet at Indianapolis in the state contest and received a second place.

On Tuesday, March 14, we will be giving the spring festival. We know you will want to come and enjoy it.

Merry Mollys Guests Of Merry Mixers

Tuesday evening, Feb. 21, the Merry Mixers H. D. club entertained 15 members of the Merry Mollys at the home of Mrs. Robert Hill.

The social hour consisted of several games of "Dirty Bingo" in which prizes were won by Neola McGowen, Pat Leiter, Janice Perry, Dorothy Gates, Becky Stavedahl, Barbara Smith, Jean Horn, Eva Bell Smith, Betty Sarber, Carolyn Bennett, Velma Horn and Mary Puterbaugh. The door prize was won by Bonnie Baker.

Refreshments of ice cream and cookies were enjoyed by all.

ENJOY ANNIVERSARY

Festivity for the Golden Wedding anniversary of Mr. and Mrs. Mack Haimbaugh of near Mentone began Saturday evening, Feb. 18, when they and Mr. and Mrs. Albert Walton and daughter Christine of Peoria, Ill., Mr. and Mrs. Gerald Yoder and son Garry of South Bend, Mr. and Mrs. Mack Haimbaugh of Grass Creek, Mr. and Mrs. Delbert Hunter, Mr. and Mrs. Ronald Utter and Stephen and Mr. and Mrs. Kermit Biddinger enjoyed a chicken dinner at Schore's in Plymouth.

Sunday open house in their home was attended by some 150 guests. Out of town visitors were from Paxton and Peoria, Plymouth, Warsaw, Fort Wayne, Akron, Rochester, Grass Creek

and Mentone.

The house was beautifully decorated with flowers from well wishers. The serving table was attractive with a gold lace cloth, crystal candelabra and gold candles. A four tiered cake was topped with China love birds, beautifully decorated with yellow roses and surrounded by cranberry greenery. It was baked by their granddaughter, Mrs. Patsy Utter.

Presiding at the silver service with their daughters Mrs. Maxine Yoder and Mrs. Donna Jean Walton, Mrs. Geraldine Hunter acted as hostess.

They received many lovely gifts, cards, and telephone calls. Their son Alonza of Americus, Ga., a niece of Missouri and a cousin from Detroit were among the persons who telephoned.

MOTHERS OF WORLD WAR II MEET

Myrtle Davis was hostess to the Mothers of World War II. The meeting was opened by presenting the colors, pledging allegiance to the flag, singing the national anthem and prayer by the chaplain.

The president, Ethel Whetstone, had charge of the business meeting. Nine members and two visitors were present.

It was decided to make Valentine plates on Monday, Feb. 13. Twenty-three plates were made and delivered.

The meeting was closed by singing one verse of the national anthem, retiring the colors and prayer by the chaplain.

The hostess served delicious refreshments.

Selecting Spring Oats Varieties

Oats varieties should be selected on the basis of fertility level of the soil in which they are to be sown and to the time of maturity the farmer desires, points out Keller Beeson, Purdue University extension agronomist.

For early maturity, Putnam is the best variety tested at Purdue to date.

Farmers who like oats of the Clinton breeding should sow Clintland 60, the best Purdue-developed mid-season oats of this strain in disease resistance. Should red leaf or yellow dwarf disease, widespread in 1959, occur again this year Newton and Putnam would show more resistance than other varieties.

All oats varieties certified and recommended in Indiana possess excellent standing ability, Beeson says. On highly fertile soils, the medium tall Goodfield is recommended. The Minhafer has also proved to be a general purpose variety. Bentland variety is best for oats silage or other forage use.

Compared to other varieties grown in oats producing states or the later Canadian varieties, these have shown the best adaptation to Indiana conditions, Beeson says. Some 8,000 acres were certified in Indiana last year for varietal purity and seed purposes.

Ind. Gets Most of March of Dimes Funds

THE FIGHT AGAINST CRIPPLING goes forward on many fronts with funds raised through the March of Dimes. The scientist in the laboratory seeks answers on the slides under a powerful microscope. The doctor in his office brings to bear all of medicine's present knowledge to relieve pain and crippling for the individual patient.

NEW YORK, N. Y.—The state of Indiana has been the principal beneficiary in the allocation of March of Dimes funds raised in the state over the past 23 years, it was disclosed today in a financial summary prepared by The National Foundation.

More than 60 cents of every dollar from Indiana's March of Dimes has been put to use in aiding the state's disease victims and in research and education projects conducted by Indiana institutions. Of the remaining 40 per cent accruing to the national headquarters, a considerable amount also has come back to Indiana in shipments of polio vaccine and gamma globulin and in other nationwide services conducted by the National Foundation.

The summary covers the

period since the first March of Dimes was held in January, 1938, and compares the net total of funds raised in the state with amounts made available to Indiana through Sept. 30, 1960.

In this period, Indiana's 92 chapters of the March of Dimes organization raised a net total of \$11,808,183.95 at an average fund-raising cost of less than 7½ per cent. Of this amount, \$7,056,900.02 has been available to the county chapters in carrying out their extensive patient aid programs, including advances of \$2,003,671.38 from the national office to meet local emergency situations.

In addition, grants totaling \$29,359.36 have been made in the state in support of research and professional education projects, principally to Indiana University, which has received \$20,730.14.

Over and above the 60 per

cent used by institutions and county chapters in the state, The National Foundation has financed within the state projects such as the historic field trials which proved the effectiveness of the Salk vaccine, epidemiological studies and scholarship or fellowship grants to Indiana residents. National headquarters' expenditures for the vaccine trials in Indiana amounted to \$126,225.11. In addition, the national office has sent into Indiana \$130,919.43 worth of Salk vaccine and 304,986 cc's of gamma globulin in support of its polio prevention programs.

Two years ago, the National Foundation for Infantile Paralysis changed its name to The National Foundation in expanding its areas of interest beyond polio to include birth defects and arthritis, using the scientific knowledge and experience gained in the fight against polio.

MENTAL HEALTH CLINIC OPENED

The four-county Mental Health clinic opened Wednesday, at 526 East Winona Avenue, Warsaw. It will be an out-patient clinic to treat adults and children who have mental and emotional problems. It will be staffed by a psychiatrist, a clinical psychologist and a psychiatric social worker, and will be open to all residents of Kosciusko, Marshall, Whitley and Wabash counties as a community service.

Appointments may be made by an individual for himself or may be made by a member of his family. Patients may be referred to the clinic by physicians, clergymen, the courts, industries or schools. The clinic will be open 40 hours a week and charge nominal fees.

Professional members of the staff serving at the clinic are Dr. Charles H. Wiggins 61, psychiatrist, from Danville, Illinois, Veterans Hospital; Dr. Raymond Claussman, 35, psychologist, who has been associated with the State School and Child Guidance clinic in Fort Wayne; Claude Givens, 41, psychiatric social worker, who has been director of social services at Norman Beatty state hospital in Westville since 1954. The receptionist-secretary-bookkeeper will be Mrs. Mary Tang of Warsaw.

Members of the clinic board of directors have set up an annual budget of \$35,500. Kosciusko county's share in clinic support is \$6,000. Marshall county's share will be \$4,500 and Whitley's \$3,000. Wabash county's quota is \$4,250. Serving as members on the clinic board are Judge Seth E. Rowdabaugh, Dr. Robert D. Dormire, Warsaw physician; Lawrence J. Castaldi, Midwest Spring Manufacturing Co.; Mrs. Cecil Armstrong, secretary, and Carl W. Burt, superintendent of the Warsaw community schools. Mr. Castaldi is in charge of furnishing the psychologist's room at the clinic, and reports that a desk, typewriter and ediphone have been donated. All counties are pledged to help obtain, through donations, the needed furnishings for the clinic.

Be-Abouts Meet

Mrs. Ed Bach was hostess to the Be-About missionary group on Monday evening.

Mrs. Raymond Lewis presented the devotions from the third chapter of 1 John. Missionary letters were read from Mexico, Africa and the States. After a short business meeting the group made sewing cards to end to Africa.

Tasty refreshments were served to Mrs. Jim Gates, Mrs. Bobie Elalock, Mrs. Everett Benson, Mrs. Ervin Wagner, Mrs. Raymond Lewis and Mrs. Kenneth Romine.

ALSO THERE

In our last issue we made mention of the fact that Mrs. Agnes Baker remembered attending the golden wedding of Mack Haimbaugh's grandparents in the same home where Mr. Haimbaugh now resides. Mrs. Eunice Bradway, after reading the article, replies thusly:

"The story brought back fond memories to me since I enjoyed attending the Henry Haimbaugh celebration along with my parents, Mr. and Mrs. Allen Jefferies. I recall that a photographer took a picture of the group attending and that the late Mrs. Lloyd Zent and myself, both girls in our teens, stood together in the picture very properly dressed for the occasion in our long white dresses and each carrying our then fashionable parasols."

Girl Scout News

During the months of January and February the members of Girl Scout Troop 30 have been busy with service projects. Since we are sponsored by the Women's Society of Christian Service of the Methodist church we have aimed to be of service to them. We sanded small pieces of 2x4s, painted designs on them, then shellaced and waxed them for the church's kindergarten classroom. We also made posters for the W. S. C. S. penny supper.

Another service project was the sanding, shellacing and waxing of 38 Lemmy sticks for Brownie Troop 17.

In addition to our service projects we have been working on Second Class rank requirements. We fulfilled the Literature and Dramatics requirement by each patrol performing a skit, as well as making their background scenery. For International Friendship each girl chose a country which has Girl Guides or Girl Scouts and gave a report on that country. The highlight of this requirement was a visit to Mrs. Eugene Kahler's apartment. Sachikow was born and raised a Japanese and is of direct Japanese descent. She had many interesting items to show and tell us. She also read our Girl Scout laws in Japanese for us.

During March we hope to fulfill our Homemaking requirement and Health and Safety Requirement.

PATIENT HOME

Debra, the daughter of Mr. and Mrs. Ted Ward who was afflicted with meningitis, is now at home.

NAME MISSED

In an article in our last issue taken from the Mentone School Mentonette, relative to a story featuring the Mentone 1934-35 basketball team, the name of one player, Garth Underhill, was omitted.

Russian Tells Courageous Story

Indianapolis—A rousing story of love for adopted country was told by Russian-born Nila Magidoff before the annual Women's Conference of the Indiana Farm Bureau which was closed here Feb. 22. Mrs. Magidoff, born in a small village many miles from Russia, had the same longings of other youth,—to travel and to learn.

She went to Moscow at the age of 18 to work in a factory while she studied at the university. Her life has even included a stint in the merchant marine at hard, manual labor, all for the opportunity to travel. She met her American husband, a broadcasting correspondent in her country. Their marriage, the bride's attempt to take on the refinements of the west, her courageous efforts to learn our language, and her constant wonder at our gadgets made a fascinating story.

The real message she left with the women was the essence of freedom which is everywhere present here and taken for granted, but which makes life delightful and challenging. In her native land, the constant harassment from the police, the requirement to register every time she left home for a day,--were a dreadful contrast. "To win the cold war, we must make democracy work", she warned.

About 2,000 women came yesterday morning and stayed through today's forenoon session which closed with a style show by L. S. Ayres & Co. Governor Matthew Welsh addressed the Conference at the opening session to give the women a brief look at the area of his official greatest interest--the education and guidance of our youth. He asserted that if we offer them more opportunities, we must also demand more from them. And finally warned: "The state and its communities cannot replace the discipline, the training, and the standard of values that only parents can give their children."

OLD FRIENDS MEET

Edward Shultz, former South Whitley resident who now lives at Piercetown, has been a friend of the editor for over 35 years. Saturday afternoon, after the editor's car and another came together on Road 25, two drivers emerged to survey the damage. When no human damage could be found, the two drivers finally took a good look at one another. Yep, it was Edward all right, but under the stress of the occasion, friendly recognition was slow in coming.

CHILI SUPPER

A chili supper will be held at the Beaver Dam Gym Friday, March 10, 5:30 to 8:00 p.m. Advance tickets 85c. Sponsored by Beaver Dam band and chorus.

Mrs. Faye Stickler visited Tuesday afternoon with Mrs. Hazel Linn.

Reed Riner, from Bloomington, spent the week end with his parents, Mr. and Mrs. Kenneth Riner.

Fred Swick, who has been battling pneumonia, is greatly improved now.

Mr. and Mrs. Charles Manwaring arrived home Thursday after spending some time in sunny Florida.

Rev. and Mrs. Berlin Yeager of Syracuse were dinner guests of Mr. and Mrs. Robert Jones on Tuesday. Mr. and Mrs. Noble Babcock called in the afternoon.

Mrs. Ethel Shaffer and Mrs. Bessie Kehr called recently on Mrs. Byron Linn.

Mr. and Mrs. Robert Mock of Warsaw had supper Sunday evening with Mr. and Mrs. Carl Zolman and sons.

Charles Mason of Etna Green left Friday morning to spend the week end with Miss Maxine Loneragan in White Bear, Minnesota.

Mr. and Mrs. Jerry Read and daughters of Crete, Illinois, started for Indiana Saturday morning only to get into a snow storm, reaching Akron, Ind., at five p.m. to find Jerry's parents without heat and lights but remained with them until Sunday. They tried to get to Mentone, found the road blocked and returned to Akron, then left for home, arriving there late Sunday afternoon. Mrs. Reed's mother, Mrs. Merl Linn, had attempted to reach them by phone, and when she did she learned they had gotten home all right and that Illinois had no snow and it was a beautiful day with sunshine.

Mr. and Mrs. Jim Long of Lafayette visited Sunday with Mrs. Lois Fenstermaker in Etna Green.

Mrs. E. E. Wagner is improving.

A THOUGHT FOR TODAY

by Harold R. Driskell

Read Heb. 5:8-9.

There is a story about a student in Brown University who used to stop and watch the workmen walking along the steel girders of a skyscraper under construction. As he related the story, he said, "I always expected to see one of them fall, for they were seemingly so careless and nonchalant. Every morning, I would stop for a few minutes to watch these human ants busy about their labors high in the air above the city streets. Then one morning, I saw what I feared would happen. A workman fell from one of those steel girders to his death in the street below. A crowd quickly gathered about the battered and broken body. I stood on the outskirts of the crowd and listened to the talk about the accident, when finally a man who seemed to be in authority descended from the top of the building, hurried over to the body, looked down upon it and said, 'The fool was leaning against the wind.'

"Later, I was able to ask this foreman what he had meant by 'leaning against the wind.' This was the answer: 'Well, you see, along the coast here in the morning hours, there is often a strong wind blowing from the ocean, at fifty to sixty miles an hour; and a steel worker high on a building gets to leaning against the wind. It is easier to work that way. You don't have to resist the wind so much. But an experienced worker soon learns that he dare not depend on the wind, for it may drop at any moment, and then he would topple to the ground. You can't depend on the stability of the wind.'"

Here is a parable for people of today. How many of us get to leaning against the wind in life—or against something which

is just as fickle, unstable and uncertain as the wind? There are some people who lean on their own understanding in religion, but the Bible teaches to "Trust in the Lord with all thy heart, and lean not upon thine own understanding." (Prov. 3:5.) Some people lean upon their favorite preacher for spiritual support, but it is extremely dangerous to place one's confidence in any man beyond that which is written. The best of men sometimes falter!

There are others who lean upon their wealth, power, or social prestige. Many people learn in life that these things are as uncertain as the wind in providing security; but even though one fails to learn this lesson in life, he will certainly learn it in eternity. Christ alone is the solid foundation, and when we lean on his everlasting arms, we will never be forsaken or disappointed!

Meals From Home Gardens

Home grown vegetables can provide your family with delicious, nutritious meals.

Let your family choose their favorite vegetables and then order seeds of the best varieties available, suggests Don Scheer, Purdue University extension horticulturist.

If you have garden space for only one variety of tomatoes, try Kokomo. It is medium large, red fruited and has an excellent flavor. Kokomo is also resistant to fusarium wilt.

Stokesdale is the best early tomato for the home garden. This variety matures about two weeks before Kokomo. For something different, try Sunray, an orange-colored tomato. It looks very attractive sliced on a plate with red tomatoes.

Green bush beans are old favorites for home planting. Tendercrop and Tendergreen are good varieties. Tendercrop, a high quality bean, is resistant to three virus diseases. Tendergreen is an improved variety of that old standby, Stringless Green Pod.

FISH FRY AT TALMA

President Lyman Dawson of the New Castle Twp. Lions Club has announced that plans have been completed for a fish fry to be held on March 3, in the Talma Community Building. They will be serving at 6 p.m. to 8 p.m. The Jonah Club of Akron will be in charge of frying the fish.

HAS BROKEN HIP

Several weeks ago Dora Norris fell at her home, and was later taken to the Prairie View nursing home at Warsaw. At the time of the accident the attending physician gave her a thorough examination, including X-rays in all areas where she indicated any pain. When she later failed to recuperate properly, another X-ray indicated a fracture in her hip. She is now in special type traction, is able to take nourishment and is in better spirits.

ADULT FARM CLASS VISITS INDIANAPOLIS

The Mentone Adult Farmer class took a trip this week to the Indianapolis stockyards and the Powerama exhibit at Allison Division of General Motors.

A total of eighteen farmers along with Mr. Bitzer, Ag teacher, toured the stockyards and saw how cattle, hogs and sheep are sold and handled in a large stockyards. The noon meal was furnished by Producers. After lunch, they went to Allison's and visited the Powerama exhibit.

On Wednesday, March 8, the adult farmer class will have a meeting on Briggs and Stratton engines. Robert Smith of Indianapolis will conduct the meeting.

A WORD OF THANKS

We wish to thank all our friends for the gifts and many beautiful cards we received for our golden wedding anniversary.

of happy people, and the lovely chimes they play at school instead of the bell—it is hard to believe our world is in such peril."

She goes on to tell of their lovely weather — daytime temperature of 85 to 89 degrees, and beautiful nights; and wishes they could send some of it up here. (It would be most welcome at the moment.)

She enclosed this bit of humor, which we enjoyed:

Five year old Linda had been disobedient, so her mother, losing patience, spanked her and sent her to her room. Later in the evening she was heard saying her prayers:

"Please, God, help me to be a good girl. Please take care of Daddy and Brother. Don't worry about mother, though,—she can take care of herself."

Shrubs which produce winter berries for the birds to eat are pivot and viburnum. These can be planted as hedge this spring.

Lubbach, Texas has set aside

seven and a half acres as a prairie dog town for 600 prairie dogs. It seems these rodents were facing extinction due to a movement to exterminate them by placing of poisoned grain.

A few years ago the prairie dog population of several million, had laid waste thousands of acres of western farm land.

This was true in eastern Montana, where we lived for nine years. Our favorite Sunday afternoon sport was to test our marksmanship on these small noisy creatures, using a rifle equipped with a telescope sight.

The citizens plan to protect the prairie dogs from curious tourists with a strong fence. (We have news for the Lubbach citizens—Men may know what a fence is for, but those small prairie dogs don't—they dig miles of tunnels, underground. That prairie dog town is going to be one of the fastest growing areas in Texas.)

Protein supplement should be fed to hogs gleaned corn fields, according to Purdue University animal scientists.

PALESTINE LADY
BURIED SATURDAY

Mrs. Emma J. McCloughan, 68, of Palestine, died of a heart attack at the home of her daughter, Mrs. Everett Shaffer, of Rochester, Wednesday of last week.

Mrs. McCloughan had not been ill. She was a lifetime resident of the Palestine area. She was born June 2, 1882, the daughter of Riley and Margarette (Warren) Secor. She married Frank McCloughan on June 10, 1908. He preceded her in death in 1950. She was a member of the Silver Creek Church of God.

Surviving in addition to the daughter, Mrs. Shaffer, are two other daughters, Mrs. Amos (Minnie) Engle of Akron, Mrs. Lester (Elsie) Robbins of Columbia City; three sons, Albert, Maynard and Ben, all of Akron; two sisters, Mrs. Bert (Oral) Hatfield and Mrs. Frank (Corda) Scott, both of Warsaw; two brothers, Henry of Warsaw, and Sam of Burket; 20 grandchildren and seven great-grandchildren. Two brothers and a sister preceded her in death.

Services were held Saturday at 1:30 p.m. at the Silver Creek Church of God. Rev. Victor Yeager officiated. Burial was in the Palestine Cemetery.

HAS OPERATION

K. A. Riner underwent surgery for the removal of a non-malignant tumor on the surface-side of his chest Friday at the Parkview Memorial Hospital in Fort Wayne. He returned to his home Monday and is fast recovering.

CONSTRUCTING NEW DEBRIS
INCINERATOR AT MILL

Everett Rathfon, manager of the Northern Indiana Cooperative Association at Mentone, announces that their mill has near completion an incinerator to be used to burn all shucks and chaff from corn cobs after shelling at the mill.

The unit will "vacuum" the shucks and chaff from the cobs before the cobs are ground into litter.

CALENDAR

D.A.R. meets March 14 at 7:30 at the home of Mrs. Miles Manwaring.

Merry Mollys will meet with Mrs. Clayton Holloway on Monday, March 13, 7:30 p.m.

Jolly Janes will meet March 13, 8:00 p.m. with Mrs. Richard Gross.

TO ADD SCIENCE
UNIT TO SCHOOL

Trustee H. Earl Boggs stated this week that plans were completed Saturday for the establishment of a Science laboratory in the Mentone school during the summer vacation. Federal officials were in Mentone Saturday assisting in completing the plans. The cost will be from ten to fourteen thousand dollars and one-half the cost will be shared by a federal allocation. We understand that there will be no federal control after the unit is established.

NICA ANNUAL
MEETING MONDAY

The annual stockholders meeting of the Northern Indiana Co-Operative Association was held at the Mentone school Monday night, with a good attendance. There were 66 stockholders present in person, and there were 107 represented by mail ballot, plus three by proxy.

All present enjoyed a fish supper at 6:30, prepared by Ronnie Richards and served by the ladies of the Friendly Neighbors club.

After the official meeting was called to order by President Gerald Ballenger, he announced that the election of two directors would be the first order of business, to give more time to the tellers to tabulate the ballots. The tellers were Elmer Sarber, Raymond Weirick and James Goshert. The nominating committee, composed of Frank Nellans, Jack Hudson, Forrest Meredith, Howard Bibler and Dale Nellans, had nominated Carl Whetstone, William Unzicker, Leroy Norris and Elmer Dickey as candidates, and as there were no additional nominations from the floor, the balloting gave Elmer Dickey and Leroy Norris majorities. Mr. Norris received 118 votes, Mr. Dickey 111, Mr. Whetstone 71 and Mr. Unzicker 31.

Mr. Koeneman of the auditing firm gave the finance and operations reports, after which Mr. Rathfon gave a fine report on the years' operations. Total sales were \$869,242.79 for the year, with a margin on operations of \$11,390.43.

Four percent was paid on outstanding stock and \$9,039 was distributed to patrons, less 25% for allocated reserves.

The directors held 12 regular and three special meetings during the year, and only three times was any director absent.

COUNTERPOINT

By The Editor's Wife

One snow-bound mother of Warsaw, marooned (Mentone school) young people spent Sunday morning cooking special food for her "soon-to-be-home" family. What an eloquent way to say "Welcome home! We missed you, (been anxious, too), but all is well now that you are here!"

(Continuation—Ten Commandments For Parents)

Thou shalt teach thy children respect for the law and keep them from companionship of children who indicate disrespect for the law.

Thou shalt not lead thy child into temptation by providing him with the means thereof:—to-wit,—too much money, a car, adult privilege. (To be continued.)—Sam Levenson.

Have heard enthusiastic reports from those who were in the study class on Communism, taught by Mrs. Frank Smith.

About twenty-five ladies took the course. Each one has developed a new sense of awareness concerning what is being said on television and in the newspapers, and who is saying it.

It is hoped that another class can be organized, as each of us needs to know more about how Communism works, especially at our own level.

A publication, "Freedom's Facts Against Communism," is published monthly by the All-American Conference to Combat Communism. The conference is non-partisan and is a clearing house for some 50 national women's, youth, religious, professional, civic, fraternal and veterans' organizations against Communism. It costs \$3 a year for a subscription. The address is:

Freedom's Facts Against Communism, c/o All-American Conference to Combat Communism, 917 15th Street N.W., Washington, D. C.

What is charm? There are numerous recipes, but they seem to have the same basic ingredients.

A charming woman has a genuine sensitivity to the needs of others.

Sorority Meets With Mrs. Joe Boggs

Seventeen members of Beta Epsilon chapter of Psi Iota Xi met Tuesday evening for their regular business meeting with Mrs. Joe Boggs as hostess.

Mrs. Wm. Goshert, the guest speaker, and Mrs. Terry Klondaris, members of Delta Theta Tau Sorority of Warsaw, were introduced by Mrs. Jerome Kralis. Mrs. Goshert's subject was on obscene literature, as it exists today on newsstands for children of all ages to see.

Mrs. Goshert's message was very well received, and the ladies were all in agreement upon any measures or actions that might remedy the situation.

During the business session plans were completed for the Shamrock benefit card party on March 17 at Peterson's Restaurant. Mrs. Iris Anderson is in charge of arrangements.

Mrs. Mott Bryan received the door prize.

Mrs. Boggs served tasty refreshments to Mrs. Goshert, Mrs. Klondaris, Mrs. Kralis, Mrs. Bryan, Mrs. Anderson, Mrs. Paul Quinn, Mrs. Dale Cook, Mrs. Richard Dickerhoff, Mrs. Jack Pritchard, Miss Barbara King, Mrs. Byron Doran, Mrs. Harold Utter, Mrs. Mervin Jones, Mrs. Art Kendall, Mrs. Maude Snyder, Miss Annabel Mentzer, Mrs. Ralph Ward and Mrs. Curtis Riner.

The next meeting will be on March 21 with Miss Annabel Mentzer as hostess.

Adapted Grasses Lawn "Must"

First and most important step toward a beautiful home lawn is the use of adapted grasses, point out Purdue University turf specialists. In the midwest bluegrass blends in sunny lawn areas.

For shady lawns, bluegrass blends containing a high percentage of any of the red fescues, are best.

Good quality seed is the best buy in the long run. Bluegrass content largely determines the price of grass seed. Never buy blends containing less than 25 percent bluegrass, the specialists caution. Avoid seed mixtures containing timothy or orchard grass mixtures with more than 10 percent red top or 40 percent rye grass are not desirable.

Indiana residents desiring more detailed information may obtain Extension Circular 438, "The Lawn—How to Establish and maintain," without charge. Copies are available from the Agricultural Publications Office, AES Building, Purdue University, Lafayette, Indiana, or from county agricultural agents.

Good Salads From Small Gardens

Even a small vegetable garden can grow a good salad.

Radishes, probably the easiest of all vegetables to raise, top the list of small garden vegetables, says Don Scheer, Purdue University extension horticulturist. He recommends a new variety, Red Prince. Resistant to fusarium wilt, this round, uniform, scarlet radish matures in only 22 days.

Carrots and beets, too are well adapted for small gardens since they take up little space. For the home garden Nantes (rhymes with ants) variety is the best carrot. Scheer describes Nantes as high quality, crisp, tender and sweet.

Two old standby varieties, Crosby's Egyptian and Detroit Dark Red are the suggested beet varieties.

For onions, Scheer recommends Bermuda as the best home variety. A row just a few feet long will supply the family with plenty of tender green onions this spring.

On Sunday, Mrs. Dewey Whetstone was pleasantly surprised by her family when they came to help her celebrate her birthday. At the noon hour a delicious dinner was enjoyed by the guest of honor and Dewey Whetstone, Mr. and Mrs. James Leslie and family, Mr. and Mrs. Pat Walsh and family, of Mentone; Mr. and Mrs. Alan Grindle and family of Warsaw; Mr. and Mrs. Lowell Whetstone and fam-

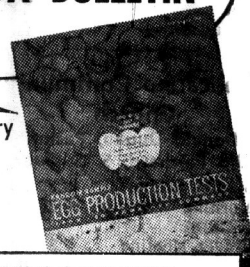

ily, Mr. and Mrs. Michael Summe and family of Akron; Mr. and Mrs. Willis Cowen and family of Lapaz.

BURKET CHEERIOS MET

The Burket Cheerios 4-H Club met in the home of Connie and Nancy Newton, March 7th at 7:00 p.m. The 4-H pledge was led by Virginia Bruner. The pledge to the flag was led by Ginger Thomas. President Melvina Secor appointed a committee for a bake sale, and for initiation of new members. Leader, Mrs. Del Nelson, installed the new officers of the year. Demonstrations were given by Connie and Nancy Newton. Refreshments were served to 31 members and one guest. The next meeting will be held at Virginia Bruner's home, April 11, at 7:00 p.m.

This new USDA bulletin shows Hy-Line 934-C at the top of all 167 varieties entered in official 1958-59 Random Sample Tests.

Hy-Line 934-C Ranks:

- 1st — Income over feed and chick cost
- 1st — Laying house livability
- 2nd — Feed conversion (topped only by another Hy-Line variety)

Look at the summary above. See how consistently Hy-Line 934-C tops the other well-known layers in the major profit points.

A THOUGHT FOR TODAY

by Harold R. Driskell

Read I Corinthians 13

The apostle Paul, in I Cor-
inthians 13, writes that "love
believeth all things." Dr. Mof-
fatt translates first: "Love is
always eager to believe the
best." This is a line you and
I should carve about our mir-
rors and doors, to be read by
us each passing day. A lot of
people develop what amounts
to be an appetite for bad news.
They go on a regular bad news
diet. They feed themselves on
calamities, rumors, gloomy fore-
casts and evil tales. They are
eager to believe the worst about
people. They had rather believe
a man's enemies than his
friends. After getting hold of
a morsel of gossip, how they
love to roll it sanctimoniously
over and over their tongues!
"I don't know whether it is true
or not, and I certainly hope
that it is not, but . . ." and
what a disastrous collection of
retailed rumor generally follows
that "but." We would save our-
selves plenty of misery and re-
morse and other people a good
deal of sorrow if we had stops on
our ears against the bearers of
evil tidings, and would culti-
vate an eagerness to believe
the best. If there were fewer
eager listeners, there would be
fewer gossipers. There are two
very fine rules which we should
forever remember:

First: Never believe anything
bad about anybody, unless you
know positively that it is true,
unless it is supported by the
testimony of two or more wit-
nesses. This is the law and the
gospel. (See Deut. 19:15; John
8; 17; 2 Cor. 13: 1 Tim. 5: 19;
Heb. 10: 28.)

Second: Never tell that, un-
less you sincerely feel that it
is absolutely necessary, and that
God and the angels are listen-
ing while you tell it. Let noth-

ing be said or done through
malice. All that you do should
be done through love.

THANK YOU

To all our friends and neigh-
bors, I wish to give my heart-
felt thanks for their kind ex-
pressions of sympathy in my
bereavement.

GIRL SCOUT WEEK

Girl Scout Week is celebrated
each year during the week of
March 12. March 12, 1912 was
when the first Girl Scout troop
meeting was held in the U. S.
A., at Savannah, Ga., and our
founder was Juliette Gordon
Low. This year we are celebrat-
ing our 49th birthday.

All Brownies and Girl Scouts
have been asked to attend the
church of their choice, in uni-
form, on Girl Scout Sunday—
March 12.

Locally, the members of Girl
Scout Troop 30 and Brownie
Troop 17 are combining their
efforts to have a window display
at Denton's drug store during
Girl Scout Week. The theme will
be "Yesterday's Girl Scouts —
Today's Career Women."

During Girl Scout Week the
G. S. especially want to salute
the founder of Girl Scouting in
Mentone, Mrs. Clifford Eheren-
man, and all who have been
Girl Scouts before us.

BEAVER DAM SCHOOL NEWS

The school spelling bee will be held Friday, March 10 for those students in grades 5, 6, 7 and 8. It will be held at 8:30. Mrs. Holsinger will pronounce the words. Mr. Haney and Mr. Webster will act as judges.

The music organizations will sponsor a chili supper this Friday night, March 10, at the school. It will be from 5:30 to 8:00. Come and eat with the others.

Most of the Beaver Dam teachers will attend the dinner meeting Monday evening at the KCTA at the Westminster Hotel.

The spring musical will be held next Tuesday evening at the school. This will be the regular PTA and will start at 7:30.

Several of our students will be participating in the county speech festival to be held March 17 at Mentone from 12:30 to 3:30.

Mrs. Oxender and Mrs. Taylor missed school recently.

The following students made the honor roll for the fourth grading period: Grade 7—Carol Baumgartner, Janet Goshert; grade 8, Mary Lou Horn, Sandra Surface, Richard Harrold, Ernest Murcia, David Norris, Rickey Weaver; grade 9, Betty Bibler, Bea Walsh, Lyle Welty, John Zolman; grade 10, Tom Adams, Jean Cumberland, Ana Murcia, Sonia Smith; grade 11, Janet Miller; grade 12, Mary Golden, Jean Swick.

Tom Adams made straight A's.

LOW COST ROOMS AT PURDUE

The Purdue University Women's Co-operative Houses are looking for top notch prospective members for the fall semester. Co-operatives should especially appeal to those who are in need of financial assistance. At present their house bills are \$45.00 per month. This includes both room and board and is just slightly half the cost of room and board in other housing units.

Co-operatives are inexpensive because each member works from 5 to 6 hours per week. The girls cook their own meals, do their own serving and cleaning with the advice of a responsible house mother. Co-ops offer the social and recreational opportunities found elsewhere on campus. The girls learn skills, leadership and initiative. With 20 to 35 members in each house, there is a friendly home-like atmosphere.

Selection of members will be made during the month of May. All applications addressed to Margaret Bean, Membership Chairman, Student Co-operative Association, Purdue Memorial Union, West Lafayette, should be in her office by April 21, 1961.

It would be to the advantage of all girls who are interested to contact the co-ops as soon as possible or write to the above address.

Open house of all Co-ops will be April 16th.

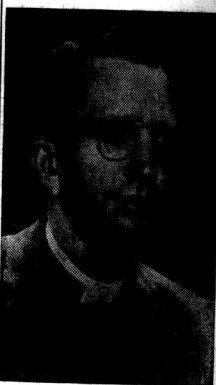

Check the casters of your heavy furniture, counsel Purdue University home furnishing specialists. They should be wide enough not to harm floor surfaces.

LENTEN SPEAKER—

The Rev. Warren Saunders came to Indiana with a variety of experience—farmer, newspaper editor and publisher, line officer (artillery) during World War II.

Rev. Saunders decided on the ministry after the war and pursued his education for the ministry at Emory University in Atlanta, Georgia. He has held several pastorates in Indiana, and is currently pastor for the First Methodist Church in Goshen.

The Rev. Saunders has been, and is currently active in the Conference on the Boards of Public Relations and Communications, and of Christian Social Relations, and will bring to us a wealth of experiences in these areas of concern.

LIBRARY NEWS

Four books on the recent best seller list arrived at the library this week.

"The Last of the Just", by Schwarz-Bart, is a novel based upon the drama of Jewish suffering, martyrdom and transfiguration.

"Born free", by Joy Adamson is the true story of a lioness cub, raised as a pet but taught to kill and fend for herself for her own preservation.

"The Secret of the Kingdom", by Mika Waltari is a novel based upon the events following the death of Christ. It is written by the author of the popular "Egyptian".

"Between You, Me and the Gatepost", by Pat Boone is a heart-to-heart message for teenagers.

Other new books include: "Highlights of the Olympics", by John Durant; "The White Nile", by Alan Moorehead, and "Bring Forth the Children", by Yul Brynner.

Endorse Agronomic Crop Research

The Indiana Crop Improvement Association has strongly urged "continued and uninterrupted financial support of all interested governmental research agencies concerned with the breeding of agronomic crops."

The resolution points out that "the adequate supply of food and fiber of today reflects the contribution of scientific plant breeding programs initiated and developed after World War I by governmental research agencies."

It explains that from 10 to 30 years of breeding work are necessary for development of superior crop varieties.

To get proper wear from a lacy slip, make sure the lace is firmly attached, caution Purdue University clothing specialists. And see that the straps are fastened, not to the lace, but to the fabric.

BURSTING WITH GARDEN GOODNESS No. 303 Can 10c

National 4-H Club Week, March 4 - 11, 1961, focuses attention on the fact that Kosciusko county had 1,060 boys and girls enrolled in 955 agricultural projects and 1,298 home economics projects in 1960.

Assistant County Agricultural Agent, Jack Hart, says the 1961 County enrollment goal is 1,150. Membership is open to boys and girls between the ages of 10 and 21. The members will have 43 projects from which to choose.

Most popular agricultural projects in Kosciusko county last year were Swine, 160; Electricity, 118; Beef, 77; Wildlife, 75; Forestry, 69; according to the assistant county agent.

Home economics projects were Foods, 522; Clothing, 313; Handicraft, 122; and Personality Improvement, 103.

New projects have been added in recent years. These include Horse and Pony and Photography which are becoming very popular among 4-H members.

MEETING FOR ROSE GARDNERS

C. E. Hoxie, horticulture specialist from Purdue University, will discuss the culture and care of roses at the Women's Building, Warsaw fairgrounds, 1:30 p. m., Tuesday, March 14th.

He will illustrate his talk with slides of various species of roses in gardens in Indiana and the university. New controls of common rose diseases, when to plant, how and when to prune, and preparing roses for displays or exhibits will be among topics presented.

Men and women who are interested in rose culture are invited to attend.

Mrs. Ruth McCleary, Home Demonstration Agent, says that Mr. Hoxie is no stranger in the county as he has been giving programs on various gardening and flower subjects the last few years.

BEAVER DAM 4-H CLUB MEETING

The Beaver Dam Agriculture Club met at 7:30 p. m. Feb. 20 at the school lunch room.

The meeting was called to order by the president, Darrell Valentine. It was opened with group singing led by Linda Smalley and Steve Whittenburger. The speaker was Bill Davis, a conservation officer. He showed slides of a senior trip at Washington, D. C. and New York during 1954, when he was a sponsor. The pledge to the American Flag was led by Butch Barber and the pledge to the 4-H flag was led by Dave Norris. Darrell mentioned that a 4-H banner was awarded to him for the club by Jack Hart. He received it Feb. 18 at the Warsaw high school for perfect attendance at the 4-H officers' training school.

After refreshments were served to the 31 members and six guests, the meeting was adjourned.

LYLE WELTY, Reporter.

HOST TO PALESTINE HOMEMAKERS CLUB

The March meeting of the Palestine Homemakers Club was held at the home of Mrs. Wilbur Perry. A delicious potluck dinner was enjoyed by all at the noon hour. Mrs. Perry baked and decorated a very pretty birthday cake honoring the birthday of her mother, Mrs. Mont Lohrer, and also the birthday of Mrs. Albert Tucker.

Mrs. Tucker, vice president, opened the afternoon meeting. The pledge to the flag and club creed were repeated by all. Meditation was given by Mrs. Mont Lohrer, who also gave the health and safety remarks.

The history of the song of the month was read by Mrs. Perry. Then all joined in singing "The Cradle Song."

The secretary and treasurer's report was read by Mrs. Jesse Jones.

The president, Mrs. Edwin Shirey, had charge of the old and new business.

There were nine members present, including one guest, Mrs. Bill Hatfield and son Rickey of Akron.

The April meeting will be with Mrs. Jesse Jones.

SEWARD CLUB MEETS WITH MRS. THOMPSON

The Seward Home Demonstration Club met March 1 at 1:30 with Mrs. Theodore Thompson, south of Burket. Mrs. Earl Lowman, president, opened the meeting. Mrs. Carl Thomas, vice president, led the group in the pledge to the flag. Mrs. Gerald Smalley led in singing "America," and Mrs. Don Smalley read three poems for meditation. Mrs. Merlin Holt gave the health and safety remarks an fallouts." Mrs. Gerald Smalley gave the history of the song of the month, "Cradle Song," and led the group in singing the song. Mrs. Harold Eaton gave the lesson, "Repairing Electric Cords." The secretary, Mrs. Alton Bruner, gave her report and took the roll. Members responded by telling "Why I Joined the Club." Mrs. Frank Swick read the treasurer's report and took the collection.

There were four of our members who made the trip to the state legislature at Indianapolis with the county club group. Mrs. Don Smalley gave a report on the trip. Mrs. Thomas asked for suggestions for the lessons for 1962. In closing, the group repeated the club collect. Mrs. Holt conducted the auction.

Mrs. Thompson, assisted by Mrs. Harold Eaton, served delicious refreshments to 19 members, two guests and four children.

The next meeting will be on April 12th at the home of Anna Williamson and Bee Rossiter.

Terry cloth dishtowels absorb more water than a plain weave and, of course, need no ironing, say Purdue University home management specialists. Their one advantage is that the loops can catch on silverware.

Potato stocks held by Indiana growers and local dealers Jan. 1 totaled 275,000 hundredweight, according to state-federal agricultural statisticians at Purdue University. Stocks held Jan. 1, 1960 were 500,000 cwt.

Better Surface Drain Methods

Better surface drainage may be needed to prevent "drowned out" areas on Indiana crop land this spring and summer.

Don Sisson, Purdue University extension agricultural engineer, says a surface drainage system, in addition to tile drain-

age, may be needed on low lands where runoff water from rain collects.

On soils where tile drainage works poorly a good surface system may prove 75 percent as efficient as a combined surface system and tile drainage system. On tight soils, a tile system alone rarely will give sufficient drainage. Even on soils where tile is recommended, shallow surface drainage ditches should be used to remove water that collects in low areas.

Sisson says diversion terraces can be used in some areas to divert surface runoff water away from low flat lands. The diversion should outlet into a grass waterway, open ditch or natural stream. A diversion terrace works and acts just like a gutter on a house.

On lands with a slight slope where both poor drainage and erosion are problems, cross slope surface drainage ditches or drainage-type terraces may be the solution. In some cases, direction of rows should be up and down the slope at nearly right angles to the drainage-ways, according to Sisson.

The "W" ditch—where a double channel is formed and the excavated materials placed between the two channels—is a popular type of surface drainage ditch on flat lands. Sisson says the "W" ditch is advantag-

eous because the excavated material does not block surface water from getting into the channels readily from either side. The "W" ditch can be built with tractor and plow.

When the surface drainage system has been completed, Sisson recommends land smoothing with a land leveler to even out minor low and high spots. If the land is smoothed, more uniform surface drainage will result. Improved stands of crops can be expected as well as a more even growth of crops over the entire field. Land smoothing will also help to give uniform drainage when used in fields that are tile drained.

COUNTY SPEECH FESTIVAL MARCH 17

The annual Kosciusko County Speech Festival will be held in Mentone school, Friday afternoon, March 17, from 12:30 until 3:30 p. m. Mrs. Florence Caldwell, Mentone teacher, will be general chairman of the event.

School will be dismissed at 11:00 a. m. Approximately 200 students from the county and Warsaw schools will assemble in the gymnasium at 12:30 for a short session before going to their respective rooms for their performances before the judges. Rev. Claude Fawns, pastor emeritus of Akron Methodist church, will give the invocation after which Mr. Frederick, principal of Mentone school, will welcome the group. Gary Shepherd, chairman of the Mentone Ushers Club, will give instructions concerning the rooms and introduce the members of the Ushers Club who will answer questions and help the students to their right rooms.

There are the following entries: Mentone 15, Silver Lake 5, Sidney 6, Milford 22, Syracuse 23, Leesburg 11, Atwood 10, Etna Green 7, Warsaw 71, North Webster 20, Pierceston 30, Claypool 14, and Beaver Dam 12. Twenty students are enrolled in Original Oratory, 12 in Oratorical Declamation, 27 in Extemporaneous Speaking, 45 in Bible Reading, 16 in Poetry, 57 in Dramatic Reading and 69 in Humorous Reading.

The judges for the eighteen sections have been chosen by Mrs. Caldwell from the Akron area. They have been instructed uniformly concerning their individual sections and the overall work of the festival.

Mentone students will present the following numbers: Dramatic reading, Linda Surface, "Lawd Be Merciful;" Dona Kay Vangilder, "Into A Better Kingdom;" Janice Davis, "Blessed Damosel;" Sheryl Olson, "And A Little Child;" Karen Menzie, "Kitty Goes Adopting;" Chip Gast, "The Button;" Martie Nelson, "Windshield Wiper." Humorous Readings: Martha Van-

COUNTERPOINT, Continued

A charming woman is always well groomed and has a gracious manner.

Personal characteristics are: tact, understanding, tolerance, self-control, out-going actions, and a sense of humor.

Item of interest: There are now 75 different brands of calorie-controlled liquid diet preparations on the market (and more to come).

Do you enjoy your flowers from the first tiny green shoots until the final petal falls? This small miracle, coming in its spring cycle, never fails to touch me deeply. My faith is renewed, and the clamoring ideas of agnostic men recede into proper perspective.

We appreciate the kind note from our neighbor, Mrs. Viola Adams. We want to share a bit of humor she sent:

A reporter from a big city newspaper stopped to visit a friend who ran a little country weekly.

He asked his friend "How can you keep up your circulation in a town where everyone already knows what everyone else is doing?"

The editor grinned, then answered: "They know what everyone's doing, all right, but they read the paper to see who's been caught at it!"

NOTICE

Unless your garbage and trash are kept in proper containers they will not be picked up by Mr. Sanders.

Town Board of Mentone

Mrs. Denton Abbey spent Monday evening in Elkhart attending the board of directors meeting of the Indiana Lakeland Girl Scout Council.

GIVEN DINNER AND SHOWER

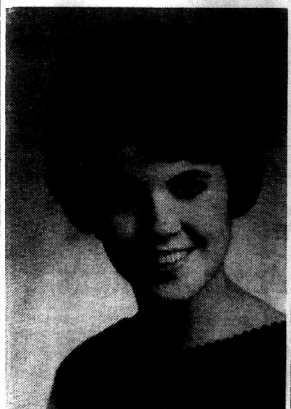

Mr. and Mrs. Ronald Severns were guests of honor at his parent's home to a Sunday evening dinner and shower.

Those present were Mrs. Marie Barkman of Plymouth, Mr. and Mrs. Adrian Doran and daughter, Mr. and Mrs. Bud Link and daughters of Lebanon, Mr. and Mrs. Ralph Severns, Mrs. Maxine Severns, Freddie, Sandy and friend and Mrs. Lydia Shuman, all of South Bend; Mr. and Mrs. Ernie Kromwitter and son, Mr. and Mrs. Richard Hill and sons of Mishawaka; Mr. and Mrs. Lee Severns, Mr. and Mrs. Ott Hartz of Bremen; Mr. and Mrs. Ed Severns, Anna Marie, and the guests of honor who received many nice gifts.

Mr. and Mrs. Art Moser could not come but sent a nice present.

MARRIED FEB. 20

Mr. and Mrs. Frank Newton announce the marriage of their daughter, Frances Elaine, Feb. 20 to Will Lawrence of Chicago. He is the son of Mrs. Ruby Fountain and the late N. W. Lawrence of Fort Myers, Fla.

The bride was a graduate of Talma high school and Gale Institute of Minneapolis, Minn., and was employed with North Central Airlines in Minnesota. The bridegroom was a 1955 graduate of Fort Myers high school in Florida, The Institute of Lettering & Design in Chicago and The Art Institute of Chicago.

The couple will be at home at 4943 North Sheridan Road in Chicago where Mr. Lawrence is a commercial artist for a Chicago consulting firm.

BRIDAL SHOWER

A bridal shower was held at the home of Ford Perry of near Bourbon Sunday honoring their son and wife, Mr. and Mrs. Alvin Perry who were recently married. There were 45 guests present from Leesburg, Wakarusa, Rochester, Denver, Warsaw and Niles, Michigan.

MIDGET MUSHROOMS

Kenneth Barkman and Blackie Wagner, who aim to be the first to find mushrooms each season, came up with some cute little rascals Sunday. The larger one measured about three-eighths of an inch high—and the other half dozen were just little fellows.

When Mr. Barkman found the "big one" he picked up a handful of earth with it, and after closer inspection at home—with a magnifying glass—he noticed several others trying to emerge. He now has a bunch of "potted" mushrooms, hoping they will get a trifle larger.

"BOOK CLUB" CHAIN HITS IN MENTONE

A few issues back "Counterpoint" commented on chain letters, stating that a new arrival was the so-called "Book Club" variety. We understand some of our Mentone citizens have now received copies of such letters. All chain-letter messages are illegal, and those who participate do so knowing that they are involved in an unlawful act.

DRIVER FINED AFTER ACCIDENT

Otto Wolfe, 30, of Laketon, was fined \$22.75 by Warsaw Justice of the Peace Wilber Gill after being charged by State trooper Herschel Harper with running a stop sign following an accident in which Earl Vandermark, 61, of Mentone, was treated in the Murphy Medical Center and released.

Vandermark, a passenger in Wolf's car, sustained bruises and lacerations to his left cheek. The mishap occurred at 2:30 p.m. Saturday about three miles northeast of Mentone. The Wolf vehicle collided with a car driven by Marilyn Scott, 28, of Tippecanoe. The Scott auto was damaged an estimated \$700, and the Wolfe vehicle \$100.

LLOYD ZENT
DIES SUNDAY

Lloyd Zent, 77, of Route 1 Tippecanoe, died in the Woodlawn hospital at Rochester Sunday morning, following a stroke suffered a few days ago.

Mr. Zent, a lifelong resident of the county, was born May 8, 1883 in this county, the son of John and Orpha (Anderson) Zent. He was married to Blanche Ames in 1904. She preceded him in death. He was a member of the Mentone Baptist church.

Surviving are two sons, Earl of Route 1 Mentone and Orton of Rochester; a sister, Mrs. Frank Ladd of Warsaw; five grandchildren and four great-grandchildren.

Funeral services were held Tuesday at 2:30 p. m. in the First Baptist church here with Rev. Irwin Olson officiating. Burial was in the Mentone cemetery with the Reed funeral home in charge.

MISSIONARY CONFERENCE

The First Baptist Church of Mentone will open its annual Missionary Conference on Sunday, March 19th. Dr. Gerald Fisher, a medical missionary who is on furlough from the Central African Republic, will be our speaker on Sunday. Dr. Fisher serves on the staff of Ippy Hospital, a work that is maintained by Baptist Mid-Missions. Dr. Fisher will speak to a joint session of the Adult Sunday School classes at 9:30 a. m.; the Morning Worship Service at 10:30 a. m.; and the 7:30 p. m. Worship Service. All services are on Eastern Standard Time.

The conference will continue through Sunday, March 26th with a different missionary speaker each evening. The week-night services begin at 8:00 p. m. Colored slides and films will be featured at each of the evening services. You are invited to attend each of the services and share the blessing of this conference with the congregation of First Baptist Church.

TO INSTALL SPRINKLERS

Workmen were busy today digging down to the large water main on Main street, near the Frank Manufacturing plant, so a large line can be connected to supply a sufficient flow of water to operate a sprinkler system at Frank's. It will be used for fire protection.

MENTONE H. S.
ATHLETIC AWARDS

Approximately 300 interested citizens gathered at the Mentone gym last Wednesday evening to enjoy the pot luck supper sponsored by the Mentone Boosters Club.

The awards program, with Harold Nelson as MC, followed the dinner. John Tatum, athletic director and head football coach of Wabash, gave a fine address.

The following awards were presented, with Mr. Bateman presenting those to the varsity; Mr. Dunnuck to the second team and Mr. Sanders to the Jr. High.

The Mentone High School athletic awards for 1960-61 are as follows.

The "A" team Cheer Leaders awards are Mona Ross, Becky Keirn and Linda Long—jackets. Susy Nellans received the medal.

The "B" team Cheer Leaders medals go to Marty Nelson, Jill Newcomb and Melissa Bechtol.

Bill Nellans was the recipient of the Sportsmanship Trophy.

Mrs. Joe Boggs and Mrs. Denton Abbey attended the Girl Scout luncheon for Neighborhood Three on Wednesday at the Scout cabin in Warsaw.

COUNTERPOINT

By The Editor's Wife

In the past 75 years there have been 50 million Daisy BB guns produced and sold. Now, if the company would include a colored bird-chart with each gun, showing which birds are "pests" and which are "protected," there would be a larger group of happy bird lovers.

Parents must assume responsibility when their son owns a BB gun. A boy needs to learn sportsmanship, instead of the prevalent trigger-happy "shoot at anything which flies" attitude.

A note from Mr. W. E. Fowler says that the winter of 1919-1920 was extremely cold, with temperatures down around and below zero. On the 13th of March, 1920, the snow was a foot deep, the weather was zero, and it was Saturday. How does he remember? It was their wedding day, 41 years ago, in Mansfield, Ohio.

Ten Commandments For Parents—Sam Levenson):

Thou shalt enforce decency in the dress of thy daughters, and dignity in the dress of thy sons.

Thou shalt protect the morals of thy children from the indiscretions of youthful ardor and inexperience.

Think on this: Hardly any boy would be a problem child if his father would put his foot down now and then—on a spading fork, with the kid holding the bait can.—Burton Hillis in Better Homes and Gardens.

Thanks to Mrs. Isabelle Lantz for the Snowdrop. It looked very enchanting on our lunch table, peeping over the edge of a red ceramic vase.

These little flowers bravely push up through the snow to challenge the bluster of winter, and encourage faint hearts to look for spring just around the next snowdrift.

Mott Bryan called to tell of a shattering experience which they had last Saturday. Daughter Mary Ellen (Mrs. Elson Wilson) and children were visiting the Bryans.

In thinking back, Mott recalls hearing the click of the dryer door, but not consciously. They thought they heard four year old

NATIONAL GIRL
SCOUT WEEK

Members of the 32 Girl Scout troops in Neighborhood 3 of Lakeland Council will join with more than three million members throughout the United States in observance of national Girl Scout week, March 12-18.

Girls began the week by attending the church of their choice on Girl Scout Sunday. This marks the day in 1912 when Juliette Gordon Low called 12 girls together in Savannah, Ga., to form the first Girl Scout troop.

To demonstrate the major scout activities and interests, the girls made displays to be placed in store windows in downtown Warsaw, Pierceton, Milford, No. Webster and Mentone throughout the week. During the week, troops will place special emphasis on homemaking, citizenship, health and safety, international friendship, arts and crafts and the out-of-doors.

To climax the week, Mrs. Rene Nine, chairman of Neighborhood 3, announced plans for a Neighborhood 3 sing to be held from 1:30 to 2:30 Saturday, March 18, in the Warsaw high school auditorium. All of the Girl Scouts are urged to attend.

The purpose of the Girl Scout organization is to help girls develop as happy, resourceful individuals ready to share their abilities as citizens in their homes, their communities, their country and the world.

Every member promises to do her duty to God and country, to help other people at all times, and to live by the Girl Scout laws.

Girl Scout activities are geared to three age groups: girls from 7 through 9 years are in the Brownies; from 10 through 13, Intermediates, and from 14 through 17, seniors. Each group

WITH THE SICK

Mrs. Flora Denton was admitted to the Murphy Medical Center Saturday with a heart attack.

Ebby Bayne was admitted to the Murphy Medical Center on Monday and placed in oxygen.

Mrs. Chan Stine still remains at the hospital and is not much better at this time.

Harold Utter entered the Murphy Hospital Tuesday evening to undergo a hernia operation Wednesday morning.

MAIL SERVICE
IS CURTAILED

Effective on Monday, changes were made in many post offices. Under the new set up, Indiana post offices within a county are supplied through their county seat post office via Star Route twice daily, morning and evening. Mail is to travel at night via truck between large sectional center post offices and the various county seat post offices and be at the office of address in time for delivery the following morning.

Accordingly the Mentone post office will have Star Route service from Warsaw twice daily—at 8:05 a. m. and 6:20 p. m. In addition we will continue to receive mail from Nickel Plate Train 5 at 5:30 a. m. as in the past.

The post office lobby will be open from 6:30 a. m. to 8 p. m., and the windows will be open from 7 a. m. to 5 p. m.

INTERNSHIPS ANNOUNCED

Dr. and Mrs. Dan Urschel, accompanied by Mrs. Urschel's mother, Mrs. Emma Williams of Muncie, were in Chicago last Saturday to visit Mr. and Mrs. Charles Urschel and son David, and Mr. and Mrs. Roger Becklund.

On Monday, Charles and Roger were informed of their internship selections for the coming year. Roger and Sarah will be living in Grand Rapids, Michigan, where Roger will have internship at Rodgett Memorial Hospital. Charles and his family will be in New York City, as he has been accepted as intern on the Internal Medical Service at Presbyterian Hospital of Columbia University.

Roger and Charles will graduate in Medicine from the University of Chicago Medical School in June, and will assume their new positions on July 1 of this year.

Mrs. Barbara VanGilder, Mrs. Frances Carter, Mrs. Carpenter, Mr. and Mrs. Wayne Tombaugh and Mr. and Mrs. H. V. Johns attended the regular meeting of the Kosciusko County Classroom Teachers Association meeting held in the Rainbow room of the Westminster Hotel at Winona Lake, Monday night. Phil Eskew, superintendent of schools at Huntington, was the speaker.

A THOUGHT FOR TODAY

by Harold R. Driskell

ANATOMY OF CRIMINAL BEHAVIOR

The big clock ticks away the precious seconds and some-
where, within a 200-mile radius
of any one of our great me-
tropolises, a mother's heart
bleeds with grief and sorrow-
for it is her only son for whom
the clock tolls; and at exactly
one minute past midnight on a
certain day, he, as decreed by
the Court, will pay the supreme
penalty for the crime of which
he was convicted.

"Why?" The bereaved mother
asks herself again and again.
Many mothers throughout the
world-distraught mothers whose
sons are heading toward prison
confinement or a worse fate
are asking the same question of
anyone who will listen. Why?
Am I at fault for the grim fate
that hovers over my son's life?

Experts in the field of crimin-
ology including psychologists,
psychiatrists, and sociologists
are plagued with pleas for "help
my child," but the answer to
juvenile crime, the causation,
and a probable cure remains
hidden. However, they are rea-
sonably sure of one thing: that
criminal behaviour of the adult
is the net product of a misman-
aged and, in most cases, unloved
childhood.

Broken homes are credited
with an enormous share of ju-
venile delinquency, violence and
crime. A home, however, is not
necessarily a home. Many homes
appear to be intact, resembling
the "Rock of Gibraltar," but are
weak inside—crumbling inside
from lack of proper parental
influence, lack of moral and
spiritual guidance, and insuffi-
cient love and understanding.
(Such an unholy situation often
exists when, through death or
divorce, a step-parent fails to

accept his or her obligation to
the child.)

To support the aforementioned
causes of crime, sixty to seventy
percent of the men in prison are
from broken homes; and, at one
time or another, they were in-
habitants of a home for delin-
quents and/or an institution
designed for youths charged
with more serious offenses.

So the questions remain un-
answered. Who is responsible
for the tragic transformation of
our youths? The changing of his
smile to a sneer? Why does the
innocent youth of pure thoughts
and a perfect character, whose
soul is a holy temple, change
strangely to a "Thing" of de-
struction, an evil-being, a de-
spised wretch, and a disgrace to
the human race? Why?

(Taken in part from the EN-
COURAGER published quar-
terly by and for the men of the

gan City, Ind. Wesley Grimes,

ticles.)

HONORED WITH DINNER

Relatives gathered at the home of Mr. and Mrs. Ed Severns and daughter for Sunday dinner in honor of the newlyweds, Mr. and Mrs. Ronald Severns.

Those present were Mrs. Anna Rickel, Mr. and Mrs. Cloice Metzger and Evalene McDonald of Warsaw, Mr. and Mrs. E. P. Stewart, Mr. and Mrs. Lee Holland and daughter, Mrs. Charles LeClerc and two children, and John Rickel, all of South Bend; Mr. and Mrs. Mike Martino and two daughters of Bremen, Mr. and Mrs. Larry Blacharski and children of Osceola, and Mr. and Mrs. Everett Pontius of Logansport. Tom Metzger called Sunday evening.

After dinner Peggy and Ronnie opened their many lovely wedding gifts.

Total supplies of meat available in 1961 will be about four pounds per person more than during 1960, report Purdue University consumer education specialists. Most of the increase will be in beef, with slightly larger quantities of veal available.

Plastic diffusion bowls on lamps become darkened with age, say Purdue University home management specialists. You will get better diffusion of light if you replace darkened bowls with new ones.

SEVASTOPOL SCHOOL ROSTER IN 1897

We are indebted to Max
Dunlap for a souvenir copy of
a list of the students and teach-
ers in the Sevastopol school in
1897. The school, according to
Mr. Dunlap, was a two-room
frame structure, just east of the
corner in the "big city."

H. F. Aduddell was the prin-
cipal and Janey Roberts was
the primary teacher. G. W. Wor-
ley was county superintendent
of schools, and L. H. Eaton was
trustee.

Those in the 9th grade were:
Henry Ford, Lumley Smith and
Charley Black.

The 8th grade included: Sadie
Rickel, Mertie Eaton, Dessa
Blue, Pearl Jenkins and John
Bidelman.

Sixth grade—Edith Blue, Min-
nie Mollenhour, Lizzie Riner,
Bessie Lewis, Georgia Holloway,
Charley Burns, Robert Eaton.

Fifth grade—Hugh Riner, Hor-
ace Bidelman, Ed Mollenhour.

Fourth grade—Sol Arnsburg-
er, Cas. Arnsburger, Victor Ea-
ton, Clyde Thomas, Emmet Dun-
lap, Earl Smith, Oliver Jefferies,

Forecast of Spring Fashions

In the spring a young man's
fancy may turn to love, but,
long before then, a woman's
thoughts turn to what she will
wear come warm weather. Antic-
ipating your sewing or shopping
for ready-to-wear, Mrs. Lottie
Sumner, Purdue University
clothing specialist, presents ad-
vance news of spring style
trends.

Color is the big news, she re-
ports. Pinks are leaders and
cover a range from rosy to
"shocking," including raspberry,
cyclamen, and fuschia. Warm
corals, orange, and sunburst
yellows are also predicted as are
varied turquoise blues and
greens.

Mrs. Sumner sums up the sil-
houette change in the two words,
supple and simple. A look of
softness comes from fluid, bias
cuts and with flared, gored, and
pleated skirts. Softer, larger, and
unpressed pleats give skirts a
swaying line. The fluid line is
found, too, in jackets, which may
be long or short, but have an
easy fit. Relaxed overblouses
may be belted or not, as you
prefer.

With the new simplicity, de-
tails are pared away. Many new
necklines are collarless or have
but a stand-up collar band.

To be important are both the
coat-and-dress and jacket-and-

dress costume. Coats are full-
length and often brightly col-
ored. Jackets are easy-fitting.

Paris says hems are up, but
Mrs. Sumner advises that the
American woman will adapt
this decree to her own prefer-
ences. The right skirt length for
you, she states, is the one most
becoming to you.

ANNIVERSARY DINNER

A belated anniversary dinner
was held Sunday at the home of
Mr. and Mrs. Otis Dickey, R. 2,
Warsaw, for Mr. and Mrs. Geo.
Dickey. The couple were mar-
ried 59 years ago on March 1.

Those attending with the hon-
ored couple were Charley Dick-
ey and Miss Bessie Burns, of
Goshen; Mr. and Mrs. John
Dickey of Jenkins, Minnesota;
Rudolph at home, and Clarence
and Randy Dickey. Evening call-
ers were Mr. and Mrs. Paul
Sherwood of Piercetown, and
Mr. and Mrs. Harry Marsh, Jr. and
son Allen of Sidney.

With good turf management,
newer types of grass, such as
Merion bluegrass, are well worth
the additional cost, according to
Purdue University turf special-
ists.

CARD OF THANKS

We wish to thank our friends and neighbors for their cards, flowers, calls and prayers and deeds of kindness shown us during our illness and accident. Mr. & Mrs. ORVEN HEIGHWAY

NEWS? Ph. ELMwood 3-3985

In Memory of our Mother and Sister, Hazel Guy, who passed away a year ago March 15, 1960. We love and miss her so much.

It seems we scarcely know her many years on earth. Nor realized till she had gone her sterling woman's worth. Too much she gave, too freely toiled for others, all the while, Too much we blindly let her give, forgetting thanks or smile.

Those toil-worn hands had never meant so much to us until Upon her quiet breast they lay, so white and cold and still;

What service they had done for us we never paused to say, Until we missed their tender touch when she had gone away.

We longed to tell our love at last, and how we held her dear; But oh, the hour had glided past; our words she could not hear.

We loved her, yes lover her, but angels loved her more, And they have sweetly called her to yonder shining shore.

A Golden gate was opened
A gentle voice said come
And with farewell unspoken,
She calmly entered home.

MERRY MOLLYS MEET AT HOLLOWAY HOME

Seventeen members of the Merry Mollys Home Demonstration Club met on Monday evening at the home of Mrs. Clayton Holloway with Mrs. Donald Horn as co-hostess.

The meeting was opened with the pledge to the flag, followed by the Club Creed and singing "America the Beautiful."

Mrs. Carl Whetstone read two articles, "The Master Is Coming" and "What In A Boy" for meditation.

The history of the song of the month, "The Cradle Song," was read by Mrs. Whetstone. She then led the group in singing it. A very interesting lesson on "Wall Treatment" and "Choosing Accessories for a Room," was presented by Mrs. Harold Horn and Mrs. Gene Sarber.

Mrs. Glenn Puterbaugh presided over a short business session, closing with the club prayer song and club collect.

Mrs. Roger Wrigley and Mrs. Whetstone were in charge of contests, with prizes going to Mrs. Herschel McGowen and Mrs. Horn.

Mrs. Dale Stiffler received a gift from her secret pal and Mrs. Glen Mellott was the recipient of the door prize.

Lovely refreshments were served by the hostess and co-hostess.

NEWS? Ph. ELmwood 3-3985

In Memory of our Mother and Sister, Hazel Guy, who passed away a year ago March 15, 1960. We love and miss her so much.

It seems we scarcely know her many years on earth, Nor realized till she had gone her sterling woman's worth.

Too much she gave, too freely toiled for others, all the while, Too much we blindly let her give, forgetting thanks or smile.

Those toil-worn hands had never meant so much to us until Upon her quiet breast they lay, so white and cold and still;

What service they had done for us we never paused to say, Until we missed their tender touch when she had gone away.

We longed to tell our love at last, and how we held her dear; But oh, the hour had glided past; our words she could not hear.

We loved her, yes lover her, but angels loved her more. And they have sweetly called her to yonder shining shore.

A Golden gate was opened
A gentle voice said come
And with farewell unspoken,
She calmly entered home.

Mrs. Roger Wingley and Mrs. Whetstone were in charge of contests, with prizes going to Mrs. Herschel McGowen and Mrs. Horn.

Mrs. Dale Stiffler received a gift from her secret pal and Mrs. Glen Mellett was the recipient of the door prize.

Lovely refreshments were served by the hostess and co-hostess.

BEAVER DAM SCHOOL NEWS

Last Friday the local spelling bee was held. Sixteen students participated. It took one hour and twenty five minutes to get a winner. Sandra Surface, an eighth grader and the daughter of Mr. and Mrs. Orlando Surface, won the spelling bee. Lynn Flenar, a sixth grader and the daughter of Mr. and Mrs. Robert Flenar, came in second. Lynn will compete in the contest of 5th and 6th graders over WRSW at 9:30 a.m. on April 8. Sandra will compete in the county contest to be held at Warsaw radio station, WRSW, at 9:30 a.m. on April 15. Sharon Harrold, daughter of Mr. and Mrs. Dorris Harrold, is an alternate for the 5th and 6th grades. Sharon Whetstone, daughter of Mr. and Mrs. Thurl Whetstone, the alternate for the 7th and 8th grades. Others who participated are: Luana Teel, Jim Weaver, Diana Adams, Jennie Hudson, Denny Teel, David Norris, Daniel Murcia, Shirley Mahaska, Nancy Smelser, Diane Cumberland, Diane Flenar and Carol Baumgartner.

Ten students will enter the county speech festival which will be held at Mentone tomorrow afternoon (Friday). They are: Diana Ballenger, Sue Welty, Jean Swick, Karen Perdue, Betty Smith, Janet Miller, Linda Smalley, Sonia Smith, Jean Cumberland, and Richard Whetstone. They will enter twelve events. Mrs. Bogue and Mrs. Holsinger have been assisting the students.

The Farm Bureau will meet at the school house next Tuesday evening.

The county volleyball tournament will be held at Syracuse next Wednesday evening. The Beavers will compete against Etna Green at 7:00.

The members of the sophomore class will order class rings next Friday afternoon. Each member should have \$5 for deposit at the time they order.

Our high school band will compete in the district band contest at Hartford City next Saturday. Several of the Beaver Dam teachers attended the county teacher's meeting that was held at the Westminister Hotel last Monday evening. Mr. Philip N. Eskew, Superintendent of the of the Huntington City Schools, gave a very interesting and enjoyable talk. Mentone's own Vance Johns led the group in singing.

wax Flowers, Art Foam, and Macaroni Shell Craft.

Games and contests were conducted by Mrs. Leroy Grossman. Prizes were won by Mrs. Elgie Vandermark, Mrs. Mike Becker, Mrs. E. C. McGowen, Mrs. Joe Meiser, Mrs. Lewis Johnson. The door prize was won by Mrs. Wilbert Utter. The April meeting will be with Mrs. Ann Staldine.

BIRTHDAY DINNER

Mr. and Mrs. Joe Kelley and family of Etna Green, Mr. and Mrs. Fred Wood and family of Akron, and Jean Sult and daughter Mary Ella of Rochester, were dinner guests Sunday of their parents, Mr. and Mrs. L. Wayne Kelley of Mentone. The occasion was Mrs. Kelley's birthday. In the afternoon she received telephone calls from their two sons in the state of Washington and daughter in Florida.

THINGS ARE PICKING UP!

BEAUFORT, S.C.—Frank Ramsey, Savannah Morning News correspondent here, reports over hearing the following conversation by two loungers outside a Beaufort employment agency:

First: "Boy, things are picking up since Kennedy went in."

Second: "What you mean? I ain't got no job."

First: "Yes, things are picking up. Last week they picked up my washing machine; next they picked up my TV, and if they pick up my car, I'll be out of debt."

MENTONE READING CLUB MEETS

The March meeting of the Mentone Reading Club was held at the home of Mrs. Max Nellans with Mrs. Paul Rush assisting.

Following the business meeting, conducted by the president Mrs. Richard Manwaring, the program committee was in charge.

For devotions Mrs. Joe Boggs read several articles pertaining to our community. Miss Von Jenkins then introduced several of the ladies who, in turn, gave most interesting reports of several community businesses. Mrs. Charles Manwaring told of the beginning and growth of the Manwaring hatchery, showing a number of photographs of the modern equipment.

Mrs. Max Nellans related the scientific up-to-date method of raising piglets, as practiced by the Nellans Farm and Hatchery. Mrs. Dan Urschel reviewed the growth of the Urschel Clinic, and told of the sentiment given by other doctors against trying to start a clinic in a small town. Mrs. William Cox gave a word picture of the dozens of kinds and sizes of springs made by the Midwest Spring. Mrs. Ralph Mollenhour explained about the services and products of Frank Manufacturing and its associated plants. Mrs. Wayne Tombaugh gave an account of Eber Whatnots and Novelties and the various interests during the years.

Excerpts from a sociology report, by Sue Borton, were read by Miss Jenkins. A discussion period followed. The consensus

GIRL SCOUTS, Continued

has its own uniform, its own program and its own goals.

There are 448 girls in scouting in Neighborhood 3, plus 133 adults. There are 18 Brownie troops, 13 Intermediate and one Senior.

In Mentone, Mrs. Denton Abbey and Mrs. Joe Tucker are leaders of the Intermediate group; Mrs. Joe Boggs and Mrs. Roger Wrigley are leaders for the Brownie Scouts.

The troop committee members are Mrs. Raymond Lewis, Mrs. Lewis Pulling, Mrs. Mott Bryan, Mrs. William Cox, Miss Von Jenkins, Mrs. Vance Johns, Mrs. Frances Carter, and Mrs. Artley Cullum.

There are several girls of Brownie Scout age who are waiting to form a troop, as there has been no leader available. This is a place for someone to invest some of their talent and spare time. Think it over, seriously.

Roots of cannas, caladiums and tuberous begonias should be started indoors for strong plants to be set outside this spring, according to Purdue University horticulturists.

of opinion was that Mentone is a good place to live, but that we need to be realistic in admitting and correcting our faults, if we are to attract and hold newcomers.

The April meeting will be held at the home of Mrs. Miles Manwaring with Mrs. Loren Tridle assisting.

COUNTERPOINT, Continued

Vickie calling from upstairs. Mary Ellen answered, but Vickie still called to them. Finally, they traced the voice to the dryer. Somehow, Vickie had crawled in to the dryer, pulling the door shut. Luckily the timer was not turned on, or her voice would not have been heard. The Bryans are thankful that this was not a fatal accident, although the dreadful experience left them completely shaken.

The incident is told here to serve as a warning to all owners of automatic dryers, that all necessary caution may be taken, so that a tragedy can be prevented.

We enjoyed this (and it happened in the home of friends):

Four year old Bobby and an older brother and sister had been seriously praying for a baby sister. Some time later a baby boy arrived in their home.

A puzzled Bobby asked, "Does God ever make a boo-boo?" "What do you mean?" his father queried.

"Well, we asked Him for a girl and He sent us a boy," was Bobby's answer.

Purdue University horticulturists recommend moving house plants which don't thrive in full sunlight to shady locations as the sun gets stronger.

Mentone Home Ec Club Meets

The March meeting was with Mrs. Grace Sullivan. The meeting was opened by the Vice President Eloise Long. Pledge to the flag was led by Olive Tucker and club creed by Maude Cox.

Program planning lesson was given by Eloise Long, emphasizing the classifying of type of lessons to use, both head and hands, eight reasons why lessons change, shifting of age groups, lessons for each of main three groups.

Meditation was read by Eve Laird using "Today is Wasted," and "It Happens Every Year."

History of the song of the month, "Cradle Song" was read by Genieve Warren, after which we sang the number. Response to roll call was, "a good Irish joke." Secretary and Treasurer reports were read. President Esther Sarber conducted the business session. A report from our anniversary chairman was given by Maude Cox. The date

was set for April 26th. We voted to send a donation to the I.F.F.E.'s.

Story of the coffee bean was read, which was very interesting. The meeting was closed by repeating the club collect. The auction was conducted by Agnes Rans.

Helen, Agnes and Melisa received gifts from their Cheerio Pals. Opal Tucker won the mystery package. Ota Dick and Belle Morrison were guests. There were 15 members present. The hostess was Grace Sullivan and assisted by Eve Laird as co-hostess.

A St. Patrick party was held at the home of Mr. and Mrs. Carl Mahoney on Wednesday evening. Those present were: Mr. and Mrs. Floyd Blackwell, Mr. and Mrs. Russell Huffer and Mr. and Mrs. Francis Kehoe. Those having birthdays were Mrs. Mahoney and Mrs. Huffer. The evening was spent playing games. The refreshments were in keeping with the St. Patrick Day theme.

FARMERS BANK GAINS
IN NATIONAL RATING

A telegram received from The American Banker, Monday, announced that the Farmers State Bank at Mentone had gained 197 places in rank out of 6,000 U. S. banks, during the past year.

The Mentone financial institution has been steadily growing in stature among the larger U. S. banks the past several years.

COUNTERPOINT

By The Editor's Wife

We were intrigued by the following words by Hayden Pearson.

"Maple syrup on biscuits is a good dessert anytime of year, but there is something especially flavorful about the combination in the third month.

Perhaps it is because man tapped the trees and boiled down the sap to golden sweetness. Perhaps it is because he cut the wood that provided the fuel for changing the sweet sap to sweeter syrup.

Along the same line of thought—Mr. W. E. Fowler read in his grandfather's diary that on March, 1, 1866, from elder bushes he cut spiles for tapping maple sugar trees.

We enjoyed this: Eager to impress his teacher (at lunch) Billy tucked his napkin under his chin. She suggested that it might be better to place it on his lap.

Billy replied quickly, "My shirt is clean, but my pants are dirty already."

(Ten Commandments for parents—Sam Levenson)

Thou shalt conduct thine own affairs in such a manner as to set an example worthy of imitation by children.

Thou shalt not permit thy children to bear arms except in the service of their country.

Here are four good rules to follow if you have children in the car while driving.

1. Don't drive with a child on your lap.

2. Don't drive with a child standing on the seat. (Either you would not feel free to brake hard, or if you did, the child might be thrown into the instrument panel or windshield.)

3. Drive slowly. Small children have no way to brace themselves.

4. Lock all doors and teach children to keep "hands-off" handles.

(By Frank S. White of the Hoosier Day column.)

You may have wondered whether my remarks about BB guns stemmed from personal experience. In a sense, the answer is "yes." We have observed many boys and their BB guns during the past twenty years.

(Continued on back page)

A LOT OF DUCKS
ARE RAISED HERE

The Sunday issue of the Indianapolis Star carried a feature story about the duck business in Kosciusko county, the second largest duck producing county in the U. S. (New York's Long Island is first.)

Don Wentzel, Mentone, is the one who has promoted the duck business in our county, and 16 farms are engaged in their production.

The duck business in the county amounts to about a million dollars a year. About 30,000 of the feathery creatures pass thru the \$200,000 dressing plant at Milford each week, and after being packaged and frozen, are shipped all over the world.

Each week 60,000 feet are shipped to Hong Kong, and the entrails are sold for feed on the milk farms.

The feathers, which amount to about one-tenth of the value of the birds, are carefully removed with wax and then sorted and graded.

Mr. Wentzel has done a splendid job of not only producing a delicious bird for eating purposes, but in promoting the industry.

PTA SCHOOL
OF INSTRUCTION

Mrs. Delford Nelson announces that a PTA school of instruction for 1961, for all of Kosciusko county as well as Mentone PTA members and officials, will be held in Mentone Friday, Apr. 14. Two sessions will be held, one from 1:15-3:30 and the other from 7:15-9:30.

There will be a good speaker and panel discussions, as well as a session of group singing. Each session will be different, so all should plan to be present for both. Child care will be arranged for those with children.

ENGAGED

Mr. and Mrs. LaVerne Ladson of R. 1, Mentone, announce the engagement of their daughter, Mary Faye, to James O. Unzicker, son of Mr. and Mrs. William P. Unzicker, of near Claypool.

A graduate of the Talma high school and Fort Wayne Commercial College, Miss Ladson is employed by the International Harvester Company in Fort Wayne. Mr. Unzicker, a graduate of the Mentone high school, is an apprentice bookbinder for R. R. Donnelley and Sons in Warsaw.

This Is National
Wildlife Week

C. O. Mollenhour, an enthusiastic conservationist for many years, announces that this week, March 19-25, is National Wildlife Week.

In his local proclamation, he stated the people of Mentone are dependent upon the natural resources—soils, waters, forests, grasslands, minerals and wildlife—to sustain life and contribute to the growth and development of the Mentone industry, commerce and agriculture.

Also, it is now recognized that there is need for open spaces—the wilderness and scenic areas, forests, grasslands, streams and lakes—which are vitally important to the physical and mental health of our ever-increasing numbers of citizens who find pleasure and relaxation in the out-of-doors; and National Wildlife Week is another time to put forth additional effort to preserve and foster such natural resources.

WITH THE SICK

Mrs. Rosa Kinsey was admitted to the Woodlawn Hospital at Rochester on Sunday. She is suffering with pneumonia.

William Schooley was admitted to the Woodlawn Hospital at Rochester, for observation, Sunday.

Miles Kesler was dismissed from the Bluffton Hospital to his home on Thursday of last week.

Dave Bruner fell and broke his leg Saturday and was admitted to the Murphy Medical Center at Warsaw.

William Cook suffered a stroke Sunday and the children were called to his bedside.

Mrs. Flora Denton, mother of Glen Denton, is much improved and does not require 24-hour nursing care, but remains in the hospital.

Mr. and Mrs. Zanna Hammer left Wednesday afternoon for French Lick to attend an insurance convention.

Mr. and Mrs. Rex Yazel and family had Sunday dinner with Mr. and Mrs. Jack Slabaugh at Bourbon.

Callers of Mr. and Mrs. Garrie Rose during the week end were Harry Cole and Mrs. W. E. Fowler.

Mr. and Mrs. Max Dunlap called at the home of Mr. and Mrs. Earl Carbiener on Sunday afternoon.

Officers Elected At D. A. R. Meeting

The Anthony Nigo Chapter of the D. A. R. met at the home of Mrs. Miles Manwaring with Mrs. Bernice Rush as co-hostess, on Tuesday evening, March 14.

The meeting was opened in ritualistic form. Mrs. Dale Cook read the President General's message. The resolution on Foreign Aid was given by Mrs. Hazel Linn.

In the national defense news, Mrs. Frank Smith discussed the appointment of Edward R. Murrow to the important post of head of the United States Information Agency, which serves as the Nation's overseas public relation arm.

Mrs. Smith reported that the House of Representatives voted a crushing defeat to the critics and enemies of the House Un-American Activities Committee on the occasion of the final showdown, on the \$331,000 appropriation to finance its investigations for the current year.

Mrs. Smith also read a statement from Bob Considine's column, "On The Line," which apologizes for his part in perpetuating the widely publicized untruthful statement in regard to the barring of Marion Anderson from singing in the D.A.R. Constitutional Hall. He stated Anne Melson Stommel, national vice chairman of the Eastern Division of the D.A.R. stated it wasn't the D.A.R. but the laws of the District of Columbia in

force at the time, which forbade racial mixing at public functions to which admission was charged.

Mrs. Hazel Linn opened the program by reading Joyce Kilmer's poem, "Trees." Mrs. Pat Leiter read a paper on "Historical Trees of Indiana, which was illustrated with pictures.

An election of officers for the coming year, consisted of: Regent, Mrs. Fred Surguy; vice regent, Mrs. Kenneth Riner; secretary, Mrs. Pat Leiter; treasurer, Mrs. Paul Shireman, historian; Mrs. Norma Metheny, registrar; Mrs. Edna Carey; librarian, Mrs. Merlyn Holt; chaplain, Mrs. Bernice Rush.

The meeting was dismissed by reading of the American's creed.

Refreshments in keeping with St. Patrick's Day were served to twenty-one members and five guests, Mrs. Earl Davis, Miss Nancy Shively, Miss Elaine Manwaring, Mrs. Thelma Kuhn and Mrs. Carol Keirn.

ATWOOD GIRLS 4-H CLUB MEETING

The Atwood Girls 4-H Club met Monday, March 6, in the home Ec room. Pledges were given and roll call was called. The secretary and treasurer reports were read and approved.

A song was sung and new and old business was read.

March 4 through 10 was 4-H week.

Refreshments were served after the demonstrations. Our next meeting will be April 3rd.

JUNIOR CLASS PENNY SUPPER

The Mentone Junior Class is sponsoring the annual Penny Supper Saturday night from 5:00 p.m. till 7:30 p.m. in the school cafeteria. In accordance with the regulations of the county health board the entire supper with the exception of the cakes and pies will be prepared in the school kitchen by the school cooks, Mrs. Mary Teel and Mrs. Frances Mellot, whose children are members of the Junior Class. Mrs. Agnes Rans will make the chicken pies and ham loaf there also.

The following enticing and delicious menu will be offered: chicken pie, ham loaf, rolls and butter, beef & noodles, mashed potatoes and gravy, green beans, candied sweet potatoes, baked beans, sunshine salad, cottage cheese salad, potato salad, frozen fruit salad, cole slaw, tossed salad, baked apples, cherry delite, pineapple sponge, cakes including German Chocolate, devil's food, yellow, and white, and pies including cherry, apricot, apple, lemon, old-fashioned cream, pecan, pumpkin, Dutch apple, blueberry, raspberry, and huckleberry.

The Juniors and their sponsor, Mrs. Caldwell, will be on hand to serve and help in all the tasks of putting on the supper.

They are planning on a large crowd and they promise that there will be plenty of the best food you ever tasted. Everyone is urged to come, help the Juniors, and enjoy a fine meal.

GUEST SPEAKER

S. K. Dong was the guest speaker this past Sunday night at the Mentone church of Christ. He is from Seoul, Korea, in the United States trying to collect money for the work of the church in his homeland. He told us about the customs of his people compared to ours. The children as well as the adults enjoyed hearing him sing a Korean song. This Thursday night Keith Besson who is home from David Lipscomb for the spring vacation will speak to the church.

A CARD OF THANKS

Since my return home from the hospital in Florida, I want to thank my many friends and neighbors for their prayers, cards, calls, and flowers. I very much appreciate each of them. And thank you all from the bottom of my heart.

MOTHERS OF W. W. II MEET

The Mothers of World War II, Mentone Unit 106, met on Wednesday evening, March 8, with Minnie Busenburg for the monthly meeting, with the president, Ethel Whetstone, presiding.

The colors were presented by the sergeant-at-arms, Ann Romine. The pledge to the flag and singing one verse of the "Star Spangled Banner" was followed with prayer by the chaplain, Emma Cook. Fourteen members answered roll call, with one guest, Mary Jane Jones, present. The minutes were read by the secretary, Edith Young, and the financial and secretary's report was given by Minnie Busenburg. Communications were read and discussed. It was decided to send two dollars each to seven hospitals and each month do something for each hospital. This month we are sending carpet rags to Lafayette State hospital.

Maude Romine, Myrtle Davis, Dora Whetstone and Ethel Whetstone attended the district meeting at Logansport March 2.

The meeting was closed with the usual closing ceremony. Refreshments were served by the hostess.

Sunday Evening Lenten Worship Speaker

The guest speaker for the final service in the Lenten Worship series at the Methodist Church will be Rev. Dr. O. Wayne Paulen, District Superintendent of the Warsaw District.

Dr. Paulen, a native of Indiana, has been serving Indiana Methodism since 1933 in several pastorates including LaGrange, Bluffton, and Huntington.

He has traveled widely for the church, and has been in Europe, Asia, the Middle East, including the Holy Land, and was one of 23 professional Americans who spent 28 days in the Soviet Union in 1956. This last trip included visits in Poland and Czechoslovakia.

Dr. Paulen has also served as one of our Indiana delegates to the 1960 World Conference of Methodism, and serves our Conference in Indiana in various capacities.

In secular activities, Dr. Paulen is a member of Kiwanis, Masonic Lodge, and Scottish Rite.

In his visit with us this Sunday evening, Dr. Paulen will preach on the Scripture, "Father, Into Thy Hands, I Command my Spirit."

Purdue University horticulturists advise opening the package of newly arrived trees as soon as it is received from the nursery. If the trees appear dried out, soak the tops and roots for a day or two before planting.

Still Time to Topdress Wheat

Farmers in central and northern Indiana who have been unable to get on their wheat fields to apply fertilizer need not be discouraged—there's still time to topdress the crop this spring.

Purdue University agronomists point out that spring topdressing has paid off well on practically all light colored soils and on some dark colored soils where wheat has followed crops other than clover or alfalfa.

Recommended rates range from 25 to 30 pounds of actual nitrogen on heavier soils in central and northern Indiana to 40 to 50 pounds on lighter colored, sandier soils.

Either solid nitrogen fertilizer or non-pressure solutions may be used. Some farmers prefer high nitrogen mixtures, such as 10-10-10, or higher similar ratios for topdressing. They believe that the mineral nutrients help establish legumes seeded in the wheat.

Purdue trials at Lafayette showed that topdressing in late March and early April gave about equally effective, excellent results.

Rainfall the previous summer has been a guide to the chances of paying yield increases. Follow-

ing wet summers, good yields resulted from topdressing. After dry summers, with much less than average rainfall from June through August, yield increases were less.

Fertilize For Better Lawns

Success with your lawn depends upon proper care, according to Purdue University turf specialists.

Fertilize the established lawn

every spring, using 10 pounds of fertilizer per 1,000 square feet. Analysis such as 10-6-4 may be used. Apply the fertilizer evenly by spreading half in a north-south direction and the other half in an east-west direction. Many non-burning formulations are available. The pelleted and granular forms do not stick to turf leaves, unless wet, thus avoiding burn. If powdery fertilizer is used on green turf, rinse it off the leaves immediately to avoid burn.

Crabgrass may be controlled by applying crabgrass killer before the crabgrass seed germin-

ates. For best results with any materials on the market, apply before forsythia blossoms fall. Follow directions on the container and use the recommended amount.

If you roll your lawn, roll early before heavy rains occur, or not at all. Do not roll the lawn when it is muddy. The idea is to press the crown back into the surface soil. A roller one-half full with water should be heavy enough.

Mix soil, seed and fertilizer to reseed bare spots in your lawn, suggests Purdue University turf specialists.

Additional topsoil may not be worth the cost for home lawn building, say Purdue University horticulturists. If it is applied, the topsoil should be spread at least four inches thick to make the expenditure of time and money worthwhile.

A THOUGHT FOR TODAY

by Harold R. Driskell

SPECIAL FOR YOUNG PEOPLE

A college professor was teach-
ing a class on young people and
their morals. He knew the ne-
cessity of impressing this on
the mind of each individual
student.

The next morning before
class the professor brought two
dozen of the most beautiful
roses he could find. There would
be one for each boy, with one
left over. He picked the very
prettiest rose out of the bunch
and passed it to every student,
letting him smell of it and han-
dle it. Then he took it and
fluffed it up in his hands. He
then put the handled rose back
in the bouquet. He passed the
bouquet around and let every
boy take the rose he wanted.

In the end, the handled, mis-
used rose was left.

A boy may go out with a
girl that's misused, but in the
end he always desires to pick
the one that is pure for his wife.
(Thanks to the Gospel Digest.)

was led by Tony Peters. The 4-H
pledge was led by Lowell Gruen-
wald. Diana Rathbun read the
secretary's report and roll call
was answered, by whether or not
their dues were paid.

Jim Mikel led the group in
singing and the treasurer's re-
port was given by Eddy Tridle.

Mr. Bitzer reported on the
new photographer project. Connie
Wallace reported on the of-
ficers training school held at
Warsaw recently.

Two films were shown, "Fire
on the Farm," and "The Town
that Came Back." Polio and den-
tal cards were distributed to the
club members to be filled out.

Refreshments were served to
37 members and 1 guest. Meet-
ing was then adjourned.

SENIORS TO PRESENT "CLASS RING"

Mentone High School Seniors will present **CLASS RING**, the best loved of Rosamond du Jardin's books which have achieved world wide popularity, on Friday and Saturday nights, March 24 and 25, at the high school gym. Here dramatized by Anne Coulter Martens the play is a gay comedy, centering about an attractive pair or teen-agers who have just exchanged class rings and decided to go "steady." With this exchange it seems as if their problems are settled, but they find they've a fresh new set to cope with.

Linda Goshert is Toni who wears the ring; Linda Surface is her mother; Tom Wittenkammer is her father; Kay Taylor is her little sister; Barry Blalock is her steady boy friend; Ruth Drudge, Becky Keirn and Mona Ross are friends and classmates; Larry Manwaring, Mitchell Tucker, and Gary Shepherd are boy friends and school chums; Janet Capes is a young neighbor and friend of the little sister; Dona Kay Van Gilder is the local English and drama teacher; Lee Istok is a play producer; Larry Wise is an egg delivery man.

The play is under the direction of Mrs. Paul Rush with Pam Hammer as student assistant.

Saturday night's performance will be preceded by a chicken pie and ham loaf supper prepared by Junior Class members.

THAT'S HOW THINGS GO

Pupils at Padroni School in Sterling, Colo. had quite a time asking their teachers this question:

"What would you do if you ever came across 'Naromujock-nowhusunktankshunk?'"

Some said they'd plant it. Others answered they'd call it Elvis Presely. One teacher came pretty close, saying he'd wash his feet in it.

Actually it is the name of a small brook near Sherman, Connecticut.

The very best angle to approach any problem is from the "TRY-angle."

COUNTERPOINT, Continued

(Twenty pleasant years spent on the banks of Yellow Creek.) Our creek seems to draw all boys to it sooner or later. Even the most careless seemed eager to cooperate when it was pointed out that there was danger, to others, especially if small children were near.

We have always enjoyed having the neighbor boys play ball in our yard. (Up until a few years ago there had been a shortage of girls.)

One evening we came home and found a note in our door. The note had been scrawled on a bit of scrap-paper and said, "We hit a ball through your kitchen window. We will pay for it." At the bottom each boy had signed his name—there were some Teels, Davises, and Feldmans. Need I tell you how proud we were of these boys?

After deliberation and consultation we agreed that the boys should pay for repairing the window, (as a lesson in responsibility and neighborliness).

There is a sequel to the story—when the second window was broken, young Larry came to the door with a check all filled in for the proper amount. (I hope he was able to collect from the other ball players.)

Overheard in our living room: Lisa to Bill (both busy with the clay). "What does your daddy do?"

Bill, in his husky five-year old bass voice, "Oh, he paints." (Seems it's a case of "brawn"

**MRS. MCINTYRE
BURIED SUNDAY**

Mrs. George (Nadine) McIntyre, 55, a former resident of Mentone, died in the Elkhart hospital of complications last Friday. She had been in ill health for several years.

Mrs. McIntyre was born near Wabash, Aug. 7, 1905, to Alva and Dora (Weeks) Creviston. She lived all her life around this community until moving to Elkhart 11 years ago.

A member of the Grace Brethren church of Elkhart, she was married to George McIntyre on March 19, 1927. He survives.

Also surviving are a daughter, Mrs. Joycelene Miller, and a son, Dean McIntyre, both of Elkhart; and two brothers, Heston, of Lafayette, and Elwin, of Roanoke, Indiana.

Funeral services were conducted in the Johns funeral home, Sunday at 2:30 p.m. with Rev. Braddock, of Elkhart, officiating. Burial was in the Palestine cemetery.

**TO DEMONSTRATE
FENCE BUILDER**

One of the first demonstrations in the Nation of the new Fury Fence Building Machine will be held at the Northern Indiana Fence Company, located northwest of Mentone, on next Wednesday, April 5, beginning at 1:00 p.m.

Developed by United States Steel and its American Steel and Wire Division, the machine erects fence in a one pass operation and is believed to be the most significant advance in fence building in decades.

The Fury Fencer can be attached to a standard farm tractor and drives posts and then dispenses wire fence as it moves along the fence line. Equipped with a hydraulically operated clamp for stretching fence to obtain the proper tension, it holds fence in place so that it may be quickly hand-fastened to the posts. The machine erects woven wire or barbed wire fencing, or combinations of both.

Everyone at all interested in fencing should be on hand to see this revolutionary machine in operation.

A special invitation is given by Mr. H. E. Ward, manager of Northern Indiana Fence Co., to everyone to visit their place on next Wednesday. Refreshments will also be served.

Chosen FFA Sweetheart

Last week on Wednesday evening, the Mentone FFA attended the district FFA banquet and Sweetheart contest at New Carlisle. Susia Nellans, daughter of Mr. and Mrs. Elery Nellans of Crystal Lake, pictured here, was chosen as District FFA Sweetheart from eleven chapter sweetheart contestants. Susie also gave a humorous reading.

We are pleased to have one of our youngsters honored with the sweetheart contest selection.

This week, from Thursday until Saturday, seven members of the Mentone FFA will attend the State FFA Convention being held at Purdue University. They will be accompanied by their advisor, Mr. Bitzer.

**REMODELING FOR NEW
COIN LAUNDRY HERE**

Workmen are now busy installing the equipment for a coin operated laundry in the Emma Clutter business building on Main street. Officials of the Crystal Coin Operated Laundry organization state they hope to be in operation within a week or two. This will be their sixth laundry in the area. Their headquarters are in Peru.

It is planned to install 12 washers and four dryers here at Mentone.

NEW SON

Mr. and Mrs. James Goshert are the parents of a son, Carey James, weighing eight pounds one ounce, born Friday, March 24 at the Murphy Medical Center. Mrs. Goshert and new son returned home Monday.

COUNTERPOINT

By The Editor's Wife

This is the 'impatient' season when one begins counting tulip and hyacinth tops. At every vacant spot, I try to reassure myself that bulbs planted upside down may eventually show up. (My helpers last fall were four eager "little people," so, coward that I am, my alibi is perfect.)

Your share of the aspirins to be consumed this year is 114. "That's a lot of aspirins," you say. Yes, and a lot of headaches, too.

Need a spring tonic? We would enjoy this one prescribed by Haydn Pearson:

"This special spring tonic is compounded of many things: the carol of the first robin, the sight of a brown patch along the south side of the woodlot, the drumming of a partridge, the bugle of a jay, a bouquet of pussy willows on a living room table and the song of a rushing brook.

"The tonic has a feel of spring in the air, gray-purple smoke billowing from old saphouses among patriarchal maples, the whistle of the train floating back over the hills and the low-pitched, impatient mooring of the cows in the barnyard."

To fight communism one must understand communism. Communists are atheistic in theory and practice. When they deny God, they deny every virtue and every value that originates with God. They deny moral law. They deny absolute standards of truth and righteousness. They deny the entire civilized code of moral and ethical values. Because of this denial, they are free to erect moral and ethical standards to suit their own purpose.

(From testimony given by Dr. Frederick Schwartz before the Un-American Activities Committee in 1957. More next week.)

A thought to ponder: We adults have allowed so many things in our lives; we have practiced so little restraint and self-denial. Are we now being judged by these very symptoms and faults in our children?

"Happy is he that condemneth not himself in that which he alloweth." Romans 14:23.

A machine that dispenses appetizing odors such as coffee, is being tested in New York City supermarkets.

**WILLIAM COOK
PASSES AWAY**

William F. Cook, 89, a lifetime resident of the Palestine and Mentone communities, died at 3:10 a.m. Monday at his home here of complications. He had been ill for the past two years.

A retired railroader and night marshal for a number of years, Mr. Cook was born to George and Eleanor (Hurst) Cook, Nov. 27, 1871. He was married to Viola Bruner June 14, 1899, and she preceded him in death in 1927. He was then married to Emma Blue, March 6, 1931. She survives.

Surviving in addition to his wife are two sons, Gilford of South Bend, and William, of Plainfield, N. J.; two daughters, Mrs. Carl (Miriam) Kirchoff, of Huntington, and Mrs. Michael (Kathryn) Patanelli, of Elkhart; a step-son, William Blue, of Woodlawn, Ind.; a step-daughter, Mrs. Arlo Friesner, of Mentone; six grandchildren; six great grandchildren; six step-grandchildren, and eleven step-great-grandchildren.

Services were in the Johns funeral home at 2:30 p.m. Wednesday with Rev. Roger Wrigley officiating. Burial was in the Mentone cemetery.

WITH THE SICK

Bill Schooley was dismissed from the Woodlawn hospital in Rochester last Wednesday.

Mrs. Rosa Kinsey is improving from pneumonia but remains at the Woodlawn hospital in Rochester.

Mrs. Dora Norris, who suffered a hip fracture some time ago, is now out of the fracture bed and recovering normally. She is at the Prairie View nursing home in Warsaw.

Word from Mr. and Mrs. Herbert Anglin at Palmetto, Fla., states that Mrs. Anglin recently suffered a heart attack and that they may not be able to return to their home in Mentone for a month or so.

**FIREMEN HELP AT
WARSAW FIRE**

The Mentone fire department, along with a number of units from other county towns, were on hand to help with the big fire at Warsaw Saturday. The Hirsch Store (formerly Carter's), was completely destroyed but adjoining business establishments were saved.

**CHAS. MANWARING
EGG DAY SPEAKER**

The annual Purdue Egg Day program sponsored by the Poultry Science department at the University and the Indiana State Poultry Association will be held April 5 at the Purdue Memorial Center at Lafayette.

Several Kosciusko County men will appear on the program. During the morning session, Dr. Carey M. Parrett of Milford will speak on "How the Private Veterinarian and his Laboratory Serves the Egg Producer." Also Charles Manwaring of Mentone will speak on "Quality Controlled Egg Production."

Carroll Eiler of Warsaw, Chairman of the National Egg Council will speak during the afternoon on "Where we Stand on Egg Promotion."

Other reports during the day will include research and marketing developments and a review of proposed governmental programs. All poultrymen are invited to attend. Programs for the event may be obtained from D. E. Frantz, County Agricultural Agent.

**STEVE LEWIS FIRST TO
ENTER SOAP BOX DERBY**

Last week Steve Lewis, son of Mr. and Mrs. Raymond Lewis of Mentone, was pictured in the Warsaw Times-Union as he was the first to register as a contestant in the soap box derby.

Vicki Bowser, daughter of Mr. and Mrs. Wayne Bowser, was also in the picture, as she registered as a Derby Queen contestant.

**STORE ROBBER CAUGHT
AND SENTENCED**

Phillip LaFollette, 18, of R. 5, Warsaw, was sentenced this week to a two to five year term at the state reformatory for participating in a number of robberies in this area. He confessed to being one of those who robbed the Cooper Store at Mentone in December of 1959, when about \$100 in cash and \$76 in merchandise was taken.

BEAVER DAM SCHOOL NEWS

The freshmen and juniors have completed taking the Cooperative School and College Ability Tests and Sequential Tests of Educational Progress. The eighth graders have taken the Metropolitan Achievement Tests.

Etna Green defeated the Beavers in the county volleyball tournament held at Syracuse recently.

Most of the sophomores ordered their class rings last Friday afternoon.

Rev. Victor Yeager of the Yellow Creek Church of God talked to the students Thursday afternoon during the activity period.

There will be no school tomorrow (Friday) and next Monday.

The Girl's 4-H Club will meet at the school next Monday.

Lynn Flenar, daughter of Mr. and Mrs. Robert Flenar, will represent Beaver Dam in the 5th and 6th grade county spelling contest to be over radio station WRSW at 9:30 on Saturday, April 8.

A map of your farm tile drainage system makes a valuable record when you want to add to the system or if you sell the farm, say Purdue University agricultural engineers. A large scale aerial photograph, which may be purchased through your county soil conservation office, makes a good base map on which to draw the layout.

Farm Methods Are Changing

Indiana farm operators declined from 139,211 to 112,390 from 1954 to 1959, while their hired workers dropped from 13,390 to 10,470 during the five year period.

To offset this decline in the farm labor force, farm operators invested more money in machinery and equipment, points out Emerson M. Babb, Purdue University agriculturist who analyzed data from the 1959 Census of Agriculture.

What did this mean in terms of earning power?

Higher income producing farms were more prevalent in the northern and central regions of Indiana. Of the 83,930 Indiana farms classified as commercial, about one-fourth reported sales of \$2,500 to \$4,999; another 25 percent sales of \$5,000 to \$9,999 and another 25 percent sales of \$10,000 to \$19,999.

Many Indiana farmers said they supplemented their farm income with off-farm work. More than one-third worked off their farms 100 days or more in 1959; income from other sources exceeded the value of farm products sold on 39 percent of Indiana's farms. This was a 10 percent increase over the 1954 figure.

Hoosier farmers too turned more rapidly to enlarged specialized enterprises. For instance, farms selling milk and cream declined 43 percent, while those selling eggs dropped 40 percent. Yet total livestock production increased and production per farm mounted during the five-year period. For example, the number of eggs sold per farm more than doubled from 1954 to 1959.

Crop production increases per farm in Indiana were almost as dramatic, observes Babb, production per farm was up sharply, reflecting increased acreage and higher yields per acre.

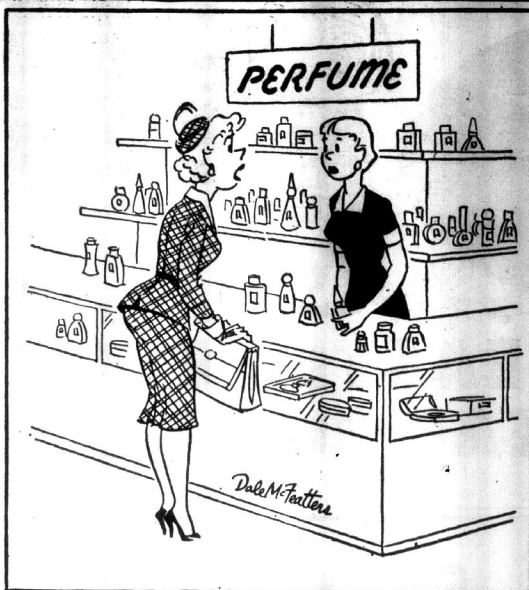

Farm enterprise expansion has not been uniform throughout Indiana. For instance, feeder pig production has expanded in the southern third of the state compared to other areas.

Farmers, processors and others doing business with agriculture must consider carefully the effect of changes in location, concentration and production volume, Babb says.

Agricultural adjustments have been taking place for many

years—change is not new, but such adjustments in the past usually have taken place more slowly, the economist adds.

"The trends toward fewer but larger farms, substitution of capital for labor and specialization are clear and definite," observes Babb. "The magnitude of changes that have taken place in the last five years certainly raises questions concerning what to expect in the future as well as the next 10 or 20 years."

Cash Farm Receipts Up

Indiana farmers received an estimated \$1,099 million from 1960 marketings, six percent above the 1959 total, according to state-federal agricultural statisticians at Purdue University. Indiana ranked tenth in the

nation in total cash income from farm marketings and 1960 was the tenth consecutive year that figure exceeded one billion dollars.

Both net income per farm, including government payments, and gross operating expenses increased. The 1960 realized net income per farm averaged \$2,523, 15 percent higher than the 1959 average of \$2,191. Gross operating expenses last year averaged \$6,247—five percent more than in 1959.

Larger receipts from hogs, dairy products, eggs, corn, soybeans and wheat more than offset declines in income from cattle, broilers and turkeys. Production expenses—particularly those for purchased feed, hired labor, taxes, interest, depreciation and many miscellaneous items—rose.

Cash receipts from livestock and livestock products totaled \$686,535,000 in 1960, compared

to \$669,008,000 in 1959. For last year \$412,883,000, as crops Indiana farmers received against \$370,117,000 in 1959.

Direct government payments to Indiana farmers amounted to \$16,829,000—\$300,000 less than the 1959 total.

The average realized net farm income of U. S. farmers last year amounted to \$2,568, compared to \$2,437 in 1959.

Refinish Furniture

Refinishing furniture can make the difference between a reject and a prized possession. A fascinating project, it takes time, "elbow grease" and know-how. You can get this last ingredient from "Refinishing Furniture," Extension leaflet 309, issued by Purdue University's Agricultural Extension Service.

What do you do when refinishing a piece of furniture made of two kinds of wood? How do you repair a warped piece? How to mix a cherry-type stain? These and many other questions are answered clearly in this pamphlet.

In simple, step by step directions, "Refinishing Furniture" takes you through every stage of the job. It gives information on removing old finishes, reconditioning wood, smoothing surfaces, staining, and finishing. You are told just what materials you need and exactly how to do each process. The complete, yet concise, instructions are further spelled out by explanatory pictures.

Newly revised, this pamphlet is free to Indiana residents. It may be obtained by writing to Agricultural Publications Office, AES Building, Purdue University, Lafayette, or from your county Extension office.

Special Courses On Conservation

Two field courses in conservation education for teachers will be offered again next summer on the Purdue University campus, June 12-30 and July 3-12. Howard H. Michaud, director of the program, said the campus courses proved highly successful last year. The training is unique in that morning classes only are devoted to the classroom and each afternoon to field trips.

Field trips each afternoon will take students by bus to a variety of areas that illustrate effective management of soil, water, cropland, forests, fish and wildlife resources. Visits will be made to Purdue research properties and to privately operated farms where conservation practices may be seen. A one-day tour of the Jasper-Pulaski State Game Preserve will highlight the Course.

The campus program will represent the 16th annual session for teachers who wish to earn three or six semester hours credit in the study of conservation of our natural resources.

A number of scholarships are available to teachers who wish to enroll. Scholarships have been provided by Indiana organizations interested in encouraging conservation education in the schools, such as the Indiana Chapter of the DAR, the Izaak Walton League of America, the Indiana Coal Association and several Soil Conservation Districts.

Teachers, college students and others interested in conservation may obtain a circular and further information by writing to Professor Howard H. Michaud, Department of Forestry and Conservation, Purdue University, Lafayette, Indiana.

MORE LICE MEAN FEWER EGGS

From 10 to 24,000 lice in 14 weeks and a 26 per cent drop in egg production! Those are the results of a trial set up by two researchers of the department of zoology and entomology, Iowa State University, to determine the effect of louse infestation upon egg production in hens, says Joe W. Sicer, Purdue University extension poultryman.

In the trial, 60 hens in cages were given 10 lice each. Another 60 birds, previously paired against the infested 60 for comparable egg production, were given no lice. Egg production records for the two groups were kept for 14 weeks.

No noticeable difference in production showed during the first four weeks, but by that time the louse population was beginning to explode and egg production from the infested group dropped steadily. During the last 10 weeks, production from the louse-infested birds averaged 26 per cent below that of the louse-free birds. During the 14th week, production was off 84 per cent.

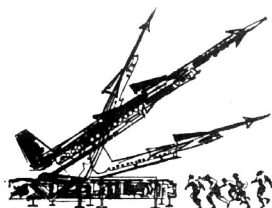

At the end of the test, two birds from the infested group were placed separately in a box and dusted to kill the lice. The louse count: 24,627 from one hen and 21,500 from the other!

Lice tend to multiply more rapidly in warm weather than in cold. So Sicer urges poultrymen to check their birds closely with the coming of spring weather and treat promptly if lice are found. The ten you see may be 10,000 in ten weeks, he warns. A 4 per cent malathion dust, applied with a puff or rotary duster to the birds or litter (carefully avoiding feed and water) is recommended.

Purdue University's 1961 spring oat variety recommendations for central and northern Indiana include Clintland 60, Goodfield, Minhafer, Newton and Putnam. Putnam is the only variety recommended south of U.S. Highway 50 in southern Indiana.

WHY BREAD PRICES RISE

Despite increased output of production workers per man hour, baker profits on a pound of bread declined from 4.1 per cent to 2.3 per cent in 1959 compared with the 1947-1949 average, according to a study made by the Agricultural Marketing Service, United States Department of Agriculture, recently released. This is a decrease of 44% in baker profits.

The study showed that labor costs now represent about 50% of the baker share of the consumer dollar spent for bread. The report stated that average hourly earnings of all employees in the bread and other bakery foods industry have increased more rapidly than the price of bread.

"A production worker with earnings from an hour's work could purchase at retail about 15% more bread in 1958 than in 1947," the report said.

"Hourly earnings of production workers rose from an average of \$1.43 in 1951 to \$2.11 in 1959, and other labor costs in the form of fringe benefits and social security taxes showed even greater proportionate increases."

A factor in the higher costs and lower profits, the report indicated, is the sales and distribution problem of the

industry, caused by a decrease in the weekly volume of bread per route, a decline in dollar sales per route mile and the spread of the 5-day week, which increases the number of salesmen for a given number of routes.

The Marketing Service Report showed that ingredient costs to the baker have changed but little since 1947, still holding at about 5¢ on a pound of bread which cost the consumer 20.3¢ as a national average in 1960. Of the 20.3¢ the retail distributor receives 3.4¢ for his service.

The baker's costs as shown on the chart are 6¢ for labor, 5¢ for ingredients, 1.2¢ for wrapping, 1.1¢ for delivery other than labor, .8¢ for advertising and promotion, .42¢ for taxes, .6¢ for depreciation, 1.39¢ for other taxes, utilities and other costs, and .39¢ for profit.

TEST YOUR SOYBEAN SEED

Soybeans for seed should germinate at least 80 per cent, says A. S. Carter, director of seed control at Purdue University. Seed lots germinating below that figure are apt to lack vigor, he adds.

Of the first 300 samples tested in 1961 at Purdue, 27 per cent were below 80 per cent in germination and half of those were below 70 per cent. Counterbalancing this, 31 per cent germinated 90 per cent or above—very good for soybeans and above average, Carter reports.

What does this mean? Carter says probably some lots are better than common and some are

worse. Farmers in southwestern Indiana especially are having difficulty with the germination of soybeans, due to an infestation of pod blight in some areas and to harvesting of immature beans in other areas.

"The cost of seed is small compared to other farming costs and yet it is all important," Carter states. Farmers should first get the variety best adapted to their area and farming operation. If farmers keep their own seed, it should be tested, Carter advises. Free tests are available for all citizens of Indiana in the state seed laboratory.

A sample should be carefully drawn so that it truly represents the lot and should consist of at least a pint of seed, which

should be carefully identified and sent to the state seed laboratory, Purdue University, at Lafayette.

TO HOSPITAL

Mrs. Wm. Norris was taken to the Woodlawn hospital Wednesday.

Boil potatoes gently to prevent their breaking, advise Purdue University food specialists. When done, drain them immediately so they will not become soggy.

A home freezer should be completely defrosted and cleaned at least once a year, according to Purdue University home management specialists.

High quality onions are available at modest prices, according to Purdue University consumer education specialists. Store them in a cool, dry place.

MARCH MEETING OF BE-ABOUTS

The Be-About Missionary group of the Baptist church met on Monday evening at the home of Mrs. Kenneth Romine.

Mrs. Fred Berklund, who will soon be leaving with her husband and family for Germany, gave devotions. She stressed the importance of daily devotions with the family; the Christian guidance the mother plays in the home; and the need of Spiritual books and literature for the whole family to read.

After responsive prayer, Mrs. Raymond Lewis conducted the business meeting. Plans and committees were appointed for the Mothers and Daughters banquet in May. During the month, Mrs. Eiler, who has been ill, was visited by Mrs. Bowser and Mrs. Besson.

Easter favors of flowers and crosses were made for the trays of the patients of the nursing homes and country home in Warsaw.

Refreshments were served by the hostess to Mrs. Raymond Lewis, Mrs. Wayne Bowser, Mrs. Everett Besson, Mrs. Everett Welborn, Mrs. Morris Bitzer, Mrs. Ed Bach, Mrs. Irvin Wagner, Mrs. Fred Berklund, Mrs. Lee Norris, and Mrs. Kermit Zent.

TO DISCUSS LANDSCAPE CARE

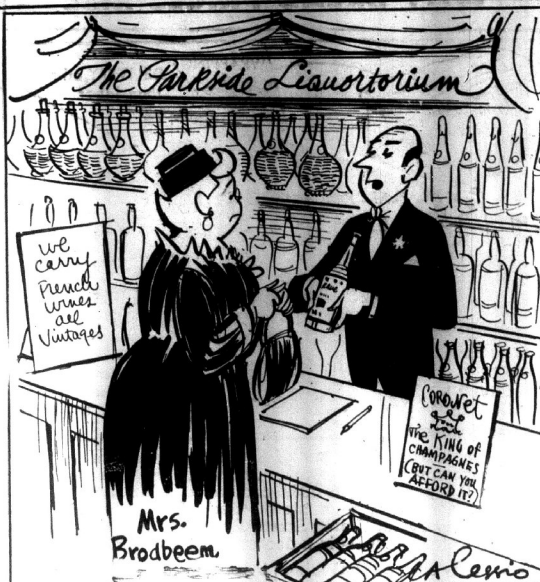

Prof. Henry Gilbert, landscape specialist will discuss "Maintenance of Your Lawn and Landscape" on Wednesday, April 5, according to D. E. Frantz, county agricultural agent. The meeting will be held at the Women's Building at the Fairgrounds beginning at 1:30 p.m.

The program is intended to show good methods of pruning, fertilizing, and general care of trees, shrubs and lawns. The speaker will illustrate results of good maintenance with colored slides which have been taken all over the state.

This program has been especially planned for Home Demonstration Club members and Better Living families who are doing landscape work, but all home owners are invited. The speaker will be available for consultation following the program.

How To Build A Compost Pile

Your loveliest flowers, and your best vegetables, deserve soil with plenty of humus. You can make good humus yourself easily, and in quantity—by composting, according to Purdue University horticulturists.

Build the compost pile by alternating layers of raw organic material, fertilizer and soil. Start with organic matter, such as grass clippings, leaves, weeds and garden refuse. Pile it six inches deep when it is loose. Add water if the material is dry. Next add fertilizer. For general purpose compost, add 1½ cups of 10-10-10 or 10-6-4 analysis fertilizer and 2/3 of a cup ground dolomitic limestone to each layer of organic matter. After fertilizing, add one inch of soil.

The horticulturists say you should continue to alternate layers of organic matter, ferti-

lizer and soil as described until the pile is three to four feet high. Any desired length is satisfactory. As a final step, cover the pile with a layer of soil on the top and sides.

Keep the pile moist, but not soggy.

Allow it to decompose one full summer before using.

For further information, ask your county agricultural agent for HO-77-2 "How to Make Compost." It is free to Indiana residents.

Teel Fund Disbursed

The committee in charge of the Elwin Teel benefit fund reports that final distribution has been made.

Net proceeds from the fish fry was \$1169.64, and of this total \$1,096.08 was disbursed for hospital and medical fees, etc., leaving a balance of \$73.56 paid to Mrs. Teel in cash. \$552 received on medical insurance was also applied towards the hospitalization obligation.

Start Vegetables In Hotbeds

Get a jump on the garden season by starting certain vegetables in hotbeds now, advises Don Scheer, Purdue University extension horticulturist. Cabbage, cauliflower and lettuce can be sown now.

After these vegetables have been transplanted to the garden, cucumbers, early squash and melons can be seeded in the space occupied by the earlier vegetables. Scheer recommends sowing cucumber, early squash and melon seed in peat pots or in a wood or paper band so their roots won't be disturbed when they are moved.

Radish, lettuce, spinach and beets may be planted in the hotbed and left to mature there when space is ample.

Hotbed temperature should be below 80 degrees Fahrenheit. To keep the temperature down on warm days raise the hotbed sash on the side away from the wind. The thermostat should be set for a minimum temperature of 55 degrees F. for most vegetables, Scheer says. He advises checking electrical circuits and making certain heat can be maintained before starting seeds in the hotbed.

A THOUGHT FOR TODAY

by Harold R. Driskell

"This solemn question answer:
I worldly gain thy goal?
Can fleeting riches be com-
pared to an immortal soul?"

In Matthew 6:19-20 we read:
"Lay not up for yourselves trea-
sures upon earth, where moth
and rust doth corrupt, and where
thieves break through and steal:
But lay up for yourselves trea-
sures in heaven, where thieves
do not break through and steal."

Today we live under a shadow
of another great world war. We
have a fear that our homes, our
cars and everything we own
may be taken away from us by
the powerful blast of only one
bomb. But even with this reali-
zation it seems that many people
are trying only to accumulate
worldly possessions.

It is true that we live in con-
stant danger of destruction, but
it is just as true that at any
moment time may cease to be
and then where will we be?
There will be a judgment and
an eternity.

Not all earth's riches can be
compared with one soul. World-
ly gain will be destroyed in one
fleeting second, but the soul is
immortal and must spend an
eternity in one of two places.
One is Heaven, prepared for the
obedient and faithful until
death. The other, hell, is pre-
pared for the devil and his an-
gels.

If our main purpose in life
is to have riches and not to
serve God, then we will not be
able to live with Him forever in
eternal bliss.

Stop and think about this
one question: What shall it pro-
fit a man if he gain the whole
world and lose his own soul?

Labor Saving Devices Increase

Labor saving devices are in-
creasing on Indiana farms and
in farm homes, report state-
federal agricultural statisticians
at Purdue University.

The 1960 enumeration of
household appliances shows:

Automatic clothes washers on
21 percent of the farms, one per-
cent more than in 1959 and 16
percent more than in 1951.

Clothes driers, either gas or
electric, on almost 21 percent
of the farms, compared to 13
percent in 1957 and seven per-
cent in 1955.

Electric dishwashers on two
percent of the farms—the same
percentage as reported in 1958
and 1959.

Almost three percent of the
farms reported built-in wall
ovens and two percent reported
window air conditioners. (These
items were enumerated for the
first time in 1960.)

Here are the figures on newer
farm equipment:

Grain augers, or screw con-
veyers, and four, five or six
bottom plows—all enumerated
for the first time in 1960—four
percent of the farms reported
augers and six percent the
plows.

Almost twice as many field
corn shellers were reported as
in 1957, but the total is still
slightly less than two percent of
all farms.

More than 30 percent of the
farms reported side delivery
rakes, compared to 14 percent
in 1945. Pick up balers were
found on 16 percent of the
farms, compared to 13 percent
in 1956 and two percent in 1945.

Fertilizer spreaders (exclud-
ing grain drills) were reported
on 11 percent of all farms, the
same as in 1959.

Bulk tank milk coolers are
reported on three percent of all
farms and pipe line milkers are
reported on fewer than two per-
cent of all farms.

in five pounds of 5-20-20 fertilizer per 100 feet of row.

Set your strawberry plants 16 to 24 inches apart in the row with three to four feet between rows. The crown should be flush with the soil surface and the soil should be packed around the roots. Water the plants well after setting.

Home Strawberry Growing

For vigorous, high-yielding strawberries, order virus-free plants from a reputable nursery, advises Don Scheer, Purdue University horticulturist.

Virus-free plants produce more under adverse conditions than plants infected with virus diseases.

Popular virus-free varieties include Sparkle, Vermillion and Sure-crop. These three varieties are also resistant to Red Steele disease and are well adapted to home planting.

Strawberry plants should be set as soon as the soil can be worked in the spring. If you aren't able to set your plants when they arrive, heel them in a moist, well-drained, shaded area. Before planting them, work

Purdue University horticulturists recommend watering newly transplanted trees and shrubs if the soil four to six inches in depth near the roots feels dry and will not adhere in a ball when squeezed. However, don't overwater.

Plan to attend Indiana Cattle Feeders Day at the Purdue University Farm Center, three miles north of the campus, April 28. Tours of experiments begin at 8 a.m., CDT.

COUNTERPOINT. Continued

College students indicated their favorite foods in a recent questionnaire. An ideal meal was roast beef and brown gravy, whipped potatoes, buttered green beans, rolls, ice cream, brownies, coffee, tea or milk.

They dislike liver, okra, turnips, bread pudding, buttermilk, pickled beets, cucumber and onion salad, steamed cabbage, watercress, and carrot and raisin salad.

(Sounds just like what I've been hearing for years.)

Timmy's dad hit on a clever idea for his kite string. He uses a fishing reel, and it works like a charm.

We enjoyed this: A small boy, visiting New York for the first time, rode in an elevator to the top of the Empire State Building.

As he shot past the 50th floor at breath-taking speed, he turned to his father, gulped, and asked, "Daddy, does God know we're coming?"

TO SPOT CHECK TAX LISTINGS

A new Indiana law provides for a number of checkers from the state tax board to make spot checks throughout Indiana on all assessment sheets. The purpose of the new arrangement is to make Indiana citizens a bit more cautious when they list the value of their property for assessments purposes. The law allegedly gives the checkers the right to inspect the books of any company, corporation or individual, or evaluate his property.

The intentions of the new law are well and good, and it is a certainty the State of Indiana has maintained an assessment precedent that belonged into the discard about the turn of the century. Percentages of true value for assessment purposes contains no merit whatsoever. Neither does it reduce your total tax cost. If true values were used for all, then the mill levy could be lowered to bring in the required funds for all purposes.

However, the new Indiana statute, if it gives a blanket permit to demand the records of all people and businesses without due process of law, it should be declared unconstitutional at once. The liberties of Americans are being confiscated too fast, already.

Plants Snap, But Don't Bite

Did you know that plants can "snap back"? It's true. But don't worry about losing a finger, say Don Scheer, Purdue University extension horticulturist.

Most widely known of the so-called "insectivorous" plants is the Venus Fly-trap, which snaps and traps insects. The whole plant grows from two to ten inches across, but the actual traps at the end of the leaves aren't much larger than an inch.

Scheer explains that the bristles on the edges of the clam shell-shaped trap act as triggers, closing the trap when they are excited. The trap is covered with glands which secrete a fluid attractive to insects. After an insect is caught, the plant secretes a digestive fluid and the insect is slowly absorbed by the leaves.

The Venus Fly-trap isn't too hard to grow, Scheer suggests planting it in a mixture of sand and silt in a standard clay pot. Place in a terrarium and set the pot in about an inch of water, giving it full sunlight.
