## JOHN FREDERICK RESIGNS AS MENTONE PRINCIPAL

John Frederick, who has been principal at Mentone High School for the past eight years,

has announced his resignation after the closing of this school year.

When asked what his future plans were, Mr. Frederick had a slight gleam in his eye and told us that he had purchased a lake home in northern Wisconsin and for the summer, at least, was going to keep the bass busy learning new tricks.

## COUNTERPOINT

By The Editor's Wife

Dr. A. W. Tozer, editor of the Alliance Witness, official organ of the Christian and Missionary Alliance, has written a most timely editorial in the May 1 issue. He has "hit the nail on the head" most forcefully. His remarks may be the answer to questions now being batted back and forth in our community, and may give moral strength to some who have been wavering in decisions and attitudes.

### "SOME THINGS ARE NOT NEGOTIABLE"

... This above all others is the age of much talk. The notion back of this endless official chatter is that all differences between men result from their failure to understand each other; if each can discover exactly what the other thinks they will find to their delight that they are really in full agreement after all. Then they have only to smile, shake hands, go home and live happily ever after.

At the bottom of all this is the gluttonous, one-world, all-men-are-brothers philosophy that has taken such hold on the minds of many of our educators and politicians.

(The hardheaded realists of the Communist camp know better; maybe that is why they are making such alarming advances throughout the world while the all-men-are-brothers devotees are running around in confusion, trying to keep smiling if it kills them.)

Tolerance, charity, understanding, good will, patience and other such words and ideas are lifted from the Bible, misunderstood and applied indiscriminately to every situation. The kidnaper will not steal your baby if you will only try to understand him; the burglar caught sneaking into your house with a gun is not really bad; he is just hungry for fellowship and togetherness; the gang killer taking his victim for a one-way ride can be dissuaded from committing murder if someone will only have faith in his basic goodness and have a talk with him. And this is supposed to be the teaching of Jesus, which it most certainly is not.

It is a truism that people agree to disagree only about matters they consider unimportant. No man is tolerant when it concerns his life or the life

## BEAVER DAM REPAIR BIDS TOTAL \$35,077

The Tippecanoe Valley School Board met in a regular meeting Monday evening to open bids for the repair of Beaver Dam School. The Lessig Engineers had estimated the repair to run about \$20,995. However, when the bids were opened, the low bid for the entire repair was \$35,077. One other bid was recorded at \$36,863. The breakdown is as follows: Lowe Roofing, \$400; Romine Electric, \$997. Combination bids were received from Rochester Building Service for \$30,108; Lamoine Hand of Akron, \$31,894.

One other bid was submitted which was for sandblasting and repair of the face brick. This amount was \$3,572.

After discussion the board rejected all the bids with the exception of the sandblasting, which they took under advisement.

Earlier this week they received word that their appropriations had been approved for the repair of the school.

The board also bought four school buses this week, which averaged about \$6,600 each. They were purchased as follows: Boardman Chevrolet, one 66 passenger chassis; Baney Chevrolet of Akron, one 66 passenger; South End Motors of Akron, two 66 passenger Fords. The school bus bodies will be supplied by Wayne Body Co.

## PUBLISHES NEW SONG BOOK

The birth of a new and original group of sacred songs, entitled "New Inspired Songs, No. 2", has just been announced by its composer, Tessie L. A. Newton. The book is now available and anyone wishing to obtain copies of it can do so by contacting Tessie Newton Anderson.

Mrs. Newton Anderson has been a citizen of Mentone for 21 years and is a member of the Mentone Baptist Church.

## BURKET ATHLETIC BANQUET

The P.T.A. is sponsoring an award banquet Monday evening, May 6, at the Burket gymnasium. A carry-in supper will be first on the program at 6:30. Ham, rolls and coffee will be furnished by the P.T.A. Mr. Frye will make the sports presentations. All interested parents and school patrons are urged to attend.

## PAINTINGS ON DISPLAY

Mr. Dale Kelley, a highly respected, well-known and much appreciated school teacher (now retired) has, in the last few years, taken up a new and fascinating hobby. He has been painting in oils, mostly landscape scenes, and has done it purely for pleasure.

These paintings are then given to close friends. Mrs. Lackey, our local librarian, has made arrangements with Mr. Kelley to exhibit these different oils in the Bell Memorial Library. We do urge the community to make a special effort to get in to see the display.

## WITH THE SICK

Jackie Secrist, young daughter of Mr. and Mrs. Ron Secrist, received a painful burn on her hand Saturday evening. She pulled over the ironing board and the iron fell on her. She received medical treatment in the emergency room of the Murphy Medical Center.

Lori Wagner, daughter of Mr. and Mrs. Kenneth Wagner, has been dismissed from the St. Joe Hospital in Mishawaka, where she had been undergoing tests and x-rays. She is still receiving medical treatment.

Mrs. Robert Swanson, of near Atwood, has been dismissed from the Murphy Medical Center.

Welcome Fore, Jr., was dismissed Friday from the Murphy Medical Center after receiving medical treatment.

Mrs. Wayne Tombaugh is resting at home after being quite sick since the middle of last week. Mrs. Walter Safford of near Olive Bethel, is teaching the 4th grade in the absence of Mrs. Tombaugh.

Mrs. William Blackburn is continuing to improve after being in for nearly two weeks.

Mrs. Ed Bach suffered a back injury recently and must remain in bed for a few days.

Bill Rush, son of Mr. and Mrs. Paul Rush, had the misfortune to fall and break his arm last week.

Mrs. Valoris Janke has been admitted to the Murphy Medical Center.

Max Hostetler of R. R., Mentone has been admitted to the Murphy Medical Center.

## BIRTH

### BLOCKER

Last rites were held at 11 a.m. Monday in the Grossman funeral home at Argos for Harry T. Blocker, 60, a former Tippecanoe resident, who died of a cerebral stroke Tuesday at his home in St. Petersburg, Florida.

Mr. Blocker, who had been ill the past six months, was born March 27, 1903, in Hammond, Indiana, the son of William and Hattie (Ault) Blocker. He had lived in Florida one year, moving there from Plymouth. Mr. Blocker, a retired oil pumper for the Standard Oil Company, was a member of the Plymouth Kilwinning Masonic Lodge 149 and a 32nd degree Mason of the South Bend consistory.

Surviving are three children, Linda, Melody and Brian Blocker, all of Granger, Indiana; two brothers, Howard, of Munster, and Herbert, of Route 3, Argos.

Rev. James H. Gardner of Buffalo, Indiana officiated at the service. Graveside rites and burial were held at 3:30 p.m. Monday in the City cemetery at Lowell, Indiana.

### CITY PARK NEWS

Because of the reservations already coming in for the pavilion space, persons interested in holding reunions, etc., during the summer months are asked to contact Mr. Bill Rathbun. Plan ahead now and avoid being disappointed later for your summer outings!

### Brownie Fly-Up

A joint meeting of Brownie Troop 17 and Intermediate Troop 25 was held Tuesday after school with the highlight of the program for Brownie Fly-Up.

The program was opened with a flag ceremony by the six Brownies that were to fly-up. The Busy-Beaver Patrol of Troop 25 entertained with a Miss America Pageant and the Green Angler Patrol had a style show.

The Brownie leader, Mrs. Georgiana Teel listened to the six Fly-Up's say their Girl Scout laws and presented them with Girl Scout pins. After which the six girls crossed over the bridge and were met by a sister scout from troop 25. The Fly-Up Brownie gave her sister scout her Girl Scout Promise and in turn was pinned with the World Association pin.

Lovely refreshments were served by the Troop 25 committee.

The Fly-Ups were Susan Boggs, Debra Cooper, Honey Hudson, Jody Hudson, Serita Secrist and Paula Bolinger.

### TRUTH FOR TODAY ANNIVERSARY

Sunday, May 5th, there will be a celebration of the 15th anniversary of the Truth For Today Bible Class at the home of Oscar M. Baker on County Rd. 100S, first house west of 600W. The meeting will begin at 1:00 p.m. and end at 5:00. Delegations from Ohio and Illinois are expected. Bible expositions by various speakers. The public is welcome.

### Observe 29th Anniversary

The Mentone Home Demonstration Club held their 29th anniversary at the Westminster Hotel at Winona Lake, with an enjoyable smorgasbord dinner on Tuesday evening.

Prayer was offered by Pearl Horn. A melody of memories was sung by Marilyn Horn, with Mary Jane Mishler accompanying at the piano. A reading, "Lemon Jelly Cake", was given by Mrs. Jean Simmons of Warsaw. The meeting was closed by singing the club prayer song.

We were happy to have as guest, Mrs. Ida Salman. There were 18 members present.

The committee making the arrangements were Mrs. Esther Sarber, Mrs. Pearl Horn and Mrs. Genevieve Warren.

### CUB PACK MEETING

Saturday evening the Cub Scouts and their parents met in the Methodist Church basement for their monthly pack meeting. After the opening flag cere-

mony, Cubmaster, Walter Kelley, presided over a short business meeting. Plans were discussed for the boys to attend the Scout-O-Rama in Elkhart this week end. The treasurer's report was given by Tom Harman. Some awards were presented to Ivory Snipes, Timmy Harman and Terry Sinclair.

The program, which the boys themselves designed, was using TV commercials in comedy skits. Annabel Cole, Lois Miller and Carolyn Bennett were the den mothers assisting the boys.

Refreshments of kool-aid and cookies were served during the social time.

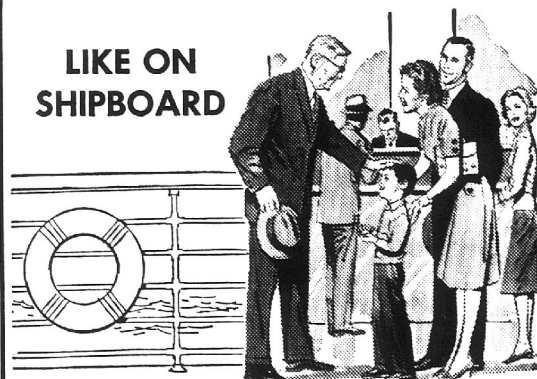

### SINCERE THANKS

I wish to sincerely thank neighbors and friends for the flowers and many cards, also visits and calls while I have been in the hospital. It has been very much appreciated.

### A GIFT FOR TRUTH FOR TODAY

Recently a friend in California gave a large donation to buy a new tape recorder for Truth For Today to replace an old one that had seen its best days. So now a new Webcor Regent is in place and being used for duplicating tape recordings of Bible expositions from England, Scotland, and elsewhere. Truth For Today has over 300 reels of tape recordings in its library for the use of resident students and occasional lending. It would take several weeks to play all these continuously.

# NEWS NOTES from our

## County Agent

DONALD E. FRANTZ

Nearly 200 persons were present at the Wheat Referendum meeting on Thursday night at the Fairgrounds. Walter Rusk, Huntington County Agent, discussed the basic considerations as to the wheat situation. Cleve Shuder, ASC County Chairman, Lucile Weaver, office manager and John Burke, district fieldman, were there to answer the detailed questions on the procedure of the wheat program. This was not an effort to influence anyone's opinion or vote.

Our annual production of wheat is about a billion and one hundred million bushels. We use about 600 million bushels at home each year. We export about as much as we use. So the present use and export of wheat is not badly out of line with production except for a couple of facts. One is that we have about one and one-fifth billion bushels of wheat on hand. The other is that our price is about 70 cents above the world market price and the government must make up the difference in order to sell it. So we are in the position of producing about twice as much as we need at home with about a two year supply on hand and with it priced at a level too high to sell in the world market. Also, the part of the world that has money to buy with have put up trade barriers to protect their own producers. This is the wheat problem.

The wheat referendum to be voted upon May 21st is simply an approval or rejection of a proposal that is being offered. The objectives of the proposal are to stabilize the price of wheat to the producer at about \$2.00 per bushel and to reduce the acreage of wheat about ten per cent. This would permit the sale of a little over a billion bushels at the support level and whatever above that would go at its value for feed.

This program would be expected to reduce the storage stocks by about 150 million bushels, it would be expected to hold the producers income at about 2.3 billion dollars. It would cost the government about 634 million dollars.

In return for this, wheat producers would reduce their wheat acreages by ten per cent and divert land into non-productive use.

This is the first wheat referendum in which the smaller producers will have a vote. The small producers can decide this issue if they want to because they have the numbers to do it. However, in order to have a vote they must establish their eligibility in advance. They can do this by signing and return-

ing to the ASC office the form that was sent to them giving them their base for the 1964 program. When they sign this form, they do declare that they intend to participate in the wheat program if the referendum passes. Some have called this "dirty pool", but it does not do anything to them that has not already been done to the producer with over a 15 acre allotment. Under the law he also must go along with the program if it passes whether he agrees to in advance or not.

All farm organizations are working hard in order to get the smaller producer, under 15

acres, to qualify and vote, but to vote differently. The Farm Bureau is asking their members to vote no, the Farmers Union, the Grange and the National Farmers Organization are asking for a yes vote. Both are operating from the same set of facts. The differences are based upon values and attitudes toward controls.

## Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

## Harrison Hustlers Met Recently

The Harrison Hustler's 4-H Club held their meeting on April 23 at the Mentone School. There were 40 members present.

The meeting was conducted by the officers' assistants. The 4-H pledge was led by Lowell Gruenwald and the pledge of

allegiance was led by Alan Lucht. Steve Lewis read the minutes and roll call was answered with your favorite song.

Dave Norris gave a talk on the importance of keeping healthy. He handed out dental and polio cards, which are to be filled out and returned by August 1.

A film strip entitled, "The Story Of A Kernel Of Corn", was shown. The meeting was

then adjourned and refreshments were served.

The next meeting will be May 21. All members are to come to this meeting. May 25 is the last day to join or drop out of 4-H, and to add or drop projects.

## GETTING THE MOST... FROM YOUR GARDEN

by Dr. W. A. Liddell

Director of Information, Asgrow Seed Company

### FLOWERS FOR COLOR AND CUTTING

Riding through the suburbs, it's always encouraging to see at least a few homes where the owners have taken to heart the poet's advice about not forgetting to smell the pretty flowers! Too many of us are content to call it quits with a corporal's guard of evergreen shrubs, posted like sentinels at the front door and at the corners of the building. Every home needs the color that flowers offer, and to judge from the booming industry in flowering plants more and more of us are climbing on the bandwagon. For those of us who would like to try growing flowers from seeds, there is a wide assortment of colors, shapes, sizes, and blooming times to choose from.

The table, below, lists many of the most popular and easiest to grow from seeds. It will help you to select from the packet displays or from the seed catalog. Make a rough plan first, to serve as a guide in making your choices.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

## Don't you read before you buy?

Most people generally do.

Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples.

When people see an advertisement in print, they can compare designs... features... and prices of nationally known products and services. (And people do compare before they buy.)

Advertising in print is a handy thing. You

can always check back; the message is still there even if your attention is distracted.

When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

# ATWOOD - CRYSTAL LAKE NEWS

By Vera Wagner  
Phone UL 8-2423

Mr. Charles Creighton found a cancelled check, written on the Parish Bank and Trust Co. of Momence, Illinois, while plowing his field. The check signed by George Line was dated 1940, and was perfectly clean and without wrinkle. It was carried 150 miles by the tornado which struck the Line home in Kankakee, Illinois last week. A Columbia City farmer, Clarence Birch, found documents dated 1949 belonging to Mr. Line. Other checks were found northwest of Warsaw. These documents were carried here the night North Manchester had tornado damage.

Mr. and Mrs. Charles Blankenship and Mr. and Mrs. Kenneth Wagner of near Atwood, visited Tuesday evening with Mr. and Mrs. Ervin Bolt, Jr., and son of R. R., Warsaw.

Mrs. Keith Bidwell, Mrs. Gerald Christenberry, of Warsaw, and Mrs. Lewis Owens, of Marion, gave a wedding shower for Donna Belle Huffman Sunday afternoon at the home of Mr. and Mrs. Arnold Christenberry. Donna Belle will be the bride of Ward Thomas on June 2. Guests were Goldie Weirick, Janet Anderson, Jeannie Weirick, Dorothy Snyder, Imogene Webb, Kathy Webb, Zelpha Ginter, Ruth Bayne, June Carlisle, Geraldine Hudson, Marilyn, Carolyn and Bonnie Hudson, Laura Hudson and Michelle, all of Warsaw, Eva Cartwright, Pauline, Dorah Jean Ryman, Rosalie Lee, Robin and Dawn, Ethel Truex, Ina Fuller, Francis Thomas, June Thomas and daughters, Laura Belle Roberts, Marie Huffman, Mrs. Christenberry of Atwood, Emma Truex of Wakarusa, Mrs. Gardner and Mrs. Neff of Goshen, formerly of Atwood, dropped in for a visit and was most welcome to share the enjoyment of the shower and visit with old friends. Winners of games

played were Goldie Weirick and Janet Anderson.

Mr. and Mrs. Don Goon and children went to South Bend Sunday afternoon to bring Mrs. Hallie Hite home. She has been visiting with friends for several days.

Bill Van De Water, son of Mr. and Mrs. Curt Van De Water, was one year old April 23rd. Mr. and Mrs. Reub Mann of Warsaw and Mr. and Mrs. Charles Smith, of Route 4, were present.

Mr. and Mrs. Donald Clase asked Kent and Susie Parks and children for the Tuesday evening meal. The Parks are moving from our area.

The E.U.B. Sunday night missionary service sponsored by the WSW was privileged to have Rev. and Mrs. Charles Leader as speaker. Rev. Leader is home on furlough from Sierra Leone, Africa.

Mr. and Mrs. Kenneth Baugher entertained her parents, Mr. and Mrs. Charles Outcalt, of Pierceton, for Sunday dinner. Sheila and Jim Craig joined them on Sunday evening.

Mr. and Mrs. Fred Powell are the happy parents of a new baby girl, Rebecca Jo, born April 24th at Murphy Hospital.

The Clunette Methodist WSCS enjoyed a women's night at the parsonage Sunday night. The program was in honor of Mother's Day. Mrs. Barbara Goon gave the lesson. Mrs. Pat Van De Water sang a solo, and a duet was offered by Mrs. Betsy Blankenship and Judi. The missionary ladies decided to sponsor one young person of the church to attend YOPEMECO Camp. This camp strives toward mission work. Prayer plants were awarded as prizes to the ladies with the broadest smile, littlest waist, most wrinkles, and biggest understanding. Refreshments were served.

The E.U.B. W.S.W.S. are sponsoring a mother and daughter program Tuesday, May 14 at 7:00 p.m. The mothers and daughters of the Atwood Methodist Church will be special guests.

## Claypool Crusade

A Community Crusade For Christ is being held now until May 5. These services, under the auspices of the Billy Graham office, are being held in the Claypool School auditorium each evening at 7:30.

Mr. Jan Fleck, music director at Claypool, is directing the combined choir of about 100 voices. Lee Fisher is leading the congregation singing.

Rev. Lee Fisher, the evangelist, is an effective minister of the gospel, a dynamic speaker, and is known by many in this area. He has been a member of the Billy Graham Evangelistic team since 1952.

Churches cooperating in this endeavor are the Claypool Methodist Church, pastor, Henry Miller; Claypool E.U.B. Church, pastor, Fred Pflugh; Walnut Creek E.U.B. Church, and Packerton E.U.B. Churches, pastor, E. M. Cornilius.

## Track Results

The Mentone track team has been involved in some close meets lately. In a four-team meet at Syracuse the final score was:

Syracuse 56, Milford 50, Mentone 42, Leesburg 35.

Gene Hughes set a new school record in the HH with a time of 18.6.

At Sidney, the locals were edged out 1 point when the 880 relay team was disqualified. The final score was Sidney 59, Mentone 58, Claypool 20.

In the next meet at Webster, Mentone came out the winner 61-48 as both Mentone relay teams won a first place.

The local team averaged two defeats as they defeated both Sidney and Milford in a 3-way meet at Milford last Monday. The final score was Mentone 47, Milford 46, Sidney 44.

The mile relay team of Gene Hughes, Rex Yarian, Lyle Welty and Allen Creighton set a new school record with a time of 3:54.

## ATTENDS FEEDING ADVISORY SCHOOL

Mr. Guy Baker of Northern Indiana Cooperative Association of Mentone, was one of approximately 100 Purina dealer personnel selected from Indiana and Michigan to attend a Purina Feeding Advisory School, April 16 and 17 at Fort Wayne, Indiana.

The program centered around modern methods of feeding and managing hogs and poultry. Purina specialists conducted the sessions.

The theme of the school was, "How to help farmers make more profits".

## ATTEND CONVENTION

Several ladies from the War Mothers attended a convention in South Bend, which was held on Friday, Saturday and Sunday. Those going from Mentone were Maude Romine, Dora Whetstone, Edith Young, Ethel Whetstone, Emma Cook and Myrtle Davis.

## Bateman Honored

Mr. Paul Bateman, present coach and teacher at Mentone, was honored with a surprise going away party on April 22nd by his 6th period History class.

Mr. Bateman started the party by cutting the going away cake on which was written, "We'll miss you!"

The class all went together and bought him a pair of cuff links and a tie clasp to show their appreciation for all he has done for the past five years.

Those in this class are Linda Fitton, Judy Gagnon, Virginia Goodman, Jody Horn, Judy Holman, Peggy Harley, Susan Mosier, Dena Nellans, Carolyn Pletcher, Cindy Rogers, Markee Surface, Nancy Wagner, Judy Shand, Doug Haney, Dave Leiter, James Justice, Ernie Murcia, Jerry Shirey, Jerry Stouder.

## Freedom Bells To Ring

A bit more about the July 4th bell ringing ceremony that is gaining nation-wide response. Locally, the Merry Mixers Home Economic Club and the DAR are sponsoring and trying to get community interest aroused. The time for simultaneous bell ringing is 2 p.m., E.D.T., on July 4th. If you have not, as yet, located your own bell to ring, begin now. We'll be giving more information on this in weeks to come.

## SKATING PARTY PLANNED

## COUNTERPOINT, Continued

of his child, and no one will agree to negotiate over any religious matter he considers vital to his eternal welfare. Imagine Moses agreeing to take part in a panel discussion with Israel over the golden calf; or Elijah engaging in a gentlemanly dialogue with the prophets of Baal. Or try to picture our Lord Jesus Christ seeking a meeting of minds with the Pharisees to iron out differences; or Athanasius trying to rise above his differences with Arius in order to achieve union on a higher level; or Luther crawling into the presence of the pope in the name of a broader Christian fellowship.

The desire to be liked even if not respected is a great weakness in any man's character, and in that of a minister of Jesus Christ it is a weakness wholly inexcusable. The popular image of the man of God as a smiling congenial, asexual religious mascot whose handshake is always soft and whose head is always bobbing in the perpetual Yes of universal acquiescence is not the image found in the Scriptures of truth.

... To seek to be friends with those who will not be the friends of Christ is to be a traitor to our Lord. Darkness and light can never be brought together by talk. Some things are not negotiable.

"What the best and wisest parent wants for his own child, that must the community want for all its children."

—John Dewey

The above quotation was con-

tributed by a friend and its truth is clear.

The above statement should move some folks to express themselves where their words could be heard by the people who need opinions of others to help them make proper decisions. (Your school superintendent and school board would

much prefer constructive comments before, than negative criticism after a decision has been made.)

## Efforts Recognized

Mrs. Dan Urschel received a letter from Judge Gene B. Lee recently telling of her "honorable discharge" (in so many words) from the County School Reorganization Committee. The General Assembly earlier this year amended the School Reorganization Act and now requires the Judge of the Circuit Court to replace or re-appoint the appointive members of such committee. In closing his letter Judge Lee says, "... On the occasion of the discharge of the former County Committee, please accept this most sincere expression of gratitude for your devoted service and significant contributions to the School Re-Organization program in Kosciusko County. Your achievements are only beginning to be understood and appreciated, and the mark of your success will be best evidenced by the improved educational qualifications of the current and future generations."

Our thanks, also, to Ruth for her time and effort given to this worthwhile cause.

## MANCHESTER MAN, 47, ARRESTED IN MENTONE

Carl Celtis Smith, 47, of R. 2, North Manchester, is to appear in either justice of the peace or Warsaw city court to answer charges of drunken driving.

Smith was taken into custody by Mentone Marshal Gene Norton and was lodged in jail.

## Beaver Dam Good Citizenship Award

During a joint assembly of the 7th and 8th grades at the Beaver Dam School on April 30th, Good Citizenship medals were awarded by Mrs. Dale Cook, national defense chairman of the Anthony Nigo chapter of the D.A.R. of Mentone.

Seventh and eighth grade students receiving this award were Kathy Boggs, daughter of Mr. and Mrs. Kenneth Boggs, Rex Bowser, son of Mr. and Mrs. David Bowser, Diana Sarber, daughter of Mr. and Mrs. Gene Sarber, and Mike Dear-dorff, son of Mr. and Mrs. Roger Deardorff.

These were awarded to an outstanding boy and girl of each class who had been selected by teachers and students who meet the qualifications by their personal acts, attitudes and scholarship.

## CLUB CALENDAR

## ACCEPTS PURDUE FELLOWSHIP

Morris Bitzer, agricultural teacher at Mentone, has announced his resignation effective after this school year. He has accepted a Research Assistantship at Purdue on Hybrid Wheat. In the three years of teaching in Mentone, Morris has been highly successful in FFA

and 4-H work. His teams have won many contests, including a gold medal at the National Poultry Judging Contest. His duties will begin July 1 at Purdue, where he will be working on his Master's and Doctor's degrees. Morris wishes to thank the community for their cooperation in his work and for making their family's stay here pleasant.

## COUNTERPOINT

By The Editor's Wife

It has been reported that the "well-known TV and movie star" now recuperating in a Warsaw convalescent home may be a "hitch-hiker" from Route 66.

A lovely picture was framed in one of my large windows recently — a small blonde boy kneeling in a golden patch of dandelions, carefully and intently gathering a handful of sunshine. I wondered whether this small boy's love offering ever reached mother's kitchen, there to spend a day or two in a special spot, to warm her heart again and again.

Last fall when the man was repairing the wire fence along the creek, some of our neighborhood's small boys followed along and very carefully explained that "if he shut up that certain hole in the fence they couldn't get through to get down to the creek." Wise man that he was, he left the hole intact. So now our boys can go through, and not over Bob's fence.

Big vases are popular again, so big that they can sit on a floor.

"It is my firm belief that the public attitude toward law enforcement is a major and basic cause of the current crime increase. Too many people today are concerning themselves only with rights. They are ignoring responsibilities."

— J. Edgar Hoover

We enjoyed this:

The first sergeant of a headquarters company at an Army base was admitted to the hospital for possible surgery. While there he received a get-well card from the company supply sergeant. Inside was the message: "If they take anything out, make them sign for it."

## HONORED AT BALL STATE

Bernard Fitzgerald, son of Mrs. Iris Fitzgerald, and a Junior at Ball State College, was honored recently at the junior convocation. Bernard is one of 32 juniors who have a scholastic accumulative ratio of 3.6 or higher out of a possible 4.0 for three years.

Due to lack of space this week several articles will be used next week.

## EDITORIAL

Since the establishment of the school board, we of the Mentone News have tried to keep in close touch with what has been going on at the board meetings. Of course we are not able to make known everything we hear and see but we are endeavoring to do our best.

One of the main items in our thinking is the seemingly lack of concern of the people of the corporation. There have been very few meetings that there were any folks there to see how their school system is being operated. However, we are all too quick to criticize, then when something is done that we do not quite agree with. If more of us would attend these meetings and state our feelings, we then would have a better understanding of how things are; the needs and the boundaries that our board members have to work in.

It is almost impossible for the members of the school board to do any reasonable talking on new buildings. This is true for several reasons. They have not been able to decide if the people of the corporation are ready for the new centralized high school or if two high schools will do the job. They wonder if people are ready to assume the cost of a million and a half dollar school. Can they up the accumulative fund? These are but a few of the questions that are asked. The answers will come. The way should be, through the taxpayers of the corporation. The school board is anxious for the support of the patrons, why not give them a try???

Monday night in the regular meeting of the school board, a discussion was held concerning a new cafeteria or a means of serving hot lunches to the Burket school children. Lessig Engineers make a proposal of a 4836 square foot addition to house two dressing rooms, stage area, kitchen area, kitchen storage and several new corridors. The estimated cost would be close to \$80,000 completely furnished. This is strictly a proposal and is being investigated by the board.

Too, they are re-advertising for the repair of Beaver Dam School. The first bids were too high and by taking some alternatives they hope to be able to stay under the appropriation.

The wheat referendum seems to be a topic of talk these days. We receive letters from organ- (Continued on back page)

### OAKS

Cleo H. Oaks, 58, of St. Pet-  
ersburg, Florida, formerly of  
Kosciusko County, died at 1  
a.m. Sunday in the Doctor's  
Hospital at St. Petersburg. She  
had been ill the past two  
months.

Mrs. Oaks, a sales clerk in  
St. Petersburg, was born July  
29, 1904 in Mentone, the daugh-  
ter of David and Almada (Wid-  
man) Harsh. She was married to  
Clifford E. Scholl, who pre-  
ceded her in death in 1940.  
Mrs. Oaks had resided most of  
her life in Kosciusko County,  
moving to Florida several years  
ago.

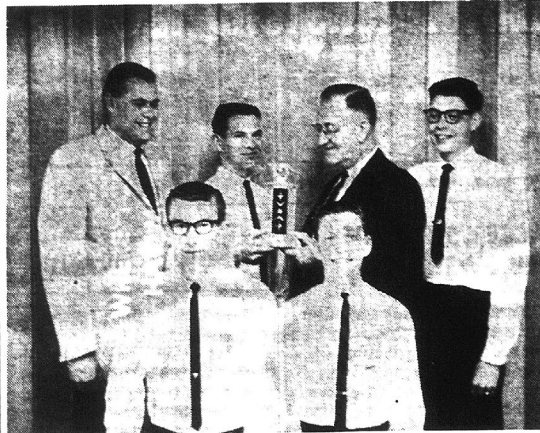

Surviving are four daughters,  
Mrs. Gordon (Jean) Edgar, Clear-  
water, Florida, and Mrs. Ellis  
(Marilyn) Antoon, of Green-  
wood, Mississippi; five sons,  
Clifford E. Scholl, of Warsaw,  
Widon, of Rochester, Ralph,  
of Pearl City, Hawaii, Dean, of  
Warsaw, and David, at home;  
two sisters, Mrs. Gifta Bogan-  
wright and Mrs. Treva Bogan-  
wright, both of Mentone; and  
18 grandchildren.

### SINCERE THANKS

Good friends have been price-  
less to us in our recent sorrow.  
We would like to sincerely  
thank the Special Nurses and  
Dr. Urschel, our neighbors and  
the Beaver Dam Aid for the  
wonderful food, Rev. Bear and  
Rev. Hostettler for their words  
of comfort, Rev. and Mrs. Cor-  
nelius for the beautiful music,  
Tom and Alma Haupt, the  
pall bearers and those who sent  
the beautiful floral arrange-  
ments. Your kindness will nev-  
er be forgotten.

In three seconds a new computerized machine, primed with judgments by your associates, can whip out an evaluation of

your leadership ability, job proficiency and other ratable characteristics. This mechanical maker of snap judgments, called the portable peer-rating machine, was developed by the National Bureau of Standards for the U.S. Army Personnel Research office. Each soldier making an evaluation of another inserts a lug with the person's name on it into one of 19 labeled receptacles de-

noting rank from "best" to "worst". The machine digests all opinions and comes up with the over-all evaluation of a man's abilities. There's one restriction: no self-rating. The individual must place the plug with his name in the "own name" receptacle.

Ordinary sand mixed with sodium silicate can be hardened in seconds into a glass-like refractory material impervious even to molten steel, reports Car-

dox. The damp, porous mixture is tamped into a mold, then carbon dioxide gas is blown through it to trigger the chemical reaction that forms the hardened material. The method is used to make cores and molds for metal foundries.

The U.S. produces more than 1,600,000,000 pencils each year, about nine for every man, woman and child.

A production line turned out flint spear heads 9,000 years ago in a "factory" on the Wauhatchie River near Coshocton, Ohio, according to Dr. Olaf H. Prufer, professor of anthropology at Case Institute of Technology. Dr. Prufer, who uncovered traces of such activity on that site recently, says post-Ic Age Ohioans called Paleo-Indians obtained the raw material in the hills above the river and successively rough shaped,

thinned, flaked and finally rough ground the flint into blades three to five inches long. Most were not for local consumption but were shipped to regions closer to Lake Erie.

A battery operated typewriter that runs up to 10 hours on a rechargeable nickel-cadmium energy cell has been put into production. The 26 pound portable lists for about \$200.

Half of what the graduate engineer knows today will be obsolete in 10 years. Key to adaptation to rapid technological change is a good grounding in fundamentals and an open mind, U.S. industry experts say.

A slinky cocktail dress can be knitted in two hours by a new machine developed in England called the Taylor Knitter. Yarn goes in one end of the computer controlled device and the dress comes out the other.

## Engagement Announced

Mr. and Mrs. Elery Nellans, of Route 5, Warsaw (Crystal Lake), have announced the engagement of their daughter, Madonna Sue, to Steven L. Creighton, son of Mr. and Mrs. Kermit Creighton, of Atwood.

Miss Nellans graduated from Mentone High School last spring and is now employed at the Farmers State Bank in Mentone. Her fiancé, a graduate of Atwood High School, is currently enrolled in his junior year at Valparaiso University. No date has been set for the wedding.

## SLUMBER PARTY

Several FHA girls enjoyed a slumber party recently at the home of Faith Barber in Atwood. Girls there who also attended church Sunday morning were: Vicky Bolinger, Doris Hershberger, Betty Paxton, Darla Sue Nelson, and Bonita Nellans.

## NOTICE

Memorial Service will be held at the Palestine Christian Church on Sunday, May 26 at 2:30 p.m. A business meeting of the Palestine Cemetery, Inc., lot holders will be held at the close of the Memorial Service.

## Mothers and Daughters Honored

Mothers and daughters were honored with a banquet on Tuesday evening at the First Baptist Church. Each year the Be-About Missionary group plan this event for the ladies of the church.

From the beautifully decorated tables a ham and covered dish dinner was enjoyed by 100 present. Mrs. David Peffley welcomed the group.

Mrs. Raymond Lewis presented a plant to Mrs. Ernest Lewis of Argos, the grandmother with the most grandchildren, Mrs. David Peffley was the youngest grandmother present and Mrs. Carol (Eaton) Crawford of South Bend received a plant for coming the farthest.

The program chairman, Mrs. Brad Moore, then presented a representative from each department of the Sunday School. A welcome was given from the youngest department, Sherri Davis and Chris Rogers. Mrs. Darrell King led in group singing and gave a poem, "Little Orphan Annie". A song to mother was sung by the junior department girls, Sharon Lewis, Debra Bowser. The junior high girls Linda Olson, Sherry Yazel, Sandra Rogers, Brenda Nunn and Vickie Bowser sang a number, accompanied on the piano by Louise Cox. A piano solo was given by Becky Hunter. Cynthia Rogers and Yvonne Rathfon from the senior high sang a duet. Mrs. Fred Lemler, Mrs. Wayne Bowser and Mrs. Stanley Yeiter presented a vocal number.

For meditation Mrs. Devon Eaton read from the first chapter of Proverbs. The very enjoyable evening was dismissed with prayer by Mrs. Tobie Blacklock.

Mrs. Kenneth Wagner began work Monday at the office of Hales and Hunter Company. She will be the secretary for Mr. Don Thayer.

## Wind Damages Business Building Of Rollin Smith

A terrific windstorm that passed high over North Manchester, dipped down with tornado force and did extensive damage to the south end of the Rollin Smith Heating and Plumbing building at the junction of Road 114 and 13. Damage at the Smith place was the only one reported in the immediate vicinity. The wind, with a roar like a train, passed over town above tree top level, and caused considerable anxiety for a few moments. The twister struck the south end of the building at roof level, folding back the roof to the first steel girder and causing it to fall on the remainder of the roof. In doing so a number of joists supporting the roof were damaged. The cement block wall at the south end was blown in for a depth of several feet, and the entire wall was cracked at the southwest corner.

## Senior Trip

The Mentone Senior Class will leave Mentone Sunday, May 12th at 1:00 p.m. via the Nickel Plate Railroad.

Forty seniors, Mr. Rush, Mr. and Mrs. Frederick will make the trip.

The first stop will be Buffalo, where they will board a bus for Niagara Falls.

Monday morning the group will see the American side of the Falls and then board a bus for Bell Aircraft. At Bell the students will be entertained to helicopter rides, films, lunch,

etc. After lunch at Bell the class will see the power project, which is one of the largest in the world and then view the Falls from the Canadian side.

The group will leave Buffalo at 11:55 p.m. via the Erie-Lackawanna Railroad and will travel all night and arrive at Hoboken at 8:45 a.m. A ferry will carry the class across the Hudson River where a bus will be waiting to haul them to the Piccadilly Hotel.

The sights that the class will see in New York, are the Statue of Liberty, Empire State Building, the U.N., Chinatown, the island of Manhattan from a sightseeing boat, Broadway at midnight, Fifth Avenue, Rockefeller Center, the famed Rockettes at Radio City Music Hall, Pennsylvania Railroad Station, and the fabulous New York City skyline.

The class will arrive in Washington at 11 p.m. Wednesday on the Pennsylvania Railroad. One thing of which you are unaware when leaving New York City is that you are going under

the Hudson River by tunnel.

Some of the sights that the class will see in Washington are the Capitol Building, Bureau of Printing and Engraving, Smithsonian Institute, F.B.I. Building and tour, Washington Monument, White House, Archives, National Gallery of Art, Library of Congress, Supreme Court Building, Arlington Cemetery, Iwo Jima Memorial, Mt. Vernon, Lincoln Memorial, Jefferson Memorial, Pentagon Building, Embassies and the stores in downtown Washington.

The class will leave Washington at 11:00 P.M. Friday and arrive in Mentone at 2:15 Saturday, May 18th.

## D.A.R. To Meet

Anthony Nigo chapter of D. A.R. will meet at the home of Mrs. Sherman Bybee on Tuesday, May 14 at 7:30 p.m. Mrs. Fred E. Schlemaner of Bremen, Indiana, state chairman of national defense, will give a report of the recent D.A.R. continental congress in Washington D.C.

## TIPPECANOE NEWS

### Mrs. Amelia Vernet

Mr. and Mrs. A. B. Rhodes and Adolph McIntyre were recent guests of Mrs. Bruce Ward and attended a reception for candidates and ladies at the Masonic Temple at South Bend. Mr. Rhodes and Mr. McIntyre have been taking Scottish Rite work and received their 32nd degree Saturday evening.

A Cub Scout pack meeting was held recently at the Riverbend Conservation clubhouse for dens one and two of Troop 294.

There were thirty present. James Weakley gave an interesting talk about the moon, and weather prevented seeing the moon through a telescope.

Cubmaster, Phillip Carey, presented the following awards: Wolfe badges to Michael Livengood, James Smith; Bear badge to Melvin Fretz; Bobcat to David Ross. Plays were presented by each den. Den one, "Do you have a Cub Scout garden". Each carried a vegetable they grew. Den two, "High pressure dream", in which they exhibited projects they worked on last month. Refreshments were served.

Cora Ludwig of Argos was a house guest of Mr. and Mrs. Forrest Creighbaum and children last week while her mother, Mrs. Tom Ludwig, was a patient at Plymouth hospital.

Mr. and Mrs. Leroy Wise and family were Tuesday evening guests of his parents, Mr. and Mrs. Frank Wise of Peru.

Mr. and Mrs. Emmanuel Worsham had as week end guests, Mr. and Mrs. Marion Harter of Michigan, Mr. and Mrs. Leroy

Crist of South Bend, Anna Jean and Bobby Worsham of Plymouth.

Mrs. Fostie Sill entertained with supper recently, Mrs. Ora Fore of Elkhart and Mrs. Rosa-Bel Krutsch.

Mrs. Larry Ballinger and Mrs. Marty Montalbano celebrated their birthdays Tuesday evening at the home of Mrs. Sarah Blackford and Mr. and Mrs. Gene Ward, Gail and Jim. Others present were Larry Ballinger, Christ, Tony, Marty Montalbano, Jeanne, Mrs. Bill Blackford, Bill Jr., Joe, Mrs. Chuck Lozier, Mrs. Danny Cormican. Two birthday cakes and home made ice cream were served.

Mr. and Mrs. Wilbur Phillips and Arnold have had as their guests, Mr. and Mrs. Thomas Phillips of Warsaw; Mr. and Mrs. Arthur Luty of Tiosa; Rev. and Mrs. Ernest Minegar of Inwood; Mr. and Mrs. Chester

Johnson of North Liberty; Mr. and Mrs. Howard Roush of Plymouth; Mr. and Mrs. Ronnie McCartney and Neil of LaPaz; Mr. and Mrs. Brooks Gardner, Sarah and Jimmy of Bourbon.

Mrs. Rex Fites attended a bridal shower in honor of her niece, Miss Pamela Boyer, of

Hammond, Sunday. It was held at the Lansing, Illinois Sportsman's Club. Mrs. Fites also called on Mrs. John Nellans and Charlie Sackville at Hammond.

Mrs. Earl Davis accompanied her son and daughter-in-law, Mr. and Mrs. Devon Davis, to

## Tippecanoe Honor Students

Glen Law, principal of the Tippecanoe schools, announces that Charles Lewallen is the valedictorian and William Church salutatorian of the '63 graduating class.

Charles Lewallen

Lewallen is the son of Mr. and Mrs. Charles Lewallen, and is active in baseball, track, class president, annual editor, newspaper staff and Junior play. He plans to go to Fort Wayne International College to study accounting.

William Church

Church is the son of Mr. and Mrs. Bud Church and has an outstanding record in athletics. He won the free throw award, and has been active also in baseball, track and cross country, is on the newspaper staff and annual staff, class treasurer and Junior play. He plans to go to Manchester College to study elementary education.

Most popular ground cover is myrtle, which grows well in the sun or in the shade. Other evergreen ground covers are euonymus, or wintercreeper; Baltic English Ivy, and low growing junipers, such as the Waukegan and Sargent.

## Truth For Today Annual Seminar

The annual get together of the T.F.T. ministry celebrating its 15th year of service, was held May 5th at the home of Mr. Oscar Baker.

The T.F.T. movement is a world wide service dedicated to the promotion of Bible study, the discussion of fundamental literature and the Gospel of Christ Jesus.

Sunday afternoon witnessed the gathering of 28 people from four states. Some drove as far as 200 miles to attend the meet-

ing. Visitors were from Lansing, Malothian and New Lennox, Illinois, Kalamazoo and Muskegon, Michigan, Toledo and Newark, Ohio, Kokomo, Linton and Mentone, Indiana.

Mr. Raymond Psalmonds, a missile engineer, formerly of California, but now with the Titan missile project at Columbus, Ohio, was one of the guest speakers. His text was taken from Phil. 2:5. "Let this mind be in you, which was also in Christ Jesus."

Mr. Baker spoke on the book of Hebrews using a structural outline as the basis of his speech. This is a method used

by Bible students that gives phenomenal proof that the Bible is the Word of God.

Denton Abbey gave an address on "What is Hope", embracing the faith of man in the promise of God.

The ladies served a luncheon at 3 p.m. while a free discussion period ensued.

The meeting was adjourned at 5 p.m. by a benediction given by Mr. Paul Meyers, of Kokomo.

# Moved to Bourbon

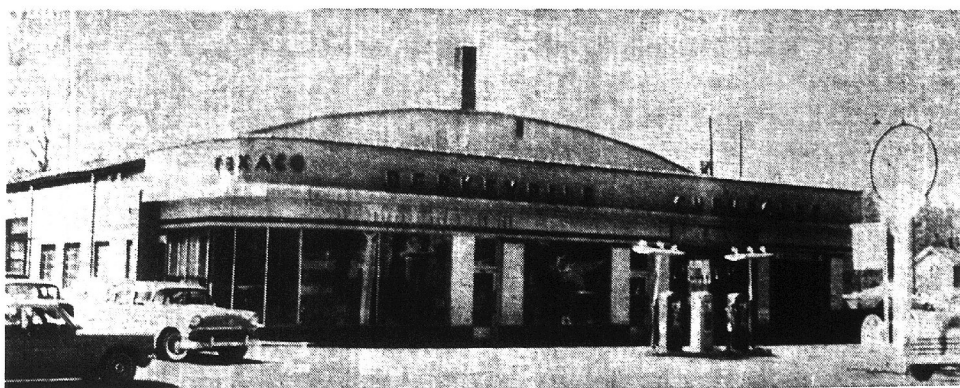

Effective Monday, we have closed our Mentone Chevrolet Sales and Repair Agency and have purchased the former Berkeypile Chevrolet Agency at Bourbon.

We are not moving out of the Mentone area, but our territory will now include Burket, Etna Green, Inwood and Bourbon, and our quota of new Chevrolet cars and trucks has been increased so we can more adequately serve all these areas.

The large, modern repair station at Bourbon will now enable us to better service and repair not only all new cars, but all your other vehicles as well.

We extend a welcome to each of you to visit us at our new place at Bourbon, and we'd appreciate the privilege of talking "New Chevrolet" or "mechanical repair service" with you at any time.

Bill Boardman will continue to live at Mentone where he will be readily available at any time.

## GETTING THE MOST... FROM YOUR GARDEN

by Dr. W. A. Liddell  
Director of Information, Asgrow Seed Company

### A FLOWER BED AGAINST A FENCE

Not counting the unintentional mess in which tall and short plants are all mixed up, there are just two basic types of flower beds; those with the tallest plants at the center and those with the tallest plants at the back, normally against a fence, wall, or house. The first is called an "island" bed and is common in parks. Those in the second category are called "wall" beds and "corner" beds, well enough described by their names. The wall bed is probably the most useful type and certainly the most commonly used for home decorations.

In planning a wall bed you must think of both shape and size. Size is three-dimensional. There is the length of the bed along the fence or wall, the distance from the fence or wall to the front of the bed, and the height of the various plants in the bed.

The length need not be our concern here. You can decide that without our help, on the basis of how much space you want to fill and how ambitious you feel about digging. The height of the bed at the back may impose some grudging decisions if you want to go up over 3½ feet or so. Sunflowers, tithonias, castor beans, and hollyhocks are all in the "over 5 feet" class, but the first three are rather coarse and the last does not give very solid cover. Still, if you have something that tall which you really want to cover up, use Sungold sunflower. Then around the 4-foot level are cleome and cosmos, both very easy to grow and not too weedy looking.

At the 3½-foot level and below, your choice of varieties gets easy. In this range are African marigold, zinnia, four o'clock, aster, and snapdragon. Lower still, and suitable for planting in front of these are petunia, nasturtium, French marigolds, pinks, dwarf dahlias, and a great many others. Look over the packets in the seed display and check the heights; they are always given.

Distance from the fence or wall to the front of the bed can vary widely but the kinds of flowers you sow impose certain minimums. For instance: zinnias alone — 2½ feet. African marigolds in back with French marigolds in front — 3½ feet.

Four o'clocks in back, with pinks in the middle, and sweet alyssum

in front — old-fashioned, but pretty — 4 feet.

As for the shape of the bed, it's a matter of choice, but most landscape architects avoid straight lines with sharp corners and single straight rows of plants. They prefer a curved outline for the bed as a whole and "drifts" rather than uniform rows. A drift may be wider at one end than at the other and may overlap another drift slightly. Arrange the drifts as you please, only don't go too far in putting tall plants in front of lower ones.

Of course, shape, like size, is three-dimensional. You can use nothing but massy, broad plants, or you can intersperse narrow, pointed plants as "accents." The accents will probably be less noticeable than shrubby accents because the outline of an individual plant is rarely seen completely, if you'd rather just forget about accents your bed will probably be fully as effective.

How many different kinds of flowers should you put in the bed? Go as far as you like or keep it very simple. It is not absolutely necessary to have more than a single species. Cleome, for one, looks good all by itself. But, most tall flowers, and particularly the ones that are rather thin as well as tall, look leggy and unattractive near the ground. So, put comparatively low-growing flowers like dwarf marigolds or petunias in front. These look good all the way down to the ground, so that still lower flowers like sweet alyssum or portulaca are like white sidewall tires. But, if you like sweet alyssum or portulaca or white sidewall tires, for that matter — go ahead and enjoy yourself!

## Grow Perennial Flowers

Flower gardens last for years when you plant perennials, say Purdue University extension horticulturists. They're easy to grow and give color from early spring until after frost.

Choose a planting area where there is plenty of sun and where the soil is well drained and fertile.

Start your flower border by adding two to three pounds of

general purpose fertilizer, such as 12-12-12, per 100 square feet of garden area before you turn the soil. It is a good idea to mix organic matter such as peat moss or compost in at the same time.

Your perennial flower border should be at least four to six feet wide. Plant tall flowers to the rear, medium height ones in the middle, and low-growing ones in front.

Plant chrysanthemums, phlox and delphiniums this spring; plant iris in late summer, peonies in the fall. Have several plants of the same variety and

color in a group for mass effect.

For further information including lists of tall, medium and low-growing perennials, and blooming dates, write Agricultural Publications, Purdue University, Lafayette, Ind. for HO-72-5, "Growing Perennial Flowers". Single copies are free to Indiana residents.

Horticulturists at Purdue University suggest dividing your chrysanthemum plants toward the end of April or the first of May. Keep the younger, outer growth and discard the old.

# PIONEER'S Proved. Improved BABY PIG FEEDING PROGRAM Pigs on sows produce a TON of GAIN on a TON of PIONEER!

Pigs that get started right usually stay ahead — clear up to market! It takes only 5 lbs. of Pioneer Pig Tasties and 35 lbs. Pig Starter to push pigs on sows past 40 lbs. live weight. Start this year's pigs out RIGHT — on PIONEER!

### PIONEER PIG TASTIES PRE-STARTER FEED 5# PER PIG

Highly palatable . . . baby pigs love 'em . . . eat 'em by the time pigs are 7 days old! High in milk products . . . vitamins, proteins, and carbohydrates — all easily digestible in the baby pig's delicate digestive system.

A new feature of PIONEER Pig Tasties makes carbohydrates more completely available to the baby pig than ever before . . . more available energy means bigger pigs on less feed.

For the first time, scour causing bacteria (both gram-positive and gram-negative bacteria) can be controlled with NF-180 PLUS Terramycin in PIONEER Pig Tasties! One pound of PIONEER Pig Tasties produces one and two-thirds pounds of pork . . . at a time when the baby pig needs available nutrients, vitamins, and disease-fighting drugs.

### PIONEER PIG STARTER FEED 35# PER PIG

PIONEER Pig Starter produces healthy 40-pound pigs in less than eight weeks. Pioneer Pig Starter has been improved with special ingredients that make energy and carbohydrates even more available. Highly palatable, Pioneer Pig Starter performs under a vast range of field conditions. Contains 75 grams streptomycin and 15 grams penicillin . . . plus arsenic acid. We recommend Hygromycin in Pioneer Pig Starter to control worms during this most important time in the pig's life.

## HOME EC. LUNCHEON

Several ladies from the various home clubs in the community attended the spring luncheon last Wednesday afternoon. Three hundred twenty five ladies from the entire county were present for the meal, which was held in the Westminster Hotel in Winona Lake. A trio from the County Chorus sang, opening the program and then Mrs. Murphy from Kentland, Indiana, Mrs. America in 1961, gave a very charming and interesting talk. She also showed slides taken in Florida during her coronation.

izations who say, "Why all the fuss about the wheat referendum? We have had it for ten years and are not too bad off." I can't say that I agree with that line of thinking.

The Government seems to be taking over in more and more areas every day. In this wheat issue, for instance, we would not be at all surprised to find that the government has spent close to a million dollars of the taxpayers money to promote this among the people of the country. People may be threatened with their jobs or by other types of force if they do support the bills. This is not the way

our great country was established. Now, it seems to be to let the government take over for they will subsidize us. If we want to remain a government of the people, we are going to have to take our stand to keep free enterprise and let our leaders know their area, and then the area of the public landowner and businessman.

## 2 In Hospital After 4-Car Crash Near Pierceton

Lucille Carlson, the 15 year old daughter of Mr. and Mrs. Leonard Carlson, 509 Morton Street, Warsaw, and David Teel, 16, of Mentone, were both hospitalized following a four-car accident at 6:45 p.m. Saturday at the intersection of State Road 13 and old U.S. 30, north of Pierceton.

Teel suffered a fracture to the jaw and left arm. He is scheduled for surgery.

## WITH THE SICK

Max Hostetler of R. R., Mentone has been dismissed from the Murphy Medical Center.

Mrs. Bessie Wilson was dismissed from the Murphy Medical Center Friday. She had suffered a light stroke. She is now at the home of Mrs. Kenneth Barkman.

Mrs. Byron Linn was dismissed from Murphy Medical Center Monday where she underwent tests and xrays.

Ernie Welborn, son of Mr. and Mrs. Everett Welborn, underwent an emergency appendectomy Monday evening at the Murphy Medical Center.

Conda Walburn is improving at the Parkview Hospital at Fort Wayne but will be there for a few weeks.

Mrs. Ted Ward is some better after suffering a slipped disc in her back last Wednesday evening.

Mr. M. O. Smith has been admitted to the Murphy Medical Center.

## Reading Club Anniversary

Members of the Mentone Reading Club enjoyed a lovely anniversary dinner at the Honeywell Center in Wabash on Wednesday evening, May 1.

Tables were placed in the spacious dining room to form a large U. A colorful Maypole was the center of interest for each table. The Mayday theme was continued in the nut cups which were made to resemble miniature Maypoles. Each table center had a continuous ribbon of blooming myrtle running its entire length. Candles in pastel colors were lighted to enhance the dining pleasure.

Following the delicious dinner, a trio of ladies, known as The Threesome gave a delightfully appealing program of readings, vocal solos, piano and accordion music. The ladies were Mrs. Lloyd Grandstaff, vocalist; Mrs. James Van Buskirk, narrator; and Mrs. Willard West,

pianist and accordionist, all of Roann.

The committee in charge for the evening was Mrs. Max Nellans, Mrs. Miles Manwaring, Mrs. Harold Nelson, Mrs. Raymond Cooper, and Mrs. T. J. Clutter.

The retiring president, Mrs. Charles Manwaring, was in charge of a short informal business meeting. At this time Mrs. Earl Shinn presented a gift to Mrs. H. V. Johns, a former member, and read a note of appreciation for her years with the club.

A short installation service was given for the new officers. They are president, Von Jenkins; first vice president, Mary Cox; second vice president, Mary Manwaring; secretary, Frances Olson; treasurer, Norma Rush.

Mr. and Mrs. Gordon Young and Orville Vandermark had Sunday dinner with their mother, Mary Vandermark, and Earl. Mrs. Vandermark is feeling some better after being sick for two weeks.

## Spring Concert

The music department, under the direction of Mr. Kenneth Bush, presented a very fine program at the gymnasium last Friday evening. A large crowd was on hand to hear the various selections by the mixed chorus, boy's chorus, triple trio, Junior Band, and Senior Band. The John Phillip Sousa Award, presented each year by Dr. and Mrs. Dan Urschel, was awarded to Fred Mellott. "Chips" Gast won the baton, which Mr. Bush gives to an outstanding senior band member. Fred Mellott had also compiled the most merits to earn the beautiful green band blanket.

## Merry Mollys Meet At Petes'

The Merry Mollys Home Demonstration Club met Monday evening at Pete's lunch room with Mrs. Glen Puterbaugh acting as hostess and Mrs. Jerry Hudson as co-hostess.

The meeting was opened by Mrs. Jerry Hudson by giving the pledge to the flag and singing "America the Beautiful", followed by club creed. Meditation was given by Mrs. LaMar Leffert. The history of the song of the month, "Down in the Valley", was given by Mrs. Glenn Campton. Health and safety remarks on food poisoning was given by Mrs. Clayton Holloway. An interesting lesson was given on the kinds of hard floor covering by Mrs. Bob Hibschan and Mrs. Jerry Hudson. During a short business session Mrs. Glen Mellott gave a report on a club trip planned for May 29. A questionnaire on mental health survey was answered by club members. Lovely secret pal gifts were received by Mrs. Carl Whetstone, Mrs. Dale McGowen. Door prize was won by Mrs. Clayton Holloway.

Members present were Mesdames Don Bennett, Clayton Holloway, Don Horn, Jerry Hudson, LaMar Leffert, Herschel McGowen, Dale McGowen, Glen Mellott, Dean Meyer, Glen Puterbaugh, Al Rinnell, Gene Sarber, Marion Smith, Dale Stiffler, Carl Whetstone, Robert Hibschan, Glenn Campton, Darrell King, Loren Gross, Joe Tucker, and guest, Mrs. Thomas Nunn.

The June meeting will be at the home of Mrs. David Cooper.

Jim Fitzgerald, son of Mrs. Iris Fitzgerald, returned this week from a two and one half year tour of duty with the Army.

## MERMAID FESTIVAL ENTRY

Ana Murcia has been selected to represent Mentone in the North Webster Mermaid Festival.

Voting began from all Junior and Senior girls. Three girls were in the final running and then the band voted and selected Ana Murcia.

Cheryl Horn and Betty Bibler were the other candidates.

## WITH THE SICK

Mrs. Archie Leckrone was admitted Monday to the Woodlawn Hospital in Rochester for medical treatment.

Dave Teel, who was injured in an automobile accident recently, was dismissed Thursday from the Murphy Medical Center.

M. O. Smith was dismissed from the Murphy Medical Center on Tuesday after suffering a light stroke the week before. He is slowly improving at his home.

Ernie Welborn was dismissed Saturday from the Murphy Medical Center in Warsaw.

Jackie Secrist, daughter of Mr. and Mrs. Ron Secrist, has been admitted to the Murphy Medical Center.

Forrest Creighbaum was taken to Woodlawn Hospital in Rochester Sunday evening and was admitted with a serious ear infection. He expects to undergo surgery later this week.

## CLUB CALENDAR

Mentone O.E.S. will meet at 7:45 p.m., Monday, May 20th.

Cub Scout committee meeting at Methodist Church, Monday evening, 7:30. All committeemen are urged to attend.

## COUNTERPOINT

By The Editor's Wife

The wild columbine, which are blooming in profusion in our flower beds, pay real dividends this time of year. They attract several beautiful humming birds, who take a minute now and then to relax in the smoke tree, completely unaware of the folks peering at them from the kitchen window.

For the past few days a battle of sorts has been waged among these tiny creatures to establish priority rights of one kind or another. Their feuding has aroused even the curiosity of a titmouse, who left his sunflower dinner to hop from one twig to another in a most puzzled manner. Bird-life has its complications, too.

Last November we received a letter from a friend of the column. In addition to some kind words there was a poem which has some warm expressive ideas which fit this time of year.

Have seen this friend pass the house pulling a boat several times lately. How's fishin', Arlo? Here is the poem. Know you will all enjoy it!

## Seward H. D. Met Recently

The Seward Home Demonstration Club met Wednesday at the firemen's building in Burket with Mrs. Sam Secor and Mrs. Kenneth Miller as hostesses.

The meeting was opened by the president, Mrs. Gerald Smalley. The vice president, Mrs. Franklin Swick, led the members in the pledge to the flag and the club creed. Mrs. Stanley Newton gave the history of the song of the month, and led the members in singing, "Down in the Valley". Mrs. Alton Bruner was in charge of the Mother's Day program in which all members participated.

Following the business meeting refreshments were served to 24 members and two guests, Mrs. Dale Cauffman and Mrs. Lester Cauffman. The next meeting will be held on June 19th at the Burket firemen's building.

Mrs. Nancy Owens spent the week end visiting her folks, Mr. and Mrs. Sam Ware. Mrs. Owens' work is now in and around the Logansport area.

## NAMED TO NATIONAL PENB

Carroll M. Eiler, of Eiler Egg Farms, Route 5, Warsaw, was re-elected a member of the board of directors at the 23rd annual meeting of the Poultry and Egg National Board in Tampa, Florida. PENB is a non-profit national service organization supported by all branches of the egg, poultry and allied industries to carry on national programs of research, consumer information and promotion.

## TO JOIN BATEMAN

Doug Fites, assistant coach at Mentone during this school year, will be assistant coach at Fairmount next season. He will join Paul Bateman there, as Paul recently signed a contract as head football and basketball coach at Fairmount, just south of Marion.

## P.T.A. Meets

The May meeting of P.T.A. was held in the gymnasium. President Zanna Hammer opened the meeting with pledge to the flag. Installation of officers was conducted by Mr. Hammer. The new officers for 1963-1964 are pres., Lee Norris; vice pres., George Welch; sec., Betty Hibschan; and treas., Vera Wagner. The sophomore class won the grade count. Mr. Morris Bitzer explained the different things his agricultural classes had worked on for their various displays. After the meeting was adjourned, the audience was asked to look over the displays. Mrs. Carpenter's Home Economic classes presented a short skit, which introduced the Style Show. The girls modeled clothing they had made this year. Janet Rackeweg received an award for the best Home Economic student, given each year to a senior.

Refreshments of punch and cookies were served at the close of the meeting.

## Open House For Etna Green 1913 Class

Mr. and Mrs. Paul Hamlin will have open house Saturday afternoon, May 18, from 4 to 6 p.m. for members of the 1913 graduating class of Etna Green, before attending the Alumni Banquet at the high school gym honoring the 1963 class. A teacher of the 1913 period, Sharon Utery, will be present, along with a large per cent of that class. It is hoped that another former teacher, Mrs. Willard Elkins, of Syracuse, will be able to attend. Mr. and Mrs. Utery of North Manchester and Mrs. F. E. McLucas, of Fort Wayne, will spend the week end with the Hamlins following the banquet.

The class of 1913 was the first graduating class and because of the Tri Township consolidation, the 1963 class will be the last.

## PURCHASES NEW BUILDING

Hersh Linn, owner and manager of the Sinclair Service Station, has purchased the adjoining building from Le Roy Cox. Tentative plans are to install a new driveway, and to do some additional remodeling this summer.

## NAME EXECUTOR

James M. Whetstone, of Mentone, has been named executor of the \$4,250 estate of his mother, Myrtle L. Whetstone.

## GETTING THE MOST... FROM YOUR GARDEN

by Dr. W. A. Liddell  
Director of Information, Asgrow Seed Company

### HERBS FOR FLAVOR AND FRAGRANCE

Back in the dear dead days of "do-it-yourself-or-do-without",  
most gardens had at least a corner for herbs. Their aroma  
served for perfume and their flavor added zest to humdrum  
meals. Commerce and chemistry have changed all this, and  
except with families newly arrived in our country, herb gar-  
dening went out of fashion. It is now having a deserved re-  
vival, thanks, perhaps, to the restoration of the gardens at Wil-  
liamsburg, Mt. Vernon, Old Sturbridge, and other historical  
projects. The fact is, none of our artificial flavorings are the  
same as the natural, and the old fashioned fragrance of laven-  
der, rosemary, or thyme is not replaced by the expensive  
bottled goods at the perfume counter.

In general, herbs are the least  
demanding of garden plants, since  
they are hardy, thrifty, and largely  
free from insect pests and diseases.

All they need is reasonably fertile  
soil, and plenty of sunlight, with,  
of course, enough hoeing or mulch-  
ing to control weeds. In colonial  
times and long afterwards, it was  
customary to arrange the herb  
plots in rather fancy patterns, but  
this is not at all necessary. More  
important is a sunny location near  
the back door or in the vegetable  
garden, to which they will add va-  
riety and charm. Many kinds of  
herbs can be grown in the gar-  
den. Here are some of the most  
popular.

**Basil.** Also deservedly known as  
sweet basil, since its fragrance,  
somewhat clove-like, perfumes the  
air. Annual. A dozen plants, 9"  
apart. Neat little bushes with yel-  
lowish-green leaves about 2 ft.  
high. When the terminal spikes of  
small flowers are in bloom, the  
plants are cut back, bunched and  
dried. Green or dried, the leaves  
are excellent for seasonings and  
for making delicious jelly.

**Chive.** A small, mild onion  
grown for its slender, hollow  
leaves about 8" long which are cut  
as required and renew themselves.  
Bulbs come in clumps of about a  
dozen. Separate and set each 6"  
from the next. They multiply and  
will need to be separated every  
second or third year. A neat edg-  
ing to the plot and very useful.

**Dill.** The plants grow to about  
30" from seeds sown in the open.  
The lacy leaves and later the seeds  
are used in making pickles and dill  
vinegar, and as a good addition to  
fish sauce. Three or four plants  
will serve most families. Annual.

**Lavender.** The most pleasant of  
aromatic herbs, a perennial grow-  
ing to 30" from seeds or cuttings.  
The spikes of small, lavender-blue  
flowers are preserved for their  
fragrance.

**Mint.** There are many kinds,  
spearmint being the most common.  
Usually started from pieces of  
root-stock, which will spread wide-  
ly unless checked by sunken tile  
or the like. The plants stand 12"  
to 15" high, picked as needed for  
juleps or mint jelly and sauce.  
Clipped when they fade in winter,  
they reappear in spring.

**Rosemary.** A small shrub with  
leaves of distinctive and grateful  
odor, also to be chopped for use  
in sauces and sprinkled over roasts.

**Thyme.** The garden thyme is  
one of many varieties, a small har-  
dy perennial, useful both in flower  
arrangements and in flavorful  
recipes.

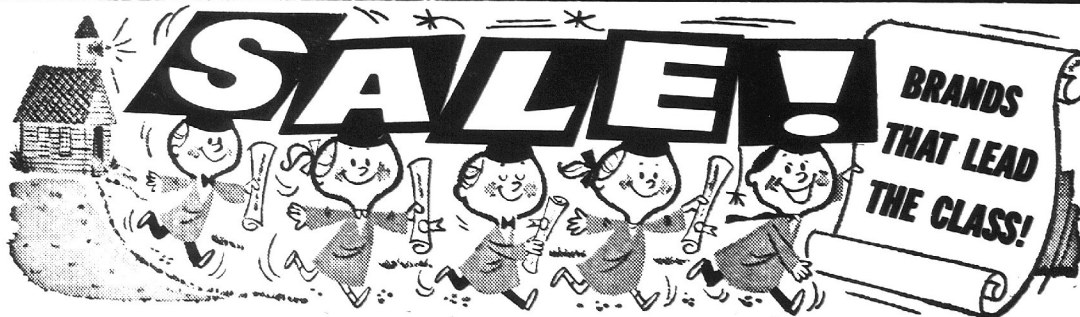

The cutting of herbs should be  
done on a dry morning, after the  
dew has disappeared. Then the  
leaves or cuttings should be spread  
on a muslin or other screen and  
kept for a few days in a warm,  
airy place, never in an oven. For  
storage, the leaves are stripped  
from the stems and kept in con-  
tainers, which should not be of  
paper if fragrance is to be retained.

Chive, mint, parsley and some  
other herbs are often potted and  
brought indoors for winter use.

If you would like free information about how to grow vegetables in  
your back yard, send your name, on a postcard, to Asgrow Garden  
Guide, PO Box 406, New Haven 2, Conn.

## CARRYING ON FOR THE LADY WITH THE LAMP

Generally accepted as the originator and founder of modern nursing the life service of one woman, Florence Nightingale, is a blessing to humanity whose value is inestimable. "The Lady With The Lamp" is remembered each time a capping ceremony takes place and new nurses are dedicated to the cause of mercy; healing, easing of pain and comfort for the suffering.

The churches were first to adopt and carry on the work begun by Florence Nightingale. They lifted her lamp aloft and established hospitals and schools where nurses may be trained as "Angels of Mercy".

Many are the blessings made available by the Church. The Church of your faith can, and will be a blessing to you if you will but use it by attending services and putting its teachings into practice.

## Local M.Y.F. Attend Convention

A group of young people from the Methodist Church in Mentone attended the Spring Convention of the Warsaw District M.Y.F. which was held at the First Methodist Church in Mishawaka. A film strip, "A Great Host of Witnesses", was shown. There was then a panel discussion led by James Babbitt, conference secretary, on the film and its contents.

During the program there was an installation service for district and sub-district M.Y.F. officers. Vivian Hurst, of the Mentone church, was installed as district president. Robert Adams was installed as an officer on the sub-district council. The new president, Vivian Hurst, led the group in the benediction.

Those attending were: Robert Adams, Connie Smythe, Eddie Nellans, Vivian Hurst, Ann Istoc, Lucille Hurst, Bonnie Nellans, Steve Mellott, Ronnie Ward, Ernest Murcia, Sherry Bryan and Rev. Campton.

## Summer's coming, get going!

If this isn't a great time to get yourself a new Chevrolet—well, we just don't know when is. Why, you'd almost have to be anti-summer not to let one of these four convertibles get to you. Or any of Chevrolet's sedans, wagons, sport coupes and sport sedans, for that matter.

And there are a lot of other buy-now reasons besides the season. Like the care-free feeling you get on

a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chevrolet dealer all stocked up for a busy summer. Chances are, he

has just the model and color you want—be it Chevrolet, Chevy II, Corvair or Corvette—ready to go right now.

So maybe now you're all wound up? Then spring into summer at your Chevrolet dealer's.

## Special School News

The first grade round-up had 49 boys and girls in attendance. Mrs. Fishers' art class had special circus theme favors on their tables in the cafeteria and the cooks had an especially lovely dinner for these children. Mrs. Lackey told a story about the brave Indian which the group participated in with actions. Three movies were shown: Ugly Duckling, Three Kittens and Baby Fox. It proved to be a long day for the children as many were heard to say, "Boy, I'm tired." Upon being asked

what they liked best about school, they readily replied, "The three recesses and lunch!"

Mr. William Longenbaugh's 5th and 6th grades combined recently voted in their class for most courteous boy and girl. The sixth grades' choices were Janice Truex and a tie between Ernie Welborn and Salvador Murcia. The 5th grade chose Kathy Yazel and Helen Shirey (also tie) and John Shirey.

The boys in this grade and the other sixth grade have been working out in track events. They are mainly learning some

basic fundamentals that will be beneficial to them in a few years.

Mrs. Genavee Nelson's 3rd grade has a pen pal project going with some boys and girls in the 3rd grade at Lubbock, Texas. Some of our boys and girls have received letters from their pen pals, and a class discussion was held recently to decide what items of interest they could write about, our town, industries, population, landmarks, etc., to these friends in Texas.

The class had a story in Eng-

lish about Cinderella and now they are busy making stick puppets, background scenery and practicing to narrate the story. As a group project, they seem to be enjoying this.

Parents — Have you visited school this year? Just a few short days remain in this school year, so try and plan a visit soon. Your child would appreciate your visit and certainly the teachers welcome any parent in their classroom. Show you are interested in your child and his school!

## Psi Iota Xi Meets

## NEWS NOTES from our

## County Agent

DONALD E. FRANTZ

The week of May 19-26 has been designated as Soil Stewardship Week. The purpose of this commemoration is to call to our attention again that we have a responsibility to conserve and maintain our resources that will be called upon to feed, clothe and countless generations that will use them after we are through.

Mr. William Davidson, member of the national association of Soil and Water Conservation District's advisory group, says this way:

"With each passing year, the pressures on our limited supply of resources are being compounded. More and more people each year put more and more of our resources to work. The demands increase for housing, highways, food, fiber, industrial and recreation space, and for all other mounting needs of a growing society. Expansion and enlargement are by-words and the end is not in sight. As good stewards, there is need to look to the future, anticipating as well as we can, the requirements of tomorrow, in order that we may exercise intelligence and use our wisdom against waste."

\*\*\*

The next meeting of the County Poultry Association is set for May 21st. Dr. James Carson, head of the poultry section of the animal science department at Purdue, will be the guest speaker. This is the final meeting of the season for the group and they will suspend monthly meetings until next fall.

\*\*\*

Home garden insect control becomes easier each year as newer and safer insecticides appear on the market.

In addition to malathion and methoxychlor—two of the older materials—a relatively new insecticide, sevin, is now available for use in home gardens and on fruit trees. Sevin can be purchased as a wettable powder, a flowable concentrate or dust formulation.

## Salvation Army Week

May 19-26

The National Salvation Army Week will be observed in Kosciusko County and throughout the country from May 19 to May 26. The Salvation Army's aims and accomplishments are best summed up by the theme, "With Heart to God and Hand to Man."

Commencing this week of special activity will be the annual meeting of the Army's advisory board. This will be held Monday, May 20 at the Citadel, 501 E. Arthur St., Warsaw. A dinner will be served at 6:30 p.m., followed by a report of activities in 1962, election of board officers for the coming year, and a demonstration done by some of the youth groups active in the local program.

To give the people of this area a closer look at the Salvation Army's work, open hours will be held at the local Citadel on Sunday, May 26, from 1 to 6 p.m., it was announced by Captain Harry Smith, officer in charge.

"The generous support of its many friends, and the sympathetic backing of the business community enable us to serve the less fortunate effectively. We are profoundly grateful for the time and gifts contributed, directly or through the United Fund of Kosciusko County, to encourage and expand our ministry. We look forward to welcoming one and all at this open house," reported Captain Smith.

Officers and members of the Kosciusko County advisory board of the Salvation Army are: Ralph Wrigley, chairman; Ben Eagler, vice chairman; Orval Johnston, secretary; Myron Ringo, treasurer; Mrs. Kathryn Coy, Jack Engle, Edward Funk, Rev. Merrell D. Geible, Everette Hanft, Earl Himes, Paul Oberli, Gerald Overmyer, A. D. Phillips, Brig. E. Phillipson (R), Lt. Col. H. Pugmire (R), Mrs. Howard Scott, Ross W. Sittler, D. James Snodgrass, Mrs. B. H. Summey, and Gustave Tatter.

### OUT FISHIN'

A feller isn't thinkin' mean,

Out fishin'!

His thoughts are mostly good an' clean.

Out fishin'!

He doesn't knock his fellow men,

Or harbor any grudges then,

A feller's at his finest when

Out fishin'!

A feller gets a chance to dream,

Out fishin'!

He leaves the beauties of a stream,

Out fishin'!

An' he can wash his soul in air,

That isn't foul with selfish care,

An' relish plain and simple fare,

Out fishin'!

A feller has no time fer hate,

Out fishin'!

He isn't eager to be great,

Out fishin'!

He isn't thinkin' thoughts of pelf,

Or goods stacked high upon a shelf,

But he is always just himself,

Out fishin'!

A feller's glad to be a friend

Out fishin'!

A helpin' hand he'll always lend

Out fishin'!

The brotherhood of rod an' line

An' sky and stream is always fine;

Men come real close to God's design,

Out fishin'!

A feller isn't plotting schemes,

Out fishin'!

He's always busy with his dreams,

Out fishin'!

His livery is a coat of tan,

His creed — to do the best he can.

A feller's always mostly man,

Out fishin'!

Little Johnny was allowed to bring in the kittens when a shrill, protesting meowing and spitting was heard. "Be careful,

Johnny," cried his father, "so as not to hurt the kittens." "But I'm not hurtin' 'em, Daddy," replied the boy. "I'm carryin' 'em real careful by the stems."

## May Day Dinner

The Harison Center Club's annual May Day party was celebrated Saturday evening, May 4th, with a smorgasbord dinner at Westminster Hotel.

Mrs. Homer Campbell and Mrs. Tom Alvey, co-chairmen, welcomed the guests who found their places marked at the table, which was decorated in spring flowers and candles.

The invocation was given by Mrs. Alvey and a candlelight memorial service in remembrance of Mrs. Charles Vandermark, was conducted by Mrs. Fred Rarick.

The Creighton's trip abroad was described and illustrated with pictures by Mrs. Hobart Creighton. Attendance prizes were presented by Mrs. Harvey Baumgartner to Mesdames Mearl Nelson, Mearl Freeman, Floyd Knepp, Victor Adams and Emory Murphy. Names drawn for door prizes were Mrs. Ruby Baumgartner and Mrs. Arthur Cartwright.

## CELEBRATES BIRTHDAY

Lisa Owens enjoyed a birthday party in honor of her 5th birthday, May 3rd, at the home of her grandparents, Mr. and Mrs. Sam Ware. Several of her little cousins helped to celebrate the day. They were William Swinehart of Warsaw; Tina, Jackie and Mike Walton of Akron; Rhonda, Bobby and Leslie Senff, Kevin, Marcia, Debby and Shelly Owens, Crystal Angela Sue and Eric Ross, all of Mentone. Mothers of the above children were also present. Refreshments of barbecued chicken, cake and ice cream were served to the group.

## SINCERE THANKS

I want to thank all my friends for all the flowers, cards, visits, and prayers I received while I was in the hospital. All were very much appreciated.

Akron Principal  
Appointed

Mr. Robert Forbes, Superintendent of the Tippecanoe Valley School Corporation, has announced the decision of the School Board to appoint Mr. Rex L. McHatton to the post of high school principal at Akron.

Mr. McHatton is married and has a daughter who is a college student. He is a native of this

area, since he was born at Sevastopol, Indiana. He is the son of Eva McHatton, who resides in Akron, and the late Irvin McHatton who was a business man in Akron for many years. His grandfather, William McHatton, was a teacher and principal at Talma, Burket, Franklin, and Akron schools for nearly 50 years. Many residents of this area were his pupils and remember him as an expert in penmanship.

The new principal graduated from Elkhart High School and received a scholarship at Transylvania College. He also attended Indiana University and the University of Cincinnati. He holds the Bachelor of Science and Master of Education degrees—plus additional graduate studies.

## Vacation Reading Club

The Vacation Reading Club of the Mentone Public Library will begin Monday, May 27th. All school children living in Seward, Franklin and Harrison townships, Burket or Mentone are invited to join.

Children may register Monday afternoon or anytime after that. There are no formal club meetings. Club members choose the books they wish to read and are given credit for each book reported. For points earned they receive, first a book mark and then an illustrated card for the reading program they choose and they may choose "The Apple Tree", "The Traveler", or "The Civil War".

As the children read they receive colored stamps to decorate their program card. Children may tell the stories they have read at the Library or at home to their parents, bringing a slip from the parent for each story told.

Prizes will be given in each grade for those earning the most points. Also a Grand Champion Prize and a Reserve Champion Prize will be awarded.

We hope that parents will tell their children about the reading program and make it possible for them to take part.

Summer Library hours will be from 2 p.m. to 6 p.m., Monday through Saturday.

## WITH THE SICK

Mrs. Archie Leckrone was dismissed from the Woodlawn Hospital in Rochester.

Mr. McHatton served eight years as placement director and lecturer at the University of Cincinnati. The subjects he taught at the University were Business Organization and Management, Backgrounds of Western Civilization, and Economics. He has held posts as elementary teacher, high school English teacher, elementary and high school principal. He is currently principal of Fairfield Senior High School. Fairfield High School is north of Cincinnati, Ohio, and the enrollment is 1200 students.

## By The Editor's Wife

It's cold in Michigan, too. We spent a long week end (Friday to Tuesday) at the Burt Lake Cottage. For the whole time we had a crackling log fire in the fireplace, in addition to the oil heater.

The wind made waves of assorted sizes which dashed against the beach, sometimes drenching the wooden dock.

On Sunday we drove the few miles into Topinabee to the little white community church where we met village friends and listened to words of wisdom and inspiration from an elderly minister.

Toward sunset, on Monday, the lake was calm enough that we could take a boat ride and prove to our house guest that it is two miles across the lake from our cottage, and nine miles down-lake to Indian River.

Spring is later that far north, and the apple trees will soon be in bloom. The woods are full of large white trillium (Some have a dainty touch of pink).

One morning, looking over the road and across the meadow, we saw a lazy groundhog sunning himself on a large rock.

All in all, it was a good way to invest a few days. What are the dividends? Guess one might say it is relaxed tensions and new outlook.

Have you ever thought you might enjoy learning to weave cane chair seats? Watched a lady doing some caning recently and it looked fairly easy. Hope to do some of my own chairs one of these days. Mr. and Mrs. Darrell King have done all the refinishing and caning on their dining room chairs and they have some lovely pieces.

Had an unexpected gift of rhubarb sauce (which turned out to be from our own little patch). One day last week Billy Hardesty and little friend were picking dock from various spots in the backyard areas. Now,

## PRINCIPAL AT MENTONE

MR. TOLL

Mr. Toll, who is a native of Muncie, Indiana, is a graduate of Royerton High School and received a B.S. degree from Ball State Teachers College in 1950.

After graduation from Ball State he spent a year teaching in Van Wert County, Ohio, after which he spent three years in the U. S. Army. Upon leaving the Army he moved to North Webster, where he was employed as a teacher. During the nine years he has been employed at North Webster, he has served as teacher, counselor, assistant principal, and principal, having served as principal for the past two years. While at North Webster he received a Master of Science degree from Indiana University in 1961.

Mr. Toll has been active in professional organizations. He is a member of the Kosciusko County Classroom Teachers Association, the Indiana State Teachers Association, the National Education Association, and the National Association of Secondary School Principals.

In addition he has been active

in community affairs, the North Webster Lions Club, the Methodist Church, church choir, and Methodist Men's club.

Accompanying Mr. Toll in his move will be his wife, the former Miss Flonnie Beatty, of Muncie, two sons, Thomas and Ronald, and two daughters, Rebecca and Barbara.

Commencement  
Awards

Special awards were presented Monday evening at the graduation exercises. A Dalton Scholarship was presented to Dennis Fisher, and the War Mothers gave a Bible to Bonnie Hudson in recognition of three years of perfect attendance.

Chosen For  
Boys' State

Jim Whetstone, son of Mr. and Mrs. Bob Whetstone, has been selected for Boys' State. John Zolman is the alternate. These boys are sponsored by the Mentone Legion.

## NEWS NOTES

from our

## County Agent

DONALD E. FRANTZ

School will be out soon and boys will be on the tractors. They can do a lot of work and they get to be good operators pretty quick, but it is wise not to over-rate their ability. Tractors were not engineered for boys and many times they may be using all the strength and endurance that they have with very little margin for error.

No one certainly would intentionally send a boy into a spot where his life was in danger and sometimes just a little training and instructions can prevent just that. It is a good idea to be sure that the odds are on his side.

The Secretary of the State of Indiana has issued the certificate that completes the work of enlarging the Soil and Water Conservation District to include all of the county. The supervisors of the district remain the same as when the district was only seven townships. They are Loren Decker, Myron Metzger, Robert Norris, Leland Kinsey and Howard Workman. It is planned that associate supervisors will be added to represent the northern townships until the next annual meeting when elections will be held.

Farmers who own hay conditioners or can rent them are relatively sure of harvesting hay without rain damage by following weather forecasts, say Purdue University extension agronomists. Best time to cut hay is just after a cold front passes.

Hay crushers or crimpers enable farmers to cure in half the time normally required and obtain better quality because more of the leaves are saved. They can also harvest hay earlier, when it is in the best stage of growth for milk production.

U.S. Department of Agriculture research shows that early cut alfalfa pays dividends. Alfalfa hay cut in the initial bloom stage produced 6,194 pounds of milk an acre; in the one-half bloom stage 5,145 pounds and in full bloom 3,814 pounds.

Hay conditioners make it possible to harvest the first crop in early June; this gives the second and third crops more time to grow. But often a shortage of phosphate, potash and borax slow up growth. For this reason, alfalfa fields need a top dressing immediately after the first crop is cut.

Give your faded straw hat a new look — rub it with a cloth dampened in denatured alcohol, recommend Purdue University clothing specialists. Stiffen a tired straw with a light coat of clear shellac.

### Attends Conference

Pastor and Mrs. Irwin L. Olson of the First Baptist Church attended the 32nd annual Bible conference of the GARBC which was convened from May 13-17, at Omaha, Nebraska. Those accompanying them were Dr. and Mrs. Hugh T. Hall, pastor of the First Baptist Church of Elkhart.

The conference provided workshops and inspirational messages in keeping with the conference theme, "For Such A Time as This—This Know Also".

A conference report stated that 78 churches were received into the association this year. This is the largest number of churches received in any one year since the national organization's inception in 1932—and brings the total number of church in the GARBC to 1100.

The missionary committee report indicated that the total receipts of our five missionary agencies for the past year was \$4,237,445.00. The total number of missionaries represented by these agencies is 1136.

The educational committee report indicated that the total enrollment in our six approved

schools is 1767. The total value of their property is \$3,364,864.00.

### Beaver Dam Repair To Cost \$23,500

The School board in their regular meeting on Monday night let bids totaling \$23,500 for the repair of Beaver Dam. The bids were all let to low Bidders.

The firms that will do the work are Ireland and Baum of Akron who had the general bid in the following segments; Floor and ceiling at \$18,531. Romine Electric had low electric bid of \$997. Lowe Roofing of Warsaw will do the roof for \$400 and an Ohio firm will do the sandblasting and repair of the bricks.

The Beaver Dam School has been used for a Junior High this year and due to some fire inspection reports it was ordered repaired.

Refinishing furniture? Purdue University extension home furnishings specialists urge using a top quality finish, be sure it is fresh. Shellacs or varnishes that have been opened more than six months usually will not dry well.

Mr. and Mrs. Tom Harman and Charles Blankenship.

Mr. and Mrs. Tom Harman and children, Tim and Lisa, were dinner guests of the Kenneth Wagners on Sunday.

Wayne Irwin, 39, of Cardiff, California, died last week of brain cancer. Wayne has been ill for just a few months. He is the son of Mr. and Mrs. Max Irwin and a brother to Dale of Alwood. Mr. and Mrs. Irwin and Dale went to California for the funeral.

The senior students were recognized Sunday at the E.U.B. Church by Rev. Gubi and the congregation. Each senior was presented a Bible. They were Dennis Fisher (president of the class), Jerry Ryman, Kent Beson, Dan Campbell, Terry Bennett, Allen Creighton, Jeannette Byers, Diane Clingenpeel, Janet Swanson and Nancy Rhodes.

Russell Creighton will conduct the Thursday night prayer meeting at the E.U.B. Church. There will be a meeting of the Board of Christian Education.

Dallas Anglin is recovering from eye surgery. He is at the Memorial Hospital, South Bend, room 307.

and Faith Ellen 3 months, who will sail May 24th from New York City for a four year term as missionaries in East Pakistan.

Mr. and Mrs. Harry D. Goehring and family will sail from New York City on May 24th on the freighter Hellenic Spirits for their missionary post in East Pakistan. Their arrival date in Chittagong, East Pakistan will be the first part of July.

Mrs. Goehring is the former Nancy Goodman, daughter of Mrs. Mildred Goodman, of R. R., Mentone. Nancy met her husband while attending Bryan University, where she had one full year of schooling. Other courses at Grace Seminary and one year at the Summer Institute Linguistics at Grand Forks, North Dakota. She is a member of the First Baptist Church of Mentone.

Mr. Goehring is from Evans City, Pennsylvania and attended Michigan State University four years and from there to Bryan University to receive his B.S. degree. He obtained his B.D. degree at Grace Theological Seminary at Winona Lake. The past two years he has attended Summer Institute Linguistics at Grand Forks, North Dakota.

Harry is a member of the First Baptist Church in Evans City, Pennsylvania.

The Goehring's have spent the past year in deputation work in preparing themselves for the work in East Pakistan. They will be working with the Chittagong hill tract tribal people. Several tribes in this area do not have a written language, therefore are without the Bible. They plan to do translation evangelism which involves reducing the language to writing and translating the Bible into that language. There is a great need of teaching them to read their language. The primary purpose of their going is to make the gospel of the Lord Jesus to them in their own language.

The living conditions there are certainly not like ours in the states. Their home will be of tropical bamboo structure with a thatch roof. There will be no electricity, cooking and lights will be with kerosene. Their only transportation will be by boat on the river or foot to the nearest village approxi-

mately 30 miles, or 90 miles to Chittagong.

Careful planning, purchasing, labeling and packing has been done these past few months, as clothing has to be taken for the four year term for three growing children, and all other supplies of which one can not conceive of the needs for that long a period. Food supplies for two years are taken. The reason for only two years is they plan to learn to eat and use the source of food and their habits of that area.

The school facilities are not adequate, therefore Nancy will teach the children from the Calvert Home teaching system, which is fully accredited in the United States.

Nancy and Harry will be serving with ten other American missionaries, who are likewise serving from the Association of Baptist for World Evangelism. It is hoped that 19 other missionaries will join them later.

A time of fellowship and farewell was held for Harry, Nancy and family after prayer meeting on Thursday evening.

# You need a GAS DRYER!

## it's Faster!

No other dryer can match the speed of a Gas Clothes Dryer. It's the one that will dry your clothes as fast as your automatic washer washes them.

## it's Better!

Because a Gas Dryer dries faster, it is better for drying woolens . . . especially blankets. Towels come out fluffier, too. Remember, speedy drying gives clothes longer life.

## it's Cheaper!

You can dry your clothes for just about a penny a load with a Gas Clothes Dryer. This is only about one-fourth as much as it costs to operate other kinds of dryers.

Let us prove  
a GAS DRYER  
is the one  
for you!

## Surprise Mrs. Caldwell

The members of the Latin II class of Mentone High School surprised their teacher, Mrs. Florence Caldwell, Monday morning when they appeared in class with a beautiful mosaic top for the teacher's desk. They had secretly met at the home of John Loer last week and made the mosaic of green and white tile.

The members are Sherry Bryan, Toni Cleveland, Karen Harmon, Louise Cox, Judy Decker, Sandra Eckert, Arbutus Konkle, JoAnn Mollenhour, Sandra Nees, Lorna Tridle, Mike Ault, Kip Hammer, Mike Hubartt and John Loer.

The Latin room is well equipped with Roman articles now. Last year's Latin II class mosaiced a table which is stationary in the room. There are several large pictures that former students have painted. Also there are two cabinets with shelves of articles that former students have made.

# PIONEER'S Proved. Improved BABY PIG FEEDING PROGRAM Pigs on sows produce a TON of GAIN on a TON of PIONEER!

Pigs that get started right usually stay ahead — clear up to market! It takes only 5 lbs. of Pioneer Pig Tasties and 35 lbs. Pig Starter to push pigs on sows past 40 lbs. live weight. Start this year's pigs out RIGHT — on PIONEER!

## PIONEER PIG TASTIES PRE-STARTER FEED 5# PER PIG

Highly palatable . . . baby pigs love 'em . . . eat 'em by the time pigs are 7 days old! High in milk products . . . vitamins, proteins, and carbohydrates — all easily digestible in the baby pig's delicate digestive system.

A new feature of PIONEER Pig Tasties makes carbohydrates more completely available to the baby pig than ever before . . . more available energy means bigger pigs on less feed.

For the first time, scour causing bacteria (both gram-positive and gram-negative bacteria) can be controlled with NF-180 PLUS Terramycin in PIONEER Pig Tasties! One pound of PIONEER Pig Tasties produces one and two-thirds pounds of pork . . . at a time when the baby pig needs available nutrients, vitamins, and disease-fighting drugs.

## PIONEER PIG STARTER FEED 35# PER PIG

PIONEER Pig Starter produces healthy 40-pound pigs in less than eight weeks. Pioneer Pig Starter has been improved with special ingredients that make energy and carbohydrates even more available. Highly palatable, Pioneer Pig Starter performs under a vast range of field conditions. Contains 75 grams streptomycin and 15 grams penicillin . . . plus arsenic acid. We recommend Hygromycin in Pioneer Pig Starter to control worms during this most important time in the pig's life.

## D.A.R.

Mrs. Sherman Bybee was hostess to the May meeting of the Anthony Nigo Chapter of the Daughters of the American Revolution when Mrs. Rex Yazel was welcomed as a new junior member.

Mrs. Fred Surguy, regent, conducted the business session where plans were discussed to participate in a local "Let The Bells Ring" project. One of the principal features is to celebrate the Fourth of July by the spontaneous ringing of bells in every city and hamlet across the nation. This Week Magazine

has commented on the project as: "A great chorus of bells ringing across the land and heard by families at home, on the lake shore, in the mountains, wherever Americans gather on the Fourth. The sound will come as a thrilling reminder of what the Fourth of July stands for, challenging each of us to remember the heroic resolve formed by the men who pledged their lives, their fortunes and their sacred honor 187 years ago."

A report of the recent DAR district meeting in Peru revealed that the chapter had again received the Gold Honor

Roll Citation, highest award in DAR work. Also, the chapter program book for the year was awarded a national recognition. This program committee for the year was Mrs. Frank D. Smith, chairman, Mrs. Carl Meheny, Mrs. Edna Carey, Mrs. Glenn Clauss, Mrs. Wayne Smalley, the chapter entrant in the junior member contest, placed third in the state contest and will be introduced at the state conference of DAR in Indianapolis in October.

Mrs. Dale Cook, chapter chairman of national defense, announced that she had attended assembly at the Beaver Dam

School and presented Good Citizenship awards to four junior high school students, Rex Bowser, Mike Deardorf, Diane Sarker, and Kathy Boggs. Mrs. Cook in her monthly report to the chapter gave an account of "United Nations Fund Continues Aid To Reds", in which Representative Durward Hall (Mo.) commented that we Americans are paying, through United Nations Special Fund, to make communism work in such countries as Poland, which is communist. A recent announcement is that the fund plans to spend \$12 million aiding Castro's farm program and several in-

dignant Congressmen have gone deeper into its workings. Representative Hall stated that, "Our docile and unquestioning capitulation to every U.N. whim has indeed created an ironic 'second foreign policy' for the United States . . . a policy devoted to generously subsidizing the enemy. If we are really interested in 'containing' communism, or preventing its spread around the world, a most logical step would be the immediate cutting off of all U.S. contributions to the U.N. Special Fund". Mrs. Cook also suggested that all of the DAR members make themselves familiar with UNESCO, communism's trap for our youth, by Paul Harvey, radio commentator, author and newspaper columnist, in which he states that UNESCO poses a threat to our American youth by imposing international control of our curriculum by an international organization which does not embrace the American ideals, liberty and freedom.

A guest of the chapter, Mrs. Fred Schlemmer, of Bremen, state chairman of national defense, gave a report of the April continental congress of DAR in Washington D.C. She announced that the theme for the year 1963-64 would be "Be Strong And Of A Good Courage". This passage appears five times in the Old Testament of the Bible and the reference chosen is Deuteronomy, chapter XXXI, verse 6. Mrs. Schlemmer said that this selection should prove excellent motivation for forceful DAR programs within the next year in developing and furthering the national society's threefold objectives: historic preservation, promotion of education, and patriotic endeavor. She said that the theme means the development of an inner fortitude . . . a reservoir of faith . . . adequate to give strength when it is wavering. It means standing . . . though the standing at times may be alone . . . for the principles, ideals, and precepts which we believe . . . and know have made America great! Mrs. Schlemmer said that the national chairman of national defense said in her message to the continental congress that we should look backward to the good in the past and look forward to preserving that good. Freedom is not free. Our defense program is a positive one, dedicated to the preservation of our Republic and its Constitution. We propose to hold on to our country. It is "One Nation under God" not one nation under a one world government.

Chapter adjourned to meet in June at the home of Mrs. Glenn Clauss of Bourbon. During the social hour the hostesses served refreshments.

Mr. and Mrs. Howard Allen and girls have moved from Dora Taylor's apartment to the farm home of Frank Nellans.

Mrs. Fred Anderson of Winona Lake visited Monday evening with Mr. and Mrs. Melvin Cain.

Chevy II Nova 400 6-Passenger Station Wagon

**A Chevy II wagon looks this big when you load it up**

**and this big when you gas it up**

That, in the eyes of most Chevy II wagon owners, is just about the size of it.

A king-size appetite for cargo. But a dainty one for gas. And this, we hardly need add, is just the kind of wagon we planned it to be.

Taut and trim as it is on the outside, we went to great lengths to keep it BIG where a wagon should be BIG. The load platform extends a full nine feet from the back of the front seat to the tip of the lowered tailgate.

**AT YOUR CHEVROLET DEALER'S**

And for all the pepper we packed into that 6-cylinder engine (there's also a choice of an even thrifter 4 in most models), we were careful to keep it simple, easy to service—and a real stickler on economy.

Feel in a traveling mood? Well—happy coincidence—this is the time of year your Chevrolet dealer feels in his most generous trading mood. Looks like it's high time you two got together.

## Friendly Neighbors Have Guest Night

Mrs. Gerald Ballenger was hostess to the Friendly Neighbors Home Economic Club for their May guest night held recently.

An enjoyable evening was planned by the social committee, Mrs. Everett Beeson, Mrs. Harry Michaels, Mrs. Charles Eaton, Mrs. Max Hostetler and Mrs. Guido Shirey.

Everyone took part in a contest. Mrs. Allen Herendeen dis-

played slides and told about their vacation in Hawaii in February.

A dessert smorgasbord was served from a beautifully decorated table centered with a straw hat filled with spring flowers.

## Angus Ass'n. Meeting

The executive board of the Kosciusko County Angus Association met at the home of William Langhor, Pierceton. The minutes of the last meeting were read by the secretary, Mrs. Rich-

ard Norris, Claypool. They discussed ways to promote activities in the association and the following committees were appointed by the president:

Awards, Emery Pyle, Claypool, chairman, Dail Barber, means, Maurice Scott, Pierceton, Mrs. Richard Norris; ways and chairman, Bob Martin, Luther Vance; publicity, Mrs. Herbert McCleary, chairman, Mrs. William Langohr, Mrs. Richard Norris; fair, Dorris Harrold, Akron, chairman, Gerald Ballanger, W. J. McCleary; membership, Max Nellans, Mentone, chairman, Mrs. Luther Vance, Mrs. Maurice Scott; program chairman, July meeting, Leon Tucker; October meeting, Luther Vance; March meeting, Richard Norris.

Plans were discussed relative to the heifer show at the county fair. The meeting closed with refreshments served by the hosts.

All Angus breeders are urged to become a member of this group as various interesting programs are being planned for the coming year.

## Course Completed

Airman Second Class Arthur Brallier Jr., of Warsaw, has completed the U.S. Air Force technical training course for radio equipment repairman.

Brallier was trained in electronic principles, circuit analysis, service and inspection of high powered radio transmitters and receivers and related ground radio equipment. He is being assigned to a permanent base for duty in his new technical specialty.

The airman, son of Mr. and Mrs. Arthur Brallier Sr., of R. R. 3, Warsaw, is a graduate of Warsaw High School.

His wife, Maxine, is the daughter of Mrs. Dale Zerber, of 413 S. High St., Warsaw.

## Methodist Church Bible School

The Methodist Church of Mentone will conduct a Daily Vacation Church School beginning Monday, May 27th, through June 7th. The school will be for those who are four through twelve years of age.

The themes are: Kindergarten, "Friends Far and Near"; Primary, "Friends From Many Lands"; and Junior, "Meet Your Neighbors". There will also be a course for sixth and seventh graders and the theme is: "The Story and Work of the Methodist Church". The children will also enjoy Bible stories, songs, games, and other activities.

The school will consist of nine sessions. The hours of meeting will be 8:30 a.m. to 11:00 a.m., Monday through Friday.

## Salvation Army Week

The Salvation Army's tradition of service to the homeless, the hungry, the sick and the troubled in our country dates from 1921. While the Army uses modern facilities, procedures and equipment to help the less fortunate, its service is based on an old and time tested conviction — that man serves God by serving his fellow man.

While the Salvation Army continually adapts its programs of service to fit the changing needs of our county, its most important tool in combating the hopelessness of the aged, the hostility of the neglected youngster and the agony of the alcoholic is an ancient and eternal one — love and patient understanding.

This is Salvation Army Week. We acknowledge with gratitude the continuing service that the Salvation Army renders to our community "With Heart to God and Hand to Man". We salute this effective Army of God with its tradition of compassionate service. Each year your one annual contribution to United Fund of Kosciusko County helps support the Salvation Army and twelve other worthwhile community services.

Mrs. James Mentzer and daughter, Mary Ann, were guests Tuesday of Mrs. Anna Mentzer and Annabel. Mary Ann was overnight guest while Mrs. Mentzer visited her parents at Warren, Indiana.

## COUNTERPOINT, Continued

very few 5-year-olds know where the dock stops and the rhubarb begins, and Billy was no exception. Alice spotted the picked rhubarb and cooked it and brought it and Billy over to explain the situation. Such is the beginning of wisdom, and respect for the property of another.

Special congratulations to Dixie Secrist (Mrs. Ronnie) for finding time to go back to high school and graduate this spring, in addition to caring for two small daughters, a home, and a husband.

We enjoyed this:

In a children's hospital, a nurse asked a new four-year-old patient, "Have you ever had measles or chickenpox?" "No," said the youngster, helpfully, "but I've had Rice Krunchies!"

## Beaver Dam Faculty And Families Meet

Mr. and Mrs. Charles Adams were hosts at a cook out supper at their home on Wednesday evening. Their guests were members of the Beaver Dam School faculty and their families. A hamburger fry was enjoyed, as well as games of ping pong, croquet and baseball.

Those present were Mr. and Mrs. Al Price and Pat, Mr. and Mrs. Phil Denhart and sons, Mr. and Mrs. Richard Garst and daughter, Mrs. Glen Webster, Virginia Leiminger and Mary Beth, Mr. and Mrs. Robert Mendenhall and son, Mr. and Mrs. Fred Haney, Mr. and Mrs. Oliver England and son, Mr. and Mrs. Bill Davis and family, Mr. and Mrs. Earl Butts, Alma Tucker, Mr. and Mrs. Edward Bucher, Mr. and Mrs. Jim White and daughter, Mr. and Mrs. Adams and daughters, Diana, Linda and Nancy.

## MOTHER'S TEA

Mrs. Buck's room of first graders wrote special invitations to their mothers inviting them to an afternoon party last Friday. They also made favors for each mother.

Mrs. Allen Herendeen, the story lady, told three different stories, using visual aids, which were all about pennies. The mothers on the party committee had made red merit badges, all centered with a penny, and each first grader wore a badge.

Refreshments of punch and cookies were served to the mothers, small brothers and sisters, and Mrs. Buck and her class.

We might add that other grades were also enjoying spring parties on this same afternoon, in spite of all the rain coming down!

Conda Walburn returned to his home Monday after being in the Parkview Hospital in Fort Wayne.

## DEAN'S LIST

Doyle H. Baum, son of Mrs. Trella Baum, Warsaw, has been named to the Dean's List at Indiana Tech for compiling grade averages of 3.0 (B) or better last term. Doyle is a Junior in the Civil Engineering department and is a graduate of Mentone High School.

Mr. and Mrs. Artley Cullum and Mrs. Edna Miller of Bourbon spent from Friday until Tuesday at Burt Lake, Michigan.

Timmy and Lisa Harman spent Saturday evening with Grandma and Grandpa Harman of Millwood, while their parents attended the Etna Green alumni banquet.

## GETTING THE MOST FROM YOUR GARDEN

by Dr. W. A. Liddell  
Director of Information, Asgrow Seed Company

## PERENNIALS, FOR A LABOR SAVING GARDEN

Garden plants fall into three groups, according to their habit of growth: annuals, biennials, and perennials. Annuals complete their life cycle, from seed to seed in one season. Biennials take two seasons, and perennials may endure for several growing seasons, some of them indefinitely. The roots of perennial plants survive the winter, in areas where they are climatically adapted, even if the tops die back. Some clumps of perennials will last a lifetime, but usually it is best to lift and divide them every three or four years, or whenever they show signs of weakness. For many perennials, early spring is the best time to do this, for others, like iris, peonies, and spring-flowering bulbs, the best time is shortly after blooming.

Perennials are grown in groups. Some perennials are started from cuttings, and, since you want seed, others from root cuttings or them to remain in the same place divisions, which you can buy for a long time, the soil should be bulbs or tubers from a nursery, or well prepared for them: smooth, "acquire" from a neighbor when well-drained, and well supplied he divides an old clump, with plant nutrients and humus.

## Junior Leaders Meet

The Kosciusko County Junior Leader Organization met May 13 at 7:30 at the Women's Building. For the program, Susan Long of North Webster and Mary Lou Horn of Beaver Dam presented talks about their recent trip to the district junior leader session. After their talks they divided the group into smaller groups to discuss different controversial questions on the topic of citizenship and youth.

The meeting was opened by the president, Sally Albert. Barbara Boggs and Buni Barber led the pledges to the American and 4-H flags. The secretary and treasurer's reports were given by Mareda Summers, and Karen Ringgenberg led the group in singing.

The president then appointed chairmen to a few committees concerning the reference library which was carried over from last meeting. Jack Hart reminded them of some summer dates such as May 24, final enrollment date for members; June 11-14, Purdue Round Up; June 20-23, District Junior Leader training camp; June 25-28, 4-H camp.

Meeting was adjourned after the discussion.

## Jolly Janes Meet

The Jolly Jane Home Ec. Club held their May meeting with Mrs. Morris Bitzer. It was a hard time party with several of the girls in very unusual ensembles which made the evening a lot of fun.

Kathrine Peffley read "Danger from Within", by president Eisenhower for meditation.

Alice Hardesty gave a health and safety report on cancer. The lesson "Kinds of Hard Floor Covering" was given by Martha Ellsworth. It was a most interesting lesson. She also had samples of different kinds of tile for us to examine. Club trip was discussed and plans for guest night were made. The group took part in the 1963 health mental survey questionnaire. A report on luncheon was given by the president. The

meeting was closed with club prayer song and club collect. Delightful refreshments were served from foil pie pans with hobo packs as nut cups, to Mesdames Jim Miller, Ora Carmean, John Ellsworth, Jim Romine, Raymond Lewis, Kenneth Romine, Wayne Bowser, Delford Nelson, Frank Hardesty, Harold Utter, Max Friesner, Russell Eber, Stanley Yeiser, Bernard Cole, Loren Tridle, Dwight Reichard, Albert Hatfield, two guests, Mrs. Wayne Baker and Mrs. Tom Harman, by hostesses Mabel Bitzer and Joan Welch. Door prize was won by Mrs. Wayne Bowser.

## LOCALS

Mr. and Mrs. Raymond Schooley of Elkhart called at the home of Mrs. Schooley's brother, Mr. and Mrs. L. Wayne Kelley, on Sunday.

Mr. and Mrs. J. E. Nelson of Lake Crystal, Minnesota were the guests of Pastor and Mrs. Irwin Olson this week. The Nelsons, who are Mrs. Olson's parents, came to be present for the graduation of Steve Olson on Monday evening.

## CALENDAR

Cub Scout Pack picnic, Saturday evening, 6:30, at the City Park. Each family is to bring their own wieners and buns and table service.

## WITH GIDEONS

Zanna Hammer was among 12 men from Indiana who journeyed to Kentucky last Sunday and Monday. They serviced schools, grades 5 through 12, presenting students with Gideon Bibles.

## CORRECTION

In last week's News it was stated that Cheryl Horn was a candidate for the Mermaid Festival. It should read: Vivian Hurst and Betty Bibler were the other candidates.

## Seeds of Sportsmanship?

The moral fibre of a community is similar to and as important as that of an individual. The atmosphere of a community is the sum total of all the individuals of the community, and the total is found by adding together many years of activity. Ten years from now our community will be just exactly what we are making it today.

Too often the unfortunate happenings of today are the direct result of what was done during the many years just passed.

What are we sowing today? Will our community be a better one, or - - ?

I'm not familiar with the working arrangements of the Little League, and lest anyone assume I'm speaking against any procedure, I'm glad I do not know the facts. It has never been my policy to speak against any individual, but as an editor interested in the future of my community, I trust I will always keep the welfare of the community foremost in my mind.

Little League has one primary purpose — teaching our youth the fundamentals of sportsmanship so that when they grow into manhood and assume positions of responsibility in our community, they will always be sportsmen — determined to be always fair and considerate of their neighbors, friends and business associates. Dishonesty will never plague a man who is a true sportsman; neither will he be tempted to seek unfair means of attaining a selfish advantage.

Our boys are still sportsmen and will remain so unless we grownups corrupt them by disregarding the true meaning of sportsmanship. Each of our boys is entitled to the same privileges, and they will be perfectly satisfied to be on a team selected by blind drawing, which is the only fair means of selecting the teams.

No father who is a sportsman would want to manage a team which has one or more of his sons on the roster. And no father is a true sportsman who would not do his best to beat the other team even though his son might be on the contending team.

The real issues of life grow from tiny seeds. What are we planting today?

## Lucky Return

While on the senior trip Mrs. John Frederick purchased a dress in Washington, D. C. All was well as they boarded the B & O train for their journey homeward. However, at Fostoria, Ohio the group had to transfer from the B & O to the Nickle Plate Railroad. What a mad scramble it was and Mrs. Frederick, assisting the senior girls with all their belongings, failed to pick up her new dress, not making the discovery until they were well on their way home.

Reaching home the Nickle Plate agent was contacted and he in turn relayed the message to the B & O agent and through every efficient worker on the railways, Mrs. Frederick received her dress on Tuesday morning.

Junior Band  
Have Picnic

After school was out on Thursday of last week, approximately 40 junior band students and their director, Mr. Kenneth Bush, enjoyed a wiener roast at Rock Lake. They then spent the rest of the afternoon roller skating. Mrs. R. Smith, Mrs. A. Orcutt, Mrs. W. Bowser, Mrs. R. Lewis, Mrs. H. Chamberlin and Mr. Bush provided transportation for the group.

TO ATTEND SUMMER  
SCHOOL

Paul Rush will begin work towards his Master's degree this summer. Classes for him will begin June 17 at Valparaiso University.

## NEW ATTRACTION

From our News office we can look across the street to Frank's Manufacturing Company building and see their new green flower tubs containing bright red geraniums. We like this idea and hope more business establishments will follow suit — not necessarily the same kind of planters, but some type of flower or shrub containers to help dress up main street!

## APPLY FOR LICENSE

Larry Allen Teel, 21, of Mentone, and Juanita Louise Hobbs, 21, of Warsaw, have applied for a marriage license in the office of County Clerk, T. Ethna Scott.

Miss Thais Greulach called on Mr. and Mrs. A. J. Nelson Sunday afternoon.

## COUNTERPOINT

## By The Editor's Wife

If your young son or daughter begins asking you to stop and pick up the stray beer cans along the highway, don't be surprised. We understand that these new aluminum cans are worth 1c each for salvage.

Each Memorial Day more poignantly serves to remind me of the many lost opportunities for expressing love and appreciation for my fellow men. Do you have the same feelings of loss and regret? How about "taking our hearts out of deep-freeze" and expressing warm and sincere thoughts of appreciation to those around us? Next Memorial Day then may bring much pleasanter memories for all of us.

How do these items sound to you?

Lawns which have to be mowed once a year; clothing which never wears out; homes built entirely of fireproof, termit-resistant plastics; typewriter-sized oil burners; gas-turbine engines and fuel cells to replace internal combustion engines; electronic "stethoscopes" to diagnose engine flaws; safer and longer-lasting tires; highways that will be non-skid, flexible, and nearly indestructible; edible foods produced from petroleum. These are near-realistic, so watch for them!

Isn't it true that few of us can remember too much about the furnishings of our childhood homes, but can remember in detail, the patterns of wallpaper in various rooms? Weren't some of them garish? Fondly, I recall a bedroom which had small pink roses and dainty blue scrolls on a white background. In the dining room at an uncle's home, there were huge clusters of luscious purple grapes. Even today, when we use very little wallpaper in our own home, I could spend enjoyable hours looking through wallpaper sample books.

Here are three simple driving rules, especially for town or city driving, which may save your life.

1. Always keep your foot over the brake when you approach an intersection.
2. Pull your car far enough into the intersection at stop

## Help With Farm Work

Friends and neighbors of John Shirey came in and did the spring farming, as he was recovering from a leg being broken. Those helping were: Kenneth Mollenhour, Lester Kindig, Fred Sarguy, Raymond Ross, Ray Eckert, Duane Eckert, Paul Huff, Emery Davis, Roy Haney, Herschel Grubbs, Joe Montel, Joe Stickler, Merlyn Holt, Bob Wagner, Floyd Blackwell, Roy Wiltrout and Everett Welborn.

The wives of the men furnished food and prepared the noon meal.

## LEAVES HALES &amp; HUNTER

Mr. Don Thayer, district manager for Hales and Hunter, left this week to assume a new managerial job which will take him and his wife to Buenos Aires, Argentina.

## WITH THE SICK

Mrs. Bernard Peters has been admitted to the Murphy Medical Center in Warsaw.

Randy Hardesty, 7 year old son of Mr. and Mrs. Frank Hardesty, has been dismissed from the Woodlawn Hospital in Rochester. He was there overnight for x-rays.

Mrs. Brooks Black of R. R. Akron has been admitted to the Wabash hospital.

## CALENDAR

Mentone O.E.S. called meeting on Friday, May 31 at 7:45. Initiation.

Mrs. Don Smith of Chicago visited Mr. and Mrs. M. O. Smith over the week end.

## Cub Scout Picnic

Both dens of Cub Scouts, of their parents and families, plus prospective Cubs and their parents, enjoyed a wiener roast and picnic at the City Park Saturday evening. A large group was present for this monthly pack meeting.

The Cubs and their sisters participated in a three-legged sack race, and two sisters of a couple of Cubs won the race — much to the chagrin of every boy racer! A tug of war was played, with both sides of boys and girls really working up a good appetite. After a very filling supper, Cubmaster Walter Kelley presided over a short business meeting. New Cubs were welcomed and new Den Mothers were signed up. The remainder of the evening was spent with the children playing and the mothers visiting, and the fathers becoming involved in a game of horseshoes. The next pack meeting will be held the last Saturday evening in June.

## BIRTHS

Sp. 4 and Mrs. Thomas A. Smith, of Germany, are the parents of a son, Timothy Allan, born May 27 in Pirmasens, Germany, where Sp. 4 Smith is serving with the armed forces. Paternal grandparents are Mr. and Mrs. Arthur E. Smith, of Route 4, Warsaw. Mr. and Mrs. Monroe Romine, of Mentone, are the maternal grandparents.

Mr. and Mrs. Max Johnson, of near Burket, are the parents of an 8 pound 9 ounce son, Michael Lenn, born May 22 in the Bremen hospital. Mrs. Johnson is the former Judy Aylor of Warsaw. The maternal grandparents are Mr. and Mrs. Fred Aylor of Route 5, Warsaw.

## Clean Car Upholstery

Spring showers bring flowers, but they also bring mud — mud that is often wiped on the seat of the family car.

But don't despair, that upholstery usually can be cleaned as good as new, encourages Elkin Minter, Purdue University home management specialist.

Plastic or leather coverings need only to be wiped with soapy water, rinsed and dried. You also can use detergent and water safely to clean pile upholstery fabrics, if you observe simple precautions.

First, remove the loose dirt with a whisk broom or vacuum cleaner. Then, work up a frothy suds (not watery) of a neutral non-alkaline detergent in lukewarm water.

Rubbing with the pile, apply the suds in moderate amounts with a damp sponge, cloth or soft brush. Remove suds with a clean damp cloth or sponge. Wipe the surface several times with a dry cloth. While the upholstery is still damp, brush it with a whisk broom or medium stiff brush.

Open the car windows and doors to allow air to circulate freely over the damp upholstery. After the fabric dries, brush it again, to raise the pile.

## With Love On Mother's Day

DATED — MOTHER'S day—

When your child asks "What do you want for Mother's Day?" it's your cue, mother, to set the atmosphere for the day's activities, and your child's attitude toward the celebration, points out Elaine T. Dolch, Purdue University extension family life specialist.

You can suggest an expensive, glamorous gift that may be beyond your family's means — or you can emphasize a gift

especially made for you by your child, or an activity that you especially enjoy with your children.

Mother might answer, "For Mother's Day, I would like a whole day of working and playing together — without arguments or unpleasant scenes. A day the whole family does kind and thoughtful things for each other." This type of honoring mother emphasizes the spirit of Mother's Day.

Gifts, as tokens of affection, needn't be large or expensive. Mothers have a special appreciation of gifts crafted lovingly and laboriously by small hands. They also have a high regard for frivolous gifts purchased from a small allowance. They are especially fond of gifts of labor, such as a day free of cooking meals, or a week's ironing or dish washing.

Whatever the gift, or even without a gift, let the day be one of family sharing and affection. Expressing love in an affectionate mother-child relationship is the most important purpose of the day.

## Furniture Refinishing

Refinishing may save one of your favorite pieces of furniture from the junk heap or transform an attic "find" into a treasure.

You can glamorize your wooden furniture with an antique or pickled finish for a special effect.

To help you restore your furniture into useful and decorative pieces, home furnishings specialists at Purdue University outline detailed instructions in a circular.

In addition to listing necessary supplies, they offer suggestions for selecting a commercial finish remover, reconditioning old wood and changing color of the wood with various stains.

### CELEBRATES 6th BIRTHDAY

## STOCKHOLDERS MEETING

**INVESTOR-OWNERS** of Indiana's 5 electric companies would fill Yankee Stadium twice . . . with standing room only! 149,000 farmers, firemen and physicians . . . wives, widows and wallpaper hangers . . . teachers, technicians and truckers . . . *people*, just like you and your neighbors, own Indiana's 5 electric companies.

**INVESTOR-OWNERS** have more than 1½ billion dollars invested in Indiana's facilities —\$336 for every man, woman and child in Indiana. Why so much money? Since enough electricity can't be "stored" for use as needed, it is the *maximum* need that dictates the amount of generating capacity required, not the average need.

## Cartons Keep Frozen Foods

Allowing frozen foods to warm up while you defrost the refrigerator can damage the quality of the food. But simply placing the foods in a corrugated cardboard carton can prevent this damage, says Elkin Minter, Purdue University home management specialist.

She quotes tests by the U.S. Department of Agriculture showing the temperature of foods placed in a covered cardboard carton rose an average of only 3.5 degrees—while food packages wrapped in newspapers rose more than five degrees and unwrapped packages stacked on a table rose more than seven degrees. The temperature of frozen foods left in the ice cube compartment during defrosting rose the most, more than eight degrees.

Shortening the time frozen foods are kept out of the refrigerator will protect their quality, too.

To speed the defrosting time, she offers these tips:

Set a fan to blow warm air into the freezing compartment. Scrape the sides of the freezer with a rubber spatula, but don't use any kind of sharp scraper—it may damage the refrigerant pipes or lining of the case.

Put a shallow baking pan full of hot water into the freezing compartment to speed defrosting. But don't put hot water in the ice cube trays, cautions the specialist. Hot water removes the tray finish, causing the tray to stick to the shelf.

Classes will be held Monday through Friday, June 3 to 14, starting at 9 a.m. to 11:30, with refreshment break at the school house. Closing program will be held June 16 at 8 p.m. at the Tippecanoe Community Church. Rev. Donald Dugan will be director. Prizes will be given for best float and best costume in primary and junior age groups. Teachers will be nursery, 1 and 2, Mrs. Sara Kauffman and Mrs. Deloris Grossman; beginner, 1 and 2, Mrs. Nancy Kreft and Mrs. Neva Grossman; primary, 1 and 2, Mrs. Patsy Kreft and Mrs. Sarah Blackford; juniors, Mrs. Donna Blackford; young teens, Mrs. Shirley Dugan; high school, Rev. Don Dugan. Any child from age three through high school is welcome to attend. Transportation furnished for those needing it. Drivers are needed as well as donations of cookies, kool aid and sugar for refreshments.

### Mentone Church of Christ

The Church of Christ of Mentone will conduct a Vacation Bible School beginning June 3rd through June 7th. It will be directed by Dale Kelley in the absence of the minister. The theme this year is "Living For Jesus". There will be classes for all ages, beginning at 9:30 a.m. to 11 a.m., each day. Everyone is welcome to attend.

### Mentone Methodist

Vacation Bible School began Monday morning at the Mentone Methodist Church with classes for grades kindergarten through the seventh grade.

A nursery is provided for the

children of helpers. There were 75 children on Monday and 83 on Tuesday. Children may enter anytime to study the general theme, "Widening Our World Relationships". Classes are held each morning from 8:30 to 11:00.

### Mentone Baptist

"Traveling God's Highway" will be the theme of the 1963 Vacation Bible School which will open on Monday, June 3 at the First Baptist Church in Mentone. Classes will be held daily from 9 to 11:30 a.m. through Friday, June 14.

A staff of 20 consecrated workers will use Scripture Press' closely graded, Christ centered lesson materials in presenting interesting and evangelical lessons teaching God's word. There will be singing, Bible stories, flannel graph lessons, thrilling handcraft projects and games geared to each age level.

The lesson topics for the five departments are nursery, "Loving and Pleasing Jesus"; beginners, "Learning God's Way"; primary, "Bible Boats"; junior, "The Christians Walk and Talk"; junior high, "Parables Jesus Told".

Children from three years old through junior high age are invited to attend. Transportation will be furnished for rural pupils who would like to attend. Call EL 3-3285 or EL 3-2545.

### Lova Bush Guest Speaker

The Be - About Missionary group met at the home of Mrs. Everett Besson on Monday evening for the May meeting.

Mrs. Brad Moore read II Peter, chapter one for devotions, giving several important points that God has provided and promised.

## Bridal Shower For Miss Lynch

Miss Dianne Silveous of Silver Lake gave a bridal shower for Janice Lynch, who is to be married June 1.

The gift table was placed in front of a blue covered screen, decorated with an umbrella and rain drops.

Those attending were Miss Madonna Nellans, Mrs. Frances Mellott, Mrs. Bob Griffis, Linda Mellott, Mrs. Dennis Zartman, Mrs. Wayne Lynch, Ann Tucker, Mrs. Linnie Feldman, Mary Louise Silveous, Peggy, Mrs. Pat Goshert, Mrs. Max Hay.

Those unable to attend were Miss Judy Lynch, Iona Henderson, Arlys Thompson, Cynthia Nichols, Mrs. Deverl Jamison.

## Mentone Harrison Hustlers

The May meeting of the Mentone Harrison Hustlers 4-H Club was called to order on May 21 by the president, Gale Nellans.

The American and 4-H flag pledges were led by Connie Ault and Jerry Gross. Butch Teel read Psalm 19 for devotions. The club was led in group singing by Miles Nellans.

It was announced that the Kosciusko County 4-H camp would be held June 25-28. It was also announced that Sonny Nellans would be the delegate to the 4-H Round-Up at Purdue.

Gale Nellans, Dave Norris and Larry Eiler informed the members about the new State 4-H Center which is being built and paid for by the Indiana 4-H Club members. It is located at the old Ross Engineering camp 13 miles southwest of Lafayette.

In this county each club is responsible for \$1.00 per member for this project. They decided to have a car wash on June 8 at the N.I.C.A. station to raise the needed \$50.00.

Larry Eiler gave an interesting talk and demonstration on the 4-H photographic project. He emphasized how a club member can grow in knowledge and experience in photography if they remain in the project long enough.

They were then divided into project groups for help and instruction by the leaders. The meeting was adjourned after recreation and refreshments.

## ENJOYS BIRTHDAY PARTY

Bruce Leslie was guest of honor at a birthday party last Saturday afternoon. Sack races and baseball were played. Refreshments of cake, ice cream and chocolate milk were served to Brant Nellans, Dale and John Hart, Dewayne Igo, Darrell Miller, and Timmy Harman.

Guest editorial  
"JUSTICE DOUGLAS  
IS DISTURBED"

Supreme Court Justice William O. Douglas is disturbed over the current trend of thinking of the American people. It appears that what particularly disturbs him is their present general trend toward conservatism and away from the liberalism, which, understandably, is very bad, in the eyes of an ultra-liberal like Justice Douglas.

However, what has caused Justice Douglas the greatest of displeasure is the current teaching of Americanism and communism in the schools.

But what about communism? Justice Douglas said that teaching about communism is "becoming a fad", and that teachers are unkind to Communists and communism. This, incidentally, is a charge that could not be brought against Justice Douglas, for, according to his own analysis and appraisals of communism:

"A Communist regime is not all black, while we are all white. Is there enough courage and independence left to disclose what features of the Soviet system are not evil?"

To which we would reply, that as the Soviet promise to "bury" us, and to destroy all free governments like ours "by force and violence", we cannot go along with Justice Douglas that there is anything about communism that is not evil.

To which we would add that (despite all of Justice Douglas'

opinion to the contrary) no Americans need have any qualms about being anti-communists—not even in the classroom.

Fort Wayne News Sentinel, May 3, 1963.

We enjoyed this: One three-year-old's explanation for being on top of a ladder eating cookies that had been placed out of reach: "I just climbed up to smell them and my tooth got caught."
