# Missionary Group Meets

The "Be About" Missionary Group met at the home of Mrs. Glen McGinnis on Monday evening, September 28th.

The meeting opened with group singing. Mrs. Kenneth Romine gave devotions reading from II Corinthians Chapter 27. Mrs. E. C. Ralston, of Winona

Lake, was then introduced and gave a very interesting talk on their work among the migrant labor camps.

The remainder of the evening was spent rolling tract bombs for the Ralstons. Mrs. McGinnis served delicious refreshments to the twelve members present.

It's P. T. A.  
Time Again

"Mother, are you and Daddy P. T. A. members?" The answer to this question may mean the difference between a good, well adjusted student and one whose attitude is, "As long as I get by, who cares?" We parents must take the time and effort that is required to let our children know that we are concerned with their education. By being an active P. T. A. member they can see for themselves that we are interested in them. Enthusiasm is catching—we pass our "interest" or "lack of interest" on to our children without realizing it.

We've seen that, by working together, parents and teachers can influence legislatures, and school boards, they can fight against corruption and discrimination, aid future teachers, improve the course of study, set up health programs, and work for the improvement of international relations. Out of natural love for the child comes a partnership which has the power to develop responsible citizens capable of carrying out the tasks demanded of them.

Our school interests were well represented at the recent meeting in Warsaw concerning the new school reorganization act.

Mr. John Fredericks, Mentone principal, is going to discuss this act and answer questions about it at our next P. T. A. meeting, October 14, Wednesday night, at 7:30 p. m. This act is of vital importance to our community and "now" is the time to "have our say."

The main speaker for the evening is Mrs. Sam Merley, Gilead, a teacher in the Peru schools. In June of 1958 she was a guest of the warden at Alcatraz. Her talk will be both entertaining and educational. She asks that the children be invited to hear her also. So we're making this a family night this month. School students are especially invited to attend.

October is Membership Drive month. Each student has received material to take home concerning this. The grades in school are having a contest to see which grade can get the most membership by October 14. The results of the contest will be announced at the meeting.

This month the 5th and 6th grades will take part in the meeting and there will be several Band members present to show us the new band uniforms. There are some community calendars left and these may be purchased if desired, from the Band Students. Calendars are being distributed in the community by the band parents

BROTHER DIES  
AT OSCEOLA

Victor C. Darr, 69, brother of Otis Darr of Mentone, died at St. Joseph's hospital in So. Bend Saturday. He had been in ill health for the past six years. He lived in Osceola.

The deceased was born in Syracuse and had lived in Osceola the past 26 years. He married Sadie March in Mishawaka Jan. 17, 1911.

Mr. Darr was a millright at the Ball-Band plant from 1929 to 1951 and started a poultry business at his home while working there.

Surviving in addition to the brother at Mentone are his widow; one son, Victor Neal Darr of Osceola; a daughter, Mrs. Delbert Schlarb of Wakarusa; nine grandchildren; two other brothers, Jesse Darr of Syracuse, and Thomas Darr of Miami, Fla.

Mrs. Emma Cook, Mrs. Elizabeth Simcoe and Mrs. Dessie Cramble are cousins to Mr. Darr.

Funeral services were held at two o'clock Tuesday afternoon at the Bubbs Chapel, So. Bend.

MEETING OF  
SCHOOL CUSTODIANS

The Kosciusko County School Custodians met at the Mentone school, Monday, with 20 custodians, 15 trustees, Supt. Lewis Immel of Syracuse, County Superintendent Glen Whitehead in attendance. Alton Kissinger, Lawrence Butts and H. Earl Boggs were in the entertainment committee.

Mr. Boggs gave the address of welcome and invocation was given by Ralph Burris. The Mentone school band played 4 numbers, Kathy Boggs, accompanied by Janice Davis, sang two songs. Janice Mollenhour gave a piano solo, and the triple trio gave a number.

Mr. Whitehead introduced the trustees who in turn introduced their custodians. Verlin Crooke, Visual Aids director, showed a number of films, after which all were taken on a tour of the Mentone school. After lunch in the cafeteria, the regular meeting of the Board of Education was held while Principal Frederick entertained the custodians.

group at the present time.

The Mentone Parent-Teacher Organization needs each one of you as an active member. This we know to be true. However, this we know too, "You" need the Parent-Teacher Organization. Your support means achievement.

Remember—October 14, 1959, 7:30 p. m. in Music Room—at the Mentone School.

Ed Dunnuck  
Dies Friday

Ed Dunnuck, 90, a lifetime resident of this area, died of complications at his home on Friday. He had been seriously ill for the past three weeks, but in ill health for several years.

The deceased was born Oct. 26, 1868 in this county, the son of Isaac and Catherine (Hankinson) Dunnuck. He would have been 91 years old Oct. 26.

April 12, 1900 he was married to Alice Wheeler, who survives. Mr. Dunnuck was a member of the Harrison Center EUB church.

Surviving in addition to the widow are two sons, Donald of Bourbon and Maurice of near Etna Green; a daughter, Mrs. Marie Coleman of Mentone; 10 grandchildren, and 23 great-grandchildren.

Funeral services were held at 2:30 Sunday afternoon at the Johns funeral home, Rev. John Jones officiating. Burial was in the Harrison Center cemetery.

DR. URSCHEL IS  
CONVENTION SPEAKER

Dr. Dan Urschel was one of the speakers in the Instructional Courses at the annual meeting of the Indiana State Medical Association which was held at Indianapolis this week. Dr. Urschel spoke on Wednesday morning, his subject being "Cardiac and Non-Cardiac Chest Pain."

## FIRST DAUGHTER

Mr. and Mrs. Ronald Secrist are the parents of a daughter, Robin Ann, born Tuesday at the Murphy Medical Center. She weighed six pounds one ounce. Grandparents are Mr. and Mrs. Glenn Secrist of Mentone and Mr. and Mrs. Mort Spruer of White Pigeon, Mich.

PICTURE PROOFS  
HERE SATURDAY

A note from the Woltz Studios of Des Moines, Iowa states that they will have a representative in Mentone Saturday, Oct. 10, from 9:00 to 10:30 a. m. with proofs of the children's pictures taken recently.

## CALENDAR

W. S. C. S. will meet at the home of Mrs. Charles Manwaring on October 15th at 7:45.

Jolly Janes meet on Monday evening, Oct. 12, with Mrs. Delord Nelson, Halloween party.

DEALER MEETING  
AT MANWARINGS

Manwaring Leghorn Farms, Inc., held a Dealer Meeting and Barbecue Tuesday, October 2nd at their new hatchery. Hube Burtner, Kimber Farms, Niles, California, attended along with a fine group of dealers. Mr. John Elhart, Manwaring Michigan Sales Representative, and Gerald Kleinheksel, manager of Manwaring Leghorn Farms, Inc. Branch Hatchery, Holland, Michigan, attended the sales meeting.

UNITED DRIVE  
THIS MONTH

Don Browne, publicity chairman of the 1959 United Fund drive in Kosciusko county, announces that the budget for the drive is \$76,445, which includes a budget of \$9,200 as a disaster fund to aid those charitable units that may require additional funds in the future.

The budget lists varying sums for the following 13 Kosciusko county units: American Red Cross, Boy Scouts of America, Girl Scouts Council, Lakeland Humane Association, Mental Health Association, Muscular Dystrophy, National Travelers' Aid Society, Retarded Childrens School, Salvation Army, Children's Speech and Hearing Clinic, USO, Senior Citizens Council, and Syracuse Camp Fire Girls who are not in the Girl Scout council.

Rev. Ed McCance, Warsaw, is the drive chairman. The industrial drive will be Oct. 12 and the house-to-house Oct. 22.

COMMUNITY CALENDARS  
ARE READY

If those who have purchased Mentone Community Calendars have not received them, get in touch with the person who took the order, or with Zanna Hammer or Bryan Poultry Farm.

Also, there are extra calendars available for those who would like to purchase one. See any member of the band parents organization.

Publication of the calendars was delayed slightly so that a picture could be obtained of the band members in the new uniforms.

## LIBRARY NEWS

If you are interested in the following periodicals, you may borrow them at the Mentone Library.

The Kiplinger Washington letter gives advice to business men and forecasts economic conditions.

"Consumer Reports" gives information for evaluating merchandise.

"U. S. News and World Reports" is one of the most popular news digests.

Named To  
School Committee

The Mentone area, and this portion of the county, was favored with the appointment of Mrs. Ruth Urschel of Mentone as a member of the nine-member county school reorganization committee.

Others on the committee are: Glen Whitehead, county superintendent of schools.

Raymond Gall, trustee, of Jackson township.

Carl Burt, superintendent of the Warsaw schools.

Mary Elizabeth Fosbrink of Syracuse.

Marcell White, Pierceton.

John Augsburger, Milford.

Ralph Brubaker, Leesburg.

R. Kip Sullivan, No. Webster.

The appointments were made by Judge Seth Rowdabaugh in compliance with a law passed by the 1959 Indiana legislature.

Mrs. Urschel has been active in school and community affairs, and certainly is a capable appointment to this important committee.

Christmas Packages  
For Foreign Countries

The long sea transit frequently involved in the transmission of parcels by surface means, and customs inspection and other formalities that parcels may be subjected to in the countries of destination, require that mailings be made as early as practicable to assure delivery by Christmas day. Surface parcels mailed not later than the dates shown below will normally reach their destination before Christmas.

South and Central America, November 10; Europe, November 10; Africa, November 1; Near East, November 1; Far East, October 15.

Air service is available to practically all countries of the world. It is recommended to senders that air mail packages be mailed during the early part of December in order to reach the addressees before Christmas.

## NEW SON

Brian James is the name of the new son of Mr. and Mrs. James Romine, who was born Saturday. He weighed in at six pounds, seven and one-half ounces.

SONS BORN TO  
TALMA CITIZENS

A son was born Oct. 1 at the Parkview hospital at Plymouth to Mr. and Mrs. Fritz Morgan of near Talma. Mr. and Mrs. Ed Staldine of Talma and Mr. and Mrs. Charles Morgan of Rochester are the grandparents.

A son was born Oct. 2 to Mr. and Mrs. Larry Fisher of Talma, at the Woodlawn hospital. He has been named Larry Oliver.

## Apply Fertilizer In the Fall

Autumn is the ideal season  
 to apply phosphate and potash  
 on established hay or pasture,  
 reminds Russell K. Stivers, Pur-  
 due University extension agronomist.

Since the soil is generally  
 firm in the fall, spreader trucks  
 can broadcast fertilizer better  
 than in the spring.

Where corn is to be grown  
 the following year, hay or pas-  
 ture sods are an excellent place  
 for broadcasting fertilizer in  
 the fall. Broadcast applications  
 of relatively large amounts of  
 available phosphate are neces-  
 sary for maximum high yields  
 of corn on some Indiana soils.

Fall fertilization, based on  
 soil test levels, is recommend-

ed in Indiana for all winter  
 grains, too. For wheat particu-  
 larly, part of the nitrogen  
 should be applied with phos-  
 phate and potash at planting in  
 the fall. Additional nitrogen  
 top dressing generally pays  
 well in the spring, Stivers adds.

Stivers points out that fall ap-  
 plication of nitrogen for corn  
 the following spring is not rec-  
 ommended under many condi-  
 tions. Loss by leaching is so  
 great on sands, sandy loams or  
 well-drained silt loams that fall  
 application results in inefficient  
 use of nitrogen. On these soils  
 it is better to wait until spring  
 or to side dress in summer for  
 corn or grain sorghum, the  
 agronomist adds.

## Check On Fire Dangers

The best time to think about  
 fire on your farm or home is  
 before it happens, says F. R.  
 Willsey, Purdue University farm  
 safety specialist.

This week is Fire Prevention  
 Week, and Willsey suggests  
 that farm families select one  
 specific fire hazard and elimi-  
 nate it during that time. Don't  
 give fire a place to start, he  
 emphasizes.

For instance, condition of  
 heating equipment, including  
 chimneys and flues, should be  
 checked before cold weather ar-  
 rives and repairs should be  
 made, if needed.

Electric wiring and loads on  
 circuits should be given close  
 scrutiny. Worn and inadequate  
 wiring should be replaced; only  
 15-ampere fuses should be used  
 unless a circuit has been spec-  
 ially designed for larger loads.

Rubbish, newspapers, maga-  
 zines, etc. which are often piled  
 in the attic, garage or basement  
 should be collected and dispos-  
 ed of, Willsey suggests.

The safety specialist reminds  
 farm folk that their fire fight-  
 ing tools should be easily ac-  
 cessible in an emergency. Lad-  
 ders should always be ready for  
 escape and for fighting roof  
 fires.

The right fire extinguishers  
 should be in the right place.  
 Willsey suggests checking them  
 frequently and recharging them  
 if necessary.

Be certain you know how to  
 call the fire department. It's  
 a good idea to post your fire  
 department number and ex-  
 change at the telephone. If the  
 fire department knows the lay-  
 out of the farm, house and barn  
 exits and location of water sup-  
 plies, it can do a more effective  
 job. Many departments main-  
 tain an up-to-date file on such  
 information.

Fire safety on the farm, or  
 anywhere else, is not a matter  
 of luck, Willsey adds. Those  
 who think about farm fires be-  
 fore they happen are least like-  
 ly to have them.

## FARM PONDS ARE INCREASING

Nearly one-third of Indiana's  
 farms have farm ponds, state-  
 federal agricultural statisticians  
 at Purdue University report.  
 There are about 54,000 ponds  
 on these farms, or an average  
 of three ponds for every 1,000  
 acres of farmland in the state.

Nearly 90 per cent of the  
 ponds are in the southern half  
 of Indiana, where they are  
 found at the rate of six ponds  
 per 1,000 acres of farmland. In  
 the northern half of the state  
 they are found at the rate of  
 less than one pond per 1,000  
 acres of farmland.

Sixty per cent of the 54,000  
 farm ponds are smaller than a  
 fourth acre; 23 per cent be-  
 tween one-fourth and one-half  
 acre; 12 per cent between one-  
 half and an acre; four per cent  
 between one and five acres and  
 one per cent larger than five  
 acres.

Average size of ponds is larg-  
 er in the northern half of In-  
 diana than in the southern half  
 where many ponds dot the land-  
 scape.

## AUTUMN SWINE MANAGEMENT TIPS

Wide fluctuations in temper-  
 ature, characteristic of autumn,  
 can spell trouble for the hog  
 raiser unless he is prepared for  
 farrowing on very cool nights.  
 Dick Hollandbeck, Purdue Uni-  
 versity extension swine special-  
 ist, points out.

Pigs farrowed in a room with  
 the temperature less than 40 or  
 45 degrees will chill and a  
 weakened condition may result.  
 Hollandbeck advises farmers to  
 bring out the heat lamps and  
 make sure they are in good  
 working condition.

Hog raisers are reminded to  
 practice good sanitation, have  
 the farrowing pens and sow as  
 clean as possible, and to per-  
 form the same anemia controls  
 expected in the winter. Inject-

ing iron into the ham of the  
 pig is a new control method.

After pastures begin to de-  
 cline in value, feeding hogs  
 should be transferred to con-  
 crete feedlots, advises Holland-  
 beck. In a lot the feeder can  
 control the feeding and know  
 exactly what his hogs are eat-  
 ing. He can also control en-  
 vironmental conditions such as  
 excessive dust, undesirable  
 grasses and feeds and tempera-  
 ture.

## THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that is new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, you'll find new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the other ones can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, there's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and

extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. And, adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that do an even more efficient job of filtering out road shock, tire hum and vibration.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds.

Chevy's accent on comfort and convenience even extends back to its easier-to-load (and tremendous) luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters

out even the smallest engine impulses more effectively than ever and a trim new two-toning motif that's available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes... and that's to drop in on your dealer and drive one!

QUIET REVOLUTION! ON DISPLAY TODAY! HOORAY! SMALL WONDER!

CORVAIR BY CHEVROLET! SMALL MIRACLE! THREE COMPACT CHEERS! TODAY!

# THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair.

The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By putting the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passengers in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives glued-to-the-road traction on ice, mud or snow.

Corvair's size—some 5 inches lower, 2½ feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (a real magician on mileage). And, because the

*America's only car with an airplane-type horizontal engine! America's only car with independent suspension at all 4 wheels! America's only car with an air-cooled aluminum engine!*

*The engine's in the rear where it belongs in a compact car!*

engine's air-cooled, you never have to fuss with antifreeze, you get quicker warmup with less wear on parts even on the coldest mornings (even heat for passengers comes quicker—almost instantly—from an airplane-type heater\*).

Yet, wonderfully practical as all this sounds, you'll find the most practical thing of all about this new Corvair is its remarkably low price. Your

dealer's the man to see for all the short, sweet details.

#### REVOLUTIONARY TURBO-AIR 6

Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts.

#### ONE-PACKAGE POWER TEAM

Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

#### STYLING—PURE AND SIMPLE

Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

#### FOLD-DOWN REAR SEAT\*

Works easily, instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

#### FLAT FLOOR

Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

#### UNISTRUT BODY BY FISHER

Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

#### UNDER-HOOD LUGGAGE COMPARTMENT

Trunk's up front (like an elephant's) where it's convenient for groceries, luggage.

#### 4-WHEEL INDEPENDENT SUSPENSION

There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

\*Optional at extra cost

## WATER THOSE EVERGREENS NOW

To avoid brown, skimpy evergreens next summer water them generously in October and November, **Purdue University** plant pathologists suggest.

Reason for the so-called winter injury is dehydration, they point out.

Evergreens lose water continuously during the winter. The shrubs and small trees subjected to drying winds, or growing in sunny locations, will lose more water than protected plants.

Mulches of leaves or peat moss around the base of the trees and shrubs will increase moisture retention during the winter months.

Wrapping the base of young, smooth-barked trees to a height of three or four feet with burlap, building paper or nursery paper will reduce the dangers of winter injury.

When winter injury occurs, dead branches should be removed as soon as they appear in the spring. Applications of a complete fertilizer in late March or April will help damaged trees to renew their foliage.

The plant pathologists emphasize, however, that fertilizer should not be applied in late fall.

## MARRIED IN AUGUST WEDDING

Miss Donna Lou Eaton, daughter of Mr. and Mrs. Chas. Eaton, R. R. 1, Mentone, became the bride of Jim Wagoner, son of Mr. and Mrs. Wilbur Wagoner, R. 5, Plymouth, on August 23, at the E. U. B. Church in Etna Green. The Rev. L. H. Kendall of Indianapolis, officiated at the double ring ceremony, with Rev. H. R. Steele assisting.

The church was decorated with palms, candelabra and baskets of white gladioli for the occasion. The pews were marked with white satin bows. Nuptial music was presented by Dale Whitehead, organist, and he accompanied Mrs. John Frederick, soloist, as she sang "I Love You Truly," and "Because." "The Lord's Prayer" was sung while the couple knelt at the altar. The bride, given in marriage by her father, wore a floor length gown of Chantilly lace over net, with a scalloped neckline of sequins, and long sleeves coming to a point at her fingers. She wore a crown of pearls and sequins, which held her fingertip veil. Her cultured pearl necklace and earrings were gifts of the bride-stephanotis centered with an

groom. The bride carried white orchid.

Miss Linda Besson, cousin of the bride, served as maid of honor. She wore a gown of light blue lace over taffeta, with white accessories and carried pink and white gladioli.

David Wagoner, cousin of the bridegroom, served as best man, and ushers were Jim Eaton and Keith Besson, cousins of the bride; Larry Mellott and Chester Clappitt, Jr. friends of the couple.

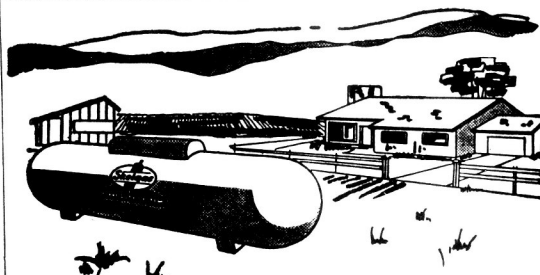

a royal blue print over chiffon dress with white and black accessories. Both mothers wore corsages of pink gladioli.

A reception was held in the church social room for 275 guests. Cake, punch, nuts, and mints were served by Mrs. Gaylord Johnston, Linda Hart, Nadene Ketrill, Diane Doyle, Martha Perry, Nancy Hedington, Deanna Hatfield, Mrs. Chester Clappitt, Jr., and Janet Romine. Deanna Hatfield held the guest book.

For her daughter's wedding, Mrs. Eaton wore a powder blue lace over taffeta dress with white accessories. The bridegroom's mother was dressed in

After a wedding trip in northern Michigan and Wisconsin, Mr. and Mrs. Wagoner are at home on a farm, R. R. 5, Plymouth.

## D. A. R. Has Conference

The 59th State Conference of the Daughters of the American Revolution will be held at the Marott Hotel, Indianapolis, Monday through Wednesday, October 5, 6 and 7th. Mrs. Frank D. Smith, Northern District Director, of Anthony Nigo Chapter, Mentone, and the Regents of Northern District Chapters will be hostesses to the Conference. Mrs. Smith will give her address of welcome at the formal opening on Tuesday evening. Local Chapter Regents assisting will be Mrs. Eldred Paulus, of Anthony Nigo Chapter; Mrs. Cecil Armstrong, Warsaw; Agnes Pruy, Chapman Chapter.

Convention highlights will include the visit of the Organizing Secretary General, Mrs. Allen Langdon Baker, of State College, Pa.; Mrs. J. J. Schlafly, Jr., Illinois State Chairman of National Defense; Mrs. Leonard C. McCrary, Alabama State Regent; Mrs. Roy V. Barnes, Michigan State Regent; and Mrs. Richard E. Lipscomb, of the South Carolina State Regent.

Guest speakers will be Dr. Leo M. Hauptman, registrar at Ball State Teachers College, of Muncie; and the Rev. Lawrence H. Hall, Rector of St. Paul's Episcopal Church, East Cleveland, Ohio. Dr. Hauptman will be guest speaker at the formal opening after which a reception for honored guests will be held with Northern District as Hostesses. The Rev. Hall will be guest speaker at the closing banquet. His subject will be, "Honor, America's Secret Weapon." He has recently returned from England and other countries abroad where he has been obtaining first-hand information. Music will be furnished by the Indiana State Chorus of the D. A. R.

Two luncheons will be held each noon for all members. The Memorial service will be conducted by the State Chaplain of Wabash, Mrs. Clarence L. Vandegrift, on Tuesday afternoon. Immediately following, Mrs. Floyd L. Grigsby, State Chairman of National Defense, will conduct a National Defense Seminar at which Mrs. Schlafly and Mrs. Harry Howe Wolfe, National Vice-Chairman of National Defense, of Muncie will be speakers. Mrs. Furel R. Burns, Past Vice-President General, of North Manchester, will

be a member of the panel. Mrs. Burns served on the National Resolutions committee in Washington at the Continental Congress in April and is well qualified to answer any questions arising concerning National Defense.

Three District Breakfasts, at which the District Directors will preside, will be held on Wednesday morning before the business session begins.

Mrs. Frank D. Smith and Mrs. Ray Linn left for Indianapolis Monday to attend the State Conference.

### GIFT FOR SCHOOL LIBRARY

The Mentone School library is the recipient of a most generous gift from Kenneth Riner and the Farmers Bank of Mentone. In cooperation with the Vulcan Reading Service of Vulcan Enterprises, Birmingham, Alabama, fourteen plastic magazine covers will be given to the library, fourteen magazine subscriptions for two years, and a beautiful wrought iron magazine rack for the new elementary library now being created.

Mrs. Caldwell, librarian, selected the following magazines which the library is not now receiving: Motion Picture, Glamour, Gourmet, Living for Young Homemakers, Mechanics Illustrated, Children's Digest, Popular Photography, Popular Electronics, Hi Fi Review, Humpty Dumpty, Car Life, Nursing World, Rod Builder and Customizer and Parents.

This will make a total of 42 magazines available for students from the first grade. There will be ten magazines for the new elementary library in the new magazine rack.

### Whetstone—Oldfather

On Friday evening, October 9, 1959, Daniel Glen Whetstone of near Tippecanoe, and Linda Lou Oldfather of near Rochester, were united in marriage by Justice of the Peace C. O. Eiler, at his home on West Harrison Street.

The couple was attended by Mr. Eugene Ringer, of Argos, and Miss Jewel Whetstone, a sister of the groom, of near Tippecanoe.

### HUNTING IN WYOMING

A group of Mentone folks are near Ten Sleep, Wyoming on a hunting trip this week. Mr. and Mrs. Harold Utter left by auto Friday morning and it has been reported they arrived Sunday. Saturday morning Mr. and Mrs. Allen Herendeen left in their plane, with Norman Drudge of Claypool and another gentleman as passengers. Dr. Wilson and Dale Sinclair left in another plane Saturday and Dr. Wilson's brother and another man left in a pickup — just in case there would be any game to haul back home.

Mr. and Mrs. Ralph Carrell of Michigan were Tuesday dinner guests of Mr. and Mrs. Bert Holloway.

### STATE D. A. R. CONFERENCE

With the closing Wednesday evening of last week of the 59th annual State DAR conference, at the Marrott Hotel, Indianapolis, one of the finest state conferences ever held became history. Mrs. Frank D. Smith of Mentone, northern district director, shared in the spotlight for its success. The northern district chapters were hostesses this year.

Mrs. Smith gave a very fine welcome speech in her charming and capable manner, and an excellent report on the work her district has been doing. She closed with these words, "Lord give us courage to stand for something, lest we fall for anything."

The following are but a few of the highlights of the conference as reported by the delegates:

Tuesday a most beautiful and impressive memorial service was given for departed Indiana Daughters of the American Revolution from Sept. 1958 to this September. Mrs. Clarence Vandegrift, state chaplain, presided.

Following the memorial service there was a national defense seminar. The address was given by Mrs. J. F. Schlafly, Jr., Illinois state chairman of defense. Her topic, "The Paper Curtain," was most enlightening and gave everyone food for serious thought. She said that we must study communism and communist tactics if we are to understand and survive. She stated that it is very difficult for the average person to discern the difference between propaganda and the truth without study. She suggests that every citizen should read the report of the American Bar Association special committee on communist tactics, strategy and objectives, available for 25c from America's Future, Inc., 542 Main St., New Rochelle, N. Y. Other suggested reading was U. S. News and World Report, National Review and American Mercury. The ultimate objective of international communism is world domination and the Soviet Union will pursue this objective ruthlessly and relentlessly, employing every possible political, economic, subversive and military strategem and tactic.

On Tuesday evening "Welcome Music," with Kay and William Gooley, of South Bend, singing "Familiar Melodies" with Ethel Stuart Gaumer at the piano, was thoroughly enjoyed by all. The address of the evening was given by Dr. Leo M. Hauptman, registrar Ball State Teachers College, Muncie. His topic, "Pocket Pieces." A reception followed, under the direction of Mrs. Frank D. Smith, honoring Indiana Daughters and distinguished guests, with northern district regents as hostesses. Mrs. Smith was responsible for the lovely decorations and delicious refreshments. A sister, Mrs. Eldred Paulus, was among the regents who served at the refreshment table.

A surprise highlight of Wednesday's session was the appearance of Evangelist Billy Graham, bringing greetings to the Daughters in which he stated that his mother was a member of the society.

A thrilling highlight of the conference for Mrs. Ray Linn and Mrs. Eldred Paulus, members of the Mentone Anthony Nigo chapter, was having their pictures taken with Evangelist Billy Graham on the steps of the Marrott Hotel. Another big thrill for Mrs. Linn was a surprise birthday party held Tuesday night in the hotel room of Mrs. Smith and Mrs. Wm. Cogswell, state treasurer, of Bloomington. Mrs. Smith, Mrs. Paulus, Mrs. Glen Highley and Mrs. Lawrence Guenin were hostesses and served a beautiful birthday cake to several of Mrs. Linn's friends.

### LIONS PLAN FISH FRY

Preliminary plans have been made for another big Mentone Lions club fish fry to be held on Saturday evening, Oct. 31.

The complete program will include a hallowe'en parade, with a number of prizes to be offered in a number of categories.

Watch for further announcement of this annual event.

### WED IN RITES FRIDAY

Sandra Jo Barkman, daughter of Mr. and Mrs. Kenneth Barkman of Mentone, and James Irwin, son of Mr. and Mrs. John Irwin of Burket, were married in a ceremony held at the Mentone Methodist church Friday evening. Rev. Dotson performed the ceremony.

joyed by all. The address of the evening was given by Dr. Leo M. Hauptman, registrar Ball State Teachers College, Muncie. His topic, "Pocket Pieces."

At the state officers club banquet on Monday evening Mrs. Linn was also a winner of one of the lovely pictures of Abraham Lincoln given to holders of lucky numbers.

### GOLDEN WEDDING COMMEMORATED

Mr. and Mrs. Andrew Hall celebrated their golden wedding anniversary Saturday evening at the home of a son and family, Mr. and Mrs. George Hall, near Mentone. Others present for the occasion were Mr. and Mrs. Sam McClaine and son of Indianapolis, Mr. and Mrs. Gerald McHatton and family, Mr. and Mrs. Charles Green and family of Warsaw, and Mr. and Mrs. Clair Hall and family of Bourbon.

### Drag Racing Hard Work

About eight or ten young men of the community had a conference with Marshal Davis and Sheriff Holbrook Tuesday evening. As we hear it, plans were discussed for a work day the latter part of the week for the boys.

The work project developed Sunday when the boys, in two autos, tried a little drag racing in a planted wheat field farmed by Hubert Keirn.

Plans are that the boys will put the field back in shape with rakes, hoes and shovels and then sow a little wheat where their spinning wheels tore up the newly planted field.

### SELECTED AS HELPFUL INITIATE

Miss Diane Sittler, daughter of Mr. and Mrs. Robert Sittler, Claypool, was recently selected as the most helpful initiate by the 1959 pledge class of Delta Zeta sorority at Indiana University. Miss Sittler is a junior majoring in English.

### SURPRISE ON 38TH ANNIVERSARY

The children and grandchildren of Mr. and Mrs. Dewey Whetstone, held a surprise anniversary dinner celebrating their 38th wedding anniversary at the Whetstone home in Mentone Thursday evening of last week.

### CALENDAR

W. S. C. S. will meet at the home of Mrs. Charles Manwaring on October 15th at 7:45.

Mentone Chapter O. E. S. stated meeting Monday evening October 19, at 7:45.

### EXECUTIVE MEMBER STATE ORGANIZATION

At the recent annual meeting of the Indiana Heart Association Dr. Dan Urschel was re-elected to his positions on the Board of Directors, the Executive Committee, and the Research Committee of the state organization. Dr. Urschel, one of the founders of the State Heart Association, has held these positions for a number of years.

Dr. Urschel also received notification this week of his election as President of the Indiana Chapter of the Flying Physicians Association. This group is composed of physicians who are active flyers, or who have other connections with private and commercial aviation. They maintain a state-wide Disaster Plan to facilitate the quick transportation of medical personnel and supplies to any area of need. Through their national organization, they work with the federal aeronautics administration in the solution of medical problems presented to it. Many of the members use personal air transportation regularly in connection with their practice.

### MARRIED FRIDAY

Lucy Coplen, daughter of Mr. and Mrs. Darrel Coplen, and Merrill Peterson, son of Mrs. Virginia Peterson, were united in marriage Friday evening at the home of Rev. Ralph Hoffman, who performed the ceremony.

The bride was dressed in a light blue sheath dress and wore pearl earrings, a gift from the groom. Cynthia Peterson, matron of honor, wore a two-piece light blue linen dress. Both wore corsages of white carnations.

Carl Peterson, brother of the groom, was best man.

Others attending the wedding were S/Sgt. and Mrs. Larry Flenar, Donald Peterson and Mrs. Hoffman.

Following the ceremony, delicious refreshments were served by Mrs. Hoffman. A two-tier wedding cake, baked by Cynthia Peterson, was included in the refreshments.

The bride and groom now reside in their apartment in Mentone.

This 1960 Ford Galaxie Town Victoria shares the all-new styling characteristics of the other Ford models, yet bears unmistakable resemblance to the elegant Thunderbird profile. The new Galaxie is one inch lower than the 1959 model, but has more interior room for six big persons than ever before. The Galaxie also is available as a two-or four-door sedan. All Fords for 1960 have the slim-line, forward sloping front roof pillar that eliminates the "dog leg" for easier entry.

## Christmas Mail For Overseas

The period Nov. 1 to 20, for ordinary parcels, and before Dec. 10, for air parcels, has been designated for the mailing of Christmas parcels for members of our armed forces serving outside the continental United States. The following instructions have therefore been issued with the view of assuring delivery of the gift parcels on time and in good condition:

The term "Armed Forces Overseas" includes the personnel of our Armed Forces, members of their families and authorized U. S. Civilians employed overseas who receive their mail through an APO or NPO.

The importance of mailing Christmas parcels during the designated period cannot be

emphasized too strongly — the earlier the better.

The maximum size and weight limits for surface parcel post and air parcel post vary according to APOs and NPOs to which the parcels are sent. Customs declarations are required for parcels addressed to some APOs and NPOs, and some articles are prohibited to certain ones. Therefore it is suggested that mailers, before packing parcel post for mailing, make inquiry at the post office as to weight and size limits, customs declaration forms needed, and the list of prohibited articles, that are applicable to certain APOs and NPOs. Matches of all kinds and lighter fluid are prohibited to all points.

Boxes for overseas transmission must necessarily be of strong construction on account of the great distance these parcels must be transported and the handling and storage they

must undergo. It is absolutely necessary that all articles for overseas delivery be packed in boxes of metal, wood, solid fiberboard, or strong double faced corrugated fiberboard.

Addresses must be legible and prepared in typewriting or ink. It is preferable that the outside address be hand-printed on the wrappers of the boxes rather than on labels pasted to the wrappers, since experience has shown that the labels frequently fall off when subjected to moisture. It is highly desirable that a slip of paper containing the names and addresses of the sender and addressee, together with a list of the contents be enclosed in each parcel so as to provide identification and proper disposition of the mail (in the event the addresses on the outside become defaced.)

Patrons sending greeting letters or cards to Armed Forces personnel overseas should be deposited at the first class rate prior to Nov. 20 and at the air mail rate prior to Dec. 10, if they are to have a reasonable expectation of delivery prior to Christmas.

Mailers are encouraged to register valuable letters and insure valuable parcels. It is recommended that patrons use postal money orders to transmit gifts of money to members of the Armed Forces serving outside the U. S.

## Trustee Reports On School

business and school building repairs made during the past summer, that was given to a recent PTA meeting by Trustee H. Earl Boggs.)

When I made the township budget in 1958 and appropriated money to make these repairs and buy some new school furniture, I had to have the appropriations approved by the township advisory board. There are 2 new teachers in the school this term. Medeleine Fisher is back to teach Art. She was our teacher in 1956-57. Forst Dunnuck is a new teacher this term. There has been quite a lot of repairs to the buildings this past summer:

A new roof on the old building, all steel window frames and doors to west entranceway painted, all broken and cracked window panes replaced, new stoker parts and repairs to fire box on boiler, septic tanks cleaned, school stairways and steps and all rest rooms and dressing room floors painted.

Bus garage painted and doors numbered so drivers can find their stalls, several tons of crushed stone put in bus garage, outside basketball court resurfaced, new tile floor in library and assembly room, new tile

floors in hall and landings on first three floors, new tile floor in Art room and room repainted, first floor hall painted, large north room on first floor redecorated and new fluorescent lights installed in cafeteria kitchen; three new electric ranges in home economics room, new washer and dryer in home economics room, all new desks in typing room, 120 new desks and new teacher desk in assembly, several new desks ordered for grade class rooms, school buses were all repaired, and repainted where needed.

The PTA purchased material for cabinets for grade library books in order to have the books closer to the rooms. The township paid \$250 of this bill.

The gymnasium and stage floor was cleaned and resealed. New rubber tread has been purchased for the area along the seats on both sides of the gymnasium, new bleacher seats were built for the ball diamond. The township furnished the materials and members of the Legion, Firemen and Lions club furnished all the labor to build them. There will be two new 60-passenger school buses purchased after the first of the year.

For maximum intake of hay and silage by each cow in the dairy herd, provide free access to forages, say Purdue University dairy scientists.

## Suggestions For School Lunches

Since there's no time for in-between-meal snacking when classes begin, youngsters of all ages will be anxiously looking forward to a hearty noonday meal. Cheeseburger Luncheon Bake is a good wholesome eating for all boys and girls. Active youngsters will need a nutritious, hot lunch, such as this, to meet the afternoon schedule of classwork and activities.

**Cheeseburger Luncheon Bake**  
12 slices sandwich bread  
Butter or margarine  
1 pound ground beef  
½ cup finely chopped onion  
½ teaspoon salt  
Dash pepper  
6 slices American cheese (6 oz.)  
3 eggs, beaten  
1 (10½-oz. tomato soup)  
Spread bread with butter or

margarine. Arrange 6 slices in greased 9 x 13 x 2 inch baking pan. Toast in moderate oven (350 degrees) about 15 minutes. Meanwhile, combine ground beef, onion, salt and pepper. Form into 6 flat patties, the shape of bread slices. Place on top of toast in pan. Place cheese slices over meat and top with remaining bread slices. Combine eggs and milk. Blend into tomato soup. Pour mixture over sandwiches in baking pan. Bake in moderate oven (350 degrees F.) 45 to 50 minutes.

Makes 6 servings.

## READING CLUB IS ENTERTAINED

The Mentone Reading Club opened its new year with a carry-in dinner at the home of Mrs. Charles Manwaring on Wednesday evening, October 7.

Mrs. Don Wentzel was assisting hostess.

Mrs. Richard Manwaring, the club president, was in charge of the business meeting. She and Mrs. Earl Shinn gave reports of the Northern Indiana District of Federated Clubs Convention held recently at Knox.

Mrs. Herman Olsen was in charge of the program. Mrs. Paul Rush gave a discussion concerning federated clubs, their purposes and accomplishments. Mrs. Olsen then presented the Club Collect in a lovely candlelight ceremony, dealing in detail with each of the eight thoughts mentioned.

The November meeting will be held at the home of Mrs. Denton Abbey.

## LESS WEIGHT with an ELECTRIC BLANKET

Even on the coldest nights, one electric blanket will keep you as warm as three or even four ordinary wool blankets. And you wake up refreshed because you are spared all that tiring weight through the night. With the automatic control, you set the degree of warmth you want and it stays there no matter what the room temperature becomes.

You'll find electric blankets a pleasure to own and care for. They are fine, deep textured blankets, in wide satin bindings. You have a choice of several soft pastel colors. Washable, of course, as any fine blanket! Plan now to let electricity instead of weight keep you warm through the coming winter.

## Meet at Nelson Home

The Jolly Janes met Monday night, October 12 in the country home of Mrs. Delford Nelson with eighteen present. Each member came dressed as a story book or nursery rhyme character. Mrs. Dwight Reichard won the prize for best dressed.

The Vice President, Mrs. Keny Shoemaker, opened the meeting with the group repeating the pledge to the flag, the club creed and singing one verse of "America, the Beautiful."

Mrs. Harold Markley gave the history to the song of the month, "Steal Away." The group joined in singing it.

Marty Nelson gave us a demonstration in Krispy Chicken, which looked very delicious when finished baking.

Our President, Mrs. Max Friesner, showed a clever gift wrap made with suckers for a child's Christmas package, and a decoration for a light switch made with aluminum foil. She gave us a recipe for a quick way to make fudge using chocolate bits and condensed milk and a recipe for Mexican wedding rings. Each lady tasted a sample.

Mrs. Delford Nelson gave us a recipe for a two hundred dollar Cake.

Roll Call was answered with "three things I want for Christmas."

Announcement was made about Achievement Day, October 21 at the Boice Theatre. Guest speaker is Mrs. Hazel Burnett of the Homemakers Time, WSB-TV. Also a special interest lesson "Buying a Good Figure" at

1:00 p. m. Tuesday, October 27, Rainbow Room, Westminster Hotel.

The meeting was closed by singing the Club prayer.

Delicious refreshments were then served by the hostess and co-hostess, Mrs. George Mollenhour.

Mrs. Wayne Bowser and Mrs. Delford Nelson received birthday gifts from their Secret Pals. Mrs. Raymond Lewis received the door prize.

## Friendly Neighbors Have Meeting

October 1st, Mrs. Goldie Jeffries entertained 19 members of the Friendly Neighbors Club and two guests, Miss Myra Eaton and Miss Hill.

The president, Ottie Walburn opened the meeting with the pledge to the flag. The Creed was given and Myrtle Wentzel led in singing "America, the Beautiful."

For meditation Rhoda Jones gave an interesting reading on "Gunnysacks" and a poem entitled "At Church."

Myrtle led in singing the song of the month, "Steal Away."

The lesson of the month "Meat Cuts and Cookery" was well given and demonstrated by Hildreth Coplen and Ellener Manwaring in their preparation and serving of two dishes. Hildreth prepared pork chops and sauerkraut, and Ellener stuffed mangoes with baked vegetables. Both were very tasty.

Roll call was responded to with "Favorite Quick Supper Menus."

An auction of baked goods

followed and the meeting was adjourned by singing the Club Prayer Song and repeating the Collect.

Those receiving gifts from their Secret Pals were Maude Romine, Ottie Walburn, Dora Whetstone and Thelma Eaton.

Goldie assisted by her daughter, Reatha Ballenger, served lovely refreshments in keeping with the fall season.

## Fall Application Of Nitrogen

Indiana farmers who are thinking about fall application of nitrogen are urged to be cautious, says Cliff Spies, Purdue extension agronomist.

Present types of nitrogen may end up below the root zone of the 1960 crop if applied before November 15 in northern Indiana and December 1 in the south.

Nitrogen should be applied in the fall only where these conditions are met.

First, the soil should be medium or heavy textured, like a silty clay loam.

Second, a large amount of low nitrogen residue like corn stalks should be worked into the soil. These conditions will minimize nitrogen leaching losses, reports Spies.

If nitrogen is to be applied this fall, Spies advises using only ammonia or urea type of nitrogen. Clay and organic matter in the soil will help hold these types of nitrogen. Nitrate nitrogen is not held this way and will move deep into the soil

with rain water.

Nitrogen should not be applied on sandy soils until spring. Spring top dressing on winter cereals is also usually better than late fall top dressing. This top dressing of nitrogen is in addition to the 15 to 20 pounds of nitrogen that is needed at planting time this fall.

## BEAVER DAM SCHOOL NEWS

Recently the students in the upper six grades selected Diana Ballenger, Dixie Bergstrom, and Janet Miller to be the high school cheerleaders. Others who tried out were: Rita Lockridge, Karen Perdieu, Diane Silveus, and Jean Swick.

The Beavers finished the baseball season by defeating Claypool 4-3. Their season's record was 2 won and 6 lost. This wasn't too bad since the Beavers didn't play baseball this summer.

Paul Cumberland attended the county custodians' meeting at Mentone, recently.

Dr. Johnson and Mrs. Staton were at our school Monday to give the vision and hearing tests. Students in grades 1, 3, 8, and 11 received the vision tests while those in grades 1, 4, 7, and 11 received the hearing tests. Mrs. Bonnie Whittenberger, Mrs. Martha Jefferies, Mrs. Mary Francis Hudson, and Mrs. Evelyn Lowman helped with the tests.

Several Beaver Dam students participated in the county cross country meet that was held last Wednesday at 4:30.

Mr. Malott attended the county principal's meeting at Warsaw Thursday afternoon of last week.

Mr. Green and Mr. Malott attended the Purdue-Notre Dame football game at Lafayette, Saturday.

The classes held meetings during the activity period last Monday. Phyllis Ummel, senior class president, was chosen by her class to be editor of the 1960 yearbook.

We want to thank Leroy Scherer of Silver Lake for furnishing our school with a television set for the World Series. After the first game only those

students who were scheduled to be in the assembly got to watch the games. Those who didn't care to watch the games were sent to another room to study. Thanks, Mr. Scherer.

Season tickets for the 1959-60 basketball season will go on sale beginning October 26. There will be seven home games. More information will be available later.

Our first issue of the school paper will come out next Wednesday.

All the students are looking forward to next week when they will need to go to school only three days.

On Friday, October 9, twelve members of the Jolly Janes Home Demonstration club enjoyed a trip to Fort Wayne.

After an afternoon of shopping of chicken and ham was piling a delicious family style enjoyed at the Hobby Ranch House. The evening was spent at the spectacular Holiday on Ice at the Coliseum. Those attending were: Mrs. Loren Tridle, Mrs. Harold Markley, Mrs. Delford Nelson, Mrs. Ralph Burris, Mrs. John Ellsworth, Mrs. Raymond Lewis, Mrs. Wayne Bowser, Mrs. Albert Hatfield, Mrs. Kenneth Romine, Mrs. Max Friesner and guest Mrs. Cummins, Martha Nelson, Lorna and Kathy Tridle and Lee Markley.

Enterotoxemia (overeating disease) of feeder lambs is common when they are first given grain, according to Purdue University veterinarians. Vaccination and antibiotics added to the feed may be used at the discretion of local veterinarians to reduce losses from this condition.

Purdue University poultry scientists suggest placing some of the feeders and waterers on the floor for newly housed pullets. When feed and water are easy to find, pullets adjust more readily to the change from range to laying house.

Be sure to cut the stems of winter squash from the vine rather than break them, advise Purdue University horticulturists. Stemless squash, pumpkins and gourds do not store well.

Winter pastures for beef cows should be in well-drained areas having natural shelter, according to Purdue University animal scientists. Round bales or small haystacks in the field are labor savors.

## OCTOBER MEETING MENTONE H. D.

The Mentone Home Demonstration club met for their October meeting with Mrs. Nora Teel. The meeting was opened by the vice president, Mrs. Dearyl Tucker, the group giving the pledge to the flag, club creed and singing, "America the Beautiful." The meditation was given by Mrs. Ellis Hill who read the 20th chapter of Exodus. The history of the song of the month, "Steal Away," was read by Mrs. Raymond Weirick and sung by the group. Mrs. Jess Whitmyre gave the lesson on "Meat Cuts and Cookery."

Seventeen members and three guests responded to roll call on "My favorite meat dish." Mrs. Howard Horn, the president, conducted both the old and new business.

The following officers were elected for the year of 1960:

President, Mrs. Elmer Sarber.  
Vice president, Mrs. Truman Long.

Secretary, Mrs. Howard Horn.  
Treasurer, Mrs. John Laird.

Delicious refreshments were served by the hostesses, Mrs. Nora Teel and Mrs. Ellis Hill.

**Mother Dies  
At Rochester**

Services for Mrs. Nellie Mabel Wentzel, 79, R. R. 1, Kewanawanna, mother of Don Wentzel of Mentone, who died Saturday, were conducted Monday at the Foster and Good funeral home at Rochester. The Rev. Lester Cleveland officiated and burial was in Bruce Lake cemetery.

Mrs. Wentzel, who had lived in the Kewanawanna and Leisters Ford vicinities for the last 50 years, died in the Woodlawn hospital at 1 p. m. after a series of heart attacks that started two weeks ago.

She was born June 4, 1880 in Sunrise City, Minn., the daughter of Harrison Scott and Jennie Hicken Kelso. On May 6, 1903, she was married to Charles W. Wentzel near Monterey. She was a member of the Zion Methodist church.

Surviving are the husband; a daughter, Mrs. Shirley (Marjorie) Carter, Culver; three sons, Orville, River Dale, Ill.; Donald, Mentone, and Robert at home; two sisters, Mrs. Gladys Livingstone, Hamilton, and Mrs. Pansy Guysinger, Laotto, and nine grandchildren. Four brothers and four sisters preceded her in death.

**STEAL VALUABLE  
DOG AND GUNS**

Friday afternoon uninvited guests called at the Gus Mollenhour farm, south of Mentone, and took off with a big white English Pointer dog and three valuable shotguns. The dog, which answers to the name of "Chief," was all white except a little lemon color around the head. Mr. Mollenhour said he had refused an offer of \$500 for the dog.

The guns taken included an L. C. Smith trap gun with a 34-inch barrel, a Browning automatic with a gold trigger and a Remington pump 870 field grade. All were 12 gauge.

**BIRTHDAY SURPRISE**

Mrs. Maurice Rogers was pleasantly surprised Sunday for her birthday with a carry-in dinner.

Guests were Mrs. Bertha Clark, Mr. and Mrs. L. G. Alber. Billy and Rickey Rogers and Mrs. Lena Barkman called in the afternoon.

Mrs. Rogers received many lovely gifts.

**Sneak Bulldog Basketball Preview, Clinic**

Mentone high school Basketball Boosters are invited to a special sneak preview of the 1959-60 Bulldog Basketball team and have the rare opportunity to see demonstrated the fundamentals, rules, offensive and defensive plays used by the Mentone team Friday night, October 30, 7 p. m. at the Mentone Gym.

The basketball clinic is a new idea for this community. State finals IHSAA Official, Frank Sanders and Lew Goshert of Warsaw, will demonstrate and discuss both old and new rules of the game, as well as explain the whys and wherefors of good basketball officiating.

Paul Bateman, coach, will introduce his new varsity club for 1959-60. Under his direction the boys will reenact the various defenses, set plays and basketball techniques which they will use this year. A chance for fans to ask questions will follow each session.

The Mentone high school Pep Club and New yell leaders, who are being drilled by Mrs. Paul Rush and Mr. Bateman will give a spirited pep session.

This program should prove to be an unusual adult educational opportunity for all downtown sidewalk coaches and fans of Hoosier Hysteria, to bring their expert knowledge of the game up to date. And to show the team that they are behind them as real boosters, at the same time. Again, everyone is invited. No admission charge.

The first home game is scheduled November 6 with the season opener on Nov. 3 at Bourbon.

Plans for this event will be under the auspices of the Mentone high school athletic association, the Mentone P. T. A. and other interested fans.

**NEW SON**

A son weighing six pounds, seven ounces, was born this week to Mr. and Mrs. Alan Rovestine of Atwood. The mother is the former Sandra Witham.

**HISTORIAN OF NEW  
COUNTY ORGANIZATION**

Miss Diane Creakbaum, of Mentone was named historian of the new county unit of the Hairdressers' Association, at the organization meeting held recently at Warsaw.

**Places High  
At Kansas City**

Roger Nellans, a 16-year-old high school student from Beaver Dam, won the reserve grand championship of the junior division with a 1,020 pound Angus at the American Royal Livestock Show at Kansas City, Mo., last week. He is a member of the Beaver Dam 4-H club.

A Lockport, Ill., member of the Future Farmers of America won the grand championship of the junior steer division.

The boy, Don Cagwin, 20, who won the championship with a 1,100 pound Angus, will go on to compete with the grand champion of the open class steer division Tuesday for the grand championship of the American Royal.

**HOME FROM HOSPITAL**

Linda Perrin, 16, who resides at the Harry Smythe home, suffered painful stomach cramps at school Monday afternoon and was taken to the Murphy medical center at Warsaw for examination for possible appendicitis. She returned home late Tuesday and again entered her classes at the school Wednesday.

**CALENDAR**

W. S. C. S. will hold Quiet Day of Prayer at the Church Wednesday, October 28 from 2 to 3 p. m.

Jr. Aux. meeting October 24, 2:00 p. m. at the Legion Home. Bring doll socks and we'll have a Hallowe'en party.

**MARRIED AT  
DETROIT SATURDAY**

A Nuptial High Mass was celebrated Saturday, October 17, at eleven o'clock at St. Rose of Lima Church, Detroit, Michigan, uniting in the Holy Sacrament of Matrimony, Suzanne Catherine Henninger, daughter of Mr. and Mrs. John J. Henninger, Detroit, and Mr. Thomas Francis Fitzgerald of Sacred Heart Parish, Warsaw, Indiana.

Dennis Fitzgerald was best man and Jim Fitzgerald was an usher. Both are brothers of the groom. Two school friends of the bride were bridesmaids.

A cocktail hour and reception for approximately one hundred guests were held at one o'clock at Carl's Chop House in downtown Detroit.

After a short wedding trip to Chicago, the couple will be at home in their newly furnished apartment in Westnedge Hill, Kalamazoo, Michigan.

The bride is a graduate of St. Mary's College, Notre Dame, Indiana and Mr. Fitzgerald is a graduate of Manchester College. He has a position with Dun and Bradstreet, Detroit, representing the firm in Kalamazoo.

**SUPPLIES DUCK FOR  
STATE DINNER**

Mentone shared in the limelight at the 26th annual meeting of the Indiana Restaurant Association last Thursday evening when Don Wentzel represented Indiana with Indiana duck (from Mentone). Mr. Wentzel supplied the duck for the banquet of 300 Indiana restaurant operators at the Claypool Hotel, Indianapolis.

Three other states were likewise represented on the menu: Alaska with King Crabmeat, California with wines, and Hawaii with Papaya slices.

If you find duck on the menu at restaurants in Indiana, you can be safe in assuming that the birds have been reared or distributed through Mr. Wentzel's organization.

**HAS OPERATION**

Mrs. William Rathbun was admitted to the Woodlawn hospital in Rochester on Wednesday, Oct. 14 and had surgery the following day. She is getting along fine.

William Rathbun says he expects Mrs. Rathbun to return home from the hospital Thursday.

**Lions Fish Fry  
October 31st**

The Mentone Lions Club is advertising a big Hallowe'en affair to be held on Saturday night, Oct. 31, with serving to begin at five in the afternoon. This year the members of the famous Akron Jonah Club have been secured to fry the fish.

Following the delicious and bountiful fish dinner, there will be a big costume parade and cash prizes are being offered in nine categories.

Those who plan to take part in the parade and contest will assemble at the Sinclair station at 7:30.

**HUNTERS GET  
ELEVEN DEER**

The Mentone people who were in Wyoming deer hunting last week all bagged their animals. Eleven hunters — eleven deer (Mrs. Utter and Mrs. Herendeen did not buy licenses or hunt).

Mr. and Mrs. Harold Utter drove in their station wagon, and others took a pickup as a means of bringing back the game, while Dr. Wilson and Allen Herendeen used their airplanes. Herendeen left Mentone about an hour before daylight Oct. 10 and was in Ten Sleep, Wyoming that afternoon.

Those in the hunting group were Dr. and Mrs. Wilson (and she bagged the first deer), Mr. and Mrs. Harold Utter, Mr. and Mrs. Allen Herendeen, Mr. and Mrs. Dale Sinclair, all of Mentone, Max Harris and Wilbur Wilson of Huntington, Joe Wolf of Eaton, Ohio, Fred Hathaway of Pierceton, and Norman Brudge of Warsaw.

**CRUSADE NEEDS HELP**

The Billy Graham evangelistic Crusade at Indianapolis has been having some wonderful crowds according to newspaper reports and by those who have attended. However, in a letter to Indiana people this week from the evangelist, the Indianapolis crusade may end up with a financial deficit. Dr. Graham stated that they had never had a deficit in a crusade before, and was inviting the people of Indiana to send contributions if they were unable to attend in person.

Adolph Bagdon is still in the Veteran's hospital in Ft. Wayne where he went three weeks ago.

## Appeal To Teen-agers

Robert J. Hamilton, resident of the Peabody Memorial Home at North Manchester, whose granddaughter and her young girl companion were recently killed in a tragic automobile accident in Michigan, has instituted a campaign for "Safer Auto Driving and Safer Auto Riding," especially directed to the teen-age group.

In a letter addressed to newspapers and school officials, Mr. Hamilton suggests the following eight points to be incorporated in an agreement to be placed before young drivers:

1. We agree to do our best to observe all automobile driving rules and regulations.
2. We will not use any alcoholic drinks of any kind before driving an auto or while driving.
3. We will not allow any liquor in any auto for which we are responsible, or any person under the influence of liquor in the auto.
4. We will not ride in an auto with a driver who has drunk liquor within an hour of such driving.

5. We will not ride in an auto with anyone who has been drinking, or who brings liquor into the auto.

6. We will not ride in an auto with a reckless driver.

7. We will show our respect for and our purpose of cooperation with all officers trying to save lives and promote safe driving.

8. We will encourage the idea of safer auto driving and safer auto riding.

Arising as it does out of a deeply-felt personal experience, the appeal of Mr. Hamilton is particularly poignant. Those who have suffered keenly are in a position to speak and deserve to be heard.

In view of the rapidly increasing number of highway accidents the problem of safety becomes one of the most acute facing this nation. The problem can be faced from several angles, but basically it can be met only by better driving habits such as are outlined by Mr. Hamilton. Mr. Hamilton's appeal concludes:

"It will be worthwhile if it saves the life of even one person, especially if it is yours or mine or some member of our families."

## Merry Mollys Meet

The Merry Mollys Home Demonstration Club enjoyed a hard times party recently at the home of Mrs. Herschel McGowen, with Mrs. Jerry Hudson acting as co-hostess.

The Club Creed was repeated and "America, The Beautiful" was sung.

For meditation "Chicken Sense" an article written by Dr. John Holland was read by Mrs. Don Bennett. Mrs. Donald Horn lead in singing "Working on the Railroad" for the song of the month.

An article on the common cold was read for the Health and Safety, by Mrs. Jerry Hudson.

Mrs. McGowen gave a very interesting lesson on "Meat Cuts

and Cookery". She demonstrated two meat dishes which were sampled along with refreshments.

Mrs. Robert Hibschanman was in charge of a short business meeting. How I met my Husband was given in response to roll call.

November 16th was set for the club's anniversary party.

The Club Prayer song was sung and Club Collect repeated, the meeting was then turned over to the finance committee. They conducted a pig-in-the-poke auction with a lot of enjoyment for the group.

Contests were conducted by Mrs. Bennett and Mrs. Harold

Horn with prizes going to Mrs. Hibschanman and Mrs. Glen Mel-lott.

Mrs. Hudson and Mrs. Hibschanman received the door prizes.

Mrs. Donald Horn and Mrs. Clayton Holloway received gifts from their secret pals.

Mrs. Ken Leiter was a guest.

Over Your Doors & Windows  
A Few Dollars Is All It Takes

H. F. Rodder  
Madison, Wis.

"Flex-O-Glass has made our porch  
a year 'round, livable room.  
The children love it."

"Here's an inside view of our large screened porch. If you couldn't see the snow outside, you'd think it was taken in summer. What doesn't show is the crystal-clear Flex-O-Glass tacked over our screens—an invisible barrier between our home and winter. This is the second year we have used the same Flex-O-Glass. We expect it to last at least two years more. That means it will cost us only about \$15 a year to protect the rest of the house against drafts. We can leave our furniture on the porch the entire year and provide a warm, protected play area for the children. If you would like to use this letter to tell other home owners how much they're missing by not using your wonderful Flex-O-Glass to protect their homes against winter weather, you have my enthusiastic approval."

"Flex-O-Glass is the cheapest investment in winter comfort we've ever made," says L. D. Higbie  
"The few yards of Warp's clear Flex-O-Glass we tacked over the screens of our breezeway kept out rain and snow and gave us a warm extra room. I let my friends that if their breezeway is a winter 'hibernaculum,' to put up Flex-O-Glass and keep winter cold outside where it belongs."

"Our living room was warmer than I ever had been... such a relief not to have any more cold drafts on the floor," says Mrs. K. Klemp (Farm W-1)  
"Our farm home is on a hill and gets the full blast of winter wind. Last winter we covered the front door and five windows with Flex-O-Glass. It made the house much easier to heat. We're so sold on Flex-O-Glass that we're going to cover our entire front porch with it this winter. It was just a snow catcher last year. With Flex-O-Glass tacked up, it will give us an extra room and double the protection for the rest of the house. (We enclose this entire porch will require only 16 yards of Genuine Flex-O-Glass, costing only \$12.48.)"

# IT COULDN'T HAPPEN — BUT IT DID!

It is the normal thing at the Country Print Shop to have people stop in to pick up printing that has been completed, and frequently someone other than the person who ordered it picks it up. But one happened last week that makes us a bit gun-shy.

One evening last week a lad of 10 or 12 stepped into the office, picked up a newspaper and then a package on the desk and started talking to one of the boys in the shop. He seemingly couldn't speak distinctly, and after asking the lad if he was from Etna Green, and getting an affirmative answer, was asked if he was after the package. With an "Uh-huh," he left the office with Etna Green's basketball tickets.

He hasn't been heard from since, so if some parent has a boy playing with a lot of tickets, tell the lad they are no good to anyone. They have been reprinted and the colors have been changed.

## Causes Of Indian Summer

Indian Summer results basically from a slowdown in movements of high and low pressure weather systems, explains James E. Newman, Purdue University agricultural climatologist.

Indian Summer is characterized by warm days with heavy night-time frosts. The sky is clear, except for a smoky haze, causing the sun to appear reddish. This distinctive weather occurs in Indiana once or twice in late October or early November.

Certain recognizable atmospheric conditions are associated with Indian Summer. There is, for instance, a general downward motion in the atmosphere resulting from excessive cooling.

A weak, slowly moving high pressure system normally dominates the daily weather map from the Rocky mountains to the east coast of continental United States. Winds are light and variable with little or no cloudiness. Humidities are rather low.

Daily temperatures reach the upper 60's, but drop below freezing each night. Land and ocean mean temperatures are

nearly equal for a given latitude. This leads to a slowdown in the movement of migrating high and low pressure systems.

A basic cause of Indian Summer weather is stagnation, says Newman, and this slowdown in weather changes lasts for several days or even weeks in late autumn.

## Cover Crops Maintain Soil

Lafayette, Ind.—If soil works hard because of overtilling or compaction by trucks or farm machines, sow winter cover crops after harvest this year.

Harry Galloway, Purdue University extension agronomist, says experiments at the USDA's agricultural research center, at Beltsville, Md., have shown that such crops insulate the soil as well as loosen it. If sown in early fall, rye, wheat or ryegrass are capable of making enough growth before winter to protect the soil somewhat against repeated deep freezing and thawing.

It is known that freezing and thawing during winter will loosen the soil and break up clods. For this reason, many farmers like to fall-plow their heavy clay loam soils so they are exposed to winter extremes. However, the tilth of silt loam and sandy loam textured soils is often harmed by freezing and thawing which breaks down the soil aggregate structure, (natural clustering of fine soil particles.) This is particularly pronounced on the gray, flat, slowly drained soils.

Winter cover crops also encourage and help maintain large populations of earthworms and other earth-boring insects which increase infiltration of air and water and speed up the drainage during wet periods. Cover crops may capture plant nutrients unused by the summer crop or which result from decomposition of crop residues.

Galloway says cover crops prevent erosion losses in winter, a high danger period if the soils are not frozen or protected by snow. Not only do the leaf blades protect soil from splash erosion but the ability of the soil to absorb the water which falls is increased. Thus run-off and soil wash are both lessened.

## Sweet Potatoes Won't Stand Freezing

Harvest sweet potatoes before low temperatures injure them, advises G. F. Warren, Purdue University vegetable specialist. Sweet potatoes will not withstand freezing, but they can be stored four to six months if handled, cured and stored properly.

If sweet potatoes are to be stored, they should be harvested before or immediately after the first frost. Digging should be done when the temperature is above freezing.

Warren says sweet potatoes should be handled carefully at harvest. Their thin, delicate skin is easily broken. Throwing the roots from row to row or into containers may break the skin. Unless wounded are properly healed, the sweet potato will decay.

Cure the sweet potatoes before storing. It helps heal the wounds resulting from careless handling at harvest. Place the roots in a warm room immediately after digging. If this cannot be done, the sweet potato roots may be cured at lower temperatures for longer periods.

## CARD OF THANKS

I would like to thank everyone for the many cards, flowers and calls while I was in the hospital. They were very much appreciated!

## Delegates to Sorority Meeting

Bernice Jones and Iris Anderson, members of Beta Epsilon chapter of Psi Iota Xi sorority, were delegates to the sorority's Northern Province meeting at Huntington, Saturday. Other Psi Iota Xi members attending from Mentone were Barbara King and Mary Cook.

Activities for the day began with registration in the main lobby of the Hotel LaFontaine at 9 a. m. The business meeting convened at 9:30, at which time the national officers of the organization were introduced and gave their reports. Representatives of the Fort Wayne State School talked to the group concerning mental health and their work at the school.

The decorations and program theme chosen for the province meeting was "Province on the Nile" which featured appointments in keeping with a "Queen Nephrititi" 12 o'clock luncheon. During the Luncheon hour, music was presented by members of the Huntington chapter while other local Psi Otes modelled the latest in fall fashions.

Afternoon workshops were conducted by the national officer.

As the closing feature of the day, past grand presidents conducted a model initiation service with members of the Gamma Phi chapter, North Manchester.

Assisting Mrs. Robert Endsley Northern Province chairman, with arrangements for the meeting were co chairmen, Mrs. Richard Klotz and Mrs. Betty Nichols.

## IN JUSTICE COURT

On Wednesday evening, Oct. 14, a plea of guilty was entered in the court of Justice C. O. Eiler to a charge of operating an automobile without adequate muffler, by Larry Montel of R. R. 2, Warsaw.

The plea was a reversal of a plea of not guilty, which he had entered at a preliminary hearing on September 12, to the charge preferred by night Officer Russell Carper. A fine of One Dollar and costs, amounting to \$18.75, was assessed by the court and paid.

Two Fulton County youths were arrested on Saturday night October 10, by State Police Officer John Hammersley and cited to appear before Justice C. O. Eiler; Michael D. Mikels, R. 4, Rochester, to appear on Friday evening, Oct. 16, and John H. Packard, 1401 College St., Rochester, to appear on Saturday evening, October 17.

Both were charged with driving at excessive speed on main street in Mentone, when the wet condition of the street made driving exceedingly hazardous. On pleas of guilty by each, fines of \$1.00 and costs, totaling \$18.75 were imposed by the court and paid.

## Attend Kokomo D. A. R.

Tuesday evening, October 13, Mrs. Frank D. Smith and Mrs. Ray Linn from Anthony Nigo Chapter, D. A. R. Mentone were dinner guests of Miss Anna May Hamilton, Regent and Mrs. B. R. Davidson, Jr., Vice Regent of the General James Cox Chapter of Kokomo, at the Ox Yoke Inn of that place. After dinner they attended the D. A. R. meeting of the General James Cox Chapter held in the beautiful home of Mrs. Fred Morrison of Kokomo.

Mrs. Smith, the guest speaker, gave a very enlightening talk on D. A. R. work, our projects,

some reports of State Conference and on Communist tactics, objectives and strategy.

Mrs. Linn spoke on "Material obtainable for D. A. R. Programs." Each was presented with a lovely corsage. Delicious refreshments were served from a beautifully appointed table with "The Harvest Season" motif.

On Friday Mrs. Smith was a guest speaker to the Mishawaka Chapter at the very lovely home of Mrs. G. W. Blair, Edgewater Drive, Mishawaka. Her topic again was Communist tactics, objectives and strategy.

## NEWCASTLE LIONS CLUB

Newcastle Township Lions will hold their regular business meeting on Monday evening, Oct. 26, 7:30 p. m. in the old Talma gym.

## THIRD GRADE WINS P. T. A. CONTEST

The October membership drive was quite a success with a total of 176 paid memberships by the close of the drive, October 14. The contest winners were 1st, Mrs. Nelson's 3rd grade with 28 members. 2nd and 3rd place was a tie. Mrs. Carter's 7th grade had 27 members as did Mrs. Steffler's 2nd grade with 27 members.

There were approximately 160 adults and 93 children present at our October P. T. A. meeting. The principal, John Frederick, discussed the new school reorganization act and questions were asked. Mr. Frederick will keep the members informed

during the year as the work of the county committee progresses. Due to the importance of this act a discussion period will be allowed at each meeting.

The school faculty and P. T. A. sincerely feel that the community is aware, to a certain extent, how very important this act can become to each citizen.

The 5th and 6th grades gave a fine program and Mrs. Sam Merley of Gilead told of her experiences when she visited Alcatraz prison.

The November 11th meeting will have Fred Olds, art instructor in the Warsaw schools, as the speaker for the evening. The 3rd and 4th grades will also be on the program.

Mark this date on your calendar—November 11, 7:30 p. m. for P. T. A.

# HERE'S WHAT MAKES *the* CORVAIR REVOLUTIONARY

Short and sweet! Engine's in the rear—where it belongs in a compact car. With more weight on rear wheels, you get extra road-gripping traction for cornering and driving on ice, mud or snow. Also, by avoiding nose-heaviness of front-engine compact cars, Corvair handles easier, brakes better, rides smoother. Styling of both 4-door models is clean and uncluttered... as fresh and functional as modern architecture.

**Unipack Power Team**

Engine, transmission and drive gears are neatly wrapped in one lightweight package. Takes less space, leaves you more.

**UNISTRUT BODY BY FISHER**

Body and frame are combined into a single rigidly constructed unit that reduces Corvair's weight, enlarges its passenger space.

**Practically FLAT FLOOR**

Corvair is America's only compact car with a virtually flat floor that gives you full 6-passenger comfort. For extra space, folding rear seat\* converts easily to make room for 17.6 cu. ft. of cargo.

\*Optional at extra cost.

**TRUNK'S UP FRONT**

Lots of luggage space under the hood, where it's convenient for groceries, packages.

**NEARLY 3 FEET SHORTER**

Corvair's almost 5 inches lower, 1,300 pounds lighter, too. Its compact size makes it a joy to jockey through traffic, a pleasure to park. No need for power assists.

**AIR COOLED**

You never have to fuss with antifreeze. Turbo Air 6 warms up quicker, with less wear on parts. Air-plane-type heater\* goes to work almost instantly.

\*Optional at extra cost.

**Revolutionary Rear Engine**

works small miracles with mileage. It's the world's first production 6 with the ultra-smooth power of horizontally opposed pistons.

**4-Wheel Independent Suspension**

Springs at each wheel cushion bumps independently of each other for a ride that rivals much costlier cars.

...and the most practical thing of all is Corvair's

## Fly the Flag of the United States of America on United States Day

United States Day, October 23, is an opportune time to reawaken our people to the fundamental principles underlying our nation's greatness and to influences that are working to undermine the very foundations of our inheritance and God-given rights.

We favor friendly relations and cooperation with all peaceful nations, but we believe that any change in our Constitution should be reserved to the people of the United States alone. Our central purpose, therefore, is to preserve intact the sovereignty of the United States as an independent nation under the Constitution without limitation by treaty or Executive agreements, or Super Government.

It is not an accident that we have the highest standard of living of all nations in the history of the world and that we have been the envy of all peoples. It has been the natural result of our American form of government.

Our Constitutional form of government and our Christian ideals are being deliberately undermined and alien ideologies pressed upon the American people. A great many of the principles of Socialism and Communism have already been adopted in this country—by acts of Congress, by the Supreme Court, and the Executive branch of government; and many more are being promoted by leading personalities. There is a strong possibility that many more will become law unless checked.

By Executive agreements and treaties with other nations, many of the rights and privileges of the American citizen have been surrendered contrary to the intent of the Founding Fathers. Under present practices and Judicial interpretations our most basic rights could be given away with the approval of the President and only two of the ninety-eight Senators. A HORRIBLE THOUGHT? YES BUT IT COULD HAPPEN!

Do we want this? Study the History of every Nation, past and present, that has adopted Socialism, Communism, or any other form of Statism, and see the tragic end. Who among our leaders today are favoring Socialistic laws or are soft toward Communism and other forms or subversion? Informed Americans will not continue to follow such leadership.

The enemies of our Nation are succeeding because the overwhelming majority of the American people are uninformed as to (1) the nature of our enemies, (2) their deceitful strategy, and (3) the extent to which their policies have been and are continuing to be adopted in our country.

Our enemies are succeeding because of the well planned

propaganda against American ideals and the patriotic persons and organizations that defend the United States—propaganda in text books, comic strips, news articles, T-V programs, radio announcers, subversive organizations, and fellow-travelers in high places in Church and State.

Fortunately an ever-increasing number of citizens in all walks of life are becoming informed of the dangers facing our nation and are beginning to be active in the fight to save

our American Way of Life.

Newspapermen, Radio Announcers, The American Bar Association, State Supreme Court Justices, and many Congressmen are attacking Un-Americanism in the field of Education, Economics, Bureaucracies, and even many of the decisions of the Supreme Court. Recent actions of the Supreme Court would indicate that the Court is beginning to feel the influence of this rising tide of Americanism. More people must become informed and encouraged to action.

Patriotic Americans are deeply concerned over the obvious waning interest in public observances of patriotic days. This concern is real as we catch a

handful of citizens gather to mark Memorial Day, Flag Day, Armistice Day or United States Day.

Fewer Americans remember the significance of Patriotic Days. The days still observed with the halting of work routine stick in our minds. You, wonder, however, whether the observance means more because of the historic significance of the anniversary, or as a day of rest.

There is a definite smugness afoot in America—an era of not too wholesome self-interest.

Our freedoms are taken for granted, a signpost of encouragement for those who would destroy freedom. We must keep

going back to the shrines that forged our heritage. No country is worth more of our time and effort in keeping those shrines foremost, than our own United States of America. Lord, let us stand for something, lest we fall for anything.

Sell your turkeys as soon as they are finished, recommend Purdue University poultry scientists. Finish can be judged by noting the degree of fat deposited under the skin along the feather tracts of the breast. When it reaches a creamy color the birds are finished.

## RAILROAD FEATHERBEDDING:

# \$500,000,000 LOSS

## TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

## Basketball Season Tickets On Sale

Basketball season tickets for seven home games for the 1959 1960 basketball season will go on sale next Monday, October 26 to the parents of the play-

ers, yell leaders, and student managers.

Another drawing will be held at 7:00 on Monday, November 2, for all others interested in buying a season ticket.

The drawing each night will be held at 7:00. Those interested should plan to arrive prior

to 7:00 so that an application blank can be filled out and dropped in the box before the drawing.

Adult season tickets will sell for four dollars; Student season tickets, two dollars. Single session tickets for this year will sell for sixty cents and forty cents. All tickets sold the night of the ball game will sell for sixty cents. Any student who might be interested in buying a single admission ticket should do so before going to the game. We will have tickets at school to sell for most of the away games.

Our first game this season will be at Milford. They will send some student tickets to us soon that we can sell for forty cents. If a student waits until

the night of the game to get one, it will cost sixty cents.

Please fill out and bring the "Ticket Request Blank" with you the night of the drawing.

TO ENTERTAIN  
PLYMOUTH LIONS

The Newcastle township Lions club will entertain the Plymouth Lions club and their wives on Thursday November 5 at 6:30 p. m. in the high school dining room. There will be a very good program to be given after the supper hour. The Plymouth club will present the traveling gavel to the Newcastle Lions club.

RIGHT "PEW",  
WRONG "CHURCH"

One of our basketball ticket stories last week may have confused you slightly in that the information did not correspond to Mentone's schedule or prices.

The article was submitted by the Beaver Dam school and they did not mention the name of the school, and neither did we catch on until after the paper was printed.

We do not plan to publish puzzles, but it gave puzzle fans a chance to compare first games with Milford or Bourbon, home or away game, and price of season tickets.

Mr. and Mrs. Edward Easterday of Fremont, Ind., spent Tuesday afternoon here with his sister, Ethel Snider, after visiting with Glenn in the Prairie View Rest Home in Warsaw.

Mr. and Mrs. Mervel A. Smith of Sidney have moved into their newly constructed home on N. Tucker Street in Mentone.

## Report More Cattle on Feed

Number of cattle and calves on feed in Indiana October 1 is estimated at 142,000, state-federal agricultural statisticians at Purdue University report. This number is 20 percent larger than the 118,000 on feed a year ago, but is seasonally lower than the 180,000 on feed July 1.

Cattle weighing 900 pounds or more totalled 46,000, compared to 36,000 a year ago and comprised 32 percent of the total this year and 30 percent last year.

Cattle weighing less than 900 pounds totalled 96,000 or 68 percent of the total and included 60,000 weighing between 700 and 900 pounds. A year ago cattle weighing less than 900 lbs. totalled 82,000.

Cattle on feed three months or longer made up 54 percent of the total, compared to 48 percent a year ago. Steers comprised 67 percent of the total as compared to 71 percent last year. Heifers were 32 percent and 28 percent respectively.

Farmers intentions to market indicate 94,000 head, or 66 percent of the total, are to be marketed during the next three months. This represents a higher rate of marketing than a year ago at this time when 61 percent of the inventory was marketed during the October-December period.

July to September marketings of cattle on feed July 1 totalled 111,000, compared to July intentions to market 124,000 head.

## Farmers Advised To Weigh Hogs

Hoosier farmers who do not periodically check weigh their hogs are missing a bet. That's a tip from Purdue University animal scientists, who say the true value of livestock is often misjudged by swine growers relying on guesswork instead of accurate scales.

Animal scientist Dick Hollandbeck advises hog farmers to check weigh at least four times—birth, weaning, 135 days and just prior to marketing.

A farmer doesn't need elaborate scales, he adds. Baby scales, no longer needed in the home, work fine for checking birthweights. Some farmers use poultry scales, or small hand spring scales for this job. To take weaning weights, swinemens will find useful a portable scale, such as a bathroom or milk scale that has a bucket or live poultry scoop hooked underneath.

Don't forget, says the specialist, that weaning weights are a valuable guide in the culling of old sows and in the selection of replacement gilts. The 21 and 35-day weaning weights will give farmers the measure of the milking ability of the brood sow, while the 56-day weaning weights figure in both the sow's milking ability and the creep feed consumption rate of the pigs.

Hollandbeck has other suggestions for weighing of pigs at 135 days and just before marketing. County extension agents or the agricultural publications office, Purdue University, Lafayette, have copies of Mimeo A. H. 217, "Scales—A Valuable Tool in Swine Production," free for Indiana residents.

## Losing Cattle And Sheep

There have been cases of loss of cattle and sheep in the past few days as a result of poisoning from wild cherry leaves. Farmers are advised by Donald E. Frantz, County Agricultural Agent, to be especially careful of fields where wilted foliage along fence rows can be reached by livestock.

The leaves are poisonous at two stages. One is when the sprouts are young in the spring and the other is when they are wilting due to frost, spraying or broken limbs. The poison is a sydnocyanic acid, one of the fastest acting of all plant poisons. The symptoms are staggering, difficult breathing, dilation of the eye and convulsions. Veterinarians can give an intravenous antidote if called in time.

Sorghums and sudan grass also may produce this poison when frosted and they are dangerous to livestock at this time

of year. Occasionally second growth sorghum after silage has been made will cause losses.

## Farm Family Winter Classes

Kosciusko County Farm Families may now enroll in a winter class in the Better Farming and Better Living Program, County Agent Donald E. Frantz announced.

Enrollment for this session will be limited to a maximum of 35-40 families and enrollment is now being taken at the County Extension Office in the Court House in Warsaw.

The Better Farming and Better Living program is an effort on the part of the Extension Service to assist farm families. Farm and home problems are studied and plans are worked out to increase income and family satisfaction. It is one answer to the tremendous competition in farming and the farm price squeeze.

Better Farming and Better Living Agent, Frank H. Miller, and Home Demonstration Agent, Mrs. Ruth McCleary, will study the farm and home setup with families and help with planning. Purdue extension specialists will be used where needed.

Farm families, who enroll, will be asked to attend at least three meetings at Warsaw at the rate of one per week. These meetings feature specialists from Purdue and will cover goals, opportunities and requirements in farming at the first meeting. This is followed by a meeting on effective cropping systems and developing the livestock program. The last meeting is held at a farm where the group studies the entire farming operation in the forenoon and then analyzes and discusses the farm in the afternoon to arrive at a desirable plan for the future.

These meetings are being planned for the last of November and the first of December. Exact dates will be published as soon as possible.

At the present time this extension service program is available to farm families in 28 counties of Indiana. A state survey of Better Farming—Better Living families just completed shows these families paid Federal income tax in 1958 on an increase of \$2000.00 over 1957. During the same period their average increase in net worth was \$3,000 and their average increase in investment was \$5,000.00. A detailed study of the survey seemed to indicate the average Indiana farm, operated properly, could double net income with only a 24 per cent increase in the work load and an 8 per cent increased investment.

Farm families determined to fight the farm price squeeze should contact the extension office and enroll. Enrollees will

## Sow Herd Management

Proper care of the sow herd during the breeding and gestation periods will pay off in a good pig crop next spring.

Richard Hollandbeck, Purdue University extension swine specialist, says that gilts should be at least eight months of age and weigh at least 225 pounds before they are bred.

Sows can be "flushed" by increasing their grain ration one week before breeding. The sows should be bred on the second day of the heat period and accurate breeding records kept.

If the sows are turned into corn fields after the harvest they will not only utilize corn left in the field but will get much needed exercise.

When the animals are running in corn fields they should each receive one to one and a half pounds of 35 percent protein supplement daily. The supplement can be hand-fed. Also needed to be available at all times is a good mineral mixture of 40 parts bonemeal, 40 parts limestone and 20 parts iodized salt.

Do not let sows become over-fat, Hollandbeck says.

Sows on drylot should re-

ceive a grain ration containing 14 percent total protein supplement. Gilts on dry lot should have a grain ration of 15 percent total protein supplement.

It is also important that the sows, as well as all pigs, be provided with a clean dry shelter, free from drafts, at this time of year to prevent respiratory diseases. Clean, fresh water at all times is another essential.

## BUYING A GOOD FIGURE

Buying a Good Figure is a special program to be presented by the Extension Service and the Kosciusko County Home Demonstration Council at the Rainbow Room, Westminster Hotel, Tuesday, October 27, 1-15 p.m.

Mrs. Lottie Summer, Clothing Specialist from Purdue will discuss the reasons for buying a foundation garment, the need for proper fitting and the care of the garments.

Klines department store is cooperating by furnishing garments for models to wear. Some of their trained personnel will point out various features as they pertain to the particular model. Most of the models, Mrs. Ruth McCleary, Home Demonstration agent, says, will be local club members.

When gathering nuts, be sure to check their interior quality, suggest Purdue University horticulturists. Many of them are empty or only partly filled as a result largely of climatic conditions this past growing season.

## D. A. R. NEWS

The Anthony Nigo Chapter, D. A. R., enjoyed a tour of the Frances Slocum Trail October 19. The first stop was at the Frances Slocum Park and monument. From there they went to the home of Mrs. Lucille Highly continuing on to the home of her sister, Mrs. Marguarite Guenn, where dainty refreshments were served.

The party then went to the Frances Slocum Trail, Maconiqua Park, Site of Osage Indian Village, on through Somerset to the church and cemetery.

A lovely dinner was served in the evening to the group at the Honeywell in Wabash.

There were ten members present and four guests, Mrs. Vandergriff, State Chaplain of Wabash, Mrs. Lucille Highly, State Scrap Book chairman, Mrs. Marguarite Guenn, State Press Relations Chairman of near Wabash and Mrs. Don Clauss of Bourbon.

## BE-ABOUT GROUP MEETS

The Be-About Missionary group of the First Baptist Church met at the home of Mrs.

Tobie Blalock.

Mrs. Glenn McGinnis read scripture and a poem on "Love Never Fails" for devotions.

During the business the following officers were elected for the coming year: President, Mrs. Wayne Bowser; Vice President, Mrs. Everett Welborn; Secretary, Mrs. Tobie Blalock; Treasurer, Mrs. Raymond Lewis.

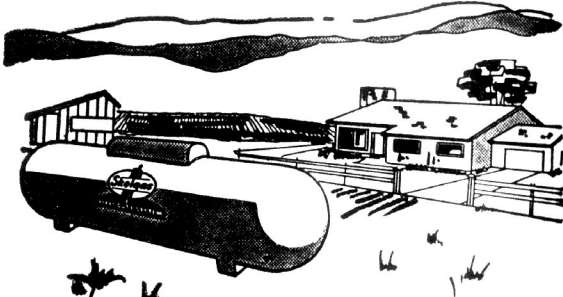

Committees were appointed to make plans for Christmas at the County Home. After prayer the group rolled bandages and sewed sachets for missionaries. Miss Kathy Blalock entertained us by playing several selections on the piano.

Tasty refreshments were served by the hostess, Mrs. Blalock to Mrs. Kermit Zent, Mrs. Charles Hunter, Mrs. Glen McGinnis, Mrs. Rex Yazel, Mrs. Ervin Wagner, Mrs. Wayne Bowser, Mrs. Raymond Lewis, Mrs. Ed Bach and Mrs. Kenneth Romine and Mrs. Lee Norris.

## Seward Township Farm Bureau Meeting

The Seward Township Farm Bureau held its annual fish fry and October meeting in the Burket gym on October 21 at 6:30 p. m.

William Riley gave the grace before the meal. Plenty of fish, french fries, salads, desserts, and the accompanying bread and butter, and celery and carrots kept everyone very busy for a time!

The meeting was opened with group singing "America" and "The Star Spangled Banner." Devotions were given by the S and E Leader, Mrs. Murphy.

Entertainment for the evening was given by six students from Grace College. One of the boys played two trumpet solos, accompanied by his room mate at the piano. Then the girls' quartette sang several numbers with different solo parts. Their songs and comments brought a wonderful Christian message to all.

Mrs. Murphy gave some pointers from the state meeting: there's always a need to belong

and a need to participate.

The chairman then introduced the county chairman, Sam Knoop, who gave the following remarks: state meeting is coming up—if finances permit, send your chairman and S & E leader, or the officers that you can. If farmers don't look after their affairs or business, who will? Will the government, the unions, or labor do it? ? ? ?

The secretary's and Treasurer's reports were read and approved. The following officers were elected for the coming year: chairman, Oren Murphy; vice chairman, Wilford Gagnon; S & E leader, Mrs. Purphy; Secretary, Mrs. Riley Parker.

The committee for the ham supper in November for all 4-H will be Mr. and Mrs. Wilford Gagnon, Mr. and Mrs. Stanley Newton, Mr. and Mrs. Joe Leckrone, Mr. and Mrs. Delmer Clark.

The meeting adjourned, and the clean-up committee went to work.

## CROP Organized For Corn Drive

Howard Woodward, Warsaw Realtor, was named County Chairman of the Christian Rural Overseas Program (CROP) for Kosciusko County at a Planning Meeting held last week.

Other officers named to serve the 1959 CROP are Rev. Armour Keller, Claypool, pastor advisor; Miss Helen Long, Etna Green, secretary; James Turner, Warsaw, treasurer, and Richard D. Le Don, Commodity manager and Don Frantz, Publicity Chairman.

The Christian Rural Overseas Program is sponsored by the World Council of Churches. It is the rural relief agency for this council and farmers are asked to share a little of their most abundant crop with those who need it most. The drive will be conducted in early November.

The 1959 Kosciusko County CROP drive will be for corn. Farmers will be asked to contribute one bushel of each thousand bushels they produce. The foreign aid is handled through church organizations and denominations wanting credit for their gift may receive it through CROP.

Township Chairmen are as follows: Scott—Warren Hawley, R. 2, Nappanee; Jefferson—Francis Korenstra, Milford; Van Buren and Turkey Creek—Fred Gall, Syracuse; Etna, Truman Nifong, Etna Green, R. 1; Prairie—Jack Anglin, Leesburg.

### Church Bazaar

The women of the Methodist Church will hold a Bazaar, Bake Sale and Luncheon on Saturday, November 7. Children's toys, aprons, Christmas Bouquets and miscellaneous gift suggestions will be available at reasonable prices.

### Sues Hospital and Doctor

Samuel B. Kelley of Sevestopol has filed a complaint in the Kosciusko circuit court asking damages of \$70,000 against the Murphy Medical Center at Warsaw and Dr. Wilson of Mentone.

Kelley claims that while a patient in the hospital on Nov. 2, 1957, under the professional care of Dr. Wilson, for pneumonia, he suffered injuries in what he was told was a fall from his hospital bed.

He contends that the attending physician was negligent in failing to warn and instruct hospital employees that he suffered from diabetes; and that as a patient he was not guarded against such a mishap.

The plaintiff also claims that employees of the medical center failed to report his mishap for a period of three days, further aggravating his injuries.

He asks for \$35,000 from Dr. Wilson and \$35,000 from the hospital.

### WE FOUND OUT—WE THINK

After printing the article last week about some lad picking up a package of basketball tickets at the print shop, we find that others in the community have "succumbed" to the same lad. He lives near Mentone and cannot speak clearly. He comes into a place of business, and inquisitively picks up any article that may be handy. He left the library with a book, and also convinced one of our

filling station men that he was to charge a storage battery—and when it was charged they came to the conclusion that the battery was one of their own.

Be not over-confident—it may even happen to you.

### ENTERTAIN WITH HALLOWE'EN PARTY

Rhonda and Terry Yazel had several friends in for a Halloween party at their home last Saturday afternoon. The guests came masked for the occasion. Games were played by the group and then refreshments served. Children who enjoyed the afternoon were: Cindy, Peggy and John Whetstone, Sara Jo Smith, Donita Teel, Susie Shirey, Linda and Sandy Fawley and Marie Hubbard.
