BLOOD DONORS
ARE NEEDED

The Red Cross Bloodmobile will be at the Grace College gym at Winona Lake, Oct. 7, from 10 a. m. until 4 p. m., and additional donors are badly needed. Anyone wishing to arrange for an appointment may call Mrs. Joe Boggs, EL 33929.

There was a very good response last month, and it is to be hoped the quota can again be attained.

CALENDAR

Jolly James meeting at Pete's Dining Room for dutch maid party. Each member bring guest, 8:00 p.m. Monday evening, October 10.

Merry Molli's H. D. Club, hard times party at Mrs. Merl Gibson's Monday, October 10, at 7:30.

Mentone P.T.A. will meet at 7:30, Wednesday, October 12, in the Mentone gym. Membership contest is on. Join Now! Come!

D.A.R. will meet Wednesday, October 12, at 7:30 in the Mentone gym. Guest speaker will be S Sgt. M. L. Agee, of the Marine Corp.

Mentone Home Demonstration Club will meet with Mrs. Whitmyer at Roann Thursday, October 13. We'll leave from Mrs. Bertha Meredith's by 11:00 a.m. Don't forget hamburger patties.

WATERWORKS
BONDS SOLD

City Securities, Inc., of Indianapolis, were the purchasers of the \$113,000 waterworks revenue bonds sold by the town of Mentone Tuesday afternoon.

The Indianapolis firm bid an interest rate of 4% and a cash premium of \$1,162.50.

When the bonds are printed and delivered to the purchaser, and the cash received for them, the Mentone town board can then complete the construction contracts and work will begin on the waterworks improvement. The improvement includes the construction of additional distribution lines, a new well and pump and an elevated storage tank.

BIRTH

A daughter was born Saturday, October 1 at the Woodlawn hospital in Rochester to Mr. and Mrs. Calvin Mikesell of near Talma.

INJURED IN
AUTO ACCIDENT

Mr. and Mrs. Omer Morrison were treated at the Murphy Medical Center Tuesday noon after their auto ran into a utility pole at the Zimmer corner, near Warsaw. Both were released after treatment.

The auto was badly damaged.

Henry Hasse's
Mother Dies

Services will be held Thursday at 10:30 a. m. in the Sacred Heart church in Warsaw for Mrs. Bertha Hasse, 84, Route 3, Syracuse.

Mrs. Hasse died Tuesday in the Goshen hospital. She was born March 26, 1876 the daughter of Mr. and Mrs. Leopold Krempel. She had resided in Syracuse for the past three years. She married Anthony Hasse, who preceded her in death. She was a member of the Sacred Heart church.

Surviving are two sons, Louis of Syracuse, and Henry of Mentone; two daughters, Mrs. Joe Wein, of Crown Point, and Matilda Hasse, of Route 3, Syracuse; a brother, John Krempel, of Mount Vernon, O.; three sisters, Mrs. Charles Hall, Mrs. Anne Zink and Mary Krempel, all of Mount Vernon, Ohio; 11 grandchildren and three great-grandchildren. Rosary was recited at 8 o'clock Wednesday night.

Father Lawrence Reddington will officiate. Burial will be in Oakwood cemetery. Friends may call at the L. J. Bibler and Son funeral home in Warsaw until time of the service.

POWDER PUFF DERBY

The ladies' "Powder Puff Derby" was the highlight of the kart races held Sunday afternoon at Mentone, with Mrs. Paula Guyer of Peru winning both the heat race and the feature trophy race, with the second place trophy going to Mrs. Becky Stavedahl of Mentone.

In the other races heat winners were Paul Riggle, Peru; John Woolpert, North Manchester; Gene Grim, Warsaw; John Bradway, Warsaw; and Roger Egolf, Columbia City.

The consolation races were won by Carl McCain, Peru; Larry Long, Mentone; and Kenny Hawkins, Warsaw.

The "A" class feature race was won by John Bradway; the single "B" feature by Dean Williams of Huntington; the dual "B" feature by Kenny Hawkins; and Gene Grim won the "C" class feature.

A powder puff derby will also be held at the races next Sunday afternoon at Chili.

WITH THE SICK

Steven Nelson returned to his home today after spending several days in the Warsaw hospital. He is recuperating nicely now but must stay off his injured leg for awhile yet.

Orville Vandermark was to return to his home today or tomorrow after undergoing an operation at the Woodlawn hospital at Rochester last week.

Prophetic Conference

The First Baptist Church of Mentone, Indiana, will sponsor a five-day Prophetic Conference beginning on Sunday, October 16 and continuing through Thursday, October 20. Dr. Paul Bauman, vice president and director of Public Relations at Grace Theological Seminary of Winona Lake, will be the speaker. The Sunday services will be held at 10:30 a.m. and 7:30 p.m. The weekday services will be at 8:00 p.m. All services will be on Central Daylight Time.

Dr. Bauman has traveled extensively in both hemispheres. In 1949-50 he visited 30 countries on a four and one-half months trip around the world. In addition to a survey of Protestant Missions, he spent considerable time visiting the Bible lands. Recently he returned from his third trip to the near east for further study in the field of Biblical Archaeology. Of particular interest to Dr. Bauman is the study in the field of Biblical prophecies of the Old Testament, whether related to the past or the present. In his travels he has taken many pictures that illustrate the fulfillment of predictions made centuries ago concerning the future of the countries of the near east. His unique method of delivery has attracted attention to his illustrated lectures wherever he has gone.

In 1955 Dr. Bauman was sent by the Department of the Air Force to Alaska, where he appeared at retreats for all the Protestant Air Force and Army chaplains. For his outstanding services he was given a special citation from Washington.

You are invited to attend these interesting and inspiring, illustrated lectures each evening. There will be a love offering for Dr. Bauman on Thursday evening. The lectures are free.

Larger Newspaper
This Week

The page size of this issue of the Mentone News is larger than usual. The increase in size was necessitated by two advertisements taller than our normal column lengths.

We like this size very much, but our book and commercial printing press is the only one large enough to print a sheet this large, and it is usually busy with such work when each Wednesday arrives.

"Counterpoint" is also among the missing this issue. The writer has been too busy to find time to check on the birds, owls, snakes, etc. (Your editor could try to corral a few of his odd bits of fantasy, but it wouldn't carry the dignity and character so capably demonstrated by the "Counterpoint-er.")

WINNERS AT LEMLERS

The following is a list of winners of Lemler's Anniversary Sale door prizes:

First prize of \$15 in groceries went to Mrs. Verne Weiger; second prize, an electric clock, went to Mack Haimbaugh; third prize, an aluminum grill tray, was won by Mrs. Wayne Baumgartner; fourth and fifth prizes, two hams, were won by Ben Scarbough and Ernie Laird; sixth through fifteenth prizes, a sack of groceries were won by the following: Earl Chapman, Esta Large, Gloy Bennett, Mrs. Dick Long, Glen Dotson, Ima Taylor, Frank Hardesty, Maydean Dorsey, Gertrude Smythe and I. C. Tillman; and sixteenth prize, a coffee server, was won by Ned Miller.

LIONS HOLD
FIRST MEETING

The first fall meeting of the Mentone Lions club was held this evening, with a fairly good attendance. Paul Rush, president, presided.

MENTONE'S KINDERGARTEN YOUNGSTERS

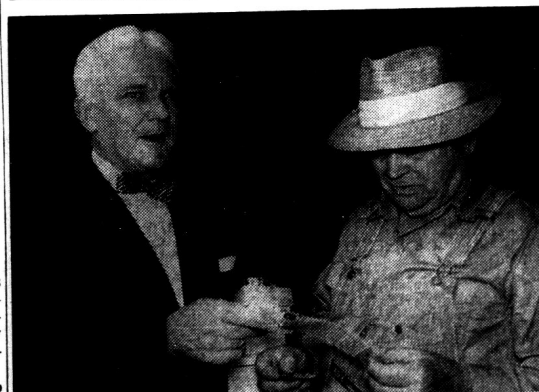

The picture above was taken of Mrs. Wrigley and her class of kindergarten students while at play on the Mentone school ground. Twenty-one youngsters present rather a problem when it comes to getting them in one photo, but this group was very obedient and really behaved like ladies and gentlemen, an indication of good training by their parents and their teacher.

Shown in the first row, left to right, are—Dan Dickerhoff, Terri Lee Boardman, Debbie

Coplen, Amy Friesner, Brad Witham, Barbara Morrison, Barbara Howard, Jeff Shoemaker, Kathleen Bush, and Teresa Yazel.

Second row—Mark Kralis, Greg Swanson, Jay Robinson, Mike Norton, Darrel Miller, Terry McGowen, Vickie Witham, Marcia Nellans, Karen Greulich, and Sharon Crawl.

The Kindergarten Association will meet Tuesday, October 11, at 7:30 at the school.

Crawford Parker's camera-man got this photo of Mr. Parker handing some of his Parker-for-Governor literature to Orla Grubbs, while the GOP caravan was in Mentone last week.

Hog Market Challenge

Indiana swine raisers are in the middle of a fierce struggle for a share of the consumer's dollar. And, points out Clifton B. Cox, Purdue University agricultural economist, they apparently are losing it.

For instance, in 1924, 24.2 percent of that total cash receipts of Indiana farms came from sales of hogs. Nation-wide the percentage was 10.4 but by 1959, the figure had dropped to 22 percent in Indiana and 8.6 percent in the United States.

Meanwhile, cash receipts from cattle sales have almost doubled in the 35-year period. Cash receipts from sale of cattle and calves in 1924 amounted to 10.9

percent on a nation-wide basis. By 1959 these receipts made up 22.7 percent of the total cash receipts. In Indiana the pattern was repeated. Cattle and calves increased from 9.8 percent in 1924 to 19.3 in 1959.

Why? Cox says this relative loss has resulted from failure of the industry to keep pace with changes in consumer demands. In brief, too much fat marketed, too high production costs and too much fluctuation in supply.

Cox explains that fluctuating supplies have forced consumption of pork and prices extremely low during periods of bumper pig crops. Prices of barrows and gilts at Indianapolis during the last four years averaged about \$17. However, they ranged from a low of 12.30 in December, 1959, to a high of \$23.34 in July, 1958. This \$11 decline in 16 months was accompanied by a slaughter increase of more than 50 percent.

In the area of production per unit of feed consumed hogs have dropped from the 1947-49 average to 91, while broilers have increased to 134.

Indiana hog producers have made considerable progress in improving quality, but they didn't start in time, Cox observes. Slaughtering plants in Indiana in the latter part of January, 1960, were killing 31 percent U. S. No. 1; 40 percent U. S. No. 2; 20 percent U. S. No. 3; eight percent mediums and one percent culls

BEAVER DAM SCHOOL NEWS

Last Friday the students in the upper six grades met in the gymnasium to select three yell leaders for the 1960-61 basketball season.

Ten girls tried out. They were Rita Lockridge, Betty Bibler, Jean Cumberland, Jean Swick, Sonia Smith, Janet Miller, Karen Perdue, Diana Ballenger, Betty Smith, and Linda Smalley.

The class presidents counted the votes. The three selected to lead our yells for this year were: Diana Ballenger, Janet

Miller, and Karen Perdue. Good luck, girls.

Mr. Malott attended the county principals' meeting this week.

At a recent class meeting the seniors chose royal blue and white for their class colors. The red rose will be their class flower.

There will be an inspection of all school buses at Claypool next Monday beginning at 8:00 a.m.

The seniors will have their pictures taken next Tuesday evening at Lockridge Studio in Rochester.

Next Friday will be the end of the first grading period. The

grade cards will be distributed the following Wednesday (October 19).

Mr. Zirkle and the boys have been working hard in preparation for the first basketball game with Milford on November 2.

We received a check from the I.H.S.A.A. for \$140.00. All present high schools who participated in the 1960 sectional tournament received \$105.00 and each high school that was a member of the IHSAA received \$35.00.

The PTA fish fry supper will be held on Wednesday evening, October 26. Everyone should begin making plans to attend this supper.

Psi Iota Xi Business Meeting

Members of Beta Epsilon Chapter of Psi Iota Xi met at the home of Mrs. Cecil Long, with Mrs. Paul Quinn as hostess for the regular business meeting Tuesday, October 4.

The sorority inspection will be held October 25 at the club 30 in Columbia City with Mrs. Robert Endsley, National Grand Treasurer of Huntington conducting the meeting.

Mrs. Long is chairman of the committee for arrangements. Assisting with the plans and decorations are Mrs. Joe Boggs, Mrs. Lee Arnsberger, Mrs. Mott Bryan, Miss Annabel Mentzer, Mrs. William Hudson and Mrs. Curtis

Small Birth Defect Victim Is A 'Prop' As Mother Lectures

Kathy Houle, of Mt. Clemens, Mich., a pretty blue-eyed brunette "going on five," poses today with perfect self-command as her schoolteacher mother lectures on the heart-breaking topic of birth defects.

Kathy doesn't mind being one of her mother's lecture "props." Mother and daughter are dedicated to the proposition that since 250,000 infants are born yearly with significant birth defects—and 34,000 babies annually are stillborn or die within the first month because of birth defects—the more widely the subject is discussed, the healthier for the nation.

The National Foundation, which financed the development of both the Salk and Sabin polio vaccines, is now supporting research and patient care for birth defects and arthritis through the New March of Dimes.

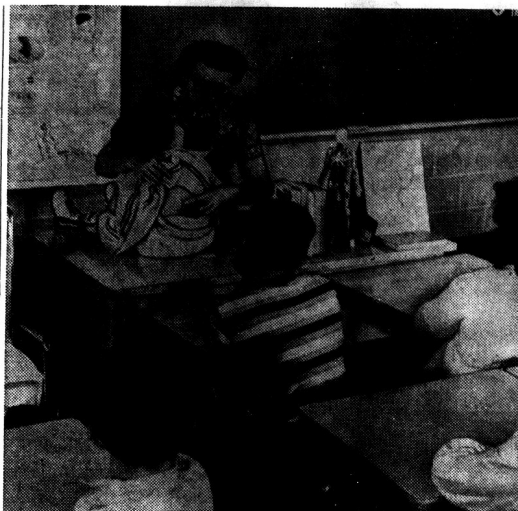

Kathy has ample reason for her devotion to the cause embraced by her mother and herself. The child was born with the forbidding birth defects of an open spine and excess fluid on the brain. When only weeks old, Kathy underwent major surgery three times.

Doctors told the parents: "Enjoy the baby while you can. She may not be with you for long."

It was a miracle that Kathy survived. But since she did, both the child and her grateful mother, Mrs. William W. Houle, a Michigan grade school teacher, want to shed light on this often "taboo" subject.

"Tens of thousands of mothers are mistakenly ashamed of having given birth to a malformed infant," Mrs. Houle says. "Tragically, many parents hide these innocent children away from public view—instead of seeking medical advice and therapy."

"When Kathy and I set out

Mrs. Houle and daughter Kathy lecture to audience of children and adults.

on our lecture tours to adults, we describe in detail such birth defects as an open spine and excess fluid on the brain. These and other such major birth defects are the largest unmet childhood medical problem in the United States today.

"Then, we tell parents that they rarely need fear having a second defective child because birth defects are not always hereditary. But when Kathy and I talk to groups of small fry, we concentrate on persuading the youngsters not to shun handicapped children which with thoughtless cruelty they often do. And not to be afraid of them."

The Houle-Kathy lecture "circuit" includes parent-teacher groups, and associations of school principals. The audience for this unique mother-and-daughter team is expanding. They can't fill all the requests for bookings.

Kathy, described by her doctors as "strong and healthy today" despite a bladder involvement due to the spinal defect, gets around nimbly on her crutches and leg braces. She has all the traits of any normal child of her age and is devoted to her two collies, to her adoring brother Douglas, seven, and to her dolls, in that eccentric order.

Storing Of Garden Equipment

It's time to store garden tools, chemicals and seeds, Leslie Hafen, Purdue University extension horticulturist, reminds Hoosier gardeners.

Insecticides and fungicides should be stored in a tight container and placed in a cool, dry spot. These materials should be placed beyond the reach of children and should be labeled as a safety precaution.

Garden seed also can be stored in a cool and dry location. If weevil is a problem, seed disinfectants should be applied, Hafen adds.

Garden tools, such as hoes and shovels, should be cleaned and sharpened and a rust preventative applied. Tools given good care this fall and winter will ease the home gardener's work next spring, Hafen points out.

Tractor Talk

DETERIORATED CABLES MAY CAUSE SPARK PLUG MISFIRING

Good insulation on all wiring is a must for proper operation of tractor and truck ignition systems. However, many farmers are not aware of the fact that ignition wiring—particularly the secondary cables where high voltages are involved—eventually must be replaced because of gradual deterioration resulting from normal tractor use.

Service engineers at Champion Spark Plug Company point out that the high voltage carried by the secondary cables, coupled with atmospheric and oil contamination, eventually causes the insulation to become hard and brittle and subject to the formation of tiny cracks.

Deterioration occurs primarily as a result of the magnetic field which builds up around the cables as high voltage surges through them. This magnetic field breaks down the surrounding air into its two main constituents, nitrogen and oxygen.

The nitrogen is harmless. But the oxygen forms "ozone" which attacks the rubber components in the insulation causing them to lose their elastic qualities and become brittle. Hence, the tiny cracks gradually develop in the cables.

When water and dirt get into these cracks, an electrical path is formed and the high voltage "leaks" away to ground before it reaches the spark plugs, thus, drastically reducing the voltage available at the spark plug electrodes.

Champion engineers advise a complete check of ignition system wiring at least once a year. If minute breaks are found to exist in high tension cables, they should be replaced.

Artificial Insemination Gaining

Hoosier dairymen spent more than \$1,300,000 last year for artificial insemination on their herds, reports N. J. Moeller, Purdue University extension dairyman.

At an average cost of \$7 to \$8

per service, herd owners used more desirable sires than they probably could afford to own and didn't have to keep or care for a bull. The added safety of not having a bull on the farm is another advantage, he points out.

One of every three dairy cows in Indiana was bred artificially in 1959. A total of 162,841 cows was artificially bred, Moeller reports.

Studies of a number of Indiana herds show milk production increased through use of artificial insemination. These herds reported an increase in production of about 60 pounds of butterfat and 1,500 pounds of milk per cow. Several of these herds have yearly averages of 500 pounds of butterfat and 13,500 pounds of milk.

The Dekalb-Steuken County Artificial Breeding Association,

with 7,035 first services, shows the largest number of artificial inseminations. This represents nearly 39 percent of the cows in the area. Spencer county has the best percentage, with nearly 48 percent of the cows in the county in the program.

Artificial insemination is available in all of Indiana's 92 counties. County agricultural agents can give information on the service.

they may look alike... but there's a

BIG DIFFERENCE

in CLOTHES DRYERS!

the GAS DRYER

is the one that dries clothes...

FASTER

No other dryer can match the speed of a Gas Clothes Dryer. It's the one that will dry your clothes as fast as your automatic washer washes them.

BETTER

Because a Gas Dryer dries faster, it is better for drying woolsens... especially blankets. Towels come out fluffier, too. And remember, speedy drying gives clothes longer life.

CHEAPER

You can dry your clothes for just about a penny a load with a Gas Clothes Dryer. This is only about one-fourth as much as it costs to operate other kinds of clothes dryers.

LET US PROVE IT'S THE ONE FOR YOU!

Use Of Fall Fertilization

Indiana farmers who follow a fall fertilizer program find several advantages, according to Cliff Spies, extension agronomist at Purdue University.

Some of these advantages:

There is more time to take soil samples, get them tested and have the reports back before it is necessary to purchase fertilizer.

Dealers have a wider selection of ratios and grades to fit recommendations based on soil tests.

Firmer ground in the fall results in less soil packing by application equipment and usually there are fewer wet spots to get stuck in or that have to be skipped.

Fertilizer is stored in the soils; this solves storage problems for both farmers and dealers. Valuable time and labor can

be saved for the busy planting season next spring.

Both phosphate and potash can be applied this fall for next year's corn crop, Spies reports. If there is danger of surface erosion then disc in the fertilizer. Phosphate can also be top-dressed on hay and pasture land if this was not done earlier in the summer.

On soils which are not sandy nitrogen may also be applied for next year's corn crop. Spies points out that present recommendations are to wait until the soil temperature is near 40°F before applying nitrogen in the fall. Temperatures drop to this level around Thanksgiving in northern Indiana and the first part of December in southern Indiana.

THANK YOU

We want to thank all the neighbors and friends for the kind letters you sent my wife when in the hospital and may God bless you all.

Asa Dirck

JUNIOR AUXILIARY HAS MEETING

A short meeting was held at the Legion Home by the Junior Auxiliary, October 1. Plans were made for a party in November. Refreshments were served by Connie Teel and Terri Boardman. Games were played.

Those present were Connie Teel, Bonita Teel, Karen McFadden, Denice McFadden, Kim Manwaring and Terri Boardman.

Our next meeting will be November 5.

THANK YOU

We wish to express our appreciation to our many friends for every expression of sympathy extended to us. It has helped ease our burden to know that so many have shared our sorrow.

DAR, PTA TO HOLD JOINT MEETING

The Anthony Nigo Chapter DAR of Mentone will hold a joint meeting with the Mentone P.T.A. Wednesday evening, October 12, at 8:00 p.m. in the Mentone gymnasium. This meeting will be open to the public.

Guest speaker for the evening will be Staff Sergeant Agee who will be accompanied by Cpl. Billy D. Martin, of the U.S. Marine Corps.

Staff Sergeant M. L. Agee, Marine Recruiter for Kosciusko County, will deliver a talk on the Marine Corps position in National Defense and Communism. He had 15 years active service in the latter part of W. W. II, and served with the 2nd Marine Division in Japan (Occupation forces) and China (Repatriation of American prisoners of war and protection of American interests). He served in Korea for 18 months and saw action against North Koreans and Communist-led Chinese, participated in five major engagements in Korea and served with the British Commandos. Recently he came from three years with the Second Marine Division at Camp Lejeune, North Carolina, and was involved in the Lebanon crisis in 1958 and has been in Indiana since January of 1960.

KART AND GATES SWING WIDE

Mrs. Dorothy Gates suffered a few bruises and a cut eyelid that required stitches Saturday evening, when a go-kart flipped while she was practicing for the "powder-puff" events.

Mrs. Gates was having difficulty with the accelerator, and when her eyes left the track for an instant, the kart left the track and turned over. Goggles and a helmet perhaps prevented more serious injuries.

Mrs. Gates is not to be thwarted in her endeavors and states she will try again.

OTT JEFFERIES LONELY

Mrs. Ott Jefferies writes that her husband's eyesight is failing so that he is unable to drive an auto and he gets very lonely sitting home all day alone while she is working. He would appreciate visitors at any time, and we are certain that his many friends will find time to visit him after learning of his misfortune.

TALMA LIONS TO MEET

The Newcastle Township Lions club will hold their regular business meeting at the Talma high school gym (old) on Monday evening, October 10 at 7:30 p.m. Members please attend this meeting.

Rummage sale, Saturday, October 8, at the Burket Bank building, by the Burket EUB Ladies Aid.

Mr. and Mrs. Artley Cullum flew to Burt Lake, in Michigan, over the week end.

Fewer Sows to Farrow

Six percent fewer sows than a year ago are expected to farrow fall litters in Indiana, report state-federal agricultural statisticians at Purdue University. They estimate the number at 468,000.

Ten percent fewer sows—270,000—farrowed June through August than did during the same period last year. Some 198,000 sows are expected to farrow during the September-November

period. This is a one percent drop.

Reported breeding intentions indicate 275,000 sows to farrow during the 1961 winter quarter (December, 1960, through February, 1961.) This would be the same number of sows which farrowed during the same months a year ago. But, the statisticians point out, it would be a 12 percent increase over the 10-year average.

Hogs on Indiana farms Sept. 1 totaled 4,694,000, nine percent fewer than last year. Hogs six months old or older, including breeding stock, are estimated at 1,029,000, 16 percent fewer than Sept. 1, 1959. Hogs and pigs under six months are estimated at 3,665,000, six percent fewer than the number on Indiana farms a year earlier.

Announcement Of Reopening OF LIBERTY MILLS SALE — NOW KNOWN AS LIBERTY MILLS LIVESTOCK AUCTION, Inc.

Thursday Night, October 6 at 6 p.m.

There will be a good consignment of livestock. Bring what you have to sell and buy what you need. We will have the buyers. All consignments and buyers will be appreciated.

FRIDAY! THE GREATEST SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

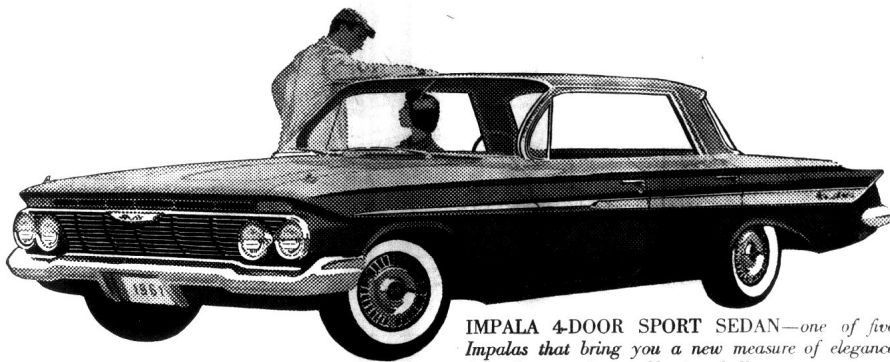

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10½ inches lower.

INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevis of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

Biscayne 4-Door Sedan

SHOW ON WORTH!

NEW '61 CHEVY CORVAIR

More space . . .
more spunk
and wagons, too!

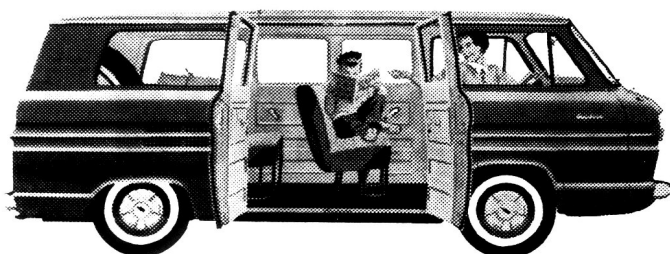

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

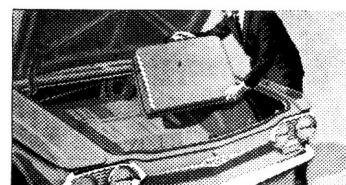

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

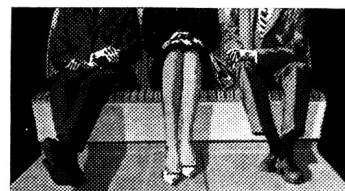

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

Noel D. Simpson was a business in Kentland, Tuesday.

GAME BIRDS ARE DECREASING

Indiana's game bird population has dropped sharply, report state-federal agricultural statisticians at Purdue University.

Based on a survey of Indiana farmers, the state's pheasant totaled about 330,000 August 1—19 percent fewer than a year ago. Almost 90 percent of these pheasants are in the northern half of the state and more than three fourths of them in the northern third.

Quail, more than six times as numerous as pheasants, are more evenly distributed throughout the state. There are about 2,002,000 quail, a decrease of 26 percent from 1959. On an average they are found at the rate of 100 birds per 1,000 acres of farmland in Indiana.

Hungarian partridge, concentrated in the northeastern third of the state, continued their steady population decline of the last two years. There are 101,000 this year—19 percent fewer than in 1959.

Weed Control In The Lawn

Unslightly dandelion, buckhorn and broadleaf weeds can be controlled with good lawn management and careful use of weed killers, says W. H. Daniel, Purdue University turf specialist.

All weed-infected areas should be sprayed with an amine form of 2,4-D. In addition, the lawn should be fertilized liberally, mowed at the proper height, and irrigated properly.

Daniel advises caution when using weed killers because they will damage shrubs, trees and flowers unless precautions are taken. Precautions include mixing the 2,4-D according to the manufacturer's directions, covering nearby flowers and shrubs with newspapers or other covers, or spraying on a calm day.

Where crabgrass is also a problem 2,4-D plus the crabgrass killers can be used together for dual control. Two applications five to seven days apart are standard with labeled directions.

Lawnowners may choose between several forms of 2,4-D for application. A wax bar (about the size of a 2 X 4) can be pulled over the area. Spreaders can be used with granular forms. When pressure or hose-end sprayers are available these may be the most effective.

Planting Trees And Shrubs

You can plant or transplant trees and shrubs in early fall, but where to place them requires some advance planning, according to Purdue University landscape architects. The trick is to determine how tall and wide they will grow before deciding on their site.

A general rule for shrubs is to plant them three feet or more away from a building, allowing for their size at maturity. Consider their future size when placing shrubs in front of your house, especially those below windows, to avoid that "choked with foliage" look. Keep shrubs far enough away from walks so they can't scratch passers-by and sufficient distance from the driveway so they don't block your view, leaving a car-length safety zone by the street.

The rule for tree placement is that they should not be closer to a structure than one-half the distance across their crowns at maturity. Planting trees too close to buildings can lead to their roots invading and cracking building foundations. A large tree can later dwarf a small house and fill its gutters with leaves. Keep clear, too, of power lines, outdoor fireplaces and underground utility lines.

Litter-dropping trees, such as Chinese elm, willows and wal-

nuts, should not be placed near areas you want for outdoor living.

LOCAL ITEMS

Mr. and Mrs. James Goshert and daughters of near Mentone were Sunday guests of Mr. and Mrs. Basil Miller and family at North Webster for a barbecue steak dinner.

Mr. and Mrs. Gilbert Griffis, Bob and Linda Nees of Mentone, Mr. and Mrs. Herschel Walter of Bourbon spent Sunday evening with Mr. and Mrs. Bill Griffis and Brad at Burket.

Mrs. Ottie Walburn, Mrs. Faye Bunner and Mrs. Jeannie McGowan were callers last week of Mrs. Rosa Kinsey.

Mr. and Mrs. Grover Burnworth of Roann, had dinner on Tuesday of last week with Mrs. Burnworth's brother and wife, Mr. and Mrs. W. E. Fowler in Mentone.

Family Finances

by
John Roberts

Are you having siding or a new roof put on your home this summer? If you're planning any major repairs on your house, consider these questions.

Does your contract contain the name and address of the company; specifications of type and extent of work; completion date; description of materials, such as quality, grade, weight, color, style; total cost; financing charges?

Does the contract contain all important verbal statements made by the salesman?

If you have a long term guarantee, have you reason to believe the company will be in existence or financially able to fulfill it 10 or 15 years later?

Did you obtain more than one bid on the same job, with the same specifications called for?

Do you know by what bank or agency the contract will be financed?

Does the company provide liability and compensation insurance to protect you in the event of an accident?

It is always best to deal with a local business firm.

ADVERTISE! IT PAYS!

Our clients' needs get special attention

The individual insurance needs and problems of each client set him apart from the crowd. Before recommending an insurance program—or a single policy—we analyze our client's particular circumstances... then develop a sound, economical plan that will provide the proper protection *without costly coverage overlapping*. Seeding Winter Cover Crops

A winter cover crop is any crop which, when seeded in late summer or early fall, will make enough growth before frost to protect the soil from erosion during the winter.

J. L. Morrow, Purdue University agronomist, says it does not need to be winter hardy enough to live through the winter, provided it makes enough leafy growth in the fall to cover the ground well during the winter.

Winter barley, Dual wheat, Balbo rye and oats (either win-

ter or spring varieties) are excellent winter cover crops. Tall fescue and rye nurse crop for fall seeded legumes and grasses when seeded with them at about one bushel an acre. In most years, fall seeded spring oats do not live through the winter. When seeded in August to mid-September they will furnish some good fall grazing and also provide winter protection for the small legume and grass seedlings if not grazed shorter than 4 or 5 inches. Because fall seeded spring oats ordinarily do not live through the winter, they do not compete with the young seedlings for water, fertility and light the following spring.

When not used as a nurse crop and when soil protection through the winter is all that is wanted, Morrow says late summer seedlings in most cases may consist of either rye, barley, wheat or oats. Under good were artificially bred, Moeller seeded broadcast in standing corn by plane with good results. Seeding rate should be 1½ to 2 bushels per acre.

Outside of standing corn best stands of rye will be obtained with some seedbed preparation. For the oats enough seedbed preparation should be made to allow covering of the seed. Seeding rate should be 2½ to 3 bushels per acre. Wheat requires a firm seedbed and should be

seeded 6 to 7 pecks per acre.

To promote maximum late summer and fall growth, Morrow advises fertilizer applications containing at least 20 pounds of nitrogen per acre at seeding time. For this type of seeding he recommends 200 pounds of 10-10-10 or 12-12-12 fertilizer.

THANK YOU

My sincere thanks to all of those who remembered me with cards and letters, and to the Methodist church ladies and Eastern Star for the flowers.

Maude Snyder

Babylon . . . World Wonder

Ancient relief found on a wall of glazed brick is among the remains of ancient Babylon.

The ruins of the Hanging Gardens of Babylon, justly famed as one of the Seven Wonders of the Ancient World, are a "must" stop for the visitor to Iraq. Built by King Nebuchadnezzar, who reigned as the Chaldean monarch of Babylon from 605 to 562 B.C., the gardens were designed to give his bride the refreshing coolness which she had enjoyed in her childhood days in the mountainous northern regions of Babylon. No vegetation is found now at the site of the ancient gardens, but the massive brick piles which supported the terraces remain as mute reminders of a king's devotion.

The gardens consisted of a vast network of artificial terraces, vineyards, and groves. Water was pumped by engines through the terraces to simulate a series of small waterfalls. Ancient Babylon was situated on a plain which lies between the Tigris and Euphrates rivers, 70 miles south of Baghdad. The kingdom flourished about 2,225 B.C., when it was the richest and most magnificent of cities. Its reign ended when it was conquered by the Medes and Persians prior to 500 B.C.

Still standing is the Ishtar Gate, one of the great landmarks of old Babylon. It consists of two massive brick pillars which arch over the asphalt "Street of Procession." Elaborate carved replicas of unicombs, griffins (a monster half lion and half eagle), and other mythical creatures adorn the walls of the gate in low relief. They are gracefully executed and well preserved from the ravages of time and weather, although they have lost their original glazed finish. Religious processions dedicated to the ancient goddess of fertility once passed this massive gate.

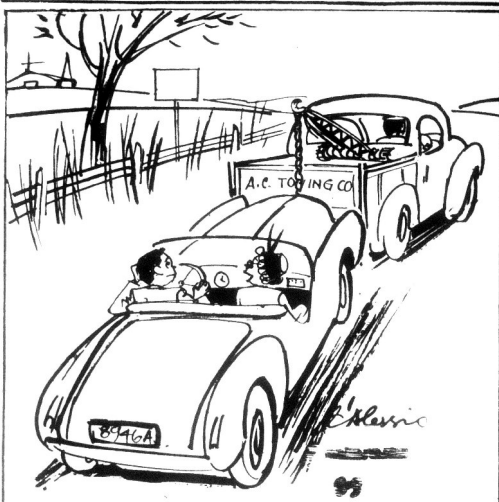

WHY CHANGE OIL

An oil change is not only detrimental to the working surfaces of your engine but each change is a sizeable payment on the ONLY REAL THING, THE RECLAIMO REFINER-FILTER. New oil is NOT the best oil. You are actually throwing away a better oil than you can buy. Why settle for stop-gap lubrication while paying through the nose for it? Install RECLAIMO, the world's ONLY refining filter, the biggest bargain in the history of the internal combustion engine, cheap at twice the price. Fully guaranteed, your satisfaction is the only condition. For cars, trucks and tractors.

TWIN CALVES ARE WANTED

Purdue University's animal science department is again searching for identical twin calves to be used in nutritional feeding studies.

Hoosier cattlemen with identical twins of at least half beef breeding may find a market for them at the University. The calves should be less than a year old and weigh no more than 650 pounds.

"Identical" refers to calves of the same sex, body size, shape and color patterns. Their general behavior should be the same. They need not be purebred and may be of either sex.

Purchases of these calves are restricted to Indiana, points out M. P. Plumlee of Purdue's animal science department. Interested Indiana cattlemen should notify Plumlee, whose office is in the Life Science building at Purdue, and whose telephone number is 92-4827.

PARASITES OF CATTLE

Dr. F. A. Hall, Purdue University extension veterinarian, says that recent veterinarian examinations of dairy and beef herds show that worms and internal parasites can cause serious trouble.

These parasites haven't been killing cattle, but the veterinarian explains that infested animals lose weight and show lowered feed efficiency.

Loss of weight and appetite, rough hair coat, pale color of

mucous membrane around eyes and mouth, diarrhea or constipation, and eating dirt or foreign material are symptoms of a parasitic condition. They can readily be observed by the alert stockman.

Dr. Hall says that yearling animals are more seriously affected. Young animals should not be housed or pastured with adult animals.

The veterinarian recommends keeping feed and hay from contamination by feeding strictly from feed bunks, pasture rotation and clean pens.

Diagnosis and recommendations for treatment of this parasitic condition should come from a veterinarian.

EDUCATION FAVOR REGULAR HOMEWORK

Assignments in Elementary Grades Produce Higher Achievement Later

Required homework, which in recent years has been out of favor among some educational groups, is back in favor, according to *Changing Times*, the *Kiplinger Magazine*.

An item in the *Schools and Colleges* column of the current issue of the magazine reports a shift of opinion among educators, who recently have asserted that homework contributes little to academic achievement, especially for children in the elementary grades. Now, according to the column, an exhaustive review reports these findings:

—Experiments show that regular assigned homework does favor higher academic achievement. And homework in elementary grades affects high school performance, for study techniques and attitudes are set very early in a child's school career.

—Arguments that homework may have bad psychological ef-

fects are not supported by research. In fact, children "may feel secure and better oriented in the classroom when they are doing regular homework."

—Research indicates that required homework should be re-instituted in the elementary grade schools and should be smoothly graduated from a token five-minute or so assignment in the first grade to about two or three hours a night in high school.

—"Parents should be expected to provide good conditions for home study, and their general interest and supervision (but not specific help) should be welcomed."

Mrs. Ethel Carter of **Green Bay**, Wisconsin visited relatives and friends in and around **Mentone** over the weekend. Her parents, **Mr. and Mrs. Harry Witham** accompanied her to her home Monday and then they are going on to Iowa to visit relatives before returning home.

Mrs. Teel Breaks
Knee In Fall

Mrs. Nora Teel had the misfortune to fall at her home Saturday evening and break her right knee. She was taken to the Memorial hospital in South Bend and is in room 716 of the new wing. Tuesday her leg was placed in traction. She is 81 years of age.

UNDERGOES SURGERY

Mervel O. Smith returned to his home Wednesday from the South Bend Memorial Hospital where he underwent multi-gland surgery one day last week.

LIONS CLUB TO SPONSOR
BASKETBALL DANCES

The Lions Club is taking over the sponsorship of the Mentone high school "after the game" dances.

For the past three years the dances have been sponsored by the Psi Iota Xi sorority.

The dances have been enjoyed by all who participated and have been a big success.

The board of directors of the lions club have appointed Arthur Kendall, chairman and Zanna Hammer as co-chairman.

The dances will operate under the same rules and regulations as have existed during the past three years.

DEMOCRATS TO
SPONSOR PARTY

A "Meet and Know Your Candidate" party will be held at Democrat headquarters, East Winona avenue in Warsaw, Friday, Oct. 14 at 8 p.m. it was announced today.

Persons are invited to attend the party and question the Democrat county candidates on various subjects covering the office they are seeking.

The following committees have been organized for the party.

Kitchen—Cloyce Eherenman, William Nice, Dale Warner, Homer Harrel, Lloyd Beckey, Rial Thomas, Stuart Stokes, Russell Truex, Gale Curtis, Norman Thompson and Charles Waggoner.

Serving — Dorothy Goshert, Betty Thompson, June Sittler, Pat Walters and Virginia Heisler.

Ethan Kauffman, chairman of the "Matt Welsh Day" committee will report on arrangements and schedules for that program.

CALENDAR

The Mentone Order Eastern Star will meet October 17.

Merry Mixers Home Demonstration Club will meet Tuesday, October 18, at 7:30 in Pete's restaurant.

COUNTERPOINT

By the Editor's Wife

Understand that some of you missed the column last week, which gives me a small warm glow.

Have you ever stopped to think how very important is this "need to be needed?" Psychologists are aware that this is one of the great areas for unhappiness in the lives of many older people who have not prepared for the years when family cares will be fewer and they will not be needed. It is a wise person who can begin to work toward this problem, and be prepared.

My six year old neighbor made this very logical comment about boy friends. "A girl ought to have more than one boy friend, for one of them might move away."

Would she be speaking from experience at this tender age?

Have you taken time to get out in the woods and scuff along in the leaves? Years ago when we lived in eastern Montana, (all plains, no trees) each fall season our thoughts turned to Indiana and its lovely autumn weather. How we would enjoy being in the woods back home! Yes indeed! Now that we have been back in Indiana about 20 years, we have managed to get into the woods two or three times.

Wordsworth expressed this same thought.

The world is too much with us: late and soon,

Getting and spending, we lay waste our powers:

Little we see in Nature that is ours.—

You are warned to read the fine print before buying shares of anything in Alaska. Promoters are moving to Alaska because of its natural wealth in mineral and oil. For every honest promoter there will be a dozen shady ones, so "watch it!"

We enjoyed this: Fussy customer, examining a cowhide jacket: "Are you sure that this is good material?"

Clerk, "Of course. It held the cow together!"

BUSES RATE HIGH

Bus inspection was held at Claypool Monday by the State Police. All Mentone units were given A-1 ratings, according to trustee, H. Earl Boggs.

Republican Rally
Warsaw, Oct. 15

A Nixon-Kennedy debate will highlight the festivities of a Rally being planned by the Young Republicans of Kosciusko County. This Rally will be held at the Republican Headquarters in Warsaw, October 15, at 7:30 p.m.

Bob Brennan, of Warsaw, club president, has appointed Mr. and Mrs. Ray Strayer, Jr., Mr. and Mrs. Phillip Harris, and Mr. and Mrs. Brooks Dalton to head a planning and entertainment committee.

The evening will be styled after the good old-fashioned political rally, beginning with a parade complete with clowns, 2 county bands, firetrucks and local candidates. This will be followed by a magician act at headquarters, starring The Millikens, outstanding magic team from South Bend. They will entertain young and old with their amazing and amusing magic tricks.

The highlight of the evening will be the Nixon-Kennedy debate, of great interest to all Kosciusko residents. It will be moderated by the very able Phil Harris, former prosecuting attorney. Guests will be able to hear national issues discussed first-hand by these two competent barristers. The debate will not be televised, but must be heard "live."

The committee has also secured the services of Bert Mohr-smith of Osceola, to call the square and round dancing which will complete the evening's entertainment. There will be free cider and doughnuts for all the guests, as well as favors.

The Young Republicans invite the public to come, meet the candidates, and have a good time. A special invitation is being issued to the 1600 young voters, voting for the first time this November. Come and see what an old-fashioned political rally is really like.

BURIED IN MICHIGAN

John H. Robinson, 79, who was born and reared in Kosciusko county, was buried at Belding, Michigan Sept. 28. He died at Grand Rapids, Michigan on September 25.

Mr. Robinson taught school at one time in this county, and a number of years ago he worked in a Mentone sheet metal shop.

Surviving are the widow, one son and three daughters, none of whom are residents of this county.

ORAL WELCH
DIES MONDAY

Oral Welch, 65, a lifetime resident of this community, died at his home Monday. He suffered a mild heart attack a few weeks ago and had been resting at home.

He was the great-grandfather of Jeffrey Yeiter, who is undergoing special treatment in Australia at this time. Mrs. Welch is with her granddaughter, Mrs. Earl (Jackie) Yeiter, of Warsaw, mother of Jeffrey.

Mr. Welch was born near Mentone Dec. 21, 1894, the son of James and Martha (Workman) Welch. He married Mary Long who survives. He was a farmer and a member of the Methodist church in Mentone.

Surviving are the widow; a daughter, Mrs. Philip Blue, of Warsaw; a granddaughter and a great-grandson.

Mrs. Welch is to arrive from Australia Thursday evening, and funeral services will be held at the Reed funeral home Saturday afternoon at two o'clock. Burial will be in the Mentone cemetery.

Dr. Paul R. Bauman, vice president of Grace Theological Seminary in Winona Lake, will be the speaker at a Prophetic Bible Conference to be held in the First Baptist church of Mentone from October 16 to 20. Sunday services will be at 10:30 a.m. and 7:30 p.m. Week day services will be at 8:00 p.m. All services are on C. D. T. See the ad in this issue of the News for Dr. Bauman's sermon topics.

Mr. and Mrs. Doyle Baum and daughter moved recently to Ft. Wayne where Doyle is enrolled at Indiana Tech.

POULTRY JUDGING TEAM IN KANSAS CITY

The Mentone Poultry and Egg Judging Team left Tuesday for Kansas City where they will judge in the National FFA judging contest. The team won the honor of going to Kansas City when they placed first in the state contest recently.

The team consists of Doyle

and Larry Eiler, Larry Greulich and Phil Nelson.

The above picture was taken as they had their final practice, Saturday, at the Del Nelson poultry farm, near Burket. The coach, Mr. Bitzer, is pictured at the right. Larry Greulich was not present as the picture was taken by the News photographer.

DAR State Conference

The Sixtieth Annual State Conference of the Indiana Daughters of the American Revolution was held at the Claypool Hotel in Indianapolis, October 4th and 5th. On Monday evening prior to the opening of the State Conference a State Officers Club Banquet was held.

Mrs. Charles F. Stone, National and State Chairman of American Music was in charge of the program—America Sings. Music of many periods was sung by Francis Vigo Chapter Ensemble. Members enacted tableaux representing Miss America, Pilgrim Indian, Benjamin Franklin period, mountaineers, 1849, Civil War, Spiritual, 1880, Gay Nine-

ties, 1917 Flapper, World War II and religious. Excellent narration accompanied the tableau. Mrs. Frank Smith and Mrs. Ray Linn of Mentone attended.

Conference opened on Tuesday morning by greetings from Hon. Charles H. Boswell, Mayor of Indianapolis and the welcome by Mr. Bryon Karr, manager of the Claypool Hotel.

The excellent reports given by the State Chairman, District Directors, State Regent and Vice Regent were very inspiring and showed what the Indiana Daughters are doing.

The Conference was very fortunate in having Dr. Nicholas Nyaradi, Director, Institute of International Studies, Bradley University, Peoria, Illinois talk to us on "Free Enterprise or Disaster." On this topic he told us the preservation of the American free enterprise system is essential in order to maintain all our freedoms in America because all the freedoms are rooted in and build upon the economic freedom of our country. Dr. Nyaradi told us the main objective of the Kremlin will always remain to precipitate the collapse of the American free enterprise system. Soviet economy in general and Soviet industry in particular are still much weaker today than we often realize it in the United States. To return to honest to goodness American economic and political principles which made this country the leading nation of the world is the only answer to the problem of this country's survival.

Another speaker was Mr. Preston G. Wolfe who told us if

we are to preserve this nation and the free world, new patriots and heroes must emerge to lead us in the work ahead. He also stated that the newly independent nations of the world deserve every consideration, but should be taught to understand that they cannot expect to accomplish in a few short years that which we were able to accomplish only in two centuries of freedom.

We very much enjoyed the musical selections by the Hoffman family of Anderson and the Indiana State Chorus.

Mrs. Lawrence L. Guenin, Press State Chairman, assisted by her sisters, Mrs. Glenn Highley, was in charge of the Press Luncheon. Mrs. Ellsworth Clark, National Press Chairman, gave a talk on "Realism in Press Relations."

Sixty years with D. A. R. was the theme on Wednesday night's banquet program. Gowns from the Benjamin Harrison Home were modeled, one by Mrs. Eldred Paulus of the Anthony Chapter. Mrs. Ruth Woodward, curator of the Harrison Memorial Home, spoke on "Caroline Scott Harrison, Your First President General."

Music was furnished by a girl's barbershop quartette. This was very much enjoyed.

This was a very colorful conference because of visiting dig-

nitaries from Florida, Alabama, Georgia, Mississippi, Texas, Ohio, Kentucky, Illinois, Delaware, California, and District of Columbia besides many from Indiana.

Those attending from the Anthony Nigo Chapter were Mrs. Frank Smith, Northern District Director; Mrs. Ray Linn, State Program Chairman; Mrs. Wayne Smalley, page; Mrs. Paul Shireman, page; Mrs. Eldred Paulus, and Mrs. Ernest Igo, Regent.

ADVERTISE! IT PAYS!

A capital investment of about \$60,000 was required last year to provide a full-time job for a farm worker in Indiana, according to agricultural economists at Purdue University. This was nearly six times as much as was required 20 years ago.

Don't wait too long before starting to feed silage to your dairy herd, even though limited silage feeding is practiced, remind Purdue University dairy scientists.

Now...your Chevrolet dealer offers *one-stop shopping* for your new '61 car!

Here's a better way to choose your new '61 car. Now your Chevrolet dealer offers a range of models to suit almost any taste or need—in a range of prices to suit any budget. It's the greatest show on worth! A full crew of low, low-priced new Chevy Corvairs, including four wonderful new wagons. New Chevy Biscaynes—offering big-car comfort at small-car prices. Beautiful Bel Airs, elegant Impalas, and the incomparable Corvette. Shown below are just 5 of the 30 different models you can pick from. Come on in and make your '61 car-shopping rounds the easy way—all under one roof!

New '61 Chevrolet IMPALA SPORT SEDAN

You've got *five* Impalas to pick from—models that put the accent on luxury while offering all of Chevy's new ideas about comfort and convenience—like larger door openings, higher seats, and a low-loading deep-well trunk.

Presenting big-car beauty at small-car prices

NEW '61 CHEVY BISCAYNE 6

(2-Door Sedan, above) All Biscaynes, 6 or V8, give you a full measure of Chevy quality, comfort and proved performance. Yet they're priced right down with many smaller cars that give you a lot less!

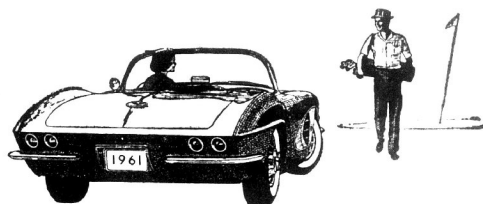

New lower priced '61 CORVAIR 500 4-DOOR SEDAN

Like all Corvair coupes and sedans, this model costs *less* for '61. You get more spunk, space and savings—and now Corvair has wagons, too!

New '61 Chevrolet BROOKWOOD 9-PASSENGER STATION WAGON

All *six* Chevrolet wagons feature a cave-size cargo opening that's nearly five feet across! . . . plus a new concealed compartment (lock is optional at extra cost) for stowing valuables.

NEW '61 CORVETTE

New form and fineness for America's only true sports car. New '61 Corvette offers more performance and more luxury equipment than any car in its class.

See the greatest show on worth at your Chevrolet dealer's!

BOARDMAN CHEVROLET SALES

MENTONE, INDIANA

SURPRISED ON BIRTHDAY

Mrs. Adam Poe, of east of Mentone, was pleasantly surprised Monday when her five sisters dropped in to help her celebrate her 68th birthday. The six sisters range in age from 55 to 78. The visiting sisters were: Smanthy Endsley of Mentone; Mable Barnes and Mrs. Ed Johnson of St. Joe, Michigan; Kathleen Sirk and Sylvia "Tibboehl" of Benton Harbor, Mich.

Mr. and Mrs. Russell Langfelt of Plymouth, called at the home of Mr. and Mrs. Rea H. Ward Monday.

Mr. and Mrs. Mary Ann Lang of near Palestine, called at the home of Mrs. Chloé Luffis and Mrs. Earl Carbiener in Mentone on Sunday evening.

Saturday Mrs. Kathleen Campbell and son Alan of Michigan City spent the day with Mrs. Tessie Anderson. Mrs. Kenneth Riner called in the afternoon.

Mr. and Mrs. Emory Hund of Long of Laotios, Mr. and Mrs. Bert Holloway, Mrs. S. Z. Duffer, Mrs. Francis Brown, Mrs. Ivan Tucker and Mrs. Harry Cole were callers of Mr. and Mrs. Garrie Rose the past week.

Mrs. Gene Worsham of Warsaw and Miss Judy Pixler visited Tuesday with Mrs. Tom Harman and Lisa.

Mrs. Noble Babcock called Monday at the home of her parents, Mr. and Mrs. Robert Jones.

OPEN HOUSE ON WEDDING ANNIVERSARY

Mr. and Mrs. Claud Barkman of Mentone will celebrate their golden wedding anniversary Sunday, October 16. Open house will be held from 2 until 4 p.m. at their home in Mentone.

They were married October

15, 1910 and have lived in the Mentone community all their life. They are the parents of two sons, Walter, deceased, and Kenneth who lives in Mentone. There are four grandchildren and one great-grandson.

PHOTOGRAPHER TO BE HERE OCT. 24th

A representative of the Woltz Studios, Des Moines, Iowa, will be in Mentone at the American Legion Hall, Monday, Oct. 24, 10 a.m. to 5 p.m., to take pictures of the children, free. For appointments, call Mrs. Kenneth Romine, EL 3-3805 or EL 3-3985.

Mrs. Lou Robbins and Mrs. Ina Davis called at the home of Mrs. Byron Linn recently.

Mr. and Mrs. Fred Lemler are expected home this evening after a ten-day trip into Eastern Montana where they visited Mr. Lemler's sister.

Ed Cochran fell from a coal truck Thursday of last week and injured a few ribs.

Mr. and Mrs. Don Aridian Bunner and daughter of Danville, Ill. were weekend guests of his parents, Mr. and Mrs. Don Bunner.

Dr. and Mrs. Dan L. Urschel and daughter Sarah spent the week end at their cottage on Burt Lake, near Pellston, Mich.

Mrs. Cora Beltz of Mogadore, Ohio is visiting with her niece and husband, Mr. and Mrs. Andrew Hall and other relatives and friends in Indiana.

Mr. and Mrs. Lee Dillingham of Michigan City were Sunday dinner guests of Mr. and Mrs. Ray Dillingham of Mentone.

LETTER TO THE EDITOR:

As the Democratic Candidate for Commissioner of the Southern District of Kosciusko County, I have been passing out cards, meeting people, asking questions, and am trying to answer the various ones asked me.

I have found the people of our county to be very friendly, considerate and concerned. I have only been bitten by one dog, so far; and of course, that was by a Russian Poodle.

Due to the good reporting of the newspapers of the county, the people are well informed on the present issues.

The number one issue seems to be the high taxes and the things contributing to them, such as, the three-cent court house cumulative fund tax levy. As yet, no one has opposed the stand four other taxpayers and I took in opposing this high levy, and, Mr. Editor, the feelings are very strong against the installation of an elevator in the court house at this time, due to the difficulty in securing money to pay taxes in the present economic situation.

The second big issue on the voters' minds seems to be the cost of operating the Health Department, and the drastic measures being taken by this department. Everyone agrees we need a good Health Department; and I agree with this sentiment, that we do need a good active health department, but one that is reasonable as well as demanding sanitation in dealing with the public.

I have been asked by several voters to express how they felt about these issues, and to tell how I stand concerning these matters. I have always stood for conservative progressiveness — working to receive full value for money spent.

Yours for the best service at the lowest cost.

WORBY A. CLINKER,
Silver Lake, R. 1.

PIE IN THE SKY?

RECLAIMO is unconditionally guaranteed to clean up the dirty oil in your crankcase. It is the only product that will maintain a STABLE lubricant in your crankcase. It is obvious that the best method toward maintaining a stable lubricant is to have nothing but clean oil from the beginning and maintain it mechanically clean for the life of the engine.

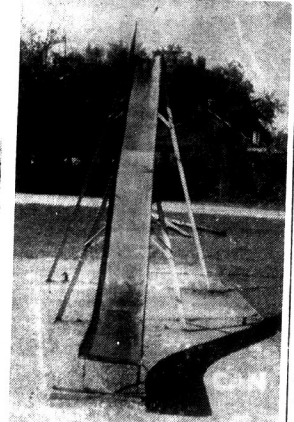

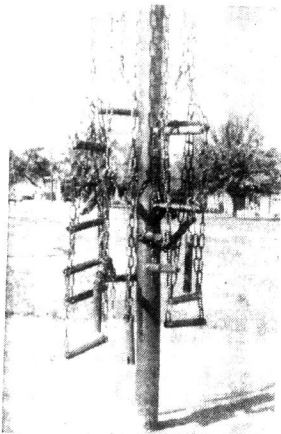

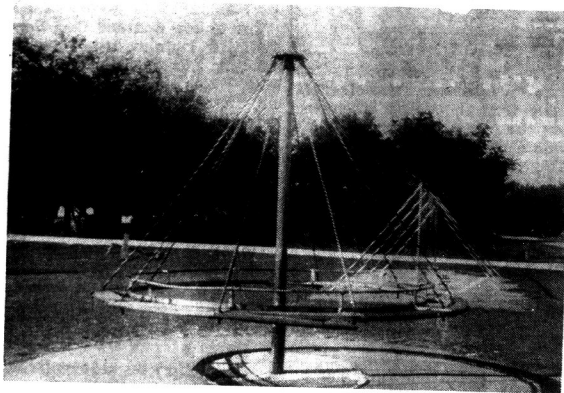

The fact that clean oil is continuously circulating through an engine will result in many benefits to owners of vehicles of all types. It is known that:

1. The rate of wear will be reduced immeasurably due to lack of contaminants.
2. Performance will increase due to reduced friction between the working surfaces.
3. The surface skin of the engine's working parts will not be disturbed by needless oil changes.

Get The Facts. Ask to See One Today.

JACK K. RINER, DEALER

School Playground Equipment Needs Repair

The past several weeks there has been consistent comment in the PTA and other organizations in the community about the extreme need for playground equipment at the Mentone grade school. For the benefit of those patrons who have not visited the school, the News has taken the three pictures here of some of the equipment.

The swing, shown in the background of the top photo, is one of the best pieces of equipment on the grounds. The ocean wave, was used by some of the parents of the first and second graders when they were in the second and third grades. One of the planks is shown badly split and part of the hand rail, as can be seen, is broken. One of the teeter-totters, at the far left, is completely out of operation. The other one has only one of the two boards useable.

The basketball court is in fine shape, but one of the guard rail units, over a 40-inch block wall, is missing.

The May Pole, shown in the bottom left has many of the hand holds broken and several are improperly attached to the supporting chains. In the background may be seen the low pointed 4x4s that are intended to be a deterring factor to the youngsters who might stray onto the city street. Each of these pointed posts are ideal for inflicting serious injuries to playing youngsters.

The slide, shown in the right bottom photo, is tilted far to the north, has only one guard rail, and has a number of metal breaks in the slide. It is stationed above an area of hard oiled stone with no protection in the "landing" area. Underneath a number of iron pegs protrude from the ground, and the wooden forms still remain and protrude above the ground as further hazards. (One youngster recently suffered a mild concussion as he fell from the unprotected slide.)

A merry-go-round for the little tots appears to be in reasonably serviceable condition.

There seem to be inspectors that inspect and rate all aspects of a public school, but the playground equipment inspectors evidently never returned from World War II.

There is much more that one could say regarding the playground equipment, but a little immediate action by the proper officials may make this unnecessary.

FRIENDLY GREETING

We wish to thank our friends who so neatly "raided" our miniature watermelon patch, last Sunday. The resultant greeting was very warmly appreciated. Come again.

Mr. and Mrs. C. O. Eiler. (Friends placed the melons in letters four feet high, spelling HI C. O.)

Friendly Neighbors Club Meets

The Friendly Neighbors Home Demonstration Club met with Fern Besson for their October meeting.

The history of the song of the month, was read and the group sang "Oh Mary don't you Weep." Stella Studebaker read three poems for meditation, entitled, "To Me and My Farm," "We know at Last," and "The Beauty of Autumn."

Elener Manwaring gave a few remarks on "courteous and safe driving."

Frances Olson gave the lesson on "Effective Speaking." She in turn asked Ottie Walburn and Goldie Mollenhour to give one minute talks on "The Home."

Elener Manwaring introduced Mrs. Walburn and Mrs. Mollenhour. The nominating committee reported on their nominations for the coming year. They were: president, Dora Whetstone; vice president, Goldie Mollenhour; secretary, Marie Deaton; treasurer, Hildreth Coplen. Seventeen members answered roll call with "Where I Spent My Honeymoon."

The regular business session was conducted by our president, Myrtle Wentzel.

Tasty refreshments were served by our hostess and co-hostess, Thelma Eaton.

Jolly Janes Meet

Twenty-eight Jolly Janes and guests met in the dining room of Peterson's Restaurant Monday evening for their October meeting. Mrs. Deloris Senff of Etna Green a Dutchmaid saleslady, showed her many items of wearing apparel.

The nominating committee read their slate of officers for the coming year. These were approved by the group. They are as follows:

Mrs. Jim Miller, president.
Mrs. Frank Hardesty, vice president.

Mrs. Tom Harman, secretary.
Mrs. Russell Eber, treasurer.
Plans were also made for attending achievement day, which is October 19.

The finance committee, Mrs. Max Friesner, Mrs. Albert Hatfield and Mrs. Dick Gross were hostesses for the evening and served cake and coffee at the close of the Dutchmaid party and regular business meeting.

FFA SCRAP DRIVE

The Mentone Chapter of the Future Farmers of America are sponsoring a scrap drive until November 5. If anyone has scrap please notify any member of the F.F.A. or phone the Mentone school. We would appreciate any scrap that can be brought in, as our treasury is very low at this time.

Dave Feldman

Mr. and Mrs. Harold Utter are on a motor trip to Montana and Wyoming.

MENTONE ANNUAL STAFF BUSY

The Mentone Annual staff, composed of Linda Surface, editor, Martha Miller, Janice Davis, and Sandra Lackey, has been very busy collecting advertising for the 1960-61 annual. The drive will close this Friday. If anyone has been missed, please contact one of the staff members and she will call on you for your ad. If you do not wish to advertise, you may sponsor a page or your name may be placed on the booster page or have a complimentary page.

Next week the drive for subscriptions will be started. It will be conducted for two weeks. If any adult wishes a copy of the new annual next spring, please contact the staff and an order will be given. The annual will be delivered to you. The price is \$2.50, the same as it was last year. Students are paying \$1.50 with their orders and \$1.00 when they receive their annuals in May, 1961.

The annuals will again have the special features including stiff backs and sewn sheets for longer wear and keeping.

Mr. and Mrs. Don Bruner were luncheon guests of Mr. and Mrs. Rea H. Ward Tuesday.

FHA MEETS

The second meeting of the Mentone Chapter of FHA was held on October 3, with forty-three members present.

The history of FHA was read by Cheryl Horn, then Mrs. Carpenter gave us some new ideas for our meetings.

New business brought up was to have a skating party the last of the month. The committee for coat check was also announced. The group was led in songs after which cocoa and doughnuts were served.

Next meeting will be on November 7. It will include a debate on dating.

Mona Ross, Reporter

NEWCASTLE

TOWNSHIP NEWS

George Coplen was a business visitor in Bourbon Friday.

Fred R. Miller, Emmet Carter and Lavoy Montgomery attended a District Conservation Zone meeting at Winamac Wednesday evening.

Mrs. Ota Dick of Mentone was Sunday guest of Mr. and Mrs. Gilbert Utter.

Mr. and Mrs. Ted Koch spent the weekend at their cottage at Alestine Lake near Warsaw.

Fred R. Miller and Joe Duzan were business visitors in Rochester Saturday.

A daughter was born September 21 to Mr. and Mrs. Gene Gibbons of Riverside, California in the Riverside Community hospital. Mrs. Velma Lorn of near Talma is the maternal grandmother. The paternal grandparents are Mr. and Mrs. L. J. Gibbons, R. 3 Rochester.

Born to Mr. and Mrs. Bruce Bland of near Talma, a daughter in the Woodlawn hospital at Rochester. Mr. Bland is principal in the Talma High School.

Mrs. Fritz Morgan and family were the guests of her parents, Mr. and Mrs. Ed Staldine, Wednesday.

Mrs. Paul Miller of Tiosa and Mr. and Mrs. Fred R. Miller were business visitors in Rochester Wednesday.

Mr. and Mrs. Harry Sriver spent Saturday visiting their children, Miss Janalene Sriver and Monty Roe Sriver.

Mr. and Mrs. Don Pfeiffer were the recent guests of her parents, Mr. and Mrs. Allen Eizinger of Mentone.

Conservation Officer Roy Becker of Rochester was a business visitor here Saturday.

Mr. and Mrs. Fred D. Barr have been called to Lowell, to attend the funeral of Mr. Barr's sister, Mrs. Elmer Jones.

Mrs. Russell Chapman was a

business visitor in Plymouth Tuesday.

Mr. and Mrs. Cliff Hindman and family of Argos were Sunday evening guests in the home of Mr. and Mrs. Fred Miller.

Marion Holloway of So. Bend spent the weekend here visiting his parents, Mr. and Mrs. Jack Holloway.

Junice Hook of Rochester was a business visitor here Friday.

POSTAL SERVICE NEEDS GROWING

A new all-time high in the nation's mail volume was reached during fiscal year 1960 ending June 30, which continued the steady upward trend of the past seven years at a rate which even exceeds the population growth, according to advance information from the Annual Report of the Post Office Department which has been made available to Postmaster Kenneth Romine.

Although subject to last minute revisions, the year's total has been estimated as 63.6 billion pieces of mail which includes about one billion pieces of parcel post. It was stated that this would mean an increase of nearly 25 percent over the corresponding figures for 1953 when the annual volume was 50.9 billion pieces.

During this same period, it was pointed out, the revenue

of the Department also has shown an impressive gain with an increase from \$2,091,714,000 in fiscal year 1953 to \$3,276,800,000 for fiscal year 1960.

Here in Mentone, Indiana, receipts of the post office climbed from \$12,652.75 in 1953 to \$20,734.35 last year.

"There is not much we can do about how much mail we have to handle from day to day or how many people are making use of the Postal Service," Postmaster Romine stated, "but the whole Department keeps busy in devising ways and means for doing the job not only more efficiently but more economically."

Included among items cited by Postmaster Romine as recent accomplishments by the Department were the following:

Established the first large-scale program of automatic mail handling by machinery on a nation-wide basis.

Developed the "airlift" program which speeds up the delivery of approximately one letter out of every 17 on a "space available" basis.

Continued with the development of faster machines for letter sorting, parcel post sorting, and for mail culling, facing and cancelling.

Continued with plans for a new automatic postal sub-station which will vend stamps, envelopes, post cards and writing

paper, and which will have money changers for both coins and bills.

GIRL SCOUT NEWS

On Friday, October 7, ten Girl Scouts and two leaders hiked from the Methodist church to the Denton Abbey home where they held a cook-out. Their menu consisted of Hunter's Stew, waldorf salad, robinson Crusoes and milk. Following the meal and dishwashing, songs and other activities were enjoyed around the campfire.

Troop 30 is making plans to honor the 100th birthday of Juliette Low, founder of Girl Scouts in the United States. Juliette Gordon Low was born October 31, 1860 in Savannah, Ga. She held the first Girl Scout meeting on March 12, 1912 in Savannah.

The girls from troop 30 would like to borrow pictures of former Girl Scouts, or even an early Girl Scout uniform. If anyone has any to loan, please contact one of our leaders, Mrs. Denton Abbey or Mrs. Joe Tucker.

Pamela Abbey, Scribe

TALMA ROD AND GUN CONSERVATION MEETING

A LOOK AT LIVESTOCK AND CROP PRODUCTION

Science and technology will replace the "art and eye" of both livestock and crop production in the 1960s, observes Dr. W. M. Beeson, head of animal nutrition work at Purdue University.

Soils and crops supply the basis for both livestock production and human life, he points out. However, only a small percentage of such basic crops as corn and soybeans goes directly for human food. Americans prefer livestock products—meat, milk and eggs.

Describing the corn plant as "king and prime minister of all Corn Belt crops," Beeson says more beef and milk can be produced from an acre of corn than any other known crop. Cattle feeders produce a ton of beef from an acre of corn silage while an acre of grass and legumes will produce only one fourth as much.

Beeson lists these livestock raising innovations which will influence crop production and farming methods.

We no longer have to depend on far produced hay of varying quality to furnish a standard product. Dehydrated pelleted legumes and other roughages of all types will be more abundant in the future. Weather will cease to play a part in preserving roughages.

Eventually we will harvest and immediately store or preserve feed in the form they are

to be fed to livestock, thus eliminating many of the inbetween processes and numerous chores of handling the feed several times before it is fed to the animals. The best example is the picking of high-moisture corn and directly ensiling it or grinding it into a sealed, oxygen-tight structure which will preserve the feed in a form that is high in nutritive value.

"Hay making by the baling process will gradually pass out of the picture and we will have machinery which will dry and pellet hay in the field ready for feeding. Haylage (ensiling 45 percent moisture hay in an air tight silo) is being tested in many feed lots and offers a new way of preserving the hay crop in a palatable and nutritious form.

"We are on the brink of discovering anti-mold and anti-fungal compounds for the preservation of high-moisture grains and silage. Antibiotics and other substances which will control bacterial fermentation so only the most favorable acids will be produced in silage also are being developed.

"There is a possibility that the roughage requirements may be lowered provided the diet is well balanced—Recent discoveries have shown that one of the basic functions of roughages is to increase saliva flow which is rich in bicarbonates. Cattle

and sheep are being fattened experimentally by substituting a certain percent of sodium and potassium bicarbonate for roughage."

WRITE FROM GERMANY

Thank you so much for sending us the Mentone News. We really enjoyed reading about all the happenings in and around Mentone and Talma.

We are enjoying our tour very much. This being Chuck's second tour over here, I believe he is seeing more of Germany than he did before.

At the present we are living on the economy and it has brought us a lot closer to the people and the way of life they live. Our landlords speak no English, but we have learned enough German to make them understand us. At times I believe our children speak and understand more German than we do.

We are in the South Western part of Germany, about 90 miles from Frankfurt. In the town of Kaiserslautern.

Thank you again for sending us the paper.

Yours truly,
Chuck and Mary Waltz

Plant Unhulled Walnuts In Fall

The fall of the year is a good time for Indiana farmers and

other land owners to enrich their property by planting locally gathered seed walnuts, according to the American Walnut Manufacturers' Association. The association, which is spearheading a "plant more walnut" program, points out that mature walnut trees are much in demand for their lumber and veneer values.

Walnuts planted in autumn, the association notes, need not be hulled. All that is necessary is to make a hole about two inches deep, plant a nut and tramp dirt over the hole. Some nuts may be lost to the squirrels, but others will grow into young trees next spring.

Mrs. Rosa Kinsey attended the homecoming Sunday at the Methodist church at Mt. Pleasant.

Sunday afternoon and evening Mr. and Mrs. Rea H. Ward visited with a group of friends at the home of Mr. and Mrs. Alonzo Richard at Plymouth.

NOTICE OF LETTING

Notice is hereby given that the Board of Trustees of the Town of Burket will receive sealed bids up to 8:00 p.m. DST, October 22, 1960 for the following:

8,000 gallons or less of cut-back asphalt furnished and applied,
400 tons or less of washed

aggregate furnished and applied.

Said bids must be submitted on the form prescribed by the Indiana State Board of Accounts together with non-collusion affidavit and bid bond in the amount of \$250.00.

The Board of Trustees reserves the right to reject any and all bids.

Doris M. Sisk
Clerk-Treasurer
Town of Burket

NOTICE OF LETTING

Notice is hereby given that the Board of Trustees of the Town of Etna Green will receive sealed bids up to 7:30 p.m. DST October 22, 1960 for the following:

8,000 gallons or less of cut-back asphalt furnished and applied.

400 tons or less of washed aggregate furnished and applied.
225 tons or less of plant mix asphalt furnished and applied.

Said bids must be submitted on the form prescribed by the Indiana State Board of Accounts together with non-collusion affidavit and bid bond in the amount of \$400.00.

The Board of Trustees reserves the right to reject any and all bids.

ENJOY "HARD TIMES" PARTY

The Merry Mollys enjoyed a
'Hard Times' party Monday eve-
ning at their October Home Ec.
meeting at the home of Mrs.
Merl Gibson.

Everyone was very much
dressed for the occasion, and
Mrs. Dale McGowen received a
gift for having the best costume.
Mrs. Donald Bennett, our pre-
sident, was in charge of the
meeting.

Mrs. Donald Horn and Mrs.
Robert Hibschan gave the les-
son on "Effective Speaking." We
were told how to "prepare" a
speech then, "How to Deliver
the Speech." Several ladies were
given a topic and then later gave
a one-minute speech on it. They
were checked for language, pos-
ture, etc.

After the meeting we went to
the basement where we all en-
joyed several Halloween games,
bobbing for apples and pinning
the nose on the jack-o-lantern,
blind folded.

Mrs. Donald Bennett received

a prize for putting the nose
in the proper place.

Delicious refreshments were
served by the hostess and co-
hostess, Mrs. Merle Gibson and
Mrs. Harold Horn. Our food was
placed on foil plates and our
coffee in orange juice cans.

We had one guest, Mrs. Albert
Hires. Mrs. Clayton Holloway
received the door prize.

DISTRICT SCOUT NEWS NOTES

Get Out the Vote Good Turn

All cubs scouts and Explor-
ers will have a chance to take
part in the Nation-wide service
in the "Get out The Vote" cam-
paign. This is one part of the
50th Anniversary achievement
award. Every boy will want to
have a very personal part in this
celebration—on October 29th.
All over the Nation Scouts will
be hanging millions of "Get Out
The Vote" door hangers.

You will want to set the stage
for your Unit's part in the "Get
Out The Vote" project to insure
the richest possible values for
the boys who take part. The
value of this service can be
dramatized at a parents' meet-
ing. Doing the job well is im-
portant in itself, of course, but
the values to the boy that grow
out of this service can have,
even more, far reaching effect
on America's future.

Your unit's door hangers can
be picked up at the Scout Office
any time after October 11th.
Please assign some person to
pick them up so you will be
ready to distribute them on Oc-
tober 29th.

Den Mothers Workshop

The first Den Mothers Work-
shop will be held at the Simp-
son Methodist Church, 1501
Morehouse Ave. from 9:00 a.m.
to 11:00 a.m., October 24. All
Den Mothers in the Elkhart dis-
trict are invited to attend. Please
bring with you any vegetable or
flower seeds you may have on
hand, i.e. corn, rice, beans, etc.
A baby sitter will be furnished
at 25c per family.

Chief White Father Say . . .
"He who wears out his pants
before his shoes is making
wrong choices."

The best time to order nur-
sery materials is in the fall for
spring delivery, according to
Purdue University horticultu-
rists. An early order for trees,
shrubs and plants is a safe-
guard against the "sold out"
notice.

Purdue University veterina-
rians advise vaccinating heifer
calves against brucellosis when
they are between the ages of
120 and 269 days.

ADULT FARMER
WELDING CLASS

The Mentone Vocational Agriculture department will hold an evening class of ten meetings of arc and acetylene welding.

The first meeting for organization and final enrollment will be held Tuesday night, October 25, at 7:30 p.m. in the agriculture room.

If you are interested in a detailed welding course, please make immediate contact with Morris Bitzer, vocational agriculture teacher. The first 16 to contact for enrollment will be eligible to take the course.

CHANGE IN SPONSORSHIP

The Mentone Lions Club has withdrawn support from the school dances. These dances are held in the school cafeteria following home basketball games. They will be sponsored by interested adults. Anyone desiring to help with this project may contact Art Kendall.

NEW DAUGHTER

Mr. and Mrs. Tom Hoover of R. R. Warsaw are the parents of a new daughter born October 15, at the Whitley County hospital in Columbia City. She weighed five lbs. 11 oz. and has been named Kelley.

Dwayne McKinley left this week for Dayton, Ohio where he has accepted a position in the sales department of the Meisner Paper Company.

TEAM WINS
GOLD MEDAL

The Mentone Poultry Judging team came home from the National FFA Contest in Kansas City with the top group award, the gold medal emblem.

Thirty-four teams from 34 states participated in this contest. Nine teams received gold medals, 11 teams a silver medal, seven teams a bronze medal, five teams honorable mention, and two teams participation.

Individually, Larry Greulich received a gold medal, Phil Nelson a silver medal, and Doyle Elder a bronze medal.

This climaxes a brilliant record that this judging team has compiled during the past two years.

YOUNG FARMERS
CLASS TO START

The first meeting of the Mentone Young Farmer class will be held Monday, October 24 at 7:30 in the vocational agricultural room.

This year the class will have a full schedule of farm shop work. The young farmers will build, paint or repair items from their farms.

The first night will be an organizational and enrollment meeting. If there are any questions, please contact Morris Bitzer, vocational agriculture teacher.

Anyone who is interested in attending this class is invited.

CALENDAR

W.S.C.S. of M. E. Church will meet Thursday, October 20, at 7:45 p.m. at Mrs. Everett Long's.

COUNTERPOINT

By the Editor's Wife

Can you imagine a vending machine so big that it will make change for bills from \$1 to \$20; and sell such a variety of articles as a small 5c paper to \$1,000 Florida lots? Such an invention is practically ready for use; believe it or not!

Haydn Pearson writes nostalgically and beautifully (Fort Wayne News Sentinel) about our autumn weather. He says, in part:

"There is something about October that sets it apart. It is a time of beauty and a period of bracing weather. *** At high noon when mellow warmth blesses the land, and the color pageant in the woodlands paints a symphony of reds and scarlets, browns and golds, wine and purple, chickadees chant in the August Sweet behind the woodshed, and crickets fiddle their strings in aster beds beneath the kitchen windows."

While raking leaves with Lisa and Tim recently we spied one live purple violet blooming in the flowerbed. We brought it into the house, placed it in a small vase, and put it in the center of our table. It was truly a miniature centerpiece, but the idea seemed to appeal to the grandchildren. Have you ever taken time to notice the exquisite beauty of one single bud or blossom? It's worth your time.

Helpful Hint (not original)—keep an old roll window shade in the trunk of your car. In case you have car trouble, unroll it on the ground and keep your clothes clean.

Can you imagine anyone living through all the noise, conversations, news-broadcasts and TV interviews last week and not knowing who won the World Series? (I can.)

We enjoyed this:

Visitor, to young father: "Don't you think a baby brightens up a home wonderfully?"

Young father: "Yes, I sure do. We have our lights on most of the night now."

HOSPITAL NEWS

Mrs. Aca Dirck of Mentone was admitted to the Park View hospital in Plymouth Saturday.

MENTONE NATIVE
BURIED HERE

Charles Clark, 78, of Milford, a retired machinist, died at his home at 2 a.m. Thursday.

Mr. Clark, who moved to Milford in 1946, had been ill for the past few years with a heart ailment.

He was born in Mentone, Aug. 10, 1882, the son of John and Mary (Nellans) Clark. He married Bessie Bryant, Feb. 24, 1906. She survives. He was a member of the First Brethren church of Milford.

Surviving in addition to the widow are four sons, Fred, of Wabash, DeVerl, or Mexico, Ind., Guy and Ancil, both of Warsaw; a daughter, Mrs. Fairy Hefferfeld, of Niles, Mich., two brothers, Emmet, of Palestine, and Delbert, of Akron; 13 grandchildren and six great-grandchildren.

Services were held at the First Brethren church in Milford at 1:30 p.m. Saturday with Rev. Wayne Swihart officiating. Burial was in the Mentone cemetery.

BUY NELLANS
POULTRY PLANT

Polo Produce, Inc., of Chicago, have purchased the Wayne Nellans Poultry Dressing Plant in Mentone and took over the operation October 15.

Polo Produce has been in the Chicago market over 39 years, and are one of the largest poultry processors in the Midwest.

Russell Harbaugh of Springdale, Ark., will arrive Oct. 30 to serve as resident manager. He is an experienced poultryman.

Joe Goldberg, Jr., one of the principals in the company; Frank Murray, head of production in the Chicago plant, and Hal Delo, director of research and quality control, with the assistance of Wayne Nellans, are presently remodeling and reorganizing the plant activity. The processing of poultry is continuing during the transition.

Mr. and Mrs. Bernard Black returned to their home, near here, Tuesday after spending the summer at their home on Arbutus Lake, near Traverse City, Michigan.

DISTRICT CHAMPIONS IN LAND JUDGING

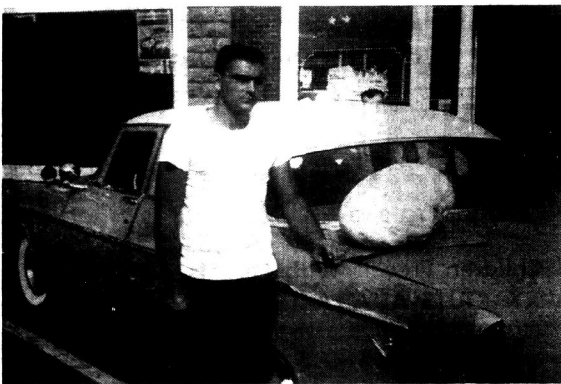

Claypool Land Judging team wins Fort Wayne District 4-H and FFA Contest. Back row left to right Richard Sparrow, coach; Steve Parker, Hubert Neeley, Bob Martin, Soil Conservation Service Technician; and Sam Lehman, Area Soil Scientist. Front row left to right Larry Priser and Ronald Hathaway.

Claypool captured the top honors with a score of 621. Twenty-one teams participated in the contest held on the Eugene Ringenberg farm, October 8. The teams represented 11 counties in northeastern Indiana.

The Federal Land Bank Association represented by M. M. Bassett, Goshen, Tom Willimas, Bluffton and Byron Sommers. Ft. Wayne presented a trophy to the winning team and medals to the team and members and coaches of the first three placing teams.

The Indiana Association of Soil Conservation District Supervisors represented by Howard Silveus, chairman of the local district supervisors presented blue, red and white ribbons to the members and coaches of all participating teams.

PUFFED UP—Bob Hauptert, is shown above as he posed beside a mammoth puff ball he found last Wednesday on his grandfather's (Orville Slife) farm, two miles east of Burket. The puff ball measured 51 inches around, was 12 inches high and 15 inches across. It weighed twelve and a half pounds.

How well do you guard your checkbook? Someone has estimated that bad check artists are stealing at the rate of \$1,000 per minute. Here are some tips to keep your cash from being included in that figure:

- Don't leave your checkbook laying around the house or on a store counter. A checkbook tells a thief where you bank and gives him enough of a clue to your handwriting for him to forge your signature.

- Destroy old bank records and cancelled checks when you are through with them. They reveal how you sign your name and the twists and turns of your penmanship.

- Never use a pencil to write a check. It can too easily be erased and the amount changed to a higher figure.

- Write your checks clearly and simply.

- Don't leave spaces between dollar signs and numbers, or between numbers and words.

The Chicago Motor Club warns drivers to be alert for street hazards just inside dark viaducts. It is wise to use caution when entering a viaduct during or after a heavy rain storm to avoid drenching your car's brake mechanism.

FERTILIZATION OF WHEAT

Farmers normally can obtain the greatest return from top dressing wheat in the spring rather than the fall, says Howell Wheaton, Purdue University extension agronomist.

A combination of proper variety, soil fertility and management results in high yields, he points out.

As wheat seeding time approaches, the agronomist reminds farmers that the variety is no better than the soil in which it is grown. A firm seedbed, correct fertilizer and clean, treated seed are ingredients of a successful stand.

Nitrogen and phosphorus should always be used as a starter fertilizer in the row. Wheat requires 12 to 15 pounds of nitrogen for proper growth in the fall. Wheaton advises using 250-400 pounds of 4-16-16 or 5-20-20 analysis fertilizer as a starter, depending upon the soil test level.

Additional nitrogen, 25 to 35 pounds, should be applied the following spring as top dressing for best results, he explains.

Farmers have these wheat varieties to choose from:

Monon—a new variety, several days earlier and two inches shorter than Knox with resistance to loose smut.

Knox—early maturing, short strawed, high yielding, but susceptible to loose smut. Smut cut yields this year and will

be greater next year unless certified or hot water treated seed is used.

Vermillion—similar to Knox, but it has more winter hardiness, greater resistance to loose smut and less lodging. If planting is delayed, consider this variety.

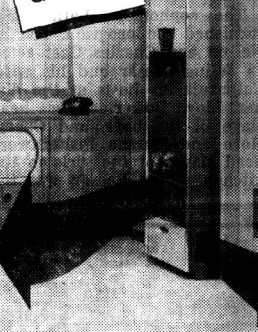

Dual—resistance to Hessian fly, so may be seeded very early for pasture.

LaPorte—a little taller and earlier maturing than Dual, but later than Knox or Vermillion. It is resistant to loose smut and powdery mildew.

Seedmen report that there is a good supply of certified seed of most varieties on hand, so seed stocks free of loose smut are available.

Beef calves born in January or February should weigh 500 pounds or more by October 1, according to Purdue University animal scientists.

BRING IN HOUSEPLANTS

Now that the danger of frost is imminent, don't lose any time in bringing your houseplants into the house, advises C. E. Hoxie, Purdue University extension horticulturalist.

Be sure to spray the plants first with a good insecticide and fungicide, Hoxie counsels. Then pot them in soil to which fertilizer is added.

The horticulturalist points out

that your plants will have to become acclimated to indoor conditions and so may lose a few leaves. If your plants thrived during the summer, try to reproduce conditions of light, temperature, and moisture similar to those they had outdoors.

If any of your plants did so well that they are now too big to be attractive in the house, Hoxie suggests making cuttings and starting new slips. Cut terminal shoots with a sharp knife, slicing the stem as straight across as possible and through or just below a node, or joint.

PHOTOGRAPHER TO BE HERE

A representative of the Woltz Studios of Des Moines, Iowa, will be at the Mentone Legion Home on Monday, Oct. 24th, from 10 a. m. until 5 p. m. to take pictures of all the children who appear with their parents.

The Des Moines concern has been in Mentone on a number of previous occasions and their representatives have been very competent and considerate. They specialize in children's pictures and aim to get the pictures that most appeal to the parents.

After the pictures are taken and proofs shown, the firm then provides printing plates for this newspaper so the pictures can be published.

There is no obligation for any parent to purchase pictures to get their children's photos printed, but quite naturally the firm hopes to secure photos of such quality that parents will desire additional prints.

Appointments may be made by calling Mrs. Kenneth Romine at EL 3-3805, or during the day at EL 3-3985.

P. T. A. NEWS

Plans and committees were announced at the P.T.A. meeting Wednesday, October 12, for a penny supper to be held on November 19th. Further announcement will be made at a later date.

As the membership contest is on the class winning will be announced later. The second grade won the grade count.

This was a joint meeting with the D.A.R., guest speaker was Staff Sergeant Agee, a recruiting officer for the Marines, from Ft. Wayne.

SINCERE THANKS

We want to thank everyone for the cards, flowers, gifts and visits, which made our 50th anniversary a pleasant day, may God bless each of you.

Lavoy Montgomery was the dinner guest of Mr. and Mrs. Charley Travis at Lake Manitou Sunday evening.

Miss Sandy Jameson has resumed her duties at the Rochester Machinery and Supply Co., Inc. after enjoying a weeks vacation.

ROMAN BANQUET HELD AT SCHOOL

Twenty-five members of the Latin classes of Mentone High School and their teacher, Mrs. Caldwell, entertained at an authentic Roman banquet Monday night in the Latin room at the school. Twenty-one former Latin students in the junior and senior classes who had studied two years of Latin previously were the Roman guests who came in white Roman "togas." They reclined at the tables and were served by slaves, clad in tunics and barefoot.

A delicious three-course dinner was served by the slaves, Jim Whetstone, Jim Bryan, Robert Adams, Steve Miller, and Tim Wallis. The feature of the dinner was the roast pig, complete from head to hoof, which was brought in on a huge tray on the head of the slave, Lloyd Bowerman, who provided the pig. The slave girls in the kitchen were Ann Istok, Barbara Leckrone, Connie Wallace, Buela Brown, Jill Newcomb, Melissa Bechtol, Renita Ring, Connie Newton, Eldona Antonides, Vivian Hurst, Janet Rackeweg, Shirley Poe, and Martha VanGilder, all members of the freshman Latin class.

The sophomore Latin class furnished the program. Martha Nelson and Charles Gast acted as Julius Caesar and his wife, Calpurnia, as hosts at the dinner. Lloyd Bowerman was head slave of the boys, and Cheryl Horn and Marsha Fisher were head slaves of the girls in the kitchen. Larry Beeson was the

priest who made a sacrifice to the gods before the meal and to Bacchus, god of wine, after the meal. Lloyd Bowerman and Larry Beeson acted out a wrestling match after which Lloyd and Jon Newcomb performed a gladiator contest. This group also acted out the tragedy of the death of Julius Caesar.

The freshman girls sang Latin songs and danced during the meal.

This is the third Roman banquet to be held in Mentone by the Latin teacher, Mrs. Caldwell. It is planned that it will become a custom every two years.

Mrs. Zanna Hammer, Pam, Kip and Terry enjoyed a frog leg meal Sunday with Mr. and Mrs. Bunk Weisjohn of Plymouth.

MARRIED SATURDAY

Miss Judy Bixler of Mentone and Mr. Robert Spillman of Logansport were united in marriage Saturday afternoon, October 15 at 2:00 p.m. at the home of the bride's uncle, Mr. and Mrs. Dale Miller in LaPaz. Attending the couple's wedding was her grandmother, Mrs. John Fenstermaker, and Mr. John Fenstermaker of Mentone.

The newly weds are now at home in Logansport.

Mr. and Mrs. Larry McKinley of Dayton, Ohio visited with Mrs. Florence McKinley over the weekend. They attended the homecoming activities at Manchester College.

Married In Fort Wayne

Miss Jeanne Bennett, of Fort Wayne, and Albert K. Henderson, Jr., 1136 West Packard avenue, Fort Wayne, exchanged marriage vows at 7:30 p.m. Saturday, Oct. 8, in the South Wayne Baptist church in Fort Wayne. Dr. J. Frank Lansing read the ceremony before an altar graced with white beauty vases and candelabra. Lighter tapers entwined with simulax marked the pews.

The bride is the daughter of Mrs. James E. Bennett, 915 Kinsmore avenue, Fort Wayne. Mr. and Mrs. Albert K. Henderson, Sr., Route 5, Warsaw, (near Mentone) are parents of the bridegroom.

Organist Harry Brattain, of Fort Wayne presented the wedding music.

The bride, given in marriage by Joseph M. Laudadia, friend of the family, chose a traditional gown of chantilly lace. The sculptured bodice featured a scalloped neckline trimmed with sequins and seed pearls, and long sleeves which tapered to points over her hands. The voluminous skirt swirled from a dipped waistline into a circular chapel train. Her fingertip veil

of illusion was caught to a lace half-hat. She carried a bouquet of orchids and stephanotis.

MAID OF HONOR

Miss Ann Miser, of Fort Wayne, was maid of honor. She wore a street length dress of Puerto Rican blue satin, fashioned with a scoop neckline and cap sleeves. A cumberbund with a cabbage rose and streamers highlighted the sheath shirt. A matching satin bow headband and circular veil completed the ensemble. Bridesmaid Tana Henderson, of Warsaw, sister of the bridegroom, wore an identically styled dress. Both carried bouquets of pink sweetheart

roses and chrysanthemums. Miss Diana Henderson, of Warsaw, also a sister of the groom, was a junior bridesmaid. Her dress was of pale pink taffeta, and fashioned with a full skirt and a back sash.

William A. Johnson, Rockford, Ill., served as best man. Ushers were: James Henderson, of Warsaw, cousin of the groom; Curt Conrad, Fort Wayne, and Ronald Morris, Churubusco.

A reception for 200 guests was held at the church, immediately following the ceremony.

Mrs. Henderson is a graduate of South Side high school,

Fort Wayne. Mr. Henderson graduated from Mentone high school and attended Butler university. He is now employed by the Dana Corporation of Fort

Wayne as an IBM supervisor.

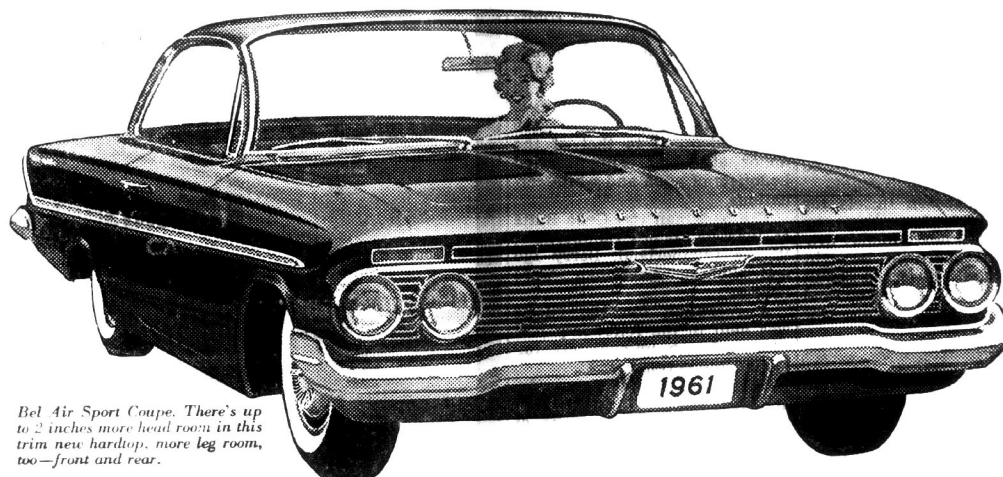

The couple will be at home at 704½ Kinsmore, Fort Wayne, following a two week trip in New England.

Beaver Dam School News

Last Monday and Tuesday those students in grades 4, 5, and 7 took the SCAT and STEP tests. It took two periods to take the SCAT and all day for the STEP. The Metropolitan Achievement Test was given to the students in grades 2, 3, and 6.

The group pictures have come and were distributed Tuesday to those who had ordered one.

Several of our teachers attended the county teachers' meeting that was held at Grace College Tuesday evening.

Grade cards were distributed Wednesday.

Mrs. Holsinger attended a meeting Wednesday at 3:00 to make plans for the spring speech contest.

Mr. England and Mr. Malott attended a meeting Tuesday at 3:00 to work on final arrangements for the county teachers' workshop. The workshop will be held on Saturday, December 3, at Milford.

There will be only three days of school next week due to the Indiana State Teachers Association meetings.

The P.T.A. Fish Fry will be held on Wednesday evening, October 26. All should plan to come and eat fish that night.

Basketball season tickets for the 1960-61 season will go on sale beginning next Monday evening at 7:00. There will be eight home games. Reserved adult tickets will sell for \$4.00 and reserved student tickets for \$2.25.

Mr. and Mrs. Fred Ross from Bannister, Michigan, and Mr. and Mrs. Raymond Ross, Monna and Jerry had dinner with their grandmother, Mrs. Charlotte Berry, Sunday.

Judy Ehereman Bride Of Max Cumberland

Miss Judy Ehereman of Warsaw and Max Cumberland, of Beaver Dam, were united in marriage in a recent ceremony at the Evangelical United Brethren church of Warsaw. Rev. Merrell Geible performed the ceremony before an altar decorated with pink and white gladioli.

The bride is the daughter of Mr. and Mrs. Cloyce Ehereman, 701 East Market street, Warsaw. Parents of the groom are Mr. and Mrs. Eldon Cumberland, of Beaver Dam.

Given in marriage by her father, the bride chose a gown of chantilly lace and tulle over taffeta. Pearls trimmed the scoop neckline of the lace bodice. The bouffant floor length skirt of tulle appliqued with lace featured a front and back panel of lace. A jeweled flower crown held her fingertip veil of imported illusion. She carried pink roses arranged on a white Bible.

Miss Mary Ellen Johnson, of Warsaw, the maid of honor, chose an aqua dress of Egyptian cotton. Mrs. James Smith and Miss Patty Hunter, of Warsaw, were bridesmaids and wore gowns identical to that of the honor attendant. They carried bouquets of aqua and white carnations.

The best man was Gene Butts of Warsaw. James Cumberland, Wayne Cumberland, Barry Igo and Robert Ehereman were ushers.

A reception for 150 guests was held in the fellowship hall of the church immediately following the ceremony.

Mrs. Cumberland is a graduate of Warsaw high school. Mr. Cumberland is an alumnus of Beaver Dam high school and is engaged in farming.

The couple are now at home

on Route 2, Akron, following a trip to Florida.

BIRTHDAY DINNER

A birthday dinner for Mr. Ed Ayres was held at the home of Mr. and Mrs. Loren Tridle, Sunday, October 16. Present were:

The Deverl Montel family, Mr. and Mrs. Harold Maloy, Mr. and Mrs. Jerry Maloy and Kim, Mr. and Mrs. Roger Montel, Tammie and Timmie of Sidney; the Dean Eberly family of South Whitley; Mr. and Mrs. Bob Montel, the Bob Plummer family, the Roy Deafenbaugh family of Warsaw, Mr. and Mrs. Dick Seller, Janet and Stevie, the Arden Ayres family of North Manchester, and the honored guests, Mr. and Mrs. Ed Ayres of Sidney.

ALL THAT GLITTERS IS NOT GOLD

New oil contains the seeds of its own destruction. Since oil is composed of very complex hydrocarbons used in the various blends, the re-action of the temperature and the pressure in the engine causes the unstable portions of the new oil to separate. These unstable portions are unsaturated hydrocarbons. These unsaturated hydrocarbons will combine with other ingredients found in the engine, such as water, oxygen, sulphur and portions of unburned fuel. These various compounds are the beginning of the formation of sludge. It is readily apparent that after the oil has been tempered by use, if it can be maintained mechanically clean, a better oil than was originally installed in the vehicle will result.

PROF. ASHMAN, Bradley Polytechnic Institute, Peoria, Illinois:

"Oil does NOT wear out, that is to say, after the removal of carbon, dirt, gasoline, etc., the oil is still oil WITH ITS ORIGINAL INHERENT PROPERTIES, plus the more stable and more resistant molecules of the original oil. In a sense this is a BETTER OIL than it was before use."

Start saving today. Keep the best oil in your engine. Don't throw it away. Install RECLAIMO and NEVER change oil again.

JACK K. RINER, DEALER

Cattle Feeding Test Reports

Steers fed to limit their winter gains to 1¼ pounds daily and then turned into a high quality pasture gave the highest dollar return per steer—\$37.57—in a cattle feeding trial at the Miller-Purdue Farm in Grant County.

Purdue University scientists recently completed a four-year experiment to determine the most economical level of feeding yearling steers during the winter and on pasture the following summer. A final report on the project should be available early in 1961.

The investigators caution that the pasture in these trials was a high protein legume grass pasture (birdsfoot trefoil-bluegrass). A low protein pasture may give very different results than those obtained in the trial, they add.

Steers fed so they gained at a high rate of 2¼ pounds a day during the winter and then receiving a full feed of grain while on pasture returned only \$12.16 per steer. This was the lowest of all the steers in the trial.

Cattle in the experiment were divided into four lots each year. The lots were fed rations formulated to give four different gains using corn silage, ground ear corn, ground corn cobs and Purdue Supplement A. They

were fed in lots to gain ¾ pounds per day; 1¼ pounds; 1½ pounds, and 2¼ pounds.

All steers then were turned out to a permanent birdsfoot trefoil-bluegrass pasture between May 13 and June 1. Steers from each of the four wintering groups were placed on pasture without a grain supplement or with a grain supplement of ground ear corn at various rates.

Animals that gained the 1¼ pounds per day during the winter gained 130 pounds less during the total feeding period than the steers that gained 2¼ pounds per day during the winter. The slower gaining steers

also averaged about ½ pound less gain per day during the total feeding period from December until the following October. The total feed cost per steer, for both winter and summer, was about \$50 less for the slow gaining steers than for the fastest gaining steers.

The market value of the animals at the end of the pasture season favored the well fed calves; \$250 as opposed to \$205 for the steers that gained only 1¼ pounds per day. However, from a dollar standpoint, the lighter steers were on top with \$25 more per steer above feed and pasture costs.

TO ENTERTAIN MRS. HALLECK

Republican ladies of the county will hold a Women's Coffee at Peterson's Restaurant at 9:30 next Wednesday morning, honoring Mrs. Charles Halleck, wife of the republican candidate for congress from this district. All the ladies are invited, and reservations should be made (See advertisement elsewhere in the News.)

TO SOLICIT FOR UNITED FUND

The Merry Mixers Home Ec Club will solicit the town of Mentone for the United Fund Drive will begin next week. We are hoping the people will cooperate with us by giving their fair share.

The October meeting of the club was held Tuesday evening at Pete's restaurant. The pledge of allegiance and the club creed were repeated by the group. For meditation, Mrs. Richard Kindig read a poem entitled, "It's a Great Old World." Thirteen members answered roll call by giving "My Favorite Color."

The lesson "Effective Speaking" was given by Mrs. Alton Perry and Mrs. Don Coleman. Some points brought out in the lesson were, first, decide what the purpose of your speech is to be, and then prepare to achieve that purpose. Second, be completely informed on the subject. Third, outline your subject on paper. A speech should have three main parts: The introduction, the body of the speech, and the conclusion. After this you should evaluate your speech. The modern trend is toward a more sincere, natural way of speaking.

The group enjoyed hearing impromptu speeches by the members on subjects such as, An Ideal Husband, What to Feed Unexpected Company, Cars, T. V. and the New Fall Fashions.

Refreshments were served by the hostess, Mrs. Robert Smith, and the co-hostess, Mrs. Don Coleman to the members and one guest, Mrs. Larry Stavedahl. The door prize was won by Mrs. Larry Boggs.

AT MINNEAPOLIS

Roger Mollenhour, son of Mr. and Mrs. Ralph Mollenhour, enrolled in an airlines radio operator's course at Humboldt Institute, Minneapolis, Minn., Oct. 4.

Mr. and Mrs. Mollenhour took him by car, after the three had visited the James Mollenhour family in Florida.

SINCERE THANKS

We sincerely appreciate and wish to thank each of you who remembered Oral in so many ways during his brief illness as well as the continued kindness and sympathy extended to us during our sorrow.

Elizabeth and Phillip Blue
Jackie, Jeff and Earl Yeiter

STRICTLY BUSINESS

by McFeatters

"My, you're all business today, aren't you, Sweetie-pie?"

DAR-PTA HOLD JOINT MEETING

A joint meeting of the Anthony Nigo Chapter of the DAR and the P. T. A. was held in the music room of the Mentone high school on Wednesday evening, October 12.

The meeting was opened with the pledge to the flag and meditation was given by Chip Gast. Two songs were sung by the students of the second grade.

Mrs. Frank Smith gave a short talk on National Defense before introducing the main speaker, Staff Sergeant Agee, who spoke on the duties and training of the Marines. He was accompanied by corporal Billy D. Martin, of the U. S. Marine Corps.

Mrs. Smith also discussed "Communism" and invited anyone interested to attend.

Refreshments of coffee and doughnuts were served.

MANY CALL ON THE BARKMANS

Between 75 and 80 persons called at the Claud Barkman home Sunday afternoon extending congratulations to them on their golden wedding anniversary. Visitors came from Elkhart, South Bend, Warsaw, Indianapolis, Claypool, Burket and Talma in addition to those from Mentone.

ON HUNTING TRIP

Dr. and Mrs. Wymond Wilson and Mr. and Mrs. Dale Sinclair left by private plane Friday for a hunting trip in Wyoming. Last year Mrs. Wilson shot the first deer and the others in the party threatened to tie her in the cook shack this year—at least until one of the other hunters scored.

The four from Mentone were to meet other hunters who went by car.

TO START NEW CON. SERVATION PUBLICATION

C. O. Mollenhour announces that the Indiana Conservation clubs are sponsoring the publication of a magazine devoted to the interests of the clubs and their members. "The Hoosier Conservationist" is scheduled to distribute its first issue about January 1.

Palestine Homemakers

The October meeting of the Palestine Homemakers club was held at the home of Mrs. Edwin Shirey of Palestine. A delicious potluck dinner was enjoyed by all at the noon hour.

The afternoon meeting was opened by the president, Mrs. Gordon Hackworth. The pledge to the flag and club creed was repeated by all. History of the song of the month "Oh Mary Don't You Weep" was read by Mrs. Mont Lohr. Mrs. Charles Baum had meditation as she read a poem "Ma's tools." Mrs. Edwin Shirey gave the health and safety report. Mrs. Jesse Jones read roll call and gave the treasurer's report. Mrs. Albert Tucker had charge of the lesson on "Effective Speaking" and she in turn called on a few women to give one minute talks.

There were ten members and three guests present. There was also a family of four generations present. They were, Mrs. Mont Lohr, great grandmother; Mrs. Wilbur Perry, grandmother; Mrs. Billy Hatfield, mother; and her son, Ricky Lynn Hatfield.

The November meeting will be held at the home of Mrs. Edwards Severns.

Beaver Dam Better Daughters Meet

The Beaver Dam Better Daughters 4H club met at the school house on October 3, at 7:30.

The meeting was called to order by Betty Smith. Pledges were led by Diana and Linda Adams. Roll call was your favorite project, which was given by Betty Smith. Treasurer's report was given by Linda Smalley and songs were led by Mary Lou Horn.

Election of officers were next. They are as follows:

President, Rita Lockridge; vice-president, Betty Smith; secretary, Anna Mercia; assistant secretary, Betty Bibler; treasurer, Linda Smalley; assistant treasurer, Linda Gagnon; reporter, Bea Welsh; assistant reporter, Diane Cumberland; song leader, Mary Lou Horn; assistant song leader, Carol Baumgardner; health and safety, Jody Horn; assistant health and safety, Nancy Smeltzer; recreation, Mary Beth Boggs; and assistant recreation, Patty Welsh.

Demonstrations were given by Mary Lou and Joyce Horn. It was also decided that the dues would be fifty cents a year.

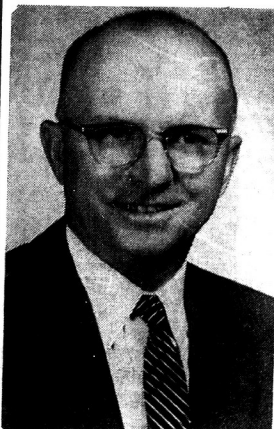

Refreshments were served by Faye Smith, leader, and Betty Horn, assistant leader's to 22 members and six mothers.

PRESENTED WITH LOVELY DOOR PRIZE

Mrs. John Ellsworth, attending the county Home Demonstration Club Achievement Day at the Boice Theater in Warsaw Wednesday, won a beautiful leather topped coffee table as one of the door prizes.

Others besides Mrs. Ellsworth attending from the Jolly Janes club were Mrs. Dwight Reichard, Mrs. Harold Markley, Mrs. Albert Hatfield.

DEMOCRAT CANDIDATE FOR COUNTY COMMISSIONER

"I believe in reasonable, conservative local government, doing the necessary things well, eliminating the unnecessary. I will save your tax money as I would my own."

"I will appreciate your vote and if elected will always be responsive to your advice."

'Dream Job' Helps Crippled Tots

Dorothy Buck is so happy today in her "dream job" as a top-rank physical therapist that she's given no serious thought to marriage.

But attractive Miss Buck is more than a physical therapist, fascinating as that field is to a young woman who loves children and has a particularly warm spot in her heart for those disabled by birth defects. At famed New York University Medical Center in New York City she is administrative assistant in the Children's Division. The medical college of the University is aided by the New March of Dimes.

Hers is probably the only "dream job" of its kind in the nation, she says.

"With these tots, new problems arise every hour dealing with walking and crawling, and devising new ways of doing both. And that means a challenge every hour. There's nothing routine about my job," the brunette and hazel-eyed therapist says. "And for that I'm grateful."

She tells how she made a career in physical therapy and of her interest in The National Foundation's professional education program which, in this one field alone, offers annually 103 March of Dimes scholarships of \$500 each to applicants in all 50 states and Puerto Rico.

She studied first at McGill University, Montreal. Next, this enterprising young woman enlisted in the women's division of the Royal Canadian Air Force and taught physical education and rehabilitation at the Boundary Bay Base near Vancouver. She then obtained a bachelor of science degree in physical therapy at New York University; worked at Bellevue Hospital in New York City with patients stricken with a wide variety of disabilities; and later by attending night classes

Dorothy Buck extends encouragement to Bobby Schnurr, 10, of Staten Island, N. Y., a birth defects victim.

she telescoped a two-year course into one year in guidance and personnel administration.

"What is so satisfying about the profession of physical therapy," she explains, "is that we treat the patient as a whole. We don't restrict ourselves to the immediate disability at hand. And in the case of handicapped children, we also find ourselves 'treating' and 'teaching' their parents—telling them that when the great day dawns that Susie or Tommy can leave us, rigorous physical therapy must continue and that father

and mother must serve as home therapists.

"For any young woman with the normal desire to help others in difficulty, particularly children, there is no more desirable career than one in physical therapy," she says. "It's certainly far better than pulverizing a typewriter or taking someone's fractured dictation."

Finally, even if Dorothy Buck has no immediate thoughts about marriage for herself, she argues that there's no reason why a physical therapist can't have a career and a family too.

Wilt On Maple Trees

Many maple trees have died in Indiana cities, victims of a disease known as maple wilt.

A soil borne fungus, *Verticillium albo-atrum*, causes the wilt, says Lawrence Schreiber, Purdue University research assistant plant pathologist.

Sudden wilting or flagging of scattered branches during June, July or August is the first symptom of wilt. Once the wilt starts it will gradually spread until the whole tree dies.

There is no cure for the disease; however, with good fertilization and watering the tree may last one to ten years. Any limbs or branches showing the wilt should be trimmed out.

Schreiber says replacing infested soil with clean soil or using soil fumigants such as vapam or methyl bromide will rid the soil of the fungus.

The wilt is no problem if resistant trees or shrubs such as oak, dogwood and evergreens are planted.

Verticillium does not restrict itself to maples; it also attacks black locust, catalpa, elm, flowering crab, redbud, tulip tree and several fruit trees.

LIONS CLUB FISH FRY ON OCT. 29

The Mentone Lions Club is sponsoring a Halloween party and fish fry at the school on Saturday evening, October 29, according to an announcement made Wednesday evening. LeRoy Norris is general chairman of the affair, and the members now have tickets for sale for the fish fry.

Indiana Farm Price Index

remained unchanged from mid-August to mid-September, report Purdue University agricultural economists and state-federal agricultural statisticians. The United States farm price index rose one percent.

Purchasing power of Indiana farmers did not change, but that of all farmers increased one percent.

The Indiana livestock price index gained one percent primarily as a result of an eight percent increase in the price of whole milk. However, the grain price index fell two percent.

Commodities rising, in addition to milk: Eggs, seven percent; baled hay, four percent; and wheat and cattle, one percent. Commodities declining: Hogs and soybeans, three percent; corn and broilers, four percent; lambs and chicken, six percent, and apples, 16 percent.

Feed-price ratios showed a general increase from mid-August to mid-September, only the chicken-feed and broiler-feed ratios declining. These dropped four and five percent respectively. Ratios increasing: hog-corn and turkey-feed, one percent; whole milk-feed, seven percent; butterfat-feed, two percent, and egg-feed, eight percent.

A football game creates a lot of healthy enthusiasm. But the Chicago Motor Club cautions drivers not to be too enthusiastic on their way home after the game. Post-game traffic usually is extremely heavy and extra care is necessary to avoid accidents. Give everyone—including yourself—a fair chance to get home without a mishap.

Protect Trees, Shrubs, From Winter Injury

Purdue University plant pathologists advise that precautions taken this fall can save many trees and shrubs from winter injury.

Symptoms of winter injury are dying back of branches or twigs on evergreens and bark cracking on smooth-barked trees such as hard maples. Cracked bark results in unsightly scars; the wood may rot or the trunk of a young tree may be girdled.

Unseasonable cold in late October or November or freezing temperatures in late spring after new growth has advanced will cause winter injury. "Drying out" in February or March also causes much damage to evergreens.

Here are some things homeowners can do:

Spade up soil around the tree

or shrub to improve water drainage and aeration.

Pile a mulch such as peat moss around them to help retain moisture during the late winter months.

Soak the soil and mulch thoroughly with water before freezing weather sets in.

Wrap the base of smooth-barked trees with burlap, building paper or nursery paper to a height of three or four feet.

Bumper Indiana Crops Forecast

Bumper crops of corn and soybeans are likely for Indiana this fall, report state-federal agricultural statisticians at Purdue University.

The Hoosier corn crop is expected to total 356,135,000 bushels, six percent above the previous record of 1959 and 40 percent larger than the 10-year average. Yields are expected to average 65 bushels an acre, two

more than the previous record set in 1958.

Soybean production is estimated at 65,367,000 bushels, nine percent larger than the 1959 crop and 47 percent above average. Yields are expected to average 27 bushels an acre, the same as the record of 1958.

Indiana's hay production of 2,224,000 tons equals the 1959 tonnage, but is 16 percent smaller than the 10-year average. As a result of inadequate rainfall and high temperatures, Hoosier pastures faded sharply during September.

Commercial apple production of 1,580,000 bushels remains the same as of September 1, four percent above 1959. Peach production of 380,000 bushels was four percent larger than last year.

September milk production totaled 284 million pounds, compared to 300 million in August.

Indiana September egg production totaled 169 million eggs, compared to 180 million in August.

CLUB MEETING AT ROANN

The Mentone Home Demon-
stration club held their October
meeting at Roann with Mrs.
Jess Whitmyre.

At the noon hour we enjoyed
a luncheon plus grilled ham-
burgers. The meeting was open-
ed by the vice-president, Mrs.
Eloise Long. History of the song
of the month was read by Geni-
eve Warren, the group then
sang, "Oh Mary, Don't You
Weep." Pledge to the flag was
led by Pearl Horn and the
creed was led by Opal Tucker.
Maude Cox read two poems for
meditation, "The Silver Dollar"
and the "Little Brown Cent,"
and "You Give Yourself Away."
Roll call was answered by a
fashion note. The secretary and
treasurer's reports were read.
Health report by Maude Cox
was "They Stay Awake to Die."
Points emphasized were: How
Amphetamine pills have been
causing so many of the accidents
on the highways, especially
truck drivers. They are also
known as pep pills and are be-
ing used by over-teenagers.
Lyndall Vernetta gave the les-

son on "Effective Speaking."
A short test was given. Points
she emphasized: Know what
you're going to speak on, be
using, having an outline or note.
A speech should contain the in-
troduction, main body and con-
clusion. President, Esther Sar-
ber conducted the business ses-
sion. She gave a report on the
president council meeting and
called our attention to achieve-
ment day, October 19. at Boice
theater in Warsaw.

Cheerio Pal gifts went to Ol-
ive Tucker, Edith Darr, Mary

Barkman and Minnie Busenburg.
There were 12 members and
two guests present, hostess
Blanche Whitmyre, co-hostess,
Maude Cox.

TALMA LIONS CLUB MEETING

The Newcastle Township Lions
club of Talma will have their
Ladies night at the Talma high
school on Monday, October 24,
at 6:30 p.m. (D.S.T.) The Dis-
trict Governor will be the guest
speaker. All Lion members and
their wives are urged to attend.

IS RELIGION IMPORTANT?

Are you asking this question, and then answering it
by inactivity?

We do not find a meaningful and useful faith out-
side the organized Body of Christ which is The Church.

"Therefore, let us leave the elementary doctrines of
Christ, and go on to Maturity." (Hebrew 6:1—R.S.V.)

Sell Etna Green Store

The Hamlin Department Store, Etna Green, believed to be the oldest retail establishment in Indiana and one of the oldest in the United States, will reopen this weekend or next week to continue about 110 years of existence.

Closed for little over a year because of the health of its owners, Mr. and Mrs. (Paul) Pete Hamlin, it is being opened again by Robert F. Powell of Wabash who is purchasing the community institution. The Hamlins will retain ownership of the building.

Powell, a native of Wabash, has been employed by the A & P store in Wabash the last 13 years, heading its meat department for some time before his recent resignation. He is planning to move to Etna Green with his wife, Marie Ann and three- and one-half year old son, Greg, as soon as suitable housing arrangements are made. He was a member of the U.S. Army for two years during the Korean conflict.

The store building has been completely rebuilt and modernized following a disastrous fire on April 13, 1959. The new building's main storeroom measures 40 by 70 feet and the building has over 3,000 square feet of floor space.

Powell said the store will continue the same type of merchandise as under ownership of a long succession of Hamlin family members. There will be a complete stock of groceries and meats, dry goods, shoes and clothing featuring the well-known brands previously carried.

The early history of the store is shrouded in some mystery, but it certainly was owned by Levi Kohler before the town was laid out in 1853. Soon afterward it was acquired by Abraham Buckman and before the Civil War was purchased by Abraham Hamlin, first among a long line of successive owners by the Hamlin name. He then sold it to Dan W. Hamlin upon Dan's return from service in the War between the States.

When Dan Hamlin was elected Kosciusko County Sheriff in 1878 he took in as a partner his brother, Thomas J. Hamlin, great grandfather of Pete Hamlin. Owners or partners in the firm since have been M. J. Willard, Thomas L., Paul J., and Thomas W. Hamlin. Paul (Pete) Hamlin has been the proprietor for the last 53 years.

WEEK OF PRAYER SERVICES

On Wednesday, October 26, there will be a community observance of the Week of Prayer and Self-Denial. There will be a special program at the Methodist church at 2:00 p.m. There will be a worship service and messages pertaining to the purpose of the observance.

Mentone Reading Club

The October meeting of the Mentone Reading Club began with a pot-luck dinner in the dining room of Peterson's restaurant.

Small tables were centered with bouquets of autumn flowers. Large travel posters were on the walls, and small travel leaflets were on the tables.

Following the dinner, the president, Mrs. Dick Manwaring, was in charge of the business meeting. Roll call response for each member was in the form of information concerning the department for which she is responsible.

Meditation was given by Mrs. Arley Cullum. Parts of several of the Psalms were read, to show the wonders of Creation by God's hand.

Mrs. F. B. Davison then showed colored movies which they had taken. The first was of a number of Mentone folks, taken several years ago when Mrs. Broda Clark was still alive.

The other two films were of Bryce Canyon in Utah, and Autumn in the Smokies, and had been taken by Dr. and Mrs. Davison.

The program committee, Mrs. Davison and Mrs. Cullum had brought several mementos of various trips to display.

Mrs. Don Bunner and Mrs.

LOCAL ITEMS

Mr. and Mrs. H. V. Johns and Mr. and Mrs. Wayne Tombaugh were in Lafayette Saturday where they witnessed the Purdue win over the Ohio State football team.

Mr. and Mrs. Wayne Bowser and family and Mr. and Mrs. Fred Lemler spent Sunday in Chicago visiting the Stan Yeiter family.

Robert Hibschan is in the Lutheran hospital in Ft. Wayne, undergoing treatment for a ruptured disc in his back. He is in traction. His room number is 235 and he would appreciate the present. His room number is 345 and he would appreciate cards and calls from home. His parents, Mr. and Mrs. Raymond Hibschan, are staying and helping at the farm.

Mr. and Mrs. M. O. Smith left Tuesday for Leesburg, Florida, where they will spend the winter months.

Mr. and Mrs. Fred Lemler returned Wednesday from a visit with the Clif Martins at Sidney, Montana.

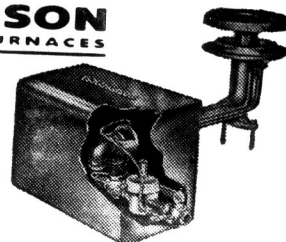

Virginia Peterson were the hostesses.

HOOSIER OAKS THREATENED

Indiana oak trees are threatened by a fungus disease similar to Dutch elm disease, reports Lawrence Schreiber, Purdue University research assistant plant pathologist. The disease is oak wilt.

Red and black oaks are more susceptible to oak wilt than are white oaks, he says.

Northwestern and southern Indiana counties are hardest hit by the disease, although the fungus is found throughout the state and the Middle West. Indiana forests and farm woodlots are showing evidence of the disease; as yet plantings along city streets are not.

Schreiber says insects, squirrels, birds and rodents may transmit the disease over wide spread areas. From tree to tree the disease is carried through root grafts—actual root to root contact.

Planting of disease free trees helps control oak wilt. Once the wilt starts, however, little can be done to save the tree. Diseased trees and all healthy trees immediately surrounding them should be removed to prevent the wilt from spreading.

Schreiber suggests that new plantings should include several different species of trees.

A safe driver, says the Chicago Motor Club, will always reduce his speed whenever approaching a leaf fire at the curb. Wind conditions often can obstruct your overall view of the area. Don't blindly assume the road ahead is clear. Instead, anticipate the possibility of the smoke obscuring someone in the street or road. Play it safe—when you see the autumn leaves smoke signal, slow down.

NEWS? Ph. ELmwood 3-3985

Tractor Talk

PM HINT FOR TRACTOR OWNERS NOT HAVING HOUR METERS

To assist farmers whose tractors are not equipped with hour meters, service engineers at Champion Spark Plug Company have developed some helpful data for determining the intervals at which tractor spark plugs should be replaced in accordance with the amount of tractor use.

Based on a 250 hour replacement cycle and a six day work week, Champion's recommendations are:

If tractor is used an average of 1 hour a day plugs should be changed every 10 months, 2 hr. every 5 months, 3 hr. every 3½ months, 4 hr. every 3 months, 5 hr. every 2½ months, 6 hr. every 2 months, 7 hr. every 1½ months and 8-10 hours a day every 1 month.

CAUTION ON ADDING BATTERY WATER

When adding water to those tractor and truck batteries, be careful not to overfill beyond the normal level. As the electrolyte expands, it will overflow, spilling out of the vents.

The spilled acid will attack metal hold-downs, cables and other parts adjacent to the battery.

Frosted Sudan Grass, Sorghum Are Dangerous

Sorghum and Sudan grass, when grazed or fed in a wilted condition, poison livestock, says J. L. Morrow, Purdue University extension agronomist.

The poison, hydrocyanic acid (prussic acid), generally forms in the tissues after the plant is frosted and before it has dried out or while it is wilted from lack of water. The poison is not present under normal growing conditions, after the plants have reached 18 inches in height. It disappears when normal growth starts again after drouth, or after frosted plants have dried out. Morrow emphasizes that only in the wilted stage and the small plant stage is there danger to livestock.

Farmers are asking whether silage made from frosted sorghum is poisonous. Dr. F. A. Hall, Purdue University extension veterinarian, says he knows of no losses where livestock was fed silage made from frosted sorghum even though the silage was made when the sorghum was in the wilted stage.

Apparently the changes that occur in making silage break

the prussic acid down into other chemical compounds that in themselves are not poisonous. It is known that this is what happens when frosted sorghum is dried past the wilted stage.

A BOOST FOR KART RACING

For the man a kart is the racing sports car in miniature he always wanted to own. For the woman it is the chance to experience driving thrills in a new sport where (because of lighter weight) she is often superior to the adult male kart driver. To children driving a kart is perhaps the greatest single thrill they will ever know because karting duplicates every big car condition in miniature; skids, slides and all types of control situations that few adult drivers ever get the chance to experience. To the teen-ager, racing a kart is a fine "safety valve" because he will get the sensation and mental stimulus of great speed but without the danger. He will be a much more skillful and safer big car driver because of it. Karting has become the world's number 1 motorized

family fun sport because when Kart driving is confined to backyards, kart tracks or off-street driving it is as safe as golf or roller skating.—Motor Trend.

ARRESTED ON FORGERY CHARGE

Benjamin Carl Billings, 35, of Mentone was turned over to Tuscola, Ill., officials Wednesday of east Michigan.

Billings, formerly of Tuscola, was wanted on a charge of forgery. He had been employed at Mentone for some time.

SEWARD HOME DEMONSTRATION CLUB

The Seward Home Demonstration Club met Wednesday, October 12, at 1:30 p.m. with president, Mrs. Raymond Longbrake. Vice-president, Mrs. Earl Lowman led the group in repeating the club creed and pledge to the flag. Mrs. Frank Nelson gave history of the song of the month, "Oh Mary, Don't You Weep" and led the group in singing it. Meditation, "What Grandmothers are for" was given by Bernice Rossiter. Roll call "My Experience in Public Speaking" was answered by all of the members. Secretary-treasurer's report was given by Mrs. Alton Bruner. During business session the president announced the Co. Achievement Day, October 19 at the Boice theater. Club members were asked to help in United Fund Drive. Report of the trip committee was given by Mrs. Earl Sarber. Members are to meet in Burket, October 21 at 5:30 and will go out to dinner and will attend Lake theater. Mrs. Don Smalley gave the lesson "Christmas Gift Ideas." Mrs. Lester Bruner conducted the auction. The hostess, assisted by Mrs. Charles Umberger, served delicious refreshments to twenty-two members and one guest and eight children. The group will meet in November with Mrs. Frank Nelson at her home in Palestine.

REPUBLICAN LADIES
HONOR Mrs. HALLECK

Mrs. Charles Halleck narrated a film showing dresses worn by several first ladies at her husband's inauguration. These gowns were exact replicas which are in the Smithsonian institute in Washington D. C. These styles were shown at the Republican Convention in July, at the Ladies luncheon.

Approximately 50 ladies were served coffee, cakes and rolls by the committee headed by Mrs. Bessie Bybee and Mrs. Kenneth Riner. Several bouquets of fall flowers decorated the dining room at Pete's where the affair was held.

Thompson Infant
Rites Conducted

Graveside funeral services were conducted Tuesday at 3 p. m. for Gregory Allen Thompson, infant son of Orvin and Sherry Babcock Thompson, Claypool, who died at 6:30 a. m. Tuesday at the Woodlawn hospital. The child was born Sunday.

The Rev. Lloyd Overmyer officiated at the rites, and burial was in the Mentone cemetery. The Hauptert funeral home at Akron was in charge of the funeral.

FIREMEN BUSY

A barn was completely destroyed by fire on the Glen Law farm west of Mentone, in Newcastle township, on Monday afternoon.

Early Wednesday morning a transformer pole shorted and the firemen stood watch until the public service men arrived.

FORMER MENTONE
MINISTER DIES

Rev. A. G. Simmons, of 1622 Lane Ave., Elkhart, a retired Methodist minister, died at 6 a. m. October 18 in the Elkhart General hospital. He was born May 3, 1882, in Hazleton, Pa., he married Ruth Stewart Sept. 13, 1919, in Chicago. Surviving are his wife and several nieces and nephews. Rev. Simmons, who retired in 1948 in West Terre Haute, Ind., was a graduate of Marion College, Marion, Ind., and the Baptist Theological Seminary in Chicago. He attended Taylor University, Upland, and Dickerson College. He joined the Methodist Conference in 1922 and held pastorates in Des Moines, Ia., and Marion, Switzer, Ossian, Mentone, Florida and West Terre Haute before retiring.

CALENDAR

Mentone American Legion Auxiliary Unit 425 will meet at the Post home Monday, October 31 at 8:00 p. m. for a Halloween party. All auxiliary members are asked to be masked.

Mentone Kindergarten Association will meet November 8, instead of November 1.

An organizational meeting of the Mentone Athletic Booster Club will be held in the high school vocational and agricultural room, Friday, November 28 at 7:00 p. m.

NAMED ADMINISTRATRIX

Mary Manwaring has been appointed administratrix of the late Miles Manwaring estate. The value of the estate has been estimated at \$106,000.

COUNTERPOINT

By the Editor's Wife

About 25 million American motorists have never taken any kind of driving test. Their licenses were issued before various states required examinations. I happen to be one of that 25 million and have often wondered if I could pass the requirements of good driving, under the watchful eye of a driving instructor. How about you, buster?

Now comes word that our 5¢ package of gum is to go. In its place will be a package of eight sticks for 10¢. It just won't be the same!

If the new \$80 million port goes in near Burns Ditch (on Lake Michigan) and if there will be additional steel mill construction, it is estimated that there will rise a city of over 100,000 population around Portage, Indiana. This area seems to have a rosy future! (Now if we could do something about the humidity.)

My sister (who is very much interested in birds,) finds herself faced with a problem. She owns two cunning kittens who are called "The Boys." These kittens are not only cunning, they are downright intuitive. Every morning, while outdoors, they climb into the bird feeder to sun themselves. So, my sister says that some changes will be made—for it's very doubtful whether those little birds and little cats ever get very chummy.

We were in the grocery store recently when a discussion rose over the initials marked on a pie. It was finally agreed by some, that the initials were RB, others were still in doubt. "There's one way to find out," said M. B. "I'll buy it and take it home." So he bought the "raspberry" pie. He called us at home a little later and laughingly said that he had bought a rhubarb pie. You just can't tell by the initials now, can you? (M.B. could also mean Millie B.)

We enjoyed this:

A reporter stopped a busy political candidate and asked him what he thought about a certain national problem.

"Don't bother me," snapped the candidate, "I have a speech to make and this is no time for me to think."

Soldier Killed
In Germany

Word was received Friday that Sgt. First Class Boyden C. Tibbitts, 32, of Route 3, Warsaw, was killed October 15 in Friedberg, Germany.

A relative said a telegram, giving notification of Sgt. Tibbitts' death, was received Friday night and it stated a letter would follow.

At this time there are no details known except that death was caused by a gunshot wound. Sgt. Tibbitts was in the barracks at the time of his death.

Sgt. Tibbitts, an Army career man, was a lifetime resident of Kosciusko county. He was born Nov. 9, 1927, to Samuel C. and Martha Jane (Boyer) Tibbitts. He had been stationed in Germany the past two years.

He was married Sept. 10, 1950, to Polly Trimmer, who survives. She is in Orlando, Fla., with their three daughters, Wendy, 8, Robin, 7, and Kimberly, 5.

Sgt. Tibbitts' mother, Mrs. Samuel Tibbitts, resides on Route 3, Warsaw.

Survivors also include seven sisters, Mrs. Alton (Pauline) Shoemaker and Mrs. Devon (Marjorie) Deaton, both of Claypool, Mrs. Sam (Lucille) Boggs, Mrs. Lewis (Joan) Rule, and Mrs. Raymond (Naomi) Ross, all of the Warsaw area, Mrs. Gerald (Georgianna) Bucher, of Akron, and Mrs. Willard (Isabelle) Hankins, of Hometown.

Sgt. Tibbitts was a member of the South Baptist church in Columbus, Georgia.

The funeral will be held Friday at 2:00 at the McHatton funeral home. Friends may call at the funeral home from 2:00 today until service time.

TO HOLD RUMMAGE SALE

The Senior class of Mentone High school is going to have a rummage sale on Saturday, October 29th at the old Schrader building. It will start at 9:00 and continue until everything is sold.

LOCAL POULTRYMAN
AT PURDUE UNIVERSITY

Hobart Creighton will be one of the principal speakers at the two-day annual meeting of the Indiana State Poultry Association at Purdue University Tues. and Wed. of this week.

Other poultrymen from Mentone who are serving are Richard Manwaring, Mott Bryan and Jerry Kralis.

GIRL SCOUTS HAVE
WINDOW DISPLAY

The "Birthday Years" is the name Girl Scouts are giving to the three-year period—1960 to 1963—during which they celebrate two wonderful anniversaries.

The first big date is October 31, 1960. It marks the 100th anniversary of the birth of their founder, Juliette Gordon Low. The other significant milestone is March 12, 1962, exactly 50 years after the first Girl Scout troop met in the U.S.A.

The week of October 30, 1960, Girl Scouts everywhere will honor Juliette Low, the founder of Girl Scouting in this country, and their local Girl Scout founders, Mrs. Clifford Eherman of Barket started Girl Scouting in Mentone, about 1921. Girl Scout Troop 30 of Mentone have made a window display in the former IGA store on Main Street in honor of those people who have contributed to Girl Scouting in the past.

On November 5 at 7:00 p. m. a Juliette Low Centennial Program will be in the Winona Lake Auditorium. Girl Scouts and Brownies from Kosciusko county will participate in this program. All parents and adults who are interested are invited to attend this program.

FIRE DESTROYS
FAMILY GARB

A fire of undetermined origin at the Harry Sayers residence, on State road 25, South of Talmage in Newcastle Township, Thursday night destroyed the entire upstairs of the two story house and all of the families clothes, except what they were wearing.

Rochester firemen received the call at 10:10 p. m. from Larry Sayers, 15. His brother Mike 14, who had been sleeping was choked by the smoke from the blaze, awoke and awakened his brother Fritz Morgan who lives across the road from the Sayer residence, saw the blaze and notified the Mentone fire department.

The blaze which started in an upstairs closet, where all of the family clothes were stored, quickly spread through the upstairs, destroying the complete bedroom set and a cedar chest. The lower part of the house was damaged considerably by smoke and water.

Mentone firemen fought the blaze for over an hour. The loss was covered by insurance.

MENTONE LIONS CLUB HALLOWE'EN
CELEBRATION AND FISH FRY SATURDAY

The Mentone Lions Club is planning a big affair for next Saturday night, October 29th, when they will hold their annual fish fry and Halloween celebration.

The serving of fish will begin at 5:00 p. m. and last until eight o'clock, just in time to witness the big Halloween parade in the school gym.

Cash prizes will be awarded the best masqueraders and all masked persons participating will receive a free treat.

The masquerade contestants are to assemble in the street between the Reed funeral home and the Sinclair station at 7:30, ready to march. In case of in-

clement weather, the contestants will assemble in the high school agriculture room.

The following prizes are to be awarded:

Largest family group	\$5.00
Best dressed couple	2.00
Best bridal couple	2.00
Best tramp	1.00
Best clown	1.00
Ugliest dressed	1.00
Youngest person masked	1.00
Oldest person masked	1.00
Most unusual costume	1.00

Leroy Norris is chairman of the night's events, with Everett Rathfon as co-chairman. Zanna Hammer (chairman) and Lloyd Bowerman are on the Halloween committee.

Mr. and Mrs. Jim Goshert and daughters, Janet, Kay and Faith were Sunday guests of Mr. and Mrs. Chancey Tucker, for a barbecue chicken dinner.

Mrs. Tessie Anderson spent Sunday with her son and family, Mr. and Mrs. Frank Newton of near Talma.

Jody Horn spent Tuesday evening with Linda Gagan of near Akron.

Mrs. Rosa Kinsey, Mrs. Lois Davison and Mrs. Dora Whetstone attended the funeral of Rev. Simmons Friday, at Elkhart.

Mrs. Tessie Anderson spent Saturday evening with Mr. and Mrs. John Loer and family of near Burket.

Mr. and Mrs. Arlo Friesner were in Defiance, Ohio to see Mrs. Friesner's father, Charles Blue and found him about the same.

Sunday a carry-in dinner was enjoyed at the home of Mr. and Mrs. Kenneth Horn and family. Those present were Mr. and Mrs. Ford Meredith, Mr. and Mrs. Carl Meredith and family, Mrs. Mary Ann Bernard and children, Mr. and Mrs. Howard Clipp and daughter, Linda, Mr. and Mrs. Earl Sanners and family of Ohio, Mrs. Bertha Kesler, Mr. and Mrs. Howard

Horn and daughter Jody, Mr. and Mrs. Donald Horn and family of Mentone, Mr. and Mrs. Clarence Horn and daughter Carolyn, Mr. and Mrs. Jack Horn and son of Rochester and Mrs. Velma Horn of near Akron.

Mr. and Mrs. Arlo Friesner, Lonnie and Vickie Witham had Sunday evening supper with Mr. and Mrs. William Cook.

Sunday afternoon Mr. and Mrs. Ora Tucker called at the home of Mr. and Mrs. Ray Dillingham.

Mrs. Rosa Kinsey and Mrs. Zoa Ward were in Warsaw on Thursday of last week.

Rev. and Mrs. Berlin Yeager of Syracuse were supper guests of Mr. and Mrs. Robert Jones one evening of last week.

Mr. and Mrs. William Schoo-

ley, Mr. and Mrs. Dwight Reichard returned home last Friday from a two weeks visit and fishing trip at the home of Mrs. Schooley's brother, Mr. and Mrs. Walter Fawley at Osage, Minn.

Mr. and Mrs. Andrew Hall visited Sunday with their daughter and family, Mr. and Mrs. Gerald McHatton in Warsaw.

Sunday afternoon Mr. and Mrs. Eizinger and family of Rochester were guests of his parents, Mr. and Mrs. Allen Eizinger. Mr. and Mrs. Andrew Ritenour of near Argos called in the evening at the Eizinger home.

Mr. and Mrs. Peck Kelley and daughter of South Bend spent last Friday with Mr. and Mrs. Lon Walters in Mentone.

A LETTER TO THE EDITOR

I consider Mr. Kennedy the most dangerous man ever to run for the presidency on either ticket, because we have been gradually brought to the brink of a complete welfare state by Mr. Roosevelt and Mr. Truman, mainly. Mr. Kennedy plans to give a big push toward government control—then we will be in complete bondage. His discussions about what he plans to do will destroy the American government. First, he does not consider any fiscal responsibility in regard to decreasing the vast cost of government by eliminating waste and unnecessary bureaucracies. The government now owns and operates about four hundred billion dollars worth of business that is competing with private enterprise. These government-owned properties pay no tax; therefore, the tax on the people gets heavier and heavier. These businesses could be sold and the money applied to the reduction of the debt. There could be at least ten billion dollars saved by cutting out all bureaucracies that are not absolutely necessary and the waste of overlapping orders and other things in the Defense Department.

Mr. Kennedy plans to increase

the taxes to carry out his program of "Pie In The Sky." He also plans to increase the power of the federal government so much as to destroy states' rights, take over private enterprises, or at least control them, and control all schools, banks, and do away with and destroy completely private initiative. Then our personal freedom will be gone.

Can a democracy die? It is possible for such a government as we have here in the United States—a government of the people, by the people, and for the people—to perish. The answer is written in the pages of history. Yes, a democracy can die. History shows there are nine steps from the beginning to the fall of a democracy. History also records the average length of life for a democracy has been only 200 years. Here are the nine steps: First, the people go from bondage to spiritual faith, from spiritual faith they move to courage, from courage they move to liberty, from liberty they move to abundance, and from abundance they become materialistic, instead of spiritual. They feel they have no need for God. They become selfish and begin to feel like the man in the Bible who had a great harvest, so he tore down his barns and built new ones and said, "I'm not like my neighbor. I have great abundance and

do not need God." And then he, as we are now doing, moves to complacency and then a apathy and dependence, usually on the largess of centralized government which constitutes the eighth step. Then the people take the final step into the chains of bondage. Today our country has a combination of selfishness and apathy, and a lot of people have left apathy and gone to dependence.

Mr. Kennedy's plans of centralized government controlling all will lead us into complete bondage.

My fellow Americans, you must consider these things and pray to God for a true answer. You cannot have security that will take care of anything that might happen in life from the cradle to the grave without losing all your freedoms. If a man wants complete security and has lost all ambition to get out and fight his way up in this life, he should go to jail and stay there because he will have complete security—his room, board, and clothes.

This message to you is not against Republicans or Democrats, but it is against the final step back to bondage, which our forefathers fought and died for in the Revolutionary War. They gave us a Constitution based on the Bible, a Bill of Rights, and the American Creed.

Will you throw all this away and go back to bondage just because a man promises you everything under the shining sun, and even "Pie in the Sky."

Signed:

Bailey T. Tally, M.D.

Albemarle, North Carolina

Willing To Try

Mom suddenly had the urge to live in the past. She complained to her husband: "You used to kiss me," so he leaned over and kissed her on the cheek. "You used to hold my hand," she said, so he reached out and held her hand. "You used to bite me on the neck," added Mom, and Pop started to walk out of the room. "Where are you going?" asked Mom, and Pop replied: "To get my teeth."

Insurance On Romance

Nervous English boys, whose

girl friends go abroad for their vacations, are now able to buy "romance" insurance. If the girl friend falls in love with a continental Romeo and breaks her engagement to marry him, the boy collects \$2,800. The terms are set according to the girl's age because the younger ones are thought to be riskier propositions. The premium on a girl between 17 and 25 years of age is \$4.20. For girls between 25 and 30, the premium is only \$2.80. No one yet has inquired about the premium on a girl over 30.

The insurance broker who issues these policies revealed that more than 200 boys have taken out policies so far. But he failed to explain how the \$2,800 for a broken romance was arrived at or what happens when the girls find out about this insurance.

NOW FOR '61... 2 TOTALLY DIFFERENT TYPES OF CHEVY TRUCKS!

Rampside—roll your loads in and out. Nothing to it!

Corvan—slide loading height is only 14" from the ground!

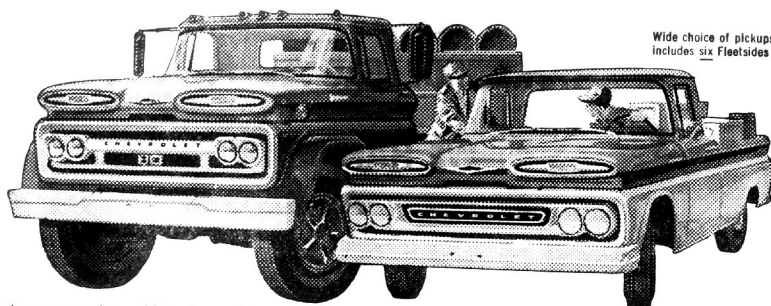

1. REAR-ENGINE CORVAIR 95's—THE TRUCKS THAT BEGAN WITH 4 WHEELS AND A FRESH IDEA!

Here are high-capacity haulers that offer the most accessible load space you ever saw. Think of up to 1,900 pounds of whatever you haul riding on a highly maneuverable 95-inch wheelbase. This design's a beauty. Features 4-wheel independent suspension, integral body-frame build, thrifty air-cooled rear engine—all kinds of fresh new ideas about truck efficiency and economy.

TORSION-SPRING CHEVROLETS—WORTH MORE BECAUSE THEY WORK MORE!

2. You actually feel the advantages of independent front suspension in the almost total absence of I-beam shimmy and wheel fight. The driver rides easy, the load's better protected, tires take less abuse, the whole truck is subjected to far less damaging road shock and vibration. Efficiency goes up. Profits follow. Look over the whole line—both types of Chevy trucks.

Hunting Safety Depends On You

As the opening of the 1960 Indiana hunting season (Nov. 10) approaches, Purdue University farm safety specialists, points out safe hunting depends on courtesy, common sense and constant vigilance.

The National Safety Council reports these three causes result in two-thirds of the hunting accidents:

Humans in the line of fire, mistaking humans for game and hunting with the safety catch off.

Accidents can be reduced, if most of the common causes of them are eliminated. Safety specialists suggest:

Always treat your gun as if it were loaded, even when you feel certain it is empty.

Keep the muzzle pointed away from anything you would not want to shoot.

Wear bright red or yellow chromate colored clothing, designed to prevent a hunter from being mistaken for game.

Never climb a tree or fence or jump a ditch with a loaded gun.

Never pull a gun toward you by the muzzle.

Never point an empty gun at another person or engage in

horseplay with anyone holding a gun.
Don't drink while hunting.

Wild Garlic Control Measures

Farmers whose fields are infested with wild garlic can deliver the first of a one-two knock-out punch to this pest this autumn.

A late October or early November application of 2,4-D ester at the rate of two to three pounds (acid equivalent) in about 10 gallons of water an acre will kill newly emerged garlic shoots. This prevents them from producing new bulbs and bulbets next year. A second application at the same rate in March will kill the shoots that emerge from previously dormant bulbs.

This and other wild garlic control measures are discussed in Purdue University agricultural extension leaflet No. 341 "Wild Garlic Control." Oliver C. Lee, Purdue extension botanist, is author of the leaflet, available to Indiana residents without charge. It may be obtained from county extension offices or by writing the Agricultural Publications Office, AES Building, Purdue University, Lafayette.

SAFETY FOR HALLOWEENERS

The approaching Halloween season always means a time for special vigilance, and the Chicago Motor Club advises both parents and motorists to take extra precautions to protect children during this festive period.

In the excitement of "Trick or Treat" antics, children may forget their safety rules and dart across streets from between parked cars.

The masks and costumes which are so much a part of Halloween often obstruct a child's vision—adding to the need for extra alertness on the part of motorists.

J. J. Cavanagh, president of the motor club, urges parents to make certain that their children's costumes do not restrict their vision. He also suggests having school and community costume parties to keep children off the streets at Halloween.

Cavanagh lists five basic safety tips which parents should seek to enforce during the Halloween season.

- Make sure all costumes contain something white.
- Tell your children always to walk on the left side of road ways in rural areas.
- Impress on them the danger of making quick moves into the street.
- Caution them to cross only at lighted intersections.
- See to it that their masks do not limit their vision in any way.

Hints In Corn Harvesting

Corn harvesting is a dangerous job, C. L. Hill, Purdue University agricultural engineer, reminds Indiana farmers.

Make it a point, he says, not to go to a hospital as the result of a corn picker accident. Avoid short cuts and chances that may lead to a critical or even fatal injury. Hill emphasizes.

A careful check of corn harvesting equipment now may save valuable hours after the harvest begins. He suggests beginning with the tractor, noting particularly the condition of its steering mechanism and brakes.

Then the picker itself; replace or weld broken braces or shields. These shields should be properly attached to protect the operator.

Kerosene brushed on the roller chains will clean and lubricate them.

Loosen the slip clutches as much as possible, Hill advises. Then they can be tightened to go through heavy picking.

Replace all worn bearings.

At the start of the season snapping rolls should be close together for green corn. As the corn becomes dryer the rolls should be widened. Worn out snapping rolls can be replaced profitably in many cases, Hill says. Remove snapping pegs on the rolls if conditions warrant.

Husking springs that hold the husking rolls together should be strong.

And, above all, be careful!

Winter Rose Protection

Gardeners can help prevent winter injury to their roses by taking a few precautions this fall.

Purdue University horticulturists say winter protection can be given roses once the plants become partly defoliated by frost. This normally occurs on or about Nov. 1.

Purpose of this protection is to keep the soil and plant temperatures as uniform as possible when the ground is once frozen, thus preventing alternate freezing and thawing which accompany weather changes.

For the most practical protection of Hybrid Tea and Floribunda roses, hill soil around the plants to a height of about six inches and place a mulch of coarse straw, leaves or well-rotted, strawy manure over it. Ground or crushed corn-cobs are a very suitable material for mulching and should be more frequently used. Crushed corn cobs should be well weathered before being applied.

Purdue horticulturists list these methods of protecting climbing roses.

Bring the canes together and wrap them with straw—very effective, but somewhat unsightly.

Remove the plant from the trellis or support and lay it down and then cover it with soil. After the soil is well frozen, add a layer of leaves or straw.

Cover the entire plant with burlap while still intact to its support.

Farm Spray Oiling Eggs

Farm spray oiling of market eggs can be an important asset in the quality control programs for eggs. More and more wholesalers who pack top quality eggs will be selling eggs under their own brand name, according to Melvin L. Wilson, extension poultryman at Purdue University.

Homemakers soon learn to pick up a certain brand name if that carton contains the quality eggs desired. The high quality of fresh eggs can be maintained for a long period of time if the best of care is given, Purdue tests show. Farm oiling is a definite part of a good management program, says Wilson.

Eggs should be sprayed with a recommended oil as soon as they are cooled and within 24 hours after laying. Oiling does not affect flavor, but helps maintain fresh flavor for longer periods. Oiling may be done by use of an aerosol container filled with a specially prepared product or by use of a hand sprayer. If a hand sprayer is used, the producer must use extreme care to keep the oil free from contamination. The principal advantage of the farm oiling of eggs is the resulting uniform quality from the first to the last egg in each dozen used by the consumer, Wilson points out.

The Chicago Motor Club urges all drivers to make certain their cars are ready for safe winter motoring. Keep a close check on your brakes, tires, lights, windshield wipers, defrosters, electrical system, battery, and engine. Don't wait until the first severe frost to have your car checked for the rugged winter driving days ahead.

One of the best times to take soil samples is immediately after harvest, remind Purdue University agronomists. They recommend sampling light and dark soils separately.

Changes In Social Security

Changes in the Social Security law this year will mean more money to many residents of the Mentone area, according to Herbert O. Bultemeier district manager of the Elkhart Social Security office.

Just one of the many important changes will permit disabled workers at any age, along with certain members of their families, to receive monthly benefits. This eliminates the old provision which required a worker to be 50 years old to receive disability payments.

Another change taking effect in 1961 will let some people already on the rolls earn more money without causing a substantial loss in Social Security benefits. It will no longer be possible for a beneficiary to lose as much or more in benefits as he earns by working.

There are also many other changes. One of them affects parents who work for their own children. This work, if not domestic work, is now covered under Social Security. Another will bring additional benefits to some surviving children of workers who died.

Bultemeier said that his office has available a pamphlet explaining all these and the other changes brought about by the 1960 amendments. It is free for the asking. He also invites anyone interested to stop in at the new Social Security office which will be at 515 South Third St. in Elkhart after November 1.

The return to central standard time means darkness arrives one hour earlier. The Chicago Motor Club points out that this is of great significance to drivers because it increases motoring hazards during the late afternoon and early evening rush period. Keep your speed down when the sun goes down. Don't speed through the tricky twilight.

NEWS* Ph. Elmwood 3-3985

On October 15th we leased our store building to Mr. and Mrs. Robert Powell formerly of Wabash, they will soon make their home in Etna Green, and become a part of the community we love so well.

They plan to resume the operation of the business as a general store, and will try to give you an outstanding store.

Mr. Powell has had several years experience in chain store operation, with emphasis recently in the meat department.

The dry good line will be a new venture for them, with perhaps a small start, but on request will order whatever you need.

In stepping out of a business after so many years, it is inevitable that we are saddened, you, our customers, have meant a great deal to us. We know that we haven't been able to please everyone all the time, but we have done the best we could.

To all who have patronized us we say THANK YOU, and hope you will give the Powells an opportunity to serve you.

We wish the best for them and hope that they and their descendants can serve you the next 100 years.

We extend to you a personal invitation to visit the store on opening day, and meet the Powells as well as to see what they have to offer you.

Lavoy Montgomery is on the sick list.

Pvt. and Mrs. Rolland Calvert called on his parents, Mr. and Mrs. Robert Calvert.

Anderson Village has been closed for the winter.

Mr. and Mrs. Cliff Koch and family of Rochester called on friends here Wednesday evening.

Mrs. Devon Eaton was the recent guest of Mrs. Alta Mollenhour of Mentone.

Wayne Bowser of Mentone was a business visitor here Monday afternoon.

Talma Tigers basketball team will open their 1960-61 season on November 1, with Atwood on the Tigers home court. On November 4, Talma will meet Grass Creek at Talma.

OCTOBER MEETING

The October meeting of the Be-About Missionary group met at the home of Mrs. Charles Hunter, on Monday, the 24th. Psalms 27, was read by Mrs. Ed Bach, and a poem "God's Touch" for meditation.

Mrs. Wayne Bowser, president, conducted a short business meeting of which officers were elected for the coming year as follows: President, Mrs. Raymond Lewis; vice president, Mrs. Ed Bach; secretary, Mrs. Everett Besson; treasurer, Mrs. Jim Gates. Committees were appointed

to make plans for Christmas at the County Home.

After prayer, the group made Thanksgiving favors for the nursing home at Warsaw.

Tasty refreshments were served by the hostess to Mrs. Fred Berkland, Mrs. Ervin Wagner, Mrs. Lee Norris, Mrs. Wayne Bowser, Mrs. Ed Davis, Mrs. Tobie Blalock, Mrs. Ed Bach, Mrs. Raymond Lewis, Mrs. Everett Besson, Mrs. Everett Welborn, Mrs. Morris Bitzer, Mrs. Jim Gates, Mrs. Ora Carmean, Mrs. Jim Miller and Mrs. Kenneth Romine.

UNICEF TRICK OR TREAT

Children are invited to the Methodist church at 6:30, Monday evening, October 31, to participate in ringing bells for the collection of money to help feed hungry children in many lands that are not fortunate as we are. Last year 2½ million children collected 1½ million dollars to provide milk for starving children.

Children will be directed and chaperoned. They can be identified by their arm bands and they will carry milk cartons with slots for dropping in money. Look for the arm band and encourage the children in this kind of Hallowe'en fun. There will be refreshments for the children when they return to the church with their boxes.

BAPTIST CHURCH NEWS

A new roof was installed on The First Baptist Church last week by Lawmaster Brothers of Bourbon. The built up type roof, which is bonded for twenty years was installed at a cost to the church of \$2,157.00. Funds for this project have been raised through free-will offerings from the congregation.

Local News

Mrs. Harry Cole, Mrs. Charles Vandermark and Mrs. Helen Mellott called at the home of

Mr. and Mrs. Garrie Rose last week.

Mr. and Mrs. Allen G. Shirey and children visited the Shades in Southern Indiana over the weekend.

Mrs. Myrtle Davis and Mrs. Mary Barkman called on Mrs. Alfred Teel Saturday afternoon.

On Wednesday of last week Mr. and Mrs. Rea H. Ward had as guests Mrs. Ward's only living aunt, Mrs. D. O. McComb and her daughter Mrs. Louis Pletcher. Also her sister, Mrs. Emma Marvel and Mrs. Ward's sister, Mrs. Albert Smith all of Fort Wayne.

Joyce Eiler was a Sunday afternoon visitor of Marilyn Horn.

Sunday, Mr. and Mrs. Morris Bitzer and Jay had as their guests, Morris's father and mother, Mr. and Mrs. Homer Bitzer from Andrews, Indiana.

Mrs. Ethel Graham, Mrs. Treva Boganwright and Mrs. Maude Zolman called at the Alberta Poulson home Monday night, bringing home-made ice cream and cake to help Alberta celebrate her 76th birthday.

SINCERE THANKS

I wish to extend my thanks to all my friends and neighbors who remembered me during my recent illness. All cards, flowers, and acts of kindness shown were deeply appreciated.

Family Finances

by
John Roberts

Would you throw something valuable away? That's exactly what you'll be doing if you're eligible to vote and fail to do so.

Literally millions of persons in the world are denied a chance to vote. They know what we all should—the right to vote is one of our most valuable possessions.

How important is your one vote? Do you know that in 1941 ONE vote saved the Selective Service system just 12 weeks before Pearl Harbor? And, in 1876 ONE electoral vote put

Rutherford Hayes in the White House.

Our high standard of living and our family income is the result of the American system of free enterprise. A vote on November 8th is a vote of thanksgiving for the benefits it has given us. Don't throw away your valuable vote. Cast your ballot for the candidates of your choice.

Tractor Talk

TAKE CARE WHEN INSTALLING TRACTOR PLUGS

When removing or installing spark plugs in your tractor, always use a spark plug socket wrench. According to service engineers at Champion Spark Plug Company, using the wrong tool may result in improper in-

stallation, or damage to the plug.

The recommended plug should be installed according to the torque chart shown below. If a torque indicating wrench is not available, seat the plug on its gasket finger tight—then tighten an additional one-half turn.

Champion engineers recommend removal of spark plugs after 125 hours of service, replacement after 250 hours of service.

Torque Wrench Chart	
Lbs. ft. torque for tightening	
Plugs	
Plug Thread	Lbs.-Ft.
14mm	27-30
18mm	32-34
7/8-18	35-37

Prepare For F. B. Convention

When the ten members of the resolutions committee convene in Indianapolis, October 31 to organize county recommendations on policy, that will be the last step in preparations for the annual Indiana Farm Bureau Convention. This event to be held in the Murat Theater, in Indianapolis, November 9 to the 11, is expected to draw a capacity crowd.

George Doup, IFB president, is enthusiastic over the program which will be highlighted by addresses by the American Farm Bureau president, Charles B. Shuman, Illinois farmer, and Dr. Charles Malik, Beirut, Lebanon, international diplomat, one of the architects of the United Nations and the Declaration of Human Rights, and recently a lecturer at both Dartmouth College and Harvard University.

During the first forenoon, President Doup will give his annual message, the title of which is "Farming's Future—Choice or Chance?" During the first afternoon, Dr. Malik will address him-

self to the topic: "Let's Roll Back the Communist Tide." Also speaking during that session will be J. B. Kohlmeier, director of the State Commission for school Reorganization.

Entertainment at the general sessions will be provided by The Levee Loungers; vocalist, Miss Marcia Sisson, Marion; and the Po-Ka-Tots, Polish dancers from Michigan City.

Clean Up "The Big Ten"

Purdue University plant pathologists say now is the time to clean up "the big ten" plant diseases of the home garden and orchard.

Most of these diseases survive the winter on infected dead leaves and plant debris. The home gardener, by cleaning up this debris, can reduce the diseases that plague him season after season.

Black spot of roses, raspberry anthracnose and peony blight overwinter on infected stems. Control of these diseases starts with cutting out and destroying all infected stems.

Apple scab and anthracnose of shade trees overwinter on dead leaves. Burning or composting them cuts down the disease incidence next year. Spores are produced on these dead leaves, becoming sources of disease in the spring.

In this same category is black rot of grapes; this fungus overwinters on the wrinkled, rotten bunches of grapes on the ground. Cleaning up of these bunches will reduce the disease.

Mowing the strawberry patch and removing the infected leaves reduces strawberry leafspot.

Cankers in apple, pear, and plum trees indicate the presence of fireblight on apples and pears and black knot on plums. Trim out these cankers with sterile tools while the trees are dormant. The cankers act as a source of disease next year.

Powdery mildew on flowers is caused by a fungus which lives over winter in the bud scales and on fallen leaves. Therefore, this disease can be reduced by a dormant spray of one part liquid-lime sulfur in eight parts of water, applied after perennials, such as roses and lilacs, have dropped their leaves in the fall.

Mr. and Mrs. Everett Besson, Janet and Judy attended Sunday, a family get-together at the Charles Besson home near Warsaw.

and John Wentzel.

The following students made
all "A's":

Dona VanGilder, Sandra Mil-
ler, Eldona Antonides, Judy Bes-
son, James Whetstone, and
Charles Hubart.

COUNTY SPEECH FESTIVAL HERE

The speech teachers of Kos-
ciusko County met last week in
the office of county superinten-
dent, Glen C. Whitehead, for the
purpose of organizing for the
annual Kosciusko County Speech
Festival which will be held in
Mentone School, March 17, 1961.

John Frederick, principal of
Mentone School, presided in the
absence of Mr. Whitehead. Mrs.
Florence Caldwell, Mentone
teacher, was elected chairman of
the Festival.

It was decided at the meeting
that doorkeepers, time keepers,
and room chairmen will be fur-
nished by Mentone students. It
was also decided that Mrs. Cald-
well would select a group of
judges from the Akron area
in Fulton County. She plans to
instruct the judges previous
to the day of the Festival so that
their judging knowledge will be
on a fairly equal basis.

Mr. J. S. Johns of Indianapolis,
called on Mr. Gerald Fretz and
Mr. and Mrs. C. A. Fretz, Tues-
day afternoon.

Mr. Stephen Walters and Mr.
Gerald Fretz attended the Etna

Green Senior play, "Father
Knows Best," Friday night.

Mr. and Mrs. Clarence Fretz
and son Gerald, were Sunday
dinner and afternoon guests of
Mr. and Mrs. Dalas Martin and
daughter Edith.

Mr. and Mrs. Carleton Towns
of Fort Wayne were Sunday
evening luncheon guests of Mr.
and Mrs. C. A. Fretz and son
Gerald.

Mr. and Mrs. Everett Welborn
and sons, spent Saturday with
the Heston Creviston family at
Lafayette.

HORSE SHOW FIELD DAY

Some 200 Western horse judges, exhibitors and breeders are expected to attend the first Indiana-wide field day, October 30 at the Tippecanoe County 4-H fairgrounds coliseum in Lafayette.

After registration, starting at 9 a.m., CDT, Don Norwood, Huntington, president of the Indiana Saddle Horse Association, will welcome the group. Then Dr. John Bullard, Purdue University veterinarian, will discuss general disease problems involved in handling and breeding horses.

Following luncheon, various types of Western horses will be shown. A film presentation on points of horse conformation will conclude the afternoon program. Tom Simes, Bloomington, representing the Saddle Horse Association, will be in charge of an evening session for judges

Oliver Davis of Rochester, Mr. and Mrs. Rex Witham and family were callers Wednesday of last week of Mrs. Rosa Kinsey and Kenneth.
