Mentone FFA Planning
Corn Field Day

The Mentone FFA boys are busy making plans and preparations for a corn variety and fertilizer demonstration field day.

They state:

"We hope you will plan on seeing our demonstrations that we are working on. The field day will be held on Saturday, Oct. 21.

"We have a total of 23 varieties, 22 fertilizer ratios, and minimum tillage versus conventional tillage at high population to show you. Watch your papers for more details on this field day."

TO LEAVE ON
HUNTING TRIP

Mr. and Mrs. Harold Utter will leave Friday on a hunting trip to Ten Sleep, Wyoming. The trip will be made in their pickup truck with a sleeping cabin mounted on the aft portion.

Tuesday, Dr. and Mrs. Wyndom Wilson and Mr. and Mrs. Dale Sinclair will leave by private plane and Wilbur Wilson of Huntington and Joe Wolfe of Eaton, Ohio will leave by auto to join in on the hunting party.

SECRIST LAD IN
WARSAW HOSPITAL

Jeffrey, five-year-old son of Mr. and Mrs. Jerry Secrist was taken to the Murphy Medical Center Saturday, and is reported to be showing some improvement. His affliction hasn't as yet been definitely established, but it was reported it could possibly be meningitis or encephalitis. As he was a student in the Mentone kindergarten, the other students were given oral doses of sulphur as a precautionary measure.

Medical people state that if it was meningitis, other youngsters exposed would develop a sore throat within two or three days.

Little Jeffrey, it will be remembered, was the one who was bitten by a cat last spring.

NEW DAUGHTER

Mr. and Mrs. Charles Knill of Hoovers, Ind., are the parents of a six pound seven ounce baby girl born Sunday at 4 a. m. in Duke's Memorial Hospital, Peru. Mrs. Knill is the former Verna Weiger, daughter of Mr. and Mrs. Verne Weiger of R. R., Tippecanoe. The new daughter has been named Angela Kay.

Rummage Sale To
Benefit Mentone Band

The Mentone Band Parents will hold a rummage sale on October 14, 1961 at the Warsaw Community Center on West Center Street in Warsaw.

Items needed for sale are good clean wearable clothing, pressed and marked with sizes, shoes, hats, purses, books, household items, games, and toys.

Workers are needed for the day of the sale. Paper bags are needed for the sale items.

Ideas and help from both the Junior and Senior band parents will be appreciated.

Will you please take your items to Mrs. Georgia Teel, phone EL 3-4565; Mr. and Mrs. Glenn Mellott, phone EL 3-4605; Mr. E. Brallier, Kimm Paint Store, Warsaw, phone AM 7-4984; Mrs. Harriet Taylor, phone AM 7-4987.

Mentone P. T. A.
Meeting Oct. 11

The next meeting of the Mentone P.T.A. will be October 11. Mrs. Ruth Urschel will speak on, "Up-to-date information concerning the School Re-organization".

Entertainment will be furnished by grades 3 and 4.

All parents and teachers are urged to attend as it is better to be informed than misinformed.

TO OPEN BODY REPAIR
SHOP WEST OF MENTONE

B. E. Smith and son Bernard, Jr., of Warsaw, are setting up to open an auto body repair shop in the former P. D. Ruyle Farm Repair Shop, west of Mentone on Road 25.

Mr. Smith has had 24 years experience in body repair and states that they will be ready to take care of customers Monday. (See advertisement elsewhere in this issue).

REMAIN IN HOSPITALS

Robert Reed, who is in the Murphy Medical Center at Warsaw, is reportedly improving. He may be permitted to return to his home shortly.

Mahlon Mentzer remains in a serious condition at the Woodlawn hospital. He is being given oxygen.

Mrs. Agnes Rans is improving at the Parkview Memorial Hospital in Fort Wayne.

COUNTERPOINT

By The Editor's Wife

In the October Reader's Digest Dr. David Mace discusses seven virtues which women desire in their husbands.

One of these is courtesy (and women really do talk about this one.)

The following letter was "borrowed" from a Detroit newspaper, and expresses what most women feel.

PRAISES MANNERLY
HUSBAND

DEAR JANE LEE:

I'm one of the lucky ones. I married a man! He holds my arm whether I have my shaky high heels on or my tennis shoes. He holds my chair—not just in public but for every meal we eat together, including breakfast.

He holds my coat, takes and gives my dinner order when we eat out and displays the most beautiful manners toward elderly people, middle-aged people and even children.

He always lets me out of the car and walks me to the house before he puts the car in the garage. What's more, because of his excellent example, our two sons, 5 and 3, have started imitating their dad.

Older people often criticize the younger generation. However if they had set a better example, our generation might have been a little more to their liking.

It's such a pleasure to have my son hold my coat for me, even though I almost have to sit on the floor to get down to his level.

Believe me, girls, the "men" are well worth waiting and looking for as far as I am concerned. Hang on and some day you will find that one-in-a-thousand who was taught nice manners by his parents.

I'VE GOT A MAN.

Did you know that monarch butterflies and dragonflies migrate along with our feathered friends? Which gives us a good spot to quote Quentin R. Howard (as noted in Picturesque Speech)—"Migrating birds lined up on our fence this morning and practiced their southern accent."

One of my "pet peeves" (while our children were home, and since), was the need for "background" music while try-

(Continued on back page)

WARNING!

Make haste slowly!

This sounds like a contradiction, but here is the explanation.

All the publicity and propaganda is producing a boom in Civil Defense. High-pressure salesmen are going to be knocking on your door, using scare techniques to get you to sign contracts for building bomb shelters. **Don't sign anything!**

If you wish to go ahead with plans to build a bomb shelter, contact the lumber dealers you have known and dealt with for years. They will have the information and supplies necessary.

Need Items For
Auction Sale

The Mentone American Legion Auxiliary is seeking donations of odds and ends, trash and treasures, for their benefit auction sale to be held at the Legion home on Nov. 4th, starting at three o'clock.

If you have articles you'd like to contribute, call Mrs. William Boardman, phone EL 3-4673. The items will be picked up by Auxiliary members the last of the month.

PROPHETIC BIBLE CONFERENCE

"Will Russia Occupy Berlin?"
Rev. Gavin Hamilton will an-
swer this question from the
teachings of prophetic Scripture
at the closing rally of the Pro-
phetic Bible Conference, now in
progress at the First Baptist
Church of Mentone. This great
closing rally will begin at 7:30
p.m. on Sunday evening, Octo-
ber 8. The conference, which be-
gan on Sunday, October 1, has
been well attended as Rev. Ham-
ilton has forcefully proclaimed
the dynamic truths of the pro-
phetic Scriptures.

Thursday evening the sermon
subject will be, "The Coming
World Superman," and on Fri-
day evening Rev. Hamilton will
explain the teachings of Scrip-
ture concerning the "One World
Church", which is so rapidly
taking shape in our day. Each
evening, prior to the message,
Rev. Hamilton shows pictures
which he has taken during his
many missionary tours through-
out the world.

Everyone is invited and urged
to enjoy the blessing and chal-
lenge of these closing sessions
of this Prophetic Bible Confer-
ence. The services on Thursday
and Friday will be held at 8:00
p.m. and Sunday sessions will
be held at 10:30 a.m. and 7:30
p.m. There will be no service
on Saturday evening.

Talma Home Ec Meets

Mrs. Verne Weiger was hostess to the Talma Home Economics Club for their September meeting. The meeting was opened by singing, "Long, Long Ago." The pledges to the American and Christian flags and the club creed were repeated in unison. For devotions, "Blest Be The Tie That Binds," was sung. Mrs. Verdine Brockey gave the history of the song of the month, "Auld Lang Syne," meaning, times long past. She led the group in singing the song. Plans were made for the club to go to The Oaks at Plymouth for their October meeting. The special interest lesson on chair caning was given by Mrs. Leroy Grossman. She displayed a chair she had started to cane.

Election of officers was held with the following elected for the coming year: president, Mrs. Harold Walters; vice president, Mrs. Lester White; secretary, Mrs. Mell McGowan; treasurer, Mrs. Elgie Vandemark; public relations chairman, Mrs. Ann Staldine. The president, Mrs. E. C. McGowan, led in closing the meeting with the club prayer. An auction was conducted with Mrs. Vandemark as auctioneer. Mrs. Leroy Grossman and Mrs. Mike Becker won the door prizes. Mrs. Lester White and Mrs. Elgie Vandemark received sunshine gifts. A card was read from Mrs. Glen Wagner, a member who has been spending the past two months at Ashland, Wisconsin.

Mrs. Lewis Johnson was in charge of the meeting. Dirty bingo was played and Mesdames Verdine Brockey, Leroy Grossman, Lester White, and Mike Becker were winners.

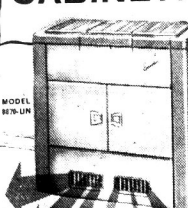

Lovely refreshments were served to ten members and two children. Barbara Johnson and Randy Vandemark.

The next meeting will be a dinner at The Oaks in Plymouth followed by the regular meeting.

Nearly 130 scientific and technical exhibits will be on display for the physicians of the state who attend the 112th meeting of the Indiana State Medical Association at Morat Temple in Indianapolis on October 23-26. The exhibits "cover the field" in latest advancements in modern medical practice.

Earl Simmons of Grand Rapids, Michigan, visited Mr. and Mrs. M. O. Mentzer and other friends in Mentone on Tuesday.

"Sighting In Day" at Rifle Range

The Warsaw Rifle and Pistol Club, Inc. of Warsaw, will hold its second annual "Sighting In Day" on Sunday, October 8. This program is a public service for hunters and shooters who would like to sight-in their hunting rifles and shotguns. This service is available at the club's range located on road 150 west, one half mile north of the Fox Farm road.

The program will provide facilities for sighting-in hunting rifles up to 200 yards and distances less than this. Slug shotguns can be sighted-in for any range desired. Shooters will be required to provide their own ammunition and guns. Other necessary range equipment will be supplied by the club. Safety in the use of guns will be emphasized and all safety rules

will be strictly enforced. Competent assistance for persons attending will be provided as needed. This includes the services of hunter safety, pistol and rifle instructors who have been certified by the National Rifle Association of America, who have provided necessary cooperation in this program. The club is a 100 per cent club of the NRA.

This public service will start promptly at 9:00 a.m. and continue throughout the day until 5:00 p.m.

The club has installed a running deer target for practice purposes. Time permitting, hunters will be allowed to fire on this target. If attendance and range are completely occupied for sighting-in purposes, arrangements will be made for a future date for practice on the running deer.

Reunion and Picnic of Veterans of 1917-18

On Sunday, October 8, there will be an all-day reunion and picnic for veterans of World War I military service, their wives or widows and families, at the Conservation Clubhouse on Caldwell Lake.

The morning will be spent in games and a general "Get-Together", followed by a big old-fashioned basket dinner at 1:00 p.m. During the afternoon there will be a showing of the sound movie, "Operation Abolition", and possibly some World War I pictures. All veterans of World War I are urged to bring their families with a well-filled picnic basket and their own table service. Coffee and soft drinks will be provided.

The club house is located approximately a quarter of a mile west of state road 15 on the first road heading off from road 15, just south of the Claypool overhead bridge, south of Warsaw.

1913 CLASS REUNION

On Sunday there was a reunion of the class of 1913 of the Akron high school at the home of Mrs. Neva Kinder of Beaver Dam. Twenty were present including two of their former teachers, Mrs. Dessa Fultz of Rochester and Mrs. Ethel Graham of Mentone.

When the Indiana State Medical Association held its organizational meeting in 1849, total attendance was eighty-six. The 112th annual meeting to be held in Indianapolis, October, 23-26, will register more than 2,000 persons.

Missiles can be tracked with an accuracy of approximately five feet at a distance of 2,000 miles by a new instrument which eliminates much of the friction encountered in previous trackers. The friction caused an erratic stop-and-go motion of the instrument while it tracked targets. The new unit is mounted on an "air bearing" which makes it essentially frictionless.

Blood type and cancer susceptibility may be related. A Stanford university researcher reports the incidence of stomach cancer in persons who have blood type "A" appears to be 22 per cent higher than in the rest of the population, based on analysis of 35,000 cases.

Hordes of Satellites, including some 1,000 to be sent up by the United States, will create a sort of orbital explosion by 1965, says the National Aeronautics and Space Administration. The

NASA expects our satellite count to reach 5,000 by 1970, including Samos and Midas spy vehicles, anti-ICBM orbiters, manned space fortresses, and other classified projects.

Carry a cane? You must do so when visiting the Army's experimental fuse laboratory at Dover, New Jersey. This installation contains explosives so sensitive that they could be set off by the electricity generated by a person combing his hair. So visitors drag canes to drain off static electricity—and all combs are strictly prohibited.

The Computer is a man's device. Seventy per cent of electronic computer programmers and analysts are under 37 years old, and 40 per cent are under 32. Some 1,200 companies, government agencies, and the armed forces had installed about 1,700 computers four years ago. Today the number of computers has doubled. About half are used for scientific work—the others for business.

Years of wear on metal pipe have been compressed into minutes by a new research technique called "resonance bending". Researchers at Tube Turns set lengths of pipe to vibrating several thousand times a minute to simulate stresses in years of service. The pipes shake themselves until they crack from fatigue.

Air travel took a giant step just 50 years ago when Calbraith Perry Rodgers made the first U.S. coast-to-coast flight. Rodgers flew his Wright aircraft from Long Island to Los Angeles in 84 days making 69 landings, some of which involved severe crackups. The pilot repaired his plane so many times that the original parts to survive were the rudder and one strut.

LIONS ENTERTAIN FIREMEN

The Mentone Lions club had the members of the Mentone Fire Department as guests at their regular meeting Wednesday evening. The firemen had some of their special equipment on display and the time was spent answering questions and reminiscing of some past experiences.

A trio of young sixth grade ladies rendered a number of clarinet numbers. They were Becky Hunter, Kathy Boggs and Janice Hoffer.

During the business session Lion President Kendall stated that there would be a work day Saturday afternoon at the city park, to build a shelter. Every citizen, whether a Lion or not, is invited to participate.

Lion members were urged to send a birthday greeting to Lion Mahlon Mentzer at the Woodlawn hospital at Rochester. His birthday will be Friday.

A PLACE OF PRAYER

Ms. Eunice Bradway of Lafayette sends us a clipping taken from the Lafayette Journal and Courier, telling of an interesting experience of her granddaughter's. It states:

Lana Jo Lane, 19-year-old Purdue sophomore says she was startled not little bit on a recent visit to New York City when, atop the Empire State building, she spotted a praying mantis. How the elongated green bug got that high, she has no idea.

Corn, Soybean To Improve

Indiana's 1961 corn crop prospects, already record breaking, have increased sharply as the soybean outlook also indicated record production.

State-federal agricultural statisticians at Purdue University, forecasting the crop outlook for Indiana as of September 1, estimated production of corn for grain at 292,448,000 bushels, 15 per cent smaller than the 1960

crop. The indicated yield of 74 bushels an acre, compares to last year's all-time high of 68 bushels an acre. The August 1 probable yield forecast was 70 bushels an acre.

Soybean production outlook also improved during August. As of September 1 the Indiana yield is expected to average 29.5 bushels per acre, a new record. The statisticians estimated the crop at 83,810,000 bushels, 29 per cent larger than last year and 79 per cent above average.

Production of all hay is forecast at 2,497,000 tons, up slightly from the August 1 forecast but two per cent smaller than the 1960 crop. Oat production at 27,225,000 bushels is 43 per cent below the 1960 crop.

Indiana's grain sorghum crop is forecast at 990,000 bushels. This is 22 per cent smaller than a year ago, but more than double the average production.

Commercial apple prospects, unchanged from August 1, indicate a crop of 1,350,000 bushels. The peach crop forecast remains at 415,000 bushels.

Tobacco crop prospects, also unchanged during August, indicate an average yield of 1,650 pounds per acre.

Hoosier herds produced 278 million pounds of milk during August, one per cent above August, 1960, level. August egg production totaled 183 million eggs.

COUNTERPOINT, Continued

ing to study. My contention was that one cannot divide one's attention and fully develop powers of concentration. Now, it has been proven that many emotional problems and other conflicts can be traced to this sort of practice.

Dr. Franz Winkler says, "The mental, emotional and creative abilities of a man may become seriously crippled when his mind is habitually divided between work and diversion."

The Japanese word for beauty, shibusa, expresses simplicity and naturalness.

A shibui thing is more than pretty. It must have elements which cause you to examine it, to study it, to look at it again and again.

"Shibusa is beauty so great that time and changing social values cannot dim it."

We enjoyed this:
Mother: "Be sure to wash your arms before you put on a clean shirt."

Junior: "For long or short sleeves?"

The following account of an old-fashioned threshing was given to us by our neighbor, W. E. Fowler:

In looking at my grandfather Fowler's diary for the year 1866, on September 28th they threshed their grain, and also threshed for Mr. Renniker in the afternoon. In those days the farmers stored the grain to be threshed in the barn, where there was ample room to set the

threshing machine in the large driveway and thresh the grain.

I also remember many farmers built stacks out in the open where they could easily set the threshing machine alongside the stack, and sometimes they had two stacks side by side and would set the machine between the stacks and do their threshing.

This way of stacking grain and storing it in the barn gave the farmer time to do his threshing when it was convenient. The first separator I recall had a

trough about three feet wide and a slatted drag elevated the straw away from the machine and a man then stacked it.

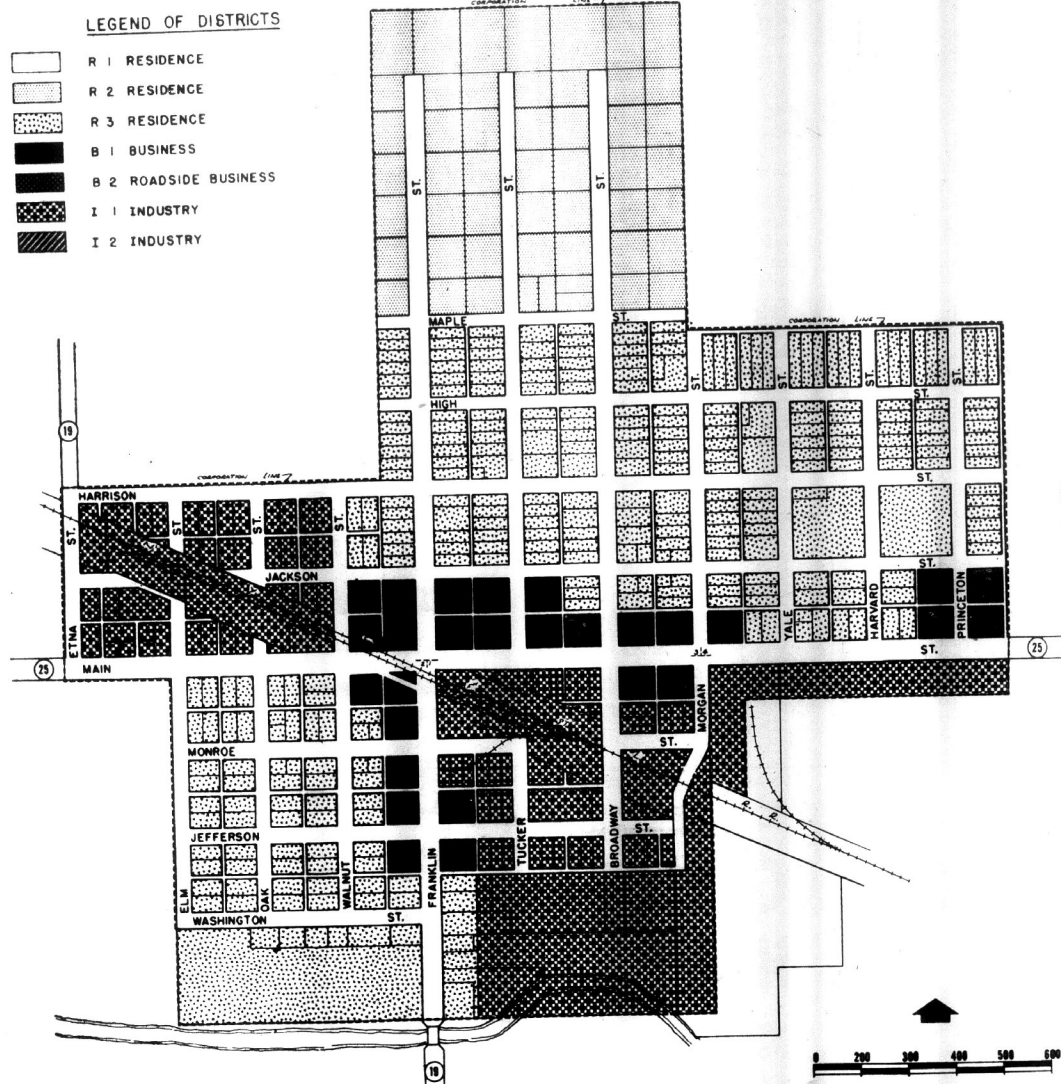

The threshed grain came down into a box or pit in the ground where it was measured by hand which was quite a task in itself, then carried away and stored.

The bands on the sheaves of grain were cut by hand before they entered the machine. This took special know-how and not everyone could cut the bands properly and safely. Then came the wind stacker or blower as it was called. Also the bands were cut automatically and the grain weighed and measured automatically. These were wonderful improvements and eliminated much hard work and really speeded up threshing. Time certainly changes things. Now with all the modern farm machinery and equipment it is almost inconceivable to believe the story and picture of how your farm work was done in days gone by.

HAMPSHIRE SALE
GOES WELL

The Leroy Norris purebred Hampshire hog sale, held at the Warsaw Fairgrounds Oct. 4, resulted in good returns. The top boar brought \$150 and the two top gilts \$130 each. The boars averaged \$107 and the belted gilts added up to \$80 each. The offbelt gilts averaged \$60.

The top boar was purchased by Lloyd Hart of Ligonier, while Knobby Hills Farms, Greencastle, bought the two top gilts.

Mr. Norris sold 61 head and Martha Nelson of Burket consigned two.

COUNTY POLITICAL
EDUCATION SCHOOL

The Kosciusko County Political Education School, sponsored by the Kosciusko County Federation of Republican Women's Clubs, will meet again at 7:30 p. m. Wednesday evening, Oct. 18th, in the Lincoln School in East Warsaw.

Mrs. John Teel, of Mentone, is on the hostess committee.

Robert Boley and Gene B. Lee, according to the news release, acquainted the last group with the many phases in our practical politics which we will be learning and discussing during the next eight weeks.

MEETING ON
COUNTY SCHOOLS

A county-wide school reorganization meeting was held in the Warsaw high school, at which time citizens had the opportunity to discuss the proposed four-unit county plan. Naturally, there were some objections raised, and suggestions made. The state is expected to report for or against the proposal within 60 days.

Harrison township, within the southwest unit of the county, has a number of patrons in the east end of the township who may prefer to be included in the Warsaw unit. Newcastle township, in Fulton county, is included in the southwest unit but is also still mixed in the Fulton county discussions.

Mr. and Mrs. Zanna Hammer, Kip and Terry and Mike Whetstone spent the week end with Pam Hammer at Bloomington and attended the Indiana and Wisconsin football game.

Mr. and Mrs. C. O. Eiler, accompanied by Mrs. Alberta Poulson, returned Wednesday evening from a few days visit with Mr. and Mrs. Leonard Eiler and family of near Pemberville, O.

COUNTERPOINT

By The Editor's Wife

A recent TV drama (Twilight Zone) brought viewers face to face with stark reality, and the realization that "it could happen in my neighborhood!"

In this particular set of circumstances, one family had taken time to build a bomb shelter. When the warning came, this family entered their shelter, closed and locked the door, unable to give any aid to their helpless and panic stricken neighbors. (Of course, in the story, it was a false alarm; In the meantime, the horrible reaction of fear and the resulting conflicts, in a few moments had served to destroy all former friendships and fine relationships which had taken years to build.)

One is led to think of Noah in his Ark as the floodwaters rose higher and higher, bringing death to his neighbors and friends. What thoughts filled his mind? Surely it was an all-wise God who commanded Noah to build a window in the top of the Ark (Genesis 6:16), and who, Himself, shut the door. (Genesis 7:16)

The following letter was handed to the editor by the writer who signs himself "Anonymous".

Sept. 15, 1961

Dear Editor's Wife:

Being married to a picture loving Grandma, I can understand the thrill they get from showing pictures of their descendants, but did you ever see a child showing pictures of their Grandparents?

— Anonymous

There are few voices of wild-life more appealing than the faint cries of geese in autumn darkness. One knows that high above the earth, the majestic birds are flying in wedge formation. In obedience to ancient instinct, after a summer in the stretches of the northland, the birds migrate to their winter quarters.

It is good for man to live with Nature's mysteries, for life itself is still an unknown thing. Man, being man, strives to know the answer. The distant spaces of the universe, the highest mountains, the depths of the seas, all constitute a challenge that he accepts.

But life is more than knowledge. The haunting cries of the geese in the dusk of an autumn

Many Planes
Here Sunday

Manwaring Airstrip was a busy place on Sunday, when a group of midwestern physicians met at the home of Dr. Dan Urschel. These men, state and national officers of the Flying Physicians Association, convened under the direction of the FPA State Organization Committee, of which Dr. Urschel is chairman, to discuss their program of emergency mobilization of medical manpower in times of national emergency. This project, called the FPA Disaster Program, works through Civil Defense authority, and Indiana has been the site of several practice alerts in the past two years. It has been demonstrated that significant numbers of physicians and other medical personnel can be air-lifted into a "disaster area" within a short period of time following notification of the "disaster."

14 planes and 20 members were present, along with four guests. After the discussion session, Mrs. Urschel, assisted by Mrs. Dorothy Herendeen, served a buffet meal.

Dr. Robert Brown of Atchison, Kansas, national FPA president, accompanied by Mrs. Brown, arrived on Saturday evening and spent the night as guests of the Urschels.

Physicians were present at the Sunday meeting from Cleveland, Mansfield, and Springfield, Ohio; from Grand Rapids, Lansing, and Walled Lake, Michigan; from Chicago, Lombard, Rossville, and Springfield, Illinois; from LaCrosse, Wisconsin; and from South Bend, Richmond, and Winchester, Indiana.

Dr. W. B. Wilson, also an FPA member, assisted in radio communications with the arriving aircraft, and Denton Abbey managed the parking problem on the airport.

GIVEN GOING-AWAY
CARRY-IN SUPPER

On the evening of October 3, the night before Dale Kelley left for his winter rounds of golf in Florida, a number of local friends brought in a supper at the Senff Trailer Court where Dale's trailer was parked during the summer.

Guests present were Albert Barnes, Mr. and Mrs. Harold Markley and Leroy, Mr. and Mrs. Claude Barkman, Mr. and Mrs. Sam Ware, Mrs. Gerald Ross and family, Mr. and Mrs. Eldon Senff and family and Mr. and Mrs. Harry Senff, the latter of Tippecanoe.

MRS. WARREN
DIES WEDNESDAY

Mrs. Jesse (Mary) Warren, 80, of Burket, died of a heart condition at 1:30 a. m. Wednesday in the Woodlawn hospital at Rochester.

Mrs. Warren, who had been in ill health for the past 3 years, was born in Ohio Jan. 2, 1881, the daughter of William and Justine (Parker) Davis. She was married to Jesse Warren Feb. 21, 1920. She was a member of the Burket Evangelical United Brethren church.

Surviving are her husband; one grandson, Carlton Woodworth of Warsaw; two sisters, Mrs. Glen Hatfield and Mrs. Homer McGinley of Burket, and three brothers, Guido Davis of Burket, and George and Ed Davis, both of Brooklyn, N. Y. Two daughters preceded her in death.

Funeral services will be held Friday at two p. m. in the Johns funeral home, Mentone. Burial will be in the Palestine cemetery.

WITH THE SICK

Agnes Rans returned to her home Saturday after spending some time in the Parkview hospital in Fort Wayne.

Robert Reed returned to his home Thursday after a stay in the Murphy Medical Center at Warsaw. He is getting along fine.

Jeffrey Secrist son of Mr. and Mrs. Jerry Secrist, returned to his home Sunday. He is recovering nicely from the meningitis and will return to his classes in the Mentone kindergarten Monday.

George Wagner remains about the same at his home near Macy.

Mrs. Ora Tucker is confined to her home at this time.

Edward Kepler of Mishawaka, a brother of Mrs. Carl Zolman, had the misfortune to get caught in a roller press where he worked at Ball Band. His right arm, between the shoulder and elbow, was broken in three places, left shoulder and five ribs broken and the skin badly torn to the waist. He is in a serious condition.

LICENSED TO WED

County Clerk Ethan Scott reports the issuance of a license to marry to Mack Stamper, 39, diesel mechanic of Mentone, and Lois Ellen Cox, 24, R. 1, Etna Green.

FFA PREPARING
FOR FIELD DAY

The Mentone FFA boys are busy making signs, putting up signs, and taking yields, moisture percentages, standability and population stands on their experimental plots west of Mentone.

In the above picture, Dave

Feldman, Doyle Eiler, Jerry Blackburn and Mr. Bitzer have just completed erecting one of the signs.

Don't forget that on October 21 from 1:00 to 4:00 p. m. a corn and fertilizer demonstration Field Day will be held west of Mentone one and one-half miles at the Mentone FFA plots. Free coffee will be served.

Farm Outlook Meeting Oct. 16

Donald E. Frantz, County Agricultural Agent, announces that Edward E. Carson, Agricultural Economist at Purdue University, will lead the discussion at this year's meeting on the farm outlook. The meeting will be at 7:30 p.m. on Monday, October 16 in the Women's Building, Fairgrounds, Warsaw.

Principle purpose of this meeting is to discuss supply and demand factors as they affect individual farm commodities, prospects for farm prices, and incomes for the next year and for the next few years. As always, the outlook is brighter for some commodities than for others. How many farmers or-

ganize their businesses to take advantage of the more profitable opportunities?

The meeting is designed not only to give price forecasts, but to present the factors that affect the prices of the commodities and the economic principles involved. Thus, persons attending can draw their own conclusions as to price and income prospects and make their own forecasts as conditions change.

Some forecasters say that for the next year our Gross National Product will increase by 10 per cent. If this materializes, what effect will this have on farmers? What are the prospects for increased infiltration resulting from the present foreign situation and from increased domestic spending and how will this affect farmers? What effect will the Feed Grain Program and the fear of infiltration have up-

on the land market? These and many other questions will be discussed at the meeting.

In 1961 the Feed Grain Program was initiated to reduce feed surpluses and raise farm income. Feed grain storage was reduced about 25 per cent. What will the reduction in bushels be and what effect will less feed grain have on grain and livestock prices? What will be the effect on our feed grain surplus? What will be the impact of the 1962 Wheat and Feed Grain Program on agriculture in total and on the individual farmer? These questions will be discussed by Mr. Carson.

Also to be discussed: What will be the job opportunities for those who desire to leave or are forced to leave agricul-

ture? What will be the impact of the drought in the Northwest on cattle prices? What will be the effect on hog prices if the predicted 3 per cent increase in fall farrowings materializes? Will the South take over the hog business and the Great Plains and West take over the cattle business?

Mr. Frantz says that not only farmers but their wives, other businessmen, and city consumers will be especially interested in the discussion of the factors affecting incomes of farmers. Effects of these factors on farm real estate prices and on capital, operating and consumption purchases will be considered.

Any interested person is invited and encouraged to attend.

Ready Corn Pickers Now

A careful check of corn har-
vesting equipment now may
save valuable hours during the
corn picking season, Les Hill,
Purdue University agricultural
engineer, reminds Indiana farm-
ers.

Hill suggests that the check-
up begin with the tractor, not-
ing particularly its steering
mechanism and brakes. Make
certain that the brakes are in
good enough condition to steer
the tractor and picker.

Broken braces or shields
should be welded or replaced,
he continues.

Kerosene brushed on the rol-
ler chains will serve as both a
lubricant and a cleanser.

Loosen the slip clutches as
much as possible. Then the
clutches can be tightened to go
through a heavy picking condi-
tion. All worn bearings should
be replaced.

Make sure that the snapping
rolls are close together when
picking green corn at the be-
ginning of the season, he advis-
es. As the corn gets dryer the
rolls should be widened.

Remove any snapping pegs on
the rolls, Hill adds, because
they will shell the corn.

Make certain that the husking
springs that hold the husking
rolls together are strong.

All shields should be prop-
erly attached for the protection
of the operator, Hill emphasizes.

Don't Rush Soybean Harvest

You'll shorten a dusty job by
rushing through soybean har-
vest, but it may cost you money,
Les Hill, Purdue University ag-
ricultural engineer, remind In-
diana farmers.

Overloading the cylinder and
straw rack on the combine will
result in an excessive loss of
beans on the ground. The cutting
bar shatters more beans at high
rates of speed too.

Hill says a combination of
high speed and overloading the
rack and shoe may push bean
losses to more than 10 per cent.

How do you reduce these los-
ses? The engineer recommends
slower operation of the com-
bine, cutting below the lowest
pod on the stalk and adjusting
the reel to the proper height
and speed.

To estimate total losses in the
field, Hill suggests marking off
a square yard that has just been
cut, counting the number of
beans on the ground inside this
area and dividing the total by
33. The resulting figure repre-
sents the number of bushels
per acre being left in the field.
Several areas should be checked
across the entire width of cut
of the combine to insure accu-
racy.

Hill points out that after a
farmer estimates his losses, he
can evaluate his machine ad-
justments and method of op-
eration and improve them.

Plant Peonies In Fall

Autumn represents the best
time to plant peonies since they
become well established before
winter and will grow vigorously
next year, according to Purdue
University horticulturists.

Peonies will bloom in the
same location for many years;
they need not be divided every
few years as do many other per-
ennial flowers.

Planting location is extremely
important in successful peony
growing. Peonies should be
planted where they will receive
full sun. Make sure the upper
buds or "eyes" of the peonies
are not more than two inches be-
low the soil surface. However,
the remaining roots should be
well underground.

Crowding peonies with other
plants should be avoided since
overcrowding is detrimental to
good blooms. A peony plant
needs three or four feet of
growing diameter.

They recommend planting the
newer varieties. These have long-
er lasting flowers and a longer
blooming period. These newer
varieties can be found in nurs-
ery catalogues.

Feed Hogs Supplement

Farmers should continue feed-
ing protein supplement to hogs
turned into corn fields, Richard
Hollandbeck and Jim Foster,
Purdue University extension
swine specialists, assert.

Most hogs turned in corn
fields are fairly large, causing
some producers to ask whether
it will pay to feed protein sup-
plement to these animals. A
summary of 13 experiments con-
ducted throughout the Corn Belt
indicates that supplement will
pay dividends.

Results of experiments show
that pigs receiving supplement
gained one-half pound more per
head each day. Each bushel of
corn produced 4.5 pounds more
pork when supplement was fed.
Each pound of supplement
saved 6.4 pounds of corn.

Local DAR Ladies Attend Conference

Rousing red white and blue oratory opened the two-day State Conference of the Indiana Society of the Daughters of the American Revolution in Indianapolis, October 3 and 4.

Mrs. Wilson K. Barnes, National chairman of the national defense committee, Washington, D. C., warned that the main threat of the communist conspiracy for the next year is a smear campaign against patriotic societies who dare to speak out against the threat to our freedom. Mrs. Barnes said, "that we must have a revival of Americanism. Freedom cannot be inherited, it must be revived with each generation. True freedom cannot be attained by climbing the steps of the welfare state. We must fight and fight to the end all attempts to take away our liberties." Mrs. Barnes pointed out that every postwar success that this country has had in stopping the advance of communism in Iran, Berlin, Quemoy, Matsu, Lebanon has been the result of swift and decisive United States action alone.

The losses on Korea, Vietnam, Cuba and elsewhere resulted in waiting for our so-called allies to decide what must be done. She referred to a recent speech by President John F. Kennedy in which he said, "The great battlefield for the defense and expansion of freedom today is the whole southern half of the globe. Asia, Latin America, Africa, and the Middle East—the lands of the rising peoples. Power grabs in Indonesia, India, Egypt, Ghana, Cuba, cannot seriously be ignored with the American Revolution. The American Revolution was started by men steeped in history, in political wisdom and in understanding of man's nature. These are, unhappily, just the qualities lacking in the rising peoples of Asia, Latin America, Africa, and the Middle East."

With documented papers for support, Major Edgar C. Bundy, author of the book, "Collectivism in the Churches," warned that the greatest threat to this country is subversion. Major Bundy is a former United States Air Force intelligence officer and now in the Reserves. "Moscow's American helpers," was the subject of his address. "The Communists are aggressively bolder in espionage against the United States," he said quoting J. Edgar Hoover's latest warnings.

Last year the Communist Party stepped up its activities to ward youth groups and unions. It has infiltrated every conceivable kind of American activity—radio, TV, schools, churches, the press, and national minority groups. The cause of Communism is furthered by the "dopes, the dopes, fellow travelers and even those who say they are anti-Communist," warned the speaker.

Peace agitation orders went out from the Kremlin some time ago, through a front organization known as Committee for Peace, using respected citizens as dopes in furthering their cause of lulling Americans to sleep. Deceitfulness is most dangerous and the clergyman is ideal for the front man in this operation for peace," said Major Bundy.

The Communist cause is to advance however slight it may be. He said it is not necessary to place a man in the Communist party to put him to work for the party. For every party member there are ten dopes to do the work. The number of Communists in operation is very insignificant. It would not make any difference whether you labeled them Communist or not, they are still doing the Communist business. Dopes outnumber members three to one, and cloak

their work with respectability. Sit-in demonstrations in the south are made to order for Communist exploitation.

It was asked of J. Edgar Hoover, "Why is it that people can be used like this? Because they have not fully informed themselves of the menace of the small numbers of Communists aided and abetted by the unwitting."

The speaker announced an official draft program of the Communist party for the United States has come out in the form of a leaflet called, "American Way to Jobs, Peace, and Democracy." Always their propaganda contains the word peace.

Major Bundy discussed several books with the author having Communist connections. Among them were, "The Un-Americans" by Frank J. Donner, "On The Brink" by Jerome Davis and General Hester. Davis has one of the longest records of Communist connections and has posed as a professor of theology at Yale and had never earned a diploma from any college. He is also the author of a church youth publication called, "Classmate."

Major Bundy said that the minute you begin to get specific against exposing the Communists and their fellow travelers, the smear campaign begins. They fear public exposure more than anything, that is why they fight the film, "Operation Abolition." He closed by saying, "Liberty thrives on bringing all things to light."

The president general of the national society, Mrs. Ashmead White of Bangor, Maine, spoke at the closing session of the Conference. She warned that only

America stands in Khrushchev's way. Apathy and ignorance of the threat is our greatest peril. She stated that the youth of America are our greatest asset and we have not taught them to love their country. She went on to say that this must be done in three ways—the home, the school, and the church. She urged that textbooks be re-instated in our schools that present American History in terms of free enterprise and tell the story of the Constitutional Republic. The pay-as-you-go private enterprise system does not enter into texts in many instances. It is no wonder that one out of three collaborated with the Communists in the Korean War. They were not imbued with patriotism for their country. It is now more important to learn how to be popular than to learn how to think.

Mrs. White said the church has failed in many ways—they are too busy with social and legislative business—there needs to be a mass turning of its attention to the Word of God. Our nation was founded on a fundamental belief in God. The home is no longer a group that depends on family for love, guidance, and discipline. It is the responsibility of parents to further moral responsibility with schools abandoning prayer and Bible reading. It must now be emphasized more than ever in the home.

Mrs. White stated in closing, "It is hard to believe that something so wrong as communism can win over something so right as our free Republic. It is our obligation to pass on to our children that precious heritage placed in our trust."

Those attending the state conference from the Anthony Nigo chapter of Mentone were Mesdames Ray Linn, Ernest Igo, Frank D. Smith, and from Rochester, Bud Paulus, O. V. Herenden, and Reuben Scheid of the Manitou chapter.

COUNTY H. D. ACHIEVEMENT DAY

The Home Demonstration County Council announces its program for achievement day at the Boice Theater in Warsaw on Wednesday, October 18 at 12:45 p.m.

"The Challenge of Charm" will be presented by six instructors from the Fort Wayne Finishing School. This is the second part of the charm school, the first part was presented May 17. Other numbers will be recognition of new members, presentation of token of appreciation to the past county presidents and awards.

The officers for 1962 to be installed by Mrs. Dean Brown are: president, Mrs. Jacob Tusing, Jr.; 1st vice president, Mrs. Dale Cauffman; 2nd vice president, Mrs. Amer Koontz; secretary, Mrs. Floyd Faurote; assistant secretary, Mrs. Weldon Kincaide; treasurer, Mrs. Kenneth Romine; assistant treasurer, Mrs. Don Wentzel.

The committee in charge of arrangements are: Mrs. Dale Cauffman, Mrs. Harry Gigous, Mrs. Jack Hart, Mrs. Harry Mishler, Mrs. Lester Young, and Mrs. Raymond Denzel.

Merry Mollys Meet

Mrs. David Cooper and Mrs. Gene Sarber were co-hostesses to the Merry Mollys Home Demonstration club Monday evening at Pete's restaurant.

Mrs. Glenn Puterbaugh was in charge of the short business meeting. Mrs. Dale Nellans gave a very interesting lesson and displayed many pieces of her work with Deco Write Painting. Everyone took part in the demonstration by painting on cloth and plastic tile.

Mrs. Dale McGowen, Mrs. David Cooper, and Mrs. Clayton Holloway were recipients of gifts from their secret pals and Mrs. Glen Mellott received the door prize.

Lovely refreshments were served to sixteen members and

three guests, Mrs. Dale Nellans, Mrs. Arley Cullum, and Mrs. Kenneth Goodman.

Mrs. H. A. Wright Speaker At WSCS

Mrs. H. A. Wright, president of the Warsaw District, Woman's Society of Christian Service, will be guest speaker at the regular meeting of the Mentone WSCS on Thursday, October 19 at 8:00 p.m. at the church. Her topic will be "Jesus Christ, The Light Of The World."

Other special guests will be the Etna Green and Bourbon societies.

A cordial welcome is extended to all the ladies of the church, and your presence is desired. Plan now to attend.

"How To Raise Delinquents", as published in the Houston Chronicle, Dec. 1, 1957, convinces one that there are "delinquent parents" to blame.

There are "Twelve Rules For Parents On Raising Juvenile Delinquents. Here are the first four.

1. Begin with infancy to give the child everything he wants. In this way, he will grow up believing the world owes him a living.

2. When he picks up "bad" words or "dirty" words, laugh at him. That will make him think he is "cute". He will run off and pick up some other words that will blow the top off your head.

3. Never give him any spiritual training until he is 21 and then let him decide for himself. By the same logic, never teach him the English language. Maybe when he is old enough he may want to speak Bantu.

4. Praise him in his presence to all the neighbors; show how much smarter he is than the neighbors' children.

(More next week.)

Note on Communism.

A Planned Strategy

Do not be fooled. The publisher who is selling pornographic literature to your children is not an economic accident. He is an instrument of a highly intelligent enemy.

The propaganda which slowly subverts "too rigid a view" of family life and marriage is not accidental. Here again, a planned attack is at the root of it.

Humans are weak and readily seek for a formula which excuses or condones abandonment of discipline. This is exploited by a planned strategy to which we fall ready victims. Kenneth de Courcy, Intelligence Digest, August 1961.

We enjoyed this:

Christmas Packages For Foreign Countries

The long sea transit frequently involved in the transmission of parcels by surface means, and customs inspection and other formalities that parcels may be subjected to in the countries of destination, require that mailings be made as early as practicable to assure delivery by Christmas day. Surface parcels mailed not later than the dates shown below will normally reach their destination before Christmas.

Far East	Oct. 15
Near East	Nov. 1
Africa	Nov. 1
Europe	Nov. 10
So. & Central Am.	Nov. 10

Air service is available to practically all countries of the world. It is recommended to senders that air mail packages be mailed during the early part of December in order to reach the addressees before Christmas.

THANK YOU

I wish to thank everyone for the cards, prayers and many acts of kindness shown me while I was sick and in the hospital.

Explosives makers might use boron in their products to help the airlines find "luggage bombs." The Atomic Energy Commission reports boron could be detected by special machines at luggage counters. One problem—baby powder contains boron, and some mothers with children would be needlessly delayed.

"Mental" tests for automatic computers are being conducted at the University of Michigan to find how well the machines can "think". Psychologists there give computers an intricate psychological exam, the same as those used extensively for studies of human problem-solving ability, to learn if the machine is capable of abstract "thoughts", or if it simply registers information and gives automatic answers automatically.

Research at opposite ends of the thermometer is making news in two fields. One is an ultra-reliable refrigeration system for trucks which uses carbon dioxide for cooling instead of a mechanical unit. The system, developed by Chemetron Corp., can provide temperatures as low as minus 60 degrees F., compared with the minus 20 degree capability of mechanical units. It probably will find widest use in piggy-back rail shipments where reliability is very im-

portant.—The other is a problem faced by Temple University scientists working on basic research on metals at temperatures higher than that of the sun's surface. They discovered that the intense heat, up to 10,000 degrees F., is higher than the melting points of materials used as containers for the molten metals.

HALLOWE'EN FESTIVAL
HERE OCT. 28

Plans are nearly complete for the Mentone Lions Club Halloween festival to be held on Saturday evening, Oct. 28th, at the Mentone gym.

Serving of fish will begin at five in the afternoon, and serving will cease in time for the big Halloween parade at eight o'clock. Prizes will be offered in a number of categories in the masked parade.

SCHOOL BUSES
PASS INSPECTION

Harrison Township school buses all passed inspection at Claypool on October 9.

Trustee, Earl Boggs, had his hearing with the State Tax Commission last Monday, October 16. Due to increase in the number of students, the rate was lowered 1c and 1c off of County Welfare rate, makes Township total rate 2c lower. The total rate is \$3.14.

SURPRISE ON FORTIETH
WEDDING ANNIVERSARY

The children of Mr. and Mrs. Dewey Whetstone gave them a surprise on their 40th wedding anniversary Sunday evening. After a carry-in dinner, all enjoyed a big wedding cake, baked by Mrs. Edna Cowen, and ice cream.

Mr. and Mrs. Whetstone were presented with a family money tree, containing \$50.00.

Among the 27 present were 13 grandchildren, two great-grandchildren, and their children and families: Mr. and Mrs. James Leslie, Mr. and Mrs. Pat Walsh of Mentone, Mr. and Mrs. Willis Cowen of Lapaz, Mr. and Mrs. Lowell Whetstone of Akron and Mr. and Mrs. Allen Gringle of Warsaw. Mr. and Mrs. Michael Summe were also among the guests.

WITH THE SICK

Clarence Peterson underwent surgery Tuesday at the Woodlawn hospital for gall stones. The operation was successful.

Mrs. Chan Stine was dismissed from the Murphy Medical center last Saturday.

Dale Sinclair is confined to his home with pneumonia.

Mrs. Bessie Gross and Mrs. Raymond Hirschman are patients at the Murphy Medical Center at Warsaw.

FFA FIELD DAY
SATURDAY, OCT. 21

Citizens of the Mentone area are reminded that Saturday, Oct. 21, is the day for the Mentone FFA field day to be held at their demonstration plots just west of Mentone on Road 25.

The boys have put a lot of time and effort in the various demonstration plots this summer and they want to share this experience with all others. Be sure you stop by Saturday afternoon. The boys plan to have refreshments for the visitors.

To Attend District
FHA Meeting

Arls Thompson, Janet Rackaweg, and Marcia Clampit, members of the Mentone chapter of the Future Homemakers of America, and Mrs. Opal Carpenter, advisor, will attend the fall district FHA meeting to be held October 21 in Goshen high school. Approximately 500 members, advisors, and parents will be present. The theme for the meeting will be "Youth, Measure Your Values". In addition to a speaker and a panel using values as their tonic, training sessions will be held for all local officers and members attending. Advisors and chapter parents will also have a training session.

UNICEF DRIVE OCT. 31

The annual Christmas appeal of UNICEF, the United Nations Children's Fund, will be conducted in Mentone on October 31, according to local sponsors of the movement.

The funds are distributed thru the United Nations to countries throughout the world, and the recipient nations are to match the funds, dollar-for-dollar, and given to more than 55 million needy children and mothers in over 100 countries.

The appeal is used by many organizations to give the youngsters a project on Halloween other than the usual pranks.

CALENDAR

The Jr. Auxillary will meet on Saturday at 2:00 p.m. at Post home. Bring sack lunch.

The Brownies will meet after school on October 24 at the Methodist church.

The WSCS will meet Thursday, October 19 at 8:00 p.m. at the church. There will be special guests.

COUNTERPOINT

By The Editor's Wife

Dr. Popenoe says that cheerfulness in the home has a definite bearing on child delinquency. In a study of 3,000 high school students, the most delinquent of the group were cheerful only a small part of the time, but the least delinquent of the group had parents who were cheerful always or nearly always.

One mother, in writing to the Gesell Institute, had this to say:

"Most important, I have learned that in my home I set the climate. The scene is mine and my husband responds to my moods much as my children do. Thus I must try to be happy. I sing over the sink, in the rocking chair, and with the record player. My children sing and the little one sings remarkably well with us. He will also listen to records. I also find joy in things for them — birds and trees and noises.

"And you must, too. Make excitement of little trips to stores and to other families. You must make fun of little things. Make dressing fun and quick because you are going to do something—a quick trip for bread at the store, a few minutes to push a toy lawn mower in the park, take a short walk in the rain. Feed pigeons. And then when you get sunshine in your home — slowly and carefully get your husband to let it shine on him."

We have just come from a five-day vacation in Michigan. The beauty of the maples, in contrast to the white birch and pine, is beyond description. The memory of this autumn in Michigan will be brought out again and again.

John Keats, the poet, wrote, "A thing of beauty is a joy forever."

It's loveliness increases; it will never pass into nothingness."

"How To Raise Delinquents" (continued):

5. Avoid the use of the word "wrong." It may develop in the child a "guilt complex." This will prepare him to believe that when he is punished later on for stealing cars or assaulting women, Society is "against him" and that he is being persecuted.

6. Pick up everything after him: His shoes, his books, his clothes. Do everything for him, so that he will be experienced

So many uses have been found for slag that it is being consumed 15 per cent faster than it is produced. It is used in mineral rock wool insulation, in construction, and as an ingredient in cement and concrete. Florida citrus growers find that slag spread beneath their trees reduces the amount of fruit dropping from trees by 50 per cent, probably due to minerals in the rock-like material.

Anesthesia, similar to that used with humans before an operation, has been introduced in hundreds of U.S. packing houses in the past year as a result of a new federal humane slaughter law, reports Allbright-Nell. All packers who sell to the government must render hogs, cattle, and sheep unconscious in a painless manner before killing.

Mosquitoes are choosy about their human diets. Thin persons are their favorite targets because their higher metabolism rate. They release more heat and this attracts the biters. One Phillipine researcher reports mosquitoes tend to feast on persons who eat bananas. The insects apparently crave chemicals found in bananas, and have sensitive detectors which help them discover banana odors in perspiration.

Mechanical aptitude is tested, and the area around a canteen at a Texas Air Force base is kept clean, by this sign over a soda bottle rack: "Test your intelligence. Try to put the round bottles in the square holes."

Farm Prices On Rise

Continuing their month old rise, Indiana farm prices went up three per cent from mid-July to mid-August, report Purdue University agricultural economists and state-federal agricultural statisticians. Strengthening livestock prices were primarily responsible.

As prices farmers received went upward, purchasing power of Hoosier farmers also went up three per cent. U.S. farm prices rose two per cent, while U.S. farm purchasing power, prices paid by U.S. farmers and U.S. wholesale prices all increased one per cent.

Cattle and broilers brought seven per cent higher prices during the period, boosting the Indiana livestock price index four per cent. Meanwhile, Indiana grain prices gained one per cent from mid-July to mid-August.

Major commodity prices increasing: Hogs, two per cent; wheat and baled hay, three per cent; cattle and broilers, seven per cent; whole milk, five per cent; chickens, six per cent; and lambs, one per cent.

Commodity prices declining: Corn and soybeans, one per cent; oats, two per cent; eggs, three per cent; and turkeys, five per cent. Prices of calves, potatoes, apples and wool remained unchanged.

Product-feed price ratios were mixed during the period. The Indiana hog-corn ratio rose three per cent. Whole milk-feed and broiler-feed climbed four per cent and chicken-feed increased five per cent. Product-feed ratios declining: Egg-feed, three per cent; and turkey-feed, six per cent. The butterfat-feed ratio remained unchanged.

Bill Blue and daughter, Pamela, of Woodland, spent Saturday afternoon with his mother, Mrs. Emma Cook.

JAMES FITZGERALD IN ARMY IN GERMANY

Army PFC James A. Fitzger-
ald, son of Mrs. Iris C. Fitzger-
ald, Mentone, and other person-
nel from the 8th Division's 16th
Infantry recently participated in
Exercise Pedestrian, a training
maneuver in Germany.

Exercise Pedestrian was con-
ducted in three parts, a map
exercise, a two-day command
post exercise and a 40-mile road
march. At the conclusion of the
road march, members of the
16th engaged in a simulated
anti-guerrilla mop-up operation
which was designed to deter-
mine the 16th's ability to en-
gage with and defeat an enemy
force after travelling long dis-
tances by foot.

The 8th is one of five U.S.
divisions in NATO's "Pyramid
of Power" in Europe.

Fitzgerald, a rocket launcher
gunner in the 16th Infantry's
Company D which is regularly
located in Baumholder, entered
the Army in June 1960, re-
ceived basic training at Fort
Hood, Texas, and arrived over-
seas last January. The 18-year-
old soldier attended Mentone
High school.

TIPPECANOE BOY WITH FT. RILEY UNIT

Army Pvt. Glen E. Cormican,
17, son of Mr. and Mrs. Marion

D. Cormican, Tippecanoe, re-
cently was assigned to the battle
famed 1st Infantry Division,
Fort Riley, Kansas, in its cur-
rent build up to combat
strength.

Noted for its combat record
in both World Wars, the "Big
Red One" division recently was
named a strategic Army Force
(STRAF) unit as part of the
Army augmentation program.
The division is now being armed
and equipped and trained to be
combat ready for deployment
in the event of limited warfare
anywhere in the world.

Cormican is a cannoneer in
Battery B of the division's 7th
Artillery.

He entered the Army in July
of this year and completed basic
training at Fort Leonard Wood,
Missouri.

DAR Meet With Mrs. Metheny

The Anthony Nigo Chapter Daughters of the American Revolution met at the home of Mrs. Carl Metheny, Bourbon, on October 10. Mrs. Fred Sursay, regent, opened the meeting in the usual form followed by prayer of the chaplain, Mrs. Bernice Rush and the pledge to the flag. Mrs. Kenneth Leiter, secretary, gave her reports and Mrs. Wayne Smalley read the treasurer's report. Mrs. Charles Tucker read letters from members, Mrs. Orpha Blue, of Martinsville and Mrs. Earl Yeiter, now in Australia.

The president general's message in which she emphasized the observance of United States Day, October 23, was read by Mrs. Kenneth Riner. She also announced that the newly built Doris Pike White Auditorium at Kate Duncan Smith DAR school in Grant, Alabama, would be dedicated on Founders Day, October 24.

Mrs. Dale Cook, national defense chairman, announced that the children of the American Revolution are sponsoring Patriotic Week, October 12-19. Mrs. Cook discussed how foreign aid robs the United States military defense and said that people do not improve merely if their environment is made more attractive. Lasting improvement, as Christianity teaches, must come from within. She discussed NATO and said that our country provides five out of twenty divisions on the line from Switzerland to the North Sea and that ours are the only divisions combat ready. The United States over all defense expenditures are three times more than that of all other NATO powers combined.

Mrs. Frank Smith announced that another course on the study of Communism would start October 17 at 8:00 p.m. at the Mentone Library. She also announced that a quantity of literature including a recently published book, "The Case of General A. Walker", had been placed in the Mentone Library for the information of the public.

Mrs. Kenneth Riner presented the name of Rosamond Jones for membership.

Mrs. Sursay reminded members that Christmas gifts for students at Tamassee DAR school in North Carolina, should

be brought to the November meeting.

Mrs. Frank Smith gave the program. She spoke on the subject, "Have We Forgotten Our Native Land". She talked of the old-time patriotism, which is love of country, being native, a thing of the past, an attribute of our ancestors. Gradually we are seeing it retreat from the American scene. In its place we hear the one world theme song. Patriotism calls for courage, honor, integrity and loyalty. Indifference and apathy are its enemies. Patriotism does not seek the soft easy way, but faces hard struggles, risks, and dangers, knowing full well that preservation of liberty requires effort and sacrifice. Mrs. Smith stated that even in this grave crisis period for our country and the free world, there is a consecrated conspiracy to intimidate persons who speak out and warn against the Communist menace. There are those people who spend a great deal of time attacking those who "wave the flag and quote the Bible", as though there is something quite sinister in patriotism and religious faith.

Members repeated the American Creed and were adjourned to meet November 14 with Mrs. Kenneth Leiter. Mrs. Metheny, assisted by Mrs. Glenn Clauss, served delicious refreshments to members and five guests.

Mothers of W.W. II Meet

Mothers of World War II held their monthly meeting and anniversary dinner at Pete's restaurant. The meeting was called to order by the president, Ethel Whetstone. The altar was prepared by the acting sergeant of arms, Dora Whetstone. The colors were presented, pledge to the flag, the National Anthem was sung, and a prayer by the chaplain.

The guests were Fern Kline, president of district two and Muriel Englert, 1st vice president, Monon; Gladys Bowyer, 1st vice president of the state and Louise Harding, past president of the district, Onward; Hazel Hall, past district president and Helen Roe, district color bearer, Knox.

Seventeen members answered to roll call. The secretary and treasurer's reports were read and approved. Communications were discussed. It was voted to send \$5.00 to each of eleven veterans hospitals for their Christmas party.

Fern Kline gave a short talk on selling poinsettias. The meeting was closed by repeating the mother's creed, a prayer by the chaplain, retiring the colors, and singing God Bless America. After the meeting, dirty bingo was enjoyed by all.

Mr. and Mrs. Lloyd Teel of Fort Wayne, Mr. and Mrs. Norman Teel of Rochester, had Sunday dinner with their mother, Mrs. Alfred Teel and the afternoon caller was Mrs. Goldie Kesler.

Friendly Neighbors Meet

Mary Weien was hostess to fourteen members of the Friendly Neighbors Home Economic club on October 5.

Vice president, Golda Mollenhour, opened the meeting with the pledge to the flag and club creed given in unison. The history of the song of the month, "Old Black Joe" by Stephan Foster, was given by Myrtle Wentzel. She also led in the singing.

Meditation was given by Jerry Nellans reading, "How to be a good member when I join a club". Health and safety presented ideas on what to do if disaster strikes, was given by Beryl Jeffries.

The lesson on business facts and inheritance tax laws was very ably presented by Frances Olson. The following officers were elected for 1962: president, Golda Mollenhour; vice president, Marie Deaton; secretary, Ottilie Walburn; assistant, Ellen Manwaring; treasurer, Reatha Ballenger; assistant, Fern Besson. The president, Dora Whetstone, reported on the president's consul meeting held at Syracuse.

The meeting was closed by singing the club prayer and re-

peating the collect. The hostess, assisted by Jerry Nellans, served lovely refreshments.

Mentone H.D. Meet With Mrs. Hill

Mentone Home Demonstration club members met October 12 with Mrs. Gertrude Hill. The meeting was opened by the vice president, Mrs. Eloise Long. The pledges were led by Gertrude Hill and Lyndall Vernet. The group sang, "America The Beautiful". Meditation was read by Nora Teel. After the reading of the history of the song of the month, Genieve Warren led the group in singing, "Old Black Joe".

Genieve Warren gave the lesson on meal planning. Response to roll call was a Bible verse. The secretary and treasurer's reports were read. Esther Sarber was in charge of the busi-

ness portion of the meeting. Several of the members received gifts from their cheerio pals. Auction was conducted by Mary Borton. Lyndall Vernet won the mystery package. A sunshine box was sent to Agnes Rans.

Meeting was closed with singing the club prayer song. Mrs. Nora Teel was co-hostess. There were twenty members present.

Seward Home Ec Meet

The Seward Home Economics club met October 11 at the home of Mrs. Stanley Newton.

Mrs. Theodore Thompson gave the meditation. The lesson on business facts was given by Mrs. Frank Nelson and Mrs. Raymond Longbrake.

There were 25 members and one guest. The next meeting will be November 8 at the home of Mrs. Earl Sarber of R.R. 1, Claypool.

COUNTERPOINT, Continued

in throwing burdens on others.

7. Let him read anything he wants. Have no concern whatever for what goes into his mind. Provide him with lily cups for his lips, but let his brain drink out of any dirty container for words and ideas.

8. Quarrel frequently in the presence of your children. In this way they will be prepared for broken homes later on.

(More next week.)

Note on Communism.

"The war against Communism is a war of ideas. It must be waged by individuals, singly and in small groups.

Here is how it works. You, an individual set out to convince, inform and instruct one person this week until he realizes the danger that men face today. The next week each of you informs and convinces one other person, and the following week the four of you each win another individual to the side of patriotism. By this process everybody in the world could be reached in less than a year's time."

Does anyone have practical suggestions as to the best method of getting feathers out of a washer-dryer? (Happen to know of an individual who could use such information.)

We enjoyed this:

Doctor: "You don't have to hold both wrists to check the pulse."

Nurse: "Sir, I'm not holding his wrists to check his pulse. I'm holding them to check his impulse."

CARD OF THANKS

We wish to thank our many friends and neighbors for the lovely floral offerings and the kind expressions of sympathy.

Mr. and Mrs. Dale Sinclair and Sally.

Emmons - Valentine

Miss Carol Elaine Emmons became the bride of Marlin Leon Valentine on Sunday, Oct. 1, in a candlelight ceremony at seven o'clock in the Evangelical United Brethren church, of Warsaw. Rev. Merrell Geible read the double ring ceremony before an altar decorated with baskets of bronze mums and red oak foliage. Mrs. Marion Coplen, of Brazil, organist, and Mrs. John Kinsey, of Warsaw, soloist, presented the nuptial music.

Mr. and Mrs. Chauncey Emmons, of route 3, Warsaw, are parents of the bride. The bridegroom is the son of Mr. and Mrs. Leo Valentine, of Route 1, Mentone.

The bride, given in marriage by her father, chose a gown of Chantilly lace over taffeta fashioned with a sabrina neckline adorned with sequins and seed pearls. Her veil of silk illusion was held in place by a crown of rhinestones and seed pearls. She carried an arrangement of white orchids and stephanotis with her white Bible.

Miss Judy Hoffer, of Warsaw, was maid of honor. She appeared in a dress of tangerine silk taffeta with matching accessories. She carried a cascade of bronze pompons and wheat. The bridesmaids were Miss Penny Breading, of Warsaw, Miss Patricia Phillips, of Nappanee, and Mrs. Donald Phillips, of Wabash. They wore dresses styled identically to that of the honor attendant.

Darrell Valentine, of Mentone, served his brother as best man. The groomsmen were Richard Woods, of Burket, Roger Nellans, of Mentone, and Allen Study, of Warsaw. Howard Jones, of Mentone, Larry Friend, of Auburn, and Louis Phillips, of Fort Wayne, were the ushers. Gary and Terry Hostetler, of Pierceton, twin cousins of the bridegroom, lighted the candles. Miss Jane Ann Fawley, of Warsaw, was the flowergirl and Rocky Goshert, of Warsaw, was the ringbearer.

Assisting at the reception held in the church fellowship hall were: Miss Sharon Pequignot, of Pierceton, Miss Geri Wild-

man, of Leesburg, Lana Pinkerton, of Warsaw, and Mrs. Charles Cox, Miss Doris Fawley and Miss Judy Philapy, all of Warsaw. Assisting at the gift table were Miss Sally Valentine, of South Bend, Miss Linda Croop and Miss Carolyn Ellison, both of Warsaw. Miss Janet Fawley, of Warsaw, was in charge of the guestbook.

As they left on a wedding trip, the bride was wearing a turtleneck wool dress with gray

accessories and the orchids from her bouquet.

The couple will be at home after October 8, on Christy road, route 3, Bluffton. The bridegroom, a graduate of Beaver Dam high school and the New York Institute of Photography, is employed at the RSM Studio in Bluffton. The bride is a graduate of Warsaw high school and the Vogue Beauty College in South Bend.

HALLOWE'EN CELEBRATION AND LIONS
CLUB FISH FRY SATURDAY EVENING

Plans are complete and the members of the Mentone Lions club are hard at work with final preparations for the Halloween Festival and fish fry to be held at the Mentone gym Saturday evening, Oct. 28th. Serving of fish will begin at 5:00 p. m. and carry-outs will be available for shut-ins or those who prefer to eat at home.

Cash prizes are being offered in the masked parade. (See advertisement elsewhere in this issue designating the categories in which contestants may compete.)

The parade will form between the Reed Funeral Home and the Sinclair Station and march to the school. (In case of inclement weather the paraders will gather in the Ag. room.)

The Lions club members are glad to help provide an evening of fun for the young folks, and the net proceeds from the fish fry will be used for community betterment.

If you haven't purchased your tickets for the fish fry, contact any member of the club. Tickets will also be available at the door.

SERVICES FOR
STILLBORN INFANT

A prayer service was held at the Johns funeral home Wednesday afternoon at two o'clock for Stephanie Elaine Smith, who was stillborn Monday at 12:30 p. m. in the Parkview hospital, Plymouth.

Surviving are the parents, Stephen and Elaine (Rathbun) Smith, of Goshen; one brother, Philip, at home; maternal grandparents, Mr. and Mrs. William Rathbun, of Mentone; paternal grandparents, Mr. and Mrs. Clayton Smith, of Albion, and maternal great-grandparents, Mr. and Mrs. Ralph Weidman of Warsaw.

Burial was in the Mentone cemetery.

SIX FROM MENTONE
ENROLLED AT MANCHESTER

Six students from this area are among the 1199 full-time and part-time students enrolled during the fall term at Manchester College in North Manchester, Indiana according to the official list released recently from the office of the Registrar. Included are 1170 full-time and 29 part-time students.

Enrolled from this area are: Lee Markley, Janice Mollenhour, Roger Nellans, Linda Surface, Dona Kay VanGilder, and Sue Weity.

Files For Divorce

Sue Ann Gross has filed a suit for divorce against Loren D. Gross of Mentone. They were married June 4, 1960 and separated Sept. 28, 1961. The plaintiff desires her name of Sue Ann Barkman be restored.

STATE APPROVES
SCHOOL PLAN

According to an announcement last Thursday, the state school reorganization committee has approved the four-district school plan for Kosciusko county, including the acceptance of Henry township of Fulton county.

John Augsburger, chairman of the county committee, said he had received word of the approval in a letter from the state committee. The next step Augsburger said, would be for the four-unit plans to be placed on ballots in the May, 1962 primary election.

Each district will vote on its plan. If approved, the school district will be created and a school board will take over operation on July 1, 1962.

The Tippecanoe Valley unit is composed of Franklin, Harrison, and Seward townships in this county and Henry township in Fulton county. Provision is also made for Newcastle township of Fulton county should that township be released from the Fulton county plan.

WITH THE SICK

M. O. Mentzer is reported to be some better at the Woodlawn hospital, but is still under oxygen.

Bessie Gross has been released from the Murphy Medical Center.

Ben Blue of Kendallville, formerly of Mentone, was admitted to the McCray hospital in Kendallville last Friday.

Mr. and Mrs. Carl Zolman called on her brother, Edward Kepler, at the St. Joseph hospital in South Bend Sunday afternoon to find him improving.

COUNTERPOINT

By The Editor's Wife

The weather 95 years ago, Tuesday, October 24, was cold. There was a cold bleak wind and it snowed. (Thanks to Mr. Fowler and his grandfather's journal.)

Lisa and Tim have been talking about their two-day vacation (Teachers' Institute), and it set me to thinking about some of my grade teachers. For some reason my first grade teacher didn't leave too great an impression. She was a Miss Ellis and taught me to spell "automobile." Miss Smart, second grade, was a rather matronly woman. I stayed after school to kiss her good-bye. (The new baby at home must have caused me to feel neglected.) Miss Essig, third grade, had severe blue eyes, and wore pince-nez glasses with a gold chain which fastened into her hair with a small gold hair-pin. Mrs. Goff, fourth grade, was apt and accurate at throwing an eraser at anyone caught whispering. Miss Walpole, fifth grade, was strong and her punishment was to shake the culprit. First of all I learned respect for these teachers, but I learned much more than that—I gained knowledge and a way of life. That is why these teachers are remembered with affection and esteem.

What makes a teacher a good teacher? Here are three characteristics, as given by Leslie J. Nason, who is Professor of Education at the University of Southern California:

1. Strong teachers nearly always demonstrate understanding, friendly classroom behavior. They like children and are interested in seeing them make progress.
2. Strong teachers are responsible and systematic in the operation of their classrooms. They realize that learning is a task to be accomplished—for both the students and the teacher.
3. Strong teachers strive for a stimulating and imaginative classroom situation. They know that learning thrives on sustained interest.

Dr. Popenoe gave the following advice to a mother who had written in to say that her children refused to eat many foods: "Who's running your home, anyway? It's of great importance that children learn to eat and

UNICEF APPEAL
OCTOBER 31st

What President Kenedy has described as "an outstanding example of active citizen concern in the work of the United Nations Children's Fund" started in a humble, inconspicuous way—as so many great human traditions will, according to a news release submitted by local individuals who are putting their efforts into the sponsorship of the UNICEF appeal. It further mentions:

"A few children decided that that year on Halloween, rather than candy and apples they preferred to collect pennies—small coins that might help other children in need in other parts of the world.

"They did, and sent about \$36 to UNICEF. The year was 1950. A decade later, on October 31, 1960, over two and a half million American boys and girls in some 11,000 communities 'Trick-or-Treated for UNICEF, and the 'treats' they received totaled one and three-quarters million dollars."

The appeal will be made in Mentone Oct. 31.

ATTEND DISTRICT
CLUB CONVENTION

Mentone ladies who attended the 13th district convention of Federated Clubs at South Bend last Thursday were: Mrs. Chas. Manwaring, Miss Von Jenkins, Mrs. H. V. Johns, Mrs. Lewis Pulling, Mrs. Max Nellans and Mrs. Artley Cullum.

Mrs. H. V. Johns was in charge of the memorial service for deceased members, and has been asked to perform the same service at the state convention.

HUNTERS ALL GET
GAME IN WYOMING

The Mentone big game hunters now back at home after a trip to Ten Sleep, Wyoming, and all got their deer, and Mrs. Wymond Wilson and Hap Utter each bagged an elk.

Those in the party were Mr. and Mrs. Harold Utter, Dr. and Mrs. Wymond Wilson of Mentone, Norman Drudge of Silver Lake, Wilbur Wilson of Huntington, and Joe Wolfe of Ohio.

Mr. and Mrs. Utter brought the processed animals home in their truck.

The Frank Manufacturing Co. put in new sidewalks along the east and north sides of their plant this week. The work was done by the Fred O. Carey Ready Mix Company of Warsaw.

ZONING MEETING
HELD FRIDAY

A number of Mentone citizens were in attendance at the zoning meeting held at the town hall Friday night. During the course of the discussions, there were a number of suggested revisions in the ordinance.

Before final acceptance, the town board is giving the citizens further opportunity to study and, if desired, to request changes from those originally proposed.

A final acceptance date will be properly announced in the News.

ETNA GREEN
NATIVE DIES

Lewis Mason, 86, Etna Green, died of complications Monday at 3 p. m. in the Alfran nursing home in Warsaw.

Mr. Mason, who had owned and operated the Mason & Son Hardware store in Etna Green for many years, was born in Knox county, Ohio, Dec. 4, 1874; the son of Peter W. and Lucretia (Gates) Mason. He married Lavena Davis in June, 1899. She died in 1920. He married Florence Swindeman in 1922. She died in 1959.

Mr. Mason was a member of the Church of Christ in Etna Green, Bourbon Masonic lodge and the Scottish Rite and Shrine. Surviving are seven grandchildren and 15 great-grandchildren. One son, Ralph, and one daughter, Mrs. Marjorie Koenig, preceded him in death.

Services will be held Thursday at 2 p. m. in the Etna Green Church of Christ with Rev. Eugene Neyhart officiating. Burial will be in the Etna Green cemetery.

BIRTHS

Mr. and Mrs. Ronnie Miller, Fort Wayne, are the parents of a daughter, Lisa Kay, weighing seven pounds, on Friday, October 13. The grandmother is Mrs. Marjorie Halterman and the great-grandmother is Mrs. Bessie Robbins.

CALENDAR

Mentone W.S.C.S. Entertains

A Welcome was extended by Mrs. Allen Herendeen to 16 guests from the Bourbon Woman's Society of Christian Service and 12 guests from the Etna Green Woman's Society of Christian Service at the October meeting of the Mentone WSCS. The meeting last Thursday evening was held in the Methodist church.

Meditation was given by Mrs. Roger Wrigley, followed by a number from the quartet, comprised of Mrs. Robert Whetstone, Mrs. Tim Utter, Mrs. Herbert Adams and Mrs. John Ellsworth.

Mrs. F. B. Davison introduced the guest speaker, Mrs. Wright, who is the president of the Warsaw district. Mrs. Wright gave a very fine talk on local problems of the church, the Ecumenical movement, the brotherhood of man. Following Mrs. Wright, the quartet sang.

The next meeting will be November 16 in the home of Mrs. Harold Utter. Hostesses for the evening were Mrs. John Ellsworth, Mrs. C. G. Carter, Mrs. James Whetstone and Mrs. Dewey Whetstone.

Talma Home Ec Meet

Ten members of the Talma Home Economics club enjoyed their twenty eighth anniversary dinner at the Oaks west of Plymouth for their October meeting. They were two charter members present, Mrs. Olin Wagoner and Mrs. Verdine Brockey.

Following the meal, the president, Mrs. E. C. McGowen, presided at the business meeting. Pledges to the flags were said in unison. Mrs. Brockey led in singing the song of the month, "Old Black Joe", and gave the history of the song. The secretary report was read by Mrs. Mike Becker. It was voted to purchase Christmas gifts for two mental patients. Mrs. McGowen gave a report on the council meeting she had attended. Achievement Day is to be October 31 at the Rochester Baptist church. The guest speaker will be Marvin D. Myers, assistant in Agriculture Extension

music at Purdue. He also is organizer and director of the Indiana Future Farmers of America state chorus.

Mrs. Harold Walters, health and safety, gave a summary of the articles she had given on fall out shelters. Part one of the lesson on horticulture was given by Mrs. Verdine Brockey. The meeting was closed by repeating the club prayer. The next meeting will be with Mrs. Nell McGowen.

'62 CORVAIR MONZA

NEW FACE, SAME SPORTING HEART

We might as well tell you straight off: Corvair's the car for the driving enthusiast. Think that lets you out? Maybe. Maybe not.

Until you've driven one, you really can't say for sure, because Corvair's kind of driving is like no other in the land. The air-cooled rear engine sees to that. You swing around curves flat as you please. You whip through the sticky spots other cars should keep out of in the first place. (Especially this year, now that you can get Positraction as an extra-cost option.) You stop smoothly, levelly with Corvair's beautifully balanced, bigger brakes.

Corvair's found other new ways to please you this year. A forced-air heater and defroster are standard equipment on all coupes, sedans and both Monza and 700 Station Wagons. So are dual sunshades and front-door armrests and some other goodies. You'll note some new styling, inside and out. Nice. And safety-belt installation is easier, too, and cheaper.

So you can see we haven't really done much to Corvair this year. Why on earth should we? If this car, just as she is, can't make a driving enthusiast out of you, better take a cab.

A New World of Worth

And here's America's only thoroughbred sports car, the '62 CORVETTE. We warn you: If you drive a Corvette after your first sampling of a Corvair, you may well end up a two-car man. And who could blame you?

MENTONE SCHOOL LIBRARY NEWS

At a recent meeting of the Lawrence D. Bell Library board in Mentone school, Mrs. Caldwell, librarian, gave an interesting and rather amazing report of the activities of the elementary library in the school.

This library, which serves grades one through six, is open every day for an hour. A schedule of classes was made so that each class might use the library twice a week. Marsha Fisher, a junior who attended Indiana University library workshop in July, is librarian in charge with Judy Lynch and Nancy Warner assisting her.

A record is kept of the number of books taken out each day. In the first six weeks of school, a total of 1240 books had been checked out to the grade pupils. This is far more than the amount last year when the library was open only at recesses.

Reading Club Meeting At Urschel Home

The October meeting of the Mentone Reading Club was held at the lovely home of Mrs. Dan Urschel, with Mrs. Oliver Teel assisting.

A pot luck supper was enjoyed by the group at 6:30.

At the business meeting, Mrs. Charles Manwaring, the club's president for 1961 and 1962, was in charge. Roll call was answered by "My Favorite Teacher."

Mrs. Wayne Tombaugh and Mrs. Don Bunner presented the program "Women In Education."

The November meeting will be held at the home of Mrs. Fred Lemler.

BIRTHDAY CELEBRATED

Barbara Johnson, daughter of Mr. and Mrs. Lewis Johnson, was entertained Thursday evening, October 19, in honor of her sixth birthday. Birthday cake and ice cream were served to Mr. and Mrs. Mel McGowen, Mr. and Mrs. Merle McGowen, David and Michael, Mr. and Mrs. Harry Johnson and Pamela, John H. Johnson, Mr. and Mrs. Howard McGowen, Jim and Stanley Johnson.

CHRISTMAS MAIL FOR OVERSEAS

The period Nov. 1 to Nov. 20, for surface parcels, and before Dec. 10, for air parcels, has been designated for the mailing of Christmas parcels for members of our Armed Forces serving outside the continental United States. The following instructions have therefore been issued with the view of assuring delivery of the gift parcels on time and in good condition:

The term "Armed Forces Overseas" includes the personnel of our Armed Forces, members of their families and authorized U. S. civilians employed overseas who receive their mail thru an A.P.O. or N.P.O.

TIME OF MAILING: The importance of mailing Christmas parcels during the designated period cannot be emphasized too strongly—the earlier the better. The public can be reasonably assured that parcels mailed thru the regular surface mails prior to Nov. 20 will reach their destination before Christmas. However, no assurance can be given that surface parcels mailed after that date or air parcels mailed after Dec. 10, will be delivered in time for Christmas.

SIZE AND WEIGHT: The maximum size and weight limits for surface parcel post and air parcel post vary according to APOs and NPOs to which the parcels are sent. Customs declarations are required for parcels addressed to some, and certain articles are prohibited in many APOs and NPOs. Inquiry should be made at the post office before any parcels are packed. Matches and lighter fluids not permitted.

PREPARATION: Boxes for overseas transmission must necessarily be of strong construction on account of the great distance these parcels must be transported and the handling and storage they must undergo. It is absolutely necessary that all articles for overseas delivery be packed in boxes of metal, wood, solid fiberboard, or strong double faced corrugated fiberboard. All boxes should contain sufficient cushioning material so that the contents will be tightly packed

to prevent rattling or loosening of the enclosed articles. It is also desirable that all fiberboard boxes be securely wrapped in heavy paper and securely tied with strong cord.

ADDRESSING: Addresses must be legible and prepared in typewriter or ink. It is preferable that the outside address be hand printed on the wrappers of the boxes rather than on labels pasted to the wrappers, since experience has shown that the labels frequently fall off when subjected to moisture. It is highly desirable that a slip of paper containing the name and address of sender and addressee, together with a list of contents be enclosed in each parcel so as to provide identification and proper disposition of the mail in the event the box is broken or the address on the outside becomes defaced.

CHRISTMAS CARDS: Patrons sending greeting cards to Armed Forces personnel overseas should deposit such cards prepaid at the first class rate prior to Nov. 20 and at the air mail rate prior to Dec. 10, if they are to have a reasonable expectation of delivery prior to Christmas.

REGISTRY AND INSURANCE: Mailers are encouraged to register valuable letters and insure valuable parcels. It is recommended that patrons use postal money orders to transmit gifts of money to members of the armed forces serving outside the continental United States.

K. A. ROMINE, Postmaster.

SINCERE THANKS

I would like to take this opportunity to thank all the friends and neighbors for the many cards and flowers I received during my recent hospital stay. Your thoughtfulness is greatly appreciated.

FIELD DAY WELL ATTENDED

About a hundred persons gathered at the FFA demonstration plots for the field day Saturday. The FFA boys and their coach, Morris Bitzer, were well pleased with the interest shown.

Rodent Proof Corn Crib

Rats and mice in the corn crib cost money, says animal control specialist, G. C. Oederkirk of the U.S. Fish and Wildlife Service at Purdue University.

One rat can destroy three bushels of corn annually, so rat proofing corn cribs usually pays. Farmers thinking about building or remodeling their crib should keep these points about rat proofing in mind:

Rats can jump about two feet in the air and burrow three feet

under ground. Though their teeth are sharp, they can't gnaw through 24 gauge metal sheets or good grade concrete.

Elevate the crib floor two or more feet off the ground and keep it clean underneath. If the present crib has a poor wooden floor, replace it with a covering of sheet metal.

If crib floors aren't elevated sufficiently, protect the sides with a two foot band of ¼" hardware cloth. An 8" metal band caps the cloth to prevent rodents from climbing to the top of the cloth.

Rats and mice like open doors. Line door frames with metal sheathing the same height as the rat proofing on the sides. Most important is to keep doors closed.

Don't undo a good rat proofing job by leaving rat ladders. Rodents can easily scramble up tool handles, boards leaning against the crib, machinery and materials stacked next to the crib.

Don't forget to repair any holes in wire mesh or rusted spots in metal flushing.

Finally, reduce the number of rats and mice around the crib by removing junk piles, stacking materials at least 18 inches off the ground and keeping garbage or other rat food in metal containers.

If bait stations are used, maintain a constant supply of anticoagulant-poisoned bait.

drink what is set before them, barring of course any real allergies. They need to form this habit in order to have a balanced and adequate diet and, also, in order to avoid being nuisances all the rest of their lives."

Do you agree?

Watch for these—a cordless electric can opener, meat grinder, cheese grater, lawnmower, power tools (all to be battery operated).

Note on Communism:

Do not be confused or misled by statements attacking the House Committee on Un-American Activities, which say that it has not served its primary function of recommending legislation, but instead has tried to embarrass innocent people. These charges have been made again and again by college professors and others.

"How true are these charges? A study conducted by the independent and impartial reference service of the Library of Congress reveals that the Committee has compiled an impressive legislative record. In the period from 1941 to 1960 it made 96 different recommendations for legislation to the Congress. Of these thirty-five were adopted and are now the law of the land, and these are the principal laws which protect us from the subversive activities of Communists within our own borders.

"The study also shows that the Committee has made 13 major recommendations to the executive branch which have been adopted and are now part of the official policy of the executive branch.

"If these professors were as careless of their facts as this when they wrote their academic treatises they would be laughed out of their colleges." Life Lines, Oct. 25, 1961.

"Thy word is a lamp unto my feet, and a light unto my path." Psalm 119:105.

DONATIONS FOR LEGION AUCTION

Items being donated to the American Legion auction will be picked up Saturday, Oct. 28th. If you'd like to help the Legion, phone Mrs. Mirriam Boardman, (EL 3-4673).

Remember the auction Saturday, Nov. 4th, at the Legion Home, starting at 3:00 p.m.

evil thing, to practice wicked works with men that work iniquity; and let me not eat of their dainties." Psalm 141:3,4.

How To Raise Delinquents, (continued):

9. Give him all the spending money he wants; never let him earn his own.

10. Satisfy every craving of the child for foods, drinks and everything that has to do with the sense of taste and touch, gratifying every sensual desire.

11. Take his part against policemen, teachers and neighbors. They are all 'prejudiced' against your child.

12. When he gets into real trouble, always defend yourself and say: "I never could do any thing with him."

We enjoyed this:

Supply Officer: "How does your new uniform fit?"

Recruit: "The jacket isn't bad, but the trousers are just a little loose around the armpits."

ARRESTS AND FINES

An arrest notice was given to James D. Mikel, R. R. 2, Etna Green, Thursday by Officer Norton for disregarding a stop sign at Morgan and Main Streets in Mentone. He paid fine and costs of \$22.75 in the J. P. court of C. O. Eiler.

Don Piper of R. R. 2, Rochester was arrested at 10:15 p. m. Saturday on Broadway in Mentone, for public intoxication. He was lodged in the county jail, and later paid a fine and costs of \$17.00 in the court of Raymond Neff, in Warsaw.

NOTICE TO CITIZENS

Any property owner desiring any changes in the proposed zoning ordinance is advised to submit his petition, in writing, to any member of the board of trustees on or before Oct. 31, 1961, 7:30 p. m.
