## New Janitor To Be Hired At MHS

Discussion at the Monday night meeting of the Tippecanoe Valley School board culminated in a motion being made and carried to authorized the superintendent to offer a contract for the position of janitor at the Mentone school to Raymond Grubbs. This job calls for a \$4800 per year salary.

Further discussion included passing the claims. Board members asked many questions regarding amounts being spent for various items in the budget. In

connection with this they discussed the use that was being made of the expensive magazines and books which were being purchased for the corporation schools.

Another item mentioned was a certain amount of conservatism being shown in the quantity of food being served in the Akron cafeteria. Board members felt more should be spent on food so that larger servings could be furnished.

The corporation's tax plea will be heard October 28 when the state tax commission meets. The local tax adjustment board recently cut the budget by 20c per hundred. It was mentioned the board still has many outstanding bills.

Read John 11:41-46

He that was dead came forth, bound hand and foot with grave-clothes . . . Jesus saith unto them, Loose him, and let him go. (John 11:44)

In study of the Bible, one is amazed at the unlimited spiritual applications that pertain to our daily life. In the account of the raising of Lazarus, for example, Jesus said to those standing by to take away the stone from the tomb. Then when Lazarus was raised from the dead and came forth, Jesus said again to the men, "Loose him, and let him go." Jesus has the power to bring life but He does not do for us what we can do for ourselves!

Many Christians are weak in the faith and bound by doubt and past failings. Are we doing anything to help them get free from their bondage? We are our brothers' keepers, and we can do our part to loose them from their bondage and to stand by them in their time of trouble of our sympathy, prayers, and deeds on their behalf.

**PRAYED:** Our Father, who desirest the freedom of all mankind to serve Thee, grant us the insight to see the needy souls around that are hardened and fettered. May our vision of the Savior be clear and our witness to others given in love. We ask in the name of our Master, who teaches all His followers to pray, "Our Father who art in heaven. . . Amen."

### Speaks

Dear Mr. Publisher

It looks like you're gonna have enough news for the next couple months without having to use re-runs on Liz Taylor and topless bathing suits. I understand the political conventions are getting awful ratings on TV. Fact is, there's some speculations that either the Republicans or the Democrats will get the Emmie this year for the best comedy show.

One of the big issues in this year's election is how big the government oughta be. The Republicans are claiming that the government is getting too big for its britches. The Democrats claim if the Republicans get in the government we won't even have no britches. (I reckon if worst comes to worse Uncle Sam can wear bermudas.)

Well Mr. Publisher, I don't aim to get tangled up in politics. I don't know much about the government britches - all I know is if the price of mine goes up much more I may have to go back to fig leaves. One thing I have noticed about the government though. Its got so big and busy that they don't speak in words no more - they talk in letters. I reckon you heard 'em tell about the NRA, the WPA, the CCC, and the CIA. They just say LBJ, cause they don't have time to say the hole thing.

I been wondering, Mr. Publisher, with us preachers getting more and more work to do, why couldn't we go to talking in letters instead of words? This would give us more time for important things like hot-dog sales and "Christian" suppers. One thing that takes a lotta time is describing what kind of church member a fella is. But, if we could do it in letters it wouldn't take long. I been working on this, so I'll show you what I mean.

First theses the FBO member. Them letters stand "For Burial Only". This is for folks who join the church so's they'll have a decent funeral. Once they join the only way you can get 'em back is carry 'em in. Last year we carried in 4. Then there's the FCB member. We call 'em by these letters cause they're "First Class Bums." Hezekiah's couzen is one of these. He joined our little church, uses our building, seats, lights, and water, but he don't give a cent. Its just like parking on another fella's nickle in the parking meter. One thing about using this letter language is that you can call a church member a FCB and he wouldn't feel nearly as bad as being called a first-class bum. OBG sounds important too. That means "Over Grown Babies. Ellie Nicklesinger fits into this bracket. She pouts and cries about everything in the church that don't go her way.

There's a sight of any members that HAH's. That stands for "Half and Half." They're half First there's the FBO member. means "Short Term Members." They join the church and stay til you rub their fur the wrong

way. Thank God I got a few of the FCC type. They're "First Class Christians." I've run out of letters.

Yours truly,

Parson Jones

## Kosciusko Co. Soil & Water Conservation District To Hold Tour At Fish & Game Area

The Board of Supervisors of the Kosciusko County Soil and Water Conservation District are planning a tour of the 3,000 acre Tri-County Fish and Game area near North Webster, according to Loren Decker, chairman. The tour will take place on Saturday, October 10, starting at 1 p.m. The Tour group will assemble at

the checking station located two miles north of North Webster on Road 13.

At the starting point the group will be met by Ralph Anderson, manager of the area. Mr. Anderson will discuss the layout and management of the area.

Highlights of the tour will be a stop at the earth and concrete dam on "Flat Belly" lake. This is the 325 lake that will flood the Spear Lake area.

The group will also stop at the "Weimer Impoundment" which is a thirty acre lake in the construction phase.

It is also planned to stop at "Buffle Head" pond which is a seven acre pond that was constructed in 1961.

A stop that should prove to be most interesting will be a duck landing demonstration at the "Goose Pond." Mr. Anderson will demonstrate how wild ducks are caught, examined for age and sex, then banded for migration studies, and released.

The board of supervisors urge all persons interested in the natural resources of our country to attend this highly interesting and educational tour. All interested should meet in the aforementioned spot on October 10.

## Kay Kindig Hostess To Club

Member of the Merry Mixers Home Demonstration Club met at the home of Kay Kindig for their September meeting. Judy Rickle presided in the absence of Shirley Livengood. "Don't Quit" was read for meditation by Jean Smith. Roll call was answered by each telling their favorite name.

During the business meeting the trip committee reported that the plans were indefinite. The committee in charge of the rummage sale announced the sale will be in the building back of the drug store on Oct. 2nd and 3rd. Arlene Coleman stated the club had been asked to make a donation to the park fund. It was agreed to do so.

Election of officers was held and the following elected: president, Judy Rickle; Vice president, Donna Romine; secretary, Linda Cochran; and treasurer, Jean Smith.

The meeting was closed by all repeating the club prayer song and collect.

For special interest Arlene Coleman introduced Mrs. Phil Denny of Bourbon. Mrs. Denny presented us with a very interesting lesson on covering shoes with fabric. Mrs. Paul Grossman accompanied her. Refreshments were served by Becky Staveland.

The October meeting, a Halloween party, will be at Peggy Eaton's.

## Talma Selects Cheerleaders

On Thursday, September 24, Talma Junior High had cheerleading tryouts for the 1964-65 basketball season.

The election was held after school. It was conducted in the same manner as was used the previous year. The staff selected the three 6th grades, three 7th grade, and four 8th grade cheerleaders. The girls were rated on seven characteristics: They were: enthusiasm, personality, poise appearance, physical agility, execution of the yell, and voice. These characteristics were rated on a basis of one to five points. The girls with the highest total points were the ones selected.

There were many participants this year and the staff at Talma was glad to see that there was so much interest shown in the tryouts. There were many good can win, participants, but not everyone can win.

Cheerleaders elected this year to represent Talma were: 6th grade, Debbie Hiers, Maria Hubbard, and Darlene Igo; 7th grade, Annette Hirschman, Susan Shirey, and Sara Jo Smith; 8th grade, Nancy Campbell, Linda Fawley, Sue Smythe, and Peggy Whetstone.

### A SOLILOQUY AT BEING 30

October 8 this year means more to me than being part of fire prevention week or the day Franklin Pierce died or even of being my birthday, just like it has been every year for the past 30 years. That's the part that bothers me the most. 30. The number rings through my mind and stands forth in brilliant red, flashing numbers for the whole world to see.

Thirty. How old that sounds. I used to think anyone who was 30 had passed their prime. I think now I missed it many, many years. I hope.

Here I am. Married eleven years to a pretty nice fellow who long ago stopped having birthdays, mother of two growing boys, chatelaine of a house I like and doing the work I love. But now I'm 30. Something tells me I should stop feeling inside the same as I did when I was 19, but truthfully I don't feel 30. True, the first million dollars is still unearned and the first book is still unpublished and they're not going to happen any faster now than they did during the past 30 years. I've seen part of the world,

## DID YOU KNOW?

Mr. and Mrs. John Marozzan and family of South Bend were Sunday dinner guests of the latter's parents, Mr. and Mrs. Francis Kehoe. Mrs. Bud Wise and boys were afternoon guests.

Mr. and Mrs. Ted Hight and family were Sunday guests of Mr. and Mrs. Frank Hardesty and boys.

A surprise birthday party was given for Linda Kitchell Sunday, Sept. 27, at 2:00 p.m. The persons present were Cindy, Sonja and Eddie Baker, Barb Anderson, Nancy Holloway, Phill Byer, and Ronnie Kithell. Mary and Howard dG rso soMenotn and Howard Gros of Mentone were also present.

not as the daring foreign correspondent I dreamed of at 16, but have seen it with open eyes and mind, nevertheless. But, oh, the many, many other places to see yet and the many, many more things to do. The things to tell my sons and do with them and with my husband. The ideas to try and the schemes to attempt and the reading and learning, oh so much learning, to do.

Maybe that's what's wrong with being thirty. Not nearly as old as it used to be, but a flashing warning light to get down to business and do the things I want to do and that I must do and enjoy life and living. Thank heaven for thirty.

## Light Makes Plants Grow

Light is the main source of food and energy for plant growth. much less vigorous in short days of autumn and winter than in long summer days outdoors.

Even well-lighted homes are poorly-lighted in comparison to the out-of-doors. An outdoor

garden may receive 10,000 foot-candles of light during bright summer days.

A Pennsylvania State University correspondence course explains that a foot-candle is the amount of light at a point on a surface 12 inches from a standard candle.

In a home it is unusual to find more than 40 foot-candles of light except near windows which are not shaded by such things as curtains inside of trees outside.

In greenhouses, plants may receive 1000 foot-candles of light. As a result, many gardeners turn to small greenhouses for keeping plants growing well in cold seasons, and for early starting of outdoor grown annuals.

To teach small greenhouse construction and management, The Pennsylvania State University offers a correspondence course, "The Home Greenhouse."

The lesson discuss building sites and kinds of houses. Heating and ventilation methods are explained. Snodgrass, carnation and chrysanthemum culture for cut flower production is presented. And the potted plant instructor covers care of African violets, geraniums and chrysanthemums.

Anyone can enroll for a copy of the course simply by sending his name and address with \$1.50 to "Home Greenhouse," Box 5000, University Park, Pennsylvania 16802. This is the only charge for the course.

## Good Grooming Tips Given In Study Course

UNIVERSITY PARK, PA. —

What do you do when your spirits need a lift? Buy a new hat or bake one of your family's favorite cakes? Either one will do it, but so will a different and becoming hair style.

A hair style will do little to enhance your attractiveness unless the style is right for you. But what is right? With this in mind, you and your friends may be interested in a Personality and Grooming home study course from The Pennsylvania State University.

Appropriate hairdos for various

face shapes and ways to set hair and Mrs. Vance Johns of Riverside, California; and Mr. and Adrain Little of Sebring, Florida, all called by long distance telephone and talked to their parents wishing them a Happy Wedding Anniversary.

Diagrams make it easy to follow prescribed exercises for slimmer hips and midriff. Proper diets to control weight and calorie values of common foods are given. One part of the course is devoted to understanding personalities.

To get the Personality and Grooming course, send your name and address with \$2.50 to Correspondence Course, Box 5000, University Park, Pa., 16808. Make your check or money order payable to The Pennsylvania State University. All material is in a looseleaf folder and all mailing costs are prepaid.

SEVENTH U. S. ARMY, GERMAN (AHTIC)—PFC Wayne B. Tucker, 18, son of Mrs. Mahie S. Tucker, Burket, Ind., and other members of the Seventh U. S. Army participated in Exercise FALLEX 64, an eight-day NATO directed and controlled training exercise in Germany, ending Sept. 28. The bi-annual exercise was designed to test and evaluate

coordination procedures and command communications within the North Atlantic Treaty Organization (NATO) military structure in Europe. Orders and communications between headquarters command posts and the dissemination of information to lower headquarters were stressed to insure maximum proficiency during the training exercise.

A survey specialist in Headquarters and Service Battery, 3d Missile Battalion, of the 79th Artillery, Tucker entered the Army in July 1963 and received basic training at Fort Knox, Ky. He was stationed at Fort Carson, Colo., before arriving overseas in April of this year.

Tucker attended Mentone High School and was employed by Nelson Trucking Company before entering the Army.

## Local Business

The total effect of advertising cannot be fully measured.

It is easy to keep a record on sale of a particular item which has been featured in one newspaper advertisement. But side effects may be more significant.

The retailer knows that almost every customer drawn to a store by an advertisement is likely to purchase goods which have not been advertised.

Also, each advertisement helps to establish the name of a store in the minds of consumers who may not be interested in buying immediately.

Retailers learn that newspaper readers often clip advertisements and refer to them weeks or months after the date of publication.

A department store which runs a special sale on toys in September finds that many mothers wait until December to order the toys advertised.

A California grocery chain recently experimented with advertising in media other than newspapers. The drop in all sales was so drastic, a store official reported that he "didn't have the guts to continue."

The store position in the market could not be regained immediately. Only the accumulative effect of repeated newspaper advertising restored sales to former levels.

CHUNKER HILL AFB, Peru, Ind., Sept. 25 — The 12 hour practice wartime mission exercise which was scheduled to be held Sept. 29, 1964 on Bunker Hill AFB, has been postponed until a future date. When the date for the "Great Effort" exercise is established a public announcement will be made.

This exercise which is conducted under a simulated enemy nuclear attack involves all base personnel. It is designed to test the base personnel's ability to carry out the 305th Bomb Wing's mission under realistic wartime conditions.

When this type of "Great Effort" exercise is underway all non-essential base facilities will be closed. The base also will be closed to dependents of military personnel residing off base as well as civilians with base privileges.

According to Col. Paul K. Carlton, wing commander, the base will now be open for business as usual next Tuesday, Sept. 29.

## County Extension Service News Notes

Some people have wondered about the procedure of electing representatives to the Indiana State Fair Board and how the board members get their jobs and for how long.

The Fair Board consists of eleven elected members, five appointed members and three ex officio members. The state is divided into the eleven agricultural districts and members are elected for two year terms by the delegates of agricultural and home economics organizations of the counties in the district. Kosciusko County is in the second district and our Fair Board member is Oscar Ted Blank of Ligonier. He has completed three two-year terms and the election for the next term will be held October 22nd. Our delegates to the agricultural conference will include representatives of groups such as the Kosciusko County Dairy Assn., the Seed Improvement Assn., the Poultry Assn., County Fair Board and others.

There is an eight year limit on the Fair Board. No member can serve more than four successive terms.

The appointed members receive their appointment from the Governor. Their term is also two years and may serve four terms.

The ex officio members consist of the Governor of the State,

## Dr. Snider Shows Film, Warns of Red Threat

Dr. Wayne Snider

Dr. Wayne Snider, chairman and dean of the department of history at Grace College, spoke to the Anthony Nigo Chapter of D.A.R. last night. Professor Snider has an active interest in Russia and Communist affairs and has visited in Russia.

Dr. Snider showed a film consisting of three features narrated by Herbert Philbrick. The blood curdling scenes depicted in the films made everyone more intensely aware of the terrible menace of communism.

Points that each person can do to help in the fight against communism were outlined in the film. They are:

1. Be sure to know com-

munist and how socialism ties in. Get understanding of the goals of communism and socialism. He warned that socialism is often the warning period between capitalism and communism.

2. Help others understand the Red threat. Discuss the Red menace.

3. Become politically active. Get out and vote, but know who and what you are voting for and elect the right officers. Run for office yourself if you think you are qualified. Write to your elected officials and let them know what you think of what they are doing.

4. Be alert.

5. Be constant. Pray for guidance in living up to the challenges of being a good American.

Dr. Snider answered many questions asked of him by members of the chapter and their guests. The Legion Auxiliary and other guests were visitors for the talk and film by Dr. Snider.

The threat of socialism through socialized medicine, heavy taxation, etc. often leads to communism and this was stressed several times during the evening.

### PURDUE CLASS

#### TOURS MANWARINGS

Dr. Henderson, of the Veterinary Department of Purdue University again this year brought his Junior Class of 55 students into Kosciusko County to visit the poultry and duck industry. These students, all in the school of veterinary medicine, stopped by the Manwaring Leghorn Farm for the annual visit on Thursday, October 8. They came by bus.

### Jacob Grass

#### Rites Held

Funeral services were conducted Saturday afternoon for Jacob H. Grass, 87, who died Thursday evening in his home near Rochester. He had been ill two weeks with a heart condition.

Mr. Grass retired from farming two years ago. He was born near Tippecanoe, the son of Mr. and Mrs. Joseph Grass, on November 21, 1876. Most of his life had been spent in Newcastle township.

He married Elsie Rogers, in Rochester, on November 24, 1900, and she survives. He was a member of the Talma Bible Church.

Surviving with the wife are a daughter, Mrs. Henry (Mary) Konneck, R. R. 1, Mentone, and a son, Emerson, R. R. 2, Rochester. Several nieces and nephews also survive. A brother and two sisters preceded him in death.

### Varsity Cheerleaders Attend Conference

On October 10, 1964, Dena Nellans, Connie Smythe, and Sherry Bryan attended the American Cheerleading Association Conference at North Miami High School. They learned many valuable things about cheerleading, and enjoyed participating in the conference.

### Bridge Under Construction

Construction has begun on the bridge on road 19 south in Mentone. Much heavy equipment is already on the job, and folks are finding the operations very interesting and fascinating. A question was asked of some of the work crew if the new bridge would go up as quickly as the old one came down. They said, with a grin, that they couldn't guarantee that!

### Student Council Attends Workshop

Ten students of the Mentone High School Council attended the annual workshop at Arlington High School in Indianapolis on Saturday, October 10. Dr. Chris was the featured speaker of the afternoon. Discussion groups dealing with the important phases of student council activity added to the enjoyment of mingling with young people from other schools. The attending Mentone High School students gained many insights towards making their student council a more effective branch of the school community.

### Reunion Of 1954 Graduating Class

The 1954 graduating class of the Burket School held a reunion Sunday at the home of Mr. and Mrs. Larry Polk and family of Leesburg with a pot luck dinner. There were thirty four present.

Attending were Mr. and Mrs. Rex Bowen and daughter of Akron, Mr. and Mrs. Riley Richardson and daughter of North Manchester, Mr. and Mrs. Arnold Shepherd and family of Columbia City, Mr. and Mrs. Mike Nelson of Burket, Mr. and Mrs. Dean Hamilton and family of Leesburg, Mrs. Luther Miller and family of Winona Lake, Mr. Richard Lackey of Claypool, and Mr. and Mrs. Duane Eckert and family of Palestine.

### Celebrates 60th Anniversary

Mr. and Mrs. John Laird celebrated their 60th wedding anniversary in their home Friday, October 9th. They received over 80 cards acknowledging the occasion. They wish to thank their friends, neighbors, and relatives for making this day a pleasant one.

## Lions Plan Halloween Celebration & Fish Fry

The Mentone Lions met Wednesday, October 7th in the High School Cafeteria. Lion Paul Rush filled in as Tail Twister in the absence of Lion Gaylord Toll.

There were several guests and prospective new members present at the meeting. There were: Cecil Mason, Sam Norris, John Miller, Larry Pyle, Bob Hirschman, and Marion Smith.

Zanna Hammer, Chairman for the Lions Club Fish Fry and Halloween Celebration, announced the names of those who were to serve on the different committees. The Fish Fry and Celebration will be held at the High School Saturday, October 31st.

The President, Lion Everett Rathfon, announced that there would be an Officer's Training School on October 11th at the West Minister Hotel in Winona.

**P.S.A.T. Date Set**  
The 1964 Preliminary Scholastic Aptitude Test will be given in the Mentone School on Tuesday, October 20. Students in the junior and senior classes who wish to take the exam will be given an opportunity to do so. The test is of particular importance to students who wish to go on to college. Students gain valuable experience in taking this type of test and become better prepared to take the Scholastic Aptitude Test which is used as the basis for many scholarships and is required for admission to many colleges.

### CTA GROUP ENJOYS BANQUET

Members of the local Classroom Teachers Association from our Tippecanoe Valley School Corporation, their wives and husbands, enjoyed a lovely smorgasbord meal at the Westminster Hotel in Winona Lake. This was held Monday evening, with about 85 persons in attendance. A business meeting was held after the meal. The school board members, superintendent, and principals and their wives were guests for the evening.

### NEW SIGNS FOR MILL

New aluminum signs, about 15 feet square, have been erected on the Hales & Hunter Mill for means of identification. A crane was needed in the operation of putting these signs in place.

### Homemakers Club

#### Meets

The Palestine Homemakers Club met with Mrs. Rosa Hipsher Thursday. The meeting was called to order by Mrs. Flo Shirey. The Club creed was read and roll call was answered by each describing a Halloween prank they knew or helped with. After reading the club prayer the time was spent socially. Refreshments were served to 11 members. The next meeting will be with Mrs. Edna Jones November 12.

### Talma Tigers Complete Successful Year

The Talma Tigers have finished their baseball season and have described it as a successful season with much learning taking place.

The following list of boys all had the opportunity to participate in the games: Larry Fore, Ernest Welborn, Mike Copen, Sal Murcia, Duane Gates, Kip Smith, Steven Seerist, Marion Boggs, David Eheneman, DeWayne Igo, Jay Smith, Mark Hunter, Robert Bowerman, Garry Wise, Tim Whetstone, Ricky Stavedahl, Mike Kelly, Cameron Rathbun, Ronald Teel, Dennis Reyer, Mike Gross, Rocky Reed, Brett Miner, Chris Doran, Tom Toll, Don Acton, Dale Hart, Randy Halst, Douglas Kelly, Dale Walters, Brant Nellans, Floyd Bradley, Ken Anglin, Terry Crisinger, Danny Yeater.

These boys played the season with four teams: sixth grade team, 7th grade team, 8th grade team, and 7th and 8th grade team. These boys were coached by Phil Pratt and Gene Fisher who felt the boys had a fair season.

Following is the baseball schedule and the scores of the games.

Sears retail stores are expected to spend more than seventy million dollars on newspaper advertisements during the current year. This represents a gain of five million dollars over last year.

Sears, the largest and most successful retail store in the world, has increased its newspaper advertising budget every year since World War II. The newspaper advertising budget of the Sears retail stores had doubled during the past ten years.

Sears has a good reason for investing increasingly huge sums in newspaper advertising. Profits of the company have increased to correspond with each expansion.

The experience of Sears with newspaper advertising is not unique. Retail stores throughout the United States have followed a similar pattern with success.

The pattern is a simple one whether it is used by Sears or a small independent clothing store—the use of the local newspaper to describe in detail a large variety of goods which consumers are interested in buying at a particular time.

The reason why other retailers may follow the practice of Sears with confidence is because Sears, more than any other store in the world, is in a position to carefully check the result of its advertising investment. Not only is this check made on sales in local stores, but also with undisputed accuracy on the result of mail order advertisements.

Sears has little or no advantage over the locally owned independent stores in terms of price and service. Where it gains dominance in a market is through consistent use of the dominant retail advertising medium—local newspapers.

Here's news for cattle feeders!

## Purina's new "Built-to-Fit"™ Special Steer Fatenas

Here is just one of nearly 300 test pens of cattle used to develop the new Special Steer Fatenas at Purina's Research Farm. Four years of testing involved more than 2500 test cattle.

Each of these new cattle supplements is formulated for a specific kind of grain and roughage. Even the size of your cattle is considered in selecting the right one for you to feed!

Results? These new Special Steer Fatenas have set all-time Purina performance records in 4 years of tests. For example, the new Steer Fatena "Built-to-Fit" corn or milo rations, fed with poor quality roughages, produced 6.4% faster gains on 10.7% less feed! These extra results were worth \$11.40 more per steer on a \$20 cattle market with 700 lb. yearlings fed 120 days!

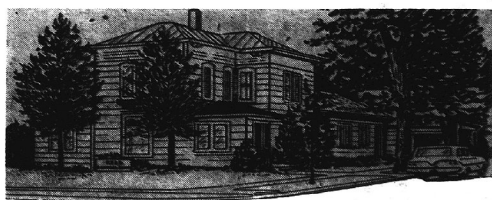

The new Steer Fatena "Built-to-Fit" barley rations produced equally high results at a lower feed cost than ever before!

Whether you bunk-feed or self-feed your cattle, there's a new Special Steer Fatena "Built-to-Fit" your own feeding conditions. Come in and find out which is formulated to step up your feeding efficiency!

## The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Thursday, October 15, 1964  
Read Psalm 8; Acts 16: 25-34  
At midnight Paul and Silas prayed, and sang praises unto God: and the prisoners heard them. (Acts 16:25)

A Gentleman visiting a hospital for lepers praised the nurse who was accompanying him for her humanitarian sentiments in resigning herself to care for the patients there.

"I don't know how far my sentiments go," she replied. "I can assure you that before I knew Christ, my humanitarian sentiments could not have kept me here a week. It is the love of Christ which constrains me. He found me and made of me what I am today. I could not do anything else after I realized how much He loved me."

Paul and Silas in prison, with their feet in chains, sang hymns of praise to God at midnight; and God blessed them with those with them.

In the work we do, are we expressing our gratitude to the Lord for His marvelous saving grace?

**PRAYER:** Blessed Lord, we praise Thee for the immense joy we feel when our lives are touched by sweet communion with Thee. We give Thee our thanks, because through Thy mercy we are saved from evil and constrained to do good. In Thy name. Amen.

# WHAT'S THE DIFFERENCE

This is the time for the year when it is of utmost importance to hog producers to consider the moisture level when feeding high-moisture corn. As you know, most of the corn ordinarily fed to hogs is Grade No. 2 and contains about 15-1/2% moisture. The nutrient value of corn diminishes as moisture content increases. For example, it takes 1.13 to 1.30 pounds of high moisture corn to be equivalent to 1 pound of Grade No. 2. PIONEER RESEARCH has developed a SPECIAL FEED FOR A SPECIAL NEED that lets you use your high moisture or salvage corn and maintain high pork production at the same time.

## PIONEER SOFT CORN BALANCER PELLETS

- Contains 28% protein . . . make up the difference in nutrients lacking in soft corn.
- Are convenient, easy to use . . . self-feed right in the cornfield in your feeders.
- Have controlled palatability . . . hogs eat the amounts they need, with a minimum of waste.

## ARE SPECIALLY PRICED AT LESS THAN THE COST OF ORDINARY SUPPLEMENTS

HOG PRODUCERS in this community using the PIONEER SOFT CORN BALANCER PROGRAM are enjoying greater returns from both hogs and corn. CALL TODAY FOR PROMPT DELIVERY RIGHT TO YOUR BINS OR FEEDERS. Let PIONEER help you turn your soft corn into solid profit, too!

## Local D.A.R. Attends State Conference

Mrs. Maxwell M. Chapman, State Regent, presided at the business sessions. Reports were read by state and national chairmen. The state treasurer reported disbursements from April 16, 1963 to April 15, 1964 were \$21,042.76 and disbursements from April 15, 1964 to September 1, 1964 were \$2,205.32, thus making total disbursements of \$23,248.08. Some of the projects supported by the D.A.R. organization are D.A.R. schools, historic spots, American Indians, conservation, genealogical records, national defense, and Americana Room at the National Archives in Washington, D.C. The State D.A.R. Resolutions, compiled by the State Resolution Committee, were read and adopted by the assembly. Impressive memorial service was conducted to pay tribute to the Indiana Daughters of the American Revolution who had passed away during the past year.

Dr. John W. Hicks of Purdue University gave the banquet address on the subject, "Children of the Educational Revolution." Following the banquet program, distinguished guests of the convention were honored at a reception given by the Southern District Regents, who were hostesses for the state conference. Guests attending included Mrs. Charles Carroll Haig, Past Treasurer General, and Mrs. Alvie T. Wallace, Honorary State Regent. Mrs. Haig and Mrs. Wallace are candidates for the national officers of President General and Curator General respectively.

Breakfast meetings were held Tuesday and Wednesday mornings. The State Chairmen's Association heard a talk about building a fund for St. Mary's a D.A.R. Indian School in South Dakota. Mrs. Thomas M. Egan, Southern Director, presided at the Combined District Breakfast.

Talks were given by the district directors, Mrs. Egan, Mrs. Lawrence L. Guenin, Northern Director, and Mrs. Garnett R. Perry, Central Director. Mrs. Guenin stressed the need of youth taking more active participation in the D.A.R. organization and urged chapters to encourage their junior member to serve as pages to annual conference.

Guest speaker at the final session was Mr. Edwin M. Bailey, Lawrenceville, Illinois, and the subject of his address was "Why and How a Communist Takes Over." Mr. Bailey lived three years in Cuba during the Batista and Castro regimes. He said that today uprisings and revolutions are sometimes compared to the American Revolution of 1776 and that a statement to that effect is a complete farce, and it is also a complete farce that some have compared Castro to George Washington. Mr. Bailey stated that the Cuban people being sold into Communism began with a band of only seven men. Through complacency, conformity, and apathy of the Cuban people, Cuba was sold as a Republic in a short six years. He said that Socialist policies put into force in place of the free enterprise system was the first step in Communism. He also stated that in our country we have been aligning some religious organizations with countries working toward a one-world communist world from which there is no return.

## DID YOU KNOW?

Mrs. Rudolph Goldt of Tippecanoe and Mr. and Mrs. Russell Antonides went to Muncie for Homecoming Day at Ball State Teachers College and visited Eldona Jean Anonides.

Mr. and Mrs. Joe Baker and Mr. and Mrs. Wayne Baker attended the IRHA Indiana Hardware Show at the Claypool Hotel on Sunday.

## Club Meets

The Pleasant Valley Community Club met October 7th in the Edison Room at Rochester. Mrs. Lena Alspach served as hostess with Mrs. Orville Long assisting.

Twenty members answered roll call with "What Impressed Me Most On TV During The Convention." Guests were Cleo Kallenback, Cecelia Byrer of Ft. Wayne, Pamela Crawford of South Bend, and Jay DeMein from Rochester.

The president, Mrs. Delbert Hunter, opened the meeting, led the pledges to the American and Christian flags, and the collect for women was said in unison. Devotions were given by Blanche Eisert. Scripture text, Ecclesiastes Chapter 3, verse 1, "For Everything There Is A Season And A Time For Matter Under Heaven." "Autumn Is Here" and "Autumn Reflections" were read and prayer ended her remarks. Club members were asked to keep track of and report all goodwill bags filled and delivered and to save all Memorial Stamps to give to veterans.

Mrs. Kermit Biddinger reported on the budget committee, naming the organizations contributed to, which totaled \$52.00. The budget was accepted as read. It was voted unanimously that the club continue our monthly offering to a mental patient canteen fund. Mrs. Biddinger announced the County Town Meeting on Oct. 19 at 7:30 p.m. in the Production Credit Social Room at Rochester. The president announced the Fulton County Convention Meeting to be held Oct. 29 at Akron and asked members to take a craft display and a contest will be open to all. This being an "Everlasting Tea Cup", this is to be entirely made up of dried flowers not more than 8 inches high or wide and in a tea-cup. The winner of this contest will enter her display in the State contest.

Treasurer's report was given with a balance of \$68.38. Mrs. Dee Berrier, county chairman on Safety, gave a report stressing the use of carrying not one but two little bags in the car. Mrs. Hody Fensiermaker and Mrs. Bernard Rogers conducted a make or bake sale. Many goodies and

goodies and decorations were auctioned and proceeds of \$34.15 boosted the treasury.

Program chairman, Mrs. Hunter, introduced Mr. Howard Kroger of South Bend, a representative from Sherwin Williams Co. A film on Home and Interior Decoration was shown. The narrators of the film, TV personalities Betty Furness and Art James said, "Color, a factor in our homes and lives, depicts moods, expressions, and atmosphere." Halls, family rooms, living rooms, kitchens, bedrooms, dressing rooms, baths, and dens were beautifully displayed. Also fashion clothing for women and children were modeled. Delicious refreshments were served from a table draped with a dark green cloth and decorated with apples, nuts, colored ear corn, and a jack-o-lantern as a centerpiece. The Nov. 4th meeting will be a basket dinner family night held in the Fulton Co. REMC Building.

## ARE YOU HUNGRY?

The Merry Molly's Home Ec Club will have home made pies, cakes, and cole slaw at the American Legion Home on October 23 from 4:30 to 7:30 along with the Legion Fish Fry. Part of the money will go toward the Mentzer Park Fund.

## FRIENDLY NEIGHBORS

### MEET WITH MRS. OLSON

Mrs. Herman Olson was hostess to the Friendly Neighbors Home Demonstration Club Thursday afternoon, Oct. 8.

The meeting was called to order by the president, Mary Welch. In commemoration of James Whitcomb Riley's birthday Ellenor Manwaring read several selections by the Hoosier poet. The lesson, Buying and Using Small Electric Appliances, was presented by Mrs. Charles Eaton. Officers for the coming year were elected during the business meeting.

Tasty refreshments were served to the twelve members and one child present. Mrs. Verena Michaels served as co-hostess.

## HEADACHES

THE headache is one of the most  
common afflictions of mankind.  
Membranes which cover the  
brain and line the skull take on the  
appearance of a blush when a  
headache is on the way. Dilated,  
distended blood vessels pulse,  
stretch, pull and distort sensitive  
structures and nerve endings. This  
is the mechanism that causes head  
ache.

Relief of headaches due to thir-  
dilation and distension of blood  
vessels consists of restoring the  
vessels to a more or less normal  
state. Often this can be accom-  
plished by correcting conditions  
which started the vessels on their  
"blushing" rampage.

There are also psychological fac-  
tors which cause headaches. Many  
victims of this type are tense, driv-  
ing individuals. They feel they  
must command approval, no mat-  
ter what the cost in time and  
energy, trying to do more and bet-  
ter than others. Their tension and  
anxiety tends to increase along  
with their determination to carry  
on despite progressive fatigue and  
exhaustion.

There are many other kinds of  
headaches due to congestion, infec-  
tion, eye-muscle fatigue, irritants  
and allergens. Location often sug-  
gests the cause, as sinus and ocu-  
lar or eye headaches usually affect  
the frontal parts of the head.

The classic migraine offers no  
problems of diagnosis, for before  
the headache begins there are  
visual disturbances, with the vic-  
tim seeing flashing lights or blind  
spots. And the pain of migraine is  
sharp, throbbing and limited to one  
side of the head.

## Thirty-Five Year Members Honored At Inspection Dinner

The members of Beta Epsilon after the adjournment. The committee in charge of the affairs was Mrs. Iris Anderson, Mrs. Royal Baum, Mrs. Dale Cook, Mrs. Richard Dickerhoff, Mrs. Byron Doran, and Mrs. Bill Hudson.

Others attending the meeting were Mrs. Art Kendall, Mrs. Jerome Kralis, Mrs. Archie Leckrone, Mrs. Cecil Long, Mrs. Lyman Mollenhour, Mrs. Jerry Nelson, Mrs. Jack Pritchard, Mrs. Wade Powell, Mrs. Kent Riner, Mrs. Robert Ross, Mrs. Paul Shireman, Mrs. Terry Utter, Mrs. Harold Utter, and Mrs. Ralph Ward.

The president, Mrs. Jerry Ross, presided during the business session. Five tickets were purchased for the Travel and Adventure series presented by the Warsaw Kiwanis Club to be used by the students of the Mentone School. Arrangements were completed for the Bridge Benefit to be held at Lozier's Restaurant on October 28. The proceeds will all be donated to the Mentzer Memorial Park Fund.

Following the inspection two 35 year members, Miss Annabel Mentzer and Mrs. Pauline Riner, were honored with gifts and yellow roses, the sorority flower, by the sorority members as a token of appreciation for their years of service. This clever poem was written by Mrs. Dale Cook: You've heard of the 49ers, how they trekked across the plains, But you've never heard of the 35ers who have slaved through sleet and rain To keep the Psi Otes together. But to hear them tell it, it took pain.

They are Pauline and Annabel—two hard working souls Who have not let the years tell their age, but their goals. We honor them and hold them dear and hope you younger ones may make

An example of their work and fears to keep this chapter smooch as icing on a cake.

A beautifully decorated anniversary cake with yellow roses in a diamond design of the sorority pin was served with coffee

### Memorial Services Planned For Neil McKinney

Memorial services for 1st Lt. Neil B. McKinney will be at 2:00 p.m. Sunday, October 25, 1964 in the First Methodist Church at Akron, Indiana. Rev. Wesley Bullis, pastor, will officiate and Rev. Harold L. Leininger of Ft. Wayne will assist.

Lt. McKinney was born in Ft. Wayne, Indiana, on September 8, 1934. He married Barbara A. Waechter in Akron, on June 26, 1960.

He was a 1952 graduate of Mentone High School and a 1960 graduate of Ball State Teachers College, Muncie. While at Ball State he entered the ROTC program. In June 1960, he received his commission as a 2nd Lt. from the United States Air Force. He worked one year on his masters degree of guidance and counseling prior to fulfilling his ROTC requirements. During this year, he served in the capacity of an Air Force reserve officer. In June 1961, he joined the active Air Force.

### BUY YOUR MENTONE ANNUAL NOW!

Subscriptions to the Mentone school annual BULLDOG are being taken now. Anyone in the area who desires an annual please send \$1.50 for your order, or \$3.00 the total cost, to David Norris, annual editor, or Mrs. Caldwell, sponsor. The subscription drive will close October 30, and the complete order will be sent to the company.

The annual will be a different book this year. It will have 92 pages entirely of school pictures, activities, and history. There will be no advertising pages. Burket and Talma schools will also be included with their pictures and activities.

### HUNTING GROUP RETURNS HOME

The hunting party which annually goes to Ten Sleep, Wyoming, returned Monday. The group, which consisted of: Hap Utter, Dr. and Mrs. Wymond Wilson of Mentone, Joe Wolfe, Cardinal Wolfe and Frank Waltz of Edon, Ohio, and Willie Lingle of Richmond, Indiana, had only been hunting a day and a half when word was received that Frank Waltz's daughter had been killed in a crash near Purdue. Everyone came home after this. The game brought back was two elk and four deer.

### DID YOU KNOW?

Mr. and Mrs. Devon Cain and Mrs. Steve Cain and Christie of Bourbon were Monday supper guests of Mr. and Mrs. Melvin Cain. Little Christie is a great granddaughter of the Mel Cain's. Ralph Elkins has been quite ill with pneumonia at the Plymouth Hospital. He is some improved.

Mrs. Emmanuel Worsham entered Parkview Hospital Friday for medical treatment. She seems to be some improved.

On March 3, 1963, he left the States to complete a one year assignment as an intelligence officer to South East Asia. Veit Nam.

Lt. McKinney became missing in action while participating in an air cover mission on September 2, 1963. He remained on an Air Force list of missing personnel until September 3, 1964.

At this time, the Air Force presumed that he died within a year and a day of the date he was placed in a missing status. While the date of September 3, 1964, is not considered to be the actual or probable date of death, it is established in accordance with Title 50, United States Code.

### Talma Joins PTA At Open House

Over 500 attended the October meeting of the PTA, which met at the Talma Jr. High School gym. President, Mrs. Tom Harman, opened the meeting with the pledge to the flag, led by Steve Secrist of Mentone Scout Troop #58. Devotions were brought by 2 members of the Talma Methodist Church. Mr. Sid Alber sang a solo, and Mr. Bill Rathbun read from the scripture, brought a short message, and led in prayer.

Mrs. Richard Dickerhoff brought the secretary's report and Mrs. Kenneth Wagner the treasurer's report. Mrs. Harman introduced the committee members. The grade count was taken with Mrs. McIntyre's room 8-1 winning. Mrs. Harman welcomed the Talma group into fellowship with the Mentone group as regular members.

The program consisted of 3 numbers played by the 68 member Jr. High Band, led by Mr. Bush. The band numbers were enjoyed very much by the audience. Mr. Marion Acton, host principal, introduced the Talma teachers and school secretary.

A tour of the newly decorated building which has seen great improvement was taken and refreshments were served in the cafeteria. Those on the regular refreshment committee

### Curfew To Be Enforced Here

Mentone Marshall Gene Norton reported this week that a curfew would be enforced in the community for children below the age of 18 until after Halloween.

He said that the curfew hour would be 9 p.m. unless the teenager were accompanied by a parents.

Norton emphasized there would be no trick or treating in the community until Oct. 30 and 31. He said the town board had directed the curfew

### Firemen Assist Man Overcome By Smoke

The Mentone Fire Department was called to the home of Charles Walton Saturday night when a deep fryer caught fire. There was no fire damage but considerable smoke damage was done.

Roland Kling, Goshen, a guest of the Waltons, was overcome with smoke while removing the deep fryer from the house. He was given oxygen at the scene by the fire department. Later, the firemen were summoned back as Mr. Kling collapsed again. After being revived once again by oxygen he was taken to Murphy Medical Center, Warsaw, by King-Reed ambulance. After examination, he was released.

### CHARGED WITH ILLEGAL POSSESSION

Tommy K. Teel, 17, Mentone, was arrested Saturday night in Rochester by Rochester police and was charged in Fulton juvenile court with illegal possession of alcoholic beverages. He was arrested at the Penguin Point drive-in after police had received reports from motorist that the youth was driving his car from side to side on the road between Talma and Rochester.

## Parsonage Dedication Planned Sunday

### DEDICATIONS SERVICES SUNDAY

The Mentone Methodist Church will dedicate this new parsonage Sunday, October 25th at 2:30 p.m. The service will be held at the parsonage which is located about one mile north of Mentone on state road 19.

Mrs. Areleda Wilson served as chairman for the Dedication planning committee. Dr. Robert Yunker, the Warsaw District Superintendent, will be present to dedicate the parsonage. Special music has been planned.

Following the service there will be an open house until 5:30 p.m. The ladies of the church will serve tea, coffee, punch,

and cookies during this time. Work began on the parsonage in July 1963 and Rev. and Mrs. Glenn Campton moved into the new home in November. Dedication services were postponed until the parsonage grounds were landscaped.

Friends and members of the church are cordially invited to attend these services.

### Garbage Notice

Beginning Friday October 23, the garbage from residents will be picked up on Fridays of each week during the winter months. Fallen apples and pears, free of leaves and twigs, will be picked up with the garbage if set out.

Miss Annabel Mentzer and Mrs. Pauline Riner, members of Psi Iota Xi Sorority for thirty-five years are honored by the members of Mentone Beta Epsilon chapter. Miss Mentzer was one of the charter members of the chapter. Mrs. Riner joined the sorority just two weeks later.

### Calendar

Monday, October 26:

Beaver Dam Betten Daughters 4-H club will meet at the home of Dick Whittenberger at 7 p.m. Come masked. Bring friends interested in joining 4-H. Election of officers. Everyone come.

### ATTENDS WORKSHOP

Mrs. Joe Boggs, Mentone, attended a workshop Monday at Ft. Wayne area Red Cross chapters as a representative of the Kosciusko County Red Cross. Mrs. Boggs is chairman of the Kosciusko county volunteers.

## Rules For Christmas Mail For Armed Forces Overseas

The period October 21 to Nov. 10, for surface parcels, and before Dec. 10, for air parcels, has been designated for the mailing of Christmas parcels for members of our Armed Forces serving outside the continental United States. The following instructions have therefore been issued with the view of assuring delivery of the gift parcels on time and in good condition.

The term "Armed Forces Overseas" includes the personnel of our Armed Forces, members of their families and authorized U.S. Civilians employed overseas who receive their mail through an A.P.O. or N.P.O.

**TIME OF MAILING:** The importance of mailing Christmas parcels during the designated period cannot be emphasized too strongly - the better. The public can be reasonably assured that parcels mailed through the regular surface mails prior to November 10 will reach their destinations before Christmas. However, no assurance can be given that surface parcels mailed after November 10, or Air Parcels mailed after December 10, will be delivered in time for Christmas.

**SIZE AND WEIGHT:** The maximum size and weight limits for surface parcel post and air parcel post vary according to A.P.O.'s and N.P.O.'s to which the parcels are sent. Customs declarations are required for parcels addressed to some A.P.O.'s and N.P.O.'s, and some articles are prohibited to certain A.P.O.'s and N.P.O.'s. Therefore it is suggested that mailers, before packing parcels for mailing, make inquiry at the post office as to

weight and size limits, customs declaration forms needed, and the list of prohibited articles, that are applicable to certain A.P.O.'s and N.P.O.'s. Matches of all kinds and lighter fluid are prohibited to all A.P.O.'s and N.P.O.'s.

**PREPARATION:** Boxes for overseas transmission must necessarily be of strong construction on account of the great distance these parcels must be transported and the handling and storage they must undergo. It is absolutely necessary that all articles for overseas delivery be packed in boxes of meal, wood, solid fiberboard, or strong double faced corrugated fiberboard. Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles within the parcels. It is also desirable that all fiberboard boxes be securely wrapped in heavy paper and securely tied with strong cord.

**ADDRESSING:** Addresses must be legible and prepared in typewriting or ink. It is preferable that the outside address be hand-printed on the wrappers of the boxes rather than on labels pasted to the wrappers, since experience has shown that the labels frequently fall off when subject to moisture. It is highly desirable that a slip of paper containing the name and address of the sender and addressee, together with a list of the contents be enclosed in each parcel so as to provide identification and proper disposition of the mail in the event the address on the outside becomes defaced.

**CHRISTMAS CARDS:** Patrons sending greeting cards to Armed Forces personnel overseas should deposit such cards prepaid at the first class rate prior to November 10 and at the air mail rate prior to December 10, if they are to have a reasonable expectation of delivery prior to Christmas.

**REGISTRY AND INSURANCE**  
Mailers are encouraged to register valuable letters and insure valuable parcels. It is recommended that patrons use postal money orders to transmit gifts of money to members of the armed forces serving outside the continental United States.

## Mrs. Tom Dean Honored At Shower

Mrs. Tom Dean was guest of honor at a baby shower last week in her home given by Mrs. Dannie Barrett. Games were played and prizes were given to Mrs. Dean. For decoration a baby doll crib and pink and blue streamers were used.

Guests were Mrs. James Bittling, Mrs. Richard Baer, Mrs. Charles Carpenter, Mrs. Herbert Kubley, Mrs. Russell Campbell, Mrs. Herman Cooper and Penny, Mrs. William Moriarty, Mrs. Donald Barrett, Mrs. Robert Menser, and Mrs. William Martin, Marla, and Julia all of Tippecanoe; Miss Betty Briggs, Mrs. Phillip Anderson and Shelley, and Mrs. Claude Davis of Bourbon; Mrs. Thelma Poyser, Mrs. Mike Hooker and Allen of Argos; Mrs. Robert Hartley and Mary, Mrs. Jim Parker, Denise, and Lori Ann, and Mrs. Claude Cook of Muncie.

Sending gifts but unable to attend were Mrs. Paul Kreft, Mrs. Charles Lawallen, Mrs. Lester Anglin, Mrs. Leland Hartel, Mrs. Clifton Bailey, Mrs. Noble Kintzel, and Mrs. Wendell Logan.

## 1964 CORN PRICE SUPPORT STAYS AT \$1.26

The final support rate for 1964-crop corn in Fulton County will remain at \$1.26 per bushel, Melvin R. Myers, Jr., Chairman, A.S.C. committee, has announced. This is the same minimum rate set earlier to help growers plan their operation.

The chairman reminded farmers that participants in the 1964 Feed Grain Program in Fulton County are eligible for average Price-Support Loans of \$1.11 per bushel on their farm's production of corn, plus a 15 cents-per-bushel price-support payment of their normal production of their harvested acres. In taking part in the Feed Grain Program, participants diverted at least 20 percent of their feed grain base acreage to conserving uses.

## With The Sick

Paula Hensley, 5 year old daughter of Mr. and Mrs. Paul Hensley, suffered a relapse at her home Sunday following surgery last Thursday. She carried a very high temperature.

Mrs. Robert Schlag underwent surgery Friday morning at the Murphy Medical Center.

## What's New In Farming?

## "Automatic" Pork Profits

"The number of farm workers hit an all-time low in January," the USDA reported last month. Meanwhile, the average size of farms is increasing, according to Purdue University economists. This situation demands increased efficiency of today's modern farmer.

In recent years the best way to feed and care for the all-important porker has come under close scrutiny by private organizations as well as the great agricultural colleges of the Midwest. Automation has become the byword in swine production.

Equipmentwise, one of the newest developments for raising hogs is a building designed by J. E. Terry, a former Hoosier farm boy who now lives in Indianapolis.

Terry's building, or "pig factory" as he calls it, is the result of much thought, research and engineering.

Research showed Terry that the biggest drawback to confinement feeding in the past has been poor ventilation and inadequate building design.

**New Building Concepts**  
So he came up with an entirely new concept in floor level ventilation which eliminates objectionable condensation and corrosion inside the building.

Clean, fresh air of almost even temperature means year-round, disease-free comfort for the hogs. His vastly improved and redesigned building interior contains no materials subject to rot and corrosion. Everything is concrete and aluminum.

The building also features a

simplified automatic feeding concept and an efficient waste removal system.

Terry says emphatically, "This building was designed for the hog, not the human. It is the key to a highly practical system of confinement feeding."

**There's Money In Pork**  
Do such automatic operations make money? A recent research report by University of Illinois agricultural economists said "yes" and shows figures to back up this claim.

Preliminary research by Purdue indicates that controlled environment buildings are economically competitive with conventional hog raising facilities.

Is equipment, then, the answer to the problem of profit in pork? Yes and no, says Terry. Equipment alone won't make a farmer wealthy. Managerial ability is important but not the entire answer. Neither is top-notch livestock. But put them together and you have a winning combination.

So convinced is Terry that his confined feeding system is an integral part of this winning combination that he has organized King Porks Enterprises and has begun to market his Hoosier-designed pig factory.

Read Acts 9:17-28

Barnabas took him (Saul), and brought him to the apostles, and declared to them how on the road he had seen the Lord, who spoke to him, and how at Damascus he had preached boldly in the name of Jesus. (Act 9:27-RSV)

One day a friend showed me a small box. Music immediately came from it when I turned a knob. "A miracle," I said. My friend laughed, "No miracle; just a transistor radio."

We are so clever today that we can destroy a whole city with one bomb, send rockets to the moon, produce fresh water from salt water. Few things appear

The dictionary says that a miracle is caused by a supernatural agency. Now if everything we did were kind, if everything we thought were pure and good, and if everything we said were helpful and loving, would that not be a miracle?

Jesus works such a miracle. If we allow Him to rule in our lives, we begin to live with a purpose. If we give Jesus Christ the change, He works His miracle in us.

**PRAYER:** Loving Father, today work a miracle of love in my life and give me the grace to think purely and to act lovingly, through Jesus Christ, Thy Son and our Savior Amen.

**THOUGHT FOR THE DAY**

Unless there is the miracle of redeeming love in my life, the world will not believe in my Savior.

Eric R. Eastwood (New Zealand)

## Trick Or Treat For UNICEF

Halloween is here again and once more there will be those familiar knocks at the door. Children will be at your door on Wednesday night, October 28th collecting for UNICEF. In keeping with our traditional spirit of goodwill and generosity, each American can help UNICEF to continue its vital work by participating in this worthy cause. Its help extends to children in more than 100 underdeveloped countries.

All children are invited to take part in this event. There will be drivers for those wishing to ride and adults with every group. They will meet at the Mentone Methodist Church at 6:30 p.m. and return later to the church, where refreshments will be served.

## NEW BOOKS AT THE BELL MEMORIAL PUBLIC LIBRARY

This week's shipment of new books seems to have something for everyone who likes to read.

For mystery fans there is "The Case of the Horrific Heirs," by Erle Stanley Gardner and "The Clocks," by Agatha Christie.

For young people there are two books, "Plain Talk for Men Under 21" and "Plain Talk About College," both by Allen Ludden of television fame.

Children can read "The True Book of Elephants, The True Book of Numbers, The True Book of Energy, Codes and Ciphers and Plants.

There are two excellent biographies of Albert Einstein.

There are three new novels. The first, "Not a Cloud in the Sky" by Josephine Lawrence tells the story of an imaginary compulsory retirement reservation for all citizens of the U.S. who are over sixty-five. This book contains tart, satirical humor but also provides food for serious thought. "A Doctor Comes to Bayard," by Elizabeth Seifert. When trouble touched one of them, the four doctors of the Bayard hospital stood ready to help. Trouble came twice that summer and these doctors had to find the subtle line between help and destructive interference. "The Man," by Irving Wallace. In this novel, a freak accident and the laws of succession place a Negro president in the White House.

Every citizen of the United States should read "The Red Blueprint For The Conquest of America" by Joseph Wherry.

## CLUB LADIES TAKE TRIP

## D.A.R. Guest Night Held Here

The October meeting of the Anthony Nigo Chapter of the Daughters of the American Revolution was held in the Mentone school cafeteria. It was a noteworthy meeting, with guests who included members of the American Legion Auxiliary and a special speaker, Prof. Wayne Snider from Grace College.

After the opening ritual, members answered roll call and introduced their guests. Reports were given by the Secretary, Treasurer and Carman of D.A.R. Schools.

Mrs. Thomas Fugate read the D.A.R. Resolution on Disarmament and World Government. Resolved: That the National Society, Daughters of the American Revolution, affirm their continuing opposition to any form of world government, call upon all Americans to acquaint themselves fully with the danger inherent in the disarmament drive, and urge a strong military posture capable of defending this Nation from all enemies and of serving as a continuing deterrent to war.

Mrs. James Wells read a warning by Dr. Frederick Brown Harris, Chaplain of the U.S. Senate, against a "treacherous and dangerous truce with Russia under the false assumption that the Communists have changed their aims."

Mrs. Loren Gross introduced the speaker, Dr. Wayne Snider. Dr. Snider presented his subject, "Communism - What can we do about it?" both by showing authentic, horrifying films narrated by Herbert Philbrick and by expressing his own informed convictions that:

1. Communism is a dirty, lying, Shrewd, Godless, murderous, determined International Conspiracy.
2. Socialism has been the first fatal step on the road to Communism in many countries.
3. We CAN do something about Communism if we follow these suggestions:

Do study to know and understand your enemy, Communism, whose unchanging goal is the complete destruction of the United States.

Do help others to understand the Red Threat.

Do get out and vote but know what you are voting for.

Do Not indulge in name calling or spy-hunting. Leave that to the proper authorities.

5. Do not join an organization without knowing its REAL purpose. Don't be a dupe.

6. Do not be weary or timid of proclaiming your love of your country.

7. Do pray for your country and its leaders.

After a profitable question and answer period, the program closed with the American Pledge.

Following the program, the hostesses, Mrs. Dale Cook, Mrs. Max Smith, Mrs. Loren Gross and Mrs. Fred Surguy served attractive refreshments to the members and their guests.

Mr. and Mrs. Barry Blalock entertained for supper in their home in Urbana Friday evening the following guests: Linda's parents, Mr. and Mrs. Bob Goshert; her grandmother, Mrs. Roy Goshert of Burket; her grandparents, Mr. and Mrs. Charles Hammer of Atwood; his parents, Mr. and Mrs. Tobie Blalock; his brother, Dennis; and his sister, Kathy, whose 12th birthday was honored.

Mr. and Mrs. Leo Linn of Elkhart were supper guests of his mother on Saturday evening.

Mr. and Mrs. Frank Hardesty and boys were Sunday dinner guests of Mr. and Mrs. Paul Fry and children of South Bend.

Mrs. Dottie Rohrer of Senff Trailer court fell at the home of her sister a week ago Sunday breaking her right arm. She is recuperating in her trailer home.

Miss Linda Barkman spent the week end in Bloomington, Ind. visiting friends.

Sunday dinner guests of Mr. and Mrs. Raymond Ross were Mr. and Mrs. Howard Allen and Cindy.

Here's news for cattle feeders!

## Purina's new "Built-to-Fit" Special Steer Fatenas

Here is just one of nearly 300 test pens of cattle used to develop the new Special Steer Fatenas at Purina's Research Farm. Four years of testing involved more than 2500 test cattle.

Each of these new cattle supplements is formulated for a specific kind of grain and roughage. Even the size of your cattle is considered in selecting the right one for you to feed!

Results? These new Special Steer Fatenas have set all-time Purina performance records in 4 years of tests. For example, the new Steer Fatenas "Built-to-Fit" corn or milo rations, fed with poor quality roughages, produced 6.4% faster gains on 10.7% less feed! The new Steer Fatenas "Built-to-Fit" barley rations produced equally high results at a lower feed cost than ever before!

Whether you bunk-feed or self-feed your cattle, there's a new Special Steer Fatenas "Built-to-Fit" your own feeding conditions. Come in and find out which is formulated to step up your feeding efficiency!

## Parson Jones Speaks

Dear Mr. Publisher

Just got thru reading the Good Book while ago and I run across something I think you oughta know. It says in there at one place that we ought to walk as Jesus Walked. Sir, we shore have strayed from this Scripture. Why, folks don't walk a'tall no more.

According t the Bible Jesus walked just about every place he went. Course He rode a mule and went boat riding once in a while, but He didn't have a car.

Now-a-days people ride everywhere they go. When they ain't riding a automobile they're on one a these elevators. (I was in town the other day and I see where they got moving steps now. You just get on one step and stay there while it takes you where you wanta go. I can't understand why they put all them extra stairs on the thing.)

They tell me that these city folks will get in their cars and ride one block to the grocery store. What really got me is when they go play golf to get exercise and then ride around in them little kiddie carts.

Course folks in the country ain't much better. Old Hezekiah rides in his new car to feed the cows and slop the hogs. (His car smells so peculiar that the deacons finally made him park it out in the road from the church.) I understand that Ben Twist rides to the bathroom on his kid brother's scooter. Naturally, Mr. Publisher, all this has done left its mark on the Church. Why folks use to walk miles to Church and then set through a 2 hour sermon. (Amos said the parson folks would put up with both long sermons back then 's cause they were so tired from walking they had to rest a spell.) These days my members won't come to Church if they gotta walk. Rufe lives about a hundred yards from the Church but his boy won't come 'less his paw brings him in the car.

Have you ever noticed that folks don't like to set in the front pews. You know why? It ain't cause they like the back seats better—they're too blame lazy to walk to the front. It we had a little motor scooter for every body to ride down the aisle, why the back seats would be empty. I read in the paper where some fella from across the ocean was complaining cause there weren't no places to ride a cycle in this country. He said the automobiles had hogged everything. I don't reckon the government would mind a blooded citizen complaining about these four-legged critters taking the feet outa business. Especially when the Good Book says we oughta walk and the deacons second the motion.

Mr. Publisher, give my love

Week-end company of Mr. and Mrs. Tom Fugate and Beth were his parents, Mr. and Mrs. Ralph Fugate of Attica. Mrs. Fugate remained this week to enjoy her granddaughter.

Mr. and Mrs. Fred Lemler entertained their family for Sunday dinner. The occasion was in honor of Mrs. Wayne Bowser's birthday. Those present were Mr. and Mrs. Stan Yeiter, Matt and Mike of Atwood, and Mr. and Mrs. Wayne Bowser, Vicky, Debby and Freddie.

Mr. and Mrs. David Cooper and family took their trailer and enjoyed a trip to Turkey Run last week-end. They were in Hicksville, Indiana for the last days of the Covered Bridge Festival. On the courthouse lawn apple butter was being made, sausage was being stuffed and home made ice-cream was being made. This festival is eight years old, and in this vicinity are 48 restored bridges.

Mr. and Mrs. Marion Holloway have moved from the Lemler apartment to their new home on the Tippecanoe River. Mrs. Emma Cook has moved into the apartment they vacated.

## WHAT'S THE DIFFERENCE

### A SPECIAL FEED FOR A SPECIAL NEED

It is a well-known fact that grains alone carry inadequate amount of minerals, proteins and vitamins...and nothing is more important than fortifying grains in reducing the cost of pork production. Since you deal in both corn and hogs, it is vital that you find the most profitable way to manage both your corn and livestock operations.

At this time of year...when your hogs go into the cornfield...PIONEER RESEARCH has provided a SPECIAL FEED FOR A SPECIAL NEED to help you make the most of your surplus feed supplies and produce healthier, more profitable hogs, too.

### PIONEER SOFT CORN BALANCER PELLETS

- \* Contains 28% protein... make up the difference in nutrients lacking in soft corn.
- \* Are convenient, easy to use... self-feed right in the cornfield in your feeders.
- \* Have controlled palatability... hogs eat the amounts they need, with a minimum of waste.

### \* ARE SPECIALLY PRICED AT LESS THAN THE COST OF ORDINARY SUPPLEMENTS

PROFIT-MINDED hog producers using the PIONEER SOFT CORN BALANCER PROGRAM are enjoying greater profits over feed cost in their hog business...and maximum returns from corn, as well!

## Odds And Ends

by Ann Sheets

A magazine article which I read recently sang the praises of the inventor of stretch paper used in making grocery bags. Instead of breaking or tearing and spilling the contents of the bag the paper stretches to accommodate the bulky object pushing against it.

How wonderful! How many times I could use a bag like this when the milk carton starts to soak or the shortening can gets too heavy and takes the bottom of the bag with it.

If I had had the stretch bag several years ago in Germany one of the most frustrating, but now amusing, incidents of my life would never have happened.

It was a warm fall Friday, and the weather was so nice I couldn't stand to stay in our little apartment another moment. I had yet to learn the art of a long leisurely walk going nowhere so I decided to go get groceries. Loren usually took me to the commissary on Saturday morning in our little Opel whom we had named Maude or sometimes Maude and I went during the week. But now I wanted to go somewhere and Maude wasn't home. To go to the commissary from Baslerstrasse 30 required much calculated planning. I first must walk six blocks to the *Strassenbahn* (street car) and then ride on it two miles from which I would alight in time to hail an army bus to ride the other miles to the commissary. Empty handed this was fun. Carrying anything made it a struggle, and, therefore, the return trip with the procedure reversed was definitely a struggle.

I bought a bag full of groceries. Only the bags were half again as tall as our bags here at home, and they sure weren't elastic. They must have been tissue. Somewhere between the military bus and the street car the bag began to give, but I hurried on, pushed by the crowd of people to the streetcar and stood up holding my bag of groceries with one arm and using my free arm to hold on as the street car lurched and wound its way back to Durlach. The bag felt squishy but was still intact until the moment I stepped out of the streetcar. A leaky quart of milk, followed by all the rest of the bag full spilled all over the cobblestone street. No one tried to help me, they just yelled, cursed, and honked. The streetcar conductor rang the bell at me and started towards me. I grabbed everything off the tracks and stood back in time to avoid horrible death from the street car but almost was run down by more people on bicycles.

I finally gathered all my groceries together in a sodden pile

and contemplated the best means of getting them home. Money was far too scarce to abandon them and I couldn't bear the thought of discarding them anyway. I used my suede jacket as a carry-all and filled it with many of the groceries. I used the top part of the grocery bag to wrap around some of the other items and balanced a loaf of bread on my shoulder. Ridiculous? I felt like an idiot but that stuff had to be gotten home.

Suddenly a polite man who spoke no English appeared and through sign language and mutterings on both our parts he offered to assist me. I could have hugged him because by that time everything was slipping and shifting and I still had five and one half blocks to go on foot with my slippery bundles. He took the jacket full and put it on a carrier behind his bicycle and I took the bread off my shoulder and added it to the bundle wrapped in the sack. Suddenly, the whole thing didn't seem so bad at all. I practiced wording the description of this mess to our parents and contemplated all the wonderful new experiences we were having and would have in Germany.

Suddenly, there was a sickening "klunk" and the man on the bicycle was frantically yelling, "Achtung! Achtung!" And then I saw the cause of the horror. One of the sleeves of the jacket had come loose and had let a small can of apricots, just big enough for two people, roll

down into the spokes of the bicycle. The bicycle could not move because of the can wedged in the spokes and my unknown friend was quite alarmed. So was I, thinking I had caused the ruin of a perfectly good bicycle. A little wiggling removed the can, or what was left of it. This accident was certainly proof of the quality of German bicycles. The can was smashed flat. The spokes on the bicycle were completely unharmed.

The man got the rest of the stuff home and ran away when I offered him a tip. I always wondered what he told his family that night about the crazy "Americano" and her grocery bag.

The afternoon wasn't a complete loss. I learned to use a basket like the rest of the Germans or wait until Maude was available. My jacket was like the biggest loss. A package of frozen liver had turned into a dripping mess after all that and ruined the jacket. The apricots were all right after we were able to open the mangled can and sometime later it even seemed funny.

With a stretch bag, however, an international crisis could have been avoided and life on Baslerstrasse would have been much simpler that day.

## T.H.E. Club Meets With Mrs. McGowen

The October meeting of the T.H.E. club was held at the home of Mrs. E. C. McGowen.

Mrs. Lewis Johnson, president, opened the meeting. Everyone gave the salute to the flags followed by the club creed. Mrs. Walter Joran read the history of the song of the month "Steal Away" and led the group in singing it and "Wait For The Wagon" and "Ruben and Rachel." Devotions were given by Mrs. Verdie Brockey reading from "The Upper Room" and a poem "Three Gates of Gold." The lesson on "Stain Removal From Fabrics" was given by Mrs. Mearle McGowen. Mrs. Jack Parks, the health leader gave a very informative talk on "Organized Actions for Better Health." The group sang Happy Anniversary to Mrs. LeRoy Grossman.

The president was in charge of the business session and reminded the group of Achievement Day on October 19, this club being in charge of the reservations and luncheon. The Christmas workshop will be November 2nd. A committee of Mrs. LeRoy Grossman, Mrs. Lester White, and Mrs. Merle McGowen was appointed to make all the plans for the 30th anniversary of the club in November.

Mrs. Walter Jordan acted as auctioneer for the auction bought by all the members with birthdays in the last six months of the year. Door prize was won by Mrs. Jack Parks. The November meeting will be at the home of Mrs. Berdie Brockey. Tasty refreshments were served to 11 members.

## State Department Recruiting Secretaries For Overseas Work

The United States Department of State has announced a need for secretaries to serve overseas in American Embassies and Consulates. These positions are open to women over the age of 21 who have secretarial experience and good shorthand and typing skills. The applicant must be single, without dependents, high school graduate and possess excellent health and character. Overseas appointments are for two years followed by a 6 to 8 week home leave and subsequent transfer to another post. Positions pay excellent salaries plus furnished quarters or attractive allowances which might include a differential up to 25% of base salary at some posts of assignment.

Job opportunities in the "home office" in Washington, D. C. are for clerk-typists and stenographers. Grades and salaries are determined by Civil Service eligibility and appropriate examinations. The general requirements are: American citizenship, at least 18 years of age, high school graduate, and ability to pass the appropriate Civil Service examination and physical examination.

Anyone who interested in these opportunities afforded by employment with the Department of State should write to the State Department Recruiting Officer, Room 1048, Main Post Office, Chicago, Illinois, 60607.

## HINTS ON HEALTH

by the  
INDIANA STATE MEDICAL ASSOCIATION

### HARM ON THE FARM

AGRICULTURE is the only major industry to show a death rate increase in the past 20 years. Mining, quarrying, construction, transportation — all have shown significant reductions in the occupational death rate. And industries other than agriculture have progressed rapidly toward establishing programs for safety, encouraged by both management and labor.

Since farming is a comparatively individual activity, there has not been any organized advance in safety recognition and supervision.

The seasonal harvesting of hay, grain and corn, filling silos, repairing buildings and equipment, and the presence of children on vacation from school causes a sharp rise in rural accidents.

A third of all agricultural accidents occur during routine work on the farm such as chores, milking, cleaning the barn, caring for animals, manure spreading, tilling the fields and repairing of fences. And the modern mechanization of farms has only added to the hazards. Tractors, harvesters, binders and reapers are taking the place of the horse and adding to the serious, mutilating and sometimes fatal accidents.

The most common piece of equipment on the farm, the tractor, is the cause of most accidents. Frequently driven by young boys, the tractor may topple over a steep hillside when forced into maneuvers for which it was not intended.

The mechanization of farms is saving much labor. But it also intensifies the need for controlled know-how.

Thrift cannot be taught—it must be experienced. Thousands of American children are learning about it by buying U. S. Savings Stamps regularly at school or at post offices.

## Tippecanoe Plans Halloween Party

The Tippecanoe Firemen Auxiliary met at the firehouse last week. Hostesses were Mrs. Frank Elkins and Mrs. Dale Marks. There were 20 members, 1 child, and 1 guest, Mrs. Ben Montalbano, present. The Auxiliary sponsored annual community Halloween Party will be held at the Firehouse October 31. Prizes for the following costumes will be given: best girl as boy, best boy as girl, story book character, Halloween character, best dressed couple, and most hideous.

Mrs. Myron Overmyer was presented with a gift for her new son. Games were enjoyed and prizes won by Mrs. Ed Scott and Mrs. Mary Ballinger. Refreshments of cake topped with whipped cream, candy, and coffee were served.

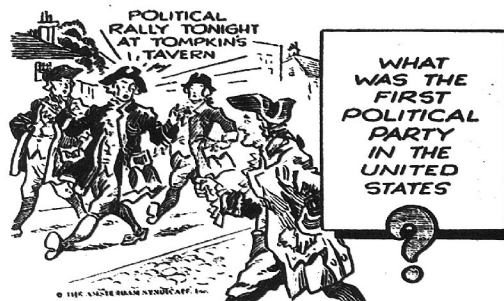

Hostesses for the next meeting will be Mrs. Ila Elkins and Mrs. Danny Cormican to be held at Mrs. Elkins.

## 1965 WHEAT PROGRAM SIGNUP REPORTED

Farmers in Fulton County have signed up to divert 1226 acres from wheat production to approved conserving uses under the 1964 Voluntary Wheat Program, Melvin R. Myers, Jr., chairman, A. S. C. in Fulton county has reported. This is about 14.59 percent of the 8,401 acres of allotments on the 655 county farms signed.

## Claypool Woman Hurt In Crash

Above is the car which Mrs. Leonard Smith, R. R. 1, Claypool, was driving last night when she struck a truck owned by the Tippecanoe Elevator and being pulled by another truck from that concern.

The truck which was being pulled in the car-truck crash last night had the rear axle jerked from beneath it.

A car-truck crash occurred about 8:30 Tuesday evening 2 1/4 miles west on Mentone on Rd. 25.

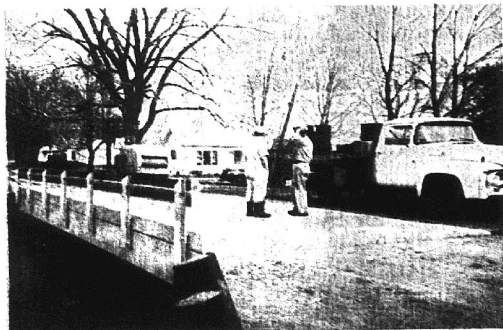

A Farm Bureau truck from the Tippecanoe Elevator had broken down and was being towed by another Farm Bureau truck. They came from the County Line Road and turned west onto Rd. 25 into the path of the oncoming car, which was going west also. The driver of the truck

was charged with failure to yield the right of way.

Mrs. Leonard Smith of R. R. 1 Claypool, driver of the car, suffered severe lacerations on her face, possible chest injuries, and a mutilated left hand. She was taken to Murphy Medical Center by King-Reed Ambulance.

The car was a total loss and considerable amount of damage was done to the truck.

## New Bridge Gets Finishing Touches

The new bridge at the south edge of Mentone was getting its finishing touches today as workmen covered the bridge floor with asphalt.

### NEW BRIDGE COMPLETED

The major construction of the new bridge on Road 19 south has been completed. Traffic has

over, however, we might add a warning here, that there are large bumps on either side of the bridge. These, undoubtedly,

## CofC Plans Future

The Mentone Chamber of Commerce met last night at Lozier's Restaurant for a dinner meeting.

Following the dinner plans were discussed for the erection of a skating rink at the new Mentzer Memorial Park. A rink 40' x 100' made of asphalt would cost approximately \$1468 while one made of concrete would cost \$2,000. Plans call for the rink to have two inch sides to permit basketball, tennis, and volley ball.

It was announced that the chicken barbecue staged this summer to raise funds for the park netted \$201.65. The Chamber of Commerce voted to donate \$250 to the park fund.

Various fund raising projects were discussed by members.

It was decided to have a community Christmas tree since the power company has forbade hanging lights from the utility poles. Loren Tridle will donate the tree to the town.

Harold Nelson spoke in favor of the merchants advertising in the Warsaw Times Union.

Loren Tridle announced ground had been purchased for the new town hall but that it would have to be improved before construction could begin. Plans will be made to have the new town hall in one year.

will be smoothed over in due time, but for now, traffic is slowed down in the crossing over. The new, low rails appear so different than the old, tall, steel railings we had been used to for a many years. All in all, the new bridge greatly adds to the entering of Mentone from the south.

## Restaurant Ready To Open

Mr. and Mrs. Carl Lozier, who recently bought Pete's Restaurant, watch workmen install the new grill and other equipment which arrived today. The Loziers plan to have the restaurant open Sunday.

Workmen place new restaurant equipment in place at Lozier's Restaurant in Mentone. The restaurant will be open Sunday.

## Davis To Be Bedford's New Waterworks Chief On Nov. 1

Ed Davis, former waterworks superintendent of Mentone for 8 years, will become Bedford's new waterworks chief on November 1st. He served as chief of the Akron waterworks before coming to Mentone.

He attended waterworks schools at Purdue University in 1963 and 1964 and is one of less than 100 certified waterworks supervisors in the state.

Davis was honored at a meeting of the American Waterworks Association at Jasper for achieving the highest score ever given by Purdue on that school's

waterworks program. He was presented a certificate.

He and his wife Marjorie, a native of Akron, resides at 1510 Seventeenth Street in Bedford with their four children.

## Windows Decorated

Mrs. Fisher's fourth grade art class showed their artistic ability by painting the merchants windows Tuesday morning with

Halloween pictures. It was interesting to be on the inside viewing the facial expressions of those so intent on their drawing.

## Lions Club Will Sponsor Parade

The Mentone Lions Club is sponsoring the annual Halloween Celebration again this year with all of the proceeds pledged to the Mentzer Memorial Park. The fish fry begins at 5:00 p.m. and continues until 7:30 p.m.

Masked persons will gather at 7:30 between the Sinclair station and the King-Reed Memorial Home for the parade. Judging will be at the Mentone

School gym. There will be free treats for all masked persons and \$34.00 in cash prizes to be given away. A trophy will be given to the grand prize winner.

In case of rain the contestants will assemble in the high school Ag. room. See ad else where in this paper for list of prizes.

Mr. and Mrs. Joe Baker and Mr. and Mrs. Wayne Baker attended the showing of the 1965 White Goods at the Philco Radio Equipment Distributors at South Bend, Tuesday night.

**Get truly effective representative for our counties. Send a positive leader to the State Senate. ELECT WILL ERWIN, Republican for Point Senator, Kosciusko - Marshall Counties.**

## Club Sees Slides

The Tippecanoe Home Economics Club held their October meeting at the home of Mrs. Dick Delp in Plymouth.

Devotions were given by Mrs. Treva Moore from Corinthians 8: 9-15. She also read a story, "A Piece Of Clay," and a poem, "Seeing Myself As God Sees Me." Roll call response was a hint on candy making. During the business meeting family night and the coming convention were discussed.

Miss Ruth Snyder showed colored slides of covered bridges in Indiana. She gave an interesting talk on the subject. There are about 1130 of them left, most of them are in Park County. The last covered bridge was built in 1920. She told of the present use of some of the bridges and that they should be preserved.

Mrs. Fern Coar read an article, "Just Like A Man." Favorite homemade candies and recipes were brought to the meeting and exchanged. Co-hostesses, Mrs. Fern Coar and Mrs. Cora Whetstone, served refreshments of salmon salad sandwiches, fancy crackers, home made cardy, coffee, and cider. Sixteen members, two guests, Mrs. Bessie Murtaugh and Mrs. Diane Frushour, and three children were present.

## Triple Trio Sings

The Mentone Lions met Wednesday, October 20th at the High School. There were twenty eight members and two guests present. The guests were Loren Tridle and Rev. Addleman.

The group enjoyed several numbers by the Sophomore Triple Trio from the Mentone High School.

Tickets for the Fish Fry, which will be held Saturday, October 31st were distributed to the members and are now on sale. There will be a Halloween Parade following the supper. Lloyd Bowerman is the chairman of the Halloween Parade Committee and he will be assisted by Lions Darrell King and Forrest Miner in arrangements for conducting the parade, judging, awarding of prizes etc. Both the Fish Fry and the parade will be at the High School.

The program committee also announced plans for a Ladies night on Wednesday, November 18th. This will be held in Warsaw at the Wagon Wheel.

## NEW BRIDGE PROPOSED

Bids are being taken for construction of a proposed bridge over the Tippecanoe River on proposed State Road 10 (present State Road 19) 2.2 miles south of Etna Green in Kosciusko County.

Read Acts 5:22-42

I am reminded of your sincere faith that dwelt first in your grandmother Lois and your mother Eunice and now I am sure, dwells in you. (II Timothy 1:5 RSV)

It is most difficult but necessary that we should guide our loved ones—husband or wife, or child—into the Christian faith.

My grandmother was the wife of a government officer in Hokkaido over fifty years ago. She heard one day a sermon delivered by the founder of Doshisha University. She brought a Bible and learned to read it by the help of two friends. Her husband persecuted her severely by beatings, but she did not give up reading the Bible every day. Her earnest faith won her three daughters to Christ. The eldest girl and the next one were married to evangelists for Christ, and from the eldest I was born.

My mother, who brought me up in earnest prayer is not here here on earth now. Whenever I think of her, I feel her heartfelt faith is a source of my power to live and work or Christian evangelism in Japan.

**PRAYER:** O heavenly Father, I thank Thee for nurturing mankind from generation to generation. I beseech Thee, O Lord, make me as a man who does not only receive the abundant gifts of Jesus but shares them with his friends and descendants as well. In the name of Jesus, I pray. Amen.

**THOUGHT OF THE DAY**  
God more than repays us for the price we pay for following Christ.

**MR. AND MRS. QUERRY ENTERTAIN**  
Mr. and Mrs. Donald Querry recently entertained with a pot luck dinner at the Tippecanoe Riverbank Conservation Clubhouse.

Honored guests were Mr. and Mrs. Chris Hopman and Lida of Amsterdam, Holland, and Mr. and Mrs. Arnold Hatfield of Chesterton. Other guests were Mr. and Mrs. Ernest Hawks and Mr. and Mrs. Floyd Querry of Mishawaka. Also present were about 40 members of Mr. Querry's congregation of Kingdom Hall at Rochester.

The evening was spent visiting and viewing films of Holland, Denmark, France, Germany, Switzerland, and England. The pictures were taken by the Querry's on their trip to Europe in 1961.

**DID YOU KNOW?**  
Mrs. Golda Kester and Mrs. Eva Huffer called on Mr. and Mrs. Lloyd Summe of near Rochester recently.

## CHURCH WELCOMES NEW MINISTER

The congregation of the First Baptist Church had a special evening of welcome for their new pastor, Rev. and Mrs. Addleman and son. Over one hundred persons attended this carry in supper last Tuesday evening at the church basement. Tribute was also paid to Rev. Francis Rogers who has filled the pulpit for the Baptist Church during the time of no pastor. The church expressed their appreciation to Rev. Rogers and his family. Following the supper, Jim Unsicker led the group in singing. A trombone duet was played by Don Acton and John Romine. Brad Moore brought the devotions, followed by a ladies trio number. Mrs. Fred Lemler, Mrs. Wayne Bowser and Mrs. Stan Yeiter sang in this trio. Rev. Rogers and Rev. Addleman each said a few words then to the group. Following this program, Open House was held in the church parsonage. The home has recently been redecorated, with new carpeting in the living and dining rooms. Everyone enjoyed the evening in welcoming the new minister and his family.

## With The Sick

Bob Holloway was in the Murphy Medical Center last week undergoing tests and observation. He was dismissed Tuesday.

Henry Whetstone is recovering from cataract surgery performed last Thursday. He is in the Woodlawn Hospital in Rochester.

Mrs. Clyde Johnson was admitted to the Murphy Hospital a week ago Tuesday and underwent surgery on the following Friday. She is progressing nicely.

Mrs. Dora Miller, daughter of Mr. and Mrs. Paul Creakbaum, has been released from the Parkview Hospital but remains gravely ill at her home at 59 Billington Place, Ft. Wayne.

Mrs. Emanuel Worsham was returned to the Plymouth Hospital Friday night suffering from pneumonia and a heart condition.

Danny Cormican will undergo surgery on his knee Thursday at the Parkview Hospital in Ft. Wayne.

Ralph Elkins has been a patient at the Plymouth hospital for the past two week. He has been suffering from pneumonia and after effects.

Week-end company of Mr. and Mrs. Everett Welborn, Ernie, Gary and Philip were Mr. and Mrs. Heston Creviston, Melanie and Kurt of Lafayette. The Creviston's were former residents of Mentone.

## Beaver Dam Class Meets

The Builders Class met at the church basement last Wednesday evening. The 12 children present came masked.

The president called the meeting to order and minutes of the last meeting were read and approved. The treasurer reported having \$76.56 on hand. Marilyn Adams and Judy Haney were thanked for doing such a nice job on the new curtains in the basement. The class was asked by teacher if one more curtain could be put up to separate two classes. This was agreed to.

It was decided to send in an order this week for Christmas cards. The class also decided to try and make arrangements at the Wagon Wheel for this years Christmas dinner. Sandy Leckrone volunteered to make decorations. Mort Haney reported the stove and refrigerator had been hooked up but did not have complete bill yet.

The class repeated the Lords Prayer and was dismissed. Several games were enjoyed by everyone and the hosts, Mr. and Mrs. Raymond Adams, served refreshments which everyone enjoyed.

## Merediths Observe

### 50th Anniversary

Mr. and Mrs. Harry Meredith, R. R. 1, observed their 50th wedding anniversary Wednesday at the Steer Inn.

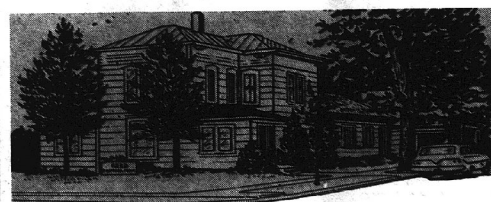

A wedding cake, flowers, and gifts were presented to the couple by the guests. Guests present were Mr. and Mrs. Walter Evans and Roger Evans of Warsaw, Mr. and Mrs. Bill Meredith of Ft. Wayne, Richard Meredith of Akron, and Mrs. Vernon Meredith and Ma Linda and Marlin Meredith of Burket.

## GROUP SHOWN SLIDES OF ALASKA

Last Monday evening the Methodist Mens meeting was held at Burket. The W.S.C.S. cooked the dinner. Guy Hygema of Warsaw showed slides of their trip to Alaska. Darla Sue Nelson also entertained with several solos.

## Local Business

Department of Journalism  
By S. S. Talbert, Ph.D.  
University, Mississippi

The recent decision of a large airline to switch the major portion of its advertising from other media to newspapers is understandable when the nature of the newspaper reading audience is considered.

Every independent research company which has studied markets and advertising media has found that newspaper readership increases as the educational and economic level of a public becomes higher.

It does not take much imagination to reach the conclusion that the majority of people who are regular air line customers are in the higher economic and social brackets. They are the people who have the money and the need to travel by air. They are the people who subscribe to newspapers as a matter of routine practice. They are people who read newspapers because their work and social relationships require that they have a depth of understanding about current events—local as well as national—which cannot be obtained elsewhere.

There is another important reason, however, why the local newspaper may be the best medium for consistent airline advertising. Who remembers even a simple airline schedule? Practically no one who is busy enough to be flying by air.

The newspaper is important in repeating air line schedules for the same reason that is invaluable for advertising movies, television programs, and grocery prices. It is a ready reference which relieves the public of recalling details which will not be remembered.

The local newspaper is retained in the home until the next issue arrives largely to serve as a substitute for imperfect memory.

## Parson Jones Speaks

Dear Mr. Publisher:

I feel like the hole world has gone caved in. I read in your paper where they're coming out with a new hair style for women—bald heads. Yep, that's right. They're gonna shave their noggins. For some time women have been just a hair's distance away from being men, but now it looks like they're fixing to become one of us.

Some woman with a bad case of sour stomach started leading a crusade some years back to get equal rights for all females. There wasn't no politicians back in them days who had the serve to tell em' they never had it so good before. Well sir, the way it turned out, it wasn't no time til they were voting. I reckon you know what happened next, Mr. Publisher—these females started grumbling about not having clothes to go vote in. That led to letting the women folks go to work with the men so's they'd have money to buy clothes to go to the poles.

Working side by side with the men folks was bound to have its effects. First off they started painting rouge on their faces so's they'd look blood hot like the men's. It wasn't long though until they dropped rouge and took up drinking. Back in them days being able to blow smoke out of your nose was a sign of power—it made a fella look like a volcano. Females soon took over the smoking industry. Fact is, Rufe's wife is the only person I ever saw who could swallow smoke and it would never come out. She must have her own inside smog control. Anyhow, equal cussing right was next for the women. When they had mastered that art they started wearing britches like the men. One statistic I read said that more women wore britches than any other people in America. For a while the only way you could tell the difference between the sexes was that women had long hair. Then hair designers stopped that when they came up with "soup-bowl" haircuts for the ladies.

All this has caused my ulcers to become reactivated and has upset my stomach besides. I even hear tell that some women are using Ole Spice aftershave lotion when they shave their legs—so now you can't even smell the difference. But the thing that has really throwed me is this bald-headed hair style; the Good Book says a woman's hair is her glory and she oughta take care of it. There's something about a female's hair that makes a man set up and take notice.

But sir, I can just see Ellie Nicklesinger coming to Church on Sunday morning with a shiney slick head all covered with razor nicks. I don't believe I'll be able to preach for laughing. Ben Twist, one of our teenage boys, said he didn't think he could make love to a bald-headed girl. It would be like rubbing your hand over a watermelon.

I gotta go now and read the Good Book. It's the only thing that makes sense any more.

Yours truly,  
Parson Jones

## The Inaccessible

The engineer, with his instrument and by employing a branch of mathematics known as triangulation, can determine the distance of an inaccessible object—say, a mountain peak. Astronomers employ a similar though somewhat more complex method to find the distance to the moon, sun, planets, or even the stars.

To learn all this requires years of study and practice—trial and error.

A child, too, must learn by the trial and error method. He may cry for the moon till he learns that it is beyond his reach.

In life, there are many things which we may desire, that are beyond our reach. If we go to extremes to obtain them—if we transgress beyond the pale of propriety, we are apt to find ourselves in difficulty. We must learn to think of some things only in the abstract, and not allow our desires to run away with our judgment.

The way to do this is by sublimation or substitution, by turning to the Church of our faith for strength and guidance in dealing with our God, ourselves and our neighbors.

### Odds And Ends

by Ann Sheets

"Well, Mom, what is a communist?" six year old Todd asked me, his boyish face twisted in worry as only a six year old can worry. This question came right after he had opened some mail for me and had come across a booklet entitled, "The Eleventh Hour—Defeat the New Communist Threat!" by Gus Hall, leader of the American communist party. My reaction had been one of shocked horror at such open mailing of communist propaganda that I had used him many anxious moments.

Reading the booklet makes one think we should all have many anxious moments. In the booklet Gus Hall repeatedly calls for the defeat of Goldwater saying again and over that Goldwater's defeat would erase all the gains the communist party has

made in the United States. These are pretty bold statements coming from such a dishonest and disloyal citizen as Gus Hall.

Gus Hall says in this booklet, "Here, there is the merging of ideological currents, of reactionary centers with some mass base. The hopes of electoral victory is based on racism, jingoism and anti-communism." He further attacks the Republican platform plank which says, "There can be no peace, there can be no security until this goal is won", referring to the aim for total victory and world peace.

Let's we think too lightly of Mr. Hall and his statements, let's remember what the communist goal in the United States is. According to **The Communist Party, A Manual on Organization**: "As the leader and organizer of the proletariat, the Communist Party of the U.S.A. leads the working class in the fight for the revolutionary overthrow of capitalism, for the establishment of the dictatorship of the proletariat, for the complete abolition of classes, for the establishment of socialism, the first stage of the classless Communist Society."

The handbook goes on to say, "...for revolution it is essential, first, that a majority of the workers should fully understand the necessity of revolution and be ready to sacrifice their lives for it; secondly, that the ruling classes be in a state of government crisis which draws even the most backward masses into politics...weakens the government and makes it possible for the revolutionaries to overthrow it rapidly."

The handbook goes into lengthy description then of the infiltration needed to be done in labor unions and farmers groups to keep them striking for higher pay and shorter hours and the need to encourage Negro unrest.

This is not a plea for votes for Barry Goldwater. By now, most voters have made up their minds about their candidate. This is, however a lone, small voice asking everyone to think. Think before you vote. Think before you sign a petition. Think before you let us get rubber-stamped into socialism. Think how many of the communist aims have been realized in the past year. Think if you want to be a communist. Decide now and work towards getting what you want. I hope very few of our readers would prefer socialism and communism to capitalism. If you want Capitalism, say so. Vote. Write to the leaders of our country. They're just the same as our local, county and state official—they don't know how we feel unless they hear a little rumble out of us instead of a shrug and silence.

And, in the meantime, how would you explain to a six year old what is a communist and what is communism?

## Tippecanoe Welcome New Pastor

The Tippecanoe Community Church held a cooperative potluck welcome dinner, reception, and food shower after services Sunday at the church for their new pastor and his family. Rev. and Mrs. Robert Benton and Gregory 8, Steven 4, and Sharon 21 months.

After dinner a program was held of group singing. Devotions were given by Paul Geiger and a comedy skit was given by several young people of the church.

Rev. Benton was born in Stuart, Iowa. He received his college education at Northwestern College at Minneapolis, Minn. He received his master's degree at the Dallas Theological Seminary at Dallas, Texas, and is now working on his Doctorate at Grace Seminary at Winona Lake. Before moving here Rev. Benton held a pastorate in Martindale, Iowa for five years.

Mrs. Benton is originally from Ft. Collins, Colorado and received her education at Northwestern College in Dallas.

## Guest Speakers

Guest speakers at the Tippecanoe Congregational Church Monday evening were Rev. and Mrs. Robert Simmons from Ohio. The church will help sponsor the Simmons as missionaries to Southern Rhodesia.

Rev. and Mrs. Glenn Camp-ton visited his sister and brother-in-law, Mr. and Mrs. Carl Shaw, and Mrs. Camp-ton's parents, Mr. and Mrs. Clarence Williams in Indianapolis Monday.

## Return From Trip

Mr. and Mrs. Allen G. Shirey and Susan, Mrs. Flo Shirey, and Mrs. Goldia Mollenhour left by evening for Washington. They enjoyed beautiful scenery, especially in West Virginia.

They visited John F. Kennedy's grave at Arlington Cemetery and were fortunate to see the changing of the guards. They toured the White House and saw President Johnson, Richard Nixon and other dignitaries arriving for Herbert Hoover's funeral. They entered the Rotunda while Mr. Hoover was lying in state. Mrs. Mollenhour, because of a heart condition, was given a special treat by using the White House elevator that President Johnson used.

They returned Sunday evening after a grand time.

## United In Marriage

Edna Calvert, Rochester, and Richard Browner, Rochester, were united in marriage Saturday, Oct. 17 at 3:00 p.m. at the home of her daughter, Mrs. Clara Floor in Rochester.

Rev. Graham Marsh of the First Christian Church in Rochester read the single ring ceremony. Attendants were Mrs. Anna Romine and James Calvert.

A reception was held following the ceremony. A three tiered wedding cake with red roses and a white bell and punch were served.

The couple are at home at 516 E 11th Street in Rochester. Mr. Browner is employed at Kralis Poultry plant.

The Pioneer Girls, Pals Auxiliary was organized at the Tippecanoe Community Church last week.

Mrs. Don Kauffman had devotions. The Auxiliary committee is: chairman, Mrs. Kauffman; co-chairman, Mrs. Dale Marks, Mrs. Sarah Blackford, and another yet to be appointed. The group decided to have a Pioneer Girls and Parents banquet, November 27 at the church. Committees appointed were: food, Mrs. William Blackford, Mrs. Nillas Cretcher, and Mrs. Don Kauffman; entertainment, Mrs. Rex Fites, Mrs. Robert Bentone, and Mrs. Treva Moore; decoration, Mrs. Dick Kreft, Mrs. Donald Copenhaver, and Mrs. Wayne Kreft.

Refreshments served at the meeting were cookies and coffee.

## Talma Junior High School News

Dr. Von der Lehr and Mrs. Henrietta Ferguson, R.N. visited the Talma Junior High this past week. They gave each member of the seventh grade class a very thorough dental inspection. Each of the students received a report of this inspection, it was stated that the teeth were in good condition or in need of repair. Along with this a very attractive brochure was given to each of the students describing how to correctly brush the teeth.

## The Manitou's Visit Talma

Tuesday, October 20, the Manitou's from Rochester High School visited Talma. They sang several songs that we enjoyed very much. They changed their positions after every song. The group is directed by Mrs. Mary Ginn and will sing at Teacher's Institute at South Bend this past week end.

## Merry Mixers Have Masquerade Party

Members of the Merry Mixers enjoyed a masquerade party at the home of Mrs. Garvin Eaton on October 20. Several contests were played with prizes going to Betty Boggs, Betty Blackburn, and Marita Boggs.

Mrs. Francis Rickle opened the meeting by leading the group in the pledge to the flag and the club creed. "America, the Beautiful" and "Seal Away" was sung by the group. Mrs. Richard Kindig gave pointers on "First Aid for Poisoning" for Health and Safety. The lesson on "Buying Small Electrical Appliances" was given by Mrs. Larry Staudahl.

Mrs. Kirk Livengood presided over the business meeting. Plans were finished for the club trip to Ft. Wayne on Oct. 28th. A report was given on the amount received from the rummage sale. It was also agreed that they would help with the blood bank again.

Refreshments were served by co-hostess, Mrs. Gerald Romine.

**CARD OF THANKS:** During my stay at home I want to thank all my neighbors and friends for all the flowers, cards, and letters. Also for the help that has been given us during my sickness. It has been very much appreciated. **Thank You, Chester Creakbaum m10/28/1c**

## Dedicate Methodist Parsonage

Seventy five persons attended the Dedication Service and Open House held at the Mentone Methodist parsonage Sunday afternoon, October 25th. Several ministers and their wives from other churches attended the service. They were: Rev. and Mrs. Charles Hill of the Howe Methodist Church, Rev. and Mrs. Clyde Byers of the Burket and Palestine Methodist Churches, Rev. and Mrs. Robert Carmin of the Ligonier Methodist Church, Rev. and Mrs. Milton Persons of the Goshen Methodist Church, Rev. and Mrs. Emil Norman of the Mentone Church of Christ, and Dr. and Mrs. Robert Yunker of the Warsaw District Superin-

Mr. Fred J. Anglin, Kosciusko County Blood Program Chairman, announced today the sponsors of the next Blood Mobile visit will be the O.N.O. Club of Etna Green. The visit will be held at the First Church of Christ in Etna Green, Monday, November 16th, from 12 to 6. Mrs. Lawrence Ulmer, Red Cross Township Director; and Mrs. Tony Hight, Etna Township Recruiters are in charge of the recruitment and arrangements for the visit. Mrs. S. J. Mautner, Hoffman Lake, will serve as chairman of the day.

The quota of 125 pints will require approximately 170 people to present themselves as donors. tendent.

A ceremony, which included the presentation of the parsonage key and the cutting of the ribbon opened the Dedication Service. The key was presented to Rev. Campton by Raymond Cooper, Chairman of the building committee. Rev. and Mrs. Campton then cut the bright yellow ribbon which was tied in a large bow across the front of the house and unlocked the door.

Dr. Yunker then led in the Dedication of the Parsonage. During the service Mrs. Robert Allen of Leesburg, sang "Bless This House." Following the closing prayer Rev. Campton invited everyone to enter the house for refreshments and fellowship.

## Besson - Bowerman Vows Said

In the evening of October 3, Mr. Lloyd J. Bowerman took as his bride, Miss Judy Ellen Besson, in a ceremony solemnized at the First Baptist Church in Mentone.

The bride is the daughter of Mr. and Mrs. E. Everett Besson of Men one. The bridegroom's parents are Mr. and Mrs. Lloyd Bowerman, also of Mentone.

Nuptial music was presented by Miss Janice Davis, organist, and Miss Judy Decker who sang, "Till the End of Time", "Because", and "The Wedding Hymn."

Reverend Irwin Olson of Indianapolis conducted the double ring ceremony before an altar decorated with white mums and

daisies, flanked with palms and candelabra. The windows were decorated with fall arrangements and lighted candles.

The bride, escorted to the altar by her father, appeared in a gown of white angelskin peau, trimmed in re-embroidered alencon lace appliques embellished with seed pearls. The fitted bodice was fashioned with a high bateau neckline and soft elbow length sleeves. The dome shaped skirt was accented with medallions of alencon lace studded with seed pearls. An angelskin peau de soie tailored back bow highlighted the detachable Watteau train.

A crown of orange blossoms, highlighted with frosted peps

held her bouffant veil of imported silk illusion.

She carried a cresent bouquet of white mums and wheat with tropicana roses.

Miss Janet Besson served as maid of honor for her sister. Miss Renita Ring of Claypool and Sharon Lewis of Mentone were the bridesmaids. The attendants wore identical floor length gowns of bittersweet peau dl soie. The fitted bodices featured lowered round necklines with set-in sleeves and soft pleated skirts. Matching headpieces with circular veils completed the outfits. They carried cresent bouquets of bronze mums pompoms with sprigs of wheat and accorns.

Miss Myra Eaton, cousin of the bride, was the flower girl. She wore a floor length gown and matching headpiece of bittersweet peau de soie which was fashioned after the attendant's gowns. She scattered bronze pompom petals.

Herbie King, Mentone, carried the rings on a white heart-shaped satin pillow.

Jim Keirn, Warsaw, served as best man to the bridegroom. Other attendants included Gale Nellans and Steven Lewis, both of Mentone.

Alan Lucht, cousin of the bridegroom, and Steven Lewis seated the guests and lighted the candles.

Miss Linda Bowerman, sister of the bridegroom, was in charge of the guest registry.

Following the ceremony, the couple greeted their relatives and friends in the church basement.

The serving table, covered with a white linen cloth, was decorated with gold mums and huckberry leaves. Crystal candelabras with white tapers flanked either side of the four-tiered wedding cake decorated with bittersweet roses and topped with a trio of wedding bells.

Miss Barbara Leckrone, Claypool, Miss Linda Smith, Fort Wayne, and Miss Connie Wallace, Mentone, served the 250 guests.

The bride is a 1964 graduate of Mentone High School, and is employed at the Farmer's State Bank in Mentone. Her husband, a 1963 graduate of Mentone, attended Purdue University and is

now employed at the R. R. Donnelly & Sons Company.

Mrs. Bowerman chose a kelly green suit trimmed with a mink collar and brown accessories for her going away outfit.

The couple is now at home at 206 South Franklin Street in Mentone.
