APPROVE \$3.93
TIPPECANOE VALLEY
TAX RATE

The Tippecanoe Valley School board last Thursday night approved a budget that calls for a tax rate of \$3.93 per \$100 of taxable money after a public hearing at the school offices in Mentone.

The board took the action after answering questions by ten persons who were at the hearing.

Forbes said the 1964 budget called for \$75,000 in services contractual and would probably be used to repair the Akron High School (\$50,000) and the Talma School. He reported the Akron School was in need of repair at this time. Also in the maintenance account was labor, \$6,000; materials, \$6,500; new school buses, \$28,000; institutional materials repairs, \$25,000. Forbes said the consolidation of schools has resulted in the board inheriting a lot of problems that should have been corrected before consolidation.

Also, Jay Parker, of Seward Township, appeared and asked that his four children be transferred from the Akron School to Silver Lake. He said that he wished to have them go to Silver Lake because it was closer to his home. After a discussion it was decided to turn down the request.

CELEBRATE 56th WEDDING
ANNIVERSARY

Mr. and Mrs. Bryan Gordon and daughter, Janet, entertained in honor of Mr. and Mrs. John Gordon's 56th wedding anniversary Sunday evening in their home.

Home made ice cream and cake were enjoyed by Mr. and Mrs. Charles Gordon and Freddie Eiler, of Warsaw, Mr. and Mrs. Eldon McIntire, of Mentone, Mr. and Mrs. Dale Gordon and daughter, Denise, of Talma.

The honored guests were presented lovely flowers.

REED RINER TO ENTER
NAVY O.C.S.

Reed Riner, of Mentone, son of the late Kenneth Riner and Mrs. Riner, will leave September 17 for Navy Officer's Cadet School at Newport, Rhode Island. Reed spent the summer at home following his graduation from the University of Colorado, Boulder, Colorado. He attended Indiana for three years prior to entering the Colorado university.

COUNTERPOINT

By The Editor's Wife

The Post Office remodeling will mean a change in the front and sides, which now afford a "sitting" place for those who want to spend a little time in talk and leisure.

Someone has suggested that the Town Fathers (town board) might provide some sturdy benches to replace the soon-to-be gone cement ledges now in use.

This item is a follow-up of our last week's conversation with the not-so-old oldtimer, when he mentioned, reminiscently, that Mentone had no repair welding shop (probably thinking of the many years that Byron Linn had his shop).

We do have some fine welding shops in Mentone and Mentone area. There is Kelly's Repair Shop in Sevastopol, the George Craig Welding Shop, and the Lester Roger's Shop in Mentone (the editor says that our garagemen also do welding).

Randy Hardesty stopped to talk to me one day last week while I was washing windows. He said that he was taking his dog for a walk, but it looked to me like the dog was taking him.

Randy was very excited about having just pulled a front tooth, and showed me the "brand new" opening. It seems that the tooth had been loose for some time and Randy had not been able to work up the courage to pull it. (How familiar that sounds). Finally, his mother gave him "just 'till noon", so Randy pulled the tooth. (Randy doesn't know it yet, but he has met up with what is probably his first ultimatum.)

One of my biggest headaches — burning trash and having my neighbors suffer the ensuing smoke screen when the wind switches.

Hazel Linn and Bess Manwarling spent an enjoyable afternoon Monday, in the home of Mrs. Robert Welker, near Roanoke. Mrs. Welker is interested in antiques, and has a lovely home full of fine pieces.

Of special interest was a pair of English Rockingham vases she owns, but which originally belonged to Thomas Jefferson. Mrs. Welker plans to give the vases back to the family, so

CUB PACK MEETING

A nice sized group of interested parents and boys met at the Methodist Church Saturday evening for the monthly Pack meeting. Retiring Cubmaster, Walter Kelley, had a few opening remarks, then he introduced the new Cubmaster, Jim Miller, who had charge of the rest of the meeting. (Mr. Kelley will devote his time to the Boy Scouts in this area.) Several boys were presented badges they had earned. Johnny Hart was taken in as a new Cub Scout. Most of the boys had items on display that they had made for some achievement or elective in scouting. The boys and some sisters present were kept busy playing games to conclude the program. Refreshments of Kool Aid and cookies were served to all.

TOUR MEXICO

Miss Annabel Mentzer and Miss Rosalind Mentzer of East Lansing, Michigan returned Sunday from a week tour in Mexico. They visited Mexico City, Taxco, Cuernavaca, the Pyramids and Acapulco. They report that this was an interesting and educational experience. The trip was made by jet on the Mexican Line.

that they can again rest on the mantlepiece of the Monticello home.

What makes a criminal—Dr. J. L. Baker.

2. Poor Goal Formation.

What criminals want, Doctor Baker points out, is often not worth the cost. The immature man may want a Cadillac, while he lacks the education, the skill and energy necessary to put him in the Cadillac class. So he becomes a bookie or robs a bank. The mature individual may also want a Cadillac, but he is willing to study, work hard, and proceed to his goal in 20 years via a second-hand Ford, a Rambler and a Chrysler.

Continued next week.)

We enjoyed this:

An oldtimer was standing on a street corner in Alabama watching ominous black clouds gathering overhead.

"I don't like to say it," said a man standing nearby, "but those clouds look exactly like some we had in Texas just before the tornado struck."

"Was it a bad 'un?"
"Bad?" the man exclaimed.
"How do you figger I came to be in Alabama?"

GRADUATE OF BARBER
SCHOOL

Max Flenar, son of Mrs. Mildred Carpenter, recently graduated from the International Barber College of Indianapolis, after 12 months of studies. He is now employed at the George Holloway barber shop in down town Columbia City, Indiana.

Max and wife, Linda are presently living at Huffman Lake, but plan to move to that city in the future.

JERRY NELSON CHAMPION
OF ROZELLA FORD
TOURNAMENT

Jerry Nelson of near Burket defeated Clarence De Turk of Winona Lake in a "sudden death" final game which was held at the Rozella Ford Golf Course in Warsaw Sunday. The match went 37 holes and was full of suspense, action and good golfing!

NEW GIRL SCOUT
HANDBOOKS

September 9 has been designated as that long anticipated day when the four new Girl Scout handbooks and the leader notebook will go on sale in Girl Scout equipment agencies.

Every Girl Scout needs her own handbook as they are helpful to a girl going about the business of Girl Scouting for her age level. They are calculated to show girls how to do their share of troop management and are durable, washable and strongly bound to minimize wear and tear in troop and camp use.

The Girl Scout handbooks sell for \$1.00 and the leader notebooks are \$2.00. Mr. Jim Miller is being kind enough to allow the local Girl Scout organization to set up a sales booth in his auto supply store during the week of September 9 to 14. An adult will be on hand from 3:30 to 5 p.m. each afternoon to aid our Brownies, Cadettes and Senior Scouts in obtaining their new handbooks. Those who purchase their books during the first week of sales will receive a bookplate with Mrs. Culmer, the national president, autograph.

WITH THE SICK

Deborah Eherenman was dismissed from the Murphy Medical Center on Sunday and is improving satisfactory. She plans to be able to go to school in two weeks.

A Review of My Trip To Europe

By Sue Borton

Prior to my trip to Europe,
I was asked to give my impres-
sion of the countries and people
which I visited.

First of all, for four weeks
I made my home base in Pir-
masens, Germany with Sp. 4
and Mrs. Thomas A. Smith (and
Timmy) to which I publicly give
my thanks. After arriving in
Pirmasens via Chicago, New
York and Frankfurt, I was able
to arrange tours to travel to
other countries.

My first tour was to a very
beautiful, clean country—Switz-
erland. Being a Hoosier, I was
impressed with the snow capped
mountains and clear aqua lakes
and streams. Most Swiss speak
very good English so one has
no language problem there.

I returned to Pirmasens and
spent a week there learning
more about the German people
and Germany. Germany is a
rolling hill country around Pir-
masens area. As one looks across
the hilly countryside, various
strips of grain and other crops
make such a view a colorful
sight. Most farming is still done
by hand and/or helped by the
use of oxen, thus the patches
of crops are small. The farmers
live in small villages and then
go to the hillsides for farming.

The German people as a whole
are friendly and willing to help
you. Most of the younger Ger-
man people can speak some
English.

My next tour was to Amster-
dam, Netherlands; Brussels, Bel-
gium; and Paris, France.

Naturally I enjoyed the Neth-
erlands for the canals, wind-
mills and wooden shoes. (Wood-
en shoes are now worn only by
those working in wet areas such
as fields, fishing boats, etc.)

In Brussels we were able to
see and go to the top of the
Atomium which was built for
the 1958 World's Fair.

Again, the people of Belgium
and the Netherlands were friend-
ly and helpful. However, the
French were quite the opposite.
France is a poverty stricken
and bitter country. War damage
has not been repaired. The
French were rude and quite
impolite to people foreign to
France. They appear to want
your money but not your com-
pany.

Most parts of Paris were not
impressive. It was not a clean
city—only a large one. It was
not uncommon to eat from plates
which were so dirty that one felt
like asking for another, yet did
not in fear of getting one in
worse condition (if that were
possible!).

I did appreciate the oppor-
tunity of going to the top of the
Eiffel Tower. Probably my favor-
ite memory of Paris will be the
viewing of the original Mona
Lisa in the Louvre. I returned
to Pirmasens and two days later
arrived in the United States.

As I review my trip, many
incidences come to mind which
are too numerous to mention. I
enjoyed my trip thoroughly and
hope to return to Europe some
day. However, undoubtedly, the
most important thought which I
have is this: I thank God that
I was born in the United States
of America. We're free of con-
stant reminders of war. We
have modern appliances and
equipment which means we do
not have to wash clothes in a
bath tub; we have hot water
without chopping wood and
building a fire every time one
wants to bathe; and we can go

to our two car garage for easily
accessible transportation other
than bicycles, motorcycles, or
cars which cost sixty cents a
quart for gasoline to run them.
These are only a few of the
reasons which helped me real-
ize that as an American, many
of our privileges are taken too
much for granted.

Sunday dinner guests of Mr. and Mrs. Gilbert Griffis were: Mr. and Mrs. Judah Trowbridge and Mr. and Mrs. Don Kuhn and Andrew, of Bourbon, Mr. and Mrs. Bill Griffis and Brad of Burket, Mr. and Mrs. Larry Boggs and Jo Ellen of Palestine, and Mr. and Mrs. Bob Griffis, of Mentone.

Tonya Sue Hedington, daughter of Mr. and Mrs. Delbert Hedington, of Etna Green, spent the week end with Mr. and Mrs. Russell Hart while her parents attended the State Fair.

Mrs. Bill Cochran and Leisa, Mrs. Charles Besson and Earl Besson attended the Shilling reunion last Sunday at the Plymouth park. Others present from here were: Mr. and Mrs. Everett Besson and girls, John Bowerman, Mr. and Mrs. Charles Eaton and Myra.

Mr. and Mrs. Noel Hedington of Tippecanoe were Sunday dinner guests of their daughter, Mr. and Mrs. Russell Hart and boys.

Rev. and Mrs. Glenn Camp-ton and Mr. and Mrs. Glenn Mel-lott recently helped Mr. and Mrs. Dick Campton move to Delaware, Ohio, where Dick will be in the Methodist Theological School.

Miss Janet Reed of Cleveland, Ohio visited over the Labor Day week end with her folks, Mr. and Mrs. Bob Reed.

Ricky and Cindy Carey of Warsaw were Thursday overnight guests of their cousins, Timmy and Lisa Harman.

Mr. and Mrs. Dick Tombaugh and Brian left Tuesday for their home in East Lansing, Michigan after visiting with his parents, Mr. and Mrs. Wayne Tombaugh, and with her folks, Mr. and Mrs. Nelson Cook, of Bourbon.

Mr. and Mrs. Virgil Cooper of Indianapolis visited Labor Day with his brother, Mr. and Mrs. Raymond Cooper.

Mr. and Mrs. Wayne Kirkham and boys of Greencastle are spending a few days visiting her mother, Mrs. Edith Ummel and family of near Beaver Dam.

Start A New Lawn Soon

The best time to start a new lawn, reminds Don Scheer, Purdue University extension horticulturist, is between August 15 and September 15.

Lawns seeded then get off to a fast start because grass seed germinates well, fall rains help your new lawn along and the cooler weather, as the season progresses, encourages strong turf growth.

He recommends you add 20 pounds of 10-3-7 fertilizer, or its equivalent, per 1000 square feet. The fertilizer should be mixed well into the soil surface before you sow the seed.

In sunny areas, plant bluegrass. In shady areas, you should use seed mixtures containing some red fescue. Any grass mixture should contain at least 25 per cent—or better still 50 per cent—quality bluegrass.

For best seed germination keep the soil surface moist for at least three weeks after sowing.

Want more information? Drop a post card to Agricultural Publications, Purdue University, Lafayette, Indiana. Ask for Extension Circular 438, "The Lawn, How To Establish and Maintain". Single copies are free to Indiana residents.

Repair storm damaged trees as soon as possible, say Purdue University horticulturists. If the damage is excessive or if trees are large, engage a professional arborist to repair the damage.

NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS

Notice is hereby given the taxpayers of Tippecanoe Valley School Corporation, Fulton and Kosciusko Counties, Indiana, that the proper legal officers of said school corporation at their regular meeting place at 8:00 P.M., on the 9th day of September, 1963 will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

SPECIAL SCHOOL FUND	
Total General Administration	7,500.00
Instruction	9,500.00
Coordinate Activities	22,000.00
Operation of School Plant	15,000.00
Maintenance	30,000.00
Fixed Charges	10,000.00
Auxiliary Activities	400.00
Capital Outlay	6,000.00
Total Special School Fund	100,400.00
TUITION FUND	
Instruction	175,500.00
Fixed Charges	9,800.00
Total Tuition Fund	185,300.00
BOND FUND	
Debt Service	12,500.00

Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriations as finally made will be automatically referred to the State Board of Tax Commissioners, which Board will hold a further hearing within fifteen days at the County Auditor's Office of Kosciusko County, Indiana, or at such other place as may be designated. At such hearing, taxpayers objecting to any of such additional appropriations may be heard, and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

Back Home Month

At Tippecanoe Community Church

September is Back Home Month at the Tippecanoe Community Church. Something special is being featured each week.

September 1st was family Sunday. A copy of Rev. Fasano's latest book on the Old Testament Tabernacle was given to each family that attended. Various families from the membership participated in the service in choosing the hymns sung giving testimonies and ushering.

September 8th will be Bring Your Neighbor Sunday. Gifts will be awarded for those bringing new comers to the services. Rev. Fasano will show motion picture films of Bible Lands at the close of the evening service.

September 15th is Sunday School Sunday. Our special guests that day will be the Barger family of Elkhart, Gospel Ventriloquists and children's workers.

September 22nd will be Youth Sunday. Rev. Whitehead and a group from the Marshall County Youth For Christ will participate in our services. The last Sunday of the month will be Pastor's Sunday. The Fasanos will tell the story of conversion. The evening service will feature the showing of color motion pictures taken by the Fasanos in their evangelistic travels throughout the last ten years. After the evening service, all are invited to the parsonage for an open house, refreshments and a singpiration.

Our Sunday School picnic will be Saturday, September 7th at the Bremen Park. It will start at 1:30 p.m.

We are in the midst of a Sunday School contest with the First Baptist Church of Plymouth. Points will be awarded on the basis of attendance. Bibles brought, new comers brought, offering, and how many remain for church. The contest will run throughout the month of September, climaxing with a time of fellowship and dinner at the close.

SING-SPARATION AT ETNA CHURCH OF CHRIST

The Church of Christ in Etna Green is planning an all day meeting on Sunday, October 13. This is to be Home Coming Sunday. Following the Bible School and worship service, a fellowship basket dinner will be served, and in the afternoon there will be a Sing-Spiration time and an address by William Lower, of the Parkview Church of Christ in Fort Wayne. Mr. Lower is a former pastor.

Before you leave home on your vacation, place house plants in a cool location, such as the basement, and water them thoroughly. Or, Purdue University horticulturists say, place them in a shaded area of the garden and sink them in the soil so the top of the pots are at ground level.

THE D.A.R. IN ACTION

In the ensuing year Mrs. Loren Gross, Press Relations Chairman of the Anthony Nigo Chapter D.A.R., Mentone, and her assistant, Mrs. Hazel Linn, will be bringing to you a new image of D.A.R. and will acquaint the public with the wonderful work done by the Daughters.

Around 185,000 intellectual women, from every state in the Union, are members and ever increasing numbers of young folk are joining our ranks as they become aware of the splendid service rendered our country along historic, patriotic, educational and cultural lines.

In the above picture seated at right is Mrs. Loren Gross, Press Relations Chairman of the Anthony Nigo Chapter, D.A.R., Mentone. At left of Mrs. Gross is her aunt and assistant, Mrs. Hazel B. Linn.

Through the years, the Daughters have raised money, without asking financial assistance from the outside. They have initiated and supported voluminous projects: given thousands of awards, medals and scholarships; fully maintained two privately owned schools; and operated D.A.R. Schools with an enrollment of more than

1,000 students, with a total of 53 buildings on 1,243 acres of land. This school investment alone represents nearly \$2,000,000. Further, a whole city block comprising three handsome buildings in the most beautiful section of the nation's capital, worth \$8,000,000 and debt-free, were built and serve as the National Society's headquarters.

Over the past 25 years, Constitution Hall has been and still is Washington's chief and largest cultural center. It is the home of the National Symphony Orchestra, and it has been the lecture platform for the National Geographical Society since 1933.

In Memorial Continental Hall, in the outstanding D.A.R. Genealogical Reference Library, third ranking in the nation, is housed more than 49,000 books and pamphlets and 30,000 manuscripts, some of which are available in no other library. This facility is open to the public 11 months of the year. Also in the 17th Street building are 28 individual, beautifully decorated and furnished period rooms. These are supported and maintained by the state societies.

The Administrative Building connecting Constitution Hall and Memorial Continental Hall, is the middle, or connecting, building of the unit. In it are located 44 national offices; the chapel; the Americana Room, which is a repository of historical documents of the early years of our Republic; and the D.A.R. Museum Gallery. The museum committee dates back to 1892 and was founded for the preservation and exhibition of Revolutionary relics. Interest and contributions over the years have resulted in a collection of some 10,000 items, that are rotated throughout the year for exhibit in 80 display cases. As a public service both the library and museum are open five days a week the year round.

In a very true sense, the NSDAR is a dedicated service organization. Twenty three national committees afford great opportunity for service to community, state and nation.

To many, our greatest service is in education — primarily through our D.A.R. school committee, which aids nine schools, two of which are D.A.R. owned: Kate Duncan Smith at Grant, Alabama, and Tamassee at Tamassee, South Carolina. Each has an enrollment of around 500 students. At date nearly \$5,000,000—\$4,585,559.86 to be exact—has been contributed to the schools. The annual appropriation is around \$200,000.

Our American Indians Committee established to help American Indians take their rightful place in our American Way of Life, aids two Indian schools: St. Mary's for girls in Springfield, South Dakota, and Bacone Indian College in Bacone, Oklahoma. Last year \$100,000 was given for scholarships and clothing.

Citizenship training and study

of American government are promoted through the Americanism and D.A.R. manual for citizenship committee. Since 1920, nearly nine million D.A.R. manuals for citizenship have been given to the foreign born who wish to become American citizens. Presented were 1,405 prizes to Americanism essay contest winners last year (1962), and \$21,248 was spent by D.A.R. in carrying out the work of this committee.

The Daughters of the American Revolution founded the Americanism School in Washington, D. C., in 1913. In 1919, it was incorporated into the District of Columbia School System, and now each year 1500 students from 82 nations attend the school. The D.A.R. continues its interest in the school and aids in the annual bazaar.

The NSDAR expends around \$200,000 annually in scholarships, school awards and prizes. The D.A.R. Good Citizens committee, whose aim is to recognize and promote the qualities of dependability, service, leadership and patriotism among high school students, awards annually \$100.00 Savings Bond to a senior girl from each state and the District of Columbia. The society makes awards to an outstanding graduate at each of the six service academies: Annapolis, West Point, Air Force, Merchant Marine, Marine Corps and Coast Guard.

The Junior American Citizens committee, with its primary purpose of teaching and promoting Americanism and good citizenship to elementary age children, sponsors 8,569 J.A.C. Clubs with a total membership of 338,804. These clubs, sponsored by the D.A.R. chapters at the community level, can be organized in parochial schools, settlement houses, orphanages or community centers. Membership is free and is open to all boys and girls regardless of race or creed.

Last year the national defense committee presented 9,288 Good Citizenship medals to boys and girls in the graduating classes of elementary, junior and senior high schools who possessed the

four important qualities of dependability, service, leadership and patriotism.

More than 26,000 United States flags and 40,000 flag codes were presented to schools, Scout troops and others.

Over 5,596 history certificates of award and several thousand medals were given by the D.A.R. to promote love of history among the young people, in 5th and 6th grades throughout the nation.

Historic places are marked, homes restored and the location and marking of graves of Revolutionary soldiers continue. Our most ambitious undertaking in this field was the erection of the half million dollar Memorial Tower at Valley Forge, dedicated to the glory of God and the memory of our American heroes.

American History Month and Constitution Week are very important committees doing vital work in the promotion and study and appreciation of all our citizens for our Constitution and American history.

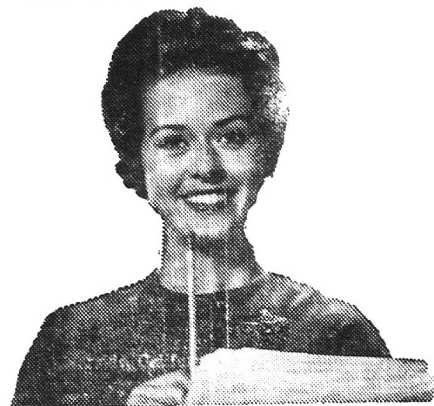

The conservation committee is also a very active public service committee. Nearly 68 million (67,904,077) trees, shrubs and seedlings have been planted in public parks and roadsides. Thousands of bulbs and wildflower gardens were planted in public places. Enormous quantities of seeds and suet have been fed to the birds during the winter and migratory seasons.

In national emergencies the Daughters have helped in many and various ways. In World War I they gave in cash and gifts 4 million dollars and for World War II \$2,800,000 plus collecting \$340,000 for the Blood Plasma program of the Red Cross.

All this expenditure of time, energy and money by the Daughters of the American Revolution, provides an impressive answer to the question, "What Do The Daughters Do?". The answer is—they work hard, many long hours to preserve the past, to carry out obligations to the present and to build a firm foundation to safeguard the future.

To You—Our Teachers

Heartily we welcome back our school teachers who have served our community so well in the past. And to our new teachers who are joining the faculty this year — "welcome aboard." We are proud of our schools and of those who do so much to make that pride possible.

Whatever we can do to help—we're at your service.

Air Force Man
Missing In Viet Nam

First Lieutenant Neil B. McKinney, whose wife, Betty and baby daughter, Christa, reside in Akron, has been reported missing in action in Viet Nam.

Word from the Air Force was received by Mrs. McKinney on Labor Day saying her husband was among four men missing on a patrol over Viet Nam.

Their B-26 fighter-bomber, of which Neil was an aerial intelligence observer, has not been heard from since September 2. No information has been received concerning an aircraft being shot down. No debris has been found to indicate that a plane was shot down. The Air Force has dropped 70,000 leaflets offering a reward for any information.

Neil graduated from Mentone in 1952, and from Ball State Teachers College in 1960. His mother, Mrs. Esther Figel, who formerly lived in Palestine, is now living in Fort Wayne.

With The Sick

Miss Phyllis Ummel of Beaver Dam recently underwent foot surgery at the Robert Long Hospital in Indianapolis. She was to be dismissed after about five days.

Lee Borders has been admitted to the Murphy Medical Center in Warsaw.

Carol Byers, 4, daughter of Rev. and Mrs. Clyde Byers, of Burket, has been dismissed from the Murphy Hospital.

Tony Shultz, 18 month old son of Mr. and Mrs. Jerry Shultz of Mentone, was treated in the emergency room at the Murphy Medical Center for a laceration to his forehead.

Mrs. Mary Huffer has been transferred from the Murphy Medical Center to the Prairie View Nursing Home, Warsaw. She is slowly recovering from a blood clot on the brain.

Mrs. Ora Carmean was dismissed from Woodlawn Hospital over the week end after several days of medical treatment.

Mrs. Ruby Hall of Mentone has been admitted to the Murphy Medical Center.

BIRTH

Mr. and Mrs. P. John Hueber Jr., are the parents of a daughter born at the Murphy Medical Center in Warsaw. The Huebers formerly lived in this area, but are now living in Warsaw.

Champion Reader
Of 1962 - 1963

For the first time, a member of the Library Vacation Reading Club has won first place for two years in succession. Miss Teresa Yazel, a second grader, was the champion reader in 1962, and as a third grader she has earned 660 points to win first place in the 1963 Reading Club. Second place was won by Miss Debra Anglin with 559 points.

Seventeen members of the Reading Club earned over 1,000 points, thus winning a place on the Honor Roll and received award ribbons. This also is a record for the club. Following is the honor roll for 1963:

Teresa Yazel, 3rd grade, 660 points; Debra Anglin, 3rd grade, 559 points; Kip Hoffer, 2nd grade, 345 points; Mollie Hoffer, 4th grade, 336 points; Lynne Knoop, 2nd grade, 333 points; Debbie Coplen, 3rd grade, 167 points; Maria Hubartt, 5th grade, 154 points; Barbara Morrison, 3rd grade, 142 points.

Ruth Hoffer, 5th grade, 134 points; Ken Anglin, 5th grade, 124 points; Randy Hardesty, 2nd grade, 120 points; Kim Manwaring, 5th grade, 118 points; Rhonda Yazel, 6th grade, 116 points; Jessica Gross, 2nd grade, 111 points; Diane Hill, 4th grade, 110 points; Susan Romine, 6th grade, 105 points; LuAnn Miller, 4th grade, 105 points.

The new winter library hours are Monday through Friday—11:30 to 5:30 p.m. and Saturday—1 p.m. to 6 p.m.

PEE WEE KING AT
AKRON FAIR

Pee Wee's recording career began during 1946 with three companies in rapid succession. First came Bullet label in September of that year; the next session followed during October with King records. On Decem-

ber 17 he cut four sides for RCA Victor and has remained on the label ever since. Largest selling disc by all odds was "Slow Poke", which has hit the million-plus mark since its release in July of 1951.

COUNTERPOINT

By The Editor's Wife

We have just had a very busy and exciting week-end. Jon and his tiny new bride, Barbara, were here for three short days.

On Sunday "the family" came from here and there (Detroit, Chicago, Logansport, Ft. Wayne, South Whitley, Warsaw, and Tippecanoe Lake) to greet them. There were around 50 here, I guess.

Tom and Jody had celebrated their 11th wedding anniversary on Friday, so we had asked Eleanor to bake a double-heart cake, with "Jody and Tom" on one, and "Bobbi and Jon" on the other. Spun sugar wedding bells, pink lilies-of-the-valley and a huge frosting orchid made a beautiful (and delicious) cake.

The only flaw in the whole three days was Jon's hay fever, which began acting up as they came into Ohio. It continued to get more annoying as time went on. He and Barbara didn't get to see many friends they had planned to see because of this.

As you read this, they should be back in Boston, where Jon plans to get his Masters degree in Theater and Directing at Boston University, this year.

Noticed a pick-up truck loaded with ground corn-cobs but carefully covered with a tarp. My first thought was "I am thankful for small favors," but my next thought was "When a truck driver, whether of a small or a large vehicle, takes time to be considerate of others, it is never a small favor." Thanks, again, to the unknown driver who is thoughtful of others.

It is too bad that the writer of the letter to the Mentone News failed to sign it. We cannot use a letter which is unsigned. We do not print the name if the writer so wishes it, but each letter must be signed for our information, so, won't you write again, "Tippecanoe," and sign your name, please?

In Bourbon, recently, we saw a delightful "contradiction"—a lovely young Amish couple, man and wife, came out of the modern Launderette carrying a plastic clothes basket of clean clothes, which they took to the waiting horse and buggy in the parking area. Am sure the small grins on their faces meant to

Alumni Column

With the help of Mrs. Frances Carter, a high school teacher at Mentone, we are endeavoring to give our readers a list of last year's graduates who are entering college this fall. We also hope, from time to time, to give information about other graduates, which will be of interest to you folks. Following are the colleges, and the students who will be leaving soon, or have already enrolled:

Indiana University — Chips Gast, Marti Nelson, Denny Fisher.

Purdue — John Bowerman, Steve Mikel, Larry Eiler.

DePauw — Jon Newcomb, Bill Nellans.

Manchester College — Cheryl Horn.

Butler — Lyle Long, Eddy Tridle.

Ball State — Ana Murcia.

Elkhart University — Janet Rackeweg.

International Business College at Fort Wayne — Helene Welty.

Middle Tennessee State College — Jerry Ryman.

Cedarville College in Ohio — Steve Olson.

Patricia Stevens School in Chicago — Shirley Poe, Claudia Kern.

Porter Business College in Indianapolis — Joyce McLaughlin.

I. U. Extension in South Bend — Larry Beeson.

Terry Bennett is to go to Hartford, Connecticut to an airline steward school.

This is a large percentage of the seniors from last year, who are planning to attend college, in comparison to years past. We feel this speaks well for parents, teachers, counselors, etc., who have helped influence these students to continue on after high school graduation. Also, the students themselves, who have definite goals planned, have worked hard in preparation for entrance into the college of their choice. Our best wishes to all of these grads as they leave to join other College Frosh on campuses throughout the country.

OVER-CROWDED
SCHOOLS

Superintendent Robert Forbes Monday night asked that board members consider possibilities for taking care of the increased enrollment in the school system.

In a recent interview with Mr. Forbes, he stated that he could not see any other possibility than the adding of more grade rooms.

He slightly favors the adding of a new double grade section (12) rooms) at Mentone. This would enable Mentone to add an Industrial Arts shop, which they are going to have to have in order to retain their first class commission.

He further commented on the crowded situation at all schools and said that the only difference this year than last, was that the crowded conditions have shifted to all the schools.

The 100 pupils that enrolled at the Akron first grade caused the need of an additional teacher and the re-arranging of some classes.

Also, Paul Fites was hired as a bus driver to help with the crowded bus conditions in the south end.

They have some problems on the re-licensing of the older buses. New state laws require that heaters are to be put in the back of all buses and some additional flashing lights to be added.

This expenditure will amount to about \$2,000.

The next board meeting will be Monday night, September 16.

YOUTH GETS SCHOLARSHIP
AT ROLLINS

Dave Ernsberger, 18, son of Mr. and Mrs. Martin C. Ernsberger of 436 N. Allen St., South Bend, former residents of Mentone, begins studies this semester at Rollins College, Winter Park, Florida, leading to a foreign service career.

The college has awarded the \$2,100 achievement scholarship to Dave. Under its terms the youth will spend three years at Rollins. He will then engage in three additional years of government foreign service study at Georgetown University, Washington, D. C.

Rollins and Georgetown maintain a co-operative program in this field. Dave is a 1963 honor graduate of Central High School of South Bend and was president of the student council.

The Akron High School basketball schedule has been filled. Leesburg High School has been scheduled to play the Akron Flyers at Leesburg on January 4, 1964.

A.H.S. BAND IN PARADE AT KEWANNA

The Akron High School band marched in the Harvest Festival parade at Kewanna on Saturday. This was the first performance for the band for this school year.

A.H.S. TO ORGANIZE PEP BAND

Seventy-five students will be selected for the new pep group that will perform at each basketball game. The group will perform at all away basketball games as well as the home games. Each member of the group will be dressed in a new outfit. The style will be determined at a later date.

AKRON GIFT FROM CLASS OF 1963 ARRIVES

Seven pictures that were purchased by the class of 1963 have been delivered to the high school. The pictures were given to the school as a memorial to the class of 1963. Engraved gold plates have been attached to

each picture to indicate the source of the gift. All of the pictures have been mounted in the library and offices of the school. Principal Rex McHatton stated that such a gift greatly improves the artistic climate of the school and everyone should be very grateful to the class of 1963.

Akron P.T.O. Organizes

The Akron Parent-Teacher Organization executive committee has announced the appointment of committees that will serve during the 1963-64 school year. The members are: Norman Tinkey, president; Robert Runkle, first vice president; George Green, second vice president; Mrs. Imo Tucker, treasurer; Mrs. Martha Shireman, secretary; Rex McHatton, ex-officio and Morris Alger, ex-officio.

Five committees have been appointed to serve this school year and the members are as follows:

Publicity Committee

Loren Sheetz.

Hospitality Committee

Mrs. Vance Lytle, chairman, Mrs. Dail Barber, Mrs. Roger Deardorff, Mrs. Byron Leininger. P.T.O. meetings will be held at 7:30 p.m. the first Monday of each month during the school year except during the month of January. Executive committee meetings are scheduled for each Thursday evening preceding P.T.O. meetings.

Glen Lowman, chairman of the membership committee has announced that membership cards are to be printed and will be available for the first general meeting on October 7. The charge for membership in the P.T.O. is fifty cents per person.

The program committee chairman, Gail Hartman, announced that his committee plans to invite Mr. Roy Meredith, of the Tippecanoe Valley School Corporation office, to speak at the first meeting. Principals will introduce all teachers in the Akron High School and grade school. Also, the music department will be invited to present a program of music.

Finance committee chairman, Mrs. Paul Bowen, stated that the P.T.O. has arranged to have a booth at the Akron Fair and everyone is invited to visit the booth.

Loren Sheetz, publicity chairman, will be responsible for keeping the patrons informed on the many activities that have been planned for the coming year.

Hospitality committee chairman, Mrs. Vance Lytle, is working with her committee to provide delicious refreshments for each of the meetings.

Water your lawn after fertilization to help distribute the fertilizer and prevent fertilizer burn, remind Purdue University horticulturists.

Sod webworms may be damaging bluegrass lawns. Bits of chewed grass, webs between the grass stems and silken tubes in which the worms live are clues to their presence. Purdue University turf specialists advise controlling them with chlordane or dieldrin applied according to the manufacturer's directions.

KOS. CO. CHORAL CLUB

The Kosciusko County Choral Club meets the second and fourth Monday nights from September through June at the E.U.B. Church, Center Street, Warsaw, from 7:30 to 9:00 p.m. Dues are \$10.00. This covers cost of director, accompanist, Purdue Music Book, special sheet music, bus fare to Purdue music festival, rent for use of church, and replacement of robes. There are no money making projects such as bake sales, etc.

Communities represented are Claypool, Warsaw, Winona Lake, Pierceton, Mentone, Etna Green, Akron, Sidney and Atwood.

The director is Mary Jane Miller and the accompanist is Mrs. Ray Carlin.

New members are recruited in the fall. Only requirement—must be able to sing and attend as regularly as possible.

This group is a well known choral group as they have taken state honors twice recently. It is open to anyone who would like to continue or start choral work. Contacts can be made

through Mary Jane Miller, 267-6721 or Mrs. Don Frantz, 267-7801.

FORESTRY PROJECTS

4-H Club members who are following the Forestry projects will want to start work on the division III during the months of September and October. This is the time of the year when seed ripens on many of our Indiana trees.

During the month of September seed ripens on Ash, Birch, Hard Maple, Red Oak, White Oak, Black Locust, Hackberry, Ironwood, Sassafras and Tulip Tree.

During October seed ripens on Hickory, Pine, Beech, Black Gum, Buckeye, Coffee Tree, Dogwood, Honey Locust, Persimmon, Sweet Gum, Sycamore, Walnut and Red Cedar.

CLUB ATTENDS STATE FAIR

Thirty members of the Beaver Dam Agriculture Club and 11 adults attended the Indiana State Fair on August 26th. In the evening they went to the western rodeo starring Dale Robertson.

The club was proud to have so many members exhibiting at the fair this year. Butch and Buni Barber entered Angus steers in the exhibition, and Dick and Sharon Harrold displayed three heifers and two

steers in the Angus show. Darlene Whetstone entered in the horse and pony show. Representing Kosciusko County in woodworking and photography divisions one and three, were Mike Harold, Steve Cumberland, and Steve Whittenberger, respectively, all from the Beaver Dam club. Congratulations go out to all of this year's members who completed their projects and have worked hard.

25th WEDDING ANNIVERSARY

Mr. and Mrs. Robert Molebash, R. R. 3, Elkhart, celebrated their silver wedding anniversary on Sunday, September 8th, at their home.

Guests were received from 2 until 5 p.m., coming from South Bend, Elkhart, Mishawaka, Osceola, Etna Green, Mentone, Warsaw and Bourbon. Mrs. William Walters of Mentone, who served as their bridesmaid 25 years ago, gave the party, assisted by their three sons, Glenn, Wayne and Dennis, and other relatives. They were married on September 3, 1938.

The refreshment table was centered with a tiered anniversary cake. Jane Molebash, niece, attended the gift table, which was decorated in silver and white.

Mrs. Jesse Molebash, their mother, had charge of the guest book. About 125 attended the event.

STATE FAIR HOMEMAKERS STYLE SHOW

On August 26th at the Indiana State Fair the adult division held a style show in which Mrs. Wilbur Latimer of R. 5, Warsaw placed 5th in a class of 20. She modeled a daytime dress of green and red check gingham with black accessories.

The young homemakers division style show was held on September 1st. Another local woman, Mrs. Mack Amis of Silver Lake placed 10th in her division where there were 21 in the class. She modeled a green wool dress with black accessories and a white hat.

The judges gave credit to the 4-H training for the superior sewing qualities in the garments displayed by the young homemakers.

Mr. and Mrs. Eldon Ummel and family of Syracuse were to visit Saturday with Mrs. Edith Ummel of Beaver Dam. Mrs. Ummel and another son, Robert, have been in the dairy business for several years, but now because of health reasons, must sell their herd of Holsteins. The family has been home helping prepare for the sale which is scheduled for September 18. Another daughter, Mrs. Wayne Kirkham, left Sunday for her home near Greencastle, after spending the week with her mother.

PUBLIC SALE

The Moriarty Lumber Co., Inc., will hold another clearance auction at the Moriarty Lumber Co. yard located 1½ miles north of Argos on U.S. 31. The majority of the items mentioned below is of very good quality, but, however, has been sorted as all material used in a Moriarty farm building must be of the finest quality. Don't miss your chance on this sale to get any of this material you've been needing. Bring your truck or trailer—we'll help you load out.

Letter To The Editor

(Letters to the Editor are the opinions of the writer and not necessarily those of the editor.)

THE NEWS
Mentone, Ind.

Dear Editor,

Although Senator Hartke's mail is reported running 6 to 1 opposed, and even before much of the testimony and debate had yet been heard, the Senator had already said he would vote for ratification of the test ban treaty because radio active fallout is a danger to the people.

Scientists tell us, however, that fumes from automobile exhausts, cigarette smoking and insecticides are far more of a threat to health than fallout. Not only is fallout from testing far below dangerous levels, but

now be done successfully with small explosions which are almost completely harmless.

According to nuclear experts, it is impossible to detect tests in the atmosphere, but it is almost impossible to determine

the exact location. With this any new atmospheric testing can appear void, the Russians can continue testing (as they did secretly before) and if caught blame Red China. The current "wide rift" between China and

Russia provides the perfect background for this treachery.

So long as negotiations with the communists start with the promise that we may lose something but they cannot lose any-

thing, we had no business negotiating this treaty to begin with, nor does the Senate now have any business ratifying it.

FAREWELL FOR OLSON FAMILY

At the termination of their ministry of the First Baptist Church of Mentone, Rev. and Mrs. Irwin Olson and family

were honored as special guests at a farewell carry-in dinner in the church basement sponsored by the official board of the church.

Highlighting the evening were humorous recollections given by

various members and then blessings were recalled to our memories.

"History and Highlights" was read giving various parts of the eight years of ministry in the church. Each member of the family had their favorite hymn given throughout the evening. Nearly 100 were in attendance.

WHEREAS, the Town of Etna Green is financially able to provide municipal services to said territory within the reasonably near future; and,

WHEREAS, it is in the best interests of the Town of Etna Green, Indiana, and of the territory sought to be annexed, to so annex the same to said Town;

NOW, THEREFORE, be it ordained by the Board of Trustees of the Town of Etna Green, Indiana, that the following described real estate, to-wit:

A part of the Southeast Quarter (1/4) of Section Twenty Seven (27), Township Thirty Three (33) North, Range Four (4) East, in Kosciusko County, Indiana, more particularly described as follows: Beginning at the Northeast corner of Klinefelter's Addition to the Town of Etna Green, Indiana, said point being North 89 degrees 48 minutes East 290 feet of the Northwest corner of the Southeast Quarter of said Section Twenty Seven (27), Township Thirty Three (33) North, Range Four (4) East, and running thence South 0 degrees 58 minutes East 341 feet for a principal place of beginning;

thence South 0 degrees 58 minutes East 130 feet to a point; thence North 89 degrees 48 minutes East 200 feet to a point; thence North 0 degrees 58 minutes West 130 feet to a point; thence South 89 degrees 48 minutes West 200 feet, more or less, to the principal place of beginning, said tract containing 0.597 acres, more or less,

be, and the same hereby is annexed to and made a part of the corporate area of the Town of Etna Green, Indiana.

BE IT FURTHER ORDAINED that the Clerk-Treasurer will post notice of the passage of this ordinance in three (3) places within the Town of Etna Green, Indiana, one of which places shall be the most convenient place near the meeting place of the Board of Trustees of said Town, and one of which will be at a convenient place near The Etna Bank in said Town, and the other of which will be posted at a convenient place near the United States Post Office in said Town, and the Clerk-Treasurer is further directed to cause this notice of the passage of this ordinance to be published in two (2) newspapers of general circulation, circulating in the Town of Etna Green, Indiana, and which newspapers are published in Kosciusko County, Indiana, and the publication of which notices shall run concurrently in each of said newspapers for two (2) consecutive weeks.

BE IT FURTHER ORDAINED that this ordinance shall become effective upon the day following the last of the two (2) publications herein provided for.

Passed and ordained by the Board of Trustees of the Town of Etna Green, Indiana, this 3rd day of September, 1963.

Mrs. A. I. Nelson returned home on Saturday after spending a week with Mr. and Mrs. Robert Nelson and family of Chicago.

CAN YOU SPOT A GOOD LAYING HOUSE RECORD

Good poultrymen want to know how their birds are doing. But are you good at spotting a good laying house record? If you were to compare flock summaries below (assuming strain of birds, feed, housing, flock size, egg prices, management, and season were identical. All records cover 364 days), which flock did best? Poorest?

	Eggs per hen housed	Feed per dozen eggs	% Production (hen housed -basis)
Flock No. 1	240.0	3.89	65.9
Flock No. 2	250.8	3.70	68.9
Flock No. 3	253.1	3.71	69.5
Flock No. 4	229.7	3.98	63.1

Know what? All these records are from the same flock! How come? Because of the way records were kept. No. 1 record gives figures from the day pullets were housed (22 weeks). No. 2, from when birds were counted at 22 weeks. No feed or egg record was kept till production hit 50%. No. 3 was on number of birds on hand at 26 weeks. Egg and feed data was from the time the flock hit 50% production. No. 4 started when pullets were housed and counted at 20 weeks. Feed and egg records started then, too.

What's the best way? That's up to you. But when comparing flocks, be sure records are kept the same way.

We like to compare flocks on Purina's high-efficiency Laying Chows with others. That's why we sell Purina with confidence. We'll show you why more and more folks are switching to Purina Laying Chows, if you'll drop by.

Auxiliary Installs New Officers

Members of the Mentone Auxiliary Unit 425 met September 10th at the Legion Home to install new officers.

Miriam Boardman served as installing officer. Those installed were Opal Nellans, president; Bernice Jones, 1st vice president; Mary Wise, 2nd vice president; Mary Jane Jones, 3rd vice president; Alice Secrist, secretary; Eula Smith, treasurer; Jean Pritchard, historian; Phyllis Williamson, chaplain, and Georgia Teel, sgt. at arms.

A program committee consisting of Bernice Jones, Phyllis Williamson, Mary Jane Jones and Mary McClone was selected. Georgiana Teel and Jean Pritchard were appointed to consider possible community service for teen agers.

Georgiana Teel commented briefly on the activities of the Knightstown Home Band at the state fair. The group decided to have a hard luck party for the October meeting. All members are asked to come in a Hallowe'en or hard times costume. Lillian Smith and Opal Nellans served refreshments.

Merry Mollys Met Recently

The Merry Mollys met Monday evening, September 9th, at the home of Mrs. Glenn Campion, with Mrs. Glen Mellott acting as co-hostess.

The meeting was opened by giving the pledge to flag and club creed, followed by singing "America The Beautiful". A poem, "My Birthday", was read by Mrs. Clayton Holloway.

Two short lessons on food poisoning and landscaping around the home was given by Mrs. Clayton Holloway and Mrs. Marion Smith. A short business meeting was conducted by Mrs. Harold Horn, which consisted of the election of officers for the following year. They are: president, Mrs. Jerry Hudson; vice president, Mrs. Don Horn; secretary, Mrs. LaMar Leffert; treasurer, Mrs. Gene Sarber.

Mrs. Darrell King and daughter, Kathleen, were presented with a gift from the club.

During the social hour contests were conducted by Mrs. Clayton Holloway and Mrs. Al Runnel. Prizes went to little Kathleen King.

Those receiving secret pal gifts were Mrs. Don Horn, Mrs. Jerry Hudson, Mrs. Al Runnel, Mrs. Harold Horn, Mrs. Don Bennett and Mrs. Marion Smith.

Delicious refreshments were served to 22 members by the hostesses. The Oct. meeting will be at the home of Mrs. Dale McGowen.

Mature cantaloupes have a "ground" or rind that is light yellow or yellowish-gray in color, point out Purdue University's produce marketing specialist. A melon that is very deep yellow or brownish is overmature.

COUNTERPOINT, Continued

ask, "Now what do you think of this?"

Since many of our young people will be leaving for college this week, some words from Jenkin Lloyd Jones may fit in here.

"College is a bringing-out process. It will not make a bad person good or a good person bad. If you are born intelligent it will bring out your intelligence and if you are born a bum it will bring out your bunniness. There are no 'college drunks'. There are only people who revealed themselves as soon as parental restraints were removed.

"College is not the only way to get an education. The world abounds with effective self-taught men and women. College is merely the easiest way to get an education. It hands you carefully programmed and in logical sequence the fruits of man's discoveries.

"College is a great privilege. Don't just accept it. Seize it."

"What Makes A Criminal?" Dr. J. L. Baker.

3. Impulsivity

The criminal can't figure the odds. He puts his money on long shots. He makes snap decisions,

says Doctor Baker, that sober reasoning would veto. The odds against a successful and long career as a forger or counterfeiter are overwhelming. The non-criminal may enjoy a round of the slot machines at Las Vegas, but he doesn't confuse that with a way of life.

All these symptoms, Doctor Baker asserts, add up to one word — childishness. The child doesn't understand temporary self-denial for eventual big benefits. Neither does the criminal.

We enjoyed this:

Teacher: "Is the world round?"

Jimmy: "No, Ma'am."

Teacher: "It isn't? Is it flat?"

Jimmy: "No, Ma'am."

Teacher: "Well, if the world isn't round or flat, what is it?"

Jimmy: "Pop says it's crooked."

CELEBRATE 25th ANNIVERSARY

Sunday afternoon visitors at the home of Mr. and Mrs. Charles Eaton and Myra, who came to help the Eaton's celebrate their 25th wedding anniversary were: Mr. and Mrs. Paul Besson and family of Sidney, Mr. and Mrs. John Besson and family of Leesburg, Mr. and Mrs. Dale Besson and family of

Clunette, Mr. and Mrs. Everett Besson and girls, Mr. and Mrs. Earl Besson, Mrs. Charles Besson, Mr. and Mrs. Harold Eaton and Jim, Mr. and Mrs. Bill Cochran and Leisa, all of Mentone, Mr. and Mrs. Jim Waggoner and son of Piercetown, Mr. and Mrs. Edith Rittenhouse of Hobart, Mr. and Mrs. Lester Shori of Millwood and Miss Wreatha McFarren of Elkhart. Mr. Shori and Miss McFarren stood up with Mr. and Mrs. Eaton when they were married. A very pleasant afternoon was enjoyed by all.

OBSERVE 60th ANNIVERSARY

Mr. and Mrs. Cal Fretz celebrated their 60th wedding anniversary on Sunday. The couple were married at their home near Plymouth on September 9, 1903, by Rev. U. B. Kline.

Mr. and Mrs. Gerald Kraft came on Saturday to spend the week end with them. On Monday evening, Mr. and Mrs. Russell Fretz and family, Mr. and Mrs. Dewart Fretz and family of Bourbon, nephews, spent the evening. Ice cream, cake and melon was enjoyed.

NEWS NOTES

from our

County Agent

DONALD E. FRANTZ

The wheat variety test plots on the Carl Duncan farm were fairly typical for this part of the state except for the frost damage to the very early varieties. Monon, which is now about the most popular variety, was the poorest yielder, but it was due to the fact that it was early enough to be in blossom on the date of the last frost. This should not be considered a fair test of the variety.

The new Knox 62 was way ahead of the others. It averaged 55 bushels which was about 5 bushels ahead of Dual, Reed, LaPorte and some others. Redcoat averaged 46, which may have been hurt a little by the frost, although we couldn't tell for sure. Vigo, Seneca and Monon made around 40 bushels.

A couple of the new unnamed varieties looked very good. Two of them exceeded 56 bushels. If they go like this for a couple more years they will be developed and released.

All of the new wheats are now resistant to Hessian fly and all are of excellent milling quality. The work done by Ingelhart Brothers Milling Company in cooperation with Purdue have put Indiana and Gold Medal Cake Flour in leadership positions in the wheat industry.

Fall is the ideal time to put limestone and marl on fields that will be going to small grain and legumes next spring. On a

field that is moderately acid or below, there is a need to give the liming material some time to do its job. The freezing and thawing of the winter months will do a lot to break up the soil and get the limestone in. The fields are solid now and trucks can be driven about anywhere without leaving deep tracks that can cause a lot of clods for the next year or so.

Contributions nearing \$250 have been forwarded to the State 4-H Club office for development of the state 4-H Club center. The center is located down the river from Lafayette and it is the old Ross Engineering Camp, well known to many who have studied civil engineering and surveying. There are several hundred acres involved but the old buildings were getting pretty well run down.

The site will become the headquarters for many youth training events in the future. Plans call for the donations of one dollar per 4-H Club member, which would raise a little over \$100,000 from over the state.

The budget for the County Extension Service was presented to the county council by a group representing the Extension Board. The board is the directing organization for the educational program in agriculture, home economics, public affairs and youth work. Dale Atkinson of Jefferson Township, Lee E. Norris of Franklin Township, and Mrs. Vernon Meredith of Seaward Township met with the council on Tuesday.

The request for an appropriation for a continuation of the Better Farming - Better Living program on a three county basis was also explained. The presenting group consisted of R. Guy Vanator of Clay Township, Mrs. Gordon Tuttle and Lloyd Miner of Washington Township, Everett Tom Jr. of VanBuren Township, Mrs. Leonard Sellers of Monroe Township, and Ralph Brubaker of Leesburg, who is a member of the B.F.—B.L.

Advisory committee.

Seed wheat may again be tested in the state seed laboratory if there is any question concerning its germinating ability. It is not as easy to home test wheat as it is other seeds because of a normal dormant period which has to be broken, usually by pre-chilling. Normal testing procedures at this time of year cause the seed to test lower than its potential. Envelopes and report forms for testing seed wheat are available at the County Extension Office. All seeds offered for sale must be tested.

Turkey By The Piece

Bake it, broil it, fry it! Turkey fits into summer picnic or barbecue as well as a holiday meal.

Prepare cut-up turkey, in addition to roasted turkey, in a variety of ways. Braise it, poach it, barbecue it! Take advantage of the plentiful supply of turkeys to spark your menus.

To help you fix new turkey dishes, Purdue University has published a new Mimeo, "Turkey By The Piece For Family Meals". In it you will find recipes for pan fried and oven fried turkey, braised turkey, as well as hints on cutting and preparing fresh and wings, broiled and barbecued frozen birds.

Indiana residents can obtain single copies of "Turkey By The Piece For Family Meals", Mimeo ID-61, at county extension offices or from Agricultural Publications Office, AES Building, Purdue University, Lafayette, Indiana. A post card request is sufficient.

Indiana melons are generally larger, more deeply lobed and netted than the smaller, earlier season cantaloups shipped from distant areas, notes Purdue University's produce marketing spe-

Eba Bayne Dies

Eba C. Bayne, 77, of Route 5, Warsaw, died of complications at 2:30 p.m. Monday in the Prairie View Nursing Home.

Mr. Bayne, who had been in failing health for two years, was born in Mentone, November 4, 1885, to John W. and Emily (Cochran) Bayne. He was married June 29, 1918 to Anna Holbrook, who preceded him in death in 1948. A retired farmer, Mr. Bayne was a lifetime resident of Kosciusko County. He was a member of the Harrison Center E.U.B. Church.

Surviving are two sons, John W. Bayne and Donald L. Bayne, both of Warsaw, and two grandchildren.

Funeral services were held at 3:30 p.m. Wednesday in the McHatton funeral home. Rev. John W. Jones of Leesburg was in charge. Burial was in the Harrison Center cemetery.

COUNTERPOINT

By The Editor's Wife

Constitution Week, September 17 to September 23, is being observed by patriotic citizens in our land of America. A guest editorial found elsewhere in the News, pays tribute to the members of the D.A.R. for originating the idea in 1955.

We wish to quote from an article prepared by our local D.A.R. (We don't have space for the entire contents.)

"President Kennedy has proclaimed September 17 to September 23 as Constitution Week and has urged that the people of the United States observe that week with appropriate ceremonies and activities in their schools and churches and in other suitable places to the end that our citizens may have a better understanding of the Constitution and the rights and obligations of United States citizenship."

If you want blue hydrangeas, add Aluminum Sulphate to your soil to make it acid. To get pink blossoms, add agricultural lime.

Lemon juice is one of the best cleaning agents for crystal.

Dr. J. L. Baker concludes his article on "What Makes A Convict", with these thoughts.

"The honest man calls attention to the dropped wallet because instinctively he likes a society that respects possessions. The criminal thinks only of the bills inside. The careful driver accepts the perpetual inconvenience of obeying traffic laws because he understands the carnage and tragedy that would follow general disobedience. The juvenile delinquent guns his hot-rod and imagines he is proving himself a personality.

"Prison is a poor place to re-trail sociopaths. It's hard to untwist philosophy by surrounding it with twisted philosophies. The best cure for crime is the early prevention of the growth of criminal attitudes. That means the home."

You may not agree with this statement, but — Dr. Howard Rusk, head of the physical rehabilitation programs for New York University and Bellevue Hospital says, "We all need stress in our lives. Stress can be a therapeutic friend for in

T.V.S.C. Board Meets

Monday evening in the office of school superintendent, another board meeting was held. President Edward Bucher was on vacation, so Whitney Gast was acting president. This seemed to be more or less a routine meeting, with lots of purchase orders being read, passed around for discussion, etc.

But, this writer feels that no board meeting, however routine, is non-important! One school patron was present, just to sit in on the meeting, and we were glad for his presence. We are looking forward to more persons attending these meetings to see the board in action, to hear what is being discussed, to know what is contemplated for the future, and to just get an idea of the overall picture of T.V.S.C.

A second team coach was needed for Akron, so Forst Dunning, who already teaches there, has been appointed to fill this need.

Superintendent Forbes feels that all of our schools in the corporation are now operating in good shape. Although, he does feel the board will soon be faced with a building problem, as the grade classes in both Mentone and Akron are crowded.

Superintendent Forbes would also like the board to look into the possibility of a language laboratory, or electronic learning station. The Spanish classes are full and the students really seem interested. Any foreign language can be taught so much easier and more effectively with a language laboratory.

HEADS MEAT PACKERS

John (Jack) Shinn, of Fort Wayne, former Mentone resident and son of Mr. and Mrs. Earl Shinn, was recently elected president of the Indiana Meat Packers, Inc., trade association of the industry.

Jack is vice president and general manager of Laurent's Packing Company of Fort Wayne.

Other officers and directors were named from the Hygrade Food Products Corporation, Emgee, Marboeffer, Mabo and Pearl Meat packing companies of the state.

With The Sick

Lee Borders has been dismissed from the Murphy Medical Center.

Michelle Perry, 4, daughter of Mr. and Mrs. Alton Perry, of R. R. 1, Claypool, returned to her home on Tuesday, after spending the week in the South Bend Memorial Hospital, where she received a series of tests and treatment.

Mrs. Ellis Hill of Mentone entered the South Bend Memorial Hospital on Monday. On Tuesday cataracts were removed from her right eye. She is getting along satisfactorily, but will remain in the hospital a week.

John Fenstermaker is im proved at this time. He is in the Prairie View Nursing Home in Warsaw.

Kathy Stine, five year old daughter of Mr. and Mrs. Chan Stine, had the misfortune to break both bones in her left arm when a tire fell on her. The accident happened early Sunday evening. Kathy was treated in Dr. Wilson's office.

Mrs. Vern Cole was admitted on Tuesday to the Murphy Medical Center at Warsaw, after becoming ill while at the home of her daughter, Mrs. Byron Doran of Burket.

Walter Kelley suffered temporary blindness on Friday and was admitted to the Parkview Hospital in Plymouth. He has been dismissed, but is to see a medical eye doctor for further treatment. They seem to think this blindness was caused by a virus.

Mrs. Ruby Hall has been dismissed from the Murphy Medical Center in Warsaw, where she underwent tests and x-rays. She is feeling much better now.

Mr. Earl Carbiener returned to his home on Saturday from the Woodlawn Hospital at Rochester and is improving slowly. Mrs. Leonard Bitner of Wabash is caring for him.

(Fr. Wayne News Sentinel)

CONSTITUTION WEEK IS WORTHWHILE

The observance of "Weeks", ranging from Better Pingpong Week to Help The Hottentots Weeks, has proliferated to such an extent that we usually eschew any mention.

But we are currently celebrating one of the few worthwhile weeks in the proliferation of the species—Constitution Week.

It's a much-needed observance for which we can thank the Daughters of the American Revolution who originated the idea in 1955 and were successful in pressing passage of a resolution through Congress authorizing the President to designate the week of September 17 annually as Constitution Week.

It is a time for rededication and a time when citizens should remember that no government ever existed in the world before 1788 that provided secularity and freedom or guaranteed life, liberty and the pursuit of happiness.

It's a time to recall that eight basic principles are embodied into our Constitution:

First, separation of powers; second, dual government; third, limited powers; fourth, supremacy of national law; fifth, judicial supremacy; sixth, the amending process; seventh, individual liberty; and, eight, republican government.

It was through these basic principles that the Founding Fathers formed a "more perfect union", established "justice", insured "domestic tranquility", provided for the "common defense", promoted the "general welfare" and secured "the blessings of liberty" to themselves and their posterity.

And Constitution Week is a time to pay more than lip service to the words of Daniel Webster, patriotic defender of the Constitution, who said:

"I shall exert every faculty I possess in aiding to prevent the Constitution from being nullified, destroyed or impaired, and if I should see it fall, I would still, with a voice feeble perhaps, but earnest as ever issued from human lips, call on the people to come to the rescue."

Other girls present were Diane DeLap and Carrie Cormican. Refreshments of sandwiches, potato chips and pop were served.

MISSIONARY GROUP MEETS

The Women's Missionary Society of the Congregational Christian Church met Wednesday for a regular meeting at the church. The meeting opened with the missionary theme and then sang, "What a Friend". Scriptures were read by Mrs. Wren Crane from Colossians 6:1-6. The lesson was given by Mrs. Donald Trump and Mrs. Don Baker. Roll call was answered by a verse from Psalms 16 members and one guest, Rev. Ernest Treber, and two children. Cookies and coffee were served by Mrs. Ralph Jeffries and Mrs. Robert Lewallen.

Mrs. Laura Baer has returned home from a ten day visit with her sister, Mrs. Emil Tillis, at Aurora, Illinois. She was accompanied by her sister, Mrs. Minnie Harter of Churubusco.

Several families in Tippecanoe moved over the week end. Mr. and Mrs. Dale Blackford and daughter moved into their newly redecorated home purchased from the Mrs. Armanda Harley estate. Mr. and Mrs. Joe Howell and children moved into Dale

Blackford's farm home which they vacated. Mr. and Mrs. Virgil (Bud) Martin moved into their newly decorated home they recently purchased from Mrs. Ella Chapman at Argos, Mr. and Mrs. Glen Kreft and baby purchased the Bud Martin property and moved in.

Mrs. Jennie Sponseller had as her Sunday visitors, Mr. and Mrs. Gilbert Griffis of Mentone, Mrs. Don Kuhn and Andrew Lee, Mrs. Judah Trowbridge of Bourbon, Mr. and Mrs. Ernest Ford of Hamond, Mr. and Mrs. Durwood Fretz and Mrs. Rex Fites and Collette of the area.

Mrs. Rex Fites took her son to O'Hare airport Thursday. Don Fites and Linda Marie met his wife in New York after she visited her brother in Canada. The Don Fites left late Sunday for their home in Johannesburg, South Africa, after an eight week visit in the United States.

Akron High School Selects Cheerleaders

Eighteen members of the Akron High School faculty acted as judges in the selection of cheerleaders for the 1963-1964 season. Four girls were selected from a field of eleven contestants.

They were judged on the basis of poise, enthusiasm, voice, personality, appearance, execution of cheer, physical agility, on a point scale of one to five.

The four winners are Mary Jo Bryant, Pamela Kuhn, Cathy Kuhn and Diane Lowman. These girls will lead cheers for all varsity games with the support of a pep club that will perform at all home and away basketball games. Tryouts for the pep club will be open to all high school students and the time of the tryouts will be announced within the next two weeks.

The Akron High School band will add to the color and enthusiasm by performing before the start of each home game and a pep band will accompany the team at each away game.

Protect People In Car Pool

"Let's form a car pool to take the children to school", your neighbor suggests.

"That's a good idea", you respond. You are willing to take part in car pool responsibilities. Most mothers are.

But do you realize the full extent of these responsibilities? asks Anna K. Williams, home management specialist at Purdue University.

When you transport children in your car you are responsible for their safety. What if you have an accident? Would your

insurance coverage take care of all medical bills for four to seven youngsters?

Read your insurance policy to see if your medical coverage is high enough. If you carry a high limit medical payment, such as \$5,000, you are protecting your passengers as well as yourself.

As a result, driving in a car pool does not require any special license. However, if you "transport people for hire" you need a public passenger license.

Protecting young passengers is important to every mother and father. Remember that children on their way to and from school are riding in cars during heavy traffic hours.

Careful driving and adequate insurance coverage protect you and your youngsters.

Cook-Out Safety Tips

Cook-out fun in the back yard can become a tragedy if the chef is careless, points out Dick Willsey, Purdue University safety specialist.

Back yard chefs are justly proud of their culinary efforts, but are they as proud of their safety skills?

Care of the fire is most important. Set the grill well away from buildings, trees, dry leaves, grass or brush.

If you use charcoal lighting fluid be sure to use it according to directions. Soak a little into the briquettes before lighting them. Be sure the liquid fuel has soaked in completely before starting the fire. Never use gasoline, paint thinner or any other highly combustible fluid to kindle charcoal.

Another way to kindle charcoal is to use dry, crumpled paper, or a light substance like charcoal. Simply light the paper as in starting an ordinary wood fire. It may take a little fanning to get the charcoal kindled. The charcoal is started when you see grey or whitish spots around the edge of the briquettes. In 20 minutes or so it will be hot enough to grill.

Keep a sprinkling can full of water on hand—to douse the fire in an emergency or when leaving the cook out area. Use

a can with a long spout for safer handling.

Keep children away from the cooking area. Children stay away

from stoves in the kitchen—keep them away from the cook out grill for the same reasons.

GETTING THE MOST... FROM YOUR GARDEN

DON'T "WATER" — IRRIGATE!

Breathes there a man with soul so dead, who never to himself hath said while gazing at his drought-seared lawn: "O, the pity of it all!"

Standing there with a hose nozzle is not necessarily the same thing as irrigating!

Yes, the pity of it all, particularly figure that it will take about four ly since he has probably been "watering" his lawn all summer. Since many, if not most, of us either have or will soon experience the same disappointment, we offer the suggestions about irrigating your lawn.

There's a good reason why we say "irrigate" instead of "water." Irrigation means using water to make plants grow. Standing there with a hose nozzle is not necessarily the same thing as irrigating. For casual watering seldom accomplishes that objective. The sensible way to irrigate is to follow a system based on the particular needs of your lawn and garden, depending on its size, the soil-type, and the availability of water. When water is scarce, it is more important than ever to make the most efficient use of the limited amount permitted for irrigation.

Here are some points to consider before you hook that hose to the outlet.

Soil type
Light sandy soils take up water quicker than heavy clay soils, but they also dry out faster. Lawns on heavy soils may take longer to show the effects of drought, but it takes longer to replace moisture because of the slow rate of absorption. Soil-type thus affects how often and how long to irrigate.

Toning
The better turfgrasses, like fescue and bluegrass, can stand considerable drought and still recover. To maintain steady growth, however, you should begin irrigating before the leafblades show signs of serious wilting. Continuous irrigation, encourages weeds, crabgrass, and fungus diseases. Once every week or ten days during prolonged drought should be sufficient. Providing you apply water at a time.

Equipment
Installed irrigation systems are popular in some areas, but for most homes, irrigating equipment consists of a length of hose and a sprinkler. There are several types and many brands of sprinklers, but experience indicates that the most effective and also the most efficient are those which distribute the water uniformly and in a way that will penetrate the soil quickly. You can determine the distribution pattern by noting how much water is collected in the containers mentioned above.

If your sprinkler makes too fine a spray, the water may drift and begin to evaporate before it hits the ground. A sprinkler which delivers a lot of water in a limited area may cause puddling; or the water may run off if the soil is too heavy to absorb it.

The point to remember is that you can improve the efficiency of your equipment by observing how it works and using it to take advantage of its best features.

P.T.A. Begins Year

Lee Norris, the new P.T.A. president, welcomed those in attendance at the first meeting last Wednesday evening, which was held in the gymnasium. Rev. Francis Rogers, who is attending Grace College, brought the devotions.

Since there wasn't any old business, the meeting was turned over to the principal, Mr. Gaylord Toll, who made a few remarks, then introduced the teachers and other personnel from our school. Those new in our school this year are as follows: school secretary, Mrs. Max Nellans; cooks, Emma Zolman, Pearl Horn, Mary Frances Hudson, Virginia Borders; janitor, Wayne Tombaugh; speech teacher, Mrs. Herbst; Spanish, Elias Bezzina; social studies, Cecil

Mason; coach, Roger Bridge; social studies and business, John Herbst; vocational agriculture and shop, Andrew Pylant.

George Welch, P.T.A. vice president and teacher, gave a brief explanation of the new guidance program being used this year. Mr. Welch is our guidance counselor for this program.

The grade count was won by grade three. Teacher is Mrs. Gladys Wittkamper.

The P.T.A. officers, Lee Norris, George Welch, Betty Hirschman and Vera Wagner met and appointed the following to work on committees:

Program, Mr. and Mrs. Dale Irwin, Mr. and Mrs. Wayne Bowser, Mr. and Mrs. Frank Newton.

Membership, Mrs. Jim Gates, Mrs. Ora Carmean, Mrs. Kenny Shoemaker.

Ways and Means, Mr. and Mrs.

Zanna Hammer, Mr. and Mrs. Jerry Hudson, Mr. and Mrs. Jim Hyde, Mr. and Mrs. Eldon Horn, Mr. and Mrs. Freeman Gruenwald.

Hospitality, Mr. and Mrs. Harold Smythe, Mr. and Mrs. Glen Mellott, Mr. and Mrs. Jim Tibbets.

Spiritual Education and Devotions, Mr. and Mrs. Everett Welborn.

Mental Health, Mrs. Dean Meyer.

Publicity, Mr. and Mrs. Tom Harman.

P.T.A. is the link that connects the classroom to the home. You, as parents, need to show your interest in your child and his teacher, by regularly attending these meetings, which are designed and planned with you in mind. P.T.A. meets the second Wednesday in the month, so plan to be with others at-

tending on October 9th in the gymnasium.

Mr. and Mrs. Earl Stouder and family and Mr. and Mrs. Jim Stouder and daughter visited the Brookfield Zoo in Chicago a week ago Sunday.

SAFETY ADVICE FROM Chicago Motor Club

Unless the rainfall that accompanies a summer electrical storm is so severe as to limit driver visibility, there is no need for a motorist caught driving in the midst of such a storm to stop his car, according to Gordon Lindquist of the Chicago Motor Club's safety and traffic engineering department.

Even if you are forced to pull over and wait the storm out, one of the safest places to be is right in your car.

Lindquist said that since rubber tires insulate a car and keep the current from becoming grounded, there is little danger that lightning can harm the passengers. Of course, if there is a sturdy building nearby, it is a sturdy building nearby, it is much better to seek shelter there.

If you do decide to pull over and wait out a storm in your car, the Chicago Motor Club offers the following safety tips:

Don't park under a tree or pole which, if struck by lightning, may fall on top of the car.

Try, if possible, to avoid parking under overhead power lines strung along the roadside. During severe storms many of these wires are downed.

Park on high land where water won't accumulate.

Although you are safe when you remain in your car, it is impossible to tell whether a downed wire is "live" or "dead". To be on the safe side, simply sit tight and wait, but avoid touching any metal parts inside the car.

If you have to summon help, use a wooden or plastic object to depress your car's horn button or ring.

Kill Crabgrass The Easy Way

KILL Crabgrass the Easy Way—

It is easy to knock ugly crabgrass out of your lawn—chemically, say Purdue University turf specialists. But before you kill crabgrass, remember: Don't waste your money and apply chemicals when you have a poor stand of grass, since the desirable grass must fill in after you kill your crabgrass.

Assuming you have a good stand of grass, they say there are three chemicals you can use now to eliminate crabgrass. These are DSMA, AMA, and PMA. Technically they are Disodium methyl arsonate, Amine Methyl arsonate and Phenyl mercury acetate.

DSMA is available under many trade names. You can buy it for sprayer or spreader application. Apply it when your lawn is wet with dew or after you water. You will need to put on two or three applications at five to seven day intervals for control.

AMA is also available for sprayer or spreader application. It will turn crabgrass yellow three days after the second treatment. Put on a second application five days after the first.

With PMA you will need to apply three weekly sprayer or spreader applications. Don't use PMA on sensitive Merion bluegrass.

For a fresher, sweeter taste, use sweet corn as soon as possible, advises Purdue University produce marketing specialists. Keep corn refrigerated if you must store it for a short time.

Ground Covers For Grass

Do you have areas in your yard where grass isn't growing

A "wholesale" bargain isn't always a bargain! Recently, a local Better Business Bureau made a survey of several items being sold in wholesale or discount houses. On many of the items, the discount price was even higher than the local retail price.

You should be wary of discounters or "wholesalers" who boast "only 10% above cost," or claim that "we always undersell." You can find many bargains in discount stores, but you can't really tell a bargain unless you know the regular retail price. The best method is to shop around — at discount stores and retail stores — until you find the best price.

But be careful — the lower discount price may not include a manufacturer's guarantee or warranty. This protection against defective parts may be worth the extra price at retail.

Never buy something just because you're told it's a "bargain" — find out for yourself by shopping around.

well? Then consider ground covers for fall planting.

Don Scheer, Purdue University extension horticulturist, says ground covers, which are low growing plants that cover the ground, thrive in shady areas and on steep banks where grass does poorly. Also, ground covers grow nicely between shrubs or around trees, where grass cutting is a problem. Once your ground covers are established, they practically take care of themselves.

A ground cover of English ivy does well on banks, especially where there is some shade; Japanese pachysandra does well in dense shade and will even grow under Norway maple trees. And don't forget Myrtle, which is the most popular ground cover of all. It grows either in sun

or shade.

Add 15 pounds of 12-12-12 fertilizer, or its equivalent, per 1,000 square feet of surface area. Mix the fertilizer in as you turn over the soil.

Then set small ground cover plants about eight inches apart and water them well.

One way to protect yourself from the actions of other drivers, says the Chicago Motor Club is to let them know in advance what you intend to do. When you plan to make a turn, give a clear signal of your intention to do so.

Coax lagging summer appetites with regular mealtimes and attractive foods, suggest Purdue University food specialists.

Prevent Mildew

Hot and humid summer days promote more bathing, more damp clothing—and more mildew, especially in the bathroom.

If you smell a musty odor in room, mildew is striking, says Elkin Minter, Purdue University home management specialist. Usually musty odors disappear if the room is well heated and dried.

Shower stalls and bathtubs are frequent victims of mildew. To prevent mildew, keep the room well ventilated and towel dry the tub and shower after using them.

If mildew has already formed on tile, walls and floor, scrub them with a solution of $\frac{1}{2}$ to 1 cup liquid chlorine bleach in a gallon of water. Rinse with clear water and wipe as dry as possible. Keep windows open until walls and floors are thoroughly dry. Work quickly to prevent damaging surfaces.

If a cotton shower curtain is mildewy, boil the curtain and dry it in the sun. Some plastic shower curtains will stand washing with chlorine bleach solution, while others may have to be cut off or replaced. Read the manufacturer's directions.

Wet towels and swim suits hanging in the bathroom and damp clothing in the laundry hamper aid the growth of mildew. Dry any damp articles before putting them in the hamper, and dry swimming items outside whenever possible.

Prevent Picnic Poisoning

To be sure everyone enjoys your next picnic—take extra precautions against food spoilage.

Marcelle Allen, food specialist at Purdue University, says that food spoilage will occur quickly in certain foods during warm months, if they are not kept properly cooled.

The simplest precaution against picnic poisoning is to avoid foods that favor growth of organisms causing food poisoning. These include custard type pie fillings, cream fillings and cream sauces, creamed casseroles, and fish, egg and chicken salads.

Whether or not you include any of these dishes, she urges you to follow this basic rule in transporting food: Keep hot food hot and cold food cold.

Keep hot dishes at a temperature of 150 degrees F. or more and cold ones at 50 degrees or less.

If hot food will be eaten soon after it is cooked, wrap containers in several thicknesses of paper. But, if the picnic is delayed, unwrap the food and keep it hot on a fire—or unwrap and cool it completely. Prepare cold food far enough in advance to chill it thoroughly. Then wrap the containers to insulate them.

The best solution to the sandwich problem is to make the sandwiches at the picnic site. Refrigerate all ingredients until the very last minute. Or make the sandwiches early enough to freeze them, and allow them to thaw in time for eating.

One added warning about cooking pork at the picnic. Be sure all pork products are cooked thoroughly.

"All-Purpose" Sprays

All-purpose or one-package sprays and dusts aid the home gardener, says Dave Matthew, Purdue University extension entomologist.

These formulations are simply a mixture of several insecticides and fungicides designed to control a majority of the insects and diseases which occur throughout the growing season. Such preparations are now available for use on tree fruits, small fruits, vegetables, roses and flowers, and even shrubs.

Matthew reminds that each

preparation is tailored for a particular purpose and that a one-package fruit spray is not suitable for use on vegetables or flowers. This is because the pests of one crop or group of plants may be entirely different from those of another.

The degree of success attained with one package formulations depends largely upon how frequently and how well they are applied, the Purdue University specialist says. A sprayer or duster of adequate size to enable the gardener to easily and completely cover the plant foliage.

Applications must be repeated in most cases because different pests appear at different times. Too, the spray or dust weakened by plant growth, sunlight and weathering. In each case the label on the package will contain directions as to the number and frequency of applications needed.

Management - Key To Farm Profits

The past ten years, farmers have increased agricultural output 25%, with production per man increasing two times faster than that of industrial workers. They've been able to do so with the aid of modern machinery, fuels, lubricants, chemicals, improved crops and livestock, and new farming practices.

One skill has been necessary to put all these pieces together into a productive farm operation. That skill? Management! "The mind, machines, management and markets have replaced manpower and muscle," says W. T. McAllister, Delaware farm management specialist. No longer is a farmer's income affected primarily by how long or how hard he works. Management has become all-important.

Modern farming has progressed so far, so fast, it's next to impossible to "keep up" on all the new developments. Yet, new developments—in chemicals, fuels, lubricants and farm practices—are all important in cutting costs, increasing yields and raising profits. Knowing which chemical to apply, when and how to apply it, can save a crop. Proper choice of a fuel or lubricant can prevent costly breakdowns. And a new idea on controlling livestock pests can increase meat and milk production.

Because up-to-date facts are important, modern farmers lean heavily upon experts for practical information. Leading suppliers of farm products—including fuels,

lubricants and agricultural chemicals—are trained to know how and when those products are to be used. Farmers who utilize the services of these suppliers find many answers to management problems are just a phone call away.

Auburn University farm management specialists studied records of 227 farms and found that farm profits are more closely related to managerial ability than to either farm size or investment. Using better management, the top half got 15% more work done and had net incomes four times higher in one year than the lower half with the same amount of labor.

Here are some sound principles for good farm management:

- Concentrate on the most profitable enterprise, and make that enterprise more efficient.
- Get into a business which is large enough. This doesn't mean acres—but a large dollar volume is usually necessary for a large net. Use credit wisely to build a dollar volume.
- Use labor efficiently. Time spent doing back-breaking work by hand—if there's an easier way—is wasted or gives a low return per hour. Time spent pushing a pencil can return as much as \$20 per hour.
- Aim for high yields. This is doubly important because it's the best way to cut costs per unit and provide a larger volume to sell at the same time.
- Stop needless losses. That means using the right fuels and lubricants for efficient machinery operation, chemicals for weed and insect control, and animal health products for efficient livestock production.
- Keep records, plan budgets and make periodical checks on your net worth. Records show where you've been, where you are, how you got there and provide facts to plan for a more profitable future.

Anthony Nigo Chapter D.A.R. Meets

The Anthony Nigo Chapter, D.A.R., met in the Mentone School cafeteria for their September meeting. Guests were invited to share in a carry-in buffet, and then hear Judge Byron C. Kennedy give an inspiring talk on "Our Living Constitution".

Judge Kennedy noted that the Constitution, being such a broad and vital subject, was hard to condense into a speech, so took "Freedom" and "Americanism" as the theme of his remarks.

Freedom to go, do, say, believe or even disregard the safeguards which have been imposed by our state and nation. In the larger sense, freedom must not be confused with license, but the individual must always be governed by and subordinated to those principles which protect the rights of all. These checks and balances have been framed in the Constitution.

Today Communism brings in to sharp contrast their ideologies and ours. He emphasized it is

not the business of government alone to protect our freedom. We must re-dedicate ourselves each day to keep us forever free. Huge sums of money spent on education have schooled us in arts, sciences, and skills, but neglects the most important one of all, the nature and purpose of the American political system. Misguided teaching disregards American patriotism and apologizes for the American system of Constitutional limitations.

Judge Kennedy ended with an eloquent plea that we return to the thinking of our forefathers, as expressed in the American Declaration of Independence, when they recorded, "We hold these truths to be self-evident, that all men are created equal; that they are endowed by their creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness; that to secure these rights governments are instituted among men."

Mrs. Paul Shireman, regent, conducted the business meeting. Mrs. James Wells reported that 140 pounds of clothing had been

sent by the chapter to Bacone Indian College in Bacone, Oklahoma. Mrs. Earl Davis read the president general's message on the activities and responsibilities in beginning a new DAR year. Mrs. Mary Cox, national defense chairman, gave an excerpt from a television transcript given by Rep. E. Y. Berry of South Dakota on the power of executive orders. He maintained that four times as many laws are passed by the executive branch as are passed by Congress.

The DAR resolution on states' sovereign rights as guaranteed by the Constitution was read by Mrs. Tom Fugate. The meeting closed with repeating the American's Creed.

Hostesses for the evening were Mrs. Wayne Smalley, Mrs. James Randall and Mrs. Davis.

The October meeting will be at the home of Mrs. Lena Igo.

NEIGHBORS SURPRISE EATON'S

Monday evening, Mr. and Mrs. Charles Eaton and Myra were very pleasantly surprised when several of their neighbors came in to help celebrate the Eaton's 25th wedding anniversary. Homemade ice cream and cake was served to Mrs. Herbert Dorsey, Mrs. Roy Haney and daughters, Mrs. Oral Welch, Mr. and Mrs. Max Hostetler, Mr. and Mrs.

Herman Olson, Mr. and Mrs. Dean Nellans Sr., Mr. and Mrs. Dean Nellans Jr., and Sonny, Mr. and Mrs. Everett Besson and Judy, Mr. and Mrs. Harold Eaton and Jim, Mr. and Mrs. Garwin Eaton and family, Mr. and Mrs. Jim Waggoner and Steven.

Outdoor Cookery

Cook out! Those magic words increase the appetite, charm the kids and stir the imagination of the chef.

Cooking out can be easy as well as fun. To help you enjoy your cook out more completely, Purdue University has published "Outdoor Cookery", full of recipes, suggestions for supplies and fire care.

You may obtain a copy of "Outdoor Cookery", Mimeo HE-280, from your county extension office or from Agricultural Publications, AES Building, Purdue University, Lafayette, Indiana. Single copies are free to Indiana residents.

Add variety to cooked out meals by using new recipes, new ways of cooking. Roast steam fish in brown paper in the embers, bake potatoes in tin cans, bake greenstick biscuits or toast Italian bread.

Use tinder and kindling for

fuel, as well as charcoal briquettes. But for safety reasons, never leave your fire unattended.

Dried Flower Arrangement

Why not dry some of your garden flowers for dried flower arrangements? Dried flower arrangements are beautiful. And it's fun to try your luck at this art, note Purdue University extension horticulturists.

Pick your flowers for drying before they are fully opened, since they open further as they dry. Choose flowers that are not overly wet and pick them before they wilt in the day's heat. Treat soon after picking and dry them quickly to preserve their naturalness.

Some flowers you can air dry are cockscomb, lunaria or honesty, Chinese lantern, statice, Gomphrena or Globe amaranth and strawflower. Pick your flowers and strip their foliage; then, using a stout string, tie flowers of the same kind together by their stems in bunches of no more than ten. Hang them, heads down, in a fairly cool, dark place where there is enough air to dry them well.

AWARD JUDGMENT OF \$9,500

Myrtle Gray of Mentone received a judgment of \$9,500 in a jury trial held in Marshall County last week.

She received the judgment against George Chilcote of Leesburg for injuries received in a two-car accident January 31, 1962 in Kosciusko County.

Mrs. Gray asked \$50,000 in her suit. She was riding with her sister, Mrs. Dora Kovach, when their vehicle collided with one driven by Chilcote on State Road 25 south of Warsaw.

its favorable sense of stimulation it gives strength and contributes to our vitality and drive."

In reference to older people who are ill he advises, "Instead of pampering them we should encourage them to feed themselves, use their muscles and get back on their feet as rapidly as is medically feasible."

(Sounds like solid thinking.)

We enjoyed this:

Lady motorist: "Can you fix this fender so that my husband will never know I bent it?"

Mechanic: "I doubt it, lady. But I can fix it so that you can ask him in a few days how he bent it."

Use lemon, pineapple or orange juice to preserve color of cut fresh fruit (such as apples, bananas, pears and peaches) when preparing salads and fruit cups, suggest Purdue University food specialists. Lemon juice also adds a tart flavor.

PALESTINE HOMEMAKERS MEET

Mrs. Flo Shirey was hostess to the Palestine Homemakers on September 12th with a carry in dinner served at noon to ten members and guests, Mrs. Bill Hatfield and sons.

Pictures of the group were taken after dinner. The meeting was called to order with the pledge to the flag. The secretary and treasurer's reports were given and approved. Louise Tucker gave meditation. Happy birthday was sung to Geraldine Perry. Also on August 16th the club members held their anniversary dinner at the M & M Cafe at North Webster, which everyone enjoyed. The meeting was dismissed with prayer.

The next meeting will be October 10th at the home of Gladys Severns.

RUTH MCCLEARY DEMONSTRATION AGENT

The workshop — "Covering Dress Shoes With Fabric", sponsored by the Kosciusko County Home Economics Cooperative Extension Service, will be given twice, from 1 to 3 p.m. and 7 to 9 p.m. on Wednesday, October 2. Mrs. McCleary, extension home economist, says that this will give school girls and working women an opportunity to learn this craft.

All those wishing to attend should register in advance with the County Extension office at the Court House in Warsaw and include \$1.00 registration fee.

Supplies needed are: any color dress shoes, a dull sturdy paring knife, paper clips, few pins, scissors, needle, thread, lining material and bias seam tape and fabric shoes. Good materials to use are velvet, linen, drapery or upholstery. Taffeta and satin are difficult for beginners to use.

The Chicago Motor Club reminds drivers that every school child is a moving traffic sign—warning to slow down and drive with extra care whenever they are in the area.

Bicycle riding can be fun, says the Chicago Motor Club, but also it can be dangerous—especially for those who don't know or don't obey the rules of the road. Bicyclists enjoy the same privileges as motorists, but they also must heed all the basic traffic rules and regulations.

NEWS NOTES from our

County Agent

DONALD E. FRANTZ

The 4-H entomology project can be one of the most interesting and challenging projects that young people can choose in their 4-H work. Many high school freshmen will be making insect collections as a requirement for Biology class. This would be an excellent opportunity to start on the 4-H entomology project at the same time. Kits are available at the Extension office and the minimum requirement is to collect 30 different insects.

Working with insects now might be the beginning of a

career in Entomology in the future. It is a field with good prospects and an expanding future.

CHOSEN QUEEN

Miss Sandra Sue Miller, daughter of Mr. and Mrs. Ned E. Miller, was chosen queen of the I.F.C. Junior Pan-Hill Dance held recently at Purdue. Sandra, who is a Delta Gamma pledge, was selected from a group of girls representing each sorority pledge class on campus.

SEEN ABOUT TOWN

There are several projects going on in our town, and we wonder if you also have noticed—the new sidewalks on the corner homes of Don and Barbara Van Gilder and their neighbors across the street, John and Margaret Miller, — the new room that Russell and Leona Eber are adding on to their home—and next door to them, Bob and Kate Whetstone have about finished their remodeling, which included a new basement and bedrooms added on, and also some touches here and there inside, such as the old brick wall in the living room, (sounds real cozy)—the Methodist parsonage, now that it is started, is really shooting up. The workmen have it all enclosed — Dana and Pauline Starr remodeled their front porch by cementing and adding the wrought iron railing. — Jerry and Joan Secrist are putting Upson siding, painted green, on their home. The shutters add a neat touch. — Markley's Greenhouse is building on more room, they also have their refrigerator for holding cut flowers.

Two items now, along another line — Dale Baker is growing cotton in his front yard. He started the young plants in his trailer and then in April when it was real warm, he set them out. They are now in blossom, and some already have the cotton bolls on. — Ned and Mary Igo and family have enjoyed, since last January, a small potted orange tree, which has had as many as 24 small oranges on it. It is now in bloom, the first since they have had it, with several white flowers. When these die, the center will be the small, green beginning of the orange. This tree requires a lot of water and sunshine, so Mary has been putting it out on the front porch. Drive by and take a peek some day! — These are a few of the things we have observed in our community lately. We enjoyed them. Can you add to our list?

First Aid Class
Offered

Mrs. Scott Flowers, first aid chairman of the Kosciusko County chapter of the American Red Cross, announced that a standard course in first aid will be conducted at the Girl Scout cabin at Center Lake in Warsaw, beginning October 1.

Mrs. George Kauffman, Mrs. Mack Zellers and Mrs. Joe Carlin, Warsaw, will be instructors. Sessions will be from 7 to 9 p.m. on October 1, 3, 8, 10, and 15.

Those interested in the standard course may enroll by calling the Red Cross office, phone 267-5244, or by contacting the instructors.

It is also planned to continue with the advance first aid course which will begin October 22. Mrs. Kauffman, Mrs. Zellers and Mrs. Carlin will also be the instructors for this course to be held at the same place. Sessions will be held from 7 to 9 p.m. on October 24, 29, November 5, 7, 12, and 14.

UNITED FUND DRIVE SOON

It isn't too early to begin working towards United Fund Week, which comes the first of October. Volunteer workers will be calling on you for your support and help. We have already in this issue talked about the Red Cross Blood Program, and the funds to keep this going, come from the United Fund. Let's plan to pitch in with our financial support and also physical help, if called on to solicit. Joe Boggs and Joe Castaldi are the co-chairmen for Mentone.

New Arrivals

Mr. and Mrs. Robert R. Riewoldt, of Box 117, Etna Green, are parents of a 7 lb. 3 oz. daughter, born at 1:04 p.m. Tuesday. The mother is the former Beverly Witham. The maternal grandmother is Miss Lillian Witham, of Plymouth. The paternal grandparents are Mr. and Mrs. Robert H. Riewoldt, of Culver.

Sgt. and Mrs. Jack D. Julian, who are stationed in Germany with the armed forces, are the parents of a daughter, Tonnie Jo, born September 12. Mrs. Julian is the former Sandra Lowman of Warsaw. Mrs. Marie Julian and Clarence Julian, both of Warsaw, are the paternal grandparents. Mrs. Eli Julian of Mentone is a great grandmother to the new girl.

COUNTERPOINT

By The Editor's Wife

There are a few industries which depend almost exclusively on people and their talents—e. g.—advertising firms, architectural firms, law firms, research organizations, and educational institutions. To this list I would add newspapers. We depend upon the activities of the public for our news items, and we depend upon someone to write the items.

Now, one thing is certain—all people make mistakes, but in a newspaper, our mistakes are printed, glaring and unchangeable, for all the world to read.

Other industries turn to automation as the answer to human fallibility. We can say, only, that we are sorry when an error occurs, and ask you to bear with us, remembering your own occasional mistakes, which are known to only a few.

The "rule of eight" can guide you in buying eggs. If the difference in price between medium and large eggs is more than eight cents, then your best buy is the medium eggs.

For you food fanciers—how do these sound? (As shown at the 9th annual National Fancy Food and Confection Show in New York.)

"Chutter" a blend of natural cheddar and pure cream, (loaded with calories but needing no refrigeration) for hot toast, celery, vegetables, grilled sandwiches, baked potatoes, etc.

Semi-candied apricots, peaches, figs and pears from Australia.

Wrapped licorice bits (so small there are 540 pieces to a pound) from Italy.

From the Orient—shark fin soup, sea snail, Japanese noodles (shirathki), sukiyaki with meat, papaya and tunkoo mushrooms.

A pear grown in a bottle (in the Alps, bottles are fitted over the pears while they are very small, and they grow and ripen in the bottle, which is then filled with cider for American markets).

More next week.

Quote of the week.
"Human beings, like other things, need sound foundations and the greatest foundations for human beings are moral."

SKY DIVING BENEFIT
AT GILEAD

A team of sky divers will stage a spectacular show at Gilead, six miles south of Akron, on Road 19, Sunday afternoon at 4:00 p.m. for the benefit of Angela Hartzler.

Members of the Warsaw Sky Divers Club will perform the stunts. Harry Sheetz, Warsaw, is the pilot of the airplane and the divers will be Charles (Chuck) Huffman of Gilead, Bruce Sheetz, and Tom Sumter, Warsaw. Other divers may also perform. They will conduct a free fall for some distance before the parachute opens. Smoke bombs through the air will trace the divers until the chute opens. They will fall from an extremely high distance. It will be quite a spectacle and a thrill for the audience.

A free will offering will be taken in the crowd which will be for the benefit of Angela Hartzler, daughter of Mr. and Mrs. Jerome Hartzler, of near Gilead, who was severely burned last summer from a grass fire at her home. She was hospitalized for many weeks, and several skin grafts will still have to be made. Her expenses were extremely high and the Gilead and Akron communities are having several benefits for her to help with expenses. A large crowd is hoped for Sunday afternoon to see a thrill and help a little girl back to normalcy.

HOW BLOOD PROGRAM
OPERATES

In talking to Mrs. Joe Boggs, who is assistant chairman of all volunteers, we received the following information, which we feel should be re-emphasized to the community.

Anyone who needs blood, may receive it at no cost, although there is a charge by the hospitals for administering the transfusion, but again may we repeat, the BLOOD COSTS NOTHING. When individuals donate blood, they may specify they are giving it in the name of someone they know needs it. That way, when the person needing the blood comes for it, there is already a replacement for what he or she uses. The Blood Bank will be at Grace College on October 11 from 11:00 a.m. to 5:00 p.m., and in Etna Green on November 18. So any one from Mentone can help out there.

MENTONE BASKETBALL
TICKETS GO ON SALE

Mentone basketball season tickets will go on sale beginning Tuesday, October 22. Adult fans will have the opportunity to purchase reserve seat season tickets this year. Adults may also purchase general admission season tickets on single admission tickets if they desire. Adults wishing to purchase reserve season tickets should call EL 3-3665 or should write to the school by no later than October 4.

Many seats will be reserved, but we are not certain that there will be enough reserved seats to meet the demand. Every effort will be made to provide satisfactory seating for both adults and students.

Students will be given the opportunity to purchase general admission season tickets and single admission tickets. Student's season tickets will also go on sale beginning Tuesday, October 22.

With The Sick

Walter Kelley, who last week suffered temporary blindness, is now, with the aid of glasses, getting along just fine. He has returned to work.

Mrs. Ellis Hill has returned home from the South Bend Memorial Hospital, where she underwent cataract surgery on one eye. She is coming along real well.

RECEIVES DISCHARGE

LeRoy Markley officially received his honorable discharge from the U.S. Army at Fort Knox, Kentucky on September 19th. He is teaching English and History at the Grovertown High School.

CALENDAR

DEATON

Mrs. Orien (Stella Marie) Deaton, 62, of Route 1, Mentone, died unexpectedly Thursday evening at her home.

Mrs. Deaton was born at Silver Lake November 7, 1900, to Mr. and Mrs. John D. Gill. She was married December 8, 1933 to Orien Deaton who survives. She had been a resident of Mentone since 1933, moving there from Silver Lake. Mrs. Deaton was a member of the Harrison Center E.U.B. Church and the Friendly Neighbors Home Economics Club.

Survivors, in addition to her husband, include one son, Wilfred L. Deaton, of Claypool; three daughters, Mrs. Gene (Mary) Neal, of Florida, Mrs. John (Hope) Keller, of Indianapolis, Mrs. Ivan (Georgie) Hodges, of Greenfield; three brothers, Wilbur Gill, of Warsaw, Alvin Gill, of Plymouth, Donald Gill, of Valparaiso; two sisters, Mrs. Chloe Shilling, of Plymouth, Mrs. Percy (Ruth) Ring, of Silver Lake; and ten grandchildren.

Funeral services were held at 2 p.m. Monday in the Reed Funeral Home. Burial was in the Claypool cemetery.

DORAN

Mrs. Virgil (Blanche) Doran, 70, of Burket, died of complications following surgery at 11:30 p.m. Wednesday in Methodist Hospital at Houston, Texas, where she had been a patient for ten days.

Mrs. Doran was born April 9, 1893, in Kosciusko County to Byron and Elizabeth (Wood) Eherenman. She was married to

Virgil Doran who survives. A former teacher, Mrs. Doran was active in the civic and social affairs of the Burket community where she had resided for many years. She was a member of the Burket United Brethren Church and the Seward Township Home Demonstration Club.

Survivors in addition to her husband include four sons, Keith Doran, of Warsaw, Dr. Hal Doran, of Indianapolis, Byron and Brooke Doran, both of Burket; one daughter, Mrs. Donald (Della) Schutz, of North Manchester; one brother, Fred Eherenman, of Warsaw, and several grandchildren.

Funeral services were held at 2 p.m. Sunday in the E.U.B. Church at Burket. Burial was in the Palestine cemetery.

NELSON

Services were held on Monday afternoon at Logansport for Ora Nelson, 82, of that city. Mr. Nelson died of a coronary and had only been seriously ill one week.

Surviving are his wife, Celia (Tipton); one son, Deverl Nelson, of Indianapolis; three grandchildren.

Mrs. Fred Swick is a sister to Mr. Nelson and Mrs. Bessie Gross, a sister-in-law. He spent his boyhood days on the Nelson farm south of Mentone, before moving to Logansport.

VANDEWATER

William Curtis VanDeWater, 17 month old son of Mr. and Mrs. G. Curtis VanDeWater, of Route 5, Warsaw, died of complications at 11:30 p.m. Saturday in Lutheran Hospital, Fort Wayne, following an illness of 15 months.

He was born at Warsaw April 23, 1962, to G. Curtis and Patricia (Smith) VanDeWater.

Survivors, in addition to his parents, include his paternal grandmother, Mrs. Reuben Mann of Winona Beach; paternal great grandmother, Mrs. Cleo Corder, of Fort Wayne; maternal grandparents, Mr. and Mrs. Edward Smith; maternal great grandmothers, Mrs. Edward Smith and Mrs. Olive Sellers, all of Warsaw.

Funeral services were held at 2 p.m. Tuesday in the L. J. Bibler and Sons funeral home with Rev. Lavern Skinner officiating. Burial was in the Leesburg cemetery.

MONTGOMERY

Mrs. Maude Montgomery, 77, of Talma, died at 2 p.m. in the Woodlawn Hospital in Rochester, where she had been a patient since last Wednesday, from a heart condition. She had been in poor health for a year.

She was born in August, 1886, in Danville, Illinois, and lived in Fulton County most of her life.

She was first married to Carl L. Miller, and later married Maude Montgomery, who died in 1952.

Mrs. Montgomery was a member of the Talma Methodist Church and the W.S.C.S., and a member of the Tippecanoe River Club.

Surviving are two sons, John E. Miller, at home, and Charles W. Miller, of Talma; one stepson, Lavo Montgomery, of Talma; three daughters, Mrs. Merle (Agnes) Craig, Mrs. Gail (Esther) Matthews, both of Rochester, and Mrs. John (Ruth) Ritter, of Plymouth; a foster sister, Mrs. Paul Blaketon, of Huntington; 10 grandchildren and 17 great-grandchildren.

Funeral services were held Tuesday at 2 p.m. in the Foster and Good funeral home in Rochester with Rev. Howard Tyner, pastor of the Talma Methodist Church, officiating. Burial was in Rochester.

S. S. Class Enjoys Pot Luck

The U-Name-It class of the Burket E.U.B. Church held its September meeting at the Thurlow Shoemaker home in Silver Lake. Every one enjoyed the pot luck dinner, the group singing and the business meeting.

Due to the illness of the president's wife, the vice president, Mrs. Ernest Harrold, had charge of the meeting.

The next meeting will be at the Harrolds in November.

Those present were Mr. and Mrs. O. B. Valentine, Mr. and Mrs. Ray Swick, Mr. and Mrs. Ernest Harrold, Mr. and Mrs. Riley Parker, Mrs. Baum, Mrs. Tucker, Mrs. Mattix, Mrs. Faurote, Rev. Glenn and the hosts, Mr. and Mrs. Shoemaker and Crystal.

Mentone H. D. Club Meets

The Home Demonstration Club met at the home of Esther Sar-

ber on September 12th. Eva Laird was co-hostess.

Eva opened the meeting. All gave salute to the flag, repeated the club creed and sang, "America The Beautiful." Eva gave the meditation. Blanche Whitmeyer read the history of the song of the month, "I'll Take You Home Kathleen." Roll call was answered on something that happened in school. The secretary's report was given by Genevieve Warren. The treasurer's report was given by Minnie Busenbun. Olive Tucker presided with the meeting.

She called on the nominating committee to announce the officers for the coming year.

Blanche Whitmeyer gave the names as Olive Tucker, president; Eva Laird, vice president; Genevieve Warren, secretary; Minnie Busenbun, treasurer.

Gertrude Hill seconded the motion, Melissa Unzicker made a motion the nomination would be closed.

Blanche Whitmeyer, Agnes Rans, Eva Laird, Esther Sarber, Mary Barkman and Helen Weirick have been members of the club for 25 years. We had a silent auction. Club prayer was sung and all repeated the collect. Refreshments were served to 14 members and three children, Melba and Jimmy Smith and Andy Davis. Agnes Rans won the mystery package. Genevieve Warren, Lyndal Vernetto

and Eula Smith received wedding anniversary gifts from cheerio pals.

Olive Tucker, Eve Laird, Genevieve Warren and Minnie Busenbun, officers of the Mentone Home Demonstration Club, were guests of the Thrifty Homemakers Club at Pierceton on September 18.

Seward Home Ec. Club Meets

Demonstration Club met Wednesday, September 11th at the E.U.B. Church in Burket. The hostesses were Mrs. Earl Lowman and Mrs. Robert Miller.

The president, Mrs. Gerald Smalley, presided. Meditation was given by Mrs. Donald Swick. The lesson on landscaping was given by Mrs. Wilbur Latimer and Mrs. Frank Swick. They were assisted with colored slides. A demonstration entitled, "Plastics Live Again," was given by Linda Smalley. The business meeting was followed by the social hour with an auction and refreshments. There were 23 members present and seven members of the Jackson Township Club were guests. The next meeting will be held October 9 at the home of Mrs. Wilbur Latimer.

To Attend D.A.R. Conference

The 63rd annual state conference of the Indiana Daughters of the American Revolution will be held September 30, October 1 and 2, at the Sheraton Lincoln Hotel in Indianapolis.

On Monday evening, Mrs. Frank Smith of Mentone will attend the Indiana State Officers Club dinner. The speaker will be Mrs. Jean Tait, graphoanalyst, of Crown Point, who will speak on "Meet A Celebrity—You."

On Tuesday morning there will be a state chairmen's breakfast with Mrs. Ray Linn of Mentone, secretary-treasurer of the chairmen's association, displaying some of her antique buttons including two Revolutionary War buttons.

Others who will attend on Wednesday from the Anthony Nigo Chapter, will be Mrs. Walter Lackey, serving as delegate, Mrs. James Wells Jr., Mrs. Charles Tucker, Mrs. Ernest Igo, Mrs. Loren Gross and Mrs. Wayne Smalley. Mrs. Smalley, who was chosen outstanding Junior member of the North District in a state contest, will be honored Wednesday afternoon by Mrs. Ira M. Smyrl Jr., state chairman of Junior membership. Mrs. Smalley will also serve as a page.

Zent - Smith

Miss Louise Elaine Zent and Jon T. Smith were recently united in marriage in the First Baptist Church in Mentone. Rev. Francis Rogers, cousin of the bride, performed the double ring ceremony before an altar graced with beauty baskets filled with white gladioli, pale pink carnations and greenery.

White lighted tapers accented the candelabra and palms, while pink satin bows decorated the bridal aisle. Nuptial music was presented by Mrs. Brad Moore, organist. Miss Yvonne Rathfon, Rochester, vocalist, sang "I Love You Truly", "Because," "The Lord's Prayer," accompanied by Mrs. Brad Moore.

The bride, given in marriage by her father, chose a chapel length gown of rayon peau de sioux. The scoop neckline was enhanced with seed pearls and Alencon lace. The fitted bodice was highlighted with tapered sleeves. The dome skirt was enhanced with Alencon lace medallions. The button down back with two self-made roses, fell to a chapel length train.

The bride's handmade Alencon lace crown was trimmed and outlined with tiny seed pearls. The veil was made of pure silk imported English illusion. She wore pearls and a pearl and

gold bracelet, gift of the groom. Her bridal bouquet was an arrangement of white carnations and pink roses with ivy.

Attending the bride were Mrs. Roy Calvert of Akron, matron of honor. She was attired in a street length sheath gown of pastel pink brocade peau de sioux with detachable overskirt accented by a bow at waistline. She carried a crescent bouquet of white and pink carnations. Bridesmaids were Miss Sue Nellans, of Warsaw, and Miss Sue Campbell, of Argos. Their gowns of pastel green brocade peau de sioux, sheaths were styled like the matron of honor's gown, also topped with the detachable overskirt. Their headpieces were matching crowns with silk veils. They also carried bouquets of white carnations.

The flower girl, Christine Rogers, cousin of the bride, wore a dress of pastel pink brocade peau de sioux, styled with cap sleeves and a round neck line and full skirt. She carried a white basket trimmed with pink satin ribbon and filled with pink rose petals. Her headdress was a matching crown with pink ribbon streamers.

Roy Calvert of Akron was the best man. All male attendants were attired in dark suits. Groomsmen were Jim Johnson and Ray Duzan, both of Roches-

ter. James Rogers, Warsaw, a cousin of the bride, was the ring bearer. Ushers were Richard Peterson, Mentone, Jerry Finney, and Carl Rose, both of Rochester. Mrs. John Baker of Bourbon presided at the guest book.

The mother of the bride wore a champaign colored brocade sheath of peau de sioux with brown accessories. The mother of the groom wore a green silk sheath with matching jacket and brown and gold accessories. Each had a corsage of yellow cymbidium orchids.

The reception was held immediately following the ceremony in the church social room. A lovely four tiered wedding cake topped with a miniature bride and groom and bells, graced the table, also to enhance the table was an elegant flower arrangement of white gladioli and light pink carnations with greenery. The room and serving and gift tables were beautifully adorned in white with a touch of pink.

Those serving were Mrs. Kermit Zent, sister-in-law of the bride, Mrs. Richard Miller of Jackson, Michigan, sister of the groom, Mrs. Harold Smith of Kalamazoo, Michigan, and Mrs. Phillip Smith of Jackson, Michigan, sister-in-law of the groom.

Recording the gifts were Miss Sharon Reed of Rochester, assisted by Claudia and Cathy Miller of Jackson, Michigan, nieces of the groom and Susan and Cathy Zent, Rochester, nieces of the bride.

Both are 1962 graduates of Talma High School. The groom is employed with the Sonoco Products Company, Akron. The bride chose a blue knit sheath for their wedding trip in the south. They have established their home in Akron, Indiana.

culturists.

Fertilize all your house plants now. Mix water soluble fertilizer with water and apply as a regular watering. You can buy many different types of water soluble fertilizers at your dime stores or garden centers. Use according to directions on the package. And don't add fertilizer after the end of September or your plants may grow spindly.

Water properly, too. The way to do this job "just right", is to add water when the soil $\frac{1}{4}$ inch below the surface is dry. Stop when moisture starts to drain out the bottom of the pot. If water runs through quickly, the soil is too dry and the water is not soaking in. Wait a few minutes and water again.

And make sure your plants are in a good location to catch the winter sun. Most house plants can use all the winter sunlight they can get. Give African violets lots of light, but protect them from direct sunlight.

Making Compost

Adding compost to your soil is one secret of a good garden, according to Don Scheer, Purdue University extension horticulturist.

Compost enriches soil and encourages its retention of water and nutrients—all to the garden's benefit.

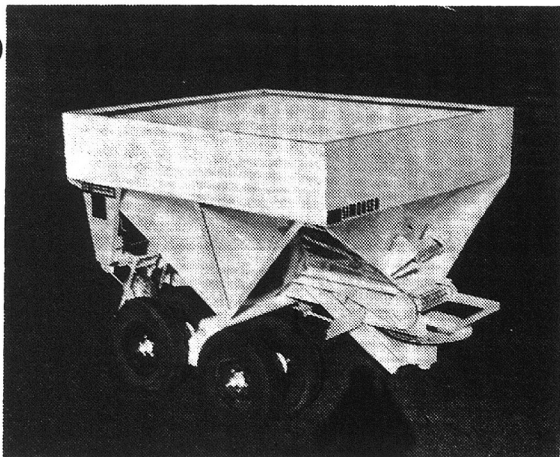

Start by building an open end box or bin in an out of the way section of your backyard. It should be three to four feet wide and three to four feet high; any length will do. Then make the compost in the box by alternating layers of raw organic matter (leaves or grass clippings, for example), fertilizer and soil.

Then sprinkle on $1\frac{1}{2}$ cups of 10-10-10 or 10-6-4 fertilizer per bushel of compact organic matter. Also, add $1\frac{1}{2}$ cups of ground dolomitic limestone per bushel of compact organic matter. Then add an inch layer of soil.

Continue to alternate layers of organic matter, fertilizer and soil, until the pile is three to four feet high.

239 EGGS AVERAGE FROM 259,000 HENS

You hear a lot of "chin music" about results produced by various feeds, regardless of quality, feed efficiency or price. Usually the cheapest feeds claim the best results.

You don't have to listen to "chin music" about results on the Purina Program. Some of us Purina dealers have collected accurate year-long records from 128 Purina-fed flocks. These are the totals:

128 flocks	} 12 to 15 months lay
259,402 birds	
65.7% average production	
239 eggs per bird	
4.35 average lbs. feed per dozen	
4.0 or less conversion on many flocks	

Please note that these are not two or three carefully-picked records. These cover 128 flocks from small to very large. Figure your feed cost per dozen. We believe you'll quickly prove to yourself Purina feeding can cost you less.

Pay us a visit. Let us tell you more about feeding for the Purina Program to help you get more eggs.

THESE RELIGIOUS MESSAGES ARE SPONSORED IN THE HOPE OF
ENCOURAGING GREATER RECOGNITION OF MAN'S DEPENDENCE
IN HIS CHURCH FOR SPIRITUAL GUIDANCE

In The Arms of The Law

Children should be taught to feel that police officers are their friends, friends they can trust and upon whom they may rely for assistance when it is needed. They should never have fear of the police instilled in them by parents or others with threats of "putting" the police on them when they are unruly. This is a bad and common blunder that often, in later life, causes serious consequences. Whatever nurtures love, already planted within a child, should be taught. Whatever replaces love with distrust or resentment should be avoided. One produces positive, the other negative character.

The Church, whose foundation is love, is a great friend of children. Neglect in providing its training is to deny to them an important life essential. Started to church early and being constantly associated with it through regular attendance, children will be aided in retaining the love which "inherits the Kingdom of Heaven."

Talma School News

The Talma School will have an open house on Wednesday, October 2, from 7 to 9 p.m. The main purpose of this evening is to give all school patrons an opportunity to meet with their child's individual teachers and to view the physical aspects of the school.

Parents are asked to meet in the gym, from there they will be dismissed to visit the different rooms throughout the building. Refreshments will be served in the cafeteria at the conclusion of the visit.

The first and eighth grade students at Talma received tuberculin tests this past week. Mrs. Henrietta Ferguson, R.N., was in charge of the testing. Dr. Miller from Akron also assisted in the program.

Dr. Wymond Wilson of Mentone gave all boys interested in athletics a physical examination. This is in accord with the school policy that all boys that participate in sports representing Talma School must have a physical examination.

FRESHMAN

According to the Atomic Age calendar, even the most experienced nuclear scientist is a beginner with a lot to learn. Great strides have been made in the development of atomic power for the generation of electricity . . . but the surface has hardly been scratched.

LOWER-COST ELECTRICITY THROUGH RESEARCH

In recent years methods have been discovered to make a ton of coal produce nearly four times as many kilowatt-hours of electricity as it could in 1920. Because of ample reserves in Hoosier mines, low-cost coal is still Indiana's most economical fuel for generation of electricity. Looking to the future, Indiana's 5 Investor-Owned Electric Companies are constantly researching the latest developments in nuclear power. If the day arrives that generation of electricity through nuclear energy will save you money . . . Indiana's 5 Investor-Owned Electric Companies will build nuclear power generating stations.

Missionary Group Meets

The Be About Missionary group met at the church on Monday evening for their September meeting.

Mrs. Brad Moore gave devotions, reading from Psalms 14-16 chapters, bring thoughts of praise, honor and thanksgiving that we should use each day. A letter of thanks from the Jon Rouch family was read and Mrs. Moore told of their recent visit with them.

The hostess, Mrs. Lee Norris, served home made pecan rolls, punch and coffee to Mesdames David Peffley, Wayne Bowser, Raymond Lewis, Thomas Nunn, Brad Moore, Kenneth Romine.

Mrs. Gates Hostess

The Merry Mixers Home Demonstration Club met recently at the home of Dorothy Gates, with Barbara Smith the co-hostess.

The meeting was opened by giving the pledge to the flag and the club creed. Meditation was given by Arlene Coleman. The lessons on landscaping and diabetes were given by Kay Kindig and Donna Romine. A business meeting was held with the election of officers for the following year. They are: president, Shirley Livingood; vice president, Judy Rickel; secretary, Judy Johnson; treasurer, Helen Good.

During the social hour, Pat Shoemaker gave instructions to several on knitting. The door prize was received by Betty Boggs. Those receiving secret pal gifts were Marita Boggs, Becky Stavedahl, Kay Kindig and Dorothy Gates.

Refreshments were served to 16 members and one guest, Mrs. Walter Smith. The next meeting will be a Halloween party at the home of Susan Whetstone.

COUNTERPOINT, Continued

And basic things are important. The greatest users of language must learn alphabets and words. The greatest musicians must begin with learning the basic notes of the musical scale. They are equally basic things which comprise the foundations of the moral man, among them respect for truth, respect for the rights of others and an attitude of responsibility toward himself and his fellow man. The moral man doesn't lie. The moral man doesn't steal. The moral man doesn't see a value higher than his own reasons for self-respect.

All education, it seems to me, is a waste, unless it strives first to produce a moral man, before it adds on to him the other adornments of what we loosely call culture."

Clifford Ward in "Good Evening."

We enjoyed this:

The teen-ager braked his jalopy to a screeching halt in front of the gas station.

"Do you charge batteries?" he asked.

"Sure do, son."

"Swell," said the boy. "Put a new one in this car and charge it to pop."

Methodist News

Sunday, September 22nd, a conference wide youth rally was held at the Honeywell Auditorium at Wabash. Over 2 000 Methodist youth from the North Indiana district attended.

Bishop Richard C. Raines, of the Methodist Church, spoke on the theme, "Youth Around The World—Seeking Freedom."

Those attending from Mentone were Mr. and Mrs. Max Hostetler, Dave Hostetler, Jane Hostetler, Robert Adams, Vivian Hurst, Beverly Hurst, Cindy Ellsworth, Susie Cole, Jennie Bryan, Diana Sarber, Patty Smith, Mr. and Mrs. Gene Sarber, Mrs. Lucy Hurst, and Rev. and Mrs. Campton.

The Intermediate Methodist Youth Fellowship earned over \$100.00 at their recent ice cream social. This money will be used for camp next summer. The

group voted to contribute \$10.00 to the new parsonage.

A hayride and wiener roast has been planned for next Saturday evening.

The new time of meeting for the Intermediate M.Y.F. is on Sunday afternoon, 4:00 p.m., instead of Tuesday as in church ad.

For a cook-out dessert, alternate dates and marshmallows on a stick, toast over the coals, suggest food specialists at Purdue University.
