## CLEOTUS D. UTTER

Dr. Dean K. Stinson, Fulton county coroner, rendered a verdict of suicide by a self-inflicted wound in the death of Cleotus D. Utter, 34, which occurred at 2 p.m. last Thursday at Woodlawn Hospital. Utter shot himself in the left temple with a .22 calibre revolver around 8:30 a.m. Thursday at his home, 1008 Bancroft avenue, Rochester.

He had been a resident of Rochester for the past eight years, moving there from Akron. About a month ago he purchased the Shell Filling Station at 516 North Main street from Howard Summers.

He was born Feb. 9, 1920, to Harley and Gertrude (Johnson) Utter in Henry township. On Sept. 21, 1941 he was married to Helen Elliott.

Mr. Utter, who graduated from Akron H. S. in 1939, was one of the outstanding players on the Akron basketball team. He served in World War II from July, 1942, until November, 1945, with Company F of the 318th U. S. Infantry. In 1944, he was wounded in action in France. Mr. Utter was a member of the Eagles Lodge of Rochester.

Surviving are his wife and two sons, Marvin and Roger, at home; his mother, Mrs. Gertrude Utter, Akron; four brothers, Wilburt and Harold, both of Mentone; Dean, Athens and George, Plymouth; one sister, Mrs. Josephine Sanders, Rochester and several nieces and nephews. His father and one son preceded him in death.

Funeral services were held at 2 p.m. Sunday at the Moyer-Hauptert funeral home Akron. Rev. Daniel L. Slaybaugh was in charge of the rites. Burial was in the Akron cemetery.

## LOCAL RESERVE OFFICERS

## WIN PROMOTIONS

Col. John R. Flynn, of Fort Wayne, commanding officer of the 9130th air reserve group, has announced the promotion of 13 officers in the organization, including three from Kosciusko county and one from South Whitley.

John Boggs, Mentone was promoted from major to lieutenant colonel and Jack C. Cluen, Warsaw, and Miles L. Manwaring, Mentone, and Ray L. Walton, South Whitley, were promoted from captain to major.

Donald VanGilder, Mentone, was also promoted from major to lieutenant colonel in the U. S. Army.

RETURNED MISSIONARY  
TO SHOW FILM

Dr. Jon Rouch, Medical-missionary to French Equatorial Africa will show colored pictures and have charge of the 7:30 Sunday evening service at the Mentone First Baptist Church April 11. The public is invited to attend. Dr. and Mrs. Rouch and two young daughters have recently arrived from Africa on a year's furlough.

Dr. Rouch is the Surgeon of the trio of doctors who are building a hospital at the Mission Station near Ippy, French Equatorial Africa. The pictures will show the progress and development of the hospital from the cutting of trees, hand-sawing of beams and boards, the making of bricks, to the completion of one unit. Other interesting incidents in the lives of these missionaries will be shown, including the hunting of antelope etc.

Last Sunday evening the young people's groups of the church had the privilege of witnessing an amusing, but true conversation between Dr. Rouch and a "native patient" and seeing firsthand how difficult it is to get the natives to get to the point of explaining their ailments and follow instructions correctly in taking medicine.

The Rouchs will be leaving Monday for Fowler, Indiana to visit Mrs. Rouch's parents, Mr. and Mrs. M. W. Harwood. From there they will go to Wayne, Michigan. They will be back in Mentone the latter part of April for another short visit with Dr. Rouch's mother, Mrs. Caddy Rouch.

Dr. Rouch plans to take further study in surgery while on furlough and has been offered a residency at the Santa Rosa Hospital, San Antonio, Texas. After 6 months of training they will do deputation work and prepare for returning to their mission field in Africa.

## BALMY DAYS

One Mentone citizen dashed into our office Monday and wondered if I had my camera. It seems Curt Riner and Lloyd Summey were helping Mrs. Boganwright's grandson fly a kite. After rescuing the thing from a few trees and then an electric power pole—a couple of hours of fun—the boys decided to take up something a little less strenuous.

## MRS. GREULACH DIES

Mrs. Richard Greulach, aged 68 years, passed away at 5:30 p. m. Wednesday at her home in Mentone. She had been in poor health for many months.

In addition to the husband, she is survived by two sons and a daughter, Richard Clair Greulach of Mentone, and Maurice and Thais Greulach of Fort Wayne, and one sister in Ohio.

Funeral arrangements have not been announced at this time. The body has been taken to the Johns Funeral Home at Mentone.

## SPECIAL SPEAKER AT P. T. A.

Parents will hear another very fine speaker at the P. T. A. meeting next Wednesday evening, April 14. He is Dr. John Uayhinger, Counsellor at the adult and child guidance clinic, South Bend.

Why not plan to attend this meeting?

## CLUB CALENDAR

J.O.Y. Circle will meet for breakfast at the church April 13th 9 a.m. Please bring coupons.

The W.S.C.S. of the Methodist Church will have a Lenten Sacrificial Breakfast in the church dining room Tuesday April 13th at 9 a.m. All members and friends are cordially invited. There will be special music along with a book review given by Miss Frances Sharp of Warsaw. Please bring Treasure Chests if you have not already turned them in to the treasurer.

The Jolly Janes Home Demonstration Club will meet with Mrs. Robert Parker on Monday, April 12 at 8:00 p.m. Annual plant, seed or bulk exchange. Do not forget to bring a recipe for the County Chorus Cook book.

Merry Mollys Home Demonstration Club will meet with Mrs. Ed Smelser, Monday evening, 7:30, April 12. Don't forget your favorite recipe and seed and bulb exchange.

Mothers of World War II, Unit 106, will meet at the home of Mildred Fawley Monday evening, April 12, at 7:30.

The Legion Auxiliary will meet at the Legion home, Tuesday evening, April 13 at 8 o'clock.

P.T.A. Wednesday evening, April 14, at the school building. Special speaker:

## BAXTER - GRUBBS

Pfc Dollie Grubbs, daughter of Mr. Peter Grubbs of Mentone and Philip A. Baxter, son of Mr. and Mrs. Alfred Baxter of East Barrington, New Hampshire, were united in marriage at the army chapel at Fort Sam Houston, Texas, March 12.

The candlelight service was performed by Chaplain William Brown.

The bride wore a gown of white lace and tulle over taffeta. The bodice was strapless and was covered by a short-sleeved jacket. She wore quantlets of lace which tapered to points over the wrists. The bouant shirt was floor length. Her fingertip veil of sheer illusion was caught to a Juliet cap. Her bridal bouquet was of white carnations.

The matron of honor was Mrs. Robert Hayes and brides maid was Pfc Minnie Pete.

Best man was Mr. Charles F. Bryson of East Barrington, N. H. and groomsmen was A2/c Gilbert O'Henry.

A reception was held at the home of Sgt. Elmer L. Woodruff.

A wedding trip was spent in Indiana and Barrington, New Hampshire.

## EBERS BUY OLD GYM BUILDING

Mr. and Mrs. Russell Eber, of Mentone, purchased the old community building that has served as a gymnasium for the Mentone school for many years. The building and two lots were sold at auction Saturday afternoon. The price was \$6,000.00.

Mr. and Mrs. Eber operate a wood products manufacturing plant in Mentone and they expect to use the building for storage and factory space.

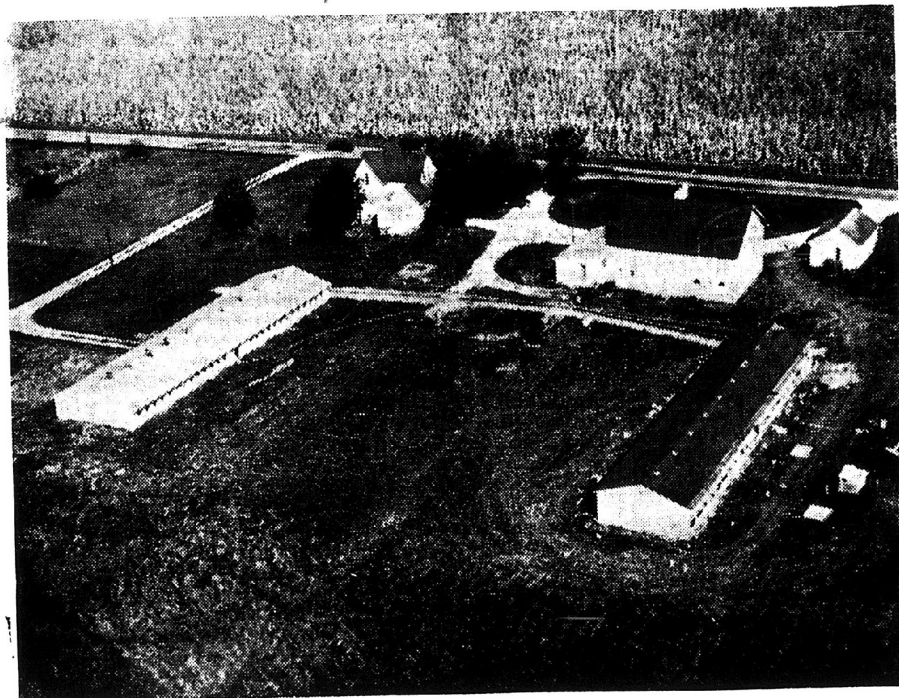

## ANNIVERSARY DINNER ENJOYED

Members of the Mentone Reading Club enjoyed a special meeting last Wednesday evening, March 31, in honor of the 20th anniversary of the club. A lovely dinner was served at Art's Cafe in Warsaw at 6:30, following which the ladies attended the Style Show in the high school auditorium.

Mrs. Howard Scott, chairman of the Style Show, had reserved seats for the twenty some members.

The committee in charge of the dinner was: Mrs. Jack VanGilder, Mrs. Fred Lemler, Mrs. Oliver Teel and Mrs. Virginia Peterson.

# DO YOU RECOGNIZE THIS SET OF FARM BUILDINGS?

## WHOSE FARM IS THIS?

Can you identify the farm pictured above? This is another of the farm pictures to be printed in the Co-Op. News, and as no one knows whose farm it is, can you help identify it? There's no prize to the first to tell us whose farm it is, but it is interesting to know who will be first in reporting the information to this newspaper.

Call, phone or write us if you believe you know the farm.

The farm pictured in our last issue has been identified as that of Elmer Dickey, of southeast of Mentone. As yet Mr. Dickey hasn't called for his free picture of the farm.

Those who called and identified the farm as that of Mr. Dickey's were: Orven Heighway, Dick Boganwright, Lester Bruner, Elmer Hoffman and Merl Harrold.

The farm pictured in our March 24 issue was identified as that of Mr. O. B. Deaton, but to date Mr. Deaton hasn't called for his free picture.

## TAX REDUCED ON

### TELEPHONE TOLL-RATES

Mr. I. W. Belle, Commercial Manager at North Manchester for General Telephone Company of Indiana, said today that the new excise tax rates on telephone service effective April 1 will provide a considerable savings for all telephone customers.

Mr. Belle said that in 1953, General Telephone Company of Indiana paid taxes of \$1.7 million and in addition collected from its customers and turned

over to the federal government \$1.4 million in federal excise taxes. Based on the average number of telephones in service this amounted to \$14.50 in federal excise tax per telephone per year. About \$7.50 of this was for local service and \$7.00 for toll service, most of which was taxed at the 25% rate.

At the new excise tax rate of 10% on both local and toll billing Mr. Belle estimated that the average saving per telephone would approximate \$7.00, or over \$800,000 for all company telephones, based on the company's last year's statistics. Mr. Belle said that all telephone bills dated on or after April 1 will reflect the new excise tax rates.

According to a nationwide survey conducted last year by the American Institute of Public Opinion, the excise taxes on telephone calls are the most disliked by the public of all the excise taxes levied.

The relatively high excise taxes on telephone service have long been a subject of controversy. The first federal tax on telephone service was imposed with enactment of the Revenue Act of 1932. This act imposed 10c to 20c tax, levied progressively on calls for which the charge was from 50c to \$2.00 and over.

In 1941 the 50c taxable toll charge minimum was reduced to 25c and the 20c maximum tax was removed. In addition, a 6% federal tax was levied on local service billing. Effective with the enactment of the Revenue Act of 1942, the federal excise tax on local service billing was raised to 10%, and a 50% excise tax was levied on all toll

calls for which there was a charge of 25c and over.

In May 1944 the excise tax on tele-

phone service was again raised, and for the past 119 months the public has been paying a 15% excise tax on local service billing, a 25% excise tax on toll calls charged at 25c or over, and a 15% tax on toll calls charged at less than 25c.

"The reduction in the excise tax on telephone usage is the culmination of years of effort by the public and the telephone industry to maintain the telephone in its rightful status as a service that is essential to our American way of life," said Mr. Belle.

## IT'S NOT TOO LATE TO TOP DRESS WHEAT

Some Hoosier farmers have had to delay applying nitrogen fertilizer as spring top dressing for wheat because of slow delivery of materials or because their fields were too wet for equipment. Consequently, say Purdue University extension agronomists, these farmers may be wondering just how late the job can be done and still give good results.

To get the answer to this top dressing problem, the Purdue agronomy department has conducted experiments over an 11-year period on the former Soils and Crops Farm near Lafayette. Here's what they've found.

Increases in wheat yields from March 20 and April 20 applications run a-

bout the same, with slightly less response for May 5 applications. Nitrogen top-dressed in late May gives only about one-third the increase of the earlier applications.

These results should encourage farmers to apply nitrogen fertilizer on wheat any time in April in the latitude of Lafayette, or north in the state. South of Lafayette, where the season is normally earlier, the latest date would be mid-April in the southern-most countries, to around April 20 in the latitude of U. S. highway 40.

However, if soil conditions permit, there's no reason for a farmer to wait any longer to apply nitrogen. The same applies where an analysis such as 10-10-10 or 12-12-12 is used. The principal benefit to the wheat from such analyses comes from the nitrogen in the mix-

ture. The returns from the phosphate and potash will have to come very largely from improvement to the new seedlings or other crops following in the rotation.

How much good does top dressing do? Purdue agronomists say farm demonstrations conducted throughout the state for the past seven years have shown an average increase of 6.1 bushels per acre from top dressing 25 lbs. of nitrogen per acre (amount contained in about 80 lbs. of 33 percent ammonium nitrate).

## CATTLE FEEDERS' DAY AT LAFAYETTE APRIL 23

Hoosier cattlemen should be sure to mark Friday, April 23, on their calendars as the date for annual spring Cattle Feeders' Day at Purdue University.

Three years of Purdue cattle feeding research with grass silage have led up to this year's annual get-together. This work has shown rather conclusively that grass silage can put better than two pounds of gain daily on steers, provided it's fed with a supplement and a limited amount of corn.

Purdue experiments have also revealed, says Dr. W. M. Beeson, animal nutritionist, that steers will gain very slowly on grass silage which is not properly preserved or supplemented when fed. Beeson will be on hand during the morning program at Cattle Feeders' Day to explain the nutritional limita-

tions involved in feeding grass silage made without a preservative.

The morning session will start at 10:00 a.m. at the Cattle Experimental Barn with Claude Harper, head of Purdue's animal husbandry department, serving as chairman.

Dr. T. W. Perry, Purdue animal nutritionist, will lead off with a discussion of the use of antibiotics, molasses solubles and yeast in cattle feed supplements. Martin Mohler, animal husbandry staff member, will tell how to supplement corn silage and grass silage to put good gains on fattening cattle.

Cattle feeders will move to the Livestock Judging Pavilion in the afternoon to hear the 1954 beef cattle outlook from John Swickard, experienced cattle salesman for the Chicago Producers Commission Association.

Hobart Creighton, Warsaw, president of the Indiana Cattle Feeders' Association, will preside over the final part of the program.

Purdue animal husbandry extension specialists W. T. Anderson and Henry Mayo will talk respectively on "Production of Feeder Calves," and "Fattening Cattle on Pasture." Anderson's address will deal with the growth of the feeder calf industry in the state. Both reports are based on data made possible by Hoosier farmers in the cattle business.

**TRENCH, STACK SILOS  
COVERED IN BULLETIN**

If you're a farmer who is producing increased amounts of roughages to keep pace with an expanded livestock program, you may be up against a storage problem — one which you can solve by the use of trench or stack silos.

They are inexpensive to build and will increase the storage space available without too much money or labor. However, they should be designed so that mechanical equipment can be used in storing the material and removing it for feeding. This is an important labor saving device in feeding livestock.

Members of Purdue University's agricultural engineering department have prepared a publication which gives complete information on how to build and use trench and stack silos. The publication tells what size to use for the number of animals to be fed, how to fill the silos, how to seal or top them and how to unload silage.

A series of line drawings show how to do the job, and exact specifications are given for building the silos.

You can get a free copy of this publication, "Trench and Stack Silos," from your county agent.

**INDIANA FARMERS  
LIKE TO GO PLACES**

Because the desire to travel is becoming widespread among Indiana farmers, Mrs. Russell Cushman, Fortville, director of the social and educational department of the Indiana Farm Bureau, announces that her department will sponsor a short trip through the Smoky Mountains in June.

Leaving June 22 and returning June 25 the Smokyland Special will carry the Hoosiers over the territory which made history in Civil War days and has now become one of the noted resort areas of the South.

This rail trip and one by rail and boat into French Canada in August will both be conducted by the farmer-owned Hoosier Travel Service. The Canadian trip will leave August 12 and return August 20.

Speaking of the value of travel, Mrs. Cushman said, in making the announcement, "There is nothing as effective as travel for adult education. The farm people of Indiana appreciate this opportunity to see more of their country."

For the more ambitious travelers, the

## tying the nation together

Distance means nothing to your telephone.

Lift your receiver... you talk with Aunt Carrie around the corner or a business associate across the country. So quickly, easily you take the magic of your telephone for granted.

To bring you this great service, General Telephone System, of which we are a part, has invested hundreds of millions of dollars. Yet the cost of that service to you represents only a small part of your monthly budget.

What else costs so little yet does so much so well?

## General Telephone Company of Indiana, Inc.

## Republican Voters of HARRISON TOWNSHIP:

As a candidate for the Republican nomination for TRUSTEE of Harrison Township, subject to the Primary Election on May 4, 1954, I submit my qualifications and background for your consideration.

- ◆ My family and I live on our farm northeast of Mentone. I was in business in Mentone for 6 years and have been a farmer for the past 8 years in Harrison Township. From such experience I am aware of the needs of both the businessman and farmer in our Township, and I firmly believe that knowledge of the problems in our township and willingness to work hard are important attributes of a good Trustee.
- ◆ I support the principles of the Republican party and recognize my responsibility to promote good government. I have been a Republican precinct committeeman for the past 2 yrs.
- ◆ I was in the Army 33 months in World War II.
- ◆ My wife, Louise, and I are the parents of two children, and we are of course very interested that our children be provided with good educations and good school facilities here in Harrison Township. I have driven a school bus in our township for 7 years.
- ◆ If elected as Trustee of Harrison Township I will treat everyone fairly and impartially, and I will work hard to make Harrison Township one of the best townships in Kosciusko County.

Your support will be appreciated,

**ALBERT M. TUCKER**

Candidate for the Republican Nomination for

HOME OR FARM...

BUY NOW WHILE OUR PRICES ARE LOW AND YOU'LL HAVE THESE ITEMS WHEN YOU NEED  
THEM MOST.

## GARDEN HOSE

Rubber and Plastic, 25- and 50-ft. lengths  
Bulk Hose in 250-ft. rolls. Can be cut to any  
length you desire.

## POWER LAWN MOWERS

Both Reel and Rotary Type. See the new reel  
mower with self-propelled drive.

## GARDEN TOOLS

Leaf and Garden Rakes  
Hoes and Weed Cutters,  
Pruners, etc.

## STEP LADDERS

4, 5 and 6 foot. Be sure to have one or more to  
make that spring cleaning job easier and  
less dangerous. Buy it now so you'll have  
it when you need it.

## PAINTS AND SUPPLIES

New shipment of paints, turpentine, thinners,  
brushes, etc. Everything you need to "dress  
up" the home or farm buildings.

## SCREEN DOOR GUARDS

Metal type. We couldn't supply the demand  
last time. A great protection to the screen  
wherever there are small children or pets  
about the home.

## HOSE CARTS

Just the thing to use not only to neatly store  
garden hose, but so easy to move the hose  
from place to place as needed. All metal  
and easy to handle.

# Co-Op. Hardware

## 4-H CLUB CHATTER

By Ruth Snellenberger

Dear 4-H'ers

This week I'd like to chat about a 4-H home economics project added within the last five years to the five basic projects — baking, clothing, food preparation, food preservation and home improvement.

This relatively new project is crafts. Certainly this is an enjoyable one in which talents in use of color and design could be developed. Because crafts do not directly contribute to home-making activities it is a policy in this county that 4-H members enroll in one of the basic five projects in addition to crafts.

To date there is no instruction bulletin for the crafts project from the State 4-H Club Office — only a mimeographed record book. There are available, however, from our County Extension Office mimeographed sheets of instruction on textile painting, spatter painting, block printing, candlemaking, glass etching, felt work, hair pin lace, Italian drawn work or hemstitching,

modeling in metal, Swedish darning, and weaving. These may be had for the asking.

A few of the suggestions of the standards committee I'd like to pass on to you. One was to "read carefully and follow the project requirements and stay in one group. If you take one craft in group II — all three must be in group II." Be sure to indicate in your record book what year in which group you are enrolled in. An older girl should begin in the year and the group which challenges her to learn something. Thus she need not begin with year 1, group I.

In regard to textile painting, the "tube paints will be acceptable but should be more than just an outline." This gives 4-H members an opportunity to express oneself and develop abilities.

"In 'embroidery, three articles are to be done — mixed if you desire as to kinds. That is, one article of the three might be Swedish darning, etc."

For any other suggestions of the standards committee the entire list can be found in the composite standards for all projects which each 4-H home economics family has.

At a recent adult leaders meeting there was a display of several designs

in articles. Some points emphasized were that good decorative design follows or emphasizes the structural lines; that a vari-colored crocheted edging on an embroidered article vies for attention thus proving that a white simple edging or plain hem would have been better; that a textile painted bath towel was shown to be an example of a design interfering with practical use of the article.

Yes, crafts can be done. In fact, usually 4-H Camp is a good place to learn new crafts. Are you planning to attend camp this year?

G'bye now.

## WORD FROM JIM MOLLENHOUR

Somewhere in the Med.  
April 1, 1954

Hello Art,

Well I guess its about time I was getting around to writing you again to let you know how things are going in this part of the world.

I'm sorry I didn't get to talk to you any longer than I did at New Years time but I was only home for about 3 days and there's too much one wants to do in so short a time.

We've had a fairly good cruise so far this year, however time is moving too slow.

We've hit the following ports so far this year: Gibraltar; Algiers, Algeria North Africa; Augusta Bay, Sicily; Toronto, Italy; Salonika, Greece; Athens, Greece; Canves, France; and Marseilles, France. We've now headed for Baulona, Spain and will drop the hook there the 5th or 6th of April.

I've been on Shore Patrol so far this cruise until today when I was relieved of those duties and placed on the Master at Arms Force. The best way I know to explain my new duties is that it is something like a ships police force.

I first ran into Jack Younce of Atwood shortly after the squadron came aboard the Midway in Cuba before Christmas and now I see him quite frequent. It sure is nice to see someone from home once in a while.

I was in Radar school in Baltimore, Maryland for 6 weeks during July and August and then went back to my squadron at Jacksonville, Florida. We (the squadron) left Jax Oct. 5 and spent a month training at Boca Chica Field (N.A.S. Key West, Florida) and from there to Leeward Point, Cuba where we later boarded ship. We lucked out however and spent two weeks at Jax over Christmas time, then I was home for a brief stay and reported back to the ship at Norfolk, Va.

I'm not sure when we hit the states again as we hear a lot of talk (scuttlebutt its called in the Navy) about where we're going and when we're coming home. As near as I know now it will be between June 2 and July 2.

I'd like to thank you again for sending the paper to me, it takes longer to get clear over here but its still wonderful to read about whats going on back in Mentone, the egg basket (I sure get teased about that a lot).

I'd like to extend my congratulations to the ball team and think it was a good job well done.

Thanks again,  
James A. Mollenhour AT-3  
304-12-05  
UP-31 %P. P. O.

# OPEN POULTRY AND EGG BUYING STATION

Wayne Nellans has opened a poultry buying station at North Manchester. Ken Dolan is in charge there.

## NOTICE TO DOG OWNERS

A town ordinance, passed June 7, 1950, prohibits the running at large of any dog that does not carry a tag certifying that the animal has the proper rabies shot within the preceding one year. There is also an ordinance that prohibits any dog from running loose on any property except the owner of the dog.

Penalties are attached to both such ordinances.

The town has no proper place to impound stray animals, and if the owner is not known, the only alternative is to dispose of the offending animal.

Easter cards at Brown's Jewelry, Gifts and Appliances, Mentone. 1c  
Mr. and Mrs. Howard Horn and family and Mr. and Mrs. Grant and family were Sunday dinner guests of Mr. and Mrs. Pat Kehoe.

## PALESTINE BUSY BEES MEET

The Palestine Busy Bees met at the home of Mrs. Dale Wiltrout, Tuesday night, April 6, with seventeen members present and four children. We are very glad to have a new member, Mrs. Orval Secor.

Mrs. Albert Tucker read the meditation and gave the lesson Safe Reducing with Mrs. Zanna Hammer assisting. Mrs. Earl Bruner, Jr., the president also had program planning for us to plan on for another year, many suggestions were given her.

Plans are being made for the Home Economics club camp at McClure Lake which will be held in July.

It was announced our club is to exhibit at the fair with the topic of "Into the Freezer and Out."

The hostess served delicious refreshments with Mrs. Rollie Surguy assisting. The next meeting will be at the home of Mrs. Albert Tucker on May 4.

## WRONG NAME USED

We've been advised that one name given to us of the talent night winners last Wednesday night, is in error. We used the name "Carol Jane Fanning" and it should have been "Nancy Fanning."

Mr. and Mrs. Donald Blue and son of Elkhart and Mr. and Mrs. Ralph Baker and family of Bourbon were Sunday dinner guests of Mr. and Mrs. Pete Blue, Mr. and Mrs. Arkie Yazel and daughters called in the afternoon.

### TOWN RENTS TRASH DUMP

The Mentone town board has completed arrangements with Phillip Whetstone at Palestine whereby the citizens of Mentone can dispose of ashes and trash.

The privilege is merely for the citizens of Mentone, and only trash that can be easily covered will be accepted. Garbage dumping is prohibited.

Starting Monday, April 12th, a town truck will make regular garbage collections on each Monday and Thursday. Garbage must be in sanitary covered garbage cans, and placed in such a place that they can be easily seen from the alleys. (There may be instances where such an arrangement is not suitable, and those cases will have to be solved individually.) William Schooley will be in charge of the garbage collection and it is anticipated that collection will start about six a. m. each pickup day.

Starting Tuesday, April 20th, the town truck will also collect tin cans. The collection will not include paper, trash, ashes, etc., but merely the trash that normally accumulates from the kitchen.

Trash collections will be made each first and third Tuesdays of the month. Trash must be placed at the curb, in proper containers, in front of the residence.

### INTERNATIONAL FRIENDSHIP GARDENS TO OPEN

The Nineteenth Annual Opening for the International Friendship Gardens will be May 9, when "TULIPS ON PARADE" will have on display hundreds of thousands of tulips.

The winter weary may get their breath of Spring as May comes all abloom with tulips, flowering trees, lilacs, red bud, dogwood and azaleas in a most colorful array.

This enterprise which was born at A Century of Progress in 1934, is now the pride of the Central States as a place of floral beauty, giving thousands an opportunity to roam the 100 acres that are nestled quietly in Trial Creek Valley.

This area was once a wild animal haunt which attracted the Indians, and later became the camping grounds for the Pottawattomie tribe. It was here that Father Marquette first preached to the Indians in 1675. Today, it is world renowned for beauty representing the Nations of the World.

### GIRL SCOUT NEWS

We opened our regular meeting with the pledge to the American flag, promise and laws. The minutes were read and approved. Our badge presentation date will be April 27, at 7:00 p.m. at the Mentone School Cafeteria. We voted to have our meetings on Monday at 3:30 p.m. from now on. The meeting was adjourned.

Sue Fenstermaker, Sec'y.

### METHODIST CHURCH NEWS

Holy Week Services will begin with the Palm Sunday service and baptism of children at nine-thirty on April 11. The Bible Hour will be at seven o'clock, and each of the week-night services, except for Wednesday evening, will be at seven-thirty.

Holy Communion will be observed on Thursday evening, and the Good Friday Service the following evening. The Annual Easter Sunrise Service and Breakfast will be at six o'clock, April 18. The Easter Worship Service will be at nine-thirty.

The women of the church are holding a Sacrificial Breakfast at nine o'clock on Tuesday morning, April 13. All the women of the community are invited to this service. An additional announcement appears elsewhere in the Co-Op News.

A request has been made for the Junior Choir to sing at the Sunrise Service. Rehearsals will be held after school on Thursday of this week, Tuesday, and Thursday of next week. Boys and girls of grades three through six are invited to participate.

A meeting of the Pastoral Relations Committee and Committee on Ministerial Support will meet on Sunday evening following the Evening Service. This is in preparation for the Quarterly Conference which will be held on Tuesday evening, April 27. The hour of the potluck supper which will open the Conference is set at 6:15 p.m. Dr. Thurman Morris, District Superintendent, will preside at this annual meeting. A composite report of the year's work will be made to expedite the business session and allow time for an inspirational and devotional message by Dr. Morris.

### WORD FROM BERLIN

Berlin, Germany

Dear Editor,

I have been receiving the Mentone Co-Op News and I want to thank you as I enjoy it very much.

It is interesting to me to read and know all the news in and around Mentone.

I have been over here since October and it sounds as if our winter here was very much like it was back home. The weather is getting nice now so I think spring will soon be here.

Thanks again, as ever,

Pfc. Robert Mattix

# LIONS HEAR TALK BY A FORMER ALCOHOLIC

The Mentone Lions Club met Wednesday evening in the school cafeteria with a fine attendance. The program, arranged by Russell Eber and Dale Kelley, proved to be highly interesting. A gentleman from South Bend, who, according to the preference of the organization which he spoke so highly of and also his personal feelings, prefers to remain anonymous, gave a very interesting talk on why he became an alcoholic and then how he managed to find a new incentive to live and find happiness.

It would be almost impossible for your editor to tell the story as it was brought to the Lions members, but as briefly as possible, I'd like to mention some of the things which he gave us.

Orphaned by the death of his mother during the 1918-19 flu epidemic, he was placed in an orphanage. Although the officials of the orphanage were fine people, he soon found, as a child, that something was wrong in his life. He felt like a social outcast—could not find a place in other groups or in what others were doing. He was fearful of others, and tried many ways to gain attention. He ran away from the or-

phanage, and subsequently resented all form of discipline. In school he took to heart every statement that other boys and girls take in stride. He was incorrigible in school, doing the sensational so he would be considered the "big shot" or the "brave" one instead of the "pansy."

From school he emerged into the "tough" gangs and liquor. He claimed he was an alcoholic before he ever took a drink. Something in his life was missing and he just had to find the answer. He didn't fit in parties because he couldn't get along with the others. A fight often focused attention upon him even though he usually was the one to take the beating. In the course of time, liquor seemed to give him release and he found himself the life of the party. This era soon disappeared as he soon became the drunken bum and cast aside—so he found his only associates would be the continuous drinkers. This soon developed to the place where he was mean, irritable, and soon introduced him to jail cells. He would drink for days, become sick and broke and then seek some place for relief, which was usually the jail. He became involved in debt and then couldn't keep a job. Each drunk he preferred not to sober up because inwardly he knew he would have to face reality once more.

The fateful night was when, in a disreputable state, he was eating in a restaurant when two well-dressed and well-to-do-appearing gentlemen came in. He compared himself with them while hate and anger swelled within him. He ended up starting a fight with them and landed out in the street. After a while the men came out and worked him over again. He sat there, drunken and bleeding, waiting for a car to come along so he could fall under the wheels and seemingly end it all. No cars came so he started for his brother's home where there was a shotgun he hadn't sold yet. However, before he could shoot himself, he began blaming the two men for his condition. Instead of shooting himself, he went after the men and killed one. He ended up with a life sentence for murder.

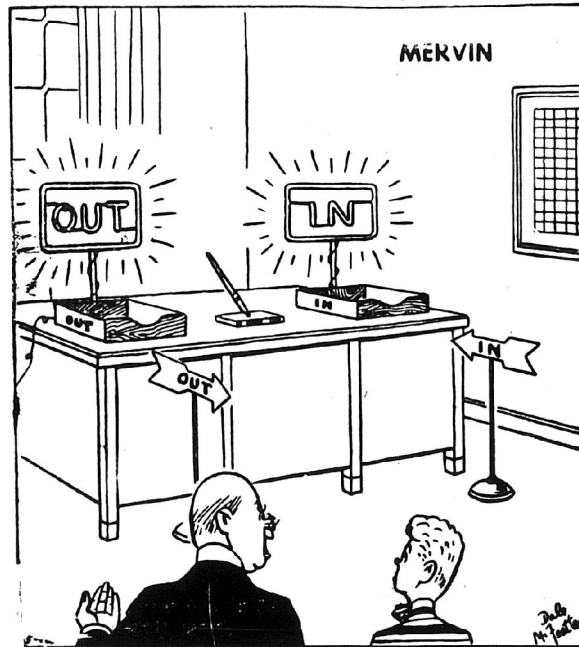

After about six years in prison two men from Alcoholics Anonymous visited the prison and he was impressed. He was soon convinced that he was an alcoholic and must seek the aid of a higher power to lift himself. He must listen to others and then tell others that they might share similar burdens. He realized others had the same problems he had and that he had to forget his selfish battle and try to help others.

From that day, life seemed to mean something to him. He was given different jobs in the prison, and was soon chauffeuring for the warden. Christmas last year he was given a pardon. Today he says there isn't a man in the world happier than he.

## Make your own "proving ground" test

The new 1954 Chevrolet Bel Air 4-door sedan. With 3 great series, Chevrolet offers the most beautiful choice of models in its field.

...and we know this is what you'll find

**Chevrolet is out ahead  
in powerful performance**

You can easily tell the difference between engines when you drive—and the difference is all in Chevrolet's favor! That's because Chevrolet's great engines deliver *full horsepower* where it counts—on the road. What Chevrolet *promises*, Chevrolet *delivers!*

**Chevrolet is out ahead  
in economy**

There's new power, new performance and new economy in both 1954 Chevrolet engines—the "Blue-Flame 125" in Powerglide models and the "Blue-Flame 115" in gearshift models. And they bring you the highest compression ratio of any leading low-priced car. That's why they can deliver a big gain in power, acceleration and all-around performance, along with important gasoline savings!

Year after year more people buy  
Chevrolets than any other car!

**Your test car's ready now...** We'll be glad to have you compare the smooth, quiet performance of this new Chevrolet with any other car in its field. Come in and put it through any kind of "proving ground" test you care to, and judge its performance for yourself. Your test car's ready now and we hope you are, too.

#### UNITY NEEDED

##### TO STOP THISTLES

Spiny-leaved Canada thistle doesn't have to work hard to live up its reputation as one of Indiana's most troublesome weeds.

"Few other weed pests are so specially equipped for spreading over the earth as this one," observes Oliver C. Lee, Purdue University botanist. "Canada thistle is a double threat to Indiana farmers because it spreads by both seed and root parts."

Thistle root stalks are known to creep

out in all directions beneath the soil, and each year new plants emerge from the surface to enlarge on the existing thistle patches in a farmer's field.

Basically, that's how the purple to white flowered weed spreads in one location, but it's not the whole story.

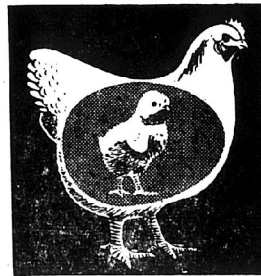

The farmer himself lends the noxious weed a hand when he plows or cultivates, and thereby carries pieces of roots to many different places in a field. What's more, seeds of Canada thistle are able to travel great distances with the wind because of built-in parachutes — structures that aid the seeds in flight.

It's evident therefore that a patch of Canada thistle is a source of infection not merely to single field, but to all adjoining fields and farms.

To make matters worse, two kinds of Canada thistle are common to Indiana. One is referred to as the "old fashioned" variety and is very spiny and grows to a height of about three feet. The other, an "improved variety," is less spiny, and may get up to five feet.

Flowers, seeds and root parts of the two varieties are similar. Many farmers have found the taller one of the two more difficult to eradicate, and more damaging to crops.

"It requires a united effort on the part of everyone to keep Canada thistle from spreading," believes the Purdue specialist. He says several counties in Indiana have undertaken energetic plans for control of the weed. Their

efforts are two fold:

To keep the weed from producing seed and eventually to get rid of it altogether.

Cutting, spraying, cultivating, and use of smother crops are all useful weapons for control of Canada thistle. But for detailed information, farmers will want to get a copy of Extension Leaflet 345, on "Canada Thistle Control," from their county agent.

Farmers are also reminded that the Canada thistle law was revised recently by the Indiana legislature. The law now states that all Canada thistle must be destroyed by cutting, plowing, or cultivating, smothering, or spraying with chemicals in the bud stage or earlier. This provision is to prevent Canada thistle from maturing at any time.

"What is more fun than an Easter Egg Tree at Eastertime?" asks 5-year-old Janice Curtis of New York. This tree is gaily decorated with Easter Eggs dyed in bright colors and fastened with adhesive tape. Almost anyone can make such a tree from a small bare limb or shrub and decorate it for Easter fun, says the Poultry and Egg National Board, which adds that you can eat the decorations on an Easter Egg Tree.

## LOCAL NEWS

Marie, six year old daughter of Mr. and Mrs. Robert Nottingham of Ft. Wayne is recovering from ear surgery performed last Friday. She will receive further treatment later.

Howard Kohr is still confined to his bed after suffering a heart attack over a week ago.

Mrs. Pearl Meredith was taken to the Murphy Medical Center in the Johns ambulance on Monday. Her condition

is quite serious.

Mrs. Faye Stewart of Warsaw was a dinner guest Sunday of her mother Mrs. Lilly Jones, in the afternoon they called on Foster Jones of Lakeville.

Early spraying or dusting of fruits and vegetables is very important during April. Controlling the pests early means fewer or no pests later on. Spray or dust thoroughly, recommend Purdue University horticulturists.

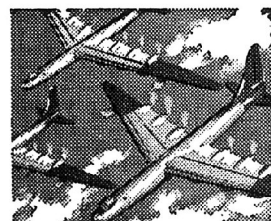

## THE STORY OF PHILLIPS 66

# Flite-Fuel

## FROM THE SKYWAYS TO THE HIGHWAYS

**FOR MILITARY USE** Phillips originated new super-power aviation fuel components—Di-isopropyl (pronounced di-iso-pro-pull) and HF Alkylate. These made possible more powerful, higher anti-knock fuels for combat aircraft.

**RESTRICTED** for use in high performance aviation gasoline, these powerful components have for years been on U.S. Government priority. But now restrictions have been released and Phillips is able to use them in automotive gasoline.

**TODAY**, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel. It gives increased power, greater fuel economy, higher anti-knock quality, freedom from stalling... and it's clean-burning!

**GET PHILLIPS 66 FLITE-FUEL** at any station where you see the orange and black Phillips 66 Shield. Let your car's performance tell the story. You'll discover a new driving experience.

**SHRINERS ANNOUNCE  
ANNUAL CHARITY SHOW**

Plans for the 1954 Shrine Charity Show, "Paris, U. S. A." put on by the South Bend Shrine Club assisted by all of the Shriners in this area, have been completed. This show will be held at the John Adam High School in South Bend, Indiana, on April 23rd and 24th; one show Friday, April 23rd, at 8:00 p.m., three shows Saturday, April 24th, one at 2:00 p.m., one 6:15 p.m., and one at 8:45 p.m.

Arthur H. Tyler, a past potentate of Orak Temple, is general chairman for "Paris, U. S. A." Mr. Tyler has been chairman of the event for the last six years. Other members of the Show Committee are: Harold Smith, assistant general chairman, William A. Welsheimer, publicity, Robert A. Grant, tickets, M. J. Voelkel, traffic and Raymond T. Suabedissen, Ushers.

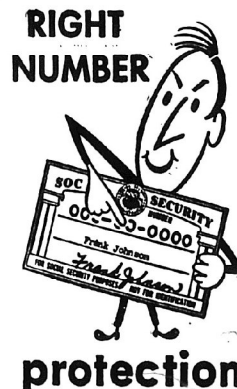

All of the proceeds from this show

go for the support of the seventeen Shrine Crippled Children's Hospitals throughout the country.

The show will feature a variety of acts, with "Skeets" Minton as master of ceremonies. The entertainment will include the Lenore Sutton Dancers; the Four Wades, an instrumental group; the Noble Trio, an aerial act; the Albins, comedy dance team; Roger Ray, "Jolly Roger of Music;" the Royal-Aires, a singing group; Hawthorne's Bears and Hank the Clown. The South Bend Shrine Club Band will also be on the program.

The Shriners' Motto — An evening of fun so a child can run.

Aphids or plant lice may be serious problem on alfalfa during April. For control in pastures, use one and one-half pints of 57 percent malation. In fields not pastured, use two quarts of 11 percent BHC per acre, say Purdue University entomologists. Do not use less than 10 gallons of water per acre.

Make sure your employer's records show your name and social security number **EXACTLY** as they appear on your social security card . . .

**ROTO-HOE brings you  
...POWER GARDENING  
at big savings!**

Again this year thousands of home gardeners will save hundreds of dollars by investing in ROTO-HOE. With this one low cost power machine and its large variety of reasonably priced attachments, you can do practically all the work around home and garden **EASIER, BETTER, and in LESS TIME.**

The secret of ROTO-HOE's low price tag (\$134 for the complete tiller unit) is in large production and the fact that all attachments are quickly interchangeable — thus all use the same dependable 2 h.p. Leason gasoline engine.

**THOUSANDS OF SATISFIED  
CUSTOMERS FROM COAST TO COAST**

When neighbors see ROTO-HOE in operation, they go right out and buy one for themselves. They can hardly believe such a low price is possible for such a high quality machine.

**LOW-COST ATTACHMENTS  
GIVE YEAR 'ROUND USE**

Look at the variety of jobs you can do with ROTO-HOE and attachments. Then come in and ask us how ROTO-HOE can help make your gardening easier.

# Smidley Hog Houses

THESE houses are so convenient and easy to give your sows and pigs the best of care, that they will pay for themselves many times in the pigs you save.

All Smidley houses are equipped with the wonderfully convenient Smidley roof. Opening wide, it makes it easy to care for sow and pigs. Easy to clean and sanitary, it can be opened wide

to let the sun shine in without draught on pigs.

They are built on oak runners, easy to move. Fir floors, fir or cedar siding, the roof is covered with galvanized steel.

Smidley houses are shipped, knocked-down, painted two coats best outside orange-yellow color. Lifting side and insulite insulation in roofs may be had as extras.

## FEATURES:

1. Galvanized steel covered roof. Sunlight enters the house—sterilizes and dries. Easy to bed, clean and care for litter.
2. Pig rails on sides and back end.
3. Good clear siding and floor—Cedar and Douglas Fir.
4. Four oak runners or skids.
5. Two coats best orange paint.
6. Extra heavy 5" T hinges bolted on full height door.
7. Two door hooks.
8. Cement coated nails used in construction hold house together securely.
9. Roof insulated with one-half inch insulation against summer heat and winter moisture condensation is a wise investment.
10. We have found that a six foot wide house is sufficient for sows up to 600 pounds. The sow is forced to lay lengthwise against sloping sides, which are equipped with pig rails, thus affording maximum protection for the small pigs.

## Jim Romine Wins "21" Tourney

The finals of the "21" tourney were played last Thursday with Jim Romine defeating Larry Horn for the championship. Over 100 high school students competed this year. The contests were held at noon in the gym.

## Warsaw Choir To Present Concert

On Thursday afternoon, the Warsaw High School Choir under the direction of Miss Virol will present a concert in the gymnasium. The Warsaw Choir will be making a one day tour singing at four different high schools.

## Juniors Hard At Work On Play

The members of the cast of the Junior Class Play "Finders Creepers" and the members of the various committees are hard at work trying to get everything in readiness for Friday evening. The three act play will be presented in the new gymnasium, the first class play to be shown there. A large crowd is expected for the one night performance. The play is under the direction of Delmer Bunnell, Junior Class sponsor.

## Fifth Grading Period Ends

Thursday will mark the end of the fifth grading period of the 1953-54 school year. Report cards will be distributed on Wednesday, April 14. There are now six weeks of school remaining.

## A Number of Students Attend Globetrotter-All-Star Game

A number of high school students attended the Globetrotter-All-Star game at Fort Wayne on Monday evening. Mr. Hoogenboom had secured a block of tickets which were sold to the boys. Wayne Tombaugh drove the bus.

## Speech Club Presents Play At North Webster

Members of the cast of the one act play, "The Great Joanne," and the sponsor, Mrs. Dawson, drove to North Webster on Wednesday to present the play as an assembly program for that school. Later in April the North Webster students will give an assembly program at Mentone.

## First Track Meet At Syracuse

Since it was necessary to postpone the Bourbon-Mentone track meet last week because of the weather, the first track meet of the season will be with Syracuse at Syracuse this Friday afternoon school. There are now 18 boys out for track.

## Livestock Judging Team To Compete

The members of the Livestock Judging team — Burdell Blackburn, Duane Eckert, Larry Long, and Ronnie Sevens — will compete in the County contest this Friday afternoon.

## WIDESPREAD INTEREST IN

### NEW 8c STAMP

The Post Office Department will introduce its first regular 8c United States stamp bearing the motto "In

God We Trust" and also portraying the Statue of Liberty to a nation-wide television and radio audience on Thursday noon, April 8, 1954 in a program emanating from the Postmaster General's office.

Participants in this historic ceremony include President Dwight D. Eisenhower; Secretary of State John Foster Dulles; Postmaster General Arthur E. Summerfield; Bishop William C. Martin, National Council of Churches; Francis Cardinal Spellman, Archbishop of New York; and Dr. Norman Salit, President, Synagogue Council of America.

This ceremony on April 8th from 12:15 to 12:30 p.m., Eastern Standard Time, over television and radio stations to be announced later, commemorates far more than the issuance of a new stamp which will be used chiefly for international mail.

The Statue of Liberty, so prominent

## WATCHING YOUR WEIGHT? START WITH DESSERTS

If you're watching your weight, better keep a close check on the kind of refreshments you eat at club meetings. Those calories can add up in a hurry, reminds Miss Miriam Eads, extension food and nutrition specialist at Purdue University.

She says a weight-conscious person should keep in mind, for instance, that a lemon meringue pie supplies all of 300 calories, while a lemon snow has only 10. Likewise, a chocolate gelatin whip with 85 calories should be preferred over a piece of chocolate layer cake that has 369.

Miss Eads, nutritionist working in cooperation with the Indiana Heart Foundation, says many similar comparisons can be made between highly sweetened desserts and raw fruits and vegetables (many of them contain about one-half the caloric value of desserts.)

To test your imagination and ingenuity, why not plan a menu with 250 or 300 calories in which you use small quantities of fairly rich food with a larger amount of low calorie fruits and vegetables. For example, try a salad bowl with small slivers of ham, fish or poultry, plus shredded carrots, celery and a large proportion of lettuce. Add a very small amount of lemon juice or vinegar, a suggestion of oil for those who must have it, and salt and pepper. Serve with a wafer.

Gelatin mold with a small amount of chicken or fish may be served on a lettuce leaf with wafers or Melba toast. Cottage cheese and chives on a slice of unsweetened pineapple would also be appropriate for the weight watchers.

Small sandwiches may be made with cheese but no mayonnaise or butter. Put these sandwiches under the broiler just before serving. These are attractive and satisfying to serve as an accompaniment to a low calorie salad.

Unsweetened fruit juices or tomato juice cocktail make excellent beverages in place of tea or coffee.

## PLANE SPOTTERS ESSENTIAL TO AIR AND CIVIL DEFENSE

In the event of a surprise air attack the trained Civilian Plane Spotter would be of vital importance both to the Air Force and Civil Defense. Early warning of approaching planes would give our fighter pilots a better chance to challenge the invaders in the sky—would give civilians in target areas more time to reach shelters. Will you serve as a Plane Spotter two hours a week?

## "KEEP'EM ROLLING"

## WINNERS PICTURED IN SENIOR TALENT SHOW

The Mentone senior class sponsored a talent show at the new Mentone gym last Wednesday night, and a large crowd was on hand to see and hear the many contestants who participated. The entry list was so large that all were divided into three groups, and three prizes paid in each group.

Polaroid One-Minute Photo by Co-op. News

**FIRST GROUP WINNERS**—Jackie Stidham, senior in the Mentone school, is shown above with the winners in the first group. They were (left to right): James Clark, first, with a vocal solo; Sue Frederick, third, with her baton twirling, and Carol Jane Fanning, second with a piano solo.

**SECOND GROUP WINNERS**—Jackie Ward presented the prizes to the winners in the second group, but as she wasn't present when the picture was taken, Sherry Shoemaker, another senior, posed with the winners. They were: June Romine, third with an accordion solo; Leah Nell Lemler, first with a piano solo, and Bonnie Grubbs, second with a vocal solo.

**THIRD GROUP WINNERS**—Pictured above (seated) are Marita Tucker and Sue Lackey, and (standing) Willard Snapp, David Gosser, Larry McKinley and Jon Cullum. Marita Tucker placed first with a vocal solo, and David Gosser third with a vocal solo. Second place went to the Keynotes, a pickup jazz band composed of Sue Lackey, Snapp, Gosser, McKinley and Cullum. Jalaine Smythe was at the piano but failed to get into the picture.

**WORD FROM FRED VANDERMARK**

Camp Carson, Col.  
April 4, 1954

Dear Artley,

Thought I would write and express my appreciation in receiving the paper. It is a great morale booster and the only way of receiving the news from the home town.

I would like to congratulate the Mentone basketball team on its great season.

We have quite a schedule to follow for the next four months. Mountain training one week out of every three, then the other two are road marches, physical training and a lot of running. They are building us up for the 140 mile march to camp Hale in June, then I hope to be home shortly after that.

Yours truly  
Fred M. Vandermark

Camp Carson, Colorado

**R.N.A. MEETS**

The Royal Neighbors met at the home of neighbor Snowden Halderman, Tuesday evening in the regular meeting. Neighbor Georgia Teel won the mystery package. The social hour was spent playing crazy bingo.

Neighbor Lydia Rynearson was reported in the Murphy Hospital with a fractured arm. A card was signed and sent to her, also one was sent to our Neighbor Mae Borton in Pennsylvania.

The next meeting place will be announced later. The hostess and her assistant, Mary Teel, served delicious refreshments to eleven guests.

**BEAVER DAM BETTER DAUGHTERS MEET**

The regular meeting of the Beaver Dam Better Daughters was called to order on March 22 by the president, Laura Adams at the home of Carol Ann Dickey. Pledges to the flag were led by Phyllis Ummel and the roll call was answered by 11 members telling their hobby. Minutes of the last meeting were read by Sharon Heighway.

The leader Ruth Heighway gave a talk, which followed a health and safety talk by Sharon Bowen, who then handed out health sheets to be filled out at the meeting. The special number for the evening was by Sharon Bowen and recreation was led by the leaders, Phyllis Ummel, Martha Oliver and Sherry Babcock.

Delicious refreshments were served and the meeting was then adjourned.

Betty Doering, reporter

**LOCAL NEWS**

Mrs. Walter Bartel of Marion spent the weekend with her daughter and son-in-law, Mr. and Mrs. Glen Denton.

**D.A.R. ENTERTAINS GOOD**

**CITIZENSHIP GIRLS**

The Anthony Nigo Chapter of D.A.R. met at the home of Yolande Reslar with Ladaska Bunker, Winifred Smith and Mary Jane Hill assisting hostess.

The chapter entertained the seven girls and their mothers who were chosen as good citizenship girls. They were each awarded a good citizenship pin and a certificate of award from the national society.

They are chosen on the following basis:

Dependability, truthfulness, loyalty, and punctuality.

Service, co-operation, courtesy, consideration of others.

Leadership, personality, self control, ability to assume responsibility.

Patriotism, unselfish interest in family, school, community and nation.

The following girls received these awards: Jackie Stidham, Mentone; Eleaner Norris, Beaver Dam; Marcella Parker, Burket; Naomi Blocker, Silver Lake; Joy Coy, Claypool; Carol Miller, Atwood; Jane Mishler, Sidney.

Miss Mary Ann Dunbar of Warsaw gave a talk with pictures of France and Germany which she took while spending time there as a student re-

presentative of the United States.

After refreshments were served meeting was adjourned to meet April 27 with Vera Kelly.

**LOCAL NEWS**

Those from Mentone who attended the Kosciusko County Federation of Clubs on Tuesday were: Mrs. Max Nellans, Mrs. Don Bunner, Mrs. Virginia Peterson, Mrs. Chancy Mollenhock, Mrs. Vance Johns, Mrs. Earl Shinn and Raymond Cooper. The meeting was held at Etna Green.

**MRS. RICHARD GREULACH**

Mrs. Richard (Flossie) Greulach, 68, Mentone, died at 5:30 p.m. Wednesday at her home in Mentone. She had been ill for six years with a heart ailment.

Born in Convo, O., Nov. 26, 1885, the daughter of Elias and Thais (Bugby) Baxter, Mrs. Greulach moved to Mentone in 1911. She was married to Richard Greulach Dec. 24, 1905. She was a member of the Methodist church and Order of Eastern Star at Mentone.

Survivors include her husband, one daughter, Thais Greulach, Fort Wayne; two sons, Maurice, Fort Wayne, and Clair, Mentone; two grandsons, and two sisters, Mrs. J. E. Cox, Monroeville, and Mrs. Brittle Temple, Van Wert, O.

Funeral services were held at 2 p.m., Saturday at the Johns funeral home in Mentone with Rev. David Gosser, pastor of the Mentone Methodist church, officiating. Burial was in the Mentone cemetery.

**BURNETT**

Mr. and Mrs. Robert Burnett, Route 2, Bourbon, are the parents of a daughter born at 9:15 p.m., Monday at the Murphy Medical center. Mr. and Mrs. Arthur Witham are the maternal grandparents.

**HOLT**

Mr. and Mrs. Murray Holt Route 3, Warsaw, are the parents of a six-pound, six-ounce son, Stephen John, born at 1:04 p.m. Thursday at the McDonald hospital.

**SPEEDER GETS JAIL SENTENCE**

Ned Witham, 20, of Mentone, is now spending five days in jail as a result of a speeding charge preferred against him by Warsaw police chief Don Snyder. Witham, according to reports, was driving nearly three times the speed permitted on East Center Street in Warsaw. The officer caught Witham about four miles east of Winona Lake after Witham's car ran into a ditch near Wooster. Witham was not injured but his car suffered some damage.

Witham appeared before Mayor Mike Hodges Tuesday night, and in addition to the jail sentence, was given a fine of \$50 and costs amounting to \$64.75, and had his driver's license suspended for three months.

**BROTHER DIES IN MICHIGAN**

Ernest Taylor, 71, of Detroit, Mich. died on Friday, April 9 after an illness of over two years. He is survived by his wife, a sister, Mrs. Charles Christian of Mentone, two brothers, Pete of Elkhart and Alphens of South Bend and several nieces and nephews.

He had lived in Detroit many years and was formerly of this vicinity. Burial was at Detroit.

**FIREMAN HAVE FAMILY PARTY SATURDAY EVENING**

The Mentone Fire Department boys entertained their families at a potluck supper held at the school cafeteria room Saturday evening. Invited guests included the members of the town board and members of their families.

The department had purchased a number of hams, and the ladies auxiliary supplied the balance of the food for a fine banquet dinner.

After all had eaten all, they could, a comedy and a feature length film were shown to those present.

**INJURES FOOT**

Bill Clark is able to hobble around after smashing some of the toes on his left foot, when a piece of heavy iron fell on it Saturday. He spent one day in a hospital after one of the toes kept bleeding.

Bill says the X-ray shows one toe broken although it wasn't broken now and he never knows of having a broken toe in the past. (We stubbed our toes when we were kids, too.)

**COOPERS REMODELING STORE**

If you haven't visited Coopers' Store recently, you are in for a real surprise when you do. They have removed the partition between the two rooms and installed a number of steel supports to hold the ceiling. The entire store is now one large room, and the displays have been rearranged for shopping convenience.

The furnace has been moved to a small room below the outside stairway next to the alley.

The Coopers state they are not all done with the remodeling, but it certainly looks fine already.

**THE RED CROSS NEEDS YOU**

American Red Cross Fund Drive will have a telephone mop-up campaign throughout the county on Tuesday, April 20th. Red Cross Volunteers are going to be on duty from 9:00 a.m. to 9:00 p.m. Anyone who has been missed by the solicitors or wishes to make a further donation may call Mrs. Miles Manwaring, phone Mentone 1 that day and the Red Cross Motor Service will come to their home to pick up the donation.

So far the drive has fallen far short of the \$12,398.00. As of April 12th, only a little over half of the necessary funds had been raised. If the mop-up campaign is not successful, the Red Cross services to the county will have to be drastically reduced. If it is necessary to do this the blood program will be the first to be curtailed since it is not a "Chartered" responsibility.

The Red Cross with its aid to service men and their families, its disaster relief, first aid program, water safety program, Junior Red Cross, and the blood program is an integral part of the American way of life and deserves your support. So call Mrs. Manwaring at 1 and give your contribution. Answer the Call — Join and Serve.

**ETNA GREEN ALUMNI BANQUET**

Lawrence Uimer, president of the Etna Green High School Alumni Association, announces the Annual Alumni Dinner, Saturday evening, May 1, 1954, at the Etna High School gymnasium. The W.S.C.S. of the Methodist Church will serve a fried chicken dinner. The program for the evening features music by local talent and an address entitled "Hoosier Philosophy" by George E. Davis. Reservations should be made at once.

**BAPTIST NEWS**

Sunday is Easter Day. The First Baptist Church welcomes you to attend the 9:30 Sunday School classes for all ages and the 10:30 Church Service. We are trying to reach a goal of 300. Wish you would come and help. Join us in worshipping the Living Saviour. A special program is planned for the evening service which will be conducted completely by the young people of the church.

**PRE-SCHOOL ROUNDUP**

APRIL 21

The annual pre-school roundup for children eligible to enter Mentone first grade will be held at the Mentone school on Wednesday, April 21, from 1 p.m. to 3 p.m. Children must be six years of age prior to October 1.

Through the combined efforts of the P. T. A. and Mrs. Nine, county health nurse, arrangements have been made to have Dr. Urschel and Dr. Davison assist with the health examinations.

Remember the date, April 21st.

**SENIOR WORK DAY**

Do you have some odd jobs or regular jobs which you haven't gotten around to finishing? The senior class is in need of extra money to help pay for their trip and on Friday, April 16, will have a "crew" available for anything you might need done. See ad elsewhere in the Co-op. News.

Call Mentone 5 for your appointment.

**EVANGELISTIC SERVICES AT TIPPECANOE CHURCH**

The Curt Emmons Evangelistic party are conducting revival services at the Tippecanoe Community Church. Services each night at 7:30 o'clock, except Saturday, until April 25th.

The Emmons party are nationally known novelty musicians and evangelists, and feature many unique instruments, such as musical glasses, bells, bottles, saw, saxophone, vibraharp, marimba, piano, etc.

Gordon Rooze is pastor of the Tippecanoe church.

**MRS. PETERSON PLANS ADDITION TO LUNCH ROOM**

Mrs. Virginia Peterson has had plans drawn up for placing an addition to the south of the present Pete's Lunch building. The unit is planned to be used for a private dining room.

**CHANGE OF ADDRESS**

The following change of address has been received from Floyd Dorsey: Pvt. Floyd J. Dorsey US55340857 Hq. Btry, 5th Tng. Bn Spc. A.A.A. R.T.C. Fort Bliss, Texas

## JOLLY JANES MEET

The Jolly Jane Home Demonstration Club met Monday night April 12 at the home of Mrs. Robert Parker. The meeting was opened by singing "America the Beautiful," followed by the pledge to the flag, then the club creed was repeated. Mrs. Emma Clutter read some Easter poems for meditation. "Last Night, the Nightingale Woke Me" was the song of the month.

The lesson on "Personal Grooming" was given by Mrs. Emma Clutter. Program planning was given by the president, Mrs. Harold Markley and vice president, Mrs. Albert Hatfield. Response to roll call was, "A Rainy Day Pastime."

During the business meeting we were reminded of National Home Demonstration Week May 2-8. The club contributed \$2.00 to the Cancer Fund.

Birthday gifts were received by Mrs. Rex Tucker, Mrs. Robert Parker and Mrs. Harold Utter. The door prize was won by Mrs. Kenneth Romine.

There were 13 members present. Mrs. Dwight Reichard acted as co-hostess. The next meeting will be at Mrs. George Mollenhour's on May 10.

# Smidley Hog Houses

THESE houses are so convenient and easy to give your sows and pigs the best of care, that they will pay for themselves many times in the pigs you save.

All Smidley houses are equipped with the wonderfully convenient Smidley roof. Opening wide, it makes it easy to care for sow and pigs. Easy to clean and sanitary, it can be opened wide

to let the sun shine in without draught on pigs.

They are built on oak runners, easy to move. Fir floors, fir or cedar siding, the roof is covered with galvanized steel.

Smidley houses are shipped, knocked-down, painted two coats best outside orange-yellow color. Lifting side and insulite insulation in roofs may be had as extras.

## FEATURES:

1. Galvanized steel covered roof. Sunlight enters the house—sterilizes and dries. Easy to bed, clean and care for litter.
2. Pig rails on sides and back end.
3. Good clear siding and floor—Cedar and Douglas Fir.
4. Four oak runners or skids.
5. Two coats best orange paint.
6. Extra heavy 5" T hinges bolted on full height door.
7. Two door hooks.
8. Cement coated nails used in construction hold house together securely.
9. Roof insulated with one-half inch insulation against summer heat and winter moisture condensation is a wise investment.
10. We have found that a six foot wide house is sufficient for sows up to 600 pounds. The sow is forced to lay lengthwise against sloping sides, which are equipped with pig rails, thus affording maximum protection for the small pigs.

## WSBT TO BUILD

### NEW TV BUILDING

Plans for construction of an ultra-modern building in downtown South Bend to house the studio, engineering and administrative facilities of WSBT and WSBT-TV were announced this week by The South Bend Tribune which operates both stations.

Present facilities of the radio and television stations are located in the third floor of the recently remodeled Tribune building but rapid expansion of television prompted the decision to erect the new building, two blocks from the existing structure. Space to be vacated by the radio and TV departments will be utilized by the newspaper.

Bids for the South Bend television

center will be sought early this summer and construction is expected to begin Sept. 1. The building is expected to be ready for occupancy by Sept. 1, 1955.

The radio-TV building, a two-story structure with brick and glass fronting, will occupy a corner lot 132x165 feet. The architects are Pereira & Luckman, of New York and Los Angeles, specialists in radio and television construction and designers of the Columbia Broadcasting System's TV City in Hollywood.

The main television studio 50x80 feet and two stories high in the interior of the building will seat 250 persons. Provision has been made for rear screen projection and for color transmission. The studio will have an enclosed client's booth. The first floor will also contain

## NEWCASTLE TOWNSHIP NEWS

Mr. and Mrs. Fred D. Barr and Miss Ruth Barr spent Sunday afternoon in North Manchester visiting at the home of Mr. and Mrs. Ralph P. Chapman and family.

Mr. A. E. Walker of Indianapolis is spending several days here on business.

Mr. and Mrs. Joe Good of Rochester were the guests of his parents, Mr. and Mrs. Charles J. Good Thursday.

Mrs. Ralph Hatfield and Mrs. Charley Green spent Thursday in South Bend shopping.

Miss Alice Haines spent Thursday forenoon in Rochester on business.

Mrs. Ella King of near Mentone called on Mrs. Gertrude Blakley Saturday

evening.

Mr. and Mrs. Lou Grove spent Tuesday in South Bend.

Mr. and Mrs. Fred Roe of Akron were Sunday afternoon guests of their daughter, Mrs. Nadine Sriver.

Mrs. Gertrude Utter of Akron who has been visiting at the home of her son and daughter-in-law, Mr. and Mrs. Wilbert Utter for the past week has gone to Mentone to visit with another son, Hap Utter.

Mr. and Mrs. Herman Alber of Rochester, were guests of friends here Saturday evening.

Mrs. Orah Byrer and daughter Mrs. Bea Berryman of South Bend called at the home of Mr. and Mrs. Lou Grove and Lavoy Montgomery Sunday afternoon.

Mr. and Mrs. Harry Page of Rochester called on Mrs. A. J. Blakley Sunday afternoon.

## NEW TYPE PORK

### NAMED IN CONTEST

Hoosiers who entered a national contest to name a new type of pork developed in the past few years will be interested to learn that Mrs. Frank Williams, Pataskala, Ohio, was the winner. Her entry — Tend-R-Leen — will be used in marketing cuts from this type of meat animal.

The Producers Marketing Association has been active in developing the new type hog and helped to promote the contest. The award was \$200 in cash, which was given by the Producers Swine Improvement Association of Indiana and Ohio. More than 5,000 entries were received in the contest. They came from 19 states, the District of Columbia, and the armed services in Korea, according to W. R. Cummins, secretary-treasurer of the improvement association.

Judging the contest were Hassil Sch-

enck, president of the Indiana Farm Bureau, Inc.; Harry J. Reed, Dean of the College of Agriculture, Purdue University; Frank Jump, Master of the Indiana State Grange; Everett Rittenour, president of the Ohio Farm Bureau Federation; L. L. Rummell, Dean of the College of Agriculture, Ohio State University; and Byron Frederick, Master of the Ohio State Grange. Professor Kenneth Dameron of the College of Commerce at Ohio State University, served as consultant to the judges.

Mrs. Williams, contest winner, is a farm homemaker and 4-H and extension club leader. The new and leaner type hog which has been developed among Indiana farmers comes in response to the preference of the consumer for lean cuts. This meat will be found increasingly in grocery stores and meat markets throughout the state.

Mr. and Mrs. Miner Mollenhour are not very well at this time.

## THE CO-OP. MILL

**PURDUE ECONOMISTS OFFER  
CROPPING ALTERNATIVES**

What crops should you grow in 1954? Do you need to make any crop adjustments?

Purdue University agricultural economists are asking Hoosier farmers to carefully consider all the economic factors involved before they rush into the big job of spring planting.

They say it's wise to base your crop decisions on the following:

First — supply and demand for the crops you produce. Temporarily, the nations farmers are producing more than the market can take care of at existing prices. Corn and wheat surpluses are the big problems. To relieve the situation, the government has established acreage allotments for corn and marketing quotas for wheat and tobacco.

Economists say most industries in the economy have gone through or are new in the midst of adjustments from the high-war and post-war demands for their products. Agriculture is no exception. Exports of farm products fell off 30 percent in 1952 and 1953. This decrease in foreign outlets requires some adjustment in agriculture, particularly in major grain crops.

From the standpoint of soil conservation and efficiency in agriculture, economists believe this adjustment should be made on farms where roughages and grasses are more nearly competitive with grain.

Second—take a good look at your land. Perhaps a few acres on the back 40 should be shifted to grass or trees in order to conserve the soil. If so, now's a good time to try it. During the war period, it was necessary to crop soils on rolling land more intensively than

was desirable from the best long-time individual and national interests.

Third — it's possible you might face a shortage of hay and pasture this year because of drouth or some other cause of crop failure. Emergency crops could come to the rescue! Oats will do for early pasture; sudan grass for summer pasture for cattle and hogs; and rape for early spring or late summer pasture for hogs. Sudan will fill the bill as emergency hay; sorghums and corn for silage.

Fourth — What profits do you expect from various crops grown? Normally, corn leads the list, that is on land suited to corn production. Soybeans are usually next in order, followed by hay and pasture, wheat and oats. You'll want the highest profit combination of crops.

Purdue economists have estimated the comparative net returns for a farm that produces the following per acre yields — corn, 65 bu.; soybeans, 27 bu.; hay, 2.3 tons; wheat 23 bu.; and oats, 44 bu. At these levels, corn at \$1.25 per bushel, will return \$42; soybeans at \$2.25, \$29; hay and pasture (hay, \$35 per ton, and pasture, \$3.50 per animal unit per month) is next at \$22; wheat at \$2.00 per bushel, \$5.00; oats at \$.80, returns a minus \$4.00.

These estimates take cost into account, but don't indicate the value of soil improvement or fertility depletion.

Fifth — should you stay within your corn acreage allotment? Think over the alternatives you've got in the case of corn. Since there's marketing quotas on wheat with heavy penalties for overplanting, you can't afford to do it where you are exceeding 15 acres.

Marketing quotas don't exist for corn. You will not be penalized for overplanting your allotment. However, a

farmer who overplants will be ineligible for a government loan.

Purdue economists reason this way. If you plant within your corn allotment you qualify for the price support program and help to reduce the nation's corn surplus. You may be able to adjust with other crops to offset the effect of this corn reduction.

Failure to comply with allotments leaves one of these choices.

(1) Reduce some on corn, but not enough to comply. Perhaps your rotation calls for less corn in 1954, and you have land to improve. You are helping to reduce the corn surplus, and you hope to improve soil fertility by reducing on corn acreage.

(2) You could hold corn acreage steady, like you've done for several years. In this way, you believe the farm organization will stay more intact. You won't help to reduce the surplus, nor will you qualify for a support loan on corn; however, you feel that operating costs, capital and labor requirements will be steadied, and the risks of operation kept at a normal level.

(3) Corn acreage could be increased. Perhaps you feel this is necessary because you haven't grown as much corn as you could have with modern fertilizer practices. Any reduction in corn acreage, in this case, would further reduce the profitability of rotation. You'll be disqualified for a government loan; you'll need more capital to buy more fertilizer and raise more hogs, but it looks like the best plan for greater profits in 1954.

How can you stay within your allotments? Purdue agricultural economists say you've got numerous alternatives.

(1) Part of the wheat acreage could go into oats, rye and barley. Income for 1954 will be substantially reduced,

but a move into one of these crops will enable you to keep intact the small grain and grass part of the rotation. The livestock program on the farm won't have to be seriously changed. No great risk is involved, since operating costs won't change much.

(2) Soybeans could move onto land diverted from corn. It's your next high profit crop. This plan reduces operating costs, and labor load. The main risk — other farmers will also put out beans, and subsequently, next fall's price could be low.

(3) Diverted acres might be used for special crops like sweet corn, tomatoes and popcorn. Here's a definite possibility for the large family with lots of labor, provided an opportunity exists for a good contract for these crops.

(4) You could divert acreage to hay and pasture, particularly if the farm has been worked hard for the past 10 years, and you feel it needs a rest from so much corn. To make this pay off, you will probably have to buy more livestock and increase the capital investment — a move you may have planned for some time anyway.

## To the Voters of Harrison Township

I was born and raised in Harrison Township and have been a farmer all my life. I am aware of the conditions, problems and wishes of the taxpayers of Harrison Township.

Having four children of our own, we are naturally deeply interested in the youth of our community. I have been a firm believer and supporter of 4-H, F.F.A., F.H.A. and other youth organizations.

I believe that America is indeed the land of golden opportunities and that our youth of today are

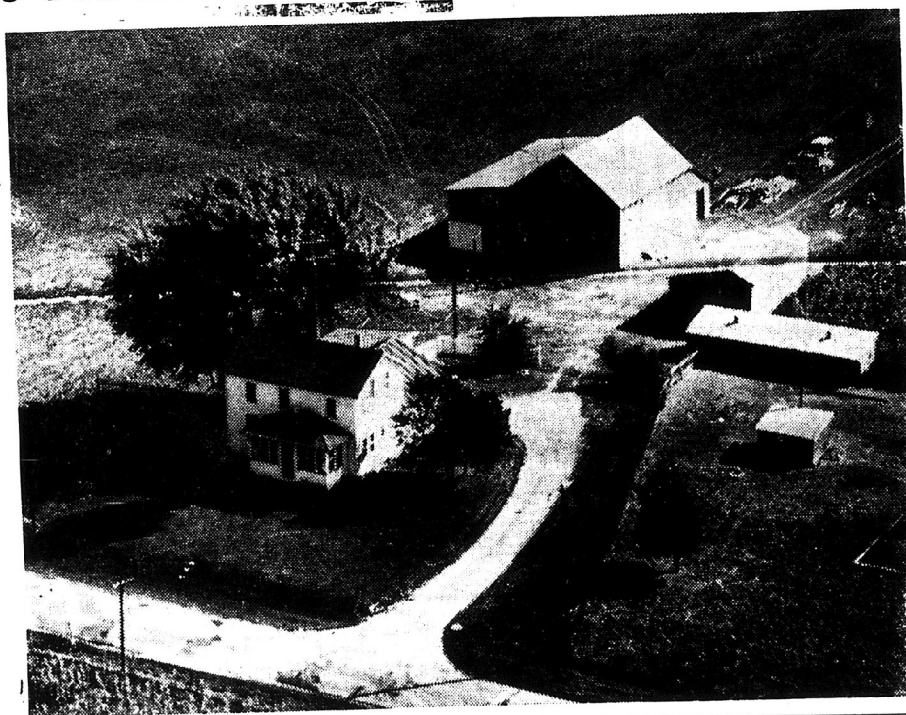

our leaders of the world tomorrow. It is our duty and responsibility as parents and citizens of Harrison Township to see that our boys and girls have the best in the way of education so that they will be better qualified and more able to meet the problems that face them in the world.

The only promise I have to make I make to all now: If it be my honor and privilege to serve the people of Harrison Township in the capacity as trustee, I promise that I will not be a party to any group or clique with ambitions toward selfish interest or personal gains at the expense of others.

# LESTER E. BLACKBURN

Republican Candidate For  
TRUSTEE OF HARRISON TOWNSHIP

## DO YOU RECOGNIZE THIS SET OF FARM BUILDINGS?

### WHOSE FARM IS THIS?

Can you identify the farm pictured above? This is another of the farm pictures to be printed in the Co-Op. News, and as no one knows whose farm it is, can you help identify it? There's no prize to the first to tell us whose farm it is, but it is interesting to know who will be first in reporting the information to this newspaper.

Call, phone or write us if you believe you know the farm.

M. O. Bryan was one of the first to call last Thursday identifying the farm pictured in our last issue. It was his place.

The Bryan farm, operated as the Bryan Poultry Farm & Hatchery, is located on highway 19, about two miles north of Mentone.

Others who called to identify the farm correctly were: Mrs. Gilbert Griffiths and Reed Riner. Others mentioned that they recognized the place.

Who will be the first to call and identify the farm pictured above?

## PALESTINE NEWS

Mrs. Edison Vandermark

Mr. and Mrs. Chester Jones of near Columbia City and Catherine Stickler of Warsaw were Sunday dinner guests of Mr. and Mrs. Floyd Blackwell.

Mrs. Steve Klinger of Winona spent Tuesday afternoon with Mrs. Bert Rickel.

Mrs. Edison Vandermark and Mrs. Bert Rickel called on Mrs. Ray Linn of Mentone and Mrs. Joe Stickler

Thursday afternoon.

A very impressive communion candle light service was held at the Palestine Methodist church Tuesday evening. Our goal for Easter is 100. We had 93 last Sunday. Church Service is at 9:30 a.m. with Sunday School at 10:30. Everyone welcome.

Mrs. George Mollenhour was a Warsaw visitor Tuesday afternoon.

Mr. and Mrs. Earl Bruner, Jr. and sons Steven and Danny attended the movie "Ma, Pa Kettle at Home" Sunday afternoon.

Mrs. Pat Cooper has accepted a position with Young's Beauty Shop in Warsaw.

Mr. and Mrs. Bert Rickel called on Mrs. Freda Kay and son, Jerry, Mr. and Mrs. William Shaffer and Mrs. Anna Hudson all of Warsaw on Sunday afternoon.

Miss Peggy Cook, grand daughter of Mr. and Mrs. Henry Pletcher of South Bend who spent several days of last week at the Pletcher home, has returned to her home.

Mrs. Edison Vandermark spent Sunday evening at the Ray Wiltrout home.

Recent callers at the Bert Rickel home were Mr. and Mrs. Henry Secor, Mrs. Lawrence Hudson and grandchildren David Hudson and Shelia Genth, and Mr. and Mrs. Raymond Hudson.

Mr. Tom Hay and Mr. Wes Hay, Miss Sue Babcock and Mr. Dick Babcock all of Warsaw were entertained Sunday at the home of Dale Wiltrout's in honor of Tommy Ray Wiltrout's and Tom Hay's birthday anniversaries.

### GIRL SCOUT NEWS

We opened our regular meeting with the pledge to the American flag, promise and laws. The minutes were read and approved. Sharlene Ware showed us how to play a new game. Later we worked on our badges. The meeting was adjourned.

Sue Fenstermaker, Sec'y.

Treatments to control the sweet clover weevil should be applied as soon as the young plants emerge, advise Purdue University entomologists. They recommend a DDT spray, made by mixing three to four quarts of 25 percent DDT in 10 gallons of water (applied per acre). For information about the use of DDT, applied with fertilizers for weevil control, consult the Purdue entomology department.

### Faith of their Fathers

THE NATION'S YOUTH SENSE THE SOURCE OF STRENGTH, AS THEIR FATHERS DID BEFORE THEM. NOTWITHSTANDING NEW DEMANDS ON THEIR TIME AND NEW INVENTIONS TO CATCH THEIR INTEREST, THEY RANK CHURCHGOING AS ONE OF THEIR FAVORITE ACTIVITIES.

AS WE END THE OBSERVANCE OF ANOTHER SUNDAY SCHOOL WEEK, WE CAN REJOICE THAT TEEN-AGERS, EVEN IN THIS DAY OF CARS, MOVIES, RADIO AND TELEVISION, PUT CHURCH ATTENDANCE WITH THEIR FAMILIES HIGH ON THE LIST OF THINGS THEY LIKE TO DO. THIS IS GOOD NEWS FOR ALL MEMBERS OF OUR DEMOCRACY.

# Announcing

# PHILCO

## SMASHING PRICE REDUCTIONS

ON ALL 1954 PHILCO REFRIGERATORS,  
ELECTRIC RANGES AND HOME FREEZERS

Based on the new 50% Cut in Excise Taxes

The new 1954 Philco home appliances are now  
greater values than ever! See your Philco dealer  
at once and BUY NOW AT BIG SAVINGS!

The passage by the 83rd Congress of the Excise Tax Reduction Bill (H.R. 8224) clears the way for Philco and its host of dealers, coast to coast, to announce sweeping new low prices effective immediately.

Probably nowhere in the market places of America will the savings from the reduced Excise Tax count more than in the purchase of the equipment for the workshop of the woman — the busy, productive American kitchen! And it is here that Philco announces terrific savings — savings your Philco dealer will offer you, today, in the form of new record-low prices on all the advance-engineered 1954 Philco Automatic Refrigerators, Electric Ranges and Home Freezers.

For example, with these smashing reductions, you buy the fully automatic Philco Refrigerator at up to \$140.00 less than last year's lowest priced automatic models. And Philco brings you the industry's finest 8 cubic foot model with the famous Dairy Bar — now at the price of a 7. All the great 1954 Philco advances, like the sensational 2-Way Door that opens from either side . . . the beautiful Golden Automatic . . . the exclusive Philco Dairy Bar . . . which were announced early this year as the greatest values on the refrigerator market are now greater values than ever! Yes, you can own a brand new 1954 Philco Refrigerator — not an out-dated last year's model — now for as little as \$189.95.

Be sure to stop in and see your Philco dealer right away. Let him show you how much you can save if you buy now! The daring new price reductions apply clear up and down the entire line of Philco Automatic Refrigerators, Philco Electric Ranges and Philco Home Freezers. Now more than ever don't settle for less than a Philco!

# SCHOOL NEWS

## School To Have Special Devotional Service

On Thursday the school will have a special service in keeping with the Easter Season. Don Rush will serve as master of ceremonies, Jackie Stidham will read the Scripture, Mr. Snapp will lead in group singing. The Easter message will be given by Rev. David Gosser of the Methodist Church.

## Faculty Meeting Features Local Ministers

At a meeting held after school on Monday evening, the three local ministers discussed with the teachers several matters of joint concern. Discussion centered around such topics as how the

school can encourage spiritual life of students, building character, devotional programs, and activities of the school which conflict with church activities. Mr. Hoogenboom served as chairman of the discussion.

## Bulldogs Win First Track Meet

The local track team proved much too strong for Syracuse last Friday as the locals defeated Syracuse by a 63-28 score. Jerry Tinkey with four blue ribbons led the scoring. This Wednesday, the Mentone boys compete with Beaver Dam and Silver Lake on the local field.

## Junior Play Does Well Financially

The Junior Play "Finders Creepers" played to a large audience last Friday evening. Receipts tallied more than two hundred and thirty dollars. After expenses have been paid, the net profit will be more than one hundred and fifty dollars. The cast presented an enjoyable evening of entertainment. The class presented Mr. Bunnell, play director, a gift certificate for his helpfulness.

## Sophomore Class Selects Rings

Members of the sophomore Class looked at ring samples Tuesday and selected a class ring. This year members of the class were unanimous in their decision. The classes at Mentone, in keeping with the school's policy of buying at home, purchase their rings through Brown's Jewelry Store. Rings will be delivered next fall.

David Janke has entered the sixth grade from West High of Plymouth. David formerly attended school at Mentone.

The elementary grades will administer achievement tests next Tuesday and Wednesday. Parents are urged to have their children present for these tests unless serious illness interferes.

Mr. and Mrs. Clayton Holloway and son Max and Mr. and Mrs. Bert Holloway, called on Ervin Holloway in Ft. Wayne, Sunday afternoon.

For better gardens be sure to use Power-Pak seeds. More plants per package and better yield. Denton's Drug Store, Mentone, Indiana.

## BEAVER DAM AGRICULTURE NEWS

The Beaver Dam Agriculture Club held a regular meeting on Tuesday, April 5 in the Beaver Dam gym with Wayne Smalley presiding. The secretary's report was read and approved. Roll call was answered to by "Favorite Car." Susie Barber led the pledges to the flags. The adult leader, Ronnie Malott, passed out a list of points for the Award's Banquet. He discussed the possibility of a float for the Warsaw Centennial and also reminded us of our radio program on July 31. Leo Seltentright, the assistant county agent, awarded a trophy to the judging team which placed 3rd in the county. The team consisted of Larry Tucker, Gerald Smalley, Ernie Heighway, and Max Cumberland, and was coached by Bob Ummel. The team then presented the trophy to the school. The four pictures, taken every year since 1946 by Armour's, were shown by an Armour's representative. A one-act Health and Safety play was presented with the cast consisting of Susie Barber, Karen Latimer, Phyllis Ummel, Dixie Bergstrom, Diana Ballenger, Rita Lockridge, Betty Smith, Gary Swanson, John Ault, Larry Bibler, Merl Warren, Roger Nel-

lans, Howard Jones, Burl Blosser, Marlin Valentine, Don Bowen, and Jim Adams, and was directed by Wilburta Latimer. Refreshments furnished by Armour's were served to the 50 members and 75 guests present.

Diane Sittler, reporter

Mr. and Mrs. Richard Deafenbaugh, of Warsaw, had Sunday dinner with Mr. and Mrs. Howard Kohr.

### MERRY MOLLYS

The Merry Mollys enjoyed a "Come As You Are" party at the home of Mrs. Ed Smelser with Mrs. Marion Smith acting as co-hostess.

Mrs. Vanderhauf was a guest. Mrs. Roy Hoover, Mrs. C. Murrill Colburn and Mrs. Rex Yazel were welcomed into the club as new members.

Mrs. Carl Whetstone was in charge of the program. "America The Beautiful" was sung and the pledge to the flag was made. The club creed was then repeated.

Mrs. LeMar Leffert read a poem "You Have to Believe" for meditation.

Mrs. Glenn Mellott gave the history of the song of the month, "Last Night, The Nightingale Woke Me." It was then sung by the group.

Health and Safety remarks on children's diseases and traffic were read by Mrs. Charles Hunter.

The lesson on "Personal Grooming" was presented by Mrs. Donald Horn

and Mrs. Clayton Holloway.

Mrs. Gene Sarber, president, presided over the business meeting.

The club prayer song was sung and the club collect repeated. The meeting was turned over to the program committee, Mrs. Herschel McGowen and Mrs. Leffert. Contests were enjoyed, including guessing of baby pictures.

A plant and bulb exchange was then enjoyed by all present.

Mrs. Carl Whetstone received the door prize and Mrs. Everett Welborn received a gift from her secret pal.

Mrs. Heston Creviston will be hostess to the club on May 10.

### CARD OF THANKS

I want to thank each and every one who remembered me on my birthday; for the nice dinner at the factory and the nice gifts. I'll never forget it.

### THE STORY OF PHILLIPS 66

# Flite-Fuel

### FROM THE SKYWAYS TO THE HIGHWAYS

**FOR MILITARY USE** Phillips originated new super-power aviation fuel components—Di-isopropyl (pronounced di-iso-pro-pull) and HF Alkylate. These made possible more powerful, higher anti-knock fuels for combat aircraft.

**RESTRICTED** for use in high performance aviation gasoline, these powerful components have for years been on U.S. Government priority. But now restrictions have been released and Phillips is able to use them in automotive gasoline.

**TODAY**, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel! It gives increased power, greater fuel economy, higher anti-knock quality, freedom from stalling...and it's clean-burning!

**GET PHILLIPS 66 FLITE-FUEL** at any station where you see the orange and black Phillips 66 Shield. Let your car's performance tell the story. You'll discover a new driving experience.

## Play For Your Life

**BUG IN A RUG . . .** Each year thousands of people are burned by clothing fires, some of which prove fatal. Here's a game which is fun to play, and at the same time, teaches an important safety lesson. Roll up in a rug or blanket immediately if fire strikes your clothing. It is the first and most essential action you can take in such an emergency. This "rolling up" procedure helps combat flames and serious burns. Talk with your family about this fire-prevention plan and then play "Bug In A Rug" with them. Make sure that they know the correct way to use a rug or blanket. It must be tightly wrapped around them from head to toe.

Have each member of the family, one at a time, fall to the floor, grasp the edge of the rug or blanket and roll over and over in it once they reach the floor. Fire strikes without warning, so if you are in a room, without a rug or blanket, don't run around looking for one. Get right down on the floor and roll until you smother the flames. Fire is a serious thing . . . don't take it lightly!

"Bug In A Rug" is another in a series of fire safety games devised by Liberty Mutual Fire Insurance Company to help homeowners learn the right thing to do should fire strike.

# HOLSTEIN MEETING AT NEWMAN FARM

The North Central Indiana Holstein Club will sponsor a Barn Meeting at the farm of John A. Newman and Sons, Culver, on April 23rd at 7:45 p.m.

The Newman herd will be "Classified" during the day by J. A. Fairchild of Berwick, Pa., an official classifier for the Holstein-Friesian Association of America. At the Barn Meeting, Mr. Fairchild will demonstrate and explain the Classification Program showing

how it can aid the dairyman in improving his herd by breeding better cattle. Classification is a type rating given each individual animal in the herd as compared to the ideal or perfect type animal.

Anyone interested in seeing this demonstration is invited to attend.

## LOCAL NEWS

For a better lawn, plant Power-Pak Seed, either shady or regular type. Do it now. Denton's Drug Store, Mentone, Indiana.

## KEEP HOGS EATING WHILE BEING WORMED

Pigs infested with large round worms will not grow and develop as they should unless these pests are eliminated from their systems. However, it is highly important that the wormer used be such as will in no way upset the pig's digestive tract, for such an upset can only mean reduced daily gain.

To make money on hogs it is essential that they put on big daily gains—every day. Unless maximum daily poundage is put on your hog profits will not be at a maximum. By using Dr. LeGear's Hog Worm Powder... the One-Day-Treatment... you can be certain that your hogs will rid themselves of worms safely and easily and that they will go right on eating as usual, without set-back.

Dr. LeGear's Hog Worm Powder contains those well-known wormers Phenothiazine and American Wormseed, combined with Areca Nut. That is why it does such a thorough and satisfactory job. It is safe because it contains no poisons and there is no danger of strangulation. All you have to do is to mix it with the feed... and the hogs worm themselves... safely and easily.

Now that Dr. LeGear's Hog Worm Powder will rid your hogs of worms safely and quickly, there is no reason why you should take chances on having your pork profits reduced by raising wormy hogs. Worms steal profits, cause feed to be wasted and affect the general health of your hogs. Get rid of them now.

Mr. and Mrs. Gilbert Griffiths and family were dinner guests of her mother Mrs. Jennie Ford near Tippecanoe Sunday.

Mr. and Mrs. William Schooley and Mr. and Mrs. George Grubbs and family of Warsaw were Sunday dinner guests of Mr. and Mrs. Bob Parker and family.

Mrs. Marjorie Halterman and daughter Joan of Ft. Wayne called on Mrs.

Bessie Robbins Monday and Joan spent a few days with her grandmother Mrs. Robbins.

Mr. and Mrs. Lawrence Hudson of near Claypool, Mr. and Mrs. Raymond Hudson of near Warsaw called on Mr. and Mrs. Ray Linn Sunday afternoon.

Mr. and Mrs. Harold Nelson and family spent Sunday afternoon in Rochester, visiting Mr. and Mrs. Lee Moore. Miss Virginia Mullen of Chicago was

a guest of Mr. and Mrs. Hubert Adams and sons over the week end and Sunday they were guests of Mr. and Mrs. H. Z. Coggins near Talma.

Mrs. Joe Johnson called on Mrs. Milo Griffiths, Sunday afternoon.

Mrs. Harold Nelson was shopping in Rochester Monday evening.

Mr. and Mrs. Joe Jones and son of Detroit, Michigan, called on friends in and around Mentone last week.

It almost always pays to use complete fertilizer on oats, if stiff-stalked varieties such as Clinton 59 or Benton are used. On light colored soils, use 250 to 300 lbs. of 10-10-10 fertilizer. On dark soils, use 300 lbs. of 4-16-16 or 4-16-8. Purdue University agronomists say the total nitrogen per acre should not exceed 25 to 30 lbs. Too much nitrogen may reduce clover stands or even cause oats to lodge on some soils.

# New strength and stamina! Lower upkeep costs!

## New Chevrolet Trucks... do more work per day... more work per dollar!

**You save hours on the road.** Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

**You save time on deliveries.** With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

**You save extra trips.** That's because of the extra load space you

get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

**You save with lower upkeep, too.** Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

**You save on operating costs.** New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and

the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

**And your savings start the day you buy.** In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

**Come in and see** all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

**MOST TRUSTWORTHY TRUCKS ON ANY JOB!—Chevrolet Advance-Design Trucks**

# MENTONE MOTORS, INC.

## 4-H CLUB CHATTER

By Ruth Snellenberger

Dear 4-H Members and Friends:

Because electricity is something we all use and enjoy — at least for lighting our homes, the 4-H electric project readily fits into the 4-H program. It is another rather recent project that has been added. At first, requirements were listed the same for boys and girls. Last year however, the requirements were changed so that requirements for the girls' 4-H electric project are different.

What are those requirements? Well, first I'd like to say there are two divisions. The first division is to be completed before the second is carried. A club member may enroll in division II for four years, taking II-A, II-B, II-C, II-D. This order need not be followed — in other words a girl may prefer for her second year to enroll in II-B; then for her third year, division II-A; and so forth.

The requirements for division I, I will give here in a brief form:

1. Check the lighting where you study and read.
2. Check the lighting of four other lamps or fixtures in your home, such as where you comb your hair, a light at the range, etc.
3. Improve the lighting (according

to recipes) most in need of change or improvement. A booklet "See Your Home In A New Light" is provided to assist in making the checks requested above.

Exhibit one improved lighting by showing an exhibit such as a new location of lamp, or a diffusion bowl on an old lamp, or a bowl light and harp on an old lamp, or improved measurements of lamp according to recipe or an improved lamp shade, or a new lamp purchased or made.

In addition to these specific requirements related to lighting, there are several choices of activities related to other projects which are very simple to accomplish. All the requirements listed and all the related activities are to be recorded in the record book provided. Surely a girl could do all this in less than a day's time!

The age limit I need to mention. Any girl between the ages of 12 and 20 may enroll (This age limit holds true for the boys project, too). It is hoped that both more girls and boys would take advantage of this 4-H electric project. Maybe parents who read this might be able to interest their daughters to participate in this project — sons in the boys project, too.

To stimulate interest and participation in this county, the R.E.M.C. is sponsoring the transportation for a trip award after the County Fair for all those who complete the 4-H electric project — this is for both boys and girls.

To give educational help, a series of three county meetings have been scheduled — the first was held in March, the second one will be held Tuesday night, April 20, and the third is to be held in early July. Girls and boys enrolled in this project should make every effort to attend.

Girls may still enroll in this project by seeing adult leader before May 1st. Incidentally a girls' enrollment should be made on a 4-H home economics enrollment card if she expects to do the girls' project requirements. And it is assumed she'd want to!

So much for the electric project for now.

Attention is called to you 4-H girls regarding your project enrollment. Re-check with your adult leader to be sure

what projects you are working on. May 1 is the deadline enrollment date. Be sure, too, those of you who are enrolled in a fifth division where there are choices of subdivisions A, B, C, or D. Your enrollment card should indicate which subdivision. Be sure also, to indicate on your record book that same subdivision. For example, if you are enrolled in Baking V, subdivision C, indicate V-C on your record book and encircle 5 and the C beside it on your enrollment card.

G'bye now.

## Republican Voters of HARRISON TOWNSHIP:

As a candidate for the Republican nomination for TRUSTEE of Harrison Township, subject to the Primary Election on May 4, 1954, I submit my qualifications and background for your consideration.

- ◆ My family and I live on our farm northeast of Mentone. I was in business in Mentone for 6 years and have been a farmer for the past 8 years in Harrison Township. From such experience I am aware of the needs of both the businessman and farmer in our Township, and I firmly believe that knowledge of the problems in our township and willingness to work hard are important attributes of a good Trustee.
- ◆ I support the principles of the Republican party and recognize my responsibility to promote good government. I have been a Republican precinct committeeman for the past 2 yrs.
- ◆ I was in the Army 33 months in World War II.
- ◆ My wife, Louise, and I are the parents of two children, and we are of course very interested that our children be provided with good educations and good school facilities here in Harrison Township. I have driven a school bus in our township for 7 years.
- ◆ If elected as Trustee of Harrison Township I will treat everyone fairly and impartially, and I will work hard to make Harrison Township one of the best townships in Kosciusko County.

Your support will be appreciated,

**ALBERT M. TUCKER**

Candidate for the Republican Nomination for  
TRUSTEE OF HARRISON TOWNSHIP

## Finer by far!

**JAYMAR**

T. M. Reg.

*Slacks*

Early April is the time to apply lime-sulfur to soft maple trees to prevent the unsightly maple bladder galls. Purdue University entomologists say that dormant strength lime-sulfur-one gallon of liquid or four pounds of dry lime-sulfur in 10 gallons of water — is an effective control. Lime-sulfur will discolor paint and other building materials, and should be used with caution near buildings.

# Dehydrated Alfalfa In Livestock Feeds

BY JOSEPH CRISMAN  
Sec'y. Alfalfa Dehydrators Ass'n.

In the last seven years, there has been much research done to determine the value of dehydrated alfalfa meal when included in rations for poultry and livestock. A good share of this research has been sponsored and supported, in part at least, by the American Dehydrators Association.

Much publicity in feed trade publications and in various feed and nutrition meetings throughout the nation has been afforded the findings of this feeding research.

To recall a few, we may cite the work done at Nebraska, "Dehydrated Alfalfa and Urea as sources of Supplementary Proteins for Fattening Cattle," by Marvell Baker, H. H. Arthaud and Ellie Ruby, Nebraska Cattle Report 190, 1947. The authors state in conclusion:

"Generally, as the proportion of dehydrated alfalfa meal in the supplement increased, the average daily gain increased and less ground ear corn and corn silage per unit of gain were required. Feeding 3.0 pounds of dehydrated alfalfa meal in comparison with 1.5 pounds per head daily was accompanied by an increase in average daily gain and, under prices generally prevailing, in more economical gains."

Again, we may cite work done at Ohio Agricultural Experiment Station, Wooster, Ohio, "Supplements to Poor Quality Hay for Fattening Cattle," Klosterman, Earl W. L. E. Kunkle, Orville G. Bentley and Wise Burroughs, 1953, Research Bulletin 732. The Ohio authors stated:

"In the experiment conducted during 1949-1950—the replacement of either one-half or all of the soybean oil meal with dehydrated alfalfa meal brought about a highly significant increase in rate of gain. The difference in average daily gain between the lots fed soybean oil meal and alfalfa meal in the 1950-1951 experiment—was also significant. The feeding of alfalfa meal, therefore, significantly increased the rates of gain in all three experiments."

In another report, "Testing Modifications of Purdue Supplement A," Perry, T. W., W. M. Beeson, and M. T. Hohler, Purdue University Agricultural Experiment Station, Lafayette, Ind., Mimeo AH-102, April 24, 1953, the addition of dehydrated alfalfa meal to Supplement A not only increased gain and feed efficiency, but it also materially lowered the feed cost per pound of gain.

Work done at the Illinois Experiment Station by Dr. H. M. Scott and associates shows that quicker response and more economical feeding of young chicks can be gained, due to the presence of unknown factor or factors, in

increased usage of dehydrated alfalfa meal in the ration, and sufficient quantities of vitamin K, niacin and vitamin E available in dehydrated alfalfa meal will assure healthier chicks.

A 5 per cent level of dehydrated alfalfa meal in the ration is recommended by the Illinois Station.

At A&M College of Texas, work reported by Dr. J. R. Couch shows that fertility and hatchability were increased 9 per cent by addition of 5 per cent dehydrated alfalfa meal to the breeder hen diet, due to unidentified factors in the alfalfa meal. Dr. Couch has also highlighted the value of alfalfa as a source of vitamin K.

Good evidence of greater utilization of carotene in the animal body, when the source of carotene is dehydrated alfalfa meal, has been pointed out by the work of Dr. Paul R. Frey and associates at Colorado A & M College in working with poultry. Corroborating evidence of this same effect in feeding of swine is indicated by the work of Dr. James F. Hentges, Jr., department of animal husbandry and nutrition, University of Florida.

Time or space does not permit a complete synopsis of the many research projects in which dehydrated alfalfa is being specifically tested for its value. They are many and in most cases reports are favorable to the product.

Perhaps of almost equal interest to users of dehydrated alfalfa are the changes and improvements taking place within the dehydrating industry, looking toward a more acceptable product.

The present trend seems to be toward an increased amount of pelleting, greater utilization of storage facilities designed to preserve the oxidizable factors in dehydrated alfalfa, such as carotene, and modifications of one kind and another to rid the finished product of its very undesirable dustiness. Many of these improvements lend themselves well to increased handling in bulk, thereby reducing cost of operation.

Three or four years ago, there was storage capacity under non-oxidizing atmosphere for probably three or four thousand tons of dehydrated alfalfa, but today this has grown to somewhere in the neighborhood of 60,000 tons. The end result of this development is greater assurance, to the feed mixer and the ultimate consumer, of dehydrated alfalfa products containing specific high amounts of carotene (pro vitamin A) through the entire year.

We are confident that there has been an increase in the amount of the product in low temperature storage for carotene preservation during this same period.

In addition to these two methods of carotene protection, the association has helped, through grants-in-aid to Colorado A & M, to promote the

study of various anti-oxidants for treatment of dehydrated alfalfa.

These studies have been under way at the Western Regional Research Laboratory, USDA in Albany, Calif., for a number of years, and we are optimistic that one or two such anti-oxidants may be ready for commercial use next year.

One similar anti-oxidant has been approved by the Food and Drug Administration for several years and has been used successfully by several firms.

Bulk handling of feeds and feed ingredients is increasing. The dehydrating industry is fast moving in this direction and concomitant with this trend is a move toward more pelleting of the product as it comes from the dehydrator. The reasons for the increase in pelleting, where bulk storage is used, are conservation of storage space (approximately two tons of pellets occupy the space allowed for one ton of meal), ease of handling, and diminution of the dust problem.

Pelleting is also the first step in manufacturing a new physical form in which dehydrated alfalfa is now being marketed. The pellets can be partially broken down, through a breaking and screening process, to produce small particles of substantially uniform size and practically free from the size which makes up the dustiness of meal as it comes from the mill. The very fine portion, the "thrus" in the screening process, may be recirculated to the pellet mill or drawn off as a special product. Even these fines are not as dusty as the original meal.

Another development looking toward elimination of dustiness is the process of adding a small amount of vegetable oil or animal fat to the meal. In recent months, considerable interest has been in evidence for the use of white grease and yellow grease from the

packing industry. These greases are apparently in abundant supply and at prices below the vegetable oils at present.

If the dehydrated alfalfa industry adopts the use of the new antioxidants widely, then there may be more use of the oils or greases, since these anti-oxidants are oil soluble and will have to be handled in an oil solution. The greases are of a low enough melting point to be adaptable.

These are trends and it is not to be inferred that any overnight transition is taking place. The greater portion of dehydrated alfalfa is still marketed as dry, bagged meal, in either 100-pound burlaps or 50-pound papers.

Many feed mills are not equipped now, nor will they be in the near future, to accept bulk shipments of meal, pellets or anything in between. All of them, however, would welcome meal of less dustiness and the future holds great promise for this.

Prices this last season have not been conducive to dehydrators' considering any major capital expenditures for additional equipment, looking toward a more readily acceptable product. On the contrary, many of them are struggling for stability in their present structure and hoping for a more profitable operation next year.

Bad marketing practices account for many of the ills of the industry and, with this thought in mind, the association has made a grant-in-aid to promote a study of dehydrated alfalfa marketing. Progress along this line may be slow, but eventually it should prove of benefit to both the producer and his customer.

April is tree planting month in Indiana. Proper planting methods and care in planting will result in better survival and growth. Purdue University foresters remind homeowners to plant their trees in a hole large enough to accommodate the roots in their natural position.

## THOMAS K. WARNER

North Webster

REPUBLICAN CANDIDATE FOR

## AUDITOR

KOSCIUSKO COUNTY

Native of Kosciusko County. Attended school in Syracuse and North Webster. Business administration, real estate and accounting graduate with 11 years experience actual accounting work. Veteran World War II. Legionnaire, Mason. Life-long Republican, first time asking for public office. I sincerely pledge you honest, faithful and accurate service in return for your support in the May 4th Primary.

## NEW PUBLIC TELEPHONE BOOTH IN MENTONE

Polaroid One-Minute Photo by Co-op. News

Pictured above is the new public telephone booth recently installed in front of the General Telephone Company offices in Mentone. This is for the convenience of the general public and is equipped with an up-to-date pay telephone. The enclosure is made of metal and reinforced glass. (Sharon Curtis and Sheila Binkley, students in the Mentone school, are scarcely visible up the sidewalk. They happened along just as the photograph was taken.)

## ATTENTION HARRISON TWP. REPUBLICANS

I am a candidate for the Republican nomination for Trustee of Harrison Township, subject to the decision of the voters in the May 4, 1954 primary. I submit the following facts and qualifications for your consideration.

My wife Marguerite, our three children and myself live on a farm 8 miles north east of Mentone.

I am a lifetime resident of Harrison Township which is one of the best townships in Kosciusko County or any where I know of.

My wife and I have been married 17 years. During that time we have purchased a farm, and developed it into a good sized, efficient and profitable poultry enterprise. Hard work, good management, and the application of sound business principals have been largely responsible for our success in our business venture.

If I am elected Trustee I will apply those same qualities and abilities to the duties of that office.

Other activities that help me to qualify for this office are school bus driver 2 years, past president of P. T. A. and member of the School Advisory council for 3 years.

As a tax payer I am interested in seeing that we get value received for all tax money spent.

As a school patron I am concerned that our children have the best education it is possible to provide for them.

Your support will be appreciated.

**CARROLL M. EILER**

Candidate for the Republican Nomination for  
Trustee of Harrison Township

## MOTHERS OF WORLD WAR II

The Mothers of World War II, unit 106 met at the home of Mildred Fawley Monday evening April 12. The meeting was called to order by the president, Dora Whetstone. The meeting was opened by presenting the flag and pledging allegiance and singing our National Anthem, followed with prayer by the Chaplin.

Sixteen members answered roll call. The secretary and treasurer reports were read and accepted. Communications were read and placed on file. Plans were made to go to Ft. Wayne Veterans hospital July 9th to put on a party with entertainment for veterans. \$5.00 was paid to the Cancer fund. Ollie Sarber gave a donation of \$12.00 for use of bed. Sadie, Ethel and Myrtle were put on the committee for Memorial Services next month.

The meeting was closed by giving Mothers Creed, one verse of "God Bless America" and prayer by Chaplin.

Delicious refreshments were served by the hostess, assisted by Myrtle Davis in keeping with the Easter season. Next meeting will be Monday evening, May 10 at Ethel Wagners.

Mr. and Mrs. Herschel Enyeart of South Bend were Sunday dinner guests of Mrs. Etta Halterman and called on Mr. and Mrs. Veri Halterman in the afternoon.

**MENTONE HOME  
DEMONSTRATION CLUB**

The Mentone Home Demonstration Club met at the country home of Mrs. Raymond Weirick on Thursday p.m., April 8 with Mrs. Edith Darr as co-hostess.

Vice president, Mrs. Elmer Sarber opened the meeting with 16 members answering roll call.

Mrs. Darr gave a short meditation and Mrs. Weirick gave the history of the song of the month "Last Night, The Nightingale Woke Me" after which the group sang.

The lesson subject was program planning, given by Mrs. Sarber who emphasized that we should be familiar with the program and also that we should stick to the program.

President Mrs. Oliver Teel then conducted the business. The group voted to participate in the County in preparing a float for the Warsaw Centennial. A committee was appointed to cooperate with the Girl Scouts; also a committee was appointed on arrangements for the club anniversary meeting.

Mrs. Blanch Paulus received the mystery package and gifts were distributed to Mrs. Linas Borton, Mrs. Bertha Meredith, Mrs. Elmer Sarber, Mrs. Sherman Bybee, Mrs. Claud Gates and Mrs. John Laird. An auction was also held.

Mrs. Della Dillingham called on Lydia Ryneason Saturday, at the Murphy Medical Center in Warsaw.

For better gardens be sure to use Power-Pak seeds. More plants per package and better yield. Denton's Drug Store, Mentone, Indiana.

**OUR "ARMY" PRINTER**

April 11, 1954

My Dear Bossman,

Hi Artley. I made it and I'm glad! Yes sir, I am now a full fledged electronics technician for radar maintenance. My class graduated last Thursday and received our diplomas. We left the detachment Friday and now are assigned to Hdq. Bat. 5th Training Battalion. So far as I can learn I will not be able to get leave 'till next August or September.

This is a training outfit for radar operators, and my job is to keep the equipment maintained which mostly involves dusting off tubes and sweeping floors. Ah, for the life of a specialist! Nuts.

Well, old man, (grandpa) I hope you will notice the change in address.

As Jon probably told you I done bought a camera and have ruined lots

of film. I am enclosing some of my futile attempts. All criticisms are welcome from an old expert like yourself.

Cum non Laudius,  
Floyd Dorsey

**CARD OF THANKS**

We desire to express our sincere thanks and appreciation to everyone for remembering us in our hour of sadness. Every word and deed will long be remembered.

Richard Greulich and family

**FINE SPEAKER AT P. T. A.**

All who attended the P. T. A. meeting on last Wednesday evening felt that they had listened to one of the ablest speakers yet to appear before our P. T. A. group. He was John Vayhinger, and he dealt with his topics most thoroughly and with great understanding. His topic was "Young People and Their Adjustment To Life."

Carroll Eller had charge of the devotions and read the Biblical account of the Easter story.

A vocal solo, "Robes Of Calvary" was sung by Philip Nelson, accompanied at the piano by his mother, Mrs. Delford Nelson.

Several songs were sung by the third grade.

Officers elected for the coming year are: president, Mrs. Robert Hoover; first vice president, Charles Manwaring; second vice president, Mrs. Herman Olson; treasurer, Mrs. Chas. Eaton; secretary, Mrs. Iris Anderson; assistant secretary, Mrs. Wayne Nellans.

Next month open house is planned. Details will appear a little later.

At the social hour in the basement, the following ladies were the hostesses: Mrs. Mellott, Mrs. Leonard Eller, Mrs. Lester Blackburn, Mrs. Monroe Romine, Mrs. Leo Linn, Mrs. Mott Bryan and Mrs. Dale Wallace.

**WILLIS E. NELSON**

Funeral services for Willis E. Nelson, salesman, residing a mile north of Akron, who died last Friday evening, were held at 2 p.m. Tuesday at the Sheetz funeral home in Akron, with Rev. D. L. Slaybaugh officiating. Burial was in the Sycamore cemetery south of Mentone.

Mr. Nelson died at 4 p.m. Friday at his home.

He was born April 20, 1885 at Mentone, son of John Riley and Emma (Shaw) Nelson. On May 8, 1932 he was married to Mary Meinert. He was a member of the Mentone Church of Christ.

Survivors are his wife; six children, Evelyn Wickstrom and Calvin, both of Detroit, Willis E. Jr., Kent and Linda, all at home, and Fred, of Indianapolis; two brothers, Irvin, Mentone, and Virgil, Mishawaka, and one sister, Mrs. Nora Teel, Mentone.

**MILLER-WARREN**

Miss Phyllis Jean Warren, daughter of Mr. and Mrs. Ralph Warren and Lloyd S. Miller, son of Mr. and Mrs. Simon B. Miller of Middlebury were united in marriage last Sunday afternoon at 2 o'clock, at the Baptist church. The double ring ceremony was read by Rev. Chester A. Doden, pastor.

Miss Viola Thomas was the bridesmaid and Joe Evans was best man.

Following the ceremony a reception was held at the home of the bride's parents near Mentone.

Mr. and Mrs. Miller left for their new home at 1454 Maple St., Evanston, Ill. on Sunday evening.

**LIONS PLANNING LADIES' NIGHT FOR MAY FIFTH**

The Mentone Lions Club will entertain the ladies at their regular meeting on Wednesday night, May 5th, at seven o'clock DST.

Raymond Cooper is Lions Club Program Chairman, and he will be ably assisted by Lions George Black and Fred Lemler in arranging for the affair.

Lion Cooper announced late this evening that tentative arrangements are that William H. Gingher, state chairman of the Indiana Committee Leader Dog for for Blind, Inc., will be here to speak to us. Mr. Gingher will be accompanied by William Smith, a Port Wayne blind businessman who is now chairman of the Fort Wayne Lions Club Sight Conservation and Blind committee. He will bring his leader dog, Arab, and he will also show a 20-minute film on the training of leader dogs.

**JOSEPH BAKER BUILDING ADDITION TO STORE**

Folks have been busy around the Baker's Jewelry and Appliance Store this week, re-arranging their room and laying the foundation for an addition to be placed at the rear of the present structure.

The display part of the store has been arranged to provide greater area for the display of their merchandise, and the addition being constructed at the rear will be used for repair work, etc.

**TALMA COMMENCEMENT EXERCISES ON MAY 11**

The Talma school will go on daylight saving time this coming Monday, April 28.

Commencement exercises for Talma seniors will be held at 8:00 p. m. D. S. T. Tuesday, May 11, in the Talma community building. Laurence D. Baker, state representative from Kendallville, will be the guest speaker. His topic will be "This I Believe." The Valedictorian, Phyllis Carille, and the salutatorian, Sandra Jameson, will be recognized.

Rev. Delbert Ruberg, pastor of the Talma Christian Church, will deliver the address at the baccalaureate services to be held at 3:00 p.m. D. S. T. Sunday, May 9 in the Talma Christian Church.

Other school activities include the Junior-Senior Banquet May 7, the Alumni Banquet May 8, and the senior trip to Washington D. C., New York city, and Niagara Falls May 13-22.

Members of the senior class are Phyllis Carille, president, Annabel Horn, treasurer; Sandra Jameson, vice president; Jim Meredith, and Bill Richardson, secretary.

**ANNOUNCE MARRIAGE**

William Curtis Nellans and Anna B. Green are announcing their marriage which took place April 10 at the home of Mr. and Mrs. Clyde Berkeypile in Bourbon.

**CLUB CALENDAR**

D. A. R. will meet at Mrs. Vera Kelley's on Tuesday, April 27th at 7:30. Election of officers.

Mentone Reading Club, April 28th, 7:45 p.m. Mrs. Conda Walburn, hostess. Mrs. Richard Manwaring, co-hostess.

W. S. C. S. Thursday April 29, 7:45 at the Mentone church. Special speaker. There will be several guest societies present.

Miss Ada Whetstone is a patient at the McDonald hospital following major surgery on Tuesday.

**MRS. PEARL MEREDITH**

Mrs. Pearl Meredith, aged 75 years, passed away at 6:00 a. m. Tuesday at the Methodist hospital in Indianapolis. Complications was listed as the cause of death, and she had been in ill health for the past six months.

Mrs. Meredith was born in Franklin township September 23, 1878, and was the daughter of Peter and Esther (Eller) Blue. She had lived in this vicinity her entire lifetime. She was married to Orlando Meredith who preceded her in death 12 years ago.

Surviving relatives include one son, Louis, of Orland Park, Illinois; two daughters, Mrs. J. Thomas (Margaret) Frost, New Castle, and Mrs. Lloyd (Velma) Summe, of Mentone; seven grandchildren, two great-grandchildren; three sisters, Emma Bybee of Indianapolis, Love Johnson of Los Angeles, California, and Edith Ulrey of Fort Wayne.

Funeral services will be held at the Mentone Methodist Church at two p. m. Thursday, April 22, with Rev. David Gosser, pastor of the church, officiating. Burial will be in the Palestine cemetery. The Reed Funeral Home of Mentone, is in charge of arrangements.

**RECEIVES AWARD**

Mr. and Mrs. Artley Cullum and son, Jon, were in Indianapolis Tuesday where Jon received his third-place award in the state essay contest conducted by the state unit of the Federal Employment Service. In addition to \$30 in cash, the award included hand lettered certificates from the state and another from Washington, D. C.

The contest was sponsored by the Governor's Committee for Employment of the Physically Handicapped, and the presentations were made by Gov. Craig in his reception room at the state house.

First place winner, Charles Meuser, of Princeton high school; second place winner, Helen Price, Broad Ripple high school, Indianapolis, and Jesse Jones, Indianapolis, and Ida Mary McCutchan, Evansville, were also present to receive their awards.

Following the presentation ceremony, 28 winners and interested individuals were given a luncheon at the Ayres Tea Room by Wm. Stalnaker, head of the Employment Service.

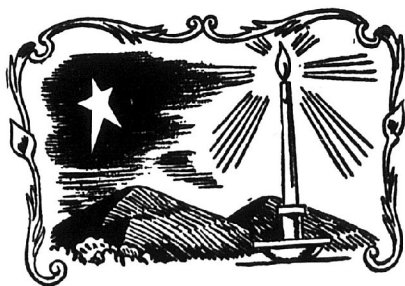

# cancer man's cruellest enemy strike back

"CANCER" is an unpleasant word. It's easier not to think about it—to turn the page, to pass on. MOST FOLKS who see this ad, will do just that . . .

YOU ARE DIFFERENT. The fact that you're still reading this proves it. PERHAPS you have a special reason for being interested in the fight against cancer. Cancer may have taken away someone whom you loved. It's not unlikely, for cancer strikes one out of five.

LAST YEAR, Americans gave more than ever. But still not enough. THIS YEAR—please—give more generously than ever. Won't you make your gift now to your unit of the American Cancer Society.

## TULIP DAY MAY 9 AT FRIENDSHIP GARDENS

Sunday, May 9 has been set as the opening day for "TULIPS on PARADE" at the International Friendship Gardens when nearly half a million tulips will grace the Gardens of Nations.

The large cargoes that come from the Netherlands each fall are planted in all the National Gardens to fulfill the wish by the Hollanders that every nation bloom in the splendor that tulips are so able to give.

"With tulips making a rapid growth in this sun-warmed valley, the winter-weary will see a most outstanding tulip exhibition," said J. Virgil Stauffer, Director of this famous Flower and Gardens Exhibition.

In addition to the flowering of the choice tulip bulbs there are many ornamental flowering peach, lilacs, dogwoods, azaleas, flowering crabs, red-bud and hundreds of other flowering shrubs that complement the richness of the color display on these one hundred acres.

The Gardens, dedicated to the ideals of spreading peace through friendship and the international love of beauty, are a unique Hoosier Gift to the world which Stauffer and his brother Joseph created from a one time virgin wilderness as of 1935.

## LOCAL NEWS

# **SUDAN—GOOD CHOICE FOR SUMMER PASTURE**

Sudan grass should be your number one choice for summer pasture for drouth damaged or poor rotation pastures, say Purdue University extension agronomists.

It has a good many advantages. It stands both drouth and mid-summer heat better than any supplemental pasture, furnishes an excellent supplement to bluegrass pastures, and is relished by all classes of livestock. What's more, Sudan is lower in cost than last year, and the seed supply is abundant.

Remember that the soil and seed-bed requirements are the same as for corn. You can seed Sudan with a grain drill in late May or early June at the rate of 30 pounds per acre. The wheat scale should be set at about three pecks.

As for varieties Certified Piper Sudan yields more than common Sudan because it's more vigorous and disease resistant. Sweet Sudan is more disease resistant than common but starts growth slower than either Piper or common, and for this reason is liked better by Southern Indiana farmers.

Sudan can be grazed about five weeks after seeding, but not before it's more than a foot tall. You'll get more growth and greater carrying capacity on dark colored soils by fertilizing at time of seeding with 250 to 350 pounds of 4-16-16 per acre. On thin, light colored or sandy soils, use 300 to 400 pounds of 10-10-10 per acre.

An acre of fertilized Sudan grass should carry two to three cows per acre most of the summer, unless too drouthy. Carrying capacity may be increased if the field can be divided for alternate grazing. Avoid grazing new growth of Sudan after frost.

Here's something else on Sudan. Many farmers report they have had success seeding alfalfa or sweet clover with this supplemental crop.

Sunday dinner guests at the home of Mr. and Mrs. Roy Meredith of near Akron were Mr. and Mrs. Henry Blesch of near Akron, Mrs. Earl Meredith of Mentone and Miss Molly Hanger of near Akron.

Mrs. O. G. Ferguson of near Warsaw called on Mrs. Garrie Rose Monday afternoon.

## now is the time to **HURRY HOGS TO MARKET** ... on the Purina Program

The chart shows average hog prices at Chicago by months for the last 10 years. The peak of the hog market is coming earlier—it used to be September, then August. Last year's peak came in July. So hog men must make every day count to be ready when markets are best.

**THE NEW PIG STARTENA**, fed on the Purina Program, helps get hogs off fast ... to market weight up to 2 weeks earlier. Thousands of Purina Program feeders are now marketing hogs at 5 to 5½ months. That's because the Purina Hog Program is backed by years of research ... built to get the most pork from home-grown grains ... built to speed hogs along the market road.

**CASH IN ON HIGH HOG PRICES** by hurrying your hogs to market. Let us tell you more about the economical, easy-to-follow Purina Hog Program. It's built to send your hogs to market fast. Come see us ... TODAY!

### WIDE SCREEN INSTALLED AT AKRON THEATRE

A new RCA Dyna-Lite Panoramic Wide Screen has been installed at the Akron Theatre in order to give patrons the benefits and enjoyment of one of the newest developments in the presentations of Motion Picture Entertainment.

This new development in movies now fills the entire front of the theatre from ceiling to floor and wall to wall with a beautiful clear picture. The picture is now much wider and some higher than formerly. This type of Motion Picture screen is known by various trade names but for simplicity it is referred to as a Panoramic Wide Screen.

The scientific principle behind wide screen projection is based on what is known as Panoramic vision. In other words, the human eyes normally see a much wider view of a scene than what the eyes sees high. Thus in everyday vision we are accustomed to seeing a whole panorama of view in front of us. This of course was not possible with the old small screen which presented a type of movie vision not encountered in everyday life.

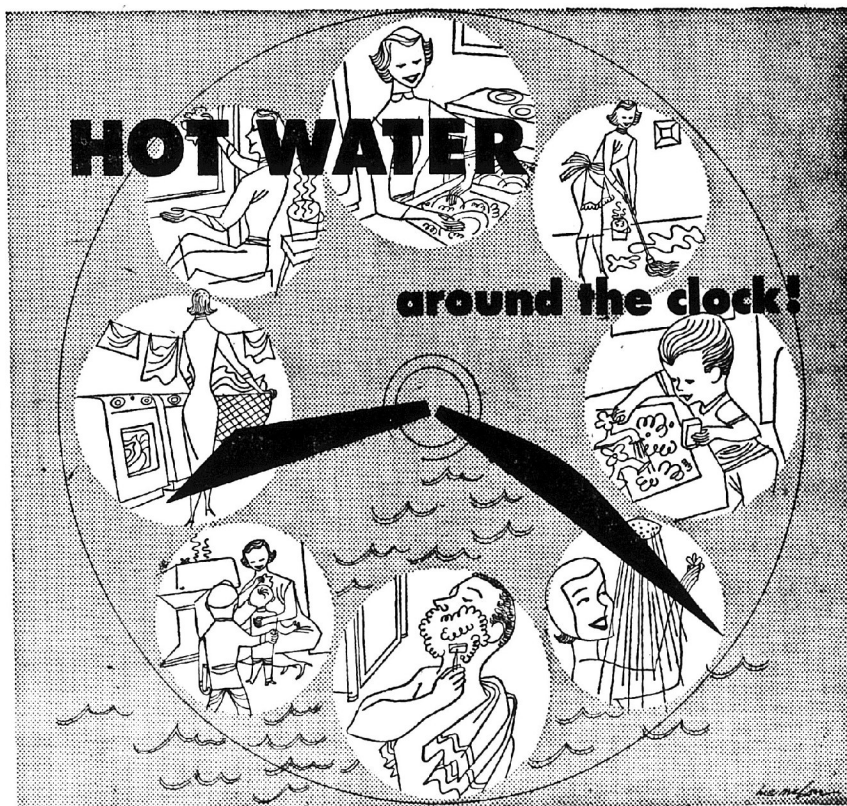

The picture as seen on the new

Panoramic Wide Screen at the Akron Theatre will be more life-like and more natural than ever before.

Last Sunday the new Wide Screen was uncovered and put in use. The News reel cartoons and other shorts

were run on the size of screen formerly used and when the feature picture started the full area of the new wide screen was suddenly filled with the Feature Picture. This arrangement clearly shows the great improvement

which the new style screen makes in movie enjoyment. Patrons who have already viewed the new screen has without exception expressed their complimentary comments on the Wide Screen Projection.

with a completely automatic electric water heater

Forget about family "hot water schedules"—there'll always be enough hot water for every use with an automatic water heater.

You don't have to bother lighting it each time it's used.

There's no waiting for water to heat up.

Give your family the luxury of all the hot water

they can use for only a few cents a day.

There is a size to fit your family's needs.

## DO YOU RECOGNIZE THIS SET OF FARM BUILDINGS?

### WHOSE FARM IS THIS?

Can you identify the farm pictured above? This is another of the farm pictures to be printed in the Co-Op. News, and as no one knows whose farm it is, can you help identify it? There's no prize to the first to tell us whose farm it is, but it is interesting to know who will be first in reporting the information to this newspaper.

Call, phone or write us if you believe you know the farm.

### Ora Ellis Farm Last Week

Our readers have identified the farm pictured in our last issue as that of Ora Ellis, who lives west of the Hobart Creighton home on the Crystal Lake road.

Eldon Horn and Roy Stickler were the only ones who identified the farm.

### METHODIST CHURCH NEWS

On April 13 thirty women of the church met for a Sacrificial Breakfast in the church dining room. Seated around a table set in the form of a cross they ate in silence their meal of orange juice, sweet rolls and coffee. Recordings of sacred songs and spirituals sung by Roland Hayes and Marian Anderson were played. The recording, The Influence of One Life, was used to portray the life and passion of Christ and appropriate Easter and Passion poems were read by the Pastor.

Mrs. F. B. Davison arranged the program and acquired Miss Frances Sharp of Warsaw as speaker. Miss Sharp reviewed a WSCS Study Book on the

mission work in the Southwest and Caribbean area. Accompanying Miss Sharp was Miss Loveday of Warsaw.

The pastor and three of the church ladies: Mrs. Waler Kent, Mrs. Ralph Mollenhour, and Mrs. D. L. Bunner, served communion to twenty-seven shut-ins. The response at the Thursday evening Communion Service was very good, and increased interest in the Passion Week services over previous years was indicated by the attendance.

The Fourth Quarterly Conference will be held on Tuesday evening, April 27, with a potluck supper preceding the devotional and business sessions. Dr. Thurman Morris will speak and conduct the business meeting.

Attendance at the Sunrise Easter Services reached a new high with 150 persons present. Attendance at the Worship Service was 245 with 125 remaining for the Study Period.

Six-fifteen is the hour of the potluck supper on Tuesday evening. All reports should be in the pastor's hands by Saturday morning so a composite report may be mimeographed for the business session.

### TALMA ROD AND GUN CLUB TO HOLD MEET

The members of the Talma Rod and Gun club will hold their monthly meeting on April 23 at 7:30 p.m. at the Talma high school gym (old). There will be some business matters taken up at this meeting which were carried over from the last meeting. Refreshments after meeting.

★ Buy Co-operatively — And Save!

## PLANE SPOTTERS

### ESSENTIAL TO AIR AND CIVIL DEFENSE

In the event of a surprise air attack the trained Civilian Plane Spotter would be of vital importance both to the Air Force and Civil Defense. Early warning of approaching planes would give our fighter pilots a better chance to challenge the invaders in the sky—would give civilians in target areas more time to reach shelters. Will you serve as a Plane Spotter two hours a week?

# Smidley Hog Houses

THESE houses are so convenient and easy to give your sows and pigs the best of care, that they will pay for themselves many times in the pigs you save.

All Smidley houses are equipped with the wonderfully convenient Smidley roof. Opening wide, it makes it easy to care for sow and pigs. Easy to clean and sanitary, it can be opened wide

to let the sun shine in without draught on pigs.

They are built on oak runners, easy to move. Fir floors, fir or cedar siding, the roof is covered with galvanized steel.

Smidley houses are shipped, knocked-down, painted two coats best outside orange-yellow color. Lifting side and insulite insulation in roofs may be had as extras.

## FEATURES:

1. Galvanized steel covered roof. Sunlight enters the house—sterilizes and dries. Easy to bed, clean and care for litter.
2. Pig rails on sides and back end.
3. Good clear siding and floor—Cedar and Douglas Fir.
4. Four oak runners or skids.
5. Two coats best orange paint.
6. Extra heavy 5" T hinges bolted on full height door.
7. Two door hooks.
8. Cement coated nails used in construction hold house together securely.
9. Roof insulated with one-half inch insulation against summer heat and winter moisture condensation is a wise investment.
10. We have found that a six foot wide house is sufficient for sows up to 600 pounds. The sow is forced to lay lengthwise against sloping sides, which are equipped with pig rails, thus affording maximum protection for the small pigs.

## GM Motorama Coming To Chicago

Harlow H. Curtice, president of General Motors, waves from GM's famous gas turbine "Firebird," first car of its kind in the United States and which will be a feature of the GM Motorama April 24-May 2 in the International Amphitheatre, 42d and Halsted sts., Chicago. Admission is free. The huge exhibition includes a Broadway-produced musical stage and fashion show, 11 other "dream cars," more than 125 science exhibits, and a "Kitchen of Tomorrow."

**Last year . . This year and for 14 straight years**

**MORE Farmers Have Planted  
DEKALB  
than ANY OTHER Seed Corn**

In  
1953  
5038 farmers  
averaged  
101.16 bu. of  
DeKalb  
per Acre

\*All yields made on  
selected 5-acre  
Contest Plots.

This year—because of acreage restrictions—RESULTS will count MOST. Every acre MUST produce MORE. The BEST GUIDE in choosing your seed, is to plant the Corn that is PERFORMANCE PROVED.

Last year, in DeKalb's Selected 5-Acre Corn Growing Contest, 5038 farmers averaged 101.16 bushels of DEKALB per acre. In 15 years of the Contest, 52,306 farmers have averaged 99.04 bushels per acre. These yields were made right on the farmers' own land—under many different soils and weather. They offer conclusive evidence of DEKALB's yielding ability—its outstanding adaptability—its year in and year out Dependability.

This Spring—every Spring—make sure of the seed you plant. Plant DEKALB.

McDonald hospital Tuesday after spending 91 days their receiving treatments for a fractured leg.

## CARD OF THANKS

The Mentone Senior Class wishes to thank all of those who had a part in our "Work Day" last Friday, and especially Hap Utter, John Boggs, and Roy Cox for the use of their trucks and filling stations.

## LEARNING THE HARD WAY

That was the remark Jon Cullum made Saturday afternoon after the road moved out from under him while he was hauling trash for the senior class.

Jon was trying to finish some of the work contracted and unfinished by the seniors on their work day Friday, and he had purchased a candy bar to tide him over until he found the time and strength to eat lunch. Said candy bar was parked on the dash when he headed for Palestine with a load of trash. It jiggled off on the floor going over Bill Lackey's hill and he proceeded to use one of those chimpanzee arms of his to pick it up. Road 25 moved out from under him and he found himself riding a berm too steep to come back up, so rather than use brakes, he stepped on the gas and went out into the Manwaring alfalfa field. His querie to the first passing motorist that stopped

was: "Can you tell me the road to Warsaw?"

The moral of this story is: Driving with one hand is OK, but don't put your head under the hood.

The fortunate driver managed to drive east over the alfalfa patch and back onto the road without Charlie finding out who the driver was, but he landed back at the Mentone Motors so sudden he had to use his parachute to land, wondering who the guy was dumping trash on his alfalfa patch. It seems Charlie hasn't any goats and he didn't want any of his pedigreed omelet factories pecking on those half dozen cans and then laying tin-shelled eggs that would require a can opener to find the yolk.

Passing motorists should use a little caution going out that way and not toss out any cigar wrappers. I'll bet a hen's egg cooped up in cellophane would be a brute to crack for an early breakfast.

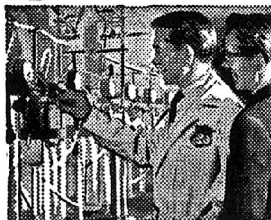

**FOR SALE**—A new OAKES Bottled gas brooder. Is set up and adjusted for Philgas but has never been used. A good outfit for cold weather brooding. Hover lifts off, making it easy one-man job to move. \$39.00 value for \$35.00. Walt Safford, Dial 2572 Akron. 4 mi. west of Beaver Dam school.

## THE STORY OF PHILLIPS 66

# Flite-Fuel

FROM THE SKYWAYS TO THE HIGHWAYS

**FOR MILITARY USE** Phillips originated new super-power aviation fuel components—Di-Isopropyl (pronounced di-iso-pro-pull) and HF Alkylate. These made possible more powerful, higher anti-knock fuels for combat aircraft.

**RESTRICTED** for use in high performance aviation gasoline, these powerful components have for years been on U.S. Government priority. But now restrictions have been released and Phillips is able to use them in automotive gasoline.

**TODAY**, Di-isopropyl is available to motorists exclusively in a new gasoline called Phillips 66 Flite-Fuel. It gives increased power, greater fuel economy, higher anti-knock quality, freedom from stalling... and it's clean-burning!

**GET PHILLIPS 66 FLITE-FUEL** at any station where you see the orange and black Phillips 66 Shield. Let your car's performance tell the story. You'll discover a new driving experience.

Polaroid One-Minute Photo by Co-op. News

John Miller was hard at work recently when the Co-Op. News camera was pointed his way and his name was called. You can readily see that Johnny would have a hard time fooling anyone, as his expression looks as if he was guilty before he knew what we wanted. John is one of the best tinsmiths in this part of Indiana, and he is kept busy doing this work for the people of the Mentone area. Mr. Miller is manager of the Co-Op. Metal Department.

### ATTENDS CONFERENCE ON RELATED VOCATIONS

David Gosser, Jr., a junior at Mentone high school, will attend a conference on church related vocations at

Irvington Methodist church, Indianapolis, April 23, 24 and 25.

Vocations which will be considered at the conference are the pastoral ministry, social work, music, church secretarial work, world and national mis-

sions and hospital administration. Other fields are nursing, administration of children's and old people's homes, college teaching, religious education and public relations.

The conference features outstanding leaders in their respective fields. The youth's own bishop, Richard C. Raines, will keynote the conference with an address on Sunday morning. He will also counsel students interested in the pastoral ministry along with Dr. James S. Chubb, prominent Methodist minister of Grand Island, Nebr., and Dr. Edwin R. Garrison, administrative assistant to the Indiana Area of The Methodist Church.

Mr. and Mrs. Jack Miller were Sunday guests of Mr. and Mrs. Ted Koch and family of near Talma.

## OUR DEMOCRACY — by Mat

### "COUNTRY FRESH"

IN THE OLD DAYS, DISTRIBUTION OF "COUNTRY FRESH" TRUCK-FARM PRODUCE WAS LIMITED TO NEARBY COMMUNITIES AND THE LOCAL GROWING SEASON.

TODAY, THE BOUNTY OF THE SOIL IS SHARED MORE WIDELY AND THE MARKETING OF PERISHABLE PRODUCE STABILIZED, BECAUSE OF PACKAGING INNOVATIONS, MODERNIZED TRANSPORTATION AND OTHER DEVELOPMENTS.

FROZEN FOOD PACKAGES, FOR EXAMPLE, APPROXIMATED 5 PER CENT OF ALL RETAIL FOOD SALES LAST YEAR.

A LARGE PART OF THE FUNDS THAT BUILT THIS HUGE NEW INDUSTRY CAME FROM THE SAVINGS OF THE VERY PEOPLE BENEFITING FROM THIS IMPORTANT CHANGE IN THE LIVING HABITS OF OUR DEMOCRACY.

## TO THE VOTERS OF HARRISON TOWNSHIP

I was born and raised in Harrison Township. I am 44 years old and have been a farmer all my life. I was President of Harrison Township Farm Bureau for the year 1953. I am married and have 2 children, one of which is still in Mentone High School. I am aware of the conditions and problems of Harrison Township. I will to the best of my ability be fair and honest to the taxpayers and voters of Harrison Township. Harrison Township has a fine school and gym at Mentone. I am sure this Harrison Township School can be made the best school in Kosciusko County. I have been precinct committee-man for 6 years in the third precinct of Harrison Township.

### BEAVER DAM FRANKLINETTES

The Beaver Dam Franklinites held their meeting April 14 at Ann Bryants. The meeting was opened by singing America the Beautiful after which all joined in the pledge to the flag. Evelyn Lowman read several verses from the Bible in keeping with the Easter season.

The history of the song of the month was read last night. "The Nightingale Woke Me" by Bonnie Whittenberger.

Health and Safety remarks were given reminding us of Heart Disease and Cancer and their causes. We voted to send a contribution to the Cancer Fund.

The lesson was broken into two parts with Program Planning by Bonnie Whittenberger and then Personal Grooming by Lucille Harrold and Evelyn Lowman.

Fourteen members answered to the roll call by giving their favorite rainy day pastime.

It was suggested all should attend the May Day Banquet at Warsaw on May 5.

Several members brought there recipe for the cook book but they will be

accepted yet at the next meeting on May 12 at Evelyn Lowmans at 8 o'clock.

### LOCAL NEWS

The following were entertained over the weekend at the home of Mrs. Bert Rush and son Roy. Mr. and Mrs. Earl Rush and son Jack, and Ted Kapp of Detroit, Michigan. Other callers were Mrs. Bert McKeever, Mr. and Mrs. Kenneth Pearson of Jonesboro, Ind. Harold McKeever of Muncie, Ind., Mr. and

Mrs. Gene Cramer and son of Warsaw and Mr. Fred Rush of R. 5, Warsaw and Mrs. Tony Hight of Etna Green.

Mr. and Mrs. Leonard Boganwright and son Dick, Mr. and Mrs. Emory Davis and family of Mentone, Mr. and Mrs. Donald Boganwright and family of Three Oaks, Michigan, had a birthday dinner at the home of Mr. and Mrs. Jim Miller Sunday for Emory Davis, Beverly Davis and Mrs. Jim Miller.

### Republican Voters of HARRISON TOWNSHIP:

As a candidate for the Republican nomination for TRUSTEE of Harrison Township, subject to the Primary Election on May 4, 1954, I submit my qualifications and background for your consideration.

- ◆ My family and I live on our farm northeast of Mentone. I was in business in Mentone for 6 years and have been a farmer for the past 8 years in Harrison Township. From such experience I am aware of the needs of both the businessman and farmer in our Township, and I firmly believe that knowledge of the problems in our township and willingness to work hard are important attributes of a good Trustee.
- ◆ I support the principles of the Republican party and recognize my responsibility to promote good government. I have been a Republican precinct committeeman for the past 2 yrs.
- ◆ I was in the Army 33 months in World War II.
- ◆ My wife, Louise, and I are the parents of two children, and we are of course very interested that our children be provided with good educations and good school facilities here in Harrison Township. I have driven a school bus in our township for 7 years.
- ◆ If elected as Trustee of Harrison Township I will treat everyone fairly and impartially, and I will work hard to make Harrison Township one of the best townships in Kosciusko County.

Your support will be appreciated,

**ALBERT M. TUCKER**

Candidate for the Republican Nomination for  
TRUSTEE OF HARRISON TOWNSHIP

### MRS. UTTER HOSTESS TO COUNTRY NEIGHBORS

The Country Neighbors home demonstration club met Thursday, April 20 with Mrs. Wilbert Utter, club president. The group sang "America the Beautiful," pledged allegiance to the flag and repeated the club creed.

Devotions given by Mrs. Roy Maxwell, consisted of a poem, "Wishing" and verses 1 to 11 of the 24th chapter of Luke. Mrs. Howard Chamberlain gave the song history. The safety lesson discussion was led by Mrs. Joe Peterson on Safety — A Family Affair.

Members answered roll call by giving their middle name. A decision was made to write the club's history. Mrs. Leroy Norris, Mrs. Allen Herendeen and Mrs. Roy Maxwell were appointed to serve on this committee. Mrs. Kenneth Dunnuck, Mrs. Howard Chamberlain and Mrs. Russell Walters were appointed on a committee for Home Demonstration week, May 3 to 8. The club's display window will be at Hubert's shoe store, Rochester.

The auction articles were bought by Mrs. Utter, Mrs. John Teel, Mrs. Wilvin Long, Mrs. Clarence Pfeiffer, and Mrs. Carl Zolman.

The entertainment was prepared by Mrs. Herendeen and Mrs. Teel. A contest prize went to Mrs. Utter and a prize for making the best Easter bonnet to Mrs. Wilvin Long.

Refreshments were served by the hostess, Mrs. Utter.

NORTH WEBSTER

## REPUBLICAN CANDIDATE

FOR NOMINATION

# COUNTY AUDITOR

Dear Voters:

I am seeking the Republican nomination for the Office of Auditor of Kosciusko County in the May Primary Election.

This I am doing because I believe that I can fill this office to the satisfaction of the citizens of this county and if nominated and elected. I will to the best of my ability provide you with:

1. COURTEOUS AND IMPARTIAL SERVICE
2. ACCURATE RECORDS.
3. FULL COOPERATION WITH ALL YOUR ELECTED AND APPOINTED OFFICIALS.

Many of you, I already know and I am confident of your support. To those of you whom I am not personally acquainted, I submit the following information regarding myself, education, experience and qualifications.

### EDUCATION

Born and raised on a Kosciusko County farm. Attended grade and high school at Syracuse and North Webster. Received degree in Business Administration from Cleary College at Ypsilanti, Michigan followed by courses at The Detroit Institute of Technology, Detroit Night Schools, Ford Motor Company Training School, U. S. Naval Training School, and The Weaver School of Real Estate.

### SERVICE DURING WORLD WAR II

Enlisted December 6, 1941 in the U. S. Navy, served 20 months of active duty and was discharged on July 24, 1943 because of service connected disability.

### GOOD EMPLOYMENT RECORD WITH GOOD COMPANIES

11 years with The Ford Motor Company of Dearborn, Michigan in their Public Relations and Accounting Departments.

Employed since January 1, 1952, by the Weatherhead Company at Syracuse in their Cost Accounting Department.

### EXPERIENCE IN AUDITOR'S OFFICE

Served as Chief Deputy Auditor of Kosciusko County from January 1, 1951 until January 1, 1952.

### MEMBERSHIP IN FRATERNAL AND SERVICE ORGANIZATIONS

Past Commander and 11-year member of the Herbert Kuhn Post of the American Legion at North Webster, Disabled American Veterans. Chapter 50 at Warsaw, Leesburg Lodge No. 181 Free and Accepted Masons, Lodge of Perfection, Ancient Accepted Scottish Rite at Fort Wayne, La Societe 40 Hommes Et 8 Chevaux, Volture Locale 833 at Warsaw, Indiana Society of Sons of The American Revolution, Indiana Historical Society.

I have my family to support and the obligation of doing my work at my present place of employment, so it will not be possible for me to see each of you personally, but I feel that you should have this information so that you will be in a better position to decide who you want to be your County Auditor.

This is the first time that I have run for election to public office and your support in the May Primary Election will be appreciated.

Sincerely yours,

**THOMAS K. WARNER**

CANDIDATE FOR COUNTY AUDITOR

## NEWCASTLE TOWNSHIP NEWS

## To the Voters of Harrison Township

I was born and raised in Harrison Township and have been a farmer all my life. I am aware of the conditions, problems and wishes of the taxpayers of Harrison Township.

Having four children of our own, we are naturally deeply interested in the youth of our community. I have been a firm believer and supporter of 4-H, F.F.A., F.H.A. and other youth organizations.

I believe that America is indeed the land of golden opportunities and that our youth of today are

our leaders of the world tomorrow. It is our duty and responsibility as parents and citizens of Harrison Township to see that our boys and girls have the best in the way of education so that they will be better qualified and more able to meet the problems that face them in the world.

The only promise I have to make I make to all now: If it be my honor and privilege to serve the people of Harrison Township in the capacity as trustee, I promise that I will not be a party to any group or clique with ambitions toward selfish interest or personal gains at the expense of others.

## LESTER E. BLACKBURN

Republican Candidate For  
TRUSTEE OF HARRISON TOWNSHIP

# CHECK SEWAGE

## DISPOSAL SYSTEM

Now is a good time for farmers and urban residents to inspect their sewage disposal systems, John R. Foley, Purdue University agricultural engineer, says you may be able to save costly repairs by periodic maintenance on the system.

If your septic tank has an opening at the top, you can check the sludge deposit easily.

Here's how to do it.

Attach a small two and one-half inch square board to the end of a measuring stick and push it down until the bottom of it rests on the sludge. Then, if you don't remember the depth of the tank, push another stick down to the bottom of the tank. The difference between the two depths will be the sludge deposit.

But Foley warns — don't use an open flame to check a septic tank. The gases given off are explosive.

You'll find septic tanks require occasional cleanings under normal operation. This interval may vary between three to five years or more depending on the tank's capacity and

the type of sewage. As a general rule, it's best to clean a tank when 18 to 20 inches of sludge have accumulated.

However, a cleaning won't solve the problem if the tank has filled up and allowed sewage to overflow and clog up the disposal field system. In this case, a new disposal field must be constructed.

Foley says that septic tanks are designed to handle sewage only. Coffee grounds and ground garbage should be flushed with plenty of water, if they are run through the system. It also means you'll have to have the tank cleaned more frequently.

If you are going to put in a new tank, and will continue to put coffee grounds and ground garbage in with the sewage, it's advisable to increase the size of your tank by 25 percent.

If planning a new sewage disposal system, get a free copy of Purdue Extension Bulletin 361, on "Septic Tank Sewage Disposal Systems." This bulletin, available from the county agent, will explain how the job should be done.

## ATTENTION HARRISON TWP. REPUBLICANS

I am a candidate for the Republican nomination for Trustee of Harrison Township, subject to the decision of the voters in the May 4, 1954 primary. I submit the following facts and qualifications for your consideration.

My wife Marguerite, our three children and myself live on a farm 8 miles north east of Mentone.

I am a lifetime resident of Harrison Township which is one of the best townships in Kosciusko County or any where I know of.

My wife and I have been married 17 years. During that time we have purchased a farm, and developed it into a good sized, efficient and profitable poultry enterprise. Hard work, good management, and the application of sound business principals have been largely responsible for our success in our business venture.

If I am elected Trustee I will apply those same qualities and abilities to the duties of that office.

Other activities that help me to qualify for this office are school bus driver 2 years, past president of P. T. A. and member of the School Advisory council for 3 years.

As a tax payer I am interested in seeing that we get value received for all tax money spent.

As a school patron I am concerned that our children have the best education it is possible to provide for them.

Your support will be appreciated.

## County Band Festival on Friday

The thirty-five members of the Mentone school band will participate in the Kosciusko County Band Festival to be held at the Warsaw Armory at 8:00 this Friday evening. The massed band will include over five hundred musicians from the fourteen high schools. The members of the band will rehearse Friday afternoon beginning at 12:30. The public is invited to the evening performance. There is no admission charge.

## H.S. Pupils Participate in Career Trips

The students of the upper four grades made trips on Tuesday to various industries and businesses in order to view workers on the job and learn more about various job opportunities. The Freshman class journeyed to Chicago where their visits correlated with their studies in biology. Mr. Hoffman, biology teacher and class sponsor, chaperoned this trip. Wayne Tombaugh drove the school bus. This group left Mentone at 6:30 and returned about 8:00. They visited the Hall of Science and Industry, the Field Museum, Shedd's Aquarium, and Lincoln Park Zoo. The Sophomores left at 8:15 for South Bend with Sylvester Hedding as driver and Mrs. Dawson and Mr. Kent as chaperones. This group visited the Studebaker Plant, Notre Dame, and the Tribune Newspaper, Radio, and Television Stations. They returned to Mentone at 5:00.

The Junior and Senior Classes went to Fort Wayne with Mr. Weiss, Mr. Bunnell, and Mr. Hoogenboom as chaperones. Some of the places visited were General Electric, International Harvester, Lincoln Life, Hanna Homestead for Handicapped Children and Allen County Jail. These students stayed over for the Hollywood Ice Revue in the evening.

## Achievement Tests

The pupils of grades 1-8 took achievement tests on Tuesday and Wednesday. These have been administered each year for the last four years in order to check carefully the progress of the pupils in the regular school subjects. Tests this year included reading, arithmetic, language, spelling, and writing.

## Mentone Wins Second Track Meet

Mentone defeated Silver Lake and Beaver Dam in a triangular track and field meet held at the Mentone School last Wednesday. The final score was Mentone 55, Silver Lake 29, and Beaver Dam 14. Jerry Tinkey with four first places was outstanding. Smalley of Beaver Dam had firsts in the shot put and the 880 run. Haney of Silver Lake won the mile run. Silver Lake also won the mile relay. Mentone swept all other first places. On Monday evening the Junior High team defeated Beaver Dam and Burket in a meet held at Beaver Dam. Bill Hudson, a Mentone 8th grader, won six first places. The Junior High track meet for all county schools will be held at Syracuse next Tuesday afternoon.

## Home Economics Department To Stage Dress Review

On Wednesday afternoon, April 28, in the gymnasium, the members of the home economics classes under the direction of Mrs. Ralph Hoffman will display the work they have completed in sewing classes this year. This annual event always proves interesting to the mothers and girls.

## Attendance Figures for First Grading Period

Attendance for the fifth grading period varied greatly from grade to grade. Some of the primary grades were badly affected by chicken pox; some of the high school grades had near perfect attendance. The percentages were as follows:

1st (Mrs. McKinley) 90.44%; 1st (Mrs. Van Gilder) 89.6%; 2nd (Miss McFarren) 97.99%; 3rd (Mrs. Keever) 97.5%; 4th (Mrs. Tombaugh) 97.98%; 5th (Mr. Witham) 98.9%; 6th (Miss Aughinbaugh) 94.46%; 7th (Mr. Hoogenboom) 98.3%; 8th (Mr. Kelley) 97.1%; 9th (Mr. Hoffman) 99.2%; 10th (Mrs. Dawson) 97.8%; 11th (Mr. Bunnell) 98.1%; 12th (Mr. Weiss) 98%.

## Honor Roll For Fifth Grading Period

7th grade: Sandra Barkman, Mary Belle Mellott, Don Beeson, Bernard Fitzgerald, Larry Nellans, Larry Teel, Terry Tucker.

8th grade: Sue Fenstermaker, Julie Kent, Linda Linn, Sue Shoemaker, Leroy Markley, Tim Utter.

9th grade: Sue Borton, Dorothy Christian, Carol Dillman, Dorothy Kendall, June Romine, Charles Feldman,

Dale Kindig, and Alice Surface.

10th grade: Sue Barkman, Linda Besson, Betty Mellott, Janice Nelson, Rita Olson, Sarah Urschel, Sharon Ware, Sandra Witham, Royal Baum, Ronald Beeson.

11th grade: Connie Doyle, Shella Fitzgerald, Larry Boggs, Dave Gosser, Bill Nellans, Joe Shoemaker.

12th grade: Phyllis Boyer, Mary Ellen Bryan, Dixie Linn, Janet Reed, Sherry

Shoemaker, Jackie Stidham, Mary Vandewater, Bob Boggs, Jon Cullum, Don Rush, Jack Smalley, Larry Yeiter.

## 4-H CLUB CHATTER

By Ruth Snellenberger

Dear 4-H Members and Friends,

Educational help to local 4-H home economics clubs from the county extension office is what I want to discuss this week. Actually information of an educational nature is given through club meetings, radio programs, news articles, trips, etc. but specifically there are three ways that educational helps are being given this year.

The first of these is that during May, our home agent, Miss Reba Fyle, has scheduled with local leaders a series of clothing construction workshops. She has arranged to have a number of sewing machines placed in the extension office. She will teach 4-H members, in groups of not more than 10, an easy way to put in a zipper and some hemming practices.

A second way is that I have prepared three lessons. Each local 4-H club may choose which of the 3 their members would like to have given. A date, preferably in April, May or June, should be arranged at the county extension office. Actually cards have been given or mailed one adult leader of each club on which to indicate choice of lesson and to list first, second, and third choice of dates. Those then are to be returned to the county extension office. A card will then be mailed the club leader confirming the acceptable date.

A brief explanation I'd like to make about these lessons because I hope some parents read this column and they might like to hear the lesson given too.

One lesson is entitled "Tidy Tilly." This concerns a 4-H girl who takes good care of her garments because she has a place for everything, the proper equipment, and a plan to follow in getting things ready for the next day. Examples of various pieces of equipment are shown and their use described.

Another lesson I've called "Your Colorama." A discussion of color principles and harmonies is followed by having the girls try on samples of 23 different colored fabrics of many shades and tints. Certainly every age girl is interested in becoming colors.

The third lesson is "Costume Complements." This concerns accessories for the 4-H girl's costume — some information of value to every girl. This title was selected because actually well-chosen accessories "complement" the costume — add the finishing touches — but do not detract from it. The use of various accessories will be shown.

The third phase of a specific way of giving educational information to the local 4-H home economics clubs is through Exhibit Helps. Last September a plan was adopted by the adult leaders whereby the local clubs were to arrange to have their members exhibit what was required and then either, the home agent or the 4-H club agent was to criticize these exhibits giving good comments about them and suggesting ways to improve them. Actually these exhibits would be judged by us (Miss Fyle and myself) but no grade placed on them. In this manner the 4-H member would be receiving the same educational help as when community judging was held. This Exhibit Helps day should take place prior to August 6. From information given at this time the club member would be better equipped to prepare a better exhibit at the

County Fair, where every member is required to exhibit in order to complete. Projects will be judged at the Fair and group ribbon placings made.

The dates for these Exhibit Helps to Clubs are being arranged by club leaders in the county extension office. Some clubs are being asked to hold their exhibits with others since their clubs are small.

Until next week, good-bye.

# Swift's Pig Power

It is now an established fact that starters for PIGS and LIVESTOCK are just as correct and economical as starters for chicks and poults. The starter era is here! Knowing the need and desired results, Swift and Company has formulated PIG POWER after much research to determine the best nutritional and economical balance.

SWIFT'S PIG POWER is designed to help prevent runts (or for all swine needing a nutritional boost). The first eight weeks of the life of the pig are critical. Therefore, creep feed all nursing pigs SWIFT'S PIG POWER to help prevent runts and save their baby pig fat. The purchase of a few pounds of SWIFT'S PIG POWER will cost less than the cost for feed to rebuild a heavily nursed sow.

SWIFT'S PIG POWER is a complete feed containing four animal proteins (Tankage, Meat and Bone Scraps, Fish Meal, Dried Whey), Rolled Oats (no pulverized oats), Vitamin B12 and Antibiotic Feed Supplement, Molasses, Corn, Hominy Feed, Soybean

Oil Meal, Linseed Oil Meal, Minerals, and all the necessary vitamins required, in ample amounts. Insofar as feed is concerned, this balance will help prevent runts and give a nutritional boost to any swine needing such.

SWIFT'S PIG POWER should be creep fed to nursing pigs as it comes from the bag. Maximum results cannot be obtained when it is diluted with grain. If pigs are thrifty and doing well, SWIFT'S PIG POWER should not be fed after the pig reaches the weight of 70 pounds. We believe a gradual switch after this time to grain and SWIFT'S SWINE CONCENTRATE to be more economical.

There are times that older swine need a nutritional boost. Feed SWIFT'S PIG POWER, undiluted, just as it comes from the bag for at least three weeks or until animals become vigorous.

Even though SWIFT'S PIG POWER is an excellent ration for the sow nursing pigs, we recommend Swift's Sow and Pig Concentrate for economy and excellent performance.

Subscription — \$2. Per Year

JON CULLUM LEADS CLASS  
IN SCHOLASTIC STANDINGS

Walter Kent, Principal of the Mentone School, recently announced the scholastic averages for the Seniors graduating this year. Based upon seven semesters, the leading student was Jon Cullum, son of Mr. and Mrs. Artley D. Cullum of Mentone, with a grade point average of 3.78. Jon is enrolled in the academic curriculum and plans to enter Manchester College next September. He participated widely in extra-curricular activities having been a member of the school band for four years, a member of the speech club for four years, participated in basketball and baseball, served as a class officer and a member of the student council.

Mary Van De Water, daughter of Mr. and Mrs. R. S. Mann of Warsaw, is salutatorian of the class with a grade point average of 3.55. Mary has been enrolled in an academic curriculum. She has served as president of the Student Council during the last two years, has been a class officer, an officer in the speech club, and has played in the school band during the last four years.

Other students finished in the upper one-third of the class are: 3. Phyllis Boyer, 4. Jacqueline Stidham, 5. Robert Boggs, 6. Sherry Shoemaker, 7. Dixie Cook, 8. Janet Rose Reed, 9. Larry Yeiter, 10. Mary Ellen Bryan.

## PRE-SCHOOL ROUNDUP

Mrs. Rene Nine, County Health Nurse, conducted the annual pre-school clinic at the Mentone School on Wednesday, April 21st. For the first time, the Mentone P.T.A. sponsored the clinic. Of the thirty three children known to be eligible to enter first grade next year, twenty-nine children were present. Mrs. Nine stated that the percent in attendance was next to the highest of any clinic she had ever held.

Dr. Dan Urschel was the examining physician. He was assisted by Mrs. Jack Shinn, a registered nurse. Twenty seven children received small pox vaccinations. The dental examinations were made by Dr. F. B. Davison.

Members serving on the arrangements committee were Mrs. Raymond Lewis, Mrs. John Ellsworth, Mrs. Kenneth Romine and Mrs. Miles Manwaring.

SPRING RECITAL AT  
METHODIST CHURCH, MAY 2

A program of interesting music under the direction of Maude Snyder will be presented at the Mentone Methodist Church on Sunday afternoon, May 2, at 2:30 p.m. Those appearing on the program are Marita Tucker, Becky Robinson, Lucille, Kathryn and Elizabeth Koger, Jerlyn Craig, Sherry and Sue Divenmaker, Carol Ann Dickey, Carol Thompson, Janet Miller, Carol Rathfon, Sandra Miller, Wilberta and Karen Latimer, Joy Rider, Sandra Balenger, Susan Downs, Janice and Nancy Weirick, Sandra Witham, Barbara Hoover, Norma Jean Heeter, Sandra Baer, Marilyn Horn, Mary Kate Miller, Judy Barkman, Ken Jones, Janice Davis, Janet Besson, Danya Creviston, Dale Nellans, and Charles Feldman.

The public is invited.

## BOY SCOUT FUND DRIVE

A drive for funds for the Pioneer Trails Council Boy Scouts is now in progress, and in Mentone is being conducted on a house to house basis by members of the local Scout committee.

If the committee member fails to contact you and you wish to donate any sum to our scouts, get in touch with any member of the committee. They are: William Dorell, Charles Manwaring, Wayne Nellans, Kenneth Riner, Al Hatfield, Ora McKinley and Rev. Gosser.

## GREEN

Mr. and Mrs. Sonny Green are the parents of a 5 lb. 11 oz. son born last Friday at the Murphy Medical Center. The new boy has been named Paul Douglas.

## CLUB CALENDAR

The Royal Neighbors will meet with Mrs. Elenor Coplen, Tuesday evening, May 4 at 7:30.

Senior Penny Supper this Saturday evening, May 1, chicken pie and ham. Serving begins at 5 p.m.

The Friendly Neighbors Club, Thursday evening, May 6 at 7:30 p.m. at the home of Mrs. Charles Manwaring. Guest night.

MUSIC DEPARTMENT TO  
PRESENT PROGRAM

On Friday evening, May 7, the Music Department under the direction of Mr. Whlard Snapp will present a musical program in the Mentone School gymnasium. The program will consist of selections by the school band, the school choruses, and special solo features. The public is cordially invited to attend. There will be no admission charge, but a free will offering will be taken.

SENIOR CLASS TO HAVE  
PENNY SUPPER

The last penny supper of the school year will be served by members of the senior class this Saturday evening, May 1, in the school cafeteria. The money earned will help defray expenses of the senior class trip. Menu for the supper includes chicken pie and ham with the usual side dishes. Serving will begin at 5:00.

## BREAKS HIP IN FALL

Mrs. Hollis Bybee, 91, and a former resident of Mentone, is at the home of her daughter, Mrs. Vernon Nelson at Indianapolis.

Mrs. Bybee recently suffered a broken hip in a fall. Friends may write to her at 6327 Keystone Ave., Indianapolis.

BURMA SHAVE GAINS  
IN POPULARITY

All of us have been amused by the Burma Shave signs along our national highways, but after the fuss that's being stirred up at Warsaw over the Centennial whiskers, one realizes a little more how important Burma's mug soup really is. Warsaw borrowed Mentone's jail—condemned for public incarceration by the state under a previous town board administration — to "jail" any Warsaw citizen with a billiard ball smile and no mowing permit, and some time Monday night the thing disappeared from the court house lawn. It was found in Mishawaka.

None of the Warsaw policemen even noticed it was gone, let alone saw it disappear. I wonder if the court house is even safe?

PRIMARY ELECTION TO  
BE HELD NEXT TUESDAY

Next Tuesday, May 4, will be held the primary elections in Indiana, and all citizens should avail themselves of this opportunity to take part in their government.

The candidates are:

REPUBLICAN  
For Congress, Second District

## MERRY 4-H ERS MEET

A regular meeting of the Mentone Merry 4-H Ers which was held April 26 at 7:30 was called to order by the president Marilyn Horn.

Patty Parker led the pledges to the American and 4-H flags.

The secretary's report was read and approved.

Twelve members and two leaders answered roll call with their favorite dessert.

The health and safety report was

then given by Rachel Walters.

Discussion was on Mother's Tea and simple Desserts.

The girls chosen to represent our club in the demonstration contest are: Senior division, Patty Parker and Karen Latimer; Junior Division was Marilyn Horn.

A Demonstration was given by Patty Parker on baked apples and one on Tuna Fish Caserole was given by Mary Quier.

Janice Davis was in charge of recreation then refreshments of pop and cupcakes were served by Pam Hammer and Becky Keirn.

## NOTICE

The Jones Barber Shop will be closed for the remainder of the week.

## SINCERE THANKS

I sincerely want to thank everyone for the gifts, cards and visits while I was in the hospital and especially the War Mothers for their gift and the use of the walker.

Don Ernsberger

## CARD OF THANKS

We wish to thank all our friends and neighbors for their cards, gifts and kindness during Milo's stay in the hospital.

Mr. and Mrs. Milo Griffiths

## NOTICE

The American Legion Auxiliary card party scheduled for Friday, April 30, has been postponed until Tuesday, June 8th.

## CARD OF THANKS

For the many sympathy cards for the beautiful flowers and for the many kindnesses shown by neighbors and friends we extend our most sincere thanks.

## PALESTINE NEWS

Mrs. Edison Vandermark

Mrs. Richard Clark and son, Danny Lee have returned home from the hospital.

Mrs. Edison Vandermark spent Saturday evening at the Floyd Blackwell home.

Mr. and Mrs. James Rose entertained as dinner guests Sunday in honor of Norman Summy's birthday anniversary, Mr. and Mrs. Clyde Summy and sons,

Paul and Tommy of Warsaw and Miss Sadie Woods of Burket.

Mr. and Mrs. Richard Filarski of Ft. Wayne are the proud parents of a son born Saturday evening. Richard stayed with the Floyd Blackwell's several years ago and attended school at Mentone.

Mr. and Mrs. James Clark and daughter Sherry and son Jimmy and Mrs. Fanny Clark spent the weekend with relatives in Lansing, Mich.

Mrs. Orval Secor and sons and Mrs. Jake McClone spent Sunday evening with Mr. and Mrs. Henry Secor.

Mrs. George Craft of North Manchester and son, Don Craft of Toledo, Ohio were Saturday dinner guests of Mr. and Mrs. Max Dunlap and Henry Mills.

Mr. and Mrs. Bert Rickel spent Sunday evening with the Howard Hudson family.

Mr. and Mrs. Nell Estlick, Mrs. Orval Secor and sons, Dennis, David and Douglas were Sunday dinner guests of Mr. and Mrs. Dale Wiltrout.

Mr. and Mrs. Ivan Tucker visited Sunday afternoon in Mishawaka with relatives.

### Republican Voters of HARRISON TOWNSHIP:

As a candidate for the Republican nomination for TRUSTEE of Harrison Township, subject to the Primary Election on May 4, 1954, I submit my qualifications and background for your consideration.

- ◆ My family and I live on our farm northeast of Mentone. I was in business in Mentone for 6 years and have been a farmer for the past 8 years in Harrison Township. From such experience I am aware of the needs of both the businessman and farmer in our Township, and I firmly believe that knowledge of the problems in our township and willingness to work hard are important attributes of a good Trustee.
- ◆ I support the principles of the Republican party and recognize my responsibility to promote good government. I have been a Republican precinct committeeman for the past 2 yrs.
- ◆ I was in the Army 33 months in World War II.
- ◆ My wife, Louise, and I are the parents of two children, and we are of course very interested that our children be provided with good educations and good school facilities here in Harrison Township. I have driven a school bus in our township for 7 years.
- ◆ If elected as Trustee of Harrison Township I will treat everyone fairly and impartially, and I will work hard to make Harrison Township one of the best townships in Kosciusko County.

Your support will be appreciated,

**ALBERT M. TUCKER**

Candidate for the Republican Nomination for  
TRUSTEE OF HARRISON TOWNSHIP

## NOTICE OF SALE

The Executor of the estate of Eliza Williamson, deceased, will consider ANY bids on the estates 7-room modern frame house in Mentone. On May 11, 1954, the executor, Mahlon Rickel, will be at the law offices of Bowser and Bowser, Warsaw, to receive such bids.

## RENEW NATIONAL 4-H ALUMNI RECOGNITION PROGRAM

Former 4-H Club members who have followed the principles and ideals of 4-H Club work in their acceptance of citizenship responsibilities and achievement in their respective fields will be honored in 1954 through the National 4-H Alumni Recognition Program.

The program, which was inaugurated last year, received one of the highest number of acceptances from State Extension Directors ever given a 4-H program the first year it was presented, according to G. L. Noble, director of the National Committee on Boys and Girls Club Work. The Mathieson Chemical Corporation again will be the donor of awards.

The awards comprise certificates of honor for two county winners, and handsome burnished copper plaques for state winners in all participating states. Eight national winners, preferably four men and four women, selected from all the state winners, will receive gold keys and all-expense trips to the 1954

National 4-H Club Congress in Chicago.

"The program not only encourages former club members to continue their interest in 4-H but, most important, provides present-day youth with living examples of dependable, purposeful citizenship," Noble stated. In addition to agricultural leaders, many public officials, business and professional men and women were former 4-H'ers, he pointed out.

"We consider it a singular privilege to cooperate with the Extension Service in this program," said S. L. Nevins, president, Mathieson Agricultural Chemicals Division.

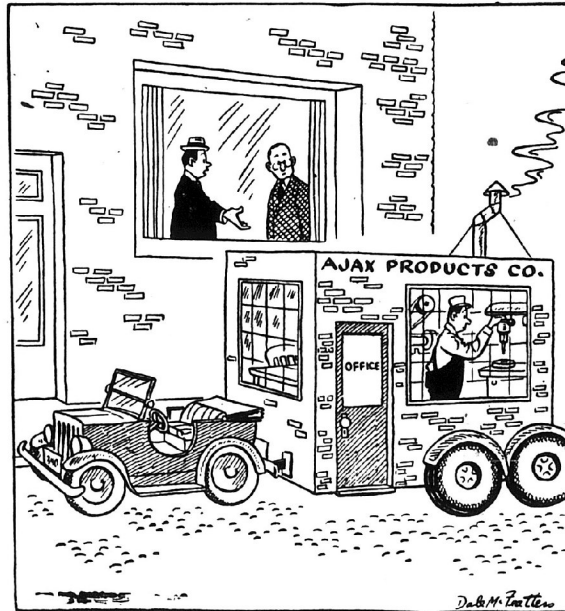

Anyone interested in 4-H Club work is invited to nominate candidates for the Alumni award. Nomination forms may be obtained from County Extension offices in all participating states.

In 1953, 2,140,000 Americans were injured in traffic accidents.

Eighty per cent of vehicles involved in fatal traffic accidents in 1953 were traveling straight ahead.

## TO THE VOTERS OF HARRISON TOWNSHIP

I was born and raised in Harrison Township. I am 44 years old and have been a farmer all my life. I was President of Harrison Township Farm Bureau for the year 1953. I am married and have 2 children, one of which is still in Mentone High School. I am aware of the conditions and problems of Harrison Township. I will to the best of my ability be fair and honest to the taxpayers and voters of Harrison Township. Harrison Township has a fine school and gym at Mentone. I am sure this Harrison Township School can be made the best school in Kosciusko County. I have been precinct committeeman for 6 years in the third precinct of Harrison Township.

Your Support Will Be Appreciated

TUESDAY, MAY 4

**SCHOOL NEWS****North Webster Presents  
Assembly Program**

On Monday students from the North Webster High School presented an assembly program in the Mentone gym in exchange for a program presented at North Webster a few weeks ago by the Mentone Students. The North Webster students gave a one act play "Candy Goes on a Diet," the boys' quartet sang two numbers, and two readings "Yellow Wallpaper" and "Arsenic and Old Lace" were given.

**County Track Meet On Friday**

Sixteen Mentone High School boys will participate in the Kosciusko County Track Meet to be run at Syracuse this Friday starting at 1:30. The local

boys have won two meets this year, but bad weather and school activities have prevented them from holding meets as scheduled. Pierceton with three track coaches and a squad of hard-working boys is favored to win the county meet this year.

**Hudson Does Well In Junior High Meet**

In the County Junior High School Track Meet held at Syracuse on Tuesday, Bill Hudson proved the stand-out for Mentone by winning firsts in the 50 and 220 yard dashes, and gaining a second in the 100 yard dash. Mentone finished out of the running with Pierceton, Atwood, and Etna Green staging a close race all the way. Pierceton won the meet by two points.

**COUNTY FARM CO-OP SHARES  
ON PATRONAGE REFUNDS**  
Indiana farmers are richer by over

2½ million dollars because their county co-operative associations purchased farm supplies and marketed grain through Indiana Farm Bureau Co-operative Association last year, according to a statement by R. D. LaGarde, manager, Kosciusko County Farm Bureau Cooperative Association.

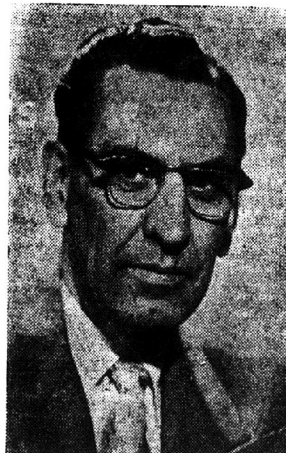

The county organization shared in this distribution to the extent of \$4,726 in cash and \$14,100 in common stock, he said. Following co-op practice, the net earnings, or savings, of the Indiana co-op on its 1953 business were distributed in proportion to patronage. In turn the earnings of the county organ-

ization are prorated to their farmer patrons.

The total amount distributed to all patron associations was \$2,645,741. Each association received one-fourth of its payment in cash and three-fourths in common stock.

According to practice, the common stock will eventually be redeemed in cash. All common stock issued prior to 1946 has now been redeemed, and recently checks were received by the county co-ops to pay them for 40 percent of the common stock they received in that year. These checks totaled \$563,400.

FOR  
**State Representative**  
OF  
**KOSCIUSKO COUNTY**

**Paul  
Bilby**

I have lived and operated a business in this county for twenty years. I now find myself with the desire and time to serve in public welfare. I firmly believe that good government can be no better than the people who are willing to devote their time and effort to it. I am willing to devote the time and make the effort to represent you, the people of Kosciusko County, at the next session of the State Legislature.

As to my integrity and ability, please ask the families that I have served the last twenty years. I am perfectly willing to trust my reputation to their recommendation.

I would like to meet and talk to each of you personally but time will not permit. But please go to the polls and VOTE.

If you deem me worthy, please cast your ballot for me for STATE REPRESENTATIVE of Kosciusko County May 4th on the Republican Ballot.

Sincerely,

PAUL M. BILBY  
R. 2, Warsaw, Indiana

**ROAD and CEMENT** gravel, mason fill dirt and limestone for driveways. Contact Sid Dick one mile south of Talma or phone 712J Rochester. M26p

Miner Mollenhour is very poorly at this time.

Cabbage maggots are especially destructive in a cold, wet spring. They feed on the roots of cabbage and related crops. Losses caused by this pest, say Purdue University entomologists, may run as high as 80 percent of the crop in commercial vegetable producing areas, although losses are seldom over 10 percent in home gardens. Dipping cabbage roots in chlordane emulsions will give good protection. Ask your local county agent for Purdue University Mimeo E-50 for full directions.

**WHEAT VARIETIES**

**SURVIVE MILD WINTER**

Practically all wheat varieties, including the new Knox, which were seeded last fall in thirty-five county variety and fertilizer demonstrations in Indiana, are reported to have come through the mild winter in excellent

condition. The demonstrations were planned and planted by county agents and interested cooperating farmers.

Purdue University extension agronomists say varieties seeded in these field plot trials include Butler, Thorne, Seneca, Vigo, Fairfield (in the north), Saline, Knox, and one unnamed mildew-resistant experimental.

Seneca and Saline are relatively new wheats developed at the Ohio and Illinois experiment stations. Knox, developed at Purdue, is being multiplied by certified growers this year. Registered seed of this variety will be available in quantity for seeding in the fall. Certified seed of Knox and other varieties will be available from county

agents after harvest.

# CHICKEN-OF-TOMORROW PROGRAM IS ANNOUNCED

If you're a Hoosier boy or girl between the ages of ten and twenty-one, you're eligible to compete in this year's Indiana Junior Chicken-of-Tomorrow contest. Midnight, May 29, is the final deadline to enter this popular contest, now in its fifth year in Hoosierland, says R. L. Hogue, Purdue University extension Poultryman.

The Indiana State Fair Board has authorized \$450 in cash awards to be given to the sixty boys and girls who emerge from this contest as winners from the Northern, Central and Southern sections of the state.

Last year 225 boys and girls, representing 43 counties, started 22,500 chicks for the contest which was held at the Indiana State Fair in September.

Here's what's required of you this year to enter:

Start 100, day-old straight run chicks the week of June 13, making sure all are wingbanded at the time of hatch and before they're put in the brooder. Official bands will be furnished by the

Chicken-of-Tomorrow contest committee, and chicks will be banded in the presence of a designated official. You'll also be asked to keep a record of feed consumed.

Rear chicks to ten weeks of age, when all surviving pullets and cockerels will be officially weighed.

Then, on August 30, six of your best live cockerels will be dressed at an Indianapolis poultry plant. Four of these will be selected by judges for a display at the Indiana State Fair, September 2-10. The birds will then be judged again, and winners awarded.

Basis for the awards, says Hogue, contest chairman, will be the total weight of the entire entry, feed conversion and other factors.

For entry blanks and further information on the 1954 Chicken-of-Tomorrow contest, see your local hatcheryman, county agent, or write to Hogue, in care of the poultry department, Purdue.

# Smidley Hog Houses

**THESE** houses are so convenient and easy to give your sows and pigs the best of care, that they will pay for themselves many times in the pigs you save.

All Smidley houses are equipped with the wonderfully convenient Smidley roof. Opening wide, it makes it easy to care for sow and pigs. Easy to clean and sanitary, it can be opened wide

to let the sun shine in without draught on pigs.

They are built on oak runners, easy to move. Fir floors, fir or cedar siding, the roof is covered with galvanized steel.

Smidley houses are shipped, knocked-down, painted two coats best outside orange-yellow color. Lifting side and insulite insulation in roofs may be had as extras.

## FEATURES:

1. Galvanized steel covered roof. Sunlight enters the house—sterilizes and dries. Easy to bed, clean and care for litter.
2. Pig rails on sides and back end.
3. Good clear siding and floor—Cedar and Douglas Fir.
4. Four oak runners or skids.
5. Two coats best orange paint.
6. Extra heavy 5" T hinges bolted on full height door.
7. Two door hooks.
8. Cement coated nails used in construction hold house together securely.
9. Roof insulated with one-half inch insulation against summer heat and winter moisture condensation is a wise investment.
10. We have found that a six foot wide house is sufficient for sows up to 600 pounds. The sow is forced to lay lengthwise against sloping sides, which are equipped with pig rails, thus affording maximum protection for the small pigs.

## 4-H CLUB CHATTER

By Ruth Snellenberger

Dear 4-H Members and Friends,

This week I'd like to chat about a couple of things—the public speaking contest and the Kosciusko county 4-H potential.

The purpose of the 4-H Public Speaking program is to help 4-H members recognize the necessity of obtaining all the information on a given topic, plan and carefully organize material for a speech, develop a pleasing personal appearance before an audience, and acquire the ability to speak convincingly in public. Participants must be bona-fide club members who are currently enrolled in a 4-H club, must have passed their fourteenth birthday and must not have passed their twenty-first birthday on January 1, 1954, and must have completed three years of 4-H club work, including the current year.

The speech subject should be of general interest and be concerned with one of the following topics: Agriculture, Home Economics, 4-H Club Work, Health and Safety, Natural Resources, or Citizenship. The speech should be original with the participant and should be 5-7 minutes long. Brief notes may be used, if desired, but the speech must not be read.

Those 4-H members in this county

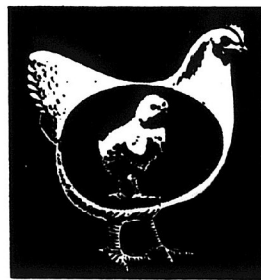

desiring to enter this public speaking program should send their names by July 1 to either Leo Seltentright, Asst. Agricultural Agent, or to me at the County Extension Office. If there are more than one boy or more than one girl to enter, then a county contest will need to be held. Each county is permitted only two entries, one boy and one girl, in the state contest which is held on Labor Day during the Indiana State Fair.

The apparent interest in public speaking activities among schools in the county might well give rise to more participation in this program by 4-H members. A speech used for school, if its subject matter qualifies it, might well be used in this contest.

Participants should take advantage of every opportunity to practice giving their speeches prior to the contest date.

How about it, 4-H members? Here's another opportunity!

Information was received recently from the state 4-H club office regarding the 1954 4-H potential in this county — that is, the number of boys and girls of 4-H club age eligible to be 4-H members, according to the 1950 census. In this county there are 2,528 boys and 2,387 girls between the ages of 10 and 20 who could be enrolled in 4-H club work, making a total potential of 4,915. I wonder what percent of them are actually enrolled? Some time after June the first, I shall be able to

**GET NEW BULLETIN  
ON RAISING HOGS**

This time of year baby pigs can be seen in fields from one end of Indiana to the other. They may be lying in small bunches in the sun or running "follow-the-leader" style along the fence rows next to the road. These pigs have been on pasture with their mothers since the first warm days of spring, taking advantage of early forage and of clean ground where sanitation problems are nearly eliminated.

However, in the rush to get sows and their litters on early pasture, many farmers neglect one of the most important factors in profitable hog production—furnishing plenty of fresh, clean water at all times.

Farmers should plan their watering

needs beyond the cool, wet spring days when the young pigs each need only about one-half gallon of water per day; the hog-raiser should consider the hot, dry days of late summer when these same pigs—150 pounds heavier—will require two gallons per day.

Of course there are many other factors which farmers need to consider if they are to make maximum profits on their swine enterprise. Systems of management, methods of feeding and ways of controlling parasites require much thought. Here's where Purdue University Extension Bulletin 359, "Raising Hogs in Indiana," comes in handy. This short, illustrated booklet contains many of the latest, proved methods of handling hogs.

For a free copy, see your local coun-

ty agent. Just ask for the bulletin on "Raising Hogs."

**PALESTINE W.S.C.S. MEETS**

The W.S.C.S. of the Palestine Methodist church met in the church basement Thursday for an all day meeting.

At the noon hour a delicious carry-in dinner was served.

The president Mrs. Ray Wilttrout conducted a short business session. Scripture lesson was read by Mrs. Edison Vandermark followed by prayer.

Mrs. Bert Rickel gave the lesson "The Ways to a Sound and Humane Prison System," closing with a poem "Someone Really Cares." Those present were Mesdames Ada Brown, Marshall Eaton, Neil Estlick, Max Dunlap, Freeman Gruenewald and Dennis, George Hip-

sher, Eldon Horn and Karen, Henry Pletcher, Bert Rickel, Bert Ransbottom and Cindy and Roger, Hubert Shilling, Albert Tucker, Edison Vandermark, Ray Wilttrout and Emmett Clark. The next meeting will be at the home of Mrs. Eldon Horn, May 27.

Each member is asked to bring a wash cloth to send to a home.

Mrs. Howard Fawley and daughter of Etna Green spent Thursday with Mrs. Milo Fawley.

**TIPS FOR HOME**

**ORCHARD OWNERS**

You can have a productive home fruit orchard just like your neighbor's provided you're patient, plan carefully, and know a little about the problems involved in growing tree fruits, small fruits and berries.

Fruit diseases are the major home orchard saboteurs, and you'll have to give special attention to them now on through the rest of the season. Some diseases attack fruits during the first weeks of the growing season, while others cause damage during bloom. The summer blighters confine their destructive activities to the months of June, July and August.

The diseases of apples you'll find are quite different from the plum and peach troubles. Similarly, grape diseases won't bother strawberries or raspberries.

Best defences against these diseases are the chemical sprays or dusts. Be sure to time applications according to complete spray or dust schedules. And remember that one, two or even three sprays applied to tree fruits are rarely adequate for satisfactory disease control. Common insecticides like Black-Leaf 40, DDT or lead arsenate will control fruit insects but are of no value at all for fruit disease prevention.

Here are some rules to go by:

- (1) Start spraying or dusting early in the season before diseases gain a foothold.

- (2) Use the right material, in the right way, at the right time.

- (3) Cover the trees thoroughly with the spray or dust.

- (4) Follow a complete spray or dust schedule throughout the growing season.

- (5) Keep the home fruit garden clean; eliminate dead trees; prune out dead limbs; and remove and destroy infected twigs and leaves in the fall.

The use of new chemicals for fruit disease control is a highly specialized subject, so simplify the job by using general purpose fruit spray formulations. All the necessary chemicals you

need are in one package, available in most garden supply stores.

Mix two cupfuls of these chemicals in one gallon of water and thoroughly spray the apple, peach and plum tree as well as grapes and other small fruits, except raspberries and blackberries. Do this every week until the fruit forms. Dust applications may also be used, but they're not nearly so effective as sprays.

For detailed recommendations on fruit disease control, ask your county agent for Purdue Extension Leaflet 325, entitled "Sprays for the Home Fruit Garden."

for the summer, and in the fall will hold special meetings at the various fairs. Their beautiful sceno-felt pictures, magic and unusual object lessons have drawn thousands to their meetings and the managers of the above places have urged their return.

It is hard, in a town of three churches, to realize that there are many areas of our U. S. where there is no church within 40 miles, as the Ralstons found in their work in the Western states two years ago, and few church services in the thickly populated courts and camps of the South.

Rev. Ralston is a former pastor of the church. The Ralstons will tell of their experiences at a church service, the date to be announced later.

Hoosier dairymen who provide legume-grass pastures for their cows derive many benefits. Crop yields increase, soil texture is improved and protein content of grass is increased. These benefits tend to reduce feed costs and increase income, state Purdue University dairymen. Plan to grow legume-grass mixtures for your dairy herd pasture in 1955.

**To the Voters of Harrison Township**

I was born and raised in Harrison Township and have been a farmer all my life. I am aware of the conditions, problems and wishes of the taxpayers of Harrison Township.

Having four children of our own, we are naturally deeply interested in the youth of our community. I have been a firm believer and supporter of 4-H, F.F.A., F.H.A. and other youth organizations.

I believe that America is indeed the land of golden opportunities and that our youth of today are

our leaders of the world tomorrow. It is our duty and responsibility as parents and citizens of Harrison Township to see that our boys and girls have the best in the way of education so that they will be better qualified and more able to meet the problems that face them in the world.

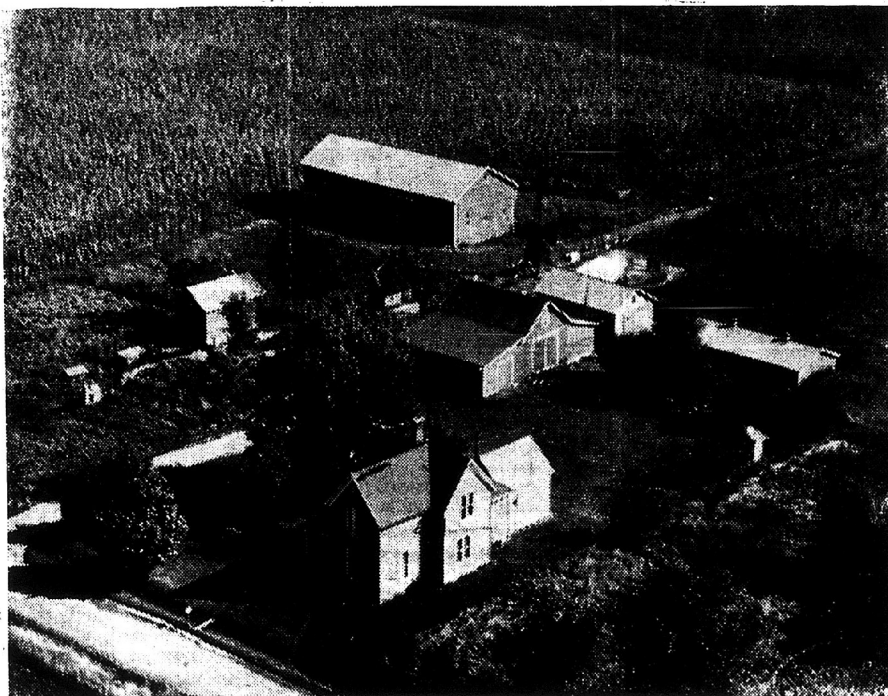

The only promise I have to make I make to all now: If it be my honor and privilege to serve the people of Harrison Township in the capacity as trustee, I promise that I will not be a party to any group or clique with ambitions toward selfish interest or personal gains at the expense of others.

**LESTER E. BLACKBURN**

Republican Candidate For  
TRUSTEE OF HARRISON TOWNSHIP

## DO YOU RECOGNIZE THIS SET OF FARM BUILDINGS?

### WHOSE FARM IS THIS?

Can you identify the farm pictured above? This is another of the farm pictures to be printed in the Co-Op. News, and as no one knows whose farm it is, can you help identify it? There's no prize to the first to tell us whose farm it is, but it is interesting to know who will be first in reporting the information to this newspaper.

Call, phone or write us if you believe you know the farm.

The farm pictured in our last issue was that of Mr. and Mrs. Raymond Weirick, who live three and one-half miles west of Mentone on Road 25. The farm is owned by Mrs. Edith Darr and Mr. Weirick has been the tenant there for 30 years. It was formerly the Andrew Meredith farm, and contains 270 acres.

The Weiricks raise Hampshire hogs and have about 1400 chickens, in addition to milking about 20 cows. They usually have about 20 acres of wheat, 20 of oats, 40 of hay, 70 of corn and the balance is pasture. A son, Eugene, lives on another set of buildings on the farm. They have one other child, a daughter, Bedeliabelle, who is teaching at Oldla, Illinois.

Those who correctly identified the farm were: Dove Kercher, Harold Horn, James Gates, Mrs. Orven Helghway, Mrs. Glen Cole and Mrs. Jake Yantiss.

#### April 14th Picture

The farm pictured April 14th is located three miles west of Warsaw on

the Crystal Lake road, and contains 80 acres. It is owned by Mr. and Mrs. Ora J. Ellis who have lived there for 32 years. Mr. Ellis says he has the original deed, on sheepskin, which was issued to William Guy. It was sold to John Wagner from whom the Ellis' purchased it 22 years ago. Mr. Ellis has a few chickens, cattle and hogs and does general farming.

Mr. Ellis is 64 years of age and his wife, Ida Mae, is 61. They had four sons: Paul, who died in 1944 when he was 28 years of age, and Everett, 35, was killed in 1945 when a hydraulic dump bed came down while he was leaning over inspecting it while he was hauling gravel northwest of Mentone. Robert, 32, has the Texaco bulk truck in Warsaw, and Charles, 25, is a driver for Motor Cargo.

#### Elmer Dickey Reports

The Elmer Dickey farm was pictured in our March 31st issue, and it is located 5 miles south of Mentone. Mr. and Mrs. Dickey have been on the 105-acre farm for about 25 years. They also have 63 acres near the Nichols cemetery. The main buildings are about 100 years old, although they have been remodeled by Mr. Dickey. Mr. Dickey said the old order of Dunkards held church in the barn when it was owned by the Beckleheimers.

Mr. Dickey has 16 head of Hereford beef cattle and feeds out his own calves. He has a fine herd of purebred Hampshire hogs and raises a few chickens. A daughter, Carol, has 23 head of sheep at the present time.

Mr. and Mrs. Dickey have two daughters, Carol Ann, aged 13, who attends the Beaver Dam high school, and Marcella Meredith.

### CLUB CELEBRATES ANNIVERSARY

The 20th anniversary of the Mentone Home Demonstration club was observed Tuesday evening at the Court House View restaurant in Rochester. A beautiful center piece of styrofoam featuring a springtime garden graced the table. Places were laid with opened miniature umbrellas and nut cups on styrofoam base.

After a bountiful meal a miscellaneous program, composed of music, both vocal and instrumental playlet and readings and moving pictures were enjoyed by all. Some interesting high points covering the 20 years were brought to mind by Mrs. Raymond Weirick with all entering in the remarks. There were 5 charter members present. Our guests for the evening were the Misses Martha Sullivan and Phyllis Carille also Mrs. Earl Smith and Mrs. William Vernet of Rochester.

**BINGHAM, EDITOR, SPARKS  
STATE'S MENTAL DRIVE**

Residents of this area, along with hundreds from other communities, will gather in Indianapolis on May 5th to

**BARRY BINGHAM**

hear Barry Bingham, editor of the Louisville (Ky). Courier-Journal, when he speaks to a state-wide rally of the Indiana Association for Mental Health that is open to the public.

The occasion will be the dinner at the Claypool Hotel at which the Association "kicks off" its 1954 drive to obtain funds to support work in behalf of the 16,000 patients in the ten Indiana state hospitals.

Bingham is a noted publisher and

national civic leader. He has aided the victims of mental illness in his native Kentucky and was president of that state's mental health association.

The state hospitals are located at Indianapolis, Madison, Evansville, Richmond, New Castle, Logansport, Butlerville, and Fort Wayne.

On the legislative front, a high percentage of candidates for the General Assembly have already responded to a questionnaire sent to them by the Indiana Association for Mental Health.

The Association will reveal the responses before the primaries. The 553 candidates for the House and Senate were asked to declare where they stood on each of fifteen specific questions.

Although the Association raised questions about professional and medical services in its questionnaire, it also asked for a declaration on a number of "down to earth" proposals.

For example, the mental health agency asked the candidates whether they would support payments of five cents an hour for patients who work in the institutions.

Many patients have worked for periods of 20 to 40 years without remuneration. Often they do menial and heavy manual work. Cases of patients working seventy and more hours a week without getting a cent have not been infrequent. Many such patients are completely without funds.

The Association also asked that in-farm patients, who are unable to work

For Advisory Board, subject to the decision of the Republican party of Harrison Township.

**RAY O. ECKERT  
THIRD PRECINCT**

Any Support Given Me Will Be  
Greatly Appreciated

and receive the above benefits, be given canteen credits of three cents a day. Many are unable to purchase even a postage stamp.

In the same vein, the Association asked candidates to declare whether they

would vote \$15.00 and a suit of clothes for needy patients who are discharged after a year or more of hospitalization. This is standard practice for discharged prison inmates, but in the past has been denied to the state's sick patients.

**Public Sale**

As I am quitting farming on account of ill health I will sell the following personal property at Public Auction at farm located 5 miles South of Rochester on Rd. 25 then 1 1/2 miles east or 5 miles south on Rd. 31 then 1 1/2 miles west or 4 miles North of Fulton on Rd. 25 then 1 1/2 miles east on

#### METHODIST CHURCH NEWS

On Tuesday evening members and friends of the Methodist Church met for a potluck supper and quarterly conference. Approximately sixty adults attended the business session which convened at eight o'clock with a brief devotional program. Dr. Thurman Morris, Superintendent of the Warsaw District Methodist Churches, presided at the business session.

A composite report prepared and mimeographed prior to the Conference was presented in lieu of the individual reports formerly made by the chairmen of Commissions and Committees. The financial report was the most extensive of any yet presented with more money having been received and disbursed than any year except when a major remodeling project was included. The salary set for next year is \$4,400.

#### DOG REPORTED SHOT

It has been reported that a dog was found shot in Mentone the fore part of the week, reportedly with a .22 calibre slug.

There is no question but that there are too many dogs running loose in Mentone, but the fact remains that it is not only unlawful but highly dangerous to permit any citizen shooting a solid slug of that calibre or larger within the confines of any city or town. An offense of this kind should not be tolerated as a general practice.

There have, in times past, been reports of poisoning, while his just as bad or worse.

Dog owners have all been warned many times, and they are aware not only of the law in the matter, but also of the offenses their animals commit upon the property of other citizens, so additional warning to them would appear to be of no avail.

#### DON'T GET CLOSE TO

#### PASSING RAILROAD CARS

I've always been apprehensive of remaining close to a train as it speeds by a crossing or over an underpass—and from now on I'll be more careful. Friday morning, while walking to work, I noticed a large iron brake shoe along the sidewalk just west of the Standard Service Station. It was about two feet across the sidewalk to the north. A quick glance disclosed the spot where it had hit the ground last—about three feet south of the walk. Being interested in tracing the path of the 20-pound chunk of iron, I found where it had dug a big hole in the ground about 20 feet farther southeast. This spot was over 25 feet from the track, but I was unable to find where it hit first, but it was likely on one of the ties as it fell from a speeding train. It gave me the shivers just imagining what that thing would have done to my skinny shins if it had crossed that sidewalk the same time I did.

Mrs. Gertrude Hill and Mrs. Agnes Rans are leaving Thursday evening for a tour of Washington, D. C.

Milo Griffis is now home after being a patient at the McDonald hospital for a number of weeks.

Sunday visitors at the Artley Cullum home were Mr. and Mrs. Kenneth Pickett and family of Detroit.

Vance Johns, who has had a bout with the mumps, is now up and nearly back to normal.

Mr. and Mrs. Hugh Aughinbaugh, Dean, and Phyllis of South Bend visited Sunday at the Aughinbaugh home.

Saturday dinner guests at the home of Mrs. Earl Meredith were Mrs. Maggie Dille and Mrs. Tessie Newton, an afternoon caller was Mrs. Mary Barkman.

# LOCAL YOUNGSTERS WIN AT JUDGING CONTESTS

Members of 4-H clubs and the F.F.A. from 12 counties competed in the district judging and demonstration contests held Saturday at Orland in Steuben county.

The winners will compete at the 4-H Roundup at Purdue June 9-11.

The Burket team won first in poultry judging. Rex Bowen, Ann Nelson, Archie Leckrone and Janice Nelson were on the team, coached by Del Nelson.

Dairy Judging — Twenty-first place went to Etna Green, Stewart Hawley, James Gawthrop, Seward Guy and Nancy Williamson, coached by Harold Gawthrop; and 24th to Burket, William Gagnon, William Lee and Perry Hathaway, coached by George Welch.

Livestock judging—Twenty-first went to Beaver Dam, Ernest Heighway, Gerald Smalley, Stanley Unimel and Chuck Bucher, with Philip Lash and Wilbur Latimer as coaches.

Burket was 13th in leaf identification, with Clarence Murphy and Franklin Swick on the team coached by Geo. Welch.

Demonstrations—Six-minute, second,

Ronnie Severns, Mentone, coached by Elwyn Weiss; 15-minute, fourth, Joyce Eiler, Mentone, also coached by Mr. Weiss; and fifth, Wilburta Latimer, Burket, coached by Ronald Malott.

Included in the county teams to attend the Purdue Roundup are the Burket poultry judging team, Beaver Dam livestock judging team, and Ronnie Severns, Mentone, with his six-minute demonstration.

## RECEIVES DIVORCE

Shirley M. Vandermark, Mentone, received a divorce from Robert C. Vandermark, custody of a son, Robert Jr., and \$10 weekly for his support. The defendant will have custody of the child on two weekends per month. The Vandermarks were married April 7, 1950 and separated last Nov. 6.

## AUXILIARY NEWS

The next regular meeting of the American Legion Auxiliary will be held at the Legion home on Tuesday, May 11. At that time, Lu Ethel Ade, the 2nd district president will be a special

guest.

This meeting will also have a program to honor the gold star mothers so everyone please make a special effort to attend.

The card party scheduled for Friday, April 30 has been postponed until June 8. Watch the paper for further details.

Three out of four traffic accidents involve passenger cars.
