## Calf, Colt and Sheep Show

The Co-Op. News wishes to call your attention to the Colt, Calf and Sheep Show being held in Mentone Aug. 24 and 25, Friday and Saturday of this week, the program of which appears on page 3 of this issue. The News wishes to congratulate the community on staging this worth while event rather than having a carnival Co. with foolish dimes snatching attractions locate here for a few days, leaving nothing worth while in the community, but taking away much money and perhaps the towns self respect.

The contemplated show will demonstrate the added profits derived from good stock properly fed and cared for. It will be worth anyones time to spend considerable time here both days and by all means bring the children. Show like this make country life more desirable for them.

We congratulate the committees in charge for their selection of Dale Kelly to stage the parade. Under such leadership success is assured, therefore we urge one and all to attend this show and parade. Come prepared to see it all.

## Notice To Our New Readers

We are happy that increased advertising permits your names being included on the Co-Op. News mailing list this week.

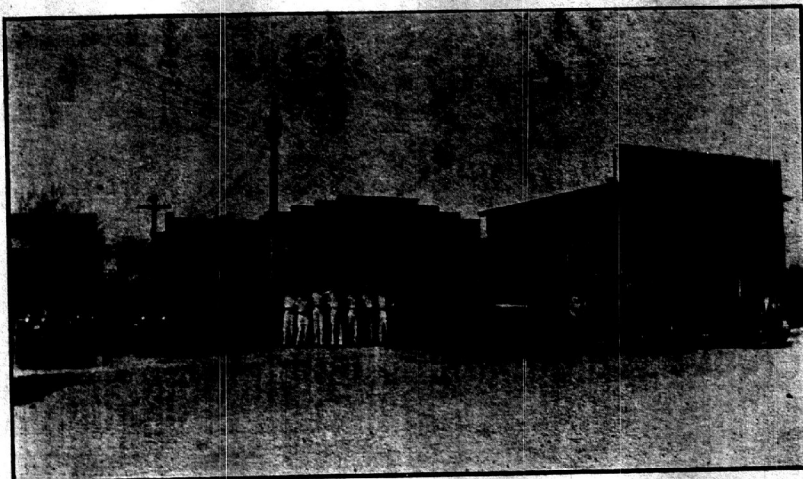

This publication has no subscription price and needs none. Its expenses are paid by its advertisers, its readers are selected by them, and the length of time this paper continues coming to you depends upon your response to the advertisers.

Mentone is a good trading point. Look over our advertisements before coming to the Colt, Calf and Sheep Show. Doubtless you can buy all your needs for the week end while you are here.

### To Celebrate Golden Wedding

Mr. and Mrs. E. S. Lash will celebrate their Golden Wedding Anniversary on Sunday August 26, 1934.

## MENTONE BAKERY.

The above picture was taken about June 1st., since that time we have added two more routes in order to satisfy the increased demand for MENTONE BAKERY PRODUCTS in other communities. This has necessitated the employing of four more men, bringing the total number of men employed to nineteen.

The MENTONE BAKERY began operating twelve years ago in a room having a total floor space of 500 sq. ft. The plant at the present time has a total floor space of 4500 sq. ft. This business has been built on "QUALITY and SERVICE".

A home industry using the best of ingredients manufacturing quality products giving the best of service and appreciates your patronage.

Insist on BREAD baked by BURNS THE BAKER and have the best.

## Home Economics News

The Mentone Home Economics Club held a very enjoyable meeting at the country home of Helen Weirick on Thursday p. m. Aug. 16. Members and guests responded to roll call with "A cool drink I like with my meals."

Plans were made for conducting the rest room in co-operation with the Lion's Club, during the Colt, Calf and Sheep Club show on Aug. 24 and 25.

The room, next door west of Hill & Lemler Store will be open both days and evenings. Displays of antiques and needle work will be on exhibit. A free Child Clinic will be held at the room both afternoons, from 1:30 to 3:30, with capable nurses and doctors in charge. Children under two years old will be cared for on Friday, and those between the ages

of two and six years on Saturday.

The Bradway Dress Shop will present a demonstration of children school dresses immediately following the clinic. The Home Economics Club follows up with the "Old Fashioned Style" show about 4:00 p. m. Variations of these shows will be given each evening. Ice cream will be on sale by the dish, cup, bar and cone. The club meeting closed with some stunts and refreshments.

### PICNIC

Wednesday Aug. 22 is the date set for the joint Mentone and Harrison Center Home Economics Club picnic at Kelly's Landing, Yellow Creek Lake. Everyone is requested to bring their own table service.

Tomatoes, Cocoa, Hominy, Beans and Cake Flour. 10c each, Jones'.

## Hil Hol Kiddies

We wish to call to the attention of our youthful readers as well as the older ones the School Supplies ad on last page in this issue. In the lower right hand corner of that ad you will find a very interesting candy offer. Just clip the ad and with six pennies you can have a whole pound of candy. Ask your parents to buy your school supplies there also. Another item of interest is the tooth paste and toothbrush offer. What could be more useful than a brand new toothbrush right when school starts.

### STATE FAIR VISITORS CAN CAMP ON GROUNDS

Visitors to the Indiana State Fair,  
September 1st to 7th will have an op-  
portunity to spend several days in  
the Tented City, which is a part of  
the fairgrounds, for very little cost.  
The privileges of the Tented City  
are free to those who have their own  
camping equipment. For those who  
do not have equipment, the State  
Fair Board has arranged to rent  
tents, blankets, cots and anything  
necessary for the comfort of the  
campers for a nominal sum.

The Tented City consists of a plot  
of ground, lighted by electric lights,  
containing sanitary facilities and  
guarded at all hours by a watchman.  
An agent will be on hand to furnish  
equipment to those who want it and  
special tickets to the State Fair will  
be issued to the residents of the  
Tented City, which will permit them  
to go back and forth as often as they  
please. This plot is across the street  
from the Fairgrounds, but in the  
quietest part.

Further information about the  
Tented City may be obtained by  
writing to Lieut. Governor M. G.

Indicating a rapid return on the part of the banks to a normal self-sustaining basis, 54 per cent of the loans which they made from the Reconstruction Finance Corporation to tide them over the difficulties of the past two years have been repaid by them, it is shown in a recent official report.

The R. F. C. report, issued on March 6, says that the Corporation since it began operations in February, 1932, had made aggregate cash advances to railroads, agricultural and home loan agencies, insurance companies and various other institutions in the amount of \$4,786,419,000. Of this sum banks and trust companies, to the number of 6,783, received actual cash advances of \$1,520,540,000, but have already paid back \$820,260,000, or 54 per cent. Those figures are exclusive of \$376,390,000 in loans authorized but withdrawn or not availed of by the banks.

Non-banking borrowers received R. F. C. advances in the amount of \$3,265,870,000, and made repayments of \$377,830,000, or less than 12 per cent. Among other classes of financial institutions reported as making high ratios of repayments which had received \$114,020,000 and have repaid \$53,880,000, or over 47 per cent, and insurance companies, whose borrowings totalled \$88,590,000 and repayments \$34,340,000, or nearly 39 per cent. None of the major non-governmental financial groups showed so high a ratio of repayments as the banks and trust companies as a group.

**Elephants Defy Eviction Notice**  
Persuasive powers of circus elephants are not rated so highly in the suburbs of Umtali, Rhodesia, as they were prior to the visit of a herd of wild members of the trunked family. Fierce bush fires recently drove the nomadic herd to the outskirts of the city, and the suburbanites became frightened. Police placed a cordon around the elephant area, but when the huge visitors overstayed their welcome six trained elephants were borrowed from a traveling circus to persuade their wild brethren to leave peacefully. Instead of retiring the unwelcome guests charged the educated elephants and then made a drive against the sightseers, causing a stampede of suburbanites. Finally the police lighted the suburb's bush and the flames drove the invaders away.

**Huge U. S. Map**  
After nine years of labor by expert topographers, about one-third of a huge map of the United States has been completed at Wellesley, Mass. When finished, this map will be 63 feet long, 46 feet wide and will show every mountain and valley in the country reproduced exactly to scale in height and size. Eventually, it will contain 900 blocks. When the map is completed, it is expected to be of invaluable service to rail and air-line engineers in mapping new routes. It is constructed on a curved surface representing the exact curvature of the earth.—Popular Mechanics Magazine.

**Grammar**  
"Why don't you put an occasional epigram into your speeches?"  
"I haven't a literary constituency," answered Senator Sorghum, "the folks out home demand charts and figures. What they want is a diagram."

## Boy Scout News

Elkhart Area Boy Scouts are planning a pilgrimage to Chicago in large numbers on August 23. That day has been designated as Boy Scout Day at "A Century of Progress".

Local Scouts will have an opportunity to see and hear Daniel Beard, National Scout Commissioner of the Boy Scout of America, who will attend and participate in the program.

Arrangements have been made with the Thomas McCoy Post of the American Legion for one of their tours to be conducted on Scout Day. Scouts are being urged by the area scout office to use this means of transportation. Transportation by groups on other than licensed passenger carriers is disapproved by national and local scout authorities because of the safety hazards involved.

Many parents and friends are planning to accompany their scouts. The price of tickets for registered Scouts and Scouters is \$2.35. This includes round trip railroad fare and admission to grounds. The price for all others over 12 years of age is \$2.80. The price for Cubs or other children under 12 years of age is \$1.35. The fare from Goshen will be the same from Elkhart providing the tickets are bought at the American Legion Ticket Office in Elkhart. Tickets must be purchased before 2:00 p. m. on Wednesday, August 22.

The special train will leave Goshen 6:40 a. m. and Elkhart at 7:00 p. m. Returning it will leave Chicago at 10:15 p. m.

The committee in charge is composed of Ober Keene of Elkhart, chairman, Roy Berlin of Nappanee, Henry Stoll of Goshen, Harold Grabill of Warsaw and Harry Melvin of Elkhart.

### Doran-Busenburger Marriage

The home of Mrs. Marie Busenburger formed a beautiful setting Thursday afternoon at 4:30, Aug. 9, when her daughter Rosella became the bride of Adrain L. Doran of South Bend. The single ring ceremony was performed before an altar of ferns and baskets of gladiolus by Rev. R. A. Fenstermacher of Etna Green in the presence of 75 guests. Preceding the ceremony Mr. H. V. Johns sang "Oh Promise Me" and "I Love You Truly".

For the entrance of the bridal party Mrs. K. C. LaCrosse, sister of the bride played the Bridal March Lohengrin. The bride, who entered on the arm of her grandfather, Mr. Oliver Severns, was gowned in brown satin trimmed in shell pink with accessories to match. She carried an arm bouquet of pink roses. Miss Julia Ann Busenburger, younger sister of the bride, was her only attendant. She was gowned in black and white satin with accessories to match and wore a shoulder corsage of roses. Little Velma Severns scattered rose petals for the entrance of the bridegroom, served as best man.

Following the ceremony Mrs. LaCrosse played Mendelssohn's wedding march and a reception followed. The bridal table was decorated with cut floders and a huge cake adorned the center of the table. Mrs. Doran was graduated from the Talma high school and the South Bend College of Commerce. She is a member of the Alpha Iota Sorority. Mr. Doran, who is associated with the Fleming Ice Cream Company of South Bend was a student in Mentone High School for 3 years and graduated from the

Riley high school at South Bend. Mr. and Mrs. Doran will be at home to friends at 1014 Twyckenham Drive.
