## MISSIONARY COMING TO BAPTIST CHURCH

Mr. C. F. Beitzel, Missionary in Africa to Speak Sunday.

Mr. Beitzel and his family, one of the missionaries supported by the First Baptist Church in Mentone, have just returned from Africa where they have spent several years as missionaries in Nigeria.

In spite of the transportation difficulties and the extreme dangers of the high seas they succeeded in landing safely on our shores.

Because it has been impossible to communicate with them we know very little of their trials and difficulties on their mission field in that theatre of the war.

We are sure they will have many interesting things to tell us.

Mr. Beitzel will speak in the morning at 10:30 A. M. and again for the B. Y. P. U. at 7:00 P. M. Mrs. Beitzel will speak in the evening at 8:00 P. M.

Everyone is cordially invited to all of these services.

—Pastor.

## CLARK'S STORE ARRANGING SOLDIER PICTURE DISPLAY

George Clark has extended an invitation to everyone to submit a picture of the boys from this vicinity who are now serving in the armed forces of the Nation. The pictures will be placed on display in the store and an electric sign constructed of small bulbs forming a "V" will be installed above the display.

## FISHERMAN FELLED BY SHOCK DURING STORM

Glenn Clutt, traveling salesman of Indianapolis, was felled by shock from a bolt of lightning which jumped from a tree and traveled down an eaves spout on a boat house at Rockwell's landing at 9:30 Thursday evening. Clutt, who was engaged in cleaning fish he had caught earlier in the evening, was knocked unconscious for several moments. No ill effects other than a numb hand, were noticed the following day.

## ETNA GREEN PASTOR SUFFERS ELECTRIC SHOCK

Rev. Robert Yonkers, 30-year-old pastor of the Methodist church at Etna Green narrowly escaped death Saturday evening while repairing a radio aerial. The aerial came in contact with a high tension line carrying 8,000 volts and was unconscious when found. He was soon revived. It was reported a fuse blowing saved the man's life.

## COLORED BASEBALL TEAM TO PLAY HERE SUNDAY

A colored baseball team from Kokomo, will play the Mentone team here Sunday, Aug. 9th. The colored boys can't keep from putting on a few acts and a game in which they are engaged is usually a very interesting affair.

The Mentone club plans to install a number of extra bleachers for the occasion.

Mentone lost the game with the Logansport Eagles last Sunday 3 to 4. Mentone led until the eighth inning when the visitors, with two men out and a man on second, got five good hits in a row to chalk up four runs.

## BARN ON OTTO McMAHAN FARM BURNS TO GROUND

The large 50x135 foot livestock and auction sales barn on the Otto McMahon stock farm, three miles south of Rochester, was destroyed by fire Thursday night at 9:45 at the height of the electric storm.

The barn was struck by a bolt of lightning with such force as to scatter four-foot length splinters for a distance of 75 feet. Light fixtures in the house on the farm and the electric water system were put out of order, so violent was the force of the bolt.

The barn burned to the ground in 20 minutes and in addition to a fine saddle mare, about 200 tons of alfalfa hay were lost. The loss, estimated at \$7,500, was partially covered by insurance. The barn was only two years old as it had been built to replace one lost in a similar manner.

## BROTHER DIES AT INDIANAPOLIS

Mr. and Mrs. L. M. Elick of Mentone, Mrs. Ralph Ward of Elkhart, and Mrs. Freda Hughes, of Warsaw, were called to Indianapolis Saturday on account of the death of Mrs. Elick's brother, Ward Brickley. One sister, Mrs. J. E. Miller, and one nephew, Don Elick, of Los Angeles, California, were unable to attend the funeral.

## HOME ECONOMICS CLUB TO MEET AUGUST 13TH

The Mentone Home Economics club will meet on Thursday, Aug. 13th, for a picnic dinner at noon, followed by the regular afternoon program, at the home of Mrs. Myrtle Leininger.

## ENTERTAIN FOR SON

Mr. and Mrs. Roy Gochenour and daughter, Jean, of near Etna Green entertained Sunday in honor of their son, Carl, who enlisted as a flying cadet in the air corps recently. He leaves for training August 7.

A basket dinner was enjoyed at the noon hour by Blanche Yeiter, of South Bend; Ray Abell and family, Chesterton; Welcome Trowbridge and family, Fort Wayne; Theodore Gall and Mr. and Mrs. Arden Williamson, Nappanee; Jesse Long and family and Junior Ball, Warsaw; William Gochenour, Fred Williamson and family, Mrs. Sophie Yeiter, Kenneth Yeiter and family, Atwood; Geo. Williamson and family, Etna Green; Vern Gochenour and family, Bourbon; and Mr. and Mrs. Roy Gochenour, son Carl and daughter Jean. —Warsaw Times.

Carl was formerly an instructor in the Mentone schools and although he was accepted for air corps training several months ago, the training camps were so crowded that there was no room for him at that time.

Jack Shinn, son of Mr. and Mrs. Earl Shinn, who has been attempting to enlist in the Air Corps but had been previously rejected because of physical reasons, has finally been accepted and is to go to Indianapolis Monday to be sworn in.

## OLD ORGAN TO "PERFORM" AT BAND CONCERT TUESDAY

Lyndes Latimer recently got possession of an old hand organ and it will be played at the band concert on next Tuesday evening, August 11.

An organ of this type is a rarity and will likely be interesting to many of our band concert guests.

## BOYS ENJOY CAMPING AT CONSERVATION CLUB CAMP

Thirty Conservation club boys had an enjoyable three days at the Kosciusko county conservation club camp at McClure lake this week. Each Conservation club has the privilege of sending two boys to the camp and this year about 14 clubs paid the way for boys from their vicinity.

There were six adult leaders and a varied program, starting at six in the morning, included swimming, boating, fishing rifle practice, archery, First Aid, Habitation of Birds, Plant Identification and many other valuation and interesting projects.

The camp, which opened Sunday, closed Wednesday evening.

## CO-OP. OIL STATION OFFERING NAVY PICTURES

The Co-Op. Oil Station at Mentone, managed by Kenneth Barkman, has made arrangements with the Tide Water Oil Company to distribute a large number of pictures of some of Uncle Sam's fighting vessels. The pictures are beautifully lithographed in several colors and are not only beautiful reproductions but carry considerable educational value.

See the advertisement elsewhere in this issue.

## CAMP MEETING AT YELLOW CREEK LAKE

The annual Church of God Camp Meeting will convene at the Yellow Creek Lake camp grounds on August 15th and continue until August 23.

Those in charge announce that clean-up day will be August 13th and everyone that can is requested to be on hand to assist in this chore.

Eight Indiana men have returned to the Hoosier capital for training as Navy radiomen. The men stationed at the U. S. Naval Training School at the Naval Armory in Indianapolis now include George Brewer, Salem; Richard Smith, Rochester; William J. Row, Bedford; Wilson G. Personett, Logansport; Hugh J. Needham, New Albany; Clarence L. Mundy, Jasper; Robert M. Hoffer, Muncie, and Gustave John Tsiolis, South Bend.

All at once, Claude Mercer of near Selma became one of the relatively few persons in the state with more than one son in service—three of his sons enlisted in the Navy at Muncie the same day. They are James Mercer, 19, Wilbur Mercer, 18, and Dewey Mercer, 17. All enlisted as apprentice seamen and are now in training at Great Lakes, Ill.

Two of Hartford City's friendly rivals in the restaurant business have enlisted in the Navy together and will be working side by side in a Navy kitchen soon. Clarence A. Burchard, 38, operated Sparky's Cafe, and Claude E. Brant, 42, operated Brant's Cafe less than a block away. On inactive duty until August 24, they have not yet decided how they will take care of their respective restaurant businesses while they're in the service. They enlisted as ship's cooks, second class, for duty at the Naval Reserve Aviation base at Peru, Indiana.

At an advanced Naval Air Station at Pensacola, Fla., or Corpus Christi, Tex., four more Hoosier have begun advance flight training as Aviation Cadets. They are: Miles Frederick Daubenheyer, Jr., Holton; Joseph N. Dill, Jr., Kewanna; Harold E. Padgett, Evansville, and Leonard E. Swanson, LaPorte.

Five Boonville men have formed the nucleus of a group of young men who took the Navy oath in ceremonies at the Boonville fair on Aug. 3. In the group are two twin brothers, Joe Orth and James Orth, 20-year-old sons of Herman Orth, 1019 N. First

St., Boonville. Others included on the list were Homer A. Meredith, Hollis G. Hay, Woodrow Ingram.

There's a big smile being worn by officers at the Indianapolis Navy recruiting station these days. It's all because Indiana far exceeded the goal of 2,000 recruits for the months of July. While accomplishing this job, Indiana also took the lead in number of recruits for the three weeks of July in the Central Recruiting Division which is composed of 13 middle-western states.

By coincidence, the 2,000th man to enlist happened to have the same name as the 1,000th recruit for the month. The 1,000th man was Thomas N. Martin, 19, Indianapolis, while the 2,000th recruit was Fred Martin, 21, of near Camden. The men were not related.

Fred Martin enlisted as seaman second class for assignment to the Naval Reserve Aviation Base near Peru. He has helped his father work their 400-acre farm, near Camden since 1939, when he was graduated from Carroll county's Deer Creek high school. In his senior year at that school, he was basketball captain and class vice president.

According to Commander Philip D. Weaver, inspector of Navy Recruiting for the Central Division, Indiana has a chance to lead the nation in the number of recruits for July as a result of the July spurt. Commander Weaver was conferring with Indianapolis recruiting officials last week for the first time since he succeeded Captain E. M. Senn as central division inspector in April.

Nine former Navy signalmen or quartermasters are needed immediately to serve as instructors for the Navy signal school at the Butler University Fieldhouse in Indianapolis, according to Lieutenant H. C. Sigtenhorst, commanding officer of the school. The demand was created by a tremendous increase in the school's personnel.

Three Indiana firms will receive the new Army-Navy Production Award, given to war workers and war factories with outstanding production records. Firms receiving the winning symbol include the American Bearing Corporation, Indianapolis; the S. F. Bowser Corporation, Ft. Wayne, and the Phelps-Dodge Copper Products Corp., also of Ft. Wayne.

Lawrenceburg and Mt. Vernon are among the first cities in the state to reach their Navy Relief quotas, it was announced this week by Paul Fisher, Indianapolis, state Navy Re-

lief chairman. Both cities had a quota of \$1,000.

#### NUGGETS FOR BEREANS

"By faith Noah, being warned of God of things not seen as yet, moved with fear, prepared an ark to the saving of his house; by the which he condemned the world, and became heir of the righteousness which is by faith." (Heb. 11:7).

We have two words that are especially significant in this passage of God's Word. They are **SAVING** and **CONDEMNED**. The very thing that saved the house of Noah also condemned the world. The ark was the means of salvation to those that entered. Those that did not enter perished because they did not listen to Noah, a "preacher of righteousness," (2 Pet. 2:5) as he spent 120 years building the ark.

So today, the church by its very constitution, condemns the world. There can be no middle ground, there can be no compromise in the life of the real Christian. If he would be a friend of the world, then he would be the enemy of God, (see Jas. 4:4).

This redemption is for a purpose, and is not an end in itself. He became an heir of righteousness. For us is the same blessed truth revealed in Rom. 8:17, "If children, then HEIRS; Heirs of God." The redemption spoken of in Eph. 1 is in an intermediate position. First we have the will of God stated, then the redemption that is in Christ Jesus, and finally the inheritance.

Oh that we might have today more of that pious fear of Noah, who warned of a rain that he had never seen, saved his house, condemning the world by his very act, and so became heir of the righteousness which is by faith!

# JUNIOR VEGETABLE CONTEST AT LAFAYETTE AUG. 19

The annual Indiana junior vegetable judging, grading, and identification contest, in past years held in connection with the Indiana State Fair, cancelled this year because of the War, will be held on Aug. 19 at

the time of the Tippecanoe, County 4-H Fair, it was announced this week by Roscoe Fraser, Purdue University extension horticulturist.

Two educational scholarships, valued at \$240 each, will be awarded to the two highest scoring competing persons eligible to enter Purdue's School of Agriculture. The contest

will be held at the Tippecanoe county Fair grounds.

Interested rural boys and girls between the ages of 16 and 20 may obtain further information regarding the state contest by writing to the Purdue horticulture department or from the county agricultural agent.

# STATE GOLD MEDAL

## COLT SHOW, AUG. 21

Plans have been completed for the holding of the state Gold Medal Colt Show at Sheridan, Hamilton county, on Aug. 21, it was announced today by P. T. Brown of the Purdue University animal husbandry department, in charge of the Gold Medal Colt project.

In previous years, the event was held in connection with the Indiana State Fair, which was cancelled this year due to the War. The competition is open to all eligible Gold Medal colts in the state, Brown said.

The project is sponsored by Purdue Service in co-operation with the Indiana Livestock Breeder's Association, and the Indiana Draft Horse Breeder's Association, which is headed by Charles J. Lynn of Indianapolis.

## Decrease Dangers of Disease and Infection

# CATTLEZE

## THE SCIENTIFIC CATTLE SPRAY

for Cows, Horses, Mules and Swine, and for spraying barns, stables, sheds, poultry houses.

Cattleze kills and repels flies and other tormenting and disease-breeding insects . . . protecting cows and live stock in barns or in pastures. It is surprisingly pleasant to use as it does not stain, discolor or gum the hair, nor will it burn or blister the hides.

Milking and feeding are made easier by Cattleze because cows and other farm stock remain unmolested and quiet.

Cattle that are freed from the agonizing torments of insects are healthier. They give more milk and better butter.

Cattleze has a natural petroleum odor and is a powerful repellant and destroyer of flies without any unpleasant odored ingredient.

Cattleze can be applied with either a hand or compressed air sprayer. It aids in preventing infection of wounds and sores by killing and repelling the most common carrier of disease bacteria, the ordinary house fly.

A clear, clean dependable spray that does not tend to taint milk.

## News of Mentone and Vicinity

Annabelle Mentzer is spending her vacation in the southern part of the state.

Miss Eunice Reed arrived in Mentone Friday after spending several weeks attending school in Colorado.

Walter Wilson and daughter have moved into the Rose Boggess apartment above the Country Print Shop.

Roy Rush and daughter were at Monon last Thursday where they visited an aunt, Mrs. Minnie Rich-ter.

Charles and Chester Manwaring are enjoying a ten-day fishing trip that has taken them near Denver, Colorado.

Mr. and Mrs. William Norris, and daughter Mary and granddaughter were visitors at the Claude Barkman home Sunday evening.

Rev. and Mrs. E. C. Ralston visited relatives and friends in Marion, Ohio from Monday to Thursday of last week.

Mr. and Mrs. Lawrence West and daughter Joyce Marie, of North East, Pennsylvania, arrived Friday for a visit at the Ira Borton home. Mr. West is their granddaughter and Joyce Marie is a great-granddaughter.

Mrs. Earl Cooper, son Wilmer and daughter Ann, of Chicago, were guests of Rev. and Mrs. Ralston on Friday and Saturday.

Guss Judd, who is attending school at Bloomington, spent the week end visiting his mother, Mrs. Kate Judd, and his grandparents, Mr. and Mrs. Lloyd Rickel.

Clay Nottingham has recently been transferred from Ft. Benjamin Harrison to Kelly Field, Texas, where he will receive training as an aviation cadet.

Mr. and Mrs. Roy Smith and family entertained Mr. and Mrs. E. J. Smelser and Mrs. Myrtle Smith and son Leonard with a chicken supper Thursday evening.

Mrs. Charley Green, who was injured in an automobile accident near Rochester a few weeks ago, was removed to her home in Talma Sunday afternoon.

Laurie Wilson tried to make an accordion out of his Model T Ford at the Dillingham corner last Thursday evening. In turning the corner the front wheels locked and the rear ones skidded, sending the car head first into a tree on the inside of the curve. Laurie says he has the old girl ready to travel again.

Dan Smith and Earl Vandermark, both of Mentone, who went to Toledo, Ohio Monday with a group of 30 selectees, were both rejected because of physical reasons.

Dick Manwaring, who enlisted in the Air Corps recently, has been accepted and was sworn in last Wednesday. He is at home now and will remain here until called into active training.

Mr. and Mrs. Artley Cullum drove to Chicago Sunday morning for a short visit with Mr. and Mrs. Roy Cullum and son and Mr. and Mrs. Russell Chaplin. They witnessed the big parade and homecoming for Bob Brouk, Cicero's Flying Tiger who was credited with four Jap planes while fighting with the A. V. G. Jon and Jody Cullum, who had been visiting their grandparents for a few days, returned home with their parents.

### LINEMAN ELECTROCUTED

Harry Lublow, 42, Winona Lake fire chief and a veteran employee of the Northern Indiana Public Service company, was electrocuted about 11 o'clock Friday morning when he came in contact with a high-tension line at the south edge of Atwood. Artificial respiration by Bernard Funnell, 26, of Warsaw, who was working with Lublow, failed to bring him back to consciousness.

### ON THE OFFENSIVE AMERICA!

Wars are won by attacking, not by sitting in a fort!

And today America is taking the offensive against the Axis with hard-fighting, non-stopable men and materials!

We're taking the offensive, too, against the enemy at home—the inflationary 6th column that blows prices sky high.

You can help in both fights by saving at least 10% of your money in U. S. War Bonds every pay day. Attack the Axis with your dollars today.

You can start with as little as a 10c War Stamp and you can get a \$25.00 War Bond (maturity value) for only \$18.75—at your local post office, bank or other convenient sales agency.

## CREAKBAUM PITCHES NO-HIT GAME HERE SUNDAY

Ed Creakbaum, Mentone's star hurler, proved his ability beyond a doubt Sunday when he pitched a no-hit, no-run game against the Kokomo Advertisers of Kokomo. He had 16 strikeouts to his credit and if it had not been for an error in the ninth inning, not a Kokomo player would have darkened first base.

The Kokomo pitcher was a little wild in the first inning, allowing the Mentone boys two runs, otherwise the game likely would have gone into extra innings.

Rain Sunday on two occasions, almost ruined the chances of a game, and to make matters more difficult, some of the Kokomo players had to work Sunday. By the time they managed to get enough men "off shift" to form a team and then drive to Mentone it was nearly five o'clock. However, fans who stuck it out until then were well rewarded with a fine game. The colored boys promise to turn again next month for another game.

The box score follows:

Kokomo	AB	R	H	E

## ALBERT TUCKER SHOOT RATTLESNAKE

Albert Tucker, while strolling along the riverbottom on the George Nellans farm Monday heard a noise that stopped him short in his tracks. Sure enough! It was a rattlesnake poised ready to strike. He didn't say how many shots it took to hit it in the head, but anyway he brought Mr. Rattler back to town as evidence. It had seven rattles and a button.

(Albert is looking around for another spot to hunt and stroll around now.)

## WRITES FROM KELLY FIELD.

Corp. Don F. Lyon, who is stationed at Kelly Field, Texas in the Engineering Office, writes the following to his mother, Mrs. Allie Lyon: "Just a short note at the present time to tell you that I am in a new squadron now and you can address your letters a little different. I came to this squadron this morning (Aug. 6) and I guess I will be here for the duration of the war.

"Received your letters and I am still working on the furlough for September. I'm not sure now whether I can get it but just keep hoping and maybe it will go through. Don't we hope so.

"I will try to answer all of your letters or the questions that you had in them. I have a better job than I had before. I'm in charge of all the clerical work in the Engineering and Operations departments of this squadron and it will be some job. All the men will be new except myself and one other fellow. I will probably be here for a helluva long time. I hope that suits you all right.

"I'm pretty busy right now so just send my mail to this new address and I'll write more soon."

391st School Squadron.

Paul Lamprecht of Mentone, and Bill Lyons, of Etna Green, were chosen as star campers for the county 4-H conservation camp held last week. They will receive free trips to the 1943 camp. Murry Holt of Palestine was first in archery and Ned Igo, of Mentone, was first in rifling.

## DISTRICT GOLD MEDAL CALF SHOW HERE SATURDAY

The district gold medal calf show will be held at Mentone, Saturday, Aug. 15, starting at 1:30 p. m. This event previously has been held in connection with the Mentone fair, but due to the cancellation of this event this year, the calf show only will be held.

Cattle breeders from six counties: Kosciusko, Fulton, Marshall, Miami, Whitley and Wabash, will participate in the show.

## MARRIED HERE SATURDAY

Roy A. Moore and Miss Mary Teel, daughter of Mr. and Mrs. Lloyd Teel of Fort Wayne and granddaughter of Mr. and Mrs. Alfred Teel and of Mr. and Mrs. Hiram Mollenhour, of Mentone, were quietly married in the Church of Christ parsonage at Mentone Saturday noon, C. G. Vincent officiating. Mr. and Mrs. Hugh Kessler stood with the bride and groom.

Mr. Moore is an employee of the Harvester Company. They will be at home at 1006 Dayton St., Ft. Wayne, to their many friends, after a short honeymoon trip.

The groom is the son of Mr. and Mrs. William Moore, formerly of Williams, Ind., but now of Ft. Wayne.

## BLOSSER-SHOEMAKER

Miss Caroline Blosser, daughter of Mr. and Mrs. John Blosser, of near Warsaw, became the bride of Private Herschel P. Shoemaker, son of Mr. and Mrs. Riley Shoemaker, of near Mentone, on Sunday morning at the U. B. parsonage in North Manchester. The single ring ceremony was performed by Rev. E. Cornelius.

Mrs. Shoemaker is a waitress and Mr. Shoemaker is with the armed forces in Camp Claiborne, Louisiana.

## MISSION SPEAKER AT HAMLET AUGUST 20

## 4-H GIRLS PLACE IN JUDGING CONTEST AT HUNTERTOWN

A number of 4-H girls from this vicinity scored in the district judging and demonstration contests held at Huntertown last Wednesday.

In the judging contests Patricia Bormuth, Monroe township, placed first in clothing; Joyce Burchby, of Burket, first in baking, and Helen Louise Long, of Mentone, first in canning.

Other club members participating in the contests were Faye Sarber, of Mentone, home improvement; Mila Mae Rhodes, Piercetown, and Margaret Chinworth, West Wayne, room improvement; Carla Lucas, Claypool, baking; Virginia Bickel, Burket, canning.

## ACCEPTED FOR SERVICE IN WOMANS AUXILIARY UNIT

Miss Mary Jean Kalmbacher, office worker for the Northern Indiana Co-Operative Association at Mentone, was one of nineteen ladies from Indiana accepted as a reserve in the recently created Women's Army Auxiliary Corp. Twenty-five were in the enlisted group but six failed to pass the mental and physical examinations.

## ANNUAL BASKET DINNER

The Mentone Church of Christ will have its yearly fellowship and basket dinner in the beautiful Miller grove at Sycamore next Sunday. Evangelist Omer Porter, Williams, Ind., will be the speaker and a large audience is expected. In case it rains, the service will be held in the Sycamore church house.

Services at 10:30 a. m. and 2:00 p. m. Friends and neighbors are invited to be present.

C. G. VINCENT.

## FIRE SCHOOL MONDAY

"Wild Bill" Collison, Winona Lakes well-known fireman and an instructor of fire departments of this area in standard fire-fighting practices, announces that he will be in Mentone on Monday evening, August 17, for the regular monthly class.

A Mr. Cole of South Bend, will be in Mentone tomorrow, Friday, evening and will give a public talk on the street on the subject of water works for a town the size of Mentone. Every citizen of the town should hear him.

Another case of poisoning from eating ice cream occurred in town

last Friday evening. Merl, youngest son of Melvin Millbern, was the victim. Some time in the afternoon he had eaten a dish of ice cream, and soon after became ill and started for home. His mother had gone to Winoona Lake for the evening and had left supper on the table for Mr. Millbern and the boys. Mel and the oldest boy, not seeing Merl at home, ate their supper and returned to the store. Some time later Mrs. Ruby Smith, a neighbor, called on Mrs. Millbern and found the lad in a serious condition. Medical attention was secured in time to avert fatal consequences.

This ice cream was made by a Warsaw concern and was the second such case in recent months.

At a recent meeting of the school board the following teachers were selected for the town schools: Superintendent, I. A. Meredith; Principal, Adaline Boggess; Grammar room, George W. Ralston; Intermediate, Bernice Arnsberger; Second Primary, Leah Blue; First Primary, R. C. Cretcher.

The Chicago police said they would be here on the midnight train to get him, but the train did not bring the police and Mr. Kamp was released and immediately left town. The next morning the Chicago police wired to see if Kamp would come to Chicago without a requisition, but Mr. Kesler was sufficiently disgusted to not take the trouble of looking up Kamp to find out. Kamp has decamped and if the Chicago police want him they must now search where the whangdoodle squirmeth.

### ALLEN BLUE WRITES

Kewanee, Illinois  
August 4th, 1942.

Editor Co-Op. News,  
Mentone, Indiana,  
Dear Sir:

In fulfillment of promises made to friends and relatives in Mentone, I am sending you this letter. It is just two months ago to the day I arrived in Kewanee. It is a city of 18,000 population situated 142 miles southwest of Chicago on the main line of the Burlington railroad. I had become somewhat acquainted with the city and some of its citizens in former visits.

My son-in-law and daughter, Mr. and Mrs. Charles Bruner, came here 22 years ago, since which time he has been connected with the city school system, two years as principal of the high school and the remainder of the time as City Superintendent.

ent of Schools. For 20 years wife and I up until the time of her death, had been making annual visits here up until she passed away six years ago and I have kept up the program since her passing.

Kewanee has some large manufacturing plant. The Kewanee Boiler Company was at one time the largest boiler plant in the world. Since the death of its founder, Mr. E. E. Baker, it has been sold to the American Radiator Company and they are making the boilers for the government ordnance plants. They employ about one thousand men. The Walworth Company, maker of pipe and fittings, employ about 2,200 and is making shells for the army. The Boss Manufacturing Company employing 700 men, makes cotton gloves and husking pegs, has a large contract from the government for gloves. There are other smaller concerns but these are the outstanding industries of the city.

The city was visited by a disastrous fire last April which destroyed almost two blocks of the business district which included the large department stores and main bank building. The total loss was estimated at two million dollars which was pretty well covered with insurance and a number of new buildings are being erected in place of those destroyed by fire.

One week from tomorrow night the city is to have a blackout from ten to ten thirty. This will be a new experience for me as well as all the citizens of the city.

Before closing I wish to inform all my old friends in Mentone and sur-

### TEXAN WRITES TO HORN REUNION GUESTS

Aransas Pass, Texas  
July 28th, 1942

Dear Cousins:

I address you in this way as most of you are first, second and possibly third cousins. Also to the friends I have met at these yearly gatherings. This is to assure you that I regret very much that I cannot be with you today for I sure did enjoy being with you a year ago today. I surely will think of you at the noon hour for if there is anything I like better than trimming up a drumstick of a nice young chicken, it is more of them. I know you will have a nice dinner. It makes my mouth water to think about it, but I hope and pray

you will all have a nice and enjoyable day even though I am not with you. If it is the Lord's will to bring me back to health again I hope to be with you again some time in the future, although I cannot expect many more years in this life as I was 80 the 29th of last May. I know there were many faces there last year that won't be there today, but such is life. We pass out one by one and finally none of you that are here today will attend these reunions, so my prayer is that each and every one of you that are here today will live such lives that pleases our Lord and Savior that finally we may meet in that great reunion with our Lord and Savior and loved ones that have gone on before.

Well, I don't think of anything that might interest you, so will close by wishing all of you a nice enjoyable day.

Your loving cousin,  
E. W. HERALD.

(Ed. Note: The Horn reunion was to have been held Aug. 2, but as a heavy rain the day before had the proposed cite flooded with water, the guests who did arrive, departed before all had assembled. No date, if any, has been set for the event.)

Bob Printy, of Lagro, who has toured the continent as a circus wrestler has enlisted in the Navy as a seaman first class. Just to show what he would do when he ran up against the axis, he was around the Indianapolis Navy recruiting station the other day bending spikes with his bare hands.

Having gone well beyond July's goal of 2,000 recruits, the Indiana Navy recruiting area is now shooting for another 2,000 for August. Approximately half the July total came from Indianapolis and vicinity and the other half from outlying Indiana districts.

The U. S. Naval Training Schools at Butler University in Indianapolis and at Purdue University in West Lafayette received another group of 200 trainees during the week, swelling the total personnel at each school to 75 per cent of the anticipated full strength.

The Williams twins of Evansville were away from home on their seventeenth birthday, but they had a birthday cake anyway. They enlisted in the Navy that day, which was the first day they were old enough, and to celebrate the occasion they made a birthday cake with a sailor hat and cardboard candles. The twins were Jack Laymon Williams and Robert Raymond Williams, sons of Mr. and Mrs. Robert Williams, 105 Division St., Evansville. They attended Central high school where they were members of the football squad, and now have gone to the United States Naval Training Station at Great Lakes, Ill., as apprentice seamen.

Three sets of brothers enlisted in the Navy on the same day one day last week at the Indianapolis Navy recruiting station. They were Clifton Fieber, 19, and Alfred Fieber, 17, sons of Mrs. Eva Jones of near Mt. Vernon, Ind.; Hilbert E. Mullen, 20, and Chester R. Mullen, sons of Mr. and Mrs. William Mullen of St. Anthony, and Richard B. Daubenspeck and Robert H. Daubenspeck, sons of Mrs. Ruby Daubenspeck, R. R. 16,

Indianapolis.

Navy recruiting officers are now touring cities of Indiana where no recruiting substations are located. Last week they visited Rushville and Noblesville to explain the advantages of the Navy to residents of those cities.

Four more Hoosiers are now making their bid for Navy wings of gold at one of the Navy's big air stations at Pensacola, Florida, and Corpus Christi, Texas. They were designated Aviation Cadets upon completion of their preliminary training at various Naval Reserve Aviation Bases. The Indiana men are Leonard Edgar Swanson, LaPorte; Miles Frederick Daubenheyer, Jr., of Versailles; Joseph Norval Dill, Jr., of Kewanna, and Harold Earl Padgett of Evansville. The cadets now face three months of intensive training to fit them for places in the Navy's air arm. If they successfully complete the course, they will be commissioned Ensigns in the U. S. Naval Reserve or Second Lieutenants in the U. S. Marine Corps Reserve.

A construction officer will return to the Indianapolis Navy recruiting station on Aug. 22 to interview men interested in enlisting for overseas service as part of a construction battalion. Practically all types of general construction workers are needed as well as bookkeepers, cooks and even barbers. Before any applicant can be interviewed, he must have completed a physical examination, preferably at some time before the date of the visit.

The Great Lakes Naval Training Station baseball club will return to Indiana for another game on Aug. 27 when they play at Frankfort in a night game. There's still a hot contest on among the players on the Great Lakes nine and a Hoosier has a hand in it. He's Ernie Andres, the former Louisville Colonel and Indiana University third baseman who is battling Don Padgett, ex-St. Louis Cardinal star, for the batting and runs-batted-in lead.

Another Hoosier who came into prominence again in the Great Lakes athletic picture during the week was Paul "Tony" Hinkle who used to be Butler University's athletic director, football coach, basketball coach and baseball coach combined. Hinkle has been named to coach the Great Lakes football team which is scheduling some of the nation's topnotch college elevens for opponents. Tony shouldn't have too much trouble organizing a backfield what with Bill DeCorrevent of Northwestern and

Bruce Smith of Minnesota now in Naval training at Great Lakes.

Bill Jones, who coached at Remington for six years, recently enlisted in the Navy and went to Norfolk, Virginia, for training to become a chief specialist. Now he's back in Hoosierland at the U. S. Naval Training School for signalmen at the Butler Fieldhouse where he's helping to direct the recreational program. Oddly enough, one of his most important jobs is to teach some of the bluejackets to swim.

## NUGGETS FOR BEREANS

God's will for His children is that they should make progress. His desire is "Grow in grace and in the knowledge of Christ." To remain at the babyhood stage would bring shame to a parent as well as a child. "The sincere MILK of the word" is for the NEW BORN BABE. (Gr.

brephos). 1 Pet. 2:2. This is the first stage in the development of the growing child. Next comes a BABE. (Gr. nepios). A babe not old enough to speak. "As unto carnal . . . as unto BABES in Christ." 1 Cor. 3:1. Every one that useth milk is unskilful . . . for he is a BABE." (Heb. 5:13.) A still further advanced company are spoken of in Scripture as

"those of full age." (Gr. Teleios). "Strong meat belongeth to them that are of full age." (Heb. 5:14).

It is possible to have growth stopped. The reason is given in the epistle to the Hebrews: "ye are dull of hearing." (Heb. 5:11). It is not necessary to reject the teaching of Scripture to bring about a condition of deafness, but only to neglect. Did not

the Savior say, "take heed therefore HOW ye hear." (Luke 8:18). This dullness of hearing and neglect of the word of God lay at the root of Israel's failure as a nation, for their "ears were dull of hearing." (Acts 28:27). The goal before the apostle Paul as a minister of the risen Christ is summed up in the words, "present every man PERFECT in Christ Jesus." (Gr. teleios). (Col. 1:28).

A true Berean is eager to take the path leading away from the kindergarten stage, and, under God's guidance, takes the path leading to the fulness that is in Christ, "till we all come unto a PERFECT man." (Eph. 4:13).

# Cows Give More Milk When Comfortable

The easiest way to increase milk production, is to keep your cows free from flies and insects by spraying the barns, and sheds with Cattleze.

## CATTLEZE

### THE SCIENTIFIC CATTLE SPRAY

Cattleze kills and repels flies and other tormenting and disease-breeding insects . . . protecting cows and live stock in barns or in pastures. It is surprisingly pleasant to use as it does not stain, discolor or gum the hair, nor will it burn or blister the hides.

Milking and feeding are made easier by Cattleze because cows and other farm stock remain unmolested and quiet. Cattle that are freed from the agonizing torments of insects are healthier. They give more milk and better butter.

Cattleze has a neutral petroleum odor and is a powerful repellant and destroyer of flies without any unpleasant odored ingredient.

Cattleze can be applied with either a hand or compressed air sprayer. It aids in preventing infection of wounds and sores by killing and repelling the most common carrier of disease bacteria, the ordinary house fly.

A clear, clean dependable spray that does not tend to taint milk.

## CLARENCE TAYLOR, 50, DIES NEAR ATWOOD

Funeral services for Clarence Taylor, 50, life-long resident of Harrison township, were held Sunday at 2:30 p. m. at the Harrison Center United Brethren church, Rev. R. C. Smith, pastor, officiating, with burial in the church cemetery.

Mr. Taylor died at his home a mile south of Atwood Friday afternoon at 2:30 o'clock after an illness of six years. He had suffered a stroke about two weeks ago.

The deceased was born in Harrison township, January 21, 1892, the son of Jerome and Elizabeth Harris Taylor. He was united in marriage to Cleo Wolf Oct. 20, 1917. He had resided all his life in the vicinity of his birthplace, engaging in farming. He was a member of the Harrison Center U. B. church.

Surviving are the widow; three sons, Lester, Clarence, Jr., and Lowell, all at home; three brothers, Ernest, Detroit, Mich., Pete, Elkhart, and Alpheus, South Bend; and a sister, Mrs. Charles Christian, Mentone.

The Johns funeral home was in charge of the arrangements.

## MRS. VANGILDER DIES AT PERU

Mrs. Clarence G. VanGilder, of Peru, Indiana, and well known in this vicinity, died August 6th in her home. She was 66 years old and sick only three hours. Her funeral was held at the United Brethren church where she was a member.

Surviving besides her husband, is her son, Everett and two grandchildren.

## TEACHERS' REUNION AUGUST 29

Public school teachers having taught or are living in Kosciusko county will hold their tenth reunion at the Warsaw City Park, Warsaw, Ind., Saturday, August 29, 1942.

The noon meal will be a carry-in one to be spread at noon (CWT) that all may enjoy the fruits of their labor, according to an announcement made by S. M. Davis, secretary and treasurer. Other officers are John Postma, president, and John M. Mort, vice president.

## GOLD MEDAL CALF SHOW HELD HERE SATURDAY

The Gold Medal Calf Club Show was held at the Mentone fair grounds Saturday afternoon, August 15th.

There were five exhibitors in the Hereford class and two in the Shorthorn.

The Gold Medal competition is a contest among purebred cattle breeders, in which a registered calf is weighed and entered. From that date he must make an average gain of a specified amount to place the animal in competition. Awards are then made. First placing is a gold medal, second a silver medal, and third is a bronze medal.

Summer yearlings, junior yearlings and senior calves were entered in the contest Saturday. A total of 31 head were judged by Henry Mayo and P. T. Brown, of the Purdue extension department. The show was under the management of Joe Clark, county agent, but E. G. Harrison served in Mr. Clark's absence.

Breeders entered in the Hereford breeds were Edwards Hereford Farm of Peru; Schumann & Son, Columbia City; Mr. Moore, Plymouth; Bill Wedrick, Silver Lake; White Oak Farm, Yorktown.

In the Shorthorn class were VanVorst Bros. of Columbia City and Geo. W. Drom, Jr., Rochester.

## COMMITTEE NAMED FOR SCRAP SALVAGE CAMPAIGN

President Nelson, of the Mentone Lions club, appointed a committee of five Wednesday evening to complete plans for the scrap salvage campaign in Mentone and vicinity. Similar campaigns are being held in every community in the nation in an effort to secure as much scrap salvage material as possible to help produce the equipment necessary for the effective prosecution of the war.

An advertisement on another page of this issue lists the committee and carries the message of the National Scrap Salvage Committee.

Mr. and Mrs. Kenneth Barkman and Mr. and Mrs. Claude Barkman are on a trip to Camp Forrest, Tenn. to visit with Walter Barkman.

## MRS. RACHAEL COCHRAN DIES AT EBBY BAYNE HOME

Funeral services were to be held at two o'clock Wednesday afternoon at the Harrison Center church for Mrs. Rachael Cochran, 78, who died Monday at the home of her nephew, Ebby Bayne, near Mentone. Death was due to dropsy. Rev. R. C. Smith conducted the service and burial was to be in the Harrison Center cemetery.

Mrs. Cochran was born September 20, 1864, near Yellow Creek lake, the daughter of Abner and Rachael Anderson. She was married 57 years ago to Charles Cochran, who died 16 years ago. Five children were born to this union and only one son, John Cochran, of near Mentone, survives.

## MAURICE MEYER BURIED TUESDAY

Maurice Meyer, aged 80 years and veteran cattle buyer, died of a sudden heart attack in his room at the Hotel Hayes at Warsaw Sunday morning. Funeral services were held at Warsaw Tuesday.

Mr. Meyer, who was born in Alsace, France, came to America in 1871 and had been a cattle buyer at South Whitley for many years before retiring and moving to Warsaw 12 years ago. He had many friends in this part of Indiana.

## MANCHESTER VICTIM OF MENTONE SLUGGERS

The North Manchester baseball team suffered a disastrous defeat at the hands of the Mentone boys on the local diamond Sunday afternoon. The final score was 19 to 6. Mentone had 22 hits.

Next Sunday, August 23, The Indiana Smokehouse team of Huntington will play at Mentone. This team has entered the northern Indiana baseball tourney at Wabash and has been established as one of the favorites. This should prove to be a good game.

Charles Urschel, son of Dr. and Mrs. Dan Urschel, was taken to the hospital at South Bend Wednesday morning. He has been ill with pneumonia for several days.

## ROY GOCHENOUR DIES ENJOYING SUNDAY DINNER

Roy O. Gochenour, 46 farmer of east of Bourbon, died suddenly at one o'clock Sunday afternoon at the home of his brother, Vern, also of near Bourbon, where the families were having a get-together and dinner. Death was due to a sudden heart attack.

Mr. Gochenour had resided in the vicinity of Bourbon his entire life. He is survived by his widow, Agnes; daughter, Jean, at home; son, Aviation Cadet Carl Gochenour, stationed at Kelly Field, Tex.; father, William Gochenour, Warsaw; two brothers, Vern, Bourbon, and Clarence, Argos; and a sister, Mrs. Jesse Long, Leesburg.

Funeral services were announced for two o'clock Wednesday afternoon at the Stony Point church, north of Atwood. Interment will be in the cemetery nearby.

Aviation Cadet Carl Gochenour, who taught in the Mentone schools last year, arrived Monday night from his base in Texas.

## CARS COLLIDE AT CORNER ONE MILE EAST OF TALMA

(Talma Reporter)

Cars driven by Frances Feece, of Rochester, and Everett Busenburg, of Newcastle township, collided Saturday afternoon about 4:45 at a crossing one mile east of Talma. The Feece automobile hit the Busenburg car on the right rear fender.

Mrs. Feece was driving north and Mr. Busenburg east when the accident occurred. The Busenburg auto was overturned by the impact. The Busenburg car was damaged to the extent of \$200; the Feece auto to the extent of \$125.

Mrs. Feece suffered a cut over her left eye and her right ankle was injured. Mr. Busenburg was hurt about the shoulder. Von Perkins, who was riding with Busenburg, was unhurt. Deputy Sheriff Frank Summers investigated the accident.

Miss Judy Teel returned to Brookville Sunday after spending over two weeks visiting her father, Oliver Teel.

### LOCAL POST OFFICE HAS "V" MAIL FORMS

Postmaster L. A. Rickel announces that the Mentone post office has a stock of "V" mail forms to be used in sending letters to men in overseas service.

These "V" mail forms may be obtained free of charge.

"V" mail is available to provide the quickest and lightest dispatch of mail to men of the armed forces outside the continental United States.

When letters are sent to points having microfilm equipment, photos of the letters are taken and a miniature negative is sent. There the negatives are developed to a size on which the writing becomes legible and is delivered. This saves space in sending mail.

Instructions for the use of "V" mail forms are printed on the sheet, which, when folded, forms the envelope for mailing at the local post office.

When more than one page is to be written, it is suggested that two letters be written. Patrons are urged, however to be conservative as only three sheets are to be given to any one party in one day.

### INFORMATION ON HOME FIRE-FIGHTING EQUIPMENT

Lafayette, Ind., Aug. 17.—Information on simple, inexpensive home fire-fighting equipment for rural buildings is now available, reports Charles H. Reed, extension farm building specialist, Purdue University. Requests for this information are being received here as a result of the state-wide rural fire prevention campaign, which has been underway only a few weeks.

These requests indicate that many rural Hoosiers are accepting fire prevention as one of their war-time duties and that they intend to do everything possible to prevent rural fires which would handicap the war effort, he observes.

Farmers' Bulletin, No. 1643, "Fire Safeguards for the Farm" contains information on inexpensive home fire-fighting equipment, such as ladders, fire pails and barrels, water pressure systems, sand and treated sawdust. Also included in this bulletin are descriptions of various types of fire extinguishers suitable for the farm.

A supply of these bulletins has been ordered for each county extension office in Indiana. A copy may be obtained either from that office

or from the Purdue division of agricultural engineering, upon request.

# WAR BOND QUOTAS FOR AUGUST

WASHINGTON, D. C., Aug. 10.—Henry Morgenthau, Jr., Secretary of the Treasury, today announced the August War Bond Quotas for the 3,070 counties in the nation totalling \$815,000,000. The August quota for the State of Indiana is \$19,000,000.

In arriving at the county quotas for August the Treasury Department took into consideration major factors affecting incomes which in turn cause significant variations in sales during the twelve-month period.

Hereafter actual Bond sales in the various states will be compared with quotas on a cumulative basis. The amount by which sales fall short of or exceed quotas in any month will be added to or subtracted from quotas for future months.

Quotas by counties are:

Adams, \$66,300; Allen, \$1,100,000.	Madison, \$387,000; Marion, \$4,337,000;
Bartholomew, \$118,500; Benton, \$44,400;	Marshall, \$91,000; Martin, \$17,000;
Blackford, \$64,500; Boone, \$77,500;	Miami, \$129,000; Monroe, \$126,000;
Brown, \$9,300.	Montgomery, \$131,000; Morgan, \$50,000.
Carroll, \$45,000; Cass, \$153,000;	Newton, \$45,000; Noble, \$95,000.
Clark, \$200,000; Clay, \$99,800; Clinton, \$114,000;	Ohio, \$11,000; Orange, \$41,000;

# JUNK

## needed for War

*In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.*

Scrap iron and steel, for example.

Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually *refined* steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

The production of steel has gone *up, up, UP*, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin.

The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Will you help?

First—collect all of your waste material and pile it up.

Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

**Throw YOUR scrap into the fight!**

### JUNK MAKES FIGHTING WEAPONS

One old disc will provide scrap steel needed for 210 semi-automatic light carbines.

One old plow will help make one hundred 75-mm. armor-piercing projectiles.

One useless old tire provides as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

### MATERIALS NEEDED

**Scrap iron and steel.**

**Other metals of all kinds.**

**Old rubber.**

**Rags, Manila rope, burlap bags.**

**Waste Cooking Fats**—When you get a pound or more, strain into a large tin can and sell to your meat dealer.

**NEEDED ONLY IN CERTAIN LOCALITIES:** Waste paper and tin cans—wanted only in certain areas, as announced locally. **NOT NEEDED** (at this time): Razor blades—glass.

By far the wettest rain of the season came last Saturday night when,

it is estimated, four or five inches of water fell before daylight the next morning. The local effects were that Yellow Creek was out of its banks and over its bridges and over the roads all along the line. Many washouts interfered seriously with traveling.

### HOME ECONOMICS CLUB

The Mentone Home Economics club met on Thursday, August 13th with Mrs. Myrtle Leininger. A picnic was enjoyed at noon. Roll call was "An Outstanding Characteristic of a Friend". Each member also gave her "Favorite Summer Menu". The Creed and prayer were given in unison.

During the business session plans were discussed for an exhibit at the Warsaw fair. The Secretary's report was read. Twelve members and four children were present.

The next meeting will be September 10th with Mrs. Hellen Weirick. —Reporter.

### NUGGETS FOR BEREANS

Books have been written about the numerics of the Bible. It is a fascinating study. It is also a valuable study for some. It has been the means of settling a disputed point about translation many times. An instance of this is the oft disputed phrase "at Ephesus" in Eph. 1:1. The law of numerics demands that these words be retained in the text.

In the Hebrew of Gen. 1:1 we find 7 words. They are made up of 28 letters (7x4). This might be amplified more fully.

In the Greek of Matt. 1:1-11 we have gone a little further:

- This passage has a vocabulary of 49 words (7x7).
- 28 of these begin with a vowel (7x4), and
- 21 begin with a consonant (7x3).
- 7 end with a vowel (7), and
- 42 end with a consonant (7x6).
- These 49 words have 266 letters (7x38).
- of these letters 140 are vowels (7x20), and
- 126 are consonants (7x18).

We have only tabulated a few of the wonderful combinations of sevens in just this passage, all of which goes to prove that, "The WORDS of the Lord (not merely the Word, but the very words) are pure words, as silver tried in a furnace (words of earth, yet) purified SEVEN times," Psa. 12:6. Yes, God's mark of perfection is stamped upon every syllable, yea, every letter, and drives home to us the fact that we can take no position short of belief in the full, verbal inspiration of Scripture.

## WANT A LOCKER?

We are contemplating the installation of a number of lockers, and would appreciate hearing from all those who desire to rent a locker for storage of meat and foodstuffs.

The present uncertainty of securing an adequate supply of meat for retail impels us to attempt to take care of our customers' needs one way or another. The only logical answer is to install more lockers so patrons can preserve their own supply.

If you would use one or more lockers, call, phone or write us at once.

## PIONEER RESIDENT BURIED HERE SUNDAY

There is always sorrow and sympathy ignited each time the hand of death reaches into our community and carries a friend or relative into the world beyond, yet there are times when the thoughts and minds of the people seem to indicate that as far as this community is concerned, that departed one had served long and faithfully here. Never having met Lemon L. Latimer, this writer has no way of knowing other than by the words of those who did know him.

Lemon L. Latimer, aged 88 years, passed away at the Peabody Memorial Home at North Manchester Thursday evening of last week. He had been in failing health during the past year and had been confined to his bed about three months before death came.

Mr. Latimer was a lifelong resident of Mentone until about three years ago when he and Mrs. Latimer entered the Peabody home. He was engaged in the hardware business here for a number of years and was active in the business and civic affairs of the community. He was the last remaining charter member of the Mentone Masonic lodge and served as Worshipful Master from 1902 to and including 1906. He had been a member of the Masonic Order for 54 years and when 50-year membership badges were awarded, was presented with such badge of honor.

Mr. Latimer was born March 6, 1854 at Palestine to Lyman L. and Susan Latimer. In May 1889 he was married to Alice Bickel. They celebrated their golden wedding anniversary three years ago.

Surviving are his wife; one brother Marion M. Latimer, of near here; a half-brother, Isaac Sarber, of Fort Wayne, and a large number of nieces and nephews. There were no children.

Funeral services were held Sunday afternoon at the Methodist Church here, with Rev. E. E. DeWitt, of Larwill, officiating, assisted by the Rev. Dr. Ronald, superintendent of the Estelle Peabody Memorial Home of North Manchester. Past Masters of

## SCHOOL CHILDREN TO REPORT ON SEPTEMBER FOURTH

Dale Kelley, principal of the Mentone schools, announces that all children will report at the school on Sept. 4 at 8:25 a. m. for organization and book lists and that school proper will commence the day following Labor Day—September 8th.

The only change in the teaching personnel this year will be in the sixth grade where Mrs. Wayne Tombaugh will take the place of Carl Gochenour, who is now a Flying Cadet with Uncle Sams fighting forces.

## CREAKBAUM PITCHES ANOTHER PERFECT GAME

Now listen, boys! This thing's going a bit too far! Do you want those other baseball teams to think we don't know the meaning of the word "mercy"? No hits, no runs—22 to 0! That Smokehouse gang from Huntington played a good game but what could you expect with 22 hits against 22 strikeouts! And then to think Ed had the nerve to go out and hit three doubles and two triples.

You boys from Huntington. Come back again some day. The Mentone gang is all right. They were just having a lot of fun until they got tired running around that base line every time they got up to bat.

Sometimes I'm reminded of the ball game out in the sand lot. An inquisitive passer-by wanted to learn the score. "28 to nothing!" was the reply. "Kinda gettin beat aren't you." "Nope! We ain't been up to bat yet."

The Mentone boys will play a benefit game here Sunday, Aug. 30 when they are to meet a group of All Stars from our little neighboring city of Warsaw. This is expected to be a good game, provided the visiting lads can get back down to earth after the sportswriters got through puffing into their sails the other day. Regardless of who wins, its all for a lot of clean fun and the proceeds are to go to Royal Blue, the youngster who suffered a fractured leg a few weeks ago.

the Mentone Masonic Lodge acted as pallbearers.

## 63RD WEDDING ANNIVERSARY CELEBRATED SUNDAY

Those who attended the 63rd Wedding Anniversary celebration of Mr. and Mrs. George A. Stockberger of Talma at the home of Mr. and Mrs. Oscar Coplen in Rochester and helped them to celebrate were:

Mr. and Mrs. George Stockberger of Talma; Mr. and Mrs. Alva Stockberger of Argos; Mr. and Mrs. Jonas W. Stockberger of Tippecanoe; Mr. and Mrs. Roy S. Wolf, Miss Mary Wolf, George Wolf and John Wolf, all of Niles, Mich.; Mr. and Mrs. Claud Carpenter, Mr. and Mrs. Harley Carpenter, Richard Johnson, and Mr. and Mrs. Albert Perlick, all of South Bend; Mrs. Gerald McQuillan of Fulton; Misses Doris and Leah Fredericks of Cincinnati, O.; Mr. and Mrs. Charles Mathias, Miss Pauline Mathias and John Mathias of Lakeville; Mr. and Mrs. Charles Lindzey of Warsaw; Miss Esther Wolf, Mrs. Hanna Wolf, Dr. George Hoffman, Miss Emily Von Ehrenstein, and Mr. and Mrs. Oscar Coplen and sons, James, Francis and Melville, all of Rochester.

Mr. and Mrs. Stockberger received many lovely gifts from their friends and relatives. The day was a happy one and will be long remembered by Mr. and Mrs. Stockberger.

## MARY JEAN KALMBACHER CALLED TO ACTIVE DUTY

Miss Mary Jean Kalmbacher, who recently enlisted in the Women's auxiliary army corps, has been given instructions to report at the basic training center at Des Moines, Iowa for active duty Saturday.

The call for induction arrived two days after the lady had left for Minnesota on a short vacation trip. Monday morning Mrs. Clayton Clutter and two children and Miss Kalmbacher left by auto for Procton, Minn., on a vacation.

Friends of the young lady at Mentone have secured a fine gift for her and all will extend best wishes that her hours of patriotic service will be very enjoyable.

Poultry supplies at the Co-Op. mill.

## MRS. JOHN BORTON DIED AT HOME HERE ON TUESDAY

Mrs. Nora Alice Borton, aged 62 years, who has been seriously ill since Sunday, passed away at her home here Tuesday evening about 6:30 o'clock. Death was caused by heart trouble, a disease with which she had been afflicted the past five years.

Mrs. Borton was born in this county January 14, 1880 to Ruel and Mary Ann Jefferies and had resided in and near Mentone her entire life. In 1904 she was united in marriage to John L. Borton, who survives. Other surviving relatives include one son, Russell L. Borton, at home; one daughter, Delta Yazel, Etna Green; two grandsons, Harold and Rex Yazel, of Etna Green; two sisters, Mrs. Flossie Coplen and Mrs. Maude Clark of Akron, and one brother, Pierce Jefferies, Mentone.

Funeral services will be held on Thursday afternoon at 2:30 o'clock at the Methodist church, with Rev. E. E. DeWitt, of Larwill, officiating. Interment will be in the Mentone cemetery.

The Reed funeral home has charge of the arrangements.

## FORMER CITIZEN DIES AT BATTLE CREEK, MICH.

An announcement in the Warsaw Times states that James B. Giffin, aged 88 years, died at 9:30 a. m. on Wednesday at Battle Creek Mich., following a two-day illness from complications. He was born at Mentone November 4, 1854 and had spent most of his life in this vicinity.

Surviving relatives named were: four daughters, Mrs. Dean Aker, of Warsaw, Mrs. John Curry and Mrs. Glenn Flanders, Battle Creek, and Mrs. Corey Smith, Rochester, Ind.; two sons, Cecil Giffin, Battle Creek, and L. E. Giffin, Mills, Calif. Mrs. W. S. Bell, of Fort Wayne, is a step-daughter, and H. E. Wagoner, of Danville, Ill., is a step-son of the deceased.

The Bibler funeral home is to be in charge but no funeral arrangements have been announced.

### WRITES FROM ALASKA

(The following letter was received by Mr. and Mrs. Raymond Hibschan from their son, Devon, who is stationed on the mainland of Alaska). Hello Mom, Dad, Bob:

Well, how are you this fine day? I hope all o. k. and I also hope you are having as nice of weather as we had the last few days, but today it is raining like heck, but as I told you before, one day it is nice then maybe the next week it may rain all week. Well, Mom, I just got back Monday morning from a 48-hour pass up to a little town about 50 miles from here. We sure did have a swell time. We saw some of the most beautiful flowers that I have ever seen either back there or up here. Sunday we went out to Sgt. Dunham's cousins who live just outside of this town. They live on a farm and they have a tractor and all of the equipment to go with it and did I ever have fun. They are in the vegetable business. They have a patch of red raspberries that is the nicest I have ever seen in my life. The bushes are about eight feet high and they have to pick them with a stepladder and they get about two boxes off of each bush every day and they sell them for 30c a box. They also have a large potato patch that yielded about 400 bushels to the acre and they sell for \$1.00 a bushel, so you see they really make money up here. And they have a greenhouse with pickles and tomatoes in it. The pickles sell for 40c apiece and the tomatoes sell for 50c a pound. It takes two to make a pound so you can see he is not exaggerating when he says he makes from three to four hundred dollars per acre per season. Also they have a strawberry patch which has strawberries as big as eggs on the vines and boy are they good. I know for we had shortcake for dinner last Sunday.

day. Also, here is something we had for dinner—Mountain sheep. And talk about good. It was magnificent. In the afternoon we went out with the tractor and cut down two acres of oats with the tractor and binder, and then my buddy and I shocked it up and did I ever have fun. It seemed just like home, so mother, I guess I'm still a farmer at heart.

We stayed all night in town Saturday nite and slept in a hotel and had my own private room with bath for \$1.50 a night so you see it wasn't so expensive, and to top it all off, I had an innerspring mattress and boy it was a lot different from a y. l. bed. Also they have a boy about Bob's age and did he and I ever have a big time playing football. As a matter of fact we had a grand and glorious time and I hope to get to go again sometime.

Well Mom how is everything coming at home? I hope the crops look good for I sure have been praying for the best of everything for you.

### ROYAL NEIGHBORS MEET

On Thursday evening, Aug. 20, the Royal Neighbors had a called meeting at the home of Oracle Snowden Halterman. There were ten members and two guests present. Our guests were the state supervisor, Mrs. Hoople, and district deputy, Mrs. Bidlack.

After the balloting on applications for membership, our two visitors gave short talks and invited our camp to Plymouth for the district meeting to be held in October. Everyone enjoyed a fine evening and delicious refreshments were served by the hostess, Mrs. Halterman.

The next meeting will be in September. Notice will be in the paper. Every member is urged to be present.

### POSTMASTERS OF COUNTY MEET AT WABEE LAKE

Postmasters of Kosciusko county, with their families, met on Thursday evening at the summer home of Postmaster Eugene Felkner, of Milford, Wabee Lake, just southeast of Milford. It was the group's regular quarterly business and social session. Following a splendid buffet luncheon, which was enjoyed at tables on the spacious lawn, the postmasters spent several hours in a general discussion of postoffice business, with Mr. Felkner presiding.

### CREDIT GROUP ATTENDS SPECIAL SERVICE SESSIONS

When representatives from a half dozen national farm loan associations met in Huntington, Indiana, August 25 and 26, for a conference designed to acquaint farm mortgage leaders in this section with latest methods of serving farmer-members of their cooperative credit organizations, the Kosciusko County national farm loan association delegates were Howard Mauzy, director, and Mahlon Rickel, secretary-treasurer.

Discussions during the two-day meeting were led by a group from the Federal Land Bank of Louisville—the 25-year-old unit of the Farm Credit Administration of Louisville that serves 433 national farm loan associations in Indiana, Tennessee, Kentucky and Ohio. They included C. M. Wade, Farm Management Specialist; C. A. Jackson, Supervisor, Associations Service Division; E. V. Landers, Regional Manager, and N. B. Giltner, Associate Regional Manager.

Scheduled as one of the meeting's

features was a discussion on the recently-introduced Future Payment Fund plan. Under this system of storing away cash reserves when farm income is up to meet future farm mortgage obligations, farmer-members of national farm loan associations receive the same interest on their Future Payment Funds as they pay on Federal land bank and Commissioner loans. Association members throughout the four-State area have placed close to \$700,000 in their Future Payment Funds being held by the Federal Land Bank of Louisville.

### CARD OF THANKS

I desire in this way to thank my numerous friends and old neighbors for their many acts of kindness and sympathy bestowed upon me during my recent bereavement.

Mr. and Mrs. Max Dunlap and daughter, Mary Lucille, who have been spending their summer vacation at the Mills and Dunlap homes, returned to their home in Hastings, Minnesota Monday, where Mrs. Dunlap is employed as instructor in the city schools.

Mr. and Mrs. Albert Sarber celebrated their golden wedding anniversary August 27th. Twenty-five were present.

Harry Sollinger and R. C. Railsback, former Mentone businessmen, were home for the homecoming. Mr. Railsback came to Mentone 37 years ago and was engaged in the furniture and undertaking business. Mr. Sollinger and his brother operated a grocery and dry goods store.

### NUGGETS FOR BEREANS

"Of every tree of the garden thou mayest FREELY eat: But of the tree of the knowledge of good and evil, thou shalt not eat of it: for in the day that thou eatest thereof thou shalt SURELY die." Gen. 2:16-17.

Now in response to temptation, the woman said to the serpent in Gen. 3:2 "We may eat of the fruit of the trees of the garden." She omitted the word "freely". In the next verse she added to the Word of God "Neither shall ye touch it." Then she changed God's certainty, "surely" to a contingency, "lest". These three great evils Eve did to the Word of God.

These three great evils are the main causes of divisions and sects today, which are fully as sinful as incest in the church. See I Cor., chapters 1, 3 and 5.

One of the commonest evil practices is that of omission. Scores of texts are lifted from their contexts to prove something they had no reference to in the first place. In fact one can prove most anything by this method. Man did not invent it; it was a favorite with Satan.

The sin of addition is almost equally as great in prevalence. In many cases an inference is drawn, which is not warranted. An example is the general belief that all the wicked will be tormented in the lake of fire, while the Bible speaks only of three supernatural personages, Satan, the Beast, and the False Prophet as being tormented in the lake of fire. John ends the book of the Revelation with a statement of what will happen to those that add to or take away from that book.

Changing the meaning is a very common practice. Man in his pride takes many of God's certainties and

A New York city pastor, having been previously impressed by the frequency, accuracy, and apt application of the bible quotations in the New York Times editorials, read every editorial appearing during one calendar year and discovered the following facts:

Four hundred and sixty-six biblical verses, phrases, and allusions appeared in 367 editorials spread over 262 days.

Forty-seven books of the Bible furnished the above: 25 from the Old Testament and 22 from the New Testament.

Twenty-two editorial titles reflected scriptural influence, and four editorials were devoted exclusively to the English Bible. Some editorials held as many as four references.

"A very present help in time of trouble" appeared six times, and the Parable of the Good Samaritan came to the editor's help nine times.

The amazing wealth of scripture used by the editors served to point editorials dealing with sociology, science, education, finance, industry, literature, art philosophy, and philanthropy.

Certainly this classic of English literature is among the (to quote the
