BELVA McGOWEN, DEVON HIBSCHMAN ARE MARRIED

The wedding of Miss Belva McGowen, daughter of Mr. and Mrs. Bert McGowen of Etna Green, and S/Sgt. DeVon Hibschan, son of Mr. and Mrs. Raymond Hibschan of Mentone, took place at eight o'clock Thursday night at the Mentone Methodist church. Rev. V. E. Stoner read the double ring ceremony against a setting of pink and white phlox and gladioli, with palms and white candles in floor candelabras forming a background.

Preceding the exchange of vows, Mrs. James Beeson, pianist, presented a brief musical. Mrs. Beeson played the traditional wedding marches for the processional and recessional. During the ceremony she played a soft accompaniment.

Miss Genevieve Kraatz was the bride's maid of honor and Mr. James Beeson served as best man. The bride wore a gown of lovely white net with a fitted bodice from which the full skirt fell into a train. She wore a matching finger-tip veil which fell from a coronet of orange blossoms. Her attendant wore a floor-length gown of sheer pink.

The guests were the immediate family and friends. The bride graduated from Mentone High School in 1941. Previous to her marriage she was employed by Ball Band in Mishawaka. The bridegroom has been serving in the armed forces in Alaska for the last nineteen months.

S Sgt. Hibschan will be stationed in California after August 22nd, after which he will be joined by Mrs. Hibschan. The couple are now residing at the home of the groom's parents, Mr. and Mrs. Raymond Hibschan.

FACTORY IN OPERATION

The Lake City Machine Shop moved to its new location in the old Ford building last Saturday and this week began the manufacture of surgical and fracture appliances. At the present time, there are twenty-six employed and the factory is not yet producing at full capacity. Mr. Byron Peterson is plant manager and Mrs. Elizabeth Blue will have charge of the office.

MENTONE BOY TELLS OF INVASION OF SICILY

Saturday night,
July 24th, 1943.

Dear George:

I have a little time tonight and nothing else to do so I thought I would drop you a line as you are taking so great an interest to the boys in the service and I thought I would tell you about our part in the invasion of Sicily. We are a Troop Carrier Squadron but that is just one of our duties. In other words we are the pack horses of the Air Force. We were taken into the group's intelligence office and briefed the night before we were to go. There they told us we were going to invade Sicily and we were to be the first squadron over Sicily with our Group Commander in the lead. The planes were loaded with paratrooper equipment about noon the next day and the paratroopers sat around the plane until takeoff time. They weren't nervous. In fact they were about the calmest bunch of boys you ever saw. About eight we ran the engines up and everything was perfect so we all load into the plane which has the name Ferry H. At eight thirty we took off with the rest of the squadron and circled around until we picked up the rest of the group. We started off then for Sicily. We got there around 12:30. There was little flak. We found our dropping zone and dropped our boys and then we high tailed it for home because we sure was a wonderful target for anybody that wanted to shoot at us. So you can see it was all just a matter of form for us. That was our first combat mission. It was really interesting, much more than it sounds. Well I will close.

Sincerely, CORNIE (Wallace)

Dr. and Mrs. E. D. Anderson, daughter Mildred and Mrs. F. M. Coplen left Tuesday morning for a visit with Mr. and Mrs. Ira D. Anderson and sons at Evanston, Ill. Lt. Wendell C. Anderson, who has been home on leave, accompanied them and will return to Camp Carson, Colorado on Thursday morning.

BREAD TRUCK DRIVER DIES AFTER TRUCK CRASHES HERE

Shortly after noon Saturday a call came to Mentone that a bread truck had crashed and was burning fiercely on Highway 19 about two miles north of Mentone. H. V. Johns and Dr. Clutter rushed to the scene.

The driver of the Schultz Baking Company delivery truck, John Dahling of Kankakee, Ill., aged 27, was pinned beneath the flaming wreckage and by the time he was extricated he was literally burned to a crisp. Nothing remained of his clothing except his shoes. He was rushed to the McDonald hospital at Warsaw where he died about three o'clock. With all the sedatives given for relief from pain however, he never lost consciousness. He leaves a wife and one child.

Mr. Dahling was termed a road supervisor for the baking company and when the regular driver took another position a couple of weeks ago he substituted until a new driver could be secured. Saturday was his last trip, which ironically ended in his death.

Various reports have been received about how the accident happened, but until further evidence is presented to prove otherwise, it appears that the wide truck, passing over the narrow highway culvert, crowded the cement guard at the culvert. The truck whipped, skidded and then rolled over on its side. Adam Cochran, who witnessed the accident, said that there was a cloud of dust that raised up from beneath the truck and flames from burning gasoline broke up through the dust almost before the truck had completely stopped. An ice cream delivery truck arrived on the scene and a chain was hooked to the truck to pull it off Mr. Dahling. The chain broke the first time but held on the second attempt.

The injured man was taken to the hospital in the H. V. Johns ambulance, and the body was removed to the Johns funeral home after death occurred. A funeral director from the young man's home town came to Mentone after the body.

GUEST SPEAKER TO SPEAK AT BAPTIST CHURCH SUNDAY

The First Baptist Church announces that Dr. J. W. Hakes, pastor of the First Baptist Church of Huntington, West Virginia, will bring the morning message Sunday. Dr. Hakes was pastor of a large church in New York for a number of years and his present church has over 1200 members.

The evening message will be given by Evangelist Tom Presnell, director of the Service Center in Rockford, Ill., the largest Service Men's center in the country. He has come in personal contact with hundreds of our boys.

You will not want to miss either of these men. The morning service is at 10:30 and the evening service will be at 8:00.

Watch for the announcement of future guest speakers.

Everyone is cordially invited to attend.

4-H CAMP OPENS SUNDAY

The Kosciusko 4-H Conservation Camp at McClure Lake, near Silver Lake, opens for its fourth annual session next Sunday afternoon. Approximately 75 youths who are enrolled in 4-H projects in the county will attend camp. Dale Kelly of Mentone, will be camp director. Mr. Kelly and Joe Clark will be instructors and the speakers will include State Representative Hobart Creighton and State Senator Arthur Coblentz.

FAREWELL PICNIC

Mr. Warren Mewhorter, nephew of Mrs. E. C. Ralston, was given a farewell picnic at the home of Mr. and Mrs. Crist Darr, near Syracuse Lake, on August the second. The picnic was in every respect a banquet and was followed by a very pleasant afternoon of swimming and visiting.

Those present were Warren Mewhorter, Rev. and Mrs. Ralston, Mrs. Edith Darr, Norbert and Monna Lou Darr, Mrs. Raymond Weirick, Bedelia Bell and Eugene Weirick, Betty Muluns and Mr. and Mrs. Crist Darr.

Mr. Mewhorter has been a guest of Rev. and Mrs. Ralston for the past month.

OLD MAN COYOTE IS DISAPPOINTED

OLD MAN COYOTE lay stretched out in his favorite napping place on the Green Meadows. He was thinking of what he had found out up there in the Green Forest that morning—that Paddy the Beaver was living there. Old Man Coyote's thoughts were very pleasant to himself, though really they were very dreadful thoughts. You see he was thinking how easy it was going to be to catch Paddy the Beaver, and what a splendid meal he would make. He licked his chops at the thought.

"He doesn't know I know he's here," thought Old Man Coyote. "In fact I don't believe he even knows that I am anywhere around. Of course he won't be watching for me. He cuts his trees at night, so all I will have to do is to hide right close to where he is at work and he'll walk right into my mouth. Sammy Jay knows I was up there this morning, but Sammy sleeps at night, so he will not give the alarm."

Old Man Coyote waited and waited.

My, my, how good that Beaver will taste!" He licked his chops once more, then yawned and closed his eyes for a nap.

Old Man Coyote waited until Jolly, round, red Mr. Sun had gone to bed behind the Purple Hills, and the black shadows had crept out across the Green Meadows. Then, keeping in the blackest of them, and very much like a shadow himself, he slipped into the Green Forest. It was dark in there and he made straight for Paddy's new pond, trotting along swiftly without making a sound. When he was near the aspen trees which he knew Paddy was planning to cut he crept forward very slowly and carefully. Everything was still as still could be.

"Good!" thought Old Man Coyote. "I am here first and now all I need do is hide and wait for Paddy to come ashore."

So he stretched himself flat behind some brush close beside the little path Paddy had made up from the edge of the water and waited. It was very still, so still that it seemed almost as if he could hear his heart beat. He could see the little stars twinkling in the sky and their own reflections twinkling back at them from the water of Paddy's pond. Old Man Coyote waited and waited. He is very patient when there is something to gain by it. With such a splendid dinner as Paddy the Beaver would make, he felt that he could well afford to be patient. So he waited and waited and everything was as still as if no living thing, but the trees were there. Even the trees seemed to be asleep.

At last after a long, long time he heard just the faintest splash. He pricked up his ears and peeped out on the pond with the hungriest look in his cruel yellow eyes. There was a little line of silver coming straight toward him. He knew that it was made by Paddy the Beaver swimming. Nearer and nearer it drew. Old Man Coyote chuckled way down deep inside without making a sound. He could see Paddy's head now, and Paddy was coming straight in as if he hadn't a fear in the world. Nearer and nearer he came.

Almost to the edge of the pond swam Paddy. Then he stopped. In a few minutes he began to swim again, but this time it was back in the direction of his house, and he seemed to be carrying something. It was one of those little food logs he had cut that day and he was taking it out to his storehouse. Then back he came for another. And so he kept on, never once coming ashore. Old Man Coyote waited until Paddy had carried the last log to his storehouse and then with a loud whack on the water with his broad tail had dived and disappeared in his house. Then Old Man Coyote arose and started elsewhere to look for his dinner, and in his heart was bitter disappointment.

Out on Count

To impress on his pupils the need of thinking before speaking, the master told them to count fifty before saying anything important, and one hundred if it was very important.

Next day he was speaking, standing with his back to the fire, when he noticed several lips moving rapidly.

Suddenly the whole class shouted: "Ninety-eight, ninety-nine, a hundred. Your coat's on fire, sir."

Frying Pan Fish

The Frying Pan fish, a catfish of Argentina, is named after the cooking utensil because of its rounded body and handle-like tail.

A LETTER To The Soldiers

(The following column has been compiled by George Clark, using information and excerpts from letters of soldiers serving in our Nation's armed forces. All the letters are on file at Clark's Store. Mr. Clark has many other letters on file and reference will be made of them in the earliest possible issue of the Co-Op. News.)

Dear Fellows, Waves and Wacs:

I have had quite a number of letters in the last month. I am going to try to give you the high spots of them.

I had a letter from Pfc. Merl Gibson from Bermuda saying hello to all of you. A letter from Sgt. Dale Wallace (Cornie to us) in North Africa. He says they have plenty of chow and have had ice cream twice. He states that he is sleeping on a four-poster oak bed but he made it himself. Cornie says if I had my candy counter over there I would be a millionaire overnight. For your information, Cornie, our candy counter is empty and I mean by that, absolutely bare. If you get candy once a week you are doing better than we are. Please think of some other way for me to become a millionaire even if it takes a little longer than overnight. By the way, there was a news photo last week showing two fellows on a cart drawn by a donkey in Sicily. It looked for all the world like you and Geo. Irvin Mollenhour. I hope it was, Cornie says, "you should see this country here. We have a B-17 gas tank for a shower. I would like to meet some of the boys when this is all over in Berlin. We will really have a celebration. Give my regards to everybody and keep up the good work . . . Cornie."

A letter from Pvt. Carl Rush, Fort Eustis, Va., states: "I am in an Anti-

Aircraft Replacement Training Center. The guns are really fine pieces of ordinance. We use the 90 mm. and 40 mm. anti-aircraft rifles and they really blast a big hole in the atmosphere. . . the anti-aircraft is a part of the Coast Artillery. We are the boys who soften it up for the infantry. These 90 mm. are a versatile weapon and can be used against personnel as well as material."

A letter from Lt. Carl W. Gochenour, A. C., from Perrin Field, Sherman, Texas, states "when I joined the army I thought that I might get a little vacation from the teaching business but they put me back on the job again. However, teaching cadets how to fly a pre-combat ship is quite a distance from the peaceful walls of Harrison Township's school building. This hot sun does things to my patience and gentleness. If certain promises and regulations hold good perhaps I'll see combat before too long. I'd certainly love to join some of my former squadron mates who are now having a few scraps over the Channel in 47s." Carl was home last week on a well-deserved furlough.

Here is a letter from Pvt. Richard Morrison, 168th Regiment who is in Tunisia. He says the weather is very hot, in fact hotter than any weather we ever had in the states. The coun-

try is very beautiful and the scenery is very pretty especially in the mountain areas where you find some of the larger trees, especially the cork tree." He also mentions about some of the French summer resorts in the mountains. He claims some of the cities are very dirty as well as the people.

A letter from Pvt. Dale Lowman was received from Ft. Belvoir, Va. but I have heard that he has been shipped out. At Fort Belvoir he states "I have only been dressed up three times to go any place all the time I have been here. Twice in Washington, D. C., and once to a show."

A letter from Orval Secor at the Peru Naval Base says "I considered myself very fortunate when I was sent here and have been here so far since I enlisted, although I am to be transferred to Fleet Duty sometime in the next six months. The food is of the best, in fact I have gained about twenty pounds and I participate in about every kind of sports they have here at the base. Herschel (Pete) Linn and I both made the base varsity baseball team and so far have left the impression that Mentone turns out some pretty good ball players. I told Pete we should be pretty good at throwing hand grenades if we should ever get the

chance. Tell all the boys I said hello, hope they are all OK and here's to good health, a speedy victory and a better world to live in for all."

I have a letter from S/Sgt. Robt. Q. Tucker, Army Air Base, Dyersburg, Tenn., which was received in June. He states "We participated in the Tennessee maneuvers for only about six weeks but during that time we picked up many things that will be of benefit to us later on and learned a lot about the Army and the way it operates by seeing it first hand. It is amazing, and almost unimaginable if you are unable to see it for yourself, the amount of equipment and the precision with which the problems are accomplished. The men of each unit, the units that make up a higher group and so on up, are required to cooperate to the fullest extent and it goes to say as appears in the upper left-hand corner on the front page of every issue of the Co-Op. News, 'COOPERATION IS THE ONLY GAME IN WHICH EVERYBODY WINS.' And that means you, as well as us, putting every extra penny into War Bonds in order that we may have the equipment and supplies needed to end this war. Please give my best regards to everyone and I hope this finds things in good order back that way."

A letter from Pvt. Donald Bayne, written June 24th somewhere in No. Africa in part says, "To my experiences money couldn't buy and would hate to think and experience the past over. It pointed out one main factor for me and that is to appreciate a home. Something I never realized before in my life. . . I sure was surprised about the country and also the people. I found it to be very interesting and somewhat amazed me, too. The part of the country I am in gets rather hot during the day. Then again at night you have to sleep with 3 G.I. blankets or freeze. The food problem isn't bad, the rations include C rations and a lot of British rations. It seems like it would be unnecessary for rationing back home. We seldom get what is rationed back in the states . . . The fellows over here get provoked at the situation back home. I mean of all the strikes that go on. To my knowledge it is a heck of a thing to do. And we would be glad to change places with them for awhile . . . Tell the people back home I said 'hello.' Hoping to see you soon. The boys are sure anxious to get this to an end." Don, here is Doug Kercher's address which you asked for. I hope you got your camera and things your folks sent you and bring us back some pictures.

A letter from Cpl. Paul Deafenbaugh with the Engineers in Alaska somewhere, written July 4th and just

received states, "I have lost a few teeth and will have them replaced. Have good eats and a good place to sleep." Thanks a lot Paul for your letter and poem.

Byron Nellans, S 2/c, writes that he has been moved from Little Creek, Va. to the Amphibious Training Base, Fort Pierce, Florida. He states that he came back to camp from his first liberty to find his tent had been on fire . . . details later. Some of you probably read the funny Lone Ranger letter we had printed in the Co-Op paper which was sent by Barney and then was criticised by some unknown party for being so frivolous. Here is part of Barney's reply, some of it censored: "for the guy who was riding the Editor and you about publishing the little story . . . I can imagine what sort of a professional grumbler he is. If you know who he is, you can tell him for me that he is a poor judge in what reading material the boys in service like to read, he must think we like to hear what a good thing we are doing by being here or want to read about some ladies sewing circle. We know what we are here for, we want something more cheerful, something to talk about, something that we don't hear every day. We know that this so-called citizen and paid up subscriber (Bragging) was not in the last war and no doubt 4F in this war or he wouldn't make such foolish comments. My advice to this person is to correspond with some of the many boys in service before he makes any such comment . . . Well, please keep me posted on the news and the doings of those who would like to be in service, those unfortunate 4F, and those necessary for civilian defense. If necessary give those grumblers my address. I am sure there is an answer to all their problems . . . As ever, Barney." To you Barney, I guess the percentage of grumblers is pretty small because that was the only complaint I know about and I don't know how many remarked to Art and I about what fun it was.

A letter from Cpl. Rueben F. Molebash, Co. H., 45th A. R., Camp Beale, Calif., states "we have been pretty busy out here preparing to whip the

Photo U. S. Maritime Commission
DELIVERING THE GOODS. Heavy tanks and other war supplies to break the Axis are being rushed to the battle-fronts of the world by the Merchant Marine in closely guarded convoys.

Japs—or rats I better say . . . I'm in a tank Corps. so you can see why we are pretty busy, that is if you know anything about the iron bugs . . . I want everybody back there to remember if I get across I am going to ge one of those RATS for each and every one of you . . . As always, Frank." That's swell, Frank.

Lt. Dale Lightfoot, Indiantown Gap, Mil. Res. Pa., writes "I am in a Maintenance Battalion of an armored division and it is the duty of the battalion to issue, repair, all vehicles and weapons of the entire division. In addition to being a platoon leader of a maintenance platoon, I am also supply officer, the latter requiring most of my attention. Last, but not least, I also am mess officer but it has its good points as it is required that I check the kitchen twice daily and therefore have this ration business under control."

I had a letter from Don Hoffman A. S. at Great Lakes shortly after he got there. He had been entertained by Ozzie Nelson's Band and seen a league game, the Cubs vs. the Great Lakes team.

A letter from Bob Duglay, 86th Bomb. Group in North Africa tells me he got the hunting knife which I sent him from Phillip Blue. He says, "I just never could imagine people living in conditions the way they do here. Those dudes that gripe about meat and gas ration don't know what ration means. The people are very friendly. Some of the Arab kids are too friendly and they have sticky fingers. Any direction you look you can see Arab kids and goats . . . Keep the ball rolling and one of these days I'll slip in there and do a loop right in your back yard. Well today is the 4th. All day we have talked about times we used to have home and how we used to celebrate. I just had a swell shower and have time to write to you before I go to church. Our shower is a little odd but it serves the purpose. It is a 50-gallon drum on top of a little hill and a pipe runs over you with a German gas mask diaphragm for the sprinkler. Our church is under a tree . . . I have seen quite a lot of German equipment. It is not very good but some of it is OK. From all I have been able to see the Italian equipment is very light . . . Tell all the fellows I said hello and hope to see you soon. Shouldn't take too long to whip Hitler. Sincerely, Bob." Oliver Teel just told me he had a letter from Bob and he is in Sicily.

NUGGETS FOR BEREANS No. 70

"IT IS WRITTEN" (Luke 4, Matt. 4). This is the Lord's first ministerial utterance. In the six temptations of the Lord in the wilderness, He used this expression five times and the words "It is said," once. This latter was introducing a quotation from Deut. 6:16 and is the equivalent to "It is written."

When the Lord came to the end of His ministry; when He was ready to deliver up His trust; when He had finished the work that had been given Him to do; He again referred what He had said as being God's Word. Look at John 17:

"I have given unto them the words which Thou gavest me" (v.8).

"I have given them Thy Word" (v. 14).

"Thy Word is truth" (v. 17).

Does this mean anything to us? Surely the fact that the Lord's ministry began and ended with the Word of God emphatically assures us that—
THE BEGINNING AND END OF ALL MINISTRY IS THE WORD OF GOD.

All true ministry; all ministry that has power, must be prefaced with "Thus saith the Lord," or, as Jesus did here, with "It is written."

A minister who is of the Lord does not waste time with sermons from the newspapers, or diatribes on slums or social conditions. Neither does he have part in all the money raising schemes concocted by faithless churches who cannot depend on the Lord to supply all their needs. The true shepherd feeds the flock, and the food is the Word of God. They will not grow any other provender. We just recently read of one of these flocks trying to feed on BINGO, and

the minister's wife was on hand to lead in prayer before the game. That happened only a few miles from here.

When our Lord comes in power and glory, He will still be using the sword of the Spirit which is the Word of God (Rev. 19:15). If He needed the Word in all His ministry and even when He comes in glory, how much more do we poor weak creatures need to be careful that all our ministry begins and ends with "IT IS WRITTEN."

Dale Kelly, Miles and Ned Igo and Dean Nellans, Jr., have arrived home from a ten-day fishing trip into Canada. The trip was made by train and they crossed the line in northern Minnesota. Ned said he and Dale caught 26 pike—a total of more than a hundred pounds of fish—in three hours. After you tie one or two of those two-footers on your stringer you just toss the rest of them back in the pond after you get them off you, hook.

Water Camel

Thirst is one enemy of armies and navies that may be frustrated by a generous supply of water. Typhus, another dreaded plague is another enemy that must be subdued in Africa, in the jungle islands of the Pacific.

So the "Lister Bag," more often called the "water camel," or just "camel," is used. The "Lister Bag" is a khaki colored canvas bag having a capacity of about 30 gallons. It will require many War Bonds to provide enough "camels" for our fighting forces at home and abroad. Yours too! "Back the attack with War Bonds." U. S. Treasury Department

Powder Monkey

On board ship and in the artillery their buddies call them "powder monkeys." Not disrespectful, just a personal, intimate term between friends. Civilians call them gun crews. During a battle the crews of "powder monkeys" must work like trojans bringing the ammunition to the guns.

The gun may fire an anti aircraft .50 calibre shell or a broadside from the 16 inch guns of a great battleship, but in either event the "powder monkey" must pass millions of dollars' worth of ammunition to make the gun effective, and your savings in War Bonds are necessary to supply the financial ammunition that provides the shells.

Jon and Jody Cullum returned with their grandparents for a week's tour of the "windy city." Believing the train might be more comfortable riding than the bus, they departed from Plymouth. The train, however, was loaded beyond capacity and the group was placed in the baggage car with a hundred or so other misguided passengers. The doors were left open for ventilation—and soot. Chicago-ites likely figured another troupe of Major Bowe's colored entertainers were arriving at the Union Station.

Donald Blue In South Pacific

The above photo shows Donald Blue, son of Mr. and Mrs. Pete Blue of Mentone, with three native boys on an island in the South Pacific where he is serving in a bomber squadron. Details in letter following.

July 17, 1943

Hello George:

I received your letter yesterday and it sure did give some information as to where some of the guys are. Several of the guys in my outfit know Devon Hibschan and they were glad to see that so you see your letter wasn't of interest to only me but several others. You see Hippy and I went thru recruit training together and some of the guys in my outfit were in the same recruit outfit and of course a lot of us guys know some of the fellows in Hippy's outfit.

I believe that you mentioned that you could send me some of the addresses of guys from home. It really wouldn't be necessary to send me all of the fellows' addresses but just the ones that you think might be in the same area I'm in. I noticed that several of the guys must not be so very far from me but even knowing that they were on the same island would not be much help unless I knew the organization they were in. My buddy that is in the same outfit I'm in ran into a boy from Silver Lake by the

name of Bruce and he said he knew me but I never got the chance to go where he was. I have never as yet run into anyone that I knew from home. Several of the guys are from Indiana but none come any closer than Logansport.

Say George, I am sending you a picture of me with some of the natives here. I have several other prints but you know they are getting strict these days and the better policy forbids me to do any better. Incidentally, these natives are men even though you might be led to believe differently by looking at their garments. If you will notice the one standing next to me smoking a cigarette has a native comb in his hair, a knife in one hand and a little pouch they all carry. They like to collect razor blades to cut tatoos with also they go crazy for American made rings for their fingers and they still wear rings in their ears. Then too they really give you anything they have for a pipe to smoke. They dye their teeth black with some kind of a berry which

CPL. RONALD CREAKBAUM RECOVERING FROM WOUNDS

Recently Mrs. Lucinda Creakbaum, of Sevastopol received a telegram from the war department stating that her son, Cpl. Ronald A. Creakbaum, 27, had been "wounded in action in the European area." The following letter was received from him last week:

July 30, 43

Dear Mom:

Just a few lines to let you know I'm coming along O. K. Am still in bed. The doctor said I could get up about Monday.

The fellows haven't been over for a day or two, so don't know if I have any mail or not.

I really haven't anything to write about.

The nurses bring books and magazines in for me to read. They treat me very nice.

Well must close. Tell the kids I said hello.

Love, Ronald.

When Cpl. Creakbaum left the States the forepart of last May for overseas duty, he was a gunner on a bomber. He had served two years in the army, was given a medical discharge and returned home. Some months later he was called back into service. It was reported that he was stationed in England.

His brothers and sisters are: Ed. of Mentone; George of southwest of Warsaw; Lester, formerly of Mishawaka but now a member of the armed forces; Mrs. Murray Thorne, of near Warsaw, and Mrs. Carl Dunmire of Bristol.

"There are many kinds of road hogs," says Charles M. Hayes, president of the Chicago Motor club. "These dangerous drivers who monopolize the highways include: the lane-straddler, who ignores traffic lanes that are clearly marked to help minimize accident possibilities; the double-parker who congests the street by forcing oncoming traffic to detour around him; the driver who makes U-turns in the middle of the block or at intersections."

This poster, prepared by the American Automobile association, is being distributed by the motor club to its branch offices and service stations throughout club territory, to 500 Cook county gas stations, and to 150 industrial firms in Illinois and Indiana. The poster is one of a Driver Education series, designed to give motorists safety education to eliminate the waste of manpower through traffic accidents.

MRS. VANGILDER NAMED ON COUNTY BOARD

Mrs. Cora VanGilder, of Mentone, and Mrs. Vere Kelly of Burket, have been appointed to serve on the Kosciusko County Committee for the collection and preservation of service records of men and women in the armed forces. The members of this committee will appreciate the co-operation of their communities in preserving all letters of special interest and in making the public "history-conscious." A dearth of records following the first world war has prompted this undertaking by the Indiana Historical Bureau. After the war it is the hope of the state bureau to have from the counties a brief service record, with accompanying photographs, of every man and woman in the armed forces. There will also be tabulated each county's contribution in other fields, such as war bonds, Red Cross, USO, etc. A special volume will be prepared for data relating to gold star heroes.

FORMER MENTONE GIRL DIRECTS 10-PIECE BAND

This week one of our readers heard this announcement on the radio from a South Bend station: "Miss Pat Myers and her Minute Men will play for a special dance at the USO center in honor of members of the Ferry Command." Upon investigation, we learned that this announcement referred to "our" Pat Myers, daughter of Mr. and Mrs. Carl Myers, Jr., formerly of Mentone but now living in South Bend. Miss Pat has organized a ten-piece band which she directs in their regular concerts at one of the entertainment spots in South Bend.

A LETTER To The Soldiers

(This is the second installment of a letter to the soldiers containing information of other boys from Mentone and vicinity who are in the service of our Nation. The letters have all been directed to George Clark and he has compiled this information for the interest of everyone.)—Ed.

A letter from Cpl. D. E. Whetstone whose duties are on the USS Salt Lake City thanks us for the names of all the boys and where they are stationed. If he has an opportunity he will try and get in touch with some of them.

Pfc. Harley Reichard writes from Moses Lake, Wash. Since he was inducted in January he has been in Florida, Colorado and now in Washington. He is in a Bomb. Sqdn. and says he is to work there as an armor-er. Thanks a lot for the picture, Harley.

The last I heard from Myrl Wagner he had just got back from England. He had gone over and back on the Queen Mary. He says, "We had a wonderful time. We shot down a few German planes and that was fun even though it was mean of us. We will get them all before they get us I hope."

A letter from Lt. H. D. Myers who used to work for Russell and Sam Norris received our letter and was glad to hear from some of his old friends. He is stationed in Camp Beale, Calif.

Pfc. Claud Engle writes from Camp Livingston. He says, "We are busy all the time. We have all kinds of tools to work with. Our job is to make repairs."

I want to thank Cornie Wallace for that nice letter about the invasion of Sicily. I would like to know if the name of the plane "Terry" comes from Major General Terry Allen of the 1st Division. Time magazine gives him a good write up and it occurred to me that your plane was named after him or his young son.

Doug Kercher, who has been at Hammer Field, Fresno, Calif., is being moved but his mother hasn't heard just where.

the griddle from Sicily. "I have a little time this afternoon so I will try and tell you a little of what we are doing over here. I just finished making a table and am trying it out. It is a little shaky but I guess it will do. I want to thank you folks for the paper. We fellows all get a kick out of the society column. You know those little articles about the Chat-ter clubs, meetings, etc. I am now in Sicily. Our group played an important part in the invasion, bombing various targets on the island to pave the way for our ground troops. Even before July 10th our planes were bombing the island to soften it up for the invasion. Some news correspondents over here are calling our plane, "The Invader." I was very glad to leave North Africa. I was really tired of the Arabs. The people here are not much better. I do believe the people of these countries would do better if they could work more for themselves than a dictator.

The land seems to be fertile. We buy some good watermelons, grapes, tomatoes and onions from the natives. I am getting to be quite a cook. I can brew a cup of coffee over an open fire as well as any bum on the Nickel Plate. Our food is really good though. We are getting the 5-1 rations. They are units packed for five men for one day.

"I saw a lot of North Africa while I was there. Saw a lot of it from the air. Visited Oran and towns in that vicinity. Was in Tunis and visited the Temple in Carthage. I saw the pit where the Christians were thrown to the lions and various torture. I guess they had it pretty rugged back in the old days. The thing that beats me about the Arabs is the way they live. They have one house and in it live people, cattle, mules, dogs and sheep. Some outfit. Keep the old town under control and tell all of the fellows I said hello. We know you fellows are really doing your part over there because we are getting the things we need here and are giving Hitler and Mussy some of it. I guess

Mussy just couldn't take it. Your friend, Bob."

A letter from Chap. (1st Lt.) C. C. Collins, Spence Field, Moultrie, Ga. He states that his wife and Barbara are with him. Of his work he says, "We have a lovely chapel on the post and I am the only Protestant Chaplain. Have Father Ennis as my side-kick, and we have some good times together. Our various activities keep us busy all the time. Every evening is usually taken up with some kind of camp or USO activity. In fact I think I am doing more speaking and preaching now than I did in the pastorate. I conducted the mid-week service at the Methodist church in Moultrie on Wednesday night of this week and will preach there both morning and evening tomorrow. Then will preach at the First Baptist Church a week from tomorrow. The service tomorrow will be broadcast." Say, Clarence, you neglected to mention about your waist line. What has Uncle Sam done to it? Of course you probably are handicapped with invitations for chicken dinners.

There have been a number of changes since the other letter. I will try to give you those I know about. Pfc. Robt. Whetstone is at Scott Field, Ill. He has been home for a few hours at a time by losing some sleep and worrying about train connections. Albert Tucker is at Camp Shelby, Miss. Lester Taylor is now stationed at Ft. Custer, Mich. Robt. E. Squires is at Michigan State College, East Lansing, Mich. Chas. R. Severns A/C USNR, is at Laramie, Wyoming. His address includes Cowboy Dormitory which sounds very interesting. Harold Stickler is at San Antonio, Texas. Estel Smith is in a camp in Massachusetts. He was glad to get home from Iceland. Oliver Smith (Bus to us) is at Camp Atterbury, Ind.

Pfc. Charles Rogers is at Surgical Annex, Ft. Riley, Kansas. Jack Ringles is stationed at Great Lakes. Bud Paulus is an M. P. on a boat. His father, Cloice, tells me he should be back in this country soon. Cloice also states that he had a letter from Kay who is in the Panama Canal Zone and that he and Bob Kinsey had gotten together for a reunion. Pfc. Paul McFarland is at Camp Weingarten, Mo. and Cpl. Earl McFarland is at Dalhart, Texas. Cpl. Don McGowen is now in Camp Tyson, Tenn. Pfc. Paul Horn was recently moved from Camp Butler to Nashville, Tenn. Jack Shinn and Richard Manwaring are at Basic Flying School, Bainbridge, Ga. Pvt. Lewis Fawley is at Camp Howze, Texas. Pvt. John Ellsworth is at Camp Haan, Calif. Pvt. Dale Eizinger is at Ft. Bragg, N. Carolina. Lloyd C. Cowen is at Great Lakes. Cpl. Keith Borton has been moved

from California to Camp Hood, Tex. Cpl. Alva Wayne Bowser is at the Station Hospital, Camp Ellis, Ill. He was home last Sunday. Pvt. Dean Bowen is now at New Orleans. His wife left recently to join him. Pfc. Albert Barber is at Camp McLain, Miss. Mervin Jones has been moved from Camp Grant to Fitzsimons General Hospital, Denver, Colorado. He claims that this is a new camp and really beautiful. F 1/c Clayton Clutter is at Camp Peary, Williamsburg, Va.

Well, fellows, keep up the good work, write us letters and tell all you can because they are both interesting for us at home and you in the service. If there is anything you want from home to be sent to you we will do our best to get it for you. Bob Tucker wanted a hunting knife. None was available but we got a good piece of steel and Blacksmith Wagner made it. I'll bet there isn't a better one in the country.

I nearly forgot to mention that the Honor Roll board which was dedicated Decoration Day will soon be completed. The original board was not large enough so there are to be panels erected on each end. Floodlights have been purchased for it. Old Glory flies over it every day. Ralph Horn has been taking care of the flag.

Yours,

GEORGE CLARK.

DON BLUE (Cont'd from page 1)—

really is amazing. I guess it helps to preserve their teeth as there are no minerals in the water here. Well George J gave these three boys you see in this picture a print of this shot and they wanted to come back every day to have their picture made. At first I had trouble getting him to let me take their picture. Well this isn't much of a picture as it is one we developed and printed ourselves to give people back home a faint idea of a few things.

I noticed that Glen Shaffer, Shirey boys, Harold Horn and Jesse Grubbs might be pretty near so if you know of others let me know and send me the full addresses of them. Again my thanks in appreciation to the letter you sent me. I hope to see you all before long but I guess time is the deciding factor, so can't do much about that.

Your friend,
DON BLUE.

You Are Ever Welcome to This
House of God

The influence of the Sunday school is the same the world over. While Lawrence M. Judd was Governor of Hawaii, he said, "In my experience in the Hawaiian Islands since boyhood days, the Sunday school has been a great factor in the development of good citizenship. Aside from the fact that it has been greatly instrumental in developing spiritual life, the faithful teaching in Sunday schools has furthered civic righteousness and developed a high standard of citizenship among our people." It makes no difference whether the skin is black or white, red or brown or how highly civilized or how much of a heathen, the Gospel of Jesus Christ in the Word of God will have its effect upon human behavior.

NUGGETS FOR BEREANS No. 71

"ASK OF ME, AND I SHALL GIVE THEE THE HEATHEN FOR THINE INHERITANCE, AND THE UTMOST PARTS OF THE EARTH FOR THY POSSESSION" (Psa. 2:8). Some time ago a missionary paper came to my desk with the above quotation in a prominent place. It has been used many times at missionary conventions as a slogan.

This is just another case of ecclesiastical lying; a text pulled out of its context and made to mean something entirely foreign to the original intention of the writer.

It is not strange, however, that the words immediately following are never quoted in this connection. Let us read verse 9, "Thou shalt break them with a rod of iron; Thou shalt dash them in pieces like a potter's vessel." It is not likely that a missionary would profess to use such a means as here suggested on the heathen he is going to claim for his "inheritance." How foolish it all appears when the text is put back into its context.

So a careful study of Psalm 2 reveals that it is prophetic and is concerning the coming of the Lord in judgment after the tribulation. It has nothing whatsoever to do with missions.

I might go farther and say that no missionary commission was ever giv-

en in all the Word to Gentiles. It was the Jews that was to disciple all nations. They failed. There is a hint, if the original is studied, that Gentiles will hear and spread the Gospel according to Acts 28:28. Further than that, we have no commission. But that in no way relieves us of the responsibility, (no, it is not a responsibility, but a great privilege desired by every true believer) to get the good news to those who have never heard of their deliverance.

Yes, it is very clever to pick out a text here and a portion there and make them appear to mean what we are trying to prove. But is it right? Is it honest?

TWO BARNs NEAR ARGOS ARE DESTROYED BY FIRE

Two large barns near Argos were destroyed by fire within the space of four hours Friday night with a loss of several thousand dollars in hay, grain, livestock and farm machinery. New hay and straw were stored in both the structures, leading firemen to believe that the blazes were started by internal combustion.

First to be razed by fire was the large barn on the Easterday farm, northwest of Argos, which is tenanted by Coleman Lowery. The fire was discovered about 7:30 p. m. Lost in the blaze were 35 hogs, corn, oats, wheat, machinery and straw.

At 11:30 p. m., the large barn on the farm of Aaron Albright, two miles northeast of Argos, was destroyed with an estimated loss of six thousand dollars. Lost in the fire was

hay, wheat, oats, feed and new machinery. Glendon Albright is the tenant of the farm.

THE AMERICAN POWER LINE

The mighty waves of American production are beating against foreign shores. The miracles of industrial power to back up our boys on the world's battle fronts are turning the tide to victory.

The power to produce, as well as the power to fight, means the power to win — and back of every production line is **ELECTRIC POWER**. Here in Northern Indiana electric power was ready, when our peacetime factories quickly swung over to the furious pace of war.

Due to our efficient, interconnected, electric transmission system, we are able to supply the enormous demands of war production and still maintain our dependable, economical service to your home at no increase in rates. How well we have done this is shown by the fact that during the last eight years alone the average cost of residential electric service has been reduced by one-fourth.

BERTHA MCGOWEN, BRIDE OF PFC. LEWIS E. JOHNSON

Mr. and Mrs. Mel McGowen, of near Talma, announce the marriage of their daughter, Bertha, to Pfc. Lewis E. Johnson, Fort Stevens, Oregon, son of Mr. and Mrs. John Johnson of Rochester.

The single ring ceremony was performed in the First Christian Church parsonage of Rochester by Rev. Grant Blackwood Monday evening, August 9th. The couple had no attendants.

The bride wore a navy blue street length dress, with which she wore white accessories.

She is a graduate of the Talma High School with the class of 1940 and of the Laura Lee School of Beauty Culture in the same year, and has been employed at the Twin Beauty Salon at Rochester for the past two and a half years.

The groom attended the North Liberty High School and prior to his induction in the army was employed by the Cloverleaf Freight Lines Inc., of Detroit, Michigan.

Pfc. Johnson returned to Fort Stevens last Thursday. Mrs. Johnson will remain here at the present time, and will resume her duties at the Twin Beauty Salon next Monday.

RUSH MOLLENHOUR

Tuesday announcement was made of the recent marriage of Wilma Mollenhour, of South Bend, daughter of Mr. and Mrs. Harvey Mollenhour, to Platoon Sgt. Wm. E. Rush, son of Mr. and Mrs. Ray Rush of Mentone.

The ceremony was performed by Rev. Johnston, pastor of the Christian church, New Berne, North Carolina at four p. m. on July 20th.

Mrs. Rush is a graduate of Riley High School, and South Bend College of Commerce. At the present time she is employed by the St. Joseph Bank & Trust Company of South Bend.

Sgt. Rush is a graduate of Mentone High School. He enlisted with the U. S. Marines three years ago and at the present is stationed at Camp Pendleton, Oceanside, California.

COMMUNITY SURPRISE BLACKOUT NEXT WEEK

It has been officially announced that there will be a district surprise blackout held sometime between Aug. 23rd and Aug. 28th, sometime between the hours of 7:30 p. m. and 10:30 p. m.

Our local civilian defense workers are depending upon one hundred per cent cooperation in the town of Mentone. On the night of the blackout the curfew signal will not be given but there will be FIVE short blasts of the fire siren as the signal for the blackout. All citizens are asked to be on the alert during these evenings and cooperate by extinguishing all lights or completely covering all openings so that lights will not be visible. All streets of the town will be patrolled and roads leading into the town will be blocked. The length of the blackout has not and will not be announced. The all clear signal will be TWO short blasts of the siren.

MRS. CARRIE TOWNS, FRANK CARLES MARRIED SATURDAY

Mrs. Carrie H. Towns of Tippecanoe, and Frank M. Carles, of near Palestine, were married at 8:30 Saturday evening at the home of Mrs. Towns. Rev. S. M. Hill of Mentone performed the ceremony. Guests were Mr. and Mrs. Wendell Towns of Lima, Ohio; Mrs. Carlton Towns of Ft. Wayne, and Mr. and Mrs. Cal Fretz of Mentone.

A wedding dinner was served after the ceremony.

MENTONE HOME ECONOMICS CLUB ATTENDING ENCAMPMENT

The second annual county Home Economics club opened Tuesday afternoon at McClure lake, with an enrollment of about seventy-five club women from the various Home Economics clubs in the county. For three days there will be a full schedule of lessons, discussions, programs and recreation.

The Mentone club will attend on Thursday.

GUILTY PARTY PUNISHED IN GERALD KELLEY DEATH

The following letter was received recently by Mr. and Mrs. Clyde Kelley, of Etna Green, whose son, Gerald, died June 16th of injuries received while in an army camp on the west coast. The letter follows:

Fresno, California,
July 27, 1943

Mr. Clyde Kelley,
Etna Green, Indiana.

Dear Mr. Kelley:

The death of your son Gerald came as a great shock to us and all his comrades in arms.

He was admitted to the station hospital late on the night of June 15th with a severe concussion and passed away about 9:00 a. m. on the morning of June 16th, without regaining consciousness. You may be assured that everything possible was done for his recovery.

Due to many unknown facts, a long and diligent investigation was necessary to determine the cause and nature of this incident. In due course of events, the office of the Provost Marshal has secured restitution under military law. It will interest you to know that the party involved confessed, was found guilty of manslaughter by a general court martial and duly sentenced.

You have the deepest sympathy of the officers and men of this organization in your bereavement.

Private Kelley was held in high regard by all members of the command. He was a splendid soldier and an outstanding character. His loss is deeply felt by his friends. May I express my own personal sympathy in your loss.

Yours most sincerely,

W. T. MIREE, Jr.

County School Superintendent Harry Lewallen has announced that Kosciusko county schools will open on September 3. Should a farm labor emergency arise, students directly connected with farming may perhaps be excused from classes.

PURPLE HEART IS AWARDED TO CPL. "HANK" CREAKBAUM

(The following news story was secured from a recent issue of an Elkhart newspaper.—Ed.)

The Purple Heart award was recently made to Cpl. R. A. ("Hank") Creakbaum, 27, of Elkhart, who was seriously wounded on July 16 while serving as a gunner with the air forces in England.

Cpl. Creakbaum wrote to his brother-in-law and sister, Mr. and Mrs. Carl Dunmire of Baldwin lake, that a colonel and other officers had come to the hospital and given him the award. The exact nature of his injury is not known, but he said that he was recovering from an abdominal operation and that his back was healing and he was able to be up in a wheel chair.

Cpl. Creakbaum is the son of Mrs. Dan Creakbaum of Claypool. He lived with the Dunmires while he was employed as a brakeman on the west end of the New York Central, until he was inducted in April, 1942. He has been overseas about four months.

NURSE IN AFRICAN HOSPITAL SUFFERING WITH MALARIA

Lieut. Kathryn Snyder, daughter of Mr. and Mrs. M. C. Snyder of Crystal lake, is a patient in a hospital in North Africa suffering from malaria. She is an army nurse and has been in charge of a German prisoner hospital. Miss Snyder attended high school in Mentone. Friends who wish to write her may address Lieut. Kathryn Snyder, A.P.O. 758, care of Postmaster, New York City.

Mr. and Mrs. Harrold entertained Mr. and Mrs. Lon Walters for Sunday dinner.

CHRISTMAS MAIL FOR MEMBERS OF THE ARMED FORCES OVERSEAS—

In order that Christmas parcels may reach the soldieris, sailors, marines or coast guard on time and in good condition, the public should observe the instructions from the Post Office Department.

The term, "Overseas," is regarded as covering the personnel of our armed forces who receive their mail through the A.P.O. or fleet office in care of the postmaster at New York, N. Y.; San Francisco, Calif.; New Orleans, La.; Miami, Fla.; Presque Isle, Me., or Seattle, Wash.

Time of Mailing

Christmas parcels and Christmas cards for the Army personnel overseas MUST be mailed during the period beginning Sept. 15, 1943 and ending Oct. 15, 1943. The earlier the better. Parcels and cards for the Naval forces may be mailed as late as Nov. 1, 1943. No requests from the addressees are required during this period. Patrons should endorse each gift parcel as, "CHRISTMAS PARCEL."

Size and Weight

In view of the urgent need for shipping space to transport materials directly essential to the war effort, Christmas parcels shall not exceed the present limits of five pounds in weight or 15 inches in length or 36 inches in length and girth combined. Since the armed forces are amply provided with food and clothing the public is urged not to include such matter in the gift parcels.

However, not more than one Christmas parcel or package shall be accepted for mailing in any one week when sent by or on behalf of the same person or concern to or for the same addressee.

Preparation

Owing to the great distance this mail must be transported and handling and any storage it must undergo, it is absolutely necessary that all articles be packed in strong boxes. The boxes must be wrapped in heavy paper and tied with good strong twine.

Perishable matter must not be included.

In addition to the name and address of the sender, which is required, inscriptions such as, "Merry Christmas," "Do not open until Christmas," "Happy New Year," or "With Best Wishes" and the like may be placed on the covering in such a manner as to not interfere with the address upon the package. Mail them early.

UNITED STATES OF AMERICA

United we will stand,
Not divided but as one,
In peace forever leaders
Though from war we will not run;
Every one a true American,—
Doing that which falls his share.

Security is our watchword,
Tyranny is our despair;
Allegiance to the Flag we love,
That will always fly on high;
Every one a zealous patriot,
Swearing to do or die.

One for all, all for one,
Fearing God, no other one.

A nation immortal, the land of the free,
Means a nation united, conceived in liberty;
Envied by those who seek to overthrow,
Remember Pearl Harbor, as we did the Alamo.
It's freedom of religion and freedom of right,
Can never crumble, what'er the fight;
Americans one and all, both brave and true,

Sing praise to their Flag,
The Red, White and Blue.

Warning to Locker Patrons

A rather unusual problem is developing at our Locker Plant, and in an effort to prevent disappointments in the near future, we would appreciate the opportunity to make a suggestion or two.

In times past, when a patron's locker was overcrowded, it was often possible to utilize other storage room as an accommodation. This, however, is now impossible as all our cold storage space is occupied. Patrons expecting this extra short-period storage outside their regular lockers cannot be accommodated this season.

The individual situation could be relieved materially if patrons would use moderation in placing bulky foods in their lockers. This would leave them sufficient room for meats and the more perishable items later in the season.

Your continued cooperation in helping to alleviate this unusual situation will be appreciated and will save us all from disappointment.

4-H CLUB HOLDS LAST MEETING OF SEASON

The Mentone 4-H Club held its last regular meeting of the season. Eleven members responded to roll call with "What I Learned in My 4-H Work." The program for Achievement Day was practiced. All members should be present with the required exhibits, on Tuesday, August 24, at 1:30 p. m. at the school house as you must exhibit to complete your 4-H project.

MENTONE HOME ECONOMICS CLUB MET LAST THURSDAY

The Mentone Home Economics club met on Thursday, Aug. 12th, for a picnic dinner at the home of Nadine McIntyre. Lenna Anderson was assisting hostess.

Creed was repeated and response to roll call was "One Essential To A Happy Home."

History of the song-of-the-month, "The Last Rose of Summer," was given by Blanch Paulus. This song was then sung. "Love's Old Sweet Song" was also sung.

A lesson on "Food Preservation" was given by Esther Sarber. The lesson on "Care of Household Textiles" was given by Eloise Long and Blanch Paulus.

Members that went to Warsaw and helped on the ration board were Lenna Anderson, Mabel Warren, Blanch Paulus, Helen Mollenhour and Mary Barkman.

The secretary's report was read and the mystery package was won by Ada Meredith. Prayer and song concluded the meeting.

There were 17 members and seven guests present. Mrs. Brant, Mrs. Bessie Gross, Marjorie Mollenhour, Fay and Zelda Sarber, Joyce Lee and Dean McIntyre. The next meeting will be with Eloise Long.

NOTICE TO LANDOWNERS

We, the Conservation members, have heard that some of the farmers have claimed that the pheasants have been chasing the quail away. Inquiry has been made of both the State and Federal Conservation Departments and find that both groups have raised pheasants and quail together without any such difficulty.

ATTEND CIVIL AIR PATROL OUTING AND MANEUVERS

The Rochester unit of the Civil Air Patrol participated in a two-day outing and maneuver at the Culver airport Saturday afternoon, evening and Sunday. The group, along with many other units, bivouacked at the airport Saturday night with tents as their only shelter. Sunday a fine program had been arranged, but a great portion of it was eliminated. The visitors present, however, witnessed some acrobatic flying in the morning and precision bombing and message pick-up demonstrations in the afternoon. In the evening, the Culver Academy presented a military review for those who remained.

Members of the patrol from Mentone who were in attendance for all or part of the maneuver included: Mr. and Mrs. Max Smith, Mrs. Emma Clutter, Miss Louise Paulus, Miss Rowena L. Lackey, M. F. Todd, Elmore Fenstermaker and family and Artley Cullum.

Mr. and Mrs. Richard Greulich, Mrs. Temple and daughter of Van Wert, Ohio and Mr. and Mrs. Frank Smith attended a surprise birthday supper for Richard Clair Greulich, Monday evening, at his home.

TRI KAPPA OFFERS SCHOLAR- SHIPS FOR SPECIALIZED COURSE

Kappa Kappa Kappa, Inc., wishes to announce that there are scholarships available for a specialized course of training Medical and Dental secretaries. This new, distinctive career offers many opportunities because of the acute shortage of trained assistants.

This assistance is limited to women who are high school graduates between the ages of 17 and 25. Tri Kappa has made arrangements with a training center to secure homes and part time employment for maintenance for girls while they are attending school.

Graduates of the twelve months' course will have a thorough secretarial background as well as the special medical and dental training. They can be employed immediately in professional offices, in hospitals, in clinics, and in government agencies.

Tri Kappa welcomes inquiries regarding this scholarship plan for this fall's enrollments. Further information can be obtained by contacting Mrs. Charles Ker, 1202 E. Main St., Warsaw, Indiana, chairman of the local scholarship committee of Tri Kappa, or by writing to Miss Eloise Jane Lewis, Council Vice President, Princeton, Indiana.

FISHING PICTURES ARE SHOWN AT LIONS MEETING

Members of the Mentone Lions club were entertained Wednesday evening by a movie film of fishing in Canada. Lion Dale Kelly showed the film, which included, in addition to Mr. Kelly, Ned and Miles Igo, Dean Nellans, Jr. and Chester and Charles Manwaring.

Mr. John Norman was admitted as a new member of the Mentone club. His pin was presented by Lion Chas. Manwaring, chairman of the education committee.

Tentative plans were also made at the meeting for a Lions picnic on Labor Day.

KOSCIUSKO COUNTY FALLS BEHIND IN SALVAGE OF FATS

Steven A. Ross of the state war production board's general salvage committee said Monday that this county during June contributed only 1826 pounds of fat and grease instead of the 7,000 pounds expected of us. Every family in the nation is asked to contribute one pound of grease every month. Collected meat fryings should be sold by housewives to grocers or meat markets at four cents a pound. This grease is badly needed for the war effort. Let's all do our share.

FAMILY PICNIC AT JAMES BEESON HOME

The children and grandchildren of Mr. and Mrs. Isaac Horn gathered at the home of Mr. and Mrs. James Beeson for a family picnic dinner on Sunday, Aug. 15th.

Games and taking pictures were enjoyed in the afternoon.

Those present were Mr. and Mrs. Isaac Horn, Mr. and Mrs. Eldon Horn, Mr. and Mrs. Owen Horn and daughters, Mr. and Mrs. Wilson Horn and family, Mr. and Mrs. Scott Horn and sons, Mr. and Mrs. Elmer Sarber and family, Miss Betty Cain, Gail Owen, Dorothy and Evelyn Creighton, and the host and hostess, Mr. and Mrs. James Beeson.

After this Saturday, Mrs. D. L. Urschel will not keep regular hours at the doctor's office. Anyone desiring to see her should make an appointment by telephone.

Mrs. Gertrude Atherton, author, appreciates her parents more because she was obliged to go to Sunday School. She says, "When I was a young girl I was obliged to attend the Sunday School of St. John Church in San Francisco, of which my grandfather, Stephen Franklin, was superintendent, as well as an elder of the church. I say 'obliged' for I should have been marched to Sunday School every Sunday morning whether I wanted to go or not, but I look back upon that interval in my life as a pleasant memory. I not only enjoyed meeting the other young people, but got a sound knowledge of the Bible."

Your children may not care particularly about Sunday School now but if you will encourage their attendance in later life they "will rise up and call you blessed." Many of them do not care to go to school either but you insist that they do. There are many other things they do not care to do like taking a bath or scrubbing their teeth but you require that they do because it is best for them to do so. Why not send them to Sunday School? Do you not think it would benefit them?

The negligent parent is often times the neglected parent in old age.

NUGGETS FOR BEREANS No. 72

"THY WORD IS TRUTH." (John 17:17). What did Jesus mean by the Word in this instance? What did He mean by THE SCRIPTURES in Matt. 22:29?

There is only one thing He could mean, and that was the Hebrew canon of the Old Testament, the law, the prophets and the psalms. Now what we have as the Old Testament in 39 books, they had in 24 books. Jesus accepted all these as inspired without any question.

But today, we have a lot of folks, so-called scientists, whose business it is to criticize the works of God, so they eliminate Genesis from the canon of Scripture. The work of God does not conform to their idea of science.

Also today, we have a lot of folks, so-called theologians, whose business it is to criticize the Word of God, so they eliminate Ecclesiastes from the canon of Scripture. The Word of God does not conform to their idea of theology.

So if we would let every group have its own way, we would soon have nothing left of our Bibles but the covers, and the word "Holy" even taken from them. But if there is the least doubt about any one part of the Scripture, then there is a reason to doubt the whole.

Ecclesiastes was written by king Solomon, son of David. He claims to have gotten "more wisdom" than all they that had been before him in Jerusalem. His wisdom was given him by God (1 Kings 3:5-12; 4:29-34). This wisdom therefore was from above (see James 3:17). Solomon did not lose this "wisdom" (Eccl. 2:9).

The heart of the book is in v. 12 of Chap. 7, "Wisdom giveth life to them that have it." Life here refers to future life. It reminds us of a crude sign we saw once along the roadside which read, "WISE MEN

Dr. Dale A. Rigdon

OPTOMETRIST

"IT'S THE EXAMINATION THAT COUNTS"

OFFICE AT FITCH'S JEWELRY STORE
WARSAW, INDIANA

For Your Convenience — Please Phone 781 for Appointment

STILL SEEK HIM." The height of wisdom then is to seek the One Who is the Resurrection and the Life. Outside of this, all the work of man here is vanity and ends at the grave. Then Solomon concludes the whole matter by, "Fear God, and keep His commandments: for this is the whole duty of man. For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil."

If the truths set forth in this part of the Word of God do not conform with my idea of theology, then I would be "wise" to change my theology, instead of trying to change the Word of God; for did not the Lord say, "Thy Word is truth?"

Rescue crews go to the red lights first and then the yellow.

CONSERVATION CLUBS ENTERTAIN 42 BOYS AT CAMP

Forty-two Kosciusko county boys enjoyed a fine outing at the Conservation club camp last week, all at the expense of the clubs of this county. Camp opened Sunday evening and closed Wednesday evening.

The outside speakers who appeared at the camp at McClure lake were Hobart Creighton, state representative; Henry Cottingham, federal conservation official from Indianapolis; Harrell Mosbaugh of the State Department of Fish and Game, and Morris Lung Superintendent of the state fish hatcheries. The instructors during the study periods were Joe Clark, Wm. Chappel, Les Ball, C. O. Mollenhour and Dale Kelly. Mr. Kelly also served as camp director.

Each year every club in the county selects two or three boys to send to the camp and they pay all the expenses.

DISTRICT GOLD MEDAL BEEF CLUB SHOW HERE TUESDAY

Several thousand dollars worth of the finest calves in the state were on display at the Mentone fair grounds Tuesday of this week when the district Gold Medal Beef Club Show was held. Not many folks were on hand to view the fine animals due to the fact that the event was not publicly announced locally previous to the day of the exhibit. The event is sponsored by the Indiana Livestock Breeders Association. It was conservatively estimated that several of the animals on display were worth a thousand dollars a head.

All the calves in these Gold Medal shows have made a required gain since birth. Bulls must average a gain of two pounds per day and heifers one and three-fourths pounds per day, starting from a birth weight of 70 pounds.

Exhibitors included: Grover Schuman, Columbia City; Dick Edwards, Peru; Carl Moore and daughters, of Plymouth; Charles Murdock Farms, Attica, and Wm. Wedrick, of Silver Lake.

The placings were as follows:

Jr. Yearling Hereford Heifers—

- 1st—Carl Moore, Plymouth.
- 2nd—Dick Edwards, Peru.

SPENDS 93RD BIRTHDAY QUIETLY AT HOME

On Saturday, Aug. 14th, "Aunt Jane" Blue passed her 93rd birthday quietly in her home, with her daughter and husband, Mr. and Mrs. Tom Haimbaugh, another daughter, Mrs. E. E. Jones and husband, and her son Homer Blue and wife having dinner with her. The other son, Con and wife, are coming on Sunday. A number of friends called both Saturday and Sunday to extend congratulations and good wishes. She also received many cards and letters, and personal gifts in addition to two beautiful bouquets, one the gift of Mr. and Mrs. Allen Eizinger and the other from Mrs. Guy. She was happy to have her former pastor, Rev. Squibb and wife and three children call following church services Sunday. She wishes to extend thanks to all for their thoughtfulness. Mrs. Blue is quite well for her age.

DINNER HONORING PFC. KENNETH HORN

A dinner was held Sunday at the Granville Horn home for Pfc. Kenneth Horn. Those attending were: Mr. and Mrs. Howard Clipp and son, Mr. and Mrs. Ford Meredith and family and Lee Newton of Elkhart; Mr. and Mrs. Clarence Horn and son of Rochester; Mr. and Mrs. Howard Horn and family, Mrs. Amanda Imes. Afternoon callers were Mr. and Mrs. Charles Horn and family of Talpa. Kenneth is home on a 10-day furlough.

BLACKOUT HERE A SUDDEN SUCCESS MONDAY

Mentone participated in the fourteen-county test blackout Monday night and within a very few minutes from the time the blackout siren of five blasts quit emitting its whining warning, Mentone was in utter darkness. A couple of erstwhile unnoticed electric clocks—in the bank and drug store — reflected against the plate glass windows, could have been noticed from the air if the enemy planes would have been approaching from the west at an extremely low altitude.

Previous instructions to all block wardens had been that we would be notified about fifteen minutes before the actual blackout so that we might be somewhere near our designated positions. This part of the program was eliminated—officially or otherwise—and the warning siren caught most of us with our pantaloons at half mast. Kenny Riner, local Civilian Defense chairman, had retired for the evening, and like the rest of us, was so surprised by the blackout signal that after it was over with he still didn't know for sure whether he had on his pajamas or his pants. Charlie Manwaring dashed out the front door when the siren sounded and Leroy Cox was parked near his front steps telling him to put out his lights. (Leroy must have waited there all evening just to be sure he could catch someone). Oliver Teel, who was designated as one to wave a red lantern at a road block way out at the edge of town (and who has mentioned on various occasions that the curfew always awakens him) came back into town after the all-clear signal, dressed in old clothes and carrying his lantern. It reminded me of the days when "prosperity was just round the corner" and the hoboes were so thick on the Nickel Plate you had to carry a lantern to keep from getting pushed off a freight. Anyway, Oliver didn't use his bicycle so somebody must have warned him.

The blackout, with "surprise" in capital letters, was called at 9:45 in the evening and consequently even those usually found in the night par-

SCHOOL ORGANIZATION DAY FRIDAY, SEPTEMBER 3

Dale Kelley, principal of the Mentone schools, announces that school will convene on the morning of September third for organization. The first official day of school will be on Tuesday, September seventh.

Several changes have been made in the teaching staff, but all positions have been filled with the exception of one high school teacher.

The teachers will be as follows:

Grade—Mrs. Eileen Fenstermaker, Miss Wreatha McFarren, Miss Louise Paulus, Mrs. Lois Fenstermaker, Mr. Arthur Witham, Mrs. Trella Tombaugh.

High School—Mrs. John Norman, Mr. John Norman, Mrs. Imogene Austin, Miss Betty Davis, and Miss Flora Holt.

PSI IOTA XI OFFERING THREE FINE GIFTS

The Mentone chapter of the Psi Iota Xi Sorority, a charitable organization, is again offering a number of gifts during Fair Week at Warsaw. The group will have the gifts on display at Clark's Store where you can receive a numbered ticket with each contribution to charity. Contributions can also be made at Lucille's Beauty Shop or any member of the club.

SODALES CLUB HAS ANNUAL PICNIC THURSDAY

Sixteen members and six guests of the Sodales club met last Thursday at the Mollenhour cottage, Yellow Creek Lake, for their annual picnic. Mrs. Furrel Burns and daughter Jean of North Manchester, were guests of the club. After a delicious carry-in dinner the afternoon was spent in playing Rook with revolving prizes.

Monday Mr. Walter Bowers and family moved to Mishawaka where Mr. Bowers will teach music in the city high school. Mr. Danna Starr and family have moved into the house formerly occupied by Mr. Bowers and family.

ade were only about half lit.

One Mentone citizen, caught in Warsaw at the time of the blackout, said he saw several store windows lighted and several autos traveling about. Possibly the county boys felt that their aircraft defenses were as impenetrable as their political defenses and that no "enemy planes" could get through.

SURPRISE HELD FOR MRS.
WELKER AND DAUGHTER

We had been planning to re-side our house for some time, and to our surprise our home church people of Tiosa sent us word to get ready. They were coming to do the work. The ladies came with well filled baskets on August 18th.

At the noon hour we all gathered around the table, having thanks by Mr. Oscar Scott, after which we all did justice to a delicious dinner. In the afternoon the men took their hammers and sure did work. We women took up our missionary meeting. A song was followed by a prayer by Mrs. Ada Welker. Topic reading, discussions and business affairs followed. Mrs. Carman Kaeith led in prayer and several volunteer prayers were uttered. The election of officers was followed by a special song by Miss Riddle and Miss Oswalt. A donation was given to the society by Mrs. Maggie Clymer; also a quilt top by Mrs. Ada Welker and daughter Zelda. The meeting closed with the Theme prayer with a day never to be forgotten.

Tongue cannot tell, neither can words express, our thanks. It made us glad, it made us sad. We pray God's richest blessings upon them all. Lord make us servants, brave and true. The kind that pleases You. Make us Christlike, faithful and true, able to share the pains and persecutions until the dawn of Peace where comes a glad release.

FOOD FOR YOUR NEIGHBOR'S BOY. Hundreds of thousands of American boys are counting on the safe arrival of convoys like this—their only source of supply. To assure adequate delivery of food, planes, tanks, fuel and ammunition to every battle-front, more U. S. ships must sail the seven seas during 1943 than at any time in history. New ships are being launched at the rate of four a day and every trained seaman in the nation is being urged to return to the sea to help man this great Victory Fleet.

A. Atwater Kent, manufacturer and inventor says, "Real success, whether material or spiritual, depends, in the last analysis, upon the character, integrity, and idealism of the individual. These provide a foundation without which there is no lasting, worthwhile accomplishment. They are necessary not merely for public respect and confidence, but for self respect and satisfaction. In shaping and maintaining the character of our boys and girls and our grownups as well—and in instilling integrity and high ideals of life, the Sunday school must be recognized as a most potent influence."

Do you recognize the importance of the Sunday school?

We have classes for all ages and we give all strangers and newcomers into our community a most cordial invitation to attend our friendly church. True Christian fellowship and spiritual development is our delight. If you do not attend Sunday

"GOD HATH MADE MAN UPRIGHT: BUT THEY HAVE SOUGHT OUT MANY INVENTIONS." Ecclesiastes 7:29.

Here is a simple truth. God made it. Man does not like it. The church does not like it. Therefore the church tries to nullify the truth by denying the inspiration of this book of the Bible.

Why is this truth distasteful to the church? The answer is also a simple truth. The church is wedded to the world. It depends on the wealth and power of the world to support its worldly features. It must therefore approve modern civilization and all its inventions.

Who built the first cities? The son of Cain (Gen. 4:17). Who made the first inventions? The descendants of

Cain (Gen. 4:21, 22). Man did not have to toil in Eden. For his own good God drove him out. Also for his own good God cursed the ground so that it would not be so fruitful. For his own good man should earn his bread by the sweat of his brow (Gen. 3:17-19).

But man does not like to toil. He makes inventions to lighten the curse. He also makes inventions to destroy his brethren. Inventions are products of the imagination. The flood came upon the earth because "God saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was evil continually," (Gen. 6:5). Is man any different today? It is prophesied that the last days shall be as it was in the days of Noah. If you doubt it, read the newspapers. Look over the cheap magazines. Or, better still, just walk down the street in Mentone sometime when there are several people in town. Listen to the profanity and vile language on every hand. In this community, as in others, the thoughts of many are only evil continually. It is from such unregenerate minds that modern inventions usually come. Yes, "God hath made man upright; but they have sought out many inventions."

DR. URSCHEL WRITES

Dan L. Urschel, former Mentone physician who recently exchanged his "Dr." for First Lieutenant, under date of Aug. 17th, writes as follows:
Dear Art:

I thought you might be interested in seeing a sample of one of the many Red Cross activities. They provide all the entertainment and amusement for this hospital, and as you can see from this, it is not just casual or trivial. Last Sunday they had Heifitz, the great violinist, give several short programs in the wards, as well as a longer one in the Red Cross recreation building at night.

I certainly feel, after only a short time at this great army hospital, that we have all been much too conservative in our support of the Red Cross. This is, of course, only one of its manifold activities. Its work is not duplicated by any other organization, either public or private, and the service it performs has directly to do with the personal feelings, spiritual well being and morale of the soldier. It merits our enthusiastic support.

I am very happy here, doing work which I really enjoy, and in my speciality.

Yours, DAN.

(The week's program, enclosed in Dan's letter, shows many inviting and attractive programs — something for every day and evening in the week. Many widely known performers were listed.—Ed.)
