GRASSHOPPER THREAT APPEARS TO BE SERIOUS

In checking with various individuals who should know the facts, the present population of grasshoppers is reaching a serious stage. Perhaps the losses this year will not be so great, but if the hoppers are left here until the egg-laying season, next year we will have a problem, and your editor was once thoroughly convinced of the ability of grasshoppers to eat everything in sight, including fence posts, leather jackets, harness, or whatever gets close to a herd of the rascals.

Poisoned bran can be spread about the fence rows, or into fields, but this method must be used before the hoppers get into the fields or before they grow their wings. Chlordane, a chemical, has been developed that can be used as a spray. This method, we are told, will be explained at a meeting to be held at the Floyd Hines Equipment Company at Bourbon Friday evening, Aug. 6th. (See their advertisement on another page of this newspaper).

FLOWER SHOW AT BOURBON

The 11th annual Flower Show will be held at the Bourbon school gymnasium on Saturday afternoon and evening, August 7, and Sunday afternoon, August 8.

The program is sponsored by the Bourbon and Tippecanoe Clubs. As in past years, a lovely display is expected, also an interesting program is being planned.

CLUB CALENDAR

MENTONE HOME ECONOMICS CLUB, Thursday, August 12, a picnic dinner at 12:00 noon, at the country home of Mrs. Harry Vernet.

WAR MOTHERS, Wednesday evening, August 11, at the schoolhouse, at 7:30.

JOLLY JANES HOME ECONOMICS CLUB, Monday evening, August 9, at the home of Mrs. Robert Whetstone.

PSI IOTA XI, Business meeting at the home of Mrs. William Hudson, on Thursday evening, August 5.

LEGION AUXILIARY, Tuesday evening at the Legion Home, at 8:00. Get your dues in and get your chance on the Service Sales Rug.

FORE — GINTHER

Welcome W. Fore, Jr. of Mentone, and Deloris Gintner, of Rochester, were united in marriage Saturday forenoon at 10 o'clock, at Akron. Rev. D. L. Slaybaugh, uncle of the groom, performed the ceremony.

Junior Fore served in the Sea-Bees during the war and is now employed at the Manwaring Leghorn farm.

Since their return from a trip into Michigan, Mr. and Mrs. Fore are making their home with the former's grandparents, Mr. and Mrs. John Latham.

R. B. M. TEAM TO PLAY ALL-STAR FRIDAY NIGHT

The R. B. M. Manufacturing Co. softball team of Logansport, 1947 Indiana state amateur champions, will play the Mentone All-Star team at Mentone Friday evening. (The Model Engineers of Huntington were on the schedule for this game, but their plant is on vacation this week and all their games were cancelled).

Bob Eiler, who is well known by many softball fans, is pitching for the R. B. M. team and we are told he is really worth seeing.

FIRE SIREN LETS LOOSE AT CO-OP. MILL TUESDAY

The new automatic fire alarm system at the Co-Op. Mill let loose on Tuesday afternoon and the firemen hurriedly responded. Fortunately, the alarm was false and no fire was located. Likely the extreme heat from the sun managed to "contact" one of the many automatic controls placed throughout the building.

The system is manually tested each Wednesday at noon to see that the system is in good working order.

The destruction of the feed mill by fire would be one of the most disastrous things that could happen to this area. This mill is the main source of supply for feed for thousands of chickens, and other farm animals.

TO HAY FEVER SUFFERERS!

Dr. Urschel brought a beautiful ragweed specimen into our office last Thursday morning, to show us that the pollen is ripening. This seems to indicate that hay fever sufferers can begin packing their bags about ten days earlier than last year.

SERIOUSLY ILL

John Friesner has been bedfast at the home of his son, Arlo, for over a week. His daughters, Mrs. Ronnie Finch, of Mt. Pleasant, Michigan; Mrs. John Oswald of White Pigeon, Michigan; and Mrs. Byron Gilbert of Rockford, Illinois; also Mrs. William Cook, have been assisting Mrs. Friesner in caring for Mr. Friesner.

BOB SMITH IMPROVING

Clair (Bob) Smith, son of Mr. and Mrs. Max Smith, was able to be up on Wednesday of this week, after being seriously ill since a week ago Monday with brain fever.

Bob was taking the required immunizations before joining the National Guard, and became ill following the vaccination for smallpox. His fever went up to around 107°. It will be necessary for Bob to remain quiet for some time.

Such severe reactions are comparatively rare, occurring in about one out of 400 who take the vaccines.

HAS OPERATION

Rev. John Knecht went to Dayton, Ohio, last week, where he consulted a specialist. A small kidney stone was found to be lodged in the lining of the tube leading to the right kidney.

An operation was to be performed Wednesday morning. Mrs. Knecht went to Dayton Sunday to be with her husband.

RELEASED ON BOND

Two men charged with vagrancy and second-degree burglary have been released from the county jail, each on cash bond of \$5,500. They are Willard E. Comer, 61, of Fort Wayne, and James W. Golden, 38, of Indianapolis. The men were arrested in Mentone on July 25th.

Rev. and Mrs. J. O. Jamison and son Edmund of Miami, Florida, were week end guests of Mr. and Mrs. Robert Firkins. Rev. Jamison is an uncle of Mr. Firkins. Mr. and Mrs. Roy Goshert and son Max of Burket were also Sunday guests.

Mr. and Mrs. Wayne Bowser are spending their vacation at Yellow Creek lake this week.

DONALD ALLEN BAKER, 5, DIES AT PARENTS' HOME

Donald Allen Baker, 5, died on his parents' farm, southwest of Bourbon, at 11:30 p.m. Monday, following an accident that afternoon at 2:00. Donald climbed up a ladder to the haymow and from there to the top of the barn, where he fell through an opening to the concrete floor.

Donald, the son of Ralph and Jeanette Blue Baker, was born in Warsaw, March 16, 1943, and had lived with his parents on their farm near Bourbon for a year and a half. He was a member of the Baptist church of Mentone.

Surviving the boy are his parents, the mother being the former Jeanette Blue of Mentone; two brothers, Larry and John; one sister, Sally Ann; his maternal grandparents, Mr. and Mrs. Peter Blue of Mentone; his paternal grandparents, Mr. and Mrs. Walter Baker of Bourbon; and a paternal great grandfather, Edgar Baker of Bourbon.

Funeral services will be Thursday afternoon at 2:00 at the Methodist church in Bourbon, with Rev. Zane Mason officiating, assisted by Rev. Garfield Steedman. Burial will be in the Parks cemetery in Bourbon. The body was taken Tuesday afternoon from the Beigh funeral home in Bourbon to the Baker home.

WITH NATIONAL GUARD

Rev. Paul Irwin left Saturday for Camp Atterbury, where he is taking two weeks training with the National Guard.

Rev. Irwin is a company chaplain. The guest speaker, who will speak at the local Methodist church this Sunday is Willard Cain, a layman of the Warsaw Methodist church, and is reported to be a most interesting speaker.

LEGION WINS IN TOURNNEY AT WARSAW TUESDAY EVE

The Mentone American Legion softball team, playing in the county tourney at Warsaw, defeated Milford 5 to 0 Tuesday evening. Milford had more hits than Mentone, but Kenny Drudge, Junior Fore and David Bowser hit home runs.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

TYPHOID FEVER DECLINES

Typhoid fever shows a decrease in Indiana, according to the morbidity report of the Indiana State Board of Health, which reveals that 26 cases

have been reported for this year as compared to a total of 50 for the same period a year ago, and a five-year median of 46.

"The general trend of typhoid fever in Indiana for the past few years has been on the decline with the exception of 1944 when an epidemic occurred in north-central Indiana," Dr. J. W. Jackson, director, Communicable Disease Control, said. "One of the reasons for the decline has been improved sanitation both in rural and urban communities. We have purer water supplies, better protected wells, sewage and garbage disposal systems, and drink pasteurized milk. Also, more individuals are being immunized. Heavy rains which are conducive to spread of the disease because springs and improperly constructed walls are flooded have not seemed to cause much typhoid fever this year.

"The best way to control typhoid fever is to control the typhoid carrier and we have intensified our efforts along this line," Dr. Jackson pointed out. "We have about 175 carriers in Indiana listed and are working on better control procedures."

ARMY REUNION

The Arney family will hold its 27th annual reunion on Sunday, September 5, at the City Park in Warsaw. Max Arney of Fort Wayne is president, Charles Arney is vice president, and Mrs. Dale Smith of Warsaw, secretary and treasurer.

Turban Has Its Uses

To Western eyes the turban appears to be a complicated headgear, more picturesque than useful. But that is not the case. In the bitter winter of the Asiatic plains it is wrapped around the head loosely and the ends tied around the neck to provide both a warm cap and muffler. In the dry, sunny summer it is wound to provide a shading peak over the eyes and the loose ends are used to protect the nose and mouth from swirling dust, World Book encyclopedia reports.

SOFTBALL NEWS

A League

In the only A league game during the past week, Bryan's remained undefeated by beating Beeson's 5 to 1. Bryan's scored 5 runs, 8 hits, 3 errors; Beeson's scored 1 run, no hits, and had 2 errors. Other A league games were

cancelled because of the county tourney at Warsaw.

B Teams

In B league games, Etna-Atwood defeated Mentone Methodist 8 to 7, and the Co-Op won over Tippecanoe Cong. Church by a score of 6 to 4. In an exhibition game Tuesday evening, the Co-Op defeated Utter-Tridle 10 to 5.

All-Stars

Friday night the Wheatley Center American Legion was scheduled for a game with the All-Stars, but called at the last minute and cancelled the game. The Akron News team was se-

cured for the game and they defeated the local boys by a score of 5 to 4. Junior Fore, who pitched for Akron, allowed the All-Stars only 4 hits. Brokey allowed only 3 hits, but Mentone made 5 costly errors.

LOCAL LADIES DEFEATED

The Nellans Appliance team of Plymouth defeated the Mentone Ladies team here Friday night, in a thrilling game, by a 7 to 6 score.

The Same team defeated the Goshen Reckettes on Saturday night, 16 to 10.

On Tuesday night the local Ladies Team traveled to Monterey. With a tie score at the end of the 7th inning, the game went to 9 innings before the tie was broken. Monterey won 6 to 5.

HISTORY OF MENTONE

(Continued)

At the beginning of the year 1888, Mentone was at the height of its prosperity. Its population was estimated at 1,000. During that year a new newspaper, the Enterprise, was started, and

the other newspaper, the Mentone Gazette, became a daily newspaper with its own telegraph line to the outside world in its Dispatch room and its own engraving department.

Among the industries, offices and business places located in Mentone were the following:

Three drygoods stores, groceries, a hardware store, three drug stores, two jewelry stores, a shoe store, two millinery stores, a furniture store, a harness shop, a meat market, a bakery, a restaurant, two hotels, a saloon, a livery barn, two grain elevators, two barbershops, a creamery, a poultry dressing plant, a sewing machine office, two blacksmiths, teamsters, draymen, three physicians, an undertaker, a photographer, thirteen lawyers, three well drivers, two masons, a piano and organ instructor, a bank, a building and loan association, a planing mill, a wheelbarrow factory, a novelty works, wagon makers, manufacturer of tinware, two sawmills, a flour mill, a brass and iron foundry, etc.

The following items were copied from issues of the Mentone Gazette during the year of 1888:

"A circle fox hunt will take place today, centering on Rudolf Hire's farm near Sevastopol. The lines will form at ten o'clock as follows: beginning at Burket and following the railroad to Mentone for the north line; then south to Samuel Cook's corners, forming the west line; thence east to M. M. Alexander's schoolhouse, forming the south line; thence north to Burket, forming the east line. All are invited to join in the sport. No fire arms are allowed."

"The citizens will do well to keep their eyes open for the new \$5 counterfeit silver certificates. Logansport has been flooded with them and they are liable to come here at any time. One peculiarity in the bill is the thread mark running the length of it. In the genuine there are two threads. It is a dangerous counterfeit, one calculated to deceive anybody that is not posted in regard to it."

The members of the Horse Thief and Detective Association will meet at Mentone on April 24 to transact important business."

The Free Masons now have an organization of their order at this place perfected. Following are the names of the officers: Dr. Stockberger, W. M.; W. H. Eiler, S.W.; William Thompson, J.W.; Rev. Reeves, S.D.; L. L. Latimer, J.D.; A. E. Batchelor, S.S.; John Dunlap, J.S.; Pierce Arsberger, T.; W. C. Wilkinson, Sec.; William Fifer, Treas.

"The new town house is nearing completion. It will be quite a creditable building, furnishing ample protection for the fire engine, hose cart, hook and ladder wagon and other town property. There are also two cells for the safe confinement of persons who may need special care."

"Mr. G. W. Turner, who now resides at Jasper, Missouri, has invented and had patented an egg case for the use of farmers, and within the last few months has sold territory to the am-

ount of \$10,000. His brother Allen and C. E. Deane, of this place, have undertaken to supply Indiana with the articles, and they are considering the practicability of establishing a factory for making them here."

Mrs. Lydia Rynearson, who moved to Mentone in 1887, tells us that she can well remember sitting on her porch in the summer of 1888 and listening to the wonderful singing in the Negro camp meeting which was held in a grove along the creek west of the present Artley Cullum home. Mrs. Rynearson has lived in Mentone continuously, since 1887. Can anyone beat that record? She and her husband, Frank built and lived in four new houses in Mentone during that time.

(To be continued)

LIBRARY HOURS

Tuesday, Thursday and Saturday afternoons from 1:00 to 4:30, and Saturday evening from 7:00 to 9:00.

NEWS?—PHONE 35

PROPERTY CHANGES HANDS

Mrs. Oliver Severns, who recently disposed of her home and household goods here, is now residing in Plymouth with her daughter, Mrs. Barkman. Her address is 702 L.W.E.

Mr. and Mrs. Roland Ferverda and family, on Monday, moved into their new home which they had purchased from Mrs. Severns. Mr. Ferverda will be an instructor in the Mentone school this coming year.

Marcia Meredith of Akron visited from Thursday evening until Sunday with her grandmother, Mrs. Earl Meredith.

Mr. and Mrs. Clyde Reed returned home Sunday after spending the past week visiting relatives and friends in Chicago and Naperville, Illinois.

Milk for Rats

Science is discovering that a milk diet prevents tooth decay in laboratory animals.

HOWDY, FOLKS

Oscar came to the city and got a job as janitor in a girls' boarding school, and was entrusted with a pass key to every room in the building.

The following week the dean ran across him and asked, "Why didn't you come around Saturday for your wages, Oscar?"

Oscar gasped, "What? Do I get paid, too?"

Some girls haven't the slightest ear for music until they hear a "wolf" whistle.

Seriously folks, you can't beat us for good, one-stop service for your car. Besides giving you our best in gas and oil, we like to remember little things like cleaning headlights and windshields. Try us next time—you and your car will like our service.

4-H CLUB NEWS

The Better Daughters Club of Beaver Dam held its local achievement day meeting at the home of Patty Ballenger on Thursday, July 29. The club members brought their various projects to be judged in the forenoon. Adult Leader of Monroe Township, Mrs. Steiner,

and three of her junior leaders were judges. At noon the club members fried hamburgers and, each having brought a dish, a very enjoyable luncheon was had by members and the judges.

In the afternoon the Beaver Dam and Friendly Neighbors Home Economics Clubs of Franklin township, and

Home Demonstration Agent Marjorie Moore, were guests of the Better Daughters Club. Miss Moore helped Mrs. Steiner place the ribbons on the various exhibits of clothing, canning, baking and food preparation.

Carolyn Bowen gave a demonstration on an orange chiffon cake, which she will give at the state fair. After

that the girls enrolled in clothing modeled their dresses and Mrs. Steiner gave remarks of criticism and explained the placings of ribbons.

Important dates to remember were given by Miss Moore, after which delicious refreshments of cake and lemonade were served by the 4-H members.

FARM MACHINERY DISPLAY AT THE STATE FAIR

The greatest display of farm machinery in history will be spread before the eyes of Hoosier farmers at the Indiana State Fair, September 3 to 10.

An all-time high of 86 exhibitors have contracted for space in the Machinery Field at the Fairgrounds and more than a score of others had to be turned down simply because there wasn't room for them to display their wares.

Judging from reports that have been sent in to the State Fair Board, there just won't be anything in the way of mechanical equipment for the farm that won't be available for Indiana farmers to inspect.

The Machinery Field will again be at the north side of the race track and every effort has been made to facilitate the movement of pedestrians and automobiles to and from that part of the fairgrounds.

Three additional tunnels under the race track have been built. Two are for pedestrians only and one is for both pedestrian and vehicular traffic. Those tunnels also are expected to be of great aid in solving the automobile parking problem.

Fair board officials said they are satisfied the machinery display this year will be the largest ever at any similar exposition. That, of course, can be attributed to the large area available for that purpose at Indiana's fair and to the fact that more manufacturers have completed the job of converting from wartime work and again are in full scale production of equipment to mechanize the farm.

THE NORTHERN INDIANA CO-OP. NEWS

**SOUTH BEND FAIR TO HAVE
MUCH FREE ENTERTAINMENT**

The thousands of visitors at the 22nd annual St. Joseph County 4-H fair three weeks hence in Playland Park will see more free entertainment than ever before, Fair Secretary Oscar W. Valentine has announced.

Entertainment has been wedged in every conceivable spot in the fair program scheduled for August 11 to 14, he said. The pageantry, fireworks, and fanfare will make the fair the most

gala event in fair history.

On the entertainment list are the Silver Condors, America's foremost aerialists; Capt. Eddie Kuhn's menagerie of wild and domesticated animals performing together; Joe Madden, the millionaire clown; the world famous white horse show; a legion band; a dance band; the Twin City entertainers; a softball tournament among 4-H teams and a horse-pulling contest.

The famous white horse show will be among the outstanding entertainment attractions in the afternoon and

night of the fair's last day. Twenty-five beautiful albino horses will present a new and unique attraction different from anything seen before at fairs.

Novelty acts, music, singing and comedy and a modern setting with special lighting effects enhance the show. The high-flying Condors use no safety devices while the mixed menagerie is something unusual in animal performances.

Fireworks will brighten the fair sky at the end of each day and an espec-

ially large display is planned for the final night. In addition, the normal entertainment found the year around at Playland Park will be available for fairgoers. Table and benches are on hand in the picnic grove for those who bring lunch baskets and there is plenty of free parking.

Mrs. Esther Borton visited Sunday afternoon at the home of Mr. and Mrs. Tom Haimbaugh.

Mr. and Bob Milligan and daughter of Williamsport, were week end guests at the Robert Reed home.

Mrs. Richard Hodges, of north of Mentone, was taken to the Park View hospital in Plymouth, Tuesday in the Johns ambulance.

Mr. and Mrs. Raymond Shively and daughters of Mishawaka were Wednesday evening guests of Mr. and Mrs. Hershel Teel and daughters.

Mrs. Maude Quackenbush, who has been visiting Mrs. Earl Meredith here for two weeks, returned to her home in Indianapolis Friday.

Mrs. A. J. Riddle, who has been cared for at the home of her daughter, Mrs. Linus Borton, the past four months, has gone to the home of her son near Rochester. Mrs. Riddle suffered a hip fracture about a year ago and is now able to walk some with the aid of a cane.

Mr. and Mrs. Walter Suter moved to Bourbon Tuesday. They have been living a mile west of town on the Young farm.

Are YOU Going Thru CHANGE of LIFE?

causing you to suffer from HOT FLUSHES?

Does the functional 'middle-age' period peculiar to women (38-52 yrs.) make you suffer from hot flushes, feel so nervous, high-strung, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this!

Taken regularly—Pinkham's Compound helps build up resistance against such 'middle-age' distress. It's what Doctors call a uterine sedative. It positively contains no opiates—no habit-forming drugs. Pinkham's Compound helps nature (you know what we mean).

It's also a great stomachic tonic! Any drugstore.

LYDIA E. PINKHAM'S
VEGETABLE COMPOUND

"YOU CAN'T MISS IT, FOLKS—IT'S THE
Whitest House ON THE STREET!"

● For a white house that is really white—and that will stay white—use PERFECTION House Paint. This high quality paint is made 100% pure of White Lead, Zinc and Titanium, the super-white self-cleaning pigment. A two-coat job with PERFECTION gives a dazzling, gleaming white paint job that looks—and wears—like a three-coat job of most white paints. PERFECTION Paint is also available in brilliant non-fading colors.

Calling all outdoorsmen

By JIM MITCHELL

In past years we've always been a little sorry to see August roll around—at least, from a fishing standpoint

—for this month usually brings extremely hot weather and comparatively poor fishing.

But this year we don't feel too badly about it, for we have been listening a lot in recent weeks to Frank Steel, that veteran fresh water fisherman who specializes in outwitting the finny gamesters with a thermometer.

Now Frank doesn't use a thermometer for bait or a bobber or anything like that. But he does let a thermometer determine where and how he'll fish.

It's that simple, to hear him explain it.

First of all, Frank's thermometer theories are based on the fact that fish are cold-blooded animals, with their body temperatures always the same as the water in which they're living. And, like humans, the fish have certain temperatures that they prefer.

The largemouth bass, for instance, enjoys his water habitat to be around 70 to 72 degrees. Naturally a bass can live in water that is warmer or colder than that, but as the temperature goes up or down its activities vary accordingly. The fish will be most active—and better for fishing—when it's 70 to 72 degrees. If it's 80 degrees, a bass will loaf around in the deep water, feed only as much as necessary to get by, and, as a result, be a poor target for the fisherman. The same is true when the water is too cold.

So if you're a bass fisherman and want to whip the "dog days" of fishing a bug-a-boo, get a good stream or lake thermometer, then visit your favorite bass spot. Row out from shore a few yards and take a surface reading. If the thermometer shows the water to be around 70 degrees, fish with surface or near-surface lures. You most likely will find the bass near the top.

But if your thermometer shows 75 to 80 degrees, better dig down in the old tackle box for some deep-running plugs or spoons that will travel down eight to 12 feet in the water. When the surface temperature is around 80 degrees, it usually will be about ten degrees cooler down eight to ten feet.

If you find the surface temperatures in your favorite water over 80 degrees, forget all about artificial lures and head for the nearest worm or minnow dealer. Live bait can be fished successfully down 20 to 25 feet, and you'll have to go that far to find 72-degree water when it's over 80 degrees on the surface.

If you're a middle-of-the-day fisherman and don't mind the scientific approach, the thermometer idea will probably put more fish on the stringer. At least, we're going to try it this month for we always have hated to crawl out of bed at the crack of dawn. And to catch bass on the surface in the hottest weather it is frequently necessary to fish at daylight or late in the evening and at night. Shoreline water is cooler then and, since the bass must eat sometime, it is late or early in the day when you'll find them in the shallows feeding.

★ Today good will may starve to death. Keep it alive with customer courtesy and careful advertising.

When a President Resigns

If a president of the United States resigns, he submits his resignation not to congress but to the secretary of state.

MY CHURCH

"Upon this book I will build my church: and the gates of hell shall not prevail against it". (Matt. 16:18). The true church is a matter of identity, and can be determined by comparison with what the New Testament teaches as the origin, doctrine, worship, work and name of the Church. The Church has a three-fold work in the world:

1. To preach the gospel
2. To edify the Church
3. To help the needy

In order to perform this work, God has made a divine arrangement, the local church. Its organization is simple, not complex. As a perfectly framed, living, working organism, with elders (bishops), deacons and members, it provides all the organization required to do the work that God has commanded the church to do. (Phil. 1:1). Since this is a divine arrangement, then man cannot improve upon it! All efforts to change this simple organization of the Lord's Church has resulted in the corruption of the original plan and destroyed identity. Let's be satisfied with the Lord's plan and know we are right!

"Unto him be the glory in the church by Christ Jesus throughout all ages, world without end." (Eph. 3:21).

THE NORTHERN INDIANA CO-OP. NEWS

EGG SHOW COMMITTEE MET TUESDAY EVENING

The members of the Mentone Egg Show committee met at the school house Tuesday evening and plans for the 1948 show were started in earnest. Committee appointments were made and the dates set for the week of teachers' institute (about Oct. 20). The program committee will make their report within a few days when they will announce whether it will be a two- or three-day show this season.

Delford Nelson, general chairman, presided at the meeting, and Richard Manwaring, secretary, was at his desk. Committee appointments are as follows:

Program

M. O. Bryan, Russell Shipley, Elmore Fenstermaker, Joe Clark, Cliff Breeden, Dean Marble, Hobart Creighton and Jack VanGilder.

Ladies' Exhibits

Mrs. Everett Rookstool, Mrs. Waldo Adams, Mrs. Boice Howard, Mrs. Delford Nelson, Mrs. Devon Shipley, Mrs. Joe Paxton and Mrs. Garnett Latimer.

Reception

Forrest Kesler, Clayton Clutter, Bob and Royce Tucker, M. O. Mentzer and Ken Dolan.

Finance

Ed Ward, Kenneth Riner, Ward Williamson, Dean Goshert, Leonard Waldman and Joe McGinness.

Decorations, Grounds and Displays
Ora McKinley, Leo Valentine, John

Fredrick, Frank Nelson, Joe Swanson, James Beeson, C. D. Meredith and Harold Markley.

Publicity

Miles Manwaring, Fred Beeson, Artley Cullum, Charles Manwaring, Harold Nelson, H. V. Johns, Joe Clark, Cliff Breeden and Henry Nyenhuis.

Banquet

Max Nellans, C. O. Mollenhour, Forrest Higgins, Everett Long, Wayne Nellans and M. F. Todd.

Premiums

Philip Lash, Frank Merkle, Elmer Sarber, Kyle Gibson and Alex Epstein.

The first named of each committee is temporary chairman and is responsible for calling a meeting of his committee within a week. They will then appoint their own permanent chairmen.

Another general meeting is called for August 26th at the school building.

LOCAL NEWS

Mr. and Mrs. Raymond Cooper and son David are spending this week in Michigan.

Janet Reed, daughter of Mr. and Mrs. Robert Reed, placed fifth in the pony class at the horse show at Rochester Tuesday evening.

Mr. and Mrs. Robert Bickel and baby of Goshen, spent the week end here at the William Cook home.

Mr. and Mrs. Claud Gates called on Mrs. Esther Borton Monday evening. Esther is improving from a fall a few weeks ago.

Mr. and Mrs. Claud Gates, Mr. and Mrs. Dewitt Gates accompanied their mother to Chicago Sunday, from where she left for her home in California.

Mrs. Roxie Miller of Claypool and Esther Borton enjoyed a chicken dinner Thursday at the home of Mr. and Mrs. Claud Gates, in honor of Mrs. Clara Gates, who was leaving Sunday for her home in California.

Callers at the E. H. Kinsey home last week were S. B. McGinley of Sharpsville, Pennsylvania, a cousin of Mrs. Kinsey and Mrs. Irvine; Mr. and Mrs. Noah Williams and Mrs. Ina Kenagy of Yuma, Arizona. Mrs. Williams and Mrs. Kenagy are aunts of Mrs. Kinsey and Mrs. Irvine.

Mr. and Mrs. Hershel Teel and daughters and Mr. and Mrs. Wayne Krieg and Eugene of South Bend enjoyed Sunday picnicking at the Warren Dunes State Park in Michigan. Sunday evening Mrs. Krieg and Eugene returned home with the Teels for a visit.

CONSERVATION CAMP ENDS WITH FINE PROGRAM

The McClure Lake Conservation camp came to a close Thursday evening after a four-day session, attended by over 40 boys of this area. An open house fish fry was enjoyed immensely by those who came to the lake that evening. Dessert consisted of generous portions of ice cream and some of the boys complained because they were not warned before they had eaten their fill of fish. (They ate the ice cream, anyway.)

Jerome Hood of Barbee Lake club, was chosen start camper, with Gordon Thompson, of Warsaw, as alternate. Star Conservationist was Donald Guy, of Etna Green, with Louis Hardy, of Marshall county as alternate. The star camper and conservationist will get free trips to the camp next year. Cliff Breeden and C. O. Mollenhour cooperated in serving as toastmasters at the closing meeting. Don Hughes of the State Fish and Game Department, and Joe DeYoung, of the State Forest Fire section of the department, each gave nice talks before the group.

The camp is educational as well as recreational, and the many individuals who take part are certainly to be commended. This camp draws some of the highest officials in the state departments, and on various occasions, men of national repute. Citizens who do not visit this camp are certainly missing an inspiration to do more to be of service to their country. It is only because of the work and effort of a relatively few that most of the nation's valued and needed programs are kept going.

Our sincere thanks and appreciation are extended to every individual who took part.

The schedule for the four days was as follows:

Welcome address by Hobart Creighton, who has addressed each camp for the past seven years. After bunk assignments, vespers were given by

Rev. Irwin of Mentone. Taps at nine o'clock.

Monday morning: morning dip, then classes in health, safety, boating and swimming. Evening vespers and movies.

Tuesday morning, dip, then classes in soil conservation by George Enfield of Purdue University; forestry by A. Parrish and J. MacAllister; wildlife by Bill Barnes, and rifting by a Remington Arms representative.

Wednesday: Morning dip, then a field trip to Clarence Tinkey's on classified forestry. Don Hughes, superintendent of Fish and Game and Captain Lily gave lectures on conservation laws and State Conservation Department. In the evening Don Hughes and Varn Sparks gave lectures on conservation. Vespers by Rev. Irwin, and taps.

Thursday: Morning dip and then classes in cover, birds and mammals by Ralph Plum. Charles Becker lectured on water and water resources both morning and afternoon. After the fish fry and a vesper service, movies were shown of game birds and animals in their native haunts and a picture of the big Maine forest fire.

COUNTY AGENT ON WOWO

"What a G. I. Farmer Gets on Job Training" will be the topic for discussion between Joe Clark, Kosciusko County Agricultural Agent, and Jay Gould, WOWO Farm Service Director, on the Little Red Barn program Thursday, August 12, at 6:00 A.M. CDT, over WOWO.

The Little Red Barn is broadcast Monday through Saturday as a service to the farmers of this area, and each day presents a county agent from Indiana, Ohio, or Michigan. An added attraction is Nancy Lee and the Hill-toppers with favorite harmonies.

Mrs. John Latham is spending a few days visiting her daughter, Mrs. Walter Boice.

WILLIAM H. DEAMER OF NEAR TALMA SUCCEUMBS SUDDENLY

William H. Deamer, aged 82, died at 8:00 p.m. Monday at his farm home near Talma. He had not been well for the past year and his death was due to a heart attack.

Mr. Deamer was born near Rochester March 28, 1866, the son of Aaron and Margaret Deamer. He had resided near Talma for many years.

His marriage to Loretta Boyer took place December 24, 1891, at Rochester. He was a member of the Talma Christian church.

Surviving relatives include his wife; a brother, Arthur Deamer of Cedar Rapids, Iowa; and a large number of nieces and nephews, which includes Delbert Hunter of near Talma, and Mrs. Everett Rathfon, of near Mentone.

A daughter preceded him in death. Funeral services will be held at 2:30 p.m. Thursday at the residence. Burial will be in the Reister cemetery, southwest of Talma. The Johns funeral home is in charge.

LIONS TO AID LIBRARY PROGRAM

At the regular meeting of the Mentone Lions club on Wednesday evening of last week, it was voted to make a generous financial contribution to the Mentone Public Library for the purchase of new and needed books.

In the absence of Lion President Jack VanGilder, Lion Delford Nelson took charge of the meeting.

4-H CLUB NEWS

The Mentone Merrymakers 4-H club met at Mrs. T. J. Clutter's home on August 3, to go on a picnic. The girls who went were Carolyn Johnson, Elaine Dunnuck, Martha Fitzgerald, Judy Clutter, Edna Quier, Sherry Shoemaker and Mrs. Clutter. The affair was held at Lake Manitou. Boating and swimming were enjoyed.

Enroute home they stopped and enjoyed a picnic supper. There was a discussion of who was going to the dress revue at Warsaw.

CLUB CALENDAR

MENTONE HOME ECONOMICS CLUB picnic will be held on Wednesday, August 18, instead of Thursday, August 19.

PAIRINGS MADE FOR SECTIONAL TOURNEY

Pairings for the sectional softball tournament, to be held at Warsaw next week from August 12 to 14, inclusive, have been received from Vic Palmer, state softball commissioner from Elkhart.

Winners of the Kosciusko, Whitley and Noble County tournaments, will play in the tourney, along with the three major-sanctioned clubs, Warsaw A.A., Milford A.A., and Ligonier. Winners of the tourney will advance to one of the four state semi-final meets.

Milford A.A. and the Whitley county tourney champion will meet in the first game Thursday night, with Ligonier and Warsaw A.A. clashing in the nightcap. Warsaw has defeated Ligonier twice this season in Northern Traveling league games. The Kosciusko and Noble county winners drew first-round byes. The champion from this county will meet the winner of the Milford-Whitley county championship game, while the Noble county winner will meet the winner of the game between Ligonier and Warsaw.

The complete drawings are as follows:

Thursday Night

7:30—Milford A.A. vs Whitley county winner.

9:00—Warsaw A.A. vs Ligonier.

Friday Night

7:30—Kosciusko county winner vs winner game No. 1.

9:00—Noble county winner vs winner Game 2.

Saturday Night

8:30—Finals, winners of Friday night games.

EVERFAITHFUL CLUB

The August meeting of the Everfaithful club was held at the Mars Tucker home. Further plans were discussed for the club trip August 12. The meeting was then turned over to the hostess.

Several received club pal gifts and the remainder of the afternoon was spent in playing Bunco.

Wilma Tucker received the traveling prize, Mary Tucker first, Roselyn Nellans second, and Mary Mollenhour, consolation. Mabel Nellans received the prize for the most Buncos.

SQUIRREL SEASON OPENS AUG. 14

In connection with the announcement on ducks and geese, the Conservation Department also reminded Hoosiers that the state's open hunting season on gray and fox squirrels runs from August 14 to October 12. The daily bag limit is five.

MRS. FRANK HAWK DIES

Relatives in Mentone have received word of the death of Mrs. Frank Hawk, of South Bend. Mrs. Hawk formerly lived in Mentone and was an aunt of Mahlon Mentzer.

Funeral services will be held in So. Bend Friday morning with burial in the Mentone cemetery.

PLACE IN HAMPSHIRE SHOW

Wm. Wedrick, of Silver Lake, placed first in the senior gilt at the Building Fund Sale of the Hampshire Association held recently at Indianapolis. He also placed second in the heavyweight barrow class and sixth in the lightweight barrow class. Leroy Norris, of Mentone, placed 7th in the lightweight barrow class and 8th in the senior spring gilt showing.

These placings, in view of the fact that breeders of twenty states competed, is quite an accomplishment.

As the title indicates, proceeds from the sale of the exhibition animals was donated to the Hampshire Association building fund to eventually be used for a new business home for the national association at Peoria, Ill.

CONDITION IMPROVED

Word on Wednesday noon stated that the condition of A. T. Mollenhour is improved. Mr. Mollenhour, who is the father of Clark, Kenneth and Donald, of Warsaw, was taken to the Murphy Medical Center Monday where he had major surgery for a gall bladder ailment.

Mr. Mollenhour, who is 85 years of age, moved to Mentone from Rensselaer last spring.

FILES INVENTORY

Thomas F. Fitzgerald, executor of the estate of Henry H. Griffis, has filed an inventory and appraisal in circuit court, valuing personal property at \$4,302.66.

ALL-STAR GAME FRIDAY; LEGION GAME SATURDAY

The All-Star game with Manchester has been cancelled because the visitors are in tournament play, but the Plymouth American Legion team has agreed to play here Friday night.

Saturday evening the Mentone American Legion team will play the So. Bend Silent team, which is composed entirely of players that are unable to hear or speak.

SOFTBALL NEWS

All-Stars

The All-Stars played two games over the week end, winning over Harvey's Cafe from Argos, 9 to 2, and dropping a close one to Warsaw A.A., 3 to 1.

A League

On Monday night Glen Blue pitched a one-hitter for Beeson Egg Farm, but Elcar Coach won the game 3 to 1 by taking advantage of 3 Beeson errors.

In the other A league contest, Utter-Tridle won over the Legion by a forfeit. The Legion did not have enough players for the game.

B Teams

Etna-Atwood staged a five-run last inning rally to defeat the Co-Op, 10 to 9. On Tuesday night Tippecanoe Cong. Church defeated Mentone Methodist, 4 to 2.

Schedule

All the games next week are games which have been rained out during the league play this season.

MONDAY, AUGUST 16—

Co-Op vs Etna-Atwood

Legion vs Bryan

Umpires: Trowbridge, Urschel, Markley.

TUESDAY, AUGUST 17—

Utter-Tridle vs Elcar Coach

Co-Op vs Tippecanoe Cong. Church.

Umpires, Summe, McKinley, School, ey.

WEDNESDAY, AUGUST 18—

Invitational game

Legion vs Tippecanoe I.O.O.F.

Umpires, Duzan, Urschel, Markley.

FRIDAY, AUGUST 20—

All-Stars vs Martindale Ins.

SATURDAY, AUGUST 21—

All-Stars vs R.B.M. Mfg. Co., Logansport.

MOTOR SCOOTERS NOT TOYS

Motor scooters and Whizzer bikes are not toys, the Bureau of Motor Vehicles warned.

In a letter to license branch managers over the state, H. Dale Brown, Director of the Bureau, pointed out that no one can operate such vehicles legally who is under 16 years old and that operators must be licensed drivers.

With one exception, Mr. Brown said, the requirements to operate a motor scooter or a Whizzer bike are the same as those for driving an automobile.

That on exception, he said, is that

the holder of a Beginner's License need not be accompanied on a motor scooter by a fully licensed driver. In the case of a car, the Beginner's Permit is good only if the driver is accompanied by someone who holds a regular driver's license.

Mr. Brown warned that all scooters, motor bikes, and Whizzer bikes must be registered and display license plates the same as any other motor vehicle.

HUNTING SEASON ON DUCKS, GEESE LISTED FOR STATE

This year's migratory waterfowl hunting season regulations for Indiana are practically the same as those in 1947. The following rules have been received by the Indiana Department of Conservation from the U. S. Department of Interior, which supervises the hunting of migratory waterfowl:

Open season—On ducks, geese and coot, from October 29 to November 27; on rails and gallinules, from September 1 to October 30; on woodcock, from October 16 to November 14.

Daily bag limits—On ducks, four; on coot, fifteen; on sora, twenty; on other gallinules, fifteen; on woodcock, four; on geese, four; Two of the geese may be Canadian geese or two white-breasted geese, or one of each.

Due to an increase in the number of woodcock, the open season on these fowl was extended to thirty days instead of the fifteen in effect last year. There was little change in other reg-

FEDERAL TAX FACTS

Taxes have attracted the attention of the peoples of the world for centuries, and if we hope to maintain any semblance of a free people, we must not only study these tax facts, but must make a concerted and successful attack to reduce them. Federal taxes—and we must impress upon all government employees and officials that it is the duty of the federal government to serve its people, not the people to serve the government—are now nine times greater in Indiana than the cost of administering all government in the state.

Federal government this year will cost about \$1,000.00 per family.

Our government proposes to spend \$13,000,000,000 more in one year (budget estimate) than the total national debt was at the end of the first world war.

It is more than the total expected

income of all individuals west of the Mississippi river except Texas.

It is more than the income of all the people in the Nation in 1932.

It is more than the amount invested in all our railroads, street railways, pipe lines and telegraph and telephone systems, an accumulated investment of the past one hundred years.

It is more than the combined resources of all life insurance companies five years ago.

It is almost \$8,000,000,000 MORE than we spent during the first year of the recent war.

And when we realize that from 500 to over one thousand individuals are being added to the federal payroll EACH DAY, it is time for every citizen to either raise an objection—or get ready to pay—and pay—and pay.

NOTICE

Dr. Urschel will be gone from his office from the 22nd of August to the 19th of September, because of hay fever and asthma. During this time, Mrs. Jack VanGilder will be in the office to take care of routine treatments. Miss Annabel Mentzer will be in the office during the week of August 23rd and the week of September 13, to obtain records and make future appointments. Mr. and Mrs. Abbey will be out of town during the entire four weeks.

LIBRARY NEWS

HISTORY OF MENTONE (Continued)

During the year of 1889, several new industries started up in Mentone including a carriage factory, a new tile factory, a new wagon shop, a feather renovator, a broom making shop, and

Manwaring Brothers' new brick factory building which housed a factory for the manufacture of wooden novelties.

In noting sure marks of business prosperity in Mentone, the editor of the Mentone Gazette remarked that he counted 52 teams at one time on the streets of Mentone of a Saturday afternoon and that one of the seven egg buyers in Mentone took in 300 dozen eggs on a Saturday and shipped 35 barrels of eggs per week.

The Mentone Gazette became an eight-page weekly and discontinued the daily feature. The Enterprise was also a weekly paper published in Mentone.

A new church was built at Cook's Chapel at a cost of \$3,900 and dedicated Feb. 10, 1889.

The school enrollment at Mentone included 107 in the elementary grades and 73 in the high school. Warsaw advertised a prosperous new business college.

A. C. Manwaring was elected state representative from Kosciusko county and was soon recognized as an able legislator and appointed as a member of four different committees during his first year in the house, an unusual honor for so new and young a member.

Warsaw, still drilling for gas, passed through a two foot strata of bituminous coal.

Work on a new Methodist Episcopal parsonage was begun. It was located on the lot west of the church and was to be a frame building costing between \$700 and \$800.

Dr. Melvin Yocum completed his studies at the Electric Medical Institute of Cincinnati, Ohio.

Frequent newspaper mention is

made of organization of White Caps in various towns surrounding Mentone including the following item copied from the Mentone Gazette: "White Caps performed an outrage in Rochester last Thursday night. They took a Mrs. Platt out of her house and whipped her severely."

Numerous horse runaways and buggy smashups are recorded in the Mentone Gazette, including the following: "A lively runaway and smash up occurred at the east edge of town last Sunday. Elias Smith and Harvey Anderson attempted to pass a buggy in front of them when the buggy was upset and badly broken. The horse continued running with the shafts and front wheels attached and when finally stopped, it was considerably hurt." (To be continued).

Many friends have called in the Rev. and Mrs. Hill home recently, among whom were Mr. and Mrs. Russel Kerlin and Mrs. Frank Hill of Silver Lake; two grandsons of Rev. Hill, Robert and Raymond Krider and lady friend of the former, all of Columbia City; Lester Bloom of Claypool. Rev. Paul Irwin also dropped in on Monday morning and Mr. and Mrs. Howard Reed called Monday evening.

Egg Producers

Question: How long did it take to build up the present egg cars?

Answer: It took 30 years of hard work.

Question: On what basis was it built up?

Answer: Shipping to many firms whose competition for the eggs brought the prices up to and above the level of any other mid-west community.

Q.: If the cars you ship your eggs through would be discontinued, what would happen to your egg prices?

A.: They would drop better than 10c per dozen on a year 'round average price.

Q.: Then what would happen to all your work towards bettering your pedigree, feed, grade, etc.?

A.: It would not be worth anything, since the gatherers who would then get the eggs would have you at their mercy and pay for current receipts rather than for graded eggs.

Q.: Is there any immediate danger of something like this happening? If so, what could be done about it?

A.: Yes. If and when any outfit tries to absorb other phases of activity other than what they are supposed to. For instance, if a New York receiver wishes to become trucker, car manager and shipper all in one, thereby depriving others of their means of livelihood, thus developing a monopoly and singular control over all eggs in their sphere. This can be rectified by shipping your eggs through normal competitive channels and not permitting any one outfit to get a strangle hold on you.

Q.: Does this mean that larger receivers are no good for the average farmer?

A.: No. In fact, a larger receiver can distribute your eggs at a lesser cost per unit and is able to pay more for your product.

CELEBRATE BIRTHDAY

Mrs. Jack Slabaugh surprised her daughter Joann on her sixth birthday Monday by having her neighbor girl friends come in and celebrate it. Games were played and refreshments of ice cream, cake and lemonade were served. Joann received many lovely gifts.

FISHING IN WISCONSIN

The following men left for Lake Chetack, Wisconsin, last Friday: Walter Lackey, Dean Nellans, Curtis Riner,

Estil Smith, Jake Gross, Don Lyons, Henry Konneck and Gus Mollenhour.

On Monday "Chick" Herendeen, "Hap" Utter, George Craig and Wayne Shunk flew up. The group plans to spend several days fishing.

JOLLY JANES MEET

The Jolly Janes Home Economics club met at the home of Mrs. Robert Whetstone with Mrs. Eldred Paulus as co-hostess. The meeting was opened with the club creed and was followed by the singing of "America the Beautiful." The Health Leader, Mrs. Lucille Teel, gave a short talk on "Steps and Stairways." A lesson on rayon was given by Mrs. Frank Smith.

Nineteen members responded to the roll call by giving a household hint.

Mrs. Cliff Breeden gave a report on the Purdue Conference.

Minutes of the last meeting were

read and approved.

Tuesday, August 24, is Achievement Day at the school house.

The auctions were won by Mrs. Harold Utter and Mrs. Artley Cullum.

After the meeting several contests were held, with prizes going to Mrs. Russel Eber and Mrs. T. J. Clutter.

Delicious refreshments were served by the hostesses.

FRIENDLY NEIGHBORS

The Friendly Neighbors club met recently for the regular meeting with Mrs. J. P. Studebaker. The affair was to have been in the form of a lawn party, but rain spoiled that.

In the absence of the regular chairman, the vice chairman conducted the meeting. Mrs. Alden Jones gave a lesson on the uses and care of rayon fabric in a very capable manner. She also held a discussion on tailoring.

Plans were discussed for a display at the county fair in the new Home Economics building. The next meeting will be postponed one week because of the fair. The group will meet with Mrs. Glen Snider September 9.

Philco portable radios on hand now.

Taxpayers appearing shall have a right to be heard thereon. After the tax levies have been determined, and presented to the County Auditor not later than two days prior to the second Monday in September, and the levy fixed by the County Tax Adjustment Board, or on their failure so to do, by the County Auditor, ten or more taxpayers feeling themselves aggrieved by such levies, may appeal to the State Board of Tax Commissioners for further and final hearing thereon by filing of petition with the County Auditor on or before the fourth Monday of September or on or before the tenth day after publication by the County Auditor of tax rates charged, whichever day is later, and the state board will fix a date for hearing in this county.

RUTH C. CULLUM, Pres.
MARJORIE R. COOPER, Sec'y
MRS. HOWARD SHOEMAKER, Treas.
A11-18

Dated this 3rd day of August, 1948.

MORE WOMEN SECURING GUN-CARRYING PERMITS

Pistol-packin' mamas are increasing among Indiana's petticoat population. State Police, who issue firearms permits, attribute a 20 percent increase in modern Annie Oakleys the last year to a mounting number of nocturnal attacks on women.

The state constabulary, however, hastens to point out that women received but three percent of the 14,942 gun-carrying licenses issued in the last

five years. Moreover, only one out of every 1,000 Hoosiers possesses a permit, a fact which rates Indiana among the lowest licensed gun-totin' populations in the nation. This is greatly appreciated by all hi-jackers, thieves, thugs, hoodlums, etc., as it makes their "work" less dangerous.

City-dwelling lady gun owners, whose average age is 38, substantially outnumber their country cousins. Their occupational interests include doctors, nurses, schoolteachers, beauty operators, housewives, farm women and office

workers. Women usually carry .25 or .32 calibre weapons, while men cater to .32s or .38s, but World War II brought an increase in the number of foreign-made pistols used by both sexes.

"Gun permits are issued only after the applicant has been investigated," according to Col. Robert Rossow, superintendent of State Police. He said 541 men and 56 women have been refused licenses since State Police took over the job in 1943.

The preamble to the Constitution of the United States gives every American citizen the right "to bear arms," but many states have abrogated this right by licensing laws.

CHEAT THE CHIGGER AT SUMMER PICNICS

Chiggers, although no bigger than the point of a pin, can ruin an outing or the pleasure of outdoor living at home.

Infestations usually occur in grasses, shrubs, brambles, and other open areas but not in woods as such, Prof. J. J. Davis, head of the entomology department of Purdue University, explains. The immature mites attempt to enter the skin, usually at a hair follicle, and apparently introduce a material which causes the irritation.

The use of sulfur will easily prevent

this insect annoyance. Lawns and shrubbery can be freed of chiggers by sprinkling a dusting grade of sulfur about the area. Another method for lawns is to soak a gunny sack in kerosene, wring out the excess and draw the sack across the grass.

Those going on picnics can cheat the chigger of his part in the fun by using a little fine sulfur dusting powder in the clothing next to the body, particularly where the clothing is tight, such as around the waist or in the top of socks.

If advance precautions have not been taken, and a case of chiggers is being nursed, some relief can be obtained from the use of iodine, a moderate strength of ammonia or a saturated solution of baking soda.

★ Advertising is the appetizer which brings about a desire to acquire. Use it, keep faith with it and your patrons, and you shall never want for customers.

Gas on Stomach

**Relieved in 5 minutes or
double your money back**

When excess stomach acid causes painful, suffocating gas, sour stomach and heartburn, doctors usually prescribe the fastest acting medicines known for symptomatic relief—medicines like those in Bell's Tablets. No laxative. Bell's brings comfort in a jiffy or double your money back on return of bottle to us. See at all druggists.

Lay Eggs in Sand
Turtles live in the water, but they lay their eggs in the sand away from water.

MY CHURCH

In order to be built according to the Divine pattern, the Church must be called by a name designated by God of Heaven and found upon the pages of His word. Jesus said, "Upon this rock I will build my church." (Matt. 16:18). Then it is the church of Christ; it belongs to Him. It is called the body of Christ: "And gave him to be head over all things to the church, which is his body" (Eph. 1:22, 23). If it, then, all things to the church, and the body is the church, it follows that it is the church of Christ. The church of Christ is not a name; it is a thing; and since that is what it is, why call it something else? Paul said, "the churches of Christ salute you" (Rom. 16:16). We are willing to call the church by any scriptural name or title, but by no name or title not found in the Bible. It behooves us then, to recognize the importance there is in the name, and to refuse to wear any other than the God-given name! Although there have been many great men who have labored to lead people to a higher and nobler way of life, yet it is not for us to wear their names! To wear men's names is condemned in the New Testament (1 Cor. 1:1015). We must call Bible things by Bible names!

When you find a body of people today who are scriptural in origin, doctrine, worship, organization, work and name, you have by identification found the Bible church

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Stream Pollution Control

Since the Indiana Stream Pollution Board was formed in 1943, eighty-five orders have been issued to various municipalities and industries to cease polluting Indiana streams resulting in more than 80 municipalities planning for new sewerage facilities or improvements at a cost of approximately 40 million dollars.

When the projects have been completed more than 95% of the state's urban population will have access to sewage treatment plants," according to Ralph H. Holtje, chief, Stream Pollution Section, Indiana State Board of Health. "We now have 83 municipal sewage treatment plants in the state."

Sampling and measuring sewage and industrial wastes discharges in Indiana streams are made each summer by two crews composed of 10 college students working under the supervision of two engineers from the Indiana State Board of Health. Their findings are submitted to the Stream Pollution Board which considers the information presented, conducts hearings where necessary, and issues orders accordingly.

The stream pollution crews this summer are composed of students from Indiana University, Purdue, DePauw, and Hanover College.

Sugar in Corn
Plant breeders at Connecticut agricultural experiment station say they have a corn with nearly as much sugar in its stalk as sugar cane contains. The discovery was made when it was found that one of the inbreds used in corn breeding work tasted sweet.

AMOS T. MOLLENHOUR DIES AT HOSPITAL MONDAY

Amos T. Mollenhour, 85 year old retired lumberman of Mentone, died at 8:45 Monday morning at the Murphy Medical Center. He had undergone emergency surgery one week ago.

One week ago Sunday he attended the Mollenhour reunion at the Homestead Farm southeast of Mentone as the sole survivor of the eight brothers reared there. Seven of them lived to be 80 years of age.

Mr. Mollenhour was born at Sevas-topol January 12, 1863, the son of William and Elizabeth Mollenhour. His father died during the Civil War. On March 4, 1885, he was united in marriage with Mary A. Ralston of Mentone. She preceded him in death seven years ago.

At one time, nearly 40 years ago, Mr. Mollenhour operated a saw mill, planing mill, stave mill and boat oar factory in Mentone, which was wiped out by fire overnight. He rebuilt the sawmill, and, once, together with his sons, manufactured several of the only automobiles ever built in this county. About thirty years ago he moved the sawmill to Tippecanoe, Indiana, then followed the diminishing supplies of timber to the Kankakee river. For the past quarter of a century he had been in the lumber business in the vicinity of Rensselaer.

One year ago he retired and moved back to Mentone, where he had been a one time board member.

He was a member of the Baptist church and was an active contributor to many religious organizations in the middlewest.

He is survived by one daughter, Mrs. Charles Hay, and three sons, D. Clark Mollenhour, W. Kenneth Mollenhour, and Don Mollenhour, all of Warsaw; 12 grandchildren and nine great grandchildren.

Services were held Wednesday afternoon at the Mentone Baptist church, and interment was in the family plot in the Mentone cemetery. Rev. Reginald Shepley of the Warsaw Baptist church, officiated, with Zane Mason, of Mentone, assisting. The Johns funeral home was in charge.

ADS SHOE DEPARTMENT

Coopers' Store this week announces the addition of a line of shoes to their line of merchandise. See their full page advertisement in this issue.

NEW FIRE TRUCK DELIVERED AT MENTONE WEDNESDAY

The long-awaited new fire truck for Mentone and the four nearby townships arrived Wednesday afternoon. It passed the Underwriter's test 100%. This is one of the most modern pieces of fire equipment made. It comes equipped with a 700 gallon water tank and a pump capable of pumping 500 gallons per minute at 400 pounds pressure. In addition to this truck, the Mentone Fire Department is planning to build a 1000 gallon water truck to follow the new fire truck to all rural fires. The water truck will be equipped with a pump so that the tank can be refilled at any stream or pond. After the two new trucks are put into service they will carry a total of 1700 gallons of water instead of the 380 gallons heretofore carried.

This water truck project has been made possible through donations by many of the farmers in this community. Anyone wishing to make a contribution toward this tank truck may do so by sending a check to Arlo Friesner, fire chief, or Everett Long, treasurer, Mentone Fire Department. The first step is to investigate the cost of the 1000 gallon tank and the remainder of the money donated will be used to purchase a truck chassis.

The Fire Department wishes to thank all those who have contributed toward the water truck.

ATTEND FUNERAL

Mr. and Mrs. Theodore Freeman and Mrs. Grace Denny of Warsaw, Mr. and Mrs. Glen Cook and son of Elkhart, Mrs. Kathryn Bickel of Goshen and Mr. and Mrs. William Cook left Saturday for Martinsville to attend the funeral of Mr. Cook's sister, Mrs. Jennie Knox. The funeral service was held Sunday.

AT METHODIST CHURCH

Pat B. Withrow, Jr., radio singer and National Director of Veterans Hospital Programs, will appear in person at the Methodist Church in Mentone on Monday evening, August 30, at 8:00.

Mr. Withrow and his radio party are appearing in the interest of Veterans Hospital Programs, an organization which provides inspirational entertainment for our veterans' hospitals and distributes free bedside radios to disabled men.

VISITORS AT HILL HOME

Out-of-town visitors at the Rev. Hill home during the past week were: Mr. and Mrs. George Krider, of Columbia City. Mrs. Krider is a daughter to Rev. Hill. Mr. and Mrs. Ronald Krider and baby, Ronald is Rev. Hill's grandson. A daughter, Mrs. Earl Whitman and family were visitors on Sunday morning; also, a nephew and wife, Mr. and Mrs. Merl Rowland of Silver Lake.

Mentone callers included Mr. and Mrs. Wayne Tombaugh; Sam Chapman, who left a dressed squirrel, which was much appreciated; Mrs. Truman Long and Mrs. George Rans.

Rev. LePage, of the Evangelical United Brethren church at Etna Green called on Tuesday evening.

Rev. Hill remains about the same.

PINK AND BLUE SHOWER

A pink and blue shower honoring Mrs. Robert Plummer was held recently at the home of Mrs. Loren L. Tridle. The gifts were placed in a bassinet centered around blue and pink crepe paper. Contests and games were played. A crepe paper bib was put on each guest before refreshments of ice cream, cake, mints and nuts, were served. On the plates were nut cups, shaped like diapers, in pink and blue.

Guests were Mrs. Marvin Neff, Mrs. Carlton Jones of Claypool, Mrs. Phyllis Stackhouse of Piercetown, Mrs. Joe Clark, Mrs. Worth Ganshorn of Warsaw, Mrs. Harold Maloy and Sandra, Mrs. Arden Ayers and Becky Sue, Mrs. Deverl Montel and daughters, Miss Lois Ann Wendell and Mrs. Ed Ayers of North Manchester; Mrs. Warren Plummer, Mrs. Joe Long and Mrs. Clifford Fawley of near Warsaw; Mrs. Bessie Gross, Mrs. Garrie Rose and Mrs. Cliff Breedon, Mrs. Harold Holloway of Mentone; and the honored guest, Mrs. Plummer. Those unable to attend, and sending gifts, were Mrs. Glenn Tridle, Mrs. Jack Shore, Mrs. Harold Wolford, and Mrs. Opal Meredith.

4-H BOYS TOUR

On Monday morning, August 23, the Mentone 4-H Club will have a tour of all the farms where their members have 4-H livestock projects. This tour will begin at the home of Larry Yeiter.

On this tour there will be some judging and a demonstration of how to fit pigs and calves for showing.

The parents are invited to join this livestock tour.

HARVEY L. POULSON DIES SUDDENLY WHILE AT WORK

Harvey L. Poulson, aged 73, died suddenly at 3:30 last Thursday afternoon while at work mowing the lawn at the Manwaring Leghorn farm. He had not been ill previously.

Mr. Poulson resided in Mentone, where he worked as a barber for 38 years. He had been employed at the Manwaring farm for the past 11 years.

He was born in Warsaw March 29, 1875, the son of James and Melissa Poulson, and had lived all of his life in this vicinity.

He was first married to Anna Lee. Following her death he was married in December, 1915, to Alberta Spears.

The deceased was a member of the Mentone Baptist church.

Surviving relatives include his wife; a daughter, Mrs. Idyll (Helen) Huffer of Warsaw; two sons, Roy Poulson of Bremen and James Poulson of Wabash; five grandchildren and two great grandchildren.

Funeral services were held at 2:30 p.m. Sunday at the Reed funeral home, with Rev. E. E. DeWitt officiating. Burial was in the Mentone cemetery.

ALL-STAR GAMES THIS WEEK

The Martinsdale Insurance softball team of South Bend, will play the Mentone All-Stars Friday evening, Aug. 20th.

The R. B. M. team from Logansport will play here Saturday night.

ATTEND SISTER'S FUNERAL

Mr. and Mrs. William Cook went to Martinsville Saturday where they were called by the death of Mr. Cook's sister, Mrs. Willie (Jennie) Knox. Funeral services were held on Sunday.

Mrs. Knox resided in Palestine a number of years ago.

CORRECTION

In the article in last week's Co-Op News telling of the death of Mrs. Katherine Hawk, the name of her sister, Mrs. Lizzie Morgan, was unintentionally omitted from the Mentone relatives.

too damaging an effect on the hunting in years ahead.

We'd like more days of gunning and a little larger bag limit. That's only natural, for duck shooting is a great sport. But we're siding with the Wildlife Service boys without a single complaint. They know the facts and that's good enough for us.

And we can't blame the Mexicans or Canadians any longer for not having more ducks and geese in the States. It is estimated that no more than 80,000 sportsmen shot ducks last fall in Canada, and that the kill was only between 3,000,000 and 4,000,000 birds. The kill in Mexico probably was less than a million birds.

Just compare those figures to the 2,000,000 waterfowl gunners in the U.S. and many millions of ducks and geese killed last season.

We'll admit that we were one of the group blaming Canada and Mexico for cutting down the supply for U.S. gunning. Now, after seeing these new figures, we will have to say that we judged our neighbors wrong. We're getting more than our share of birds on the U.S. flyways. So let's all take the new code in stride and abide by it. By doing this we can assure ourselves of decent gunning in future years.

Daily milk production per cow in Indiana, on July 1, this year, was 20.2

pounds, a slight drop below the 1947 figure for the same date, which was 20.6 pounds. This information was received from the Bureau of Agricultural Economics, USDA at Purdue University. Average daily production of milk cows for the 1937-46 period was only 18 pounds.

Salads sing
MADE WITH

THE ONE AND ONLY

Miracle Whip

Calling
all outdoorsmen
By JIM MITCHELL

There will be some hunters who will condemn the U. S. Fish and Wildlife Service for the new waterfowl gunning code. It's always that way, regardless of how liberal or how restricted the regulations are. Trying to please all duck hunters is like trying to satisfy the Russians. It just can't be done!

Probably in some past years there was room for a gripe or two about the number of days you could gun for waterfowl and the number of birds

you could kill. But not so this season, for the Wildlife Service made the most comprehensive study ever attempted to learn the true picture of today's waterfowl populations. The agency has the facts; and the season and bag limits were set accordingly.

Wildlife Service biologists, plus representatives from several states and Canadian provinces, have been snooping around for almost a year. Last winter detailed surveys were made along the Gulf and in Mexico. This spring and summer workers have been counting the birds in the northland and studying breeding conditions. Even a check was made as far north as the Arctic Circle.

These surveys add up to a factual picture of just what we can expect in the way of a duck and goose crop this fall and winter. And the wildlife service, too, knows what percentage of these birds can be harvested without

RAIN DATE, AUGUST 28, 1948

INDIANA'S CATCH OF FUR MUCH LOWER IN 1947

The 1947 catch of fur in this state was the lowest in the last seven years, according to figures of the Indiana Department of Conservation.

The total number of fur-bearing animals trapped and sold in Indiana last year was placed at 312,065—a great drop from 1946 when 1,068,741 pelts were bagged by Hoosier trappers for the high mark during the seven-year period.

These figures were obtained from reports sent to the department's fish and game division by the 347 licensed fur buyers in Indiana. State law requires licensed fur buyers to report annually on the number of pelts they purchased.

The 1947 Indiana fur catch was itemized as follows: badgers, 7; red and gray foxes, 7,025; mink, 15,416; muskrat, 207,725; opossum, 36,498; raccoon, 40,967; skunk, 4,114; weasel 314.

The heavy decrease in last year's catch applied to all fur-bearing animals.

Donald R. Hughes, state Fish and Game director, said Indiana's sharp decline in furs last year was due to a combination of factors. He added, however, that conservation officials were unable clearly to analyze the reasons because the state has no one making a study of Indiana fur-bearing animals. Of the years on which records are

available, 1941 was the previous poorest trapping year in Indiana. The fur catch that year was 336,965.

Mr. and Mrs. Lloyd Creakbaum are moving from the apartment above the Lake Trail cafe to a farm six miles west of Sevastopol.

Mrs. Lydia Rynearson came home last Friday after spending several

days in Leesburg visiting her sister, Mrs. Irvine.

Miss Mary Louise Cox, of Los Angeles, was a recent visitor at the home of Mr. and Mrs. Roy Cox.

Mrs. John Fitzwater and son Maurice of Hoopston, Illinois, attended funeral services for her brother-in-law, Harvey Poulson, Sunday afternoon.

Lester Knouff of Warsaw is visiting his sister, Mrs. Floyd Van Gundy this week.

John Friesner is somewhat improved at this time. Mrs. John Oswalt and Mrs. Byron Gilbert are helping care for him.

★ Buy Cooperatively — and Save!

IT CANNOT BE FOUND

One cannot find where God, Christ, or the Apostles ever told anyone to "get religion and join the church of your choice." Yet, we hear this expression quite often among religious people.

The "mourner's bench" is not in the Bible. You cannot find in the New Testament where anyone ever received the remission of sins as a result of, or answer, to prayer. You cannot find where God authorized the alien sinner to pray for salvation or even a "second blessing."

One cannot find where any church took the Lord's Supper upon the first day of the week and washed the saint's feet in connection with it. Feet were washed in New Testament times as a matter of hospitality and cleanliness and not a church ordinance. Feet washing as a religious service is another of the many "doctrines and commandments of men."

One cannot find in God's word where any Christian ever was voted into the church, or was ever voted on to see if he should be baptized. Such doing is man's, not God's.

Egg Producers

Question: How long did it take to build up the present egg cars?

Answer: It took 30 years of hard work.

Question: On what basis was it built up?

Answer: Shipping to many firms whose competition for the eggs brought the prices up to and above the level of any other mid-west community.

Q.: If the cars you ship your eggs through would be discontinued, what would happen to your egg prices?

A.: They would drop better than 10c per dozen on a year 'round average price.

Q.: Then what would happen to all your work towards bettering your pedigree, feed, grade, etc.?

A.: It would not be worth anything, since the gatherers who would then get the eggs would have you at their mercy and pay for current receipts rather than for graded eggs.

Q.: Is there any immediate danger of something like this happening? If so, what could be done about it?

A.: Yes. If and when any outfit tries to absorb other phases of activity other than what they are supposed to. For instance, if a New York receiver wishes to become trucker, car manager and shipper all in one, thereby depriving others of their means of livelihood, thus developing a monopoly and singular control over all eggs in their sphere. This can be rectified by shipping your eggs through normal competitive channels and not permitting any one outfit to get a strangle hold on you.

Q.: Does this mean that larger receivers are no good for the average farmer?

A.: No. In fact, a larger receiver can distribute your eggs at a lesser cost per unit and is able to pay more for your product.

Uses for Sesame

Although sesame is a relatively minor crop, the seeds and oil have a variety of uses. In many parts of the world the seed is well known as an adornment on rolls and bread. It also is used in candy and soft drinks, as well as the oil being utilized in salad and cooking oils. Sesame also is used to some extent in margarine, shortenings, soaps and olive oil.

HOWDY, FOLKS

A Westerner entered a saloon with his wife and six-year-old boy. He ordered two straight whiskies.

"Hey, pa," asked the kid, "ain't ma drinking?"

...

Then there was the Scotchman who was run over by a beer truck. For the first time in his life the drinks were on him.

...

It may be unpleasant to play poker with a "bad loser," but it is even more unpleasant to play with ANY kind of a winner.

...

No kidding, folks, you and your car will like our one-stop service! Our attendants are all courteous and friendly, and enjoy giving your car the best in gas, oil and lubrication.

FAIR FEATURE

WAYNE KING

Wayne King and his Nationally Famous Radio and Screen Band will be a feature of the Indiana State Fair Horse Show. Fair dates are Sept. 3 through 10. The Horse Show will run 11 shows noon and nightly Sept. 5 through 10. Reserve seat tickets at prices of \$2.20, \$1.80, \$1.20 and 85 cents are on advance sale now. Largest entry list in the history of this show has been reported. Wayne King will play at the night shows Sept. 7, 8, 9 and 10.

Mr. King has a special interest in the show because he has entered his horse, "Jet Propelled," which will be ridden by his daughter, Penny.

British Crown

The Crown of England, which is of gold set with diamonds, emeralds, sapphires, pearls and rubies, weighs five pounds. For this reason it is actually worn for only a few minutes during each reign — at the coronation ceremony.

HOW TO AVOID FLAT SOUR IN CANNED FOOD

"Each year 'flat sour' takes its toll of canned food, even though it need not," says Miss Lois Oberhelman, extension nutrition specialist, Purdue University. 'Flat sour' most frequently appears in tomatoes, tomato juice, and vegetables like peas, corn, greens, beans and pumpkins.

"One of the most frequent causes of 'flat sour'," says Miss Oberhelman, "is gathering the food in large amounts the night before canning and then letting it stand in baskets until morning. Spoilage often occurs during that period of waiting."

The homemaker should see that the food is kept cool while being prepared. Bacteria, causing flat sour, develops best at 100 to 130 degrees Fahrenheit or lukewarm temperature. Food should not stand at this temperature before, during or after canning. Cool jars quickly after canning and then store them in a cool place.

Miss Oberhelman says 'flat sour' is prevented by choosing food in good condition and then carefully washing the food. Sterilizing all equipment and containers before use is another step in defeating flat sour.

First year canners may wonder what 'flat sour' is like. There is no change in appearance of food but it has an acid or bitter flavor, sour odor and the liquid is cloudy.

Big Loss From Pests

Losses in stored feed and grain will total 600 million dollars and the equivalent of 300 million bushels of grain unless control insecticides are sprayed or dusted, according to a department of agriculture report. Other insect losses cited include 150 million bushels of corn from the corn borer, 283 million dollars in cotton from the boll weevil. The annual loss from weeds has been placed at 3 billion dollars. Household pests, such as flies, mosquitoes, roaches, bedbugs and moths, cause inestimable loss in health and property damage.

4-H CLUB NEWS

The Mentone Merry-makers 4-H club met at 2:00 Tuesday afternoon at the schoolhouse. Plans were made for the Achievement Day program, which will be held on Tuesday afternoon, August 24, at the schoolhouse. Old and new business was also discussed.

Those present were Janet Reed, Martha Fitzgerald, Elaine Dunnuck, Sherry Shoemaker, Carolyn Johnson, Edna Quier and Mrs. T. J. Clutter.

ENTERTAIN FOR GUESTS

Mr. and Mrs. Ray Linn entertained 20 relatives at a six o'clock dinner Friday evening in honor of Mrs. S. D. Linn and daughter, Sharon, of Glasgow, Montana. Those present were Mr. and Mrs. Merle Linn and family of Mentone; Mr. and Mrs. Howard Hudson and family of near Mentone; Mr. and Mrs. Gerald Clunker of near Akron and Mrs. S. D. Linn and daughter Sharon of Glasgow, Montana. The latter has been visiting the above named relatives the past two weeks.

NEWCASTLE TWP. WOMAN
SUFFERS FRACTURED LEG

Mrs. Henry Coggins of Newcastle Township fell and fractured her left leg last Friday morning, in stepping from her back porch. Mrs. Coggins, a daughter of Mr. and Mrs. John Mikesell, slipped going down the steps, and broke both bones in the leg. She will have to wear a cast for several weeks. She lives on the former John Mikesell farm. The Zimmerman Bros. ambulance took her to Woodlawn hospital and she has since been removed to her home — Newcastle Twp. Reporter

LIBRARY NEWS

All the members of the library board and the librarian wish to thank every individual and every club or group who are contributing to our book fund.

Last week, the War Mothers of World War Two contributed a check to the book fund, and each member voted to furnish one or more books to the library.

On their last meeting night, the Lions Club voted to set up a monthly book fund for the use of the Mentone library during the coming year, the exact amount to be decided by the Board of the Mentone Lions club. This generous support will benefit the entire community because of the outside reference books which will be made available to the children of Mentone, Beaver Dam and Atwood schools.

The Mentone library will be open only one day and evening per week, during the next two weeks, August 23 to September 4, due to the absence of the librarian on her annual vacation. Saturday, August 28 and Saturday, September 4, the library will be open 1:00 to 4:30 p.m. and 7:00 to 9:00 p.m.

LOCAL NEWS

Mrs. Walter Wilson is spending this week at Yellow Creek lake.

Miss Betty Witham took first prize in the Talent Night at a Logansport theatre last Wednesday evening.

CARD OF THANKS

Your day's work is over and you have gone home to rest; our hearts are heavy and our eyes are wet with tears. There is a vacant place and a lonely home, but through prayer and the help of the Father, we will all join the family circle again some day.

ALBERTA

Words cannot express our thanks to Manwaring company and employees, friends, neighbors, Reed funeral home, Rev. DeWitt, Mrs. Baker, pallbearers and everyone, for the kind words of sympathy and acts of kindness and beautiful flowers when our husband and father was taken from us so suddenly.

BOB PETERSON AWARDED

GRANT BY PURDUE

Robert Peterson, 18, of near Talma, has been granted a \$150 cash agricultural scholarship to Purdue University. The grant is provided from funds made available to Purdue by Sears, Roebuck & Co., and is payable in two \$75 installments.

A letter from V. C. Fremman, associate dean, urged Peterson to write at once whether or not the scholarship will be accepted. Bob, son of Mr. and Mrs. Clarence Peterson, has been very active in 4-H work throughout his school years, and graduated from Talma last year. He has eight years of club work and served as junior leader two years. Included in his projects are pig club, three years; one year of forestry; three years of farm victory garden, six years of dairy club; three years of corn; four years of soybeans.

HAY FEVER TOURS

The autumnal hay fever season is here and sufferers will find a very limited selection of places in area to seek relief from the ragweed pollen, according to Charles M. Hayes, president of the Chicago Motor Club.

In seeking areas that are least contaminated, it is necessary to understand that the pollen may be blown nearly 100 miles in sufficient quantities to affect the susceptible person.

Relief can be obtained in some sections of the northeastern section of Minnesota, extreme northern Wisconsin, along Lake Superior, parts of the

Upper Peninsula of Michigan and the extreme northern part of the Lower Peninsula of Michigan.

Following is a number of places where the pollen count is very low and the distance from Chicago: Tower, Minnesota, 591 miles; Isle Royal, Michigan, approximately 610 miles; Sault Ste. Marie, Michigan, 494 miles; and Eagle River, Wisconsin, 348 miles.

For those who wish to travel farther, Upper Maine, certain parts of the Adirondacks, and the Gaspé Peninsula of Eastern Canada are classified as some of the best areas to secure relief.

Following is a list of towns in Ind-

iana and the pollen index figures (For comparison, experts say that any community with a count over 10 cannot be recommended): East Chicago 75, Indianapolis 100, Jeffersonville 102.

Some advantage of the home size frozen food locker in addition to the saving of time and transportation to and from the commercial locker, are that it is possible to freeze small quantities of surplus food, such as three pints of peas, or food cooked in quantities and leftovers may be frozen to save time and introduce variety, Purdue University extension home economists say.

Two Cents for a Hen
In 1236 a hen in Paris sold for an amount equal to about two cents in American money.

WATCH OUT FOR FAKE EYE DOCTORS

Warning against fake eye doctors who are again operating in the midwest is given by Prairie Farmer's Protective Union in the August 14 Prairie Farmer.

The fake eye specialist's racket is not new, because it was worked in 1928, 1940 and again in 1946. Here's how it operates, as described in Prairie Farmer:

These crooks travel in pairs, and work on elderly people outside of town, usually where no telephone wires lead into the house. The approach is a simple offer to sell eyeglasses at a low price. However, as soon as the intended victim begins to listen, Crook No. 1 "discovers" a shocking symptom in the victim's left eye. It just happens that out in the car is the great Dr. Whoosit. He brings the doctor, who condescends to look at the eye. He finds it afflicted with a terrific condition, maybe a cataract, but an especially bad kind with a long name. If not treated at once, it will cause total blindness, maybe insanity, he says. It can be cured by "radium" quickly and painlessly, but it's expensive, he says, and must be kept a secret.

The "operation" consists of putting some drops of gelatin-like solution in the eye, then after a few minutes triumphantly lifting out a piece of rub-

bery film supposed to be the cataract. Then they put on the bite for as much money as they think they can get. This was seldom less than \$500, often nearer \$1000. Then they get away fast.

Of course, the entire operation is a fake, worth nothing. Yet these confidence men have taken hundreds of dollars from their victims.

Iowa Well Supplied

Iowa's 701,824 families own 621,971 automobiles, 671,000 radios, 580,000 residence phones and have 612,706 electricity-equipped homes.

Mrs. Earl Skatitzky, leader of The Waterloo, Wisconsin, Greyhounds, makes fudge for the girls after their summer business meeting.

Henry County, Illinois farmers have a practical plan for learning about oat varieties. They plant a test plot every spring on the Merle Morqan farm near Galva, using a score or more of oat varieties to determine how they respond to local soil conditions. Field days are held in the oats fields and University of Illinois crop specialists point out contrasts in the varieties. At harvest time the yields are carefully measured and weighed.

*My Sta-ful Battery
needs water
only 3 times a year*

In normal car use

Money cannot buy a better battery

The new Auto-Lite Sta-ful battery helps provide full power to spin cold, stubborn engines for fast winter starting.

Helps prevent major cause of battery failure — saves you service time.

Longer life — means lower cost per year of use — like money in the bank.

Tune in the Great Auto-Lite Radio Show, Thurs., 9:00 p.m., E.T., CBS

A better battery for farms

Sta-ful is the kind of battery farmers have been looking for — a battery with more power, longer life, less servicing, less grief and greater protection against battery failure from liquid loss. Plates in Sta-ful stay fully covered and active when the same liquid loss leaves ordinary battery plates exposed and inactive. See your neighborhood Auto-Lite Battery Dealer for a demonstration. Prove to yourself why the Auto-Lite Sta-ful is a better battery to help farmers save time and money. AUTO-LITE BATTERY CORPORATION Toledo 1 Ohio

Here's how it works

AUTO-LITE

TURN YOUR CORN INTO MORE MEAT

with **MORTON'S**
Free Choice SALT

With salt free choice, it takes 521.4 pounds of corn to make 100 pounds of pork. Without salt, 451 pounds.*

Such savings enable you to feed, fatten, and finish more stock . . . sell corn . . . do whatever makes the most money. They also mean lower feeding costs . . . greater profits.

Hogs and other livestock need salt for proper digestion and assimilation. It supplies the chlorine for hydrochloric acid and the sodium for bile without which feeds are not digested but wasted.

For best results, feed salt free choice — keep it before your animals all the time. Ask for Morton's Free Choice Salt by name — a brand specially developed for livestock feeding and formulated to remain non-hardening under normal use and storage conditions. Morton Salt Company, Chicago 3, Ill.

MODERN FARMING

Breeding Better Hybrids

FOR BIGGER CORN GROWING PROFITS

A little more than a decade ago, the miracle of hybrid corn was first introduced to American farmers. Better by far than any corn farmers had ever known before, the new hybrids swept like a prairie fire all across the Corn Belt . . . and far beyond into many bordering states.

Yet progressive corn breeders were not content with their great initial success. They sought to make hybrid corn better still through intensive research and painstaking effort.

Today, hybrid corn is better than ever. Five years from now it will be better still because research goes on and on . . . the work of the corn breeder never ends. The pictures below show "what's new" in hybrid corn for 1949, as well as some of the things farmers may look forward to in the hybrids they will plant 5 or 10 years hence.

Corn breeder C. L. Gunn transplants varieties of corn from the high plateau of Mexico in his Illinois nursery. Packed in paper ice-cream cartons, young plants were started from Gunn's greenhouse. They are not cold and drought resistance and better systems which he hopes to breed in belt hybrids.

New methods of seed treatment result in better germination by protecting against disease organisms carried on the seed coat and found in the soil. This protection is especially needed in cold, wet soil.

A Wyandot County, Ohio farmer examines six good ears on one hill, the kind of corn that makes yield records.

Germination tests, which normally require 7 days, are now made by corn breeder Sam Goodsell in just 6 hours. He uses tetrazolium, a new chemical that stains live germs red-orange but leaves weak or dead germs (those in lower part of above photo) colorless or a faint pink. The test quickly shows germination damage after a hard freeze.

Many farmers on fertile land are finding that a generous application of commercial fertilizer and a higher planting rate will produce bigger yields — smaller ears but more bushels to the acre. A widely used formula for determining how many kernels to plant per hill (42 inch by 42 inch) is that of dividing the yield the land is capable of making in a good season by 20.

As more and more corn pickers are being available for use in speeding our harvest job, hybrid corn breeders are developing new varieties with improved standing ability, ear attachment and easy husking quality for top picking efficiency.

This new type fertilizer distributor is applying ammonium nitrate side dressing in bands ten inches on each side of the corn plants. It is especially good at about the second cultivation stage, and has a variable depth feature to lay the nitrogen at whatever depth is necessary to place it in contact with soil moisture.

This isolated inbred plot near Esmond, Illinois is located in the center of a grain field, to be absolutely certain that no stray pollen will contaminate the purity of the inbred seed stocks. The mathematical pattern is due to the windrowing of the grain before combining.

Since 1913... Planted since 1924

NEW AND BETTER HYBRIDS

Pioneer corn breeders give you a steady flow of new hybrids that keep outdistancing formerly good hybrids... hybrids that give higher yields, better roots, stronger stalks, more resistance to disease and insects, greater adaptability to corn pickers, and improved feeding value.

Your local Pioneer representative will help you select the Pioneer hybrids for your farm. If he hasn't yet seen you, he soon will. Order your Pioneer seed supply through him. Plant dependable Pioneer hybrid seed corn in 1949.

CAN with safety : COOK with speed

use a **Presto COOKER CANNER**

No. 5 Cooker-Canner Canning capacity 5 quart jars or 7 pint jars. Liquid capacity 12 quarts.

No. 7 Cooker-Canner Canning capacity 7 quart jars or 9 pint jars. Liquid capacity 16 quarts.

No. 21 Cooker-Canner Canning capacity 21 quart jars or 18 pint jars or 4 half-gallon jars. Liquid capacity 21 quarts.

FOR SAFE, QUICK, ECONOMICAL CANNING

IT cooks large hams to delicious tenderness in 6 minutes per lb. Rump roasts in 10 minutes per lb.
IT can prepare 2 gallons split pea soup, for example, in 15 minutes.
IT cooks an entire peck of potatoes in 10 minutes.
IT saves natural food vitamins, minerals, flavors and colors.

Beautiful in design and made to give many years of service, the NATIONAL PRESTO COOKER CANNER is a great favorite of millions of homemakers on the farm, and in the city as well.

The wonders a NATIONAL PRESTO COOKER CANNER performs in safe pressure canning of all foods is only matched by what

IT processes vegetables, meats, fowl, fish, etc., safely and economically.
IT eliminates spoilage and preserves more of the natural food juices.
IT provides year-around enjoyment of foods normally "out-of-season".
IT's easy to use... makes home canning a pleasure.

FOR HIGH-SPEED, LARGE MEAL COOKING

it does in hi-speed pressure cooking. NATIONAL PRESTO COOKER CANNERS come completely equipped with inner pans, rack, wire canning basket, and a copy of the valuable recipe and instruction book, "The Modern Guide to Home Canning and Cooking." Available wherever quality housewares are sold.

*The U. S. Dept. of Agriculture and leading food authorities say that pressure cooking is the only safe way to preserve non-acid foods, including vegetables, meat and fowl.

Summer Specials

Hot weather meals are always more fun when eaten out of doors. Picnics along a stream or in a park and grills in your own backyard furnish the atmosphere, while Mom supplies the filling.

If it's a porch party, we'll want long cool drinks in frosted glasses and a molded salad or a frozen dessert. But if we're carrying the meal, out comes the old wicker basket. We polish up the long handled forks for there are frankfurters and buns, salads and sandwiches, meat loaf, cheese and cold cuts, relishes and beverages along with cookies and fruit — not to mention Mom's very special chiffon cake.

Meat loaf always goes over in a big way — why not bake a picnic loaf with a row of hard cooked eggs down the center to add a spot of color. Meat turnovers are a delightful addition to the picnic menu and can be served along with baked beans, cabbage salad and hot coffee.

Macaroni salad proves a picnic favorite when sliced frankfurters or cubed salami is added. Other popular salads include kidney bean, potato and cabbage slaw.

You'll want relishes that add tartness and crispness to the menu. Try whole tomatoes cut into sections, pickled beets, watermelon pickles, olives, carrot sticks and green pepper rings.

Desserts of the "carrying-kind" call for special consideration. Date bars, fruit turnovers or cup-cakes baked in colored paper cups are sure to draw the votes of the crowd. Gingerbread or applesauce cake stand in equally high favor but in order to carry these easily, it's smart to split and frost the inside instead of the top!

It's never too hot for a picnic and a porch party is always fun!

A refreshing dessert for a hot summer night —

Nectar Cooler

- 1 pint vanilla ice cream
- 3 cups chilled apricot nectar
- Maraschino cherries

Place two large spoonfuls of ice cream in each of four deep glasses bringing it well to the top on one side. Fill glasses nearly to the brim with nectar and top with remaining ice cream. Garnish with cherries or other fruit slices. Serves 4.

peach, pear or other fruit nectar may be used.

Molded Macaroni Salad
Serves 6

- 1 envelope unflavored gelatine
- 1 cup cold water
- 1 cup hot water
- 1/2 cup American cheese
- 1/2 teaspoon salt
- 1/2 tablespoon lemon juice
- 1 1/2 cups cooked chopped macaroni
- 1 cup chopped celery
- 1 teaspoon finely chopped parsley
- 1 tablespoon onion juice
- 1/2 cup cream or evaporated milk, whipped
- 1/2 cup mayonnaise

Soften gelatin in cold water and dissolve in hot water. Add cheese, cut in small pieces, and let stand over hot water until cheese has softened. Stir well and cool slightly. Add salt, lemon juice, macaroni, celery, parsley, and onion juice (made by grating onion). Cool, and when mixture starts to thicken, fold in whipped cream or whipped evaporated milk, and mayonnaise. Turn into a ring or loaf mold that has been rinsed out in cold water first, and chill until firm. Unmold on salad greens and garnish with strips of red or green pepper or sliced tomatoes. Serve with mayonnaise.

The wicker basket contains everything for a picnic: hot dogs and buns, potato salad, lots of cool drinks and cookies, enough for everyone's appetites.

Chiffon Cake

- | | |
|---|--|
| 1 cup sifted cake flour | 1/2 cup water |
| 1 cup plus 2 tablespoons canola oil | 1 1/4 cup plus 2 tablespoons egg yolks |
| 2 teaspoons double acting baking powder | 1 teaspoon flavoring |
| 1/2 teaspoon salt | 1/2 teaspoon cream of tartar |
| 1/2 cup sugar | 1/2 cup egg whites (about 4) |

Mix and stir first four ingredients. Make a well and add in other salad oil, water, egg yolks and flavoring. Beat with spoon until smooth. Add cream of tartar to egg whites. Beat until egg whites form stiff peaks. Gently fold first mixture into egg whites until well blended. Fold, do not stir. Turn batter into ungreased 9 inch tube pan. Bake in moderate oven (325 F.) 1 hour. Immediately turn pan upside down, placing tube part over neck of bottle or bottle. Let hang free of table until cold. To remove from pan, loosen side of cake with spatula.

Makings for Sandwiches

Delectable Vine-Fresh Flavor with Sure-Jell's 1-Minute Boil!

SURE-JELL the powdered pectin product that helps all fruits jell just right!

Wonderful RIPE GRAPE FLAVOR - because, with Sure-Jell, you use ripe fruit!

Follow this foolproof Sure-Jell recipe exactly, for super results!

GRAPE CONSERVE

5 cups prepared fruit, 2 lemons, 1 pound seeded raisins, 1 cup chopped nuts, 7 cups sugar, 1 box Sure-Jell

To prepare fruit: Slip skins from about 3 pounds fully ripe grapes. Add 1 cup water to pulp; bring to a boil. Simmer, covered, 5 minutes. Sieve to remove seeds; add chopped skins. Measure 5 cups into large saucepan. Add 1 table-

spoon grated lemon rind, 1/4 cup lemon juice, raisins, and nuts.

To make conserve: Measure sugar, set aside. Place saucepan of fruit mixture over high heat. Add Sure-Jell; stir until mixture comes to a hard boil. At once stir in sugar. Bring to full rolling boil, boil hard 1 minute, stirring constantly. Remove from heat, skim, ladle quickly, paraffin at once. Makes about 13 six-ounce glasses.

65 RECIPES IN EVERY BOX - a different recipe for each fruit!

A HALF-MINUTE BOIL FOR JELLY, a ONE-MINUTE BOIL FOR JAM, with Sure-Jell!

About 13 GLASSES! And you're sure of sure results, with Sure-Jell!

GRAPES ARE RIPE-

-ready for the jelly makers! Make plenty of this delicious, fresh-flavored conserve - the easy, speedy, Sure-Jell way!

WILLIAM FISHER, 78, DIED HERE FROM HEART AILMENT

William Fisher, aged 78, a long-time resident of Mentone and vicinity, died at 6:45 p.m. Monday at his home here. He had been ill for the past seven months from a heart ailment.

Mr. Fisher was born at Noblesville, May 12, 1870, the son of Isaiah and Julia Ann (Winebrenner) Fisher, but had resided in the Mentone community most of his life.

His first wife, Elizabeth (Robbins) Fisher, died in 1922. On May 16, 1943, he was married at Rochester to Minta May (Shirey) Cheviron.

He had been employed at the Northern Indiana Co-Operative here.

The deceased was a member of the St. John's Lutheran church in Rochester and was affiliated with the Moose lodge in Warsaw.

Surviving relatives include his wife; a daughter, Mrs. Mary Lou Lackey of Beaver Dam; and several nieces and nephews.

Funeral services will be held at 2 p.m. Thursday at the Reed funeral home. Burial will be in the Mentone cemetery.

Rev. D. L. Slaybaugh of Akron will officiate at the services.

NEW FIRE TRUCK PASSES ALL TESTS. IS NOW IN SERVICE

The new fire truck purchased by New Castle, Tippecanoe, Franklin and Harrison townships has passed all necessary tests to give the Mentone Fire Department a class "B" rating, which is the highest rating possible without at least two full-time, paid firemen.

It has now been put into service and is ready to answer all fire alarms.

In order that the patrons might see the new equipment, Trustee Charlie Green has asked that we bring the truck to Talma on Monday evening, August 30 about 7:30, for the patrons of New Castle Township.

For Tippecanoe township, Trustee Lewis Weissert has asked us to have it at the Tippecanoe ball diamond on Thursday evening, August 26. Be there if you would like to look it over.

MENTONE FIRE DEPT.

Two children of Mr. and Mrs. Wilson White of Indianapolis are spending this week with their grandparents, Mr. and Mrs. Delmar White.

MUSICAL PROGRAM AT LOCAL CHURCH MONDAY EVENING

As an added attraction, Bobby DelRio, accordionist, will appear on the

musical program at the Methodist church Monday evening, August 30, at 8:00, under auspices of the church and Veterans Hospital Programs.

Bobby DelRio was a member of the first unit of entertainers to go "down under" to entertain American boys on the fighting field. For eighteen months he dodged Jap fire to bring relaxation to the American soldiers. He has a shrapnel wound in his heel to prove he didn't dodge too well. In recognition of his work he received a citation for "meritorious service" from Washington.

The program features the talents of Mildred Young, graduate of the Juilliard School of Music in New York, and Pat B. Withrow, Jr., National Director of Veterans Hospital Programs, and speaker and lecturer. Mr. Withrow will tell stories of his experience in the Army camps, Naval bases and hospitals during the past five years.

The public is cordially invited to attend the rally in the interest of disabled veterans. Admission is free.

IT'S A WHOPPER

Ed Crail of Tipton caught a six and one-quarter pound bass at Palestine Lake Sunday morning. He was casting with a pork rind bait. Mr. Crail entered the catch in a contest at Tipton.

MRS. ELNORA HUNTER BURIED SATURDAY

Mrs. Elnora Hunter, 70, died last Wednesday morning at the home of her daughter, Mrs. Goldie Hndel in Rochester. She had been ill three months.

Born December 31, 1877 in Letters Ford, daughter of Henry and Mary Lathshaw. Mrs. Hunter had been a life resident of Rochester and vicinity. She was married to Rinaldo Hunter, November 10, 1902 in Rochester. He died in 1943. She was a member of the Mentone Baptist church.

Survivors include five daughters: Mrs. Hindle, Mrs. Florence Boggess, Mrs. Edith Wagoner, Mrs. Clarabelle Zents, all of Rochester; and Mrs. Annabelle Cotner of Kendallville; one son, Nelson Hunter of Rochester; 11 grandchildren; and one great grandchild.

Funeral services were held Saturday afternoon at the Zimmerman funeral home in Rochester, Rev. Harry J. Bailey officiating. Burial was in the Citizens cemetery at Rochester.

The Hunter family were former residents of Newcastle township.

SOFTBALL NEWS

In the first game of the tourney, Bryans edged out Beesons in a very close game by a score of 2 to 1. Both teams got 4 hits. Beesons made 3 errors while Bryans made 2. In the second game, Tippecanoe I.O.O.F. easily won over Etna-Atwood by a score of 20 to 5.

On Tuesday night, Utter-Tridle defeated the Co-Op 8 to 6. In the last game Tuesday night, the Legion reached the second round by winning over the Tippecanoe "B" team by a score of 7 to 1.

Schedule for the remainder of the tourney:

- August 25 —
Game 5—Elcar Coach vs Mentone Methodist
- Game 6—Bryans vs Tippecanoe
- August 30 —
Game 7—Utter-Tridle vs Legion
- Game 8—Winner Game 5 vs Winner Game 6
- September 1—Finals
- Game 9—Winner Game 7 vs Winner Game 8

NEWS? PHONE 38

WAGNER-GROSS

On last Friday evening at 7 o'clock, Lois Gross, daughter of Mr. and Mrs. Jake Gross, was united in marriage to Harold Wagner.

The double ring ceremony was performed by Rev. Ralph Huffman, of Chill, who had been one of Lois' high school instructors.

Mrs. George Mollenhour, junior, was matron of honor, and Don Bonine was best man.

The musical prelude and the wedding marches were played by Kendali White, a school mate of the bride.

Following the reception for about 40 guests, the newlyweds were given an old fashioned "belling."

Mrs. Wagner, who graduated from Mentone high school last spring, is employed at South Bend, and Mr. Wagner is employed at the Elkhart Packing Co.

Out of town guests included Mr. and Mrs. Fred Richardson; and Mr. and Mrs. Don Bonine and family, of Union, Michigan.

Those from Mentone were the parents, Mr. and Mrs. Jake Gross, Mr. and Mrs. George Craig and family; Mr. and Mrs. Carl Gross and family; Mr. and Mrs. Walter Barkman; Wanda Smith and Kenneth Simcoe.

HAY BURNS, BUT BARN IS SAVED BY QUICK ACTION

Quick action accomplished the nearly impossible Tuesday morning—saving a barn where hay was burning from spontaneous combustion. The fire occurred at the Maurice Rogers home near Talma, and Mr. Rogers discovered it when he opened the barn door just before 6:00 a.m. Finding it filled with smoke, he slammed the door shut, ran to summon his brother, who lives nearby, and the Mentone fire department.

When Rogers returned to the barn, he found the fire had burned a small hole in the mow floor, which with one joist partially burned through, constituted the damage to the barn, as the firemen and others were able to keep the flames down by removing the chopped hay faster than the flames could break out and spread. The fire had apparently started only shortly before Mr. Rogers found it, and another half hour delay in finding it would doubtless have meant loss of the barn.

Fishing definitely is a sport of relative values.

This fact was highlighted recently as we sat on the sidelines and listened to a couple of sportsmen argue over the comparative merits of their par-

ticular type of fishing. One was a devotee of salt water angling, the other strictly a fresh water enthusiast.

The salt water guy built a strong case for his sport. It seems as if he had done some fresh water fishing but usually found the fish hard to locate and, accordingly, made poor catches. Then he turned to salt water angling. He pointed out that almost always you can find some species of fish that's in a cooperative mood. They run big, too, he argued; and they have plenty of fight. He was sold 100 per cent on his sport.

The fly fisherman countered with facts about how much sport it was trying to outwit a trout or bass with a fly, the fun of playing a fish on light tackle, the beautiful scenery that accompanies a trip after trout to the mountain areas.

When the argumentative embers had burned low, neither sportsman had convinced the other that he was right—or wrong! And that's the way it is with arguing about fishing; you can come about as close to settling an issue as in arguing about politics.

Frankly, there is no argument. If a man enjoys salt water fishing, that's swell and he'll have fun with his sport. The fresh water fisherman, too, will get an equal amount of pleasure.

Today, however, you find more and more fishermen who are getting their sport with diversified angling. When the season and weather is right, you will find these fishermen after bass or trout or panfish. Some will be trying for pike or muskies. At other seasons these same fishermen will be surf casting for strippers, pier fishing or trolling for salt water gamesters.

As we look back through a couple of decades of fishing, we are sure that more and more fishermen now are adapting their sport to fit the conditions. Back a few years a sportsman usually stuck to one type of fishing. He was a surf caster, a pier fisherman, or he trolled for fish. Usually he didn't do all three.

And a fresh water enthusiast was the same. He was either a fly fisherman, bait caster, or hook-and-line follower. Today, however, many fishermen are

combining the many various styles of fishing—and species to try for—to an advantage. The system is more productive, too, in fun and the number of fish netted. Each type of fishing probably has something in its favor. So, naturally, if you combine them all you can be in a fishing utopia.

Whatever, the case, fishing is still a sport of relative values. But it's sure a lot of fun.

PALESTINE

By Arvilla Fisher

A special meeting was held at the home of Mrs. Ivan Clark Monday for a lesson on tailoring. Mrs. Clark gave the lesson. Those present were Mrs. Lucille Fisher, Mrs. Dale Plew, Mrs. Agnes Surguy, Mrs. Joe Montel, Mrs. Delta Whetstone.

Mr. and Mrs. Joe Birman of Rockford, Michigan, spent the week end with Mr. and Mrs. Roy Sloan.

Mr. and Mrs. Fred Rush spent Sunday evening with Mr. and Mrs. Jake McCloughan and baby.

A birthday dinner was given at the home of Mr. and Mrs. Fred Rush Monday in honor of Mrs. Dell Eaton of Mentone, and Barbara Plew of Palestine. Others present were Mrs. Frances Plew, Bob and Alfred Plew.

Mr. and Mrs. Ivan Clark and Marion Moran spent Sunday with Mrs. Clark's mother, Mrs. Myrtle Fisher of near Greentown.

Mrs. J. D. Turner of Warsaw is spending a few days with Roy Sloan and wife.

Mr. and Mrs. Henry Secor spent Sunday in Warsaw with Mrs. Ralph Stookey.

Mr. and Mrs. Joe Birman of Rockford, Michigan, Mrs. J. D. Turner of Warsaw, Mr. and Mrs. Roy Sloan and Valera Fisher of Palestine went to

Rochester to see Mrs. Lee Holderman of Silver Lake, who was in the hospital there with injuries sustained in an automobile crash Saturday.

Mr. and Mrs. Burton Hatfield spent Sunday with their daughter, Mrs. James Hyde and husband.

Little Dannie Ray McCloughan spent Saturday with Mrs. Naomi See and family.

Mr. and Mrs. Joe Birman of Rockford, Michigan, showed a motion picture of their fishing trip in Florida, and other features. Others present at the home of Mr. and Mrs. Roy Sloan Sunday evening were Mr. and Mrs. Keith Borton and son; Mr. and Mrs. William Jacobs and daughter Lyla; Mr. and Mrs. Junior Clark and son Larry; Mrs. J. D. Turner; Master Francis Rickel; Millard Chilcote; Misses Valera and Arvilla Fisher.

Miss Claudia Chilcote is spending a few days with her grandparents, Mr. and Mrs. W. C. Cochran and Mr. and Mrs. John Erwin and son of Burket.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

DROP IN DEATH RATE

Indiana's death rate will drop in 1948 as compared to 1947 if the trend of the first six months continues, according to Dr. Robert Serfling, director, Division of Public Health Statistics, Indiana State Board of Health,

9 a. m. to 12 Noon
1 p. m. to 5 p. m.

Evenings by Appointment

DR. DALE RIGDON OPTOMETRIST

"It's The Examination That Counts"

PHONE 143

115 W. Fort Wayne Street

WARSAW, IND.

who released statistics comparing deaths for the first six months in 1948 with the same period in 1947.

"Motor vehicle fatalities show a 10 percent reduction so far this year, but Indiana has far to go to bring its motor fatality rate down with its neighboring states," Dr. Serfling pointed out. "According to preliminary 1947 auto fatality rates issued by the U. S. Public Health Service for 41 states, Indiana's rate is 53 percent above that of Illinois; 35 percent above Kentucky's; 26 percent higher than Ohio's and 25 percent above Michigan's. Indiana's rate is only exceeded by six western states and Florida.

Influenza, pneumonia and the cardiovascular-renal diseases caused fewer deaths in the first six months of

1948 as compared to the same period in 1947, but cancer caused 215 more deaths. Tuberculosis continued its favorable trend downward with 78 fewer deaths recorded.

"The infant mortality rate did not vary much," Dr. Serfling said. "As in 1947 two-thirds of the infant deaths were of babies under one month of age, and 50 percent of these were due to prematurity. The birth rate dropped twelve percent, continuing the steady decline which has been observed since the post-war peak in December, 1946, of nearly 30 births per 1,000 population."

LT. GOV. RUE J. ALEXANDER

As lieutenant governor of Indiana Rue J. Alexander of Pine Village, also serves as commissioner of agriculture and helps plan the Indiana State Fair.

"Indiana's finest of everything will be on display this year," Mr. Alexander said. "After all," he added, "every citizen owns a share of this great show and all should come to Indianapolis September 3 through 10 to check up on their investment. More Hoosiers need to discover what a tremendous thing they have in their fair."

Cheese on the Shelf

Another entry to the handy shelf of ready-to-serve food in cans is processed cheese. Cheese packed in metal containers is not a new idea. Some was packaged this way before the war for export and domestic use. But the demand for cheese as a long-term shelf food is increasing. At present, the cheese is available in 14-ounce vacuum packed, key-opening cans. It requires no special refrigeration and may be stored on the food shelf with canned fruits and vegetables.

STATE PLANNING IMPROVED TROUT FISHING IN 1949

With the trout season nearing an end, Indiana Department of Conservation officials have announced plans to improve Hoosier trout fishing next year. The trout season, which opened May 1, closes August 31.

Under an annual contract, the Department of Conservation transplanted 6,000 brown and rainbow trout in Hoosier waters from the federal fish hatchery at Neosha, Missouri, this year.

Convinced that brown trout are more suitable than rainbows for Indiana waters, the Department of Conservation is applying for more browns in its 6,000-trout order for 1949.

"Brown trout stand warmer temperatures better than rainbows, and thus they will have a better chance of living and propagating in our lakes and streams, Director John H. Nigh said.

In addition to the 6,000 legal-sized trout annually placed in Hoosier waters, some fingerlings also are planted every year by clubs having rearing troughs. Several nice trout catches were reported this summer, especially in northern Indiana.

Mr. and Mrs. John Van Gundy and son Kenneth entertained at a pot luck dinner Sunday, the following, in honor of Mrs. Van Gundy's brother: Ray-

mond McCloughan and wife, Raymond Albert Van Gundy, a son of Mr. and Mrs. Van Gundy, Willard Sechrist and wife of Cleveland, Florida; John McCloughan and wife, Floyd Clark, wife and son, Mickie and Sue Ann Cook of South Bend; Willard Case, wife and sons Willard, Jr., and Russell, of Michigan City; Donald Van Gundy, wife,

daughter, June, and son, Ronnie, and Mrs. Frances Harmon of Hammond; Fred Buntain and wife of Larwill; Wayne Van Gundy of Winona Lake; Floyd Van Gundy and wife of Mentone. The dinner was also in honor of Donald Van Gundy, who is moving his family to Punta Gorda, Florida, this week.

IT CANNOT BE FOUND

One cannot find where any New Testament Church ever used instrumental music in the worship of God. The New Testament does command that we "sing and make melody in the heart", but it is as silent as the tomb regarding any mechanical accompaniment. Such is an unwarranted addition to God's order and a plain violation of His law. (Rev. 22:1819; II John 9). From the first verse of Matthew to last verse of Revelation, there is not so much as the slightest hint of the use of instrumental music in Christian worship. Jesus nowhere mentions it; no Apostle ever sanctioned it; no New Testament writer ever commanded it; and no apostolic church ever practiced it.

One cannot find where any church ever had an ice cream supper, pie supper, fish fry, carnival, or any other such affair to raise money for the church. This is some more of the foolishness of men as they attempt to improve on God's order. The New Testament teaches us that the members of the church are to give of their means as God has prospered them for the support of His cause. (I Cor. 16:1, 2; II Cor. 8:12; 9:7).

THE CHURCH OF CHRIST WELCOMES YOU

CARD OF THANKS

We wish to express our sincere gratitude to the Mentone firemen, neighbors and others who, by their great efforts, helped to prevent our barn burning Tuesday morning.

COUNTRY NEIGHBORS HOME ECONOMICS CLUB

The Country Neighbors Home Economics Club met Thursday afternoon at the home of Mrs. Henry Konneck. Mrs. Richard Notz, president, presided over the business session. Roll call was answered with "household hints." The second part of the lesson on "Better Meal Planning" was given by Mrs. Glen Law. Mrs. Everett Busenbarg gave a short talk on "Safety" and accidental falls caused by carelessness.

Plans were completed for a trip to Chicago.

Meditations were given by Mrs. Charles Shock and the meeting was closed by reading the poem "Collect." Highest auction bids were made by Mrs. Wilbur Utter, Mrs. Russell Walters, Mrs. Wayne Shunk, Mrs. Charles Shock and Mrs. Jake Gross.

Two Secret Pal gifts were received, and several contests were held.

The hostess and her assistant, Mrs. Earl Zent, served delicious chocolate cake and ice cream to 22 members, two guests and children.

Reuse Tin Cans

Tin cans may be salvaged and used twice or oftener, cutting down one of the worst of this country's metal wastes, under a patent issued recently. After the can has been used, it is cleaned thoroughly, lid seams are cut off and the can is subjected to drawing, which stretches the wall to its original height. It then is ready to be refilled and have a new lid rolled on.

ISN'T IT SO!!

The following poem was handed to us by Truman Long and it really does express the sincere sentiments of the most of us—especially those who have spent some time away from the home town.

Little Town

I like to live in a little town
Where the trees meet across the street,
Where you wave your hand and say
"hello"
To everyone you meet.
I like to stand for a moment
Outside the grocery store
And listen to the friendly gossip
Of the folks who live next door.
For life is interwoven
With the friends we learn to know,
And we hear their joys and sorrows
As we daily come and go.
So I like to live in a little town,
I care no more to roam,
For every house in a little town
Is more than a house. It's home.

FOURTEEN TO BE KILLED IN STATE OVER LABOR DAY

The heaviest traffic in Labor Day history will produce 14 fatalities and 532 serious injuries on Indiana highways during the 72-hour holiday period, Saturday, through Monday, September 4-6, Charles M. Hayes, president of the Chicago Motor Club forecasts.

Unequalled on any previous Labor Day week end, traffic volumes estimated by the Chicago Motor Club have been exceeded only twice—the Independence Day holidays this year and in 1947, when all-time records for holiday motor travel were set.

According to Motor Club studies, one family in 65 taking motor trips will have their holiday pleasure marred by traffic accidents. Fatalities or serious injuries will strike one family in 500 embarked on motor trips.

To reduce these statistical probabilities the Chicago Motor Club urges motorists to adopt the following four-point program in their holiday driving:

(1) Schedule trips so as to avoid fatigue and the necessity for driving at night or at excessive speeds. Two-thirds of all fatal accidents occur at night. Long periods behind the wheel without sufficient rest are almost equally fatal in dense holiday traffic.

(2) Increase the margin of driving error, distance allowances in passing

or following cars; and control of the speed at intersections, railroad crossings, bridge approaches and other dangerous points.

(3) Condition the car for holiday driving, checking all safety-equipment, including brakes, windshield wipers, lights and tires.

(4) Avoidance by local traffic in cities of overcrowded main highways and arterial streets at the beginning of the holiday period Friday night and Saturday morning, and its close, Monday afternoon and evening.

ANNOUNCE TALMA SCHOOL FACULTY

The teaching staff for Talma high school is complete, with the exception of a music teacher. Trustee Charles Green has announced. A new principal, Walter Jones, will succeed S. H. Brewer, who has taken a teaching position at Akron. Jones was formerly principal of the Urbana school.

Dessa Fultz will teach Latin, home economics; Ronald Malott, commerce, physical education; Charles J. Good, mathematics and science.

Grade teachers include: Kermit Biddinger, 7-8; Ruth Keebler, 5-6; Nadine Sriver, 3-4; Mary Norris, 1-2.

Charles Horn, Lavoy Hoffman, Melvin McGowen, William Snipe and Rudy Green are bus drivers. Omer Holloway will be janitor.

Public Sale

As I am quitting the Dairy business I will sell my entire herd of Holstein cows and heifers at my farm, located 5 miles north of Akron, Indiana, or 4 miles south of Mentone, Indiana, on State Road 19, on

TUESDAY, AUGUST 31, 1948

Sale to start at 11:30 A.M. Central Daylight Time

65 HEAD REGISTERED AND GRADE HOLSTEIN CATTLE

23 grade cows, 3 to 6 years old, 12 of these cows fresh or close-up springers, the rest in production now.

1 registered cow, 6 years old, to freshen Sept. 9; 1 registered cow, 3 years old, to freshen Sept. 1; 1 Guernsey cow, 4 years old, giving good flow of milk.

This is a fancy bunch of young cows, clean in every way, T.B. tested, calfhood vaccinated for Bang's disease. Breeding dates and production records will be given day of sale.

12 outstanding springer heifers; 2 Guernsey springer heifers; 10 Holstein heifers, bred; 12 open heifers. All above heifers are Bang's vaccinated. Several small heifer calves; 2 yearling Holstein bulls. This is as good a grade herd as will be sold this year.

MILKER

2-unit Surge milker, complete, used 18 months.

HOGS

10 Hampshire gilts, bred to farrow Sept. 1. These gilts are old immune and have been fed a brood sow ration.

FARM MACHINERY

Model M. Farmall tractor and cultivators, in excellent condition; two-16 Case plow on rubber, good condition; three-14 International plow with new Raydex bottoms; 1947 Skyline chopper, has filled only two silos and is just like new; new 12 foot spring tooth harrow; several small articles.

TRUCK

1935 Chevrolet truck with grain bed and stock rack.

TERMS: CASH

Not responsible for accidents.

Sale will be held under large tent.

MENTONE HOME EC CLUB

Mrs. Harry Vernetta entertained the Mentone Home Economics Club at her country home near Mentone, Wednesday, when a picnic dinner was enjoyed.

Mrs. Roy Salman presided over the afternoon session. The club song was sung, followed by repeating of the creed.

Mrs. Harry Sullivan gave the topic for meditation. A report by the Health Leader, Mrs. Linus Borton, "Steps and Stairways," was followed by reading of the history of the song of the month, "Last Rose of Summer" by Mrs. Cloice Paulus.

A lesson on rayon fabrics was given by Mrs. Howard Horn and Mrs. Emory Anderson. Mrs. Roy Salman gave an interesting report on the Purdue Conference.

Twenty six members responded to roll call. Mrs. Linus Borton auctioned off several articles. The mystery package was won by Mrs. John Laird.

Mrs. William Vernetta and Mrs. John Laird were assisting hostesses. Several members received gifts from their Cheerio Pals.

The ladies of the Methodist church of Palestine met at the home of Mrs. George Hipsher Thursday of this week.

Sandra and Betty Leedy, grand daughters of Mrs. Myrtle Davis, have returned to their home on route 1, Warsaw, after spending the past week with Mrs. Davis.

Special: 10% off on all electric fans. —Baker & Brown.

Mr. and Mrs. Mead Haimbaugh, Mr. and Mrs. Arthur Laruba and son Don of South Bend were Sunday guests at the Obe Haimbaugh home.

Sunday evening visitors at the Floyd Van Gundy home were Mr. and Mrs. Howard Knouff, daughter Loretta, and sons Arlo and Lester; Mrs. John Knouff, Dean Cook and Miss Beverly Kenny, all of Warsaw.

ENJOY 4-H TOUR

Monday, August 23, the Mentone 4-H club made a livestock tour and visited all 4-H Club members with livestock projects. During the tour Larry Yeiter gave a demonstration on preparing a calf for show, and Phillip Shilling gave a demonstration on fitting a pig for show. Some calves and pigs were judged at the home of David, Wayne and James Romine. At noon all the club members participated in a softball game.

Club members present for the tour were: Billy Reed, George Hall, Phillip Shilling, Floyd and Loyd Thomas, David, Wayne and James Romine, Roger Creighton, Kay Flenar, Larry and Robert Myers, John Davis, Jerry Serist, Merlyn Holt, Forst and Kenneth Dunnuck, Royal and Doyle Baum, Robert Hoffer, Robert Boggs, Wallace Oyler, Larry Yeiter, Duane Eckert, Charles Beeson, Lester Horn, Burdell Blackburn, and Eddie Creighton.

Others who made the tour were: Royce Tucker, Dale Kelley, Kenneth Yeiter, Lester Blackburn, Marvin Romine, William Romine, O. E. Beeson, Frank and Jim Manwaring, Lynn and Cliff Breeden, and Phillip Lash.

Motors in America

Out of the 45 million motor vehicles in use throughout the world last year, nearly 34 million were in the United States.

PLAN LIVESTOCK AUCTION SEPT. 3 AT COUNTY FAIR

Three hundred and sixty 4-H club youths will compete for awards in the boys' division at the county fair, the county extension office has announced.

The major awards are currently being displayed in the show window of Phillipson's store in Warsaw.

One of the highlights for 4-H club exhibitors at the fair will be the auction of livestock at 6 p.m. on Friday, September 3, at the 4-H building. This year, for the first time, 4-H club rabbits and lambs will be placed in the sale. Fat barrows and 4-H club steers will be auctioned off as usual.

The order of the sale will be: rabbits, sheep, barrows and steers.

Plans for the auction were made by a committee composed of A. I. Nelson, LeRoy Norris and Philip Lash of Mentone; Denzil Nelson and Wilbur Latimer of Burket; Anthony Mathias, Kenneth Fawley, Joe Cutler and John Mathys, Warsaw; Colonel Likens, Sidney; Eldon Watkins, Syracuse; Amer Koontz, Monroe township; and Assistant County Agent Cliff Breeden.

The awards on display at Phillipson's include: trophies for champion fat lambs, champion Berkshire barrows; champion Duroc barrow, champion gardener, champion pen of poultry, champion pen of New Hampshire poultry, outstanding dairy club member, model cow trophies for champion

females of Jersey, Ayrshire, Guernsey and Holstein breeds of dairy cattle; master showmanship awards for dairy club exhibitors; showmanship kits for 4-H pig club members; showmanship halters for dairy club members; and \$150 check for dairy scholarship to Purdue University.

OIL PRODUCTION IN JULY HIGHEST FOR MANY MONTHS

July oil production in Indiana was the highest this year, according to the monthly report made by the state's department of Conservation.

The July "pipeline run" report showed 669,925 barrels of oil in July as compared to 629,270 for May, the previous high month.

Director John H. Nigh said the July oil production in this state "probably was the highest for any month during the past three years."

ANNOUNCE 4-H AWARDS FOR HORSE JUDGING

Announcement of awards to be made for horse judging at the 1948 Indiana State Fair to 4-H club boys, is made by Prof. R. B. Cooley, department of animal husbandry, Purdue University.

The Indiana Draft Horse and Mule Breeders' Association will offer a trophy to the team making the highest score in horse judging, and the following additional cash awards.

Top placing individual in horse judging will receive \$15 and second high individual will be given \$10.

C. O. House, Arcadia, president of the association, said the awards would be made annually as an effort to stimulate interest in the activity.

TAX ADJUSTMENT

BOARD MEMBERS

Members of the county tax adjustment board which will meet on September 13 to review the proposed budgets and levies are: Madison F. (Matt) Jones, trustee of Turkey Creek township, will represent the county board of education; Harry Beatty of Leesburg will represent the county council and Mayor Charles H. (Bush) Rice of Warsaw will represent the city of Warsaw.

The four board members named by Judge John A. Sloane of the circuit court are: Mahlon Mentzer, Mentone; Fred Hendrick, Mrs. Stuart Stokes and Mrs. A. E. McConnell, all of Warsaw.

HAVE SOFTBALL PICNIC

The members of the Methodist Youth boys and girls softball teams enjoyed an outing at Tippecanoe Lake last Sunday afternoon and evening.

Speedboat rides, surfboard riding and swimming were followed by a weiner roast.

After this the girls team played the boys team (the boys taking the handicap by batting and pitching left-handed.) The boys won.

The teams' manager, Wayne Tombaugh, was assisted by Mrs. Tombaugh, Mr. and Mrs. Ora McKinley, Mr. and Mrs. Don Emmons.

FIN FANCIERS MEET HERE

On Tuesday evening, August 10, the Fin Fanciers Club met with Merrill Peterson. Clarence Eiler had charge of the program on "Feather Pins."

Nineteen members responded to roll call by giving a helpful hint on the daily care of fish.

Delicious refreshments were served by Mrs. Peterson.

VACATION READING CLUB PICNIC

The members of the Vacation Reading Club held their first annual picnic at the Artley Cullum home Wednesday afternoon.

Members and guests present were: Madaline and Joyce Anderson, Sue Fenstermaker, Patsy Holley, Patty Parker, Janice Mollenhour, Myra Brucker, and the librarian, Mrs. Lackey.

LEGIONNAIRES COMPLETE PLAYGROUND FOR YOUNGSTERS

Members of the Mentone Post of the American Legion have been working for some time fixing up a playground for the youngsters at the town lots at the west edge of the city. They have erected a screen back stop for softball and baseball and cleared off

a diamond. There is also an area for playing basketball with one basket. There are two teeter-totters for the smaller children and the town has purchased a double swing unit and horizontal bar.

The young folks should appreciate this gift from the Legion boys as it gives them a place all their own.
