GIVEN BRIDAL SHOWER

The Misses Bonita Miner and Jo Lynn Cullum were hostesses on last Friday evening at a bridal shower honoring Mrs. Robert Burnett, the former Betty Witham, at the Cullum home.

Winners at "unscrambling" household words were Phyllis Bowser and Mrs. Rex Burnett.

Door prize was drawn by the guest of honor.

Each guest wrote a list of "Don't Evers" which were compiled into a book for the bride.

Those present were: Mrs. Jake Kleinfelder, of Bourbon; Mrs. Rex Burnett, Mrs. Don Hahn, and Mrs. Howard Stutzman, of Etna Green; Mrs. Keith Wagner, of Palestine; Mrs. Arthur Witham, Mentone; the Misses Phyllis Bowser, Monna Lou Darr, Madeleine Holt, Mrs. Myrtle Reed, Mrs. Arley Cullum, the guest of honor and the hostesses.

Gifts were sent by Mrs. Huffman, Mrs. Rex Witham and Carolyn See.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Richard E. Hodges of Etna Green, Indiana, announce the engagement of their daughter, Margaret, to Gene A. Black, son of Mr. and Mrs. Henry A. Black, of Macy, Indiana, rural route No. 2. No date has been set for the wedding.

JUNE ROMINE HAS SURGERY

June Romine, 12-year-old daughter of Mr. and Mrs. Marvin Romine, of near Mentone, submitted to surgery performed Wednesday at the Lutheran hospital in Fort Wayne. An operation on her left leg was necessary because of an illness four years ago, due to polio.

HOBART CREIGHTONS TO EUROPE

Mr. and Mrs. Hobart Creighton, daughter Martha, and son Eddie, left Chicago by plane Tuesday morning. They were to land in New York and take a transatlantic plane from there and planned on being in Paris, France on Wednesday morning.

They plan on a four weeks trip, and will attend the International Poultry Congress, in addition to visiting in Italy, Belgium and England.

ENTERTAIN AT PRE-NUPTIAL SHOWER

On Wednesday evening, July 25, the Misses Wilma and Carol Clinker, of near Akron were hostesses at a pre-nuptial shower honoring Patricia Rose Hudson.

Many lovely gifts were received by the bride-elect.

Lovely refreshments of ice cream bars centered with a pink bell, dainty pink tea cakes, and nut and white mint served from white plastic baskets were served by the hostesses.

Those present were: Mrs. Lawrence Hudson, of near Claypool; Mrs. Bert Rickel, of Palestine; Mrs. Raymond Hudson, of near Warsaw; Mrs. Harold Miller, of Beaver Dam; Mrs. Dale McGowan, of near Etna Green; Mrs. Gerald Romine, Mrs. Kenneth Hudson, Marilyn Tucker, Geneva Whetstone, Norma Jean Hudson, of Mentone; Mrs. Gerald Clinker, mother of the hostesses.

Those unable to attend but sending gifts were: Mrs. David Cooper, Mrs. David Johns, Mrs. Merl Linn of Mentone; and Mrs. Ronald Hudson, of Warsaw.

PUBLIC SKATING PARTY

Merry Mentonettes 4-H club skating party at Warsaw Tunnel of Fun, Friday, August 10, starting at 7:00 p. m. The public is invited. Tickets, 40 cents, available from 4-H members, Mrs. Robert Parker and Mrs. Harold Markley. Proceeds to go to finance club trip.

IN McDONALD HOSPITAL

Mrs. George Hall is a patient in the McDonald hospital following an appendectomy performed Wednesday.

RECREATION SCHEDULE

Thursday, Aug. 2, 9 a. m. and 2 p. m., reading program.

Friday, Aug. 3, 2 p. m., supervised play.

Monday, Aug. 6, 9 a. m., crafts.

Tuesday, Aug. 7, 2 p. m., supervised play.

Wednesday, Aug. 8, 9 a. m., crafts.

Thursday, Aug. 9, 9 a. m. and 2 p. m., reading program.

IN MURPHY MEDICAL CENTER

Mrs. Lavina Shinn, 81, was admitted to the Murphy Medical Center on Wednesday for medical treatment.

ELENER NORRIS TO BE IN STATE COMPETITION

Elenor Norris, Franklin Township, won the right to demonstrate in State Fair competition when she was named one of the two Fort Wayne district winners last Friday. In her demonstration "Be Wise, Pasteurize", she shows both the electrical and double boiler methods of pasteurizing milk.

Three other 4-H girls from Kosciusko county earned the right to judge in state competition. Ruth Ann Nine of North Webster placed first in Home Improvement judging; Carolyn Bowen of Burket placed second in clothing judging and Rita Williams of Claypool, was second in Food Preparation judging.

Both the district judging and demonstration contests were held at Wabash. Mrs. Ruth Snellenberger, local home agent, served as chairman for the demonstration contest.

CLUB CALENDAR

Mother's of World War II will meet at the home of Mrs. Almyra Fisher, Wednesday evening August 8th at 8 o'clock. Meet at Helen Mollenhour's by 7:15 for ways of going.

The Jolly Janes Home Ec. club will meet Monday, August 6, at the home of Mrs. Dwight Reichard at 8 p. m.

Legion meeting next Tuesday, August 7, at eight o'clock.

The Royal Neighbors will meet Tuesday evening, August 7th at the home of Della Dillingham for a potluck supper at six o'clock. Bring a guest, some food and table service.

Mentone Home Economics Club at the home of Mrs. Bessie Gross Thursday, Aug. 9. Carry-in picnic dinner at noon. Bring card table.

EGG SHOW COMMITTEES MET TUESDAY EVENING

The first general meeting for the committees for the 1951 Mentone Egg Show was held at the school building Tuesday evening.

After much discussion, it was decided to again hold the show during the teacher institute week—Oct. 25 and 26. The main difficulty encountered on a previous date was that because of the school duties of the 4-H members they would be unable to participate and they always have a very important part in the program.

A number of changes were made in committee personnel. The County Home Economics Clubs had previously named an Egg Show committee, which will function in place of the committee announced last week. The ladies on the committee are: Mrs. Oscar Bowen, chairman, Mrs. Ira Moore, Mrs. Charles Manwaring, Mrs. Leroy Cox, Mrs. Richard Manwaring, Mrs. Russell Creighton and Mrs. Ed Creakbaum.

Delford Nelson was named chairman of the program committee in place of Russell Shipley; S. G. Schenk, of Silver Lake, was added to the decorations committee, and Leo Seitenright, assistant county agent, was placed on the premium committee.

Another general meeting is scheduled for Tuesday evening, Sept. 11th. In the meantime the various committees will perform their duties individually.

HARRY WATKINS TO OPEN FAMILY SHOE STORE

Representatives of the Bradley Shoe Company arrived in Mentone Wednesday evening to assist Harry Watkins in putting in a complete family shoe store in his business rooms behind the Drug Store building.

The trucks were loaded with modern shelving and display racks in addition to a full stock of shoes for every member of the family.

HAS MAJOR SURGERY

Mrs. Claude Barkman underwent major surgery Tuesday evening at the Woodlawn hospital for adhesions. The gall duct was washed out, but no stones were found.

THE REGAL MOTH

About twenty kinds of royal moths live in the United States. The largest of these is the Regal Moth. He is a colorful giant who can spread his wings until they stretch five to six inches from tip to tip.

The wings are divided into parts, fore and hind. The forewings are olive-gray spotted with yellow and lined with reddish-brown veins. The hind wings are

©National Wildlife Federation
Regal Moth

orange-red, and they also have dark red veins. The wings carry a short, thick body which is orange-red with pale yellow spots.

Early in the summer, the Regal Moth lays eggs on the leaves of trees and plants. The eggs hatch into caterpillars which feed on the leaves of hickory, butternut, black walnut, persimmon, and other trees.

The caterpillars have a name of their own. They are called Hickory-Horned Devils, because their bodies are covered with rows of spiny, black horns.

Since the caterpillars are five inches long and so well armed, they look dangerous. But the National Wildlife Federation says they are really quite harmless.

Along about September, the Hickory-Horned Devil burrows into the ground. There he spends the winter and waits for June to roll around. He doesn't bother to wrap himself in a cocoon, as some caterpillars do, but slowly changes into the next form of his life—the pupa.

In June the pupa is ready to force its way out of the earth. The air and sunshine help to grow and change. Soon it has the shape and size of a full-grown Regal Moth, ready to lay eggs and flit about during the long summer months.

Regal Moths live over a wide area in the eastern half of the United States. They are found from Massachusetts to Illinois, and southward to Texas and Florida. Usually they stay near forests where they can lay their eggs and where their caterpillars can have plenty of leaves to eat.

This might lead some people to think that Regal Moths are destructive pests which harm forests. The National Wildlife Federation says this is not the case. There are not enough Regal Moths and caterpillars to do any great harm.

They are simply interesting, eye-catching inhabitants of the insect world. The leaves which they devour are hardly missed, and they themselves

may furnish a meal now and then for hungry birds.

Interesting information about other wildlife species can be obtained by writing to the National Wildlife Federation, Washington 10, D. C.

WHY CHANGE IN FEED MAY GIVE COWS INDIGESTION

If you can visualize a million tiny organisms all raising a fuss or sulking around, you will have a good picture of what sometimes happens in the stomach of a cow abruptly put on a new kind of ration.

Digestive processes in the bovine rumen depend to a great extent on help from a team of microscopic sized organisms called infusoria, fungi, and bacteria. They make it possible for cattle to digest crude feed and they aid in the manufacture of certain nutritional elements not adequately supplied in the feed.

These organisms get an unpleasant jolt when the owner makes an abrupt change in the cow's ration. While the organisms are getting adjusted to the new feed, they don't do their work right. Result: The cow gets a stomach ache or indigestion.

Such trouble can be prevented by making ration changes gradually. For example, instead of waiting until all of the old hay is eaten before starting on the new season's batch, make a 50-50 mixture of the old and the new and feed that for several days before switching entirely to the new crop.

Farmer's Question Corner

PREPARED BY
American Foundation For Animal Health

What About Acetonemia of Dairy Cows?

Q: What causes this dairy cow disease?

A: The exact cause is unknown. The sickness is somehow related to faulty intake or utilization of carbohydrate foods.

Q: What types of cows are most susceptible?

A: Usually the best producing cows and the good feeders seem most prone to acetonemia or, "ketosis," as it is sometimes called.

Q: How does the disease act?

A: The cows go off feed rather quickly. Some are highly nervous and lick themselves. There is quick loss in weight; radical drop in milk production. The breath may have a sour-vinegar odor. The cow may scour and even go down.

Q: Can the disease be cured?

A: When treatment is started early by a skilled veterinarian most of death losses can be avoided. How-

ever, recovery is often slow and requires careful nursing to bring milk production back to normal.

Q: Is acetonemia easily confused with other diseases?

A: Yes, it may look like plant or forage poisoning, or milk fever, when it hits cows that recently calved. Veterinarians usually run a chemical test for sure diagnosis.

Q: What precautions can one take to avoid this trouble?

A: Talk over feeding schedules with the veterinarian to correct errors. Be sure that cows have plenty of green hay during the winter. If a cow goes off feed, don't guess; get a diagnosis. Prompt action may save a valuable animal.

FRANKLIN 49ERS MEET

The Franklin 49ers held their last regular meeting of the year at the home of Sandra Ballinger. Demonstrations were given by Sandra Ballinger on Frozen Fruit Salad, Banana Short Cake by Karen Latimer and Peanut Butter Cookies by Judy Teel.

Nine members answered roll call by telling the states they would most like to visit. Joan Tucker led in singing the club song and Mrs. Alden Jones led in the pledges to the flags. The health and safety leader, Wilburta Latimer assisted members in filling out their health record for the year. Record books were also checked for completion.

Refreshments were served by Elenor Norris and Marilyn Rathfon.

The next meeting is the Achievement program at the Alden Jones home, Aug. one at 9:00.

KAREN LATIMER, Reporter

Tip for Homemaker

To keep the knobs on cupboards and dresser drawers from working loose, use washers of fine sandpaper. Cut the washer to fit the knob. Make a hole in the middle of the washer, and slip it over the bolt or screw between the knob and the drawer. Put the abrasive side next to the drawer. When the nut is tightened, the knob will not work loose.

Kills Shine

When shiny spots show up on walls painted with flat wall paint, you can often remedy the situation by coating the spots with buttermilk or sour milk.

**WHITE SNAKEROOT A
DANGER TO LIVESTOCK**

White snakeroot is believed to be responsible for more cases of poisoning in cattle and sheep than any other plant, according to a seasonal bulletin from veterinary medical authorities.

This poisonous plant causes trembles, also called milk sickness. It is a round-stem woodland growth about 3 feet high and has spearhead-shaped leaves, each with three prominent veins and with an undersurface that is shiny in comparison with the dull upper surfaces. It bears clusters of white flowers in the fall, usually in September.

Its poisonous property is a chemical, known as trematol, that not only poisons livestock, but also can cause fatal illness in people who consume milk from poisoned cows.

About 3 pounds of white snakeroot is enough to kill a sheep or goat. Horses, mules and cattle may succumb on about 10 pounds.

Affected animals become listless, frequently develop severe trembles, lose weight, and die of exhaustion. In addition to medical treatment given by or prescribed by the veterinarian, farmers are advised to milk poisoned cows regularly, because milking is one of the few ways of removing the poison. Such milk should be discarded, since it is unfit for animal or human consumption.

If prompt steps are taken to supply an abundance of good forage to the entire herd as soon as the first animals show signs of snakeroot poisoning, additional cases may be avoided.

MARINE RECRUITER AT

ROCHESTER EVERY MONDAY

The U. S. Marine Corps recruiting service sends a Marine recruiting sergeant to Rochester every Monday. He may be reached at the city hall from 11 a. m. until 2 p. m. every Monday. One of the reasons for maintaining Marine Corps recruiting personnel in cities is in order that they may answer questions regarding the Marine Corps whether the question be about enlisting or a relative or loved one who is already in the Marine Corps. You are invited to use the services of this recruiter and make his stop in Rochester worthwhile.

The main recruiting office for this area is located in room 207, Post Office Building, South Bend, Indiana, and it is open from 8 a. m. until 5 p. m. daily except Sundays and Holidays. If you want to be sure to see the Marine recruiter on his next trip to Rochester write to the main office giving the time that you will be at his stop-

ping place in Rochester. He may have other calls to make and this procedure will eliminate long waiting periods at a time other than when you desire to talk with him.

Mr. and Mrs. John Grimes and son Bob of San Diego, California, are spending this week visiting at the home of Mr. and Mrs. William Vernet. Mrs. Grimes is a daughter of Mrs. Vernet.

**AWARDS MADE AT
CONSERVATION CLUB CAMP**

The 14th Conservation Club camp closed at McClure Lake last Thursday evening with a public fish fry, and the presenting of the club awards. The awards were made by C. O. Mollenhour, president of the County Council of Conservation Clubs, and Rev. David Gosser, camp director.

Robert Oliver, of Akron, received the star camper award and Lyle Vandermark, of Talma, was named star conservationist. Jon Cullum was selected as alternate star conservationist.

James Sarber was first, Robert Oliver second and Richard Moore third in rifle shooting. A number of Boy Scout awards were also presented at the final evening session.

Bill Barnes, of the state conservation department, a regular at the annual Conservation camps, gave the farewell address in place of Gov. Schricker, who again was unable to be present.

Mr. and Mrs. Fred Lemler recently purchased the Clyde Reed home and plan to build it into apartments, which, they report, are already rented.

Mr. and Mrs. Mervin Jones returned this week from a vacation trip into the western states.

It's not too late to order Cherries. Mentone Locker Plant.

**COUNTY FAIR TO BE
HELD AUGUST 13 TO 18**

The Country Print Shop has completed the printing of the catalogs and other material for the 35th Kosciusko County Fair, to be held at Warsaw for six days and nights, starting Aug. 13th.

The fair dates were moved ahead this year, to accommodate those desiring to exhibit at the state fair, and those desiring to enter exhibits should get their premium lists and entry blanks at once.

**CAMP MEETING TO
OPEN FRIDAY EVENING**

The annual Church of God camp meeting at Yellow Creek Lake, will open on Friday evening, August 3, and there will be regular services at 10:30, 2:30 and 7:30 each day up to and including August 10.

Rev. Boyce Blackwelder, pastor of the Beldon Avenue church at Chicago, will be the evangelist for the evening services. Marvin S. Proctor, pastor at Reedsburg, Wisconsin, will be the song evangelist.

An invitation is extended to everyone to attend as many of the services as possible.

George Washington Home
Mt. Vernon, George Washington's home on the Potomac, is older than the nation and built of wood.

**1938 GRADUATING CLASS
HELD A REUNION SUNDAY**

The members of the 1938 graduating class of Mentone high school, and the members of their families, gathered at the Warsaw City Park last Sunday for their reunion. Present were Mr. and Mrs. Robert Goshert and Linda, of Burket; Mr. and Mrs. Robert Beeson, of Fort Wayne; Mr. and Mrs. Robert Tucker and Jane and Mitchell, of near Warsaw; Mr. and Mrs. Lenord Estep and Mickey of Warsaw; Mr. and Mrs. Forrest Hoffer and Jane of So. Bend; Mr. and Mrs. Everette Besson and Janet Sue and Judy Ellen, and Mr. and Mrs. Jack Shinn and Kathleen

and Candace, of Mentone; and Mr. and Mrs. Robert Tucker and their two daughters, of Argos.

Robert Tucker was named president of the organization, and Louise Tucker, secretary.

The groups plans to meet the last Sunday in July, next year, with Mr. and Mrs. Robert Tucker, at Argos.

DAIRY DAYS IN PROGRESS

The annual Kosciusko County Dairy Day program began at the county fair grounds today, and will continue on Thursday and Friday. If you are interested in fine dairy cattle, or the dairy industry, you should plan to attend.

Cabinet members have no elective status. They are merely presidential advisers and, unlike the British cabinet members, they do not participate in legislative debates; they may, however, be summoned to testify before congressional committees.

Silver Alloys

Copper is the most generally employed hardener for silver. Sterling silver usually contains 7.5 per cent copper, while 10 per cent copper-silver is one of the important coinage alloys.

George Washington Carver

It is not every artist whose paintings are valued at \$4,000. It is all the more unusual when both the paint and canvas are made by the artist himself. Yet, it was the famous European art gallery at Luxembourg and also the Chicago World's fair which placed the price on those pictures painted by a man primarily known for his work as a research chemist—George Washington Carver. He made the paint from Alabama clays and the canvas from cornstalk fibers.

ADVERTISE — IT PAYS!
NEWS — PHONE 38

MILFORD MAN ELECTED STATE LEGION COMMANDER

Gilbert Bates, of Milford, Tuesday was elected state commander of the American Legion. Local Legionnaires and Mentone business people were active in the effort to have a veteran from this area named as state commander. Bates is a veteran of the first world war and has been a Legion member over 30 years.

Painting Walls

When painting walls, it is advisable to apply finish coats only when the surface is uniform. This is especially important when deep colors are to be used. A special undercoater may be required to get the best results.

HAVE YOU HEARD

about the salesman who was so sharp he could sell buggy whips for automobiles?

Well, that wasn't me. I couldn't sell dollars for nickels. But I am using the automatic Egg Maid myself and know that it is a practical time and labor saver and also increases profits by preventing egg breakage.

You'll appreciate the Egg Maid most of all during busy farming seasons or when you are away from home all day.

As this is a very busy season for

Automatic Egg Maids, we would appreciate having your order two or three weeks before you need the nests. Whether you buy one or a dozen I will do my best to give you a good deal and good service but if you are looking for a high pressure sales talk, you're out of luck—I'm windy but not tricky.

a word to the WIFE
is sufficient!

Just a word of our annual sale is good reason to order today! You save with our season's low price. Quality and sizing are at their best. Away from the rush season, delivery is extra clean, convenient, and a full coal bin gives you security to be had with no other fuel. It's worth while!

CO-OP. BUILDING DEPT.

OUR TOPPLING GOVERNMENT

By Morton Clausen

Morton Clausen that such a catastrophe may occur in a not too distant future—unless something is done.

Our government may topple because you and I have neglected our Ship of State. Directly and indirectly we are sabotaging that sleek, swift vessel designed by the framers of the Constitution to gracefully and successfully take the lead among world governments in the race for a better world. We have

hull, and her timbers and planking to rot. We have rigged her with ignorance allowed barnacles to accumulate on her and manned her with incompetence.

What will happen to an institution vested with so much authority that it is responsible for good fortune and bad fortune, for wealth and for destitution, for equality and for inequality, for virtue and for vice? It destroys itself.

No government institution, no matter how brilliantly manned and staffed, can ever for long successfully discharge such obligations to its citizens. No man-made institution can ever play God and be successful at it.

If, as individuals or as a group, we are successful and suffer no serious setbacks, such a government may for the time being be the object of our gratitude. But if we are unfortunate, if our national economy should receive a serious setback, then such government must bear the blame.

When government creates a monopoly of education, it must answer to the hopes of the parents whose children it educates.

When government undertakes to maintain and protect our health, it must keep us well, be answerable for every ailment we contract, and must successfully treat those ailments.

When government undertakes to regulate and govern industry, then it also contracts to make it prosper, other-

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

wise it would be absurd to deprive industry of its liberty.

In meddling with the balance of trade through tariffs, executive edicts and bureaucratic directives, it thereby undertakes to guarantee more trade and greater prosperity. If this results in reduction and destruction of trade, whose fault is it?

In giving protection instead of liberty to industry for defense, it contracts to make it profitable. If that becomes a burden to the taxpayer, who will get the blame?

In enacting laws to govern morals, ethics and behavior of the people, if such laws make things worse, whose fault will that be?

Today there are few grievances for which the government does not try to make itself responsible. With each new responsibility there is another extension of the domain of law and force, and thus another potential for failure.

If government undertakes to control and cannot control because of being in opposition to some higher law and order; if it undertakes to care for us all from cradle to grave and cannot do it; if it undertakes to sub-

sidize everybody and everything and cannot do it; if the government undertakes to enlighten, develop, enlarge, strengthen, spiritualize and to sanctify the soul of the people, and cannot do it, what then?

History records that every government that has undertaken to regulate control and govern beyond a narrowly limited scope has failed, and that each such failure was attended by a revolution.

The time is here for every good American to go to the aid of his government. Unless we speedily and drastically trim its power, scrape it clean down to the narrow confines so wisely designated by the framers of the Constitution, it will destroy itself, and us with it.

WURLITZER ELECTRIC ORGAN

BAPTIST NEWS

At a meeting of the Joint-Board on Tuesday evening tentative plans were made for the Revival meetings to be held from Nov. 4-11 with Rev. Kenneth Dodson, Pastor of the Glen Park Baptist Church of Gary, Indiana. From October 14-21st, Mr. Dowden, will go to their Church for an 8 day meeting. It is hoped the Lord will bless these meetings where the pastors of the two churches will be the evangelists for each other. Special music will be provided in both churches to assist the Evangelist in the services.

The Baptist Youth Camp on Crystal Lake is over and some sixteen young people of this church enjoyed the privilege of the first year of camp. Those attending the different groups were: Myra and Jimmy Bucher, Phyllis Warren, Rebecca Oyler, Shirley Goodman, Sarah Jane and Rosemary Benson, Judy Myers, Lois and Jack Dowden, Charles Feldman, Glen Davis, Marlene Reed, Marilyn Rathfon, Leah Nell Lemler and Sue, Ellen Shepler. More than 300 Baptist young people from the state attended the three weeks of camp. Plans are being made to enlarge the camp for next year with several new cottages and completion of the kitchen.

A new constitution is being prepared for the church with the following on

the committee: Leroy Norris, Raymond Lewis, Everett Rathfon and the Pastor. It is hoped that all parts of the constitution can be approved by the church so that it can be printed and completed before the end of the year.

Word has been received from Miss Lova Bush in India that she has received her permit for the Jeep and is no doubt using it now in her work. Rev. Peter Tanis has just been appointed Protestant Chaplain at Cook County Jail in Chicago. In this position he has good opportunity to speak to men on death row and any other protestant prisoners in the jail. He is now working about four days a week in the work and will soon be putting in full time there. He is partly supported by the local church. He and his family live in Richmond, Illinois, and he commutes to Chicago each day. Rev. and Mrs. Harry Elder were moved to Pittsburgh last week by Charles Feldman and they are now ready to begin their work in that city in mission work.

Mr. and Mrs. Wayne Zollman, sons, Jimmy and Max and daughters, Helen Ann, of Tippecanoe were Sunday evening guests of Mrs. Mary Marquidt and son, Al, of South Bend.

Mrs. Fred Middleton of Elkhart is spending several days as a guest, of Mrs. Maude Snyder.

WORD FROM VERNON MEREDITHS

A card from Mr. and Mrs. Vernon Meredith, who are on their way back to Ft. Lewis, Washington, after spending some time with home folks, says:

Saturday Morn.

Dear Art,

We are on our way West again and we're taking a northern route. We traveled 12 until we left Billings and now we're on 10. We stayed in Billings last night. When we got in Miles City last evening you couldn't have given us this state but now we are seeing some beautiful country. It was 108 degrees yesterday afternoon and they told us at Miles City it gets hotter! We nearly melted and ran down in our shoes.

Vernon and Marcella Meredith

Mr. and Mrs. Arthur Brown were in Chicago this week attending the National Jewelers Convention and also the China, Pottery and Giftware show. Mrs. Brown took some special training in gift wrapping, which she found very interesting and worth while.

FLOOR — NELSON

Miss Isabell Nelson became the bride of Freddie Floor Sunday afternoon in a double ring ceremony at the Winona Lake parsonage. The Rev. Glenn E. Smouse read the vows. Mr. and Mrs. Alfred Nelson, Sidney, are the parents of the bride and the groom is the son of Mr. and Mrs. Dale Floor, Silver Lake.

The bride was attired in a yellow taffeta street-length dress. She wore a corsage of purple carnations. Mrs. Ralph Floor attended as matron of honor and wore a sheer purple dress with a yellow carnation corsage. Ralph Floor cousin of the groom, served as best man. After August 1, the couple will reside in Elkhart. Mrs. Floor is a graduate of Sidney High School and Mr. Floor is a graduate of the Laketon High School.

Roy Rush and O. R. Koser spent the week end in Indianapolis attending the 40 and 8 convention.

Mrs. Elva Rush and Eleanor Rush spent Saturday and Sunday at Jonesboro, Indiana visiting Mrs. Myrtle McKeever. Mrs. McKeever is a sister to Mrs. Rush.

Mrs. Artimus Coplen and son, Dave spent Wednesday in Indianapolis where she took her son for a check up at the Riley Hospital.

Mrs. Russell Chapman spent Friday in Indianapolis on business.

Mrs. A. E. Walker and son Bud, of Indianapolis spent the week end here in the Mrs. C. M. Walker home.

O. C. Montgomery was on the sick list over the week end.

Mrs. Lottie Cram, who underwent major surgery at the Memorial Hospital at South Bend recently, is getting along as well as it can be expected.

Mr. and Mrs. Don Holloway of South Bend were the Sunday guests in the home of Mr. and Mrs. Fred Barr. Mr. and Mrs. Holloway are formerly of this place.

Ted Hubbard of Rochester called on his grandmother, Mrs. Edith Arter Saturday.

Mrs. Orah Bryer of South Bend spent the week end here as the guest of Mr. and Mrs. Lou Grove.

Mr. and Mrs. Charley Green spent Friday in Indianapolis.

Walter Overmyer of Rochester was the Sunday guest of his son, Mr. and Mrs. Nelson Overmyer.

Mrs. Sonny Green left Friday to join her husband, Pvt. Sonny Green, who is stationed at the Robbins Air Base at Macon, Ga.

Mrs. Harry Sriver has returned home after spending a few days in Warsaw.

Carl A. Dick of South Bend was the guest Saturday of his father, Mr. W. A. Dick.

MENTONE INVADED —
WAR IS DECLARED

War has been declared by the Mentone Merchants Association against the aggressor mosquitoes which have invaded Mentone. Arrangements are being completed by the Merchants Ass. to spray the alleys and play grounds with atomic D. D. T. Spraying equipment will be furnished by Teel's Orchard. Representatives from the fire department and interested citizens will assist in the spraying.

As was done last year, and opportunity will be given to citizens who have particular grudges against the pesky mosquitoes to contribute toward the cost of the D. D. T. Contributions may be placed in a box located in the bank lobby. No contribution is too small. To assist you in determining the amount of your contribution, count the number of your mosquito bites and multiply by five cents. If the contributions warrant, an attempt will be made to spray the shrubbery around the houses which can be reached from the street. It will be impossible to spray all shrubs as the spraying equipment is not long enough.

Citizens with gardens are cautioned to wash fruits and vegetables from gardens after spraying.

HEALTH FACTS FROM YOUR
STATE BOARD OF HEALTH

Freaks accidents caused more than fifteen deaths in Indiana during the past year, according to Verne G. Robinson, director, Division of Public Health Statistics, Indiana State Board of Health.

The accidents seem to occur in the very young or aged with a few accidents with guns in children from 17 to 19 years old.

Some might be attributed to wrong self-medication. The igniting of gasoline and samphor gum when applying it to the knee as medicine caused one death. An accidental self-poisoning occurred when phosphorus rat paste was mistakenly taken as a relief for abdominal pains over a period of years.

Bicycle accidents took their toll with accidents such as a ste hold trick of trying to "beat" the train with a bicycle, and accidentally riding a bicycle under a freight train listed as attributing to death.

"Even the householder may take heed," Mr. Robinson pointed out. "The inhaling of fumes while cleaning furniture was listed as a contributing cause of death. Choking on meat, cloths fired by a cigarette, a fall into a 10 gallon stone jar and drowning, and washing out-of-doors without properly grounding the washing machine are some of the unusual accidents causing death.

"These are a few of the many unusual accidents which have taken human lives in Indiana. After they occur, it is too late except to record as an accidental death," Mr. Robinson said.

"LISTEN"

"During the past 40 years I've been through good times and bad and the time to save money is when you're making money.

"Take my advice. There will never be a better time than RIGHT NOW!"

STAVEDAHL — NICODEMUS

In a simple, but impressive ceremony at the home of Rev. Harry A. Clabaugh of Argos, on Friday evening, July 27, Betty Nicodemus, daughter of Mr. and Mrs. Cecil Nicodemus of Mentone, became the bride of Gene Stavedahl, son of Mr. and Mrs. Charles Stavedahl of Talma.

A double ring ceremony was performed. Present for the ceremony, were the parents of families of the young people. At the present they are residing near Talma.

SOHLKE — HODGES

Mrs. Arthur E. Sohlke, Jr., shown here was Miss Nondas Irene Hodges before her marriage, which took place at half past two o'clock Sunday afternoon at the home of her parents, Mr. and Mrs. Richard E. Hodges, of Etna Green. Mr. and Mrs. Arthur Sohlke, Sr. reside at South Bend. Rev. Ralph W. Hoffman, of Roann, performed the double-ring ceremony.

It was preceded with a 20-minute musicale by Miss Elaine Dunnuck, pianist. "The Lord's Prayer" was sung by Miss Margaret V. Hodges, sister of the bride. Gladioli and other garden flowers decorated the house and the lawn.

Mr. Hodges gave his daughter away in marriage. Over her grandmother's hand embroidered muslin petticoat she wore a gown of frosted organdy that was styled with a full skirt. The fitted bodice dipped to a point at the waistline. Lace edged the short puff sleeves and wing collar. Her mitts were of

frosted organdy. A sweetheart bonnet of marquisette and lace held her tiered veil. A strand of pearls, given to her by the bridegroom, was the only jewelry she wore. She carried an arm bouquet of white roses and babies'-breath.

Miss Margaret Hodges, the maid of honor, was attired in a gown of white organdy over yellow taffeta. She wore matching organdy mitts and a lace picture hat. Her bouquet was of yellow gladioli.

DeVerl Quier, of South Bend, attended his brother-in-law as best man. Brothers of both the bride and the

—Mowery Photo, Warsaw Times Plate
bridegroom served as ushers.

Yellow gladioli were the flowers worn by the mothers of the couple.

Approximately eighty-five guests were present. A reception was held immediately following the ceremony.

Mr. and Mrs. Sohlke are spending their honeymoon in Northern Michigan. For traveling the bride changed to a yellow sharkskin suit with white accessories. She was wearing a rose corsage from her bouquet.

When they return they will reside at 610½ Portage Avenue, South Bend.

MRS. NORMAN R. HOPPES
BURIED ON WEDNESDAY

Funeral services were held Wednesday afternoon at Wabash for Mrs. Alameda Hoppes, 75, of Wabash, who died Sunday afternoon at the Wabash County hospital after an illness of seven weeks. Burial was in the Nichols cemetery near Mentone.

Mrs. Hoppes, a resident of Wabash for the past 18 years, was born April 30, 1876, in Sevastopol, the daughter of Mr. and Mrs. James M. Warren. Jan. 23, 1895, she was married to Norman R. Hoppes, who died in 1941. She was a member of the Church of the Brethren.

Surviving are three sons, Estil, at home; Elmer and Harvey, of Wabash; two sisters, Mrs. Dewey Rhoads of Pierceton, and Mrs. Glen Vance, of North Manchester; 13 grandchildren and three great-grandchildren.

ELENER NORRIS WINS
COUNTY DRESS REVUE

Miss Elenor Norris, daughter of Mr. and Mrs. Leroy Norris and a member of the Franklin 49ers 4-H club, was named senior champion in the County 4-H dress revue held at Leesburg this evening.

Miss Tomaline Witham, of the Atwood Victory Club, was named reserve senior champion.

Miss Doris Helsler, whose address we were unable to learn, was named junior champion, and Miss Wilburta Latimer, daughter of Mr. and Mrs. Wilbur Latimer and also a member of the Franklin 49ers club, was named reserve junior champion.

Mrs. Nadine Sriver, of Talma, and Mrs. Sharkey, of Nappanee, were the judges.

Miss Norris will represent the county in the state revue to be held Sept. 1.

CLUB CALENDAR

Members of Mentone Unit No. 425, American Legion Auxiliary, will meet at the Mentone School building Tuesday, August 14, at 8 p. m. for their regular meeting and installation ceremonies. (All new officers for the coming year will please meet at the school building Sunday, August 12, at 2 p. m.)

The Merry Mentonettes 4-H skating party will be Friday night, August 10, from 7 to 10. Tunnel of Fun at Warsaw.

FORMER RESIDENT IS
INJURED IN CRASH

Rev. Kenneth Leininger, 48, of New Bethel, Pennsylvania, formerly of near Mentone, and Willard Hawley, 39, of Route 2, Bourbon were injured late Friday in a highway accident seven miles east of Rochester. The minister suffered a concussion and fractured ribs. Both were taken to the Woodlawn hospital. Hawley was dismissed after treatment for minor injuries.

Officers said that Rev. Leininger was driving a car and Hawley was operating a milk truck. Both vehicles were badly damaged. Rev. Leininger's daughter, Anna, a nurse, was on duty in the hospital when her father was admitted.

NEW PROPRIETORS
AT I. G. A. GROCERY STORE

Monday morning Mr. and Mrs. Ralph Miller, of Plymouth, took over as proprietors of the former Henker I. G. A. store in Mentone. Mr. Miller has been manager of the paint department of the National Mill Supply Co., in South Bend, and is thoroughly familiar with merchandising.

The Millers have one son in Korea and another in Benton Harbor. They hope to locate in Mentone but will continue to commute between here and Plymouth until they can find suitable living accommodations.

Mr. and Mrs. Henker, who have been in business here the past year and a half, will assist Mr. and Mrs. a few days while they get acquainted with local citizens. The Henkers, who have made many friends here, have no immediate plans for the future, but plan to rest up for awhile. Mr. Henker had a serious siege of illness some time ago and he found the work in the local store was getting a little too strenuous for him.

HAVE YOU CONTRIBUTED?

We're just wondering if you have made a contribution to the "spraying fund." Last week the Merchants Association and fire department boys gave the town a good going-over with DDT, and they would appreciate any contribution you might make towards the cost of the insecticide used. There is a convenient place to make your donation at the Farmers State Bank.

SPANN — ELLIOTT

Miss Martha Jane Elliott, daughter of Mr. and Mrs. Floyd Elliott, and Sgt. Bill Spann, son of Mr. and Mrs. Jesse Spann exchanged wedding vows Sunday afternoon at 2:30 o'clock at the home of the bride's parents. The Rev. Arthur Morris, of Liberty Mills officiated at the double ring ceremony before the fireplace, which was graced with palms, gladioli and asters. For her wedding the bride chose a melon color summer suit which was highlighted with navy blue velvet accessories and an orchid corsage. Her only jewelry was a rhinestone necklace, a gift of the groom. Mrs. Arden Urschel, of Rochester, attended her sister as matron of honor in an aqua colored suit complemented with brown velvet accessories and accented with a corsage of yellow roses. Phil Spann served his brother as best man. For her daughter's wedding, Mrs. Elliott chose a navy blue sheer dress, and Mrs. Spann was attired in rose sheer. Both mothers complemented their ensembles with gardenia corsages.

Following the ceremony a reception was held for 75 guests. The bride's table was covered with a lace tablecloth, which was centered with asters of a delicate pink and white, and flanked with candelabra. A three-tiered wedding cake topped with a miniature bride and groom was at one end of the table and a bowl of punch the other. Mrs. Harold Werking, Miss Phyllis Kramer and Miss Barbara Kramer served. Following the ceremony the couple left for a trip to the southern states. When they return they will reside at the home of the bride's parents until Sgt. Spann is out of the service. Mrs. Spann is a graduate of Central and is employed in the office of the Harting Furniture store. Sgt. Spann graduated from Chester and at present is stationed at Camp Atterbury.

The Elliots are former Mentone residents.

SUMMER RECREATION SCHEDULE

Thursday, Aug. 9, 9 a. m. to 2 p. m., reading program at the library.

Monday, Aug. 13, 9 a. m., hobbies and crafts.

Wednesday, Aug. 15, 9 a. m., hobbies and crafts.

SILAS MEREDITH PASSES AWAY

Silas Meredith, 81, died at his home in Mentone, Saturday morning, following a two-year illness due to a heart ailment. He had been critically ill the past 16 weeks.

Mr. Meredith was born in Fulton county near Mentone on December 20, 1869, the son of James and Mahala (Montgomery) Meredith. He operated a farm near Mentone until his retirement about 15 years ago when he moved into town.

His marriage to Miss Lydia Bernett occurred July 28, 1897. She died in 1908. On July 15, 1911 he was married to Miss Ada Mae Rohrabach, who survives.

He leaves besides his wife, a daughter, Mrs. Ruth DeWitt, of Fort Wayne; two sons, Edwin V. and Frank J., of near Mentone; a sister, Mrs. Ethel Adamson, of Rochester and five grandchildren.

Funeral services were held at 2 p. m. Monday at the Johns funeral home. Joseph Jones, minister of the Mentone Church of Christ, of which Mr. Meredith was a member, officiated. Burial was in Sycamore cemetery, five miles southwest of Mentone.

MRS. STRONG DIES AT TIOSA

Mrs. Rosa Mae Strong, 75, died at 9:30 p. m. Saturday at her home in Tiosa following an illness of two years. She had been seriously ill ten days.

She was born in Fulton County October 9, 1875, and resided in that county for the past 32 years. Her parents were Lewis and Susan (McMahan) Wagoner.

She was married in 1897 to Clinton B. Strong, who died July 18, 1949. She was a member of the Bethlehem Baptist Church.

Surviving are: the following children, Mrs. Alex Knox, Elkhart, Winifred and Byron, Tiosa; Donald, Plymouth; one brother, Oliver Wagoner, Tiosa; and one grandson.

Funeral services were held Tuesday at 2 p. m. at the Foster funeral home in Rochester. The Rev. Milton Dowden officiated and burial was in the Mentone cemetery.

Mrs. Roy Cox and Mrs. Charles Feldman are nieces of the deceased.

Mr. and Mrs. Jake Gross and Bucky Ernsberger returned Monday evening from a weeks fishing trip at Elsworth, Michigan.

CULVER NAVAL BAND TO PLAY

Thirty-four Indiana boys, members of this summer's Culver Military Academy 80-piece Naval School Band, will play in the ninth annual Moonlight Serenade on Lake Maxinkuckee, Saturday and Sunday, August 11-12.

The Moonlight Serenades, played from the deck of the "O. W. Fowler", three-masted square-rigger shown above, were originated in 1942 by Lt. Col. E. W. Payson, director of the Culver

Band. The first concert was an impromptu one in 1941 played from a string of cutters that was used to haul the Band back to campus after they had played a concert in the town park of Culver.

Such enthusiastic reports came in to the Academy from cottagers and vacationists along the lake, Colonel Payson suggested the following year that the "Fowler", which had just recently been

constructed at the Academy under the supervision of Wilfred Craft and designed by Col. G. L. Miller, sailing master at the Academy, be used for lake-wide moonlight serenades.

Every year since then one Saturday night during the eight-weeks summer session at Culver has been given over to a floating concert for the west and south sides of the lake, and Sunday for the campus and east side.

Each night the serenade lasts for about three hours during which time the Band plays 65-70 selections especially chosen for their moonlight and romantic flavor.

As Colonel Payson has put it, "Each concert contains something for everybody, but the accent for the Moonlight Serenades is on romance and memories."

In recent years the Serenades have been attracting hundreds of visitors to the shores of the lake. Cottagers add to the color of the festive occasion by decorating their piers and grounds with Chinese lanterns, flares, and a great variety of other colorful decorations.

The moonlight serenades will start each night at 8:00 o'clock and last until about 11:00 p. m.

NOTICE TO TAXPAYERS OF TAX LEVIES

IN THE MATTER OF DETERMINING THE TAX RATES FOR CERTAIN PURPOSES BY THE LIBRARY BOARD OF MENTONE, KOSCIUSKO COUNTY, INDIANA, BEFORE THE LIBRARY BOARD.

Notice is hereby given the taxpayers of Mentone and Franklin and Harrison Townships, Kosciusko County, Indiana, that the proper legal officers of said municipality, at their regular meeting place, on the 28th day of August, 1951, will consider the following budget:

Our Printing Can Help Your Business

GOOD PRINTING on good paper will bring business to you. Used as letterheads and promotion pieces, it helps sell your firm, its goods and services. As "inside" printing, such as business forms, it increases office efficiency.

Our printing is good printing because we combine fine typography with good presswork on clean, distinctive Hammermill papers. As a member of the Hammermill Guild of Printers, we pledge our efforts to serve you with "skill, good faith and satisfaction."

COUNTRY PRINT SHOP

DEFEATIST YOUTH, WAKE UP!

A seventeen year old boy and his sweetheart, both just graduated from High School, talked with me recently about what he should do. They wanted my advice on whether he should make the effort to go to Annapolis or West Point, or if neither, just what he should do.

Alfred P. Haake should make the effort to go to Annapolis or West Point, or if neither, just what he should do.

The significant point in our conversation came when I asked him what he really wished to do for a career. Was he ready to commit himself to service in our Navy or to some other form of government work? Or would he be using the naval academy experience

as training in preparation for a commercial, industrial or professional career?

His answer was illuminating, and discouraging! "Well," he said, "I guess with the shape the world is in, I might as well get myself a safe berth with the government. Indirectly we are all going to make our living under government control, so I might as well get mine directly." And the lovely young woman sitting between us nodded her head in assent.

With this I took issue. "Look," I said, "you must make your own decision, of course, and if you wish to work for the government, that is all right. To be a good naval or army officer is a fine and honorable career. Even government service in a 'bureau' can be good and honorable, for we need capable people who take government seriously and prepare themselves to serve well. But, what I must take exception to is the DEFEATIST ATTITUDE IN WHICH YOU APPROACH THAT DECISION."

Continuing, I explained that the trend toward government control and socialism is not inevitable, and that it could be turned if we had courage as well as the sense to fight for restoration of the sound principles of faith and work which America was built.

In an attempt to arouse in him the temerity to tackle that socialistic trend I asked him to join with other youth in building back the stamina which

THE NORTHERN INDIANA CO-OP. NEWS

Published Weekly by the

Northern Indiana Cooperative Association, Mentone, Ind.

ARTLEY D. CULLUM, Editor and Manager

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

the immediately preceded generation has almost lost through its craven worship of security and escapism.

Then, I told him the story of one of my own sons, handicapped through no fault of his own, slow to grasp things, but with a lovable personality and the courage to work out his own destiny, and how that boy is winning his way over obstacles that we once thought might prevent his building a successful career.

Further, I pointed out to the young man that he not only SHOULD not, but NEED not fear the competitive battle he would face in the world of private enterprise, that the chances of success for a boy who had faith in Eternal justice, in himself and was really willing to work, were even better today than in the days of my youth, some fifty years ago.

That aroused him. "How do you make that out?" he asked.

"It is easy to see, if you will just look at it," I said to him.

"When I was a boy," I went on, "most of us came from poor or very moderately provided families. High School was beyond most of us. There were no guarantees, no enervating social security funds, no easy way to go to

college. All of us had to fight hard for what we wanted, just to make a living. The competition was keen, mighty keen, for it was the competition of necessity. It forced us to develop faculties that might otherwise have degenerated for lack of use and it gave us stiffer competition.

"But today, thanks to the teaching of security instead of freedom, to changes in education, many of our youth expect things to be done FOR them by government. Such people are not hard to lick. The boy who frankly accepts responsibility for his own life, has faith and is willing really to work, actually has less competition from other youth than did the ambitious boys of fifty years ago. You can lick almost anybody by outworking him!"

It may be I am kidding myself, but I am sure there was a new sparkle in the eyes of that fine young man and lovely girl as they left my library. They thanked me with an earnestness that convinced me they had been helped to see the glorious possibilities for the youth of today who will return to the faith of our fathers and pay the price in work.

WARD'S PAINT & WALLPAPER

MENTONE, INDIANA

THE BLACK WILLOW

The Black Willow, like other members of the willow family, is not a strong, sturdy tree. No one would think of felling and trimming it into planks and beams. It just isn't straight and stout enough to give us fine lumber.

It is an attractive tree, though, and helpful, too. The job it does best is to hold the soil together. Where Black Willows sink their roots, it is harder for spattering rain and flowing water to wash away valuable dirt.

Even the wood of the Black Willow is useful at times. Although it isn't what builders want, it is good for making excelsior, boxes, crates, baskets, and wicker furniture.

The chances are that you have seen this tree, because it grows in so many parts of the United States. The National

Wildlife Federation reports that Black Willows are common over most of the eastern half of the country. There aren't so many of them farther west, but they grow in spots all the way to California.

The most likely place to find them is along streams and in other wet places where there is plenty of light. They thrive from sea level to altitudes of 2,000 feet or more.

Where it has enough moisture and sunshine, the Black Willow reaches full growth at fifty to seventy years of age. By that time, it may stand a hundred or more feet in height.

Except in winter, when its leaves are gone, the tree is thick and green with long slender twigs. Filling the twigs are the narrow green leaves which are the trademark of a willow tree.

The Black Willow's leaves measure from three to five inches in length,

and the taper down to a fine point. They are a shining yellow-green on both sides—a bit darker on the top than on the bottom.

In the spring, clusters of tiny flowers grow among the leaves. The flowers hang in tassels which are from one to four inches long. When the tassels open, they shed cottony seeds.

©National Wildlife Federation
Black Willow

Wind and water carry the seeds far and wide. They soon begin to sprout tiny fibers which take hold of the soil and hang on. Some of the seeds win the battle for survival and slowly grow into trees.

But this isn't the only way that Black Willows get a start. According to the National Wildlife Federation, twigs often drop from the trees and lodge along the banks of streams. Stick-

ing in the mud, the end of a twig takes root and begins to grow. It, too, may become a full-size Black Willow.

Interesting information on other wildlife species can be obtained by writing to the National Wildlife Federation, Washington 10, D. C.

Dogs Colorblind

Experiments indicate that dogs have no perception of color, that life to them is a study in black and white.

PSI IOTA XI MEETING

Mrs. Bernice Jones was hostess to 19 members of Beta Epsilon Chapter of Psi Iota Xi sorority at her home on Tuesday night, August 7.

Mrs. Vadis Ward presided at the business meeting. Mrs. Mary Utter was elected corresponding secretary for the remainder of the year.

The success of the Indiana University Speech and Hearing Clinic which was held at the Mentone School building was discussed. A chicken dinner honoring the four Speech and Hearing therapists headed by Dr. Nichols, was attended by members and husbands at the close of the first day's activities. Mrs. Jean Pritchard was in charge of the dinner arrangements. Miss Mary Ellen Bryan played two piano solos and Miss Marita Tucker sang two numbers accompanied by Mrs. Maude Snyder.

At the close of the business session, Mrs. Jones served delicious refreshments to Edna Nellans, Marion Wolk, Vadis Ward, Mary Utter, Maude Snyder, Wanda Simcoe, Esther Shoemaker, Jean Rodibaugh, Pauline Riner, Jean Pritchard, Georgia Nellans, Jeanette Mollenhour, Annabelle Mentzer, Belva Hibschan, Kathleen Camplejohn, Millie Bryan, Grace Boggs and Iris Anderson.

Mrs. Riner will be hostess for the next meeting August 21.

CARD OF THANKS

We wish to express sincere thanks to our many friends and neighbors who assisted us in any way during the sickness and passing away of our loved one, Silas Meredith, to Brother Jones, pall bearers, John's funeral home and the ladies who served the dinner.

Words cannot express our gratitude to you so we hope you will all understand when we say thanks. It will never be forgotten.

ROYAL NEIGHBORS GATHER

The Royal Neighbors met at the home of Della Dillingham, Tuesday evening for a pot-luck supper.

Sue Ann Borton and Shelia Fitzgerald favored us with several coronet solos and Gladys Anderson showed several interesting slides.

Several contests were enjoyed and

the door prize was won by Iris Davis. This being guest night the business was omitted.

The next meeting will be September 4 with Eleanor Coplen.

First Jury Trial

In the first jury trial of Anglo-Saxon America, Capt. John Smith, of the Pocohontas rescue story, collected 200 English pounds for slander. The trial was held in 1807, and grew out of bitter disputes between members of the Jamestown colony's governing council, of which Smith was a member.

NOTICE TO TAXPAYERS OF TAX LEVIES

IN THE MATTER OF DETERMINING THE TAX RATES FOR CERTAIN PURPOSES BY FRANKLIN TOWNSHIP, KOSCIUSKO COUNTY, INDIANA, BEFORE THE TOWNSHIP ADVISORY BOARD.

NOTICE TO TAXPAYERS OF TAX LEVIES

Taxpayers appearing shall have a right to be heard thereon. After the tax levies have been determined, and presented to the county auditor not later than two days prior to the second Monday in September, and the levy fixed by the county tax adjustment board, or on their failure so to do, by the county auditor, ten or more taxpayers by the county tax adjustment board, or on their failure so to do, by the county auditor, ten or more taxpayers feeling themselves aggrieved by such levies, may appeal to the state board of tax commissioners for further and final hearing thereon by filing of petition with the county auditor on or before the fourth Monday of September or on or before the tenth day after publication by the county auditor of tax rates charged, whichever date is later, and the state board will fix a date for hearing in this county.

ROBERT O. JONES,
Trustee Franklin Township.

Dated August 1, 1951.

The Chinese have hit rock bottom in grammar usage, retaining very little but sentence structure

JOLLY JANES MEET

The regular meeting of the Jolly Janes Home Ec. Club was held at the home of Mrs. Dwight Reichard Monday evening.

The subject for discussion was the planning and preparation of the club's exhibit for the County Fair. This exhibit will be set up by Mrs. Delford Nelson, who will be assisted by Mesdames Harold Markley, Walter Kent and Lamar Anderson.

All club members are requested to take exhibits to the fair. If you cannot enter your own articles, they may be taken to the home of Mrs. George Mollenhour Saturday morning and Monday until 1:00 p. m. They must all be marked so that everyone will get their own entries at the close of the fair.

All entries must be removed between 2:00 and 4:00 p. m. Saturday, August 18. If you cannot go and get your articles make a note of it when leaving them with Mrs. Mollenhour.

The business meeting closed with the members repeating in unison the club Collect.

The social period was spent in playing games, which were won by Mrs. Earl Anderson, Mrs. Wayne Bowser and Mrs. Kenneth Romine. The door prize was won by Mrs. Walter Kent.

Lovely refreshments were served to the 15 members present by the hostess, Mrs. Reichard and Mrs. Lamar Anderson.

The next meeting will be at the home of Mrs. Roland Ferverda, September 10 at 8:00 p. m. The lesson will be given by Mrs. Ruth Snellenberger, County Home Demonstration Agent.

Japan's Earthquakes

Japan's crowded population, its mountainous character, and location on the rim of a sharp slope dropping miles deep into the sea make this country probably the world's worst earthquake risk.

NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS

Notice is hereby given the taxpayers of Seward Township, Kosciusko County, Indiana, that the proper legal officers of said municipality at their regular meeting place, on the 28th day of August, 1951, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

Special School
Fund 17 Fuel \$ 600.00
Fund 23 Purch. sch. busses..... 8,000.00
Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriation as finally made will be automatically referred to the State Board of Tax Commissioners, which board will hold a further hearing within fifteen days at the County Auditor's office of Kosciusko County, Indiana, or at such other place as may be designated. At such hearing, taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

ROYSE TUCKER,
Trustee of Harrison Twp.

NOTICE TO TAXPAYERS OF TAX LEVIES

IN THE MATTER OF DETERMINING THE TAX RATES FOR CERTAIN PURPOSES BY HARRISON TOWNSHIP, KOSCIUSKO COUNTY, INDIANA, BEFORE THE TOWNSHIP ADVISORY BOARD.

THE NORTHERN INDIANA CO-OP. NEWS

PUBLISH PROPOSED TAX LEVIES

This is the time of year when the various taxing units of the county publish their proposed tax levies for the coming year. They are published as a public service so that the taxpayers affected may know how much their taxes will be, and for what purpose said money will be expended. It also informs taxpayers when and where they may go to object to any rate or item they feel needs correcting.

In comparing the rates in other parts

of the county, the local units and their rates are lower than the average. The township proposed rates are:

Plain \$1.57.
Jackson \$2.13.
Jefferson \$1.26.
Lake \$1.68.
Monroe, \$1.42.
Etna, \$1.98.
Seward, \$1.80.
Clay, \$1.52.
Prairie, \$2.17.
Franklin, \$1.71.

Tippecanoe, \$1.72.
Turkey Creek, \$1.55.
Washington, \$1.48.
Harrison, \$1.47.
Mentone 76c.

JULY 4 CELEBRATION ENDS UP "IN THE RED"

In a financial statement issued by the Lions club July 4th celebration committee last week, it is learned that it cost the local club, and the business people of the town, \$195.16 to stage the Independence Day event. There were expense items totalling \$635.35 and the total receipts were \$440.19. Itemized receipts were: collection at the softball game, \$79.71; receipts from the eat and pop stands, \$356.98, and sale of merchandise, \$3.50.

The weather was extremely cold and damp that day, and the committee members were well pleased that the returns were as much as they were. They felt all the individuals worked hard and they are certain that the visitors that were here on that day did appreciate the program that was presented to them.

SKATING PARTY

Don't forget the 4-H skating party Friday evening, Aug. 10th. If you can't skate your contribution will be appreciated. Proceeds will go towards a 4-H trip. Give to Mrs. Markley or Mrs. Parker.

Wild Orchids

Wild orchids are popularly believed to grow only in tropical climates, but one variety flourishes in Aroostook County, Maine, the northeast corner of the United States. This hardy specimen is a small, round-leaved orchid known to botanists as the *Orchis rotundifolia*. The head of the flower is a delicate white flecked with lavender.

Lightning Not Zigzag

Lightning, contrary to the time-honored conception of it by artists, does not travel in a zigzag path of acute angles. It curves and twists but hasn't time for sharp turns. Perspective sometimes gives its course the appearance of acute angles.

Lost Treasure

A unique "lost treasure" in old coins probably lies in deep water at the base of the Halfway Rock in Massachusetts Bay. In old days mariners leaving the ports of Salem and Marblehead threw coins at the rock in order to purchase good luck for their voyages.

Mr. and Mrs. Rex Burnett, of Etna Green, and Mr. and Mrs. Wilvin Teel have returned home after a week's fishing trip at Charlie Bay near Petoskey, Michigan.

George Igo, of Monticello, was a business caller in Mentone on Tuesday.

Mr. and Mrs. Robert Jones, of Mentone, and Mr. and Mrs. Henry Smith, of Beaver Dam, returned on Tuesday evening from a 5 day trip to Lynchburg and Covington, Virginia.

Mr. and Mrs. George Borton visited at the home of Mrs. Mae Borton this past week end stopping here on their way home after vacationing in the Dells area of Wisconsin. On Sunday, Mrs. George Borton visited with her aunt, Mrs. Martha Welch.

NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS

Notice is hereby given the taxpayers of Harrison Township, Kosciusko County, Indiana, that the proper legal officers of said municipality at their regular meeting place, on the 28th day of August, 1951, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

Special School
Fund 23 Janitor Salary\$150.00
Tuition

Fund 28 Pay of teachers 850.00

Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriation as finally made will be automatically referred to the State Board of Tax Commissioners, which board will hold a further hearing within fifteen days at the County Auditor's office of Kosciusko County, Indiana, or at such other place as may be designated. At such hearing, taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

I. JOE LECKRONE,
Trustee of Seward Twp.

Library	12,735.99	\$ 9,235.31	\$ 9,897.52	\$ 7,751.24
TOTAL				

Taxpayers appearing shall have a right to be heard thereon. After the tax levies have been determined, and presented to the County Auditor not later than two days prior to the second Monday in September, and the levy

fixed by the County Tax Adjustment Board, or on their failure so to do, by the County Auditor, ten or more taxpayers feeling themselves aggrieved by such levies, may appeal to the State Board of Tax Commissioners for further and final hearing thereon by filing of petition with the county auditor on or before the fourth Monday of September or on or before the tenth day after publication by the county auditor of tax rates charged, whichever date is later, and the state board will fix a date of hearing in this county.

Dated this 3rd day of August, 1951.

FRANKLIN 49'ERS HOLD ACHIEVEMENT DAY

The Franklin 49'ers 4-H club held its local achievement August 1, at the home of Mrs. Alden Jones, adult leader. Ribbon Awards were, Baking 1, white, Marilyn Horn; Baking 2 blue, Noreen Bibler, Joan Tucker, Sandra Ballinger, Marilyn Rathfon and Karen Latimer; Baking 3 red, Judy Teel; Baking 5 Blue, Elener Norris and Wilburta Latimer, red, Lois Ummel; Food preparation 2 red, Karen Latimer; Food preparation 3 blue Judy Teel and Marilyn Rathfon, Food preparation 5 blue Elener Norris and Wilburta Latimer red, Lois Ummel; clothing 2 blue Wilburta Latimer; clothing 4 blue, Noreen Bibler; clothing 5 blue, Elener Norris, white, Lois Ummel; food preservation 1 red, Karen Latimer; food preservation 3 blue, Wilburta Latimer; food preservation 4 blue, Elener Norris; room improvement 1 blue, Elener Norris and Wilburta Latimer; electricity 1 blue, Elener Norris and Handicraft 1 blue, Elener Norris.

In the evening the mothers and the members of the Friendly Neighbors Home Ec. Club, who sponsor the 4-H club, met with the 4-H members. Pledges to the flags were led by Lois Ummel and singing by Joan Tucker. Roll call was "the project I have enjoyed most this year." Mrs. Chester Ballinger and Mrs. Wilbur Latimer were named to make arrangements for the club trip to Fort Wayne.

Marilyn Horn was program chairman, she presented Joan Tucker and

Lois Ummel who gave readings, Karen and Wilburta Latimer in a comedy skit and a song, "It is no Secret" by Marilyn Horn. Contest winners were Mrs. Chester Ballinger, Mrs. Oral Welch and Mrs. Teel. The clothing girls modeled their dresses and judges comments were given by Mrs. Jones. Judging results of the other projects were given by Elener Norris.

Refreshments were furnished by the Friendly Neighbors Club and prepared by Joan Tucker and Judy Teel.

MANY ROADSIDE PARKS

The State Highway Commission takes especial pride in the service rendered the travelling public by the turn-outs, roadside parks and especially the roadside tables. They are in constant use throughout the summer season, and are a safety measure at any time of year. Parking on the highways is dangerous, and these facilities eliminate most of it. Landscape Supervisor, Chas. Wilson, reports that the Department now has 516 roadside tables which are extensively used by tourists and family gatherings. The State also has 17 undeveloped tables sites. Tony Sheppard of the State Conservation Department reports that there are 3457 such tables in our 16 State Parks, which are in daily use by picnickers.

Mrs. Norman Busz and son Irwin of Mishawaka spent the past two weeks with her mother and grandparents, Mr. and Mrs. W. P. Dillman while Mr. Busz was in training with the National Guards.

Chapter 48, of the Indiana Acts of 1939 empowered the State Highway Commission to adopt the regulations now in force providing for the granting of permits to construct entrances to State Highways. Where considered necessary, bonds may be required. Hundreds of these permits are requested. Regulations are for the benefit of property owners as well as the highway users. Information regarding these required permits may be secured at State Highway garages.

Mr. and Mrs. L. T. Rees returned home last week from a two months trip to Western Canada. Mr. and Mrs. Rees left last week for Detroit and Windsor where Mr. Rees hopes to obtain passage to Liverpool, England to be with his mother who is seriously ill. Mr. and Mrs. Rees are the parents of Mrs. Robert Nottingham.

Farmer's Question Corner

PREPARED BY
American Foundation For Animal Health

What About Pinkeye?

Q: Does pinkeye affect only cattle?
A: No, sheep are susceptible, too. This contagious eye infection appears mostly during the warm months.

Q: What causes it?

A: Certain types of germs. There is a variation between the germs affecting cattle and sheep.

Q: Will it spread from cattle to sheep?

A: Usually there is no spread from cattle to sheep or from sheep to cattle.

Q: What are warning signs of pink-eye?

A: Suspect pinkeye when healthy cattle show swelling of or discharge from the eyes, or if the white-colored eye membrane is reddened. It pays to keep a close watch over cattle on summer pastures.

Q: What are best precautions to

prevent an outbreak?

A: Spray cattle to prevent flies from spreading germs from eye to eye. Provide plenty of shade. Avoid dusty, weedy pastures. Keep newly-purchased animals from home herd; they may be pinkeye-carriers.

Q: What if cattle do get pinkeye?

A: Isolate cattle with normal eyes from those that are affected. Confine pinkeye cases to a dark barn out of the sunlight. Have the veterinarian outline proper nursing and treatment of the affected eyes. Do not use any irritant drugs in the eyes.

Q: What about pinkeye in sheep?
A: The same principles apply as in cattle.

NOTE—Due to space limitations, general questions cannot be handled by this column.

NAMES OMITTED

In the article in last week's issue of the Co-Op. News, telling of the bridal shower for Patty Rose Hudson, the names of Mrs. Howard Hudson and Mrs. Ray Linn were unintentionally omitted.

Mr. and Mrs. David Cooper are enjoying a week's trip to Niagara Falls and points in Canada.

HAVE DIRTY FEET

Get clean eggs and stop egg-breaking by changing your hens to the new automatic EGG MAID community nests. The EGG MAID instantly separates eggs from hens, so there is no chance for dirty eggs, egg-breaking, or egg-eating. Eggs are immediately cooled in the EGG MAID and gathering is easily done from one separate compartment. Ask the poultryman who uses the EGG MAID or come and see it. It's the most modern nest on the market. Don't wait!! Your old fashioned nests are costing you more money every day!

SPECIAL
INTRODUCTORY
OFFER

As AUTOMATIC EGG MAID ROLL-AWAY HENS NESTS are rather new in this territory, I am making a special offer during August and September.

THIS IS IT:

Egg Maids are cheaper by the dozen. Therefore, if you and a near neighbor both buy at the same time I will combine the orders to give you the lowest possible price. Will also take your old nests in trade.

Older Adult Conference Aug. 14-17 at Epworth Forest Cost \$12 for those over 65.

HIGHWAYS NOT A DUMP

Do you throw newspapers or magazines from your car to the paving or roadsides as you travel over Indiana's good roads? Do you know that it costs the State Highway Department a minimum of ten dollars per mile to pick up that and other trash? Beer cans, thrown daily to the roadsides are a menace to the mowing machines used to keep weeds and other growth down. Thoughtless people, not deliberate despoilers, thus cost the State a lot of money which could be more profitably employed on highway maintenance. Occasionally someone uses roadsides as a public dump, which is unlawful. One man, in June, carelessly distributed

trash, from his wastebasket and elsewhere, in that fashion. He failed to remove an identifying envelope, was apprehended, plead guilty, was fined twenty dollars and costs. Then the Court permitted him to "work out" his fine by cleaning, under supervision, trash from both sides of several miles of highway. He could have been fined \$50. He knows that now.

LIBRARY NEWS

July 26 both groups of the vacation Reading Program enjoyed educational films presented by Mr. D. R. Dragstem of Encyclopedica Britannica Films, Inc. For Group I, Mr. Dragstem led up to the film with a well planned talk to the children. He had Readers to go with the film and after showing the film he called on several

children to read aloud from the readers which they did very readily.

Group two saw a film version of a folk tale and discussed and read aloud from various folk tales. Mr. Dragstem used the new daylight movie screen. In the morning Mrs. Harry Sullivan and Mrs. Don VanGilder had charge of the program and organized the children in safety patrols that they might get safely across the street when they went home. In the after-

noon, Mrs. Jack VanGilder was in charge.

August 2, Mrs. Ora McKinley and Mrs. Walter Kent had planned a very clever program of poems and nursery rhymes for the children of Group I. The children took part in a popcorn game as they "popped" up and repeated the nursery rhymes they remembered. Mrs. McKinley read some well chosen poems and Mrs. Kent played three appropriate records. Larry

Manwaring, Barry Greulich, and Jimmy Teel read poems and Suellen Long, Donna Van Gilder and Janice Mollenhour sang several nursery rhymes. Martha Van Gilder recited several nursery rhymes for the children. To conclude the morning the children played an outdoor game and then chose the books they wished to take home.

In the afternoon, Mrs. F. B. Davison and Mrs. Jack VanGilder had planned an interesting and instructive travel program. Mrs. VanGilder discussed the most interesting features of Indiana and Michigan and Mrs. Davison talked about her favorite state, Ohio, and the state of Florida and asked questions about the state flowers and birds of various states.

This week will be the last meeting of both groups for this summer and all the children are urged to be present. Group one will enjoy a story with sound effects and other features. Group two will have fun guessing impersonations put on by various young people and games.

NEW BOOKS

"Parsonage Doorway," by Anna Gebhard is a true story written by a minister's wife centering around her family, especially the four children, all of them engaging and not a bit angelic. "The Brand New Parson", by Sara Jenkins is another fine book.

For the Western fans we have several "Hop-a-long Cassidy" books. Boys of a mechanical turn should enjoy Raymond Yates new book, "The boy's book of model railroading." We also have new books on boxing and wrestling.

We have just received the new edition of Morris Fishbein's "Popular Medical Encyclopedia" which will answer many of your questions about diseases etc. We also have the book by John Tibbet entitled, "Your Body" which gives simple, safe and authentic advice on staying healthy. "How to live with your ulcer" is a sensible little pamphlet written by one of the specialists connected with the Mayo clinic.

"The family legal advisor" by Albert Guy is a non-technical book for the layman which may settle some of your arguments about ordinary situations and problems. "The Home Mechanics Outdoor Handbook" has directions for making outdoor fireplaces, pools, arbors, tree wells, gates, terrace etc.

Two new worthwhile biographies are "Louis Braille", the story of the inventor of the Braille letters for the blind, and "The Story of Arturo Toscanini", probably the greatest living orchestra conductor.

Everyone talks about the weather. Why not read up on it and really know what you are talking about? "How about the weather", by Robert Fisher, helps the layman to understand how weather and climate influence his affairs and feelings and what causes those changes.

In Nevil Shutes new novel, "Round the Bend", an inspired story teller writes of the joy and satisfaction that a man gets out of the day's work when he has faith that God is on his side.

NOTICE TO TAXPAYERS OF TAX LEVIES

IN THE MATTER OF DETERMINING THE TAX RATES FOR CERTAIN PURPOSES BY SEWARD TOWNSHIP, KOSCIUSKO COUNTY, INDIANA, BEFORE THE TOWNSHIP ADVISORY BOARD.

Notice is hereby given the taxpayers of Seward Township, Kosciusko County, Indiana, that the proper legal officers of said municipality, at their regular meeting place, on the 28th day of August, 1951, will consider the following budget:

TOWNSHIP BUDGET CLASSIFICATION	
Township Fund	Tuition Fund
Salary of trustee \$ 1,050.00	Fuel for schools 1,600.00

TOTAL	\$30,579.00	\$37,285.00	\$35,690.00	\$34,899.00

NOTICE TO TAXPAYERS OF TAX LEVIES

Taxpayers appearing shall have a right to be heard thereon. After the tax levies have been determined, and presented to the county auditor not later than two days prior to the second Monday in September, and the levy fixed by the county tax adjustment board, or on their failure so to do, by the county auditor, ten or more taxpayers feeling themselves aggrieved by such levies, may appeal to the state board of tax commissioners for further and final hearing thereon by filing of petition with the county auditor on or before the fourth Monday of September or on or before the tenth day after publication by the county auditor of tax rates charged, whichever date is later, and the state board will fix a date for hearing in this county.

I. JOE LECKRONE.
Trustee Seward Township.

Dated August 6, 1951.

STUDEBAKER TEAM HANDS MERCHANTS A DEFEAT

The Mentone Merchants started off in great style against the Studebaker Locals in the softball game played at Mentone Friday evening, but their defense didn't hold up. Mentone scored 3 runs in the first and one in the second to take a nice lead, but they slid behind when the visitors scored 3 in the second and fifth innings. The final score was 11 to 5 in favor of the South Bend boys.

Mentone out-hit the visitors 11 to 12, but 7 errors on the playing field left a few too many gates open.

BOY SCOUT PAPER DRIVE

It has been announced that the Boy Scouts will make another waste paper pickup in Mentone on Wednesday, Aug. 22nd.

They trust all papers and magazines can be tied together separately.

CLASS HOLDS REUNION

The Mentone high school class of 1951 held its first reunion Sunday, August 5, at the Flowing Well. A pot-luck dinner was enjoyed.

Members present were: Bonnie Emmons, Martha Sullivan, Madeliene Holt, Mary Jane Tucker, Jody Cullum, Margaret Hodges, Phyllis Bowser, Bonita Miner, Max Friesner, Phillip Shilling, Ted Shull, Dale Molebash, Karen Clark and Mrs. Keith Wagner. Guests included Miss Sue Clingenpeel of Warsaw; Gene Black of Akron, Loyal Harris of Warsaw, Sidney Alber of Talma and Keith Wagner of Palestine.

Martha Sullivan was elected the new class secretary.

It was announced at the gathering that word from the publishers stated the annuals would be shipped August 17th.

Wayne Nellans reported that they dressed 24,000 pounds of poultry at his poultry dressing plant Tuesday. That's a lot of chicken, and indications are that Wayne has some employees that really know how to work.

LEGION AUXILIARY TO HOLD PUBLIC INSTALLATION

Mrs. Mildred Boissy, second district president, and Mrs. Treava Stangle, district secretary, both of DeMotte, Indiana, will be guests at the public installment ceremonies of the Mentone Unit No. 425, American Legion Auxiliary, to be held on Tuesday, August 14, 1951 and 8 p. m. at the Mentone school building.

All members are urged to be present and the public is cordially invited to attend this meeting. There will be a program and refreshments following the ceremonies.

Harold Nelson, manager of the town unit of Valentine Elevators, fell into an open hole Monday and pretty much banged himself up. He came to work Tuesday, but was pretty stiff and sore. While talking to a couple of customers he felt himself fainting away but managed to sit down before he fell. Doctors stated that the shock of the fall caused the fainting, but he was advised to work only part time until he regains his strength.

SMITH

Capt. and Mrs. Wilbur Smith, of Belleville, Illinois, are the parents of a daughter, Julia Ann, born last Tuesday in the St. Luke's hospital in St. Louis, Missouri. This is the first child in the family. Capt. Smith is stationed at Scott Field with the Air Force. Mr. and Mrs. W. Earl Smith of 1007 Franklin, Rochester, are the paternal grandparents.

BETTER DAUGHTERS MEET

The Better Daughters 4-H Club held its local achievement day on August 1st at the Beaver Dam School with the Beaver Dam Home Economics Club acting as host. A special table was laid for the 24 girls and their leaders, with a large 4-H emblem centering the table. The girls gave some very interesting demonstrations and very delightfully entertained the Home Ec. Club after dinner. There were 29 Home Ec. members to answer roll call. My Biggest Boner. Twenty-two girls and 7 guests were served baked ham along with many other varieties of food, along with the 29 club members.

In the absence of the president, Mrs. Elmer Dickey had charge of the business meeting. Mrs. Carl Eaton led in group singing; Mrs. William Bowser gave the devotions; Mrs. Wallace Andrews gave the health lesson.

Auction was held and gifts distributed. Club will meet August 29 at the home of Mrs. Neva Kinder with Mrs. Stella Smith assisting. The lesson will be on Happy Family Living.

LEMLER'S CELEBRATING NINETEENTH ANNIVERSARY

Lemler's Market, in Mentone, this week is celebrating its 19th anniversary in business in Mentone.

See their advertisement of special anniversary values elsewhere in this issue.

Mr. and Mrs. Vern Steckley and children Susie, Rosemary and George, of Kendallville, spent Sunday with Mr. and Mrs. Chas. L. Manwaring and children, Frankie and Jimmie, at their cottage at Big Chapman Lake. Mr. Steckley has a hatchery at Kendallville.

MERCHANTS ON A HOME RUN SPREE WEDNESDAY EVE.

The Mentone Merchants, with Herschel Linn in particular, went on a home run spree this evening and defeated the Elkhart Moose team 9 to 6. Catcher Linn had a perfect evening in the batter's box—three home runs, a triple and a walk. Junior Emmons also hit a four-base wallop. After two home runs over the right fielder, all the visiting fielders moved into right field when Herschel came up to bat. He double-crossed them and hit into left field for another home run. The last time up they put two in right field so Sinclair's grease monkey slipped one through center field for three bases. Mentone had 12 hits to the visitors 10, and also managed to chalk up the most errors, 3 to 2.

Friday evening the LaGrange boys play here in a league game.

YOU JUST CAN'T WIN.

The old carnival saying is: "Anything you get for nothing, take very little of." The truth of the above sorta leaked out when we learned about our pressman attending the Warsaw fair. It seems he unfortunately tossed a baseball too accurately and won a tiny gold fish. That wasn't so bad, as he lives at nearby Winona Lake, but he started scratching his head and figuring today when his wife called long distance and told him to buy something in Mentone to feed it. Telephone calls cost money, but it was still cheaper than taking a bus both ways into Warsaw.

This was a case where a man would have been ahead if he had stubbed his toe going home from the fair.

SCOUT PAPER DRIVE AUG. 22

The Mentone Boy Scouts will gather up waste paper in Mentone next Wednesday, Aug. 22nd.

Some of the Mentone high school students, who usually are compelled to miss the first week or two of school because of hay fever, have been going to school a few hours each day in an effort to keep up with their classmates later in the school year. The parents and students appreciate the extra effort required of Mr. Kent to supply this service to the students.

WITH THE SICK

Mrs. Lavina Shinn, who is still at the Murphy Medical Center shows no improvement.

Mrs. Lide Williamson is a medical patient at the McDonald hospital where she was taken last Saturday.

Mrs. Jack Pritchard was dismissed from the Murphy Medical Center on Monday after being a medical patient for three days.

DIVORCE COMPLAINT

A divorce complaint has been filed in circuit court by Louise Smythe, of Mentone, vs. Robert Smythe, with cruel and inhuman treatment the grounds. They were married April 29, 1950, and separated on August 1 of this year. Mrs. Smythe is asking a divorce decree and restoration of her maiden name of Louise Konkle.

MRS. BARKMAN IMPROVED.

Walter Barkman stated this evening that his mother, Mrs. Claude Barkman, was improved when he visited her in the Woodlawn hospital.

HEN RETURNS FROM TRIP TO TOWN

The Harry Sullivans are rearing a strain of chickens that promise to go quite a ways. At least, one of the pullets decided to make a trip into town the other day. It seems the young things seek the companionship of the more elect and think nothing of hopping up on cars, trucks, tractors, etc. The pullet in question was comfortably parked in a nice shady spot up under the family car when the Sullivans started towards Mentone. They parked the car in front of a minister's home, and when the chicken realized the seriousness of the situation, attempted to quietly steal away. It didn't make it, however, without being noticed, but had enough of a start to escape.

When evening came, and the shadows lengthened, the galavanting future egg factory found a suitable roosting spot in a nearby garage. The Sullivans happened to get the chicken home before the ministers located it. At least, they report the pullet back on the home range, and undoubtedly determined to be a trifle more particular where she perches after this.

TO HAVE MAJOR SURGERY

Loe Teel was admitted to the Memorial hospital in South Bend on Tuesday for observation and major surgery soon.

Friends may write to him at Room 288, Memorial hospital, South Bend.

OPEN MEREDITH ESTATE

The estate of the late Silas M. Meredith, of Mentone, has been opened in circuit court and his last will, dated April 10 1947, admitted to probate. Mr. Meredith died at Mentone on August 4. His widow, Ada M. Meredith, has qualified as executrix of the estate, which lists personal property at \$6,000 and real estate at \$40,000. Terms of the will leave the widow \$500 in addition to one-third of all personal property, all household goods and furniture and real estate in Kosciusko and Fulton counties. Three children, Ruth A. DeWitt, of Port Wayne, Edwin V. Meredith and Frank Meredith, both of Mentone route 1, are each left one-third of the balance of all personal property and real estate.

MRS. ROY ADAMSON DIES

Mrs. Roy Adamson, aged 67, of Rochester, died at 5 a. m. last Thursday at the Woodlawn hospital in Rochester. Injuries sustained seven weeks ago in an automobile accident were the cause. They included a multiple fracture of the pelvis and internal injuries.

Mrs. Adamson was born in Fulton county June 6, 1884 the daughter of James and Mahala (Montgomery) Meredith. She was Ethel Meredith before her marriage to Mr. Adamson on August 27, 1911. They moved to Rochester seven years ago. Previously she had lived all her life on a farm in the same community.

She was a member of the Mentone Church of Christ.

Surviving relatives include her husband; two daughters, Mrs. George Deamer of Rochester and Mrs. Glen Law of Mentone and four grandchildren.

Funeral services were held at 2 p. m. Saturday at the Johns funeral home in Mentone, with Joseph Jones, pastor of the Mentone Church of Christ, in charge. Burial was in the Mentone cemetery.

FRANKLIN TOWNSHIP FARM BUREAU HOLDS MEETING

The Franklin Township Farm Bureau members enjoyed a picnic supper in the shelter house at the Rochester Park last Monday evening, August 13. Fried chicken was the main course, with plenty of other food to go with it.

Paul Cumberland led in prayer, after which the group sat down to eat.

After supper, Chairman Everett Rookstool gave a short talk and asked for the reading of the minutes of the last meeting.

Gordon Brubaker showed movies of America The Beautiful, which is a very beautiful picture in color of our own America.

(Mrs. Cole says that any odd table-spoons found in your picnic basket belong to her—she lost three of them in grape design.

Major John W. Matthews of Lexington, Kentucky, who with his family visited Friday with his sister, Mrs. Frank Newton and family left Saturday for Fort Campbell, Kentucky, where he is a staff officer of the 100th airborne Division.

Mr. and Mrs. W. E. Cox of Steubenville, Ohio, arrived Monday for a visit with Mr. and Mrs. Fred Klingenhagen. Mrs. Cox and Mrs. Klingenhagen are sisters.

Mrs. Kathleen Camplejohn has accepted a position in the Bourbon school as 3rd-4th grade teacher.

SELF-EMPLOYED NOW

UNDER SOCIAL SECURITY

Self-employed persons were reminded today by Gerald Kelter, Manager of the Elkhart Office of the Social Security Administration that coverage under the new law is mandatory and not voluntary.

"A great many of the self-employed in this area believe that they can take it or leave it. While it is true that certain professionals are excluded from coverage, the exclusion is by law and not by choice," Kelter pointed out.

Self-employed men and women who are not excluded by law, will have to report their 1951 "net earnings" for social security purposes on their income tax returns next March. The social security tax will be paid at the same time.

In the meantime, those businessmen and women who are now covered for the first time under social security should get social security numbers if they have never done so.

Anyone whose net earnings from self-employment are \$400 or more in a taxable year is "covered" under the new law, unless the earnings are derived from the operation of a farm or the practice of an excluded profession. Among those excluded are doctors, dentist, veterinarianians, full-time practicing public accountants, professional engineers.

Booklets listing all of the excluded professions can be obtained without cost from the local social security office in the Equity Building.

Mr. and Mrs. John Teel entertained the following in honor of Jake Kesler's 81st birthday on Thursday evening. Those present to enjoy home-made ice cream and cake were: Mrs. Verl Halterman, Mr. and Mrs. Hershel Teel and family, Mr. and Mrs. Bob Hoover and son of Palestine, Mr. and Mrs. Charles Hershberger of Bourbon, and David and Lueretia Williams of Plymouth.

NOTICE TO TAXPAYERS OF ADDITIONAL APPROPRIATIONS

Notice is hereby given the taxpayers of Harrison Township, Kosciusko County, Indiana, that the proper legal officers of said municipality at their regular meeting place, on the 28th day of August, 1951, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

Special School
Fund 17 Fuel \$ 600.00
Fund 23 Purch. sch. busses..... 8,000.00
Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriation as finally made will be automatically referred to the State Board of Tax Commissioners, which board will hold a further hearing within fifteen days at the County Auditor's office of Kosciusko County, Indiana, or at such other place as may be designated. At such hearing, taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

ROYSE TUCKER,
Trustee of Harrison Twp.

NOTICE TO TAXPAYERS OF TAX LEVIES

IN THE MATTER OF DETERMINING THE TAX RATES FOR CERTAIN PURPOSES BY HARRISON TOWNSHIP, KOSCIUSKO COUNTY, INDIANA, BEFORE THE TOWNSHIP ADVISORY BOARD.

Notice is hereby given the taxpayers of Harrison Township, Kosciusko County, Indiana, that the proper legal officers of said municipality, at their regular meeting place, on the 28th day of August, 1951, will consider the following budget:

NOTICE TO TAXPAYERS OF TAX LEVIES

Taxpayers appearing shall have a right to be heard thereon. After the tax levies have been determined, and presented to the county auditor not later than two days prior to the second Monday in September, and the levy fixed by the county tax adjustment board, or on their failure so to do, by the county auditor, ten or more taxpayers feeling themselves aggrieved by such levies, may appeal to the state board of tax commissioners for further and final hearing thereon by filing of petition with the county auditor on or before the fourth Monday of September or on or before the tenth day after publication by the county auditor of tax rates charged, whichever date is later, and the state board will fix a date for hearing in this county.

ROYSE TUCKER,
Trustee of Harrison Township.

Dated August 6, 1951.

LIBRARY NEWS

The final programs for this year of the vacation reading clubs were held last Thursday. Mrs. Walter Kent and Mrs. Ora McKinley had planned a very interesting program for the younger group. Mrs. Kent read a story with sound effects supplied by the children themselves. Then Mrs. McKinley performed "magic" tricks for the children and taught some of the group how to do them. Then four of the group, Phillip Nelson, Betty Parker, Johnny Gosser and Janice Davis dramatized the story "Three Bears and Goldilocks" very effectively. Carol Smith read to the children from the new "Book of Jokes and Funny Things." The program closed with an outdoor game.

Group two also had an especially interesting program arranged around the theme, "Fun with biography," by Mrs. Elmore Fenstermaker and Mrs. Dan Urschel. Sue Fenstermaker, Joyce Anderson, Julie Kent, Jon Cullum, Larry Teel and Leah Nell Lemler each gave a fine impersonation of some famous personage, telling incidents from their lives. The club members then guessed who the famous person was.

Mrs. Fenstermaker and Mrs. Urschel each gave a quiz on famous people and most of the questions were answered correctly. The book club conducted by the members closed the program.

New Books

For personal reading or for public devotions, "Meditations for Women" is a very useful book. Each chapter is written by a different author and there is a chapter for each month of the year and a meditation for each day of the month. It is a year round devotional guide.

For parents or teachers, we have

two new books which are highly recommended: "These well-adjusted children", by Langdon and Stout, and "Your Best Friends Are Your Children" by Benedict and Franklin. Also two pamphlets, "Ways You Can Help Your Child With Reading" and "Helping Children Read Better."

For young people we have many new books, such as "Fast Man on a

Pivot", by Duane Decker, "Rookie Soutpaw", by Burgess Leonard, "Daniel in the Cub Scout Den" by Jullilly H. Kohler, "Hetty of the Grande Deluxe" by Florence Means, "From This Day Forward" by Jessica Lyon, "Class Ring" by Rosamond Du Jardin and "Star Dream" by Janet Lambert.

ADVERTISE — IT PAYS!

Motor Vehicle Toll

The death toll from motor vehicle accidents dropped in 1949 to 31,000 fatalities compared with 32,000 for 1948, but the number of injuries increased by 93,000 according to information published by the bureau of public administration on the Berkley campus of the University of California.

NOTICE TO TAXPAYERS OF TAX LEVIES

IN THE MATTER OF DETERMINING THE TAX RATES FOR CERTAIN PURPOSES BY FRANKLIN TOWNSHIP, KOSCIUSKO COUNTY, INDIANA, BEFORE THE TOWNSHIP ADVISORY BOARD.

ROBERT O. JONES,
Trustee Franklin Township.

Dated August 1, 1951.

PLANNED ECONOMY WON'T WORK

By George Peck

The Administration is bending every energy to drive this nation into planned economy. Congress now has its back up; is resisting pressure to authorize controls that would hamper, instead of help, the defense program. May our legislators at Washington continue to be of stout heart and wisdom.

George Peck

What kind of people are they who are "twisting the President's arm" that he so ardently advocates these totalitarian controls and welfare schemes, to the point where he threatens dire consequences if the Congress

doesn't do his bidding? Roughly, they fall into two main categories.

The first comprises the intellectuals whose academic minds make them ignore the realities of life and human nature, who blueprint a dream-world in which everyone will be secure and happy. They do not realize that these Utopian blueprints have never worked out in practice and never will, because they never come to grips with realities.

The second group consists of the bureaucrats. Unlike the first group, they cannot be excused as being idealists. They know the "score". Selfishly they seek to expend their empires, to increase their spending of our tax-money, and thus become bigger and more important "brass hats".

Why does economic planning fail to translate into reality the pipe-dreams of the first group and to fulfill the false promises of the second? There are four basic reasons why such planning cannot work to the benefit of a nation's citizenry:

First, governmental planning always is POLITICAL planning. When the State plans, it is guided primarily by POLITICAL considerations, not economic ones.

Second, a planned economy does not have to meet the test of the market. In a free enterprise, capitalistic economy manpower and resources are used to produce the things the people want most as determined by their buying or not buying. In a planned economy,

THE NORTHERN INDIANA CO-OP. NEWS

Published Weekly by the

Northern Indiana Cooperative Association, Mentone, Ind.

ARTLEY D. CULLUM, Editor and Manager

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

manpower and resources are diverted from producing what consumers will buy to producing things they will not buy.

Third, the planned economists cannot really plan. A free market can determine what people want far better than some Washington bureau. For example, it can figure more accurately how many pairs of shoes should be manufactured in any year and how they should be divided as to sizes, styles, qualities, etc. The evidence that government planning cannot plan is overwhelming. As a case in point, after V-J Day, the OPA economists predicted that unemployment might reach ten million by June 1946. The War Mobilization and Reconversion Office predicted eight million unemployed by Spring of 1946. These false predictions were responsible for Mr. Truman's 1945 program of increasing wages while attempting to hold the line on prices—a blunder which is largely responsible for our postwar spiral of inflation.

The fourth reason is that economic planning undermines individual initiative and responsibility. It tries to substitute centralized bureaucratic planning for the planning of millions of individual businessmen, farmers,

etc., which has made our Capitalistic System the world's most productive.

These four reasons prove it is sheer folly to believe that bureaucrats in Washington, if vested with authority would suddenly become supermen, endowed with superhuman intelligence and the ability to control the lives of all the people better than can the people themselves. On the contrary, they should still be the same self-seeking bureaucrats with insatiable appetites for more and more power.

If you don't mind being pushed around by "little men" at Washington, do nothing about it. But if you prize your liberty and the privilege of doing your own planning, stiffen the backbones of your Congressmen and two U. S. Senators. Let them know that you know a planned economy just won't work.

Mrs. Amanda Imus, 92 years young of Tipton, Indiana, is visiting her sisters, Mrs. Estella Snyder and Mrs. Samatha Norris in Mentone.

Mr. and Mrs. Traverse Chandler of Fort Wayne, spent last week with friends in and around Mentone.

NICHOLS-CRISSINGER MARRIED

In a quiet ceremony performed Friday evening, August 3, in the St. Paul's E. U. B. Church at Rochester, Miss Betty Jane Nickols became the bride of LaVon Crissinger. The Rev. William H. Hughes performed the single ring service in the presence of the attendants, Miss Ann Savage and Edwin Crissinger, brother of the groom. Parents of the couple are Mr. and Mrs. Don Nickols of Newcastle township and Mr. and Mrs. Ralph Crissinger of Rochester.

The bride wore a white summer dress with accessories and Miss Savage chose a beige dress with brown accessories. Both wore corsages of white gladioli. A wedding dinner was served at the Rochester Air Port Grill following the ceremony to the members of the immediate family.

Mrs. Crissinger is a graduate of the Talma High School and is employed at the Fulton County R. E. M. C. office at Rochester. Her husband graduated from the Rochester high school this spring and is employed at the Morris grocery at Rochester. The couple will reside in Rochester, and now are honeymooning at Lake Manitou.

WURLITZER ELECTRIC ORGAN

**FUNERAL HELD SUNDAY
FOR HENRY W. LANDIS**

Henry W. Landis, 89, of near Talma, passed away Friday evening at 5:30 p. m. at Rochester nursing home. He had been in failing health for seven years, and since last November has been bedfast. He had resided in the vicinity of Rochester for the past 30 years.

Born December 23, 1861, in Somerset county, Pennsylvania he was the son of Henry and Elizabeth (Heck) Landis. On June 2, 1886, he was married to Elzia Saylor who died in 1912. Mr. Landis was a retired carpenter. He was member of the Tiosa Brethern Church at Tiosa.

Survivors are: Four daughters, Mrs. Elmer Cook of near Talma, Mrs. V. S. Hurley of Farmer City, Ill., Mrs. Henry Graf and Mrs. G. O. Mitchel both of Akron, Ohio. Funeral services were held Sunday afternoon at 2 p. m. in the Zimmerman Brothers funeral home at Rochester with the Rev. Gilbert Mauf, of Twelve Mile officiating. Burial was made in the Reister Cemetery near Talma.

YOU ARE SURE TO FIND A BARGAIN

Coopers' Store

MENTONE, IND.

**MANY REFUGES FOR
HAY FEVER VICTIMS**

You are in the greatest rag-weed pollen producing area in the world. And this promises to be its greatest year.

Small comfort for hay fever sufferers who must cling to jobs, homes and schools during August and September.

For those who can flee Illinois, Indiana, Iowa and bordering states, the

Travel Bureau of the Chicago Motor Club suggests several locales where relief awaits.

Northern Wisconsin, upper Michigan and the Minnesota Arrowhead country are within comparatively easy reach. You cannot count on them entirely, however, as southerly winds and adjacent farming country sometimes causes a considerable pollen invasion.

Apollen inspired sneeze is unknown in the wooded valleys and peaks of

Washington and Oregon. This region is a perfect refuge. Other western states offer comparable relief. California is a good although the orchards and fields of southern California should be avoided. Montana, Wyoming, Idaho and Nevada get very little irritating pollen.

Utah and Colorado have a generally low pollen index although their principal cities, Salt Lake City and Denver, are not recommended for hay fever victims. Colorado is on the doubtful

list also around Colorado Springs and Burlington.

Arizona and New Mexico are ideal, especially the former. There is some pollen, however, near Albuquerque.

In the East, Maine and New Hampshire in the north and Florida in the south are both recommended, although the pollen count varies in **Both Places**. Augusta, Bar Harbor, Preque Isle and Houlton in Maine are usually good as are Concord, New London and others in New Hampshire.

The lower east coast of Florida, the Everglades and the Keys have not been thoroughly investigated but air tests at Miami Beach have been very favorable.

And then there's always Ouled Nail, St. John's Newfoundland, and Little America.

NOTICE TO TAXPAYERS OF TAX LEVIES**IN THE MATTER OF DETERMINING THE TAX RATES FOR CERTAIN PURPOSES BY SEWARD TOWNSHIP, KOSCIUSKO COUNTY, INDIANA, BEFORE THE TOWNSHIP ADVISORY BOARD.**

NOTICE TO TAXPAYERS OF TAX LEVIES

Taxpayers appearing shall have a right to be heard thereon. After the tax levies have been determined, and presented to the county auditor not later than two days prior to the second Monday in September, and the levy fixed by the county tax adjustment board, or on their failure so to do, by the county auditor, ten or more taxpayers feeling themselves aggrieved by such levies, may appeal to the state board of tax commissioners for further and final hearing thereon by filing of petition with the county auditor on or before the fourth Monday of September or on or before the tenth day after publication by the county auditor of tax rates charged, whichever date is later, and the state board will fix a date for hearing in this county.

I. JOE LECKRONE,
Trustee Seward Township.

Dated August 6, 1951.

A 8 & 15

LAIRD-BRADDOCK REUNION

The Laird-Braddock family reunion was held at Pokagon State Park at James Lake, Steuben County, Indiana, Sunday August 12.

Those attending from this community were: Mr. and Mrs. Roy E. Meredith of Akron, Mr. and Mrs. John F. Laird and Mrs. Earl Meredith of Mentone, Mrs. Ora Anderson and Miss Bernice Anderson of Rochester, Mr. and Mrs. Herbert Laird, Mrs. Alfred Laird and Miss Mildred Laird of Bourbon.

This reunion has been an annual meeting for more than fifty years.

RECREATIONAL PROGRAM CONCLUDED FOR YEAR

The Mentone and community summer recreational program has been concluded. We feel that this project has been a success in its first season under the leadership of Walter Kent.

The supervised play part of the program was brought to a close last week. During July the attendance averaged around 75; however, in August the attendance fell off rather badly, no doubt due largely to the weather which tended to be either very wet or very hot by mid-afternoon. We believe a good start for a games program has been made, and the very fine equipment which includes badminton, croquet, shuffleboard, horseshoes, volleyball and darts, will be available another year.

The committee members, Chairman, Earl Smalley, Kathleen Camplejohn and Joe Jones wish to thank the following who helped with this program: Mrs. Lamar Anderson, Mrs. Robert Parker, Mrs. Earl Anderson, Dale Kelley, Walter Kent and Everett Long.

Last week also marked the close of the highly successful reading program, held at the library every Thursday. There was an average attendance for the younger group of 35 and an average of 10 for the older. Each program was exceptionally interesting and original; no two programs were alike. Both groups gave weekly reports on books read during the week and the results have been tabulated and will be turned over to the children's respective teachers in both the Mentone and Beaver Dam Schools. The children voted to continue the program next summer, with the older group deciding to carry on next year entirely on their own initiative.

Mrs. Lackey, chairman of the reading program, and Mrs. Harold Nelson and Mrs. Vance Johns, who served with her on the committee, wish to express appreciation to the following persons who gave of their time and

energy to make the program a success; Miss Linda Lou Lukens and her mother who presented a fine opening program; Mrs. Miles Manwaring, Mrs. Wayne Nellans, Mrs. Dan Urschel, Mrs. Elmore Fenstermaker, Mrs. Harry Sullivan, Mrs. Donald Van Gilder, Mrs. Joe Boggs, Mrs. Raymond Lewis, Mrs. David Gosser, Mrs. Walter Kent, Mrs. F. B. Davison, Mrs. David Gosser, Mrs. Ora McKinley, Rev. Dowden, Mr. Joseph Jones.

At the final meeting Wayne Tombaugh treated the children of Group 1 and Group 2 celebrated the occasion at the Drug Store.

The Crafts Program continued until Wednesday of this week. There has been much interest shown in this program where the attendance has averaged around 15. The children have many attractive articles to show for their efforts, as well as having had the fun of making them. Among the many activities in which the children engaged were making and painting plaster figurines and clay pottery, bead rings and bracelets, finger painting, potato block printing, dry print silhouettes, walnut shell turtles, book match mending kit, gimp bracelets.

Plans are being made for an exhibit of these articles sometime around September 10 - 14.

Rev. Gosser, chairman, Mrs. Ora McKinley and Mrs. Earl Smalley are extremely grateful for the competent help of Mrs. Conde Walburn, Mrs. Harold Markley, Mrs. Ralph Mollenhour, Mrs. Everett Long and Mrs. Roland Ferverda. The committee wishes also to thank Mrs. Ray Linn for her interesting presentation of button collections at one of the meetings. We understand there are now quite a number of avid young button collectors in the community.

Jim Rodibaugh gave a talk and an exhibit on stamp collecting which was very much enjoyed by the children.

Mr. Walter Kent furnished an ice cream treat at the final meeting.

LEGION PLANS FREEDOM CRUSADE

Left to right, front row, Lieut. Gov. John A. Watkins and Glen R. Hillis; back row, Commander Gilbert Bates, Jack W. McIntyre and Jack H. Albershardt.

Plans to enroll large segments of Hoosiers in the 1951 Crusade for Freedom during an extensive state-wide drive in September are being mapped by officials of the American Legion which will sponsor the Crusade in Indiana.

Authorization to conduct the campaign as the No. 1 project of its 1951-52 Americanism program was granted recently to the Legion by Gen. Lucius D. Clay, national Crusade chairman, who stated that he "heartily welcomes and approves the unique proposal of Indiana veterans to undertake the responsibility of striking a blow for freedom in the satellite countries behind the iron curtain."

In the movement to help fight communist lies with truth, full strength of the Legion's 125,000 Indiana membership will support the program headed by State Chairman Glen R. Hillis, prominent Kokomo business man and Legionnaire. Lieut. Gov. John A. Watkins, who led the Indiana drive last year when 16,000,000 Americans were enrolled, has been named honorary chairman. Watkins is a past state commander of the veterans' organization.

Jack H. Albershardt, Indianapolis Legionnaire and state director of the 1950 Crusade, has been appointed to that position.

The Legion, in requesting the privilege and responsibility of sponsoring the drive, proposed to enlist the cooperation of religious, fraternal, business, farm, labor and other Indiana organizations in marshalling Hoosiers behind the freedom movement.

Mr. Hillis recently returned from a tour of 35 countries in Europe, Africa and Asia where he experienced the tense conditions of peoples living in the shadow of communist tyranny. "After what I have witnessed," Mr.

Hillis said, "I am convinced that Radio Free Europe which is sponsored by the Crusade is our most potent weapon in the cold war of freedom vs. tyranny. I welcome the opportunity to lend my support and congratulate the American Legion on its offer of a public service."

Mr. Hillis has announced the appointment of State Legion Commander Gilbert Bates of Milford and Jack W. McIntyre, immediate past commander as co-chairman of the campaign.

Organization of the Crusade will be established on the structure of the Legion on a district, county and community basis. Mr. Hillis has started a visit to all eleven districts and announces that full information will be made available to every Legion post and Auxiliary unit in the State.

The National campaign director is Harold E. Stassen, President of the University of Pennsylvania and former governor of Minnesota. A Navy commander in World War II, he heads the drive to enroll 25 million Americans and obtain voluntary contributions of \$3,500,000. Funds will be used to expand operations of Radio Free Europe in its slugging fight to free enslaved peoples. Success in the drive will assure construction of two additional powerful stations in Europe and the launching of similar activities in the Far East.

Radio Free Europe, the independent, anti-Communist broadcasting enterprise supported by the Crusade blasts programs to the six satellite countries in Eastern Europe over 135,000 watt transmitters in Munich and Frankfurt. Twelve hours daily the programs identify Red quislings and informers, report on disappeared persons, send messages to escapees, spike Kremlin propaganda lies and encourage hope among captive peoples for their ultimate liberation.

NOTICE TO BIDDERS

Notice is hereby given that the Trustee of Harrison Township, Kosciusko County, Indiana, will on the 28th day of August, 1951, receive sealed bids for the purchase of two (2) school bus bodies and chassis, at the office of said trustee.

All bids are to be on file by 7:00 p. m. o'clock of the aforesaid date.

Definite specifications for said purchase are on file in the trustee's office and may be examined before said purchase.

The trustee reserves the right to reject any and all bids.

In witness whereof I have hereunto set my hand and seal this 13th day of August, 1951.

(Signed) ROYSE TUCKER,
Township Trustee.

THE AVOCET

When the Avocet wings his way northward each spring, he is likely to enter the United States somewhere along the Gulf of Mexico. He may remain in Texas, or he may alight anywhere along the way up to Canada, but he seldom goes east of the Mississippi River.

His stopping place is always along the borders of a shallow lake, a pond, or a grassy muddy pool. There he can wade, hunt for food in the water, and build a nest on some swampy spot.

The Avocet knows how to swim, too, but he never goes far from the bank. He would rather stay in shallow water, where his feet can easily touch bottom. There he can gracefully pick his way along the fringes of the pool.

With each step, the Avocet holds his head near the water and sweeps his long bill from side to side across the bottom of the pool. Stirring through the mud, he finds tiny water creatures which he likes to eat. If the pickings are slim there, he raises his head and watches for insects on the surface.

The Avocet is well built for this kind of life. He is a fairly large bird, measuring sixteen to twenty inches from his bill to his tail. His legs are long, and so is his bill, which is slender and curves upward toward the tip. You would know at a glance, says the National Wildlife Federation, that he is

made for wading, and that his bill is a good tool for scooping around in the mud.

Another conspicuous thing about Avocets is their color. Both males and females have black and white wings. The rest of their features are white except for the head and neck, which are a light, pinkish brown during the summer season. Their feet and legs are bluish gray, and their bill is black.

For a bird that is so attractive and graceful in the water, the Avocet seems sloppy and careless when building a nest. It is poorly constructed of rushes, weeds, stems and water grasses, and placed on wet ground. In it are laid three or four eggs.

You aren't so likely to find the Avocets tending their brood as you are to see them wading in the water. Sometimes they step off the edge of the bank into their pool, but often they come in from a flight and light where they are going to wade. Before settling down to hunt for food, they stretch and wave their wings above their backs and bob their heads.

Now and then, the Avocet pauses in whatever he is doing and excitedly calls, "Pee-eeek, pee-eeek, pleek-leek, pleek-leek, peeceek!" He can be heard for some distance, because the call is loud, clear and shrill.

ADVERTISE — IT PAYS!

Out-of-town guests at the Methodist Parsonage last Tuesday were the Rev. Ross Richey, Mrs. Richey and children of Calvary Methodist Church, Elkhart.

On Saturday Mr. and Mrs. Garrett Gossard and daughter Gay of Kempton, Indiana, called on the Gossers as they were returning home from a week's stay at Winona. Mr. Gossard was a former legislator representing Tipton and Howard Counties. They are members of a church previously served by Rev. Gossard.

EASTERN STAR ANNUAL INSPECTION

The Order of the Eastern Star joint annual inspection of Pierceton, Warsaw and Mentone chapters will be held Friday evening, September 7th at the Warsaw Masonic Temple.

All members desiring to attend the banquet which will be held in the Warsaw Masonic Temple at 6:00 p. m. should notify Helen Brown not later than September first. Phone 145-F2. Price of tickets is \$1.50 per plate.

HUDSON — LEITER

Miss Patricia Hudson, daughter of Mr. and Mrs. Howard Hudson, became the bride of Kenneth F. Leiter, son of Mr. and Mrs. George Leiter, of near Claypool, on Sunday, August 5.

The ceremony was performed at Kingman, Arizona, by the Rev. Johnson of the Baptist Church.

For her wedding the bride wore a ballerina length gown of pink nylon marquisette, matching mitts and a white lace hat. She carried a white Bible with gardenias and ribbon bow streamers attached. Her jewelry was a three strand pearl necklace, a gift of the bridegroom, brought to her from Japan.

Mrs. Don Smith, of Claypool, was the bride's attendant. She wore a ballerina length gown of pale green organdy, with black accessories. Her corsage was of white gardenias.

Don Smith, friend of the groom was best man.

After a short trip in Arizona, the newlyweds returned to San Jose, California, where they reside at 941 East Julian Street.

The groom is now stationed at Moffet Field, near San Jose.

Pregnant Ewes

When there is a wave of pneumonia in pregnant ewes, there is always danger even after the ewes recover, the germs will linger around long enough to attack the newborn lambs.

DAVIS - WARREN MARRIAGE

The home of Mr. and Mrs. Harry Cole was the scene of the 2 p. m. marriage Saturday, August 4th of Mrs. Phillis Davis and Mr. Dale Warren, son of Mr. and Mrs. Ivan Warren of Beaver Dam Lake.

The bride is the daughter of Mrs.

Lindsey Huffer.

The Rev. Gossard read the single ring ceremony before a background of ferns and gladioli.

Miss Sonja Sue Huffer, pianist and Kerry Huffer, vocalist, presented a musical. The small daughter, Linda, of the DeVerle Whetstones sang "Let me

call you Sweetheart."

Mr. and Mrs. DeVerle Whetstone served as attendants.

A reception was given for immediate families at the Harry Cole residence.

Those present were Mr. and Mrs. Ivan Warren, Merl Warren, Scotty Davis, Barbara Whetstone, Mr. and

Mrs. Hamilton and daughter Judy of Fort Wayne, Mr. and Mrs. Harry Cole, Mr. and Mrs. Dean Sealock of Chicago, Mr. and Mrs. Lindsey Huffer and Mr. and Mrs. Thomas Whetstone.

After a brief honeymoon in Michigan the newlyweds will be at home in a cottage at Beaver Dam Lake.

WORLD WAR II MOTHERS MEET

Mothers of World War II met at the home of Mrs. Almyra Fisher west of Tippecanoe. Fourteen members were present. The meeting was opened by the President, Mrs. Blanch Paulus.

After pledging allegiance to the flag "Star Spangled Banner" was sung. Prayer was offered by Mrs. Ethel Wagner in absence of our Chaplin, Mrs. Bertha Meredith. The roll was called and communications were read.

The tickets received from our district to be sold on chances for a radio were rejected.

Treasurers report was read by Mrs. Laverne Horn. Birthday dues were paid by Mrs. Belle Morrison and Mrs. Mae Borton.

Helen Mollenhour made a motion and it was seconded by Myrtle Davis to buy six more foam rubber cushions for a veterans hospital.

Mrs. Fisher reported a gift of food for community service.

A collection of 2.14 was taken. A card with "get well" expressions was signed by each one present and sent to Mrs. Mary Barkman.

The meeting was closed with prayer by Mrs. Wagner and a lovely poem was read by Mrs. Paulus.

Mrs. Maude Romine entertained with two contests. Mrs. Belle Morrison was the lucky winner of both and also the door prize. Mrs. Fisher assisted by Mrs. Cornican served refreshments.

James A. Mollenhour AA of Memphis, Tennessee, spent the week end at home visiting his parents and friends.

COMPLETES ADVANCED PILOT TRAINING

Having completed advanced pilot training in the F51 Mustang, 2nd Lt. Bobby D. Herendeen received his pilot wings and commission at Craig A. F. B., Alabama, Saturday, August 4th. He is now home on leave prior to reporting to Luke A. F. B., Arizona for fighter gunnery training, August 16th.

METHODIST CHURCH NEWS

During the month of August there will be no meeting of the organizations of the church, but the first week of September will be the resumption of full activity within the church.

A speaker has been provided for the Sunday of August 26 when the Pastor will be on vacation. The Rev. E. E. DeWitt will conduct the service. In case of emergency call phone 59 or contact Rev. DeWitt in person. The Pastor and family will be back in the parsonage on September 1.

Members of the Congregation and friends making contributions by check and addressing same should make checks payable to Mentone Methodist Church, or Mrs. Jack VanGilder, Financial Secretary, to whom all contributions should be sent.

The Secretary of the Official Board is Mrs. Ralph Mollenhour, Mr. Elmore

(Jiggs) Fenstermaker is Chairman. Correspondence not needing the Pastor's attention may be sent to the Secretary, Mrs. Mollenhour.

These changes have been in effect since June 1.

Mr. and Mrs. Hersel Teel and sons Larry and Jimmy spent Wednesday at Chicago attending a double header ball game between Cincinnati and the Chicago Cubs.

MERRY MOLLY'S NEWS

Mrs. Marion Smith was hostess for the monthly meeting of the Merry Molly's Home Economics club held on August 8th.

Twelve members and two guests were present at the meeting. A short business session was held during which the fair exhibit was discussed.

The door prize was won by Mrs. Everett Welborn and a cheerio pal gift was received by Mrs. David Bowser.

Mrs. Smith was assisted by Mrs. Ed Smeizer in serving the lovely refreshments.

The September meeting will be held at the home of Mrs. Clayton Holloway.

URSCHELS LEAVE ON TRIP

Dr. Urschel, Mrs. Urschel, and Charles left Sunday for their annual hayfever trip to Northern Minnesota. Sarah is still in camp in Wisconsin.

Last Summer, Dr. Urschel and Charles made a canoe trip along the Canadian Border. They plan to repeat that this year, and will be accompanied by Rev. David Gosser and son, Davey. A friend of the Urschels, Mr. Norman Foltz of Detroit, will also accompany them on this trip, with two sons.

Dr. Urschel plans to be back in Mentone about September 16th, and will be in his office on the 17th.

THE AMERICAN WAY

The Smear Artist

Origin of Pretzel

Pretzels were originally given to children by priests as rewards for learning their prayers. The design represented arms folded in an attitude of prayer. The word "pretzel" means little arms.

ATHLETES FOOT GERM HOW TO KILL IT.**IN ONE HOUR.**

IF NOT PLEASED, your 40c back from any druggist. T-4-L is specially made for high concentration. Undiluted alcohol base gives great penetrating power. Kills imbedded germs on contact. Now at Denton's Drug Store.

BAPTIST NEWS

On Tuesday the church held their annual Sunday School picnic at the Rochester city park. While not as many as usual came because of the busy season, the children had a good time. A fine picnic dinner was followed by games, races, pop and ice cream. About 4:30 all went home tired, happy and full after the day's fun.

Financial figures for the first six months of 1951 show that the church has received for all purposes \$10,989.50. This is almost \$3,000 over the same period last year. Mr. Ward is almost

done with decorating on the outside of the church and as soon as the roof is completed the exterior of the church will be back in excellent condition.

Last Sunday there were 199 in Sunday School, 186 in the morning service and 176 in the evening service. Mr. and Mrs. Robert Munn came in the morning service for church membership and were baptised in the evening meeting. They will be leaving in September, with their family, for Paris, France, where Mr. Munn will teach in the European Bible institute. This is a Bible Institute that has been started to teach French to their own people. Rev. Noel Lyons, for many years with the Moody Bible Institute, and Rev. Robert Evans, Christians how to be good missionaries Youth for Christ officer for several years, are at the head of the Institute. God has already blessed in the work. Valuable property has been bought at

the edge of Paris and the work is ready to continue in September. This now makes 20 members of the church that are engaged in full time Christian service or are preparing for the Lord's work in some Bible School or Seminary.

MRS. LINN SPEAKS TO WARSAW BUTTON SOCIETY

Mrs. Ray Linn presented the program at the meeting of the Warsaw Button society held at the home of Mrs. James Cook, of Warsaw, on last Wednesday evening. An article, "Hands on Buttons" was given by Mrs. Linn, who substituted for Mrs. Lois Trumbull, who is ill. An exhibit of Kate Greenaway buttons was shown by Mrs. Herbert Smith. Mrs. Allen Shafer assisted Mrs. Cook during the social hour. Mrs. Linn will be the hostess at the next meeting.

MENTONE MURMURS

by
DAVID and SALLY GOSSER

After what must seem to be a vacation for the readers of Murmurs, the type writer keys are again busy with words and letters that arrange themselves in that peculiar order of the

Gosserized travelogue that takes us through the community and often far afield.

Having spent most of four weeks in camps within the confines of Kosciusko County, Murmurs returns to their desk to find cards and letters postmarked from the New England States to the Pacific Coast. It is the season of vacations, the islands of our dreams set in the seas of daily chores and routine tasks. Here we have landed for a too short respite from the steering of our courses through daily life.

Murmurs and Murrettes will likewise be beaching themselves upon the sands of vacation-land for the next two weeks in the regions of boulders, lakes, pine trees, and sky. For the two oldest male members of the Murmurs household it will be a Dale Kelleysized version of vacation with canoes, fish and Canadian lakes and shores in company with Dr. Dan Urschel and Charles, and Mr. Fultz and his two sons of Detroit.

A portage-to-portage account of the trip will be made later in a forthcoming issue of the Co-Op. News when tall tales from trembling timbers will carry the scent of pine needles and coffee boiling over the embers of camp fires. This will certainly be a respite from the responsibility of directing the activities of seventy intermediates in classes and recreation at Epworth Forest, living with nineteen Boy Scouts directing the activities of seventy boys at McClure Lake, and living with a cabin full of High School Youth for a week of Institute at Epworth Forest.

There is in no way a complaint of accepted responsibility, but the joy of having completed tasks that in them selves are enjoyable and satisfying. There is no better way of serving a community and its people than through the youth; and camp life is not only an enjoyable way of putting that service into practice, but making it worthwhile at the same time.

Each of the weeks at camp had its high-lights, the moments of inspira-

tion, as well as its problems; and each week concluded with a program that was in keeping with the purpose of the respective camp.

It should be mentioned that this was the first year that the camp had an overnight camp out and boat trip which took the boys into several of the lakes which join Gordy Lake by channels navigable by canoe and row boats. Jon Cullum and Scoutmaster Gosser will not soon forget the Campfire at which they were called out for Order of the Arrow. There were opportunities for every boy which will never again come in their life time, but only the

individuals can determine the lasting value of those opportunities.

The story is told of a youth who decided to put an aged sage on trial by going to his hermitage with a live sparrow in his hand and asking two questions: first, "What do I have in my hand?"; and second, "Is it alive or is dead?"

The wise man answered first, "I perceive that you have a bird in your hand by the plumage which protrudes between your fingers," and second, realizing that if he said alive, the lad would squeeze the life out of it, or "dead", he would let it fly away, answered, "As you will."

WHETSTONE REUNION HELD

The Whetstone Family Reunion was held Sunday, August 19th with Mr. and Mrs. Harry Cole. This being the 3rd year the family has had the reunion. Two of the family group have passed away since the gathering last year. They were Mrs. Armanda Blue and Reese Johnson.

The honored guests were Abe Whetstone and Mrs. George Flitters, whose birthdays fell on August the 18 and 19. Little Linda Whetstone and the Weiryck girls sang happy birthday as the birthday cake was cut. The cake was presented for the occasion by Mr. and Mrs. Ford Johnson of Warsaw. After the bountiful dinner which was served to 50 people, Mr. and Mrs. Frank Reed of Plymouth and Mr. Ben Blue of Warsaw entertained with some old fashioned music. A business meeting was called to order and officers elected. Those elected were Mrs. Dora Whetstone, chairman and Mr. Lee Geesa, secretary. It was voted to hold the next reunion the 3rd Sunday of August in 1952 at the Abe Whetstone home.

Guests at the reunion included Mr. and Mrs. Abe Whetstone of Mentone; Mr. and Mrs. Thas Whetstone, of Pierceton; Mr. and Mrs. Phillip Whetstone of Warsaw; Mr. and Mrs. DeVerl Whetstone and family of Claypool; Mrs. Ada Whetstone of Mentone; Mrs. Wilda Johnson of Gary; Mr. Ben Blue of Warsaw; Mr. and Mrs. Jeff Huffer of Mentone; Mr. and Mrs. Bert Holloway of Mentone; Mr. and Mrs. Alden Scott and daughter of Warsaw; Mr. and Mrs. Frank Reed of Plymouth; Mr. and Mrs. Dale Warren and son of Beaver Dam Lake; Mr. and Mrs. Garrie Rose of Mentone; Mr. and Mrs. Ford Johnson of Warsaw; Mr. and Mrs. Memory Hindenlang of Avilla; Mr. and Mrs. James Holloway and daughter of Fort Wayne; Mr. and Mrs. Weiryck and family of Kendallville; Mr. and Mrs. Wilbur Ross of Kendallville; Mr. and Mrs. Thomas Morgan and family of Valparaiso; Mr. and Mrs. George Flitters and daughter of Valparaiso and Mr. and Mrs. Lee Geesa of Warsaw.

SQUIRREL SEASON OPEN

The squirrel season opened on Saturday, August 18 and continues until October 16.

MENTONE SCHOOL TO OPEN ON AUGUST 31

At 8:30 a. m. on Friday, August 31, pupils planning to attend Mentone School will report at the school. For those living on rural routes, school buses will make their regular runs. At the opening session pupils will be enrolled, book lists distributed, assignments given, and several important announcements made. Any student unable to attend the opening day should confer with Mr. Kent at the school some time before Friday.

Royce Tucker, Harrison Township Trustee, announces the following teachers for the 1951-52 school term: Barbara VanGilder, primary; Wreatha McFarren, second grade; Dale Keever, third grade; Trella Tombaugh, fourth grade; Art Witham, fifth grade; June Aughinbaugh, sixth grade; Tressie Hoffman, home economics, mathematics; Nell Harriman, art, English, and girls' physical education; Dale Kelley, English, Latin, mathematics; Glen Law, commerce, social studies; Anthony Pavlick, vocational agriculture, science; Lorin Burt, boys' physical education, social studies; Ralph Hoffman, English, science, woodworking; Roger Kelly, vocal music, band; Walter Kent, principal, English. Maynard Johnston will continue as teacher of veteran training in agriculture.

School custodians for the coming year will be Omer Morrison and Edwin Bach. Lillian Witham, Elizabeth Simcoe, and Mary Teel will prepare and serve the school lunches. Bus drivers will be Walter Wilson, John Webb, Albert Tucker, Lloyd Lowman, Wayne Tombaugh, Victor Adams, and Vern Egolf. Violet Long will continue as school clerk.

The first full day of school will be Tuesday, September 4. Warm lunches will be served that day. There will be no school on Labor Day.

CLUB CALENDAR

Beaver Dam Home Ec. club will meet Wednesday afternoon, August 29, with Mrs. Neva Kinder, Stella Smith assisting hostess.

Members of the American Legion and Auxiliary will meet at the Post home Tuesday, August 28 at 6:30 p. m. for a pot-luck supper. Bring covered dish and table service.

MERCHANTS DEFEAT LAGRANGE

The Mentone Merchants came out with the big end of a 1 to 2 score against the boys from LaGrange here last Friday evening. LaGrange outthit the local boys 8 to 4 and made only one error on the playing field while the lads from the egg capitol let two slide between their legs.

LaGrange scored one run in the first inning but the Merchants didn't give anything but "eggs" in the next eight. It took five innings for Mentone to score, but the two they made in the sixth was enough to win.

MRS. LOTTIE MORGAN

Mrs. Lottie Morgan, daughter of James and Betsy Holloway died on Tuesday, August 14 at the home of her son, Donald, in Tiosa. She was born May 20, 1875 at Sevatopol.

She was an aunt of Bert Holloway, Mrs. Ray Dillingham, Mrs. Vernon Jones, Mrs. Ernest Williamson and Chancey, Harve and George Mollenhour of this community.

Funeral services were held Thursday and burial was in the IOOF cemetery at Rochester.

JOLLY JANES WIN HONOR

The Jolly Janes Home Economics club of Mentone captured a special award by entering the most exhibits by members—191. Mrs. Robert Parker is the club president. The second prize went to the Better Homes club of Etna Green, with 60 exhibits. The Jolly Janes club also received the most prizes, 60, and the Better Homes club won the second higher number, 21.

TEACHING STAFF FOR BEAVER DAM ANNOUNCED

Trustee Robert O. Jones, of Franklin township, announces the following teaching staff for the Beaver Dam school:

Doyle Swanson, Akron, principal.
Fred Hanye, Akron, English.
Glenn Webster, Claypool, Mathematics.
Ronald Vaughn, Claypool, coach and shop.
Eleanor Malott, Akron, Commerce.
Rhoda Leslie, Warsaw, Home Economics and Music.
Howard Ezra, North Manchester, 5th and 6th grades.
Mrs. Howard Ezra, North Manchester, 3rd and 4th grades.
Neva Kinder, 1st and 2nd grades.

SISTER DIES IN MICHIGAN CITY

Eli Julian received word Tuesday of the death of his sister in Michigan City.

Mrs. Hollis Vandermark, who would have been 75 years of age September 12, died in her home at Michigan City Tuesday. She was born in 1876 in LaPorte county to David and Elizabeth Julian.

She was an active member of the Salvation Army.

Surviving relatives include four sons and four daughters, one brother and two sisters. Her husband and three children preceded her in death.

Funeral services will be held Friday, Aug. 24th at 11 o'clock at the Ott funeral home in Michigan City.

REPUBLICAN TOWN CAUCUS

The Republican town caucus will be held at the town hall Thursday evening, Aug. 23 at 7:30 p. m.

MERCHANTS' SOFTBALL GAMES

The Milford Merchants will play the Mentone Merchants at Mentone Friday evening, Aug. 24.

The following week, Friday, Aug. 31, the Plymouth All Stars play here.

Tentative arrangements are also made for Bremen to play the Merchants here on next Wednesday evening, Aug. 29.

Douglas Fir
The outstanding tree of the west is the Douglas fir, named for Dr. David Douglas, the exploring Scotch botanist, who found it in the Willamette valley about 125 years ago.

WRITES FROM MEMPHIS

Thursday, August 16

Hi Art,

I imagine you have quite a time keeping track of all the boys in the service. It seems like all we get done is move. I'm pretty well settled for a while now as I started AT-AL "A" school last Monday and it is a 28 week school here in Memphis. This school is Aviation Electronicsman and Aviation Electronics Technician. It trains sailors in aviation electronics. There are several other schools here, too.

We've started learning the Morse code and have spent some time using a slide rule along with math and other practical subjects.

The weather here is nice, it's half way between Indiana and Florida. I about froze when I was home last week end.

The recreation facilities are even more plentiful here than they were at the last base, however, no one is interested because we have liberty every night except when we have the duty section. Of course, we have home work about every night so you usually stay in and study. For those that are falling they also have night school.

I'll try to get in and see you next time I'm home but when you get home there's so much to do and so little time to do it in that I might not get in this week end but I'll try.

Thanks again for sending the paper. It sure helps to keep up on the news because some one always forgets to write something you'd like to know.

James A. Mollenhour

INDUSTRIAL WORKERS URGED TO USE MORE MILK

The average factory worker can now buy 6.9 quarts of fresh milk with one hour's wages as against 3.9 quarts in 1929 and should, therefore, include more milk in his meals to make up for calcium deficiencies in his diet, asserts Milton Hult, President of the National Dairy Council.

"Based on a recent Government survey, one-third of our city families eat meals which provide insufficient calcium, a mineral essential to all body cells," Mr. Hult said. "Milk is the chief source of calcium in foods."

Commenting that industrial workers comprise a large proportion of the population of most cities, Mr. Hult said that they ought to include more milk in their daily meals because the nutrients which make for good health are contained in abundance in milk.

"Good health," he emphasized, "means good factory records, increased production of goods, and a stronger America."

One quart of milk, he explained, supplies approximately 100 percent of the daily calcium requirements of a physically active man; 92 percent of the vitamin A; 22 percent of the thiamine; 22 percent of the energy, and significant quantities of many of the other vitamins and minerals everyone needs.

"Because of its rich supply of nutrients, milk is one of the best bargains in foods," Mr. Hult declared. "Only a few minutes' labor in this country will pay for a high-quality pasteurized quart bottle of milk. In Russia, almost a full hour's labor is required to buy a quart of milk and likely as not the milk is not available."

THE AMERICAN WAY

"THE FOOL HATH SAID . . ."

In the 53rd Chapter of Psalms Verse 1, we read: "The fool hath said in his heart there is no God. Corrupt are they, and have done a-bominable iniquity: there is none that doeth good."

George Peck

In drawing up the Constitution the Founding Fathers were keenly aware that the new nation they were creating

could live only if its citizens turned constantly to the Bible for guidance and strength. They had read: "Except the Lord build the house, they labor in vain who build it." (Psalms 127:1) Therefore, the Holy Bible, the Guidebook of Civilization, became the rock on which America was founded.

For a century and a half the citizens of this nation followed the pathway so wisely charted for them by the framers of the Constitution, with the result that America attained the highest degree of civilization the world has ever known. In recent years sad to relate, all too many Americans have become careless, are no longer mindful of spiritual values. If this nation is to prevail against Godless communism, somehow we must recapture the Faith that enabled us in the short span of 150 years to come from an obscure position to world leadership.

In 1940, a small group of citizens, alarmed that America was straying from its course, banded together to form the Laymen's National Committee. This group comprised men and women of the three great Faiths, of all walks of life, recruited from the fields of business, industry, agriculture,

government and the professions.

The objectives of this non-sectarian, non-profit organization are to encourage belief and faith in God, daily reading of the Bible, religious education and regular attendance at houses of worship and Sunday Schools. The sum totals of these objectives is to strengthen religious life in America.

In 1941 the Committee launched the first National Bible Week. It was a success as have those that have been held in the third week of October each year since. Eleventh National Bible Week is to be held from October 15-21 this year. Congressman Walter H. Judd of Minnesota is chairman for this event and under his able leadership, prospects are that it will be the most successful to date.

Then, in 1945, the Committee instituted National Sunday School week. This, too, was attended by success. It has been held every year since, and 8th Annual Sunday School Week will be observed during the second week of April next Spring.

Numbered among those who endorse the Committee and its activities are governors, senators, congressmen, mayors, Civic leaders, military leaders, business and industrial executives, la-

bor leaders and professional men and women.

During the eleven years since its organization the Committee has grown in stature and influence, but the surface has only been scratched. Its work has only begun.

Space does not permit recounting the many things this Committee has done, is doing and plans to do to awaken America to the basic religious principles upon which this nation is founded. If this article has aroused a spark of interest and you would like to know more about this worthwhile movement, the Committee, upon request, will be happy to send you literature without charge. Simply send your request to the Laymen's National Committee, Hotel Vanderbilt, New York 16, New York.

Mrs. Robert Wood, west of Warsaw, called at the home of Mrs. Mae Borton on Saturday afternoon. She is an old schoolmate of Mrs. Borton.

Mr. and Mrs. Fred Swick and Mr. and Mrs. Doyle Earwood of Terre Haute have returned to their home after spending last week fishing and sight-seeing at Indian Lake near Rhineland, Wisconsin.

CO-OP. OIL STATION

CONSERVATION DEPARTMENT DISPLAY BUILDING READY FOR FORMAL OPENING AND DEDICATION

Complete in every detail, and pronounced the finest building of its type in the United States, the new display building of the Indiana Department of Conservation, will swing open its doors for the first time as of August 30, opening day of the 1951 Indiana State Fair.

Realizing the need for a building in which all the activities of the conservation department could be adequately displayed, the Indiana State Fair Board appropriated the funds necessary for its construction.

Huge auditoriums which can be used on a year-round basis, aquariums by means of which all types and species of fish may be advantageously displayed, uniformly constructed display spaces in which may be seen the operations of the department and barracks for personnel assigned there during the Fair, go to make up the most complete conservation building thus far constructed.

The formal opening and dedication will be held in front of the building, which is located near the Forty-Second street gate, at 2 p.m. Daylight Saving Time, which is 1 p.m. Central Standard Time, August 30. All Fair visitors are invited to attend.

4-H HOME ECONOMICS ENTRIES SELECTED FOR STATE FAIR

Entries selected from 4-H Home Economics exhibits at the County Fair for State Fair competition are as follows:

Baking

Division I—butter cake, Pearl Widman of Pierceton.

Division II—dropped cookies, Dianne Sittler of Beaver Dam.

Division III—angel food cake, Dorothy Christian of Mentone.

Division IV—rolls, Janice Nelson of Burket.

Division V—cookies, Ruth Ann Nine of North Webster; cup cakes, Kay Freed of Silver Lake; cup cakes, Martha Drudge of Beaver Dam; yeast rolls, Cloanne Nelson of Burket; loaf cake, Nancy Wise of Silver Lake; layer cake, Carolyn Bowen of Burket; angel food cake, Marcille Morris of Claypool.

Clothing

Division I—headscarf, Dianne Sittler of Beaver Dam.

Division II—school dress, Nancy Williamson of Etna Green.

Division III—school dress, Roberta Bouse of Silver Lake.

Division IV—school dress, Emily Cook of Warsaw.

Division V—school dress, Carolyn Steiner of Monroe; suit, Tomaline Witham of Atwood; best dress, Carolyn Bowen of Burket.

Food Preservation

Division I—tomatoes, Dixie Polk of Burket; fruit, Roberta Bouse of Silver Lake.

Division II—vegetable, Charlotte Steiner of Monroe; vegetable, Pearl Widman of Pierceton.

Division III—fruit, Josephine Heisler of Etna Green; vegetable, Emily Cook of Warsaw.

Division IV—fruit, Elener Norris of Mentone.

Division V—vegetable, Mary Doering of Beaver Dam; vegetable, Ruth Ann Nine of North Webster.

Crafts

Division I—pillow case, Marcille Morris of Claypool; stenciled lunch set, Sandra Brubaker of Pierceton; photo album, Carolyn Steiner of Monroe; duck, Rita Williams of Claypool; doll, Sharon Phillips of Warsaw.

Division II—cork and lace mats, Carolyn Bowen of Burket.

Farm and Home Electric articles were selected from both 4-H agriculture and 4-H Home Economics exhibits. They are:

Division I—Elener Norris of Franklin Township; Chauncey Bennett of Burket.

Division II—Doyle Heckaman of Burket.

In each instance the exhibits were chosen as representative of the best in Kosciusko County.

with an

ELECTRIC FARM and HOME FREEZER

To take full advantage of the convenience and economy of frozen foods, you must have your own individual Electric Foods Freezer. You can get one in a size to fit your needs exactly, whether for farm or city home.

Better Quality

Buy the best of everything when available. Stock up on all kinds of commercial frozen foods when plentiful and prices low. Buy fresh foods at their peak of goodness, right when they're in season, freeze and store with all their quality and flavor locked in.

Avoid Waste

Cook large, economical quantities of roasts, stews, beans, gravies, sauces, and freeze until needed. Have "planned-overs" instead of leftovers.

Save Time and Money

Shop once a week, or even every two weeks. Buy foods at quantity prices and really save. Fruits by the bushel, berries by the crate, vegetables by the hamper, ice cream by the gallon, a week's or month's supply of meat at one time.

Freeze instead of Can

It's easier to freeze foods—and you enjoy fresh, peak-of-goodness flavor. You can easily prepare and freeze the fruits and vegetables you raise in your own garden, and save a lot of time and money, too!

Frozen Game

For the sportsman, there's no need to give away the fish you catch, or the game you shoot. Simply freeze it.

'Frozen Pantry'

Imagine having all the food you need in the house at all times—from snack to complete meal! No concern then, about unexpected guests. You can even prepare quantities of pies, cakes or biscuits days ahead, freeze them ready to pop into the oven—or bake first, then freeze.

No 'Seasons'

With your own Electric Food Freezer you can enjoy strawberries at Christmas, or oysters in August. No need to depend upon "fresh" fruits or vegetables shipped long distances at premium prices. You are really the master of your menus!

ENJOY CONVENIENCE AND ECONOMY WITH AN ELECTRIC FARM AND HOME FREEZER!

FACTORS INFLUENCING EGG SHELL QUALITY

(From leaflet prepared by Poultry
Department, Michigan State College.)

Every year many poultrymen are
confronted with the problem of soft-
shelled, thin-shelled and checked eggs
in their laying flocks. This condition
can usually be readily corrected but
many times it persists in spite of the
measures taken to bring about im-
provement. In dealing with the prob-
lem of egg shell quality it should be
borne in mind that three important
factors must be considered: (1) diet,

(2) management, and (3) breeding.

Faulty nutrition or poor diet is most
often the cause of poor shell quality.
To produce an egg with a good shell
a hen must have proper amounts of
vitamin D, calcium, phosphorus and
manganese in her diet. About 2.25 per-
cent of the diet should be calcium,
but the mash need not contain this
amount if high calcium limestone grit
or cracked oyster shells are provided
in hoppers at all times. About 0.75 per-
cent of the diet should be phosphorus.
Enough manganese can be assured in
the total diet if manganese sulfate is
added to the feed mixture at the rate
of 4 ounces per ton. Inasmuch as the
metabolism of calcium and phosphorus
is regulated by vitamin D it is im-
portant that special attention be paid
to this vitamin. Where equal parts of
mash and grain are fed the mash
should contain about 900 A. O. A. C.
units of vitamin D per pound.

Even though the essential nutri-
ents for shell formation are provided
in the feed, it is necessary that hens
be managed properly for good results.
Lack of water, an indefinite feeding
schedule, overcrowding, and poor san-
itary conditions which promote disease
will all tend to influence in varying
degrees the hen's ability to lay a
normal egg.

Perhaps the greatest advances which
can be made in the future in regard
to improved shell quality lie in the
realm of breeding. In many instances

improvement in shell quality can be
obtained through dietary changes but
the effects are only temporary. It ap-
pears that in these instances the hens
do not have the physiological capa-
city for sustained normal shell pro-
duction. Since such physiological de-
fects are inherited, individuals which
lay eggs of poor shell quality in spite
of a good diet and good management
should not be used as breeders. Rigid
selection and intelligent mating of de-
sirable individuals will lead to im-
proved stock which will pay off in
better shell quality.

(Writer's note: Since feed is only
one of three important factors involved
in the production of strong egg shells,
it is important that feed manufacturers,
dealers, salesmen and servicemen make
certain that good management prac-
tices are being followed on the farm
and that hens do not possess inher-
ited weaknesses that are the cause of
poor egg shell quality in dealing with
complaints from poultrymen. When
feeds are nutritionally complete, faulty
management and breeding are gener-
ally responsible for poor egg shell
quality.)

Modern Circus

The modern circus is credited to
18th century England and an ex-
cavalryman who enlivened his Lon-
don horseshow with acrobatic and
clown acts. The popular feature
soon spread to the European con-
tinent and to the young United
States, where the Ricketts circus of
Philadelphia, in 1793, counted
George Washington among its ad-
mirers.

War Dogs

Trainers of war dogs prefer ani-
mals that are capable of respond-
ing to intangible rewards, such as
approval and disapproval, as well
as to specific prizes. Dogs with lit-
tle sensitivity to either caress or
correction are considered undesir-
able for military training.

LEGION AUXILIARY NEWS

Twenty-three members of the Mentone Unit No. 425, the American Legion Auxiliary, and 57 guests met at the Mentone school building August 14, for its regular meeting and public installation ceremony.

Distinguished guests present were the president of the Second district, Mrs. Fred Boissy, from DeMotte, Mrs. Gilbert Bates, from Milford and Mrs.

Jennie Vermillion from Clinton, Illinois, who has served as Chaplain of the 8-40 at Champagne, Illinois, and is the incoming president of the Crang-Bennett unit No. 103 of Clinton.

Mrs. Boissy conducted the very impressive installation ceremony, assisted by pianist, Mrs. Maude Snyder and acting Sergeant-at-arms, Mrs. Frank Smith.

The following officers were installed: President, Mrs. Joseph Boggs; Vice president, Mrs. Ward Williamson; Second vice president, Mrs. Dale Wallace; Third vice president, Mrs. Jack Shaffer; Recording secretary, Mrs. Richard Manwaring; Corresponding secretary, Mrs. John Ellsworth; Chaplain, Mrs. E. E. Wagner; Historian, Miss Norma Jean Nellans; Sergeant-at-arms, Mrs. Byron Nellans.

At the close of the installation ceremony, the junior past president, Mrs. Robert Whetstone, was presented with a past president's pin by Mrs. Boissy. A gift of appreciation was presented to Mrs. Boissy by Mrs. Frank Smith on behalf of the unit.

The newly installed president, Mrs. Joseph Boggs, appointed various committee chairmen to serve for the following year and announced a district meeting to be held in September.

In the business session, at which Mrs. Robert Whetstone presided, it was reported that the unit will receive a superior rating for attaining 98 per cent in merit points. An announcement was made of a parley meeting to be held with the North Webster unit in their legion home at 1:00 p. m., September 5, 1951.

Mrs. Jack Shaffer, program chairman for the evening, presented Mary Ellen Bryan, who entertained the group with several piano selections; Mr. Chan Stine, from Bourbon, who sang several vocal solos; and a vocal trio from Tippecanoe accompanied by Miss Jean Miller from Bourbon. Door prizes were awarded by the reception committee, Mrs. Cloice Paulus, Mrs. Ralph Ward and Mrs. Glen Secrist.

There were delegations from Akron, North Webster, Pierceton and Milford units present.

Floral decorations were arranged by Mrs. Fenton Davison, Mrs. Ralph Ward and Mrs. Robert Whetstone. Members of the refreshment committee were: Mrs. Eldred Paulus, Mrs. John Boggs, Mrs. Miles Manwaring and Mrs. James Rodibaugh.

The next meeting will be held at the Legion home August 28 at 6:30 p. m. This will be a potluck with members of the American Legion.

River of Milk

Enough milk is produced annually in America to fill a river 3,000 miles long, 40 feet wide and 3 feet deep. If all the milk produced in the U.S. in 1949 had been put in quart bottles side by side, the bottles would extend almost 140 times around the earth.

Mr. and Mrs. Miles Manwaring and Mr. and Mrs. Max Smith left early Sunday morning to enjoy a fishing trip vacation at Traverse City, Michigan. They will return home Sunday.

Mr. and Mrs. Harold Wagner, of Bristol, are spending their vacation in Mentone with Mrs. Wagner's parents, Mr. and Mrs. Jake Gross.

Due to the serious illness of Aunt Nettie Mollenhour, who lived at the old Homestead, where the Mollenhour reunion had been held for several years, the reunion was held this year at the home of Mr. and Mrs. Clark Mollenhour August 12, at Crystal Lake. The old officers were held over for another year. C. E. Mollenhour of Bourbon, President, and Lyman Mollenhour of Mentone, Sec. and Treasurer. In the afternoon ice cream was served to thirty-six present.

A carry in supper was held at the home of Mr. and Mrs. Clark Mollenhour on Crystal Lake honoring Mrs. Helen Case of Seward, Alaska, who is a cousin of Mrs. Mollenhour. Miss Case showed picture slides of the Jessie Lee Home where she had worked, also many beautiful scenes in and around Seward. There were 26 friends and cousins present.

Mr. Frank Saeman, Clark Mollenhour and Walt Hyde went to New York by plane on a business trip for the company.

Mr. and Mrs. Ralph Mollenhour and Roger visited Sunday in Rensselaer with Mr. and Mrs. Sam Perkins.

CHURCH ANNOUNCEMENTS

Talma's Sunday Evening services on August 26, will meet with the Jerusalem E. U. B. congregation at the Bourbon Methodist Church. The Ministers have arranged this exchange of preaching for Sunday so that they will be absent. Your Minister is required to attend his home conference on September 23. Let's have a large group attending. There will be a Youth Meeting before the Service at 7:00 p. m. The youth of both churches will combine to form a youth choir.

**HEALTH FACTS FROM YOUR
STATE BOARD OF HEALTH**

More than 509 nurses are engaged in Indiana in public health activities, and 485 employed by industries, according to a 1951 survey made by Miss Genevieve Shaw, R. N. educational director, Division of Public Health Nursing, Indiana State Board of Health.

The Nurses are employed by 191 agencies with 447 listed as staff or public health nurses and the remainder as administrators, consultants and supervisors.

The number of agencies, such as health departments, school and health 27 this year. Five more supervisors were hired by local boards of health and agencies, employing nurses increased eleven staff nurses added. The number

of staff nurses employed by local non-official agencies was cut eighteen. Forty-six more industrial nurses were employed this year.

"Indiana's over-all ratio of public health staff nurses to population is 8,801. A total of 340 more staff nurses is needed to meet the minimum standard recommended by the American Public Health Association of one nurse to a population of 5,000 for a program

that does not include bedside nursing. Miss Shaw pointed out.

Nineteen Indiana counties do not have the services of a public health nurse according to a survey made in June. They are Benton, Blackford, Boon, Clay, Dekalb, Dubois, Hendricks, Henry, Huntington, Martin, Monroe, Newton, Ohio, Owen, Pike, Scott, Union, Warren, and Washington.

COX MOTOR SALES MENTONE, IND.

THE COMMON REDPOLL

The common Redpoll is a small bird, but a hardy one. He spends his summers in Canada and his winters in the northern United States. He may go as far south as Virginia, Alabama, Kansas, Colorado, and Northern California. But he is more likely to stay up where the snow is deeper and the temperature falls lower.

Though the ground is buried under a white blanket, the Redpoll manages to get seeds for food. His favorites are the seeds of alder and birch trees. When he finds some, he clings to a branch and picks open the seed coverings. As the seeds pop out and drop to the ground, he flies down to collect his harvest.

All around him are other Redpolls, busy at the same task. They like to stay in flocks, whether they are traveling or settled down for the season. They also enjoy the company of goldfinches, and the two kinds of birds often fly together.

The best way to identify Redpolls, says the National Wildlife Federation, is to listen for their call. They seem to be saying, "Chut, chut, chut, chut, chut." The sound may remind you of

the muffled noise which comes from small pebbles being rattled between cupped hands.

At other times the Redpoll cries, "Pi-ree, pi-ree. Ti-er, tier." It is a sweeter call than his flight sounds, and there is a touch of sadness to it as he sings from a treetop.

National Wildlife Federation
Common Redpoll

In every other way, though, Common Redpolls are gay, active birds. They chatter both in the air and while they eat, and they seldom sit still for long. They aren't easily frightened, either. When something startles them, they may whirl into the air for a short flight. But they quickly settle down as though nothing had happened.

The flock is a colorful sight, because

the birds all wear red caps. Under their throats are patches of black. The upper parts of their bodies are streaked with brown and gray. The male Redpolls also have streaks of pink underneath, but the females do not. This is the one mark by which you can tell them apart. Both the males and the females are about 5 1/4 inches long.

In winter and summer, the Redpolls live in groves of birches, clumps of willows and alders, or in old weed fields and pastures. They may put their nests at almost any height, but usually they build in the low branches of a willow or birch. If a tree isn't

handy, they may use a clump of thick grass for a nesting place.

To start their nest, the Redpoll parents collect twigs for a foundation. With the twigs they mix grass, moss and other soft materials. The final lining is made of downs, fur and feathers. In this snug spot are laid five or six small, blue-green eggs which are spotted with reddish-brown.

Both the baby birds and the parents eat insects while they are in Canada. As the days get shorter and the weather turns cold, they fly down to the United States, where they can feed on seeds for the winter.

SAFETY ENGINEERS REVEAL FIERY DOMESTIC TRIANGLE

Every year, fires take a frightful toll of lives in the United States. Many of the fires start in kitchens. Yet how many housewives have even the slightest understanding of this enemy?

The Ansul Chemical Company of Marinette, Wisconsin, pioneer producer of dry chemical fire extinguishers, recently published a pamphlet which explains in clear, simple language the "Fundamentals of Fire Extinguishment." If everyone were to read this pamphlet and learn something about the nature of fire, then we would go a long way towards reducing fire damage.

The way the Ansul engineers explain it, fire consists of these elements — fuel, oxygen and heat. Just as a triangle will cease to exist if any one of its

three sides is removed, so will a fire cease to exist if any one of its three component parts is removed. Heat may be eliminated by cooling; oxygen may be eliminated by excluding air; fuel may be eliminated by removing it. In most cases, the removal of fuel from a fire is impractical, so the cooling method and the exclusion of air are used.

Learn to identify the different classes of fire and have the correct extinguisher available for putting out the fire, and you will have taken a big step towards fire safety, says Ansul.

LEGION AUXILIARY NEWS

Twenty-one members and guests of the American Legion Auxiliary met at the Legion home on Tuesday evening for a pot luck dinner.

No regular business meeting was held but it was announced that the early bird contest is on and dues are payable to Mrs. Dale Wallace, membership chairman; Mrs. Reed, Treasurer or Mrs. Joe Boggs, President.

The next meeting will be held on Tuesday evening, September 11 at 8:00 p. m. at the Legion home with the following committees serving: Program—Bernice Jones, Blanche Paulus and Martha Jefferies; Refreshments—Opal Nellans, Martha Ellsworth, Bess Manwaring and Lola Wallace.

It was announced that the next district meeting will be held in Burlington on September 19.

Following is the list of chairmen for the coming year.

- Child Welfare—Dorothy Shaffer.
- Civil Defense—Arvilla VanGilder.
- Gold Star—Barbara Van Gilder.
- National Security—Helen Mollenhour
- Publicity—Kate Whetstone.
- Constitution and By-Laws—Mary Ann Stanford.
- Legislation—Opal Nellans.
- Finance—Jean Rodibaugh.
- Radio—Martha Ellsworth.
- Music—Maude Snyder.
- Americanism—Mary Manwaring.
- Merit System—Wanda Simcoe.
- Membership—Lola Wallace.
- Community Service—Bernice Jones.
- Rehabilitation—Grace Boggs.
- Knightstown Home—Juanita Paulus.
- Junior Activities—Mae Borton.
- Pan American Study — Geraldine Smith.
- Poppy—Kate Whetstone.
- Education of Orphans of Veterans—Mary Wagner.
- Girls State—Mary Shirey.
- Past President's Parley—Nettie Ernberger.
- Service Sales—Blanche Paulus.
- Program Committee—Norma Jean Nellans, Geraldine Smith and Kate Whetstone.

HOUSE FLOODED

Last Monday while Mr. and Mrs. M. O. Mentzer were away from home, a valve broke in the upstairs bathroom and water flooded the bathroom, bedroom and hall. It finally soaked through the floors soaking the furniture and rugs down below. It was necessary to do quite a job of plastering in repairing the damage. Kind neighbors helped in removing the furnishings.

TO CELEBRATE 25th ANNIVERSARY

Mr. and Mrs. Carl Blackburn of Warsaw Route 5 will celebrate their 25th wedding anniversary on September 2. They will have dinner with their family and will hold open house from 2 to 4.

REPUBLICANS HOLD CAUCUS

The Republicans of Mentone held a caucus in the town hall, on last Thursday night and nominated a ticket of three members of the town board and a clerk-treasurer.

The following members were duly nominated for town board subject to the election at the November polls: Harold Nelson, Roland Ferverda and Artley D. Cullum and Clerk-Treasurer, Wayne Tombaugh.

CLUB CALENDAR

The Order of the Eastern Star will meet at the hall on Monday evening, September 3.

Mr. and Mrs. Lawrence Yeiter and daughter, Carol, of Etina Green and Mr. and Mrs. Monroe Romine and daughter, Janet, have just returned from a weeks fishing and sight seeing in northern Michigan and Wisconsin. One of the points of interest visited was the Wisconsin Dells.

Callers at the home of Mrs. John Landis Sunday afternoon were Mr. and Mrs. Burl Warren of Milford and Miss Greta Latimor.

Mr. William E. Fawley of Warsaw, Uncle of Mrs. Adam Bowen, passed away at 8:45 Monday evening at his home, 911 E. Sheriden.

BRIDAL SHOWER

A group of neighbors and friends met at the home of Everett Mikel on Saturday evening, August 25 and proceeded to the home of Richard Hodges where they gathered around the house with shot guns, auto horns and various other noise-making devices to give the new Mr. and Mrs. Arthur Sohlke, Jr. a warm welcome. Mrs. Sohlke was formerly Nondas Hodges.

After being taken for a trailer ride over the nice smooth country roads, they were returned to the house. The newlyweds then opened their gifts of which several were received. Refreshments were served to the guests by the host and hostess, Mr. and Mrs. Richard Hodges.

MRS. C. RAMSEY EXPIRES

Mrs. Chloe Ramsey passed away Friday evening at her home in Akron. Death came suddenly from a heart seizure. She had been a resident of Akron throughout her entire life.

Mrs. Ramsey was born in Henry township on February 26, 1887. She was married to Ivan Ramsey in 1931 at Mentone. Her parents were Samuel and Elilah Nelson. Mrs. Ramsey was a member of the Mentone Church of Christ.

Surviving are the husband; three step-children, Kermit Ramsey, of Peru; Mrs. Kenneth Oliver, of Akron; Mrs. Floyd Christman; a sister, Mrs. Arley Morris, of Rochester; three brothers, Lee Nelson, of Mishawaka; Naaman Nelson, of Bangor, Michigan and Clarence Nelson of Spokane, Wash.

RETURNS HOME

George Buchtol, who has been a patient at the Veterans hospital at Indianapolis, returned home Monday evening.

ENTERTAINS NURSE

Miss Juanita Hardy was entertained at dinner recently at the home of Mrs. John Lackey.

Miss Hardy, a nurse at the McDonald hospital, helped in the care of Mrs. Lackey while she was a patient there, following major surgery performed a few weeks ago.

MEYERS—CREAKBAUM

Mr. and Mrs. Paul Creakbaum wish to announce the marriage of their daughter, Doreatha Jean to Charles Meyers of Indianapolis, Indiana.

The marriage took place in Indianapolis on Saturday evening, August 25.

The bride was a graduate of Beaver Dam School, class of 1948, and a recent graduate of the Methodist hospital School of Nursing of Indianapolis.

They will reside in Indianapolis, where Mr. Meyers is employed.

DEMOCRATS HOLD CAUCUS

Democrats of Mentone, at a caucus held on Friday night, in the town hall nominated the following candidates for the town election in November: Glen Denton, Frank Warren and Harry Smythe for town board; Mahlon Mentzer for Clerk-Treasurer.

HOME FOR SHORT VISIT

Mrs. George Houck and daughters, Sue Ellen, Patty and Carol of Stonington, Illinois, arrived here Friday for a short visit with Mrs. Houck's father and mother, Mr. and Mrs. Fred Rush.

Week end callers at the Rush home were: Mrs. Bert Rush, Mrs. Max Hire, Mr. Andrew Hall, Mr. and Mrs. Dale Plew and sons, Bobby and Alfred and daughter, Barbara, Mr. and Mrs. Kenneth Myers and daughters, Betty and Judy.

Mrs. Houck and her daughters returned home on Monday.

Mrs. Houck called on Mrs. Della Eaton, Mrs. Bert Rush and Mr. and Mrs. Makemson of Warsaw, while she was home.

JOHN JUDD IN HOSPITAL

John Judd, 72, of Akron, is undergoing treatment on his right leg at the Elkhart General hospital. He has been assigned to room 201 at the hospital.

Mr. Judd, the grandfather of Gus Judd, Warsaw druggist, is a life long resident of the county. He operated a farm in the Beaver Dam community until about 1943. During the last several years he has served as night marshal at Akron until his present illness.

QUICK ACTION OFTEN PREVENTS POLIO CRIPPLING

An attack of indigestion, a head cold, unexplained fever, or headache may mean that infantile paralysis is developing. If these symptoms appear, call your doctor and go to bed, is the advice given in a bulletin issued by the Indiana State Medical Association.

"People who try to continue normal activity after the appearance of such warning signs have a greater chance of developing the disease more seriously," the bulletin continues. "Medical care immediately may prevent crippling."

"It should be emphasized that a good many people have the early symptoms but never get any paralysis at all. Even when there is a lot of poliomyelitis around, most cases of indigestion and most headaches have no connection with the disease."

"As soon as definite cause of infantile paralysis has been discovered, the other members of the family should be examined. When the diagnosis of polio has been made, the patient should be treated in a hospital because the best results are obtained when the medical care, nursing, physical therapy and other treatments are readily available, as they are in a hospital."

"The treatment of early polio has improved greatly and will likely continue to do so. To get the best results,

however, people should be on the alert for the early symptoms and they should get attention right away.

"Rest, relaxation and muscular training later are important in treatment. Proper nursing care is invaluable, as are measures to combat the muscle spasm which accompanies the early stages of poliomyelitis."

"Crippling from polio often does develop, but there is less danger in this respect than is generally realized. Of the people who get polio, only a small proportion have permanent paralysis or crippling effects."

"Thanks to the funds which have been raised and made available by the National Foundation for Infantile Paralysis, any victim can get hospital care regardless of financial circumstances."

Treat Eyes Right

The selection of paint-color for offices is just as important as it is for homes, stores, plants and factories. The tints and tones chosen must work in harmony with natural and artificial lighting. The eyes of the desk workers—from clerk to president—need thoughtful care if employees are to do their best work and remain in the best physical condition.

COOPERATION PAYS

ECLIPSE OF SUN DUE SATURDAY

If anyone is interested—or is able—to get up at dawn on Saturday, September 1, he will be treated to an eclipse of Old Sol. The sun will rise that morning partially eclipsed.

The U. S. Naval Observatory said that the eclipse will be at its maximum over a 100-mile wide strip stretching inland from Norfolk, Virginia. In that area, the sun will come up more than half covered by the moon, and at the height of the eclipse, about a half hour after sunrise, only a narrow rim of the sun will be visible around the darkening disc of the moon.

Sliced Pickles

Pickles sliced lengthwise to the stem and spread like a fan may be used to form a very attractive food garnish.

NOTICE TO LOT HOLDERS

A meeting of lot holders of the Palestine Cemetery, Inc. will be held the 10th of September at the Burket Community building at 7:30 p. m. for the purpose of accepting endowments for perpetual care.

SUN GLARE DANGEROUS

Sun glare is a special hazard at this time of the year, warns the Chicago Motor Club.

When the sun is low, drivers must be extra careful in watching traffic signals. Reflections on signal lenses, when seen in early morning and late afternoon, create the illusion that all three colors are aglow—red, amber and green.

The hazard affects motorists driving into the sun or directly away from

it. When in doubt about a signal, stop. Even though the traffic light is perfectly distinct to you, the motor club adds, caution is advisable both at sunrise and sunset because the condition may affect traffic crossing your path.

It is dangerous for you to drive through an intersection on the green light if another driver is affected by the sun glare and misinterprets his red signal.

The sun-glare hazard is peculiar to late summer and early fall the motor club reports.

Visitors at the E. E. Wagner home the last week end were Mr. and Mrs. Charles Warren and children of Kalamazoo, Michigan, Mr. and Mrs. Edward Calvert of Elkhart and Mr. and Mrs. Myrl Wagner and son of Burket.

COUNTRY NEIGHBORS MEET

The Country Neighbors Home Ec. Club met recently at the Talma Community building. Hostesses were Mesdames Wayne Shunk, Elener Chamberlin, Russel Walters and Ray Maxwell.

The meeting was opened with the group singing "America, the Beautiful" followed by the pledge to the flag and club creed. Devotions were given by Kathryn Teel. She read from the 25th Chapter of Matthew and also a poem on friendship. For roll call each member interviewed a guest, which proved very interesting.

The meeting was then turned over to the entertainment committee which consisted of Mesdames Kathryn Teel, Richard Notz, James Richardson, Geo. Craig, and Carl Zolman. The ladies furnished their own entertainment which consisted of monologues, dialogues and a couple of action songs. Mrs. Dorothy Busenburg was pianist for the program.

Delicious refreshments of strawberry sodas, triangle sandwiches and coffee were served to 17 members and 17 guests. The next meeting will be held at the home of Mrs. Wilvin Long with Mrs. Uda Maxwell as co-hostess. This will be our annual auction.

HIGHWAY BRIDGES POSE BIG PROBLEM IN INDIANA

Grappling with the problem of re-painting, re-flooring, replacing or repairing the 1280 sub-standard bridges in the Indiana Highway System's 3,257 bridges of 20-foot span and over is one of the greatest headaches the State Commission has to face. Structures of less than 20-foot span are called culverts, and they too, are numerous.

J. R. Cooper, who has been engineer of bridges with the commission for many years, says the total length of bridges on the highway system is approximately forty miles. Some are too narrow to properly accommodate the greatly increased automobile traffic, having been built in the "horse and buggy" days and quite sufficient for the needs of yesteryear. Accidents are sometimes caused by this insufficiency, resulting in heavy property damage and frequent loss of life. A large majority of these sub-standard and inadequate structures has been inherited from counties and towns, having been erected before the advent of the modern motor age, when high-speed automobiles and large, heavily laden trucks were unknown. The Highway Commission has programmed and approved the erection, widening or replacing of 82 of these structures, but more funds are needed than are presently available or in early prospect. It would probably cost fourteen million dollars to carry out the program as so far approved, and require several years to finance and build it. In the meantime other bridges not in that program may be destroyed, as the average loss by overloading and traffic accidents is eight to ten each year.

There is a total of 186 covered bridges

in Indiana, nine of them being on the primary system. These bridges are of various types, and consist of solid spandrel arches, open spandrel arches, stone arches, reinforced concrete girders and slabs, steel beams, steel girders, steel trusses, covered wooden bridges and three movable spans over navigable streams.

Mr. and Mrs. David Cooper are moving to North Manchester on Monday. David will continue his college course.

Mrs. Joe Johnson and Mrs. Clyde Johnson spent Monday in Powagiac, Michigan on business.

Mr. and Mrs. Lyman Mollenhour are spending a ten day vacation. Their trip will extend in the southeastern direction.

Mr. and Mrs. Anell Johnson, Mrs. Joe Johnson, Mr. and Mrs. Don Bennett and son, Steven and Sergeant and Mrs. Joe Johnson of Chicago, Illinois were Sunday dinner guests of Mr. and Mrs. Clyde Johnson and son, Gael.

TRIMMING IRIS

People who cut iris tops off level with the ground deprive the plants of valuable leaf surface. If they must be trimmed, trim in late summer after the plant has stored some food.

Eugene Scott, son of Mr. and Mrs. Paul Scott, former residents of near Talma but now of Phoenix, Arizona, is visiting with neighbors and friends for a few days. He came home with Bobby Herendeen who received an extended leave of 22 days from Luke Air Force Base, Arizona. The trip was made past the Grand Canyon, Bobby will report back for duty on September 11.

MOSS PINK

Moss Pink is a modest little plant, but a hardy one. On dry, sandy, or rocky soil, where most flowers would wither and die, it flourishes and spreads.

Growing in colonies, Moss Pink blankets the ground with a trailing mat of green. Reaching upward from the low parts are stems bearing thin, pointed leaves, shaped like needles. At the ends of the stems are clusters of

Moss Pink

©National Wildlife Federation

pink, white, or purple flowers, each with five petals. The plants cling close to the ground, never rising more than six inches in height.

When a mass of Moss Pink is in bloom, from April to June, it looks like

a bright carpet covering the earth. Later in the season, after the blossoms are gone, the stems and leaves stay green.

According to the National Wildlife Federation, Moss Pink is found in the northeastern fourth of the United States. Although it may grow as far north as Ontario and as far south as Florida, it thrives chiefly in the region bounded by New York, North Carolina, Tennessee and Michigan. A native American plant, it is a member of the phlox family.

When growing wild, it anchors down the soil and keeps beating rains from washing away the dirt. If it were not for the thick mats of Moss Pink, many a hill or slope would be furrowed with gullies.

The plant also does well in flower beds and rock gardens, says the National Wildlife Federation. It comes in a dozen or more varieties which are easily grown. Like its wild cousin, Moss Pink in gardens forms bright patches of color in the spring.

For interesting information on other wildlife species, write to the National Wildlife Federation, Washington 10, D. C.

Early Conquerors

When Alexander the Great conquered the world he had only 35,000 men.

Floor Revived with Color

In reconditioning old houses with wide pine board flooring, painting is especially appropriate, in the opinion of an architect who has successfully remodeled many Colonial farmhouses. In one old house, the reconditioned floors in different rooms are painted old gold, marine blue and dark green.

Greenland's Climate

Greenland's climate has been moderating during recent decades, Danish scientists assert. Seals have decreased and cod have increased, altering the island economy. Sheep-raising has become possible in southern vales.

Farmer's Question Corner

PREPARED BY
American Foundation For Animal Health

What About Baby Pig Losses?

Q: What are the chief causes of losses in newborn and very young pigs.

A: Non-infectious causes include chilling, low blood sugar, anemia, crushing and starvation. Infectious causes include scours, pneumonia, soremouth, navel ill and hog cholera; also a new disease, gastroenteritis.

Q: What is gastroenteritis like?

A: It usually hits litters three days to two weeks after birth. The pigs vomit, scour, shrink rapidly. Death loss is very heavy.

Q: What can be done about it?

A: No cure or vaccine is available. Affected litters and sows should be isolated. Sows which have recovered from gastroenteritis will transmit immunity to their next litter.

Q: What about preventives for the other pig troubles?

A: Select healthy breeding stock. Feed piggy sows properly. Provide clean farrowing pens, brooder lamps, guard rails. Disinfect navels on newborn pigs. Dull tushes with a fine file. Avoid overfeeding freshly far-

rowed sows. Have pigs vaccinated against erysipelas on infected farms, and against hog cholera near weaning time.

Q: What is the best way to avoid damage from worms?

A: Scrub brood sow bellies before farrowing. Keep pigs out of old hog lots. Move them early to clean pasture.

Q: Is it possible to avoid pig anemia?

A: Pig anemia is due to lack of iron in sow milk. The veterinarian can recommend a proper iron-copper supplement for the baby pigs.

Q: What if baby pigs start scouring?

A: Have all litters examined by a veterinarian. Scouring may be due to feeding, or to one of several baby pig contagions. Treatment depends on the right diagnosis.

Note:—Due to space limitations, general questions cannot be handled by this column.

Barbecue Spareribs

You can barbecue spareribs by placing them in a roasting pan, spreading with barbecue sauce, covering, and cooking for one and one-half hours in a 360°F. oven.

THE AMERICAN WAY

HIDING BILLIONS

By DEWITT EMERY

Louis Johnson, former Secretary of Defense, in testifying before the Senate committee investigating the firing of General MacArthur, stated that he was asked to include billions of dollars of foreign aid in the military budget. He refused and not long after

DeWitt Emery

that he got fired.

In commenting on this request, Mr. Johnson said, "The minute you begin to conceal in military budgets moneys that are not actually for military purposes the public can't know what is going on." Some of us have suspected for a long time that this sort of thing was done almost as a matter of course every time a budget was made up, but we never before knew for sure.

In all probability, whoever it was asked Secretary Johnson to hide some foreign aid fund in the military budget didn't see anything wrong with such a request. His reasoning probably was that since it's easy to get money from Congress for the military and hard to get as much as "we" should have for foreign aid, the thing to do is put the hard-to-get money in where it can't be identified, then after it has been appropriated spend it as you see fit—no one will ever know the difference anyway.

In commenting on this editorially,

the Chicago Tribune, among other things, said:

"That such an immoral proposal could even be considered indicates certain conclusions which cannot fail to be of interest to taxpayers. The first is that the administration is willing to engage in a fraud upon the citizens. The second is that, since the appropriations affected in the intended fraud concerned handouts abroad, the administration, by attempting to conceal them, confessed that it could not justify them. If it could justify them to the people, there would be no necessity for subterfuge. The only reason why the administration would resort to such deception is that it knows that the people are fed up with the constant diversion of their tax dollars into foreign hands.

"Of equal importance, the suggestion that these billions be hidden in the military budget demonstrates that Mr. Truman's budget has been deliberately made into such a jungle that no one can accurately say how the money will be spent. If billions in foreign handouts can be used to water the military budget, who can say that additional

billions for other non-military spending devices are not also included? Who can say that the whole budget has not been watered?"

I'd say that this shows beyond question that Senator George, Chairman of the Finance Committee of the Senate, in proposing to give the entire budget a careful going over, is very definitely on the right track. Now, if wage earners, businessmen, farmers, housewives and others can somehow be persuaded to put the heat on their congressmen and senators, there is a good chance that in the current fiscal year for the first time in a great many years, the bureaucrats will have less money to waste (throw away, that is) than they have had the year before.

Personally, I think the budget should be cut at least ten billion. But if it's only cut half this amount it will be a very worthwhile saving and what is equally important will represent a reversal of the big spending trend. Also, and this is mighty important, too, it will serve notice on the executive branch that Congress has at long last again taken over its rightful function of controlling the purse strings.

TO CHECK BLOOD PRESSURE AT INDIANA STATE FAIR

Free blood pressure readings will be taken at the Indiana State Medical Association's booth in the West Board of Health Building at the Indiana State Fair, Dr. Malcolm O. Scamhorn of Pittsboro, chairman of the committee in charge, announced today. Physicians will be on duty each day of the fair.

Conducted as an annual event during the fair for the past several years, the free examination of blood pressure has developed into one of the most popular features of the health exhibits. During the 1950 fair more than 10,000 persons took advantage of the blood pressure offer.

Exhibits of the association will feature all kinds of mechanical gadgets which have been offered to the public throughout the years as "sure-cures" for whatever ails you. Under the direction of Oliver Fields, director of the Bureau of Investigation of the American Medical Association, the exhibit will be explained to the public each day and evening of the fair.

Women of the Indianapolis Medical Society Auxiliary will serve as hostesses at the booth.

Milk in Industry
In more and more industries milk is being used to improve employee's health and counteract fatigue. Reductions in accidents with an improvement in safety, less absenteeism due to illness, increased production during hours of fatigue low-points, are reported where milk is being served between meals or added to diets.

Mr. Ervin J. R. Wagner and daughters were in Warsaw Monday. Little Nancy, 4 years old, had her arm put in a cast. She broke it a week ago Saturday.

1951 Wheat Crop
A national average price support of not less than \$1.99 a bushel for 1951-crop wheat has been announced by the secretary of agriculture. This is the same as the support level now in effect for the 1950 crop.

Baked Asparagus
Here is an easy and delicious way to bake asparagus. Wash asparagus and cut in inch lengths. Cover it with cream, salt lightly and sprinkle with grated cheese. Bake in an uncovered baking dish until tender.

"COURTESY FIRST"

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

A newly developed mechanical device capable of running 120 tests for blood sugar an hour will be introduced this year at the Indiana State Fair at the Indiana State Board of Health building with more than 20,000 people expected to be tested in a mass screening program for diabetes.

The Indiana State Board of Health is assisting the State Society of Medical Technologists in cooperation with the Indianapolis Medical Society and the Indianapolis Diabetic Association in the program.

The members of the Medical Society Auxiliary will serve as hostesses.

"If 20,000 people are tested, it is estimated that about 600 will show sugar in the blood above normal," Dr. W. C. Anderson, director, Division of Gerontology and Chronic Diseases, Indiana

State Board of Health, said today. "This may be due to a large amount of food eaten shortly before the test, or to an unknown diabetic condition."

Persons tested having high sugar content will be notified and urged to see the family physician because further tests must be done to determine if there is a diabetic condition.

The Physician named by the applicant will be notified also if the test is positive.

The importance of discovering diabetes early was stressed by Dr. Anderson, in pointing out that serious illness and death may be prevented if the disease is found early and properly treated.

The machine, known as the Clinitron has been used successfully by other states in mass diabetes detection screening programs.

REUNION

The decedents of the late Catherine and David Huber met at the Creakbaum Landing on the Tippecanoe, Sunday for their second reunion. Those present were Mr. and Mrs. Daniel

Rooker, Mr. and Mrs. Melvin Parsons, Mr. and Mrs. Walter Parsons and children, Mr. and Mrs. Charles Miller and son, all of Plymouth, Mr. and Mrs. Walter Boice and daughter of Elkhart, Mr. and Mrs. Doyle Bohner of Fort Wayne, Mr. and Mrs. Robert Richards and daughter of Rochester, Mr. Frank Dinius of Warsaw, Mr. and Mrs. John Derman and family and Mr. and Mrs. Joseph Jellison and family of Michigan City, Mrs. Willodene Cornican and son, Mr. and Mrs. Grover Janke, Mrs. John Latham of Mentone, Mr. and Mrs. Ellery Spencer of Tippecanoe, Mr. and Mrs. Harold East and family of Warsaw.

After the basket dinner the afternoon was enjoyed with games and boating. A good time was enjoyed by all and it was decided to meet again next year at the same time and place.

Election of officers for coming year resulted in Mrs. Ella Latham, president and Mr. Daniel Rooker, Secretary and Treasurer.

Mrs. Asa Dirck and Mrs. John Shaffer shopped in Warsaw Friday afternoon.

TOWNSHIP NEWS

Mrs. Lillie Myers has rented her farm in Richland township and moved into her property here Saturday.

Mr. and Mrs. John Alber of Rochester were the guests of her parents, Mr. and Mrs. Roy Ailer Friday evening.

Misses Alice and Nora Haines spent the week end in Shirley as the guests of their brother and sister-in-law, Mr. and Mrs. Herman Haines and family.

Mr. and Mrs. Charley Safford were the recent guests of their son-in-law and daughter, Mr. and Mrs. R. L. Doko of Elkhart.

Mr. and Mrs. Artley Jones of Argos were the recent guests in the home of Mr. and Mrs. Clair Jones.

Mr. and Mrs. Amos Sanders and Mrs. Walter Safford and son spent last Sunday in Fort Wayne where they were the guests of Mrs. Sanders brother.

Mr. and Mrs. Joe Little visited their son, Kenneth in Plymouth, Monday. They also visited in Donaldson, Indiana with another son, Mr. and Mrs. Deverle Little.

Mr. and Mrs. Don Safford of Dyer, Indiana, are the parents of a son Charles Daniel, August 20, Mr. Safford is formerly of this place.

Mr. and Mrs. Dean Myers and family of Rochester were the guests of her parents, Mr. and Mrs. Russell Chapman Tuesday evening.

Mr. and Mrs. Gene Tippy and daughter of Rochester called on friends here Thursday evening. Mr. Tippy is a former resident of this place.

Mr. and Mrs. Robert A. Calvert and family called on Mr. Calvert's grandmother, Mrs. Cora Walty of near Rochester Friday afternoon.

Mr. Charles Good, who has been employed at the Trailer Factory at Bourbon, has resigned his position. Mr. Good is a teacher in the local high school.

Miss Helen Eckert of Columbus, Ohio has returned to her home after a visit here with her Aunt, Mrs. C. M. Walker.

Mr. and Mrs. Ralph Chapman and family of North Manchester were the Monday evening guests of her mother, Mrs. Fred Barr.

Mr. and Mrs. John Kubley, and Mrs. Jack Kubley and son of Plymouth called on his aunt, Mrs. C. M. Walker Wednesday evening. Mr. Kubley is formerly of this place.

Mrs. Cora Bryant has returned to her home here after visiting with her grandchildren, Mr. and Mrs. David Bryant of near Akron.

Mrs. W. A. Dick, who underwent surgery at the Methodist hospital at Indianapolis for the removal of her toe, is getting along as well as it can be expected. Mrs. Dick is expected to come home from the hospital sometime this week.

Mrs. C. M. Walker and son Lon, were in Plymouth visiting with relatives Wednesday.

Robert Duzan of Rochester was called into the United States Navy Monday. Mr. Duzan is the son of Mr. and Mrs. Joe Duzan of this place.

Mrs. Raymond Bowers has resigned her position at the Freeman Manufacturing Company of this place.

Sidney Alber and Dick Utter, who have been employed at the Armour and Company plant at Rochester this summer have resigned their positions. Both young men are seniors in the local high school.

Mrs. Charley Green and Miss Jean Bowers spent Saturday evening in Rochester.

Lavoy Montgomery called on Mr. and Mrs. Harry Striver and family Sunday afternoon.

Miss Shirley Ann Overmyer spent Tuesday in Chicago.

Mr. and Mrs. Harry Adams and family of Argos were the guests last Sunday of Mr. and Mrs. Clair Jones.

IN MEMORIAM

The sun and moon are shining,

On a lone and silent grave.

Beneath lies one I dearly love,

But whom we could not save.

Friends may think I have forgotten,
when at times they see me smile.

Little do they know the heartaches
that my smiles hide all the while.

In memory of my dear husband who
passed away one year ago, August 29.

MRS. JOHN E. SHAFFER.

THE NORTHERN INDIANA CO-OP. NEWS

CONSERVATION DISPLAYS
READY FOR FAIR

Visitors at the Indiana State Fair this year will be enabled to visualize the operations of the various divisions of the Indiana Department of Conservation in the beautiful new Conservation Display building under conditions heretofore made impossible because of an inadequate building.

For years the department has presented the displays of fish and game entomology; oil and gas; forestry; education; state parks; engineering; water resources; public relations and Outdoor Indiana and Pittman-Robertson under most difficult conditions.

The old display building, small and outdated, served its purpose for years. Hundreds of thousands of Fair visitors tramped the board floors of the old structure which stood within the shadows of the Women's Building on the "main street" of the Fair Ground. This year it will open its doors to the public in its new home near the 42nd street gates and close to the 4-H building set-up. The new edifice was made a reality by the Indiana State Fair board, members of which realized the need for such a new addition to other fine buildings already operating on the grounds.

Kenneth M. Kunkel, Director of the Indiana Department of Conservation and heads of the various divisions of the department have worked diligently

for more than a year in designing displays which will convey the all important subject of conservation to the people in a forceful yet picturesque manner.

Booths have been set up so that nothing will obstruct the view of the visitor. Everything is brand new, uniform in finish and design insofar as the individual divisional exhibit is concerned. However, each division has striven to create an individual divisional display along lines entirely new.

Rather than attempt to explain their operations by word of mouth, each division has set up displays which will be self explanatory. However, all questions will be answered by divisional staff members who will be on duty from the opening day of the Fair until the gates close.

One entire wall of the huge building is devoted to aquariums filled with fish occurring in Indiana streams and lakes. A large center aquarium will display what is to be known as the entire fish family affording the visitor a chance to see all types at one time in one place.

Outside the building spacious grounds and two wide verandas will provide respite for Fair visitors who may either seat themselves there or stroll about viewing outside fish ponds or Indiana's fur bearing animals and birds. The Fire Tower, always a popular spot from which to look over the Fair grounds from a lofty angle, has been moved

to the new location, providing an excellent spot for still shots or movies. The new animal pens are of the latest design.

Conservation Officers will be on hand to answer all questions from the opening hour until the last bag of peanuts and cotton candy has been consumed on the last night.

Dedication and formal opening services for the new building will be held the first day of the Fair, August 30 at 2 p. m. daylight saving time or 1 p. m. Central Standard Time.
