MENTONE THE EGG BASKET of the MIDDLE WEST

PUBLISHED EVERY WEDNESDAY BY THE NORTHERN INDIANA CO-OPERATIVE ASS'N. OFFICE OF PUBLICATION, WEST MAIN STREET, MENTONE, INDIANA Entered as second-class matter November 18, 1936, at the post office at Mentone, Indiana, under the Act of March 3, 1879. Mentone, Ind., Dec. 1, 1948

Volume 18, Number 24

AGED COUPLE DIES OF ASPHYXIATION

Double funeral services will be held in the Mentone Baptist church at 2 p.m. Thursday for Mr. and Mrs. Peter Horn, of Rochester, who died Monday morning from gas poisoning at their home in Rochester

Coroner Dean Stinson of Fulton county, announced after conducting an autopsy, that Mr. and Mrs. Horn were victims of accidental asphyxiation. Mr. Horn was 79 years of age and his wife was 82.

The elderly couple was found dead at 9:30 a.m. by two neighbor women who were asked to go to the Horn home by a daughter. Mrs. Von Kochenderfer, of Rochester. Mrs. Kochenderfer had attempted to telephone her parents earlier in the morning, but got no answer.

The neighbor women looked through the norch window and saw Mr. Horn slumped in a living room chair, and the body of Mrs. Horn at his feet

Sheriff Lawrence Norris and Deputy Sheriff Porter Rhodes were immediately called to the house. They found an unlighted gas oven turned on. The coroner said Mr. and Mrs. Horn apparently had lighted the oven to warm the house. He said they had been dead four hours before being discovered.

Mr. Horn, a retired farmer, was born December 12, 1869, near Talma. He lived in Fulton county his entire life, except a short while as a resident of Mentone.

He married Mary Lucinda Gross on July 11, 1891, at Plymouth, and later married Ida May Coplen of Mentone.

TO HEAR MISSIONARY FROM INDIA SPEAK

Rev. Paget, of Bangalore, India, will be at the Baptist church Thursday evening and will show pictures and tell of the work being done there.

Rev and Mrs. Paget are personal friends of Lova Bush, who is stationed near them in India, and they will bring greetings from her.

The Pagets were prisoners of the Japs before going to India. They have a vital message and everyone is invited to come and hear them.

He was the son of Christian and Dorothy Horn and was a member of the Christian church at Palestine.

Survivors beside Mrs. Kochenderfer, include three sons, Omer, of Elkhart, Lyman, of Bismark, N. D., and Howard of Indianapolis: a brother. Ora Horn. of Huntington; a sister, Mrs. Cora Bryant, of Akron; six grandchildren and two great-grandchildren. Another son, Milo, of Warsaw, preceded him in death a few years ago. His first wife is also deceased.

Mrs. Horn, the former Ida May Coplen, was born July 13, 1866, in Akron. She had lived in Rochester one and one-half years, having moved there from Mentone. She was married to John Coplen on 1891 and to Peter on September 16, 1947. She was the daughter of Jesse and Rebecca Shamp. She was a member of the Akron Methodist church.

Survivors include two daughters. Mrs. Bethel Blue of Plymouth, and Mrs. Edna Borton of Akron; the stepdaughter ,Mrs. Kochenderfer, of Rochester, and three step-sons, Omer, Lyman and Howard Horn: two sons. Chester and Darrell Coplen, of Mentone; a sister, Mrs. Tressie Lewis; and a brother, Charles, both of Dowagiac, Michigan, and 11 grandchildren. The first husband and two sons preceded her in death.

The body of Mr. Horn was taken to the Foster funeral home in Rochester. The body of Mrs. Horn was removed to the Johns funeral home at Mentone. At noon Thursday, both bodies will be taken to the Mentone Baptist church, where they will lie in state until funeral services at 2:00. Rev. Harry Bailey, pastor of the Rochester Baptist church, will officiate, and both bodies wil be bured in the Mentone cemetery.

MRS. ELMA MORRISON

Mrs. Elma Morrison, 67, died at 9:20 a.m. Monday at her home at Burket, where she had resided for the past six years. She was taken ill last week and suffered three strokes, which caused her death.

Mrs. Morrison was born at Findlay, Ohio, November 8, 1881. She had resided most of her life in the Harrison Center and Mentone community. Her husband, Elwood Morrison, died Nov. 17, 1935.

Surviving relatives include a niece Mrs. Gordon Bentley, of Atwood, two nephews, Milton and Herbert Dorsey of Mentone.

Funeral services were held at 2 p.m. Wednesday at the Johns funeral home. Rev. Schroder, of the Etna Green Evangelical U. B. church, officiated. Burial was in the Harrison Center cemeterv.

SENIOR PLAY HERE ON WEDNESDAY, DECEMBER 8

The Senior Class is giving its play on Wednesday evening, December 8. Folks have been waiting for news as to time and place. An advertisement appears in another space, and it will give details concerning tickets.

The title of the play is "Nose for News," and it promises to be up to the usual high standard of our previous plays.

Following is the cast: Romeo, Tom Fitzgerald; Mrs. Sneaton, Doris Snider: Chuck, Romeo's pal, Harold Sensinbaugh; Priscy Manning, Marilyn Tucker; Mr. Sneaton, Walter Smith; Doris Sneaton, Mona Sullivan; Mr. Yidley, Myron Coplen; Miss Grace, Ella Mae Shilling; Vivian Smith, Mary Wilson; Dixie Brillon, Pat Hudson; Jim Trent, Roscoe Davis; The Sergeant, Don Coleman.

TRAP SHOOT SUNDAY

The Claypool Conservation Club is holding another trap shoot at its new club house, just west of the Claypool overhead bridge, Sunday. Shooting is to start at 9:30 and continue as long as the gunners can see the pigeons fly from the trap.

Mr. and Mrs. George Borton and sons of Huntington spent Thanksgiving with Mrs. Ira Borton.

BODY OF EARL RUSH BEING RETURNED

Subscription-\$1.50 Per Year

The remains of Warrant Officer William Earl Rush, of Mentone have been returned to the United States from the Pacific area aboard the United States army transport, Dalton Victory, The body arrived in San Francisco on Tuesday.

Warrant Officer Rush, of the United States Marine Corps, died March 8, 1945, of wounds received during action on Iwo Jima. He was 23 years of age at the time. The young marine was born near Mentone on March 24, 1922 He was the son of Mr. and Mrs. Ray Rush, and was married to the former Wilma Mollenhour of Mentone, He graduated with the class of 1940 from Mentone high school. In 1946 he was awarded the silver star posthumously for gallantry and intrepidity in action.

If you readers will be patient with the column this week, we'd like to climb on the old soap box and get a couple of things off our chest. While duck hunting the last few days we saw several things that, by all laws of decent sportsmanship, should be punishable by serious penalties.

But before telling more we would like to say that for every game hog and law breaker there are dozens of good sportsmen. We're thankful for that.

The other morning on a duck marsh we happened to draw a blind that was within -50 yards of another blind. In front of this other blind was open water, in the back heavy weeds and brush. There were four hunters in it. Most of the ducks that morning

were favoring this group of hunters and the boys got the type of gunning that most hunters just dream about. But a lot of the ducks they shot fell in heavy weeds or escaped there as cripples. And not once did the hunters attempt to find a downed duck in the heavy cover. They just kept shooting, picking up only the birds that fell in the open water where they were easy to retrieve.

Eventually they got the limit, signalled to be picked up and went on their way-leaving at least 11 ducks crippled in the weeds without so much as a minute's time spent looking for them

The next day we shot at another place and, again, occupied a blind fairly close to another group of hunters. The early flights were mostly teal and other small ducks and my nearby gunners downed 10 or 12 of them. Then in came the mallards and the three gunners quickly killed 12 greenheads, the day's limit. What happened to the teal? They were tossed aside on the

WHEN IN BURKET, SPORT CENTER CAFE

Open 6:00 A.M. 'til midnight and Sundays

way to the clubhouse. This virtually made our blood boil. And it wasn't "sour grapes" on our part either, for, despite the ducks favoring the other blind, we easily managed to kill plenty of birds for the family to enjoy a duck dinner. Here in two days we saw hunters violate the law and waste a couple of the proper authorities

dozen ducks. And we'll wager that every sportsman has seen the same thing happen time and time again in every part of the country. What can be done about it? No one should be the responsibility of every real sportsman to report violations to

There wasn't a game warden around the other day when I saw the game violations above, but you can bet a good duck call against a penny that the wardens will be giving these two wants to be a stool pigeon, still it clubs the once-over from now to the end of the season.

Shooting at tin cans on the Delaware River, James McMullen, 16, of Philadelphia, Pa., was nicked on the face near the right eye by a ricocheting bullet fired by a companion

You can control the path of a bullet when it leaves the gun, but you can't control a ricochet. Ricochets can be avoided by using common sense-do not shoot onto any flat, hard surface (water,

rock, baked or frozen ground, etc.) unless you are sure that everything cartridge is dangerous up to one mile; is clear for as far as your bullet can a .30-30 cartridge is dangerous up to travel, regardless of what direction it one mile and a half; a 30-06 is danmight go. That is the advice of the gerous up to two miles. How far will National Rifle Association.

Remember: A .22 calibre long rifle your gun shoot?

Mrs. Callie Dawson spent Sunday afternoon and evening with Mr. and Mrs. Homer Blue.

Those who spent Thanksgiving with Mr. and Mrs. Homer Blue were: Mr. and Mrs. Conn Blue and two granddaughters, and Mr. and Mrs. E. E. Jones.

Roman Times Relic Outstanding relic of Roman times in Great Britain is Hadrian's wall, built about 122 A. D. It extends on the Tyen river from Solway Firth to Wallsend.

MECHANIZATION COMES TO BROILER FEEDING

New ideas in labor-saving methods are coming to the most competitive of all poultry enterprises-broller raising.

Alexander Gordeuk, extension poultryman, Purdue University, cites a new labor saving device now being perfected in some Indiana broiler plants which completely mechanizes the chore of manual feeding. The device consists primarily of en endless link chain moving slowly through a continuous feed trough. The chain runs through a feed bin where the feed is picked up and carried through the trough.

Gordeuk explains that labor is one of the three major costs in producing broilers and the big item on the labor bill is feeding. Labor saving in feeding, directly cuts the cost of produc-

tion and permits one man to care for more broilers

Problems still remain to be solved with the automatic broiler feeder, but a significant start has been made in its perfection. When the time arrives that all the mechanism is perfected, it is quite possible that one man may be able to take care of as many as 50,000 broilers. Such a development would about double the output per man in a broiler plant.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Tularemia is showing a seasonable increase in Indiana, with four cases reported since the opening of the hunting season November 10, according to Dr. James W Jackson, director, Division of Communicable Disease Control, Indiana State Board of Health.

Last year five cases were reported in November and nine in December, but the largest number of cases was reported in January with 24 cases.

"Tularemia is a disease that can be prevented easier than it can be cured," Dr. Jackson pointed out. "The disease is caught from wild rodents such as rabbits and if precautions are taken in handling the rabbit the disease may be avoided.

"The observance of the following simple rules aids in preventing tularemia: avoid shooting rabbits that are inactive or appear ill; do not handle rabbits that are found dead; wear rubber gloves when dressing game; destroy all rabbits whose internal organs are studded with small white spots; thoroughly cook wild game as cooking destroys the tularemia germ; avoid the bites of ticks and fleas."

SEEING ALIKE

SEEING ALIKE Did you ever hear anybody say, "We just can't see alike" or "We can't understand the Bible alike"? Those are stock statements of those who would close any discussion of differences on the subject of re-ligion. Can we see alike? Are we supposed to see alike? If two men see a thing, they both see alike? It is impossible for one man to see that 2 plus 2 equals 5, while another sees that 2 plus 2 equals 4. In that case one of them does not see. They must see alike if both of them see. If, in religion, one man sees one way and another man sees another way, supposing that one of them sees the truth, the other just does not see the truth. Not that they see (understand) the truth differently. If A understands the truth and B differs with him, it is not that B understands one way and A understanding a point. If we under-stand at all, we understand alike.

stand. We can't possibly differ in understanding a point. If we under-stand at all, we understand alike. Are we supposed to see alike? Hear the words of the apostle Paul. "Now I beseech you, brethren, through the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and in the same judgment." (I Cor. 1:10). Can it be done. He said to do it! do it!

PAUL JACKSON CHOSEN COUN-TY AGRICULTURAL AGENT

The county commissioners Monday endorsed the proposed appointment of Paul Jackson, 30, of Lafayette, as the county agent to take the place of Joe Clark, who has resigned, effective January first. The commissioners recommended an additional appropriation to supply the necessary funds for the inase in salary that is involved.

Mr. Jackson, assistant county agent of Tippecanoe county, was unanimously approved by the 24 members of the county extension committee that has been interviewing prospective county agents the past few weeks. Harold Gawthrop, of Leesburg, was chairman of the committee, which included Leroy Norris of Mentone and Delford Nelson of Burket.

Actual appointment of the new agent will be made by Purdue university, but it is understood that approval had previously been acknowledged.

Joe Clark, who has served the county capably and unselfishly the past 11 years, resigned some months ago to assume the management of the Albert Buchanan farms, in this county.

Wm. Johnson will remain as assistant county agent, filling the position left vacant when Clifford Breeden left for a county agent's position at Hartford City.

FIRE DEPARTMENT MAKING

REGULAR RUNS TO H. DORSEY'S Some time ago the Mentone fire department was called to the Herb Dorsey farm when his car caught fire in his garage. One morning this week the department made another trip out to Herb's place - to stand by while a chimney burned out. Luckily the last fire didn't cause any material damage.

TO DECORATE FOR HOLIDAYS

In response to an appeal by the Mentone Merchants' Association to Christmas holiday season, 25 local firms and individuals have designated their intention of of arranging suitable displays.

TWENTY-FIVE FIRMS EXPECT

The Midwest Spring Corporation, represented by Robert Riewoldt, local manager, has offered \$45 in cash prizes to the three most attractive business displays. First prize will be \$25; second, \$15, and third, \$5. The Midwest Spring Company is one of Mentone's most recent industrial firms and the merchants appreciate the generosity and cooperation of the plant and manager.

Judging of the displays will tak place between Dec. 15 and 21.

The list of firms contemplating displays, to date, are as follows:

Farmers State Bank. Baker & Brown. Utter's Standard Service. Mentone Lumber Co. Frank Mfg. Co., Inc. Lee Arnsberger. Lake Trail Cafe. Denton Drug Store. Fred Lemler. Tom Wright. Dr. F. B. Davison. Dan L. Urschel, F.A.C.P. Ray Smith. Northern Indiana Co-Op. Ass'n. Jones Barber Shop, Bernice Beauty Shop. Ralph Ward. R. L. Cooper. Mentone Locker Plant, Inc. L. A. Rickel. DeLuxe Cleaners. Snyder's Appliance Service. Country Print Shop. Byron Peterson John Boganwright. Lerov E. Cox.

Likely other firms not yet listed will join in this campaign to beautify our Main street.

Forrest Kesler is confined to his bed because of illness.

Mr. and Mrs. R. O. Jones left on Tuesday of last week for a two weeks trip to Arizona. They accompanied Mr. and Mrs. Henry Smith of Akron, and another couple from Galveston, Indiana.

C. I. Bashore, who started the Silver Lake Hatchery many years ago and until last year owned and managdecorate the city in keeping with the ed a chain of feed stores in this area,

died at the Brandenton, Florida hos pital Tuesday evening. He was 64 years of age and hadn't been in the best of health for several years. Recently he has been spending his winters in Florida and his summers in Ontario

Mr. Bashore was born at Servia, Indiana and was married to Miss Ada Price, of Ohio. who survives.

Others surviving include two daughters, Mrs. Marshall Eaton, of this county, and Mrs. Carl Thacker, of Rochester: his father, Samuel Bashore, and a sister, Mrs. Wynn Warner, both of Silver Lake, and one brother, Chester, of Hammond.

MERCHANTS ASSOCIATION MEETS The regular monthly meeting of the Mentone Merchants' Association met Monday evening and received the report of the nominating committee for the election to be held at the January meeting. Other matters discussed included the Christmas street and business decorations and the holiday greetings of the association.

The officials state that plans are being made for a dinner meeting in January and the full membership is urged to be present.

Mr. and Mrs. Claude Gates are leaving early Thursday morning for Hot Springs, New Mexico. Claude says he is going by way of Texas. They expect to spend the winter down where winter is a stranger.

THE NORTHERN INDIANA CO-OP. NEWS

Indiana farmers will be back in the corn supply, thus constituting a highly hog business on a larger scale than significant relationship. usual next spring if the number of sows to farrow in the spring of 1949 follows its several year pattern of relationship to the fall corn supply.

In the November issue of "Economic and Marketing Information," Purdue University agricultural economists point out there has been a close relationship in the past in the fall corn supply in Indiana and the number of

Dignity and Economy

At our Funeral Home, a beau-tiful dignified memorial service can be arranged in accordance with your wishes, and at a price within your means. Many fam-lies have relied upon us in time of bereavement and have ap-preciated the sympathy underpreciated the sympathy, under-standing and sincerity accorded by our staff. All details handled capably to assure a final tribute of dignity and beauty. Call on us in need.

NS Funeral Hom Phone 103-Mentone, Ind. ulance Service

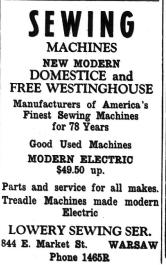

sows to farrow the following spring. By "fall corn supply" they refer to the year's production plus the October 1 carry-over supply. From 1930 to 1947, the economists state, 46 percent of the variation in the number of sows farrowing in the spring can be attributed to the influence of the past year's

On the other hand, the economists

point out that contrary to the popular belief, there has not been a significant relationship between the corn-hog ration for the fall months and the number of sows farrowing the following spring. Only about 26 percent of the variation in the period can be explained by this ratio, thus establishing the corn supply as superior to the cornhog ratio as a basis for long range predictions

According to the records, a ten percent change in the corn supply was followed by approximately a five percent change in the same direction in the number of sows to farrow the following spring.

The October 1 estimate of Indiana's corn crop was 271,000,000 bushels with

bushels for a total estimated corn sup- than the number anticipated this year. ply of 278,000,000 bushels. This is a 31 percent increase over last year which, based on the above ratio, would mean a 15 percent increase in the number of sows farrowing in the spring of 1949 over the number for the spring of 1948.

On this basis, the estimated number of sows farrowing next spring would be 590,000 as compared to 513,-000 last spring. This would be the third Mrs. Howard Shoemaker highest production in history, exceeded only in 1942 and 1943, and would mean the number of fat hogs coming to the market in the fall and winter

an estimated carry-over of 7,000,000 of 1949 would be considerably larger However, the Purdue economists add the warning that these calculations could be considerably upset if farmers in any considerable numbers avail themselves of the corn loan and seal their cribs instead of converting the corn into pork.

SURPRISE PARTY

On Monday evening, December 6, members of Foster Rebekah lodge No. 546 of Tippecance, met in the home of Mr. and Mrs. Abe Whetstone and completely surprised them. The evening was spent in a very sociable manner. Cookies, sandwiches and coffee were served. The guests departed wishing the newlyweds many happy years together, and presented a lovely gift. Those present were Mesdames Fostie Sill, Ervada Cole, Maude Sayger Grace Gregg, Faye Menser, Lulu Ritter, Leota Dickey, Pearl Cormican, Lucella Swihart, Mildred Rhodes, Ann Cooper, Flossie Coplen, Dorothy White, Bertha Moriarty, Cleora Quier, Susan Dillman, Sadie Ellsworth, and Dave Ellsworth and honored couple, Mr. and Mrs. Whetstone.

FARM BOOKS

A goal of 50.000 farm account keepers in Indiana, in 1949 has been set by the Purdue University department of agricultural economics. This number would mean that one out of every three farm operators in the state will keep a farm record-a 100 percent increase over the number in 1948.

A new Farm Account Book for farm business analysis will be available in county agricultural agent offices after December 10, R. W. Schoeff, of the Agricultural economics staff, directing the project, states. The book has been revised in order to make it more complete and easier to keep. Unlike many farm record books, the entire farm business can be kept in one book for business analysis purposes A complete division can be made between tenant and landlord on all entries for easier and more accurate bookkeeping. The book has a tax section for the farmer's convenience.

The second book, the Indiana Farm Record Book, for tax use was offered for the first time last year by the agricultural economics department. More

348 GREENWICH ST.,

NEW YORK 13, N. Y.

With the waterfowl season over in the northern states and just underway in the south, sportsmen the nation over already are campaigning for a longer season and a larger bag limit for 1949

Most every one you talk to has a

different idea on just how long next year's season should be and the number orducks that should be allowed. But the average is six to seven weeks of gunning and a bag limit of six to eight birds per day.

We've seen more ducks passing on our favorite flyways this year than for the last couple of seasons. And, naturally, that would lead us to believe that the waterfowl population is up Just how- much this increase is we would hesitate to guess, but there is an increase.

We have gone along with the U.S. Fish & Wildlife Service 100 percent in its methods of controlling the waterfowl seasons. The flyway management

system, in our opinion, is okay; however, there are plenty of sportsmen yelling loud and long that it's definitely unfair to give one section of the country a longer seasoon than other sections.

Many sportsmen feel that everyone is equal and entitled to equal hunting rights. They are probably right and it's reasonable to assume that the pressure will be heavy to make next year's regulations the same the nation over. And we're betting right now that the 1949 rules wil be same as to the length of the season and the bag limit.

But we think it's too early to be discussing next year's regulations. Reports of the number of ducks are too spotty to be of real value in accurately figuring the waterfowl population.

After the season is over and the federal agencies have the opportunity to check the wintering grounds, the year's kill and other essential details, is the time to start talking about the 1949 set-up.

But you can bet your old duck call against a week's shoot that the wildlife boys had better be prepared to ward off many blows from sportsmen who think that four or five firds a day and a 30-day season is too little. If we have the ducks for a longer season, well and good. But let's not endanger the future of waterfowl gunning by being too greedy.

OPINIONS

Some say, "My opinion is as good as yours." That is right. But my opinion is not worth anything in religion. Yours being just as good as mine, is worth nothing either? We are not to walk by opinion but by FAITH. Opinions are no more than guesses. Faith is founded upon evidence. Faith comes by hearing God's word. What God has said, you can believe. What is not of His word cannot be of faith, and what is not of faith is sin.

But it is said, "Well, smart men differ, and how am I to know the truth?" Just a minute! It is not "Am I smart?" but "Am I wise?" that is important. Jesus says the man who hears His sayings and does them is like a wise man. You can do that whether any smart man on earth does so or not.

No wonder men do not understand the Bible. They rely upon smart men to help them misunderstand. Read the Bible for your-self. Study to show yourself approved unto God—rightly dividing the word of truth. The fact that religious teachers are divided is one of the main reasons why you are commanded to study for yourself.

WELCOME TO THE CHURCH OF CHRIST

aid to early detection," Dr. Brother pointed out. Diabetes is not a curable disease but insulin, diet and proper management will prolong life and control the disease.

Diabetes is a disease of the pancreas which is a large gland behind the stomach. When the gland fails to produce enough natural insulin to store or take care of the sugar and starch derived from foods, the excess goes into the blood. Symptoms are great hunger, loss of strength, thirst, overactive kidneys, loss of weight, weariness, irritability and a tendency to a series of boils and carbuncles.

likely to have diabetes than a thin person," Dr. Brother pointed out. 'Also, the disease is primarily an illness of middle and old age, and it may be in-

CROP CAMPAIGN NOW GET-TING STARTED IN COUNTY

CROP, the Christian Rural Overseas Program, is underway in this county and the various township chairmen have been named.

The program is on a national basis and many states are forming food and grain trains that will be shipped to seaport cities and then on to European countries. However, as the campaign wasn't organized as soon in Indiana as some other states, only cash contributions are to be received. Food and grains will then be purchased from Indiana elevators and then shipped on the CROP trains.

Township representatives are:

Etna township — Lester Gay, and Mrs. Robert Knepper.

Harrison township — Ray Wiltrout, Lester Blackburn and Mrs. Hobart

Seward township-Ronald Richards and Mrs. Carol McSherry.

Franklin township-Raymond Lash and Mrs. Harry Cole.

As all contributions can be designated from or contributed through a local church, the following ministers are

listed in the organization: Mentone—Rev. David Gosser, Methodist, and Lloyd Boyll, Church of

Christ. Etna Green—Rev. Sumners Clark, Methodist, and Rev. John Schroeder,

E. U. B. Atwood-Rev. I. E. Longenbaugh, E.

U. B. Palestine — Rev. John T. Drury,

Christian. Burket — Rev. Norman C. Culver,

Methodist. Burket - Beaver Dam—Rev. Wayne

BAKER

Johnson, E. U. B.

Mrs. Cole stated Wednesday that it was hoped that solicitation would be completed by Dec. 15th.

The library story hours of the past three weeks have been very fine. November 22, Mrs. Vance Johns told

the children the true story of the first Thanksgiving and illustrated her story with flannel graph pictures.

November 29, Mrs. Raymond Lewis told the story of the lazy beaver who learned to work.

December 6th, Denton Abbey told the children about the little city boy who longed to be a cowboy. Mr. Abbey performed some very interesting rope and handkerchief tricks to illustrate his story and the children thoroughly enjoyed both the story and the tricks.

NICKEL PLATE PLACING NEW RAILS THROUGH MENTONE

The Nickel Plate Railway has had a large crew of workmen busy in Mentone the past several days, laying new track and switches through town. They are laying 131-pound rails, preparing the roadbed for the fast freight service which the line is establishing. Present freight schedules call for average speeds of about 60 miles per hour and freight trains are on a schedule almost as inflexible as passenger trains these days.

The new rails weigh 131 pounds per foot, which should hold up under a lot of rough pounding from train wheels.

MARCUS D. BURKIT

Indiana State Library

2

Marcus D. Burkit, age 74, passed

away December 9 at Woodlawn hospital in Rochester, where he had undergo three operations for obstruction of the bowels. Death was caused from post operative shock.

Mr. Burkit, the son of David and Mahala (Robinson) Burkit, was born August 9, 1874 in Cass Co., Indiana. His parents died when he was quite young, and until he was married to Ella Shaffer in 1899 he made his home with a sister, Mrs. Ellen Coplen, of near Tiosa. The last 50 years of his life were spent near Mentone.

He was a member of the Mentone M E. church, Mentone Lodge No. 576 F. & A. M., Warsaw chapter R.A.M., Warsaw Council No. 88. Warsaw Commandery No. 10 and the Actual Past Masters Association.

Survivors include the widow; one daughter, Mrs. Bernard J. Harrison of Atlanta, Georgia: and a number of nieces and nephews.

Funeral services were held Saturday at the Methodist church, Rev. DeWitt officiated, assisted by Rev. David Ros officiated, assisted by Rev. David Gosser. Burial was made in Mentone cemetery: The Johns funeral home was in charge of the services.

WAGNER

Mr. and Mrs. Mervin Wagner, of Mentone, are the parents of a daughter, Roslynn Anna, born at 10:45 a.m. Sunday at the McDonald hospital.

WHETSTONE

Mr. and Mrs. Leon Whetstone. route 5, Warsaw, are the parents of a daughter. Sandra Kay, born at 8 p.m. Saturday at the McDonald hospital.

CHRISTMAS TREAT THURSDAY

Annual Lions Club Christmas Party to Be Held Thursday, Dec. 23rd.

The Mentone Lions Club, which has been arranging a "Santa Claus" visit to Mentone each Christmas,

announces that the free treats will be given away on Thursday evening, Dec. 23rd, at seven o'clock in the evening. The affair will be held on Main street, and a special invitation is extended to every youngster to be on hand and see what the Lions have arranged for Santa to give you.

CITY BEAUTIFULLY DECORAT-ED FOR CHRISTMAS SEASON

Mentone merchants and citizens, in cooperation with a program sponsored by the Mentone Merchants' Association, have really outdone themselves this year in decorating the city for the holiday season. The Main street has its usual array of colored lights and then each individual merchant has made special effort to make his own store or business room a showplace in itself.

One hesitates to mention any particular display, as all are fine, but we suggest that you make a thorough inspection of them all and see for yourself.

Likely other displays will make their appearance within the next few days judging for the prize money will be done Dec. 21st.

The Midwest Spring Mfg. Co. has contributed \$45 in prize money for the best exhibits.

The Merchants' Association members have also erected a large, well-lighted Christmas tree at the south edge of Main street on Broadway, between the Farmers State Bank and the Frank Mfg. Co.

RECOVERING FROM OPERATION Obe Haimbaugh is doing fine after undergoing major surgery last Saturday at the St. Joseph hospital in Fort Wayne. Mrs. Edna Carey, his daughter, returned from there Tuesday.

IN WOODLAWN HOSPITAL

Forest Kesler was taken to Woodlawn hospital last Friday morning, where he remains in a serious condition. He is suffering with a coronary thrombosis.

Forest's condition is so serious that he is not to exert himself in the slightest. He is in an oxygen tent.

BAND AND CHORUS TO GIVE CHRISTMAS PROGRAM DEC. 18

Mrs. Blickenstaff, music instructor at the Mentone schools, has announced that the band and chorus will entertain with a Christmas program at the Community building on Saturday evening, Dec. 18th starting at 7:30 p. m. There will be a reading, "The Littlest Angel," by Linda Lou Lukens and a pantomime, "The Chris Story," by the band and chorus. "The Christma

Mrs. Barney Nellans and baby will portray the manger scene, the shepherds are to be selected from the 7th and 8th grades. The 5th and 6th grades will serve as angels and Vance Johns Glen Law and Roland Ferverda will be the Wise Men.

Mrs. Blickenstaff assures us that it will be a very complete and entertaining program and invites everyone to attend. There will be no charges but a free will offering will be taken. The receipts are to apply towards the cost of the band uniforms.

The total cost of the band uniforms will be \$2,352.12 and to date contributions, etc have totalled \$1,436.13, leav ing a balance yet to be raised of \$915.99.

CHRISTMAS MUSIC ON THE STREETS NEXT WEEK

Arrangements are being made to get a loud speaker and record player put up so that Christmas music will float over the business district each afternoon and evening next week. The pro gram will not be continuous, but will be heard for short periods each day. Arrangements are also made for Mrs. Ruth Urschel to play Christmas music

on the Hammond electric organ at the Methodist church. This will be broadcast over the public address system

Subscription-\$1.50 Per Year

FORREST LEE VANLUE

Forrest Lee Vanlue, youngest son of David and Lucinda Vanlue, was born July 28, 1867 in Walnut Township, in Marshall County, Indiana. He pa away on Friday, December 10, at the age of 81 years, four months and 12 days, at the Logansport hospital where he had been a patient for three weeks. He had been in failing health for seven years and seriously ill for several weeks. During the past four years he had been cared for at the home of his daughter near Tippecanoe where he will be greatly missed by all. He was united in marriage to Anna

Ionia Ringle on August 21, 1891. She departed this life on February 17, 1946. Two sons, Welcome Roscoe and Blithe Josiah also preceded him in death. He leaves one daughter, Mrs. Hazel Miller of Tippecanoe, and two sons, Roy of Lakeville, and Freadus of South Bend Ten grandchildren and eight great grandchildren also survive. He was a devoted husband and loving father and had spent his entire life in this community as a farmer.

Funeral services were held Sunday afternoon at 2:30 at the Walnut Brethren Church with Rev. Lewis Hohenstein of Tippecanoe officiating, a ed by Rev. Kenneth Long. Burial was in the adjoining cemetery. The Umbaugh Funeral Home was in charge of the services.

TO GIVE CHRISTMAS PROGRAM The Mentone Methodist church will present a Christmas program in two parts. The first part will follow the regular Christmas worship service of 10:00 A.M. this coming Sunday and will present the children of the ch school in a musical version of the traditional Christmas theme.

At six o'clock that evening the second part of the program will be presented. Mrs. Dan Urschel will begin with the playing of Christmas carols on the organ at 5:45. The viewing of The World's Greatest Madonnas, accompanied by vocal and choral music, will precede a candle-light procession to the nativity tableau.

HOME FROM HOSPITAL

Mrs. Wayne Bowser and new daughter, Victoria Lee, were brought home from the Woodlawn hospital Wedn day. The new baby was born last Thursday, December 9, and weighed seven pounds, one ounce.

THE NORTHERN INDIANA CO-OP. NEWS

TESTING ABRASIVE TIRES FOR DRIVING ON ICE

Whether tires with abrasive particles imbedded in the tread can stop an automobile on ice quicker than ordinary tires depends upon the weather, according to the National Safety Council.

That was revealed when the Council announced the results of its skidding tests early this year on the frozen surface of a lake at Clintonville, Wis.

The tests showed no difference, for example, in stopping distance between abrasive tires and ordinary tires in cold temperatures on dry ice. But with

OF COUNTY DAIRY ASSN.

Jay Swick of Beaver Dam was elected 1949 president of the Kosciusko County Dairy Association, succeeding president. Earle Johnson, of 1948 Pierceton, at a meeting Monday night.

Swick is a Guernsey breeder and is president of the county Guernsey breeders' association.

Gene Warner, Ayrshire breeder of Jackson township, was elected vice president, succeeding Jay Swick, Howard creamery was re-elected treasurer. The county agent serves as secretary.

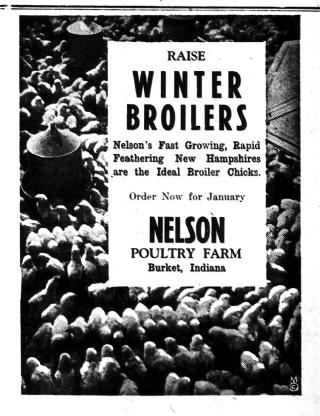

Directors from the various townships were elected as follows: Scott, Levi R. Hochstetler; Jefferson, Dale

ser; Turkey Creek, Chester Stiffler; Tippecanoe, Ercell Wright; Plain, Doyle Spangle; Prairie, Monroe Kitson; Etna, Harold Gawthrop; Harrison, Everett Beeson; Wayne, Milo Robbins; Washington, Sam Rhodes; Monroe, June Mishler; Jackson, Leo Metzger, Lake, Gilbert Smith; Clay, Roy Merkle; Seward, Harvey Anglin; Franklin, Everett Rookstool.

JOLLY JANES HOME EC CLUB

The Jolly Janes Home Economics Thompson of the Litchfield Club enjoyed a pot luck supper at the home of Mrs. Artley Cullum on Monday evening. Mrs. Harold Markley was assistant hostess.

The history of the song of the month, "The First Noel," was given Atkinson; Van Buren, Herman Weis- by Mrs. Harold Markley. The Christ-

mas story from Luke was read by Mrs. Robert Whetstone. New officers were installed by Mrs. Virgil Doran, in a candle light ceremony.

Several carols were sung by the group. A couple of contests followed. Door prize was won by Mrs. Robert Whetstone.

Christmas gifts from Cheerio Pals were exchanged and names drawn for the next year.

CONSERVATION OFFICIALS MET HERE ON SUNDAY

Otto Grossman, chairman of the 2nd Indiana District of Conservation Clubs, presided at a meeting of county chairmen held at the C. O. Mollenhour home Sunday afternoon. Prior to the meeting the group was treated to a fine fish dinner at the Mollenhour home.

Wednesday, December 15, 1948

The Second Indiana District comprises Newton, Jasper, Starke, Pulaski, Marshall, Fulton and Kosciusko counties, and only one county chairman failed to show up. Those phesent were: Charles Quackenbush of Rochester, **Omar Bixel of Plymouth, Preston Nice** of Winamac, Frank Wyland of Walkerton, Leroy Kurtz of Rensselaer and Mr. Mollenhour of Mentone,

The main topic of conversation or discussion was the appointment of the wardens, field representatives and captains for the conservation department. An effort is being made to remove these appointments from a political basis, thus eliminating the unn essarv removal of competent conservation officials every time there is a political change in the state.

District leaders plan to hold a sim-ilar meeting at Indianapolis in the near future.

HAY SEED SUPPLIES REPORTED EXCELLENT

The recent report of the increased supply of lespedeza seed produced in Indiana in 1948 completed the season's record of major increases as compared with 1947 in supplies of all hay seeds used in the state and with exception of timothy.

The seed situation, according to information released by Purdue University and federal statisticians, reveals that Indiana was particularly fortunate in this respect as the combined production of hay seeds in the nation this year was nearly one-fourth below last year and the farm carry-over is almost one-fourth below the 1947 national figure.

Purdue University agricultural economists who recently completed the analysis of 579 farm records from throughout Indiana, state that the average cash incomes on the most profitable farms were 62 percent larger than on the least profitable, while cash farm expenses were only 30 percent larger. When increases in inventory were added to the net cash incomes, the average farm incomes on the most profitable farms was about twice as much as for the least profitable farms. C. O. Mollenhour spent Tuesday and Wednesday at home in an effort to get the better of a cold and cough that has been troubling him for some time.

A well-arranged, well-equipped farm repair shop which centralizes repair operations can save time and trouble and prevent accidents. Winter is the time for construction and repair jobs. Make the shop a "must" on the farm. Winter can be a time for planning improved management on the farm. Ways to Save Labor on Indiana Farms" is the new Purdue University Agricultural Extension bulletin which adequately illustrates ways to save labor on Indiana farms. Copies of the bulletin are available, free, from the offices of the county agricultural agent or the University.

LEGION AUXILIARY

The Mentone Legion Auxiliary met at the Legion home, for its regular monthly meeting.

During the business session several cards of thanks from JoAnn Wilson were read by Georgia Cochran, our Knightstown Home chairman. Ethel Wagner, Gold Star Mothers chairman, gave a brief report on her department. Arvilla Van Gilder, Service Sale chairman, had several Service Sales articles on display. These articles were made by disabled veterans.

Final arrangements and committees were appointed for the Anniversary Tea, to be held on January 9 at the Legion Home. Members from the Kosciusko County posts, the Rochester post and the Akron post, some district officers and state officers will help us celebrate this date.

A walker was donated to the Auxiliary by Nettie Ernsberger. This walker will be loaned to needy persons. To obtain it see any Auxiliary member. Christmas baskets will be given again this year to needy families. Anyone who knows of such a family contact Nell Reed.

A report of the Presidents and Secretaries conference held at Indianapolis on Nov. 13 and 14 was given by Nell Reed and Emma Clutter.

The meeting adjourned with singing of the Auxiliary song, after which the program committee, Helen Mollenhour, Mary Manwaring, Alta Hudson, and Barbara Van Gilder presented the following program: Christmas story, "A Child Is Born" by Mary Manwaring: 'O Little Town of Bethlehem" sung in unison. Each member was then given a balloon which contained a number and to receive her gift she was to burst the balloon in some manner. The evening closed with playing of a game "Merry Christmas." Delicious refreshments were served

by the committee.

Mrs. Ellis Tucker called to tell us that their classified ad in the Co-Op News two weeks ago, advertising her grandson's lost puppy, had been successful, as the lost dog is now safe at home. A man in Palestine saw the ad, and, knowing of the dog's whereabouts, called the owner. We're always glad to hear this kind of report from our ads, whether display or classified.

COUNTY SMALL GRAIN SHOW AT WARSAW The county small-grain show for

4-H club members, vocational agriculture students and school pupils, will be held Friday night and Saturday, Dec. 17 and 18, at the Farm Bureau Cooperative building on East Market street in Warsaw.

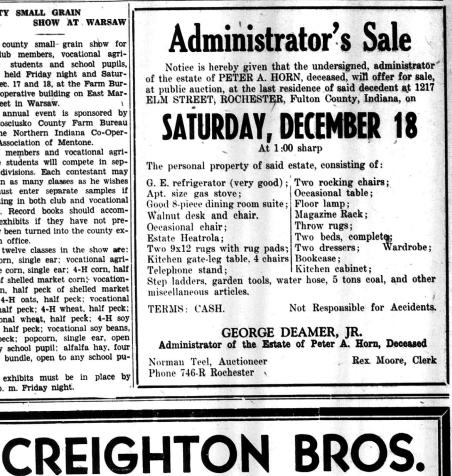

The annual event is sponsored by the Kosciusko County Farm Bureau and the Northern Indiana Co-Operative Association of Mentone.

Club members and vocational agriculture students will compete in separate divisions. Each contestant may show in as many classes as he wishes but must enter separate samples if exhibiting in both club and vocational classes. Record books should accompany exhibits if they have not previously been turned into the county extension office.

The twelve classes in the show are: 4-H corn, single ear; vocational agriculture corn, single ear; 4-H corn, half peck of shelled market corn; vocational corn, half peck of shelled market corn; 4-H oats, half peck; vocational oats, half peck; 4-H wheat, half peck; vocational wheat, half peck; 4-H soy beans, half peck; vocational soy beans, half peck; popcorn, single ear, open to any school pupil; alfalfa hay, four pound bundle, open to any school pupil.

All exhibits must be in place by 7:30 p. m. Friday night.

MOTHERS OF WORLD WAR II

Mothers of World War II Unit 106 met at the home of Mrs. Wagner for their regular monthly meeting.

Twenty two members and one guest enjoyed the meeting and gift exchange. Mrs. Horn and Mrs. Wagner gave a report on the District meeting held at Galveston. A report was also made on the boxes which had been sent to

the boys still in service. A nominating committee, consisting of Mrs. Morrison, Mrs. Barkman and Mrs. Paulus, was appointed, which resulted in the folowing officers being elected for the coming year: president, Esta Vandermark: first vice-president, Mrs. Wagner; second vice-president, Mrs. Wise; secretary, Alta Hudson; treasurer, Dora Norris; financial secretary, Bell Morrison; chaplain, Mrs. Meredith.

The group sang several Christmas carols. Delicious refreshments in keeping with the season were served by Dora Norris and Lulu Wise. The January meting will be at the home of Mrs. Davis.

When it's Lumber . . Call our Number -CO.OP BUILDING DEPT. 3-119

TRAFFIC MISHAPS WILL COST HOOSIERS \$575,000

Carelessness of motorists and ped-

estrians over the three-day Christmas holiday will be responsible for traffic fatalities, injuries and property damage costing Indiana citizens an estimated \$575,000. Charles M. Hayes, president of the Chicago Motor Club, declared.

Approximately 3,000 property damage accidents will amount to \$375,000 alone during one of the most dangerous periods of the year. Prime factors behind the large number of predicted accidents are heavier motor travel over the Christmas holiday and reduced visibility during the winter season.

Bad weather with accompanying poor traction wil be contributing factors also.

An estimated fifteen persons will lose their lives in these accidents and will add \$150,000 to the cost of the holiday massacre. Medical expenses totaling \$50,000 will be the price for 525 persons seriously injured, of which 50 will suffer permanent disabilities.

Without Noises Noise measurement tests prove that the electric trackless trolley is

the quietest of all transit vehicles.

We recommend and follow the approved Master Mix feeding program and formulas. Come in and see us today.

MENTONE.

As the 1948 hunting season moves towards the finale in the north country and hits high gear in the southland, the same old stories that always plague the hunting fraternity are again making the headlines. We're referring to ries about this hunter or that one being fatally shot while in the field.

A duck hunter wades out to right some decoys, steps into deep water and is drowned; a deer hunter sees the brush move and shoots, thinking it's a deer, only to find he's killed his companion; a rabbit hunter dies from a charge of No. 6 in the stomach when his gun goes off while he climbs a fence

The stories fall into the same pattern in most every state and year after year. They don't make pretty reading, yet little has been done to rid the nation of repeat performances

What can be done about it?

That's a tough question to answer. It has been suggested by some sportsmen that tests be given hunters be- rules every trip afield.

fore licenses are issued. Handle it, they say, as you handle the issuing of a driver's license-make a man show he is competent before issuing a permit. Maybe this idea has merit; at least, it shows thinking in the right direc-tion. However, tests might not prove practical for all cases. Teaching a man how to handle a gun before giving him a license probably would remedy some of the deaths resulting in climbing fences, shotguns or rifles discharging in an automobile and the "unloaded guns" that take their toll in homes.

But what about Mr. Trigger-Happy Deer Hunter who shoots first and looks afterward. He probably could pass a license test with flying colors. yet he's a menace in the woods!

Our answer tor this fellow is "manslaughter"-make it a crime to kill with a hunting weapon.

All the stories we've read this year use the word "accidental" in reporting hunting deaths. We don't believe that's the right description of many of them. for, with few exceptions, these deaths could have been avoided if the hunters had used just a little common sense when in the field.

Possibly it a mass education job of hunters that is needed to solve the problem. But most likely it is a job for each individual hunter to learn the rules of safe gun handling and sportsmanship and to practice these

MENTONE READING CLUB

Mrs. Conde Waluburn was hoste to the members of the Mentone Reading Club at her home on Friday evening, December 10. The invitations were for a "Mrs. Santa" party and each member brought a white elephant gift, which caused much merriment among the recipients.

Mrs. Robert Firkins conducted a quiz on the poems and their authors. Mrs. Guido Shirey, president, conducted a short business session after which the program for the evening was presented by Mrs. Elmore Fenstermaker, who gave the story of Christmas in other lands, and Mrs. Ora McKinley, who read a Christmas story. The Little Mixer, by Lillian Nicholson Shearon. The hostess, assisted by Mrs. Elmore Fenstermaker, Mrs. Ora McKinley and Mrs. Orpha Blue, served dainty refreshments.

FARM FOLKS ENTERTAINED WITH CHICKEN DINNER

The officials of the Farmers State Bank, at Mentone, were hosts to a group of 149 farmers and businessmen at the school house Wednesday evening. A fine chicken dinner had been prepared for the group, and each thoroughly enjoyed the delicious repast. The Mentone Lions club dismissed its regular meeting to make way for the farm group meeting and its special speakers.

Philip Lash, Lions club secretary, served as toastmaster, and after group singing led by Vance Johns, Mr. Lash introduced County Agent Joe Clark who made a very inspiring talk. Joe stated, during the course of his remarks, that his first meeting after becoming county agent 11 years ago, was at Mentone, and as his resignation becomes effective January first, his last meeting is Mentone.

Mr. Clark then introduced Dr. I. R. Cole of Purdue, who gave a lot of facts and figures relative to the present and future economic conditions. The group extended its thanks and

appreciation to the bank officials for the dinner and evening's entertainment.

Many farmers are using long-rotation pastures, generously fertilized to build up the valuable organic matter, as a practical means of preventing erosion and increasing the crop-producing power of the soil.

By fertilizing pastures with plant toods of high potash and phosphate content, you can nourish the healthy growth of cover crops which add needed organic matter to the soil. In this way, you prepare the land for the future production of cultivated crops, and at the same time provide abundant money-saving forage for your livestock.

You will find it profitable to deend on high quality International Fertilizers, as so many other farmers have for nearly forty years, for the

mineral-rich plant foods you need for pastures and other crops.

Your International Fertilizer Agent is prepared to help you select the plant foods best suited to the requirements of your crops. See him nowplace your order early for International crop-producing plant foo is to be sure of obtaining the ferr lizers that will give you satisfaction at harvest time.

cups curamon
2 tsp allspice
cups truts, add sherry or f Combine traits, add sherry or fruit juice. Cover and let stand over night. Sift together flour spices and salt. Cream together shortening and sugar until huffy. Add ielly and mix thoroughly. Beat eggs and fruits a small amount at a time. Add vanilla extract. Bake ng reased paper lined loaf pais m slow oven (300 to 325° F). Bake large cake 3 hours. Bake small individual cakes 21s x 4 linches, I hour. Cool, Makes about 4 fruit cakes.

Glaze for Fruit Cakes 1 cup sugar, 1, cup corn syrup, 1, cup water Combine incredients and cook until mixture forms thick syrup. Cool. Spread on cake While moist arrange garnish of candied fruits and nuts. Wrap in cellophane or store in covered containers.

As the Yule Log Burns

It's Christmas Eve and as the yule log burns, let's draw up our easy chairs while we rest and chat a bit. You've been so busy with your holiday bak-ing, your Christmas shopping and gift-making that you haven't had a moment to wonder what the Christmas tree held for you. Someway no mother ever thinks about that. ever thinks about that.

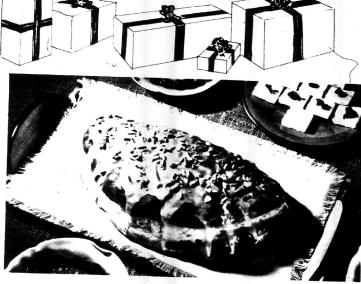

So I've tucked some surprises under the tree and So I ve fucked some surprises under the tree and into some of those gaily wrapped packages that hang from its branches. See that red box perched high among the tinsel trimming of the tree? That's a box of homemade candy - chocelate caramets

at that! There's a steamed pudding for your Christmas dinner; that's in the drum-shaped object all done up with huge silver bows. And that large golden box swinging from a lower branch contains fruit cake. You'll be able to keep that for months, I hope, but that may depend upon your holiday auests!

guess: There's Christmas Stollen, of course — marked with Mother's name. And it wouldn't be Christ-mas without cookies, would it? If you peek into the poinsettia box beneath the tree, you'll find it's crammed full of Yuletide cookies for this goy 1948

season. There are refreshments for tonight on the table near the fire — a luscious **Helly Wreath Nut Cake** that's very special. Then there are piles of pop-corn balls and loads of candy for all the family to enjoy MERRY CHRISTMAS, my friends HAPPY NEW YEARI

For Something Special in Good Eating

Are spare ribs, neck bones, liver, tongue, and other odds and ends a problem with you at butchering time?

This year, instead of rushing to use up these smaller pieces immediately, put them up in a pickle made with Morton's Tender Quick. Use them at your leisure. You'll have some of the grandest eating you ever sat down to.

For your hams and bacon, cure with Morton's Tender Quick and Sugar Cure. Your meat will be firm, sweet, tender, perfectly cured from rind to bone-the best-tasting, best keeping hams you ever had.

Curing from the inside out and from the outside in, the Morton Way is faster and it's safer. More than a million farm families use no other method.

Cure your hams this easy, simple, safer Morton Way

First — Dissolve Mor-ton's Tender Quick in with Morton's Sugar water and pump along Cure. This complete the bones, This fastact sugarcuring salt strikes ing curing pickle starts in from the OUTSIDE, curing TNSIDE ...helps prevent bone taint, off-tays, undercured spots.

For delicious sousage, use Morton's Sausage Seasoning. It's a rare blend of salt, peppers, sage, and other choice spices, ready to use. Just add to the meat and erind

MORTON'S

The secret of the exceptional quality of Morton cured meat is the special ingredients in Tender-Quick that bring out and intensify the rich meat flavors hidden in the meat cells and which you don't ordinarily experience. It also adds

WHERE TO BUY IT. Products advertised in Rural Gravure are solid only through local dealers. If you do not know the name of the dealer for any product, phone or write the office of this newspaper.

PUBLISHED EVERY WEDNESDAY BY THE NORTHERN INDIANA CO-OPERATIVE ASS'N. OFFICE OF PUBLICATION, WEST MAIN STREET, MENTONE, INDIANA Entered as second-class matter November 18, 1936, at the post office at Mentone, Indiana, under the Act of March 3, 1879. Mentone, Ind., December 22, 1948

Volume 18, Number 27

MENTONE CITIZEN DIES EARLY WEDNESDAY MORNING

William Ray Rush, a well-known resident of Mentone, died at 6:30 a. m. Wednesday at the state hospital at Logansport, due to a heart ailment. He had been in poor health for the past three years.

Mr. Rush, who had been a rural mail carrier at Mentone for 22 years. was a member of the State Rural Letter Carriers' Association, and served as secretary for a period of seven years before his retirement due to ill health. He was also a member of the Mentone Masonic lodge and of the district Past Masters' Association. He had been a member of the Lions club for years and had been active in civic affairs.

The deceased was born in Grant county March 12, 1891, the son of Bert and Elva (Coomler) Rush. The family moved to the Mentone community 45 years ago. July 7, 1915, he was married to Bernice Goshert.

Surviving relatives include his wife; four daughters, Virginia, at home; Mrs. Miles Manwaring, Mentone, and Mrs. Thurman Ridgway and Mrs. Forrest Huffer, of South Bend; three sons, Paul and Don, at home, and Carl of Alvin, Texas; his parents, Mr and Mrs. Bert Rush, of Mentone, and three brothers, Roy, a twin brother, and Fred of near Mentone, and Earl of Detroit, Michigan, and five grandchildren. One son, Earl, lost his life in World War II while serving with the Marines on Iwo Jima.

The body will be taken to the home Friday afternoon at two o'clock and then taken to the Mentone Methodist church at 12:00 noon Sunday where funeral services will be held at two o'clock that afternoon. Rev. E. E. Dewitt, assisted by Rev. David Gosser, will offciate. The Johns funeral home will be in charge.

PSI IOTA XI REPORT

To the number of people who have inquired about the fireplaces and the planting of trees at Veterans' Park, we are able to make a report.

The Psi Iota Xi sorority spent \$92.50 for the trees which are planted there. The sorority is also responsible for the erection of the double unit fireplace at the east side of the park.

These additions are appreciated and will add much to the recreational value of Veterans' Park.

COUNTY PARTY TO BE HELD AT MENTONE NEXT WEDNESDAY

Assistant County Agent Bill Johnson was in Mentone Wednesday making of the Christmas season, we are proud arrangements for a big county-wide farewell party for Mr. and Mrs. Joe Clark and family, at the community building, on Wednesday evening, Dec. 29. starting at seven o'clock.

Joe Clark has served as county agent for over 11 years and will terminate us service January first.

Plans are for a cooperative dinner for everyone that would like to attend. There will be a program of entertainment and various clubs and groups will join in making this a fine farewell gesture to the Clark family.

Mentone is appreciative of being chosen as the host city for this event and a welcome is extended to everyone to enjoy your supper and the evening's entertainment here.

FRANKLIN FARM BUREAU NEW YEAR'S PARTY

Franklin Township Farm Bureau is having a New Year's party and oyster supper December 31 at 7:00. All members are urged to attend and a good time is anticipated.

ON COMMITTEE

Dr. A. P. Hauss of New Albany, Indiana president of the Indiana State Medical Association for 1949, has an nounced the appointment by Dr. Dan Urschel of Mentone as a member of the state Association's committee on Rural Medical Care.

URGES INOCULATION OF PETS

As there are several cases of rabies in animals in neighboring counties, Dr. T. S. Schuldt, county health officer, is urging that all cats and dogs be properly protected by inoculation. Rabies shots are effective for about 10 months.

WALSH >

An eight pound daughter was born on Dec. 17 to Mr. and Mrs. Manley (Pat) Walsh, at the McDonald hospital.

The new daughter has been named Patricia Ann. Mrs. Walsh and the new baby were brought home the fore part of the week.

SEASON'S BEST WISHES TO ALL

Again as we are entering the climax to present the greetings of the business and professional people, organizations and individuals, to everyone in the Mentone area. These people are sincere when they send their best wishes for your health and happiness - and the fact that each year many approach me weeks in advance requesting a reservation of a Christmas message, proves their interest and sincerity.

An effort is made each Christmas to contact every business and professional person in the Mentone area and extend an invitation to them to join in this annual message of good cheer and sincere thanks. As you check over the names of these people, let their warm your heart and messages rekindle the fire of friendship for happiness and prosperity. Whether we dwell within or without a city limit has no bearing upon our dependence upon one another. We in town realize there would be no town without the rural citizens, and without a town and industrial areas there would be no market for rural products or the manufactured products which we all need to help make this world a better place in which to live.

HARMAN - KAY

Mrs. Frieda Kay and Frank P. Harman, both residents of this county. were married Sunday in a ceremony performed at Churubusco by Rev. Wilson, a brother-in-law of the former. Attendants at the ceremony were Mr. and Mrs. Clarence Hartman, of Warsaw, brother-in-law and sister of Mrs. Harman.

Mr. and Mrs. Harman have gone to Florida where they will spend the winter.

FINE CHRISTMAS LIGHTING

Through the efforts of the Mentone Merchants' Association and interested citizens, Mentone's Main street is as well and attractively lighted as almost any city. The merchants, however, are planning even better for future years. and I'm sure that almost everyone is in favor contributing, financially or otherwise, to this worthy endeavor when the proper time arrives.

The Mentone Lumber Company won the \$25 first prize in the holiday decorations contest sponsored by the Mentone Merchants' Association, Wm, Mollenhour and Ethan Kaufman, of Warsaw, the judges in the contest, stated that they considered the effort behind

the project when the prize was given

Subscription-\$1.50 Per Year

IN HOLIDAY DECORATIONS

to the Lumber Company. Very likely most citizens had already chosen the lumber company display as one of the chief contenders for the major prize. The glory in this winning will go to every member of the lumber firm, as each employee helped in its creation.

Second prize of \$15 went to the Jones Beauty and Barber Shops with their displays, which reflected the general Christmas spirit.

Originality, in the words of the judges, prompted them to choose the display at the Dr. Dan Urschel building for third place and a \$5 prize. Denton Abbey was the creator of this display, we are told.

Many other displays in town were close contenders in the prize contest, as there are several more of prizewinning quality.

I'm sure I express the sentiments of the Merchants' Association when I extend congratulations and thanks to every business firm and individual for their part in helping to decorate our town in true holiday style. Also their thanks to the Midwest Spring Mfg. Co. for the cash prizes.

WRITES FROM KOREA

Pfc. Alvin F. Kinzie, service man stationed in Korea, writes: "I want to thank the Mothers of World War II, of Mentone, for the very nice box that I received yesterday noon. It is sure a good feeling to know that some of the people back there at home are thinking of the boys who are spending their time overseas." His address is: R. A. 45038475, Hq. Co., 1st Repl. Depot, APO 815, care of Postmaster, San Francisco, Calif.

Forrest' Kesler, who has been ser-iously ill in the Woodlawn hospital at Rochester, remains in a serious condition, yet he seemingly was showing improvement Wednesday.

CORN BORER GAINS IN 38

Corn borer infestation in Indiana has increased in 38 of the major corn growing counties while it has decreased in 33, according to Frank N. Wallace, state entomologist, whose staff just completed a survey for the Indiana Department of Conservation.

This survey was made of 71 Hoosier counties considered important in raising corn crops.

Of the counties investigated, White ranked the highest in infestation with Switzerland. 247 borers for each 100 stalks. Fulton was second with 210 borers for each 100 stalks. Owen county had the low- eph. Starke, Marshall, Pulaski, Fulest infestation rating of those surveyed with only 2.8 borers per stalk. Although many counties show a corn borer increase over last year, they are far below infestation marks of 1942.

Department of Conservation officials are not alarmed about a seasonal increase, as weather conditions have a great bearing on the number of borers, Walace said.

corn borer control measures: (1) clean COUNTIES; DECREASES IN 33 plowing when all the stalks are turned under; (2) use of hybrid corn; (3) late planting.

According to the survey, the following countis had a decrease in corn borers: Laporte, Elkhart, Lagrange, Steuben, Kosciusko, Noble, DeKalb, Whitley, Allen, Wells, Benton, Warren, Tippecanoe, Vermillion. Fountain. Parke, Putnam, Hendricks, Boone, Owen, Vigo, Sullivan, Gibson, Posey, Vanderburg, Hancock, Henry, Shelby, Rush, Bartholomew, Dearborn, Ohio,

These counties showed an increase: Lake, Porter, Newton, Jasper, St. Jos-White, Cass, Miami, Wabash, ton, Huntington, Adams, Carroll, Howard, Grant, Jay, Blackford, Clinton, Tip-Madison, Delaware, Randolph, ton. Hamilton, Montgomery, Marion, Johnson, Wayne, Fayette, Union, Decatur, Franklin, Ripley, Jefferson, Clay, Knox

GRAIN AND HAY SHOW

HELD LAST FRIDAY

The annual Kosciusko county 4-H Club and vocational agriculture grain and hay show, held at the Farmers Co-Operative building in Warsaw on last Friday, drew 264 entries, the largest number in the three-year history of the event, it has been announced by Bill Johnson, assistant county agent.

The show was sponsored by the County Farm Bureau and the Northern Indiana Co-Operative Association of Mentone, with the organizations putting up the premiums. Roy W Parker, of Cromwell, a hybrid seed producer, judged the exhibits.

INHERITANCE TAX DUE

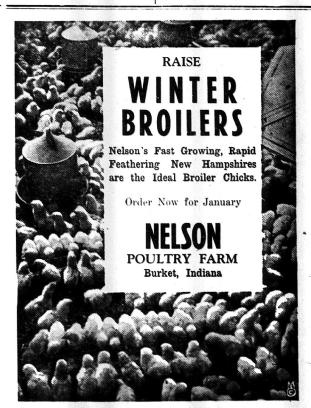

A state inheritance tax of \$176.10 is due in the estate of James E. Gill, it has been determined in circuit court The estate has a net value of \$24,609. Heirs include the widow, Emma L. Gill and three daughters, Ethel Leech, Jessie A. Tucker and Helen M. Goble, the latter being the administratrix with will annexed.

Squash Lose Value Squash lose about one-third of their carbohydrates in three months of storage and over 50 per cent when stored six months.

Most Unusual County Boundary county, Idaho, is the only county in the United States bordered by two states and a foreign country

Mentone, Ind., December 29, 1948

MR. AND MRS. JOE CLARK

FAREWELL PARTY HELD FOR

MOTHER OF LOCAL MAN DIES IN MISSOURI

Mrs. Elizabeth Miller, aged 89, mother of A. O. (Dobbs) Miller of Mentone, died in a St. Louis hospital Dec. 19th. The aged lady had been living with a daughter, Mrs. Homer Ball since leaving Mentone a few years ago. About two years ago she fell and broke a few ribs and recently fell again breaking an arm.

The Miller family came to Mentone from Minneapolis, Minn. in 1889 and lived here ever since until going to St. Louis. Mr. Miller died in 1922 and the deceased lady then resided with her son here until he went to Niagara Falls early in the war. She then went to St. Louis to live with her daughter. Mrs. Miller was born Elizabeth

Aukerman, in Wabash, March 1, 1859. Burial was at Roann Dec. 22 in the same cemetery with her husand.

Surviving besides the son and daughter named above are two half-brothers, one in St. Joe. Michigan and the other in Minneapolis, and a number of grandchildren.

COPLEN-SPHON

Harold Allen Coplen, son of Mr. and Mrs. Darrel Coplen, and Lorene Sphon, daughter of Mr. and Mrs. Fremont Sphon of Argos, were united in marriage on Christmas day, at 3 o'clock. The single ring ceremony was performed by Rev. David Gosser before a beautifully lighted Christmas tree at the home of Mr. and Mrs. Harry Gibble

The bride's attendant was her cousin, Jean Smith, of South Bend. Myron Coplen was his brother's attendant.

The immediate families and a few close friends were present.

Harold graduated from Mentone high school last spring, and is employed at the Mollenhour Lumber Co. Mrs. Coplen is a graduate of the Argos high school.

For the present the young couple will reside with his parents.

ROMINE

Mr. and Mrs. Marvin Romine, Etna Green, are parents of a son born at 7:49 p.m. last Wednesday at the Mc-Donald hospital.

A large number of county citizens enjoyed a cooperative dinner at the Mentone community building Wednesday evening and extended their regards and best wishes to County Agent and Mrs. Joe Clark. The snow and icy highways during the afternoon and evening caused many who had planned to attend to remain at home.

Mr. Clark has resigned as county agent to manage a large farm operation. The resignation becomes effective Friday

Harold Gawthrop, of Leesburg, was toastmaster for the meeting that followed the dinner. He introduced the following:

Roy Merkle, representing the Seed Improvement Association. The association members presented Mr. Clark with an electric razor.

C. O. Mollenhour, of the County Conservation Clubs, who gave Clarks a fine wool blanket.

Leroy Norris, representing the 4-H Clubs, Junior and Adult Leaders, Home Economics Clubs and the swine breeders. Their gift was a card table with four leather seated chairs.

The Rural Youth was represented by Darrell Phillips who presented Joe with a smoking stand.

Jay Swick spoke briefly for the dairy associations. Dr. Dean Marble presented a fine

leather brief case from the poultrymen of the area. The Holstein boys, not to be outdone.

came in with a brand new shiny fourtined fork, which they figured would be a necessary piece of equipment for a man operating a 70-cow dairy farm Roberta and Wilberta Latimer and Brooks Black gave several fine tap dancing and singing numbers that were enjoyed by those present.

Assistant County Agent Bill Johnson showed a number of colored slides and motion pictures taken over a period of years. Many were taken at the Mentone fair grounds and many familiar faces and scenes were brought back to the minds of our citizens.

CLUB CALENDAR

Eastern Star, Monday evening, Jan. 3. at 7:30

Afternoon Circle of W.S.C.S. will meet at the church on Tuesday, Jan. at 1:30.

BRATE 60TH WEDDING DATE Mr. and Mrs. Bert A. Rush cele brated their 60th wedding anniversary Wednesday, at their home east of Mentone. The couple was married at Nor-

AGED COUPLE QUIETLY CELE-

mal, Ind., Dec. 29, 1888, on his 20th birthday. He is now 80 years of age while Mrs. Rush is 81. Mr. Rush is up and around each day but is not too active, although his wife is still in very good health. They are the parents of four sons: Fred, and Roy of Mentone and Earl of Detroit, and Ray who was buried at Mentone Sunday afternoon Due to Mr. Rush's health, no open house was held.

NEW YEARS EVE PARTY AT METHODIST CHURCH

A New Year's Eve party is planned by the Methodists to make a safe and sane conclusion to 1948. A welcome is extended to everyone to come to the Mentone Methodist church to enjoy the out-going year and usher in the New with fun, fellowship and a midnight, candle light service.

A program is planned which will interest folks from six to ninety-six years of age. The men and boys are warned to hold onto their shirts, for there is one which is bound to disappear from someone's back. No party is complete without a lunch

so a lunch will be provided.

Make it a date to bring your date and have a date at 8:30 in the social rooms of the Methodist church at Mentone. Committee in charge is the Youth Committee of the church, including Wayne Tombaugh, chairman: Dr. Dan Urschel, Don Emmons. Denton Abbey, Arvella Van Gilder, Eileen Fenstermaker, Mrs. Ray Ward, and the pastor, David Gosser.

WITH UNIVERSITY BAND IN CALIFORNIA

Robert Nelson, who attends Northwestern University, spent last week here with his parents, Mr. and Mrs. A. I. Nelson.

On Saturday he returned to the university and accompanied the Northwestern band, of which he is a member, to California for the New Year's Day Rose Bowl game between the University of Southern California and Northwestern.

EGG SHIPPERS AGREE TO PROSECUTE N. Y. RECEIVER

Subscription-\$1.50 Per Year

MENTONE

THE EGG BASKET of the

WDDLE WEST

A group of egg shippers, car managers, etc. met at the school building Monday evening to discuss the situation that developed several months when the firm of Schlussel & ago Waldman, of New York City, failed to make complete payment for eggs shipped to the firm.

In brief, the details to date are:

When payment in full for the eggs was not received, a group of Mentone men went to New York City and attached certain cash and securities belonging to the firm and engaged a law firm to represent the interests of the shippers. In six to eight weeks an agreement was reached whereby the firm would make a 50 percent cash settlement and supply notes for the balance, all to become due within a period of six months; provided the egg shippers would continue to ship a portion of their eggs to the firm. Charles Manwaring. Ed Ward and Royse Tucker again went to New York to get the agreement in legal form, and signed by the various individuals involved. This agreement was completed, but the New York firm then failed to supply the cash settlement and notes as agreed. Since then negotiations have been in progress, but it was agreed Monday night to start litagation immediately to secure a complete settlement

Cash originally attached, less attorney fees and other expenses, in the sum of about \$6,500, remains in the control of the local group to use in conduct of the suit.

A committee was also appointed the same evening to design an egg receiver bond and appoint a trustee to handle the bonds. This committee was composed of Royse Tucker, and Ed Ward of Mentone and Frank Breen of Lakeville

The total claimed by the egg shippers from the New York receiver is slightly under \$39,000.

TUCKER

A nine pound daughter was born to Mr. and Mrs. Robert Tucker of R. R. 1. Argos, on Christmas day, at the Parkview hospital in Plymouth. The new daughter has been named Barbara Ann

Mr. and Mrs. Royse Tucker are the rnal grandparents.

TODD'S POULTRY

DRESSING PLANT

by each of your homes Friday night, all dressed up in a Santa Claus suit with a full set of white whiskers, and leave something special under the Chrismas tree. But, we'll have to let this column do instead, a little belated.

First our gift includes the hope that you've had a great year out of doorsenjoying the hunting and fishing anc allied sports that make the outdoors such a grand and joyous place for al. to share.

Mother Nature has been kind to our generations by giving us the things we sportsmen love. Possibly the genera-tions that preceded us had more game to hunt, more fish to catch and more time to enjoy the outdoors. But we must admit that we've had our fair share of these things-maybe not limit bags or limit catches each trip afield. but plenty of game for the table. Too, we've learned the game that goes into the bag and the fish into the creel are not what makes treks outdoors tops in enjoyment. It's just being outdoors, watching the dogs work the fields after pheasants or quail or rabbits, connecting on a double that gave more satis-

faction than killing a dozen birds, or busting a mallard speeding overhead. Those are the things that we've enjoyed in 1948—those are the things all the hope that next year will be equally good to all of you. So here's a Happy New Year to each of you and may the next year be filled with joy.

THIS IS OUR SINCERE WISH -

MAY 1949 BE A YEAR OF MANY PLEASANT RELATIONS WITH THE INDIANA SHIPPERS, AS HAS 1948.

Many thanks to each and everyone, and best wishes for a continuation. Those are our eggs-act sentiments.

MENTONE BUS CRASHES BARN

The Indiana Motor Bus that goes through Mentone daily, crashed into a barn where highway 19 turns east, seven miles south of Mentone Thursday night of last week. When the driver applied the brakes for the corner they failed to hold, or skidded on ice, and he was compelled to go on south into the farm yard. He came to a stop just after crashing into the corner of a barn.

A number of the passengers were badly bruished and shaken but only one was hospitalized.

MENTONE BOY DECLINES ANNAPOLIS APPOINTMENT

Donald Bennett, son of Mr. and Mrs. Roy Bennett of Burket, who stays with his uncle. Francis Brown and family before entering naval training at Great Lakes, was recently awarded a scholarship to Annapolis after taking a competitive examination at Great Lakes.

Young Bennett graduated from the Beaver Dam high school last spring. The young man stated Wednesday that he is not going to accept the appointment.

An old fashioned wardrobe can well double as a sewing unit. Plenty of storage shelves, space for hanging garments in the process of being made, a mirror and an ironging board can be added. A diagram is included in the bulletin, "Tools for Sewing," published by the Agricultural Eextension Service. Copies are available free, from the county extension agent or the university.

THE NORTHERN INDIANA CO-OP. NEWS

ENTERTAINED FAMILY SUNDAY

Those present were: Mr. and Mrs. Devon Jones, Mr. and Mrs. Mervin Jones and son Ken, Mr. and Mrs. Gaylord Jones and two daughters, Mr. and Mrs. Tommy Meredith and daughter. Paul Jones and family were unable to attend because of whooping cough in their home.

CHRISTMAS EVE DINNER GUESTS

A co-operative Christmas eve dinner was served at the home of Mr. and Mrs. Max Smith and son. Guests included the following relatives: Mr. and Mrs. Ora Tucker, Mr. and Mrs. Ralph Tucker and son Tommy, Mr. and Mrs. Albert Tucker, Mitchel and Jane Ellen, Miss Lilly Tucker of Elkhart, and Miss Barbara Cooper of Tippecanoe. Gifts were exchanged and the evening was spent socially.

LIONS TREAT CHILDREN

A large group of children was on hand last Thursday evening to receive their Christmas treat from the Mentone Lions Club Santa Claus.

This treat is an annual affair of the Mentone club.

In the period of 1939-46, the active farmer has been the principal buyer of farm land, according to the bulletin, "Farm Land Prices in the Midwest," a north central regional publication. Owner-operators have accounted for over 50 percent of the number of purchases by farmers. Tenants bought about 35 percent of the tracts acquired by farmer purchasers. Only occasional purchases were made by corporations.

LIBRARY NEWS

Monday, Dec. 20th, the children of the first three grades were entertained by a Christmas party at the library at 1 p. m.

Before coming to the library the children walked around the business section of town and enjoyed the decorations in so many of the windows. Vance Johns told the children about Santa Claus' factory at the North Pole and sang, "Santa Claus is Coming to Town," to them. Mr. Johns also led the children in singing, "Jingle Bells." Miss Sue Ellen Long tap danced the Dance of the Christmas Bells for the children.

A lovely Christmas story, "The Littlest Fir Tree," was told by Mrs. Boyll. At two p. m. the 4th and 5th grades came to the library for their Christmas program which was the same as the first program except that the story teller was Mrs. Vance Johns who told the beautiful Christmas story of, "The Birds' Christmas Carol."

SINCERE THANKS

My lease expires the first of the year and I won't be in the lunch room any more. I want to take this opportunity to thank all my friends and customers for their patronage this past year and for their patience with our service.

Working here in the restaurant these last three years, I've become better acquainted with many of you and also made many new friends and I've realized there are a lot of swell people in this world, a good share of whom are right here in little old Mentone.

I'm going to miss you terribly, folks, and I hope you'll miss me just a little, too.

My best wishes for a very happy and prosperous New Year to all of you. Sincerely.

CHARLOTTE DILLMAN

Bobby and Charles Keith, sons of Mr. and Mrs. D. A. Bunner, of Algonquin, Ill., are visiting their grandparents, Mr. and Mrs. Don Bunner.

Mr. and Mrs. Charles Manwaring left for New Orleans on Tuesday. They will be met there by Mr. and Mrs. Chester Manwaring and on Dec. 31 will embark on a 17 day Caribbean cruise.

CELEBRATE BIRTHDAYS

On last Thursday evening a group of 25 met at the Otis Dickey home in Warsaw to celebrate the birthdays of Mrs. George Dickey, Charley Jones, Bob Mattix and Mrs. Devon Jones.

Pot luck supper was served, and was followed by an enjoyable evening.

The following couples were entertained at the home of Mr. and Mrs. Robert Whetstone on Monday evening: Mr. and Mrs. Robert Anderson, Mr. and Mrs. Kenneth Romine, Mr. and Mrs. Wayne Bowser and Mr. and Mrs. Raymond Lewis.

Approximately \$300,000 worth of farm property a day was destroyed during the holiday season last year, according to information received from the Fire Protection Institute at Purdue University. Each farmer is advised to prepare for fire by providing approved fire extinguishers.

To Preserve Quality

Pack All Points Down!

Our firm is interested in paying you the highest price possible for your eggs. We want quality eggs ... even though they do cost us more.

Every suggestion we can give to help you increase the quality of your eggs will not only give us a more marketable egg but will increase the size of your egg check each week.

Packing all points down will help to decrease the losses due to breakage.

Co-Op Customers REMEMBER Please pay accounts by Jan. 1

As you well know, our terms on all credit accounts are that your account is considered in good standing if payment is made by the 10th of the month following the date your purchases were made. We have appreciated the splendid manner in which you have adhered to this policy and extend our thanks and appreciation to you. However, as has been customary in the past, December purchases are due and payable on or before December 31st. This policy is an advantage to you as well as to us.

One or two individual accounts may seem but a trifle, but the accumulated accounts of many individuals amount to several thousand dollars, and every one left unpaid reduces the total patronage refund to your neighbor as well as to yourself.

It is a general practice with most individuals-for their own personal satisfaction and financial well being-to make December a time to pay every obligation possible. If this is done, one can look forward to the New Year with a certain satisfaction and peace-of-mind that will help us to be more successful in every way.

Again, may we sincerely seek your cooperation in paying your account in full on or before January 1st, 1949. This will aid us in presenting a true picture of 1948's business . . . and to return a bigger patronage refund to you . . . and your account will not be declared overdue and unpaid.

Main office open Saturday. All other departments closed for inventory.

Co-Operatively yours,

NORTHERN INDIANA COOPERATIVE ASSOCIATION

the rubber on the rolls. Small buttons and other fastenings will scrape off rubber unless they are folded under a layer of fabric. Belts, sashes, or other small strips of clothing should also be folded under a layer of fabric, so they will not catch in the rolls.

To avoid having small articles like handkerchiefs stick to one roll and turn over and over, fold them inside a towel or other large piece before wringing.

Clean-up care of wringer is also important. The first step is to release pressure on wringer as soon as the laundry is finished. If rolls are left pressed together, flat places form on the rolls which make for incomplete wringing. Next wipe rolls dry or wash and dry them if they are stained by colored clothes. Never allow grease or grease solvent like gasoline to get on the rolls, since these substances rot rubber.

The Magnolia State "By Valor and Arms" is the motto

of Mississippi. The official flower is the magnolia and the state bird the mockingbird.

All during 1948, we've been taking care of your car for you. The job has been a lot of fun, and we enjoyed telling you our little jokes each week in the newsnaper.

Now, with all kidding aside, we want to wish you the Happiest and Best of New Years for you and your family.

mals would open the same day, preferably Novembr 11. Repeal of the present fish spearing

law. Several revisions in laws pertaining to water resources and drainage, including rewriting of the present statute governing the use of ground water for air conditioning purposes. Expan-sion of the study of Indiana's water supply.

Authority for the Department of Conservation to establish a soil conservation program in coordination with other agencies.

of the law against Strengthening permitting the spreading of outdoor fires.

Prohibiting non-residents from coming into Indiana and removing large quantities of minnows for sale in their own states.

An appropriation from the General Fund to the Fish and Game Division annually as reimbursement for loss of income resulting from the issuance of free hunting and fishing permits to war veterans.

Largest single appropriation sought is \$3,000,000 for a new building to house both the Department of Conservation and the State Museum.

Among the other appropriations requested is one for \$25,000 annually to be used on a cooperative basis for repair of existing W.P.A. dams.

ANNOUNCE WINNERS OF STATE FOREST CONTEST

Leroy W. Goshert of Burket, was second place winner in the state-wide forestry contest, according to an announcement by Burton F. Swain, Seymour, chairman of the forestry com-

Tucker will receive \$200 award from the Indiana Hardwood Lumberman's Association. Goshert will receive \$150. The contest was sponsored cooperatively by the Purdue University department of forestry and conservation, the State Division of Forestry, and the lumberman's association

Among the good farm woods practices followed by Tucker is the cutting of mature trees and removing poor grade to help the young growth. He used 1200 feet of native timber in buildings and will use 5000 feet for the building of a combined corn crib and barn in 1949. A pond was built for fire prevention and pines have been planted extensively in the eroded areas.
