CHARLES STONER RECOVERING CELEBRATE GOLDEN WEDDING

CHRISTMAS PARTY AT MENTONE DECEMBER 20

Lions Club to Again Furnish Free Gifts to Youngsters

Plans are now underway, with Leroy Norris as chairman of the Lions Club Christmas party, to entertain the youngsters and grownups at the Mentone Community Building on Wednescar evening. Dec. 20th. The Mentone school children and teachers, under the supervision of Principal Kent, are now preparing an entertainment program that will be presented at eight o'clock, and Santa Claus has promised to be on hand to distribute gift packages to all the children of the Mentone area, up to and including those in the sixth grade.

The school, Parent-Teacher Association and the Lions club are combining their programs and efforts for one big evening for the kiddles and grownups. The school program is expected to see more than half the students participating.

An effort will be made to send a personal invitation to every youngster in the community, and if any are

missed, it will be merely an oversight on the part of the Lions committee members de'egated to perform this task.

Pian new to keep that evening open so you won't miss this affair.

The Lions members, too, want to be sure every youngster will have an op-

portunity to be their guest on that evening and suggest that if there will be any youngster void of transportation that evening that some member of the club be notified so that transportation can be provided.

SANTA CLAUS TO VISIT MENTONE THREE SATURDAYS

Coopers' Store and Lemler's Market are cooperating in a project to have Santa Claus visit Mentone each Saturday for the next three weeks. He will be at the Cooper store Dec. 9 and 23 and and Lemler's Dec. 16th. While where he plans to visit many of the business places in town, also.

INSTALLATION STARTED ON CHRISTMAS LIGHTS

Workmen started this week in putting up the wires for the colored lights for the Christmas decorations on Main street. A large Christmas tree, too, arrived in town and will be erected at the usual spot just west of the

Farmers State Bank corner. Merchants and home owners are reminded that there are six prizes being offered by the Mentone Merchants Association for the best decorated homes and business establishments.

IN WOODLAWN HOSPITAL

Mrs. Ethel Adams is a patient in the Woodlawn hospital where she was taken following a fall on Thanksgiving day. Fortunately, no bones were broken, but she suffered from shock. Mrs. Adams has been living with her daughter, Mrs. Ina Davis, and has not a new arthritis remedy.

We are pleased to state that Charles Funeral services were held Sunday Stoner, of near Washington Center in covery and is expected to leave the at the Landis Funeral home with hospital within a few days. The Junior High opened its season Monday evening with victories over the Burket teams. Our first junior high team won by a score of 60-23. Mr. Burt coaches the junior high teams. Mrs. Hoffman missed school Monday due to illness. Mrs. Johns substituted for her.

The Senior class will serve a fish supper at the school cafeteria on Saturday evening, December 9. The proceeds will be used to help finance a trip in the spring. The public is invited.

The Mentone basketball team now has a record of two victories and three defeats. The Leesburg boys defeated our team last Friday evening by a score of 60-51. The second team also lost.

Comets' Course

A comet's tail doesn't necessarily follow the head in its course through space. The tail always streams out from the comet head in a direction oposite the sun. Thus, when a comet is moving away from the sun, the tail precedes the head.

It has been predicted that this winrecent years, and already reports have come in of rabbits being stepped on in the snow where they were chilled and starving. Since the quail population is the highest it has been in Indiana for several years, and pheasants as numerous as they were last year, the drain on natural feed supplies is quite heavy. Distribution of grain will aid these birds as well as native stocks of rabbit, grouse, partridge and other wildlife.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

The first phase of study by the Indiana State Board of Health Laboratory to improve the laboratory method of isolating the bacteria causing Bruecellosis from blood specimens reveals encourging results.

Observations show that the experiment in the use of the chick embryo as a possible medium for the recovery of Brucella from the blood stream has been consistent in results. This method is easily adapted to a routine procedure and affords a fairly long pering strains before the yolk becomes dehydrated.

This study was started three years ago under the direction of Dr. Samuel R. Damon, director of the Laboratory at the beginning of the Indiana Brucellosis Study Project because of the cost and time involved in the older methods and the fact that the percent of recoveries from patient reported as having clinical brucellosis has been low.

A scientific paper on the subject was presented by Dr. Damon at the Third International American Congress on Brucellosis in Washington, D. C. This conference was called to review advances made in research on Brucellosis since the last Congress in 1948. An article on the study by Dr. Damon and Kathleen Gay Harper, senior bacteriologist, appeared in the September 15 issue of Public Health Reports. Dr. Damon has recently been named chairman-elect of the Conference of State and Provincial Public Health Laboratory Directors.

LeBLANC TELLS HOW ADVERTISING SOLD HADACOL

Senator Dudley J. LeBlanc, owner of Hadacol, speaking before the Kansas City Advertising and Sales Executives Club today, offred to put up the first \$5,000 of any organ-ized campaign to advertise the whole Kansas City area as an ideal location for eastern and Pacific coast firms to locate branches as protection against atomic bomb attacks.

Coast firms to locate branches as protection against atomic bomb attacks. "Everywhere I go in the East business leaders are wondering what would happen to valuable rec-ords and even their plants in case of an atomic bomb attack." said the Senator. "They are seriously considering putting in branches that would be safe from such an attack. "Kanasa City is the almost exact center of the nation. You have ex-cellent working conditions, a friendly citizenry and aggressive leaders. Why shouldn't they locate in the vast Kanasa City area? I feel like I should do something for Kanasa City because you folks have bought \$500,000 worth of my Hadacol since July 18th. If you will get together a fund of at least \$25,000 to advertise the Kanasa City area as the center of the nation I will start it offf with \$5,000-and there is plenty more where that came from." Senator LeBlanc described how he took \$2,500.00 in borrowed money two and a haff years ago and par-layed it into The LeBlanc Corpora-tion for which he recently turned down a cash offer of \$12,500,000. He told how he had a net profit about \$170,000 in December of 1849, and spent it all in advertising between Christmas and New Year's of last year. As a result he sold \$2,500,000 worth of Hadacol in the irst six weeks of this year, more than he sold in the entire year of 1949. He had a net profit before taxes of \$2,700,000 by July of this year and tried to spend \$500,000 of it on his Hadacol Caravan with leading movie stars. Instead of spending the profit, he sold another \$3,000,000 worth of Hadacol on the Caravan, and his net profit for the year is now between \$5,000,000 and \$6,000,000 before taxes. He gave much of the credit of his success to newspaper advertising explaining the the uses das almost daily in set duely newspapers and twice

DID YOU READ OUR AD OF LAST WEEK?

-By coincidence, the very conditions arose in the New York egg market that proved the truth of what we wrote.

Due to the storm, many of the egg shipments were delayed, arriving on Wednesday, Thursday and Friday, instead of Monday or Tuesay. Those producers who sell locally based on, say, Tuesday's New York market, did not receive the benefit of the very substantial rises which occurred on Wednesday, Thursday and Friday. BUT, if you shipped to a New York Receiver, you had the satisfaction of seeing your check greatly increased by these sharp rises.

This is only one of the MANY ADVANTAGES you gain by shipping DI-RECT to the New York Market. Choose one of the New York Receivers listed below. Your immediate checks will tell the story better than anything we can say.

Indiana 4-H'ers Win Watch Awards

HANDSOME gold-filled watches were awarded club members for achieving highest rating in Indiana for work in the 1950 national 4-H dairy achievement, leadership and meat animal programs. A brief review of their records follows:

Winning state honors in the 4-H Meat Animal program climaxed a busy and eventful nine years in club work for James E. Little, Jr., 18, of Lowell. He raised Angus, Hereford and Shorthorn cattle and Durce hogs. James has given 12 individual and team demonstrations on feeding beef calves and feeding and managing pigs before audiences totaling 4,500 persons. He entered 27 judging contests and won many awards on his exhibits. Thos. E. Wilson, Chicago meat packer, has provided awards in this program for 21 years.

Outstanding leadership in club and community brought state honors to Dale McMillin, 18, of Lafayette, and Dorothea Raub, 18, of Rommey. A 4H'er for nine years, Dale

A 4H'er for nine years, Dale was asked to take over full leadership of his club early this yean, He has served as junior leader four years in beef, pig and sheep clubs as well as in soil conservation and corn. Several of the members won outstanding honors in these projects. Dale has had a wide range of experience in club work completing 48 projects so is well qualified to teach younger members. He has made 131 exhibits, given 11 demonstrations and entered 16 livestock showmanship contests in addition to giving nearly 50 talks on 4-H work. Dale's club led a community safety survey and staged a highly successful Tractor Rodeo at the Farm and Home Fair this year. He is now attending the School of Agriculture at Purdue University. Dorothea also has been a club

Dorothea also has been a club member nine years, and has completed 49 projects. She has won outstanding honors in judging and demonstrations. In 1947-48, Dorothea coached the junior demonstrators who won "A" placings. She has served as assistant or junior leader for the last six years, and has been active in the County Junior Leader organization, leading singing and recreation. She has directed prize-winning stunts given at County Fair and 4-H Camp, and has given 44 talks on club work. Dorothea takes great pride in the fact that the Jack-

A handsome gold watch appropriately inscribed was presented to each by Edward Foss Wilson, meat packers, Chicago.

Achievement in dairy produc-tion and management has earned state honors for Everett Rook-stool, 18, of Claypool, in the 4-H Dairy Achievement program. Dairy practices and care of animals learned in the project have given him an understanding of the principles of sanitation and animal health. Everett also has learned the value of teamwork and sportsmanship. A 4-H'er for eight years, he has made over 40 dairy exhibits, and has given 10 demon-strations before 600 people. Everett's pet cow, Babe, completed her 2,000 pounds of butterfat for the bronze award and is expected to qualify for the silver award. Since 1945, the youth has won four dairy showmanship awards. One of his cows, sold for \$500, previously placed in the gold emblem class at the International Dairy Exposition in 1949. Everett has served his club four years as junior leader. SCHOOL TO PRESENT CHRISTMAS PROGRAM

JOHN H. WITHAM

DIES HERE TUESDAY

On Wednesday evening, Dec. 20th, at 8:00, the pupils and teachers of the Mentone School will present a Christmas program entitled, "Christmas Varieties of 1950." An attempt has been made to have as many pupils as possible to participate in the program.

About 200 pupils are helping with the program. All teachers have been given assignments in connection with the program. The program has been planned by a committee composed of Wendell Frederick, chairman, Elwanda Jordan, Trella Tombaugh and Walter Kent.

Some of the features of the program are the following:

A chorus of 1st and 2nd grade pupils directed by Mr. Frederick.

A playlet by pupils of the 3rd grade directed by Mrs. Buck.

"Christmas in Other Lands," by the members of the 4th grade directed by Mrs. Tombaugh.

"Christmas Poems," 5th grade pupils directed by Mr. Witham.

"The Christmas Story," with familiar carols by 6th graders under the supervision of Miss Aughinbaugh. Junior High Chorus will sing, di-

rected by Mr. Frederick. "Twas the Night Before Christmas,"

a choral poem by the high school Schorus directed by Mr. Frederick. "Fiat Lux," a modern mystery drama

in one act by high school pupils under the direction of Mr. Kent.

Miss Jordan and Mrs. Hoffman are in charge of decorating. Mr. Kelley is in charge of advertising. Programs will be printed under the direction of

Mr. Law. Mr. Burt will supervise seating arrangements. Mr. Hoffman will be in charge of ushering, and Mr. Lash and Mr. Witham are in charge of staging.

The program is expected to last about one hour and twenty minutes. Following the program, Santa Claus

will arrive to treat all boys and girls up to and including the sixth grade. Santa Claus has been invited by the local Lions Club. The volunteer firemen will be on hand to assist with traffic.

Since this meeting will take the place of the regular meeting of the bert Whetstone. PTA, all parents and patrons of the school are urged to attend.

HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH A survey of the safety of shoe-fitting fluoroscopes made by the Industrial Hygiene Division of the Indiana State Board of Health in Indianapolis, Evansville and Hammond revealed only three out of thirty machines examined as satisfactory, according to Dr. Louis W. Spolyar, director of the division.

The danger from improperly operated and adjusted fluoroscopes lies in X-ray radiation damaging human tissues if not properly controlled. A normal person tolerates small doses of x-ray radiation but may suffer if the x-ray exposure is too strong or too frequent. Too strong an x-ray beam strength too long exposure, excessive scatter radiation and improper shielding were the hazards found by H. E. Bumsted

chemical engineer of the division, in the survey.

Requirements for the protection of both the customer and sales-people in the use of the shoe-fitting fluoroscopes adopted in July by the State Board of Health are being mailed to shoe stores using the fluoroscopes. One recommendation is that the machine shall be provided with a warning sign which states that repeated exposure to x-ray may be harmful, including the exposure of human feet in shoes, and that fluoroscopic examinations for shoe fitting shall be limited to five exposures in any one day and to not more than 12 exposures a year.

JOLLY JANES ENJOY

CHRISTMAS PARTY The annual Christmas carry-in dinner was held at the beautifully decorated home of Helen Mollenhour Monday evening.

In a very impressive candelight service, Iris Anderson installed the officers for 1951 as follows: President Clara Parker; Vice-President, Dorothy Nelson; Secretary, Lucille Teel; Treasurer, Phyllis Bowser.

The program chairman, Lucille Teel, introduced Rev. David Gosser who gave a very interesting chalk-talk in keeping with the birth of the Christchild. Christmas carols were sung at intervals by the group accompanied at the piano by Sally Gosser.

The new president announced the

various standing committees for 1951. Christmas gifts from secret pals were distributed with each member trying to guess her secret pal.

Three new members, Clare Kent, Betty Boggs and Donna Romine were welcomed into the club.

New secret pals were drawn for 1951. The January meeting will be held at the home of Mary E. Romine.

DU PONT SPRAY GLAZE IS AN ENTIRELY NEW PROCESS

 $\sqrt{}$ It's new! It's different! It's Du Pont Spray Glase—the most significant development in car care in years.

- $\sqrt{}$ Du Pont Spray Glaze is applied to your car by a new, faster method-with a spray gun under high pressure to penetrate every crevice and fill every pore in the finish. It gives your car a smoother, glossier coating than ordinary waxes or polishes.
- $\sqrt{}$ Du Pont Spray Glaze is not a paint nor a lacquer. It is a transparent material that brings out the beauty of your car finish and protects the paint with a hard, durable glaze.

The Spray Glaze process includes:

- 1. Washing the finish with Du Pont Car Wash.
- 2. Pre-cleaning with a special Du Pont Spray Glaze Cleaner.
- 3. Applying Spray Glaze.

Shines brighter — lasts longer — costs you no more.

MENTONE by DAVID and SALLY GOSSER

Last week the better half of the Murmurs left us in a snow bank that covered the western part of Pennsylvania and the most of Ohio and Indiana. Since Thanksgiving, in fact, we have had more days of snow than fair weather, but the next record-breaking fall will certainly be some snow, and until then we will be telling our grandchildren of the great snow of 1950.

Most of the folks of Mentone have seen pictures of Yosemite National Park in winter. The hills of Westmoreland county looked the very part of the western wonderland. Evergreen trees sagged under their weight of heavenly fluff, and one-story dwellings were mounds of snow with exhaust pipes stuck in like soda straws pushed through the top of vanilla floats.

Trench warfare was in progress by Sunday morning, November 26, when neighbors began shoveling out. Occasional snow balls were lobbed from trench to trench as men and women took turns clearing paths to coal bins, chicken houses, and other nondescript buildings that usually appear in communities where modern plumbing has not been one hundred percent approved. The mole hills along the side of streets and roads, and frequently in the middle of what were once traffic lanes, were abandoned cars. The latter, of course, proved no end of trouble to road crews who tardily appear to open at least a single lane of traffic on main thoroughfares.

No traffic was moving to the county seat just nine miles away on Monday. Bus service was nil, and in spite of the slogan of our mail service, there wasn't any. Milk and bread deliveries were forgotten, and the local telephone exchanges in western Pennsylvania were accepting only emergency calls. Like some commercial radio operators, the "hello girls" were snowed to their posts, some for over sixty hours, while others were not able to get to their stations for that length of time.

In Delmont, Murmurs had placed his little Henry in a garage on Friday evening, expecting to start for Indiana early the following morning. After a kind neighbor called on Saturday, he drove it outside, because the roof of the building began caving in from the weight of the snow. Only the timely shoveling prevented the building from colapsing. Later in the week an appliance store and tin shop did colapse. Many town folks were out shoveling snow from their roofs. Murmurs had his taste of that, along with shoveling the drive open several times, and the side street, when the snow plows pushed the walls of snow into the cleared areas.

By Tuesday it was possible to drive to Greensburg where Murmurs met

four gentlemen from Indiana who had MURMURS days to make the trip one way, naving morning. The nearest they could drive to the hunting camp was a mile. From their autos they had to tote their the thirty inches of snow. Murmurs will vouch for that, because he broke the trail for them and helped set the cabin in order. The little retreat is known as "Saints' Rest," a cabin just a few miles from Delmont, but Murmurs did not remain with the hunters. It was an idellic spot, however, once a person got there. This location is one of the farm sites mentioned by Agnes Sligh Turnbull in her book, "Rolling Years," and Murmurs has many recollections of happy times in the fastness of the silvian hills and

vales.

It took them three conditions, Murmurs made the most of their visit east and enjoyed the most left Tipton county early on Saturday pleasant stay with the home-folks to date, not starting back until the road bedding, food, arms, and selves through Murmurettes. Plain Talk About Shipping Eggs The New York Egg Receiver DOES A GOOD JOB FOR HIS EGG SHIPPERS. IS PROUD OF THE JOB HE DOES,

AND MOST IMPORTANT, IS ABLE TO DO A GOOD JOB!

Because he is located in a city which, with its suburbs, serves a population of over 16 million people, mostly egg-eaters and not egg-producers.

This population is as great as that of some entire countries.

So that New York is just about the greatest market in the United States for almost all farm products.

Wouldn't you say, then, that by shipping your eggs to a New York Receiver, you should get the HIGHEST POSSIBLE PRICES for your production?

Incidentally, the New York market again kept rising sharply every day last week, so that shippers whose eggs arrived later in the week benefited—and were not limited to any one day's market prices, as is the practice with some non-New York dealers. The Receivers listed in this ad stand ready to serve you and solicit your egg shipments.

Mentone will play the strong Syracuse team at the local gym on Friday of this week. The coach and players are planning an upset for Syracuse. A large crowd is expected. Argos defeated our boys at Argos last week by a score of 70-51. The second team boys lost their game in an overtime affair.

The Junior High boys defeated Beaver Dam on Monday evening by the one-sided score of 61-11. On Tuesday evening fifteen members of the basketball squad, with Mr. Burt, attended a basketball game at Manchester College as guests of the college. The boys reported an enjoyable evening.

Members of the art classes, under the direction of Miss Jordan, are decorating the high school for Christmas. Several of the grade teachers have their rooms decorated in an attractive manner.

PREDICTS EGGS AT

\$1 DOZEN NEXT FALL Western egg handlers and producers did not appear greatly disturbed this week by the government announcement that price support for eggs will be abandoned January 1. There was no immediate effect on the market.

Producers for some time have been selling well above the support price. Harold N. Barbour, past chairman of the poultry department of the San Bernardino County Farm Bureau, predicted eggs will be selling at \$1 a dozen retail by next fall.

Mr. Barbour said elimination of price support may cause a reduction in egg prices between now and next spring, but said this would result in a sharp curtailment of the spring pullet crop, causing a shortage of eggs in the fall. The Pacific coast poultry industry

TAKE YOUR HOLIDAY

"Don't let death take your holiday," warns Mrs. Paul Flinn, director of farm and home safety for the Indiana Farm Bureau. Because of the increased seasonal activities, December has become the most costly month in traffic accidents, she points out.

In 1949 there were 430 more lives lost in December traffic than in July, which had been the traditionally worst month. Because of shorter days, more driving is now done in darkness than at other seasons.

Rain, sleet, fog, snow and ice make fast driving not only unwise but almost suicidal, says Mrs. Flinn in suggested program material sent to local Farm Bureau groups. Christmas shopping takes more people outside their homes during this month. Thus more are potential victims. Fatigue from shopping often causes falls.

Then there is the Christmas tree, which has caused so many fires and taken so many lives. Mrs. Flinn suggests that a fresh tree be obtained and placed in a basin of water to prevent dryness. Light cords should be checked carefully to see that there are no broken insulations.

Further, she warns, never leave a lighted tree for very long. Sparked by a faulty light, a tree can burst into flames in a few seconds. For outdoor lights, she urges home owners to use

weather-proof wires and sockets. When you have finished with a tree, do not try to burn it in the furnace or firenlace

Because of the increased cooking due to more guests, many accidents occur in the kitchen. Here, too, extra precautions must be taken to keep the accident toll low. "Let's all keep the spirit of Christmas-alive," concludes the farm leader.

EVERFAITHFUL CLUB MEETS

The December meeting of the Everfaithful club was held at the home of Fawn Tucker Dec. 7.

The meeting was called to order by the president, Fro Tucker. Roll call was responded to by telling what each one wanted for Christmas. It was decided to have our Christmas party at the Beaver Dam school Dec. 16th at six o'clock.

Our Club Pal's name was revealed in the exchange of Christmas gifts. Our president was presented with a very nice outdoor thermometer.

Bunco was played with high score going to Margaret Butts; second, Rosellyn Nellans; low, Thel Hoffman; most buncos, Bernice Valentine, and travel prize to Georgia Nellans.

The state highway snowplow operator was willing and ready to clear our streets all the way up to the curb, but the automobiles were in the way and he couldn't do it. If this should happen again, the cooperation of the motorists and the assistance of the town marshals would give the state highway boys a chance to prove their desire to be of the best service.

Cookies For A Party

It's a tradition at the holidays, the ginger bread cooky, and this year the makers of Duff's Ginger Bread Mix help you serve those attractive cookies for all the children's parties you're planning. In your favorite grocery store, look for Duff's tear-off pads of these two cut-out patterns. Plump little Santas and gay Christmas trees are outlined on green and white paper with complete instructions. When you've made up your cooky dough from Duff's Ginger Bread Mix (directions are on the package,) place your cooky shapes on your dough and cut with a sharp knife. It's that simple! Outline Santa's beard and cap with the back of a knife (you can follow these from your diagram)—then after baking, let your cookies cool and decorate the outlines with snowy white frosting. You can touch up the trees with frosting too for added effect. As an extra note of gaiety, get the artist in your family to letter "Merry Christmas" on paper plates—use a few colorful decorations, and you've got i if the fixings for a perfect children's party.

HIGHWAY MAINTENANCE ARDUOUS

Indiana and neighboring states have been going through an ordeal with such an occasion arises. It would reice and snow that has been very trying. Michigan had less snow than Ohio which suffered worse, or Indiana. This State has between 10,500 and 11,000 miles of State maintained highways. M. A. Newlin, the Office Engineer, was When you consider that the entire at his desk in the State House Annex force available to battle with the elements was only about 1100 men, in- 2500 calls from anxious motorists, about cluding mechanics and maintenance men indoors, servicing equipment, or about one man for each eleven miles, the job they did was not just good, it was marvelous. Hundreds were called from their beds, and worked many extra hours. Perhaps as you sat by your comfortable fireside, or snuggled down in your warm bed you gave an appreciative thought to these good samaritans who are serving you, and receiving a much smaller wage than is being paid in industry. Some there may be who criticise, but none who understand the herculean task. No taxpayer would be happy about a maintenance department continuously manned with

a force sufficient to cope with such a

rare problem. Nor with an investment in sufficient equipment to stand idle most of the year to be on hand when quire the addition of some millions of dollars worth of stand-by equipment. In the recent storm season many worked not only nights, but Sundays. all day Sunday and handled about road conditions, between Sunday and Wednesday. Visitors from others states have been profuse in their appreciation of the effort of the Indiana State Highway Commission and its personnel have made to meet the unusual burden put upon the maintenance crews. Newspapers throughout the state as they always do have furnished motorists with detour and other information, frequently maintaining a special road information department.

SORORITY ENJOYS YULETIDE PARTY

Mrs. Grant Croy and Mrs. Homer Smith, patronesses of the Delta Theta Tau sorortiy, Warsaw, were guests at the annual Christmas party given recently at the home of Mrs. Charles Manwaring. A large Christmas tree and individual table decorations and favors made a lovely setting for the party which was attended by 52 members.

Following the roast turkey dinner, served by Oweeda Ferguson, a gift exchange was held. Canasta was enjoyed during the remainder of the evening. Mrs. Frank Saeman, chairman, Mrs. Manwaring, Mrs. Ted Bradway, Mrs. Cleon Marsh and Miss Lucy Minton, were in charge of arrangements.

early darkness are beyond the motor- turned on full to prevent possible ist's control. But he can and should clouding of the windows. Windshield keep driving visibility good when it is in his power, says the Chicago Motor Club.

Frosted windows are a major hazard to cold weather driving says the motor club. Motorists hurrying to work in the morning will wipe clean a small space in the windshield in front of them, leaving great blind areas to their right and left and to the rear. One minute's work with scraper or rag would clear the windows and restore the driver's sight.

'Rain, snow or ice on the windshield' is at the top in a list of seven causes of visual obstruction involved in fatal accidents. And these are year-round figures; the mention of obscured windshields in winter accidents grows way out of proportion to the others.

A rag should be kept in the car's glove compartment at all times, advises the motor club. A small scraper for the windows can be secured in almost any service station, hardware or

auto appliance store for a few cents. If the automobile has a defroster it Winter snow, sleet, icy roads and should be used whenever the heater is wipers should be checked for the effectiveness of their motors and blades: they must carry an extra load in sleet or in a wet snowfall.

If the defroster is off, the vent in the side window should be opened slightly. The circulating air will not only prevent clouding of the windows but will also protect against the presence of carbon monoxide fumes.

Wiping a few drops of glycerine on the inside of the windows will lay an effective fog-resistant film on the glass. There is another effective means of keeping ice from forming on the windshield. A wad of paper placed under the hood at the point where it joins the car body in front of the windshield will allow a stream of warm air from the engine to flow back upon the glass.

SPECIAL W. S. C. S.

CHRISTMAS MEETING All members and friends of the W. S. C. S. are urged to be present at the Christmas meeting which is to be held at the Methodist church, Thursday evening, Dec. 21, at 7:30 p.m. The W. S. C. S. of Atwood Methodist church will be our guests at this special Christmas meeting. They will bring with them and present to our society a birthday cake in honor of the tenth anniversary of the W. S. C. S. Each chairman is entitled to light a candle for the goal attained this year, when she is presented with the birthday cake. Our Mentone W. S. C. S. is very happy that we will be privileged to light every one of the candles on our cake and we hope that every member and friend of the W. S. C. S. will be present to rejoice with us.

There will be the regular devotional service under the direction of Mrs. David Gosser and the lesson will be given by Mrs. Jack VanGilder. As a special feature of the program, under the direction of Mrs. Dan Urschel and Rev. David Gosser, will be presented a playlet, entitled, "Calling All Christ-mases." The radio announcer will be Mrs. Harold Nelson. The Christmas Carol and the Choral Reading will be presented by the Girl's choir. The Little Dutch girl will be Janet Ann Tucker. Babauscka will be played by Mrs. Joe Boggs; the Mexican family by Mrs. Lamar Anderson, Joyce Anderson, Sue Fenstermaker, Larry Teel and Dick-Teel; the American family by the Gosser family; the three wise men by Charles Urschel, Dave Gosser and Dick Tombaugh. The Girl Observer will be Sue Ellen Long.

Following the playlet will be the Birthday Candle Lighting service.

The hostesses for the evening will be Mrs. Earl Anderson, Mrs. Frank Smith, Mrs. Richard Manwaring, Mrs. Elmer Sarber, Mrs. Eugene Sarber and Mrs. Devon Hibschman.

SIT-DOWN STRIKE ON

THE RESERVATION The Wolf Point, Montana draft board seems to be getting into the news these days with its refusal to draft any more of its young men into the armed forces until the powers in control start using some of the facilities it is supposed to have to save American fighting men's lives in Kores.

Your editor has known one member Mr and Mrs. Frank Thompson. of of this draft board personally for well ding anniversary Sunday at the home that he is a man that knows world history well enough to not be misled just because a delegation might happen to come over from England on a "social" call, or we send the navy down to Cuba to set the price of sugar, etc. He's fully aware of the fact that, like Spain, we spent enough money and had been assured we had the best fighting equipment available — until we made an about-face in Korea and found we didn't have much of anything but a bunch of boys with all the intestinal fortitude in the world.

Frankly, I'd hate to definitely state whether this draft board's request to use the atomic bomb, etc. is best or not, but I can assure Gov. Bonner. Gen. Hershey, President Truman or all by Rev. Aebersold. A shower gift of others concerned that there are plenty of both white and Indian citizens at Wolf Point to put up a big battle whether with guns or letters. SCHOOL BAND IS PRESENTED WITH FLAG ч.

A gift of a large silk American flag has been made by the Warsaw American Legion auxiliary unit to the Mentone school band. Mrs. Vernon Dimon, accompanied by Mrs. Ralph Fox, representing the unit, made the presentation as the Mentone high school pupils were assembled in the school auditorium Friday morning.

Walter Kent, principal, presented Charles Urschel, a member of the sophomore class, who acted as master of ceremonies.

Wendell Frederick, music instructor and director of the band, received the flag, which was presented by Mrs. Dimon. As David Gosser and Merrill Peterson, high school students, held the unfolded flag, all assembled stood and gave the pledge of allegiance. The boys then told what the Stars and Stripes stand for and also the proper way to care for a flag. They then demonstrated the correct way to fold a flag.

At the opening of the program, "America the Beautiful," was sung by H. V. Johns, who also led group singing. Mrs. Cullum was at the piano.

The scoring was well balanced in both games. This Friday at the local gym, the local teams play Atwood. This is a traditional battle

each year. It is hoped that a large crowd will attend. Orpha Kurtz, a seventh grade stu-

dent, had the misfortune to break a hone in her ankle while playing basketball in physical education class on Tuesday. Sheila Fitzgerald cut her

finger painfully on Tuesday noon. Both pupils were taken to Dr. Urschel's Several subjects will change at the

end of the first semester. Pupils in grades 7-12 will be studying literature rather than English. Occupations will replace health in the tenth grade. Bible will be taught in grade twelve. Citizenship will replace history in the eighth grade.

School will be dismised at 11:20 on Friday. School will reconvene on the morning of January 2nd. The pupils and teachers of the Mentone School

Christmas is too much trouble. On the other hand, Murmurs is aware that there are individuals who go all out to make Christmas merry for the folks of the community by the labor and toil on civic projects, by its size in Northern Indiana.

> arrayed community around, and comments floated about for some time after the holiday season, but a depression of public spiritedness has hampered the effort to produce results equal to those last year. It may be that circumstances, personal and financial, make some difference, but everybody has twenty-four hours a day, and some folks don't need all of them for sleep. Now Murmurs is aware that health is an important concern for everyone, but for the few weeks it takes to prepare for this holiday, most of us could concentrate on some phase of the work after dark to bring forth a brain child that would make our neighboring communities take notice.

Suggestions for next year's program's would include: life-size creche, full scale Santa and reindeer, community pageant and Carol Sing, and a greater effort on window decorations.

There is one thing more to be said, and that is: the real spirit of Christmas does not need to be neglected by

SOCIAL SECURITY NOTICE

Gerald Kelver, manager of the Elkhart social security office, will be at

the Herschner Realty Office in the

Arcade Building at Warsaw, Indiana each Wednesday from 1:00 p. m. to 3:00 p. m. He will take claims of retired workers, dependents and survivors;

issue security cards; and distribute informational leaflets explaining phases of the amended Social Security Act.

Wednesday, December 20, 1950

Mr. Kelver calls attention to the provision in the amended act permitting greater earnings to retired insured workers. Under the new social security law, a retired worker may have cash wages in social security covered work up to \$50 a month and still accept his benefit payment check for that month. Heretofore, he was restricted to \$14.99 a month cash wages from such work. Mr. Kelver says that if wages are over \$50, the retired worker should report this fact to the Social Security Administration and not accept his benefit payment for that month. If the beneficiary is over 75 there are no restrictions on the amount of his earnings in any kind of employment.

DU PONT SPRAY GLAZE IS AN ENTIRELY NEW PROCESS

- √ It's new! It's different! It's Du Pont Spray Glaze-the most significant development in car care in years.
- $\sqrt{}$ Du Pont Spray Glaze is applied to your car by a new, faster method—with a spray gun under high pressure to penetrate every crevice and fill every pore in the finish. It gives your car a smoother, glossier coating than ordinary waxes or polishes.
- $\sqrt{}$ Du Pont Spray Glaze is not a paint nor a lacquer. It is a transparent material that brings out the beauty of your car finish and protects the paint with a hard, durable glaze.

The Spray Glaze process includes:

- 1. Washing the finish with Du Pont Car Wash.
- 2. Pre-cleaning with a special Du Pont Spray Glaze Cleaner.
- 3. Applying Spray Glaze.

MOTHERS OF WORLD WAR II

Mrs. Lavera Horn was the hostess at the annual Christmas party of the Mothers of World War II unit 106 held Wednesday evening, December 13th. The house was beautifully decorated in keeping with the Christmas holiday. The meeting was preceded by a cooperative supper which was served at seven o'clock.

After reading the preamble to the War Mothers constitution in unison, pledging allegiance to the flag and singing one verse of America, prayer was offered by Mrs. Davis, acting chaplin in the absence of Mrs. Meredith. The meeting was declared opened for

business by the president, Mrs. Paulus. Roll call found 21 members and several guests present. Secretary's report was accepted, the treasurer reported a balance of \$111.30, under communications a letter was read asking for \$10 to be sent to the General State Funds, Following this a card of appreciation from Mr. and Mrs. Ora Tucker and Calvin Wagner and a letter from Robert Nelson were read.

Several bills were allowed. Mildred Flenar assumed the War Mothers' obligation which was read by Mrs. Paulus and cash donations were presented the club by Cora Bowen and Einyra Fisher. Birthday money was given by Barah Elisworth, Maude Romine, LaVera Horn and Fawn Janke. It was decided to send \$5 each to Cold Spring Road hospital, Fort Wayne Veterans hospital Indianapolis Veterans hospital and Health-win hospital at South Bend.

A report of the year was given and the unit has helped to the extent for rehabilitation, \$194.18; supplies sent to hospitals, \$38.40; for community service, cash donations amounting to \$79.50 for different projects also have 6 wheel chairs which are all in use, 2 beds, both in use, 1 pair of crutches, and one set of side rails for bed. For Americanism we have given Bibles to two high school students, took part in the Memorial Day service, gifts of six flags. We had a talk by World War Mother on the need of universal military training.

The meeting was closed with the War Mothers Creed, singing "God Bless America" and prayer by the chaplin. ⁵ Mrs. Paulus read a poem in closing, also.

The social hour was spent by group singing of Christmas carols. A plano duet by Mildred Fawley and Marie Coleman was enjoyed. Myrtle Davis won the door prize, and the auction apron was bought by Maude Romine. The Christmas exchange was then presented and each received a lovely gift.

DON EMMONS DIES SUDDENLY The Mentone community was again shocked and saddened by the unex-

pected death of one of its highly respected citizens, Don Emmons. Don had been suffering with a blood clot in his leg and was taken to the Murphy Medical Center about two weeks ago. To all appearances and knowledge, he was doing all right. Death came quickly at ten o'clock on

Wednesday morning. Donald L. Emmons was born on July 2, 1910 to John and Phoebe Grubbs Emmons at Mentone. He had resided here his entire life.

On June 20, 1931 he was united in marriage to Stella Wehrly.

He is survived by the widow, a son Junior, a daughter Bonnie Jean, at home; his parents, and two brothers, Chauncey and Richard, of Warsaw.

Don had been employed by the Bendix Corporation of South Bend. He was a member of the Methodist church and the Lions club, at Mentone.

Funeral services will be held at the Methodist church Friday afternoon at two p. m. Rev. David Gosser will be in charge. Burial will be in the Mentone cemetery.

Friends may call at the Johns funeral home after one o'clock Thursday.

JACK KRUTSCH BURIED TUESDAY

Jack Krutsch, aged 84, died at his home at Tippecanoe at 11:15 a. m. Saturday, after an illness of three years due to heart trouble.

The deceased was born in Ohio on Sept. 3, 1866 to Henry and Laurette (Louden) Krutsch, and has resided in the Tippecanoe area since 1910. He was a retired farmer and was a charter member of the Tippecanoe Methodist church. He was married to Alice Kochel, who died in 1931. June 2, 1932 he was married to Rosabell Kochel, who survives. Other relatives include a brother, Charles Krutsch, in Birmingham, Alabama, and several nieces and nephews.

Funeral services were held at the Tippecanoe Methodist church Tuesday afternoon at two o'clock, with Rev. John McGee, pastor, of Bourbon, officiating. Johns funeral home, of Men- at the Murphy Medical Center Wedtone, had charge of the arrangements. nesday.

Word from Mr. and Mrs. Frank Francis says that Mr. and Mrs. Earl Carbiener are enjoying the fishing at the camp there.

CHRISTMAS DISPLAY WINNERS CHOSEN

Winners were chosen in the annual Christmas decorating contest which was sponsored again by the Mentone Merchants' Association. Raymond Cooper, who was chairman of the contest committee, wishes to thank the judges, Mr. W. Kent and Mr. W. Frederick, for their time and interest in judging the various entries.

Much time was spent and a great deal of originality was shown in both the home and business Christmas displays. Enough cannot be said in favor of these displays. First, these displays do much to aid the community spirit, and second, they mark our community as outstanding in the eyes of travelers and neighboring communities.

Such displays do take time and effort, but the appreciation and joy in the face of one child is compensation for all the effort and time spent.

Winners in the home decorating are: Raymond Bare home, first.

Rev. Gosser home, second.

Fred Klingenhagen home, third. In the business displays winners were

The Country Print Shop, first. Bernice Beauty Shop, second.

Utter's Standard Service and Mentone Lumber Company tied for third place.

In each division awards of \$15, \$10 and \$5 went to the winners.

A five pound nine ounce son was born to Pvt. and Mrs. Larry Flenar

P. T. A. The December meeting of the P. T. A. fell on the same evening as the Christmas program of the school and the Lions party for the children of the community.

Before the beginning of the program Mrs. Creighton, president made a few remarks in regard to the P. T. A. and introduced the chairmen of some of the committees.

Earl Smalley membership chairman made a plea for more parents to join our P. T. A. For a more effective school system we must have close co-operation

The next meeting will be held in the school building on Wednesday evening January 24.

At this meeting we hope to have the question box but we must have the questions.

Please send your questions before that night. Just send them to school with your children to be handed to Mr. Kent.

Plain Talk About Shipping Eggs THE NEW YORK EGG RECEIVER again has a few facts to point out to THE INDIANA EGG PRODUCER

How often do you compare New York quotations with those of other cities?

It would pay you to do so. If, last week, you had checked the prices in Chicago, for instance, you would have seen that New York was an average of 14[¢] per dozen higher for practically the entire week!

Of course, the difference is not always so great, but it is a fact that New York averages the best results for egg producers all year 'round.

afternoon.

It's new! It's different! It's Du Pont Spray Glaze-the most significant development in car care in years.

- $\sqrt{}$ Du Pont Spray Glaze is applied to your car by a new, faster method-with a spray gun under high pressure to penetrate every crevice and fill every pore in the finish. It gives your car a smoother, glossier coating than ordinary waxes or polishes.
- Du Pont Spray Glaze is not a paint nor a lacquer. It is a transparent material that brings out the beauty of your car finish and protects the paint with a hard, durable glaze. .

The Spray Glaze process includes:

- 1. Washing the finish with Du Pont Car Wash.
- 2. Pre-cleaning with a special Du Pont Spray Glaze Cleaner.
- 3. Applying Spray Glaze.

Shines brighter — lasts longer — costs you no more.

On Thursday evening, December 21, the Woman's Society of Christian Service held their monthly meeting at the Methodist Church.

Mrs. Walter Lackey, President, opened the meeting with a welcome to several members of the Atwood society. These guests brought a birthday cake in celebration of the tenth anniversary of this world-wide organization.

After singing, "Silent Night" the group was led in a devotional period by Mrs. Sally Gosser and Mrs. Jack Van Gilder briefly reviewed the lesson on "Spiritual Resources for Health".

"Joy to the World" was sung while the stage, which represented a television studio, was set up.

"Calling all Christmases" was written by Mrs. Lackey and with the Junior Mr. Art Cullum, Choir furnishing the musical selections and choral readings, Mrs. Dan Urschel the organ music and Mrs. Harold Nelson at the microphone, we viewed scenes of Christmas celebrations in other lands.

First Gretchen, a little Dutch girl, carried the Star of Bethlehem and represented "Christmas in Holland". This part was played by Janet Ann Tucker. Mrs. Joe Boggs then portrayed "Babouscka" a woman of Russia. The celebration of Posadas, which is acted spect and friendship. out by all Mexican families, was presented by Mrs. Lamar Anderson, Jo

Anderson , Sue Fenstermaker, Larry and Richard Teel. The scene representing the night before Christmas in America was played by the entire Gosser family. At the end of the broad-cast, the mystery of "The Light" and its meaning was explained by a little girl from the audience, Suellen Long.

Charles Urschel, David Gosser, Jr., and Dickie Tombaugh assisted Mrs. Urschel, who as program chairman, had directed and planned for the presentation of this impressive performance.

Refreshments were served by the hostesses: Mrs. Iris Anderson, Mrs. Geraldine Smith, Mrs. Richard Manwaring, Mrs. Earl Sarber, Mrs. Belva Hibschman and Mrs. Eugene Sarber.

> A WORD OF THANKS Mentone, Indiana December 27, 1950

Dear Art:

On this the anniversary of my 82nd. birthday, I beg space in your paper to express to my many friends my deepest gratitude and heartfelt thanks for all the kindness shown to me during my recent serious illness.

Life for me could never be long enough for me to repay in any manner these kindly deeds except, that I may so live that I shall merit your re-Sincerely.

White Cashmere

White cashmere is scarcest and most in demand. Gray and brownish gray are other natural shades. Each goat yields two to four ounces, little compared to the 12-pound fleece of some sheep. A cashmere sweater may represent the wool of six or more goats, while the yield of some 30 might be required in an overcoat.

general's message was read by Mrs. Miles Manwaring.

The regent reported that a large box of clothing had been packed and sent to one of the D. A. R. sponsored mountain schools.

Mrs. Porter Williamson, chairman of the good citizenship committee, reported all seven high schools in our district had selected their good citizenship girls for this year. Each year one girl is selected from the senior class by the members of the class and the teachers.

The following girls were selected: Carol Parks, Atwood; Lily Norris, Beaver Dam; Carolyn Bowen, Burket; Marilyn Frantz, Claypool; Madeline Holt, Mentone; Patsy Frantz, Sidney, and Bessie Carpenter, Silver Lake.

Later one girl will be selected from the county by questionnaires which have been filled out and graded by competent parties. This girl will be eligible to enter the state contest.

Mrs. McGinnis, of Warsaw, formerly a native of Yugoslavia, was introduced and gave a very interesting and informative talk on her native country She answered many questions about the churches, and schools, and also the observance of Christmas.

She emphasized that she is indeed glad to be in good old U. S. A. At the close of the meeting, Christ

mas records were played and the gifts from under the beautifully decorated tree were passed. The gift a member was holding when the music was stopped was hers to keep.

The house was decorated through out in keeping with Christmas. A beautiful ginger bread house with its surroundings in harmony, was in

place on the radio. Dainty refreshments in Christmes colors were served by Mrs. Williams and Mrs. Ray Rush, assisting host to seventeen members and two guests Mrs. McGinnis and Mrs. Ernest Williamson.

The January meeting will be held at the home of Mrs. Max Smith.
