ALONZO SMITH, 62. BURIED HERE SATURDAY

Alonzo Smith, 62, life-long county resident, was found dead in a woodlot on the Noah Eaton farm one and one-half miles north of here late Thursday afternoon by his nephew, Harold Eaton. His death, believed to have occurred about four p. m., was attributed to a heart ailment. He had been ill for five months.

Mr. Smith was born near Burket and later resided on a farm on the west side of Goose lake for many years. He was a farmer and was not married. He had lived on the farm of his brother-in-law, Noah Eaton, where he was employed for some time.

Surviving are two sisters, a Mrs. Sherman, west of here, and Mrs. Liza Bowen, Burket. Another sister, Mrs. Noah Eaton, preceded him in death a year ago.

Funeral services were held at the home Saturday afternoon at 1 o'clock with burial in the Palestine cemetery.

V. B. C. NOTICE

Have you made your contribution of books for the boys in camp? Books for the Victory Book Campaign will be sent some time in February. You surely have something that you can give for their entertainment or study.

NEW CASTLE LADIES MEET

The S. & E. ladies of the New Castle Township Farm Bureau met at the country home of Mrs. Sam Leich, Thursday, January 29. After community singing, scripture reading and prayer, Mr. Hilstead, head of the National Defense work for Fulton county, was introduced and gave a very interesting talk. Mrs. Werner, county leader, outlined the program for 1942. Mrs. Newcomb gave a short talk and a piano solo was given by Mrs. Paul Nichols. A fifteen-minute mock radio broadcast, under the direction of Mrs. Dee Berier, was enjoyed. Delicious refreshments were served to the 41 present.

Cooperative Pays \$37,397.54 to Stock- holders as Patronage Dividends

Over 2,200 Patrons Reap Benefits of CO-OP AND SCHOOLS TO CHANGE TIME MONDAY
Cooperative Buying.

One hundred fifteen stockholders were present at the annual meeting of the stockholders of the Northern Indiana Cooperative Association held at the Harrison Township High School Monday afternoon. Fifty-five additional stockholders were represented by proxy. In addition there were a number of patrons and other interested individuals. Hobart Creighton, president of the board of directors, presided.

Mr. Creighton spoke briefly regarding the local cooperative, and how in a brief span of eleven years its net worth had increased from almost nothing to \$126,309.38 as shown by the financial statement submitted by Raymond Bare, treasurer of the organization. Under the careful management of Oliver Teel the total sales and net profits were increased considerably during 1941.

Patronage dividends were figured from 1941 purchases at the following percentages: 6.7% on feed supplies, 3.7% on building material, coal and farm machinery, 3.8% on gasoline, oil and miscellaneous, 2.7% on commercial gasoline and oil, 8% interest was paid on all common stock.

The terms of Ora Beeson, M. Roy Rush and Hobart Creighton, as members of the board of directors, had expired and when nominations were opened for candidates to fill their places it was moved by Frank Karls to reelect the three. Stockholders present approved the motion and all were re-elected by acclamation.

After the meeting had adjourned the directors met and organized. Mr. Creighton was reelected president of the board, Dr. Emra Anderson was named vice president and Forrest Kesler was reelected secretary.

Mr. and Mrs. Roscoe Hawk, of near Rochester, called on Mr. and Mrs. J. D. Long Tuesday forenoon and also attended to business matters at Mentone.

The schools of Mentone, in conformity with other schools in the county, will open at nine o'clock in the morning, starting Monday, Feb. 9th, when War Time takes effect. The decision was reached by educators of the county who met at Warsaw the fore part of this week. The change in the "tardy hour" was decided upon because if they continued on the old schedules school buses would be on the highways before daylight bringing added hazards to the school children.

Co-Op Schedules Change

The various units of the Northern Indiana Cooperative Association at Mentone will change their time schedule to conform with the desires of their customers. It is assumed that until daylight starts arriving earlier in the day, from 7:30 in the morning until 5:30 in the evening will be the most convenient hours for everyone.

**FARMERS ADVISED TO
PROVIDE FARM STORAGE**

Harry N. Schooler, director of the North Central Division of the U. S. Department of Agriculture, under date of January 26th, advises all farmers to provide storage space on their farms for much of their 1942 crops. Mr. Schooler stated that terminal storage facilities were filled to capacity now and that the railroad equipment was all needed for the transportation of supplies for the armed forces and could not be used for temporary storage as in recent years. He further stated that the government preferred the farm storage in the present emergency as it would make it more difficult for enemy agents to destroy any large quantities of food stuffs. If the grain were stored in large terminals several thousands of bushels could be destroyed by fire or explosion, but if it is distributed on several hundred farms this would not be possible.

BIG FIRE HERE 40 YEARS AGO

Some of the old time residents of Mentone mentioned Monday that a serious fire took place in Mentone 40 years ago. In checking old files of the Tri-County Gazette we found that the fire occurred on Sunday, Feb. 2, 1902 and there were many interesting details in the paper. If possible, we hope to find room in the Co-Op. News for more complete details in our next issue.

**ANOTHER MILD
DIPHTHERIA CASE**

The Artley Cullum home was placed under quarantine Tuesday as a daughter, Joan Lynn, is ill with a mild attack of diphtheria.

(Incidentally, the editor is sleeping out, now, and if any farmer finds where someone slept in his hay mow, it might have been just a "tramp printer.")

"WAR TIME" TO START MONDAY

Monday morning, Feb. 9, as Amos 'n Andy would say, we'll be an hour behind before we know it. It's all an account of the war. Every clock in the nation will be turned ahead one hour Monday morning and they are to remain one hour fast until the war is over.

The change in time, they say, will conserve electrical energy by utilizing more daylight in the factories.

**MENTONE TEACHER
CALLED FOR ARMY DUTY**

Carl William Gochenour, Mentone teacher, is one of the Kosciusko county young men who are to leave for service in the armed forces of the nation February 14th.

Mervin Deverl Jones and Russell Laurence Borton, both of Mentone, have been given 1A ratings by the selective service board and are liable for military duty.

The Misses Helen Sloan and Margaret Ide of Warsaw, spent Tuesday evening in Mentone at the Irvin Snyder home visiting and extending birthday compliments to Mr. Snyder.

on "How The Weather Is Made." "Red" has had three years experience in the weather forecasting bureau at Springfield and Chicago.

Headline—"Death Comes to Mrs. Phoebe Blue."

Three high school girls won prizes at the Farmers Institute. Lucille Jefferies, Pauline McFarland and Helen Nellans were awarded prizes for cooking and sewing.

Friday evening a number of neighbors and friends who chanced to arrive in January, met at the beautiful country home of Mr. and Mrs. Ora Tucker. A delicious oyster supper was the beginning of a delightful evening. Just imagine a birthday cake large enough to hold all the candles required to represent all the years of the birthdays being celebrated. Mrs. Nora Tucker alone holds the secret of baking such a cake. Following this were games, music and a social good time. Mr. Tucker brot about the climax of the evening with a large freezer of ice cream as a surprise to all.

Those whose birthdays came at this time were:

Mrs. Ora Tucker.
Mrs. Mars Tucker.
Mrs. Gus Mollenhour.
Mrs. Sadie Black.
Mrs. Charles Tucker.
Mrs. Floyd Tucker.

Floyd Tucker.
Lillie Tucker.
Max Nellans.

JANUARY 30, 1902

The Mentone telephone system will soon be in operation.

Thirteen friends and neighbors of John Romine, of east of town, met last Monday and cut and hauled 9 cords of wood for him. Mr. Romine has been afflicted with rheumatism for some time.

The Indianan says: "The largest string of buggies that ever passed through Warsaw at one time was hauled through yesterday. An inquiry as to where they were going and from whence they came, developed the fact that they were a lot of fine buggies, 25 in number, which had been sold by Joseph O'Connell of Columbia City, to parties in Mentone, and they were bringing them through by wagon road.

CLEANING TO SAVE

Lafayette, Ind., Jan. 31.—Since careful and proper cleaning can mean much in terms of longer life for home furnishings, Miss Inez E. Kent of the Purdue University home economics extension department has several suggestions which are expected to be of interest to thrifty homemakers. They follow:

For windows and mirrors, the first thing to remember is, never use soap. It makes windows streaked, cloudy, and hard to polish. Four tablespoons of diluted ammonia added to a gallon of clear, warm water will remove oily film caused by a smoke-laden atmosphere. Be careful not to spill the ammonia solution on any painted varnish or lacquered surface;

if some does spill, wipe it up at once with clear water.

A chamois is better for drying and polishing the windows than a cloth which will leave lint. Chamois can be used for washing windows, too, but will have to be thoroughly rinsed before using to polish the glass if the windows are very dirty.

Nearly every homemaker has found a good way to wash painted walls and wood trim. These should be washed from the bottom up to avoid streaking. It is easier to use a soft sponge than cloths since sponges are more absorbent.

To make painted walls easier to wash, the next time they become soiled, try covering them with a thin coat of ordinary cooked laundry starch solution applied with a paint brush after the walls are cleaned or newly painted. For the next washing, use clear water. The dirt and starch come off together, leaving the paint clean. Repeat the starch treatment after each washing. This will help the paint job last longer.

Linoleum-covered kitchen floors need the traffic lanes waxed often,

NOTICE TO BARBER PATRONS

In conformity with the regulations set up by the State Barber Board, all barbers in the state must abide by the hour and price arrangements or lose their licenses to operate in the state. This ruling is mandatory, hence our minimum prices for adult haircuts will be 50c, shaves 25c. (Children haircuts, up to 12 years, remains at 40c.)

Open hours will be 8:00 a. m. to 6:00 p. m. each day except Saturday when we will remain open until 9:00 p. m.

How much HEAT are you getting??

It's the AMOUNT of heating element you get in a ton of coal that governs its value—not its weight alone. In Great Heart you get more than in ordinary coals. It gives you intense heating power for the coldest days—plus lasting power that can hold a mild-weather fire with drafts closed, up to two days at a time. Its low ash is a labor-saver too, for you get less than a bushel per ton. In fact, you can't buy a better bituminous coal and it's guaranteed to please!

LESS THAN A BUSHEL
OF ASH TO A TON!

The week end saw two more victories added to the Bulldog's impressive record as they became the only county team to show a perfect season over out-of-county teams.

On Friday night the squad traveled to Tippecanoe to take an easy win 39 to 23. Twelve men were in the Mentone lineup and seven of them helped gather the points. Tucker again took high point honors with twelve points while Cowen was high for the home team with seven.

The Pups walked all over the small Tippecanoe second team 27 to 4. All four of the home team's points came on free throws. Miner was high with eight points out of the thirteen Mentone players who took part.

First team score by quarters:
Mentone 10 21 29 39
Tippecanoe 4 9 20 23

The Bremen team came to town Saturday night to repay a visit of the Bulldogs last year in which the Mentone boys scored four points in the last half minute of play to beat the Lions one point. The Bremen squad, however, could not pull themselves out of the slump they have been in since their county tourney

and thus dropped their fourth straight game to the Bulldogs by a score of 19 to 15. The home boys also played ragged ball and were only able to outscore the visitors in the first quarter when they held them scoreless while rolling up five points. Tucker and Hand, rival centers, tied for honors with ten points each.

North Webster will be in town next Friday concerning a little matter of a double over-time in the last county tourney. If the coming tilt is anything like the one just mentioned no one with a strong heart wants to miss it.

RECORD ATTENDANCE FOR
YOUTH CAMPS THIS YEAR

Despite war conditions, tire rationing, etc. a record number of boys and girls will enjoy outings at the Indiana state park groups camps during the summer months, Hugh A. Barnhart, director of the Department of Conservation, reports.

Advance reservations, some of which have been on file since last summer, are heavier than ever before at this time of the year with the result that the three group camp units at McCormick's Creek State Park are "sold out" for the entire summer and other camp units at Shakamak, Dunes and Pokagon are nearing capacity.

Mr. and Mrs. Isaac Horn, Mr. and Mrs. Jim Beeson and Mr. and Mrs. Scott Horn and sons were Sunday guests of Mr. and Mrs. Elmer Sarber and family.

Mr. and Mrs. Gerald Leffert, of Argos, are the parents of a son, born at the Woodlawn hospital on Jan. 28.

LIGHTNING FERTILIZES SOIL: CHARGES EARTH'S BATTERY

Pittsburgh, Pa., Jan. 31.—Lightning, long-time foe of man, was revealed today to be a friend, helping to produce food for fertilizing the soil, and also keeping the earth's "battery" charged.

Two billion lightning strokes—approximately seven for every square mile of earth—perform useful work during the 16 million electrical storms that occur each year, it was reported in the February issue of the Westinghouse Engineer, a quarterly engineering journal published by the Westinghouse Electric and Manufacturing company.

Two benefits result from lightning attack, the magazine said:

(1) The action of the thunderbolts in streaking through the atmosphere with the speed of 60 million miles per hour releases nitrogen from the air. In the form of nitric acid, the nitrogen falls in rain drops and enriches the soil. Through this process, lightning annually produces nearly 100 million tons of nitric acid—more of this soil builder than is manufactured by all the world's fertilizer plants.

(2) Lightning restores the electricity that constantly seeps from the earth to clouds and thus keeps the earth charged. Negative electricity continuously leaks into the skies from the earth at the rate of 1,000 amperes. The power represented in this leakage is about 300,000 kilowatts—enough to drive 200 submarines.

Lightning Is Precipitation, Like Rain
"Lightning is much like rain, a sudden, tangible precipitation of something that has been accumulating slowly and invisibly," the article said, continuing:

"In the spectacular show that lightning stages, the stroke itself, the thunder it creates and the damage it causes are the visible actors. But they are only three-fourths of the cast. The other unobserved principal

is the constant flow of electricity from the earth to clouds.

"To offset this loss of electricity, the earth's surface must be struck by lightning at the average rate of 50 times a second, or about two billion times a year."

Indicating the magnitude of lightning's job as a battery re-charger for the earth, the Westinghouse engineer said the average stroke carries an electrical wallop of 30 coulombs, representing about one billion kilowatts—more than the combined output of all the power houses in the world.

Lightning Charges Earth's Battery

Westinghouse lightning engineers explained that the earth constantly loses and regains its electrical charge because of ionization in the air. Particles in the air which become electrically charged or ionized conduct electricity from the earth to clouds. It is this same ionization process which enables lightning to bring lost electricity from the earth to clouds, said, adding:

"Ionization in the air is produced by X-rays emanating from radioactive minerals in the earth's crust, by radioactive gases in the atmosphere and by cosmic rays from the outer universe."

NUGGETS FOR BEREANS

By OSCAR M. BAKER

The Word of God is feared by the ungodly and neglected by the believer because it is "quick and powerful, and sharper than any two-edged sword . . . and is a discerner of the thoughts and intents of the heart." The carnal man is not willing to

have these things revealed of himself.

Following are some plain truths set forth from the Word.

"As by one man sin entered into the world, and death by sin; so death passed upon all men, for that all have sinned." Rom. 5:12.

"All unrighteousness is sin." I John 5:17.

"All have sinned and come short of the glory of God." Rom. 3:23.

"There is none righteous, no, not one." Rom. 3:10.

"The way of transgressors is hard." Prov. 13:15.

"He that believeth not the Son shall not see life; but the wrath of God abideth on him." John 3:36.

"He that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God." John 3:18.

"Be sure your sin will find you out." Numb. 32:23.

"He that heareth My word and believeth on Him that sent Me shall not come into judgment." John 5:24.

"For by grace are ye saved thru faith, and that not of ourselves; it is the gift of God: not of works, lest any man should boast." Eph. 2:8,9.

"If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead thou shalt be saved." Rom. 10:9.

"Behold, now is the accepted time; behold, now is the day of salvation." 2 Cor. 6:2.

Fanner Bees

Fanner bees are worker bees which ventilate the hives by vibrating their wings, which beat at the rate of 11,400 strokes a minute.

Invisible but Invincible

An airplane soars through the sky with apparently nothing supporting it; birds glide silently overhead; the golden curls of a little child wave gently, but one cannot see what is causing or creating the disturbance. With Creation came the means of supporting an airplane or bird in flight, or the gentle breezes that waft the rain and snow about. How or why we really cannot say, yet, although it cannot be seen, we know it is there in mighty force.

The things we do each day may seem trivial or unimportant, but if we continue each day they gather momentum as does the wind when it is disturbed by heat or cold. Each of us are individually responsible for the creation of good or bad conditions for ourselves. If we would better ourselves, we must do those things which will bring about better conditions.

Today, we are made to realize more and more that patriotism, in every form applicable, is important. It is important for the protection of our Nation, our home and our way of life. Our community plays the most important part. If we protect it, we protect ourselves and the Nation.

Trading with your Home Town Merchant, participating in the activities of the community whether it be business or social, is one of the necessary applications of patriotism. It will benefit us all whether we be businessmen, laborers, farmers or whatever our occupation may be.

WORK AND BUILD TODAY THAT TOMORROW MIGHT BE MORE ABUNDANT

(All business and professional people are invited to participate in this invitation)

DO NOT SHIRK.

When talking to your friend or some Red Cross worker do not ask what they are working on but come and find out. Do not say that you thought you would get to come and help this Tuesday but you were too tired or had too much to do. Forget about that one afternoon each week and say I am going. You will not be the only one there who is tired or who has left work at home undone.

AND YOU WEREN'T THERE.

Several names were called for valuable awards at Clark's store at nine o'clock Saturday evening, but even though there were quite a number present, none were fortunate enough to have their names called.

The names called were: Delmar White, Addison Bybee, Ed. Tucker, Howard Phoebus, Cloyce Baum, Otis Darr, Mrs. J. Elkins, Mrs. Trella Holderman, Rea Ward, Everett Rathfon, Ivan Warren and Ola Goodman.

Each week the award isn't claimed it is added to the list of those already unclaimed. The time: nine o'clock each Saturday evening at Clark's.

Mr. and Mrs. Harland Railback had as Sunday dinner guests, their two daughters and families, Mr. and Mrs. Charles Scott of Ligonier and Mr. and Mrs. Dwight Snyder and daughter Sue of Kalamazoo, Mich. They reported some three or four inches more snow in Michigan than here.

News of Mentone and Vicinity

Mr. and Mrs. Geo. Utter and son called at the Wm. Cook home a week ago Sunday.

Mrs. Leo Lauer, of Fort Wayne, was a guest in the VanGilder home several days last week.

Maurice Dudley was elected treasurer of the Shrine organization at Warsaw at a meeting held at the Hotel Hayes last week.

A marriage license was issued last week at Rochester to Pete Goble, of near Atwood and Helen Hoffer, of near Mentone.

Lt. Leroy Norris, who has been stationed at Ft. Robinson, Nebraska for the past eight months, has been transferred to Ft. Warren, Wyoming and he and his family are now living at Cheyenne, Wyoming, address Box 724.

The fire department was called about midnight Tuesday to extinguish a blaze in a car belonging to Kenneth Holderman.

Mrs. Ernie Manwaring, who has been visiting in Denver, Colorado for some time, returned home last Thursday.

Jack VanGilder attended the regular monthly meeting of Kosciusko county druggists at Warsaw Monday evening.

George Lyon's friends will be glad to learn that he is gradually improving in health and hopes to be fully restored to health soon.

A son, Terry Kay, was born to Mr. and Mrs. Rex Parker, of Silver Lake, at Rochester Sunday. The mother was the former Geraldine Tucker.

Mr. and Mrs. William J. Blue are the parents of a son, Byron Floyd, born Dec. 30 at South Bend. Mrs. Emma Cook and Mrs. Geo. Heckeman are grandmothers.

Miss Anne Sierk was a week end guest in her home west of Milford. Her brother, Rudolph, was called back to Camp Shelby and left Saturday for that place.

Mrs. Cora VanGilder and son, Jack, who visited Dr. and Mrs. D. J. VanGilder in Carlisle, Pa., recently, report them well and happy. The trip included visits to many places of historical interest.

Mr. and Mrs. E. E. Wagner and family had as Sunday dinner guests Mr. and Mrs. Harry Jacks and daughters from Michigan City and Mr. and Mrs. Ivo Wagner of Mentone and Annabelle Grubbs and daughter Bonnie.

Rev. and Mrs. W. J. Schroer and son Bobbie, Mrs. Alma Shobe, Mrs. Wyle Bonine, Mrs. Effie Perschbacher of Rochester, and Mrs. Gelia Fisher of this city were six o'clock dinner guests of Mr. and Mrs. Delbert Leavell Wednesday evening.

Forrest Kesler and Oliver Teel, of Mentone and Joe Clark, county agent of Warsaw, were in Fort Wayne on Jan. 28 where they presented a fifteen-minute program over radio station WOWO. The program, presented on the Farm and Home Hour, dealt with the poultry outlook.

MRS. NELLIE LATIMER DIES EARLY MONDAY MORNING

Mrs. Nellie Latimer, wife of Lyndes Latimer, passed away at their home 2½ miles southeast of Mentone at eight o'clock Monday morning. Death was attributed to paralysis.

Mrs. Latimer was canning and caring for some meat a short while ago and when a son returned to the house the mother was found slumped in a chair. She had remained in a serious condition and early last week no hopes were held for her recovery.

The deceased was born to Wm. and Emma Nichols Lyons Feb. 8, 1883 and had spent her entire life in this community. She was married to Mr. Latimer April 19, 1902 and they were the parents of three sons. She was a member of the Eastern Star at Mentone.

Surviving are the husband, two sons, Wilbur of near Mentone and Orion of Danville, Ill.; two brothers, George Lyon of Mentone and Fred Lyon of Kansas City, Mo. There are also four grandchildren. One son preceded his mother in death.

Funeral services will be held at the Johns funeral home Wednesday afternoon at three o'clock with Rev. C. C. Collins officiating. Interment will be in the Mentone cemetery.

RED CROSS WORKERS TO MEET SECOND, FOURTH TUESDAYS

Due to the difficulty in receiving material your local Red Cross will meet every two weeks. These meeting days will be the second and fourth Tuesday of each month. We have material enough to last several weeks. Come help us finish these garments and by that time we expect to be able to get more material from the Red Cross headquarters and be back on our old schedule.

GOLDEN WEDDING SUNDAY

Mr. and Mrs. Ed Higgins, of 164 Sixth street, Elkhart, will hold a house at their home Sunday, Feb. 15th, from two to four and from six to eight in honor of their fiftieth wedding anniversary. Both Mr. and Mrs. Higgins were born and reared near Mentone.

MONDAY IS REGISTRATION DAY FOR 20-45 YEAR GROUP

Mr. Ben Eagler, chairman of the selective service, together with C. R. Wagner and Donald Vanderveer, members of the board, have completed plans for the registration Monday, as follows:

Milford, Syracuse, North Webster, Pierceton, Silver Lake, Mentone, Etta Green and Warsaw. An American flag will identify the registration place in each town.

At Mentone Dale Kelley is chief registrar and registrations will be taken in the high school cafeteria, in the main building.

All male persons not previously registered, who attained their twentieth birthday on or before December 31, 1941, and who have not attained their forty-fifth birthday on or before February 16, 1942, must register between 7:00 a. m. and 9:00 p. m. on February 16.

Men between 21 and 36 years of age who registered in 1940 and 1941 are not required to register again.

Mr. Kelley stated that those who may be ill that day and unable to register must appear before the county board and register as soon as they are physically able.

STATE HEALTH DIRECTOR IN MENTONE MONDAY

Dr. Jackson, State Board of Health Director, and Dr. Schults, county health physician, were in Mentone Monday morning, conferring with Dr. Urschel regarding the diphtheria epidemic. They made the following recommendations: that school be continued, with morning inspection each day of all sore throats; that throat cultures be made from any suspicious throats, and those pupils be kept at home till it was proven that there was no diphtheria; that those four pupils in the third grade who were found to have diphtheria germs in their throats but who were not ill with the disease be kept at home until throat cultures proved that they were clear.

These morning inspections will be done by Dr. Urschel, but the families involved have their own choice

(Continued on Page 8)

MANY VISITORS AT LONG HOME AT GOLDEN WEDDING SUNDAY

Mr. and Mrs. J. D. Long, of Mentone, report a very enjoyable occasion Sunday when the immediate relatives and friends gathered at their home in honor of their golden wedding anniversary. Eleven members of the immediate family surrounded the table loaded with delicious foodstuffs at the noon hour. They were the honored guests, Mr. and Mrs. Long, their sons, Mr. and Mrs. J. Truman Long and son Mollcolm, of near Tiosa, Mr. and Mrs. Leo Long, of Wabash, and Sylvan Long, of Plymouth. Mrs. Long's brother, Clarence Coon and Mrs. Coon of near Argos and Miss Berniece Eash, of Plymouth.

In the afternoon open house was held and a plate lunch served to the following:

Mr. and Mrs. Harland Railsback and Donald, Mr. and Mrs. Orval Long and June, Mrs. Emma Smith, Mr. and Mrs. Walter Overmyer, Mr. and Mrs. Leroy Cox, Mr. and Mrs. Vincent Meredith, Mr. and Mrs. Russell Norris, Mr. and Mrs. Fred Jeffries, Marcellie and Barbara, Mr. and Mrs. Adam Anderson, Mr. and Mrs. Herman Cox and son, Mr. and Mrs. George Riddle, Mr. and Mrs. Roscoe Hawk, Dr. and Mrs. E. D. Anderson, Mr. and Mrs. Dick Kanouse, Mr. and Mrs. Vance Fenstermaker, Zane and Daisy Fenstermaker, Mary E. Long, Lena Mickey, Mrs. Vera Rush, Mr. and Mrs. Dave Corey, Mr. and Mrs. C. O. Eiler and Winifred, Mr. and Mrs. Paul Meyers, Mrs. Ina Alspaugh, Mrs. Bessie Bybee, Mr. and Mrs. H. V. Johns and David, Mr. and Mrs. M. O. Mentzer, Mrs. Samantha Norris and Mr. and Mrs. W. W. Whetstone.
(Continued on Page 5)

HAIMBAUGH ON MIDWAY ISLAND

Dr. and Mrs. Dow Haimbaugh, 921 Pontiac street, Rochester, has received a letter from their son, Lieut. George Haimbaugh, of the U. S. Marine Corps, stating that he had arrived safely at Midway island, Jan. 23rd. Lieut. Haimbaugh, commander of his Marine company, is a graduate of Rochester high school and a grandson of Obe Haimbaugh, of near Mentone.

MRS. MARY ABBOTT DIES AT INDIANAPOLIS SUNDAY

Mrs. Mary Abbott, 86, native of Mentone, died at the home of a daughter, Mrs. W. J. Worthington, 1229 No. Dearborn St., Indianapolis, Sunday evening at 6:45 of complications. She had been bedfast for nearly three months.

The deceased was born in Kosciusko county and resided here until a few years ago when she went to live with the daughter in Indianapolis. The husband and one son preceded her in death.

Funeral services were held at 8:00 p. m. at the Moor & Kirk mortuary, Indiana. The Johns funeral home, of Mentone, brought the body here Tuesday evening. Funeral services will be held at the Johns parlors at 1:30 p. m. Wednesday with Rev. C. C. Collins officiating. Burial will be in the Mentone cemetery.

SPECIAL SERVICES AT BAPTIST CHURCH

Special evangelistic meetings began at the Mentone Baptist church on Sunday, Feb. 8th with a good attendance and high interest at both morning and evening services.

Rev. Maxey, as the evangelist, commands and receives the rapt attention of his congregation and as a result, it is expected that every citizen of this community will avail himself of this privilege.

There will be services every evening except Saturdays at 7:30 (War time). Sunday services at 10:30 a. m. and 7:00 p. m.

The public is urged to attend.

DEPARTMENT HEADS AT CO-OP. REAPPOINTED

At a regular meeting of the board of directors of the Northern Indiana Cooperative Association, held at the main office Thursday evening, all the committee chairmen and department heads were renamed to serve for another year. Oliver Teel was re-elected as manager and Raymond S. Bare continues as treasurer of the organization.

Dixie Lee Bergstrom is the name of the new daughter of Mr. and Mrs. Duane Bergstrom, born last Thursday morning.

A HOT TIME IN THE OLD TOWN

Eleven Business Rooms and Two Dwellings Reduced to Ashes In a Few Hours

LOSS ESTIMATED AT \$10,000.00

The Mercury at 8° Below Zero and The Fire Engine Frozen.

About 10 o'clock last Sunday evening when most of the people of the town were in bed the cry of fire was given. One glance in the direction of Whiteside's pool room, in Mrs. Robinson's building, revealed the red-tongued flames leaping high from the back portion of the structure. One look was sufficient to decide the fate of the wooden row on the north side of Main street. A rush to the engine house revealed the interesting fact that the fire engine had been left full of water and frozen solid. (This engine was reported as the old hand-car type of pumper.—Ed.) The next hope was in the Hook and Ladder outfit which was put into use. The fire bell could not be used because the rope was frozen fast. The electric light plant gave the alarm by vigorous screeches which awoke a part of the people of the town who responded to the call and did everything possible to save property. The Robinson building was occupied on the lower floors by the pool-room and by Al Leslie's barber shop while the second floors were occupied as living rooms by the families of Mr. Leslie and Mrs. Robinson who owned the building. The adjoining building on the east was occupied by Cal Shinn's meat market below while his family lived upstairs. These two buildings were so quickly enveloped in flames and filled with smoke that the occupants barely had time to make their escape and were only able to save a small part of their clothing. In the rooms below Whiteside lost his three pool tables; Leslie saved his barber outfit, but Mr. Shinn lost the

greater part of his tools and stock of meats. Some of his fresh meat upon the hooks was carried out but all his salt meats, fish and canned goods were lost, also his books and accounts. The next three rooms to the east were Aughinbaugh's harness shop, Mills & Poulson's barber shop and Mentzer's grocery. From these the goods were mostly removed. Charley Hubler's lived over the harness shop and only saved a part of their goods. Uncle John Richmond's who lived over the corner grocery lost most of their kitchen furniture including their stoves, canned goods, etc.

West of the Robinson building was Jefferies' furniture store. The upper and lower floors were crowded with goods. Only the stock on the first floor was removed. C. E. Turner's restaurant across the alley was next in line. Their goods below were mostly removed and a few of their household goods upstairs. The Hamlet building, vacant below but occupied by Harvey Kessler on second floor. His goods were mostly saved. Next came Dowell's saloon. His stock consisted of wet goods and would not burn but the building went up in smoke just the same. John King, who lived upstairs saved his goods. The building belonged to J. M. Reed who now lives at North Judson. By hard work the fire was stopped here and the Harris livery barn which came next was saved. This finished

STOLEN STAMPS NEED NOT BE REPLACED

The Department of Internal Revenue

recommends that car owners write the engine number of their automobile in indelible ink across the face of their Federal Use Tax stamps in order to prevent theft of the sticker, Charles M. Hayes, president of the Chicago Motor club has announced.

The Department of Internal Revenue will issue a letter or certificate to motorists whose stamps are stolen in lieu of a new stamp. This ruling

replaces the original plan of compelling motorists to purchase new stamps.

Postmasters will not handle loss of stamps. The person having his stamp stolen should report his loss to the Collector of Internal Revenue for his home district in order to obtain the certificate issued in such cases.

FOUL
WORDSNOTHING
PERSONAL

By BOB ANDERSON

Last Friday night the Bulldogs met the North Webster Trojans at about even odds. The Bulldogs started slow but moved up fast the last half to cross the wire six points ahead of the Trojans, the score being 24 to 18. Although outscored only the first quarter, it took the home squad till the end of the third quarter to tie the score. The third quarter was marred by a bad injury which occurred when Rex, top Trojan substitute, suffered a compound fracture of the finger while scrambling for the ball. Leo (unlike Samson) immune to close hair cuts, was high scorer with eight points while Black was tops for the visitors with six. A total of only eight personal fouls being called the entire game accounted for the fact that only two

points were made from the gratis lines.

The Pups upheld the old Bulldog-Trojan tradition by going into an overtime with the Webster seconds. After being held scoreless the first quarter the Pups came back strong and led by one point at the half. The score stood tied at the ends of the third and fourth quarters but in the three-minute overtime period the Pups broke their leash and tossed in three baskets to win 23 to 17. Miner's ten points were good enough to be the best (four came in the overtime).

First team score by quarters:

RED CROSS ACCOMPLISHMENTS
DURING THE PAST YEAR

In one year of Red Cross work in Mentone we have done approximately the following:

50 to 60 children's sweaters.

2 knit scarfs.

6 crocheted shawls.

45 girls dresses, size 8.

20 boys' shirts.

12 girls' dresses, size 12.

23 girls' skirts, size 10.

17 ladies dresses, size 40.

5 girls' dresses, size 12.

8 ladies' dresses, size 38.

17 girls' dresses, size 10.

6 dozen diaper hemmed.

45 rust dresses, size 38.

25 girls' dresses, size 8.

35 hospital gowns, finished.

50 hospital gowns cut but taken to a Warsaw group to finish.

We are now finishing up 29 ladies' dresses, size 40, and 10 girls' skirts, size 10. Mittens are being made from scraps.

Mr. and Mrs. Walter Barkman, of Warsaw, and Mr. and Mrs. Earl Meredith, of Akron, spent Sunday at the home of Mr. and Mrs. Claude Barkman.

Ed Halderman was taken to the McDonald hospital at Warsaw by H. V. Johns Sunday evening. Mr. Halderman was suffering with nasal hemorrhages again but is reported as much improved.

GOLDEN WEDDING--

(Continued from Page 1)

Mr. and Mrs. Long received over 40 congratulatory letters and cards, among which were a poem written by Mr. and Mrs. Fultz and a letter from Val Zimmerman of Rochester stating that Mr. and Mrs. Long had faced each other across the breakfast table 18,250 mornings. The poem follows:

February Ninth, 1942

'Twas on this date fifty years ago,
A girl was looking for her beau;
For on that day they were to wed
And down the path of life to tread
Together; stepping firm and strong
And both expecting it would be
"Long."

Yes, it was Long, both John and Helen,

And how their friends gave them a bellin',

To start them on their trip together
In sunshine and stormy weather.

And to their pledge they've both been true

Since eighteen hundred ninety two.
Now don't think life's just a lark.
Sometimes the skies were pretty dark.

Still John can sing, and would dance with glee

If he was half as young as he used to be.

But having passed the allotted span of life

They're just an old man and his wife
With relatives and friends galore,
They have to count them by the score.

So, on this day we wish you cheer,
And health, and happiness for many a year.

—Marion and Dersa Fultz.

Remember Way Back—

(Continued from Page 2)

the business rooms on the north side of Main street but on Broadway north from Mentzer's grocery the Boggess residence occupied by Geo. Warren was burned. The next was Mrs. C. M. Stoner's residence and millinery store. A hard fight was made to save the building but to no avail. The goods were removed but the house went down. E. M. Eddinger's brick residence came next and here the fire was checked. Several barns, woodhouses and other out-buildings were included in the conflagration.

Levi Jefferies was perhaps the heaviest loser. He estimates his loss at \$4,000, with \$1,000 insurance. Mrs. Rose Boggess, who owned the corner grocery building and the small residence north of it, had no insurance. S. S. Mentzer & Son had their stock sufficiently insured to cover their loss. Mrs. Stoner had \$1,000 of insurance. This, we are informed, is the full extent of the insurance carried. Reed's, Hamlet's, Rockhill's, Robinson's and the Taggart building were a total loss as were the household goods on the second floors.

Notes

The prevailing winds carried pieces of burning embers more than a mile from town.

Somebody said it kept two men busy shoveling snow on Dr. Yocum to keep him cool while he worked.

John Owen and Simeon Blue were at home "sleeping the sleep of the just." The fire did not even disturb their peaceful dreams.

The heavy snow which fell the night before saved the livery barn and probably many other buildings to the east in the path of the flying fire-brands.

The intense heat broke many of the glass in the front of the buildings across the street south of the fire, not a glass was left in the postoffice building.

One advantage of having a fire on Sunday night is, that so many young fellows are sittin' up with their girls and have nothing to do but jump and run. This accounts for the many sleighs that came jingling into town about 12 o'clock. It's hard on the girls, tho'.

The north side of the Central House looks as if it had the chicken pox.

Rev. Walters wasted a lot of water in attempting to carry two big buckets full over an icy side-walk.

One pathetic scene was a little boy standing shivering in the cold holding his pet rabbit in his arms, while his home was burning up.

Somebody said Esta Fox fell thru the front window of the harness shop and began looking around for his nose which he thought he had lost.

John Aughinbaugh desires to express his thanks to friends who took the trouble to remove his goods from the burning building while he was at home sleeping so sweetly. He came in time to help the next man.

Harve Kessler was the luckiest fellow of all the fire victims. His mother and four of his brothers each gave him \$10, and his father gave him \$50. Harve, like the Hebrew Children, came through without even the smell of fire on his garments.

Nash Latimer's good intentions were proven by the fact that he stuck his legs through two sets of bed-springs and tried to walk off. His predicament became so complicated that it required several men to help him out. He was very thankful that he made his escape before the fire reached him.

Albert Tucker had a narrow escape from being seriously burned. In his efforts to assist in removing goods from Turner's building he became cut off from escape by the burning wall, across the alley. He had to rush through the intense heat thus burning his face considerably.

Tucker brothers were sleeping quietly until the fire was at its height,

when awakened suddenly by the noise and looking out of the windows to the east they saw the reflection of the big light and saw the sky full of flying fire-brands and the red-hot cinders rolling from the roof of their own building, they thought the day of judgment had come and began to look up their past record. Their ability to think and act calmly under such conditions may be better imagined than described.

Idle Dreams

Dreams, or visions, are the seed from which all progress and civilization grew.

Columbus, as he sat on the seashore four hundred and fifty years ago, had no way of proving his dreams were correct. But he believed the world to be round and that there was a better place somewhere on the other side. His believing it, however, was of no value to him or the world in general. It took action to prove his idle dreams. He didn't wait for his friends to do the experimenting, he didn't wait to see what the King was going to do about it nor seek the aid of the political forces of the day. He did it himself.

New lands were never discovered, fortunes were never made nor civilization ever bettered by dreams remaining idle.

The thoughts of man follow every trail in the land, sea and air. The "signs of the times" are shouting madly to stir every human heart and soul into action. Action today, not tomorrow; action with a purpose—a definite goal—to retain the good of today and to build better for tomorrow.

The thoughts and actions of everyone is needed today that our way of living may be protected in our own little communities. Help to promote healthful social activities, visit your friends and neighbors, help them through the cares of the day. The future is bringing greater responsibilities, greater restrictions and subjugations.

WORK AND BUILD TODAY THAT TOMORROW W MIGHT BE MORE ABUNDANT

Mrs. Althea Lowman, of Burket, was a dinner guest at the Ira Borton home Sunday.

Mr. and Mrs. Allen Dille entertained the Rochester and Talma Townsend clubs at their home Feb. 3.

Mrs. Wm. Baugher fell at her home and broke her wrist last Wednesday noon.

Cook wanted at the Mentone Cafe. See I. F. Snyder. 1p

A contributed article states that a son was born to Mr. and Mrs. N. Kessler.

Johnny, son of Mr. and Mrs. Clayton Clutter, was taken to the McDonald hospital at Warsaw Sunday evening by Robert Reed. The little fellow was suffering with pneumonia but is reported much better now.

Berneice Deafenbaugh and son Richard of Warsaw and Mr. and Mrs. Dewey Bloom of Claypool, spent Sunday with Mr. and Mrs. Howard Kohr.

Mr. and Mrs. John Laird were Sunday dinner guests at the home of Mrs. Tessie Williamson.

M. O. Mentzer reports the sale of the Morgan Ward property on Walnut street to John Landis of Tippecanoe.

The Floyd and Mars Tucker families are spending some time in Florida. They expected to be gone from four to five weeks.

Susan Todd, small daughter of Mr. and Mrs. Budd Todd, suffered a broken leg in a fall at her home last Wednesday.

A son was born to Mr. and Mrs. Robert Bunch, of South Bend, Jan. 23. Mr. and Mrs. Ed Jones, of Mentone, are grandparents.

Mrs. Max Hire, the former Jessie Rush, editor of the Co-Op. News, arrived at the home of her parents, Mr. and Mrs. Fred Rush, after driving from Norfolk in two days. Her husband, who has been on convoy duty with the armed forces, called his mother at Winona Lake Saturday evening just shortly before his wife arrived home. He hadn't received any mail since he left Norfolk ten weeks ago and was getting anxious to learn how everyone was. Letters had been written him almost daily but they had failed to reach him.

Mrs. Rex Parker and new son were removed to their home at Silver Lake from the Woodlawn hospital at Rochester Saturday.

Carol June Rule, second grade pupil in the Mentone school, daughter of Mr. and Mrs. Floyd Rule, has diphtheria.

Harry S. Gribble and Frances E. Bowman, daughter of Mr. and Mrs. Jesse Newell of Mentone, were married at Warsaw Monday.

J. W. Aughinbaugh and daughter June visited over the week end with Mr. and Mrs. Hugh Aughinbaugh and children at South Bend.

It has been reported that Lloyd Shoemaker has purchased the 80-acre Bivens farm, known as the old Gordon place. Carl Chapman, who lives on the farm, is moving to the David Burris farm. Lucy Dick has rented her farm, formerly occupied by Mr. Shoemaker, to Wayne Mikesell.

The fire department was called to the Mahlon Jefferies farm, tenanted by Russell Fleck, Saturday morning. A fire had started in the wall where the stove pipe entered the chimney. The fire was confined within the wall and very little damage resulted.

Mrs. Joe Bally, of Akron, assumed her duties as a bookkeeper at the Farmers State Bank Monday. She filled the position left vacant when Mrs. Miles Manwaring resigned. Mrs. Manwaring has gone to Indianapolis to be with her husband who is with the armed forces.

Mrs. Allie Lyon returned to Mentone Sunday evening after spending a week visiting with her daughter, Mrs. Robert Hoover, at Milford, and her son and wife, Mr. and Mrs. Don Lyon at Warsaw.

Allen Blue, who underwent an operation at the McDonald hospital at Warsaw recently and who was in a serious condition last week, was reported as much improved the fore

part of this week.

STATE HEALTH OFFICER—

(Continued from Page 1)

of physician so far as treating the active cases or carriers is concerned. Treatment of diphtheria carriers is not usually as difficult as treating typhoid carriers. Usually keeping them quiet, with use of antiseptic solutions sprayed into the nose and throat, is sufficient. Occasionally antitoxin has to be given to clear up the more persistent cases. Families must be quarantined just like active cases. This seems to work an unnecessary hardship on the people involved, but it must be done to stop the spread of epidemics, and the law is quite definite about it.

MENTONE NATIVE BURIED

AT NILES, MICH. FEB. 6TH

Wallace W. Bybee, who passed away at his home at Niles, Michigan, February 4th, following a stroke of paralysis which he suffered Jan. 18, was laid to rest in the Garden of Memories, Silverbrook cemetery, at that place Feb. 6th. Mr. Bybee was born in Mentone March 31, 1860 and was nearly 82 years of age.

Wallace Ward Bybee, youngest son of Anna (Bybee) Cooper. On Aug. 12, 1880 he was united in marriage to Ella Haimbaugh and to this union were born six children: Mrs. Bessie Lowe, Rochester; Walter, Lyman and Ernest of Niles, Mich.; Dow of Armada, Michigan, and Melvin of Detroit.

In addition to the children and widow, he is survived by 24 grandchildren, 32 great-grandchildren and one great-great-grandson. Six of the elder grandsons were pallbearers. One brother, L. L. Bybee of Knoxville, Iowa, besides several cousins and a host of friends in and near Mentone will also mourn his passing.

The deceased was a nephew of the late Reda Latimer.

Funeral services were held at the Rutherford funeral home at Niles, with Brother G. B. Rowe, of the Midway Gospel Tabernacle of Mishawaka officiating.

WILLIAM E. LEIGHTY DIES IN WARSAW HOSPITAL

William Edward Leighty, 52, of near Palestine, died Friday morning at the Murphy Medical Center after a week's illness of pneumonia, which developed into complications.

The deceased was born in Kosciusko county on January 23, 1890, son of the late George Leighty, and Mrs. Jennie Bowen Leighty, who survives. March 20, 1913 he married Veta Berlin at Warsaw.

Surviving, also, are two sisters, Mrs. Harry Morgan and Mrs. Ray Kincaide, and one brother, Harvey Leighty, of near Warsaw.

Funeral services were held Sunday afternoon at two o'clock at the Palestine Christian church, Rev. John Wines, Syracuse, officiating. Interment was in the Oakwood cemetery.

CONSERVATION CLUB

ELECTS 1942 OFFICERS

Several members of the Mentone Conservation club met at the Lake Trail cafe Monday evening and elected officers for the year. C. O. Mollenhour was named president; F. R. Burns, vice president, and Philip Blue, secretary - treasurer. Elmore Fenstermaker was named as chairman of the trap club. Directors were also named.

Plans for the activities of the club were discussed and committee appointments made, after which a lunch of hamburgers and coffee was enjoyed.

INITIATION SERVICE HELD FOR MRS. HELEN HARVEY

A very impressive initiation service was held at the home of Mrs. Emma Clutter Thursday evening for Mrs. Helen Harvey. After the service the regular business meeting was held. It was voted to give the local Red Cross chapter \$3.00. After the business meeting the hostess served dainty refreshments to the following: Lucille Whetstone, Charlotte Snyder, Anne Sierk, Pauline Riner, Geraldine Clark, Jeanette Mollenhour, Annabel Tucker, and the hostess and guest of honor.

WOMAN, 85, THANKED FOR WAR PRODUCTION

(In a letter to friends, Mrs. Susie Rogers, of Oakland, Cal., enclosed a clipping from her home paper which will be of interest to her many friends in and around Mentone.)

The untiring energy of an 85-year-old Oakland mother, Mrs. Susie Rogers, 1137 Mandana Boulevard, was commended in a letter received from Viscountess Carolyn Bridgeman, chairman of the Central Hospital Supply Service of Great Britain.

For more than a year Mrs. Rogers has knitted an average of better than five pairs of socks a month for British war refugees and to date she has sent 66 pairs to England.

Mrs. Rogers received the letter in reply to a note she enclosed in the last shipment.

GEO. W. HOLMAN

DIES AT ROCHESTER

Geo. W. Holman, aged 91 years, passed away at the Woodlawn hospital at Rochester Monday morning after suffering several days with an attack of pneumonia.

Mr. Holman was born near Mentone Sept. 30, 1850 and moved to Rochester in 1871. Dec. 24, 1874 he was married to Miss Louise Brackett who died several years ago. One daughter, Georgiana, also preceded him in death.

The deceased was an attorney and had served the republican party in many capacities during his long life.

Surviving are two daughters, Mrs. Lucille Leonard of Rochester, and Mrs. Geo. H. Beach of Chatham, N. Y.; one son, Hugh B. Holman, also of Rochester, and seven grandchildren and four great-grandchildren.

Mr. J. D. Long, of Mentone, states that about 1865 he and Mr. Holman attended school about two miles southwest of Mentone and that their teacher was a step-sister to Mrs. Long.

HELP THE RED CROSS

Bombs have not been dropped in our own back yard but they have been dropped on our island possessions. This is the same. These people are the same as our next door neighbor. You would not care to see them go without clothes to keep them warm, so come and help your local Red Cross make the garments which will keep the men, women and children in other parts of the world warm and by doing so you will add a few more shingles to your own mansion in Heaven.

K. A. RINER ON COUNTY DEFENSE COMMITTEE

County Agent Joseph Clark, Dallas Croke, Warsaw, and Kenneth A. Riner, Mentone, were appointed by Hobart Creighton, county defense chairman, to serve on the scrap iron collecting committee at a meeting of the civilian defense board held Friday evening at the Hotel Hays.

HOME ECONOMICS CLUB

The Mentone Home Economics club met on Feb. 12th with Mrs. Linnie Anderson with Mrs. Esther Sarber as assisting hostess.

Creed was read and prayer given by Helen Weirick. History of the song of the month was read. "My Old Kentucky Home" was sung by all.

Roll call was: Quotations from Lincoln, "Outlook for 1942," was given by Esther Sarber and Pauline Weisert gave an interesting report of her trip to the Purdue conference. Linnie Anderson gave a report and a quiz of a lesson given at Warsaw.

A donation was voted for the Red Cross during the business session.

Refreshments in keeping with Valentine Day were served to 21 members and one guest, Sue Borton.

The next meeting will be with Mrs. Ona Blue on March 12th.

—Reporter.

MRS. BURNS HOSTESS TO MENTONE READING CLUB

Mrs. Furel Burns, assisted by Mrs. R. C. Greulich, Jr., was hostess on Wednesday evening to members and guests of the Mentone Reading Club.

After a short business session Mrs. A. R. Brown, guest speaker, gave a very interesting account of her visit to Ellis Island. Mrs. C. E. Walburn gave a paper, "From Alien to Citizen." A playlet, "Beauty Secrets," in charge of Mrs. Ernest Harvey and Miss Wreatha McFarren, was given, and a violin solo, "Traumerei," was played by Miss Rowena Lackey, accompanied by Mrs. Walter Lackey at the piano.

The entire program was very much enjoyed by all those present.

During the social hour the hostesses served lovely refreshments in keeping with the season.

—Mrs. Wayne Tombaugh, Reporter.

SEWARD TOWNSHIP FARMERS' INSTITUTE

The Seward Township Farmers' Institute will be held at the Burket Community Hall on Monday afternoon and evening and all day Tuesday, Feb. 23 and 24.

REMEMBER Way Back When—

19 YEARS AGO

Taken from Tri-County Gazette
Published by Claude Taylor

FEBRUARY 15, 1923

G. W. Meadows has sold the Crystal theatre at Mentone to Wayne Smith and Carl McComb of Warsaw. The new proprietors have promised good, clean pictures and no Sunday night shows.

Byron Linn has accepted the place of mechanic at the Motor Inn garage, recently vacated by Charles Eneyart who has accepted a position in Urbana.

C. F. Fleck had his tonsils removed last Tuesday at the McDonald hospital in Warsaw.

30 YEARS AGO

Taken from Tri-County Gazette
Published by C. M. Smith

FEBRUARY 15, 1912

Amasa Garwood died last Saturday at the home of his daughter, Mrs. Elra Rapp of New Carlisle. He had been an invalid since being hit by a trolley car fifteen months before. Mr. Garwood was born in New Jersey, August 12, 1828 and died at the age of 83. Surviving are four children, Joshua Garwood, Mrs. Allen Nelson, Mrs. Cleanthes Borton and Mrs. Elra Rapp.

Dr. Hurty, secretary of the state board of health, is going after a certain teacher in northern Indiana who has been using his school room as a smoking parlor after school hours.

40 YEARS AGO

Published by C. M. Smith

FEBRUARY 13, 1902

A stolen horse and buggy were found last Tuesday morning standing tied to the front gate of Wm. Lyon's farm residence southeast of town. No clue to the owner or who left it there has been found. The supposition is that the thief abandoned the rig and then hopped on a Nickel Plate freight train.

Shinn's Meat Market and Turner's Restaurant have started business again in their new quarters.

Miss Elizabeth Romine, aged 76, died last Saturday following a long illness.

The New York almanac for this year credits Indiana with only thirty millionaires.

CARD OF THANKS

We sincerely thank our many friends and neighbors for their kind sympathy, beautiful flowers and many kind things they did for us, at the death of our dear mother. We especially thank Rev. Collins, the pallbearers and Mr. Johns.

Mr. and Mrs. R. J. Worthington.
Mr. and Mrs. Ben Sell.

Poultry supplies at the Co-Op. mill.

F O U L W O R D S

NOTHING PERSONAL

By BOB ANDERSON

Even though it had been moved from Friday the thirteenth to Tuesday the tenth, the game with Atwood Greyhounds was an unlucky one for the Mentone squad. The Bulldogs got off to a slow start and were held scoreless the first quarter while the Atwood team gathered six points. The Bulldogs bounced back, however, and out-scored their opponents in each of the remaining three frames but their margins only balanced the Greyhounds' six points of the first quarter and the game went into the overtime period with the score standing 20-20. Mentone scored first in the overtime when Igo was fouled under the basket but was only able to make one of his two chances. The lead was short-lived, however, as Adams, start Atwood forward, finally managed to evade his guard and made the only good shot he had had all evening and the game ended: Atwood 22; Mentone, 21. Igo and Logenbaugh, rival forwards, scored eight points each to share high point honors. Mentone practically lost the game at the charity as they failed on ten out of nineteen free throws.

The Pups, going great guns, took an easy victory from the Atwood second's by a score of 26 to 9. Smith, showing his best form of the season, scored nine points to be high point man by a wide margin.

Nine Lives Are Not Enough

See these two stars in this unusual picture

Mr. Farmer:

Why do you raise livestock?

Is it because you want to see how many cattle, hogs or chickens you can raise? Or are you interested the financial return you can get?

A steer is a steer whether he weighs 600 pounds or 1200; whether he is in condition to be turned into tender steaks or stringy hamburger. But the cash return of the two means the difference between profit and loss; a nice home or a shack; a time for leisure or a worry about your economic security.

BANNER FEEDS are carefully compounded and fortified with the proper vitamins to produce the finest livestock or poultry surely and reasonably.

Prepare now for a BANNER year with Banner Feeds.

DISCUSSES CARE OF ALUMI- NUM COOKING UTENSILS

Since no aluminum cooking utensils will be made for home use until after the national emergency, it is essential that extra good care be given to those utensils already in the kitchen, states Miss Inez E. Kent, Purdue University extension home economist.

One of the most important items in the care of aluminum is proper cleaning. Here are some important things to do to preserve aluminum utensils. After each use the utensils should be washed in hot, soapy water, occasionally rubbed with fine steel wool and soap, rinsed with clear hot water and dried thoroughly.

In some instances the boiling of water or foods containing iron or alkali will leave a dark stain on the inside surface. This discoloration is not dirt and is in no way harmful. Its removal affects only the appearance of the utensil. This surface stain can be removed by boiling a solution of two tablespoons of vinegar in one quart of water in the utensil for a few minutes. Some people prefer to leave the discoloration in the pan until there is occasion to

cook some acid fruit or vegetable, such as rhubarb or tomatoes. The discoloration will then disappear without affecting the taste, color or quality of the food.

Neither the stain nor its removal in these manners is in any way harmful to the aluminum, says the specialist but she cautions housewives never to use soda, lye, ammonia or any washing compound containing a strong alkali on aluminum. All of these will discolor or injure the metal.

SEVERAL FROM HERE AT- TEND POLITICAL BANQUET

Republicans of Kosciusko county crowded into the Eagles hall in Warsaw Friday night for the Lincoln day banquet at which Congressman Charles A. Halleck was the principal speaker. He was greeted by about 500 guests at the dinner. County republican chairman Vere Kelley presided.

Several from in or near Mentone were in attendance.

Mrs. Clayton Cutter, who was seriously ill with pneumonia, is much improved at this time. Her son, Johnny, was returned from the McDonald hospital Saturday where he was under treatment for the same affliction.

COOP. FEED DEPT.

GOOD SEED IS ESSENTIAL By OLIVER C. LEE Purdue Extension Botanist

Within those tiny seeds that the farmer is going to sow is locked up in miniature this year's crop, and in case of perennials that of several years. Many persons never think of it that way. No matter how rich the soil or how careful the preparation of the seedbed, maximum yields can only be obtained when the best seed is used.

Good seed should be of a desirable variety, adaptable in origin, high in purity, capable of high germination, and by all means free of weed seeds.

The farmer who purchases seed which has been tested and tagged with the official Indiana seed tag can obtain all the desired information regarding the seed by reading the statements on the tag. The revised Indiana seed law, which became effective on Jan. 1 gives him further protection in that it prohibits the sale of seed containing any seeds of the primary noxious weeds, Canada thistle, field bindweed, Johnson grass, quack grass, wild garlic, and perennial sowthistle. It also prohibits the sale of seed containing more than one-half of one per cent of secondary noxious weed seeds.

It should be kept in mind, how-

Issued by CHICAGO MOTOR CLUB

"Be Alert For Turning Cars" is the warning on this green, black and white February safety poster now being distributed among elementary schools in Illinois and Indiana by the Chicago Motor Club. The larger boy pointing out the dangers of turning cars to the smaller is characteristic of the "Teach Your Friends" theme of the posters which are designed as supplementary aids for school safety classes.

ever, that one-half of one per cent of secondary noxious weed seeds may run into rather high numbers per pound. For instance, it is possible to have more than 3,000 dodder seeds per pound of crop seed and still be salable under the law. Likewise, three per cent of total weed seeds might be a rather undesirable mixture. It would be better to pay a little more for seed that is free from noxious weed seeds than to take a chance on infesting the farm with such weeds as dodder, bitter winter cress, horse nettle, and field peppergrass.

The man who plans to use seed

that is produced on his own farm should clean it carefully, or if he cannot remove the objectionable seeds, take it to a commercial seed plant that has equipment that will remove them.

Mrs. Donald Clark, Jr., and four-day-old son, Larry Allen, were removed to their home Tuesday from the McDonald hospital at Warsaw.

Mrs. Ray Rush was returned to her home Thursday after undergoing an operation at the McDonald hospital at Warsaw some time ago. She is completely recovered.

The News editor (unconsciously) put out a new recipe for chili last week. So engrossed was he in putting Clark's ad together that "pork & beans" got in where red kidney beans should have been. P. S.: If anyone tried it and it proved satisfactory, I'll split the profits with you. If it didn't, I'll do my part in forgetting the whole matter.

Mr. and Mrs. George Clark and children and Mr. and Mrs. Earl Phillips, of Warsaw, started for Niles, Michigan Sunday but after the car went about 50 yards down the road sideways, turned to back into the ditch on the left side of the road and hook the bumper into the fence, it was unanimously agreed that the icy condition of the highway was not conducive to safe motoring. The car was being driven by Mr. Phillips when it started its nerve-wracking gyrations a little beyond Plymouth.

IN FONDEST MEMORIES OF OLIVE DRUDGE RUSH

One year ago on Sunday morning, Feb. 16, 1941, our dear Wife and Mother bade us her last goodbye.

Death doth hide but not divide. Her face we cannot see, her voice we cannot hear, but her memories remain in our hearts.

M. Roy Rush and daughter,
Eleanor Frances Rush.

RECORD CHICK HATCH EXPECTED

The chick season is just around the corner and all prospects indicate that there will be a record number of chicks hatched this year in commercial hatcheries, says L. A. Wilhelm, Purdue University extension poultryman, who offers some suggestions to the 1942 chick buyers.

1. "Look over your list of hatcherymen and select a man with a good reputation and one known for honesty and efficiency in business.

2. "Consider an operator who is keeping abreast of the times; that is, one who blood-tests for pullorum, culls the flocks furnishing him eggs, and one who is constantly working with the owners to improve the quality of their flocks, increase egg production, and improve vigor, and the shape and color of eggs.

3. "Buy near home, if possible. You'll be better satisfied in the long run.

4. "Place your order early and make sure your order will be filled according to agreement.

5. "Cheap chicks are dynamite! Don't expect a good hatcheryman to sell you high quality chicks for a song. 'U. S. Approved,' 'U. S. Certified,' and 'U. S. R. O. P.' are not merely trade marks—they're backed by good stock, successful methods and close supervision.

"We are at war, not only with the Axis powers but with poor poultry stock, inefficient practices and inadequate results," declared Wilhelm. "It

is highly important that every chick sold this year come from a good, well-managed flock, be properly hatched, and properly raised. Farmers cannot afford to waste their time, money and equipment in 1942 with poor chicks but must see that a program of good feeding, management and health are carefully followed. Make every bird a strong, healthy working bird for '42," concluded the specialist.

NUGGETS FOR BEREANS By OSCAR M. BAKER

The Word of God represents salvation as a work of God on the behalf of man. Israel was made to understand that they were saved from Egypt by the arm of the Almighty God which took them out of bondage and through the Red Sea. So it is with salvation today. It is a work of an omnipotent God for a poor lost and helpless sinner.

The charter of our salvation is given in its three-fold character in the first chapter of Ephesians.

First, we were chosen and predestined by THE FATHER before the overthrow of the world. But there is no choosing or predestining outside of Christ. Those in Christ are blessed with ALL SPIRITUAL BLESSINGS. Notice that it is ALL, not part.

Second, we are redeemed by the blood of Christ. This redemption includes the forgiveness of sins. This includes all sins except the one sin that condemns, the unpardonable sin, if you please. That is the sin of rejection. When the sinner accepts the Savior, this sin no longer exists for him. It is unpardonable as long as

it exists.

Third, we are sealed by the Holy Spirit. The seal is a sign of ownership and signifies the security of the believer until the day of resurrection when his salvation is completed.

So each person of the Trinity has a part in this wonderful salvation which is offered to whosoever will believe on the only Begotten Son of God as the Lamb of God that taketh away the sin of the world.

One in Millions

A tiny drop of water falls from the sky and silently lands upon the fertile fields of the earth. No eye saw it in its descent and no ear heard its impact as it hit and disappeared into the ground where it could help to put life into dormant seeds and roots.

Just one in millions, but it had its work to do and did it without thought of profit, glory or loud acclaim. A messenger of good will which performed its work that all life might continue to live. Rain drops, the same as humans, do not all have the same service to perform. As they fall upon the earth they are absorbed by the ground until the earth can hold no more. The others join to form little streams that go merrily on their way. Much of the moisture comes forth from the earth in vegetation while some gathers in natural pools and crevices as an unlimited supply for springs, lakes and streams.

When each human was given life he also received a great responsibility—to do his part that other lives might be more abundant; help the aged, the infirm and the unfortunate. Many of us have taken a detour. Like the fall of undirected raindrops, instead of helping to cover the land with a blanket of beauty, abundance and happiness we have worn away the rocks of time, dashed madly down earth's gentle slopes cutting deep, ugly channels and carrying much fertile soil with us.

Your community needs the unlimited support of everyone today more than at any other time in our history—and we need a strong community.

JOHN UNDERHILL PASSED AWAY EARLY MONDAY

John Underhill, aged 82 years and a lifelong resident of Harrison township, passed away at 1:20 o'clock on Monday morning at his farm home, northeast of here. He had been in poor health for a number of years, but was seriously ill only two weeks. Death was due to a kidney ailment and complications.

Mr. Underhill was born in Harrison township Dec. 29, 1859, son of the late Perry and Mary Jane Underhill. On July 25, 1880, he was wed to Emma Whetstone, who survives. Other survivors are: a daughter, Mrs. Flavia Tinkey, of near here, and a son, Carlin, at Huntington. There are also six grandchildren and five great-grandchildren.

Funeral services will be held at the Mentone Methodist church at 1:30 o'clock Wednesday afternoon, with Rev. C. C. Collins officiating. Interment will be in the local cemetery. The Summe funeral home of Silver Lake, has charge of arrangements.

MRS. CASSIE YANTISS, 78, DIES EARLY WEDNESDAY

Mrs. Cassie Yantiss, aged 78 years, passed away at four o'clock Wednesday morning at the home of Mrs. Kate Yantiss, southeast of Tippecanoe. She was a member of the Church of Christ at Mentone and death came suddenly to the aged lady. Information at hand as we go to press is not complete.

Two daughters, Mrs. Edna Wolf, of North Webster, and Miss Myrtle Yantiss, survive. There are also two grandchildren.

Funeral services will be held at the Reed funeral home Friday afternoon at two o'clock, Rev. C. G. Vincent officiating. Interment in the Mentone cemetery.

Mrs. Ray Hawks, of Argos, visited in the Arthur Brown home Tuesday afternoon.

Mr. and Mrs. John Mahler, of near Mentone, and Mr. and Mrs. LeRoy Ludwig, of Elkhart, spent Sunday afternoon at the Sylvester Clark home.

VOLUNTEERS WANTED FOR AUXILIARY FIREMEN

Mentone, in cooperation with the national program for home defense, has been called upon to secure an auxiliary of fifteen firemen. This is in anticipation of the possible need for many firemen, if and when the war becomes more acute. Officials do not hesitate in stating that we can expect catastrophe to hit at any time and in many ways.

The auxiliary fireman will not answer to any regular calls by the fire department but will be called into service by the town fire chief when their help is needed. They will be expected to take three units of the firemen's courses being given to the regular volunteer fire departments, namely, forceful entry, ladders and hose. The course includes ten hours instruction in fire defense, two in gas defense, five in general defense, five in drill and ten in first aid. Each must be physically fit, of good character and not listed as a probable future selectee in the armed forces. They will be selected by the fire chief, Arlo Freisner and applications can be made to him or to Jack VanGilder, secretary-treasurer of the Mentone volunteer fire department.

Instructor Warns of Fires by Saboteurs

William Collison, of Winona Lake, who was in Mentone Sunday afternoon giving the fire fighting defense course to local fireman, warned that in addition to the possibility of serious fires started by incendiary bombs dropped from planes, there is a great danger from foreign agents or foreign sympathizers tossing incendiaries from cars.

Mr. Collison gave a detailed lecture on incendiary bombs, their composition, action and how to handle them to make them ineffective. They are not dangerous from a standpoint of blowing up but do generate a terrific heat.

The instructor also listed the six most commonly known poison gases, told of their effect upon human beings and explained how best to care for the victims.

The next instruction period will be on March 16th. Every fireman or

LIFE-LONG RESIDENT DIED IN HOSPITAL SATURDAY

Elam Hall Long, 77, died Saturday morning at 10:45 at the Woodlawn hospital at Rochester where he had been a patient for a week suffering with an obstruction of the bowels. Mr. Long had been in failing health for nearly a year. He was born in this county June 21, 1864, the son of Joe and Elizabeth Long, and had resided on a farm near Mentone his entire life. He was a member of the United Brethren church at Harrison Center.

Surviving relatives include the widow, Lucinda, two daughters, Mrs. Mary Welch, of near here, and Mrs. Esther Myers, Indianapolis; five sons, Franklin Long, Elkhart, and Harry, Cecil, Paul, and Joe, all of near here; five grandchildren and one great-grandchild; also one brother, George Long, of Mentone.

Funeral services were held at the Harrison United Brethren church Monday at 2:30 p. m. with Rev. R. Smith, of Etna Green, officiating. Burial was made in Stony Point cemetery. Reed funeral home was in charge of arrangements.

LIONS CLUB TO HOLD LADIES' NIGHT BANQUET MARCH 4TH

Wednesday evening, March 4th, will be a big night in Mentone when the Lions Club will be host to the Lionesses of said domain. It will be one of those rare occasions when the ladies get an opportunity to witness the antics of the men in their den—the place where they seek refuge twice each month and help to make plans and preparations for a bigger and better Mentone and a greater America.

Joyce Atchison, 12-year-old daughter of Mr. and Mrs. Lester Atchison, of Palestine, fell at school last Friday, and suffered a broken bone in the elbow joint. She was taken to Riley hospital Saturday where the arm will be operated upon.

interested individual should be present to receive this valuable information.

MISS EMMA DORAN MARRIED AT PLYMOUTH FEBRUARY 14.

Before an altar banked with tall baskets of gladioli, Miss Emma Alice Doran and Louis Girtten, both of Plymouth, were united in marriage at the home of Mr. and Mrs. A. L. Doran on Valentine's Day at 2:00 p. m.

The bride was attired in a street-length dress of dusty rose silk with beige and brown accessories and wore a shoulder corsage of gardenias. Miss Betty Doran, of Mentone, acted as her sister's bridesmaid and wore a brown dressmaker's suit with a corsage of pink sweetpeas. Lloyd Girtten, of Chicago, brother of the groom, was best man.

A small wedding reception was held following the ceremony and the bride cut the wedding cake. The following guests were present for the reception: Mr. and Mrs. C. L. Teel, Mrs. Emma Nelson and Miss Betty Doran, all of Mentone; Mrs. John Doran, of Rochester; Mr. and Mrs. Lloyd Girtten and daughter Mary Alice, of Chicago; Mr. and Mrs. Parker Link, of Dowagiac, Mich.; Mr. and Mrs. Varrel Girtten, Mrs. Myrtle Girtten, Mr. and Mrs. Robert Nier, Mr. and Mrs. Harold Price and Mrs. Joe Hixon, all of Plymouth.

Mr. and Mrs. Girtten will be at home at 227 E. Garro Street, Plymouth, following a short wedding trip. Mr. Girtten is employed in the office of the Kingsbury Ordnance Plant. Mrs. Girtten is continuing her work in the law office of Lauer & Dexter, Plymouth.

PSI IOTA XI SORORITY MEETS

The Psi Iota Xi Sorority met with Mrs. W. W. Whetstone, Jr., Thursday evening of last week. Prizes in bridge went to Miss Ann Sierk, Mrs. George Clark and Mrs. Mervin Jones. 30 YEARS AGO

Taken from Tri-County Gazette
Published by C. M. Smith

FEBRUARY 22, 1912

Two Winona trolley cars hit head on in a snow storm at Stoner's crossing yesterday. One car was late and both had orders to proceed and meet but each had a different place in mind at which to pass. The result was a terrific crash at full speed. Harry Rowan, motorman on the car going south, escaped with only bad bruises as he jumped from his car. Homer Lewis, on the other car, had a foot badly crushed. One passenger was injured.

Lewis Foor has purchased the coal and lumber business of B. B. Straub. Mr. Foor's son, Ben, will take charge of the Beyer Bros. produce station in place of his father.

Dr. Hess' stock tonics at the Big Drug Store.

Sylvanus Newton, who gets his mail on Argos route No. 11, came in Tuesday and added his name to the Gazette subscription list. Mr. Newton is a devout believer in the efficacy of newspaper advertising. On his way to town he lost two checks, one for \$400 and one for \$36. He immediately came to this office and ordered an advertisement and then walked right straight to the place where his checks lay in the mud in front of the livery barn and picked them up.

Last Monday and Tuesday were spring-like days, but Wednesday was ushered in with one of the worst blizzards from the northeast that has visited this section for many years. The high wind and drifting snow all

day long made travel next to impossible, and by nightfall the walks and streets in many places were impassable, made so by the high drifts.

40 YEARS AGO

FEBRUARY 20, 1902

STOLE HIS STEP-MOTHER

A Horse and Buggy and \$500 of his Father's Cash.

Gone Toward the Setting Sun Before Sun-Rise

The stolen horse mystery of which we spoke last week has been solved. On Monday night of last week, Wm. Yount, a young man 20 years old, son of John Yount who lives six miles south of Warsaw, took it into his head to do something romantic and this is what he did. By conniving with his step-mother, who is four years his senior and who weighs 240 pounds, they together got possession of \$500 of the old man's money and then taking a new buggy and harness and a neighbor's horse they started in the night-time for the land of the beautiful sunset. Arriving at the farm residence of Wm. Lyon, southeast of Mentone, they abandoned the rig and it is supposed they took the early morning train here for the west.

No trace of the runaways was secured until on last Saturday when it was learned that the lost rig was in Mr. Lyon's possession when Mr. Sherman Evans, the owner of the horse, came after his property. Warrants were issued for the absconding couple and placed in the hands of Sheriff Smith who did all in his power to locate the parties but at last reports was unsuccessful. It is thought they had gone to Washington, on the Pacific coast.

Mr. and Mrs. Yount had been married about six years. He is 63 and she is 24. The son, William, who now plays his father such an ungrateful trick, only a year ago stole \$250 from the old gentleman by whose leniency the scamp was saved from the penitentiary. It is presumed that if he is caught this time, salt will not save his bacon.

Orders have been received from the Post Office department to establish a rural route of 25 3/4 miles in length, service to start from Mentone April 1, 1902, with one carrier, at a salary of \$500 per annum, including horse hire. Richmond Pitt Smith is to be carrier and Wesley Leroy Smith, substitute. The route is to serve Talma and Sevastapol and will cover an area of 30 square miles of a total population of 765. There will be 143 houses on the route.

For Sale

(For a limited time)

My furnished residence located at 209 N. Tucker Street in Mentone.

Consists of two story frame house with four upstairs rooms, four rooms on the main floor and full depth basement under entire house. Well located on lot 48' by 150'. Two story garage 16' by 18'. Fine shade and lawn.

City water with toilet and bath facilities, also double drainboard sink. Practically new Majestic steel hot air furnace.

Will arrange appointment with bona fide prospective buyer and will furnish deed and abstract showing merchantable title.

Oliver Teel

Mr. Farmer:

Why do you raise livestock?

Is it because you want to see how many cattle, hogs or chickens you can raise? Or are you interested the financial return you can get?

A steer is a steer whether he weighs 600 pounds or 1200; whether he is in condition to be turned into tender steaks or stringy hamburger. But the cash return of the two means the difference between profit and loss; a nice home or a shack; a time for leisure or a worry about your economic security.

BANNER FEEDS are carefully compounded and fortified with the proper vitamins to produce the finest livestock or poultry surely and reasonably.

Prepare now for a BANNER year with Banner Feeds.

SURPRISE PARTY ON
MR. AND MRS. VERNETTE

Mr. and Mrs. William Vernettes were completely surprised last Tuesday evening when sixteen of their neighbors came in for a farewell party. The evening was spent playing games and visiting. A special feature was an autograph album

brought by Goldie Kesler, which pictured some of the episodes in the lives of Will and Linnie. Each one was expected to write something in this book, or at least sign his name, before going home. Trying to think of a verse in one's own autograph album, "way back when," was something; also, trying to think of anything original, with visiting going on all about, was something else again. But it was accomplished and Goldie presented the book to Will and Linnie as a memento of the years they have lived among us.

Pie and coffee were served as refreshments and we departed, wishing the Vernettes many years of happiness in their new home in Mentone. Several were unable to be present, but they sent their regrets and extended their very best wishes with the rest.

—By one who was present.

Eleanor Leedy, of Burket, had an appendix operation at Murphy hospital, Sunday noon.

Mrs. Ida Blue is a medical patient at McDonald hospital.

Vitamins for Victory

EGGS are recognized by the Government as an essential food for the VICTORY program.

It is reported twice as many eggs will be purchased by Government agencies in 1942 as in 1941. Egg drying facilities are being increased ten fold.

Relatively high prices will be paid for eggs this year, with reasonable feed costs.

Up to the minute National Surveys show buying of early chicks not up to expectations, therefore, it is to the advantage of all that chicks be brooded as early as possible. The supply will probably not equal the demand later on.

We want to share in the Nation's all-out victory march, and we can best do so by supplying you with BIG TYPE WHITE LEGHORN CHICKS that are U. S. APPROVED and PULLORUM CONTROLLED. Our co-operation with the National Poultry Improvement Plan for several years is evidence of the high quality of our chicks. Further evidence is the fact that more than half of our business each year is done with old satisfied customers.

Our CHICKS are backed by 19 years experience of breeding, hatching and management of high producing White Leghorns.

We respectfully invite your inquiry.

D. A. R. MET TUESDAY

The Anthony Nigo Chapter of the Daughters of the American Revolution met on Tuesday evening and celebrated their seventh anniversary. A delicious dinner was served in the dining room of the Methodist church to about sixty members and guests. The guests included the State Regent, Mrs. LaFayette LeVan Porter, of Greencastle, Ind.; Mrs. Gerald Murray, northern director, of Rensselaer, Ind.; state treasurer, Mrs. F. R. Burns, Mentone, also Mrs. L. A. Ferguson, regent, and several members of the Tippecanoe River chapter of Bourbon, and Mrs. Carl Van Trump, regent, and several members of the Manitau chapter of Rochester.

Throughout the evening special music was furnished by Mrs. I. F. Snyder and Miss Rowena Lackey.

Mrs. Porter, state regent, gave a talk relative to the work of the chapters throughout the state of Indiana. Her talk was very inspiring and instructive.

Mrs. Murray, northern director, and Mrs. Burns, state treasurer, gave interesting talks concerning their work in the organization.

The regent acknowledged the gift of a gavel, made from a piece of wood from the large Burr Oak tree in the Berkey woods north of Mentone. The gavel was presented by Mrs. Arthur Brown, retiring regent.

Mrs. C. C. DuBois was the guest speaker. She presented a comprehensive review of the book, "The Living Jefferson," which was thoroughly enjoyed by all.

Chapter will meet on Mar. 24 at the home of Mrs. Emma Pontius with Mrs. Ernie Manwaring assisting.

CARD OF THANKS

I wish to sincerely thank all my friends and neighbors for their kindness and assistance in my hour of sorrow. Especially do I wish to extend my heartfelt thanks to Mrs. Vera Bibler and to those who contributed the beautiful flowers.

VETA LEIGHTY.

FOUR WORDS

NOTHING PERSONAL

By BOB ANDERSON

The Bulldogs finished up their regular season last Friday night by tripping the Claypool Knights by a score of 30 to 23. Mentone, off to an early lead on Romine's basket in the first few minutes, never found themselves behind for the remainder of the game. Igo and Tucker netted 11 points each to almost total the entire Claypool score, while Adams was high for the visitors with a total of seven. This win gives the Bulldogs a regular season record of fourteen wins against five losses, for a percentage of .737, which is nothing to be sneezed at. In fact, the boys will have to win at least three out of four games in the coming sectional to increase the season's average to date.

The Pups, playing their last game of the '41-'42 season, took a scant three-point win from the Knights' second team. The home boys found themselves trailing by four points at the half gun, but were able to forge ahead in the second half to win 19 to 16. Steel, of Claypool, scored ten points to lead all other, while six

Mentone boys divided up Mentone's 19 points, no one getting more than four. The Pups have set a fine record, having lost only four games in seventeen starts for a percentage of .765.

First team score by quarters:

Mentone	9	15	24	30
Claypool	5	12	17	23

BOX SCORE

MENTONE—

Name	FG	FT	P	TP
Igo	3	5	1	11
Horn	1	4	1	6
Tucker	5	1	2	11
Romine	1	0	3	2
Sarber	0	0	3	0
Smith	0	0	0	0
Mosier	0	0	1	0
Whetstone	0	0	3	0

Totals ----- 10 10 14 30

CLAYPOOL—

Name	FG	FT	P	TP
Jenkins	1	0	3	2
Adams	3	1	3	7
Beaman	0	0	0	0
Warren	1	1	0	3
Sumpter	0	1	2	1
Clax	0	0	3	0
Lotz	2	0	3	4
Bloom	2	0	1	4
Zolman	1	0	1	2
Caffman	0	0	2	0

Totals ----- 10 3 18 23

The sectional tourney draw has been announced and Mentone is to meet the Burket Hawks in the second game Thursday evening. Barring an upset, Sidney will probably be the Bulldogs' second opponent.

Poultry supplies at the Co-Op. mill.

NUGGETS FOR BEREANS

By OSCAR M. BAKER

Salvation has three tenses. It includes what God has done about the past, what He is doing in the present, and what He will do in the future. This is a complete and finished salvation and cannot be obtained in parts. When our Lord was about to expire for our sins on the tree, He said, "It is finished."

Past. When we believe, we are saved from the guilt and penalty of past sin. Jesus said to the woman in Luke 7:50, "Thy faith hath saved thee; go in peace." This was the end of past sin as far as any penalty was concerned.

Present. On the same principle of faith we are saved from the power and dominion of sin every day. "For sin shall not have dominion over you," Rom. 6:14. This is a saving power that can keep the believer free from the filthiness of the world. This is obtained by walking in the Spirit so that we "shall not fulfil the lusts of the flesh," Gal. 5:16. The real Christian can live a victorious life.

Future. By the same principle of faith we are yet to be saved from the presence of sin into the presence of God. As long as he lives on this earth, the believer is in the presence of sin. Many religious souls are vexed by the filthy conversation of the world, but a day is coming when the believer will not have to listen to his Savior being reviled by the children of disobedience. He will no longer be tempted and tried, but will be ushered into the presence of God in an incorruptible body. "He is able also to save them to the uttermost . . . He ever liveth to make intercession for them." Heb. 7:25.

Where's the Wilderness?

Yes, where is the wilderness? What has happened to the thousands of trees that once covered this country of ours?

A generation ago—just a short time in the minds of many of the older folks in our midst—bare land was at a premium. Thousands of acres were covered with timber and brush and the highways were merely trails cut through wooded areas. Pioneers struggled for years, it seemed to them, to clear little five-, ten- or fifteen-acre patches. It seemed impossible that they would ever get enough land cleared to have very much farm land.

That was "yesterday." Look at our country today!

The combined efforts of all completed a gigantic task—a task thought impossible. As we sit here today we wonder how quickly today's "impossibles" will be accomplished. The combined efforts of everyone cannot be deterred, and if we will but put forth the effort today, unmindful of the so-called impossibility of the task, before we realize that time has passed, the work will have been completed.

Your assistance is of vital importance to the betterment of your community. Let's all do our part at all times.

WORK AND BUILD TO DAY THAT TOMORROW MIGHT BE MORE ABUNDANT

**ZANE FENSTERMAKER
DIES AT ARGOS TUESDAY**

Zane W. Fenstermaker, lifelong resident of Fulton county, passed away suddenly at his home at Argos Tuesday. Meager information stated that the funeral would be held on Thursday afternoon.

Two daughters, Inez Jefferies and Daisy Fenstermaker, and one son, Vance, survive. His wife passed away a year or so ago, according to our informant.

Miss Iris Blackwell, of Fort Wayne, spent the week end with her parents, Mr. and Mrs. Floyd Blackwell, of near Palestine.

Mr. and Mrs. Dean Bowen, from Quincy, Michigan, spent Sunday with his parents, Mr. and Mrs. L. C. Bowen.

Under date of Feb. 17, addressed from Lake Wales, Florida, Floyd Tucker writes: "Well, here we are tonight down here in Lake Wales. Very warm. Have all the windows up tonight to sleep. We have been to Tampa attending the fair. Very few people on the go. Will be seeing you."

A seven and one-half pound son, was born to Mr. and Mrs. Leo Valentine at the Woodlawn hospital at Rochester Wednesday morning of last week. Mr. Valentine is extensively engaged in grain buying and trucking and lives southeast of Mentone.

Mrs. Eva Irvine, of Leesburg, spent last Wednesday with her sister, Mrs. Lydia Ryneanson.

Rev. John Burgess, of Tippecanoe, is seriously ill at the Woodlawn hospital.

Gerald Ballenger was a medical patient at Woodlawn hospital last Friday and Saturday. He is at home and much improved at this time.

Ralph Warren submitted to an appendectomy at Woodlawn hospital late Saturday night. He is doing very well at this time.

Allen Blue, who was brought to Mentone from the McDonald hospital at Warsaw last Friday, was taken back to the hospital Monday night.

Donald Guy, son of Mr. and Mrs. Orville Guy, of Etna Green, cut his tongue very badly, Sunday, when he fell from his sled. He was taken to Woodlawn hospital, where Dr. Urshel sewed it up. He was removed home on Monday.

ARE YOU

Guilty ?

MR. MOTORIST! You and I are charged with a great responsibility.

There will be no new cars, new tires, paint and but few repairs for the duration of the war. The cars and trucks we now have must continue to operate to relieve the problem of transportation that will shortly become very acute.

To patriotically serve our Nation our cars and trucks must be kept in first class working order. They'll be of no value in storage.

A vehicle that is properly cleaned and lubricated will serve faithfully for many years.

Be patriotic—call us today. We'll come and get your car and return it to you, ready for any emergency.
