## BLACK-OUT A SUCCESS HERE.

Mentone citizens really did a fine job in the county-wide blackout on Thursday evening. Officials and wardens reported that the blackout could be described as one hundred percent.

From seven to ten autos were stopped on highways 19 and 25 from the south and east and without exception, pulled to the side of the road and waited for the "all clear" siren before proceeding.

No accidents were reported by any of the wardens, but some of the lady school teachers almost changed the blackout schedule. They apparently presumed it would be fun to help out in the patrolling and thought they were enjoying themselves—alone. One of the wardens, however, approached unnoticed and all at once out of the darkness came a series of frightful sounds. The resultant screams were sufficiently loud to give the "all clear" signal.

The members of the fire department and the Civilian Defense officials wish to thank the citizens of Mentone for their assistance and co-operation in our first blackout maneuver.

## DR. DOW HAIMBAUGH SERIOUSLY INJURED

Dr. Dow Haimbaugh, Rochester veterinarian and native of Mentone vicinity, is in a critical condition at the Woodlawn hospital, Rochester, as the result of an auto accident Friday at 1:30 p. m. south of Rochester in which he suffered fractures in both feet, concussion of the brain, head injuries which may result in the loss of one eye, bad cuts and possible internal injuries.

He was injured south of Rochester when his car crashed into two trees. Whether his car went out of control after skidding on icy pavement or whether the doctor left the road to avoid a collision with another car is not known. It was said that he had started to go around a truck when the crash occurred. He had been enroute to a call at the McMann farms.

The front of the car was pushed back into the body and Dr. Haimbaugh was pinned into the wreckage.

## COOPERATIVE HOLDS ANNUAL MEETING

Distribution of \$39,830.21 Made to  
2,064 Patrons On 1942  
Business

### LASH, ANDERSON RE-ELECTED

The stockholders of the Northern Indiana Cooperative Association met at the Mentone school Monday afternoon for the annual business meeting and the distribution of stock dividends and patronage refunds.

During the business meeting, the names of Raymond P. Lash and Dr. Emra A. Anderson were nominated as candidates for positions on the board of directors. No other nominations were made, and in conformity with parliamentary procedure, both were duly elected by acclamation. Both men were retiring members of the board, hence no executive change was made. The board members, however, will meet at a later date to name the officers from their group.

The firm during 1942, despite curtailments in many lines and the stringents regulations and changes made necessary by the war effort, was able to not only maintain but exceed the average patronage distribution. The total gross revenue, too maintained its position above the half million dollar mark some four thousand dollars.

### POSTPONED PROGRAM TO BE GIVEN NEXT TUESDAY

Some time ago the Beaver Dam Parent-Teacher Association scheduled a highly entertaining feature for an engagement at the Beaver Dam school but extremely cold weather necessitated postponement. The affair is now scheduled for Tuesday evening, Feb. 9th, and Paul Cumberland, president of the Beaver Dam educational group, insists that it will appear as scheduled now regardless of the weather.

At eight o'clock Tuesday evening the Blackhawk Valley Boys and Penny West, of radio station WOWO, of Fort Wayne, will give a program of singing and music.

Raisin Bran now in stock—Clark's

### BARN AND LIVESTOCK CONSUMED BY FIRE

Fire of unknown origin completely destroyed a barn on a farm owned by Ernest Williamson, Burket, on road 25, just north of Burket about 7:15 Saturday night. In addition to equipment, grain and hay, 31 head of sheep, a horse and a cow were reported lost in the blaze. The Burket fire department responded to the call but found the structure a mass of flames when it arrived and nothing could be done to save the barn.

Everett Warren, the tenant, and his family were in Burket when the alarm was sounded. Mr. Warren rushed to the farm and while fighting the fire received slight burns on his head, neck and left hand.

So far as the tenant knew, no one had been near the barn since the chores were completed about 4:30 in the afternoon.

Mr. Williamson announced that the loss would be about \$3,000 with insurance of about two-thirds that figure. A three-horse grain drill, three Oliver riding plows, 800 bushels of oats and some 12 tons of hay in addition to the livestock, owned by Mr. Williamson, were destroyed.

### REVIVAL TO START AT CHURCH OF CHRIST

Evangelist A. E. Wickman, of Steubenville, Ohio, will be the speaker for revival services which are to be held at the Mentone Church of Christ February 10th to 21st, inclusive. The meetings will be held each evening at 7:30.

### DR. J. R. BAUM TAKEN TO CHICAGO HOSPITAL AFTER WRECK

Dr. J. R. Baum, Warsaw physician who is well known in this vicinity, has been taken to a Chicago hospital following an auto accident Friday night which resulted in a fractured knee-cap. His car overturned on the King's Highway at Winona during a snow storm.

### MENINGITIS FATAL TO BLACKBURN INFANT

Larry Lee, seven-weeks-old son of Mr. and Mrs. Wm. Blackburn, passed away at five o'clock Thursday morning after a week's illness with a meningitis infection. Funeral services will be held at the home about a mile west of town Friday afternoon at 1:30. Rev. V. E. Stoner will officiate at the private funeral. Johns funeral home has charge of arrangements.

The lad was born last Dec. 13th and was one month and 23 days old. Surviving besides the grieved parents are two brothers, Max and Billy, aged about 4 and 7 years, and the grandparents, Mr. and Mrs. Geo. A. Blackburn and Mr. and Mrs. C. D. Meredith.

### STEPHEN BARRETT BURIED SUNDAY

Funeral services were held at the Tippecanoe Methodist church Sunday afternoon at two o'clock for Stephen S. Barret, who died suddenly at his son's farm Thursday morning. Rev. Walter Kennedy officiated and interment was at Tippecanoe.

Mr. Barrett, who was 73 years, 3 months and 25 days of age, was born near Talma Oct. 3, 1869 to Alexander and Malona Barrett and had resided in Fulton and Marshall Counties his entire life. Forty-five years ago he was united in marriage to Carrie King, who, along with one son Donald and four grandchildren, survive.

Mr. Barrett had been doing the chores at the son's place (as the son has been living in Tippecanoe) and had left the Ed. Warnacut home only a short time before he died. He had been chopping ice from a hog watering trough, and indications were that he had become dizzy and sat down near the fence to rest. When found by Mr. Warnacut, he was in a sitting position, his head back against the fence and both hands beside him braced against the ground. Dr. C. G. Macke, of Culver, Marshall county coroner, was called and gave the cause of death as coronary occlusion.

## PADDY DIGS A CANAL

JERRY MUSKRAT had been home to the Smiling Pool several days. But he couldn't stay there long. Oh my, no! He just had to get back to see what his big cousin, Paddy the Beaver, was doing. So as soon as he was sure that everything was all right at the Smiling Pool he hurried back up the Laughing Brook to Paddy's pond, deep in the Green Forest. As soon as he was in sight of it he looked eagerly for Paddy. At first he didn't see him. Then he stopped and gazed over at the place where Paddy had been cutting aspen trees for food. Something was going on there—something queer. He couldn't make it out.

Just then Sammy Jay came flying over.

"What's Paddy doing?" Jerry asked.

Sammy Jay dropped down to the top of an alder tree and fluffed out all his feathers in a very important way. "Oh," said he, "Paddy and I are building something!"

"You! Paddy and you! Ha, ha! Paddy and you building something!" Jerry laughed.

"Yes, me!" snapped Sammy an-

"Oh," replied Paddy, "Sammy Jay and I are building a canal."

grily. "That's what I said—Paddy and I are building something."

Jerry had begun to swim across the pond by this time and Sammy was flying across. "Why don't you tell the truth, Sammy, and say that Paddy is building something and you are making him all the trouble you can?" called Jerry.

Sammy's eyes snapped angrily and he darted down at Jerry's little brown head. "It isn't true!" he shrieked. "You ask Paddy if I'm not helping!"

Jerry ducked under water to escape Sammy's sharp bill. When he came up again Sammy was over in the little grove of aspen trees where

Paddy was at work. Then Jerry discovered something. What was it? Why a little water path led right up to the aspen trees and there at the end of the little water path was Paddy the Beaver hard at work. He was digging and piling the earth on one side very neatly. In fact he was making the water path longer. Jerry swam right up the little water path to where Paddy was working.

"Good morning, Cousin Paddy," said he. "What are you doing?"

"Oh," replied Paddy, "Sammy Jay and I are building a canal."

Sammy Jay looked down at Jerry in triumph and Jerry looked at Paddy as if he thought that he was joking.

"Sammy Jay? What's Sammy Jay got to do about it?" demanded Jerry.

"A whole lot," replied Paddy. "You see, he keeps watch while I work. If he didn't I couldn't work and there wouldn't be any canal. Old Man Coyote has been trying to catch me and I wouldn't dare work on shore if it wasn't that I am sure that the sharpest eyes in the Green Forest are watching for danger."

Sammy Jay looked very much pleased, indeed, and very proud. "So you see it takes both of us to make this canal; I dig while Sammy watches. So we are building it together," continued Paddy.

"I see," said Jerry slowly. Then he turned to Sammy Jay. "I beg your pardon, Sammy," said he, "I do, indeed."

"That's all right," replied Sammy airily. "What do you think of our canal?"

"I think it is wonderful," replied Jerry. And, indeed, it was a very fine canal, straight, wide, and deep enough for Paddy to swim and float his logs out to the pond. Yes, indeed, it was a very fine canal.

FEBRUARY 1, 1923

Forrest Kesler gave the Chamber of Commerce a very instructive talk on "How The Weather Is Made." "Red" has had three years experience in the weather forecasting bureau at Springfield and Chicago.

Headline—"Death Comes to Mrs. Phoebe Blue."

Three high school girls won prizes at the Farmers Institute. Lucille Jefferies, Pauline McFarland and Helen Nellans were awarded prizes for cooking and sewing.

Friday evening a number of neighbors and friends who chanced to arrive in January, met at the beautiful country home of Mr. and Mrs. Ora Tucker. A delicious oyster supper was the beginning of a delightful evening. Just imagine a birthday cake large enough to hold all the candles required to represent all the years of the birthdays being celebrated. Mrs. Nora Tucker alone holds the secret of baking such a cake. Following this were games, music and a social good time. Mr. Tucker brot about the climax of the evening with a large freezer of ice cream as a surprise to all.

Those whose birthdays came at this time were:

Mrs. Ora Tucker.  
Mrs. Mars Tucker.  
Mrs. Gus Mollenhour.  
Mrs. Sadie Black.  
Mrs. Charles Tucker.  
Mrs. Floyd Tucker.  
Floyd Tucker.  
Lillie Tucker.  
Max Nellans.

Miss Rachael Critcher died last Saturday at the home of her sister, Mrs. Samuel Scott, in Warsaw. Miss Critcher has been in charge of the primary room of the Mentone school for the past 20 years. Her passing is a great loss to the community.

Mr. and Mrs. Frank Vernet returned home Sunday after a three day visit with their daughter, Mrs. Charles Byrer, in Fort Wayne.

Mr. and Mrs. M. D. Burket and daughter Lillian and Mrs. Shafer visited Joseph Johnson and wife last Sunday.

Wm. Zent and daughter, Mrs. Sprague, spent Sunday at Etna Green with another daughter, Mrs. Flo Anderson.

Mr. and Mrs. Wm. Robbins entertained at dinner last Sunday John Ellis of Wisconsin, Lafe Beeson, Wm.

Fisher and wife, Jerry Robbins, wife and daughters and Henry Robbins and family.

Mr. and Mrs. W. C. Austin returned from Crozet, Virginia Tuesday where they have been visiting his parents since the first of December.

Mrs. Isaac Kesler and her mother, Mrs. Rathfon, are visiting friends in Huntington this week.

FEBRUARY 5, 1903

The Senior class of the Mentone High School was very pleasantly entertained at the home of Miss Mae Lash last Wednesday evening. The evening was given to games and social amusements, after which light refreshments were served.

R. J. Lambert has been appointed night watchman to fill the vacancy caused by the resignation of Frank Sumey.

Grandpa Cattell is reported as feeling pretty well again after his bad spell of last week.

Ed. Jones, who has been confined to his home since last fall from the effects of an axe wound in his foot, is reported to be improving.

Elsworth Milton, of Burket, has killed 400 rabbits this winter.

Comrade James Lee has kept a careful record of snow-fall this winter, and so far it totals 37 inches.

Miss Clara Dillingham came home from Warsaw to spend Sunday with her parents.

Mr. and Mrs. L. L. Latimer spent Sunday with friends in Silver Lake.

### "CORRIDOR" ATTACK

Magicians have been declared as non-essential in the war effort, but it appears that this is in error. It's going to take all the artisans of magic to bring back order to some of the highly organized messes of disorder into which we are rushing madly. Like visiting youngsters, running up and down the upstairs hallway, various government departments are dashing toward an objective (and it is possible that the objective is logical) but are paying no heed to the needs of other departments or groups along the way.

We've been told there's little chance of a food shortage, but now we're told it may be scarce. Increased numbers in the armed forces means an increased number necessary to build military equipment and more for food production. It's an adverse proportion and not a direct one.

With all due regard to those in authority, a proper balance must be maintained or all phases of our war effort will suffer. Complete disruption of civilian activity will do more to destroy morale than any method the mad schemers of nazism could devise.

I hope those in charge of all our war efforts are intelligent enough to choose the proper course to pursue.

### THE FIRST SIGNS

Ten years ago, when ninety-five percent of the people of the United States were wallowing in the mire of economic chaos as an aftermath of the wholesale and unscrupulous curtailment of the then normal credits in the fateful month in 1929, relief in any trivial amount would have been most welcome and appreciated. Some relief was granted—not in the manner which was the most logical but in a manner which would preserve the set standards of the professional racketeer, business or political. In other words, then, as now, they

## VICTORY'S SONS

### "Sighted Sub, Sank Same"

Donald F.  
Mason

It was the duty of Chief Petty Officer Donald F. Mason to patrol the coast in his plane, searching out enemy subs playing havoc with Allied shipping.

His company consisted of two depth bombs hanging beneath the fuselage of the plane.

Then one day came Donald Mason's golden opportunity.

He observed a submarine proceeding submerged at periscope depth.

Immediately he put his plane into a dive and at low altitude dropped his "company"—two depth bombs. They straddled the sub's periscope. The conning tower rose clear of the water, then sank. Mason's report to his officers, a report which will long be remembered, was:

"Sighted sub, sank same."

"went around the world" to do what could have been done by going across the street.

Our sugar problem (and no reference is hereby made about us not receiving a satisfactory amount under rationing, as we do get a sufficient amount) is all handled with the thought that no injury be done to the sugar interests whose only business is importing sugar. They won't permit production of sugar beets or cane in sufficient quantities to make the United States self-supporting. The synthetic rubber program has all been steered by the powerful oil lobbies for their benefit (and the interests of financial concerns who have rubber investments in occupied countries) and all the while virtually disregarding the cause of agriculture and the part it can play in making synthetic rubber and yet take no feeding val-

ue from the grain used.

Filling stations have been given exceptionally fine protection by official edicts (and they happen to be the oil industry's only sales outlet in normal times) while grocerymen and all other small businesses are threatened with being placed on the honorary list: War Casualties.

The pull of selfishness and greed, however, devoured the opportunity of the controlling interests to perpetuate that over which they had control, and the year 1936 brought on new record highs on profit statements. Greed was still king while the words and deeds of the proclaimers of the golden rule still rang in our ears. Conditions, and methods, have not improved and the inevitable which we hoped against for ten years is coming nearer and at an ever-increasing rate. This is

not due to any political party nor to any change in society's viewpoint. This writer has looked carefully for the first mobile sign of greed's last resort to prevail at any cost. Today, in an editorial in Liberty magazine, could be seen the first ripples on the waters, which hinted that this monster had begun to move.

Force, military or otherwise, has always been used when other sinister methods have failed.

Political parties have no part whatsoever with the "heart" of these movements even though political parties do "take a free ride" whenever it appears profitable for them to do so. My one and only suggestion is that every man and woman keep a watchful eye to see the developments as they come along. The various newspaper columnists will soon be supplementing this editorial to gradually entwine humanity in a network of placid agreement.

A few days ago a concocted story attempted to show disloyalty among the merchant marine. It was quickly proven false. Labor union officials and foremen are being bribed to urge slow-downs in "10% above cost" war plants (and the unions getting all the blame). It isn't difficult to determine to whom the benefits would accrue. It is a way to disgrace labor at labor's own prestige expense and still make greater profits. Labor unions have too many officials who have detoured their zeal from labor's cause to personal financial gain, and labor itself should do some housecleaning. Congressional investigations this week has placed the blame for the steel industry's recent squabble with labor wherein labor was the target of all the blame previously.

Labor's racketeers—and even the cost of the present war—is but a trifling sum compared with that taken from labor by industrial pension funds which have been absorbed by industry. I have known many men, and so have you, who worked to within a few months of a pension and then be dismissed from the payroll before "maturity."

The boys fighting for democracy today will not forget—and we will not forget. Let's hope that the bright clouds will shine through before the lethal cup touches the lips of all humanity.

Joseph C. Grew Warns

# Half-Effort Will Not Defeat Japan

By JOSEPH C. GREW

United States Ambassador to Japan until the outbreak of war, and author of "Report From Tokio."

(Written for the Treasury Department in connection with the Retailers' "SAY YES" campaign to complete the nation's 100,000,000 partially filled War Stamp albums.)

WASHINGTON, D. C.—In describing one of the big air battles over Guadalcanal a recent newspaper account tells of an American flyer who parachuted from his crippled plane to the waters of Lunga Bay. The Navy craft which picked him up next went to the rescue of a Japanese pilot seen struggling in the water nearby. As the rescue boat reached the Japanese flyer he suddenly pulled out his revolver, aimed it at the drenched American pilot and pulled the trigger. The cartridge failed to explode. Then the Japanese officer turned the gun on himself with suicidal intent. Again he pulled the trigger and again his revolver failed him. At this point an American sailor knocked him out with a boat hook and pulled him aboard the American craft a prisoner.

Almost daily one reads eye-witness stories such as this one, and all of them clearly demonstrate that war with our enemy in the Pacific cannot end in compromise.

For ten years I lived in Japan. The truth as I know it from close observation is this: Nothing less than the exertion of our maximum capacities, individually and collectively, in a war of offense will bring our beloved country safely to the longed-for haven of victorious peace.

The Japanese are pawns of a senseless but mighty militarism—a warrior caste which is ruthless and cruel beyond comprehension.

JOSEPH C. GREW

Says It's Fight to Finish

From the flood of eye witness accounts of atrocity and bestiality one fact shines clear. We must utterly crush that machine and caste and system. If, however, we Americans think that collectively and individually we can continue to lead our nor-

mal lives, leaving the spirit of self-sacrifice to our soldiers and sailors, we shall unquestionably run the risk of a stalemate with Japan. I do not have the slightest doubt of our eventual victory. But I do not wish to see the period of our blood, sweat and tears indefinitely and unnecessarily prolonged. We must not fail to realize that we are up against a powerful fighting machine, a people whose morale cannot be broken even by successive defeats and untold economic hardship, a people who gladly sacrifice their lives for their Emperor and their nation. We must also remember that Japan did not start this war without carefully laid military plans for victory over the United States and a peace dictated by their war lords at the White House.

This is a total war, the only answer to which is a total American victory. It is a war in which half measures of any kind mean incredible waste of material, energy and human life. In this sense a half-filled War Savings Stamp album is symbolic of a half effort. There are, I am told, roughly 100 million partially complete War Stamp albums now in circulation. These uncompleted Stamp albums are, in a measure, like a 100 million threats to a speedy and victorious peace. On the other hand, for every War Savings album completed and cashed in for a Bond, you the owner have helped some soldier or sailor take a forward step on the uphill road to total victory. U. S. Treasury Department

## DEVICES METHOD TO WASH SEPARATOR IN ONLY TWO MINUTES

The farm homemaker gets a real break as a result of a development which makes it possible for her to wash the separator in only two minutes.

Creator of the new method is Prof. A. W. Rudnick, extension dairyman of Iowa State College, who carried on his experimental work under actual farm conditions on the H. C. Stendel place in Wayne County, Ia. The new method makes use neither

of soap nor washing powder. Instead, it utilizes a wetting agent compound of the variety that have become so popular recently with housewives for many kitchen and bathroom chores. The wetting agent compound—and there are any number on the market—not only radically cuts down the time required to clean the separator but also does a much better job of cleaning than has been achieved heretofore. The new washing procedure calls for no special equipment, and requires only one pail of warm water. The cost of washing a separator this new way is no greater than with any other method.

The full importance of the new method can be appreciated only if it is realized that a dirty separator is the principal source of poor cream. Because separator cleaning as carried out on the average farm is slow and bothersome, it is seldom done properly. In all too many cases the separator before long becomes a breeding place for mold and bacteria. A likely result is low-grade cream for which the farmer receives a low price, a lot of grief for the creamery

which purchases it, and butter which no consumer will be particularly anxious to eat. There is going to be little excuse for any of this now that a really effective washing method has been devised which takes a lot less time to wash the separator twice daily than it has been taking to do it once a day by the usual methods. It is particularly fortunate for America that this time-saving method should have been discovered when farm labor is so precious and butter is so much needed for our armed forces.

A chief merit of the new method is that it cleans greasy surfaces without scouring or scrubbing. While the solution is running from the machine a soft bottle brush is used to brush the supply tank inside and out, the outside of the cream and skim milk spouts, as well as the frame of the separator. The solution leaves even the disks perfectly clean. If inspection should reveal a slight smear on an occasional disk, it is simply put back into the solution and the brush run over it several times.

Prof. Rudnick says that his new

method is of little or no value if the separator is not cleaned immediately after each separation. He states further that after the separator has been cleaned the same solution can be used to wash the pails, cans and other dairy utensils.

Full information concerning the new method and complete directions for using it may be had from the National Cream Quality Program, 110 North Franklin Street, Chicago, Ill., which contributed this news article.

## NUGGETS FOR BEREANS

In the three verses, Eph. 2:8-10, we find three WORKS mentioned. This is doctrinal in nature, and yet the practical is hinted at. Paul is always consistent. He always teaches position before practice. Such consistency, however can only be of God. Since men are always interested in works, let us examine briefly these three.

1. "NOT OF WORKS, LEST ANY MAN SHOULD BOAST." There is no place in all the Bible which emphasizes so strongly that salvation is not in any way obtained by works, but must be purely a gift from God. It must be accepted as a pure gift, or it cannot be obtained at all. Any works of the flesh, even on the part of such a believer as Isaiah, is only polluted garments in the sight of God. So how could one dead in trespasses and sins ever produce one good work pleasing to God? What a blasphemy it is for a man to boast of doing something which God alone can do!

2. "WE ARE HIS WORKMANSHIP." In this world we often hear of self-made men. But in the spiritual realm, this can never be true. We are His workmanship. The word WORKMANSHIP takes us back to the generations of the heavens and the earth. They had already been made, but great darkness had come in. So in our case He hath commanded a light to shine into our hearts to give knowledge of the glory of God in the face of Jesus Christ.

3. "CREATED IN CHRIST JESUS UNTO GOOD WORKS." Here is the proper place for works. The word ORDAINER is used here also. An apple tree is ordained to bear apples. A peach tree is ordained to bear peaches. Just so is one who has become a new creature in Christ ordained to bring forth good works. It is his natural fruit. The believer is exhorted to maintain good works (Tit. 3:8). So salvation is NOT OF WORKS.....BUT UNTO GOD WORKS. May the Lord be glorified by much fruit.

—Oscar M. Baker.

## Church Notes

### CHURCH OF CHRIST Mentone, Ind.

Bible Classes ..... 9:30 a.m.  
Bible Study (Thursday) ... 8:00 p.m.  
A hearty welcome to all.

### FIRST BAPTIST CHURCH Mentone, Ind.

You Are Ever Welcome to This  
House of God

Wm. H. Danforth, president, Ralston Purina Co., Inc., says: "We love our children. It's our responsibility to give them a foundation of physical strength. We plan an educational program that they may have alert minds. We are ambitious, that they may have social advantages. But when emphasis is laid on spiritual

development, up go our hands. We are at sea.

"We turn to the Sunday school and shift our responsibility there. The Sunday school has brought inspiration to most of us. We remember our consecrated teachers. They lived and taught an ideal which made an impression on our characters. What of our Sunday schools today in this strenuous changing world? It's an arm of the church which must challenge leadership. With a deep desire for our own children's spiritual growth, the Sunday school of today demands our time and mind and means to make it a vital power in bringing in the Kingdom."

Your children will receive valuable instruction in our Sunday school. We teach the "Whole Bible Course" from Genesis to Revelation. Bring them Sunday. You will never regret it. Classes for all ages.

Sunday School ..... 9:30 A. M.  
Morning Worship ..... 10:30 A. M.  
Subject: "The Christian in the time of War."

B. Y. P. U. .... 6:30 P. M.  
Senior subject: "Proving My Allegiance to My Church." All young people invited.  
Junior subject: "The Land of Promise."

Evening Gospel Service... 7:30 P. M.  
This is an informal inspirational service with special music. You will enjoy the fine fellowship. Come and bring your friends.  
Prayer meeting and Bible Study.

Thursday ..... 7:30 P. M.  
E. COLEMAN RALSTON, Pastor.

### METHODIST CHURCH Mentone, Ind.

Pastor—Victor E. Stoner  
PHONE No. 165

In days of old, prophets who were conscious of great needs called the people to a dedication of their lives to God. When the people responded they received the blessings of God.

As it was then, so it is now and ever shall be. God will bless his people throughout the world when they meet the conditions that make it possible.

The Christian people of this nation and throughout the world are caught up in a fellowship of suffering. This must be met with the saving gospel of Jesus Christ. The extent to which this is done will depend upon the loyalty of the church fellowship to God's cause.

Let us all enter again into the life which will exalt the Gospel of Christ and thereby establish a larger area of God's Kingdom in the world.

Attend Church and worship there. Worship at 10:00 A. M. and 7:30 P. M. Sunday School at 11:00 and Youth activities at 6:30. Bible Study Thursday at 7:00. Women's Society of Christian Service Friday afternoon of this week at 2:00.

## Bench Warmer

Last Friday night the Mentone teams opposed the Tippecanoe teams on the home floor and were successful in defeating both teams. The Pups took the Tip Seconds, 32-8, and the Bulldogs won over the Tip Firsts, 47-16.

We believe the boys could have played a far better game than was played that night. Wild passes and awkward plays were common to both sides.

Score by Quarters:

Bulldogs .....	12	19	32	47
Tippecanoe .....	4	8	15	16
Pups .....	8	17	24	32
Tip Seconds .....	3	5	6	8

The next game scheduled is Men-versus Atwood. We are planning to play that game on the home floor, Tuesday, February 9. Due to present transportation difficulties and the inability of the two schools to agree upon a date, the Mentone-Pierceton game will not be played.

### TROPHY TO BE GIVEN

Coach Harvey has announced that he will award a trophy to the boy with the highest free throw percentage at the end of the season. The total number of free of free throws taken will be divided by the number of boys on the team. All boys whose attempted free throws equals or exceeds this average will be eligible. The reason for this is to eliminate those boys who made a perfect percentage from only two or three shots, because the more shots a boy takes the more chance he has of missing. The findings will be published later.

## 12% INCREASE IN EGG PRODUCTION U. S. GOAL!

It's a Cinch! We  
Increased Our Egg  
Yield 33 1/3%

"Our egg production used to be as up-and-down as a ride on a roller coaster. That's because every time the temperature took a nose-dive, we were too busy keeping warm to bother about laying eggs. Then our boss insulated our laying house with Celotex Vapor-seal Sheathing. Since then we've consistently turned out a third more eggs from the same-sized flock."

Progressive poultrymen are guaranteeing their quo-

tas in Uncle Sam's "Food for Freedom" program by insulating their buildings with Celotex Vapor-seal Sheathing. By maintaining constant, warm temperatures in laying houses, this efficient structural insulation encourages increased egg production. Used in brooder houses, Celotex Insulation also aids chicks to grow rapidly and feather out evenly.

Put Your "Egg Factory" on a War Production Basis. Our Free Plans Tell You How!

Leading Poultrymen know that the Celotex Poultry Building Plans are the last word in modern poultry house construction. Come in for your free copies today!

# MENTONE GIRL AWARDED D. A. R. HONOR

Miss Katherine Snider of the Mentone High School represents the Mentone High School in the Good Citizenship Pilgrimage contest sponsored by the Anthony Nigo Chapter of the Daughters of the American Revolution.

Each year one senior girl is chosen from each high school and the winners are given certificates of merit and the right to compete in the state contest. State winners are awarded a free trip to the Continental Congress the annual National Meeting of the D. A. R. Because of crowded conditions in Washington D. C. the Congress next April will take place in Cincinnati, Ohio.

The Anthony Nigo Chapter also makes an annual award to the highest ranking history student in the school.

# FLOOR COLLAPSES AT CO-OP MILL SATURDAY

Sometime between Saturday evening and Sunday a floor in a second story feed bin on the south storage at the large Co-Op. Mill at Mentone gave way under the weight of nearly two carloads of feed and came down to the main floor. The feed was in sacks and the loss was not as great as it might have been. The accident likewise picked an appropriate time to take place—while no employees were on duty. Forrest Grubbs had taken out a load of oat hulls Saturday afternoon and possibly had some bad dreams after learning of the floor giving way.

The total loss to building and materials according to Manager Teel will be somewhere near \$300.

# ROBERT DUGLAY PROMOTED

(Public Relations Office)  
Key Field, Miss. — Private First Class Robert F. Duglay climbed at other step up the ladder of military promotion at Key Field recently when he was advanced to the grade of corporal. Corporal Duglay, whose parents, Mr. and Mrs. Walter E. Duglay, live at South Whitley, Ind., lives at Mentone, Ind., prior to his enlistment at Toledo, Ohio, in April, 1942. He is on duty here with a tactical squadron.

# Warsaw Laundry Co. TRUCK

# WARDENS FOR BLACKOUT AT MENTONE THURSDAY

The Mentone Fire Department met at the city hall Monday evening to complete plans for Mentone's participation in the county-wide blackout Thursday evening, February 4th. The meeting was under the direction of K. A. Riner, member of the County Civilian Defense Council.

Wardens were named and instructed to notify all residents in each ward as to the coming blackout and the procedure to be followed. The wardens were:

Ernest Igo, all south of the railroad and east of Franklin street.

Artley D. Cullum, all south of the railroad and west from Franklin to Walnut street.

Clayton Holloway, all south of the railroad from Walnut to Oak street.

K. A. Riner and C. O. Mollenhour, all north of the railroad to highways 25 and 19.

Kenneth Barkman, all northwest of Tucker and Harrison streets.

Lyman Mollenhour, No. Harrison, Broadway and Tucker streets.

John Ellsworth, northeast to intersection of Broadway and Harrison streets.

Elmore Fenstermaker and Everett Long, east of Interurban north to Harrison street.

H. V. Johns, Broadway and Tucker streets north to Harrison.

Leroy Cox, Broadway and Winona north to Harrison street.

Martin Ernsberger, Tucker and Franklin streets north to Harrison.

Ed. Bowser, south of main to the railroad east from depot.

Highway guards are: Verl Halderman and Clayton Holloway, 25 west. Elmore Fenstermaker and Allen Herendeen, 25 east. Ed Creakbaum and Max Smith, 19 north. R. G. Reed and Dale Kelley, 19 south.

# CHARLES L. KERN ADVANCED

A communication from the Public Relations Office, A.A.F. Technical Training Command, Miami Beach, Fla., states:

Corporal Charles L. Kern having successfully completed his three months course at the Air Forces Officer Candidate School at Miami Beach, Florida, has received his commission as 2nd Lieutenant in the Air Forces of the Army of the United States. His duties will be to direct vital administrative and supply operations of the rapidly expanding Army Air Forces ground forces, thus relieving trained pilots for full time flying duty.

As a civilian, Lt. Kern lived at Mentone, the son of Ivan J. Kern.

# WHY NOT?

MR. ECONOMY:—"I wish I could get some machinery, livestock and feed but taxes are so high, etc."

MR. THRIFT:—"Why not buy what you need at the Roy Rush sale after March 1st; his sale is on Thursday, March 4th."

Old Fashioned Blind Robbins at Clark's.

# What You Buy With WAR BONDS

Of course you want that new bathroom. But not now, for raw materials are going into War equipment and tools for our boys on the battle front. But your investment in War Bonds today will buy that new bathroom when the War is won.

If you have not done so, join the Payroll Savings Plan at your office or factory today. Put ten percent or more of your earnings in War Bonds and get back \$4 for \$3 from Uncle Sam. Let's "Top that Ten Percent." U. S. Treasury Department

# D. A. R. MEETS AT HOME OF MRS. LACKEY

Thirteen members of the Anthony Nigo Chapter met at the home of Mrs. Pearl Lackey Tuesday evening, Jan. 26th. Roll call was responded to by giving some of "Poor Richard's Sayings."

Several matters of business were taken care of and Mrs. Burns and Mrs. Boggs were named alternates to the Continental Congress to be held at Cincinnati.

Cards were given out to send to Mrs. Annie Gregory of Williamsport, Pa., the only real daughter of the Revolution, who is 100 years old.

Mrs. Dora Taylor very capably gave a paper on "Biography of Benjamin Franklin."

Delicious refreshments were served by the hostess, assisted by Mrs. Ray Linn and Mrs. Sherman Bybee. Miss Flora Holt was the guest of the evening.

# LIONS ENTERTAIN C.A.P.

The Mentone Lions club entertained fourteen members of the Civil Air Patrol unit, of Rochester, at their regular meeting Wednesday evening. The CAP members were those from Mentone, Commander and Mrs. Robt. Hogue of Silver Lake, and Mr. and Mrs. Wayne Outcalt, Martha Kendig and Keith Hermantz of Rochester.

Several local boys, who expect to be called for army duty soon, were also guests of the club.

During the business session, President Nelson read a communication from the Dupont company regarding the various inventions, etc. that the American citizens can expect when war ceases.

This is the last week for No. 28 Coffee Stamp. Try Richelieu for more cups per pound. Clark's.

## News of Mentone and Vicinity

Bulk Kraut, 5c lb. Clark's.

John L. Kessler, of South Bend, and Elmer Rathfon of west of Mentone, were visitors at the J. D. Long home Monday afternoon.

Try Miracle Maize for quick corn bread. Clark's.

Pvt. Eldred (Bud) Paulus, who is stationed at Camp Custer, Michigan, enjoyed a 30-hour leave over the week end with his parents here.

Corp. Wm. E. Cook, of Augusta, Ga., spent a few days the past week visiting his parents, Mr. and Mrs. Wm. Cook.

Giant Pascal Celery at Clark's.

Mrs. Lester Drudge and infant son of Burket, were removed from the Woodlawn hospital in the Tucker ambulance Tuesday to the home of Mr. and Mrs. Herschel Drudge.

Jack Shinn, son of Mr. and Mrs. Earl Shinn, who enlisted in the Army Air Corp several months ago, has received his call to active duty and is to report at Nashville, Tenn. Friday of this week.

Old Fashioned Blind Robbins at Clark's.

Miles Igo went to Chicago Thursday to attempt to enlist in the Navy Air Corp Reserves. Richard Hudson, also a Mentone high school student, made the trip Wednesday, but no report is available of either of the boys. The re-serve enlistment, we understand, is to permit the boys to complete their high school work and also assure them of their choice in the service branch they prefer. They are subject to call at any time but usually are not called prior to their 18th birthday or the end of the school year. (Late reports are that both boys failed in the examinations, but their physical deficiencies were so slight that other attempts will be made.

**Come to the  
LAKE TRAIL CAFE**  
Mentone, Ind.

LLOYD RICKEL, Jr.

### EVERYONE EAGERLY AWAIT-

#### ING FISH FRY THURSDAY

The Mentone Conservation club, which discussed but failed to bring to a definite conclusion the plans for the annual fish fry, at their meeting held recently at the Mentone Cafe, now announce that things are really brewing for a big night Thursday, Feb. 11th at the Mentone school.

The boys from the famous Jonah club will be on the job, and judging from past experience, this gang never misses when it comes to putting on a first class fish fry.

As in times past, admission to the banquet room (and they promise all the fish you can eat) will include your membership in the Mentone Conservation Club for the year 1943.

The supper is at 7:00, but all are advised to secure their membership cards previous to that time. The tickets are only a dollar and they can be secured at the Shafer & Van-Gilder drug store or any of the following members of the Conservation club: Elmore Fenstermaker, C. O. Mollenhour, Gus Mollenhour, Allen Herendeen, Artley D. Cullum, Lyndes Latimer, H. V. Johns, Lyman Mollenhour, John Ellsworth and E. G. Harrison.

A program is being arranged and it is expected that this will include a moving picture from the Conservation Department.

## MARGARET ANN WARD MARRIED SATURDAY EVENING

In a simple but beautiful candle-light ceremony, Miss Margaret Ann Ward, daughter of Mr. and Mrs. Rea H. Ward became the bride of Mr. Raymond M. Dodson, son of Mr. and Mrs. Curvin Dodson, of Mountain Top, Pa., Saturday evening, Feb. 6, at 8:30 o'clock at the home of her parents near Mentone. Rev. E. E. DeWitt of Larwill read the nuptial vows using the single ring ceremony after a short musical by Mrs. Maude Snyder and Miss Edna Eizinger. Mrs. Snyder played "To A Wild Rose," by MacDowell, then accompanied Miss Eizinger as she sang, "Oh Sweet Mystery of Life" and "I Love You Truly" and used "Because" as the processional when Mr. Ward brought his daughter to the white satin altar. The bride wore a white street length dress of light weight wool and a corsage of American Beauty rosebuds.

Following the ceremony the wedding dinner was served to the bride and groom, Mr. and Mrs. Rea H. Ward, Rev. and Mrs. E. E. DeWitt, Miss Lois Ward, Mr. Paul Fritz, Mrs. Maude Snyder, Miss Edna Eizinger, Mrs. Harold Weissert and Mr. Raymond Miller.

The bride is a junior at Northwestern University where she will continue to study. The groom is a graduate of the Franklin and Marshall College of Lancaster, Pa., where he majored in chemistry and where he was a Phi Beta Cappa. He is now working on his doctor's degree at Northwestern and also acting as a teacher's assistant in the chemistry department.

Mr. and Mrs. Dodson left Sunday afternoon for Evanston where they will be at home at 1843 Ashbury Avenue.

## WILLIAM MEREDITH MARRIED

Georgia Mishler, daughter of Mr. and Mrs. E. Mishler of Warsaw, and William Meredith of Mentone, son of Mr. and Mrs. Harry Meredith, were married at Syracuse Saturday. Rev. J. W. Jones read the ceremony.

## GOSPEL MEETINGS AT THE CHURCH OF CHRIST

Evangelist A. E. Wickham of Steubenville, Ohio, well known preacher and lecturer, will begin a series of chart lessons on the Bible Thursday night. The meeting began Wednesday night with a good attendance. Bring your Bible and note books. The charts used by Mr. Wickham will outline the Bible and the plan of salvation. Mr. Wickham will give his great chart lecture on the subject, "Where Are The Dead?" He will also deliver his lecture that has drawn large crowds on the subject, "What Would Be The Condition of the Religious World If Hitler Wins?" Meeting begins each evening at 7:30. It will close Feb. 21st. All are welcome.

## CONSERVATION PLUS.

When 200 fish keep 200 men waiting six hours to catch them, 1200 man hours have been expended before accomplishing anything. The same is true at a farm sale where you wait several hours for the auctioneer to get to the item you want.

Hundreds of hours time will be saved at the Roy Rush farm sale on March 4 as he is using a streamlined auctioneer and the sale is to be streamlined. You can work at home in the forenoon as it is an afternoon sale, Thursday, March 4.

## BIRTHDAY DINNER HONORING TWINS

A birthday dinner was given Sunday at the Raymond Bare home in honor of Mrs. Bare and her twin sister, Mrs. Lloyd Resler, of Milford. Other guests were Mr. and Mrs. Orville Orn and Mr. and Mrs. Lester Cretcher, of Milford. Also Miss Charline Orn, of Fort Wayne, who came Saturday evening.

## IN LOVING MEMORY

In loving memory of my husband, Ed. W. Leighty, who left me one year ago today, Feb. 13, 1942.  
VETA L. LEIGHTY.

## CO-OP. OFFICIALS RE-NAMED.

The first official meeting of the board of directors of the Northern Indiana Cooperative Association since the annual meeting February 1, was held at the main office Saturday evening. All directors were present and no change in officers and personnel was made. All were renamed as follows:

Hobart Creighton, president.  
E. D. Anderson, vice president.  
F. L. Kesler, secretary.  
Raymond S. Bare, treasurer.  
Oliver C. Teel, general manager.

## SUGGESTING PLANS FOR LOCAL MANPOWER POOL

Mentone citizens have been discussing of late, the feasibility of organizing a local manpower pool to assist farmers during the coming season. Various methods have been suggested, such as the closing of all business places one day a week, etc.

Of course, first of all, it should be definitely determined as to whether or not the farmers would be interested (or even permit) a flock of the city-fied "aristocracy" on the farms in the capacity of hired hands.

(The Indians on the western plains let the white men stop long enough to give them a few shots of whiskey, sociable like, and soon found themselves kicked off their own land.)

K. A. Riner, local Civilian Defense Chairman, has accepted the responsibility of helping to formulate some plan for farm labor relief and any suggestions you may have should be given to him.

## TAX REPRESENTATIVE AT MENTONE FRIDAY

The Kosciusko County Farm Bureau has a number of men contracted to meet with farmers throughout the county and assist them with compiling their Federal Income reports.

This service, we are advised, is to be free to all those who are, or agree to be, members of the Farm Bureau. The balance of the schedule is as follows:

Feb. 12—Mentone Library.  
Feb. 13—Monroe Township School and at Warsaw.

## 1943 VICTORY BOOK CAMPAIGN IN FULL SWING

### Increased Need for More and Better Books for Soldiers This Year

Mrs. VanGilder, Mentone librarian, announces that the 1943 Victory Book Campaign is well on its way in Indiana and that the citizens of Mentone and vicinity are expected to respond to the call as generously as they have in all public appeals for aid to servicemen. The campaign officially ends on March 5th, and anyone desiring to aid in this worthy cause should get the books to the Mentone library or to Mr. Kelley at the high school, as quickly as possible.

The campaign does not have as its intention to relieve book-owners of their prized volumes, but contributors are urged to be particular as to the books which are to be given. After all, these books are to be used by soldiers, sailors and airmen throughout the world in service camps, on ships, etc. and to be of value they must be of the type which will appeal to men. They can be fiction, non-fiction or technical (however technical books must have been published after 1935).

The national slogan, which describes the books to give, is "A book you really want to keep is a good book to give."

## TO ORGANIZE FARM BUREAU AT MENTONE SCHOOL MONDAY

We've been requested to announce that a meeting will be held at the Mentone school house on Monday evening, February 15th, at 7:30 o'clock for the purpose of organizing a Harrison township Farm Bureau unit.

Everyone is invited to attend regardless of whether you are interested in joining such a unit or not.

## EASTERN STARS TO MEET FEB. 15

The next regular meeting of the Order of Eastern Stars will occur on Feb. 15th. There will be initiation and a committee will serve refreshments. If you are a member you are urged to be present.

## War Stamp Sales Over Half Billion Dollars, Album Drive Opens

U. S. Treasury photo  
Appealing Margaret C. Russell of the War Savings Staff tucks up this new Treasury poster which will be seen from coast to coast. It pictures retailers' slogan, "SAY YES." A drive is underway for Americans to buy additional War Stamps to fill albums and convert them into War Bonds.

WASHINGTON, D. C.—The nation's retailers from the tiniest hamlets to the mighty cities are acting as a spearhead in a great Treasury Department campaign to sell the additional War Savings Stamps needed to fill more than 100,000,000 albums now in the hands of the American people.

According to a report released by the Treasury Department today, sales of War Savings Stamps totaled \$559,777,000 for the period from May 1, 1941, through November, 1942.

Stamp sales have risen from less than three million dollars per month when they were first introduced to the public to an average of more than fifty million dollars per month at the present time.

The Treasury's slogan, "A half-

filled album is like a half-equipped soldier," has been adopted officially by retailers for the campaign.

The importance of the drive is seen in the fact that a War Bond potential of nearly two billion dollars hangs in the balance.

Every War Stamp album, converted into a People's Bond, for which the purchaser pays \$18.75 and which matures to \$25.00 value when held for 10 years, adds its force to the war effort.

The Treasury Department is counting upon the country's school children to play a powerful role in the success of the SAY YES drive. The volume of stamp and bond sales is at the rate of \$200,000,000 for the current school year.

U. S. Treasury Department

## Bench Warmer

The Bulldogs are to be commended for the game they played against Atwood, Tuesday night. After a somewhat slow start both teams settled down and played a very good game. The scores were by no means close but this did not lessen the interest of the spectators.

At the end of the first quarter the field goal percentages were: for Mentone - .500, and for Atwood - .375. At the half: Mentone - .421, Atwood - .176. By the third quarter: Mentone - .344, Atwood - .111. At the end of the game: Mentone - .449, Atwood - .191.

It was a fairly clean game, only one boy fouled out during the game. Score by Quarters:

Bulldogs	13	19	26	41
Atwood	6	7	13	31
Pups	0	6	8	14
Atwood Seconds	5	7	15	24

### WINCHELL MIS-FIRES

We've listened to Walter Winchell on many occasions, and have admired his nerve to call a crook a crook, etc., and believe that he does have a fairly good idea or conception of national problems. Sunday evening, however, as he attempted to "whitewash" the much-talked-about Bernie Barruch \$49-a-plate dinner honoring Mr. and Mrs. (Harry) Hopkins, he so completely failed that he even gulped as he spoke.

Take it easy, Walt. If you can work with Wm. Randolph and still stay on the inside of the foul line, just a few weeks as a come-back in the Navy shouldn't put you that far on the port side.

### THIS COMMUNITY VERY FORTUNATE

There is no question but that our way of life following the present world conflict will be vastly different than what we are accustomed to. This change would have overtaken us anyway, but likely the war will bring it about quicker and more forcibly. We'll awake to find ourselves in the very midst of it. This fact should not put fear in our hearts, but should spur us on to a greater determination to use every effort to make the era the most desirable since man first trod this earth in search of sustenance. Like a spinning top—the world must soon lose its momentum and the "gravity" of time will cause it to fall, on one side—or the other. Only the combined efforts of the free-thinking people of this nation, and the entire world for that matter, can prevent it from toppling into a state of virtual bondage such as has been experienced by peoples of every part of this earth.

Economists throughout this great nation of ours have been seeking for years to find a workable solution to our economic problems. There are but a few possible avenues of escape.

The methods of the past have induced periods of "illness" and these men know that some time that illness will prove fatal the same as it has in all other nations of the world in times long past.

My mind, many times, reverts back to the inspiring details of the 29 impoverished weavers on Toad Lane, in Roachdale, England many years ago. This little group had been struggling for years to eke out a decent living while employed by and living in homes controlled by another group with little thought except exploitation, using economic necessity as the weapon of intimidation. Each year they found themselves with less to eat, less to wear and a bigger indebtedness at the company stores. In final desperation, 29 of them banded together to pool their buying power, to share each other's fortunes and responsibilities.

It was not long until the little weavers had improved their conditions immeasurably. This was really the birth of the co-operative system—based upon the true conviction that man was the important element in the net worth of the world, and man, not money or possessions, should have absolute authority. Every true cooperative, to this day, gives each man a vote—and only one regardless of the money he may have invested or the shares of stock he may possess in any enterprise. No one man, therefore, or any group of men, could again place the masses into bondage by financial manipulation.

The cooperative movement progressed slowly until it reached the Scandinavian countries, with Sweden using it on a national basis. Sweden, even in this seemingly inescapable conflict, enjoys the respect of all combatants and power-hungry groups. (Sweden may be overrun eventually, but the intruders will pay dearly).

A friend one time, who came from Sweden, related how his father built a creamery for a group of Swedish dairymen. They had no money with which to pay for the construction, but the man had faith in his neighbors and friends. He paid little heed to the scoffers who claimed he'd never get a cent of pay. The net result was that these dairymen, with the aid of their own creamery, found their net returns greater each year. The

"Cross only at corners" is one of the most important safety rules, according to the Chicago Motor club, which is distributing this poster to more than 38,000 classrooms in its Illinois and Indiana territory. The February poster, printed in red, black, and white, is one of a "Victory Heroes" series comparing safety practices on the home front with strategy in the combat areas. Teachers and parents are advised to cooperate in planning the safest route for each child to follow to school each day. The route chosen should take advantage of traffic signals, police protection, and school patrol forces.

creamery continued to grow until it was not only the source for all the dairymen's supplies and services but a business clearing house for all their contacts with the outside world.

The man who built that building passed away a few years ago, and I'm sure that as he passed on his faith in cooperatives was even greater than it was the day he drew the construction plans.

This community is indeed fortunate that it has been thoroughly inoculated with the benefits of a cooperative movement. The movement casts no reflections upon the small business concerns in the locality, and it carries no inference that these businesses and services are unnecessary. They are vital and a part of the spirit of co-operation that dwells within the community.

Government officials have been studying the cooperative movement on a national scale, for a number of years, and its use, even in a small degree, is the only thing which will keep us from becoming a nation regimented and subdued by minority groups.

The remarks, in part, of the Honorable Leland Olds, before a group of farmers last November, is rather clear and concise.

It is reprinted below:

"We are fighting a great war to preserve democracy. We are sending our youth by the millions to the uttermost parts of the earth, into the hell of modern battle, to preserve the four freedoms—freedom of speech, freedom of religion, freedom from fear and freedom from want. We are facing squarely the need for adjusting our lives, our business system, our government, to the total mobilization necessary to win that war. But are we willing to face equally squarely the need for similar great adjustments to create the kind of a world after the war which alone can fulfill the promise for which millions of lives are being sacrificed

"We may win the war but lose democracy. We may win the war without assuring peace. We may win the war but fail to win freedom from fear and freedom from want. War is produced by fear; fear is produced by want and want is produced by selfishness, by a way of life founded on selfishness. Unless we are ready to root out selfishness from our own lives, from the basic way in which we go about the common business of life, we will find victory in the war a hollow sham, and the things that we have fought for vanishing as we reach for them.

"And I can assure you that the battle to root out selfishness from the practical business of life, to destroy the worship of Mammon, is going to be a harder battle than the battle to defeat the dictators across the seas in Germany and Japan.

"Before the war we had 10 years of plenty, at least so we thought, and 10 years of want. At the end of the 10 years of plenty, the system founded on the principle of every man for himself, get rich if you can, broke down. People could not afford to buy all the things they could produce. The unemployed were numbered by the millions—throughout the world by the tens of millions. But long before the crash, the sickness of our business system was apparent in the increasingly serious conditions on our farms. Rural life, the very ground in which a healthy national life has its roots, was being slowly but surely starved by the system founded on selfishness, the system in which all producers served the god of profits. \* \* \*

### A Saving of \$750,000

Whisky losses during aging have been cut, with a resulting saving of \$750,000 during the last three years, by lowering warehouse temperatures from 70 degrees to 55 degrees Fahrenheit, maintaining an equilibrium humidity of 65 to 70 per cent relative humidity in the warehouse atmosphere, and improving the quality of the barrels.

## Church Notes

### CHURCH OF CHRIST Mentone, Ind.

Bible Classes ..... 9:30 a.m.  
Bible Study (Thursday) ... 8:00 p.m.  
A hearty welcome to all.

### FIRST BAPTIST CHURCH Mentone, Ind.

You Are Ever Welcome to This  
House of God

The Penalty of Sin caused by the  
Neglect and Indifference on the Part  
of Parents.

This story could be duplicated  
many times during a year in our  
jails, penitentiaries, and houses of  
correction.

"After a traveling salesman, who  
was a member of the Gideons, had

given an address in one of the fashionable churches of Chicago, he was approached by a sad-faced mother who asked him if he would be in Auburn, N. Y. soon. He said, 'Yes, I expect to be there in a few weeks.' The woman handed him a photograph of herself and a letter for her son who was in the penitentiary at Auburn. She said, 'He never answers my letters and I hope you will be so kind as to deliver these to my son with my love.'

When the traveling man reached Auburn he went to the penitentiary and asked for the young man. He was brought into the office and after looking intently at the photograph he said, "Yes, that's my mother. Her hair is grayer than when I saw her last. Doubtless my conduct has put many of those gray hairs there. Are you going back to Chicago soon?" asked the young man. "Yes, in about

ninety days," said the traveling salesman. Handing the photograph back to the salesman, and also the letter which he refused to read, he said, "Take these back to my mother. I do not want them here. It was in my mother's home that I played my first game of cards. It was at my mother's table I took my first drink of liquor. Drinking and gambling have put me here for fifteen years. After having pushed me behind prison bars by her godless example she dares to send me her photograph and pretended love. Take these back and tell my mother than I damn her and the religion she professes," and turning to the guard in charge he said, "Take me back to my cell."

Can you imagine that poor mother's feeling upon receiving a charge like that from her son for whose downfall she was personally responsible?

Mother, father, what kind of an example are you living before your children?

"Be not deceived; God is not mocked: for whatsoever a man soweth that shall he also reap." Gal. 6:7. "The Sunday school is the most potent crime-preventing agency in America," Leo H. McKay, District Attorney.

Bring your children to Sunday School Sunday. Classes for all ages. Sunday School ..... 9:30 A. M.  
Morning Worship ..... 10:30 A. M.  
"Come now let us reason together saith the Lord." We deal with practical Christianity.

Special music.

### NUGGETS FOR BEREANS

No. 47

The average professing Christian seems to think that there is not much that he can know about spiritual matters. In fact he may rather boast of the fact that he knows little about such things.

But the apostle to the Gentiles did not teach us so. In the first chapter of his epistle to the Ephesians, verses 15-19, he makes a prayer for the believers. In this prayer he earnestly asks that they may be able to know three things.

1. "THAT YE MAY KNOW WHAT IS THE HOPE OF HIS CALLING." In general, the church of today believes that heaven is its hope and goal. But God's Word does not say so. If the people of this world were as careless about their destination

when traveling as the average Christian is about his destination, they would be a sorry spectacle in all the confusion that would result. The church of the present dispensation, this church of the ONE BODY has its citizenship and calling far above all heavens, where Christ sitteth at the right hand of God. (Eph. 1:20, 21; 2:6; 4:10).

2. "WHAT THE RICHES OF THE GLORY OF HIS INHERITANCE IN THE SAINTS." A careful reading will begin to reveal to us that the saints are the inheritance of Christ. In John 16 we read that those He has are only those given Him by the Father. But there is also an inheritance for us in the position that we now hold of being joint-heirs with the Son. Now Paul, by the guidance of the Holy Spirit, prays that we may know about these things.

3. "WHAT IS THE EXCEEDING GREATNESS OF HIS POWER TO US-WARD WHO BELIEVE." There are vast resources of power available for us that we do not even dream of. All we have to do is to take hold and use it. It is ours to use, for are we not told at the beginning of this Chapter that we have been blessed with all spiritual blessings in heavenly places? It is our business to learn about this power and begin using it for the glory of God. It is appropriated by faith, and faith is simply believing what God has said, AND ACTING UPON IT.

P. S.

Articles 45 to 60 inclusive furnish a complete outline and exposition of Ephesians. It may be that some may wish to clip these articles for future reference.

## 12% INCREASE IN EGG PRODUCTION U. S. GOAL!

It's a Cinch! We  
Increased Our Egg  
Yield 33 1/3%

"Our egg production used to be as up-and-down as a ride on a roller coaster. That's because every time the temperature took a nose-dive, we were too busy keeping warm to bother about laying eggs. Then our boss insulated our laying house with Celotex Vapor-seal Sheathing. Since then we've consistently turned out a third more eggs from the same-sized flock."

Progressive poultrymen are guaranteeing their quo-

tas in Uncle Sam's "Food for Freedom" program by insulating their buildings with Celotex Vapor-seal Sheathing. By maintaining constant, warm temperatures in laying houses, this efficient structural insulation encourages increased egg production. Used in brooder houses, Celotex Insulation also aids chicks to grow rapidly and feather out evenly.

Put Your "Egg Factory" on a War Production Basis. Our Free Plans Tell You How!

Leading Poultrymen know that the Celotex Poultry Building Plans are the last word in modern poultry house construction. Come in for your free copies today!

COOPERATIVE ASSOCIATION**

# WRITES IN MEDICAL JOURNAL

(In the February Issue of the Journal of the Indiana State Medical association there appeared an article by Dr. Dan Urschel, on the "Diagnosis of Chronic Brucellosis." Due to the technical points involved, Dr. Urschel was requested to bring us a brief synopsis of the article and what it means to the ordinary citizen.—Ed.)

This is a disease of considerable local interest, because it is a milk-borne disease, more commonly known as Undulant Fever, or Bang's Disease in cattle. For several years it was known that an acute form of the condition existed, but it was more recently discovered that the chronic form was even more common. The acute disease is quite easy to diagnose, because of the long-continued high fever, profuse sweating, etc. The chronic form, on the other hand, is almost impossible to identify. The patient may be ill for several years, rarely sick enough to stay in bed, but never really well. His complaints may be referred to any organ of the body. This article evaluates the laboratory tests which can be used in

diagnosing the condition.

Bang's Disease, or contagious abortion of cattle, was first discovered in 1896. It was not until 1917 that the connection between it and Undulant Fever in man was found. The first case of Undulant Fever in the United States was reported in 1924, although it had been common for years on the island of Malta in the Mediterranean. It was first reported in England in 1914. Since then it has spread over the world.

Besides the cattle form of the germ, there is also one which infects hogs, and another which infects goats. All of these can be transmitted to man, and several cases have been recently reported in which the disease came from infected pork. The germ is killed by cooking, but people who handle the raw meat may get it. Another important fact is that hogs may get the cattle form of the disease, or vice versa. In other words, if hogs are kept in the same place with cows which have the disease, they may get it.

Prevention in humans is accomplished by drinking milk only from clean herds, or by drinking pasteurized milk. (Dr. Urschel points out

that no cases of the disease have originated from Tucker's Dairy, which has had a clean herd for several years.) Some towns have not been so fortunate. A small town in Iowa had 77 cases of the disease originating from one dairy.

Prevention in cattle is only effected by frequent testing, by vaccination of calves between 4 and 8 months of age, and by disposal of all positive reactors. As many farmers have found out, that disposal is often difficult because reinfection of a herd is very easy. If the barn isn't thoroughly cleaned, if the cows pasture in a field next to a neighbor's cows which have the disease, or if an unclean cow is brought into a herd the positive reactors will re-appear. Too many people make only one test, then dispose of their reactors, and don't re-test. This testing must be frequently repeated.

## NOTED TRAVELER TO SPEAK AT FARMERS' INSTITUTE

Forrest Higgins, president of the Seward Township Farmers Institute, announces that they have been fortunate enough to secure John Strohm, assistant editor of the Prairie Farmer and world traveler, to lecture on both Wednesday and Thursday evenings, Feb. 17 and 18, at their institute at Burket. A biographical sketch of Mr. Strohm has this to say:

Farm boy, 29 years old, born in Clark County, Ill.

Graduated from the University of Illinois, School of Journalism, in 1935. Worked a year as publicity director of a glass company. Didn't like publicity work, so packed one suit case, took a portable typewriter and \$300 and set out to free-lance way around the world.

Spent more than year traveling in 33 countries of the world in 1936-37. Lived with Japanese family, pulled a rickshaw in China. Went by outrigger canoe to Borneo. Interviewed Mahatma Gandhi as he sat on the floor of his mud hut in India. Spent first night in jail in Greece, because passport wasn't quite in order. Spent two months in Spain during Civil War there. Ate horse and donkey meat, went through several bombing raids.

Globe Rendering Company  
LOGANSFORT, IND.

Returned to U. S. and took job with Prairie Farmer in editorial department, January, 1938.

In January 1941 when Prairie Farmer, "America's Oldest Farm Paper," was celebrating its Centennial year, was sent on a flying trip of Latin America. Flew 18,000 miles and traveled another 7,000 miles by car, train, ox cart and donkey. Visited 18 of the 20 Latin American republics, was gone five months.

Wrote articles for Prairie Farmer, made broadcasts to WLS on the people of these countries—how they lived, what they grow, how they grow it, their homes, customs, and what they think of Uncle Sam. Took 2,500 photographs in color and black and white. Got into the rural areas and lived with people. Interviewed presidents and peons.

On returning to the U. S. was invited to Washington, D. C. to talk and show pictures to Pan American Union, and Department of Agriculture. An official of the Department of Agriculture declared, "These are the best pictures which have come out of Latin America."

Am now giving series "Our American Neighbors," and on the School Time Program of WLS; and assembling material for a book.

Apples for mince meat at Clark's.

Mr. and Mrs. Vincent Meredith, of Newcastle township, were business visitors in Mentone Tuesday afternoon.

Mr. and Mrs. Leo Long, of Wabash, visited his parents, Mr. and Mrs. J. D. Long, and brother, Sylvan, Sunday afternoon.

J. D. Long received a letter from his niece at Owensboro, Ky., that her father, Andrew Long, had a recent heart attack but was a little better now.

Cook bulk dry foods now—cracked and flake hominy, rice, Navy, Gt. Northern, large and baby Limas, and red kidney beans. Clark's.

No. 11 Sugar Stamp now redeemable. Clark's.

Pvt. Max Phoebe, of Camp Butler, N. C., spent a short furlough with his parents, Mr. and Mrs. Howard Phoebe, last week.

Mrs. Wilbur Cochran, Jr., of Burket, is working as office nurse at Dr. Urschel's. Mrs. Cochran is the former Edith Yoder, and worked at the Murphy Medical Center for several years.

Our substitute coffee mixed half with your regular coffee makes a very satisfactory drink. Clark's.

Allen Nelson, aged 86 years, is confined to his bed from the effects of injuries received a couple of weeks ago when he caught his right hand in an electric wringer. One finger was seriously injured but it is thought it will be possible to retain it. He is under the care of a physician.

### 105,000,000 Bushels

Total annual crushing capacity for soybeans in all U. S. mills is estimated at about 105,000,000 bushels. The amount of beans to be crushed from the 1942 crop is approximately 170,000,000 bushels. About 65,000,000 bushels of soybeans will have to be held in storage more than a year unless additional oil extracting plants are built.

## METHODIST CHURCH

Mentone, Ind.

Pastor—Victor E. Stoner  
PHONE No. 165

Christians believe in a moral order of the world, the only sure foundation upon which any life, or home, or economic system or social order, or sound and stable government, or an enduring civilization can be built. This is not idealism, it is pure realism. It is in accord with what science finds in the universe itself.

Christians also believe that moral order is produced by a faith in and an adherence to the teachings and person of Jesus Christ, and most great men also accept that fact.

The Methodist church urges all to attend its services.

Worship at 10:00 A. M. and 7:30 P. M. Sunday School at 11:00 and Youth activities at 6:30.

The Methodist Church extends to the Church of Christ its best wishes and prayers during the period of evangelistic services now in progress, and urges everyone to attend.

Don't forget to write our boys in service. We will gladly furnish addressed envelopes. Clark's.

## EASTERN STAR MEETING

### WELL ATTENDED

Initiatory services were held at the Masonic Hall Monday evening, and a fine attendance is reported, in spite of very bad weather. The candidates were Mrs. Sherman Bybee and Mr. Richard C. Greulich, Jr.

The guests found their places at the refreshment table by matching a letter, drawn from a box, with a corresponding letter at the table, which, when read in order, spelled the slogan, "Buy War Bonds."

On the table other letters were arranged to spell "Our Good Earth — Let's Keep It So."

Decorations were in patriotic colors, honoring the birthdays of Washington and Lincoln, whose pictures were in the center of the table. Also a picture of the national capitol building with a soldier, sailor, and marine at its base.

The other table was decorated in keeping with Valentine's Day.

Rev. and Mrs. DeWitt, Mr. and Mrs. Holycross, and Mrs. Watkins, of Larwill, were out-of-town guests. Rev. DeWitt presented Mrs. DeWitt with a lovely gift, in honor of her birthday.

Refreshments of ice cream and cake were served.

Mrs. Charles Urschel and her committee did a splendid job and are to be commended for a lovely party.

## IN RECITAL AT PLYMOUTH

Miss Carol Weissert, daughter of Mr. and Mrs. Harold Weissert, was a member of the group of intermediate and senior pupils of the piano and voice departments of the Plymouth Conservatory of Music that presented a recital in the First Methodist church there Sunday afternoon.

The condition of Merl Smith, who suffered a heart attack Sunday, is better. Donald James, their son, who is in camp in the South, arrived home Tuesday for a few days leave.

Mr. and Mrs. Jack VanGilder, of Peru, and Mr. and Mrs. Don VanGilder, of Akron, were week end guests of Mrs. Cora VanGilder.

Mrs. Fred Lemler and daughter, Phyllis, spent Wednesday in Fort Wayne.

## MERL WAGNER IN CONVOY OF FRENCH WARSHIPS

Merl Wagner, 17-year-old son of Mr. and Mrs. E. E. Wagner, who enlisted in the Navy a few months ago, called Mentone from New York City Monday evening. He said that he was with the ships that helped to convoy the French warships from French West Africa. These ships, damaged in an engagement with the British navy a few months ago, were placed at the disposal of the United Nations when the French forces at Dakar capitulated, were brought to the United States for repair. A later message stated he would arrive Thursday for a brief furlough.

## LEG BROKEN WHEN PONY SLIPS ON ICE

Don, the 14-year-old son of Mr. and Mrs. Herschel Fenstermaker, suffered fractures to both bones of his right leg, just above the ankle, Sunday morning when the pony he was riding slipped on the ice and fell with him. The pony landed on its side and the lad's leg was beneath it.

Don was taken to Rochester immediately where the fracture was reduced, and he was returned to the Rochester Wednesday in the Reed ambulance for an X-ray examination to check to see that it was set and healing properly.

## FORMER RESIDENT WRITES TO MENTONE FRIENDS

Mrs. Broda Clark, this week, received a letter from Mrs. Delta Summe who resided in Mentone until about 10 years ago. She was in the real estate business here, and has a number of friends who will be glad to know that she is content and happy, though entirely blind. Her writing is in long hand, and very legible, considering the fact of her handicap. Her only contact with her friends is through correspondence, and those who can should write to her. The address is:

Mrs. Delta Summe,  
Sunman, Indiana.

## BOMBER CRASHES NEAR ROCHESTER

An army bomber crashed and burned in a field two and one-half miles north of Rochester at 10:30 a. m. on Sunday, killing the three crew members: 2nd Lieut. Leonard Tall, Cambridge, Maryland, pilot; 2nd Lieut. James A. Waldner, New York City, and 2nd Lieut. Mayer Fiegenbaum, of Philadelphia, Pa.

The plane was evidently attempting to get near enough to the ground to find their position in the snowstorm and flew directly into the ground at a rather steep angle. The plane exploded when it hit and wreckage was strung over a wide area. The men were thrown clear, two of them remaining near the plane and one going on through hedge fence. Needless to say, all were killed instantly.

Members of the Rochester unit of the Civil Air Patrol (of which unit many Mentone people are active members) arrived about fifteen minutes after the crash and functioned as a guard until army officials from Baer Field at Fort Wayne arrived. Allen Herendeen, of Mentone, was one of the members on duty.

Souvenir hunters, thoughtlessly or unthinkingly, picked up several pieces of the crashed bomber. All should bear in mind that every tiny bit of wreckage may furnish a clew to the cause of a plane crash and should not even be moved from its resting place let alone taken away. The solution of the cause of some of these crashes may save the lives of many other flyers.

## IN MEMORIAM

In fondest memories of Olive Drudge Rush, who died Feb. 16, 1941. The sun, the moon, the stars are not so bright Because she is gone, who was our light We miss her more and more each day Since God called and took her away.

M. ROY RUSH, and daughter,  
ELEANOR FRANCES RUSH.

## REGISTRATION SET FOR NEXT TUESDAY, WEDNESDAY

It has been announced that the Mentone High School Building will be open from 9 A.M. to 9 P.M. both Tuesday and Wednesday, February 23 and 24, for ration book two.

One member of the family may register for all of the family.

Each applicant MUST bring (1.) War Ration Book No. 1 (this is the coffee and sugar book) and (2.) a Consumer Declaration Sheet completely filled. These Consumer Declaration Sheets will appear in blank form in all daily newspapers. They can be cut out and used. One Declaration Sheet will suffice for each family, and will contain instructions. No Ration Book No. 2 can be issued for any individual who does not have Ration Book No. 1 (the coffee and sugar book).

Any person who will volunteer his services will be gratefully received. See Mr. Dale Kelley.

## SISTER DIES IN CALIFORNIA

Mrs. Cuba Forrest, 53, sister of Stanley Boggs, Mentone, died Sunday afternoon at the Huntington hospital, Pasadena, California. Death was due to complications over a period of seven months. She was born December 24, 1889, on a farm near Warsaw, the daughter of Frances E. and William A. Boggs. She was united in marriage to Lesh Forrest, of North Manchester, who preceded her in death two years ago.

Survivors are: one son, Lesh, Jr., Bakersfield, Calif.; five brothers, R. Walter Boggs of Minneapolis, Minn., Birch Boggs of Fort Wayne, Stanley Boggs of Mentone, Dale C. Boggs of Goshen and Harry Boggs of near Warsaw; and one uncle, John H. Boggs of Warsaw.

Funeral services will be held at the Landis funeral home in Warsaw, on Thursday.

## REMEMBER Way Back When—

### 20 YEARS AGO

Taken from Tri-County Gazette  
Published by Claude Taylor

FEBRUARY 15, 1923

G. W. Meadows has sold the Crystal theatre at Mentone to Wayne Smith and Carl McComb of Warsaw. The new proprietors have promised good, clean pictures and no Sunday night shows.

Byron Linn has accepted the place of mechanic at the Motor Inn garage, recently vacated by Charles Enyeart

who has accepted a position in Urbana.

C. F. Fleck had his tonsils removed last Tuesday at the McDonald hospital in Warsaw.

### 30 YEARS AGO

FEBRUARY 20, 1913

The Pierceton Record says Frank Harvant, formerly of Mentone, has purchased a restaurant at Hartford City.

Mentone Chapter 331 of the O. E. S. celebrated their seventh anniversary on St. Valentines Day. The chap-

ter now has a membership of 112.

Mrs. A. T. Mollenhour, Mrs. Earl Metz, and Miss Letha Jenkins went to Indianapolis Tuesday to attend the millinery openings.

Mr. and Mrs. Bud Cole returned Tuesday from their sojourn at Bon Aqua, Tenn., where they spent a couple of months with his mother and sister.

Jacob Kesler and Harley Teel have purchased a grocery at Bluffton and expect to move to that place as soon as they can secure a house. The people of Mentone wish them success in their new business.

Art Jefferies came yesterday from Mandan, North Dakota and brought a new wife with him. They are visiting his mother, Mrs. Emma Jefferies.

The condition of Frank Laird has been quite critical during the past week. Dr. Dumeling of Fort Wayne was called in counsel yesterday, and it was decided an operation was his only chance and he will be taken to Fort Wayne today.

Mrs. Frank Summe returned from Marion Tuesday where she closed three farm deals, selling two Grant county farms, also selling the 80-acre farm west of Mentone, recently purchased by Elmer P. Eakins by Edward Piper.

### 40 YEARS AGO

FEBRUARY 12, 1903

For the benefit of our subscribers in the torrid zone, we will remark that this is the coldest snap of the season—10° below zero.

Geo. A. Booser and S. E. Summerland started Tuesday on a prospecting tour to Missouri and elsewhere looking for a good timber location.

Mrs. McIntyre, of Rochester, and Miss Georgia Holloway, of Sevastopol, were guests of Mr. and Mrs. Louis Foor Tuesday.

Miss Perin Shoup, who is attending school in Warsaw, and her sister-in-law, Mrs. Jacob Shoup, spent Sunday in Mentone with her parents.

Mrs. John F. Bowman visited from Thursday till Monday with her sister, Mrs. Jacob Whiteleather, in Leesburg.

Gordon Middletown, who is now in Monterey, Mexico, sends us a few copies of the Monterey News, which reflects a fair degree of business enterprise and social refinements for that semi-tropical country.

Harvey Crago went to Dowagiac, Michigan yesterday to work for the Round Oak Stove Company.

Mrs. S. A. McGarity and Miss Olive Dille went to Goshen Tuesday for a few days visit with friends.

### Cost of Stopping Train

It has been estimated that the cost of stopping and starting a passenger train is from 84 cents to \$2.80, depending upon length and weight of the train, size of crew and other factors.

### BIG LOSS AS POULTRY BARN BURNS AT TODD FARM

A large barn on the M. F. (Bud) Todd farm, northeast of Mentone, was completely consumed by fire on Tuesday morning about nine o'clock. The barn had three floors and was being used for a poultry house. Approximately 1300 laying hens, along with a litter of young pigs, lost their lives, while considerable other feed and equipment was destroyed.

The fire originated in a small egg room on the lower floor and by the time Mr. Todd had secured a hose and water the smoke was so dense he was unable to combat the flames.

The Mentone fire department was the first to arrive, but smoke was pouring from every part of the big structure by that time. The extremely cold weather made fire-fighting difficult and the dense smoke in the building made it impossible to definitely locate the main part of the blaze. The Burkett fire department was close behind Mentone, and the Wayne township rural department arrived a few minutes later. No other buildings were destroyed but hopes of saving a large brooder house containing 1700 week-old chicks had been given up as lost as the burning barn caved in. Casualties among the small chicks due to the dense smoke and cold, will likely number about seven or eight hundred.

Mr. Todd stated that he had \$1000 worth of insurance on the barn and the contents was also insured. The net loss will be between fifteen hundred and two thousand dollars, according to Mr. Todd. Mr. Todd further stated that he wished to thank all those who lended assistance during the fire.

### HOME ECONOMICS CLUB MEETS

The Mentone Home Economics club met on Thursday, Feb. 11, with Mrs. Helen Mollenhour. Mrs. Ada Meredith was assisting hostess.

The Pledge to the Flag was given. Club prayer was sung, and the history of the Song of the Month was given by Blanch Paulus. This song, "Sweet Hour of Prayer," was sung in unison. The Creed was repeated and roll call was, "Changes in our living since Pearl Harbor."

The lesson given by Eloise Long on "How to Be a Good Hostess," was very good. The bulletins on "Drap-

eries" were passed out.

The president, Mrs. Lenna Anderson presided over the business session. The secretary's report was read. It was voted to give donations to the Red Cross, Salvation Army and the Infantile Paralysis fund. "America the Beautiful" was sung. Refreshments were served to 20 members.

The March meeting will be with Blanch Paulus.

### Pup Tent Wags!

You've heard of a cat-nap—but did you ever hear of a "pup-nap"? Two members of Co. B, 62nd En., Camp Berkeley, Texas, did.

Out on a bivouac, Corp. Duane Shaner and Private Andrew Watson turned in for the night. They were in a pup tent, and oh, how true that statement was!

When the two men awoke in the morning, there, between them, was a stray dog and her litter of three pups.

## Church Notes

### CHURCH OF CHRIST Mentone, Ind.

Bible Classes 9:30 a.m.  
Bible Study (Thursday) 8:00 p.m.  
A hearty welcome to all.

### FIRST BAPTIST CHURCH Mentone, Ind.

You Are Ever Welcome to This  
House of God

Walter W. Head, president Foreman State National Bank, Chicago, says, "In a day when youth, restless and impatient, is tempted to seek employment for material rewards and to find recreation in frivolity, the Bible school continues to constitute a search for eternal verities. Just as

modern life tends to create the desire for material wealth and physical comforts, the Bible school acquires an increased importance and a greater potential power in moulding the character of our young people.

There are fewer homes today where the family hearthstone is a religious shrine, a sacred spot for family worship. The responsibility of leading boys and girls, young men and women, to a belief in God, of inculcating in their minds faith in the teachings of Christ, our Lord, of instilling in their hearts a devotion to Him and a desire to serve Him, is, to a greater extent than ever before, entrusted to individuals and influences outside the home. This comprises the challenge of modern conditions to the Bible school."

David Lloyd George said "All that I am and whatever I have accom-

plished, I owe to the Sunday School." Bring your children and come.

Sunday School 9:30 A. M.  
Morning Worship 10:30 A. M.  
B. Y. P. U. 6:30 P. M.

Junior and Senior.

Evening service will be dismissed in favor of the revival meetings at the Christian Church. All our members are urged to attend.

Thursday 7:00 P. M.  
Prayer meeting will be one-half hour early so all can go to the meeting at the Christian Church.

Special Notice:—

Bible and Missionary Conference to be held Feb. 28 to March 7th.

A former missionary from Ethiopia and our own missionary and his wife from Nigeria will be the speakers.

Motion pictures and Stereopticon lectures to be given each night.

Watch for complete announcement next week.

E. COLEMAN RALSTON, Pastor.

### METHODIST CHURCH Mentone, Ind.

Pastor—Victor E. Stoner  
PHONE No. 165

#### WEEK OF DECISION

##### IN METHODIST CHURCH

World wide Methodism is to observe a week of dedication beginning the last Sunday in February and continuing until the following Sunday. The local Methodist Church is to have special services three week-day evenings as well as on the first and last Sunday of the period.

Conditions throughout the world are such that the church should renew its determination to give the Gospel its proper place in all human relations. This calls for individual consecration to the Christ. Every Methodist, and every person who is so minded, is urged to set aside both Sundays mentioned, and Tuesday, Thursday and Friday of the week of dedication for worship, heart searching and dedication, and determine to attend each of the services which will be outlined further next week.

Next Tuesday evening, February 23 at 7:30 the fourth Quarterly Conference of the church will be held. All official members and every member of the church is wanted at the service conducted by the superintendent, Dr. C. G. Yeomans.

The Warsaw district is now in a Sunday school attendance contest with the Ft. Wayne district. Our school is below its last year's attendance on the first two Sundays of the contest. The contest is based upon last year's record. Let us every one rally and make next Sunday a banner Sunday.

There will be no worship service next Sunday evening due to the services at the Church of Christ. All other services will be held as usual.

#### EVANGELISTIC SERVICES

##### STILL IN PROGRESS

Evangelistic services at the Church of Christ are still in progress. Evangelist A. E. Wickham is preaching some very interesting sermons. Those who have been attending the meetings have enjoyed his lessons on the Bible. He is taking his audiences through the entire Bible. Those who are Bible students should not miss one sermon. These sermons help you to understand the revealed things of the Bible.

Services begin each evening at 7:30. Saturday evening Mr. Wickham will give his address on the subject, "The Fate of the Religious World If Hitler Wins." Don't miss this address. Much light will be thrown on this present war.

Don't miss the address Sunday morning at 10:30 on the subject, "The Gospel Ship and Satan's Submarines." Sunday evening Mr. Wickham will deliver his address on the subject, "Where Are the Dead?" A chart will be used. Don't miss this. Hear where the dead are and what they are doing. Are they conscious? Can they talk and see?

Poultry supplies at the Co-Op. mill.

## 12% INCREASE IN EGG PRODUCTION U. S. GOAL!

It's a Cinch! We  
Increased Our Egg  
Yield 33 1/3%

"Our egg production used to be as up-and-down as a ride on a roller coaster. That's because every time the temperature took a nose-dive, we were too busy keeping warm to bother about laying eggs. Then our boss insulated our laying house with Celotex Vapor-seal Sheathing. Since then we've consistently turned out a third more eggs from the same-sized flock."

Progressive poultrymen are guaranteeing their quo-

ties in Uncle Sam's "Food for Freedom" program by insulating their buildings with Celotex Vapor-seal Sheathing. By maintaining constant, warm temperatures in laying houses, this efficient structural insulation encourages increased egg production. Used in brooder houses, Celotex Insulation also aids chicks to grow rapidly and feather out evenly.

Put Your "Egg Factory" on a War Production Basis. Our Free Plans Tell You How!

Leading Poultrymen know that the Celotex Poultry Building Plans are the last word in modern poultry house construction. Come in for your free copies today!

# OF INTEREST TO SELECTIVE SERVICE REGISTRANTS

Indianapolis, Ind., Feb. 17.—Colonel Robinson Hitchcock, state selective service director, today urged all selective service registrants between the ages of 18 and 38 to determine accurately whether they are in an activity or occupation declared non-deferrable by the War Manpower Commission before attempting to transfer to another type of employment.

"The whole purpose of the War Manpower Commission's statement concerning occupations has been misunderstood by some registrants," Col. Hitchcock said, "and a few men are leaving jobs which do support the war effort in the endeavor to find employment in what they consider more vital activities. This hasty action has in some cases caused unnecessary replacements and occasioned the loss of seniority rights and other privileges. It is believed that employers and the U. S. Employment Service generally are willing to advise any registrant on the status of his occupation before it is necessary to make a transfer in employment."

Col. Hitchcock also explained that some registrants seek to effect draft exemption by transferring from a nondeferrable occupation to a defense job. Regardless of any registrant's occupation, he explained, that registrant is liable for military duty if he is within the proscribed age limits and is otherwise qualified, although he may be deferred for specified periods of time because of the importance of the civilian work he is doing. Under the present law and regulations, it was stated, reclassifications of registrants take place at regular intervals to determine whether a deferment shall be extended or a registrant shall begin his military obligations.

The smooth, broad highway that leads to the home of your dreams—the home you were planning to build or improve—has been temporarily blocked. The detour of war has taken us into the byways of salvages, rationing, shortages, substitutes. But, the going is not too rough, and is still in sight of the main road.

Meanwhile, as we wait for our hopes and aspirations for the future to come true, let us keep our present house in order... plan wisely, strive earnestly and make the most of what we have. Let us treat our electric appliances with care and

keep them in good order to prolong their usefulness... and be glad that we still have dependable, economical electric power sufficient for our daily needs at home—the same magic power that is speeding production of war materials.

Today, the war is our first concern. Let us redouble our efforts to help achieve victory... and invest in all the war bonds we can. When peace comes again there will be amazingly new and beautiful electric appliances to add comfort and convenience to your home and an ample supply of economical electric power to enjoy them.

Mrs. Howard Kohr, who broke her leg recently, wishes to thank her friends for the many calls and sympathy. She reports that she is able to get around the house now.

### D. A. R. MEMBERS HAVE FINE WAR BOND RECORD

The 31 members, and members of their immediate families, of the Anthony Nigo chapter of the D. A. R., to date, have purchased \$20,600 worth of War Bonds. We are proud of this chapter and feel this should serve as an encouragement to other organizations and individuals.

### CONSERVATION CLUB AGAIN PUTS ON FINE FISH FRY

The 1943 installment of the Mentone Conservation Club fish fry, with the aid of the Jonah Club of Akron, fish fryers deluxe, was reported as a success in every way. There was plenty of fish for the 125 or more who gathered at the school building Thursday evening of last week, and your reporter failed to find anyone who was there who wanted fish for dinner the next day. They were all still "full of fish" as far as their appetites were concerned. One hundred pounds of fish were cooked for the occasion.

A high school group started off the entertainment program with three numbers and the guests of the evening were introduced. Morris Lang, superintendent of the State Fish Hatcheries, and Henry Cottingham, director of the Robertson-Pittman projects, both of Indianapolis, gave short talks, as did Bill Chappel, county director of the last mentioned act. Harold Mosbaugh, director of Fish and Game, of Indianapolis, who has appeared on the Conservation club's programs on previous years, was the main speaker of the evening. His talk was as instructive and interesting as before. He stressed the importance of us at home maintaining the country so that the boys who return from the fighting fronts will not be disappointed. Of course, the stress was upon our game supply but his remarks did not confine the suggestions solely to the sports of hunting or fishing.

The evening ended with a motion picture (which "Pat" Harrison and Joe Clark, operators, insisted upon running backwards).

### READING CLUB MEETS

The Mentone Reading Club met on Wednesday evening of last week at the home of Mrs. Irvin Snyder, with Mrs. Artley Cullum assisting hostess.

The business meeting was in charge of the club president, Mrs. Wayne Tombaugh. The following patriotic program was given:

A poem read by Mrs. H. V. Johns, "Stars Through the Perilous Night." An interesting article on "Flag Making" was given by Opa Pottenger, and Mrs. Walter Fenstermaker read a paper on "Uses of the Flag."

Mrs. Eva Madeford was guest of the club.

The next meeting will be held on March 10—the anniversary meeting of the club—to be held at the home of Mrs. C. O. Mollenhour.

Mrs. Bernice Deafenbaugh is in the Rochester hospital under observation. She was taken there Saturday.

We have a new beverage cereal, Jah-Vah, drink it straight or mix with coffee. Clark's.

## CLASSIFIED DEPARTMENT

Customers, remember that the new items in canned goods that will be rationed cannot be sold next week, therefore anticipate your needs for next week now. Clark's.

**MONEY TO LOAN.**—To the patrons of this paper. I wish to inform you that I have plenty of money to loan on good farms at a low rate of interest and I appreciate the many good loans I have in this territory, and if you are in need of money to renew your loan or buy a farm now is the time while the interest rate is still low. It would be a pleasure for me to drive and see you if you are interested. I also have a number of good farms worth the money on hand yet. Write John Isenbarger, N. Manchester, Indiana. 17c

## EZRA HATFIELD DIES ON TUESDAY MORNING

Ezra Hatfield, aged 74 years, died at seven o'clock Tuesday morning at the Murphy Medical Center in Warsaw. Death was due to complications. He had been in ailing health for more than one year, but was admitted to the hospital only Friday.

He deceased was born near Silver Lake November 19, 1868, the son of John and Catherine Hatfield. He was a farmer and contractor and for a number of years had resided in Mentone.

Survivors are one daughter, Mrs. Keith Hankins; two grandchildren, Jack L. Hankins, and Mrs. Stanley Zdeb, of Rockford, Ill.; one nephew, Orle Fawley, of Warsaw, who was reared by Mr. Hatfield.

Funeral services were to be held on Thursday at the Reed funeral home with Rev. Victor E. Stoner officiating. Burial at Palestine.

## REBEKAH LODGE

### INSTALLS OFFICERS

Foster Rebekah lodge No. 546 met at the I. O. O. F. hall in Tippecanoe at their regular session and conferred the degree to one candidate and also installed the following officers:

Noble Grand, Donnis Fisher.  
Vice Grand, Maud Saygers.  
Recording Secretary, Ella Latham.  
Financial Secretary, Ervada Cole.  
Treasurer, Edith Weisert.  
Warden, Mabel McIntyre.  
Conductor, Milanda Elkins.  
Chaplin, Dora Goodman.  
Musician, Pearl Cormican.  
R. S. Noble Grand, Bessie McCoy.  
L. S. Noble Grand, Almira Fisher.  
R. S. Vice Grand, Bonnie Elkins.  
L. S. Vice Grand, Hazel Dillman.  
Inside Guardian, Sarah Ellsworth.  
Outside Guardian, Susan Dillman.  
Ervada Cole, assisted by Dora Goodman as marshal, were installing officers.

All members are urged to be present at the next meeting for degree practice, in preparation for initiation.

## SERVICES AT METHODIST CHURCH

The week of Dedication, Feb. 28-March 7, presents a distinct challenge to the people called Methodists. It is planned in response to a deep need for the message and ministry of the church in this tragic hour.

The Gospel is the only hope for this war-torn world. At no time in history has there been such an urgent necessity for the church to bear an effectual witness for Christ.

The two Sundays and three week night services next week are designed to enable almost everyone to attend and make their contribution to the cause of Christ.

Sunday morning and evening the pastor will speak. Services at 10:00 and 7:30.

Week night services are on Tuesday, Thursday and Friday evenings at 7:30. Laymen will join the pastor in these events.

We do want everyone to come.  
Victor E. Stoner, Pastor.

## D. A. R. ENTERTAINS TIPPECANOE CHAPTER

Ten members of the Tippecanoe River Chapter of the D. A. R. were guests of the Anthony Nigo chapter at the home of Mrs. Yolande Riner Tuesday afternoon, Feb. 23. Our Regent, Mrs. Hazel Linn, called the meeting to order. After singing one verse of "The Star Spangled Banner," the pledge to the flag was given. Mrs. Erwin very capably sang two selections of spring songs. Mrs. Edna Burns talked to us of the need of blood plasma for the boys at the front and of the work the D. A. R.'s are doing along this line.

Delicious refreshments in keeping with George Washington's birthday were served by the hostess, assisted by Mrs. Ernie Manwaring and Mrs. Winifred Smith.

## PENNY SUPPER SATURDAY

The Methodist Women will conduct a Penny Supper on Saturday evening, Feb. 27, from 5 until 7.

Your patronage will be appreciated.

## MISSIONARY AT BAPTIST CHURCH

Rev. Harold B. Street, former missionary in Ethiopia, will be one of the speakers on the program at the Baptist church this coming week.

Rev. Harold B. Street

The complete week's program will be found elsewhere in this issue.

Sunday services, Mrs. Beitzel will speak at the Sunday school hour. Mr. Beitzel will give the morning message and Mrs. Beitzel will again speak at the B. Y. P. U. services at 6:30. Mr. Street will be on the evening program.

## IMPORTANT NOTICE

To all holders of stock in our association, both common and preferred, we are prepared to buy in a limited amount of stock, plus accrued interest.

If those stockholders who are desiring, or have wanted to dispose of their stock, will bring or mail to our office their certificates of stock, we will gladly take them off your hands.

Would you do this before March 15th? Thanks.

Northern Indiana Cooperative Ass'n.,  
Raymond S. Bare, Treasurer.

Mrs. Bernice Deafenbaugh was returned to Mentone Wednesday from the Woodlawn hospital at Rochester and is reported much improved.

## CARL RATHFON, KILLED IN SOUTH, BURIED HERE

Carl Rathfon, aged 57 years, who was killed instantly Wednesday, Feb. 17, at Gulfport, Miss., when he was hit by a car as he stepped from a truck, was buried at Mentone Tuesday afternoon. Funeral services were held at the Baptist church at two o'clock. Rev. A. W. Latrell, pastor of the Baptist church at Warsaw where the deceased was a member, officiated. He was assisted by Rev. Ralston of Mentone. Interment was in the Mentone cemetery.

Mr. Rathfon was born and reared near here but has been in Gulfport the past twelve years.

Upon receiving news of the fatal accident, his brother, Elmer Rathfon of Mentone and brother-in-law, Harold VanDoran, of Akron, left for the southern city. The body arrived by train at Logansport Monday and the Johns funeral home brought the body to the Elmer Rathfon home that evening.

Surviving besides the widow and the brother, Elmer, is a sister, Mrs. Isaac Kesler of Mentone, besides a host of other relatives and friends.

## PSI OTES MEET

Mrs. Lucille Whetstone entertained members of Psi Iota Xi Sorority Thursday evening, Feb. 18, with Miss Flora Holt assisting hostess.

Chapter President Anne Sierk presided over the regular business. The roll call was responded to with "Hobbies." Mrs. Hazel Linn read poems and articles on the value and pleasure derived from collecting old buttons. Many interesting and beautiful old buttons were shown by Mrs. Linn.

Prizes in bridge were awarded to Mrs. Geraldine Clark and Mrs. Pauline Riner. Others present were: Dorothy Nelson, Maude Snyder, Helen Harvey, Jeanette Mollenhour, Mildred Bryan, Annabell Mentzer, Emma Clutter and Ora Pottenger.

Mrs. Harvey will have the next meeting, March 18, with Mrs. Riner assisting hostess.

—Reporter.

# Machinery and Livestock Sale

## Thurs., Mar. 4

ONE O'CLOCK P. M. (War Time)

Having sold the farm, I will offer the following property for sale at my home, 5 miles south and 2 miles west of Mentone; 3 miles north and 3 miles west of Akron, or 2 miles north and 6 miles east of Rochester.

### TRACTOR

McCormick-Deering Farmall Model B, with rubber tires, starter & lights.  
18-inch McCormick-Deering Tractor Plow, complete.  
2-row McCormick-Deering tractor Cultivator.

## REMEMBER Way Back When—

### 20 YEARS AGO

Taken from Tri-County Gazette  
Published by Claude Taylor

FEBRUARY 22, 1923

Someone sick in almost every home.

Miss Helen Darr and Raymond Weirick were married Feb. 17 at the M. E. parsonage by Rev. C. B. Sweeney.

Last Friday Mr. and Mrs. George Moullenhour were host and hostess to a six o'clock dinner in honor of George's birthday.

Gerald Enyeart was presented with a miniature gold basketball in the county tourney at Pierceton last week, because of his fast and remarkable playing and his almost faultless course through the meet, and we are told his ever ready and pleasant smile had some influence on the judges.

Lydia C. Bybee passed away on Wednesday.

The remains of Mrs. Adda Cole, who passed away at Nashville, Tenn. Feb. 17, were brought to Mentone for burial.

Joe Burket and Vernon Jones have purchased the Shinn and Neff meat market.

### 30 YEARS AGO

Taken from Tri-County Gazette  
Published by C. M. Smith

FEBRUARY 27, 1913

The latest report of the condition of Frank Laird is that he continues to improve following his operation.

O. E. Hesh, writing to tell us to change his paper from Royal, Iowa to Havre, Montana says, "We can drive nails here all day with the mercury at 22 to 24 degrees below zero.

The suit against the water company and the town board has been dis-

missed by the plaintiffs.

Coe Shinn is moving into the Loren Busenburg property on North Franklin street, their son-in-law, Mr. Chapman having moved to the Harding farm south of town.

Elmer Kesler and family, of Kendallville, visited Mentone friends Saturday and Sunday.

Misses Melba Shoemaker and Mamie Ingalls, of Claypool, spent Saturday and Sunday with Jesse Gill.

Mrs. Merrill Smith entertained Miss Ethel Thompson, Miss Chloe Edinger, and Mrs. E. W. Strickland at her home in Sevastopol, Friday. The big feature of the day was a chicken dinner.

Mrs. Mary Rathfon and Mrs. B. Bickle, of Fort Wayne, spent Sunday in Mentone.

### NO MERIT IN "GIVING UP."

There's no denying the fact that we are engaged in a serious war. And there's no question that we will actually see it very much more in the very near future. There are serious days ahead and we should fortify ourselves that we might not fail in the critical moments.

A lot of folks virtually had their suspenders blown off with Pearl Harbor. They "hit for cover" and have been attempting to stay hidden ever since. They saw the world crumbling at their feet, so to speak, and regardless of all others, have been attempting to get all they could eat, all they could wear and all they could use in years all at one time—and all the while settled into a dilemma of pessimism. They GAVE UP.

These are not days for quiet acquiescence to fate. We all have a job to do and must do it. The war isn't won, and it won't be for a long while yet. Someone at home must keep in a good state of preservation all the facilities and privileges which we have. It means work for all of us, in our own business or occupation and in a community way.

They are those today who have the fortitude to defy all the black clouds of pessimism and are going forward in every way. All of us must do the same thing regardless of whether we are stopped once or a hundred times while trying.

The boys in the service will come back home some day, and it will be a shameful thing if they would find that we were so cowardly as to give up at home and saved nothing for them to come back to.

### MISLEADING EXPRESSIONS

"Jumping at conclusions" is in infallible way of not only getting into "hot water" quickly, but to create friction, hard and bitter feelings and misunderstandings.

There are very few of us who can find the proper words to always express ourselves completely and explicitly. Many times we make a statement that is perfectly clear in our own mind, but others, not being guided or "herded" by our line of thought, get an entirely different version of our meaning or intent. Care should be exercised in evaluating an expression, and before we judge or condemn should be certain of the speaker's intent.

The article reprinted below, is an illustration of how words are twisted to convey a wrong or unintended impression. Jesus' critics referred to him as the "lowly Nazarene" (people of inferior social standing), a man in Maine might be called a democrat or a southern colonel referred to as a Yankee or republican.

The expression "profit system" is usually considered the system that permits the payment of wages or salaries, but the two have no connection. Profit under the profit system is that which is taken out by someone who put forth no effort in the production or distribution of an article. A typical "take" because of priority, monopoly, or financial manipulation.

The productivity of the nation fell to less than forty billions in the depression period, while now it is nearing the hundred billion mark. Without the application of profit this would mean a revenue of several hundred dollars for every man, woman and child—nearly as much as the average wage received by the head of the family.

All our subversive groups have used attractive names in their organizations; they've devised many clever schemes to strangle the life chords of democracy such as free speech, free of worship, etc. Let's study every word and every act.

Some people back away from words or expressions because of fear, believing they can escape by ignoring them. This is fertile ground for all unscrupulous

## "It Takes Both"

It takes both . . . a Punch and Judy to stage a pantomime show and two hands to pull the strings behind the scenes. It takes both . . . War Bonds and Taxes to finance the staggering cost of this global war. Buy War Bonds and more War Bonds every payday as you pay your Victory Tax.

U. S. Treasury Department

groups. Undoubtedly those in England who dig up the unexploded bombs are afraid, but they still do it to protect human lives.

The reprinted article below not only illustrates the misinterpretation of expressions, but also conveys verification of former convictions and gives answer to some decisions we all have questioned in the past. For instance, it tells us why there has been so much friction created between the labor groups and why some government contracts have gone to high bidders.

The article follows:

### Capital But Not Capitalism

Capitalism is the great thing necessary, according to President Johnston, of United States Chamber of Commerce, in the February Reader's Digest. He even quotes President Green, of the American Federation of Labor, as being in favor of capitalism. But the word "Capitalism" as commonly used, has always meant an injurious thing, the amassing of unfairly large wealth in the hands of few. What Mr. Green said was that "the owners and managers of business are entitled to a fair and just return on their investments." That is very different from capitalism.

Another misleading statement by Mr. Johnston: He says in his same article "many people have thought that you can tax business just as much as you like and still have free enterprise." The fact is, no large and organized group has any such idea. All such groups realize that capital is necessary. But they also realize from past human experience that unless their are some legal limits, most capitalists will take nearly all the

product of labor. That is capitalism.

But, like "The House That Jack Built," each item of economics is dependent on the other items. The most important item is whether we are for God. If our country is still steeped in drinking, gambling and licentiousness when the war ends and millions of young men and women are added to the unemployed, prosperity is very doubtful. Every person is lacking in common sense who favors those evil triplets. Not the only evils, but the most plainly understood, and so the most plain duty to oppose them.

F. W. Barrett.

In Springfield, Ohio, Tribune, Feb. 5, 1943.

### WHY?

It is customary to assess a penalty for an infraction of any law of man or nature. And if anyone is given, or gains, an advantage in such maneuvers, then a penalty should be just.

This week all America received its food ration books, designed to bring about the equal distribution of foods and still insure an adequate supply for the armed forces and the peoples on whose farms this great war is being waged. All were advised not to purchase prematurely—frankly, to hoard—and gave in addition to the patriotic spirit the reasoning that all foodstuffs on hand must be declared.

However, the average point-value of canned foods is 12, yet only 8 points were deducted for every can over the allotted 5. Many families, with no more than the peacetime average on their shelves, gained many extra points—instead of penalty. Possibly there was no other convenient way of doing it, but I would consider it better to elude the possibility of suspicion if at all possible.

Under ordinary conditions no family can really afford to buy in quantities so small that a family of four would have a variety on hand and yet have less than 20 cans all told, and no one will likely be condemned for having a normal supply. The one who purchased several cases and left nothing in the grocers' hands for his neighbor will be and has been condemned by everyone.

Rationing, with no cheating, should be fair to us all. Give it every chance to succeed and we should all gain thereby.

## Church Notes

### CHURCH OF CHRIST Mentone, Ind.

Bible Classes ..... 9:30 a.m.  
Bible Study (Thursday) ... 8:00 p.m.  
A hearty welcome to all.

### FIRST BAPTIST CHURCH Mentone, Ind.

You Are Ever Welcome to This  
House of God

The First Baptist Church, of Mentone, will be host to a Bible and Missionary Conference beginning Sunday, March 7th, according to an announcement just released by the pastor, the Rev. E. Coleman Ralston. The conference will be under the auspices of the Sudan Interior Mission, the

largest faith mission at work in Africa. Speakers from Nigeria and Ethiopia will be on the program.

The Rev. and Mrs. C. F. Beitzel have served four terms in West Africa and know paganism at its worst and also the glorious fruit of Christian missions amongst such people. Mr. Beitzel is not new to Mentone, for the Baptist Church has been supporting him on the field. Mrs. Beitzel is a forceful speaker and has the ability to make the Dark Continent and its teeming millions really live for her audiences.

The Rev. Harold B. Street formerly served as a pioneer missionary in Ethiopia and had a part in laying a foundation in that country that has borne such a great fruit since the forced evacuation of all missionaries. During the time of the Italian invasion, he and his family were robbed

three times, bombed repeatedly, and for almost a year had no communication whatsoever with other parts of the world. Since Mr. Street's return to this country in 1937, he has carried on as a deputation secretary for his mission, and his messages have been very well received in many parts of the country. Mr. Street's messages each evening will be illustrated by either motion or stereopticon pictures from Africa. The full program of the conference is as follows:

### PROGRAM

#### Sunday

9:30 a. m.—"School Bells Are Ringing in Bununu" ..... Mrs. Beitzel  
10:30 a. m.—"The Sower, the Seed and the Soil" ..... Mr. Beitzel  
6:30 p. m.—"So Will I Sing Praise" (Young People's Meeting) Mrs. Beitzel  
7:30 p. m.—"The Blackness of Darkness" ..... Mr. Street  
(Motion Picture Lecture)

#### Monday

2:30 p. m.—"Snakes" (For Women Only) ..... Mrs. Beitzel  
7:30 p. m.—"Woman, the African Burden Bearer" ..... Mrs. Beitzel  
"Woman's Work Is Never Done"  
(Stereopticon Lecture) ..... Mr. Street

#### Tuesday

2:30 p. m.—"How Great the Weeping" (For Women Only) ..... Mrs. Beitzel  
7:30 p. m.—"Except Your Righteousness Exceed" ..... Mr. Beitzel  
"Tottering Islam"  
(Stereopticon & Motion Picture Lecture) .... Mr. Street

#### Wednesday

2:30 p. m.—"At the Clinic" (For Women Only) ..... Mrs. Beitzel  
7:30 p. m.—"Africa, the Question Mark" ..... Mr. Beitzel  
"Lord, Is It I?"  
(Stereopticon & Motion Picture Lecture) .... Mr. Street

#### Thursday

2:30 p. m.—"The Secret Place" (For Women Only) ..... Mrs. Beitzel  
7:30 p. m.—"How Blind Eyes Can Be Made to See" ..... Mrs. Beitzel  
"The Growth of the Church"  
(Motion Picture Lecture) ..... Mr. Street

#### Friday

2:30 p. m.—"She Did Cast in All" (For Women Only) ..... Mrs. Beitzel

7:30 p. m.—"Suffer Hardship" ..... Mr. Street

## 12% INCREASE IN EGG PRODUCTION U. S. GOAL!

It's a Cinch! We  
Increased Our Egg  
Yield 33 1/3%

"Our egg production used to be as up-and-down as a ride on a roller coaster. That's because every time the temperature took a nose-dive, we were too busy keeping warm to bother about laying eggs. Then our boss insulated our laying house with Celotex Vapor-seal Sheathing. Since then we've consistently turned out a third more eggs from the same-sized flock."

Progressive poultrymen are guaranteeing their quo-

tas in Uncle Sam's "Food for Freedom" program by insulating their buildings with Celotex Vapor-seal Sheathing. By maintaining constant, warm temperatures in laying houses, this efficient structural insulation encourages increased egg production. Used in brooder houses, Celotex Insulation also aids chicks to grow rapidly and feather out evenly.

Put Your "Egg Factory" on a War Production Basis. Our Free Plans Tell You How!

Leading Poultrymen know that the Celotex Poultry Building Plans are the last word in modern poultry house construction. Come in for your free copies today!

# IGO'S

## News of Mentone and Vicinity

Ed Baxter and J. D. Long made a business trip to Warsaw Saturday.

See our display of canned foods showing the 48 points which is an individual's month supply. Clark's.

Mr. and Mrs. John Weissert, of Plymouth, called on Mr. and Mrs. Lewis Foor Sunday afternoon.

It is not too early to plant tomato and cabbage seed indoors for early plants. Clark's.

It has been reported that 1522 ration books were issued at Mentone Tuesday and Wednesday.

Mr. and Mrs. Glenn Powell of Macy, were Monday evening callers in the Lewis Foor home.

We still have many food items to sell although canned foods cannot be sold this week. Clark's.

Mrs. Effie Personett spent several days of last week in the home of Mr. and Mrs. Linn Blue. Mrs. Blue is Mrs. Personett's daughter.

See Igo's ad elsewhere in this issue for point values of grocery items and a special price on zerk gun grease.

Mr. and Mrs. Hugh Aughinbaugh and children of South Bend, visited over the week end with J. W. Aughinbaugh and daughter June.

Mr. and Mrs. Charles Horn, Talma, are the parents of a nine and one-half pound daughter, Donna Gene, born last Thursday.

Mr. and Mrs. Earl Shinn and daughters Mary Beth and Patty attended the Golden Wedding anniversary of Mrs. Shinn's parents, Mr. and Mrs. Lewis Fouts at Chili.

Sgt. Hiram Meredith, formerly of Elkhart county but now stationed at Fort Sam Houston, Texas, visited his parents, Mr. and Mrs. Henry Meredith, Sunday.

Mr. and Mrs. Earl Leedy and daughter, Mr. and Mrs. Chas. Davis and Mr. and Mrs. Clarence Horn and son of Rochester had Sunday dinner at the Howard Horn home.

An item about a former resident, in our last issue, was incorrectly received by our reporter. The name should have been Mrs. Laura (not Delta) Summe, Sunman, Indiana.

Mr. and Mrs. George Borton and children of Huntington, and Mary Jane Borton of Ft. Wayne, spent Sunday at the home of Mr. and Mrs. Ira Borton. Mary Jane remained over until Monday.

Mrs. U. R. Oldfather and son Rusk of Elkhart, and Mr. and Mrs. Irwin D. Wissler and son Donald of Ft. Wayne, were week end guests of their mother, Mrs. E. E. Jones and Mr. Jones.

Mrs. Effie Personett and Mr. and Mrs. Otis Darr attended the honorary services for their nephew, Sgt. William Staner of Argos, Indiana, on Sunday afternoon. Sgt. Staner was killed in action in West Africa Jan. 23.

Word has been received that Aviation Cadets John L. (Jack) Shinn and Richard Manwaring have been classified for pilot training. They are at

Nashville Army Air Center, and will probably be sent to Maxwell Field, Ala., for preflight training.

Mr. and Mrs. Charles F. Davis and two children of Monroeville, Mr. and Mrs. Fred Carey and two boys and Mrs. Eugene Lancaster and two girls of South Whitley, were visitors at the Artley Cullum home Tuesday afternoon and evening. The Davis family remained until Wednesday.

### FARM BUREAU ORGANIZED IN HARRISON TOWNSHIP

A Harrison township Farm Bureau was organized Feb. 15th when a group met at the Mentone school. The following officials were elected: Oral Welch, president. Kyle Gibson, vice president. O. B. Deaton, Secretary-treasurer. Delegates to county meeting—Geo. Long and John Fenstermaker. Roy Wiltrout was alternate.

### NUGGETS FOR BEREANS

No. 48

This section we are studying for today, Eph. 1:19-2:7, is strictly doctrinal. Paul is here showing how that it is no longer the Jew first, as it was in the church of the Pentecostal dispensation, but that now the Jew and Gentile are on an equal footing. We see then that this equality is emphasized by the usage of the word TOGETHER three times.

1. "QUICKENED TOGETHER WITH CHRIST." No longer can the Jew be born again as in John 3, but he also is now reckoned dead in trespasses and sins and so he must be quickened, just the same as the Gentile dog. If Christ were not raised, then were we not quickened, for this is a part of His resurrection power.

2. "RAISED UP TOGETHER." Christ was raised to be seated at the right hand of the Father in glory. We have been raised to "walk in newness of life." And aren't some of us pretty wobbly in our walk? I will just drop a hint here. Take your concordance and look up the word WALK. The Word gives detailed instruction about how to do this dif-

scult thing. But we are reminded by the apostle that both Jew and Gentile are raised up together and are therefore ready to walk.

3. "MADE US SIT TOGETHER IN HEAVENLY PLACES IN CHRIST JESUS." Doctrinally, this is already our position in Christ. This is something sure. This shows the absolute-ness of salvation. Of course one is not saved if he is not safe. Our conversation (citizenship) is in heaven where Christ is. He is our ark. The only way that we can be lost is for Him to be lost, for we are in Him. —Oscar M. Baker.
