BULLDOGS WIN

The Mentone Bulldogs defeated the Etna Green team last Friday night by a score of 18 to 16 in an overtime contest. The game was nip and tuck all the way from the initial whistle to the final gun. The Bulldogs held the advantage at the quarter and the half, but the Etna Green cagesters rallied in the third period to put themselves in the lead. At the end of the fourth period the score was locked at sixteen, after Junior Wallace, diminutive Bulldog forward, slipped in a basket in the last minute of play. Bill Cook scored a tally in the first part of the overtime period that put the Bulldogs in the lead, which they held to the end of the game.

The Mentone Seconds defeated the Etna Green reserves by a score of 3 to 9.

A feature of the game was the brilliant band performance put on by Etna Green High School's snappy band. The marching performance between games showed perfection to a degree that is seldom attained by high school students.

Last Saturday night the Argos quintet defeated the local team on the home floor by a score of 30 to 21. The Argos team held the upper hand all through the contest, and was never once threatened. Argos's second team took a 25 to 21 victory from the Checkers in the opening game, showing good form throughout the tilt.

Car Damaged by Fire

A 1936 V8 Ford coach, belonging to Mr. M. Roy Rush, caught on fire today afternoon inflicting considerable damage to the motor. Mr. Rush was enroute to Mentone and had driven only a quarter of a mile from his home when the blaze started under the hood. After turning off the ignition he threw gravel on the engine but the wiring and other parts were destroyed before the flames were extinguished. The immediate cause of the fire is not definitely known.

Felt base 9x12 rugs only \$4.95.
Clark's.

Notice of Annual Stockholders Meeting of The Northern Indiana Co-Operative Ass'n.

You are hereby notified that the regular annual meeting of the stockholders of the Northern Indiana Co-Operative Association will be held at 1:30 o'clock p.m. on the 18th day of January, 1937 in the Harrison Township high school building in the town of Mentone, Indiana at which meeting will be received the reports of the offices of the business of the association for the year of 1936 and for the purpose of electing two directors to take the place of the directors whose terms expire, namely, Dr. Emery Anderson and Raymond Lash and for consideration of any other business that may regularly come before the meeting.

Dividend checks will be distributed to stockholders at this meeting and in order to avoid confusion, if you desire to take stock for all or a portion of your patronage dividend, please don't fail to notify Everett Rathfon, treasurer and manager a few days before the meeting or as soon as possible. Otherwise your entire dividend will be paid in cash.

PLEASE BE PRESENT
FORREST L. KESLER, Secretary
of the Nor. Ind. Co-Op. Ass'n.

Notice to Egg Shippers

The N.I.C.A. wishes to announce that they will grade eggs Thursday and Friday and on Monday and Tuesday. Eggs graded on Thursday and Friday will be shipped on Saturday. Those graded on Monday and Tuesday will be shipped Tuesday, starting January 12.

This will make it possible for Egg producers to market their eggs twice each week. Bring your eggs any day of the week and take advantage of these facilities. Eggs must be clean and in new cases.

EGG COMMITTEE

M. E. Church Notes

Dr. O. T. Martin, District Superintendent of the Warsaw District of the Methodist Episcopal church will be our guest preacher at the Unified Services next Sunday morning at 9:30 o'clock. E. E. DeWitt, pastor.

Pleasant Surprise

On Sunday, January 3, the children, grandchildren and great-grandchildren of Mrs. Mahalia Meredith met at her home to remind her of her 90th birthday anniversary. A community dinner was served at the noon hour and in the center of the table was placed a large birthday cake, with her age written on it. All departed later in the afternoon, wishing her many more happy birthdays.

NOTICE

The evangelistical meeting will begin at the First Baptist church in Mentone on Tuesday night, January 5. Rev. R. O. Yeager will be in charge. There will be a preliminary prayer meeting at 7:00 in three separate groups, young people, men and women. The song service begins promptly at 7:30.

Electric Heating Pads 3 temperatures \$2.35. The Big Drug Store.

OBITUARY

Creviston

Miss Dora Belle Weeks was born January 11, 1878 in Grant County, Indiana, the daughter of Thomas Schalkly Weeks and Mary Frances Jackson Weeks, and died at the McDonald hospital in Warsaw, Indiana, December 31, 1936 aged 58 years, 11 months and 20 days. On October 12, 1899, she was married to Alva Creviston at Swayzee, Indiana. To this union were born four girls and three boys: Mont, of Marion, Garnet, who died in infancy, Mrs. George McIntyre and Mrs. Elmer Darr, both of Mentone, Ruthene, who died in infancy, and Heston and Elwin at home, near Mentone.

She was born again in a meeting in the Wabash Friends church at the age of 36. She remained active in that fellowship until she moved to Mentone when she placed her letter with the First Baptist church, in which fellowship she was a member in good standing at the time of her death. She was a faithful and consecrated servant of her Lord, witnessing daily by her life and testimony that He is able to save to the uttermost all that come unto Him. She will be greatly missed by the local Baptist congregation.

She is survived by her husband, her children, four grandchildren, Dean and Joyceleen McIntyre, Norbert and Mona-Lou Darr, two sisters, Minnie Pence of Markle, Indiana and Amanda Collins of Palo Alto, California and one brother, Charles Weeks of Lake Wales, Florida.

"I have fought a good fight, I have finished my course, I have kept the faith. Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous judge, shall give me at that day: and not to me only, but unto all them also that love his appearing." 2 Timothy 4:7-8.

Stockholders Banquet

The stockholders of the Farmer's State Bank met at the Mentone school building Saturday evening for their annual banquet. New directors were elected for the ensuing year are A. I. Nelson, C. L. Manwaring, Wm. Nye, Floyd Tucker and K. A. Kiner. There were twentyone present.

To take particular care of that poultry flock. At the first sign of colds or rouse be sure that you have a good remedy on hand to combat that disease. We have tried to get the best possible remedies to take care of your birds when the time comes for you to use them. A most complete line of remedies and preventives of poultry diseases can be found at the mill's office and sales room.

Northern Indiana Co-Op. Ass'n to Hold Open House for Farmers in This Area as Part of John Deere Centennial Celebration

"The Blacksmith's Gift", Hollywood Film Epic, Starring Monte Blue.

All Day Program January 12th Under Auspices of Local John Deere Dealer.

The Northern Indiana Co-operative Association will hold all day open house and an all day program of entertainment and educational features, on Tuesday, January 12, in the Mentone Community Building, to commemorate the John Deere Centennial.

"The Blacksmith's Gift," a historic epic of American agriculture 100 years ago, will be one of the outstanding features of the day's program.

This remarkable picture is an all-Hollywood production, featuring Monte Blue, and that outstanding comedian of "The Trail of the Lonesome Pine," Fuzzy Knight, in a dramatic story of the early settlement of the West. It relates the story of a grave problem that threatened for a time to defeat the advance of the early settlers—and tells how one man met that difficulty with a solution which changed the course of American history.

In its gripping drama there is sentiment aplenty, but the loquacious Fuzzy Knight as a gossip hanger-on offers a continuous run of comedy. Other leading parts are played by Arthur Aylesworth, Otis Harlan, Anne Hovey, John Marlowe and Claire McDowell.

In addition to this feature production, three other pictures will be shown, including "From One Anvil," a sequel to "The Blacksmith's Gift," "Her Husband's Choice," and a short news reel showing new developments in agricultural methods.

"Her Husband's Choice" is the story of a modern farm boy and girl planning to start in farming for themselves... their efforts to restore the family farm... their plans for tractors, implements, and crops and how the desire for a tractor was satisfied in a very unusual way. This picture, packed with entertainment, is an education in modern farming methods as well.

Besides the entertainment features, the program of the day will include talks and demonstrations which will, in effect be a short course in modern farming and we extend a cordial in-

itation to every farmer in this area to be present for a day of pleasure and profit.

We especially want every farm boy who is interested in becoming a better farmer to be present. Much of the program will be of special interest to young people on the farm.

At the noon hour a free lunch will be served to ticket holders by the Northern Indiana Co-operative Association, after which the program will proceed as scheduled.

We plan to make this open house one of the big occasions of the season where farmers from every section may meet and get acquainted and exchange experiences. At the same time, it will be an opportunity to learn many new ideas which will make farm operations more profitable.

The open house this year is a part of the John Deere Centennial celebration; for it was in 1837, just 100 years ago, that John Deere gave to the world the steel plow.

EGYPTIAN SUBWAY BUILT IN 2766 B. C.

Egypt, land of mysteries has revealed one more page of ancient history—a subway system of 2766 B. C., writes a Cairo United Press correspondent.

The subway is believed to have been part of a great architectural plan conceived after the creation of the Pyramid of Chephren.

The passage provides a means of going from the necropolis of King Cheops, believed to have been the builder of the Great Pyramids, to that of King Chephren, the builder of the Second Pyramid. It passes under the great causeway which stretches for nearly a mile between the Second Pyramid and the Temple of the Sphinx.

The discovery of this causeway is of recent date. It is paved with limestone blocks fitted together as carefully as any of the blocks in the massive pyramids. So far, excavators have gone down 125 feet, and in the lower level it is hoped that still greater discoveries may be made.

Hope and Courage

Hope is the great physician of the soul, driving away weakness, lending energy, needed to overcome difficulty. It was said truly: "Hope awakens courage. He who can implant courage in the human soul is the best physician."

Woman Wrote Opera

Augusta Holmes (1847-1903) was one of the few well-known woman writers of opera.

(Delayed from last week)

Miss Mary Mollenhour who has been employed in Fort Wayne arrived in Mentone Thursday evening for an indefinite visit with her parents, Mr. and Mrs. C. O. Mollenhour.

Mr. and Mrs. Dale Flew entertained at an oyster supper Christmas eve, Mr. and Mrs. Fred Rush and daughter Fernie and Mr. and Mrs. B. A. Rush.

Mr. and Mrs. L. L. Mollenhour and Dr. T. S. Ringle of Tippecanoe were entertained at the C. O. Mollenhour home Christmas day.

Mr. Dale Flew who has been confined to the McDonald hospital for the past two weeks was removed to his home Thursday, December 24.

D. A. R. Meets

(Delayed from last week)

The Anthony Nigo chapter of the D. A. R. held their December meeting at the home of Mrs. F. B. Davison Tuesday afternoon, December 22. It was observed as Statehood Day. The following program was given.

A vocal duet by Miss Marjorie Long and Miss Jeanette Blue, accompanied at the piano by Miss Jean Burns. Early poets of Indiana was given by Mrs. Ed Kesler and Early Pioneers of Indiana by Mrs. G. C. Taylor.

The hostess served delicious refreshments and the chapter adjourned to meet in January at the home of Mrs. Lucie Manwaring.

Porgy, a Sea Fish

Porgy is a spiny-finned sea fish, often called scuppaug or scup, found along the eastern shores of the United States. It is an excellent food fish, attaining a length of 18 inches and a weight of about four pounds.

Platinite, Trade Name

Platinite is a trade name for an alloy of iron, containing 46 per cent nickel. This base metal alloy is used as leads for electric light bulbs.

Club Plays Santa Claus

The Tippecanoe Township Home Economics club closed its year's work with the distribution of thirty baskets and Christmas treats of various kinds to the less fortunate, sick and shut-in throughout the community. Some clothing was also made by the club members and placed where the need was greatest, in an effort to bring the real spirit of Christmas to the homes of those to whom they were privileged to minister. Club activities for the new year will begin with the first meeting in January. A steady growth in membership is being experienced, new members for the coming year being as follows: Mrs. George Riley, Mrs. Grover Gilbert, Mrs. Morris Fidler, Mrs. Mary Barkman, Mrs. Florence Longley, Mrs. Gladys Rosenwinkle and Mrs. Kirk.

Celebrate Anniversaries

A potluck dinner was held Sunday of last week at the home of Mr. and Mrs. Joe Hinsey in Mentone in honor of the birthdays of Mrs. Joe Hinsey, Nina Funnell and Richard Walters.

Those attending were Mrs. Harley Walters and children of Akron, Mrs. Kathleen Long and son of South Bend, Mr. and Mrs. Andrew Funnell and daughters of Gilead, Mr. and Mrs. Clifford Goshert and family of Hartford City, Mrs. Horn and children, Mrs. Dove Kercher and family, and Joe Silveus of Mentone, Mr. and Mrs. Arthur Brallier, Mr. and Mrs. Steve Himes and family, Mr. and Mrs. Edward Weirick and Mr. and Mrs. Glessil Ellis all of Warsaw.

Entertain Dinner Guests

Mr. and Mrs. Glen Hatfield, of Warsaw entertained guests at the annual family dinner during the holidays. There was an exchange of gifts before dinner and the afternoon was spent in playing bingo. Those enjoying the day were, Mr. and Mrs. W. E. Davis, Mr. and Mrs. Homer McGinley and daughter Marcella, Mr. and Mrs. Guido Davis and daughter Mary Justine of Burket, Emerson Ward of Chicago, Mr. and Mrs. Dale Woodworth, Mr. and Mrs. Wes Hays and daughter Diana, Doris, Elenore and George Hatfield all of Warsaw.

Britain's Highest Cliff

Britain's highest cliff is at St. Catherine's, at the south of the Isle of Wight. It is 830 feet high.

How Penguins Incubate Eggs

Emperor penguins incubate their eggs in flaps of loose skin on top of their feet. Many birds, both male and female, usually participate in developing one egg to hatching condition.

In Canterbury Cathedral

There are 800 carved shields of arms in the 36 bays of the cloisters of Canterbury cathedral.

The Word "True"

The word "true" is connected, by its root, with "trust;" fixed, steady, to be trusted.

Yaks as Beasts of Burden

In the highlands of Asia, more particularly in Tibet, the natives use yaks as beasts of burden. They are heavy, shaggy creatures, sure-footed but slow. In Kashmir they cross the yak with the native cow, and have produced an animal called the zoom or zoi, which is a faster walker than the yak.

Consideration for Others

Two main features of gentility are propriety and consideration for others.

College Founded by Woman

Clare, second oldest of Cambridge university's colleges, was founded in 1326 by Lady Elizabeth de Clare.

An Italian Belle

Rattling the keys in the pocket is supposed, in Italy, to keep off the "Evil Eye."

Invented Hard Porcelain

The formula for true hard porcelain was compounded about 1709 by Johann Friederich Bottger, of Dresden, Germany.

SIDE GLANCES

Honey is a preservative and will not spoil.

Newfoundland has great unworked iron ore resources.

An unwritten law can be as tyrannical as any other kind.

Sunburn is more easily acquired on the seashore than inland.

A man who paddles his own canoe soon wants a larger craft.

Women outnumber men four-to-one as carriers of typhoid germs.

Americans always want to hear good oratory, yet they get little.

It is in the perfect poem that its writer knows when to stop.

A clever fool is more dangerous to argue with than a wise man.

Queen Mary of England has furnished the royal yacht with antiques.

Indians valued a well-made bow as equal in trade to a horse and blanket.

The silly songs of yesterday are paralleled by the even sillier songs of today.

Self-esteem is excusable if a man works to earn it instead of being born with it.

All the world loves a lover unless he is holding up 20 cars in a line behind him.

About all that most men can offer in defense of evolution is something they have read.

Vacations disorganize the routine terribly, but it is generally felt that they are necessary.

Mass meetings can mean a great deal carried on by miscellaneous people and not henchmen.

It is an unusual nature that thinks of bitterly cutting remarks but does not utter them because they'll hurt.

One thing to be said in favor of the man who boasts he is self-made is that he absolves everyone else from blame.

Every time a famous man goes wrong a lot of parents wish they had been more careful about naming their children.

A statesman is elected to office and then if he is very popular he doesn't have to pay any attention to his platform.

Nothing in clothing, feminine or masculine, that is recommended merely because it is sensible, ever becomes the vogue.

The mill buys wheat, oats, corn.

OBITUARY

Sarah Elizabeth Emmons, daughter of Erastus H. Emmons and Sarah Ann Lewis Emmons was born April 23, 1872, near Mentone.

She was united in marriage to John Franklin Warren on October 3, 1896. Unto this union two daughters were born. Mr. and Mrs. Warren were in business here for many years.

She passed away at her home very quietly at 2:00 p.m. December 25, 1936, at her home in Mentone at the age of 64 years, 8 months and 2 days. Surviving are the husband, John F. Warren of Mentone, two daughters, Mrs. Stanley Wize and Mrs. Fred Garrison of Fort Wayne; three grandchildren also of Fort Wayne; and three brothers, Henry of Mentone, Ephraim and Albert Emmons of Mishawaka.

She was a member of the Methodist church, the Eastern Star and Royal Neighbor lodges of Mentone.

CARD OF THANKS

We wish to express our sincere gratitude and appreciation for the thoughtful little deeds of our friends in Mentone, for the kind words that were spoken and the lovely floral offerings that helped us in our hour of need.

J. F. Warren
Mr. and Mrs. Fred Garrison
Mr. and Mrs. Stanley Wize

The Term Legitimate

Some fifty years ago the term legitimate was applied in theatrical usage to dramatic productions that followed classic lines—to the plays of Shakespeare, for instance—and distinguished those plays from farces, burlesques, or extravaganzas. The usage of today has broadened, and an actor in "the legitimate" is any actor, other than a vaudeville performer, who appears upon the actual stage as distinguished from one appearing in motion pictures. The term legitimate in this usage conveys the sense of standard or regular rather than legal.—Literary Digest.

And Lots of It

Mother (to son wandering around room)—What are you looking for?
Son—Nothing.
Mother—You'll find it in the box where the candy was.

He'd Like It Better

Mother—Don't you think a cake with ten candles would be nice for your birthday, Bob?
Bob—I'd rather have a candle and ten cakes!

No Bull

Teacher—Henry, analyze this sentence: "It was getting to be milking time." What mood?
Henry—The cow!

Poultry medicine at the Co-Op mill.

Miss Ruth Rush of Kokomo spent New Year's day and the week-end with her parents, Mr. and Mrs. Ray Rush in Mentone.

Mr. and Mrs. Paul Cumberland and Mrs. Flo Eiler took dinner with Mr. and Mrs. Robert Kinsey of Warsaw Wednesday evening.

INSANE FISHERMEN EATEN BY SHARKS

Shipwreck Victims on Raft Are Crazy by Heat.

Singapore.—Seven fishermen are recovering here after the terrible ordeal of spending 40 days on a raft in the South China seas.

They set out on a fishing expedition from Formosa, but their ship was wrecked on a coral reef, and they had to build a raft and entrust themselves to the sea.

For 40 days they drifted helplessly under a blazing sun. They had only enough rice to last them for five days and no fresh water at all.

Week after week passed and still no help came. They suffered tortures of hunger and thirst, until three of their number went mad and jumped overboard. Their companions saw them devoured by sharks which relentlessly shadowed the little craft.

When it appeared certain they would all die of thirst and they had begun to drink sea water, rain fell.

Finally, they struck land at Sibul. Their clothes were in rags, they were practically naked and completely exhausted, and it was due only to the wonderful nursing they received from Malays that they eventually recovered.

The fishermen then left for Kuching, Sarawak, where the Japanese colony gave them clothes and provided them with the money to buy passage to Singapore.

From here the heroic survivors of the wreck will be sent to Formosa.

Dad Wins H's Daughter by Ice Cream-Pickle Diet

Chicago.—In regard to pickles and ice cream for girls of six—

Mrs. Mary Gowey Wood:

"My ex-husband has custody of Dolores one day a week. On Sundays, he takes her out and stuffs her with pickles and ice cream. I want him kept from seeing her."

The ex-husband, William Gowey of 1737 Wallen avenue:

"Dolores likes them."

Judge Rudolph Desort:

"There's an old credo that pickles and ice cream are bad for children. I understand it has been exploded. This father's interest in his daughter proves him a good father. I won't forbid him to visit her."

Dolores:

"I'm hungry!"

Her mother, smiling:

"Well, shall we get her an ice cream cone?"

The Judge:

"And a pickle? Why not?"

Dolores (with a pickle in one hand and an ice cream cone in the other, five minutes later):

"Um m m!"

With maternal and legal approval, Dolores' father will call for her Sunday and take her out for some more pickles and ice cream, under an agreement into which the parents and Mrs. Wood's attorney, Paul Pomeroy, entered.

DEATHS

Warren

Joseph Warren was born in Cumberland county, Pennsylvania January 25, 1861 and departed this life Friday evening, January 1, 1937 at the age of 75 years, 11 months and 7 days.

In 1879, at the age of 18, he moved with his parents to Kosciusko county Indiana and lived here until his d.a.h.

On October 25, 1882 he was united in marriage to Sarah Ann McIntyre. To this union were born four children; his daughters, Bertha Tibbett, Nellie Jane Swathawood and Mary Ann Sioemaker; one son, Charles Albert Warren who preceded him in death several years ago and one step son, John Warren.

Funeral services were held at the Mentone Baptist church Sunday afternoon at 3:00 o'clock with Rev. DeWitt officiating. Burial was made in the Mentone cemetery.

U. W. Mystery Chain

The United Workers of the Palestine Christian church met January 1, at the church basement for their monthly meeting and also for the culmination of the mystery chain. There were approximately thirty women of the chain present with their children and husbands, who were invited, making nearly fifty in all.

An unusually delicious dinner was served at the noon hour followed by group singing and prayer. This occasion, in which each member had looked forward to so eagerly, was saddened because their chain had been so recently broken, due to the death of Mrs. Alva Crevison, one of their most interested links.

A play, "Henpeck Hollar Gossip", cast from the elderly women's class was enjoyed by everyone. The devotional service was conducted by Amanua Huffer and was followed by congregational hymns.

The last thing on the program was

WEDDING

Craig-Coplen

The home of Mr. and Mrs. Gordon Craig, of Indianapolis, was the scene of an impressive candle-light wedding, Saturday evening, Jan. 2, when Miss Doris Coplen, daughter of Mr. and Mrs. Charles R. Coplen, of Rochester, became the bride of Wayne Craig, son of Mrs. Lola Craig of Petersburg, Ind. The ceremony was performed by Rev. Mell before a lovely background of palms and an arch of lighted candles. During the ceremony Mrs. Gordon Craig played "I Love You Truly." The attendants were Miss Margaret Duvall, who wore an attractive gown of American Beauty crepe with black satin slippers and carried a bouquet of yellow sweet peas, and the other attendant was Donald Heron, both friends of the bride and bridegroom.

The bride was beautiful, attired in an ankle length dress of blue moire tulle with silver slippers. She carried a bouquet of pink roses. Little Barbara Jean Craig acted as ring bearer and looked quite charming in a dress of pink crepe and carried a bouquet of roses which held the ring.

Immediately following the ceremony a delicious two course dinner was served at the home of Mr. and Mrs. Esta Combs, sister of the bridegroom, with a large wedding cake and pink and white tapers forming the centerpiece of the table. Guests were Mr. and Mrs. Charles R. Coplen, Mrs. Lola Craig and family, Mrs. Ivan Clinker, Mr. and Mrs. William Irelan and son, Mr. and Mrs. Richard Waldo, Mrs. Gene Godme and Miss Isabell Smith. The couple will make their future home in Indianapolis where the bridegroom is employed.

NOTICE

There will be a cake walk after the Mentone-Akron basket ball game at Akron, Friday night. This cake walk is sponsored by the girls of Akron High School Sunshine Society for charity purposes. There will be some free walks. The pay walks will be five cents per person or ten cents a couple. Come and win a cake!

BASKET BALL

The Syracuse basket ball team defeated the Mentone five on the local floor last Friday by a score of 27 to 17. The Syracuse team got off to a good start and never had trouble holding their lead. Juday, tall center for the visitors, captured high-scoring honors with twelve points.

The Leesburg Demons defeated the Mentone Bulldogs on the Leesburg floor last Saturday night by a score of 30 to 28. The Demons took an early lead and held it to the last quarter, when the Bulldogs rallied and came within two points of catching up before the final whistle.

This Friday night the Bulldogs travel to Akron, to play the Fliers. The Fliers defeated the local team in an earlier game this season.

The mill buys wheat, oats, corn.

PERSONAL

Rev. D. J. Norwood of Milford was a Sunday dinner guest at the home of Mr. and Mrs. Carl Mahoney and family of north of Palestine.

Mr. John Boganwright spent a few days last week in upper Sandusky, Ohio.

Fish dinner Friday, fish fry Friday night. Mentone Cafe.

Guests at the David Harsh home near Mentone Sunday, were Mr. and Mrs. Roy Saygers, Mr. and Mrs. Jacob Hinkle, Mr. and Mrs. L. A. Boganwright and family, Mr. and Mrs. Clifford Scholl and family and John, Paul and Joe Boganwright.

Miss Marie Davis of Swift & Co., spent the week-end in Mentone.

Mrs. Vivian Snyder and daughter Babe spent Sunday with Mr. and Mrs. Alpheus Snyder near Argos.

Miss Marjorie Snyder spent the week-end in Hebron, Ind., with friends.

Miss Dorothy Nottingham was confined to her home last week with the flu.

Members of the Palestine Christian church attended the Baptist evangelistic services in a body, Tuesday night.

Mrs. W. W. Lowman and son of Warsaw spent the week-end at the Frankie Spiller home.

Mr. and Mrs. Blanche Darr, Mr. C. O. Eiler, Miss Ruth Baker and Miss Willodean Janke, attended the Bible Conference at the First Baptist church in Valparaiso, Ind., Sunday afternoon. Rev. Buswell of Wheaton College and Rev. R. O. Yeager were speakers at the meeting.

DEATHS

Minear

Rebecca Jane Ellis was born August 4, 1864, the daughter of J. F. and Elizabeth Ellis. She departed this life at the McDonald hospital on January 9, 1937 at the age of 72 years, 5 months and 5 days. She was married to John Minear on May 22, 1926. She had been a member of the Palestine Christian church for the past twenty-five years.

She leaves to mourn her departure besides the husband, two sisters, Mrs. Felger of Milwaukee, Wisc., and Mrs. Alice Abbott of South Bend; on brother, Chas. Ellis of Warsaw; Mr. Richard Miller of Peru, whom she married to young manhood and a host of other relatives and friends.

Funeral services were held at the home in Warsaw, Monday afternoon with Rev. R. O. Yeager officiating. Burial was made in the Harrison Center cemetery.

"As it written, eye hath not seen nor ear heard, neither have entered into the hearts of man, the things which God hath prepared for them that love him." Cor. 2:9.

BURKET MAN IS CHAIRMAN

Murray C. Rickel, Burket, was named as general chairman of the committee in charge of the installation of a Lions club at that place on February 3. The club is sponsored by the Mentone club, a live-wire organization of which we as a community are very proud. Our local club also sponsored the Claypool club which was formed recently.

Installation of officers will be under the direction of international and state officers and charter night, Feb. 3, is to be celebrated with a banquet in the Burket community building.

Other chairmen named were: Bancroft chairman, Masa Nelson; reception, J. W. Sandlin; decorations, W. G. Davis; tickets, Ed Dreisbach. A. L. Summe is president of the newly formed club.

Economics Club Meets

The Harrison Center Home Economics club met Wednesday afternoon at the home of Mrs. DeWitt Mellott at East Main St. The new officers were installed for the coming year. The meeting was presided over by the new president, Mrs. Virgie Eckert. Following the singing of "America the Beautiful," the club creed was repeated. Seventeen members and two guests, Mrs. Charles Hammerer, and Mrs. Roy Firestone, responded to roll call by giving their New Year's resolution. Several contests were engaged in with prizes awarded to Hatch Nighswander, Emma Horn, Lester Stump and Esther Long. The mystery package and color prize were awarded to Emma Horn. The next meeting will be January 20 at the home of Emma Horn.

Creighton is Appointed

Robert Creighton, Republican, one of the two Republicans named Kosciusko county representatives, is on the agriculture committee of the house of representatives, with 12 Democrats. Twenty-one more committees are to be announced later.

Of the 15 committees, so far named, the appointments average 10 to 1 Democrats to two Republicans, making Republican representation practically of no value. On three of the 18 committees Republicans have three members.

BIRTHS

Mr. and Mrs. Herman Rapp of Elletts Green are the parents of a seven pound baby son, born Friday afternoon at the McDonald hospital.

PERSONALS

Mrs. Katherine Jefferies is now making her home with Rev. and Mrs. William Heitz at Winona Lake.

Warsaw was represented at the Elkhart debate tournament held January 9, at the Elkhart high school and at the Y. W. C. A. building by Junior Eherenman, Phil Lucier, Ora Pottinger, Isobel Rarick, Donna Rose Symonds, Jack Thomas, Bill Wagner and Harry Bloomer. Seventy-three schools were represented and each team debated three times. Our local team also participated.

Mrs. John Minear, aged 72, who three weeks ago fractured her hip at her home in Warsaw, remains in a critical condition at the McDonald hospital.

Mr. Dale Plew has recovered from a badly infected hand and was able to resume his position in Warsaw Tuesday of last week.

Mrs. Emma Clutter underwent a major operation at the Woodlawn hospital in Rochester Tuesday afternoon.

Miss Kathleen Anderson, daughter of Dr. and Mrs. Emery Anderson is a patient at the Woodlawn hospital, where she underwent a major operation last week.

An Old Saying

To change the name and not the letter is to change for worse and not for better.

Making Our Way

We are not here to have facilities forced us for doing the work we like, but to make them.

Needles From Thorns

The Aztec Indians of Mexico used thorns of the agave or century plant as we use needles and pins.

Rubber Bands Shoot Small-Fish Harpoon

Miami, Fla. — A handy harpoon-rifle to shoot small fish is the invention of W. M. Edwards, Miami. He says the gun makes fishing even more interesting.

Edwards' gun operates with two stout rubber bands on a slide which stretches from the muzzle to the trigger on each side of the gun. A steel arrow six inches long is tied to the line of a fishing reel under the barrel of the weapon.

When the trigger is discharged, the bands are released and the arrow shoots from the gun as the line unwinds. When the fish is speared, the fisherman simply reels in his catch.

The mill buys wheat, oats, corn.

OLD HAWAIIAN FORT IS PASSING AWAY

Honolulu.—An old stone fort, the only remaining evidence of Russia's attempts to found a colony in Hawaii a century before the islands became an American territory, may be gradually destroyed by souvenir hunters.

Small stones used to fill crevices between the hand-hewn lava rocks forming the walls of the fort have been carried away by visitors for several years, but it was only recently that souvenir hunters began chipping sections of the main wall.

Unless officials are able to appeal to the historic sentiment of visitors to refrain from such actions it is feared the fort in time may be only a memory.

Construction of the fort on Kauai island, 100 miles northwest of here, marked a turbulent international period in Hawaii's history. The Russian American Fur Co., chartered by the Czar and having a monopoly on Alaskan fur, sought a colony in Hawaii to furnish supplies to its trappers in the far north.

The Russians first built a fort in Honolulu but withdrew following objections by the government. The structure on Kauai island was then built and manned. Because the island officials regarded this as the forerunner of possible annexation by Russia, the Russians were attacked and driven away. Actions of the Russian fur traders were repudiated by the Czar.

The fort is fairly well preserved, despite its century-old age. It consists of a thick enclosure of black lava stones, in which at regular intervals are wide embrasures for gun mounts. Outlines of the stone walls for the barracks, powder magazine, armory and observation tower may still be seen.

"Hot Spots" in Paris May Close Because of Taxes

Paris. — Paris' "hot-spots," beloved of tourists for their free-and-easy gayety, are threatening to close down in protest against their taxes.

Since the Blum government, with its social laws, took office, they charge, taxes have risen to 50 per cent of the receipts.

Today, declares the syndicate of dance hall proprietors, their places must make 1,500 francs for every 1,000 francs of expenses to cover their tax bills.

And Paris is threatened with the disappearance of such world-known resorts as the Tabarin, the Moulin-Rouge, the Coliseum and the rest.

Already, according to M. Hartmann, director and president of the syndicate, Paris floor-show resorts spend from 650,000 to 1,800,000 francs for entertainment alone and almost all are operating at a loss.

"If the government continues systematically to disregard our situation, we will announce a lockout," M. Hartmann said.

"Lightning fast in zero weather"

SAYS...THE ENGINEER IN EVERY GALLON

GET THIS GASOLINE THAT GIVES *Lubricated Starting*

THE cold-proof top-cylinder oil in Tydol Gasoline eases engines into safer, faster starting. Oil-starved valves and cold-stuck pistons slide instantly into smoother action. You get a lightning-fast, lubricated start. That's why this new Winter Tydol saves you excess engine wear and battery drain... gives you swifter, surer, safer starting... and at no extra cost.

Northern Indiana CoOp. Association, Bulk and Retail Stations, Mentone

PERSONALS

Mr. Chet Jontz of Warsaw was a Mentone business caller Wednesday.

The Mentone Lions club held their semi-monthly meeting at the school house Wednesday night.

Mr. and Mrs. David Ellsworth returned to their home in Mentone Wednesday after spending several days in Raymond, Kansas where they attended the funeral of Mr. J. W. Burns. Mr. Burns was Mr. Ellsworth's half brother.

Mrs. David Harsh and Mrs. L. A. Boganwright and daughter Lois spent Tuesday with Mrs. Clifford Scholl.

Mrs. Marie Busenburg, who submitted to an operation at the Woodlawn hospital several weeks ago is slowly improving and is able to be up and about.

Mr. L. E. Boganwright and daughters, Mary and Keturah, spent Thursday and Friday in Upper Sandusky, Ohio where they attended the funeral of the former's aunt, Mrs. Elsie Boganwright.

Mr. Chester Manwaring, who suffered a heart attack last week is slowly improving.

There was a Psi Iota Xi business meeting held Wednesday night.

Mrs. John DeCook, of Hebron, Ind., was fortunate in winning one of the fifty-two Ford V8's being given away by the I. G. A. grocery company. She won the car on the week of December 21.

The Chas. King sale was held Thursday of last week.

The Mentone Bridge club will meet at the home of Mrs. Nell Reed on Thursday of this week.

Mrs. Maude Snyder is able to attend to her lessons again.

Paul Winegardner, of Chicago, spent last week in Etna Green, the guest of the Knepper and Mason families.

Clarence Taylor has been seriously ill for the past week.

Thomas Hamlin remains confined to his home in Etna Green except for the few short trips he makes to the store.

Mrs. Roy Melick, who has been visiting for a few days with her daughter, in Mishawaka, returned home Thursday morning.

Mrs. Blaine Yazel completed her services for Dr. Radcliff, last Saturday, January 2, after eight years in the office. Miss Noland is now in the place M. S. Yazel vacated.

Revival services continue at Mt. Tabor, with increasing interest. Every one is urged to be present.

BANKERS MEET

The Bankers' Association, composed of seven counties: Kosciusko, Marshall, Whitley, Fulton, Wabash, Huntington and Miami, elected Elmer Funk of Warsaw, as its president.

The following vice-presidents were named at the meeting held at Wabash recently: M. Mayer, Mayer State Bank of South Whitley; H. H. Stoner, Exchange State Bank of Akron; A. I. Nelson, Farmers State Bank of Mentone; Dow Buskirk, State Exchange Bank of Roann; E. V. Fitch, First State Bank of Huntington; Ralph Mason, First State Bank of Bourbon and Otto Cloud, Citizens Bank of Macy. Kenneth Rine, of the local Farmers State Bank, was named secretary of the organization.

**Town Marshall
Winner of Tourney**

Tuesday night the crowd behind the soda fountain at the Big Drug Store, was treated to the playing off of the finals of the 38 Billiard tourney which has been in session for some time. The final contestants were J. F. Warren and Chas. Meredith and the two referees were Ray Rush and Arlo Friezner.

The final session started promptly at 6:30 and moved on to a rousing finish with Frank the winner of two straight games by a score of 38-22 and 38-31. Mr. Warren was thoroughly congratulated and Mr. C. W. Shafer presented him with a handsome flashlight lantern, with the compliments of the Big Drug Store on the Corner.

BEATTY RETURNS

Mr. and Mrs. Clyde Beatty, the former the well known animal trainer, have returned from Europe and brought many new animals for the Cole Bros. & Beatty Shows, which make headquarters at Rochester.

Chief Lady in Waiting

The chief lady in waiting to the queen when Spain was a monarchy, was called "duenna." The word is also used to designate an elderly woman who acts as guardian to a younger woman in a Spanish family.

**Anderick Injured
At South Bend**

Mr. W. H. Anderick, well known former resident of this vicinity, was critically injured in South Bend Saturday evening, January 2. He had been working on an overhead bridge and was coming down the ladder to the street below when he was caught between two passing automobiles. His legs were broken in two places and his condition is very serious at this time. He is being treated at the Epworth hospital there.

Mr. Anderick was born and raised near Burket, Indiana but has lived in South Bend for the past thirty-five years. He has several relatives and friends in this community who are vitally interested in his condition.

**Blaze in Sawdust Beds
Defies Firemen 22 Years**

Dubuque, Ia.—Dubuque has a fire which has been burning for 22 years, and has defied efforts to extinguish it. In 1913 the Standard Lumber Co., a million dollar industry, was completely destroyed by fire which raged several days on the Mississippi river front.

Since then, firemen frequently have been called to the former site of the company to extinguish flames which break out through the ground.

Fire officials said that the plant had been built on sawdust beds, which became compressed with the passage of years until they assumed a steel-like consistency.

The fire reached these beds, and probed deep into them. There the embers smoldered. With atmospheric conditions just right, the flames work their way upward.

**Hen Lays an Egg With
Five-Cent Piece Inside**

Athens, Texas.—The goose that laid the golden egg had nothing on the Athens hen that laid the nickel one. When Linton Tucker, a grade school boy, bit into a hard boiled egg which he had taken to school in his lunch, his teeth clamped down on a nickel. His teacher and several students vouched for the fact that the shell of the egg had not previously been broken.

**Ancient Tooth Extractor
Now Used as Nail Puller**

Eau Claire, Wis.—A wicked looking tooth extractor, made by his great grandfather in Scotland more than three score years ago and now owned by E. D. Hatch of Eau Claire, is better adapted to pulling nails, prying up box lids, or opening windows. The instrument, strong enough to perform any of these tasks, was operated on the lever principle, in much the same manner as a boulder is gouged out of the ground.

The mill buys wheat, oats, corn.

**Notice of Annual Stockholders Meeting of
The Northern Indiana Co-Operative Ass'n.**

You are hereby notified that the regular annual meeting of the stockholders of the Northern Indiana Co-Operative Association will be held at 1:30 o'clock p.m. on the 18th day of January, 1937 in the Harrison Township high school building in the town of Mentone, Indiana at which meeting will be received the reports of the offices of the business of the association for the year of 1936 and for the purpose of electing two directors to take the place of the directors whose terms expire, namely, Dr. Emery Anderson and Raymond Lash and for consideration of any other business that may regularly come before the meeting.

Dividend checks will be distributed to stockholders at this meeting and in order to avoid confusion, if you desire to take stock for all or a portion of your patronage dividend, please don't fail to notify Everett Rathfon, treasurer and manager a few days before the meeting or as soon as possible. Otherwise your entire dividend will be paid in cash.

PLEASE BE PRESENT
FORREST L. KESLER, Secretary
of the Nor. Ind. Co-Op. Ass'n.

Teaching Mrs. to Drive

Now, we're all set. Just turn the jigger over and push on the hickey with your left hand and pull down on the other little jim-crack with your right, then press down the doodad with your foot and pull the thingumbob at the same time, and when it starts you push down on the doofunny with your left foot and yank the umptydiddy back, then let up on the foot dingus and put your other foot on the hickey-madoodle; and don't forget to push down on the hootnanny every time you move the whatyoumaycallit, and you'll be hunkydorey, see?—Troy Times-Record.

Homesteading Gone

Gone are the days when anyone could walk into the land office of the state and take out homestead papers for 40 or 160 acres of wild or abandoned land and then look forward to receiving his deed to the property five years hence, writes Albert Stoll, Jr., in the Detroit News. A lot of dreams will be shattered by those who were planning to become land independent at the expense of the state, through homesteading delinquent tax lands and the like. This law has been wiped off the statute books.

Government Economies

When the United States decided to make smaller dollar bills and bills of larger denomination, and cut 12 bills from a sheet of paper, whereas before only eight were cut from a sheet of the same size, a saving of \$150,000 a year was effected.

The mill buys wheat, oats, corn.

This week is an especially noisy week for our school. Atmospheric conditions account for part of it, but the major reason for the continual babble of voices is the fact that every one is so exuberated over the fine vacation that we enjoyed that everyone feels that he must tell everyone else he sees or comes in contact with, how much he enjoyed his vacation.

Our vacation has ended, but our first semester of work will not be completed until the week following vacation because we were forced to discontinue school for a week earlier in the semester because of trouble in the plumbing system in the building. Our second semester of work will begin this coming week.

We were especially pleased with the appearance of the building when we came back last Monday. Everything had been thoroughly cleaned during the vacation and the floors had been waxed and polished. We don't really appreciate what a beautiful school-house we have.

SENIOR NEWS

The Seniors have decided to have that party that you've been hearing so much about on this page. We had to postpone it because of the scarlet fever scare before Christmas. The party will no longer be a Christmas party as we had planned at first. It will be held at the school-house Wednesday, January 13.

In our Senior Civics class we have been having quite a variety in study. The first part of the week was spent in getting adjusted to school life again. The last part of the week we studied the situation in Spain. We also did a little investigating in the field of finance. We tried to learn the truth about the way the government borrows money.

In our public speaking course we have been getting a good work-out in speech practice. We have given

impromptu speeches practically every day except one. We had our monthly test on this day of exception.

JUNIOR NEWS

Four Juniors, three seniors and one sophomore are going to Elkhart next Saturday to debate in a tournament held there. All the northern Indiana schools in the Debating League will be present. Each team will debate three other teams during the day. The question is "All electric utilities should be governmentally owned and operated." Those students who are going are Sam Blue, Bob Thorne, Everett Mikel, Rex Bush, Phillip B. Sh, Helen Marvel, Katherine Eiler and Mary Beth Deaton.

SOPHOMORE NEWS

If you don't believe that Geometry is interesting and in ricate, you just ask the people in this class their opinion of the favorite pastime of the old Greeks.

FRESHMAN NEWS

These people have just been through their first high school exams. From the comments we hear, they are no easier for them than they were in the grades. So you see going to high school and really getting something out of it is no Sunday picnic.

EIGHTH GRADE NEWS

The new semester begins next week, and with it begins Civics instead of geography, and g m work. We will take English another four weeks before starting on our literature.

Due to the fact that we are through our Geography books, we are preparing for Civics by learning to conduct a meeting. In a class meeting yesterday the motion was made and carried that Mr. Mervel Smith read a story. Mr. Smith then made the motion that after he finished the story, Miss Gloria Hammer would sing a song. This motion was also carried. Miss Hammer then made a third motion that Mr. Smith sing with her, but this motion was lost. We are still waiting for their excuses for not complying with the motion.

Mr. Smith: "I don't want to read a story tomorrow because I may have the tooth-ache."

Hope Deaton: "I didn't know folks got the toothache when they had false teeth."

In our English exams we had 140

questions and the highest score was ninty, so Paul Smith decided that we needed at least four more weeks of English work.

A spelling exam, which we took last Tuesday has convinced us that spelling is no longer the easiest subject, and that we must study it as well as English.

We were permitted to conduct a ciphering match as a Christmas gift from Mr. Fenstermaker. Lewis Blue and Belva McGowen were chosen captains. Belva's unfortunate team lost by a score of 13 to 0.

Mr. Harrison's Christmas gift was a good hard examination. We survived it nowever, and are now taking a chapter on Heat. If we don't get warmed up on this subject, it will not be because we do not have to study.

SEVENTH GREDE NEWS

The girls in the Home Economics class have already completed their aprons which they will use in the food laboratory in the last semester course in this subject.

Most of us are very very glad that exams are over. Some of them seemed rather difficult, but we have come out of them better than we expected.

AGRICULTURE NEWS

The agriculture class has been working hard since vacation making new seed corn racks and cleaning up the shop room. If you don't believe it is fun, you just ask Doyle Welb.

SPORTSMANSHIP

Did you ever think of sportsmanship as being a type of honesty? If someone were to ask you if you were honest, you would generally say yes, would you not? If you are not a good sport, you are not honest, either with yourself or your fellowmen. To be a good sport means to be able to cooperate and adjust yourself to conditions and situations as they arise. There is a certain degree of sportsmanship in every activity in life, but the most outward show of sportsmanship in school activities, is the athletic games, especially basketball.

If you are honest and fair with yourself and with your fellow-men you will atice with reasonable decisions of official, follow the fundamental rules of the game as nearly as possible, and adjust yourself to any peculiar situation that might arise.

One aspect of sportsmanship on which our school as are most schools, is poor in, is the thunderous applause when the member of an opposing team commits a foul on some member of our team. You certainly wouldn't clap your hands in glee if some person made the mistake of falling down stairs or some similar

misfortune, would you? In reality, this is what you are doing when you express your joy when a foul is committed. You are enjoying some one else's error and laughing at their expense. We believe that applause when a foul shot has been successfully executed is appropriate, because then you are applauding the skill of the person executing the shot and are not expressing your joy because of another's mistakes. Let's be honest with ourselves and others and make this business of being a sport a real factor in our character.

MORE PROTEIN IN DIET IS NEEDED

The American people are not eating enough of the protein foods which are so essential for good nutrition, Prof. Chester M. Jones of the Harvard medical school, told the annual session of the American Dietetic association the other day, reports the Kansas City Star Science Service.

The reason, he said, lies in the tremendous economic changes which during the past half century have radically altered the people's food habits. Our pioneer ancestors, he cited, obtained more than a liberal supply of proteins from the large amount of fish and game which was theirs for the taking. Later when the population was rural rather than urban, farm animals supplied milk, cheese and meat for home and village consumption. But with the development of our cities, the prices of these products have increased with a resulting deficiency of protein foods in the average diet, he said.

That such a trend is dangerous is shown by the serious consequences which result from the interference with the absorption of protein characterizing several diseases. To offset these diseases such foods as meat, liver and milk must be emphasized in the diet.

While it is not necessary to stress these foods in the average diet, he said, their presence on the menu must be regular.

Lockjaw Germ Present in Day's Common Situations

The dust of your desk, the soil under your feet and the machine you run all carry the lockjaw germ, known as tetanus bacillus. This statement is made by Dr. Herbert L. Herschensohn in Hygeia, the Health Magazine.

However, unlike most other germs the tetanus bacillus does not multiply to any great extent in the human body. When it finds its way into a wound it stays in that vicinity. The poison which it liberates, though, travels so swiftly on the current of the blood stream throughout the system that its progress cannot possibly be halted by amputation.

Moreover, it is a peculiar fact that if there are no other types of germs in the wound, tetanus is not likely to develop, whereas if there are, it will certainly work havoc. If the ordinary germs are killed by appropriate medical treatment of the wound the possibility of lockjaw is thereby considerably decreased.

Oddly enough, despite the universal distribution of tetanus bacilli there are relatively few cases of lockjaw when compared to the number of accidents. This is due, in part, to the injection of tetanus antitoxin, which is routinely practiced by physicians everywhere in the country when treating wounds which have the appearance of favoring tetanus infection.

Most of the cases of this disease occur in the tropics. It is so common in this region that cases of lockjaw in the new-born and the mother are frequently observed. In the infant the infection takes place in the navel.

Heating Device Sterilizes Soil

Inexpensive sterilization of dirt is possible with electrical equipment consisting of four heating units with mountings. The florist or specialty grower builds these units into a wooden vat or container. Dirt to be cleaned of plant enemies, such as weed seeds, insect life and fungi, is placed in the container and the electricity turned on. A thermostat maintains automatically temperatures of 160 to 180 degrees Fahrenheit, raising the temperature of the soil sufficiently to destroy the plant enemies. — Popular Mechanics Magazine.

Egg Laying Rooster

The egg laying rooster from Talleyville, Va., failed to perform for Poultryman Harry L. Moore of the Virginia Polytechnic institute at Blacksburg. The rooster recently jumped its biological traditions and laid a dozen eggs, five of which hatched. Its owner, E. E. Harrison, sent it to the institute for observation—then got it back again when the rooster failed to repeat.

Short Circuit Beetle

The determination of insect life is nowhere better demonstrated than in the case of what linemen have dubbed the short circuit beetle. These beetle attack telephone and high tension lines, boring through the outer coating of the wire, the lead offering no barrier to their chisel-like jaws.

Too Bad

Mrs. Jones—My new maid just had part of her rib transplanted to her nose.

Mrs. Smith—How awful! Her nose will be so ticklish she won't be able to wear her glasses.

Doesn't Approve

Dad—When I was young I thought nothing of getting up at five o'clock in the morning.

Son—I don't think so much of it myself.

Spend 'hrist

Mrs. Meeker—John!

Mr. Meeker—Yes, my dear.

Mrs. Meeker—There's a corner torn off your pay check. What did you spend it for?

Altrices

Altrices are birds that are hatched from the egg before they have acquired feathers or the ability to care for themselves.

Water Carriers in Egypt

Cairo, Egypt, has waterworks, yet the water carrier plays his trade and many houses have brass tubes on the door through which the passer-by may take a drink from the main pipes of the city.

NOTICE!

After JANUARY 11th

We Will be Open Six Days Each Week, From 8:00 Until 5:00 p. m.

SWIFT & CO.,

Mentone, Indiana

BASKETBALL HOME COMING

Saturday night, January 16, at 7:30 there will be two home-coming games played at the Mentone Community building. This set-up has all the earmarks of a real treat. The first game of the evening will be between the 1931 Sectional champs and the strong E na Green five. The Mentone line-up for this game is E. Igo, E. Nellans, W. Barkman, D. Lyon, Teel, W. Fenstermaker and others.

The other game scheduled for the evening is the Mentone High School S a e Tourney team versus Defiance, Ohio. Bill Blue, graduate of Mentone high school and member of the Sec. champs of 1931 will appear in the strong Defiance line-up, who boast a record of 12 victories in 13 starts.

The Mentone line-up for this game is R. Faulstich, K. Paulus, G. Shirey, L. Linn, W. Songer, G. Underhill, Paul Long, D. Blue and H. Teel.

Admission is 15c to one and all. Come and hear also, the Mentone high school band.

Girl Scout News

The Girl Scouts of Mentone met at the school house for their weekly meeting Thursday night.

We are all up and ready to start the New Year with a bang! The younger girls and those of the older girls who hadn't passed their judging, finished passing it Thursday night.

We discussed what we were going to do this year. The members of the Gypsy patrol are going to work on signaling, mapmaking and proficiency badges.

The next meeting we are going to pass mapmaking. We are planning our Court of Awards to be held March 18th. We hope to have some first class scouts by then. Reporter.

The cheaper the politician, the more he costs the country.

Every man has his price and every woman her figure.

Largest Room in the World.—The room for improvement.

It is as hard to give up work as it is to give up idleness.

No one can deny that reading the old Testament is enjoyable.

To convert a man to your views, don't try to nine-tenths of the time.

Shakespeare, says the schoolboy, wrote tragedies, comedies, and errors.

Science has discovered drugs to alleviate all pains except one in the neck.

Does the "good listener" ever realize that he wastes an awful lot of time?

You have to judge the future by the past. Does that make you optimistic?

Science is a fluid creed. It never hesitates to discard a principle if it is at fault.

The hillbilly in his cabin has a handsomer outlook than the dweller in a pent house.

It takes a good deal of wit to explain clearly to some one else what

Electric Sandpaper

The latest way of making sandpaper is by electricity. On a smooth sheet there are 250,000 grains to the square inch, and by a new process the sharpest edges are made to stand upwards and the grains or particles are evenly spaced. The paper first passes between two rollers where a thin coating of glue is applied. It then passes between two electrodes, charged with 100,000 volts, the grains being fed between these two points at the same time. They instantly become electrified and are forced into the glue with their edges standing upright. The high-tension current also causes them to repel each other with equal force by the elementary law of electricity, and they therefore become evenly spaced and form a perfect covering on the paper or cloth backing.—Tit-Bits Magazine.

Church in Race Track

Of all the odd places where churches, chapels and other places of worship are located throughout the world, the oddest is the center of a racetrack in Chelmsford, England. The vicar of this church likes its exciting location but he has never become accustomed to the large number of horses and dogs which insist upon roaming about the churchyard.—Collier's Weekly.

Colorless Rubber

Rubber cannot only be made as clear, colorless and transparent as plate glass but also so tough that it outwears steel. A rubber jacket that is now used on certain ocean cables which are subjected to much abrasive wear on coral bottoms has been found capable of outlasting several times its thickness of heavy steel armor wire.—Collier's Weekly.

For Quicker Pick-Up!

Having greyhounds suffer from "athlete's heart" just as human athletes do, but a new operation may give greyhounds longer lives and increase their staving power. The operation, which is painless, allows the heart to dilate without danger, pump more blood to the laboring muscles of the dog.—Washington Post.

Stockholders Meeting

Monday afternoon, January 18, at 1:30 o'clock, Dr. Anderson, president of the board of directors, called the sixth annual meeting of stockholders of the Northern Indiana Co-Operative association together and roll call was immediately taken.

The minutes of the fifth annual meeting held at the school house, January 20, 1936, were read by the secretary, Forest Kesler and approved by all.

Dr. Anderson then gave a short talk, thanking the stockholders for their patronage and discussed briefly the very favorable financial statement, a copy of which is given to the stockholders at every annual meeting.

The committee appointed for the annual picnic consists of Leroy Norris, chairman, Cecil Long and Ed Ward.

The two members of the board whose terms expired at this meeting were Dr. Anderson and Raymond Lash. They both were re-elected with a unanimous vote of the stockholders. Many vital subjects of interest to the plant and its friends, were discussed and several constructive remarks were made by stockholders.

The interest and dividend checks were then passed out to the 189 stockholders present and the meeting was adjourned.

The seven members of the board after the meeting and elected the following officers: Forest Kesler, president; Dr. Emery Anderson, vice-president and Raymond Lash secretary.

Wreck at Crossing

Mr. Thomas Whetstone, enroute to Mentone on road 19, south of town, crashed into a west-bound car, which he failed to see on road 25. The accident occurred at the junction of the two roads in Mentone, about 9 o'clock Sunday morning. The driver of the west-bound car was from Brazil, Indiana. Neither car was badly damaged, both cars were adequately insured and none of the occupants were injured.

Odd Occupations

by
Whitman

Miss Maud Slye

PERSONALS

Mr. and Mrs. Adrian Doran of North Liberty, Indiana spent Sunday at the home of the latter's mother, Mrs. Marie Busenburg.

Miss Ruby Molebash is spending the winter at the Marie Busenburg home.

Use Pratt's Roup Spray for colds in your Poultry flock. Per pint 50c. At the Big Drug Store

Mr. and Mrs. Roy Saygers, Mrs. Jacob Hinkle and Clifford Scholl Jr., spent Sunday with Mr. and Mrs. L. A. Boganwright.

Mr. and Mrs. Fred Sirguy, Mr. Ed Severns, Mrs. Dale Plew and son Robert spent Friday at the home of Mr. and Mrs. Fred Rush.

Mrs. Brick Judd and son spent Sunday in Menone with her parents, Mr. and Mrs. L. A. Rickel.

Miss Kathleen Anderson was removed from the Woodlawn hospital Monday, to her home in Mentone.

Helen Poffer, Arilla Teeter, Lucille Myers and Annabel Mentzer called on Mrs. Emma Clutter at the Woodlawn hospital in Rochester Friday night.

Mr. and Mrs. Don Ernsberger made a business trip to Indianapolis last week.

Mrs. Emma Clutter was removed to her home in Mentone from the Woodlawn hospital Sunday. She is getting along very well.

Mrs. Rose Morrison has returned to her home in Mentone.

FLIERS WIN

The Akron Fliers defeated the Mentone Bulldogs on the Akron floor by a score of 20 to 14. A free throw by Bob Thorne was the only score made by the local five in the first half. Werner, center for the Fliers, capped scoring honors with eight points.

In the preliminary contest the Checkers defeated the Akron second 22 to 20, in one of the closest contests of the season.

Attends Funeral

Mr. and Mrs. Fred Lemler attended the funeral of the former's brother-in-law, Mr. Russell Dumph of Nappanee. Mr. Dumph was enroute to Nappanee, having just taken his daughter to work in Bremen Friday morning when a Nappanee Bakery truck, carrening on the icy pavement, crashed into his car. Mr. Dumph saw the car coming and had driven off of the pavement on the berm, almost into the ditch but he was unable to avoid the crash. The car was completely demolished and Mr. Dumph was taken from the wreckage to a farm house near by, where he lived for about an hour.

He is survived by the widow, two sons and three daughters.

NOTICE

Rev. Dwight S. Dodson of Burnettsville, Indiana will speak at the Baptist Evangelical service Tuesday evening, in the absence of Rev. R. O. Yeager who will speak at the Parent-Teacher's Association meeting at Burket on that date.

NOTICE

The Seward township farmers institute will be held at the Burket community hall, Tuesday and Wednesday, January 26-27. Plenty of good entertainment and talks by local and state speakers. Premium drawing Wednesday evening.

PUBLIC INVITED

Brick Ice Cream 3 color, only 35c per quart. At the Big Drug Store. Bacter-Scotch Ice Cream with Brazil Nuts. At the Big Drug Store.

PERSONALS

Mrs. Harvey Anglin of Etna Green, was removed to her home from the McDonald hospital Thursday.

Mr. and Mrs. William Chinworth entertained at a Bridge party Wednesday evening at their home. Guests were James Stahl of Hammond, Mr. and Mrs. Don Baum, Mr. and Mrs. Dal Broughton, Mrs. Sue Hamman and Lawrence Ervin.

Mrs. William Montel, who several days ago underwent a major operation at the McDonald hospital was removed to her home in Atwood Thursday.

Mr. and Mrs. Thomas Hamlin of Etna Green started to Alabama, Tuesday morning for a three-months vacation. Mr. Hamlin was advised several weeks ago to take a complete rest. They are making the trip in their newly purchased house car.

Mrs. Frank Gerard of Detroit returned from that place with her sister, Mrs. Arthur Pearce and is now living in Bourbon.

Mrs. Homer Lucas of Atwood called on Mr. and Mrs. James Turner Thursday night.

Mr. and Mrs. Hollis Baum called at the Lyman Dunnuck home in Palestine Wednesday.

Mr. Leonard Wagner of Butler called on Mr. and Mrs. Lyman Dunnuck Wednesday.

Mr. and Mrs. George Droudt entertained Mr. and Mrs. Jesse Jones and Mr. and Mrs. Edison Vandermark on Sunday.

Halda Guy attended the Gates Sale on Wednesday of last week.

Mr. and Mrs. Noah Kreig entertained recently at a bountiful 7:00 o'clock supper the following guests: Mr. and Mrs. Bill Uhlman and daughter Martha and son Russel of Wabash, Mr. and Mrs. James Ross of Mentone, and Mr. and Mrs. Raymond Ross and son Jerry of Warsaw. Euchre was played throughout the evening.

Mrs. W. S. Anderick and Mrs. Arvilla Fisher attended the Palestine Christian ladies meeting at the home of Mrs. Joe Huffer Thursday.

Mr. and Mrs. W. S. Anderick spent Tuesday afternoon with Mr. and Mrs. Lyman Dunnuck

BIRTHS

Latimer

Mr. and Mrs. Wilber Latimer of near Mentone are the proud parents of a baby daughter, born at the McDonald hospital at 4 o'clock Wednesday afternoon, January 13. The infant weighed six pounds and has been named Wilberta Kay.

Paxton

Mr. and Mrs. Donald Paxton of Etna Green are the parents of a six-pound son, Richard Alan, born Monday at 2:00 p.m. at the Emergency hospital.

Rubber Tire Rail Vans Success

During the first year of experimentation by the German railroads with the type of goods vans which can be taken off the railroad track and run straight into the warehouse on rubber wheels or some motor conveyance this operation has been performed 6,000 times. Sixteen of these vans were used, 15 more are being built, and material has been acquired for another 30 motor transport vehicles used for this purpose. The operation saves a double unloading and loading up of the goods conveyed, which have included iron and steel, coal, timber, cotton, petrol, as well as live animals.

Someone's Carelessness Costly

Cutting through a big maple log in a Goderich, Ont., sawmill, the 30-foot band saw struck something that gave off a metallic, rasping sound. The mill was stopped as quickly as possible but the damage had been done. The saw had struck an old horseshoe in the heart of the log. A long time ago, estimated at 80 years by the "rings" in the log, some careless person threw a "ringer" around a maple sapling and left the shoe. Little did the horseshoe pitcher of that day dream his negligence would cause such havoc some day in a sawmill.

Superstition Saved a Life

In Warsaw, Poland, the executioner had already looped the noose around the neck of a doomed man. Trembling all over, the man suddenly went into a violent fit. After he had calmed down, the hangman and his helpers refused to return to their work believing the fit a supernatural manifestation against taking the man's life. The court later prescribed a life sentence.

DEATHS

Ames

William H. Ames, aged 83, son of Mary and Symeon Ames, passed away at the home of his son in Fort Wayne, with whom he was spending the winter months as was his custom.

On Wednesday, February 27, 1879, Mr. Ames was united in marriage to Sophia Sharp. To this union were born two children, Mrs. Lloyd Zent of near Mentone and Charles Ames of Fort Wayne. Mr. Ames has made his home alternately with his children for several years.

He is survived by the two children named above; one brother, John Ames, aged 94; four grandchildren and three great grandchildren. His wife preceded him in death several years ago.

Mr. Ames was a life long member of the Methodist church in Warsaw. Funeral services were held at the Kelley Funeral home in Warsaw Saturday afternoon, January 9.

Nelson

Mrs. Lillian Mayer Nelson, 63, died Tuesday at the home of her daughter, Mrs. L. V. Good, Fort Wayne, after a lingering illness of the past few years.

The deceased is survived by her husband, Charles Nelson, one daughter, Vera Good at whose home she

died; two sisters, Mrs. H. P. Eby, of Fort Wayne and Mrs. J. F. Maggee, of Warsaw.

Funeral services were held Friday at 10 o'clock at the home of Mrs. Good. Burial was made in the Palestine cemetery.

MENTONE READING CLUB

The Mentone Literary society met at the home of Mrs. C. O. Mollenhour Wednesday evening for their monthly meeting. After the business meeting a comedy play, "How the Story Grew", was enjoyed by the entire group. Characters were Otta Walburn, Lois Fenstermaker, Isabel Johns Mrs. Walter Bowers, Jean Smith, Mrs. John Weissert and Goldie Mollenhour.

The two papers that were to have been given were postponed due to illness on the part of the members. Mrs. Taylor, the club president, conducted a general discussion in their place.

Delicious refreshments were served by the hostess, Mrs. Mollenhour and the assistant hostess, Mrs. Vivian Snyder. There were eighteen members present and the following guests: Mrs. Yocum, Mrs. Harrison, Helen Gruelach, Mrs. Moore, Mrs. Harold Weiseert, Mrs. Chas. Meredith and the Misses Babe and Marjorie Snyder.

The "Professional"

The Standard dictionary defines the word "professional" as: "One who pursues as a business some occupation, vocation or sport engaged in by others only for a pastime; one who pursues an occupation that properly involves a liberal education or its equivalent, and mental rather than manual labor; physician, lawyer, etc."

University Extension

The university extension movement began in England more than a century ago. It was brought to this country in 1837 through a discussion at a library conference in Albany, N. Y. Very shortly centers were established in several cities, and in 1890 a society known as the American Society for the Extension of University Teaching was established in Philadelphia.

Mongolism

Mongolism has no particular connection with the Mongolian race. Except for the resemblance of slanting eyes, there is no connection. Mongolism is a congenital malformation usually accompanied by imbecility.

Gibraltar's Arms

Gibraltar bears as its arms a golden castle and key in token of its position.

All the Virtues

Character is a unity, and all the virtues must advance together to make the perfect man.

Age of Veda Calculated

A meteorologist believes that India's famous religious work, the Rig Veda, was composed 2000 to 5000 B. C., or earlier, judging by many references to climate.

The First Permanent Tooth

The first permanent tooth arrives between the age of five and seven, and is called the six-year molar. This tooth appears directly behind the last deciduous, or baby tooth.

Ambition and Politics

The word ambition comes from the Latin ambitio which meant a going around, especially of candidates for office in Rome to solicit votes. Hence, a desire for office or honor.

DEATHS

Coplen

Chauncey Coplen, aged 92, a pioneer resident of New Castle township, passed away at his home in Talma at 10:55 o'clock Wednesday morning, January 13th. Death was due to complications incident to old age and followed an illness of four weeks.

The deceased was born in eastern Ohio on May 8, 1844, the son of Asa and Lucius Coplen. When he was twelve years old his parents came to Indiana and settled on a farm in New Castle township. Since that time the deceased has resided in the Talma vicinity.

For many years Mr. Coplen was a farmer and later became a rural route carrier from the Talma post office. His wife, who was Miss Jane Hill, and whom he married in a ceremony performed in Rochester, preceded him in death in 1927. Since that time he has lived alone.

He is survived by two sons, Allie Coplen, Etna Green and Grover Coplen, Des Moines, Iowa; one daughter, Mr. Mertie Wiltz, Talma; a step-son Charles Primer of Hazel Green, Missouri and one sister, Mrs. Annie Wolf of Talma. Three children preceded him in death. They were Claude, who died in infancy, Mrs. Bert Duval and Mrs. Frank Collins.

Funeral services were held Friday afternoon at 2:00 p.m. at the Talma Christian church with Rev. Kennedy in charge. Burial was made in the Reaster cemetery near Talma.

Senior News

The Seniors were shown invitations and name cards by the Herf-Jones salesman Thursday of last week. An agreement was not reached on the invitations.

In Civics class this week the Seniors studied communities. We found that we are members of two different communities. Namely state and national. We also are members of a local community. We tried to decide to which community we owed the greatest loyalty, but we could not, because both communities render us great service and touch our everyday lives to a great extent.

The Junior-Senior class party Wednesday was enjoyed by everybody. After an evening of side splitting fun we enjoyed delicious refreshments. One of the unique games of the evening was Itchy-Kitchy-koo. If you do not believe this is a lot of fun, just ask Miss Langell.

Hurrah! Public speaking is over. We will not be favored with any more of those nervous breakdowns as a result of having to give speeches.

Junior News

We Juniors are all well pleased with the second schedule arrangements and we hope to put forth more effort and zeal to obtain a higher goal.

Some of the students have chosen Solid Geometry in preference to Bible. Walter Fenstermaker teaches the former and Dale Kelley the latter. We hope that in our competition with the Seniors in the Bible class, that we will be able to hold up our standard.

The Junior class regrets the loss of one of their class members. Clay Nottingham, who is attending Beaver Dam this semester, will be back with us next year.

A little note should be dropped here about one of the Juniors. Last

week there was a row of seats in the assembly in need of repair. Harold Linn took them down to his father's welding shop and did the necessary work in an hour free of charge. The school takes this means of thanking him.

Sophomore News

We have been invited to a Freshman party and look forward to it with interest.

The Latin class has just started Caesar.

Freshman News

The Freshman are quite excited over the plans for their party. This is the first high school party they have had to plan, and they get in several huddles, and do they buzz?

Eighth Grade News

The Eighth grade are very well pleased to discard geography and take civics. We find Civics very interesting to study. See if you can pronounce this word "Stwapniac!". It means nothing—it spells nothing. These letters are the key to the different cabinet members. They go as follows: State, Treasury, War, Attorney General, Post Office, Navy, Interior, Agriculture, Commerce and Labor.

In arithmetic we like to cipher. we don't care so much about the arithmetic. The captains of the ciphering teams today were Iris Blackwell and Alice Cleveland. The team of which Alice was captain, won.

Seventh Grade News

In English we are still studying the eight parts of speech which are very difficult. Mr. Smith began writing a sentence on the blackboard and it seemed fun, but he didn't stop with seven or ten words. but with thirty words. This is the sentence he wrote. "He is the one who made us take the ball and throw it at the man who was walking in the middle of the street."

Tuesday, Mr. Lewallen visited our history class.

Agriculture

The boys of the Junior-Senior class have been very busy cleaning and fixing up the agriculture shop room. We plan to take shop three days a week and our regular course in agriculture two days each week.

The Freshman, Sophomore, Junior and Senior class attended the pro-

gram furnished by the John Deere Co. Tuesday afternoon and had a very interesting time. Thanks to the John Deere people.

Facial Tissue 500 sheets for 30c. It saves handkerchiefs and is more sanitary. At the Big Drug Store.

The Name Martello

The name Martello comes from Martello bay, Corsica, where, in 1794, a single defense tower held off an English fleet for several hours. The earliest known towers were built by the Mesopotamian peoples for religious purposes. The Egyptians and Greeks had a few such structures, but the defense tower did not come into its own until the time of the Romans. They built towers on the city walls, on gates, and even on houses. During the Middle Ages each noble family maintained a tower as a place of refuge in time of war. These were very high and often isolated, with a small entrance.

Orange Trees Guarded

Americans have seen the orange trees which grow in the palace gardens at Versailles without being aware of their history or the painstaking care with which they are preserved. There are approximately 1,200 of the trees, each growing in its own wooden pot. Many of them are said to date back to the time of Louis XIV. They are guarded with the most zealous care. At the first sign of cold they are all taken indoors. Twice a year they receive a special diet of ox blood and water. At regular intervals the specially matured loam in which they grow is changed completely.

Size of Some Skulls

The average man has about 1,450 cubic centimeters of brains and woman's capacity is 1,250 to 1,300. Daniel Webster's skull, measured close to 2,000; Bismark's, 1,965; the poet La Fontaine's, 1,950; Beethoven's, 1,750, and Kant, the philosopher, 1,740. With one exception, these were the biggest heads ever measured and all fell short of the skull of an Aleut, who is thought to have lived several hundred years ago. The exception was the skull of the Russian writer Turgenev, which had a capacity of 2,030 cubic centimeters, for No. 1 ranking.

Furniture Made by Hand

Before 1840 furniture in this country was made by cabinet makers and was entirely hand work. After that date the first factories started turning out furniture that was made largely by machines. The style then in vogue was American empire, a crude distortion of the French period of Napoleon.

Created Backgammon

The Japanese have made only one claim as creators of a game—backgammon—and the historians ruled them out and passed the honor to Egypt, which is credited with originating so many games that it would appear they did little else.

Earliest Paints

It is unknown who first mixed and used paints since paint has been employed from a very early period. White lead was mentioned by Theophrastus, Pliny and Vitruvius, who described its manufacture from lead and vinegar. Yellow ochre was used by the ancient Egyptians, Greeks and Romans. Pots of it were found in Pompeii. Naples yellow has been found in the yellow enamel of Babylonian bricks. Verdigris was familiar to the Romans. Indigo has been employed by the East Indians and Egyptians from an ancient time.

Many Hindus Vegetarians

Hindus are averse to killing anything. Many of the high-caste Hindus are strictly vegetarians, because they believe it to be sinful to kill animals for flesh.

Limestone Hills 600 Feet High

The Cotswold limestone hills of Gloucestershire, England, are over 50 miles long and have an average height of between 500 and 600 feet.

"Lightning fast in zero weather"

SOYS...THE ENGINEER IN EVERY GALLON

GET THIS GASOLINE THAT GIVES *Lubricated Starting*

THE cold-proof top-cylinder oil in Tydol Gasoline eases engines into safer, faster starting. Oil-starved valves and cold-stuck pistons slide instantly into smoother action. You get a lightning-fast, lubricated start. That's why this new Winter Tydol saves you excess engine wear and battery drain... gives you swifter, surer, safer starting... and at no extra cost.

Northern Indiana CoOp. Association, Bulk and Retail Stations, Mentone

PERSONALS

The Claude Gates sale Wednesday was very well attended in spite of the rainy weather.

Mrs. D. B. Kissinger of Etna Green sustained a broken left wrist last week when she fell on the porch of her home. The fracture was reduced at the Dr. W. B. Siders office. Mrs. Ethel Nelians has been on the sick list for the past few weeks.

Geo. Grubbs, an employee of the Dundee furniture company, who suffered a broken hand when struck by a board which flew from a rip saw several weeks ago, had the injury redressed Wednesday at the McDonald hospital. The wound has not been healing properly.

Mr. Gerald E. McHattion of Akron was a Mentone business caller Wednesday evening of last week.

Mrs. Harvey Anglin of Etna Green underwent a minor operation Wednesday morning at the McDonald hospital.

Mrs. Paul Smith and daughter Barbara spent Wednesday in North Manchester at the home of the formers parents, Mr. and Mrs. David Prier.

Mr. and Mrs. Harold Weissert and daughter Carol Rose enjoyed a waffle supper at the M. O. Mentzer home Monday night.

BIRTHS

Mr. and Mrs. Robert Whitenack are the parents of a baby daughter, Ann Marie, weighing 7 pounds and 10 ounces, born Tuesday evening, January 12, at the McDonald hospital. Mr. and Mrs. L. F. Davis and Mr. and Mrs. J. W. Whitenack of Warsaw are the grandparents.

Mr. Whitenack, who drives a Warsaw Laundry delivery truck is quite well known in Mentone.

Kosciusko Farmers Honored

Of 419 medals awarded Indiana's outstanding stock raisers at the annual Indiana Livestock Breeders' association banquet at Purdue Wednesday evening, the following Kosciusko persons were honored: Gerald Weybright, Syracuse; John Mattern, Walbourn Tooker, Nappanee, for the Ton Litter club. Gold medal colt awards go to L. L. Latimer, Warsaw, Fred Surguy, Ed. Severns, both of near Mentone and J. C. Mishler, Nappanee.

MONDAY CLUB MEETS

The Etna Monday club met with Miss Katherine Poor Monday of last week. The following officers were elected: president, Mrs. Ralph Mason; vice-president, Mrs. Mark Burgh; secretary, Mrs. Theodore Good; assistant secretary, Mrs. Ferd Koenig; treasurer, Mrs. Robert Knepper.

The program consisted of the following: "Interesting Places I Have Been This Past Year" by each lady present; piano duet, Mrs. Ferd Koenig and Mrs. Robert Knepper; "The Panama Canal," Mrs. Arthur Pearce.

First Engineers

The engineer on the first steam locomotive in the United States was Horatio Allen, who agreed to make the trial trip of the "Stourbridge Lion," August 8, 1829. The second was Peter Cooper, builder of the "Tom Thumb," on its trial trip on the Baltimore & Ohio, August 28, 1830. The third engineer was Nicholas W. Darrell, who ran the "Best Friend of Charleston" on its trial trip, November 2, 1830.

Luck or Good Work

Luck is only another word for good management in practical affairs.

Guarding Our Speech

Discretion in speech is more than eloquence.

Home Economics News

The Tippecanoe Township Home Economics club met on Wednesday afternoon at the home of Mrs. Geo. Ford with her daughter, Mrs. Ruby Ford Shaffer and Mrs. Fern Coar assisting hostesses. The meeting was called to order by the retiring president, Mrs. Maud Laird, and the collection was repeated in unison. Twenty-eight members answered to the roll call—"A Suggestion for Good Character Building." Several guests enjoyed the day and program with us.

Our hostess, Mrs. Ford read the introductory verse of the month which was "Character is not ready made, but is created bit by bit, and day by day." The program followed: "Our Life—1937—These I Will Keep," by Mrs. Dora Goodman, read by Mrs. Nellans. The author, from whom Mrs. Goodman quoted, picked the most important things in her life to carry into the New Year and by so doing, we the club, or others who should read this article, can be made longer to do things that would add humanity along life's rugged way.

"Modern American Poems," by Mrs. Eva Severns, our vice-president, gave us in poetry a whole year of happiness. "Dramatized Song" was given by Mrs. Lulu Burgess at the piano with her little daughter singing so beautifully. Our younger members began to realize what to expect when "Life after Forty" was very well dramatized by Mrs. Lulu Ursch, assisted by Mrs. June La ham.

Electron of officers followed: president, Mrs. Eva Severns; vice-president, Mrs. Lulu Ursch; secretary, Mrs. Lulu Ursch. Our February meeting will be at the home of Mrs. Doris Feldman with a very good program in the making. We will welcome any visitors on that day to observe the dramatic ability of the Tippecanoe club and that of the Summit Chapel ladies.

56th Anniversary

Mr. and Mrs. Marion Latimer, who reside near B. Market celebrated their fifty-sixth wedding anniversary on Wednesday, January 13th. Mr. and Mrs. Latimer who are both eighty years of age, are pioneers of Franklin township and have spent their entire married life on the farm where they now reside. Their anniversary was made a more joyous occasion by the birth of a little great granddaughter, Wilburta Kay Latimer, daughter of Mr. and Mrs. Wilber Latimer.

The mill buys wheat, oats, corn. Poultry medicine at the Co-Op. mill.

ANCIENT CEMETERY DATES BACK TO 1500

New discoveries in Athens besides being of scientific value start thoughts that show the comparative unimportance of the recent revolution in Greece, says Pathfinder Magazine. A cemetery dating back to 1500 B. C. and containing numerous undisturbed and perfectly preserved skeletons was uncovered 50 feet below the ancient Athenian senate adjoining the Acropolis. Two thousand years before the burial of these bodies which had been interred for 3,500 years, Greek civilization emerged from the Stone Age. By the time these particular old Greeks lived civilization in Greece had struggled upward against countless reverses to a high stage. The ruling class of the time lived in well-made, sanitary buildings with bath chambers, windows, and sliding doors. They rode in horse-drawn chariots on paved streets, and were entertained by bull-fights, boxing, and armed combat. Art had risen to a high level and close commercial intercourse was carried on with Egypt. About three centuries after these now skeletonized men and woman had ceased to live came the war with Troy. Then came the Dorian invasion at the beginning of the Iron Age—more wars—ups and downs in civilization—conquest by Rome, and the following collapse. Thus the recent revolt was hardly an incident in Greek history.

Theatrical Museum

Baku, Iran, Program

Opening of the Azerbaijan State Theatrical museum in Baku, Iran, has made available a graphic record of cultural progress in the province, says the Montreal Herald. The 15,000 exhibits on display cover the history of all the republic's theaters, including besides several Turkish theaters, others where plays are staged in Russian, Armenian, Georgian and Yiddish. A number of unique documents exhibited relate to the period before the Russian revolution. Old programs invariably informed theatergoers that special enclosed boxes were available for "Muslim ladies" who dared not appear in public without their "chadras" (veils). In those days native women could not be actresses. Feminine roles were played either by men or by women of other nationalities. Today the Azerbaijan National theater has 20 Turkish actresses.

Astrological Houses

In judicial astrology, the whole heaven is divided into 12 parts by means of great circles crossing the north and south points of the horizon. Heavenly bodies pass through these every 24 hours. Each of these divisions is called a house.

Gold Compared to Sun

How gold acquired its universal esteem no one knows; it has been suggested that the ancient Egyptians, comparing gold to the sun, believed the metal to be a giver of life like the sun it resembled.

Largest National Park

Jasper National park, in the Province of Alberta, with an area of 4,200 square miles, is the largest national park of its kind in the world. It is noted for its great number of mountain peaks, many of which are over 10,000 feet in altitude, and the most famous of which is Mt. Edith Cavell, over 11,000 feet, commemorating the memory of the brave British nurse, who died in the Great war.

Diamond in Natural State

A diamond in its natural state is a dull, rounded pebble like a pellet of melted glass. It has no more brilliance than is found in tens of thousands of pebbles on the seashore. The finished diamond flashes brilliantly colored light from a multitude of facets. The secret of the scintillations is having the various faces cut in the right position and having the correct angular relations to the other faces.

Hand-Painted Playing Cards

The early packs of cards were painted by hand and very expensive. The accounts of the French king, Charles VI, for the year 1392 show the payment to a painter of a sum equivalent to \$500 for three packs of cards in gold and various colors ornamented with various designs. Between 1420 and 1430 engraving was applied to the manufacture of cards.

Animals' Horns

All horned animals either have bony cores inside the horns, like cows and goats, or have solid horns, like deer and moose. The solid-horned animals shed their horns once a year, the core-horned ones never shed them. The pronghorn, alone of all horned creatures, has horns that grow over bony cores—and yet sheds them every year.

Vanderbilt University

The university at Nashville, Tenn., was founded by Cornelius Vanderbilt, who in 1873 made a donation of \$500,000, afterward increased to \$1,000,000. The charter of the university was taken out in 1872 in the name of Central university. In 1873 the name was changed to Vanderbilt university.

Logs Sunken in Lake

Provide Thriving Trade

Merrill, Wis. — Log "fishing" is proving a lucrative business to a father and son who invented a device to raise "deadheads" — logs which sank in rivers and lakes during drives more than twenty-five years ago.

When millions of feet of timber floated down the river and lakes during the heydays of the logging industry in this area thousands of logs sank.

Otto Bergman and his son Otto, Jr. salvaged hundreds of the logs from shallow streams for firewood before discovering that Lake Alder was covering a "forest" of sunken logs all in good condition. But the lake was deep. Their pikepoles wouldn't reach the logs.

The father and son designed a log "fisher"—a derrick on a raft that reaches down, hooks the logs and hauls them to the surface.

During the last three years they have recovered about 225,000 feet of timber. Some went into log cabins in the resort area, others to the saw mill.

Divorced by the Stars

San Jose, Calif. — After 28 years of married life, George de Vor read an astrology book which revealed the fact that he and his wife were born under adverse planets. He requested his wife to file suit for divorce so that he might find a mate that came under a more congenial planet. She did.

Tucker Home Destroyed by Fire

Residents of Mentone were aroused from their sleep about 4:00 o'clock Saturday morning by the shrill blast of the fire siren. The fire was located at the Mars Tucker farm south of town. In spite of the sub-zero morning, many citizens left their warm homes and rushed to the sight of the fire.

The origin of the blaze is not definitely known. It supposedly started from a defective chimney. The flames were well under way on the second floor before they were discovered by the family. Mr. and Mrs. Mars Tucker and daughter Geraldine, who was spending her week-end vacation from Manchester College with her parents, and Mr. and Mrs. Devon Tucker and infant son who reside on the farm also were rushed from the burning home in their night clothing to the home of Mr. and Mrs. Floyd Tucker.

A piano, a davenport, a chair and a few tables were all that were salvaged from the blaze. The house was a sturdy old log house which had later been sided and modernized. It burned very slowly but in spite of this fact the Mentone fire department was powerless against the start the fire had gained before they arrived.

The house and furnishings were fully covered with insurance.

SURPRISE

A very pleasant surprise occurred at the home of Mr. and Mrs. Pearl Tucker Thursday night in honor of Mr. and Mrs. Claude Gates and son Jimmy who are leaving for California soon to make their future home.

Approximately twenty-four of their friends were present to enjoy this 1st get-together. They presented Claude and Gladys with a handsome kodak as an expression of regret at losing such fine neighbors and also as a token of good-will for the future. They will be greatly missed in this community.

Mr. Ora Beeson was ill with influenza over the week-end.

Birthday Dinner

The home of Mr. and Mrs. Chas. Black was the scene of an enjoyable cooperative dinner party Sunday. The occasion was in honor of Mrs. Clinger of Atwood, Mrs. Sadie Black, Mrs. Nora Tucker and Miss Lilly Tucker who were all born in the latter part of January. The delicious dinner was served at the noon hour to the following guests: Mr. and Mrs. Geo. Black, Mr. and Mrs. Bernard Black, Mrs. Frankie Spittler, Mr. and Mrs. Ora Tucker, Mr. Albert Tucker, Miss Lilly Tucker, Mr. and Mrs. John Clinger of Atwood and the host and hostess, Mr. and Mrs. Chas. Black.

CORRECTION

Ray Ward was appointed on the Co-Op 4th of July picnic, instead of Ed. Ward.

Red Cross Help

The American Red Cross has placed a box in the Drug Store on the Corner for your contribution to aid the flood stranded districts of the Ohio river valley. The Kosciusko county highway department sent one of their trucks loaded with food and supplies to Indianapolis to be shipped to the stricken region. Any assistance you can give will be greatly appreciated.

Sodales Club

Lois Fenstermaker was hostess to the Sodales club Thursday afternoon at her home on E. Main St. Four tables of Rook progressed with Ruby Smith winning first prize and Otta Walburn consolation. There were two guests present, Helen Gruelach and M.s. Emery Harrison.

FORMER MENTONE DOCTOR DIES

Word was received in Mentone Monday morning that Dr. E. Stockberger, formerly of Mentone, now of Milford, passed away at his home there Monday. Death was due to a heart attack. Dr. Stockberger, who left this place in 1900 was for many years practicing physician, family adviser, friend and confidant of the entire community. He is endeared in the hearts of many of our citizens to whom he has been of service and his death will mark a great loss to the community in which he now lives.

Tourney Notes

The Mentone Bulldogs were defeated in the second round of the Kosciusko county tourney last Friday night by the championship Warsaw Five by a score of 40 to 30. The Bulldogs put up a hard fight and had the Tigers at 21-all at the end of the half. In the first round the Bulldogs eked out a 23 to 22 victory over the Silver Lake Ramblers, in a game that was nip and tuck all the way through.

Warsaw won the Tourney for the first time in history when they defeated the Beaver Dam five 45 to 27. The Tigers had previously disposed of Sidney, Mentone and Claypool. The Warsaw team was presented with a beautiful gold cup immediately following the last game.

Suffers Stroke

Mrs. David Julian suffered a stroke of apoplexy at her home in Mentone sometime Sunday night. She was found unconscious Monday morning and remains in that condition at this writing. Mrs. Julian is eighty-two years of age.

connected with Scarlet Fever.

The Chas. Beeson home is quarantined.

Mr. and Mrs. James Turner celebrated their fifty-first wedding anniversary Saturday, January 23.

The mill buys wheat, oats, corn. Poultry medicine at the Co-Op mill.

PERSONALS

A new club was organized at the home of Mrs. Emanuel Worsham, Tuesday of last week. It is to be called the Progress club and its object is the betterment of the social and educational hours of the members, affording them wholesome recreational and literary programs. The officers elected are: Mrs. Hazel Van Kirk, president; Mrs. Bernice Flory and Mrs. Bess McCoy, vice-

presidents; Mrs. Raleigh Sellers, secretary; Mrs. Everett Sellers, treasurer. Their next meeting is Feb. 2 at the home of Mrs. Walter Jackson.

The Senior class of Etna Green gave, as its annual gift to the school, a seven tube Zenith Radio. It is installed and operated much as the radio system in our local school, with the radio in the office and a loud speaker in the assembly. The halls are also wired so that a loud speaker can be plugged in to be used in the classrooms or grade rooms.

The Etna Green high school band which has gained such wide spread popularity in this vicinity, will broadcast from the Elkhart broadcasting station on Saturday, February 20.

The teachers of the Etna Green school enjoyed a factory party at the home of Miss Margaret Foulson, Friday night of last week.

Mr. and Mrs. Fred Eherenman and Mr. and Mrs. Ed Everly and son Robert of Bourbon, were supper guests Wednesday evening of last week, at the home of Mrs. Eherenman's brother, Clarence Brown and wife of near Warsaw.

Miss Ethel Mendel, teacher in the Bourbon schools, spent last week-end with her parents, Mr. and Mrs. L. B. Mendel near Burket.

Miss Donnabel Danner of Bourbon spent the week-end with Miss Wanda Mendel near Burket.

Similar to American Lynx

The caracul of the big, hair-tufted ears is native to most of Africa and southwest Asia. His principal difference from the American lynx is his long tail.

The World's Need

When the need of the world is so great it would be cowardly on our part not to keep the lamps alight.

Largest Inland Body of Water

The Caspian sea is the largest inland body. It extends about 700 miles in a north and south direction and varies in width from 100 to 300 miles. Its area is estimated at 168,765 square miles.

Interesting to Know

The following item is taken from the news Mirror as it is of interest to people in this community. Readers of the Sunday Herald and Examiner have doubtless noted the name of a Mr. Laird which appears in articles that have to do with psychological stories. It is interesting to know that the writer is a cousin of S. A. Herbert and John Laird of this community and Mentone. The writer is a brilliant man in his fields of education and fills a chair of that realm in Colgate University, New York. His is an experimental psychology, so it also will be realized that he undoubtedly comes upon some extremely interesting phases of the study. He is a son of Max Laird, much quoted minister and who was a brother of the father of the Lairds of this community.

When you read the Sunday magazine section and come upon the name of Laird attached to the article, you will hereafter read it with greater interest, knowing the relationship the writer has with some of our people.

Birthday Supper

Mr. and Mrs. Earl Zent entertained Tuesday evening, January 19, in honor of the birthday anniversaries of her father, Joseph Bybee and his nephew, Mr. S. E. Bryant. Mr. Bybee was eighty-five years old.

The table was beautiful with two birthday cakes for the gentlemen. Those present to enjoy the delicious supper prepared by Mrs. Zent were Mr. Joseph Bybee and his sisters, Mrs. Hanna Bryant and Mrs. Pheobe Shoemaker, Mr. and Mrs. S. E. Bryant of Rochester, Mrs. S. L. Bastow and daughter Jane of Chicago, Mr. and Mrs. Lloyd Zent, Mr. and Mrs. Otis Zent and daughter Carol Jean, Mr. and Mrs. Russel Norris, Mr. and Mrs. Chauncy Goodman, Miss Dorothy Nottingham, Kermet Zent, Rev. R. O. Yeager and the host and hostess, Mr. and Mrs. Earl Zent.

Alligator Lays Many Eggs

The alligator lays from 30 to 40 hard white eggs about the size of those of a goose.

Source of Mica

Over 90 per cent of the mica in the United States comes from New Hampshire and North Carolina. The other 10 per cent comes from Connecticut, Maine, South Carolina and Mexico.

McKinley, Natural Soldier

Ohio's William McKinley, who gained attention as a fighter in the Civil war before he began his rise to the presidency, started out early to show his military leadership. He drilled a group of mock soldiers daily after school hours.

Boy Scout News

Purchase of a one hundred fifty-seven acre reservation for Boy Scouts of the Pioneer Trails Area was announced recently by J. G. Wallick of Elkhart, President of the Boy Scouts of Elkhart Corporation.

Mr. Wallick in making the announcement explained that while the reservation had been purchased and would be owned by the Elkhart corporation, it would be operated by the Area Council for all boys in Elkhart, Kosciusko and LaGrange counties.

The new site is located in Noble county on State Road No. 5, five miles south of Cromwell and four miles east of North Webster. According to Area Executive, F. J. Geiger the location is ideal from an administrative standpoint, being readily accessible from all parts of the Area, and still at sufficient distance to make going to it a real adventure for boys.

One lake of approximately thirty-five acres is almost surrounded by the property which borders on two other lakes of similar size. High, rugged and well wooded ground is available for camping and all kinds of scouting activities. More than sixty acres are under cultivation and there are the normal farm buildings occupied by a tenant who will act as caretaker. The tenant and caretaker is John H. Russell.

Development will be started immediately and dedication will take place in advance of the summer camping season. Waterfront development will be the first project undertaken. It will provide for a complete program of water activities with every known safety precaution. There will be special accommodations for non-swimmers, beginners and expert swimmers. Boating, canoeing and sailing will also be provided.

Four camps, each accommodating thirty-five scouts and their leaders

are proposed. Each camp will be equipped with a kitchen, mess hall, wash house, shower bath, craftshop, nature lore hut and latrine. There will also be a central kitchen and mess hall, a headquarters, hospital, quartermaster hut, library, ice house, pump house and cabins for the families of leaders.

Tents of a great variety of types will shelter the campers. One camp will have Indian tepees and wigwams exclusively. It is proposed that later one camp will be developed as a pioneer village for winter camping.

This land, lying as it does in the hill country of northern Indiana, gives it seclusion which should continue to be permanent for at least two or three generations. The fact that this land almost wholly surrounds one lake and touches on two others, sets up a condition of romantic wilderness that can probably never be taken away from it.

First Cheese Factory

The first cheese factory in America was built at Rome, N. Y., in 1850, by Jesse Williams. Previous to that time all cheese was made by individual farmers in their own homes. So renowned did American cheese made in the Williams factory become that large quantities of it were exported to England and the Continent in the early sixties.

Area Drained by Amazon

The area drained by the Amazon and its tributaries is more than 2,970,000 square miles, largely untamed tropical forests. The volume of water discharged into the sea annually is probably five times that of the Mississippi. Vessels of small draft can ascend the Amazon proper for more than 3,600 miles.

Nickname for Madrid People

The nickname for the inhabitants of Madrid, Los Gatos, or the cats, was earned by them nine centuries ago in the capture of Moorish castle for Alphonso VI of Castile.

FLYING CHIPS

The best and truest part of love is
Friendship.

Reciprocation is often nothing oth-
er than retaliation.

You can't keep a good man down;
nor an impudent one.

One can be broad-minded, with-
out being open-minded.

Rodin's best known etching is the
portrait of Victor Hugo.

Faith is not a matter of definition
but the measure of reality.

The willing horse gets the heaviest
load—but also the most oats.

Parole boards can easily temper
justice with too much mercy.

Of all the things you wear, your
expression is the most important.

The Irish Free State's standard
of fineness for gold is 14 karats.

Famous traitors — the California
doctor who advised a change of
climate.

A good measure of a person is
the distance he can walk in the
second mile.

Other people's imperfect manners
should not concern one as much
as his own.

That there is not much of a fu-
ture for ventriloquism has no ef-
fect with a boy.

At the time, no one thinks he
has lost an argument; but later
he knows he has.

An immunity beggars have, is
that no one tells them what to do
with the money given them.

Whiskers may be coming back in
fashion with the probability that
they will be better taken care of
than ever before.

So chemistry is now used to check
insanity. A certain college boy says
it is going to check a crazy notion
he had of passing.

A public servant is an elected of-
ficial who does the public work as
it should be done and does not pre-
sume to reform us.

After a novelist writes one or two
good novels, then he grimly set-
tles down to write one a year, just
to write one a year.

When you reach middle age, buy
yourself a good mattress if you
never have anything else. One-third
of your life is spent in bed.

All thinking men and women
agree that opportunities for the full
development of capacity are very
limited in the case of vast numbers.

PERSONALS

Miss Clara Mae Long spent last
week with Mrs. L. J. Kreig who just
came home from the Woodlawn hos-
pital.

Mr. and Mrs. Joseph Gross, Mr.
and Mrs. Harry Cooper and son, Mr.
and Mrs. Wm. Deamer, Mr. and Mrs.
Hershel Teel, Miss Clara Mae Long,
Mr. Alvin Finney, Mr. and Mrs. J.
Blackator were Sunday afternoon
callers on Mr. and Mrs. L. J. Kreig
recently.

Mr. and Mrs. Isaac Batz, Mrs.
Quincy Cram, Mr. and Mrs. Wm.
Cubley, Mrs. Alta Foster, Mrs. Rus-
sel Warren and sons were callers on
Mr. and Mrs. L. J. Kreig last week.

Mr. and Mrs. Don Epler and family
have removed from Palestine to the
Lincoln Kuhn farm.

Miss Genevieve Orcutt, who has
been confined to her home north of
Mentone for the past week with ill-
ness has returned to her duties as
telephone operator in Atwood.

Dr. and Mrs. Emery Anderson
spent a few day last week in Indian-
apolis on business.

Mrs. Firman Eckert and children
were the guests of the formers aunt
and uncle, Mr. and Mrs. L. D. Rock
of New Paris, Friday of last week.

Mr. Walter Eckert was confined to
his home last week with influenza.

The Mentone debating team de-
bated before the Lions club at the
regular meeting Wednesday night.

The Girl Scout meeting was post-
poned Thursday night because of
the basket ball tourney.

The Name "Laconic"

The name "laconic" came from
the Spartan manner of curt speech.
A Spartan was called a Lacon from
the name of his country, Laconia.

E. D. ANDERSON IS PRESIDENT

Dr. E. D. Anderson, was elected
head of the Indiana Veterinary Med-
ical Association Wednesday at the
annual Veterinary convention in In-
dianapolis.

Other officers elected were: Dr.
W. B. Massie, Boston, Wayne county,
vice president, and Dr. W. B. Craig,
Indianapolis, re-elected secretary-
treasurer.

Party at Poulson Garage

Twenty-two Etna Green couples
were entertained Tuesday evening at
a Bridge party at the Poulson garage
in Etna Green. The hosts and host-
esses at the party were Mr. and Mrs.
Raymond Baker, Mr. and Mrs. Wal-
lace Anglin, Mr. and Mrs. Harry
Sponseller, Mr. and Mrs. Mark Burgh,
and Mr. and Mrs. Lewis Kleinfelter.
Five tables of Bridge progressed with
first prizes awarded to Mr. and Mrs.
Wallace Anglin and floating prize, a
cake of Ivory soap, to Don Poulson.

PSI IOTA XI

Beta Epsilon chapter of Psi Iota Xi
sorority met at the country home of
Lucille Myers Wednesday evening
for their monthly party. A very im-
pressive initiation service was held
for Jessie Rush. Two tables of
Bridge progressed throughout the
evening with high score being won
by Margaret Mentzer and second
highest by Louise Chinworth.

A short business meeting was held
after which the hostess and the assis-
tant hostess, Helen Hoffer, served
delicious refreshments to the follow-
ing guests: Annabel Mentzer, Artella
Teeter, Pauline Riner, Flo Mollen-
hour, Margaret Mentzer, Lena Eaton,
Jessie Rush and Louis. Chinworth.

Regarded Jade as Charm

The ancient Greeks believed, as
do the Chinese, that jade acts as a
charm to cure all kidney diseases.

Mr. Walter Kindy of South Bend spent the week-end at the home of A. F. Mollenhour.

But er-Scotch Ice Cream with Brazil Nuts. At the Big Drug Store.

DEATHS

Mrs. Mahala Maish, 89, widow of the late Philip Maish died at 4:30 o'clock Thursday afternoon at her home at 403 South Union street after an illness of the past ten weeks from complications incident to old age.

The deceased was born January 3, 1848, four miles west of Warsaw, the daughter of Noah and Elizabeth Tinkey. On January 12, 1868, she became the bride of Philip Maish, well-known pioneer citizen and civil war veteran.

She is survived by her daughter, Mrs. Meta Maish of Warsaw, with whom she made her home, one grandson, Vernon Maish of Monroe, La., one sister, Mrs. Susan Lehman of Warsaw, and several distant relatives in this vicinity.

Funeral services were held Sunday afternoon at 2:00 o'clock at the Maish residence, with Rev. M. S. Livengood officiating. Interment was in Oakwood cemetery.

Size of Long Island, N. Y.
Long Island, N. Y. is from twelve to twenty-three miles wide and 118 miles long. The area is 1,682 square miles.

The British Isles
The British isles number more than 5,500. Of these 5,000 are situated round Ireland.

HOBBIES "NERVES" CURE MAY BE HELP

Plaster modeling has cured a clerk who was recovering from a nervous breakdown. Painting proved the salvation of a factory worker who had had a similar breakdown.

Work, it has been found, observes a writer in Pearson's Weekly, is an excellent antidote to nervous troubles, but the work must be of the right kind. This has been discovered by the Institute of Medical Psychology, where crafts ranging from rug-making to fretwork are being taught to nervous sufferers by volunteer experts.

Dressmaking, lino cutting and printing, raffia work and embroidery are other occupations which have proved their medical value.

"Similar results," it was stated, "have occurred among neurotic children. One shy girl of seven, who rarely spoke in the presence of strangers, was encouraged to draw. Gradually she began to chatter while she worked, the occupation apparently providing her with a stepping stone to the world of reality and to contact with other people."

Scientific occupational therapy is the name given to this form of treatment.

Boom Helps Snake Charmers

Snake charming is having a revival in Johannesburg, South Africa, as a result of the building boom. Joy reigns among practitioners of this ancient Hindu art, for never since the early days of the city has there been such an abundance of suitable "pitches" on which to display their wondrous. Up and down the center of the city there are vacant pieces of ground where the snake charmer and Indian conjuror delights to unpack his numerous baskets and bundles. Instead of being harried by policemen and traffic inspectors, the magician is able to sit back in comfort with anything from an eighth to a quarter of an acre in which to do his tricks. He easily draws a crowd of a hundred passers-by. The spaces exist from the time of the removal of a pioneer building until work is started on a new one.

Scentograph

A Canadian has invented what is the nearest approach to a mechanical bloodhound. When an object belonging to an escaped criminal is held in front of it, says The Bits Magazine, its scent is vaporized and passed through a ray of light on a spectroscopic strip. The vapors penetrate the spectrum at certain points, according to the nature of the scent, and affect a number of markers so as to make them come together in a certain pattern. This pattern is photographed. All the police have to do is to carry the box to any point which they think the criminal has traversed and set the box in action. If the scent is the right one, it will rise and affect the markers in a similar way and the same pattern as photographed will as emblem.

The mill buys wheat, oats, corn. Poultry medicine at the Co-Op. mth.

ECONOMICS CLUB

The Harrison Center Home Economics club met Wednesday afternoon at the home of Elma Brown. Very interesting reports of the Monday and Tuesday meetings at Purdue were given by the leaders, Laura Plummer and Bessie Sensibaugh. They will give reports of events occurring on Wednesday and Thursday at the next meeting.

Several contests were enjoyed with prizes awarded to Frances Eckert, Joy Miner, Esther Long and Edna Murphy. The guest prize was given to Mrs. Campbell. Joy Miner drew the mystery package. Delicious refreshments were served by the hostess. The next meeting will be held on February 3, at the home of Wilma Cochran in Atwood.

SHOWER

A lovely surprise shower was held at the home of Mrs. Masa Nelson, near Burket Wednesday afternoon. The shower was in honor of Miss Leona Leininger, daughter of Mr. and Mrs. Clarence Leininger and her approaching marriage to Mr. Earl Beeson, son of Mr. and Mrs. Chas. Beeson. Miss Leininger, with her mother and grandmother, had dropped in at the Nelson home to visit for a few minutes and shortly afterward, as had previously been arranged, her friends swarmed in upon her. It was indeed a surprise. Due to bad road conditions several of Miss Leininger's friends were unable to be present, but the afternoon, spent in playing Benao, proved to be a very enjoyable one in spite of this handicap.

After the games little Larry Nelson appeared in the doorway with a beautifully decorated pink and white wagon heaped with daintily wrapped, lovely and useful gifts for the bride-elect.

Delicious and attractive refreshments were served by the hostess, Mrs. Masa Nelson, to the following guests: Carol McSherry, Vera Kelley, Ne. a Bruner, Isabel Johns, Winifred Smalley, Ethel Adamson, Doris Deame, Mabel Nellans, Helen Black, Carrie Wiltrout, Miss Doris Wiltrout, Myrtle Leininger, Miss Marcella Leininger, Lena Eder, Minnie Nelson, Lena Nelson and sons Larry and Michael and Velma Vandermark and son Lyle Kent.

All departed later in the evening wishing Miss Leininger much success and happiness in her future married life.

The Mohawk Trail

The Mohawk trail was used by Indians before the Revolution for a trading route between their abodes and the Atlantic coast.

SENIOR NEWS

The Seniors are planning a trip to Indianapolis some time in the near future to visit the state legislature. They plan to go when some especially interesting issue is up before the house so that they will be assured of a profitable day.

In Civics class the past week, the Seniors have been studying Industrial production. We find that there are four requisites of production, namely, land, which includes not soil alone but all raw materials, trees, etc., capital, labor, and enterprise. In order to produce, all four of these factors must be present or production cannot be carried on.

We also discussed our improvement in production which has come about with the machine age. The division of labor is also an aid to increased output of manufactured articles.

Four members of our school had the pleasure of presenting our national debate question before the Lions club last Wednesday evening. Those who took part in the debate were Helen Marvel, Katherine Eiler, Sam Blue and Mary Beth Deaton. Rex Bush officiated as chairman and time keeper for the debate. The students were very glad to have the opportunity of presenting their various speeches to so fine a group of men as our local Lions club.

CARD OF THANKS

I wish to express my appreciation and sincere thanks to the Senior class for the beautiful Poinsettia given to me while I was ill with Scarlet Fever.
Helen Shoemaker.

JUNIOR NEWS

The Juniors haven't experienced much excitement this week except in history class when Mervel Smith asked whether we thought amusements which we paid for were better than the kind we made ourselves. Quite a debate followed and Mervel had

quite a time keeping Martin Clark Ernsberger in his seat.

An oratorical contest has been opened and a number of Juniors are expected to participate in this project as we know we have several talented in this line.

In the beginning typing class the try outs for our forty word pins are soon to be given. We already have several prospects. Bob Thorne, Jean Burns, Lucile Lightfoot and Geraldine Nellans have reached the forty word line. We are all very grateful to Mr. Bowers for being so patient with us.

In English class we are just starting on Shakespeare and the majority find it very difficult, but in English. We hope that we will soon learn to enjoy Shakespeare's plays as well as other books and plays.

Ruth Baker has asked to be released the duty as editor of the Junior news and Winifred McCutchen has consented to carry on this work.

SOPHOMORE NEWS

The Sophomore Latin Class is planning a Latin Supper for next Monday night. This class studies in Caesar, and they have invited the members of the Junior class who are studying Cicero. In as much as a Latin supper is not a familiar affair to most people, explanation will be made. When a Latin Supper is enjoyed, this means that the meal is carried on exactly as the Romans carried on their meals. The unusual dinner consisted of three courses. The first an appetizer, usually eggs with something very sour. The next course was the real dinner composed of vegetables and usually they had three kinds of meat. The last course consisted of fruits and nuts. Of course, all these courses were liberally interspersed with wine. However our students will substitute fruit punch in favor of this beverage.

If you are in doubt about your directions, ask Elvin Creviston which direction the sun sets in.

FRESHMAN NEWS

Now we're ready to tell you about the stupendous Freshman-Sophomore party! Some of the games played were gossip, finding suckers, and other relays. They also pulled the Coke stunt. This is done by putting nipples on bottles of Coca Cola. Junior Wallace, Dale Wiltout, Bud Paulus and Lowell Marcus were the victims.

The Freshman served Cocoa with marshmallows, fancy cookies and frigate bars.

EIGHTH GRADE NEWS

In Civics we have been learning to conduct a meeting. Monday a motion was made that we stay home from school the following day. The motion was gladly carried. However, I think most of us forgot about this because we were all at school the next day.

We are still trying to learn the names of the United States Justices of the Supreme Court. The majority of the class know the names of the Justices, very well, even if we are not personally acquainted with them.

The Home Economics girls have completed sewing and have had some laboratory work. The arithmetic class is still very difficult. We have been finding interest by the 6% method.

The seventh grade agriculture class is dealing with beef cattle. Mr. Harrison thinks that some of the boys ought to go into the baby beef business. This makes a splendid project for any boy or girl.

AGRICULTURE

The advanced agriculture class this week is very proud of the new equipment for the shop room consisting of planes, saws, chisels, files, squares, levels, braces and bits etc. We have the shop about completed and will start our semester course before very long.

HOME ECONOMICS NEWS

Here are some health rules submitted by the girls. They are aphorisms quoting an Authority on Health published in the Hazolton (Pa) Sentinel.

"Keep your vegetable vanity case on the dining table, not on the dressing table."

"Rouge your face with carrots, taken internally."

"Let your mirror be a dish of luscious vegetable soup."

"Use only on face, cream, called cow's vanishing cream—best known for the complexion."

"Water, a delicate subject: drink four glasses a day and apply externally often—a shower or a tub a day."

"Make your morning meal your oatmeal."

"For a clear skin, apply fruit juice down the inside of the neck."

"Sui able gifts from young men: A basket of fruit, not candy. Don't take chocolate to the theatre, but a barrel of apples."

Prescribed Jockey's Dress

In the original charter of the Maryland Jockey club which dates back to 1745 it is prescribed that jockeys be dressed in the following manner: Jockey cap, silk jacket, pantaloons and half boots.

Worship of Ra

The worship of Ra, the sun god, was established in Egypt in the Twelfth Dynasty. It came in as a military edict. It indicated the rise of masculine power, when man began to accumulate personal property.

Naming the Cocker Spaniel

The Cocker Spaniel was highly prized as long ago as 1803, when popular books on dogs spoke of the breed as possessing "remarkable sagacity," "fidelity," "gratitude," etc. "Unwearing" as a shooting dog, this type was also extolled as the paragon of house dogs. The origin of his name is not difficult to trace. As the woodcock was commonly referred to as "cock" and the sport of shooting his bird was called "cocking," it is easy to see how the Cocker spaniel got its name, as the breed was extensively used in this form of hunting.

Facts About Nuts

Peanuts and pecans are native products grown in our Southern states, while Brazil nuts, filberts, cashews and pistachios are imported from foreign lands. Part of the confectioner's supply of walnuts is imported and the rest is grown in this country. English walnuts come from France and California, while black walnuts are raised in the United States. Almonds, although found in five continents, come chiefly from Spain and Italy. California also produces almonds, and Italy and Turkey supply filberts. Cashews come from India.

Earliest Bookplates

The earliest known bookplate is from a clay tablet and reads: "Property of Assurbanipal, King of the World, King of Assyria." The earliest example made of paper is a German woodcut of 1450. The earliest American example is a printed John Williams plate (1679).

DEATHS

Regnos

Madison Regnos, many years a resident of Mentone, died at his home here about 6:00 Monday morning. Death was due to a relapse of influenza from which he had been suffering for eight weeks. Funeral arrangements had not been made at this date.

Matthews

Mrs. Fawn Matthews, 38, passed away at her home in Burket at 4:10 o'clock Friday afternoon. Death was due to influenza, diabetes and complications. She was preceded in death by her husband last June. She is survived by one daughter, Violet Smoker of Akron, two sons, Doyle and Devon Smith of Clayport and her mother, Mrs. Jane Harsh, who resided at the Matthews home.

Funeral services were held Sunday at the U. P. Church in Burket at 2:00 o'clock with Rev. Slabaugh of Akron in charge. Burial was made in the Palestine cemetery.

Baptist Church Notes

Rev. Harry Hylonger, pastor of the Walnut St. Baptist church at Lebanon, Indiana, will speak at the regular mid-week service at the Mentone Baptist church.

Friday night at 8:00, there will be a concert given by the Wileon College Men's Chorus, under the direction of Mr. H. William Nordin. This chorus of thirty-two male voices is worth driving miles to hear and a capacity crowd is expected.

94-Year-Reign Is Record

The longest reign in history is attributed to an early Egyptian king, Peu the Second, who ruled ninety-four years.

ECONOMICS CLUB

The Mentone home economics club met at the home of Mrs. Harold Weissert on January 21 for their monthly meeting. The president, Mrs. Lois Moore called the meeting to order by singing America. Roll call was answered by current events. The club creed was then repeated, the secretaries report read and approved as well as the treasurers report.

Mrs. Lydia Saunders gave a very interesting paper on "Idle Thoughts" which was very much appreciated by all. The mystery package was won by Helen Weirick. There were 13 members present and 2 visitors, Miss Mary Norman and Mrs. Elizabeth Blue. Refreshments were served and the club adjourned to meet February 18, with Mrs. Esther Sarber.

Reporter.

Sorry He Invented It Now

At Great Neck, Long Island, lives a sad old man, Gen. John T. Thompson. He is the inventor of the deadly Thompson sub-machine gun. Friends say his greatest sorrow is the manner in which his gun has become the stock tool of gangdom. The weapon can fire 1,500 shots a minute, spraying its bullets over a large area. Fourteen years ago it was adopted by the New York police department, along with a plan for keeping it out of the hands of criminals. The plan didn't work and by bootlegging methods and thefts from arsenals, these guns have fallen into the hands of gangsters and criminals all over the country.

One Way Out

Women in Nanchang, China, who insist upon wearing dresses with sleeves shorter than those prescribed by the authorities are taken into custody by the police and their arms painted to the point where the sleeves should end. The police use paint to match the color of the dress.

Tree Grows From Tower

A small tree growing from a church tower is a Boston oddity. The tree rises from a crack in the tower of Moreland hall, now the synagogue of Congregation Athereth Israel. Origin of the tree is a mystery dating back to the days when the building served as a Catholic church.

Dolly Varden Set a Style

Dolly Varden was the coquette in Dickens' "Barnaby Rudge." The author's description of her dress of flower-sprinkled dimity led to the adoption of a style of dress that was the vogue from 1865-1870. The name is also applied to a light dress material tinged in flowers.

First Zeppelin Ascent

Count Ferdinand von Zeppelin, creator of the type of aircraft bearing his name, made his first ascent while under the command of Ohio's Gen. U. S. Grant during the Civil war.

Most Twinish Twins

Twinsburg, O., was named after Moses and Aaron Wilcox, the most twinish twins we've ever heard about, observes a writer in the Cleveland Plain Dealer. They were—but let's get their thumbnail biographies from an account of their death, published in a Cleveland paper in October of 1827: "They were twins, born in Connecticut. Were married the same day, and to sisters. Experienced religion the same day, united in the same church the same day, were partners in trade in Middleton, Conn., and failed together, removed together and settled in the township, which from them derived the name 'Twinsburg.' Were taken sick the same day, continued sick alike and died the same day and were buried in the same grave, and left to their families the same unsullied Christian character."

New Oil Finder

To locate deposits of oil, coal and heavy ore, the German government is using a new instrument called the gravimetre. It consists of a weight hanging on a spiral spring installed in automobiles with a light ray meter to measure the variations of gravity. When the tension is less soil and light rocks will be found under the surface; when it is greater heavy ore, coal, and oil are present.

Notice to Burglars

The owners of a house on Brighton Road, London, which thieves robbed several times put up this notice on the front gate: "Will the two burglars, well known to the occupants of this house, who have entered the premises three times within the last nine months, note that all money and valuables are being removed."

Wing Spread of Bald Eagle

The wing spread of a bald eagle is ordinarily from 6 to 7 feet. One specimen taken in New York state had a wing spread of 8 feet 6 inches, and a weight of 18 pounds. This is very unusual.

The Cat Fancier Knows

Dog Fancier—A dog will stay with a fellow when he hasn't got a cent. Cat Fancier—Yeah, and so will a bill collector!

Economical

"Good heavens, McPherson, you've holed in one!"
"Aye! It saves wear and tear on the ball."—Exchange.

Majority and Plurality

If a candidate for office receives more votes than any other contestant, he receives a plurality. If he receives more votes than all the other contestants combined—more than half of all the votes cast—he receives a majority.

English Walnuts From Persia
English walnuts originated in Persia but came to America by way of England.
