## MRS. JOHN WITHAM DIES AT HOME IN MENTONE

Mrs. John Witham, aged 64, died at 6:45 a. m. Wednesday at her home in Mentone following a serious illness of five weeks due to complications. She had been in failing health for the past three years.

Mrs. Witham was born near Bourbon February 20, 1882, the daughter of Mr. and Mrs. Abraham Flory. She was married to John Witham December 15, 1903. She had resided all of her life in the vicinity of Bourbon, Etna Green and Mentone.

Surviving relatives include her husband; two daughters, Miss Cleo Witham and Mrs. John Slater, of Warsaw; a son, Henry Witham, of Warsaw; three granddaughters and a step-granddaughter and a sister, Mrs. Wesley Miller, of Etna Green. Three children preceded her in death.

Funeral services were held at 2 p. m. Saturday at the Christian church at Etna Green, of which she was a member. Rev. Jesse Dunn, pastor of the church, was in charge. Burial was in the Stony Point cemetery, with the Reed funeral home in charge.

## CELEBRATE ANNIVERSARY

Mr. and Mrs. Bert Rush were delightfully entertained to a six o'clock dinner Sunday, December 29 at the home of their son, Mr. and Mrs. Fred Rush. The dinner was in honor of their 58th wedding anniversary. It was also Mr. Rush's birthday. Their granddaughter, Mrs. Dale Plew, had baked them a large angel food cake which adorned the center of the table. Miniature Christmas trees and bells finished the decorations. After dinner all retired to the living room where various games were enjoyed by all. Mr. Roy Rush and daughter were also guests. All departed at a late hour, wishing father and mother Rush many more happy anniversaries.

## SEITNER - NUELL

At 7:30 on Christmas Day, at the home of Rev. and Mrs. E. E. DeWitt, Iris E. Seitner, daughter of Mr. and Mrs. J. W. Seitner, of Palestine, was united in marriage to Mark E. Nuell, of Warsaw.

The newlyweds plan to make their home in Warsaw, where both are employed at the Gatke Corp.

## TUCKER - GRIMM

Rev. Joseph Hanawalt read the vows which united Miss Helen Grimm, daughter of Mr. and Mrs. Harvey Grimm, of west of Leesburg, in marriage to Robert Tucker, son of Mr. and Mrs. Royse Tucker, of near Mentone, in a ceremony performed Wednesday afternoon at the Leesburg Methodist church.

Robert Bishop, vocalist, sang the numbers, "At Dawning," "Sweetest Story Ever Told" and "The Lord's Prayer" preceding the service. He was accompanied at the piano by Gerald Deatsman who played "Claire de Lune" and "Liebestraum" in addition to the traditional wedding marches for the professional and recessional.

The bride, who was given in marriage by her father, met the bridegroom at the altar, lighted with white tapers in candelabras and arranged with evergreens and chrysanthemums. Her fingertip veil fell from a tiara of orange blossoms over her wedding gown of slipper satin and net, the skirt of which ended in a full-length train. With a white Bible, she carried an orchid, from which fell streamers, in which sweet peas were caught. Miss Anabel Byrer, as maid of honor, wore a gown of pink taffeta and net.

Also attending the bride were Mrs. Uldine Flory and Miss Lucille Shori, who wore identical gowns of blue taffeta. Colonial bouquets were carried by each of the attendants. Little Loretta Remy, cousin of the bride, in a gown of yellow organdy, carried the rings on a heart-shaped pillow of white satin. Joe Tucker served his brother as best man and Warren Grimes and James Beeson seated the guests.

Both Mrs. Grimm, Mother of the bride, and Mrs. Tucker, mother of the bridegroom, accented her ensemble of black with a corsage of white gladioli.

A reception was held in the social rooms of the church immediately following the ceremony. Upon their return from a short wedding trip Mr. and Mrs. Tucker will reside at the Washington cottage, Winona Lake.

## NOTICE HUNTERS, FISHERMEN

No hunting licenses issued except at our plant office during the hours of 8:00 to 5:00 on week days.

C. O. Mollenhour

## CREIGHTON EMPLOYEES ENTERTAINED

Creighton Brothers entertained their employees and their families at a turkey dinner Monday evening served in the social rooms of the Atwood Evangelical United Brethren church. Hobart Creighton acted as toastmaster and introduced Stanley McIntosh, who has made an educational motion picture at the Creighton farms entitled, "Eggs." This film, which was taken for the Encyclopedia Britannica, was shown. Gustave Tatter led the group in singing Christmas carols, with Mrs. Marion Coplen accompanying at the piano. Marion Coplen entertained with a vocal solo. Santa Claus arrived and presented gifts to Hobart and Russell Creighton from the employees. Leonard Eller prepared the dinner served to 140 employees and guests at tables which were attractively decorated by Mrs. Dean Marble.

## ROYAL NEIGHBORS XMAS PARTY

On last Tuesday evening the home of Neighbor Lydia Rynearson was beautifully decorated for the annual Christmas party at seven o'clock. A carry in dinner was served to 21 members and one guest.

The business meeting was opened by singing Christmas Carols.

The officers for next year were then elected. At the close of the meeting we visited the beautiful Christmas tree which held for everyone present a nice gift. The next meeting will be held on the first Tuesday evening in February at the new home of Mrs. Wilvin Teel.

## LIONS MEETING NEXT WEEK.

The Lions club meeting, which was postponed until Jan. 8th so it wouldn't be on New Year's Day, will be held next Wednesday evening, at which time the entertainment committee promises an interesting picture, "Target for Today." This picture shows all the details—and action—required for the preparation and carrying-out of a typical bomber mission in enemy territory.

## HYDE

Mr. and Mrs. James Hyde, of Palestine, are the parents of a daughter, born Monday morning at the McDonald hospital.

## PLACINGS IN 1946 CROP SHOW HELD DEC. 20-21

#### HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

##### Pneumonia

With the temperature this time of year zooming to unusually warm heights then dropping abruptly with sudden blasts from the north, an increase in the common cold and other respiratory infections can be expected. When respiratory diseases in general become prevalent, pneumonia can be

close behind.

Exposure of the body to sudden changes of temperature weakens resistance. Lowered resistance makes entry of the germs causing various types of pneumonia easy, and thin, protective tissues to the nose and throat inflamed by prolonged colds lose their ability to shut out these dangerous invaders.

Pneumonia is probably spread by discharges from the mouth and nose of

infected persons or articles freshly soiled with such discharges. The onset is abrupt with a sharp pain in the side, fever, cough, sensations of chilliness or chills, and sputum streaked or tinged with blood.

The best defense against pneumonia is a strong body with a high degree of resistance. Regular hours of rest, adequate diet, proper exercise and avoidance of radical changes in temperatures in so far as is possible enables the defensive resources placed in the body by nature to operate efficiently. Failure to do these things is sabotage.

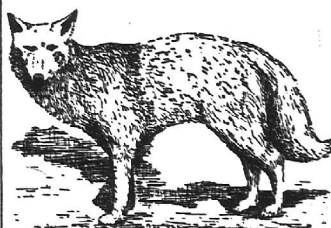

By the first of November, 1946, 1,093 Hoosiers had already died of pneumonia. This figure in itself represents nothing unusual. Yet during this same ten-month period only 125 cases of the disease were reported to the State Board of Health. It is required that

all cases of pneumonia be reported by the physician in charge of the case to the local officer who then reports to the State Board of Health. Anyone, the head of a private household, institution, hospital, boarding house, etc., should report the case to the local health officer if it has not been reported by a doctor. Reporting of cases of all communicable diseases is essential for adequate control programs.

##### Raw Onions

Since onions have a high water content they are low in calories. In their raw state onions have a little vitamin B and vitamin C, but much vitamin value is lost in cooking and in discarding the water in which the onions are cooked. Raw onions and shallots are better sources of these vitamins and of carotene, which the body changes into vitamin A.

## THE STRANGEST THING

THE COYOTE OR PRAIRIE WOLF AS IT IS COMMONLY KNOWN IS THE ONLY CARNIVOROUS ANIMAL THAT KILLS AND EATS ITS OWN KIND. THEY DESERT THEIR YOUNG WHEN IN DANGER AND KILL AND DEVOUR THEIR DISABLED COMPANIONS. THEY HAVE BEEN RAISED AS PETS WHEN TAKEN WHEN VERY YOUNG.

THE CASSOWARY IS ONE OF THE STRANGEST OF BIRDS—A BRANCH OF THE OSTRICH FAMILY IT HAS BOTH TAIL AND WINGS ALTHOUGH AT FIRST OBSERVATION ONE GETS THE IMPRESSION THAT THEY HAVE NEITHER. IT HAS STRANGE GLOSSY BLACK HAIRLIKE FEATHERS, POWERFUL MUSCLES AND SHORT HEAVY LEGS AND IS A VERY FAST RUNNER. THE HEAD, BEING ALMOST BARE OF FEATHERS, IS TOPPED BY A CREST OF BONE IT IS FROM 5 TO 6 FEET HIGH, A NATIVE OF NEW GUINEA AND AUSTRALIA.

## A TOAST TO OUR FRIENDS

Now—when that priceless thing called Time occupies the spotlight, we pause to consider that priceless thing called Friendship. In our business we could not be without it, and because we value it so highly we are de-

termined, during 1947, to take still further steps to merit your continued friendship and loyalty to us.

May the sands of the hourglass bring you many golden hours of happiness in the year to come.

AMERICAN LEGION AUXILIARY

Ladies who are interested in forming a Mentone unit of the American Legion Auxiliary are requested to meet at the Mentone schoolhouse on the evening of Thursday, January 9, 1947, at 8 o'clock. Permanent officers for 1947 will be nominated and elected.

The American Legion Auxiliary is made up of mothers, wives, daughters and sisters of members of the American Legion and those women who of their own right are eligible to membership in the American Legion, and of the mothers, wives, daughters and sisters of men and women who died in line of duty in either of the world wars or who died after honorable discharge.

The American Legion Auxiliary has a membership of more than 550,000. It is organized in 9,500 communities, scattered throughout every state, our territorial possessions, and several foreign countries. Like the Legion, it is non-political, and non-sectarian.

Its principles are those of backing the Legion in every step. Its national

organization is modeled on that of the Legion. The Auxiliary unit is an invaluable aid to the Post in its service and community work. Its membership comprises the nearest and dearest of the Legion. It offers the Legion invaluable assistance in every line of Legion endeavor. The two organizations go forward together.

On the social side of Legion progress the importance of the Auxiliary can not be overestimated. Its development rounds out the Post and the Legion, and makes them the most complete community and national organization in the country. The Legion and the Auxiliary alike are devoted to service and patriotism.

WE NEED A MAN.

The Kosciusko County Seed Improvement Association has purchased a new seed cleaner and is needing a man for a good part time job. Anyone interested may contact Sam Norris, 7 on 82, or George Long, 9 on 89.

**DON'T SKID YOURSELF!**

Braking Distances on Various Surfaces at 20 mph

New winter accident facts, based on research and tests by National Safety Council, reveal alarming increase of skidding and poor visibility crashes during snowy, icy weather. Authorities urge equalized brakes, using tire chains, windshield wipers, defrosters, good lights and lower speeds to minimize the added seasonal hazards of inadequate stop-and-go traction on snow or ice and reduced visibility.

**WANT A BOX CAR?**

Rowland D. Schell, Regional Director, War Assets Administration, called attention today to some practical conversions for the 490 railway box cars now being offered to commercial and priority buyers on a sealed bid basis. Originally built for use in India these box cars contain material especially selected to withstand the deteriorating effects of a tropical climate.

The under carriage may be scrapped or salvaged and the cars converted into homes, garages, warehouses, lunch stands, summer cottages and truck trailers.

The box cars are stored at the N.Y.C. R.R. (Beach Grove) Indianapolis, Indiana, and may be inspected by con-

tacting the Property Officer.

All orders must be in the WAA District Office, 2005 Northwestern Avenue, Indianapolis, Indiana, by 10:00 A.M. (C.S.T.) January 10, at which time the bids will be opened.

**CARD OF THANKS**

**SOUP WHERE IT ISN'T LIKED.**

"Soup," to a flyer, isn't a dish to be sought after but something to get away from—and fast.

Richard and Miles Manwaring left Lock Haven last Saturday morning with their new airplane and headed west into a cold front that was headed in an easterly direction from the vicinity of the Great Lakes and moving about 50 miles an hour. They knew dirty weather was coming and tried to clear the mountains before it hit, but didn't quite make it.

Four planes left Lockhaven together and Dick was hanging close to the wing of another plane when the "soup" closed in just as they entered the mountains. The other pilot thought he knew of a valley through which they could fly but when visibility suddenly reduced to a mere hundred feet they weren't too much interested whether there was a valley or not. What they wanted was visibility. Suddenly parts of a small town was visible through a small hole in the overcast and the lead plane banked sharply—so sharply Dick lost sight of that wing tip he'd been following. He turned sharply, too—so sharply he ended up on the inside of the circle—and after three or four such turns, when each plane jumped from the inside to the outside of the circle—Dick decided it was time to get down on the ground and let the other bird play around up there all he wanted.

Wandering down through the trees and oil well derricks at about 80 miles an hour wasn't encouraging in the least, but he finally decided two small adjoining fields would work for a landing. However, each time he came in close enough to see the fields he would be going so fast he couldn't get down slow enough to land. After about four such tries—with the field disappearing each time he pulled up to turn around—he picked on another field running up hill. With the exception of trees and oil derricks on either side, the only obstacle was a road running across it. The landing was a bit too short and the Cub Cruiser went over the roughest part of it.

Soon after landing a farmer told them the location of a nearby airport so minus Miles and the baggage, Dick got it into the air from the small field and flew on to the airport. Miles came by car and joined him for a couple of days while the weather cleared. All four planes made forced landings in the same general area.

Yep, "soup" isn't always a delectable dish.

Several days ago, our contributor, Henry Whetstone, brought an article to our office. It appears in the September issue of "The Full Cry" on the page headed, "The Biggest Lie". The story was written by Henry and he calls it "The Story of the Wonder Coon." No doubt, Henry, you have some fellow coon hunters who will ask to see your story.

**BULES - WARREN**

Mr. and Mrs. Lewis Bules, who were married in a ceremony performed Christmas day by Rev. Jesse Dunn, Pastor of the Christian church at Etna Green, are now residing with the bride's parents, Mr. and Mrs. Ora Warren, of near Atwood. Mr. Bules, who is the son of Mr. and Mrs. Jacob Bules of Etna Green, is employed in 'Warsaw.

At the marriage service, which took place in the home of Mr. and Mrs. Warren, the bride, who was formerly Miss Mildred Warren, was attired in a gown of white satin. She wore a corsage of red and pink carnations. Her sister, Miss Irene Warren, as maid of honor, wore a similar corsage with her dress of pink crepe.

Cecil Binkley, of Etna Green, attended his brother-in-law as best man. A corsage of red carnations accented the dress of Mrs. Warren, mother of the bride and also of Mrs. Bules, mother of the bridegroom, each of whom wore black.

Immediately following the ceremony refreshments were served to the members of the bridal party and the close relatives of the couple.

Mrs. Bules was graduated from the

Atwood high school with the class of 1946. Mr. Bules served approximately five years with the armed forces and was stationed overseas in the European theater of operations.

**LOCAL NEWS**

Darryl Coplen is on the sick list.

### CONSERVATION CLUBS WORK- ING ON EXTENSIVE PROGRAM

The County Council of Conservation Clubs have been busy the past few weeks working on various conservation club projects.

Extensive additions have been planned for the Conservation Club camp at McClure Lake which includes the installation of new and complete rest

room facilities, pump and water supply, beach, spill and water way and maintaining the lake level. Joe Clark, Walter Yoder and C. O. Mollenhour are one the lake level committee; Walter Yoder, Joe Clark, Maurice Fawley, Ralph Tubleson and Ped Koenig are on the spill and water way committee; Bud Lawson, Bob Gast and Joe Clark are on the beach committee, while C. O. Mollenhour, Cliff Breeden

and Forrest Higgins are on the pump and water supply committee.

The contemplated improvements will cost from a thousand to fifteen hundred dollars.

The playground committee is made up of Ralph Plum, MacAllister and C. Breeden.

A fish fry and auction will be held on May 23, under the supervision of the following committeemen:

Auction—Yoder and Plum.

Program—Yoder (Barkley)

Tickets—M. Fawley (\$2 a plate)

Food—Chancey Tucker, and C. O. Mollenhour.

Publicity—Each Conservation club.

The Conservation camp will be held on July 27 to 31, with the following program:

1. 14-18 year old boys (60 to 75).
2. Camp director, Cliff Breeden.
3. Ass't camp director, W. Yoder.
4. Sec'y-treas, M. Fawley.
5. Bunk assignment, Ped Koenig.
6. Tags, Bud Lawson.
7. Awards to be made to campers for rifling, archery, identification of trees, star camper, etc.
8. Evening programs will consist of conservation movies and slides.
9. Recommend that council set the 1948 camp dates.
10. Enrollment committee (one from each club in the county).
11. Educational meetings in January and February for each club, handled by County Extension office, Ralph

Plum, Walter Yoder, MacAllister and camp directors.

Benny Phillipson, of Warsaw, is sponsoring a Star Camper plaque and each year the name of the star camper will be placed on the plaque.

A committee met at Mentone Monday night and completed a resolution to be sent to the state department urging that the state avail itself of the offer in the will of the late Mr. Gochenhour to turn over about 500 acres on the east side of Palestine lake to be used for conservation purposes.

### ATTEND PAST MASTERS MEETING

W. W. Whetstone, Lyndes and Wilbur Latimer, Rev. E. E. DeWitt, H. V. Johns, Hubert Latham, Ray Rush, Harley Regenos and Ora McKinley attended the annual Tri-County Actual Past Masters meeting at Wabash on Dec. 27th. Past Masters from Wabash, Whitley and Kosciusko county were present.

Mr. Whetstone conferred the degrees, H. V. Johns was named second vice president and McKinley was re-elected secretary-treasurer, so Mentone, it can be seen, is quite active in the organization.

**MR. AND MRS. RAY KINCAID**

**SHUCK - SHULL WEDDING**

In a lovely winter wedding which took place at 7:15 o'clock Saturday evening, Dec. 21 at the Evangelical United Brethren church in Atwood, Miss Miriam Gertrude Shull, youngest daughter of Mr. and Mrs. Ben Shull of Atwood vicinity, was given in marriage by her father, to Paul H. Shuck, son of Mr. and Mrs. John Shuck of Delphos, Ohio.

Preceding the double ring ceremony, which was read by Rev. I. E. Longenebaugh, pastor of the church, Hazel Smith of Garrett, Ind. and Mrs. T. Witham of Atwood, presented the musical and prelude. Miss Smith used the numbers "Oh Promise Me" and "Because." Mrs. Witham, in addition to the instrumental numbers, played the numbers "Claire de Lune," "Flower Song," "The Lohengrin Bridal March" and the Recessional Wedding March. "I Love You Truly" was also softly played throughout the ceremony. White tapers in candelabras lighted the altar before a background of palms.

As she met the bridegroom the bride was attractively gowned in a bridal dress of white satin designed in the classic style with fitted bodice sweetheart neckline and long sleeves pointed at the wrists. The full skirt ended in a court train. Her finger tip veil was caught in a tiara of crystal beads and crystal beads were also embroidered in the bodice of her dress. Her bouquet was of white carnations and a net tied with white satin stream-

ers. She also wore a strand of pearls, a gift of the bridegroom.

A friend, Miss Leona Gloor of Fort Wayne, attended as maid of honor and was attired in blue. Bridesmaids were Mrs. Arthur Collins, sister-in-law of the groom, of Toledo, Ohio, attired in pink; Miss Joyce Epler, girlhood friend of the bride, of Monticello, also attired in blue. The attendants carried pink carnations tied with streamers of satin ribbon.

The bridegroom was attended by his brother Arthur Collins, of Toledo, O. Ushers were Elmer and Earl Shull of Kings Highway, Winona Lake, cousins of the bride.

Mrs. Shull, mother of the bride, was wearing a dress of black and royal blue. Mrs. Schuck, mother of the groom, was wearing black and fuchsia. Each wore white gardenia corsages.

At the reception held immediately after the ceremony at the church parlor, Mrs. Thorton Swanson of Atwood, Miss Aldine Craft of Fort Wayne and Miss Norma Shull of Claypool assisted in serving refreshments of a three-tiered wedding cake which was served to 200 guests.

Mrs. Schuck was a graduate of the Mentone High School, class of '43 and University of Beauty Culture, Fort Wayne, Ind. Mr. Schuck was a graduate of Jefferson High School, Delphos, Ohio and is a veteran of World War II with 37 months in the U. S. army, serving in the European Theatre.

For her going away Mrs. Schuck changed to a wool suit of Green with

## THE GOSPEL OF CHRIST...

... In the Spirit of Christ.

EXCEPT THE LORD BUILD THE HOUSE, THEY LABOR IN VAIN THAT BUILD IT: EXCEPT THE LORD KEEP THE CITY, THE WATCHMAN WAKETH BUT IN VAIN.

"If any man speak, let him speak as the oracles of God;" (1 Peter 4:11)

### THE AIM OF THE CHURCH OF CHRIST

(This is the ninth in a series under the above title.)

We aim to further a movement, comprising churches and individuals, for A COMPLETE RETURN TO CHRISTIANITY AS IT WAS AT THE BEGINNING.

THEREFORE, WE STAND FOR:

8. The Church as God's all-sufficient institution for doing all phases of the work for which it was designed.

Not only do we regard the Church of Christ as competent for all spiritual work, but that the adoption of any other organization for such service, as most displeasing to heaven and injurious to man.

The Church of the first century neither knew or needed human institutions to do the work of the church. In a relatively short time the gospel was preached and churches were established all over the then known world. (See Col. 1:6, 23) The matchless power of the church was turned loose on the hosts of sin, which resulted in the most sweeping victory ever known among men. This victory

was obtained without aid of human adjunctive societies or auxiliary appendages which burden the religious world today. If the Church was all-powerful and all-sufficient in the saving of the world then, it is just as all-powerful and all-sufficient now!

The Church is entirely equal to its God-given task and can in no wise be humanly accommodated, veiled, or expedited. It is the only institution through which we have divine authority for glorifying God. "Unto Him (God) be glory in the church by Christ Jesus throughout all ages, world without end." (Eph. 3:21)

**THE CHURCH OF CHRIST WANTS TO SERVE YOU.**

#### Speedy Harvest

For speedy harvest of peppers and tomatoes, pull the entire plants and take them indoors, where the fruits can be removed from the vines some days later. Keep these fruits in shallow layers or on trays, in a cool, dark spot to ripen. Wrapping them in paper may help to keep them longer.

#### New Windows

Rustproof aluminum windows, which formerly graced only expensive houses, now can be had in moderate - priced homes through efficient manufacturing methods. Also coming up are new plastic window screens which don't rust, break, wear out and don't need painting.

**CONSERVATION A NUMBER  
ONE WORLD PROBLEM**

America faces the loss of another million acres of fertile farmland and serious damage to an additional hundred million acres within the next century unless a 20-year nationwide protection program is undertaken.

That warning was given December 12, in Chicago by Dr. Hugh H. Bennett, Chief of the U. S. Soil Conservation service to members of the Soil Conservation Society of America attending the organization's first annual meeting.

The nation's topflight soil and water conservation technicians heard Dr. Bennett advance an 8-point conservation program which he said would complete basic conservation work on a billion acres of farmland in 20 years at an estimated cost of 6 billion dollars.

He warned that the world is near the danger line created by a steadily increasing population and decreasing productive soil acreage. The danger line has already been crossed by some nations, he said.

Dr. Bennett said that the estimated 20-year, 6 billion-dollar job would cost

federal and state governments two dollars an acre and individual farmers four dollars an acre. The amount is small, he said, compared with the cost of a program of inaction which would result in destruction of land worth 20 billion dollars, in addition to the costs from permanent losses in production and other charges.

The 8-point program of soil and water conservation presented by Dr. Bennett as America's only way out is:

(1) Expansion of conservation activities based upon land needs and capabilities, utilizing the present soil conservation district system.

(2) Drainage of 30 million acres now too wet for tillage.

(3) Development of land and water resources on 12 million acres in sub-humid areas.

(4) Federal, state, or conservation district acquisition of land now in immediate danger of destruction. This land would be rehabilitated and returned to private ownership by sale on the open market.

(5) The early completion of a nationwide land capability survey.

(6) A broadened educational program to create national awareness of the needs of the country's basic ag-

ricultural resources.

(7) Research activities to determine the relationship between soil health, particularly erosion, and human nutrition.

(8) Improvement of range and pasture lands by the application of increased knowledge to grazing practices, water development, and range management.

Dr. Bennett spoke frankly of possible effects of the changing political picture created by the recent elections. He declared that the soil conservation service has always received the support of both major parties.

"The soil has no politics," he said.

"The major parties recognize this fact. The soil conservation service has been and will continue to be non-political."

He predicted that during the next 20 years the nation will make the greatest soil conservation effort ever undertaken in history.

In an informal ceremony performed Christmas eve at the home of Mr. and Mrs. Lawrence Rife, of south of Warsaw, their daughter, Betty Jean, became the bride of Loren Kermit Cumberland, son of Mr. and Mrs. Walter Cumberland, of Beaver Dam. Pink and white tapers in white candelabras lighted the improvised altar where arrangements of pink and white carnations were used. Rev. Kenneth Hostetter, of Claypool, cousin of the bridegroom, read the vows for the double-ring service.

Gold nailheads trimmed the street-length frock of white wool jersey chosen by the bride for her wedding. Her accessories were in black and she wore a corsage of pink roses. Miss Marilyn Sittler, as maid of honor, wore a dress of blue wool which was also trimmed with gold nailheads. Gardenias made up her corsage and her accessories were in black. Darrell Phillips served the bridegroom as best man.

A corsage of yellow and white baby mums accented the dresses of both Mrs. Rife, mother of the bride, who wore dark blue with brown accessories, and Mrs. Cumberland, mother of the bridegroom with her dress of crepe with blue and black print. Mrs. Cumberland's accessories were in black. Red candles lighted the lace covered refreshment table in the din-

ing room from which the guests were served following the ceremony. Red poinsettias centered the table and ice cream and coffee were served with the wedding cake to the bridal party, the close relatives and a few intimate friends of the couple. Mr. and Mrs. Cumberland will reside near Mentone where the former is engaged in farming.

Mrs. Cumberland was employed as bookkeeper in the offices of the Ford Motor Company in Warsaw.

## CO. TOURNNEY NEXT WEEK

Mentone Considered One of Favorites  
In Annual Classic At Warsaw

The annual county basketball tournament begins at Warsaw next Thursday night and Mentone is considered a strong contender for the championship crown.

Mentone plays Syracuse in the opening game.

The tourney pairings, as drawn last week, are:

### Thursday Night

6:30—Syracuse vs. Mentone (1-2)  
7:45—Leesburg vs. Claypool (2-3)  
9:00—Beaver Dam vs. Pierceton (3-1)

### Friday Afternoon

12:30—Sidney vs. Atwood (1-2)  
1:45—Burket vs. Etna Green (2-3)  
3:00—Milford vs. No. Webster (3-1)  
4:15—Silver Lake vs. Warsaw (1-2)

### Friday Night

7:00—Winner No. 1 vs. Winner No. 2 (2-3)  
8:15—Winner No. 3 vs. Winner No. 4 (3-1)  
9:30—Winner No. 5 vs. Winner No. 6 (1-2)

### Saturday Afternoon

1:30—Winner No. 7 vs. Winner No. 8 (2-3)  
2:45—Winner No. 9 vs. Winner No. 10 (3-1)

### Saturday Night

8:00—Winner No. 11 vs. Winner No. 12 (1-2)

Officials (as designated for each game): 1—Robert Waring; 2—Walter Thurston; 3—L. E. Pink, all from Mishawaka.

## FUNERAL SERVICES

### HELD MONDAY

Funeral services were held Monday at Summit Chapel for Betty Jean Scott, 17 year old daughter of Mr. and Mrs. Jerry Scott.

Bonnie Jean, who was a Junior in the Talma High School, died in City Hospital, Indianapolis, after an illness of three months, death being due to leukemia.

Besides the parents, a brother, Richard and two sisters, Betty and Virginia, survive. The Scott family resides on the Dr. Anderson farm, two miles east of Talma.

## AKRON FARM HOME DESTROYED BY FIRE

Defective wiring caused the home of Mr. and Mrs. Chester Utter, who live one mile west and north of Akron, to be completely destroyed by fire Saturday. No one was injured.

The blaze is believed to have started in the pantry. The loss is partially covered by insurance. Mrs. Utter was on duty at the Woodlawn hospital at the time.

Mr. Utter, who was in the barn milking when the fire started, discovered the blaze. He ran a quarter of a mile to the home of Lamoin Hand where he called the Akron rural fire department.

Most of the house was on fire when the firemen arrived. Some of the furniture was saved. Much bedclothing and personal clothes in the upstairs were lost.

A. H. Caldwell, Akron fire chief, narrowly escaped serious injury when the chimney fell within a foot of him as he stood in the kitchen with the fire hose, fighting the fire. The falling brick caused slight injuries to his right hand and foot.

Mr. Utter is the brother of Bob Utter whose home near Athens was damaged and whose wife was severely burned by fire December 23.

## GUY EXECUTORS ORDERED TO SETTLE SCHOOL CLAIM

Vere Kelley and Lewis Erwin, executors of the \$63,000 estate of the late Eliza Ann Guy, of Mentone, were authorized in circuit court Tuesday to make a \$4,500 compromise settlement with Taylor university on a claim against the estate for \$6,000 plus interest.

The university, located at Upland, Indiana, based its claim on a note favoring the "Legal Hundred," a university organization handling "the service endowment." The note, signed by Mrs. Guy and her husband, the late Simeon A. Guy, on Nov. 8, 1928, became due on the death of the survivor on Sept. 1, 1943.

## HOME ECONOMICS TO MEET

Mrs. George Mollenhour will be hostess to the Home Economics club on Wednesday P. M. Jan 15 instead of Jan. 8. She will be assisted by Mrs. Silas Meredith.

## EDW. KIMES BURIED SUN.

Edward Kimes, aged 71, who resided on a farm two miles north of Mentone, died at seven o'clock last Thursday morning at the McDonald hospital at Warsaw where he had been taken the day before. Death followed an illness of one year due to Hodgkin's disease.

Mr. Kimes was born June 21, 1875, the son of Mr. and Mrs. George Kimes.

Surviving relatives include his wife, who was formerly Nora Beeson, and several nieces and nephews. He was preceded in death by his first wife, Mattie Heckman Kimes, and three children.

Funeral services were held at two p. m. Sunday at the Harrison Center church. Rev. S. M. Hill officiated and burial was in the Pleasant View cemetery. The Reed funeral home, of Mentone, was in charge.

## MRS. CARLTON JONES NAMED TO STATE HOME EC. BOARD

Mrs. Carlton Jones, of Claypool, Friday was elected as one of the 12 members of the executive board of the Indiana Home Economics association at the annual meeting of the group in Music Hall at Purdue University.

Mrs. Jones, wife of the newly-installed trustee of Clay township, is a past president of the Kosciusko County Home Economics association, having filled the office for two terms.

Fifty-eight Hoosier counties were represented at the meeting which was held in connection with the annual Purdue agricultural conference.

Among the 1,200 Home Economics women attending were 18 from this county, including Mrs. Jones and Miss Janalyce Rouls, county Home Demonstration Agent.

Others from this area who attended were: Mrs. Paul Cumberland, Beaver Dam club; Mrs. Esther Sarber, Mentone club; Mrs. Everett Rookstool, Seward township club; Mrs. Gerald Ballenger, Friendly Neighbors club, Mentone; Mrs. Annabelle Swoverland, Etna Green club, and Mrs. Gordon Shirley, Palestine club.

## TO CELEBRATE BIRTHDAYS JAN. 11TH

On Saturday, January 11, Allen Nelson will celebrate his 90th birthday. Mr. Nelson resides with his daughter and husband, Mr. and Mrs. Clarence Leininger, and has been bedfast for nearly a year.

Mr. Nelson had a card from an old school mate and neighbor, Susie Rogers, who will celebrate her 90th birthday the latter part of this month. She resides in Oakland, California with a son.

Mrs. Broda Clark will celebrate her 80th birthday on Saturday, also. Broda is able to go down to the store every day and work.

We want to join the many friends of these folks in congratulating them upon having reached and exceeded the allotted three score and ten. It's really something!

## RUSSEL PHILLIPS CHAIRMAN OF COUNTY COMMISSIONERS

Russel J. Phillips, of Warsaw, was chosen as chairman of the county commissioners as the board organized for 1947 at the court house Monday morning.

Personnel of the board remains the same as in 1946. Ray Ferverda, of Milford, who began his second term as commissioner for the northern district on January 1, served as chairman last year. His term of office will continue until Jan. 1, 1950.

Mr. Phillips, who is beginning the last year of his second term as middle district commissioner, will be succeeded on Jan. 1, 1948, by Loyd Miner, of Harrison township.

Orven A. Heighway, of near Akron, commissioner for the southern district, began the second year of his second term and will hold office until Jan. 1, 1949.

Two commissioners are elected for three-year terms at general elections every two years but the terms are staggered so that only one change occurs on the board each year.

Mrs. Nannie Erwin, who has been quite ill, is somewhat improved.

Mrs. Sarah Morgan returned from Valparaiso Sunday evening after visiting a niece there.

## Dr. Dale A. Rigdon

#### HEALTH FACTS FROM YOUR STATE BOARD OF HEALTH

Once again the final hours of a year found Hoosiers turning their backs upon what has been and looking forward with hope, with resolution, and with some speculation to what may come to pass. No doubt a poll of thoughts on New Year's Eve would have found the wish for good health prominent among the hopes for the coming twelve months although it may

have been conspicuously absent from the resolutions.

Hope for good health alone will not allay the fear of ill health with its pain, economic loss, and potential tragedy. Transformed into firm resolution and action it can lead into an era of far better health, happier and more productive living than has ever been known. The distance from that goal has been dramatically shortened by medical science. New methods of prevention, of diagnosis, and treat-

ment have placed it within reach. Let every Hoosier firmly resolve, then,

That the fight to drive tuberculosis from the American scene be intensified.

That I will join hands with those arrayed against cancer, infantile paralysis, and all other killers and cripples until their exact nature is known and until they are no longer the threats to health and security they now are.

That I will consult periodically with my physician in order that I may know how to prevent disease from striking whenever possible.

That my children will be immunized against those diseases for which immunizing agents exist.

That I will work with my neighbors to make of my community and its schools and other institutions the best possible environment wherein

my children may live, learn and grow to maturity with a better chance for a longer, healthier life.

Miss June Romine returned to the Riley hospital Saturday, after spending a ten day vacation with home folks. Her address is: Miss June Romine, Rotary Convalescent Home, Indianapolis, Indiana.

**ESTIMATE THE ENORMOUS  
ANNUAL COST OF EROSION**

C. O. Mollenhour, of the local Con-  
servation club, presented the follow-  
ing report relative to the estimated  
annual loss in America due to the use  
of improper land practices.

Bennett and Pryor have made the  
following estimate of the annual loss  
in dollars through erosion in the U.  
S.:

Soil Material (Nitrogen, Phos-  
phorus, Magnesium, and Cal-  
cium ..... \$3,000,000,000  
Reduced farm income and  
forced abandonment of the

land ..... 400,000,000  
Damage to irrigation and re-  
serves ..... 63,000,000  
Damage to highways, railroads,  
navigation and streams ..... 309,000,000  
Flood damage to city and farm  
property ..... 72,000,000

Total ..... \$3,844,000,000

This loss in plant nutrients, they re-  
port, represents 60 times the quantity  
used each year in commercial fertiliz-  
er.

★ Today good will may starve to  
death. Keep it alive with customer  
courtesy and careful advertising.

Bring your guests, friends and neighbors to all these services where a hearty welcome awaits you.

"Christ stands at the bar of the world today

As he stood in the days of old,  
And still, as then, we do betray  
Our Lord for greed and gold.

"Like the men of old, we vote his death

Lest his life should interfere  
With the things we have, or the things we crave  
Or the things we hold more dear.

"Christ stands at the bar of the world today,

As He stood in the days of old  
Let each man tax his soul and say,  
Shall I again my Lord betray  
For my greed, or my goods or my gold?"

EXCEPT THE LORD BUILD  
THE HOUSE, THEY LABOR IN  
VAIN THAT BUILD IT: EXCEPT  
THE LORD KEEP THE CITY, THE  
WATCHMAN WAKETH BUT IN  
VAIN.

"If any man speak, let him speak as the oracles of God;" (1 Peter 4:11)

### THE AIM OF THE CHURCH OF CHRIST

(This is the last of a series under this title)

We aim to further a movement, comprising churches and individuals, for A COMPLETE RETURN TO CHRISTIANITY AS IT WAS AT THE BEGINNING.

THEREFORE, WE STAND FOR:

9. The use of vocal music in the worship of God and reject the popular but unscriptural use of instruments of music in worship.

This is not a result of preference or taste, nor born of any desire to be peculiar. It is wholly a matter of faith. God has plainly said to use vocal music in the worship. In Ephesians 5:19, Paul says; "Speaking to yourselves in psalms and hymns and spiritual songs, singing and making melody in your heart to the Lord"; and in Col. 3:16, Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another with psalms and hymns and spiritual songs, singing with grace in your hearts unto God"; and Jesus and His disciples sang a hymn at the institution of the Lord's Supper. (Matt. 26:30) Hence, by both precept and example, vocal music is appointed in the worship of God. One may search the New Testament in vain for either command, example, or inference for the use

of musical instruments.

But it is claimed that the Lord has not forbidden instrumental music. Neither has he forbidden meat on the Lord's table, except by telling us to eat something else; and in the same way, he has forbidden instrumental music by telling us to use another kind. If specifying what we are to eat on the Lord's table excludes everything else, then specifying what kind of music we are to use in worship, excludes every other kind.

Scholars and historians agree that for 800 years after Christ, religious music of professed Christians was singing without instruments of music. Let us follow the example of the Church during its early state of purity when it was most pleasing to God!

THE CHURCH OF CHRIST WANTS TO SERVE YOU.

If you are registered for oil cloth, we may have yours for you. A few extra pieces for those not registered. Coopers'.

SOME HEN IS HEADED FOR THE MOVIES AS "MISS SLICK CHICK OF 1947"

Chicago, Dec. 31.—Something new in beauty contests was disclosed today, when Clyde C. Edmonds, president of the Poultry and Egg National Board, announced that a nationwide search for "the most beautiful hen in Ameri-

ca" was being launched beginning the first of the year, the selection to be made from among the flocks of more than five million poultry producers of the nation. The winner will be crowned "Miss Slick Chick of 1947," at the premiere of the film, "The Egg and I," currently in production at Universal-International Studios, starring Claudette Colbert and Fred MacMur-

## CRYSTAL ROLLER RINK

Meet your friends at the roller rink for a real night of clean fun.

Open Tuesday, Thursday, Saturday and Sunday nights. Matinee Sunday 2:00 to 4:00.

Private Parties Monday, Wednesday and Friday.

## MR. AND MRS. RAY KINCAID

The search will be led by a special "Egg and I National Committee," headed by Glenn H. Campbell of Cleveland, Board secretary, as chairman. The committee will work directly with state leaders, the search to be conducted from January 1 to March 10, 1947. Regional entries are to be submitted in the form of close-up photographs of the hen posed with its owner, and sent to the Poultry and Egg National Board headquarters, 308 W. Washington St., Chicago 6, Illinois.

"Judges will not concern themselves with regular, customary judging rules," Campbell stated, "but will adjudge the contest hens entirely on the basis of charm, personality, and sex appeal." Coquettishness of eyes, contour of figure, and sweep of tail will help. It was stated by the Poultry and Egg National Board that the judging committee definitely will not be influenced by pictures of pretty farm-girl owners, who are posed with their "most beautiful hen" entrants. Contest hens pictured with other members of the farm family—Ma, Pa, or Junior—will receive equal consideration.

A "Slick Chick" winner will be selected from each of five different re-

gions in which the United States is divided for contest purposes. The actual hens whose pictures win the regional contests, and their owners, will be brought as guests to the city, as yet un-named, which will feature the World Premiere of the much heralded motion picture, "The Egg and I." Here the final selection of the national beauty will be held.

Preliminary plans for the premiere now call tentatively for New York City, in which event, the final judging will take place at the palatial Waldorf Astoria, one room of which will be especially transformed into a Hen Palace for the occasion.

All five "Slick Chicks," will be awarded specially conceived fur-lined nests, to be created by fashion designer Orry Kelly of Hollywood, and owners and hens will be guests of Claudette Colbert and Fred MacMurray at the premiere event.

The hen selected as "Miss Slick Chick of 1947," in the final judging, will be presented a gold award in the shape of an egg, and her owner will be awarded a cash prize of five hundred dollars.

For further details regarding this contest, contact your county agent.

### SONG OF A PAL

It's a sweet song that will live for the moment,  
And become an old tune that will die—  
Other songs will be sung to replace it,  
And to gradually shove it aside.

It was grand and remarkable music,  
And the verses were simple and true.  
It was our song, to keep for the future,  
And the years make its melody new.  
To the world it may be but a fancy,

But to us, it will always be new,  
And the strains set my heart wildly beating.  
And revives me, with Mem'ries of you.  
H. C. WHETSTONE.

## THE NORTHERN INDIANA CO-OP. NEWS

Published Weekly by the  
Northern Indiana Cooperative Association, Mentone, Ind.

ARTLEY D. CULLUM, Editor and Manager.

PRINTED IN THE MODERN PLANT OF THE COUNTRY PRINT SHOP

### PUBLIC SALE AD OF SEVENTY-SEVEN YEARS AGO

The following clipping of a public sale advertisement was handed to us by Mrs. Nicholas Ludwig who clipped it from Postville, Iowa. Herald published 77 years ago:

It reads as follows:

Having sold my farm and leaving for Oregon Territory by ox team, will offer on March 1st, 1849, all of my personal property to-wit:

All ox teams except two teams, Buck and Ben and Tom and Jerry, two milch cows, 1 gray mare and colt, 1 pr. oxen and yoke, 1 baby yoke, 2 ox carts, 1 iron plow with wood mole board, 800 feet of poplar weather boards, 1000 three-foot clap boards, 150 ten-foot fence rails, 1 60-gallon soap kettle, 85 sugar troughs made of white ash timber, 10-gallon maple syrup, 2 spinning wheels, 20 lbs. nut-ton tallow, 20 lbs. beef tallow, 1 large loom, made by Jerry Wilson, 300 poles, 100 split hoops, 100 empty barrels, 1-32 gallon barrel of Johnson Miller whiskey 7 years old, 20 gallons of apple brandy, 1 40-gallon copper still, 4 sides

of oak tanned leather, 1 dozen reel hooks, 2 handle hooks, 3 scythes and cradles, 1 dozen wooden pitch forks, one half interest in tan yard, 1 32-calibre rifle, bullets, molds and powder horn, rifle made by Ben Miller, 50 gallons soft soap, hams, bacon and lard, 40 gallons sorghum molasses, 6 head of fox hounds all soft mouthed except one.

At the same time, I will sell my six negro slaves, 2 men, 35 and 50 years old, 2 boys, 12 and 18 years old, 2 mulatto wenches, 40 and 35 years old. Will sell all together to same party, as I will not separate them.

Terms of sale, cash in hand or note to draw 4 per cent interest with Bob McCannel as security.

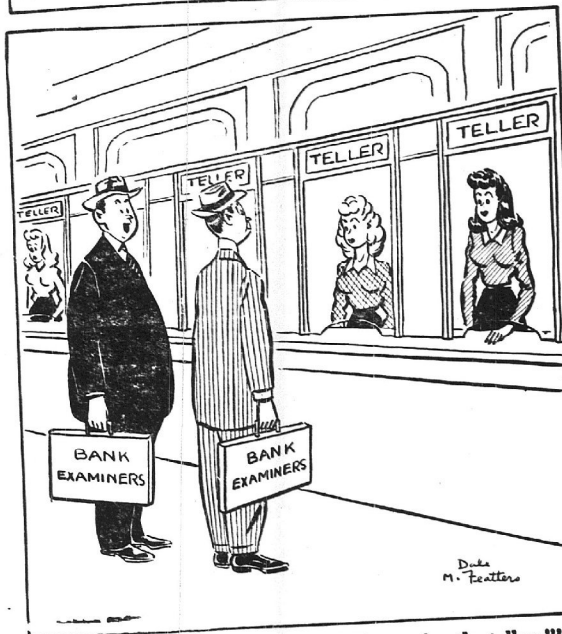

My home is 2 miles south of Versailles, Kentucky, on McConn's ferry pike. Sale will begin at 8 o'clock A. M. Plenty to drink and eat.

J. L. MOS.

(Silas Meredith's wife's mother clipped the above from a Plymouth paper 20 years ago, making this sale bill 97 years old.)

# POULTRY, EGGS AND CREAM

## ANIMAL HEALTH COLUMN...

By R. A. MARRIOTT

At this season of the year your friends and neighbors are asking that troublesome question, "What can I do for my animals colds," or it might be roup, coryza, swine plague, calf pneumonia, shipping fever or hemorrhagic septicemia in cattle or sheep. Science has at last supplied the answer in Duatok sulfathiazole, one of the miracle drugs that have been so widely and effectively used by our doctors to control respiratory infections in human beings. Duatok sulfathiazole is like all the other sulfa drugs in that you never use them until after you have had visible symptoms of infection in your flocks or herds, as these miracle drugs are cures and not preventives. Duatok is a specific control for bacterial pneumonia as well as the organism causing most of the colds in animals, therefore it will work promptly in all cases if you have made a correct diagnosis, and use it according to the label directions. To date there has been no

known preventive for colds in either humans or animals, yet every year countless numbers of farmers will waste their hard earned money on quack remedies offered as preventives for colds, when they know by experience that most of their trouble could be avoided by a little common sense management and elbow grease and that cannot be bought in any store. Too many farmers spend too much money trying to prevent something that may never occur if the proper precautions are taken and since the advent of Duatok sulfathiazole in the treatment of respiratory infections there is no longer any need to fear the common coryzas in your barn. Today poultry men everywhere are reporting that Duatok is highly effective both in controlling outbreaks of acute coryza and in holding the disease in check. If treatment is started early, death loss is reduced, nasal symptoms disappear and the flock will return to normal feeding within 48 hours. There is

little danger of any ill after effects if Duatok is used according to label directions and a plentiful supply of clean fresh water is available to the animals at all times. Cattle men are controlling shipping fever easily and safely with Duatok oblets. These are made for individual dosage in larger animals, the average dose being 1 oblet for each 75 to 100 lbs. of body weight, divided into 3 or 4 doses per 24 hours. When it is best to flock or herd treat by adding Duatok to the feed very often there will be a few animals too sick to eat, these animals can be treated individually with Duatok oblets, generally speaking after the first dose their appetite will re-

turn and they will be able to get enough drug from the medicated feed. When it is desirable and possible to flock or herd treat, dosage in most cases is  $\frac{1}{2}$  pound of Duatok to 100 pounds of total feed, for all animals.

Duatok is a product of Lederle Laboratories, the largest producers of both human and veterinary vaccines, serums and drugs and pioneers in the distribution of effective and scientifically dependable medications to the livestock raiser and the veterinary profession.

Dr. and Mrs. E. D. Anderson spent Christmas at Evanston, Ill., with Dr. and Mrs. Ira D. Anderson.

**NEWCASTLE PTA TO MEET  
TUESDAY, JAN. 14TH**

The Newcastle Township PTA will meet next Tuesday, Jan. 14, at 7:30 p. m. Officer Al Huber from the office of public relations, Indianapolis, is to speak on "Safety." There will also be a report of the progress of the school lunch committee. A "School Room Skit" will be given by ladies from the Home Economics clubs of the township. The program committee consists of the following: Mrs. Morris Hibbs, Mrs. L. B. Alber and Mrs. Harry Wenger.

A card from the Chester Manwaring at Ft. Lauderdale, Fla., says: "We miss our Co-Op. News and would appreciate it if you would send it to us." Happy New Year to you folks in the sunny south, and you don't know what you're missing in the way of weather!! Skating is fine—for everyone—with ice on all the roads and sidewalks.

**BEHIND THE EIGHT BALL ???**

(The following affidavit, one would suspect, might lead to disaster in more ways than one. Winter underwear tightens up a pair of bib overalls plenty fast for chasing a basketball dog fashion.)

I, Arlo H. Friesner, being of sound mind and questionable character at this writing, do hereby guarantee that if the Mentone Bulldogs do go so far as to win enough games to entitle them to play in the semi-finals at the County tournament on the 18th of January, year of nineteen hundred and forty-seven, that Eileen R. Kercher, also of sound mind, shall not be required to work on the afternoon of that date or I shall push a basketball down Main Street of Mentone with my nose.

(Signed) ARLO HENRY FRIESNER.

Witnesses:

CAREY LANDIS  
MILO J. FAWLEY  
BUCK ENTSMINGER,  
Notary Public.

(My Commission expires as soon as an officer of the law sees this.)

**CARD OF THANKS**

I want to thank the members of the Mentone fire department, friends and neighbors for the assistance rendered during and after the fire at our place recently.

STANLEY BOGGS.

## SON-IN-LAW DIES SUDDENLY IN FORT WAYNE MONDAY

Frank Warren, of Mentone, received word early Monday morning that his son-in-law, Stanley E. Wise, 53, R. R. 3 Fort Wayne, had died at 5 a. m.

Funeral services for Mr. Wise, an employee of the Perfection Biscuit Company and a member of the Rainbow Division during World War I, who died in the Methodist hospital, were conducted Wednesday at one p. m. in the C. M. Sloan & Sons funeral home and at 1:30 p. m. in the Bethany Presbyterian church, the Rev. William J. Ratz officiating. Burial was in the Lindenwood cemetery.

Mr. Wise was a member of the Rainbow Division's Last Man's Club, a charter member of American Legion Post 47, and a member of the Bethany Presbyterian church.

The Legion Post had special services on Tuesday evening and had a firing squad at the graveside rites Wednesday.

He leaves his wife, Tessie; a daughter, Evelyn Smith, at home; his father, Edgar S. Wise, Fort Wayne; a brother, Russell, Auburn; and five sisters, Mrs. Effie DeQuoy and Mrs. Grace Shumaker, Syracuse; Mrs. Elsie Leply, Pleasant Lake; Mrs. Eunice Black, Warsaw, and Miss Carrie Wise, Auburn.

Mr. and Mrs. Warren returned to Mentone Wednesday evening after attending the services in Fort Wayne.

## SOME MORE "YOUNGSTERS"

The Co-Op. News is in receipt of the following communication:

"In the last paper I read of some old timers, 80 or 90 years young. If you care to print my little item of an old timer many will remember: Mrs. Asa Thomas was when she lived in the Yellow Creek Church (Long ago gone) district, Mrs. Peter Jefferies. Her maiden name was Batz. If she is living on the 27th day of January she will be 90 years old. Her daughters, Cora and Gardie, have passed away years ago, and she lives with her daughter Bessie. Her address is: Mrs. Asa Thomas, care of Mrs. Bessie Certain, 36th and Home Ave., Marion, Indiana."

(By her niece, Elsie Jacobs, Pryor, Okla.)

Rev. and Mrs. Hill attended church services in Atwood Sunday evening.

## DALE KELLEY TO ANNOUNCE COUNTY BASKETBALL GAMES

Principal James W. Riley, of Warsaw announced Tuesday that the county basketball tournament will be announced over a telephone hookup direct from the armory this week, with the public invited to listen to the play-by-play description of each session in the auditorium at Warsaw high school.

The Warsaw high school principal stated that Dane Snoko, principal at junior high school, is in charge of the arrangements and the games will be announced by Dale Kelley, Mentone high school principal. There will be no charge for admission at the high school building, but fans who attend the broadcast are asked to refrain from smoking and throwing paper on the floor.

Fans from all over the county are invited to attend these broadcasts, which are being given because of the shortage of tickets this season. Many rabid fans will be unable to attend the tourney, but may hear the games as they are played.

## FINE LIONS MEETING

One of the largest turnouts in recent months met Lion President Johns on Wednesday evening of last week when the Lions members gathered for their bi-monthly luncheon meeting.

Dick Manwaring and Jack Shinn, forming the entertainment committee, had secured a government picture, entitled, "Target for Today," and it gave in detail all the operations necessary for a typical mission into enemy territory.

As the meeting was one week late because the first meeting was scheduled on New Years Day, it was voted that the next regular meeting would be on the evening of January 22nd.

## BASEBALL PLAYER TO GO TO FLORIDA TRAINING CAMP

Bob Miller, the quiet young lad who has been delivering milk to Mentone for the Argos City Dairy, leaves next week for Florida where he will spend 30 days training with the players of the West Texas - New Mexico League.

Bob, a typical southpaw, is a pitcher and played in the league a short while last fall before the season closed.

## MILRO ROBBINS RE-ELECTED PRESIDENT OF COUNTY GUERNSEY BREEDERS

Milo Robbins, of northeast of Warsaw, was re-elected as president of the Guernsey Breeders' Association of this county at a meeting held Saturday evening at the Robbins home.

Other officers are vice president, Ralph Spangle, of near Sidney, and Elmer Longyear, of near Claypool, secretary.

Plans for the coming year were discussed and a committee appointed to arrange for the annual banquet which will be given in March.

Preceding the meeting a cooperative dinner was served to 40 members and guests which included, County Agent and Mrs. Joe Clark and sons; Assistant County Agent and Mrs. Cliff Breedon; Mr. and Mrs. Clarence Salaman and family, of Pierceton; Mr. and Mrs. Jay Swick, of Beaver Dam; Mr. and Mrs. Harry Mishler and family and Mr. and Mrs. Spangle, of near Sidney; Mr. and Mrs. Arden Warner and family and Mr. and Mrs. Gerald Shull and family, of near Silver Lake; Mr. and Mrs. Clarence Tinkey and family, of Burket; Mr. and Mrs. Longyear and son, of Claypool, and Mr. and Mrs. Raymond Helser and daughters, Mr. and Mrs. Arthur Smith and family, Mr. and Mrs. P. E. Robbins, Mr. and Mrs. Gla Robbins and Mr. and Mrs. Milo Robbins and sons, all of near Warsaw.

## BURIED AT TIPPECANOE

Short funeral services were held in the White Church last Thursday for Perry Fuller, 63, who was killed in Michigan a week ago Sunday when his car was hit by a train. His granddaughter, Frances Moe Youdell, aged 10, who was riding with him, was killed instantly. Mr. Fuller died 90 minutes after the accident in the hospital at Watervliet.

Mr. Fuller lived in Tippecanoe until 2 years ago when he moved to Mich. Surviving besides his wife are 2 daughters and a son.

Burial was at Tippecanoe.

## BEESON

Word was received Thursday of the birth of a daughter on December 28 to Mr. and Mrs. Robert Beeson, of Indianapolis. Mrs. Beeson will be remembered as Miss Lucile Lightfoot.

## MENTONE READING CLUB

The Mentone Reading Club held its January meeting at the home of Mrs. Wayne Tombaugh on last Wednesday evening, assistant hostess being Mrs. Richard Greulich.

After the business meeting, which included election of officers, the program committee took charge. Mrs. Byron Peterson and Mrs. Ora McKinley had charge of the program and they introduced three members of the Warsaw Button Society who presented the evening's entertainment.

The first lady to speak was Mrs. Herbert Smith, who gave her experiences in collecting buttons. Next was Mrs. James Cook, and last, Mrs. Warren Morehead. These ladies were very entertaining and aroused an interest in each one. In addition, a great many trays of buttons were passed around to be admired. These buttons covered the whole field, apparently, of button collecting, and represent many pleasant hours of collecting and "swapping."

## VISITS DAUGHTER IN HOSPITAL

Mr. and Mrs. Earl Sarber, of near Burket, visited Sunday with their daughter, Mrs. Chris (Ileen) Thomsen, who is a patient at the Robert Long hospital at Indianapolis.

Mrs. Thomsen, who is confined to an iron lung because of poliomyelitis, is reported to be showing a little improvement.

## HODGES

Mr. and Mrs. Ivan C. Hodges, Etna Green, are the parents of a son born at 5:40 a. m. Sunday at the McDonald hospital at Warsaw.

## HORN.

A baby daughter was born to Mr. and Mrs. Harold Horn last Thursday at the Woodlawn hospital at Rochester. The baby was still born and the Johns funeral home was in charge of the funeral services.

## STANFORD

A son, Michael Arthur, was born to Mr. and Mrs. Tommy Stanford Sunday morning at the Woodlawn hospital at Rochester.

## WILL YOU BE ONE OF THE TWELVE?

With a member of one out of every three families in the nation a traffic fatality or seriously injured in a traffic accident during 1946, Charles M. Hayes, president of the Chicago Motor Club, recommends that all citizens seriously consider adoption and execution of a New Year's Resolution to reduce our mounting traffic toll.

Further recommending this resolution, Mr. Hayes said, is the prospect present traffic accident rates place before today's high school students: out of every 100 who would normally reach the age of 65, only 12 will escape death or serious injury in a traffic accident.

The resolution submitted to every citizen by Mr. Hayes is:

"(1) When knowing that I will drive a car or walk in heavy traffic, I will refrain from drinking alcoholic beverages."

"(2) I shall do everything within my power to increase and maintain at all times my vigilance, alertness and courtesy."

"(3) I shall drive at conservative speeds, obey traffic signals and regulations."

"(4) By my own example and instruction, I shall undertake to cultivate

correct and safe walking and driving habits in members of my family who are driving or will become drivers of cars."

## READ THESE RULES CAREFULLY

**They May Save Your Life and the Lives of Others**

1. Upon arriving at your hotel room, investigate all possible means of emergency exit.
2. Read carefully any instructions to guests posted in room.
3. Be as careful in a hotel as you would be in your own home. Do not smoke in bed.
4. If you detect smoke or evidence of fire give immediate information to the management.
5. Close transom door at once.
6. Take time to plan your exit.
7. Feel the door before you open it. If it does not feel hot, open it slightly. Hold head away, brace door with foot. Put hand across opening to test heat of air.
8. If hallway appears safe, use the already planned exit.
9. If hallway is not safe, stop up any openings or cracks by which smoke may enter, using wet towels, sheets, blankets, mattresses, etc.
10. Open window slightly and stay

near it. Keep calm, avoid hysteria. Do not jump out. Many lives have been saved by closing doors and transoms, blocking all openings for hot air and gases from hallway, and calmly awaiting rescue.

These recommendations are based on official engineers' studies of hotel fires. The same rules would apply in any large apartment or office building. —National Board of Fire Underwriters, New York.

## SOIL CONSERVATION SERVICES REPORT

C. O. Mollenhour, vice president of the Kosciusko Council of Conservation Clubs, brought us the following information on soil conservation.

A recent survey by Soil Conservation shows that 1,007,001,467 acres of farmland which comprise half of the total land area of the U. S. are divided in the following classes:

No. 1. Suitable for cultivation without special soil conservation practices—69,168,383 acres.

No. 2. Suitable for cultivation with simple practices—170,941,477 acres.

No. 3. Suitable for cultivation with intensive management or erosion control—232,477,833 acres.

No. 4. Suitable for only limited cultivation—94,717,724 acres.

No. 5. Suitable for permanent vegetation—29,331,215 acres.

No. 6. Moderately susceptible to de-

terioration—193,876,655 acres.

No. 7. Requiring severe restriction in use. For grass and trees only—203,754,702 acres.

No. 8. Waste land for wildlife only—12,733,478 acres.

## A WORD OF THANKS

I desire to express my gratitude to my friends for a super birthday occasion. I received over 100 letters and cards, many personal greetings, several fine gifts, flowers and a huge cake. I especially appreciated the gesture of Mrs. Buck in bringing the kiddies to the store and singing for me. I hope I merit a portion of the fine sentiments expressed, and covet for all a happy, contented Christian life.

Sincerely,

BRODA

## CARD OF THANKS

## Tetanus

Since the tetanus germ, blown about streets and is transported by flies, any- by the wind, travels in the dust of

Records of all tetanus shots given to members of the family should be carefully preserved. When one has been immunized, he may upon exposure, that is when suffering cuts or scratches, need a booster dose of tetanus toxoid to raise immunity to the safety mark. The attending physician must know the immunity status of the patient in order to administer the most effective treatment. If the patient has not been immunized or if his immunity has lapsed, it may be necessary to administer antitoxin. But antitoxin often has to be given several times to be effective and frequently severe reactions result. The safest course is for those exposed to tetanus to immunize and to preserve records of such immunity. Some day they may need them.

The wife, Mrs. Dora Mikel, and children.

**W. S. C. S. ENTERTAINED  
AT MOLLENHOUR HOME**

The Woman's Society of Christian Service met on Friday evening, January 3, at the home of Mrs. George Mollenhour.

The officers for the ensuing year were installed by Rev. Simmons.

The business meeting was conducted by our new president, Mrs. Miles Manwaring.

Mrs. Simmons conducted a very impressive memorial service for the following deceased members: Mrs. Ahmy Poor, Mrs. Alice Borton, Mrs. Emma Lash, Mrs. Ernie Manwaring and Mrs. Cora VanGilder.

Mrs. Art Witham presented the lesson from our study book on India.

Her subject was, "Tales from India."

During the social hour, the hostess, assisted by Mrs. Clayton Goodwin, Mrs. Allen Herendeen, Mrs. Clayton Clutter, Mrs. Verl Halterman and Mrs. Della Dillingham, served delicious refreshments.

The society will meet in February at the home of Mrs. Mahlon Jefferies.

**BOAT INSPECTION LAW TO BE  
ASKED BY CONSERVATION**

The Indiana Department of Conservation will propose that the 1947 Legislature provide for state inspection of all boats offered for rent or hire to the public on Indiana lakes and streams.

Purpose of the proposal, according to John H. Nigh, department director, is to "make some provision for the safety of persons renting boats." He said the department would ask the Legislature to provide an inspection fee to cover cost of administration of the law.

Nigh said boats passing inspection would be stamped seaworthy by the department. Those not passing would be banned from public use.

Mr. and Mrs. George Krider, of Columbia City, Rev. and Mrs. S. M. Hill and Mr. and Mrs. Wayne Bowser enjoyed Sunday dinner at the Fred Lemler home. The dinner was in celebration of the birthdays of Mrs. Krider and Mrs. Lemler.

Mr. and Mrs. Earl Leedy and family of Warsaw route one, were Sunday visitors at the home of Mr. and Mrs. Earl Davis.

Mr. and Mrs. Frank Frances, who are spending the winter in Phoenix, Arizona, have written friends that they are enjoying Arizona's climate, and find things very beautiful.

Get a roll of 700 square feet of facial or household tissue, triple ply, at the Co-Op. News office.

The fire department was called to the Chuck Feldman home one day last week to put out a fire in the wood box. One of the boys, Chuck says, did like to play with matches and thought there was plenty of kindling in the wood box to start a good fire. Possibly he will be a trifle more careful with the white man's "fire-stick" after this.

Mr. and Mrs. Kline Johnson spent the week end at Elkhart.

Nannie Erwin was taken to the Woodlawn hospital at Rochester on Wednesday of last week.

Pfc. Jack Fawley has returned to Camp Campbell, Ky., after a 13-day furlough with home folks.

**HOT LUNCHEES TO BE SERVED**

According to plans, hot lunches will be served to our school children, beginning next Tuesday. Mr. Kelley made a trip to Indianapolis Tuesday to complete the details.

Mrs. Arthur Witham and Mrs. Arlo Friesner will prepare the meals, which will cost the child 20c a day. These meals are being subsidized by a Federal agency, the government furnishing 9c toward every meal, which means each child gets a 29c meal for 20c.

The following is a description of Type A lunch to be served in our school.

1. Type A is a complete lunch, hot or cold, providing one-third to one-half days nutritive requirements and must contain at least:

(a) One-half pint milk (which meets the minimum butterfat and sanitation requirements of State and local laws) as a beverage;

(b) Two ounces of fresh or processed meat, poultry meat, cooked or canned fish, or cheese, or one-half cup cooked dried peas, beans, or soybeans, or four tablespoons of peanut butter; or one egg;

(c) Six ounces (three-fourths cup) of raw, cooked, or canned vegetables and or fruit;

(d) One portion of bread, muffins, or other hot bread made of whole grain cereal or enriched flour; and

(e) Two teaspoons of butter or fortified margarine.

# NOTICE OF ANNUAL MEETING OF THE STOCKHOLDERS OF THE NORTHERN INDIANA COOPERATIVE ASSOCIATION.

You are hereby notified that the regular meeting of the stockholders of the Northern Indiana Cooperative Association will be held at one thirty o'clock p. m. on Monday, February 3, 1947, in the Harrison Township High School Building, in the town of Mentone, Indiana, at which meeting will be received the reports of the business of the Association for the year ending December 31, 1947, and for the purpose of electing two Directors for a term of three years to fill vacancies caused by the expiring terms of Forrest L. Keiser and Herschel V. Nelson, also for the distribution of dividends and for the consideration of any other business that may rightfully come before the meeting.

The stockholders are further notified that there will be presented for their consideration at the annual meeting the recommendation, adopted by the board of directors by more than two-thirds vote at the regular meeting of the board of directors held January 6, 1947, that the following amendments be made to the articles of incorporation:

Amending Article 2 by deleting therefrom Section (g) thereof in toto:

Amending Article 6 by deleting the entire language thereof, as therein presently contained, and by substituting for the words and figures so deleted the following:

"6(a). The amount of capital stock of this association authorized to be issued shall be TWO HUNDRED TWENTY-FIVE THOUSAND DOLLARS (\$225,000.00), of which TWENTY THOUSAND DOLLARS (\$20,000.00) shall be preferred stock apportioned into Eight Hundred (800) shares of the par value of Twenty-Five Dollars (\$25.00) each; ONE HUNDRED EIGHTY THOUSAND DOLLARS (\$180,000.00) shall be voting common stock, being Seventy-two Hundred (7200) shares, each of the par value of Twenty-Five Dollars (\$25.00); and TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00) shall be non-voting common stock, being One Thousand (1000) shares each of the par value of Twenty-Five Dollars (\$25.00).

"(b) Common voting stock shall be issued to and held by only those persons qualified to so hold and exercise the voting privileges of common voting stock under the provisions of the Indiana Agricultural Cooperative Act, being Chapter 20 of the Acts of the Indiana General Assembly of 1925, as amended, and under the corresponding provisions of the articles and by-laws of this association, and such stock shall have no voting power while in the hands of other than qualified holders.

"(c) Non-voting common stock may be issued to patrons of this association who are not qualified by statute and the bylaws to hold common voting stock. Common non-voting stock may be transferred to and held by any person whomsoever. Common non-voting stock shall have all the rights, privileges and preferences of common voting stock except the right to vote, and except the right to participate, directly or indirectly, in the profits or margins of the association upon dissolution or otherwise beyond the fixed dividends.

"(d) In the event common voting stock comes into the hands of others than qualified holders, or in the event common non-voting stock comes into

the hands of persons entitled to hold common voting stock, such common voting stock may be exchanged for common non-voting stock, and vice versa, as the bylaws shall determine.

"(e) The board of directors shall have the power, except where in conflict with the express provisions of these articles of incorporation, to determine the relative rights, preferences, qualifications, limitations or restrictions of classes or kinds of shares of capital stock authorized by these articles, and shall state the same for each class or kind of share, prior to the issuance of any such share, and by their resolution, or resolutions, determining the issuance of such shares. The board of directors shall further have the power, except where in conflict with the express provisions of these articles of incorporation, as aforesaid, to determine the relative rights, preferences, limitations or restrictions, and the bearing of such designations of any or all classes of preferred or special shares as may be issued under authority of these articles, and to state the same prior to the issuance of any share of such series in or by the resolution or resolutions of the board of directors authorizing the issuance of such share.

"(f) The holding of preferred stock shall carry with it no right to vote. Preferred stock shall bear such dividends as shall be determined upon in accordance with law and with these articles prior to the time of issuance. Provision shall be made for the payment of due and payable dividends on preferred stock before any dividend is paid on the common stock, or any money is set aside for, or allocated to, any educational reserve or patrons' refunds, or annual return of overcharges, and before any patrons' equities retained are allocated to patrons in proportion to patronage. Upon dissolution of this association, the par value of all Preferred Stock and any dividend due and payable thereon shall be paid in full before any distribution of assets or money may be made to the holders of common stock, or to any patron of the association on account of any credit or certificate of patrons' equity reserve.

"(g) Any issue, or part thereof, of preferred stock shall be callable at any interest paying date at par plus accumulated dividends, as the board of directors shall determine.

"(h) All transfers of common voting stock shall be subject to the approval of the board of directors, but such approval shall not be withheld on the transfer to another eligible holder if the proposed transferor has first tendered the stock to the association for sale, and the association has failed to purchase the same at book, or par, value, whichever is lesser, within thirty (30) days from date of tender.

"(i) The association shall be vested with the right to purchase shares of stock at any time the board of directors shall determine, provided the corporate debts of the association do not at such time exceed fifty per cent (50%) of its assets, and the association shall be vested with full power and authority to redeem, in the lawful manner, any and all shares of outstanding common voting and non-voting stock in the order in which they are issued, after all preferred stock has been redeemed, provided that at the time of redemption the debts of the association do not exceed fifty per cent (50%) of its assets, and that the association is not rendered insolvent by such redemption.

"(j) No stock issued by this association shall bear dividends in excess of eight per cent (8%) per annum.

Amending the articles by adding thereto a new article, to be numbered seven (7), to read as follows:

"7. This association shall be operated

as a not-for-profit agricultural cooperative, in the manner provided in the bylaws."

The foregoing constitutes legal notice to all stockholders as provided in the By-Laws of the Association and we urge that all stockholders make a special effort to attend this meeting. Dated at Mentone, Indiana January 17, 1947. Signed, Everett Rathfon, Secretary.

Mrs. Mae Borton went into her yard Wednesday morning and found some white and blue violets blooming. This should be indicative of something but I wouldn't know exactly what.

Charles Dorian spent a few days at Calumet City recently on business.

Mrs. Joe Ault and baby were returned to their home Sunday from the Woodlawn hospital.

### IN MEMORIAM

In loving memory of my husband and their father who passed away on Jan. 16, 1944:

The call was sudden,  
The shock severe.

Only those who have lost can tell  
The pain of parting without farewell.

MRS. CHARLES DAVIS  
and CHILDREN.

Because dirt and soil do not readily penetrate a DRAXED surface, clothes stay clean longer. GET DRAX SERVICE NOW . . . DeLuxe Cleaners, Mentone.

Mrs. Simon Snyder is not quite so well again.

### DELAWARE COUNTY CONSERVATIONISTS BOAST 39 AREAS

Delaware county led the state in number of Wildlife Habitat Restoration Areas—39—at the beginning of 1947. John H. Nigh, Director of the Indiana Department of Conservation, announced today.

Warren county, coming up fast in the stretch, tied with Kosciusko for second with 38, and Dubois placed fourth. Eighty-eight counties of 92 are participating in this project to preserve wildlife in Indiana, and besides the four counties mentioned, the greatest Restoration acreages are in Elkhart, Hendricks, Henry, Parke and Randolph.

The establishment of Habitat Areas is directed by the Conservation Department's Division of Fish and Game, and operated under the Pittman-Robertson Act, which provides federal funds derived from the sales tax on guns and ammunition. Small tracts of unused or eroded land are leased for ten years, and trees are planted which prevent further erosion and provide food, cover and permanent nesting grounds for all forms of wild-

life native of Indiana.

Provisions of the program state that each farm on which a Habitat is established must permit hunting, although the area itself is posted for purposes of refuge and escape. In operation for six years, this game restoration project has established and developed about 5,000 acres in Indiana, comprising approximately 900 leased tracts of which half were sponsored by conservation organizations and the others by individuals.

### OFFICERS CRACK DOWN ON FISH, GAME VIOLATORS

Indiana's fish and game violators are not happy.

John H. Nigh, Director of the Indiana Department of Conservation, today announced that during 1946 his enforcement officers brought to justice 723 "sportsmen" who now probably believe it is simpler to obey the law than to pay fines.

The largest number of offenders were those hunting and fishing without licenses, which are sold for \$1.50, and the second principle violation was use and possession of illegal spears, nets,

gigs and traps. Sixty-one persons were convicted of hunting on Sunday.

These figures represent more than a 100% increase over 1945 convictions, although obviously a conservation officer cannot maintain a 24-hour vigil over every field and stream in his territory, which usually includes an entire county. The Department has received "splendid cooperation" from the courts, Nigh said.

### STATE OFFERS ELK, BUFFALO AND DEER FOR LOCAL PARKS

How about an elk for that community park? Or a deer? Or a buffalo?

The Indiana Department of Conservation announced today that it has accumulated a surplus of the animals and, not wishing to destroy them, will loan them free of charge to any

city, town or county park which will maintain them in the style to which they have become accustomed.

The offer was made by John H. Nigh, department director, after a report from the Division of Fish and Game revealed six surplus elk, four deer and one lone buffalo on the Wells county and Jasper-Pulaski state game farms.

Mr. Nigh said any county or municipal park may obtain use of the animals by applying to the Fish and Game Division. Ownership would remain with the Department of Conservation, he said, because of complicated procedure relative to a formal transfer.

### NAVAL RESERVE SET-UP OUTLINED UNDER 5 POINTS

The V-6 branch of the Naval Reserve offers the following to veterans of the armed forces:

ONE, if you are an ex-Navy man, you may enlist in the V-6 with the same rate you held at the time of your discharge, no matter how long you have been out, and you can keep that rate and even earn promotions as long as you maintain your reserve enlistment.

TWO, as a V-6 member, you are not required to attend any drills, cruises or other naval activities unless you wish to do so, and you receive full active duty pay for any activities in which you do participate. You may volunteer for cruises if you desire to make them.

THREE, all time you spend as a

V-6 member accumulates for longevity purposes just as it does on active duty.

FOUR, you cannot be called for active duty, except in the event of a national emergency declared by the president or congress, and you are not subject to military control of any kind, in time of peace.

FIVE, as a V-6 member, you are removed from the shadow of selective service and are assured of service with the Navy, in your established rate, in the event of national emergency.

For purposes of enlisting in the V-6 branch of the naval reserve, apply at the navy recruiting station, U. S. Navy Recruiting Station, Postoffice Building, Fort Wayne, Indiana, showing the originals of your discharge and separation papers.

**HIGH SCHOOLS TO  
TRAIN DRIVERS**

High school driver training courses will become a reality in a score or more of Illinois and Indiana high schools next semester, according to Charles M. Hayes, president of the Chicago Motor Club.

The motoring organization which has sponsored the program in both states has definite reports from twenty Illinois and twelve Indiana high schools that they will start some sort of program this year. Many more have in-

dicated a desire to establish a regular program in September of 1947.

The shortage of trained teachers has resulted in a proposal for teacher-training institutes and cooperation with Normal schools. Where competent behind-the-wheel instruction is not available, schools have been requested to establish at least classroom lessons.

Feature of the motor club program which is accredited by both Illinois and Indiana is the "Home Cooperation" program. It was designed for those schools which do not have full time instructors and dual control cars. Un-

## THE GOSPEL OF CHRIST...

... In the Spirit of Christ.

"For all flesh is as grass, and all the glory of man as the flower of grass. The grass withereth, and the flower thereof falleth away: But the word of the Lord endureth forever."

—I Peter 1:24, 25

### OUR STANDARD

"No book but the Bible, no creed but the Christ; no name but the divine name."

Whenever we find anything in the New Testament that we are not teaching, we are free to put it into practice; and if we are practicing anything that is not taught in the New Testament, we are free to quit the practice. Jesus said to Peter, "I will give unto thee the keys of the kingdom of heaven, and whatsoever thou shalt bind on earth shall be bound in heaven, and whatsoever thou shalt loose on earth shall be loosed in heaven" Matt. 16:19. What the apostles taught, we teach, and what they did not teach, we do not teach.  
We strive to follow Christ as

our leader and the New Testament as our guide, wearing no denominational name, and subscribing to no denominational creed, believing that we constitute a true church of Christ. We have set up no standard of our own. God has set up the standard and we are striving to come to it ourselves, and we would help others to do the same. God wants "all men to be saved, and come to the knowledge of the truth." (I Tim. 2:4) "Where the Bible speaks, we speak; and where the Bible is silent, we are silent". This we believe to be a sure and safe practice.

**THE CHURCH OF CHRIST WANTS TO SERVE YOU.**

#### COUNTY EXCEEDS CHRISTMAS SEAL QUOTA BY \$21.52

Sales of Christmas Seals in the 1946 campaign by the Kosciusko County Tuberculosis association have exceeded the \$4,000 goal by \$21.52. it was announced Saturday by Lula G. Curry, executive secretary. It was believed that returns from township directors might swell the total by as much as \$50.

The sales by townships were listed as follows:

Scott, \$83.95; Jefferson, \$109.07; Van Buren, \$110.25 Turkey Creek, \$155.50; Etna, \$90.50; Prairie, \$92.75; Plain, \$272.90; Tippecanoe, \$204.50; Harrison, \$141.50; Warsaw and Wayne township, \$1,711.55; Washington, \$121; Franklin, \$97; Seward, \$83.50; Clay, \$212.50; Lake \$181; Monroe, \$95, and Jackson, \$132.15. The Winona Lake total was listed at \$127.

**When You Choose Your Electric Water Heater...  
Be Sure to Select One Large Enough!**

It is important to select an Electric Water Heater large enough for all your household needs so that you'll have a plentiful supply of hot water at all times and so that you can buy your electricity at night on the special low electric rate. No home is modern without abundant hot water, instantly available at the turn of a faucet. That is why you need an Electric Water Heater.

## H. S. SPORTS NEWS

With Jim Snodgrass improving from the Milford game, he led his teammates to victory by scoring 20 points in the game with Mentone here Friday evening. Bob Blosser scored 16 points to keep at the top of the county scoring race.

Mentone was completely outplayed by the Pierceton Cubs who took a 17 to 11 lead at the end of the first period as Blosser and Snodgrass scored eight points each. The second period was close with Pierceton holding a 28 to 19 lead at the intermission.

Pierceton held the lead during the third period leading 34 to 27 going into the fourth period. The Cubs went on a scoring spree during the final period making 23 points while Mentone was making 14. Whetstone and Hibschman both fouled out during the final period.

Whetstone and Miner led the scoring for Mentone with 12 and 11 points respectively.

The Mentone Reserves defeated the Pierceton Seconds 24 to 23 in a thrilling battle.

## Box Score:

Pierceton	FG	FT	PF
B. Blosser	8	0	3
Linn	1	0	3
Snodgrass	9	2	4
J. Blosser	1	2	5
Bailey	4	7	4
Rhodes	0	0	0
Galbreath	0	0	3
Barker	0	0	0
Totals	23	11	22
Mentone	FG	FT	PF
Bowser	2	2	4
Hibschman	0	1	5
Blue	1	2	0
Whetstone	3	6	5
K. Dunnuck	0	1	0
Miner	4	3	1
Long	3	0	1
Totals	13	15	16

## Predictions

(And from Mentone's school's own "mystic" comes the following:)

With Silver Lake the only undefeated team in the county, they are favorites for the crown. They look very good on paper, but they haven't played any of the tough teams yet except Sidney.

## FIRST ROUND

Mentone over Syracuse 49-31.  
Leesburg over Claypool 37-33.  
Pierceton over Beaver Dam 59-36.  
Sidney over Atwood 45-19.  
Etna Green over Burket 35-29.  
Milford over No. Webster 37-35.

## SECOND ROUND

Silver Lake over Warsaw 41-34.  
Mentone over Leesburg 32-2.  
Pierceton over Sidney 46-33.  
Milford over Etna Green 55-37.

## SEMI-FINALS

Mentone over Silver Lake 39-36.  
Milford over Pierceton 43-37.

## FINALS

Milford over Mentone 47-45.

### MASONS HOLD INSTALLATION OF OFFICERS

Installation of officers was held Monday evening at the Masonic Hall, the following people taking office:

Worshipful Master—Wilbur Latimer;  
Senior Warden — Eugene Marshall;  
Junior Warden — Donald VanGilder;

## ATTEND FUNERAL IN MICHIGAN

Mr. and Mrs. Mars Tucker, Mr. and Mrs. Devon Tucker, of Mentone; Mr. and Mrs. Rex Parker, of Silver Lake and Mrs. Mary Magee, of Warsaw, attended funeral services Monday at Flushing, Michigan, for D. Dale Doran, brother to Mrs. Mars Tucker.

D. Dale Doran was born in Burket, Mar. 25, 1893, son of Amos L. and Ella M. Doran. In 1913, he graduated from Mentone high school. On December 1, 1917, he was married to Ruth Strutz, of LaPorte. He had been a foreman for the Buick Motor Co. for 30 years. He was a member of the First Baptist church, in Flint, Mich.

Surviving are: his wife, S. Ruth Doran; a daughter, Mrs. Armond Rudolph, of Lansing; grandson Neil Rudolph; two brothers, Ralph Doran, of Riverside, Calif., Kenneth Doran of Flint; A sister, Mrs. Mars Tucker, of near Mentone.

Funeral services were held at the Rose Chapel, Algoo-Gundry Mortuary, Rev. F. Elmer officiating. Burial was in Flint Memorial Park.

## OLD TIMERS LIST GROWS.

Last week we mentioned Broda Clark and Allen Nelson as being on our list of old timers. This week we've had our attention called to some others who deserve their place on the honor roll. If you know of someone whose name hasn't appeared, let us know, please.

Mrs. Mary Bidelman, 85.  
Clark Arnsberger, 85.  
Allen Blue, 91 this coming May.  
Ida May Coplen, 81 her next birthday.

Ellie Nellans, 84.  
Esther Borton, 81 this coming April.  
Mandy Eaton, 80 in January.  
Jennie Cunningham, 85.  
Mrs. Isaac Creakbaum, 85.  
"Mug" Latimer, 90.  
Lydia Rynearson, 81.  
Jennie Thomas, 81.

## CREIGHTONS BROS. NOW LOCATED IN NEW OFFICE

Announcement has been received that the Creighton Bros. have now moved into their new modern brick hatchery and office building four miles west of Warsaw on the south side of Highway 30.

## FIRE TRUCK FIRM REPRESENTATIVE HERE MONDAY

Clarence Kocher, of North Webster, representing the Howe Fire Apparatus Company of Anderson, was in Mentone Monday conferring with Fire Chief Arlo Friesner and members of the town council.

The present rural fire truck has been in operation for better than 16 years and has done a fine job of holding down fire losses both in town and out in the rural areas. The equipment was originally purchased by the combined resources of the town and country folks and the town has maintained, housed, insured and manned the equipment. However, during the past three or four years the truck has been out of operation for rather extended periods because of mechanical failure, and the old model motor is of such a make that parts are no longer available and repairs have been made purely by the mechanical genius of local mechanics.

The town maintains two trucks—one for city use and the rural truck above and records have shown that almost 90 per cent of the fire calls the past few years have been to the rural areas. The rural area contains a big investment in buildings and improvements and many have expressed themselves as being of the opinion that the rural patrons should express themselves as to whether or not they want to replace their present equipment with something more dependable.

## ANNOUNCE ENGAGEMENT

Mr. and Mrs. Joe Meiser, of Talma, announced the engagement of their daughter, Miss Dorothy E. Meiser, to Robert E. Fisher, son of Mr. and Mrs. Floyd Fisher, of Plymouth. No date has been set for the wedding.  
—Newcastle Reporter.

## IGO'S SELL GROCERY AND OIL STATION BUSINESS

Mr. and Mrs. Ernest Igo and son, who have operated a grocery and oil station business on South Franklin street for several years, have sold the business to Mr. and Mrs. Frank Smith. The new owners took possession Monday and are now meeting friends, patrons and acquaintances at the store.

Mr. and Mrs. Igo and family plan to move to their farm.

## ETNA GREEN WINS FIRST IN 4-H TALENT REVIEW

An Etna Green delegation captured first place in a talent review presented at the monthly meeting of the county junior 4-H club leaders at the Mentone school building Tuesday night, it was reported by the county extension office.

A Beaver Dam group took second place in the talent review and third place went to Sidney.

Thirty-five club members attended the session, at which Martha Pfahler, of the West Wayne club, presided.

Harold Gay, Kenneth Anglin and Lloyd Harlan, members of the Etna Green club, gave a demonstration on soil testing.

Lois Mishler, of the Sidney club, was in charge of recreation.

## BETHLEHEM BAPTIST MISSIONARY CIRCLE

Misses Fern and Ruth Petry were hostesses to the members of the Bethlehem Baptist Missionary Circle on Wednesday afternoon of last week. The meeting was opened by the president, Mrs. Charles Safford, and Mrs. Harley Walburn gave the devotions and read the scripture. Group singing followed and Mrs. Victor Tobey and Mrs. Dee Berrier led in prayer.

Eleven members and one guest, Mrs. Albert Eisert, responded to roll call with poems. Missionary articles were then read by the members.

Mrs. Anna Leininger closed the meeting with prayer.

## FINE ENTERTAINMENT AT LIONS MEETING WEDNESDAY

Mrs. Maude Snyder and four of her piano and voice pupils were present at the Lions club meeting Wednesday evening and entertained with two vocal trio numbers, five vocal solos and one piano solo. Mrs. Snyder accompanied at the piano. The pupils were: Violet Friesner, Bonnie Lou Jones, Marilyn Tucker and Winifred Eller.

Following the business session of the club, a sound picture, "The Stillwell Road," was shown.

The Lions club has accepted the responsibility of the March of Dimes collections in Mentone.

## SCHOLARSHIP AT PURDUE AWARDED CHARLES MISHLER

Purdue university has awarded a \$240 scholarship to Charles Mishler, of near Sidney, now a Purdue agriculture student, for his outstanding work in 4-H club dairy work, it was announced Wednesday by Cliff Breen, of Mentone, assistant county agent.

The award was one of 12 made annually by the university to top-ranking club youths throughout the state who maintain their standards after entering Purdue.

During his six years as a member of the Sidney club, young Mishler twice headed the county junior leader organization.

In 1945 he was one of two club members from the district sent by the Fort Wayne Chamber of Commerce to the American Youth Foundation camp at Shelby, Mich., being selected on the basis of his 4-H achievements and school and church activities. Establishing a mark as an honor scholar at the camp, which is attended by club workers throughout the United States, he was invited to attend again in 1946 and his work that year brought him an invitation to attend in 1947 and 1948.

His dairy demonstration won him second place in the county contest and atop to the district meet in 1941.

The Sidney dairy judging team placed second in the county and fifth in the district in 1945, and Mishler, as a member, competed with his group at the state meet. The team was first in the county in 1946 and Mishler went to the district meet with the group. He attended the 4-H club camp at McClure lake for three years and on various occasions attended the annual Purdue round-up. During his six years as a member of the Sidney 4-H club, he was constantly engaged in dairy projects and carried corn projects for three years. He was a junior leader for three years.

## ANNUAL MEETING OF MERCHANTS' ASSOCIATION

The annual meeting and election of officers for the Mentone Merchants' Association will be held at the town hall on Thursday evening, January 23 at 8:00 p. m., according to an announcement made this week by Secretary Cooper.

### TUESDAY, JANUARY 28

11:00 A. M.

#### 2 — HORSES — 2

One matched team sorrel mares, wt. around 2700, 8 and 9 years old, a good team for around the farm.

#### 16 — HEAD OF CATTLE — 16

Consisting of 9 head of good milk cows, mostly Guernseys, ranging in age from 4 yrs. to 8 yrs. Some will be fresh with calves by day of sale, others to be fresh soon after sale. Six head of 2-yr.-old heifers to freshen by early spring. These cattle are almost all vaccinated for Bangs and T. B. tested. Guernsey bull coming 2 years old.

#### 30 — HEAD OF HOGS — 30

Four big type Poland China brood sows to farrow in February; 26 head July pigs consisting of 8 head purebred Poland China male hogs old enough for service, 16 head gilts, wt. around 190 lbs.

#### FEED

1,000 bu. good corn, more or less, timothy and soybean hay in mow, some baled wheat straw.

#### FARM IMPLEMENTS AND MISCELLANEOUS

1943 Allis Chalmers Model C tractor with two-row cultivators, over-size rubber; 1940 Allis Chalmers Model B tractor with one row cultivator; John Deere 16-in. tractor plow; John Deere corn planter with fertilizer attachment; 14-disc harrow; Bradley walking plow; McCormick-Deering mower; John Deere 8-ft. binder; Clean Easy milker, good as new; hay rack; rubber tired wagon; hog troughs; two 10-gal. steel poultry fountains; 8-in. table electric saw; platform scales; water stock tank; three 4x8 hog houses; set work harness; 1935 model pick-up truck, motor in good condition, other articles not mentioned.

#### HOUSEHOLD GOODS

Kitchen cabinet, dining room chairs, rocking chairs, one 2-burner electric hot plate, electric iron, heating stove, dishes and other articles.

TERMS—Cash, or see clerk before day of sale for time.  
WALNUT LADIES AID WILL SERVE LUNCH.

## MILO SWIHART

HAROLD STEINER, Auctioneer.

OTIS STEPHENSON, Clerk.

Not responsible for accidents.

#### LAST WEEK'S ITEMS.

##### NEWCASTLE P. T. A. MEETING

The meeting was opened by the group singing "America" and "Onward Christian Soldiers." Mrs. Wenger lead in the pledge of Allegiance to the Flag. Next on the program was a skit, "School Days," given by members of the Economics Clubs. The performance and costuming was enjoyed by all.

Mrs. Carlisle gave a report on the findings of the school lunch committee. This group had visited the Reiter, Kewanna and Grass Creek schools. These served from 68 in the smallest school to 180 lunches in the largest school. The larger schools had large institutional stoves. Gas stoves seemed to be preferred as more economical. Two cooks were required and in the larger schools the high school girls

helped serve. The Better Homes club has made a contribution of \$15 to purchase cooking utensils. The Pleasant Valley Club is giving a pressure cooker and dishes. The T. H. E. club is having an auction sale, the proceeds to go to the lunch program.

Mrs. Kermit Biddinger called the attention of the group to the March of Dimes. A collection was taken resulting in a contribution of \$21 to the cause.

The February meeting will be Founders' Day, in charge of Mrs. Lukens.

Mr. Peterson announced an executive board meeting following the closing of the regular meeting.

The meeting was closed by prayer, spoken by Mrs. Eaton.

From later information a cook and helper have been secured so it may be possible to start the program within the next few weeks.

HEALTH FACTS FROM YOUR  
STATE BOARD OF HEALTH

Rabies

Rabies is a costly menace that no community need tolerate.

Thousands of persons are bitten each year by animals known or suspected of having rabies, also known as hydrophobia. The free Pasteur treatment was given to 179 persons in Indiana during one year. Children between the ages of one to 10 years received more treatments during the year than any other age group. The reason is probably that children of this age are more exposed to bites by playing with animals.

There is often a misunderstanding relative to paying for the Pasteur treatment. The State Board of Health furnishes only the cards for securing the antirabic vaccine for indigents. The bill is paid by the local county or city taxing unit, depending on the residence of the patient.

A bite from a dog always carries with it the possible danger of rabies. Or, if there is contact of broken skin with saliva of any animal known or suspected of having hydrophobia, medical attention should be given at once

and the health officer notified.

The disease is always fatal. The length of time in which symptoms develop is influenced by the severity of the wound and its location to the brain. In man, it may take the virus 50 to 60 days to reach the brain and produce symptoms. In animals, the symptoms may develop within 15 to 30 days.

The heads of animals suspected of having rabies may be expressed, if properly packed, to the laboratory of the State Board of Health for examination. During 1946, a total of 684 animal heads were examined with 303 reported as positive and 381 found to be negative. More dog heads were examined than any other animal with 288 found to be negative and 274 positive; cats ranked next with 44 negative heads and 12 positive heads. Heads of cattle, rabbits, sheep, foxes, squirrels, horses, swine, coons, skunks and rats were also examined for hydrophobia.

The control of rabies is a local problem. One of the best methods of control is to enforce the vaccination and tagging of dogs in each community. Stray dogs prowling about

**NEW PLANT HORMONE PREVENTS  
SPOILAGE OF STORED POTATOES**

A way has been found to save future potato crops from sprouting and "sweetening" in storage, conditions which threaten spoilage of nearly 10 per cent of the large 1946 crop, it was disclosed here today.

"Agricultural college experiments, conducted in cooperation with growers, indicate that plant hormone chemicals sprayed on tubers as they go into storage, will forestall the damage done by changing temperatures in sheds, barns, pits and warehouses," said Harvey A. Baum, head of produce-buying operations for A & P Food Stores whose potato purchases in the past year have amounted to 15,463,000 bushels.

The new treatment, entirely harmless to the food itself, is available to farmers in all major potato growing areas. It promises not only to prevent losses of market value which have always been particularly heavy in bumper years, but also to effect a considerable saving for consumers, he said.

Baum said that temperatures close to 40 degrees are considered ideal for potato storage. Heat induces sprouting, while at temperatures near freezing the starch in potatoes begins to turn to sugar, producing an unsatisfactory taste and texture. Constant inspection is necessary to prevent the movement of such potatoes into consumer channels, he said.

Scientists report that only one gram of the hormone (methyl ester of alpha naphthaleneacetic acid), costing less than two cents, is required to treat a bushel of potatoes. For practical purposes, it is usually mixed with some other material before being applied. Shredded or confetti paper may be impregnated with a solution and then distributed over the potatoes, carrots, beets or other root crops in storage. A spray and dust have also been developed. The latter, as well as the paper method, are applied only to table stock and not to seed potatoes.

While it is expected that the chemical will be widely used by growers in 1947, Baum said, consumers who want to store quantities of this year's potatoes in their homes may apply the treatment themselves.

**NUELL-BAYNE**

On Saturday, January 18, at four o'clock, Margaret Nuell, daughter of Mr. and Mrs. Albert Nuell, of Warsaw, became the bride of Donald L. Bayne, also of Warsaw.

The ceremony was performed by Rev. E. E. DeWitt at the DeWitt home. Members of the immediate families present were: Mr. and Mrs. Mark Nuell and Mr. and Mrs. Bayne; also Mrs. E. E. DeWitt.

Both Mr. and Mrs. Bayne are graduates of the Mentone high school. They expect to make their home at 315 Detroit street, in Warsaw.

## ANIMAL HEALTH COLUMN . . .

By R. A. MARRIOTT

Every case of chronic mastitis in every dairy barn is there with the full permission of the owner. Why? Simply because mastitis can now be cured with Veticillin brand of penicillin. There is no longer any excuse for any dairyman to permit chronic mastitis to take valuable milk producing quarters out of production. Veticillin brand of penicillin already has found a definite place in the treatment of many diseases of animals, but is particularly effective in the control of chronic mastitis. Veticillin is the most practical, safest, most effective and inexpensive treatment that anyone can use. Veticillin is nearly 100% effective in controlling mastitis. Veticillin has definite advantages over other agents in general use for the control of mastitis. It has proved safe and effective in either acute or chronic mastitis when properly administered, it is equally effective in either a dry or milking quarter. Veticillin does not irritate delicate udder tissue yet it is powerful enough to control the infectious bacteria present. There are no unfavorable reactions either local or general from the use of Veticillin, and there apparently is no known overdose. There is no drop in milk production during treatment, milk which is abnormal in appearance begins to return to normal. When mastitis is caused by bacteria that will respond to Veticillin treatment the cow will be back in production sooner than when any other treatment is used. In almost every case when there is an early diagnosis of mastitis and prompt treatment with Veticillin, you can expect a complete cure.

When you realize that mastitis is the most prevalent and costly disease of dairy cows and that it costs dairymen about 100 million dollars a year, that almost 70% of the dairy herds in this country have mastitis you will have an idea as to the important part that

Veticillin can play in making extra profits possible to the farmer with a few cows or a full scale dairy operation. To properly control mastitis it is important that all quarters having mastitis be identified immediately. Generally the normal appearing udder is the most dangerous in spreading infection. When a cow has a swollen udder and is giving abnormal milk no test is needed and treatment with Veticillin should start at once. The mastitis blotter or teat card is an easy way to apply the bromthymol-blue test. All you have to do is to put a few drops of milk on the dye spots of the card or blotter and the results of the test can be read in a few minutes. Milk from an infected quarter will change the yellow color of the dye spot to a color varying from a light green to a dark blue depending on the degree of the infection. In the first few weeks after calving, and in the last few weeks before freshening, milk may give a false positive test with bromthymol-blue cards, therefore at these times the test should not be taken as being positive indication of infection. The regular use of a strip cup at milking and a routine examination of the udder will usually detect mastitis early and permit prompt and successful treatment. **MASTITIS CAN BE CURED** and one of the most important controls is the prompt use of Veticillin when trouble starts. For best results the amount of Veticillin used in each quarter should be according to milk production. Cows producing up to 40 pounds of milk per day a total of 100,000 units should be injected in each infected quarter. This may be divided into five doses of 20,000 units given after each milking. For udders producing over 40 pounds of milk per day a total of 200,000 units per quarter is desirable injected after each of five successive milkings. Usually 50 cc. is sufficient to inject although in the larger quarters 100 cc. may be used.

One vial or 100,000 units of Veticillin dissolved in one bottle or 250 cc. of Saline Solution will make a solution of 400 units per cc. 50 cc. of this solution is the correct amount to be injected into cow udders producing up to 40 pounds of milk daily. After Veticillin is prepared in a solution it may be kept safely in a refrigerator for one week.

Veticillin is a product of Lederle Laboratories, pioneers in the production of scientifically dependable medicine to the livestock raisers and the veterinary profession. Lederle's reputation for quality gives assurance that any Lederle product properly used can be relied upon.

**MENTONE BOYS BATTLE DESPERATELY FOR COUNTY CROWN**

The Mentone high school basketball boys put on a real battle last week for the coveted county basketball championship, and were well on their way when they lost a 34 to 35 battle with the finalists from Silver Lake.

In their first encounter with Syracuse, they were confronted with a determined group from the big lake area but were able, even with rather poor playing at times, to come out victorious. Claypool, who put up a real battle in their first game and won the admiration and respect of all the fans, continued their good playing and really had Mentone worried.

Box scores for the three games follow:

Milford won the county championship in a 37 to 35 decision over Silver Lake in an overtime game Saturday night.

**EGG SHOW COMMITTEES MEET.**

A general committee meeting was held at the school house Monday evening to further formulate plans for the 1947 Mentone Egg Show, which will be held this year on March 12, 13 and 14. The meeting was in charge of Delford Nelson, co-chairman, in the absence of Charles Manwaring, who is in Florida.

The various committees report that plans are nearing completion and that they have a very interesting program planned for the big 1947 event. The program has been arranged to be both educational and highly entertaining.

As in the past, one of the big events will be the selection of an egg queen.

Word from Rev. C. G. Vincent asks us to change his address from Obian, Tenn. to 401 Walnut St., Springfield, Tenn. He sends best wishes to all his friends here in the "frigid zone."

**PSI IOTA XI**

Mrs. Delford Nelson entertained the Psi Iota Xi Sorority Thursday evening. Bridge was played and prizes won by Mrs. T. J. Clutter, and Mrs. Curtis Riner. Mrs. William Hudson, a guest, won the door prize. Others present were: Mrs. George Yehlik, Mrs. Max Nellans, Mrs. Glen Weatherbee, Mrs. Harold Utter, Mrs. Ralph Ward, Mrs. Wilvin Teel, Mrs. Lyman Mollenhour and Mrs. Earl Anderson.

Mr. and Mrs. Alfred Snyder spent last Thursday and Friday in Chicago at the Merchandise Mart and the Furniture Mart.

## COUNTRY NEIGHBORS H. E. CLUB

The Country Neighbors Home Economics club met Thursday, January 16, at the home of Dora Norris.

Meeting was called to order by the president, Dorothy Herendeen. All joined in singing "America the Beautiful"—Home Economics song. The history of the song of the month, "Silver Threads Among the Gold," was read by Uda Maxwell followed by singing of the song by entire group. The Home Economics creed was repeated in unison.

Three new members, Dorothy Busenburgh, Helen Notz and Marie Rathbun were introduced. Initiation of the new members was in charge of Elma Zent.

Roll call was taken and other business brought before the group. A "March of Dimes" collection was taken. Repeating the collect concluded the program.

A white elephant sale consisting of a large number of articles was conducted by Beulah Cook. Refreshments were served by the hostess and her assistant, Dorothy Herendeen.

## MENTONE HOME EC. MEETS

Mrs. George Mollenhour was hostess to the Home Economics club on Wednesday afternoon, January 15.

Mrs. Linus Borton, the vice president, had charge of the meeting in the absence of the president.

After the opening, Mrs. Emra Anderson read the history of the song of the month, "Silver Threads Among the Gold", which all joined in singing.

An interesting report was brought from the Purdue conference by Mrs. Elmer Sarber.

The mystery package was won by Mrs. Leroy Cox and the one article for auction was purchased by Mrs. George Mollenhour.

A wedding anniversary gift was presented to Mrs. Jacob Gross from her Cheerio Pal.

Nineteen members responded to roll call and payment of dues.

Mrs. Silas Meredith was the assisting hostess.

**NOTICE OF ANNUAL MEETING OF THE STOCKHOLDERS OF THE NORTHERN INDIANA COOPERATIVE ASSOCIATION.**

You are hereby notified that the regular meeting of the stockholders of the Northern Indiana Cooperative Association will be held at one thirty o'clock p. m. on Monday, February 3, 1947, in the Harrison Township High School Building, in the town of Mentone, Indiana, at which meeting will be received the reports of the business of the Association for the year ending December 31, 1947, and for the purpose of electing two Directors for a term of three years to fill vacancies caused by the expiring terms of Forrest L. Kesler and Herschel V. Nellans, also for the distribution of dividends and for the consideration of any other business that may rightfully come before the meeting.

The stockholders are further notified that there will be presented for their consideration at the annual meeting the recommendation, adopted by the board of directors by more than two-thirds vote at the regular meeting of the board of directors held January 6, 1947, that the following amendments be made to the articles of incorporation:

Amending Article 2 by deleting therefrom Section (g) thereof in toto:

Amending Article 6 by deleting the entire language thereof, as therein presently contained, and by substituting for the words and figures so deleted the following:

"6(a). The amount of capital stock of this association authorized to be issued shall be TWO HUNDRED TWENTY-FIVE THOUSAND DOLLARS (\$225,000.00), of which TWENTY THOUSAND DOLLARS (\$20,000.00) shall be preferred stock apportioned into Eight Hundred (800) shares of the par value of Twenty-Five Dollars (\$25.00) each; ONE HUNDRED EIGHTY THOUSAND DOLLARS (\$180,000.00) shall be voting common stock, being Seventy-two Hundred (7200) shares, each of the par value of Twenty-five Dollars (\$25.00); and TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00) shall be non-voting common stock, being One Thousand (1000) shares each of the par value of Twenty-five Dollars (\$25.00).

"(b) Common voting stock shall be issued to and held by only those persons qualified to so hold and exercise the voting privileges of common voting stock under the provisions of the Indiana Agricultural Cooperative Act, being Chapter 29 of the Acts of the Indiana General Assembly of 1925, as amended, and under the corresponding provisions of the articles and bylaws of this association, and such stock shall have no voting power while in the hands of other than qualified holders.

"(c) Non-voting common stock may be issued to patrons of this association who are not qualified by statute and the bylaws to hold common voting stock. Common non-voting stock may be transferred to and held by any person whomsoever. Common non-voting stock shall have all the rights, privileges and preferences of common voting stock except the right to vote, and except the right to participate, directly or indirectly, in the profits or margins of the association upon dissolution or otherwise beyond the fixed dividends.

"(d) In the event common voting stock comes into the hands of others than qualified holders, or in the event common non-voting stock comes into

the hands of persons entitled to hold common voting stock, such common voting stock may be exchanged for common non-voting stock, and vice versa, as the bylaws shall determine.

"(e) The board of directors shall have the power, except where in conflict with the express provisions of these articles of incorporation, to determine the relative rights, preferences, qualifications, limitations or restrictions of classes or kinds of shares of capital stock authorized by these articles, and shall state the same for each class or kind of share, prior to the issuance of any such share, in and by their resolution, or resolutions, determining the issuance of such shares. The board of directors shall further have the power, except where in conflict with the express provisions of these articles of incorporation, as aforesaid, to determine the relative rights, preferences, limitations or restrictions, and the bearing of such designations of any or all classes of preferred or special shares as may be issued under authority of these articles, and to state the same prior to the issuance of any share of such series in or by the resolution or resolutions of the board of directors authorizing the issuance of such share.

"(f) The holding of preferred stock shall carry with it no right to vote. Preferred stock shall bear such dividends as shall be determined upon in accordance with law and with these articles prior to the time of issuance. Provision shall be made for the payment of due and payable dividends on preferred stock before any dividend is paid on the common stock, or any money is set aside for, or allocated to, any educational reserve or patrons' refunds, or annual return of overcharges, and before any patrons' equities retained are allocated to patrons in proportion to patronage. Upon dissolution of this association, the par value of all Preferred Stock and any dividend due and payable thereon shall be paid in full before any distribution of assets or money may be made to the holders of common stock, or to any patron of the association on account of any credit or certificate of patrons' equity reserve.

"(g) Any issue, or part thereof, of preferred stock shall be callable at any interest paying date at par plus accumulated dividends, as the board of directors shall determine.

"(h) All transfers of common voting stock shall be subject to the approval of the board of directors, but such approval shall not be withheld on the transfer to another eligible holder if the proposed transferor has first tendered the stock to the association for sale, and the association has failed to purchase the same at book, or par, value, whichever is lesser, within thirty (30) days from date of tender.

"(i) The association shall be vested with the right to purchase shares of stock at any time the board of directors shall determine, provided the corporate debts of the association do not at such time exceed fifty per cent (50%) of its assets, and the association shall be vested with full power and authority to redeem, in the lawful manner, any and all shares of outstanding common voting and non-voting stock in the order in which they are issued, after all preferred stock has been redeemed, provided that at the time of redemption the debts of the association do not exceed fifty per cent (50%) of its assets, and that the association is not rendered insolvent by such redemption.

"(j) No stock issued by this association shall bear dividends in excess of eight per cent (8%) per annum."

Amending the articles by adding thereto a new article, to be numbered seven (7), to read as follows:

"7. This association shall be operated

as a not-for-profit agricultural cooperative, in the manner provided in the bylaws."

The foregoing constitutes legal notice to all stockholders as provided in the By-Laws of the Association and we urge that all stockholders make a special effort to attend this meeting. Dated at Mentone, Indiana January 17, 1947. Signed, Everett Rathfon, Secretary.

**LITCHFIELD CREAMERY OFFERS 4-H DAIRY AWARD**

Cliff Breeden, of Mentone, assistant county agent in charge of 4-H work, stated Wednesday of last week that:

The program planning committee of the adult 4-H club leaders' organization in Kosciusko county, meeting on Monday in the extension office at the court house at Warsaw, selected dates in April for the annual 4-H judging contests.

All 4-H clubs in the county are eligible to compete in the events and the high team in each division will represent the county in district contests on May 1.

Dates for the county contests in the various divisions follow:

April 12, livestock; April 19, dairy; April 21, crops; April 24, demonstrations; April 28, poultry.

Howard Thompson, manager of the Litchfield Creamery, announced at the session that the company would offer annually, starting this year, a \$125 scholarship to the outstanding county 4-H dairy club member, to be

**CALLED ON MRS. THOMAS**

Chas Meredith read the item in last week's Co-Op. News concerning Mrs. Asa Thomas who was formerly Mrs. Peter Jefferies. He recalled that the Peter Jefferies had been neighbors of his family for a number of years and so decided to call on Mrs. Thomas last Saturday while in Marion.

She lives with her daughter, Mrs. Certain, and will be 94 on January 27. She is very agile for her 94 years, reads without glasses, and often cooks and washes dishes.

Mr. and Mrs. Meredith spent over an hour visiting and answering her

many questions about old-timers. Two daughters, Cora and Gardie, and deceased.

**HIGHWAY EQUIPMENT TO BEGIN USING FLASHERS**

Indiana motorists were advised today by the State Highway Commission that new red flasher lights were recently distributed to the maintenance crews, to be used by workers when they are on emergency jobs, and the commission urged caution on the motorist's part whenever he sights one of the signals.

"Twenty-one accidents occurred in

Mrs. Ralston, director.

## CAN WE ALL SEE ALIKE?

This question has been asked many times, yet the fact is that we do not see alike in religious matters. Why, then, do we not see alike in religion?

One reason is that we look at God's word through the "dark glasses" of "our creed." The Savior said "And if the blind lead the blind, both shall fall into the ditch." (Matt. 15:14) Most folks look to see what they want to see, and very few look to see what the Lord directs.

Also, we often look through the eyes of those gone before. As in politics, people say, "What was good enough for Mother and Father is good enough for me." When the Bible contradicts what

we have been taught or what our people have practiced for ages, it is seldom that one is willing to do as Paul did; at once be convinced and change.

In things connected with the ordinary pursuits of life where there is no certain guide, we might reason differently, and since there would be no way to tell what is correct, we would have to depend on our best judgment. But in religion, we have the "perfect law of liberty," and since we are not to add to or take from it, all who honestly and fairly look into it can see the truth. If we see at all, we see alike, for truth is not different, regardless of who looks at it.

### Human Diet

A human diet of less than 1,900 calories daily is a near starvation diet. The United States average is 3,300 calories, continental Europe (excepting Denmark), from 2,100 to 2,500, Sweden and Denmark 2,800, and Great Britain 2,800 to 2,900. The figures were prepared by the Iowa Farm Economist, published by Iowa State college.

**DEAD LINE ON VETERANS CLAIMS**

February 10, 1947, is the last day on which some families of World War II veterans who have died since their discharge can apply for social security benefits and receive the full amount for which they are eligible. Gerald O. Kelver, Manager of the Elkhart Social Security Field Office, said today.

The veterans' amendment to the Social Security Act, Mr. Kelver explained, gave rights to old age and survivors insurance benefits to the families of most World War II veterans who die within three years of their discharge, if the family is not eligible for a pension or other compensation from the Veterans Administration. (Receipt of National Service life insurance will not disqualify the family for social security benefits.)

If the veteran died before August 10, 1946—when the Social Security amendment was passed—his family may get benefits for all the months back to the time of his death, if they file a claim on or before February 10. Otherwise, benefits can be paid retroactively for only three months. No benefits can be paid unless and until a claim is filed.

Monthly payments under the new amendment may go to the veteran's children, widow, or aged dependent parents if certain qualifying conditions are met. If no one is eligible for monthly payments, a lump sum payment may be made.

If the veteran's family already is receiving social security benefits based on the veteran's civilian employment on jobs under social security, his family still may be eligible for benefits under the new law. In either case, prompt action is necessary to avoid loss.

The Elkhart Social Security Field Office, is located at 222 Equity Bldg., and will be glad to help relatives of deceased veterans find out whether they are eligible for benefits, and if so to help them to file their claims.

**EROSION IN HISTORY**

To the ruins of ancient and rich civilizations in Asia Minor, northern Africa, or elsewhere—look at the unpeopled valleys, at the dead and buried cities, and you can decipher there the promise and the prophecy that the law of soil exhaustion held in store for all of us.

Depleted of humus by constant crop-

ping, land could no longer reward labor and support life, so the people abandoned it. Deserted, it became a desert, the light soil was washed around by the rains and blown by the winds.

Investigations of recent years support the theory that the ancient cities of western Asia which once stood in the midst of flourishing agricultural regions, were abandoned as the result of erosion and soil exhaustion. Certainly, with ancient modes of transportation, a city could not have existed at a great distance from its food supply, and so these old civilizations must have been surrounded by fertile areas.

That the exactions of a greedy des-

potism and the methods of cultivation entailed when the agricultural worker is not free, may be direct, though not necessarily universal, causes of soil exhaustion, we know from the records of other people well within the historical period. It may be that students of erosion have in general not given sufficient weight to this factor.

(Article taken from one of the U. S. reports and contributed by C. O. Moltenhour.)

## SLEET STORM A BAD AFFAIR

This part of the nation was visited by one of the worst rain and sleet storms of the past quarter of a century. Almost all telephone lines, and electric power lines were put out of commission and Thursday morning almost every farm home and city business was placed at a standstill because of the lack of electrical energy.

Mentone citizens awakened Thursday morning to find the town literally covered with brush and broken tree limbs that had broken off because of the enormous weight of the frozen rain on the branches. Water pressure was at a dangerous low and hurried arrangements were made to operate the city pumps by tractor power. The pressure in the mains was gradually rising when the electric current came back on at 12:30 Thursday afternoon.

The Mentone firemen took both trucks out and laid a hose line to the creek in case water was needed for fire-fighting (and what a job they had putting about a half mile of two and one-half inch hose back into the trucks.)

Very little actual damage to property was reported in Mentone. The Glen Denton home was completely covered by one large tree limb that broke and came down on the roof. Mr. and Mrs. Denton had moved from the front bedroom to one in the center of the house just a few minutes before the limb fell.

The Co-Op News force was attempting to get the paper completed before periods of electricity and darkness, but gave up in disgust about 12:30 when the current went off for good.

## FIREMEN ENTERTAINED WITH DINNER TUESDAY EVE.

The members of the Mentone fire department and town officials, along with the members of their families, were treated to a fine dinner and entertainment at the school building on Tuesday evening.

The evening was greatly enjoyed by everyone present and the thanks of everyone is extended to all those who took part in the preparation and serving of the meal and for the pictures that were shown.

## ANNUAL STOCKHOLDERS MEETING OF COOPERATIVE ASSOCIATION MONDAY

Patronage Dividends to be Paid  
In Cash This Year..

### STOCKHOLDERS ARE URGED TO ATTEND

The annual meeting of the common stockholders of the Northern Indiana Cooperative Association will be held at the Mentone school on Monday afternoon, Feb. 3, starting promptly at 1:30 p. m.

Officials of the Northern Indiana Cooperative Association at Mentone are proud of the record of the association during the 1946 business year and announce that the total sales were the greatest in the history of the cooperative movement.

Patronage refunds for 1946 amount to over \$51,000.00 and the refunds this year will be paid in cash.

It has been customary to hold but one meeting a year for the stockholders—which represents all the patrons who have earned a share of common stock by virtue of patronage dividends from purchases made from any or all of the associations various departments. Every stockholder should make it a point to attend the annual meeting, as it is the one day in which he can help to formulate the policies or name the men who are to handle the association's business.

The men who have helped guide the giant cooperative enterprise have had one main thought in mind—service to the people—and this spirit of cooperation for the benefit of everyone has meant savings of hundreds of thousands of dollars throughout the history of the organization.

The cooperative movement began because of economic necessity and it has no other value or purpose other than supplying the needs of the people better or at a financial saving. In times past, many have attempted to gain control of such movements either for their own gain or personal gratification, but that is always true of any successful enterprise.

Another important matter in the 1947 meeting will be the proposal to amend portions of the by-laws. It will be to the interest of every stockholder to be acquainted with the proposed

changes and to voice his sentiments regarding them.

Stockholders are especially urged to attend the annual meeting and take part in the business and management of the association.

### AMERICAN LEGION AUXILIARY OFFICERS CHOSEN TUESDAY EVE.

The second meeting of the American Legion Auxiliary Post 425 was held Tuesday evening, January 28 at the Mentone school building. Officers and committees are as follows:

President, Nettie Ernsberger; vice president, Juanita Paulus; Secretary, Rowena Molebash; Treasurer, Nell Reed; Chaplain, Mary Smith; Sergeant-at-Arms, Catherine Whetstone; Historian, Betty Drudge; Membership Chairman, Phyllis Bowser; Rehabilitation Chairman, Louise Kinsey; Child Welfare, Vades Ward; Constitution and by-laws, Mary Francis Hudson; Poppy Chairman, Juanita Paulus; Flower Committee, Ethel Ernsberger and Miriam Shinn; Pianist, Betty Yehlik; Publicity Chairman, Bernice Jones.

Meetings are held on the second and fourth Tuesday evening of each month. The next meeting will be February 11, at 8 o'clock at the school building.

Those eligible for membership are: mother, wife, sister or daughter of American Legion members. There are 31 members in the local auxiliary at present.

### COOPER NAMED PRESIDENT OF MERCHANTS' ASSOCIATION

Raymond Cooper was named president of the Mentone Merchants' Association at the annual meeting held at the town hall last Thursday night. Mervin Jones was named vice president; Glen Denton, secretary, and K. A. Riner, treasurer.

### CREIGHTON NAMED PRESIDENT OF NATIONAL POULTRY BOARD

Hobart Creighton, of this county, was named the new president of the Poultry and Egg National Board at its annual meeting held in Chicago recently. He succeeds Clyde C. Edmonds, Salt Lake City, Utah, who has held the post for the past two years.

## MRS. MARY C. REGENOS, 85, DIES AT MENTONE

Mrs. Mary Catherine Regenos, aged 85, who had lived her entire life in the vicinity of Mentone, died at 1 a. m. Friday at the home of her sister, Mrs. Delpha Scritchfield. Death followed an illness of the past 10 years due to complications.

Mrs. Regenos was born at Yellow Creek lake, October 4, 1861, the daughter of William and Isabella (Paxton) Anderson. In 1883 she was married to Madison Regenos, who died January 25, 1937.

She was a member of the Mentone Methodist church.

Besides her sister, Mrs. Scritchfield, she leaves two daughters, Mrs. Omer Morrison, of Mentone, and Mrs. Paul Rice, of Indianapolis; three sons, Russell and Lloyd, of Mentone, and Harmon, of Montana; A brother Harmon Anderson, of Rochester and nine grandchildren. A son, Ancil, died at the age of 14 years.

Services were held Sunday at 2 p. m. at the Johns Funeral home. Rev. Silas Hill conducted the services. Burial was in the Oakwood cemetery at Warsaw.

### MORE NAMES FOR OUR LIST.

We have received several more names to be added to our honor roll: Henry Mills, 80, Jan. 30. George McKinzie, 80, June 5. Mrs. John Nellans, 86. Mrs. Emma Nelson, 84. Wm. Deamer, 81, Mar. 28. Mrs. Ida Clark, 85. Wm. Blue, 91 last October. David Harsh, 84 in June. Alfred Teel, 87 last December. Maggie Teel, 82. Abe Whetstone, 85. Tom Whetstone, 83. Thomas Nelson, 92 in October. Harry Griffis, 87 in November. Obe Haimbaugh, 87 in July. (An unusual incident in the birthday of Obe Haimbaugh. There are four 7s present—87 years old on the 17th day of the 7th month, 1947.) John Zolman, 84. Emma Underhill, 84. Emma Yocum, 83. If there are others, please call us. Telephone 38.

#### SPORTSMEN PAY 15 THOUSAND FOR STATE VIOLATIONS

Violators of Indiana fish and game laws paid more than \$15,000 in fines and court costs during 1946, Indiana Department of Conservation officials revealed today.

November, ushering in the hunting season, was the big month, with collections totalling \$4,613. February produced the least number of arrests and the fewest fines, which amounted only \$163.85.

Conservation Department enforcement officials were kept busiest by persons hunting and fishing without licenses, which are sold for \$1.50. There were 193 such offenses. In second place on the state's black list were those convicted for "use and possession" of illegal spears, nets, gigs and traps.

The judge took hundreds of dollars from Nimrods who were found hunting out of season, but even more money came from sportsmen who now wish they had spent Sunday in church instead of looking for rabbits.

Besides money received from fines, the state also profited more than \$600 from the sale of confiscated guns taken from violators.

HEALTH FACTS FROM YOUR  
STATE BOARD OF HEALTH

Scarlet Fever

The incidence of scarlet fever in Indiana was the lowest in 20 years in 1946, statistics at the State Board of Health reveal. The trend of the disease is shown by the fact that for the past five years the average is about 5,000 cases per year; 1946 shows a drop to 2,676 cases.

Mortality has kept in line with morbidity with a decline from an average of 100 deaths each year during the years 1933 to 1937, to fewer than 20 deaths for each of the last several years. A low for deaths may have occurred in 1946 with six deaths, exclusive of December.

However, since scarlet fever takes its greatest toll from January to spring, the disease should be closely watched during the next few months. Children under 10 years of age suffer most from the disease.

Scarlet fever comes with a sudden onset with sore throat, fever, vomiting and headache developing within 2 to 5 days after exposure. A rash

usually appears within 48 hours, starting around the neck and spreading downward. During the second week of the disease, peeling usually begins and lasts for 2 or 3 weeks. The flakes of the skin which peel off are no longer considered infectious.

The disease is spread through discharges from the mouth or nose of acutely ill or convalescent patients or carriers, through contaminated milk or other food, or through floor dust in which the germs have lodged. Persons with sore throat should not handle food or milk, although the latter can be made safe by pasteurization.

Doctors recommend immunization against scarlet fever to exposed groups such as nurses, internes or selected groups, if a Dick test shows them to be susceptible to the disease. Early medical attention may prevent the development of complications or reduce the severity of scarlet fever among children. Severe complications which often follow scarlet fever include ear trouble, infected glands, diseases of the heart and kidney, and rheumatic fever.

A case of scarlet fever should be

STRICTLY BUSINESS

by McFeatters

"He never uses a rubber stamp—he's the athletic type!"

reported immediately to the health officer who will establish control procedures. The case should be isolated and care taken to destroy all discharges of the patient; articles in contact with the patient should be disinfected by sunlight and scrubbing with soap and hot water.

Vacuum Cleaner Cord

Take care of your vacuum cleaner cord. Wind worn spots with friction tape; replace badly frayed and worn cord—it is a fire hazard, injurious to you and the appliance. Turn off the switch before disconnecting.

## LOCAL NEWS

Esther Kehoe, of South Bend, spent the week end with her parents, Mr. and Mrs. Francis Kehoe.

Ray Eckert has sold his 55 acre farm, located southeast of Sevastopol, to Walter Cumberland. The business transaction took place last week.

Mr. and Mrs. Ed. Hickman went to Ft. Wayne Saturday to attend the funeral of Mrs. William Lane, Mr. Lane and Mr. Hickman are half brothers.

Richard Defenbaugh, of Warsaw, spent Saturday and Sunday with his grandparents, Mr. and Mrs. Howard Kohr.

Pfc. Robert D. Norris has the following address: Pfc. Robert D. Norris,

ASN 45039756, 3186 Signal Service Bn., Co. B., APO 503, c/o P.M., San Francisco. He is located about seven miles from Tokyo and likes Japan very much.

Dale Tucker, Frank Seaman and Gus Dimberg left Thursday morning for Louisville, Ky., then flew on to St. Louis, Mo. Friday afternoon they headed for home in the Stinson plane and two hours later landed at Warsaw.

### Price See-Saw

In 1945, total income of farmers of this nation was almost two and one-half times as great as the annual average in the period 1910-14, but agricultural production in 1945 was up only about 70 per cent above the average per year for 1910-14. There has been an almost constant slow upward trend in farm production since 1915 but farm income has swung in wide see-saws up and down.

The cost is small but the advantage great. Water repel your garments now with DRAX . . . DeLuxe Cleaners, Mentone.

## HILL & LEMLER — PHONE 6

Everett Cox, who drives the milk truck for the Crystal Dairy, Warsaw, had the misfortune to upset his truck near Burket Thursday morning, and will be off duty for several days. Another truck was sent on to Mentone from Warsaw.

The post office has been brightened up by a new coat of paint.

#### Federal Road

Although federal aid has been given to the states to help road construction, the United States government has built only one national road. This was the National Old Trails road from Washington, D. C., to Santa Fe, developed from an idea conceived by George Washington in 1780. Also known as the Cumberland road, the National pike and the Santa Fe trail, the National Old Trails road now extends from Washington, D. C., to Los Angeles.

#### Telephone Concert

The cornet was the first musical instrument heard over the telephone—in a concert arranged by Alexander Graham Bell himself.

## ERBACON W. VIRGINIA

WORKERS PUTTING A RAILROAD THROUGH WEBSTER COUNTY ALL TOOK THEIR MEALS AT A BOARDING HOUSE WHERE THE TOWN OF ERBACON NOW STANDS. ACCORDING TO THE LEGEND, THE LANDLADY OFFERED THE SAME MENU EACH NIGHT... "BEANS - 'ER BACON'!" THE MEN NAMED THE BOARDING HOUSE 'ER BACON AND THE NAME WAS LATER APPLIED TO THE VILLAGE WHICH WAS STARTED HERE.

"...LET US  
HAZARD A  
NEW NAME."

## HAZARD, NEB.

THIS TOWN WAS TO HAVE BEEN CALLED BUNNELL, BUT A MEETING WAS CALLED TO RE-NAME THE TOWN WHEN IT WAS FOUND THERE WAS ALREADY A TOWN BY THAT NAME IN NEBRASKA. THE CHAIRMEN OPENED THE MEETING BY SUGGESTING "THEY HAZARD SOME NEW NAME" ONE OF THE DELEGATES SAID, "THAT'S IT, WE'LL CALL IT HAZARD!"

## ENTERTAIN FIN FANCIERS' CLUB

At the meeting of the Fin Fanciers' club held Tuesday evening at the home of Edwin and Wayne Roberts, of road 15 north of Warsaw, Edwin Roberts presented a study of Sword-tails. Rev. E. C. Ralston, of Mentone, president of the club, conducted the business session. In response to roll call each member told of gains or losses of exotic fish sustained during the past month. A highlight of the evening was the auction of a pair of fish brought by Rev. Ralston from Florida, where he visited recently. Edwin Roberts was the high bidder and the proceeds of the auction went into the club treasury. Marion Priser received a pair of swordtails as the door prize. A social hour was enjoyed and refreshments were served by the hosts to Rev. and Mrs. Ralston and Mrs. McCann, of Mentone; Mr. and Mrs. Earl Long and daughters, of Winona Lake; Marion Priser, Mrs. Chauncey Rife, Mrs. Charles Andrews and Mrs. Harold Millington, of Warsaw. Mrs. Rife, Program chairman, will discuss "Mollies" at the meeting

of the club which will be held February 18 at the home of Rev. and Mrs. Ralston, at Mentone.

## DIVORCE GRANTED

Naomi R. Barkman, of Warsaw, has been granted a divorce in circuit court from Walter R. Barkman on grounds of cruel and inhuman treatment. Her maiden name, Naomi R. Clark, has been restored to her and Mr. Barkman has been directed to pay her attorney's fees. The Barkmans married April 24, 1937 and separated November 8, 1946.

#### NOTICE OF ANNUAL MEETING OF THE STOCKHOLDERS OF THE NORTHERN INDIANA COOPERATIVE ASSOCIATION.

You are hereby notified that the regular meeting of the stockholders of the Northern Indiana Cooperative Association will be held at one thirty o'clock p. m. on Monday, February 3, 1947, in the Harrison Township High School Building, in the town of Mentone, Indiana, at which meeting will be received the reports of the business of the Association for the year ending December 31, 1947, and for the purpose of electing two Directors for a term of three years to fill vacancies caused by the expiring terms of Forrest L. Kesler and Herschel V. Nellans, also for the distribution of dividends and for the consideration of any other business that may rightfully come before the meeting.

The stockholders are further notified that there will be presented for their consideration at the annual meeting the recommendation, adopted by the board of directors by more than two-thirds vote at the regular meeting of the board of directors held January 6, 1947, that the following amendments be made to the articles of incorporation:

Amending Article 2 by deleting therefrom Section (g) thereof in toto;

Amending Article 6 by deleting the entire language thereof, as therein presently contained, and by substituting for the words and figures so deleted the following:

"6(a). The amount of capital stock of this association authorized to be issued shall be TWO HUNDRED TWENTY-FIVE THOUSAND DOLLARS (\$225,000.00), of which TWENTY THOUSAND DOLLARS (\$20,000.00) shall be preferred stock apportioned into Eight Hundred (800) shares of

the par value of Twenty-Five Dollars (\$25.00) each; ONE HUNDRED EIGHTY THOUSAND DOLLARS (\$180,000.00) shall be voting common stock, being Seventy-two Hundred (7200) shares, each of the par value of Twenty-five Dollars (\$25.00); and TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00) shall be non-voting common stock, being One Thousand (1000) shares each of the par value of Twenty-five Dollars (\$25.00).

"(b) Common voting stock shall be issued to and held by only those persons qualified to so hold and exercise the voting privileges of common voting stock under the provisions of the Indiana Agricultural Cooperative Act, being Chapter 20 of the Acts of the Indiana General Assembly of 1925, as amended, and under the corresponding provisions of the articles and bylaws of this association, and such stock shall have no voting power while in the hands of other than qualified holders.

"(c) Non-voting common stock may be issued to patrons of this association who are not qualified by statute and the bylaws to hold common voting stock. Common non-voting stock may be transferred to and held by any person whomsoever. Common non-voting stock shall have all the rights, privileges and preferences of common voting stock except the right to vote, and except the right to participate, directly or indirectly, in the profits or margins of the association upon dissolution or otherwise beyond the fixed dividends.

"(d) In the event common voting stock comes into the hands of others than qualified holders, or in the event common non-voting stock comes into the hands of persons entitled to hold common voting stock, such common voting stock may be exchanged for common non-voting stock, and vice versa, as the bylaws shall determine.

"(e) The board of directors shall have the power, except where in conflict with the express provisions of these articles of incorporation, to determine the relative rights, preferences, qualifications, limitations or restrictions of classes or kinds of shares of capital stock authorized by these articles, and shall state the same for each class or kind of share, prior to the issuance of any such share, in and by their resolution, or resolutions, determining the issuance of such shares. The board of directors shall further have the power, except where in con-

flict with the express provisions of these articles of incorporation, as aforesaid, to determine the relative rights, preferences, limitations or restrictions, and the bearing of such designations of any or all classes of preferred or special shares as may be issued under authority of these articles, and to state the same prior to the issuance of any share of such series in or by the resolution or resolutions of the board of directors authorizing the issuance of such share.

"(f) The holding of preferred stock shall carry with it no right to vote. Preferred stock shall bear such dividends as shall be determined upon in accordance with law and with these articles prior to the time of issuance. Provision shall be made for the payment of due and payable dividends on preferred stock before any dividend is paid on the common stock, or any money is set aside for, or allocated to, any educational reserve or patrons' refunds, or annual return of overcharges, and before any patrons' equities retained are allocated to patrons in proportion to patronage. Upon dissolution of this association, the par value of all Preferred Stock and any dividend due and payable thereon shall be paid in full before any distribution of assets or money may be made to the holders of common stock, or to any patron of the association on account of any credit or certificate of patrons' equity reserve.

"(g) Any issue, or part thereof, of preferred stock shall be callable at any interest paying date at par plus accumulated dividends, as the board of directors shall determine.

"(h) All transfers of common voting stock shall be subject to the approval of the board of directors, but such approval shall not be withheld on the transfer to another eligible holder if the proposed transferor has first tend-

ered the stock to the association for sale, and the association has failed to purchase the same at book, or par, value, whichever is lesser, within thirty (30) days from date of tender.

"(i) The association shall be vested with the right to purchase shares of stock at any time the board of directors shall determine, provided the corporate debts of the association do not at such time exceed fifty per cent (50%) of its assets, and the association shall be vested with full power and authority to redeem, in the lawful manner, any and all shares of outstanding common voting and non-voting stock in the order in which they are issued, after all preferred stock has been redeemed, provided that at the time of redemption the debts of the association do not exceed fifty per cent (50%) of its assets, and that the association is not rendered insolvent by such redemption.

"(j) No stock issued by this association shall bear dividends in excess of eight per cent (8%) per annum."

Amending the articles by adding thereto a new article, to be numbered seven (7), to read as follows:

"7. This association shall be operated as a not-for-profit agricultural cooperative, in the manner provided in the bylaws."

The foregoing constitutes legal notice to all stockholders as provided in the By-Laws of the Association and we urge that all stockholders make a special effort to attend this meeting. Dated at Mentone, Indiana January 17, 1947. Signed, Everett Rathfon, Secretary.

Rev. Hill will bring the message.  
Revival services will continue each night this week, to close Sunday evening.

We have been having fine revival services with Rev. Hill as our evangelist.

### TIPPECANOE METHODIST CHURCH

A. G. Simmons, Minister

Sunday School 10:00.  
Prayer meeting every other Friday night.  
Preaching the second and fourth Sundays of each month.  
All Methodists and others interested are urged to be present at all services where a hearty welcome awaits you.

## CAN WE UNDERSTAND THE BIBLE?

No doubt the reason this question is often asked, is because of the realization that religious people do not hold the same views of the Bible. That this is a fact, we cannot deny. Where then does the fault lie? Is it because of imperfectness in God's revelation, the Bible? We agree that this could not be true, as God has given a perfect and plain revelation to man.

We cannot say that man is incapable of understanding a plain revelation. If man can understand his fellow man, he can understand God, since God has used the language of men. Still, the fact remains that even those who really study the Bible are far from understanding a large part of it, and many are honestly doubtful whether they rightfully comprehend its most vital parts.

Why is the Bible not more fully and correctly understood? The answer lies in the following reasons:

1. It is not read and studied sufficiently. An occasional meal would not be sufficient for our physical bodies. Neither will an occasional reading of God's Word feed the soul.
2. It is read without rules. This Book is as subject to rules and principles as any other book. These rules and principles must be observed!
3. It is read without suitable heart preparation and proper thought. It is the Word of God and should be approached prayerfully and reverently.
4. It is read with minds already occupied by other matters, which the holders are not ready to surrender. We must be ready to reject man's way and follow Christ.

## WELCOME TO THE CHURCH OF CHRIST

### TIPPECANOE CONGREGATIONAL CHRISTIAN CHURCH

Rev. John K. Arnot, Pastor

Sunday School, 9:30 a. m., Orville Eizinger, Superintendent.  
Morning worship, 10:30.  
You are invited to these services.

### HAVE NEW DAUGHTER

A daughter, weighing 7 pounds, was born to Mr. and Mrs. M. O. Bryan Saturday morning, at the McDonald hospital, in Warsaw. She has been named Sherry Lynn.

### NEW DAUGHTER ARRIVES

An 8 pound girl was born to Mr. and Mrs. Ray Eckert Sunday morning at the McDonald hospital. She has been named Sandra Geneal. Grandparents are: Mrs. Mattie Eckert, of Elkhart and Mr. and Mrs. Lewis Ratliff, of near Yellow Creek lake.

Mrs. Bessie Blue has received word from her son, Glen, now in Japan, that he is now out of the hospital after a siege of pneumonia combined with a light case of polio.

### INDIANA NATIONAL GUARD TO RECRUIT 17,000 MEN

Plans for the recruiting of more than 17,000 men to serve in the post-war organization of the Indiana National Guard are to be outlined Monday by the state's top military chief, Adjutant General Ben H. Watt.

Indiana's contribution to the future armed security will be built around its famous 38th Division, recently de-activated by the War Department after notable participation in Pacific Theater campaigns of World War II.

Included, too, in the plan that will transform remnants of the Indiana State Guard into nucleus units of the new federal-supported organization was the naming of three cities—Indianapolis, Evansville and Ft. Wayne as key centers of the proposed "Citizens' Army." Each is to serve as a regimental headquarters of the revamped organization.

More than 40 additional towns and cities of the state are designated as homes of 38th Divisional and supporting units. These are to be centers for training of personnel in existing or prospective armories, with equip-

ment now being assembled at the Guard's supply depot at Camp Atterbury.

In discussing the envisioned Guard organization, Gen. Watt issued the following statement:

"The organizational plan, as it applies to Indiana, has been approved by the War Department. Numerous details cannot be announced as definite, pending the determination of a national defense program by the current Congress. The over-all picture, however, provides for this state a larger and more efficient Guard than ever before.

"Our first objective will be the recruiting of caliber men to serve in both officer and enlisted ranks. At present we are enlisting the leadership of State Guard officers to help us find the men in various communities who are qualified to serve. Their success, in the long run, will depend on the community's attitude toward Guard activities.

"The great body of Guardsmen must come from the ranks of those who served in World War II. It is to them and their continuing patriotism that the country must look for the part-time military service which will pro-

vide 'an army behind the regular army.'"

Other Indiana towns and cities designated as homes of the future Guard units include the following:

Anderson, Attica, Auburn, Bedford, Bloomington, Columbus, Connersville, Crawfordsville, Darlington, Decatur, Delphi, Elkhart, Elwood.

Fort Wayne, Frankfort, Gary, Greencastle, Greenfield, Huntington, Kokomo, LaPorte, Lafayette, Lebanon, Logansport, Madison, Marion, Martinsville, Mishawaka, Mt. Vernon, Muncie.

New Albany, New Castle, Noblesville, Princeton, Rensselaer, Rochester, Rockville, Rushville, Salem, Shelby-

ville, Mishawaka, Mt. Vernon ?p.-Bgs ville, South Bend, Spencer, Tipton, Valparaiso, Tipton, Wabash, Warsaw, Whiting.

### NOTICE OF ALUMNI ASSOCIATION MEETING

All members of committees and all others interested in an Alumni Banquet this spring are requested to meet in the school building at 8:00 P.M., Monday, February 3rd, to make plans for a banquet at a date to be announced later.

★ Today good will may starve to death. Keep it alive with customer courtesy and careful advertising.

# HOME ECONOMICS

## CLUB ORGANIZED

A Home Economics Club for young women was organized at the home of Mrs. George Mollenhour on Monday evening, Jan. 27. Miss Janalyce Rouls, of Warsaw, and Mrs. Clarence Tinkey, of Burket, assisted in the organization of the group.

Mrs. Cliff Breeden was elected to serve as the Club's president. Vice president is Mrs. Frank Smith and Mrs. Kenneth Romine, is secretary & treasurer. Publicity is to be handled by Mrs. John Ellsworth. Mrs. Wayne Bowser is chorister, and Mrs. Artley Cullum, pianist.

The first meeting will be held on Monday evening, February 10, at the home of Mrs. Robert Kinsey.

# BASKETBALL PLAYERS OF

## COUNTY ENJOY BANQUET

Through the combined efforts of the county principals' association and the Jonah club, all the basketball players of the county were treated to a large fish supper at the Burket gym Monday evening. Others present included the principals, coaches and other affiliated individuals from all the county schools. Nearly 150 were present for the event.

Dave Rankin, former Warsaw football and basketball star and now track coach at Purdue university, was the speaker of the evening. Roland Ferberda, of Beaver Dam, was in charge during the entertainment period and Dane Snoke, of Warsaw, was toastmaster. Forrest Higgins, of the Jonah club, assisted by other members of his world-famous group, did much to enliven the evening and foster the spirit of good fellowship which prevailed.

The Elks club barber shop quartet and Mayor Rarick's barber shop quartette, each sang several numbers.

Mr. and Mrs. Paul Fritz, of Evans-ton, Ill., spent the week end with Mr. and Mrs. Rae Ward.

# D. A. R. MEETS.

The Anthony Nigo chapter of the Daughters of the American Revolution met in the home of Mrs. Max Smith for their regular meeting on January 28th.

Mrs. Walter Fenstermaker, regent, conducted the business meeting. Seventeen members of the chapter were present. Mrs. Arthur Brown was elected as delegate to Continental Congress to be held in Washington, D. C.

Used clothing was collected to be sent to the D. A. R. approved schools. A box of toys, contributed by the members of the chapter, is to be sent to the new crippled children's hospital at Gonzales, Texas.

Following the business meeting, Mrs. Ray Linn, of Etna Green, very capably presented an enlightening talk entitled "Antiques."

During the social hour, Mrs. Smith assisted by Mrs. Vere Kelley served delicious refreshments.

The next meeting will be held in the home of Mrs. Stanley Boggs on February 25th. Assisting hostess will be Mrs. Isaac Kern.

# JAMES SNODGRASS TO PRACTICE LAW IN WARSAW

James Snodgrass, son of the late Dr. Samuel J. Snodgrass, of Burket, Monday announced his association with Porter B. Williamson as attorneys-at-law with offices in the First National Bank building. Mr. Snodgrass, a native of this community, served in both Atlantic and Pacific theaters as a naval gunnery officer. He was educated in the public schools of Mentone and Marion, being graduated

from the Marion high school. He received his law degree at the Indiana University law school in 1933, and maintained a general practice in Bloomington until 1938. In 1938, he took a position with the Federal government in the lands division of the Department of Justice. In 1940, he was appointed special assistant U. S. attorney. He resigned this position in January to enlist in the navy in which he served as a gunnery officer. Mr. Snodgrass is married and the father of three sons, James, 7, Richard, 4, and David, 6 months. His family now resides at Loogootee, Ind. They hope to move to Warsaw when housing is available. Mr. Snodgrass is a son of Mrs. Delta Snodgrass, who now resides in Cincinnati, Ohio.

# MILK completely Clarified

(The following article, taken from a Purdue University text book, explains Milk Clarifying — and all our milk is put through this process.)

Filtering is found to be effective in removing visible sediment from milk but does not filter out the leucocytes, epithelial cells, cell fragments, or microorganisms unless they are trapped on the large particles which make up the visible sediment.

**CLARIFICATION**—The accumulation of dirt and slime in the bowl of the centrifugal separator undoubtedly suggested to early users of this machine that it could be used as a means of removing foreign materials from milk. In practice, some difficulties were experienced; the cream and the skim milk did not always mix uniformly; a portion of the milk did not pass close to the periphery of the bowl, which reduced the efficiency; and the space in the bowl for the accumulation of slime was inadequate. As a result, a modified centrifugal separator known as the "centrifugal clarifier" was introduced.

In the centrifugal clarifier, the speed of the bowl is reduced so that little separation of the cream occurs. This is prevented further by a construction of the discs in certain types of centrifugal clarifiers, which compels all of the milk to be subjected to the same degree of centrifugal force by passing near the periphery of the bowl. Furthermore, a greater space outside the discs is permitted for the gathering of the heavier material on the walls of the bowl. Instead of two outlets as in the separator, only one for the unseparated whole milk is provided in the clarifier.

**Efficiency in Removing Sediment**—In general, it may be said that the clarifier is the most effective, practical device which is available for improving the quality of milk by removing extraneous foreign material which, unfortunately, may have gained access to the milk during its production and subsequent handling. Due to the fact that most of the dirt, filth, and cell debris present in milk is of higher specific gravity than the milk itself, it is to be expected that a major portion of this foreign material will be thrown out by the clarifier and be collected on the walls of the bowl. The efficiency in removing insoluble dirt is very high, in fact, it is possible to pass through the clarifier milk that has been filtered in the ordinary way and recover in the clarifier slime noticeable quantities of insoluble dirt which has not been removed by filtration. Many of these particles of sediment would be too small to be held back by a filter or to be visible to the naked eye. Milk properly clarified shows no indication of a sediment after standing in a glass bottle.

An examination of the material which is removed by the centrifugal clarifier will reveal a "slime" quite similar to separator slime. It will be found to contain large amounts of actual milk constituents, especially protein substances or particles of precipitated casein, insoluble dirt, and foreign material of all sorts, fibrin, leucocytes, and red blood corpuscles, various cell fragments, and large numbers of microorganisms; in fact anything that readily responds to centrifugal force.
